S.B. No. 926, SD 1, HD 1:

Representative Nakamura moved that S.B. No. 926, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise on 926, jaywalking. In opposition, of course, as I have consistently been in the past speaking on this. I just want to recall for the members that we had a safe streets rally here about a week or so, 10 days ago. And we all said, hey, we've got to make our streets safer. The McKinley High School student who died being in the crosswalk, the car didn't pay any attention, the truck, *et cetera*.

"So, what we've got here, Mr. Speaker, is safe streets on the one hand, then we've got jaywalking on the other hand. Here's the bottom line. One third of all the fatalities are in the crosswalks or bicycles. The problem is, many people in the crosswalks think that this is their right, which legally it is their right. What we are doing with this bill is saying, hey, you're a jaywalker, you have a right now to go anywhere you want. And the point is, we're having people with the right who are arrogantly crossing the street. Now we're going to allow these same people with a, quote, a jaywalking right, and we're going to say that this is going to have safe streets. Are we talking out of both sides of our mouth, Mr. Speaker? I think so with this bill. Thank you."

Representative Matayoshi rose to speak in support of the measure with reservations, stating:

"Reservations, brief comment. Mr. Speaker, I am concerned about this bill. It seems to be placing the burden on the drivers still, when pedestrians are choosing to disregard the statewide traffic code. I don't necessarily have an issue with them doing it using reason and their own judgment when doing this, but if there is an accident, I feel like we're placing too much of a burden on the drivers."

Representative Chun rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Kila rose to speak in opposition to the measure, stating:

"Mr. Speaker, In opposition. I appreciate the intent of the measure and I understand that historically jaywalking may be rooted in some form of issue of targeting folks. But the way that this bill is written and what it can ensue, I cannot support. I think about the roadways that exist here in Hawai'i that are not similar to Downtown, urban Honolulu.

"In District 44, our main roadway is considered a highway that folks often traverse. But in the sense when we have dilapidated roads, we do not have proper lighting as well in some of these roads, I echo the previous speaker that I feel too much burden may be placed upon the driver, when we already exercise caution with many drivers on top of the road and dealing with folks

who cannot use fair judgment in regards to crossing a road. So, for those reasons, I'm in opposition."

Representative Souza rose to speak in opposition to the measure, stating:

"No vote, Mr. Speaker, and I echo the sentiment of the previous two speakers and would also like to reiterate that the traffic code is in place for a reason. And although I can understand the freedom of walking concept and the convenience that this bill would offer pedestrians, I have to vote no on this measure. Thank you."

The motion was put to vote by the Chair and carried, and S.B. No. 926, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PEDESTRIANS," passed Third Reading by a vote of 37 ayes to 13 noes, with Representatives Chun and Matayoshi voting aye with reservations, with Representatives Aiu, Alcos, Garcia, Gates, Holt, Kila, Lamosao, Matsumoto, Poepoe, Quinlan, Souza, Tam, and Ward voting no, and with Representative Nishimoto being excused.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support. This bill will legalize fentanyl strips, heretofore drug paraphernalia. First, I want to thank the good representative from District 27 who introduced a similar bill. Unfortunately, it didn't pass, but this one is still alive that comes from the Senate.

"Mr. Speaker, the bottom line is, 18- to 45-year-olds have as the cause of leading death fentanyl, 18 to 45, in the prime of their youth, fentanyl is the biggest killer. If we legalize these test strips, we have a chance of least keeping some people alive, Mr. Speaker. And that's what this bill is all about. If we have this in Longs and CVS, because it's immediately effective upon approval, we will save some lives. This is a very serious, a very good

bill, and something that I hope the 18- to 45-year-olds will be very, very cognizant of. Thank you."

Representative Kahaloa rose to speak in support of the measure, stating:

"In strong support and may I adopt the words from the representative from Hawai'i Kai," and the Chair "so ordered." (By reference only.)

Representative Kong's written remarks are as follows:

"Mr. Speaker, I do agree with section 3 of this bill, equal pay for equal work performed. It is with section 2, having to post the hourly or salary range of positions offered by a business, that is problematic.

"While yes, it is true that businesses can easily post wages for certain positions, there are too many variables in posting for other positions. Instead of posting a possible starting wage, or various wages for possible categories of said position, because of so many variables, it is very difficult for a business to do so. Hiring or even firing, is time consuming.

"So that is why the interview process is so important. And since all potential prospects are individuals and individually unique 'hand cuffing' a business in this hiring process can have devastating effects on the success of said business.

"Is the posted wage too low to attract good employees, or too high that it discourages possible good employees that have untapped skills and talent? This is just a sample of the possible problems this bill creates.

"Also, competition and/or competitors can use this information against said business. Exposing the possible vulnerability of a business, to outright 'steal' a prospective employee is at stake.

"Like I mentioned, just too many variables and possible unforeseen consequences may occur, so I stand in opposition. Thank you, Mr. Speaker."

Representative Pierick rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in strong opposition. Mr. Speaker, as you know, this is probably my favorite bill to speak against this session, so let me proceed.

"The point is, Mr. Speaker, we all represent about 30,000 individuals. Our districts are 28,000 to 30,000, we're all equal in that sense. The rub here, Mr. Speaker, is that this particular bill says that we shall override where the placement of the buildings are that we gave to OHA in lieu of the \$200 million that we owed them.

"I want to bring to the members' attention that there may be a thousand, maybe a few hundred, whose view may be blocked by this particular Kaka'ako Makai by OHA. But I would remind the members that there are 250,000 Hawaiians in Hawai'i and there are over 250,000 Hawaiians on the mainland. So, it's a few hundred or a thousand versus 500,000 people of which OHA was created for their, they are the benefactors of OHA.

"So, if we don't allow them to build, we are in effect denying, as we did, and I know it's controversial, but I'm going to equate this to the Mauna Kea. It's not about whether you build or not, it's whether you can tell the Hawaiians what to do and what not to do, Mr. Speaker."

At 1:15 p.m., Representative Nakamura requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:20 p.m.

Representative Tarnas rose to speak in support of the measure, stating:

"Thank you. Speaking in support of Senate Bill 1417. I just want to bring the attention of the members back to the purpose of the bill, which is actually to do what any good planner would suggest to their client, and that is that the Hawai'i Community Development Authority must consider the impacts of climate change, sea level rise, and climate resilient development in the design and siting of buildings. HCDA has four different community development districts. These are the two that would actually, are close enough to the coast that it would have potential impacts from sea level rise and climate change. And so, this is not so restrictive other than it is good advice to HCDA as they make their plans for use of these areas. And as a planner, like I say, this is good advice that any good planner would give to their client. So, I think that it's a measure that deserves support from the members. Thanks very much."

Representative Alcos rose in opposition to the measure and asked that the remarks of Representative Ward be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Ganaden rose to speak in support of the measure, stating:

"Mr. Speaker, in support. After the conversation here on the floor after second reading, I attempted to get some clarification from the Hawai'i Community Development Authority in their testimony in the Judiciary Committee. They noted that, of course if we were to pass this, they would just develop implementation rules. Also, we asked if there was any objection from the Office of Hawaiian Affairs, they did not offer testimony on this measure. I think that the discussion brought up by the gentleman from District 18 is separate from the ideals encapsulated in this measure. Thank you."

Representative Tam rose in support of the measure and asked that the remarks of Representative Tarnas be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Souza rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Same request. And I will add as well that if we don't take this into consideration and what this bill purports, then I don't know what the alternative would be, that we just don't consider climate impact on these two development areas out of the four and we end up with more problems in the long run with erosion and all the different issues that we're currently experiencing on our shoreline properties right now. So, thank you," and the Chair "so ordered." (By reference only.)

Representative Nakamura rose to speak in support of the measure, stating:

"Thank you. Same request, I'd like to ask for the words of the Judiciary Chair and previous speakers be entered into the Journal as my own," and the Chair "so ordered." (By reference only.)

Representative Nakamura continued, stating:

"As a planner, I also feel that many state organizations, departments are looking at the impacts of sea level rise and climate change. The Department of Transportation has done their plan. We're working with the libraries because some of our libraries are going to be falling into the ocean soon, especially in my district. So, we are doing managed retreat planning. This is incumbent on all of our state departments and agencies to be proactive, to look at ways that we can take today rather than have to deal with the issues that we are experiencing on some of the north shores of our islands to address with the impacts of climate change when it's really too late. Thank you."

Representative Pierick rose to speak in opposition to the measure, stating:

"In opposition. I'd like to have all the words of representative from Hawai'i Kai added to the Journal as if they were my own."
