OF THE 2024 LEGISLATURE SINE DINE**

GOVERNOR'S MESSAGES

The following messages from the Governor (Gov. Msg. Nos. 11, 767, 768, and 1111 through 1365) were received by the Clerk and were placed on file:

Gov. Msg. No. 11, dated June 10, 2024, providing notice of an interdepartmental transfer of general funds to comply with the statutory authorization limit for FY24 and correct an administrative oversight.

Gov. Msg. No. 767, dated August 30, 2024, appointing Matthias Kusch to serve as the Representative from the 1st House District as follows:

"EXECUTIVE CHAMBERS
KE KE'ENA O KE KIA'ĀINA

August 30, 2024

The Honorable Scott K. Saiki
Speaker of the House of Representatives
Thirty-Second Legislature
Hawai'i State Capitol, Room 431
Honolulu, Hawai'i 96813

Aloha Speaker Saiki:

I am pleased to inform you that pursuant to section 17-4 (a), Hawai'i Revised Statutes, I have appointed Mr. Matthias Kusch to serve as the representative from House District 1. Mr. Kusch shall serve his first appointment immediately, completing this current term in the Thirty-Second State Legislature. Then, Mr. Kusch shall serve a full two-year term in the Thirty-Third State Legislature, starting in January 2025.

These appointments fill the vacancy created in the 1st House District due to the untimely passing of Representative Mark M. Nakashima on July 11, 2024. Representative Nakashima was running unopposed for the 1st House District seat in both the primary and general elections, and the candidate filing deadline ended on June 4, 2024.

Mahalo,

Josh Green, M.D.
Governor, State of Hawai'i

- c: The Honorable Sylvia Luke, Lieutenant Governor, State of Hawai'i
The Honorable Ronald D. Kouchi, President of the Senate, State of Hawai'i
Mr. Derek Turbin, Chairperson, Democratic Party of Hawai'i"

Gov. Msg. No. 768, dated October 9, 2024, correcting the term of appointment of Matthias Kusch as the Representative of the 1st House District on GM 767 as follows:

"EXECUTIVE CHAMBERS
KE KE'ENA O KE KIA'ĀINA

October 9, 2024

The Honorable Scott K. Saiki
Speaker of the House of Representatives
Thirty-Second Legislature
Hawai'i State Capitol, Room 431
Honolulu, HI 96813

Aloha Speaker Saiki:

Upon further review, the appointment of Mr. Kusch pursuant to section 17-4 (a), Hawai'i Revised Statutes is only for the current term in the Thirty-Second State Legislature.

The Attorney General has conducted additional legal review and determined that the current appointment is for the remainder of the term for House District 1 that ends November 5th, 2024. Pursuant to Hawai'i Revised Statutes section 12-41 (a), a candidate unopposed in the general election is to be declared duly and legally elected following the primary election. As a

result, the late Rep. Nakashima was posthumously re-elected to a new term starting November 5, 2024.

This has created unique circumstances for the representation of House District 1. An additional appointment process must be completed after November 5, 2024, for the next term of House District 1. Pursuant to Article III, section 4 of the Hawai'i State Constitution, the vacancy process for filling this seat must be conducted in accordance with HRS Section 17-4. Unfortunately, this process cannot begin until after the general election on November 5th, 2024. I am hopeful that the Democratic Party and district council can proceed expeditiously and promptly execute the selection process without delay.

Thank you for your understanding with the matter. I am grateful for Mr. Kusch's willingness to serve through the remainder of the current term. The Democratic Party of Hawai'i will have to conduct its process to identify names who would best serve House District 1.

Mahalo,
/s/ Josh Green

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 40

Honorable Members
Thirty-Second Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 40, entitled "A Bill for an Act Relating to the General Fund."

The purpose of this bill is to dispose of excess general fund revenues, as required by Section 6 of Article VII of the Hawai'i Constitution, by appropriating funds to be deposited into the Emergency and Budget Reserve Fund and the Pension Accumulation Fund.

Given the Maui wildfire recovery efforts and other State priorities such as affordable housing and reducing the cost-of-living for our residents, it would be financially unwise to transfer \$300,000,000 in general funds to the Emergency and Budget Reserve Fund, the State's rainy day fund, designated in section 2 on page 2 of the bill, and to deposit an extra \$135,000,000 into the Pension Accumulation Fund, designated in section 3 on pages 2-3 of the bill. I object to these transfers because the Emergency and Budget Reserve Fund balance exceeds \$1,500,000,000, its highest ever, and the State is committed to making regular payments on its unfunded liabilities, including its pension obligations, making these transfers unnecessary.

Section 16 of Article III of the Hawai'i Constitution provides that, "[e]xcept for items appropriated to be expended by the judicial and legislative branches, the governor may veto any specific item or items in any bill which appropriates money for specific purposes by striking out or reducing the same." Because of the foregoing objections, pursuant to my line-item veto authority, I have reduced the \$300,000,000 general fund appropriation for fiscal year 2024-2025 for deposit into the Emergency and Budget Reserve Fund in section 2 to \$1 (page 2, line 16). In addition, I have reduced the \$135,000,000 general fund appropriation for fiscal year 2024-2025 for deposit into the Pension Accumulation Fund in section 3 to \$1 (page 3, line 1).

For the foregoing reasons, I am returning House Bill No. 40 with the reductions set forth above totaling \$434,999,998 in general fund appropriations for fiscal year 2024-2025.

Respectfully,

A BILL FOR AN ACT

RELATING TO THE GENERAL FUND.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

- 1 SECTION 1. The legislature finds that article VII,
2 section 6, of the Hawaii State Constitution requires the
3 legislature to dispose of excess general fund revenues when
4 certain factors are met, as follows:
- 5 (1) Provide for a tax refund or tax credit to the
6 taxpayers of the State, as provided by law;
7 (2) Make a deposit into one or more funds, as provided by
8 law, which shall serve as temporary supplemental
9 sources of funding for the State in times of an
10 emergency, economic downturn, or unforeseen reduction
11 in revenue, as provided by law; or
12 (3) Appropriate general funds for the pre-payment of
13 either or both of the following, as provided by law:
- 14 (A) Debt service for general obligation bonds issued
15 by the State; or
16 (B) Pension or other post-employment benefit
17 liabilities accrued for state employees.

- 1 The legislature further finds that the necessary factors
2 have been met for two successive fiscal years and that the
3 legislature is constitutionally required to dispose of excess
4 tax revenues, as authorized under article VII, section 6, of the
5 Hawaii Constitution.
- 6 Accordingly, the purpose of this Act is to implement
7 article VII, section 6, of the Hawaii Constitution, by:
- 8 (1) Making a deposit into the emergency and budget reserve
9 fund established under section 328L-3, Hawaii Revised
10 Statutes; and
11 (2) Making a deposit into the pension accumulation fund
12 established under section 88-114, Hawaii Revised
13 Statutes.
- 14 SECTION 2. In accordance with article VII, section 6, of
15 the Hawaii Constitution, there is appropriated out of the
16 general revenues of the State of Hawaii the sum of ~~\$300,000,000~~ ^{\$1} 90

 2 or so much thereof as may be necessary for fiscal year 2024-2025

 4 section 88-114, Hawaii Revised Statutes.
 5 SECTION 4. In accordance with section 9 of article VII of
 6 the Constitution of the State of Hawaii and sections 37-91 and
 7 37-93, Hawaii Revised Statutes, the legislature has determined
 8 that the appropriations contained in this Act will cause the
 9 state general fund expenditure ceiling for fiscal year 2024-2025
 10 to be exceeded by \$323,323,869 or 3.1 per cent. The reasons for
 11 exceeding the general fund expenditure ceiling are that:
 12 (1) The appropriations made in this Act are necessary to
 13 serve the public interest; and
 14 (2) The appropriations made in this Act meet the needs
 15 addressed by this Act.

"EXECUTIVE CHAMBERS

HONOLULU

July 8, 2024

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 2619

Honorable Members
 Thirty-Second Legislature
 State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 2619, entitled "A Bill for an Act Relating to Agricultural Biosecurity."

This bill requires the Department of Agriculture (DOA) to lead and coordinate the State's invasive pest control and eradication biosecurity efforts. It appropriates \$19,780,660 in general funds for the DOA's biosecurity program and a total of \$200,000 in general funds as grants-in-aid to counties of the State that contribute 100 percent of matching funds to implement a feral chicken control program.

I strongly support the intent of this bill and continue to work with the DOA on control, eradication, and biosecurity of invasive species threats. However, this bill is objectionable because of the high appropriation. The use of general fund moneys must be reprioritized due to the change in the Council on Revenues' general fund tax revenue projection in May 2024 that necessitates that the State's financial plan be rebalanced through line-item vetoes and reductions to spending. I have worked with the DOA to determine where cuts are feasible to ensure the funding provided in this bill has an effective impact on the biosecurity of our State. Further, this bill is objectionable because of the appropriation of general funds for county-implemented feral chicken control programs. I prefer the approach provided in Senate Bill No. 2401, entitled "A Bill for an Act Relating to Feral Chickens," which requires the DOA to work with each county to address the

feral chicken issue affecting our communities, and which I approved as Act 185, Session Laws of Hawaii 2024.

Section 16 of Article III of the State Constitution provides that, "[e]xcept for items appropriated to be expended by the judicial and legislative branches, the governor may veto any specific item or items in any bill which appropriates money for specific purposes by striking out or reducing the same." Because of the foregoing objections, and pursuant to my line-item veto authority, I have reduced the general fund appropriation of \$19,780,660 for fiscal year 2024-2025 in section 6 (on page 8, line 18) to \$10,000,000 by reducing the amounts appropriated for the following programs and positions (chart on pages 9 and 10):

- Risk Assessment (Prog ID/Org: AGR 122 EB) reduced from \$1,000,000 to \$240,000.

- Public Awareness Campaign (Prog ID/Org: AGR 122) reduced from \$2,000,000 to \$0.

- Import Replacement Fund (Prog ID/Org: AGR 122 EB) reduced from \$500,000 to \$0.
- Biosecurity Facility Planning (Prog ID/Org: AGR 122 EA) reduced from \$1,500,000 to \$600,000.
- Two-Lined Spittlebug (Prog ID/Org: AGR 122 EC) reduced from \$800,000 to \$600,000.
- Plant Quarantine Inspector (Prog ID/Org: AGR 122 EB); Position Numbers 95001A, 95002A, 95003A, 95004A, and 95005A, each reduced from \$69,096 to \$34,548.
- Plant Quarantine Inspector (Prog ID/Org: AGR 122 EB); Position Numbers 95006A, 95007A, 95008A, 95009A, and 95010A, each reduced from \$69,096 to \$51,822.
- Account Clerk (Prog ID/Org: AGR 122 EB); Position number 95024A reduced from \$51,864 to \$12,966.
- Office Assistant (Prog ID/Org: AGR 122 EB); Position number 95025A reduced from \$37,116 to \$9,279.
- Accountant (Prog ID/Org: AGR 122 EC); Position number 95026A reduced from \$59,508 to \$14,877.

- Plant Pathologist (Prog ID/Org: AGR 122 EC); Position number 95032A reduced from \$86,376 to \$21,594.
- Noxious Weed Specialist (Prog ID/Org: AGR 122 EC); Position number 95033A reduced from \$86,376 to \$21,594.

- Planner (Prog ID/Org: AGR 122 ED); Position number 95034A reduced from \$76,788 to \$19,197.
- Environmental Health Specialist (Prog ID/Org: AGR 122 ED); Position number 95035A reduced from \$86,376 to \$21,594.
- Environmental Health Specialist (Prog ID/Org: AGR 122 EE); Position numbers 95036A, 95037A, 95038A, 95039A, and 95040A, each reduced from \$63,096 to \$15,774.
- Planner (Prog ID/Org: AGR 846 EE); Position number 95047A reduced from \$68,280 to \$17,070.
- Grand Total (page 10) reduced from \$19,780,660 to \$10,000,000.

Further, because of the objections provided above, and pursuant to my line-item veto authority, I have reduced the general fund appropriation of \$200,000 for fiscal year 2024-2025 in section 7 (on page 10, line 4) for the feral chicken control program to \$0. I have stricken out the grant-in-aid amounts of \$50,000 to the City and County of Honolulu (on page 11, line 3), the County of Hawai'i (on page 11, line 4), the County of Maui (on page 11, line 5), and the County of Kauai (on page 11, line 6) and changed each of those, respectively, to \$0.

For the foregoing reasons, I am returning House Bill No. 2619 with the reductions set forth above totaling \$9,980,660 in general fund appropriations for fiscal year 2024-2025.

Respectfully,

A BILL FOR AN ACT

RELATING TO AGRICULTURAL BIOSECURITY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. The legislature finds that Act 163, Session Laws of Hawaii 2017, known as the Clift Tsuji Act, among other things, appropriated funds to the department of agriculture to support the department's biosecurity program for fiscal years 2018 to 2019. However, the department was unable to utilize the full appropriation for its programs before its lapsing at the end of the appropriated period. Furthermore, the original source of funds, the agricultural development and food security special fund, was repealed by section 8 of Act 9, First Special Session Laws of Hawaii 2021.

The legislature recognizes the significant impact of invasive species on Hawaii's agriculture, environment, natural resources, public health, and economy and supports the biosecurity program under the department of agriculture.

The legislature further finds that the department of agriculture has created the biosecurity program to fight pests

"EXECUTIVE CHAMBERS

HONOLULU

July 8, 2024

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 3153

Honorable Members
Thirty-Second Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 3153, entitled "A Bill for an Act Relating to the Dam and Appurtenance Improvement or Removal Grant Program."

The purpose of this bill is to establish the Dam and Appurtenance Improvement or Removal Grant Program Special Fund to receive moneys for the Dam and Appurtenance Improvement or Removal Grant program. The bill appropriates funds into and out of the Special Fund for the Dam and Appurtenance Improvement or Removal Grant Program.

Ensuring the safety and stability of dams involves diligent adherence to safety standards. Establishing a strong framework for managing dam improvements and removals involves thoughtful planning for the program's long-term costs. This bill appropriates \$10,000,000 in general funds for deposit into the Dam and Appurtenance Improvement or Removal Grant Program Special Fund and appropriates \$10,000,000 out of the Special Fund for the Dam and Appurtenance Improvement or Removal Grant Program. I object to these appropriations because it would not be fiscally prudent to appropriate these funds until further assessment of the sustainability of the program can determine its viability.

Section 16 of Article III of the Hawai'i Constitution provides that, "[e]xcept for items appropriated to be expended by the judicial and legislative branches, the governor may veto any specific item or items in any bill which appropriates money for specific purposes by striking out or reducing the same." Because of the foregoing objections, pursuant to my line-item veto authority, I have reduced the \$10,000,000 general fund appropriation for fiscal year 2024-2025 for deposit into the Dam and Appurtenance Improvement or Removal Grant Program Special Fund in section 4 to \$5,000,000 (page 7, line 13). In addition, I have reduced the \$10,000,000 special fund appropriation out of the Dam and Appurtenance Improvement or Removal Grant Program Special Fund in section 5 to \$5,000,000 (page 7, line 21).

For the foregoing reasons, I am returning Senate Bill No. 3153 with the reductions set forth above totaling \$5,000,000 in general funds and \$5,000,000 in special funds for fiscal year 2024-2025.

Respectfully,
/s/ Josh Green, M.D.

A BILL FOR AN ACT

RELATING TO THE DAM AND APPURTENANCE IMPROVEMENT OR REMOVAL
GRANT PROGRAM.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that many private dam
2 owners do not have the resources to conduct the necessary
3 repairs or removal of their dams, resulting in dams remaining
4 unsafe and continuing to pose a risk to the downstream public in
5 the event of a dam failure. The legislature further finds that
6 although the total cost to bring all private dams into
7 compliance will be in the hundreds of millions of dollars, dams
8 in Hawaii provide many public benefits, such as potable water,
9 water for agriculture and livestock, fire protection, ground
10 water recharge, flood control, energy generation, sediment
11 control, and recreation. Therefore, it is in the public's best
12 interest for the legislature to provide financial assistance to
13 these private dam owners.
14 Act 134, Session Laws of Hawaii 2023 (Act 134), established
15 and appropriated moneys for a dam and appurtenance improvement
16 or removal grant program to financially assist owners of private
17 dams and appurtenances to keep them properly maintained.

Gov. Msg. No. 1333, transmitting his statement of objections to specific
items contained in H.B. No. 1800, HD 1, SD 1, CD 1, as follows:

"EXECUTIVE CHAMBERS

HONOLULU

July 8, 2024

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1800

Honorable Members
Thirty-Second Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of
Hawai'i, I am returning herewith, without my approval, House Bill No.
1800, entitled "A Bill for an Act Relating to the State Budget."

The purpose of this bill, the Supplemental Appropriations Act of 2024, is
to adjust and request appropriations for the fiscal biennium 2023-2025 to
fund the operations and capital improvement projects of Executive Branch
agencies and programs by amending the General Appropriations Act of
2023, Act 164, Session Laws of Hawaii 2023.

While the bill as a whole has merit, the use of general fund moneys must
be reprioritized due to: (a) the change in the Council on Revenues' general
fund tax revenue projection in May 2024 that necessitates that the State's
financial plan be rebalanced through line-item vetoes and reductions to the
budget; and (b) the need to maintain healthy financial reserves so that the
State can meet its reserve policy requirements. Because of this, the
following general fund appropriations were subject to: (a) an assessment of
items that require additional planning, public input, and clarity on the use of
moneys; (b) an evaluation of each expending agency's ability and capacity
to spend down the moneys efficiently within the authorized appropriation
period; and (c) an appraisal to determine if other funds or financing
mechanisms could support the programs or projects.

Section 16 of Article III of the Hawaii Constitution provides that,
"[e]xcept for items appropriated to be expended by the judicial and
legislative branches, the governor may veto any specific item or items in any
bill which appropriates money for specific purposes by striking out or
reducing the same." Consequently, I object to the expenditure of some of
the appropriations in this bill, for the reasons indicated.

A. For those general fund program appropriations in section 3 of Act
164, Session Laws of Hawaii (SLH) 2023, as set forth in section 4 of this
bill, I object to their expenditure due to (a) the change in the Council on
Revenues' general fund tax revenue projection in May 2024 that necessitates
that the State's financial plan be rebalanced through line-item vetoes and
reductions to the budget; and (b) the need to maintain healthy financial
reserves so that the State can meet its reserve policy requirements. The
specific generally funded program appropriation items I have objected to are
listed below in the order in which they appear in the bill.

B. For those general fund appropriations for capital improvement
projects in section 7 of Act 164, SLH 2023, as set forth in section 7 of this
bill, I object to their expenditure due to (a) the change in the Council on
Revenues' general fund tax revenue projection in May 2024 that necessitates
that the State's financial plan be rebalanced through line-item vetoes and
reductions to the budget; and (b) the need to maintain healthy financial
reserves so that the State can meet its reserve policy requirements. The
specific generally funded capital improvement project appropriation items I
have objected to are listed below in the order in which they appear in the
bill.

C. For those general obligation bond appropriations for capital
improvement projects, in section 7 of Act 164, SLH 2023, as set forth in
section 7 of this bill, I object to their expenditure because, although these
projects are desirable, they are not essential at this time. The specific general
obligation bond funded capital improvement project appropriation items I
have objected to are listed below in the order in which they appear in the
bill.

Specific Items Vetoed

Because of the foregoing objections, I have taken the following actions
on specific appropriation items in sections 3 and 7 of Act 164, SLH 2023,
as set forth in sections 4 and 7, respectively, of this bill, pursuant to my
appropriation item veto authority, as follows:

July 9, 2024

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1633

Honorable Members
Thirty-Second Legislature
State of Hawai'i

Pursuant to Section 16 of Article iii of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1633, entitled "A Bill for an Act Relating to Contractors."

The purpose of this bill is to remove the leasing restriction on owner-builders who obtain an owner-builder exemption to act as their own

contractor and who build or improve residential or farm buildings or structures on property they own or lease and do not offer the buildings or structures for sale.

This bill is objectionable because it creates a broader owner-builder exemption that would allow unlicensed contractors to be used for rental projects. Increased unlicensed activity would impact quality and safety standards and may adversely affect consumers. The broadened exemption under this bill would allow the impact of the unlicensed work to fall upon a renter who may be unaware that unlicensed work had been done on the property. The repeal of the requirement that structures be built for personal use also increases the possibility that those structures would be built for other purposes, such as short-term rentals.

For the foregoing reasons, I am returning House Bill No. 1633 without my approval.

Respectfully,
/s/ Josh Green, M.D.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 2359

Honorable Members
Thirty-Second Legislature
State of Hawai'i

Pursuant to Section 16 of Article iii of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 2359, entitled "A Bill for an Act Relating to the Hawaii Broadband and Digital Equity Office."

The purpose of this bill is to establish the Digital Equity Grant Program to award grants to applicants to deploy digital equity projects to covered populations in the State.

This bill is objectionable because it would inhibit the development of small-scale, community-based networks in historically disadvantaged communities in Hawai'i. While the State Digital Equity Plan, developed by the Hawaii Broadband and Digital Equity Office, is a roadmap for achieving digital equity baseline across the islands, the bill excludes the deployment of broadband infrastructure and wireless community networks from eligible projects. These providers, although potentially large, should be permitted to participate in the Digital Equity Grant Program in order to best develop community-based networks in historically disadvantaged communities.

For the foregoing reasons, I am returning House Bill No. 2359 without my approval.

Respectfully,

Honorable Members
Thirty-Second Legislature
State of Hawai'i

Pursuant to Section 16 of Article iii of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 572, entitled "A Bill for an Act Relating to Agriculture."

The purpose of this bill is to allow the Department of Agriculture to declare a biosecurity emergency, with the approval of the Governor, if an outbreak or spread of a pest has the potential to cause significant economic or environmental loss to the State. During the biosecurity emergency period, the Governor would be allowed to requisition and take control of any goods, real property, or watercraft for the purposes of the biosecurity emergency.

This bill is objectionable because the power to requisition watercraft may in effect impede harbor operations and the timely movement of commercial goods transported through Hawaii's ports, such as consumer goods, motor vehicles, construction materials, and fuel. This would unnecessarily impact the flow of goods that our communities rely on and appears to be an extreme power that could be addressed in a more methodical and limited approach.

For the foregoing reasons, I am returning Senate Bill No. 572 without my approval.

Respectfully,

"EXECUTIVE CHAMBERS
HONOLULU

July 9, 2024

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1511

Honorable Members
Thirty-Second Legislature
State of Hawai'i

Pursuant to Section 16 of Article iii of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 1511, entitled "A Bill for an Act Relating to the Research Corporation of the University of Hawaii."

The purpose of this bill is to clarify the purpose of the Research Corporation of the University of Hawai'i (RCUH) and that its undertakings shall be limited to acts that are reasonably necessary to carry out its purpose. It repeals the requirement that the University of Hawai'i (UH) contract with RCUH when the UH determines that other various agencies cannot more effectively or efficiently accomplish certain research and training activities. In addition, it grandfathers existing RCUH contracts and requires new contracts to be subject to new limitations. Further, it limits the scope of the special account the RCUH is authorized to establish. The bill also requires revolving accounts to follow UH Administrative Procedure 12.204, which is UH's administrative procedure for establishing Special Fund Research Recharge Centers accounts in the UH system. Furthermore, the bill limits internal service orders and revolving accounts of the RCUH that use UH intramural funds for certain projects and requires biannual reports to the Legislature.

This bill is objectionable because UH and RCUH representatives have been diligently examining and making appropriate changes to the entire UH/RCUH relationship and research operation for almost four years after the intentional decision by UH and RCUH to make the UH research enterprise better and more efficient.

During the Regular Session of 2021, the Senate adopted Senate Resolution No. 148, "Requesting the University of Hawaii to Convene a Task Force to Examine and Assess Its Arrangement for Services with the Research Corporation of the University of Hawaii." As requested, the UH convened a "Task Force" to review UH's arrangement for services with RCUH. The Task Force produced recommendations that addressed: (1) the terms of the UH/RCUH Internal Agreement Management Fee; (2) reducing service orders to RCUH; (3) improving federal regulation compliance by integrating UH and RCUH systems relating to human resources, travel, and financial systems; and (4) RCUH's financial system infrastructure. The details of these findings were published in a December 2021 Report to the 2022 Legislature pursuant to Senate Resolution No. 148 (2021).

In addition to the above, RCUH incorporated recommendations from the Task Force into its current Strategic Plan, and the UH is currently working

on updating its Administrative Policy 12.203 (Service Orders to RCUH) in consultation with UH Human Resources and the Hawai'i Government Employees Association to address legislative concerns regarding collective bargaining positions. Although the Task Force was dissolved after completion of its charge, this important work is not complete and UH and RCUH continue to work together to strengthen and support the UH research enterprise.

Finally, and most importantly, the wording in this bill creates ambiguities and uncertainty, especially with respect to defining projects and the division of work. That would cause differing interpretations throughout the UH system and State of Hawai'i, resulting in unnecessary delays and inconsistencies. If this bill were to become law, it would result in severe fiscal and operational impacts to the UH and would make Hawai'i less competitive for pursuing competitive extramural funding. This is highly concerning as it will negatively impact UH's record extramural funding that creates thousands of jobs across the State and provides millions of dollars in economic benefits.

For the foregoing reasons, I am returning Senate Bill No. 1511 without my approval.

Respectfully,
/s/ Josh Green, M.D.

Thirty-Second Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2512, entitled "A Bill for an Act Relating to Emergency Management Powers."

The purpose of this bill is to establish notice and reporting requirements for the expenditure or use of public resources by the Governor pursuant to the Governor's emergency powers.

This bill is objectionable because it would negatively impact the State of Hawaii's ability to quickly provide support for residents impacted during a state of emergency by creating additional compliance requirements for the Governor and Department of Defense. It would amend section 127A-12(b)(7), Hawaii Revised Statutes, to require the Governor to provide "not less than fourteen days" notice to the Legislature before contributions or grants can be expended or used for the purposes of emergency management. During a state of emergency, the Governor needs flexibility and support to rapidly execute key decisions involving public safety. The notice and reporting requirements within this bill impede the Governor's and the Department of Defense's ability to be responsive and flexible during these times.

For the foregoing reasons, I am returning Senate Bill No. 2512 without my approval.

Respectfully,
/s/ Josh Green, M.D.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2557

Honorable Members
Thirty-Second Legislature
State of Hawai'i

Under Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning, without my approval, Senate Bill No. 2557, entitled "A Bill for an Act Relating to Legal Representation."

The purpose of this bill is to allow a court to appoint an attorney for the subject of a petition for Assisted Community Treatment (ACT) if the court determines that the interests of justice require one be appointed, rather than entitling an indigent subject of an ACT petition to be represented by a public defender.

This bill is objectionable because the amendments in sections 7 and 12 of House Bill No. 2159, Relating to Mental Health, and the amendments provided in this bill are virtually identical to each other, with only minimal stylistic differences. The enactment of House Bill No. 2159 renders this bill redundant.

Respectfully,
/s/ Josh Green, M.D.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 3068

Honorable Members
Thirty-Second Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 3068, entitled "A Bill for an Act Making Appropriations for Wildfire Recovery."

The purpose of this bill is to appropriate funds to support the State's continued response to the August 2023 wildfires that affected the County of Maui.

This bill is objectionable because, while the bill appropriates funds to assist with the Maui wildfire recovery, the bill inadvertently zeroes out funding for the Hawaii Housing Finance and Development Corporation to be used for affordable housing. To prevent delays in building affordable housing units for Hawaii residents, this bill cannot be enacted. Housing is a top priority for my Administration, along with the Maui wildfire recovery efforts. I intend to fully support the Maui wildfire recovery appropriations made in this bill through the Major Disaster Fund. The Supplemental Appropriations Bill of 2024, House Bill No. 1800, has sufficient appropriations that can be transferred to the Major Disaster Fund to support the Maui wildfire recovery efforts outlined in this bill.

For the foregoing reasons, I am returning Senate Bill No. 3068 without my approval.

Respectfully,
/s/ Josh Green, M.D.
JOSH GREEN, M.D.
