

## RULES OF THE HOUSE OF REPRESENTATIVES

## STATE OF HAWAII

## THIRTY-FIRST LEGISLATURE

2021-2022

## Preface to House Rules

It is the policy of the House of Representatives that no member or staff shall be discriminated against based on race, sex, age, religion, color, ancestry, mental or physical disability, genetic information, citizenship, national origin, veteran/military status, marital status, pregnancy, childbirth, breastfeeding or related medical condition, sexual orientation, gender identity or expression, arrest and court record, domestic or sexual violence victim status, credit history, whistleblower status, or any other status or condition that is protected by state or federal law.

It is the policy of the House to provide a work environment free from violence, threats of violence, harassment, intimidation, and other disruptive behavior. House members and staff shall be treated with dignity and respect at all times.

## TABLE OF CONTENTS

**PART I. ORGANIZING THE HOUSE**

- Rule 59. Rules: Amendment
- Rule 60. Rules: Suspension
- Rule 61. Parliamentary Practice

**PART XIII. CODE OF LEGISLATIVE CONDUCT**

- Rule 62. Standards of Conduct

**PART I. ORGANIZING THE HOUSE****Rule 1. Election of Officers; Selection of Party Leaders; Succession**

- 1.1. When the House convenes, the member from the First Representative District shall act as temporary presiding officer. The House shall then immediately elect a temporary chair. The temporary chair shall appoint a temporary Chief Clerk and a credentials committee of no fewer than three members.
- 1.2. The credentials committee shall immediately examine the credentials of the members elected. Upon verification that the credentials are in order, the credentials committee shall report this to the House, and the temporary chair shall order the temporary Chief Clerk to call the roll.
- 1.3. The temporary chair shall then appoint a committee of no fewer than three members to wait upon a justice of the Supreme Court or a judge of the Intermediate Court of Appeals or Circuit Court to administer the oath of office, as required by the Constitution of the State of Hawaii. After the oath has been duly administered, the House shall organize by electing by resolution, a Speaker, Vice Speaker, Chief Clerk, Assistant Chief Clerk, Sergeant-at-Arms, and Assistant Sergeant-at-Arms and by adopting Rules.
- 1.4. The members of the majority and minority parties shall designate, respectively, a Leader, Floor Leader, Whips, Assistant Leaders and Assistant Floor Leaders as they may choose to have.
- 1.5. The Speaker and Vice Speaker shall hold office during the term for which they are elected to the House, unless sooner removed by majority vote of the House. If they are reelected to membership in the House for the succeeding term, they shall retain their respective positions until the day before the opening day of the succeeding Legislature.
- 1.6. The Majority Leader, the Majority Floor Leader, the Minority Leader, the Minority Floor Leader, Whips, Assistant Leaders and Assistant Floor Leaders as the House members of the majority and minority parties may select shall hold office during the term for which they were elected to the House, unless sooner removed by their respective parties.
- 1.7. If the office of Speaker becomes vacant, the Vice Speaker shall serve as acting Speaker until a successor Speaker is duly elected by the House.
- 1.8. Any vacancy in the office of Speaker and Vice Speaker shall be filled by election by the House.

**PART II. OFFICERS, PARTY LEADERS, AND EMPLOYEES****Rule 2. The Speaker**

- 2.1. It shall be the duty of the Speaker to:
  - (1) Open the meetings of the House;
  - (2) Maintain order in the House Chamber and require proper decorum at all times on the part of all those present in the House Chamber;
  - (3) Announce the business before the House in the order prescribed by these Rules;

- (4) Receive all matters brought properly before the House and submit them to the House, and call for votes on these matters and announce the results of the votes;
- (5) Consult with and advise the committees of the House and assist them in their work as an ex officio member without vote;
- (6) Receive all communications from other branches of the Government and present them to the House;
- (7) Assign to each member of the House a seat on the floor of the House; until the Speaker assigns seats to the members, they may occupy any vacant seat;
- (8) Authenticate all acts of the House by signing appropriate documentation;
- (9) Make known the Rules of Order upon request and decide all questions of order, subject to appeal to the House;
- (10) Issue warrants to arrest offenders upon the order of the House, and issue subpoena and subpoena duces tecum requiring the attendance of witnesses or the production of books, documents, or other evidence in any matter pending before the House or any committee;
- (11) Clear the House of any or all persons except its members and officers if the House adopts a motion to require it, or if there is a disturbance or disorderly conduct at any time;
- (12) Direct committees of the House to consider messages from the Governor or other communications from the executive;
- (13) Appoint any member to preside over the meetings of the House if the Vice Speaker, Majority Leader, and Majority Floor Leader are not available to perform such duties, but such substitution shall not extend beyond an adjournment;
- (14) Within four session days, refer all bills to committees, subject to an appeal to the House. In referring bills to one or more standing committees, the first referral shall be to the standing committee whose area of responsibility as described in Part III of these Rules is most closely related to the subject matter contained in the bill being referred. In the case of multiple committee referrals, the Speaker shall name the standing committee referred to in the sentence immediately preceding as the committee having primary responsibility for making recommendations for action on the bills so referred. However, where more than one standing committee could qualify as the committee having primary responsibility, preference shall be given to the committee having jurisdiction on a statewide, rather than a local, basis.

The chair of a standing committee affected by a referral of a bill may appeal the referral to the Speaker within 24 hours from the time the referral sheet containing the subject referral is made available to the members of the House. The Speaker shall review the appeal and shall meet with the chair and the chair(s) of the standing committee(s) affected by the referral to settle their differences. If the Speaker is unable to settle the differences between and among the chairs of the standing committees involved within 48 hours after the filing of the appeal, the Speaker shall immediately forward the appeal to the Review Panel which shall make its recommendation to the Speaker within 24 hours after receipt of the appeal. If the Speaker shall concur with the recommendation of the Review Panel, the referral of the bill shall stand or the bill shall be re-referred, as the case may be, according to or consistent with the recommendation. If the Speaker disagrees with the recommendation of the Review Panel, the Speaker shall submit reasons in writing in support of the Speaker's decision to the Review Panel and the chairs of the standing committees involved within 24 hours of the receipt of the recommendation from the Review Panel. The Speaker's decision shall be the final disposition of the matter.

The Review Panel shall be composed of the Majority Leader who shall serve as chair, the Vice Speaker and Majority Floor Leader;

- (15) Appoint the chair and members of conference committees pursuant to Rule 16;
  - (16) Establish final dates for action on legislation. These shall include the final date for introducing bills pursuant to Rule 33.4, the final date for third reading of House bills, the final date for third reading of Senate bills, the final date for approving conference committee agreements and drafts of bills, the final date for final reading of the General Appropriations Bill, and the final date for final reading of the Supplemental Appropriations Bill. The Speaker shall coordinate with the President of the Senate to establish these final dates within seven days after the opening of the legislative session;
  - (17) Notify members of the names of individuals nominated for or appointed to a task force, commission, working group, or similar position requiring the Speaker to nominate individuals for such a position. The Speaker shall not less than annually publish a list of those individuals nominated or appointed; and
  - (18) Perform other duties required by law or these Rules.
- 2.2. To facilitate House floor proceedings, the Speaker may establish dates for a consent calendar consisting of all third and/or final reading bills that have not been selected for debate by any member. Said bills shall be considered without debate, but members shall be permitted to insert into the House Journal written remarks in support of or in opposition to the measure, consistent with the usual practices of the House. If a consent calendar is established pursuant to this rule, the Speaker shall set the deadlines for members to communicate to the Chief Clerk their intention to debate calendared bills.
  - 2.3. The Speaker after giving all members at least 15 days prior written notice may authorize legal action on behalf of the House and shall notify members of non-confidential legal action taken on behalf of the House, provided no other external legal actions affecting the Legislature's interest shall necessitate more expedient action by the House. The Speaker shall not less than annually report the status of each legal action and disclose expenditures and costs to the members.

### **Rule 3. The Vice Speaker**

The Vice Speaker shall consult with and advise the standing committees and assist them in their work as an ex officio member without vote and shall perform such other duties as may be assigned by the Speaker; provided that the Vice Speaker shall serve as a voting member of the Committee on Legislative Management. In the absence of the Speaker, the Vice Speaker shall exercise all the duties and powers of the Speaker.

**Rule 4. Party Leaders**

- 4.1. The Majority and Minority Leaders and Floor Leaders, Majority and Minority Whips, Assistant Leaders and Assistant Floor Leaders as the members of the majority and minority parties may choose to have, shall perform such duties as may be assigned by their respective memberships.
- 4.2. If the Speaker and Vice Speaker are absent when the House convenes, the Majority Leader or Majority Floor Leader, in that order, may convene the House and shall serve as Acting Speaker until the Speaker or Vice Speaker returns.

**Rule 5. The Clerk**

- 5.1. The Chief Clerk shall be responsible for the safekeeping of all records of the House. The Chief Clerk shall retain possession of all original documents, unless the Speaker orders the Chief Clerk to release the records to someone else.
- 5.2. The Chief Clerk shall make a record each day of all matters brought before the House. This record shall state in a complete and concise manner, the nature of the matters brought before the House, the names of their introducers, and the date and day of the session on which the House considered the matters. This daily record and such additional matters as the Speaker may order the Chief Clerk to include in it shall constitute the Journal of the House, a copy of which shall be made available on the following session day or as soon thereafter as practicable. The House shall approve the Journal, subject to corrections, by vote of the House. However, the House may dispense with the reading of the Journal by majority vote.
- 5.3. The Chief Clerk shall read all bills, resolutions, and other matters aloud to the House when the House requires it.
- 5.4. The Chief Clerk shall immediately forward all communications and other matters the Chief Clerk receives to the parties to whom they are addressed.
- 5.5. The Chief Clerk shall deliver immediately to the chairs of the appropriate committees all matters duly referred to those committees.
- 5.6. The Chief Clerk shall maintain for the committees of the House a record of subjects contained in messages from the Governor, which are referred to the committees.
- 5.7. The Chief Clerk shall keep a record of all questions of order and the decision on each of them, and the Chief Clerk shall append this record to the Journal at the close of the session.
- 5.8. The Chief Clerk shall perform all other duties appropriate to the Chief Clerk's office that the House or the law assigns.

**Rule 6. Assistant Clerk**

The Assistant Chief Clerk of the House shall assist the Chief Clerk in all duties. In the absence of the Chief Clerk, the Assistant Chief Clerk shall perform all duties of the Chief Clerk.

**Rule 7. Sergeant-at-Arms**

- 7.1. The Sergeant-at-Arms shall:
  - (1) Execute the orders of the Speaker;
  - (2) Attend every session of the House;
  - (3) Maintain order among persons who attend the sessions of the House;
  - (4) Notify the presiding officer of the presence of persons who have communications for the House or who otherwise are of interest to the House;
  - (5) Keep the entrances and exits of the House clear at all times, and keep from the floor of the House all persons except members of the House, authorized employees of the House, and guests of the House;
  - (6) If requested, maintain order among persons attending meetings or hearings of committees of the House;
  - (7) Serve all orders or process directed by the Speaker or the House;
  - (8) Make all arrests ordered by the Speaker or the House and restrain persons in custody;
  - (9) Be responsible for the House postal service; and
  - (10) Be responsible for the House's safety and security operations, including emergency procedures.
- 7.2. The Sergeant-at-Arms shall be responsible for making purchases for the House in accordance with the House Administrative and Financial Manual.
- 7.3. The Sergeant-at-Arms shall be custodian of all property of the House and shall perform all duties related to its safeguard, care, and maintenance as provided in Part VIII of the House Administrative and Financial Manual.

**Rule 8. Assistant Sergeant-at-Arms**

The Assistant Sergeant-at-Arms shall assist the Sergeant-at-Arms in all duties. In the absence of the Sergeant-at-Arms, the designated Assistant Sergeant-at-Arms shall perform all duties of the Sergeant-at-Arms.

**Rule 9. Officers and Employees: Responsibilities; Salaries**

- 9.1. In addition to the responsibilities assigned by law and these Rules, all officers and employees of the House may be assigned responsibilities by their respective appointing authorities.
- 9.2. The pay of each member shall be pursuant to Article XVI, Section 3.5 of the Constitution of the State of Hawaii. Officers and employees of the House shall be employed and paid as authorized in the House Administrative and Financial Manual.

**Rule 10. Officers and Employees: Floor Session Attire**

While present on the floor of the House Chamber, each member shall be dressed in court attire; provided that on Fridays, any member may dress in aloha attire. "Court attire" means coat and tie for men and jackets for women.

**PART III. COMMITTEES****Rule 11. Standing Committees: Composition; Chair; Decision-making; Reports**

- 11.1. Standing committees shall be committees established to consider and report on all bills, petitions, resolutions, budgets, and any other matters referred to such committees.
- 11.2. The composition of the standing committees shall be as follows:
  - (1) The membership of each standing committee shall be appointed by the Speaker. The respective chairs and vice-chairs of each standing committee shall be appointed by the Speaker;
  - (2) The membership of each standing committee, including the designation of the chair and vice-chair shall be provided for by resolution, provided, however, that the composition of the committee shall be on a proportional basis with the members of the majority party designating the chair, vice-chair, and majority party members, and the members of the minority party designating the minority party members; and
  - (3) The Speaker and Vice Speaker shall be ex officio members of each committee without vote; provided that the Vice Speaker shall serve as a voting member of the Committee on Legislative Management.
- 11.3. The chair of each standing committee shall call and preside over all standing committee meetings; determine the order of deliberations on bills, resolutions, and other matters over which the standing committee as a whole retains jurisdiction; coordinate the scheduling of meetings and public hearings of the standing committee and assure that such schedules and agendas are posted or distributed as required by these Rules; establish guidelines to coordinate the flow of work to assure that directions of the House are fulfilled; supervise the work of the committee staff; and supervise the maintenance and disposition of the records of proceedings of the standing committee. The vice-chair shall, at the request of the chair, assist the chair in the performance of any duties. The vice-chair shall perform the duties of the chair in the chair's absence.

If the chair and vice-chair are unavailable to preside over a committee meeting, the Speaker may designate a committee member from the majority party to preside over the meeting.

If the chair and vice-chair are unavailable to sign a meeting notice, committee report, or other committee document in time to meet an applicable deadline, the Speaker may sign the document.

If a chair of a standing committee refuses a request of a majority of the committee members to set for public hearing a bill or resolution referred to the committee, the majority of the committee members may petition the Review Panel established under Rule 2.1(14) to compel the chair to set the bill or resolution for public hearing. The Review Panel shall establish a process pursuant to which the Review Panel shall receive and consider the petition and shall make a recommendation to the Speaker. If the Speaker concurs with the recommendation of the Review Panel, the chair shall either be sustained or be directed to duly set the bill or resolution for public hearing at the next available date according to or consistent with the recommendation. If the chair refuses to comply with the order of the Speaker, then the vice-chair shall act as chair for the purpose of hearing the bill or resolution under consideration. If the vice-chair refuses, then the Speaker may appoint any member of the House to act as temporary chair. If the Speaker objects to the recommendation of the Review Panel, the Speaker shall submit reasons in writing to support the Speaker's decision, which shall be the final disposition of the matter.

- 11.4. The chair of each standing committee shall keep a record of public hearings and shall file same with the State Archives, through the Speaker as soon as practicable after each session.
- 11.5. *Committee Meetings.*
  - (1) Meetings, including decision-making sessions, of standing committees shall be public. Notice shall be publicly posted or announced on the House floor at least 48 hours prior to the meeting. Except for notices posted by the Committee on Finance, notice shall be posted before 4:30 p.m. on the last day of the work week for a hearing to be held on the following Monday or Tuesday. Notice of meetings may be shortened at the discretion of the Speaker upon request on the House floor by a chair or vice-chair and upon good cause shown.
  - (2) No standing committee shall sit during the time when the House is actually in session except with the permission of the Speaker.
  - (3) As practicable, standing committees shall schedule their meetings at times and at places as are convenient for attendance by the general public, and shall, in coordination with other committees of the House or Senate, endeavor to hold joint meetings and public hearings on matters of mutual interest.
  - (4) No bill or resolution other than a congratulatory resolution shall be reported out of a standing committee unless the measure shall have received a public hearing in the House; provided that a bill which contains only a reference to the general idea of the bill in short form and contemplates the subsequent drafting of the specific details in long form may be reported out of a standing committee without a public hearing so long as the bill is reported out:

- (a) In an amended form containing the substantive contents of the bill in long form;
  - (b) Recommending that the bill be recommitted to the same committee for the purpose of holding a public hearing thereon after satisfaction of the notice requirements set forth in paragraph (1) above; and
  - (c) Without recommendation for passage on any reading of the bill.
- (5) Upon the request of a chair of a standing committee, the Speaker may authorize the chair and the members of the standing committee to conduct a community-based public hearing whenever appropriate and practicable, subject to notice as required in paragraph (1) above. "Community-based public hearing" means a hearing conducted by a standing committee outside the State Capitol building at a location within the community for the purpose of accommodating the public to be heard on the matter under consideration by the standing committee.

#### 11.6. *Committee Decision-making.*

- (1) A quorum of the committee which shall be a majority of the committee membership shall be present for decision-making.
- (2) Committee decision-making shall be by a majority of the members present. Reporting a measure out of the committee shall require a favorable vote of not less than a majority of the members present at a meeting duly constituted with a quorum. Any member voting "with reservations" shall be deemed to be in favor of the recommendation.
- (3) The vice-chair of the committee, or the designee of the chair in the absence of the vice-chair, shall be the recorder of the record of the quorum and the votes.  
  
In the case of a joint hearing, the vice-chair of the lead committee, or the designee of the lead committee chair in the absence of the vice-chair shall be the recorder of the record of the quorum and the votes of all the committees party to the public hearing, unless otherwise agreed to by the respective chairs. A member's vote on a measure shall be the same for all committees that the member may sit on.
- (4) Favorable action by the committee shall be conveyed in a committee report.
- (5) If a committee reports out a bill or resolution with proposed amendments that may affect the referral of that bill or resolution, the committee chair shall, within 24 hours, notify the Speaker.

#### 11.7. *Standing Committee Reports.*

- (1) Standing committees shall report from time to time upon matters referred to them with such copies as may be designated by the Speaker. Such reports shall be printed by the House and be furnished to each member.
- (2) The reports shall state findings of facts and conclusions based thereon, together with a distinct recommendation as to the disposition of the matter.
- (3) A report recommending a measure for passage shall clearly state the legislative intent and purpose of the measure. The chair shall attest the action of the committee by signing the report on behalf of the committee. A record of the quorum present at the meeting and a record of the votes of the members of the committee on the bill or resolution as attested to by the recorder shall be attached to the report as a part thereof.
- (4) A report upon a measure shall state clearly the amendments, if any, proposed. If a substitute bill, for one or more bills referred to the committee, shall be reported, such substitute bill shall be consistent with the subject of the bill or bills referred to the committee. The report shall describe the disposition of the bill or bills referred.
- (5) All matters referred to and not reported upon by the standing committees shall be returned to the Chief Clerk at the close of the regular session in the even-numbered year.

### Rule 12. **Standing Committees: Description**

Standing committees shall be created by resolution at the opening of the session, or as soon thereafter as possible, to serve during the legislative session. The standing committees therein shall be as follows:

- (1) Committee on Agriculture, whose scope shall be those programs relating to the Department of Agriculture, agriculture, aquaculture, crop and livestock production, food production and distribution, agricultural parks, animal welfare, invasive species, and other pertinent matters referred to it by the House.
- (2) Committee on Consumer Protection & Commerce, whose scope shall be those programs relating to consumer protection, the Department of Commerce and Consumer Affairs, the regulation of trade, business, professions, occupations, and utilities, the Residential Landlord-Tenant Code, condominiums, housing cooperatives, planned communities, insurance, financial institutions, broadband and cable communications and services, and other pertinent matters referred to it by the House.
- (3) Committee on Corrections, Military, and Veterans Affairs, whose scope shall be those programs related to adult corrections, rehabilitation, and correctional facilities and industries; and military facilities, activities, and veterans affairs; and other pertinent matters referred to it by the House.
- (4) Committee on Culture, Arts, & International Affairs, whose scope shall be those programs related to Hawaii's multi-cultural heritage and the State Foundation on Culture and the Arts; and international affairs, foreign policy issues, and international relations; and other pertinent matters referred to it by the House.
- (5) Committee on Economic Development, whose scope shall be those programs relating to private sector job creation, public-private business or investment partnerships or ventures, new industry development, planning for economic development and diversification, industrial and product promotion and financial and technical assistance to business for interstate and intrastate commerce, and other

pertinent matters referred to it by the House.

- (6) Committee on Education, whose scope shall be those programs relating to early childhood education, primary and secondary schools, continuing education, libraries, and other pertinent matters referred to it by the House.
- (7) Committee on Energy & Environmental Protection, whose scope shall be those programs relating to energy resources and the development of renewable and alternative energy resources, energy conservation; and the impact of various environmental components on the protection and health of human and wild animal populations and climate mitigation including actions to prevent or reduce the root cause of climate change; and other pertinent matters referred to it by the House.
- (8) Committee on Finance, whose scope shall be those programs relating to overall State financing policies, including taxation and other revenues, cash and debt management, statewide implementation of planning, programming, budgeting, and evaluation, and other pertinent matters referred to it by the House.
- (9) Committee on Government Reform, whose scope shall be those programs relating to ethics and the Ethics Code, procurement and the Procurement Code, and campaign spending, and other pertinent matters referred to it by the House.
- (10) Committee on Health, Human Services, & Homelessness, whose scope shall be those programs relating to general health, maternal and child care, dental health, medical and hospital services, mental health, hospitals, community health care facilities; and financial assistance, medical assistance, vocational rehabilitation, social welfare services, the general well-being of the state's elderly and youth; and juvenile correctional services and homeless services and sheltering; and other pertinent matters referred to it by the House.
- (11) Committee on Higher Education & Technology, whose scope shall be those programs relating to the University of Hawaii, the community colleges, and other institutions of post-secondary education, intercollegiate athletics, and the Waikiki Aquarium; and technology and cybersecurity; and other pertinent matters referred to it by the House.
- (12) Committee on Housing, whose scope shall be those programs relating to housing development financing, assistance for homebuyers and renters, affordable and rental housing, public housing, and other pertinent matters referred to it by the House.
- (13) Committee on Judiciary & Hawaiian Affairs, whose scope shall be those programs relating to the courts, crime prevention and control, penal code, criminal enforcement, prosecution, sentencing, disposition, and punishment, probation, parole, furlough, and other alternatives to incarceration, indigent legal representation and defense matters, civil law, firearms, weapons, judicial and legal questions, constitutional matters, the Attorney General, the Judiciary, individual rights, civil rights and liberties, and the Civil Rights Commission; and persons of Hawaiian ancestry, including programs administered by the Department of Hawaiian Home Lands and the Office of Hawaiian Affairs; and other pertinent matters referred to it by the House.
- (14) Committee on Labor & Tourism, whose scope shall be those programs relating to employment, government operations and efficiency, employee pay and benefits, employee recruitment, classification and training, career development, employee performance, employment conditions, standards of conduct for employers and employees, collective bargaining in public employment, the civil service system, workers' compensation, unemployment compensation, temporary disability insurance, prepaid health care, employment opportunities, and labor-management relations in the private sector; and tourism, including the Hawaii Convention Center, Hawaii Visitors and Convention Bureau, and the Hawaii Tourism Authority; and other pertinent matters referred to it by the House.
- (15) Committee on Legislative Management, whose scope shall be those programs relating to the administrative operations and legislative services of the House, including the Legislative Reference Bureau, Legislative Auditor, Office of the Ombudsman, Public Access Room, the Hawaii State General Plan, and other pertinent matters referred to it by the House.
- (16) Committee on Pandemic & Disaster Preparedness, whose scope shall be those programs relating to communicable diseases and prevention, preparation, response, and recovery from civilian emergencies and disasters, and the safety, welfare, and defense of the State and its people, and other pertinent matters referred to it by the House.
- (17) Committee on Transportation, whose scope shall be those programs relating to the development and maintenance of air, water, and ground transportation, infrastructure, and facilities, and other pertinent matters referred to it by the House.
- (18) Committee on Water & Land, whose scope shall be those programs relating to global warming, changing weather patterns, climate adaptation to the actual or expected impacts of climate change; and land and water resource administration and use, coastal lands, the Land Use Commission, county land use planning and zoning, the Hawaii Community Development Authority, infrastructure development, outdoor recreation, drinking water and brackish waters, small boat harbors and their infrastructure, State parks, historic sites development and protection, ocean activities and outdoor marine matters, the Coastal Zone Management Act; and other pertinent matters referred to it by the House.

### **Rule 13. Standing Committees: General Responsibility; Special Responsibility**

**13.1. *Standing Committees: General Responsibility.*** It shall be the duty of each standing committee to:

- (1) Consider all bills, petitions, and resolutions as may properly come before it;
- (2) Review those portions of the State's program and financial plan and variance reports as may relate to programs over which the committee has primary responsibility. Through informational briefings, it shall gather information and examine those portions of the executive budget and the General and Supplemental Appropriations Bills relating to such programs and recommend to the Committee on Finance the programs and amounts to be spent thereon. (The executive budget and the General and Supplemental Appropriations Bills are hereinafter collectively referred to as the "State budget.") The recommended programs and amounts, taken as a whole, shall be consistent with and within the expenditure amounts allocated by the Committee on Finance;
- (3) Determine the objectives of any bill referred to it and make appropriate recommendations, including, if proper, expenditure recommendations on other bills referred to it by the House. Such expenditure recommendations shall be consistent with the allocations established by the Committee on Finance. On bills which relate to programs and matters over which a standing committee to which

they are referred has no primary responsibility, the standing committee shall propose no substantive change to the bill unless prior concurrence of the chair of the committee which has the primary responsibility is first obtained. If the chair of the standing committee, which has primary responsibility over programs and matters of a bill, does not concur with the substantive change to the bill affecting such programs and matters sought to be proposed by a standing committee, any of the chairs of the standing committees involved may submit the matter to the Speaker for resolution. The Speaker shall meet with the chairs of the standing committees involved, hear their differences, and settle their differences with a decision which shall be the final disposition of the matter; and

- (4) Review how programs over which it has primary responsibility have been carried out in compliance with legislative direction and whether studies, analysis, and audit should be conducted on all or part of the program in order to define issues and recommend improvements. Each standing committee shall also recommend amendments to existing appropriation acts and may further recommend revenue measures and improvements to the State's planning, programming, budgeting, and evaluation system to the Committee on Finance.

**13.2. Committee on Finance: Special Responsibility.** The Committee on Finance shall:

- (1) Have final responsibility over all programs and matters relating to the State's financing policies, including taxation and other revenues, level of expenditures, cash and debt management, and to the statewide implementation of planning, programming, budgeting, and evaluation. Subject to the provisions of these Rules, it shall consider the reports of the fiscal officers of the State, all bills, petitions, and resolutions, those portions of the State budget, and all other items pertaining to such programs and matters. It shall also consider such other pertinent items as may be referred to it by the House;
- (2) Establish, within the revenue raising ability of the State, the general level of total governmental expenditures for each fiscal year of a biennial period and allocate to each standing committee a proportionate part of such expenditures. Each standing committee shall be responsible for budget review of the programs within its jurisdiction and for making program expenditure recommendations to the Committee on Finance. Upon receipt of the recommendations of the other standing committees, the Committee on Finance shall review the same to determine if, when taken as a whole, the programs and amounts to be expended thereon are consistent with and within the expenditure amounts it has allocated to the respective standing committees. In making allocations to and in reviewing recommendations, the Committee on Finance shall invite the participation of the chair of the standing committee having primary responsibility over the program. After review of all standing committee recommendations, the Committee on Finance shall be responsible for preparing the General and Supplemental Appropriations Bills for consideration by the House; and
- (3) In all other appropriation bills, inform the standing committee primarily responsible for the program or matter under consideration, of the amount and type of finances available. Upon receiving recommendations for the expenditures from the appropriate standing committee, the Committee on Finance shall review such recommendations to determine if, when taken as a whole, the recommendations are consistent with and within the expenditure amounts allocated. In reviewing recommendations of the standing committees, the Committee on Finance shall invite the participation of the standing committee chair concerned.

**13.3. Committee on Legislative Management: Special Responsibility.** The Committee on Legislative Management shall:

- (1) Make recommendations to the Speaker on the procedures and manner in which the administrative operations of the House should be conducted;
- (2) Make recommendations to the Committee on Finance on the expenses to be included in the appropriation bills providing for the expenses of the Legislature and procedures to ensure that the expenses of the House are in accordance with the appropriation acts providing therefor; and
- (3) Make recommendations to the Speaker on programs relating to the establishment and operations of the House staff.

**Rule 14. Special Committee**

- 14.1.** The Speaker may appoint special committees for special or temporary purposes to consider and report on such special or temporary matters referred to it.
- 14.2.** Special committees shall consist of not less than three members each, unless otherwise ordered by the House, to serve until discharged or until finally reporting on such matters referred to them.
- 14.3.** Meetings of special committees shall be conducted in the same manner as provided for standing committees.
- 14.4.** Special committees shall report upon matters referred to them within the time prescribed under the appointment of the special committees, unless further time is given by vote of the House.

**Rule 15. Committee of the Whole**

- 15.1.** Whenever any matter shall be referred to the entire membership of the House by adoption of a motion to that effect, the House may at any time thereafter resolve itself into a Committee of the Whole to be chaired by the Speaker.
- 15.2.** The Chief Clerk of the House shall act as Clerk of the Committee of the Whole, without extra compensation, and shall make a careful record of the proceedings which shall be filed as one of the records of the House.
- 15.3.** The committee may, on motion, rise and ask leave to sit at any future time. The rules of procedure in the House shall be observed, except as follows:
  - (1) Any member may speak more than once on the same subject, provided that the member shall not speak a second time or further until others desiring to speak have had an opportunity; and
  - (2) The motion for the "previous question" shall not be allowed.

**Rule 16. Conference Committee**

- 16.1.** Conference committees shall consist of not less than three members each unless otherwise ordered by the House to be appointed for the purpose of resolving differences between the House and the Senate on any matters where the joint agreement of the House and the Senate is required and shall serve until discharged or until finally reporting on the matter referred to it.
- 16.2.** The composition of the conference committee shall be as follows:
- (1) The chair of the standing committee having primary responsibility of the subject matter to be resolved shall be the chair of the conference committee on the part of the House. In the absence of the chair of the conference committee, a designee of the chair shall serve as chair;
  - (2) The membership of a conference committee shall be on a proportional basis. In appointing the minority party members, the Speaker shall consult with the minority leadership of the House.  
  
The Speaker shall appoint the members of a conference committee as the Speaker and the chair of such standing committee having primary responsibility of the subject matter shall so mutually agree; and
  - (3) In no event shall the membership of the conference committee include any member who has voted in the negative on adoption of a substantive resolution or has voted in the negative on third reading of a bill which is the subject of the conference committee.
- 16.3.** The chair of the Committee on Finance shall be designated the chair of the conference committee on the General and Supplemental Appropriations Bills. The chair shall invite the participation of the chair of the standing committee having primary responsibility over the program or matter, as described in Part III of these Rules, to which the appropriation relates. After review, the chair of the conference committee shall be responsible for preparing the budgets for consideration by the House.
- 16.4.** The meetings of the conference committee shall be conducted as agreed upon by the members of the conference committee, subject to the provisions of Rule 16.5. It is the position of the House that conference committee meetings and decision-making sessions shall be public. Public notice of the meetings shall be given. Public notice may be posted or announced on the House floor during the session day. Subsequent meetings may be announced during conference committee meetings.
- 16.5.** The authority of a conference committee shall be limited solely to resolving differences between the House and the Senate versions of a bill or resolution.  
  
Accordingly, a conference committee shall not amend a bill or resolution by inserting into the bill or resolution any unrelated or new subject; provided that the restrictions in this Rule 16.5 shall not apply to the General and Supplemental Appropriations Bills; provided further that any increases to the salaries, pensions, or retirement benefits for any elected or appointed officer of the State or County shall be considered by separate bill other than the aforesaid Appropriations Bills or any bill ratifying collective bargaining agreements.

**Rule 17. Interim Committee**

- 17.1.** Interim committees may be established between regular sessions to accomplish specified objectives and work. The appointment of interim committees shall be completed by the Speaker as soon as practicable.
- 17.2.** The composition of interim committees shall be as follows:
- (1) The chair of the interim committee shall be the chair of the standing committee having primary responsibility, as defined by these Rules, over the program or matter to be considered by the interim committee; and
  - (2) The membership of the interim committee shall be on a proportional basis. In appointing the minority party members to the interim committee, the Speaker shall consult with the minority leadership of the House. The Speaker shall appoint the members of an interim committee as the Speaker and the chair of the interim committee shall so mutually agree.
- 17.3.** Interim committees may submit interim committee reports from time to time on matters referred to them. The reports shall state findings of facts and conclusions based thereon, together with such recommendations as to the disposal of the matter.

**Rule 18. Committee on the Journal**

- 18.1.** A Committee on the Journal shall be appointed to: prepare, compile, and bind the House Journal; enter into contracts for printing and any other acts necessary to accomplish the purpose of printing the Journal; and distribute the Journal to the members of the House at the next regular session.
- 18.2.** The Committee on the Journal shall consist of the Speaker, Vice Speaker, Majority Leader, Majority Floor Leader, Minority Leader, Minority Floor Leader, and the chair of the Committee on Legislative Management, whose duty it shall be to prepare, compile, and bind the House Journal, and who shall be authorized to make contracts with any printer, publisher, or bookbinder for the printing and binding of said Journal. The Chief Clerk of the House shall act as Clerk of the Committee on the Journal. The committee shall report from time to time to the House.
- 18.3.** The Committee on the Journal may correct certain errors in all proper cases, and shall correct any mere clerical errors in the compilation of the Journal, such as errors in orthography or the use of one word for another as "affect" for "effect," "previous" for "previously," and the like. No corrections other than such as are authorized by this Rule shall be made at anytime by the Clerk or the Clerk's assistants, unless upon order of the committee.

**Rule 19. Advisory Committee on Rules and Procedure**

The Speaker shall, prior to the convening of a legislative session in an odd-numbered year, establish an Advisory Committee on Rules and Procedure. The committee shall include at least one member from the minority party. The Advisory Committee on Rules and Procedure shall review these Rules and propose to the House such amendments as the committee deems appropriate.

**Rule 20. Open Committee Meetings**

Every committee authorized and/or established under Part III of these Rules shall be a committee of the House. Every meeting of a committee of the House or of a committee composed of a member or members from the House and the Senate held for the purpose of making decisions on matters referred to the committee shall be open to the public; provided that certain kinds of meetings, including executive sessions, organizational meetings, partisan caucuses, and meetings the subject of which involves the invasion of a person's right to privacy if made public, need not be open to the public.

Every meeting of a special committee, interim committee, or the Advisory Committee on Rules and Procedure shall be noticed in the same manner as applicable to a standing committee.

**PART IV. SESSIONS; ATTENDANCE****Rule 21. Meetings**

- 21.1. After the opening day of the Legislature, the House shall meet for the transaction of public business every day except Saturday, Sunday, any legal holiday, and any day in recess, and such other day as the House shall designate.
- 21.2. The House shall determine from time to time the normal hour of its meetings.
- 21.3. Each regular session shall be recessed for not less than five days at some period between the twentieth and fortieth days of the regular session. The House shall, by concurrent resolution, determine the dates of the mandatory recess. Any session may be recessed when a majority of the members of each house adopts a concurrent resolution for that purpose. When directed by a resolution adopted by the House, the Speaker shall consult with the President of the Senate to agree upon the time of a recess or recesses.

**Rule 22. Quorum**

- 22.1. A majority of the members to which the House is entitled constitutes a quorum, of which a majority vote shall suffice for the conduct of ordinary business unless otherwise provided in these Rules, but the final passage of a bill shall require the vote of a majority of all members to which the House is entitled.
- 22.2. A majority of less than a quorum may adjourn from day to day and compel the attendance of absent members.
- 22.3. If a quorum is not present at the designated time of meeting, the Speaker may declare the House adjourned.
- 22.4. The Speaker shall count the number of members present to determine whether there is a quorum.

**Rule 23. Attendance**

No member shall be absent from service to the House, unless the member is sick and is unable to attend or is excused by the Speaker.

**Rule 24. Adjournments**

- 24.1. Meetings of the House may be adjourned at any time by vote. Every adjournment shall be until the normal hour of meeting on the next business day, unless the motion for adjournment specifies otherwise.
- 24.2. A motion to adjourn is always in order and shall be decided without debate. However, one motion to adjourn shall not follow another without intervening business.
- 24.3. A motion to adjourn sine die or to adjourn to a specified time may be debated. No member shall speak more than once on such a motion.

**Rule 25. Extension of Session**

- 25.1. Two-thirds of the members to which the House is entitled, two-thirds of the Senate concurring, may petition the Speaker of the House and the President of the Senate to extend any session of the Legislature. The petition shall read:

"To the Speaker of the House of Representatives and the President of the Senate:

Your petitioners, members of the House of Representatives and of the Senate of the \_\_\_ Legislature of the State of Hawaii, respectfully request an extension of \_\_\_\_\_ days beyond the \_\_\_ day of the Regular Session of \_\_\_ of the \_\_\_ Legislature of the State of Hawaii."

- 25.2. The petition shall be in writing, above the signatures of the members.
- 25.3. When the Speaker of the House receives such a petition, and it is properly signed by two-thirds of the members to which each house is entitled, the Speaker and the President of the Senate shall jointly issue a proclamation extending the session for the number of days sought in the petition.

**Rule 26. Special Sessions**

- 26.1. Two-thirds of the members to which the House is entitled, two-thirds of the Senate concurring, may petition the Speaker of the House and the President of the Senate to call a special session of the Legislature. The petition shall read:

"To the Speaker of the House of Representatives and the President of the Senate:

Your petitioners, members of the House of Representatives and of the Senate of the \_\_\_ Legislature of the State of Hawaii, respectfully request the convening of a special session of \_\_\_, \_\_\_ Legislature of the State of Hawaii."

- 26.2. The petition shall be in writing, above the signatures of the members.
- 26.3. When the Speaker of the House receives such a petition, and it is properly signed by two-thirds of the members to which each house is entitled, the Speaker and the President of the Senate shall jointly issue a proclamation convening the Legislature in special session at the time and place sought in the petition.

## PART V. ORDER; DECORUM

### Rule 27. Questions of Order

Any member may raise a question of order at any stage in the proceedings of the House, except during a roll call vote. The Speaker shall decide questions of order without debate, subject to an appeal of the House. Laying an appeal on the table shall sustain the Speaker's ruling.

### Rule 28. Decorum: Punishment for Violations

- 28.1. No person shall sit at the desk of the Speaker or Chief Clerk, except by permission of the Speaker.
- 28.2. No person shall walk out of the House Chamber or across the floor of the House while the Speaker is addressing the House. No person shall maintain a private discourse while the Speaker is addressing the House or a member is speaking. No person shall walk between the Speaker and a member who is speaking.
- 28.3. A question concerning conduct of the Speaker or members should not be presented by way of debate on other matters. Allusions to, or critical reference to the Speaker or members are not in good order. Such attacks are not conducive to the good order of the House.
- 28.4. The Speaker shall order any member who conducts himself or herself in a disorderly manner during any session of the House to stay in his or her seat and be in order. The Speaker shall order the Sergeant-at-Arms to remove any member who persists in disorderly conduct from the House for the remainder of the day's session, unless the member who has been disorderly pledges to the House that he or she will maintain good behavior.
- 28.5. Any member who wishes to speak shall rise from his or her seat and address the Speaker, saying, "Mr. Speaker" or "Madam Speaker". When recognized, the member shall face the Speaker, and address the question under debate. All debate shall be addressed to the Speaker and not to the membership or an individual member.
- 28.6. A member referring to another member should avoid using the member's name or political party, rather identifying the member by district, seat, as the member who last spoke, or other similar manner.
- 28.7. It is not the person but the measure that is the subject of debate, and it is not allowable to arraign the motives of a member, but the nature or consequences of a measure may be condemned in strong terms.
- 28.8. The Speaker shall call to order any member who violates these Rules while in session, and the member shall then immediately sit down. The Speaker shall then decide the question of order without debate, subject to an appeal to the House. The Speaker may call for the sense of the House on any question of order.
- 28.9. A member who is called to order while speaking shall retain the floor while the question of order is decided. However, the member may not proceed with the matter under discussion until recognized by the Speaker to continue.
- 28.10. Any member may demand that the Chief Clerk take down the words or actions objected to when a member is called to order for words spoken or actions taken during debate, and may ask that they be read for the information of the House.
- 28.11. The House may censure its members for disorderly conduct or neglect of duty. The House may also suspend or expel a member by a two-thirds vote of the total membership of the House.
- 28.12. The House may establish an investigating committee pursuant to chapter 21, Legislative Hearings and Procedure, Hawaii Revised Statutes, for the purposes therein mentioned.
- 28.13. Cell phones, pagers and similar devices shall be kept in silent mode, and not be used, while on the floor of the House Chamber.

### Rule 29. Disclosures and Punishment of Members

- 29.1. Each member shall file with the Ethics Commission of the State of Hawaii a disclosure of his or her private financial interests, as prescribed by law. Each member shall file with the Ethics Commission any change in his or her financial interests.
- 29.2. If a legislative matter which affects a member's interests arises before the member has made a disclosure to the Ethics Commission, the member shall orally disclose his or her interest to the House before voting. The member then shall immediately make the written disclosure required by law and these Rules.
- 29.3. In accordance with Rule 60.7, the Speaker shall appoint a Select Committee on Standards of Conduct to receive complaints and investigate any member for misconduct, disorderly conduct, neglect of duty, violation of chapter 84, Hawaii Revised Statutes, or violation of these Rules. The House may punish any member found guilty by such a committee by censure, suspension, or expulsion. Censure shall require the approval of a majority of the members to which the House is entitled. Suspension or expulsion shall require the approval of two-thirds of the members to which the House is entitled.

**PART VI. ORDER OF BUSINESS****Rule 30. Order of Business: General; Order of the Day**

**30.1.** The daily order of business shall be:

- (1) Roll call;
- (2) Reading and approval of the Journal unless the House by motion dispenses with such reading;
- (3) Messages from the Governor;
- (4) Reports and communications from the heads of agencies; and
- (5) Bills, resolutions, and other matters received from the Senate to be placed on the calendar.

**30.2.** At the option of the Speaker, prior to the convening of any session, there shall be an invocation. Any invocation shall be limited to two minutes, and should not be used to proselytize, advance, or disparage any religion or point of view. Attendance at and participation in the invocation shall be voluntary for all persons.

**30.3.** The order of matters to be considered in the Order of the Day shall be:

- (1) Unfinished business upon which the House was engaged at the time of its last adjournment;
- (2) Reports of committees;
- (3) Petitions, memorials, and communications;
- (4) Second and third readings;
- (5) Introduction of bills and resolutions;
- (6) Any miscellaneous business on the Speaker's table; and
- (7) Announcements.

**Rule 31. Order of Business: Special**

The House may, by previous motion, direct that any matter be made a special order of business. Special orders shall take precedence over all business after the fourth order in the order of business. The House may also specify that special orders be taken up at a later specified point in the order of business.

**Rule 32. Order of Business: Unfinished Business; Committee Reports and Messages**

**32.1.** Any business which the House did not complete before its last adjournment shall have precedence in the Order of the Day. No motion or other business shall be received without special leave of the House until the unfinished business is disposed of.

**32.2.** Reports from conference committees and from the Committee on Legislative Management shall be in order at all times. Upon motion, messages or reports from the Governor or from the Senate may be received at any time, provided that without unanimous consent such messages or reports shall not be in order for discussion when received but shall be placed on the calendar as "Unfinished Business".

**Rule 33. Order of Business: Questions of Priority**

All questions relating to the priority of business shall be decided without debate.

**PART VII. BILLS AND RESOLUTIONS****Rule 34. Form: Bills, Resolutions, and Amendments**

**34.1.** All bills and resolutions to be introduced shall be submitted in the form and in the number of copies designated by the Chief Clerk. Short form bills may be introduced. All bills and resolutions shall be dated and signed by the introducer in black ink.

**34.2.** Every bill introduced or reported out of any committee, which amends an existing section or subsection of the Hawaii Revised Statutes or Session Laws of Hawaii, shall set forth the section or subsection in full, and the matter to be deleted shall be enclosed in brackets and stricken, and any new matter added to the section or subsection shall be underscored. However, a bill need not conform to this rule if it is: (1) a Supplemental Appropriations Bill; or (2) a bill amending the intent and effect of which can be clearly identified and understood without repeating the entire section or subsection, in which case only the paragraphs, subparagraphs, clauses, or items to be amended need be set forth as the Speaker may allow. The Speaker may allow additional exceptions to this rule.

**34.3.** No floor amendment to a bill shall be voted upon unless a copy of such amendment shall have been presented to the Chief Clerk who shall prepare and distribute copies of the amendment to each member of the House present.

**34.4.** The House shall, in concurrence with the Senate, provide for the date by which all bills to be considered in a regular session shall be introduced. This date shall precede the commencement of the mandatory recess provided for by Article III, Section 10 of the Constitution of the State of Hawaii.

**Rule 35. Bills: First Reading**

The first reading of a bill shall be of its title only.

**Rule 36. Bills: Second Reading**

On second reading, a bill may be read by title only, or, on motion, read throughout. It shall then be subject to a motion for referral to a committee. If it is referred to the Committee of the Whole instead of a special or standing committee, the chair of the Committee of the Whole shall set a day for its consideration. When a bill is reported by a standing committee, special committee, or the Committee of the Whole, and has passed second reading, it shall take its place in the order of business for future consideration.

**Rule 37. Bills: Third or Final Reading**

- 37.1. No bill shall pass third or final reading in the House unless printed copies of the bill in the form to be passed have been made available to the members of the House for at least 48 hours. "Form to be passed" means the form in which a bill is to be either: (i) passed on third reading in the House; (ii) concurred to by the House after amendments have been made by the Senate; or (iii) passed by the House after a conference committee has agreed upon it.
- 37.2. A bill on its third or final reading may be read by its title only and the Speaker shall then ask the House, "Shall this bill pass its third reading?" or "Shall this bill pass its final reading?" as the case may be. Such bill may be amended on its third reading. For the final passage of any bill, the Ayes and Noes shall be called or a vote shall be taken pursuant to Rule 51.3 and such passage shall require the affirmative vote of a majority of all members to which the House is entitled. The vote upon third reading shall be upon a motion that the bill pass third reading, rather than upon adoption of a committee report, so that amendments to the bill may be offered at third reading and voted upon.
- 37.3. The House shall not concur with substantive amendments made by the Senate to a House bill until the chair of the standing committee having primary responsibility for the subject matter contained in the bill has granted prior concurrence to such amendments as provided for under Rule 13.1.

**Rule 38. Bills: Recall from Committee**

- 38.1. Any bill that has been referred to a committee may be recalled from that committee 20 days after referral, if one-third of the members to which the House is entitled vote in favor of the recall.
- 38.2. No parliamentary rule or procedure may supersede the constitutional right of recall of a bill from committee.

**Rule 39. Bills: Certification**

- 39.1. When the House passes a bill, the Speaker and the Chief Clerk shall certify it and note the day of its passage at the bottom of the last page of the bill.
- 39.2. When a bill introduced in the House passes third reading in the House, the Speaker and the Chief Clerk shall immediately send it to the Senate. Likewise, they shall send to the Senate any bill which the House receives from the Senate, amends, and passes on third reading in the House. Likewise, they shall send to the Senate any bill introduced in the Senate in the first regular session of a Legislature which passes third reading in the House in the second regular session of the same Legislature.

**Rule 40. Bills and Resolutions: Order of Consideration**

- 40.1. The Chief Clerk shall send bills that have passed first reading to be printed immediately. When they have been printed and circulated to the members of the House, the Speaker shall refer them to the various committees. When the committees have considered them and reported on them, the committees shall return them to the Chief Clerk, and the Chief Clerk shall place them in the second reading file. The House shall consider them in the order in which they appear in the second reading file.
- 40.2. The Chief Clerk shall arrange bills that have passed second reading in the order of their passage on second reading, regardless of the date of their referral to committee or the date of the committee report on them. The Chief Clerk shall place them in the third reading file in the order in which they passed second reading, and the House shall consider them on third reading in that same order. However, if the third reading of a bill is set for some particular date, that bill shall be removed from the third reading file.
- 40.3. The Chief Clerk shall send all resolutions, except congratulatory resolutions, to be printed. When they have been printed and circulated among the members of the House, they shall be placed on the calendar for adoption, unless the House orders otherwise.
- 40.4. Resolutions shall either be considered at a stated date or be referred to a committee.

**Rule 41. Bills and Other Matters: Special Order of Consideration**

- 41.1. The Chief Clerk shall place all bills and other matters which are to be considered on particular dates in a special file, in the order of dates assigned for their consideration, and the House shall consider them in that order.
- 41.2. If the House adjourns before disposing of matters on special order, those matters shall carry over to the next day's business. The House shall then consider them under "Unfinished Business" in the Order of the Day, unless the House orders otherwise.

**Rule 42. Bills: Property of the House**

All bills introduced in the House shall be the property of the House.

**Rule 43. Bills: Carryover Bills**

- 43.1. Any bill pending at the final adjournment of a regular session in an odd-numbered year shall carry over with the same status to the next regular session; provided that if such bill shall have passed third reading in the House in an odd-numbered session, it shall again be placed in the third reading file and pass at least one reading in the House in the next regular session upon its return to the House from the Senate.
- 43.2. Bills which carry over from a regular session in an odd-numbered year to the next regular session shall retain the numbers assigned to them. The Chief Clerk shall keep a record of the status of all bills in possession of the House at the end of the session in odd-numbered years and shall publish the record of the status of all such bills prior to the convening of the next regular session.

**Rule 44. Bills: Pre-Filing**

The Chief Clerk shall accept bills to be pre-filed within seven calendar days before the commencement of the regular session in the even-numbered year.

**Rule 45. Bills: Corrections of Errors**

When a bill has passed the House and the Senate and an error in the bill is discovered prior to its having received approval of the Governor, the bill may be returned by concurrent resolution in the house last considering the bill for proper correction.

**PART VIII. PETITIONS AND COMMUNICATIONS****Rule 46. Petitions and Communications: Presentation and Disposition**

- 46.1. Any person may petition the House. Petitions shall be in writing, and the petitioners shall sign them.
- 46.2. The Speaker shall order all petitions and communications filed or referred to a committee without any motion or vote, unless there is objection from the members. If there is objection, the Speaker shall dispose of the matter as the House directs.
- 46.3. Upon the request of a member, the Speaker may authorize the issuance of congratulatory certificates in the name of the House.

**PART IX. MOTIONS; DEBATE****Rule 47. Motions: Generally**

- 47.1. No motion shall be received and considered by the House until the same shall have been seconded.
- 47.2. After a motion is stated and determined to be in order by the Speaker, it shall be disposed of by vote of the House. However, the motion may be withdrawn by the movant at any time before a decision or amendment.
- 47.3. Whenever any question whatsoever shall be under discussion, the only permanent motions shall be:
- |         |                                |
|---------|--------------------------------|
| First:  | To lay on the table;           |
| Second: | To postpone to a certain time; |
| Third:  | To commit;                     |
| Fourth: | To amend; and                  |
| Fifth:  | To postpone indefinitely;      |
- which motions shall have precedence in the order named.
- 47.4. The first two motions shall be decided without debate and shall be put as soon as made.
- 47.5. Whenever any of the first four motions mentioned above shall be decided in the negative, it shall not be revived the same day in regard to the main question under discussion. If a motion to amend in a specific manner is defeated, it shall not be revived on the same day.

**Rule 48. Indefinite Postponement**

When a question is postponed indefinitely, the same shall not be acted upon again during the regular or special session in which it was introduced without the consent of two-thirds of the members to which the House is entitled.

**Rule 49. Matters Tabled**

When a question has been laid on the table, it shall not thereafter be taken from and be considered or restored to a place upon the calendar of the House without the consent of the majority upon a motion made on the day the question was tabled or on the next day that the House is in session; thereafter, no motion to take any question from the table shall be made without the consent, in writing, of the majority. A motion to take any question from the table, if decided in the negative, may not again be made on the same day.

**Rule 50. Motions: Previous Question**

The purpose of the motion for the previous question is to end debate. The motion shall always be in order, except as otherwise provided herein. It shall require a majority vote of the members present in the House at the time the motion is made. Whenever the motion is carried, the movant of the main subject under discussion shall be permitted to close the debate, after which the main question, subject to the order of priority, shall be put; provided that the movant may delegate the right to close to another member.

**Rule 51. Motions: Reconsideration**

- 51.1. When a motion has been made once and carried in the affirmative or negative, it shall not be in order for any member who voted in the minority to move for reconsideration, but any member who voted with the majority may move to reconsider it on the same or succeeding day of the session. A motion to reconsider shall take precedence over all other questions except a motion to adjourn.
- 51.2. The House shall not reconsider a motion to reconsider.
- 51.3. If the House wishes to reconsider a measure or other matter which it already has passed or adopted and sent to the Senate, the motion to reconsider shall be accompanied by a motion to request the Senate to return the measure or other matter. The House shall act first on the motion for return of the measure or other matter, without debate. If this motion fails, it is an end of the matter, and the movant and seconder of the motion to reconsider shall withdraw their motion.

**Rule 52. Debate: Limits**

- 52.1. No member shall speak more than twice on the same question without leave of the House; provided, however, that the movant of the matter pending shall be permitted to speak in reply, but not until every member choosing to speak shall have spoken. No member shall speak longer than five minutes the first time and three minutes the second time on the same question; provided however, that any member may yield his or her speaking time to another member.
- 52.2. When a member yields the floor to another member, the yielding member's time shall continue to run, except when such yielding shall be to allow a specific question to be asked and when in response to the specific question asked.

**PART X. VOTING****Rule 53. Voting: Methods**

- 53.1. There shall be five methods of ascertaining the decision of the House on any matter: first, by voice vote; second, by raising of hands; third, by standing; fourth, by call of the roll of members, each of whose votes shall be recorded by the Chief Clerk; and fifth, by unanimous consent.
- 53.2. When the House is ready to vote on any question, the Speaker shall rise, state the question, and ask all those who wish to vote yes on the question say "aye" in a clear, loud voice. The Speaker then shall ask all those who wish to vote no on the question say "no" likewise. The Speaker shall announce the decision of the House after the Chief Clerk has announced the result of the voting of the House, except that the Chief Clerk shall not announce the decision of the House after a voice vote.
- 53.3. With the unanimous consent of the House, the Speaker may direct the Chief Clerk to record an aye for each member of the House. If there is no objection, the Chief Clerk shall so record the vote. If there is objection, the Speaker shall ask for the names of the members voting no, and order the Chief Clerk to record no votes for them. A vote shall not be recorded for any member who is not present at the time the vote is taken.

**Rule 54. Voting: Rights of Members; Restrictions**

- 54.1. In case of a voice vote, if one-fifth of the members present doubt the result the Speaker announces, they may ask for a show of hands. The Speaker then shall state the question again and ask those who wish to vote yes on the question to raise their hands. The Chief Clerk then shall count the number voting yes and report the result to the Speaker. The Speaker then shall ask those who wish to vote no to raise their hands likewise. The Chief Clerk shall count the no votes and report the result to the Speaker. The Speaker then shall announce the result to the House.
- 54.2. In case of a show of hands, if one-fifth of the members present doubt the result the Speaker announces, they may ask for a standing vote. The Speaker then shall state the question again, and ask those who wish to vote yes to stand up and remain standing until the Chief Clerk counts their votes and reports the result to the Speaker. The Speaker then shall ask those who wish to vote no to stand likewise. The Chief Clerk shall report the result to the Speaker and the Speaker shall announce it to the House.
- 54.3. Any time one-fifth of the members present request it, the Chief Clerk shall call the roll of members of the House to determine their vote on a question. Each member who wishes to vote yes on the question shall say "aye" in a loud, clear voice when his or her name is called by the Chief Clerk. Each member who wishes to vote no on the question shall say "no" likewise.
- 54.4. No member shall refrain from voting unless excused pursuant to Rule 60.6.
- 54.5. When voting is by roll call, no member may explain his or her vote, unless the House permits it by unanimous consent.
- 54.6. No member may vote or change his or her vote after the Speaker has announced the result of voting.
- 54.7. Any member who refuses (including the "kanalua" response) three times to vote when ordered to do so will be considered to have voted aye, and the Chief Clerk shall record an aye vote for the member.

**PART XI. MISCELLANEOUS****Rule 55. Subpoena; Oaths; Witness Fees**

- 55.1. The Speaker, and every investigating committee under chapter 21, Hawaii Revised Statutes, may issue subpoenas requiring the attendance of witnesses or production of evidence in any matter before the House or its committees pursuant to chapter 21, Hawaii Revised Statutes.
- 55.2. Any member of the House may administer oaths to witnesses in any matter pending in the House or in any committee of the House.
- 55.3. Any witness subpoenaed to appear before the House or any of its committees shall receive the same witness fees and mileage allowances that the Circuit Courts of the State pay.

**Rule 56. Public Information**

The Speaker may admit to the House Chamber stenographers and members of the news media who wish to take down debates or report the proceedings of the House. The Speaker shall assign such persons places for observation and other facilities which will not interfere with the operations of the House.

**Rule 57. Disposition of Records at Adjournment**

Within ten days after the House adjourns sine die in even-numbered years, its committees shall deliver to the Chief Clerk all bills, resolutions, petitions, and any other papers referred to the committees, plus any evidence taken by the committees. If a committee fails to comply with this rule, the Chief Clerk shall report its failure to the Speaker.

**Rule 58. House Administrative and Financial Manual**

- 58.1. The House shall adopt an administrative and financial manual.
- 58.2. After adoption, any revision to the manual shall be presented to the House unless otherwise provided in the manual.

**PART XII. AMENDMENT, SUSPENSION, AND INTERPRETATION OF RULES****Rule 59. Rules: Amendment**

These Rules shall not be altered unless the members of the House have received the 24 hour notice of the proposed change. The 24 hour period shall commence with the placement of a printed copy of the proposed amendment upon the desk of each member. Changes in these Rules shall be taken up as a special order. Any change in these Rules shall require the approval of majority of the members to which the House is entitled.

**Rule 60. Rules: Suspension**

These Rules may be suspended by the approval of majority of the members to which the House is entitled.

**Rule 61. Parliamentary Practice**

Mason's Manual of Legislative Procedure, 2010 Edition, is hereby designated as the adopted parliamentary authority of the House.

**PART XIII. CODE OF LEGISLATIVE CONDUCT****Rule 62. Standards of Conduct**

- 62.1. Members should conduct themselves in a respectful manner befitting the office with which they as elected officials have been entrusted, respecting and complying with the law and acting at all times in a manner that promotes public confidence in the integrity of the House.
- 62.2. Members should not lend the prestige of public office to advance the private interests of themselves or others; nor should members convey or permit others to convey the impression that they are in a special position to unduly influence public business pending before them.
- 62.3. Members should treat their fellow House members, staff, and the general public with respect and courtesy, regardless of political or religious beliefs, age, race, ethnicity, sex, sexual orientation, gender identity or expression, or physical disability.
- 62.4. The legislative duties of members, as prescribed by law and these Rules, should take precedence over all of their other business or professional activities. Members should freely and willingly accept certain restrictions on their business activities and professional conduct that might be considered burdensome by an ordinary private citizen, and should perform the duties of elected office impartially and diligently. To the greatest extent reasonably possible, members should:
  - (1) Refrain from allowing family, social, business, or other relationships to unduly influence the member's legislative conduct or judgment;
  - (2) Refrain from showing bias or prejudice, including but not limited to bias or prejudice based on political or religious beliefs, age, race, ethnicity, sex, sexual orientation, gender identity or expression, or physical disability, in the performance of their official duties;
  - (3) Exercise patience, tolerance, and courtesy to all those with whom they deal with in an official capacity, and require staff and others subject to their direction and control to maintain similar standards of conduct, fidelity, and diligence inherent in public service;
  - (4) Exercise the power of appointment impartially and on the basis of merit, refraining from making unnecessary appointments and approving compensation of appointees beyond the fair value of services rendered;
  - (5) Afford to every person who wishes to participate in the legislative process the opportunity to be heard according to established procedures;
  - (6) Consider at all times whether their conduct would create in reasonable minds the perception that their ability to carry out legislative responsibilities with integrity and independence is either questionable or impaired;
  - (7) Manage their personal interests and obligations so as to minimize the number of votes in which they are in, or may reasonably be perceived to be in, potential conflict;
  - (8) Refrain from using, or permitting the use of, the privileges and prestige of their public office to derive undue personal, professional, or financial benefits for themselves, members of their family, or others with whom they maintain personal, business, or professional relationships;

- (9) Refrain from engaging in financial and business dealings that involve them in frequent transactions, or continuing business or professional relationships, with those persons likely to derive benefits from public financial matters either pending or already deliberated and voted upon by the House, to the extent that such conduct may reasonably be perceived as personal exploitation of their public office; and
  - (10) Refrain from membership in an organization that practices invidious discrimination and gives rise to perceptions that one's impartiality and ability to serve as a representative are unduly compromised.
- 62.5.** If the member has a conflict of interest in legislation, the member shall disclose to the presiding officer (the committee chair or the Speaker, depending on where the vote is taking place) the conflict of interest prior to voting on that legislation. For the purposes of this rule, a "conflict of interest" means that the legislation affects the member's direct personal, familial, or financial interest except if the member, or the member's relative, is part of a class of people affected by the legislation.
- 62.6.** If a member is uncertain as to whether a conflict of interest exists, the member may request a ruling from the presiding officer by giving notice and disclosing the direct financial interest to the presiding officer prior to voting. When making a determination in cases where a portion of a measure may place a member in a conflict of interest, the presiding officer shall give due consideration to the context of that portion as it relates to the overall purpose of the measure. If the presiding officer determines that a conflict exists, the presiding officer shall recognize the conflict and honor the member's request to be excused from discussion, debate, and voting.
- 62.7.** There shall be established a Select Committee on Standards of Conduct composed of three members of the majority party and three members of the minority party, who shall be appointed by the Speaker. The Committee shall investigate any member for misconduct, disorderly conduct, neglect of duty, violation of chapter 84, Hawaii Revised Statutes, or violation of these Rules. The Select Committee on Standards of Conduct shall operate in accordance with rules and procedures adopted by the House.
- 62.8.** Except as provided, a member shall not accept an honorarium related to the member's legislative role, duties, or responsibilities. For the purposes of this rule, an "honorarium" means compensation provided to a member for services rendered by the member under conditions for which there is no contractual or legal obligation by the recipient of the services to compensate the member. The following shall not be considered an honorarium:
- (1) Reasonable and verifiable expenses for the member's meals, travel, lodging, and for care of a child or dependent adult that are actually incurred;
  - (2) Permissible gifts under chapter 84, Hawaii Revised Statutes;
  - (3) Anything of value that is otherwise reported or reportable as a campaign donation or expenditure; or
  - (4) Any compensation if the member is requested to appear and/or speak on a topic or issue that is not related to the member's legislative role or duties.
- 62.9.** Even if permitted by Rule 60.8, a member may not accept an honorarium if the offering of the honorarium is made for the purpose of influencing the performance of a member's official duties.
- 62.10.** No member shall solicit any monetary campaign contribution from an employee over whom the member has authority to exercise direct control.
- "Direct control" means the authority to subject a person to an adverse employment action, including termination, reduction in compensation, demotion, or denial of a promotion.
- 62.11.** Nothing herein shall be construed to limit, approve, prohibit, or infringe upon the proper jurisdiction of the Ethics Commission.

## RULES FOR THE SELECT COMMITTEE ON STANDARDS OF CONDUCT

STATE OF HAWAII  
THE THIRTY-FIRST LEGISLATURE2021-2022

## RULES FOR THE SELECT COMMITTEE ON STANDARDS OF CONDUCT

## TABLE OF CONTENTS

**PART 1. DEFINITIONS**

- 1.1. Definitions

**PART 2. GENERAL APPLICABILITY**

- 2.1. Powers of the Speaker of the House
- 2.2. Vacancies
- 2.3. Meetings
- 2.4. Quorum
- 2.5. Order of Business
- 2.6. Hearings Announcements
- 2.7. Committee Meetings
- 2.8. Record of Testimony and Committee Action
- 2.10. Television, Film, Radio
- 2.11. Legislative Recommendations
- 2.13. Limitations

**PART 3. GENERAL PROCEDURES**

- 3.1. Right to Hearing
- 3.2. Closed Hearings
- 3.3. Adjudicatory Hearings
- 3.4. Presiding Officer
- 3.6. Depositions
- 3.7. Oath or Affirmation
- 3.8. Witnesses
- 3.10. Committee Report; Opposing Views

**PART 4. PROCEDURES FOR COMPLAINTS, ALLEGATIONS, OR INFORMATION**

- 4.1. Complaint, Allegation, or Information
- 4.2. Form and Content of Complaints

**PART 5. PROCEDURES FOR CONDUCTING A PRELIMINARY INQUIRY**

- 5.1. Basis for Preliminary Inquiry
- 5.2. Scope of Preliminary Inquiry
- 5.4. Final Report
- 5.5. Committee Action

**PART 6. PROCEDURES FOR CONDUCTING AN ADJUDICATORY REVIEW AND ADJUDICATORY HEARING**

- 6.1. Scope of Adjudicatory Review
- 6.2. Notice to Respondent
- 6.3. Final Report of Adjudicatory Review to Committee
- 6.4. Committee Action
- 6.5. Right of Appeal
- 6.6. Adjudicatory Hearings; Notice
- 6.7. Adjudicatory Hearings; Preparation
- 6.8. Adjudicatory Hearings; Right to Cross-Examine and Call Witnesses
- 6.9. Adjudicatory Hearing; Admissibility of Evidence
- 6.10. Adjudicatory Hearing; Supplementary Hearing Procedures

**PART 7. DEPOSITIONS**

- 7.1. Persons Authorized to Take Depositions
- 7.2. Deposition Notices
- 7.3. Deposition Procedure

**PART 8. RIGHTS OF WITNESSES**

- 8.1. Television, Film, Radio
- 8.2. Right to Counsel
- 8.4. Proposed Questions
- 8.5. Opening Statements

**PART 9. VIOLATIONS OF LAW; CONTEMPT; PERJURY; AND APPLICABLE RULES AND STANDARDS OF CONDUCT**

- 9.1. Violations of Law
- 9.2. Contempt
- 9.3. Perjury
- 9.4. Applicable Rules and Standards of Conduct

**PART 10. RULES OF DISCLOSURE**

- 10.1. Non-Disclosure Policy
- 10.2. Disclosure to Executive and Judicial Officials
- 10.3. Committee-Sensitive Documents
- 10.4. Release of Report to Public

**PART 11. CHANGES IN SUPPLEMENTARY PROCEDURAL RULES**

- 11.1. Adoption of Changes in Supplementary Rules
- 11.2. Publication

**Preface**

The purpose of these rules is to enable the Select Committee on Standards of Conduct to properly perform the powers and duties vested in the Committee, including the conduct of hearings, in a fair and impartial manner, consistent with the protection of constitutional rights of persons called to testify at hearings and the preservation of public good.

**PART 1. DEFINITIONS**

**1.1. Definitions.** As used in these rules, unless a different meaning is clearly intended by the context:

"Adjudicatory review" means a proceeding undertaken by the Committee after a finding, on the basis of a preliminary inquiry, that there is substantial cause for the Committee to conclude that a violation within the jurisdiction of the Committee has occurred.

"Authorized membership" means the total number of members appointed to the Committee.

"Chair" includes the Chair appointed by the Speaker, or in the absence of the Chair, the Vice Chair appointed by the Speaker, or in the absence of both the Chair and Vice Chair, a member designated by the Chair.

"Committee" means the Select Committee on Standards of Conduct established under House Rule 60.7.

"Executive session" means a session at which only members, staff, witnesses, and counsel for a witness or witnesses are permitted to be present. Other individuals may be admitted to an executive session for a specified period or purpose on the motion of a member with the approval of the Chair and Vice Chair. An executive session may be convened by a two-thirds vote of the authorized membership.

"House" means the House of Representatives.

"Member" means a member of the Committee.

"Preliminary inquiry" means a proceeding undertaken by the Committee following the receipt of a complaint from a Representative about misconduct to determine whether there is substantial credible evidence that provides substantial cause for the Committee to conclude that a violation within the jurisdiction of the Committee has occurred.

"Quorum" means a majority of the authorized membership provided that, except for an adjudicatory hearing under Part 6 or the taking of a deposition under Part 7, one member shall constitute a quorum to hear testimony if all members have been given notice of the hearing and a member of the majority party and a member of the minority party have been designated by the Chair and Vice Chair respectively to be in attendance.

"Speaker" means the Speaker of the House of Representatives.

**PART 2. GENERAL APPLICABILITY**

**2.1. Powers of the Speaker of the House.** The Speaker shall have administrative authority over the activities and operations of the Committee to:

- (1) Assign appropriate staff and to direct appropriate services to assist the Committee in accomplishing its purpose;
- (2) Adjust the respective membership of the Committee as deemed necessary, including the filling of vacancies; and
- (3) In the absence of the Chair, sign hearing notices or subpoenas and subpoenas duces tecum, as authorized to be issued by the Committee.

**2.2. Vacancies.** Vacancies shall not affect the authority of the remaining members to execute the functions of the Committee.

**2.3. Meetings.** Meetings may be held at the call of the Chair if at least 48 hours notice is furnished to all members. If all members agree, or if approved by the Speaker, a meeting may be held on less than 48 hours notice.

**2.4. Quorum.** A quorum shall be present for the transaction of business involving complaints or allegations of, or information about, misconduct, including resulting preliminary inquiries, adjudicatory reviews, recommendations, and reports.

**2.5. Order of Business.** The order of business and the procedure of the Committee shall be decided by the Chair and Vice Chair.

**2.6. Hearings Announcements.** The Committee shall publicly announce the date, place, and subject matter of its hearing at least one week before the commencement of that hearing. If the Committee determines that there is good cause to commence a hearing at an earlier date, notice shall be given at the

earliest possible time.

**2.7. Committee Meetings.** Meetings of the Committee shall be open to the public unless the meeting is held in executive session.

**2.8. Record of Testimony and Committee Action.** (a) An accurate stenographic or transcribed electronic record shall be kept of all Committee proceedings, whether in executive or public session, which record shall include rulings of the Chair, questions of the Committee and its staff, the testimony or responses of witnesses, sworn written statements submitted to the Committee, any vote of the Committee, and such other matters as the Committee or the Chair may direct.

(b) The record of any remarks made by a member, Committee staff, outside counsel retained by the Committee, counsel for the witness, or witness, whether in public or executive session, shall be made available for inspection in accordance with Part 10 under Committee supervision at a time and place determined by the Chair; a copy of any testimony given by a witness in public session, or that part of the testimony given by the witness in executive session and subsequently quoted or made part of the record in a public session shall be made available to any witness if requested.

(c) Any member, Committee staff, outside counsel retained by the Committee, counsel for the witness, or witness may suggest to the official reporter, any corrections to typographical or transcription errors. If the reporter declines to make the requested corrections, the member, staff, outside counsel, counsel for the witness, or witness may request a ruling by the Chair and Vice Chair, acting jointly. Any questions arising with respect to the processing and correction of transcripts shall be decided by the Chair and Vice Chair, acting jointly.

(d) Except for the record of a hearing which is closed to the public, each transcript shall be printed as soon as is practicable after receipt of the corrected version. The Chair and Vice Chair, acting jointly, may order the transcript of a hearing to be printed without corrections if a reasonable time to correct the transcript has been afforded and corrections have not been requested.

(e) Records of the Committee shall be maintained by the Chief Clerk of the House.

**2.9. Ineligibility or Disqualification of Members.** (a) A member shall be ineligible to participate in any Committee proceeding that relates specifically to any of the following:

- (1) A preliminary inquiry or adjudicatory review relating to:
  - (i) The conduct of the member; or
  - (ii) Any complaint filed by the member against another Representative; and
- (2) The determinations and recommendations of the Committee with respect to any preliminary inquiry or adjudicatory review described in subparagraph (1).

A member may also be ineligible to participate if the member's staff will be a witness.

(b) If any Committee proceeding appears to relate to a member in a manner described in paragraph (a), the staff shall prepare a report to the Chair and Vice Chair. If either the Chair or the Vice Chair concludes from the report that it appears that the member may be ineligible to participate in a Committee proceeding, the member shall be notified in writing of the nature of the particular proceeding and the reason that it appears that the member may be ineligible to participate in it. If the member agrees to the ineligibility, the member shall notify the Chair or Vice Chair. If the member does not agree, the member may explain the reasons to the Chair and Vice Chair, and if they both agree that the member is eligible, the member shall continue to serve. But if either the Chair or Vice Chair continues to believe that the member is ineligible and the member disagrees, the matter shall be promptly referred to the Committee. The member shall present arguments to the Committee in executive session. Any contested questions concerning a member's eligibility shall be decided by a majority vote of the Committee, meeting in executive session, with the member in question not participating.

(c) Members may disqualify themselves from participating in any preliminary inquiry or adjudicatory review pending before the Committee and the determinations and recommendations of the Committee with respect to any such preliminary inquiry or adjudicatory review.

(d) Whenever any member is ineligible under paragraph (a) to participate in any preliminary inquiry or adjudicatory review, or is disqualified under paragraphs (b) and (c) from participating in any preliminary inquiry or adjudicatory review, another Representative shall be appointed by the Speaker, after written notice about the ineligibility or disqualification, to serve as a member solely for purposes of such preliminary inquiry or adjudicatory review and the determinations and recommendations of the Committee with respect to such preliminary inquiry or adjudicatory review. Any Representative appointed for such purposes shall be of the same party as the member who is ineligible or disqualified.

(e) The Speaker shall be given written notice of the ineligibility or disqualification of any member from any preliminary inquiry, adjudicatory review, or other proceeding requiring the appointment of another member in accordance with paragraph (d).

**2.10. Television, Film, Radio.** Public hearings or meetings may be televised, filmed, or otherwise recorded and made public, unless otherwise determined by a two-thirds vote of the authorized membership. Photographers and reporters using mechanical recording, filming, or broadcasting apparatus shall position their equipment so as not to interfere with the seating, vision, and hearing of the members and staff, or with the orderly process of the meeting or hearing.

**2.11. Legislative Recommendations.** The Committee shall recommend to the House by report or resolution any additional rules or other legislative measures as it determines to be necessary or desirable to ensure proper standards of conduct by Representatives. The Committee may conduct inquiries as it deems necessary to prepare this report or resolution, including the holding of hearings in public or executive session and the use of subpoenas as provided for in Part 3. The Committee may make legislative recommendations as a result of its findings in a preliminary inquiry, adjudicatory review, or other proceeding.

**2.12. Educational Mandate.** The Committee may develop and implement programs and materials designed to educate members about the laws, rules, and standards of conduct applicable to members in the performance of their duties.

**2.13. Limitations.** Nothing in these rules shall be construed to limit or prohibit the acquisition of evidence or information by the Committee through any lawful means.

### PART 3. GENERAL PROCEDURES

**3.1. Right to Hearing.** The Committee shall give the Representative responding to the complaint or facing an adjudicatory review under Part 6 an opportunity for a hearing before it recommends disciplinary action against that Representative to the House or before it imposes an order of restitution or reprimand (not requiring discipline by the full House).

**3.2. Closed Hearings.** All hearings of the Committee relating to allegations of misconduct shall be closed to the public unless the Committee determines by a two-thirds vote of the authorized membership that a hearing should be public.

**3.3. Adjudicatory Hearings.** The Committee may, by a two-thirds vote of the authorized membership, designate any public hearing or executive session as an adjudicatory hearing. Any hearing which is concerned with possible disciplinary action against a respondent or respondents designated by the Committee shall be an adjudicatory hearing. In any adjudicatory hearing, the procedures described in Part 6 shall apply.

**3.4. Presiding Officer.** The Chair shall preside over hearings.

**3.5. Subpoenas.** (a) The Committee, with the concurrence of the Speaker, may issue, by a two-thirds vote of the authorized membership, subpoenas requiring the attendance of witnesses and subpoenas duces tecum requiring the production of books, documents, or other evidence, in any matter pending before the Committee.

(b) The form of subpoenas, the manner of service, witness service fees, and notice requirements shall be as provided in sections 21-8 and 21-9, Hawaii Revised Statutes.

(c) Every subpoena and subpoena duces tecum authorized to be issued by the Committee shall be issued under the signature of the Chair and shall command each person to whom it is directed to attend and give testimony at a time and place thereon specified, and if requested by the Committee, to produce the books, papers, documents, or tangible things required by the Committee to be produced.

(d) The Committee may delegate to the Chair the authority to specify the time and place at which the person subpoenaed is to attend and give testimony and to designate the books, papers, documents, or tangible things required by the Committee to be produced.

(e) The Committee, by a two-thirds vote of the authorized membership, may withdraw a subpoena issued on behalf of the Committee.

**3.6. Depositions.** Depositions shall be taken in accordance with Part 7.

**3.7. Oath or Affirmation.** (a) All testimony given or adduced at a hearing; preliminary inquiry under Part 5; or adjudicatory review or hearing under Part 6, shall be made under oath or affirmation unless the requirement is dispensed with in a particular instance by a majority of the members present at a hearing. Any member may administer an oath or affirmation to a witness at a hearing of the Committee.

(b) The form of the oath or affirmation shall be as follows: "Do you solemnly swear or affirm that the testimony you are about to give will be the truth, the whole truth, and nothing but the truth?"

**3.8. Witnesses.** Any witness may be asked, or subpoenaed, to testify at a hearing or adjudicatory review and shall have the rights set forth under Part 8.

**3.9. Right to Testify.** Persons whose names are mentioned or who are specifically identified or otherwise referred to in testimony or in statements made by a member, staff, or outside counsel, or any witness, and who reasonably believe that a statement tends to adversely affect their reputation may:

- (1) Request to appear personally before the Committee to testify on their own behalf; or
- (2) File a sworn statement of facts relevant to the testimony or other evidence or statement complained of. Such requests and statements shall be submitted to the Committee for its consideration and action.

**3.10. Committee Report; Opposing Views.** Each member shall be given a reasonable opportunity to have separate views included as part of any Committee report.

### PART 4. PROCEDURES FOR COMPLAINTS, ALLEGATIONS, OR INFORMATION

**4.1. Complaint, Allegation, or Information.** Any Representative may report to the Committee a sworn complaint alleging that a Representative has violated a law, the House Code of Legislative Conduct, or any rule of the House relating to conduct of any individual in the performance of duties as a Representative, or has engaged in improper conduct which may reflect negatively upon the House. Complaints may be reported to the Chair, the Vice Chair, or a member.

Complaints shall not be accepted by the Committee during an election year on, or after, the filing deadline until one day after the general election. During this time, the Speaker shall accept complaints, allegations, or information and determine the action to be taken.

**4.2. Form and Content of Complaints.** A complaint shall be sworn but need not be in any particular form to receive Committee consideration, but shall:

- (1) State the name of the party filing the complaint;
- (2) Provide the name of each Representative who is specifically alleged to have engaged in improper conduct or committed a violation; and
- (3) State the nature of the alleged improper conduct or violation and may supply documents in the possession of the party filing the complaint relevant to or in support of the allegations as an attachment to the complaint.

For the purposes of this Rule, a "sworn complaint" means a written statement of facts, submitted under penalty of perjury, alleging a violation of law, the Code of Legislative Conduct, or any other Rule relating to the conduct of individuals in the performance of their duties as Representatives.

## PART 5. PROCEDURES FOR CONDUCTING A PRELIMINARY INQUIRY

**5.1. Basis for Preliminary Inquiry.** The Committee shall promptly commence a preliminary inquiry whenever it has received a sworn complaint from a Representative about alleged misconduct or violations by a Representative pursuant to Part 4; provided that the Chair and Vice Chair, acting jointly on behalf of the Committee may dismiss any matter, which is determined to lack substantial merit.

**5.2. Scope of Preliminary Inquiry.** (a) The preliminary inquiry shall be of a duration and scope necessary to determine whether there is substantial credible evidence, which provides substantial cause for the Committee to conclude that a violation within the jurisdiction of the Committee has occurred. The Chair and Vice Chair, acting jointly, on behalf of the Committee may supervise and determine the appropriate duration, scope, and conduct of a preliminary inquiry. Whether a preliminary inquiry is conducted jointly by the Chair and Vice Chair or by the Committee as a whole, the day-to-day supervision of a preliminary inquiry rests with the Chair and Vice Chair, acting jointly.

(b) A preliminary inquiry may include any inquiries, interviews, sworn statements, depositions, or subpoenas deemed appropriate to obtain information to make any determination provided for by these rules.

**5.3. Opportunity for Response.** A preliminary inquiry shall include an opportunity for the Representative against whom the complaint is being brought or the Representative's designated representative to present either a written statement, or to respond orally to questions from the Committee. Oral statements or answers shall be transcribed and signed by the person providing the statement or answers.

**5.4. Final Report.** When the preliminary inquiry is completed, the Chair and Vice Chair shall make a report, oral or written, to the Committee on findings and recommendations, as appropriate. Disclosure of this report shall be governed by rules provided under Part 10.

**5.5. Committee Action.** As soon as practicable following submission of the report by the Chair and Vice Chair on the preliminary inquiry, the Committee shall determine by a recorded vote of a majority of members to which the Committee is entitled whether there is substantial credible evidence which provides substantial cause for the Committee to conclude that a violation within the jurisdiction of the Committee has occurred. The Committee may make any of the following determinations:

- (1) That there is not substantial credible evidence and in this case the Committee shall dismiss the matter. The Committee shall inform the complainant and the respondent to the complaint of the dismissal;
- (2) That there is substantial credible evidence, but that the alleged violation is inadvertent, technical, or otherwise of a de minimis nature. In this case, the Committee may dispose of the matter by issuing a public or private letter of admonition, which shall not be considered discipline and which shall not be subject to appeal to the House. The issuance of a letter of admonition shall be approved by the affirmative recorded vote of not less two-thirds of the authorized membership; and
- (3) That there is substantial credible evidence and that the matter cannot be appropriately disposed of under paragraph (2). In this case, the Committee shall promptly initiate an adjudicatory review in accordance with Part 6. No adjudicatory review of the conduct of a Representative may be initiated except by the affirmative recorded vote of not less than two-thirds of the authorized membership.

## PART 6. PROCEDURES FOR CONDUCTING AN ADJUDICATORY REVIEW AND ADJUDICATORY HEARING

**6.1. Scope of Adjudicatory Review.** When the Committee decides to conduct an adjudicatory review, it shall be of a duration and scope necessary for the Committee to determine whether a violation within its jurisdiction has occurred. An adjudicatory review shall be conducted by the Committee unless the Committee determines to use outside counsel for this purpose. In the course of the adjudicatory review, the Committee may conduct any inquiries, interviews, or hearings, take sworn statements, use its subpoena powers, take depositions, or take any other actions that the Committee deems appropriate to secure the evidence necessary to make a determination.

**6.2. Notice to Respondent.** The Committee shall give written notice to the Representative who is the subject of an adjudicatory review. The notice shall be sent to the Representative against whom the complaint has been made no later than five working days after the Committee has voted to conduct an adjudicatory review. The notice shall include a statement of the nature of the possible violation and description of the evidence indicating that a possible violation occurred. The Committee may offer the Representative an opportunity to present a statement, orally or in writing, or to respond to questions from members, or outside counsel, if such counsel has been retained by the Committee.

**6.3. Final Report of Adjudicatory Review to Committee.** Upon completion of an adjudicatory review, the Chair and Vice Chair shall submit a written report to the Committee, which shall detail the factual findings of the adjudicatory review and which may recommend disciplinary action, if appropriate. Findings of fact of the adjudicatory review shall be detailed in this report whether or not disciplinary action is recommended. Disclosure of this report shall be governed by rules provided under Part 10.

**6.4. Committee Action.** (a) As soon as practicable following submission of the report of the Chair and Vice Chair on the adjudicatory review, the Committee shall prepare and submit a report to the House, including a recommendation to the House concerning disciplinary action, if appropriate. A report shall be issued, stating in detail the Committee's findings of fact, whether or not disciplinary action is recommended. The report shall also explain fully the reasons underlying the Committee's recommendation concerning disciplinary action, if any. No adjudicatory review of conduct may be conducted, or report or recommendation relating to an adjudicatory review of conduct may be made, except by the affirmative recorded vote of not less than two-thirds of the authorized membership.

(b) After receipt of the report prescribed by Rule 6.3, the Committee, by a recorded vote of not less than two-thirds of the authorized membership, may make recommendations for disciplinary action or issue an order for reprimand or restitution, as follows:

- (1) A recommendation to the House for expulsion, censure, payment of restitution, recommendation to the Speaker regarding the Representative's positions of responsibility and committee assignments, or a combination of these;
- (2) In the case where the Committee determines, after according due notice and opportunity for a hearing, that misconduct occurred warranting discipline less serious than discipline by the full House, and subject to Rule 6.5 relating to appeal, by a unanimous vote of six members order that a Representative be reprimanded or pay restitution or both; and

- (3) In the case where the Committee determines that misconduct is inadvertent, technical, or otherwise of a de minimis nature, issuance of a public or private letter of admonition to a Representative, which shall not be subject to appeal to the House.

(c) In the case where the Committee determines, upon consideration of all the evidence, that the facts do not warrant a finding that there is substantial credible evidence which provides substantial cause for the Committee to conclude that a violation within the jurisdiction of the Committee has occurred, the Committee may dismiss the matter.

(d) Promptly after the conclusion of the adjudicatory review, the Committee report and recommendation, if any, shall be forwarded to the Chief Clerk of the House, and a copy shall be provided to the Representative bringing the complaint and the Representative responding to the complaint.

**6.5. Right of Appeal.** (a) Any individual who is the subject of a reprimand or order of restitution, or both, pursuant to Rule 6.4 (b)(2), may, within ten days of the Committee's report to the House of its action imposing a reprimand or order of restitution, or both, appeal to the House by providing written notice of the appeal to the Committee and the Speaker. The Speaker shall cause the notice of the appeal to be printed in the House Journal.

(b) A motion to proceed to consideration of an appeal pursuant to paragraph (a) shall be highly privileged and not debatable. If the motion to proceed to consideration of the appeal is agreed to, the appeal shall be decided on the basis of the Committee's report to the House. Debate on the appeal shall be limited to two hours, which shall be divided equally between those favoring and those opposing the appeal.

**6.6. Adjudicatory Hearings; Notice.** A copy of the public announcement of an adjudicatory hearing shall be furnished together with a copy of this Part to all witnesses at the time that they are subpoenaed or otherwise summoned to testify.

**6.7. Adjudicatory Hearings; Preparation.** (a) At least two working days prior to the commencement of an adjudicatory hearing, the Committee shall provide the following information and documents to the Representative responding to the complaint, if any:

- (i) A list of proposed witnesses to be called at the hearing;
- (ii) Copies of all documents expected to be introduced as exhibits at the hearing; and
- (iii) A brief statement as to the nature of the testimony expected to be given by each witness to be called at the hearing.

(b) At least two working days prior to the commencement of an adjudicatory hearing, the respondent, if any, shall provide the information and documents described in paragraph (a) to the Committee.

(c) At the discretion of the Committee, the information and documents to be exchanged under this Part shall be subject to an appropriate agreement limiting access and disclosure.

(d) If a Representative responding to the complaint refuses to provide the information and documents to the Committee (see paragraphs (a) and (b)), or if a responding Representative or other individual violates an agreement limiting access and disclosure, the Committee, by a two-thirds vote of the authorized membership, may recommend to the House that the offender be cited for contempt.

**6.8. Adjudicatory Hearings; Right to Cross-Examine and Call Witnesses.** (a) In adjudicatory hearings, respondents and any other persons upon obtaining the permission of the Committee, may personally or through counsel cross-examine witnesses called by the Committee and may call witnesses on their own behalf.

(b) A Representative responding to a complaint may apply to the Committee for the issuance of subpoenas for the appearance of witnesses or the production of documents on the Representative's behalf. An application shall be approved upon a concise showing by the responding Representative that the proposed testimony or evidence is relevant and appropriate, as determined by the Chair and Vice Chair. The subpoena shall be issued pursuant to Part 3.

(c) With respect to witnesses called by a responding Representative, or other individual given permission by the Committee, each witness shall first be examined by the party who called the witness or by that party's counsel.

**6.9. Adjudicatory Hearing; Admissibility of Evidence.** (a) The object of the hearing shall be to ascertain the truth. Any evidence that may be relevant and probative shall be admissible unless privileged under the Hawaii Rules of Evidence. Rules of evidence shall not be applied strictly, but the Chair shall exclude irrelevant or unduly repetitious testimony. Objections going only to the weight that should be given evidence will not justify its exclusion.

(b) The Chair shall rule upon any question of the admissibility of testimony or other evidence presented to the Committee. Rulings shall be final unless reversed or modified by a two-thirds vote of the authorized membership before the recess of that day's hearings.

(c) Notwithstanding paragraphs (a) and (b), in any matter before the Committee involving allegations of sexual discrimination, including sexual harassment, or sexual misconduct, by a Representative, the Committee shall be guided by the standards and procedures of Rule 412 of the Hawaii Rules of Evidence, except that the Committee may admit evidence subject to the provisions of this paragraph only by a two-thirds vote of the authorized membership that the interests of justice require that this evidence be admitted.

**6.10. Adjudicatory Hearing; Supplementary Hearing Procedures.** The Committee may adopt any additional special hearing procedures that it deems necessary, or appropriate to a particular adjudicatory hearing, copies of the supplementary procedures shall be furnished to witnesses and respondents, and shall be made available upon request to any member of the public.

## PART 7. DEPOSITIONS

**7.1. Persons Authorized to Take Depositions.** Depositions may be taken by any member designated by the Chair and Vice Chair, acting jointly, or by any other person designated by the Chair and Vice Chair, acting jointly, including outside counsel, Committee staff, other employees of the House, or government employees assigned to the Committee.

**7.2. Deposition Notices.** Notices for the taking of depositions shall be authorized by the Chair and Vice Chair, acting jointly, and issued by the Chair, Vice Chair, or Committee staff or outside counsel designated by the Chair and Vice Chair, acting jointly. Depositions may be taken at any time during a preliminary inquiry, adjudicatory review or other proceeding. Deposition notices shall specify a time and place for examination. Unless otherwise specified, the deposition shall be in private, and the testimony taken and documents produced shall be deemed for the purpose of these Rules to have been received in an executive

session of the Committee. The Committee shall not initiate procedures leading to criminal or civil enforcement proceedings for a witness's failure to appear, or to testify, or to produce documents, unless the deposition notice was accompanied by a subpoena.

**7.3. Deposition Procedure.** Witnesses at depositions shall be examined under oath. Questions may be propounded by any person or persons who are authorized to take depositions for the Committee, if a witness objects to a question and refuses to testify, or refuses to produce a document, the Chair or Vice Chair, if present, may rule on the objection and, if the objection is overruled, direct the witness to answer the question or produce the document. If the Chair or Vice Chair is not present, the individual who has been designated by the Chair and Vice Chair, acting jointly, to take the deposition may proceed with the deposition, or may, at that time or at a subsequent time, seek a ruling by telephone or otherwise on the objection from the Chair or Vice Chair of the Committee, who may refer the matter to the Committee or rule on the objection, if the Chair or Vice Chair, or the Committee upon referral, overrules the objection, the Chair, Vice Chair, or the Committee as the case may be, may direct the witness to answer the question or produce the document, the Committee shall not initiate procedures leading to civil or criminal enforcement unless the witness refuses to testify or produce documents after having been directed to do so.

**7.4. Filing of Depositions.** Deposition testimony shall be transcribed or electronically recorded. If the deposition is transcribed, the individual administering the oath shall certify on the transcript that the witness was duly sworn in the presence of that individual and the transcriber shall certify that the transcript is a true record of the testimony. The transcript with these certificates shall be filed with the clerk of the Committee, and the witness shall be furnished with access to a copy at the Committee's offices for review. Upon inspecting the transcript, within a time limit set by the Chair and Vice Chair, acting jointly, a witness may request in writing changes in the transcript to correct errors in transcription. The witness may also bring to the attention of the Committee errors of fact in the witness's testimony by submitting a sworn statement about those facts with a request that it be attached to the transcript. The Chair and Vice Chair, acting jointly, may rule on the witness's request, and the changes or attachments allowed shall be certified by the Committee's clerk. If the witness fails to make any request under this paragraph within the time limit set, this fact shall be noted by the Committee's clerk. Any person authorized by the Committee may stipulate with the witness to changes in this procedure.

## PART 8. RIGHTS OF WITNESSES

**8.1. Television, Film, Radio.** Any witness served with a subpoena by the Committee may request not to be photographed or to give evidence or testimony while the broadcasting, reproduction, or coverage of that hearing, by radio, television, still photography, or, other methods is occurring. At the request of any witness who does not wish to be subjected to radio, television, still photography, or other methods of coverage, and subject to the approval of the Committee, all lenses shall be covered and all microphones used for coverage turned off.

**8.2. Right to Counsel.** Every witness at a hearing, adjudicatory review, adjudicatory hearing, or deposition, may be accompanied by counsel of the witness' own choosing, who may advise the witness of the witness' rights, subject to reasonable limitations which the Committee may prescribe to prevent obstruction of or interference with the orderly conduct of the hearing.

**8.3. Statements.** (a) A witness, or the witness' counsel, with the consent of a majority of the members present at the hearing, may file with the Committee for incorporation into the record of the hearing, sworn written statements relevant to the purpose, subject matter, and scope of the Committee's investigation or inquiry. If a witness, or witness' counsel, desires to read the prepared or written statement, the determination of whether the statement may be read or simply placed in the record of the hearing shall be made by the Chair and Vice Chair, acting jointly.

(b) The witness or witness' counsel may also submit additional sworn testimony for the record within 24 hours after the last day that the witness has testified. The insertion of such testimony in that day's record is subject to the approval of the Chair and Vice Chair, acting jointly, within five days after the testimony is received.

**8.4. Proposed Questions.** A witness at a hearing, or the witness' counsel may submit to the Committee questions proposed to be asked of the witness or any other witness relevant to the matters upon which there has been any questioning or submission of evidence, and the Committee shall ask those questions that the Committee determines to be appropriate for the subject matter of the hearing. Questions shall be submitted to the Committee at least one working day before a witness's scheduled appearance.

**8.5. Opening Statements.** As far as practicable, each witness may be permitted to present a brief oral opening statement.

## PART 9. VIOLATIONS OF LAW; CONTEMPT; PERJURY; AND APPLICABLE RULES AND STANDARDS OF CONDUCT

**9.1. Violations of Law.** Whenever the Committee determines by a two-thirds vote of the authorized membership that there is reason to believe that a violation of law, including the provision of false information to the Committee, may have occurred, it shall report the possible violation to the proper state and local authorities.

**9.2. Contempt.** (a) A person shall be in contempt if the person:

- (1) Fails or refuses to appear in compliance with a subpoena, or having appeared, fails or refuses to testify under oath or affirmation;
- (2) Fails or refuses to answer any relevant question or fails or refuses to furnish any relevant book, paper, or other document subpoenaed by or on behalf of the Committee; or
- (3) Commits any other act or offense against the Committee, which, if committed against the Legislature, or either House thereof, would constitute contempt.

(b) The Committee may, by a two-thirds vote of the authorized membership, report to the Speaker, any instance of alleged contempt. The Speaker shall certify the report of such contempt under the signature of the Speaker to the State Attorney General who shall prosecute the offender in any court of the State.

**9.3. Perjury.** Any person who knowingly and willfully swears falsely to a sworn complaint or any other sworn statement to the Committee does so under penalty of perjury. The Committee may refer any such case to the State Attorney General for prosecution.

**9.4. Applicable Rules and Standards of Conduct.** (a) Notwithstanding any other provision of this Part, no adjudicatory review shall be initiated for any alleged violation of any law, the House Code of Legislative Conduct, or Rule, which was not in effect at the time the alleged violation occurred. No provisions

of the House Code of Legislative Conduct shall apply to or require disclosure of any act, relationship, or transaction which occurred prior to the effective date of the applicable provision of the House Code of Legislative Conduct.

(b) The Committee may initiate an adjudicatory review of any alleged violation of a rule or law which was in effect prior to the enactment of the House Code of Legislative Conduct if the alleged violation occurred while such rule or law was in effect and the violation was not a matter resolved on the merits by the predecessor Committee.

#### PART 10. RULES OF DISCLOSURE

**10.1. Non-Disclosure Policy.** Except as provided in Rule 10.2, no Representative, member, staff, or any person engaged by contract or otherwise to perform services for the Committee shall release, divulge, publish, reveal by writing, word, conduct, or disclose in any way, in whole or in part, or by way of summary, including during tenure with the Committee or anytime thereafter, information or material in the possession of the Committee which pertains to illegal or improper conduct by a present or former Representative; allegations or accusations of this conduct; any resulting preliminary inquiry, adjudicatory review or other proceeding by the Committee into these allegations or conduct and any report issued about the inquiry, review, or other proceeding; the investigative techniques and procedures of the Committee; any testimony or other evidence given before the Committee in executive session (including the name of any witness who appeared or was called to appear in executive session), any classified or Committee-sensitive information, document or material, received or generated by the Committee, any material or information deemed to be confidential by the Chair and Vice Chair, acting jointly, or any classified or Committee-sensitive information which may come into the possession of this person during tenure with the Committee or its staff. No such information shall be made public unless authorized by a two-thirds vote of the authorized membership.

**10.2. Disclosure to Executive and Judicial Officials.** (a) Information, documents, or materials may be released to an official of the executive branch properly cleared for access with a need-to-know, for any purpose or in connection with any proceeding, judicial or otherwise, as authorized by the Committee or, in the event of termination of the Committee, in such a manner as may be determined by its successor or by the House.

(b) Information, documents, or materials may be released to an official of the judicial branch if it is required for judicial purposes, as authorized by the Committee or, in the event of termination of the Committee, in such a manner as may be determined by its successor or by the House.

**10.3. Committee-Sensitive Documents.** (a) Committee-sensitive documents and materials shall be stored in the Chair's office, with appropriate safeguards for maintaining the security of the documents or materials. Removal from the Chair's office of these documents or materials is prohibited except as necessary for use in, or preparation for, interviews or Committee meetings, including the taking of testimony, or as otherwise specifically approved by the Chair and Vice Chair, acting jointly.

(b) Each member shall have access to all materials in the Chair's possession. Members' staff shall not have access to Committee-sensitive documents and materials without the specific approval in each instance of the Chair and Vice Chair, acting jointly. Members may examine these materials in the Chair's office.

(c) Any Representative, who is not a member and who seeks access to any Committee-sensitive documents or materials, other than documents or materials which are matters of public record, shall request access in writing. The Committee shall decide by a two-thirds vote of the authorized membership whether to share documents or materials available. If access is granted, the Representative shall not disclose the information found in the documents or materials except as authorized by the Committee.

(d) Whenever the Committee makes Committee-sensitive documents or materials available to any Representative who is not a member in response to a specific request to the Chair and Vice Chair, a written record shall be made identifying the Representative requesting such documents or materials and describing what was made available to the Representative.

**10.4. Release of Report to Public.** All information of official actions, statements, or positions of the Committee shall be made by the Chair.

#### PART 11. CHANGES IN SUPPLEMENTARY PROCEDURAL RULES

**11.1. Adoption of Changes in Supplementary Rules.** The Rules of the Select Committee on the Standards of Conduct, other than rules established by statute, or by the Rules of the House, may be modified, amended, or suspended at any time, pursuant to a recorded vote of not less than two-thirds of the authorized membership taken at a meeting called with due notice after prior written notice of the proposed change has been provided each member.

**11.2. Publication.** Any amendments to the Rules of this Committee shall be published.

**SCRep. 1-22 Labor & Tourism on H.B. No. 1787**

The purpose of this measure is to:

- (1) Establish Employment First as a state policy with respect to persons with disabilities;
- (2) Require state and county agencies to implement this policy in hiring and all programs and services administered or funded by the State or counties; and
- (3) Apply Employment First principles to Medicaid home- and community-based waiver programs.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Hawaii Disability Rights Center, Rainbow Family 808, Hawaii Self Advocacy Advisory Council, and Full Life. Your Committee received comments on this measure from the Department of Labor and Industrial Relations and Department of Human Services.

Your Committee finds that Employment First principles promote the full inclusion of persons with disabilities in the workplace and community through integrated employment. Through Act 55, Session Laws of Hawaii 2021, the Legislature affirmed its commitment to support the employment of persons with disabilities by ending the practice of paying persons with disabilities below the minimum wage. Your Committee finds that this measure is a logical next step in integrating persons with disabilities into the workforce.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1787, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1787, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 2-22 Labor & Tourism on H.B. No. 1789**

The purpose of this measure is to:

- (1) Establish that the representative of labor on the Hawaii Labor Relations Board (HLRB) shall be a person selected by a majority of the exclusive representatives of the collective bargaining units; and
- (2) Provide a timeframe for the Governor to appoint the representative of labor following submission of the nominee's name.

Your Committee received testimony in support of this measure from the United Public Workers, AFSCME Local 646, AFL-CIO; State of Hawaii Organization of Police Officers; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawaii State Teachers Association; Hawaii Fire Fighters Association; and one individual. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining. Your Committee received comments on this measure from the Hawaii Labor Relations Board and Department of Budget and Finance.

Your Committee finds that providing a single name to the Governor that has been vetted by the exclusive representatives, with a clear timeframe for the name to be transmitted to the Senate for consideration as well as a default process for Senate confirmation if the deadline is missed, ensures greater fairness, predictability, and transparency in the appointment process to the HLRB. While your Committee appreciates the concerns raised in testimony, your Committee believes this measure should be allowed to advance and receive further discussion amongst stakeholders.

Accordingly, your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1789, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1789, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 3-22 Labor & Tourism on H.B. No. 1839**

The purpose of this measure is to make camper vans a type of transient accommodation, the rental of which is subject to the transient accommodations tax.

Your Committee received testimony in support of this measure from the Chair of the Maui County Council. Your Committee received testimony in opposition to this measure from the Hawaii Lodging and Tourism Association. Your Committee received comments on this measure from the Department of Taxation, Hawaii Tourism Authority, Tax Foundation of Hawaii, and Maui Hotel and Lodging Association.

Your Committee finds that businesses and private individuals are increasingly renting camper vans to visitors that essentially function as transient accommodations in lieu of hotel rooms or transient vacation rentals. Your Committee notes concerns raised as to whether camper vans should be taxed as an accommodation, but as the counties do not have anything in place to address this, your Committee believes it is important to get ahead of this issue to avoid the same problems caused by short term vacation rentals.

Your Committee has amended this measure by:

- (1) Amending the definition of "gross rental" or "gross rental proceeds" as it relates to the transient accommodations tax to exclude amounts collected as rental vehicle surcharge taxes;
- (2) Changing the effective date to January 1, 2023, to allow the Department of Taxation time to make the necessary changes to its forms and system; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1839, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1839, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Quinlan, Okimoto). Noes, none. Excused, none.

**SCRep. 4-22 Water & Land on H.B. No. 1668**

The purpose of this measure is to require and appropriate funds for the Office of Planning and Sustainable Development to conduct a study of the suitability of the Land Study Bureau soil overall (master) productivity rating system and other soil classification systems in the regulation of agricultural lands in the State and make recommendations for the use of soil classification systems for agricultural land use regulation.

Your Committee received testimony in support of this measure from the Department of Agriculture, University of Hawai'i System, Hawaii State Energy Office, and Office of Planning and Sustainable Development. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the last statewide soil mapping, classification, and characterization study was completed fifty years ago when plantation sugar cane and pineapple production dominated Hawaii agriculture. To help optimize public and private investments in agriculture and meet Hawaii's food and agricultural sustainability goals, accurate soil data is needed.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1668, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1668, H.D. 1, and be referred to your Committee on Agriculture.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

**SCRep. 5-22 Water & Land on H.B. No. 1840**

The purpose of this measure is to authorize an appropriate county land use decision-making authority to determine district boundary amendments involving land areas over fifteen acres but less than or equal to fifty acres if the county has adopted an ordinance that meets certain requirements.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed H.D. 1, which adds the requirement that the district boundary amendment is necessary to produce housing, sixty percent of which must be reserved for occupants whose incomes do not exceed one hundred forty percent of the area median income.

Your Committee received testimony in support of the proposed H.D. 1 from the Office of Planning and Sustainable Development, Planning Department of Hawaii County, and Hawai'i Association of REALTORS. Your Committee received testimony in opposition to the proposed H.D. 1 from the Land Use Commission, Sierra Club of Hawai'i, Hawai'i Farm Bureau, and Hawai'i Alliance for Progressive Action. Your Committee received comments on the proposed H.D. 1 from the Department of Agriculture.

Your Committee finds that the proposed H.D. 1 seeks to address the State's critical need for affordable housing, while also providing greater flexibility to address differences between state land use district classifications and county general plans and community development plans. Your Committee further finds that this flexibility is appropriate in view of the comprehensiveness of the county planning process and extensiveness of community involvement when county plans are updated.

Your Committee has amended this measure by adopting the proposed H.D. 1 and further amending the measure by:

- (1) Changing the income cap for the affordable housing requirement to eighty percent of the area median income;
- (2) Prohibiting parceling, defined as the subdivision of lands greater than twenty-five acres into two or more parcels, more than one of which is then proposed for reclassification within a ten-year period from the date of the subdivision;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making a technical, nonsubstantive amendment for the purpose of clarity, consistency, and style.

Your Committee respectfully urges your Committees on Consumer Protection & Commerce and Finance, should they choose to hear this measure, to seek an explanation from the counties on how they can meet the requirements of due process and contested case hearings, as noted in the testimony of the Land Use Commission.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1840, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1840, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Ganaden, B. Kobayashi). Noes, none. Excused, 2 (Kong, McDermott).

**SCRep. 6-22 Water & Land on H.B. No. 1900**

The purpose of this measure is to modernize the definition of thrill craft, as used in the state boating law, and include within the term surfboards using a motorized hydrofoil.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Kihei Community Association, For the Fishes, and twelve individuals. Your Committee received testimony in opposition to this measure from E-Foil Hawaii, Lift Foils, and numerous individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that modernizing the definition of "thrill craft" will help prevent ambiguity in classifying certain vessels as thrill craft. Your Committee further finds that specifically classifying surfboards with motorized hydrofoils as "thrill craft" will help prevent ocean user conflicts and increase safety.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1900, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1900, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Morikawa). Noes, none. Excused, 2 (Kong, McDermott).

#### **SCRep. 7-22      Pandemic & Disaster Preparedness on H.B. No. 1415**

The purpose of this measure is to establish a program within the Hawaii State Fusion Center to train, establish, and operate threat assessment teams, including for educational institutions.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii State Fusion Center, and Honolulu Police Department. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that it is important to be proactive with efforts to keep the community safe from violence and potential acts of violence by engaging in threat assessment actions and protocols. Creating a team of diverse individuals with various skillsets will help identify, assess, and manage potential threats before they occur. Your Committee believes that having a program that allows the State to take preemptive measures against any type of threat can improve the State's ability to protect its residents and visitors.

Your Committee has amended this measure by:

- (1) Requiring the Department of Education and State Public Charter School Commission to vet education threat assessment team members for suitability to receive protected health information, educational records, and criminal history information, in consultation with the Hawaii State Fusion Center;
- (2) Amending its purpose section to clarify that threat assessment teams work with state and county emergency management partners, where appropriate;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1415, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1415, H.D. 1, and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

#### **SCRep. 8-22      Pandemic & Disaster Preparedness on H.B. No. 1571**

The purpose of this measure is to:

- (1) Make it a civil violation for a person to:
  - (A) Misrepresent to a business, church, nonprofit organization, or governmental entity the person's COVID-19 vaccination status;
  - (B) Falsify or alter a COVID-19 vaccination card, or purchase or use a falsified or altered COVID-19 vaccination card; and
  - (C) Sell, distribute, or manufacture a falsified or altered COVID-19 vaccination card; and
- (2) Establish fines.

Your Committee received testimony in support of this measure from the Department of Health, Hawai'i Primary Care Association, and one individual. Your Committee received testimony in opposition to this measure from numerous individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that to combat the spread of the coronavirus disease 2019 (COVID-19), many states, including Hawaii, have implemented vaccination mandates that require proof of vaccination or a negative COVID-19 test prior to entering certain establishments. While this mandate was implemented to ensure the safety of citizens, some who elect not to get vaccinated or take a COVID-19 test have chosen to participate in a very dangerous and illegal activity by misrepresenting their vaccination status through the use of falsified or altered vaccination cards. Your Committee believes that clarifying the penalties relating to misrepresenting an individual's COVID-19 vaccination status will allow the State to better protect its residents and visitors.

Your Committee notes the testimony from the Department of the Attorney General requesting your Committee to change the civil violations into criminal offenses and testimony from the Hawai'i Primary Care Association requesting certain immunity to health care workers for mistakes made in good faith. Your Committee acknowledges these concerns but believes this to be the subject matter for your Committee on Judiciary & Hawaiian Affairs. As such, your Committee respectfully requests that should your Committee on Judiciary & Hawaiian Affairs hear this measure, they take into consideration the two requested amendments.

Your Committee has amended this measure by:

- (1) Inserting the provisions of this measure in Session Law, rather than codifying it in chapter 325, Hawaii Revised Statutes;
- (2) Inserting a sunset date of June 30, 2023;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1571, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1571, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Ward). Noes, none. Excused, none.

#### **SCRep. 9-22      Pandemic & Disaster Preparedness on H.B. No. 1736**

The purpose of this measure is to temporarily allow licensed teachers who have recently retired to be employed as teachers during a state of emergency.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii State Teachers Association, and one individual. Your Committee received comments on this measure from the Hawaii Emergency Management Agency and Employees' Retirement System.

Your Committee finds that the State's severe shortage of teachers was further exacerbated by the coronavirus disease 2019 (COVID-19) pandemic, as many teachers have had to stay home due to exposure to COVID-19, whether in their personal lives or in their classrooms. Your Committee further finds that during the 2020-2021 academic year, over four hundred teachers retired. Your Committee believes that retired teachers are an asset that can be used during a time of emergency to address the shortage of teachers; however, existing law prevents recently retired teachers from doing so. This measure will remedy that by authorizing recently retired teachers to continue to teach during a state of emergency.

Your Committee notes the concern from the Employees' Retirement System regarding the potential negative impact this measure may have on the Employees' Retirement System's status as a qualified governmental plan under the Internal Revenue Code. While it is not the intent of your Committee to jeopardize the Employees' Retirement System's tax qualified status, your Committee finds that this measure addresses a very important issue for the State and believes it should continue through the legislative process while allowing the Employees' Retirement System to consult with its tax counsel.

Accordingly, your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1736, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1736, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

#### **SCRep. 10-22      Pandemic & Disaster Preparedness on H.B. No. 1834**

The purpose of this measure is to:

- (1) Require the Department of Education to establish and administer the strong students grant pilot program to provide grants for eligible education expenses to eligible students;
- (2) Require the Department of Education to submit progress reports on the pilot program to the Legislature; and
- (3) Appropriate funds received from the Elementary and Secondary School Emergency Relief Fund, as established by the Coronavirus Aid, Relief, and Economic Security Act and Coronavirus Response and Relief Supplemental Appropriations Act for the pilot program.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii, HawaiiKidsCAN, and three individuals. Your Committee received comments on this measure from the Department of the Attorney General and Department of Education.

Your Committee finds that the coronavirus disease 2019 pandemic has been disruptive to student learning. To assist in mitigating the disruptiveness the pandemic caused, the State received federal funding to help families in Hawaii through the Elementary and Secondary School Emergency Relief Fund established by the Coronavirus Aid, Relief, and Economic Security Act and Coronavirus Response and Relief Supplemental Appropriations Act. These monies are necessary to ensure students are able to effectively continue learning.

However, your Committee notes that the testimonies from the Department of the Attorney General and Department of Education point out a potential violation of federal guidance for spending Elementary and Secondary School Emergency Relief funds, which authorizes the Department of Education to use the funds for a broad range of activities, but does not allow the Legislature to limit the Department's use of these funds. This measure's directive to use these funds for the pilot program may be deemed as limiting the Department's ability to allocate these funds. As such, your Committee believes that the funding source for this important pilot program should be changed to the general fund, as to not jeopardize the Department of Education's federal funding. However, your Committee respectfully requests that should your Committee on Education hear this measure, it consider whether the general fund is an appropriate funding source.

Accordingly, your Committee has amended this measure by:

- (1) Changing the source of funding for the appropriation from the Elementary and Secondary School Emergency Relief Fund to the general fund;
- (2) Amending the purpose section in accordance with its amended purpose;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that although the appropriation amount is currently blank in this measure, the requested amount is \$5,000,000 for the pilot program.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1834, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1834, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (McKelvey, Ward). Noes, none. Excused, none.

#### **SCRep. 11-22      Water & Land on H.B. No. 511**

The purpose of this measure is to require that plans and applications for registration of title relating to the purchase of any property consisting of more than ten acres be accompanied by a sworn affidavit that the community where the land is located has been given notice of the applicant's intended use of the land and a copy of the notice.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that the use of land, particularly on large lots, can change over time as the land is resold and replanned with no notice to the community. This measure will ensure that the community where the land is located is given notice of the applicant's intended use of the land.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 511, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 511, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

#### **SCRep. 12-22 Energy & Environmental Protection on H.B. No. 1522**

The purpose of this measure is to require:

- (1) The Public Utilities Commission to develop an estimated social cost of carbon;
- (2) Each regulated electric and gas utility to use the estimated social cost of carbon in that utility's respective integrated resource planning process; and
- (3) The State and University of Hawaii to consider the estimated social cost of carbon in planning new infrastructure and capital improvement projects.

Your Committee received testimony in support of this measure from the Public Utilities Commission, Imua Alliance, and one individual. Your Committee received testimony in opposition to this measure from the Hawaiian Electric Company and one individual. Your Committee received comments on this measure from the Department of the Attorney General, Department of Commerce and Consumer Affairs, University of Hawai'i System, and Life of the Land.

Your Committee finds that in order for the State to make comprehensive and cost-effective assessments of investments in durable infrastructure projects, the cost of the greenhouse gas emissions associated with that infrastructure should be considered. While an explicit carbon price might be a tax or a fee levied directly on emissions, an implicit carbon price assigns a monetary value on greenhouse gas emissions that can then be factored into decisions as a way to account for climate-related risks and to align state actions with state policies that seek to reduce emissions. Therefore, the adoption of an implicit carbon price will help to guide decisions in the present so that actions taken now are in alignment with the transition to a low-carbon economy.

Your Committee has amended this measure by:

- (1) Deleting references to the University of Hawaii;
- (2) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1522, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1522, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 13-22 Energy & Environmental Protection on H.B. No. 1805**

The purpose of this measure is to:

- (1) Require cesspool upgrades, conversions, or connections at the point of sale of real property, with certain exemptions; and
- (2) Provide a tax credit for the upgrade or conversion of a cesspool to a department-approved wastewater system or connection of a cesspool to a sewerage system.

Your Committee received testimony in support of this measure from the Department of Health, Life of the Land, Hawaii Reef and Ocean Coalition, WAI: Wastewater Alternatives & Innovations, Rotary Club Hanalei Bay, Surfrider Foundation, and fourteen individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS. Your Committee received comments on this measure from the Department of Taxation and Department of Budget and Finance.

Your Committee finds that Hawaii has nearly eighty-eight thousand cesspools that release more than fifty million gallons of raw sewage into the State's groundwater and surface waters every day. While the State established a requirement for all cesspools in the State to be connected to a sewerage system or upgraded or converted to certain Department of Health-approved wastewater management systems by 2050, further mechanisms must be in place to reduce the number of cesspools in the State, which have the potential to pollute groundwater and harm streams and coastal resources.

Your Committee has amended this measure by:

- (1) Specifying that a taxpayer's federal adjusted gross income be used as the income threshold determinant of the tax credit eligibility and amount;
- (2) Specifying that the income tax credit for a cesspool upgrade, conversion, or connection applies to taxable years beginning after December 31, 2022;
- (3) Clarifying that the upgraded or converted wastewater system be approved by the Director of Health;
- (4) Allowing cesspools to be converted within twelve months of the date of sale recordation;
- (5) Specifying that the cesspool upgrade, conversion, or connection point-of-sale mandate only applies to cesspools located on properties that are within one thousand feet of a shoreline, perennial stream, wetland, drinking water well, or sensitive body of water;
- (6) Authorizing the Department of Health to establish rules for the enforcement of cesspool upgrade, conversion, or connection point-of-sale requirements;
- (7) Inserting language that appropriates funds for four full-time equivalent (4.0 FTE) positions for the Department of Health's Wastewater Branch to assist with monitoring and enforcing cesspool upgrades, conversions, and connections;
- (8) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1805, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1805, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (Tokioka). Excused, none.

**SCRep. 14-22 Energy & Environmental Protection on H.B. No. 1807**

The purpose of this measure is to direct the Public Utilities Commission to adopt guidelines that require electric utilities to develop electricity load management plans that integrate and leverage the capabilities of distributed energy resources and energy efficiency to reduce the need for utility expenditures on distribution, transmission, and other utility infrastructure before interconnecting any new residential, commercial, or industrial development that requires costs of utility infrastructure upgrades in excess of a threshold determined by the Commission.

Your Committee received testimony in opposition to this measure from the Hawaiian Electric Company, Inc. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, Hawaii State Energy Office, Life of the Land, and Tesla.

Your Committee finds that especially for new developments, it is imperative that electric utilities develop electricity load management plans that integrate and leverage the capabilities of distributed energy resources and energy efficiency to prevent ratepayers from paying for unnecessarily large capital expenditures.

Your Committee has amended this measure by:

- (1) Inserting language that exempts electric vehicle charging infrastructure applications from the provisions of this measure;
- (2) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1807, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1807, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Matayoshi). Noes, none. Excused, none.

**SCRep. 15-22 Energy & Environmental Protection on H.B. No. 1800**

The purpose of this measure is to:

- (1) Establish a goal for the statewide greenhouse gas emissions limit to be at least seventy percent below 2005 levels by 2030; and
- (2) Require and appropriate funds for the Hawaii State Energy Office to conduct a study to determine Hawaii's pathway to decarbonization and identify challenges, opportunities, and actions that will be needed to achieve those goals.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Climate Change Mitigation and Adaptation Commission, Hawaii State Energy Office, 350Hawaii.org, Blue Planet Foundation, Climate Protectors Hawai'i, Life of the Land, Imua Alliance, Hawaiian Electric Company, and five individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Public Utilities Commission.

Your Committee finds that climate change poses immediate and long-term threats to Hawaii's economy, public health, natural resources, environment, and way of life. While the State achieved its 2020 statewide goals for reducing greenhouse gas emissions, there are no additional decarbonization targets until 2045. Therefore, in order to achieve the goal of a fully decarbonized economy, the State needs to establish near-term decarbonization targets and plan ahead to identify challenges and actions that will need to be taken to achieve its decarbonization goals.

Your Committee has amended this measure by:

- (1) Establishing the statewide greenhouse gas emissions limit of at least seventy percent below 2005 levels by 2030 in section 225P-5, Hawaii Revised Statutes, rather than section 342B-71, Hawaii Revised Statutes;
- (2) Providing more flexibility for the Department of Health in reporting greenhouse gas emissions;
- (3) Adding items and considerations for the Hawaii State Energy Office to include in its analysis and recommendations for achieving the State's economy-wide decarbonization goals;
- (4) Extending the deadline for the Hawaii State Energy Office's report to no later than twenty days prior to the convening of the Regular Session of 2024;
- (5) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1800, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1800, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Matayoshi). Noes, none. Excused, none.

**SCRep. 16-22 Energy & Environmental Protection on H.B. No. 1595**

The purpose of this measure is to authorize independent generators of renewable energy to wheel the renewable electricity they produce pursuant to administrative rules established by the Public Utilities Commission.

Your Committee received testimony in support of this measure from Tawhiri Power LLC, Hawaii Clean Power Alliance, Blue Planet Foundation, and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, Hawaii State Energy Office, Hawaiian Electric Company, and Life of the Land.

Your Committee finds that the production of clean electricity may be encouraged if independent generators of clean electricity can engage in retail wheeling, in which electric power is transmitted from one independent generator of renewable energy to users of renewable energy over the existing transmission lines of a third-party electric utility. Through retail wheeling, users of renewable energy, including the State and the counties, could acquire clean electricity by purchasing it from a clean electricity project developer, helping the State achieve its goal of one hundred percent renewable energy by 2045.

Your Committee has amended this measure by:

- (1) Extending the deadline for the Public Utilities Commission to:
  - (A) Establish rules to implement retail wheeling to December 31, 2023; and

- (B) Submit a report to the Legislature on retail wheeling to no later than twenty days prior to the convening of the Regular Session of 2024;
- (2) Inserting language that directs the Public Utilities Commission to evaluate the need to adopt customer protection measures, including disallowing a wheeling project under certain conditions;
- (3) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1595, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1595, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Tokioka). Noes, none. Excused, none.

#### **SCRep. 17-22      Energy & Environmental Protection on H.B. No. 1808**

The purpose of this measure is to:

- (1) Increase the percentage of royalties received by the State from geothermal resources that are to be paid to the county in which the geothermal resources are located;
- (2) Require the royalties paid to a county to be used for further geothermal resources discovery and development; and
- (3) Require the county to submit an annual report to the Legislature on how it used the royalties.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources and Life of the Land. Your Committee received comments on this measure from the Hawaii State Energy Office and Hawaii Clean Power Alliance.

Your Committee finds that geothermal technology facilitates the generation of power from heat and energy found below the Earth's surface. Currently, thirty percent of the royalties received by the State from geothermal resources are paid to the county in which the mining operations are situated. Increasing the royalties to the counties to further advance geothermal resources discovery and development may play a significant role in achieving one hundred percent renewable energy generation statewide.

Your Committee notes the concerns of the Department of Land and Natural Resources that any reduction in the State's share of geothermal royalties would result in a shortfall of funding for its Mineral Resources Program. Your Committee believes that this issue and the possibility of increasing the funding ceiling of the Department's Special Land and Development Fund merit further discussion by your Committee on Finance.

Your Committee has amended this measure by changing the effective date to July 1, 2100, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1808, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1808, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 18-22      Energy & Environmental Protection on H.B. No. 1524**

The purpose of this measure is to amend the definition of "petroleum product", as it applies to unfair trade practices by the petroleum industry, to mean any product derived from the distillation of crude oil.

Your Committee received testimony in support of this measure from the Public Utilities Commission, Hawaii State Energy Office, Life of the Land, and one individual.

Your Committee finds that the existing definition of "petroleum product" excludes certain types of oil-derived products, resulting in these products not being subject to certain fines, consumer protections, and other safeguards. This measure will help to reduce threats to energy security for residents, as well as negotiation imbalances that impose costs on ratepayers.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1524 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 19-22      Energy & Environmental Protection on H.B. No. 1801**

The purpose of this measure is to:

- (1) Require state facilities, with the exception of smaller facilities, to implement cost-effective energy efficiency measures;
- (2) Direct the Hawaii State Energy Office to collect all state-owned facilities' utility bill and energy usage data and make this data publicly available;
- (3) Establish a goal for the State to achieve at least a twenty-five percent reduction in the electricity consumption of state facilities;
- (4) Provide that certain agencies that perform energy efficiency retrofitting may continue to receive a certain amount of budget appropriations for energy expenditures; and
- (5) Beginning July 1, 2023, require, where feasible and cost-effective, the design of all new state building construction to maximize energy and water efficiency and energy generation potential and to use building materials that reduce the carbon footprint of the project.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office; Life of the Land; Hawai'i Energy; Ulupono Initiative; 350Hawaii.org; Blue Planet Foundation; Chamber of Commerce Hawaii; Climate Protectors Hawai'i; Johnson Controls, Inc.; Elemental Excelsior; and three individuals.

Your Committee finds that energy efficiency is the most cost-effective way to reduce emissions associated with electricity generation and consumption. Although energy used to power buildings accounts for more than fifty percent of the electricity consumed in the State, the State has not undertaken improvements for increased efficiency in many of its own facilities, forgoing millions of dollars in potential savings. Implementation of energy efficiency measures by state agencies allows the State to lead by example when it comes to energy efficiency initiatives and energy efficient design for new construction, which maximize the savings of taxpayer dollars that would otherwise be spent on utility bills.

Your Committee has amended this measure by:

- (1) Increasing the State's goal in its reduction of electricity consumption of state facilities from twenty-five percent to thirty percent; and
- (2) Changing the effective date to July 1, 2100, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1801, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1801, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Tokioka). Noes, none. Excused, none.

#### **SCRep. 20-22      Energy & Environmental Protection on H.B. No. 1806**

The purpose of this measure is to require cesspools in the State to be upgraded or converted to a wastewater system approved by the Department of Health before January 1, 2050.

Your Committee received testimony in support of this measure from the Department of Health, Life of the Land, and one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that Hawaii has nearly eighty-eight thousand cesspools that release more than fifty million gallons of raw sewage into the State's groundwater and surface waters every day. Although the State established a requirement for the upgrade, conversion, or connection of all cesspools in the State by 2050, the language of the mandate should be made clearer to ensure that cesspools are upgraded or converted to a Director of Health-approved wastewater system.

Your Committee has amended this measure by clarifying that the upgraded or converted wastewater system be approved by the Director of Health.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1806, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1806, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 21-22      Transportation on H.B. No. 1414**

The purpose of this measure is to make a person who is the registered owner of a vehicle that was deemed abandoned or derelict subject to a tiered fine system.

Your Committee received testimony in support of this measure from the Hawaii Council of Mayors; Mayor of the County of Hawai'i; one member of the Maui County Council; one member of the Hawai'i County Council; one member of the Kaua'i County Council; County of Maui Department of Environmental Management; City and County of Honolulu, Department of Customer Services, Motor Vehicles, Licensing and Permitting Division; Nanawale Community Association Board of Directors; and nine individuals.

Your Committee finds that abandoned vehicles present a widespread environmental hazard and are a public eyesore that create unsafe and unhealthy conditions for Hawaii's residents. This issue stems from the ease of abandoning vehicles, leading to individuals having multiple abandoned vehicles registered under their name. This measure deters and curtails individuals from abandoning their vehicles by expanding penalties for those who have multiple abandoned vehicles.

Your Committee has amended this measure by:

- (1) Changing the tiered fine system for a person who is a registered owner of a vehicle that was deemed abandoned or derelict to apply to third, fourth, and fifth violations, rather than first, second, and third violations;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1414, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1414, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takumi).

#### **SCRep. 22-22      Transportation on H.B. No. 1412**

The purpose of this measure is to require the counties to provide a minimum distance a vehicle must be moved within a specified timeframe after a vehicle is initially inspected for abandonment to avoid an official classification of abandonment.

Your Committee received testimony in support of this measure from the Hawaii Council of Mayors; Mayor of the County of Hawai'i; one member of the Maui County Council; one member of the Kaua'i County Council; one member of the Hawai'i County Council; County of Maui Department of Environmental Management; City and County of Honolulu, Department of Customer Services, Motor Vehicles, Licensing and Permitting Division; LavaRock Farm; and eleven individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that abandoned vehicles continue to overrun neighborhoods across the State and the prevalence of abandoned vehicles on public streets has created widespread environmental and safety issues. Existing law is silent regarding the distance a vehicle must be moved in order to no longer be classified as abandoned. This creates ambiguity in the disposition of an abandoned vehicle if a vehicle that was once deemed abandoned can no longer be classified as abandoned if it merely moves an inch or two from the location where it was first deemed abandoned. Therefore, taking steps to provide objectivity

and clarity in the law as to how much a vehicle must be moved and when it must be moved in order to no longer be classified as abandoned would improve enforcement of this issue.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1412, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1412, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takumi).

#### **SCRep. 23-22      Transportation on H.B. No. 1413**

The purpose of this measure is to:

- (1) Authorize a county director of finance to require payment of outstanding charges and fines relating to the disposition of an abandoned vehicle before issuing a certificate of registration or completing a transfer of ownership, except under certain circumstances; and
- (2) Require a county director of finance to notify the appropriate county examiner of drivers of the individuals who have outstanding charges and fines owed to the county relating to the disposition of an abandoned vehicle for the purposes of suspending, revoking, or prohibiting the renewal of their driver's licenses.

Your Committee received testimony in support of this measure from the Hawaii Council of Mayors; Mayor of the County of Hawai'i; one member of the Maui County Council; one member of the Kaua'i County Council; one member of the Hawai'i County Council; County of Kaua'i Department of Finance; County of Maui Department of Environmental Management; City and County of Honolulu, Department of Customer Services, Motor Vehicles, Licensing and Permitting Division; Nanawale Community Association Board of Directors; and eleven individuals.

Your Committee finds that there has been a rise in abandoned vehicles within the State, necessitating a large amount of funding for the counties to dispose of the abandoned vehicles. While charges and fines are levied against individuals who abandon their vehicles to offset the costs, there is no existing mechanism that requires the individuals to pay the charges within a reasonable timeframe, resulting in numerous outstanding cases within the State. This measure ensures that individuals against whom charges and fines are levied pay in a more timely manner.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1413, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1413, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takumi).

#### **SCRep. 24-22      Transportation on H.B. No. 1632**

The purpose of this measure is to:

- (1) Set weight limitations for tour operators and rental vehicles;
- (2) Establish user fees for certain vehicles to access Hana Highway and Haleakala Highway; and
- (3) Amend the Highway Development Special Fund to allow the deposit of funds received from the user fees into the special fund and authorize the funds to be used for the development and improvement of Hana Highway and Haleakala Highway.

Your Committee received testimony in support of this measure from four members of the Maui County Council and two individuals. Your Committee received testimony in opposition to this measure from the Hawaii Transportation Association. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that Hana Highway and Haleakala Highway are heavily used by Maui residents and visitors, providing access to highly trafficked areas of Maui. To ensure the safety of residents and visitors, it is critical to establish certain vehicle weight restrictions and user fees for the development and improvement of the highways. Your Committee further finds that the concerns of the Department of Transportation about the proposed user fees in this measure warrant further guidance from the Federal Highway Administration.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "electric scooter";
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1632, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1632, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takumi).

#### **SCRep. 25-22      Water & Land on H.B. No. 2016**

The purpose of this measure is to require the Department of Land and Natural Resources to prepare a master plan for the Sand Island State Recreation Area.

Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Budget and Finance.

Your Committee finds that the Sand Island State Recreation Area, located in the core of Honolulu and adjacent to a densely populated residential area, requires infrastructural and other upgrades due to deterioration from age, heavy use and misuse, and saltwater exposure. Your Committee further finds that the Sand Island State Recreation Area has the potential to be developed into an urban flagship "people's park" but requires planning that includes considerations such as community input, changing environmental conditions, opportunities for preserving and highlighting historic features, and opportunities to expand outdoor recreation.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2016, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2016, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 26-22 Water & Land on H.B. No. 2288**

The purpose of this measure is to transfer the real property located at 560 Makapuu Avenue, Honolulu, Hawaii 96816, to the Department of Hawaiian Home Lands.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and two individuals. Your Committee received testimony in opposition to this measure from the University of Hawai'i System.

Your Committee finds that the transfer of this parcel of real property to the Department of Hawaiian Home Lands will help the Department to increase homesteading opportunities for its beneficiaries on Oahu.

Your Committee has amended this measure by changing its effective date to July 1, 2050, to encourage further discussion.

Your Committee requests that the University of Hawaii, which identified itself as the fee-simple owner of the subject property, keep your Committee and subsequent committees deliberating this measure apprised of its plans for the subject property.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2288, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2288, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 27-22 Water & Land on H.B. No. 1670**

The purpose of this measure is to establish a Boundary Review Committee within the Land Use Commission to promptly and efficiently resolve boundary disputes brought before the Commission.

Your Committee received testimony in support of this measure from the Land Use Commission.

Your Committee finds that boundary disputes brought before the entire Land Use Commission are burdensome for the Commission and parties involved. This measure will streamline disputes over boundary interpretations and promote efficiency in government.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1670, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1670, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

**SCRep. 28-22 Education on H.B. No. 1560**

The purpose of this measure is to amend the minimum qualification for Board of Education members to diversify the experience of Board members and clarify that the Board's best practices should be aligned with those of organizations such as the National Association of State Boards of Education.

Your Committee received testimony in support of this measure from HawaiiKidsCAN and three individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that the Board of Education serves the important role of formulating the educational policy for Hawaii's education system. As schools expand their career readiness programs and partnerships with employers to meet the needs of the local and global workforce and community, the Board will need to have a sophisticated understanding of policy related to a wide range of subjects and disciplines. Your Committee believes that having members with diverse backgrounds, expertise, and perspectives on the Board of Education will be of great benefit to Hawaii's education system and will better prepare students for their future.

Your Committee has amended this measure by:

- (1) Clarifying that nominees shall have relevant experience so that collectively, the Board of Education shall have knowledge, experience, and proven expertise in education, workforce development, critical industries to the State, emerging fields, energy, advanced manufacturing, health care, business, technology, entrepreneurship, real estate finance, or organization management;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1560, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1560, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, none.

**SCRep. 29-22 Education on H.B. No. 1697**

The purpose of this measure to:

- (1) Require the Department of Education to provide comprehensive training for teachers and educational officers on certain sexual health topics to destigmatize and promote sexual health; and
- (2) Require sexual health education programs to include similar sexual health topics to destigmatize and promote sexual health.

Your Committee received testimony in support of this measure from the Department of Health; Hawaii State Council on Developmental Disabilities; Stonewall Caucus of the Democratic Party of Hawaii; Hawaii Youth Services Network; American Academy of Pediatrics, Hawaii Chapter; Planned Parenthood Alliance Advocates; Pono Hawai'i Initiative; Pacific Survivor Center; Hawaii Children's Action Network Speaks; Assets High School Gay Straight Alliance; Ilima Intermediate School Gay Straight Alliance; and numerous individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education. Your Committee received testimony in opposition to this measure from the Hawaii Federation of Republican Women and numerous individuals. Your Committee received comments on this measure from the National Association of School Psychologists.

Your Committee finds that existing sexual education standards within secondary schools in Hawaii are not providing students with the necessary knowledge and tools to make responsible, informed, and empowered choices about their sexuality, gender, relationships, and sexual and reproductive health. The current emphasis on abstinence and problem-focused language offered in Hawaii schools can add to the ongoing stigmatization of sexual health topics. Your Committee further finds that a broader, more comprehensive sex education program that covers forms of sexual expression, healthy sexual and non-sexual relationships, diverse identities across gender and culture, sexual orientation, and consent should be provided to secondary school students to ensure students feel safe and empowered to learn, ask questions, and make positive choices for themselves.

Your Committee has amended this measure by:

- (1) Including disability communities in the topics of sexual health that teachers and educational officers shall have comprehensive training on and to be included in sexual health programs;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1697, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1697, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Gates). Noes, 2 (Quinlan, Okimoto). Excused, none.

**SCRep. 30-22 Education on H.B. No. 1799**

The purpose of this measure is to require the Department of Education to:

- (1) Offer optional asthma education courses to students; and
- (2) Develop and provide required asthma training to teachers and other department employees who interact with students.

Your Committee received testimony in support of this measure from the Hawaii Primary Care Association; American Academy of Pediatrics, Hawaii Chapter; Hawaii Medical Association; American Lung Association in Hawaii; Hawaii Children's Action Network Speaks!; AlohaCare; and four individuals. Your Committee received testimony in support of the intent of this measure from the Department of Health and Hawaii Association of School Psychologists. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that, according to the Department of Health, more than one hundred ten thousand Hawaii residents are living with asthma and approximately one-third of those are children. Although the asthma mortality rate has declined over the past ten years, there was an average of twenty-two deaths per year from asthma in Hawaii between 2013 and 2015.

Your Committee further finds that published research funded by the Centers for Disease Control and Prevention for the Journal of School Health has shown that students who engage in school-based asthma education experienced significantly fewer days with activity limitations and significantly fewer nights of sleep disturbance after participation in the intervention. This measure seeks to also introduce asthma education courses to Hawaii's students and to provide training to teachers and other Department of Education employees to ensure students with asthma are able to thrive in all environments.

Your Committee has amended this measure by:

- (1) Clarifying that optional asthma self-management instruction to students with asthma is to be offered by the Department of Education, rather than offering courses to students;
- (2) Authorizing, rather than requiring, the Department of Education to offer the optional asthma self-management instruction to students with asthma;
- (3) Changing its effective date to July 1, 2050; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1799, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1799, H.D. 1, and be referred to your Committee on Health, Human Services, & Homelessness.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

**SCRep. 31-22 Education on H.B. No. 1775**

The purpose of this measure is to:

- (1) Define the scope and application of chapter 368D, Hawaii Revised Statutes, which prohibits discrimination on the basis of sex or sexual orientation, in state educational programs and activities, and set forth requirements with which covered entities must comply; and
- (2) Require annual reports to the Legislature on the number and types of Title IX cases received by the Department of Education, public charter schools, and the University of Hawaii, and other relevant information.

Your Committee received testimony in support of this measure from the State Public Charter School Commission, Hawaii Civil Rights Commission, Rainbow Family 808, Stonewall Caucus of the Democratic Party of Hawaii, American Association of University Women of Hawaii, Hawaii Women's Coalition, Hawaii State Democratic Women's Caucus, Americans for Democratic Action, Planned Parenthood Alliance Advocates, Hawaii Children's Action Network Speaks!, and fourteen individuals. Your Committee received testimony in support of the intent of this measure from the University of Hawaii. Your Committee received comments on this measure from the Department of Education, Department of the Attorney General, and National Association of School Psychologists.

Your Committee finds that 2022 is the fiftieth anniversary of the Patsy T. Mink Equal Opportunity in Education Act, otherwise known as Title IX of the Education Amendments of 1972 (20 U.S.C. 1681 et seq.), or simply "Title IX", which has given millions of girls and women educational opportunities that were undreamed of before the enactment of Title IX. However, recent federal administrative rules adopted in 2020 significantly diminished the rights and protections for students and employees under Title IX.

Your Committee further finds that Act 110, Session Laws of Hawaii 2018, created a state corollary to Title IX by prohibiting discrimination on the basis of sex, including gender identity or expression, or sexual orientation, in any state educational program or activity, or in any educational program or activity that receives state financial assistance. This measure further defines the scope and application of the state corollary to Title IX and sets forth requirements that public education institutions in the State must comply with to ensure that the needs of victims of unlawful sex-based discrimination, including sexual harassment, gender-based harassment, and sexual assault, are properly addressed.

Your Committee has amended this measure by:

- (1) Specifying that ensuring the prohibition of discrimination on the basis of sex, including gender identity or expression, or sexual orientation, is a matter of statewide concern;
- (2) Appropriating an unspecified amount of funds to the State Public Charter School Commission for the hiring of one full-time equivalent position to ensure compliance by public charter schools with Title IX of the federal Education Amendments of 1972, as amended;
- (3) Changing its effective date to July 1, 2050; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1775, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1775, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Okimoto). Noes, none. Excused, none.

#### **SCRep. 32-22      Agriculture on H.B. No. 1705**

The purpose of this measure is to allow the Department of Agriculture to extend the lease of any agricultural park lessee who holds a lease with a remaining term of fifteen years or less; provided that the land covered by the lease is twenty-five acres or less and located in a county with a population of less than five hundred thousand.

Your Committee received testimony in support of this measure from Bromeliads Hawaii, LLC; Ono Nut Farms, Inc.; Pacific Floral Exchange, Inc.; Hawaii Floriculture and Nursery Association; Hawai'i Farm Bureau; and five individuals. Your Committee received testimony in opposition to this measure from the Department of Agriculture. Your Committee received comments on this measure from the Hawaii Cattlemen's Council and Land Use Research Foundation of Hawaii.

Your Committee finds that as agricultural park lessees near the end of their lease term, it becomes difficult or unfeasible to invest capital into or make major infrastructural improvements to the agricultural operations or farm, as the lessees are uncertain whether they will be able to extend their lease and continue their operations on that agricultural park land. This measure seeks to remedy that situation and allow the Department of Agriculture to extend leases to continue these agricultural activities.

However, your Committee recognizes that determining the remainder of a lease term in which a lessee can qualify for a lease extension, as well as arriving at the term duration of an extended lease, merit further discussion. In this regard, your Committee respectfully requests that your Committee on Consumer Protection & Commerce consider this matter in its discussion should it decide to hear this measure.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1705 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (Marten). Excused, none.

#### **SCRep. 33-22      Agriculture on H.B. No. 1717**

The purpose of this measure is to appropriate funds to the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources to:

- (1) Establish the foreign agriculture small equipment pilot program, in collaboration with a University of Hawaii community college, to identify and purchase foreign agricultural technology and equipment; and
- (2) Submit a report to the Legislature prior to the Regular Session of 2023.

Your Committee received testimony in support of this measure from the Land Use Research Foundation of Hawaii, Hawai'i Farm Bureau, Hawaii Floriculture and Nursery Association, Ulupono Initiative, Hawaii Cattlemen's Council, Hawaii Coffee Association, and four individuals. Your Committee received comments on this measure from the Department of Agriculture, Department of Budget and Finance, University of Hawaii at Manoa College of Tropical Agriculture and Human Resources, and one individual.

Your Committee recognizes the importance of new technologies to enable Hawaii's farmers and ranchers to strengthen crop development and production. Establishment of a foreign agriculture small equipment pilot program will enable greater efficiencies in farming practices, especially for small-scale farming in Hawaii and further the viability of agriculture and food self-sufficiency in the State.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1717 and recommends that it pass Second Reading and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 34-22 Economic Development on H.B. No. 2002**

The purpose of this measure is to reinstate the renewable fuels production tax credit.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Hawaii Clean Power Alliance, Hawai'i Gas, and Pacific Biodiesel Technologies. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Pet Food Institute, and Tax Foundation of Hawaii.

Your Committee finds that renewable fuels provide lower-cost alternative fuels for residential, commercial, and industrial customers. Your Committee further finds that to support the use of renewable fuels, Act 202, Session Laws of Hawaii 2016, was enacted to establish a renewable fuels production tax credit; however, this tax credit has since been repealed. Your Committee believes that the importance of producing renewable fuel merits reinstating the renewable fuels production tax credit.

Your Committee has amended this measure by:

- (1) Specifying that each taxpayer, including all of its related entities and business entities under common control, shall not be eligible for more than a single five-year credit period;
- (2) Including wastewater as a renewable feedstock;
- (3) Inserting a sunset date of December 31, 2031; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2002, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2002, H.D. 1, and be referred to your Committee on Energy & Environmental Protection.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (D. Kobayashi). Excused, 1 (Belatti).

**SCRep. 35-22 Higher Education & Technology on H.B. No. 1531**

The purpose of this measure is to establish a collective bargaining unit for graduate assistants employed by the University of Hawaii.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Democratic Party of Hawaii Education Caucus; Hawaii Workers Center; UNITE HERE Local 5; Democratic Party of Hawaii Labor Caucus; Academic Labor United; United Electrical, Machine, and Radio Workers Union; Editorial Board of Hawaii Review; and numerous individuals. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that graduate student assistants encounter a myriad of work-related issues which would be most fairly resolved through the collective bargaining process. Your Committee further finds that the right to collectively bargain would give graduate student assistants employed by the University of Hawaii the power to negotiate grievance procedures, including access to arbitration; negotiate their salary, wages, and benefits; and protect themselves against arbitrary and capricious employment behavior.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1531 and recommends that it pass Second Reading and be referred to your Committee on Labor & Tourism.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Okimoto). Excused, 1 (Woodson).

**SCRep. 36-22 Higher Education & Technology on H.B. No. 2187**

The purpose of this measure is to:

- (1) Provide for the expiration of two terms of members of the University of Hawaii Board of Regents each year, instead of three terms; and
- (2) Require the Governor to adjust the terms of members appointed to the Board of Regents until the number of terms set to expire each year is two, not including the student member.

Your Committee received testimony in support of this measure from the University of Hawaii Board of Regents.

Your Committee finds that Act 172, Session Laws of Hawaii 2019, reduced the number of members of the Board of Regents of the University of Hawaii from fifteen to eleven. As such, the number of members whose terms will expire in the coming years is not evenly distributed and may result in sudden losses of institutional knowledge and experience. Your Committee further finds that realignment of the terms of members of the Board of Regents appointed by the Governor is necessary until an equitable number of terms expire each year.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2187, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2187, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Woodson).

**SCRep. 37-22 Higher Education & Technology on H.B. No. 1885**

The purpose of this measure to establish within the Office of Enterprise Technology Services a Chief Data Officer and a Data Task Force to develop, implement, and manage statewide data policies, procedures, and standards.

Your Committee received testimony in support of this measure from the Office of Information Practices, Office of Enterprise Technology Services, Hawaii Health Information Exchange, Transform Hawaii Government, Civil Beat Law Center for the Public Interest, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the efficient integration, management, governance, and sharing of data can greatly improve state programs and the delivery of services to the State's citizens. This measure establishes the Chief Data Officer to develop, implement, and manage statewide data policies, procedures, and standards for the entire State.

Your Committee notes that the estimated cost for the establishment of the Chief Data Officer is \$130,000 for the first fiscal year and \$260,000 for subsequent years.

Your Committee has amended this measure by:

- (1) Clarifying the role of the Chief Data Officer to improve departmental decision making;
- (2) Removing the legislative members of the task force;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1885, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1885, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Woodson).

#### **SCRep. 38-22 Economic Development on H.B. No. 1782**

The purpose of this measure is to allow an electric utility to own, operate, lease, plan, construct, install, maintain, or replace broadband facilities, including middle mile infrastructure, to help facilitate the development of and investment in broadband facilities and services in the State.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Kaua'i Island Utility Cooperative; Hawaiian Electric Company; and Ocean Networks, Inc. Your Committee received testimony in opposition to this measure from Charter Communications. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, Common Cause Hawaii, and Hawaiian Telcom.

Your Committee finds that it is critical to improve access to broadband services for residents, consumers, and businesses across the State. Although broadband coverage in the State is widespread, the lack of accessibility to reliable high-speed broadband has had a negative effect in many areas, but particularly to rural, unserved, and underserved communities. Allowing an electric utility to own, operate, lease, plan, construct, install, maintain, or replace broadband facilities will help facilitate the development of and investment in broadband facilities and services across the State.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "person"; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1782, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1782, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, 2 (D. Kobayashi, Okimoto). Excused, 1 (Belatti).

#### **SCRep. 39-22 Health, Human Services, & Homelessness on H.B. No. 1675**

The purpose of this measure is to:

- (1) Permit minors to consent to medical care and services related to the diagnosis, treatment, or prevention of the human immunodeficiency virus;
- (2) Specify that a minor, under certain circumstances, shall not be liable for payment associated with the diagnosis, treatment, or prevention of human immunodeficiency virus; and
- (3) Authorize physician assistants, in addition to physicians and advanced practice registered nurses, to render such medical care and services to minors.

Your Committee received testimony in support of this measure from the Department of Health; Kaiser Permanente; Hawaii Youth Services Network; Kumukahi Health + Wellness; Rainbow Family 808; Stonewall Caucus of the Democratic Party of Hawai'i; Hawai'i Health & Harm Reduction Center; Hawai'i Academy of Physician Assistants; Hale Kipa, Inc.; Planned Parenthood Alliance Advocates; and nine individuals. Your Committee received comments on this measure from the Hawai'i State Center for Nursing.

Your Committee finds that this measure supports critical treatment of minors diagnosed with human immunodeficiency virus (HIV) and could help prevent HIV acquisition in minors. Existing statutes do not appear to permit minors to consent to medical care related to the prevention of HIV, including the use of highly effective medication that was approved for minors in 2018. Permitting minors who cannot or will not seek the consent of their parents or guardians to consent to HIV medical care is essential to the health of minors and valuable in ending the HIV epidemic in Hawaii.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1675, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1675, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 40-22 Health, Human Services, & Homelessness on H.B. No. 1579**

The purpose of this measure is to:

- (1) Extend the date by which the transfer of the Oahu Regional Health Care System facilities from the Hawaii Health Systems Corporation to the Department of Health is to be completed from December 31, 2022, to December 31, 2023;
- (2) Set the proper manner by which the Oahu Regional Health Care System should seek operational funding during the transition process;
- (3) Grant the transition working group certain exemptions to enable it to expeditiously carry out its responsibilities; and
- (4) Appropriate funds to formulate and execute a comprehensive business and transition plan.

Your Committee received testimony in support of this measure from the University of Hawai'i System and United Public Workers, AFSCME Local 646, AFL-CIO. Your Committee received comments on this measure from the Department of Health, Department of Budget and Finance, Office of Information Practices, Oahu Region Hawaii Health Systems Corporation, and Hawaii Health Systems Corporation.

Your Committee finds that Act 212, Session Laws of Hawaii 2021, requires the transfer of the Oahu Region Health Care System facilities from the Hawaii Health Systems Corporation to the Department of Health to be completed by December 31, 2022. Your Committee further finds that due to the complex nature of the transfer and the diversion of the Department of Health's focus to other pressing issues, additional time is needed to complete this transfer.

Your Committee has amended this measure by:

- (1) Requiring the transition working group to submit an additional report to the Legislature no later than twenty days prior to the Regular Session of 2023;
- (2) Clarifying that the reason for the exemption from chapter 92, Hawaii Revised Statutes, granted to the working group is to protect patient privacy and the confidentiality of prospective bidders;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1579, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1579, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, none.

#### **SCRep. 41-22      Agriculture on H.B. No. 1711**

The purpose of this measure is to appropriate funds to the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources to establish three full-time equivalent (3.0 FTE) positions at the Kauai Research and Extension Station, including one livestock extension agent.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, Hawaii Floriculture and Nursery Association, Ulupono Initiative, Hawaii Cattlemen's Council, and seven individuals. Your Committee received comments on this measure from the Department of Agriculture, Department of Budget and Finance, and University of Hawaii at Manoa College of Tropical Agriculture and Human Resources.

Your Committee finds that the College of Tropical Agriculture and Human Resources Kauai Research and Extension Station has been central in helping to develop and improve agricultural technologies for Hawaii's farmers, such as providing intensive cover crop research, promoting the importance of locally-grown produce, and developing biological and cultural methods for controlling pests without chemicals. Increasing the number of personnel for the Kauai Research and Extension Station will assist farmers and ranchers on the island of Kauai.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1711 and recommends that it pass Second Reading and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 42-22      Water & Land on H.B. No. 1655**

The purpose of this measure is to expand the types of activities excluded from the definition of "development" as it applies to special management areas to reduce the need for special management area permits for these activities.

Your Committee received testimony in support of this measure from the Department of Planning and Permitting of the City and County of Honolulu, Department of Planning of the County of Maui, Planning Department of the County of Hawaii, and Department of Public Works of the County of Maui. Your Committee received comments on this measure from the Office of Planning and Sustainable Development.

Your Committee finds that the existing law governing special management areas does not exempt actions that are typically conducted by government agencies and conservation organizations for public benefit projects, such as constructing a sidewalk, adding a bike lane, or controlling invasive vegetation. This measure would streamline government and private-sector activities that benefit the people of Hawaii.

Your Committee has amended this measure by:

- (1) Further modifying the types of activities excluded from the definition of "development" as it applies to special management areas;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1655, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1655, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

#### **SCRep. 43-22      Water & Land on H.B. No. 1712**

The purpose of this measure is to protect agricultural lands in Hawaii for agricultural use by prohibiting the siting of waste disposal facilities on important agricultural lands and agricultural lands with class A productivity ratings.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Farm Bureau, Ulupono Initiative, Hawaii Crop Improvement Association, and one individual. Your Committee received comments on this measure from the Department of Environmental Services of the City and County of Honolulu.

Your Committee finds that siting landfills on agricultural lands presents safety and compliance problems for farmers and the public. Situating a landfill on or near farmland jeopardizes crop safety because it may cause contamination through dust, soil runoff, or poor water quality. Agriculture plays an important part in Hawaii's economy and sustainability strategy. Your Committee firmly believes that the primary use of lands within the agricultural district, especially lands with the most productive soils, should be reserved primarily for actual agricultural purposes.

Your Committee has amended this measure by:

- (1) Also prohibiting the siting of waste disposal facilities on agricultural lands with class B soil;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1712, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1712, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

#### **SCRep. 44-22 Finance on H.B. No. 2500**

The purpose of this measure is to appropriate funds to provide for the expenses of the Legislature, Auditor, Legislative Reference Bureau, Ombudsman, and Hawaii State Ethics Commission.

Your Committee received testimony in support of this measure from the Office of the Auditor, Office of the Ombudsman, Hawaii State Ethics Commission, House Chief Clerk's Office, and League of Women Voters of Hawaii. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that this measure appropriates sufficient funds to defray the necessary expenses of the Senate and House of Representatives up to June 30, 2023, including session and nonsession expenses. Your Committee further finds that this measure also appropriates sufficient funds to defray the necessary expenses of the Office of the Auditor, Legislative Reference Bureau, Office of the Ombudsman, and Hawaii State Ethics Commission for fiscal year 2022-2023.

Your Committee has amended this measure by changing the appropriation amount to the Legislative Reference Bureau to more accurately reflect the needs of the Bureau.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2500, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2500, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Nishimoto, Perruso, McDermott).

#### **SCRep. 45-22 Housing on H.B. No. 1751**

The purpose of this measure is to increase housing opportunities by allowing the counties to determine by ordinance the appropriateness of allowing dwellings on each quarter-acre, rather than each half-acre, of lands in rural districts; provided the ordinances are consistent with the county general plan and community development plans.

Your Committee received testimony in support of this measure from the Hawaii Association of REALTORS and one individual. Your Committee received comments on this measure from the Department of Agriculture and Office of Planning and Sustainable Development.

Your Committee finds that under state law, counties may, by ordinance, allow dwellings on each one-half acre in rural districts. Given the shortage of housing in Hawaii, counties should be permitted to determine whether to allow one dwelling per one-quarter acre; provided that the dwelling is consistent with the county general plan and community development plan.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1751, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1751, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Kitagawa, LoPresti, Takumi, McDermott).

#### **SCRep. 46-22 Housing on H.B. No. 1477**

The purpose of this measure is to provide potential home buyers of one- and two-family dwellings with information on the benefits of a residential fire sprinkler system and a written cost estimate for the materials, labor, and any applicable permit fees for the fire sprinkler system.

Your Committee received comments on this measure from the State Fire Council, Chamber of Commerce Hawaii, and Building Industry Association of Hawaii.

Your Committee finds that eight out of ten deaths occur in a residential home; however, residential fire sprinklers are found in only seven percent of all homes damaged by a fire. Your Committee further finds that residential fire sprinklers reduce the heat, flames, and smoke produced in a fire and can reduce the risk of death in residences.

Your Committee has amended this measure by:

- (1) Deleting the definitions of "builder" and "buyer" and adding a definition for "owner";
- (2) Deleting the requirement that building or fire officials provide a written cost estimate for a residential fire sprinkler system to the applicant or applicant's representative, who shall provide it to the owners;

- (3) Deleting the requirement for the State Fire Council to develop a standard form for buyers' acceptance or rejection of a residential fire sprinkler system;
- (4) Requiring the State Fire Council to update its written materials detailing the benefits of a residential fire sprinkler system as needed;
- (5) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1477, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1477, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Kitagawa, LoPresti, Takumi, McDermott).

#### **SCRep. 47-22      Housing on H.B. No. 1752**

The purpose of this measure is to:

- (1) Prohibit negative advertising relating to source of income for available rental or lease dwelling units;
- (2) Provide potential tenants with remedies against a landlord for a violation of the negative advertising source of income prohibition;
- (3) Establish the Housing Choice Voucher Landlord Incentive Program to provide incentives for landlords to participate in the Tenant-based Assistance Housing Choice Voucher Program under Section 8 of the United States Housing Act of 1937, and appropriate funds for incentives under the program;
- (4) Require Hawaii Public Housing Authority to adopt rules that require inspection of leased dwelling units under the Section 8 Housing Choice Voucher Program within fifteen days after receipt of an owner's or landlord's inspection request; and
- (5) Establish Hawaii Public Housing Authority positions and appropriate funds for inspections and other aspects related to dwelling units that are the subject of applications for the Section 8 Housing Choice Voucher Program.

Your Committee received testimony in support of this measure from Hawaii Public Housing Authority and Hawaii Health & Harm Reduction Center. Your Committee received testimony in opposition to this measure from the Hawaii Association of REALTORS and Hawaii Appleseed Center for Law & Economic Justice. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Budget and Finance, Hawaii Civil Rights Commission, State Council on Developmental Disabilities, Catholic Charities Hawaii, Partners In Care, HOPE Services Hawaii, and three individuals.

Your Committee recognizes that low-income individuals experience great difficulty in finding affordable rentals, particularly in Hawaii's tight housing market. This measure seeks to address the challenges faced by individuals who participate in the Section 8 Housing Choice Voucher Program in obtaining rental housing and individuals based on source of income.

Based on the testimony on this measure, your Committee notes that this measure addresses only the negative advertising aspect of rental discrimination based on source of income or participation in a housing assistance program. Your Committee also notes that focusing primarily on the negative advertising aspects of rental housing discrimination may have unintended adverse impacts and place greater hardship on individuals seeking rental housing. Your Committee finds that while negative advertising would be prohibited under this measure, prospective tenants would still be unable to secure housing due to discriminatory practices.

Accordingly, your Committee has amended this measure by:

- (1) Deleting provisions prohibiting negative advertising relating to source of income for available rental or lease dwelling units;
- (2) Deleting provisions that provide remedies to potential tenants against landlords for violating the negative advertising source of income prohibition;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1752, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1752, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Kitagawa, LoPresti, Takumi, McDermott).

#### **SCRep. 48-22      Housing on H.B. No. 1917**

The purpose of this measure is to indefinitely extend the deadline for the Hawaii Housing Finance and Development Corporation to renegotiate an existing, or issue a new, ground lease for the Front Street Apartments affordable housing project in Lahaina, Maui, before the requirement to initiate condemnation proceedings is triggered.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and Chair of the Maui County Council.

Your Committee finds that there is a severe shortage of affordable rental housing in the County of Maui, particularly in the western part of the island. To address this shortage, the Legislature passed acts in 2018 and 2019 to support the Front Street Apartments in Lahaina, Maui, and preserve their affordability. The Hawaii Housing Finance and Development Corporation (HHFDC) has since acquired the leased fee interest in the Front Street Apartments and was required by the Legislature to initiate condemnation proceedings unless it renegotiated the ground lease for the Front Street Apartments project or issued a new ground lease on terms acceptable to HHFDC by December 31, 2021. However, due to a federal lawsuit, it was virtually impossible to obtain an accurate appraisal of the value of the ground lease for purposes of condemnation or negotiating a ground lease agreement. Therefore, the retroactive extension of the December 31, 2021, deadline is necessary.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1917 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Kitagawa, LoPresti, Takumi, McDermott).

**SCRep. 49-22 Housing on H.B. No. 2139**

The purpose of this measure is to help remove barriers in securing affordable housing by:

- (1) Regulating how application screening fees are charged when processing applications to rent residential property; and
- (2) Requiring landlords or landlord agents to provide tenants a receipt for payment and refund any unused amount of an application screening fee to applicants.

Your Committee received testimony in support of this measure from the Governor's Coordinator on Homelessness, Department of Commerce and Consumer Affairs, Department of Human Services, Hawaii State Council on Developmental Disabilities, Hawai'i Health & Harm Reduction Center, HOPE Services Hawai'i, and one individual. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS. Your Committee received comments on this measure from EAH Housing and Catholic Charities Hawai'i.

Your Committee finds that there are numerous barriers to accessing affordable housing for low-income households and people experiencing homelessness. Your Committee recognizes that there are costs associated with screening prospective tenants, including application screening fees for personal reference checks and credit reports; however, the costs of application screening fees vary and can exceed the actual cost of screening. Furthermore, the costs of multiple application screening fees for prospective tenants can result in significant economic hardship, especially in a tight housing market. Addressing the assessment of application screening fees is one way to address impediments to securing affordable rental housing in the State.

Your Committee has amended this measure by:

- (1) Deleting language that would have capped the amount that could be charged for an application screening fee and limited the number of fees that could be charged per application and for each member of a household;
- (2) Deleting the requirement that, upon written request by the applicant, the landlord or the landlord's agent must provide the applicant with a copy of any report obtained by the landlord or the landlord's agent;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2139, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2139, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Kitagawa, LoPresti, Takumi, McDermott).

**SCRep. 50-22 Housing/Water & Land on H.B. No. 1836**

The purpose of this measure is to expedite the development of affordable housing by:

- (1) Establishing expedited county approvals by the appropriate county land use decision-making authority for district boundary amendments for affordable housing projects on land areas of fifteen acres or less; and
- (2) Requiring consultation with the Hawaii Community Development Authority for affordable housing projects developed in designated community development districts.

Your Committees received testimony in support of this measure from the Office of Planning and Sustainable Development, Hawaii Community Development Authority, Building Industry Association of Hawaii, and two individuals. Your Committees received testimony in opposition to this measure from a member of the Maui County Council and from the City and County of Honolulu Department of Planning and Permitting.

Your Committees find that existing law establishes a forty-five day entitlement approval process for affordable housing projects seeking district boundary amendments from the State Land Use Commission or county approvals and exemptions relating to planning, zoning, subdivision construction standards, land development and improvement, or construction of dwelling units. However, the existing law does not address boundary amendment applications for certain parcels of land of fifteen acres or less that are submitted to county agencies rather than to the State Land Use Commission. This measure seeks to expedite the approval process for district boundary amendments for affordable housing by the counties to address the urgent affordable housing needs felt throughout the State.

Your Committees have amended this measure by:

- (1) Allowing district boundary changes involving land areas of fifteen acres or less to be approved, approved with modification, or disapproved by resolution by the legislative body of the county in which the housing project is to be situated, rather than by the appropriate county land use decision making authority of the county in which the project is located;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Housing and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1836, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1836, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 6. Noes, none. Excused, 3 (LoPresti, Takumi, McDermott).

Water & Land: Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 51-22 Housing/Water & Land on H.B. No. 1837**

The purpose of this measure is to encourage the counties to adopt zoning and regulatory policies that allow for greater housing opportunities for residents at all income levels by requiring each county to submit annual reports to the Legislature on its efforts to reduce or remove certain regulatory barriers to housing.

Your Committees received testimony in support of this measure from the Ohana Program Foundation, Hawai'i Association of REALTORS, and one individual. Your Committees received comments on this measure from the Maui Chamber of Commerce.

Your Committees find that the complexity and length of housing development requires continual review of the policies and laws that affect housing development, particularly in areas that stymie the construction of affordable homes in the State. In its deliberations, your Committees recognized the need to

also involve the Hawaii Housing Finance and Development Corporation and the Hawaii Public Housing Authority, entities that are critical to addressing affordable housing in communities, to provide their input and review their efforts to reduce or remove certain regulatory barriers to housing and efforts to streamline affordable housing development.

Your Committees have amended this measure by:

- (1) Requiring that the county reports:
  - (A) Include the county's recommendations for amendments to the Hawaii Revised Statutes, Hawaii Administrative Rules, and Hawaii State Constitution to support the county's efforts in producing additional affordable housing; and
  - (B) Reflect the counties' utilization of financing programs to more efficiently deliver affordable housing;
- (2) Requiring the Hawaii Housing Finance and Development Corporation and Hawaii Public Housing Authority to:
  - (A) Review the county reports submitted to the Legislature and make recommendations to the Legislature and their respective boards on streamlining affordable housing development; and
  - (B) Incorporate the information in their respective housing studies;
- (3) Requiring the counties to submit their reports to the Legislature in the first year of each fiscal biennium and the Hawaii Housing Finance and Development Corporation and Hawaii Public Housing Authority to submit their reports to the Legislature in the second year of each fiscal biennium;
- (4) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Housing and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1837, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1837, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 6. Noes, none. Excused, 3 (LoPresti, Takumi, McDermott).

Water & Land: Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 52-22 Consumer Protection & Commerce on H.B. No. 2482**

The purpose of this measure is to:

- (1) Beginning January 1, 2024, require public schools and public charter schools to have at least one employee trained to administer or assist with the self-administration of seizure rescue medication or electrical stimulation using a vagus nerve stimulator magnet, except under certain circumstances;
- (2) Require all principals, guidance counselors, and teachers to perform an annual self-study review of seizure disorder materials;
- (3) Require the Department of Education to establish a seizure action plan for every student diagnosed with a seizure disorder and distribute the plan to employees charged with supervising or caring for the student; and
- (4) Appropriate funds to the Department of Education for training of employees to administer or assist with the self-administration of seizure rescue medication at public schools and public charter schools.

Your Committee received testimony in support of this measure from the Hawaii Association of School Psychologists, Epilepsy Foundation of Hawaii, Epilepsy Foundation of America, Hawaii Primary Care Association, and sixteen individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Education, Department of Health, and Hawaii Disability Rights Center.

Your Committee finds that one study from the Centers for Disease Control and Prevention showed that students aged six to seventeen years living with epilepsy were more likely to miss eleven or more days of school, compared to students with other health concerns. Proper seizure first aid and continuity of care while students are in school is an important factor to ensure students reach their full potential with as minimal disruption to their learning environment as possible.

Your Committee further finds that the seizure action plan required by this measure would provide school personnel with important considerations, precautions, and contact information to help ensure aid is timely, tailored to the student's needs, and properly administered.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Education hear this measure, your Committee respectfully requests that it consider whether the requirements of this measure are already accomplished by existing Department of Education policies and whether the requirements proposed by this measure should begin at the start of a school year rather than a calendar year and what impact a proposed start date would have on the Department's multi-track schools.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2482, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2482, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

#### **SCRep. 53-22 Consumer Protection & Commerce on H.B. No. 1691**

The purpose of this measure is to:

- (1) Lower the minimum age required for an intrastate commercial driver's license to eighteen years;
- (2) Eliminate the requirements that certain persons be solely licensed to operate category 3 vehicles and that persons have certain certifications in order to be licensed as intrastate commercial drivers or obtain a learner's permit; and
- (3) Require the Department of Transportation to adopt or amend its administrative rules to lower the minimum age required for a commercial driver's license to eighteen years.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii Food Industry Association, and Hawaii Transportation Association.

Your Committee finds that the Federal Motor Carrier Safety Administration has established a program to train people who are eighteen years of age who are already licensed to drive commercial motor vehicles in intrastate commerce, to also drive in interstate commerce. However, Hawaii's current laws preclude drivers from accessing that sort of program, as we are the only state that does not allow people who are eighteen years of age to operate category 4 vehicles and commercial motor vehicles in intrastate commerce.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1691, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1691, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

#### **SCRep. 54-22 Consumer Protection & Commerce on H.B. No. 2109**

The purpose of this measure is to align the regulatory structure for the practices of barbering and cosmetology by consolidating the existing statutory framework under a new chapter and to:

- (1) Update definitions and other provisions to accommodate the needs of the industries and the public;
- (2) Increase penalties and fine amounts for unlicensed activity and license violations; and
- (3) Remove the medical clearance requirement for licensees.

Your Committee received testimony in support of this measure from the Board of Barbering and Cosmetology.

Your Committee finds that the regulation of barbering and cosmetology is unnecessarily complicated due to inconsistencies between the separate statutory chapters that regulate these industries. This measure will consolidate and align the regulatory scheme for the two professions to clarify licensure requirements and address the evolving industries' concerns and needs.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2109, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2109, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

#### **SCRep. 55-22 Consumer Protection & Commerce on H.B. No. 2176**

The purpose of this measure is to:

- (1) Authorize the Taxation Board of Review to validate its actions by a concurrence of a majority of the members who heard the appeal;
- (2) Eliminate the requirement that the Taxation Board of Review meet in each taxation district at least once annually;
- (3) Clarify the notice requirements for hearings by the Taxation Board of Review; and
- (4) Clarify the legal and evidentiary framework the Taxation Board of Review utilizes to reach decisions.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this measure clarifies the necessary administrative procedures for validating Taxation Board of Review (Board) actions, streamlines the legal notice and due process requirements for the Board to conduct contested case hearings, and further establishes the evidentiary frameworks that the Board must use in adjudicating issues and reaching its decisions. Establishing the clear institutional guidelines provided in this measure for the Board will greatly assist the Department of Taxation work through its significant backlog of appeals and ensure that Hawaii's taxpayers have their tax appeal issues resolved fairly and expeditiously.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2176, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2176, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

#### **SCRep. 56-22 Consumer Protection & Commerce on H.B. No. 1863**

The purpose of this measure is to increase access to representation for residential tenants in actions or proceedings for possession by:

- (1) Providing for state-funded access to legal services for residential tenants, with full access to each income-eligible tenant available by July 1, 2027;
- (2) Authorizing attorneys, paralegals, and law students to provide the legal services to eligible residential tenants; and
- (3) Appropriating funds to the Judiciary to contract with legal service organizations or clinical training programs to carry out this purpose.

Your Committee received testimony in support of this measure from the National Coalition for a Civil Right to Counsel. Your Committee received comments on this measure from the Department of Budget and Finance, Judiciary, and Department of Human Services.

Your Committee finds that the continuing pandemic health and economic impacts, soaring home sales, rising rents, and increasing costs for food and other necessities have made fixed- and low-income residents more vulnerable to housing instability and evictions. Your Committee further finds that evictions can negatively impact many areas of a person's life, including housing stability, child custody, and employment. Housing stability in particular is a fundamental necessity for individuals and families to succeed in school and work, maintain a healthy life, and build strong communities.

Your Committee notes that the Hawaii Supreme Court is currently exploring the goal of increasing access to representation for residential tenants in residential landlord-tenant disputes via two ongoing pilot projects in the first and second circuits. Your Committee believes that the pilot project contemplated by this measure warrants further discussion.

Accordingly, your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1863, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1863, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

#### **SCRep. 57-22      Transportation on H.B. No. 2246**

The purpose of this measure is to amend the state highway enforcement program surcharge from \$200 to an unspecified amount.

Your Committee received testimony in support of this measure from the Department of Transportation and one member of the Hawai'i County Council. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the state highway enforcement program surcharge was established to address illegal parking and other violations on state highways, with revenues going to the State Highway Fund and respective police departments of the county from which the surcharge was collected. Increasing the surcharge will provide additional resources to state and county law enforcement agencies to enforce parking violations and improve safety along state highways.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2246, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2246, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, Takumi).

#### **SCRep. 58-22      Transportation on H.B. No. 2336**

The purpose of this measure is to:

- (1) Clarify certain provisions in chapter 291J, Hawaii Revised Statutes, to better reflect the legislative intent of the Photo Red Light Imaging Detector Systems Program; and
- (2) Amend Act 30, Session Laws of Hawaii 2020, as amended, to account for changes in fiscal needs based on the current timetable of the program.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, Department of the Prosecuting Attorney of the City and County of Honolulu, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the prevalence of drivers violating Hawaii's traffic laws endangers the lives of motorists and pedestrians and compounds the already hazardous conditions on Hawaii's roads and highways. Act 30, Session Laws of Hawaii 2020, established the Photo Red Light Imaging Detector Systems Program to improve enforcement of the traffic signal laws. This measure clarifies various provisions related to the program and adjusts funding and applicable dates to correlate with its current timeline.

Your Committee requests that should your Committee on Finance choose to hear this measure, it examines whether the extension of the lapse date to June 30, 2025, is appropriate for monies appropriated for all of the fiscal years listed in the measure.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2336, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2336, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, Takumi).

#### **SCRep. 59-22      Transportation on H.B. No. 1688**

The purpose of this measure is to:

- (1) Subject U-drive motor vehicles to the same motor vehicle registration fees as other motor vehicles; and
- (2) Authorize the counties to use certain motor vehicle registration fees to mitigate and address the impacts of tourism-related traffic congestion.

Your Committee received testimony in support of this measure from the Mayor of the County of Kaua'i, Mayor of the County of Maui, one member of the Hawai'i County Council, County of Kaua'i Department of Finance, Enterprise Holdings, and Hertz. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that traffic congestion is a serious problem that negatively affects the quality of life for residents and visitors in Hawaii. Congestion on the State's roadways continues to increase, forcing people to spend more time sitting in vehicles and less time being productive at work or enjoying time with families and friends. Raising the registration fee for U-drive motor vehicles, or rental motor vehicles, will create parity between U-drive vehicles and all other motor vehicles and help the counties address the impacts of tourism congestion.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1688 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takumi).

#### **SCRep. 60-22      Transportation on H.B. No. 1686**

The purpose of this measure is to require the Director of Transportation to establish and implement a digital identification pilot program.

Your Committee received testimony in support of this measure from the Department of Transportation, Office of the Enterprise Technology Services, and NEC Corporation of America. Your Committee received comments on this measure from Common Cause Hawaii.

Your Committee finds that digital identification systems are personal identification systems that use digital technology from the initial capture of data to its validation. These systems are becoming more reliant as advances in technology and security continue to push the boundaries of digital services. Establishing a digital identification pilot program in the State could provide many benefits, including helping disadvantaged communities participate more fully in society, assisting governments in implementing more responsive and agile public services, and fighting fraud.

Your Committee has amended this measure by:

- (1) Placing the provisions of this measure in Session Law, rather than chapter 286, Hawaii Revised Statutes;
- (2) Requiring the Office of Enterprise Technology Services to assist the Director of Transportation in the implementation of the pilot program;
- (3) Including automatic voter registration in the pilot program;
- (4) Extending the repeal date of the pilot program to June 30, 2025;
- (5) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1686, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1686, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takumi).

#### **SCRep. 61-22      Transportation on H.B. No. 2218**

The purpose of this measure is to designate the reef runway at the Daniel K. Inouye International Airport as the Frank T. Okimoto Reef Runway.

Your Committee received testimony in support of this measure from four individuals.

Your Committee finds that to alleviate aircraft noise patterns over Honolulu and the surrounding areas, the reef runway was constructed on coral reef adjacent to the Honolulu International Airport in 1977. The project engineer for the reef runway was the late Frank T. Okimoto, who served as an airports civil engineer from 1967 until his untimely passing in 1978. Designating the reef runway as the Frank T. Okimoto Reef Runway will be an appropriate tribute to Mr. Okimoto, whose insight, questions, and exacting standards motivated everyone connected with the project.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2218 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, Takumi).

#### **SCRep. 62-22      Higher Education & Technology on H.B. No. 2015**

The purpose of this measure is to establish an institute within the William S. Richardson School of Law to be known as Hookaulike: A Criminal Legal System Institute for Restoration and Healing (Hookaulike).

Your Committee received testimony in support of this measure from the William S. Richardson School of Law at the University of Hawaii at Mānoa, Hawai'i inuiākea School of Hawaiian Knowledge at the University of Hawaii at Mānoa, and three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Hookaulike would help to address the overrepresentation of Native Hawaiians, Pacific Islanders, and other communities of color in the State's correctional system. The goal is to create an inclusive and fair criminal legal system devoted to restoration and healing.

Your Committee has amended this measure by:

- (1) Streamlining the purpose section to narrow the scope of the legislative intent;
- (2) Including county and nonprofit agencies and organizations, as well as the Criminal Justice Research Institute of the Judiciary, as conduits for regular reporting and consultation;
- (3) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2015, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2015, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Woodson).

**SCRep. 63-22 Higher Education & Technology on H.B. No. 2397**

The purpose of this measure is to provide greater access to broadband internet service to the people of Hawaii by:

- (1) Establishing the Hawaii Broadband Infrastructure Authority;
- (2) Defining broadband equity within the Hawaii Broadband and Digital Equity Office; and
- (3) Appropriating federal funds.

Your Committee received testimony in support of this measure from the University of Hawaii System; Department of Transportation; Office of Community Services of the Department of Labor and Industrial Relations; Hawaii State Council on Developmental Disabilities; and Ocean Networks, Inc. Your Committee received testimony in opposition to this measure from CTIA. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Department of Business, Economic Development, and Tourism; Department of Budget and Finance; Office of Information Practices; Hawaiian Telcom; Charter Communications; and two individuals.

Your Committee finds that increasing access to broadband service and expanding digital equity are crucial to the ability of Hawaii's people to thrive in an increasingly technology-driven economy and world.

Your Committee has amended this measure by:

- (1) Adding the Director of Commerce and Consumer Affairs and the Director of the Hawaii Broadband and Digital Equity Office as ex officio members of the Hawaii Broadband Infrastructure Authority (Authority);
- (2) Deleting provisions relating to the remote participation of Authority members and thereby applying the remote meeting requirement of the Sunshine Law (Part I of Chapter 92, Hawaii Revised Statutes) to the Authority;
- (3) Transferring the promotion of the landing of trans-Pacific submarine cable with the development of a shared access cable station and associated terrestrial connectivity to reduce barriers to fiber landing in Hawaii from the Hawaii Broadband and Digital Equity Office to the Authority;
- (4) Modifying the manner, including through the application of chapter 92F, Hawaii Revised Statutes, in which the Authority collects data from communications service providers and any wireless providers that own or operate advanced communications technology infrastructure in the State concerning infrastructure deployment and costs, revenues, and subscribership;
- (5) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that several communication service providers raised concerns that this measure's provisions regarding the collection of data may duplicate or conflict with federal laws. Your Committee respectfully requests that should your committees on Consumer Protection & Commerce and Finance choose to hear this measure, they consider these issues further. Furthermore, your Committee believes that the Authority is meant to take the lead in infrastructure planning, design, and financing, while the Hawaii Broadband and Digital Equity Office is intended to ensure fair access of broadband service to all communities.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2397, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2397, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Woodson).

**SCRep. 64-22 Labor & Tourism on H.B. No. 2471**

The purpose of this measure is to amend the definition of "adequate reserve fund" to exclude the benefit cost rate from June 2020 through August 2021, effective for calendar years 2023 through 2030.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the Adequate Reserve Fund is used as a measure of the solvency of the Unemployment Compensation Trust Fund and to determine the unemployment insurance tax schedule. The ratio of the current reserve divided by the adequate reserve determines which unemployment insurance tax schedule is in effect for a calendar year. As it is currently defined, the Adequate Reserve Fund will include the anomalous outflow from 2020 to 2021 due to the coronavirus disease 2019, which created an unprecedented period of unemployment in Hawaii and resulted in the rapid depletion of funds from the Unemployment Compensation Trust Fund.

Your Committee further finds that this measure is an attempt to stabilize unemployment rates for the years 2023 through 2030 without resorting to artificially setting the rate schedule by statute. Amending the definition of "adequate reserve fund" will allow contributory employers to replenish the Unemployment Compensation Trust Fund and help to reestablish the fund's integrity without imposing the highest contribution schedules for years as Hawaii's economy continues to recover from the pandemic.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2471, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2471, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 65-22 Labor & Tourism on H.B. No. 1852**

The purpose of this measure is to appropriate funds to the Unemployment Compensation Trust Fund.

Your Committee received testimony in support of this measure from the Hawaii Food Industry Association. Your Committee received comments on this measure from the Department of Labor and Industrial Relations and Department of Budget and Finance.

Your Committee finds that the coronavirus disease 2019 pandemic created an unprecedented period of unemployment in Hawaii that resulted in the rapid depletion of funds from the Unemployment Compensation Trust Fund. The Department of Labor and Industrial Relations estimates that for every \$100,000,000 added to the Unemployment Compensation Trust Fund, the statutory schedule of employer taxes will likely drop one level in the following calendar year.

Your Committee finds, however, that the infusion of funds into the Unemployment Compensation Trust Fund is not anticipated to reduce employers' tax rates beyond one year because the ratio of the current reserve to the adequate reserve, which is used to determine the unemployment insurance tax schedule for employers, is calculated annually.

Nonetheless, your Committee requests that, should your Committee on Finance consider this measure, that it consider appropriating \$300,000,000 to supplement the Unemployment Compensation Trust Fund.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1852, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1852, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 66-22 Labor & Tourism on H.B. No. 2158**

The purpose of this measure is to:

- (1) Allow the Director of Labor and Industrial Relations to permit owner-user inspectors in the exclusive employment of owner-user inspection organizations to perform inspections on pressure retaining items; and
- (2) Extend the time for the Director of Labor and Industrial Relations to reimburse the general fund from the Boiler and Elevator Revolving Fund from ten to thirteen years.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and Hawaiian Electric Company, Inc.

Your Committee finds that this measure will allow the Department of Labor and Industrial Relations to augment its ability to inspect and assure the safe operation of boiler pressure vessels and pressure systems in the State. This measure will also ensure that owner-user inspectors, who are certified to the same standards as insurance company inspectors and the State's jurisdictional inspectors, are readily available for inspections and consultations.

Your Committee also finds that the three-year extension of time for the Department of Labor and Industrial Relations to reimburse the general fund from the Boiler and Elevator Revolving Fund will help to ensure that safety operations can continue while maintaining a feasible repayment schedule for the Department. Your Committee notes that the Department of Labor and Industrial Relations has deposited \$750,000 toward the reimbursement of the \$1,000,000 loan from the general fund.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2158, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2158, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 67-22 Labor & Tourism on H.B. No. 2448**

The purpose of this measure is to:

- (1) Require the Department of Labor and Industrial Relations to establish and maintain a statewide data hub to collect employer and employee data;
- (2) Authorize the Department of Labor and Industrial Relations to determine the type of employer and employee data to collect, the functions of the statewide data hub, and access and document retention policies for the data; and
- (3) Appropriate funds for positions to staff the statewide data hub.

Your Committee received comments on this measure from the Department of Labor and Industrial Relations; Department of Budget and Finance; and Department of Business, Economic Development, and Tourism.

Your Committee finds that the statewide data hub is intended to address gaps in the State's available employer and employee data. The utility of data collected through unemployment insurance records is hampered by federal stipulations because unemployment insurance is a federally funded program. Accordingly, many states have started a state data hub for employer and employee information so that they can collect appropriate data to make policy decisions.

Your Committee further finds that in 2021, the Department of Labor and Industrial Relations' Research and Statistics Division was abolished and the related positions and funding were transferred to the Department of Business, Economic Development, and Tourism. Therefore, even with the added positions and funding proposed in this measure, the Department of Labor and Industrial Relations would lack the expertise to undertake the establishment of a statewide data hub.

Your Committee finds that the statewide data hub would instead be a good complement to the work being done by the Labor Research Program at the Department of Business, Economic Development, and Tourism, and as such, the statewide data hub is more suitably placed in that department.

Accordingly, your Committee has amended this measure by:

- (1) Requiring the Department of Business, Economic Development, and Tourism, rather than the Department of Labor and Industrial Relations, to establish the statewide data hub;

- (2) Providing the Department of Business, Economic Development, and Tourism with wide flexibility in determining the type of employer and employee data to collect;
- (3) Changing the appropriation to an unspecified amount and making the expending agency the Department of Business, Economic Development, and Tourism;
- (4) Removing the appropriation to establish new positions to staff the statewide data hub;
- (5) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2448, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2448, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 68-22 Labor & Tourism on H.B. No. 2447**

The purpose of this measure is to:

- (1) Establish a new licensing regime for boiler inspectors and elevator inspectors, including the creation of the Boiler and Elevator Inspectors Board;
- (2) Transfer the licensing of boiler inspectors and elevator inspectors from the Department of Labor and Industrial Relations to the Board; and
- (3) Clarify that any inspection required under the Boiler and Elevator Safety Law, including inspections required to be done by the Department of Labor and Industrial Relations, may be directed to be completed by licensed qualified boiler inspectors or licensed qualified elevator inspectors.

Your Committee received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs. Your Committee received comments on this measure from the Department of Labor and Industrial Relations and Department of the Attorney General.

Your Committee finds that establishing a new licensing regime would ensure that the boiler and elevator inspectors meet appropriate training requirements and qualifications to be licensed as inspectors. Currently the inspectors are all state employees and there are not enough inspectors to fully comply with the regulatory inspections of all elevators and other types of devices in need of inspection.

Your Committee has amended this measure by:

- (1) Specifying that the Boiler and Elevator Inspectors Board shall be administratively placed in the Department of Commerce and Consumer Affairs;
- (2) Specifying the method of appointment of members to the Boiler and Elevator Inspectors Board;
- (3) Extending the specific date for which commissions to inspect and certificates of competency relating to boiler inspectors or elevator inspectors shall remain valid to December 31, 2024;
- (4) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2447, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2447, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Okimoto). Noes, 1 (D. Kobayashi). Excused, none.

#### **SCRep. 69-22 Labor & Tourism on H.B. No. 2469**

The purpose of this measure is to:

- (1) Establish an Unemployment Compensation Insolvency Special Fund to be expended solely to resolve an Unemployment Compensation Trust Fund insolvency emergency declared by the Governor;
- (2) Permit the Governor to declare an Unemployment Compensation Trust Fund insolvency emergency and to expend monies from the special fund if the Director of Finance determines that the trust fund balance is insufficient to meet the State's obligations; and
- (3) Appropriate monies into the Unemployment Compensation Insolvency Special Fund.

Your Committee received testimony in support of this measure from the Hawaii Food Industry Association. Your Committee received comments on this measure from the Department of Labor and Industrial Relations, Department of Budget and Finance, Tax Foundation of Hawaii, and Parents and Children Together.

Your Committee finds that as a result of the coronavirus disease 2019 pandemic, unanticipated demands were placed upon the Unemployment Compensation Trust Fund. This measure is intended to better prepare the State for instances where the trust fund's balance is insufficient to meet the State's obligations.

Your Committee amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2469, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2469, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 2 (D. Kobayashi, Okimoto). Excused, none.

#### **SCRep. 70-22 Culture, Arts, & International Affairs on H.B. No. 1449**

The purpose of this measure is to establish June 19 of each year as a state holiday to be known as Juneteenth Day.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission; Hawai'i State Association of Counties; Common Cause Hawaii; Planned Parenthood Alliance Advocates; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee

received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Department of Budget and Finance, Office of Collective Bargaining, and Department of Human Resources of the City and County of Honolulu.

Your Committee finds that June 19 is a federal holiday known as Juneteenth, which marks the day that news of emancipation reached the last state, Texas, in 1866, over two years after the Emancipation Proclamation was issued. Your Committee further finds that designating Juneteenth as a state holiday will recognize the history and legacy of slavery in the United States and honor the significant roles, contributions, and achievements of African Americans in the history of the United States and Hawaii as well as the fundamental importance of equal treatment for all, regardless of race, color, or national origin.

Your Committee has amended this measure by changing the effective date to July 1, 2044, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1449, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1449, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, none.

#### **SCRep. 71-22      Culture, Arts, & International Affairs on H.B. No. 2253**

The purpose of this measure is to appropriate funds to support international sister-state relationships.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Hawaii's sister-state relationships serve to raise Hawaii's profile internationally and attract dynamic cooperative programs such as mutual exchanges in business, culture, tourism, and education that positively impact the State's economic growth. Your Committee further finds that providing additional funds to support these relationships will allow the State to leverage existing relationships and activities to continue to raise Hawaii's international role.

Your Committee has amended this measure by changing the effective date to July 1, 2044, to encourage further discussion.

Your Committee respectfully requests your Committee on Consumer Protection and Commerce, should it deliberate this measure further, to consider appropriating \$200,000 to support the State's international sister-state relationships.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2253, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2253, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 72-22      Culture, Arts, & International Affairs on H.B. No. 2347**

The purpose of this measure is to provide funding for the development of a master plan to address the current and future facilities of the Hawaii State Archives.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and Hawaii State Archives.

Your Committee finds that the Hawaii State Archives fulfills an important role as the keeper of public records and the repository of important records and artifacts from the Hawaiian Kingdom to the present. Your Committee further finds that the Hawaii State Archives' existing facilities are outdated and prevent the Hawaii State Archives from fully performing its duties and functions to serve the State and the public.

Your Committee has amended this measure by:

- (1) Changing the general obligation bond issuance to an unspecified amount;
- (2) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Judiciary and Hawaiian Affairs, should it deliberate this measure further, to consider authorizing the issuance of general obligation bonds in the sum of \$1,000,000 for the development of a master plan to address current and future facilities needs of the Hawaii State Archives.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2347, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2347, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 73-22      Culture, Arts, & International Affairs on H.B. No. 2449**

The purpose of this measure is to:

- (1) Appropriate funds for additional staff positions in the Hawaii State Archives to assist with its mission and increase public access to historical documents and artifacts;
- (2) Provide funding for the construction of an additional building to address the current and future facilities needs of the Hawaii State Archives;
- (3) Require all departments, offices, and agencies of the State to conduct an inventory of all documents in their possession related to the culture and history of Hawaii and Native Hawaiians and submit a report on the inventory; and
- (4) Require the Hawaii State Archives to develop a plan to acquire those documents and submit the plan to the Legislature.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and Hawaii State Archives. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Hawaii State Archives performs a critical function in preserving Hawaii's rich culture and history. The mission of the Hawaii State Archives is to "ensure open government by preserving and making accessible the historic records of state government and to partner with state agencies to manage their active and inactive records." This measure will assist the Hawaii State Archives with its mission by expanding its operations and collection of documents and artifacts and promoting greater public access and engagement.

Your Committee has amended this measure by:

- (1) Changing the appropriation and general obligation bond authorization to unspecified amounts;
- (2) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider:

- (1) Appropriating \$720,000 for additional staff positions in the Hawaii State Archives; and
- (2) Authorizing the Director of Finance to issue \$50,000,000 in general obligation bonds for the purpose of financing an additional building for the Hawaii State Archives.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2449, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2449, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 74-22      Culture, Arts, & International Affairs on H.B. No. 2491**

The purpose of this measure is to require:

- (1) Official stationery and websites of designated state officials to include the Hawaiian translation of the office's or department's name; and
- (2) All letterheads, documents, symbols, and emblems of the State and counties and state highway signs that include Hawaiian names and words to include Hawaiian names, words, spelling, and punctuation consistent with certain references.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawai'i Civil Rights Commission, University of Hawaii at Hilo, Center for Hawaiian Sovereignty Studies, and two individuals. Your Committee received comments on this measure from the Office of Planning and Sustainable Development.

Your Committee finds that the first written versions of Hawaiian did not include the use of 'okina and kahakō and that these marks were subsequently developed to help learners of the Hawaiian language determine when to elongate a vowel or insert a glottal stop. Your Committee notes that there are some Native Hawaiian speakers who still utilize written Hawaiian without the use of 'okina and kahakō. Your Committee does not intend this measure to establish the superiority of one version of orthography over the other, or to invalidate communities of Native Hawaiian speakers who do not follow contemporary Hawaiian writing or structures.

Your Committee has amended this measure by:

- (1) Clarifying that the use of certain references for the consistent spelling of Hawaiian names and words shall only be used if the document, publication, or state highway sign is intended for use specifically in a community where a unique dialect is commonly used;
- (2) Requiring the University of Hawaii to compile a full list of all dialects and other variations of the Hawaiian language currently in use;
- (3) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2491, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2491, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 75-22      Water & Land on H.B. No. 2229**

The purpose of this measure is to require the University of Hawaii to establish and implement a two-year program to study the impact of sandbag walls, often referred to as "sand burritos", on sand movement patterns and coastal erosion at Ehukai Beach Park on the North Shore of Oahu.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of Budget and Finance, and University of Hawaii Sea Grant College Program.

Your Committee finds that beach and shoreline erosion has been a persistent and increasing problem for the Hawaiian Islands and is particularly acute in certain sections of the North Shore of Oahu.

Your Committee has amended this measure by:

- (1) Deleting the temporary moratorium on the use of sandbag walls, or "sand burritos", by homeowners;
- (2) Expanding the scope of the University of Hawaii's study to include the impact of sandbag walls, or "sand burritos", on public trust resources, including beach access, coastal water quality, and recreation;
- (3) Clarifying the geographical reach of the University of Hawaii's study;
- (4) Requiring the University of Hawaii to submit its report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2025;
- (5) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2229, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2229, H.D. 1, and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 76-22 Water & Land on H.B. No. 1788**

The purpose of this measure is to revitalize the Waiakea Peninsula area of Hilo by:

- (1) Establishing the Waiakea Peninsula Redevelopment District and planning committee for the redevelopment of public lands on the Waiakea Peninsula;
- (2) Establishing the Waiakea Peninsula Redevelopment District Revolving Fund; and
- (3) Making an appropriation.

Your Committee received testimony in support of this measure from the Planning Department of the County of Hawaii and two individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources and League of Women Voters of Hawaii. Your Committee received comments on this measure from the Department of the Attorney General and Department of Budget and Finance.

Your Committee finds that the Waiakea Peninsula is the premier tourism district in eastern Hawaii Island but has, over time, deteriorated into a dilapidated condition. This measure would help to revitalize an important part of the Hilo community.

Your Committee has amended this measure by:

- (1) Clarifying that one of the sources of revenue for the Waiakea Peninsula Redevelopment District Revolving Fund is the revenues, income, and receipts from the public lands in the Waiakea Peninsula Redevelopment District that is established by the planning committee;
- (2) Making technical modifications to the membership of the planning committee;
- (3) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that your Committees on Judiciary & Hawaiian Affairs and Finance, should they choose to hear this measure, address the concerns raised by the Department of the Attorney General and Department of Budget and Finance in their written testimony.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1788, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1788, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Ganaden, B. Kobayashi). Noes, none. Excused, 2 (Kong, McDermott).

#### **SCRep. 77-22 Energy & Environmental Protection/Labor & Tourism on H.B. No. 1645**

The purpose of this measure is to prohibit lodging establishments from providing personal care products in small plastic bottles within sleeping room accommodations, any space within sleeping room accommodations, or bathrooms used by the public or guests.

Your Committees received testimony in support of this measure from Fair Wind, Surfrider Foundation, Conservation Council for Hawai'i, and six individuals. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Department of Health and Hawai'i Tourism Authority.

Your Committees find that the use of single-use toiletries in hotels and other lodging establishments contributes to plastic waste locally and globally. In response, states like California and New York have recently passed laws that prohibit hotels, bed and breakfast homes, and short-term vacation rentals from providing single-use personal care products. This measure would tackle the ever-growing problems associated with plastic waste and transition consumers and businesses toward more sustainable alternatives.

Your Committees have amended this measure by:

- (1) Delaying the start date for the prohibition for the use of complimentary single-use toiletries in hotels and other lodging establishments in the State to January 1, 2025, for lodging establishments with more than fifty sleeping room accommodations and January 1, 2027, for lodging establishments with fifty or fewer sleeping room accommodations; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Labor & Tourism that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1645, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1645, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 7; Ayes with Reservations (Tokioka). Noes, none. Excused, 1 (Hashem).

Labor & Tourism: Ayes, 6; Ayes with Reservations (Okimoto). Noes, none. Excused, 2 (Belatti, Quinlan).

#### **SCRep. 78-22 Energy & Environmental Protection on H.B. No. 2399**

The purpose of this measure is to:

- (1) Establish an Extended Producer Responsibility Program;
- (2) Require certain producers of fast-moving consumer goods to register with the Department of Health and pay an annual fee based on the amount of packaging volume the covered producer places on the market each calendar year from 2023 to 2027;
- (3) Provide for the deposit of fees into an Extended Producer Responsibility Special Fund;
- (4) Provide for the expenditure of monies from the Extended Producer Responsibility Special Fund for the creation of a report that assesses the resources needed to reduce the volume of packaging waste sent to landfills or power plants that burn municipal solid waste as a fuel by fifty percent by 2026 and eighty percent by 2030; and

## (5) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Health, Life of the Land, Zero Waste Hawai'i Island, Hawai'i Reef and Ocean Coalition, Hawai'i Wildlife Fund, and fifteen individuals. Your Committee received testimony in opposition to this measure from Island Plastic Bags, Inc.; Hawaii Food Industry Association; American Beverage Association; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Association of Home Appliance Manufacturers, and American Chemistry Council.

Your Committee finds that as the State strives to fulfill its commitments to reduce waste and effectively mitigate the impacts of climate change, extended producer responsibility policies offer an opportunity to create mutually beneficial partnerships with the businesses that produce packaging waste. Extended producer responsibility policies are designed to transfer some portion of the costs of managing the waste generated by the sale of consumer goods to the entities that produce those goods. This measure requires producers to internalize the environmental and public health costs of their products and design better products and systems that reduce waste at the source and encourage the reuse of more waste materials.

Your Committee notes the testimony from the Department of Health requesting three additional positions to implement the Extended Producer Responsibility Program, of which one position would need to be funded immediately through general funds and later through the Extended Producer Responsibility Special Fund, while the other two positions would be filled once administrative rules are established and those positions can be funded by the special fund.

Your Committee has amended this measure by:

- (1) Specifying that the program year, sales prohibition start and end dates, producer registration start date, and other effective dates related to the Extended Producer Responsibility Program shall be determined by the Department of Health by administrative rules;
- (2) Authorizing the Department of Health to require third-party audits to determine compliance;
- (3) Inserting language that establishes and appropriates funds for one full-time equivalent position for the Extended Producer Responsibility Program to develop rules, oversee and manage goals and objectives related to waste management, analyze and assess waste reduction targets, and develop reports;
- (4) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2399, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2399, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Hashem, Matayoshi).

#### **SCRep. 79-22 Energy & Environmental Protection on H.B. No. 1641**

The purpose of this measure is to require the Department of Health to implement the Auditor's recommendations for the Deposit Beverage Container Program, including developing a risk-based selection process to select reports submitted by distributors and redemption centers for audit.

Your Committee received testimony in support of this measure from the Department of Health, County of Hawai'i Department of Environmental Management, American Beverage Association, and two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the Office of the Auditor conducts a financial and program audit of the Deposit Beverage Container Program every other year. Time after time, these audits demonstrate the program's failure to develop and execute procedures to verify the accuracy and completeness of data used to support claims of the deposit and container fees paid to the program by the distributors, as well as deposits and handling fees paid to the redemption centers. This measure helps to further ensure the transparency and accountability of the Deposit Beverage Container Program.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1641 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Hashem, Matayoshi).

#### **SCRep. 80-22 Energy & Environmental Protection on H.B. No. 1809**

The purpose of this measure is to establish a renewable fuels production tax credit.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Life of the Land, Hawaii Clean Power Alliance, Hawai'i Gas, Climate Protectors Hawai'i, Pacific Biodiesel Technologies, and one individual. Your Committee received testimony in opposition to this measure from the Pet Food Institute. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Tax Foundation of Hawaii, and one individual.

Your Committee finds that creating a stronger market for renewable fuels is essential to developing a sustainable clean energy economy in the State. Therefore, further investments and incentives are necessary to encourage renewable fuel production. This measure establishes a renewable fuels production tax credit, helping the State achieve its goal of one hundred percent renewable energy by 2045.

Your Committee has amended this measure by:

- (1) Directing the Hawaii State Energy Office, rather than the Department of Business, Economic Development, and Tourism, to verify and certify certain information for taxpayers claiming the renewable fuels production tax credit, including certification that the renewable fuels produced have life cycle emissions substantially below that of fossil fuels;
- (2) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1809, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1809, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 81-22 Energy & Environmental Protection on H.B. No. 1644**

The purpose of this measure is to, beginning July 1, 2023, ban the manufacture, sale, or distribution for sale or use of wraps and liners, plates, food boats, pizza boxes, and firefighting foams that contain perfluoroalkyl and polyfluoroalkyl substances.

Your Committee received testimony in support of this measure from the Surfrider Foundation, Zero Waste Hawai'i Island, Hawai'i Reef and Ocean Coalition, B.E.A.C.H., Hawaii Fire Fighters Association, and four individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Health, Hawai'i Restaurant Association, and American Chemistry Council.

Your Committee finds that perfluoroalkyl and polyfluoroalkyl substances are chemicals that have been used in many consumer products since the 1940s. These chemicals accumulate in the human body, and exposure can lead to adverse health outcomes in humans. This measure addresses the many environmental, health, and safety concerns related to the use of perfluoroalkyl and polyfluoroalkyl substances by prohibiting the manufacture, sale, and distribution of certain food packaging and firefighting foams that contain these chemicals.

Your Committee has amended this measure by:

- (1) Clarifying the purpose statement;
- (2) Placing the provisions in chapter 321, Hawaii Revised Statutes, rather than chapter 328, Hawaii Revised Statutes;
- (3) Specifying that the ban on the manufacture, sale, or distribution for sale or use of food packaging and Class B firefighting foams that contain perfluoroalkyl and polyfluoroalkyl substances shall commence on December 31, 2024, and July 1, 2024, respectively;
- (4) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1644, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1644, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Hashem, Matayoshi).

**SCRep. 82-22 Energy & Environmental Protection on H.B. No. 1643**

The purpose of this measure is to, beginning January 1, 2023, allow a food vendor to provide or distribute disposable service ware for prepared food or for a beverage only upon the request or affirmative response of a customer or person being provided the prepared food or beverage, or in a self-service area or dispenser.

Your Committee received testimony in support of this measure from the Hawai'i Restaurant Association, Surfrider Foundation, B.E.A.C.H., and five individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Health, Hawaii Food Industry Association, and American Chemistry Council.

Your Committee finds that the production, use, and disposal of service ware designed to be discarded after a single use or limited number of uses damage Hawaii's environment and ecosystems, overburden state recycling facilities, and contribute to global greenhouse gas emissions at every stage in the lifecycle of their production. Additionally, the City and County of Honolulu's disposable service ware ordinance, which dictates that disposable service ware may be provided to customers only upon request, has proven successful in reducing the distribution of single or limited-use utensils. This measure expands on the success of the City and County of Honolulu's ordinance to reduce the amount of disposable service ware that may have negative impacts on the environment.

Your Committee has amended this measure by:

- (1) Deleting provisions that would have required the Director of Health to adopt rules regarding the enforcement of the disposable service ware upon request mandate and deleting related enforcement authorizations;
- (2) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1643, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1643, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Hashem, Matayoshi).

**SCRep. 83-22 Energy & Environmental Protection on H.B. No. 2195**

The purpose of this measure is to establish and appropriate funds for a Cesspool Compliance Pilot Grant Project to assist low- and moderate-income property owners with the costs of upgrading, converting, or connecting a cesspool.

Your Committee received testimony in support of this measure from the Department of Health, Department of Hawaiian Home Lands, Hawai'i Reef and Ocean Coalition, WAI: Wastewater Alternatives & Innovations, and six individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Hawaii has nearly eighty-eight thousand cesspools that release more than fifty million gallons of raw sewage into the State's groundwater and surface waters every day. While the State established a requirement for the upgrade, conversion, or connection of all cesspools in the State to more environmentally appropriate wastewater management systems or to a sewerage system by 2050, further mechanisms must be in place to reduce the number of cesspools in the State, including assisting low- and moderate-income families with the upgrade, conversion, or connection.

Your Committee has amended this measure by:

- (1) Including lessees on Hawaiian home lands with a cesspool to be eligible for the Cesspool Compliance Pilot Grant Project;
- (2) Specifying that the Department of Health shall grant awards on a first-come, first-served basis, subject to funding availability;
- (3) Changing the effective date to July 1, 2100, to encourage further discussion; and

(4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2195, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2195, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Hashem, Matayoshi).

#### **SCRep. 84-22 Energy & Environmental Protection on H.B. No. 2147**

The purpose of this measure is to reinstate the Department of Health's authority to permit federal municipal solid waste landfills.

Your Committee received testimony in support of this measure from the Department of Health, County of Hawai'i Department of Environmental Management, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that due to Act 73, Session Laws of Hawaii 2020, the Department of Health lost its ability to permit federal municipal solid waste landfills and may be non-compliant with federal laws and regulations. Therefore, it is critical to insert the phrase "any federal agency" back into section 342H-52, Hawaii Revised Statutes, to avoid the loss of state program approval, under federal standards, for alternative liner and cover design and groundwater monitoring programs that may be more suited for local site conditions.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2147, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2147, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Hashem, Matayoshi).

#### **SCRep. 85-22 Energy & Environmental Protection on H.B. No. 1968**

The purpose of this measure is to prohibit the construction, modification, or expansion of any waste or disposal facility on land that covers a significant aquifer as determined by the Department of Health.

Your Committee received testimony in support of this measure from the Royal Kunia Community Association, Hawaii Crop Improvement Association, Hawai'i Farm Bureau, Village Park Community Association, and four individuals. Your Committee received testimony in opposition to this measure from the City and County of Honolulu Department of Environmental Services. Your Committee received comments on this measure from the Department of Health, Department of Land and Natural Resources, and one member of the Kaua'i County Council.

Your Committee finds that there are serious concerns about future waste or disposal facilities being sited on lands above important sources of groundwater for agriculture, drinking, irrigation, domestic, commercial, and industrial needs. This measure ensures the protection of the State's aquifers and helps to prevent contaminants reaching these important natural resources.

Your Committee notes that the passage of this measure may negatively impact the City and County of Honolulu's efforts to identify a new location for a landfill, as directed by the Land Use Commission, by December 31, 2022, and future landfill siting on the island of Kauai.

Your Committee has amended this measure by:

- (1) Requiring the Department of Health to work in consultation with the Department of Land and Natural Resources' Commission on Water Resource Management to determine what constitutes a "significant aquifer" and whether sites are near or above a significant aquifer;
- (2) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1968, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1968, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Hashem, Matayoshi).

#### **SCRep. 86-22 Energy & Environmental Protection on H.B. No. 1640**

The purpose of this measure is to:

- (1) Change the Electronic Waste and Television Recycling and Recovery Act to the Electronic Device Recycling and Recovery Act;
- (2) Establish electronic device manufacturer recycling goals and record keeping and reporting requirements for manufacturers and collectors;
- (3) Require collectors to register with the Department of Health;
- (4) Amend and repeal various definitions;
- (5) Expand the recycling and collection requirements of televisions to all electronic devices; and
- (6) Require the Electronic Device Recycling and Recovery Program to include, among other things, a description of the methods for the convenient collection of electronic devices.

Your Committee received testimony in support of this measure from the Department of Health, County of Hawai'i Department of Environmental Management, and six individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the Electronic Waste and Television Recycling and Recovery Act has been an important part of Hawaii's solid waste management system. Making the recycling of electronic devices, including televisions, easier by implementing manufacturer and collector recycling obligations and requirements will ensure convenient recycling for the public.

Your Committee has amended this measure by:

- (1) Specifying percentage benchmarks for determining a manufacturer's recycling obligations for 2023, 2024, and 2025;

- (2) Increasing the frequency of collection services by a manufacturer to at least once per month; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1640, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1640, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Hashem, Matayoshi).

#### **SCRep. 87-22 Energy & Environmental Protection on H.B. No. 2148**

The purpose of this measure is to:

- (1) Add, amend, and reorganize sections in chapter 342D, Hawaii Revised Statutes, to consolidate water quality certification requirements and include wetlands in the definition of "state waters";
- (2) Clarify the Director of Health's responsibility as a water quality certifying agency under federal regulations; and
- (3) Increase maximum statutory civil penalties to match the amounts of federal penalties and the state penalty in section 342B-47(d), Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Health and three individuals.

Your Committee finds that although wetlands are included in the definitions of "state waters" under section 342E-1, Hawaii Revised Statutes, and Hawaii Administrative Rules, wetlands are not included in the definition of "state waters" in section 342D-1, Hawaii Revised Statutes. Additionally, your Committee finds that this measure will provide a framework for the State's certification program to implement Hawaii's water quality standards and further maintain a sufficient economic deterrence against violations of water pollution control laws.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2148, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2148, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Hashem, Matayoshi).

#### **SCRep. 88-22 Health, Human Services, & Homelessness on H.B. No. 1894**

The purpose of this measure is to accommodate the use of traditional Hawaiian burial practices and environmentally friendly burial practices by including water cremation in the treatment and disposal of human remains.

Your Committee received testimony in support of this measure from Aloha Mortuary; Fisher & Associates, LLC; and thirteen individuals. Your Committee received comments on this measure from the Department of Health; Department of Commerce and Consumer Affairs; and Hawaii Funeral & Cemetery Association, Inc.

Your Committee finds that traditional Hawaiian burials play a critical role in Hawaiian culture and should be encouraged to promote greater cultural preservation. Your Committee further finds that the water cremation process benefits practitioners of traditional Hawaiian burial techniques and individuals who want an environmentally-friendly cremation option for themselves or their loved ones.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1894, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1894, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 89-22 Health, Human Services, & Homelessness on H.B. No. 1758**

The purpose of this measure is to allow for temporary permits to be issued to registered nurses and licensed practical nurses from a territory or foreign jurisdiction who are seeking a state license by endorsement.

Your Committee received testimony in support of this measure from the Hawaii Medical Service Association, Hawai'i Pacific Health, Hawai'i Friends of Civil Rights, Hawaii Primary Care Association, Hawai'i Coalition for Immigrant Rights, Planned Parenthood Alliance Advocates, and seven individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Board of Nursing, Hawai'i State Center for Nursing, and The Queen's Health Systems.

Your Committee finds that the COVID-19 pandemic has exacerbated the State's nurse shortage. Your Committee further finds that while the State has a mechanism to provide temporary permits for qualified nurses who are applying for licensure by endorsement, this mechanism is limited to nurses who are licensed in other states and excludes other qualified nurses who may be licensed in a territory or foreign jurisdiction. This measure addresses the State's ongoing nurse shortage by expanding the eligibility of the existing temporary permit program to include qualified nurses who are licensed in a territory or foreign jurisdiction.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1758, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1758, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 90-22 Health, Human Services, & Homelessness on H.B. No. 1892**

The purpose of this measure is to establish a pilot program within the Department of Health to provide free wireless broadband internet access, in parking lots adjacent to Department of Health buildings, to elderly residents.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii, Hawaii Primary Care Association, and AARP Hawai'i. Your Committee received comments on this measure from the Department of Health; Department of Budget and Finance; Department of Business, Economic Development and Tourism; and Executive Office on Aging.

Your Committee finds that due to the ongoing COVID-19 pandemic, there has been an increase in the use of remote or telehealth services for the provision of health care services. Your Committee further finds that many of the State's residents have struggled to obtain timely primary care services because of a lack of broadband internet resources. This measure serves to bridge the digital divide and improve access to telehealth visits and scheduling for disadvantaged populations.

Your Committee has amended this measure by:

- (1) Clarifying that the pilot program is to be offered to senior and rural residents;
- (2) Expanding the scope of the pilot program to include the digitization of certain vital records such as birth, death, and marriage certificates;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1892, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1892, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 91-22 Health, Human Services, & Homelessness on H.B. No. 1594**

The purpose of this measure is to:

- (1) Require all licensed nurses to respond to the Center for Nursing Workforce Supply Survey upon license renewal; and
- (2) Increase the Center for Nursing fee.

Your Committee received testimony in support of this measure from the University of Hawaii at Manoa Nancy Atmospera-Walch School of Nursing, Hawai'i State Center for Nursing, Hawai'i-American Nurses Association, The Queen's Health Systems, and three individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Board of Nursing.

Your Committee finds that the Center for Nursing was established in 2003, to be funded through a biennial \$40 fee assessed per individual nurse licensee. The fee has not been adjusted since that time and a modest increase is now needed to help the Center sustain the staffing needed to maintain its programs and meet its mandates. Additionally, your Committee finds that the Center for Nursing has faced challenges in securing adequate Nursing Workforce Supply Survey responses. Requiring responses to the survey will improve the Hawaii State Center for Nursing's ability to aggregate nursing workforce data and better inform policy makers, health care leaders, and others on the availability and characteristics of the nursing workforce in the State.

Your Committee has amended this measure by:

- (1) Deleting most of the purpose section;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1594, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1594, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 92-22 Health, Human Services, & Homelessness on H.B. No. 1575**

The purpose of this measure is to:

- (1) Broaden the scope of practice for physician assistants; and
- (2) Streamline the medical records review process for physician assistants by requiring a sampling of medical records, rather than all medical records, to be reviewed when prescribing controlled substances.

Your Committee received testimony in support of this measure from the Hawaii Medical Board, Hawai'i Pacific Health, Hawai'i Academy of Physician Assistants, The Queen's Health Systems, Kaiser Permanente Hawaii, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Disability and Communication Access Board, Hawai'i State Center for Nursing, Occupational Therapy Association of Hawaii, and one individual.

Your Committee finds that physician assistants are highly trained health care professionals authorized to serve as primary care providers. Broadening the scope of practice for physician assistants can therefore help address the State's shortage of licensed physicians. Your Committee further finds that requiring a review of a sample, rather than all, medical records that contain written orders or prescriptions for controlled substances will alleviate a burdensome administrative requirement by a supervising physician. This measure lowers restrictions on physician assistants practice and decreases physician administrative burden while ensuring timely quality health care for Hawaii residents in the State.

Your Committee has amended this measure by:

- (1) Authorizing physician assistants to sign orders for occupational therapy and plans of care;

- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1575, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1575, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 93-22 Health, Human Services, & Homelessness on H.B. No. 1746**

The purpose of this measure is to:

- (1) Clarify the group of professionals who are prohibited from knowingly referring or transferring patients to an uncertified or unlicensed care facility;
- (2) Repeal the provision that a landlord, under specified conditions, shall not be deemed to be providing home care services or operating a care facility that requires a license; and
- (3) Require the Department of Health to prioritize complaint allegations based on severity for investigations of state-licensed or state-certified care facilities.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received testimony in opposition to this measure from the Hawaii Substance Abuse Coalition. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the prevalence of unlicensed care homes and facilities in the State continues to pose significant health and consumer protection issues for Hawaii's elderly and vulnerable populations. This measure aims to safeguard the public, protect aged and vulnerable persons, and ensure quality of care by requiring and enforcing the requirement that all residential care homes and other health care facilities, agencies, and organizations be licensed.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Health may impose an administrative penalty, rather than a fine, for knowingly referring or transferring of a patient to an unlicensed care home, agency, or facility;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1746, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1746, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 94-22 Health, Human Services, & Homelessness on H.B. No. 1581**

The purpose of this measure is to help ensure that homeless service providers are able to administer homeless services in a timely manner by:

- (1) Requiring the Governor's Coordinator on Homelessness to collect and maintain a database of private property owners who give prior consent for homeless service providers to enter an owner's private property, for purposes of administering homeless services to a homeless individual located on that private property; and
- (2) Exempting homeless service providers from civil and criminal liability that may result from the administration of homeless services.

Your Committee received testimony in support of this measure from the National Association of Social Workers - Hawai'i, Hawai'i Psychological Association, Kealahou West Oahu, and Hawai'i Health and Harm Reduction Center. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness and Department of Budget and Finance.

Your Committee finds that addressing homelessness in the State requires several approaches, including the timely administration of appropriate housing and human services. Your Committee further finds that if homeless individuals are on private property, a homeless service provider must first obtain permission from the private property owner before entering the property to provide housing and human services. This measure reduces the delay in the provision of services to homeless individuals located on private property by establishing a database of private property owners who have granted prior consent for homeless services providers to enter their property for the administration of homeless services.

Your Committee has amended this measure by:

- (1) Limiting the exemption for homeless service providers to an exemption from any civil liability resulting from trespass rather than a broad exemption from civil and criminal liability;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1581, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1581, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Gates, Ward).

**SCRep. 95-22 Health, Human Services, & Homelessness on H.B. No. 1667**

The purpose of this measure is to:

- (1) Clarify that a pharmacist-in-charge of a pharmacy may sign off on applications to perform Clinical Laboratory Improvement Amendments waived tests; and
- (2) Clarify that pharmacists may order and perform certain Clinical Laboratory Improvement Amendments waived tests.

Your Committee received testimony in support of this measure from the University of Hawaii at Hilo, Walgreen Co., Hawai'i Health & Harm Reduction Center, Times Pharmacy, Hawai'i Pharmacists Association, CVS Health, Hep Free Hawaii, and seven individuals. Your Committee received comments on this measure from the Department of Health and Board of Pharmacy.

Your Committee finds that under existing Department of Health regulations, pharmacies that perform Clinical Laboratory Improvement Amendments waived tests are required to partner with a clinical laboratory director to sign-off on the application to perform the tests. This signatory requirement places Hawaii in a minority of states that still have this requirement. Most states instead allow the pharmacist-in-charge of a pharmacy to sign applications for the purpose of authorizing Clinical Laboratory Improvement Amendments waived testing.

Your Committee has amended this measure by:

- (1) Specifying that a pharmacist, rather than the pharmacist-in-charge of a pharmacy, may serve as the director of a laboratory to order and perform Clinical Laboratory Improvement Amendments waived tests;
- (2) Clarifying that pharmacists may order and perform all Clinical Laboratory Improvement Amendments waived tests that are approved or authorized by the U.S. Food and Drug Administration;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1667, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1667, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 96-22      Agriculture on H.B. No. 1517**

The purpose of this measure is to support Hawaii's coffee growers by:

- (1) Requiring disclosure on the label of coffee blends of the respective geographic and regional origins and percent by weight of the blended coffees;
- (2) Making it a violation to use a geographic origin in labeling or advertising for roasted or instant coffee blends that contain less than a certain percentage of coffee by weight from that geographic origin, phased in to a minimum of fifty-one percent;
- (3) Prohibiting use of the term "All Hawaiian" in labeling or advertising for roasted or instant coffee not produced entirely from green coffee beans grown and processed in Hawaii; and
- (4) Appropriating funds for the Pesticide Subsidy Program.

Your Committee received testimony in support of this measure from three members of the Hawaii County Council, Kona Coffee Farmers Association, Kona Perfect, Rancho Aloha, Greenwell Farms Inc., Hawaii Farmers Union United, KonaLoha Farms, Hawaii's Thousand Friends, Hawaii Coffee Growers Association, Lava Rock Farm, Huahua Farm, and eighteen individuals. Your Committee received testimony in opposition to this measure from the Hawaii Restaurant Association, Hawaii Coffee Company, Hawaii Food Industry Association, and Retail Merchants of Hawaii. Your Committee received comments on this measure from the Department of Agriculture, Department of Budget and Finance, and Hawaii Coffee Association.

Your Committee finds that coffee is one of the largest agricultural crops in the State and is a highly valued commodity across the globe. Hawaii coffees maintain their quality and reputation by maintaining their product integrity. Establishing standards that regulate the advertising and labeling of coffee grown in Hawaii maintains and protects the reputation and value of Hawaii coffees.

However, your Committee finds that while the Department of Agriculture can enforce grading and labeling of green Hawaii-grown coffee, the Department of Agriculture lacks the capability to regulate the authenticity of roasted and blended Hawaii-grown coffee labeling. According to the Department of Agriculture, there is no industry standard to determine the actual content or origin of roasted and blended coffee and no commercially available equipment for effective enforcement.

Accordingly, your Committee has amended this measure by:

- (1) Appropriating funds for purchasing equipment to test the coffee content or the percentage of coffee from green coffee beans grown in Hawaii;
- (2) Specifying that using the term "All Hawaiian" on a label or in advertising of a roasted or instant coffee is a violation if the roasted or instant coffee is not produced entirely from green coffee beans grown in Hawaii;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should this measure continue to progress through the legislative process, your Committee respectfully requests that consideration be given to the manner in which the Department of Agriculture could test and enforce the percentage of coffee containing coffee from green coffee beans grown in Hawaii.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1517, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1517, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 97-22      Agriculture on H.B. No. 1768**

The purpose of this measure is to exempt the instream use of water for traditional and customary kalo cultivation practices from the existing process for disposition of water rights.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, County of Kauai, County of Kauai Planning Department, one member of the Hawaii County Council, Hawaii State Aha Moku, Wai'oli Valley Taro Hui, Waipā Foundation, Kua'āina Ulu 'Auamo, Kūpuna for the Mo'opuna, Ka Ohana O Na Pua, Hawai'i Alliance for Progressive Action, Hawai'i SEED, Hanalei Hawaiian Civic Club, Council for Native Hawaiian Advancement, Hawai'i Land Trust, and numerous individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that kalo is integral to the Hawaiian culture and a staple of the Native Hawaiian diet. Water and water rights are central for taro cultivation. This measure provides support for traditional and customary kalo cultivation practices by exempting the instream use of water for these practices from the existing process for disposition of water rights.

Your Committee notes the concerns raised by the Department of Land and Natural Resources in its testimony that limiting the exemption, as provided in the measure, to "traditional and customary kalo cultivation practices" may not encompass taro farmers who would benefit from the exemption but have some commercial aspect to their operations beyond solely subsistence needs. Your Committee respectfully requests your Committee on Water and Land to include this matter in its deliberations should it hear this measure.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1768, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1768, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Perruso, Matayoshi, Matsumoto).

#### **SCRep. 98-22      Agriculture on H.B. No. 1844**

The purpose of this measure is to support a coordinated framework for agriculture education by appropriating funds for the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources to establish one full-time equivalent agriculture education coordinator position.

Your Committee received testimony in support of this measure from the University of Hawai'i at Manoa College of Tropical Agriculture and Human Resources, Center for Getting Things Started, Hawaii Floriculture and Nursery Association, Hawai'i Farm Bureau, Grow Some Good, Hawai'i Farm to School Hui, Hawaii Farmers Union United, and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that a working group established by Senate Resolution No. 80, Regular Session of 2015, requested the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources to develop a coordinated framework of support for preschool through post-secondary (P-20) agriculture education and a plan for implementation. Your Committee recognizes that agriculture education is fundamental to a strong and viable agriculture industry in the State. Agriculture education informs students about pursuing career opportunities in agriculture, provides opportunities for students to cultivate their interest and skills in agriculture, and equips a new generation of individuals to strengthen Hawaii's food security and food self-sufficiency through agriculture. This measure creates an agriculture education coordinator position to support agriculture education in the State.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1844 and recommends that it pass Second Reading and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 99-22      Agriculture on H.B. No. 1864**

The purpose of this measure is to improve the ability of school food programs to serve students fresh, locally grown foods by authorizing the issuance of general obligation bonds and appropriating funds for school cafeteria upgrades and appropriating funds for cafeteria staff training.

Your Committee received testimony in support of this measure from the Department of Agriculture, Adaptations Inc., Center for Getting Things Started, Ulupono Initiative, Hawai'i Farm Bureau, Hawaii Cattlemen's Council, Grow Some Good, Hawai'i Farm to School Hui, Hawai'i Alliance for Progressive Action, Hawai'i 'Ulu Producers Cooperative, and numerous individuals. Your Committee received comments on this measure from the Department of Education and Department of Budget and Finance.

Your Committee finds that school food programs serve an essential function in providing meals to students and improving the health of Hawaii's students through nutritious and fresh, locally grown foods. Your Committee recognizes that implementing farm-to school programs requires investment in school cafeteria facilities and cafeteria staff training.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1864, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1864, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 100-22      Agriculture on H.B. No. 1993**

The purpose of this measure is to modify requirements and restrictions related to the Department of Agriculture's dispositions of non-agricultural park lands to maximize the benefit to the State of these lands and to help the State achieve its economic and food production goals.

Your Committee received testimony in support of this measure from the North Shore Economic Vitality Partnership, Environmental Caucus of the Democratic Party of Hawai'i, and one individual. Your Committee received testimony in opposition to this measure from the Department of Agriculture. Your Committee received comments on this measure from the Department of the Attorney General, University of Hawai'i at Manoa College of Tropical Agriculture and Human Resources, Hawai'i Farm Bureau, Hawaii Cattlemen's Council, and one individual.

Your Committee finds that access to suitable land in the State is a significant barrier to entry for new farmers and ranchers, and the Department of Agriculture's non-agricultural park lands are one source of these lands. Your Committee further finds that this measure seeks to ensure continued productivity of these lands including in situations such as disability or loss of a spouse.

Your Committee has amended this measure by:

- (1) Clarifying that submittal of certain documentation to the Department of Agriculture is required in situations when a lessee seeks modification of a lease or original plan of development and utilization due to a mental or physical disability or the loss of a spouse; and

- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1993, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1993, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Perruso, Matayoshi).

#### **SCRep. 101-22     Agriculture on H.B. No. 2084**

The purpose of this measure is to facilitate development of housing for farmers and farm employees who actively and currently farm on important agricultural lands by:

- (1) Allowing landowners and lessee of important agricultural lands to apply to a county to develop, construct, and maintain farm cluster housing on the lands for rent to farmers and farm employees who actively and currently farm on the land;
- (2) Including farm cluster housing under a county priority permit processing procedure for facilities on lands designated as important agricultural lands; and
- (3) Removing a restriction on farm dwellings on important agricultural lands that is stricter than what is allowed under the definition of farm dwelling in section 205-4.5(a)(4), Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Office of Planning and Sustainable Development; Hawai'i Farm Bureau; and Maui Chamber of Commerce. Your Committee received testimony in opposition to this measure from Hawaii's Thousand Friends and one individual. Your Committee received comments on this measure from the Department of Agriculture, City and County of Honolulu Department of Planning and Permitting, Life of the Land, and one individual.

Your Committee finds that Act 233, Session Laws of Hawaii 2008 (Act 233), established incentives related to the long-term viability of agricultural use of lands. Act 233 included a provision whereby landowners with agricultural lands designated as important agricultural lands were allowed to develop, construct, and maintain farm dwellings and employee housing on the land for farmers, employees, and their immediate family members; provided the dwelling occupants were actively and currently engaged in farming. While intended as an agricultural incentive, your Committee finds that the provision imposed more restrictive standards for farm dwellings and employee housing on important agricultural lands than the existing standards for farm dwellings and employee housing on land in the agricultural land use district. This measure repeals the existing provision for farm dwellings and farm employee housing on important agricultural lands and establishes farm cluster housing as an incentive for the designation of lands as important agricultural lands, thereby facilitating the provision of certain farmer and farm employee housing to meet Hawaii's agriculture industry needs.

Your Committee has amended this measure by:

- (1) Requiring that the enactment of any county ordinance to allow farm cluster housing on important agricultural lands is conditioned upon at least one public hearing on the proposed ordinance prior to adoption;
- (2) Specifying that each farm housing cluster unit shall not exceed eight hundred feet;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2084, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2084, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Perruso, Matayoshi).

#### **SCRep. 102-22     Agriculture on H.B. No. 2305**

The purpose of this measure is to appropriate funds for the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources to study diseases affecting the production of red ginger on Oahu and the neighbor islands and to develop mitigation strategies for any identified diseases.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, Hawaii Farm Bureau Federation, East O'ahu County Farm Bureau, Hawaii Tropical Flowers & Foliage Association, Hawaii Crop Improvement Association, Redwater Farm, and four individuals. Your Committee received comments on this measure from the Department of Agriculture, Department of Budget and Finance, and University of Hawaii at Manoa College of Tropical Agriculture and Human Resources.

Your Committee finds that the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources' scientists have been able to identify three different viruses and one fungal pathogen that are infecting ornamental ginger, a highly valued plant that can be used as a shrub or as a cut flower. Department of Agriculture scientists have also identified the presence of fourteen additional pathogens. Your Committee finds that plant viruses and pathogens are a primary threat not only to red ginger but also to other agricultural crops and species, thereby impacting Hawaii's agriculture, environment, and economy. This measure seeks to appropriate funds for research on diseases affecting the production of red ginger in the State and to mitigate the harmful spread of plant diseases affecting red ginger.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2305 and recommends that it pass Second Reading and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Perruso, Matayoshi).

#### **SCRep. 103-22     Agriculture on H.B. No. 2319**

The purpose of this measure is to require the Department of Agriculture to be responsible for all neighbor island inspection permit fees for service animals that are being transported for release at Kona, Kahului, or Lihue airports.

Your Committee received testimony in support of this measure from the American Kennel Club. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that the Department of Agriculture currently allows private veterinarians to apply and receive approval to conduct inspections of dogs and cats arriving at the Kahului Airport, Ellison Onizuka Kona International Airport at Keahole, and Lihue Airport. However, your Committee further finds that the Department of Agriculture does not regulate inspection fees charged by these private entities, requiring residents and visitors who enter the State through those airports to pay an inspection fee. Your Committee notes that this is only because the Department of Agriculture does not have staff on any island except for Oahu. This measure provides equality amongst all airports by having the Department of Agriculture be responsible for all neighbor island inspection permit fees.

Your Committee has amended this measure by:

- (1) Inserting an appropriation of an unspecified amount for the Department of Agriculture to cover the costs of this measure;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2319, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2319, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Perruso, Matayoshi).

#### **SCRep. 104-22     Agriculture on H.B. No. 1726**

The purpose of this measure is to:

- (1) Amend definitions relating to exemptions from building permits and building codes for certain agricultural buildings and structures;
- (2) Require certain agricultural buildings and structures that are exempt from building permits and building codes to be consistent with an approved agricultural farm plan for the property;
- (3) Require owners or occupants of agricultural buildings that are exempt from building permits and building codes to make the building available for inspection by a county building official at any time; and
- (4) Impose penalties and fines on the owner or occupant of the agricultural building for failing to allow inspection by a county building official after appropriate notice is given.

Your Committee received testimony in support of this measure from the Department of Planning and Permitting of the City and County of Honolulu. Your Committee received testimony in opposition to this measure from the Hawai'i Farm Bureau; East O'ahu County Farm Bureau; Living Circle Farms Hawaii; Sunshine Farms, LLC; Hawai'i Medicinal, LLC; Pueo Orchards; and five individuals. Your Committee received comments on this measure from the Department of Agriculture, Office of Planning and Sustainable Development, Hawaii Cattlemen's Council, and Hawaii Floriculture and Nursery Association.

Your Committee recognizes that regulatory oversight is essential to ensure that agricultural buildings and structures exempt from building code and building permit requirements are consistent with the purpose and intent of the exemptions and agricultural use purposes. This measure makes agricultural farm plans a central part in regulating buildings and structures that are inconsistent with the permitted uses of the land.

Your Committee has amended this measure by:

- (1) Requiring an owner or occupant that intends to utilize the building permit and building code exemptions to submit to the appropriate county planning department an agricultural farm plan, including the size, type, location, and uses of the proposed building, structure, related appurtenances, or development;
- (2) Reverting to the provision in existing statute that no electrical power or plumbing system shall be connected to a building or structure exempt from building permit and building code requirements without first obtaining a county electrical or plumbing permit and conforming with installation and inspection licensing requirements;
- (3) Amending the process for county fire departments and county building permitting agencies to investigate exempt agricultural buildings for building permit and building code exemption compliance;
- (4) Reverting to the definitions of "agricultural building", "dwelling", and "nonresidential building or structure" as they currently exist in statute;
- (5) Deleting the new definitions of "farm production building" and "greenhouse";
- (6) Amending the definition of "agricultural farm plan", including by changing the entity responsible for approving the plan, and removing specific inventory and resources to be considered in an agricultural farm plan;
- (7) Reverting to the provision in existing statute that the State or county is not liable for claims arising from the construction of agricultural structures exempt from the building permit and building code permitting process;
- (8) Clarifying that an agricultural building exempt from building permits and building codes must be consistent with an agricultural farm plan for the property;
- (9) Deleting the provision prohibiting certain agricultural buildings or structures from containing identified features;
- (10) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1726, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1726, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 105-22     Education on H.B. No. 2129**

The purpose of this measure is to appropriate funds to the Department of Education for fiscal year 2022-2023 for twenty-one additional hours of professional development for teachers.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii State Teachers Association, two individuals, and numerous principals represented by the Principal in Residence of the Department of Education's Leadership Institute. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that professional development for teachers is a vital way to ensure teachers can use the best, research-based educational practices within their classrooms. Your Committee further finds that in the collectively-bargained agreement between the Board of Education and the exclusive representative of bargaining unit (5), representing teachers, there was a memorandum of understanding that allowed for twenty-one additional hours to be added to the teachers' workday without students. These twenty-one hours were to be used for job-embedded professional development to provide benefits, including a formalized structure for organizing training and learning time, reducing the need for substitute teachers, and eliminating teacher absences from classes for training. However, this memorandum of understanding expired on June 30, 2021, and because funding was not available, the memorandum of understanding was not renewed. This measure will provide the funding for the twenty-one hours for teachers to use for professional development.

Your Committee has amended this measure by:

- (1) Changing the appropriation amount to an unspecified amount;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance deliberate this measure further, your Committee on Education respectfully requests that it consider appropriating \$16,600,000 for fiscal year 2022-2023 for twenty-one hours of professional development for teachers.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2129, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2129, H.D. 1, and be referred to your Committee on Labor & Tourism.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (Belatti, Ohno, Quinlan).

#### **SCRep. 106-22 Water & Land on H.B. No. 1653**

The purpose of this measure is to protect the State's aquatic resources by:

- (1) Authorizing the imposition of a criminal fine for violations of aquatic resources laws;
- (2) Establishing a tiered administrative fine system for each specimen of aquatic life taken, killed, or injured;
- (3) Establishing a criminal fine structure on a per-specimen basis for violations involving aquatic life; and
- (4) Authorizing the Department of Land and Natural Resources to recommend community service that benefits the resource damaged when a person is ordered to perform community service in lieu of a fine.

Your Committee received testimony in support of this measure from Friends of Hanauma Bay, Pet Industry Joint Advisory Council, Center for Biological Diversity, For the Fishes, For Forgotten Felines, and ten individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and HFACT.

Your Committee finds that the precious aquatic resources of Hawaii deserve greater protection from poachers and others who cause damage or harm to the environment.

Your Committee has amended this measure by:

- (1) Deleting the criminal fines for violations involving aquatic resources laws;
- (2) Modifying the general administrative penalties under section 187A-12.5, Hawaii Revised Statutes, and the general penalty under section 187A-13, Hawaii Revised Statutes, to take into account the retail market value of the aquatic life that was taken or damaged;
- (3) Establishing additional, tiered administrative fines for violations of fishing rights and regulations, commercial fishing laws, and marine life conservation program laws that take into account the retail market value of the aquatic specimen that was taken or damaged;
- (4) Authorizing the Department of Land and Natural Resources to recommend to the court that defendants be restricted from entering specific geographical areas where aquatic resources may be found, including ocean waters, estuaries, rivers, and streams;
- (5) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1653, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1653, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).

#### **SCRep. 107-22 Culture, Arts, & International Affairs on H.B. No. 2475**

The purpose of this measure is to:

- (1) Establish July 31 of each year as the state holiday La Hoihoi Ea; and
- (2) Remove Election Day as a designated state holiday.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO and one individual. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Department of Budget and Finance, Office of Collective Bargaining, Common Cause Hawaii, and Department of Human Resources of the City and County of Honolulu.

Your Committee finds that there is great interest in observing and celebrating the history of Hawaii. Your Committee further finds that there is significant concern about the removal of Election Day as an observed state holiday and the impact that removal may have on the ability of the State's residents to exercise their right to vote.

Therefore, your Committee has amended this measure by:

- (1) Removing the amendment that would have repealed Election Day as an observed state holiday;
- (2) Deleting language establishing La Hoihoi Ea as an observed state holiday and replacing it with language establishing La Hoihoi Ea as a special day of observance;
- (3) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2475, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2475, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 108-22     Transportation on H.B. No. 1953**

The purpose of this measure is to provide the Department of Transportation with more flexibility and discretion to address substantial hardship situations that impact airport concession contracts.

Your Committee received testimony in support of this measure from the Airport Concessionaires Committee and one individual. Your Committee received testimony in opposition to this measure from the Airlines Committee of Hawaii. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that airport concessions, like other local businesses in the State, have suffered devastating losses due to the coronavirus disease 2019 pandemic. Additionally, airport concessions revenues are critical to the operations of the airports in the State, which serves millions of travelers per year. This measure ensures that the Department of Transportation is afforded the flexibility and discretion to grant relief to airport concessions in times of substantial hardship and unexpected circumstances.

Your Committee has amended this measure by:

- (1) Removing all references to "verbal agreement";
- (2) Deleting language that would have allowed an anticipated significant hardship as a condition for grant recoupment by airport concessions;
- (3) Giving the Department of Transportation discretion to require, as a condition for grant recoupment, an airport concession to recall employees who were laid off, under certain conditions;
- (4) Reducing the maximum number of years of the term of any contract for airport concessions from twenty-five to fifteen;
- (5) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1953, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1953, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, Takumi).

#### **SCRep. 109-22     Transportation on H.B. No. 1619**

The purpose of this measure is to, beginning July 1, 2023, establish peer-to-peer car-sharing insurance requirements.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii Insurers Council, GEICO, and American Property Casualty Insurance Association. Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice and Avail. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Turo.

Your Committee finds that peer-to-peer car sharing has emerged as a new car sharing model in the rental car marketplace, allowing vehicle owners to rent out their vehicles directly to consumers through online platforms. However, peer-to-peer car-sharing programs do not have established requirements for insurance coverage. This measure ensures that vehicles in these car sharing programs are properly insured specifically for peer-to-peer car-sharing purposes.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "car-sharing termination time";
- (2) Deleting language that would have led to unintended gaps in insurance coverage due to general business use;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1619, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1619, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, Takumi).

#### **SCRep. 110-22     Economic Development on H.B. No. 1516**

The purpose of this measure is to prohibit as an unfair and deceptive practice the advertisement of a good or service in the absence of licenses or permits for the good or service, to the extent the licenses or permits are required by applicable state and county laws.

Your Committee received testimony in support of this measure from the Hawaii Funeral & Cemetery Association, Inc.; Mililani Group, Inc., d.b.a. Mililani Memorial Park and Mortuary; and two individuals.

Your Committee finds that existing law is silent regarding a person who wishes to advertise a good or service but does not actually possess a license or permit for the sale of the good or provision of the service. Your Committee believes that prohibiting a person from advertising a good or service, unless the person has the applicable license or permit to sell that good or provide that service, will ensure that residents and visitors of the State are purchasing legal goods and services.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1516 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

#### **SCRep. 111-22 Economic Development on H.B. No. 1592**

The purpose of this measure is to adopt the Interstate Compact to Phase Out Corporate Welfare.

Your Committee received testimony in opposition to this measure from the Hawaii Bankers Association.

Your Committee finds that corporate welfare and company-specific subsidies fuel business inequality. Corporate welfare is also known as one of the least effective and efficient uses of taxpayer dollars. This measure attempts to set up a framework in the State to end the practice of corporate welfare, thereby creating an equal playing field for all businesses and utilizing taxpayer dollars more appropriately.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1592 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Okimoto). Excused, 1 (Belatti).

#### **SCRep. 112-22 Economic Development on H.B. No. 1407**

The purpose of this measure is to:

- (1) Clarify that sales to a licensed retail merchant, jobber, or other licensed seller for resale are only eligible for the wholesale tax rate if the resale is subject to the highest general excise rate; and
- (2) Allow the resale of a service or tangible personal property that is subject to the highest general excise tax rate to be eligible for the wholesale tax rate under certain circumstances.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from the Chamber of Commerce Hawaii, Hawai'i Pacific Health, The Queen's Health Systems, and Walgreen Co. Your Committee received comments on this measure from the Hawaii Health Systems Corporation Corporate Board of Directors, Tax Foundation of Hawaii, and Healthcare Association of Hawaii.

Your Committee finds that existing law provides certain wholesalers a lower general excise tax rate due to inadvertent elimination of language in the general excise tax law that occurred over the past couple decades. Your Committee believes that it was the original intent of the Legislature to require within a transaction chain a sale at the highest general excise tax rate in order for a taxpayer to be eligible for the wholesale general excise tax rate. This measure clarifies when the wholesale general excise tax rate is applicable for certain resale transactions.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1407 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Belatti).

#### **SCRep. 113-22 Economic Development on H.B. No. 1960**

The purpose of this measure is to clarify the general excise tax exemption for unrelated trade or business activities of certain nonprofit organizations.

Your Committee received testimony in support of this measure from Hawai'i Children's Action Network Speaks!, Hawaii Youth Services Network, The Queen's Health System, Hawai'i Health & Harm Reduction Center, Mental Health America of Hawaii, Hawai'i Alliance of Nonprofit Organizations, Read To Me International Foundation, Parents And Children Together, Hawai'i Pacific Health, H.T. Hayashi Foundation, Big Brothers Big Sisters Hawaii, Grow Some Good, Mana Maoli, Hawaiian Humane Society, Guide Dogs of Hawai'i, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Taxation, and Tax Foundation of Hawaii.

Your Committee finds that nonprofit organizations are currently exempt from federal income tax. Similar to the federal government, Hawaii provides a general excise tax exemption for income generated by a nonprofit organization's charitable activities. However, your Committee notes that unlike the federal government, Hawaii taxes activities that are used to produce income, even though the income may be in the furtherance of exempt activities, such as fundraisers. This measure aligns the State's general excise tax exemptions with the federal income tax code by clarifying the type of activity that would be taxable under state law.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1960 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

#### **SCRep. 114-22 Economic Development on H.B. No. 1828**

The purpose of this measure is to make various amendments related to the Taxation Board of Review, including:

- (1) Reducing the membership from ten members to three, with at least two required for quorum;
- (2) Establishing that the members are full-time employees, with compensation based on a percentage of the salary of the Director of Taxation;

- (3) Authorizing members to validate the board's actions with a concurrence of the majority;
- (4) Clarifying that board meetings are contested case hearings and specifying notice requirements; and
- (5) Appropriating funds for the Department of Taxation to establish three full-time equivalent Taxation Board of Review members and two full-time equivalent staff positions.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Department of Budget and Finance and Tax Foundation of Hawaii.

Your Committee finds that existing law does not require the Chairperson of the Taxation Board of Review to have extensive experience with taxation and litigation or public accounting, all of which are necessary to ensure a fair tax appeals process. This measure would greatly assist the Department of Taxation with its backlog of tax appeals by requiring the Chairperson of the Taxation Board of Review to have such experience, and compensate the members appropriately, thereby ensuring that Hawaii's taxpayers have their tax appeal issues resolved fairly and expeditiously.

Your Committee has amended this measure by:

- (1) Clarifying that the existing volunteer members of the Taxation Board of Review, whose terms are not set to expire until after the effective date of this measure shall continue to serve until the Governor has appointed the new paid board; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1828, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1828, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Belatti).

#### **SCRep. 115-22 Economic Development on H.B. No. 2437**

The purpose of this measure is to establish an income tax credit for physicians, osteopathic physicians, and nurses who are licensed and actively practicing in the State.

Your Committee received testimony in support of this measure from the Hawaii-American Nurses Association, Hawaii Nurses Association – OPEIU Local 50, and two individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Hawai'i State Center for Nursing, and Tax Foundation of Hawaii.

Your Committee finds that in Hawaii, health care professionals are in high demand yet low supply, particularly on the neighbor islands and in rural and medically underserved areas. Supporting physicians and nurses through income tax credits, such as the one proposed by this measure, is a potential solution that could improve recruitment and retention of needed health care professionals in the State.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2437 and recommends that it pass Second Reading and be referred to your Committee on Health, Human Services, & Homelessness.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (D. Kobayashi). Excused, none.

#### **SCRep. 116-22 Economic Development on H.B. No. 2219**

The purpose of this measure is to:

- (1) Establish the Bank of the State of Hawaii Working Group to propose legislation to establish a state-operated bank; and
- (2) Appropriate funds for the Bank of the State of Hawaii Working Group.

Your Committee received testimony in opposition to this measure from the Department of Budget and Finance, Hawaii Bankers Association, and two individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that as the State continues to face economic challenges, it may be necessary to analyze and consider alternatives to the existing structure of financial institutions in Hawaii. Establishing a working group to develop proposed legislation on the establishment of a state-operated bank in Hawaii provides a first step in exploring possible alternatives.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2219 and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Belatti, Okimoto). Noes, 1 (Onishi). Excused, none.

#### **SCRep. 117-22 Economic Development on H.B. No. 1962**

The purpose of this measure is to:

- (1) Require the Department of Hawaiian Home Lands to study the feasibility of, and revenue generation from, limited casino gaming and address the potential public health and safety concerns arising from limited casino gaming;
- (2) Require a report to the Legislature; and
- (3) Appropriate funds for the study.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that residents of Hawaii generate hundreds of millions of dollars in economic activity from gambling in other jurisdictions across the nation. Your Committee believes that a limited casino could have untapped revenue generation potential that would help the State recover from losses experienced during the COVID-19 pandemic. Your Committee further finds that with over twenty-eight thousand native Hawaiians awaiting homestead leases, revenue generated by a limited casino could significantly help put native Hawaiian families in homes. Your Committee acknowledges the social

concerns that come with casinos and gambling; however, your Committee believes that innovative solutions to improve economic development in the State and reduce the ever-growing waitlist for Hawaiian homestead leases are needed. Your Committee therefore finds that this measure merits further discussion as it continues through the legislative process.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1962, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1962, H.D. 1, and be referred to your Committees on Judiciary & Hawaiian Affairs and Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Okimoto). Noes, none. Excused, none.

#### **SCRep. 118-22 Economic Development on H.B. No. 2177**

The purpose of this measure is to:

- (1) Expand the Department of Taxation's authority to require electronic filings;
- (2) Require certain tax return preparers to electronically file returns;
- (3) Repeal language that authorized the Director of Taxation to require electronic funds transfer or electronic filing if the federal government required a person to do so;
- (4) Remove the timeliness requirement of the electronic funds transfer penalty;
- (5) Remove the authority of the Department of Taxation to charge for certified copies of tax clearances;
- (6) Clarify tax clearances for liquor license holders;
- (7) Increase the aggregate cap on late filing penalties;
- (8) Create an additional penalty category for late filing for certain informational returns where no tax is due;
- (9) Clarify the interest calculations for taxes paid pending appeal; and
- (10) Specify that a partnership, estate, or trust is liable for the required withholding from a nonresident taxpayer's distributive share of income.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that various sections of the state tax administration law are antiquated and need to be updated to ensure that the Department of Taxation can efficiently and effectively carry out its duties. This measure will increase tax compliance and streamline administrative processes, thereby providing taxpayers more clarity while minimizing their exposure to unexpected penalties.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2177, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2177, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Okimoto). Noes, none. Excused, none.

#### **SCRep. 119-22 Economic Development on H.B. No. 2178**

The purpose of this measure is to:

- (1) Require laws that enact, modify, or extend the availability of a tax expenditure to contain specific information, revenue estimates, and analyses before becoming law; and
- (2) Authorize the disclosure of certain tax expenditure information.

Your Committee received testimony in support of this measure from the Department of Taxation and Civil Beat Law Center for the Public Interest. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that tax expenditures are often enacted based on anticipated benefits, such as an increase in gross domestic product, job creation, and enhanced tax revenue. Your Committee further finds that the State Auditor is required under law to review tax expenditures on a periodic basis. However, this has proven to be difficult as the purpose of enacting tax expenditures and the anticipated benefits to the State are not always clear. This measure will resolve this issue by requiring all laws that enact, modify, or extend tax expenditures to lay out the purpose and anticipated benefits.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2178, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2178, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Okimoto). Noes, none. Excused, none.

#### **SCRep. 120-22 Economic Development on H.B. No. 2227**

The purpose of this measure is to:

- (1) Rename the Hawaii Made program to the Made in Hawaii program;
- (2) Transfer the enforcement of the "Made in Hawaii" trademark from the Department of Agriculture to the Department of Commerce and Consumer Affairs; and
- (3) Appropriate funds for the Department of Business, Economic Development, and Tourism to promote the Made in Hawaii brand.

Your Committee received testimony in support of this measure from the Maui Chamber of Commerce. Your Committee received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs. Your Committee received comments on this measure from the Department of Agriculture; Department of Budget and Finance; Department of Business, Economic Development, and Tourism; Hawaii Cattlemen's Council, Inc.; and Hawaii'i Farm Bureau.

Your Committee finds that Act 2, Special Session Laws of Hawaii 2021, transferred the administration of the Hawaii Made program for manufactured products and the "Hawaii Made" trademark from the Department of Agriculture to the Department of Business, Economic Development, and Tourism. However, enforcement of the program was left to the Department of Agriculture. Your Committee believes that the Department of Commerce and Consumer Affairs may be better suited to enforce compliance with this program.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2227, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2227, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 121-22 Corrections, Military, & Veterans on H.B. No. 1650**

The purpose of this measure is to:

- (1) Create a new program called "project reset", which will help offenders secure post-release housing, including transitional housing and permanent housing, to support the offender's reentry, rehabilitation, and employment prospects; and
- (2) Appropriate funds for this purpose.

Your Committee received testimony in support of this measure from the Department of Public Safety, Hawaii'i Correctional System Oversight Commission, Office of the Public Defender, City and County of Honolulu Department of the Prosecuting Attorney, Hawaii'i Health & Harm Reduction Center, and Chamber of Commerce Hawaii. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Budget and Finance, and Hawaii Substance Abuse Coalition.

Your Committee finds that offenders exiting correctional facilities are at risk of becoming homeless but are not aware of or eligible for many services afforded to the homeless. Assisting offenders to obtain post-release housing as they transition back into the community will provide a measure of stability and help to minimize recidivism.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1650, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1650, H.D. 1, and be referred to your Committee on Health, Human Services, & Homelessness.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 122-22 Corrections, Military, & Veterans on H.B. No. 1676**

The purpose of this measure is to require that the sexual orientation and gender identity of persons processed for crimes be included in the systems of identification, if disclosed.

Your Committee received testimony in support of this measure from the Hawaii'i State Commission on the Status of Women, Hawaii Health & Harm Reduction Center, Hawaii Substance Abuse Coalition, and four individuals. Your Committee received comments on this measure from the Judiciary, Department of the Attorney General, and Stonewall Caucus for the Democratic Party of Hawaii'i.

Your Committee finds that this measure will help to standardize data collection on gender across the State and acknowledge transgender and non-binary categories in data reporting. Your Committee further finds that confidentiality concerns warrant including a limitation on the use of the data to ensure the data is kept confidential and used for statistical research and data analysis purposes only.

Your Committee has amended this measure by:

- (1) Requiring that sexual orientation and gender identity information collected under this measure remain confidential and be used strictly for research purposes;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that there would be a cost to program and implement changes to collect the data subject to this measure and requests that subsequent committees hearing this measure consider incorporating an appropriation for system updates.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1676, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1676, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 123-22 Corrections, Military, & Veterans on H.B. No. 1739**

The purpose of this measure is to clarify that the comprehensive offender reentry system provides programs and services that result in the timely release of inmates on parole when the minimum term, rather than the maximum term, has been served by the inmate.

Your Committee received testimony in support of this measure from the Department of Public Safety, Hawai'i Correctional System Oversight Commission, Common Cause Hawaii, Community Alliance on Prisons, Hawaii Substance Abuse Coalition, American Civil Liberties Union of Hawai'i, and one individual.

Your Committee finds that this measure will correct language that was incorporated into chapter 353L, Hawaii Revised Statutes, when the Hawaii Correctional System Oversight Commission was first established by Act 179, Session Laws of Hawaii 2019. At the time, the commission was charged with various oversight responsibilities, including ensuring that the comprehensive offender reentry system under chapter 353H, Hawaii Revised Statutes, is working properly to provide programs and services that result in the timely release of inmates on parole.

Your Committee finds that the Hawaii Paroling Authority establishes minimum terms of imprisonment when an inmate becomes eligible for release into the community under parole supervision. The Department of Public Safety is required to develop and implement comprehensive reentry plans to help each inmate make the difficult transition from the prison setting to community life. As written, section 353L-3, Hawaii Revised Statutes, inadvertently provides the commission's oversight of "programs and services that result in the timely release of inmates on parole when the maximum terms have been served". Accordingly, your Committee finds this one-word housekeeping amendment to change "maximum" to "minimum" is necessary.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1739 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 124-22 Corrections, Military, & Veterans on H.B. No. 1776**

The purpose of this measure is to:

- (1) Mandate that there be a community-based work furlough program for all incarcerated women in the State; and
- (2) Appropriate funds to the Department of Public Safety to extend the contract for community-based work furlough for women and ensure that it is not only continued but expanded to all incarcerated women.

Your Committee received testimony in support of this measure from the Department of Public Safety, Hawai'i Correctional System Oversight Commission, Hawai'i State Commission on the Status of Women, Common Cause Hawaii, Women's Prison Project, Hawai'i Friends of Restorative Justice, YWCA O'ahu, Hawaii Substance Abuse Coalition, Hawaii Health & Harm Reduction Center, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance and American Civil Liberties Union of Hawai'i.

Your Committee finds that this measure will help the State transition to a rehabilitative and therapeutic model of corrections. The mandate for community-based work furlough programs for incarcerated women in Hawaii is consistent with the requirements in section 353H-3, Hawaii Revised Statutes, that the Department of Public Safety develop a "comprehensive network of transitional programs to address the needs of individuals exiting the correctional system" and ensure that "all reentry programs are gender-responsive". Such a network promotes community safety by facilitating the adjustment from the highly structured prison setting to independent living and works best when located in the communities to which the inmates will return.

Your Committee has amended this measure by:

- (1) Removing the mandate that a community-based work furlough program be made available to all female offenders, in recognition that this option may not be the best option for each incarcerated woman;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1776, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1776, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 125-22 Corrections, Military, & Veterans on H.B. No. 1778**

The purpose of this measure is to require:

- (1) The Offender Reentry Office of the Department of Public Safety to develop and implement a risk needs assessment tool that is specifically intended to assess the needs of female offenders; and
- (2) The Department of Public Safety to submit a report to the Legislature on the Offender Reentry Office's compliance with the requirement in paragraph (1).

Your Committee received testimony in support of this measure from the Women's Prison Project, Hawaii Health & Harm Reduction Center, and one individual. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that the development of a risk needs assessment tool that focuses on the discrete needs of female offenders will assist the Offender Reentry Office in identifying programs and services that are more helpful to females as they reintegrate into society.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1778, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1778, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 126-22 Corrections, Military, & Veterans on H.B. No. 1779**

The purpose of this measure is to appropriate funds for the second year of the education program for imprisoned women.

Your Committee received testimony in support of this measure from the Department of Public Safety, Hawaii Health & Harm Reduction Center, Women's Prison Project, Hawai'i Friends of Restorative Justice, Community Alliance on Prisons, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the education program for imprisoned women is a program to train incarcerated women to be general education development, or GED, tutors for their peers; provide college correspondence courses for women in the Women's Community Correctional Center; and provide reentry and transition services for women who wish to continue their education post incarceration.

Your Committee also finds that, during the first year of the program, five GED tutors were successfully trained and certified, and as of January 2022, nine women at the Women's Community Correctional Center had their GED diplomas. Of the nine graduates, six went on to enroll in post-secondary programs earning college credits.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance decide to hear this measure, your Committee respectfully requests that it consider appropriating \$250,000 for the second year of the education program for imprisoned women.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1779, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1779, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 127-22 Corrections, Military, & Veterans on H.B. No. 1780**

The purpose of this measure is to appropriate monies for residential programs that allow minor children to remain with their mothers while participating in the program, including community-based furlough programs, residential drug treatment programs, therapeutic community programs, and mental health programs, to reduce the risk of trauma and multigenerational incarceration.

Your Committee received testimony in support of this measure from the Judiciary, Community Alliance on Prisons, Women's Prison Project, Hawai'i Friends of Restorative Justice, Hawaii Substance Abuse Coalition, and two individuals. Your Committee received comments on this measure from the Department of Public Safety and Department of Budget and Finance.

Your Committee finds that, as of 2018, seventy-five percent of incarcerated women in Hawaii had children. Your Committee further finds that studies have shown that when women in the criminal justice system are separated from their children, the experience has devastating impacts on the children's mental health and development and can increase the risk of multigenerational incarceration. The separation also has a traumatic effect on mothers.

Your Committee also finds that, although the number of programs that allow minors to remain with their mothers while in treatment is limited, there is a need for these programs. Funding to the Judiciary will provide a resource for these programs to increase operations and bed space.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As this measure proceeds through the legislative process, your Committee requests that the liability concerns raised by the Department of Public Safety be considered and addressed.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1780, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1780, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 128-22 Corrections, Military, & Veterans on H.B. No. 2257**

The purpose of this measure is to appropriate funds for reentry planning circles for incarcerated women.

Your Committee received testimony in support of this measure from the Hawai'i Correctional System Oversight Commission, Women's Prison Project, Hawai'i Friends of Restorative Justice, Hawaii Health & Harm Reduction Center, Community Alliance on Prisons, and one individual. Your Committee received comments on this measure from the Department of Public Safety and Department of Budget and Finance.

Your Committee finds that reentry planning circles provide an opportunity for an incarcerated person to make meaningful amends, set goals, and plan for the future. Your Committee further finds that incarcerated persons who participate in reentry planning circles before leaving prison have significantly lower recidivism rates.

Your Committee has amended this measure by:

- (1) Deleting the reference to the number of incarcerated women to be served by reentry planning circles;
- (2) Changing the appropriation to an unspecified amount;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance decide to hear this measure, your Committee respectfully requests that it consider appropriating \$200,000 for the reentry planning circles for incarcerated women.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2257, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2257, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 129-22 Corrections, Military, & Veterans on H.B. No. 2258**

The purpose of this measure is to:

- (1) Establish the Women's Corrections Implementation Commission to provide oversight over state correctional facilities that incarcerate women, receive and investigate complaints from incarcerated women, monitor the criminal justice system's progress in implementing reforms, and monitor programs and data that are important to ensuring successful outcomes for women in the correctional system; and
- (2) Appropriate funds for the Commission's operations, including the hiring of necessary staff.

Your Committee received testimony in support of this measure from the Women's Prison Project and Hawaii Health & Harm Reduction Center. Your Committee received comments on this measure from the Department of Public Safety, Hawai'i Correctional System Oversight Commission, and Department of Budget and Finance.

Your Committee finds that the duties and responsibilities that would be assigned to the Women's Corrections Implementation Commission are encompassed by the statutory responsibilities of the Hawai'i Correctional System Oversight Commission but are specifically targeted to incarcerated females. In addition, the Women's Corrections Implementation Commission would be attached to the Department of Public Safety rather than the Department of the Attorney General.

Your Committee further finds that the oversight provided by the Women's Corrections Implementation Commission would focus on effective gender-responsive enhancements and reforms.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2258, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2258, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 130-22 Corrections, Military, & Veterans on H.B. No. 2309**

The purpose of this measure is to reduce recidivism rates in the State and increase productivity in affected communities by appropriating funds for the development and maintenance of diversion and reentry programs and services within the State.

Your Committee received testimony in support of this measure from the Maui Multicultural Advisory Council, Community Alliance on Prisons, Women's Prison Project, Hawaii Substance Abuse Coalition, Ka Ipu Ha'a, Hawai'i Health & Harm Reduction Center, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Public Safety.

Your Committee finds that effective diversion and reentry programs increase community safety and provide needed treatment, education, skills, and support for offenders transitioning back into the community. Your Committee further finds that certain populations are not under the custody or control of the Department of Public Safety, and to provide a more comprehensive approach, appropriations should also be made to the Judiciary and Hawaii Paroling Authority to serve those individuals previously incarcerated under their respective jurisdictions.

Your Committee has amended this measure by:

- (1) Adding appropriations to the Judiciary and Hawaii Paroling Authority for the development and maintenance of diversion, reentry, and rehabilitation programs and services for offenders falling under their respective jurisdictions;
- (2) Increasing flexibility by including rehabilitation as a type of program or service for which the appropriations under this Act may be used;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2309, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2309, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 131-22 Corrections, Military, & Veterans on H.B. No. 2310**

The purpose of this measure is to:

- (1) Establish within the Department of Public Safety's Offender Reentry Office a five-year Recidivism Prevention Pilot Program, consisting of three components: a housing voucher program, child care voucher program, and income tax credit for employers to assist the reentry efforts of certain individuals who exited the Women's Community Correctional Center, for two years after exit;
- (2) Establish five full-time equivalent Transition Navigator positions within the Department of Public Safety's Offender Reentry Office; and
- (3) Appropriate funds for the pilot program and positions.

Your Committee received testimony in support of this measure from the Hawai'i Friends of Restorative Justice, Women's Prison Project, Hawaii Health & Harm Reduction Center, and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Public Safety, and Department of Budget and Finance.

Your Committee finds that the housing and child care voucher programs proposed by this measure would provide two years of transitional support for women exiting the Women's Community Correctional Center who meet certain income and other criteria, while the income tax credit would incentivize employers to hire them. The pilot program would thereby assist with some basic needs to promote stability for women exiting the correctional system and their families and prevent recidivism. Your Committee further finds that allowing these three components of the pilot program to continue for five years will provide a basis for evaluating how these benefits affect recidivism rates.

Your Committee has amended this measure by:

- (1) Placing the pilot program and associated funding and positions within the Judiciary, rather than the Department of Public Safety;
- (2) Requiring the Judiciary to inform the Department of Taxation of the identity of program participants and their employers;
- (3) Authorizing the Department of Labor and Industrial Relations to provide the Department of Taxation with the information necessary to verify all claims for the new tax credits;
- (4) Specifying the taxable years to which the tax credit will apply;
- (5) Adding a repeal date;
- (6) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2310, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2310, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 132-22 Corrections, Military, & Veterans on H.B. No. 2311**

The purpose of this measure is to:

- (1) Require the Department of Public Safety, in collaboration with the Office of Hawaiian Affairs, to create a rehabilitation program for prison inmates that puts an emphasis on preserving Native Hawaiian values and cultural practices; and
- (2) Appropriate funds for the program.

Your Committee received testimony in support of this measure from the Department of Public Safety, Opportunity Youth Action Hui, Hawaii Health & Harm Reduction Center, Community Alliance on Prisons, Women's Prison Project, and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Office of Hawaiian Affairs.

Your Committee finds that the Native Hawaiian population is disproportionately represented in the criminal justice system. Creating a rehabilitation program that specifically addresses Native Hawaiian values and cultural practices is one way to help inmates feel less disenfranchised and support their reintegration into society upon release.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

Your Committee notes that the Office of Hawaiian Affairs has requested further consultation to address the intention and possible implementation of this measure. Your Committee encourages the Department of Public Safety, community groups, and state and county agencies to consult with the Office of Hawaiian Affairs on this measure.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2311, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2311, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 133-22 Corrections, Military, & Veterans on H.B. No. 2313**

The purpose of this measure is to:

- (1) Require the Department of Public Safety to develop a pretrial female risk and needs assessment tool and conduct internal pretrial female risk and needs assessments to measure the female offender's risk of flight, criminal conduct, or harm to the community; and
- (2) Require the pretrial female risk and needs assessment tool to consider factors important to women when considering their risk to reoffend and treatment needs.

Your Committee received testimony in support of this measure from the Women's Prison Project, Hawai'i Friends of Restorative Justice, and Hawaii Health & Harm Reduction Center. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that women's pathways to incarceration, risk factors for recidivism, and rehabilitation needs differ from those of men and are not adequately identified or addressed by assessment tools that were originally developed for males in the criminal justice system. Parenting stress, lack of childcare, and the need for single mothers to support their family are among risk factors and needs not identified in non-gender-responsive assessments.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2313, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2313, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 134-22 Government Reform on H.B. No. 1423**

The purpose of this measure is to:

- (1) Increase the amount of the fine that may be assessed against a noncandidate committee that makes only independent expenditures and has received at least one contribution of more than \$10,000 or spent more than \$10,000 in an election period; and
- (2) Authorize the Campaign Spending Commission to order that the fine, or any portion of the fine, assessed against a noncandidate committee be paid from the personal funds of the officers of the noncandidate committee.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Green Party of Hawai'i, Common Cause Hawaii, League of Women Voters of Hawaii, and seven individuals.

Your Committee finds that this measure increases the amount of fines assessed against a committee that makes only independent expenditures, otherwise known as Super PACs or large political action committees. The increase in the amount of the fine is necessary in enforcement cases against Super PACs.

Your Committee has amended this measure by:

- (1) Changing the fine to an unspecified amount; and
- (2) Changing its effective date to July 1, 2112, to encourage further discussion.

Should your Committee on Judiciary and Hawaiian Affairs deliberate on this measure, your Committee on Government Reform respectfully requests that it consider increasing the fine for campaign spending law violations against certain noncandidate committees that make only independent expenditures to \$10,000 or more, as these fines would mainly affect large political action committees who have a large amount of funds and resources available. A \$5,000 fine against a large political action committee, as originally proposed in this measure, may not be a sufficient enough deterrent.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1423, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1423, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Eli, Ward).

**SCRep. 135-22 Government Reform on H.B. No. 1424**

The purpose of this measure is to repeal certain cross-references in the campaign spending law that refer to language that was previously repealed.

Your Committee received testimony in support of this measure from the Campaign Spending Commission.

Your Committee finds that this bill is a housekeeping measure that will repeal references to provisions in the Hawaii Revised Statutes that were repealed in 2018.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1424, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1424, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Eli, Ward).

**SCRep. 136-22 Government Reform on H.B. No. 1568**

The purpose of this measure is to amend the law that requires all state departments to ensure that a certain percentage of food purchased consists of fresh local agricultural products or local value-added, processed, agricultural, or food products to:

- (1) Apply only to the Department of Education, Department of Health, Department of Public Safety, and University of Hawaii System; and
- (2) Require each department and the University of Hawaii System to annually report to the Legislature on its progress toward meeting the benchmarks.

Your Committee received testimony in support of this measure from the Hawaii Primary Care Association; Hawai'i Farm Bureau; Ulupono Initiative; Hawaii Cattlemen's Council, Inc.; Hawaii Coffee Association; and two individuals. Your Committee received testimony in opposition to this measure from the Department of Public Safety and one individual. Your Committee received comments on this measure from the Department of Health, Hawaii Food+ Policy Internship, Hawai'i Farm to School Hui, and one individual.

Your Committee finds that the Department of Education, Department of Health, Department of Public Safety, and University of Hawaii System are the state entities that purchase some of the greatest amounts of agricultural products. Your Committee recognizes that the Department of Defense is also a state entity that purchases a large amount of agricultural products through the Youth Challenge Academy. In fiscal year 2021, the total meal cost for the Department of Defense was around \$630,000. Your Committee believes it is appropriate to also include the Department of Defense in the requirements to meet the local food purchasing benchmarks and submit reports.

Your Committee notes that the University of Hawaii purchases a large amount of produce for its offered meal services and programs. Your Committee specifically notes that the intent of this measure is not meant to capture staff meals that are separate from the University's offered meal services and programs.

Your Committee has amended this measure by:

- (1) Including the Department of Defense among the state agencies required to ensure that a certain percentage of food purchases consist of fresh local agricultural products or local value-added, processed, agricultural, or food products;
- (2) Amending Section 1 of Act 176, Session Laws of Hawaii 2021 (Act 176), to:
  - (A) Include information about the Department of Defense and the spending for its Hawaii National Guard Youth Challenge Academy;
  - (B) Amend the purpose of Act 176; and

(B) Clarify that the intent of Act 176 is not meant to capture other staff meals separate from the University of Hawaii's offered meal services or programs; and

(3) Changing its effective date to July 1, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1568, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1568, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Ward).

#### **SCRep. 137-22 Government Reform on H.B. No. 1794**

The purpose of this measure is to require the Department of Health to:

- (1) By January 1, 2023, implement standardized quality metrics to track and address health care processes or outcomes applicable to improving the quality of care and targeting improvements in outcomes for patients having opioid use disorders;
- (2) Implement value-based purchasing based on these standardized quality metrics by July 1, 2023, to be applicable to all state purchases of health and human services entered into after July 1, 2023;
- (3) Collect data from health service providers on levels of opioid prescriptions, use of opioids in health care settings, and patient interactions for opioid use disorders; and
- (4) Annually report to the Legislature on the compiled data and any updates on the implementation of value-based purchasing.

Your Committee received testimony in opposition to this measure from the Hawaii Substance Abuse Coalition and one individual. Your Committee received comments on this measure from the Department of Health and Hawaii Medical Service Association.

Your Committee finds that the implementation of value-based purchasing, based on standardized quality metrics to improve the quality of care for patients having opioid use disorders, is a key component in addressing helping patients with opioid use disorder. However, your Committee recognizes that the underlying infrastructure for the value-based purchasing must be built first. Your Committee also believes that further research is needed to understand and address any major shifts in operations and clinical models that substance use disorder treatment providers may need before adjusting to efforts to incentivize new demands for higher quality of care.

Accordingly, your Committee has amended this measure by:

- (1) Delaying the development and implementation of the standardized quality metrics until January 1, 2024;
- (2) Delaying the implementation of value-based purchasing based on the standardized quality metrics until July 1, 2024;
- (3) Establishing a working group to determine major shifts in operations and clinical models that substance use disorder treatment providers need to make before adjusting to efforts to incentivize new demands for higher quality care;
- (4) Requiring the working group to submit a report of its findings and recommendations, including proposed legislation, to the Legislature prior to the convening of the Regular Session of 2023;
- (5) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1794, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1794, H.D. 1, and be referred to your Committee on Health, Human Services, & Homelessness.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Ward).

#### **SCRep. 138-22 Government Reform on H.B. No. 1830**

The purpose of this measure is to:

- (1) Establish the State Self-insurance Against Property and Casualty Risks Special Fund, to be administered by the Comptroller, to provide the State with self-insurance against the State's property and casualty risks; and
- (2) Appropriate general funds for deposit into the Special Fund.

Your Committee received comments on this measure from the Department of Budget and Finance, Department of Accounting and General Services, and one individual.

Your Committee finds that the State currently purchases third-party insurance through its risk management and insurance administration to cover the State's property and casualty risks. Property and casualty insurance provide risk mitigation to minimize the State's loss exposure. Your Committee further finds that the State's property and casualty insurance premium costs are significant and subject to further premium increases. This measure will help save the State the costs of its annual insurance premiums for property and casualty insurance by self-insuring the State's property and casualty risks.

Your Committee has amended this measure by changing its effective date to July 1, 2112, to encourage further discussion.

Should your Committee on Finance deliberate on this measure, your Committee on Government Reform respectfully requests that the levels of funding for reserves be at least \$322,000,000, as testified to by the Department of Accounting and General Services.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1830, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1830, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Ward).

**SCRep. 139-22 Government Reform on H.B. No. 1881**

The purpose of this measure is to require any person who acts as a conduit of at least \$10,000 in certain campaign-related activities within any two-year election period to maintain relevant records and file reports with the Campaign Spending Commission regarding large contributions received and that disclose the sources of the contributions.

Your Committee received testimony in support of this measure from the Green Party of Hawaii, Common Cause Hawaii, League of Women Voters of Hawaii, Campaign Legal Center, and eight individuals. Your Committee received comments on this measure from the Campaign Spending Commission.

Your Committee finds that transparency is an important factor for a healthy and strong democracy, as it allows voters to have accurate information they need to evaluate candidates for public office and to hold those candidates accountable if they are elected. Your Committee further finds that existing law does not prevent some people and corporations from transferring their money to other entities and hiding their true identities when purchasing campaign advertisements. This measure will require the maintenance of transfer records relating to certain campaign contributions and transfers to inform voters of the identities of those who attempt to influence elections through the purchase of campaign advertisements.

Your Committee notes that it is in agreement with the intent of this measure. However, your Committee recognizes that the wholesale insertion of model legislation into Chapter 11, Hawaii Revised Statutes, which relates to elections, can cause mechanical and execution problems for campaign spending. Your Committee further notes that stakeholders are willing to work with your Committees on Government Reform and Judiciary and Hawaiian Affairs to amend existing statute.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1881, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1881, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Ward).

**SCRep. 140-22 Government Reform on H.B. No. 1974**

The purpose of this measure is to establish the small business assistance initiative and appropriate funds to provide staffing for the implementation of part IX of the Hawaii Public Procurement Code, relating to assistance to small businesses.

Your Committee received testimony in support of this measure from the Department of Transportation, State Procurement Office, Hawaii State Commission on the Status of Women, Native Hawaiian Chamber of Commerce, Council for Native Hawaiian Advancement, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that small businesses are the lifeblood of the State's economy. Your Committee believes that the State's economy would benefit from the creation, development, and implementation of strategies to ensure that small businesses, including businesses owned by veterans, Native Hawaiians, and women, are able to effectively participate in small business contracting opportunities. Your Committee also finds that the State Procurement Office is able to assist small businesses with obtaining state contracts, a process that could be facilitated by the creation of the small business assistance initiative established by this measure.

Your Committee has amended this measure by changing its effective date to July 1, 2112, to encourage further discussion.

Should your Committee on Finance deliberate on this measure, your Committee on Government Reform respectfully requests that it consider appropriating to the State Procurement Office the following:

- (1) \$115,000 to complete Phase II and Phase III of the state small business database;
- (2) \$126,000 per year to establish one full-time equivalent (1.00 FTE) permanent Small Business Procurement Coordinator position exempt from Chapter 76, Hawaii Revised Statutes, in the State Procurement Office for the full period of the small business assistance initiative; and
- (3) \$125,000 per year for the hiring of a local small business to operate and maintain the Small Business Office and for marketing of and outreach for the small business assistance initiative for the full period of the initiative.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1974, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1974, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Ward).

**SCRep. 141-22 Pandemic & Disaster Preparedness on H.B. No. 1586**

The purpose of this measure is to:

- (1) Repeal language authorizing the Department of Education to retain federal disaster relief funds;
- (2) Shorten the time for reporting to the Legislature the purpose of any allotment or expenditure of major disaster funds;
- (3) Require federal disaster relief reimbursement monies to be deposited into a trust account of the Hawaii Emergency Management Agency, with funds to be returned to the general fund upon lapse of the original appropriation; and
- (4) Require annual reports to the Legislature on federal reimbursement monies, and disaster response spending by each state agency.

Your Committee received comments on this measure from the Department of Education and Hawaii Emergency Management Agency.

Your Committee finds that the geographic location of the State subjects the islands to many natural disasters such as hurricanes, volcanic eruptions, and wild fires. State departments and agencies have previously utilized their funds for disaster response efforts and then apply for federal reimbursement, which can take months or years to process. Your Committee further finds that as a result of the delay in departments receiving federal reimbursement, Act 139, Session Laws of Hawaii 2017, was enacted to authorize only the Department of Education to retain any federal reimbursement for disaster relief, regardless if the original appropriation had lapsed. Your Committee recognizes that when a department expends its funds to respond to an emergency situation it may be taking

funds from current operating expenses, thereby forcing the department to make cuts or program changes. Your Committee also notes that the years long delay in receiving federal reimbursement makes legislative appropriation and oversight important.

In recognition of this financial strain placed on departments, your Committee recommends a general fund appropriation to the Department of Defense so that state agencies do not have to use their own funds to respond to disasters.

Accordingly, your Committee has amended this measure by:

- (1) Reinstating the original reporting date requirement to no later than sixty days, rather than thirty days, after the allotment or expenditure of major disaster funds;
- (2) Inserting an appropriation of an unspecified amount for the Department of Defense for disaster response;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1586, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1586, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Ward). Noes, none. Excused, none.

#### **SCRep. 142-22 Pandemic & Disaster Preparedness on H.B. No. 1976**

The purpose of this measure is to:

- (1) Establish the Safe Home Program to provide matching and nonmatching grants for the installation of wind resistive devices;
- (2) Create a permanent position within the Insurance Division of the Department of Commerce and Consumer Affairs; and
- (3) Appropriate funds for Safe Home Program.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii Emergency Management Agency, Hawaii Insurers Council, and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Hawaii is susceptible to property loss resulting from hurricanes, tropical storms, and strong winds. The best long-term solution to reducing potential damage is to strengthen residential homes through the installation of wind resistive devices. However, the costs associated with inspection, repair, and reinforcement of residences that would make homes more hurricane resistant may discourage homeowners from making the investment. Your Committee believes it is in the interests of public health, safety, and welfare to establish a program to provide grants to certain property owners for the installation of wind resistive devices.

Your Committee has amended this measure by:

- (1) Authorizing the Insurance Commissioner to adopt interim rules that are exempt from chapters 91 and 201M, Hawaii Revised Statutes, until official rules are adopted; provided that the Insurance Commissioner holds at least one public hearing and gives thirty day notice of the public hearing;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1976, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1976, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cullen, Woodson).

#### **SCRep. 143-22 Pandemic & Disaster Preparedness on H.B. No. 2302**

The purpose of this measure is to appropriate funds for the continued operation and disaster preparedness outreach efforts of the University of Hawaii Sea Grant College Program.

Your Committee received testimony in support of this measure from the University of Hawai'i Sea Grant College Program, Hawaii State Library System, Hawaii Emergency Management Agency, Be Ready Manoa, and six individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the University of Hawaii Sea Grant Program provides useful and potentially life saving tips regarding disaster preparedness for natural hazards such as tsunami, earthquakes, floods, and hurricanes. The Sea Grant Program has participated in numerous outreach campaigns and provided over thirty thousand copies of its "Homeowner's Handbook to Prepare for Natural Hazards," which can be obtained in various locations throughout the State. Your Committee believes this grant program provides an essential service to the public and should continue its educational and outreach disaster preparedness programs.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2302, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2302, H.D. 1, and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cullen, Woodson).

**SCRep. 144-22 Pandemic & Disaster Preparedness on H.B. No. 2394**

The purpose of this measure is to appropriate funds to provide one-time enhanced payments to nursing facilities caring for Medicaid patients to assist with pandemic-related costs and lost revenues.

Your Committee received testimony in support of this measure from The Queen's Health Systems, Healthcare Association of Hawaii, and Hawai'i Pacific Health. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Human Services, Department of Budget and Finance, and Hawaii Health Systems Corporation.

Your Committee finds that during the coronavirus disease 2019 (COVID-19) pandemic, nursing facilities experienced significant hardships such as increased costs of labor, personal protective equipment, supplies, testing, and more. In addition to the increase in costs, many nursing facilities saw a decrease in their revenues, which further exacerbated the financial difficulties of nursing facilities in the State. Despite receiving some federal relief, it only covered roughly thirty percent of the total pandemic-related losses. Your Committee acknowledges the work and dedication of nursing facilities but believes that many other health care facilities that were equally devastated by the COVID-19 pandemic also require financial support to continue providing necessary services to the citizens of the State.

Accordingly, your Committee has amended this measure by:

- (1) Changing the appropriation amount to an unspecified amount;
- (2) Clarifying that any facility in the State that is licensed by Medicare to provide skilled nursing or intermediate care to Medicaid patients is eligible to receive enhanced payments;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that although your Committee changed the appropriation amount to an unspecified amount to encourage further discussion, the requested amount is \$13,000,000 for these enhanced payments.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2394, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2394, H.D. 1, and be referred to your Committee on Health, Human Services, & Homelessness.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cullen, Woodson).

**SCRep. 145-22 Pandemic & Disaster Preparedness on H.B. No. 2501**

The purpose of this measure is to provide for paid leave for certain employees required to stay home from work or prohibited from returning to work because of coronavirus disease 2019 (COVID-19) exposure who submit to a test within three days of being notified of the exposure and receive negative test results.

Your Committee received testimony in opposition to this measure from the Chamber of Commerce Hawaii and Maui Chamber of Commerce. Your Committee received comments on this measure from Hawaii Children's Action Network Speaks!.

Your Committee finds that the COVID-19 pandemic brought to light the importance of paid sick leave and proved that paid sick leave is a critical public health tool. Your Committee further finds that there are cases where employers are forcing healthy employees who were exposed to COVID-19 but tested negative to use their limited sick leave. Your Committee acknowledges that certain employers do so out of the safety of their other employees and patrons. However, as the COVID-19 pandemic devastated many households with furloughs or layoffs, your Committee believes that this measure would help individuals get back to work quickly so they can support their families.

Your Committee has amended this measure by:

- (1) Inserting the provisions of this measure in Session Law, rather than codifying it as a new chapter in the Hawaii Revised Statutes;
- (2) Defining a "COVID-19 test";
- (3) Requiring an individual to be fully vaccinated to qualify as an "employee" under this measure, and defining "fully vaccinated", in accordance with the United States Center for Disease Control and Prevention guidance;
- (4) Requiring an employee to submit proof that they are fully vaccinated to the employer;
- (5) Inserting a sunset date of June 30, 2023;
- (6) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2501, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2501, H.D. 1, and be referred to your Committee on Labor & Tourism.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Cullen, Woodson).

**SCRep. 146-22 Energy & Environmental Protection on H.B. No. 2088**

The purpose of this measure is to:

- (1) Create the Environmental and Economic Development Revolving Loan Fund under the administration of the Hawaii Green Infrastructure Authority;
- (2) Allow property owners and Hawaiian home lands lessees to finance qualifying improvements, such as cesspool upgrades, conversions, or connections; clean energy improvements; and resiliency measures, through a non-ad valorem property assessment; and
- (3) Appropriate funds to provide loans or other financial assistance to eligible property owners and for other allowable purposes, including implementation costs.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Hawaiian Home Lands; Hawaii Green Infrastructure Authority; Hawai'i Reef and Ocean Coalition; WAI: Wastewater Alternatives & Innovations; Petros

PACE Finance; Nuveen Green Capital; C-PACE Alliance; Hawaii Solar Energy Association; and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of the Attorney General, and Tax Foundation of Hawaii.

Your Committee finds that it is critical to invest resources to ensure the State's environmental health and minimize property loss and damage due to hurricanes, tropical storms, and other natural disasters. Innovative, non-traditional financing options and repayment mechanisms help bridge financing gaps, attract private capital, and address specific market failures and institutional barriers to help property owners make certain upgrades to improve a property's resiliency. Additionally, this measure will help the State address a number of critical initiatives, including aging cesspools, energy efficiency upgrades, and transitioning to clean energy.

Your Committee has amended this measure by:

- (1) Replacing the term "assessment" with "assessed" when referencing the Property Assessed Financing Program;
- (2) Clarifying the authorization to establish the Property Assessed Financing Program by:
  - (A) Specifying that any county may offer a property assessed financing program within its jurisdiction and contract with the Hawaii Green Infrastructure Authority (Authority) to offer the program; and
  - (B) Specifying the conditions of the program, including the responsibilities of the counties and the Authority's authorization to issue revenue bonds;
- (3) Clarifying and amending requirements for assessed financing assessment contracts relating to:
  - (A) Security for property assessed financing lenders' financing of qualifying improvements; and
  - (B) Recordation of the contracts and notice of the property assessed financing assessment that must be provided in the contracts;
- (4) Specifying determinations that property assessed financing lenders must make before entering into assessed financing assessment contracts for residential and commercial properties;
- (5) Clarifying and adding provisions regarding lienholders of residential and commercial properties, including lien parity and written consent of lienholders before entering into an assessed financing assessment contract;
- (6) Clarifying the responsibilities of the county directors of finance for the Property Assessed Financing Program;
- (7) Clarifying various definitions;
- (8) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2088, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2088, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Hashem, Matayoshi).

#### **SCRep. 147-22     Agriculture on H.B. No. 1992**

The purpose of this measure is to:

- (1) Permit composting and co-composting operations in agricultural districts; and
- (2) Appropriate funds for an environmental specialist IV position for the Department of Health Solid and Hazardous Waste Branch.

Your Committee received testimony in support of this measure from the Department of Research and Development of the County of Hawaii, Conservation Council for Hawaii, Hawai'i Alliance for Progressive Action, Life of the Land, Circlepack, North Shore Economic Vitality Partnership, Recycle Hawaii, Environmental Caucus of the Democratic Party of Hawai'i, and thirteen individuals. Your Committee received comments on this measure from the Department of Agriculture, Department of Health, Department of Budget and Finance, and Hawai'i Farm Bureau.

Your Committee finds that composting and co-composting in agricultural areas support sustainable and regenerative agriculture in the State. Composting in agricultural districts yields benefits for Hawaii's farmers, the agriculture industry, and the environment by improving soil health, increasing drought resistance, reducing the need for supplemental water and fertilizers, and increasing crop yields. Your Committee recognizes that the development and administration of a streamlined permit application process for certain small-scale composting and co-composting operations requires additional personnel support from the Department of Health Solid and Hazardous Waste Branch.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1992, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1992, H.D. 1, and be referred to your Committee on Energy & Environmental Protection.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Perruso, Matayoshi).

#### **SCRep. 148-22     Agriculture on H.B. No. 2466**

The purpose of this measure is to create stronger economic incentives for new taro farmers, improve the livelihoods of existing taro farmers, and reduce the cost of poi for local residents by exempting from income tax certain taro cultivation and production activities.

Your Committee received testimony in support of this measure from the Hawaii State Aha Moku; Hawai'i Farm Bureau; Kipahulu Ohana, Inc.; Hawaii Alliance for Progressive Action; Growing Together Edible Landscaping; Hawaii Farmers Union United; and twelve individuals. Your Committee received comments on this measure from the Department of Agriculture, Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that tax incentives provide valuable financial support to farmers engaged in taro cultivation and production, thereby supporting the perpetuation of the traditional practice of taro farming and increased production of taro as a nutritious staple food.

Upon careful consideration, your Committee has amended this measure by:

- (1) Replacing the state income tax exemption for persons engaged in the business of taro cultivation and production of value-added taro products with a general excise tax exemption for gross proceeds and income received from the sale of any product resulting from the cultivation and production of unprocessed taro in the State;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2466, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2466, H.D. 1, and be referred to your Committee on Economic Development.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Perruso, Matayoshi, Matsumoto).

#### **SCRep. 149-22 Health, Human Services, & Homelessness on H.B. No. 2424**

The purpose of this measure is to:

- (1) Expand the investigative power of the Department of Human Services to include children who have been adopted or placed in legal guardianship and whose families are receiving financial assistance through the State;
- (2) Expand the investigative power of the Department of Human Services to include children in the foster care system for whom there is a pending petition for adoption and the child is pendente lite or for whom an adoption decree has been issued but the child has not yet been placed in the custody of the adoption petitioner;
- (3) Establish and appropriate funds to create a crisis mobile outreach team pilot program to provide additional support and expansion of services for existing crisis response services;
- (4) Appropriate funds for additional case workers and support staff; and
- (5) Appropriate funds to increase compensation for existing child welfare services case worker positions.

Your Committee received testimony in support of this measure from the Department of Health and fifteen individuals. Your Committee received testimony in opposition to this measure from the Department of Human Services and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of the Attorney General, and Waimanalo Neighborhood Board No. 32.

Your Committee finds that additional measures are needed to strengthen the network of state systems that protect and ensure the safety and security for at-risk children who are under the protection and legal jurisdiction of the State and have been placed with an adoptive family or are under legal guardianship. Your Committee further finds that oversight of adoptive families and legal guardians who receive adoption assistance or permanency payments is currently limited to biannual forms where the beneficiary indicates whether the beneficiary still qualifies for and desire to receive assistance payments. This measure will provide additional safeguards for at-risk children by expanding the investigative authority of the Department of Human Services to include families where a child has been adopted or placed into legal guardianship.

Your Committee has amended this measure by:

- (1) Deleting a portion of the preamble to narrow the scope of the legislative intent;
- (2) Limiting the review or investigation of adoptive families and legal guardians to families where a complaint has been lodged with the Department of Human Services at any time, including any time prior to adoption or awarding of legal guardianship;
- (3) Deleting the crisis mobile outreach team pilot program and associated appropriation;
- (4) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2424, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2424, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 150-22 Health, Human Services, & Homelessness on H.B. No. 1975**

The purpose of this measure is to:

- (1) Amend the definitions of "preceptor" and "volunteer- based supervised clinical training rotation" to improve accessibility for health care providers to receive income tax credits for acting as health care preceptors; and
- (2) Revise the membership of the Preceptor Credit Assurance Committee to include the Director of Health.

Your Committee received testimony in support of this measure from the Department of Health, University of Hawai'i System, Hawai'i Pacific Health, Hawai'i State Center for Nursing, Hawaii Primary Care Association, The Queen's Health Systems, Kaiser Permanente Hawai'i, Hawaii Medical Association, Hawai'i Association of Professional Nurses, Hua Moon Women's Health LLC, and eight individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Taxation, and Tax Foundation of Hawaii.

Your Committee finds that the healthcare preceptor income tax credit is intended to incentivize volunteer preceptors to offer professional instruction, training, and supervision to students and residents seeking careers as health care providers. Your Committee further finds that during the first-year of implementation of the healthcare preceptor income tax credit in 2019, only a small subset of providers met the credit's eligibility requirements. This measure is intended to clarify compensation limits for volunteer-based supervised clinical training rotations to facilitate the Preceptor Credit Assurance Committee's implementation of the tax credit.

Your Committee has amended this measure by:

- (1) Specifying the eligibility of the tax credit via a technical clarification about compensation limits for preceptors providing volunteer-based supervised clinical training rotations;

- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1975, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1975, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 151-22 Health, Human Services, & Homelessness on H.B. No. 1638**

The purpose of this measure is to appropriate funds for a site assessment to identify and evaluate viable locations for a new hospital site in North Kona on the island of Hawaii.

Your Committee received testimony in support of this measure from the Mayor of the County of Hawai'i, one member of the Hawai'i County Council, Kuakini Hawaiian Civic Club of Kona, Hawaii Health Systems Corporation West Hawaii Region, and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Kona community has outgrown the current Kona Community Hospital. Your Committee further finds that expansion of the existing facility is prevented by the facility's wastewater system, which is already at capacity. This measure will allow for the identification and evaluation of viable locations for a new hospital site in North Kona, on the island of Hawaii, which will allow for the creation of a new, more modern facility that can better serve the North Kona community.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1638, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1638, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 152-22 Health, Human Services, & Homelessness on H.B. No. 1977**

The purpose of this measure is to allow dental assistants to perform limited, essential duties under the general supervision of a dentist in public health settings.

Your Committee received testimony in support of this measure from the Hawaii Dental Association, Hawai'i Children's Action Network Speaks!, Hawaii Dental Hygienists' Association, Hawaii Dental Service, Hawai'i Oral Health Coalition, Hui No Ke Ola Pono, AlohaCare, and seven individuals. Your Committee received comments on this measure from the Department of Health and Board of Dentistry.

Your Committee finds that the State lacks adequate and accessible dental public health infrastructure, particularly on the neighbor islands. Your Committee further finds that although dental hygienists may practice under general supervision of a dentist in public health settings, dental assistants are prohibited from providing auxiliary support except under direct supervision by a dentist. This measure expands providers' ability to offer adequate and accessible oral health services by permitting dental assistants to provide limited, essential duties under general, rather than direct, supervision of a licensed dentist in public health settings.

Your Committee has amended this measure by:

- (1) Deleting the preamble other than the narrow purpose statement of this measure;
- (2) Clarifying that dental assistants, licensed dental assistants, and licensed dentists must be providing dental services in a public health setting, rather than being employed in a public health setting;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1977, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1977, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 153-22 Health, Human Services, & Homelessness on H.B. No. 1893**

The purpose of this measure transfer the Daniel K. Akaka State Veterans Home to the Oahu Regional Health Care System so that when the Oahu Regional Health Care System is transferred from the Hawaii Health Systems Corporation to the Department of Health, pursuant to Act 212, Session Laws of Hawaii 2021, the Daniel K. Akaka State Veterans Home will become part of the Department of Health.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Office of the Adjutant General, State Office of Veterans' Services, and seven individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Health, Office of Information Practices, Oahu Regional Health Care System, and Hawaii Health Systems Corporation Corporate Board of Directors.

Your Committee finds that the Department of Defense lacks the legal flexibility and medical expertise needed for continued operational oversight of a long-term care facility. Your Committee further finds that the Oahu Regional Health Care System has experience in managing and operating long-term care facilities and the legal flexibility to contract, administer, and provide for operational oversight of a long-term care facility. This measure ensures that the Daniel K. Akaka State Veterans Home will be operational after construction on the facility is completed in April 2023 by transferring management and operational oversight to a state agency with the expertise and ability to successfully manage a long-term care facility.

Your Committee has amended this measure by:

- (1) Clarifying that the Daniel K. Akaka State Veterans Home will be transferred to the Oahu Regional Health Care System and not the Hawaii Health Systems Corporation;
- (2) Clarifying that none of the liabilities of the Daniel K. Akaka State Veterans Home in existence at the time it is assimilated into the Oahu Regional Health Care System shall become liabilities of the Oahu Regional Health Care System;
- (3) Clarifying that after the transfer of the Oahu Regional Health Care System into the Department of Health, all rights, privileges, and obligations previously held by the Oahu Regional Health Care System in relation to the Daniel K. Akaka State Veterans Home shall continue to be held by the Department of Health;
- (4) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1893, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1893, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 154-22 Health, Human Services, & Homelessness on H.B. No. 1980**

The purpose of this measure is to permit, but not require, Medicaid, health insurers, mutual benefit societies, and health maintenance organizations to cover telephonic behavioral health services under certain circumstances.

Your Committee received testimony in support of this measure from the Department of Human Services, Hawaii State Council on Developmental Disabilities, Hawaii Medical Services Association, The Hawaiian Islands Association for Marriage and Family Therapy, National Association of Social Workers-Hawaii'i, Hawaii'i Psychological Association, Hawaii Association of Health Plans, Hawaii Primary Care Association, Mental Health America of Hawaii'i, AARP Hawaii'i, and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Healthcare Association of Hawaii, The Queen's Health Systems, Hawaii'i Pacific Health, Kaiser Permanent Hawaii'i, and Hawaii'i Care Choices.

Your Committee finds that due to the ongoing COVID-19 pandemic, there has been an increase in the use of telehealth services, particularly for behavioral health services. Your Committee further finds that there is an additional need to remedy digital health disparities for individuals without access to the audio-visual technology needed for telehealth. This measure expands access to remote behavioral health care services by permitting, but not requiring, health insurers, mutual benefit societies, and health maintenance organizations to cover audio-only telephonic services under certain circumstances.

Your Committee has amended this measure by:

- (1) Specifying that telephonic behavioral health services may be covered if in-person behavioral health services have been provided to a patient within twelve, rather than six months prior to the telephonic service;
- (2) Clarifying that coverage of telephonic services by an insurer, mutual benefit society, or health maintenance organization is neither required nor prohibited;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1980, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1980, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 155-22 Health, Human Services, & Homelessness on H.B. No. 1945**

The purpose of this measure is to require the Department of Human Services to establish a Neighbor Islands Blind and Visually Impaired Services Pilot Program that supplements existing statewide services by providing training and other services to neighbor island residents who are blind or visually impaired.

Your Committee received testimony in support of this measure from the Hawaii State Committee of Blind Vendors, National Federation of the Blind of Hawaii, and eight individuals. Your Committee received comments on this measure from the Department of Human Services, Department of Budget and Finance, and Executive Office on Aging.

Your Committee finds that state and local support services for blind or visually impaired individuals are provided through economies of scale, and thus tend to benefit residents in populated areas, like Oahu, as compared to those in sparsely populated areas. Your Committee further finds that because of the concentration of support services on Oahu, blind or visually impaired individuals who live on the neighbor islands may be forced to choose between relocating to Oahu or living without services that would allow them to have full and integrated lives in their existing communities. This measure addresses the disparity in availability of support services by requiring the Department of Human Services to establish a pilot program to provide supplemental services to neighbor island residents who are blind or visually impaired.

Your Committee has amended this measure by:

- (1) Deleting the preamble, other than for a narrowed purpose statement;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1945, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1945, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 156-22 Health, Human Services, & Homelessness on H.B. No. 1774**

The purpose of this measure is to require health insurance policies, plans, contracts, or agreements issued by health insurers, mutual benefit societies, and health maintenance organizations to cover mandated services for mammography at least as favorably as coverage for other radiological examinations.

Your Committee received testimony in support of this measure from the Hawaii Medical Association. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Department of Health.

Your Committee finds that requiring the base level of coverage for existing mammography benefit mandates to be subject to terms of coverage that is at least as favorable to consumers as coverage for other radiological exams will help ensure that mammography screening benefits are reasonable and sustainable.

Your Committee has amended this measure by:

- (1) Deleting the preamble;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1774, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1774, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 157-22 Health, Human Services, & Homelessness on H.B. No. 1406**

The purpose of this measure is to specify that coverage for telehealth under the State's Medicaid managed care and fee-for-service programs includes psychiatric services delivered via telehealth through a behavioral health care manager who is present in a primary health care provider's office.

Your Committee received testimony in support of this measure from the Hawaii Psychiatric Medical Association, American Psychiatric Association, Hawaii Substance Abuse Coalition, AlohaCare, Hawaii Primary Care Association, AARP Hawai'i, and thirteen individuals. Your Committee received comments on this measure from the Department of Human Services and The Queen's Health Systems.

Your Committee finds that the psychiatric collaborative care model is effective and efficient in delivering integrated care and is ideal for states with community populations that are remote from urban centers as the model does not require the physical presence of a psychiatrist when psychiatric services can be delivered remotely. Your Committee further finds that the Centers for Medicare and Medicaid Services has released a Medicare Physician Fee Schedule that allows primary care physicians to be reimbursed for services that psychiatrists provide in the collaborative care model. Other payers including State Medicaid authorities and managed care plans, may opt to also reimburse for these services. This measure ensures the State's Medicaid population will receive needed psychiatric services by requiring the State's Medicaid managed care and fee-for-service programs to include coverage of psychiatric services delivered via telehealth under a collaborative care model.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1406, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1406, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 158-22 Health, Human Services, & Homelessness on H.B. No. 2393**

The purpose of this measure is to expand the scope of background checks for certain individuals, including individuals under contractual or employment obligations that place them in close proximity to minors and vulnerable adults.

Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that expanding the scope of background checks performed by the Department of Human Services on individuals working with or in close proximity to individuals receiving services from the Department is necessary to ensure the health, safety, and well-being of vulnerable populations in the State.

Your Committee has amended this measure by:

- (1) Expanding the scope of background checks for certain individuals to include individuals who are in close proximity to minors, young adults, and vulnerable adults;
- (2) Expanding the scope of background checks for certain individuals to include individuals who are in close proximity to minors, young adults, or vulnerable adults who are in need of social services and other benefits and services, including services intended to prevent abuse or neglect or assist youth aging out of foster care;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2393, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2393, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 159-22 Health, Human Services, & Homelessness on H.B. No. 2260**

The purpose of this measure is to:

- (1) Amend the circumstances under which medical cannabis may be transported by and between dispensaries;
- (2) Increase the allowable number of plants for production centers;
- (3) Increase the number of production centers that may be allowed under a dispensary license;
- (4) Increase the number of retail dispensing locations that may be allowed under a dispensary license;
- (5) Redefine the term "medical cannabis production center" to include any series of structures located within the same secured perimeter fence-line;
- (6) Require the Department of Health to establish the fee structure for the submission of applications for additional production centers and retail dispensing locations and dispensary-to-dispensary sales; and
- (7) Amend the Department of Health's duties with respect to the establishment of standards for manufactured cannabis products.

Your Committee received testimony in support of this measure from the Hawai'i Cannabis Industry Association, Marijuana Policy Project, Noa Botanicals, Green Aloha Ltd., Maui Grown Therapies, Aloha Green Holdings Inc., Big Island Grown Dispensaries, Hawaiian Ethos, and nine individuals. Your Committee received comments on this measure from the Department of Health and Akamai Cannabis Clinic.

Your Committee finds that additional measures are needed to ensure qualified patients in the State have access to an adequate supply of medical cannabis. This measure will enhance the State's medical cannabis dispensary program by permitting additional facilities to strengthen patient access, maintaining strict product controls and safety standards, and improving the administration of the program.

Your Committee has amended this measure by:

- (1) Reducing the allowable amount of cannabis that may be transported from a selling dispensary to a purchasing dispensary from sixteen hundred ounces to three hundred twenty ounces;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2260, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2260, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, none.

**SCRep. 160-22 Health, Human Services, & Homelessness/Energy & Environmental Protection on H.B. No. 2515**

The purpose of this measure is to require the Department of Health to establish and operate a laboratory capable of testing for diseases, air and water quality issues, and other high complexity testing.

Your Committees received testimony in support of this measure from the Department of Health, Honolulu Board of Water Supply, Life of the Land, Environmental Caucus of the Democratic Party of Hawai'i, and two individuals. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that the State's existing laboratory building is approximately twenty-seven years old and is not designed to accommodate new and current demands for testing. Your Committees further find that the construction of a larger building would permit the Department to follow current best practices for infectious disease testing, safely test for agents of bioterrorism, and handle the projected volumes of water testing now required for ensuring communities have safe drinking water after potential fuel contamination of an important aquifer.

Your Committees have amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2515, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2515, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, none.

Energy & Environmental Protection: Ayes, 8. Noes, none. Excused, none.

**SCRep. 161-22 Water & Land on H.B. No. 2167**

The purpose of this measure is to improve the protection of Hawaii's historic properties by ensuring that more decisions are made at the local level and by promoting more timely reviews by assigning to the respective counties the responsibility for certain historic preservation project reviews under section 6E-42, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, one member of the Maui County Council, and NAIOP Hawaii. Your Committee received testimony in opposition to this measure from the Society for Hawaiian Archaeology. Your Committee received comments on this measure from the departments of planning of the City and County of Honolulu, County of Hawaii, County of Maui, and County of Kauai and the Historic Hawai'i Foundation.

Your Committee finds that Hawaii is the only state in the Union that reserves to the state government the authority to review county permits for their potential effects on historic properties. In all other states, these reviews are performed by local governments. Your Committee believes that the processes implemented by the respective counties should be uniform and consistent and that this measure provides the basis to ensure consistency. Your Committee further finds that the delegation of powers proposed by this measure is highly appropriate.

Your Committee has amended this measure by:

- (1) Providing that the Department of Land and Natural Resources shall also retain authority to review projects occurring within or affecting a designated historic district;
- (2) Deleting the amount of the appropriation;

- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully urges that should your Committees on Consumer Protection & Commerce and Finance choose to hear this measure, they consider appropriating \$750,000 for the Department of Land and Natural Resources to allocate to the counties to assist them financially in carrying out this measure.

Your Committee also urges the Department of Land and Natural Resources and counties to work together to develop a path forward that is satisfactory to all stakeholders.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2167, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2167, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 162-22 Pandemic & Disaster Preparedness on H.B. No. 2392**

The purpose of this measure is to appropriate funds for coronavirus disease 2019 pandemic mitigation efforts.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Medical Service Association, and Hawai'i Primary Care Association. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the coronavirus disease 2019 (COVID-19) pandemic has devastated the world. While the deployment of multiple vaccinations across the world has helped reduce the spread of the disease and saved many lives, the pandemic continues to spread and the Department of Health requires logistical support for its continued efforts to fight COVID-19. Your Committee further finds that without ongoing and expeditious financial support for the medical administration of COVID-19 vaccines, progress toward higher vaccination rates is anticipated to slow. This measure will assist the Department of Health by providing necessary funds to address the COVID-19 pandemic.

Accordingly, your Committee has amended this measure by:

- (1) Making this measure an emergency appropriation for COVID-19 mitigation efforts;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that although the appropriation amount is blank, the Department of Health's testimony requests an appropriation of \$12,000,000 for surge-response vaccination activities through June 30, 2022.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2392, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2392, H.D. 1, and be referred to your Committee on Health, Human Services, & Homelessness.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Cullen, Woodson).

#### **SCRep. 163-22 Labor & Tourism on H.B. No. 2159**

The purpose of this measure is to:

- (1) Amend the Hawaii Revised Statutes to change the Workforce Development Council to the Workforce Development Board and make other adjustments in nomenclature; and
- (2) Require the Workforce Development Board to develop written conflict of interest policies consistent with federal law.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Hawaii State Ethics Commission, and Workforce Development Council.

Your Committee finds that the Workforce Development Council is largely governed by federal law. This measure codifies federal conflict of interest provisions into the Hawaii Revised Statutes and renames the Council as the Workforce Development Board. Your Committee also finds that this measure, as amended, reduces and streamlines the Workforce Development Board's membership while still allowing it to carry out its responsibilities and meet federal requirements.

Your Committee has amended this measure by:

- (1) Reducing the membership of the Workforce Development Board (Board), while adhering to federal requirements;
- (2) Clarifying the language relating to the Governor's selection of the chairperson in order to comply with federal law;
- (3) Clarifying that the conflict of interest provisions in this measure are separate and in addition to the standards of conduct set forth in the State Ethics Code, chapter 84, Hawaii Revised Statutes;
- (4) Providing that the Director of Labor and Industrial Relations, rather than the Governor, shall appoint and fix the compensation of the executive director of the Board;
- (5) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2159, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2159, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, none.

**SCRep. 164-22 Labor & Tourism on H.B. No. 2174**

The purpose of this measure is to add reserve public safety law enforcement officers to the volunteer occupations covered by the workers' compensation law under certain conditions.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and Department of Public Safety.

Your Committee finds that this measure will assist the Department of Public Safety in augmenting its cadre of reserve volunteer law enforcement officers and increase law enforcement to better protect the community. The Department of Public Safety intends to begin a volunteer enforcement program that will recruit recent retirees from the Department and members of the public to assist with the Department's law enforcement responsibilities. This measure would provide coverage for injuries under specified conditions when incurred in the line of duty.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2174, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2174, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 165-22 Education on H.B. No. 2126**

The purpose of this measure is to make an emergency appropriation to and authorize the issuance of general obligation bonds for the Department of Education to build a virtual school to allow for distance learning.

Your Committee received testimony in support of this measure from the Department of Education and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the COVID-19 pandemic caused unprecedented disruption to the education of Hawaii's students. Due to the pandemic, schools were forced to close down and education content was delivered through many different avenues, largely through virtual and online options. Although schools are now resuming in-person education, some virtual learning should continue. The Department of Education seeks to create a virtual school to continue to provide virtual learning for students. This measure will provide the sufficient funding needed to create the virtual school and hire the necessary staff for its operations.

Your Committee has amended this measure by:

- (1) Changing the appropriation amount and general obligation bond amount to unspecified amounts;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance choose to deliberate on this measure, your Committee on Education respectfully requests that it consider:

- (1) Appropriating \$2,453,917 for fiscal year 2021-2022; and
- (2) Authorizing the Director of Finance to issue \$2,700,000 in general obligation bonds and appropriating the same amount of funds for fiscal year 2021-2022,

for the Department of Education to build a virtual school.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2126, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2126, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Okimoto). Noes, none. Excused, 3 (Belatti, Ohno, Quinlan).

**SCRep. 166-22 Education on H.B. No. 2130**

The purpose of this measure is to make an emergency appropriation to the Department of Education for lead abatement.

Your Committee received testimony in support of this measure from the Department of Education, Department of Health, and Hawaii State Teachers Association. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Department of Education strives to ensure that its facilities are maintained to protect the health and safety of its students, teachers, and staff. Your Committee further finds that the results of the recently completed first phase of a United States Environmental Protection Agency's Water Infrastructure Improvements for the Nation Act grant programs found that Department of Education elementary schools with old plumbing fixtures resulted in finding trace amounts of lead being found in drinking water sources. According to the United States Environmental Protection Agency, there is no known safe level of lead in a child's blood and lead is harmful to health, especially for children. This measure will provide the funding necessary for the Department of Education to repair or replace the old plumbing fixtures and provide safe drinking water to elementary school students.

Your Committee has amended this measure by:

- (1) Changing the appropriation amount to an unspecified amount;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance decide to deliberate on this measure, your Committee respectfully requests that it appropriate \$1,850,000 to the Department of Education for lead abatement.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2130, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2130, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (Belatti, Ohno, Quinlan).

**SCRep. 167-22 Education on H.B. No. 2215**

The purpose of this measure is to:

- (1) Establish an income tax credit for employers who create on-site early childhood facilities; and
- (2) Establish and appropriate funds for one full-time equivalent on-site early childhood facility coordinator position.

Your Committee received testimony in support of the intent of this measure from the Executive Office on Early Learning. Your Committee received comments on this measure from the Department of Taxation, Department of Human Services, Department of Budget and Finance, Early Learning Board, and Tax Foundation of Hawaii.

Your Committee finds that the cost of child care in Hawaii is among the highest in the nation, requiring some parents to remain at home with their children because of the high cost. Your Committee further finds that employers who create facilities for early learning education on-site see greater employee retention and performance, lower absenteeism, and a more productive and positive workplace environment. This measure will help parents address concerns of child care costs and provide more opportunities for access to early childhood learning programs by providing an income tax credit for employers who create facilities for early learning education on-site.

Your Committee has amended this measure by:

- (1) Clarifying that the early childhood facility coordinator position shall assist with accreditation requirements, work with providers, and ensure appropriate facility or classroom design of on-site early childhood facilities in the State by providing technical assistance to implement a high-quality learning environment for young children;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance decide to deliberate on this measure, your Committee respectfully requests that it consider the concerns raised by the Department of Taxation in its testimony regarding:

- (1) Designating an agency with subject matter expertise to be the certifying agency for the on-site early childhood facility tax credit; and
- (2) The ability of the Department to administer an aggregate cap to the on-site early childhood facility tax credit as the credit claims come in with tax returns.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2215, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2215, H.D. 1, and be referred to your Committee on Economic Development.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

**SCRep. 168-22 Education on H.B. No. 2498**

The purpose of this measure is to require the Department of Health to submit a request, as allowed under part C of the federal Individuals with Disabilities Education Act, as amended, to the United States Department of Education to allow parents of children with a disability to continue receiving early intervention services after the child turns three years of age and until the child enters kindergarten.

Your Committee received testimony in support of this measure from five individuals. Your Committee received comments on this measure from the Department of Health and Hawaii Children's Action Network Speaks!.

Your Committee finds that young children with disabilities lose access to early intervention services when they turn three years of age and must transition to special education services provided by the State. However, some children may benefit more by continuing their early intervention services after turning three years of age, allowing them to work toward obtaining the goals and skills necessary to succeed in a school-based setting. This measure will begin the process to allow parents of children with a disability to continue receiving early intervention services after turning three years of age and close any current gaps in services.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2498, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2498, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

**SCRep. 169-22 Education on H.B. No. 2124**

The purpose of this measure is to allow for greater implementation of commercial enterprises in schools by deeming student interns engaged in a commercial enterprise to be employees of the State for liability purposes and allowing the Department of Education to use revenue from school commercial enterprises.

Your Committee received testimony in support of this measure from the Department of Education. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that there may be issues with liability that a business could face when employing a student intern through the Department of Education's commercial enterprise program. This measure will provide some degree of protection for businesses in situations where a student intern is injured or causes an injury while working for a business as part of the commercial enterprises program.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2124, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2124, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Okimoto). Noes, none. Excused, 2 (Belatti, Ohno).

#### **SCRep. 170-22 Education on H.B. No. 1565**

The purpose of this measure is to:

- (1) Require the rental or lease of facilities to be considered by the Legislature when deciding upon an appropriation and bond authorization to the State Public Charter School Commission; and
- (2) Appropriate funds for the State Public Charter School Commission to allocate to charter schools for infrastructure costs, lease or rent assistance, and repair and maintenance of network infrastructure.

Your Committee received testimony in support of this measure from the Board of Education, State Public Charter School Commission, Hawaii State Teachers Association, Kamehameha Schools, Ka 'Umeke Kaeo, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that facilities funding has been a long-standing issue for charter schools nationally and locally. Public charter schools receive inadequate funding to support student learning and that more funding for charter school facilities is needed.

Your Committee further finds that on March 11, 2019, the Charter School Facilities Funding Working Group, issued its report providing the framework and process for distributing charter school facilities funding that prioritizes funding based on certain criteria. This measure will provide additional funding resources to the State Public Charter School Commission for public charter school facilities and base the disbursement of funds on the distribution methodology determined by the Charter School Facilities Funding Working Group report.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1565, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1565, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Belatti, Ohno).

#### **SCRep. 171-22 Transportation on H.B. No. 1971**

The purpose of this measure is to:

- (1) Authorize peer-to-peer car-sharing and establish regulations;
- (2) Impose the car-sharing surcharge tax on peer-to-peer car-sharing programs;
- (3) Set the car-sharing vehicle surcharge tax at a rate equal to one-twelfth of the rate of the rental motor vehicle surcharge tax; and
- (4) Require those persons engaging or continuing in a peer-to-peer car-sharing program to register with the Department of Taxation.

Your Committee received testimony in support of this measure from the Hawaii Insurers Council, Enterprise Holdings, and Avail. Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice. Your Committee received comments on this measure from the Department of Taxation, Department of Commerce and Consumer Affairs Office of Consumer Protection, Turo, Tax Foundation of Hawaii, and Getaround.

Your Committee finds that peer-to-peer car sharing has emerged as a new car sharing model in the rental car marketplace, allowing vehicle owners to rent out their vehicles directly to consumers through online platforms. However, peer-to-peer car-sharing programs are not regulated under state law. This measure establishes regulations for these car sharing programs to ensure appropriate insurance coverage and recordkeeping.

Your Committee notes that the Department of Transportation's Airports Division, under its administrative authority, should oversee and permit activities in regard to peer-to-peer car sharing programs at airport facilities.

Your Committee has amended this measure by:

- (1) For the purposes of consistency, inserting similar insurance provisions from H.B. 1619, H.D. 1, Regular Session of 2022, relating to insurance coverage requirements, exclusions, recordkeeping, right of recovery, insurable interest, and disclosure and notice;
- (2) Requiring peer-to-peer car-sharing programs to verify that a shared car is not subject to a recall at the car-sharing start time;
- (3) Inserting provisions that subject peer-to-peer car sharing to the general excise tax and rental motor vehicle surcharge tax and require peer-to-peer car sharing programs to collect and remit taxes and surcharges to the Department of Taxation;
- (4) Deleting language that would have amended provisions relating to the car-sharing vehicle surcharge tax;
- (5) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1971, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1971, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (LoPresti, Takumi).

#### **SCRep. 172-22 Economic Development on H.B. No. 2179**

The purpose of this measure is to authorize the Director of Taxation, under certain circumstances, to apply to the circuit court to convert certain tax liens into enforceable civil judgments.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that there are several existing delinquent tax cases that are essentially uncollectible, despite the existence of tax liens. Your Committee further finds that when a tax lien is ignored and remains uncontested, the collection process cannot move forward. This measure would allow for judicial remediation by authorizing the Director of Taxation to seek judicial enforcement of tax liens, which will improve the efficiency of tax administration.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2179 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Okimoto). Noes, none. Excused, none.

#### **SCRep. 173-22 Water & Land on H.B. No. 1769**

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources to study and combat rapid ohia death in Hawaii.

Your Committee received testimony in support of this measure from the University of Hawai'i at Mānoa, Coordinating Group on Alien Pest Species, Hawai'i Farm Bureau, and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Budget and Finance.

Your Committee finds that rapid ohia death has killed over a million ohia trees on Hawaii Island and threatens forests on all of the main Hawaiian Islands. Ohia is the State's most common tree and compose eighty percent of remaining native forests. Ohia trees provide important habitats for other plants and animals and gather precipitation to recharge island aquifers. In addition, ohia forests have been treasured by Native Hawaiians for centuries for their many practical and artistic uses. Your Committee further finds that the widespread loss of ohia would be catastrophic for Hawaii's ecosystems and cultural heritage.

Your Committee has amended this measure by:

- (1) Deleting the amounts of the appropriations;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that should your Committee on Finance choose to hear this measure, it consider appropriating \$1,700,000, to be allocated as follows:

- (1) \$350,000 for a survey of and the response to rapid ohia death;
- (2) \$350,000 for applied research on management tools;
- (3) \$900,000 for animal removal from fenced areas on Hawaii Island; and
- (4) \$100,000 for public outreach on how to prevent disease spread.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1769, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1769, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 174-22 Water & Land on H.B. No. 1766**

The purpose of this measure is to increase the State Parks Special Fund expenditure ceiling to \$12,000,000 to allow the State Parks System to use and reinvest the revenues derived from out-of-state visitors to improve the quality and timeliness of maintenance, management, and public safety at state parks throughout Hawaii.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and The Friends of Iolani Palace.

Your Committee finds that the State Park System, which enables residents and visitors alike to connect with nature and experience the islands' unique historical and cultural heritage, is one of the twenty most visited parks systems yet one of the six most poorly funded systems in the United States. Your Committee further finds that following the brief hiatus of public use of state parks during the COVID-19 pandemic, a robust return of visitor arrivals in 2021 and additional revenue from state parks due to increased user fees are anticipated to yield over \$12,000,000 in revenue by the end of fiscal year 2022. By increasing the expenditure ceiling of the State Parks Special Fund, this measure will provide greater financial resources to maintain, preserve, and protect Hawaii's state parks.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1766, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1766, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 175-22 Energy & Environmental Protection on H.B. No. 1811**

The purpose of this measure is to:

- (1) Allow for new electric vehicle charging stations having a single port to qualify for a rebate under the Electric Vehicle Charging Station Rebate Program (Rebate Program);
- (2) Increase flexibility of the Public Utilities Commission to administer the Rebate Program;
- (3) Increase the maximum percentage of Rebate Program appropriations that may be expended for administrative costs; and
- (4) Allow for marketing and outreach expenses to be included within allowable administration costs of the Rebate Program.

Your Committee received testimony in support of this measure from the Department of Transportation, City and County of Honolulu Department of Design and Construction, Hawaiian Electric Company, Ulupono Initiative, Climate Protectors Hawai'i, KauaiEV, 350Hawaii.org, Hawaii Electric Vehicle Association, Alliance for Automotive Innovation, Blue Planet Foundation, Hawaii Automobile Dealers' Association, Retail Merchants of Hawaii, and four individuals. Your Committee received comments on this measure from the Public Utilities Commission, Hawaii State Energy Office, Hawai'i Energy, and Tesla.

Your Committee finds that the State has committed to eliminating fossil fuels from the electricity and ground transportation sectors and to achieving a zero-emissions clean economy in Hawaii by 2045. Additionally, meeting the State's clean energy goals and commitments necessitates the rapid transition to zero-emission vehicles, including supporting electric vehicle charging infrastructure. This measure provides more flexibility in the Rebate Program to ensure that the program is adequately and sufficiently deploying rebates to priority locations in furtherance of the State's clean energy and carbon reduction goals.

Your Committee has amended this measure by:

- (1) Clarifying that rebates shall be distributed up to, rather than at, specified amounts;
- (2) Expanding program eligibility for Level 2 chargers with one port for upgraded or replaced electric vehicle charging stations;
- (3) Providing more flexibility for the Public Utilities Commission in its consideration of program guidelines relating to supporting accessibility of charging to as many electric vehicle drivers as feasible;
- (4) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1811, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1811, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, none.

**SCRep. 176-22 Energy & Environmental Protection on H.B. No. 2493**

The purpose of this measure is to establish and appropriate funds for the Hawaii Farmland and Forest Soil Health Carbon Smart Incentive Program to incentivize carbon sequestration activities through incentives contracts that provide for compensation for eligible practices by program participants.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Green Infrastructure Authority; Office of Planning and Sustainable Development; The Nature Conservancy – Hawai'i and Palmyra; Hawaii Cattlemen's Council, Inc.; Life of the Land; Kauai Women's Caucus; 350Hawaii.org; Our Revolution Hawaii; Hawai'i Gas; Climate Protectors Hawaii; Energy & Climate Action Committee of the Environmental Caucus of the Democratic Party of Hawai'i; Dibshawaii LLC; Ohana Hui Ventures, Inc; Environmental Caucus of the Democratic Party of Hawai'i; Art Farm; Eco4Life; and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Agriculture.

Your Committee finds that the State needs to reduce its contribution to climate change, increase local food production, improve soil health, and secure resilient water sources. Incentivizing nature-based actions that are soil health and carbon positive provide rich, diverse co-benefits to the State, such as restoring, maintaining, and improving landscape soil health and water security through payment for service programs. This measure would increase the State's food and water security, while also allowing small farmers, ranchers, foresters, and landowners to be compensated for taking measures to help Hawaii reach its climate readiness goals.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2493, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2493, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, none.

**SCRep. 177-22 Energy & Environmental Protection on H.B. No. 2090**

The purpose of this measure is to establish a Zero-Emission Vehicle Rebate Program within the Public Utilities Commission to enable low- and moderate-income families greater access to zero-emission vehicles by providing a rebate on the point-of-sale purchase price of zero-emission vehicles.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Transportation; Public Utilities Commission; Hawaii State Energy Office; Hawaiian Electric Company; Life of the Land; Climate Protectors Hawai'i; Ulupono Initiative; Kauai Women's Caucus; 350Hawaii.org; Our Revolution Hawaii; Hawaii Electric Vehicle Association; Alliance for Automotive Innovation; Hawaii Automobile Dealers' Association; KauaiEV; and twelve individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from Hawaii Energy.

Your Committee finds that while the Electric Vehicle Charging System Rebate Program has proven to be successful with the addition of new charging systems that were facilitated by the availability of the rebates, it is still critical to encourage the adoption of transportation with lower emissions, particularly by low- and moderate-income households. Offering financial incentives to purchase or lease electric vehicles and other zero-emission vehicles will further encourage their adoption for use in the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2090, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2090, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 178-22 Energy & Environmental Protection on H.B. No. 2423**

The purpose of this measure is to require that all public works construction projects conform to certain carbon concrete standards.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development, Our Revolution Hawaii, Climate Protectors Hawai'i, Kauai Women's Caucus, 350Hawaii.org, Hawaii Interfaith Power and Light, and seven individuals. Your Committee received testimony in opposition to this measure from the City and County of Honolulu Department of Design and Construction and Cement and Concrete Products Industry of Hawaii.

Your Committee finds that managing and reducing a building's carbon footprint are increasingly important in building design, as reducing a building's carbon footprint can reduce running costs and increase efficiency in material design. Requiring the State to use lower carbon technologies in its buildings and projects, where feasible and cost effective, will provide an opportunity for the State to achieve its goal of becoming carbon neutral by 2045.

Your Committee has amended this measure by:

- (1) Deleting provisions relating to carbon concrete standards and inserting requirements for state building construction projects and state highway projects to use building and construction materials that seek to reduce the carbon footprint of the building or project, where feasible and cost effective, under chapters 107 and 264, Hawaii Revised Statutes, respectively;
- (2) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2423, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2423, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 179-22 Energy & Environmental Protection on H.B. No. 2054**

The purpose of this measure is to:

- (1) Authorize the Hawaii Technology Development Corporation to temporarily re-establish the Hawaii Office of Naval Research Grant Program to provide fifty percent matching grants to Hawaii awardees of alternative energy research grants from the United States Office of Naval Research; and
- (2) Establish the Alternative Energy Research and Development Revolving Fund and appropriate funds to provide grants.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office; Hawai'i Technology Development Corporation; Oceanit; Hawai'i Gas; Makai Ocean Engineering, Inc.; and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Hawaii Office of Naval Research Grant Program was established in 2015 to provide matching grants to further strengthen and support Hawaii's local companies that are conducting renewable energy research and development through existing contracts with the United States Department of Defense Office of Naval Research. However, the program was only funded for two years. This measure would re-establish the program and take important steps to encourage high-impact, clean energy solutions that promote innovative economic development.

Your Committee has amended this measure by:

- (1) Referencing the Hawaii Technology Development Corporation, rather than the High Technology Development Corporation;
- (2) Deleting the establishment of the Alternative Energy Research and Development Revolving Fund and instead appropriating general revenues to provide grants under the Hawaii Office of Naval Research Grant Program;
- (3) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2054, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2054, H.D. 1, and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 180-22 Energy & Environmental Protection on H.B. No. 2278**

The purpose of this measure is to:

- (1) Amend the Environmental Response, Energy, and Food Security Tax, also known as the Barrel Tax, to tax carbon emissions; and

- (2) Establish a refundable income tax credit to mitigate the effect of the carbon emissions tax on taxpayers.

Your Committee received testimony in support of this measure from the Kauai Women's Caucus; Environmental Justice Task Force of Faith Action for Community Equity; The Nature Conservancy; Kauai Climate Action Coalition; Ulupono Initiative; Citizens' Climate Lobby, Kauai Chapter; Citizens' Climate Lobby, Hawaii Island Chapter; Citizens' Climate Lobby Hawaii; Imua Alliance; Hawaii Interfaith Power and Light; Climate Protectors Hawai'i; Environmental Caucus of the Democratic Party of Hawai'i; and numerous individuals. Your Committee received testimony in opposition to this measure from the Practical Policy Institute of Hawaii, Honolulu County Republican Party, The Heartland Institute, Life of the Land, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Taxation, Department of the Attorney General, Hawaii State Energy Office, Par Hawaii, Grassroot Institute of Hawaii, Tax Foundation of Hawaii, and one individual.

Your Committee finds that other countries have successfully assessed a tax on producers and importers of fossil fuels to reduce the consumption of fossil fuels. The tax has shown to reduce the emissions of greenhouse gases, leading to a more sustainable environment and reducing local air pollution. Establishing a carbon emissions tax in Hawaii could similarly substantially lower the consumption of fossil fuels in the State, while also creating a net financial benefit to many of Hawaii's households, especially low-income households.

Your Committee has amended this measure by:

- (1) Clarifying the definitions of "qualified taxpayer" and "qualifying child";
- (2) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2278, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2278, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 181-22 Energy & Environmental Protection on H.B. No. 2388**

The purpose of this measure is to require and appropriate funds for the Office of Environmental Quality Control, which was transferred to the Office of Planning and Sustainable Development and renamed as the Environmental Review Program in 2021, to establish, implement, and maintain an interactive website that is accessible by the public at no cost and provides notification of and opportunity for participation in actions taken pursuant to the State's environmental review process.

Your Committee received testimony in support of this measure from Life of the Land and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Office of Planning and Sustainable Development.

Your Committee finds that transparency is important to the public, especially regarding the approval and permitting processes for construction and other projects that may impact the environment. Although the Office of Planning and Sustainable Development currently has a website that provides information to the public, the information provided on the site is difficult to locate. This measure further encourages public participation by improving the Office of Planning and Sustainable Development's website to be more user-friendly for the public.

Your Committee has amended this measure by:

- (1) Changing the expending agency for the appropriation from the Department of Health to the Office of Planning and Sustainable Development;
- (2) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2388, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2388, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 182-22 Energy & Environmental Protection on H.B. No. 1637**

The purpose of this measure is to:

- (1) Prohibit the counties from imposing a real property tax on land or land improvements used for the production or storage of renewable energy that is sold to an electric utility; and
- (2) Permit a county to impose an annual fee of up to \$1,000 per megawatt of nameplate AC capacity generated by a renewable energy project that is actively producing and selling energy to an electric utility and sited on real property within that county.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Hawaii State Energy Office; Life of the Land; Hawaiian Electric Company, Inc.; Tawhiri Power LLC; Clearway Energy Group; AES Clean Energy; and Kaua'i Island Utility Cooperative. Your Committee received testimony in opposition to this measure from one member of the Maui County Council, City and County of Honolulu Department of Budget and Fiscal Services, and one individual. Your Committee received comments on this measure from the Department of the Attorney General, Public Utilities Commission, Hawaii Clean Power Alliance, and Tax Foundation of Hawaii.

Your Committee finds that the successful deployment of large-scale renewable energy projects is integral to the State achieving its goal of one hundred percent renewable energy by 2045. However, in late 2021, the City and County of Honolulu Real Property Assessment Division unilaterally changed its tax treatment of some parcels of land on which renewable energy projects are sited from agriculture to industrial for tax purposes, resulting in a drastic increase in property taxes for affected projects. While energy projects owned by an electric utility are exempt from real property taxes, it is critical to ensure that independent power producers are provided the same tax exemptions.

Your Committee has amended this measure by:

- (1) Deleting language that would have prohibited the counties from imposing real property taxes on land or land improvements used to produce or store renewable energy that is sold to an electric utility;

- (2) Changing the counties' annual fee option to an annual in-lieu fee on land or improvements on land that are actively used to produce or store renewable energy that is sold to an electric utility, under certain conditions;
- (3) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1637, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1637, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 183-22 Energy & Environmental Protection on H.B. No. 1519**

The purpose of this measure is to, beginning January 1, 2023, prohibit the sale, offer for sale, or distribution in the State of any sunscreen that contains active ingredients that are not generally recognized as safe and effective by the Food and Drug Administration, under certain conditions.

Your Committee received testimony in support of this measure from one member of the Maui County Council, the Americans for Democratic Action Hawai'i, The Kohala Center, Mālama Pūpūkea-Waimea, Hawai'i Reef and Ocean Coalition, Friends of Hanauma Bay, Environmental Caucus of the Democratic Party of Hawai'i, Surfrider Foundation, Climate Protectors Hawai'i, and seven individuals. Your Committee received testimony in opposition to this measure from the Hawaii Skin Cancer Coalition, Hawaii Dermatological Society, American Academy of Dermatology Association, Hawaii Food Industry Association, Consumer Healthcare Products Association, Retail Merchants of Hawaii, Public Access to SunScreens Coalition, and three individuals. Your Committee received comments on this measure from the Department of Health, Department of Land and Natural Resources, and one individual.

Your Committee finds that despite the ban on the sale and distribution of sunscreen containing oxybenzone and octinoxate in the State beginning in 2021, many visitors to Hawaii may still be unaware of the harmful impacts of other chemicals that have significant harmful impacts on Hawaii's marine environment. This measure ensures that other harmful chemicals are included in the sunscreen ban to preserve the State's marine ecosystems, including coral reefs that protect Hawaii's shoreline.

Your Committee has amended this measure by:

- (1) Restoring language that prohibits the sale and distribution of any sunscreen containing oxybenzone or octinoxate, or both, without a prescription issued by a licensed health care provider;
- (2) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1519, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1519, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Matayoshi, Matsumoto). Noes, 1 (Tokioka). Excused, none.

#### **SCRep. 184-22 Energy & Environmental Protection/Water & Land on H.B. No. 1803**

The purpose of this measure is to propose an amendment to article I of the Hawaii State Constitution to recognize and protect the inherent and inalienable right of all people to clean water and air and healthy ecosystems, including climate, and to the preservation of the natural, cultural, scenic, and healthful qualities of the environment.

Your Committees received testimony in support of this measure from the Office of Planning and Sustainable Development, one member of the Maui County Council, Conservation Council for Hawai'i, Americans for Democratic Action Hawai'i, Life of the Land, Kauai Women's Caucus, Hawaii Interfaith Power and Light, Environmental Caucus of the Democratic Party of Hawai'i, 350Hawaii.org, Our Revolution Hawai'i, Ko'olau Waialua Alliance, Green Amendments For The Generations, Surfrider Foundation, Hawai'i Reef and Ocean Coalition, Climate Protectors Coalition Hawaii, Climate Protectors Hawai'i, and numerous individuals. Your Committees received testimony in opposition to this measure from the Department of Land and Natural Resources, Retail Merchants of Hawaii, and one individual. Your Committees received comments on this measure from the Department of the Attorney General and Hawai'i Association of REALTORS.

Your Committees find that clean air and water and healthy environments are essential for human life. Providing more protections for environmental rights will provide an important tool for protecting the State's environment and strengthen enforceable environmental rights that belong to all residents of Hawaii.

Your Committees note the comments and concerns by the Department of the Attorney General that the state constitution already recognizes the importance of a healthful environment and Hawaii's natural resources and that the amendment proposed by this measure may not be necessary.

Your Committees have amended this measure by:

- (1) Clarifying the findings and provisions in the preamble to reflect that the fundamental right of the people, including future generations, to clean water and air, a healthful environment and climate, and healthy native ecosystems and beaches shall be protected and shall not be infringed;
- (2) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1803, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1803, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 7; Ayes with Reservations (Matayoshi, Tokioka, Matsumoto). Noes, none. Excused, 1 (Todd).

Water & Land: Ayes, 7; Ayes with Reservations (B. Kobayashi, Kong, Morikawa). Noes, none. Excused, 1 (McDermott).

**SCRep. 185-22 Housing on H.B. No. 2134**

The purpose of this measure is to require the counties to provide for the maintenance of infrastructure for any housing development of the Department of Hawaiian Home Lands within sixty days after the appropriate county agency has received a completed application for maintenance request and under certain conditions.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed H.D. 1, which amends this measure by:

- (1) Providing that the transfer of infrastructure maintenance to the counties is also conditioned upon whether the infrastructure is connected or adjacent to infrastructure maintained by the county; and
- (2) Amending the definition of "infrastructure" to include culverts, signage, road striping, and traffic calming measures.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and one individual. Your Committee received testimony in opposition to this measure from one member of the Maui County Council. Your Committee received comments on this measure from the Honolulu Board of Water Supply.

Your Committee finds that the Department of Hawaiian Home Lands often continues to have the responsibility to maintain infrastructure despite the Department's compliance with county requirements. Your Committee further finds that the counties are uniquely positioned to operate, improve, repair, and maintain infrastructure. Therefore, transferring the responsibility to the counties to maintain the infrastructure, under specified conditions, for any housing development of the Department of Hawaiian Home Lands will enable the Department to use its resources to develop homestead lots to meet the needs of beneficiaries of the Hawaiian Homes Commission Act of 1920, as amended, and better focus its efforts on attending to the maintenance and repairs of existing infrastructure under its authority.

Your Committee has amended this measure by adopting the proposed H.D. 1 and further amending the measure by:

- (1) Specifying that the transfer of infrastructure maintenance to a county is conditioned upon whether the infrastructure conforms to applicable county standards in effect at the time the infrastructure is turned over to the county;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2134, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2134, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (McDermott).

**SCRep. 186-22 Water & Land on H.B. No. 1497**

The purpose of this measure is to require the Division of Forestry and Wildlife of the Department of Land and Natural Resources to establish a two-year pilot program to remove invasive species such as albizia in and around Waiahole Stream on Oahu.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; WWCA; 'Ohulehule Forest Conservancy, LLC; and numerous individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Budget and Finance.

Your Committee finds that proper management and maintenance of watersheds are crucial to preventing loss of life and protecting public and private property in nearby communities. However, invasive species such as albizia pose a serious threat. For instance, in Waiahole Stream, the brittle nature of albizia has led to heavy clogging of the stream, and the rapid growth of albizia has crowded out native species.

Your Committee has amended this measure by changing its effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1497, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1497, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 187-22 Health, Human Services, & Homelessness/Energy & Environmental Protection on H.B. No. 1954**

The purpose of this measure is to make an emergency appropriation to fund a grant to the Honolulu Board of Water Supply for emergency operations, future planning, and ground water remediation resulting from the contamination of the southern Oahu basal aquifer.

Your Committees received testimony in support of this measure from the Honolulu Board of Water Supply, Life of the Land, Kauai Women's Caucus, 350Hawaii.org, Hawaii Interfaith Power and Light, Environmental Caucus of the Democratic Party of Hawai'i, and eight individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources, Department of Health, and Department of Budget and Finance.

Your Committees find that there is an immediate threat of contamination to Oahu's sole-source groundwater aquifer resulting from the 2021 fuel leak at the United States Navy's Red Hill Bulk Fuel Storage facility. The release of fuel from the Red Hill facility has already caused the Honolulu Board of Water Supply to incur costs and take responsive action to address the potential impacts to Oahu's drinking water. The Board's ability to manage its resources has already been significantly impacted by the numerous episodic fuel releases from the Red Hill facility and bolstering resources for emergency operations, future planning, and remediation is therefore critically important for the Board and its customers. Your Committees therefore find that an emergency appropriation is necessary to assist the Honolulu Board of Water Supply's ongoing risk management activities.

Your Committees have amended this measure by:

- (1) Requiring the Honolulu Board of Water Supply to make reports to the Legislature on the Board's remediation efforts, expenditures of appropriated funds, and testing quality prior to the convening of the Regular Sessions of 2023, 2024, and 2025;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1954, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1954, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, none.

Energy & Environmental Protection: Ayes, 8. Noes, none. Excused, none.

**SCRep. 188-22 Health, Human Services, & Homelessness on H.B. No. 1700**

The purpose of this measure is to:

- (1) Create a general excise tax exemption for any compensation received by a victim service provider for operating or managing a sex trafficking emergency shelter for minors; and
- (2) Authorize the Department of Human Services to establish or contract with a victim service provider to operate an emergency shelter for minors who are victims of sex trafficking and sexual exploitation.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu; Hawaii Youth Services Network; Rainbow Family 808; Stonewall Caucus of the Democratic Party of Hawaii; Imua Alliance; American Academy of Pediatrics, Hawaii Chapter; and eleven individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Department of Human Services, Office of Youth Services, Hawaii Youth Correctional Facility, Harm Reduction Hawaii, and one individual.

Your Committee finds that the commercial exploitation of children is a dire problem in Hawaii and the availability of safe, reliable housing for child victims is especially a key component to the stabilization and ultimate rehabilitation of these children. Your Committee further finds that, although the State has authorized the creation and development of two facilities that provide assessment, shelter, and residential treatment programs for victims of sex trafficking in Hawaii, additional services are needed. This measure addresses the gap in service by authorizing the State to contract with victim service providers to operate an emergency shelter for minor victims of sex trafficking.

Your Committee has amended this measure by:

- (1) Deleting language establishing a general excise tax exemption for compensation received by victim service providers for operating or managing a sex trafficking emergency shelter for minors;
- (2) Authorizing the Office of Youth Services, rather than the Department of Human Services, to establish or contract with a victim service provider to operate an emergency shelter for sex trafficking victims;
- (3) Making the State the payor of last resort for the operation of emergency shelters for sex trafficking victims;
- (4) Inserting a savings clause;
- (5) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1700, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1700, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 189-22 Health, Human Services, & Homelessness on H.B. No. 1679**

The purpose of this measure is to make comprehensive updates to the statutory provisions regarding acupuncture practitioners to reflect modernized scopes of practice and licensing requirements.

Your Committee received testimony in support of this measure from the Board of Acupuncture, Hawaii Acupuncture Association, Institute of Clinical Acupuncture and Oriental Medicine, Acuplan Hawaii, Longevity Health Center, and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaii Medical Association, American Academy of Medical Acupuncture, Acupuncture and Herbs from China LLC, and six individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that the statutory provisions regarding acupuncturists have not been updated in over twenty years, despite the growing demand for acupuncturists, changes to standards for national certifications, and expanded accredited educational programs, which now include master's and doctoral level degrees.

Your Committee has amended this measure by:

- (1) Changing the date for initial licensure applications and legacy status licenses to begin on July 1, 2023, in order to give the Board of Acupuncture and Department of Commerce and Consumer Affairs appropriate time;
- (2) Changing references from "acupuncture medicine physician" to "acupuncture medicine doctor";
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1679, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1679, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 190-22 Health, Human Services, & Homelessness on H.B. No. 1795**

The purpose of this measure is to:

- (1) Expand the Hawaii Rural Health Care Provider Repayment Program to include eligible social workers and psychologists;

- (2) Require the Department of Health to be responsible for the administration of the Hawaii Rural Health Care Provider Loan Repayment Program; and
- (3) Appropriate funds for the Hawaii Rural Health Care Provider Repayment Program.

Your Committee received testimony in support of this measure from the Office of the Lieutenant Governor, John A. Burns School of Medicine, Hawai'i Health & Harm Reduction Center, Hawaii Primary Care Association, Hawaii Medical Association, National Association of Social Workers – Hawai'i, Hawaii Association of School Psychologists, Hawai'i Psychological Association, and seven individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that the Hawaii Health Corps Program and Hawaii Rural Health Care Provider Loan Repayment Program were enacted as Act 187, Session Laws of Hawaii 2012; however, the program were never funded. Your Committee further finds that the John A. Burns School of Medicine has been administering a similar program, the Hawaii State Loan Repayment Program, since it was awarded a federal grant in 2012.

Your Committee has heard and understands the concerns raised in testimony regarding the potential impact a second loan repayment program would have on the Hawaii State Loan Repayment Program. However, your Committee believes that establishing a separate loan repayment program targeted toward psychologists and social workers would encourage these health care professionals to serve in counties with a shortage of psychologists and social workers, without disrupting the success of the existing Hawaii State Loan Repayment Program.

Accordingly, your Committee has amended this measure by:

- (1) Inserting language establishing the Hawaii Rural Mental Health Corps Program and Hawaii Rural Mental Health Care Provider Loan Repayment Program;
- (2) Deleting language making the Department of Health responsible for the administration of the Hawaii Rural Health Care Provider Loan Repayment program;
- (3) Granting rule making authority to the University of Hawaii at Manoa College of Social Sciences, University of Hawaii at Manoa Thompson School of Social Work and Public Health, and Department of Health for the administration of the Hawaii Rural Mental Health Corps Program and Hawaii Rural Mental Health Care Provider Loan Repayment Program;
- (4) Clarifying that the appropriation of general funds in this measure is for the Hawaii Rural Mental Health Care Provider Loan Repayment Program;
- (5) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1795, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1795, H.D. 1, and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 191-22 Health, Human Services, & Homelessness on H.B. No. 1823**

The purpose of this measure is to:

- (1) Authorize advanced practice registered nurses, in addition to physicians, to practice medical aid in dying in accordance with their scope of practice and prescribing authority;
- (2) Authorize psychiatric mental health nurses practitioners and clinic nurse specialists, in addition to psychiatrists, psychologists, and clinical social workers, to provide counseling to a qualified patient;
- (3) Reduce the mandatory waiting period between oral requests from twenty days to fifteen days; and
- (4) Provide an expedited pathway for those terminally ill individuals not expected to survive the mandatory waiting period.

Your Committee received testimony in support of this measure from the Hawai'i-American Nurses Association, The Hawaiian Islands Association for Marriage and Family Therapy, National Association of Social Workers-Hawai'i, Hawai'i Association of Professional Nurses, Hawai'i Psychological Association, Hawai'i Pacific Health, Compassion & Choices, AlohaCare, Hawaii Society of Clinical Oncology, Planned Parenthood Alliance Advocates, Stonewall Caucus of the Democratic Party of Hawai'i, Health Committee of the Democratic Party of Hawai'i, and numerous individuals. Your Committee received testimony in opposition to this measure from Hawaii Family Forum and fourteen individuals. Your Committee received comments on this measure from the Department of Health, Board of Nursing, and Hawai'i State Center for Nursing.

Your Committee finds that the Our Care, Our Choice Act allows mentally capable, terminally ill individuals with six months or less to live to voluntarily request and receive prescription medication that allows the person to die in a peaceful, humane, and dignified manner. Your Committee further finds that because of Hawaii's unique geography and the State's ongoing physician shortage, many terminally ill qualified patients are unable to find a physician to request medical aid in dying or are unable to survive the mandatory twenty day waiting period.

Your Committee has amended this measure by:

- (1) Authorizing physician assistants to provide medical aid in dying;
- (2) Clarifying that counseling services to qualified patients may be provided by advance practice registered nurses with psychiatric or clinical nurse specialization or physician assistants;
- (3) Reducing the mandatory waiting period between a qualified patient's initial oral request and the provision of a prescription pursuant to section 327L-4(a)(12), Hawaii Revised Statutes, from fifteen days to ten days if more than ten business days have passed between the initial oral request and an appraisal of the patient by the attending provider or consulting provider;
- (4) Prohibiting the disclosure, discovery, or production of information collected or retained pursuant to incidental or routine communication between the Department of Health and qualified patients or providers;
- (5) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1823, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1823, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Har). Noes, 1 (Ward). Excused, none.

#### **SCRep. 192-22 Government Reform on H.B. No. 1888**

The purpose of this measure is to:

- (1) Require that disclosures of electioneering communications occur on the date the electioneering communications are publicly distributed; and
- (2) Specify the disclosure date for subsequent expenditures for electioneering communications.

Your Committee received testimony in support of this measure from the Campaign Spending Commission and Common Cause Hawaii.

Your Committee finds that electioneering communications reporting is required for noncandidate committees whose expenditures are not the result of direct contributions to any candidate and represent an unchecked resource that can be used to unduly influence the results of candidate and issue elections. Your Committee further finds that, because of the unchecked and unknown sources of these funds, additional scrutiny for their expenditures is warranted.

Your Committee also finds that there is a disparity between the definition of "electioneering communications" and the exceptions to electioneering communications. Specifically, digital, internet-only news periodicals are not included within these exceptions. As such, the exceptions could inadvertently leave out publications like Civil Beat, which provides all of its content online to its readers and whose news stories should not be considered electioneering communications for the purposes of this chapter.

Your Committee has amended this measure by:

- (1) Increasing the monetary threshold of aggregated expenditures for electioneering communications in a calendar year from more than \$1,000 to more than \$2,000 before the filing of a statement of information would be required;
- (2) Exempting election advertisements published by electronic means from being considered electioneering communications;
- (3) Repealing the actual expenditures exception from the definition of "electioneering communications";
- (4) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1888, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1888, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Ward).

#### **SCRep. 193-22 Government Reform on H.B. No. 1908**

The purpose of this measure is to:

- (1) Allow a bidder of a public works construction project to clarify and correct immaterial or technical issues with subcontractor listings for up to twenty-four hours after the bid submission deadline;
- (2) Require bids for construction be publicly opened no sooner than twenty-four hours after the bid submission deadline; and
- (3) Define "immaterial or technical information".

Your Committee received testimony in support of this measure from the General Contractors Association of Hawaii and Subcontractors Association of Hawaii. Your Committee received testimony in opposition to this measure from the Department of Accounting and General Services; Department of Budget and Fiscal Services of the City and County of Honolulu; Painting Industry of Hawaii Labor Management Cooperation Trust Fund; Hawaii Tapers Market Recovery Trust Fund; Hawaii Glaziers, Architectural Metal Glassworkers Local Union 1889 AFL-CIO Stabilization Trust Fund; and Carpet, Linoleum and Soft Tile Local Union 1926 Market Recovery Trust Fund. Your Committee received comments on this measure from the Judiciary, Department of Transportation, State Procurement Office, Contractors License Board, and Plumbing and Mechanical Contractors Association of Hawaii.

Your Committee finds that the Hawaii Public Procurement Code currently requires general contractors to disclose the subcontractors they intend to use on a project, which is intended to deter bid shopping, the practice of low-bidding general contractors unethically extracting lower prices from subcontractors under threat of replacement. However, your Committee recognizes that this disclosure requirement has the unintended consequence of increasing the number and complexity of construction protests.

Your Committee further finds that time constraints from when a bidder receives the bids from all of its subcontractors up until the procuring agency's bid submission deadline may also cause inadvertent failures to list a required subcontractor or the listing of erroneous subcontractor license numbers in a bid. This measure allows for additional time for prime contractors to correct their subcontractor listings and ensure that subcontractors are listed properly on the bid submittal and are licensed, thereby minimizing bid challenges, costs, and delays of public works construction projects while maintaining the integrity of the bid process.

Your Committee notes the discussions and concerns raised in the testimony between the General Contractors Association of Hawaii and the Painting Industry of Hawaii Labor Management Cooperation Trust Fund, Hawaii Tapers Market Recovery Trust Fund, Hawaii Glaziers, Architectural Metal Glassworkers Local Union 1889, AFL-CIO Stabilization Trust Fund, and Carpet, Linoleum and Soft Tile Local Union 1926 Market Recovery Trust Fund regarding the language contained in this measure as it is based on laws of another state. The language in this measure, as introduced, would inadvertently conflict with and undo the right of the hearings officer under Chapter 103D, Hawaii Revised Statutes, to allow for a resubmittal of bids within a certain timeframe if it appears there was a technical error. As such, your Committee has amended this measure to better conform with existing Hawaii statutes and preserve the rights of the hearing officer, independent of section 103D-302, Hawaii Revised Statutes, to issue a substitution of the bid.

Your Committee has amended this measure by:

- (1) Providing that the twenty-four hour period to clarify and correct immaterial or technical issues with subcontractor listings after the bid submission deadline is complementary and in addition to the time allowed by the Procurement Policy Board to correct or withdraw inadvertently erroneous bids;

- (2) Changing its effective date to July 1, 2112, to encourage further discussion;
- (3) Inserting a sunset date of June 30, 2024; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the conflict between general contractors and subcontractors over bid listing has been a vexing one for the State and is heartened by the new dialogue and discussion between both parties that attempts to resolve this issue to allow for bid substitution while not undermining the subcontractor listing provision of the Hawaii Public Procurement Code. Your Committee respectfully requests that your Committee on Consumer Protection & Commerce, should it choose to deliberate on this measure further, encourage this continuing dialogue and exchange, particularly on the amendments that have been made by your Committee to address the concerns that were raised in testimony by subcontractors.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1908, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1908, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 194-22 Government Reform on H.B. No. 1933**

The purpose of this measure is to:

- (1) Establish rules of ethics applicable to persons who work with children pursuant to a contract with the State;
- (2) Establish additional procedures for persons contracted by the State to provide services to children, including fees, candor and fairness before a tribunal, standards of proof, and a process for filing complaints; and
- (3) Specify that the contracts of any person who violates the rules of ethics are voidable on behalf of the State.

Your Committee received testimony in support of this measure from the Hawaii Family Advocacy Team, Hawai'i Appleseed Center for Law and Economic Justice, and ten individuals. Your Committee received comments on this measure from the Hawai'i State Ethics Commission.

Your Committee finds that families with children who are involved in Family Court custody matters already encounter stressful and uncomfortable situations. The situation is made exponentially worse when one side feels they are not being treated fairly or are being discriminated against or that there is bias in the process.

Your Committee further finds that various professionals are hired by the State to provide evaluations, fact finding, and other information relating to the children involved in custody matters. However, there are currently no rules of ethics that these contracted professionals are bound to follow. This measure will provide accountability for those professionals by establishing a rule of ethics for persons contracted by the State to work with children and will help families who are disproportionately involved in custody disputes.

Your Committee recognizes the testimony submitted about the situation that Calvin Stremel faced as a result of a conflict of interest with the custody evaluator. This measure recognizes Calvin's tragic experiences and will ensure that no such conflict of interest will occur in cases where professionals who work with children are contracted by the State. Your Committee has accordingly amended this measure to be titled "Calvin's Law", in recognition of his story.

Your Committee has further amended this measure by:

- (1) Including trials, hearings, and custody evaluations in the definition of "matter";
- (2) Specifying that a concurrent conflict of interest exists between a contracted person and a client if there is a significant risk that the provision of services to the client will be materially limited by a pecuniary interest of the contracted person;
- (3) Requiring written consent from a client after consultation, prior to:
  - (A) A contracted person receiving compensation for the provision of services to the client from a person other than the client;
  - (B) Services being provided by a contracted person who is related to another contracted person if the services are directly adverse to the client;
  - (C) Services being provided by a contracted person in any matter involving a lawyer or law firm with whom the covered person has a personal relationship; and
  - (D) Services being provided by a contracted person who has formerly served as a public officer or employee of the government, any contracted persons in a firm with which that contracted person is associated, and by a firm with which a contracted person with confidential government knowledge is associated;
- (4) Specifying that a contracted person who has formerly served as a public officer or employee of the government is subject to the existing restrictions in post-employment as stated in chapter 84, Hawaii Revised Statutes, relating to standards of ethics for government employees;
- (5) Specifying that a contracted person shall not falsify or omit evidence;
- (6) Clarifying that a contracted person making a recommendation to a tribunal shall base any and all recommendations on the relevant evidence standard, as defined in Rule of 401 of the Hawaii Rules of Evidence;
- (7) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1933, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1933, H.D. 1, and be referred to your Committee on Health, Human Services, & Homelessness.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Ward).

#### **SCRep. 195-22 Government Reform on H.B. No. 2071**

The purpose of this measure is to:

- (1) Require purchasing agencies to analyze a proposed cost or price and make a written determination that the amount of a contracting action for purchases of health and human services is fair and reasonable;
- (2) Amend the circumstances for when treatment services may be purchased and the procedure to purchase certain treatment services;
- (3) Increase the small purchase threshold for purchases of health and human services from less than \$25,000 to less than \$100,000; and
- (4) Repeal the Community Council on Purchase of Health and Human Services.

Your Committee received testimony in support of this measure from the State Procurement Office. Your Committee received comments on this measure from the Hawai'i Alliance of Nonprofit Organizations.

Your Committee finds that the amendments made in this measure to the State procurement laws relating to purchases of health and human services will promote procurement efficiency, program success, and government accountability.

Your Committee has amended this measure by:

- (1) Deleting provisions which required purchasing agencies to analyze a proposed cost or price and make a written determination that the amount of a contracting action for purchases of health and human services is fair and reasonable;
- (2) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that section 2 of this measure, as introduced, requires a procurement officer to purchase services for health and human services from responsible sources at fair and reasonable prices, and is similar to section 103D-312, Hawaii Revised Statutes, which provides that a procurement officer shall purchase goods, services, and construction from responsible sources at fair and reasonable prices. Should your Committee on Consumer Protection & Commerce deliberate on this measure further, your Committee respectfully requests that it look into the similarities of section 2 of this measure, as introduced, and section 103D-312, Hawaii Revised Statutes, and the issues raised in testimony, that departments already require proposers to provide a full detailed budget for purchases of health and human services.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2071, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2071, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 196-22 Government Reform on H.B. No. 2183**

The purpose of this measure is to allow purchasing agencies to procure professional services when there are fewer than three qualified persons who respond to a professional service notice.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Department of Accounting and General Services, and Department of Budget and Fiscal Services of the City and County of Honolulu. Your Committee received testimony in opposition to this measure from the American Council of Engineering Companies of Hawaii; American Institute of Architects, Hawaii State Council; Hart Crowser, Inc.; and three individuals. Your Committee received comments on this measure from the State Procurement Office.

Your Committee finds that existing law does not allow for an alternative if less than three qualified persons respond to a professional services notice. As a result, professional service procurements may be delayed indefinitely until the minimum number of qualified submissions is obtained. This measure provides state agencies with more timely alternatives to complete procurement of professional services when there are fewer than three qualified submissions.

Your Committee has accordingly amended this measure by:

- (1) Clarifying that if less than three qualified persons respond to a solicitation for professional services, a purchasing agency may submit a request for alternative procurement approval from the Chief Procurement Officer or Chief Procurement Officer's designee; and
- (2) Changing its effective date to July 1, 2112, to encourage further discussion.

Your Committee notes that the American Council of Engineering Companies of Hawaii indicated to your Committee that they would provide language to address the concerns raised in their testimony. However, your Committee has not yet received this language. Your Committee accordingly amended this measure using language provided by the State Procurement Office, as this will address policy goals without eliminating the competitive bidding process completely should there be less than three qualified professional servicers applying.

Should your Committee on Consumer Protection & Commerce choose to deliberate on this measure further, your Committee respectfully requests that your Committee on Consumer Protection & Commerce follow up with the American Council of Engineering Companies of Hawaii for suggested language that could alleviate the concerns raised in their testimony.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2183, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2183, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 197-22 Government Reform on H.B. No. 2252**

The purpose of this measure is to:

- (1) Require the Board of Education to hold no less than six community forums annually, with at least one forum to be held in each county;
- (2) Make Board of Education members' attendance at the community forums permitted interactions under certain circumstances;
- (3) Require the Board of Education to include an open forum for public comments on non-agenda items at Board of Education meetings; and
- (4) Require the Board of Education to report to the Legislature on the implementation of the open forum requirement.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii. Your Committee received comments on this measure from the Office of Information Practices and one individual.

Your Committee finds that community forums held by the Board of Education improve the public's access to the Board and allow the public to provide the Board with more information to help with decision-making and priority setting. Greater access to the Board of Education from communities in each county across the State via community forums will allow the Board to hear from more community stakeholders and receive more information before making decisions at a later date.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2252, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2252, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 198-22 Government Reform on H.B. No. 2386**

The purpose of this measure is to:

- (1) Require the Office of Elections to:
  - (A) Prepare a digital voter registration guide to be posted on its website; and
  - (B) Prepare a notice to be mailed with each ballot in a primary election notifying voters that the digital voter information guide may be found on the Office's website; and
- (2) Appropriate funds to the Office of Elections to prepare and mail a notice to voters that the digital voter information guide may be found on the Office's website.

Your Committee received testimony in support of this measure from Common Cause Hawaii, National Federation of the Blind of Hawaii, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Department of the Attorney General, and Office of Elections.

Your Committee finds that providing a voter information guide to registered voters of the State will create a more informed voting public and increase voter participation in elections.

However, your Committee notes that there are many registered voters of the State who may be unable to access or view a digital voter information guide or live in areas that lack internet access. Your Committee believes that providing a physical voter information guide, upon request, to those who are unable to view the online voter information guide will ensure more people have access to important election information.

Your Committee further notes that concerns were raised in testimony regarding how statements for candidates are collected and included in the voter information guide. Additional discussion on those concerns may be warranted as this measure moves through the legislative process.

Your Committee has accordingly amended this measure by:

- (1) Clarifying that the Office of Elections is required to post the voter information guide electronically on its website and print and mail a physical copy to individuals upon request;
- (2) Changing its effective date to July 1, 2012, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance choose to deliberate on this measure further, your Committee on Government Reform respectfully requests that it consider appropriating \$95,000 to the Office of Elections for the preparation, posting, and upon request physical distribution of the voter information guide required by this measure. Your Committee believes that since the distribution of a physical voter information guide is by request, the \$95,000 appropriation should be able to encompass the printing of physical copies of the guide.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2386, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2386, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 199-22 Government Reform on H.B. No. 2492**

The purpose of this measure is to require:

- (1) Procurement officers to document whether to pursue damages against a design professional or contractor in the event of construction cost overruns;
- (2) The Chief Procurement Officer to:
  - (A) Compile a public list of construction companies or design professionals that are in noncompliance with the Procurement Code or have outstanding fines or penalties incurred for violations of the Procurement Code; and
  - (B) Adopt or amend rules to allow state procurement officers to request that cost or pricing data be certified upon initial bid submission and not after the conclusion of contract negotiations;
- (3) Make cost overruns a construction defect for the purposes of the Contractor Repair Act;
- (4) Require the State Procurement Office to include training on the duty of procurement officers to hold design professionals liable for breaches of professional standards;
- (5) Require bids for a contract under the competitive sealed bidding process to include a liability contingency fund; and
- (6) Establish the Procurement Professional Standards Task Force to develop professional standards for non-state parties involved in the procurement process.

Your Committee received testimony in opposition to this measure from the American Council of Engineering Companies of Hawaii; CONSOR Engineers, LLC; American Institute of Architects, Hawaii State Council; General Contractors Association of Hawaii; and two individuals. Your Committee received comments on this measure from the Department of Transportation and State Procurement Office.

Your Committee finds that this measure is intended to help prevent cost overruns for state projects and ensure compliance with the Hawaii Public Procurement Code by construction companies and professionals. Your Committee notes that this measure is meant to encompass all professional service contracts and is not meant to single out design professionals or any other professionals.

Your Committee has amended this measure by:

- (1) Deleting language requiring the State Procurement Officer to compile a public list of noncompliant construction companies and design professionals;
- (2) Deleting language requiring bids for a contract under the competitive sealed bidding process to include a liability contingency fund;
- (3) Requiring the State Procurement Office to conduct a study to gather data on the appropriateness of requiring bids for a contract with the State to include a liability contingency fund to avoid cost overruns, including the appropriate percent of the project cost to be deposited into the project's liability contingency fund, and report to the Legislature prior to the Regular Session of 2023;
- (4) Appropriating an unspecified amount of funds to the State Procurement Office for research and development of training manuals, a design training workshop, two full-time equivalent trainer positions, and the Procurement Professional Standards Task Force;
- (5) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance choose to deliberate on this measure further, your Committee respectfully requests that it consider appropriating \$944,000 to the State Procurement Office as follows:

- (1) \$800,000 for research and development of training manuals and a design training workshop;
- (2) \$84,000 a year and \$60,000 a year for two full-time equivalent (2.00 FTE) positions; and
- (3) Any additional funds needed to assist the Procurement Professional Standards Task Force.

Your Committee further respectfully requests your Committee on Finance to examine the \$944,000 appropriation amount to the State Procurement Office, as it seems to be quite large of an appropriation to simply carry out research and development of training manuals and conduct a design training workshop.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2492, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2492, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 200-22 Corrections, Military, & Veterans on H.B. No. 2171**

The purpose of this measure is to:

- (1) Establish a Department of Law Enforcement to consolidate and administer criminal law enforcement and investigative functions of the State, effective upon approval;
- (2) Reestablish the Department of Public Safety as an independent Department of Corrections and Rehabilitation to administer the corrections, rehabilitation, and reentry of the inmate population, effective January 1, 2023;
- (3) Transfer the law enforcement functions of the Department of Public Safety to the Department of Law Enforcement, effective January 1, 2023;
- (4) Transfer the law enforcement functions of the Department of Transportation, the non-statutorily mandated functions of the Investigations Division of the Department of the Attorney General, and the Office of Homeland Security to the Department of Law Enforcement, effective July 1, 2023;
- (5) Establish a Department of Law Enforcement training center; and
- (6) Establish positions and appropriate funds to the Department of Law Enforcement and Department of Corrections and Rehabilitation, effective July 1, 2022.

Your Committee received testimony in support of this measure from the United States Immigration and Customs Enforcement, Homeland Security Investigations; Department of the Attorney General; Department of Defense; Department of Public Safety; State Office of Homeland Security; Hawaii Government Employees Association AFSCME Local 152, AFL-CIO; and numerous individuals. Your Committee received testimony in opposition to this measure from the State of Hawaii Organization of Police Officers and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance; Office of Information Practices; City and County of Honolulu Department of the Prosecuting Attorney; and United Public Workers AFSCME Local 646, AFL-CIO.

Your Committee finds that corrections and certain law enforcement functions and activities are currently placed within the Department of Public Safety. Your Committee recognizes that the goals and functions of corrections and law enforcement are distinct and separating the functions of the Department of Public Safety into two departments would advance these distinct goals and objectives, while allowing the corrections arm to more fully integrate strategies for rehabilitation.

Your Committee further finds that state law enforcement personnel and functions are currently spread across various departments and county agencies. Reorganizing certain state law enforcement functions into a single entity with consistent training opportunities would provide for centralized state law enforcement functions to increase public safety, improve decision making, promote accountability, and streamline communication.

Your Committee has amended this measure by:

- (1) Clarifying that county police departments are able to maintain their existing level of authority and jurisdiction while remaining subject to the standards of the Law Enforcement Standards Board;
- (2) Identifying as a part of the responsibilities of the Department of Law Enforcement, the formulation and implementation of state policies and objectives for the security of state land;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2171, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2171, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 201-22 Corrections, Military, & Veterans on H.B. No. 2312**

The purpose of this measure is to:

- (1) Establish within the Judiciary, for administrative purposes, a Women's Corrections Implementation Commission to ensure the implementation of recommendations of the task force on prison reform, formed pursuant to House Concurrent Resolution No. 85 (2016), which were made in the final report to the Legislature during the Regular Session of 2019; and
- (2) Appropriate funds to support the Women's Corrections Implementation Commission.

Your Committee received testimony in support of this measure from the Judiciary, Hawai'i Friends of Restorative Justice, Hawaii Health & Harm Reduction Center, Women's Prison Project, and one individual. Your Committee received testimony in opposition to this measure from The Civil Beat Law Center for the Public Interest. Your Committee received comments on this measure from the Department of Public Safety, Department of Budget and Finance, Hawai'i State Ethics Commission, and League of Women Voters of Hawaii.

Your Committee finds that the Women's Corrections Implementation Commission proposed by this measure would be tasked with:

- (1) Developing and implementing an evidence-based, gender-responsive plan to divert non-violent women offenders, especially those with minor children, from the criminal justice system;
- (2) Ensuring the implementation of recommendations of the task force on prison reform, formed pursuant to House Concurrent Resolution No. 85 (2016), which were made in the final report to the Legislature during the Regular Session of 2019;
- (3) Reviewing existing local resources and programs focused on women in the justice system for their effectiveness and capacity for expansion; and
- (4) Considering model programs that include residential, in-person and community-based rehabilitation programs; supportive and subsidized housing; restorative justice; and educational programs.

Your Committee further finds that formation of the Women's Corrections Implementation Commission is consistent with a collaborative and gender-specific approach to rehabilitating women in the criminal justice system. The Commission is not intended to be a temporary commission and it would therefore be appropriate to codify provisions establishing and governing the Commission.

Your Committee has amended this measure by:

- (1) Codifying the provisions establishing and governing the Women's Corrections Implementation Commission;
- (2) Removing the Sunshine Law and financial disclosure exemptions proposed by this measure;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2312, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2312, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 202-22 Corrections, Military, & Veterans on H.B. No. 2118**

The purpose of this measure is to:

- (1) Codify the existing Hawaii State Cybersecurity Program, administered by the Office of Homeland Security in partnership with specified entities, to oversee cybersecurity and cyber resiliency matters;
- (2) Define the scope and objectives of the cybersecurity program to meet present and anticipated cybersecurity threats; and
- (3) Eliminate the Cybersecurity, Economic, Education, and Infrastructure Security Coordinator position.

Your Committee received testimony in support of this measure from the Department of Defense and State Office of Homeland Security.

Your Committee finds that this measure will establish a strategic, programmatic approach for statewide cybersecurity and move away from reliance on a single coordinator to meet cybersecurity needs.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2118, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2118, H.D. 1, and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 203-22 Corrections, Military, & Veterans on H.B. No. 2516**

The purpose of this measure is to:

- (1) Pause the public-private partnership for a new jail to replace the Oahu Community Correctional Center;
- (2) Establish a criminal justice reform committee; and

(3) Appropriate funds for the operations of the criminal justice reform committee.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawai'i Correctional System Oversight Commission, Office of the Public Defender, Pearl City Neighborhood Board No. 21, Native Hawaiian Legal Corporation, Community Alliance on Prisons, Common Cause Hawaii, Ohana Ho'opakele, Pono Hawai'i Initiative, Faith Action for Community Equity, Hawai'i Alliance for Progressive Action, Malu 'Aina, Kulanui.org, Hawaii Health & Harm Reduction Center, Hawai'i Friends of Restorative Justice, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Public Safety and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Accounting and General Services, and ACLU Hawaii.

Your Committee finds that on January 3, 2022, the Hawaii Correctional Systems Oversight Commission called on the State to stop the planned issuance of a request for qualifications and a request for proposals to build a new Oahu Community Correctional Center through a public-private partnership. The Hawaii Correctional Systems Oversight Commission noted that the jail now being planned is too big and will perpetuate a punitive model for the State's correctional system.

In addition, the Hawaii Correctional Systems Oversight Commission has called on government officials and a broad range of community stakeholders to collaborate on a jail that will meet the needs of the community.

Your Committee finds that the Hawaii Correctional Systems Oversight Commission should participate as a full partner in the planning, design, financing, developing, and construction of a new jail in a county having a population in excess of five hundred thousand.

Your Committee further finds that, with the participation of the existing Commission, formation of a new criminal justice reform committee is unnecessary.

Your Committee has amended this measure accordingly by:

- (1) Deleting the proposed creation of a new criminal justice reform committee;
- (2) Requiring that no planning, design, financing, development, or construction of a new jail in a county with a population exceeding five hundred thousand may proceed unless the Hawaii Correctional Systems Oversight Commission participates as a full partner;
- (3) Deleting the reference to the Women's Community Correctional Center;
- (4) Appropriating funds to the Hawaii Correctional Systems Oversight Commission rather than the new committee proposed by this measure;
- (5) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2516, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2516, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Kong). Noes, none. Excused, 1 (McDermott).

#### **SCRep. 204-22 Corrections, Military, & Veterans on H.B. No. 2117**

The purpose of this measure is to:

- (1) Provide a comprehensive law setting forth military judicial procedures, which will apply to all members of the State's military forces while they are not in federal service; and
- (2) Repeal the existing Hawaii Code of Military Justice, which was enacted in 1982.

Your Committee received testimony in support of this measure from the Department of Defense. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that this measure is based on the Uniform Code of Military Justice as contained in Title 10 United States Code Sections 801 et seq., and the Model State Code of Military Justice that was proposed by the American Bar Association in 2005.

Your Committee further finds that this measure contains provisions relating to apprehension, restraint, and confinement of suspects; punishable offenses; non-judicial punishment; and state courts-martial. This measure also provides for the right of appeal through a civilian court process.

Your Committee has amended this measure by:

- (1) Deleting a restriction on the appellate courts' inherent judicial powers to completely review matters that come properly before the courts;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2117, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2117, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 205-22 Corrections, Military, & Veterans on H.B. No. 426**

The purpose of this measure is to require the University of Hawaii System and its community colleges to waive tuition for the dependent children of disabled veterans, active or reserve members of the armed forces who were killed in action, and Purple Heart medal recipients awarded in 2001 or later, subject to certain conditions.

Your Committee received testimony in support of this measure from the Hawaii Military Affairs Council and four individuals. Your Committee received comments on this measure from the Department of the Attorney General and State Office of Veterans' Services.

Your Committee recognizes that many states offer veterans' benefits that enable qualifying resident children and spouses to attend public post-secondary educational institutions tuition-free. This measure will align Hawaii with those states in support of service members' dependents when those members are disabled, killed in action, or awarded a Purple Heart medal.

Your Committee finds that this measure seeks to offset some of the financial and personal hardships that may pertain to a dependent child of such a service member and which hardships should not deprive the child from pursuing a post-secondary education if the child so chooses. Your Committee further finds that the tuition waiver recognizes the sacrifice paid by the service member and is a means of preserving the service member's legacy.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As this measure proceeds through the legislative process, your Committee requests that questions of eligibility relating to financial need and age limit of a qualified student be addressed, as well as whether a limit to the type of degree that may be pursued is appropriate.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 426, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 426, H.D. 1, and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 206-22 Corrections, Military, & Veterans on H.B. No. 1738**

The purpose of this measure is to:

- (1) Establish policies and procedures for long-term confinement, disciplinary confinement, and administrative confinement of inmates in the State's correctional facilities; and
- (2) Require any agreement negotiated with an out-of-state jurisdiction for development of out-of-state correctional facilities to adhere to the same standards of care and health and safety policies adopted by the Department of Public Safety, including policies and procedures for appeal for confinement.

Your Committee received comments on this measure from the Department of Public Safety and Community Alliance on Prisons.

Your Committee finds that this measure is intended to provide greater transparency in confinement processes, ensure opportunities for time outside the cell and other rights while subject to confinement, and a hearings procedure for inmates faced with confinement. This measure will also require that out-of-state correctional facilities be held to the same standards of care and health and safety policies adopted by the Department of Public Safety.

Your Committee has amended this measure by:

- (1) Making the provisions relating to what confinement is effective January 1, 2023, and the provisions for redress effective January 1, 2024;
- (2) Delaying the effective date for compliance by out-of-state correctional facilities until August 1, 2024, because of ongoing contracts;
- (3) Clarifying that disciplinary confinement applies when the specified acts occur within the immediately preceding year while incarcerated;
- (4) Clarifying that the hearing prior to long-term confinement shall occur within ten days of written notice unless the Director of Public Safety certifies that there is an imminent threat to the safety and security of the correctional facility;
- (5) Improving internal consistency in hearing procedures for long-term confinement;
- (6) Resolving an inconsistency in the maximum duration for long-term confinement;
- (7) Providing for the Director of Public Safety's certification in writing of an imminent threat to the safety and security of the facility in all three types of confinement which are the subject of this measure;
- (8) Providing that effective July 1, 2022, the Department of Public Safety and Hawaii Correctional System Oversight Commission shall conduct their ongoing reviews of the policies, standards, and treatment of inmates subject to confinement and annually report on long-term confinement practices;
- (9) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1738, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1738, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 207-22 Government Reform on H.B. No. 1909**

The purpose of this bill is to effectuate its title.

H.B. No. 1909 was introduced as a short-form bill, which is sometimes referred to as a "vehicle" bill primarily used to introduce a bill containing only a general idea as to the purpose of the bill without specific details in the long form.

Your Committee has amended the bill to provide the substantive contents of the bill in long form so that a public hearing may be properly held on its substantive contents.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the action to report out H.B. No. 1909, as amended herein, and recommends that it be recommitted to your Committee on Government Reform, for the purpose of holding a public hearing thereon, in the form attached hereto as H.B. No. 1909, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Eli, Mizuno).

#### **SCRep. 208-22 Water & Land on H.B. No. 1577**

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources for the Kaho'olawe Island Reserve Commission to effectively meet the unique challenges of restoring, preserving, and determining the appropriate uses of the Kaho'olawe Island Reserve for the people of Hawaii.

Your Committee received testimony in support of this measure from the Kaho'olawe Island Reserve Commission, one Kaho'olawe Island Reserve Commission Commissioner, one member of the Maui County Council, Conservation Council for Hawaii, Pacific American Foundation, Pulama Mau Environmental Consulting, Kauahea Inc., and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Kaho'olawe Island Reserve Commission has made great strides in recent years in the restoration of Kaho'olawe's natural and cultural resources; however, to protect existing achievements and to accomplish even more, additional funding is needed to support the important work of the Kaho'olawe Island Reserve Commission.

Your Committee has amended this measure by:

- (1) Deleting the amounts of the appropriations;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that should your Committee on Finance choose to hear this measure, it consider appropriating:

- (1) \$500,000 for the Kaho'olawe Island Reserve Commission; and
- (2) \$72,000 for two full-time equivalent (2.00 FTE) permanent positions for the Kaho'olawe Island Reserve Commission.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1577, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1577, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 209-22 Judiciary & Hawaiian Affairs on H.B. No. 1462**

The purpose of this measure is to clarify the applicable expert witness fees in state criminal cases.

Your Committee received testimony in support of this measure from the Office of the Public Defender and Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that on March 2, 2017, the Department of Budget and Finance decided to discontinue reimbursements of certain expert witness fees and create new rules about when witnesses would be reimbursed. After discussions with the Department of the Attorney General, the Governor reestablished the previous guidelines and procedures under the Governor's Administrative Directive No. 18-01. However, since a new Governor will be elected this year, your Committee believes that further statutory clarification regarding expert witness reimbursements may be necessary.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1462 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 210-22 Judiciary & Hawaiian Affairs on H.B. No. 1537**

The purpose of this measure is to update the Children's Justice Program to include the investigation and management of cases involving suspected or confirmed child sex trafficking, commercial sexual exploitation of children, other child maltreatment, and child witnesses to crime or violence.

Your Committee received testimony in support of this measure from the Judiciary; Department of the Attorney General; Department of Education; Honolulu Police Department; Office of the Prosecuting Attorney of the County of Kaua'i; Office of the Prosecuting Attorney of the County of Hawaii; County of Kauai Victim/Witness Program; Hawai'i Exploitation and Trafficking Unit; Child and Family Service, Hilo Office; Kids Matter-Friends of the Children's Justice Center of West Hawaii; YWCA of Kaua'i; Sex Abuse Treatment Center; St. Michael the Archangel Church; Friends of the Children's Justice Center of Kauai; Friends of the Children's Justice Center of Oahu; Parents and Children Together; Susannah Wesley Community Center; Hawaii State Chapter of Children's Justice Centers; Neighborhood Place of Kona; and four individuals.

Your Committee finds that the Children's Justice Program was established to ensure a fair and neutral process for handling reports of alleged child sexual abuse that protects the rights of victims and alleged perpetrators. This measure would update statutory language to reflect the Program's existing priorities for cases involving sexual abuse of a child, serious physical child abuse, child sex trafficking or commercial sexual exploitation of children, other child maltreatment, and children who are witnesses to crime or violence.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1537 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 211-22 Judiciary & Hawaiian Affairs on H.B. No. 1539**

The purpose of this measure is to:

- (1) Prohibit a person or an organization from posting the personal information of federal and state judges and other judicial staff on the Internet with the intent to intimidate or threaten injury, harm, or violence to the judge or staff or their immediate family members; and
- (2) Create a task force to identify further appropriate measures to enhance the security of judges and judiciary personnel while not diminishing civil liberties or unduly hindering governmental operations.

Your Committee received testimony in support of this measure from United States Court of Appeals for the Ninth Circuit Judge Richard R. Clifton, United States District Court for the District of Hawaii Chief Judge J. Michael Seabright, the Judiciary, and one individual.

Your Committee finds that over the past decade, judges and court personnel in Hawaii have received an increasing number of threats and inappropriate communications. To minimize the risk of threats or violence to these individuals, your Committee believes that posting the personal information of federal and state judges and other judicial staff with the intent to intimidate or threaten injury, harm, or violence should be prohibited.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1539, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1539, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (McKelvey). Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 212-22 Judiciary & Hawaiian Affairs on H.B. No. 1551**

The purpose of this measure is to provide a limited exemption from certain requirements of the State's open meetings law for commissioners of the Commission to Promote Uniform Legislation to attend and fully participate in meetings hosted by the Uniform Law Commission, without any limitation on the number of participating commissioners.

Your Committee received testimony in support of this measure from the Department of the Attorney General and six individuals. Your Committee received comments on this measure from the Office of Information Practices and Common Cause Hawaii.

Your Committee finds that this measure will enable commissioners of the Commission to Promote Uniform Legislation to perform their duties as the Hawaii delegation to the National Conference of Commissioners on Uniform State Laws, including selecting, drafting, considering, and amending various legislation to be adopted as uniform laws.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1551, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1551, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (D. Kobayashi). Excused, 1 (LoPresti).

#### **SCRep. 213-22 Judiciary & Hawaiian Affairs on H.B. No. 1567**

The purpose of this measure is to:

- (1) Eliminate the use of monetary bail and require defendants to be released on their own recognizance for traffic offenses, violations, nonviolent petty misdemeanor offenses, nonviolent misdemeanor offenses, and nonviolent class C felony offenses; and
- (2) Allow defendants the option to participate in a bail report interview via videoconference.

Your Committee received testimony in support of this measure from the Judiciary, Office of Hawaiian Affairs, Department of Public Safety, Office of the Public Defender, Hawai'i Correctional System Oversight Commission, Imua Alliance, Community Alliance on Prisons, League of Women Voters of Hawaii, Common Cause Hawaii, Hawai'i Health & Harm Reduction Center, Faith Action for Community Equity, Trinity United Methodist Church, Planning for Community LLC, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, Retail Merchants of Hawaii, and Honolulu County Republican Party. Your Committee received comments on this measure from the Hawaii Disability Rights Center, Hawaii Substance Abuse Coalition, American Civil Liberties Union of Hawai'i, and one individual.

Your Committee finds that Hawaii's bail system is overwhelmed, inefficient, and ineffective, and continues to result in harmful, unnecessary socioeconomic impacts on low-income individuals and their families, a disproportionate number of whom may be Native Hawaiian. This measure seeks to reduce unnecessary pretrial incarceration and its cost to taxpayers and the community while maintaining public safety.

Your Committee has amended this measure by:

- (1) Deleting language that would have required the court to release defendants arrested, charged, and held for nonviolent class C felony offenses;
- (2) Requiring the defendant's release to be conditioned upon the general conditions of release on bail, which include requirements that the person:
  - (A) Not commit a federal, state, or local offense during the period of release;
  - (B) Appear for all court hearings, unless notified that appearance is not required; and
  - (C) Remain in Hawaii, unless approval is obtained to leave the jurisdiction of the court;
- (3) Requiring that any bail set be based upon all of the available information;
- (4) Deleting language authorizing the Director of Public Safety to release a defendant if the defendant is unable to post bail in the amount of \$99 or less;
- (5) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1567, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1567, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Ward). Excused, 1 (LoPresti).

#### **SCRep. 214-22 Judiciary & Hawaiian Affairs on H.B. No. 1690**

The purpose of this measure is to require motor vehicle operators to ensure that children two years of age or younger are properly restrained in rear-facing child passenger restraint systems.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, Kapi'olani Medical Center for Women and Children, and Safe Kids Hawai'i. Your Committee received comments on this measure from Keiki Injury Prevention Coalition.

Your Committee finds that sixteen states and the District of Columbia require children under the age of two to be in rear-facing car seats. The American Academy of Pediatrics recommends the use of rear-facing car seats for as long as possible, typically until the age of two since the child's neck and skeleton are not capable of supporting them during a crash. Your Committee further finds that additional amendments are necessary to help keep children safe in motor vehicles until they are old enough to use adult seat belts. This measure would reduce motor vehicle fatalities and serious injuries in the State.

Your Committee has amended this measure by amending child restraint system requirements to:

- (1) Increase the age from under eight to under ten years old for children to be properly restrained in a child safety seat or booster seat that meets federal motor vehicle safety standards at the time of its manufacture; and
- (2) Repeal an exemption for children at least four years of age but less than ten years who are over forty pounds and traveling in a motor vehicle equipped only with lap belts, without shoulder straps, in the back seat.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1690, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1690, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Lowen, Ward).

#### **SCRep. 215-22 Judiciary & Hawaiian Affairs on H.B. No. 1692**

The purpose of this measure is to amend the fines imposed for mobile electronic device violations.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that according to the Fatality Analysis Reporting System, distracted drivers were involved in 23.1 percent and 16.5 percent of Hawaii's traffic fatalities in 2019 and 2020, respectively. The fines imposed for mobile electronic device violations serve as an important deterrent against cell phone use while driving, thereby reducing the number of motor vehicle fatalities and injuries in Hawaii.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1692 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Lowen, Ward).

#### **SCRep. 216-22 Judiciary & Hawaiian Affairs on H.B. No. 2077**

The purpose of this measure is to convert the positions of the Administrator of the Hawaii Criminal Justice Data Center and Chief Special Investigator of the Department of the Attorney General from civil service status to exempt status.

Your Committee received testimony in support of this measure from the Department of the Attorney General. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that the Administrator of the Hawaii Criminal Justice Data Center and Chief Special Investigator are the only supervisory positions for the legal services and public services divisions within the Department of the Attorney General that are not exempt from the civil service system. Exempting these positions from the civil service system will allow the Attorney General to appoint candidates for these positions and ensure that all supervisory positions are supervised by the Attorney General in a consistent and equal manner.

Your Committee has amended this measure by changing the effective date to January 1, 2222, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2077, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2077, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Matayoshi, McKelvey, Nakamura, Todd, Tokioka). Noes, none. Excused, 3 (LoPresti, Lowen, Ward).

#### **SCRep. 217-22 Judiciary & Hawaiian Affairs on H.B. No. 2078**

The purpose of this measure is to make an emergency appropriation to the Department of the Attorney General for use in major litigation involving the State.

Your Committee received testimony in support of this measure from the Department of the Attorney General. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the State is involved in major ongoing litigation that requires the retention of expert witnesses and specialized legal counsel. Pursuant to requirements set forth in article VII, section 9, of the Hawaii State Constitution, the Governor, in Governor's Message No. 2 to the Legislature, requested immediate consideration of this measure by the Legislature.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2222, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2078, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2078, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Lowen, Ward).

#### **SCRep. 218-22 Judiciary & Hawaiian Affairs on H.B. No. 1777**

The purpose of this measure is to require and appropriate funds for the Department of the Attorney General to provide annual reports to the Legislature on specified data pertaining to the commercial sexual exploitation of children.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women, Hawaii Youth Services Network, The Sex Abuse Treatment Center, and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Human Services, and Department of the Attorney General.

Your Committee finds that children, particularly foster, runaway, LGBTQ+, immigrant, and undocumented children and children suffering from mental illnesses and substance abuse issues, are vulnerable to sex trafficking and commercial sexual exploitation. This measure will help assess the scope of the problem and improve the State's response.

Your Committee has amended this measure by:

- (1) Clarifying that the report must contain available data, rather than specific data, from entities that collect and are willing to provide data pertaining to the commercial sexual exploitation of children to the Department of the Attorney General;
- (2) Clarifying that entities are encouraged but not required to collect specific data for the report; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1777, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1777, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Lowen, Ward).

#### **SCRep. 219-22 Housing on H.B. No. 1753**

The purpose of this measure is to allow the Hawaii Housing Finance and Development Corporation greater flexibility to use funds in the Rental Housing Revolving Fund for necessary expenses in administering its housing finance programs.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that according to the Hawaii Housing Finance and Development Corporation, while there has been increased demand and interest by developers to utilize the Hawaii Housing Finance and Development Corporation's financing programs, there are insufficient funds to cover the costs to administer the housing financing programs, attract and retain qualified personnel, and be commensurate with other state housing finance agencies. Your Committee finds that adequate staffing and adequate funding for the Hawaii Housing Finance and Development Corporation's housing financing program are necessary to improve the production of affordable housing in the State.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1753, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1753, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 220-22 Labor & Tourism on H.B. No. 1785**

The purpose of this measure is to require the Legislative Reference Bureau to conduct a study that identifies and analyzes alternative tourism governance systems and submit a report to the Legislature of potential tourism governance options for consideration.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority, Public Policy Center at the University of Hawai'i at Mānoa, and one individual. Your Committee received testimony in opposition to this measure from the State Procurement Office. Your Committee received comments on this measure from the Department of Budget and Finance and Legislative Reference Bureau.

Your Committee finds that in recent years, the Hawaii Tourism Authority's resident sentiment survey registered a dramatic increase in the number of residents who believe that tourism brings more problems than benefits. Your Committee further finds that a proper balance must be sought between generating revenue and contributing to as few social and environmental problems as possible. This measure will provide information to enable the Legislature to consider alternatives to tourism governance to strike the appropriate balance.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance decide to hear this measure, your Committee respectfully requests that it consider appropriating \$500,000 for the two-year study and report.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1785, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1785, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 221-22 Labor & Tourism on H.B. No. 2102**

The purpose of this measure is to discontinue reimbursement by the State and counties of Medicare income related monthly adjustment amounts for retired employees hired after June 30, 2022, and their spouses.

Your Committee received testimony in support of this measure from the Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees. Your Committee received comments on this measure from the Hawaii Government Employees Association AFSCME Local 152, AFL-CIO.

Your Committee finds that this measure is a cost-containment proposal that does not impact current retirees, vested former employees, and current employees. The Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees estimates this change would save the State \$430,000,000 over the next thirty years in lower annual required contributions.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2102, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2102, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, 1 (D. Kobayashi). Excused, none.

#### **SCRep. 222-22 Labor & Tourism on H.B. No. 2103**

The purpose of this measure is to eliminate Medicare part B premium reimbursement by the State and counties for the spouses of retired employees hired after June 30, 2022.

Your Committee received testimony in support of this measure from the Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees. Your Committee received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that this measure is a cost-containment proposal that does not impact current retirees, vested former employees, and current employees. The Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees estimates this change would save the State \$1,200,000,000 over the next thirty years in lower annual required contributions.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2103, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2103, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, 1 (D. Kobayashi). Excused, none.

#### **SCRep. 223-22 Labor & Tourism on H.B. No. 2104**

The purpose of this measure is to identify certain types of alternative investment fund information, the disclosure of which would likely put the Hawaii Employer-Union Health Benefits Trust Fund at a competitive disadvantage, and exempt those categories of information from disclosure under chapter 92F, Hawaii Revised Statutes, consistent with market best practices.

Your Committee received testimony in support of this measure from the Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees. Your Committee received testimony in opposition to this measure from Unite Here! Local 5 Hawaii. Your Committee received comments on this measure from the U.S. Securities and Exchange Commission, Division of Examinations; and Office of Information Practices.

Your Committee finds that this measure will enable the Hawaii Employer-Union Health Benefits Trust Fund to efficiently maintain the confidentiality of information relating to alternative investments such as investments in private equity, private credit, and private real estate funds, consistent with competitive investment market best practices. This measure mirrors Act 71, Session Laws of Hawaii 2021, which provides the Employees' Retirement System of the State of Hawaii the same exemptions. The Office of Information Practices has stated it has no objection to allowing the Hawaii Employer-Union Health Benefits Trust Fund to withhold this information because the Office of Information Practices believes the listed categories of records relating to alternative investment that would be statutorily exempted by this measure are reasonably limited and specific and are consistent with the Uniform Information Practices Act's generally applicable exceptions to disclosure.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2104, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2104, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, 1 (D. Kobayashi). Excused, none.

#### **SCRep. 224-22 Labor & Tourism on H.B. No. 2105**

The purpose of this measure is to address recent court rulings awarding State of Hawaii Employees' Retirement System service-connected disability retirement or accidental death benefits by clarifying:

- (1) The requirements applicable to each; and
- (2) The burden of proof and evidentiary requirements applicable to petitions for contested case hearings regarding disability retirement or accidental death benefits.

Your Committee received testimony in support of this measure from the State of Hawaii Employees' Retirement System Board of Trustees.

Your Committee finds that, in light of recent court rulings, this measure is necessary to clarify the Legislature's intent concerning the applicability of the State of Hawaii Employees' Retirement System service-connected disability retirement and accidental death benefits. This measure will help to curb the unintended growth in the State of Hawaii Employees' Retirement System's unfunded liability.

Your Committee has amended this measure by:

- (1) Moving the new provision relating to the burden of proof and evidentiary requirements when a member or applicant initiates a proceeding, to the statutory section relating to petitions for contested case hearings regarding disability retirement or accidental death benefits;

- (2) Moving the new provision relating to permanent incapacity as it relates to an application for service-connected disability retirement to the statutory section relating to service-connected disability retirement;
- (3) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2105, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2105, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 225-22 Labor & Tourism on H.B. No. 1760**

The purpose of this measure is to appropriate monies to the Department of Labor and Industrial Relations, Office of Community Services, for immigrant resource centers to assist immigrant and refugee populations throughout the State.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Office of Community Services, Hawai'i Coalition for Immigrant Rights, Hawaii Friends of Civil Rights, The Legal Clinic, Common Cause Hawaii, Democratic Party of Hawai'i, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Office of Community Services maintained immigrant resource centers in all four counties to provide support services for low-income immigrants for state fiscal years 2014 through 2017. The immigrant resource centers were funded by state funds at a level of \$700,000 per year. Currently, no funds have been appropriated for immigrant resource centers and the Office of Community Services does not operate any.

Your Committee recognizes that, on a per-capita basis, Hawaii has an extremely large immigrant population compared to other states. According to the 2020 Census, about two hundred seventy thousand Hawaii residents, who constitute about 18.5 percent of Hawaii's total population, are foreign-born.

Your Committee further finds that Hawaii's immigrants are more likely to have a lower income than native-born residents and less likely to have health insurance, but according to 2018 statistics, they generate approximately \$17,600,000,000 toward Hawaii's economy, paying \$1,550,000,000 in federal taxes and over \$874,000,000 in Hawaii state and county taxes. Hawaii's immigrants make up forty percent of the State's agricultural workers and thirty-three percent of the State's tourism, entertainment, and hospitality workers.

Your Committee also finds that when the immigrant resource centers were operating, service providers actively reached out to the immigrant communities and made immigrants aware of the services available to them at all levels of government and in the private sector. Your Committee believes these outreach efforts should continue with the revival of immigrant resource centers.

Your Committee has amended this measure by:

- (1) Requiring an outreach component for the immigrant resource centers;
- (2) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance decide to hear this measure, your Committee respectfully requests that it consider appropriating \$1,000,000 for the immigrant resource centers.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1760, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1760, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 226-22 Water & Land on H.B. No. 1656**

The purpose of this measure is to adequately address the Nā Ala Hele program's needs regarding the protection and expansion of public trail access statewide by appropriating funds for the establishment of a permanent full-time equivalent Land and Access Specialist position and a permanent full-time equivalent Abstractor position within the Department of Land and Natural Resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Ka Makani O Kohala Ohana, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the appropriations for staff positions in this measure will enhance the Department of Land and Natural Resources' capacity to develop and maintain trails and associated infrastructure; creatively recruit and manage volunteer groups; and address action items identified in the island-based Destination Management Action Plans, which were developed in coordination with the Hawaii Tourism Authority for the protection of Hawaii's natural and cultural resources for all users.

Your Committee has amended this measure by:

- (1) Deleting the amounts of the appropriations;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it choose to hear this measure, to consider appropriating \$84,730 for the Land and Access Specialist IV position and \$82,653 for the Abstractor X position.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1656, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1656, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 227-22 Water & Land on H.B. No. 1719**

The purpose of this measure is to authorize the Board of Land and Natural Resources to issue revenue bonds for the purpose of financing repairs of the Ala Wai boat harbor.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee notes that the Department of Land and Natural Resources testified that its Division of Boating and Ocean Recreation (DOBOR), which manages state small boat harbors, was authorized by the Legislature to issue revenue bonds in previous years. However, the large amount of funding required for each project would have led to unfavorable bond terms because creditworthiness would have been based on DOBOR's income and not the State's general fund. As a result, DOBOR prefers to use general obligation bonds through the capital improvement project process.

Therefore, your Committee has amended this measure by:

- (1) Removing the authorization of the Department of Land and Natural Resources to issue revenue bonds to finance repairs for the Ala Wai Boat Harbor;
- (2) Exempting capital improvement projects for Ala Wai Boat Harbor from mandatory prior authorization by the Legislature and Governor;
- (3) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1719, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1719, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ganaden). Noes, none. Excused, 1 (McDermott).

**SCRep. 228-22 Education on H.B. No. 2127**

The purpose of this measure is to authorize the issuance of general obligation bonds to make an emergency appropriation for the Department of Education to build a new maintenance base yard.

Your Committee received testimony in support of this measure from the Department of Education.

Your Committee finds that on July 1, 2005, the Department of Education and the Department of Accounting and General Services entered into a memorandum of understanding to supplement the transfer of resources from the Department of Accounting and General Services to the Department of Education pursuant to Act 51, Session Laws of Hawaii 2004. This memorandum of understanding included a provision for the Department of Education to use facilities at Shafter Flats to house its maintenance base yard.

Your Committee further finds that because of the economic downturn in 2020 and the limited amount of available resources, a request was made by the Department of Accounting and General Services on June 4, 2021, to have the Department of Education relocate from the Shafter Flats facility by October 2021. The Department of Education has since been looking for a new facility to house its maintenance base yard, which is vital for needed warehouse and storage space to allow the Department of Education to continue to service all of its facilities. This measure will provide sufficient funding to the Department of Education to build a new maintenance base yard.

Your Committee has amended this measure by:

- (1) Changing the general obligation bond amount to an unspecified amount;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should the Committee on Finance choose to deliberate on this measure, your Committee on Education respectfully requests authorizing the Director of Finance to issue general obligation bonds in the amount of \$15,000,000 and appropriating the same amount for fiscal year 2021-2022.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2127, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2127, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (Belatti, Ohno, Quinlan).

**SCRep. 229-22 Education on H.B. No. 2122**

The purpose of this measure is to provide greater fiscal transparency by broadening the purposes for which indirect costs incurred by the Department of Education, State Public Charter School Commission, or a charter authorizer from federal grants may be reimbursed.

Your Committee received testimony in support of this measure from the Department of Education and Hawaii Public Charter Schools Network.

Your Committee finds that indirect cost funds are reimbursements from federal grants received by the Department of Education for costs incurred in support of administrative and general business operations based on a negotiated rate with the federal government, which is assessed against allowable federal grant expenditures. Your Committee further finds that broadening the purposes for which indirect costs from federal grants may be used will make the costs available to be deposited into the Federal Grants Revolving Fund, which allows funds to be used for the pursuit of additional discretionary grants, monitoring grant execution, compliance with grant requirements, and the auditing of grant expenditures.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2122, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2122, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 3 (Belatti, Ohno, Quinlan).

**SCRep. 230-22 Education on H.B. No. 2123**

The purpose of this measure is to:

- (1) Include commercial enterprises in profit-making operations that students may engage in at schools;
- (2) Clarify that profits from agricultural, industrial, and commercial enterprise pursuits can be used to support the agricultural, industrial, and commercial enterprise programs directly; and
- (3) Allow students to receive school credit and compensation when engaging in profit-making operations.

Your Committee received testimony in support of this measure from the Department of Education. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure will enhance the rigor and relevance of work-based learning throughout the pre-school through higher education continuum, will give students the opportunity to engage in comprehensive, real-world immersive experiences, particularly in the areas of entrepreneurship and strategic commercial enterprise, and allow profits made from agricultural, industrial, and commercial enterprise activity to directly support the programs.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2123, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2123, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 2 (Belatti, Ohno).

**SCRep. 231-22 Education on H.B. No. 1986**

The purpose of this measure is to require at least one at-large member of the Board of Education to be a Hawaiian immersion expert selected from a list of nominees submitted by the Aha Kauleo Kaiapuni Hawaii.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaii State Teachers Association, Kamehameha Schools, 'Aha Pūnana Leo, Kanaeokana, Council for Native Hawaiian Advancement, Nā Leo Kāko'o Maui, Ka 'Aumanu, 'Aha Kauleo, Hui Makua o Pū'ōhala, and numerous individuals. Your Committee received comments on this measure from the Board of Education.

Your Committee finds that Olelo Hawaii, the Hawaiian language, has been the native language of Hawaii's indigenous people for over two thousand years and has provided the foundation for the establishment and development of Hawaiian society. In 1978, the Constitution of the State of Hawaii was amended to support the Hawaiian language by including article X, section 4, which requires the State to promote the study of Hawaiian culture, history, and language; and article XV, section 4, which states English and Hawaiian shall be the official languages of Hawaii, reaffirming the State's constitutional responsibility.

Your Committee further finds that existing law does not require any member of the Board of Education to be an individual with expertise in Hawaiian studies, the Hawaiian language, or Hawaiian immersion education. This measure will require at least one at-large member of the Board of Education to be a Hawaiian immersion expert which will help to better promote the study of Hawaiian culture, history, and language in public schools, as required by the Constitution of the State of Hawaii.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1986, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1986, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 2 (Belatti, Ohno).

**SCRep. 232-22 Education on H.B. No. 2125**

The purpose of this measure is to provide increased protection for educational workers to conduct school business by establishing the offense of harassment of an educational worker as a misdemeanor.

Your Committee received testimony in support of this measure from the Department of Education; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and numerous individuals. Your Committee received testimony in opposition to this measure from four individuals.

Your Committee finds that the COVID-19 pandemic and increasing political polarization have created a more difficult environment to implement school policies and ensure the protection of educational workers. This measure will provide protection for educational workers from harassment when, for example, the actions or behavior of a member of the general public is uncontrollable. By making such action a misdemeanor, this may serve as a deterrent of harassing behavior against educational workers, thus allowing for the continued positive academic experiences for the State's students.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2125, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2125, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Ganaden). Noes, 1 (Okimoto). Excused, 2 (Belatti, Ohno).

#### SCRep. 233-22 Agriculture on H.B. No. 1518

The purpose of this measure is to appropriate funds for the research, extension, and control of the little fire ant and other harmful ant species.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Land and Natural Resources; Hawai'i Farm Bureau; Hawai'i Association of REALTORS; Coordinating Group on Alien Pest Species; Hilo Orchid Farm Hawaii, Inc.; Stop LFA Kohala; Hawaii Ant Lab; Mauna Kea Cacao LLC; and eleven individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the little fire ant, or *Wasmannia auropunctata*, was first discovered on the island of Hawaii in 1999. Since then, the little fire ant has spread to the islands of Kauai, Lanai, Maui, and Oahu. Your Committee finds that little fire ants deliver a painful sting when disturbed, and welts from the sting can persist for weeks. Little fire ants also infest agricultural fields, farms, and homes; damage crops; promote plant pests; and will sting humans and animals. Your Committee finds that providing funds for the research, extension, and control of the little fire ant and other harmful ant species is critical to mitigate the negative impacts of these ants on the State's agriculture industry, the economy, the environment, and human health.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1518, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1518, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### SCRep. 234-22 Agriculture on H.B. No. 1714

The purpose of this measure is to appropriate funds to the Department of Agriculture to continue its efforts to mitigate and control the two-lined spittlebug and for recovery of the rangelands and pastures damaged by this invasive pest.

Your Committee received testimony in support of this measure from the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources; Hawai'i Farm Bureau; Ulupono Initiative; Land Use Research Foundation of Hawaii; Local Food Coalition; Coordinating Group on Alien Pest Species; Hawaii Meats on Oahu; Larry Jeffs Farms, LLC; Parker Ranch, Inc.; Ponoholo Ranch Limited; and nine individuals. Your Committee received comments on this measure from the Department of Agriculture, Department of Budget and Finance, Hawaii Cattlemen's Council, and two individuals.

Your Committee finds that the two-lined spittlebug, or *Prosapia bicincta*, is an invasive pest that was first detected in Kailua-Kona in 2016. By 2021, the two-lined spittlebug had impacted thousands of acres of ranchland on the west side of the island of Hawaii. This invasive pest has caused the loss of high-quality pasture grasses, including the Kikuyu and Pangola grasses, and has greatly reduced the quality of forage pastures on the island of Hawaii. Your Committee finds that additional resources are urgently needed to combat the detrimental effects of the two-lined spittlebug on the State's livestock industry, economy, and environment.

Your Committee has amended this measure by:

- (1) Expanding the purpose of the appropriation to include research to inform best practices and monitor the status of the two-lined spittlebug;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1714, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1714, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### SCRep. 235-22 Agriculture on H.B. No. 2061

The purpose of this measure is to bolster the Animal Industry Special Fund by authorizing revenues from fees for diagnostic, surveillance, and other work by the Animal Industry Division Veterinary Laboratory and Animal Disease Control Branch to be deposited into the special fund.

Your Committee received testimony in support of this measure from the Department of Agriculture and Hawaii Farm Bureau. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that private veterinarians submit test samples to diagnostic laboratories located outside the State for diagnostics that they are unable to run in their hospitals. The long-term goal for the State Veterinary Laboratory is to be able to perform molecular diagnostics of diseases that are already impacting or are a threat to local industries. This measure will assist with the operations of the State Veterinary Laboratory in providing necessary veterinary diagnostics in the State.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2061, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2061, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 236-22 Agriculture on H.B. No. 2307**

The purpose of this measure is to ensure the continued viability of the State's sea salt manufacturing industry by appropriating funds to provide education and support to businesses in the State regarding the United States Food and Drug Administration's industry guidance on colored sea salt.

Your Committee received testimony in support of this measure from the Hawaii Food Industry Association; Hawai'i Farm Bureau; Chamber of Commerce Hawaii; and H.K. Enterprise Group, Inc. dba Hawaii Kai Corporation; and one individual. Your Committee received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

Your Committee finds that salt making is a culturally and historically important tradition of the State. Your Committee also finds that in 2015, the United States Food and Drug Administration (FDA) issued a guideline that required the two colorants in Hawaiian black sea salt and red sea salt to be added to the list of approved colorants, which requires sea salt producers and suppliers to file the federal Color Additive Petition application with the FDA. The application and approval process, which involves extensive FDA-required lab tests and analysis, can be very costly, especially for small manufacturers. Your Committee finds that since the issuance of the 2015 federal guideline, the Hawaiian black and red sea salt industry has suffered a gradual decline. This measure would provide education and support to the State's sea salt manufacturing industry on the FDA's guidance for colored sea salt.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2307, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2307, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Matayoshi).

**SCRep. 237-22 Consumer Protection & Commerce on H.B. No. 1486**

The purpose of this measure is to include the theft of a motor vehicle in the offense of theft in the first degree.

Your Committee received testimony in support of this measure from the Honolulu Police Department, Office of the Prosecuting Attorney of the County of Hawaii, and four individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that there is growing public support for the increase of penalties related to theft of a motor vehicle. This measure ensures that offenders receive an appropriate sentence that reflects the seriousness of the offense and provides adequate deterrence for future criminal activity.

Your Committee has amended this measure by:

- (1) Specifically including the theft of a motorcycle or moped to the offense of theft in the first degree;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1486, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1486, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

**SCRep. 238-22 Consumer Protection & Commerce on H.B. No. 1860**

The purpose of this measure is to:

- (1) Require licensed used motor vehicle part dealers to keep records of purchases and sales of catalytic converters, and require the seller to file a written statement that the seller has the lawful right to sell and dispose of the catalytic converter;
- (2) Establish the felony offense of theft of catalytic converter;
- (3) Increase the penalty for engaging in the business of purchasing or selling used motor vehicle parts and accessories, or wrecking, salvaging, or dismantling motor vehicles for the purpose of reselling the parts or accessories without a license;
- (4) Require scrap dealers to keep records of purchases and sales of palladium, platinum, and rhodium; and
- (5) Require all scrap dealers to pay for palladium, platinum, and rhodium, and all used motor vehicle part dealers to pay for catalytic converters, by check.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Transportation, Hawai'i Police Department, Honolulu Police Department, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawaii Insurers Council, Hawaii Transportation Association, American Property Casualty Insurance Association, Stolen Stuff Hawaii, and three individuals. Your Committee received comments on this measure from Schnitzer Steel Hawaii.

Your Committee finds that the theft of catalytic converters has been on rise. According to data from the National Insurance Crime Bureau, catalytic converter thefts were four time higher in 2020 than in 2019. Stolen or recycled catalytic converters can usually be resold on the market for around \$250; however, replacing a stolen catalytic converter can cost a car owner around \$1,000 or more. This measure will act as a deterrent to individuals and businesses involved in the disposal and acquisition of stolen catalytic converters.

Your Committee has amended this measure by:

- (1) Exempting licensed scrap dealers, when purchasing catalytic converters from other licensed commercial vendors, from the written statement requirements for motor vehicle part dealers that purchase catalytic converters, as scrap dealers are already required to obtain written statements and verify identification prior to purchasing scrap;
- (2) Clarifying the definition of "catalytic converter" to include a device that has been removed from the motor vehicle's exhaust system;
- (3) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes the concerns raised in testimony by the Department of the Prosecuting Attorney of the City and County of Honolulu regarding the burden of proof that must be met prior to charging or convicting someone with the offense of theft in the second degree. Should your Committee on Judiciary & Hawaiian Affairs hear this measure, your Committee respectfully requests that it consider these concerns.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1860, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1860, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Onishi).

#### **SCRep. 239-22 Consumer Protection & Commerce on H.B. No. 2243**

The purpose of this measure is to ensure the proper maintenance of residential condominium buildings and structures by:

- (1) Requiring that buildings and structures be maintained in a safe and sanitary condition;
- (2) Requiring devices and safeguards to be maintained in conformance with county building codes;
- (3) Requiring condominium associations or their designated agents to be responsible for the maintenance of the buildings and structures; and
- (4) Authorizing county building officials to require a building or structure to be reinspected.

Your Committee received testimony in support of this measure from the Hawaii Council of Associations of Apartment Owners and six individuals. Your Committee received testimony in opposition to this measure from ten individuals. Your Committee received comments on this measure from the Hawaii Insurers Council.

Your Committee finds that many condominiums were built in the 1970s and 1980s and now require major repairs to keep the buildings and structures operational. However, condominium associations may not keep up with necessary repairs and maintenance or invest in appropriate insurance coverages to ensure that buildings or structures are able to be repaired or maintained when needed. This measure requires condominium associations or their designated agents to ensure proper maintenance and safety of their buildings or structures.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2243, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2243, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 240-22 Consumer Protection & Commerce on H.B. No. 1757**

The purpose of this measure is to prohibit planned community associations from prohibiting an owner or a sub-association from utilizing xeriscaping.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and six individuals. Your Committee received testimony in opposition to this measure from the Hawaii Council of Associations of Apartment Owners and thirteen individuals.

Your Committee finds that water is a precious natural resource and water conservation is a best practice that should be utilized. Your Committee further finds that xeriscaping is a proven landscape practice that reduces irrigation water use by eliminating plantings or planting drought-tolerant or climate appropriate species. Xeriscaping can also be aesthetically pleasing by matching the appropriate native plant species with the local climate and environment. This measure promotes outdoor water conservation plans of homeowners or sub-associations within planned community associations.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1757, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1757, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 241-22 Consumer Protection & Commerce on H.B. No. 1747**

The purpose of this measure is to require the State Building Code Council to:

- (1) Consult with building industry trade associations to gather cost data on the implementation of a building code or standard and calculate the financial impact of the building code or standard, including amortized utility costs, on the cost of single-family and multi-family homes built in the State; and
- (2) Include the cost provided by building industry trade associations on each code and standard adopted by the Council in the annual report submitted to the Governor.

Your Committee received testimony in support of this measure from the Building Industry Association of Hawaii, NAIOP Hawaii, and one individual. Your Committee received testimony in opposition to this measure from Kauahaikaua and Chun Architects. Your Committee received comments on this measure from the Hawaii State Energy Office, State Farm Mutual Automobile Insurance Company, AIA Hawaii, and Plumbers and Pipefitters UA Local 675.

Your Committee finds that the State Building Code Council includes various representatives who have significant experience with building code and are mostly serving on a volunteer basis. As a state entity, the State Building Code Council adheres to sunshine laws and welcomes representatives from the industry and unions to raise concerns regarding codes and construction costs; however, the primary purpose of building codes and standards are to safeguard life, property, and general welfare collectively. Your Committee heard the concerns raised in testimony that the broad nature of the measure may have unintended consequences and could potentially undermine other building codes and standards whose primary function and purpose is safeguarding life, property, and general welfare.

Accordingly, your Committee has amended this measure by:

- (1) Excluding codes and standards that have a primary purpose of safeguarding life, property, and general welfare collectively from the cost data requirements proposed by this measure;

- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1747, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1747, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, none.

**SCRep. 242-22 Consumer Protection & Commerce on H.B. No. 1784**

The purpose of this measure is to require the periodic inspection of certain walls and appurtenances of buildings five or more stories in height.

Your Committee received testimony in support of this measure from the Hawaii Council of Associations of Apartment Owners and four individuals. Your Committee received comments on this measure from the Hawaii Insurers Council and one individual.

Your Committee finds that the State Building Code Council is charged with safeguarding life, property, and the general welfare by establishing and overseeing the state building codes. However, the codes do not specifically require that the structural integrity of buildings be regularly inspected. This is of particular concern in Hawaii, where the salty ocean environment can cause structural weakening and corrosion. This measure provides for the periodic inspection of certain buildings to ensure their safety and structural integrity.

Your Committee has amended this measure by:

- (1) Clarifying that the inspections proposed by this measure apply to buildings in existence on the effective date of this measure;
- (2) Requiring the notice of any unsafe condition to be sent to the appropriate county agency with responsibility over planning, rather than the Department of Accounting and General Services;
- (3) Clarifying that the scope of the State Building Code Council's duties include conducting reviews of periodic inspection reports for certain buildings;
- (4) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1784, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1784, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, none.

**SCRep. 243-22 Consumer Protection & Commerce on H.B. No. 1695**

The purpose of this measure is to increase the generally applicable statutory fine under the Fireworks Control Law from \$2,000 to \$5,000.

Your Committee received testimony in support of this measure from the Department of Public Safety, Hawaii State Fire Council, Hawaii Fire Department, Honolulu Fire Department, Maui Fire Department, Pearl City Neighborhood Board No. 21, Poi Dogs & Popoki, Kihei Community Association, and nine individuals.

Your Committee finds that the illegal use of fireworks continues to cause significant disruption and concern in communities throughout the State. Illegal aerial fireworks and improvised explosive devices have substantially increased in recent years, which have resulted in serious injuries, property damage, and fatalities. Your Committee further finds that a stronger deterrent is therefore needed to curtail the use of illegal fireworks. Increasing the fines associated with illegal fireworks, as proposed by this measure, may act as such a deterrent.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1695, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1695, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (Morikawa).

**SCRep. 244-22 Consumer Protection & Commerce on H.B. No. 1696**

The purpose of this measure is to increase the fireworks display permit fee.

Your Committee received testimony in support of this measure from the Hawaii State Fire Council, Hawaii Fire Department, Honolulu Fire Department, Maui Fire Department, Pearl City Neighborhood Board No. 21, Poi Dogs & Popoki, and four individuals.

Your Committee finds that the display permit fee, which authorizes licensed pyrotechnicians to conduct outdoor and close proximity fireworks for public or private events or for theatrical or movie purposes, has remained the same for fifteen years. However, the costs of processing, reviewing, and approving display permits have increased. This measure will ensure the effective administration of the permitting process by increasing the permit fee. Increasing fireworks permit fees may also serve as a deterrent against the use of illegal fireworks.

Your Committee has amended this measure by:

- (1) Changing the permit fees for consumer, display, and cultural use fireworks to unspecified amounts;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the existing statutory amounts for permit fees is \$25 for consumer and cultural use fireworks and \$110 for display fireworks. Your Committee heard testimony on this measure that the existing statutory fees and the increased fees originally proposed by this measure were too low. One suggestion was to increase the permit fee to \$1,000, to provide more resources for inspection, and the consumer fireworks permit fee to \$100, to provide more resource for enforcement of violations. Should your Committee on Finance choose to deliberate on this measure, your Committee respectfully requests that it consider determining appropriate fireworks permit fee amounts.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1696, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1696, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 245-22 Consumer Protection & Commerce on H.B. No. 1969**

The purpose of this measure is to require that counties offer monetary awards to individuals who report certain violations of the Fireworks Control Law.

Your Committee received testimony in support of this measure from the Hawaii State Fire Council, Hawaii Fire Department, Honolulu Fire Department, Maui Fire Department, Village Park Community Association, Hawaiian Humane Society, Pearl City Neighborhood Board No. 21, Poi Dogs & Popoki, and five individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the use of illegal fireworks has substantially increased in recent years. Your Committee further finds that additional enforcement and deterrence is necessary to protect property from avoidable fire damage; protect persons from fire and explosion-related injuries; minimize respiratory distress caused by the air pollution; and avoid retraumatizing persons who may be adversely impacted by loud explosions.

Your Committee finds that consideration of alternative methods of deterring the illegal use of fireworks and promoting compliance with the Fireworks Control Law, such as the one proposed by this measure, is warranted.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1969, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1969, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Onishi). Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 246-22 Consumer Protection & Commerce on H.B. No. 2273**

The purpose of this measure is to:

- (1) Specify that certain violations of the Fireworks Control Law be considered a violation of noise control rules, which may subject the violator to a citation under the State's noise pollution law; and
- (2) Appropriate funds to the Department of Health to assist in the enforcement of these violations.

Your Committee received testimony in support of this measure from the Pearl City Neighborhood Board No. 21, Hawaiian Humane Society, Poi Dogs & Popoki, Kihei Community Association, and five individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that despite permitting requirements and strict time limitations, the illegal use of fireworks continues seemingly unabated throughout the State. Your Committee further finds that the illegal use of fireworks creates excessive noise, which can damage hearing, trigger mental health episodes in individuals with post-traumatic stress disorder, and disrupt children and the elderly. Your Committee also finds that subjecting certain violations of the Fireworks Control Law to the citations and civil penalties under the State's noise pollution laws, which subject violators to much higher penalties, may help with compliance statewide.

Your Committee notes that the enforcement mechanism proposed by this measure is meant to address the most repeated and egregious offenders of the Fireworks Control Law; it is intended to focus on those offenders who the Department of Health would best be able to monitor. To promote compliance with the Fireworks Control Law, your Committee finds that alternative enforcement mechanisms or penalties need to be explored. This measure represents just one approach that could be considered. Your Committee's expectation is that all counties would be included in the enforcement efforts contemplated by this measure.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2273, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2273, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 247-22 Consumer Protection & Commerce on H.B. No. 2275**

The purpose of this measure is to establish an expeditious adjudication system for processing fireworks infractions, similar to the system for processing traffic infractions.

Your Committee received testimony in support of this measure from the Hawaii State Fire Council, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawaii Fire Department, Honolulu Fire Department, Maui Fire Department, Pearl City Neighborhood Board No. 21, Poi Dogs & Popoki,

Hawaiian Humane Society, and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Judiciary.

Your Committee finds that the enforcement of the Fireworks Control Law is wanting. Your Committee further finds that enforcement is necessary to protect property from avoidable fire damage and protect persons from fire and explosion-related injuries and respiratory distress caused by the air pollution, and avoid retraumatizing persons with the loud explosions.

Your Committee finds that this measure proposes to amend certain fireworks offenses to infractions, which would be non-criminal, non-jailable offenses, punishable by a fine. Lowering certain fireworks offenses may be a more effective enforcement tool for law enforcement than the existing misdemeanor-level offenses, particularly given various evidentiary issues that have arisen in court. Your Committee notes that this bill is meant to target a large percentage of fireworks violators, and thus serve as a deterrent to would-be violators and engender overall compliance with the Fireworks Control Law.

Your Committee has amended this measure by:

- (1) Changing the range of fines for fireworks violations to a single unspecified fine amount; and
- (2) Changing the effective date to January 1, 2050, to encourage further discussion.

Your Committee has heard testimony that the fine for infractions proposed by this measure, as introduced, may be too low. As this measure is meant to act as a deterrent to would-be violators, your Committee believes more discussion regarding the fine amount is warranted. Your Committee notes that a fine in the range of \$100 to \$250 may be preferable, as these amounts are similar to the fines for driving while using a cell phone and the typical speeding ticket fines. Should your Committee on Finance consider this measure, your Committee respectfully requests that it consider whether fines ranging from \$100 to \$250 may be most appropriate for fireworks infractions.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2275, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2275, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 248-22 Housing on H.B. No. 1513**

The purpose of this measure is to:

- (1) Adjust the eligibility requirements for the income tax credit for low-income household renters;
- (2) More effectively target the tax credit toward lower-income taxpayers by creating tax brackets that will phase out the credit as a taxpayer's income rises; and
- (3) Adjust the amount of the credit every three years by using a percentage based on the urban Hawaii Consumer Price Index.

Your Committee received testimony in support of this measure from Americans for Democratic Action Hawaii, League of Women Voters of Hawaii, IMUA Alliance, Democratic Party of Hawai'i Education Caucus, Hawaii Children's Action Network Speaks!, Parents and Children Together, AARP Hawai'i, and six individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that homelessness is a serious problem in the State, with data indicating that Hawaii has the highest rate of homelessness per capita in the nation. Your Committee finds that the eligibility threshold for the income tax credit for low-income household renters was last adjusted in 1989 and the credit amount allowed was last adjusted in 1981. Since 1989, the cost of housing has increased by three hundred ninety percent and therefore it is fitting to adjust the eligibility requirements and increase the amount of the tax credit to help low-income renters pay for the high costs of housing in the State.

Your Committee has amended this measure by:

- (1) Clarifying that the credit is per qualified exemption and based on the taxpayer's federal adjusted gross income;
- (2) Clarifying that taxpayers who pay for rent in a residence that is partially or wholly exempted from real property tax through a homeowner's exemption may claim the tax credit;
- (3) Clarifying that the tax credit is to be adjusted every third taxable year based on any change in the urban Hawaii Consumer Price Index for June of the calendar year when the credit was last adjusted; and
- (4) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1513, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1513, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 249-22 Housing on H.B. No. 2444**

The purpose of this measure is to condition a county's authority to exercise state housing powers upon the county's continued compliance with provisions regarding the acceptance of the dedication of infrastructure and public highways in affordable housing developments.

Your Committee received testimony in opposition to this measure from one member of the Maui County Council. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that this measure takes steps to address a thirty-year-old program that has existed at the Villages of Kapolei, where the City and County of Honolulu has not accepted dedication of infrastructure improvements constructed by a Hawaii Housing Finance and Development Corporation predecessor agency. Your Committee further finds that although the City and County of Honolulu receives the real property tax revenues derived, in part, from the State's infrastructure improvements, the Hawaii Housing Finance and Development Corporation must maintain those same improvements at an average cost to the Dwelling Unit Revolving Fund of more than \$1,000,000 per year. This measure will enable the Hawaii Housing Finance and Development

Corporation to make better use of the funds in the Dwelling Unit Revolving Fund for the development of new infrastructure for affordable housing projects in the State.

Your Committee has amended this measure by:

- (1) Limiting the condition related to a county's authority to exercise state housing powers to counties with a population greater than five hundred thousand;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2444, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2444, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 250-22     Housing on H.B. No. 2020**

The purpose of this measure is to facilitate greater homeownership opportunities for Hawaii residents by appropriating general funds into the Affordable Homeownership Revolving Fund.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and Hawaii Habitat for Humanity Association. You Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Act 227, Session Laws of Hawaii 2021, established the Affordable Homeownership Revolving Fund to provide loans for the development of affordable for-sale housing projects by nonprofit community development financial institutions and nonprofit housing development organizations. The appropriation of general funds into the Affordable Homeownership Revolving Fund by this measure will facilitate homeownership and expand self-help housing projects in the State.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2020, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2020, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 251-22     Housing/Water & Land on H.B. No. 1649**

The purpose of this measure is to address Hawaii's affordable housing needs by requiring:

- (1) State agencies to submit an annual report to the Governor's Coordinator on Homelessness on any vacant state land that is suitable for the construction of affordable housing within each agency's jurisdiction; and
- (2) The Governor's Coordinator on Homelessness to compile the reports and submit an annual report to the Legislature.

Your Committees received testimony in support of this measure from the Hawai'i Association of REALTORS. Your Committees received comments on this measure from the Governor's Coordinator on Homelessness and Department of Land and Natural Resources.

Your Committees find that identification of vacant State land by state agencies in annual reports will assist housing entities and policymakers in identifying, assessing, and developing affordable housing. The compilation of the vacant state land information and submittal of this information, along with findings, recommendations, and any proposed legislation, to the Legislature will also better inform policymaking and aid in ascertaining the potential and feasibility of using the land to construct affordable housing.

Upon consideration, your Committees have amended this measure by:

- (1) Requiring state agencies to submit the annual reports to the Hawaii Housing Finance and Development Corporation and Department of Hawaiian Home Lands, rather than to the Governor's Coordinator on Homelessness;
- (2) Defining "vacant state land";
- (3) Requiring the Hawaii Housing Finance and Development Corporation and Department of Hawaiian Home Lands, rather than the Governor's Coordinator on Homelessness, to compile the state agency reports and submit annual reports to the Legislature;
- (4) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Housing and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1649, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1649, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 6. Noes, none. Excused, 3 (LoPresti, Takumi, McDermott).

Water & Land: Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 252-22     Labor & Tourism on H.B. No. 1943**

The purpose of this measure is to:

- (1) Establish a fire safety working group to determine if a full-time state fire marshal's office would be more effective than the existing State Fire Council in planning, executing, and promoting fire safety-related programs and topics in the State; and
- (2) Require the working group to submit a report to the Legislature prior to the Regular Session of 2023.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Honolulu Fire Department, Hawai'i Fire Department, State Fire Council, and Hawaii Fire Fighters Association.

Your Committee finds that Hawaii is the only state in the nation without a fire marshal's office. The responsibilities of the State Fire Council include facilitating the adoption of a state fire code; administering the reduced ignition propensity cigarette program; coordinating statewide fire and life safety training, education, and data collection programs; and serving as the focal point for the applications and administration of federal grant assistance. Your Committee further finds that these responsibilities are borne by the fire chiefs of the four counties and are in addition to the current operational duties of their county fire departments. This measure will result in a report to guide the Legislature on the efficacy of the State Fire Council's organizational structure in meeting its statutory responsibilities and help to identify if a state fire marshal's office would better serve the community.

Your Committee has amended this measure by:

- (1) Placing the working group within the Department of Labor and Industrial Relations rather than the Department of Public Safety for administrative purposes;
- (2) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1943, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1943, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

#### **SCRep. 253-22 Labor & Tourism on H.B. No. 2495**

The purpose of this measure is to prohibit an employer from entering into or requiring an employee to enter into a nondisclosure agreement pertaining to sexual harassment or sexual assault occurring in the workplace, at work-related events, between employees, or between an employer and an employee.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women, Hawai'i Civil Rights Commission, AAUW of Hawaii, Hawaii State Democratic Women's Caucus, Hawai'i Women Lawyers, and two individuals.

Your Committee finds that the silencing effect of confidentiality clauses or nondisclosure agreements shield serial offenders of sex discrimination, including sexual assault and sexual harassment, by allowing the pattern of misconduct to continue unabated and increasing the chance of impacting other women with similar abuse by the same offender. Your Committee further finds that the existing statute limits the prohibition to nondisclosure agreements that are a condition of employment. Removing that limitation broadens the applicability of the prohibition to encompass nondisclosure agreements entered into during employment or following employment.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2495, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2495, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

#### **SCRep. 254-22 Labor & Tourism on H.B. No. 2240**

The purpose of this measure is to authorize general obligation bonds for the payment or prepayment of other post-employment benefits liability.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the State's other post-employment benefits unfunded actuarial accrued liability as of July 1, 2021, stood at \$8,125,000,000, projected to be paid down through the year 2044. This measure seeks to provide a viable financing option for addressing and managing the unfunded liability and help to reduce the future financial strain on the State, counties, and taxpayers.

To address some of the risk that may accompany this financing strategy, the Department of Budget and Finance recommended that the definition of the annual required contribution be amended to require that other post-employment benefits bond debt be considered in the calculation of the annual required contribution. Your Committee recognizes that provisions relating to the annual required contribution, including its definition, were temporarily suspended through June 30, 2023, by Act 229, Session Laws of Hawaii 2021. Therefore, the requirement that bond debt be considered in the calculation of the annual required contribution should take effect on July 1, 2023.

Accordingly, your Committee has amended this measure by:

- (1) Requiring that other post-employment benefits bond debt be considered in the calculation of the annual required contribution;
- (2) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2240, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2240, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 255-22 Labor & Tourism on H.B. No. 2091**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (1) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2091, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2091, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 256-22 Labor & Tourism on H.B. No. 2092**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (2) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2092, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2092, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 257-22 Labor & Tourism on H.B. No. 2093**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (3) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2093, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2093, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 258-22 Labor & Tourism on H.B. No. 2094**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (4) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2094, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2094, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 259-22 Labor & Tourism on H.B. No. 2095**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (6) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2095, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2095, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 260-22 Labor & Tourism on H.B. No. 2096**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (8) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2096, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2096, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 261-22 Labor & Tourism on H.B. No. 2097**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (9) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by:

- (1) Blanking out the appropriation amounts;
- (2) Changing the lapsing provision so that funds appropriated for fiscal year 2021-2022 shall not lapse at the end of that fiscal year, but all funds appropriated by this measure will lapse by June 30, 2023, if not expended or encumbered by that date; and
- (3) Changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2097, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2097, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 262-22 Labor & Tourism on H.B. No. 2098**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (10) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2098, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2098, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 263-22 Labor & Tourism on H.B. No. 2099**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (11) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Fire Fighters Association.

Your Committee has amended this measure by:

- (1) Changing the lapsing provision so that funds appropriated for fiscal year 2021-2022 shall not lapse at the end of that fiscal year, but all funds appropriated by this measure will lapse by June 30, 2023, if not expended or encumbered by that date; and
- (2) Changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2099, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2099, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 264-22 Labor & Tourism on H.B. No. 2100**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (13) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, Local 152, AFL-CIO.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2100, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2100, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 265-22 Labor & Tourism on H.B. No. 2101**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (14) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; and Hawaii Government Employees Association, Local 152, AFL-CIO.

Your Committee has amended this measure by changing the effective date to December 25, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2101, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2101, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 266-22 Pandemic & Disaster Preparedness on H.B. No. 1585**

The purpose of this measure is to:

- (1) Clarify that the powers granted for emergency purposes shall not be inconsistent with the Hawaii State Constitution;
- (2) Provide parameters for the duration of suspension of laws under an emergency order and require justification for the suspension;
- (3) Authorize the Governor to require counties to obtain approval prior to issuing any emergency order, rule, or proclamation;
- (4) Clarify that a state of emergency may be extended or terminated by a separate or supplementary proclamation;
- (5) Authorize the Legislature to terminate a state of emergency, in part or in whole, by an affirmative two-thirds vote; and
- (6) Specify that prohibitions on price increases of essential commodities during a severe weather warning expire seventy-two hours after the effective date and time of the initial declaration or any supplemental proclamation.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO and State of Hawaii Organization of Police Officers. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawaii Emergency Management Agency, Common Cause Hawaii, and Grassroot Institute of Hawaii.

Your Committee finds that the coronavirus disease 2019 (COVID-19) and its variants not only upended our way of life, it also brought to light the need to reform the legal framework governing emergency management in the State. As the State enters 2022 still under a state of emergency, your Committee believes that there needs to be more checks and balances in regard to the emergency management powers to ensure the welfare and safety of the residents of the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1585, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1585, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, none.

**SCRep. 267-22 Pandemic & Disaster Preparedness on H.B. No. 1587**

The purpose of this measure is to establish the intrastate mutual aid system to allow counties to share resources in times of emergency or in preparation for emergencies.

Your Committee received testimony in support of this measure from the Hawaii Emergency Management Agency.

Your Committee finds that certain emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential for the protection of lives and property. Emergencies are unpredictable and require state and county governments to work together to ensure the safety of the State's citizens. This measure does so by establishing a framework to allow for the provision of intrastate mutual aid during an emergency in the State.

Your Committee has amended this measure by:

- (1) Clarifying that the Hawaii Emergency Management Agency, instead of the Intrastate Mutual Aid Committee, develops guidelines and procedures when a responding member county designates in writing all assistance it provides to a requesting member county;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1587, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1587, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, none.

**SCRep. 268-22 Pandemic & Disaster Preparedness on H.B. No. 1588**

The purpose of this measure is to:

- (1) Establish the Resilient Hawaii Revolving Loan Fund to make low- or no-interest loans to local governments and nonprofit organizations to conduct hazard mitigation and resiliency projects, using funds anticipated to be available under the federal Safeguarding Tomorrow through Ongoing Risk Mitigation Act;
- (2) Establish positions to administer the Resilient Hawaii Revolving Loan Fund; and
- (3) Appropriate funds for the establishment and administration of the Resilient Hawaii Revolving Loan Fund.

Your Committee received testimony in support of this measure from the Hawaii Emergency Management Agency. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Human Services, and Department of Budget and Finance.

Your Committee finds that the federal government enacted the Safeguarding Tomorrow through Ongoing Risk Management Act, Public Law 116-284, on January 1, 2021, which authorizes the Federal Emergency Management Agency to provide capitalization grants to states to establish a revolving loan fund to provide hazard mitigation assistance to reduce risks relating to disasters and natural hazards. Your Committee believes that given the unpredictable nature of emergencies, the State should take advantage of as many federal funding opportunities as possible to ensure the safety of the State's citizen.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1588, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1588, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

**SCRep. 269-22 Pandemic & Disaster Preparedness on H.B. No. 2119**

The purpose of this measure is to adopt the Emergency Management Assistance Compact in a new chapter of the Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Defense, Hawaii Emergency Management Agency, and Hawaii State Energy Office.

Your Committee finds that this measure codifies the Emergency Management Assistance Compact in a new chapter of the Hawaii Revised Statutes.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2119, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2119, H.D. 1, and be referred to your Committee on Corrections, Military, & Veterans.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cullen, Woodson).

**SCRep. 270-22 Pandemic & Disaster Preparedness on H.B. No. 2120**

The purpose of this measure is to:

- (1) Clarify current practices, policies, and procedures for the State Emergency Management Program and make them consistent with prevailing emergency management best practices; and
- (2) Highlight the intent of the State to address environmental and climate impacts on emergency management.

Your Committee received testimony in support of this measure from the Department of Defense, Hawaii Emergency Management Agency, and Hawaii State Energy Office.

Your Committee finds that portions of the emergency management laws of Hawaii are antiquated and need to be updated to allow the Hawaii Emergency Management Agency to efficiently and effectively carry out its duties. This measure will update existing law to be consistent with current practices, policies, and procedures to ensure that the Hawaii Emergency Management Agency is adhering to best practices of emergency management, thereby providing the best protection to the citizens of the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2120, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2120, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cullen, Woodson).

**SCRep. 271-22 Culture, Arts, & International Affairs on H.B. No. 1818**

The purpose of this measure is to establish April 27 of each year as Brother Joseph Dutton Day to honor the hard work and dedication of Brother Joseph Dutton in helping residents of Kalaupapa.

Your Committee received testimony in support of this measure from the Department of Health and five individuals.

Your Committee finds that Brother Joseph Dutton arrived in Kalaupapa in July of 1886 and assisted Father Damien with the administration and caring of the residents of Kalaupapa in the last years of Father Damien's life. Your Committee further finds that after Father Damien's death, Brother Joseph Dutton continued Father Damien's activities in service to the thousands of Hansen's Disease patients living in the Kalaupapa settlement. This measure recognizes and honors the life of Brother Joseph Dutton by establishing April 27 of each year as a special day of observation.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1818, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1818, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 272-22 Culture, Arts, & International Affairs on H.B. No. 1924**

The purpose of this measure is to appropriate funds for the State of Hawaii Museum of Monarchy History and the State of Hawaii Museum of Natural and Cultural History.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts, The Friends of Iolani Palace, and ten individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of Budget and Finance, Bernice Pauahi Bishop Museum, and Society for Hawaiian Archaeology.

Your Committee finds that the State of Hawaii Museum of Monarchy History, also known as Iolani Palace, and the State of Hawaii Museum of Natural and Cultural History, also known as the Bernice Pauahi Bishop Museum, are important repositories of the history and culture of Hawaii. Your Committee further finds that appropriating funds to ensure the continued operation of these important institutions is in the best interest of the State.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1924 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 273-22 Culture, Arts, & International Affairs on H.B. No. 1957**

The purpose of this measure is to establish June 14 of each year as "Medical Cannabis Day" in recognition of the State's authority over the intrastate regulation of cannabis for medical use and in honor of Hawaii's growing number of patients who are finding relief through the medical use of cannabis.

Your Committee received testimony in support of this measure from the Hawai'i Cannabis Industry Association, Akamai Cannabis Clinic, and one individual.

Your Committee finds that on June 14, 2000, Governor Cayetano signed Hawaii's Medical Use of Cannabis Act into law. Your Committee further finds that this was the first time a state authorized the medical use of cannabis by means of the legislative process. The significance of this day was recognized by proclamation by the mayors of all four counties in 2020 and 2021 and by the governor in 2021. This measure recognizes the State's authority over the intrastate regulation of cannabis and honors the growing number of patients in the State who have found relief through the medical use of cannabis.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1957 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Ward). Excused, none.

#### **SCRep. 274-22 Culture, Arts, & International Affairs on H.B. No. 2056**

The purpose of this measure is to appropriate funds to support the Bernice Pauahi Bishop Museum.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts, Hawai'i Tourism Authority, and Society for Hawaiian Archaeology. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Bernice Pauahi Bishop Museum is a distinguished scientific, cultural, and educational institution for the State, whose mission is to perpetuate Hawaii's natural and cultural heritage. Your Committee further finds that the COVID-19 pandemic has significantly reduced the Bishop Museum's operating revenue due to the drop in attendance. Your Committee finds that it is appropriate and necessary to appropriate funds to support the Bishop Museum's core functions and support ongoing operations to preserve irreplaceable cultural treasures.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2056, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2056, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 275-22 Culture, Arts, & International Affairs on H.B. No. 2202**

The purpose of this measure is to designate the 'ōhi'a lehua as the state endemic tree.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Coordinating Group on Alien Pest Species, Big Island Invasive Species Committee, Wild Kids, and numerous individuals.

Your Committee finds that ‘ōhi‘a lehua is a keystone species of Hawaii's native forests and is endemic to the State's six largest islands. Your Committee further finds that forests dominated by ‘ōhi‘a lehua provide homes to a wide variety of species, including the Hawaiian hoary bat and many of Hawaii's native plants and invertebrates. In addition to its ecological importance, ‘ōhi‘a lehua holds a significant place in Native Hawaiian history and culture, represented in many chants, songs, and dances. The ‘ōhi‘a flower is prized in lei and is featured in art and clothing design, and the wood of the ‘ōhi‘a lehua was preferred for papa ku‘i ‘ai (poi boards) and is still regarded as a high-quality wood for construction and furniture. Your Committee finds it appropriate to recognize the importance of the ‘ōhi‘a lehua to the State and bring awareness to current threats to ‘ōhi‘a lehua by designating the ‘ōhi‘a lehua as the state endemic tree.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2202, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2202, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 276-22 Culture, Arts, & International Affairs on H.B. No. 2329**

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to place historical markers in the State to indicate significant sites in the life of President Barack Obama; and
- (2) Appropriate funds for this purpose.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that it is important and appropriate that the State celebrate and commemorate President Obama's early life in Hawaii.

Your Committee has amended this measure by:

- (1) Requiring the Department of Land and Natural Resources, in consultation with the Hawaii Tourism Authority and State Foundation on Culture and the Arts, to determine the appropriate location for the historical markers, rather than requiring the placement of the historical markers at specifically identified locations;
- (2) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2329, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2329, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 277-22 Culture, Arts, & International Affairs on H.B. No. 2404**

The purpose of this measure is to establish a Compacts of Free Association Census Task Force to enact a census-taking project to count the number of Compacts of Free Association residents in the State.

Your Committee did not receive any testimony on this measure.

Your Committee finds that undertaking a census-taking project to count the number of Compacts of Free Association residents in the State is in the best interest of the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2404, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2404, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 278-22 Culture, Arts, & International Affairs on H.B. No. 2445**

The purpose of this measure is to designate April of each year as Volunteer Month in Hawaii.

Your Committee received testimony in support of this measure from the Hawaii Firearms Coalition and one individual.

Your Committee finds that volunteers provide valuable support to their communities, donating time and resources and providing services such as fundraising; preparing, distributing, or serving food; mentoring youth; supplying transportation; supporting and staffing fire and ambulance departments; and providing medical care. Your Committee further finds that, on a national level, April has long been dedicated to the recognition of the services volunteers provide in their communities. This measure honors the good works performed by volunteers and encourages volunteerism by designating April of each year as Volunteer Month in Hawaii.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2044, to encourage further discussion; and

- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2445, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2445, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 279-22 Water & Land/Energy & Environmental Protection on H.B. No. 1669**

The purpose of this measure is to establish a pilot project in which a working group convened by the Office of Planning and Sustainable Development will develop the framework for a Waikiki Adaptation and Resilience Plan that addresses the projected impacts of projected climate change and sea level rise in the Waikiki special district.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Office of Planning and Sustainable Development, University of Hawai'i Sea Grant College Program and the Climate Resiliency Initiative, Honolulu Board of Water Supply, Sierra Club of Hawai'i, Coalition to Mitigate the Impacts of Sea Level Rise, and nine individuals. Your Committees received comments on this measure from the Department of Budget and Finance and Hawai'i Lodging & Tourism Association.

Your Committees find that Waikiki is a significant asset to the State and faces unique challenges and opportunities related to coastal erosion and sea level rise.

Your Committees have amended this measure by:

- (1) Requiring the Office of Planning and Sustainable Development to establish the pilot project directly, rather than through the convening of a working group, and amending the scope of the Waikiki Adaptation and Resilience Plan;
- (2) Deleting the dissolution date and other references to the working group;
- (3) Deleting the amounts of the appropriations;
- (4) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees respectfully request that should your Committee on Finance choose to hear this measure, it consider appropriating \$400,000 for the development of a Waikiki Adaptation and Resilience Plan. Your Committees also note that the Office of Planning and Sustainable Development estimates it would need one full-time equivalent exempt position with an annual salary of approximately \$81,744 to adequately lead, manage, and procure consultant services to implement the activities in this measure.

As affirmed by the records of votes of the members of your Committees on Water & Land and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1669, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1669, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 7; Ayes with Reservations (Kong). Noes, none. Excused, 1 (McDermott).

Energy & Environmental Protection: Ayes, 7. Noes, none. Excused, 1 (Tokioaka).

#### **SCRep. 280-22 Water & Land on H.B. No. 2162**

The purpose of this measure is to allow persons possessing a mooring permit for a state small boat harbor to transfer the permit to a new vessel owner upon the sale of the mooring permittee's vessel, subject to certain requirements.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that, under existing law, a use permit, including a mooring permit, for a state small boat harbor issued by the Department of Land and Natural Resources is automatically terminated when transferred, either by itself or as part of the sale of a vessel. Your Committee further finds that mooring permits for state small boat harbors are issued by order of seniority according to wait lists maintained by the Department. This measure establishes a procedure to allow for the transfer of a mooring permit while ensuring a seller is not inflating the sale price of a vessel because of a mooring permit.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2162, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2162, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 281-22 Water & Land on H.B. No. 1931**

The purpose of this measure is to bolster the efforts by the Department of Land and Natural Resources to develop mosquito control measures by appropriating funds for the establishment of one full-time equivalent planner position in the Department of Land and Natural Resources related to mosquito control.

Your Committee received testimony in support of this measure from the Department of Health, Department of Land and Natural Resources, Coordinating Group on Alien Pest Species, The Nature Conservancy - Hawai'i and Palmyra, American Bird Conservancy, and fourteen individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that non-native mosquitos pose significant threats to Hawaii, including adverse effects on human health, conservation, and the economy. Residents and visitors alike face health threats resulting from the transmission of mosquito-borne diseases. Furthermore, mosquito-borne diseases have had a devastating impact on Hawaii's native bird populations and continue to be the leading driver in the ongoing extinction risk of most of Hawaii's remaining endemic honeycreepers.

Your Committee has amended this measure by:

- (1) Recognizing the Department of Health's collaboration with the Department of Land and Natural Resources regarding mosquito control efforts;
- (2) Changing the appropriation to establish a program specialist position, rather than a planner position;
- (3) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1931, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1931, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Ganaden, Kong, McDermott).

#### **SCRep. 282-22 Water & Land on H.B. No. 2135**

The purpose of this measure is to allow the Department of Hawaiian Home Lands to directly assume review of proposed projects relating to lands under its jurisdiction, rather than consulting the Department of Land and Natural Resources for the effect of those projects upon historic properties or burial sites, under certain conditions.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Department of Hawaiian Home Lands, and one individual. Your Committee received testimony in opposition to this measure from the Historic Hawai'i Foundation and Society for Hawaiian Archaeology.

Your Committee finds that this measure would streamline the process of reviewing certain proposed projects by allowing the Department of Hawaiian Home Lands to assume such responsibility, instead of requiring it to consult with the Department of Land and Natural Resources.

Your Committee has amended this measure by:

- (1) Adding as a condition for the allowance under this measure, a requirement that the Department of Hawaiian Home Lands provide to the Department of Land and Natural Resources:
  - (A) Written notice that the Department of Hawaiian Home Lands has employed a qualified preservation officer;
  - (B) A description of the procedures that the Department of Hawaiian Home Lands will employ to ensure that all required documentation is provided; and
  - (C) Written notice of the date on which the Department of Hawaiian Home Lands will assume responsibility for project review and post this information on the Department of Hawaiian Home Lands' website; provided that the written notice is provided at least forty-five days prior to the date on which it assumes such responsibility;
- (2) Reserving to the Department of Land and Natural Resources the authority to review projects affecting properties located in a designated historic district;
- (3) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2135, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2135, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Ohno, McDermott).

#### **SCRep. 283-22 Water & Land on H.B. No. 1988**

The purpose of this measure is to prohibit the sale, import, or export of coral products in Hawaii, with certain exceptions.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from Maui Divers of Hawaii, Ltd.; Clean The Pacific; and three individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of the Attorney General, For the Fishes, Friends of Hanauma Bay, and one individual.

Your Committee finds that coral reefs form a vital part of the marine ecosystem of Hawaii and other islands and coastal areas throughout the tropics and deserve greater protection.

Your Committee has amended this measure by:

- (1) Addressing constitutional concerns about the dormant commerce clause, clarifying the local interest to Hawaii in protecting coral;
- (2) Exempting coral products imported, exported, sold, or offered for sale for state-permitted harvesting and coral products expressly authorized by federal law or federal permit;
- (3) Adding a definition of "coral";
- (4) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1988, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1988, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Ganaden, Kong, McDermott).

**SCRep. 284-22 Water & Land on H.B. No. 1436**

The purpose of this measure is to expand the authority of the counties to regulate the transfer of development rights to protect areas vulnerable to sea level rise, coastal erosion, storm surge, and flooding, thereby facilitating the potential movement of development away from at-risk areas to locations more appropriate for development.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development and one member of the Maui County Council.

Your Committee finds that this measure adds an important voluntary tool to the range of tools that are needed to better manage vulnerable coastal and low-lying lands and avoid loss of life and property due to the hazards posed by climate change.

Your Committee has amended this measure by:

- (1) Amending section 46-161, Hawaii Revised Statutes, to codify the legislative intent and purpose of this measure;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1436, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1436, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 285-22 Water & Land on H.B. No. 1671**

The purpose of this measure is to create a temporary subcommittee of the Land Use Commission to review land study bureau classifications and ratings of lands located in agricultural districts.

Your Committee received testimony in support of this measure from the Land Use Commission. Your Committee received comments on this measure from the Department of Agriculture, Office of Planning and Sustainable Development, Office of Information Practices, Hawai'i Farm Bureau, Supersistence, and League of Women Voters of Hawaii.

Your Committee finds that the Land Study Bureau classifications and ratings for agricultural lands were completed decades ago and were based on large-scale agriculture operations, primarily for sugarcane and pineapple. Your Committee further finds that currently, there is no method to contest Land Study Bureau ratings on specific parcels of land. In some instances, the Land Study Bureau ratings have proven inaccurate or outdated.

Your Committee believes that this measure would provide a much needed mechanism for landowners to contest the Land Study Bureau rating of their land and provide significant equity in the land use process. Your Committee notes that the proposed subcommittee is intended to be a temporary, "stop-gap" measure to handle the inequities in the Land Study Bureau system until a more modern and comprehensive study can be performed and new ratings system adopted.

Your Committee has amended this measure by:

- (1) Clarifying the subcommittee's exemption from part I of chapter 92, Hawaii Revised Statutes (Sunshine Law);
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1671, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1671, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 286-22 Water & Land on H.B. No. 2034**

The purpose of this measure is to:

- (1) Remove county councils as the nominating authority for members of the Hawaii Community Development Authority who serve as representatives of the Heeiea, Kalaheo, and Kakaako community development districts; and
- (2) Allow the President of the Senate and Speaker of the House of Representatives to nominate representatives of each of the three community development districts.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawaii Community Development Authority.

Your Committee finds that this measure allows the State to retain greater authority over the Hawaii Community Development Authority, which is a state-level agency.

Your Committee has amended this measure by:

- (1) Further modifying the composition of the Hawaii Community Development Authority by:
  - (A) Adding the Director of Business, Economic Development, and Tourism;
  - (B) Removing the Chairperson of the Hawaiian Homes Commission as a member;
  - (C) Reducing the number of resident representative members of each community development district by one;
  - (D) Making the director of planning and permitting of each county a voting, rather than a nonvoting, member;
  - (E) Increasing the number of nominees to be submitted by the President of the Senate and Speaker of the House of Representatives for each of the at-large members by one;

- (F) Decreasing the number of nominees to be submitted by the President of the Senate and Speaker of the House of Representatives for each community development district representative from nine to three; and
- (G) Deleting one at-large member to be appointed by the Governor;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2034, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2034, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 287-22 Water & Land on H.B. No. 2332**

The purpose of this measure is to exempt the granting of easements on public lands from formal subdivision process and approval requirements, including requirements for surveying and formalizing easements.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Cattlemen's Council, Inc.; Hawaii Farm Bureau; Hawaii Aquaculture & Aquaponics Association; and two individuals. Your Committee received testimony in opposition to this measure from the Department of Planning and Permitting of the City and County of Honolulu.

Your Committee finds that this measure is intended in part to facilitate the transfer of non-agricultural park lands from the Department of Land and Natural Resources to the Department of Agriculture pursuant to Act 90, Session Laws of Hawaii 2003, where both agencies have agreed to the transfer but the lack of a documented easement across the land has impeded the transfer.

Your Committee has amended this measure by:

- (1) Allowing, rather than requiring, the granting of easements on public lands to be exempted from formal subdivision process and approval requirements, including requirements for surveying and formalizing easements;
- (2) Allowing the government agency that grants the easements to notify in writing the county with jurisdiction to process and approve the easements of the government agency's intent to invoke this exemption;
- (3) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2332, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2332, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Ganaden, Kong, McDermott).

#### **SCRep. 288-22 Water & Land on H.B. No. 2163**

The purpose of this measure is to:

- (1) Establish a state boating facility lease pilot program within the Department of Land and Natural Resources; and
- (2) Clarify that a private partner under lease with the Department may assist with the development, management, and maintenance of a state boating facility.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the COVID-19 pandemic revealed that the Department of Land and Natural Resources lacks the flexibility and capacity to adjust business operations in a timely manner based on changing market conditions. This measure is a step in providing greater flexibility to the Department.

Your Committee has amended this measure by:

- (1) As an alternative option under the pilot program, authorizing the Board of Land and Natural Resources to enter into a qualified management agreement, to be implemented and managed by the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources, for private management and operation of one small boat harbor either partially or in its entirety, and fast lands and submerged lands within it;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2163, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2163, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ganaden, B. Kobayashi, Morikawa). Noes, none. Excused, 1 (McDermott).

#### **SCRep. 289-22 Energy & Environmental Protection/Water & Land on H.B. No. 1523**

The purpose of this measure is to exclude the installation of roof-mounted photovoltaic or solar water heater systems from mandatory review under chapter 6E, Hawaii Revised Statutes, by the State Historic Preservation Division.

Your Committees received testimony in support of this measure from the Hawaii Solar Energy Association. Your Committees received testimony in opposition to this measure from the Historic Hawai'i Foundation. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that renewable energy is critical in protecting Hawaii's environment and securing the State's clean energy future. Adding renewable energy technology to historical buildings may aid in their preservation by lowering carbon emissions and helping the State achieve its renewable energy goals.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1523, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1523, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 8; Ayes with Reservations (Matayoshi, Tokioka). Noes, none. Excused, none.

Water & Land: Ayes, 7; Ayes with Reservations (Kong). Noes, none. Excused, 1 (McDermott).

#### **SCRep. 290-22 Energy & Environmental Protection on H.B. No. 1443**

The purpose of this measure is to:

- (1) Assess a climate change mitigation impact fee on every customer who rents, leases, or utilizes a rental motor vehicle;
- (2) Establish a Climate Change Mitigation Special Fund; and
- (3) Specify that the impact fees collected shall be deposited to the credit of the general fund until June 30, 2024, at which time the impact fees shall be deposited to the credit of the Climate Change Mitigation Special Fund.

Your Committee received testimony in support of this measure from the Maui County Council, one member of the Maui County Council, Ulupono Initiative, Imua Alliance, Hawaii Electric Vehicle Association, Wild Kids, and two individuals. Your Committee received testimony in opposition to this measure from the American Property Casualty Insurance Association, Avis Budget Group, Maui Hotel and Lodging Association, Enterprise Holdings, Hawai'i Lodging and Tourism Association, and one individual. Your Committee received comments on this measure from the Department of the Attorney General, Department of Budget and Finance, Department of Transportation, and Office of Planning and Sustainable Development.

Your Committee finds that tourism has a significant impact on the State's environment and public services. Specifically, the impacts of cars, buses, shuttles, and other road vehicles, which emit carbon dioxide and other greenhouse gases, contribute to climate change. Establishing fees that have an environmental focus will help manage the impacts of tourism on the health of the environment.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1443, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1443, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Matayoshi). Noes, 1 (Tokioka). Excused, none.

#### **SCRep. 291-22 Energy & Environmental Protection on H.B. No. 1642**

The purpose of this measure is to require deposit beverage distributors, glass container importers, and distributors or importers of beverage containers that sell, offer for sale, or distribute beverage containers in the State to meet minimum postconsumer recycled content requirements by certain deadlines.

Your Committee received testimony in support of this measure from the Department of Health, County of Hawai'i Department of Environmental Management, and four individuals. Your Committee received testimony in opposition to this measure from the Hawaii Food Industry Association and Wine Institute. Your Committee received comments on this measure from the American Beverage Association, Zero Waste Hawai'i Island, B.E.A.C.H., American Chemistry Council, and International Bottled Water Association.

Your Committee finds that minimum postconsumer recycled content requirements for beverage containers are needed to reduce waste, transition the State toward a circular economy, and encourage interest in recycling among deposit beverage distributors. This measure will increase the demand for recycled products and create additional incentives to redirect deposit beverage containers away from landfills and toward recycling.

Your Committee has amended this measure by:

- (1) Narrowing the scope of the postconsumer recycled content requirements to deposit beverage distributors for deposit beverage containers sold, offered for sale, or distributed in the State;
- (2) Extending the deadlines for deposit beverage distributors to meet annual minimum postconsumer recycled content requirements;
- (3) Inserting language that exempts plastic caps, plastic lids, and labels from minimum postconsumer recycled content requirements;
- (4) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1642, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1642, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Hashem, Matayoshi).

#### **SCRep. 292-22 Energy & Environmental Protection on H.B. No. 1528**

The purpose of this measure is to permanently establish and appropriate funds for a Compost Reimbursement Program and Compost Reimbursement Program Manager position within the Department of Agriculture.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawaii Farmers Union United, Hawai'i Alliance for Progressive Action, Mulkern Landscaping and Nursery, Hawai'i Farm Bureau, Malama Kaua'i, Hawai'i Food+ Policy, and fourteen individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that composting plays an integral role in food and agricultural sustainability by adding valuable nutrients to the soil and reducing food waste. Additionally, recycling food waste into compost has many positive environmental benefits, such as eliminating the need for chemical fertilizers, reducing methane emissions generated from landfills, and promoting higher yields of agricultural crops. This measure promotes environmental awareness through composting and supports local farmers and ranchers in their efforts to reduce the State's greenhouse gas emissions.

Your Committee has amended this measure by:

- (1) Deleting language that would have established, specified the responsibilities of, and appropriated funds for a Compost Reimbursement Program Manager within the Department of Agriculture;
- (2) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1528, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1528, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 293-22 Energy & Environmental Protection on H.B. No. 1842**

The purpose of this measure is to establish and appropriate funds for a Climate Change and Human Health Adaptation Coordinator within the Department of Health and other operating expenses.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that although climate change is a critical public health problem, steps can be taken to lessen climate change and reduce its impacts on human health and the environment. Many of the current climate change mitigation activities focus on infrastructure changes and resilience, but there has been insufficient activity that focuses on adaptation. This measure establishes a new position within the Department of Health to address climate change adaptation and ensure that the State is prepared to develop strategic climate monitoring, surveillance, and response systems to respond to present and future climate-related impacts.

Your Committee has amended this measure by:

- (1) Changing the title of the newly established position from Climate Change and Human Health Adaptation Coordinator to Climate Change and Human Health Adaptation Specialist and updating all references accordingly; and
- (2) Changing the effective date to July 1, 2100, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1842, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1842, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 294-22 Energy & Environmental Protection on H.B. No. 1526**

The purpose of this measure is to:

- (1) Require each county to incorporate into its next integrated solid waste management plan revision a plan to divert, by January 1, 2025, all organic waste produced within the county by facilities generating more than a minimum amount of organic waste per year; and
- (2) Appropriate funds to reimburse the counties for incorporation of the new requirement into their plan revisions.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Farmers Union United, Hawai'i Alliance for Progressive Action, Mulkern Landscaping and Nursery, Hawai'i Food+ Policy, Malama Kaua'i, Life of the Land, Hawai'i SEED, and eighteen individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that organic material diverted from the State's solid waste stream can provide a steady supply of input material for the production of quality compost in each county. This measure will facilitate the production of compost as an agricultural input in the State and reduce organic materials in landfills and the production of methane gas emissions.

Your Committee has amended this measure by:

- (1) Amending the definition of "organic waste";
- (2) Moving the statutory amendment for organic waste diversion from section 342G-26(b), Hawaii Revised Statutes, to section 342G-26(c), Hawaii Revised Statutes, and removing the January 1, 2025, deadline;
- (3) Requiring the Department of Health to determine the minimum amount of organic waste that must be generated by a facility to make that organic waste subject to the diversion requirement;
- (4) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (5) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1526, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1526, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 295-22 Energy & Environmental Protection on H.B. No. 2255**

The purpose of this measure is to require agencies to:

- (1) Use public benefits fee administrator rebates where available for buildings and facilities; and
- (2) Prioritize building and facility appliances that meet the required standards to qualify for public benefits fee administrator rebates.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Hawai'i Energy, Climate Protectors Hawai'i, and three individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that increasing energy efficiency is one of the primary ways for the State to reach its renewable energy goals by 2045. By prioritizing the purchase of energy-efficient appliances and taking advantage of rebates for the purchase of energy-efficient equipment for state facilities, the State will demonstrate its commitment to clean energy and reduce its costs associated with energy consumption.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2255 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 296-22 Energy & Environmental Protection on H.B. No. 2089**

The purpose of this measure is to amend the definition of "renewable portfolio standard" to mean the percentage of renewable electrical energy generated, rather than sold, that is represented by renewable electrical energy.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Commerce and Consumer Affairs; Hawaii State Energy Office; Public Utilities Commission; Hawaii Clean Power Alliance; Ulupono Initiative; 350Hawaii.org; Blue Planet Foundation; and two individuals. Your Committee received testimony in opposition to this measure from the Hawaiian Electric Company.

Your Committee finds that the State has established a goal of reaching a one hundred percent renewable portfolio standard by 2045, with the intent to transition the State away from imported fossil fuels and toward renewable local resources that provide a secure source of affordable energy. The existing calculation of the renewable portfolio standard, which is based on electrical energy sales rather than on electrical energy generation, overestimates the amount of renewable energy serving Hawaii's electric utility customers. This measure ensures that the State's progress toward its energy and climate goals is accurately measured.

Your Committee has amended this measure by:

- (1) Excluding customer-sited, grid-connected fossil fuel generation from the definition of "renewable portfolio standard";
- (2) Expanding the events or circumstances that are beyond an electric utility company's reasonable control to include non-renewable energy generated by electric generation facilities over which or of which the electric utility company does not have direct control or ownership;
- (3) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2089, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2089, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 297-22 Energy & Environmental Protection on H.B. No. 1810**

The purpose of this measure is to define what constitutes a quorum for the Environmental Advisory Council, including specifying the number of votes required to make any action of the Council valid.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development and one individual.

Your Committee finds that although the Environmental Advisory Council is entitled to have up to fifteen members, there are currently only eleven members appointed and confirmed to the Council due to resignations, changes in positions, and term expirations. Because the minimum number of board members required for quorum is eight members, there have been instances where meetings have had to be cancelled due to the inability to meet the quorum requirement. This measure would lower the minimum number of members required to constitute a quorum and allow the Council to conduct business on a more regular basis.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1810 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 298-22 Energy & Environmental Protection on H.B. No. 2256**

The purpose of this measure is to:

- (1) Establish a Department of Environmental Protection on July 1, 2026;
- (2) Create a Department of Environmental Protection Working Group to address the logistics required for the State to establish a Department of Environmental Protection; and
- (3) Require the Department of Environmental Protection Working Group to submit a report to the Legislature prior to the convening of the Regular Session of 2025.

Your Committee received testimony in support of this measure from the Department of Health, Honolulu Board of Water Supply, and two individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Hawaii State Energy Office.

Your Committee finds that Hawaii has no executive-level department dedicated to the mission of environmental protection and implementing the environmental policy goals enacted by the Legislature. Instead, these functions are dispersed among multiple state departments and agencies having differing missions that either do not focus on the importance of environmental protection or have internal conflicts. Creating an executive-level department dedicated to the protection of the State's environment and natural resources will lead to greater efficiency in addressing Hawaii's environmental issues in a timely and proactive fashion.

Your Committee has amended this measure by:

- (1) Adding the Comptroller, Director of Human Resources Development, and Director of Finance, or their respective designees, to the Department of Environmental Protection Working Group;
- (2) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2256, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2256, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 299-22 Transportation on H.B. No. 1689**

The purpose of this measure is to:

- (1) Require shippers with knowledge that their cargo includes fireworks or articles pyrotechnic to report certain information to applicable county fire departments; and
- (2) Authorize county fire departments to enter shippers' vessels for the purpose of inspecting any shipment declared on the shipping manifest as fireworks or articles pyrotechnic.

Your Committee received testimony in support of this measure from the Hawaii State Fire Council, Maui Fire Department, Honolulu Fire Department, Hawai'i Fire Department, Hawaiian Humane Society, Village Park Community Association, and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Matson Navigation Company, Inc.

Your Committee finds that the transportation of fireworks to, from, and within the State requires the use of multiple modes or methods of transport, including interstate maritime transportation and intrastate trucking. Due to the diversity of transportation processes and modes and the health and safety of first responders, it is essential that accurate records are made and reported regarding imported fireworks shipments. This measure ensures an additional level of safety and security for the people of the State by providing comprehensive tracking of all shipments of fireworks imported into and within the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1689, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1689, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 300-22 Transportation on H.B. No. 1403**

The purpose of this measure is to require and appropriate funds for the Department of Transportation, in collaboration with the County of Hawaii, to conduct site surveys on the island of Hawaii to identify the most suitable location for an alternate route in Puna below Highway 130.

Your Committee received testimony in support of this measure from the Department of Transportation, Mayor of the County of Hawai'i, one member of the Hawai'i County Council, County of Hawai'i Office of the Prosecuting Attorney, Ulupono Initiative, Sacred Heart Church Pahoia, Nanawale Community Association Board of Directors, Kalapana Seaview Estates Community Association, and numerous individuals. Your Committee received testimony in opposition to this measure from the Keaukaha-Pana'ewa Farmers Association, Kūpuna for the Mo'opuna, and seven individuals. Your Committee received comments on this measure from the Department of Hawaiian Home Lands, Department of Budget and Finance, and one individual.

Your Committee finds that Keeau-Pahoia Road, or Highway 130, is the primary arterial and only access route into the southeastern portion of the Puna area. Due to this limited road access, the residents of Puna experience severe traffic congestion, which impacts the quality of life for residents and may also result in fatal delays of emergency services. This measure is a first step in providing an alternative for the residents of Puna to alleviate existing and future traffic congestion.

Your Committee has amended this measure by:

- (1) Specifying that in conducting the site surveys, land under the jurisdiction of the Department of Hawaiian Home Lands shall be excluded from consideration;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1403, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1403, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (LoPresti).

**SCRep. 301-22     Transportation on H.B. No. 1411**

The purpose of this measure is to:

- (1) Require that the transferee's and transferor's addresses be provided on the certificate of ownership when the title to a motor vehicle is transferred;
- (2) Clarify that the signature of the transferee and the signature of the transferor each serve as an attestation by that respective party as to the validity of the information on the certificate of ownership; and
- (3) Specify that providing false or fraudulent information subjects a party to penalties.

Your Committee received testimony in support of this measure from the Hawaii Council of Mayors, two members of the Kaua'i County Council, County of Kaua'i Department of Finance, County of Hawai'i Department of Environmental Management, Sacred Heart Church Pahoia, Nanawale Community Association Board of Directors, and seven individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that more than eight thousand vehicles are abandoned in Hawaii every year, causing an eyesore in communities and creating a financial burden to the counties. This measure seeks to reduce the number of abandoned vehicles in the State by implementing more accountability and making it easier to track down the proper owner of an abandoned vehicle.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1411, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1411, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (LoPresti).

**SCRep. 302-22     Transportation on H.B. No. 2184**

The purpose of this measure is to make an emergency appropriation to authorize additional funds for the Department of Transportation Highways Division's Special Maintenance Program.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the Department of Transportation Highways Division's Special Maintenance Program is a systematic maintenance program that prevents further and accelerated deterioration of highway facilities. Providing additional funding to the program will further stimulate the economy with additional maintenance and repair projects and increase the State's economic recovery.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2184 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (LoPresti).

**SCRep. 303-22     Transportation on H.B. No. 2182**

The purpose of this measure is to reduce the membership of the State Highway Safety Council appointed by the Governor from twenty to ten.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received testimony in opposition to this measure from the Hawai'i Public Health Institute and Kauai Path, Inc.

Your Committee finds that the State Highway Safety Council advises the Governor on matters relating to the programs and activities of the State related to highway safety. There has been difficulty finding qualified and suitable candidates to serve as the Governor's appointees. This measure ensures that the State Highway Safety Council can continue to function effectively and efficiently by reducing the number of the Governor's appointees.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2182, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2182, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Nakamura). Noes, none. Excused, 1 (LoPresti).

**SCRep. 304-22     Transportation on H.B. No. 1452**

The purpose of this measure is to repeal the limitation on the amount that a county may increase the fee for certificates of registration for motor vehicles other than U-drive motor vehicles.

Your Committee received testimony in support of this measure from one member of the Kaua'i County Council. Your Committee received testimony in opposition to this measure from Enterprise Holdings. Your Committee received comments on this measure from the Tax Foundation of Hawaii and Avis Budget Group.

Your Committee finds that traffic congestion is a serious problem that negatively affects the quality of life for residents and visitors in Hawaii. As traffic congestion continues to increase, people are forced to spend more time sitting in vehicles. Adjustments to the registration fee for U-drive motor vehicles will create parity between U-drive vehicles and all other motor vehicles and provide additional resources to the counties to improve traffic conditions.

Your Committee has amended this measure by:

- (1) Subjecting U-drive motor vehicles to the same motor vehicle registration fees as other motor vehicles;
- (2) Restoring language that establishes a limit on the amount that a county may increase the fee for certificates of registration for motor vehicles other than U-drive motor vehicles and designating an unspecified amount for the limit;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1452, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1452, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 305-22      Transportation on H.B. No. 1681**

The purpose of this measure is to:

- (1) Establish requirements and permitting procedures for transportation network companies operating in the State; and
- (2) Make permanent insurance requirements for transportation network companies and transportation network drivers.

Your Committee received testimony in support of this measure from the Department of Transportation; and Uber Technologies, Inc. Your Committee received testimony in opposition to this measure from the Hawaii Transportation Association. Your Committee received comments on this measure from the Hawaii Insurers Council.

Your Committee finds that statewide regulation of transportation network companies is needed to ensure the safety, reliability, and cost-effectiveness of rides provided by transportation network company drivers. This measure enhances access to important transportation options for residents and visitors of the State by establishing regulations and mandatory insurance requirements for transportation network companies and its drivers.

Your Committee has amended this measure by:

- (1) Clarifying the definitions of "transportation network company" and "transportation network company driver";
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1681, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1681, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 306-22      Transportation on H.B. No. 2434**

The purpose of this measure is to require each water carrier to file a strategic plan with the Public Utilities Committee every five years.

Your Committee received testimony in support of this measure from the Department of Agriculture, Public Utilities Commission, and Ulupono Initiative. Your Committee received comments on this measure from Young Brothers, LLC.

Your Committee finds that because Hawaii is an island state, water carriers provide many critical services that affect the livelihood and well-being of residents. Requiring water carriers to file strategic plans every five years will facilitate increased transparency for water carriers regarding strategic direction and identify actions that focus on the water carrier's services, goals, and initiatives.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2434, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2434, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 307-22      Transportation on H.B. No. 2180**

The purpose of this measure is to repeal sections 266-2.3 and 266-22, Hawaii Revised Statutes, for the purpose of deleting obsolete or unnecessary provisions.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that because oversight of Kewalo Basin is under the purview of the Hawaii Community Development Authority, section 266-2.3, Hawaii Revised Statutes, should be repealed to reflect that shared permitting and expense items are wholly with the Authority. Additionally, because the Department of Transportation no longer owns any fireboats, section 266-22, Hawaii Revised Statutes, should be repealed.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2180 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 308-22      Transportation/Housing on H.B. No. 2023**

The purpose of this measure is to authorize the issuance of general obligation bonds and appropriate funds for certain transit-oriented development projects identified in the Hawaii Strategic Plan for Transit-Oriented Development.

Your Committees received testimony in support of this measure from the Office of Planning and Sustainable Development, Hawaii Housing Finance and Development Corporation, and one individual.

Your Committees find that the promotion of mixed-use development and affordable housing within transit-oriented development areas within the State is one of the most viable means for stimulating economic development opportunities and addressing the need for affordable housing. Since the establishment of the Hawaii Interagency Council for Transit-Oriented Development, the State has appropriated capital improvement project funds to support planning of transit-oriented development projects throughout the State. This measure further maintains and enhances the capacity to support planning of state and county transit-oriented development projects, including infrastructure assessments, mixed-use development, and affordable housing.

Your Committees note that the measure contains an appropriation amount of \$2,000,000 in general obligation bonds for transit-oriented development projects identified in the Hawaii Strategic Plan for Transit-Oriented Development and request that the amount be taken into consideration by your Committee on Finance.

Your Committees have amended this measure by:

- (1) Changing the amount of general obligation bonds issued for transit-oriented development projects to an unspecified amount;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Transportation and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2023, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2023, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Transportation: Ayes, 9. Noes, none. Excused, none.

Housing: Ayes, 8. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 309-22 Culture, Arts, & International Affairs on H.B. No. 2346**

The purpose of this measure is to appropriate funds to the State Foundation on Culture and the Arts Artist Fellowship Program for the awarding of one-time fellowships to promising artists in the amount of not less than \$25,000.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that between 1995 and 2008, the State Foundation on Culture and the Arts provided fellowships in the areas of visual and performing arts. These fellowships provided recognition and financial support for individual artists and celebrated Hawaii's creativity. Your Committee further finds that investing in the State's cultural economy contributes to the State's overall economy. This measure appropriates funds that will enable the State Foundation on Culture and the Arts to support and recognize artists in Hawaii.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2346, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2346, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 310-22 Culture, Arts, & International Affairs on H.B. No. 1765**

The purpose of this measure is to authorize the issuance of general obligation bonds to assist the Bernice Pauahi Bishop Museum with a capital improvement project.

Your Committee received testimony in support of this measure from the Hawaiian Homes Commission, Papa Ola Lokahi, Kua'aina Ulu 'Auamo, 'Aha Ho'ona'auao 'Ōiwi Hawai'i, Iolani Palace, Native Hawaiian Chamber of Commerce, Institute for Native Pacific Education & Culture, Kanaeokana Network, and Society for Hawaiian Archaeology.

Your Committee finds that the Bernice Pauahi Bishop Museum is the largest museum in the State and the premier natural and cultural history institution in the Pacific. Your Committee further finds that additional funding is necessary to address badly damaged and deteriorated buildings on the Bishop Museum's campus that help preserve and protect the more than twenty-five million catalogued objects that represent the rich history and culture of the State and greater Pacific region.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1765, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1765, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 311-22 Culture, Arts, & International Affairs on H.B. No. 1923**

The purpose of this measure is to establish the Creative Arts Workforce Grant Program, to be administered by the State Foundation on Culture and the Arts.

Your Committee received testimony in support of this measure from SAG-AFTRA, IATSE Local 665, and six individuals. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Business, Economic Development, and Tourism; and State Foundation on Culture and the Arts.

Your Committee finds that the State's creative economy has been severely impacted by the COVID-19 pandemic, with Hawaii being one of the top five states that have job losses in this sector greater than the national average of 30.3 percent. Your Committee further finds that establishing a grant program to develop and support a creative arts workforce is in the State's best interest.

Your Committee has amended this measure by:

- (1) Requiring the State Foundation on Culture and the Arts to develop rules and guidelines for applying for and issuing Creative Arts Workforce grants;
- (2) Changing the effective date to July 1, 2044, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts, & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1923, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1923, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 312-22 Housing on H.B. No. 1826**

The purpose of this measure is to:

- (1) Establish the Long-Term Rental Assistance Pilot Program for Kupuna to provide long-term rental assistance to individuals who are over sixty-two years of age and are homeless or at imminent risk of becoming homeless; and
- (2) Appropriate funds for the Long-Term Rental Assistance Pilot Program, including two full-time equivalent public housing specialist positions within the Hawaii Public Housing Authority.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority, Partners In Care, AARP Hawai'i, Catholic Charities Hawai'i, and one individual. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Budget and Finance, and Executive Office on Aging.

Your Committee finds that homelessness among Hawaii's kupuna is a central part of the affordable housing needs in the State. The high cost of living in the State, the fixed income and complex health needs of older adults, rapidly rising rents, and the declining availability of affordable housing necessitate rental assistance for older adults.

Your Committee has amended this measure by:

- (1) Amending the age criteria to qualify for participation in the Long-Term Rental Assistance Pilot Program for Kupuna to individuals who are sixty-two years of age or older;
- (2) Making it voluntary for participants under the pilot program to participate in the Continuum of Care Coordinated Entry System for homeless services;
- (3) Specifying that the two full-time equivalent (2.0 FTE) public housing specialist positions are temporary positions;
- (4) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1826, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1826, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 313-22 Housing on H.B. No. 2395**

The purpose of this measure is to authorize the issuance of general obligation bonds to be appropriated into and out of the Rental Housing Revolving Fund for redevelopment of the Department of Hawaiian Home Lands property located at 820 Isenberg Street, Honolulu, Hawaii, for rental housing for native Hawaiian beneficiaries.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and Stanford Carr Development, LLC.

Your Committee finds that not all beneficiaries on the Department of Hawaiian Home Lands waiting list can afford to purchase a single family home. Your Committee finds that the 820 Isenberg Street property specified in this measure is a parcel of approximately two acres of land situated on the makai edge of the Old Stadium Park in Moiliili, Oahu, which is the site of the former Bowl-O-Drome bowling alley. The rental project will consist of two hundred seventy-eight affordable apartment units that will be set aside exclusively for native Hawaiian beneficiaries who earn from thirty percent to one hundred percent of the area median income. Your Committee finds that this project will provide beneficiaries of the Hawaiian Home Lands Trust with access to much needed affordable rental housing in urban Honolulu.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Changing the effective date to June 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2395, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2395, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (McDermott).

**SCRep. 314-22 Housing on H.B. No. 1859**

The purpose of this measure is to appropriate funds for the State Rent Supplement Program.

Your Committee received testimony in support of this measure from the Governor's Coordinator on Homelessness, Hawaii Public Housing Authority, Catholic Charities Hawai'i, and Partners In Care. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that low-income renter households are cost burdened by housing costs, with many of these households dedicating over half of their monthly income to rent and utilities. According to testimony provided by the Hawaii Public Housing Authority, the State Rent Supplement Program keeps its participants housed and employed and currently keeps a majority of its participants from becoming homeless. Approximately seventy-five percent of participants who are age fifty and over and approximately fifty-five percent who are age sixty-two and over are being assisted from becoming homeless. Your Committee further finds that providing funds for the State Rent Supplement Program will enable eligible families to pay for part of their monthly rent, thereby helping at-risk individuals and families make ends meet and maintain their housing.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1859, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1859, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (McDermott).

**SCRep. 315-22 Housing on H.B. No. 2513**

The purpose of this measure is to set aside \$150,000,000 of funds in the Rental Housing Revolving Fund for projects or units in a mixed income rental project for persons and families with incomes between sixty-one percent and one hundred percent of the median family income.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and AARP Hawai'i. Your Committee received comments on this measure from Catholic Charities Hawai'i.

Your Committee finds that according to testimony from the Hawaii Housing Finance and Development Corporation, the development of affordable rentals for persons and families with incomes between sixty-one percent and one hundred percent of the median family income, otherwise referred as workforce rental housing, has not been historically feasible. Your Committee also finds that the Rental Housing Revolving Fund allows funding up to one hundred forty percent of the area median income. However, the Rental Housing Revolving Fund rarely gets used for families above sixty percent of the area median income, because the demand for funds from the Rental Housing Revolving Fund far exceeds the available funding for workforce rental housing needs.

Your Committee has amended this measure by:

- (1) Clarifying the use of funds in the Rental Housing Revolving Fund for projects or units in a mixed-income rental project for persons and families with incomes between sixty-one percent and one hundred percent of the median family income, including:
  - (A) Appropriating \$150,000,000 in general revenues for fiscal year 2022-2023 into the Rental Housing Revolving Fund, rather than stating the first \$150,000,000 in the Revolving Fund is to be used for projects or units for these persons and families;
  - (B) Permitting any unused funds in the Revolving Fund, as of June 30, 2023, to be used for other authorized rental housing projects for the purposes of the Revolving Fund; and
  - (C) Specifying that unused funds shall not lapse at the end of the 2022-2023 fiscal year;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2513, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2513, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (McDermott).

**SCRep. 316-22 Housing on H.B. No. 2080**

The purpose of this measure is to authorize the transfer of excess tax-exempt general obligation bond proceeds and accrued interest from the Rental Housing Revolving Fund to the Dwelling Unit Revolving Fund.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Hawaii Housing Finance and Development Corporation.

Your Committee finds that tax-exempt funds cannot be used to finance affordable rental housing development because under United States Treasury regulations, tax-exempt funds cannot be used to finance projects that also use Low-income Housing Tax Credits, as there can be only one tax-exempt financing source per project. However, under United States Treasury regulations, tax-exempt bonds proceeds can be used for public infrastructure projects. Your Committee notes that financing of public infrastructure projects is an allowable use of the Hawaii Housing Finance and Development Corporation's Dwelling Unit Revolving Fund but not the Rental Housing Revolving Fund. Your Committee further finds that this measure will enable the Hawaii Housing Finance and Development Corporation to make expedient use of existing Rental Housing Revolving Fund balances for priority public infrastructure projects statewide.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2080, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2080, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (McDermott).

**SCRep. 317-22 Housing on H.B. No. 2239**

The purpose of this measure is to increase, from fifty percent to ninety percent, the minimum number of residential units in a condominium project that must be offered for sale to prospective owner-occupants in the thirty-day period following the initial date of sale of the condominium.

Your Committee received testimony in opposition to this measure from the NAIOP Hawaii.

Your Committee finds that increasing the minimum number of residential units in a condominium project that must be offered for sale to prospective owner-occupants in a certain time period following the initial date of sale of the condominium may help alleviate supply shortages in Hawaii's housing market.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2239, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2239, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (McDermott).

**SCRep. 318-22 Education on H.B. No. 1942**

The purpose of this measure is to require the Department of Education to create a three-tiered student bus fare rate system for the Department's school bus program.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from three individuals. Your Committee received comments on this measure from the Department of Education, Department of Budget and Finance, and one individual.

Your Committee finds that the Department of Education provides regular bus service for qualified public school students to facilitate compliance with state and federal laws, which is essential for getting students to and from school, particularly for students who lack other transportation options or face hardship in obtaining transportation to school due to economic difficulty. Your Committee further finds that a student who qualifies for free lunch under the free and reduced price lunch program is eligible for a free bus pass. However, free bus passes do not extend to students who qualify for reduced lunch under the program. This measure creates a tiered student bus fare system to allow for comparable bus fare rates for students and households that qualify for reduced lunch under the free and reduced price lunch program.

Your Committee has amended this measure by:

- (1) Broadening the eligibility for free bus passes by specifying that students who qualify, based on the student's household eligibility, for free lunch or reduced lunch under the free and reduced price lunch program shall be eligible for a free bus pass;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1942, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1942, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 1 (Clark).

**SCRep. 319-22 Education on H.B. No. 2248**

The purpose of this measure is to amend the definition of "private schools" under the State's compulsory attendance law to require unlicensed but accredited private schools to annually submit health and safety documentation to the Hawaii Council of Private Schools.

Your Committee received testimony in support of this measure from the Hawaii Catholic Schools, Hawaii Association of Independent Schools, and one individual.

Your Committee finds that licensed schools in the State must submit annual verifications of health and safety information documents required by various state and county agencies. However, schools that are accredited but not licensed are not required to submit these annual verifications. Such documentation would only be verified during reaccreditation visits every five to ten years. This measure will increase transparency and accountability in the operation of private schools and help ensure that private schools follow best practices regarding student health and safety.

Your Committee has amended this measure by:

- (1) Adding the Hawaii Catholic Schools office as an entity responsible for reviewing the annual health and safety documentation; and
- (2) Changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2248, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2248, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 1 (Clark).

**SCRep. 320-22 Education on H.B. No. 2456**

The purpose of this measure is to:

- (1) Require and appropriate funds to the Department of Education to assign dedicated security personnel to serve at public elementary schools and public facilities that provide prekindergarten care; and
- (2) Require the Department of Education to seek federal grants to hire school resource officers and registered guards.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Hawaii State Teachers Association and one individual. Your Committee received comments on this measure from the Department of Education and Department of Budget and Finance.

Your Committee finds that in recent years, several disturbing incidents have occurred relating to school safety. Your Committee further finds that elementary school students often lack the capacity to properly assess and identify the potential dangers posed by the presence of individuals who are not authorized to be present on a school's campus. This measure will ensure that children can learn in safe environments by providing security that will help deter the presence of unauthorized individuals from those environments.

Your Committee has amended this measure by:

- (1) Including school safety and security officers and school security attendants among the security personnel that the Department of Education shall assign to public elementary schools and public facilities that provide prekindergarten care;
- (2) Specifying that the Department of Education shall also seek federal grants to hire school safety and security officers and school security attendants;
- (3) Specifying that the appropriation to the Department of Education shall also be used for the provision of school safety and security officers and school security attendants at public elementary schools and state prekindergarten programs;
- (4) Changing its effective date to July 1, 2050; and
- (5) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2456, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2456, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Ganaden). Noes, none. Excused, 1 (Clark).

#### **SCRep. 321-22 Education on H.B. No. 1994**

The purpose of this measure is to:

- (1) Establish the Shade Tree and Native Plants Program within the Department of Education; and
- (2) Appropriate funds for the Shade Tree and Native Plants Program and for an arborist position to support the Program.

Your Committee received testimony in support of this measure from Climate Protectors Hawaii, Hawaii Farm to School Hui, Oahu Farm to School Network, Malama Kaua'i, and three individuals. Your Committee received comments on this measure from the Department of Education and Department of Budget and Finance.

Your Committee finds that hotter temperatures induced by climate change affect a student's ability to play, gather, and learn outside while attending school. Your Committee further finds that one method to reduce the effect of hotter temperatures on students at public schools is to increase the tree canopy on school campuses, which will not only provide shade and heat reduction, but also will absorb storm water, clean the air, beautify campuses, and help reach county and state environmental goals. This measure will establish the Shade Tree and Native Plants Program to help grow native plant and fruit trees that will provide a comfortable shade in public school campuses throughout the State.

Your Committee has amended this measure by:

- (1) Providing the Department of Education the flexibility to implement the Shade Tree and Native Plants Program, rather than establishing requirements for the implementation of the Program; and
- (2) Changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1994, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1994, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Clark).

#### **SCRep. 322-22 Education on H.B. No. 2267**

The purpose of this measure is to appropriate funds to the Department of Education for the installation of air conditioning in certain public school classrooms.

Your Committee received testimony in support of this measure from the Department of Education, Democratic Party of Hawaii Education Caucus, Hawaii State Teachers Association, and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that hot classroom temperatures in Hawaii's public schools can adversely affect students by making them drowsy, irritable, and unmotivated. Additionally, studies show that while classroom temperatures over eighty degrees can negatively impact student achievement, temperatures in Hawaii's classrooms are regularly recorded at over one hundred degrees during certain periods of the school year.

Your Committee further finds that \$100,000,000 was appropriated for the Department of Education's heat abatement program through Act 47, Session Laws of Hawaii 2016. While the appropriation successfully funded heat abatement upgrades for over 1,300 public school classrooms, over 5,000 classrooms still require heat abatement improvements. This measure will appropriate funds for the installation of air conditioning in those classrooms who still require heat abatement improvements.

Your Committee has amended this measure by changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2267, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2267, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Clark).

**SCRep. 323-22 Education on H.B. No. 1562**

The purpose of this measure is to add the Director of Hawaii P-20 Partnerships for Education as an ex officio, nonvoting member to the Early Learning Board.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Department of Education, Rainbow Family 808, and one individual. Your Committee received comments on this measure from the Executive Office on Early Learning and Early Learning Board.

Your Committee finds that the mission of Hawaii P-20 Partnerships for Education is to strengthen the education pipeline from early childhood through post-secondary education and training. Your Committee believes that the insight of the Director of Hawaii P-20 Partnerships for Education will be invaluable as part of the Early Learning Board.

Your Committee has amended this measure by changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1562, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1562, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Clark).

**SCRep. 324-22 Education on H.B. No. 1939**

The purpose of this measure is to enhance the capacity and resources of the Executive Office on Early Learning by appropriating funds for a permanent business management officer and permanent contract specialist.

Your Committee received testimony in support of this measure from Hawaii Children's Action Network Speaks! and one individual. Your Committee received testimony in support of the intent of this measure from the Executive Office on Early Learning. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Early Learning Board.

Your Committee finds that there is significant benefit from substantial investment in high-quality early learning programs. Your Committee further finds that children who have accessed such programs are more likely to succeed in kindergarten, later in life, and well into adulthood. This measure will appropriate funds to enhance the capacity and resources of the Executive Office on Early Learning to continue to provide Hawaii's young children with high-quality early learning programs.

Your Committee has amended this measure by:

- (1) Changing the amounts appropriated to unspecified amounts;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance choose to deliberate on this measure, your Committee respectfully requests that it consider appropriating \$170,000 for fiscal year 2022-2023 for the Executive Office on Early Learning, to be allocated as follows:

- (1) \$105,000 for one full-time (1.00 FTE) permanent business management officer; and
- (2) \$65,000 for one full-time (1.00 FTE) permanent contract specialist.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1939, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1939, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Clark).

**SCRep. 325-22 Education on H.B. No. 1999**

The purpose of this measure is to appropriate funds to the Department of Human Services for the Preschool Open Doors Program.

Your Committee received testimony in support of this measure from Rainbow Family 808; Hawaii Children's Action Network Speaks!; Hui for Excellence in Education; and one individual. Your Committee received testimony in support of the intent of this measure from the Department of Human Services and Executive Office on Early Learning. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Preschool Open Doors Program provides children from low to moderately-low income families with the opportunity to attend a group child care setting for up to one year prior to their entry into kindergarten to aid their transition into a school setting. This measure provides funding to continue to support the Preschool Open Doors Program.

Your Committee has amended this measure by changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1999, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1999, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Clark).

**SCRep. 326-22 Education on H.B. No. 2000**

The purpose of this measure is to appropriate funds to the School Facilities Authority for the construction of preschool facilities.

Your Committee received testimony in support of this measure from the School Facilities Authority; Rainbow Family 808; Hawaii Children's Action Network Speaks!; Hawaii State Teachers Association; Kamehameha Schools; Hui for Excellence in Education; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Executive Office on Early Learning.

Your Committee finds that high quality early education represents one of the best investments the State can make for Hawaii's collective future, especially that of Hawaii's young children. Your Committee further finds that to provide high quality early education, preschool facilities are needed throughout the

State. This measure will provide the necessary funding needed to begin the construction of preschool facilities to provide young children with high quality early education.

Your Committee has amended this measure by changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2000, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2000, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Clark).

#### **SCRep. 327-22 Education/Higher Education & Technology on H.B. No. 1848**

The purpose of this measure is to establish the Hawaii Student Journalism Protection Act, which:

- (1) Allows student journalists at public schools and colleges to exercise freedom of speech and freedom of the press in school-sponsored media; and
- (2) Protects advisors from retaliation for refusing to infringe upon student press freedom.

Your Committees received testimony in support of this measure from the Student Press Law Center, Hawaii Publishers Association, Hawaii Professional Chapter of the Society of Professional Journalists Hawaii Chapter, Big Island Press Club, Hawaii State Teachers Association, All Hawaii News, and eighteen individuals. Your Committees received comments on this measure from the Department of Education, Department of the Attorney General, and one individual.

Your Committees find that states may enhance the protections guaranteed by the First Amendment of the United States Constitution through state laws, rules, and regulations. Your Committees further find that student journalists attending Hawaii public schools and the University of Hawaii need additional protection against censorship, and that advisors need additional protections against retaliation for refusing to illegally censor student journalists. This measure will establish those protections and clarify the responsibilities of those involved in journalism in Hawaii's public schools and the University of Hawaii.

Your Committees have amended this measure by:

- (1) Clarifying that this measure applies to students of the University of Hawaii;
- (2) Specifying that allowing student journalists at the University of Hawaii to exercise freedom of speech and freedom of the press in school-sponsored media and protecting their advisors from retaliation for refusing to censor their students is a matter of statewide concern;
- (3) Clarifying that the freedom of press provisions established by this measure are not to be construed to authorize or protect student expression that incites students to violate lawful school, Board of Education, or University of Hawaii policies;
- (4) Changing its effective date to July 1, 2050; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Education and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1848, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1848, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 11. Noes, none. Excused, 1 (Ohno).

Higher Education & Technology: Ayes, 11. Noes, none. Excused, 1 (Ohno).

#### **SCRep. 328-22 Higher Education & Technology on H.B. No. 315**

The purpose of this measure is to remove the \$3,000,000 cap on the amount the University of Hawaii System can expend from the University of Hawaii Tuition and Fees Special Fund (Special Fund) for the University of Hawaii Foundation.

Your Committee received testimony in support of this measure from the University of Hawai'i System, University of Hawai'i Foundation, University of Hawai'i Alumni Association, and three individuals.

Your Committee finds that removing or increasing the cap on the amount of Special Fund monies the University of Hawaii can use for the University of Hawaii Foundation would allow the University to diversify its funding streams, particularly to ensure sustainable funding that is not affected by fiscal fluctuations in the local economy.

Your Committee has amended this measure by:

- (1) Raising, rather than eliminating, the cap to \$6,000,000;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 315, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 315, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ohno, Quinlan).

#### **SCRep. 329-22 Higher Education & Technology on H.B. No. 1488**

The purpose of this measure is to require the tuition residency rules for the University of Hawaii to grant the resident tuition fee for enrollment at any University of Hawaii campus, including any community college, to all Hawaii high school graduates and persons who have received equivalent graduation credentials in the State should they choose to return from out of state and pursue higher education in Hawaii, under certain conditions.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Department of Education, Pono Hawai'i Initiative, and five individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that simplifying the determination of who qualifies for in-state resident tuition would reduce barriers for local students who wish to pursue higher education or additional training at the University of Hawaii.

Your Committee has amended this measure by:

- (1) Updating its purpose section;
- (2) Allowing adult or minor students enrolled in a high school in Hawaii for at least twelve consecutive months preceding the student's first day of officially scheduled instruction at a particular college or campus of the University of Hawaii to qualify for resident tuition;
- (3) For purposes of enrollment at any University of Hawaii campus, including any community college, allowing a student who:
  - (A) Received a high school diploma or its equivalent in the State within eight years preceding the student's first day of officially scheduled instruction at the University of Hawaii; and
  - (B) Is working toward an undergraduate degree, to qualify for resident tuition;
- (4) Removing the requirement that the student demonstrate the student's intent to reside in Hawaii by registering as a Hawaii voter;
- (5) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1488, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1488, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Quinlan).

#### **SCRep. 330-22 Higher Education & Technology on H.B. No. 1731**

The purpose of this measure is to make higher education in Hawaii more accessible by:

- (1) Expanding the Hawaii Promise Program to provide scholarships for the unmet direct cost needs of qualified undergraduate students enrolled at a four-year campus of the University of Hawai'i; and
- (2) Providing an appropriation to establish and implement the expanded program.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Kamehameha Schools, and one individual. Your Committee received comments on this measure from the Department of the Attorney General and Department of Budget and Finance.

Your Committee finds that expanding the Hawaii Promise Program to qualified students in four-year degree programs at the University of Hawai'i would significantly enhance the ability of community college students to transfer to a four-year program and increase the number of economically disadvantaged students who can earn a bachelor's degree from the University of Hawaii. Your Committee further finds that expansion of the Hawaii Promise Program would be a significant step toward broadening access to economic opportunities for Hawaii's students and developing the educated workforce the State will need to grow in the coming decades.

Your Committee has amended this measure by:

- (1) Noting that the subject matter of this measure is an issue of statewide concern;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that should your Committee on Finance choose to hear this measure, it consider appropriating \$19,000,000 for the Hawaii Promise Program, which would allow approximately four thousand six hundred students to obtain a four-year degree at the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1731, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1731, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Quinlan).

#### **SCRep. 331-22 Higher Education & Technology on H.B. No. 1833**

The purpose of this measure is to require the University of Hawaii to establish K-12 expanded teaching cohort programs in each county for students who are pursuing undergraduate degrees in education.

Your Committee received testimony in support of this measure from the University of Hawai'i System and Department of Education.

Your Committee finds that due to a variety of factors, Hawaii has long suffered from a shortage of qualified public school teachers--a shortage that continues to persist and is worsening.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that approximately \$600,000 per year is needed for eight University of Hawaii faculty full-time equivalent positions for the K-12 expanded teaching cohort programs in all four counties.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1833, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1833, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ohno, Quinlan).

**SCRep. 332-22 Higher Education & Technology on H.B. No. 2188**

The purpose of this measure is to authorize the use of funds from the University of Hawaii Tuition and Fees Special Fund to pay for salaries of University of Hawaii positions that have been authorized by the Legislature whose means of funding are the general revenues of the State.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and University of Hawaii System.

Your Committee finds that the University of Hawaii Tuition and Fees Special Fund was established pursuant to Act 161, Session Laws of Hawaii 1995, to give the University of Hawaii greater control over the income generated by its tuition and the responsibility of how tuition revenue is used. Your Committee further finds that after the creation of the Special Fund, general fund appropriations for many University of Hawaii positions that were previously authorized to be funded by the general fund were reduced due to state budget and fiscal issues. To help address state budget shortfalls, an agreement was reached in 2005 between the Department of Budget and Finance and the University of Hawaii that allows a position that was authorized by the Legislature as a general funded position to have its salary paid in part or in whole by tuition revenue and the fringe benefits expense associated with that position to continue to be paid by the general fund. This measure recognizes the cost-sharing agreement as beneficial to the University of Hawaii and the State and establishes the cost-sharing agreement in statute.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2188 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ohno, Quinlan).

**SCRep. 333-22 Higher Education & Technology on H.B. No. 2206**

The purpose of this measure is to support athletics at the University of Hawaii by appropriating:

- (1) \$14,500,000 for the University of Hawai'i at Mānoa; and
- (2) \$500,000 for the University of Hawai'i at Hilo.

Your Committee received testimony in support of this measure from the University of Hawai'i at Mānoa Athletics Department and University of Hawai'i at Hilo Athletics Department. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that University of Hawaii athletics attracts out-of-state teams to play before Hawaii residents and competes on the mainland and internationally as an ambassador of aloha and a representative of all of the people of Hawaii. Your Committee further finds that this measure would help offset higher costs that are unique to the University of Hawai'i as the cost of travel far exceeds its peer-competitors. Moreover, your Committee finds that this funding would provide significant assistance in upgrading facilities and programs for the health and well-being of University of Hawai'i student-athletes.

Your Committee has amended this measure by:

- (1) Changing the appropriations to unspecified amounts; and
- (2) Changing its effective date to July 1, 2050, to encourage further discussion.

Your Committee respectfully requests that should your Committee on Finance choose to hear this measure, it consider appropriating:

- (1) \$14,500,000 for athletics at the University of Hawaii at Manoa; and
- (2) \$500,000 for athletics at the University of Hawaii at Hilo.

Your Committee notes that the appropriation to the University of Hawaii at Manoa would provide for expansion of the Clarence T. C. Ching Athletics Complex to meet National Collegiate Athletic Association requirements as well as funding for travel, student-athlete meals, and other health-and-wellness initiatives for student-athletes.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2206, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2206, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Quinlan).

**SCRep. 334-22 Higher Education & Technology on H.B. No. 2220**

The purpose of this measure is to appropriate funds to increase the State's capacity to train new nurses and project future nursing workforce needs.

Your Committee received testimony in support of this measure from the Hawai'i State Center for Nursing, University of Hawai'i at Mānoa Nancy Atmospera-Walch School of Nursing, East Hawaii Region of the Hawaii Health Systems Corporation, Hawai'i State Rural Health Association, Hawai'i Pacific Health, Healthcare Association of Hawaii, Hawaii Association of Nurse Anesthetists, and seven individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that this measure would allow schools to hire the instructors needed to fill the teaching gaps of today, provide for the time necessary to re-evaluate staffing structures to meet the teaching and nurse-training needs of the future, and ensure that currently enrolled students have access to the in-person clinical instruction needed to produce high-quality new graduates in nursing.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that should your Committee on Finance choose to hear this measure, it consider appropriating \$1,800,000 to increase the State's capacity to train new nurses and project future nursing workforce needs. Your Committee notes that it is estimated that an appropriation of \$1,800,000 would provide for thirty-nine nursing instructors to teach approximately two hundred forty nursing students at the University of Hawai'i at Manoa, University of Hawai'i at Hilo, and several of the community colleges within the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2220, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2220, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Quinlan).

#### **SCRep. 335-22 Consumer Protection & Commerce on H.B. No. 2108**

The purpose of this measure is to establish a program for licensure, regulation, and oversight of digital currency companies in the State.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawai'i Technology Development Corporation, and eight individuals. Your Committee received testimony in opposition to this measure from the Libertarian Party of Hawaii and two individuals. Your Committee received comments on this measure from the Grassroot Institute of Hawaii, Blockchain Solutions Hawai'i, and one individual.

Your Committee finds that the Division of Financial Institutions of the Department of Commerce and Consumer Affairs and the Hawaii Technology Development Corporation (HTDC) are conducting a two-year pilot program, the Digital Currency Innovation Lab, to study digital currency transactions. HTDC testified that the pilot program consists of fifteen digital currency companies that totaled over 61,000 Hawaii resident participants who have collectively transacted over hundreds of millions of dollars each calendar quarter during the pilot program. The pilot program has only received ten complaints from participants thus far and is scheduled to expire on June 30, 2022. Through research conducted through the program, the Division of Financial Institutions learned that the current regulatory scheme of the money transmitter laws do not comport with the activities conducted by digital currency companies. This measure applies information gained from the Digital Currency Innovation Lab to establish a new licensing scheme for the digital currency companies in the State and would allow any company participating in the Digital Currency Innovation Lab pilot program on June 30, 2022, to continue operations if a complete licensure application is submitted to the Division of Financial Institutions by March 1, 2023.

Your Committee has amended this measure by:

- (1) Clarifying that the definition of "tangible net worth" excludes intangible assets, rather than tangible assets;
- (2) Requiring licensees to maintain a tangible net worth of not less than \$500,000 or an amount determined by the Commissioner of Financial Institutions, rather than specifying that digital currency may be included in the calculation of tangible net worth;
- (3) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2108, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2108, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 336-22 Consumer Protection & Commerce on H.B. No. 2113**

The purpose of this measure is to improve efficiency in processing applications for money transmitter applicants by allowing applicants to obtain either a federal or state level criminal background check.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that applicants for money transmitter licenses are required to obtain a federal criminal background check as well as a state level background check. The State became a reporter to the national criminal background database approximately seven years ago. During this time, the Division of Financial Institutions has reviewed parallel state and federal criminal background reviews and has never found discrepancies on disqualifying crimes. This measure therefore minimizes regulatory burden and eliminates redundancy by permitting money transmitter applicants to submit to either a state or federal criminal background review.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2113, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2113, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 337-22 Consumer Protection & Commerce on H.B. No. 1579**

The purpose of this measure is to:

- (1) Set the proper manner by which the Oahu Regional Health Care System should seek operational funding during the transition process of the Oahu Regional Health Care System facilities from the Hawaii Health Systems Corporation to the Department of Health;
- (2) Extend the date by which the transfer is to be completed from December 31, 2022, to December 31, 2023;
- (3) Require the transition working group to submit an additional report to the Legislature prior to the convening of the Regular Session of 2023;
- (4) Grant the transition working group certain exemptions to enable it to expeditiously carry out its responsibilities; and
- (5) Appropriate funds to formulate and execute a comprehensive business and transition plan.

Your Committee received testimony in support of this measure from the University of Hawai'i System. Your Committee received comments on this measure from the Department of Health; Department of Budget and Finance; Office of Information Practices; Hawaii Health Systems Corporation Corporate Board of Directors; Hawaii Health Systems Corporation, Oahu Region; Civil Beat Law Center for the Public Interest; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the Hawaii Health Systems Corporation comprises five semi-autonomous health care regions within the State, one of which is the Oahu Regional Health Care System. However, the Oahu Regional Health Care System is unique because of the limited services its facilities, Leahi Hospital and Maluhia, provide. Rather than serving the general population, Leahi Hospital and Maluhia serve primarily long-term care and Medicaid patients and thus operate as de facto safety net social services.

Your Committee further finds that, due to these characteristics, the Legislature concluded that the Department of Health was best suited to operate Leahi Hospital and Maluhia. This was based on the Department of Health's existing operation of the Hawaii State Hospital, a facility that does not generate revenue but provides necessary care for mentally ill patients. Thus, through Act 212, Session Laws of Hawaii 2021, the Legislature mandated the transfer of the Oahu Regional Health Care System facilities to the Department of Health with a deadline of December 31, 2022.

However, your Committee finds that transfer efforts have been hampered by various obstacles, including the high complexity of the transfer and public health emergencies stemming from the water contamination at Red Hill and the COVID-19 pandemic. As such, an extension is needed to ensure the proper transfer of the Oahu Region facilities to the Department of Health.

Your Committee notes that the Department of Health and Hawaii Health Systems Corporation, in written testimony before your Committee, raised concerns that the 2023 extension is unfeasible and requested the extension be December 31, 2025. While your Committee sympathizes with these concerns, your Committee respectfully defers to your Committee on Health, Human Services, and Homelessness to determine the proper deadline for the transition.

Your Committee has amended this measure by:

- (1) Replacing the exemption from all of chapter 92, Hawaii Revised Statutes, with language clarifying the process for the working group to discuss matters concerning patient privacy and prospective bidders; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1579, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1579, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 338-22 Consumer Protection & Commerce on H.B. No. 1800**

The purpose of this measure is to:

- (1) Establish a goal for the statewide greenhouse gas emissions limit to be at least seventy percent below 2005 levels by 2030;
- (2) Require the Director of Health to report the baseline measurement of the 2005 greenhouse gas emissions in the State and to complete a greenhouse gas emissions inventory report each year to track emissions and determine the State's progress in the reduction of greenhouse gas emissions; and
- (3) Require and appropriate funds for the Hawaii State Energy Office to conduct a study to determine Hawaii's pathway to decarbonization and identify challenges, opportunities, and actions that will be needed to achieve those goals.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii State Energy Office, Imua Alliance, Blue Planet Foundation, Climate Protectors Hawaii, 350Hawaii.org, and three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Public Utilities Commission and Hawaiian Electric Company.

Your Committee finds that climate change poses immediate and long-term threats to the State's economy, public health, environment, and way of life. This measure will establish an intermediate goal to encourage further action toward achieving the Zero Emissions Clean Economy Target to sequester more atmospheric carbon and greenhouse gases than emitted by 2045.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1800, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Kong, Onishi). Noes, none. Excused, none.

#### **SCRep. 339-22 Consumer Protection & Commerce on H.B. No. 1712**

The purpose of this measure is to protect agricultural lands in Hawaii for agricultural use by prohibiting the siting of waste disposal facilities on important agricultural lands and agricultural lands with class A or B productivity ratings.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawaii Farm Bureau, Hawaii Crop Improvement Association, CropLife America, Biotechnology Innovation Organization, Land Use Research Foundation of Hawaii, and one individual. Your Committee received testimony in opposition to this measure from the Department of Environmental Services of the City and County of Honolulu and one individual.

Your Committee finds that siting landfills on agricultural lands jeopardizes crop safety because it may cause contamination through dust, soil runoff, or poor water quality. Your Committee further finds that the appropriate, primary use of lands within the agricultural district is for actual agricultural purposes, to protect food safety of consumers of locally grown food.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1712, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Har). Noes, none. Excused, none.

#### **SCRep. 340-22 Consumer Protection & Commerce on H.B. No. 1632**

The purpose of this measure is to promote the safety of Hana Highway and Haleakala Highway by:

- (1) Setting weight limitations for tour operators and rental vehicles;
- (2) Establishing user fees for certain vehicles to access Hana Highway and Haleakala Highway; and
- (3) Amending the Highway Development Special Fund to allow the deposit of funds received from the user fees into the special fund and authorize the funds to be used for the development and improvement of Hana Highway and Haleakala Highway.

Your Committee received testimony in support of this measure from one member of the Maui County Council. Your Committee received testimony in opposition to this measure from the Activities & Attractions Association of Hawaii, Inc. and one individual. Your Committee received comments on this measure from the Department of the Attorney General and Department of Transportation.

Your Committee finds that the physical conditions of Hana Highway and Haleakala Highway are deteriorating due to their age and heavy use by Maui residents and visitors. To ensure the safety of residents and visitors, it is critical to establish vehicle weight restrictions and user fees for the development and improvement of the highways.

Your Committee notes that the Department of Transportation, in its written testimony, expressed concerns that the proposed user fees may be construed as a toll. If the user fees are construed as tolls, it would trigger certain limitations and requirements on the use of federal aid for projects on Hana Highway and Haleakala Highway. The Department of Transportation further requested time to determine whether the user fees would be construed as a toll for federal aid purposes.

Your Committee has amended this measure by clarifying that the user fees are to be assessed on the groups enumerated in this measure upon entering Hana Highway and Haleakala Highway.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1632, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1632, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Onishi). Noes, none. Excused, none.

#### **SCRep. 341-22 Consumer Protection & Commerce on H.B. No. 2107**

The purpose of this measure is to resolve certain payment issues related to franchise tax collections deposited into the Compliance Resolution fund by:

- (1) Ensuring that the statutorily-mandated \$2,000,000 franchise tax payment is credited in full to the Compliance Resolution Fund for use by the Division of Financial Institutions; and
- (2) Specifying that if franchise tax collections are insufficient, income tax collections will be used to ensure \$2,000,000 is deposited into the Compliance Resolution Fund.

Your Committee received testimony in support of this measure from Department of Taxation, Department of Commerce and Consumer Affairs, and Hawaii Bankers Association. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the Division of Financial Institutions of the Department of Commerce and Consumer Affairs (DFI) has relied on a dedicated portion of the franchise tax revenues to help maintain its financial self-sufficiency and support its purpose to effectively license, supervise, and regulate the constantly changing and complex financial institutions within its jurisdiction.

Your Committee further finds that each fiscal year, \$2,000,000 of franchise tax collections is deposited to the credit of the Compliance Resolution Fund for use by DFI. However, there have been situations where the payment of franchise tax revenues was delayed from one fiscal year to the succeeding fiscal year. This has the potential to delay payments or the ability to enter into contracts, which creates an aura of uncertainty in DFI, or interfere with its purpose and functions.

This measure resolves payment timing issues related to franchise tax collections by ensuring that the \$2,000,000 payment provided for under the franchise tax law is credited in full to the Compliance Resolution Fund for use by DFI. This measure also specifies that, if franchise tax collections are insufficient, income tax collections will be used to ensure \$2,000,000 is deposited into the Compliance Resolution Fund.

Your Committee notes that concerns were raised in testimony that portions of this measure may exceed its single-subject title. Should your Committee on Finance choose to deliberate on this measure, your Committee respectfully requests that it consider these concerns.

Your Committee has amended this measure by:

- (1) Clarifying that the transfer of franchise tax revenues into the Compliance Resolution Fund shall occur by June 30 of the same fiscal year;
- (2) Removing redundant language authorizing the transfer of income tax revenues to supplement franchise tax revenues, if needed, to reach the necessary \$2,000,000 to fund the Division of Financial Institutions;
- (3) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2107, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2107, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 342-22 Health, Human Services, & Homelessness on H.B. No. 1466**

The purpose of this measure is to:

- (1) Establish the class B felony offense of continuous sexual assault of a minor under the age of sixteen years in the second degree; and
- (2) Clarify that the existing offense of continuous sexual assault of a minor is a class A felony offense in the first degree that includes minor victims under the age of sixteen years.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Honolulu Police Department, Department of the Prosecuting Attorney of the City and County of Honolulu, Rainbow Family 808, and two individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that sexual assault is one of the most difficult crimes for any victim to report and testify about in any legal proceeding. This difficulty is even more apparent for child victims. Your Committee further finds that children are lacking in their ability to precisely recall certain information, such as date and time. This measure affords child victims the ability to describe conduct that they have endured over periods of time without requiring specificity as

to date and time. Your Committee notes that an amendment to the Hawaii State Constitution is necessary for this measure to proceed and that a measure doing so is currently moving through the legislative process.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1466, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1466, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 343-22 Health, Human Services, & Homelessness on H.B. No. 2053**

The purpose of this measure is to amend the State's medical cannabis dispensary system law to:

- (1) Authorize medical cannabis dispensaries to distribute medical cannabis propagules and cuttings by including cannabis propagules and cuttings in the definition of "cannabis";
- (2) Authorize only those persons who may cultivate medical cannabis to purchase cannabis propagules and cuttings; and
- (3) Impose quantity limits and quality requirements on the distributed propagules and cuttings.

Your Committee received testimony in support of this measure from Maui Grown Therapies, Hawai'i Cannabis Industry Association, Aloha Green Holdings Inc., Big Island Grown Dispensaries, and Hawaiian Ethos LLC. Your Committee received testimony in opposition to this measure from the Department of Health. Your Committee received comments on this measure from the Department of the Attorney General and Akamai Cannabis Clinic.

Your Committee finds that patients and primary caregivers cultivating medical cannabis at a registered grow site under the State's medical cannabis registry program have no legal way to obtain safe, laboratory-tested genetic material from which to propagate their plants. Your Committee further finds that as a result, qualifying patients or their primary caregivers often obtain propagules, cuttings, or other cannabis genetic material from the illicit market. These materials have not been tested for the presence of pesticides and heavy metals and are of unknown genetic provenance and therapeutic value. This measure provides qualifying patients who choose to cultivate their own cannabis plants with a legal channel to purchase safe, quality-assured cannabis propagules and cuttings with verified therapeutic properties.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2053, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2053, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 344-22 Health, Human Services, & Homelessness on H.B. No. 1932**

The purpose of this measure is to establish, and appropriate funds for, a pilot program to develop a modern case management software solution compatible with existing child welfare technology in the Child Welfare Services Branch of the Department of Human Services.

Your Committee received testimony in support of this measure from Binti, Inc. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Human Services.

Your Committee finds that the number of children experiencing the foster care system in Hawaii has increased substantially, while caseworkers are becoming more and more overloaded. These challenges can result in fewer in-person visits to children and families, decreased child and family involvement in case planning, less support for families, and more opportunities for children and families to fall through the cracks.

The pilot program proposed by this measure is intended to allow for modern, web-based technology upgrades so that case workers can access important information on their mobile phones during case visits and doing field work to more effectively manage their caseloads and better meet the needs of children in the foster care system.

Your Committee has amended this measure by:

- (1) Deleting most of the preamble;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1932, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1932, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 345-22 Health, Human Services, & Homelessness on H.B. No. 1582**

The purpose of this measure is to require child care providers, including persons who are otherwise exempt from the State's child care laws, licensed child care providers, and employees of licensed child care providers, to provide certain information to the Department of Human Services each year.

Your Committee received testimony in support of this measure from Hawaii Children's Action Network Speaks!. Your Committee received comments on this measure from the Department of Human Services and Executive Office on Early Learning.

Your Committee finds that the Department of Human Services' Early Childhood Registry is optional for family child care providers. Since the registry does not collect information from all child care providers, the State lacks the data necessary to understand its child care workforce. This in turn hinders the ability to create strategic policy to address the critical child care provider workforce shortage. Your Committee further finds that making the Early Childhood Registry required for a greater share of child care providers and requiring information to be updated annually will provide more robust information necessary for the implementation of programs and services that impact young children and their adult caregivers.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1582, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1582, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 346-22 Health, Human Services, & Homelessness on H.B. No. 1799**

The purpose of this measure is to authorize the Department of Education to offer optional asthma self-management instruction to students and require teachers and other department employees to obtain asthma training.

Your Committee received testimony in support of this measure from the Department of Education, American Lung Association in Hawaii, AlohaCare, American Academy of Pediatrics Hawaii Chapter, Hawaii Medical Association, Hawaii Children's Action Network Speaks!, Hawai'i Public Health Institute, Hawai'i Public Health Association, Hawaii Primary Care Association, and four individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that one-third of the more than one hundred ten thousand Hawaii residents living with asthma are children. Although asthma mortality rates have declined in the past ten years, there was an average of twenty-two deaths per year from asthma in Hawaii between 2013 and 2015. Your Committee further finds that recent research funded by the Centers for Disease Control and Prevention for the Journal of School Health has shown that students who engage in school-based asthma education experience significantly fewer days with activity limitations and significantly fewer nights of sleep disturbance after intervention. Students also reported significantly less frequent emergency department visits or hospitalizations between the baseline and follow-up surveys. This measure authorizes the Department of Education to offer optional asthma education courses to students and provide mandatory training to teacher and other Department employees to ensure students with asthma are able to thrive in all environments.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1799, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1799, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 347-22 Health, Human Services, & Homelessness on H.B. No. 1797**

The purpose of this measure is to establish a Medical Respite Pilot Program to improve the quality of life and standard of care for homeless persons in the State.

Your Committee received testimony in support of this measure from the Hawaii Disability Rights Center, Kalihi-Palama Health Center, and two individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Budget and Finance, and Department of Human Services.

Your Committee finds that many homeless persons who have been hospitalized are in need of supportive services and follow-up care and lack a clean and safe place to stay in which to recover after being discharged from a hospital. Your Committee further finds that some extended hospital stays and repeated hospitalizations by homeless persons could be avoided with a coordinated program of care, including medical care, housing assistance, and supportive services.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it choose to deliberate this measure further, consider appropriating \$800,000 for a Medical Respite Pilot Program to improve the quality of life and standard of care for homeless persons in the State.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1797, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1797, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 348-22 Health, Human Services, & Homelessness on H.B. No. 1773**

The purpose of this measure is to appropriate state funds required to draw down the federal matching funds to extend Medicaid postpartum coverage to twelve months following the end of pregnancy.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning; Hawaii State Commission on the Status of Women; American Heart Association; AlohaCare; Hawaii Medical Service Association; Hawaii Association of Health Plans; Early Childhood Action Strategy; Healthcare Association of Hawaii; Healthy Mothers Healthy Babies; Planned Parenthood Alliance Advocates-Hawai'i; Hawaii Children's Action Network Speaks!; Hawaii Women Lawyers; Hawai'i Section of the Obstetricians and Gynecologists; American Academy of Pediatrics, Hawaii Chapter; Save Medicaid

Hawaii; Hawaii Medical Association; Hawaii Family Forum; Hawai'i Pacific Health; Kaiser Permanente Hawai'i; UnitedHealthcare; Hawai'i Public Health Association; Hawaii Primary Care Association; Hawaii Women's Coalition; 'Ahahui o Nā Kauka; and eighteen individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Human Services.

Your Committee finds that the twelve months following childbirth are a critical time, as women are more likely to die of pregnancy-related conditions during this period than during pregnancy or childbirth. Your Committee further finds that Medicaid pregnancy coverage, which pays for nearly half of all births in the United States, expires sixty days after childbirth. However, a provision in the American Rescue Plan Act of 2021 gives states a new option to extend Medicaid postpartum coverage to twelve months via a state plan amendment. This measure appropriates the state funds necessary to draw down federal matching funds to extend Medicaid postpartum coverage to twelve months following the end of pregnancy, which will improve health access for women and children by providing stability and continuity of care with known and trusted providers.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1773 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 349-22 Health, Human Services, & Homelessness on H.B. No. 1481**

The purpose of this measure is to:

- (1) Authorize the use of the Reduced Ignition Propensity Cigarette Program Special Fund to support the duties and responsibilities of the State Fire Council in addition to administering and enforcing the Reduced Ignition Propensity Cigarette Program; and
- (2) Appropriate funds out of the Reduced Ignition Propensity Cigarette Program Special Fund to support the duties and responsibilities of the State Fire Council.

Your Committee received testimony in support of this measure from the Hawaii State Fire Council, Honolulu Fire Department, Maui Fire Department, and Hawai'i Fire Department. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the State Fire Council is tasked with reviewing and adopting the State Fire Code, providing administrative oversight of the Reduced Ignition Propensity Cigarette Program, providing assistance with the application and administration of federal grants for the fire service, assisting and coordinating with the statewide delivery of fire training program, coordinating the collection of fire data, and supporting contingency planning needs for firefighters.

Your Committee further finds that this measure authorizes additional uses for and appropriates funds into the Reduced Ignition Propensity Cigarette Program Special Fund, which will allow the State Fire Council to fulfill its mission with existing revenue to properly support the educational programs and training for a comprehensive fire service emergency management network for the protection of life, property, and the environment in the State.

Your Committee has amended this measure by:

- (1) Deleting the preamble other than the narrow purpose statement of this measure;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1481, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1481, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 350-22 Economic Development on H.B. No. 1491**

The purpose of this measure is to:

- (1) Repeal the deferred payment purchase option for cigarette tax stamps; and
- (2) Require licensees to pay for cigarette tax stamps at the time of purchase using cash, certified check, or bank transfer.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from the Hawaii Smokers Alliance and one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that existing law authorizes deferred payment purchases for cigarette stamp fees. However, your Committee finds that deferred payment purchase of cigarette stamps is no longer necessary and that having the taxpayer pay upon purchase is the most efficient way to administer the cigarette stamps program.

Your Committee notes the testimony of the Department of Taxation before your Committee, which requested that statutory language regarding the Department's authority to modify the cigarette stamp fee be maintained.

Accordingly, your Committee has amended this measure by reinstating language that provides the Department of Taxation with the authority to modify the cigarette stamp fee to reflect actual costs incurred by the State in providing the stamps.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1491, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1491, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (D. Kobayashi). Excused, none.

#### **SCRep. 351-22 Economic Development on H.B. No. 1495**

The purpose of this measure is to:

- (1) Prohibit a production from qualifying for the motion picture, digital media, and film production tax credit if the production hires or compensates an employee of the State or county whose official capacity is related to motion picture, digital media, or film production for certain services; and
- (2) Require a taxpayer claiming the motion picture, digital media, and film production tax credit to identify any such employee in the statement submitted to the Department of Business, Economic Development, and Tourism.

Your Committee received testimony in support of this measure from the Screen Actors Guild – American Federation of Television and Radio Artists. Your Committee received testimony in opposition to this measure from the Island Film Group. Your Committee received comments on this measure from the Department of Taxation; Department of Business, Economic Development, and Tourism; University of Hawai'i System; Academy for Creative Media of the University of Hawai'i at Mānoa; and Tax Foundation of Hawaii.

Your Committee finds that the State offers a generous income tax credit for motion picture, digital media, and film production produced in the State. This tax credit has attracted many to the islands, who use the State's natural beauty in their films or digital media. However, your Committee further finds that there have been cases where state and county employees, whose role potentially may impact the distribution of the tax credit, were directly involved in certain film projects. Your Committee is concerned that this may create a possible conflict of interest. However, your Committee acknowledges the testimony of the Academy for Creative Media of the University of Hawai'i at Mānoa regarding its many faculty members who currently have professional careers in the film industry, in addition to their jobs as educators, who may be inadvertently affected by this measure as currently drafted.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that a production shall not hire a state or county employee whose official capacity is related to issuing film permits or facilitating film production;
- (2) Specifying that, upon its approval, this measure shall apply to taxable years beginning after December 31, 2021; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1495, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1495, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Belatti).

#### **SCRep. 352-22 Economic Development on H.B. No. 1507**

The purpose of this measure is to:

- (1) Increase the tax rate on capital gains; and
- (2) Make the Earned Income Tax Credit refundable and permanent.

Your Committee received testimony in support of this measure from the Hawai'i Alliance for Progressive Action, Hawaii State Teachers Association, Hawai'i Appleseed Center for Law and Economic Justice, Hawai'i Alliance for Community-Based Economic Development, Hawaii Children's Action Network Speak!, Democratic Party of Hawai'i Education Caucus, Imua Alliance, Pono Hawai'i Initiative, Hawai'i Association of School Psychologists, Hawaii Chapter of the American Academy of Pediatrics, League of Women Voters of Hawaii, Parents And Children Together, Americans for Democratic Action Hawai'i, Aloha United Way, Hawai'i Public Health Institute, Hawai'i Health & Harm Reduction Center, UNITE HERE Local 5, and ten individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS, Hawaii Bankers Association, Hawaii Food Industry Association, and two individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Chamber of Commerce Hawaii, Tax Foundation of Hawaii, and Grassroot Institute of Hawaii.

Your Committee finds that the State's tax structure disproportionately impacts working families as it places one of the highest tax burdens on low-income households in the nation, while higher earning households pay a smaller percentage of their income in state taxes. Your Committee further finds that the Earned Income Tax Credit has helped many local families maintain financial security; however, the tax credit is set to expire this year. This measure seeks to provide more equality in the State's tax system by increasing the capital gains tax and making the Earned Income Tax Credit permanent and refundable.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1507 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Onishi). Noes, 1 (Okimoto). Excused, none.

#### **SCRep. 353-22 Economic Development on H.B. No. 2406**

The purpose of this measure is to amend the Earned Income Tax Credit by:

- (1) Making it refundable and permanent; and
- (2) Allowing tax credits claimed for certain taxable years that exceed tax liability for the original claim year to be credited against the net tax liability in subsequent years, until exhausted.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association, Hawai'i Appleseed Center for Law and Economic Justice, Hawai'i Alliance for Community-Based Economic Development, Catholic Charities Hawai'i, Hawaii Children's Action Network Speaks!, Imua Alliance, Democratic Party of Hawai'i Education Caucus, Pono Hawai'i Initiative, Hawai'i Association of School Psychologists, Hawaii Chapter of the American Academy of Pediatrics, Chamber of Commerce Hawaii, Parents And Children Together, Aloha United Way, Hawai'i Public Health Institute, and nine individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that in 2017 Hawaii enacted its own Earned Income Tax Credit. However, unlike many other states and the federal government, Hawaii's Earned Income Tax Credit is non-refundable, meaning households can only use the state credit to reduce their tax liability. This hurts low-income households because they are not able to make full use of the tax credit as they often have little to no tax liability. Your Committee believes that making the Earned Income Tax Credit refundable will provide a pathway to economic stability for Hawaii's working families. This measure would relieve financial pressure that working families face every day as the State's cost of living continues to rise and wages remain stagnant.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2406 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Onishi, Okimoto). Noes, none. Excused, none.

**SCRep. 354-22 Economic Development on H.B. No. 1709**

The purpose of this measure is to establish the whole house water filter system tax credit.

Your Committee received testimony in support of this measure from the International Association of Plumbing and Mechanical Officials and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that a whole house water filter system is a filtration system that is installed where the main water line enters a home and removes impurities and contaminants from water that is distributed throughout the home. This filtration system can help reduce contaminants such as chlorine, iron, sulfur, and more from drinking water. This measure can help protect public health by providing an incentive for tax payers to add additional protections for their water supplies.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1709, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1709, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Onishi). Noes, none. Excused, none.

**SCRep. 355-22 Economic Development on H.B. No. 1492**

The purpose of this measure is to establish a civil penalty for failure to respond to a communication from the Department of Taxation that is related to an inspection or examination of records.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that existing law is silent regarding the consequences for a taxpayer who fails to respond to the Department of Taxation during an official inspection or examination of records. This measure enables the Department of Taxation to effectively promote taxpayer compliance and efficient tax administration by establishing penalties for those who fail to respond to a departmental inquiry.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1492, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1492, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 356-22 Economic Development on H.B. No. 2175**

The purpose of this measure is to conform the state income and estate and generation-skipping transfer tax laws to the Internal Revenue Code of 1986, as amended, as of December 31, 2021.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this annual conformity measure is submitted by the Department of Taxation to ensure state income tax and state estate and generation-skipping transfer tax laws conform to the federal Internal Revenue Code as it exists on December 31 preceding each Regular Session. The purpose of conformity is to update the state tax laws with those changes made to the federal Internal Revenue Code during the past year and adopt those changes that are appropriate for Hawaii law.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2175 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 357-22 Economic Development on H.B. No. 2226**

The purpose of this measure is to amend the tax credit for research activities by:

- (1) Adding a cap for an eligible taxpayer and its related entities per taxable year;
- (2) Consolidating the survey and certification requirements for the tax credit;
- (3) Amending the annual aggregate cap; and
- (4) Requiring certification on a first-come, first-served basis.

Your Committee received testimony in support of this measure from the Hawaii Technology Development Corporation; Oceanit; and Nalu Scientific, LLC. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that the tax credit for research activities is important to the success of local research and high technology companies, as it allows these companies to remain competitive with mainland companies. This measure provides further clarity and consistency in the administration of the tax credit to foster job growth and diversify the State's economy.

Your Committee has amended this measure by:

- (1) Clarifying that the determination of when the Department of Business, Economic Development, and Tourism certifies a credit is based on the date, rather than the date and time, a completed application is received;

- (2) Clarifying that the Department of Business, Economic Development, and Tourism shall certify any remaining credits on a pro rata first-come, first-served basis if the total amount of allowable certified credits is not expended within the first twenty-four hours that applications are made available; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2226, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2226, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 358-22 Economic Development on H.B. No. 1569**

The purpose of this measure is to increase the income threshold eligibility to claim the refundable food/excise tax credit.

Your Committee received testimony in support of this measure from the Children's Action Network Speaks!, Hawai'i Alliance for Progressive Action, Hawaii Food Industry Association, and two individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that Hawaii places one of the highest tax burdens on low-income households in the nation. Families in Hawaii who earn less than \$20,000 per year pay roughly fifteen percent of their income to state and local taxes. In comparison, those who make over \$450,000 pay only about nine percent. This measure would create a more equal tax system and provide some financial relief to those who need it the most by allowing more families to qualify for the refundable food/excise tax credit.

Your Committee has amended this measure by:

- (1) Changing the maximum threshold amounts to qualify for the refundable food/excise tax credit to unspecified amounts; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1569, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1569, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Onishi). Noes, none. Excused, none.

#### **SCRep. 359-22 Economic Development on H.B. No. 1494**

The purpose of this measure is to amend the purpose and duties of the Special Enforcement Section of the Department of Taxation.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the Special Enforcement Section of the Department of Taxation was established to give the Department necessary resources and tools to target high-risk, cash-based transactions to ensure compliance with state tax laws. Your Committee further finds that the duties of the Special Enforcement Section need to be updated to reflect current policies and practices of the Department of Taxation. This measure would update the Special Enforcement Section's legal authority, thereby ensuring compliance with state tax laws and promoting fairness and transparency for Hawaii's taxpayers.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1494 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 360-22 Economic Development on H.B. No. 1490**

The purpose of this measure is to establish a civil penalty for failure to respond to an inquiry or request for information during a state tax examination or investigation.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that existing law is silent regarding a taxpayer who fails to respond to the Department of Taxation's inquiry or request for information during an examination or investigation. This measure will ensure that the Department of Taxation can effectively carry out its investigations, thereby promoting taxpayer compliance and efficient tax administration.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1490 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 361-22 Economic Development on H.B. No. 1493**

The purpose of this measure is to:

- (1) Increase the amount of monies maintained in the Tax Administration Special Fund; and
- (2) Amend the purpose of the special fund.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that existing law only allows the Department of Taxation to use the Tax Administration Special Fund to develop, implement, and provide taxpayer education programs. Your Committee believes that tax compliance programs are equally important as they generate revenue and bolster

voluntary taxpayer compliance in the State. This measure will provide the Department of Taxation with the necessary means and flexibility to implement tax compliance programs.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1493 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Okimoto). Noes, 1 (D. Kobayashi). Excused, none.

#### **SCRep. 362-22 Judiciary & Hawaiian Affairs on H.B. No. 1580**

The purpose of this measure is to specify under the Hawaii Rules of Evidence that courts may order that the testimony of witnesses be taken through a live two-way video connection in certain circumstances.

Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that the Judiciary has been utilizing two-way video technology as a substitute for in-person attendance in proceedings and hearings due to the coronavirus disease 2019 (COVID-19) pandemic. This technology has allowed the Judiciary to continue its essential role in resolving disputes and administering justice in a safe and timely manner. Your Committee further finds that the continued use of two-way video technology post-COVID-19 will provide greater access to the courts, particularly for out-of-state victims.

Your Committee has amended this measure by:

- (1) Requiring the consent of the prosecuting attorney, in addition to the defendant, to allow the testimony of a witness in a criminal proceeding to be taken under oath through a live two-way video connection;
- (2) Clarifying that the attorneys for the defendant and for the State have the right to full direct and cross-examination;
- (3) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1580, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1580, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 363-22 Judiciary & Hawaiian Affairs on H.B. No. 2076**

The purpose of this measure is to authorize:

- (1) The assignment of nonparticipating tobacco manufacturer's qualified escrow fund balances to the State; and
- (2) Escrow agents of qualified escrow funds to petition the courts to authorize transfers of funds to the State when a qualified escrow fund is abandoned.

Your Committee received testimony in support of this measure from the Department of the Attorney General. Your Committee received testimony in opposition to this measure from the Hawaii Smokers Alliance and two individuals.

Your Committee finds that the Tobacco Liability Act requires certain tobacco product manufacturers that are not signatories to the Master Settlement Agreement (nonparticipating tobacco manufacturers) to make certain payments into a qualified escrow fund based on their cigarette sales in the State. Under the Tobacco Liability Act, these nonparticipating tobacco manufacturers are required to open and manage their own escrow fund, with rights to the escrow funds belonging only to the manufacturers and the State.

However, your Committee finds that under existing law, the State is unable to accept any assignment of interest from nonparticipating tobacco manufacturers or receive funds of abandoned escrow funds. In 2018, one nonparticipating tobacco manufacturer indicated a willingness to assign its interest in its qualified escrow fund to the State. This step was part of its efforts to close the escrow fund since the manufacturer no longer sold tobacco products in the United States. This measure would authorize such assignments.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2076, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2076, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 364-22 Judiciary & Hawaiian Affairs on H.B. No. 1179**

The purpose of this measure is to establish and appropriate funds for a pilot program within the Aina Mauna Legacy Program of the Department of Hawaiian Home Lands to remove and harvest gorse from Mauna Kea and develop it as a marketable product to expand economic opportunities for native Hawaiians.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Makahanaloa Fishing Association; Akamai Working Group, LLC; Symbrosia Inc.; Bergknut Consulting Service; Hui Ho'olako for Hawaiian Initiatives; Earth Balancing, Inc.; and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that gorse is an invasive species that is very difficult to eradicate and detrimental in native habitats. Your Committee further finds that the Department of Hawaiian Home Lands' Aina Mauna Legacy Program is the guiding framework for well-coordinated management for long-term protection and perpetuation of the Aina Mauna ecosystem in the Humuulu-Piihonua area located on the northeast slopes of Mauna Kea. This measure is intended to address the significant need for greater economic opportunities for native Hawaiians by supporting the collection and product development of gorse from Mauna Kea.

Your Committee has amended this carryover measure by updating certain dates for the 2022-2023 fiscal year.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider appropriating \$500,000 for the establishment of the pilot program.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1179, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1179, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 365-22 Judiciary & Hawaiian Affairs on H.B. No. 2028**

The purpose of this measure is to allow milk producers to sell raw milk and raw milk products directly to consumers for human consumption, subject to certain conditions.

Your Committee received testimony in support of this measure from the Weston A. Price Foundation, Mauna Kea Tea, and nineteen individuals. Your Committee received testimony in opposition to this measure from Department of Agriculture, Department of Health, Hawai'i Farm Bureau, Hawaii Food Industry Association, and one individual.

Your Committee finds that there is a demand for raw, unpasteurized milk and raw milk products in the State based on the health benefits and taste of raw milk. Your Committee further finds that raw milk can be produced safely and is already sold in many other states. This measure will enable Hawaii consumers to purchase raw milk and milk products directly from farmers.

Your Committee also finds that the Department of Health recently embargoed unpasteurized goat milk from various pet store supply and food retailers in Hawaii. Raw goat milk provides various health benefits for pets, particularly pets with certain health conditions. It is easy to digest and a natural probiotic for pets such as dogs and cats. Your Committee believes that the sale of raw goat milk should be allowed for the limited purpose of pet consumption.

Accordingly, your Committee has amended this measure by:

- (1) Authorizing the sale of raw goat milk for pet consumption;
- (2) Requiring the Department of Health to adopt rules by July 1, 2023, governing the sale of raw goat milk for pet consumption;
- (3) Establishing labeling requirements for raw goat milk containers or packaging; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2028, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2028, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Todd, Tokioka, Ward). Noes, 2 (Matayoshi, Nakamura). Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 366-22 Judiciary & Hawaiian Affairs on H.B. No. 1991**

The purpose of this measure is to:

- (1) Prohibit, in counties with a population of five hundred thousand or more, the sale of a bicycle that is reported as stolen and listed on a publicly available online stolen item database;
- (2) Require the police department in counties with a population of five hundred thousand or more to establish the publicly available online stolen item database; and
- (3) Update the recordkeeping and retention requirements for businesses that buy previously owned articles.

Your Committee received testimony in support of this measure from the Honolulu Police Department and four individuals. Your Committee received testimony in opposition to this measure from the National Pawnbrokers Association, Hawaii Pawnbrokers Association, Kama'aina Loan and Cash for Gold, and Hawaii Gold & Silver Company.

Your Committee finds that bicycle thefts can significantly impact a person financially and hinder the State's sustainability goals of reducing carbon emissions and utilizing low carbon transportation. Existing laws requiring the registration of bicycles and imposing fines for the failure to do so are not sufficient in stopping bicycle theft and resale. This measure seeks to directly address the issue of stolen bicycle resales by prohibiting the sale of bicycles reported as stolen and listed on a publicly available online stolen item database.

Your Committee has amended this measure by:

- (1) Deleting portions of the purpose section;
- (2) Deleting language that would have updated the recordkeeping and retention requirements for businesses that buy previously owned articles;
- (3) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Consumer Protection & Commerce, should it deliberate on this measure, to examine making online sales platforms more accountable for stolen bicycle sales.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1991, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1991, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

**SCRep. 367-22 Judiciary & Hawaiian Affairs on H.B. No. 2146**

The purpose of this measure is to repeal the expiration of, and fees for, a civil license to solemnize marriage to assure equity among religious, judicial, and civil performers.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee finds that there are no fees for licenses to solemnize marriages for religious and judicial marriage solemnizers. Your Committee further finds that the State should benefit from its sanction to duly authorize marriage officiants.

Accordingly, your Committee has amended this measure by:

- (1) Establishing a \$25 fee for all licenses to solemnize a marriage to be deposited into the general fund;
- (2) Allowing the Department of Health to increase the fee, subject to certain requirements;
- (3) Requiring the Department of Health to account for the collection and deposit of the fee into the general fund; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2146, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2146, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

**SCRep. 368-22 Judiciary & Hawaiian Affairs on H.B. No. 1903**

The purpose of this measure is to require first responders to record in the incident report for each water rescue event the type of snorkel and mask, if any, worn by the person who was rescued or recovered.

Your Committee received testimony in support of this measure from numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Health and one individual.

Your Committee finds that the safety of visitors and residents in Hawaii's waters is of statewide concern. Requiring all counties to record standardized, empirical data about the type of snorkel and mask, if any, worn by persons who were rescued or recovered during water rescue events will help the State determine whether certain types of snorkels or masks lead to a higher risk of drowning.

Your Committee has amended this measure by:

- (1) Deleting language that designated the measure as the "David Loasby Law";
- (2) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1903, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1903, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

**SCRep. 369-22 Judiciary & Hawaiian Affairs on H.B. No. 892**

The purpose of this measure is to:

- (1) Clarify the membership requirements for the Law Enforcement Standards Board to facilitate participation and representation;
- (2) Enable the Law Enforcement Standards Board to research the impact of uniform standards, certification, and training on existing legal requirements;
- (3) Establish new deadlines for the completion of the Law Enforcement Standards Board's significant responsibilities; and
- (4) Appropriate funds to enable the Law Enforcement Standards Board to accomplish its mission.

Your Committee received testimony in support of this measure from the Department of Transportation, Department of Taxation, Department of the Attorney General, Department of Land and Natural Resources, Law Enforcement Standards Board, Hawai'i Police Department, and one individual. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that the Law Enforcement Standards Board needs significantly more time and resources to accomplish its mission of providing programs and standards for training and certification of law enforcement officers.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider increasing the appropriation amount in this measure to \$483,000 to cover the costs of staffing and expenses of the Law Enforcement Standards Board.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 892, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 892, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

**SCRep. 370-22 Judiciary & Hawaiian Affairs on H.B. No. 2421**

The purpose of this measure is to establish a three-year women's court pilot program in the First Circuit of the Judiciary to acknowledge the distinct pathways that lead women into the criminal justice system and address their individualized needs. Specifically, this measure:

- (1) Requires the pilot program to implement trauma-informed and evidence-based practices, employ gender-responsive programming, collaborate with stakeholders, and provide services to women in the court system with the goal of diverting participants from incarceration, supporting their success in the community, and reducing recidivism;
- (2) Appropriates \$695,236 for equipment; mental health, substance abuse treatment, and other services; and the establishment of seven temporary positions for the pilot program; and
- (3) Requires the Judiciary to submit annual reports on the pilot program throughout its duration.

Your Committee received testimony in support of this measure from the Judiciary, Hawaii State Bar Association, Women's Prison Project, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that research has shown that gender-responsive approaches result in far better outcomes for women who face unique barriers to success after incarceration. Women offenders are more likely to be primary caregivers for young children, have lower educational attainment, lack stable work history, and experience economic or social marginalization. This measure seeks to address these barriers and improve outcomes for women offenders.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2421 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Lowen, Ward).

#### **SCRep. 371-22 Judiciary & Hawaiian Affairs on H.B. No. 1883**

The purpose of this measure is to require the exterior of the envelope containing the ballot package for elections by mail to include instructions on how to obtain language translation services in Hawaiian and certain other non-English languages.

Your Committee received testimony in support of this measure from the Office of Language Access, City and County of Honolulu Elections Division, Common Cause Hawaii, Stonewall Caucus of the Democratic Party of Hawai'i, Hawai'i Friends of Civil Rights, Filipina Advocacy Network, Hawai'i Coalition for Immigrant Rights, and four individuals. Your Committee received comments on this measure from the Office of Elections.

Your Committee finds that language translation services are already required and used by the State and counties for in-person voting. This measure will ensure that limited English proficient voters are informed about how to obtain language translation services when voting by mail.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1883, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1883, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Lowen, Ward).

#### **SCRep. 372-22 Judiciary & Hawaiian Affairs on H.B. No. 1843**

The purpose of this measure is to appropriate funds for the Judiciary to purchase civil legal services for low- and moderate-income persons.

Your Committee received testimony in support of this measure from the Judiciary, Volunteer Legal Services Hawai'i, Legal Aid Society of Hawai'i, Filipina Advocacy Network, Hawaii Justice Foundation, The Legal Clinic, Hawaii Access to Justice Commission, and six individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that legal services can be prohibitively expensive for low- and moderate-income persons. Your Committee further finds that there are several nonprofit and volunteer organizations in the State that provide quality legal services to these persons. This measure helps to ensure that legal services are available to persons who need them but lack the resources to pay for them.

Your Committee has amended this measure by:

- (1) Amending the purpose section to delete references to specific nonprofit and volunteer organizations; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1843, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1843, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Lowen, Ward).

#### **SCRep. 373-22 Judiciary & Hawaiian Affairs on H.B. No. 1965**

The purpose of this measure is to make the State's civil asset forfeiture process more just by:

- (1) Restricting civil asset forfeiture to cases involving the commission of a covered offense where the person exercising some degree of control over the property is charged with an offense related to the property;
- (2) Adopting a higher standard of proof for the State to forfeit property;
- (3) Allowing for the transfer of certain property to any local or state government entity, municipality, or law enforcement agency within the State for use for a period of no longer than twelve months, before transferring back to the Attorney General;
- (4) Directing forfeiture proceeds to certain involved state and local governments and to the general fund;
- (5) Amending the allowable expenses for monies in the criminal forfeiture fund;
- (6) Requiring the Attorney General to adopt rules necessary to carry out the purpose of the Hawaii Omnibus Criminal Forfeiture Act; and

(7) Amending the deadline for the Attorney General to report to the Legislature on the use of the Hawaii Omnibus Criminal Forfeiture Act.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Americans for Democratic Action Hawaii, and Common Cause Hawaii. Your Committee received testimony in opposition to this measure from the Department of Public Safety, Office of the Public Defender, Honolulu Police Department, Office of the Prosecuting Attorney for the County of Kaua'i, Department of the Prosecuting Attorney of the City and County of Honolulu, and Department of the Prosecuting Attorney of the County of Maui. Your Committee received comments on this measure from Grassroot Institute of Hawaii.

Your Committee finds that restricting civil asset forfeiture to cases where the person exercised some degree of control over the property and is charged with an offense related to the property will help ensure that property is not arbitrarily confiscated. Furthermore, elevating the standard of proof for the State to forfeit property from preponderance of the evidence to clear and convincing evidence, which is the highest standard used in civil proceedings, will ensure fairness in the civil asset forfeiture process.

Your Committee also finds that imposing time limitations on the use of forfeited property by local or state government entities, municipalities, or law enforcement agencies and amending the distribution and use of proceeds from the sale of forfeited property will minimize the financial incentive for law enforcement agencies to seize and keep forfeited property.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1965, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1965, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 3 (Nakamura, Todd, Tokioka). Excused, 3 (LoPresti, Lowen, Ward).

#### **SCRep. 374-22 Judiciary & Hawaiian Affairs on H.B. No. 1886**

The purpose of this measure is to:

- (1) Ban hemp products that contain cannabinoids created through isomerization, including Delta 8 tetrahydrocannabinol; and
- (2) Add Delta 8 tetrahydrocannabinol to the list of schedule I controlled substances.

Your Committee received testimony in support of this measure from the Department of Health and Honolulu Police Department.

Your Committee finds that hemp products containing Delta 8 tetrahydrocannabinol are not approved by the United States Food and Drug Administration (FDA) and may put consumers at risk. The FDA and poison control centers across the nation reported an uptick of adverse events related to Delta 8 tetrahydrocannabinol that included vomiting, hallucinations, trouble standing, and loss of consciousness. The FDA also reported that Delta 8 tetrahydrocannabinol may be marketed in ways that put the public health at risk, including marketing the product for therapeutic or medical uses and marketing to children. This measure will help protect Hawaii consumers and children by banning hemp products that contain Delta 8 tetrahydrocannabinol and adding Delta 8 tetrahydrocannabinol to the list of schedule I controlled substances.

Your Committee has amended this measure by changing the effective date to January 1, 2022, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1886, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1886, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Lowen, Ward).

#### **SCRep. 375-22 Judiciary & Hawaiian Affairs on H.B. No. 1625**

The purpose of this measure is to address existing funding shortfalls experienced by the Crime Victim Compensation Commission by exempting the Crime Victim Compensation Special Fund from transfers for central service expenses and from paying reimbursements for departmental administrative expenses.

Your Committee received testimony in support of this measure from the Department of Public Safety, Crime Victim Compensation Commission, Department of the Prosecuting Attorney of the City and County of Honolulu, Department of the Prosecuting Attorney of the County of Maui, County of Kauai Victim/Witness Program, Hawaii State Coalition Against Domestic Violence, and Mothers Against Drunk Driving.

Your Committee finds that the Crime Victim Compensation Commission is facing funding problems due to the failure of judges to impose the crime victim compensation fee in all eligible cases and court closures during the COVID-19 pandemic. Furthermore, the Commission is required to pay two assessments to the Department of Budget and Finance on all non-tax revenue collected by, or on behalf of, the Commission. Payment of these two assessments limits the amount of funds available for the Commission to pay other operating expenses and victim compensation awards and hinders the Commission's fiscal self-sufficiency. This measure will exempt the Crime Victim Compensation Special Fund from transfers for these reimbursements.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1625, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1625, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Lowen, Ward).

#### **SCRep. 376-22 Judiciary & Hawaiian Affairs on H.B. No. 2511**

The purpose of this measure is to provide \$600,000,000 to the Department of Hawaiian Home Lands to pursue a multi-pronged approach to eliminating its waitlist. Specifically, this measure:

- (1) Establishes the Hawaiian Home Lands Special Fund; and
- (2) Appropriates funds into and out of the Hawaiian Home Lands Special Fund to enable beneficiaries of the Hawaiian Home Lands Trust to acquire a residence and to enable the Department of Hawaiian Home Lands to fulfill its fiduciary duties to beneficiaries.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Department of Hawaiian Home Lands; Hawaii State Council on Developmental Disabilities; We Are One, Inc.; League of Women Voters of Hawaii; Council for Native Hawaiian Advancement; Kua'āina Ulu 'Auamo; Kanaeokana; The Queen's Health Systems; Boys & Girls Club of Hawaii; Iolani Palace; Hawaiian Community Assets; Hawai'i Community Lending; Native Hawaiian Chamber of Commerce; Catholic Charities Hawai'i; Hawaiian Community Development Board; Hawaii Habitat for Humanity Association; and nine individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Tax Foundation of Hawaii.

Your Committee finds that the Department of Hawaiian Home Lands faces multi-faceted challenges in fulfilling its mission to develop and deliver land to native Hawaiians. These challenges include the availability of beneficiary preferred lands, cost of infrastructure, and capital for mortgage financing. Your Committee further finds that the revenues collected as of the 2021 fiscal year provide an unprecedented opportunity for the Legislature to ensure critical long-term access to adequate funding for the Department of Hawaiian Home Lands to meet its challenges and fulfill its mission to native Hawaiians.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2511, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2511, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Lowen, Ward).

#### **SCRep. 377-22 Judiciary & Hawaiian Affairs on H.B. No. 1870**

The purpose of this measure is to appropriate funds for a program coordinator and various services to support the Judiciary's 'Ōlelo Hawai'i initiatives.

Your Committee received testimony in support of this measure from the Judiciary, Office of Hawaiian Affairs, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Judiciary is exploring ways to provide 'Ōlelo Hawai'i (Hawaiian language) resources, interpreter, and translation services to the public. This measure is not intended to supplant the Judiciary's existing funding or budget requests to ensure greater support for its 'Ōlelo Hawai'i initiatives.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1870, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1870, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Lowen, Ward).

#### **SCRep. 378-22 Judiciary & Hawaiian Affairs on H.B. No. 1761**

The purpose of this measure is to authorize the issuance of limited purpose identification cards for individuals who otherwise satisfy the requirements for a government-issued identification card except for the individual's inability or refusal to provide satisfactory proof of authorized presence in the United States under federal law.

Your Committee received testimony in support of this measure from the Office of Community Services, Hawai'i Friends of Civil Rights, Filipina Advocacy Network, The Legal Clinic, Medical-Legal Partnership for Children in Hawai'i, Hawai'i Coalition for Immigrant Rights, and five individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that in 2015, the Legislature authorized the issuance of limited purpose driver's licenses, limited purpose provisional driver's licenses, and limited purpose instruction permits to individuals who otherwise satisfy the requirements for a driver's license, provisional driver's license, or instruction permit except for the individual's inability or refusal to provide satisfactory proof of authorized presence in the United States under the federal REAL ID Act. Your Committee further finds that the State does not similarly provide residents who do not drive and are unable to meet the requirements for a REAL ID-compliant identification card with the ability to access state-issued identification. This issue impacts several demographic groups, including young adults, elderly persons, houseless persons, undocumented immigrants, and lawfully present non-immigrants, and is exacerbated by the COVID-19 pandemic since proof of identification is required for entry into many public venues. Authorizing the issuance of limited purpose identification cards will improve access for residents of the State, including marginalized or disadvantaged residents.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1761, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1761, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (LoPresti, Lowen, Ward).

#### **SCRep. 379-22 Judiciary & Hawaiian Affairs on H.B. No. 1759**

The purpose of this measure is to appropriate funds to the Judiciary to contract with nonprofit organizations to provide legal counsel and assistance to low-income immigrants in immigration proceedings, including deportation defense and asylum, and for any other immigration legal issues.

Your Committee received testimony in support of this measure from the Office of the Public Defender, Office of Community Services, Volunteer Legal Services Hawaii, Filipina Advocacy Network, Hawai'i Access to Justice Commission, The Legal Clinic, Pacific Gateway Center, Hawai'i Coalition for Immigrant Rights, Medical-Legal Partnership for Children in Hawai'i, Hawai'i Friends of Civil Rights, and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that many immigrants lack the resources to obtain legal representation to help navigate the highly complex immigration court process, which may result in detainment or deportation. This measure will allow immigrants to obtain vital legal counsel and assistance to ensure a more fair process.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1759 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (McKelvey). Noes, none. Excused, 3 (LoPresti, Lowen, Ward).

#### **SCRep. 380-22 Judiciary & Hawaiian Affairs on H.B. No. 2073**

The purpose of this measure is to satisfy several claims against the State, its officers, or its employees.

Your Committee received testimony in support of this measure from the Department of the Attorney General. Your Committee received comments on this measure from Department of Budget and Finance.

Your Committee finds that the Department of the Attorney General testified that it has advised its client agencies on how to avoid claims such as those included in this measure.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2073 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (McKelvey). Excused, 3 (LoPresti, Lowen, Ward).

#### **SCRep. 381-22 Judiciary & Hawaiian Affairs on H.B. No. 1655**

The purpose of this measure is to expand the types of activities excluded from the definition of "development" as it applies to special management areas to reduce the need for special management area permits for these activities.

Your Committee received testimony in support of this measure from the Department of Transportation, Office of Planning and Sustainable Development, one member of the Maui County Council, Department of Public Works of the County of Maui, Department of Planning of the County of Maui, Department of Planning and Permitting of the City and County of Honolulu, and one individual.

Your Committee finds that this measure will streamline special management area permitting procedures and reduce costs for certain activities that do not have adverse environmental impacts on the special management area.

Your Committee has amended this measure by:

- (1) Amending the exclusion for installation, maintenance, repair, and replacement of public pedestrian and bicycle facilities to include traffic control barriers that will not obstruct shoreline access;
- (2) Excluding the installation of fencing for protection of public utility infrastructure;
- (3) Excluding the construction, installation, maintenance, repair, and replacement, including the installation of security measures, to existing government facilities in the special management area by government agencies; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1655, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1655, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (McKelvey). Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 382-22 Judiciary & Hawaiian Affairs on H.B. No. 2187**

The purpose of this measure is to:

- (1) Provide for the expiration of two terms of members of the University of Hawaii Board of Regents each year, instead of three terms; and
- (2) Require the Governor to adjust the terms of members appointed to the University of Hawaii Board of Regents until the number of terms set to expire each year is two, not including the student member.

Your Committee received testimony in support of this measure from the University of Hawaii Board of Regents.

Your Committee finds that Act 172, Session Laws of Hawaii 2019, reduced the number of members of the University of Hawaii Board of Regents (Board) from fifteen to eleven. This means that the expiration of members terms are not evenly distributed over coming years which may result in sudden losses of institutional knowledge and experience. This measure seeks to realign the terms of Board members until an equitable number of terms expire each year.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2187, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 383-22 Judiciary & Hawaiian Affairs on H.B. No. 1560**

The purpose of this measure is to amend the minimum qualifications for Board of Education members to:

- (1) Diversify the experiences of board members to include knowledge, experience, and proven expertise in education, workforce development, critical industries to the State, emerging fields, energy, advanced manufacturing, health care, business, technology, entrepreneurship, real estate, finance, or organizational management; and

- (2) Clarify that members must have an understanding of best practices in educational governance through organizations such as the National Association of State Boards of Education or similar organizations.

Your Committee received testimony in support of this measure from HawaiiKidsCAN and one individual. Your Committee received comments on this measure from the Board of Education.

Your Committee finds that requiring Board of Education members to have diversified backgrounds, expertise, and perspectives and knowledge about best practices from expert organizations will advance Hawaii's education system.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1560, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1560, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 384-22 Judiciary & Hawaiian Affairs on H.B. No. 1209**

The purpose of this measure is to require the Department of Taxation, by January 1, 2026, to suspend and refund certain income tax amounts received or withheld upon the passage and ratification of a constitutional amendment authorizing the State to have real property taxing authority and the enactment of a state law specifying real property tax amounts.

Your Committee received testimony in opposition to this measure from Hawaii Children's Action Network Speaks!, League of Women Voters of Hawaii, Hawai'i Appleseed Center for Law and Economic Justice, Maui Chamber of Commerce, and eleven individuals. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that Hawaii has the second highest income tax rates and the lowest real property tax rates in the nation. This tax structure results in the overall tax burden being placed on the residential workforce, while effectively subsidizing non-residents' real estate investments in Hawaii. This measure will suspend and refund by January 1, 2026, personal and corporate income tax amounts received or withheld by the Department of Taxation upon the ratification of a constitutional amendment authorizing the State to tax real property and the enactment of state law specifying real property tax amounts to be levied and assessed.

Your Committee further finds that the intention of this measure is to eliminate personal and business income taxes and offset these tax revenue sources with real property taxes. Your Committee believes it is the intention of the Legislature to eventually double the homeowner and senior exemptions on real property taxes to lessen the overall tax burden on local residents. This measure is contingent upon the enactment of House Bill No. 1208, House Draft 2, Regular Session of 2022, and the ratification of an amendment to the Hawaii State Constitution that repeals the counties' exclusive authority for real property taxation.

Your Committee has amended this measure by:

- (1) Clarifying the intention of the measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1209, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1209, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Takumi, Tokioka). Noes, 1 (Ward). Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 385-22 Judiciary & Hawaiian Affairs on H.B. No. 1571**

The purpose of this measure is to make it a civil violation for a person to intentionally, knowingly, or negligently:

- (1) Misrepresent the person's COVID-19 vaccination status to a business, church, nonprofit organization, or governmental entity;
- (2) Falsify, alter, or purchase falsified or altered COVID-19 vaccination documents for personal use;
- (3) Use a falsified or altered COVID-19 vaccination card; or
- (4) Sell, distribute, or manufacture a falsified or altered COVID-19 vaccination card for use by others.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Primary Care Association, and Hawaii Immunization Coalition. Your Committee received testimony in opposition to this measure from one member of the Kaua'i County Council, Honolulu County Republican Party, ShakaMaps LLC, HiKai Freedom Hui, and numerous individuals. Your Committee received comments on this measure from the Department of the Attorney General and one individual.

Your Committee finds that the State and its residents, businesses, and health care professionals rely on accurate COVID-19 vaccination information to ensure compliance with health and safety requirements. The increased use of falsified vaccination verification documents in the State jeopardizes public health and safety and economic stability. Your Committee believes that persons who use or manufacture falsified vaccination verification documents should be held criminally responsible for their actions.

Accordingly, your Committee has amended this measure by amending the civil violation to instead establish the criminal offense of falsified COVID-19 vaccination status, which prohibits a person from intentionally, knowingly, or recklessly:

- (1) Providing false information regarding the person's or another person's COVID-19 vaccination status to a business, nonprofit organization, or governmental entity;
- (2) Uploading, providing, presenting, uttering, or otherwise using falsified verification of the person's or another person's COVID-19 vaccination status; and
- (3) Manufacturing, distributing, disseminating, issuing, selling, offering for sale, importing, or offering to import into this State falsified verification of COVID-19 vaccination status or a blank or incomplete COVID-19 vaccination status verification document or code under circumstances that would lead a reasonable person to believe that the blank or incomplete verification document or code would be used to create a falsified verification.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1571, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1571, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 386-22 Judiciary & Hawaiian Affairs on H.B. No. 1414**

The purpose of this measure is to make a person who is the registered owner of a vehicle that was deemed abandoned or derelict subject to a tiered fine system for multiple violations.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council, Department of Customer Services of the City and County of Honolulu, Department of Environmental Management of the County of Maui, Department of Environmental Management of the County of Hawai'i, Kauai Police Department, Hawaii Council of Mayors, Nanawale Board of Directors, and seven individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that counties are inundated with complaints regarding abandoned or derelict vehicles. Your Committee further finds that the counties are burdened with the costs of towing and disposing of those vehicles with no mechanism to recover the costs. This measure will aid in the recovery of costs from registered owners with multiple abandoned or derelict vehicles while deterring the abandonment of vehicles.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1414, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 387-22 Consumer Protection & Commerce on H.B. No. 2272**

The purpose of this measure is to:

- (1) Permit sixty-seven percent of condominium unit owners to amend a condominium declaration;
- (2) Require developers' public reports to include annual reserve contributions based on a reserve study;
- (3) Clarify time and date requirements for petitions to amend bylaws and calls for special meetings; electronic, machine, and mail voting during periods of emergency; time frame for approval of minutes; and board meeting participation; and
- (4) Require a condominium association's reserve study to be performed by an independent, certified reserve specialist and prepared or updated at least every three years.

Your Committee received testimony in support of this measure from the Hawaii State Association of Parliamentarians and three individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Hawaii Council of Associations of Apartment Owners; Hawaii Insurers Council; Associa; Community Associations Institute, Legislative Action Committee Hawaii Chapter; and ten individuals.

Your Committee finds that this measure makes various clarifying amendments related to condominium governance and financial solvency, including offering condominium associations the ability to make rules available to condominium owners on an association's website. Your Committee notes that many condominium associations do offer accommodation in hard copy and other means of providing notice and it is not your Committee's intention to curtail this practice. Rather, the expectation of your Committee is that condominium associations will continue to offer accommodations regarding notice. However, your Committee does believe this issue may warrant clarification as this measure moves through the legislative process.

Your Committee further finds that this measure amends the condominium law to specify that a proxy must be given to the secretary or managing agent of an association no later than Hawaii-Aleutian Standard Time. Your Committee understands that this is duplicative, as section 1-30, Hawaii Revised Statutes (HRS), specifies that times referred to in statute are to be construed to be Hawaiian Standard Time. Your Committee notes, however, that many condominium associations may be multi-state and may be looking only within the condominium law, rather than the overall HRS. Therefore, your Committee finds that the reference to Hawaii-Aleutian Standard Time is a helpful clarification for those who may be unfamiliar with the HRS, even though it is not strictly necessary.

Your Committee has amended this measure by:

- (1) Removing the requirement that a condominium association's reserve study be completed by an independent, certified reserve specialist every three years;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2272, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2272, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 388-22 Education/Higher Education & Technology on H.B. No. 2284**

The purpose of this measure is to address the shortfall of licensed teachers in public schools, especially in Hawaiian immersion and identified shortage area schools, by establishing and appropriating funds for the Hawaii Teacher Stipend Program, to be administered by the Department of Education, to provide stipends to students enrolled in a University of Hawaii teacher program and who agree to teach in Hawaii's public schools for five years, with preference given for students who commit to teach in a Hawaiian immersion school.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs; Department of Education; State Public Charter School Commission; Hawaii State Teachers Association; 'Aha Pūnana Leo; Kamehameha Schools; Ka 'Aumanu, Nā Leo Kāko'o o Maui, Inc.; Hui Makua o Pū'ōhala; Kanaeokana; Aha Kauleo; Ke Kula Kaiapuni o Waimanalo; Ke Kula Kaiapuni o Kalama; and numerous individuals. Your Committees received testimony in support of the intent of this measure from the College of Education of the University of Hawaii at Manoa. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that Olelo Hawaii, the Hawaiian language, has been the native language of Hawaii's indigenous people for over two thousand years and has provided the foundation for the establishment and development of Hawaiian society. Your Committees further find that the Ka Papahana Kaiapuni, or the Hawaiian language immersion program, established under Board of Education policy 105-8 in 1986, helped to revitalize Hawaii's native language and create new generations of Hawaiian language speakers. However, despite the many successes of the Hawaiian immersion program, there is still a shortage of qualified teachers, including a lack of Hawaiian immersion special education service providers, which impedes the success and growth of Hawaiian immersion schools. This measure will incentivize and give preference to university students enrolled in teacher education programs to commit to teaching in Hawaiian immersion schools and provide greater access to Hawaiian immersion education to Hawaii's youth in the future.

Your Committees have amended this measure by:

- (1) Establishing the Hawaii Charter School Stipend Program and Hawaii Charter School Stipend Program Special Fund, to be administered by the State Public Charter School Commission, for students enrolled in a University of Hawaii teacher education program and who agree to teach in public charter schools for five years, with preference given for students who commit to teach in a Hawaiian immersion school;
- (2) Appropriating funds to be deposited into the Hawaii Charter School Teacher Stipend Program Special Fund and for the establishment and implementation of the Hawaii Charter School Stipend Program;
- (3) Changing its effective date to July 1, 2050; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Education and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2284, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2284, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 11. Noes, none. Excused, 1 (Ohno).

Higher Education & Technology: Ayes, 11. Noes, none. Excused, 1 (Ohno).

#### **SCRep. 389-22 Education/Economic Development on H.B. No. 2330**

The purpose of this measure is to require and appropriate funds to the Department of Education to establish a native hatchery fish pilot program at Waianae High School.

Your Committees received testimony in support of this measure from the Department of Education, Kua'āina Ulu 'Auamo, Hawaii Food+ Policy, Ko'olau Waialua Alliance, and nine individuals. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that loko i'a, or traditional fishponds, offer a critical opportunity for realizing the promise of Hawaii's sustainable future, as they represent a unique nexus of environmental, cultural, social, and economic benefits. Your Committees further find that the marine science learning center at Waianae High School currently has a functioning aquaculture facility with a saltwater well that has been the central focus of the science curriculum delivered to students enrolled in the major for more than twenty-five years. Your Committees believe that Waianae High School is capable of hosting a fish hatchery pilot program to further the development of hatcheries for fishpond production in the State and provide training and certification pathways for aquaculture technicians and operators at fishponds.

Your Committees have amended this measure by:

- (1) Changing the amounts appropriated to unspecified amounts;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

Should your Committee on Finance decide to deliberate on this measure, your Committees on Education and Economic Development respectfully request that it consider appropriating \$855,000 for fiscal year 2022-2023 to the Department of Education for the establishment of a native fish hatchery pilot program at Waianae high school, to be used as follows:

- (1) \$65,000 for one full-time equivalent (1.0 FTE) hatchery manager position;
- (2) \$90,000 for two full-time equivalent (2.0 FTE) hatchery technicians; and
- (3) \$700,000 for the construction, operation, and maintenance of a hatchery, including the greenhouse structure to house the hatchery operations.

As affirmed by the records of votes of the members of your Committees on Education and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2330, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2330, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 9. Noes, none. Excused, 3 (Belatti, Gates, Yamane).

Economic Development: Ayes, 6. Noes, none. Excused, 2 (Belatti, D. Kobayashi).

#### **SCRep. 390-22 Higher Education & Technology on H.B. No. 1415**

The purpose of this measure is to protect the community from violence and threats of violence by:

- (1) Assisting organizations in developing threat assessment teams by providing them the opportunity for threat assessment training and assistance with threat team building;
- (2) Enabling threat assessment team members to obtain and share information from different sources needed to assess threats of violence; and
- (3) Protecting personal privacy by ensuring that only vetted threat assessment team members may receive certain sensitive information and specifying that the information may not be used for any purpose beyond what is necessary for a team to assess a threat.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii State Fusion Center, and Honolulu Police Department. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Judiciary and Department of Budget and Finance.

Your Committee finds that when communities face violence or threats of violence, the development of threat assessment teams within organizations can help these organizations identify, assess, and manage the threats. A multidisciplinary threat assessment team consisting of individuals with diverse training

and experience, including psychologists, health care providers, social workers, substance abuse counselors, and disability service providers, can help prevent violence and find solutions to manage threats.

Your Committee has amended this measure by:

- (1) Specifying that addressing threats of violence through the development of threat assessment teams is a matter of statewide concern;
- (2) Removing amendments that would have allowed the Hawaii State Fusion Center of the Office of Homeland Security access to information from the juvenile justice information system; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that should your Committee on Finance choose to hear this measure, it consider appropriating \$100,000 for the first year of training costs and related expenses.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1415, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1415, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Quinlan).

#### **SCRep. 391-22 Higher Education & Technology on H.B. No. 2185**

The purpose of this measure is to authorize the University of Hawaii to issue \$100,000,000 in revenue bonds to complete as many of its priority capital facility construction, renovation, modernization, and repair projects as possible.

Your Committee received testimony in support of this measure from the University of Hawai'i System.

Your Committee finds that this measure is necessary to enable the University of Hawaii to continue addressing its capital facility needs, including construction of new projects and reducing the backlog of major repairs and maintenance.

Your Committee has amended this measure by:

- (1) Changing the amounts of the revenue bonds authorized and revenue bond proceeds appropriated to unspecified amounts; and
- (2) Changing its effective date to July 1, 2050, to encourage further discussion.

Your Committee respectfully requests that should your Committee on Finance choose to hear this measure, it consider authorizing the issuance of \$100,000,000 in revenue bonds and appropriating the same amount in revenue bond proceeds.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2185, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2185, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Ohno, Quinlan).

#### **SCRep. 392-22 Higher Education & Technology on H.B. No. 2229**

The purpose of this measure is to:

- (1) Require the University of Hawaii to establish and implement a two-year program to study the impact of sandbag walls on sand movement patterns and coastal erosion and on certain public trust resources at Ehukai Beach Park on the North Shore of Oahu, including from the shoreline area near Ke Iki Road to Sunset Beach;
- (2) Require the University of Hawaii to submit a report of its study findings and recommendations to the Legislature prior to the Regular Session of 2025; and
- (3) Appropriate funds to the University of Hawaii for the study.

Your Committee received testimony in support of this measure from the University of Hawaii System, Oceanit, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Land and Natural Resources.

Your Committee finds that beach and shoreline erosion has been a persistent and increasing problem for the Hawaiian islands and is particularly acute in certain sections of the North Shore of Oahu. Your Committee further finds that sand bag walls, often referred to as "sand burritos", are one of several erosion control devices. However, sand bag walls are only a temporary measure against erosion, and it is unclear if there may be other, unintended consequences from their use. This measure appropriates funds to study the use of sandbag walls and how they affect sand movement patterns and coastal erosion.

Your Committee notes that the estimated cost for the study, as suggested by the University of Hawaii, is between \$300,000 to \$500,000 over a three-year period.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2229, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Kapela). Noes, none. Excused, 1 (Quinlan).

#### **SCRep. 393-22 Higher Education & Technology on H.B. No. 2410**

The purpose of this measure is to establish a working group to develop a plan for the phased consolidation of information technology services and staff within Executive Branch agencies of the State over a five-year timespan, excluding the Department of Education, Hawaii Health Systems Corporation, and University of Hawaii.

Your Committee received testimony in support of this measure from the Office of Enterprise Technology Services and Transform Hawai'i Government.

Your Committee finds that large organizations like state government would benefit by consolidating information technology resources to gain economies of scale and provide for a more efficient and secure use of technology and information management.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2410, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2410, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 1 (Quinlan).

#### **SCRep. 394-22 Housing on H.B. No. 1748**

The purpose of this measure is to support the development of more affordable rental housing in the State by authorizing, and appropriating funds for, the issuance of general obligation bonds for deposit into the Rental Housing Revolving.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, EAH Housing, Catholic Charities Hawai'i, and Partners In Care. Your Committee received comments on this measure from the Hawai'i Appleseed Center for Law & Economic Justice.

Your Committee finds that there is a shortage of available funding in the Rental Housing Revolving Fund, which was created to provide loans or grants for the development, pre-development, construction, acquisition, preservation, and substantial rehabilitation of rental housing units in the State. Your Committee finds that an infusion of monies into the Rental Housing Revolving Fund will increase the development of affordable rental housing to alleviate the affordable housing shortage and provide much-needed housing for low-income families and individuals.

Your Committee has amended this measure by:

- (1) Appropriating funds out of the Rental Housing Revolving Fund for low-income rental housing projects and units that are allocated low-income housing tax credits and developed for families and individuals who meet certain income eligibility requirements;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1748, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1748, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 395-22 Housing on H.B. No. 2022**

The purpose of this measure is to remove the requirement that housing project developments by the Hawaii Housing Finance and Development Corporation obtain approval from county legislative bodies; provided that the development project meets the appropriate zoning or plan designation.

Your Committee received testimony in opposition to this measure from eight individuals. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that this measure seeks to expedite affordable housing development by providing an alternative to the zoning and development plan amendment process, which can take years. Your Committee finds that seeking ways to make the housing development process more efficient will help accelerate the development of affordable housing in the State.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2022, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2022, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 396-22 Water & Land on H.B. No. 2166**

The purpose of this measure is to streamline the process for completing the Department of Land and Natural Resources' required annual payment of debt service on the reimbursable general obligation bonds for the Turtle Bay conservation easement and related property interests.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that existing law requires the Legacy Land Conservation Program to complete a cumbersome and prolonged annual grant application and award process before the Department of Land and Natural Resources can make an annual debt service payment on the reimbursable general obligation bonds for Turtle Bay. This measure streamlines the debt service process by removing the requirement that the Legacy Land Conservation Program file an annual application with the Board of Land and Natural Resources.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2166, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2166, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 397-22 Water & Land on H.B. No. 1654**

The purpose of this measure is to authorize the Board of Land and Natural Resources to adopt, amend, or repeal administrative fee schedules for parking fees for locations under management of, or operated by, the Division of Boating and Ocean Recreation through regular or special board meetings rather than through administrative rulemaking.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received comments on this measure from the League of Women Voters of Hawaii.

Your Committee finds that amending fees schedules for parking fees through administrative rulemaking can be a lengthy and time-consuming process. This measure allows the Division of Boating and Ocean Recreation to react in a timely manner to changing market conditions and unforeseen circumstances.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1654, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1654, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 398-22 Water & Land on H.B. No. 2446**

The purpose of this measure is to:

- (1) Appropriate funds to the Department of Land and Natural Resources to establish twenty-eight full-time equivalent positions in Parks and Administration (LNR 806) to implement visitor reservation systems in Hawaii state parks; and
- (2) Appropriate funds out of the State Parks Special Fund to the Department of Land and Natural Resources for the management of Hawaii's state parks.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii State Aha Moku, and Hawaii Tourism Authority. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that prioritizing the State's natural resources is an essential component of destination management. Your Committee notes that, prior to 2020, annual arrivals to Hawaii exceeded ten million visitors, and according to state economists, Hawaii will return to pre-pandemic tourism levels by 2025. To prepare for the rising visitor numbers, your Committee believes that Hawaii's state parks can be better managed using a visitor reservation system.

Your Committee further finds that, in 2018, massive flooding on Kauai damaged surrounding bridges, beaches, and roads, forcing Haena State Park to close for fourteen months. When Haena State Park reopened, the Department of Land and Natural Resources worked with the local community to implement a reservation system that allowed a maximum of nine hundred park visitors per day. This measure appropriates funds for positions to allow the Department of Natural Resources to implement a similar reservation model created at Haena State Park that can be used in all Hawaii state parks.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2446, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2446, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 399-22 Water & Land on H.B. No. 1552**

The purpose of this measure is to clarify the composition of members of the Stadium Authority as added by Act 146, Session Laws of Hawaii 2021.

Your Committee received testimony in support of this measure from the Stadium Authority. Your Committee received comments on this measure from the University of Hawaii System.

Your Committee finds that the addition of two new members to the Stadium Authority, as provided in this measure, will ensure that there is an appropriate number of members in any given year as departing members end their final term and newly appointed members begin their term.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1552, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1552, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 400-22 Water & Land on H.B. No. 2196**

The purpose of this measure is to establish a two-year Stream Maintenance Reimbursement Pilot Program under the Department of Land and Natural Resources.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of Budget and Finance, and Department of Public Works of the County of Maui.

Your Committee finds that a common concern of homeowners and other landowners is the accumulation of debris in streams, which can lead to flooding. This problem is compounded by illegal dumping and trash that clog and pollute Hawaii's streams. Your Committee further finds that effective stream management and maintenance are essential to keep waterways clear and prevent flooding.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2196, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2196, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Kong). Noes, none. Excused, 1 (McDermott).

#### **SCRep. 401-22 Water & Land on H.B. No. 2413**

The purpose of this measure is to require the Department of Land and Natural Resources to conduct a feasibility study on a revenue-generating and management system of user fees for Hawaii's state parks.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii, Ko'olau Foundation, and Ko'olaupoko Hawaiian Civic Club. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the increase in user fees at Diamond Head State Monument has proven to be significantly profitable and beneficial to provide needed revenue for natural resource management. Another successful endeavor has occurred at Haena State Park, where advance reservations are required for all vehicles, walk-in entries, shuttle riders, and hikers. Your Committee further finds that it is necessary and prudent for the State to explore how the Department of Land and Natural Resources can expand these types of revenue-generating and management methods so that Hawaii's state parks, state monuments, state recreation areas, and wilderness parks can be enhanced for residents and visitors alike.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2413, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2413, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Kong). Noes, none. Excused, 1 (McDermott).

#### **SCRep. 402-22 Water & Land on H.B. No. 2200**

The purpose of this measure is to appropriate funds to the Department of Agriculture to continue the Ports-of-Entry Biosecurity Program.

Your Committee received testimony in support of this measure from the Department of Transportation; Department of Agriculture; Department of Land and Natural Resources; Department of Health; Big Island Invasive Species Committee; Coordinating Group on Alien Pest Species; Hawaii Cattlemen's Council, Inc.; Hawaii's Farm Bureau; and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that invasive species pose the biggest threat to Hawaii on many fronts. The Ports-of-Entry Biosecurity Program, formerly known as Māmalu Poepoe, has prevented the introduction and spread of high-risk pests in Hawaii through a multi-agency pest monitoring system at state airports. Your Committee further finds that the continued operation of the Ports-of-Entry Biosecurity Program is of great importance in protecting the State from invasive species.

Your Committee has amended this measure by:

- (1) Deleting the amounts of the appropriations;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it choose to hear this measure, to consider appropriating \$525,000 for fiscal year 2022-2023 for the Ports-of-Entry Biosecurity Program, to be allocated as follows:

- (1) \$425,000 for personnel costs;
- (2) \$60,000 for materials and supplies;
- (3) \$15,000 for travel expenses; and
- (4) \$25,000 for all other costs.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2200, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2200, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Ganaden, Kong, McDermott).

#### **SCRep. 403-22 Water & Land on H.B. No. 2276**

The purpose of this measure is to appropriate funds for the removal of albizia trees that potentially threaten public roadways and utility infrastructure rights of way on public and private land; provided that the funds are matched on a two-to-one basis from a public utilities source.

Your Committee received testimony in support of this measure from Hawaiian Electric and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Budget and Finance.

Your Committee finds that albizia trees are an invasive species that present a threat to life, property, public roads, and utility infrastructure in Hawaii.

Your Committee has amended this measure by:

- (1) Specifying that the trees proposed to be removed under this measure are albizia and other invasive trees;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2276, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2276, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Ganaden, Kong, McDermott).

#### **SCRep. 404-22 Water & Land on H.B. No. 1930**

The purpose of this measure is to make a one-time appropriation to the Department of Land and Natural Resources for the Fish Aggregation Device Program.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, HFACT, and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance and one individual.

Your Committee finds that the State's system of fish aggregation devices, maintained by the Division of Aquatic Resources in partnership with the Hawaii Institute of Marine Biology, provides enhanced fishing opportunities for island fishers. According to the Department of Land and Natural Resources, an average of fifteen fish aggregation devices go missing each year, and the Department has been unable to keep up with the replacement of missing devices. A one-time infusion of funds to replace off-station fish aggregation devices and to replace devices in the coming year would bring the Fish Aggregation Device Program back to full capacity.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1930, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1930, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Ganaden, Kong, McDermott).

#### **SCRep. 405-22 Water & Land on H.B. No. 1979**

The purpose of this measure is to protect threatened or endangered species in Hawaii by:

- (1) Requiring all persons, before engaging in an activity with a high likelihood of resulting in an incidental take of a threatened or endangered species, to enter into a planning process with the Department of Land and Natural Resources for the purpose of preparing and implementing a habitat conservation plan; and
- (2) Requiring habitat conservation plans to include additional components.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Wildlife Center, Save Our Shearwaters, and one individual.

Your Committee finds that certain activities of modern life have a higher likelihood to incidentally cause injury or death to threatened or endangered species, including seabirds, forest birds, nene, and bats. This measure would appropriately place the burden of compliance with incidental take and other requirements and accountability for engaging in actions with a high likelihood of incidental take with entities engaging in these types of actions, thereby decreasing the likelihood of the unauthorized take of threatened and endangered species.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1979, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1979, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Ganaden, Kong, McDermott).

#### **SCRep. 406-22 Economic Development on H.B. No. 1502**

The purpose of this measure is to subject a defendant who has been convicted of four misdemeanors in any business district or resort zoned area to a probationary term of geographic restriction.

Your Committee received testimony in support of this measure from the Waikiki Neighborhood Board No. 9 and ten individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General. Your Committee received comments on this measure from one individual.

Your Committee finds that business districts and resort areas tend to have increased rates of criminal activity partly due to high rates of foot traffic. In addition the criminal activity in these areas is often at the hands of repeat offenders who return to the same location to victimize new, unsuspected individuals. This measure would make these areas safer by imposing strict penalties for repeat offenders.

Your Committee has amended this measure by:

- (1) Clarifying that a resort area is an area zoned for resort or resort-hotel use by the appropriate county land use decision-making authority; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1502, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1502, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Holt, Sayama). Noes, 2 (D. Kobayashi, Okimoto). Excused, none.

#### **SCRep. 407-22 Economic Development on H.B. No. 2225**

The purpose of this measure is to appropriate funds for the Hawaii Small Business Innovation Research Program, Manufacturing Assistance Grant Program, and Excelsior Grant Program.

Your Committee received testimony in support of this measure from the Hawaii Technology Development Corporation; Oceanit; Chamber of Commerce Hawaii; Nalu Scientific, LLC; Pacific Impact Zone; Hawaii Food Manufacturers Association; Hawai'i Farm Bureau; 3D Innovations; Pacific Business Services; Hyperspective; Makai Ocean Engineering, Inc.; Hawaii Fish Company Inc; Diamond Bakery Co., Ltd.; Dana Labels, Inc.; Premier Solutions LLC; Hawaii Food Industry Association; and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that manufacturing is critical to the State's economy. The Hawaii Technology Development Corporation is a key state agency in the development and support of Hawaii's manufacturing industry. The Small Business Innovation Research Program, Manufacturing Assistance Grant Program, and Excelsior Grant Program were created to support the manufacturing industry and have provided many jobs since their creation. This measure would ensure the continuation of these critical programs, thereby further enhancing the State's economy and creating more jobs for its residents.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2225 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 408-22 Economic Development on H.B. No. 2414**

The purpose of this measure is to establish a general excise tax exemption for the gross proceeds or income from the manufacture, production, packaging, and sale of diapers.

Your Committee received testimony in support of this measure from the Hawai'i Diaper Bank, Aloha Diaper Bank, Nest for Families a Program of Multiplier, Family Support Hawai'i, Hawaii Children's Action Network Speaks!, Retail Merchants of Hawaii, Neighborhood Place of Kona, Hilo Crescent City Lions Club, National Diaper Bank Network, Hawaii Food Industry Association, and ten individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that one out of every three families struggle with diaper needs, or the inability to provide a sufficient supply of diapers to keep their child clean, dry, and healthy. Unlike other necessities, there is currently no governmental assistance for purchasing diapers. Your Committee further finds that due to the exorbitant cost of diapers, some families are forced to stretch the time between diaper changes, which often leads to diaper rash and other painful infections. This measure would help families in need by providing a general excise tax exemption for diapers, thereby ensuring the health of babies in the State.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2414 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (D. Kobayashi). Excused, none.

#### **SCRep. 409-22 Economic Development on H.B. No. 2131**

The purpose of this measure is to extend the availability of the earned income tax credit until December 31, 2028.

Your Committee received testimony in support of this measure from the Department of Taxation, Department of Human Services, Department of Budget and Finance, Hawai'i Health & Harm Reduction Center, Chamber of Commerce Hawaii, and Hawaii Children's Action Network Speaks!. Your Committee received comments on this measure from the League of Women Voters of Hawaii, Catholic Charities Hawai'i, Tax Foundation of Hawaii, and Parents And Children Together.

Your Committee finds that the structure of the state income tax, general excise tax, and other taxes disproportionately impact low-income households and working families much more than most other states. Further, this tax structure often results in higher earning households paying a smaller percentage of their earned income and disposable income in state taxes.

Your Committee further finds that the earned income tax credit has helped many local families maintain financial security; however, the tax credit is set to expire this year. This measure will continue to reduce the tax burden for low- to moderate-income families by extending the expiration date of the earned income tax credit.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2131 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Belatti, Onishi, Takayama). Noes, none. Excused, none.

#### **SCRep. 410-22 Economic Development on H.B. No. 2086**

The purpose of this measure is to:

- (1) Expand funding sources and authorized uses of the Hawaii Film and Creative Industries Development Special Fund; and
- (2) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the Hawaii Film and Creative Industries Development Special Fund (Special Fund) supports the film, media, and creative industries in the State. This measure would expand the authorized uses of the Special Fund to ensure that there are significant economic benefits for the State from the film and creative industries.

Your Committee has amended this measure by:

- (1) Changing the effective date to October 18, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2086, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2086, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 411-22 Economic Development on H.B. No. 2082**

The purpose of this measure is to require the Department of Business, Economic Development, and Tourism to:

- (1) Promote the acquisition of appropriate patents and copyrights for "Hawaii Made" products; and
- (2) Study and prepare a plan for the promotion and enforcement of either a "Hawaii Made" or "Made in Hawaii" program and evaluate which name to use.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Hawai'i Farm Bureau. Your Committee received comments on this measure from the Department of Budget and Finance and one individual.

Your Committee finds that Act 2, Special Session Laws of Hawaii 2021, transferred the oversight of the "Hawaii Made" program for manufactured products and the "Hawaii Made" trademark to the Department of Business, Economic Development, and Tourism. Your Committee further finds that the use of the name "Hawaii Made" or "Made in Hawaii" may have different standards limiting flexibility. This measure will clarify the program and determine the proper enforcement procedures and responsibilities, thereby expanding the number of companies that will seek to be certified to use the "Hawaii Made" or "Made in Hawaii" designation.

Your Committee has amended this measure by:

- (1) Changing the effective date to October 18, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2082, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2082, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 412-22 Economic Development on H.B. No. 2409**

The purpose of this measure is to:

- (1) Establish a public policy framework that addresses state goals regarding economic disaster mitigation, economic diversification, import substitution, and community development;
- (2) Appropriate funds to implement the projects that address these goals;
- (3) Identify additional projects authorized in the executive budget to be implemented by the Department of Business, Economic Development, and Tourism; and
- (4) Require the Department of Business, Economic Development, and Tourism to submit annual reports to the Legislature summarizing project outcomes.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Green Infrastructure Authority; Office of Planning and Sustainable Development; Hawaii Community Development Authority; Hawaii State Energy Office; Hawai'i Tourism Authority; Natural Energy Laboratory of Hawaii Authority; Hawaii Technology Development Corporation; and seventeen individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Hawai'i Energy.

Your Committee finds that the early onset of the coronavirus disease 2019 pandemic devastated the State's economy. While the State is beginning to recover from the economic damages, your Committee believes that the State must improve its economic coordination and focus its efforts to meet state goals in the areas of economic disaster mitigation, economic diversification, import substitution, and community development. This measure supports various efforts and projects that will help the State achieve these goals.

Your Committee has amended this measure by:

- (1) Clarifying that projects addressing import substitution shall look into the impact of consumable imported goods;
- (2) Deleting language that would have appropriated funds for an import substitution project relating to the Solarize Waianae project; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2409, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2409, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 413-22 Economic Development on H.B. No. 2439**

The purpose of this measure is to:

- (1) Establish the Hawaii Start-Up Business Loan Program and Hawaii Start-Up Business Loan Program Special Fund; and
- (2) Appropriate funds for the Hawaii Start-up Business Loan Program.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Green Infrastructure Authority; Hawaii Technology Development Corporation; Chamber of Commerce Hawaii; and Hawaii Food Industry Association. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the State is in need of an alternative source of financial assistance for new businesses and enterprises to expand and succeed in Hawaii. Many businesses that began during the coronavirus disease 2019 pandemic are having difficulty accessing capital at reasonable rates and terms. This measure would provide immediate working capital and equipment to new businesses and encourage the diversification of economic opportunities for the State's residents.

Your Committee has amended this measure by:

- (1) Expanding the sources of monies that may be deposited into the Hawaii Start-Up Business Loan Program Special Fund;
- (2) Changing the effective date to October 18, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2439, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2439, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 414-22 Education on H.B. No. 1865**

The purpose of this measure is to ensure compliance with chapter 302D, Hawaii Revised Statutes, which establishes regulations for public charter schools, by:

- (1) Repealing the exemption for charter schools from requirements on the administration and use of the federal funds allocated to the State for public education purposes;
- (2) Clarifying that the disbursement of the funds shall not be conditioned on the agreement of a public charter school to amend an existing charter contract; and
- (3) Amending the manner in which funds are disbursed to public charter schools.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Department of Budget and Finance. Your Committee received comments on this measure from the Board of Education.

Your Committee finds that the distribution of per-pupil funds to charter schools by the State Public Charter School Commission may be inconsistent with the original intent of the Legislature and not in compliance with the letter and spirit of chapter 302D, Hawaii Revised Statutes. This measure seeks to ensure compliance with chapter 302D, Hawaii Revised Statutes, and provide equitable funding for all students in public charter schools.

Your Committee has amended this measure by:

- (1) Requiring the State Public Charter School Commission, rather than the Department of Budget and Finance, to disburse funding directly to charter schools;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1865, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1865, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (Belatti, Ohno).

#### **SCRep. 415-22 Education on H.B. No. 1935**

The purpose of this measure is to appropriate funds for the installation of air conditioning and filtration units in classrooms in West Hawaii island that have the necessary electrical infrastructure to support it.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association and one individual. Your Committee received testimony in support of the intent of this measure from the Democratic Party of Hawaii Education Caucus.

Your Committee finds that vog, or volcanic smog, is a form of air pollution that occurs when volcanic emissions react with moisture, oxygen, and sunlight. When volcanic eruptions occur on Hawaii island, prevailing wind patterns typically push vog emissions westward, where they accumulate over north and south Kona and affect the air quality to the point where it poses significant health risks.

Your Committee further finds that public health recommendations to reduce exposure to vog include staying indoors with windows closed and using an air filter. However, in schools without air conditioning, it can be very difficult to follow the recommendations and keep a healthy learning environment at the same time. This measure will provide funding for air conditioners in West Hawaii island classrooms to create safer, more comfortable, and more effective learning environments for the students of West Hawaii island.

Your Committee has amended this measure by:

- (1) Changing the general obligation bond and appropriation amount to an unspecified amount;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance decide to deliberate on this measure, your Committee on Education respectfully requests that it authorize the Director of Finance to issue \$11,160,000 in general obligation bonds and appropriate the same amount for fiscal year 2022-2023 to the Department of Education for the installation of air conditioning and filtration units in public school classrooms in West Hawaii island, as follows:

- (1) \$360,000 for two classrooms and the cafeteria at Kahakai Elementary School;
- (2) \$3,000,000 for fifty classrooms at Kealakehe Elementary School;
- (3) \$2,400,000 for forty classrooms at Kealakehe Intermediate School; and
- (4) \$5,400,000 for ninety classrooms Kealakehe High School.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1935, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1935, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, none.

#### **SCRep. 416-22 Education on H.B. No. 2494**

The purpose of this measure is to appropriate funds to the Department of Education for the:

- (1) Expansion of civic education in Hawaii's public school system, including professional development and classroom resources related to the Hawaii core standards in social studies; and
- (2) Hiring of one full-time equivalent permanent civic education resource teacher position.

Your Committee received testimony in support of this measure from the Department of Education, Commission to Promote and Advance Civic Education, Stonewall Caucus of the Democratic Party of Hawaii, Common Cause Hawaii, Americans for Democratic Action Hawaii, Community Alliance on Prisons, Hawaii State Teachers Association, and twelve individuals. Your Committee received testimony in support of the intent of this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that civic education prepares students to participate in the public and political lives of their communities and helps them develop critical thinking skills that are vital to the functioning of a democratic nation. Your Committee further finds that in the 2020 general election, forty states had a higher voter turnout than Hawaii. This measure appropriates funds to the Department of Education to increase access to civic education in Hawaii's public school systems to increase voter turnout and citizen engagement over the long term.

Your Committee has amended this measure by:

- (1) Changing the amounts appropriated to unspecified amounts;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance decide to deliberate on this measure, your Committee respectfully requests that it appropriate to the Department of Education:

- (1) \$84,000 for the expansion of civic education in public schools; and
- (2) \$100,000 to hire one full-time equivalent permanent civic education resource teacher position.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2494, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2494, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Okimoto). Noes, none. Excused, none.

#### **SCRep. 417-22 Education on H.B. No. 1559**

The purpose of this measure is to establish and appropriate funds for a career development success program to provide financial incentives for participating public high schools and charter schools to encourage students enrolled in grades nine through twelve to enroll in and successfully complete qualified industry-credential programs.

Your Committee received testimony in support of this measure from the Department of Education, State Public Charter School Commission, Hawaii KidsCAN, Chamber of Commerce Hawaii, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that in the current job market, nearly sixty-five percent of available positions require postsecondary credentials. Industry-recognized credentials are important because they teach the specific knowledge and skills required for an occupation or industry and provide full-time employees with industry credentials with more earnings than their uncredentialed counterparts. Your Committee further finds that Hawaii has critical shortages of qualified local workers in sectors including health, education, air travel, and technology. This measure will establish a career development success program to incentivize high school students to enroll in and successfully complete qualified industry-credential programs and better prepare them for joining Hawaii's workforce.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2051; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1559, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1559, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, none.

**SCRep. 418-22 Education on H.B. No. 1561**

The purpose of this measure is to establish and appropriate funds for:

- (1) An adult workforce readiness program; and
- (2) Two full-time equivalent adult workforce readiness program coordinators.

Your Committee received testimony in support of this measure from the Department of Education, McKinley Community School for Adults, State Council on Developmental Disabilities, Quad D Solutions, Chamber of Commerce Hawaii, Hawaii State Teachers Association, Society of Human Resource Management Hawaii, and numerous individuals. Your Committee received testimony in support of the intent of this measure from the University of Hawaii System. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the State's high school students and adult education students would benefit from a work readiness preparation program that provides a close collaboration between educators and industry employers to ensure students develop the skills and credentials needed to make them highly employable. This measure establishes a workforce readiness program to allow students, including students at adult and community schools, to earn associate degrees, workforce development diplomas, pre-apprenticeship certificates, and other industry-recognized certificates.

Your Committee has amended this measure by changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1561, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1561, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

**SCRep. 419-22 Education on H.B. No. 1699**

The purpose of this measure is to appropriate funds for the resources for enrichment, athletics, culture, and health program of the Department of Education to match the federal dollars that the State receives for the 21st Century Community Learning Center.

Your Committee received testimony in support of this measure from the University of Hawaii at Manoa, College of Education; Department of Education; Department of Human Services; Hawai'i Afterschool Alliance; Hui for Excellence in Education; Hawai'i Association of School Psychologists; American Academy of Pediatrics, Hawaii Chapter; Hawaii Children's Action Network Speaks!; After-School All-Stars Hawaii; Parents and Children Together; Hawaii Youth Services Network; and nine individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that after-school programming provides important learning and enrichment opportunities for Hawaii's youth while allowing parents to maintain employment. After-school programs are particularly needed for middle and intermediate school students, as the intermediate years are important for reversing high school drop-out rates and ensuring students remain engaged in their education and community.

Your Committee further finds that The R.E.A.C.H. initiative, which stands for "resources for enrichment, athletics, culture, and health", was established in 2013 to provide dedicated after-school programs for public middle and intermediate school students using a community-based approach. This measure appropriates funds for the R.E.A.C.H. program to promote youth and children's growth and development through after-school programs.

Your Committee has amended this measure by:

- (1) Changing the appropriation amount to an unspecified amount; and
- (2) Changing its effective date to July 1, 2050.

Should your Committee on Finance decide to deliberate on this measure, your Committee respectfully requests that it appropriate \$6,123,398 to the Department of Education for the Department's resources for enrichment, athletics, culture, and health program to match the federal dollars that the State receives for the 21st Century Community Learning Center.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1699, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1699, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

**SCRep. 420-22 Education on H.B. No. 811**

The purpose of this measure is to allow home-schooled, high school-age students to participate as unattached competitors in individual sports available to the public school that the student would otherwise be required to attend.

Your Committee received testimony in support of this measure from seventeen individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that home-schooled students are part of the diverse fabric that make up Hawaii's educational system. Your Committee further finds that under existing Hawaii law, home-schooled students do not have the right to participate in public school activities, including sports. Your Committee notes the concerns raised by the Department of Education but believes that further consideration may be warranted.

Your Committee has amended this measure by changing its effective date to July 1, 2051.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 811, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 811, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

**SCRep. 421-22 Education on H.B. No. 2427**

The purpose of this measure is to:

- (1) Designate existing interscholastic sports recognized by the Department of Education as co-curricular activities; and

- (2) Require the Department of Education to study and estimate the cost of implementing sports as co-curricular activities and report to the Legislature on its findings and recommendations.

Your Committee received testimony in support of this measure from seventeen individuals. Your Committee received testimony in opposition to this measure from the Hawaii High School Athletic Association. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that students who participate in interscholastic athletic activities experience a variety of benefits, including increased academic success, improved physical health, and improved leadership and teamwork abilities. This measure recognizes the importance of interscholastic sports by designating existing interscholastic sports as co-curricular activities, thereby considering the interscholastic sports as essential within the Department of Education.

Your Committee has amended this measure by:

- (1) Clarifying that any sport recognized by the Department of Education shall be considered a co-curricular activity, including but not limited to air riflery, baseball, basketball, bowling, canoe paddling, cheerleading, cross country running, diving, football, golf, judo, soccer, soft tennis, softball, surfing, swimming, tennis, track and field, volleyball, water polo, and wrestling;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2427, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2427, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Kapela, Belatti, Okimoto). Noes, none. Excused, none.

#### **SCRep. 422-22 Education on H.B. No. 2277**

The purpose of this measure is to appropriate funds to the Department of Education for the promotion and support of surfing as an interscholastic sport.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Education and Department of Budget and Finance.

Your Committee finds that surfing is of significant cultural, social, and economic value to the people of Hawaii, as well as the many visitors who travel to Hawaii for surfing. Your Committee especially recognizes the extraordinary accomplishments of Carissa Moore, a Palolo resident who won the gold medal in the first ever women's surfing competition in the Summer Olympic Games, and the many other Hawaii surfers who have dedicated themselves to honoring and preserving the sport and spirit of surfing in Hawaii.

Your Committee notes that since surfing was sanctioned by the Department of Education in 2004, only one of five local athletic leagues have sponsored it. This measure appropriates funds to promote and support surfing as an interscholastic sport to provide opportunities for students to pursue competitive surfing in the future.

Your Committee has amended this measure by changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2277, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2277, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Okimoto). Noes, none. Excused, none.

#### **SCRep. 423-22 Education on H.B. No. 438**

The purpose of this measure is to require the Department of Education to:

- (1) Develop a plan, in consultation with the Board of Education, to reduce the use of external contracts for curricula, instruction, and testing for public schools;
- (2) Convene an advisory committee to assist the Department in developing and implementing the plan; and
- (3) Submit an interim report, with a list of advisory committee members, findings, recommendations and a timeline for completion of the plan, and a final report that shall include the plan to the Legislature.

Your Committee received testimony in support of this measure from the Democratic Party of Hawaii Education Caucus, Hawaii State Teachers Association, and two individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that during the COVID-19 pandemic, the Department of Education used the Acellus Learning Accelerator to facilitate virtual learning for students who were forced to adapt to remote learning environments. Your Committee further finds that numerous teachers, parents, and community members reported that components of the Acellus Learning Accelerator curriculum contained content that is biased against racial, sexual, and gender minorities and reflect an inaccurate, incomplete, or prejudicial view of historical events. These concerns led the Board of Education to unanimously vote in October 2020 to phase out Acellus Learning Accelerator by the end of the 2020-2021 school year. This measure will ensure that the use of external contracts for curricula, instruction, and testing for public schools will be reduced in the future to ensure the integrity, cultural appropriateness, and quality of educational programming for Hawaii's students.

Your Committee has amended this measure by:

- (1) Requiring the Department of Education to submit its interim report to the Legislature to December 31, 2023;
- (2) Requiring the Department of Education to submit its final report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2024; and
- (3) Changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 438, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 438, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Okimoto). Noes, none. Excused, 1 (Clark).

**SCRep. 424-22 Education on H.B. No. 2249**

The purpose of this measure is to:

- (1) Require the Department of Education and State Public Charter School Commission to provide hygiene products that support public health, including toilet paper, menstrual products, and hand soap, free of charge to all students on public and charter school campuses; and
- (2) Appropriate funds for the hygiene products.

Your Committee received testimony in support of this measure from the Department of Education, State Public Charter School Commission, Department of Human Services, Hawaii State Commission on the Status of Women, State Council on Developmental Disabilities, Stonewall Caucus of the Democratic Party of Hawaii, Hawaii Youth Services Network, Common Cause Hawaii, 'Ilima Intermediate Activist Club, Hawaii Health & Harm Reduction Center, Breastfeeding Hawaii, American Association of University Women of Hawaii, Hawaii Section of the American College of Obstetricians and Gynecologists, Democratic Party of Hawaii Education Caucus, Ma'i Movement Hawaii, Hawaii Women's Coalition, Community Alliance on Prisons, Waianae Coast Comprehensive Health Center, Hawaii State Teachers Association, Hawaii State Democratic Women's Caucus, Hawaii Children's Action Network Speaks!, Soroptimist International of Central Oahu, Alliance for Period Supplies, Hawaii Women Lawyers, Papa Ola Lōkahi, Kōkua Kalihi Valley Comprehensive Family Services, Parents and Children Together, and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the lack of access to menstrual products in schools limits full participation in school, contributes to higher rates of school absenteeism and missed activities, and perpetuates gender and class inequities. Your Committee further finds that lack of adequate quality menstrual products leads to extended use of products beyond the recommended time or use of alternatives, which has a direct and negative impact on student health. This measure will promote menstrual equity by providing all necessary hygiene products, including menstrual products, to all students, free of charge, on all public and charter school campuses.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2249, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2249, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

**SCRep. 425-22 Education on H.B. No. 1940**

The purpose of this measure is to:

- (1) Establish and appropriate funds for an Early Child Care Worker Subsidy Pilot Program; and
- (2) Appropriate funds to the Hawaii Early Childhood Educator Special Fund.

Your Committee received testimony in support of this measure from the Hawaii State Commission on the Status of Women, Rainbow Family 808, American Association of University Women of Hawaii, Hawaii Children's Action Network Speaks!, Early Childhood Action Strategy, Aloha United Way, and fourteen individuals. Your Committee received testimony in support of the intent of this measure from the Executive Office on Early Learning and Early Learning Board. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that a strong early child care and education workforce is necessary to support Hawaii's children, working families, and communities. Your Committee further finds that the demand for quality early child care and education far exceeds what is currently available. This measure establishes the Early Child Care Worker Subsidy Pilot Program to increase the compensation for early child care workers and help boost recruitment for and retention of a qualified early learning workforce.

Your Committee has amended this measure by:

- (1) Changing the minimum pay from \$17.00 per hour to \$18.00 that the Department of Human Services shall provide to all early childhood educators;
- (2) Clarifying that funds shall be appropriated to the Early Learning Special Fund, rather than the Hawaii Early Childhood Educator Special Fund;
- (3) Changing its effective date to July 1, 2050; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1940, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1940, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Clark).

**SCRep. 426-22 Health, Human Services, & Homelessness on H.B. No. 1576**

The purpose of this measure is to establish the Hawaii State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission within the Department of Human Services.

Your Committee received testimony in support of this measure from the Department of Health, Hawai'i Civil Rights Commission, Hawaii Health & Harm Reduction Center, Rainbow Family 808, Common Cause Hawaii, and eight individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that many in the lesbian, gay, bisexual, transgender, queer, plus (LGBTQ+) community are vulnerable, often discriminated against, and have needs that are unknown or overlooked. Therefore, establishing a commission to identify and address the risks and challenges faced by the LGBTQ+ community would be instrumental in supporting equity for this community.

Your Committee has amended this measure by changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1576, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1576, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 427-22 Health, Human Services, & Homelessness on H.B. No. 1891**

The purpose of this measure is to adopt the Uniform Recognition and Enforcement of Canadian Domestic-Violence Protection Orders Act.

Your Committee received testimony in support of this measure from the Commission to Promote Uniform Legislation. Your Committee received comments on this measure from the Department of the Attorney General and Hawaii Association for Justice.

Your Committee finds that this uniform act was developed by the National Conference of Commissioners on Uniform State Laws with input from judges and practicing lawyers from the United States and Canada. To date, this act has been adopted in California, Delaware, Minnesota, Nevada, North Dakota, Washington, and Wisconsin. This measure provides for State recognition and enforcement of a valid order of protection obtained in a court of Canada.

Your Committee has amended this measure by:

- (1) Clarifying that a person who violates a valid Canadian domestic-violence protection order is subject to penalties under Hawaii law;
- (2) Making a conforming amendment that clarifies that foreign protective orders from a court or tribunal of Canada are recognized and enforced as if it were an order issued in Hawaii;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1891, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1891, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 428-22 Health, Human Services, & Homelessness on H.B. No. 1824**

The purpose of this measure is to establish and fund five long-term care ombudsman program specialist positions within the Office of the Long-Term Care Ombudsman.

Your Committee received testimony in support of this measure from the State Long-Term Care Ombudsman, Hawaii County Office of Aging, Kokua Council, AARP Hawai'i, and fourteen individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Executive Office on Aging.

Your Committee finds that the State Long-Term Care Ombudsman's responsibility is to be an advocate for anyone in the State living in a nursing home assisted living facility, expanded or regular adult residential care home, or community care foster family home. However, your Committee also finds that Hawaii is the only state with a Long-Term Care Ombudsman program with a staff of one. Although some services are provided by thirteen certified ombudsman volunteers, the Long-Term Care Ombudsman program lacks the staff to meet the federal minimum requirement of visiting each facility on a quarterly basis, let alone provide additional services such as facilitating resident and family councils and providing community education. This measure addresses the program's lack of resources by appropriating funds for additional permanent staff positions.

Your Committee has amended this measure by:

- (1) Deleting the preamble;
- (2) Changing the appropriation to an unspecified amount;
- (3) Changing the full-time equivalent positions to an unspecified position count;
- (4) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1824, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1824, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 429-22 Health, Human Services, & Homelessness on H.B. No. 1578**

The purpose of this measure is to authorize the Department of Health to approve, under certain conditions, in-vehicle receipt of medical cannabis and manufactured cannabis products on or near the premises of medical cannabis dispensaries.

Your Committee received testimony in support of this measure from the Department of Health, Maui Grown Therapies, Marijuana Policy Project, Hawaiian Ethos LLC, and one individual. Your Committee received testimony in opposition to this measure from the Department of Public Safety. Your Committee received comments on this measure from Akamai Cannabis Clinic.

Your Committee finds that the COVID-19 pandemic has severely impacted the way in which qualifying patients can safely access the facilities that provide medical cannabis. Your Committee further finds that patients qualified to use medical cannabis often suffer from debilitating conditions that make them especially vulnerable to exposure to COVID-19. This measure provides qualifying patients with a safe alternative for flexible access to facilities that provide medical cannabis and manufactured cannabis products while minimizing their exposure to COVID-19.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1578, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1578, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, none.

#### **SCRep. 430-22 Health, Human Services, & Homelessness on H.B. No. 1798**

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist The Queen's Health Systems with the construction of, improvement to, and equipping of its health care facilities.

Your Committee received testimony in support of this measure from The Queen's Health Systems. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that The Queen's Health Systems is embarking on a multi-year redevelopment and expansion of the Queen's West Oahu and Punchbowl campuses in order to meet the changing and critical health care needs of the community. The COVID-19 pandemic in particular has highlighted the need for Queen's to modernize its facilities. Your Committee further finds that authorizing the issuance of special purpose revenue bonds to assist The Queen's Health Systems with financing for construction of and improvements to The Queen's Health Systems' health care facilities is in the best interest of public health.

Your Committee has amended this measure by changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1798, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1798, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 431-22 Health, Human Services, & Homelessness/Energy & Environmental Protection on H.B. No. 2274**

The purpose of this measure is to:

- (1) Prohibit the Department of Health from issuing new permits for underground fuel storage tanks within one-half mile of an aquifer;
- (2) Prohibit the renewal of permits for underground fuel storage tanks within one-half mile of an aquifer beginning January 1, 2050; and
- (3) Create a new definition for "underground fuel storage tanks", to include tanks with a capacity at or greater than one hundred gallons.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Honolulu Board of Water Supply, Sierra Club of Hawai'i, Surfrider Foundation Hawai'i Region, Hawaii Children's Action Network Speaks!, Environmental Caucus of the Democratic Party of Hawai'i, Hawai'i Public Health Institute, Faith Action for Community Equity Environmental Justice Task Force, 'Ahahui o na Kauka – Association of Native Hawaiian Physicians, 350Hawaii.org, Americans for Democratic Action, Hawai'i Alliance for Progressive Action, Hawai'i Alliance for Community-Based Economic Development, Wai Ola Alliance, Ko'olau Waialua Alliance, Council for Native Hawaiian Advancement, and numerous individuals. Your Committees received comments on this measure from the Department of Health, Department of Transportation, Office of Planning and Sustainable Development, Hawaii Petroleum Marketers Association, Hawaii Military Affairs Council, and two individuals.

Your Committees find that the purity and safety of the State's fresh water is in jeopardy of contamination from fuel leaking from underground fuel storage tanks. Your Committees further find that prohibiting the installation or continuance of large capacity underground fuel storage tanks near aquifers will mitigate the risk of leaked fuel contaminating the State's freshwater resources.

Your Committees have heard the concerns raised in testimony that this measure, as written, would have unintended consequences, including forcing the shutdown of every gas station in the State and impacting the fuel storage for emergency generators at hospitals and other critical locations. Amendments to this measure are therefore necessary to address these concerns, while still ensuring that the State's drinking water resources are protected.

Your Committees have amended this measure by:

- (1) Prohibiting the Department of Health from issuing permits for new large capacity underground storage tank systems located mauka of the applicable underground injection control line, except where the permit is to repair or replace an existing underground storage tank;
- (2) Prohibiting the operation of and renewal of permits for all large capacity underground storage tank systems located mauka of the applicable underground injection control line after January 1, 2045;
- (3) Inserting definitions for "large capacity underground storage tank system", "mauka", and "underground injection control line";
- (4) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2274, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2274, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, none.

Energy & Environmental Protection: Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 432-22 Health, Human Services, & Homelessness/Energy & Environmental Protection on H.B. No. 2514**

The purpose of this measure is to require the Department of Health to adopt as a standard that the maximum capacity for an underground storage tank shall not exceed one hundred thousand gallons.

Your Committees received testimony in support of this measure from the Sierra Club of Hawai'i, Surfrider Foundation, 350Hawaii.org, Faith Action for Community Equity, Environmental Justice Task Force, Hawaii Children's Action Network Speaks!, Environmental Caucus of the Democratic Party of Hawai'i, Livable Hawaii Kai Hui, Hawai'i Alliance for Progressive Action, Hawai'i AcroFest LLC, Council for Native Hawaiian Advancement, Ko'olau Waialua Alliance, Wai Ola Alliance, and numerous individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources, Department of Health, Office of Planning and Sustainable Development, and Honolulu Board of Water Supply.

Your Committees find that there is a risk that underground storage tanks containing hazardous materials will leak and contaminate the surrounding area and possibly any underlying aquifer. Your Committees further find that larger capacity underground storage tanks present a higher potential for large leakage events.

Your Committees note that this measure proposes to amend section 342L-32, Hawaii Revised Statutes (HRS), which provides the foundational standards for all underground storage tanks and tank system standards. As this measure is specifically intended to limit the maximum size of underground storage tanks, your Committees believe that establishing this language in a new section under Chapter 342L, HRS, may be more appropriate.

Accordingly, your Committees have amended this measure by:

- (1) Prohibiting the operation of underground storage tanks with a capacity greater than one hundred thousand gallons, after an unspecified date, rather than requiring the Department of Health to adopt a standard that all underground storage tanks not exceed a maximum capacity of one hundred thousand gallons; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2514, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2514, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 6. Noes, none. Excused, 1 (Gates).

Energy & Environmental Protection: Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 433-22 Agriculture on H.B. No. 1710**

The purpose of this measure is to appropriate funds for maintenance and improvements to the Peekauai Ditch Irrigation System located on Kauai.

Your Committee received testimony in support of this measure from the Ulupono Initiative; Hawai'i Farm Bureau; Local Food Coalition; Land Use Research Foundation of Hawaii; Hawaii Cattlemen's Council; Kaua'i Chamber; Larry Jeffs Farms, LLC; Kekaha Agriculture Association; and thirteen individuals. Your Committee received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

Your Committee finds that Peekauai Ditch Irrigation System, also known as the Menehune Ditch, is run by local farmers on Kauai. Funding for the Peekauai Ditch Irrigation System will support irrigation projects that supply water to diversified agricultural operations, farmers, and taro growers who depend on this irrigation system for their operations.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1710, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1710, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 434-22 Agriculture on H.B. No. 1715**

The purpose of this measure is to limit civil and criminal liability for persons who remove from motor vehicles unattended animals that are in physical danger; provided the actions are reasonable, in good faith, and in accordance with other requirements.

Your Committee received testimony in support of this measure from The Humane Society of the United States, Domestic Violence Hurts Animals and People, Big Island Pet Detectives, and ten individuals. Your Committee received testimony in opposition to this measure from the Hawaii Insurers Council and two individuals. Your Committee received comments on this measure from the Hawaiian Humane Society, American Kennel Club, and two individuals.

Your Committee finds that animals left unattended in motor vehicles may be subject to heat, cold, lack of adequate ventilation, lack of food or water, or other circumstances that could cause suffering, disability, or death to the animal. Your Committee finds that this measure is intended to prevent injury, harm, or death to animals.

Your Committee has amended this measure by:

- (1) Requiring a person who observes an animal left unattended in a motor vehicle and determines that the unattended animal is in physical danger to first contact county emergency services or an organization contracted by a county for animal control and wait a reasonable time for a response before using whatever means are reasonably necessary to protect the animal and remove it from the motor vehicle;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1715, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1715, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Tokioka). Noes, none. Excused, none.

#### **SCRep. 435-22 Agriculture on H.B. No. 1742**

The purpose of this measure is to amend the composition of the Board of Agriculture by providing representation from the islands of Lanai and Molokai.

Your Committee received testimony in support of this measure from the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources, one member of the Maui County Council, Molokai Farm Bureau, Hawai'i Farm Bureau, and four individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that representation on the Board of Agriculture from residents of all islands provides desired diversity and statewide representation of knowledge and perspectives in decision making and policymaking. A geographically diverse Board of Agriculture membership will also enable the Board to better address the complex needs of each island's agricultural community and the broader needs of agriculture in the State.

Your Committee has amended this measure by:

- (1) Adding one member to the Board of Agriculture who shall be a resident of the island of Oahu;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1742, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1742, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 436-22     Agriculture on H.B. No. 2062**

The purpose of this measure is to establish the Agricultural Emergency Loan Revolving Fund, to be administered by the Department of Agriculture, to fund class D emergency loans.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Farm Bureau, Ulupono Initiative, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Emergency Loan Program serves as a safety net to farms and ranches during times of emergency. According to testimony provided by the Department of Agriculture, due to tight funding supply, the Emergency Loan Program has not been able to reserve any funds specifically for emergency loans. The Agricultural Emergency Loan Revolving Fund proposed in this measure would serve as a dedicated source of funding for agricultural emergencies including natural disasters, production and pest blights, and economic disasters.

Your Committee has amended this measure by:

- (1) Changing the appropriations to unspecified amounts;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that should your Committee on Finance choose to hear this measure, it consider appropriating \$2,500,000 for deposit into and appropriation out of the Agricultural Emergency Loan Revolving Fund.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2062, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2062, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 437-22     Agriculture on H.B. No. 2280**

The purpose of this measure is to prohibit planned community associations from prohibiting or unreasonably restricting the use of a unit owner's enclosed yard for personal agriculture.

Your Committee received testimony in support of this measure from three individuals. Your Committee received testimony in opposition to this measure from the Community Associations Institute Legislative Action Committee and one individual.

Your Committee finds that providing latitude to unit owners of planned community associations to use their enclosed yards for personal agriculture can promote good health, improve the local environment, and improve neighborhood spaces.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2280, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2280, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 438-22     Agriculture on H.B. No. 2418**

The purpose of this measure is to amend the focus, scope, and management of the Agribusiness Development Corporation to reflect the current state of agriculture in Hawaii and focus on statewide needs for export and consumption of local agricultural products.

Your Committee received testimony in support of this measure from Earthjustice, Hawai'i SEED, IslandBreathe.org, and fourteen individuals. Your Committee received comments on this measure from the Department of Agriculture; Department of Budget and Finance; Agribusiness Development Corporation; Hawai'i Farm Bureau; Hawai'i Alliance for Progressive Action; Hawai'i Food+ Policy; We Are One, Inc.; and eleven individuals.

Your Committee finds that environmental, technological, and other global changes have opened doors to new opportunities for agricultural growth and development while necessitating certain policy, operational, and organizational changes to optimize growth and development of the State's agriculture industry. Your Committee finds that the composition of the members who serve on the Agribusiness Development Corporation Board of Directors is critical to sound leadership and governance, understanding the agriculture industry and its needs, and setting the direction of agribusiness in the State.

Your Committee has amended this measure by:

- (1) Repealing section 163D-8.5, Hawaii Revised Statutes, which requires that all agricultural projects, agricultural development plans, and project facility programs developed by the Agribusiness Development Corporation be approved by the Board of Agriculture before implementation;
- (2) Not specifically requiring that a certain number of Agribusiness Development Corporation Board members that must have substantial experience in local food production and organic and natural farming practices and demonstrated expertise in Native Hawaiian traditional and customary agricultural practices;
- (3) Adding certain benchmarks or objectives that must be included among the objectives and measurable outcomes of the Hawaii Agribusiness Plan goals;
- (4) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2418, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2418, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Tokioka).

#### **SCRep. 439-22     Agriculture on H.B. No. 2431**

The purpose of this measure is to establish the Sustainable Food Systems Working Group within the Office of Planning and Sustainable Development to develop a plan for a more sustainable, resilient local food economy that enhances and sustains the environmental, economic, and social health of the community.

Your Committee received testimony in support of this measure from the Hawaii Foodbank, Hawaii Foodservice Alliance LLC, Hawaii Cattlemen's Council, North Shore Economic Vitality Partnership, 'Ai Pohaku, Art Farm, Hawaii Farm Bureau, and eleven individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Agriculture, Office of Planning and Sustainable Development, Hawaii Farmers Union United, Hawaii Food Industry Association, and Center for Getting Things Started.

Your Committee finds that sustainable food systems work to promote and sustain the environmental, economic, and social health and well-being of individuals and communities. Your Committee recognizes that the convening of key stakeholders across multiple sectors in the Sustainable Food Systems Working Group will support and further efforts to establish a more robust, sustainable, and resilient food system that considers the health, social, and environmental impacts of food production, distribution, and consumption in the State.

Your Committee has amended this measure by:

- (1) Increasing the membership of the Sustainable Food Systems Working Group to include a representative of the Department of Agriculture; four representatives of the agricultural sector, of which each member shall represent one of the counties; and a representative of the Hawaii Food Industry Association;
- (2) Extending the deadline for submittal of the Sustainable Food Systems Working Group's plan to the Legislature by one year;
- (3) Changing the end date of the Dissolving the Sustainable Food Systems Working Group to December 31, 2023;
- (4) Appropriating funds for the purposes of the Sustainable Food Systems Working Group and for one full-time equivalent Sustainability Specialist position in the Office of Planning and Sustainable Development, Statewide Sustainability Branch;
- (5) Changing the effective date to July 1, 2022; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2431, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2431, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 440-22     Agriculture/Economic Development on H.B. No. 1499**

The purpose of this measure is to require the Department of Agriculture to partner with a Hawaii entity to establish a Pilot United States Department of Agriculture Harmonized Good Agricultural Practices Food Safety Training and Certification Program to assist small- and medium-sized farms in obtaining the United States Department of Agriculture Harmonized Good Agricultural Practices certification.

Your Committees received testimony in support of this measure from the North Shore Economic Vitality Partnership; Hawaii Food Industry Association; Ulupono Initiative; Hawai'i Farm Bureau; HT Hayashi Foundation; Hawaii Foodservice Alliance; Hawaii Fish Company; Malama Kaua'i; Y. Hata & Co., Limited; Lanakila Pacific; HIP Agriculture; and seven individuals. Your Committees received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

Your Committees find that compliance with food safety regulations and the increasing demand for locally grown food in commercial and institutional markets provide an opportunity for small- and medium-sized farms to expand production to meet market conditions. Your Committees also find that food safety certification of farms in the State is a critical first step toward compliance with the 2011 Food Safety Modernization Act and market acceptance of locally grown food, which can lead to increased market access and opportunities to increase local food production. The State's farmers would benefit from direct training and technical assistance to successfully implement food safety practices and obtain the United States Department of Agriculture Harmonized Good Agricultural Practices certification.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Agriculture and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1499, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1499, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Agriculture: Ayes, 7. Noes, none. Excused, 1 (Tokioka).  
 Economic Development: Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 441-22 Agriculture/Economic Development on H.B. No. 1812**

The purpose of this measure is to clarify that the Natural Energy Laboratory of Hawaii Authority's duties include supporting aquaculture.

Your Committees received testimony in support of this measure from the Department of Agriculture, Hawai'i Farm Bureau, Hawaii Aquaculture & Aquaponics Association, and Natural Energy Laboratory of Hawaii Authority.

Your Committees find that the Natural Energy Laboratory of Hawaii Authority (NELHA) currently manages aquaculture tenants and supports aquaculture industry development. This measure adds specific language in statute that NELHA's duties include supporting the research, development, and commercialization of aquaculture, thereby clarifying the explicit relationship between aquaculture and NELHA and affirming NELHA's duties to support the State's aquaculture industry.

Your Committees have amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Agriculture and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1812, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1812, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Agriculture: Ayes, 7. Noes, none. Excused, 1 (Tokioka).  
 Economic Development: Ayes, 7. Noes, none. Excused, 1 (D. Kobayashi).

**SCRep. 442-22 Judiciary & Hawaiian Affairs on H.B. No. 2246**

The purpose of this measure is to amend the State Highway Enforcement Program surcharge from \$200 to an unspecified amount.

Your Committee received testimony in support of this measure from the Department of Transportation and one member of the Maui County Council. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the State is experiencing an increase in the number of vehicles on the State's roads. According to federal crash statistics, roughly five hundred sixty-six deaths and 14,731 injuries occur annually involving a stopped or disabled vehicle on a roadway. Your Committee believes that increasing the surcharge for those willfully creating unsafe conditions for others on the State's roads could reduce deaths and injuries relating to an individual stopping, standing, or parking a vehicle on state highways.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2246, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (LoPresti).

**SCRep. 443-22 Judiciary & Hawaiian Affairs on H.B. No. 2218**

The purpose of this measure is to designate the reef runway at the Daniel K. Inouye International Airport as the Frank T. Okimoto Reef Runway.

Your Committee received testimony in support of this measure from four individuals.

Your Committee finds that the reef runway was constructed on coral reef adjacent to the Daniel K. Inouye International Airport in 1977 to alleviate aircraft noise patterns over Honolulu and the surrounding areas. The project engineer for the reef runway was the late Frank T. Okimoto, who served as an airports civil engineer from 1967 until his untimely passing in 1978.

The engineering achievements of the reef runway earned the project two awards: one of the Ten Outstanding Engineering Achievements Awards in the United States in 1977, and the Aviation Environment Award from the Federal Aviation Administration, which had only been awarded once before. Your Committee believes that designating the reef runway as the Frank T. Okimoto Reef Runway is an appropriate tribute to Frank T. Okimoto.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2218 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (LoPresti).

**SCRep. 444-22 Judiciary & Hawaiian Affairs on H.B. No. 1691**

The purpose of this measure is to:

- (1) Lower the minimum age required for an intrastate commercial driver's license to eighteen years;
- (2) Eliminate the requirements that certain persons be solely licensed to operate category 3 vehicles and that persons have certain certifications in order to be licensed as intrastate commercial drivers or obtain a learner's permit; and
- (3) Require the Department of Transportation to adopt or amend its administrative rules to lower the minimum age required for a commercial driver's license to eighteen years.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii Transportation Association, and Hawaii Food Industry Association.

Your Committee finds that Hawaii is the only state that does not allow people who are eighteen years of age to operate category 4 vehicles and commercial motor vehicles in intrastate commerce. This measure allows for the State to address commercial driver shortages by participating in the Federal Motor Carrier Safety Administration program that trains people who are at least eighteen years of age and who are already licensed to drive commercial motor vehicles in intrastate commerce to also drive in interstate commerce.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1691, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1691, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 445-22 Judiciary & Hawaiian Affairs on H.B. No. 1917**

The purpose of this measure is to remove the deadline for the Hawaii Housing Finance and Development Corporation to renegotiate an existing, or issue a new, ground lease for the Front Street Apartments affordable housing project in Lahaina, Maui, before the initiation of condemnation proceedings.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and the one member of the Maui County Council.

Your Committee finds that there is a severe shortage of affordable rental housing in the County of Maui, particularly in the western part of the island. To address this shortage, the Legislature passed acts in 2018 and 2019 to support the Front Street Apartments in Lahaina, Maui, and preserve their affordability. The Hawaii Housing Finance and Development Corporation has since acquired the leased fee interest in the Front Street Apartments and was required by the Legislature to initiate condemnation proceedings unless it renegotiated the ground lease for the Front Street Apartments project or issued a new ground lease on terms acceptable to the Hawaii Housing Finance and Development Corporation by December 31, 2021. However, due to a federal lawsuit, the Hawaii Housing Finance and Development Corporation was unable to obtain an accurate appraisal of the fair market value of the ground lease for the property for purposes of condemnation or negotiating a ground lease agreement. Therefore, removing the December 31, 2021, deadline and applying it retroactively is necessary.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1917 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 446-22 Judiciary & Hawaiian Affairs on H.B. No. 2347**

The purpose of this measure is to provide funding for the development of a master plan to address the current and future needs of the Hawaii State Archives.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and Hawaii State Archives.

Your Committee finds that the Hawaii State Archives was designed and constructed seventy years ago. Based on current archival practices and public access needs, the Hawaii State Archives is in immediate need of updating its facility to accommodate the storage, maintenance, and security needs of the State's public records. These records include records dating from the time period of Hawaii's monarchy to the current legislative session, papers of individuals and organizations, photographs, maps, artifacts, and rare books. Your Committee further finds that the development of a master plan for the Hawaii State Archives, as provided in this measure, would initiate further action to safeguard and preserve the State's vital historical documents and records.

Should your Committee on Finance deliberate this measure further, your Committee respectfully requests it consider authorizing the issuance of general obligation bonds in the sum of \$1,000,000 and appropriating the same amount for fiscal year 2022-2023 for the development of a master plan to address current and future needs of the Hawaii State Archives.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2347, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 2 (LoPresti, McKelvey).

#### **SCRep. 447-22 Judiciary & Hawaiian Affairs on H.B. No. 2015**

The purpose of this measure is to establish an institute within the William S. Richardson School of Law to be known as Hookaulike: A Criminal Legal System Institute for Restoration and Healing (Hookaulike).

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, William S. Richardson School of Law at the University of Hawai'i at Mānoa, Hawai'i inūiākea School of Hawaiian Knowledge at the University of Hawai'i at Mānoa, Community Alliance on Prisons, American Civil Liberties Union of Hawai'i, and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Hookaulike would help to address the overrepresentation of Native Hawaiians, Pacific Islanders, and other communities of color in the State's correctional system. The goal is to create an inclusive and fair criminal legal system devoted to restoration and healing.

Your Committee respectfully requests that as this measure continues through the legislative process, its proponents and other stakeholders work together to determine whether Hookaulike is most appropriately placed within the William S. Richardson School of Law at the University of Hawai'i at Mānoa.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2015, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 448-22 Judiciary & Hawaiian Affairs on H.B. No. 1775**

The purpose of this measure is to:

- (1) Define the scope and application of Hawaii's laws prohibiting discrimination in state educational programs and activities and set forth requirements with which entities that have state education programs or activities, or that receive state funding for educational programs or activities, must comply; and
- (2) Require annual reporting to the Legislature on the number and types of discrimination cases received by the University of Hawaii, Department of Education, and public charter schools, and other relevant information.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Hawai'i Civil Rights Commission, State Public Charter School Commission, Stonewall Caucus of the Democratic Party of Hawai'i, American Association of University of Women of Hawaii, Hawaii Women's Coalition, Women's Caucus of the Democratic Party of Hawai'i, Hawai'i Women Lawyers, Save Medicaid Hawaii, Hawai'i Children's Action Network Speaks!, and twelve individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Education.

Your Committee finds that ensuring the prohibition of discrimination on the basis of sex, including gender identity or expression, or sexual orientation, is a matter of statewide concern. This measure seeks to preserve and enhance the legacy of the Patsy Takemoto Mink Equal Opportunity in Education Act, otherwise known as Title IX of the Education Amendments of 1972.

Your Committee has amended this measure by:

- (1) Deleting language that would have applied the State's laws prohibiting discrimination in state educational programs and activities to the conduct of all students and employees of a covered educational program or activity and third parties;
- (2) Deleting the definitions of "consent", "dating violence", "domestic violence", "gender-based harassment", "incapacitated" or "incapacitation", "retaliation", "sex discrimination", "sexual assault", "sexual contact", "sexual exploitation", "sexual harassment", and "stalking";
- (3) Amending the required content for the annual reports to the Legislature;
- (4) Clarifying that the Public Charter School Commission, instead of each public charter school, is required to submit an annual report to the Legislature;
- (5) Clarifying that the State's laws prohibiting discrimination in state educational programs and activities do not preclude an individual participating in any educational program or activity who is aggrieved by a violation of those laws from filing a civil action in a court of competent jurisdiction;
- (6) Deleting language that would have prohibited certain types of conduct under any covered educational program or activity and all related language;
- (7) Establishing two senior advisor positions and one junior advisor position within the University of Hawaii System;
- (8) Inserting a blank appropriation to the Department of Education to carry out the purposes of this measure; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1775, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1775, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 449-22 Judiciary & Hawaiian Affairs on H.B. No. 1670**

The purpose of this measure is to establish a Boundary Review Committee within the Land Use Commission to promptly and efficiently resolve boundary disputes brought before the Land Use Commission.

Your Committee received testimony in support of this measure from the Land Use Commission.

Your Committee finds that this measure will streamline government processes by providing the public with a less cost prohibitive and more efficient process for resolving boundary determinations that are not associated with any planning or public policy issues.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1670, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (McKelvey). Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 450-22 Judiciary & Hawaiian Affairs on H.B. No. 1789**

The purpose of this measure is to:

- (1) Clarify that the representative of labor on the Hawaii Labor Relations Board be a person selected by a majority of the exclusive representatives of the collective bargaining units; and
- (2) Establish a process for appointing the representative.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association; Hawaii Fire Fighters Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; United Public Workers, AFSCME Local 646, AFL-CIO; and State of Hawaii Organization of Police Officers. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining and one individual. Your Committee received comments on this measure from the Hawai'i Labor Relations Board.

Your Committee finds that the current process of allowing the Governor to pick a name from a list of three nominees to fill the role of representative of labor provides the Governor with too much authority over the composition of the Hawaii Labor Relations Board. Providing a single name to the Governor that has been vetted by the exclusive representatives, with a clear timeframe for the name to be transmitted to the Senate for consideration ensures greater fairness, predictability, and transparency in the appointment process.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1789, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1789, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 451-22 Judiciary & Hawaiian Affairs on H.B. No. 2288**

The purpose of this measure is to transfer the parcel of land designated as TMK (1) 3-2-030-002-0000-000 to the Department of Hawaiian Home Lands.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, Council for Native Hawaiian Advancement, Kupuna for the Mo'opuna, and one individual. Your Committee received testimony in opposition to this measure from the University of Hawai'i and one individual. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that there is a large number of applicants seeking homesteads on Oahu where there is a land shortage. The transfer of land identified in this measure will enable the Department of Hawaiian Home Lands to award homesteads to its Oahu applicants.

Your Committee has amended this measure by deleting language that stated that the transfer involved the real property located at 560 Makapuu Avenue, Honolulu, Hawaii 96816.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2288, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2288, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 452-22 Judiciary & Hawaiian Affairs on H.B. No. 1208**

The purpose of this measure is to propose an amendment to the Hawaii State Constitution to repeal the exclusive authority of the counties to exercise the functions, powers, and duties of real property taxation, thereby authorizing the State to also exercise those functions, powers, and duties.

Your Committee received testimony in support of this measure from the Hawai'i Appleseed Center for Law and Economic Justice. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS, Hawai'i Lodging & Tourism Association, Maui Chamber of Commerce, and two individuals. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that Hawaii has the second highest income tax rates and the lowest real property tax rates in the nation. This tax structure results in the overall tax burden being placed on the residential workforce, while effectively subsidizing non-residents' real estate investments in Hawaii. Removing the counties exclusive authority to determine real property taxes will provide the State with greater flexibility and control over its taxation policies.

Your Committee further finds that the intention of this measure is to enable the Legislature to eliminate personal and business income taxes and offset these tax revenue sources with real property taxes. The long-term intention of allowing the State to exercise control over property taxes is to double the homeowner and senior exemptions on real property taxes to lessen the overall tax burden on local residents. If this measure is enacted and the amendment to the Hawaii State Constitution is ratified, House Bill No. 1209, House Draft 2, Regular Session of 2022, upon its enactment and the enactment of state law specifying the real property tax amounts to be levied and assessed, will take effect and the State will stop collecting all income taxes.

Your Committee has amended this measure by:

- (1) Clarifying the intention of the measure and constitutional question to be placed on the ballot; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1208, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1208, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Takumi). Noes, 2 (Tokioka, Ward). Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 453-22 Judiciary & Hawaiian Affairs on H.B. No. 124**

The purpose of this measure is to require the Chief Election Officer to develop and distribute a voter information guide for all candidates running for state office, including trustee candidates of the Office of Hawaiian Affairs.

Your Committee received testimony in support of this measure from the Green Party of Hawai'i, Community Alliance on Prisons, Common Cause Hawaii, Americans for Democratic Action Hawai'i, Young Progressives Demanding Action, and twelve individuals. Your Committee received comments on this measure from the Office of Elections.

Your Committee finds that several other states publish official voter guides. This measure would promote a more informed electorate and may increase voter participation.

Your Committee has amended this measure by:

- (1) Inserting a blank appropriation amount for the Office of Elections to develop and distribute the voter information guide;
- (2) Changing the effective date to January 1, 2022, to encourage further discussion;
- (3) Inserting a sunset date of March 1, 2024; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 124, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 124, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Matayoshi). Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 454-22 Judiciary & Hawaiian Affairs on H.B. No. 1447**

The purpose of this measure is to exempt a person qualified as a county lifeguard and the employing county from liability for any civil damages resulting from the person's acts or omissions while providing rescue, resuscitative, or other lifeguard services, except as may result from the person's gross negligence or wanton acts or omissions.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; one member of the Kaua'i County Council; one member of the Maui County Council; Hawai'i Fire Department; County of Maui Ocean Safety Bureau; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Ocean Safety Maui; Hawai'i State Association of Counties; and thirteen individuals. Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice.

Your Committee finds that the counties may be reluctant to provide lifeguard services at beaches, including dangerous beaches, due to concerns about frivolous lawsuits contributing to the costs of insurance. By providing limited liability protection for county lifeguards and the employing counties, this measure will encourage the counties to expand their lifeguard services at beaches across the State.

Your Committee has amended this measure by:

- (1) Inserting the exception to liability for county lifeguard services into a new section under the State's tort actions chapter and further amending the exception to provide that, notwithstanding any other law to the contrary, a person employed as a county lifeguard, the county employing the county lifeguard, and the State are not be liable for any civil damages resulting from any act or omission of the county lifeguard while providing rescue, resuscitative, or other lifeguard services on the beach or in the ocean in the scope of employment as a county lifeguard, unless the claim for civil damages results from a county lifeguard's gross negligence or wanton act or omission; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1447, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1447, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 455-22 Judiciary & Hawaiian Affairs on H.B. No. 1624**

The purpose of this measure is to require judges to impose the crime victim compensation fee in all eligible cases.

Your Committee received testimony in support of this measure from the Department of Public Safety, Crime Victim Compensation Commission, Department of the Prosecuting Attorney of the County of Maui, Department of the Prosecuting Attorney of the City and County of Honolulu, County of Kauai Victim/Witness Program, Hawai'i State Coalition Against Domestic Violence, and Mothers Against Drunk Driving. Your Committee received testimony in opposition to this measure from the Judiciary, Office of the Public Defender, Hawai'i Association of Criminal Defense Lawyers, and one individual.

Your Committee finds that the Crime Victim Compensation Commission is facing funding problems due to the failure of judges to impose the crime victim compensation fee in eligible cases and court closures during the COVID-19 pandemic. Your Committee further finds that the Judiciary may not fully realize how the failure of its judges to impose the crime victim compensation fee is impacting the fiscal self-sufficiency of the Crime Victim Compensation Commission and thereby victims of crime.

Accordingly, your Committee has amended this measure by:

- (1) Amending the purpose section;
- (2) Reinstating the court's discretion to determine which defendants have the ability to pay the compensation fee;
- (3) Requiring that if a court waives the imposition of a compensation fee due to a defendant's inability to pay, the Judiciary shall deposit into the Crime Victim Compensation Special Fund an amount equal to one half of the compensation fee that would have been imposed upon the defendant; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1624, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1624, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Tokioa). Noes, none. Excused, 4 (LoPresti, Lowen, McKelvey, Ward).

#### **SCRep. 456-22 Water & Land/Energy & Environmental Protection on H.B. No. 1672**

The purpose of this measure is to broaden the counties' authority to create special improvement districts by expanding the objective of these districts to include environmental protection and preservation, natural resource management, and natural hazard mitigation.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, University of Hawai'i Sea Grant College Program and Climate Resiliency Initiative, Waikiki Beach Special Improvement District Association, Ko'olau Waialua Alliance, Surfrider Foundation - Hawai'i Region, Sierra Club of Hawai'i, and seven individuals.

Your Committees find that Hawaii is being exposed to a variety of threats that affect its environment and ecosystems, including the effects of climate change, such as the increase in the frequency and severity of storms and drought, sea level rise, groundwater inundation, and coastal erosion. These threats are of particular concern to the State due to its island topography and substantial coastal exposure.

Your Committees have amended this measure by:

- (1) Adding climate change and sea level rise adaptation as a purpose for the creation of a special improvement district by a county;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Water & Land and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1672, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1672, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 7; Ayes with Reservations (Kong). Noes, none. Excused, 1 (McDermott).

Energy & Environmental Protection: Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 457-22 Water & Land/Agriculture on H.B. No. 1721**

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources and Department of Agriculture to collaborate on the development of a feral animal management plan and submit a report to the Legislature of their findings and recommendations; and
- (2) Appropriate funds for this purpose.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; one member of the Maui County Council; Hawai'i Farm Bureau; Maui County Farm Bureau; Hawaii Cattlemen's Council, Inc.; Ulupono Initiative; and six individuals. Your Committees

received testimony in opposition to this measure from the Hawaii County Game Management Advisory Commission and two individuals. Your Committees received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

Your Committees find that the imbalance of feral animals in the State is wreaking havoc on the environment, agriculture, and communities.

Your Committees have amended this measure by:

- (1) Requiring the Department of Land and Natural Resources and Department of Agriculture to collaborate on feral animal management but not to develop a plan;
- (2) Describing the scope of feral animal management;
- (3) Deleting the requirement that the Department of Land and Natural Resources and Department of Agriculture submit a report of their findings and recommendations to the Legislature before the Regular Session of 2023;
- (4) Changing the purpose of the appropriation from the development of a feral animal management plan to establishment of one full-time equivalent (1.0 FTE) Natural Resources Management Specialist position related to feral animal management;
- (5) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees urge the Department of Land and Natural Resources to actively engage in discussions with stakeholders regarding feral animal management.

As affirmed by the records of votes of the members of your Committees on Water & Land and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1721, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1721, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 7. Noes, none. Excused, 1 (McDermott).

Agriculture: Ayes, 6; Ayes with Reservations (Lowen). Noes, none. Excused, 2 (Tokioka, Matsumoto).

#### **SCRep. 458-22 Water & Land on H.B. No. 1631**

The purpose of this measure is to provide a refundable income tax credit for Hawaii homeowners who install and place into service a water catchment system that meets certain requirements.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, University of Hawai'i Sea Grant College Program, and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that water catchment systems can be cost-effective, reliable, and safe fresh water sources that reduce consumer demand on existing fresh water.

Your Committee has amended this measure by:

- (1) Making the tax credit nonrefundable and establishing a limit of one tax credit per qualified taxpayer;
- (2) Amending the definition of "qualified taxpayer" so that the taxpayer must have installed and placed in service the water catchment system during the taxable year in order to qualify for the tax credit;
- (3) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1631, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1631, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Ganaden, Kong, McDermott).

#### **SCRep. 459-22 Water & Land on H.B. No. 2041**

The purpose of this measure is to:

- (1) Increase from five to twenty-five the percentage of the Land Conservation Fund that may be used for costs related to the operation, maintenance, and management of lands acquired by the Fund;
- (2) Increase from \$5,100,000 to \$8,000,000 the maximum dollar amount of the conveyance tax distribution to the Land Conservation Fund, if it is less than ten percent of conveyance taxes collected in that fiscal year; and
- (3) Appropriate funds from the Land Conservation Fund for land acquisition.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Wai'anāe Community Re-Development Corp. dba MA'O, Ma'alaea Village Association; Ke Ao Hali'i; Hi'ipaka, LLC; Livable Hawaii Kai Hui; Maunaloa Fishpond Heritage Center; and five individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS. Your Committee received comments on this measure from The Nature Conservancy - Hawai'i and Palmyra, The Trust for Public Land, and Tax Foundation of Hawaii.

Your Committee finds that the recent escalation in real estate market values has eroded the buying power of the Land Conservation Fund to its lowest level since its inception. At existing funding levels, the Legacy Land Conservation Program is unable to support many important opportunities for land acquisition. This measure would provide a valuable infusion of funds into the Land Conservation Fund at this critical time.

Your Committee has amended this measure by changing its effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2041, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2041, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 3 (Ganaden, Kong, McDermott).

**SCRep. 460-22 Water & Land on H.B. No. 2199**

The purpose of this measure to appropriate funds to support the Department of Land and Natural Resources' hatchery program.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Kua'āina Ulu 'Auamo, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that loko i'a, or fishponds, play an important role in Hawaiian cultural practices, have an ecologically important role in watersheds, and could significantly contribute to the State's food security goals. Your Committee further finds that providing juvenile fish to restock loko i'a through the Department of Land and Natural Resources will support ongoing efforts to restore Hawaii's fishponds.

Your Committee has amended this measure by:

- (1) Removing all references to the Department of Land and Natural Resources' hatchery program;
- (2) Changing the appropriation to an unspecified amount;
- (3) Adding the provision of limu for the restoration and restocking of fishponds as a purpose of the appropriation;
- (4) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that should your Committee on Finance choose to hear this measure, it consider appropriating \$300,000 for the Department of Land and Natural Resources to:

- (1) Provide fingerlings and limu for restoration and restocking of fishponds; and
- (2) Establish one full-time equivalent (1.0 FTE) Aquaculture Coordinator Biologist VI position.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2199, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2199, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 3 (Ganaden, Kong, McDermott).

**SCRep. 461-22 Water & Land on H.B. No. 1929**

The purpose of this measure is to:

- (1) Require the Office of Planning and Sustainable Development to perform a study to assess the rural district framework within the State Land Use Law and make recommendations for revisions to rural district policies and permissible uses within the rural district;
- (2) Require the Office of Planning and Sustainable Development to submit interim and final reports of the study to the Legislature; and
- (3) Appropriate funds for the study.

Your Committee received testimony in support of this measure from the Department of Agriculture, Office of Planning and Sustainable Development, Hawaii Farm Bureau, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the State and counties have not made effective use of the state rural land use district. Your Committee further finds that there is potential for greater use of the rural district to differentiate rural communities and lifestyle farms from working or commercial agricultural lands and to enable better protection of productive agricultural lands and the open space character of Hawaii's rural areas.

Your Committee notes that the Office of Planning and Sustainable Development completed a state land use review of districts report in January 2022, which found that the potential for preserving much of Hawaii's open space, rural communities, and working lands may be realized by redefining the policy framework for the rural district and reclassifying lands from the agricultural to the rural district to accommodate lower-density rural settlement patterns and subsistence farming lifestyles. This measure will continue the examination of the rural district framework to allow for better use of the state rural land use district and provide better protection for productive agricultural lands.

Your Committee has amended this measure by:

- (1) Deleting the amounts of the appropriations; and
- (2) Changing its effective date to July 1, 2050, to encourage further discussion.

Your Committee respectfully requests your Committee on Finance, should it choose to hear this measure, to consider appropriating \$250,000 for the Office of Planning and Sustainable Development to perform a study to refine rural district policies and complete the required reports to the Legislature.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1929, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1929, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 3 (Ganaden, Kong, McDermott).

**SCRep. 462-22 Housing/Health, Human Services, & Homelessness on H.B. No. 2233**

The purpose of this measure is to alleviate the rental housing needs of low-income families by authorizing and appropriating funds for the Department of Human Services to provide eligible households receiving benefits under the Temporary Assistance for Needy Families Program or Temporary Assistance for Other Needy Families Program with housing assistance subsidies of up to \$500 per month during their participation in the First-to-Work Program.

Your Committees received testimony in support of this measure from the Governor's Coordinator on Homelessness; Department of Human Services; Zonta Club of Hilo; Partners In Care; Catholic Charities Hawai'i; Habitat for Humanity Hawaii Island, Inc.; Community Alliance Partners; We Are Oceania; HOPE

Services Hawaii; Hawai'i Children's Action Network Speaks!; Hawai'i Appleseed Center for Law & Economic Justice; and one individual. Your Committees received comments on this measure from the Department of Budget and Finance, State Procurement Office, and Tax Foundation of Hawaii.

Your Committees find that housing assistance can make a significant difference in the economic and personal well-being of low-income families. Housing costs are the single largest budget item in a household budget; however, the impact of housing costs are harder felt by low-income families and those experiencing homelessness or at risk of homelessness. This measure provides ongoing shallow subsidies for rental housing to reduce the housing cost burden for low-income families who are working to transition off public assistance, maintain their housing, and achieve self-sufficiency.

Your Committees have amended this measure by:

- (1) Broadening the appropriation to include system modifications for Temporary Assistance for Needy Families Program participants;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Housing and Health, Human Services, & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2233, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2233, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 8. Noes, none. Excused, 1 (McDermott).

Health, Human Services, & Homelessness: Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 463-22 Housing/Health, Human Services, & Homelessness on H.B. No. 1648**

The purpose of this measure is to:

- (1) Establish the Office on Homelessness and Housing Solutions;
- (2) Establish the Homelessness and Housing Solutions Special Fund; and
- (3) Appropriate funds for the administration of the Office on Homelessness and Housing Solutions.

Your Committees received testimony in support of this measure from the Office of the Public Defender, Department of the Prosecuting Attorney of the City and County of Honolulu, and three individuals. Your Committees received comments on this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Department of Land and Natural Resources, Department of Budget and Finance, and Department of Public Safety.

Your Committees find that homelessness is one of the most pressing problems in the State, with the State's homelessness per capita rate among the highest in the nation. The Governor's Coordinator on Homelessness currently has the mandate and authority to lead the Hawaii Interagency Council on Homelessness, which is a cross-sector, inter-governmental advisory council tasked with shaping and executing the State's strategy to end homelessness. Your Committees further find that a sustained, long-term coordinated effort by government and the private sector is necessary to reduce and end homelessness statewide. The creation of a central office, as proposed in this measure, would enable greater collaboration, coordination, and creation of effective initiatives to prevent, reduce, and end homelessness.

Your Committees have amended this measure by:

- (1) Placing the Office on Homelessness and Housing Solutions within the Department of Human Services, rather than within the Department of Budget and Finance;
- (2) Making the civil service exemption applicable to only the Governor's Coordinator on Homelessness;
- (3) Authorizing each county to provide matching funds for deposit into the Homelessness and Housing Solutions Special Fund;
- (4) Requiring that monies in the special fund be used in accordance with state laws governing contracts made by state agencies for purchases of health and human services;
- (5) Exempting the special fund from the central service expenses and departmental administrative expenses assessments;
- (6) Appropriating funds to include an unspecified number of full-time equivalent positions for administration of the Office of Homelessness and Housing Solutions;
- (7) Changing the appropriations to unspecified amounts;
- (8) Designating the Department of Human Services as the expending agency for the appropriations in this measure;
- (9) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Housing and Health, Human Services, & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1648, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1648, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 8. Noes, none. Excused, 1 (McDermott).

Health, Human Services, & Homelessness: Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 464-22 Housing on H.B. No. 1749**

The purpose of this measure is to:

- (1) Establish the Supportive Housing Task Force to improve data collection on supportive housing needs in the State; and
- (2) Appropriate funds for the task force.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, EAH Housing, Hawaii Community Foundation, Building Industry Association of Hawaii, Partners In Care, Catholic Charities Hawai'i, and two individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Department of Budget and Finance, Office of Information Practices, Hawai'i State Ethics Commission, and Common Cause Hawaii.

Your Committee finds that Act 39, Session Laws of Hawaii 2018, directed the Hawaii Housing Finance and Development Corporation to conduct a study of the housing waitlists in the State and each county to, among other things, quantify the need for housing among individuals with access and functional needs and identify supportive services that these individuals require. The Hawaii Housing Finance and Development Corporation found that 37,031 individuals with access and functional needs were reported to be in need of housing.

Your Committee further finds that affordable housing is but one area in which individuals with access and functional needs require support. For many of these individuals, access to housing goes hand in hand with access to intensive coordinated services and appropriate care for the individual in order for the individual to maintain stable housing. Your also Committee finds that a supportive housing task force will enable housing, human services, health, and other stakeholders to collectively address the need for housing and coordinated services for individuals with access and functional needs.

Your Committee has amended this measure by:

- (1) Amending the composition of the Supportive Housing Task Force to include the Executive Directors of Partners In Care and Bridging the Gap Hawaii, and enabling all task force members to select designees to serve in their absence;
- (2) Removing as unnecessary language exempting task force members from the financial interests disclosure requirements under the State Ethics Code, as the State Ethics Commission's longstanding practice is to exclude activities of task force members from the general provisions of the Code;
- (3) Exempting the task force from the Sunshine Law, rather than the entirety of the State's law governing public agency meetings and records;
- (4) Specifying that the appropriation in this measure includes funds for one full-time equivalent (1.0 FTE) planner or specialist position;
- (5) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1749, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1749, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 465-22 Education/Housing on H.B. No. 2345**

The purpose of this measure is to facilitate the development of affordable housing for teachers by appropriating funds to the Hawaii Housing Finance and Development Corporation to purchase the fee simple interest, lease, or acquire through another form of interest in a parcel of real property located in Ewa Beach on the island of Oahu to develop affordable housing, with priority given to Department of Education classroom teachers in the beginning of their careers.

Your Committees received testimony in support of this measure from the Hawaii State Teachers Association and three individuals. Your Committees received testimony in support of the intent of this measure from the Department of Education. Your Committees received comments on this measure from the Department of Budget and Finance; Hawaii Housing Finance and Development Corporation; Gentry Homes; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committees find that teacher recruitment and retention is a long-standing issue and has become a serious area of concern during the COVID-19 pandemic. This measure appropriates funds to begin the process of developing affordable housing, with priority given to public school teachers, to encourage prospective teachers to pursue employment in Hawaii's public schools.

Your Committees have amended this measure by:

- (1) Authorizing, rather than requiring, the acquisition of real property located in Ewa Beach on the island of Oahu to develop affordable housing;
- (2) Removing language that:
  - (A) Provides that if the real property is acquired, including through the use of a loan guaranty, the acquired real property shall be used solely for the development of affordable housing units for teachers and other improvements necessary for the affordable housing; and
  - (B) Requires the Hawaii Housing Finance and Development Corporation to adopt rules pursuant to chapter 91, Hawaii Revised Statutes, to effectuate and administer this measure;
- (3) Changing its effective date to July 1, 2050; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Education and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2345, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2345, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 8. Noes, none. Excused, 4 (Clark, Hashimoto, Quinlan, Yamane).

Housing: Ayes, 5. Noes, none. Excused, 4 (Hashimoto, Clark, LoPresti, McDermott).

#### **SCRep. 466-22 Education on H.B. No. 1834**

The purpose of this measure is to:

- (1) Require and appropriate funds to the Department of Education to establish and administer the Strong Students Grant Pilot Program (Pilot Program) to provide grants for eligible education expenses to eligible students; and
- (2) Require the Department of Education to submit progress reports on the Pilot Program to the Legislature.

Your Committee received testimony in support of this measure from HawaiiKidsCAN and two individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the coronavirus disease 2019 pandemic has been incredibly disruptive to student learning. Your Committee further finds that many residents living with at least one child under the age of eighteen have seen their combined household income decline and require financial assistance to support their child's education. This measure will provide grants to eligible students for certain eligible education expenses and alleviate the financial burden families in supporting their children.

Your Committee has amended this measure by changing its effective date to July 1, 2051.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1834, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1834, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Kapela). Noes, none. Excused, 1 (Clark).

#### **SCRep. 467-22 Education on H.B. No. 1941**

The purpose of this measure is to require the Department of Education to establish a Sustainable Community School Program to provide grants for the planning and implementation of community schools.

Your Committee received testimony in support of this measure from the Hawaii Afterschool Alliance; Democratic Party of Hawaii Education Caucus; Hawaii Children's Action Network Speaks!; Hawaii State Teachers Association; Early Childhood Action Strategy; and three individuals. Your Committee received testimony in support of the intent of this measure from the Department of Human Services. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the community school model aims to organize community resources to enable students to thrive and excel. This measure will ensure high-quality educational opportunities and improved educational outcomes for students through the support and input of school families and the local community.

Your Committee has amended this measure by:

- (1) Establishing the Sustainable Community School Program as a two-year pilot program, rather than permanently in statute;
- (2) Updating reporting requirements;
- (3) Changing its effective date to July 1, 2050; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1941, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1941, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

#### **SCRep. 468-22 Education on H.B. No. 2013**

The purpose of this measure is to establish and fund a School Garden Coordinator Position within the Department of Education's Office of Curriculum and Instructional Design to provide technical support and startup resources for schools interested in starting a school garden program.

Your Committee received testimony in support of this measure from the Department of Education, Department of Health, Local Food Coalition, Center for Getting Things Started, Hawai'i Farm Bureau, Hawai'i Farm to School Hui, Farm to Keiki, Ka Ohana O Na Pua, O'ahu Farm to School Network, Hawaii Food Youth Council, Hawaii Food Industry Association, Grow Some Good, Mala'ai, and four individuals. Your Committee received testimony in support of the intent of this measure from the Department of Agriculture. Your Committee received comments on this measure from the Department of Budget and Finance and one individual.

Your Committee finds that the increased use of learning gardens and farms on school campuses across Hawaii plays a central role in protecting student health, advancing academic achievement, and strengthening social and emotional well-being. Your Committee further finds that the establishment of a School Garden Coordinator position is vital to successfully implement the purpose of the Hawaii Farm to School Program, as set forth in Act 175, Session Laws of Hawaii 2021, which aims to improve student health, develop an educated agricultural workforce, and accelerate garden and farm-based education for public school students.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2013, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2013, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

#### **SCRep. 469-22 Education on H.B. No. 1586**

The purpose of this measure is to:

- (1) Repeal language authorizing the Department of Education to retain federal disaster relief funds;
- (2) Clarify that all federal funds received by the State for reimbursement of disaster-related expenses shall first be applied to the originating fund used by the department or agency for payment of disaster relief expenses; with funds to be returned to the general fund upon the lapse of the original appropriation;
- (3) Require each state agency to submit an annual report to the Hawaii Emergency Management Agency of certain information relating to funds expended for disaster response;
- (4) Require the Administrator of the Hawaii Emergency Management Agency to submit an annual report to the Legislature on the status of federal reimbursement monies for disaster response and disaster response spending by each state agency; and
- (5) Appropriate funds to the Department of Defense for disaster response efforts.

Your Committee received comments on this measure from the Department of Education, Department of Budget and Finance, and Hawaii Emergency Management Agency.

Your Committee finds that Hawaii is prone to many natural disasters, including hurricanes, volcanic eruptions, and wildfires. Various state departments and agencies have had to respond to these natural disasters as quickly as possible by utilizing their funds for disaster response efforts and then applying for federal reimbursement. Your Committee further finds that state departments and agencies may wait months or years to receive federal reimbursement and are forced to take funds from current operating expenses to cover for the delayed reimbursements, thereby forcing cuts or program changes in the department.

Your Committee notes that, out of necessity, the Department of Education expends appropriations to provide disaster relief from appropriation made for different purposes, including lump sum capital improvement program funds. If the Department of Education were to undertake the considerable additional administrative workload required to maximize federal funding, the Department would need authorization to receive and retain federal disaster relief reimbursements for expenditures made.

Accordingly, your Committee has amended this measure by:

- (1) Restoring statutory language authorizing the Department of Education to retain federal disaster relief funds;
- (2) Changing its effective date to July 1, 2051; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1586, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1586, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

#### **SCRep. 470-22 Education on H.B. No. 1736**

The purpose of this measure is to temporarily allow licensed teachers who have retired to be employed as teachers during a state of emergency and within twelve months of their retirement.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii State Teachers Association, and one individual. Your Committee received testimony in support of the intent of this measure from the Employees' Retirement System.

Your Committee finds that the State has been experiencing a chronic teacher shortage, making it very challenging to provide quality education for Hawaii's students. The teacher shortage in Hawaii has been exacerbated by the COVID-19 pandemic, with many teachers having to stay home from work because of exposure to COVID-19 or to take care of their loved ones who are sick with COVID-19.

Your Committee further finds that during the 2020-2021 academic year, over four hundred teachers retired. The employment of these recently retired teachers can help to address the current shortage of teachers; however, existing law prevents the retired teachers from doing so. This measure will temporarily authorize recently retired licensed teachers to continue to teach during a state of emergency.

Your Committee has amended this measure by changing its effective date to July 1, 2051.

Your Committee notes the concerns from the Employees' Retirement System in its testimony regarding the potential negative impact this measure may have on the Employees' Retirement System's status as a qualified governmental plan under the Internal Revenue Code. Specifically, the Employees' Retirement System is concerned about any pre-existing agreements or expectations of a retiring employee to return to work, incentivizing currently employed teachers to retire early, and the timing and duration of reemployment for retired teachers. Your Committee respectfully requests your Committee on Finance, should it decide to deliberate on this measure, to consider the Employees' Retirement System's concerns.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1736, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1736, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

#### **SCRep. 471-22 Education on H.B. No. 1864**

The purpose of this measure is to authorize the issuance of general obligation bonds and appropriating funds for school cafeteria upgrades and appropriating funds for cafeteria staff training.

Your Committee received testimony in support of this measure from the Department of Education, Department of Agriculture, one member of the Hawaii County Council, Ulupono Initiative, Hawai'i Farm Bureau, Hawai'i Alliance for Progressive Action, Ho'okāko'o Corporation, Hawai'i Farm to School Hui, Hawai'i 'Ulu Producers Cooperative, Ka Ohana O Na Pua, Grow Some Good, and six individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that school food programs play a critical role in improving the health of Hawaii's children by encouraging consumption of fresh, locally grown foods. Your Committee further finds that the funds appropriated in this measure will improve the ability of school food programs to serve students fresh, locally grown foods and is an investment in the health of Hawaii's children.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1864, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Okimoto). Noes, none. Excused, none.

#### **SCRep. 472-22 Education on H.B. No. 1525**

The purpose of this measure is to update the reporting requirements for state departments in meeting programmatic goals for the purchase and procurement of locally sourced products.

Your Committee received testimony in support of this measure from the Department of Education; Hawai'i Farm Bureau; Hawai'i Farm to School Hui; Local Food Coalition; Hawaii Cattlemen's Council, Inc.; Hawai'i Alliance for Progressive Action; Grow Some Good; and one individual. Your Committee received testimony in support of the intent of this measure from Ulupono Initiative.

Your Committee finds that Act 175, Session Laws of Hawaii 2021, moved the Hawaii Farm to School Program from the Department of Agriculture to the Department of Education and established a programmatic goal that at least thirty percent of food served in public schools be locally sourced by 2030. Your Committee further finds that Act 176, Session Laws of Hawaii 2021, established benchmarks for state departments to achieve to ensure that a certain percentage of produce that is purchased by departments is locally grown. Your Committee believes that additional guidance is needed for state departments regarding the implementation of the departments' purchasing and reporting obligations pursuant to Act 175 and Act 176, Session Laws of Hawaii 2021.

Your Committee has amended this measure by changing its effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1525, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1525, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

#### **SCRep. 473-22 Pandemic & Disaster Preparedness/Health, Human Services, & Homelessness on H.B. No. 1745**

The purpose of this measure is to appropriate funds to the Department of Labor and Industrial Relations to support the State's food banks.

Your Committees received testimony in support of this measure from one member of the Maui County Council; AlohaCare; Hawaii Food Bank; Hawai'i Health & Harm Reduction Center; Hawaii Medical Service Association; Aloha Harvest; Maui Food Bank; Malama Kaua'i; Hawaii Association of Health Plans; Waianae Coast Comprehensive Health Center; Kaiser Permanente; Hawai'i Primary Care Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Ulupono Initiative; Parents And Children Together; The Food Basket Inc., Hawai'i Island's Food Bank; Hawaii Foodbank Kaua'i; United Public Workers, AFSCME Local 646, AFL-CIO; Hawai'i Farm Bureau; Hawai'i Hunger Action Network; Hawaii Food Industry Association; and thirteen individuals. Your Committees received comments on this measure from the Department of Budget and Finance and Office of Community Services of the Department of Labor and Industrial Relations.

Your Committees find that the economic disruption precipitated by the onset of the coronavirus disease 2019 pandemic substantially increased food insecurity in the State. Food insecurity in the State was further exacerbated by the pandemic, with one in six Hawaii residents struggling with hunger, including eighty-two thousand children. Your Committees further find that Hawaii has the second highest rate of child food insecurity in the United States. This measure provides crucial operational support to Hawaii's food banks and ensures the provision of healthy, nutritious food to Hawaii's residents.

Your Committees have amended this measure by:

- (1) Changing the appropriation amount to an unspecified amount;
- (2) Allocating one percent of the funds appropriated to the Office of Community Services of the Department of Labor and Industrial Relations for the purposes of this measure;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees note that although the appropriation amount was changed to an unspecified amount to encourage further discussion, the requested amount is \$2,000,000. Your Committees further note that in their oral testimony, the Office of Community Services of the Department of Labor and Industrial Relations stated that one percent of the original appropriation amount, or \$20,000, would be necessary to cover the costs incurred by carrying out this measure.

As affirmed by the records of votes of the members of your Committees on Pandemic & Disaster Preparedness and Health, Human Services, & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1745, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1745, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Pandemic & Disaster Preparedness: Ayes, 8. Noes, none. Excused, none.

Health, Human Services, & Homelessness: Ayes, 7. Noes, none. Excused, none.

#### **SCRep. 474-22 Pandemic & Disaster Preparedness on H.B. No. 2443**

The purpose of this measure is to appropriate funds to the Department of Defense for fiscal year 2021-2022 to provide relief from flooding events.

Your Committee received testimony in support of this measure from the Department of Defense, Hawaii Emergency Management Agency, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that recent events such as the severe storms in March and December of 2021 show that the State is vulnerable to many natural disasters, particularly flooding. This measure establishes a legislative vehicle to allow the Department of Defense to quickly respond to any potential flooding events, thereby ensuring the safety of residents and visitors of the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Pandemic & Disaster Preparedness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2443, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2443, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 475-22 Corrections, Military, & Veterans on H.B. No. 2169**

The purpose of this measure is to clarify that the Department of Public Safety's role is to work with the Department of Transportation and county Examiners of Drivers to assist certain inmates in obtaining civil identification cards necessary to transition into the workforce, access social services, and secure housing, rather than to actually issue civil identification cards.

Your Committee received testimony in support of this measure from the Department of Public Safety, Hawai'i Health & Harm Reduction Center, and Women's Prison Project. Your Committee received comments on this measure from the Hawai'i Correctional System Oversight Commission and Common Cause Hawaii.

Your Committee finds that having a civil identification card is essential to eliminating many barriers for inmates exiting prison to integrate back into the community. This measure will clarify the role of the Department of Public Safety in supporting this tool to reentry.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

Your Committee also requests that subsequent committees hearing this measure consider how it will interface with automatic voter registration, if at all, as established by Act 126, Session Laws of Hawaii 2021 (Act 126). Section 1 of Act 126, codified at section 11-15.7, Hawaii Revised Statutes, provides that an application for voter registration shall be a part of the application for issuance of an identification card under section 286-303, Hawaii Revised Statutes. Your Committee notes that it does not intend to interfere with or impede any automatic voter registration efforts through this measure.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2169, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2169, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 476-22 Corrections, Military, & Veterans on H.B. No. 2435**

The purpose of this measure is to:

- (1) Require pat downs and searches of female inmates to be conducted by a female correctional facility employee unless the inmate presents a risk of immediate harm to self or others or a risk of escape;
- (2) Prohibit male correctional facility employees from entering areas where female inmates may be in a state of undress unless an inmate in the area presents a risk of immediate harm to self or others or if there is a medical emergency in the area; and
- (3) Require any prohibited search, pat down, or entry by a male correctional facility employee to be documented within three days of the incident, reviewed by the warden, and retained by the institution for reporting purposes.

Your Committee received testimony in support of this measure from the Hawaii Health & Harm Reduction Center, Hawai'i Friends of Restorative Justice, Women's Prison Project, and two individuals. Your Committee received testimony in opposition to this measure from the Department of Public Safety.

Your Committee finds that this measure will help to ensure the protection of incarcerated women, many of whom have experienced sexual violence and suffer from post-traumatic stress disorder symptoms.

Your Committee has amended this measure by:

- (1) Clarifying that the male correctional facility employee shall not enter into an area of the institution where the male employee can view females in a state of undress for the purpose of conducting a search of a female inmate;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2435, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2435, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

**SCRep. 477-22 Corrections, Military, & Veterans on H.B. No. 1741**

The purpose of this measure is to:

- (1) Require the Department of Human Services to continue to lead a working group to address visitation and support needs of children and families of incarcerated individuals;
- (2) Require the Department of Human Services to work with the Department of Public Safety and other entities to establish a Pilot Visitation and Family Resource Center at Waiawa Correctional Facility on Oahu;
- (3) Require the working group to submit a report to the Legislature before the Regular Session of 2023; and
- (4) Appropriate funds.

Your Committee received testimony in support of this measure from the Hawai'i Correctional System Oversight Commission, Hawaii Paroling Authority, Hawai'i Health & Harm Reduction Center, Hawai'i Association of School Psychologists, Hawaii Children's Action Network Speaks!, Community Alliance on Prisons, Blueprint for Change, Early Childhood Action Strategy, Hawaii Youth Services Network, and ten individuals. Your Committee received comments on this measure from the Department of Public Safety, Department of Human Services, Department of Budget and Finance, and Office of Information Practices.

Your Committee finds that any network of transitional services must include meaningful reconnection with families, particularly if the incarcerated individual has children. National data shows that incarcerated individuals who maintain regular contact with their children and families are less likely to recidivate when they reenter society. Moreover, a visitation and resource center would help children deal with the trauma caused by parental incarceration.

Your Committee has amended this measure by:

- (1) Requiring the working group to determine the anticipated initial and annual costs to run a sustainable Pilot Visitation and Family Resource Center Program at Waiawa correctional facility on Oahu and include that cost in its report to the Legislature;

- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As this measure proceeds through the legislative process, your Committee requests that the comments of the Office of Information Practices concerning the Sunshine Law, part I of chapter 92, Hawaii Revised Statutes, be considered.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1741, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1741, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 478-22 Consumer Protection & Commerce on H.B. No. 1885**

The purpose of this measure is to:

- (1) Establish and appropriate funds for a Chief Data Officer within the Office of Enterprise Technology Services to develop, implement, and manage statewide data policies, procedures, and standards and facilitate data sharing across state agencies; and
- (2) Establish a Data Task Force within the Office of Enterprise Technology Services to assist in the development of the statewide data policies, procedures, and standards.

Your Committee received testimony in support of this measure from the Office of Information Practices, Office of Enterprise Technology Services, Ulupono Initiative, Civil Beat Law Center for the Public Interest, Transform Hawai'i Government, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance and one individual.

Your Committee finds that policy decisions are most effective when those decisions are grounded in and based on reliable data. Transparent and consistent sources of data are vital in order for the State to make important decisions and develop effective strategies for the benefit of Hawaii residents. This measure will improve the State's efforts to improve data policies, procedures, and standards and facilitate data sharing and transparency.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1885, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 479-22 Consumer Protection & Commerce on H.B. No. 1412**

The purpose of this measure is to require the counties to provide a minimum distance a vehicle must be moved within a specified timeframe after a vehicle is initially inspected for abandonment to avoid an official classification of abandonment.

Your Committee received testimony in support of this measure from the Hawaii Council of Mayors; one member of the Maui County Council; one member of the Kaua'i County Council; one member of the Hawai'i County Council; County of Maui Department of Environmental Management; City and County of Honolulu, Department of Customer Services, Motor Vehicles, Licensing and Permitting Division; Department of Hawai'i Department of Environmental Management; Nanawale Community Association Board of Directors; and thirteen individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that abandoned vehicles on public streets create widespread environmental issues and unsafe and unhealthy conditions for residents of the State. Abandoned vehicles also pose as a financial burden to the State and counties as they relate to disposal costs and outstanding fines. Your Committee further finds that under existing law, a vehicle is "abandoned" if it is left unattended for a continuous period of more than twenty-four hours and it is unlawfully parked on certain lands. However, there is ambiguity as to whether a vehicle may no longer be deemed abandoned if the vehicle is moved a short distance. This measure will clarify this ambiguity by requiring the any county ordinance that defines when a vehicle is "abandoned" to include a minimum distance and timeframe for a vehicle to no longer be classified as abandoned.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1412, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 480-22 Consumer Protection & Commerce on H.B. No. 1413**

The purpose of this measure is to:

- (1) Authorize a county director of finance to require payment of outstanding charges and fines relating to the disposition of an abandoned vehicle before issuing a certificate of registration or completing a transfer of ownership, except under certain circumstances; and
- (2) Require a county director of finance to notify the appropriate county examiner of drivers of the individuals who have outstanding charges and fines owed to the county relating to the disposition of an abandoned vehicle for the purposes of suspending, revoking, or prohibiting the renewal of their driver's licenses.

Your Committee received testimony in support of this measure from the Hawaii Council of Mayors, one member of the Hawaii County Council, one member of the Kauai County Council, County of Maui Department of Environmental Management, Finance Department of the County of Kauai, County of Hawaii Department of Environmental Management, Nanawale Community Association Board of Directors, and ten individuals.

Your Committee finds that abandoned vehicles on public streets create widespread environmental issues and unsafe and unhealthy conditions for residents of the State. Your Committee further finds that additional deterrence mechanisms are needed to bolster counties' efforts to address this problem. This measure provides an additional deterrence mechanism through the placement of stops on vehicle registrations and transfers and through the suspension, revocation, or denial of renewal of driver's licenses.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1413, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 481-22 Consumer Protection & Commerce on H.B. No. 1839**

The purpose of this measure is to make camper vans a type of transient accommodation, the rental of which is subject to the transient accommodations tax.

Your Committee received testimony in support of this measure from one member of the Maui County Council. Your Committee received testimony in opposition to this measure from Hawai'i Lodging & Tourism Association. Your Committee received comments on this measure from the Department of Taxation, Hawaii Tourism Authority, Tax Foundation of Hawaii, and Maui Hotel & Lodging Association.

Your Committee finds that visitors are increasingly renting camper vans as an alternative to hotel rooms or transient vacation rentals. Your Committee further finds that, while camper vans are properly taxed under the rental motor vehicle surcharge tax, they are not taxed under the existing transient accommodations tax even though they function as transient accommodations. This measure ensures that camper vans are properly taxed as transient accommodations.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1839, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1839, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 482-22 Consumer Protection & Commerce on H.B. No. 1705**

The purpose of this measure is to allow the Department of Agriculture to extend the lease of any agricultural park lessee who holds a lease with a remaining term of fifteen years or less; provided that the land covered by the lease is twenty-five acres or less and located in a county with a population of less than five hundred thousand.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, Land Use Research Foundation of Hawaii, Panaewa Foliage, and two individuals. Your Committee received testimony in opposition to this measure from the Department of Agriculture.

Your Committee finds that the success of farmers is critical to the State's goal to double local food production. Through the Department of Agriculture, agriculture and agricultural production are advanced through the leasing of public lands, which make it practical for producers to succeed and provide the State's communities with what they need. The Department of Agriculture's long-term leases make it possible for farmers and ranchers to prudently invest in operational and infrastructure improvements on leased land.

However, your Committee further finds that lessees whose leases are close to expiration and whose continued tenancy is uncertain have little incentive to invest in major improvements to their infrastructure and ensure the long-term maintenance of their facilities. This measure will allow the Department of Agriculture to settle those uncertainties by granting extensions.

Your Committee notes that, while the Department of Agriculture appreciated the intent of the measure, the Department expressed its position in its testimony before your Committee that the leasing of public lands should be opened for competition, rather than maintaining the operations of existing lessees. The Department commented that the competition will provide an opportunity to support new farmers and incentivize established farming operations with proven agricultural capabilities and economic viability to scale up and expand their operations. While your Committee appreciates this position and fully agrees that the leasing of public lands should be conducted in a manner to maximize opportunity and use, your Committee notes that this measure does not mandate that the Department of Agriculture grant an extension; this measure merely authorizes such extension at the discretion of the Department.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1705, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1705, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 483-22 Consumer Protection & Commerce on H.B. No. 2016**

The purpose of this measure is to require the Department of Land and Natural Resources to prepare a master plan for the Sand Island State Recreation Area and appropriate funds for preparation of the plan.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, The Pillars LLC, Keiki o ka 'Āina, and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the previous Sand Island State Recreation Area plan was completed in 1973 but was never fully implemented. Since then, the Sand Island State Recreation Area has become a diverse park unit but is now dilapidated, with aging infrastructure and irrigation deficiencies. Your Committee further finds that an updated master plan for the Sand Island State Recreation Area will help to address the weathered and antiquated facilities, create increased outdoor recreation opportunities, create plans for underutilized spaces, and guide the Department of Land and Natural Resources in addressing the impacts of sea level rise on coastal recreational land.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2016, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 484-22 Consumer Protection & Commerce on H.B. No. 1516**

The purpose of this measure is to prohibit as an unfair and deceptive practice the advertisement of a good or service in the absence of licenses or permits for the good or service, to the extent the licenses or permits are required by applicable state and county laws.

Your Committee received testimony in support of this measure from the Hawaii Funeral & Cemetery Association, Inc.; American Hotel & Lodging Association; and Hawai'i Hotel Alliance. Your Committee received comments on this measure from the Subcontractors Association of Hawaii.

Your Committee finds that this measure is intended to protect consumers by keeping unauthorized sellers of goods and services from advertising such goods and services for sale. Your Committee further finds that this measure will act as a deterrent to would-be unauthorized sellers, as each violation under this measure subjects the seller to civil penalties for each violation.

Your Committee has amended this measure by:

- (1) Deleting language that conflicted with existing statutory language prohibiting the aiding and abetting of an unlicensed person;
- (2) Deleting as unnecessary the definition for "applicable state law or county ordinance";
- (3) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1516, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1516, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Morikawa).

**SCRep. 485-22 Consumer Protection & Commerce on H.B. No. 1960**

The purpose of this measure is to clarify the general excise tax exemption for unrelated trade or business activities of nonprofit organizations.

Your Committee received testimony in support of this measure from the Hawai'i Health & Harm Reduction Center, Hawai'i Pacific Health, Hawaii Children's Action Network Speaks!, Hawaii Youth Services Network, Hawaiian Humane Society, Samaritan Counseling Center Hawaii, Hawai'i Arts Alliance, Pacific American Foundation, Hawai'i Alliance of Nonprofit Organizations, Hawai'i Care Choices, The Queen's Health Systems, Conflict Resolution Alliance, PHOCUSED, Aloha Harvest, Oahu Economic Development Board, Hui No'eau Visual Arts Center, WAI: Wastewater Alternatives & Innovations, Parents And Children Together, Hawaii Animal Rescue Foundation, Hawaii Substance Abuse Coalition, North Kohala Community Resource Center, Na Hoaloha, Accumulus, Malama Kaua'i, Boys & Girls Club of Hawaii, Molokai Arts Center, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Tax Foundation of Hawaii.

Your Committee finds that this measure will align the state general excise tax law with the federal income tax code by exempting from the State's general excise tax the income generated by a nonprofit organization for any activity considered an "unrelated trade or business", as defined by the federal Internal Revenue Code. Your Committee further finds that clarifying the state general excise tax law will relieve the additional burden on nonprofit organizations having to account for income in disparate ways.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1960, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1960, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Morikawa).

**SCRep. 486-22 Consumer Protection & Commerce on H.B. No. 2177**

The purpose of this measure is to:

- (1) Expand the Department of Taxation's authority to require electronic filings;
- (2) Require certain tax return preparers to electronically file returns;
- (3) Repeal language that authorized the Director of Taxation to require electronic funds transfer or electronic filing if the federal government required a person to do so;
- (4) Remove the timeliness requirement of the electronic funds transfer penalty;
- (5) Remove the authority of the Department of Taxation to charge for certified copies of tax clearances;
- (6) Clarify tax clearances for liquor license holders;
- (7) Increase the aggregate cap on late filing penalties;
- (8) Create an additional penalty category for late filing for certain informational returns where no tax is due;
- (9) Clarify the interest calculations for taxes paid pending appeal; and
- (10) Specify that a partnership, estate, or trust is liable for the required withholding from a nonresident taxpayer's distributive share of income.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that updates to various sections of the state tax code will allow the Department of Taxation to more efficiently and effectively administer its provisions. By providing taxpayers greater clarity, this measure will also increase tax compliance, streamline administrative processes, and lower the risk that taxpayers may incur unexpected penalties.

However, your Committee has heard the concerns raised in testimony regarding the significant increase in penalties proposed by this measure for failure to electronically file or late filing of tax returns and late payment of taxes owed. Your Committee shares these concerns, particularly the impact these provisions may have on small filers and taxpayers who may have made an inadvertent mistake.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2177, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2177, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 487-22 Consumer Protection & Commerce on H.B. No. 1688**

The purpose of this measure is to:

- (1) Subject U-drive motor vehicles to the same motor vehicle registration fees as other motor vehicles; and
- (2) Authorize the counties to use certain motor vehicle registration fees to mitigate and address the impacts of tourism-related traffic congestion.

Your Committee received testimony in support of this measure from the Mayor of the County of Kaua'i, County of Kaua'i Department of Finance, one member of the Maui County Council, Hawai'i State Association of Counties, Enterprise Holdings, and Hertz. Your Committee received comments on this measure from the Tax Foundation of Hawaii and Maui Chamber of Commerce.

Your Committee finds that under existing law, counties are authorized to establish by ordinance and annually collect an additional fee for certificates of registration for motor vehicles. These additional fees are to be used for highway beautification and the disposition of abandoned and derelict vehicles.

Your Committee further finds that U-drive motor vehicles have at least the same impact as other types of motor vehicles on the highways and on highway congestion. However, at \$1, the additional fee for vehicle registrations for U-drive motor vehicles is half that authorized for other motor vehicles. Your Committee believes it is appropriate to authorize counties to charge the same added fee to all motor vehicles to help to offset growing concerns in the State over tourism-related traffic congestion. This measure will remove the discrepancy in the fees charged to U-drive motor vehicles and all other motor vehicles and authorize counties to also use the monies collected to mitigate the impacts of tourism-related traffic congestion.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1688, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1688, H.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 488-22 Consumer Protection & Commerce on H.B. No. 1953**

The purpose of this measure is to provide the Department of Transportation with more flexibility and discretion to address substantial hardship situations that impact airport concession contracts.

Your Committee received testimony in support of this measure from the Airport Concessionaires Committee and one individual. Your Committee received testimony in opposition to this measure from the Airlines Committee of Hawaii. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that the Department of Transportation lacked the flexibility and discretion it needed to grant relief to airport concessions facing financial hardship during the coronavirus disease 2019 pandemic. This measure will address the inadequacy of options the Department of Transportation has at its disposal in responding to downturns in tourism, air traffic, and corresponding decreases in volume in business generated by travelers at the airport.

Your Committee has amended this measure by:

- (1) Changing the maximum number of years of the term of any contract for airport concessions to an unspecified number; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1953, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1953, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 489-22 Consumer Protection & Commerce on H.B. No. 1752**

The purpose of this measure is to:

- (1) Establish the Housing Choice Voucher Landlord Incentive Program to provide incentives for landlords to participate in the Tenant-Based Assistance Housing Choice Voucher Program under Section 8 of the United States Housing Act of 1937, and appropriate funds for incentives under the Program;
- (2) Require the Hawaii Public Housing Authority to adopt rules that require inspections of leased dwelling units under the Section 8 Housing Choice Voucher Program within fifteen days after receipt of an owner's or landlord's inspection request; and
- (3) Establish and appropriate funds for positions within the Hawaii Public Housing Authority for inspections and other aspects related to dwelling units that are the subject of applications for the Section 8 Housing Choice Voucher Program.

Your Committee received testimony in support of this measure from the Governor's Coordinator on Homelessness, Hawaii Public Housing Authority, Catholic Charities Hawai'i, Hawai'i Health & Harm Reduction Center, St. Michael the Archangel Church, Community Alliance Partners, and one individual.

Your Committee received comments on this measure from the Department of Budget and Finance, Partners In Care, Hawai'i Association of REALTORS, and Hope Services Hawaii.

Your Committee finds that many low-income persons and families who obtain needed assistance have great difficulty in finding and securing rentals in a high-cost, low-supply housing landscape like Hawaii. This measure provides incentives to encourage increased landlord participation and acceptance of the Section 8 Housing Choice Voucher System, which is critical given the ongoing coronavirus disease pandemic and its impacts on low-income households, and will reduce upfront barriers that prohibit low-income families from accessing existing rental housing and housing assistance.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1752, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1752, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 490-22 Consumer Protection & Commerce on H.B. No. 1575**

The purpose of this measure is to:

- (1) Broaden the scope of practice for physician assistants; and
- (2) Streamline the medical records review process for physician assistants by requiring a sampling of medical records, rather than all medical records, to be reviewed when physician assistants prescribe controlled substances.

Your Committee received testimony in support of this measure from the Hawaii Medical Board, The Queen's Health Systems, Kaiser Permanente Hawai'i, Hawai'i Public Health Association, Hawai'i Academy of Physician Assistants, Hawai'i Pacific Health, Occupational Therapy Association of Hawaii, and numerous individuals. Your Committee received comments on this measure from the Disability and Communication Access Board and Hawai'i State Center for Nursing.

Your Committee finds that since 2016, the number of physician assistants has increased by one hundred five percent on the island of Hawaii, one hundred fourteen percent on Kauai, and thirty-five percent on Maui. Despite this increase, physician assistants remain underutilized because state restrictions on physician assistant scope of practice limit these health care providers from practicing at the top of their training and education. This measure removes some of these restrictions and helps align the scope of practice for state-licensed physician assistants with national practices.

Your Committee has amended this measure by:

- (1) Removing amendments relating to advanced practice registered nurses, as these are beyond the scope of this measure's title;
- (2) Preserving the amendment made to the Controlled Substances Act by this measure from the associated repeal and reenactment provision in Act 66, Session Laws of Hawaii 2017; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1575, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1575, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 491-22 Consumer Protection & Commerce on H.B. No. 1594**

The purpose of this measure

- (1) Require all licensed nurses to respond to the Center for Nursing Workforce Supply Survey upon license renewal; and
- (2) Increase the Center for Nursing fee.

Your Committee received testimony in support of this measure from the University of Hawaii at Manoa Nancy Atmospera-Walch School of Nursing, Hawai'i State Center for Nursing, The Queen's Health Systems, Kaiser Permanente Hawai'i, Hawaii-American Nurses Association, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Board of Nursing.

Your Committee finds that the Center for Nursing was established in 2003, to be funded through a biennial \$40 fee assessed per individual nurse licensee. The fee has not been adjusted since that time and a modest increase is now needed to help the Center sustain the staffing needed to maintain its programs and meet its mandates. Additionally, your Committee finds that the Center for Nursing has faced challenges in securing adequate Nursing Workforce Supply Survey responses. Requiring responses to the survey will improve the Hawaii State Center for Nursing's ability to aggregate nursing workforce data and better inform policy makers, health care leaders, and others on the availability and characteristics of the nursing workforce in the State.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1594, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 492-22 Consumer Protection & Commerce on H.B. No. 1675**

The purpose of this measure is to:

- (1) Permit minors to consent to medical care and services related to the diagnosis, treatment, or prevention of the human immunodeficiency virus;
- (2) Specify that a minor, under certain circumstances, shall not be liable for payment associated with the diagnosis, treatment, or prevention of human immunodeficiency virus; and
- (3) Authorize physician assistants, in addition to physicians and advanced practice registered nurses, to render this medical care and services to minors.

Your Committee received testimony in support of this measure from the Department of Health, Stonewall Caucus of the Democratic Party of Hawai'i, Hawai'i Health & Harm Reduction Center, Hawai'i Academy of Physician Assistants, Kaiser Permanente Hawai'i, and five individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawai'i State Center for Nursing and Planned Parenthood Alliance Advocates–Hawai'i.

Your Committee finds that this measure supports critical treatment of minors diagnosed with human immunodeficiency virus (HIV) and could help prevent HIV acquisition in minors. Existing statutes do not appear to permit minors to consent to medical care related to the prevention of HIV, which is a critical gap in access to medical care. Permitting minors who cannot or will not seek the consent of their parents or guardians to consent to HIV medical care is essential to the health of minors and a valuable step in ending the HIV epidemic in Hawaii.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1675, H.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 493-22 Consumer Protection & Commerce on H.B. No. 1746**

The purpose of this measure is to:

- (1) Clarify the group of professionals who are prohibited from knowingly referring or transferring patients to an uncertified or unlicensed care facility;
- (2) Repeal the provision that a landlord, under specified conditions, shall not be deemed to be providing home care services or operating a care facility that requires a license; and
- (3) Require the Department of Health to prioritize complaint allegations based on severity for investigations of state-licensed or state-certified care facilities.

Your Committee received testimony in support of this measure from the Department of Health, Executive Office on Aging, Alliance of Professional Primary Caregivers, and one individual. Your Committee received testimony in opposition to this measure from Hawaii Substance Abuse Coalition and Hawaii Primary Care Association. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the prevalence of unlicensed care homes and facilities in the State continues to pose significant health and consumer protection issues for Hawai'i's elderly and vulnerable populations. The Department of Health continues to take enforcement actions to protect consumers and the public, which are critical components of the State's regulatory efforts for consumer protection. This measure aims to provide additional safeguards for the public, protect aged and vulnerable persons, and ensure quality of care by requiring and enforcing the requirement that all residential care homes and other health care facilities, agencies, and organizations be licensed.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1746, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 494-22 Consumer Protection & Commerce on H.B. No. 1758**

The purpose of this measure is to allow for temporary permits to be issued to registered nurses and licensed practical nurses from a territory or foreign country that are seeking a state license by endorsement.

Your Committee received testimony in support of this measure from the East Hawaii Region of Hawaii Health Systems Corporation, Healthcare Association of Hawaii, Hawai'i Pacific Health, Hawai'i Friends of Civil Rights, Hawaii Medical Service Association, The Legal Clinic, Hawai'i Coalition for Immigrant Rights, Hawai'i–American Nurses Association, and one individual. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Board of Nursing, Hawai'i State Center for Nursing, and The Queen's Health Systems.

Your Committee finds that the coronavirus disease 2019 pandemic has exacerbated the State's nursing shortage. According to the Department of Commerce and Consumer Affairs, nearly five thousand nurses left the field between 2019 and mid-year 2021, shrinking the total active nursing workforce from 33,410 to 28,548 in that timeframe.

Your Committee further finds that expanding the eligibility for a temporary permit to certain registered nurses and qualified licensed practical nurses from other territories and foreign jurisdictions will enable more qualified health care professionals to quickly find employment and enter into the State's health care field. This measure thereby has the potential to enlarge the pool of qualified health care professionals, relieving some of the strain on the State's existing nursing workforce.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1758, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1758, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 495-22 Energy & Environmental Protection on H.B. No. 1992**

The purpose of this measure is to:

- (1) Permit composting and co-composting operations in agricultural districts; and
- (2) Appropriate funds for an Environmental Specialist IV position for the Department of Health Solid and Hazardous Waste Branch.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development, County of Hawai'i Department of Environmental Management, County of Maui Department of Environmental Management, Climate Protectors Hawai'i, 350Hawaii, Hawai'i Alliance for Progressive Action, North Shore Economic Vitality Partnership, Sustainable Coastlines Hawai'i, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Health, Department of Agriculture, and Hawai'i Farm Bureau.

Your Committee finds that composting is currently not allowed in agricultural districts, which creates a barrier for composting entities from obtaining the permits necessary to establish operations. This measure expands composting opportunities in the State, which could result in the reuse of materials that would otherwise end up in landfills, improved soil health, and increased crop yields.

Your Committee has amended this measure by:

- (1) Inserting language that establishes a new permanent full-time equivalent Environmental Health Specialist IV position for the Solid and Hazardous Waste Branch of the Department of Health; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1992, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1992, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 496-22 Energy & Environmental Protection on H.B. No. 2042**

The purpose of this measure is to:

- (1) Authorize the governing body of a county to create, by ordinance, a process for the recordation and enforcement of solar easements;
- (2) Allow counties to require individuals claiming a solar right to record that right by filing a declaration with the county clerk; and
- (3) Authorize the governing body of a county to require, by ordinance, the trimming of vegetation that blocks solar radiation from solar energy devices.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that the development and expansion of solar energy technology will help the State achieve its renewable energy goals. Enabling the counties to regulate and enforce certain rights or access to solar radiation would create a mechanism by which solar easements and rights may be established, asserted, and defended even as shade from neighboring structures or vegetation may infringe upon those rights or access.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2042, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2042, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Matayoshi, Tokioka). Noes, none. Excused, none.

#### **SCRep. 497-22 Energy & Environmental Protection on H.B. No. 2203**

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist DIBSHawaii LLC in the construction of a net zero carbon capture storage utilization platform that will recover vented carbon dioxide emissions and scrub them into food grade liquid carbon dioxide.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Hawaii State Energy Office; DIBSHawaii LLC; Ohana Hui Ventures, Inc.; and five individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that carbon dioxide has many commercial uses in the State, such as for carbonated beverages, agricultural technology, water treatment, and surface cleaning. This measure supports a variety of initiatives that benefit the State, including capturing carbon dioxide that would otherwise be released into the atmosphere, reducing reliance on out-of-state materials for local application, and promoting import substitution and economic diversification.

Your Committee has amended this measure by:

- (1) Changing the amount of special purpose revenue bonds authorized to be issued by the Director of Finance to an unspecified amount;
- (2) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2203, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2203, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 498-22 Energy & Environmental Protection on H.B. No. 1682**

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Next Level Solutions Group Inc., in developing a waste-to-energy facility.

Your Committee received testimony in support of this measure from the Next Level Solutions Group Inc.; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that developing waste-to-energy technology in the State will help to mitigate the effects of climate change by reducing the amount of waste that enters Hawaii's landfills.

Your Committee has amended this measure by changing the effective date to July 1, 2100, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1682, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1682, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 499-22 Energy & Environmental Protection on H.B. No. 1937**

The purpose of this measure is to require and appropriate funds for the Hawaii Natural Energy Institute to conduct a study to examine the State's ability to advance hydrogen production from local renewable energy resources and develop the Hawaii Hydrogen Strategic Plan utilizing the results of its study, including submitting periodic reports to the Legislature.

Your Committee received testimony in support of this measure from the Hawaii Bioeconomy Trade Organization, Servco Pacific Inc., Hawaii Center for Advanced Transportation Technologies, Ulupono Initiative, Alliance for Automotive Innovation, Hawai'i Gas, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Hawai'i Natural Energy Institute, Hawaii State Energy Office, Life of the Land, and one individual.

Your Committee finds that as the State strives to reach its renewable energy goals, it is critical to fully evaluate the potential for hydrogen to contribute to Hawaii's energy needs. Global research and development show significant progress in understanding and establishing hydrogen as a clean and reliable fuel source. This measure supports further study into the impact that hydrogen could have to reduce the State's dependence on imported fossil fuels.

Your Committee has amended this measure by:

- (1) Clarifying the provisions of the study to be conducted by the Hawaii Natural Energy Institute to examine the potential for the production and use of renewable hydrogen in the State and the potential role of renewable hydrogen in achieving a local, affordable, reliable, and decarbonized energy system and economy, including delaying the deadline for submitting a report on the study by one year;
- (2) Specifying that the results of the study shall be used to inform energy planning, which may include a Hawaii Hydrogen Strategic Plan; decarbonization efforts; and other ongoing work being undertaken by the Hawaii State Energy Office;
- (3) Inserting a definition for "renewable hydrogen";
- (4) Deleting language that would have required and appropriated funds for the Hawaii Natural Energy Institute to develop the Hawaii Hydrogen Strategic Plan, including periodic updates and reports to the Legislature;
- (5) Including gas utilities as entities that the Hawaii Natural Energy Institute shall consult in conducting its study;
- (6) Changing the effective date to July 1, 2100, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1937, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1937, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 500-22 Water & Land on H.B. No. 1658**

The purpose of this measure is to adopt a recommendation from the Act 90 Working Group to authorize the Department of Agriculture, prior to any transfer of certain qualifying non-agricultural park lands, to request from the Department of Land and Natural Resources any information related to the establishment of easements by necessity upon the lands.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Ulupono Initiative; Hawaii Cattlemen's Council, Inc.; Local Food Coalition; and Hawai'i Farm Bureau. Your Committee received testimony in opposition to this measure from Kapapala Ranch. Your Committee received comments on this measure from the Land Use Research Foundation of Hawaii.

Your Committee finds that this measure is intended in part to facilitate the transfer of certain non-agricultural park lands from the Department of Land and Natural Resources to the Department of Agriculture pursuant to Act 90, Session Laws of Hawaii 2003 (Act 90), where both agencies have agreed to the transfer but the lack of a documented easement across the land impedes the transfer. Your Committee further finds that this measure offers another tool to promote the land transfer process under Act 90.

Your Committee has amended this measure by:

- (1) Clarifying that the easements about which the Department of Agriculture may request information from the Department of Land and Natural Resources, prior to any transfer of certain qualifying non-agricultural park lands, are not easements by necessity but rather necessary and reasonable easements;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1658, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1658, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Kong, Ohno, McDermott).

#### **SCRep. 501-22 Water & Land on H.B. No. 1659**

The purpose of this measure is to authorize the Board of Land and Natural Resources to:

- (1) Amend and extend existing pasture leases for up to sixty-five years;
- (2) Issue new pasture leases by negotiation, if doing so furthers public purposes and the lands are already under pastoral use; and
- (3) Develop agricultural and pasture lease rents based on the value of the land's agricultural uses.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from Kapapala Ranch. Your Committee received comments on this measure from the Ulupono Initiative; Hawaii Cattlemen's Council, Inc.; and Hawai'i Farm Bureau.

Your Committee finds that Act 90, Session Laws of Hawaii 2003 (Act 90), provided for the transfer of certain non-agricultural park lands from the Department of Land and Natural Resources to the Department of Agriculture. Since the enactment of Act 90, the Department of Land and Natural Resources has transferred over nineteen thousand acres to the Department of Agriculture. However, certain pasture lands serve multiple purposes and are a critical part of the Department of Land and Natural Resources' forest protection and restoration responsibilities, in addition to other recreational responsibilities, and remain under the jurisdiction of the Department of Land and Natural Resources. This measure is intended to provide the Board of Land and Natural Resources with additional authority to work with ranchers on mutually beneficial terms to promote public priorities on multiple-use lands.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1659, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1659, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Kong, Ohno, McDermott).

#### **SCRep. 502-22 Water & Land on H.B. No. 1768**

The purpose of this measure is to exempt the instream use of water for traditional and customary kalo cultivation practices from the existing process for disposition of water rights.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Department of Hawaiian Home Lands; Office of the Mayor of the County of Kaua'i; Department of Planning of the County of Kaua'i; one member of the Kaua'i County Council; one member of the Hawai'i County Council; Sierra Club of Hawai'i; Kua'āina Ulu 'Auamo; Wai'oli Valley Taro Hui; Hanalei Watershed Hui; Aloha 'Āina Legal Group, LLC; Papa Ola Lōkahi; 'Ahahui o nā Kauka; Hawai'i Alliance for Progressive Action; and numerous individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that kalo is integral to the Hawaiian culture and a staple of the traditional Hawaiian diet. Water and water rights are critical especially for wetland kalo cultivation. This measure provides support for traditional and customary kalo cultivation practices by exempting the instream use of water for these practices from the existing process for disposition of water rights.

Your Committee has amended this measure by:

- (1) Also exempting the instream use of water for commercial kalo cultivation conducted in a manner consistent with traditional and customary Native Hawaiian practices from the existing process for disposition of water rights; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1768, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.B. No. 1768, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Kong, Ohno, McDermott).

#### **SCRep. 503-22 Water & Land on H.B. No. 1657**

The purpose of this measure is to require, as a condition precedent for any valid withdrawal of lands out of pasture leases for reforestation purposes, that the Division of Forestry and Wildlife submit a funded action plan detailing the planned reforestation process for those lands and that the withdrawal be approved by the Board of Land and Natural Resources.

Your Committee received testimony in opposition to this measure from Kapapala Ranch and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources, Ulupono Initiative, Hawaii Cattlemen's Council, and Hawai'i Farm Bureau.

Your Committee finds that the Act 90 Working Group was established pursuant to Act 139, Session Laws of Hawaii 2021, to determine the process, status, challenges, and potential remedies regarding the transfer of non-agricultural park lands to fulfill the purposes of Act 90, Session Laws of Hawaii 2003. This measure adopts a recommendation from the Act 90 Working Group.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1657, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1657, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Kong, Ohno, McDermott).

#### **SCRep. 504-22 Water & Land on H.B. No. 1660**

The purpose of this measure is to adopt recommendations from the Act 90 Working Group regarding agricultural multi-use lands. Specifically, this measure:

- (1) Specifies that agricultural multi-use lands under the management of the Department of Land and Natural Resources are not subject to transfer to and management by the Department of Agriculture;
- (2) Requires the Board of Land and Natural Resources to revise the Board's land classifications to include agricultural multi-use lands; and
- (3) Establishes and funds an Agricultural Multi-Use Lands Specialist position within the Land Division of the Department of Land and Natural Resources to facilitate collaborative working relationships and leverage funding sources to support natural land stewardship, reforestation, and other public purposes on agricultural multi-use lands.

Your Committee received testimony in opposition to this measure from Ulupono Initiative; Land Use Research Foundation of Hawaii; Hawaii Cattlemen's Council, Inc.; Kapapala Ranch; Local Food Coalition; Hawai'i Farm Bureau; Ponoholo Ranch Limited; Hawaii Meats; Hawaii Sustainable Beef; and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Land and Natural Resources.

Your Committee finds that Act 139, Session Laws of Hawaii 2021, established the Act 90 Working Group to determine the process, status, challenges, and potential remedies regarding the transfer of non-agricultural park lands to fulfill the purposes of Act 90. The Act 90 Working Group determined that certain agricultural lands under the Department of Land and Natural Resources have multiple management objectives that clearly fall within the Department of Land and Natural Resources' purview and mission and that these multi-use lands should remain under the management of the Department. The Working Group also found that collaborative working relationships between the Department of Land and Natural Resources, Department of Agriculture, and lessees of multi-use agricultural lands can have many public value benefits, including food production, conservation, and natural resources management.

Your Committee has amended this measure by:

- (1) Placing the Agricultural Multi-Use Lands Specialist in the Division of Forestry and Wildlife, rather than the Land Division, of the Department of Land and Natural Resources;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1660, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1660, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Kong, Ohno, McDermott).

#### **SCRep. 505-22 Judiciary & Hawaiian Affairs on H.B. No. 2109**

The purpose of this measure is to align the regulatory structure for the practices of barbering and cosmetology by consolidating the existing statutory framework under a new chapter and to:

- (1) Update definitions and other provisions to accommodate the needs of the industries and the public;
- (2) Increase penalties and fine amounts for unlicensed activity and license violations; and
- (3) Remove the medical clearance requirement for licensees.

Your Committee received testimony in support of this measure from the Board of Barbering and Cosmetology.

Your Committee finds that the Board of Barbering and Cosmetology (Board) is responsible for administering the State's barbering and cosmetology licensing laws. Your Committee further finds that there are inconsistencies between the two licensing laws, which makes the regulation of those respective professions unduly complex. To remedy these inconsistencies, this measure combines the regulation of the two professions under one regulatory framework and updates various provisions to better accommodate the existing needs and practices of the Board and industries, while continuing to protect consumers.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2109, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2109, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 506-22 Judiciary & Hawaiian Affairs on H.B. No. 2336**

The purpose of this measure is to:

- (1) Clarify certain provisions in chapter 291J, Hawaii Revised Statutes, to better reflect the legislative intent of the Photo Red Light Imaging Detector Systems Program; and
- (2) Amend Act 30, Session Laws of Hawaii 2020, as amended, to account for changes in fiscal needs based on the current timetable of the Photo Red Light Imaging Detector Systems Program.

Your Committee received testimony in support of this measure from the Department of Transportation, Department of the Prosecuting Attorney of the City and County of Honolulu, and Honolulu Police Department. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure clarifies various statutes related to the Red Light Imaging Detector Systems pilot program and adjusts funding and applicable dates to correlate with the pilot program's current timeline.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2336, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2336, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 507-22 Judiciary & Hawaiian Affairs on H.B. No. 2491**

The purpose of this measure is to require:

- (1) Hawaiian names or words in public acts and transactions to be consistent with Hawaiian spelling and punctuation;
- (2) All letterheads, documents, and state highway signs prepared by or for state or county agencies or officials that include Hawaiian names and words to use Hawaiian names, words, spelling, and punctuation consistently;

- (3) All emblems and symbols representative of the State and its departments, agencies, and political subdivisions and state highway signs to use the Hawaiian language;
- (4) Official letterhead stationery and websites of designated state officials to include the Hawaiian translation of the office's or department's name; and
- (5) The University of Hawaii to compile a full list of all dialects and other variations of the Hawaiian language currently in use and submit a report of its findings to the Legislature.

Your Committee received testimony in support of this measure from the Department of Transportation, University of Hawai'i at Hilo, Hawai'i Civil Rights Commission, Center for Hawaiian Sovereignty Studies, and two individuals. Your Committee received comments on this measure from the Office of Planning and Sustainable Development and two individuals.

Your Committee recognizes that the Hawaii State Constitution establishes English and Hawaiian as the official languages of the State. Language is intrinsic to culture and identity. Therefore, it is important for the State to establish a standard for the spelling and punctuation of Hawaiian names and words for the purposes of consistency and uniformity.

Your Committee has amended this measure by:

- (1) Deleting language that required:
  - (A) Hawaiian names or words in public acts and transactions to be consistent with Hawaiian spelling and punctuation;
  - (B) Documents, except letterheads, and state highway signs prepared by or for state or county agencies or officials that include Hawaiian names and words to use Hawaiian names, words, spelling, and punctuation consistently; and
  - (C) All emblems and symbols representative of the State and its departments, agencies, and political subdivisions, and state highway signs to use the Hawaiian language; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2491, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2491, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 508-22 Judiciary & Hawaiian Affairs on H.B. No. 1686**

The purpose of this measure is to require the Director of Transportation to establish and implement a digital identification pilot program for the issuance of digital identification, which includes a driver's license and government-issued identification card issued in a digital format.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawai'i Tourism Authority, Office of Enterprise Technology Services, and NEC Corporation of America.

Your Committee finds that because many transactions in today's society are conducted digitally, the need for digital identification is growing, allowing people to travel, conduct business, and access important financial and health-related information. This measure would establish a digital identification pilot program that could lead to greater efficiency in personal information in the State and allow access to vital services for individuals who struggle with obtaining proof of identification.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1686, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 509-22 Judiciary & Hawaiian Affairs on H.B. No. 2449**

The purpose of this measure is to:

- (1) Appropriate funds for additional staff positions in the Hawaii State Archives to assist with its mission and increase public access to historical documents and artifacts;
- (2) Provide funds for the construction of an additional building to address the current and future facilities needs of the Hawaii State Archives;
- (3) Require all departments, offices, and agencies of the State to conduct an inventory of all documents in their possession related to the culture and history of Hawaii and Native Hawaiians and submit a report on the inventory; and
- (4) Require the Hawaii State Archives to develop a plan to acquire those documents and submit the plan to the Legislature.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and Hawaii State Archives. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Hawaii State Archives contains records dating from the monarchy to the current legislative session, papers of individuals and organizations, photographs, maps, artifacts, rare books, and collections specializing in Hawaiian history and culture. The Hawaii State Archives Historical Records Branch preserves and provides access to the State's government archives and special collections. This measure provides funds for additional staff positions in the Hawaii State Archives which will enable greater and more efficient public access to documents and records maintained and stored by the Hawaii State Archives.

Should the Committee on Finance deliberate this measure further, your Committee on Judiciary & Hawaiian Affairs respectfully requests it consider appropriating \$720,000 for additional staff positions in the Hawaii State Archives.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2449, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (LoPresti).

**SCRep. 510-22 Health, Human Services, & Homelessness on H.B. No. 1556**

The purpose of this measure is to establish a refundable blood donation income tax credit to promote blood donations throughout the State.

Your Committee received testimony in support of this measure from The Queen's Health Systems and Blood Bank of Hawaii. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that the State is experiencing a historic blood supply shortage. Your Committee further finds that because of this shortage, the Blood Bank of Hawaii, the sole provider of blood to eighteen civilian hospitals in the State and one on Guam, has been forced to undersupply the State's hospitals, leaving them with between sixty and eight percent of their normal blood supply. This measure addresses the ongoing health crisis by incentivizing blood donations through the creation of a refundable blood donation income tax credit.

Your Committee has amended this measure by:

- (1) Deleting the preamble, other than the narrow purpose statement of this measure;
- (2) Making the tax credit applicable to taxable years beginning after December 31, 2022;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1556, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1556, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 511-22 Health, Human Services, & Homelessness on H.B. No. 2476**

The purpose of this measure is to allow obligees under an order solely for spousal support to elect to enforce the order pursuant to the State's garnishment laws, rather than through the clerk of the court or the Child Support Enforcement Agency.

Your Committee received testimony in support of this measure from the Health Committee of the Democratic Party of Hawai'i. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that it is in the public interest to make it faster and easier for an obligee to receive spousal support by establishing a mechanism to allow an obligee to elect to enforce an order for spousal support through garnishment, rather than through the clerk of the court.

Your Committee notes the concerns raised by the Department of the Attorney General in its testimony, stating that existing law prohibits the Child Support Enforcement Agency from enforcing an order solely for spousal support and that certain provisions in this measure may incorrectly suggest that spouses or former spouses have the option of enforcing spousal support orders through the Child Support Enforcement Agency.

Your Committee has therefore amended this measure by:

- (1) Deleting references to assignments being made by the Child Support Enforcement Agency or other entity and deleting section 2 of the measure entirely;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2476, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2476, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 512-22 Health, Human Services, & Homelessness on H.B. No. 1665**

The purpose of this measure is to establish a Core State Behavioral Health Crisis Services System to provide crisis intervention services and crisis care coordination to individuals accessing the 988 Suicide Prevention and Behavioral Health Crisis Hotline from any jurisdiction within the State.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board and three individuals. Your Committee received testimony in opposition to this measure from the Department of Health. Your Committee received comments on this measure from the Department of Human Services and two individuals.

Your Committee finds that establishing crisis hotline centers to provide crisis intervention services and crisis care coordination to individuals accessing the National Suicide Prevention Lifeline from anywhere in the State is in the best interest of public health.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1665, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1665, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 513-22 Health, Human Services, & Homelessness on H.B. No. 2138**

The purpose of this measure is to exempt certain positions in the Department of Human Services from the civil service requirements.

Your Committee received testimony in support of this measure from the Department of Human Services, Early Childhood Action Strategy, Parents And Children Together, Neighborhood Place of Kona, and five individuals. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the Department of Human Services needs to attract and retain qualified, experienced, and knowledgeable information technology staff to effectively achieve information technology infrastructure modernization and system integration projects, maintain on-going system security and compliance, and meet additional supports required by a distributed telework workforce. Your Committee further finds that Act 81, Session Laws of Hawaii 2019, extended a temporary exemption for certain existing positions in the Office of the Director of the Department of Human Services for three years. This measure ensures a more effective and efficient administration of the Department of Human Services by creating permanent exemptions from civil service requirements for certain positions within the Department.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2138, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2138, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Kapela). Noes, none. Excused, 1 (Ward).

#### **SCRep. 514-22 Health, Human Services, & Homelessness on H.B. No. 2318**

The purpose of this measure is to require psychologists licensed in the State to complete at least three hours of continuing education per licensing biennium on topics relating to cultural diversity, cultural competence, or health equity.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawai'i, Hawai'i Psychological Association, and two individuals. Your Committee received comments on this measure from the Board of Psychology.

Your Committee finds that Asian Americans, Native Hawaiians, Pacific Islanders, and other persons of color experience disparities in mental health care. Your Committee further finds that an individual's culture can influence the symptomatic expression of mental illness, making cultural competence critical for accurate diagnosis and effective care. This measure ensures members of minority communities receive culturally appropriate mental health care by requiring psychologists licensed in the State to complete at least three hours of continuing education per licensing biennium on topics relating to cultural diversity, cultural competence, or health equity.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2318, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2318, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 515-22 Health, Human Services, & Homelessness on H.B. No. 1635**

The purpose of this measure is to establish a Rural Health Task Force to prepare and develop solutions and make recommendations on the recruitment and retention of registered nurses in rural areas of East Maui, Molokai, and Lanai.

Your Committee received testimony in support of this measure from one member of the County Council for the County of Maui, Lāna'i Community Health Center, Hana Health, Hawai'i Primary Care Association, Molokai Community Health Center, The Queen's Health Systems, Liberty Dialysis - Hawaii, and Mālama I Ke Ola Health Center. Your Committee received comments on this measure from the Department of Health, Department of Human Services, Hawai'i State Center for Nursing, and Hawai'i - American Nurses Association.

Your Committee finds that there is a vital need for health care workers in rural areas of East Maui, Molokai, and Lanai. Your Committee further finds that nurses provide much of the health care in rural settings. This measure addresses the challenges of providing health care services in the rural areas of East Maui, Molokai, and Lanai by establishing a task force to identify the steps needed to recruit and retain registered nurses in rural areas of these communities.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1635, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1635, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 516-22 Health, Human Services, & Homelessness on H.B. No. 2437**

The purpose of this measure is to establish an income tax credit for physicians, osteopathic physicians, and nurses who are licensed and actively practicing in the State.

Your Committee received testimony in support of this measure from the Hawai'i - American Nurses Association, Hawaii Nurses Association - OPEIU Local 50, and two individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Hawai'i State Center for Nursing, and Tax Foundation of Hawaii.

Your Committee finds that in Hawaii, health care professionals are in high demand yet low supply, particularly on the neighbor islands and in rural and medically underserved areas. Income tax credits, such as the one proposed by this measure, are a potential solution to improving recruitment and retention of these professionals and may encourage individuals considering leaving the State to stay.

Your Committee has amended this measure by:

- (1) Requiring the Hawaii State Center for Nursing to provide a report to the Legislature on the impact and effectiveness of the tax credit on the health care provider workforce no later than December 31, 2024;
- (2) Inserting a sunset date of December 31, 2025;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2437, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2437, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 517-22 Health, Human Services, & Homelessness on H.B. No. 2155**

The purpose of this measure is to increase the marriage license fee to:

- (1) Support the Hawaii Birth Defects Program;
- (2) Fund modernization of the vital statistics system; and
- (3) More fairly compensate marriage license agents.

Your Committee received testimony in support of this measure from the Department of Human Services and Department of Health.

Your Committee finds that the portion of the marriage license fee that supports the Hawaii Birth Defects Program has not increased since 2002. However, since that time the Hawaii Birth Defects Program's salary and fringe expenses have almost doubled and the program will not have enough funding for operating expenses for fiscal year 2022-2023. Your Committee further finds that the current compensation for non-civil service marriage license agents has not changed since 1998 and is no longer enough to meet the operating costs of marriage license agents.

Additionally, your Committee finds that there has been an increased demand for marriage certificates to meet the required federal REAL ID standards for state-issued driver's licenses and identification cards. However, the Vital Statistics Improvement Special Fund is not sufficient to modernize and automate the State's twenty-year-old vital statistics registration system. Your Committee finds that adding revenue from increased marriage license fees will allow necessary upgrades.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2155, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2155, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 518-22 Health, Human Services, & Homelessness on H.B. No. 2145**

The purpose of this measure is to incorporate the Kupuna Caregivers Program into the Kupuna Care Program.

Your Committee received testimony in support of this measure from the Executive Office on Aging, Hawaii County Office of Aging, County of Kauai Agency on Elderly Affairs, and Alzheimer's Association.

Your Committee finds that the Kupuna Caregivers Program and Kupuna Care Program offer similar services for older adults and their caregivers. Your Committee further finds that combining the two programs will provide an array of seamless services and support to meet the needs of older adults and their caregivers.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2145, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2145, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 519-22 Health, Human Services, & Homelessness on H.B. No. 1623**

The purpose of this measure is to:

- (1) Make the registration and registration renewal of methadone clinics and substance use disorder services clinics as clinics for handling controlled substances contingent upon being located at least seven hundred fifty feet away from specific protected areas; and
- (2) Expand the prohibition on promoting a controlled substance in, on, or near schools, school vehicles, public parks, and public housing projects or complexes to include group child care centers, group child care homes, public recreation centers, and youth services centers.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Department of Public Safety, Hābilitat, Hawaii Substance Abuse Coalition, Hawaii Health & Harm Reduction Center, and numerous individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that expanding the areas in which the promotion of a controlled substance is prohibited to include group child care centers, group child care homes, public recreation centers, and youth services centers and prohibiting methadone treatment programs from operating within seven hundred fifty feet of certain protected areas has certain benefits for public health and safety. However, your Committee recognizes the concerns raised in testimony that this measure may inadvertently impact health care clinics, such as veterinary clinics and dental clinics, that administer or dispense controlled substance to patients.

Therefore, your Committee has amended this measure by:

- (1) Deleting the requirement that the registration and registration renewal of clinics for handling controlled substances, including methadone clinics and substance use disorder services clinics, be contingent upon being located at least seven hundred fifty feet away from specific protected areas;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1623, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1623, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Kapela). Excused, none.

#### **SCRep. 520-22 Health, Human Services, & Homelessness on H.B. No. 1553**

The purpose of this measure is to remove the ceiling of the Office of Health Care Assurance Special Fund.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee finds that, in response to the COVID-19 pandemic, there is an increased need for public and health care facility education and outreach to ensure appropriate and high-quality health care facility access. Increased expenditure authorization and use of the Office of Health Care Assurance Special Fund will reduce dependence on the general fund and allow the Legislature to allocate limited general revenues for other critically important programs and services.

Your Committee has amended this measure by:

- (1) Deleting most of the preamble;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1553, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1553, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 521-22 Health, Human Services, & Homelessness on H.B. No. 2193**

The purpose of this measure is to address the needs of Hawaii's early child care and education workforce by requiring and appropriating funds for the Department of Human Services to annually collect certain information from all early child care workers and educators in the State through its early childhood registry.

Your Committee received testimony in support of this measure from the Early Childhood Action Strategy, Hawaii Children's Action Network Speaks!, AAUW of Hawaii, Hawaii Association of School Psychologists, and nine individuals. Your Committee received comments on this measure from the Department of Human Services and Executive Office on Early Learning.

Your Committee finds that a strong early child care and education workforce is necessary to support Hawaii's children, working families, and communities. Your Committee further finds that a lack of early child care and education workforce data prevents policymakers from understanding the needs of this workforce, which may then lead to inefficiencies regarding early child care education legislation and programs. This measure provides for the collection of robust data on the early child care workforce and education programs by requiring all staff of licensed and registered child care programs to submit certain information to the Department of Human Services on an annual basis.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2193, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2193, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 522-22 Health, Human Services, & Homelessness on H.B. No. 1545**

The purpose of this measure is to:

- (1) Direct the Department of Health to adopt rules for the control, prevention, and abatement of noise pollution emitted by excessively loud vehicles in the State; and
- (2) Prohibit the operation or sale of vehicles that emit excessive noise.

Your Committee received testimony in support of this measure from Quieter & Healthier Maui and thirteen individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that studies increasingly detail the environmental health hazard posed by persistent noise pollution. Intentional and excessively loud vehicles are a pervasive and increasingly common problem in the State. However, current efforts to curtail this source of noise pollution have not been successful. This measure accordingly requires the Department of Health to adopt rules and regulate noise from excessively loud vehicles.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1545, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1545, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 523-22 Health, Human Services, & Homelessness on H.B. No. 2208**

The purpose of this measure is to:

- (1) Expand the time period by which a civil action for childhood sexual abuse may be initiated;
- (2) Adopt certain procedural requirements prior to the filing of a civil action for childhood sexual abuse or naming of "Doe" defendants; and
- (3) Allow a court to order the personnel of a legal entity against whom a claim is brought to undergo training on trauma-informed response to sexual abuse allegations.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women, Hawaii State Democratic Women's Caucus, National Association of Social Workers–Hawai'i, Hawaiian Islands Association for Marriage and Family Therapy, Hawai'i Psychological Association, and five individuals. Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice. Your Committee received comments on this measure from the Department of the Attorney General, The Sex Abuse Treatment Center, and Talbert Law LLC.

Your Committee finds that there are many reasons children delay disclosing sexual abuse. In the United States, one in five girls and one in twenty boys is a victim of childhood sexual abuse, and studies show that between sixty and eighty percent of survivors withhold disclosure. Of those who delay disclosure until adulthood, the average delay has been found to be approximately twenty years, with some survivors delaying up to fifty years. This measure provides sexual abuse victims with the necessary time and protections when they are ready for disclosure.

Your Committee has amended this measure by:

- (1) Ensuring that a judge, who reviews and makes a decision regarding a certificate of merit in the filing of an action against a defendant, is not the same judge who will be the trier of fact in the resulting action;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2208, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2208, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 524-22 Health, Human Services, & Homelessness on H.B. No. 1754**

The purpose of this measure is to appropriate funds to restore diagnostic, preventive, and restorative dental benefits to adult Medicaid enrollees.

Your Committee received testimony in support of this measure from the Hawaii State Council on Developmental Disabilities, Papa Ola Lōkahi, Kaiser Permanente Hawai'i, Hawaii Medical Service Association, AlohaCare, Hawai'i Association of School Psychologists, Hawaii Disability Rights Center, The Queen's Health Systems, UnitedHealthcare, Hawaii Primary Care Association, Easterseals Hawaii, Full Life, Hawaii Dental Service, Hawai'i Section of the American College of Obstetricians and Gynecologists, Hawai'i Health & Harm Reduction Center, Hawaii Association of Health Plans, Early Childhood Action Strategy, AARP Hawai'i, Ho'ola Lahui Hawai'i, Hawaii Dental Association, Hawai'i Public Health Association, Hawaii Children's Action Network Speaks!, Kokua Kalihi Valley Comprehensive Family Services, Hawaii Dental Hygienists' Association, Hawai'i Oral Health Coalition, 'Ohana Health Plan, Save Medicaid Hawaii, Oral Health Progress and Equity Network, and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Human Services.

Your Committee finds that, in 2009, the State terminated all preventive and restorative dental care services for adult Medicaid recipients and reduced coverage to emergency-only care that is limited to pain relief, injuries, trauma, and tooth removal and extraction. Your Committee further finds that since 2010, the State has received failing grades in three oral health report cards published by the Pew Center on the States. This measure will improve the overall health of the State's Medicaid recipients by restoring diagnostic, preventive, and restorative dental benefits to adult Medicaid enrollees.

Your Committee has amended this measure by:

- (1) Deleting the preamble other than the narrow purpose statement of this measure; and
- (2) Changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1754, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1754, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 525-22 Health, Human Services, & Homelessness on H.B. No. 1666**

The purpose of this measure is to create a pilot program to make one or more licensed mental health counselors available to assist county first responders in responding to mental health crises in areas with high rates of homelessness.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and Hawaii Substance Abuse Coalition. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Budget and Finance, and Department of Human Services.

Your Committee finds that, according to the United States Substance Abuse and Mental Health Services Administration, approximately twenty-five percent of homeless persons in the United States suffer from a severe mental illness. Your Committee further finds that law enforcement officers who are dispatched to respond to a homeless person experiencing a mental health crisis often lack the expertise and resources to adequately help.

Your Committee recognizes that the Adult Mental Health Division of the Department of Health currently administers similar crisis mobile outreach services on the islands of Hawaii, Maui, and Oahu and a continuum of similar services for severely mentally ill adults. Your Committee further recognizes that in October 2021 the City and County of Honolulu launched its Crisis Outreach Response and Engagement program, which is designed to triage and connect homeless individuals to behavioral health and medical services, and collaborates with the Honolulu Emergency Services Department and Honolulu Police Department.

Accordingly, your Committee has amended this measure by:

- (1) Establishing the pilot program in the Adult Mental Health Division of the Department of Health rather than in the Department of Human Services and adjusting the appropriation expending agency accordingly;
- (2) Clarifying that the purpose of the pilot program is to expand existing county programs that make one or more licensed mental health counselors available to assist county first responders in responding to mental health crises in areas in the urban core with high rates of homelessness;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1666, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1666, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 526-22 Health, Human Services, & Homelessness on H.B. No. 1662**

The purpose of this measure is to establish a statewide homelessness shelter and housing data clearinghouse to be administered by the Governor's Coordinator on Homelessness.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Department of the Prosecuting Attorney of the City and County of Honolulu; The Institute for Human Services, Inc.; and two individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Budget and Finance, and Department of Human Services.

Your Committee finds that there is no coordinated, statewide information system that tracks data related to homelessness. Your Committee further finds that establishing a statewide data clearinghouse to share homelessness information will provide many benefits, including identifying and reporting on gaps where homelessness services, shelter, or housing are required but not available; inform policymakers on where funding may be directed to address those gaps; and provide helpful information to the Hawaii Interagency Council on Homelessness, which was established to advise planning and policy on homelessness issues.

Your Committee has amended this measure by:

- (1) Clarifying that the statewide homelessness shelter and housing data clearinghouse shall pull client-level data from existing databases;
- (2) Specifying that the Governor's Coordinator on Homelessness may consult with other state departments or agencies to address issues relating to data security and client consent concerns in the statewide homelessness shelter and housing data clearinghouse;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1662, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1662, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 527-22 Health, Human Services, & Homelessness/Housing on H.B. No. 2512**

The purpose of this measure is to:

- (1) Extend the sunset date for the Ohana Zones Pilot Program to June 30, 2026; and
- (2) Appropriate funds for the Ohana Zones Pilot Program.

Your Committees received testimony in support of this measure from the Governor's Coordinator on Homelessness; Department of Human Services; County of Hawai'i Office of Housing and Community Development; Department of Housing and Human Concerns of the County of Maui; Office of Housing of the City and County of Honolulu; Kaua'i County Housing Agency; Partners in Care; Habitat for Humanity Hawaii Island, Inc.; Hawaii Appleseed Center for Law and Economic Justice; Community Alliance Partners; Catholic Charities Hawai'i; Hawai'i Health & Harm Reduction Center; Hope Services Hawai'i; and Women in Need.

Your Committees find that the Ohana Zones Pilot Program provides flexible funding for the State and counties to develop innovative programs reflecting the local needs of specific communities, including rural areas of Hawaii Island and Oahu. Your Committees further find that, as of November 30, 2021, the

Ohana Zones Pilot Program has aided 5,510 homeless individuals statewide, including 1,368 individuals placed into permanent housing. Extending the Ohana Zones Pilot Program will provide additional resources to address increasing levels of homelessness and housing instability statewide.

Your Committees have amended this measure by:

- (1) Expanding the regulatory exemptions for Ohana Zones Pilot Program contracts, similar to those previously included in the Governor's Emergency Homeless Proclamation;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2512, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2512, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 6. Noes, none. Excused, 1 (Ward).

Housing: Ayes, 8. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 528-22 Health, Human Services, & Homelessness/Housing on H.B. No. 1744**

The purpose of this measure is to:

- (1) Authorize the issuance of general obligation bond proceeds to the Hawaii Public Housing Authority to begin the development and construction with a qualified developer or operator of permanent supportive housing units to meet the needs of chronically homeless individuals and families in the State; and
- (2) Prioritize competitive federal low-income housing tax credits for the construction of these units.

Your Committees received testimony in support of this measure from the Hawaii Public Housing Authority, Catholic Charities Hawai'i, Partners In Care, and Hawai'i Health and Harm Reduction Center. Your Committees received testimony in opposition to this measure from the State Procurement Office; Stanford Carr Development, LLC; Mutual Housing Association of Hawai'i, Inc.; Ahe Group; Schatz Collaborative LLC; and Hawaii Laborers-Employers Cooperation and Education Trust. Your Committees received comments on this measure from the Governor's Coordinator on Homelessness, Department of Land and Natural Resources, and Hawaii Housing Finance and Development Corporation.

Your Committees find that chronic homelessness is a form of homelessness distinct from other forms of homelessness and involves an individual with a disability who has been continuously homeless for a year or more or has experienced a least four or more occasions of homelessness over the prior three years that add up to at least twelve months. According to the 2020 Oahu Homeless Point-In-Time Count conducted by Partners In Care, nearly one in four homeless adults were considered chronically homeless. The unaddressed problem of chronic homelessness is a particularly costly problem for Hawaii, and one that places a heavy burden on the State's health care and emergency service systems. Your Committees find that investing in permanent supportive housing is an approach to homelessness that integrates permanent, affordable rental housing with best practice community-based supportive services that allow individuals and households who have serious and long-term disabilities to maintain stable housing in the community.

Your Committees have amended this measure by:

- (1) Expanding the purpose of the supportive housing units to meet the needs of other vulnerable populations, in addition to chronically homeless individuals and their families;
- (2) Permitting the Hawaii Housing Finance and Development Corporation to consider an application for any applicable competitive federal low-income housing tax credits from the Hawaii Public Housing Authority for construction of permanent supportive housing, rather than mandating the Corporation give first priority to the Authority;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1744, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1744, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 6. Noes, none. Excused, 1 (Ward).

Housing: Ayes, 8. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 529-22 Health, Human Services, & Homelessness on H.B. No. 1743**

The purpose of this measure is to define "pools" for the purposes of the Department of Health's authority to adopt rules concerning public health and safety.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee finds that public swimming pools are currently regulated under the Hawaii Administrative Rules, which require established turnover rates and disinfectant residuals to ensure that proper filtering of the water is occurring at all times during use by the public. Your Committee further finds that man-made lagoons and pools, such as the Natatorium, cannot meet these requirements and do not meet nationally recognized definitions of a "public swimming pool". Therefore, alternative public health standards for other public recreational waters, such as beaches, should be applied to these structures instead, particularly if the owner of the structure intends to use the ocean or ocean venue for swimming. This measure clarifies that structures like man-made lagoons and pools do not fall under the regulation of "pools".

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1743, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1743, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 530-22 Health, Human Services, & Homelessness on H.B. No. 2058**

The purpose of this measure is to appropriate funds to assist the Waianae Coast Comprehensive Health Center in the provision of emergency department and disaster-related response services to residents of the Waianae coast.

Your Committee received testimony in support of this measure from the Waianae Coast Comprehensive Health Center, Hawaii Primary Care Association, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Health, and Department of the Attorney General.

Your Committee finds that the Waianae Coast Comprehensive Health Center is the primary medical provider on the Waianae coast and provides a variety of services to the community, including twenty-four hours a day, year-round emergency services. Your Committee further finds that a dependable, multi-year financial commitment by the State to support emergency medical services at the Waianae Coast Comprehensive Health Center is the most effective way to ensure that residents throughout the Waianae coast receive appropriate emergency medical care and that the community is served during a disaster.

Your Committee has amended this measure by:

- (1) Deleting the preamble, other than the narrow purpose statement of this measure;
- (2) Changing the appropriation to a grant under Chapter 42F, Hawaii Revised Statutes, and the amount of the grant to an unspecified amount;
- (3) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2058, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2058, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 531-22 Health, Human Services, & Homelessness on H.B. No. 2340**

The purpose of this measure is to allow the use of post office box address for the purposes of dispensing prescriptions under the Uniform Controlled Substances Act.

Your Committee received testimony in support of this measure from Kaiser Permanente Hawai'i and one individual.

Your Committee finds that permitting post office boxes as an option for prescriptions, provided that the physical location of the post office box is readily accessible, will promote more efficiency and effectiveness in the timely delivery of prescriptions to customers.

Your Committee has amended this measure by:

- (1) Clarifying that when dispensing controlled substances to a post office box, pharmacies may dispense prescriptions to a post office box if the pharmacy has the physical location where the individual resides on file;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2340, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2340, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 532-22 Health, Human Services, & Homelessness on H.B. No. 2141**

The purpose of this measure is to delete or revise outdated or obsolete reporting requirements of the Department of Human Services and Office of Youth Services.

Your Committee received testimony in support of this measure from the Department of Human Services.

Your Committee finds that certain reporting requirements for the Department of Human Services on psychotropic medications, federal financial assistance and health care programs, and certain programs overseen by the Office of Youth Services are no longer necessary, and that updating existing law to remove these requirements will clarify the current state of the law and reduce confusion.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2141, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2141, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 533-22 Health, Human Services, & Homelessness on H.B. No. 2392**

The purpose of this measure is to make an emergency appropriation for coronavirus disease 2019 pandemic mitigation efforts.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Medical Service Association, and Hawaii Primary Care Association. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the SARS-CoV-2 virus, which causes the coronavirus disease 2019 (COVID-19), continues to evolve with time, manifesting new variant strains. Each new variant poses a potential threat of increased transmissibility, increased severity, or decreased ability of available vaccines and therapeutic agents to effectively combat the virus. Your Committee believes that high vaccination coverage throughout the State is the best available tool to mitigate any impact new variants may cause. However, your Committee notes that in order to achieve this, the Department of Health requires logistical support for its continued efforts to prevent the spread of COVID-19. This measure is intended to continue the Department of Health's efforts at addressing the COVID-19 pandemic by providing funds to ensure the safety of Hawaii's residents.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2392, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 534-22 Health, Human Services, & Homelessness on H.B. No. 2394**

The purpose of this measure is to appropriate funds to provide one-time enhanced payments to any facility licensed by Medicare that provides skilled nursing or intermediate care to Medicaid patients.

Your Committee received testimony in support of this measure from the Hawaii Health Systems Corporation, East Hawaii Region of the Hawaii Health Systems Corporation, Palolo Chinese Home, The Villas, Garden Isle Rehab & Nursing, Legacy Hilo Rehab & Nursing, Hale Mauka Health Services, Pu'uwai 'O Makaha, Ann Pearl Rehab & Nursing, Healthcare Association of Hawaii, Hawai'i Pacific Health, Kaiser Permanente Hawaii, Aloha Nursing Rehab Centre, Ohana Pacific Health, The Queen's Health Systems, Hale Kūpuna Heritage Home, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Human Services.

Your Committee finds that nursing facilities have lost roughly fifteen percent of their entire workforce during the coronavirus disease 2019 pandemic and there has been no recovery of positions over the past two years. While physician offices and outpatient settings are experiencing an increase in employment, nursing homes are experiencing a loss of hundreds of thousands of positions. This measure is intended to assist licensed facilities that provide skilled nursing or intermediate care to Medicaid patients by providing a one-time enhanced payment to each facility, thereby ensuring quality services for the State.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2394, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 535-22 Health, Human Services, & Homelessness on H.B. No. 2391**

The purpose of this measure is to establish an Early Lung Cancer Screening Task Force to research what steps and resources are necessary to increase early lung cancer screening in Hawaii.

Your Committee received testimony in support of this measure from the Department of Health, University of Hawai'i Cancer Center, John A. Burns School of Medicine at the University of Hawai'i at Manoa, Hawaii Medical Association, American Lung Association, Hawaii Primary Care Association, Hawai'i Public Health Association, Hawai'i Public Health Institute, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Human Services, and State Procurement Office.

Your Committee finds that lung cancer is the leading cause of cancer deaths in men and women in the United States. Your Committee further finds that Hawaii is last in the nation for early diagnosis of lung cancer. This measure promotes greater cancer screening and prevention efforts in the State by creating an Early Lung Cancer Screening Task Force to identify the steps and resources necessary to increase early lung cancer screening in Hawaii.

Your Committee has amended this measure by:

- (1) Deleting the preamble, other than the narrow purpose statement of this measure;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2391, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2391, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 536-22 Health, Human Services, & Homelessness on H.B. No. 1794**

The purpose of this measure is to require the Department of Health to:

- (1) By January 1, 2024, implement standardized quality metrics to track and address health care processes or outcomes applicable to improving the quality of care and targeting improvements in outcomes for patients having opioid use disorders;
- (2) Implement value-based purchasing based on the standardized quality metrics by July 1, 2024, to be applicable to all state purchases of health and human services entered into after July 1, 2024;
- (3) Collect data from health service providers on levels of opioid prescriptions, use of opioids in health care settings, and patient interactions for opioid use disorders;
- (4) Annually report to the Legislature on the compiled data and any updates on the implementation of value-based purchasing; and
- (5) Establish a working group to determine major shifts in operations and clinical models that substance use disorder treatment providers need to make before adjusting to efforts to incentivize new demands for higher quality care.

Your Committee received comments on this measure from the Department of Health and Hawaii Psychiatric Medical Association.

Your Committee finds that this measure seeks to improve the quality of health care to patients with opioid use disorders by requiring the Department of Health to develop measurement tools and collect data that correlates payments to providers with measures of quality of care and outcomes delivered. Your

Committee, however, recognizes the concerns of the Department of Health that the deadlines presented do not provide sufficient time to complete the requirements under this measure.

Accordingly, your Committee has amended this measure by:

- (1) Delaying by six months the date by which the Department of Health shall develop and implement standardized quality metrics to track and address the required health care processes and outcomes; and
- (2) Delaying by six months the date by which the Department of Health shall implement value-based purchasing based on those standardized quality metrics.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1794, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.B. No. 1794, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

#### **SCRep. 537-22 Consumer Protection & Commerce on H.B. No. 1619**

The purpose of this measure is to establish peer-to-peer car-sharing insurance requirements.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii Insurers Council, American Property Casualty Insurance Association, and GEICO. Your Committee received testimony in opposition to this measure from Avail. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Turo Inc., Getaround, and Hawaii Association for Justice.

Your Committee finds that peer-to-peer car sharing allows for vehicle owners to share their vehicles with others through online platforms. Your Committee further finds that with the growing popularity of peer-to-peer car sharing programs comes an increased concern that drivers and passengers using these car-sharing programs must be adequately covered by insurance. This measure will establish mandatory insurance coverage requirements specifically for peer-to-peer car-sharing programs to provide the public with greater protection.

Your Committee has amended this measure by:

- (1) Clarifying the required insurance coverage during a car-sharing period; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1619, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1619, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 538-22 Consumer Protection & Commerce on H.B. No. 1667**

The purpose of this measure is to:

- (1) Clarify that a pharmacist-in-charge of a pharmacy may sign off on applications to perform Clinical Laboratory Improvement Amendments waived tests; and
- (2) Clarify that pharmacists may order and perform all Clinical Laboratory Improvement Amendments waived tests that are approved or authorized by the United States Food and Drug Administration.

Your Committee received testimony in support of this measure from Walgreen Co., CVS Health, Hawaii-American Nurses Association, and seven individuals. Your Committee received testimony in opposition to this measure from the Department of Health and one individual. Your Committee received comments on this measure from the Board of Pharmacy and Hawai'i State Center for Nursing.

Your Committee finds that despite the existing authority for pharmacists to perform assessment procedures, under existing Department of Health regulations, pharmacies that perform Clinical Laboratory Improvement Amendments waived tests are required to partner with a clinical laboratory director to sign off on the application to perform the tests. This requirement places Hawaii in a minority of states that still require a laboratory director to sign off on Clinical Laboratory Improvement Amendments waiver applications.

Your Committee further finds that the coronavirus disease 2019 pandemic has highlighted the need to address health care accessibility and streamline unnecessary administrative regulation. This measure supports that goal.

Your Committee has amended this measure by changing the examples under the definition of "clinical laboratory director" to clarify that either the first or second health care professional, and not both, are necessary to qualify as a clinical laboratory director.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1667, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1667, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 539-22 Consumer Protection & Commerce on H.B. No. 1517**

The purpose of this measure is to support Hawaii's coffee growers by:

- (1) Requiring disclosure on the label of coffee blends of the respective geographic and regional origins and percent by weight of the blended coffees;
- (2) Making it a violation to use a geographic origin in labeling or advertising for roasted or instant coffee blends that contain less than a certain percentage of coffee by weight from that geographic origin, phased in to a minimum of fifty-one percent;
- (3) Prohibiting use of the term "All Hawaiian" in labeling or advertising for roasted or instant coffee not produced entirely from green coffee beans grown and processed in Hawaii; and
- (4) Appropriating funds for the Pesticide Subsidy Program.

Your Committee received testimony in support of this measure from three members of the Hawaii County Council, Big Island Invasive Species Committee, Konaloha Farms, Hawaii Farmers Union United, Kona Coffee Farmers Association, Mulkern Landscaping & Nursery, LavaRock Farm, Hawaii's Thousand Friends, Rancho Aloha, Hawaii Coffee Association, Life of the Land, Lions Gate Farms, Synergistic Hawaii Agriculture Council, Greenwell Farms Inc., and numerous individuals. Your Committee received testimony in opposition to this measure from the Kona Coffee Council, Hawaii Coffee Company, Hawaii Restaurant Association, and Hawaii Food Industry Association. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Agriculture, and one individual.

Your Committee finds that this measure provides a mechanism by which the State's coffee industry can ensure the authenticity of its products and the consumer can rely upon the veracity of labels and advertising identifying the coffee's origin. Through this mechanism, the State can protect one of its most significant agricultural commodities and the growers and roasters who produce the coffee.

Your Committee further finds that funds to ensure coffee content are more appropriately invested in a position to conduct inspections, rather than equipment. Funds should also continue to be appropriated for the ongoing Pesticide Subsidy Program to combat the coffee berry borer.

Accordingly, your Committee has amended this measure by:

- (1) Changing the appropriation for equipment to test coffee content to an appropriation for one full-time equivalent position to conduct inspections; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1517, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1517, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Har, Kong, Onishi). Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 540-22 Consumer Protection & Commerce on H.B. No. 1640**

The purpose of this measure is to:

- (1) Change the Electronic Waste and Television Recycling and Recovery Act to the Electronic Device Recycling and Recovery Act;
- (2) Establish electronic device manufacturer recycling goals, including percentage benchmarks for determining a manufacturer's recycling obligations for 2023, 2024, and 2025, and record keeping and reporting requirements for manufacturers and collectors;
- (3) Require collectors to register with the Department of Health, and establish collector record-keeping and reporting requirements;
- (4) Amend and repeal various definitions;
- (5) Expand the recycling and collection requirements of televisions to all electronic devices; and
- (6) Require the Electronic Device Recycling and Recovery Program to include, among other things, a description of the methods for the convenient collection of electronic devices.

Your Committee received testimony in support of this measure from the Department of Health, County of Hawai'i Department of Environmental Management, and one individual. Your Committee received testimony in opposition to this measure from the Consumer Technology Association.

Your Committee finds that this measure will improve the existing Electronic Waste and Television Recycling and Recovery Program by creating recycling goals for all covered electronic device manufacturers, setting convenience requirements for manufacturers' recycling plans, combining the covered electronic device and covered television programs into one comprehensive program, and requiring manufacturers to fully fund their recycling plan.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1640, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1640, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Har, Kong, Onishi). Noes, none. Excused, 1 (Morikawa).

#### **SCRep. 541-22 Consumer Protection & Commerce on H.B. No. 1641**

The purpose of this measure is to require the Department of Health to implement the Auditor's recommendations for the Deposit Beverage Container Program, including developing a risk-based selection process to select reports submitted by distributors and redemption centers for audit.

Your Committee received testimony in support of this measure from the Department of Health and American Beverage Association.

Your Committee finds that the Office of the Auditor conducts a financial and program audit of the Department of Health's Deposit Beverage Container Program every other year. These audits have demonstrated the Program's failure to develop and execute procedures to verify the accuracy and completeness of data used to support claims of the deposit and container fees paid to the Program by the distributors, as well as deposits and handling fees paid to the redemption centers.

In the Auditor's 2019 report to the Legislature, one of the recommendations for the Deposit Beverage Container Program management was to develop a risk-based process to select distributors and redemption center reports submitted to the Program to audit on a periodic basis. Your Committee further finds that this measure follows through on that recommendation.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1641, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1641, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Morikawa).

**SCRep. 542-22 Consumer Protection & Commerce on H.B. No. 1644**

The purpose of this measure is to:

- (1) Beginning December 31, 2024, ban the manufacture, sale, or distribution for sale or use of certain food packaging that contain perfluoroalkyl and polyfluoroalkyl substances; and
- (2) Beginning July 1, 2024, ban the discharge or otherwise use for training purposes, manufacture, sale, or distribution for sale or use of Class B firefighting foams that contain perfluoroalkyl and polyfluoroalkyl substances.

Your Committee received testimony in support of this measure from the Surfrider Foundation, Hawaii Reef and Ocean Coalition, Americans for Democratic Action Hawaii, and three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Health, Hawaii Restaurant Association, and American Chemistry Council.

Your Committee finds that perfluoroalkyl and polyfluoroalkyl substances are chemicals that have been used in many consumer products since the 1940s. These chemicals accumulate in the human body, and exposure can lead to adverse health outcomes in humans. This measure addresses the numerous environmental, health, and safety concerns related to the use of products containing perfluoroalkyl and polyfluoroalkyl substances by prohibiting the manufacture, sale, and distribution in the State of certain food packaging and firefighting foams that contain these chemicals.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1644, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Har, Kong, Onishi). Noes, none. Excused, 1 (Morikawa).

**SCRep. 543-22 Consumer Protection & Commerce on H.B. No. 1645**

The purpose of this measure is to prohibit lodging establishments from providing small plastic bottles containing personal care products within sleeping room accommodations, any space within sleeping room accommodations, or bathrooms used by the public or guests.

Your Committee received testimony in support of this measure from the Hawaii Reef and Ocean Coalition, Surfrider Foundation, and four individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Health, Hawaii Tourism Authority, Maui Hotel & Lodging Association, and Maui Chamber of Commerce.

Your Committee finds that the use of complimentary single-use toiletries in hotels and other lodging establishments contributes to plastic waste locally and globally. In response, states like California and New York have recently passed laws that prohibit hotels, bed and breakfast homes, and short-term vacation rentals from providing single-use toiletries. This measure is an important step towards eliminating unnecessary single-use plastics and improving the sustainability of the hospitality industry in Hawaii.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1645, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Har, Kong). Noes, none. Excused, 1 (Morikawa).

**SCRep. 544-22 Consumer Protection & Commerce on H.B. No. 1840**

The purpose of this measure is to:

- (1) Authorize the appropriate county land use decision-making authority to determine district boundary amendments involving land areas over fifteen acres but equal to or less than fifty acres according to a process to be determined by each county and subject to certain conditions, including the condition that the district boundary amendment is necessary to produce housing, sixty percent of which shall be reserved for occupants whose incomes do not exceed eighty percent of the area median income; and
- (2) Prohibit the subdivision of such lands into two or more parcels to be reclassified within a ten-year period from the date of the subdivision.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development, County of Maui Office of the Mayor, one member of the Maui County Council, Department of Planning and Permitting of the City and County of Honolulu, Department of Planning of the County of Maui, County of Hawaii Planning Department, Hawaii Association of REALTORS, and Building Industry Association of Hawaii. Your Committee received testimony in opposition to this measure from the Land Use Commission, Sierra Club of Hawaii, and Hawaii Farm Bureau. Your Committee received comments on this measure from the Department of Agriculture and Grassroot Institute of Hawaii.

Your Committee finds that the counties are responsible for determining district boundary amendments involving land areas of fifteen acres or less and not within the conservation district. Your Committee further finds that district boundary amendments involving lands in the conservation district, land areas greater than fifteen acres, and lands delineated as important agricultural lands are processed by the Land Use Commission through a quasi-judicial process. Your Committee believes that a change to this system of district boundary amendment approvals for certain larger parcels of land will provide the counties with greater flexibility to meet the needs of their communities while also requiring the counties to consider broader, secondary impacts, including impacts on state and county infrastructure, and opportunities to provide housing.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1840, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Kitagawa, Kong). Noes, none. Excused, 1 (Morikawa).

**SCRep. 545-22 Consumer Protection & Commerce on H.B. No. 1434**

The purpose of this measure is to authorize the counties, after adoption of an ordinance establishing a power of sale, to sell private property that has failed to comply with public nuisance ordinances after all notices, orders, and appeal proceedings are exhausted and use the revenues to satisfy unpaid civil fines related to a property subject to a recorded lien.

Your Committee received testimony in support of this measure from the Department of Planning and Permitting of the City and County of Honolulu and four members of the Honolulu City Council.

Your Committee finds that by authorizing the counties to collect on liens filed on properties through a non-judicial foreclosure process, this measure provides some leverage over landowners to comply or lose their property. If the property owner fails to comply and the property is foreclosed upon, this measure

enables the property to be put to productive use, allows liens attached to the property to be satisfied, and stops the accrual of additional debt or taxes on the property.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1434, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1434, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Aquino, Hashem, Mizuno).

#### **SCRep. 546-22 Consumer Protection & Commerce on H.B. No. 1568**

The purpose of this measure is to amend the law that requires all state departments to ensure that a certain percentage of food that is purchased is locally grown and consists of fresh local agricultural products or local value-added, processed, agricultural, or food products, to:

- (1) Apply only to the Department of Education, Department of Health, Department of Public Safety, Department of Defense, and University of Hawaii System for food purchased for public schools, youth campuses, public hospitals, public prisons, and University of Hawaii facilities;
- (2) Clarify that these purchasing requirements do not encompass departmental or university staff travel expenses, office staff procurement, and other staff meals separate from each of the covered state entities' offered meal services or programs; and
- (3) Require each applicable state entity to annually report to the Legislature on its progress toward meeting established benchmarks.

Your Committee received testimony in support of this measure from the Hawaii Primary Care Association; Ulupono Initiative; Hawai'i Farm Bureau; Hawai'i Farm to School Hui; Grow Some Good; Hawaii Cattlemen's Council, Inc.; Mala'ai; and one individual. Your Committee received testimony in opposition to this measure from the Department of Public Safety and one individual. Your Committee received comments on this measure from the Department of Health and University of Hawai'i System.

Your Committee finds that the identified state entities are the ones that purchase some of the greatest amounts of agricultural products for the populations they serve. While this measure may have a significant impact on local businesses and the production and use of local agricultural products, your Committee notes the concerns as to whether there is enough locally grown agricultural products to fulfill the goals established in this measure.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1568, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1568, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Har, Kong, Onishi). Noes, none. Excused, 3 (Aquino, Hashem, Mizuno).

#### **SCRep. 547-22 Consumer Protection & Commerce on H.B. No. 1830**

The purpose of this measure is to:

- (1) Save the State the costs of its annual insurance premiums for property and casualty insurance coverage by establishing the State Self-Insurance Against Property and Casualty Risks Special Fund to provide the State with self-insurance coverage against property and casualty risks; and
- (2) Appropriate funds.

Your Committee received comments on this measure from the Department of Budget and Finance and Department of Accounting and General Services.

Your Committee finds that the State currently purchases third-party insurance through its risk management and insurance administration to cover the State's property and casualty risks. Property and casualty insurance provide risk mitigation to minimize the State's loss exposure. Your Committee further finds that the State's property and casualty insurance premium costs are significant and subject to increases. This measure will save the State the cost of its annual insurance premiums for property and casualty risks.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1830, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Aquino, Hashem, Mizuno).

#### **SCRep. 548-22 Consumer Protection & Commerce on H.B. No. 1809**

The purpose of this measure is to establish a renewable fuels production tax credit.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office; Pacific Biodiesel Technologies, LLC; 350Hawaii.org; Climate Protectors Hawai'i; Hawai'i Gas; Our Revolution Hawaii; Hawaii Clean Power Alliance; Recycle Hawaii and Clean the Pacific; and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Tax Foundation of Hawaii, Hawaii Forest Stewards, Life of the Land, Aloha Tree Alliance, and eight individuals.

Your Committee finds that this measure supports the State's goal of achieving one hundred percent renewable energy generation by 2045 by providing a tax incentive for taxpayers to produce renewable fuels. This measure establishes a system for qualifying for, verifying, and managing the tax credit in a transparent manner.

Your Committee has amended this measure by:

- (1) Inserting language to ensure that each taxpayer shall not be eligible for more than a single ten-year credit period; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1809, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1809, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Har). Noes, 1 (Kong). Excused, 3 (Aquino, Hashem, Mizuno).

#### **SCRep. 549-22 Consumer Protection & Commerce on H.B. No. 1811**

The purpose of this measure is to:

- (1) Allow for new electric vehicle charging stations having a single port to qualify for a rebate under the Electric Vehicle Charging Stations Rebate Program (Rebate Program);
- (2) Increase flexibility of the Public Utilities Commission to administer the Rebate Program;
- (3) Increase the maximum percentage of Rebate Program appropriations that may be expended for administrative costs; and
- (4) Allow for marketing and outreach expenses to be included within allowable administration costs of the Rebate Program.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii State Energy Office, Public Utilities Commission, City and County of Honolulu Department of Design and Construction, Ulupono Initiative, Climate Protectors Hawai'i, 350Hawaii.org, KauaiEV, Alliance for Automotive Innovation, Hawaii Automobile Dealers' Association, Hawai'i Energy, Blue Planet Foundation, Hawaii Electric Vehicle Association, Tesla, Our Revolution Hawaii, Retail Merchants of Hawaii, Kaa'i Island Utility Cooperative, and six individuals. Your Committee received comments on this measure from the Practical Policy Institute of Hawaii and Hawai'i Energy.

Your Committee finds that the State has committed to eliminating fossil fuels from the electricity and ground transportation sectors, abiding by the Paris Climate Accord's goal to limit the amount of global warming to less than 1.5 degrees Celsius, and achieving negative carbon emissions for Hawaii by 2045. Your Committee further finds that the number of electric vehicles in the State is rising as more electric vehicles come to market, the operable ranges of electric vehicles increase, and the costs of electric vehicles decrease.

Your Committee believes that, despite the growing interest in electric vehicles among the State's residents, electric vehicle adoption is hampered by the lack of adequate vehicle charging infrastructure. This measure is a critical component of the State's efforts to transition from fossil fuels and achieve a carbon-negative economy by 2045.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1811, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1811, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Aquino, Hashem, Mizuno).

#### **SCRep. 550-22 Consumer Protection & Commerce on H.B. No. 2399**

The purpose of this measure is to:

- (1) Establish an Extended Producer Responsibility Program;
- (2) Require certain producers of fast-moving consumer goods to register with the Department of Health and pay an annual fee based on the amount of packaging volume the covered producer places on the market each calendar year;
- (3) Provide for the deposit of fees into an Extended Producer Responsibility Special Fund;
- (4) Provide for the expenditure of monies from the Extended Producer Responsibility Special Fund for the creation of a report that assesses the resources needed to reduce the volume of packaging waste sent to landfills or power plants that burn municipal solid waste as a fuel by fifty percent and eighty percent by a date to be determined by rule; and
- (5) Establish and appropriate funds for one full-time equivalent position for the Extended Producer Responsibility Program.

Your Committee received testimony in support of this measure from the Department of Health, Department of Environmental Management of the County of Hawai'i, Department of Environmental Management of the County of Maui, Department of Public Works of the County of Kaua'i, Life of the Land, Hawai'i Reef and Ocean Coalition, Recycle Hawai'i, 350Hawaii.org, Recycle Hawai'i, Zero Waste Hawai'i Island, Hawai'i Wildlife Fund, Apollo Kauai, Zero Waste Kauai, Our Revolution Hawaii, and numerous individuals. Your Committee received testimony in opposition to this measure from Island Plastic Bags, Inc.; American Beverage Association; Wine Institute; American Forest & Paper Association; Hawaii Food Industry Association; and Consumer Healthcare Products Association. Your Committee received comments on this measure from the Department of Budget and Finance, American Chemistry Council, Animal Health Institute, and one individual.

Your Committee finds that waste pollution, including plastic pollution, which fouls air, water, and biological systems, has not been adequately addressed by existing recycling programs. This measure seeks to place some of the responsibility for the reduction of packaging waste on entities that produce the goods that generate the waste.

Your Committee further finds that this measure is geared toward establishing a program that is particularly well suited to Hawaii, engages the producers that are best suited to eliminate packaging waste in a fair and balanced way, positions the State to take full advantage of federal funding aimed at reducing waste, and prioritizes reuse strategies. The special fund created by this measure will support countywide needs assessments, packaging reuse programs, and to a lesser extent, other authorized uses.

Your Committee notes the concerns that were raised in testimony regarding whether this measure could exacerbate ongoing global supply chain issues that have impacted Hawaii. Your Committee understands these concerns and believes further discussion on this issue may be warranted.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2399, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Har, Morikawa, Onishi, Matsumoto). Noes, 1 (Kong). Excused, 3 (Aquino, Hashem, Mizuno).

**SCRep. 551-22 Labor & Tourism on H.B. No. 2510**

The purpose of this measure is to help working families by:

- (1) Amending the earned income tax credit by making it refundable;
- (2) Amending the eligibility and amount to claim for the food/excise tax credit;
- (3) Providing for an increase in the minimum wage to \$11.00 per hour beginning January 1, 2023, with an increase of \$1.00 per hour on January 1 of each ensuing year up through and including 2030, as well as for an increase in the tip credit over the same period;
- (4) Amending the household and dependent care tax credit to apply to expenses paid for the care of a qualifying individual, regardless of age, and specifying that a qualified individual is, among other things, a recipient or eligible to be a recipient of Social Security disability insurance; and
- (5) Appropriating funds for an outreach campaign to educate low-wage earners about their withholding options and provide support in completing their withholding forms.

Your Committee received testimony in support of this measure from the Americans for Democratic Action; Hawaii State AFL-CIO; United Public Workers, AFSCME Local 646, AFL-CIO; Hawai'i Nurses Association, OPEIU Local 50; and fifteen individuals.

Your Committee received testimony in opposition to this measure from one member of the Maui County Council, Democratic Party of Hawai'i Education Caucus, Pono Hawai'i Initiative, Hawaii Clubhouse Advocacy Coalition, Hawai'i Alliance for Progressive Action, Hawaiian Chip Company, Hawai'i Children's Action Network Speaks!, Democratic Party of Hawaii Labor Caucus, Iron Workers Stabilization Fund, Hawaii Food Manufacturers Association, National Federation of Independent Business, Imua Alliance, IATSE Local 665, Hawai'i County Committee of the Democratic Party of Hawai'i, Society of Human Resource Management Hawaii, and numerous individuals.

Your Committee received comments on this measure from the Department of Labor and Industrial Relations; Department of Budget and Finance; Department of Taxation; Department of Human Services; Chamber of Commerce Hawaii; United Here! Local 5 Hawaii; KoLab Coworking; Hawaii Workers Center; Hawaii Petroleum Marketers Association; League of Women Voters of Hawaii; Save Medicaid Hawaii; Hawai'i Health & Harm Reduction Center; Hawaii Appleseed Center for Law & Economic Justice; Tax Foundation of Hawaii; Grassroot Institute of Hawaii; Community Alliance Partners; Living Wage Hawaii; Free Access Coalition; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i Restaurant Association; Retail Merchants of Hawaii; Hawaii Food Industry Association; Hawai'i Lodging & Tourism Association; and numerous individuals.

Your Committee finds that increases to the cost of living in the State, combined with stagnant wages, have contributed to the increase in asset limited, income constrained, and employed households in Hawaii. In addition, the coronavirus disease 2019 pandemic has exacerbated financial hardships for many residents of the State, who are facing challenges making ends meet. Changes to the existing tax structure and minimum wage are needed to help working families succeed.

Your Committee has amended this measure by:

- (1) Incorporating a mechanism to annually adjust the minimum wage and tip credit amount starting January 1, 2031, based on the average of the increases to the statewide median hourly wage for all occupations over the previous three years compiled by the United States Bureau of Labor Statistics;
- (2) With respect to the household and dependent care tax credit, removing the requirement that a qualified individual be a recipient or eligible to be a recipient of Social Security Disability Insurance;
- (3) Increasing the cap on revenues that may be deposited into the Tax Administration Special Fund and authorizing that monies in the fund shall also be used for outreach to educate low-wage earners about withholding options and provide support when completing withholding forms;
- (4) Appropriating funds from the Tax Administration Special Fund, rather than from the general fund, for the required outreach;
- (5) Changing the effective date to December 25, 2040, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2510, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2510, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 2 (Quinlan, Okimoto). Excused, none.

**SCRep. 552-22 Labor & Tourism on H.B. No. 2440**

The purpose of this measure is to impose a penalty on both the person and firm upon finding certain violations of chapter 104, Hawaii Revised Statutes, governing wages and hours of employees on public work projects.

Your Committee received testimony in support of this measure from the Hawaii Regional Council of Carpenters; Hawaii State AFL-CIO; Hawaii Operating Engineers Local Union No. 3; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Hawai'i Nurses' Association, OPEIU Local 50. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

Your Committee finds that state law requires that laborers and mechanics performing on-site construction work for any public work project be paid no less than prevailing wages and keep certain hours, subject to conditions. This requirement and others apply to every contract in excess of \$2,000 for public work projects to which a governmental contracting agency is a party, with limited exceptions.

Your Committee further finds that violations of chapter 104, Hawaii Revised Statutes, result in monetary penalties or suspension against the person or firm found to be in violation. A third violation can result in a suspension from any new work for three years. This measure imposes penalties on both the person and firm, and in this manner, prohibits a contractor or other person from avoiding the suspension by simply forming another company.

Your Committee has amended this measure by:

- (1) Clarifying that a "firm" includes a contractor, corporation, limited liability company, partnership, and limited partnership, as used in sections 104-24 and 104-25, Hawaii Revised Statutes;
- (2) Clarifying that a "person" includes the officers and directors of a corporation, managers and members of a limited liability company, partners, and limited partners, as used in sections 104-24 and 104-25, Hawaii Revised Statutes;
- (3) Changing the effective date to December 25, 2040, to encourage further discussion; and

(4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2440, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2440, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 553-22 Agriculture/Education on H.B. No. 2304**

The purpose of this measure is to appropriate funds to the Department of Education for additional resources to implement the Hawaii Farm to School Program, with the funds specifically to be used for internal systems and controls to meet the State's local food goals in school meals.

Your Committees received testimony in support of this measure from the Hawaii State Teachers Association, Ulupono Initiative, Hawai'i Farm Bureau, Hawai'i Farm to School Hui, Hawaii Cattlemen's Council, Local Food Coalition, Hawai'i Alliance for Progressive Action, Hawai'i Primary Care Association, Hawai'i 'Ulu Producers Cooperative, Grow Some Good, and seven individuals. Your Committees received comments on this measure from the Department of Agriculture, Department of Education, Department of Budget and Finance, Hawaii Appleseed Center for Law & Economic Justice, and one individual.

Your Committees find that the Hawaii Farm to School Program was established in 2015 to improve the health of the State's keiki by encouraging the consumption of fresh, locally grown foods for nutritional content and to promote healthy behaviors at an early age. In 2021, Act 175, Session Laws of Hawaii 2021 (Act 175), was enacted, which moved the Hawaii Farm to School Program from the Department of Agriculture to the Department of Education. Act 175 also established a programmatic goal that by 2030, thirty percent of food served in public schools shall consist of locally sourced products. Your Committees recognize that the Department of Education's implementation of a centralized tracking system is central to the Department of Education's ability to efficiently and effectively track purchases made by schools and implement the Hawaii Farm to School Program. As such, this measure appropriates funds to provide additional resources to the Department of Education to be used specifically to implement internal systems and controls to implement the Hawaii Farm to School Program.

Your Committees have amended this measure by:

- (1) Requiring the Department of Education to submit a report to the Legislature no later than January 1, 2023, that details a plan and timeline for implementing the Hawaii Farm to School Program;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees note that \$1,600,000 is necessary for the initial cost, and \$350,000 is necessary for annual costs, of the Hawaii Farm to School Program.

As affirmed by the records of votes of the members of your Committees on Agriculture and Education that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2304, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2304, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Agriculture: Ayes, 6. Noes, none. Excused, 2 (Matayoshi, Tokioka).

Education: Ayes, 9. Noes, none. Excused, 3 (Ganaden, Ohno, Quinlan).

#### **SCRep. 554-22 Education/Housing on H.B. No. 2250**

The purpose of this measure is to authorize:

- (1) The Department of Education to develop programs to encourage the development of gardens on school property; and
- (2) The Hawaii Community Development Authority to develop programs that provide incentives for the development of gardens in housing projects, communities, and schools.

Your Committees received testimony in support of this measure from the Hawaii Community Development Authority, Hawai'i Farm Bureau, Hawai'i Farm to School Hui, Ka Ohana O Na Pua, Hawaii Youth Food Council, Grow Some Good, and five individuals. Your Committees received comments on this measure from the Department of Education.

Your Committees find that supporting gardening programs in schools, housing projects, and communities will provide interactive, hands-on educational environments for learning about nutrition and obesity prevention while encouraging outdoor recreational opportunities for students and residents.

Your Committees have amended this measure by:

- (1) Broadening the authority of the Hawaii Community Development Authority to develop programs that provide incentives for the development of urban gardening programs by removing specific references to housing projects, communities, and schools;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Education and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2250, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2250, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 11. Noes, none. Excused, 1 (Ohno).

Housing: Ayes, 9. Noes, none. Excused, none.

#### **SCRep. 555-22 Education on H.B. No. 2482**

The purpose of this measure is to:

- (1) Beginning January 1, 2024:
  - (A) Require public schools and public charter schools to have at least one employee trained to administer or assist with the self-administration of seizure rescue medication or electrical stimulation using a vagus nerve stimulator magnet, except under certain circumstances;

- (B) Require all principals, guidance counselors, and teachers to perform an annual self-study review of seizure disorder materials; and
- (C) Require the Department of Education and public charter schools to establish a seizure action plan for every student diagnosed with a seizure disorder and distribute the plan to employees charged with supervising or caring for the student; and
- (2) Appropriate funds to the Department of Education for training of employees to administer or assist with the self-administration of seizure rescue medication at public schools and public charter schools.

Your Committee received testimony in support of this measure from the State Public Charter School Commission, Epilepsy Foundation, and ten individuals. Your Committee received comments on this measure from the Department of Education and Department of Budget and Finance.

Your Committee finds that this measure will ensure that proper seizure first aid is available to students while they are in school helping to keep them safe and minimize disruption to their learning. Your Committee further finds that the Department of Education testified that it already has certain policies and procedures in place that facilitate continuity of care while a student is at school. Per the Department of Education's testimony, this includes students whose chronic health condition involves seizures.

Your Committee has amended this measure by:

- (1) Allowing, rather than requiring:
  - (A) Public schools and public charter schools to have at least one employee trained to administer or assist with the self-administration of seizure rescue medication or electrical stimulation;
  - (B) All principals, guidance counselors, and teachers to perform an annual self-study review of seizure disorder materials; and
  - (C) The establishment of a seizure action plan for every public school student and public charter school student diagnosed with a seizure disorder;
- (2) Changing its effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2482, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2482, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

#### **SCRep. 556-22     Housing on H.B. No. 1829**

The purpose of this measure is to, for a period of five years:

- (1) Specify that the state bond ceiling be allocated solely to the State and entirely for housing related projects;
- (2) Remove the authorization for counties or issuers to request additional allocations of the state bond ceiling;
- (3) Require counties or issuers that retain their allocation to submit quarterly reports on the status or use of any allocation;
- (4) Require a project to first apply to the county in which the project is located, if the county has a private activity bond issuance program, before applying to the State for the state allocation; and
- (5) Change the dates for reverted or remaining allocations and require certain reverted or remaining allocations to be used for housing related projects.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and Catholic Charities Hawai'i. Your Committee received testimony in opposition to this measure from one member of the Maui County Council and Department of Planning and Permitting of the City and County of Honolulu. Your Committee received comments on this measure from the Department of the Attorney General and Department of Budget and Finance.

Your Committee finds that state law specifies the annual state ceiling of private activity bonds allocated for each calendar year, with fifty percent allocated to the State and the other fifty percent allocated among the counties. According to testimony from the Hawaii Housing Finance and Development Corporation (Corporation), the majority of rental housing projects in the State are financed by the Low-Income Housing Tax Credit Program. The Corporation, which is the only agency authorized to issue Low-Income Housing Tax Credits in the State, awards these tax credits to developers to facilitate the construction and rehabilitation of affordable rentals. However, the Low-Income Housing Tax Credit must be used in conjunction with tax-exempt private activity bonds pursuant to the Internal Revenue Code.

Your Committee notes that while there has been increased demand and interest in the Corporation's financing program as a means to develop affordable housing, there is currently no specific state ceiling allocation to support these developments. It is also your Committee's understanding that the Corporation is only able to receive the bond cap after the State and each county determine there is unused bond cap at the end of the year or the beginning of the following year. This measure establishes a different formula for allocating the state bond ceiling and is critical in order to continue financing the production of affordable rental housing projects in the State.

Your Committee has amended this measure by:

- (1) Allocating the entire allocation of the state bond ceiling to the Hawaii Housing Finance and Development Corporation (Corporation), rather than to the State, to be used for housing related projects;
- (2) Requiring the Corporation, in consultation with the respective counties, to allocate specified percentage amounts for housing related projects in each county;
- (3) Authorizing the Corporation to accumulate each county's annual allocation before assigning the allocation, pursuant to the discretion of the Corporation's Board of Directors;
- (4) Authorizing the Corporation rather than the Department of Budget and Finance, with the approval of the Governor, to assign and reassign the Corporation's allocation to the counties;
- (5) Removing a county's ability to request additional allocations or assign any part of its allocation for a specified calendar year;
- (6) Deleting language that required counties or issuers to submit quarterly reports;
- (7) Deleting language that required projects to first apply to the county where the project was located in certain situations;

- (8) Deleting language that required the State to use reverted allocations for housing related projects and specified conditions for allocations that were carried forward;
- (9) Clarifying that this measure does not affect allocations of the annual state bond ceiling that were authorized but not issued for any project before July 1, 2022;
- (10) Changing the sunset date of this measure to December 31, 2028; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1829, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1829, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Aquino, Takumi, McDermott).

#### **SCRep. 557-22 Housing on H.B. No. 1478**

The purpose of this measure is to require sellers of buildings or structures occupied in whole or in part for residential purposes to equip the buildings or structures, upon the sale or transfer of the building or structure, with approved smoke alarms in accordance with existing state or county building or residential codes.

Your Committee received testimony in support of this measure from the State Fire Council, Maui Fire Department, Honolulu Fire Department, and Building Industry Association of Hawaii. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS.

Your Committee finds that smoke alarms, when properly installed and maintained, play a vital role in reducing fire deaths and injuries. According to the State Fire Council, the currently adopted building code requires new or renovated homes to have smoke alarms in and outside of every bedroom and on every level. Your Committee finds that this measure supports essential early detection of a fire in residential buildings or structures.

Upon consideration, your Committee has amended this measure by:

- (1) Requiring property owners of residential real property to disclose, as part of the mandatory seller disclosures in real estate transactions, whether an installed smoke alarm is in accordance with existing building or residential codes, rather than requiring sellers to equip a building or structure with an approved smoke alarm upon a sale or transfer;
- (2) Requiring the State Fire Council to create and maintain an informational guide on approved smoke alarms that are in accordance with existing building or residential codes and post the guide on the State Fire Council's and county fire departments' websites;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1478, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1478, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 558-22 Housing on H.B. No. 2442**

The purpose of this measure is to update the cost valuations of work on certain privately-owned or privately-controlled buildings, dwellings, or structures for the work to qualify for an exemption from the requirement that plans and specifications for construction projects be prepared by a licensed engineer or architect.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

Your Committee finds that making a house accessible, renovating a bathroom, modernizing a kitchen, or other simple renovation projects require a licensed professional engineer or architect to prepare plans for the renovation based on certain cost valuations. The exemption from this requirement is set in statute and based on cost valuations originally established in 1979. Your Committee further finds that these outdated cost valuations have unnecessarily added to the costs of simple home renovations. An update to the cost valuations used to qualify for this exemption is therefore necessary.

Your Committee has amended this measure by:

- (1) Reducing the estimated cost valuation figures by fifty percent; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2442, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2442, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Aquino, Takumi, McDermott).

#### **SCRep. 559-22 Economic Development on H.B. No. 2466**

The purpose of this measure is to exempt the gross proceeds or income received from the sale of any product resulting from the cultivation and production of unprocessed taro in the State from the general excise tax.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Farm Bureau, Food+ Policy Internship, Hawai'i Alliance for Progressive Action, and eight individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Department of the Attorney General, and Tax Foundation of Hawaii.

Your Committee finds that the high costs of farming is a significant barrier to the expansion of taro production. Your Committee further finds that the traditional practice of taro farming is part of Hawaii's cultural identity and plays a significant role in local food security, as taro is one of the highest yielding

staple starch food crops produced in the State. This measure reduces the tax burden and creates strong economic incentives for new taro farmers and improves the livelihoods of existing taro farmers, while also reducing the cost of taro products for local consumption.

Your Committee has amended this measure by:

- (1) Changing the effective date to October 18, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2466, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2466, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 560-22 Economic Development on H.B. No. 1983**

The purpose of this measure is to:

- (1) Establish the State Film Coordinator position in the Department of Business, Economic Development, and Tourism to review, approve, and issue permits to film in the State; and
- (2) Appropriate funds for the establishment of the State Film Coordinator position.

Your Committee received comments on this measure from the Department of Budget and Finance; Department of Business, Economic Development, and Tourism; and one individual.

Your Committee finds that the film industry in the State is an active revenue generator that brings in millions of dollars into the State each year. Your Committee believes that establishing a position to act as a liaison between state agencies and the film industry can help attract more film productions to the State, thereby increasing revenues and creating more jobs for residents.

Your Committee has amended this measure by:

- (1) Changing the name of the State Film Coordinator position to the State Film Liaison and clarifying that the position is established within the Creative Industries Division of the Department of Business, Economic Development, and Tourism;
- (2) Clarifying that the duties of the State Film Liaison are to plan, develop, and execute a statewide film industry development strategy for purposes of establishing a collaborative film industry development program;
- (3) Deleting language that would have transferred the consolidated film permitting processing authority from the Department of Business, Economic Development, and Tourism to the State Film Coordinator; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1983, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1983, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 561-22 Economic Development on H.B. No. 2228**

The purpose of this measure is to establish the motion picture, digital media, and film infrastructure tax credit.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; University of Hawai'i System; Screen Actors Guild – American Federation of Television and Radio Artists; International Alliance of Theatrical Stage Employees, Moving Picture Technicians, Artists and Allied Crafts of the United States, Its Territories and Canada, AFL-CIO, CLC Local 665; Blacksand Capital; Island Film Group; Manhattan Beach Studio Group; Rideback; Kapolei Chamber of Commerce; and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that the State's successful diversification of the economy through the film production industry is currently constrained by the severe lack of physical infrastructure. Your Committee further finds that the Hawaii Film Studio is the only stage complex in the entire State, which can only accommodate one television production at a time and is not fit for any large films. This measure is intended to incentivize the establishment of necessary film related infrastructure to attract more productions to the State, thereby generating more revenue and creating more jobs for residents.

Your Committee notes the testimony of the Department of Taxation before your Committee, expressing strong concerns regarding language in this measure that would allow a taxpayer to set up an empty shell entity with no assets and make a fraudulent misrepresentation with impunity, as the only recourse of the Department under this provision as written would be to pursue an empty shell with no assets.

Accordingly, your Committee has amended this measure by:

- (1) Changing the amount a taxpayer has to invest in a qualified film infrastructure project to qualify for the tax credit to an unspecified amount;
- (2) Changing the amount of the tax credit to an unspecified percentage of the eligible infrastructure costs made by a taxpayer;
- (3) Deleting language that would have limited the remedial powers of the Department of Taxation and Director of Taxation to only seek collection of the amount of the tax credits from the taxpayer that committed fraud or misrepresentation;
- (4) Changing the total amount of the tax credit allowed in any year to an unspecified amount;
- (5) Changing the effective date to October 18, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2228, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2228, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, 1 (D. Kobayashi). Excused, none.

#### **SCRep. 562-22 Economic Development on H.B. No. 1982**

The purpose of this measure is to:

- (1) Require taxpayers claiming the motion picture, digital media, and film production tax credit to withhold payments to loan-out companies;
- (2) Prohibit the defense of erroneous claim for a refund or credit if the claim was generated by a tax credit and set the penalty for such case to ten percent;
- (3) Require a taxpayer claiming the film tax credit to submit a sworn statement and verification review only if qualified production costs exceed \$1,000,000;
- (4) Require the report by the Department of Business, Economic Development, and Tourism to include the dollar amount claimed, name of the company, and name of the qualified production of the taxpayers claiming the film tax credit;
- (5) Require taxpayers for each qualified production to withhold a certain amount and remit that amount to the Department of Taxation; and
- (6) Amend the uses of the Tax Administration Special Fund.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Rideback; and Motion Picture Association - America, Inc. Your Committee received comments on this measure from the Department of Taxation; Department of Business, Economic Development, and Tourism; Tax Foundation of Hawaii; and one individual.

Your Committee finds that the motion picture, digital media, and film production income tax credit (film tax credit) attracts film productions to Hawaii from all over the world. The film tax credit has brought hundreds of millions of dollars in revenue for the State and created thousands of jobs. The Department of Business, Economic Development, and Tourism reported that in 2021, the film industry brought \$432,000,000 in direct expenditures and created nearly 4,500 jobs in the State. However, your Committee believes that the tax structure of the film tax credit needs to be updated to ensure that the State receives its fair share of tax revenue.

Your Committee has heard the concerns raised in testimony by the Department of Taxation regarding some aspects of this measure that need further clarification. Your Committee concludes that amendments to this measure are necessary to address these concerns.

Accordingly, your Committee has amended this measure by:

- (1) Specifying that every person making payment to a loan-out company and claiming the film tax credit shall deduct and withhold ten percent of all payments made to a loan-out company for services performed in the State;
- (2) Requiring a person making a payment to a loan-out company to file a return with the Department of Taxation no later than thirty calendar days from when the payment was made to the loan-out company;
- (3) Requiring the Department of Taxation to prescribe forms and procedures necessary to administer the withholdings required by this measure;
- (4) Requiring all taxes withheld to be held in trust by the person withholding for the State;
- (5) Clarifying that a person who fails to properly withhold or remit taxes shall be liable for the failure as provided under existing law;
- (6) Authorizing the Director of Taxation to process and impose fees for qualified production applications for the film tax credit and deposit these fees in the Tax Administration Special Fund;
- (7) Deleting language that would have exempted qualified productions with qualified production costs that exceed \$1,000,000 from the requirements to submit a written statement and verification review;
- (8) Clarifying that the person who makes the payment to the loan-out company, rather than each qualified production, shall withhold an amount equal to 4.5 percent of qualified production costs, rather than withholding the general excise tax rate on manufacturing or producing;
- (9) Authorizing the Department of Taxation to establish four full-time equivalent tax auditor positions to examine claims for the film tax credit and other tax expenditures; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1982, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1982, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 563-22 Economic Development on H.B. No. 2470**

The purpose of this measure is to:

- (1) Establish the Director of Business, Economic Development, and Tourism, or the Director's designee, as an ex-officio, voting member of the Hawaii Tourism Authority, Stadium Authority, and School Facilities;
- (2) Transfer the Stadium Authority and School Facilities Authority from the Department of Accounting and General Services and Department of Education, respectively, to the Department of Business, Economic Development, and Tourism;
- (3) Repeal the Stadium Development Special Fund's exemption from the departmental administrative expenses assessment; and
- (4) Increase the amount of general obligation bonds issued for the Stadium Development District.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and University of Hawai'i System. Your Committee received comments on this measure from the Department of Education, Department of Accounting and General Services, Stadium Authority, Hawai'i Tourism Authority, and School Facilities Authority.

Your Committee finds that the effective and efficient development and redevelopment of state lands is an important priority. However, your Committee further finds that expertise with land development is currently spread across various state departments and agencies, which causes discrepancies in the State's plan to efficiently utilize state lands for Hawaii residents. Your Committee notes that the Stadium Authority and School Facilities Authority, both responsible for the development of certain state lands, are currently in the Department of Accounting and General Services and Department of Education, respectively.

Your Committee believes that centralizing the State's land development functions within a single department will better ensure that all state lands are being properly utilized.

Your Committee has amended this measure by:

- (1) Amending the composition of the Stadium Authority by:
  - (A) Increasing the number of members from eleven to thirteen;
  - (B) Specifying that two of the ten appointed members shall represent and be residents of Aiea and west Honolulu, respectively; and
  - (C) Specifying that the Director of the Department of Business, Economic Development, and Tourism; President of the University of Hawaii; and Superintendent of Education, or their designees, shall be ex-officio, non-voting members;
- (2) Changing the effective date to October 18, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2470, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2470, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 564-22 Government Reform on H.B. No. 1426**

The purpose of this measure is to:

- (1) Clarify that a person waives the right to a contested case hearing if the person fails to request a contested case hearing within twenty days of receipt of the Campaign Spending Commission's preliminary determination; and
- (2) Allow the Campaign Spending Commission to have an order confirmed as non-appealable judgment by the First Circuit Court, giving the order the same force and effect as any other judgment issued by the circuit courts.

Your Committee received testimony in support of this measure from the Campaign Spending Commission. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from Common Cause Hawaii.

Your Committee finds that the proposed amendments in this measure will expedite the administrative process to confirm the Campaign Spending Commission's orders as judgments in the First Circuit Court.

Your Committee notes that there may be instances where a person may not receive proper notification of the preliminary determination of the Campaign Spending Commission and be unable to respond within twenty days to contest such determination and request a contested hearing. Because of this delay, a contested hearing for the preliminary determination may not take place and due process will not be afforded to the person receiving the preliminary determination through the judicial system by way of review. Your Committee respectfully requests your Committee on Judiciary & Hawaiian Affairs, should it choose to deliberate on this measure, to examine this issue.

Your Committee has amended this measure by changing its effective date to July 1, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1426, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1426, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 565-22 Government Reform on H.B. No. 1880**

The purpose of this measure is to require a person to file a statement of information with the Campaign Spending Commission within twenty-four hours of every expenditure for an electioneering communication.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Campaign Spending Commission and Common Cause Hawaii.

Your Committee finds that eliminating the spending threshold that would trigger the requirement that a person file a statement of information with the Campaign Spending Commission for an electioneering communication further increases transparency and accountability in the elections process.

Your Committee has amended this measure by changing its effective date to July 1, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1880, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1880, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 566-22 Government Reform on H.B. No. 1897**

The purpose of this measure is to strengthen the State's Sunshine Law by:

- (1) Requiring all boards subject to the Sunshine Law to livestream meetings and archive and make the recordings of meetings available online;
- (2) Requiring a board to identify each item on its meeting agenda as an item for action or an item for discussion and allow for oral testimony after each agenda item;
- (3) Amending the deadlines and other requirements for the posting or availability of board meeting minutes and packets; and
- (4) Requiring board meeting minutes and packets to be posted online.

Your Committee received testimony in support of this measure from the Civil Beat Law Center for the Public Interest, Common Cause Hawaii, and four individuals. Your Committee received testimony in opposition to this measure from the Hawaii Paroling Authority, Office of Information Practices, and one individual. Your Committee received comments on this measure from the Hawaii Tourism Authority, Office of Planning and Sustainable Development, National Federation of the Blind of Hawaii, and one individual.

Your Committee finds that the people hold the ultimate decision-making power in a representative democracy, which can only be accomplished when governmental agencies, boards and commissions, and county councils allow for meaningful public input and collaborate with the public on policymaking and governance. Your Committee further finds that a robust sunshine law is necessary to opening up governmental processes to public scrutiny and participation to achieve the ideals of a representative democracy. This measure will strengthen the Sunshine Law to provide the public with additional oversight of governmental agencies, boards and commissions, and county councils.

Your Committee notes that given the existence of cloud platform technology and other similar technologies that can be used to archive recordings of livestreamed meetings, the capacity and processing of recordings should not be an issue in archiving the recorded meetings.

Your Committee has amended this measure by changing its effective date to July 1, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1897, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1897, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ward).

#### **SCRep. 567-22 Government Reform on H.B. No. 2007**

The purpose of this measure is to amend the cash or protest bond amount for parties initiating administrative proceedings for review of certain protest decisions.

Your Committee received testimony in opposition to this measure from the Department of Transportation and Airlines Committee of Hawaii. Your Committee received comments on this measure from the State Procurement Office and General Contractors Association of Hawaii.

Your Committee finds that the ability to challenge an improperly awarded bid for a contract is an important tool to ensure fairness in the procurement process. However, your Committee believes further scrutiny is needed to determine an appropriate cash or protest bond amount to protest decisions that deters frivolous appeals without deterring legitimate bid protests.

Your Committee has accordingly amended this measure by:

- (1) Changing the cash or protest bond amounts to unspecified amounts; and
- (2) Changing its effective date to July 1, 2112, to encourage further discussion.

Your Committee finds that some protest cap amount is worthy of consideration so that very large and expansive projects with great impact can still be challenged for legitimate means without creating a cost barrier towards contesting them. Your Committee further finds that, according to the agencies and businesses who testified on this measure, there may be a need for some type of a cap to help deter purely frivolous protests as a matter of business practice, which occurs mostly on lower priced contracts. Your Committee respectfully requests your Committee on Consumer Protection & Commerce, should it choose to deliberate on this measure, to consider these issues and what the appropriate cash or protest bond amount should be.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2007, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2007, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 568-22 Government Reform on H.B. No. 2416**

The purpose of this measure is to:

- (1) Authorize persons to establish a separate campaign-related account to make disbursements for electioneering communications, independent expenditures, or contributions;
- (2) Prohibit a person with a separate campaign related account from making disbursements for electioneering communications, independent expenditures, or contributions from any source other than that account;
- (3) Require the disclosure of the name and address of donors who donate an aggregate of more than \$100 during an election period to a noncandidate committee, with certain exceptions; and
- (4) Require persons who make an expenditure for electioneering communications in an aggregate amount of more than \$1,000 to include in the statement of information filed with the Campaign Spending Commission the name and address of the top five donors based on the last in, first out accounting method.

Your Committee received testimony in opposition to this measure from the Sierra Club of Hawai'i.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed H.D. 1, which amends this measure by limiting its applicability to nonprofit corporations and:

- (1) Deleting language authorizing persons to establish and use a separate campaign-related account;
- (2) Clarifying the definitions of "last in, first out" and "disclosure date";
- (3) Inserting a definition for "nonprofit organization";
- (4) Specifying when nonprofit organizations do not have to include the names and addresses of certain donors in the noncandidate committee report and late contribution report; and
- (5) Requiring a statement of information filed by a nonprofit organization for electioneering communications expenditures to include the name and address of the top three donors, rather than top five donors.

Your Committee received testimony in opposition to the proposed H.D. 1 from the Sierra Club of Hawai'i. Your Committee received comments on the proposed H.D. 1 from the Campaign Spending Commission and Common Cause Hawaii.

Your Committee finds that dark money campaign spending occurs when an organization, such as a section 501(c)(4) nonprofit organization, raises funds through donations, then uses the donations on campaign expenditures without disclosing the identity of the donors in an attempt to influence elections. Your Committee further finds that the State's existing campaign finance laws fail to reveal the true source of dark money campaign spending. Your Committee believes the proposed H.D. 1 will enhance existing campaign spending disclosure requirements to ensure that the true source of campaign spending is disclosed to the electorate.

Your Committee notes that the proposed H.D. 1 is intended to only apply to nonprofit organizations that meet the existing requirements under law for noncandidate committees. Your Committee believes there is a compelling state interest in monitoring these nonprofit organizations to ensure they are not improperly using funds to influence the political process. With that in mind your Committee further notes that the proposed H.D. 1 will not apply to nonprofit organizations that do not engage in campaign-related activities and are not required to register with the Campaign Spending Commission as a noncandidate committee.

Your Committee has further amended the proposed H.D. 1 by:

- (1) Inserting an effective date of July 1, 2112, the proposed H.D. 1 to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments to the proposed H.D. 1 for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2416, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2416, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 569-22 Government Reform on H.B. No. 2504**

The purpose of this measure is to require all state departments and agencies to report the names of entities awarded a contract and the criteria used to select the awardee to the Legislature no later than thirty days before a contract is effectuated.

Your Committee received testimony in opposition to this measure from the Department of Accounting and General Services and State Procurement Office. Your Committee received comments on this measure from the Department of Human Services and Department of Transportation.

Your Committee finds that this measure will increase transparency and accountability in government contracting by providing the Legislature with details on how state contracts are awarded to an entity in a timely manner.

Your Committee has amended this measure by:

- (1) Clarifying that all departments and agencies shall report the names of entities awarded a contract with a total contract value of an unspecified amount to the Legislature; and
- (2) Changing its effective date to July 1, 2112, to encourage further discussion.

While your Committee appreciates the real world fact that to make every state contract applicable to the law proposed by this measure would be unwieldy in execution, your Committee still finds that notification of large scale contracts that have a profound impact should be given to the Legislature at least thirty days before the contract takes effect, to provide greater oversight into these large, expansive contracts.

Should your Committee on Consumer Protection & Commerce choose to deliberate on this measure further, your Committee respectfully requests that it consider \$1,000,000 as the contract value threshold that would trigger a state department or agency to report to the Legislature.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2504, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2504, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 570-22 Government Reform on H.B. No. 2474**

The purpose of this measure is to:

- (1) Allow the Campaign Spending Commission to refer a complaint to the Attorney General or county prosecutor for prosecution, in addition to any administrative determination, without the requirement that the Commission believes the respondent has recklessly, knowingly, or intentionally committed a violation;
- (2) Disqualify a person convicted of violating campaign finance criminal prosecution laws from holding elective public office for ten years, rather than four years; and
- (3) Repeal language stipulating that campaign finance criminal prosecution laws do not apply to any person who has paid or agrees to pay fines related to report filing violations and advertisement violations prior to the commencement of the proceedings.

Your Committee received testimony in support of this measure from the Campaign Spending Commission. Your Committee received comments on this measure from Common Cause Hawaii.

Your Committee finds that increasing the disqualification period for a person from holding public elective office if the persons is convicted of a criminal campaign finance violation will deter criminal violations of campaign finance laws. Your Committee further finds that the payment of civil fines for report filing violations and advertisement violations do not foreclose criminal prosecutions of campaign finance law violations, thereby further deterring criminal violations of campaign finance laws.

Your Committee further finds that under existing law, the Campaign Spending Commission is required to either make an administrative determination of a campaign finance violation or refer the complaint for prosecution and wait to commence civil adjudication of the matter until the prosecutor has declined prosecution. Your Committee further finds that this process can result in violation complaints being unresolved for long periods of time.

Your Committee has amended this measure by changing its effective date to July 1, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2474, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2474, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

#### **SCRep. 571-22 Government Reform on H.B. No. 1427**

The purpose of this measure is to:

- (1) Exempt candidates who are either unsuccessful or elected to office in a primary election from the requirement to file preliminary general reports for the following general election; and
- (2) Clarify the aggregate contribution and expenditure amounts that trigger the requirement for a candidate or noncandidate committee to file only the final election period report.

Your Committee received testimony in support of this measure from the Campaign Spending Commission.

Your Committee finds that reporting requirements under campaign finance laws are important to maintain transparency and fairness in elections. However, candidates who are either unsuccessful or who have been elected to office in a primary election will not appear on the ballot in the general election. Therefore, your Committee finds that filing these preliminary reports between the primary and general elections is unnecessary.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1427 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Mizuno).

#### **SCRep. 572-22 Higher Education & Technology on H.B. No. 1711**

The purpose of this measure is to appropriate funds to the College of Tropical Agriculture and Human Resources (CTAHR) at the University of Hawai'i at Mānoa to establish three full-time equivalent (3.0 FTE) positions at the Kauai Research and Extension Station, including one livestock extension agent.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Department of Agriculture; Office of Economic Development of the County of Kauai; Hawai'i Farm Bureau; Ulupono Initiative; Land Use Research Foundation of Hawaii; Ponoholo Ranch Limited; Hawaii Cattlemen's Council, Inc.; Hawaii Crop Improvement Association; Hawaii Floriculture and Nursery Association; and three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that CTAHR provides important resources for Hawaii's farmers and ranchers. Your Committee further finds that CTAHR has the ability and expertise to conduct academic research and work with producers to ensure that the research matches the needs on the ground. Moreover, CTAHR extension agents conduct livestock workshops, give presentations, and collect data for the industry.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that should your Committee on Finance deliberate on this measure, that it consider appropriating \$300,000 to CTAHR.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1711, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1711, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 3 (Gates, Ohno, Yamane).

#### **SCRep. 573-22 Higher Education & Technology on H.B. No. 1717**

The purpose of this measure is to appropriate funds to the College of Tropical Agriculture and Human Resources at the University of Hawai'i at Mānoa, to work in collaboration with a University of Hawai'i community college, to establish the foreign agriculture small equipment pilot program to:

- (1) Identify and purchase foreign agricultural technology, including but not limited to small equipment tractors and retrofit engines that will benefit the State's farmers and ranchers and comply with the United States Environmental Protection Agency's emission standards;
- (2) Establish contact with manufacturers of small equipment in Japan and other countries;
- (3) Work with the United States Environmental Protection Agency to identify Environmental Protection Agency standards and compliance requirements for small foreign agricultural equipment;
- (4) Collaborate with agricultural professionals from foreign countries on management practices;
- (5) Bring harvesting, weed management, and field preparation machinery into the State for evaluation;
- (6) Conduct on-farm trials to evaluate the efficacy and applicability to multiple growing systems, such as wetland conventional, organic, and forage crops, statewide; and
- (7) Conduct education and training workshops statewide to update agriculture producers on available technology.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau; Ulupono Initiative; Ponoholo Ranch Limited; Hawaii Cattlemen's Council, Inc.; Hawaii Crop Improvement Association; Hawaii Floriculture and Nursery Association; and three individuals. Your Committee received comments on this measure from the University of Hawai'i System, Department of Agriculture, and Department of Budget and Finance.

Your Committee finds that diversified agriculture in Hawaii could benefit from a small equipment pilot program that would be appropriate for the smaller sizes and unique terrain characteristics of many farms in the State.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee requests that if your Committee on Finance chooses to hear this measure, that the University of Hawai'i System provide a recommended appropriation amount for your Committee on Finance to consider.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1717, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1717, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (Yamane).

**SCRep. 574-22 Higher Education & Technology on H.B. No. 1844**

The purpose of this measure is to support a coordinated framework for agriculture education by appropriating funds for one full-time equivalent (1.0 FTE) Agriculture Education Coordinator position at the College of Tropical Agriculture and Human Resources at the University of Hawai'i at Mānoa.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Department of Agriculture; one member of the Hawai'i County Council; Hawai'i Farm Bureau; Hawai'i Cattlemen's Council, Inc.; Local Food Coalition; Hawai'i Farm to School Hui; Hawai'i Youth Food Council; Center for Getting Things Started; Mala'ai; Food + Policy Internship 2022; Hawaii FFA State Association; National FFA Organization; Hawai'i Alliance for Progressive Action; Ka Ohana O Na Pua; Grow Some Good; and ten individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that training the next generation of farmers in Hawaii is of vital importance. Agriculture education can spark awareness of and interest in a career in the evolving diversified agriculture industry in the State. This measure will support agriculture education in the State.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1844, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1844, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

**SCRep. 575-22 Higher Education & Technology on H.B. No. 2305**

The purpose of this measure is to appropriate funds to the University of Hawai'i for the College of Tropical Agriculture and Human Resources to study diseases affecting the production of ornamental ginger on Oahu and the Neighbor Islands.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Hawai'i Farm Bureau Federation, Hawaii Floriculture and Nursery Association, Hawai'i Farm Bureau, Land Use Research Foundation of Hawaii, Hawaii Crop Improvement Association, East O'ahu County Farm Bureau, Ponoholo Ranch Limited, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that ornamental ginger is a popular plant that is commonly used in tropical landscape designs; however, the commercial production of ornamental ginger has been declining for over a decade on Oahu. Your Committee further finds that red ginger growers in Windward Oahu have recently experienced a further drop in their ornamental red ginger plant production due to a variety of unknown viruses and fungi.

Producers in the affected areas are excavating their lands because they can no longer economically produce ornamental ginger in these areas. Neighboring farmers and off-island customers are concerned about the spread of pathogens. Reports of crop decline that originally started in the Kahaluu area of Oahu have spread to surrounding areas such as Waiahole and Waikane Valley.

Your Committee finds that this measure would help fund more research and prevention protocols through a multi-agency outreach approach to stop these pathogens from spreading further and affecting the profitability and long-term sustainability of the local ornamental and landscape production industries.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2305, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2305, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

**SCRep. 576-22 Higher Education & Technology on H.B. No. 2302**

The purpose of this measure is to appropriate monies to the University of Hawai'i for the continued operation and disaster preparedness outreach efforts of the University of Hawai'i Sea Grant College Program.

Your Committee received testimony in support of this measure from the University of Hawai'i Sea Grant College Program, Hawai'i Emergency Management Agency, Be Ready Manoa, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the University of Hawai'i College Sea Grant Program has been and continues to be an important partner with the Hawaii Emergency Management Agency in preparing disaster-readiness materials for the people of Hawaii. Past projects include the "Homeowner's Handbook to Prepare for Natural Disasters", which was partially funded by grants administered by the Hawaii Emergency Management Agency, as well as other emergency preparedness public outreach efforts. Your Committee further finds that these continued education measures to help Hawaii residents to prepare for, mitigate against, and recover from disasters are vital to the safety and resiliency of the State.

Your Committee respectfully requests that should your Committee on Finance choose to hear this measure, it consider making an appropriation of \$200,000 per year, which was the amount recommended by the University of Hawai'i Sea Grant College Program.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2302, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

**SCRep. 577-22 Higher Education & Technology on H.B. No. 2118**

The purpose of this measure is to:

- (1) Codify the existing Hawaii State Cybersecurity Program, administered by the Office of Homeland Security in partnership with specified entities, to oversee cybersecurity and cyber resiliency matters;
- (2) Define the scope and objectives of the cybersecurity program to meet present and anticipated cybersecurity threats; and
- (3) Eliminate the Cybersecurity, Economic, Education, and Infrastructure Security Coordinator position.

Your Committee received testimony in support of this measure from the state Department of Defense and Hawaii Office of Homeland Security.

Your Committee finds that this measure provides a comprehensive programmatic approach to strengthening state and county cyber security to address present and future threats to public and private critical infrastructure.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2118, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

#### **SCRep. 578-22 Higher Education & Technology on H.B. No. 426**

The purpose of this measure is to require the University of Hawai'i System, including its community colleges, to waive tuition for the dependent children of disabled veterans; active members of the armed forces or members of the National Guard members who were killed in action; or Purple Heart medal recipients, alive or deceased, awarded in 2001 or later, subject to certain requirements.

Your Committee received testimony in support of this measure from the State Office of Veterans Services, Hawaii Military Affairs Council, and five individuals. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that this measure seeks to offset some of the financial and personal hardships that may be experienced by a dependent child of a service member who was disabled, killed in action, or awarded a Purple Heart medal. Your Committee firmly believes that these hardships should not deprive a child from pursuing a post-secondary education if the child so chooses. Your Committee further finds that the tuition waiver recognizes the sacrifice of the service member and honors the member's service to our nation.

Your Committee notes that although the University of Hawai'i testified that certain federal scholarships and programs are available to the children or spouses of deceased members of the armed forces, this measure broadens eligibility by including the children of service members who may have been wounded in action or who are totally and permanently disabled because of their military service.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 426, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, none.

#### **SCRep. 579-22 Higher Education & Technology on H.B. No. 2054**

The purpose of this measure is to re-establish and appropriate funds for a two-year Hawaii Office of Naval Research Grant Program.

Your Committee received testimony in support of this measure from the Hawai'i State Energy Office; Hawai'i Technology Development Corporation; Oceanit; Hawai'i Gas; Makai Ocean Engineering, Inc.; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Hawaii Office of Naval Research Grant Program was established in 2015 to provide matching grants to further strengthen and support Hawaii's local companies that are conducting renewable energy research and development through existing contracts with the United States Department of Defense Office of Naval Research. However, the program was only funded for two years. This measure would re-establish the program, which your Committee believes effectively leverages capital and contributes to economic development that benefits Hawaii.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2054, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Kapela). Noes, none. Excused, none.

#### **SCRep. 580-22 Water & Land on H.B. No. 2417**

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to review the final report of the House of Representatives' investigative committee established under House Resolution No. 164, Regular Session of 2021, for the purpose of developing proposed legislation; and
- (2) Appropriate funds for the Department to implement the report's recommendations.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received comments on this measure from the Department of Budget and Finance and one individual.

Your Committee finds that the Department of Land and Natural Resources testified that it has reviewed the final report, generally agrees with its recommendations, and is working to implement the report's recommendations.

Your Committee has amended this measure by:

- (1) Adding a requirement for the Department of Land and Natural Resources to conduct a policy analysis considering the State's land lease policy;
- (2) Amending a specification of the proposed legislation regarding reversionary interest and the value of improvements;
- (3) Adding exploration of the potential for using a Request for Interest process as a prior condition of all lease dispositions (e.g., auctions, extensions, or direct negotiations) as one of the issues to be addressed by the proposed legislation;
- (4) Expanding the scope of the appropriation to include conducting the policy analysis;
- (5) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2417, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2417, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Kong, Ohno, McDermott).

#### **SCRep. 581-22 Water & Land on H.B. No. 1872**

The purpose of this measure is to require the Department of Land and Natural Resources to recognize that:

- (1) Game mammals and game birds provide a food source and play a role in native Hawaiian traditional and customary practices;
- (2) Striking an appropriate balance between the management of game mammal and game bird populations and sustainability of their natural habitats to reduce negative impacts to important watershed areas is a priority; and
- (3) The State's unique relationship with the ocean requires careful consideration and management of land and ocean activities that prioritize the public trust responsibilities of the State.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of the Mayor of the County of Hawai'i, Hawai'i Forest Industry Association, Hawaii Sportsmen's Alliance, National Wild Turkey Federation, Hawaii Firearms Coalition, DC Project Hawaii, and numerous individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that this measure supports the State's efforts to achieve an appropriate balance between the management of game populations and the sustainability of their natural habitats to reduce the adverse effects to important watershed areas, while also recognizing Hawaii's public trust responsibilities to its land and ocean.

Your Committee has amended this measure by:

- (1) Clarifying that game mammals and game birds can provide a sustainable food source that merit high-quality habitats with sufficient food, water, and refuge to support viable populations sufficient for hunting; provided that adverse effects to the environment are sufficiently minimized or offset through native ecosystem protections;
- (2) Clarifying that proper management of game populations in appropriate areas minimizes their impacts and provides benefits but that hunting of introduced, non-native game species may not fall within the scope of traditional and customary Native Hawaiian practices as set forth in the Hawaii State Constitution;
- (3) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1872, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1872, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Kong, Ohno, McDermott).

#### **SCRep. 582-22 Water & Land on H.B. No. 1827**

The purpose of this measure is to establish the Pulehunui Community Development District on the island of Maui.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and Hawaii Community Development Authority. Your Committee received testimony in opposition to this measure from the League of Women Voters of Hawaii. Your Committee received comments on this measure from the Department of the Attorney General, Department of Land and Natural Resources, and Department of Budget and Finance.

Your Committee finds that public lands in Pulehunui, Maui, are underutilized and that redeveloping, renovating, or improving these public lands for suitable recreational, residential, educational, industrial, governmental, and commercial uses and opportunities is in the best interest of the State.

Your Committee has amended this measure by:

- (1) In order to avoid potential constitutional issues, deleting all amendments pertaining to changes in membership and reassignment of certain duties of the Hawaii Community Development Authority (Authority);
- (2) Establishing the Pulehunui Community Development District Board (Board) to manage the Pulehunui Community Development District, rather than the Authority;
- (3) Granting to the Board the powers granted to the Authority under chapter 206E, Hawaii Revised Statutes;
- (4) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1827, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1827, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Kong, Ohno, McDermott).

#### **SCRep. 583-22 Water & Land on H.B. No. 2006**

The purpose of this measure is to require, as a condition for an emergency permit for the installation of a sandbag, an attachment to the sandbag that contains certain identifying information.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that temporary sandbags have been authorized by the Board of Land and Natural Resources on a temporary emergency basis to address coastal erosion when there is an imminent threat to public health or safety. Your Committee further finds that many erosion control devices and

structures in the State were not built in compliance with their permit conditions. This measure will ensure that temporary sandbags are installed in compliance with the permit conditions by requiring that certain identifying information be attached to the sandbag, thereby confirming that a permit was acquired to install the sandbag and holding each permittee accountable for the type of device or structure installed.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2006, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2006, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 584-22 Water & Land on H.B. No. 2147**

The purpose of this measure is to reinstate the Department of Health's authority to permit federal municipal solid waste landfills.

Your Committee received testimony in support of this measure from the Department of Health and County of Hawai'i Department of Environmental Management.

Your Committee finds that the removal of the Department of Health's authority to permit federal municipal solid waste landfills not only removes regulatory oversight of the design, construction, and operation of federal municipal solid waste landfills, but also creates the loss of an approved municipal solid waste landfill permit program in accordance with federal regulations. The loss of a federal approved program would deny other municipal solid waste landfills in the State, which are currently all owned by the counties, the ability to design, operate, close, and monitor their landfills using alternative designs or methods to the federal standards that could be more suitable for local site conditions and more cost-effective.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2147, H.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 585-22 Water & Land on H.B. No. 2148**

The purpose of this measure is to:

- (1) Add, amend, and reorganize sections in chapter 342D, Hawaii Revised Statutes, to consolidate water quality certification requirements and include wetlands in the definition of "state waters";
- (2) Clarify the Director of Health's responsibility as a water quality certifying agency under federal regulations;
- (3) Increase the maximum statutory civil penalties in section 342D-30, Hawaii Revised Statutes, to match the amounts of federal penalties; and
- (4) Increase the penalty for denying, obstructing, or hampering the entry or inspection by authorized officers or employees of any building, place, or vehicle to match the penalty enacted in section 342B-47(d), Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee finds that the Department of Health protects state waters from surface water pollution through the issuance of permits, variances, and water quality certifications. This measure will provide a framework for the State's certification program to uphold Hawaii's water quality standards and further maintain a sufficient economic deterrence against violations of water pollution control laws.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2148, H.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 586-22 Water & Land on H.B. No. 2134**

The purpose of this measure is to require the counties to provide for the maintenance of infrastructure for any housing development for the Department of Hawaiian Home Lands within sixty days and under certain conditions.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands. Your Committee received comments on this measure from the Honolulu Board of Water Supply.

Your Committee finds that the counties are uniquely positioned to operate, improve, repair, and maintain infrastructure. Transferring the responsibility to the counties to maintain the infrastructure, under specified conditions, for any housing development of the Department of Hawaiian Home Lands will therefore enable the Department to use its resources to focus its efforts on attending to the maintenance and repairs of existing infrastructure under its authority and meet the needs of its beneficiaries.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2134, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 587-22 Consumer Protection & Commerce on H.B. No. 1884**

The purpose of this measure is to:

- (1) Prohibit any person whose driver's license has been administratively revoked or who has been convicted of offenses involving operating a vehicle under the influence of an intoxicant from being eligible for a driver's license without providing proof of compliance with the ignition interlock law; and
- (2) Prohibit a person from driving for two years if the person is convicted of operating a vehicle under the influence of an intoxicant and cannot have an ignition interlock device installed or is unable to drive during the revocation period.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, Smart Start LLC, Mothers Against Drunk Driving Hawaii, Casanova Powell Consulting, Traffic Injury Research Foundation, Responsibility.org, and one individual. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Judiciary and Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that an ignition interlock device prevents a driver from driving if a certain amount of alcohol is detected. Ignition interlock devices are the only technology available to physically prohibit an offender from driving with alcohol in the offender's system. These devices are effective in preventing persons from reoffending, in contrast to other technologies or programs that do not directly prevent an offender from operating the offender's vehicle.

Your Committee additionally finds that ensuring that offenders have complied with ignition interlock device requirements or extending the period during which the devices must be installed will protect the public from offenders that risk the health and safety of themselves and others while driving under the influence of an intoxicant. This measure ensures that offenders demonstrate that they are responsible before being provided with the full privilege of driving.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1884, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1884, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Har). Noes, none. Excused, none.

#### **SCRep. 588-22 Consumer Protection & Commerce on H.B. No. 2178**

The purpose of this measure is to:

- (1) Require laws that enact, modify, or extend the availability of a tax expenditure to contain specific information, revenue estimates, and analyses before becoming law; and
- (2) Authorize the disclosure of certain tax expenditure information.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Taxation; and Civil Beat Law Center for the Public Interest. Your Committee received comments on this measure from the Hawaii State Energy Office and Tax Foundation of Hawaii.

Your Committee finds that confidence in government is enhanced through decision-making processes that are fair and transparent. This is particularly true in the area of taxation, which can be complex and difficult to navigate for many taxpayers. Yet, taxation is an area that the government has consistently leveraged and utilized to advance certain social and economic policies, usually through the awarding of preferential tax benefits. While the intent of most tax benefits is obvious, some may not be. This measure will ensure that future enactments, modifications, or extensions of tax benefits will state the purposes and anticipated revenue impacts. This measure will also require the disclosure of the identities of persons that avail themselves of such benefits.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2178, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2178, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 589-22 Consumer Protection & Commerce on H.B. No. 1852**

The purpose of this measure is to appropriate funds to the Unemployment Compensation Trust Fund.

Your Committee received testimony in support of this measure from the Hawaii Food Industry Association. Your Committee received testimony in opposition to this measure from Unite Here! Local 5 Hawaii. Your Committee received comments on this measure from the Department of Labor and Industrial Relations, Department of Budget and Finance, and Parents And Children Together.

Your Committee finds that the coronavirus disease 2019 pandemic and the associated governmental responses to curtail the spread of the virus have significantly impacted the State's economy and created an unprecedented period of unemployment that rapidly depleted funds within the Unemployment Compensation Trust Fund.

Your Committee further finds that, while the Legislature temporarily froze the employer contribution rate at schedule D for calendar years 2021 and 2022 with the enactment of Act 1, Session Laws of Hawaii 2021, employers may face a significant increase in their employer contribution rate for 2023 and beyond without some intervention. It is estimated that for every \$100,000,000 added to the Trust Fund, the statutory schedule of employer taxes will likely drop one level in the following calendar year. This measure will infuse direly needed funds into the Trust Fund to reduce the employer contribution rate to be imposed on employers in the State for the ensuing calendar year.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1852, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 590-22 Consumer Protection & Commerce on H.B. No. 2158**

The purpose of this measure is to:

- (1) Allow the Director of Labor and Industrial Relations to permit owner-user inspectors in the exclusive employment of owner-user inspection organizations to perform inspections on pressure retaining items; and

- (2) Extend the time for the Director of Labor and Industrial Relations to reimburse the general fund from the Boiler and Elevator Revolving Fund from ten years to thirteen years.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Hawaiian Electric Company, and Par Hawaii.

Your Committee finds pressure retaining items retain pressure within a container that is substantially different from the outside pressure. Under existing law, the operation and use of these items are regulated by the Department of Labor and Industrial Relations and are required to be inspected in various circumstances.

Your Committee also finds that the National Board of Boiler and Pressure Vessel Inspectors permits an owner-user inspection organization to establish and maintain an inspection program as long as the organization and inspection program complies with certain requirements. This measure will align existing law with the practice of the National Board of Boiler and Pressure Vessel Inspectors to allow inspections of pressure retaining items by owner-user inspection organizations. This alignment will also augment the Department's ability to inspect and assure the safe operation and use of pressure retaining items in the State. Additionally, this measure will provide additional time for the Director of Labor and Industrial Relations to reimburse the general fund from the Boiler and Elevator Revolving Fund, thereby allowing more flexibility to fund boiler and elevator safety operations while maintaining a feasible repayment schedule.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2158, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 591-22 Consumer Protection & Commerce on H.B. No. 2159**

The purpose of this measure is to:

- (1) Require workforce development boards to develop written conflict of interest policies that are consistent with federal law;
- (2) Rename the Workforce Development Council as the Hawaii Workforce Development Board and adjust its composition; and
- (3) Clarify that the Director of Labor and Industrial Relations is to appoint and fix the compensation of the Hawaii Workforce Development Board's Executive Director.

Your Committee received comments on this measure from the Department of Labor and Industrial Relations and Workforce Development Council.

Your Committee finds that while the Legislature conformed the composition and duties of the Workforce Development Council with the new governance structure established by the federal Workforce Innovation and Opportunity Act through Act 57, Session Laws of Hawaii 2016, the conflict of interest provisions in the Workforce Innovation and Opportunity Act for state and local workforce development boards were not incorporated into state law. This measure will codify in state law the federal provisions governing conflicts of interest for members of state and local workforce development boards and the renaming of the Council.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2159, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 592-22 Consumer Protection & Commerce on H.B. No. 2515**

The purpose of this measure is to require the Department of Health to establish and operate a laboratory capable of testing for diseases, air and water quality issues, and other high complexity testing.

Your Committee received testimony in support of this measure from the Department of Health, Honolulu Board of Water Supply, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the existing state laboratory building is approximately twenty-seven years old. Due to its age, the central heating, ventilation, and air conditioning system is susceptible to periodic failure, which requires that laboratory tests cease until repairs are made.

Your Committee further finds that existing testing demand is substantially greater than the demand the existing state laboratory was envisioned and planned to serve. For example, tests of samples from drivers suspected of operating a vehicle under the influence of an intoxicant and tests of water samples to assure the water is safe for consumption were not considered in the design of the existing facility. Additionally, the scale and manner of infectious disease testing today is much different than what was considered in the design of the existing facility. This measure will ensure that the State is equipped with the facilities necessary to meet the State's existing and foreseeable future testing demands.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2515, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2515, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 593-22 Consumer Protection & Commerce on H.B. No. 2139**

The purpose of this measure is to regulate the process for application screening fees for dwellings made available for rent under the Residential Landlord-Tenant Code.

Your Committee received testimony in support of this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Hawaii State Council on Developmental Disabilities, and Partners In Care. Your Committee received testimony in opposition to this measure from the Hawai'i

Association of REALTORS. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Catholic Charities Hawai'i.

Your Committee finds that rental units serve a vital role in ensuring residents of the State have housing. However, under existing law, prospective tenants are not protected from and are susceptible to being assessed excessively large application fees. These application fees can range from \$50 to \$100, although the actual cost of performing any of the necessary background or credit checks on a prospective tenant range from \$10 to \$25. This measure will curb this unscrupulous practice by requiring unused application fees to be returned to applicants.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2139, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Kong). Noes, none. Excused, none.

#### **SCRep. 594-22 Consumer Protection & Commerce on H.B. No. 1908**

The purpose of this measure is to minimize bid challenges, costs, and delays of public works construction projects for two years by:

- (1) Allowing a bidder of a public works construction project to clarify and correct immaterial or technical issues with subcontractor listings for up to twenty-four hours after the bid submission deadline, in addition to certain time frames allowed by the State Procurement Policy Board;
- (2) Requiring that bids for construction be publicly opened no sooner than twenty-four hours after the bid submission deadline; and
- (3) Defining "immaterial or technical information".

Your Committee received testimony in support of this measure from the Subcontractors Association of Hawaii, General Contractors Association of Hawaii, and Building Industry Association Hawaii. Your Committee received testimony in opposition to this measure from the Department of Accounting and General Services; Department of Budget and Fiscal Services of the City and County of Honolulu; Painting Industry of Hawaii Labor Management Cooperation Trust Fund; Hawaii Tapers Market Recovery Trust Fund; Hawaii Glaziers, Architectural Metal, Glassworkers Local Union 1889 AFL-CIO Stabilization Trust Fund; and Carpet, Linoleum and Soft Tile Local Union 1926 Market Recovery Trust Fund. Your Committee received comments on this measure from the Department of Transportation, State Procurement Office, and Contractors License Board.

Your Committee finds that the existing requirement under the Hawaii Public Procurement Code that general contractors disclose the subcontractors they intend to use on a project, while serving its purpose, also has the unintended consequence of increasing the number and complexity of construction protests. The State Procurement Office's review of Hawaii procurement laws found that most protests allege technical issues stemming from the subcontractor listing requirement.

Your Committee further finds that issues with the subcontractor listing may be addressed by providing prime contractors with additional time to correct immaterial or technical issues with subcontractor listings. This adjustment would facilitate the Legislature's intent of ensuring that subcontractors are listed properly on the bid submittal and are licensed, while maintaining the integrity of the bid process. This measure seeks to make these adjustments to the bid process for a two-year period, which will allow the State Procurement Office an opportunity to evaluate its effectiveness.

Your Committee notes its appreciation for the discussions and deliberations between the stakeholders representing both general contractors and subcontractors to find an agreeable resolution to the disagreement over bid listing modifications being addressed in this measure, while maintaining the core purpose of the bid listing requirement. As this measure continues through the legislative process, your Committee encourages the parties to continue their efforts to find a resolution that is mutually agreeable and satisfactory for both parties.

Your Committee has amended this measure by:

- (1) Clarifying that the provisions of this measure that allow a bidder to clarify or correct immaterial or technical information do not abrogate or modify the authority of the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs and Contractors License Board to enforce the contractor licensing law; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1908, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1908, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Har). Noes, none. Excused, 3 (Aquino, Hashem, Mizuno).

#### **SCRep. 595-22 Consumer Protection & Commerce on H.B. No. 1980**

The purpose of this measure is to:

- (1) Permit, but not require, Medicaid, health insurers, mutual benefit societies, and health maintenance organizations to cover telephonic behavioral health services under certain circumstances; and
- (2) Clarify that telephonic services do not constitute telehealth.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Hawaii State Council on Developmental Disabilities, Hawaii Medical Service Association, Hawaii Medical Association, and Hawai'i Family Caregiver Coalition. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Human Services, Healthcare Association of Hawaii, Hawai'i Pacific Health, Hawai'i Psychological Association, The Hawaiian Islands Association for Marriage and Family Therapy, National Association of Social Workers – Hawai'i, Hawai'i Primary Care Association, AARP Hawai'i, Hawaii Psychiatric Medical Association, The Queen's Health Systems, Kaiser Permanente Hawai'i, and Hawaii Association of Health Plans.

Your Committee finds that during the ongoing coronavirus disease 2019 pandemic, access to in-person health care has been limited. The use of telehealth for many services, and in particular behavioral health services, increased as an acceptable and oftentimes essential alternative. However, rural communities or populations in geographic areas without internet access or infrastructure experienced disparities in digital health options.

In recognition of these disparities, during the pandemic, the Med-QUEST Division increased flexibility to all telephonic services. According to the Department of Human Services, health care professionals and payers have thus far seen relative equivalency in outcomes for in-person, telehealth, and telephonic visits, while acknowledging that safeguards are needed for the continued use of telephonic services. Your Committee further finds that this measure

recognizes the ongoing benefits provided by telephonic behavioral health services when telehealth technology is unavailable, while establishing a baseline to provide some measure of protection to the patient and provider.

Your Committee has amended this measure by:

- (1) Removing an inconsistency to clarify that telephonic behavioral health services may be covered by Medicaid, health insurers, mutual benefit societies, and health maintenance organizations; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1980, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1980, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Aquino, Hashem, Mizuno).

#### **SCRep. 596-22 Consumer Protection & Commerce on H.B. No. 2110**

The purpose of this measure is to amend the law regarding advance warning of excavations (One Call law) to improve consumer protection, including:

- (1) Narrowing the exemption from the requirements of the One Call law for excavations performed on certain residential property to only those excavations performed by the owner or occupier and less than twelve inches in the ground;
- (2) Clarifying that locators are subject to the requirements of the One Call law; and
- (3) Specifying the situations in which persons have a duty to notify emergency services and operators of hazards and minimize the hazards.

Your Committee received testimony in support of this measure from the Public Utilities Commission; Hawaii Pest Control Association; Hawaii Gas; Hawaiian Electric Company, Inc.; and Hawaiian Telecom. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds in 2004, pursuant to Act 141, Session Laws of Hawaii 2004, the Legislature established the One Call Center to coordinate the location of subsurface installations, including underground utilities. The One Call law requires excavators provide notice to the One Call Center five to twenty-eight days before planned excavations. This notice allows the One Call Center the opportunity to check for pipelines or similar infrastructure where an individual or organization plans to dig, to avoid accidentally colliding with such infrastructure.

However, your Committee further finds that the One Call law exempts excavators operating on one- to two-family residential properties from contracting the One Call Center prior to excavation. As a result, underground utility infrastructure is frequently impacted in residential properties. In 2020, sixty-eight percent of subsurface utility infrastructure impacts occurred on residential property. This exemption creates significant risk for homeowners, contractors, and the surrounding communities. This measure, among other things, will considerably narrow this exemption to minimize the risk of harm to residences.

Your Committee notes that language in this measure would be construed to subject pest control operators to the requirements under the One Call law. However, the Public Utilities Commission has previously held that pest control operators do not pose a level of risk that would require their compliance with the One Call law. Accordingly, pest control operators should be allowed to operate without being subject to the requirements of the One Call law.

Your Committee has amended this measure by:

- (1) Deleting the condition that excavations on residential property must be performed by the owner or occupier to be exempt from the One Call law;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2110, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2110, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 597-22 Consumer Protection & Commerce on H.B. No. 2088**

The purpose of this measure is to:

- (1) Create the Environmental and Economic Development Revolving Loan Fund under the administration of the Hawaii Green Infrastructure Authority;
- (2) Allow property owners to finance qualifying improvements through a non-ad valorem property assessment; and
- (3) Appropriate funds to provide loans or other financial assistance to eligible property owners.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development & Tourism; Department of Health; Department of Hawaiian Home Lands; Hawaii Green Infrastructure Authority; University of Hawai'i Sea Grant College Program; Hawaii Solar Energy Association; PACENation; Rotary Club Hanalei Bay; Petros PACE Finance; Nuveen Green Capital; WAL: Wastewater Alternatives & Innovations; Hawai'i Reef and Ocean Coalition; and five individuals. Your Committee received testimony in opposition to this measure from the Hawaii Bankers Association and Hawaii Credit Union League. Your Committee received comments on this measure from the Department of the Attorney General, Department of Budget and Finance, Department of Commerce and Consumer Affairs, Department of Budget and Fiscal Services of the City and County of Honolulu, and Tax Foundation of Hawaii.

Your Committee finds that residents and businesses in the State have various capital-heavy opportunities to mitigate health, environmental, or energy risks. These include upgrading or converting cesspools to Director of Health-approved wastewater systems, fortifying buildings and structures to withstand wind threats from hurricanes and windstorms, installing clean energy technologies, and many other improvements. Your Committee further finds that alternative methods of financing are necessary to further incentivize these projects that protect the health and safety of the public. This measure can help unlock a new market for commercial banks and other private capital providers to help the State address a number of these critical initiatives.

Your Committee has amended this measure by:

- (1) Clarifying that cesspools may be upgraded or converted to Director of Health-approved wastewater systems, rather than just to septic systems or aerobic treatment units;

- (2) Removing language would have authorized the Hawaii Green Infrastructure Authority to issue revenue bonds;
- (3) Specifying that delinquent liens do not trigger the acceleration of the Property Assessed Financing Assessment Contract;
- (4) Clarifying that the on-bill repayment mechanism can only be used as approved by the Public Utilities Commission under the Green Energy Money Saver On-Bill Program; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2088, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2088, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Har, Kong, Onishi). Noes, none. Excused, none.

#### **SCRep. 598-22 Consumer Protection & Commerce on H.B. No. 2195**

The purpose of this measure is to establish and appropriate funds for a Cesspool Compliance Pilot Grant Project to assist low- and moderate-income property owners and lessees on Hawaiian home lands with the costs of upgrading, converting, or connecting a cesspool.

Your Committee received testimony in support of this measure from the Department of Health, Department of Hawaiian Home Lands, University of Hawai'i System Sea Grant College Program, Kahalu'u Neighborhood Board No. 29, Rotary Club Hanalei Bay, WAI: Wastewater Alternatives & Innovations, Hawai'i Reef and Ocean Coalition, and six individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that cesspools are a major source of pollution to Hawaii's waters. Cesspools discharge untreated sewage, which may reach the groundwater and flow into drinking water sources, streams, and the ocean. Since approximately ninety-five percent of all drinking water in the State comes from groundwater sources, these discharges pose a serious risk of harm to public health and the environment.

Your Committee further finds that the Legislature, through Act 125, Session Laws of Hawaii 2017, mandated the upgrade or conversion of all cesspools in the State to certain wastewater management systems or connection to a sewerage system by 2050. However, the rate of upgrade, conversion, and connection has been underwhelming, and further action is needed to incentivize upgrades, conversions, and connections. This measure establishes the Cesspool Compliance Pilot Grant Project to award grants for the upgrade or conversion of a cesspool to certain wastewater management systems or connection to a sewerage system.

Your Committee has amended this measure by deleting the specific types of wastewater systems a failing cesspool can be upgraded or converted to under the pilot grant project and identifying a Director-approved wastewater system instead.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2195, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2195, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 599-22 Consumer Protection & Commerce on H.B. No. 2090**

The purpose of this measure is to establish a Zero-Emission Vehicle Rebate Program within the Public Utilities Commission to enable low- and moderate-income families greater access to zero-emission vehicles by providing a rebate on the point-of-sale purchase price of qualifying vehicles.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Transportation; Hawaii State Energy Office; Public Utilities Commission; Hawaii Climate Change Mitigation and Adaptation Commission; one member of the Hawai'i County Council; Ulupono Initiative; 350Hawaii.org; Climate Protectors Hawai'i; Hawaii Electric Vehicle Association; KauaiEV; Blue Planet Foundation; Hawaiian Electric Company; Alliance for Automotive Innovation; and seven individuals. Your Committee received testimony in opposition to this measure from Hawaii Automobile Dealers' Association and one individual. Your Committee received comments on this measure from Hawai'i Energy.

Your Committee finds that for Hawaii to meet its statutory greenhouse gas sequestration target by 2045, significant reductions in emissions from ground transportation must be made. This includes significant reductions throughout all market segments in the State, including low- to moderate-income households.

Your Committee further finds that neighborhoods with higher percentages of low- to moderate-income households generally have a significantly lower adoption rate of electric vehicles as a percentage of total vehicles in those neighborhoods. The Zero-Emission Vehicle Rebate Program proposed by this measure is intended to provide flexibility for the administrator of the program, including the ability to adjust to the changing needs of low- to moderate-income communities and changes in market conditions.

Your Committee notes and appreciates the Administration's desire for flexibility in the operation of the Zero-Emission Vehicle Rebate Program. However, your Committee is concerned that the lack of specificity in certain provisions of the rebate program may have an unintentional negative impact on the State's motor vehicle dealer industry. Should this measure advance in the legislative process, your Committee believes further deliberations are needed to ensure that the flexibility provided in this measure does not unfairly impact the motor vehicle dealers in the State.

Your Committee has amended this measure by:

- (1) Clarifying that only a new or used light-duty zero-emission vehicle must be purchased from a dealer to be considered a qualifying vehicle, and that neighborhood electric vehicles, zero-emission motorcycles, zero-emission motor scooters, and zero-emission mopeds need not necessarily be purchased from a dealer to be a qualifying vehicle; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2090, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2090, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Har, Kong, Morikawa, Onishi). Noes, none. Excused, none.

**SCRep. 600-22 Consumer Protection & Commerce on H.B. No. 2469**

The purpose of this measure is to:

- (1) Establish an Unemployment Compensation Insolvency Special Fund to be expended solely to resolve an Unemployment Compensation Trust Fund insolvency emergency declared by the Governor;
- (2) Allow the Governor to declare an Unemployment Compensation Trust Fund insolvency emergency and to expend monies from the special fund if the Director of Finance determines that the trust fund balance is insufficient to meet the State's obligations; and
- (3) Appropriate monies into the Unemployment Compensation Insolvency Special Fund.

Your Committee received testimony in support of this measure from the Hawaii Food Industry Association. Your Committee received testimony in opposition to this measure from Unite Here! Local 5 Hawaii. Your Committee received comments on this measure from the Department of Labor and Industrial Relations, Department of Budget and Finance, Parents and Children Together, and Tax Foundation of Hawaii.

Your Committee finds that the coronavirus disease 2019 pandemic and the associated governmental responses to curtail the spread of the virus have significantly impacted the State's economy and created an unprecedented period of unemployment that rapidly depleted funds within the Unemployment Compensation Trust Fund. This measure will establish an additional fund dedicated to replenishing the Unemployment Compensation Trust Fund when the trust fund's obligations are insufficient to meet the State's obligations and the Governor declares an Unemployment Compensation Trust Fund insolvency emergency.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2469, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 601-22 Consumer Protection & Commerce on H.B. No. 2471**

The purpose of this measure is to amend the definition of "adequate reserve fund" to exclude the benefit cost rate from June 2020 through August 2021, effective for calendar years 2023 through 2030.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations. Your Committee received testimony in opposition to this measure from Unite Here! Local 5 Hawaii.

Your Committee finds that the COVID-19 pandemic and the associated governmental responses to curtail the spread of the virus have significantly impacted the State's economy and created an unprecedented period of unemployment that rapidly depleted funds within the Unemployment Compensation Trust Fund.

Your Committee further finds that the Adequate Reserve Fund is used as a measure of the solvency of the Unemployment Compensation Trust Fund and to determine the applicable unemployment insurance tax schedule for each calendar year. Under the existing statutory definition of "adequate reserve fund", the unprecedented outflow of funds from 2020 and 2021 will be included in the calculation of adequate reserve. For comparison, under the existing statutory definition of "adequate reserve fund", the Adequate Reserve Fund is estimated at \$1.77 billion for calendar year 2023; if the benefit cost rate from June 2020 to August 2021 is excluded, the Adequate Reserve Fund is estimated at \$568 million for calendar year 2023. This measure would exclude the benefit cost rate from June 2020 to August 2021 from the definition of "adequate reserve fund" for calendar years 2023 through 2030, which will allow contributory employers to replenish the Unemployment Compensation Trust Fund and help to reestablish the fund's integrity without imposing the highest contribution schedules for years as Hawaii's economy continues to recover from the pandemic.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2471, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 602-22 Consumer Protection & Commerce on H.B. No. 1893**

The purpose of this measure is to transfer the Daniel K. Akaka State Veterans Home to the Oahu Regional Health Care System so that when the Oahu Regional Health Care System is transferred from the Hawaii Health Systems Corporation to the Department of Health, pursuant to Act 212, Session Laws of Hawaii 2021, the Daniel K. Akaka State Veterans Home will become part of the Department of Health.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Department of Defense, State Office of Veterans Services, and three individuals. Your Committee received comments on this measure from the Department of Health; Department of Budget and Finance; Office of Information Practices; Hawaii Health Systems Corporation, Board of Directors; Hawaii Health Systems Corporation, Oahu Region; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the Daniel K. Akaka State Veterans Home is currently under construction in Kapolei with an expected completion date of spring 2023. State veterans homes are facilities that provide long-term care for veterans, their spouses, and gold-star parents. Additionally, state veterans homes are funded primarily through the United States Department of Veterans Affairs and Medicare or Medicaid funds.

Your Committee further finds that the Department of Defense lacks the medical expertise for continued operational oversight of the long-term care facility. Furthermore, the Department of Defense, unlike the Hawaii Health Systems Corporation, lacks the statutory authority to create 501(c)(3) tax-exempt structures to assist in the administration of the long-term care facility.

Your Committee finds that, pursuant to Act 212, Session Laws of Hawaii 2021 (Act 212), the Oahu Regional Health Care System facilities will be transferred to the Department of Health by December 31, 2022. This measure will transfer the Daniel K. Akaka State Veterans Home to the Oahu Regional Health Care System with the intent that it transfer to the Department of Health once the Oahu Regional Health Care System facilities are transferred pursuant to Act 212.

Should this measure continue through the legislative process, your Committee respectfully requests that further consideration be given to whether the employees of the Daniel K. Akaka State Veterans Home should be exempt from civil service.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1893, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 603-22 Consumer Protection & Commerce on H.B. No. 1805**

The purpose of this measure is to:

- (1) Provide a tax credit for the upgrade or conversion of a cesspool to a Director of Health-approved wastewater system or connection of a cesspool to a sewerage system;
- (2) Require cesspool upgrades, conversions, or connections at the point of sale of real property or within twelve months of the date of sale recordation, with certain exemptions; and
- (3) Appropriate funds for additional positions for the Department of Health to assist with monitoring and enforcing cesspool upgrades, conversions, and connections.

Your Committee received testimony in support of this measure from the Department of Health, University of Hawai'i Sea Grant College Program, one member of the Hawai'i County Council, WAI: Wastewater Alternative & Innovations, Hawai'i Reef and Ocean Coalition, and five individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS, West Hawai'i Association of REALTORS, and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and one individual.

Your Committee finds that cesspools are a major source of pollution to Hawaii's waters and pose a serious risk of harm to public health and the environment. Although the Legislature, through Act 125, Session Laws of Hawaii 2017, mandated the upgrade or conversion of all cesspools in the State to Director of Health-approved wastewater management systems or connection to a municipal sewage system by 2050, the rate of upgrade, conversion, and connection has been underwhelming and further action is needed to incentivize this process. This measure implements two approaches to facilitate the conversion of cesspools at the point-of-sale and provide financial relief to homeowners during the conversion process, while also creating additional capacity within the Department of Health to guide the State's transition to more appropriate forms of waste management.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1805, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Har, Kong, Morikawa, Onishi). Noes, none. Excused, none.

**SCRep. 604-22 Consumer Protection & Commerce on H.B. No. 1432**

The purpose of this measure is to facilitate the provision of concession services to the public by:

- (1) Increasing the initial maximum term of concession contracts from fifteen years to twenty-five years;
- (2) Exempting concessions for beach or ocean-related recreational services from the sealed bid requirements, with certain conditions;
- (3) Authorizing the county directors of parks and recreation to designate which county parks under their respective jurisdictions are environmentally, culturally, historically, or operationally unique for purposes of determining whether a concession at the park is exempt from the sealed bid requirements; and
- (4) Expanding the exemption for concessions at county zoos, botanic gardens, or county parks designated by the respective county director of parks and recreation, in the director's sole discretion, as environmentally, culturally, historically, or operationally unique; provided that the concessions are awarded to responsible offerors whose proposals are the most advantageous, rather than solely to certain nonprofit corporations.

Your Committee received testimony in support of this measure from the Department of Enterprise Services of the City and County of Honolulu. Your Committee received testimony in opposition to this measure from the Palekaiko Beachboys Club.

Your Committee finds that the existing fifteen-year maximum duration for concessions of public property makes it difficult for agencies to find concessionaires willing to invest in the necessary capital improvements to provide satisfactory concession services. It can be difficult for potential concessionaires to generate sufficient revenues to support operations while amortizing the concessions' construction and other costs over a fifteen-year period. Therefore, your Committee finds that it is in the public's best interest to provide flexibility and allow for a longer lease term; however, your Committee has concerns over what the appropriate extension should be at this time.

Your Committee has amended this measure by:

- (1) Leaving the number of years for the maximum concession term unspecified;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1432, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1432, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Aquino, Hashem, Mizuno).

**SCRep. 605-22 Consumer Protection & Commerce on H.B. No. 1679**

The purpose of this measure is to make comprehensive updates to the statutory provisions regarding acupuncture practitioners to reflect modernized scopes of practice and licensing requirements.

Your Committee received testimony in support of this measure from the Board of Acupuncture, Hawaii Acupuncture Association, Acuplan Hawaii, Institute of Clinical Acupuncture and Oriental Medicine, Mind Balance Hawaii, Kailua Acupuncture Clinic, Longevity Health Center, and numerous individuals. Your Committee received testimony in opposition to this measure from the American Academy of Medical Acupuncture, Hawaii Medical Association, and one individual. Your Committee received comments on this measure from the CHI Lifestyle Medical Center.

Your Committee finds that acupuncture is growing in popularity as an accepted form of treatment and because of expanded benefits under health insurance policies and Medicare. Your Committee further finds that acupuncture medicine is an evidence-based medicine rooted in traditional and modern modalities. The practice of acupuncture medicine includes examination, evaluation, diagnosis, and treatment of the patient, therefore regulation and control are necessary for public health, safety, and welfare. A number of the State's laws governing acupuncture practitioners have not been updated in over twenty years, despite changes to certification standards and expanded accredited educational programs. Accordingly, your Committee finds that a comprehensive update of the laws regulating acupuncture is warranted.

Your Committee has amended this measure by:

- (1) Authorizing the Board of Acupuncture to issue licenses by reciprocity under certain conditions;
- (2) Amending the definition of "practice of advanced acupuncture medicine" to remove references to traditional and biomedical internal medicine training;
- (3) Amending the continuing education requirements by:
  - (A) Delaying the implementation until the licensing biennium commencing July 1, 2025; and
  - (B) Authorizing the Board of Acupuncture to perform random audits on licensees to determine compliance; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1679, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1679, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Aquino, Hashem, Mizuno).

#### **SCRep. 606-22 Consumer Protection & Commerce on H.B. No. 1823**

The purpose of this measure is to amend the Our Care, Our Choice Act to:

- (1) Authorize advanced practice registered nurses and physician assistants, in addition to physicians, to practice medical aid in dying in accordance with their scope of practice and prescribing authority;
- (2) Authorize advanced practice registered nurses with a psychiatric or clinical nurse specialization and physician assistants, in addition to psychiatrists, psychologists, and clinical social workers, to provide counseling to a qualified patient;
- (3) Reduce the mandatory waiting period between oral requests from twenty days to fifteen days;
- (4) Reduce the mandatory waiting period between a qualified patient's initial oral request and the provision of a prescription pursuant to section 327L-4(a)(12), Hawaii Revised Statutes, from twenty days to fifteen days; provided that if more than ten business days have elapsed between the qualified patient's initial oral request and an appraisal of the patient by the attending provider or consulting provider, the mandatory waiting period between a qualified patient's initial oral request and the provision of a prescription shall be reduced to ten days;
- (5) Provide an expedited pathway for terminally ill qualified patients who are not expected to survive the mandatory waiting period; and
- (6) Prohibit the disclosure or discovery of information collected pursuant to the Our Choice, Our Care Act, or retained as the result of incidental or routine communication with providers and qualified patients.

Your Committee received testimony in support of this measure from Hawai'i Pacific Health; AlohaCare; Compassion & Choices; Burden Lifters, LLC; Hawai'i – American Nurses Association; Hawai'i Psychological Association; Hawaii Society of Clinical Oncology; Hawaii Association of Professional Nurses; National Association of Social Workers – Hawai'i; The Hawaiian Islands Association for Marriage and Family Therapy; and numerous individuals. Your Committee received testimony in opposition to this measure from the Honolulu County Republican Party, Hawaii Psychiatric Medical Association, Hawaii Family Forum, The Hawaii Association for Justice, and six individuals. Your Committee received comments on this measure from the Department of Health, Board of Nursing, Hawai'i State Center for Nursing, and one individual.

Your Committee finds that in 2018, the State passed the Our Care, Our Choice Act to ensure that all terminally ill individuals have access to the full range of end-of-life care options. The Our Care, Our Choice Act allows mentally capable, terminally ill individuals with six months or less to live to voluntarily request and receive prescription medication that allows the person to die in a peaceful, humane, and dignified manner.

Your Committee further finds that the State's shortage of physicians has created barriers to access these end-of-life care options for qualified terminally ill individuals. Hawaii has the longest mandatory waiting period among all ten medical-aid-in-dying authorized states and the District of Columbia, and many patients do not survive the mandatory waiting period.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1823, H.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Har, Matsumoto). Noes, 2 (Kitagawa, Kong). Excused, 3 (Aquino, Hashem, Mizuno).

#### **SCRep. 607-22 Consumer Protection & Commerce on H.B. No. 1977**

The purpose of this measure is to allow dental assistants to perform limited, essential duties under the general supervision of a licensed dentist providing support dental services in a public health setting.

Your Committee received testimony in support of this measure from the Department of Health, Board of Dentistry, Hawaii Dental Hygienists' Association, Hawai'i Children's Action Network Speaks!, Hawai'i Oral Health Coalition, AlohaCare, Hui No Ke Ola Pono, and two individuals. Your Committee received comments on this measure from the Hawaii Dental Association.

Your Committee finds that allowing dental assistants to provide limited, yet essential, dental auxiliary support for dental hygienists under the general supervision of a licensed dentist in a public health setting will contribute to the development and sustainability of community-based oral health programs in the State. This measure increases the overall capacity and number of dentists permitted to provide dental services via the community-based oral health models that require general supervision, which will help meet the oral health needs of the State's communities and improve access to dental care for Hawaii residents.

Your Committee has amended this measure by clarifying that the role of a dental hygienist is to give direction to, rather than have a supervisory responsibility over, a dental assistant, as both are under the general supervision of a licensed dentist.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1977, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1977, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Aquino, Hashem, Mizuno).

**SCRep. 608-22 Consumer Protection & Commerce on H.B. No. 2260**

The purpose of this measure is to:

- (1) Amend the circumstances under which medical cannabis may be transported by and between dispensaries;
- (2) Increase the number of production centers and retail dispensing locations that may be allowed under a dispensary license;
- (3) Redefine the term "medical cannabis production center" to include any series of structures located within the same secured perimeter fence-line;
- (4) Increase the allowable number of plants for production centers;
- (5) Require the Department of Health to establish the fee structure for the submission of applications for additional production centers and retail dispensing locations and dispensary-to-dispensary sales; and
- (6) Amend the Department of Health's duties with respect to the establishment of standards for manufactured cannabis products.

Your Committee received testimony in support of this measure from the Hawai'i Cannabis Industry Association; Aloha Green Holdings, Inc.; Maui Grown Therapies; Hawaiian Ethos; Green Aloha Ltd.; and Lau Ola LLC, dba Big Island Grown Dispensaries. Your Committee received testimony in opposition to this measure from Care Waialua Farm. Your Committee received comments on this measure from the Department of Health, Akamai Cannabis Clinic, and one individual.

Your Committee finds that the State's Medical Cannabis Program was established to provide medical relief for seriously ill individuals in the State and ensure safe and legal access to medical cannabis for qualifying patients. Your Committee further finds that the Medical Cannabis Program needs to be updated to increase patient access, strengthen product controls and safety, and provide improvements to the administration of the program. This measure enhances quality assurance by updating the existing program and requiring the Department of Health to establish additional manufacturing and product stability standards for the manufacture of medical cannabis products.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2260, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Har). Noes, none. Excused, 3 (Aquino, Hashem, Mizuno).

**SCRep. 609-22 Consumer Protection & Commerce on H.B. No. 1971**

The purpose of this measure is to:

- (1) Authorize and regulate peer-to-peer car-sharing;
- (2) Impose the general excise tax and rental motor vehicle surcharge tax on peer-to-peer car-sharing programs and require these programs to collect and remit taxes and surcharges to the Department of Taxation; and
- (3) Require those persons engaging or continuing in a peer-to-peer car-sharing program to register with the Department of Taxation.

Your Committee received testimony in support of this measure from the Department of Taxation and Enterprise Holdings. Your Committee received testimony in opposition to this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs. Your Committee received comments on this measure from the Insurance Division of the Department of Commerce and Consumer Affairs, Tax Foundation of Hawaii, Turo, Getaround, Hawaii Association for Justice, and Hawaii Insurers Council.

Your Committee finds that peer-to-peer car-sharing allows for vehicle owners to rent their vehicles to others through online platforms. Your Committee further finds that peer-to-peer car-sharing, while growing in popularity, is not regulated by the State. This measure will establish a regulatory scheme for peer-to-peer car-sharing to provide consumers and the public with greater protection.

Your Committee notes that existing law empowers the Department of Transportation Airports Division to establish policies and rules governing use and access to the airports' premises. No provision in this measure should be construed to abrogate the Airports Division's authority. Therefore, if a peer-to-peer car-sharing program chooses to operate on airport premises, the program will be subject to the Airport Division's policies and rules.

Your Committee further notes that your Committee's priority is to ensure that appropriate measures are in place to effectively prevent the sharing of a vehicle with an unresolved recall issue. However, concerns were raised in testimony before your Committee that the provisions in this measure governing recalled vehicles may be technologically unfeasible. As such, should this measure advance through the legislative process, your Committee believes that further discussion is needed to determine the most appropriate and feasible method to ensure consumers do not have access to vehicles that create an unreasonable safety risk or fail to meet minimum safety standards.

Your Committee has amended this measure by:

- (1) Specifying that peer-to-peer car-sharing programs and shared car owners are exempt from vicarious liability under any state or local law that imposes liability solely based upon motor vehicle ownership; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarify, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1971, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1971, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Aquino, Hashem, Mizuno).

**SCRep. 610-22 Consumer Protection & Commerce on H.B. No. 2278**

The purpose of this measure is to:

- (1) Establish a refundable income tax credit to mitigate the effect of a carbon emissions tax on taxpayers; and
- (2) Amend the environmental response, energy, and food security tax to address carbon emissions.

Your Committee received testimony in support of this measure from Hawaii Interfaith Power and Light, Environmental Justice Task Force of Faith Action for Community Equity, Ulupono Initiative, Imua Alliance, Kauai Climate Action Coalition, Climate Protectors Hawai'i, The Nature Conservancy, Citizens' Climate Lobby Hawaii, Citizens' Climate Lobby – Hawaii Island Chapter, and eighteen individuals. Your Committee received testimony in opposition to this

measure from the Honolulu County Republican Party, Life of the Land, and two individuals. Your Committee received comments on this measure from Department of Taxation, Department of Budget and Finance, Hawaii State Energy Office, Tax Foundation of Hawaii, Hawaii Automobile Dealers' Association, Par Hawaii, and Grassroot Institute of Hawaii.

Your Committee finds that carbon pricing is an effective way to reduce emissions and it is, therefore, appropriate to use carbon pricing policies as a tool in the State's climate policy package. Your Committee further finds that distributing most of the carbon tax revenue to Hawaii's households in a low-tax scenario would create a net financial benefit to most of the State's households, with the largest net financial benefit to low-income households. Establishing a carbon tax on fossil fuels in tandem with a refundable tax credit or cash payment would thereby help to control carbon emissions, benefit the environment and human health, and promote the State's clean energy goals without negatively impacting low-income households.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2278, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Matsumoto). Noes, 3 (Har, Kong, Onishi). Excused, 3 (Aquino, Hashem, Mizuno).

#### **SCRep. 611-22 Consumer Protection & Commerce on H.B. No. 2493**

The purpose of this measure is to:

- (1) Establish the Hawaii Farmland and Forest Soil Health Carbon Smart Incentive Program to incentivize carbon sequestration activities through contracts that provide for compensation for eligible practices by program participants; and
- (2) Appropriate funds for positions and administration of the Program.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Green Infrastructure Authority; one member of the Hawai'i County Council; Climate Protection and Restoration Initiative; 350Hawaii.org; Hawaii Interfaith Power and Light; Conservation Council for Hawai'i; Climate Protectors Hawai'i; The Nature Conservancy – Hawai'i and Palmyra; Hawai'i Farm Bureau; Hawaii Gas; Hawaii Cattlemen's Council, Inc.; Our Revolution Hawaii; Energy and Climate Action Committee, Environmental Caucus of the Democratic Party of Hawai'i; and nine individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Agriculture, Office of Planning and Sustainable Development, and one individual.

Your Committee finds that Hawaii needs to reduce its contribution to climate change, increase local food production, improve soil health, and secure resilient water sources. In addition to cutting emissions from burning carbon, Hawaii needs to mitigate climate change by sequestering greenhouse gases through regenerative agriculture and forest preservation. This measure advances these goals by establishing an incentive program that allows small farmers, ranchers, foresters, and landowners to be compensated for taking measures to help Hawaii reach its climate readiness goals.

Your Committee notes that the Greenhouse Gas Sequestration Task Force, established pursuant to Act 15, Session Laws of Hawaii 2018, and placed within the Office of Planning and Sustainable Development, conducts research and makes recommendations to promote greenhouse gas sequestration. Additionally, the Office of Planning and Sustainable Development has a strong record of promoting greenhouse gas sequestration. Therefore, your Committee notes that, should this measure continue through the legislative process, further consideration should be given to placing the incentive program proposed by this measure under the administration of the Greenhouse Gas Sequestration Task Force or Office of Planning and Sustainable Development, as those entities may be more appropriate to manage this program.

Your Committee has amended this measure by:

- (1) Clarifying that eligible lands includes public lands managed by a private citizen;
- (2) Clarifying that certain tasks of the Hawaii Green Infrastructure Authority are to be conducted in coordination with other relevant agencies;
- (3) Specifying that the Hawaii Green Infrastructure Authority must establish incentive contract terms within one year of receipt of a program application, but removing the requirement to establish compensation rates;
- (4) Clarifying the activities the Authority must coordinate with relevant agencies;
- (5) Clarifying the composition of the Reviewing Committee to include the Chairperson of the Board of Land and Natural Resources, Chairperson of the Board of Agriculture, and representatives from the Native Hawaiian community;
- (6) Specifying that land managers are also eligible for the program;
- (7) Adding activities that are located in or provide services to historically disadvantaged and underserved communities as a priority eligibility requirement; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2493, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2493, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Kong). Noes, none. Excused, 3 (Aquino, Hashem, Mizuno).

#### **SCRep. 612-22 Consumer Protection & Commerce on H.B. No. 1837**

The purpose of this measure is to:

- (1) Require each county to submit biennial reports to the Legislature on its efforts to reduce zoning and regulatory barriers to housing development; and
- (2) Require the Hawaii Housing Finance and Development Corporation and Hawaii Public Housing Authority to submit biennial reports, based on their individual review of the counties' reports, to the Legislature on streamlining affordable housing development.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS.

Your Committee finds that the State is in need of at least forty-six thousand housing units to meet housing demand by 2030. However, there are many procedural and regulatory barriers at the county level to building housing, such as permitting, planning, and zoning. Your Committee further finds that regulatory costs account for a quarter of the final price of a single-family home and a third of the cost of a multifamily home. Your Committee believes that having the counties identify ways to reduce these procedural and regulatory barriers will help address the State's housing needs.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1837, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 613-22 Consumer Protection & Commerce on H.B. No. 1975**

The purpose of this measure is to:

- (1) Clarify the limits of when a preceptor may be compensated for standard clinical services while providing a volunteer-based supervised clinical training rotation;
- (2) Amend the definition of "preceptor" to improve accessibility for providers to receive income tax credits for acting as preceptors; and
- (3) Include the Director of Health on the Preceptor Credit Assurance Committee.

Your Committee received testimony in support of this measure from the Department of Health, University of Hawai'i System, Hawai'i State Center for Nursing, Kaiser Permanente Hawai'i, Hawaii Medical Association, Hawai'i Association of Professional Nurses, Hawai'i Pacific Health, The Queen's Health Systems, Hawaii Primary Care Association, Hawai'i – American Nurses Association, Hawai'i State Rural Health Association, and two individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that there is a shortage of primary care providers in the State. As a means of addressing the shortage, the healthcare preceptor income tax credit was established to incentivize volunteer preceptors to offer professional instruction, training, and supervision to students and residents seeking careers as health care providers.

Your Committee further finds that although the healthcare preceptor income tax credit provides an incentive to preceptors, the existing statutory definitions have limited the number of preceptors who are eligible for the credit. This measure expands the definition of "preceptor" to include other fields of practice, which will expand the pool of available preceptors to train new health care providers. This measure also clarifies the limits of when a preceptor may be compensated for standard clinical services while providing a volunteer-based supervised clinical training rotation and bolsters the membership of the Preceptor Credit Assurance Committee, which is responsible for certifying the tax credit.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1975, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

**SCRep. 614-22 Consumer Protection & Commerce on H.B. No. 1974**

The purpose of this measure is to establish the Small Business Assistance Initiative within the State Procurement Office, to consist of a Small Business Procurement Coordinator and Small Business Office, and to appropriate funds for this purpose.

Your Committee received testimony in support of this measure from the Department of Transportation, State Procurement Office, Hawai'i State Commission on the Status of Women, Native Hawaiian Chamber of Commerce, and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the State does not have a formal small business program or any collected metrics to assist the State Procurement Office in understanding the small business landscape in Hawaii. Addressing small business concerns must include the infrastructure and resources needed to understand and assist this unique community. Your Committee further finds that this measure provides a means to obtain vital data, which will enable responsible decision-making on any formal small business program moving forward.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1974, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Hashem).

**SCRep. 615-22 Consumer Protection & Commerce on H.B. No. 1976**

The purpose of this measure is to:

- (1) Establish the Safe Home Program to provide matching and nonmatching grants to install wind resistive devices on certain residential properties;
- (2) Create a permanent position within the Insurance Division of the Department of Commerce and Consumer Affairs to implement and administer the Safe Home Program; and
- (3) Appropriate funds for the Safe Home Program.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawai'i Emergency Management Agency, Hawaii Insurers Council, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance and one individual.

Your Committee finds that recent incidents have shown that the State is vulnerable to property loss due to hurricanes, tropical storms, and strong winds. Your Committee further finds that one of the best mitigation strategies for reducing potential damage is the broad statewide use of wind resistive devices on personal residences. The grant program established by this measure will help Hawaii residents be more resilient in the event of a hurricane, reduce the need for emergency sheltering, and provide for more rapid recovery from a weather-related event. More resilient homes will result in lower or fewer insurance claims, which can help eventually reduce insurance premiums for all Hawaii residents.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1976, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 616-22 Corrections, Military, & Veterans on H.B. No. 2344**

The purpose of this measure is to:

- (1) Create a good time credit system by which criminal defendants on probation may reduce their time on probation through compliance with conditions of probation;
- (2) Provide that a condition of probation that prohibits unnecessary associations may only apply with respect to certain persons having a connection to the underlying crime or the prosecution of the crime;
- (3) Provide that a condition of probation that prohibits the possession or use of alcohol or unauthorized drugs may only be imposed if it reasonably relates to the crime for which the defendant was convicted;
- (4) Provide that substance abuse treatment shall not be required of a defendant on probation if a program is not available in the county of the defendant's residence or if the defendant has not been accepted into a program; and
- (5) Prohibit incarceration for certain technical violations.

Your Committee received testimony in support of this measure from the Hawai'i Correctional System Oversight Commission, Office of the Public Defender, American Civil Liberties Union of Hawai'i, Community Alliance on Prisons, Maui Economic Opportunity, Hawaii Appleseed Center for Law & Economic Justice, Our Revolution Hawaii, and numerous individuals. Your Committee received testimony in opposition to this measure from the Judiciary, Department of the Attorney General, City and County of Honolulu Department of the Prosecuting Attorney, and two individuals.

Your Committee finds that existing state laws relating to certain violations of community supervision are resulting in counterproductive, skyrocketing rates of incarceration and severe overcrowding in local jails and prisons. Based on weekly population reports, typically one fourth of all jail and prison admissions in Hawaii are the result of probation or parole violations of the terms of legal supervision, other than the commission of certain crimes.

Your Committee further finds that incarceration for parole violations is expensive, with the State spending \$219 per day to incarcerate just one person. Research shows that community-based services are a fraction of the cost of incarceration, and that investment in access to employment, housing, social services, and voluntary community-based reentry programs reduces recidivism more effectively than incarceration. Accordingly, this measure seeks to reform probation procedures to reduce the incarcerated population.

Your Committee notes concerns, however, with the breadth of the use of the term "technical violation" in the measure and its application. Your Committee therefore finds that all references to "technical violation" should be removed from the substantive provisions of the measure. As this measure proceeds through the legislative process, your Committee requests that a workable definition for "technical violation" be considered and included if appropriate.

Your Committee has amended this measure by:

- (1) Deleting provisions relating to a good time credit system;
- (2) Deleting the proposed limitations on conditions of probation relating to prohibited associations, possession or use of alcohol or unauthorized drugs, and substance abuse treatment;
- (3) Deleting all references to "technical violations" from the substantive provisions of this measure and the prohibition on incarceration for certain technical violations;
- (4) Requiring the probation officer to conduct a formal review of the defendant's progress halfway through the defendant's period of probation and provide the defendant information on how to file a motion with the court for early termination of probation, if the defendant so chooses;
- (5) Giving a probation or law enforcement officer who has probable cause to believe a defendant has failed to comply with a discretionary condition of probation under section 706-624(2), Hawaii Revised Statutes, the discretion to issue the defendant a written notice of a court hearing that states the defendant's alleged violation and the date, time, location, and purpose of the hearing;
- (6) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2344, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2344, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Kong). Noes, none. Excused, 2 (Morikawa, McDermott).

**SCRep. 617-22 Corrections, Military, & Veterans on H.B. No. 1463**

The purpose of this measure is to establish a comprehensive application process for executive pardons.

Your Committee received testimony in support of this measure from the Crime Victim Compensation Commission, City and County of Honolulu Department of the Prosecuting Attorney, County of Kaua'i Office of the Prosecuting Attorney, and two individuals. Your Committee received comments on this measure from the Department of Public Safety, Hawaii Paroling Authority, and Hawaii Firearms Coalition.

Your Committee finds that this measure sets forth the requirements for an application for executive pardon; the respective roles of the applicant, Governor, Department of Public Safety, Hawaii Paroling Authority, prosecuting attorneys, and Department of the Attorney General; timeframes within which certain steps of the process must occur; information and documentation needed for full consideration of the application; a means of ensuring any victim or surviving immediate family members of the victim are notified of the application and provided an opportunity to submit information relating to the application; authorization to investigate an application; and if an application is denied, the earliest date by which a repeat application may be accepted.

Your Committee further finds that the existing pardon process does not provide for the notification or input of prosecutors and crime victims or their surviving immediate family members. This measure corrects that oversight, assures sufficient records upon which to base a sound decision, and establishes a process that promotes consistency, transparency, and uniformity in the handling of applications for executive pardons.

However, your Committee notes concerns that were expressed regarding the overall timeframe for the process to be completed and a determination on the application for executive pardon rendered, and finds that further evaluation of the required number of days for notifications and submissions is necessary. As this measure proceeds through the legislative process, your Committee requests that consideration be given to a timeframe that will not disrupt the application process.

Your Committee has amended this measure by:

- (1) Making the number of days for notifications and submissions required by this measure to occur an unspecified number of days after the notification and receipt of submissions;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1463, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1463, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

#### **SCRep. 618-22 Corrections, Military, & Veterans on H.B. No. 1421**

The purpose of this measure is to authorize the issuance of general obligation bonds and appropriate funds for plans and design of a veterans' memorial, with replicas of the memorial on each neighbor island, as recommended by the Gulf War Memorial Task Force formed as a result of Act 139, Session Laws of Hawaii 2013 (Act 139).

Your Committee received testimony in support of this measure from the Department of Defense, State Office of Veterans Services, and nine individuals.

Your Committee finds that pursuant to Act 139, the Office of Veterans Services, with the assistance of the Department of Accounting and General Services, Department of Defense, and State Historic Preservation Division, developed a plan to establish a memorial honoring the veterans of the Persian Gulf War, Operation Desert Storm, Operation Iraqi Freedom, Operation Enduring Freedom, Operation New Dawn, Global War on Terrorism, Homeland Defense, and Operation Noble Eagle and those who have protected our borders by land, sea, and air.

In 2014, the task force's report was presented to the Legislature, requesting an appropriation to plan, design, and construct a memorial with a prime location at the Hawaii State Veterans Cemetery in Kaneohe and replicas on each neighbor island. This measure authorizes the issuance of general obligation bonds and appropriates funds for fiscal year 2022-2023 for the planning and design components of the memorial and replicas.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance decide to hear this measure, your Committee respectfully requests that it consider appropriating \$250,000 for the plans and design of the veterans' memorial.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1421, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1421, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Morikawa, McDermott).

#### **SCRep. 619-22 Corrections, Military, & Veterans on H.B. No. 2342**

The purpose of this measure is to:

- (1) Create a good time credit system by which a parolee may reduce the parolee's sentence through compliance with conditions of parole;
- (2) Provide that substance abuse treatment shall not be required of a parolee if a program is not available in the county of the parolee's residence or if the parolee has not been accepted into a program;
- (3) Prohibit incarceration for certain technical violations;
- (4) Provide that a condition of parole that prohibits the possession or use of alcohol or unauthorized drugs may only be imposed if it is reasonably related to the crime for which the parolee was convicted; and
- (5) Provide that a condition of parole that prohibits unnecessary associations may only apply with respect to certain persons having a connection to the parolee's underlying crime or the prosecution of the crime.

Your Committee received testimony in support of this measure from the Hawai'i Correctional System Oversight Commission, Office of the Public Defender, American Civil Liberties Union of Hawai'i, Hawai'i Children's Action Network Speaks!, Community Alliance on Prisons, Men of Paa, Hawaii Appleseed Center for Law & Economic Justice, Na Kupuna Moku O Keawe, Our Revolution Hawaii, Kanaka O Puna, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Public Safety, Department of the Attorney General, Hawaii Paroling Authority, City and County of Honolulu Department of the Prosecuting Attorney, and two individuals.

Your Committee finds that existing state laws relating to certain violations of community supervision are resulting in counterproductive, skyrocketing rates of incarceration and severe overcrowding in local jails and prisons. Based on weekly population reports, typically one-fourth of all jail and prison admissions in Hawaii are the result of probation or parole violations of the terms of legal supervision, other than the commission of certain crimes.

Your Committee further finds that incarceration for technical violations of parole is expensive, with the State spending \$219 per day to incarcerate just one person. Research shows that community-based services are a fraction of the cost of incarceration, and that investment in access to employment, housing, social services, and voluntary community-based reentry programs reduces recidivism more effectively than incarceration. Accordingly, this measure seeks to reform parole procedures to reduce the incarcerated population.

Your Committee notes concerns, however, with the breadth of the use of the term "technical violation" in the measure and its application. Your Committee therefore finds that all references to "technical violation" should be removed from the substantive provisions of the measure. As this measure proceeds through the legislative process, your Committee requests that the term "technical violation" garner additional analysis so that a workable definition can be considered and included if appropriate. If the term is included, your Committee further requests that parole violation hearings, rather than revocations, be considered in the measure.

Your Committee has amended this measure by:

- (1) Deleting provisions relating to a good time credit system;

- (2) Deleting the provision stating that substance abuse treatment shall not be required of a parolee if a program is not available in the county of the parolee's residence or if the parolee has not been accepted into a program;
- (3) Deleting proposed limitations on conditions of parole relating to possession or use of alcohol or unauthorized drugs and prohibited associations;
- (4) Deleting the definition of "technical violation", the prohibition against incarceration for certain technical violations, and all other references to technical violations from the substantive provisions of this measure;
- (5) Requiring the parolee, halfway through the parolee's term of parole, to receive an assessment from the parolee's parole officer and to have the option to submit a request for review and possible early termination of the parole sentence by the paroling authority;
- (6) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2342, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2342, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Kong). Noes, none. Excused, 2 (Morikawa, McDermott).

#### **SCRep. 620-22 Judiciary & Hawaiian Affairs on H.B. No. 1424**

The purpose of this measure is to repeal certain cross-references in the campaign spending law that refer to language that was previously repealed.

Your Committee received testimony in support of this measure from the Campaign Spending Commission.

Your Committee finds that this housekeeping measure updates Hawaii's campaign spending laws to remove obsolete references to subsections that were repealed by Act 80 and Act 81, Session Laws of Hawaii 2018.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1424, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1424, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 621-22 Judiciary & Hawaiian Affairs on H.B. No. 2176**

The purpose of this measure is to:

- (1) Authorize the Taxation Board of Review (Board) to validate its actions by a concurrence of a majority of the members who heard the appeal;
- (2) Eliminate the requirement that the Board meet in each taxation district at least once annually;
- (3) Clarify the notice requirements for hearings by the Board; and
- (4) Clarify the legal and evidentiary framework the Board utilizes to reach decisions.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the existing law is silent on the number of Board members necessary to validate an action of the Board, such as issuing an official decision. As a result, the Board must follow section 92-15, Hawaii Revised Statutes, which provides that validation requires a majority of all the members to which the Board is entitled. However, this establishes an unusual dilemma in which only three members must be present for quorum, but six members are needed to validate Board actions. By clarifying the requisite number of members need to validate a Board action as a majority of all members present and constituting quorum, as this measure proposes, tax appeals will be heard and resolved more expeditiously.

Your Committee additionally finds that further clarifications in the legal and evidentiary framework are needed to improve efficiencies in the appeals system.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2176, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 622-22 Judiciary & Hawaiian Affairs on H.B. No. 1423**

The purpose of this measure is to:

- (1) Amend the amount of the fine that may be assessed against a noncandidate committee that makes only independent expenditures and has received at least one contribution of more than \$10,000 or spent more than \$10,000 in an election period; and
- (2) Authorize the Campaign Spending Commission to order that the fine, or any portion of the fine, assessed against a noncandidate committee be paid from the personal funds of the officers of the noncandidate committee.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Common Cause Hawaii, and League of Women Voters of Hawaii.

Your Committee finds that this measure increases the amount of fines assessed against a noncandidate committee that makes only independent expenditures, otherwise known as Super PACs or large political action committees. Your Committee further finds that increasing the amount of the fine is necessary in enforcement cases against Super PACs.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1423, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 623-22 Judiciary & Hawaiian Affairs on H.B. No. 1888**

The purpose of this measure is to:

- (1) Increase the threshold amount of aggregated expenditures for electioneering communications in a calendar year from more than \$1,000 to more than \$2,000 before the filing of a statement of information would be required;
- (2) Require that disclosures of electioneering communications occur on the date the electioneering communications are publicly distributed;
- (3) Specify the disclosure date for subsequent public distribution of electioneering communications;
- (4) Exempt communications in news stories and editorials published by electronic means from being considered electioneering communications; and
- (5) Repeal the actual expenditures exception from the definition of "electioneering communications".

Your Committee received testimony in support of this measure from the Campaign Spending Commission and Common Cause Hawaii.

Your Committee finds that electioneering communications are meant to expose noncandidate influences on elections, which have been shown to radically influence the outcomes of elections in the State. Amending the disclosure date of electioneering communications to occur on the date the electioneering communications are publicly distributed is timelier and provides more transparency, as contracts for these advertisements may occur weeks or months before the electioneering communications are publicly distributed.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1888, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1888, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 624-22 Judiciary & Hawaiian Affairs on H.B. No. 2475**

The purpose of this measure is to establish July 31 of each year as La Hoihoi Ea.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Department of Human Resources of the City and County of Honolulu.

Your Committee finds that La Hoihoi Ea, also known as Restoration Day, was the first national holiday in the Hawaiian Kingdom. Celebrated on July 31, La Hoihoi Ea marked the restoration of the Hawaiian Kingdom's government after the British ambassador and a British Navy captain illegally seized control. Establishing July 31 of each year as La Hoihoi Ea would highlight the historical and cultural accomplishments of the past and provide an opportunity to honor upstanding members of the Hawaiian community.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2475, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Lowen, Tokioka).

#### **SCRep. 625-22 Judiciary & Hawaiian Affairs on H.B. No. 1828**

The purpose of this measure is to make various amendments related to the Taxation Board of Review, including:

- (1) Reducing the membership from ten members to three, with at least two required for quorum;
- (2) Establishing that the members are full-time employees, with compensation based on a percentage of the salary of the Director of Taxation;
- (3) Authorizing members to validate the board's actions with a concurrence of the majority;
- (4) Clarifying that board meetings are contested case hearings and specifying notice requirements; and
- (5) Appropriating funds for the Department of Taxation to establish three full-time equivalent Taxation Board of Review members and two full-time equivalent staff positions.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that establishing a paid professional Taxation Board of Review (Board) with robust institutional support will greatly help the Department of Taxation work through the significant backlog of appeals, thereby ensuring that Hawaii taxpayers have tax appeal issues resolved fairly and expeditiously.

Your Committee further finds that the existing law is silent on the number of Board members necessary to validate an action of the Board, such as issuing an official decision. As a result, the Board must follow section 92-15, Hawaii Revised Statutes, which provides that validation requires a majority of all the members to which the Board is entitled. However, this establishes an unusual dilemma in which only three members must be present for quorum, but six members are needed to validate Board actions. By clarifying the requisite number of members needed to validate a Board action as a majority of all members present and constituting quorum, as this measure proposes, tax appeals will be heard and resolved more expeditiously.

Your Committee additionally finds that further clarifications in the legal and evidentiary framework are needed to improve efficiencies in the appeals system.

Your Committee has amended this measure by:

- (1) Clarifying that the Vice Chair of the Taxation Board of Review shall serve as the Chairperson during the Chairperson's temporary inability to act due to recusal; and

(2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1828, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1828, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 626-22 Judiciary & Hawaiian Affairs on H.B. No. 1894**

The purpose of this measure is to accommodate the use of traditional Native Hawaiian burial practices and environmentally-friendly burial practices by including water cremation in the treatment and disposal of human remains.

Your Committee received testimony in support of this measure from Fisher & Associates, LLC; Aloha Mortuary; Ken Ordenstein Funerals; and twelve individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Health, and Hawaii Funeral & Cemetery Association, Inc.

Your Committee finds that there has been an increase of interest in traditional Native Hawaiian practices for burials among Native Hawaiians and non-Native Hawaiians. Traditional Native Hawaiian burials include certain practices for treatment of human remains, which involve reducing remains to skeletal components and interring the iwi, or bones, in a kapa or lauhala container. In addition, your Committee finds that a process called water cremation, technically known as alkaline hydrolysis, provides an alternative to the traditional, flame-based cremation. This measure accommodates the use of traditional Native Hawaiian burial practices and the burial practice of water cremation to provide greater options for persons to memorialize the deceased.

Your Committee has amended this measure by:

- (1) Requiring the Department of Health, rather than the Department of Commerce and Consumer Affairs, to be responsible for establishing licensing requirements and training standards for, and issuing licenses to, hydrolysis facilities in the State;
- (2) Clarifying that hydrolysis facilities in the State are subject to existing licensing requirements;
- (3) Requiring sterile wastewater from hydrolysis facilities to be discharged into the sewer system as approved by the counties; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1894, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.B. No. 1894, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 627-22 Judiciary & Hawaiian Affairs on H.B. No. 2309**

The purpose of this measure is to reduce recidivism rates in the State and increase productivity in affected communities by appropriating monies for the development and maintenance of diversion, reentry, and rehabilitation programs within the State.

Your Committee received testimony in support of this measure from the Judiciary, American Civil Liberties Union of Hawai'i, Hawaii Substance Abuse Coalition, and Hawai'i Health & Harm Reduction Center. Your Committee received comments on this measure from the Department of Human Services, Department of Public Safety, and Department of Budget and Finance.

Your Committee finds that individuals having arrest and conviction records face many barriers to success, including housing restrictions, workplace restrictions, and informal restrictions. This measure aims to assist in the transition of formerly incarcerated individuals from jails and prisons to the community by providing more opportunities for success for these individuals.

Your Committee has amended this measure by:

- (1) Deleting references to specific organizations and programs from the preamble; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2309, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2309, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 628-22 Judiciary & Hawaiian Affairs on H.B. No. 2179**

The purpose of this measure is to authorize the Director of Taxation, under certain circumstances, to apply to the circuit court to convert certain tax liens into enforceable civil judgments.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that under existing law, if a delinquent taxpayer deliberately ignores the Department of Taxation's communications and their tax lien remains uncontested, the collection process cannot move forward, thereby making their delinquent tax case uncollectible. This measure will incentivize delinquent taxpayers to proactively respond to tax lien notices and lead to increased tax compliance by allowing the Director of Taxation to seek judicial enforcement of tax liens.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2179 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

**SCRep. 629-22 Judiciary & Hawaiian Affairs on H.B. No. 2311**

The purpose of this measure is to appropriate funds to the Department of Public Safety to collaborate with the Office of Hawaiian Affairs in the creation of a Native Hawaiian rehabilitation program for prison inmates, which puts an emphasis on Native Hawaiian values and cultural practices.

Your Committee received testimony in support of this measure from the Department of Public Safety, Opportunity Youth Action Hui, Community Alliance on Prisons, Hawai'i Health & Harm Reduction Center, Women's Prison Project, and one individual. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Office of Hawaiian Affairs, Department of Human Services, and Department of Budget and Finance.

Your Committee finds that rehabilitation programs have traditionally been based on western models that may not have any relevance or foundation to prison inmates' identity, cultural beliefs, and worldview. Establishing a rehabilitation program that specifically emphasizes Native Hawaiian values and cultural practices may help the disproportionately represented Native Hawaiian inmate population feel less disenfranchised and support their reintegration into society upon release.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2311, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

**SCRep. 630-22 Judiciary & Hawaiian Affairs on H.B. No. 2365**

The purpose of this measure is to:

- (1) Establish an Electronic Citation Special Fund to support a Statewide Electronic Citation program under the Judiciary;
- (2) Establish an electronic citation surcharge to be assessed to various traffic violations with revenues to be deposited into the Electronic Citation Special Fund; and
- (3) Require the Judiciary to adopt procedures to distribute monies from the Electronic Citation Special Fund to the respective law enforcement agencies and the Administrative Director of the courts to defray expenses related to the establishment, implementation, operation, oversight, repair and maintenance of an Electronic Citation Program.

Your Committee received testimony in support of this measure from the Judiciary, Department of Transportation, and Honolulu Police Department. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that a statewide electronic citation system will streamline processes and that the time savings will allow law enforcement to spend less time on paperwork and data entry and more time on responding to calls and community concerns. Your Committee further finds that an electronic citation system will assist the Judiciary in reducing clerical issues, processing delays, and citation dismissals.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2365 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Lowen, Tokioka).

**SCRep. 631-22 Judiciary & Hawaiian Affairs on H.B. No. 2085**

The purpose of this measure is to propose amendments to the Hawaii State Constitution to expressly provide that the Legislature may authorize political subdivisions, such as the counties, to issue tax increment bonds and to exclude tax increment bonds in calculating the debt limit of the political subdivisions.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Office of Planning and Sustainable Development. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that although existing law permits a county council to provide for tax increment financing, tax increment bonds do not neatly fit within the types of bonds that counties may issue under the Hawaii State Constitution. Your Committee further finds that tax increment financing is a value capture financing tool which is successfully and widely used in other states. This measure will allow counties to issue tax increments bonds that may be used for costly infrastructure upgrades without affecting the debt limit of the counties.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2085 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Lowen, Tokioka).

**SCRep. 632-22 Judiciary & Hawaiian Affairs on H.B. No. 1841**

The purpose of this measure is to:

- (1) Increase the rate of compensation and maximum allowable amounts per case for court-appointed counsel and guardian ad litem; and
- (2) Appropriate funds to the Judiciary for the purchase of service contracts, guardian ad litem contracts, and court-appointed counsel contracts.

Your Committee received testimony in support of this measure from the Judiciary, Legal Aid Society of Hawaii, and two individuals.

Your Committee finds that guardians ad litem perform a critical role in many family court cases, including child abuse and neglect cases, involuntary hospitalization proceedings, and assisted community treatment proceedings. The subjects of these proceedings are among the most vulnerable members of the State and are frequently unable to advocate for themselves. This measure will attract and retain competent individuals to act as a guardian ad litem to represent those who cannot advocate for themselves.

Your Committee has amended this measure by specifying a rate of \$75 an hour for all services provided by a person who is not an attorney licensed to practice law in the State as a guardian ad litem.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1841, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1841, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (Tokioka).

**SCRep. 633-22 Judiciary & Hawaiian Affairs on H.B. No. 886**

The purpose of this measure is to amend the law relating to personal liability requirements of professionally licensed or certified employees of the State by:

- (1) Clarifying that the State shall be exclusively liable for civil tort claims resulting from the negligent or wrongful act or omission of a professionally licensed or certified employee of the State acting within the course and scope of the employee's office or employment if the State agrees to be fully liable; and
- (2) Precluding civil actions or proceedings for money damages against the employee, except for claims arising from employment with an employer other than the State.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Public Safety, and Hawaii Association for Justice.

Your Committee finds that state employees are generally afforded qualified privilege or immunity for torts as a result of actions taken while in the course and scope of their employment. However, in *Slingluff v. State*, the Intermediate Court of Appeals found that prison physicians are not entitled to a qualified immunity for the exercise of their professional medical judgment.

Your Committee further finds that the potential for personal liability prevents qualified professionals from applying for jobs with the State. This measure addresses challenges in the recruitment and retention of prison physicians by extending the qualified immunity granted to other government employees to professionally licensed or certified employees exercising their professional judgement in the course and scope of their state employment.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 886 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (Tokioka).

**SCRep. 634-22 Judiciary & Hawaiian Affairs on H.B. No. 1739**

The purpose of this measure is to clarify that the comprehensive offender reentry system provides programs and services that result in the timely release of inmates on parole when the minimum term, rather than the maximum term, has been served by the inmate.

Your Committee received testimony in support of this measure from the Department of Public Safety, Common Cause Hawaii, Community Alliance on Prisons, and American Civil Liberties Union of Hawai'i.

Your Committee finds that the development and implementation of comprehensive reentry plans for inmates are critical to their success when transitioning to life after incarceration. This measure corrects an error that inadvertently provided that individuals must serve their maximum terms versus their minimum terms before being released on parole.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1739 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 1 (Tokioka).

**SCRep. 635-22 Judiciary & Hawaiian Affairs on H.B. No. 2499**

The purpose of this measure is to require certain departments and agencies to provide grants to tax-exempt nonprofit organizations that have experience and expertise in supporting and advancing Native Hawaiian communities.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority, Office of Community Services, Council for Native Hawaiian Advancement, Kua'āina Ulu 'Auamo, The Friends of Iolani Palace, Kapolei Chamber of Commerce, and one individual. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Department of the Attorney General; Department of Business, Economic Development, and Tourism; Department of Land and Natural Resources; and Department of Budget and Finance.

Your Committee finds that this measure supports Native Hawaiian communities and culture by tailoring assistance programs to benefit them and capitalizing on organizations with at least twenty years of experience providing assistance and support to Native Hawaiian communities.

Your Committee has amended this measure by:

- (1) Clarifying that the grants awarded pursuant to this measure must be in conformance with the standards for the award of grants under state law; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2499, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2499, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 2 (Lowen, Tokioka).

**SCRep. 636-22 Judiciary & Hawaiian Affairs on H.B. No. 1239**

The purpose of this measure is to enhance the public's trust in law enforcement and standardize best practices between the counties by:

- (1) Amending the Law Enforcement Officer Independent Review Board to:
  - (A) Require review of any specific incident of alleged misconduct recommended by certain officials;
  - (B) Require members to serve four-year terms; and
  - (C) Make it a permanent board; and
- (2) Amending the membership and powers of the Law Enforcement Standards Board and extending member's terms to four years.

Your Committee received testimony in support of this measure from the Department of Transportation, Law Enforcement Standards Board, and one individual. Your Committee received testimony in opposition to this measure from the State of Hawaii Organization of Police Officers. Your Committee received comments on this measure from the Department of the Attorney General and American Civil Liberties Union of Hawai'i.

Your Committee finds that the Law Enforcement Officer Independent Review Board and Law Enforcement Standards Board are intended to promote public trust in law enforcement. Each board serves a vital function in overseeing and regulating law enforcement in the State. This measure is intended to help facilitate these boards in the interest of public trust and safety.

Your Committee has amended this measure by:

- (1) Deleting the requirement that the Law Enforcement Officer Independent Review Board review of any specific incident of alleged misconduct recommended by certain officials;
- (2) Permitting the Governor to appoint the public members of the Law Enforcement Standards Board without the advice and consent of the Senate;
- (3) Permitting experience in a county police department to qualify as work experience in a law enforcement capacity for public members of the Law Enforcement Standards Board;
- (4) Clarifying that the Administrator of the Law Enforcement Standards Board is exempt from civil service requirements; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1239, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1239, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 637-22 Judiciary & Hawaiian Affairs on H.B. No. 1448**

The purpose of this measure is to enable the counties to impose and collect fines for violations of the state traffic laws, in addition to the fines imposed by the State.

Your Committee received testimony in support of this measure from one member of the Kaua'i County Council, one member of the Hawai'i County Council, and Hawai'i State Association of Counties. Your Committee received testimony in opposition to this measure from the Office of the Public Defender, Hawaii Transportation Association, and Honolulu County Republican Party. Your Committee received comments on this measure from the Judiciary and Tax Foundation of Hawaii.

Your Committee finds that although the counties and county police enforce traffic violations, the fines collected are deposited into the state general fund for state use. This fine structure does not allow the counties to recoup the costs incurred for enforcing traffic laws, including costs related to detecting violations, issuing citations, and making arrests as well as equipment, personnel, and administrative costs. The purpose of this measure is to better support the county police departments in enforcing traffic laws.

Your Committee has amended this measure by deleting language that authorized the counties to impose, by ordinance, additional fines for violations of the state traffic laws, in addition to the fines imposed by the State, and instead imposing a County Highway Enforcement Surcharge, in addition to other penalties and fines, for violations of laws prohibiting or restricting the stopping, standing, or parking of vehicles on county highways to be distributed to the police department of the county in which the violation occurred. Your Committee has further amended this measure by:

- (1) Authorizing each county to:
  - (A) Establish a County Highway Enforcement Program within each county police department to enforce laws prohibiting or restricting the stopping, standing, or parking of vehicles on county highways and provide for parking management-related improvements;
  - (B) Designate, by ordinance, specific sections of county highways subject to the County Highway Enforcement Surcharge and require the counties to transmit a copy of the ordinance to the Judiciary each year; and
  - (C) Establish a County Highway Enforcement Program Fund within the County Highway Enforcement Program for the deposit of the County Highway Enforcement Surcharge and related penalties;
- (2) Requiring each county director of finance to submit an annual report to the Legislature and respective county council or city council on the status and progress of the County Highway Enforcement Program, including an update of all monies deposited into and expended from the County Highway Enforcement Program Fund;
- (3) Requiring the Director of Finance to annually remit the counties' share, if any, of penalties collected for outstanding citations and judgments arising out of violations of laws prohibiting or restricting the stopping, standing, or parking of vehicles on county highways; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1448, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1448, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (McKelvey, Ward). Noes, none. Excused, 2 (Lowen, Tokioka).

#### **SCRep. 638-22 Judiciary & Hawaiian Affairs on H.B. No. 1788**

The purpose of this measure is to revitalize the Waiakea Peninsula area of Hilo by:

- (1) Establishing the Waiakea Peninsula Redevelopment District and Waiakea Planning Committee for the redevelopment of public lands on the Waiakea Peninsula;
- (2) Establishing the Waiakea Peninsula Redevelopment District Revolving Fund; and
- (3) Making an appropriation.

Your Committee received testimony in support of this measure from the Mayor of the County of Hawai'i, Hawai'i Primary Care Association, and one individual. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources and League of Women Voters of Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance and Department of the Attorney General.

Your Committee finds that the Waiakea Peninsula serves an important function in supporting the island of Hawaii's tourism industry. However, public lands on the Waiakea Peninsula have deteriorated or become dilapidated or obsolete over the years. Since the State owns a large part of the Waiakea Peninsula, it has the primary responsibility to oversee the redevelopment of the area to ensure that it does not deteriorate further and detrimentally impact the economy of the community as a whole.

Your Committee has amended this measure by:

- (1) Amending the purpose section of this measure to further explain the need for the measure and distinguish the Waiakea Peninsula from other public lands;
- (2) Renaming the "Waiakea Planning Committee" as the "Waiakea Redevelopment and Planning Committee" and clarifying that the committee is a redevelopment and planning committee;
- (3) Deleting language transferring the management of public lands within the Waiakea Peninsula Redevelopment District to the Waiakea Redevelopment and Planning Committee;
- (4) Deleting language that authorized the Waiakea Redevelopment and Planning Committee to lease public lands in the Waiakea Peninsula Redevelopment District;
- (5) Clarifying that the Waiakea Redevelopment and Planning Committee's authorization to renew or renegotiate any lease in connection with any project contained in the redevelopment plan for the designated district be on terms and conditions as the committee deems advisable; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1788, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1788, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Lowen, Tokioka).

#### **SCRep. 639-22 Judiciary & Hawaiian Affairs on H.B. No. 1653**

The purpose of this measure is to strengthen the penalties for violations of the State's aquatic resources law by:

- (1) Establishing a tiered administrative fine system for each specimen of aquatic life taken, killed, or injured;
- (2) Establishing a criminal fine structure on a per-specimen basis for violations involving aquatic life;
- (3) Authorizing the Department of Land and Natural Resources to recommend community service that benefits the resource damaged when a person is ordered to perform community service in lieu of a fine; and
- (4) Authorizing the Department of Land and Natural Resources to recommend to the court that defendants be restricted from entering specific geographical areas where aquatic resources may be found, including ocean waters, estuaries, rivers, and streams.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Kauhako Ohana Association; Mālama Pūpūkea-Waimea; Moana Ohana; Kua'āina Ulu 'Auamo; Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc.; and two individuals. Your Committee received testimony in opposition to this measure from Ocean Tourism Coalition. Your Committee received comments on this measure from the Department of the Attorney General and For the Fishes.

Your Committee finds that Hawaii's aquatic resources serve significant importance to agriculture, tourism, food production, and fisheries in the State. A critical component of effective resource management is ensuring that management agencies have the appropriate enforcement tools and penalties to encourage compliance with the State's aquatic resource laws to ensure just and reasonable punishment for violations.

Your Committee has amended this measure by:

- (1) Specifying that the Department of Land and Natural Resources may recommend certain probationary terms and conditions relating to fishing activities and equipment for a defendant to the applicable court; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1653, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1653, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Lowen, Tokioka).

#### **SCRep. 640-22 Government Reform on H.B. No. 1475**

The purpose of this measure is to:

- (1) Require all new state employees to complete ethics training either live or online within ninety days of the start of employment and every four years thereafter;
- (2) Specify that certain state officers, including state legislators, are required to complete live ethics training; and
- (3) Require existing state employees who have not received ethics training within the immediately preceding three years of the effective date of this measure to complete live or online ethics training within twelve months of this measure's effective date and every four years thereafter.

Your Committee received testimony in support of this measure from the Hawaii State Ethics Commission, League of Women Voters of Hawaii, and two individuals. Your Committee received comments on this measure from Common Cause Hawaii and one individual.

Your Committee finds that requiring all state officers and employees, including state legislators, to receive training on the State Ethics Code is in the best interests of the State. Regular training by the Hawaii State Ethics Commission will ensure that state officers and employees are aware of the existing state ethics laws and will increase the public's confidence and trust in state government.

Your Committee further finds that, now more than ever, it is of the utmost imperative that all state officers, employees, and especially state legislators, receive training on the State Ethics Code on a regular basis, and it is in the best interest of the State and the best course to restore public confidence in the system of elected representative government.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1475 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (Ward).

#### **SCRep. 641-22 Government Reform on H.B. No. 2026**

The purpose of this measure is to strengthen the understanding of, and public participation in, the administrative proceedings and process of government boards by:

- (1) Making clarifying amendments to part I of chapter 92, Hawaii Revised Statutes (the State's Sunshine Law), to reflect existing Office of Information Practice opinions and guidance on the State's Sunshine Law;
- (2) Authorizing a permitted interaction for the narrow purpose of preparing a written statement for the Legislature;
- (3) Requiring better advance notice of items to be discussed by specifying when board packets are to be available to interested persons; and
- (4) Specifying that the State's Sunshine Law applies to all adjudicatory functions concerning land use regardless of the agency exercising such functions, not just the adjudicatory functions exercised by the Land Use Commission.

Your Committee received testimony in support of this measure from one member of the Hawaii County Council, Civil Beat Law Center for the Public Interest, League of Women Voters of Hawaii, Common Cause Hawaii, Society of Professional Journalists Hawaii Chapter, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Information Practices and Hawaii Tourism Authority.

Your Committee finds that the powers and functions of public agencies and boards are legitimized by the public's confidence in these institutions. For that reason, the State's Sunshine Law imposes certain requirements to ensure that governmental processes are open for public scrutiny and participation. This measure will further the objectives and intent of the State's Sunshine Law.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2026, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2026, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (Ward).

#### **SCRep. 642-22 Government Reform on H.B. No. 2037**

The purpose of this measure is to require the Office of Information Practices to resolve open meeting and open record complaints through either a legal determination on whether a violation occurred or guidance on the relevant legal requirements.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Civil Beat Law Center for the Public Interest and League of Women Voters of Hawaii. Your Committee received comments on this measure from the Office of Information Practices and Common Cause Hawaii.

Your Committee finds that providing the Office of Information Practices with the statutory discretion to decide whether to provide an opinion or informal guidance to resolve open meeting and open record complaints will allow the Office to give informal guidance on cases and appeals where it would be more suitable, less-time consuming, and more efficient in reaching the same result that a legal determination would give. This measure will give the Office of Information Practices the additional flexibility to handle its growing caseload and improve its efficiency within the constraints of its resources.

Your Committee has amended this measure by:

- (1) Clarifying that the Office of Information Practices is required to resolve open meeting and open record complaints through either a legal determination or written guidance; and
- (2) Changing its effective date to July 1, 2112, to encourage further discussion.

Your Committee is concerned that only allowing open meeting and open record complaints to be resolved through written guidance of the Office of Information Practices will cut off a party from pursuing a resolution to a complaint through a legal determination of the Office. Your Committee requests your Committee on Judiciary & Hawaiian Affairs, should it choose to deliberate on this measure further, consider if there should be an avenue for legal determination to resolve the complaints.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2037, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2037, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (Ward).

**SCRep. 643-22 Government Reform on H.B. No. 2068**

The purpose of this measure is to exempt construction procurements from the statutory provisions in the Hawaii Public Procurement Code that incentivize contractors and subcontractors to use Hawaii products.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Department of Transportation, University of Hawai'i System, State Procurement Office, Department of Budget and Fiscal Services of the City and County of Honolulu, Honolulu Board of Water Supply, and General Contractors Association of Hawaii.

Your Committee finds that the purpose of section 103D-1002, Hawaii Revised Statutes, is to incentivize contractors and subcontractors to use Hawaii products to support the local industry. However, the incentive has had unintended consequences, including increased construction costs and decreased efficiency of the procurement process. Your Committee believes that exempting construction procurements from the requirements of this section will yield potential savings in the costs of construction and reduce the effort necessary to prepare a construction bid.

Your Committee has amended this measure by changing its effective date to July 1, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2068, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2068, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

**SCRep. 644-22 Government Reform on H.B. No. 2069**

The purpose of this measure is to establish procedures for the custody, inventory, and care of protocol gifts received by members of either house of the Legislature or other state employees.

Your Committee received testimony in support of this measure from the Hawaii State Ethics Commission, Department of Accounting and General Services, and Hawaii State Archives. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that legislators and other state employees accept protocol gifts on behalf of the State or either house of the Legislature from other dignitaries as a gesture of goodwill or to strengthen international or national friendships. Your Committee further finds that the treatment of protocol gifts is not currently established under state law. This measure will statutorily establish the procedures for the custody, inventory, and care of the protocol gifts.

Your Committee further finds that allowing a recipient of a foreign protocol gift to maintain such a gift, despite its eventual deposit into the Hawaii State Archives, could create murky ethical issues. Therefore, in order to ensure transparency, your Committee believes it is appropriate to amend this measure to require transfer of the foreign protocol gift to the Hawaii State Archives within thirty days of receipt. Furthermore, your Committee also believes it is appropriate to amend the protocol gift written record disclosure provision to require that the recipient of the protocol gift keep a written record of the gift but note in the written record the date of transfer as a way to verify the chain of custody of the protocol gift.

Accordingly, your Committee has amended this measure by:

- (1) Requiring members of either house of the Legislature or other state employees who receive a protocol gift to:
  - (A) Transfer the protocol gift, within thirty days of receipt, to the Hawaii State Archives, rather than retain, display, or dispose of the gift; and
  - (B) Submit an original written record of the protocol gift to the Hawaii State Archives at the end of the recipient's term of office or employment;
- (2) Amending the information to be included in the written record of a protocol gift;
- (3) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2069, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2069, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ward).

**SCRep. 645-22 Government Reform on H.B. No. 2303**

The purpose of this measure is to specify that certain deliberative and pre-decisional materials that are a direct part of a government agency's internal decision-making process are not subject to disclosure if the disclosure of such materials would impair the agency's ability to make sound and fair decisions, but only to the extent that the impairment outweighs public interest in disclosure of the materials.

Your Committee received testimony in support of this measure from the Department of Budget and Finance, University of Hawai'i System, and Employees' Retirement System. Your Committee received testimony in opposition to this measure from the Civil Beat Law Center for the Public Interest, Common Cause Hawaii, League of Women Voters of Hawaii, and three individuals. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that in 1988, the Legislature passed the Uniform Information Practices Act, codified as chapter 92F, Hawaii Revised Statutes, which includes the requirement that state and county government agencies allow public access to government records upon request, with certain exceptions. Your Committee further finds that beginning in 1989, the Office of Information Practices recognized that public disclosure of pre-decisional and deliberative memoranda and correspondence transmitted within or between government agencies could impede the candid and free exchange of ideas and opinions within an agency, which is contrary to the Legislature's original intent when passing the Uniform Information Practices Act. This measure will clarify the Legislature's intent regarding internal deliberative and pre-decision materials and provide for the protection of internal decision-making materials to allow agencies to freely and candidly share views internally and reach sound and fair decisions.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2303, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2303, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ward).

#### SCRep. 646-22 Government Reform on H.B. No. 2025

The purpose of this measure is to amend the State's Sunshine Law to require that the mandatory disclosure of the names of persons who are physically with a board member attending a remote board meeting shall apply only to the persons over eighteen who are physically present with the board member at a nonpublic location.

Your Committee received testimony in support of this measure from the Hawaii Tourism Authority. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that the Sunshine Law's remote meetings provision requires a board member participating from a nonpublic location to identify who is also present at the same location. Your Committee further finds that board members may have their minor children with them during a virtual board or committee meeting. Your Committee believes that protecting minors is paramount and will provide peace of mind to board members while fulfilling their duties.

Your Committee additionally finds that in today's economy, there may be young people who are still of an age to be considered a minor yet engage in internship or professional capacities, potentially with organizations or entities that may have business in front of a board. Your Committee also finds that a conflict of interest stipulation should be added to this measure so that if any such situation exists, the young person would still have to declare their presence under the Sunshine Law.

Your Committee is concerned that litigation may occur regarding what constitutes a conflict of interest. Your Committee further finds that *Black's Law Dictionary* defines "conflict of interest" as "A real or seeming incompatibility between one's private interests and one's public or fiduciary duties." Your Committee believes that this definition is appropriate to delineate what constitutes a conflict of interest.

Accordingly, your Committee has amended this measure by:

- (1) Requiring the disclosure of names of any individual who is physically with a board member attending a public meeting by an online method and is under the age of eighteen if the individual has a conflict of interest on any issue before the board at the meeting;
- (2) Inserting a definition for "conflict of interest"; and
- (3) Changing its effective date to July 1, 2112, to encourage further discussion.

Your Committee respectfully requests your Committee on Judiciary & Hawaiian Affairs, should it choose to deliberate on this measure, examine further the definition of conflict of interest as it pertains to this measure.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2025, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2025, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ward).

#### SCRep. 647-22 Judiciary & Hawaiian Affairs on H.B. No. 1536

The purpose of this measure is to appropriate supplemental funds for the Judiciary through the fiscal year ending June 30, 2023.

Your Committee received testimony in support of this measure from the Judiciary, Hawaii State Bar Association, Appellate Section of the Hawaii State Bar Association, Hawaii County Bar Association, West Hawai'i Bar Association, Volunteer Legal Services Hawai'i, Hawai'i Access to Justice Commission, and Legal Aid Society of Hawai'i.

Your Committee finds that the supplemental appropriations made by this measure will assist the Judiciary in its efforts to fulfill its constitutional, statutory, and public service duties.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider appropriating:

- (1) \$2,000,000 for reintegration programs, including education, culture, and vocational training programs to be coordinated by the Judiciary;
- (2) \$50,000 for the technology development phase of the Criminal Pretrial Data Reporting and Collection System for Act 179, Session Laws of Hawaii 2019, on behalf of the Criminal Justice Research Institute;
- (3) \$750,000 for the Legal Aid Society of Hawai'i;
- (4) \$250,000 for Volunteer Legal Services Hawai'i;
- (5) \$5,000,000 for the Kaahumanu Hale fire alarm replacement; and
- (6) \$1,500,000 for the Kaahumanu Hale expansion and reconfiguration of the sheriff patrol station and the main security checkpoint.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1536, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1536, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Lowen, Tokioka).

#### SCRep. 648-22 Judiciary & Hawaiian Affairs on H.B. No. 2313

The purpose of this measure is to:

- (1) Require the Department of Public Safety to conduct internal pretrial female risk and needs assessments to measure a female offender's risk of flight, criminal conduct, and risk of violence or harm to the community; and
- (2) Require the pretrial female risk and needs assessment tool to consider certain factors important to evaluate a female offender's risk to reoffend.

Your Committee received testimony in support of this measure from the Hawai'i Correctional System Oversight Commission, Hawai'i Substance Abuse Coalition, Women's Prison Project, and Hawaii Health & Harm Reduction Center. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that a female offender's pathways to crime and risk factors for recidivism are often different than those of male offenders and specialized tools are needed to adequately identify these pathways and risks. This measure supports the use of a pretrial gender-responsive risk and needs assessment tool, which is critical in evaluating a female offender's risk of recidivism and other specialized treatment needs.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2313, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Ward). Noes, 1 (Tokioka). Excused, none.

#### **SCRep. 649-22 Judiciary & Hawaiian Affairs on H.B. No. 2312**

The purpose of this measure is to:

- (1) Statutorily establish within the Judiciary the Women's Corrections Implementation Commission to:
  - (A) Develop and implement an evidence-based, gender-responsive plan to divert non-violent women offenders from the criminal justice system;
  - (B) Ensure implementation of the recommendations from the final report of the Task Force on Prison Reform, formed pursuant to House Concurrent Resolution No. 85, Regular Session of 2016;
  - (C) Review existing local resources and programs focused on women in the justice system for their effectiveness and expansion; and
  - (D) Consider model programs; and
- (2) Appropriate funds for the establishment of the Women's Corrections Implementation Commission.

Your Committee received testimony in support of this measure from the Judiciary, Women's Prison Project, and Hawai'i Health & Harm Reduction Center. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Public Safety, and Hawai'i State Commission on the Status of Women.

Your Committee finds that Hawaii's correctional system can benefit from the establishment of a Women's Corrections Implementation Commission to direct and oversee the changes needed to develop a more effective and gender-responsive system. This measure also ensures the implementation of recommendations from the Task Force on Prison Reform, formed pursuant to House Concurrent Resolution No. 85, Regular Session of 2016, which were made available in the final report to the Legislature during the Regular Session of 2019.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2312, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 650-22 Judiciary & Hawaiian Affairs on H.B. No. 2038**

The purpose of this measure is to:

- (1) Require the language and meaning of any proposed constitutional amendment and ratification question to be simple, concise, and direct to the extent practicable; and
- (2) Allow the presiding officers of the Legislature to request a written opinion, within forty-eight hours, of the Supreme Court regarding the legality of a proposed amendment to the state constitution and the constitutional ratification question.

Your Committee received comments on this measure from the Judiciary.

Your Committee finds that constitutional ratification questions should be posed in simple, concise, and direct language. Your Committee further finds that it is an appropriate exercise of the powers of the Hawaii Supreme Court to issue written opinions on the legality of a proposed constitutional ratification question when requested by a house of the Legislature. This measure provides a mechanism to ensure the legality of constitutional ratification questions are addressed by the highest court in the State.

Your Committee has amended this measure by:

- (1) Requiring the Supreme Court to provide a written opinion on the legality of a proposed amendment to the state constitution and the constitutional ratification question within seven days of receipt of the request, rather than within forty-eight hours; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2038, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2038, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Lowen, Tokioka).

#### **SCRep. 651-22 Judiciary & Hawaiian Affairs on H.B. No. 1776**

The purpose of this measure is to:

- (1) Mandate that there be a community-based work furlough program for incarcerated women in the State; and
- (2) Appropriate funds to the Department of Public Safety to ensure the continuation and expansion of community-based work furlough for women.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Public Safety, Office of the Public Defender, Hawaii Substance Abuse Coalition, Women's Prison Project, Hawai'i Women Lawyers, Hawai'i Health & Harm Reduction Center, and YWCA O'ahu. Your Committee received comments on this measure from the Department of Budget and Finance and American Civil Liberties Union of Hawai'i.

Your Committee finds that since 2015, the Department of Public Safety has contracted with a local nonprofit organization to place women from the Women's Community Correctional Center on Oahu in a residential program that provides wraparound services to assist them as they reenter society and rebuild their lives. The residential program's job readiness and job retention programs enable women to return to the workforce, keeping eighty-four percent of participants out of prison and providing them with the opportunity to participate in and access transitional training. This measure ensures the continuation and expansion of the community-based work furlough program for incarcerated women in the State.

Your Committee has amended this measure by:

- (1) Requiring the expansion of community-based work furlough and reentry programs for female offenders, regardless of whether the program is funded by the Department of Public Safety or another state agency;
- (2) Requiring the Department of Public Safety and any other state agency that contracts with community-based work furlough and reentry programs for female offenders to submit an annual report to the Legislature that includes the amount of funding expended for community-based work furlough and reentry programs, the number of women served by the programs, a description of the services provided by the programs, and program participation outcomes; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1776, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1776, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 652-22 Judiciary & Hawaiian Affairs on H.B. No. 2171**

The purpose of this measure is to:

- (1) Establish a new Department of Law Enforcement to consolidate and administer the criminal law enforcement and investigations functions of the Department of Transportation, certain investigations functions of the Department of the Attorney General, functions of the Office of Homeland Security, and law enforcement and investigations functions of the Department of Public Safety;
- (2) Rename the Department of Public Safety as the Department of Corrections and Rehabilitation, which will administer the corrections, rehabilitation, reentry, and related functions currently assigned to the Department of Public Safety;
- (3) Establish a training center within the Department of Law Enforcement;
- (4) Transfer employees, appropriations, records, equipment, leases, contracts, other documents, rules, policies, procedures, guidelines, and other material, as appropriate, to the respective departments; and
- (5) Establish positions and appropriate funds for the Department of Law Enforcement and Department of Corrections and Rehabilitation.

Your Committee received testimony in support of this measure from the Department of the Attorney General; Department of Transportation; Department of Public Safety; Department of Defense; Hawaii Paroling Authority; Hawaii Office of Homeland Security; Department of the Prosecuting Attorney of the City and County of Honolulu; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; State of Hawaii Organization of Police Officers; and numerous individuals. Your Committee received testimony in opposition to this measure from three individuals. Your Committee received comments on this measure from the Department of Budget and Finance; Office of Information Practices; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee finds that state law enforcement personnel and functions are currently spread across various departments. The Department of Public Safety, Department of Transportation, and Department of the Attorney General all have independent law enforcement officers and different law enforcement duties. Since each department administers its own law enforcement duties, goals, and functions, training and operational standards differ between each department. This measure consolidates state law enforcement responsibilities into a single state department to increase public safety, improve decision making, promote accountability, streamline communication, decrease costs, reduce duplication of efforts, and provide uniform training and standards.

Your Committee has amended this measure by:

- (1) Clarifying that appropriate counseling services for sexual assault are to be made available to victims of prison sexual assault, rather than only victims of prison rape;
- (2) Reinstating existing statutory provisions regarding the correctional health care program, federal reimbursement maximization special fund, sexual assaults in prison, and the reporting of correctional facility and community correctional center deaths;
- (3) Deleting language that would have allowed the Department of the Attorney General law enforcement vehicles to have blue and red lamps, reflectors, or illumination devices as authorized and approved by the Attorney General;
- (4) Deleting language that amended the definition of "authorized emergency vehicle" under the Statewide Traffic Code to include attorney general law enforcement vehicles;
- (5) Changing the appropriation amounts for positions within the Department of Law Enforcement to unspecified amounts; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider:

- (1) Appropriating \$4,121,309 for positions within the Department of Law Enforcement as follows:
  - (A) \$175,056 for one full-time equivalent (1.0 FTE) permanent director position;
  - (B) \$322,056 for two full-time equivalent (2.0 FTE) permanent deputy director positions;
  - (C) \$211,032 for three full-time equivalent (3.0 FTE) permanent private secretary positions;
  - (D) \$118,000 for one full-time equivalent (1.0 FTE) permanent special assistant position;
  - (E) \$127,848 for one full-time equivalent (1.0 FTE) permanent administrative services officer position;

- (F) \$115,950 for one full-time equivalent (1.0 FTE) permanent human resources officer position;
- (G) \$67,200 for one full-time equivalent (1.0 FTE) permanent planner position;
- (H) \$228,132 for eight full-time equivalent (8.0 FTE) permanent administrative services and accounting positions;
- (I) \$285,636 for nine full-time equivalent (9.0 FTE) permanent information services and technology positions;
- (J) \$78,630 for four full-time equivalent (4.0 FTE) permanent internal support services positions;
- (K) \$238,026 for eight full-time equivalent (8.0 FTE) permanent human resources positions;
- (L) \$75,588 for two full-time equivalent (2.0 FTE) permanent capital improvement project coordinator positions;
- (M) \$156,699 for four full-time equivalent (4.0 FTE) permanent litigation coordination positions;
- (N) \$315,360 for nine full-time equivalent (9.0 FTE) permanent training and staffing development positions;
- (O) \$243,126 for six full-time equivalent (6.0 FTE) permanent supervisory deputy sheriff positions;
- (P) \$179,217 for five full-time equivalent (5.0 FTE) permanent office of homeland security investigator positions;
- (Q) \$139,596 for four full-time equivalent (4.0 FTE) permanent civil rights compliance positions;
- (R) \$37,794 for one full-time equivalent (1.0 FTE) permanent public information officer position; and
- (S) \$1,006,363 for other operation costs; and

- (2) The salaries of the new director positions established pursuant to this measure since there may be a gap between when these positions are filled and when the next Salary Commission meets to set the director position salaries.

Your Committee notes that the Chairperson of the Committee will send a letter to the Director of Public Safety to request a future organizational chart and information on the transition of positions as provided by this measure into the new departments.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2171, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2171, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Nakamura). Noes, none. Excused, 1 (Tokioka).

#### **SCRep. 653-22 Water & Land on H.B. No. 1751**

The purpose of this measure is to increase housing opportunities by allowing the counties to determine by ordinance the appropriateness of allowing dwellings on each quarter-acre, rather than each half-acre, of lands in rural districts; provided that the dwellings are consistent with the county general plan and community development plans.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS. Your Committee received comments on this measure from the Office of Planning and Sustainable Development, Department of Agriculture, and Grassroot Institute of Hawaii.

Your Committee finds that given the shortage of housing in the State, the counties should be allowed to increase density in state-designated rural districts. Under the existing land use law only one dwelling unit is permitted per one-half acre, or 21,780 square feet, of land in a rural district. This measure would allow for increased density of rural districts while ensuring that any increase is consistent with the county general plan and community development plans.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1751, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1751, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Branco). Noes, none. Excused, 1 (McDermott).

#### **SCRep. 654-22 Water & Land on H.B. No. 1993**

The purpose of this measure is to update certain state non-agricultural park leasing laws to maximize the benefit to the State of these lands and to help the State achieve its economic and food production goals.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i and Kihei Poultry LLC. Your Committee received testimony in opposition to this measure from the Department of Agriculture and Hawai'i Farm Bureau. Your Committee received comments on this measure from the University of Hawai'i System and Hawaii Cattlemen's Council, Inc.

Your Committee finds that state agricultural lands are a key resource that can be used to meet the State's goals for economic diversification and food self-sufficiency. In order to support farmers on these lands, the State subsidizes lessees by providing the leases below market rates and, in some cases, lower-cost agricultural water. This measure seeks to maximize the benefit to the State of agricultural lands through competition in lease dispositions by modifying requirements and restrictions related to the Department of Agriculture's dispositions of non-agricultural park lands.

Your Committee has amended this measure by:

- (1) Modifying the process for transferring and extending leases, including:
  - (A) Requiring the Department of Agriculture to first conduct a public notice to solicit interested applicants to a conditional sealed bid process open to all qualified applicants, subject to cancellation upon withdrawal of the request for transfer or extension; and
  - (B) Requiring the Department of Agriculture, in awarding a lease through the sealed bid process, to select the best-suited applicant in terms of meeting the Department's mission, whether the applicant is an existing or prospective lessee;
- (2) Setting the maximum term of leases at fifty years, rather than at thirty-five years, with a maximum extension of fifteen years;

- (3) Clarifying that the issuance of leases and the transfers and extensions of leases issued under this measure are prospective in nature;
- (4) Authorizing, rather than requiring, a lessee to submit certain documentation and an amended plan of development and utilization if seeking a modification of the lease or original plan of development and utilization due to a mental or physical disability or loss of a spouse;
- (5) Deleting the requirement that the Department of Agriculture may approve an amended plan described in paragraph (4) only if the plan meets standards with respect to productivity comparable to new leases being issued at that time;
- (6) Deleting the requirement that if the documentation or amended plan described in paragraph (4) is unsatisfactory to the Department of Agriculture, the lease must be terminated at that time;
- (7) Deleting the requirement that twenty-four months after the occurrence of a mental or physical disability or the loss of a spouse, the Department of Agriculture must review the lessee's progress toward implementation of the original or amended plan, as applicable, and that if the lessee is not following the original or amended plan, as applicable, the lease must be terminated at that time;
- (8) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1993, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.B. No. 1993, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 655-22 Water & Land on H.B. No. 1989**

The purpose of this measure is to:

- (1) Authorize the Governor to designate the Department of Land and Natural Resources to administer or enter into an agreement for the administration of a green jobs youth corps program to provide temporary work and training opportunities in the fields of natural resource management, agriculture, or other sustainability-related professions to young adults ages twenty-six or younger;
- (2) Require the Department of Land and Natural Resources to partner with an organization that has received accreditation from the Corps Center of Excellence Accreditation Program or has at least ten years of experience providing similar programming; and
- (3) Appropriate funds for administration of the green jobs youth corps program.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i State Energy Office, Kupu, The Nature Conservancy - Hawai'i and Palmyra, Hawai'i's Thousand Friends, of Kua'āina Ulu 'Auamo, Hawai'i Green Fee, Hawaii Fish Company Inc., Re-use Hawai'i, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Act 9, Session Laws of Hawaii 2020, established a workforce and training program that, among other accomplishments, funded a short-term green jobs program. Your Committee further finds that Act 181, Session Laws of Hawaii 2021, subsequently authorized the Governor to designate the Department of Land and Natural Resources to administer or enter into an agreement or agreements for the administration of a green jobs youth corps program to provide temporary work and training opportunities in natural resource management, agriculture, conservation, renewable energy, or other sustainability professions, prioritizing participation by young adults between twenty and forty years of age. The nonprofit organization Kupu was selected to administer the green jobs youth corps program.

Under the green jobs youth corps program, known as the Kupu Aina Corps, over three hundred fifty displaced workers and recent graduates were matched with work and training opportunities across the State. Kupu's partnership with conservation and agricultural host sites enabled individuals to work in their own communities while also giving back to Hawaii's economy and environment. This measure supports the diversification of Hawaii's economy in partnership with a qualified community organization.

Your Committee has amended this measure by:

- (1) Amending the age requirement for participation in the green jobs youth corps program;
- (2) Changing its effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1989, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1989, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 656-22 Water & Land on H.B. No. 1954**

The purpose of this measure is to:

- (1) Make an emergency appropriation as a grant to the Honolulu Board of Water Supply for emergency operations, future planning, and remediation resulting from the contamination of the Southern Oahu Basal Aquifer; and
- (2) Require the Honolulu Board of Water Supply to submit reports to the Legislature on the expenditure of the funds, remediation efforts, and testing quality before the convening of the Regular Sessions of 2023, 2024, and 2025.

Your Committee received testimony in support of this measure from the Honolulu Board of Water Supply, one member of the Hawai'i County Council, Environmental Caucus of the Democratic Party of Hawai'i, 350Hawaii.org, Our Revolution Hawaii, and three individuals. Your Committee received comments on this measure from the Department of Health, Department of Budget and Finance, and Department of Land and Natural Resources.

Your Committee finds that the 2021 fuel leak at the United States Navy's Red Hill fuel storage facility on Oahu and subsequent groundwater contamination is an ongoing environmental and health crisis. Despite the Navy's agreement to drain the fuel storage tanks, the immediate threat of groundwater and aquifer contamination remains. Your Committee further finds that this measure is vitally important to the health, safety, and well-being of the people of Oahu.

Your Committee has amended this measure by:

- (1) Changing the means of funding from the Leaking Underground Storage Tank Fund established pursuant to section 342L-51, Hawaii Revised Statutes, to the general revenues of the State of Hawaii;
- (2) Not requiring the Department of Health to seek reimbursement from the United States Navy;
- (3) Changing the assistance to a grant-in-aid to the City and County of Honolulu Board of Water Supply, to be expended by the City and County of Honolulu rather than the Department of Health; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1954, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1954, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 657-22 Water & Land on H.B. No. 2084**

The purpose of this measure is to facilitate development of housing for farmers and farm employees who actively and currently farm on important agricultural lands by:

- (1) Allowing landowners and lessees of important agricultural lands to apply to a county to develop, construct, and maintain farm cluster housing on the lands for rent to farmers and farm employees who actively and currently farm on the land;
- (2) Including farm cluster housing under a county priority permit processing procedure for facilities on lands designated as important agricultural lands; and
- (3) Removing a restriction on farm dwellings on important agricultural lands that is stricter than what is allowed under the definition of "farm dwelling" in section 205-4.5(a)(4), Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Agriculture; Office of Planning and Sustainable Development; Hawai'i Farm Bureau; Maui Chamber of Commerce; and one individual. Your Committee received comments on this measure from the Department of Planning and Permitting of the City and County of Honolulu.

Your Committee finds that Act 233, Session Laws of Hawaii 2008, established incentives to promote agricultural viability, sustained growth of the agricultural industry, and long-term use and protection of lands designated as important agricultural lands. Included among those incentives was an allowance for owners of important agricultural lands to develop, construct, and maintain farm dwellings and employee housing for farmers, employees, and their immediate family members, under certain conditions. Although intended as an incentive, your Committee finds that this allowance is actually more restrictive than the standard for farm dwellings and employee housing on agricultural lands that are not designated as important agricultural lands. This measure is necessary to correct this unintended discrepancy and to also allow important agricultural land owners and lessees to apply to the county to develop, construct, and maintain farm cluster housing to serve farmers and farm employees who actively and currently farm on the land.

Your Committee has amended this measure by:

- (1) Clarifying that each county is required to enact just one ordinance to allow farm cluster housing on important agricultural lands;
- (2) Providing that each county ordinance pertaining to farm cluster housing shall require the agricultural plan and verification of the real property tax agricultural dedication to first be reviewed and commented upon by the appropriate county agency and may require the plan and verification to be submitted to the Department of Agriculture for review and comment prior to county action on the application;
- (3) Clarifying that each farm cluster housing unit must not exceed eight hundred square feet of total floor area;
- (4) Exempting from the farm cluster housing incentives and requirements any county that already has a law that authorizes the development, construction, and maintenance of farm cluster housing or similar housing and imposes less restrictive requirements on that housing; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2084, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.B. No. 2084, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 658-22 Consumer Protection & Commerce on H.B. No. 1774**

The purpose of this measure is to require health insurers, mutual benefit societies, and health maintenance organizations to cover mandated services for mammography at least as favorably as coverage for other radiological examinations.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii Medical Association, and Hawaii Women Lawyers. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that at this time, a mammogram is the best way to find breast cancer for most women of screening age. Delays in diagnosis and treatment can have adverse health outcomes. According to the Hawaii Cancer Plan 2030, increasing breast cancer screening rates is a priority for the Centers for Disease Control and Prevention funded programs, Hawaii Breast and Cervical Cancer Control Program, and Hawaii Comprehensive Cancer Control Program in the Department of Health.

Your Committee further finds that ensuring a base level of coverage for breast cancer screening by providing coverage for mammograms is a means of ensuring that women obtain their exams routinely. In this manner, women are more apt to discover breast cancer at an early stage when treatment options have the best chance of success.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1774, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 1774, H.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

**SCRep. 659-22 Consumer Protection & Commerce on H.B. No. 2423**

The purpose of this measure is to require all state building construction projects and state highway projects to use building and construction materials that seek to reduce their carbon footprint, where feasible and cost effective.

Your Committee received testimony in support of this measure from the Department of Transportation, 350Hawaii.org, Climate Protectors Hawai'i, Environmental Caucus of the Democratic Party of Hawai'i, and four individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that reducing a building's or highway's carbon footprint is increasingly important in building and highway design. This measure acknowledges the role building and construction materials can play in climate change mitigation and the sequestration of greenhouse gases. Your Committee further finds that the State must continue to actively explore new innovations for sustainability, which will also provide a greater opportunity for the State to achieve its goal of becoming carbon neutral by 2045.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2423, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, none.

**SCRep. 660-22 Consumer Protection & Commerce on H.B. No. 2448**

The purpose of this measure is to:

- (1) Require the Department of Business, Economic Development, and Tourism to establish and maintain a statewide data hub to collect employer and employee data;
- (2) Authorize the Department of Business, Economic Development, and Tourism to determine the type of employer and employee data to collect, the functions of the statewide data hub, and access and document retention policies for the data; and
- (3) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Act 88, Session Laws of Hawaii 2021, abolished the Research and Statistics Office in the Department of Labor and Industrial Relations and transferred related positions and funding to the Department of Business, Economic Development, and Tourism. In 2021, the Federal Labor Research Program was also transferred to the Department of Business, Economic Development, and Tourism. The statewide data hub proposed by this measure will complement the existing work of the Federal Labor Research Program and provide the Department of Business, Economic Development, and Tourism with the authority to continue working with the federal government, Hawaii employers and employees, and other state agencies to collect and report Hawaii labor statistics on a timely basis.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2448, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, none.

**SCRep. 661-22 Consumer Protection & Commerce on H.B. No. 2319**

The purpose of this measure is to:

- (1) Require the Department of Agriculture to be responsible for all neighbor island inspection permit fees for service animals that are located in the State and are being transported for release at Kona, Kahului, or Lihue Airport; and
- (2) Appropriate funds.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board and American Kennel Club. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Agriculture.

Your Committee finds that because the Department of Agriculture's Animal Quarantine Holding Facility is located on Oahu, the animal inspection fee for service animals is waived for those travelers arriving at the Daniel K. Inouye International Airport. Residents and visitors who arrive at any other port of entry in the State with a service animal are required to pay the neighbor island inspection permit fee. Your Committee further finds that this measure will provide equity to persons with disabilities traveling with a service animal by requiring the Department of Agriculture to be responsible for neighbor island inspection fees for service animals arriving at the airports in Kona, Kahului, or Lihue.

However, your Committee acknowledges the concerns raised in testimony by the Department of Agriculture, that it lacks the staff or financial resources to perform or pay for inspections, and will therefore need a dedicated source of funding to accomplish the intent of this measure. The Department also noted that cost estimations for this measure may be challenging, as it does not control the fees that private veterinary facilities charge for neighbor island inspections.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2319, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, none.

**SCRep. 662-22 Consumer Protection & Commerce on H.B. No. 2397**

The purpose of this measure is to:

- (1) Establish the Hawaii Broadband Infrastructure Authority;

- (2) Clarify the Hawaii Broadband and Digital Equity Office's role relating to broadband access and digital equity, including repealing the responsibility of the Office to promote the landing of trans-Pacific submarine cable; and
- (3) Appropriate federal funds.

Your Committee received testimony in support of this measure from the Hawaii State Council on Developmental Disabilities; Ocean Networks, Inc.; and one individual. Your Committee received testimony in opposition to this measure from Verizon and CTIA. Your Committee received comments on this measure from the Department of Transportation; Department of Business, Economic Development and Tourism; Department of Budget and Finance; Department of Commerce and Consumer Affairs; University of Hawai'i System; Office of Information Practices; Charter Communications; Hawaiian Telcom; and one individual.

Your Committee finds that the coronavirus disease 2019 pandemic brought to light the need for broadband infrastructure and digital equity throughout the State. Your Committee further finds that the federal government has identified having a robust broadband infrastructure as a priority and has dedicated funding for digital equity programs across the country. This measure would plan for the ideal use of expected federal funding, thereby allowing the State to better provide broadband services to all its residents.

Your Committee notes that the Department of Transportation raised suggestions in its written testimony before your Committee that the Board of the Hawaii Broadband Infrastructure Authority include the Director of Transportation as an ex officio member. This suggestion is in anticipation of the proposal that transportation infrastructure be considered for use as broadband infrastructure. Should this measure continue to advance in the legislative process, your Committee believes that further consideration be given to this suggestion.

Your Committee has amended this measure by:

- (1) Removing language that authorized the Hawaii Broadband Infrastructure Authority to collect data from communications service providers and wireless providers; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2397, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.B. No. 2397, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Har). Noes, none. Excused, 1 (Hashem).

#### **SCRep. 663-22 Health, Human Services, & Homelessness on H.B. No. 1570**

The purpose of this measure is to prohibit the sale or distribution of all flavored tobacco and synthetic nicotine products in the State.

Your Committee received testimony in support of this measure from the Department of Health; We Are One, Inc.; Hawaii Youth Services Network; Hawaii Children's Action Network Speaks!; Hawaii State Teachers Association; Hawaii Dental Association; American Lung Association in Hawaii; Hawaii COPD Coalition; Maui Preparatory Academy; Hawaii Association of Independent Schools; University of Hawaii Student Health Advisory Council; Blue Zones Project; Kaho'omiki; Friends of Kamalani and Lydgate Park; Keiki Injury Prevention Coalition; Hawaii Dental Hygienists' Association; American Cancer Society Cancer Action Network; Hamakua-Kohala Health; AlohaCare; Coalition for a Drug-Free Hawaii; 'Ohana Health Plan; Coalition for a Tobacco-Free Hawai'i; Hawai'i Public Health Association; The Man Cave; Pediatric Therapies Hawai'i; Hawaii Substance Abuse Coalition; Hawaii Primary Care Association; Hina Mauka; American Heart Association; Hawaii Job Corps; Kaiser Permanente Hawai'i; DreamHouse 'Ewa Beach; Coalition for a Tobacco-Free Hawai'i Youth Council; and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaii Smokers Alliance; Cigar Association of America, Inc.; Retail Merchants of Hawaii; Consumer Choice Center; and fifteen individuals. Your Committee received comments on this measure from the Department of the Attorney General, The Taxpayers Protection Alliance, Hawaii Petroleum Marketers Association, Reason Foundation, and Hawaii Food Industry Association.

Your Committee finds that while the use of combustible cigarettes has declined over the past decade, there has been a dramatic increase in the use of electronic smoking devices by Hawaii's youth. Recent studies show that sixteen percent of middle school students and more than a quarter of high school students use electronic smoking devices; in the counties of Hawaii, Maui, and Kauai, these numbers exceed thirty percent, which is higher than the national average. Your Committee further finds that a significant driver of increased youth use of electronic smoking devices is the availability of flavored tobacco products, including flavors that are designed to appeal to the State's youth such as Maui mango and Molokai hot bread. Your Committee acknowledges that addressing the youth vaping epidemic in Hawaii necessitates a comprehensive, multi-faceted approach.

Accordingly, your Committee has amended this measure by:

- (1) Deleting the preamble, other than the narrow purpose statement of this measure;
- (2) Requiring the Department of Health to post monthly updates on its website on all deposits into and expenditures from the Tobacco Enforcement Special Fund, Hawaii Tobacco Settlement Special Fund, and Hawaii Tobacco Prevention and Control Trust Fund;
- (3) Requiring the Department of Health to submit annual reports to the Legislature with an accounting of the receipts and expenditures from the Hawaii Tobacco Settlement Special Fund and Hawaii Tobacco Prevention and Control Trust Fund;
- (4) Requiring the Department of the Attorney General to monitor online sales of all tobacco products and electronic smoking device products and post monthly updates on its website regarding the estimated number of these products that have entered the State and how many products, by tonnage, have been confiscated;
- (5) Requiring the Department of Health to establish a standardized and scientific testing process for the presence of flavoring in all tobacco products and synthetic nicotine products and make the testing protocols and results available to the public;
- (6) Requiring the Department of Health, in collaboration with the Department of Education, to establish a take back program to collect and destroy all electronic smoking devices, flavored tobacco products or synthetic nicotine products, and tobacco products voluntarily disposed of by students on school property;
- (7) Requiring the Department of Health, in collaboration with the Department of Education, to establish quarterly meetings with students at all school complex areas and independent schools to seek input on addressing the youth vaping epidemic and post video recordings of these meetings on the Department of Health's website within seven calendar days of the meeting;
- (8) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1570, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1570, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 664-22 Health, Human Services, & Homelessness on H.B. No. 1762**

The purpose of this measure is to:

- (1) Require the Office of Language Access to submit an annual report to the Governor and Legislature regarding compliance with state and federal language access laws; and
- (2) Appropriate funds to establish Limited English Proficiency Language Coordinator positions in the Departments of Commerce and Consumer Affairs, Health, and Agriculture and the Hawaii Emergency Management Agency.

Your Committee received testimony in support of this measure from the Department of Agriculture, Department of Labor and Industrial Relations, Department of Human Services, Department of Health, Office of Community Services, Hawaii Friends of Civil Rights, Common Cause Hawaii, The Legal Clinic, Waipahu Safe Haven Center, Hawai'i Coalition for Immigrant Rights, Hawai'i Public Health Institute, Hawai'i Children's Action Network Speaks!, and nine individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Budget and Finance, Office of Language Access, and Hawai'i Emergency Management Agency.

Your Committee finds that persons with limited English proficiency often face barriers in accessing important benefits and services, including access to health care and other public benefits, essential information during public health or safety emergencies, and access to earned benefits such as unemployment compensation or worker's compensation. Your Committee further finds that although the Office of Language Access was created in 2006 to address these language barriers, when a government entity fails to provide language access, the Office is only authorized to eliminate the language barrier through informal means. This measure strengthens the Office of Language Access's ability to ensure compliance with state and federal language access laws by requiring the Office to submit an annual report, which will provide the Governor and Legislature with timely information that is crucial in improving the State's efforts to enhance and promote language access.

Your Committee has amended this measure by:

- (1) Appropriating funds to establish three Limited English Proficiency Language Coordinator positions in the Office of Language Access to work with all state departments and agencies, rather than establishing separate coordinator positions in the Departments of Commerce and Consumer Affairs, Health, and Agriculture, and the Hawaii Emergency Management Agency;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1762, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1762, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 665-22 Health, Human Services, & Homelessness on H.B. No. 2405**

The purpose of this measure is to require health insurers, mutual benefit societies, and health maintenance organizations to provide applicants and health insurance policy holders with clear information on the policy's coverage of gender transition treatments and prohibit health insurers, mutual benefit societies, and health maintenance organizations from discriminating on the basis of gender identity.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Kumukahi Health + Wellness, Northwest Society of Plastic Surgeons, American Society of Plastic Surgeons, Hawai'i Health & Harm Reduction Center, Democratic Party of Hawai'i, The Lavender Clinic, Stonewall Caucus of the Democratic Party of Hawai'i, AF3IRM Hawai'i, Hawai'i Public Health Institute, and nineteen individuals. Your Committee received testimony in opposition to this measure from the Hawaii Medical Service Association. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Hawaii Employer-Union Health Benefits Trust Fund, Kaiser Permanente Hawai'i, and Hawaii Association of Health Plans.

Your Committee finds that many transgender individuals have experienced discriminatory treatment from health insurance providers when seeking coverage for gender-affirming treatments. Your Committee further finds that health insurance policies often cover therapies such as feminizing or masculinizing hormone therapies, voice therapies, chest augmentations or reductions, and genital surgeries for other purposes but deny the same treatments for purposes of gender affirmation.

Your Committee acknowledges the concerns raised in testimony that legislatively mandating all gender-confirming treatments as medically necessary would remove physicians and primary care providers from the gender transition treatment process and believes further discussion on this measure is warranted.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that the medical necessity for any treatment shall be based on evidence-based peer-reviewed medical guidance;
- (2) Permitting, rather than mandating, health insurers, mutual benefit societies, and health maintenance organizations to consider gender transition treatments medically necessary if those treatments are otherwise covered for purposes other than gender transition;
- (3) Removing smoking cessation therapies as a health care service related to gender transition;
- (4) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2405, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2405, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 666-22 Health, Human Services, & Homelessness on H.B. No. 1933**

The purpose of this measure is to:

- (1) Establish rules of ethics applicable to persons who work with children pursuant to a contract with the State;
- (2) Establish additional procedures for persons contracted by the State to provide services to children, including fees, candor and fairness before a tribunal, standards of proof, and a process for filing complaints; and
- (3) Specify that the contracts of any person who violates the rules of ethics are voidable on behalf of the State.

Your Committee received testimony in support of this measure from the Hawai'i Appleseed Center for Law and Economic Justice, Hawaii Family Advocacy Team, and ten individuals.

Your Committee finds that families with children who are involved in Family Court custody matters are often in the midst of stressful and uncomfortable situations. The stress of these situations is often exacerbated when one side feels they are not being treated fairly or are being discriminated against or that there is bias in the process. Your Committee further finds that although the State hires various professionals to provide evaluations, fact finding, and other information relating to the children involved in custody matters, there are no rules of ethics that these contracted professionals are bound to follow. This measure will provide accountability for those professionals by establishing a rule of ethics for persons contracted by the State to work with children and will help families who are disproportionately involved in custody disputes.

Your Committee has amended this measure by:

- (1) Expanding the category of persons covered by the rules of ethics to include persons who are assigned, delegated, ordered, appointed, or in any other act allowed by a state agency to provide services to a child; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health, Human Services, & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1933, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.B. No. 1933, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

**SCRep. 667-22 Health, Human Services, & Homelessness/Transportation on H.B. No. 2338**

The purpose of this measure is to:

- (1) Appropriate funds from the State Highway Fund to the Department of Health's State Drug and Alcohol Toxicology Testing Laboratory Special Fund for fiscal year 2022-2023; and
- (2) Authorize the Department of Health to expend these funds for the establishment of the State Drug and Alcohol Toxicology Testing Laboratory.

Your Committees received testimony in support of this measure from the Department of Health, Department of Transportation, Honolulu Police Department, and Mothers Against Drunk Driving Hawaii.

Your Committees find that Act 196, Session Laws of Hawaii 2021 (Act 196), among other things, established the State Drug and Alcohol Toxicology Testing Laboratory Special Fund to be used for the cost of establishing a State Drug and Alcohol Toxicology Testing Laboratory. A drug and alcohol toxicology testing laboratory within the State is needed to provide law enforcement and prosecutors with resources to protect the public from impaired drivers.

Your Committees further find that the State Drug and Alcohol Toxicology Testing Laboratory Special Fund was to be funded with monies appropriated from the State Highway Fund; however, Act 196 failed to make this appropriation. This measure addresses that oversight by providing the Department of Health with startup funding from the State Highway Fund necessary to establish the State Drug and Alcohol Toxicology Testing Laboratory.

Your Committees have amended this measure by:

- (1) Changing the appropriations from the State Highway Fund and State Drug and Alcohol Toxicology Testing Laboratory Special Fund to unspecified amounts;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should your Committee on Finance deliberate on this measure further, your Committees respectfully request that it consider appropriating \$400,000 from both the State Highway Fund and the State Drug and Alcohol Toxicology Testing Laboratory Special Fund for the establishment of the State Drug and Alcohol Toxicology Testing Laboratory.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Transportation that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2338, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2338, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 6. Noes, none. Excused, 1 (Gates).

Transportation: Ayes, 8. Noes, none. Excused, 1 (Matsumoto).

**SCRep. 668-22 Health, Human Services, & Homelessness/Transportation on H.B. No. 2339**

The purpose of this measure is to:

- (1) Make an emergency appropriation from the State Highway Fund to the Department of Health's State Drug and Alcohol Toxicology Testing Laboratory Special Fund for fiscal year 2021-2022; and
- (2) Authorize the Department of Health to expend these funds for the establishment of the State Drug and Alcohol Toxicology Testing Laboratory.

Your Committees received testimony in support of this measure from the Department of Health, Department of Transportation, Honolulu Police Department, and Mothers Against Drunk Driving Hawaii.

Your Committees find that Act 196, Session Laws of Hawaii 2021 (Act 196), among other things, established the State Drug and Alcohol Toxicology Testing Laboratory Special Fund to be used for the cost of establishing a State Drug and Alcohol Toxicology Testing Laboratory. Hawaii is the only state in the country without its own toxicology laboratory. Consequently, drug and alcohol toxicology testing must currently be outsourced to the mainland.

Your Committees further find that although the special fund was to be funded with monies appropriated from the State Highway Fund, Act 196 failed to make this appropriation. This measure addresses that oversight by making an emergency appropriation to the Department of Health for the establishment of the State Drug and Alcohol Toxicology Testing Laboratory.

Your Committees have amended this measure by:

- (1) Changing the emergency appropriations from the State Highway Fund and State Drug and Alcohol Toxicology Testing Laboratory Special Fund to unspecified amounts;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Should the Committee on Finance deliberate on this measure further, your Committees respectfully request that it consider making an emergency appropriation of \$2,000,000 from both the State Highway Fund and the State Drug and Alcohol Toxicology Testing Laboratory Special Fund for the establishment of the State Drug and Alcohol Toxicology Testing Laboratory.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Transportation that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2339, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2339, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 6. Noes, none. Excused, 1 (Gates).

Transportation: Ayes, 8. Noes, none. Excused, 1 (Matsumoto).

#### **SCRep. 669-22 Health, Human Services, & Homelessness/Higher Education & Technology on H.B. No. 1549**

The purpose of this measure is to appropriate funds to the Department of Health to fund the Hawaii State Loan Repayment Program administered by the John A. Burns School of Medicine.

Your Committees received testimony in support of this measure from the Department of Labor and Industrial Relations; John A. Burns School of Medicine at the University of Hawai'i at Manoa; Hawai'i State Center for Nursing; Hawaii Health Systems Corporation, East Hawaii Region; Hawaii Psychiatric Medical Association; Kaiser Permanente Hawai'i; Hawai'i Pacific Health; Hawai'i State Rural Health Association; Hawaii Medical Association; Hawaii Primary Care Association; The Queen's Health Systems; Healthcare Association of Hawaii; and seven individuals. Your Committees received comments on this measure from the Department of Health and Department of Budget and Finance.

Your Committees find that the John A. Burns School of Medicine currently administers the Hawaii State Loan Repayment Program, which provides student loan repayments for health care professionals who agree to work in a federally-designated health professional shortage area. This program leverages public funds and private donations to access matching federal funds through the National Health Service Corps State Loan Repayment Program of the United States Department of Health and Human Services. Since September 1, 2012, the loan repayment program has supported sixty-four recipients in exchange for work commitments in underserved geographic practice areas in Hawaii, eighty-three percent of whom have remained in the State to practice.

Your Committees further find that an investment of state matching funds would enable the John A. Burns School of Medicine to draw as much federal money as possible and allow the program to provide loan repayment to more health care professionals, which will help in the ongoing efforts to alleviate the health care professional shortages in the State.

Your Committees have amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

Your Committees respectfully request that should your Committee on Finance deliberate on this measure further, that it consider appropriating \$500,000 for fiscal year 2022-2023 for the Hawaii State Loan Repayment Program; provided that the funds are matched by funds from a private or another public source.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1549, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1549, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 6. Noes, none. Excused, 1 (Ward).

Higher Education & Technology: Ayes, 12. Noes, none. Excused, none.

#### **SCRep. 670-22 Health, Human Services, & Homelessness/Higher Education & Technology on H.B. No. 1548**

The purpose of this measure is to appropriate funds to the John A. Burns School of Medicine to expand medical school and residency training through the United States Department of Veterans Affairs graduate medical education programs.

Your Committees received testimony in support of this measure from the John A. Burns School of Medicine at the University of Hawai'i at Manoa, Hawaii Psychiatric Medical Association, Hawai'i State Rural Health Association, Healthcare Association of Hawaii, Hawaii Primary Care Association, Hawai'i Pacific Health, The Queen's Health Systems, and one individual. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that many Hawaii residents are unable to obtain timely and appropriate health care due to shortages of health care providers in the State. Your Committees further find that there is strong collaboration between the John A. Burns School of Medicine and the United States Department of Veterans Affairs. The Department of Veterans Affairs currently invests in Hawaii-based residency positions using a separate federal pool of support. Expanding capacity for training medical students and residents through the Department of Veterans Affairs, including the recruitment of additional practicing faculty to Veterans Affairs health care facilities in the State, will leverage health care delivery capacity and the retention of medical students and residents as practicing physicians in Hawaii.

Your Committees have amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Changing the effective date to July 1, 2060, to encourage further discussion.

Should your Committee on Finance deliberate on this measure further, your Committees respectfully request that it consider appropriating \$6,700,000 to expand medical school and residency training through the Department of Veterans Affairs graduate medical education programs.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1548, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1548, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 6. Noes, none. Excused, 1 (Ward).

Higher Education & Technology: Ayes, 12. Noes, none. Excused, none.

#### **SCRep. 671-22 Health, Human Services, & Homelessness/Higher Education & Technology on H.B. No. 1419**

The purpose of this measure is to require the Office of Enterprise Technology Services to develop, publish, and periodically update electronic information technology disability access standards.

Your Committees received testimony in support of this measure from the Executive Office on Aging, Hawaii State Council on Developmental Disabilities, Disability and Communication Access Board, National Federation of the Blind of Hawaii, Hawaii State Committee of Blind Vendors, and five individuals. Your Committees received comments on this measure from the Office of Enterprise Technology Services.

Your Committees find that electronic information technology has rapidly replaced conventional printed communications in the areas of employment, education, and receipt of services. Your Committees further find that the implementation of new technologies and procedures across various state entities is not consistently or cost-effectively made accessible to individuals with disabilities. This measure establishes a process to improve accessibility for electronic information technology, which will ensure that all Hawaii residents can participate in and benefit equally from state programs and services.

Your Committees have amended this measure by:

- (1) Clarifying the 2023 deadlines by which the Office of Enterprise Technology must publish, and by which state entities must adopt, preliminary electronic information technology accessibility standards;
- (2) Changing the effective date to July 1, 2060, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1419, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1419, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 6. Noes, none. Excused, 1 (Ward).

Higher Education & Technology: Ayes, 12. Noes, none. Excused, none.

#### **SCRep. 672-22 Health, Human Services, & Homelessness/Higher Education & Technology on H.B. No. 1547**

The purpose of this measure is to appropriate funds to the John A. Burns School of Medicine to expand graduate medical education programs to the neighbor islands.

Your Committees received testimony in support of this measure from the John A. Burns School of Medicine at the University of Hawai'i at Manoa, Hawaii Psychiatric Medical Association, Kaiser Permanente Hawai'i, Hawaii Medical Association, Healthcare Association of Hawaii, Hawaii Primary Care Association, Hawai'i Pacific Health, The Queen's Health Systems, and three individuals. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that many Hawaii residents are unable to obtain timely and appropriate health care due to shortages of health care providers in the State. In particular, the State's neighbor islands, which have been designated by the federal government as medically underserved areas, have been disproportionately impacted by shortages of physicians in all practice areas.

Your Committees further find that eighty percent of graduates of the John A. Burns School of Medicine who complete their medical school and residency in the State, also known as their graduate medical education, remain in Hawaii to practice. Additionally, medical residents who train on the neighbor islands are more likely to remain and subsequently practice on the neighbor islands. This measure appropriates funds to the John A. Burns School of Medicine to expand residency training opportunities on the neighbor islands, which will help acquaint graduate physicians with practicing medicine in rural settings and enlarge the physician presence in these areas.

Your Committees have amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Changing the effective date to July 1, 2060, to encourage further discussion.

Should the Committee on Finance deliberate on this measure further, your Committees respectfully request that it consider appropriating \$6,700,000 to expand graduate medical education programs to the neighbor islands.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1547, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1547, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 6. Noes, none. Excused, 1 (Ward).

Higher Education & Technology: Ayes, 12. Noes, none. Excused, none.

#### **SCRep. 673-22 Health, Human Services, & Homelessness/Higher Education & Technology on H.B. No. 1550**

The purpose of this measure is to reestablish the Hawaii Medical Education Special Fund to enable the John A. Burns School of Medicine, in consultation with the Hawaii Medical Education Council, to provide funding for graduate medical education and training programs in the State.

Your Committees received testimony in support of this measure from the John A. Burns School of Medicine at the University of Hawai‘i at Manoa, Hawaii Psychiatric Medical Association, Hawaii Primary Care Association, Hawaii Medical Association, Hawai‘i State Rural Health Association, and Hawai‘i Pacific Health. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that the Hawaii Medical Education Council is tasked with overseeing the State's graduate medical education programs and the programs' ability to meet Hawaii's health care workforce requirements. According to the University of Hawaii's 2022 Annual Report on the Hawaii Medical Education Council, graduate medical education programs, especially those in primary care, geriatrics, adult and child psychiatry, and addiction, serve a high proportion of the most vulnerable populations in the State.

Your Committees further find that ongoing funding of graduate medical education is vital to address the physician shortage in the State. Reestablishing the Hawaii Medical Education Special Fund, to be utilized as a means of funding graduate medical education and training, is a key component that can support the expansion of graduate medical education positions.

Your Committees have amended this measure by changing the effective date to July 1, 2060, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, & Homelessness and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1550, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1550, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health, Human Services, & Homelessness: Ayes, 6. Noes, none. Excused, 1 (Ward).

Higher Education & Technology: Ayes, 12. Noes, none. Excused, none.

#### **SCRep. 674-22 Government Reform on H.B. No. 1909**

The purpose of this measure is to require the State Procurement Office to give preference to a bank or credit union domiciled in Hawaii to provide services for a purchasing card program.

Your Committee received testimony in support of this measure from Na Po‘e Kokua and two individuals. Your Committee received testimony in opposition to this measure from the State Procurement Office.

Your Committee finds that it is important that the state government utilize local businesses and entities whenever practically possible to direct the State's vast internal operational resources toward supporting Hawaii's economic infrastructure. Additionally, your Committee finds that locally chartered financial institutions invest more predominantly in Hawaii thereby creating opportunities for Hawaii's families and businesses. Your Committee further finds that by giving a special bid preference to local financial institutions for the State's financial service contracts, like in other areas of the country, it would serve the fairness and balance of the Hawaii Public Procurement Code while protecting the State's interests.

Your Committee has amended this measure by:

- (1) Broadening the requirement for the State Procurement Office to give preference to a bank or credit union domiciled in Hawaii to provide services to include providing for all state financial services;
- (2) Requiring the preference to evaluate, along with any other published criteria in the solicitation, considerations including but not limited to community ratio investments, financial reserves, customer service history within the State, obligations to the State, as well as other criteria determined by the State Procurement Office or other contracting agency;
- (3) Establishing the bid preference requirement within existing law that encourages the use of Hawaii products by bidders to support the local industry;
- (4) Changing its effective date to July 1, 2112, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Government Reform that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1909, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1909, H.D. 2, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Ward). Noes, none. Excused, none.

#### **SCRep. 675-22 Judiciary & Hawaiian Affairs on H.B. No. 1768**

The purpose of this measure is to exempt the instream use of water for traditional and customary kalo cultivation practices, as well as for commercial kalo cultivation that is conducted in a manner consistent with traditional and customary Native Hawaiian practices, from the existing process for disposition of water rights.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Department of Hawaiian Home Lands, Mayor of the County of Kauai, one member of the Hawai‘i County Council, one member of the Kaua‘i County Council, Department of Planning of the County of Kaua‘i, Sierra Club of Hawai‘i, Kua‘āina Ulu ‘Auamo, Wai‘oli Valley Taro Hui, ‘Ahahui o nā Kauka, Hawai‘i Alliance for Progressive Action, Waipā Foundation, Hui o Nā Wai ‘Ehā, Hanalei Hawaiian Civic Club, Papa Ola Lōkahi, ‘Ai Pohaku, Kanaeokana, Council for Native Hawaiian Advancement, and eighteen individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that kalo is integral to the Hawaiian culture and a staple of the Native Hawaiian diet. Water and water rights are central to wetland kalo cultivation. This measure provides support for traditional and customary kalo cultivation practices by exempting the instream use of water for these practices from the existing process for disposition of water rights.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1768, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 676-22 Judiciary & Hawaiian Affairs on H.B. No. 1434**

The purpose of this measure is to authorize counties, after the adoption of ordinances, to sell property after all notices, orders, and appeal proceedings are exhausted to pay for:

- (1) The cost to the county of removing and completing necessary work related to any public nuisance, refuse, or uncultivated undergrowth; and
- (2) Unpaid civil fines related to that property.

Your Committee received testimony in support of this measure from two members of the Honolulu City Council and the Department of Planning and Permitting of the City and County of Honolulu.

Your Committee finds that authorizing the counties to collect on liens filed on properties through a non-judicial foreclosure process provides some leverage over property owners to comply or lose their property. If a property owner fails to comply and the property is foreclosed upon, this measure would enable the property to be put to productive use, allow liens attached to the property to be satisfied, and stop the accrual of additional debt or taxes on the property. This measure addresses the need of the counties to bring closure to pending civil fines imposed on property owners who are in violation of county land use and building ordinances.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1434, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (McKelvey, Ward). Noes, none. Excused, none.

#### **SCRep. 677-22 Judiciary & Hawaiian Affairs on H.B. No. 2208**

The purpose of this measure is to:

- (1) Expand the time period by which a civil action for childhood sexual abuse may be initiated;
- (2) Adopt procedural requirements before the filing of a civil action for childhood sexual abuse; and
- (3) Allow a court to order the personnel of a legal entity against whom a claim is brought to undergo training on trauma-informed response to sexual abuse allegations.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women, Hawaii State Democratic Women's Caucus, CHILD USA, CHILD USA Advocacy, National Association of Social Workers - Hawai'i Chapter, The Hawaiian Islands Association for Marriage and Family Therapy, Hawai'i Psychological Association, and five individuals. Your Committee received testimony in opposition to this measure from Indigenous Consultants, LLC; and Hawaii Association for Justice. Your Committee received comments on this measure from the Department of the Attorney General, Talbert Law LLC, Sex Abuse Treatment Center, and two individuals.

Your Committee finds that in the United States, one in five girls and one in twenty boys is a victim of childhood sexual abuse. Studies show that between sixty percent and eighty percent of survivors withhold disclosure. Under this measure, the statute of limitations for victims of child sexual abuse to bring a civil claim for monetary damages against any person would be extended from eight years to thirty-two years after the eighteenth birthday of the victim and from three years to five years after the date the victim discovers or reasonably should have discovered that psychological injury or illness occurring after the victim's eighteen birthday was caused by the sexual abuse, whichever occurs later. This legislation is particularly important for survivors of child sexual abuse as many children do not disclose sexual abuse immediately after the abuse occurs and instead many delay disclosure for years, often until adulthood.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2208, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (D. Kobayashi). Excused, none.

#### **SCRep. 678-22 Judiciary & Hawaiian Affairs on H.B. No. 1891**

The purpose of this measure is to adopt the Uniform Recognition and Enforcement of Canadian Domestic-Violence Protection Orders Act.

Your Committee received testimony in support of this measure from the Commission to Promote Uniform Laws and one individual. Your Committee received comments on this measure from the Hawaii Association for Justice.

Your Committee finds that the Uniform Recognition and Enforcement of Canadian Domestic-Violence Protection Orders Act, as provided in this measure, will encourage enforcement of Canadian domestic violence protection orders in the State. If enacted, a law enforcement officer, upon finding probable cause that a valid order was violated, must enforce the provisions of the Canadian order. Your Committee further finds that this uniform act was developed by the National Conference of Commissioners on Uniform State Laws with input from judges and practicing lawyers from the United States and Canada. To date, seven states, including California and Nevada, have enacted the uniform law provided in this measure.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1891, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 679-22 Judiciary & Hawaiian Affairs on H.B. No. 2444**

The purpose of this measure is to condition the authority of a county whose population is greater than five hundred thousand to exercise the same state housing powers as those granted to the Hawaii Housing Finance and Development Corporation on a finding that the county has fulfilled its duty to accept dedication of public infrastructure and public highways in affordable housing developments.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that this measure takes steps to address a thirty-year-old problem that has existed at the Villages of Kapolei, where the City and County of Honolulu has not accepted dedication of infrastructure improvements constructed by a Hawaii Housing Finance and Development Corporation predecessor agency. Your Committee further finds that although the City and County of Honolulu receives the real property tax revenues derived, in part, from the State's infrastructure improvements, the Hawaii Housing Finance and Development Corporation must maintain those same improvements at an average cost to the Dwelling Unit Revolving Fund of more than \$1,000,000 per year. This measure will enable the Hawaii Housing Finance and Development Corporation to make better use of the funds in the Dwelling Unit Revolving Fund for the development of new infrastructure for affordable housing projects in the State.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2444, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, none.

**SCRep. 680-22 Judiciary & Hawaiian Affairs on H.B. No. 2169**

The purpose of this measure is to clarify that:

- (1) The Department of Public Safety's role is to work with the Department of Transportation and county examiners of drivers to assist inmates in procuring civil identification cards, rather than issue civil identification cards; and
- (2) The Department of Public Safety must initiate the process of assisting an inmate obtain a civil identification card, birth certificate, social security card, and any other relevant identification documents ninety days before the inmate is being released to work furlough, extended furlough, or community placement programs if the inmate requests assistance after being notified that assistance is available.

Your Committee received testimony in support of this measure from the Department of Public Safety, Office of the Public Defender, Community Alliance on Prisons, Women's Prison Project, and one individual. Your Committee received comments on this measure from Common Cause Hawaii, American Civil Liberties Union of Hawai'i, and one individual.

Your Committee finds that procuring a civil identification card is essential for inmates as they transition back into society. Without a civil identification card, inmates leaving correctional facilities face extreme challenges securing employment and housing, registering for school, opening bank accounts, and accessing other benefits, such as health care, that are critical to successful integration into the community. This measure supports successful offender reentry.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2169, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, none.

**SCRep. 681-22 Judiciary & Hawaiian Affairs on H.B. No. 2495**

The purpose of this measure is to prohibit an employer from entering into or requiring an employee to enter into a nondisclosure agreement that prevents the employee from disclosing or discussing sexual harassment or sexual assault occurring in the workplace, at work-related events, between employees, or between an employer and an employee.

Your Committee received testimony in support of this measure from the Department of Human Services, Hawai'i Civil Rights Commission, Hawai'i State Commission on the Status of Women, American Association of University Women of Hawaii, Hawaii State Democratic Women's Caucus, Hawai'i Women Lawyers, and two individuals.

Your Committee finds that maintaining and fostering a safe work environment that is respectful and free from workplace harassment, intimidation, and assault are important to ensuring the safety and dignity of all employees. Prohibiting employers from using nondisclosure agreements to suppress disclosure of sexual harassment or sexual assault occurring in the work environment provides enhanced protections and supports a safe and positive work environment for all individuals.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2495, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, none.

**SCRep. 682-22 Judiciary & Hawaiian Affairs on H.B. No. 1585**

The purpose of this measure is to reform the legal framework governing emergency management in the State by:

- (1) Clarifying that the powers granted for emergency purposes shall not be inconsistent with the state constitution;
- (2) Providing parameters for the duration of the suspension of laws and require justification for the suspension;
- (3) Authorizing the Governor to require counties to obtain the Governor's approval or the approval of the Director of the Hawaii Emergency Management Agency before issuing any emergency order, rule, or proclamation;
- (4) Clarifying that a state of emergency may be extended or terminated by a separate or supplementary proclamation;
- (5) Authorizing the Legislature to terminate a state of emergency, in part or in whole, by a two-thirds vote of each legislative house; and
- (6) Specifying that prohibitions on price increases of essential commodities during a severe weather warning expire seventy-two hours after the effective date and time of the initial declaration or any supplemental proclamation.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; State of Hawaii Organization of Police Officers; and United Public Workers, AFSCME Local 646, AFL-CIO. Your Committee received testimony in opposition to this measure from the Honolulu County Republican Party. Your Committee received comments on this measure from the Hawaii Emergency Management Agency, Common Cause Hawaii, Grassroot Institute of Hawaii, and one individual.

Your Committee finds that come March 2022, it will be two years since the Governor issued the first emergency proclamation declaring a state of emergency to support ongoing State and county responses to COVID-19. Your Committee further finds that the dire impacts of the pandemic on all aspects of everyday life, as well as the economic, social, and health disruptions caused by the pandemic, were unprecedented and necessitated certain emergency actions to deal with the pandemic. However, your Committee finds that the broad emergency powers of the Governor during a state of emergency and extended emergency period warrant scrutiny. This measure will ensure that there are checks and balances in place during a state of emergency to protect the health, safety, and welfare of residents.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1585, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (D. Kobayashi). Excused, none.

**SCRep. 683-22 Judiciary & Hawaiian Affairs on H.B. No. 2006**

The purpose of this measure is to require certain identifying information to be attached to a sandbag as a condition for an emergency permit for the installation of the sandbag.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that emergency permits for temporary sandbags have been authorized as necessary to mitigate coastal erosion in the State. However, your Committee further finds that there are a number of structures that are not in compliance with their emergency permit conditions and may be dangerous or detrimental to the environment. Your Committee believes that there should be methods in place, such as requiring certain identifying information to be attached to a sandbag, that can hold all permittees accountable for the type of device or structure installed to ensure compliance with permit conditions.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2006, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Nakamura).

**SCRep. 684-22 Judiciary & Hawaiian Affairs on H.B. No. 1426**

The purpose of this measure is to:

- (1) Provide that certain rights are deemed waived if a preliminary determination of probable cause is rendered during a meeting, subject to the requirements of chapter 92, Hawaii Revised Statutes, and the person fails to request a contested case hearing within twenty days of receipt of the Campaign Spending Commission's preliminary determination; and
- (2) Authorize the Campaign Spending Commission to have the Commission's order confirmed as a non-appealable judgment by the First Circuit Court, giving the order the same force and effect as any other judgment issued by the circuit courts.

Your Committee received testimony in support of this measure from the Campaign Spending Commission and Common Cause Hawaii.

Your Committee finds that this measure is limited to those persons who fail to timely request a contested case hearing and will enhance the Campaign Spending Commission's ability to enforce its orders.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1426, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Nakamura).

**SCRep. 685-22 Judiciary & Hawaiian Affairs on H.B. No. 2303**

The purpose of this measure is to specify that certain deliberative and pre-decisional materials that are a direct part of a government agency's internal decision-making process are not subject to disclosure under the Uniform Information Practices Act if the disclosure would impair the agency's ability to make sound and fair decisions, but only to the extent that the impairment outweighs public interest in disclosure.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Budget and Finance, Employees' Retirement System Board of Trustees, and Honolulu Police Department. Your Committee received testimony in opposition to this measure from The Civil Beat Law Center for the Public Interest, League of Women Voters of Hawaii, Hawaii Chapter of the Society of Professional Journalists, Common Cause Hawaii, Community Alliance on Prisons, and five individuals. Your Committee received comments on this measure from the Office of Information Practices and Grassroot Institute of Hawaii.

Your Committee finds that requiring disclosures of all discussions and perspectives during a deliberative process would inhibit free and candid discussion within government agencies, including preventing the discussion of alternative views out of fear of repercussion. Your Committee believes this measure strikes an appropriate and needed balance between the public's interest in disclosure of information and the public's need for government entities to be able to deliberate toward well-informed, stress-tested, and thoughtful decisions.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2303, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (D. Kobayashi). Excused, 1 (Nakamura).

**SCRep. 686-22 Judiciary & Hawaiian Affairs on H.B. No. 2180**

The purpose of this measure is to repeal obsolete or unnecessary provisions relating to Kewalo Basin use permits, Honolulu Harbor use permits, and the maintenance of fire boats.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that there are certain provisions in existing law relating to Kewalo Basin and Honolulu Harbor use permits under the Department of Transportation that are no longer necessary. In addition, the Department of Transportation no longer owns any fireboats, making any statutory language relating to this unnecessary. This measure will act as a housekeeping measure by deleting unnecessary provisions in statute.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2180 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Nakamura).

**SCRep. 687-22 Consumer Protection & Commerce on H.B. No. 2248**

The purpose of this measure is to amend the definition of "private school" under the State's compulsory attendance law to require unlicensed but accredited private schools to annually submit health and safety documentation to the Hawaii Council of Private Schools or the Hawaii Catholic Schools Office.

Your Committee received testimony in support of this measure from the Hawaii Association of Independent Schools and Hawaii Catholic Schools.

Your Committee finds that licensed schools in the State must submit annual verifications of health and safety information documents required by various state and county agencies. However, schools that are accredited but not licensed are not required to submit these annual verifications. Rather, this documentation is only verified during reaccreditation visits every five to ten years. This measure increases transparency and accountability in the operation of private schools and helps ensure that private schools follow best practices regarding student health and safety.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2248, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kong, Tarnas).

#### **SCRep. 688-22 Consumer Protection & Commerce on H.B. No. 2434**

The purpose of this measure is to require each water carrier to file a strategic plan with the Public Utilities Commission every five years.

Your Committee received testimony in support of this measure from the Department of Agriculture, Public Utilities Commission, and Ulupono Initiative. Your Committee received comments on this measure from Young Brothers, LLC.

Your Committee finds that the water cargo transportation industry is critical to the State's economic health. Your Committee further finds that the interisland transportation of goods and property is a lifeline for residents and businesses in the State. Requiring each water carrier to file a strategic plan every five years that identifies measurable actions focused on the water carrier's services, goals, and initiatives will help facilitate achievement of certain strategic goals that balance the need for continuous interisland water carrier service with the need for water carriers to maintain financial sustainability.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2434, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kong, Tarnas).

#### **SCRep. 689-22 Consumer Protection & Commerce on H.B. No. 2239**

The purpose of this measure is to increase, from fifty percent to ninety percent, the minimum number of residential units in a condominium project that must be offered for sale to prospective owner-occupants in the thirty-day period following the initial date of sale of the condominium.

Your Committee received testimony in opposition to this measure from NAIOP Hawaii.

Your Committee finds that homeownership provides several benefits to homeowners, including a permanent place of residence, financial stability, long-term social benefits, and a sense of community. This measure increases the minimum number of residential units in a condominium project that must be offered for sale to prospective owner-occupants in a certain time period following the initial date of sale of the condominium, which may help alleviate supply shortages in Hawaii's housing market.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2239, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kong, Tarnas).

#### **SCRep. 690-22 Consumer Protection & Commerce on H.B. No. 1570**

The purpose of this measure is to:

- (1) Require the Department of Health to post monthly updates on its website on all deposits into and expenditures from the Tobacco Enforcement Special Fund, Hawaii Tobacco Settlement Special Fund, and Hawaii Tobacco Prevention and Control Trust Fund;
- (2) Require the Department of Health to submit annual reports to the Legislature that provide an accounting of the receipts and expenditures from the Hawaii Tobacco Settlement Special Fund and Hawaii Tobacco Prevention and Control Trust Fund;
- (3) Require the Department of the Attorney General to monitor all online sales of all tobacco products and electronic smoking devices and post monthly updates on its website regarding the estimated number of these products that have entered the State and how many products, by tonnage, have been confiscated;
- (4) Require the Department of Health to establish standardized and scientific testing protocols for the presence of flavoring in all tobacco products and synthetic nicotine products and make the testing protocols and results available to the public on its website;
- (5) Prohibit the sale or distribution of all flavored tobacco and synthetic nicotine products in the State;
- (6) Require the Department of Health, in collaboration with the Department of Education, to establish a take back program to collect and destroy all electronic smoking devices, flavored tobacco or synthetic nicotine products, and tobacco products voluntarily disposed of by students on public school property; and
- (7) Require the Department of Health, in collaboration with the Department of Education, to establish quarterly meetings with students at all school complex areas and independent schools to seek input on addressing the youth vaping epidemic.

Your Committee received testimony in support of this measure from the Department of Education; Hawaii State Teachers Association; Keiki Injury Prevention Coalition; Hawaii Youth Services Network; Friends of Kamalani and Lydgate Park; Hawaii Dental Association; Hawaii Association of Independent Schools; Hawai'i Public Health Association; a petition from principals of the Department of Education; and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General; Department of Health; Hawaii Smokers Alliance; Smokey's Pipe and Coffee; Americans for Tax Reform; BLVK E-Liquid; JOCOR Enterprises, LLC; ABC Stores; 7 Daze MFG; The Consumer Advocates for Smoke-free Alternatives Association; Mod in Hawaii Alternatives LLC; VOLCANO Vape Shops; KHI Inc.; Retail Merchants of Hawaii; Smoke-Free Alternatives Trade Association; and numerous individuals. Your Committee received comments on this measure from the University of Hawaii Student Health Advisory Council; Hawaii COPD Coalition; American Heart Association; Hawai'i Children's Action Network Speaks!; Blue Zones Project; Reason Foundation; Get Fit Kauai; Maui Preparatory Academy; 'Ohana Health Plan; American Lung Association in Hawaii; Hawaii Petroleum Marketers Association; American Cancer Society Cancer Action Network; Coalition for a Tobacco-Free Hawai'i; AlohaCare; Coalition for a Tobacco-Free Hawai'i's Youth Council; We Are One, Inc.; The Man Cave; Pediatric Therapies Hawai'i; Hawaii Food Industry Association; Consumer Center of The Taxpayers Protection Alliance; and numerous individuals.

Your Committee finds that the use of flavored tobacco products and electronic smoking devices by youth have swelled to epidemic levels. The usage rate of electronic smoking devices amongst youth in the State is prevalent with 30.6 percent of public high school students and eighteen percent of public middle school students reporting that they use electronic smoking devices. The usage rate is even more concerning on the neighbor islands, where thirty-four percent of students in Hawaii County and thirty-two percent in Kauai County reporting to be regular users.

Your Committee further finds that an expansive catalog of flavors is one of the main reasons why there is a rise in the use of tobacco products and electronic smoking devices by youth. Electronic smoking devices and flavored tobacco products have been glamorized and promoted in a manner to appeal to youth, using flavors like candy, fruit, Maui mango, and shaka strawberry. The majority of youth who use electronic smoking devices report using a flavored product.

Your Committee notes that the Department of the Attorney General raised concerns in its testimony that several provisions of this measure may be beyond the scope of the single subject expressed in its title. Your Committee believes that this concern should be given further consideration as this measure advances through the legislative process.

Your Committee further notes that the Departments of the Attorney General and Health expressed reservations in their testimony about certain provisions in this amended measure. Specifically, the departments have raised concerns that certain components may be infeasible or impractical to implement.

These concerns notwithstanding, your Committee believes that the scale of the youth vaping epidemic necessitates continuing discussion and deliberation with the intent to reach an agreeable solution to curb the usage of tobacco products and electronic smoking devices by youth. As such, your Committee believes that this measure should advance through the legislative process to continue those discussions and ensure that a vehicle is available in the event an agreeable solution is achieved.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1570, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Onishi, Tarnas). Noes, 1 (Kong). Excused, none.

#### **SCRep. 691-22 Consumer Protection & Commerce on H.B. No. 2514**

The purpose of this measure is to prohibit the operation of underground storage tanks with a capacity greater than one hundred thousand gallons.

Your Committee received testimony in support of this measure from the Department of Health; Honolulu Board of Water Supply; Surfrider Foundation Hawai'i Region; Protect Kaho'olawe 'Ōhāna; Sierra Club of Hawai'i; Hawai'i Alliance for Community-Based Economic Development; 350Hawaii.org; Aloha 'Āina Legal Group, LLC; 'Ahahui o nā Kauka; Our Revolution Hawaii; Livable Hawaii Kai Hui; Hawai'i Alliance for Progressive Action; Hawai'i Public Health Institute; Environmental Caucus of the Democratic Party of Hawai'i; Environmental Justice Task Force of Faith Action for Community Equity; and numerous individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Office of Planning and Sustainable Development.

Your Committee finds that there are leakage risks associated with underground storage tanks that contain hazardous materials, with large capacity underground storage tanks presenting a higher potential for large leakage events. Water contamination from leaky underground storage tanks can have a devastating impact on the environment and directly impacts the health and quality of life of Hawaii residents. This measure seeks to prohibit the operation of underground storage tanks with a capacity greater than one hundred thousand gallons, which will reduce the risk of potential contamination of the State's potable drinking water sources.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2514, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 692-22 Consumer Protection & Commerce on H.B. No. 1886**

The purpose of this measure is to:

- (1) Ban hemp products that contain cannabinoids created through isomerization, including Delta 8 tetrahydrocannabinol; and
- (2) Add Delta 8 tetrahydrocannabinol to the list of schedule I controlled substances.

Your Committee received testimony in support of this measure from the Department of Health, Honolulu Police Department, and Mothers Against Drunk Driving Hawaii.

Your Committee finds that Delta 8 tetrahydrocannabinol (Delta 8 THC) is a psychoactive substance found in the *Cannabis sativa* plant. While Delta 8 THC is naturally produced in the cannabis plant, it is not found in significant amounts. As a result, concentrated amounts of Delta 8 THC are typically manufactured from hemp-derived cannabidiol.

Your Committee further finds that Delta 8 THC products have not been evaluated or approved by the United States Food and Drug Administration for safe use in any context and may be marketed in a manner that puts the public health at risk. This measure protects the public by prohibiting hemp products that contain Delta 8 THC and adding Delta 8 THC to the list of schedule I controlled substances.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1886, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 693-22 Consumer Protection & Commerce on H.B. No. 1743**

The purpose of this measure is to define "pools" for the purposes of the Department of Health's authority to adopt rules concerning public health and safety.

Your Committee received testimony in support of this measure from the Department of Health, Department of Parks and Recreation of the City and County of Honolulu, and one individual.

Your Committee finds that the Department of Health is statutorily authorized to regulate the location, air space, ventilation, sanitation, drainage, sewage disposal, and other health conditions of pools. Under existing Department of Health administrative rules, pools are required to meet certain residual disinfectant requirements to lower the risk of communicable disease transmission and turnover rates to ensure that proper filtering of water is occurring at all times.

Your Committee further finds that because certain man-made structures, such as man-made lagoons, are not constructed the same as a public swimming pool they should not be subject to the same residual disinfectant and turnover requirements as public swimming pools. This measure therefore clarifies that certain structures do not fall under the regulation of "pools".

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1743, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

#### **SCRep. 694-22 Consumer Protection & Commerce on H.B. No. 1525**

The purpose of this measure is to update the reporting requirements for state departments in meeting programmatic goals for the purchase and procurement of locally sourced products.

Your Committee received testimony in support of this measure from the Department of Education; Local Food Coalition; Hawai'i Farm Bureau; Hawai'i Cattlemen's Council, Inc.; Hawai'i Farm to School Hui; Hawai'i Alliance for Progressive Action; and two individuals. Your Committee received comments on this measure from Ulupono Initiative.

Your Committee finds that supporting local businesses and encouraging the production and use of local agriculture ensures a thriving local economy. Your Committee further finds that, to facilitate these goals, the State enacted Act 175, Session Laws of Hawaii 2021, which established a thirty percent goal for locally sourced products in school meals by 2030, and Act 176, Session Laws of Hawaii 2021, which established graduating goals for the purchase of local produce up to 2050. Pursuant to both Acts, state agencies are required to report on their progress toward attaining certain benchmarks each year. This measure will further clarify the reporting requirements for state agencies.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1525, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

#### **SCRep. 695-22 Consumer Protection & Commerce on H.B. No. 2089**

The purpose of this measure is to:

- (1) Amend the definition of "renewable portfolio standard" to more accurately reflect the percentage of renewable electrical energy generated in the State; and
- (2) Expand the events or circumstances that are beyond an electric utility company's reasonable control to include non-renewable energy generated by electric generation facilities where the electric utility company does not have direct control or ownership.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Department of Business, Economic Development, and Tourism; Department of Transportation; Public Utilities Commission; Hawaii State Energy Office; Climate Protectors Hawai'i; Ulupono Initiative; Blue Planet Foundation; Hawaiian Electric Company; Hawaii Clean Power Alliance; and two individuals.

Your Committee finds that Hawaii statutorily committed to one hundred percent renewable energy sales in the State by 2045 through the enactment of Act 97, Session Laws of Hawaii 2015. However, the calculation of the renewable portfolio standard, which is based on electrical energy sales rather than electrical energy generation, overestimates the amount of renewable energy serving the State's electric utility customers. Amending the method by which the one hundred percent renewable energy goal is calculated will enable a more accurate determination of whether the State is truly achieving its goal of sourcing one hundred percent of its electricity from renewable sources.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2089, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

#### **SCRep. 696-22 Consumer Protection & Commerce on H.B. No. 2147**

The purpose of this measure is to reinstate the Department of Health's authority to permit federal municipal solid waste landfills.

Your Committee received testimony in support of this measure from the Department of Health and County of Hawai'i Department of Environmental Management.

Your Committee finds that removal of the Department of Health's authority to permit federal municipal solid waste landfills not only removes regulatory oversight of the design, construction, and operation of federal municipal solid waste landfills, but also creates the loss of an approved municipal solid waste landfill permit program in accordance with federal regulations.

Your Committee further finds that under federal law and regulations, states must adopt and implement permit programs to ensure that each solid waste management facility program within each state obtain a permit and comply with applicable criteria. If Hawaii remains noncompliant, the Department of Health and the State may lose state program approval that allows for the ability to design, operate, close, and monitor landfills using alternative designs or methods to the federal standards that could be more suitable for local site conditions and be more cost-effective.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2147, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kong, Tarnas).

#### **SCRep. 697-22 Consumer Protection & Commerce on H.B. No. 1436**

The purpose of this measure is to expand the authority of the counties to regulate the transfer of development rights to protect lands that are vulnerable to climate change, including sea level rise, coastal erosion, storm surge, and flooding.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development; Department of Planning and Permitting of the City and County of Honolulu; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; and one member of the Maui County Council. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the impacts and hazards of climate change continue to pose a grim threat to the State. The changes in sea level rise, impacted by storm surges and flooding, leads to coastal erosion, exorbitant property damage, and loss of life. This measure strengthens the counties' ability to protect lands that are vulnerable to impacts and hazards caused by climate change and facilitates the potential movement of development away from at-risk areas to locations that are more appropriate for development.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1436, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 2 (Kong, Tarnas).

**SCRep. 698-22 Finance on H.B. No. 1785**

The purpose of this measure is to require and appropriate funds for the Legislative Reference Bureau to conduct a study that identifies and analyzes alternative tourism governance systems and submit a report to the Legislature regarding potential tourism governance options for consideration.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, State Procurement Office, and Legislative Reference Bureau.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1785, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 15. Noes, none. Excused, none.

**SCRep. 699-22 Finance on H.B. No. 2092**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (2) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation Corporate Board of Directors; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2092, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 15. Noes, none. Excused, none.

**SCRep. 700-22 Finance on H.B. No. 2093**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (3) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation Corporate Board of Directors; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2093, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 15. Noes, none. Excused, none.

**SCRep. 701-22 Finance on H.B. No. 2094**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (4) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation Corporate Board of Directors; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2094, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 15. Noes, none. Excused, none.

**SCRep. 702-22 Finance on H.B. No. 2095**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (6) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2095, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 15. Noes, none. Excused, none.

**SCRep. 703-22 Finance on H.B. No. 2096**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (8) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2096, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 704-22 Finance on H.B. No. 2098**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (10) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation Corporate Board of Directors; and United Public Workers, AFSCME Local 646, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2098, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 705-22 Finance on H.B. No. 2099**

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (11) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2099, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 706-22 Finance on H.B. No. 2100**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (13) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; Hawaii Health Systems Corporation Corporate Board of Directors; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2100, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 707-22 Finance on H.B. No. 2101**

The purpose of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (14) and their excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2101, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 708-22 Finance on H.B. No. 1924**

The purpose of this measure is to appropriate funds for the State of Hawaii Museum of Monarchy History and the State of Hawaii Museum of Natural and Cultural History.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts, The Friends of Iolani Palace, Oahu Economic Development Board, Historic Hawai'i Foundation, Native Hawaiian Hospitality Association, and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1924 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 709-22 Finance on H.B. No. 2449**

The purpose of this measure is to:

- (1) Appropriate funds for additional staff positions in the Hawaii State Archives to assist with its mission and increase public access to historical documents and artifacts;
- (2) Provide funds for the construction of an additional building to address the current and future facilities needs of the Hawaii State Archives;
- (3) Require all departments, offices, and agencies of the State to conduct an inventory of all documents in their possession related to the culture and history of Hawaii and Native Hawaiians and submit a report on the inventory; and
- (4) Require the Hawaii State Archives to develop a plan to acquire those documents and submit the plan to the Legislature.

Your Committee received testimony in support of this measure from the Hawaii State Archives. Your Committee received comments on this measure from the Department of Budget and Finance and Historic Hawai'i Foundation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2449, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

#### **SCRep. 710-22 Finance on H.B. No. 2475**

The purpose of this measure is to establish July 31 of each year as La Hoihoi Ea.

Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Department of Human Resources of the City and County of Honolulu and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2475, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

#### **SCRep. 711-22 Finance on H.B. No. 2491**

The purpose of this measure is to require:

- (1) All letterheads of the State and counties that include Hawaiian names and words to include Hawaiian names, words, spelling, and punctuation consistent with certain references;
- (2) Official letterhead stationery and websites of designated state officials to include the Hawaiian translation of the office's or department's name; and
- (3) The University of Hawaii to compile a full list of all dialects and other variations of the Hawaiian language currently in use.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawai'i Civil Rights Commission, University of Hawai'i at Hilo, and three individuals. Your Committee received comments on this measure from the Office of Planning and Sustainable Development, Office of Economic Development of the County of Kauai, Center for Hawaiian Sovereignty Studies, and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2491, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (B. Kobayashi). Noes, none. Excused, none.

#### **SCRep. 712-22 Finance on H.B. No. 1741**

The purpose of this measure is to:

- (1) Require the Department of Human Services to continue to lead a working group to address visitation and support needs of children and families of incarcerated individuals;
- (2) Require the Department of Human Services to work with the Department of Public Safety and other entities to establish a Pilot Visitation and Family Resource Center at Waiawa Correctional Facility on Oahu;
- (3) Require the working group to submit a report to the Legislature before the Regular Session of 2023; and
- (4) Appropriate funds.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network, Community Alliance on Prisons, Hawaii Children's Action Network Speaks!, Blueprint for Change, Early Childhood Action Strategy, Women's Prison Project, and four individuals. Your Committee received comments on this measure from the Department of Public Safety, Department of Human Services, Department of Budget and Finance, and Office of Information Practices.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1741, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 713-22 Finance on H.B. No. 2118**

The purpose of this measure is to:

- (1) Codify the existing Hawaii State Cybersecurity Program, administered by the Office of Homeland Security in partnership with specified entities, to oversee cybersecurity and cyber resiliency matters;
- (2) Define the scope and objectives of the cybersecurity program to meet present and anticipated cybersecurity threats; and
- (3) Eliminate the Cybersecurity, Economic, Education, and Infrastructure Security Coordinator position.

Your Committee received testimony in support of this measure from the state Department of Defense and Hawaii Office of Homeland Security.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2118, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 714-22 Finance on H.B. No. 1695**

The purpose of this measure is to increase the generally applicable statutory fine under the Fireworks Control Law from \$2,000 to \$5,000.

Your Committee received testimony in support of this measure from the Hawaii State Fire Council, Honolulu Fire Department, Maui Fire Department, Kihei Community Association, Animal Rights Hawai'i, Pearl City Neighborhood Board, and eight individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1695, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 715-22 Finance on H.B. No. 2108**

The purpose of this measure is to:

- (1) Beginning January 1, 2023, establish a special purpose digital currency licensing program for licensure, regulation, and oversight of digital currency companies in the State;
- (2) Extend operations of companies in the Digital Currency Innovation Lab Pilot Program, under certain circumstances; and
- (3) Appropriate funds out of the Compliance Resolution Fund to implement the licensing program.

Your Committee received testimony in support of this measure from the Hawai'i Technology Development Corporation and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Blockchain Solutions Hawai'i, Electronic Transactions Association, and Grassroot Institute of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2108, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 716-22 Finance on H.B. No. 2273**

The purpose of this measure is to:

- (1) Specify that certain violations of the Fireworks Control Law be considered a violation of noise control rules, which may subject the violator to a citation under the State's noise pollution law; and
- (2) Appropriate funds to the Department of Health to assist in the enforcement of these violations.

Your Committee received testimony in support of this measure from Quieter & Healthier Maui, Kihei Community Association, A Quieter O'ahu, Hawaiian Humane Society, and nine individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2273, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 717-22 Finance on H.B. No. 2275**

The purpose of this measure is to:

- (1) Establish an expeditious adjudication system for processing fireworks infractions, similar to the system for processing traffic infractions; and
- (2) Appropriate funds to update the Judiciary's information management system to implement the adjudication system for the processing of fireworks infractions.

Your Committee received testimony in support of this measure from the Hawaii State Fire Council, Honolulu Fire Department, Kihei Community Association, Hawaiian Humane Society, and nine individuals. Your Committee received comments on this measure from the Judiciary, Department of Budget and Finance, and Department of the Prosecuting Attorney of the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2275, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 718-22 Finance on H.B. No. 1423**

The purpose of this measure is to:

- (1) Amend the amount of the fine that may be assessed against a noncandidate committee that makes only independent expenditures and has received at least one contribution of more than \$10,000 or spent more than \$10,000 in an election period; and
- (2) Authorize the Campaign Spending Commission to order that the fine, or any portion of the fine, assessed against a noncandidate committee be paid from the personal funds of the officers of the noncandidate committee.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii and Common Cause Hawaii. Your Committee received comments on this measure from the Campaign Spending Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1423, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 719-22 Finance on H.B. No. 1830**

The purpose of this measure is to:

- (1) Save the State the costs of its annual insurance premiums for property and casualty insurance coverage by establishing the State Self-Insurance Against Property and Casualty Risks Special Fund to provide the State with self-insurance coverage against property and casualty risks; and
- (2) Appropriate funds.

Your Committee received comments on this measure from the Department of Accounting and General Services and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1830, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Wildberger). Noes, none. Excused, 2 (Marten, McDermott).

**SCRep. 720-22 Finance on H.B. No. 1888**

The purpose of this measure is to:

- (1) Increase the minimum amount of aggregated expenditures for electioneering communications in a calendar year from \$1,000 to \$2,000 before the filing of a statement of information would be required;
- (2) Require that disclosures of electioneering communications occur on the date the electioneering communications are publicly distributed;
- (3) Specify the disclosure date for subsequent public distribution of electioneering communications;
- (4) Exempt communications in news stories and editorials published by electronic means from being considered electioneering communications; and
- (5) Repeal the actual expenditures exception from the definition of "electioneering communications".

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii. Your Committee received comments on this measure from the Campaign Spending Commission and Common Cause Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1888, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 721-22 Finance on H.B. No. 1974**

The purpose of this measure is to establish the Small Business Assistance Initiative within the State Procurement Office, to consist of a Small Business Procurement Coordinator and Small Business Office, and to appropriate funds for this purpose.

Your Committee received testimony in support of this measure from the Department of Transportation, Ka Leo O Nā 'Ōpio, and Native Hawaiian Chamber of Commerce. Your Committee received comments on this measure from the Department of Budget and Finance and State Procurement Office.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1974, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Marten, McDermott).

**SCRep. 722-22 Finance on H.B. No. 315**

The purpose of this measure is to increase the cap on the amount the University of Hawaii System can expend from the University of Hawaii Tuition and Fees Special Fund for the University of Hawaii Foundation from \$3,000,000 to \$6,000,000.

Your Committee received testimony in support of this measure from the University of Hawai'i System, University of Hawai'i Foundation, University of Hawai'i Alumni Association, and University of Hawai'i Foundation Board of Trustees. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 315, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Branco).

**SCRep. 723-22 Finance on H.B. No. 1488**

The purpose of this measure is to simplify the residency determination for the State's high school students and recent graduates to enroll at the University of Hawai'i by considering high school seniors and recent high school graduates, including those who choose to return from out of state to pursue higher education in Hawaii, as residents under certain conditions.

Your Committee received testimony in support of this measure from the Department of Education, University of Hawai'i System, Kamehameha Schools, and five individuals. Your Committee received comments on this measure from the Department of the Attorney General.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1488, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Branco).

**SCRep. 724-22 Finance on H.B. No. 1731**

The purpose of this measure is to make higher education in Hawaii more accessible by:

- (1) Expanding the Hawaii Promise Program to provide scholarships for the unmet direct cost needs of qualified undergraduate students enrolled at a four-year campus of the University of Hawaii; and
- (2) Appropriate funds to establish and implement the expanded program.

Your Committee received testimony in support of this measure from the Department of Education, University of Hawai'i System, Americans for Democratic Action Hawaii, University of Hawai'i Alumni Association, and Kamehameha Schools. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1731, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Branco).

**SCRep. 725-22 Finance on H.B. No. 1885**

The purpose of this measure is to:

- (1) Establish and appropriate funds for a Chief Data Officer within the Office of Enterprise Technology Services to develop, implement, and manage statewide data policies, procedures, and standards and facilitate data sharing across state agencies; and
- (2) Establish a Data Task Force within the Office of Enterprise Technology Services to assist in the development of the statewide data policies, procedures, and standards.

Your Committee received testimony in support of this measure from the Office of Information Practices, The Civil Beat Law Center for the Public Interest, Ulupono Initiative, Transform Hawai'i Government, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Office of Enterprise Technology Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1885, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Branco).

**SCRep. 726-22 Finance on H.B. No. 2206**

The purpose of this measure is to appropriate funds for athletics at the University of Hawai'i at Mānoa and University of Hawai'i at Hilo.

Your Committee received testimony in support of this measure from the University of Hawai'i at Mānoa Athletics Department and University of Hawai'i at Hilo Athletics Department. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2206, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 1 (McDermott). Excused, 1 (Branco).

**SCRep. 727-22 Finance on H.B. No. 2392**

The purpose of this measure is to make an emergency appropriation for coronavirus disease 2019 pandemic mitigation efforts.

Your Committee received testimony in support of this measure from the Hawai'i Primary Care Association and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Health, Department of Budget and Finance, Hawaii Medical Service Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2392, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 728-22 Finance on H.B. No. 1403**

The purpose of this measure is to require and appropriate funds for the Department of Transportation, in collaboration with the County of Hawaii, to conduct site surveys on the island of Hawaii to identify the most suitable location for an alternate route in Puna below Highway 130.

Your Committee received testimony in support of this measure from two members of the Hawaii County Council, Keaukaha Pana'ewa Farmers Association, and fourteen individuals. Your Committee received comments on this measure from the Department of Transportation, Department of Budget and Finance, and Ulupono Initiative.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1403, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 729-22 Finance on H.B. No. 1414**

The purpose of this measure is to make a person who is the registered owner of a vehicle that was deemed abandoned or derelict subject to a tiered fine system for multiple violations.

Your Committee received testimony in support of this measure from one member of the Maui County Council, Department of Environmental Management of the County of Hawai'i, Kauai Police Department, Department of Environmental Management of the County of Maui, Hawaii Council of Mayors, and ten individuals. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1414, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Perruso). Noes, none. Excused, 1 (McDermott).

#### **SCRep. 730-22 Finance on H.B. No. 1686**

The purpose of this measure is to require the Director of Transportation to establish and implement a Digital Identification Pilot Program for the issuance of digital identification, which includes a driver's license and government-issued identification card issued in a digital format.

Your Committee received testimony in support of this measure from the Department of Transportation, Office of Enterprise Technology Services, and Hawai'i Tourism Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1686, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 731-22 Finance on H.B. No. 1688**

The purpose of this measure is to:

- (1) Subject U-drive motor vehicles to the same motor vehicle registration fees as other motor vehicles; and
- (2) Authorize the counties to use certain motor vehicle registration fees to mitigate and address the impacts of tourism-related traffic congestion.

Your Committee received testimony in support of this measure from the Mayor of the County of Kaua'i, one member of the Maui County Council, Finance Department of the County of Kaua'i, Department of Customer Services of the City and County of Honolulu, Hertz, and Enterprise Holdings. Your Committee received comments on this measure from the Hawai'i State Association of Counties, Tax Foundation of Hawaii, and Maui Chamber of Commerce.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1688, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 732-22 Finance on H.B. No. 1953**

The purpose of this measure is to provide the Department of Transportation with more flexibility and discretion to address significant hardship situations that impact airport concession contracts.

Your Committee received testimony in opposition to this measure from the Airlines Committee of Hawaii. Your Committee received comments on this measure from the Department of Transportation and Airport Concessionaires Committee.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1953, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 733-22 Finance on H.B. No. 2336**

The purpose of this measure is to:

- (1) Clarify certain provisions in chapter 291J, Hawaii Revised Statutes, to better reflect the legislative intent of the Photo Red Light Imaging Detector Systems Program; and
- (2) Amend Act 30, Session Laws of Hawaii 2020, as amended, to account for changes in fiscal needs based on the current timetable of the Photo Red Light Imaging Detector Systems Program.

Your Committee received testimony in support of this measure from the Department of Transportation, Department of the Prosecuting Attorney of the City and County of Honolulu, and Honolulu Police Department.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2336, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 734-22 Finance on H.B. No. 1575**

The purpose of this measure is to:

- (1) Broaden the scope of practice for physician assistants; and
- (2) Streamline the medical records review process for physician assistants by requiring a sampling of medical records, rather than all medical records, to be reviewed when physician assistants prescribe controlled substances.

Your Committee received testimony in support of this measure from the Hawaii Medical Board, Hawai'i Academy of Physician Assistants, Kaiser Permanente Hawai'i, Hawai'i Public Health Association, Occupational Therapy Association of Hawaii, The Queen's Health Systems, and numerous individuals. Your Committee received comments on this measure from the Disability and Communication Access Board.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1575, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 735-22 Finance on H.B. No. 1666**

The purpose of this measure is to establish and appropriate funds for a pilot program to expand existing county programs that make licensed mental health counselors available to assist county first responders in responding to mental health crises in areas in the urban core with high rates of homelessness.

Your Committee received testimony in support of this measure from the Judiciary, Office of Housing of the City and County of Honolulu, Hawaii Substance Abuse Coalition, and three individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Budget and Finance, Department of Health, Office of the Public Defender, and Department of the Prosecuting Attorney of the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1666, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 736-22 Finance on H.B. No. 1754**

The purpose of this measure is to appropriate funds to restore diagnostic, preventive, and restorative dental benefits to adult Medicaid enrollees; provided that the Department of Human Services obtains the maximum federal matching funds available and pursues all funding sources prior to expending any general revenue appropriations.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities; John A. Burns School of Medicine of the University of Hawai'i at Mānoa; Hawaii Dental Hygienists' Association; Kaiser Permanente Hawai'i; Hawai'i Oral Health Coalition; Save Medicaid Hawaii; Hawaii Disability Rights Center; Hawai'i Health & Harm Reduction Center; AlohaCare; AARP Hawai'i; Hawaii Medical Service Association; Hawai'i Public Health Association; Hawai'i Primary Care Association; Hawai'i Children's Action Network Speaks!; Hawaii Dental Association; Kokua Kalihi Valley Comprehensive Family Services; 'Ohana Health Plan; Papa Ola Lōkahi; Waimānalo Health Center; Catholic Charities Hawai'i; The Queen's Health Systems; Hawaii Association of Health Plans; Parents And Children Together; We Are One, Inc.; West Hawaii Community Health Center; Oral Health Progress and Equity Network; and numerous individuals. Your Committee received comments on this measure from the Department of Human Services, Department of Budget and Finance, Executive Office on Aging, and Waikiki Health.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1754, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 737-22 Finance on H.B. No. 1824**

The purpose of this measure is to establish and fund Long-Term Care Ombudsman Program Specialist positions within the Office of the Long-Term Care Ombudsman.

Your Committee received testimony in support of this measure from the State Long-Term Care Ombudsman, County of Hawai'i Office of Aging, Long Term Care Ombudsman Program, AARP Hawai'i, Kokua Council, Alzheimer's Association, Policy Advisory Board for Elder Affairs, Protect Leahi & Maluhia 'Ohana, and eleven individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Executive Office on Aging.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1824, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 738-22 Finance on H.B. No. 2424**

The purpose of this measure is to:

- (1) Expand the investigative power of the Department of Human Services to include inspections of families with:
  - (A) Children who have been adopted or placed in legal guardianship and whose families are receiving financial assistance through the State; and
  - (B) Children in the foster care system for whom there is a pending petition for adoption and the child is pendente lite or for whom an adoption decree has been issued but the child has not yet been placed in the custody of the adoption petitioner;
- (2) Require the Department of Human Services to collect and analyze data to determine the impact of expanding home visits to families receiving adoption assistance or legal guardianship assistance;
- (3) Appropriate funds for additional case workers and support staff; and
- (4) Appropriate funds to increase compensation for existing child welfare services case worker positions.

Your Committee received testimony in support of this measure from twelve individuals. Your Committee received testimony in opposition to this measure from the Hawaii Family Advocacy Team. Your Committee received comments on this measure from the Department of the Attorney General, Department of Human Services, Department of Budget and Finance, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2424, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 739-22 Finance on H.B. No. 2515**

The purpose of this measure is to require the Department of Health to establish and operate a laboratory capable of testing for diseases, air and water quality issues, and other high complexity testing and appropriate funds for that purpose.

Your Committee received testimony in support of this measure from Department of Health, Honolulu Board of Water Supply, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2515, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 740-22 Finance on H.B. No. 1179**

The purpose of this measure is to establish and appropriate funds for a pilot program within the Aina Mauna Legacy Program of the Department of Hawaiian Home Lands to remove and harvest gorse from Mauna Kea and develop the gorse as a marketable product to expand economic opportunities for native Hawaiians.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Hawaiian Home Lands.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1179, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 741-22 Finance on H.B. No. 1567**

The purpose of this measure is to:

- (1) Eliminate the use of monetary bail and require defendants to be released on their own recognizance for traffic offenses, violations, nonviolent petty misdemeanor offenses, or nonviolent misdemeanor offenses; and
- (2) Allow defendants the option to participate in a bail report interview via videoconference.

Your Committee received testimony in support of this measure from the Judiciary, Office of the Public Defender, Hawai'i Correctional System Oversight Commission, Hawai'i Health & Harm Reduction Center, Community Alliance on Prisons, Trinity United Methodist Church, League of Women Voters of Hawaii, Hawai'i Alliance for Progressive Action, Imua Alliance, and thirteen individuals. Your Committee received testimony in opposition to this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu, Retail Merchants of Hawaii, and one individual. Your Committee received comments on this measure from the Department of Public Safety, Hawaii Substance Abuse Coalition, Hawaii Disability Rights Center, Faith Action for Community Equity, Common Cause Hawaii, American Civil Liberties Union of Hawai'i, and twelve individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1567, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 742-22 Finance on H.B. No. 1580**

The purpose of this measure is to specify under the Hawaii Rules of Evidence that courts may order that the testimony of witnesses be taken through a live two-way video connection in certain circumstances.

Your Committee received testimony in opposition to this measure from the Judiciary and Office of the Public Defender. Your Committee received comments on this measure from the Department of the Attorney General.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1580, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 743-22 Finance on H.B. No. 1761**

The purpose of this measure is to authorize the issuance of limited purpose identification cards for individuals who otherwise satisfy the requirements for a government-issued identification card except for the individual's inability or refusal to provide satisfactory proof of authorized presence in the United States under federal law.

Your Committee received testimony in support of this measure from the Office of Community Services, The Legal Clinic, Hawai'i Coalition for Immigrant Rights, Parents And Children Together, and four individuals. Your Committee received comments on this measure from the Department of Transportation, Community Alliance on Prisons, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1761, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 744-22 Finance on H.B. No. 1777**

The purpose of this measure is to require, and appropriate funds for, the Department of the Attorney General to provide annual reports to the Legislature on available data pertaining to the commercial sexual exploitation of children.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Imua Alliance, and two individuals. Your Committee received comments on this measure from the Department of Human Services, Department of Budget and Finance, and Hawaii Youth Services Network.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1777, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 745-22 Finance on H.B. No. 1499**

The purpose of this measure is to:

- (1) Require the Department of Agriculture to partner with a Hawaii entity to establish a Pilot United States Department of Agriculture Harmonized Good Agricultural Practices Food Safety Training and Certification Program to assist small- and medium-sized farms in obtaining the United States Department of Agriculture Harmonized Good Agricultural Practices certification; and
- (2) Appropriate funds for this purpose.

Your Committee received testimony in support of this measure from the Ulupono Initiative; Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; North Shore Economic Vitality Partnership; Hawaii Food Industry Association; Hawaii Foodservice Alliance LLC; Piko Provisions; and three individuals. Your Committee received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1499, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 746-22 Finance on H.B. No. 1517**

The purpose of this measure is to support Hawaii's coffee growers by:

- (1) Requiring disclosure on the label of coffee blends of the respective geographic and regional origins and percent by weight of the blended coffees;
- (2) Making it a violation to use a geographic origin in labeling or advertising for roasted or instant coffee blends that contain less than a certain percentage of coffee by weight from that geographic origin, phased in to a minimum of fifty-one percent;
- (3) Prohibiting use of the term "All Hawaiian" in labeling or advertising for roasted or instant coffee not produced entirely from green coffee beans grown in Hawaii; and
- (4) Appropriating funds to the Department of Agriculture for the Pesticide Subsidy Program and for one full-time equivalent position to conduct inspections.

Your Committee received testimony in support of this measure from four members of the Hawai'i County Council; Rancho Aloha; Hawaii Farmers Union United; Hawaii Coffee Association; Kona Coffee Farmers Association; Life of the Land; Hawaii Coffee Growers Association; The 4 Sens, LLC; Green Party Hawai'i; Absolute Palate LLC; Lions Gate Farms; Huahua Farm; Honalo Farm; and eighteen individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii, Hawaii Food Industry Association, Hawaii Coffee Company, Hawai'i Restaurant Association, and one individual. Your Committee received comments on this measure from the Department of Agriculture, Department of Budget and Finance, Rusty's Hawaiian, Cassandra Farms, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1517, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 747-22 Finance on H.B. No. 1705**

The purpose of this measure is to allow the Department of Agriculture to extend the lease of any agricultural park lessee who holds a lease with a remaining term of fifteen years or less; provided that the land covered by the lease is twenty-five acres or less and located in a county with a population of less than five hundred thousand.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau; Hawaii Floriculture and Nursery Association; Bromeliads Hawaii, LLC; Hawaii Clean Seed LLC; and two individuals. Your Committee received testimony in opposition to this measure from the Department of Agriculture. Your Committee received comments on this measure from the Land Use Research Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1705, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14; Ayes with Reservations (Branco, Eli, Marten, Perruso, Tam, Wildberger). Noes, none. Excused, 1 (McDermott).

**SCRep. 748-22 Finance on H.B. No. 1714**

The purpose of this measure is to appropriate funds to the Department of Agriculture to continue its efforts to mitigate and control the two-lined spittlebug and recover the rangelands and pastures damaged by this invasive pest and for research to inform best practices and monitor the status of the two-lined spittlebug.

Your Committee received testimony in support of this measure from Ulupono Initiative; Hawaii Cattlemen's Council, Inc.; Hawai'i Farm Bureau; Local Food Coalition; Land Use Research Foundation of Hawaii; Parker Ranch, Inc.; Larry Jeffs Farms, LLC; Ponoholo Ranch Limited; Barbed S Ranch LLC; Haleakala Ranch; and nine individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Agriculture, and University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1714, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 749-22 Finance on H.B. No. 2062**

The purpose of this measure is to establish the Agricultural Emergency Loan Revolving Fund, to be administered by the Department of Agriculture, to fund class D emergency loans and appropriate funds for that purpose.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Farm Bureau, Hawai'i Cattlemen's Council, and Ulupono Initiative. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2062, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 750-22 Finance on H.B. No. 2304**

The purpose of this measure is to:

- (1) Appropriate funds to the Department of Education for additional resources to help implement the Hawaii Farm to School Program, specifically to implement internal systems and controls to meet the State's local food goals in school meals; and
- (2) Require the Department of Education to submit a report to the Legislature no later than January 1, 2023, that details a plan and timeline for implementing the Hawaii Farm to School Program.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association; Ulupono Initiative; Local Food Coalition; Food+ Policy Internship 2022; Hawai'i Farm Bureau; Hawai'i Farm to School Hui; Hawaii Food Industry Association; Malama Kaua'i; Hawai'i 'Ulu Producers Cooperative; Kipahulu Ohana, Inc.; Growing Together Edible Landscaping; Hawai'i Primary Care Association; Hawaii Cattlemen's Council, Inc.; Green Party of Hawai'i; Mala'ai, and eleven individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Agriculture, Department of Education, and Hawaii Appleseed Center for Law & Economic Justice.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2304, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 751-22 Finance on H.B. No. 2307**

The purpose of this measure is to ensure the continued viability of the State's sea salt manufacturing industry by appropriating funds to provide education and support to businesses in the State regarding the United States Food and Drug Administration's industry guidance on colored sea salt.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau and Hawaii Food Industry Association. Your Committee received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2307, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 752-22 Finance on H.B. No. 1749**

The purpose of this measure is to:

- (1) Establish the Supportive Housing Task Force to improve data collection on supportive housing needs in the State; and
- (2) Appropriate funds for the task force, including one full-time equivalent planner or specialist position.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Hawai'i Health & Harm Reduction Center, Catholic Charities Hawai'i, Partners in Care, Hawaii Community Foundation, and three individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Department of Budget and Finance, Office of Information Practices, Common Cause Hawaii, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1749, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 753-22 Finance on H.B. No. 1753**

The purpose of this measure is to allow the Hawaii Housing Finance and Development Corporation greater flexibility to use the funds in the Rental Housing Revolving Fund for necessary expenses in administering the Corporation's housing finance programs.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1753, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 754-22 Finance on H.B. No. 1837**

The purpose of this measure is to:

- (1) Require each county to submit biennial reports to the Legislature on its efforts to reduce zoning and regulatory barriers to housing development; and
- (2) Require the Hawaii Housing Finance and Development Corporation and Hawaii Public Housing Authority to submit biennial reports, based on their individual review of the counties' reports, to the Legislature on streamlining affordable housing development.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority, Hawai'i Association of REALTORS, and one individual. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation, Department of Planning and Permitting of the City and County of Honolulu, and Maui Chamber of Commerce.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1837, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 1 (Perruso). Excused, 1 (McDermott).

**SCRep. 755-22 Finance on H.B. No. 1859**

The purpose of this measure is to appropriate funds for the State Rent Supplement Program.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority, Catholic Charities Hawai'i, Hawai'i Health & Harm Reduction Center, and Partners in Care. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1859, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 756-22 Finance on H.B. No. 2020**

The purpose of this measure is to appropriate general funds that are to be deposited into the Affordable Homeownership Revolving Fund.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Hawaii Habitat for Humanity Association; Habitat for Humanity Maui, Inc.; Habitat for Humanity Hawaii Island, Inc.; St. Michael the Archangel Church; Hawai'i Appleseed Center for Law & Economic Justice; Hawai'i Island Housing Coalition; and one individual. Your Committee received comments on this measure from the Department of the Attorney General and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2020, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 757-22 Finance on H.B. No. 2102**

The purpose of this measure is to discontinue reimbursement by the State and counties of Medicare income related monthly adjustment amounts for retired employees hired after June 30, 2022, and their spouses.

Your Committee received testimony in support of this measure from the Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees. Your Committee received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2102, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Wildberger). Noes, 1 (Perruso). Excused, none.

**SCRep. 758-22 Finance on H.B. No. 2103**

The purpose of this measure is to eliminate Medicare part B premium reimbursement by the State and counties for the spouses of retired employees hired after June 30, 2022.

Your Committee received testimony in support of this measure from the Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees. Your Committee received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2103, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Wildberger). Noes, 1 (Perruso). Excused, none.

**SCRep. 759-22 Finance on H.B. No. 2105**

The purpose of this measure is to clarify the Employees' Retirement System's eligibility requirement definitions for service-connected disability and accidental death benefits.

Your Committee received testimony in support of this measure from the State of Hawaii Employees' Retirement System Board of Trustees.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2105, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 760-22 Finance on H.B. No. 2240**

The purpose of this measure is to authorize the issuance of general obligation bonds for the payment or prepayment of the State's other post-employment benefits liability.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2240, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 761-22 Finance on H.B. No. 2448**

The purpose of this measure is to:

- (1) Require the Department of Business, Economic Development, and Tourism to establish and maintain a statewide data hub to collect employer and employee data;
- (2) Authorize the Department of Business, Economic Development, and Tourism to determine the type of employer and employee data to collect, the functions of the statewide data hub, and access and document retention policies for the data; and
- (3) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii and Hawaii Food Industry Association. Your Committee received comments on this measure from the Department of Budget and Finance and Chamber of Commerce Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2448, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 762-22 Finance on H.B. No. 2469**

The purpose of this measure is to:

- (1) Establish an Unemployment Compensation Insolvency Special Fund to be expended solely to resolve an Unemployment Compensation Trust Fund insolvency emergency declared by the Governor;
- (2) Allow the Governor to declare an Unemployment Compensation Trust Fund insolvency emergency and to expend monies from the special fund if the Director of Finance determines that the trust fund balance is insufficient to meet the State's obligations; and
- (3) Appropriate monies into the Unemployment Compensation Insolvency Special Fund.

Your Committee received testimony in support of this measure from the Hawaii Food Industry Association. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Labor and Industrial Relations, and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2469, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (B. Kobayashi, Marten, Perruso, Tam). Noes, none. Excused, none.

**SCRep. 763-22 Finance on H.B. No. 2471**

The purpose of this measure is to amend the definition of "adequate reserve fund" to exclude the benefit cost rate from June 2020 through August 2021, effective for calendar years 2023 through 2030.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and Retail Merchants of Hawaii. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2471, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 764-22 Finance on H.B. No. 1671**

The purpose of this measure is to create a temporary subcommittee of the State Land Use Commission to review land study bureau classifications and ratings of lands located in agricultural districts.

Your Committee received testimony in support of this measure from the State Land Use Commission. Your Committee received comments on this measure from the Department of Agriculture, Office of Planning and Sustainable Development, Office of Information Practices, League of Women Voters of Hawaii, and Hawai'i Farm Bureau.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1671, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (B. Kobayashi, Marten, Perruso). Noes, none. Excused, 1 (Branco).

**SCRep. 765-22 Finance on H.B. No. 1788**

The purpose of this measure is to:

- (1) Establish the Waiakea Peninsula Redevelopment District and Waiakea Redevelopment and Planning Committee for the redevelopment of public lands on Waiakea Peninsula;
- (2) Establish the Waiakea Peninsula Redevelopment District Revolving Fund; and
- (3) Appropriate funds.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council and Hawaii Primary Care Association. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources and League of Women Voters of Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1788, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 1 (Wildberger). Excused, 1 (Branco).

#### **SCRep. 766-22 Finance on H.B. No. 1872**

The purpose of this measure is to require:

- (1) The Department of Land and Natural Resources to recognize that:
  - (A) Game birds and mammals can provide a sustainable food source that merits appropriate resource management to support viable populations sufficient for hunting;
  - (B) Proper management of game populations in appropriate areas minimizes their impacts and provides important benefits; and
  - (C) The State's unique relationship with the ocean requires careful consideration and management of land and ocean activities that prioritize the public trust responsibilities of the State; and
- (2) Each department, office, or agency of the State to update its rules and policies to integrate local hunting and fishing industries into any food security or sustainability strategies that the department, office, or agency employs.

Your Committee received testimony in support of this measure from the Hawaii County Game Management Advisory Commission; Hawaii Firearms Coalition; Hawaii Cattlemen's Council, Inc.; and six individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources, Good Shepherd Foundation, Hawai'i Farm Bureau, and four individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1872, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Wildberger). Noes, none. Excused, 1 (Branco).

#### **SCRep. 767-22 Finance on H.B. No. 2016**

The purpose of this measure is to require the Department of Land and Natural Resources to prepare a master plan for the Sand Island State Recreation Area and appropriate funds for preparation of the plan.

Your Committee received testimony in support of this measure from The Pillars LLC, Mountainview Community Church, Kingsman Boxing Gym, Thunderboxing Gym Kalihi, Hood 2 Hood, Slapp Radio, and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Land and Natural Resources, and Sand Island Business Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2016, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Branco).

#### **SCRep. 768-22 Consumer Protection & Commerce on H.B. No. 1903**

The purpose of this measure is to require first responders to record in the incident report for each water rescue event the type of snorkel and mask, if any, worn by the person who was rescued or recovered.

Your Committee received testimony in support of this measure from Mālama Pūpūkea-Waimea and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that drowning is the leading cause of injury-related death among visitors to Hawaii, with snorkeling being the most common activity associated with visitor drownings. Your Committee further finds that while many drowning events are snorkel-related, the cause remains unclear as data is not systematically collected on the circumstances of the events or type of snorkels used by the victims. Gathering standardized, empirical data will help authorities determine whether the type of snorkel increases the risk of drowning and lead to better public health messaging and improvements in snorkel design. This measure therefore ensures that this important data will be collected.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1903, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kong).

#### **SCRep. 769-22 Consumer Protection & Commerce on H.B. No. 2114**

The purpose of this measure is to amend the Mortgage Rescue Fraud Prevention Act by:

- (1) Deleting certain exemptions to the definition of "distressed property consultant" in the State's Mortgage Rescue Fraud Prevention Act that are not in the federal Mortgage Assistance Relief Services Rule; and

(2) Correcting a typographical error in the definition of "mortgage assistance relief service."

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs. Your Committee received testimony in opposition to this measure from the Hawaii Bankers Association. Your Committee received comments on this measure from the Hawai'i Association of REALTORS and one individual.

Your Committee finds that, in 2008, the State enacted the Mortgage Rescue Fraud Prevention Act (MRFPFA) to protect consumers from mortgage rescue scams. There was no federal counterpart to the MRFPFA until the enactment of the Federal Trade Commission's Mortgage Assistance Relief Services Rule (MARS Rule) in December 2010. Both the MRFPFA and MARS Rule are designed to protect consumers from abusive mortgage relief practices, but take distinctly different approaches to identify the persons from whom consumers should be protected. This measure takes the unique protection provisions of the MARS Rule and combines and reconciles those with the protection provisions already present and unique to the MRFPFA.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2114, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2114, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 770-22 Consumer Protection & Commerce on H.B. No. 2115**

The purpose of this measure is to authorize the Commissioner of Financial Institutions to modify, by rule or order, the requirements associated with the licensure and regulation of mortgage servicers.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the State utilizes the NMLS, a multi-state mortgage licensing platform, to manage the licensing of mortgage servicers. Your Committee further finds that conflicts with existing law may arise when the NMLS modifies or modernizes its processes, which then require the Commissioner of Financial Institutions to repeatedly request changes to the law from the Legislature. This measure empowers the Commissioner to modify the requirements for mortgage services by rule or order, bypassing any need for continual modification from the Legislature, which will streamline the licensing process for mortgage services and reduce delays for customers.

Your Committee has amended this measure by changing the effective date to January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2115, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2115, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 771-22 Consumer Protection & Commerce on H.B. No. 1598**

The purpose of this measure is to:

- (1) Authorize the Hawaii Board of Veterinary Medicine to grant temporary courtesy permits and relief permits for out-of-state veterinarians;
- (2) Specify the conditions under which licensed veterinarians may practice veterinary telemedicine;
- (3) Clarify when persons licensed to practice veterinary medicine in other jurisdictions may practice in the State; and
- (4) Authorize international veterinary school graduates to qualify for the licensure examination.

Your Committee received testimony in support of this measure from the Hawaii Veterinary Medical Association, Hawaiian Humane Society, Animal Interfaith Alliance in Britain, Veterinary Emergency + Referral Center, The Humane Society of the United States, and numerous individuals. Your Committee received comments on this measure from the Hawaii Board of Veterinary Medicine.

Your Committee finds that there is a shortage of veterinarian specialists and practitioners in the State, which has made it exceedingly difficult for animal welfare organizations and veterinary practices to fill vacant positions. This has prevented veterinary emergency hospitals from operating on an around-the-clock basis and prevented other practices from providing the level of service needed in the community. As a result, owners and their pets may experience delays in care as long as several months.

Your Committee further finds that, in 2020, the practice where an out-of-state veterinarian could work under the sponsorship of an in-state veterinarian was invalidated by the Board of Veterinary Medicine. While this practice was commonly employed for many years by nonprofit organizations to meet their acute needs, this practice was determined to have rested on an incorrect interpretation of the law. This measure is the result of a collaborative effort to authorize various avenues for out-of-state veterinarians to fill the gaps in the State's veterinary needs.

Your Committee has amended this measure by:

- (1) Amending the language within the telemedicine provisions and the definition of "veterinarian-client-patient relationship" for consistency with federal law;
- (2) Clarifying that the telemedicine provisions are not intended to override federal or state requirements and standards for issuing certificates of veterinary inspection or health certificates, rather than specifying that these certificates must be done by physical examinations and not through telemedicine;
- (3) Specifying that emergency responses include human-caused disasters;
- (4) Clarifying that for licensure purposes, a veterinarian college must meet the standards established by the American Veterinary Medical Association Council on Education;
- (5) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1598, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1598, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

#### **SCRep. 772-22 Consumer Protection & Commerce on H.B. No. 1596**

The purpose of this measure is to make permanent the insurance requirements for transportation network companies and transportation network company drivers.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii Insurers Council, Uber Technologies, GEICO, and Lyft.

Your Committee finds that, before 2016, there was a discrepancy in insurance protections for passengers and third parties across the various commercial passenger services. While other commercial passenger services, such as common carriers by motor vehicle or taxicabs, had commercial insurance that protected their passengers and third parties during the course of a commercial activity, transportation network company drivers may not have had the proper coverage to protect passengers and third parties during the operation of a transportation company driver's personal motor vehicle as a ride-share.

To resolve this discrepancy and ensure that Hawaii consumers were properly protected as passengers and third parties, Hawaii established insurance requirements for transportation network companies and transportation network company drivers through the enactment of Act 236, Session Laws of Hawaii 2016 (Act 236). However, Act 236 contained a sunset date of September 1, 2021. The original sunset date of Act 236 was extended to September 1, 2023, by Act 132, Session Laws of Hawaii 2021. Your Committee finds that Act 236 is accomplishing its intended goal and therefore, the insurance requirements should be made permanent.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1596, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1596, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Aquino).

#### **SCRep. 773-22 Consumer Protection & Commerce on H.B. No. 2111**

The purpose of this measure is to update and improve existing provisions in the Insurance Code and promote consumer protection by:

- (1) Amending the Insurance Commissioner's authority to issue limited licenses to persons selling travel insurance to be inclusive of other general travel insurance products;
- (2) Removing references to outdated and obsolete limited lines product offerings;
- (3) Amending the regulation of third party administrators by:
  - (A) Excluding dental insurers and dental service corporations;
  - (B) Increasing the required surety bond beginning in the third party administrator's third year of licensure; and
  - (C) Requiring third party administrators to include renewal certificates for surety bonds and audited financial statements in their annual reports; and
- (4) Adopting the revised National Association of Insurance Commissioners Suitability in Annuity Transactions Model Regulation to:
  - (A) Require producers to act in the best interest of the consumer when making a recommendation of an annuity; and
  - (B) Require insurers to establish and maintain a system to supervise recommendations.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, National Association of Insurance and Financial Advisors Hawaii, American Council of Life Insurers, and American Insurance Group, Inc. Your Committee received comments on this measure from the Hawaii-Western Management Group.

Your Committee finds that existing law fails to allow limited lines producers to offer various forms of general travel insurance products, such as trip interruption or cancellation, damages to accommodations or rental vehicles, emergency evacuations, or repatriation of remains. This absence creates consumer confusion and gaps in product offerings. This measure allows limited lines producers to offer products covering the breadth of travel insurance.

Your Committee further finds that, in 2020, the National Association of Insurance Commissioners adopted a revised version of the Suitability in Annuity Transactions Model Regulation, which more clearly defines a producer's responsibility to act in the best interest of the consumer when making a recommendation of an annuity and requires insurers to establish and maintain a system to supervise recommendations. This measure ensures that producers are acting in the best interest of the consumer and strengthens protections under the Insurance Code with regard to annuity transactions.

Your Committee has amended this measure by:

- (1) Clarifying that a third party administrator must file and maintain a surety bond of at least \$100,000 for the first two years of licensure and at least \$300,000 from the third year of licensure;
- (2) Clarifying when a renewal certificate for a surety bond or updated surety bond must be filed along with the annual report;
- (3) Authorizing the Insurance Commissioner to delay the enforcement of the provisions concerning limited licenses and third party administrator annual reports until no later than March 31, 2023;
- (4) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2111, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2111, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 774-22 Consumer Protection & Commerce on H.B. No. 2112**

The purpose of this measure is to adopt the revised National Association of Insurance Commissioners Credit for Reinsurance Model Law, which conforms existing reinsurance law to the bilateral agreements on insurance and reinsurance between the United States and European Union and between the United States and United Kingdom.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii Insurers Council, and American Council of Life Insurers.

Your Committee finds that, in 2017, the United States Treasury Department and United States Trade Representative, pursuant to their authority under the Dodd-Frank Wall Street Reform and Consumer Protection Act, P.L. 111-203, concluded negotiations on an agreement with the European Union (EU) that eliminates EU reinsurer collateral requirements, provided certain regulatory criteria are met. In addition, the EU agreed to recognize the United States' approach to group supervision, including group capital. In December 2018, a separate agreement was signed between the United States and United Kingdom that mirrors the language from the agreement with the EU. Under both agreements, states must enact laws conforming to the agreements by September 1, 2022, or face possible federal preemption.

Your Committee further finds that the National Association of Insurance Commissioners (NAIC) adopted revisions to the models that are intended to implement the reinsurance collateral provisions of the agreements. The revisions eliminate reinsurance collateral requirements for reinsurers that have their head office or are domiciled in any of the following reciprocal jurisdictions: an EU-member country that is subject to an in-force agreement; a United States jurisdiction that meets the requirements for accreditation under NAIC financial standards and accreditation program; and a non-United States jurisdiction recognized as a qualified jurisdiction that meets additional requirements consistent with the terms of the agreements.

This measure will conform the provisions of the State's Insurance Code regarding credit for reinsurance to the bilateral agreements and avoid federal preemption.

Your Committee has amended this measure by:

- (1) Clarifying the conditions under which credit for reinsurance may be allowed;
- (2) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2112, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2112, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 775-22 Consumer Protection & Commerce on H.B. No. 1597**

The purpose of this measure is to extend:

- (1) The sunset date of Act 65, Session Laws of Hawaii 2013, as amended by Act 60, Session Laws of Hawaii 2018, which provides a limited exemption to the licensing requirements for certain individuals in situations when an electric utility must retain qualified individuals to work with high voltage (six hundred volts or higher) who are not licensed in the State but are otherwise deemed qualified by the electric utility; and
- (2) The reporting requirements of Act 60, Session Laws of Hawaii 2018, which requires the Board of Electricians and Plumbers to submit annual reports to the Legislature related to high voltage electrical work.

Your Committee received testimony in support of this measure from the Hawaiian Electric Company, Inc.; International Brotherhood of Electrical Workers Local Union 1260; and Building Industry Association of Hawaii. Your Committee received testimony in opposition to this measure from the Board of Electricians and Plumbers, Contractors License Board, and International Brotherhood of Electrical Workers Local Union 1186.

Your Committee finds that there continues to be debate about whether there is a shortage of electricians, splicers, and linemen in the State who are experienced and qualified to work with high voltage (six hundred volts or higher) and who can perform certain complex maintenance and repair work affecting an electric utility, particularly an electric utility's transmission lines.

Your Committee also finds that high voltage electric utility workers are in high demand throughout the country and in-state electric utilities have had difficulties retaining these workers, many of whom leave for jobs in the continental United States. There are therefore times when it may be necessary for an electric utility to contract and retain qualified personnel from other jurisdictions in the United States to perform high voltage work. To address this ongoing situation, this measure extends the limited exemption to the licensing requirements for certain individuals qualified to perform high voltage utility work.

It is the Committee's intention to expressly limit the scope and applicability of the exemption established by Act 65, Session Laws of Hawaii 2013.

Your Committee has amended this measure by:

- (1) Specifying that the exemption only applies to workers performing electric transmission and distribution line construction and maintenance and substation work for a public utility;
- (2) Extending the sunset date of the limited extension under Act 65, Session Laws of Hawaii 2013, and the associated reporting requirements under Act 60, Session Laws of Hawaii 2018, until 2028, rather than 2033;
- (3) Changing the effective date to January 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1597, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1597, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kong, Tarnas).

**SCRep. 776-22 Judiciary & Hawaiian Affairs on H.B. No. 2293**

The purpose of this measure is to establish the Prevent Suicide Hawaii Task Force under the Department of Health.

Your Committee received testimony in support of this measure from the Department of Health, Department of Education, John A. Burns School of Medicine, Joint Military Suicide Prevention Task Force, Prevent Suicide Hawai'i Taskforce, Hawaii Substance Abuse Coalition, Hawai'i Psychiatric Medical Association, Mental Health America of Hawai'i, Hawai'i Primary Care Association, Hawai'i Health & Harm Reduction Center, Hui Malama Hawaii, Hawai'i Public Health Association, and five individuals.

Your Committee finds that suicide is the fourth leading cause of death for children between the ages of ten and fourteen and is the leading cause of death for young people between the ages of fifteen and twenty-four. In Hawaii, suicide accounts for twenty-five percent of all fatal injuries. Your Committee further finds that a prevent suicide task force is urgently needed to help address the alarming trend of rising suicide rates and to arrive at effective prevention and intervention strategies that enable greater access to suicide prevention services and foster greater awareness of this serious public health problem.

Your Committee has amended this measure by:

- (1) Requiring the task force to consist of:
  - (A) One member who is a frontline Hawaii Psychiatric Medical Association psychiatrist serving rural and underserved communities, to be appointed by the Hawaii Psychiatric Medical Association; and
  - (B) One member from the Hawaii Primary Care Association, to be appointed by the Hawaii Primary Care Association; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2293, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2293, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

**SCRep. 777-22 Judiciary & Hawaiian Affairs on H.B. No. 2422**

The purpose of this measure is to clarify that a family court must impose a sentence for domestic violence intervention, with or without probation, for violations of restraining orders, orders for protection, and abuse of family or household members.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu, Hawai'i State Coalition Against Domestic Violence, and one individual. Your Committee received testimony in opposition to this measure from Office of the Public Defender.

Your Committee finds that the Hawaii Supreme Court misinterpreted state law when it held that domestic violence intervention may only be ordered as a condition of probation for persons who violate temporary restraining orders. Domestic violence intervention, which includes anger management and domestic violence treatment, is important for addressing the root causes of domestic violence. This measure clarifies legislative intent by clearly mandating domestic violence intervention, regardless of whether persons are sentenced with or without probation.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2422, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2422, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

**SCRep. 778-22 Judiciary & Hawaiian Affairs on H.B. No. 1866**

The purpose of this measure is to:

- (1) Amend the procedure under which a blood, urine, or breath test is administered in the event of certain vehicular collisions; and
- (2) Prohibit state courts from vacating any conviction for a crime that was committed before December 5, 2016, solely on the basis that the evidence of the person's blood alcohol content was obtained without a warrant, unless otherwise required by constitutional law.

Your Committee received testimony in support of this measure from Mothers Against Drunk Driving Hawaii and four individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that the state law establishing the procedure for administering blood, urine, or breath tests in the event of certain vehicular collisions should be updated to reflect developments in federal and state common law over the years regarding warrantless tests. Your Committee further finds that courts should avoid reversing convictions based on a warrantless blood draw taken after a vehicular collision that occurred before December 5, 2016, since both statutory and common law allowed law enforcement officers investigating vehicular collisions to obtain evidence of a person's blood alcohol content without a warrant if there was probable cause that the person operated a vehicle under the influence of an intoxicant and exigent circumstances justified a warrantless blood draw.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1866, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1866, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

**SCRep. 779-22 Judiciary & Hawaiian Affairs on H.B. No. 1456**

The purpose of this measure is to amend the offense of theft in the second degree to include theft of an electric gun.

Your Committee received testimony in support of this measure from the Honolulu Police Department, Hawaii Firearms Coalition, and one individual. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that the Penal Code does not adequately address the theft of electric guns, which became legal for members of the public on January 1, 2022. Your Committee believes that criminals may start to seek out electric guns for the facilitation of crimes since these devices can cause pain and incapacitation but are less likely to cause death or serious bodily injury.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2222, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1456, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1456, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (D. Kobayashi). Excused, 1 (LoPresti).

**SCRep. 780-22 Judiciary & Hawaiian Affairs on H.B. No. 1469**

The purpose of this measure is to establish an affirmative defense to prosecution of unauthorized control of a propelled vehicle in the first and second degree, where the defendant purchased the vehicle in good faith and believed oneself to be the actual owner of the vehicle.

Your Committee received testimony in support of this measure from the Honolulu Police Department and Department of the Prosecuting Attorney of the City and County of Honolulu. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that prosecutors are often blindsided during trials related to the unauthorized control of a propelled vehicle when defendants make an inference during the questioning of a witness, or personally testify, that they purchased the vehicle. If a defendant has in fact purchased a vehicle, that information should be relayed to prosecution for proper investigation. This will also ensure that a defendant is not wrongfully prosecuted and resources are not wasted.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1469, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1469, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (D. Kobayashi). Excused, 1 (LoPresti).

**SCRep. 781-22 Judiciary & Hawaiian Affairs on H.B. No. 1878**

The purpose of this measure is to amend the period in which the Hawaii Supreme Court is in session to annual terms commencing on the first Monday in January of each year beginning in 2024.

Your Committee received comments on this measure from the Judiciary.

Your Committee finds that there are concerns regarding the current term of the Hawaii Supreme Court. Apparently, if a justice of the Hawaii Supreme Court retires before a decision has been issued on a case, then the Intermediate Court of Appeals ruling stands. Your Committee believes that the requirement that the Hawaii Supreme Court sit in continuous session, rather than annual session merits further study.

Accordingly, your Committee has amended this measure by deleting language that would have amended the period in which the Hawaii Supreme Court is in session and instead requiring the Legislative Reference Bureau to:

- (1) Conduct a study to consider if the Hawaii Supreme Court should be a single term like the United States Supreme Court; and
- (2) Submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the regular session of 2023.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1878, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1878, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 1 (LoPresti).

**SCRep. 782-22 Judiciary & Hawaiian Affairs on H.B. No. 2337**

The purpose of this measure is to clarify the definitions of "drug", "substance", and "substance abuse" for purposes of operating a vehicle under the influence of an intoxicant violations.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, and Mothers Against Drunk Driving Hawaii.

Your Committee finds that under existing law, the prosecution must prove beyond a reasonable doubt that a person was under the influence of a controlled substance under the Uniform Controlled Substances Act, or its metabolites, in order to convict a person of operating a vehicle under the influence of an intoxicant. However, there are several drugs that can cause serious impairment that are not scheduled or controlled substances, including kava, certain muscle relaxants, and synthetic drugs such as "spice" and "bath salts". This measure clarifies the definitions used for violations of operating a vehicle under the influence of an intoxicant to include substances that, when taken into the human body, can impair the ability of a person to operate a vehicle safely.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2222, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2337, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2337, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 783-22 Judiciary & Hawaiian Affairs on H.B. No. 2075**

The purpose of this measure is to:

- (1) Increase the time frame that a permit to acquire a firearm can be used from ten days to thirty days; and
- (2) Eliminate physical inspection of firearms generally, except for firearms brought into the State, firearms involved in private sales or transfers, and firearms and firearm receivers with engraved or embedded registration numbers.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Hawai'i Police Department, Honolulu Police Department, and one individual. Your Committee received testimony in opposition to this measure from the Honolulu County Republican Party, DC Project, Pu'uloa Rifle and Pistol Club, Hawaii Firearms Coalition, Hawaii Rifle Association, and numerous individuals. Your Committee received comments on this measure from two individuals.

Your Committee finds that amendments to firearm permitting and registration requirements are advisable given the recent ruling by the United States District Court for the District of Hawaii, which found that Hawaii's ten-day expiration period for a permit to acquire a pistol or revolver and requirement that all firearms be physically inspected at the time of registration are unconstitutional. This measure addresses this ruling by providing people with adequate time to complete their firearm acquisitions and only requiring the physical inspection of firearms for narrow categories.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2222, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2075, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2075, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 2 (Tokioka, Ward). Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 784-22 Judiciary & Hawaiian Affairs on H.B. No. 1459**

The purpose of this measure is to require victim restitution in certain juvenile cases.

Your Committee received testimony in support of this measure from the Crime Victim Compensation Commission, Department of the Prosecuting Attorney of the City and County of Honolulu, and County of Kauai Victim/Witness Program. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that under existing state law, courts are required to order victim restitution in adult offender cases but not in juvenile offender cases. Furthermore, some judges interpret state law as only allowing victim restitution as an alternative to community service. This system greatly decreases the chances that juvenile offenders will be held accountable to their victims, which can demoralize or revictimize these victims by discounting the very benefits that restitution is intended to provide.

Your Committee further finds that a recent Intermediate Court of Appeals case ruled that the plain language definition of "victim" for purposes of victim restitution in certain juvenile cases does not include the Crime Victim Compensation Commission, even though the Commission is included in the definition "victim" for purposes of victim restitution in adult cases.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that the definition of "victim" for purposes of victim restitution in certain juvenile cases is the same as the definition for adult cases. Specifically, this measure defines "victim" for purposes of victim restitution in certain juvenile cases as including:
  - (A) The direct victim of a crime including a business entity, trust, or governmental entity;
  - (B) If the victim dies as a result of the crime, a surviving relative of the victim;
  - (C) A governmental entity that has reimbursed the victim for losses arising as a result of the crime or paid for medical care provided to the victim as a result of the crime; or
  - (D) Any duly incorporated humane society or duly incorporated society for the prevention of cruelty to animals, contracted with the county or State to enforce animal-related statutes or ordinances, that impounds, holds, or receives custody of a pet animal; and
- (2) Changing the effective date to January 1, 2222, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1459, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1459, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Tokioka). Noes, 1 (D. Kobayashi). Excused, 1 (LoPresti).

**SCRep. 785-22 Judiciary & Hawaiian Affairs on H.B. No. 1472**

The purpose of this measure is to amend the information necessary for a voter to withdraw their signature from a petition under election laws, including petitions to qualify as a political party or appear as a presidential candidate.

Your Committee received testimony in support of this measure from the Office of Elections.

Your Committee finds that this measure will standardize the requirements for a signatory to remove their name from a petition to match the withdrawal requirements for nomination papers.

Your Committee has amended this measure by changing the effective date to January 1, 2022, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1472, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1472, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (LoPresti).

**SCRep. 786-22 Judiciary & Hawaiian Affairs on H.B. No. 2197**

The purpose of this measure is to amend:

- (1) The offenses of promoting gambling in the first and second degree to a class B felony and class C felony, respectively, without the possibility of probation or suspension of sentence; and
- (2) The requisite state of mind for these offenses from knowingly to criminal negligence.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that illegal gambling houses have a profoundly negative impact on communities across the State, particularly residential neighborhoods. Illegal gambling houses have been shown to attract and foster violence, illicit drugs, sex trafficking, and other dangerous activities. By strengthening the criminal penalties for promoting gambling in the first and second degree, your Committee believes that persons who work at illegal gambling houses will be deterred from participating in the illegal enterprise.

Your Committee has amended this measure by:

- (1) Deleting language that would have:
  - (A) Changed the requisite state of mind for the offenses of promoting gambling in the first and second degree to criminal negligence; and
  - (B) Prohibited the possibility of probation or suspension of sentence for the offenses of promoting gambling in the first and second degree;
- (2) Excluding the offenses of promoting gambling in the first and second degree from qualifying for deferred acceptance of guilty plea or nolo contendere plea; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2197, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2197, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

**SCRep. 787-22 Judiciary & Hawaiian Affairs on H.B. No. 1732**

The purpose of this measure is to prohibit individuals from carrying an electric gun in or near certain sensitive locations, with exceptions.

Your Committee received testimony in opposition to this measure from the Hawaii Firearms Coalition, Valley Isle Sports Shooters Club, Rosas Arms LLC, DC Project Hawaii, Pu'uloa Rifle and Pistol Club, Hawaii County Game Management Advisory Commission, Libertarian Party of Hawaii, and numerous individuals.

Prior to decision making on this measure, your Committee posted and made available for public review a proposed H.D. 1, which amends this measure by:

- (1) Clarifying that the prohibition applies regardless of whether the electric gun is operational or not;
- (2) Amending the location and premises restrictions for electric guns;
- (3) Amending the exemptions to the prohibition and establishing an affirmative defense for certain exempt persons; and
- (4) Clarifying that the presence of a person at any restricted location or premises is prima facie evidence that the person knows it is such a location or premises.

Your Committee received testimony in support of the proposed H.D. 1 from the Department of Transportation. Your Committee received testimony in opposition to the proposed H.D. 1 from the Honolulu Police Department.

Your Committee finds that, to address the effect of a court ruling on the ban of electric guns in Hawaii, Act 183, Session Laws of Hawaii 2021, repealed the prohibition on electric guns while providing for regulations on the use, storage, transfer, disposal, and purchase of electric guns and electric projectile guns. Your Committee further finds that to protect public health and safety, it is imperative to regulate where electric guns may be carried by addressing certain sensitive locations such as schools, government buildings, and places where open meetings occur. Your Committee believes that the proposed H.D. 1 adds more safeguards and addresses safety concerns relating to an individual carrying an electric gun in certain sensitive locations.

Accordingly, your Committee has amended this measure by adopting the proposed H.D. 1.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1732, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1732, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 4 (LoPresti, McKelvey, Tokioka, Ward). Excused, 1 (Nakamura).

**SCRep. 788-22 Judiciary & Hawaiian Affairs on H.B. No. 1455**

The purpose of this measure is to amend the offense of robbery in the first degree to include as part of the offense being armed with or using an electric gun during the course of a theft or non-consensual taking of a motor vehicle.

Your Committee received testimony in support of this measure from the Honolulu Police Department and three individuals.

Your Committee finds that the Hawaii Penal Code does not adequately address potential situations in which offenders committing theft or non-consensual taking of a motor vehicle are armed with electric guns. Your Committee is concerned that criminals may start using electric guns, which became legal for members of the public on January 1, 2022, for the facilitation of these crimes since these devices can cause pain and incapacitation but are less likely to cause death or serious bodily injury. This measure accordingly aims to address this concern and deter the use of an electric gun in the commission of a crime, particularly robbery.

You Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2222, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1455, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1455, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Nakamura).

**SCRep. 789-22 Judiciary & Hawaiian Affairs on H.B. No. 1822**

The purpose of this measure is to:

- (1) Amend the driver's license renewal period for licensees who are seventy years of age or older but younger than eighty years of age; and
- (2) Require applicants for a new driver's license or renewal of driver's license who are seventy years of age or older to present certification of physical and mental competence from a doctor.

Your Committee received testimony in support of this measure from the Department of Transportation and AARP Hawai'i. Your Committee received testimony in opposition to this measure from five individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that many seventy-year-olds are physically fit and mentally capable of performing a wide range of activities, including driving. Your Committee further finds that the Department of Transportation has not found any local data to indicate drivers aged seventy or older are at higher risk of causing or being involved in crashes. Therefore, your Committee believes that the current two-year renewal period for drivers aged seventy-two to seventy-nine should be extended to four years.

Accordingly, your Committee has amended this measure by:

- (1) Increasing the age at which a driver must renew their driver's license every four years from seventy years of age to seventy-two years of age;
- (2) Deleting language that required applicants for a new driver's license or renewal of driver's license who are seventy years of age or older to present certification of physical and mental competence from a doctor;
- (3) Changing the effective date to January 1, 2222, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1822, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1822, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Matayoshi). Noes, none. Excused, 1 (Nakamura).

**SCRep. 790-22 Judiciary & Hawaiian Affairs on H.B. No. 1453**

The purpose of this measure is to specify that refusing to provide identifying information to a police officer when being detained for a traffic offense is a petty misdemeanor.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, State of Hawaii Organization of Police Officers, and three individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that violators of the Statewide Traffic Code who refuse to provide identification to police officers are issued a citation for not producing identification. However, if the violator does not provide the police officer with identifying information, a citation cannot be issued. Your Committee finds that this hinders law enforcement in their duty to conduct traffic enforcement. This measure changes the penalty from a traffic infraction to a petty misdemeanor for refusing to provide identifying information to a police officer when stopped for a traffic offense.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2222, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that existing law does not require a person to provide an identification card when the person is stopped by a police officer.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1453, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1453, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (LoPresti, Lowen, McKelvey, Takumi). Noes, 1 (D. Kobayashi). Excused, 1 (Nakamura).

#### **SCRep. 791-22 Judiciary & Hawaiian Affairs on H.B. No. 2247**

The purpose of this measure is to:

- (1) Amend the driver's license revocation period for first time offenders convicted of operating a vehicle under the influence of an intoxicant to no less than one year and no more than eighteen months;
- (2) Allow early termination of driver's license revocation for first time offenders convicted of operating a vehicle under the influence of an intoxicant; and
- (3) Require the maximum license revocation period for people who are convicted of operating a vehicle under the influence of an intoxicant and do not own or have a vehicle or are unable to drive.

Your Committee received testimony in support of this measure from the Department of Transportation, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawai'i Police Department, and Mothers Against Drunk Driving Hawaii Advisory Board. Your Committee received comments on this measure from the Judiciary and Smart Start LLC, Hawaii Corporate Office.

Your Committee finds that an ignition interlock device is often the first line of defense in preventing a person who is under the influence of an intoxicant from operating a vehicle. Your Committee further finds that allowing the early termination of a driver's license revocation for offenders who have been convicted of operating a vehicle under the influence of an intoxicant and install and use an ignition interlock device will incentivize use of these devices and reduce the number of intoxicated drivers on the road, making Hawaii's roads safer for everyone.

Your Committee has amended this measure by:

- (1) Requiring any person whose driver's license has been administratively revoked or who has been convicted of offenses involving operating a vehicle under the influence of an intoxicant to provide proof of compliance with the ignition interlock law to be eligible for a driver's license, unless an unspecified amount of time has passed since the expiration of the license revocation period; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2247, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2247, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Nakamura).

#### **SCRep. 792-22 Judiciary & Hawaiian Affairs on H.B. No. 2213**

The purpose of this measure is to establish the felony offense of mail theft.

Your Committee received testimony in support of this measure from the Department of the Attorney General and three individuals.

Your Committee finds that due to the ongoing coronavirus disease 2019 (COVID-19) pandemic, more residents are relying on shipping and delivery services. Your Committee further finds that there are rising incidents of reported mail and package theft in Hawaii. This measure will further enable the prosecution of theft of mail at the state level.

Your Committee has amended this measure by:

- (1) Placing the new offense under the Penal Code chapter that codifies offenses against property rights;
- (2) Clarifying that a person commits the offense of theft of mail by intentionally obtaining or exerting unauthorized control over mail, rather than by intentionally appropriating mail;
- (3) Amending the definition of "mail";
- (4) Changing the category of offense from a class C felony to a misdemeanor;
- (5) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2213, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2213, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Matayoshi, McKelvey, Takumi). Noes, 1 (Tokioka). Excused, 1 (Nakamura).

#### **SCRep. 793-22 Judiciary & Hawaiian Affairs on H.B. No. 2464**

The purpose of this measure is to clarify when the use of deadly force is not justified.

Your Committee received testimony in support of this measure from the Stolen Stuff Hawaii, DC Project Hawaii, Hawaii County Game Management Advisory Commission, Libertarian Party of Hawaii, Hawaii Firearms Coalition, National Rifle Association of Hawaii, and numerous individuals. Your Committee received testimony in opposition to this measure from the US Concealed Carry Association, Hawaii Firearms Coalition, Valley Isle Sports Shooters Club, Hawaii Chapter of Moms Demand Action for Gun Sense in America, Everytown for Gun Safety, and numerous individuals. Your Committee received comments on this measure from two individuals.

Your Committee finds that public safety is enhanced by clarifying the circumstances under which the use of deadly force is not justifiable.

Your Committee has amended this measure by:

- (1) Changing its effective date to January 1, 2022, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2464, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2464, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Matayoshi). Noes, 4 (D. Kobayashi, Lowen, McKelvey, Takumi). Excused, 1 (Nakamura).

#### **SCRep. 794-22 Judiciary & Hawaiian Affairs on H.B. No. 2074**

The purpose of this measure is to clarify that defendants shall not apply credit for time served on a felony conviction toward the sentence imposed for a subsequent unrelated conviction.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Public Safety, and Department of the Prosecuting Attorney of the City and County of Honolulu. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that Act 50, Session Laws of Hawaii 2012 (Act 50), was enacted to prevent a defendant from earning credit for time served for a subsequent crime while the defendant is serving a sentence of imprisonment for a separate unrelated offense. However, the Hawaii Supreme Court held in *State v. Abithai*, 146 Hawaii 398, 463 P.3d 1055 (2020), that a defendant was still entitled to presentence detention credit under Hawaii law for the period of time the defendant was simultaneously being detained for a separate unrelated felony conviction and a subsequent offense. This measure clarifies the intent of Act 50 by specifying that certain defendants shall not earn credit on a sentence imposed for a subsequent unrelated conviction for time being served on a previous felony conviction.

Your Committee has amended this measure by:

- (1) Changing the effective date to January 1, 2022, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2074, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2074, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Lowen, McKelvey, Nakamura, Takumi, Tokioka). Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 795-22 Finance on H.B. No. 1996**

The purpose of this measure is to amend the contents required to be submitted in each annual non-general fund program measures report and non-general fund cost element report.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Budget and Finance, Department of Human Services, Department of Education, Department of Transportation, and Tax Foundation of Hawaii.

Your Committee finds that existing requirements for non-general fund program measures reports rely upon target population objectives and effectiveness measures for the ensuing six fiscal years. This measure changes the requirements to focus on the four prior fiscal years and ensuing two fiscal years and deletes program size indicators. This measure also requires that budget journal details by cost element be submitted as a part of the annual non-general fund cost element reports.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1996, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1996, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

#### **SCRep. 796-22 Judiciary & Hawaiian Affairs on H.B. No. 1584**

The purpose of this measure is to update:

- (1) The list of federal agencies whose law enforcement officers may make arrests for certain offenses under state law by adding the United States Immigration and Customs Enforcement-Homeland Security Investigations and deleting the United States Citizenship and Immigration Services from the list; and
- (2) References to the titles of the heads of the district offices for the listed federal agencies and the names of these agencies, including United States Customs and Border Protection.

Your Committee received testimony in support of this measure from the United States Immigration and Customs Enforcement-Homeland Security Investigations, Department of the Attorney General, Department of Transportation, Department of Public Safety, Kauai Police Department, Hawai'i Police Department, Honolulu Police Department, and Ho'ola Na Pua.

Your Committee finds that this measure will promote enhanced collaboration between agents of the United States Immigration and Customs Enforcement-Homeland Security Investigations and state law enforcement counterparts to better protect national security, prevent crimes of exploitation, combat financial crimes, investigate cybercrime and other threats, and ensure public safety.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1584 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 1 (LoPresti).

#### **SCRep. 797-22 Judiciary & Hawaiian Affairs on H.B. No. 2049**

The purpose of this measure is to amend or repeal various provisions of the Hawaii Revised Statutes or the Session Laws of Hawaii for the purposes of correcting errors and references, clarifying language, or deleting obsolete or unnecessary provisions.

Your Committee received testimony in support of this measure from the Legislative Reference Bureau.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this statutory revision measure is submitted by the Legislative Reference Bureau pursuant to Chapter 23G, Hawaii Revised Statutes. All of the statutory amendments proposed by this measure are intended to be technical in nature to correct errors or omissions or to repeal obsolete laws.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2049 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 2 (D. Kobayashi, LoPresti).

#### **SCRep. 798-22 Judiciary & Hawaiian Affairs on H.B. No. 1541**

The purpose of this measure is to clarify the acceptable procedure for initiating criminal complaints to include a signature by the prosecuting officer.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, Department of the Prosecuting Attorney for the County of Maui, Office of the Prosecuting Attorney for the County of Kaua'i, Office of the Prosecuting Attorney of the County of Hawaii, Honolulu Police Department, Hawai'i Police Department, Kauai Police Department, Mothers Against Drunk Driving Hawaii Advisory Board, and Hawai'i State Coalition Against Domestic Violence. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that the Hawaii Supreme Court recently held that district court criminal complaints must strictly comply with section 805-1, Hawaii Revised Statutes, which requires the written complaint to be subscribed by the complainant under oath or be made by declaration in accordance with the rules of the court. The Court's ruling, however, did not specify who constituted a complainant or who could make the declaration, which has led to inconsistent rulings in the district courts across the State and cases being dismissed with or without prejudice based on the form of the complaint rather than the merits of the case. This measure addresses this issue by allowing prosecuting attorneys to review the evidence, decide which criminal charges are appropriate, and create a written complaint that the prosecuting attorney signs before filing. This process reflects how district court non-felony cases were initiated, and, for the most part, continue to be initiated, before the Court's decision.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1541 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (D. Kobayashi). Excused, 1 (LoPresti).

#### **SCRep. 799-22 Judiciary & Hawaiian Affairs on H.B. No. 1471**

The purpose of this measure is to amend:

- (1) The required information for petitions for qualification as a political party; and
- (2) The deadlines for political parties to file their rules and submit a list of the party officers to election officials.

Your Committee received testimony in support of this measure from the Office of Elections.

Your Committee finds that this measure will make it easier for qualified political parties to keep track of and facilitate compliance with elections laws by aligning the deadlines for the submission of political party rules and officers with the deadline for a petition for qualification as a political party. This measure also amends the date of birth information that a signatory to a political party petition must provide to match the requirements of a signatory to a nomination paper.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1471 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Nakamura).

#### **SCRep. 800-22 Finance on H.B. No. 1540**

The purpose of this measure is to authorize the issuance of general obligation bonds and makes findings required by article VII, section 13, of the Hawaii State Constitution to declare that the issuance of the authorized bonds will not cause the State's debt limit to be exceeded.

Your Committee received testimony in support of this measure from the Department of Budget and Finance.

Your Committee finds that article VII, section 13, of the Constitution of the State of Hawaii requires the Legislature to include a declaration of findings in every general law authorizing the issuance of general obligation bonds, which shall declare that the issuance of state bonds authorized will not cause the debt limit to be exceeded at the time of issuance. Your Committee further finds that the proceeds generated from the general obligation bonds authorized to be issued under this measure will be used to finance the fulfillment of important state objectives.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1540 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

#### **SCRep. 801-22 Finance on H.B. No. 2355**

The purpose of this measure is to appropriate funds to provide for employment cost items for offices and employees of the Legislature, Legislative Reference Bureau, Auditor, Ombudsman, and Hawaii State Ethics Commission.

Your Committee received testimony in support of this measure from the Legislative Reference Bureau, Office of the Auditor, Office of the Ombudsman, and Hawaii State Ethics Commission.

Your Committee finds that this measure appropriates funds necessary to fund Employee-Union Health Benefits Trust Fund costs and other employment cost adjustments for officers and employees of the Legislature and legislative agencies who are exempt from collective bargaining.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2355 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 802-22 Finance on H.B. No. 1711**

The purpose of this measure is to appropriate funds to the College of Tropical Agriculture and Human Resources at the University of Hawaii at Manoa to establish three full-time equivalent positions at the Kauai Research and Extension Station, including one livestock extension agent.

Your Committee received testimony in support of this measure from the Land Use Research Foundation of Hawaii; Hawai'i Farm Bureau; Maui County Farm Bureau; Hawaii Floriculture and Nursery Association; Ulupono Initiative; Hawaii Crop Improvement Association; Hawaii Cattlemen's Council, Inc; and four individuals. Your Committee received comments on this measure from the University of Hawai'i System, Department of Agriculture, and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1711, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 803-22 Finance on H.B. No. 1717**

The purpose of this measure is to:

- (1) Appropriate funds to the College of Tropical Agriculture and Human Resources at the University of Hawai'i at Mānoa to establish the Foreign Agriculture Small Equipment Pilot Program, in collaboration with a University of Hawai'i community college; and
- (2) Require the Dean of the College of Tropical Agriculture and Human Resources at the University of Hawai'i at Mānoa to submit a report to the Legislature prior to the Regular Session of 2023 on the progress of the pilot program.

Your Committee received testimony in support of this measure from the Land Use Research Foundation of Hawaii; Hawai'i Farm Bureau; Hawaii Floriculture and Nursery Association; Ulupono Initiative; Hawaii Crop Improvement Association; Hawaii Cattlemen's Council, Inc.; Maui County Farm Bureau; and four individuals. Your Committee received comments on this measure from the Department of Agriculture, Department of Budget and Finance, and University of Hawai'i at Mānoa College of Tropical Agriculture and Human Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1717, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 804-22 Finance on H.B. No. 2061**

The purpose of this measure is to authorize the deposit of revenues from fees for diagnostic, surveillance, and other work by the Animal Industry Division Veterinary Laboratory and Animal Disease Control Branch of the Department of Agriculture into the Animal Industry Special Fund.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2061, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 805-22 Finance on H.B. No. 2305**

The purpose of this measure is to appropriate funds to the University of Hawai'i for the College of Tropical Agriculture and Human Resources to study diseases affecting the production of ornamental ginger on Oahu and the Neighbor Islands.

Your Committee received comments on this measure from the Department of Agriculture and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2305, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 806-22 Finance on H.B. No. 2466**

The purpose of this measure is to exempt the gross proceeds or income received from the sale of any product resulting from the cultivation and production of unprocessed taro in the State from the general excise tax.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, Hawai'i Alliance for Progressive Action, and two individuals. Your Committee received testimony in opposition to this measure from the Department of Taxation. Your Committee received comments on this measure from the Department of the Attorney General, Department of Agriculture, Department of Budget and Finance, and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2466, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 807-22 Finance on H.B. No. 2185**

The purpose of this measure is to authorize the University of Hawai'i to issue revenue bonds to finance facility construction, renovation, and modernization.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2185, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Branco).

**SCRep. 808-22 Finance on H.B. No. 2188**

The purpose of this measure is to expand the authorized uses of funds in the University of Hawaii Tuition and Fees Special Fund to allow for the payment of salaries for University of Hawaii positions that have been previously authorized by the Legislature to be funded by general revenues of the State.

Your Committee received testimony in support of this measure from the Department of Budget and Finance, University of Hawai'i System, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2188 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Branco).

**SCRep. 809-22 Finance on H.B. No. 2220**

The purpose of this measure is to appropriate funds for the University of Hawaii to increase the State's capacity to train new nurses and project future nursing workforce needs.

Your Committee received testimony in support of this measure from the Healthcare Association of Hawaii, Hawai'i Pacific Health, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance and University of Hawai'i at Mānoa Nancy Atmospera-Walch School of Nursing.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2220, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Branco).

**SCRep. 810-22 Finance on H.B. No. 956**

The purpose of this measure is to establish the Statewide Interoperable Communications Executive Committee and its Coordinator for public safety communications purposes.

Your Committee received testimony in support of this measure from the Department of Defense and Office of Homeland Security.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 956, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 811-22 Finance on H.B. No. 957**

The purpose of this measure is to establish the Hawaii State Fusion Center and Director for the Hawaii State Fusion Center.

Your Committee received testimony in support of this measure from the Department of Human Services and Department of Defense.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 957, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 812-22 Finance on H.B. No. 1415**

The purpose of this measure is to establish and appropriate funds for a program within the Hawaii State Fusion Center to train, establish, and operate threat assessment teams, including for educational institutions.

Your Committee received testimony in support of this measure from the Department of Education. Your Committee received comments on this measure from the Department of Budget and Finance and Hawaii State Fusion Center.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1415, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, Todd).

**SCRep. 813-22 Finance on H.B. No. 1586**

The purpose of this measure is to:

- (1) Clarify that all federal funds received by the State for reimbursement of disaster-related expenses shall first be applied to the originating fund used by the department or agency for payment of disaster relief expenses, with funds to be returned to the general fund upon the lapse of the original appropriation;

- (2) Require each state agency to submit an annual report to the Administrator of the Hawaii Emergency Management Agency of certain information relating to funds expended for disaster purposes;
- (3) Require the Administrator of the Hawaii Emergency Management Agency to submit an annual report to the Legislature on the status of federal reimbursement monies for disaster response and disaster response spending by each state agency; and
- (4) Appropriate funds to the Department of Defense for disaster response efforts.

Your Committee received testimony in support of this measure from the Department of Education. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawai'i Emergency Management Agency.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1586, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 814-22 Finance on H.B. No. 1588**

The purpose of this measure is to:

- (1) Establish the Resilient Hawaii Revolving Loan Fund to make low- or no-interest loans to local governments and nonprofit organizations to conduct hazard mitigation and resiliency projects, using funds anticipated to be available under the federal Safeguarding Tomorrow through Ongoing Risk Mitigation Act; and
- (2) Appropriate funds to administer the Resilient Hawaii Revolving Loan Fund and for positions to administer the Resilient Hawaii Revolving Loan Fund.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Hawai'i Emergency Management Agency.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1588, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 815-22 Finance on H.B. No. 1745**

The purpose of this measure is to appropriate funds to support Hawaii's food banks to meet the significantly heightened need for food assistance during the coronavirus disease 2019 pandemic.

Your Committee received testimony in support of this measure from the Office of Community Services; one member of the Maui County Council; Hawaii Food Bank; Hawai'i Health & Harm Reduction Center; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Ulupono Initiative; AlohaCare; Hawai'i Farm Bureau; Hawai'i Hunger Action Network; The Food Basket Inc., Hawai'i Island's Food Bank; Kaiser Permanente; Hawaii Medical Service Association; United Public Workers, AFSCME Local 646, AFL-CIO; UnitedHealthcare; Lanakila Pacific; Hawaii Food Industry Association; Hawai'i Foodbank Kaua'i; Obesity Prevention Task Force of the Hawai'i Public Health Institute; and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Hawai'i Primary Care Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1745, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, Todd).

**SCRep. 816-22 Finance on H.B. No. 1587**

The purpose of this measure is to establish the intrastate mutual aid system to allow counties to share resources in times of emergency or in preparation for emergencies.

Your Committee received testimony in support of this measure from the Hawai'i Emergency Management Agency and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1587, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 817-22 Finance on H.B. No. 1834**

The purpose of this measure is to:

- (1) Require and appropriate funds to the Department of Education to establish and administer the Strong Students Grant Pilot Program (Pilot Program) to provide grants for eligible education expenses to eligible students; and
- (2) Require the Department of Education to submit progress reports on the Pilot Program to the Legislature.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Education, Department of Budget and Finance, and HawaiiKidsCAN.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1834, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (Perruso). Excused, none.

**SCRep. 818-22 Finance on H.B. No. 2120**

The purpose of this measure is to:

- (1) Clarify current practices, policies, and procedures for the State Emergency Management Program and make them consistent with prevailing emergency management best practices; and
- (2) Highlight the intent of the State to address environmental and climate impacts on emergency management.

Your Committee received testimony in support of this measure from the Department of Defense, Hawai'i Emergency Management Agency, and Hawaii State Energy Office.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2120, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 819-22 Finance on H.B. No. 2302**

The purpose of this measure is to appropriate monies to the University of Hawaii for the continued operation and disaster preparedness outreach efforts of the University of Hawaii Sea Grant College Program.

Your Committee received testimony in support of this measure from The Friends of Makakilo and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Hawai'i Emergency Management Agency, and University of Hawai'i Sea Grant College Program.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2302, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 820-22 Finance on H.B. No. 2493**

The purpose of this measure is to:

- (1) Establish the Hawaii Farmland and Forest Soil Health Carbon Smart Incentive Program to incentivize carbon sequestration activities through contracts that provide for compensation for eligible practices by program participants; and
- (2) Appropriate funds for positions and administration of the Program.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Green Infrastructure Authority, one member of the Hawai'i County Council, Recycle Hawaii and Clean the Pacific, Climate Protectors Hawai'i, Kauai Women's Caucus, 350Hawaii.org, Hawai'i Gas, The Nature Conservancy - Hawai'i and Palmyra, Environmental Caucus of the Democratic Party of Hawai'i, and ten individuals. Your Committee received comments on this measure from the Department of Agriculture; Department of Budget and Finance; Office of Planning and Sustainable Development; Hawai'i Farm Bureau; and Hawaii Cattlemen's Council, Inc.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2493, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, Todd).

**SCRep. 821-22 Finance on H.B. No. 1526**

The purpose of this measure is to:

- (1) Require each county to incorporate into its next integrated solid waste management plan revision a plan to divert all organic waste produced within the county by facilities generating more than a certain amount of organic waste per year; and
- (2) Appropriate funds to reimburse the counties for incorporation of the new requirement into their plan revisions.

Your Committee received testimony in support of this measure from the Department of Health, Kauai Climate Action Coalition, Climate Protectors Hawai'i, Hawaii Farmers Union United, Hawaii Food+ Policy Internship 2022, Hawai'i Alliance for Progressive Action, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1526, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, Todd).

**SCRep. 822-22 Finance on H.B. No. 1637**

The purpose of this measure is to authorize a county to impose an annual in-lieu fee on land or improvements on land that are actively used to produce or store renewable energy that is sold to an electric utility, under certain conditions.

Your Committee received testimony in support of this measure from the Public Utilities Commission, Hawaii State Energy Office, Kaua'i Island Utility Cooperative, Hawaii Solar Energy Association, and Clearway Energy Group. Your Committee received testimony in opposition to this measure from the Department of Budget and Fiscal Services of the City and County of Honolulu. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Hawaiian Electric Company, Inc.; and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1637, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, McDermott).

**SCRep. 823-22 Finance on H.B. No. 1640**

The purpose of this measure is to:

- (1) Change the Electronic Waste and Television Recycling and Recovery Act to the Electronic Device Recycling and Recovery Act;
- (2) Establish electronic device manufacturer recycling goals, including percentage benchmarks for determining a manufacturer's recycling obligations for 2023, 2024, and 2025, and record-keeping and reporting requirements for manufacturers and collectors;
- (3) Require collectors to register with the Department of Health and establish collector record-keeping and reporting requirements;
- (4) Expand the recycling and collection requirements of televisions to all electronic devices; and
- (5) Require the Electronic Device Recycling and Recovery Program to include, among other things, a description of the methods for the convenient collection of electronic devices.

Your Committee received testimony in support of this measure from the Department of Health, Department of Environmental Management of the County of Maui, Mr. K's Recycle and Redemption Center, Zero Waste Hawaii Island, and eight individuals. Your Committee received testimony in opposition to this measure from the Consumer Technology Association. Your Committee received comments on this measure from the Department of Environmental Management of the County of Hawaii and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1640, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, McDermott).

**SCRep. 824-22 Finance on H.B. No. 1644**

The purpose of this measure is to:

- (1) Beginning December 31, 2024, ban the manufacture, sale, or distribution for sale or use of certain food packaging that contain perfluoroalkyl and polyfluoroalkyl substances; and
- (2) Beginning July 1, 2024, ban the discharge or otherwise use for training purposes, and the manufacture, sale, or distribution for sale or use of Class B firefighting foams that contain perfluoroalkyl and polyfluoroalkyl substances.

Your Committee received testimony in support of this measure from the Americans for Democratic Action Hawaii, Surfrider Foundation Hawaii Region, League of Women Voters of Hawaii, Hawaii Reef and Ocean Coalition, and eight individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii and one individual. Your Committee received comments on this measure from the Department of Health, Hawaii Restaurant Association, and American Chemistry Council.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1644, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, McDermott).

**SCRep. 825-22 Finance on H.B. No. 1801**

The purpose of this measure is to:

- (1) Require state facilities, with the exception of smaller facilities, to implement cost-effective energy efficiency measures;
- (2) Direct the Hawaii State Energy Office to collect all state-owned facilities' utility bill and energy usage data and make this data publicly available;
- (3) Establish a goal for the State to achieve at least a thirty percent reduction in the electricity consumption of state facilities;
- (4) Provide that certain agencies that perform energy efficiency retrofitting may continue to receive a certain amount of budget appropriations for energy expenditures; and
- (5) Beginning July 1, 2023, require, where feasible and cost-effective, the design of all new state building construction to maximize energy and water efficiency and energy generation potential and to use building materials that reduce the carbon footprint of the project.

Your Committee received testimony in support of this measure from the Ulupono Initiative, 350Hawaii.org, Climate Protectors Hawaii, Blue Planet Foundation, Hawaii Energy, Citizens' Climate Lobby – Hawaii Island Chapter, Elemental Excelsior, and numerous individuals. Your Committee received comments on this measure from the Department of Accounting and General Services and Hawaii State Energy Office.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1801, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, McDermott).

**SCRep. 826-22 Finance on H.B. No. 2090**

The purpose of this measure is to establish a Zero-Emission Vehicle Rebate Program within the Public Utilities Commission to enable low- and moderate-income families greater access to zero-emission vehicles by providing a rebate on the point-of-sale purchase price of zero-emission vehicles.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Transportation; one member of the Hawaii County Council; 350Hawaii.org; Our Revolution Hawaii; Climate Protectors Hawaii; Blue Planet Foundation; Big Island Electric Vehicle Association; Hawaii Electric Vehicle Association; Hawaiian Electric Company; and six individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Motor Vehicle Industry Licensing Board, Public Utilities Commission, Hawaii State Energy Office, KauaiEV, Ulupono Initiative, Hawaii Automobile Dealers' Association, Alliance for Automotive Innovation, and Hawaii Energy.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2090, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 2 (Holt, McDermott).

**SCRep. 827-22 Finance on H.B. No. 2195**

The purpose of this measure is to establish and appropriate funds for a Cesspool Compliance Pilot Grant Project to assist low- and moderate-income property owners and lessees on Hawaiian home lands with the costs of upgrading, converting, or connecting a cesspool that the Department of Health has identified as failing.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, one member of the Hawai'i County Council, Kahalu'u Neighborhood Board No. 29, Kauai Climate Action Coalition, Hawai'i Reef and Ocean Coalition, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Health and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2195, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, Todd).

**SCRep. 828-22 Finance on H.B. No. 2278**

The purpose of this measure is to:

- (1) Amend the Environmental Response, Energy, and Food Security Tax to tax carbon emissions; and
- (2) Establish a refundable income tax credit to mitigate the effect of the carbon emissions tax.

Your Committee received testimony in support of this measure from the Citizens' Climate Lobby – Hawaii Island Chapter, Citizens' Climate Lobby – Honolulu Chapter, Climate Protectors Hawai'i, Faith Action for Community Equity, Kauai Climate Action Coalition, The Nature Conservancy, Sustainable Energy Hawai'i, KauaiEV, First Unitarian Church, and nineteen individuals. Your Committee received testimony in opposition to this measure from Hawaii Logistic Service, Hawaii Transportation Association, Practical Policy Institute of Hawaii, and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Hawaii State Energy Office, Citizens' Climate Lobby Hawaii, Ulupono Initiative, Imua Alliance, Par Hawaii, Grassroot Institute of Hawaii, Tax Foundation of Hawaii, Airlines for America, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2278, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 2 (Holt, McDermott).

**SCRep. 829-22 Finance on H.B. No. 2399**

The purpose of this measure is to:

- (1) Establish an Extended Producer Responsibility Program;
- (2) Require certain producers of fast-moving consumer goods to register with the Department of Health and pay an annual fee based on the amount of packaging volume the covered producer places on the market each calendar year;
- (3) Establish the Extended Producer Responsibility Special Fund;
- (4) Provide for the expenditure of monies from the Extended Producer Responsibility Special Fund for the creation of a report that assesses the resources needed to reduce the volume of packaging waste sent to landfills or power plants that burn municipal solid waste as a fuel by specified percentages by a date to be determined by rule; and
- (5) Appropriate funds for the preparation of the countywide need assessments, administration of the Extended Producer Responsibility Program, and for hiring of one full-time equivalent position.

Your Committee received testimony in support of this measure from the Department of Health; one member of the Hawai'i County Council; Department of Environmental Management of the County of Hawai'i; Department of Environmental Management of the County of Maui; Big Island Reef Keepers Hui; PlasticFreeRestaurants.org; Recycle Hawai'i; Clean the Pacific; Blue Ocean Warriors; Kauai Climate Action Coalition; Hawai'i Reef and Ocean Coalition; Kauai Women's Caucus; 350Hawaii.org; Environmental Caucus of the Democratic Party of Hawai'i; Sierra Club of Hawai'i, Hawai'i Island Group; Koko Kai Foods LLC, dba Koko Kai Coconut Yogurt; Cyanotech Corporation; Zero Waste Hawai'i Island; Fair Wind Cruises; Island Naturals Markets; Volcano Precious Plastic; Sweet Cane Cafe; Zero Waste O'ahu; Hana Hou Recycling; Chamber of Sustainable Commerce; Surfrider Foundation Hawai'i Region; Hilo Downtown Improvement Association; Hawai'i Alliance for Progressive Action; Hawai'i Wildlife Fund; Zero Waste USA; Mr. K's Recycle & Redemption Center Inc.; No Pohō; Pono Home; a sign-on letter by numerous businesses; and numerous individuals. Your Committee received testimony in opposition to this measure from Island Plastic Bags Inc., Hawaii Food Industry Association, American Beverage Association, Wine Institute, Hawaiian Chip Company, Hawaii Crop Improvement Association, Consumer Healthcare Products Association, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Animal Health Institute, American Chemistry Council, Maui Chamber of Commerce, Plastic Paradise, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2399, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (B. Kobayashi). Noes, none. Excused, 3 (Eli, Holt, Todd).

**SCRep. 830-22 Finance on H.B. No. 2423**

The purpose of this measure is to require all state building construction projects and state highway projects to use building and construction materials that seek to reduce their carbon footprint, where feasible and cost effective.

Your Committee received testimony in support of this measure from the Department of Transportation, one member of the Hawai'i County Council, 350Hawaii.org, Climate Protectors Hawai'i, Citizens' Climate Lobby – Hawaii Island Chapter, Environmental Caucus of the Democratic Party of Hawai'i,

and five individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2423, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, McDermott).

**SCRep. 831-22 Finance on H.B. No. 1184**

The purpose of this measure is to exempt the sale of precious metal bullion within the State from the general excise tax.

Your Committee received testimony in support of this measure from the Sound Money Defense League and one individual. Your Committee received comments on this measure from the Department of Taxation and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1184, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 3 (Marten, Perruso, Tam). Excused, 1 (Holt).

**SCRep. 832-22 Finance on H.B. No. 1516**

The purpose of this measure is to prohibit as an unfair and deceptive practice the advertisement of a good or service in the absence of licenses or permits for the good or service, to the extent the licenses or permits are required by applicable state and county laws.

Your Committee received testimony in support of this measure from the Hawaii Funeral & Cemetery Association, Inc.; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1516, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 833-22 Finance on H.B. No. 1983**

The purpose of this measure is to:

- (1) Establish the State Film Liaison within the Creative Industries Division of the Department of Business, Economic Development, and Tourism to plan, develop, and execute a statewide film industry development strategy for purposes of establishing a collaborative film industry development program; and
- (2) Appropriate funds for the establishment of the State Film Liaison position.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1983, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Wildberger). Excused, 2 (Holt, Sayama).

**SCRep. 834-22 Finance on H.B. No. 2177**

The purpose of this measure is to:

- (1) Expand the Department of Taxation's authority to require electronic filings;
- (2) Require certain tax return preparers to electronically file returns;
- (3) Repeal language that authorized the Director of Taxation to require electronic funds transfer or electronic filing if the federal government required a person to do so;
- (4) Remove the timeliness requirement of the electronic funds transfer penalty;
- (5) Remove the authority of the Department of Taxation to charge for certified copies of tax clearances;
- (6) Clarify tax clearances for liquor license holders;
- (7) Increase the aggregate cap on late filing penalties;
- (8) Create an additional penalty category for late filing for certain informational returns where no tax is due;
- (9) Clarify the interest calculations for taxes paid pending appeal; and
- (10) Specify that a partnership, estate, or trust is liable for the required withholding from a nonresident taxpayer's distributive share of income.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2177, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (McDermott). Noes, none. Excused, 1 (Holt).

**SCRep. 835-22 Finance on H.B. No. 1568**

The purpose of this measure is to amend the law that requires all state departments to ensure that a certain percentage of food that is purchased is locally grown and consists of fresh local agricultural products or local value-added, processed, agricultural, or food products, to:

- (1) Apply only to the Department of Education, Department of Health, Department of Public Safety, Department of Defense, and University of Hawaii System for food purchased for public schools, youth campuses, public hospitals, public prisons, and University of Hawaii facilities;
- (2) Clarify that these purchasing requirements do not encompass departmental or university staff travel expenses, office staff procurement, and other staff meals separate from each of the covered state entities' offered meal services or programs; and
- (3) Require each applicable state entity to annually report to the Legislature on its progress toward meeting established benchmarks.

Your Committee received testimony in support of this measure from the Hawaii Cattlemen's Council, Inc.; Ulupono Initiative; Hawai'i Farm Bureau; and two individuals. Your Committee received comments on this measure from the Department of Health, University of Hawai'i System, Department of Public Safety, Hawai'i Alliance for Progressive Action, Food+ Policy Internship 2022, Ka Ohana O Na Pua, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1568, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, McDermott).

**SCRep. 836-22 Finance on H.B. No. 1432**

The purpose of this measure is to:

- (1) Increase the maximum term of a concession;
- (2) Exempt concessions for beach or ocean-related recreational services from sealed bid requirements, with certain conditions;
- (3) Provide that a county director of parks and recreation has sole discretion to designate which county parks are environmentally, culturally, historically, or operationally unique for purposes of determining whether a concession at the park is exempt from the sealed bid requirements; and
- (4) Expand the exemption for concessions at county zoos, botanic gardens, or county parks that are designated as environmentally, culturally, historically, or operationally unique; provided that the concessions are awarded to responsible offerors whose proposals are the most advantageous, rather than solely to certain nonprofit corporations.

Your Committee received testimony in support of this measure from the Department of Enterprise Services of the City and County of Honolulu. Your Committee received testimony in opposition to this measure from the Palekaiko Beachboys Club.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1432, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, Todd).

**SCRep. 837-22 Finance on H.B. No. 1691**

The purpose of this measure is to:

- (1) Lower the minimum age required for a commercial driver's license and require the Department of Transportation to amend its rules accordingly;
- (2) Repeal the requirement that a person only operate category 3 vehicles to qualify to drive commercially in the State; and
- (3) Repeal the requirement that an application for a commercial driver's license or commercial learner's permit include intrastate driver certification.

Your Committee received testimony in support of this measure from the Hawaii Food Industry Association. Your Committee received comments on this measure from the Department of Transportation and Hawaii Transportation Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1691, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, Todd).

**SCRep. 838-22 Finance on H.B. No. 2482**

The purpose of this measure is to:

- (1) Authorize public schools and public charter schools to have an employee trained to administer or assist with self-administration of seizure disorder rescue medication, with certain exemptions;
- (2) Authorize all principals, guidance counselors, and teachers to perform an annual self-review of seizure disorder materials;
- (3) Allow a seizure action plan for every diagnosed student to be established and distributed to employees or volunteers charged with supervising the student; and
- (4) Appropriate funds for these purposes.

Your Committee received testimony in support of this measure from the Epilepsy Foundation of Hawaii, Epilepsy Foundation of America, Hawai'i Primary Care Association, and numerous individuals. Your Committee received comments on this measure from the Department of Education, Department of Budget and Finance, State Public Charter School Commission, Hawaii Association for Justice, and Special Education Advisory Council.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2482, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, Todd).

**SCRep. 839-22 Finance on H.B. No. 1784**

The purpose of this measure is to:

- (1) Require periodic inspections of certain walls and appurtenances of buildings five or more stories in height; and
- (2) Authorize the State Building Code Council to review the periodic inspection reports.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Community Associations Institute Legislative Action Committee, Associa, and one individual. Your Committee received comments on this measure from the Hawaii Insurers Council and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1784, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 840-22 Finance on H.B. No. 124**

The purpose of this measure is to require the Chief Election Officer to develop and distribute a voter information guide for all candidates running for state office, including candidates for the Board of Trustees of the Office of Hawaiian Affairs.

Your Committee received testimony in support of this measure from Common Cause Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance and Office of Elections.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 124, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 841-22 Finance on H.B. No. 1692**

The purpose of this measure is to amend the fines imposed for unlawfully operating a motor vehicle while using a mobile electronic device.

Your Committee received testimony in support of this measure from the Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1692 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 2 (Holt, Todd).

**SCRep. 842-22 Finance on H.B. No. 1759**

The purpose of this measure is to appropriate funds to the Judiciary to contract with nonprofit organizations to provide legal counsel and assistance to low-income immigrants in immigration proceedings, including deportation defense and asylum, and for any other immigration legal issues.

Your Committee received testimony in support of this measure from the Judiciary, Office of the Public Defender, Office of Community Services of the Department of Labor and Industrial Relations, The Legal Clinic, Catholic Charities Hawai'i, Pacific Gateway Center, Hawai'i Coalition for Immigrant Rights, Hawai'i Access to Justice Commission, and four individuals. Your Committee received comments on this measure from the Department of Human Services and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1759 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 843-22 Finance on H.B. No. 1883**

The purpose of this measure is to require the exterior of the envelope containing a ballot package for elections by mail to include instructions on how to obtain language translation services in Hawaiian and certain other non-English languages.

Your Committee received testimony in support of this measure from the Hawai'i Friends of Civil Rights, Hawai'i Coalition for Immigrant Rights, League of Women Voters of Hawaii, Common Cause Hawaii, Hawai'i Public Health Institute, Hawai'i Alliance for Progressive Action, and six individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Elections and City and County of Honolulu Elections Division.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1883, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 2 (Holt, Todd).

**SCRep. 844-22 Finance on H.B. No. 2076**

The purpose of this measure is to authorize:

- (1) Tobacco product manufacturers that are not signatories to the Master Settlement Agreement to assign their interest in any qualified escrow fund balances to the State; and
- (2) Financial institutions acting as the escrow agent of the qualified escrow fund to petition the courts to authorize transfer of funds to the State when the qualified escrow fund is abandoned.

Your Committee received testimony in support of this measure from the Department of the Attorney General.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2076, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 845-22 Finance on H.B. No. 2085**

The purpose of this measure is to propose amendments to the Constitution of the State of Hawaii to expressly provide that the Legislature may authorize political subdivisions to issue tax increment bonds and to exclude tax increment bonds in calculating the debt limit of the political subdivisions.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Office of Planning and Sustainable Development; Department of Planning and Permitting of the City and County of Honolulu; D.R. Horton Hawaii LLC; and NAIOP Hawaii. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2085 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (McDermott). Excused, 2 (Holt, Todd).

**SCRep. 846-22 Finance on H.B. No. 2365**

The purpose of this measure is to:

- (1) Establish an Electronic Citation Special Fund to support a statewide electronic citation program under the Judiciary;
- (2) Establish an electronic citation surcharge to be assessed to various traffic violations, with revenues to be deposited into the Electronic Citation Special Fund; and
- (3) Require the Judiciary to adopt procedures to distribute monies from the Electronic Citation Special Fund to the respective law enforcement agencies and the Administrative Director of the Courts to defray expenses related to the establishment, implementation, operation, oversight, repair, and maintenance of an electronic citation program.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, Hawai'i Police Department, and Maui Police Department. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Judiciary and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2365 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 847-22 Finance on H.B. No. 227**

The purpose of this measure is to bolster the Department of Health's enforcement activities to protect the health, safety, and welfare of the State's elderly and vulnerable populations by:

- (1) Clarifying the group of professionals who are prohibited from knowingly referring or transferring patients to an uncertified or unlicensed care facility;
- (2) Repealing the provision that a landlord, under specified conditions, shall not be deemed to be providing home care services or operating a care facility that requires a license; and
- (3) Requiring the Department of Health to prioritize complaint allegations based on severity for investigations of state-licensed or state-certified care facilities.

Your Committee received testimony in support of this measure from the Department of Health, Executive Office on Aging, Big Island Adult Foster Home Operators, United Caregivers of Hawaii, Adult Foster Home Association of Hawaii, Okano Care Home, and ten individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Primary Care Association. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 227, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 848-22 Finance on H.B. No. 1419**

The purpose of this measure is to require the Office of Enterprise Technology Services to develop, publish, and periodically update electronic information technology disability access standards to be implemented and used by all state entities.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Statewide Independent Living Council of Hawaii, National Federation of the Blind of Hawaii, Hawaii State Committee of Blind Vendors, and seven individuals. Your Committee received comments on this measure from the Office of Enterprise Technology Services, Hawaii State Council on Developmental Disabilities, and Disability and Communication Access Board.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1419, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Holt, Ilagan, Todd).

**SCRep. 849-22 Finance on H.B. No. 1550**

The purpose of this measure is to reestablish the Hawaii Medical Education Special Fund to enable the John A. Burns School of Medicine to provide funding for graduate medical education and training programs in the State.

Your Committee received testimony in support of this measure from the John A. Burns School of Medicine, Hawaii Medical Association, Hawai'i Primary Care Association, Hawai'i Psychiatric Medical Association, and Hawai'i Pacific Health. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Waianae Coast Comprehensive Health Center.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1550, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Eli, Holt, Todd).

**SCRep. 850-22 Finance on H.B. No. 1553**

The purpose of this measure is to:

- (1) Remove the ceiling and lapsing provision for the Office of Health Care Assurance Special Fund; and
- (2) Allow monies in the Office of Health Care Assurance Special Fund to be used during any fiscal year for the activities carried out by the Office of Health Care Assurance.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1553, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 851-22 Finance on H.B. No. 1579**

The purpose of this measure is to:

- (1) Set the proper manner by which the Oahu Regional Health Care System should seek operational funding during the transition process of its facilities from the Hawaii Health Systems Corporation to the Department of Health;
- (2) Extend the date by which the transfer is to be completed from December 31, 2022, to December 31, 2023;
- (3) Require the transition working group to submit an additional report to the Legislature prior to the convening of the Regular Session of 2023;
- (4) Clarify the procedure for the working group to discuss matters concerning patient privacy and prospective bidders; and
- (5) Appropriate funds for the creation of a comprehensive business plan and transfer framework.

Your Committee received testimony in support of this measure from the United Public Workers, AFSCME Local 646, AFL-CIO; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Department of Health, Department of Budget and Finance, University of Hawai'i System, Office of Information Practices, Hawaii Health Systems Corporation Corporate Board of Directors, and Oahu Region of the Hawaii Health Systems Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1579, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Eli, Holt, Todd).

**SCRep. 852-22 Finance on H.B. No. 1758**

The purpose of this measure is to allow temporary permits to be issued to registered nurses and licensed practical nurses pending verification of licensure from a territory or foreign country in order to obtain state licensure by endorsement.

Your Committee received testimony in support of this measure from the East Hawaii Region of Hawaii Health Systems Corporation, The Legal Clinic, Healthcare Association of Hawaii, Hawaii Medical Service Association, Hawai'i Primary Care Association, Hawai'i Friends of Civil Rights, Hawai'i Coalition for Immigrant Rights, Hawai'i - American Nurses Association, and seven individuals. Your Committee received testimony in opposition to this measure from one individual. As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1758, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 853-22 Finance on H.B. No. 1797**

The purpose of this measure is to establish and appropriate funds for a Medical Respite Pilot Program to provide outpatient health care and supportive services to homeless persons recently discharged from the hospital and non-hospitalized homeless persons who are being moved by police out of unauthorized spaces.

Your Committee received testimony in support of this measure from Kalihi-Palama Health Center and one individual. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Human Services, and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1797, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 854-22 Finance on H.B. No. 1798**

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist The Queen's Health Systems with the construction of, improvement to, and equipping of its health care facilities.

Your Committee received testimony in support of this measure from The Queen's Health Systems. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1798, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 4 (Branco, Eli, Holt, Todd).

**SCRep. 855-22 Finance on H.B. No. 1893**

The purpose of this measure is to:

- (1) Require the transfer of the Daniel K. Akaka State Veterans Home to the Oahu Regional Health Care System and then to the Department of Health as part of the Oahu Regional Health Care System transfer pursuant to Act 212, Session Laws of Hawaii 2021;
- (2) Set the manner by which the Oahu Regional Health Care System should seek operational funding during the transition process of its facilities from the Hawaii Health Systems Corporation to the Department of Health;
- (3) Set the manner by which the Oahu Regional Health Care System should seek operational funding for the Daniel K. Akaka State Veterans Home;
- (4) Extend the date by which the transfer of the Oahu Regional Health Care System is to be completed from December 31, 2022, to December 31, 2023;
- (5) Amend the composition, reporting requirements, duties, and exemptions of the transition working group;
- (6) Appropriate funds for the creation of a comprehensive business plan and transfer framework; and
- (7) Specify Department of Health authority over and requirements for reduction or elimination of direct patient care services at the Daniel K. Akaka State Veterans Home.

Your Committee received testimony in support of this measure from the Department of Defense, State Office of Veterans' Services, Office of the Adjutant General, and one individual. Your Committee received comments on this measure from the Department of Accounting and General Services; Department of Health; Office of Information Practices; Hawaii Health Systems Corporation Corporate Board of Directors; Oahu Region of the Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1893, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, Todd).

**SCRep. 856-22 Finance on H.B. No. 1954**

The purpose of this measure is to:

- (1) Appropriate funds as a grant-in-aid to the Board of Water Supply of the City and County of Honolulu for emergency operations, future planning, and remediation resulting from the contamination of the Southern Oahu Basal Aquifer; and
- (2) Require the Board of Water Supply of the City and County of Honolulu to submit reports to the Legislature on the expenditure of the funds, remediation efforts, and testing quality prior to the convening of the Regular Sessions of 2023, 2024, and 2025.

Your Committee received testimony in support of this measure from the Board of Water Supply of the City and County of Honolulu; one member of the Hawai'i County Council; Livable Hawaii Kai Hui; Environmental Caucus of the Democratic Party of Hawai'i; Veterans for Peace, Hawai'i Ch. 113; 350Hawaii.org; Recycle Hawaii; Clean the Pacific; and seven individuals. As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1954, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 4 (Branco, Eli, Holt, Todd).

**SCRep. 857-22 Finance on H.B. No. 1932**

The purpose of this measure is to establish, and appropriate funds for, a pilot program to develop a modern case management software solution compatible with existing child welfare technology in the Child Welfare Services Branch of the Department of Human Services.

Your Committee received testimony in support of this measure from Binti, Inc. Your Committee received comments on this measure from the Department of Human Services and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1932, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, Todd).

**SCRep. 858-22 Finance on H.B. No. 1945**

The purpose of this measure is to:

- (1) Require the Department of Human Services to establish a Neighbor Islands Blind and Visually Impaired Service Pilot Program that provides training and other services to blind or visually impaired individuals residing on the neighbor islands; and
- (2) Appropriate funds for the pilot program, subject to a matching requirement.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board and Hawaii Disability Rights Center. Your Committee received comments on this measure from the Department of Human Services, Department of Budget and Finance, Executive Office on Aging, National Federation of the Blind of Hawaii, and seven individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1945, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Eli, Holt, Todd).

#### **SCRep. 859-22 Finance on H.B. No. 1980**

The purpose of this measure is to:

- (1) Permit, but not require, Medicaid, health insurers, mutual benefit societies, and health maintenance organizations to cover telephonic behavioral health services under certain circumstances; and
- (2) Clarify that telephonic services do not constitute telehealth.

Your Committee received testimony in support of this measure from the Hawaii State Council on Developmental Disabilities, Disability and Communication Access Board, John A. Burns School of Medicine of the University of Hawai'i at Manoa, Hawaii Medical Service Association, and Hawaii Medical Association. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Human Services, Healthcare Association of Hawaii, AARP Hawai'i, Hawai'i Primary Care Association, Hawai'i Pacific Health, Hawai'i Psychological Association, Hawaii Psychiatric Medical Association, National Association of Social Workers-Hawai'i, The Queen's Health Systems, The Hawaiian Islands Association for Marriage and Family Therapy, and Hawaii Association of Health Plans.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1980, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 860-22 Finance on H.B. No. 2058**

The purpose of this measure is to appropriate funds as a grant to the Waianae Coast Comprehensive Health Center for the operation of its twenty-four hour emergency department.

Your Committee received testimony in support of this measure from the Waianae Coast Comprehensive Health Center and five individuals. Your Committee received comments on this measure from the Department of Health, Department of Budget and Finance, and Hawaii Primary Care Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2058, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Branco, Eli, Holt, Todd).

#### **SCRep. 861-22 Finance on H.B. No. 2155**

The purpose of this measure is to increase the marriage license fee to:

- (1) Support the Hawaii Birth Defects Program;
- (2) Fund modernization of the vital statistics system;
- (3) More fairly compensate marriage license agents; and
- (4) Support the spouse and child abuse programs of the Department of Human Services and Judiciary.

Your Committee received testimony in support of this measure from the Department of Health, Department of Human Services, and Disability and Communication Access Board.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2155, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (McDermott). Noes, none. Excused, 1 (Holt).

#### **SCRep. 862-22 Finance on H.B. No. 2260**

The purpose of this measure is to:

- (1) Amend the circumstances under which medical cannabis may be transported by and between medical cannabis dispensaries;
- (2) Increase the number of production centers and retail dispensing locations that may be allowed under a dispensary license;
- (3) Redefine the term "medical cannabis production center" to include any series of structures located within the same secured perimeter fence-line;
- (4) Increase the allowable number of plants for production centers;
- (5) Require the Department of Health to establish the fee structure for the submission of applications for additional production centers and retail dispensing locations and dispensary-to-dispensary sales; and
- (6) Amend the Department of Health's duties with respect to the establishment of standards for manufactured cannabis products.

Your Committee received testimony in support of this measure from Maui Grown Therapies, Big Island Grown Dispensaries, Hawai'i Cannabis Industry Association, Aloha Green Apothecary, Green Aloha Ltd., one individual, and a form letter signed by numerous individuals. Your Committee received

testimony in opposition to this measure from Care Waialua Farm and one individual. Your Committee received comments on this measure from the Department of Health, Cure Oahu, Hawaiian Ethos LLC, Marijuana Policy Project, and Akamai Cannabis Consulting.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2260, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, Todd).

**SCRep. 863-22 Finance on H.B. No. 2338**

The purpose of this measure is to:

- (1) Appropriate funds from the State Highway Fund to the Department of Health's State Drug and Alcohol Toxicology Testing Laboratory Special Fund for fiscal year 2022-2023; and
- (2) Authorize the Department of Health to expend those funds for the establishment of the State Drug and Alcohol Toxicology Testing Laboratory.

Your Committee received testimony in support of this measure from the Department of Health, Department of Transportation, County of Hawai'i Police Department, and Mothers Against Drunk Driving Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2338, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, Todd).

**SCRep. 864-22 Finance on H.B. No. 1789**

The purpose of this measure is to:

- (1) Require the representative of labor on the Hawaii Labor Relations Board to be a person selected by a majority of the exclusive representatives of the collective bargaining units; and
- (2) Provide a timeframe for the Governor to appoint the representative of labor following submission of the nominee's name.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and United Public Workers, AFSCME Local 646, AFL-CIO. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining. Your Committee received comments on this measure from the Hawai'i Labor Relations Board.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1789, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, Todd).

**SCRep. 865-22 Finance on H.B. No. 2159**

The purpose of this measure is to:

- (1) Require workforce development boards to develop written conflict of interest policies that are consistent with federal law;
- (2) Rename the Workforce Development Council as the Hawaii Workforce Development Board and adjust its composition; and
- (3) Clarify that the Director of Labor and Industrial Relations is to appoint and fix the compensation of the Hawaii Workforce Development Board's Executive Director.

Your Committee received comments on this measure from the Department of Labor and Industrial Relations, University of Hawai'i System, and Workforce Development Council.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2159, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 866-22 Finance on H.B. No. 1619**

The purpose of this measure is to establish peer-to-peer car-sharing insurance requirements.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii Insurers Council, GEICO, and Hawaii Association for Justice. Your Committee received testimony in opposition to this measure from four individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Turo, and Getaround.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1619, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (B. Kobayashi, Perruso, Tam, Wildberger). Noes, none. Excused, 2 (Holt, Todd).

**SCRep. 867-22 Finance on H.B. No. 1971**

The purpose of this measure is to:

- (1) Authorize and regulate peer-to-peer car-sharing;
- (2) Impose the general excise tax and rental motor vehicle surcharge tax on peer-to-peer car-sharing programs and require these programs to collect and remit taxes and surcharges to the Department of Taxation; and
- (3) Require those persons engaging or continuing in a peer-to-peer car-sharing program to register with the Director of Taxation.

Your Committee received testimony in support of this measure from Enterprise Holdings. Your Committee received testimony in opposition to this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs. Your Committee received comments on this measure from the Department of Taxation, Insurance Division of the Department of Commerce and Consumer Affairs, Tax Foundation of Hawaii, Hawaii Insurers Council, Turo, Geico, and Hawaii Association for Justice.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1971, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 868-22 Finance on H.B. No. 2023**

The purpose of this measure is to authorize the issuance of general obligation bonds and appropriate funds for certain transit-oriented development projects identified in the Hawaii Strategic Plan for Transit-Oriented Development.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development, Hawaii Interagency Council for Transit-Oriented Development, and Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2023, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

**SCRep. 869-22 Finance on H.B. No. 2246**

The purpose of this measure is to amend the State Highway Enforcement Program surcharge.

Your Committee received testimony in support of this measure from the Department of Transportation and one member of the Maui County Council. Your Committee received comments on this measure from the Tax Foundation of Hawaii and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2246, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (McDermott). Noes, none. Excused, 2 (Holt, Todd).

**SCRep. 870-22 Finance on H.B. No. 438**

The purpose of this measure is to require the Department of Education to:

- (1) Develop a plan, in consultation with the Board of Education, to reduce the use of external contracts for curricula, instruction, and testing for public schools;
- (2) Convene an advisory committee to assist the Department in developing and implementing the plan; and
- (3) Submit interim and final reports on the plan to the Legislature.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association and Democratic Party of Hawai'i Education Caucus. Your Committee received comments on this measure from the Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 438, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Eli, Holt, Todd).

**SCRep. 871-22 Finance on H.B. No. 811**

The purpose of this measure is to allow each home-schooled, high school-age student to participate as an unattached competitor in any individual sport at sanctioned athletic events and available to the public school that the student would otherwise be required to attend.

Your Committee received testimony in support of this measure from nine individuals. Your Committee received testimony in opposition to this measure from the Stonewall Caucus of the Democratic Party of Hawai'i and one individual. Your Committee received comments on this measure from the Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 811, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Marten, Perruso, Tam, Todd). Noes, none. Excused, none.

**SCRep. 872-22 Finance on H.B. No. 1561**

The purpose of this measure is to:

- (1) Establish an Adult Workforce Readiness Program to provide opportunities for students to earn associate degrees, workforce development diplomas, and industry-recognized certificates;
- (2) Require the Department of Education to designate schools to participate in the Program; and
- (3) Appropriate funds for the Program and to establish and hire two full-time equivalent Adult Workforce Readiness Program Coordinators.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii State Council on Developmental Disabilities, McKinley Community School for Adults, Waipahu Community School for Adults, Chamber of Commerce Hawaii, Susannah Wesley Community Center, Hawaii State Teachers Association, Society of Human Resource Management Hawaii, and numerous individuals. As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1497, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Holt, Todd).

**SCRep. 886-22 Finance on H.B. No. 1552**

The purpose of this measure is to clarify the composition of members of the Stadium Authority as added by Act 146, Session Laws of Hawaii 2021.

Your Committee received testimony in support of this measure from the Stadium Authority. Your Committee received comments on this measure from the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1552, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Branco).

**SCRep. 887-22 Finance on H.B. No. 1577**

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources for the Kaho'olawe Island Reserve Commission and to fund two full-time equivalent permanent positions for the Commission.

Your Committee received testimony in support of this measure from the Kaho'olawe Island Reserve Commission, one member of the Maui County Council, Pacific American Foundation, Ke Kai O Kuloloi'a, and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1577, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 888-22 Finance on H.B. No. 1631**

The purpose of this measure is to provide a nonrefundable income tax credit for Hawaii homeowners who install and place into service a water catchment system that meets certain requirements.

Your Committee received testimony in support of this measure from the Honolulu Board of Water Supply and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Department of Land and Natural Resources, University of Hawai'i Sea Grant College Program, and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1631, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Branco).

**SCRep. 889-22 Finance on H.B. No. 1653**

The purpose of this measure is to strengthen the penalties for violations of the State's aquatic resources law by:

- (1) Establishing a tiered administrative fine system for each specimen of aquatic life taken, killed, or injured;
- (2) Establishing a criminal fine structure on a per-specimen basis for violations involving aquatic life;
- (3) Authorizing the Department of Land and Natural Resources to recommend community service that benefits the resource damaged when a person is ordered to perform community service in lieu of a fine; and
- (4) Authorizing the Department of Land and Natural Resources to recommend to the court probationary terms and conditions restricting defendants from entering specific geographical areas where aquatic resources may be found; fishing activities; and handling, operating, or possessing certain fishing gear or boating equipment.

Your Committee received testimony in support of this measure from Mālama Pūpūkae-Waimea and three individuals. Your Committee received testimony in opposition to this measure from the Ocean Tourism Coalition. Your Committee received comments on this measure from the Judiciary, Department of the Attorney General, and Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1653, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 890-22 Finance on H.B. No. 1656**

The purpose of this measure is to adequately address the Nā Ala Hele program's needs regarding the protection and expansion of public trail access statewide by appropriating funds to the Department of Land and Natural Resources for the establishment of one permanent full-time equivalent Land and Access Specialist position and one permanent full-time equivalent Abstractor position.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1656, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 891-22 Finance on H.B. No. 1657**

The purpose of this measure is to require, as a condition precedent for any valid withdrawal of lands out of pasture leases for reforestation purposes, that the Division of Forestry and Wildlife of the Department of Land and Natural Resources submit a funded action plan detailing the planned reforestation process for those lands and that the withdrawal be approved by the Board of Land and Natural Resources.

Your Committee received testimony in opposition to this measure from Kapapala Ranch. Your Committee received comments on this measure from the Department of Land and Natural Resources; Hawai'i Farm Bureau; Ulupono Initiative; Hawaii Cattlemen's Council, Inc.; Local Food Coalition; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1657, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 892-22 Finance on H.B. No. 1658**

The purpose of this measure is to authorize the Department of Agriculture, prior to any transfer of certain qualifying non-agricultural park lands, to request from the Department of Land and Natural Resources any information related to the establishment of necessary and reasonable easements upon the lands.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, Local Food Coalition, and Ulupono Initiative. Your Committee received testimony in opposition to this measure from Kapapala Ranch. Your Committee received comments on this measure from the Department of Land and Natural Resources; Department of Agriculture; Land Use Research Foundation of Hawaii; Hawaii Cattlemen's Council, Inc.; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1658, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 893-22 Finance on H.B. No. 1659**

The purpose of this measure is to authorize the Board of Land and Natural Resources to:

- (1) Amend and extend existing pasture leases for up to sixty-five years;
- (2) Issue new pasture leases by negotiation, if the lands are already under pastoral use and the issuance of the leases furthers public purposes; and
- (3) Develop agricultural and pasture lease rents based on the value of the land's agricultural uses.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from Kapapala Ranch. Your Committee received comments on this measure from the Department of Agriculture; Hawai'i Farm Bureau; Ulupono Initiative; Hawaii Cattlemen's Council, Inc.; Local Food Coalition; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1659, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (B. Kobayashi, Marten, Perruso, Tam, Wildberger). Noes, none. Excused, 1 (Holt).

**SCRep. 894-22 Finance on H.B. No. 1670**

The purpose of this measure is to establish a Boundary Review Committee within the Land Use Commission to promptly and efficiently resolve boundary disputes brought before the Land Use Commission.

Your Committee received testimony in support of this measure from the Land Use Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1670, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Branco).

**SCRep. 895-22 Finance on H.B. No. 1669**

The purpose of this measure is to require the Office of Planning and Sustainable Development to establish a pilot project to develop an adaptation and resilience plan that addresses the climate change and sea level rise impacts in the Waikiki Special District.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, University of Hawai'i System, Honolulu Board of Water Supply, one member of the Maui County Council, Waikiki Beach Special Improvement District Association, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Office of Planning and Sustainable Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1669, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 896-22 Finance on H.B. No. 2413**

The purpose of this measure is to require the Department of Land and Natural Resources to conduct a feasibility study on a revenue-generating and management system of user fees for Hawaii's state parks.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources and Hawai'i Reef and Ocean Coalition.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2413, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 897-22 Finance on H.B. No. 2417**

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to review the final report of the House of Representatives' investigative committee established under House Resolution No. 164, Regular Session of 2021, for the purpose of:
  - (A) Conducting a policy analysis of the State's land lease policy; and
  - (B) Developing proposed legislation; and
- (2) Appropriate funds to the Department of Land and Natural Resources to conduct the policy analysis and implement the report's recommendations.

Your Committee received testimony in opposition to this measure from Kūpuna for the Mo'opuna. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2417, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Branco).

**SCRep. 898-22 Finance on H.B. No. 1672**

The purpose of this measure is to broaden the counties' authority to create special improvement districts by expanding the objective of the special improvement districts to include environmental research, restoration, and maintenance; natural resource management; natural hazard mitigation; and climate change and sea level rise adaptation.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, University of Hawai'i Sea Grant College Program and Climate Resiliency Initiative, Waikiki Beach Special Improvement District Association, and two individuals. Your Committee received comments on this measure from the Hawai'i Emergency Management Agency.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1672, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 899-22 Finance on H.B. No. 1712**

The purpose of this measure is to prohibit the siting of waste disposal facilities on agricultural lands with class A or B productivity ratings and important agricultural lands.

Your Committee received testimony in support of this measure from the Maui County Farm Bureau; Hawai'i Farm Bureau; Larry Jefts Farms, LLC; Ulupono Initiative; Hawaii Crop Improvement Association; Hawaii Cattlemen's Council, Inc.; CropLife America; Biotechnology Innovation Organization; and four individuals. Your Committee received comments on this measure from the Department of Agriculture.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1712, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 900-22 Finance on H.B. No. 1769**

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources to study and combat rapid ohia death in the State.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Hawai'i Farm Bureau, Coordinating Group on Alien Pest Species, and four individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1769, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 901-22 Finance on H.B. No. 1931**

The purpose of this measure is to appropriate funds for the establishment of one full-time equivalent Program Specialist position related to mosquito control in the Department of Land and Natural Resources.

Your Committee received testimony in support of this measure from The Nature Conservancy, Coordinating Group on Alien Pest Species, and five individuals. Your Committee received comments on this measure from the Department of Health, Department of Land and Natural Resources, and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1931, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 902-22 Finance on H.B. No. 2196**

The purpose of this measure is to:

- (1) Establish a two-year Stream Maintenance Reimbursement Pilot Program within the Department of Land and Natural Resources to reimburse homeowners for the costs incurred by the homeowner for clearing debris in or around a stream within a certain distance of the homeowner's property and where there is potential imminent harm of a flood occurring to the homeowner's property due to the debris in or around the stream; and
- (2) Appropriate funds for the reimbursements to qualified homeowners for debris clearing under the Stream Maintenance Reimbursement Pilot Program.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2196, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 903-22 Finance on H.B. No. 2199**

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources to:

- (1) Provide fingerlings and limu for the restoration and restocking of fishponds; and
- (2) Establish one full-time equivalent Aquaculture Coordinator Biologist VI position.

Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2199, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 904-22 Finance on H.B. No. 2229**

The purpose of this measure is to:

- (1) Require the University of Hawaii to establish and implement a two-year program to study the impact of sandbag walls on sand movement patterns and coastal erosion and on certain public trust resources at Ehukai Beach Park on the North Shore of Oahu, including from the shoreline area near Ke Iki Road to Sunset Beach;
- (2) Require the University of Hawaii to submit a report of its study findings and recommendations to the Legislature prior to the Regular Session of 2025; and
- (3) Appropriate funds to the University of Hawaii for the study.

Your Committee received testimony in support of this measure from the University of Hawaii, Conservation Council for Hawai'i, and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of Budget and Finance, Hawai'i Shore and Beach Preservation Association, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2229, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (B. Kobayashi, Marten, Sayama, Tam, Wildberger). Noes, 1 (Perruso). Excused, 2 (Holt, Todd).

**SCRep. 905-22 Finance on H.B. No. 2276**

The purpose of this measure is to appropriate funds for the removal of albizia and other invasive trees that potentially threaten public roadways and utility infrastructure rights of way on public and private land; provided that the funds are matched on a two-to-one basis from public utilities sources.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaiian Electric, and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2276, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Branco).

**SCRep. 906-22 Finance on H.B. No. 2288**

The purpose of this measure is to transfer the parcel of land designated as TMK (1) 3-2-030-002-0000-000 to the Department of Hawaiian Home Lands.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and Kupuna for the Mo'opuna. Your Committee received testimony in opposition to this measure from the University of Hawai'i System. Your Committee received comments on this measure from the Department of the Attorney General.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2288, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (B. Kobayashi, Perruso). Noes, none. Excused, 1 (Holt).

**SCRep. 907-22 Finance on H.B. No. 2332**

The purpose of this measure is to authorize the exemption for the granting of easements on public lands from formal subdivision process and approval requirements, including requirements for surveying and formalizing easements.

Your Committee received testimony in support of this measure from the Hawaii Aquaculture and Aquaponics Association and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Agriculture and Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2332, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Wildberger). Noes, none. Excused, 1 (Holt).

**SCRep. 908-22 Finance on H.B. No. 426**

The purpose of this measure is to require the University of Hawaii System and its community colleges to waive tuition, subject to certain requirements, for any qualified student who demonstrates financial need and is a dependent child of:

- (1) A disabled veteran;
- (2) An eligible veteran or National Guard member who was killed in action; or
- (3) A Purple Heart medal recipient, alive or deceased, awarded in 2001 or later.

Your Committee received testimony in support of this measure from the Hawaii Military Affairs Council, Maui County Veterans Council, and five individuals. Your Committee received comments on this measure from the University of Hawai'i System and State Office of Veterans' Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 426, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Marten, Perruso). Noes, none. Excused, 1 (Holt).

**SCRep. 909-22 Finance on H.B. No. 2309**

The purpose of this measure is to appropriate funds to the Department of Public Safety, Judiciary, and Hawaii Paroling Authority for the development and maintenance of diversion, reentry, and rehabilitation services and programs by non-profit organizations within the State.

Your Committee received testimony in support of this measure from the Judiciary, Hawaii Substance Abuse Coalition, Hawai'i Health & Harm Reduction Center, Women's Prison Project, American Civil Liberties Union of Hawai'i, Waikiki Health, Community Alliance on Prisons, and three individuals. Your Committee received comments on this measure from the Department of Human Services, Department of Public Safety, and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2309, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 910-22 Finance on H.B. No. 2312**

The purpose of this measure is to:

- (1) Statutorily establish within the Judiciary the Women's Corrections Implementation Commission to:
  - (A) Develop and implement an evidence-based, gender-responsive plan to divert non-violent women offenders from the criminal justice system;
  - (B) Ensure implementation of the recommendations from the final report to the Legislature of the Task Force on Prison Reform, formed pursuant to House Concurrent Resolution No. 85, Regular Session of 2016;
  - (C) Review existing local resources and programs focused on women in the justice system for their effectiveness and capacity for expansion; and
  - (D) Consider certain model programs; and
- (2) Appropriate funds to the Judiciary for the establishment of the Women's Corrections Implementation Commission.

Your Committee received testimony in support of this measure from the Judiciary, Hawai'i Health & Harm Reduction Center, and Women's Prison Project. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Public Safety.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2312, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Holt).

**SCRep. 911-22 Finance on H.B. No. 2171**

The purpose of this measure is to:

- (1) Establish a new Department of Law Enforcement to consolidate and administer certain law enforcement functions;
- (2) Rename the Department of Public Safety as the Department of Corrections and Rehabilitation;
- (3) Establish a training center within the Department of Law Enforcement;
- (4) Transfer employees, appropriations, records, equipment, documents, and other materials, as appropriate, to the respective departments; and
- (5) Establish positions and appropriate funds for the Department of Law Enforcement and Department of Corrections and Rehabilitation.

Your Committee received testimony in support of this measure from the Homeland Security Investigations unit of the United States Department of Homeland Security; Department of the Attorney General; Department of Public Safety; Department of Defense; Department of Transportation; Hawaii Office of Homeland Security; Hawaii Paroling Authority; Department of the Prosecuting Attorney of the City and County of Honolulu; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and numerous individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Budget and Finance; Office of Information Practices; and United Public Workers, AFSCME Local 646, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2171, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

**SCRep. 912-22 Finance on H.B. No. 1682**

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Next Level Solutions Group Inc., in developing a waste-to-energy facility.

Your Committee received testimony in support of this measure from Next Level Solutions Group Inc.; and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1682, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Tam). Noes, none. Excused, none.

**SCRep. 913-22 Finance on H.B. No. 2256**

The purpose of this measure is to:

- (1) Establish a Department of Environmental Protection on July 1, 2026;
- (2) Create a Department of Environmental Protection Working Group to address the logistics required for the State to establish a Department of Environmental Protection; and

- (3) Require the Department of Environmental Protection Working Group to submit a report to the Legislature prior to the convening of the Regular Session of 2025.

Your Committee received testimony in support of this measure from the Environmental Advisory Council, Climate Protectors Hawai'i, and Environmental Caucus of the Democratic Party of Hawai'i. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of Health, Hawaii State Energy Office, Office of Planning and Sustainable Development, and Honolulu Board of Water Supply.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2256, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (McDermott). Excused, none.

#### **SCRep. 914-22 Finance on H.B. No. 1748**

The purpose of this measure is to authorize the issuance of general obligation bonds and appropriate funds for low-income rental housing projects or units that are allocated low-income housing tax credits and developed for families and individuals who meet certain eligibility requirements.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Catholic Charities Hawai'i, Hawai'i Health & Harm Reduction Center, Partners in Care, and Highridge Costa Development Company.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1748, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 915-22 Finance on H.B. No. 2233**

The purpose of this measure is to authorize and appropriate funds for the Department of Human Services to provide eligible households receiving benefits under the Temporary Assistance for Needy Families Program or Temporary Assistance for Other Needy Families Program with housing assistance subsidies during their participation in the First-to-Work Program.

Your Committee received testimony in support of this measure from Hawaii Children's Action Network Speaks!, Hawai'i Health & Harm Reduction Center, Catholic Charities Hawai'i, Zonta Club of Hilo, Partners in Care, Community Alliance Partners, HOPE Services Hawaii, LGF Consulting Hawaii, Hawai'i Applesseed Center for Law & Economic Justice, Na Kahua Hale O Ulu Wini, and five individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Department of Budget and Finance, and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2233, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (McDermott).

#### **SCRep. 916-22 Finance on H.B. No. 2243**

The purpose of this measure is to ensure the proper maintenance of residential condominium buildings and structures by:

- (1) Requiring that buildings and structures be maintained in a safe and sanitary condition;
- (2) Requiring devices and safeguards to be maintained in conformance with county building codes;
- (3) Requiring condominium associations or their designated agents to be responsible for the maintenance of the buildings and structures; and
- (4) Authorizing county building officials to require a building or structure to be reinspected.

Your Committee received testimony in support of this measure from the Hawaii Insurers Council. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Palehua Townhouse Association, Community Associations Institute, and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2243, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

#### **SCRep. 917-22 Consumer Protection & Commerce on H.B. No. 1689**

The purpose of this measure is to:

- (1) Require shippers with knowledge that their cargo includes fireworks or articles pyrotechnic to report certain information to applicable county fire departments; and
- (2) Authorize county fire departments to enter shippers' vessels for the purpose of inspecting any shipment declared on the shipping manifest as fireworks or articles pyrotechnic.

Your Committee received testimony in support of this measure from the State Fire Council, Maui Fire Department, Honolulu Fire Department, Pearl City Neighborhood Board No. 21, Hawaiian Humane Society, Animal Rights Hawai'i, Aloha Animal Advocates, and five individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Matson Navigation Company, Inc.

Your Committee finds that the igniting of fireworks and articles pyrotechnics in violation of the Fireworks Control Law has been and continues to be an issue in communities throughout the State. The ignition of fireworks and articles pyrotechnics pose various health, safety, and property risks, including potential fire damage to homes, fire and explosion-related injuries, respiratory distress caused by the air pollution, and retraumatizing persons with the loud explosions.

Your Committee further finds that further mechanisms are necessary to enforce the Fireworks Control Law. This measure will empower counties in their enforcement by increasing their ability to scrutinize the multimodal transportation of fireworks. As this measure advances through the legislative process, your Committee believes that consideration should be given to using the point of delivery as the point of inspection, as the point of delivery may be the more optimal opportunity for inspections of vessels.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1689, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 918-22 Consumer Protection & Commerce on H.B. No. 2141**

The purpose of this measure is to delete or revise outdated or obsolete reporting requirements of the Department of Human Services and Office of Youth Services.

Your Committee received testimony in support of this measure from the Department of Human Services.

Your Committee finds that under existing law the Department of Human Services (DHS) is required to submit several reports to the Legislature that are no longer necessary. Currently, DHS is required to report on brand-name and generic psychotropic prescriptions and the amount expended on each. Since the enactment of this reporting requirement, DHS has reported a positive trend to maintain access to psychotropic medications and explore cost savings through use of generic brands. The information contained in the report is not used for decision-making or any other purpose and thus, the reporting requirement is unnecessary.

Your Committee further finds that DHS is required to report on the adequacy of the assistance allowance as provided under chapter 346, Hawaii Revised Statutes. This requirement was last updated in 1998; since that time, there have been substantial changes to federal financial assistance and health care programs, which renders the information requested no longer relevant to determine the adequacy of the assistance allowance.

Lastly, pursuant to Act 281, Session Laws of Hawaii 2006 (Act 281), the Office of Youth Services, which is within the DHS for administrative purposes, is required to submit a report with respect to programs established under Act 281. However, those programs are no longer funded. This measure eliminates these obsolete and unnecessary reports to the Legislature required of the DHS, which will clarify existing law, reduce the administrative burden on DHS, and increase efficiencies.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2141, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Mizuno).

#### **SCRep. 919-22 Water & Land/Judiciary & Hawaiian Affairs/Finance on H.B. No. 2024**

The purpose of this measure is to implement recommendations of the Mauna Kea Working Group established on March 4, 2021, through the adoption of House Resolution No. 33, H.D. 1, during the Regular Session of 2021 by:

- (1) Establishing the Mauna Kea Stewardship Authority (Authority) as the sole authority for management of state-managed lands on Mauna Kea;
- (2) Requiring the Authority to develop a single plan that dictates the management of land uses; human activities, uses, and access; stewardship; education; research; disposition; and overall operations;
- (3) Requiring the Authority to develop a framework to limit astronomy development on Mauna Kea;
- (4) Requiring the Authority to prohibit certain commercial use and activities on Mauna Kea;
- (5) Requiring an application and fee for all recreational users of Mauna Kea; and
- (6) Appropriating funds for startup costs of the Authority.

Your Committees received testimony in support of this measure from Kamehameha Schools, Council for Native Hawaiian Advancement, Protect Kaho'olawe 'Ohana, Hilo Hawaiian Civic Club, Waimea Hawaiian Civic Club, Hawai'i Alliance for Progressive Action, Hui Mauli Ola, Save Our Sherwoods, 'Ahaui o nā Kauka, Aha Kane, Kanaeokana, Protect Pololu Project, Puakalehua Early Learning Consortium, and numerous individuals. Your Committees received testimony in opposition to this measure from the Department of Land and Natural Resources; University of Hawai'i System; University of Hawai'i Board of Regents; Hawai'i Island Chamber of Commerce; Kona-Kohala Chamber of Commerce; Imua TMT; Environmental Caucus of the Democratic Party of Hawai'i; Hawaii Forest and Trail; Taikobo Hawaii, Inc.; Hawaiian Eyes Tour; KAHEA: The Hawaiian-Environmental Alliance; Mauna Kea Moku Nui 'Aelike/Consensus Building 'Ohana; Ka Ohana O Na Pua; Hawaii Island Economic Development Board; Hawaii Leeward Planning Conference; 'Ai Noa Foundation; Wahine Apapalani; Na Koa Ikaika Ka Lahui Hawaii; Arnott's Lodge; Kundalini of Kona Inc.; Center for Hawaiian Sovereignty Studies; and numerous individuals. Your Committees received comments on this measure from the Office of Hawaiian Affairs, Department of the Attorney General, Department of Budget and Finance, Maunakea Observatories, and Super Vacation Hawaii.

Your Committees find that Mauna a Wākea, particularly its summit region, is a special place of significance to the people of Hawaii that consists of fragile habitats, contains historical and archaeological artifacts, and holds cultural and spiritual importance. Due to its topographical prominence, Mauna a Wākea is also a highly valued site for world-class astronomical study, producing many significant discoveries that contribute to humanity's study and understanding of the universe. However, in recent years, Mauna a Wākea has become a symbol of division, polarization, and distrust between stakeholders on Mauna a Wākea and many in the surrounding communities. Therefore, resolving the management issues of Mauna a Wākea is an issue of the highest priority in the State.

Your Committees further find that the University of Hawaii has been responsible for the management of Mauna a Wākea since 1968 and that the 2.2-meter telescope, the first large telescope constructed on Mauna a Wākea, began operations in 1970. Despite improvements in the management of Mauna a Wākea by the University and Department of Land and Natural Resources since a 1998 audit found significant managerial deficiencies, the perception by many that Mauna a Wākea was being managed without sufficient, genuine consultation with the Native Hawaiian community had the cumulative effect of degrading trust between state managers and some Native Hawaiian communities. Your Committees find that this measure is intended to be a step toward changing the status quo and restoring trust and balance in stewardship of Mauna a Wākea.

Your Committees have amended this measure by:

- (1) Changing references from "Mauna Kea" to "Mauna a Wākea" throughout the measure;
- (2) Adding the four Kumu Kānāwai, or laws of nature, to its preamble;

- (3) Placing the Authority within the Department of Land and Natural Resources, instead of attaching it to the Office of the Chairperson of the Board of Land and Natural Resources, for administrative purposes;
- (4) Changing a member of the Authority from the Chief Executive Officer of the Office of Hawaiian Affairs, or the Chief Executive Officer's designee, to the Chairperson of the Board of Trustees of the Office of Hawaiian Affairs, or the Chairperson's designee;
- (5) Adding the President of the University of Hawaii, or the President's designee, as a member of the Authority;
- (6) Removing all references to the sale of Mauna a Wākea lands;
- (7) Amending the requirement that the Authority protect native Hawaiian rights to instead protect traditional and customary native Hawaiian rights, as set forth in the Hawaii State Constitution, and not unduly burden individuals exercising such rights;
- (8) Clarifying that in establishing a framework to limit astronomy development on Mauna a Wākea, the Authority is required to establish a plan to return the mauna above the 9,200-foot elevation line to its natural state when ground-based observatories are rendered obsolete due to developments in space-based astronomical technology;
- (9) Allowing, rather than requiring, the Authority to prohibit commercial use and activities, except for astronomy use and activities, above Hale Pōhaku;
- (10) Clarifying that the Department of Land and Natural Resources is required to transfer to the Authority the title to the Mauna a Wākea lands under the Authority's jurisdiction, together with all existing encumbrances;
- (11) Clarifying that the Authority is required to consider various supplemental revenue sources to be deposited into the Mauna a Wākea Management Special Fund, to the extent allowed by law;
- (12) Specifying that lands under the jurisdiction of the Authority to which the Authority holds title are not deemed "public lands" as defined in section 171-2, Hawaii Revised Statutes;
- (13) Establishing various protections for Mauna a Wākea lands, including:
  - (A) Extensive lease requirements and safeguards, including restrictions against alienation; adequate protection of forests, watershed areas, game management areas, wildlife sanctuaries, and public hunting areas, reservation of rights-of-way and access to other public lands, public hunting areas, game management areas, or public beaches; and prevention of nuisance and waste;
  - (B) Prohibiting lease renewal options;
  - (C) Restricting leases to sixty-five years;
  - (D) Prohibiting the transfer or assignment of leases, except by devise, bequest, or intestate succession, without the approval of the Authority;
  - (E) Requiring the approval of the Authority for subleases;
  - (F) Requiring lands to which the Authority holds title to be disposed of by public auction, with limited exceptions, including for leases to eleemosynary organizations, state and federal agencies, and foreign governments;
  - (G) Prohibiting lands to which the Authority holds title from being leased for a sum less than the value fixed by appraisal, with limited exceptions;
  - (H) In issuing new or renegotiated leases for astronomical observatories, requiring the Authority to adopt rules to establish additional lease requirements; and
  - (I) Requiring the Authority to retain rights to "prehistoric and historic remains" in leases of lands to which it holds title;
- (14) Changing its effective date to July 1, 3000, to encourage further discussion; and
- (15) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees find that on January 30, 2022, the University of Hawaii Economic Research Organization (UHERO) released an updated report on the economic impact of astronomy in Hawaii, which revealed that the industry's direct and indirect economic impact in 2019 totaled \$221,000,000. Moreover, 1,313 jobs in the State and 611 jobs on Hawaii island alone are directly tied to the astronomy sector. The UHERO report indicated that astronomy is one of the top five economic activities in the State. In addition, your Committees note that astronomy is a permitted use in the state conservation district. As astronomy is such a significant economic driver for the State and Hawaii island, not to mention its role in furthering learning and scientific observation, your Committees believe that consideration should be given to, and discussion should continue regarding, adding a representative of the Maunakea Observatories to the Authority.

As affirmed by the records of votes of the members of your Committees on Water & Land, Judiciary & Hawaiian Affairs, and Finance that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2024, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2024, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 7; Ayes with Reservations (Branco, B. Kobayashi, Kong). Noes, none. Excused, 1 (McDermott).

Judiciary & Hawaiian Affairs: Ayes, 7; Ayes with Reservations (Lowen, McKelvey). Noes, 3 (D. Kobayashi, LoPresti, Ward). Excused, 1 (Takumi).

Finance: Ayes, 14; Ayes with Reservations (Branco, Holt, B. Kobayashi, Perruso, Sayama, Wildberger). Noes, none. Excused, 1 (Nishimoto).

#### SCRep. 920-22 Corrections, Military, & Veterans on H.B. No. 2119

The purpose of this measure is to adopt the Emergency Management Assistance Compact in a new chapter of the Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Defense and Hawai'i Emergency Management Agency. Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice.

Your Committee finds that this measure codifies the terms under which the Governor may enter into a compact on behalf of the State with any other state, the Commonwealth of Puerto Rico, the District of Columbia, and any United States territorial possession for the rendering or receipt of emergency management assistance. According to the Department of Defense, this measure supports the logical alignment of the Hawaii Emergency Management Agency with best emergency management practices across the country, and moving these terms and provisions into the emergency management series in the Hawaii Revised Statutes will provide for the concise, logical organization of the emergency management laws of the State.

Your Committee has amended this measure by:

- (1) Clarifying that for the State of Hawaii, the adjutant general is the legally designated state official with assigned responsibility for emergency management under the compact and the authorized representative of the State who may request assistance of another party state; and

- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military, & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2119, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2119, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Kong, McDermott).
