THE

EIGHTEENTH LEGISLATURE

STATE OF HAWAII

REGULAR SESSION OF 1995

JOURNAL OF THE SENATE

FIRST DAY

Wednesday, January 18, 1995

In accordance with the provisions of Section 10 of Article III of the Constitution of the State of Hawaii, the Senate of the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995, was called to order at 10:00 o'clock a.m., by the Honorable Malama Solomon, Temporary Chairman of the Senate.

At this time, the members of the Senate and guests rose to sing the National Anthem and "Hawaii Ponoi" led by Ms. Haunani Apoliona, Mr. Jerry Santos and Mr. Wally Suenaga of "Olomana."

The Divine Blessing was then invoked by the Reverend Piula Ala'ilima of the Lahaina United Methodist Church, who was escorted to the rostrum by Senators Baker, Chumbley and Tanaka.

Nominations now being in order for a temporary clerk, Senator McCartney nominated T. David Woo, Jr., seconded by Senator Aki.

Senator Ihara moved that the nominations be closed, seconded by Senator Matsuura and carried.

The Chair declared T. David Woo, Jr., as Temporary Clerk of the Senate.

MESSAGE FROM THE GOVERNOR

Gov. Msg. No. 1, dated December 21, 1994, informing the Senate that he appointed Whitney T. Anderson to the Senate, effective December 21, 1994, to fill the vacancy created by the resignation of Mary George from the State Senate, 25th Senatorial District, and pursuant to Section 17-3, HRS, Mr. Anderson's term will expire on General Election Day of 1996, was read by the Clerk and was referred to the Committee on Credentials.

Senator Fukunaga then moved that a committee of three Senators be appointed by the Chair as a Committee on Credentials to examine the certificates of election of the newly elected members of the Senate and to submit a report of its findings to the Senate, seconded by Senator Iwase and carried.

The Chair thereupon appointed Senators Fukunaga, Iwase and Liu to serve on such committee.

At 10:12 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:14 o'clock a.m.

SPECIAL COMMITTEE REPORT

Senator Fukunaga, for the Committee on Credentials, presented a report (Spec. Com. Rep. No. 1) as follows:

"The Honorable Malama Solomon
Temporary Chairman of the Senate
The Eighteenth Legislature
State Capitol
Honolulu, Hawaii 96813

Dear Chairman Solomon:

Your Committee on Credentials begs leave to report that it has examined the Certificates of Election of the Senate of the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995, and finds that the following persons have been legally elected and are fully qualified to sit as members of the Senate.

The newly elected Senators whose respective terms of office will expire on November 3, 1998, except for the Senators from the Eleventh and Twenty-Fourth Senatorial Districts whose terms of office expire on November 5, 1996:

First Senatorial District

Malama Solomon

Fourth Senatorial District

Rosalyn Baker

Sixth Senatorial District

Avery Chumbley

Seventh Senatorial District

Lehua Fernandes Salling

Tenth Senatorial District

Les Ihara, Jr.

Eleventh Senatorial District

Brian Taniguchi

Thirteenth Senatorial District

Rod Tam

Seventeenth Senatorial District

David Ige

Eighteenth Senatorial District

Randall Iwase

Nineteenth Senatorial District

Cal Kawamoto

Twenty-First Senatorial District

James Aki

Twenty-Second Senatorial District

Robert Bunda

Twenty-Third Senatorial District

Mike McCartney

Twenty-Fourth Senatorial District

Michael Liu

Your Committee on Credentials begs further leave to report that it has examined the Letter of Appointment of the Honorable Whitney Anderson and finds that he is qualified to fill the respective vacancy in the Senate created by the resignation of Senator Mary George for the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995.

Respectfully submitted,

/s/ Carol Fukunaga
/s/ Randy Iwase
/s/ Michael Liu"

Senator Fukunaga moved that Special Committee Report No. 1 be adopted, seconded by Senator Iwase and carried.

The Committee on Credentials was thereupon discharged with thanks.

The Chair, at this time, appointed Senators Matsunaga, Levin and Anderson to escort Chief Justice Ronald T.Y. Moon of the Hawaii State Supreme Court to the rostrum to administer the oath of office to the newly elected members of the Senate.

The Senators escorted Chief Justice Moon to the rostrum and were thereupon discharged with thanks.

Chief Justice Moon administered the oath of office to the newly elected members of the Senate who were standing at their respective desks.

The Roll was then called by the Temporary Clerk showing all Senators present, with the exception of Senator Fernandes Salling who was excused.

Nominations for officers of the Senate being next in order, Senator Graulty placed in nomination the name of Senator Norman Mizuguchi for President of the Senate, seconded by Senator Tanaka.

Senator Holt moved that the nominations be closed, seconded by Senator Kanno.

The motion to close the nominations was then put by the Chair and carried unanimously and the Temporary Clerk was directed to cast a unanimous ballot for Senator Mizuguchi as President of the Senate.

The ballot having been so cast, Senator Norman Mizuguchi was declared unanimously elected President of the Senate of the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995.

At this time, the President addressed the members of the Senate and guests as follows:

"Members of the Senate, thank you very much for the honor you have bestowed on me to serve as your Senate President. Thank you very much for your vote of confidence.

"Governor Cayetano, Lieutenant Governor Hirono, Chief Justice Moon, Mayors Harris, Yamashiro, Kusaka and Lingle, distinguished guests, Members of the Senate, people of Hawaii:

"In recent days the emerging condition of the Hawaii economy and State finances has been discouraging. As everybody now knows, the news is bad. With each new meeting of the money committees, with each new disclosure by the administration, the estimates of our financial shortfall have grown more pessimistic.

"Moreover, our cost of living remains among the nation's highest, joblessness exceeds the national average, and we have just been reminded again by the Council on Revenues that tax returns will not support an expanding government.

"It is a case of hard times and tough choices.

"From a shopping list of hard-to-resist programs, we must select only those that will produce a generous return on investment. Our task is to consider carefully which programs are absolutely necessary and which programs can be curtailed.

"The capital improvements program, for instance, is bloated by previously authorized projects. Some are kept alive by token appropriations year after year, and many have no lapsing dates. The Legislature should look beyond narrow interests and wipe the books clean of unnecessary projects.

"The Legislature should act immediately to establish, with existing personnel, a school construction unit in the Department of Accounting and General Services specifically to fast-track and guide school construction from start to finish. This approach could evolve into a project-staffed system that overcomes the weaknesses and lack of responsibility of the present system.

"The Hawaii Visitors Bureau also deserves our attention because the present commingling of public funds and private contributions prevents proper oversight. We need a system which clearly defines the use of state appropriations. To assure accountability, public funds should be utilized exclusively for advertising and promotion, whereas HVB staff and administration should be supported by private sector funds. It should also be required that the private sector match state funds for additional promotions.

"Last year, we passed the Omnibus Education Act and took a giant step toward reforming the public school system. We hope to see an early initiation of the various reforms of the Act. Meanwhile, this is a perfect opportunity for the business and professional community to help the public schools. For our part, we will encourage school communities to continue the momentum of student-centered reform.

"At the higher education level, we should develop a better funding formula for the University of Hawaii system. One such formula could be the retention by the university of the tuition and fees it collects coupled with a determination of the appropriate ratio of support from general revenues. I will ask our Higher Education Committee to analyze various funding formulas with the aim of providing greater autonomy to the university system.

"The huge increase of Hawaii's prison population poses a critical funding and management problem. Left to conventional wisdom, more prisons would be built but at spectacular costs and with a tremendous drain on our

limited resources. One promising cost-savings alternative is to send longer term and non-resident inmates to mainland states where costs of land, construction, and operations are lower. We should pursue preliminary contacts with those mainland jurisdictions which have expressed an interest in joint prison arrangements with Hawaii.

"However, cost-savings and better management can take you only so far. The State's financial crisis is real, and it must be dealt with.

"Fortunately, there are alternative revenue sources. Every state but Hawaii and Utah has approved some form of gambling as a significant money earner. Lotteries abound. Casinos are everywhere. Riverboat cruises bring in millions. With its large visitor population, Hawaii is a natural for legalized gambling.

"The experience of mainland states supports the view that cruises and shipboard gambling can generate healthy earnings. Shipboard gambling avoids the more common criticisms of legal gaming. It would be conducted offshore, apart from our residential communities. And importantly, it would create more jobs.

"Turning to the counties, I have long believed that the government that spends public funds should also be responsible for raising them. This means that the counties must have adequate taxing powers. I propose that we provide the counties with the authority to levy some form of piggyback on the general excise tax. Let each county decide whether it can hold to the present taxing and spending levels or whether it needs to raise new revenues. And let each county justify its decision to its people.

"When times are hard and choices tough, we also learn anew the importance of the social safety net that we have created over the years -- the combination of direct income, social services and health care that spells the difference between self-respect and bottomless poverty.

"Essential as these programs may be, they nevertheless are costly, especially when the economy falters. Each time recession strikes, we renew the search for less expensive alternatives.

"For the time being, it appears more productive for this Legislature to proceed with local insurance reform, while closely following events in Washington, D.C. Workers' compensation is clearly the most disputed insurance system with business, government and labor searching for solutions and agreement. Reforms should reduce costs without cutting benefits to deserving injured workers and restructure the delivery system to operate more efficiently and fairly. We in the Senate will review the various studies that address the issues of workers' compensation. We will also review the option of triggering the state fund to assist small businesses which are especially hard pressed by the costs of the program.

"Hawaii's expensive auto insurance system plainly requires reworking. A properly-structured system that gives consumers the right to choose among competing insurance programs can offer promise and may offer significant rate relief to Hawaii's drivers. We must explore the programs offered by both a tort-based insurance system, under which drivers would have the right to sue, and a no-fault system under which they would forego law suits in favor of more economical medical and wage loss coverage.

"The Hawaii Prepaid Health Care Act, as good or better than any national proposal, provides almost universal coverage when linked with the State's Medicaid-based Quest system. Anticipating a lower-quality federal plan, Hawaii should continue to seek exemption from federal legislation and pursue its own improvements.

"Much has been said and done about the housing shortage. For the Senate's contribution to this ongoing debate, I recommend a plan that would have the State provide house lots and off-site improvements, subject to architectural guidelines. Homebuilders could build starter homes and expand at the pace their pocketbooks allow.

"We must also capitalize on opportunities for more intensive use of our costly infrastructure. A case in point is the Aloha Stadium: a sprawling center for sports and entertainment, which is idle much of the time. I recommend that in addition to its current use, we put it to work full time as a combined park-and-ride center with a facility for child care. The result would also be relief from traffic congestion for area residents and the provision for much needed child care services.

"Finally, with respect to the question of Hawaiian Sovereignty, we, as a single state, cannot speak for the whole of this country. But as the people of this State, the homeland of native Hawaiians, we must keep open minds and hearts. This is what Aloha is made of, the spirit that makes this island state perhaps the most coveted place in the world.

"When times are hard and choices tough, sound political judgement is critical. Voters expect more government bang for their electoral buck. The Senate this year is embarking on a new era of openness. Membership in senate committees will be limited, encouraging greater participation. A quorum will be required for decision-making, which will be by formal, recorded vote. In addition, the Legislature should enact important campaign financing reforms that would level the political playing field and reduce the influence of special interests.

"Hard times. Tough choices.

"They test the resilience of this Legislature and measure the resourcefulness of its leaders and members.

"In the unstated agreement reached at the ballot box, we Senators committed ourselves to a high standard of conduct, a greater depth of insight and an added determination to see the public's business done.

"We welcome the challenge. Let us begin.

"Thank you very much."

Senator Liu, Minority Leader of the Senate, then responded as follows:

"Mr. President, Governor Cayetano, Lieutenant Governor Hirono, Chief Justice Moon, the Mayors, distinguished guests, colleagues, and to all who call Hawaii home:

"Revolution!

"Upheaval!

"Monumental!

"Words used to describe a power change that affected all of us here in one way or another. That event? The Democratic Party's legislative victories in Hawaii over forty years ago.

"Like the tales of Beowulf and Maui the Sun God, the mythology surrounding that event has grown, and still

proves to be a potent elixir for the battle weary defenders of the Democratic Party flame...and so the domination continues...for a while longer.

"But unlike in past years, when I and other Republican leaders have given opening day speeches warning of dire consequences should our words go unheeded -- this year there has been another -- revolution -- upheaval -- another monumental change in the political landscape affecting not only Washington, D.C., but our whole nation -- a change so significant that unlike in past years, I can say that although I am a Minority Leader here in Hawaii, I am also today a member of the Majority Party of our country.

"As proof, look not only to the control of both houses of Congress, but, also to 19 state legislatures, tied with Democrats who had control of 24 going into election day; 30 governorships; 15 states where Republicans control both the legislature and governor's mansion, compared to only 7 for Democrats; 472 new legislative seats won by Republicans versus 11 for Democrats.

"And this is not just a case of party labels changing with no impact on the direction of our country. From the macro to the micro, changes will be taking place and debated with unbridled vigor.

"Media coverage will be massive so that every American, who has even only a passing interest in government, will know that changes are imminent. You have mentioned some of them this morning, Mr. President.

"This is the stage and backdrop that the Cayetano administration and legislature's leadership must perform on this year.

"If we address issues on the 'fringes' rather than at the core, the work here will be perceived as and become trivial. Our ability to deal with the transformation of national policies will be crippled; ironic that would be, when the result of those policies if handled well, should lead to unprecedented state control over the use of federal tax dollars within our own communities.

"The people of Hawaii expect that the substance and symbols of change will be delivered to them:

- Accountability and giving government back to the people -- that's what term limits are all about after all is said and done. We need full and open debate and consideration of this issue.

- In time for the next ballot, the people of Hawaii should be able to decide whether or not our attorney general should be elected and free from excessive influence from the executive or legislative branches; free to investigate; free to prosecute those who violate the public trust. Governor Cayetano has supported this idea; let us help him make this a reality.

- We must do whatever it takes to cut the 'paradise premium' or 'paradise tax,' the extra 35% to 40% that we pay to live here compared to the mainland; cut it by at least 10 percentage points in the next two years.

- We must guarantee to the children of this State that no more bathrooms and no more closets will be used as teaching or counseling environments in our public schools.

- It took the Department of Hawaiian Home Lands 74 years to award a mere 6,500 leases to beneficiaries. And all parties involved -- the state, the federal government, etc. -- should not take more than four years to award the next 6,500 leases to beneficiaries.

"Five years ago, Mr. President, in my last opening day speech I said:

> '...large surpluses are dangerous...because they tempt politicians to spend and commit to obligations without knowing what the future costs will be...let people keep their surplus...'

Well, the money was not given back in full, or saved. The extravagances of unnecessary government expansion must now be addressed to the tune of what I think is conservatively estimated at around $150 million over the next two and a half years.

"The cuts will come, and I applaud the honesty thus far with which the new administration is facing them right now. However, beyond the immediate necessity of the moment, the more important test will be demonstrated by actions, actions to show that it is now understood that government cannot and should not try to do it all.

"A good first step would be to seriously implement the hundreds of management and program reforms recommended by the Legislative Auditor's office over the last ten years.

"A huge leap could be made by listening to the private non-profit and business sectors -- the real engines of real opportunity in the State -- and act on reforms to workers' compensation law and policy that will make it what it was intended to be -- a true cost-effective safety net for the injured worker, instead of what it has become, a wasteful process, a barrier to economic recovery, and a major reason why we are the only state in the union entering 1995 that is losing jobs.

"If we do take on Hawaii's problems in the fashion that I have called for, we will become operationally more coherent, more focused in our goal setting processes, and regain the confidence of the public. And the foundation upon which this will build will be a dynamic economy driven by the private sector and individual initiative rather than one propped up by state government.

"In addition, as I have alluded to earlier, we will be able to take advantage of greater home rule and autonomy, which are finally coming our way from Congress. From healthcare to welfare to housing, this is the direction that Hawaii's governors and legislatures have asked the Congress and the executive branch of the federal government to move in for years.

"In this different atmosphere, fear and denial are our greatest enemies. Indeed, instead of bemoaning minority status, certain members of our congressional delegation should be working more closely with the majority in Washington, and with us, in facilitating this transition.

"Instead of fighting policies, such as NAFTA, supported by the President of their own party, certain members of our congressional delegation should be developing strategies which will aid in constructive outcomes on issues like sovereignty, the future of the military in Hawaii, and the 1995 farm bill as it impacts agriculture and rural development in our State.

"Of course, Mr. President, Hawaii's Republicans stand ready to help in this dialogue with Washington. But the main point is that a reinvigorated federalism focused on giving the states the ability to control their own destinies

is an opportunity that must be grasped with confidence -- not timidity.

"Mr. President, the tenor of the 'Revolution' of 1994, whether one agrees with the basis for it or not, is perhaps best summed up in this statement found in the Contract with America: 'If we break this contract, throw us out.' Perhaps not poetry -- but to the point.

"I ask Hawaii's people to heed this message from our Nation's Capitol in reviewing the work of this Legislature. Be objective, be tough, be demanding. To reach the kind of performance and outcomes I have outlined this morning will require going beyond the normal politics; it will require discipline in sticking to the fundamentals. It will require public scrutiny.

"If this is not done, I believe that history will pass judgement on this period as one of a missed opportunity.

"Much better for it to be written, Mr. President, that we slew the twin serpents of apprehension and fear, and in their place left hope and vitality for a new Hawaii.

"Thank you, Mr. President."

At 10:42 o'clock a.m., the Senate stood in recess subject to the call of the Chair. At this time, the members of the Senate and their guests were entertained by "Olomana."

The Senate reconvened at 11:11 o'clock a.m.

The President, at this time, extended appreciation and thanks to "Olomana" and to Mr. Richard China, their sound technician.

The President then announced that nominations were in order for the office of Vice President of the Senate.

Senator Ige placed in nomination the name of Senator Mike McCartney for Vice President of the Senate, seconded by Senator Tam.

The ballot having been so cast, Senator Mike McCartney was declared unanimously elected as Vice President of the Senate of the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995.

SENATE RESOLUTIONS

The following resolutions (S.R. No. 1 and 2) were read by the Temporary Clerk and were disposed of as follows:

S.R. No. 1, providing for the election of T. David Woo, Jr. for Clerk of the Senate, Paul Kawaguchi for Assistant Clerk of the Senate, Bienvenido C. Villaflor for Sergeant-at-Arms of the Senate, and Carl Hiroshi Sunada for Assistant Sergeant-at-Arms of the Senate, Eighteenth Legislature of the State of Hawaii, Regular Session of 1995, was offered by Senators Baker and Liu.

On motion by Senator Ikeda, seconded by Senator Bunda and carried, S.R. No. 1 was adopted.

The President thereupon administered the oath of office to the newly elected officers of the Senate.

S.R. No. 2, entitled: "SENATE RESOLUTION RELATING TO THE ADOPTION OF THE RULES OF THE SENATE," was offered by Senators Baker and Liu.

On motion by Senator Baker, seconded by Senator Liu and carried, S.R. No. 2 was adopted.

At this time, Senator Anderson rose on a point of personal privilege and said:

"Mr. President, I would be remiss if I didn't thank the Governor, even though he is not here, for allowing me to serve with such a distinguished group of colleagues, but more than anything, Mr. President, Hannie and I have been discussing it and we'd like to thank you and the Speaker of the House for calling all of these people together to celebrate our 37th wedding anniversary today. Thank you very much." (Laughter.)

The Chair then responded:

"You are quite welcome, Senator Anderson, and I presume that lunch is on you?" (Laughter.)

At 6:00 o'clock p.m., the Senate adjourned until 9:15 o'clock a.m., Monday, January 23, 1995.

FOURTH DAY

Monday, January 23, 1995

The Senate of the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995, convened at 9:22 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by the Reverend Doctor Jon Bullock, Metropolitan Community Church, after which the Roll was called showing all Senators present.

The President announced that he had read and approved the Journal of the Third Day.

At 9:25 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 9:30 o'clock a.m.

STANDING COMMITTEE REPORT

Senator Ikeda, for the Committee on Ways and Means, presented a report (Stand. Com. Rep. No. 1) recommending that S.B. No. 1, as amended in S.D. 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Senator Ikeda, seconded by Senator Baker and carried, the report of the Committee was adopted and S.B. No. 1, S.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS TO PROVIDE FOR THE EXPENSES OF THE LEGISLATURE, THE LEGISLATIVE AUDITOR, THE LEGISLATIVE REFERENCE BUREAU, AND THE OMBUDSMAN," passed Second Reading and was placed on the calendar for Third Reading on Wednesday, January 25, 1995.

RE-REFERRAL OF SENATE BILL

The President re-referred the following Senate bill that was introduced:

Senate Bill Referred to:

No. 150 Jointly to the Committee on Consumer Protection and the Committee on Communications and Public Utilities, then to the Committee on Ways and Means

At 9:32 o'clock a.m., on motion by Senator Ihara, seconded by Senator Liu and carried, the Senate stood in recess subject to the call of the Chair to meet in Joint Session with the House of Representatives, in accordance with House Concurrent Resolution No. 1, to receive the Governor's state of the state address.

JOINT SESSION

The Joint Session of the Senate and the House of Representatives of the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995, was called to order at 10:00 o'clock a.m. by the Honorable Joseph Souki, Speaker of the House of Representatives.

At this time, the Speaker welcomed and introduced the following distinguished guests to the members of the Eighteenth Legislature:

Ms. Samantha Cayetano and Mr. Brandon Cayetano, daughter and son of Governor Cayetano;

The Honorable Mazie Hirono, Lieutenant Governor of Hawaii. She was presented leis by Senator Les Ihara, Jr., and Representative Paul Oshiro;

The Honorable Ronald T.Y. Moon, Chief Justice, Hawaii State Supreme Court;

The Honorable Jeremy Harris, Mayor of the City and County of Honolulu;

The Honorable Stephen Yamashiro, Mayor of the County of Hawaii;

Rear Admiral Howard Gehring, District Commander, 14th Coast Guard District;

The Honorable William Quinn, former Governor of Hawaii, and Mrs. Quinn;

The Honorable John Waihee, former Governor of Hawaii, and Mrs. Waihee;

The Honorable Murray Cobban, Consul General of Australia;

The Honorable Solita Aguirre, Consul General of the Philippines;

The Honorable Antoine Frasetto, Consul General of France;

The Honorable Roger Ulveling, Honorary Dean of the Consular Corps;

The Honorable Yu Tin Yu, Consul General of Taiwan; and

The Honorable Daniel J. Kihano, former Speaker of the House of Representatives.

The Speaker then appointed Senators Rosalyn Baker, Mike McCartney and Michael Liu, on behalf of the Senate, and Representatives Paul Oshiro, Tom Okamura and Gene Ward, on behalf of the House of Representatives, to escort the Honorable Benjamin J. Cayetano, Governor of Hawaii, to the rostrum.

Senator Malama Solomon and Representative Annelle Amaral presented Governor Cayetano with maile-ilima leis.

The Speaker then presented the Honorable Benjamin J. Cayetano, Governor of Hawaii, to the members of the Eighteenth Legislature.

The Governor addressed the Joint Session as follows:

"Mr. President, Mr. Speaker, members of the Eighteenth Hawaii State Legislature, honored guests, my fellow citizens:

"I am truly honored this morning that the great privilege of presenting our state's appraisal of the state of our state has been given to me.

"As a former legislator, I am not a stranger to this process. And I want you to know I am proud to have once served amongst you, and I am most appreciative for the invitation you have given me to present the goals my cabinet and I intend to pursue.

"At the outset, there are two things I want to bring to your attention. The first is, that whatever I say here today is said with hope and confidence. I believe our ability to solve our state's problems is limited only by our imagination and our resolve. Second, I will not cover all of the issues which face us. Instead, I will focus on those issues which are of the highest priority.

"Thomas Jefferson said that 'democracy begins in conversation. My friends, let our conversation this morning begin in earnest.

"No government can sustain itself if the people do not believe in it.

"In the 20 years I have served the public, I have never seen public confidence in government as low as it is today. Too many people find their government irrelevant to their lives. Too many people have lost faith in their government's ability to solve their problems, meet their needs and make life better. And there are far too many people who believe that public officials are self-serving, arrogant and corrupt.

"We must restore faith in state government. We must restore faith in public service. And we will begin by reaffirming our belief that government must serve and not be served. As your Governor, I will lead by example, as I have over my 20 years in public service. And my cabinet will follow my lead, making it clear to all who serve in my administration that cronyism and corruption will not be tolerated. There is no room in my administration for those who violate this standard.

"To this end, I have appointed an Attorney General who understands fully that the Attorney General is the People's lawyer -- and that her supreme loyalty in enforcing the law is not to me as Governor nor to you as members of the legislature -- but to the public, to the People.

"This fundamental principle is the cornerstone of public service. Like the Attorney General, our loyalty to the public supersedes our loyalty to each other. This principle will be the creed of my administration.

"To allay the public's concern about cronyism and corruption in government, we will establish in the Attorney General's Office a Public Integrity/White Collar Crime Unit to fairly and vigorously enforce the law.

"Openness will be the hallmark of my administration. I have instructed my cabinet to be liberal, to be free in providing you and the media with information. In time of trouble, you will never find me or my cabinet hunkering down defensively. That has never been my style. As Governor, my cards will be face up on the table, as they have always been. If you want information, ask for it. If the law permits us to give it and we have it, we will provide it.

"The past few difficult years have taught us something we should never forget. It is the economy which allows us our life-style. Without a strong economy, we all suffer.

"Hawaii's economy is at a crossroads. Tourism, I'm confident, will bounce back, but large corporate agribusiness such as sugar and defense spending are in a decline. We must diversify our economy, strike a better balance among economic, environmental and social objectives, and lay the foundation for a better educated and higher skilled work force and population.

"Economic opportunities literally surround us. Hawaii is at the center of the world's most vibrant and dynamic economic region. My director of DBEDT, Dr. Seiji Naya, estimates there are $600 billion in trade flying over or bypassing us every year. If we could only capture one-tenth of one percent of that amount, it would be $600 million in additional revenues which we can use to help our people and create new jobs.

"Opportunities in education, healthcare and the knowledge industry hold great potential for Hawaii. A few years ago, for example, Boston University was interested in buying Hawaii Loa College to service the demand for American higher education among Pacific Rim nations. Hawaii Pacific University, with a 56 percent out-of-state enrollment, servicing many students from the Pacific Rim has successfully found its niche in this market.

"Like American education, American healthcare is the best in the world and American healthcare is in high demand in the Pacific Rim. A few weeks ago, I had the privilege of being invited to golf with the King of Malaysia (that's one of the nice things about this job, you get to do this). And the King had just returned from Stanford Medical Center where he received medical treatment. Having gone to Stanford for medical treatment, he decided he would stop to rest and play golf in Hawaii before returning to Malaysia. The appeal of American healthcare is not limited to kings. Every year, thousands of foreigners flock to the United States to patronize American hospitals, doctors, medical schools and healthcare businesses.

"We have some great ideas on how to seize these opportunities but we will not be able to fully take advantage of them unless we take some basic steps which are essential, essential to meaningful diversification of our economy.

"First, we must build a quality public school system which will produce a high quality work force. Creating economic opportunities means little to me if our children are not prepared to seize them. This is why improving the public schools continues to be my highest priority.

"Second, meaningful economic diversification and growth will not occur unless we nurture a favorable business climate. This means accelerating our efforts to cut red tape and we will give you examples of that and bring down workers' compensation costs by reforming the system. Effective workers' compensation reform will not be achieved unless all of the affected parties stop blaming each other, unless business, labor, medical providers and government work together toward a common solution. I place workers' compensation reform very high on my list of priorities and I believe it is so important that I have asked the Lt. Governor to lead the administration's team on this matter. We have already developed a plan which she will soon present to you.

"Third, Hawaii needs a first-rate state-of-the-art telecommunications system. We have made great strides in building a good telecommunications network. But, it is not a question of our capacity, rather it is a question of 'access.' In other words, what we have achieved in Hawaii is to build a telecommunications freeway, a super freeway, but there are very few on-ramps and few people can use this freeway.

"To provide greater accessibility to business, to scholars, to our schools, to our telecommunications system, I will propose that we go to the PUC and ask for the deregulation of telecommunications. I will ask the PUC to deregulate telecommunications to create a climate of free and open competition to allow all telecommunications companies -- telephone, cable, microwave, cellular and satellite -- to operate here.

"Tourism, of course, will continue to be Hawaii's largest industry. And we will continue to strongly support tourism without micromanaging it. In this connection, we will continue our strong support of the Hawaii Visitors Bureau but we will require that the private sector begin to assume a greater share of the HVB's funding. On this issue, I find myself in strong support of Senate President Mizuguchi's position on HVB.

"Let me now turn to education. Nothing we do will be more important than improving the education we give our children. A quality education goes far beyond preparing our children to earn a living. It is essential to improving our quality of life.

"The passage of the Omnibus Education Bill last year was a major step toward education reform. We will continue to support the implementation of the various reforms proposed by the Act. And we will work with you to bring about meaningful education reform.

"But given the fiscal crisis we find ourselves in, it is inappropriate for me to propose new education incentives such as early childhood education which is very dear to my heart, but requires new revenue. Instead, let me discuss some reforms which can help improve our schools and can be made even in this time of fiscal constraints.

"You know it takes approximately five years to build one of our schools. Maybe it's taken less now, but it's close to five years. By contrast, it will take First Hawaiian Bank about two years to build its 30-story skyscraper on the corner of King and Bishop Streets. First Hawaiian Bank has an advantage, however. Its CEO, Walter Dods, did not have to go through 41 steps to have First Hawaiian Bank's construction approved. We have to. We're going to change that and we propose to streamline the process.

"We will establish a 'one-stop' clearinghouse to facilitate all new school construction. This will require an integrated team approach by all of the appropriate state agencies to plan and implement school construction working together. We believe this team approach will save time and improve communications between the different departments and agencies which are involved in the process.

"Repair and maintenance of the schools. We have a tremendous backlog in repair and maintenance. The problem is that the Board of Education, for very good reasons, has limited repair and maintenance of the schools to summer months. As a result, everything is crammed into a space or time of about three months. We are hundreds of millions of dollars behind in repair and maintenance. It is not anyone's fault, it is the system. It is the process. And if we continue to do things in the same way, we will never be able to break that logjam and we will never be able to catch up.

"We propose simple things. I got this idea from someone who worked in DAGS, which tells me a lot about the fertility of ideas among state workers, and I have adopted this idea. We will attempt to change the system by establishing a 'mobile' school consisting of air-conditioned trailers that were used on Kauai after Hurricane Iniki hit Kauai, to move this 'mobile' school from school to school year round to provide a regular and continuous repair and maintenance service. We believe that this simple idea will help us break the repair and maintenance logjam and will make the school place better for our children.

"There are so many important issues I would have liked to discuss with you: long-term care (very dear to my heart, and I propose that before my four years is over as governor, that we will do something about long-term care), affordable housing, auto insurance (so important that we have asked the Lieutenant Governor to take the lead on this), the University of Hawaii (the campus at Hilo, the campus at Kapolei, very important issues), agriculture, transportation. I will have to express those views to you at another time and you will learn about them through the budget process and the hearing process as you take a look at the bills. I want to devote the remainder of my time here this morning to what I consider is the state's biggest problem -- its fiscal condition.

"Of all of the issues, there is nothing more urgent, more demanding of our immediate attention, more central to all of our deliberations than the state's financial crisis.

"Make no mistake about it: no governor, no legislature since statehood has faced a financial crisis of the magnitude and severity that we face today.

"Until Saturday afternoon, I had a totally different speech, then on Saturday afternoon I met with my director of Budget and Finance, who seems to make a habit of bringing me this kind of news. Until Saturday, we believed that the state faced a deficit of $150 million over the next fiscal biennium. However, further analysis of our financial condition during the past weekend led us to the conclusion that the situation is even worse: that we now face a deficit in excess of $250 million.

"Believe me, we are just as frustrated as you. And each day I hope and pray that it doesn't increase. But the fact of the matter is that we have checked the numbers again and again and again. We have brought other people in to look at the numbers; we are convinced that we are correct, conservatively so.

"Let me take the time to decipher for you what seems to have happened. I think it's important that you understand. The executive budget submitted to you by the previous administration indicated that there would be a general fund balance of about $80 million at the end of the 1995-97 fiscal biennium. The first signal that this projected balance was not likely to hold up occurred when the Council on Revenues submitted its last general fund revenue estimates indicating that the state would take in $120 million less than previously projected.

"We then learned that certain programs, largely social services entitlements, required deficiency appropriations of about $30.5 million this year. This also meant additional expenditures for the next biennium of some $51 million, making for a potential shortfall of some $200 million at the end of the biennium.

"Our latest analysis indicates that some of the calculations and assumptions were incorrect. For example, the savings, which everybody had high hopes for, from the early retirement program enacted just last session, in the waning hours of the last session, were overstated by $33 million we found. Why? Because it was mistakenly assumed that all retirees were employees paid by the general fund whereas a significant number were paid by other funds including special funds.

"In addition, there was a miscalculation of nontax revenues in the financial plan requiring a downward adjustment of $10.4 million.

"At this point, let me say that I don't expect you to remember all of these adjustments, certainly not in their details. But I feel I'm obliged to mention them because we all need to understand that there is a sound basis for concluding that our situation is much worse than we previously thought.

"Could it get worse? Unfortunately, the answer is yes. We do not yet know how changes in federal policies will affect state expenditures, but the outlook is not very bright. Moreover, the financial plan does not include collective bargaining; does not include the specific appropriations that you make every year averaging about $30 million; and it does not include contingent expenses we may pay because of lawsuits, because of decisions made by the Federal government such as the purchase of the Kapolei land, the reimbursement of the airport funds, or the Felix case, which many of you know about (estimated costs: $45 perhaps $90 million). It could get worse.

"Could it get better? Yes, it could get better. We can hope that general fund revenues will pick up soon, but I would suggest to you that it would not be wise to base our financial policy on wishful thinking.

"What then can we do? What course of action should we follow?

"These are the basic alternatives as I see it. First, we could raise taxes to make up for the shortfalls, but the Speaker, the Senate President and I agree, we do not believe that this is the course that we should take. The public will not accept any new taxes without our first exhausting our efforts to control state spending.

"Second, we could impose across the board reductions in state expenditures, but such an arbitrary action would mean that the most needed and worthwhile programs would suffer.

"Third, we could restructure government to realize efficiencies and economies and reduce or curtail programs which are less needed or outlived their usefulness.

"I propose that the third alternative is the most reasonable, the most responsible and the best course of action to follow if we are to resolve the crisis that we are in and also provide the basis for a more efficient and economical state government over the longer term.

"One of the first steps that we can take in redesigning the structure of government is to review the need for all boards and commissions and those agencies which are attached to the core departments and offices of state government.

"I mentioned earlier in my speech that I would lead by example, and I will. We will start with the Office of the Governor. I have already begun the curtailment of the Governor's Agricultural Coordinating Committee and proposed its eventual elimination because its functions should be assumed by the Department of Agriculture.

"Similarly, we do not need a separate Office of International Relations, not because our relationships in a global economy are not important but because its mission can be pursued by the Department of Business, Economic Development and Tourism.

"I also propose that we review the Office of Children and Youth, the Executive Office on Aging, and the Office of Youth Services to determine whether these important functions can continue to stay in the governor's office or whether they should be absorbed by existing departments.

"A thorough review should also be made of the many agencies assigned to the principal departments with a view towards elimination or consolidation. As an example, SHPDA, the State Health Planning and Development Agency has not shown, in my view, over the years that it has been accomplishing its principal objective of controlling the costs of healthcare facilities. Perhaps it should be terminated. Likewise, the program of the Office of Space Industries is no longer viable, and perhaps it too should be reviewed and shut down.

"With respect to housing, there are now four agencies involved: the Hawaii Housing Authority, Housing Finance and Development Corporation, the Hawaii Community Development Authority, and the Department of Hawaiian Home Lands. I propose that the first three agencies be consolidated into a Department of Housing. Much along the lines suggested by Representative Isbell.

"As to the housing development function of the new department and that of the Department of Hawaiian Home Lands, better results could be achieved by contracting all of the housing development and construction with the private sector. That's been proven time and time again and it's time we got to it.

"We will examine all boards and commissions and recommend the termination of those which are no longer needed.

"This review should especially apply to professional and occupational licensing boards, some of which should probably be sunseted to remove the onerous burden of unnecessary regulation.

"We should extend our review even to advisory boards. With all of the emphasis on public education now centered on the individual school, with the rise and the importance of the commitment of the Legislature, or the Executive, or the Board of Education, to the process of SCBM, it may be time to re-examine the need for the district school advisory councils and determine whether that body is still needed.

"The agenda for restructuring government is a long one, and our approach should be systematic. I am establishing a task force on government restructuring to review the roles and responsibilities of the principal departments and to determine the appropriate placement and reassignment of functions.

"This task force, which I will personally chair, will be comprised of the directors of several key departments and will also involve the participation of leaders from our three public employee unions and leaders from the business community.

"Just as organizations need to be restructured for economy and efficiency, so should programs be redesigned if better results and savings can be achieved. For example, we have recognized that our health care programs have been extremely and increasingly costly, and QUEST was developed to address that problem. The underlying principle of QUEST, we all know, is managed care.

"We estimate that QUEST will save $60 million over five years. We can realize savings faster if we broaden QUEST now to cover the aged, blind, and disabled, which is still under the old fee-for-service system and which recently caused us to ask you for an $11.1 million deficiency appropriation this year.

"We believe that further savings can be obtained by extending QUEST to public employees and to retirees. And we can also enlarge the scope of QUEST to enable the private sector, small business, and every person in the private sector company who wishes to join, to join.

"The major concern of enlarging QUEST is whether members will be able to choose their doctors and get the quality of care they are accustomed to.

"I believe they will. QUEST today has five managed care plans now available. With a huge infusion of new participants -- we estimate about 140,000 in addition to the 120,000 now enrolled -- experience shows that most doctors will join one of the managed care programs.

"With nearly a quarter of the people of the population of this state in a single massive purchasing pool for health care, we believe QUEST will have enormous bargaining power with providers to purchase quality healthcare at affordable prices. We ask that you support our plan to expand QUEST over the next two years. It will not be easy; there are some very, very serious questions to consider, but we believe we need to make these kinds of changes to bring healthcare costs under control in this state.

"Even as the major thrust in the restructuring of government and the redesign of programs is to achieve greater efficiency and cost savings, there will be some instances where a higher level of expenditures will be required.

"We must continue to fund increased staffing at the State Hospital not just because the courts require it, but because it is the right thing to do.

"And there will be instances where we must provide funding where none was previously appropriated. In this regard, we must honor our commitment to the settlement of $600 million over 20 years to the Department of Hawaiian Home Lands simply because justice for native Hawaiians requires it. We simply will have to make do with less funds elsewhere, and in this case, if permitted by the settlement, we hope to ask you to earmark $30 million annually from general obligation bond funds normally

used for the state's capital improvement program to the payment of that settlement.

"We should consider this matter not merely as a settlement to benefit native Hawaiians but also as a matter which will also help the housing needs of our communities in general.

"Let's remember that every family moving into a home on Hawaiian home lands frees a home in the community to help with our affordable housing program. All of our citizens, not just native Hawaiians, stand to gain.

"There are some immediate, though limited, measures that we can take to improve general fund revenues. I will not touch on some of the proposals made by the House and the Senate with respect to gambling, but let me tell you what we're doing. We should review the many special and revolving funds. Where the need for the funds is questionable or where the balances are excessive, we should consider transferring the funds to the general fund.

"We believe there is the potential of gaining $31 million for the general fund through such transfers.

"We will also be proposing that you look into eliminating or reducing certain tax credits and exemptions. Keep in mind that we currently give away $140 million a year in tax credits annually.

"Under current financial conditions, some of these exemptions may no longer be justifiable.

"For example, if the current exemption for cruise ships from the general excise tax were to be eliminated and if the tax credits for food purchases, medical services, and care of dependent children were to be limited to those with adjusted gross incomes of less than $100,000, an additional $11.6 million would accrue to the general fund.

"The fiscal crisis which I have described to you represents a formidable challenge to you and to my administration. There is no single solution, no magic bullet, which will solve the crisis. I have suggested to you some of the things that can be done. Some of the actions that I believe should be taken. But even if we do all of the things that I have proposed, the bottom line is this: we will still have to make budget cuts of $40 million in the current fiscal year, $80 million in each of the next two years of the fiscal biennium, for a total of $200 million in cuts between now and June 30, 1997.

"In the days ahead, we will identify to the extent possible, the specific cuts that we are proposing. If these cuts are still insufficient, I will hold the line during the budget execution process by applying spending restrictions. In all of these difficult tasks, I ask for your support, your ideas, your understanding, and your full participation.

"The immediate crisis must be resolved before we can move forward to do the things that we promised the people during the election that we would do -- the things that we really want to do to improve the quality of life for Hawaii's people. Like many of you, I support early childhood education and affordable long-term care. These programs are dear to my heart. I am determined that these needs will be met, but I am also a realist and I realize that we cannot attend to them until we put our financial house in order over the next two years.

"Let me close with these remarks. Recently, a friend told me that this is a terrible time to be governor, that there was no money to do anything and that he felt sorry for me.

"First of all, let me tell you whatever the circumstances, I'm glad to be here. I disagree with him. Rather, I feel honored to have been chosen governor by the people of this state to lead in this time of crisis. And you should feel honored too. During the election, the people of Hawaii knew very well that our state was headed for hard times. You heard it over and over again. And yet, they chose you and me to lead, to give them hope, to make things better by doing the right thing.

"Think about it. It's a great privilege. There are only 78 of us -- 51 members of the House, 25 senators, a lieutenant governor and a governor -- chosen out of a population of nearly 1.2 million people. We have been given an awesome responsibility and a great privilege by the people of this great state and we owe them our supreme efforts.

"A wise person once said, 'A pessimist sees calamity in every opportunity; an optimist sees opportunity in every calamity.'

"So I ask you to join me -- join me in being a courageous optimist. Join me in seizing the opportunity to make things right. When we do that, we will then have the right to serve the people of Hawaii with pride and honor.

"Thank you."

Senate President Mizuguchi then rose and stated:

"Thank you Governor for your serious and thought-provoking State of the State address.

"We personally share your commitment to public progress on behalf of the people we represent.

"The co-equality of the executive and legislative branches of government is a principle which must be respected and honored if our system is to endure.

"Today you have laid out your blueprint for action. We look forward to working with you towards its enactment, together with complimentary legislative proposals.

"If there is no further business, I declare the joint session of the Eighteenth Legislature adjourned."

At 10:45 o'clock a.m., President Mizuguchi declared the Joint Session adjourned.

ORDER OF THE DAY

THIRD READING

S.B. No. 1, S.D. 1:

Senator Ikeda moved that S.B. No. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

At 11:43 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:45 o'clock a.m.

Senator Ikeda rose to speak in support of the measure as follows:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, for the most part this bill does not reflect any increases, and it definitely does not include increases in House and Senate appropriations. There is a slight increase for the Legislative Reference Bureau, and the largest increase is about eight percent for the Ethics Commission. Other than that, it is a very tight budget -- very little change.

"I would like to commend the Legislative Auditor and other offices for restricting their spending and even reducing their budgets given these hard economic times.

"There is one point I would like to clarify, Mr. President. At the hearing there was a question regarding the public access room and how it was to be funded. It was my impression that we paid for it through a joint agreement between the House and Senate and that the funds came out of our budgets. However, because we extended the life of the public access room, we passed a separate bill last year to cover its funding. It is my understanding that you will be introducing or have introduced a bill this year to do the same thing.

"With that, Mr. President, I urge all to vote in favor of this bill."

The motion was put by the Chair and carried, and S.B. No. 1, S.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS TO PROVIDE FOR THE EXPENSES OF THE LEGISLATURE, THE LEGISLATIVE AUDITOR, THE LEGISLATIVE REFERENCE BUREAU, AND THE OMBUDSMAN," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Anderson, Bunda).

RE-REFERRAL OF SENATE BILLS

The President re-referred the following Senate bills that were introduced:

Senate Bill Referred to:

No. 480 Jointly to the Committee on Human Services and the Committee on Judiciary, then to the Committee on Ways and Means

No. 514 Jointly to the Committee on Education and the Committee on Judiciary, then to the Committee on Ways and Means

No. 515 Jointly to the Committee on Education and the Committee on Judiciary, then to the Committee on Ways and Means

No. 888 Committee on Judiciary

Senator Solomon rose on a point of personal privilege as follows:

"Thank you, Mr. President. I'd like to rise on a point of personal privilege.

"Mr. President, first I would like to thank our esteemed Minority Leader for the remarks that he made on Opening Day.

"I'd like to quote from the Senate Journal in reference to those remarks, especially those affecting the Hawaiian issues on sovereignty. He says:

> '...the political landscape affecting not only Washington, D.C., but our whole nation -- a change so significant that unlike in past years, I can say that although I am a Minority Leader here in Hawaii, I am also today a member of the Majority Party of our country....'

"He goes on to discuss the problems with the Department of Hawaiian Home Lands -- that it took over 74 years to award a mere 6,500 leases to beneficiaries, which, Mr. President, I would like to state at this time, with no help from the federal government. And as of today, Mr. President, we have received no aid from the present administration, especially the Congress, although our President has acknowledged the overthrow of the Kingdom of Hawaii with the 'apology bill.'

"Unfortunately, the new leadership in Congress is starting to backpedal on whether or not it will acknowledge the 'apology bill.' With the acknowledgement of the 'apology bill' we can move forward toward settling trust obligations to the Hawaiians, especially to those beneficiaries of the Department of Hawaiian Home Lands.

"The Minority Leader goes on to say:

> 'Instead of fighting policies, such as NAFTA, supported by the President of their own party, certain members of our congressional delegation should be developing strategies which will aid in constructive outcomes on issues like sovereignty, the future of the military in Hawaii, . . .'

and so on.

"I would be happy, Mr. President, to transmit to our Minority Leader, Public Law 103-150, which is a Joint Resolution apologizing to the native Hawaiians on behalf of the United States for the overthrow of the Kingdom of Hawaii. It is five pages long and it is quite comprehensive. Most importantly, it sets the foundation for the fact that the federal government recognizes its trust obligations. Mr. President, this resolution was signed by Thomas Foley, Speaker of the House, Robert Byrd, President of the Senate (pro tempore) and approved November 23, 1993, by President Clinton.

"So with our esteemed Minority Leader with a majority status now in Congress, I am hoping that we can count on him to communicate our concerns and ask for his assistance in convincing his colleagues to bring this 'apology bill' to fruition and also ask for an interpretation of their trust responsibilities to the Department of Hawaiian Home Lands and the native Hawaiian population here.

"Thank you very much, Mr. President."

Senator Iwase then rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, on January 21, 1995, former State Representative Peter S. Iha passed away. He was a member of the First Hawaii State Legislature and he had 71 good years on this earth.

"I had the honor and privilege of working for Representative Iha when the Legislature met at Iolani Palace and was housed in the Armed Services YMCA and also when we moved to the brand new State Capitol in 1969.

"There were many colorful figures in the Legislature back then whose names today fill the history of our Legislature and our State -- such leaders as Elmer Cravalho, George Ariyoshi, Doc Hill, Billy Fernandes, Nelson Doi and Dave McClung.

"Mr. Iha served from 1959 to 1974. He was a quiet and gentle person who shunned the public limelight.

"But he made his mark; he made his contribution to the growth of this State as it moved to open up our society, to break glass ceilings, to provide opportunities, and to obliterate class distinctions.

"We today are the beneficiaries of the sacrifice and work of both the colorful and the quiet leaders of another time -- men like Peter Iha.

"We all, Mr. President, wind our way through life with the help of other people. Mr. Iha was one of the 'Givers' who took the time to help people, and we will remember him fondly.

"Mr. President, at the appropriate time, I would like to request a moment of silence in honor of Representative Peter S. Iha, who leaves behind his wife, Janet; two sons, Arnold and Bobby; and his daughter, Patti.

"Thank you, Mr. President."

At 11:41 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:42 o'clock a.m.

Senator Holt rose on a point of personal privilege and said:

"Mr. President and members of this body, I would like to inform you that one of our dear colleagues who staffed this body passed away last night. Most of you know him because he worked in the Majority Attorney's Office. He was assigned to me and that's why I'm taking this time to inform the Senate that Tom Brown, who came down with an illness after New Year's that was diagnosed as pancreatitis, passed away last evening. He was a dedicated, hard-working member of our staff who was especially valuable to me, and it is with deep regret and deep emotion that I inform this body.

"At the appropriate time, Mr. President, I would like to ask this body if we could rise in honor of his passing. Thank you."

Senator Solomon also rose on a point of personal privilege and stated:

"Mr. President, speaking in support of the previous speaker, I too, Mr. President, would like to express my condolences.

"Tom Brown also worked with me. He worked with me as a researcher for the past ten years. He was just a wonderful guy. He was very knowledgeable and was responsible for many of my, what I consider, many-paged, complicated bills. His grasp of the statutes of Hawaii was amazing. He had a gift of writing and a sense of humor that brought pleasure to all of us.

"Mr. President, I think he wrote some of the best heart-warming Senate certificates. I know a lot of us in this body know Senate certificates are really important because this is how we really touch the people in the community, and Tom really had that knack.

"Tom, I just want to say that we will miss you very much and bid you a very fond Aloha. Thank you."

At this time, the Chair, on behalf of the Senate, expressed condolences to Senator Anderson on the passing of his father, the late John Dominis Anderson.

Senator Fernandes Salling rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"In Saturday's Advertiser there was a very good article about airport revenue boosters being sought. I think that some confusion was caused with respect to basically one quote stated by our airport administrator; essentially qualifying these funds of $1 million for enhancing revenues at the airport -- that these funds would be used for studies.

"I'd like to make these remarks and I hope that this will clarify any misunderstandings, especially on the neighbor islands. We will be sending this release out to them that the $1 million RFP released by the Department of Transportation, Airports Division, is for a consultant contract to develop and execute a program of activities, events, and so forth, on each island and at their respective airports which will enhance airport revenues and, indirectly, revenues on the island itself. The RFP, a requirement of the new procurement law, is the first time that DOT Airports have financed a project to enhance airport revenues.

"I want to be absolutely clear about the fact that these funds are not to be used to study or to consult, but to actually develop and execute a program within this fiscal biennium. Thank you."

ADJOURNMENT

At 12:11 o'clock p.m., on motion by Senator Ihara, seconded by Senator Liu and carried, the Senate adjourned until 11:30 o'clock a.m., Tuesday, February 7, 1995.

On motion by Senator Chumbley, seconded by Senator Kawamoto and carried, the report of the Committee was adopted and S.B. No. 1247, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR SCHOOL BUSINESS MANAGERS AT EACH SCBM HIGH SCHOOL," passed Second Reading and was referred to the Committee on Ways and Means.

ORDER OF THE DAY

RE-REFERRAL OF SENATE BILLS

The President re-referred the following Senate bills that were introduced:

Senate Bill	Referred to:
No. 331	Jointly to the Committee on Transportation and Government Affairs and the Committee on Communications and Public Utilities, then to the Committee on Judiciary
No. 916	Jointly to the Committee on Communications and Public Utilities and the Committee on Consumer Protection, then to the Committee on Ways and Means
No. 926	Committee on Hawaiian Affairs, then to the Committee on Consumer Protection

Senator Solomon rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, I have noted with dismay the negative reaction of our U.S. House Representatives to the bill introduced by Representative Elton Gallegly, a bill of very real concern to the State of Hawaii.

"Representative Gallegly's bill will amend the Hawaii Statehood Act of 1959 to include within the territory of the State of Hawaii seven islands specifically excluded at the time of Statehood. This territory -- Midway Island, Johnston Atoll, Howland Island, Baker Island, Palmyra Atoll, Kingman Reef and Jarvis Island together with three miles of territorial sea surrounding each should become part of the territory of our State.

"This should have been 'an easy call' for our House Representatives. Their objections appear to be hasty and ill-considered.

"Our State is presently comprised of 132 islands, reefs and shoals stretching 1,523 miles across the Pacific. We are the Pacific Basin State because of our geography. We are also the Ocean State with all the implications for our future role, economically and scientifically, in the life of our nation.

"More than 30 years ago John A. Burns came to this legislature with a bill providing for the State to purchase the island of Niihau. He recognized our destiny as the Pacific and Ocean State. That bill was intended to give the State ownership as well as jurisdiction over one small island in our archipelago. Then the price was too high -- now we are offered the prospect of acquiring jurisdiction of a total of seven islands and atolls and also the potential of acquiring ownership of several of them from the federal government for free.

"The question is not whether we should support Representative Gallegly's bill but why a similar bill was not introduced by our House Delegation? I suggest that our Representatives check with our Law of the Sea Institute at the law school and with the Department of Business, Economic Development and Tourism and

indeed, with the concerned members of this legislature before further opposing this important legislation.

"As Scott Allen, Associate Director of the Law of the Sea Institute has stated: 'The Gallegly Bill, which would re-establish historic boundaries and ties in modern law, raises again the necessity to master the arts, skills and sciences of the sea if we are to realize our ocean potential.'

"Thank you, Mr. President."

At 11:47 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:49 o'clock a.m.

Senator Holt also rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, I'm in receipt of a memo that you transmitted to us dated February 6 from the Governor of the State, and it preceded a transmittal which he provided to the Senate with a listing of his budget decisions. One of the items in there which I personally have problems with is the deletion of the general fund support for the King Kamehameha Celebration Commission. Mr. President, this one is in AGS 818 and deletes only $98,000 for both years. The bill was heard -- and this was a bill heard in the House yesterday with lots of testimony -- but in addition to that bill we had a budget transmittal from the administration which would delete this commission.

"I would just like to state for the record some of the more important points that were made at the hearing by various individuals and organizations in the community and have this body take this action into consideration when we start doing our 'advise and consent' on certain cabinet officials. In particular, the Royal Order of Kamehameha has indicated that this action will relieve the State from its long-standing responsibility to sustain and support this annual celebration to honor Hawaii's greatest hero and statesman. This holiday is the most time honored event in our islands' history. It was established in December 22, 1871 by King Kamehameha V and continued in various forms until 1916 when they had the first parade, and on until 1939 when the Territorial Legislature created the first permanent commission. Later it was assumed by the State after statehood in 1959.

"By relieving itself of this responsibility, the State of Hawaii and this administration is sending an alarming message that we no longer consider Kamehameha I to be Hawaii's greatest hero and statesman. And we cannot accept that. We believe the administration has demonstrated poor judgment, gross negligence and a cavalier attitude of insensitivity toward the moral, historical, cultural and spiritual values which contribute to the rich legacy of living in Hawaii.

"Although not specifically stated, this transmittal implies that the celebration and the commission is primarily a Hawaiian affair and is focussed on honoring a Hawaiian hero and therefore it should be administered, managed and paid for by Hawaiians.

"Those who oppose this action strongly resent this underlying racist attitude, especially when directed toward Hawaiians in general and Kamehameha I, in particular. Those who advocate the bill that was proposed and the budget cut with it's underlying implications are strongly ignorant of the hero it honors. Kamehameha I had a firm control of his kingdom and welcomed people from all parts of the world. He established international trade; he promoted racial understanding and tolerance; and he nurtured a continued attitude of Aloha for strangers in these islands. We say that we pride ourselves as the leader among the 50 states for cultural sensitivity and racial tolerance and now the administration has the audacity to dishonor the very statesman who set that historical precedence which we now enjoy.

"If passed by this body (by the budget committees), this action will reinforce bureaucratic madness at its best and encourage historical hypocrisy at its worst.

"In 1959 when Hawaii became the 50th state, Kamehameha I was the people's choice to represent all of us in the hallowed Statutory Hall in Washington, D.C. At that time, did King Kamehameha I represent only the ethnic Hawaiians? No. He represented all of us and the cost of that representation was a public responsibility, not a private affair. Have we so quickly forgotten all the wonderful praises we cited in selecting Kamehameha and sending him to Washington as a cultural hero from Hawaii in perpetuity?

"I just want to further say that the administration has stated that alternative sponsors are available to assume this role, and we believe that they're talking about OHA. We have already confirmed that OHA is opposed to this. So, Mr. President, I would like to stand and state for the record that we hope the Senators here will take this action and this message in their review of the cabinet appointments. Thank you."

Senator Solomon rose again on a point of personal privilege as follows:

"Thank you, Mr. President, also on a point of personal privilege.

"Mr. President, just to support the remarks of the previous speaker and also to note that in all my years serving on the Ways and Means Committee -- and I've served under Ariyoshi's administration, Waihee's, and now, of course, Cayetano's -- that this is the first time, to my amazement, that the Governor goes to the press and releases his budget. We on the Ways and Means Committee were in a very precarious situation because we were finding out about the different cuts that were being proposed as the media contacted our various offices to get our reaction. As you well know, in all my years I've served in the Legislature I have always been a very strong proponent of Hawaiian issues. I was very surprised when the appropriation for the Kamehameha Day celebration was part of the Governor's consideration for cutting.

"I'm hoping, Mr. President, in your deliberations as President of the Senate, that some communication is sent upstairs so that we are no longer caught in this kind of a quandary where the Governor is communicating his budget to the Legislature through the arms of the press, instead of communicating to our respective committees. That is why, Mr. President, we do have a Committee on Ways and Means in the Senate, as well as a Committee (in the House) on Finance.

"As far as the previous speaker's remarks, there is no doubt in my mind, Mr. President, that you're going to be seeing, and this is what worries me as a native Hawaiian and as a Senator, polarization in our community when we say that people of racial backgrounds have an obligation to fund their respective celebrations. Well where does this end, Mr. President, where does this end? Are we going to say that the cultural presentations relating to the Japanese communities should be funded by the Japanese community; funding for the Filipino cultural presentations

be supported by the Filipino community? Where does all of this end? I don't understand the rationale for such recommendations. I think that the Governor should be very considerate when making these recommendations on cultural activities; that he understands the political implications, as well as, the political realities when we in this body deliberate on these kinds of issues. In other words, these issues are very far reaching, and Hawaii has always been known to the world as being the melting pot and with a philosophy of racial harmony. And these kinds of cultural activities in which various cultures can represent their culture can be promoted through legislative appropriations.

"So again, Mr. President, speaking in support, I hope that my colleagues will seriously take that into consideration because we're not just looking at $98,000 and this sets a very serious precedence for future funding of these kinds of cultural activities. I feel, Mr. President, very strongly that the State of Hawaii owes this not only to the Hawaiian people, but owes it to its own sense of well-being.

"Thank you very much."

At this time, Senator Baker rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"As a member of the Majority party to which the Governor also belongs, I came into this legislative session hoping for cooperation between the executive and legislative branches because we have difficult decisions to make. I was prepared to cut the Governor some slack because he is new to this role and getting used to it and many of his cabinet choices are quite new to government. Aware that the Governor is a product of this body, I anticipated he would remember his legislative roots and not perpetuate the complaints he had as a Senator with previous administrations -- no communication; no consultation.

"The events of recent weeks have dimmed that hope. The Governor has proposed a budget in a manner and containing cuts that many of us feel ill-considered and inappropriate. He labels our legitimate concerns as emotional and blames the Legislature for the current fiscal predicament. He has challenged us to come up with something better.

"Mr. President, that is what your committees are doing. We are scrutinizing the administration's requests, asking the hard questions and expecting honest, complete and accurate answers and information. Our approach is proactive. I believe my colleagues are well-grounded in reality and appreciate the magnitude of the task ahead. Under the leadership of you, Mr. President, and the Ways and Means Chair, we will craft a budget and other policies that will be fair to all our citizens without pitting one group against another. We do not need to be reminded by the executive to look at the big picture; that is what we were elected to do.

"If the Governor wishes to embark on a new course, engage us in meaningful dialog and open lines of communication, without the media as an intermediary, that would be a welcome departure from the course on which we appear to be headed.

"But let there be no mistake, this body and our colleagues upstairs understand well the legislature's role as a co-equal branch of government. We will assert that role and proceed with our responsibilities.

"Mr President, we are prepared in these tough times to make the hard choices.

"Thank you."

Senator Matsuura also rose on a point of personal privilege and said:

"Mr. President, may I be permitted to speak on a point of personal privilege?

"Mr. President, as chairman of the Human Services Committee, one automatically becomes the chairperson for the Food Bank program. I attended the meeting today to kick off this program, and I want all my colleagues to know that the food bank program starts on March 1st. Contrary to previous practices -- now that I'm chair of this food bank drive -- I'm going to make a new ruling. The person who donates the least (I'm talking about monetary contributions) will automatically become the chairman of the Food Bank drive the following year. (Laughter.)

"But on a more serious note, Mr. President, when I was a freshman at Oregon State in 1950, I remember my agronomy professor telling me that when a person doesn't eat for five days, he's going to steal; if a person doesn't eat for six days, he's going to fight; if a person doesn't eat for seven days, he's going to kill. Some of you may smile, but at that time the realization or the truth of what he said didn't register until I went to India back in 1960. I have gone through and experienced the different stages where people don't eat; where there are riots; where people are killed, etc. I have seen the hunger of people. I know first hand that my agronomy professor's statement is absolutely correct.

"Unfortunately for me, as chairman of the Human Services Committee, I get to listen to all the needs of all these unfortunate people. It's hard to look a quadriplegic square in the eyes when he says, 'You will never know what it's like to be in this chair,' or face a woman who says, 'I've been on drugs; I was a prostitute,' and tells you why she was driven out by her own family and now lives in Waikiki as a homeless person.

"Hunger is one of the things that I never realized would exist in a state like Hawaii, but it does exist. And that's one of the reasons why I think this food drive is a worthy cause. I'm asking all of you to at least take a look into what you can do to help.

"The way I contribute is that my campaign headquarters in Hilo is set up, literally set up, as an emergency center in case of earthquakes, hurricanes or any disaster. All my campaign people have food products stored; they have fire extinguishers; you name it, they are prepared. When recycling the food that you had stored for emergencies, it is a very good practice to give the old stock to the Food Bank.

"Mr. President, as chairman of this Food Bank Drive, I solicit your cooperation and agreement that the person who contributes the least amount of money will be chairman of the Food Bank Drive next year.

"Some of you may wonder, but this year is a little different because all the neighbor islands are doing their own Food Bank. Please mark your monetary contributions, including your staff's, indicating where you want it to go -- whether it's to Kauai, to the Big Island, etc. The goal for those of you who are on Oahu is 175,000 pounds of food and $175,000. But as far as the challenge is concerned, it is strictly based on monetary contributions because I'm not going to count and weigh the cans of spam, the rice, etc. I don't want to get saddled with that kind of job.

"And just as an incentive to all of my colleagues, the winner (the one who gives the most money) will receive two dozen orchids and a set of my children's books which

is a collector's item. I hope this will be a great incentive to help the needy.

"Thank you very much."

The Chair responded as follows:

"Our two previous Human Services committee chairs did a commendable job in providing food and donations for our people of Hawaii through the Food Bank. Your recommendation to name the next chair will be taken under advisement, Senator, however, it will be the prerogative of the Chair to name the Food Bank chairman. We should try to give as much as we can both in terms of products as well as monetary gifts. The next chairmanship will not be contingent on the dollar amounts given. That prerogative is up to the Senate President. But let us all cooperate and let us again give from our hearts."

ORDER OF THE DAY

RE-REFERRAL OF SENATE BILLS

The President re-referred the following Senate bills that were introduced:

Senate Bill	Referred to:
No. 942	Jointly to the Committee on Judiciary and the Committee on Education, then to the Committee on Ways and Means
No. 1570	Jointly to the Committee on Communications and Public Utilities and the Committee on Housing, then to the Committee on Ways and Means

Senator Anderson rose on a point of personal privilege and stated:

"Mr. President, may I rise on a point of personal privilege? This is more or less for clarification.

"Mr. President, I listened to my colleagues the other day -- Senator Holt and Senator Solomon -- and I watched television and saw the Governor and yesterday I heard from Senator Baker. But nowhere did I see or hear what the $98,000 does.

"The clarification I want to make is that only $58,000 is really spent on the Kamehameha Day parade, and that's for the islands' statewide program. I think that's the point we have to clarify. There are one-and-a-half positions that take up the other $40,000. (I wanted to find out, but because I'm not on the Ways and Means Committee, I had to look it up.) I think it's important for people to understand that it's not a $98,000 position that we are looking at.

"Also, the Governor did say that we should not be emotional and I didn't want to be, but he also said that there is no Kuhio Day Commission. For the information of the group here, in the early 1960's our president of the Kailua Hawaiian Civic Club, James Trask, Sr., started a Kuhio Day parade, and Charles Kauhane from the Kamehameha Day parade was upset because he thought we were going to come to the State for money, which we did not. However, the parade died.

"On Kuhio's centennial I was the president of the Kailua Hawaiian Civic Club. I promised the members that we would have a Kuhio Day parade on the centennial because we had purchased, over the years, the pa'u and everything else. We sold the district president, Mary K. Robinson, on the idea that the district should take it over. So they bought all of the uniforms and pa'u that we had and we had a Kuhio Day centennial in Kailua. We then moved it around the island. But because of the expense, Mr. President, it was dropped.

"In a position like the Kamehameha Day parade, which everybody enjoys, I believe that you need someone at the helm who is strong administrative-wise and is able to work with everyone because it entails a lot of work and planning. In fact, I've ridden in parades and the Commission could only give in those days maybe $30 to a whole section. Then they started to say, 'Well, maybe we can give $5 or so for feed for your horses.' It's a very expensive event because it has grown and thousands and thousands of people enjoy it.

"I just wanted to clarify that, Mr. President, and I thank my colleagues for their time."

Senator Solomon also rose on a point of personal privilege and said:

"Thank you, Mr. President. I also rise on a point of personal privilege.

"Mr. President, just to inform you that your Chairman on Tourism as well as the Vice-Chairman are writing a letter to the Honorable Janet Reno, Attorney General of the United States, to clarify the Justice Department's position on state gambling legislation.

"As you know, Mr. President, recently the U.S. Attorney for Hawaii, Mr. Steven Alm, directed unsolicited

communications to members of the Hawaii Legislature expressing opposition to the pending legislation before us concerning the legalization of gambling. And in furtherance of that opposition he has issued releases from his office to the local and national media.

"We are writing this letter, Mr. President, to determine first, whether the United States Attorney for Hawaii, Mr. Alm, was in fact setting out official United States Justice Department policy in opposing gambling legislation in the various states; and second, if so, what is the legal justification for such Justice Department involvement in the state legislative process. And of course, we are requesting a prompt reply.

"I just would like to remind my colleagues that the 10th Amendment to the United States Constitution is alive and well in Hawaii; and that the amendment reserves all powers to the states, except those expressly delegated to the Federal Government.

"Mr. President, we must be vigilant to resist federal encroachment on these reserved powers. Thank you very much."

Senator Holt then rose on a point of personal privilege as follows:

"Mr. President, may I rise on a point of personal privilege?

"Mr. President, I want to clarify some statements that have been made by our chief administrator, the Governor. As I understand in the press, in defense of his budget getting down to us, he has alluded that all of his cabinet came on board on January 3 and that he's only had a month to work on the budget.

"I have an article here by Ann Botticelli dated December 9, 1994: 'Former Cayetano aide Anzai first cabinet appointment. Governor Ben Cayetano made his first cabinet appointment yesterday naming attorney and former legislative and management analyst Earl Anzai as the state budget director. Anzai, 53, began work immediately.' Quotes the Governor: 'It's important for the next budget director to hit the ground running because budget planning is underway in all state departments.'

"I just wanted to clarify for the record that the budget director was on board in early December. Thank you."

ADJOURNMENT

ORDER OF THE DAY

RE-REFERRAL OF SENATE BILLS

The President re-referred the following Senate bills that were introduced:

Senate Bill	Referred to:
No. 315	Jointly to the Committee on Agriculture, Labor, and Employment and the Committee on Consumer Protection
No. 383	Jointly to the Committee on Communications and Public Utilities and the Committee on Consumer Protection
No. 396	Committee on Education, then to the Committee on Ways and Means
No. 508	Committee on Education, then to the Committee on Ways and Means
No. 756	Jointly to the Committee on Agriculture, Labor, and Employment and the Committee on Consumer Protection
No. 1839	Jointly to the Committee on Communications and Public Utilities and the Committee on Economic Development

At 11:42 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:44 o'clock a.m.

Senator Ige, chairman of the Committee on Higher Education, Culture, and Arts, requested a waiver of the 72-hour Notice of a Public Hearing on S.B. No. 634.

Senator Ige explained:

"Mr. President, for the members' information, this is a short form bill. The purpose of the hearing this afternoon is so that we can insert the appropriate language for a proper hearing next week."

The Chair granted the waiver.

Senator McCartney rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, this week has been a rough week for the Senate. There have been a lot of communication problems with the administration, and people have been called 'dictators,' 'dragon ladies' and all kinds of other names. This is the most special day of the week for me -- it's 'Aloha Friday.' It's a good day to reflect on some of the good things that have happened. I want to take a brief moment to share something good that has happened to one of our colleagues in the Senate. I hope that people take advantage of Fridays to share some of their blessings, and hopefully the news media will pick up on this and report some of the good things that our colleagues are doing.

"Mr. President, I have with me a copy of the January 1995 issue of 'Government Technology' and there's an interview in here that I'll read a short portion of. It says: 'Senator Carol Fukunaga was elected to the Hawaii State Senate in 1992. She serves as chair of the newly created Communications and Public Utilities Committee. During her tenure as an elected official, she has been a key proponent of telecommunications and information policy legislation and organized many legislative access projects. Through the efforts of Senator Fukunaga and others, Hawaii became the first state with a statewide information network. Senator Fukunaga chaired the National Conference of State Legislators, State/Federal Assembly Communications Committee this past year and is a member of the National Information Infrastructure Advisory Council.'

"This is a great article for our members to look at. I think it's a proud day when a member of this body is recognized in a national publication. I'll just share a few more quotes from the article. She said: 'In the legislative branch you always believe that the executive branch is hiding information from you.' Isn't that true, Mr. President?" (Laughter.)

The Chair responded: "We are in agreement." (Laughter.)

Senator McCartney continued:

"'Elected officials are going to have to develop a better working relationship with technology professionals' -- and I'll just add a footnote to that quote -- and with the administration. (She has some very good quotes in this article.)

"I think this is something that we're all proud of, and we should recognize and support members of this body who are recognized by the national media. So, can we give a hand to Senator Fukunaga and recognize her on this 'Aloha Friday.'"

The Chair then congratulated Senator Fukunaga.

Senator Fukunaga responded:

"Mr. President, I think the most important thing that we can take from the Vice President's comments is that 'Aloha Friday' is a day when we can reflect upon the accomplishments of this body. The Vice President has certainly gone a long way in spreading that Aloha, and I hope we can all take the comments that he has made with respect to sharing Aloha and the 'Live Aloha' program to heart. Perhaps every Friday we can acknowledge many of the other members of this body. Thank you."

Senator Holt rose on a point of personal privilege and stated:

"Mr. President, I'm rising on a point of personal privilege.

"Since this is Friday and everybody is supposed to be in a good mood, I want to let everybody know that I plan to agree with this morning's editorial, and I will keep the proposal on the table. I don't know which table or for how long, but I plan to keep it on the table. (Laughter.) Thank you."

ADJOURNMENT

At 11:53 o'clock a.m., on motion by Senator Ihara, seconded by Senator Anderson and carried, the Senate adjourned until 11:30 o'clock a.m., Monday, February 13, 1995.

SEVENTEENTH DAY

Monday, February 13, 1995

ORDER OF THE DAY

THIRD READING

S.B. No. 87, S.D. 1:

On motion by Senator Graulty, seconded by Senator McCartney and carried, S.B. No. 87, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE RELEASE OF PRETRIAL INMATES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 2 (Anderson, Liu). Excused, 2 (Aki, Solomon).

S.B. No. 100, S.D. 1:

Senator Graulty moved that S.B. No. 100, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator McCartney.

Senator Anderson rose to speak against the measure as follows:

"Mr. President, I'd like to speak against the bill.

"Mr. President, I guess I've learned in our sessions that I strongly oppose this bill, being that I've been on the other end. As a Republican of 35 years, having to get a letter from the top level of any party to say that you are or are not a member of that party, I think, is taking things too far. The current law merely says that all you have to do is declare what you are. There are only two people here from the minority party, and let me tell you, it's not easy to say that you belong to a party that is not in majority or even close to it; and that was my decision. I don't think I should have to have a letter from someone who may not even like me. I was a member of this party long before most of the people who are in charge today were members. I have been, if you want to call it, a grassroots member -- I've done the stuffing of envelopes; I've gone door-to-door; I've worked in parades behind the animals to clean up the parade. That's grassroots working!

"As a member of this party, I've spent 14 years as a representative and now to have people say that they're looking for people who are definitely a member of a party, I think that is going too far.

"I am voting 'no' and I hope my colleagues will at least consider it. Thank you very much."

Senator Graulty then rose in favor of the measure and said:

"Mr. President, I rise to speak in support of this bill.

"Mr. President, this is a process bill. I understand and I am very sympathetic to my colleague from Kailua and Waimanalo with regards to the problems he's had or may have had with his party. The point of this bill is that the burden to show whether you belong to the party or not, as you have declared or indicated that you are, really should not fall on the elections officials, but rather on the respective political parties. Now, if the party has stringent rules and one is unhappy with the stringent rules that the party may have in order to declare oneself a member of that party, that is a problem between the individual and that party, not a problem for the elections officials to deal with.

"Under the present law, Mr. President, we have the declaration being sufficient and we saw in the last election some of the problems that this created. The Green Party had an individual who did not subscribe to the principles of that party but advertised himself and campaigned as a member of the Green Party. The only recourse that the party had was to take the individual and the process to court and to sue the lieutenant governor to keep that individual from advertising himself or representing himself to the public as a member of the Green party when that individual did not really subscribe to the principles and philosophies of that particular party.

"So this bill is nothing more than a 'truth-in-advertising' bill, if you will. If you are a Democrat, the Democratic Party ought to be able to say whether in fact you are a bona fide member of the Democratic Party or not; if you say you are a Green Party member, then it is up to the Green Party to be able to certify that you are (or a Republican), rather than letting the elections officials take your word for it and be sued in court in order to determine whether or not you subscribe to the principles and philosophies of that particular party.

"So that is the point of the bill. And while I sympathize and understand where my colleague from

Kailua is coming from, I think that there is good reason to support this bill. Thank you, Mr. President."

At 12:10 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:11 o'clock p.m.

Senator Iwase also rose in support of the bill as follows:

"Mr. President, I rise to speak in support of the bill with reservations.

"Having just looked at the terms, I'm going to support it just to move it along. But I would hope, since we all know what it means to be members of political parties and what constraints each party operates under, that there would be assurances, institutionalized in statutes or rules, that there would be fair and proper procedures to effect this law, and that there would be a fair and effective method of resolving disputes within the party so that individuals are not unfairly left off the ballot. I think it's going to be incumbent upon the parties to have fair rules and procedures. I think it's going to be incumbent upon the parties, the political parties, to insure that there would be no errors in timely submission of letters. I would emphasize that we all know the parties are staffed by volunteers, and oftentimes when you call, at least with our party, you get a tape recorder and I don't think it's going to help on filing deadline to hear a tape recorder.

"So I hope that if we're going to move ahead with a bill like this, and if it's going to be pushed by political parties, that they understand the responsibilities -- the heavy responsibilities -- that are being placed upon them and if they are not able to execute them, that they come forward and ask that this bill not move forward. Thank you."

Senator Anderson rose again and stated:

"Just for clarification, Mr. President, the bill itself says: 'A letter that states that the candidate is a bona fide member of the party from the party's state or country chairperson as submitted in accordance with ....' If in fact you are not running in an election but you are appointed, as I was, and you have to prove that you are a bona fide member and get a letter, it makes it a little difficult when, in fact, the people on the top are saying you're not in a particular district; you're not this; you're not that. Who then is supposed to come up with that kind of proof? I had a card. I've been a party member. Just because I did not go along with the hierarchy and I did not agree with them, they can send in a letter and say that they no longer want me. This is not an election; it's an appointed deal.

"And this is not merely where you are going to clarify everything. It's making it harder for the administration; it makes it harder for anybody who is running -- anybody who's appointed. And that's why I'm voting against this bill.

"You can put personal differences with Whitney Anderson aside. I'll clear my name; I'll fight as hard as I have to, but I don't think we need a bill that statutorily tells people they can or cannot run or they have to have good relationships with the hierarchy -- and that's what this bill is saying.

"Thank you very much, Mr. President."

Senator McCartney, rising in support of the measure, then said:

"Mr. President, I rise to support this bill with reservations.

"I'd like to shed a little light on when we had the hearing. First of all, I'd like to clarify that the way I understand this bill is not whether the party officials want you or not, it's just to certify whether you are a member of the party or not; not whether they want you. There is a problem, though, of the three major political parties we have, the Republicans did not testify at the hearing. The Democrats did and talked about having loose guidelines about whether people should belong to a party or not. They emphasized that they want everybody and they wouldn't impose that. I think the confusion started when the Green Party was looking at only allowing people that would adhere to their philosophical values and they wanted to have a check on that. I think Senator Anderson is talking about some concerns that may begin to enroll that. We talked about it earlier with the Judiciary chairman. I think we'll continue to look at that to insure there are proper procedures in place and it does not get abused.

"On a personal note, Mr. President, I think it's time we begin to look at the whole elections process to see what role political parties play in the elections process, given the new environment we have here in Hawaii. I think maybe we need to look into the concept of non-partisan elections. This doesn't mean that people would not belong to political parties, would not be active in political parties, and would not be members of political parties, but maybe the elections process itself should be non-partisan rather than having political parties directly involved and limiting voters to choosing one ballot. On a personal level, I think I'd like to begin to look at that model because concerns like this will lead to greater problems down the road.

"Thank you."

Senator Baker also rose in support of the measure as follows:

"Mr. President, I rise to speak in favor of this measure.

"I would like to point out to my colleagues that Senate Bill 100, Senate Draft 1, addresses primary elections -- partisan, party elections in which voters select the party ballot of their choice in order to determine who their party's nominees will be. This measure would not have affected appointments to Senate vacancies, a process with which Senator Anderson and I are both familiar. The bill provides a verification process to assure that candidates seeking a party nomination in our partisan primary elections are in fact members of that respective party. It is appropriate, I believe, that the verification be completed by party officials and not by the Lieutenant Governor's office. I urge my colleagues to vote in favor of this measure. Thank you."

Senator Ikeda then rose in opposition to the measure and stated:

"Mr. President, I rise to speak against this measure.

"Mr. President, I wish I could stand here and say I wish to speak in favor of this bill with reservations. I can't do that. I have to say that I'm against this measure. Having been on the receiving end of the kind of criticism which finally drove me to this side of the aisle and knowing fully well how one can be precluded from being a bona fide member of a party because you don't adhere to its platform or its principles in its entirety, I think that this bill would make it extremely easy for a party to disavow or disown any member they didn't agree

with and force them to not run as a party member and therefore run as a non-partisan. That wouldn't bother me, Mr. President, if this bill also changed the rule for a person to run as a non-partisan candidate, but it doesn't. And currently, as the law reads, it's virtually impossible for a non-partisan candidate to make it to the general election because they have to have a percentage of the total votes cast in order to make it to the general. That being the case, we are precluding people from the process by passing this measure and I therefore will vote against it.

"Thank you."

Senator McCartney rose again and said:

"Mr. President, I would like to have the ending statements of the previous speaker's remarks entered as my own. I think that is the problem, for example, for the Green Party situation. They were precluding people because of their philosophical positions. Yes, the Democratic Party stated they're not going to do that, but that's a potential. The problem is that if somebody wanted to run as an independent, the way our primary election process is set up right now, they would need ten percent of the votes in the election, and because people are forced to pick one ballot, very few people pick the independent ballot because they are voting for the governor and all the other races. So I think if we are going to look at this, we also need to look at ways of allowing people to decide what they are going to do. That's why I think going non-partisan is easier because people can still belong to political parties and campaign on the basis that they belong to a political party, then allow the voters of the community to pick people based upon those political parties and who the person is, rather than being confined to picking up a particular ballot. Thank you."

Senator Levin then rose and said:

"Mr. President, I'd like to raise a question. If the Judiciary chair would yield to a question, I would appreciate it. If not I'll ask a rhetorical question. Will the Judiciary chair yield to a question?"

The President then posed the question to the Chair of the Judiciary Committee and the Chair having answered in the affirmative, Senator Levin continued:

"Thank you, Senator Graulty. The question is this: right now within the Democratic party, candidates are given copies of the party platform and the party resolutions and asked to comment on them. There is no litmus test requiring that one must endorse all the platform positions or all the resolutions. My question is whether in the future, if the membership of the Democratic Party as reflected by a convention, passed a resolution ordering its party chair to require endorsement of all resolutions or all party platforms or certain percentage of all resolutions or a certain percentage of platform planks, could that force the party chair to refuse to submit the kind of letter that is being required by this bill and thereby disqualify the candidate from running as a Democrat?"

Senator Graulty responded:

"Mr. President, in response. The testimony at the hearing was that this is a membership certification procedure. In other words, if you have joined the Democratic Party and you have a party card that says you are a member of the Democratic Party, that's all the letter is supposed to certify. It has nothing to do with substance or position on issues. The matter that is being addressed here is that someone who has not even joined the Democratic Party or Green Party should not be able to say he's a Democrat or a member of the Green or the Republican Party; so therefore, it's much akin to joining the Lions Club or the Kiwanis Club. You've got to pay your dues and if you've got a card that says you're a member, you're a member. It doesn't mean that you agree to everything that the Kiwanis Club might do or propose to do, but rather it is a certification that you are, in fact, a member of either the Democratic Party, the Green Party or the Republican Party."

Senator Iwase rose again and stated:

"Mr. President, just to follow up on that. I think the problem which prompted my comments is the wording of the bill, it does not set forth what a bona fide member is. I think it leaves a lot of discretion to the respective parties. If it were as simple as sending a letter saying that you have paid your dues and you are a card-carrying Democrat, Republican or Green Party member that's one thing, but it says a bona fide member.

"Going back to what the Senator from the Big Island, Senator Levin, pointed out about adhering to resolutions, there are complaints filed with parties based upon how you voted in representing all of the people in your capacity as a legislator, and subjecting you to penalties, party disciplinary penalties, which I think may intrude or surface into this kind of amendment to the law, broadly worded as it is.

"I am going to support this measure because it has come out and I think I know why it is here. I commend the chair of the committee for at least moving it forward for discussion, but I would hope that if it moves over to the House, there's going to be at least some communication between us and the House that this would be drastically narrowed so that there is protection and there is fairness, and there won't be one or two individuals sitting in somebody's political party chairman's office dictating how we can or cannot vote on the floor of the Senate or the House. Thank you."

At 12:23 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:25 o'clock p.m.

Senator Graulty then rose again and stated:

"Mr. President, I've been listening to the debate of the other Senators, and I understand the problem. The Green Party wants to use the language bona fide to mean a litmus test, philosophically for their party. The Democrats, having the great majority of elected officials, are more than happy to assure everyone that they mean certification. The Republicans unfortunately were not part of the debate; we don't really know what their position is. But sometimes it's very difficult to find one word that satisfies all three political parties. And it seems that the problem with this language is the word bona fide meaning different things to different parties. That being the case, Mr. President, since we have the luxury of time on this bill and a singular referral, I'd like to go back to try to find a better word than 'certified' and try to meet some of the other concerns in order to come up with a better bill that we can move on to the House.

"Mr. President, I'd like to ask that we re-commit this bill to the committee for further action."

On motion by Senator Graulty, seconded by Senator McCartney and carried, S.B. No. 100, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTIONS," was recommitted to the Committee on Judiciary.

At 12:27 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:28 o'clock p.m.

Senator Ikeda then rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"I just wanted to thank the chairman for his sensitivity to this issue and if I can help in any way I'll be more than happy to. Thank you."

Senator Ige, chairman of the Committee on Higher Education, Culture, and Arts, requested a waiver of the 72-hour Notice of a Public Hearing on S.B. No. 1873.

Senator Ige explained:

"Mr. President, we had inadvertantly left S.B. No. 1873 off our hearing agenda. We have informed all of the appropriate parties who might be interested that we will add S.B. No. 1873 to our agenda this afternoon at 3:30."

The Chair then inquired as to what the bill was in relation to and Senator Ige answered: "An appropriation for the main street program."

The Chair then granted the waiver.

Senator McCartney rose on a point of personal privilege as follows:

"Mr. President, it's Aloha Friday so I just want to make a few comments. Senator Graulty has been called 'Senator Grouchy,' and Senator Chumbley has been called 'Crumbly' today. So that's an alignment and I think it's good. Another thing that was good today was that we had a debate on the floor and a discussion. I think there is value to that. We have some good ideas to rework a bill. So I think that was a good opportunity.

"And finally, in Judiciary (it's my first year with Judiciary and it's so exciting to be on that committee) you see a different perspective on things. Today we were able to witness something very special. We had a bill on graffiti about parents being responsible for a juveniles' actions and actually having to pay a fine if they got caught.

"I guess being in the Legislature does a lot of things to people -- it helps people to grow, to become transformed and become new people. Sometimes, sharing your past is very important. We had an opportunity for a Senator to go through a transformation today and that Senator is the good Senator from Hilo. He shared a story about when he was in intermediate school. Now this is the first time this story is coming out, Mr. President, so I want you to know he's a new man. While he was in the Kress Store, he stole a pack of playing cards. I guess he had the affinity for some kinds of adult entertainment that are in the other bills that we have. He stole the pack of playing cards; he got caught; and Detective Kubo came to see him and asked, 'would you rather spend a night in jail or shall I tell your parents?' The good Senator from Hilo said, 'I rather go jail.'

"I think that had a big impact on his past and that's why he probably ended up being a politician. (Laughter.) His career paths were altered. But today was a big transformation because he went public with it. He actually got fingerprinted and went to jail. I think it takes a big man to come out and admit to his crimes and mistakes so that he can move on with his life. So we'd like to thank the Senator for doing that and appreciate him for doing so on Aloha Friday."

Senator Levin then added:

"Mr. President, can the record please reflect that I'm the Senator from Volcano, not from Hilo." (Laughter.)

The Chair remarked:

"The Journal will so reflect. Senator Matsuura, would you like to defend yourself?"

Senator Matsuura answered:

"Yes, Mr. President, I have to defend myself because the hearing was on 'Olelo. I don't know if 'Olelo is broadcast to Hilo or not, but now that the Senator from Kaneohe has brought it out on the Senate floor, the news reporters back there have their tape recorders going so I've got to tell the whole story to set the record straight.

"I guess I was in the fifth grade at that time. Yes, I publicly admit that I did grow up in Waialua and did steal a deck of playing cards from the Kress store and got caught. I was put in the police car and taken to the Honolulu police station where I met Detective Kubo. You can imagine what an impact he had on me because I still remember his name to this date. He asked me, 'What did you do?' I said, 'I stole a card.' He said, 'You stole a car!' I said, 'No, I stole a card.' He said, 'What kind of a car did you steal?' So I told him, 'I stole a trump card, you know playing cards.' He said 'Okay, how much were the cards?' I told him and he said 'Oh, you're in bad shape,' because the value of those cards was just about five or ten cents over the limit when the crime becomes more serious. After that, I was fingerprinted and photographed. Detective Kubo then gave me a choice -- whether I would want him to call my parents or spend the night in jail. I told him I'll spend the night in jail because I knew if he called my parents, I would get a good lickings when I got home.

"I want to set the record straight since my political career is already ruined. (Laughter.) I did not spend a night in jail. Detective Kubo saw in this poor, illiterate boy who couldn't read or write at that time, the future of this boy and that someday, although he would be denied entrance into the University of Hawaii because he had the lowest test score for the entrance exam in the entire state, but beyond that turning point, that this skinny boy was going to get a Ph.D. from the University of Minnesota; that he was going to go to India and be a part of the 'green revolution' with Dr. Norman Borlaug who got the Nobel Peace Prize; that he was going to come back to Hawaii and help the Hawaiian homesteaders in Molokai start the Molokai watermelon; and that he was going to end up being a State Senator and head the Senate Special Investigating Committee and end up being the chair of the Human Services Committee (laughter) ... and chairman of the Food Bank.

"Since I made a public confession, I feel much better. (Laughter.) Print everything!"

At 12:37 o'clock p.m., on motion by Senator Ihara, seconded by Senator Liu and carried, the Senate stood in recess until 5:00 o'clock p.m.

EVENING SESSION

The Senate reconvened at 5:28 o'clock p.m.

Stand. Com. Rep. No. 382 (S.B. No. 1594, S.D. 1):

Senator Ikeda moved that Stand. Com. Rep. No. 382 be adopted and S.B. No. 1594, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Ikeda rose to speak in favor of the measure as follows:

"Mr. President, I rise reluctantly to speak in favor of this bill.

"I share the frustrations of my colleagues and I've noted, as have other members of this committee, that this emergency appropriation has doubled since last year. This goes towards paying overtime at the prisons. Unfortunately, Mr. President, we have no choice but to pass this legislation and if there were an alternative, believe me, I would have taken it. The problem is recognizable. It's one that I think the administration has to handle. I think the message has been given to them very loud and clear -- at least at the Ways and Means hearing -- that something has to be done to prevent this from continuing.

"If we don't pass this measure, we will be short. That would mean not being able to meet the provisions of the consent decree that we are currently under. That could throw us back into court and we'd probably lose complete control over the system because the whole problem would be turned over to a master, which in essence, would ultimately cost us more money.

"So it is with great reluctance, Mr. President, that I ask for the support of this body for this bill."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 382 was adopted and S.B. No. 1594, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR PUBLIC SAFETY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Graulty).

Stand. Com. Rep. No. 383 (S.B. No. 1596, S.D. 1):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 383 was adopted and S.B. No. 1596, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR THE STATE WORKERS' COMPENSATION PROGRAM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Liu). Excused, 1 (Graulty).

Stand. Com. Rep. No. 384 (S.B. No. 1680, S.D. 2):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 384 was adopted and S.B. No. 1680, S.D. 2, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR HEALTH," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Graulty).

Stand. Com. Rep. No. 385 (S.B. No. 1682):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 385 was adopted and S.B. No. 1682, entitled: "A BILL FOR AN ACT MAKING EMERGENCY APPROPRIATIONS FOR THE PAYMENT PROGRAMS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Graulty).

Stand. Com. Rep. No. 386 (S.B. No. 1690):

Senator Ikeda moved that Stand. Com. Rep. No. 386 be adopted and S.B. No. 1690, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Anderson rose to speak on the measure and said:

"Mr. President, I would just like to comment that I have some reservations on all of the appropriation bills, primarily because they come up to $31 million. I think it is a shame that we have allowed ourselves to get this far along without knowing how we are going to take care of our bills. This is really shameful and it's coverage for all of these bills. I will be voting for it, but I think that we should have never let ourselves get into this bind. Thank you."

Senator Ikeda then responded:

"Mr. President, briefly in response to the previous speaker, this is not something that this Legislature was aware of. You may recall that I got up on this floor last year when emergency appropriation measures had to be passed to cover shortfalls in AFDC, welfare and foster parents programs. And I said then, give us the true figures; don't expect me to support any emergency appropriations again. I'm having to eat my words. And the reason for that is because we were never given the true figures. When we looked at these programs last year, we thought we had the correct figures, and it is only since this administration has taken office that we are now being told that these figures were adjusted by Budget and Finance. That being the case, Mr. President, and I don't like it any more than the rest, I think that we have to cover these shortfalls."

Senator Anderson then remarked:

"Mr. President, just one remark. I don't blame the chairman and I don't blame the body in its entirety. I do blame the prior administration. In our committee hearings the other day on workers' comp, when they said that we should look at how best to take care of problems, the state had an increase in its own insured, private-insured and self-insured. I'm just saying that we have to look at all aspects. I'm taking the blame as well as everybody else. I just hate to see the administration or anybody let this continue. That's all. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 386 was adopted and S.B. No. 1690, entitled: "A BILL FOR AN ACT MAKING EMERGENCY APPROPRIATIONS FOR OPERATING EXPENSES FOR THE STATE MEDICAL ASSISTANCE PROGRAM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Graulty).

At 12:26 o'clock p.m., on motion by Senator Ihara, seconded by Senator Liu and carried, the Senate stood in recess until 5:00 o'clock p.m.

EVENING SESSION

The Senate reconvened at 5:08 o'clock p.m.

Stand. Com. Rep. No. 247 (S.B. No. 1762, S.D. 1):

Senator Ikeda moved that Stand. Com. Rep. No. 247 be adopted and S.B. No. 1762, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Fernandes Salling rose to inquire if the chair of the Committee on Consumer Protection would yield to a question. The President then posed the question to the chair and the chair having responded in the affirmative, Senator Fernandes Salling asked:

"Mr. Chairman, could you explain to us how the 'pure no-fault' system in Quebec and Israel, which you cite in your committee report, works? What other factors involved in those insurance systems are comparable to the factors that you have in this bill such that the data proposed and the stats you cite for reducing both the premiums and accidents would in fact work under this proposed bill because we have incorporated in the same factors as they have in Quebec and Israel?"

Senator Holt responded:

"Mr. President, as I understand it, Quebec and Israel have adopted the 'pure no-fault' system. As far as the specifics related to the question that the previous speaker had, generally speaking, the 'pure no-fault' system allows for insurance to be provided for first-party coverage. In essence, you would not have to purchase bodily injury liability, uninsured insurance, or under-insured insurance. And technically, if you were in an accident, you would have a sufficient amount of medical benefits coverage to cover the majority of the accidents. Other than that, Mr. President, I do not know the details regarding Quebec and Israel, but they do have a 'pure no-fault' system that we are proposing right here in this bill. Thank you."

Senator Fernandes Salling further inquired:

"Mr. President, in regards to the answer that the chair expressed, would the chair yield to explaining or clarifying some of those remarks? I'm sorry, did you say that under the Israel and Quebec system one of the factors that they don't have is that they have abolished the uninsured and under-insured coverage and that they have abolished ... well, let's take that factor first."

Senator Holt answered:

"Mr. President, as I stated, they have a 'pure no-fault' system and that's what 'pure no-fault' is.

Senator Fernandes Salling continued:

"That's your definition of 'pure no-fault,' it may not be theirs, Senator Holt. I think it is critical for this body to know that the data this bill is based on, which is the Quebec and Israel no-fault system or 'pure no-fault' system, is in fact defined and set out as we have it here, as you are calling it 'pure no-fault' in this bill."

Senator Holt responded:

"Mr. President, I understand where the previous speaker is coming from, but I believe that's inconsequential. I think the details of the bill that we have before us tries to incorporate the major components of a 'pure no-fault' system and we have included them in the bill. I don't believe that it's really necessary to compare it with Quebec's or Israel's laws. Thank you."

Senator Fernandes Salling inquired again:

"Mr. President, will the chairman yield to another question?

The President posed the question to the chair and the chair having answered in the affirmative, Senator Fernandes Salling asked:

"Senator Holt, is it true that there is no such system as defined under this bill in any of the states today and there is no, quote 'pure no-fault' system in any of the United States today? And in fact, what is being proposed here would be a first of its kind?"

Senator Holt answered:

"Mr. President, if I might, I think that this bill is being put together in the belief that it is a political question dependent upon numerous factors pertinent and peculiar to the individual states, whatever insurance plans that they adopt. No single bill could conceivably satisfy the myriad requirements of all the different states with their different populations, economics, existing laws and political and philosophical backgrounds. I believe that this is landmark legislation that we have here and it is a bold step forward to solving the problems that are peculiar to Hawaii."

Senator Solomon rose to speak on the measure as follows:

"Mr. President, I'm just speaking on this legislation with reservations.

"I'd just like to remind you and this body, and especially our chairman who is taking this position as the Senate's position to the House, that we all stood here two years ago and talked about a 15% rollback, which unfortunately we never, never saw. And I know that we are all very much aware of the fact that the consumer out there is disgusted to the point of revolt. I think that was the hottest issue during the election. As I see this bill, as it now stands and upon discussion with the chairman, he said that he was very much concerned about the kinds of reductions that we could anticipate by the passage of this bill.

"So at this time, Mr. President, I would like to ask the chairman if he could explain to us the kinds of reductions he anticipates for the consumer. As I'm reading this bill, I know that the insurance companies and the medical providers are going to be coming out on this bill, but I don't see what's in it for the consumer in terms of the kinds of reductions. Thank you."

Senator Holt responded:

"Mr. President, in response to the previous speaker's question, I believe I would like to go back to the public hearing that we had on the bills. We had ample public hearings for the community to come out and testify. At our hearing on this particular proposal, the members were there. We had, I believe, almost everybody at the hearing. The industry came forward and indicated that if this proposal were adopted, they could immediately see reductions of 28% to 32% in automobile premiums. And what that translates into, Mr. President, can be characterized by what happened immediately following the hearing. Hugh Yoshida, the athletic director from the University of Hawaii, came forward to testify on another bill and asked if he could comment on what we were discussing just before his bill came up. He indicated that if this bill were to pass, he would immediately see a savings in his insurance premiums of $2,000 a year because he buys insurance for his wife and his three children. So we are not talking about a small amount of money. The consumer will benefit if this bill passes.

"I think there is a message that has to be carried out. I appreciate the concerns and the discussions that I've had with other members in the Senate regarding catastrophic situations. We will take those considerations into conference, hopefully, when we get there. I understand where they are coming from and I would ask everybody to support this bill. Thank you."

Senator Levin then rose in favor of the measure and said:

"Mr. President, I rise to speak in favor of the bill with reservations.

"I think we all know this is not the final action on this bill. We do want to get some no-fault reform in place, and therefore I will be voting for this bill and watching it carefully as it moves forward through the process. I think what we need to be aware of and cautious about is that when we speak to someone like Hugh Yoshida who has a good job with a good salary, we're not taking into account those people who are living on the edge, who don't have a lot of money, who are barely making ends meet. And they have to choose between food and auto insurance and home owner's insurance and all the other necessities of life.

"Many people are being forced to give up their car because they can't afford the insurance; they give up their license because they can't afford the insurance. They lose their job because they don't have a license and they can't drive to work or they can't drive at work. It's a vicious circle that needs to be broken.

"Lowering insurance premium rates from $1,000 a car to $700 or $800 -- even if that is the final figure that comes out -- is not going to help these people afford the insurance they need if we continue to mandate insurance. I don't think the proposal that we have before us goes far enough to lower the premiums to make insurance affordable for our community and our constituents who are so unhappy with mandatory insurance and so unhappy with the rates they have to pay.

"So I commend the chair for keeping the bill alive, for looking for no-fault reform that will bring about meaningful change and look forward to his next move in this area. Thank you."

Senator Solomon also rose in support and said:

"Mr. President, speaking in support of the remarks made by the previous speaker.

"As you know, Mr. President and my colleagues, it's no secret that I have always been a strong proponent of 'pay-at-the-pump.' I'm just sorry to see that that strategy never came forth, but I just want to remind our chairman that it's always a viable option as we proceed with this bill. I think that 'pay-at-the-pump' would really solve our problems in terms of the uninsured motorists and other faults of our auto insurance.

"I'm sure that you all received a little booklet authored by Andrew Tobias who has done an excellent job in bringing forth this 'pay-at-the-pump' option, which in my mind is really the way that Hawaii should go if we want to deal with this issue of 'no-fault' insurance.

"With that, Mr. President, I just want to reassure the chairman that I am available if he needs my assistance, being that we've been championing this pay-at-the-pump plan for the past eight years here in the Legislature. Thank you very much."

Senator Fernandes Salling then rose to speak in favor of the measure and stated:

"Mr. President, I rise to speak in favor of this bill with reservations.

"'Abolish Tort Liability.' For many today it has the same kind of appeal Shakespeare's famous suggestion in The Merchant of Venice has always had: 'First, kill all the lawyers.' Unfortunately, the good Senator from Kalihi's bill won't simply make tort lawyers an endangered species, it will wipe out a whole list of rights which you and I now have if we are faced with the loss of a breadwinner in our families, or if one or more of our loved ones should be crippled, maimed or disfigured in an automobile accident.

"I might digress here, Mr. President, by saying that the $250,000 that we are getting in exchange for giving up this tort liability will not cover these kinds of accidents as was mentioned earlier by Senator Holt, but that is just one small part of the bill that needs to be worked on.

"For nearly 25 years the Legislature has looked to the 'no-fault' system as a cure-all for problems with the insurance industry and the court system. While we legislators have administered the medicine of more and more 'no-fault,' the patient has continued to get sicker and sicker. Our insurance premiums have risen higher and higher. In fact, since 1973 when we first enacted 'no-fault,' it has never come down. It has been on a steady rise up until this year when we were informed by the insurance commissioner that we have the highest automobile insurance rates in the country. Our insurance premiums have risen higher and it takes even longer for insurance settlements to be paid.

"And now we are told by the boy from Kalihi that the final cure has at last been found. But instead of getting rid of the medicine which is clearly only making matters worse, we are now told to drink the whole bottle, and overdose on the poison which has been making us sick in the first place.

"Instead of abolishing our legal liability system, I think we should try to abolish no-fault itself. Mr. President, I for one would have felt a lot more comfortable going into conference with a position such as that expressed by the good Senator from the Big Island (Malama Solomon) -- 'pay-at-the-pump.' At least with respect to the uninsured motorists, if we could get a grip on that problem, we might be going a lot further in solving the high premium costs than we would in this proposed bill.

"Let's start over with the system that made America's standards of justice and fairness the 'envy' of the rest of this world and put the no-fault industry of medical providers, insurance adjustors and bureaucrats out to pasture.

"In fact, in New Zealand, Mr. President, they have a very unique way of dealing with these problems. Rather than going to court, as I understand it, they have a board, a government board, that is set up. So in essence, they've gotten rid of the attorneys because it's this board that determines how much someone should be paid for an injury that they consider to be permanent or to have some sort of disfigurement or even a smaller injury. I might even suggest as we go into conference, that we might look at some of the smaller injuries that we see so many attorneys involved in, being handled by the small claims court and not allowing attorneys to get involved, if that is indeed the problem. Say, for example, that anything under $10,000 dealing with insurance should be placed in small claims court. I believe the threshold for a small claims court today is $5,000. We could raise it to $10,000 for insurance claims. That might take care of the problem that we now see with the soft injuries because as I understand it, two years ago we voted on a bill in this body which we all thought was going to mandate the reduction of insurance by 15% tied into a verbal threshold. We are now told that this did not occur and therefore we did not see a reduction of 15% because what we came out of conference with, linking that reduction to what the House restored, is a monetary threshold. So, hence the 'great excuse' not to provide for any reduction, no less the 15% that at that time, we were all under the belief we were voting for to provide for the consumers of this state when we adopted that bill.

"If anyone is worried that our court system will be flooded with claims, I for one think they are up to it. Presently, the Court Annexed Arbitration System requires all suits with a probable maximum settlement value of $150,000 or less be submitted to non-binding arbitration, another alternative, and that system seems to be working well today, in light of our insurance system of the no-fault that we have on the books -- non-binding arbitration under $150,000. I'd be interested in seeing the stats on that and how many of those suits were solved, which of course would indicate just how much problems the attorneys are really causing here, but be that as it may, we have a lot of problems in addition to what has been expressed.

"I might mention also that I found it very interesting that we were getting rid of the medical fee schedule in this bill, and the peer review. To me, I could read it as if my insurance company did not agree that my doctor's bill for services rendered was indeed $60, because now we don't have any medical fee schedule as this bill does. It's arbitrarily up to them to decide what to pay -- for instance $25 or so. That's another problem I think we need to look at in conference.

"With our administration and insurance commissioner not in favor of this drastic, simplistic approach, let us at least proceed with caution and take additional time to consider all of this. Otherwise we risk getting hooked on something which is not a bold, new solution, but just more of the same 'old medicine,' in large and dangerous doses. Thank you."

Senator Iwase, in support of the bill, then said:

"Mr. President, I thank the previous speaker for her comments. I rise to speak in support of the measure before us today, and before I start, Mr. President, we've alluded to two years ago, so if I may quote the great Yankee catcher Yogi Berra, 'It's deja vu all over again.'

"We're back to where we were in 1992 discussing no-fault reform, and many of the arguments we are discussing today, I think we had gone over before. I know that in 1992 what I had pointed out and would like to point out again today is that while we have characterized Hawaii's law on automobile insurance as the no-fault law, it is not a 'pure no-fault' law. We have never had no-fault in Hawaii. What we have had is somewhat of a hybrid.

"We have heard discussions about repealing the no-fault law and other alternatives. I think they're all worthy of exploration. But we have never tried, in the State of Hawaii nor in the United States, 'pure no-fault.' We have tried the other side of the spectrum which is no no-fault. And that is why we passed 20 years ago, or approximately 20 years ago, the no-fault law because we had a tort system in this state. If you re-read the committee reports, you hear our fellow colleagues from the past discussing the horror stories that occurred and what prompted them to move to enact a hybrid no-fault system.

"In 1992 we attempted to make changes to strengthen the no-fault law to move us closer to a no-fault state. Yes, as the previous speaker had mentioned, we did (the Senate position) move out a verbal threshold with the promise of a 15% reduction and yes it came back and out of conference. We passed a 15% reduction without the verbal threshold. The verbal threshold was very critical to that 15% reduction. And while we did not get the 15% reduction that we had anticipated because we did not pass the verbal threshold, we did see a reduction in premiums, not 15%, but a reduction.

"We had two goals in 1992 in attempting to strengthen the 'no-fault' law. The first and foremost was to reduce premiums. We did not hit the 15%, but we did hit a reduction. Last week, in regards to that reduction, an article in the Star-Bulletin pointed out that the National Association of Independent Insurers, based upon statistics provided by the National Association of Insurance Commissioners, showed that Hawaii was only one of four states in 1993 to show a reduction in premiums. All other states had an average increase of 3%. They attributed that reduction to the reforms passed by this Legislature in 1992.

"A second goal that we pursued was to stabilize the increase in premiums. If you recall back in 1992, there was one case, an egregious case, one company going in seeking a premium rate increase of 40%. We have not seen that since we enacted the 1992 reforms and we have, I think, at least met our long-term goal of stabilizing premium increases.

"And mind you, all of this has been accomplished without the verbal threshold.

"I think if we had passed, Mr. President, a no-fault law 20 years ago, I would not be standing here today quoting Yogi Berra. If we had passed the verbal threshold three years ago, I would not be standing here quoting Yogi Berra. But because we did not pass the 'pure no-fault' law in the 1970s, because we did not pass a strong verbal

threshold in 1992, I will close my speech, Mr. President, in support of this bill saying to you -- I quote the great Yankee catcher Yogi Berra, 'It's deja vu all over again.' Thank you."

Senator Fernandes Salling rose again and stated:

"Mr. President, just a brief response to the previous speaker's excellent Yogi Berra remarks.

"Isn't it lovely that even with the 3% reduction or the State of Hawaii being one of four that saw a reduction in the last two years, that we are still Number 1 in the nation as far as automobile insurance premiums!"

Senator Ikeda then rose in support of the measure and said:

"Mr. President, I rise to speak in favor of this bill and in doing so I would like to clarify some of the remarks regarding the 15% rollback and why it was never implemented.

"I believe the point was made that when the Senate bill passed this chamber, the 15% was tied to a verbal threshold, and that is correct. The final bill did not have a verbal threshold in it, but the 15% rollback did remain. The real reason, however, that the 15% reduction was not taken was because there was a ruling by a California court that struck down a rollback imposed in that state. And the court ruled at that time that businesses could not be denied a fair return. Based on that ruling, the insurance commissioner at that time, with the support of the attorney general, declined to enforce the law that we passed. That is the reason why there was no 15% rollback.

"I think many members of this body, including myself, decried that ruling. But when the attorney general and the insurance commissioner refused to take action, there was little else that we could do. Since that time, I think we've been proven correct because that California court ruling was overturned. So we find ourselves right back at square one.

"I believe that this bill before us will reduce rates. Basically, if you look at the pie chart that was presented by the current insurance commissioner, it indicates that approximately 28% of your premium goes towards bodily injury liability coverage. I don't recall what the percentages are for optional coverages such as under-insured motorist or uninsured motorist coverages, but all of these coverages would not be necessary if this bill became law and thus, premiums would be reduced. And it is for these reasons that I support this bill. Thank you."

Senator Holt then rose and stated:

"Mr. President, just a brief closing remark since someone quoted Shakespeare. Mr. President, I just want to say that all of your committee's work has been done with that compelling pressure to hold costs down, ever mindful that at the other end, benefits are affected. Perhaps Shakespeare shared in our predicament in 'Much Ado About Nothing,' when he said: 'The fashion of the world is to avoid cost when you encounter it.' I submit that this bill will achieve cost reduction to the public without sacrifices to the carrier or to at least 99% of the victims of accidents. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 247 was adopted and S.B. No. 1762, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE INSURANCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

STANDING COMMITTEE REPORT

Senator Fukunaga, for the Committee on Communications and Public Utilities, presented a report (Stand. Com. Rep. No. 460) recommending that S.B. No. 643, as amended in S.D. 1, pass Second Reading and be recommitted to the Committee on Communications and Public Utilities.

On motion by Senator Fukunaga, seconded by Senator Chumbley and carried, the report of the Committee was adopted and S.B. No. 643, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC UTILITIES," passed Second Reading and was recommitted to the Committee on Communications and Public Utilities.

At this time, Senator Ige, chairman of the Committee on Higher Education, Culture, and Arts, requested a waiver of the 72-hour Notice of a Public Hearing on S.B. No. 637 as follows:

"Mr. President, I'd like to request a waiver of the 72-hour hearing notice to hear and have decision-making on S.B. No. 637. This is a short form bill and the purpose would be to flush out the bill and have it recommitted."

The Chair granted the waiver.

Senator Matsuura rose on a point of personal privilege as follows:

"Mr. President, may I speak on a point of personal privilege?

"I was hoping that Senate resolution 16 and Senate concurrent resolution 20 would be up for a floor vote. The reason why it's important to pass both of these resolutions is that all of the public utilities commissioners are going to the NARUC meeting in Washington D.C. next week. I feel that we should have these resolutions passed so that all the public utilities commissioners from all 50 states will have an opportunity to look at our resolutions. (I might as well give my speech in support of these resolutions now, and why I feel they are important.)

"All of us are aware of the State's jurisdiction of the ocean. Hawaii has a 3-mile jurisdiction while other states like Florida, Texas, Louisiana, Mississippi and Alabama have a 12-mile jurisdiction of the ocean.

"I have been trying for the past 12 to 14 years to convince Congress to have a uniform 12-mile state jurisdiction. However, Congress has no desire to extend the State of California's jurisdiction because of the federal revenues that will be lost from the off-shore oil wells in California that are within the 12-mile zone.

"We are all aware of the tremendous economic impact telecommunications has on Hawaii. We may have missed the train to be the telecommunications hub of the Pacific, but it is still not too late to at least try to be the telecommunications hub of the Pacific. A person must be illiterate not to understand the impact of telecommunications on education.

"Harvard and Stanford are known for their outstanding law schools. Hawaii is famous for its excellence in the fields of astronomy and ocean science and technology. We need to share these resources not only within the United States but also throughout the world. This will happen soon with the use of telecommunications as a teaching tool to exchange information to develop excellence in all fields of studies.

"Senate Resolution 16 and Senate Concurrent Resolution 20 are important because for the first time, a state is laying claim to the EEZ looking skyward. When I was in American Samoa, I learned that it was proper for a person to ask permission from the village chief before entering the ocean under his jurisdiction. I asked one of those chiefs how far was his EEZ. His reply was 'As far as my eyes can see.'

"Someone asked me a similar question, 'How far do you envision Hawaii's EEZ to be looking skyward?' My reply was 'From the land beneath the ocean and above the ocean that stretches from Hawaii to Midway Island and looking skyward to where God is.' That is Hawaii's EEZ space.

"The Federal Communications Commission has already generated money in excess of $4 billion using some of the 50 states' air space. Therefore, it is only fair, proper, and honorable for the federal government to share that new source of revenue with all of the states in the United States for educational purposes.

"These two resolutions are only the first step toward the development of the telecommunications infrastructure to enhance telecommunications as a tool for all the educational institutions in the United States. Thank you."

ADJOURNMENT

At 11:50 o'clock a.m., on motion by Senator Ihara, seconded by Senator Liu and carried, the Senate adjourned until 11:30 o'clock a.m., Thursday, March 2, 1995.

ORDER OF THE DAY

RE-REFERRAL OF SENATE BILLS

The President re-referred the following Senate Bills that were introduced:

Senate Bill	Referred to:
No. 647, S.D. 1	Committee on Judiciary
No. 1488	Jointly to the Committee on Agriculture, Labor, and Employment and the Committee on Ways and Means

RE-REFERRAL OF HOUSE BILL

The Chair re-referred the following House bill that was received:

House Bill	Referred to:
No. 1374, H.D. 1	Committee on Health, then to the Committee on Ways and Means

Senator Kanno, chairman of the Committee on Agriculture, Labor, and Employment, requested a waiver to Senate Rule 20 on the following bills: S.B. No. 1148; S.B. No. 1415; S.B. No. 1416; and S.B. No. 1765, and the Chair granted the waiver.

Senator Fernandes Salling, for the Committee on Transportation and Government Affairs, then requested a waiver of the 48-hour Notice of a Public Hearing, pursuant to Senate Rule 20, on S.B. No. 1155, S.B. No. 1199 and S.B. No. 1320, and the Chair granted the waiver.

Senator Matsuura rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"All of you have received a memorandum regarding the 1995 Hawaii Food Bank statewide food drive. The food drive is now on. Let me remind all of you that by your contributions, it may determine who will be the chairman of the Food Bank next year.

"The other good news is that last week I talked about the FCC auctioning off the radio bands width. I'm happy to announce that the amount that the FCC has received within the past few days has risen from $4 billion to $6.1 billion. The radio bands have not been auctioned off in Hawaii yet, but I'm sure that the total revenue for the FCC is going to exceed $10 billion. I promised Senator Fukunaga that all the monies we get will go toward putting in all the telecommunications infrastructures for the public schools and the University.

"The State of California has now joined Hawaii. They have also introduced a similar resolution. Our resolution has been sent to all the State Legislatures. You will see a movement toward the implementation of the resolution whereby the FCC will be asked to share those revenues with the states.

"Thank you."

ORDER OF THE DAY

MATTER DEFERRED FROM TUESDAY, FEBRUARY 14, 1995

THIRD READING

S.B. No. 89, S.D. 1:

By unanimous consent, S.B. No. 89, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," was recommitted to the Committee on Judiciary.

At this time, Senator Baker made the following announcement:

"I would like to call everyone's attention to the President's memo regarding how we plan to operate on Tuesday with regards to a consent and an ordinary calendar. Any bills that members want to vote 'no' on or want to speak on will be placed on the ordinary calendar and need to be identified to the Senate Clerk by 5:00 o'clock p.m., Monday, March 6."

Senator Fernandes Salling, on behalf of the Senators, extended Happy Birthday wishes to Senator Solomon.

Senator Liu rose on a point of order as follows:

"Mr. President, I rise on a point of order. Just for the record, in reference to the announcement made by the Majority Leader, I do believe that there will be some leeway should some changes of mind occur based on those reports."

The Chair responded: "That is correct Senator."

Senator Ikeda then rose on a point of personal privilege and stated:

"Mr. President, may I rise on a point of personal privilege?

"Mr. President, I'm a little perturbed by this (I guess you'd call it a) headline, 'House picks up key Senate ally for tax increase.' I would like to make my position extremely clear.

"Given the times that we face and the shortage of funds, we do not have the luxury of precluding or setting aside any kind of proposal that may help to resolve the problems that we face. The $600 million settlement is just one of those problems, and it is a big one. I think I've gone on record from the very beginning saying that we cannot afford to pay this. However, in the event that the information that we receive compels us to make these payments, we will then have to look at alternatives available to us. And the House proposal -- and that's all it is, a House proposal, at this point in time -- is one of those options. It would be completely foolish for a Legislator to totally disregard a proposal -- any proposal -- at this point in time. I stress this because we are only near the mid-point of this session and we still have a ways to go. There will be a lot of other options and proposals that will be brought up for consideration.

"As you know, I have had some concerns about some of the bills we've had to pass. Among them, gambling; but again because we need to discuss this and because we should not preclude any options available to us in trying to resolve the problems that we face, I'm willing to vote to keep all options open.

"I would also like to take issue with the fact that the Governor seems to believe that we can very easily float capital improvement bonds to cover the debt by paying $30 million a year over 20 years. I've looked at the CIP figures, Mr. President, and with the current expenditures and commitments that we have made, including the $180 million that we allocate for educational facilities for the biennium, if we were to add 60 million more dollars of commitment to our capital improvement margin, we would be left with exactly $8,223,738 for other capital improvement projects for the biennium. Now, I don't know what you can build with that. And may I remind you that this is not for just one biennium -- this is over a 20-year period. $600 million over a 20-year period paid for by bonds will cost us approximately a billion dollars. So I think that has to be factored into the total equation; $320 million today versus 40 years of debt and $1 billion-plus.

"I would like the people to understand all of the ramifications of a commitment of this nature and that is the reason why I felt I had to clarify my stand today. Thank you."

At 12:05 o'clock p.m., on motion by Senator Ihara, seconded by Senator Liu and carried, the Senate stood in recess until 5:00 o'clock p.m.

EVENING SESSION

The Senate reconvened at 5:25 o'clock p.m.

S.B. No. 1868, S.D. 1:

Senator Chumbley moved that S.B. No. 1868, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kawamoto.

Senator Chumbley added his remarks on the bill as follows:

"Mr. President, the statewide school system, which was established at the inception of statehood, is no longer the best model for our individual schools to meet the broad range of need of its constituents -- the students. Our state has been actively engaged in educational restructuring and reform for the last seven years to not only update our system but to strive for excellence in our public schools. That has happened with schools making decisions for themselves through School/Community-Based Management.

"Mr. President, as we have tried to provide for local autonomy and flexibility, schools have run up against contradictions between old and new laws that have created barriers to implementing school improvement. This bill will allow for an alignment of statutes with current philosophy and practice. This will occur by creating a policy framework that is focused on students.

"Mr. President, we need to create a policy environment that is coherent and enabling; not compliance oriented and regulatory. Enforcing compliance and regulation pulls performance to a 'norm.' We need to allow schools to make decisions that are appropriate for their school communities and their needs. It is the difference between 'custom-made' and 'mass produced.' We need to promote a custom-made educational environment for our students. This bill will create an umbrella for all educational policy that focuses on students. Thank you."

Senator Solomon added her remarks in support of the measure as follows:

"Mr. President, the purpose of this bill is to continue supporting the rebuilding of the Hilo-Hamakua district.

"It is very commendable how the residents organized themselves into various task forces to address the problems facing them. I have never seen such involvement by so many residents as I have seen in this district. Under the leadership of Representative Dwight Takamine and state coordinator David Fuertes, they have spent a tremendous amount of time and effort in the past years working on the solutions for the problems. So far they have made distinct positive progress, and they deserve additional help to get them over the hump. This is an excellent case of 'helping those who help themselves.'

"I urge your support of this bill. Mahalo."

Senator Solomon, in support of the measure, added her remarks:

"Mr. President, last year attempts were made to begin a flight training program on the Big Island. The $3.5 million appropriated from the Airport Special Fund for the temporary start-up facilities was ruled by the FAA not to be a proper use of funds. Other obstacles such as lack of facilities and opposition from bordering communities led us to seek another site to start-up the flight training program.

"Honolulu International Airport was determined to be the best.

"A comprehensive flight training program would be a tremendous boost to our economy. It would be the training center for the whole Pacific region and the Far East.

It is imperative that we take immediate action on this project because the University of North Dakota which has the best Aerospace program in the nation is in partnership with the University of Hawaii to start a program here, but if there is too much delay, they will seek partnership in Australia or Southeast Asia.

"There is this window of opportunity that we must take advantage of. I urge your support."

Senator Chumbley added his remarks in favor of the measure as follows:

"Mr. President, in taking a hard look at all aspects of our public school system, the Board of Education cannot be ignored. As we attempt to restructure our system to meet the needs of the future, we need to examine the roles and responsibilities of the Board of Education.

"Mr. President, it is the intent of this bill to create a commission that would review and make recommendations on how to reconfigure the Board of Education so that it can most effectively oversee our public schools.

"Mr. President, current research and practice across the mainland is for state legislatures to:

- Transform local school boards into education policy boards to focus on development, implementation and oversight of policies that improve the academic achievement of all students in this state;
- Increase the ability of school boards to focus on the pressing policy issues that face public education by relieving them of responsibility for detailed management and budget implementation decisions;
- Require local school boards to play an active role in oversight of the educational process in their districts;
- Strive to change the perceptions and expectations of the citizenry about the appropriate role of local school boards;
- Enable school boards to make the most effective, economical use of existing resources; and
- Provide school boards with a flexible framework that allows them to create policies that serve the particular needs of the students and communities in their districts.

Currently our Board of Education is not functioning in this manner. This bill would be a first step in moving toward Board reform. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 526 was adopted and S.B. No. 1156, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE BOARD OF EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Matsuura rose to speak against the measure and said:

"Mr. President, I rise to speak against this measure.

"What we need to understand is the use of herbicides. Many of you may not be aware of the stringent rules and regulations that control the use of these agricultural chemicals. They are very stringent. According to the bill, unless it is specified by the manufacturer as to the use of the chemical on certain weeds, state and county agencies can't use them. Basically, all the use labels that are on these herbicide packages are based on crops. For example, atrazine can be used on corn. The reason why you can use atrazine on corn is that when atrazine is absorbed in the corn plant it decomposes the chemical. However, when weed plants absorb this chemical, it does not decompose it and therefore the weeds die. There are certain herbicides one can use on onions, primarily because the waxy coating on the leafy green onions doesn't allow the chemical to get absorbed. Herbicides have very restrictive uses and the user is selective as to the crop plant, not the weeds.

"These are my concerns. First, there is no herbicide that I know of which specifies its use on certain weeds. Usually, as stated above, its use is restricted to certain crop plants. We have a problem in Hawaii, as I had mentioned in caucus, that none of the crops that we grow in Hawaii such as lilikoi and pak choi are cleared for use for any herbicides.

"Another concern mentioned in this bill is that no runoff of any herbicide will not enter directly into the open bodies of water. As you know, in places like Hilo, all the water ultimately ends up in the ocean or percolates down to the aquifers. A major concern is the duty to notify the public. It would be a major problem because you can't spray herbicides when it's raining. So you may plan on spraying on such and such day and you must notify everybody. However, if it's raining, you're not going to be spraying herbicides. To notify everyone is not practical.

"If there is really a concern or if there is a real problem, I can understand a bill such as this. But you have to understand that nearly all of the farmers use herbicides on their crop plants. Why don't you see any weeds in the pineapple fields? It's not that they weeded the field. These weeds don't show up because of the use of herbicides. We all see the grass that grows around the interchanges on highways. The reason why you see the grass growing and not the weeds is because they have used herbicides. The herbicides they use are very selective. It will not kill the grass, but it will kill all the broadleaf weeds. It's that specific. If you prohibit the use of herbicides on these areas as the bill suggests, the result will be weeds, weeds, weeds. The broadleaf weeds

grow the fastest. You're going to have that area totally covered with broad-leaf weeds and you will not be able to maintain those nice grassy areas. It's the same with the use of selective herbicides on golf courses.

"This bill is an overkill. I don't think we should pass such a bill because it's taking away one of the most effective tools from the maintenance crews on the highways. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 547 was adopted and S.B. No. 1320, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ROADSIDE HERBICIDE USE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 7 (Anderson, Ikeda, Kawamoto, Liu, Matsunaga, Matsuura, McCartney).

Stand. Com. Rep. No. 553 (S.B. No. 89, S.D. 2):

On motion by Senator Graulty, seconded by Senator McCartney and carried, Stand. Com. Rep. No. 553 was adopted and S.B. No. 89, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Liu).

S.B. No. 170, S.D. 1:

On motion by Senator Graulty, seconded by Senator McCartney and carried, S.B. No. 170, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FIREARMS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 6 (Anderson, Chumbley, Fernandes Salling, Liu, McCartney, Solomon).

Stand. Com. Rep. No. 555 (S.B. No. 338):

On motion by Senator Graulty, seconded by Senator McCartney and carried, Stand. Com. Rep. No. 555 was adopted and S.B. No. 338, entitled: "A BILL FOR AN ACT RELATING TO THE JUDICIARY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Liu).

S.B. No. 1291, S.D. 1:

On motion by Senator Graulty, seconded by Senator McCartney and carried, S.B. No. 1291, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE ENFORCEMENT OF THE STATE ETHICS CODE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 1218, S.D. 1:

Senator Kanno moved that S.B. No. 1218, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Taniguchi.

Senator McCartney rose and said:

"Mr. President, I'd like to be marked as voting with reservations. I had the opportunity to talk to the chairman and he informed me that the bill is still in discussion, and there will be ample opportunity to continue the debate on this bill. But I would like to note for the record that I am voting for this bill with reservations. Thank you."

The motion was then put by the Chair and carried, S.B. No. 1218, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING IN PUBLIC EMPLOYMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Ige, Liu, Matsuura).

Stand. Com. Rep. No. 571 (S.B. No. 355, S.D. 1):

Senator Ikeda moved that Stand. Com. Rep. No. 571 be adopted and S.B. No. 355, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Matsuura rose and spoke against the bill as follows:

"Mr. President, I'm going to speak against this measure primarily because I don't believe the state should use public funds to do an environmental assessment if a private business person or company is going to benefit from it. That is my only concern. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 571 was adopted and S.B. No. 355, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR AN ENVIRONMENTAL ASSESSMENT FOR A PROPOSED MEAT PROCESSING PLANT SITE IN CAMPBELL INDUSTRIAL PARK," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Liu, Matsuura).

Stand. Com. Rep. No. 577 (S.B. No. 1350):

Senator Ikeda moved that Stand. Com. Rep. No. 577 be adopted and S.B. No. 1350, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Bunda rose to speak in favor of the measure as follows:

"Mr. President, I rise to speak in favor of this measure.

"Mr. President, I first would like to commend Senator Kanno and Senator Ikeda for passing this bill out of their respective committees.

"As you know, Mr. President, agriculture is at a crossroads. We are living in an unprecedented time where thousands of acres of ag lands are becoming available due to the demise of the plantations, thus this creates the dilemma of whether we should continue in ag or default to the landowner's 'highest and best use' philosophy. This dilemma was raised in a 1990 news article from the Honolulu Advertiser.

"When analyzing the future of ag, there appears to be two distinct perspectives. For some in the business of ag, the final analysis of this is the bottom line on the balance sheet. If you cannot make an acceptable profit of growing and marketing products, you close plantations or move them offshore, and use the land for other purposes.

"As policymakers, we need to foster the economic viability of ag. To the people of Hawaii, ag has sociological, political, public welfare, cultural and even

emotional values that cannot be easily measured on a bottom line.

"We in Hawaii have been criticized by those who want to use those lands only for the highest and best use. We have been criticized as people of inaction. We have been criticized as a state that does a lot of talking but with no people who are willing to take action.

"I want to thank Senators Kanno and Ikeda for having the foresight in knowing what's needed for the future of our state in agribusiness. Both Senators Kanno and Ikeda have read reality and have taken the initiative to support a synergistic solution as we make the transition from the plantation era to other viable agricultural opportunities.

"This bill, Mr. President, represents a continued commitment to keeping the North Shore community in agriculture, thus preserving the unique island values embedded in agriculture.

"This bill also goes much further than simply retaining values; more importantly it breathes life into the Agribusiness Development Corporation established by this Legislature in 1994. The Agribusiness Development Corporation was created for the purpose of transitioning the ag communities, such as Waialua, from plantation operations into a dynamic growth industry that is capable of competing in the 21st Century.

"I would like to see an agribusiness research center housed in Waialua to conduct ag business or ag research which will support educational opportunities that encompass the entire Pacific rim. I would like to see Hawaii compete in the global market in ag. We have the resources, the talent, the know-how, the hard-working people and the competitive advantage of the 'grown in Hawaii' label.

"Mr. President, I know this measure has zero dollars, but I want to instill hope in the community and hope for agribusiness. As T.S. Elliott once wrote : 'Give us the tools, and we will finish the job.'

"Mr. President, it is for these reasons and for the future of Hawaii's economic potential in the new era of ag that I support this bill. Thank you, Mr. President."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 577 was adopted and S.B. No. 1350, entitled: "A BILL FOR AN ACT AUTHORIZING THE ISSUANCE OF REVENUE BONDS AND MAKING AN APPROPRIATION FOR AN AGRIBUSINESS RESEARCH CENTER," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Liu).

Stand. Com. Rep. No. 590 (S.B. No. 1751):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 590 was adopted and S.B. No. 1751, entitled: "A BILL FOR AN ACT RELATING TO PERSONNEL WITHIN THE DIVISION OF CONSUMER ADVOCACY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Liu).

Stand. Com. Rep. No. 600 (S.B. No. 1572):

Senator Ikeda moved that Stand. Com. Rep. No. 600 be adopted and S.B. No. 1572, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Liu rose to speak in support of the measure as follows:

"Mr. President, I rise to speak in favor of this bill, with some reservations. I have some comments I'd like to submit into the journal."

The Chair having so ordered, Senator Liu's remarks read as follows:

"Mr. President, I rise to speak in favor of Senate Bill 1572, with only one reservation. I believe that discussions between the Department of Taxation and affected parties have resulted in agreement that the effect of this bill should be delayed until 1997.

"It is my hope that this change will be incorporated in this bill by final reading.

"Thank you, Mr. President."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 600 was adopted and S.B. No. 1572, entitled: "A BILL FOR AN ACT RELATING TO THE TAXATION OF FINANCIAL INSTITUTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 610 (S.B. No. 1652, S.D. 1):

By unanimous consent, Stand. Com. Rep. No. 610 and S.B. No. 1652, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE INDUSTRIAL PARK SPECIAL FUND," were recommitted to the Committee on Ways and Means.

Stand. Com. Rep. No. 612 (S.B. No. 1736):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 612 was adopted and S.B. No. 1736, entitled: "A BILL FOR AN ACT RELATING TO GUARANTEE OF COMMERCIAL LOANS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Liu).

At 9:32 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 9:33 o'clock a.m.

Stand. Com. Rep. No. 620 (S.B. No. 1247):

Senator Ikeda moved that Stand. Com. Rep. No. 620 be adopted and S.B. No. 1247, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Solomon rose in support of the measure as follows:

"Mr. President, as I indicated on the voting sheet, I did vote against this bill in the Ways and Means Committee. However, I'm going to be speaking on behalf of the bill with reservations.

"Mr. President, my concern is simply this, we have allocated over 2,000-plus positions to the DOE and my thinking is that they know Act 295 is a reality, why are they not making the proper provisions internally to be

able to provide the support personnel that is needed for school-community based management programs throughout our public schools? This is the reason why I had expressed my concerns to the chairwoman, however, I have been satisfied because in the committee report it says, 'Your committee finds that this subject warrants further discussion.' I'm hoping that as the bill proceeds, people will take this into consideration.

"As you know, Mr. President, we have been severely criticized on the expansion of the number of public employees, but I just want to remind everybody here and those who are listening that the bottom line is that most of those employees were given to the Department of Education. They have the personnel; they have Act 295, so why don't they get on with the program, do the job and deploy personnel so that they can accommodate school-community based management requests. Thank you, Mr. President."

Senator Kawamoto rose in favor of the measure and stated:

"Mr. President, as the person who introduced this bill, I have been an SCBM member for Waipahu High School for the last five years. We started the SCBM, as you provided last year in the omnibus bill, which created the situation to empower the schools at the lowest level -- the idea of lump sum distribution; the idea of empowering the schools; the idea of bringing people to work with these students. And as mandates have come down to school level management, the concern has always been that currently the education officers or vice principals do not have the training and the experience to collaborate with all the partnerships of education to be using the liberties of lump sum budgeting to create a budget for the school to include the curriculum adjustments and the efforts by the partners of education in school level management.

"So in line with this, the schools request and support the presence of a school business manager because he or she has the experience and the training to bring partnerships together to enhance this situation that we have created for the schools, which is a good one, of empowering all the schools at the basic level. Thank you very much."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 620 was adopted and S.B. No. 1247, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR SCHOOL BUSINESS MANAGERS AT EACH SCBM HIGH SCHOOL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 621 (S.B. No. 1298, S.D. 2):

Senator Ikeda moved that Stand. Com. Rep. No. 621 be adopted and S.B. No. 1298, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Chumbley added his comments in support of the measure as follows:

"Mr. President, the educational legislative package that we have submitted is an attempt to continue the comprehensive systemic reform for the state. We have talked about recodifying the educational statutes to align with current research and practice; we have talked about developing an accountability system to improve our efforts.

"Mr. President, the teacher standards board is another effort to encourage excellence in our public schools. It would create standards for the performance of the professionals that will be held accountable for the learning that takes place in the classroom. Not passing this bill would fragment the development of the accountability system. Teachers are the key to improving student achievement. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 621 was adopted and S.B. No. 1298, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII TEACHER STANDARDS BOARD," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 623 (S.B. No. 201, S.D. 1):

Senator Ikeda moved that Stand. Com. Rep. No. 623 be adopted and S.B. No. 201, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Tam rose to speak in support of the measure and said:

"Mr. President. I rise to speak in favor of Senate Bill 201, S.D. 1, 'Relating to Environmental Education'.

"Generally speaking, this bill helps everyone build a consensus to work together in one direction to resolve Hawaii's environmental problems in regards to the three general areas - water, land and air.

"Mr. President and fellow colleagues, before I proceed, I wish to thank you for acknowledging the importance of this bill for the future of Hawaii's citizens, especially for our children.

"Senate Bill 201, S.D. 1 formulates the establishment of a working 'environmental task force' partnership between the legislature, state administration, environmentalists, federal administration, counties, and businesses for the purpose of establishing goals and objectives in directing how we will protect Hawaii's environment in the long-term future. The concept of task force is the same as we legislated back in 1987 for Hawaii's educational goals and objectives.

"Furthermore, the environment task force may make recommendations on the design and implementation of a community based management model for the environment similar to School Community Based Management, otherwise known as SCBM, in Hawaii's public schools, thus fostering working relationships or partnerships.

"Finally, the bill allows for the receipt of monetary donations and gifts from the community to help take care of the community's environmental needs, especially in a time of hardship. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 623 was adopted and S.B. No. 201, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

S.B. No. 244, S.D. 1:

Senator Fukunaga moved that S.B. No. 244, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Holt.

Senator Matsuura rose in opposition to the bill as follows:

"Mr. President, I'm going to speak against this measure.

"I applaud the intent of the introducer of this bill, however, I don't think this bill had the proper public hearing. And the reason why I say this is that I can't find any testimony whatsoever from agencies such as the Public Utilities Commission, the Consumer Advocate, or any of the providers. I have no idea if they were in favor or against this measure. However, there are only two sections that I have problems with and those are Sections 3 and 4 of the bill.

"I know that the state of Wisconsin has a law similar to this bill. However, that state has totally deregulated their intra-state telecommunications. The reason why I'm speaking against this measure is that we want a lot of the telecommunications providers to come to Hawaii to offer their services to instill competition. I feel Sections 3 and 4 would give the telecommunications providers major concerns as to their financial obligation that this bill calls for. A better way to accomplish the intents of the bill may be to simplify it by just charging a surcharge to all the ratepayers. At least the providers will know how much they are going to be in for. We have placed similar surcharges to help re-establish the Kauai telephone system damaged by Iniki. We have placed a surcharge to help the hearing impaired.

"With that, Mr. President, I'm going to vote 'no' on this measure."

Senator Fukunaga rose in support of the measure and stated:

"Mr. President, I rise to speak in support of Senate Bill 244, S.D. 1.

"Mr. President, and colleagues, with respect to some of the points raised by the prior speaker, this measure was heard on February 15, 1995, after being duly noticed. Many of the comments and testimony provided during that hearing (particularly from the PUC, Consumer Advocate and a number of the other agencies involved in the PUC's 'Telecommunications Docket No. 7702') urged that the Legislature take into account much of the work that has already been done at the PUC level through the consensus of many of the parties participating in that docket. As a consequence, your committee did amend S.D. 1 to incorporate many of the kinds of achievements and progress that have been made in the telecommunications docket to date.

"With respect to the prior speaker's second point regarding Sections 3 and 4 of this bill, these are some universal service types of mechanisms that other states have utilized to insure that all residents of the states that have introduced competition will be able to achieve and afford the benefits of advanced telecommunications services. As the committee report to this bill points out, your committee wanted to put as many of these different mechanisms on the table so that further discussion could occur with everyone's full participation.

"With those points in mind, Mr. President, I'd like to urge all of our colleagues to vote in support of this measure. Thank you."

Senator Anderson then rose to speak against the measure as follows:

"Mr. President, I wasn't sure, but I am going to speak against this bill.

"No one questions that we are entering the age of information and its subsequent highway and that Hawaii must be part of this. However, because telecommunication is a very complex and rapidly advancing industry, we must deal with it in a careful and thoughtful manner.

"This bill, done with the best of intentions I am sure, rushes us into a complex regulatory scheme to be implemented over almost a 3-year period.

"Despite the fact that the bill mentions both funds, funding and contributions as well as state participation which would come under HRS Section 37-51, this I believe indicates that the bill should have been referred to WAM.

"While a glossary is attached to the SCR for 'reference purposes only', the bill itself contains no definitions of terms used in the new sections. What for instance is included in the term 'Telecommunications'?

"It really pushes the first of three phases requiring that it be completed by June 30, 1995, (Normally I don't read; I would rather just speak. Reading makes it very difficult for me, Mr. President.) a bare two months at the most or far less depending on the day that it is signed into law by the governor. This first phase calls for the PUC to develop very comprehensive plans, goals and implementation requirements.

"I question whether this is really deregulation as called for by the governor in January. I question whether we are all really fully cognizant of the consequences of such a major and complex piece of legislation, particularly since there was a lack of public hearings on the bill and therefore insufficient public or industry input. We should have had this bill early enough in the session so that we could have been given an idea of the cost in the first committee or in WAM, or perhaps it could better have been introduced as a Senate resolution or Senate concurrent resolution.

"There are now other bills moving through the House and Senate which I feel are better vehicles to accomplish the goals of this bill.

"I am therefore, Mr. President, voting 'no' on this bill. And I do agree with the intent of the person that introduced it, but I am not one who understands the full impact of telecommunications. When the bill came before me, I really had no input. No one talked to me about it. I went back and had my staff and me go over it. We found so many things that we felt were wrong with this bill as far as the implications of dollars. Is the governor going to sign it or is he not going to sign it? Should it have gone to Ways and Means so that we would have had a better understanding, Mr. President, of the cost that it is going to be? We wanted to know what was happening, especially since our economic times are so bad. Those are the questions that I have. (And I'm sorry I put it down on paper, I think I would have done a lot better if I had just spoken out the way I wanted to.)

"Thank you so much."

Senator Solomon rose in support of the measure as follows:

"Mr. President, speaking in support of the bill, I would like to commend the chairmen of both the Consumer Protection Committee as well as the Communication and Public Utilities Committee.

"Mr. President, this bill is long overdue. I think that telecommunications is now a very competitive business. Hawaii is more or less left out of the main stream simply because we haven't had the courage previously to look at this issue and put something together. As a matter of fact, Mr. President, it astounds me that we even have to tell the Public Utilities Commission to do this. They have the power within themselves to do this on their own. It's taken this body to direct the PUC to look into telecommunications and to come up with some regulations so that we can compete with the rest of the world.

"Mr. President, I want to remind our colleagues here that we live in a big world. There are Pacific Island Nations out there that need these services that Hawaii could provide. And it never ceases to amaze me that the Public Utilities Commission has all of this power at their fingertips and they should have been the ones to come to us and tell us, 'Listen, we've got a problem; we've got to come up with these regulations.' So as far as I am concerned, Mr. President, we are beyond fearing the unknown, and I think it's about time that we proceed and 'imua' so that Hawaii, in fact, can become the leader in the Pacific in telecommunications.

"Mr. President, again I'd like to commend the chairmen. And as to the point of whether the bill should have been referred to WAM or Consumer, Mr. President, that was your call, and as far as I am concerned, I think the bill was referred to the right committee. Thank you very much."

Senator Fukunaga then responded:

"Mr. President, a brief response to the speaker from the Windward side.

"Mr. President, with respect to the specific public hearings that were held on the bill, these public hearings were duly noticed. I regret that our colleague from the Windward side was unfortunately not at the hearing at which this bill was originally discussed. There was considerable testimony from the agencies that did comment on it.

"With respect to some of his concerns relating to funds, there was an earlier discussion draft that was circulated among committee members. The Consumer Protection chair and I did meet with a number of members to inform them about the potential impacts of that particular draft. For the final draft, which is before this body, all references to any specific funds have been removed in deference to the Ways and Means Committee whose jurisdiction is over fiscal matters affecting all government operations.

"So I hope that clarifies some of the concerns raised by our Windward colleague. Thank you, Mr. President."

Senator Anderson rose again in response and said:

"Mr. President, just a slight rebuttal.

"I'm sorry that I wasn't at, what they call, the first meeting. However, when this came over to Consumer Protection, we did receive the first bill that had all kinds of implications of dollars. And that was taken out. And then we were given that same evening, another bill supposedly deleting any references, but it still said that the state had to be involved, that there were funds and that the different people who would be involved were going to have to come up with funds. And that's why I said if we are going to deregulate, you don't make such stringent rules that they're going to have to abide by. And you don't tell them 'You're going to have to put up x-number of dollars,' and then tell me that the consumer is going to come out ahead. That's not true. I'm in business and if somebody tells me that I'm going to charge you $5, plus you're going to be charged freight, plus you're going to be charged this, plus you're going to be charged that, I have to add it on, Mr. President. And that's what this bill tells everybody -- all the different things they have to do. And that's why I was concerned.

"And also, I am not afraid of what's happening out there. We are all living in a world that we know is changing. But you don't tell someone, 'Here's a bill and I want it implemented by June, 1995.' That's not enough time. If in fact we were going to get a bill that was as complex as this, we should have gotten it much earlier. I would have loved to have sat down and participated in it. But you don't tell somebody by June, 1995 you come up with all of these things. That's what I was concerned about, Mr. President, and I have seen no changes. And I know we have enough time because the bills are going across and we're going to be working on it further. But I'd like to bring that to the attention of everyone, not just here in the Senate but also the people in the House who might have to look at it a lot more carefully. There's a lot of bills today that I would have normally voted against or that I would have had many, many reservations on, but this one bothered me a lot.

"Thank you so much, Mr. President."

Senator Ige rose in support of the measure and stated:

"Mr. President, I just wanted to rise to speak in support of this measure.

"I just would like to note a couple of things for the record. The Public Utilities Commission has been dealing with the issue of deregulation and competition in telecommunications since 1989 or 1990 at the behest of the Legislature. This specific docket dealing with deregulation was opened by the Public Utilities Commission more than a year ago and they've been working on the issues, structures and phasing of deregulation of this industry for more than a year.

"This bill is consistent with all of the efforts by the Public Utilities Commission, and for the record, participants in that docket included experts throughout the country -- competitive providers as well as the current industry and companies regulated by the Commission -- so that there was widespread and broad consensus on the phasing and different activities that should be undertaken.

"And I would just like to note for the record that the Republican Congress is considering re-writing all the laws dealing with telecommunications in a much, much shorter time frame than this bill proposes, so that my colleague can discuss it with his Republican congress-people, because they clearly intend to rewrite all of the activities by the end of May, or at least have proposed and talked about doing that. Thank you."

Senator Holt also rose in support and said:

"Mr. President, speaking in support of the bill, I just want to assure the Senator from the Windward side that as the bill moves on, the committees will make every attempt to address his concerns and other Senators' concerns. Thank you."

The motion was then put by the Chair and carried, S.B. No. 244, S.D. 1, entitled: "A BILL FOR AN ACT

RELATING TO TELECOMMUNICATIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Anderson, Matsuura). Excused, 1 (Bunda).

S.B. No. 171, S.D. 1:

Senator Graulty moved that S.B. No. 171, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kanno.

Senator Graulty rose in favor of the measure as follows:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, your Joint Committees on Agriculture, Labor, and Employment and Judiciary heard extensive testimony on this particular bill. Some of the testimony coming from the families of police officers was emotional. Mr. Portnoy and Mr. Kato, representing the press, were likewise very emotional with their defense of open government, the importance of open government and having this information disclosed to the media.

"The most pertinent testimony that was received by the Joint Committees, Mr. President, was the testimony from the chiefs of police from our two counties, Chief Michael Nakamura for the City and County of Honolulu and Chief Howard Tagomori from the County of Maui. And I think their comments (at least as far as I was personally concerned) helped me determine what the appropriate public policy might be in this very important area. With regard to the Chief of Police of the City and County of Honolulu, Michael Nakamura, he testified as follows:

'I have always believed in open government and public accountability and I also believe that the men and women of the Honolulu Police Department are fairly punished for their mistakes through the investigative processes of both Internal Affairs as well as the Honolulu Police Commission. It is my responsibility to insure that those processes continue to work.'

"With regard to public trust and confidence, he testified:

'I also want to instill in the public the trust and confidence that if an officer commits a criminal act, that officer is prosecuted to the fullest extent of the law and the name of the officer is disclosed publicly. Similarly, if an officer is sued civilly, that officer's name becomes part of the public record. However, it is not fair to punish police officers in the media, nor is it fair to expose and subject their friends and families to scorn, retaliation and threats by disclosing the police officer's names.'

"With regard to the disciplinary process, he said as follows:

'The release of the officers' names is not in conformity with the purposes of the disciplinary process. This department strives to take timely and fair disciplinary actions for violations of its standards of conduct. The police departments probably take more disciplinary actions than any other governmental agency. That is in part attributed to the exceedingly high standards that officers in the police departments are mandated to live under. The current law makes it incredibly counterproductive to the disciplinary process. Discipline should ideally work toward correcting wayward behavior. In fact, employees who understand and even admit the mistakes committed could accept their disciplinary actions and then work toward a more productive career in serving the public. The winners are everyone -- the employees and public the employees serve.'

"His last point was on personal responsibility:

'The current law turns dedicated public servants who may be willing to accept responsibility for their acts and go forward with their lives and careers into employees who will deny any responsibilities for their actions and challenge every discipline and exhaust every means at their disposal. This means that the employees and their unions will draw out the disciplinary process and the contractual grievance processes for as long as possible. This serves no one, but it is done because of the necessity of protecting themselves and their families from unwarranted exposure in the media. Clearly, that was not the intent of the law. If producing better police officers by way of accountability by the release of their names was the intent of the law, then it has truly failed. Not only has it not produced better officers, but it may be producing an entire generation of human beings who will become engrained that using the system to avoid any responsibility is the norm.'

"Mr. President, clearly the disciplinary system within the Honolulu Police Department works. The Police Department does suspend officers; it does terminate officers. That is the whole intent of the disciplinary system: to address problems, deal with them and get back to doing what the public hired them to do, and to do it even better.

"Mr. President, not only are we requiring our police officers to wear their badges, we are forcing them to wear 'scarlet letters.' Not only will they wear the stripes on the sleeves of their uniforms, but their mistakes as well. Not only are they being disciplined by their chiefs, but they are being pilloried in the press. This is not only bad employment policy, this is bad public policy, and I would urge all my colleagues to support this bill. Thank you, Mr. President."

Senator Matsunaga then rose to speak against the measure as follows:

"Mr. President, I rise in opposition to this measure.

"First of all, Mr. President, let me clarify that I do agree with supporters of this measure on a couple of points.

1. Yes, police officers are different from other public employees, and they do deserve certain special treatment under the law, and in fact they are accorded special treatment under the current law. In fact, suspensions and terminations from off-duty conduct are exempt from this disclosure law.

2. There are certain forms of police misconduct that should not be disclosed. Yes, maybe the current law should be revised to exempt minor forms of misconduct, and I specifically refer to suspensions for being overweight or suspensions for being late for work. Clearly, an officer's right to privacy outweighs the public's right to know in those minor instances.

"This bill, however, goes a bit too far for my comfort. For example, suspensions for malicious use of excessive force should be disclosed. The public pays their salaries; the public has the right to know. Now, maybe such rare cases of malicious use of excessive force would be disclosed through the criminal prosecution proceedings or

perhaps through a civil suit, but that's not the point. The public has a right to know regardless of whether or not criminal prosecution is pursued.

"I think the argument about embarrassment to the family is not a real issue. I think it's a red herring. I think if that were truly an important factor, then we would prohibit disclosure of any public employee's wrongdoing because of a potential embarrassment to our families. We all have families, Mr. President.

"I've heard the argument too about why don't we just hold the chiefs of police responsible and accountable. And while I have great respect for the chiefs and I have a lot of confidence in their abilities, the point of the whole matter is we're not going to know, Mr. President, we're not going to know about the wrongdoings because they'll be kept confidential and we won't know how to hold them accountable.

"In closing, Mr. President, let me just quote the Office of Information Practices' motto: 'Sunshine is the best disinfectant.' Thank you, Mr. President."

Senator Kawamoto rose in support of the bill and said:

"Mr. President, I rise to speak in favor of this bill.

"I had the opportunity to be one of the first students in the Citizens Police Academy for 13 weeks last year. In this academy we learned every little detail that the police recruit goes through in a minute scale. They included activity where a split-second decision needs to be accomplished or needs to be made when you go through a maze of situations where you have someone with a gun and have to instantly decide whether to shoot or not.

"There are a lot of restrictions in that area, and to be faced with the possibility of divulging any kind of disciplinary action into the public media creates a situation where the police officers and their families are very vulnerable and would add unwarranted pressure in making this split second decision. And I believe likewise when you have a situation where these actions taken are divulged in the media and there is a chance of retaliation from either a family member of the victim or from the public. And I feel as a student in this 13 week course, that it gave me a true picture of the vulnerability of the police officer. Therefore, I ask my colleagues to vote in favor of this bill."

At this time, Senator Tam requested a ruling from the Chair as follows:

"Mr. President, I wish to declare that I may have a conflict of interest. I am employed part-time by the State of Hawaii Organization of Police Officers as a researcher."

The Chair ruled that Senator Tam was not in conflict.

Senator Holt then rose in support of the measure and said:

"Mr. President, may I speak in support of this bill?

"Mr. President, I have read Chief Tagomori's testimony before the Judiciary and Agriculture Committees and it was quite compelling. I think Senator Ikeda might touch upon that after I do.

"One of the issues that I really wanted to address was in response to an editorial that was published on Tuesday, February 28, regarding public disclosure. It talks about, 'this legislation is a narrow edge of a wedge that ultimately threatens open government and invites the sort of deficient law enforcement that only "secret police" can provide.' Even in the Office of Information Practices' testimony, it talked about 'one of the purposes of the open records law is to promote government accountability through general policy of access to government records.' And it goes on further to cite the United States Supreme Court by saying, 'the purpose of an open records law is to insure an informed citizenry vital to the functioning of a democratic society needed to check against corruption and to hold the governors accountable to the governed.'

"Mr. President, I'm very disappointed in the opponents of the measure who are basically saying that if this bill passes, our police department is going to be corrupt. And I think it is not the intent of this bill to promote a 'secret police.' I think that the proponents of the bill have stated their case quite eloquently and articulated the reasons why police are different from other public employees, and for these reasons that we discussed in the caucus and here on the floor, I urge my colleagues to vote in support of this bill. Thank you."

Senator Ikeda also rose in support of the measure and stated:

"Mr. President, I rise to speak in favor of the bill with reservations.

"As you know, Mr. President, I was convinced that this was not a good bill and was prepared to vote against it. However, I've had the opportunity to since read the testimony of Chief Tagomori from the Maui Police Department and I would like to point out a few things that he said. He says that it's his contention that the existing disciplinary system without disclosure of names is more than adequate to insure department accountability, and he challenges any agency, public or private, to equal its demonstrated ability to adequately police its own.

"He talks about the fact that due to the nature of their profession, members of the Maui Police Department are not only subject to the provisions of (1) their code of conduct, but are also governed by (2) Hawaii's criminal statutes, (3) Hawaii's civil statutes, as well as (4) applicable federal statutes. And at the present time, the name of an officer involved in official proceedings pursuant to all of the above civil and criminal codes is a matter of public record, except for those instituted for violations of the departmental code of conduct which may be considered to be the least serious of the four.

"He goes on to say that it should be noted that unlike the criminal courts which use 'beyond a reasonable doubt' as a standard to determine a defendant's guilt, an officer's culpability for violating the 'Code of Conduct' is based upon a preponderance of the evidence which is a lesser standard of proof. And for this reason, there is a greater chance that an officer would be found censurable under the 'Code of Conduct' than in the criminal courts, even if he did not in fact commit the offense.

"He also goes on to note that serious incidents involving officer misconduct routinely fall within the purview of criminal or civil law which already allows for public access to the officer's name. Having read this, Mr. President, I must concur that the police are held to an extremely high standard. And under the circumstances, I do agree with the chief that this bill would make it much more difficult for them to do their job in a reasonable manner.

"I would feel more comfortable, Mr. President, if the bill also assured us that if a police officer had a prior record of misconduct that this too would be disclosed if the officer was ever charged with a crime. I don't see that in the bill and so I still have some reservations about

it, but I do believe that can be amended at a later date during this session. And for those reasons, Mr. President, I will be voting for this bill."

The motion was then put by the Chair and carried, S.B. No. 171, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO UNIFORM INFORMATION PRACTICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Fernandes Salling, Ige, Matsunaga).

S.B. No. 1904, S.D. 1:

Senator Tanaka moved that S.B. No. 1904, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Ikeda.

Senator Tanaka rose in support of the measure and stated:

"Mr. President, I rise to speak in favor of this bill with reservations.

"Mr. President, your voting records in the Tourism Committee show, 2 ayes and 5 ayes with reservations, and your Ways and Means Committee has 3 ayes, 6 ayes with reservations and 2 excused. Mr. President, your Committee on Tourism (I can't speak for Ways and Means) has some concerns on your so-called 'adult entertainment' bill. We all recognize the economic benefits that your bill brings to the State of Hawaii in jobs and tax dollars and so on, but we also recognize that this 'adult entertainment' bill will bring a rise in crime and social costs. We had many who came to testify against this 'adult entertainment' bill because of social costs, increases in crime, and so forth.

"But also, Mr. President, your committee has recognized the need to keep this option open. The House has introduced some bills to raise the GET tax and take away tax credits. So I think we need to keep this open for further discussion to address the $250+ million shortfall.

"So, with that I will urge you to please support this bill. Thank you."

Senator Tam then requested permission of the Chair to have his remarks on the measure entered into the Senate Journal.

The Chair having so ordered, Senator Tam's remarks follow:

"Mr. President. I wish to insert in the journal that in regards to Senate Bill 1904, S.D. 1 'Relating to Gaming', my vote is in favor with reservations. I have reservations for the following reasons:

1. The implementation details are not clear, and perhaps will be clearer before the end of this legislative session.

2. I am concerned about the loss of business for the existing small business boating tours."

Senator Anderson rose in support of the bill and said:

"Mr. President, I'd like to say that I have some reservations, not because it's a gambling bill, but I have a bill in for a lottery which I thought everybody could play and I would have been for that. I thought it would also generate a lot more dollars and I was hoping we could keep that on the table so that we could see if, in fact, it was going to be more beneficial to the State in general.

"We're facing hard times. I had asked my staff if they could find out within the last six years how many non-profit organizations have started up. We don't have churches that pay taxes. We don't have non-profit organizations that pay taxes. And yet everybody is saying you can't go into gambling; you can't go ahead and cut my services; you can't take away my tax credits. What do they expect the legislators to do? We're not here to make sure we're going to get re-elected. We're here to do the business of the State, and if that means that we're going to have to streamline, have gambling, then I'm for it because it's a necessity. And I think that is what we should be looking at.

"So, it's not reservations with gaming; it's reservations on how many tax dollars will it really bring in, and I had hoped that you'd consider that. I'm awfully sorry that the lottery has died and horse racing has died. I think we have to look at every way we can to make sure that our people in this State do not have to pay a higher tax if we can go ahead and prevent it from happening. So with that, I will be voting with reservations for those reasons, Mr. President. Thank you."

Senator McCartney then rose in opposition to the measure as follows:

"Mr. President, it is with utmost respect that I rise to speak in opposition to this bill. It's in respect to the members on the Tourism and the Ways and Means Committees looking for alternative sources of revenue. It's to you, Mr. President, for taking the Senate to a new level where we can stay here today and debate a bill on the floor irregardless of what our positions are and what our allegiances are, and I thank you for that.

"For me, Mr. President, I have done a lot of soul searching on this bill. I just want to go on record as to why I do not support gambling and why I don't support this bill. And it's for that very concern about hard times and what is going on.

"First, I think we need to take a look at gambling as a source of revenue to continue more of the same in government. State government, in my opinion, is broken. It doesn't work. It needs to be re-invented, reformed, refined, re-engineered. And gambling in and of itself is another form of economic revenue that would continue and perpetuate the status quo. And I think that only now people are beginning to realize that the system is not working and that the revenues aren't there and hard decisions have to be made. I think it will still take time for different agencies to begin to take a look at the restructuring and engineering process and if we have a sudden influx of money, it's just keeping a patient alive who doesn't need to be kept alive anymore. It needs to be changed.

"Second, Mr. President, is what gambling does. We are just getting out of the plantation era and what's happening now is that if we go back to gambling, it brings back an element that we tried to get away from a few decades ago where a few, big, large companies caused vertical integration in the economy and caused major social and political changes to what Hawaii is. And my greatest fear is that we'll have outside influences in Hawaii's economy and cause vertical integration. All of us will get jobs and work for them but we will be employees.

"But what we should be doing, Mr. President, is spending the time and energy to change our tax and

employment laws, to look at restructuring the economy to make it easier for people to do business in this state rather than try to create another business to support government.

"Finally, Mr. President, gambling, in my opinion, is a shift of revenues within the sect economy itself. It may not bring in new dollars but it may shift money from Consolidated Theaters or Polynesian Cultural Center to a gambling operation. So that would simply be moving money within the economy causing a shifting of jobs, yet ultimately giving government more revenue.

"Mr. President, in my opinion, the concerns outweigh the benefits to Hawaii's economic and social future. And we cannot wager the roll of the dice on Hawaii's future. Once the store is open, once the doors of the casinos are open, I believe we give up our power for self-determination. And that's why I do not support the bill and I hope that we put a stop to it now. We need to make some very difficult and hard decisions. I know we are all looking for money in the budget, but I think the tough thing is that we have to begin to say that government can't be all things to all people. And we need to start carving out a new way of operating the government in the next millennium.

"Thank you, Mr. President.

Senator Matsuura also rose to speak against the bill as follows:

"Mr. President, I too am going to be speaking against this measure.

"If you were to ask the owners of the casinos in Las Vegas or Reno if they gambled, they will tell you 'NO'. Why? They know the odds of winning or losing.

"It is true that the longer one gambles, the greater the chances of losing because the probability of winning is against you. Let me illustrate. I have a quarter here and if I flip this quarter, the probability of getting a 'head' or a 'tail' is 50-50. The wager may be ten dollars. The casino will give you twenty dollars if you can toss two heads consecutively. Otherwise, you lose your ten dollar bet. Under these odds, the probability of winning is stacked against you. That is how Las Vegas was built.

"A few weeks ago, I visited a family on welfare. It was depressing. Try imagining living with five children in a small two bedroom apartment. If I were living under those circumstances, I would gamble even if the odds of winning were a million to one. Why do you think the majority of those people who play bingo today are on welfare? It is to win big so he or she can get out of the welfare ghetto. It is an escape from the frustration of living in a small apartment. It is also a chance to win a case of canned tuna, a case of chicken broth, or cash. The ultimate losers are the children because they are left neglected at home. Unfortunately, the mother on welfare has the time to play bingo. Believe me, they will not be able to withstand the temptations of legalized gambling because they will think it is their only ticket out of their misery. This is true everywhere in the world. Yesterday I saw on TV a couple winning $10 million in a lottery. Did they come from a fairly well-to-do background? NO! If you want more people on welfare in Hawaii, voting for this gambling bill will accomplish that.

"Some say we need legalized gambling to cover the budget deficit. If that is our goal, let me suggest a few alternatives to gambling.

"There are a lot of people and companies in Hawaii and elsewhere who are not paying state income and excise taxes. I investigated only three cases and in all these cases, they paid the IRS but not the State. How are they getting away with this? It is very simple. The Tax Department has one computer and ICSD of Budget and Finance has another computer. These computers are not compatible with each other. And, both are not compatible with the IRS Computer. In fact, according to the State Auditor report, the State computers will get into trouble in 1999 because the computer is programmed to read only the last two digits of the year, so come year 2000 the computer will not be able to read four digits. Because the computers are not compatible, the result is a lot of human work in between the computers. There is a lot of manpower being tied up doing what the computers should be doing. We have a tremendous amount of revenues not being collected. We should send field auditors and collectors into the field.

"We need to make our computers compatible with the IRS computers. The IRS computers have data base programs that can match business addresses, telephone numbers, with tax returns. If our computers were compatible with the IRS computers, we would be working more effectively by giving the IRS the State excise tax information. In return, we get the IRS computer tapes that the State can use if our computers were compatible. It will then be easy to check if an individual paid State income tax or not. State income taxes run about a third of the Federal tax. If we are not going to make our computers compatible with the IRS, then the State should use a simple tax form and use the IRS return to determine the State taxes due just as the State of California has done.

"I introduced S.C.R. 36/S.R. 30, 'Requesting the Department of Taxation to convene a blue ribbon committee to improve the department's computer tracking system', to address this very problem about the computers. If we are serious about our shortfall and its solutions, we need to fast-track such resolutions as S.C.R. 36/S.R. 30. S.C.R. 36/S.R. 30 were referred to three Senate committees. Reallocate some of the funds to get the computers to be compatible and I can assure you that we will generate revenues in the hundreds of millions of dollars and we won't need legalized gambling in Hawaii.

"Some of you may not be aware that the State telephone contract amount this year has dropped 50%. Thanks to the new procurement law, it went out on bid. This is another example of how the State can save millions of dollars. However, there is a strong movement in the legislature to repeal some of the sections of the new procurement law to bring it back to the old system. The solution to the implementation of the new procurement law is simple, just hire a person like Mr. Warstler, who retired last December as the chief procurement officer for the state of Michigan. Hire him on a contract for one year to help our acting chief procurement officer who has very little experience in implementing the new procurement law. Mr. Warstler will get the rules and regulations adopted fast. The proposed amendment to the new procurement law is definitely going backwards instead of enhancing the implementation and saving the State millions of dollars.

"I feel very strongly in pursuing the investigation of some of the airport contracts and the expenditures of the airport special fund as another source of improving State revenues. Where abuse can be proven, the State should get some of the money back. The resolution to look into these abuses was killed last session. There is a lot of money to be returned to the State. When the Senate Investigating Committee investigated the ERS fund, we were assured that everything was fine. All of the Senate Investigating Committee ERS reform bills were also killed last session. I am told that the ERS investment returns

fell short this year, and as a result, the State needs to make up the shortfall with $7.62 million of general fund monies next year. We need to find out why the shortfall occurred. I still have a thorn in my flesh because I still feel that the State paid too much for the real estate for the convention center site.

"I realize that it is the prerogative of the Senate President to refer any bill to any committee. I have no problem with that. However, it appears inconsistent that all the gambling bills went to the Tourism and Ways and Means Committees and not the Judiciary and Ways and Means Committees. Gambling is illegal in Hawaii today, I repeat, it is illegal in Hawaii today. A bill to make it legal should have been referred to the Judiciary Committee. My concern is, make one exemption to the Senate rules and it becomes a rule.

"Lastly, we must heed the cautions expressed by the law enforcement agencies, the US District Attorney, the State Attorney General and countless of informed citizens.

"Some of you may be voting for this bill because you feel that this bill will be killed in the House. In my 15 years in the Legislature, I have learned one thing: never send a bad bill to the other House. One mistake in voting on a bill like this will have lasting consequences for us, our children and their children. You can bet on that!

"I request a roll call vote after the discussion. Mahalo!"

Senator Kawamoto rose in favor of the measure and said:

"Mr. President, I speak in favor of this bill with sincere and deep reservations. I admire the courage of Chair Tanaka and Chair Ikeda who passed this bill through their committees with very deep reservations.

"Again, without this bill, we foresee the enhancement of our economy being by only one vehicle, which is the excise tax. The senior citizens out there are crying because of their fixed incomes and what an increase in the excise tax will cost them. As far as the people with concerns for human problems or social problems that we will have from gaming, this is real. I had the opportunity to be the fighter squadron operations officer at Nellis Air Force Base in Nevada, for three years, and also in Okinawa, Japan, for two years. I've seen these social problems. We at squadron maintenance saw those problems that our enlisted personnel and junior officers had, which we in turn had to resolve. It was difficult to see battered children and spouses because of incidents of their over-extending their losses. I saw people lose their houses and life savings.

"Therefore, with deep reservations, I am in favor of this bill. Although I vote aye, we need to address extended losses and I need to see a means in which the losses of our residents can be limited. But I suggest that because our economy is in such a state, that we need to have two types of vehicles going through for discussion. I ask my colleagues, with reservations, to please pass this bill. Thank you."

Senator Graulty rose in support and stated:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, we've heard the testimony by my dear colleague and friend Senator Matsuura with regard to the concerns that he has about some possible law enforcement ramifications. And I just wanted to remind the Senators that everything that we heard last year when the Committee on Judiciary reviewed this bill was that the law enforcement communities in the areas that do have shipboard gaming did not run into any problems with regard to law enforcement.

"Shipboard gaming and other forms of gambling are tremendously huge operations requiring the investments of corporations that are listed among America's largest corporations. I have faith that the regulatory bodies that would be responsible for this new enterprise, if it should so pass, would be vigilant in making sure there is not this underworld or bad influence that would be brought to bear on this new source of revenue for our state.

"My reservations, however, rely more or quite more to the opposite of what Senator Anderson said. Senator Anderson's position is that he would want more options -- lottery, pari-mutuel and other forms of gambling. As I see this bill, Mr. President, this is a very limited bill that tries to attract not the local people, but the people from Asia and elsewhere to participate in an activity that's going to bring in revenue for the state. What we are talking about here is isolated activity, controlled activity. My reservations have to do with how we keep the local population, at least those that are not able to afford it, from participating in this activity. I would like to see in the bill perhaps higher entrance fees; perhaps the requirement that individuals wear tuxedoes like in Monaco and places elsewhere in order to ensure that what we're dealing with here are the wealthiest segments of our population and the tourists from Asia who are presently going to Las Vegas and dropping their dollars there. It is that population that I think shipboard gaming is directed to. And that is the reason why I support shipboard gaming.

"My concerns, however, relate to the fact that once shipboard gaming is allowed in our state there may be an expansion of this activity, such that we would see lottery, pari-mutuel and all the other forms of gambling that I would oppose.

"For these reasons, Mr. President, I urge all my colleagues to vote 'aye' in favor of this bill. Thank you."

Senator Baker also rose in support and said:

"Mr. President, I rise to speak in support of this measure with no reservations.

"Mr. President, there are a number of reasons to support this measure. First, it will, in fact, generate revenue for the future. This is not a measure that we can look at as addressing our current deficit. We must make those hard decisions right now. But we need to look at measures which will give us options for the future, and I believe shipboard gaming is indeed one of those. Second, shipboard gaming provides another activity for tourists during their stay. If we can provide additional kinds of activities that our visitors would find interesting, then we have the opportunity to have visitors extend their stay in Hawaii. I believe that gaming is an appropriate activity to enhance Hawaii as a visitor destination. It provides an alternative to our visitors who come to enjoy our beaches, our climate, our culture and our people and it gives them another entertainment option especially when the sun is not shining. I think gaming would enhance rather than detract from the visitor experience.

"With regard to the perceived negative impacts of gaming, I would say that shipboard gaming is a readily controllable form of gambling. The bill provides for the kind of control and confinement of gaming that other proposals do not have. It is limited in location and number of outlets. It does not need to be pervasive and all over the place in order to be successful like a lottery must be. In fact, Mr. President, this form of gaming is

the least intrusive on our population. The gaming would be done offshore on specially equipped ships making it easier to control the activity. It would not be conducted in our communities. It would not expose our children to this widely accepted form of 'adult entertainment,' as our Tourism chair so ably calls it.

"Shipboard gaming would be geared to the visitor although local residents would not be prohibited from engaging in the activity. And it would be geared to the folks who want to and have the means to enjoy the activity.

"And Mr. President, finally, I think it's naive of us to think that local residents do not already engage in gaming, legal and otherwise. It is naive to posture that if this bill fails, somehow we are protecting our population, our local residents, from this kind of activity. The statistics show us that Honolulu is ranked eighth in the country in the number of flights departing to Las Vegas. In terms of our population and the number of people that go from the entire state, we rank tenth in the nation and we are a very small state. Gambling is a part of the lives of many of our local residents. It's just that they do it elsewhere without the dollars being spent here. And in terms of other kinds of gambling activities, I suspect that all of us have seen a football pool or a wager on the golf course. So for opponents to say that we can't pass this measure because we've got people to protect is not being totally honest or cognizant of current realities.

"Mr. President, I think this bill, as it has been crafted, has a number of safeguards. It authorizes gaming in a controlled, confined way. It will not have the perceived negative impacts that some of the previous speakers raised. I commend the chairs of Tourism and Ways and Means for moving this bill along because I think it's vitally important that we keep this vehicle alive for continued discussion and for a serious look at the kinds of other economic activities we may want to generate for this state without always having to resort to raising taxes to generate increased revenues. Thank you."

Senator Anderson rose again and said:

"Mr. President, I'd just like to reiterate. A lottery, according to everybody, is going to hit our population and no one wants gaming to hit our people, so they are going to get a special group from tourism. Well, let me tell you something ladies and gentlemen, there is nothing wrong. I go to Vegas maybe once a year or once every two years; but I see our constituents, every one of them, and they have a right to go to Vegas if they damn well feel like it. But the problem is there's a whole bunch of people home here who have children, who may have a hundred or two hundred dollars left over and they can't go anywhere. They can't take a chance on something, and we're saying we're going to make gambling illegal for you because we're going to protect you. Our morals are so high that we're going to keep you from damaging yourself in gambling. You can't take a plane and pay for a hotel so you can't go ahead and gamble. And that's not fair. If a person has a hundred or two hundred dollars left over and they want to buy a lottery ticket, that's fair and equitable. There are people who are going to be excessive in gambling and drinking and eating. We have more people that do things excessively than the man in the moon. And you can't make laws to protect everybody. We're not here to be moral; we're here to make laws that are going to benefit the overall populace.

"I've put in a bill for a lottery for something like ten years. The police department and everybody comes and says, 'We have statistics,' but they never bring forth all of those statistics. I've asked for them. 'We will send them to you.' As a Representative, they promised every year. 'Representative, we will send this to you.' When I ran for mayor and lost, there was a bill in the House for a lottery and I went in and testified on behalf of it as a citizen of this state. I took statistics from every other state that had lotteries and different forms of gambling that assured people that they did not have any increase in crime and that there was not an increase in the human service populace anymore than we have now. And I took those with me, but I still have not received from the police department and others all of the statistics that they promised they were going to give me.

"So, please if you're going to vote, you have to vote for what you believe is going to be best for the populace, not to be a popular person and say, 'My morals are such that I'm going to protect you,' because that's not what we're here for. Thank you, Mr. President."

Senator Ikeda rose in favor of the bill and stated:

"Mr. President, I rise to speak in favor of this bill, but with very serious reservations.

"As you know, Mr. President, I joined the members of the Tourism and Ways and Means Committee in approving this bill to allow shipboard gaming in Hawaii a few days ago. I voted with reservations and that's because I'm not enthusiastic about legalized gambling. There are many objections to gambling and it represents a significant policy change. But the fact that this bill is alive is a measure of the gravity with which the members view its positive prospects for Hawaii.

"Mr. President, the inescapable truth is that if we do not raise revenues somehow, we will have to cut deeply into everything from education to emergency services. I am prepared to do this, but the consequences are very alarming to me. We are facing a budget deficit in excess of $250 million over the next fiscal biennium and the Council on Revenues' last general fund revenue estimate could take an even bleaker downward adjustment. Anticipated congressional budget cuts will severely affect state and local programs. We're also faced with having to find the means with which to pay the $600 million settlement with Hawaiian Homes. We are in a precarious financial juncture with many options. Among them, raising taxes, which most of us don't want to do.

"I was prepared to support this bill as I did last year, Mr. President, because I thought the door should be kept open to give this proposal its day in court, until I received a memo from the Attorney General which appeared to set up a formidable barrier to the enactment of shipboard gaming. As you know, Mr. President, much to the dismay of my colleague across the aisle, I summarily boxed all of the other gambling bills including his lottery and bingo proposals. And I did so because I felt that we had to weigh the pro and con on these issues. I gave my qualified support to shipboard gaming because I thought that it would minimize a lot of the problems that gambling theoretically could bring to this state, and it would offer another type of activity for the tourists.

"But just as I thought things were moving along, the Attorney General's memorandum indicated that not only do we have to worry about sovereignty and the possibility of the Hawaiian people getting into gaming, what is an even more alarming problem is the possibility that a mainland tribe, an Indian tribe, could establish land-based casinos here by purchasing land in Hawaii and conveying the title to that land in trust for the benefit of that tribe and otherwise complying with certain procedural requirements of the Indian Gaming Regulatory Act.

"Unfortunately, there are no definitive decisions on this. It is conjecture at this point in time although, for me, it's something that we need to weigh in the equation.

"It's a dilemma. And I'm going to support this bill despite the potential problems that I see because of the fact that I think that we cannot afford to close at this point in time any options that are available to us as we deliberate and formulate our budget.

"The Senator from the Big Island noted that we should never pass a bad bill with the idea that it is not going to pass the House. This bill has some safeguards built into it, Mr. President. Among them, language which essentially is a 'drop dead' clause if any tribe were to attempt to bring any kind of situation to the courts. It also has a number of blanks; among them a blank amount for the entrance fee; a blank percentage on the gaming tax, which would affect the proceeds that come to the state. And so it cannot possibly pass the House without first coming back to the Senate, should the House even determine to go that far.

"I believe, Mr. President, that with those safeguards and because I feel very strongly that we cannot close the door on any options available to us, I will support this bill."

Senator Levin then rose to speak against the measure and said:

"Mr. President, I rise to speak in opposition to the bill.

"My colleague across the aisle, actually immediately to my right, said that what we should be doing is what is best for the populace. I agree with him. I think that is what we should be doing. And the position that I cannot help coming to is that it's best for the populace not to have legalized gambling in Hawaii. I have gone to Las Vegas; I've enjoyed gambling in Las Vegas. But I do not choose to live in Las Vegas and I don't want to bring Las Vegas here.

"I think that once we open the door to legalized gambling, whether it be shipboard gambling or some other method, that will be -- to use the old cliche -- the opening of Pandora's box, and it will be a very short time before we absorb that revenue and need additional revenues and then authorize different forms of gambling as well.

"I understand the dilemma posed by the chair of Ways and Means and I respect the position she is taking and understand the difficult decisions that we will have to make. The programs that will be cut are programs that are very important to me and to many of my colleagues and I understand that. But I don't think the way to go is to legalize gambling in the State of Hawaii. I think it will hurt our population and I think it will hurt our society, and I urge my colleagues to vote 'no.'

"If we're not going to pass this bill at the end of this session, it is better to put it to rest now and start facing the hard decisions now. Keeping this option alive, to be ultimately defeated in the end, will just make those decisions a little bit harder and postpone the inevitable day in which the hard decisions will have to be made. Thank you."

Senator Iwase spoke in favor of the measure as follows:

"Mr. President, I rise to speak in support of this bill with strong reservations, for the reasons that were articulated by the chair of the Ways and Means Committee.

"Mr. President, the last time I visited Las Vegas was in 1974. And I was there to go and watch a show. If I go back to Las Vegas, I would go there to watch a show because I don't gamble. I voted against the lottery bill; I voted against the bingo bill; I voted against the pari-mutuel betting bill. However, I have supported the cruise ship gambling bill because it is the least intrusive, and also because, as noted by the chair of the Ways and Means Committee, the financial situation that we're faced with -- the $250 million deficit, the $300 million Hawaiian Homes settlement. These are large expenditures that we are forced to meet.

"People today have spoken about changing government, streamlining government, and I agree with that. There are two ways, I guess, to re-invent government quickly to deal with the $30 million payment that we have to make for the Hawaiian Homes settlement in 1995, and that's revolution. Changing government also comes by evolution. If it's by evolution, it takes time. And it's going to take time to change government to operate in the kind of ways that we hope it will operate and with the efficiency that we all hope it will operate with. We have to keep these options alive -- how to deal with the loss of revenue; how to deal with the debt that we have incurred and will continue to incur.

"The other day the House made mention of raising the GET and I suspect, as I found out at a car wash over the weekend, just how great the anger is at increasing the excise tax by one percent. And so we are not left, perhaps, with that option. And if not that option, what are we left with?

"To those who understand the problem we face, to those who sit here today as chairpersons of committees, if you understand the gravity of the situation then I would assume that no bill was sent to the Ways and Means Committee which increased expenditures for any program in the State of Hawaii and/or you have sent to Ways and Means bills which cut programs which we have to do.

"Mr. President, I hope this debate continues. I hope, come May 1995 when we have to select a revenue source, that we'll be able to choose the best option and that we are not going to be just left with the option that happens to lie on the table. I don't know if this is the best option. It is not for me. I hope there are others, but we will have to wait and see, and we're not going to get there if we leave ourselves with no discussion room this month. Thank you."

Senator Solomon spoke in favor of the measure and stated:

"Mr. President, I'm speaking in support of the bill with no reservations.

"Mr. President, just as a follow-up to the inquiries and to the questions that were posed by our chairwoman of the Ways and Means Committee, your Committee on Tourism did pursue the issue of the possibility of American Indian tribes being able to acquire property in Hawaii for the purpose of gambling. We did receive a memorandum through your office, Mr. President, from a law office that has been dealing with these issues and specializing and representing different Indian tribal governments for the past 20 years. I will be passing this memorandum on to the chairwoman for her further perusal. What it says is 'With respect to the possibility of mainland tribes acquiring land in Hawaii for gaming, this would be impossible under the Indian Gaming Regulatory Act.' It goes on to say that 'Section 2719 proscribes the conduct of gaming on Indian lands acquired after the date IGRA came into effect October 17, 1988, unless such lands are located within or contiguous to the boundaries of the

reservation on the date of enactment of this Act.' It further states that the Indian tribes can in fact come to Hawaii if they are interested in pursuing shipboard gambling or to acquire a ship for the purpose of shipboard gambling. Then of course, that has to be negotiated within the terms of the legislation.

"Also, Mr. President, I would like to remind our colleagues that due to all of these concerns, we did insert in the committee report a section 10 that would define shipboard gambling as confined to the ocean and not to encourage or to allow land-based gambling.

"So with that, Mr. President, I'd like again to ask my colleagues to consider a 'yes' vote. Also, I want to remind my colleagues that in the Hawaiian Kingdom we had horse racing. We also had cock fighting and Liliuokalani, as one of her last acts as the last ruling monarch, did propose a lottery bill that would assist a public education system, as well as, a public supported health-care system. This would have been under the Hawaiian Kingdom and revenues from a lottery would have provided those needed dollars. Unfortunately, Mr. President, the Queen's proposal was defeated simply because of the missionaries' influence in Hawaii at that time. They felt that it went against the church principles that Hawaiian people were not capable of controlling their gambling impulses and that would lead them astray and lead them away from the church. And it's sad to say, Mr. President, that many of the emotional remarks that were made during the hearings still had this stigma. I think that civilization has evolved and that people do have a will and a mind that can be able to control what they so desire.

"Mr. President, I posed a question to Mr. Alm, who was at the committee meeting, on the impact of gambling on crime, and as you know, Mr. President, we have a study by the Massachusetts Committee on Post Audit and Oversight that found no link between legalized gaming and crime, and with that, Mr. President, I'd like to support the remarks made by our Judiciary chairman on this matter. Also, officials in Illinois not only confirmed that riverboat gambling had no impact on their communities, but that impact of crime on communities actually had gone down. Also, Mr. President, there were studies that showed that shipboard casinos did create hundreds of good paying jobs. A number of jurisdictions in Mississippi also experienced the same situation that we are presently experiencing now with the downturn of our plantation system throughout our state. They also said that the job growth and lower employment have contributed positively to reducing crime rates.

"Also, Mr. President, in speaking on other concerns, the issue of our state deficit has been well discussed here on this floor. The bottom line, Mr. President, is that we want to keep the money at home. We should capitalize on our multi-billion dollar tourism industry and see how it is affected by shipboard gambling. And also, Mr. President, I have great confidence in this legislative system. If something is not working for the State of Hawaii, we should have the courage to say, 'it didn't work, we tried it,' and shut the door. We should leave it to the discretion of the future generations that will be sitting in these black seats to make the decisions. We cannot profess to know the future; we just have to try to do the best we can with what we have and what's available to us. Let the future look to see if in fact gambling is a negative, and if it is, I have the confidence in the future generations of this great state that they will say we don't want it.

"Mr. President, we have been debating this issue for the past 20+ years and it is my opinion that if we don't have the courage to either fish or cut bait, then perhaps we should make this a referendum item; get it on the ballot and let the public decide what they want to do with the gambling issue. I know that there's been a lot of discussion within our communities as to whether or not we would like to allow shipboard gambling. As the bill progresses and discussions are continued, perhaps we should look to the possibility of bringing the issue to rest.

"Mr. President, I feel that we should not be debating the unknown, and that it's about time we have the courage to try it out and if it doesn't work, to do away with it.

"And speaking in support of my favorite gambling activity, which are pari-mutuel and horse racing, I feel very strongly that there should be a resolution passed this session to look at the possibility of allowing it and if Oahu doesn't care for horse racing, the Big Island definitely wants it. I think it would create a tremendous spin-off of businesses for us there.

"Thank you very much."

Senator Ikeda rose again and said:

"Mr. President, I'd just like to note a couple of points.

"I have read this memorandum sent to you from Mr. Howard Dickenson and I will note from this memorandum that while in one sentence he says this will be impossible, he also notes that there are a few exceptions and reiterates the same information noted by our Attorney General. So again, nothing is definitive. The Attorney General says that she understands that there are attempts at acquiring land and getting into gaming in other areas, and such attempts are pending in Louisiana, Michigan and Minnesota. So this memo does not have the effect of closing the door on my concerns. And my real concern is that if we lose control and lose the right to regulate, which could happen under the Indian Gaming Act, then we will be saddled with all of the social problems, should they come about, and very little of the benefits, if any. And that's the reason why I have this serious hesitation. But, as with anything, these things have to be weighed in the balance and that's one of the reasons why I feel that this bill should go forward for further discussion.

"On another note, I would like to make it extremely clear that the potential revenue which would be derived from this proposal is not, and I repeat, is not, factored into the financial plan upon which we are basing our budget. So to say that it would postpone hard decisions is erroneous. I'm pleased to hear from my colleagues that they are prepared to give up some of their projects, and give up some of the programs that they hold dear, because I can assure you that this is going to happen very shortly.

"Thank you."

The motion was then put by the Chair and carried, S.B. No. 1904, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO GAMING," having been read throughout, and Roll Call vote having been requested, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 17. Noes, 8 (Ige, Kanno, Levin, Liu, Matsunaga, Matsuura, McCartney, Taniguchi).

S.B. No. 488:

On motion by Senator Holt, seconded by Senator Ihara and carried, S.B. No. 488, entitled: "A BILL FOR AN ACT RELATING TO HEALTH INSURANCE," having

been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Anderson, Baker, Ige).

S.B. No. 489:

On motion by Senator Holt, seconded by Senator Ihara and carried, S.B. No. 489, entitled: "A BILL FOR AN ACT RELATING TO HEALTH INSURANCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Anderson, Baker, Ige).

S.B. No. 521, S.D. 1:

Senator Holt moved that S.B. No. 521, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Ihara.

Senator Baker rose to speak against the measure as follows:

"Mr. President, I rise to speak in opposition to Senate Bill 521, S.D. 1 'Relating to Time Sharing.' This measure requires, or seems to require, all time share sales agents to be developers and as such would create a monopoly, in my view, in the resale market.

"Mr. President, several years ago when the time share marketers descended on Lahaina like a horde of locusts, I began to do considerable research into this industry. Aside from the fact that time share, in my judgment, is a flawed product, it is fraught with deceptive and unfair high pressure sales tactics, and one of the biggest consumer problems my research uncovered was the virtual lack of any bona fide resale market.

"Owners of time share who wanted to get out of a bad purchase or their life style changed and they could no longer afford the time share commitment or for whatever reason, have discovered that they simply could not resell their time share interval. Developers would not buy it back as they usually had plenty of other 'units' still for sale; traditional real estate agents would not bother with time share either because the commissions were small or they didn't want to be associated with time share and its negative image. Besides, time share brokers generally were uncooperative in showing the units involved.

"For whatever reason, the time share owner who wanted to sell had very few options, if any, and almost never recouped an investment, even though that is how much of time sale is sold in violation of our laws, I might add. Many of the owners frustrated with not being able to sell their unit and to get out of a lifetime obligation, (which time share is) would simply abandon their unit or allow it to go through foreclosure. In either event, the developer of the time share project won because without any pay out, the developer would put the unit back into inventory, and then could sell it again. This situation has been a boon to developers and a financial heartache for consumers.

"Over time a few specialty firms have cropped up to try to create a viable resale market. Developers have always fought such efforts. These developers have such a good thing going. And now we have a bill that would, in fact, sanction this monopolistic practice in our statutes.

"Mr. President, I recognize that the Chair of the Committee on Consumer Protection has forwarded this bill from his committee for further discussion. But, it was not the consumers who requested that this measure be put forward, rather, it was those who have a vested interest in the status quo. In my view, this measure not only has the fox guarding the chicken coop, it has given the fox a license to take the chickens.

"Mr. President and colleagues, this bill is bad for consumers; it is a step backward in trying to clean up this industry and I ask my colleagues to join me in voting 'no' on this measure. Thank you."

The motion was then put by the Chair and carried, S.B. No. 521, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TIME SHARING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 6 (Anderson, Baker, Fukunaga, Ige, Levin, Matsunaga). Excused, 1 (Bunda).

S.B. No. 532, S.D. 1:

On motion by Senator Holt, seconded by Senator Ihara and carried, S.B. No. 532, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DISCLOSURES IN REAL ESTATE TRANSACTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

S.B. No. 959:

On motion by Senator Holt, seconded by Senator Ihara and carried, S.B. No. 959, entitled: "A BILL FOR AN ACT RELATING TO LIMITED INSURANCE LICENSES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

S.B. No. 1359:

On motion by Senator Holt, seconded by Senator Ihara and carried, S.B. No. 1359, entitled: "A BILL FOR AN ACT RELATING TO PATIENT ACCESS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Baker, Ige). Excused, 1 (Bunda).

Stand. Com. Rep. No. 649 (S.B. No. 728, S.D. 1):

Senator Holt moved that Stand. Com. Rep. No. 649 be adopted and S.B. No. 728, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Ihara.

Senator Levin rose in favor of the bill and stated:

"Mr. President, I rise to speak in favor of this bill with reservations.

"I suspect my colleagues received the same communication I did, but perhaps not, from Reverend Alexander of the Hawaii Catholic Conference in opposition to S.B. 728. In the communication, what Reverend Alexander is saying is that there is a question of the freedom of the church to practice its beliefs and not be put in a situation where the law would infringe on its rights to practice religion by being compelled to pay for contraceptive services.

"I'm wondering if the chair of either committee that took up this measure would consider including a conscience clause or an exemption clause in the final product. If they would, then I would feel comfortable having this bill move across to the House. But I think

that I would have grave reservations if the Senate position is that no kind of exemption could be possible and that's why the bill is moving as is."

At 11:09 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:16 o'clock a.m.

By unanimous consent, action on Stand. Com. Rep. No. 649 and S.B. No. 728, S.D. 1, was deferred to the end of the calendar.

Stand. Com. Rep. No. 656 (S.B. No. 447, S.D. 2):

By unanimous consent, Stand. Com. Rep. No. 656 and S.B. No. 447, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO BIRTH RECORDS," were recommitted to the Committee on Judiciary.

Stand. Com. Rep. No. 657 (S.B. No. 487, S.D. 1):

On motion by Senator Graulty, seconded by Senator McCartney and carried, Stand. Com. Rep. No. 657 was adopted and S.B. No. 487, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO GASOLINE DEALERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Baker, Ige, Liu). Excused, 1 (Taniguchi).

Stand. Com. Rep. No. 658 (S.B. No. 865, S.D. 2):

Senator Graulty moved that Stand. Com. Rep. No. 658 be adopted and S.B. No. 865, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator McCartney.

Senator Graulty rose to support the measure and stated:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, the counties have come to us complaining about the exposure to liability that they have for beach activities, ocean activities and other activities, which are as wide as the expanse of the ocean that they are responsible for. And it is with a great deal of sympathy that your Committee on Judiciary adopted many of the recommendations that the prior committee, Senator Iwase's Committee on Planning, Water and Land Use, had adopted to support the counties in facing this particular problem.

."I just want to point out, Mr. President, that your Committee on Judiciary was concerned about giving absolute immunity to the counties for these particular kinds of activity because, as you know, your Committee on Judiciary is the 'absolute immunity store,' and we are always being requested by many in the community to grant absolute immunity for the activities they undertake. In this particular instance, the Committee on Judiciary was sympathetic; however, there is just one part in which we may have some disagreement with the prior committee and perhaps with the County of Maui which has faced quite a number of lawsuits with regard to beach activities.

"Last Friday, Mr. President, you may recall the Honolulu Advertiser had a story about a whale, a 35-foot whale about two to five years old, that had beached in Kihei. And the newspaper article says in a little boxed portion of the article: '"There's blood in the water and people should stay out of the ocean between Kalama Beach Park and Kalepolepo on Maui," Marine Mammal Specialist John Naughton said yesterday. There were up to ten tiger sharks as long as 12 feet attacking the humpback whale that died Wednesday. "Even after the whale is removed, you want the reef area to be flushed of the smell," Naughton said. "When you have that much food generating that much scent in the water, expect sharks," he said.' And this article is by Edwin Tanji of the Maui Bureau of the Advertiser.

"That's what your Committee on Judiciary is concerned about. Because when you're dealing with human lives and serious injury, particularly of our visitors who are the lifeblood of our state's economy, 'caveat emptor' should not be the responsible and appropriate social policy. I think we have a responsibility to the proverbial 'Okie from Muskogee,' so that when he comes to Hawaii, he is in some way warned of these kinds of circumstances; and where the counties have willfully failed to warn him of the dangers, I think that the county should remain legally responsible.

"Now, this should not be taken to imply that the county should be held liable for any acts of negligence. The standard of willful failure, as testified to by Mr. Toyofuku who represents the trial lawyers, is even higher than gross negligence; but the committee feels that minimally, the counties have a duty to warn of these kinds of dangers that the counties know about and that other unsuspecting people who come to our islands to enjoy our beaches may not know about. And it is for this reason that I am asking the Senators to support Senate Bill 865, S.D. 1. Thank you, Mr. President."

Senator Iwase rose in support of the bill as follows:

"Mr. President, I thank the previous speaker, the chair of the Judiciary Committee, for his great concern for people from Muskogee, and I would hope that he is also concerned about 'Oshin from Osaka' when they come to our beaches.

"However, Mr. President, I will be supporting this bill with reservations because I would hope that as we go through the process, we will strengthen the protection for the counties. I think all of us who sit on the two committees heard the kind of problems that are presently being encountered by lifeguards who told us they can't even do their job because they have to run around and warn people. We have hundreds of miles of coastline. We have miles and miles of public access trails and we were told, at least in our committee from testimony presented, written testimony, that those kinds of services are jeopardized because of the fear of lawsuits. We were also told about concerns from private landowners when there are zoning issues; whether or not they want to dedicate land for beach access because of the concern about liability. And there was also testimony from the Hawaiian Homes Commission that if the counties are so fearful that they start returning lands to us -- beach lands to us -- that the State would not be able to run them. One beach in particular they pointed out was Makapuu.

"So I hope that we can strike a balance and protect the counties. We have protection, the State of Hawaii. And I'm sure that if we do it right, we will not only protect the counties, we'll protect the state; we'll protect the 'Okie from Muskogee' and 'Oshin from Osaka.' Thank you, Mr. President."

Senator Baker, in support of the measure, then said:

"Mr. President, I rise to speak in support of S.B. 865, S.D. 2, but with reservations. The reservation being that this bill does not go far enough.

"As we are all aware, our present laws do not provide sufficient county indemnity for injuries resulting from the natural conditions of unimproved public lands. The result

is that our taxpayers are footing the bill in large 'deep pocket' lawsuits filed on behalf of plaintiffs injured while interacting with the natural environment.

"Nature is the wellspring for both incomparable creation and dire destruction, awesome in its beauty and its scope. When dealing with such a powerful and capricious force, accidents unfortunately do occur, sometimes with tragic ends. Despite our sympathy for the suffering of these accident victims, however, it is eminently unreasonable for the state or counties to be held liable for injuries caused by natural conditions over which there is no conceivable control.

"I do appreciate the intent of the Judiciary Committee and its chair to address this urgent situation and grant the counties some immunity from liability for injuries which are incurred on unimproved public lands. I share the concern of the counties, however, that the indemnities proposed in this measure do not sufficiently provide the liability relief that the counties so desperately need and which they deserve.

"Without such protection, the costs of defending and settling these liability lawsuits will threaten to drain our county budgets and may negatively impact the provision, maintenance, and extension of beach and trail access for the general public.

"I believe, therefore, that it is essential that the counties be provided even greater insulation than this bill presently appears to afford.

"I urge my colleagues to support this measure because it is an important first step in providing our counties immunity from unreasonable liability suits, but I respectfully request that the Judiciary Chair and its Committee continue to work on this measure and others which may be crossing over from the House so that we may provide a greater level of protection for our counties. Such protection will ensure that the counties limited tax resources will be directed not toward defending the counties against lawsuits, but toward improving our recreational facilities and beach areas for the enjoyment of all of our citizens.

"Thank you, Mr. President."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 658 was adopted and S.B. No. 865, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LAND LIABILITY IMMUNITY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 1213, S.D. 1:

On motion by Senator Graulty, seconded by Senator McCartney and carried, S.B. No. 1213, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO AMMUNITION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 673 (S.B. No. 1847, S.D. 1):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 673 was adopted and S.B. No. 1847, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE WAGE AND HOUR LAW," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Liu).

Stand. Com. Rep. No. 674 (S.B. No. 1233, S.D. 2):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 674 was adopted and S.B. No. 1233, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE REGULATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Fukunaga, Ige, Liu).

Stand. Com. Rep. No. 675 (S.B. No. 645, S.D. 3):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 675 was adopted and S.B. No. 645, S.D. 3, entitled: "A BILL FOR AN ACT RELATING TO INFORMATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 677 (S.B. No. 516, S.D. 2):

Senator Ikeda moved that Stand. Com. Rep. No. 677 be adopted and S.B. No. 516, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Chumbley rose to speak in support of the bill as follows:

"Mr. President, I rise to speak in favor of Senate Bill 516.

"Mr. President, who is responsible for the education of our young children? That has been a question that policymakers have been wrestling with for years. The Board of Education thinks it's the Superintendent; the Superintendent thinks it's the state and district offices of the Department of Education; and the state and district offices think it's the schools. Perhaps we need to rethink what we are doing.

"Mr. President, if we are ultimately trying to impact and improve student achievement, perhaps we need to take a different approach. Collecting statistics and data so that we can report who is not doing their job does not affect student achievement. We need to look at four issues to change our approach to assessment and accountability.

1. We need to view assessment and accountability as a way to promote improvement, not a way to figure out who to blame.

2. That means then that we need to make a distinction between public accounting and accountability. Public accounting is the phase of an audit when pertinent data is compiled. The accountability phase is making meaning of the data so improvements can be made. In public education we have reams of paper with our public accounting but we have no accountability -- in other words no meaning is being made of the data to promote improvement of the system.

3. The link between assessment, public accounting and accountability needs to be established in the context of SCBM. Accountability should be to the parents

and students, not the central office. In other words, Mr. President, Sears should be accountable to its customers, not the corporate office.

4. The approach to assessment and accountability is being reversed. We have to allow for zero-based thinking and wipe the slate clean and start over.

"Senate Bill 516 will demonstrate our commitment to meaningful reform in our state. Mr. President, we have come a long way but we still have such a long way to go. Thank you."

Senator Liu rose to speak against the measure as follows:

"Mr. President, I rise to speak against this bill very briefly.

"I was convinced by the debate on this bill during our Ways and Means Committee by our esteemed chairman of the Education Committee and by our esteemed member from the Big Island who spoke earlier on pari-mutuel betting, that this is something that could be done now without a law. There is appropriation language in this bill which might call for new funding later, and I think perhaps more symbolic of a number of other things, if you want the Department of Education and the Board of Education to take the lead, with urging from us, there are other ways to do it than passing legislation.

"Although I do commend the chair for his intent behind this measure, I shall be voting no. Thank you, Mr. President."

Senator McCartney then rose to speak in favor of the measure and said:

"Mr. President, I rise to speak in support of the bill.

"I'd like to thank my colleague from Kaneohe for those statements. It should be up to the DOE and the Board of Education and that is exactly true. It should be up to them and I think the hard reality that we all face is that the Board of Education and the Department of Education have not met that responsibility. And therefore, it is our responsibility under the Constitution to fill that void, to fill that vacuum and to take a stand. And that's the problem that we face right now with the system.

"Over the past three years we've given the department and the board tremendous flexibility and autonomy to do things that they said they would do and to bring about greater accountability, but the fact of the matter is that that has not happened. And I think that's why we're here today passing this bill, and I'd like to commend the chairman for doing a good job in taking a look at this issue and dealing with this delicate subject. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 677 was adopted and S.B. No. 516, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Liu).

Stand. Com. Rep. No. 684 (S.B. No. 161, S.D. 2):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 684 was adopted and S.B. No. 161, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Matsuura).

Stand. Com. Rep. No. 696 (S.B. No. 459, S.D. 1):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 696 was adopted and S.B. No. 459, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 705 (S.B. No. 90, S.D. 1):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 705 was adopted and S.B. No. 90, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 707 (S.B. No. 423):

By unanimous consent, Stand. Com. Rep. No. 707 and S.B. No. 423, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE HEAD START PROGRAM," were recommitted to the Committee on Ways and Means.

Stand. Com. Rep. No. 719 (S.B. No. 27, S.D. 2):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 719 was adopted and S.B. No. 27, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE GENERAL EXCISE TAX," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Liu).

Stand. Com. Rep. No. 728 (S.B. No. 1410, S.D. 2):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 728 was adopted and S.B. No. 1410, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE AUTHORIZATION OF SPECIAL PURPOSE REVENUE BONDS FOR MEDICAL WASTE FACILITY PROJECT DEVELOPMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Aki, Liu).

Ayes, 24. Noes, 1 (Liu).

Stand. Com. Rep. No. 758 (S.B. No. 1214):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 758 was adopted and S.B. No. 1214, entitled: "A BILL FOR AN ACT RELATING TO FIREARMS," having been read

throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Anderson, Holt, Liu, McCartney).

Stand. Com. Rep. No. 760 (S.B. No. 1375, S.D. 1):

Senator Ikeda moved that Stand. Com. Rep. No. 760 be adopted and S.B. No. 1375, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Matsunaga rose to speak against the measure as follows:

"Mr. President, I rise in opposition to this measure.

"Mr. President, as Clint Eastwood once eloquently stated, 'A man's got to know his own limitations.' And similarly, I think the Legislature has to know its own limitations.

"Under the 'Newspaper Preservation Act,' newspapers could apply for federal approval to operate under joint operating agreements. Without the exemption these joint operating agreements would violate federal anti-trust laws. Several years ago the United States Department of Justice determined that the Honolulu Advertiser and Star Bulletin met the federal requirements for the exemption and could therefore operate common production facilities. This signified the federal government's determination that, as to the Honolulu Advertiser and Star Bulletin, the preservation of editorial and reporting diversity outweighed any potential anti-competitive effects.

"Senate Bill 1375, S.D. 1 states that 'It is in the public interest to review the financial records of organizations granted special operating powers.'

"In this case, however, that 'Special Operating Power' is a federally granted exemption from federal anti-trust laws. Federal preemption, under the United States Constitution, prohibits states from passing laws that are inconsistent with federal laws. Consequently, the state has no authority to pass a law that interferes with the subject matter of the 'Newspaper Preservation Act' or the Justice Department's determinations made pursuant to this act.

"The argument has been made that the financial conditions of the Honolulu newspapers today no longer justify their joint operation. In the 'Newspaper Preservation Act,' however, Congress was also silent as to the effect subsequent profit-making by the newspapers has on the exemption. Congress was silent as to subsequent federal review of newspapers operating under the exemption. While this would not preclude the federal government from initiating a review, there is no doubt that the lawful and proper role for the state with regards to such review would be to urge action by the Justice Department via a resolution, which I understand we did pass last session.

"Congress has provided other industries with anti-trust exemptions as well, such as agricultural cooperatives, export trade associations, and charitable organizations. Should the state be mandating review of the records of these industries as well?

"When we, the State Legislature, pass laws and make policy, do the counties have the authority to mandate their review of financial records affecting our laws and policy for the purpose of second guessing our decisions.

"Whether there are any negative anti-competitive effects arising from the joint operating agreement of the Honolulu Advertiser and Star Bulletin is a state concern. But let us address this concern in a constitutionally prudent manner. Let us not purposely defy the constitution by passing a law that is preempted by federal law. Thank you."

Senator McCartney rose in favor of the measure and said:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, over the years I've been looking at this bill and this issue and have looked at it over and over and met with members of the newspaper agencies, talked to them, and looked at their records. This is a bill which this time, Mr. President, I think has some merit. It's not one where somebody is going after the media or trying to settle a score. It's one, I think, of just looking at public policy, and I wrote down a few points that I'd like to share.

1. I think it's good public policy to review special laws that give businesses special rights and protection.

2. In a free and open market economy, government must always be mindful of the special privileges it grants businesses.

3. In a free society there should be no monopoly on the right to provide information to the public.

4. Hawaii is our state; it's our home; and we as legislators here have a responsibility to see what happens here. So what's wrong with asking the Justice Department to review whether a monopoly is good for the people of Hawaii or not. And that's all we're asking. We're not making judgment on whether the monopoly is good or bad.

"The other thing that has come up is that the newspapers have said if we take away this exemption, the afternoon paper will go out of business and then we will have a monopoly newspaper. I disagree with that, Mr. President. If that newspaper does go out of business, maybe somebody else will come in and start up another newspaper. And that's something that we need to look at and weigh, public policy-wise. It's nothing against the Star-Bulletin, nothing against the Advertiser, but I think that we have to take a look at what is fair and appropriate public policy and that's what we tried to do in the Judiciary Committee.

"This bill made almost a 180 degree change from forcing disclosures or asking for voluntary disclosures from reporters to looking at trying to put together a good piece of public policy, and that's what this bill attempts to do, Mr. President. I switched my vote from the previous years to support this bill because I think it's a measure that needs further discussion. I don't think we're getting in the way of the federal government; I think we are enhancing a piece of law that they have in place. Thank you."

Senator Iwase, also in support of the measure, then stated:

"Mr. President, I'd like to rise to speak in support of this bill.

"I'd like to concur with the statements of the previous speaker from the Windward side. I think they are excellent points. The one point that he made which I very much concur with is regarding having two newspapers in this state. I understand the joint operating agreement and I'm not an expert on this by any stretch of the imagination, but as I understand it, the purpose of this law was to help cities to maintain at least two

newspapers and I don't think that in a town like Honolulu or in the State of Hawaii you can have more than two newspapers.

"My concern now is when this law was applied to Hawaii, it was to save two newspapers, and now we have two profitable newspapers which can stand on their own. Are we in fact, or does this law in fact, preclude us from having another daily newspaper? I think that by getting this kind of information, it may help us. Certainly, having two newspapers, both of which share perhaps the same philosophical base in their editorial sections, maybe we ought to have a third newspaper in the State of Hawaii that can present a more balanced view. But at least this bill is a means to insure that we will have competition in the newspaper field, and I don't think the responsibilities that are set forth in this bill are onerous and certainly the bill's reporting requirements are far less onerous than the disclosure requirements the Advertiser supported for the SHOPO bill. Thank you."

Senator Matsuura rose in favor of the measure and said:

"Mr. President, I'm going to speak in favor of this bill.

"As the previous speaker mentioned, if you examined the federal legislation, the legislation was for the preservation of failing newspapers. The intent of the federal legislation was to preserve the failing newspapers. And at that time when this bill was passed, the Advertiser was in trouble. It was a failing newspaper. Today, I think the Advertiser's revenues are better than the Star-Bulletin's. So I think that's one of the reasons why this federal legislation was passed; they were trying to help the failing newspapers. The federal legislation allowed the Star Bulletin and the Honolulu Advertiser to have joint printing, the joint purchase, the joint advertising, and so on. However, I think the situation has changed now to the point where the Advertiser is no longer a failing newspaper company.

"I think the introducer of this bill wanted to have a state agency to examine the financial books to see if the newspaper companies are failing or not. The federal legislation should have had some kind of language that if the newspaper is no longer failing, they would not be able to have this joint cooperative printing process, etc. I think the introducer of this legislation intentions are clean. So I feel that the intention is good and that's one of the reasons why I am supporting this measure. Thank you."

Senator Anderson also rose in support of the bill as follows:

"Mr. President, I'd like to speak in favor of the bill.

"Mr. President, I agree with Senator Matsunaga that there might be concern that this bill should really be in Congress. However, a few years ago I did get a resolution passed -- a concurrent resolution in the House -- to ask Congress to consider auditing the two newspapers to see if they still qualified under the failing newspaper act. We did not get very much press here. They weren't that concerned, but I did receive a letter from Senator Inouye saying that 20 years ago that was his bill that he introduced for the failing newspaper act, and it was more important today than ever before because there were failing newspapers all over the United States.

"Within months, the Advertiser sold for $250 million. I do not call that a failing newspaper. I believe that this audit has to be done. I believe that it is in the best interest of the people here in the State of Hawaii. I think that if there is a chance to have more competition in the marketplace, it serves all of us better. So for that reason, I will be going 'aye,' Mr. President."

Senator Graulty rose in support of the measure as follows:

"Mr. President, I rise to speak in favor of this measure.

"Just a few quick points, Mr. President. I was going to mention that 30 years ago the circumstances were very different than they are today. And I think it's incumbent upon us as public policy makers to ask questions that need to be asked. This is, after all, a monopoly. The public has no other remedy than through us and through Congress.

"What this bill does is require a report every year to the Attorney General and the Attorney General is required to furnish that information to the Department of Justice so that the federal officials can be guided accordingly.

"Mr. President, I know, as my two colleagues to my left and to my right have given very good arguments in favor and my colleague to my right always reminds us in the committee that the newspapers buy ink by the barrel. This measure, I think, is an act of courage on the part of this Legislature to get the information that we need in order to make the sound policy decisions that are needed in this particular area.

"I'd like the Senators to courageously vote 'aye' on this bill. Thank you, Mr. President."

Senator Holt also rose in support of the bill and said:

"Mr. President, speaking in support of this bill, and before we embark on that courage vessel, I'd just like to make a couple of points and it's encouraging to see the people that I've come across after last year and understand what's going on with the newspapers.

"A couple of things -- first, I believe that this is my bill and I just want to make it clear that everybody understands that I introduced this to address all forms of media, not just newspapers. And secondly, it's voluntary. I did that for discussion purposes. I see where the committee has come back to where I was last session with the newspapers and I'm happy to see that.

"On the point that Senator McCartney from the Windward side mentioned regarding special privileges, I think I went into depth last year and I'd just like to say that yes, I truly believe that government has given the newspapers special privileges through the anti-trust exemption. And I'd like to read a quote which again I spoke to earlier -- public disclosure of the policemen -- where they said that they wished that Representative Tom would read the law that he had undermined, which is the Fair Uniform Information Practices Act: 'Opening up the government process to public scrutiny and participation is the only viable and reasonable method of protecting the public's interests.' And then they go on to say, 'Police have nothing to gain by harboring wrong-doers in their ranks and much to lose in terms of respect and credibility.' I think it's also appropriate that we can say that the newspapers have nothing to gain by submitting annual reports and much to lose in terms of respect and credibility. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 760 was adopted and S.B. No. 1375, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FINANCIAL DISCLOSURE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Ige, Levin, Liu, Matsunaga).

Stand. Com. Rep. No. 789 (S.B. No. 1514, S.D. 1):

Senator Ikeda moved that Stand. Com. Rep. No. 789 be adopted and S.B. No. 1514, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Liu rose to speak against the bill as follows:

"Mr. President, I rise to speak against this bill.

"Mr. President, this bill represents, along with a number of other bills we have on the agenda today, (some which we have already passed) regarding our tax policies and positioning ourselves for what we look forward to in the next 30 days. I think this is a defining year for the Democratic leadership of this state in dealing with the financial mess which we are in currently. The focus has been, unfortunately, on revenues and I think we had a good discussion on that issue regarding the shipboard gambling bill. And I'd like to say that the commentary by the other Senator who shares the Windward District, Kaneohe, with me was right on the mark. With the focus on revenues and increasing of revenues, broad-based revenue increases rather than much more targeted revenue increases and on cuts, what we do is detract from the tough decisions that we will have to make.

"I commend the chair of the Ways and Means Committee who has given us fair warning today that those tough decisions are still ahead. I think they have to be made. But with positioning of these bills to essentially raise taxes whether you call it an elimination of tax credits or an increase in the general excise tax, we are just simply following the wrong policy.

"To quote a previous speaker, state government is viewed as being 'broke.' The animosity on the part of the public that was encountered by the Senator from West Oahu as he washed his car this past weekend is widespread and real. We have to simply take a look at how we spend and spend and spend; control that first, then if we need to look for revenues, let's look at raising revenues in a much more targeted fashion. The general excise tax, yes, does raise a lot of revenues, but we've all heard for years and we all know that it's true, it is perhaps the most regressive of the revenue generators that we have for the state of Hawaii. Regressive because those in the low and moderate brackets, of course, spend more of their incomes as a percentage of those incomes for items such as food, housing and medical services for which the general excise tax is applied.

"Unfortunate that perhaps we have forgotten the comments of the noted economists who saw us last month and warned us about the need to remove the impediments to small business -- small business which is a job creator or should be the job creator engine in our state. One of the biggest hurdles toward that engine getting started up again is the cost of state government and taxes.

"We are on the verge of some very, very difficult economic times not only in Hawaii, but in the world. We don't have much room for mistakes. The current situation of the currency crisis will impact our visitor industry in ways that I do not believe have totally been discussed as yet, but I think we'll hear about that shortly in the weeks to come.

"Finally, by positioning ourselves for what I believe will be a tax increase by the end of this session, I think we will bring about an environment where greater cynicism about government and what government is for will prevail in the weeks and years to come. I think that's unfortunate. I think all of us here are hard-working, well-intentioned, good people. But I do believe it points out a major difference on how the approaches to solving the situation would be dealt with by the two major parties in this state.

"Many of you might say, 'Well, Senator Liu, have you submitted ideas; will be you submitting ideas?' and the answer is, 'Yes, I will.' I will be submitting further concepts, further specifics on where I think we can find savings and do so in a manner that sets out a true course for government as to where we should be and where we should not be. But let's not forget that financial leadership is on the majority party in this state, overwhelmingly so, and the people of the state look for leadership other than the direction that's set forth in these various tax bills before us.

"Thank you, Mr. President.

Senator Anderson rose in support of the measure and said:

"Mr. President, I have some reservations on this bill; however this does not say that they shall raise taxes; it says they may. And having run for mayor, that was one of the positions that I asked for when I ran -- more home rule. Give us the chance to do what we have to do in government, put the onus where it belongs. You cannot go ahead and have the counties come here constantly asking for grants-in-aid and then turn around and still allow them to sit here and not raise property taxes and not do all of the other things that they're supposed to do. If they want home rule, this is a means that they are able to do it, and it's fair and it's equitable. And if the people are upset, then they're going to have to be upset with the tax increase or cut in services or whatever it takes the counties to do their job. And for that reason I do have some reservations on maybe time scheduling and everything else, but we're cutting back where we have to and they're going to have to make the tough decisions also. For that reason I do have some reservations but I am voting for the bill. Thank you very much."

Senator Ikeda also rose in support of the measure and stated:

"Mr. President, I rise to speak in favor of this bill.

"This bill is another one of many vehicles, another proposal that needs to be kept alive until we formulate or finalize a plan. And as the Senator from the Windward side has pointed out, it does not raise taxes, it gives the counties an option, an option which they don't need to take. However, Mr. President, I can tell you right now, that they have come to the Legislature pleading their case and they have told us, three out of the four counties are in dire financial straits. They find themselves in the same situation that we at the state level find ourselves. And because of that, the potential or possibility of granting them any kind of grant-in-aid in excess of last year's funding, or increasing anything that we have given them in the past, is nil. We can't do it; we can't afford it. As such, we don't leave them with many options. This bill is out here for discussion purposes and it does do that. It does provide them with an option.

"I would like to add, Mr. President, that in putting forth these various bills for discussion and to keep them moving for discussion's sake, it is important to understand and remember that the tough job is still ahead. We haven't reached that point yet. And it's easy to say cut spending, or cut jobs, or cut this or cut that; do away with programs. It's not difficult, Mr. President, to cut $250 million out of the budget, provided you don't

look at the impact. If I were to take a red pen to the budget, I could remove $250 million very easily, but it's when you factor in the impacts of those cuts that the decisions become extremely difficult because those decisions are not without some cost and in many cases, penalties and impacts upon the people of this state. And that is the reason why in exploring ways to come up with a viable solution to the situation we face, it becomes extremely important to not preclude any of the possibilities that we may have to take. There's no one easy answer. I will stress that. We may ultimately be faced with having to pass many different kinds of bills or various options in order to balance the budget, but balance the budget we will. And if I have anything to say about it, it will be done with some compassion, thought to the future and with the least amount of pain possible.

"Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 789 was adopted and S.B. No. 1514, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Liu).

Stand. Com. Rep. No. 801 (S.B. No. 254, S.D. 1):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 801 was adopted and S.B. No. 254, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Liu).

Stand. Com. Rep. No. 805 (S.B. No. 202, S.D. 2):

Senator Ikeda moved that Stand. Com. Rep. No. 805 be adopted and S.B. No. 202, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Tam rose to speak in favor of the measure as follows:

"Mr. President. I rise to speak in favor of Senate Bill 202, S.D. 2, 'Relating to Environmental Education.' This bill helps us, the citizens of Hawaii, address our environmental problems today. As previously mentioned, Senate Bill 201 talks about the future, but we need to address today.

"Mr. President and fellow colleagues, before I proceed I wish to thank you for acknowledging the importance of this bill.

"Senate Bill 202, S.D. 2, addresses today's environmental problems through partnerships involving legislators, the statewide administration, environmentalists, community groups and businesses. This is a grassroots legislation to stimulate a commitment of a working relationship through environmental education and awareness programs, and furthermore, allows the receipt of monetary donations and gifts from the community; a non-profit foundation may be established. Fellow colleagues, I have word from businesses within our own community here in the state of Hawaii and they have personally stated that they desire to set up a partnership in publishing educational material. The bottom line of this bill is that people will know what to do with their household waste so that Hawaii's environment will not be damaged by human blind ignorance and in a time of financial hardship, government, otherwise known as taxpayers, will not have to spend large sums of dollars to clean up the environment.

"An example of what can happen with this bill to resolve the problem in human ignorance is the question of how to dispose of used cooking oil; whether to dispose of it through the household drain, the plumbing or dumping it in the back yard or storm drainage. I have a very good friend who is a plumber and he charges $35 an hour, which is very cheap. (The average price out there is about $80 and up.) Imagine if we were to continue to dump our cooking oil in the drainage, it would cost us big dollars individually or our sewer systems throughout the state of Hawaii big dollars. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 805 was adopted and S.B. No. 202, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 923:

On motion by Senator Ikeda, seconded by Senator Baker and carried, S.B. No. 923, entitled: "A BILL FOR AN ACT RELATING TO TAX CREDITS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Liu).

MATTER DEFERRED FROM EARLIER ON THE CALENDAR

Stand. Com. Rep. No. 649 (S.B. No. 728, S.D. 1):

Senator Holt moved that Stand. Com. Rep. No. 649 be adopted and S.B. No. 728, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Ihara.

Senator Kanno remarked:

"Mr. President, earlier the Senator from the Big Island requested that we look at a request from a religious organization for a special exemption to this bill. I would like to reassure this body that in the coming weeks, we will consider the request. Thank you."

Senator Baker then rose in support of the measure and said:

"Mr. President, I rise to speak in support of this measure.

"This bill seeks to require all health insurance policies that provide payment or reimbursement of pregnancy-related services to provide contraceptive services as well.

"As we approach the social and resource-related challenges of the next millennium, the choices present and taken in family planning have ever greater effects for both the individual and the society at large.

"Access to proper guidance, information and services is essential if we are to allow our citizens to make responsible and knowledgeable decisions in family planning.

"As my colleagues in the committees on Agriculture, Labor, and Employment and on Consumer Protection

have concurred, requiring all health policies to provide contraceptive services is the first and best way to facilitate increased awareness, increased responsibility and better family planning on a widespread scale.

"I believe that these objectives are vital to attain.

"I therefore respectfully urge all my colleagues to vote in favor of passing this measure to help all of our present and future families in Hawai'i.

"Thank you, Mr. President."

Senator Holt also rose in support of the measure and stated:

"Mr. President, very briefly, speaking in support of the bill, we have received the request from the Senator from the Big Island. In addition, there were some concerns expressed by Senator Ige, I believe, regarding the cost of this. The chair was thinking about possibly recommitting the bill to verify those costs which HMSA estimated to be $7.5 million on employers. So we checked with the House and there was one vehicle, H.B. 1018, but it has not moved so we hope to address these concerns as this bill moves across. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 649 was adopted and S.B. No. 728, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CONTRACEPTIVE SERVICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Liu).

Senator Matsuura then rose and said:

"Mr. President, just as an update, the Senate is winning the foodbank contest with the House. We are slightly ahead of the House in cash contributions.

"I also have another update on the Senate's FCC resolution. I just received a call from the State of New Mexico and they have also adopted a similar resolution. Our resolution is moving across the country like wildfire. Thank you."

Senator Solomon rose on a point of personal privilege and stated:

"Mr. President, your committee on Executive and Judicial Appointments had a committee hearing this past Tuesday. We had asked the Board of Education to be present to discuss a situation referring to the school advisory boards. We also asked the Judicial Selection Committee if they would come to update us on the process and procedure. Mr. President, we did have the vice chairman of the Board of Education appear about 10 minutes late and we had no one from the Judicial Selection Commission so I guess they feel that they don't have to come forth and educate us or inform us as to what is happening.

"Because I did not have the opportunity to ask them this question, I would just like to pose the question on the floor. The issue that, as chairwoman, I wanted to discuss with them was why did they advertise for a vacancy of Justice Klein's seat, which is in fact not vacant? I wanted to express that concern to them.

"And another concern I wanted to ask them about was why they do not have a code of ethics, whereas we and other persons serving on different commissions have a code. Why is the Judicial Selection Committee above that?

"These are the kinds of questions I had prepared to ask them, but unfortunately nobody showed up. So I'm going to be talking with our Judiciary chairman and perhaps come up with some kind of resolution which would oblige them to be present. Thank you very much, Mr. President."

ADJOURNMENT

At 11:41 o'clock a.m., on motion by Senator Ihara, seconded by Senator Liu and carried, the Senate adjourned until 11:30 o'clock a.m., Friday, March 10, 1995.

TWENTY-EIGHTH DAY

Friday, March 10, 1995

The Senate of the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995, convened at 11:31 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by Sister Claudia Wong, C.S.J., Samaritan Counseling Center of Hawaii, after which the Roll was called showing all Senators present with the exception of Senators Aki and Fernandes Salling who were excused.

The President announced that he had read and approved the Journal of the Twenty-Seventh Day.

At this time, the following introductions were made to the members of the Senate:

Senator Solomon introduced Robert Pfeiffer and John Couch of Alexander & Baldwin, Inc. Both gentlemen were presented a Senate certificate and a lei.

Senators Ige and Fukunaga then introduced several individuals representing organizations which support culture and arts programs throughout the state. All of the guests were presented Senate certificates and leis by various Senators.

Senator Baker introduced the a capella singing group "Counterparts" from the University of Pennsylvania. The group was presented a Senate certificate and all of the members were presented leis by various Senators.

At this time, the members of "Counterparts" were escorted to the floor of the Senate where they performed several songs for the members of the Senate and their guests.

At 12:01 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:27 o'clock p.m.

ORDER OF THE DAY

RE-REFERRAL OF HOUSE BILL

The President re-referred the following House bill that was received:

House Bill	Referred to:
No. 2108, H.D. 1	Committee on Planning, Land and Water Use Management, then to the Committee on Agriculture, Labor, and Employment

Senator Solomon rose on a point of personal privilege as follows:

"Mr. President, your Committee on Executive Appointments wishes to report on its progress to date. Yesterday your committee held the first hearings on nominations for cabinet level positions, specifically that of Kathryn Matayoshi for approval as Director of Commerce and Consumer Affairs and of Lorraine Akiba as the Director-Designate of the Department of Labor.

"The committee was particularly appreciative of the opportunity of having testimony from the governor in support of his nominees. We also heard from more than 20 persons, all supporting the nominees. The committee was well satisfied that the first two individual nominees to appear before it are of a high order of competence. The committee has continued the hearings on these two nominees in order to receive more detailed information from them, particularly as to the day-to-day management of the two departments in the context of present budgetary concerns and in context of avoiding any appearance of conflict between past professional association and proposed public duties.

"The continued hearings will be held on April 6, 1995. Thank you, Mr. President."

Senator Anderson also rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, this morning I received in the mail an anonymous letter, if that's what you want to call it, that says -- anything for a buck. And it has my name and 15 other Senators' names on it who voted for shipboard gambling. They also have my now 'infamous' quote. Yes, it says that this was actually said, and I'd like to say that I did say it -- 'We are not here to be moral; we are here to make laws in the best interest of the populous.'

"Mr. President, when we took office, we swore to uphold the Constitution of the United States and the Constitution of the State of Hawaii. Nowhere in either one of these two documents does it say anything about morality. And I'd like to say that I think it was in the wisdom of our founding fathers who wrote these documents. I believe each of us, Mr. President, takes care of our moral obligations at church, in our homes with our families and with our friends. I don't think that we come here to go ahead and do immoral issues, which are private. We are here to do public business and it's for that reason that I said what I said.

"And I would hope that the newspapers, if they are going quote me, would, once in a while when I call somebody an SOB, quote me for that. But no, they went and quoted this. (Laughter.) So in defense of myself and all others, I would again like to say that we are here to do

the business of the people. We are here to make laws that are affecting them and we will keep our morals at home with our families and we will keep it a private matter, I hope.

"Thank you very much for your time."

RE-REFERRAL OF HOUSE BILLS

The Chair re-referred the following House bills that were received:

House Bill	Referred to:
No. 715, H.D. 1	Committee on Transportation and Government Affairs, then to the Committee on Judiciary
No. 1129	Jointly to the Committee on Agriculture, Labor, and Employment and the Committee on Higher Education, Culture, and Arts, then to the Committee on Ways and Means

No. 2143, H.D. 2	Jointly to the Committee on Transportation and Government Affairs and the Committee on Planning, Land and Water Use Management, then to the Committee on Ways and Means

Senator Solomon rose on a point of personal privilege and said:

"Thank you, Mr. President. I rise on a point of personal privilege.

"Mr. President, I just want to update you on the actions of your Committee on Executive and Judicial Appointments. You know, Mr. President, we did consider two of the governor's appointments last night. I felt that the hearing proceeded very, very well; I thought the dialogue was friendly; I thought the answers that both the nominees presented were acceptable. However, the committee did have some concerns about a 1995 legislative auditor's report which was directed to the director of DBEDT in which the auditor had brought to light the fact that Dr. Naya, in his new capacity, should be soliciting an opinion from the Ethics Commission concerning gifts from those agencies that have been or will be contracted with. This is in regards to $152 million that was expended by DBEDT last year. Dr. Naya has assured the committee that he will be coming back to the committee with the appropriate information. This was not only a concern of your committee but we also had concerns from Common Cause and other interested groups.

"The other nominee was Mr. Kazu Hayashida to the Department of Transportation. We asked Kazu what I thought were good questions which he answered very well. However there was one area which the committee felt that we needed further information. He said they'd been developing an inner core within the department to handle a lot of the contracts that are now being given out to the private sector. We wanted to know more about the inner core, so we asked if he could come back to the committee to report on this. I gave him a deadline of April 8th when we will be rehearing Kathyrn Matayoshi, as well as Lorraine Akiba. However, I did advise them that if they could come in earlier with the information we requested that we would consider an earlier time for their rehearing.

"Mr. President, it really concerns me as your chairperson, as to the governor's reaction in view of the committee's hard work. We have gone through the Legislative Auditor's report of recent years to see if the auditor had any concerns about the various departments. We have taken our responsibility very seriously. I wish to reiterate, Mr. President, that I have always felt that these

executive appointment hearings really belong to the respective subject matter committee chairmen because I have felt that they are the ones who will be working with these appointees. They are the ones who really have the questions. I did send a memo to all the Senators this session asking if you have any specific questions that you would like me to ask on your behalf that I would do so.

"I also sent the same memo to the Speaker of the House because I felt that, although the Senate had the confirmation prerogative, the House should have some input. The Speaker was to circulate the memo to his subject matter committee chairmen.

"So I think that as far as your committee is concerned, we have run the confirmation process in a very open manner. It's unfortunate that the governor has stated that the committee is getting involved with, I quote from an article in today's paper, 'little details.'

"Mr. President, I do have a formal response on this matter which I will be submitting for the journal. I just would like to remind the governor that the 'advise and consent' process is a vital aspect of maintaining the balance of power between the legislature and the executive administration. This means, Mr. President, presenting tough questions to the governor's appointees about how they will administer their departments. As for your committee, we have been impressed by the character and background of the governor's appointments who have come before us. However, we have unanswered questions regarding the prospective administration of certain departments. We have given these appointees opportunities to come back before your committee and to respond more fully to these unanswered questions.

"It has been declared, Mr. President, that the principle of the separation of powers represents probably the most important principle of government, declaring and guaranteeing the liberties of the people, and preventing the exercise of autocratic power.

"It has been stated that no maxim has been more universally received and cherished as the vital principle of freedom. And Mr. President, it's with these kind of thoughts that your committee will be conducting the rest of their hearings.

"Thank you."

ORDER OF THE DAY

RE-REFERRAL OF HOUSE BILL

The President re-referred the following House bill that was received:

House Bill	Referred to:
No. 1273	Committee on Judiciary

RE-REFERRAL OF SENATE RESOLUTION

The Chair re-referred the following Senate resolution that was offered:

Senate Resolution	Referred to:
No. 161	Committee on Judiciary

Senator Baker rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, some three-and-a-half weeks into this legislative session, on the Seventeenth Day of our session to be exact, the Senate finally received the governor's choices for 'advise and consent' although all had been selected by early January. Your committee scheduled the hearings shortly thereafter. The process has begun fairly and with appropriate deliberation. Thus, I was dismayed, to say the least, with yesterday's turn of events, namely the governor's outburst over the confirmation process. Such displays and accusations only serve to destroy any efforts to establish a positive working relationship between the Senate and the Executive so that we may collaboratively address the many tough issues before us. We should be focusing attention on problem solving, not backbiting. Unfortunately, the Senate's integrity and legitimate role of 'advise and consent' has been questioned.

"Mr. President, the charge to your committee on Executive and Judicial Appointments as outlined in the Senate rules was and is to thoroughly examine the qualifications, background, integrity and skills of the nominees. In my observation, that is what the committee and its chair have undertaken. Such a thorough review called for in our rules and expected by the Senate cannot be hasty or pro forma. Throughout the hearings, nominees have been treated with utmost dignity and respect. The questions, perhaps tough at times, have been fair, on target and have explored areas of legitimate concern.

"Mr. President, these nominees are expected to run large departments; their jobs are very demanding especially in these trying times when departments may be scaled back, functions consolidated, and programs down-sized or eliminated. The Senate must be convinced that the nominees are indeed up to the task.

"With questions in the past regarding cronyism and governmental ethics, the Senate must also be assured that these nominees are of the highest caliber, the standard also professed by the administration. In my view, your committee and its chair have taken their responsibilities very seriously. There will be no rush to judgment or confirmation, nor should there be. On the other hand, if the Hawai'i State Senate conducted its confirmation hearings in the petty, disrespectful fashion or with the witchhunt mentality we have often witnessed at the federal level, then I believe the governor would have cause for complaint. Such conduct has not, and I am confident will not be the case.

"Mr. President, the deliberations of all your committees will proceed thoughtfully and diligently, ever mindful that we are here to do the people's business. It is most unfortunate that an attempt has been made to distract us from our purpose and to put a cloud over our legitimate legislative responsibilities.

"Thank you, Mr. President."

Senator Solomon also rose on a point of personal privilege and said:

"Thank you, Mr. President. I would just like to thank the Majority Leader for her remarks. They were well stated and I would like to assure all of you here, my colleagues as well as my committee members, that we will be continuing the way we have been. And again, I wish to say that if you have any questions you would like to

transmit to the committee for consideration, please do so. Thank you."

ADJOURNMENT

ORDER OF THE DAY

RE-REFERRAL OF HOUSE BILLS

The President re-referred the following House bills that were received:

House Bill	Referred to:
No. 874, H.D. 2	Jointly to the Committee on Ecology and Environmental Protection and the Committee on Planning, Land and Water Use Management
No. 1045	Jointly to the Committee on Transportation and Government Affairs and the Committee on Judiciary, then to the Committee on Ways and Means

Senator Solomon rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, this is in response to the Honolulu Star-Bulletin article which says, 'Cayetano: It's all Holt's fault.' I feel compelled, Mr. President, as your chairman of the Executive and Judicial Appointments Committee that we just have to clear the air. I think the whole, the whole, situation has gotten way out of hand. I'm going to make exception, Mr. President, in my remarks because as far as what the two Cayetano deputies have said or what was not said, is irrelevant.

"The point that I wish to make, Mr. President, is that the Governor, during his last news conference and even in this article, has stated that I had asked him for a job in his administration, specifically as the head of the Hawaiian Homes Commission or the Department of Agriculture. This is a lie, Mr. President! I never asked Governor Cayetano directly or indirectly for a job. It is very disturbing to me that in response to a question posed by the media, he accused me of using my position as chairman of your Committee on Executive and Judicial Appointments to shake him down. This is a lie, Mr. President. I demand that the Governor immediately subject himself to a lie detector test as I am prepared to do, these tests to be conducted by a mutually acceptable expert. The seriousness of the Governor's charges he has made against me, and now, my committee, Mr. President, requires no lesser response.

"Mr. President, I also want it to be known to you and my colleagues that the postponement of last night's hearing scheduled in my committee was at the expressed desire of the committee as a whole, based on its concern that the Governor's continued improper interference in the business of the Legislature could prejudice the rights, Mr. President, of the various nominees to a fair and impartial deliberation.

"Mr. President, what does this tell us. Is this not, Mr. President, interference from the Executive of our prerogatives and to the legislative process that you have charged your committee to perform?

"In closing, Mr. President, I'd like to assure you and the rest of my colleagues that the intent of your Committee on Executive and Judicial Appointments has been always to protect the integrity of the Senate. Mr. President, I cannot express my disappointment of the Executive targeting my vice chairman for making a motion and my committee members for agreeing to that motion. He is not even allowing us now, Mr. President, to conduct our business.

"Thank you very much."

Senator Baker also rose on a point of personal privilege and said:

"Mr. President, in keeping with the Vice President's idea that Friday should be designated as "Good News Friday," I think it is important considering the events of this week that we have some good news this St. Patrick's Day.

"I wanted to share with you, Mr. President, and all of my colleagues that there was a historic happening on the fourth floor of the SOT this morning when both labor and business organizations came together to support the Senate draft of the workers' compensation bill. I think this a great credit to Chair Kanno, Chair Holt and the members of the committees who have worked very hard and very diligently on this matter. I was very proud to be a part of the vote in support of that measure and would commend the two chairs for their efforts. I know that we still have two more hurdles to go in the Senate before we go into conference, but I think the Senate can be very proud of the hard work that your committees, particularly your chairs, have done in this regard. Thank you."

Senator Bunda rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, I was just reading this article from the Honolulu Star-Bulletin and I know it seems that the feud is between the chairperson, the vice chair and the Governor, but I feel that this is also hurting us committee members. And I feel that by having something like this, blames all of the committee members, and I'm offended as a member, Mr. President.

"I feel that we have been going through this process in a very fair manner and that the nominees were given fair treatment. I commend the chair for bringing this process to what it is, to questioning the nominees and bringing them back because there are concerns, more concerns about some of the nominees. And I feel, Mr. President, that this is a very sad day for the process by having the Executive impeding on our hearings.

"Thank you, Mr. President."

Senator Holt rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege. First, I must apologize to my colleagues here for taking all the ink up this week. It was not intentional by any means.

"Mr. President, the Governor is also accusing me of shaking down his nominees. He's saying that this shakedown is tied to my asking him for a job, 'quid pro

quo', he says. In fact, Mr. President, last night I had sent you a memo which I'd like to read for the Journal:

'Dear President Mizuguchi:

'As a result of this morning's Honolulu Advertiser's article entitled "Cayetano-Solomon's scuffle over patronage remarks," our integrity as members of this body has been seriously questioned. I also believe that an immediate and final resolution of this matter is necessary in order to restore the public's trust and confidence. I am, therefore, willing to submit to an independent lie detector test to verify the accuracy of my previous statements, and hereby request your approval.'

"Mr. President, I never asked the Governor, directly or indirectly, for a job, and I'm begging you, begging you -- I won't get down on my knees -- but I'm begging you to please approve my request to take the lie detector test so we can put this issue to bed and go on with the work of the people. Thank you."

Senator Baker rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, for the past week or so, the people of Hawai'i have been inundated by an almost daily barrage of accusations and counteraccusations being fired between the administration and members of this body. Although all of us are extremely sensitive to the seriousness of the legal and legislative issues involved in this controversy, it obviously does no one any good to continue the acrimonious name-calling in the media.

"Mr. President, through it all, the work of the people continues. And it behooves us to demonstrate to the public our resolve to address the issues before this Legislature. For indeed, we are in the midst of one of the most challenging legislative sessions in recent memory.

"To this end, Mr. President, I wish to acknowledge your role in mediating this thorny issue. Cool heads and common sense must prevail if substantive progress is to be made in this year's pressure cooker session. By stepping into the fray to talk to the governor to assure him that his nominees will indeed receive a fair and timely hearing, then working with our Senate colleagues to develop a reasonable timetable to review the executive appointments, you have gotten the process back on track. Your actions, I believe, will put this unseemly issue to rest.

"Mr. President, as you reminded us all, it is time to turn our full attention to the work at hand. Mahalo."

Senator Solomon also rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, over the last week we have seen attempts by the governor to strong-arm the Senate in performing its confirmation duties.

"I remind my colleagues that the Senate's power of confirmation, a power that has its genesis with the beginnings of the United States Constitution, is a power that must be zealously safeguarded.

"I believe, Mr. President, it was Alexander Hamilton, one of the Founding Fathers, writing in the Federalists Papers, who said of the United States Senate's confirmation powers on April 1, 1788:

> 'To what purpose then require the cooperation of the Senate? I answer, that the necessity of their concurrence would have a powerful, though, in general, a silent operation. It would be an excellent check upon ... the president, and would tend greatly to prevent the appointment of unfit characters ....'

"Hamilton went on to write:

> 'It will readily be comprehended, that a man who had himself the sole disposition of offices, would be governed much more by his private inclination and interests, than when he was bound to submit the propriety of his choice to the discussion and determination of a different and independent body, and that body an entire branch of the legislature. The possibility of rejection would be a strong motive to care in proposing.'

"What we have before us, Mr. President, is an issue that runs to the heart of the American system of

government, after which our state government is patterned. It runs to the heart of our system of separation of powers and checks-and-balances, of which the Senate -- through its confirmation powers -- is such an important part.

"Attempts to stampede the Senate's deliberative process by calling for hastened decisions to allow the directors to get on with the process of running the departments ignores the fundamental requirements of the confirmation process. It is our duty -- not right -- but duty, to hold hearings to inquire into the ability of these individuals to manage their departments. I quote Rule 17 of the Senate Rules: 'Committee on Executive and Judicial Appointments, whose scope shall be to review the background, character, experience, and qualifications of nominees ..., and make appropriate recommendations to the Senate.' And that is what we are trying to do in our hearings. Many of them have little, if any, managerial background, and yet the Governor says we are asking 'nit picking' questions regarding their management capabilities. Mr. President, departments do not come with training wheels.

"As a result of our so-called 'nit picking,' three out of the four possible directors have serious questions they need to answer to the committee's satisfaction.

"Ms. Kathryn Matayoshi came to us with a known conflict with the Hawaiian Electric Company. She states she will handle that conflict by not participating in proceedings that involve the Hawaiian Electric Company, and in fact, will let her deputy cover this area. As far as the committee could glean, the Director of Commerce and Consumer Affairs would not know how the deputy would handle a problem in this area, and yet your committee does not confirm the deputy. Something is wrong here, Mr. President.

"Ms. Lorraine Akiba tells us in the hearing that the workers' compensation law is okay and does not require much change. She tells us that there is a lot of agreement among the parties. Mr. President, one of the most important pieces of legislation we are working on this session will be workers' compensation reform, and I might add there is little agreement among the parties on many of the important issues. More and more people in business are coming to me and saying that Ms. Akiba does not want to hear their side of the story -- that they can't get a fair hearing.

"Mr. Seiji Naya was unable to appropriately answer questions regarding the Auditor's findings concerning the acceptance of gifts by people whom he will supervise.

"Mr. President, these are not 'nit picking' issues; these questions are the heart of the confirmation process.

"To quote Federalists Paper No. 76 again, confirmation 'would be an excellent check upon a spirit of favoritism in the President, and would tend greatly to prevent the appointment of unfit characters from State prejudice, from family connection, from personal attachment, or from a view to popularity. And, in addition to this, it would be an efficacious source of stability in the administration.'

"It is apparent, from what my staff gather, that there is little understanding of our confirmation process. Starting this year, unlike previous years, all Senate committees have publicly posted decision-making sessions at which time any legislative matter (including confirmations) handled by the committee is voted on. There are official tally sheets on which each committee member present shall be tallied as aye, aye with reservation, nay, or excused. This record of votes is to be attached to the committee report of each hearing. Therefore, insofar as my committee is concerned, we have no recommendations to make to this body on the nominees because we had not had any decision-making sessions as yet. The process is not completed.

"Mr. President, I wish to make another point. To get away from the rubber stamp and old boy cronyism syndrome, my staff and I have tried to make my committee more meaningful. From last December we began our work. To have more public input we compiled a mailing list of interested parties for each nominee and sent them hearing notices. This amounted to, in some cases, 200 letters per nominee.

"We also reviewed the Legislative Auditor's Reports of the past few years on each nominee's department. In most cases the Auditor presented recommendations and our committee questioned the nominees on the recommendations.

"Early on, I sent memos to the President of the Senate and the Speaker of the House to ask for input from the respective bodies for any matter concerning the nominees. Also, my staff provided each member of the EJA Committee the plan of organization and the main functions of each department.

"Furthermore, we included parts of our Constitution and the Senate Rules relating to duties of my committee.

"Mr. President, my staff and I worked very diligently to make the confirmation process meaningful. Let's not make our hard work go to waste. Let's go forward. Imua.

"To quote the Governor when he was a Senator in 1985, regarding the Mike Lilly appointment, 'The executive has no business interfering with ours.' Let us get on with the process, Mr. President. Thank you."

At 11:47 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:50 o'clock a.m.

At this time, Senator Solomon, chair of the Committee on Executive and Judicial Appointments, requested a waiver of the 72-hour Notice of a Public Hearing on Gov. Msg. No. 127, Gov. Msg. No. 131, Gov. Msg. No. 136, Gov. Msg. No. 137, Gov. Msg. No. 142 and Gov. Msg. No. 144, and the Chair granted the waiver.

Senate Concurrent Resolution	Referred to:
No. 239	Jointly to the Committee on Agriculture, Labor, and Employment and the Committee on Planning, Land and Water Use Management, then to the Committee on Tourism and Recreation

RE-REFERRAL OF SENATE RESOLUTION

The President re-referred the following Senate resolution that was offered:

Senate Resolution	Referred to:
No. 209	Jointly to the Committee on Agriculture, Labor, and Employment and the Committee on Planning, Land and Water Use Management, then to the Committee on Tourism and Recreation

At 11:37 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:42 o'clock a.m.

Senator Levin, for the Committee on Health, requested a waiver of the required hours of notice of a public hearing on H.B. No. 1976, and the Chair granted the waiver.

Senator Anderson rose on a point of personal privilege and said:

"Mr. President, I'd like to rise on a point of personal privilege.

"Mr. President, I'm rising in regard to an article that came out in the paper, 'Self-building school plan for Aikahi is blocked.' I have nothing against the chairman or the vice chairman, but I do take exception to the Department of Education. I believe that the Department of Education telling us year after year that they have a priority system, is the most unbelievable thing that I've ever heard. As a Representative in 1978, I tried very, very hard to get Aikahi a new administration building, and I represented them at that time. It's been some thirty odd years that they've been waiting for an administration building. According to a letter that I received, they're No. 59 on the priority list. That means that the priorities are thirty-something years behind on every school? I can't believe this -- that in thirty-some odd years you can work up to be No. 59.

"I also think it's a shame that some people think that if you're from a neighborhood that might be a little more affluent than others, that you get more of the bucks from the Senate or from the House. That's not true. I think the DOE has given that perception to some people.

"I also represent Waimanalo and Waimanalo is in dire need of repairs and maintenance, and so is Pope School, so is Kailua High School and so is almost every school in this state! And I believe that when the public is so upset that they come forward to donate their time and try to find out how they can get money into the system or try to find out if they can donate or get the building contractors to donate some time or at least cut back on their cost, then we'd better start to reassess what we are doing. And I don't mean just you and me as Legislators -- I mean the Department of Education.

"I went and got the superintendent's contract that you passed and it really bothered me that we gave a contract to a superintendent, the first ever. I worked years back

with Charlie Clark as superintendent and one thing that he told me was, 'Whitney, some day, if you can, you get the Legislature to go ahead and make the superintendent an appointed position, thereby he or she has a responsibility to the people and if they do a bad job, then the Governor is in trouble because that's his appointment.' I believe that today more than ever before.

"I'm not saying that I don't think Mr. Aizawa is a good man and a qualified man, because I do. But I don't believe a contract is the way, and I don't believe that if we're dissatisfied that he's going to pay us the balance. I think it was a bad mistake we made. I've never been for the board to be appointed because nine guys can't make up their minds now and if we appointed them, we'd really be in a mess.

"So anyway, Mr. President, I wanted to get rid of those frustrations. I thank you very much. Have a nice day. And for my committee chairman, I'll try to make every meeting that I can. Mahalo."

Senator Kawamoto also rose on a point of personal privilege and said:

"Mr. President, I'd like to respond to my friend, colleague and neighbor in the Senate.

"We were elected to look at the policies and the priorities throughout the state and try to be as fair as possible. And we have a system -- like it or not -- a system that was established and was heard by the public, bought off by the different superintendents of the different districts, and we have started this system. My concern was, to deviate from the system for one particular school at this time would really create havoc at other schools or other projects that wanted to come in for GO bonds. And we felt that at the time, out of respect to the chairman of the committee, this needed to be addressed.

"We asked those who are deeply involved with the concern of the system to use the same energy to help with Senate Bill 1156, which addresses the possible restructuring of the system, and to be involved with the Board of Education elections and the way things are prioritized. We asked them to be involved, and that is the way to do it. If the system is not working, then let us go ahead and see if we can create a system that will work for everyone.

"Thank you very much, Mr. President."

Senator Ikeda then rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege. It may be an opportune time following the previous speaker to point out that the system is broken.

"Mr. President, I would like to take a moment to present to you a few facts about the Department of Education. I have full documentation for all of this data and invite you to review this at your convenience. Some of the facts about the Department of Education's budget:

1. The Department of Education budget contains millions of dollars for items that were not recommended by the Governor for funding;

2. The request for workers' compensation monies was overbudgeted by $1.3 million for each year of the biennium. By that, Mr. President, I mean that the request was for $2.7 million although the need was for $1.3;

3. A request for resources for new facilities was overbudgeted by $2.2 million for the second year of the biennium;

4. The A+ after-school program was overbudgeted by $2.8 million for each year of the biennium; and

5. To balance its budget within the limits set by the Governor, the Department of Education proposed reductions in regular instruction of $6.9 million and $10.8 million of the respective years of the biennium.

"The Department of Education has accused me of playing politics. I put it to you, however, that it is the pot calling the kettle black. Last week, it was Dr. Aizawa who blasted the Legislature for cutting school level instruction and this was said even though it was the department that proposed cutting by almost $18 million over the biennium. Last week, it was Dr. Aizawa that said cuts in education, if necessary, would come first to the state and district offices. Yet, yesterday the Department's budget chief acknowledged that these reductions were made to regular instruction. His response to reporters when questioned on this was that once the budget was final and I quote: 'We will spread the cuts around.' Is the Department accountable to no one?

"The Governor was not provided with any details of the education budget until after it was submitted to the Legislature. The Department of Budget and Finance has aired the same frustrations as the Ways and Means staff when it comes to obtaining any sort of accurate data concerning DOE finances. All of this was topped off when Mr. Aono stated casually that 'once the budget is final we will spread the cuts around.'

"To place cuts in the most sensitive areas in an effort to obtain more funding is politics of the most sinister sort. The Department of Education is again engaged in the practice of blackmail. By holding the education of our children for ransom, they are hoping that the Legislature will throw money blindly into the coffers of the Department. I can guarantee you that regular instruction will not suffer at the hands of the Legislature and that the Ways and Means Committee will cast a very hard eye on the finances of the Department to make sure that the people of Hawaii are receiving the most for their education dollars.

"Mr. President, I would like to tell Dr. Aizawa and the rest of the Department of Education, loudly and clearly, that you are not in office unto yourself; that you are an agency of the state and you are accountable to the people of Hawaii and to the people they have elected to represent them. You will submit a budget clear in detail and well-justified as every other department in the state does and you will be held to that budget, period.

"Thank you, Mr. President."

Senator McCartney then rose on a point of personal privilege and stated;

"Mr. President, I rise on a point of personal privilege.

"Mr. President, taking off on the points of the Ways and Means chair, I'd like to rise to support her comments and shed a little history on what has happened in the past. I think that having been the former Education chair and working with the Ways and Means Committee in the past, we have worked hard in the Legislature to give the Department of Education tremendous flexibility and autonomy greater than any other department in the State of Hawaii, under conditions that certain things will be done and that money will be getting to the schools.

School-based budgeting has now turned into bureaucracy-based budgeting, Mr. President. We rearranged the budget and we gave them flexibility, but that flexibility and that lump-sum never really got to the schools. (And you have talked to me many, many times about trying to do what you did back in 1978.) We have members of the Board of Education and rumored in the Department of Education that say, this is not our law.

"Last year we passed the omnibus bill to mandate that 40% of the district and state employees go back to the schools and we are being met with resistance every step of the way where they're saying, this is not our law. We passed student center bills to give schools like Waialae the ability to be what they are and to get money directly. They are still in negotiations with the Department of Education when the law says that shouldn't take place. And every step of the way, they are stopping them.

"Mr. President, what has to take place is that the department has to take personal responsibility. It's not their money. It's the people's money. We all care about the children. We all care about what has to be done. And the fact of the matter is that there has been a lot of talk, and we've heard that talk. We've trusted them on that talk, but the fact is that the results do not match the rhetoric that has taken place. They talked about coming up with a way to implement a weighted per pupil allocation system four years ago. We still do not have any proposals on the table from the department on a weighted per pupil allocation formula. Yet they said they would do it, but haven't.

"You know, Mr. President, we talk about the school being the focal point of the system. We talk about the tip of the focal point being the teacher and the student. If you look at today's system, why is it that the further you get away from the focal point, the more money you make? Why is it that the further you get away from the focal point, the greater the chances that you have air-conditioning and carpets? Why is it that the further you get away from the focal point, the more computers there are in the bureaucracy's offices? Mr. President, the focus is not in the classroom. And that is what this education reform and restructuring is all about. It's about empowering schools and trusting those at the school level to do what is right. But if you have a system in place that denies schools that opportunity, then I support the Ways and Means chair and the Education chair in taking some tough stands to re-do some of the things that we did in good faith that aren't happening. Thank you, Mr. President."

The President then remarked:

"Thank you for those comments. I'm quite sure the chairperson of the Senate Education Committee and the chairperson of the Ways and Means Committee will take this problem that we have seriously and come up with a responsible position for the Senate. But if you deeply are in need of some alternatives, please look at the Session Laws of Hawaii, 1977, and maybe what we need in this state is a return to school-by-school budgeting."

Senator Matsuura then rose on a point of personal privilege and said:

"Mr. President, I also rise on a point of personal privilege.

"The other night I was watching television and I saw the Mayor of the City and County of Honolulu and the council people addressing the problem of cost over-runs of capital improvement projects. I was intrigued by their problem because the state had the same kind of problems when I was chairing the Senate Investigating Committee.

"One of the things I learned from the investigation was that one of the major problems with all of the cost over-runs was that when the building plans were approved and construction began, there were a lot of change orders. Whenever there is a change of orders, theoretically one should get another bid to comply to the change order. However, they don't do that. They just tell the contractor, here's the change order; just do it. After the construction is finished, the contractor sends the bill. How can the state say that the bill is too high when the job is completed? So they pay.

"As I was watching the television, I thought to myself, the city should have learned from the State regarding cost over-runs. Somehow the state must limit the number of change orders. Perhaps when the final architectural plans are done, the state should hire somebody to examine the plans and have another opinion so that there will not be change orders as often as has been occurring. If we were to limit the change orders and if you were to get a price quote first as to how much it would cost before they start work on the change order, it would reduce the number of cost over-runs of the state projects. Thank you."

Senator Holt also rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege. Actually it is a personal request.

"My understanding is that the Senate Ways and Means Committee acted on the workers' compensation bill this morning and hopefully we can get that across to the House early next week. The no-fault insurance bill has been in the House for the last four weeks. If you could at the appropriate time, please consult the Honorable Speaker. We have 24 days left in the session and I think that if we can get to the table as soon as possible, we could get some good negotiations going and maybe even wrap up before the budget process starts. Thank you."

ADJOURNMENT

Senator Solomon rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, I would like to report to you as to where we're at with your Executive and Judicial Appointments Committee. What I have done for my colleagues' review is pass out a press release that was issued last night and a transcript of the first part of the hearing wherein the governor made his remarks and the committee responded. I felt that the committee was on track and that the governor's remarks were well taken, especially when he said and I quote from the transcript that is on your desk:

'The Senate is a separate branch of government. I know, I was once a Senator. And I respect the Senate's role in the process by which we serve our people, and certainly the Senate's role in the "advise and consent" is one that traditionally we have honored and respect that right.'

It goes on to say:

'I thank you for again reaching out and offering to put things behind us and to move forward. The State is facing a great fiscal crisis. The clouds that lie ahead coming out of Washington are indeed dark. I think that we all need to work together for the good of our state and our people, and I'm very, very happy that we have reached an understanding.'

"With that, Mr. President, I would like to thank my committee members. I think that in a trying time, they prevailed. And I'd like to report to you that we did pass out the six names. We asked the nominees tough questions, and all of them, I felt, did very well.

"Thank you."

The Chair then remarked:

"Thank you, Senator, for that report and I thank you and the members of the committee."

Senator McCartney then rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege. In keeping with Aloha Friday, I would like to give a few brief remarks.

"I was at a community meeting last night in Laie, and the topic of discussion was what was going on in the Senate. And I reported what Senator Solomon, the chair of the committee, had done and there was applause and a great appreciation for her leadership. And I just wanted to express that in viewing that on television, it's a sign of moving ahead. It's a sign of her leadership and openness and a sign of recognizing that there's mutual respect and cooperation in doing the people's business. I'd like to commend her for that because I think it's a great day when people can have differences and move ahead. I think it's something that we can all be proud of on this Aloha Friday and I'd just like to thank Senator Solomon and commend her for that.

"I'd also like to read a statement from a wise person. When I was a freshman, he gave this to me and to all of us here in the Senate. It talks about viewpoints and opinions, and it says:

'Different viewpoints and opinions are not wrong or bad or stupid. They are only different, and without such differences, viewpoints and opinions have no meaning. Viewpoints and opinions are creations of the mind and have validity only by agreement between persons. They are ultimate choices for different viewpoints and opinions which are changing constantly to cultivate different development of human beings. So appreciate and acknowledge those with different viewpoints and opinions.'

"I had the privilege of visiting a school in Houston, Texas, a few weeks ago with Senator Chumbley. It's one of the best schools in the country and we hope to bring it here under the title of Emerging Education. They have a credo that I'd like to read and I think it's very appropriate for Aloha Friday and it applies to everything that we do. (It's very short, Mr. President.) It says:

'Where there is love, there is concern. Where there is concern, there is kindness. Where there is kindness, there is harmony. Where there is harmony, there is helpfulness. Where there is helpfulness, there is cooperation. Where there is cooperation, there is civilization.'

"Happy Aloha Friday, my colleagues and Mr. President."

Senator Graulty also rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, I too would like to add my own thoughts and comments to the magnanimous actions by the chair of the Executive and Judicial Appointments Committee. We all have our pride, and particularly in the things that we do here which are often the stuff of which headlines are made. We expose ourselves and our families and friends to a great deal of public scrutiny, which makes it even more difficult to make an apology. I really take my hat off to the chairperson; it's not easy to make a public apology. And I think because she wanted the process to go forward and because she cared about the Senate as a body and as an institution, she was willing to set aside her personal pride and give the apology in order that we might be able to move forward. I think that was a remarkable and courageous thing that she did and I commend her for that and I thank her.

"Thank you, Mr. President."

Senator Holt rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege on some of the sentiments made earlier.

"I was fortunate to be present last night on that historic occasion. I've served with the chairman for at least 12 years or so, and even my staff was ... I don't know what word to use ... they were just amazed! They said, 'That's not Senator Solomon. What happened to her?' And for the rest of the evening I did some soul searching and even had discussions with other Senators trying to figure out whether it was Senator Tanaka who massaged her or Senator Bunda who twisted her arm or even yourself, Mr. President. But I finally came to the conclusion that there's probably only one person that we all might agree had a lot of influence in how she handled

herself -- and that person is none other than her husband, Lima. (Laughter.) Thank you."

Senator Ikeda moved that Stand. Com. Rep. No. 899 be adopted and H.B. No. 2133, H.D. 2, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Kanno rose in support of the measure as follows:

"Mr. President, I'd like to speak in favor of the measure.

"Mr. President, the measure before us to address workers' compensation reform is an important one for all of us to look at. We've been hearing the cries of businesses throughout the State of Hawaii loud and clear. Our commitment is to address the problems in workers' compensation through this legislation. The problems in workers' compensation are not small and cannot be totally addressed by one piece of legislation. We work in partnership with the administration, the Department of Labor and the Department of Human Resources Development, in addressing the concerns of businesses and workers throughout the state, in terms of getting health care and assistance when workers are injured.

"The legislation before us focuses on two areas where there is agreement from a number of parties on how we can bring down costs in workers' compensation. First of all, there is almost universal agreement in the area of medical costs; that it is the number one cost driver in the workers' compensation system. The bill addresses the out-of-control medical fee schedule by resetting it at a starting point of 120 percent of Medicare and allows the director of the labor department to adjust accordingly where the Medicare fee schedule is out of line.

"Secondly, the bill addresses the assigned risk pool. This is an area where small businesses -- through no fault of their own, some with perfectly clean injury records -- may lose their current workers' compensation coverage and be thrown into the assigned risk pool with those hard-to-insure businesses. Many of them see their premiums jump two-, three-, and sometimes four-fold.

"The bill addresses the assigned risk pool by directing the Legislative Auditor to study the way insurance carriers provide coverage in this area, as well as providing controls to address innocent businesses being thrown into the assigned risk pool.

"Mr. President, we have five weeks before the end of session and I would like us to consider this measure as a step toward reaching compromise and consensus, as we look for those areas of agreement from the parties involved in workers' compensation. I look forward to working cooperatively with members of this body and the House in reaching a measure that will bring down costs to help Hawaii's businesses.

"I would like to close by asking my colleagues to vote 'yes' on this measure. Thank you."

Senator Anderson rose in support of the measure as follows:

"Mr. President, I'm going to vote for the bill but I have some reservations. One -- we wiped out a group of doctors with one brush of the pen, and I believe that we have to look at the fee scheduling to help that. And I know that it is a cost driver, but I think the way we handled it could have been done a little better by trying to work out different compromises.

"Also, a cost driver that we didn't even look at are attorneys' fees. There's got to be a way that when you settle out of court, the attorneys do not get the dollars that they are getting. That has been a big factor. I talked to many people not only in the insurance division, but also people who have had out-of-court settlements and they have said that it cost them a great deal out-of-pocket.

"Also, there are about 2,000 cases, I understand, that are going to be contested. I think we have to look at that.

"Other than that, Mr. President, I'm sure that the chairman of the committee and all of the people that will be making recommendations to bring the cost down will be looking at the best for the community and I'd like to see that all of our colleagues vote for this because it is going to be beneficial to everyone. Thank you."

Senator Tam then rose and said:

"Mr. President, please register my vote with reservations at this time. I realize that this bill will be going to conference. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 899 was adopted and H.B. No. 2133, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION REFORM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

H.B. No. 357, H.D. 1, S.D. 1:

On motion by Senator Graulty, seconded by Senator McCartney and carried, H.B. No. 357, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ADULT PROBATION RECORDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ihara).

H.B. No. 1221:

On motion by Senator Graulty, seconded by Senator McCartney and carried, H.B. No. 1221, entitled: "A BILL FOR AN ACT RELATING TO STATUTORY REVISION: AMENDING, REENACTING, OR REPEALING VARIOUS PROVISIONS OF THE HAWAII

REVISED STATUTES AND THE SESSION LAWS OF HAWAII FOR THE PURPOSE OF CORRECTING ERRORS AND REFERENCES, CLARIFYING LANGUAGE, AND DELETING OBSOLETE OR UNNECESSARY PROVISIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ihara).

H.B. No. 1863:

Senator Graulty moved that H.B. No. 1863, having been read throughout, pass Third Reading, seconded by Senator McCartney.

Senator Levin rose to speak against the measure as follows:

"Mr. President, I rise to speak against this bill. I'll try to be very brief.

"This is a relatively minor matter, I suppose, and one that would seem to be a very popular measure to make sure that notice is provided for all public meetings. I certainly have no objection to that goal. My problem is that what will happen, I fear, is that people will show up for meetings which have been publicized and when they get there, they will find out that the meeting has been cancelled. This has happened on occasion in the past because of lack of notice. It has happened in zoning situations, for instance, where a developer asked for a postponement and a large segment of the community, which had turned out, was disappointed because they couldn't present their testimonies.

"I think a better approach would have been to demand that proper notice be published and to provide that a hearing be postponed if notice isn't published, but to also accommodate people who show up for the hearing and allow them to offer testimony so they do not feel that they have wasted their time and they do not have to come back when the meeting is rescheduled. I think that should be accommodated. Unfortunately, this bill has not been amended, so this will be the final reading in the Legislature. I wanted to voice that concern for the record.

"Thank you."

Senator McCartney rose in support of the measure and said:

"Mr. President, I rise to speak in support of the bill.

"I'd like to thank the Senator from Pahoa for his comments and his concerns. I had the opportunity to sit with the Judiciary chair and listen to the testimony and comments on this bill. The purpose of the bill, to express it to my colleagues, is to insure that there is fairness in the public hearing process and to insure that there is adequate notice. We heard the issues and we listened to them. We believe it's fair that there's one hearing, not two hearings, and that everybody should be informed so they can be present. This is about making sure that the public gets adequate notice. We have one hearing instead of two hearings because if we have two hearings, then something can go on in one hearing that the other group wouldn't hear about. This is about cleaning up and making sure the sunshine law is implemented properly.

"We understand the concerns of the member from Pahoa and respect them, but we think this is a good bill and it should move forward. Thank you very much."

The motion was then put by the Chair and carried, H.B. No. 1863, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC AGENCY MEETINGS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Levin). Excused, 1 (Ihara).

ORDER OF THE DAY

MATTER DEFERRED FROM THURSDAY, MARCH 30, 1995

AGREE/DISAGREE

S.B. No. 1680, S.D. 2 (H.D. 1):

On motion by Senator Ikeda, seconded by Senator Baker and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1680, S.D. 2, and S.B. No. 1680, S.D. 2, H.D. 1, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR HEALTH," was placed on the calendar for Final Reading on Monday, April 3, 1995.

RE-REFERRAL OF HOUSE BILLS

The President re-referred the following House bills that were received:

House Bill	Referred to:
No. 1926, H.D. 2, S.D. 1	Committee on Consumer Protection, then to the Committee on Ways and Means
No. 1977, H.D. 1, S.D. 1	Committee on Ecology and Environmental Protection, then to the Committee on Judiciary

RE-REFERRAL OF SENATE CONCURRENT RESOLUTION

The President re-referred the following Senate concurrent resolution that was offered:

Senate Concurrent Resolution	Referred to:
No. 7	Jointly to the Committee on Consumer Protection and the Committee on Ways and Means

At 11:46 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:53 o'clock a.m.

Senator Holt rose on a point of personal privilege as follows:

"Mr. President, this being Friday and good news day, I have some good news to report to the body. My office received a phone call this morning from Mike Johnson of the Alliance to Revitalize California and Andrew Tobias, the author of 'Pay at the Pump.' They called my office to support Senate Bill 1762 that passed out of the Senate. A letter from Mr. Tobias will be forthcoming. Both Mr. Johnson and Mr. Tobias are currently working on a pure no-fault initiative proposal in California.

"In addition, we received some new numbers on our proposal. Actuarially determined, it is now at 43% savings. Thank you."

Senator Anderson also rose on a point of personal privilege and said:

"Mr. President, may I stand on a point of personal privilege? Actually, I think it's a point of clarity on an article that came out in the paper yesterday.

"It more or less said that Mrs. Kent, who is looking for a facility for the correction facilities for the Feds, says that adding a federal facility for Halawa might present infrastructure problems. However, it says, according to this article, that former Mayor Frank Fasi had a discussion with her.

"At the committee meeting, Mr. President, I asked Mrs. Kent if at any of her discussions with the counties if they had discussed the parcel that's right next to the Police Station, the old Rapid Transit parking lot. (It was never mentioned, because former Mayor Fasi was going to put a $90 million facility there, and that was in the Pacific Business News.) And she said, 'No, that had never come up.' According to this, it says that it was Mr. Fasi who brought that up with her. It was something that we discussed and I told her that it was available to the best of my knowledge, and maybe she should talk that over with Mayor Harris, who is now in charge.

"I just wanted to clarify that to the best of my knowledge, she was not aware that the parcel was available and it could be used for a federal prison. They have one in San Diego, I understand, right in the heart of town, so consequently that's why it came up.

"Thank you very much and I hope we all have a nice Friday. Mahalo."

ADVISE AND CONSENT

Stand. Com. Rep. No. 1017 (Gov. Msg. No. 127):

Senator Solomon moved that Stand. Com. Rep. No. 1017 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of EUGENE S. IMAI as Comptroller, term to expire December 7, 1998, seconded by Senator Holt.

Senator Liu rose in opposition to the nomination and stated:

"Mr. President, I stand to indicate that I shall be voting 'no' on this nomination and I have some comments that I would like to insert into the Journal. Thank you."

The Chair having so ordered, Senator Liu's remarks read as follows:

"Mr. President, my 'no' vote on Mr. Imai is premised on proof of his past performance.

"That performance in two major instances fell woefully short of acceptability.

"First, as assistant superintendent for business services in the Department of Education, he was unable to instill whatever was necessary to break the logjams and confusion which surround implementation of the repair and maintenance, and capitol improvements programs. These two areas continue to hold our schools down to the levels of mediocrity or worse.

"Second, Mr. Imai cannot escape the fact that he was the Budget and Finance Director during the construction of the last financial plan for the state. A financial plan that failed to anticipate so much, that we now find ourselves in financial crisis.

"During his nomination hearing, he took responsibility for not including the correct costs for those who might accept the new early retirement option -- a miscalculation amounting to tens of millions of dollars. He also admitted that he did not incorporate $6.4 million of the settlement with the Department of Hawaiian Home Lands.

"Finally, whereas he claims that he used Department of Human Services projections for AFDC and other assistance cases that had a 95% confidence level, DHS staff during budget hearings on January 24, 1995, claimed otherwise.

"Mr. Imai may be a well-meaning man, but if we are to send a message to all state employees and the public that performance -- not just intentions -- should form the basis of judging success, then Mr. Imai should not receive the endorsement of Governor Cayetano or the Senate.

"Thank you, Mr. President."

Senator Solomon then rose in support of the nominee as follows:

"Mr. President, I am speaking in support of this nominee and I am asking for my colleagues' support.

"Your committee finds that Eugene S. Imai has served in various public service positions for over 23 years, beginning with his position as Administrative Assistant to the Chairperson of the Board of Agriculture and working his way through the ranks to serve as Administrative Services Officer, Assistant Superintendent for Business Services, Deputy Director, and then Director of Finance. Beyond his state service, Mr. Imai also holds the rank of Brigadier General in the Hawaii Army National Guard, commanding more than fifty units of 3,400 soldiers.

"Testimony in support of this nominee submitted to your committee indicated that Mr. Imai is well-respected on the basis of his knowledge and his commitment to

serving the public interest. With regard to his leadership ability, Mr. Imai is also well regarded for his ability to work well with both staff and other agency administrators.

"Mr. President, your committee members diligently questioned the nominee regarding his administrative qualifications, his vision and priorities for the Department of Accounting and General Services and related policy issues presently before the Legislature. Your committee believes that this nominee adequately responded to the committee's inquiries.

"With this, Mr. President, I'm urging my colleagues to vote affirmatively. Thank you."

Senator Ikeda also rose in support of the nominee as follows:

"Mr. President, I wish to rise in support of this nominee.

"I have had the pleasure in the last year of working with Mr. Imai when he was the former Director of the Department of Budget and Finance. I found him to have strict integrity and to be extremely honest and open in the way he dealt with issues and presented them. And given the fact that we have had major problems with specific issues within the Department of Accounting and General Services, particularly in leasing as well as in other areas, I am sure that Mr. Imai will do an extremely good job in resolving these issues and making the department an even more efficient entity of government.

"For those reasons, Mr. President, I support Mr. Imai's nomination and ask my colleagues to do so as well. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 21. Noes, 1 (Liu). Excused, 3 (Anderson, McCartney, Tam).

Stand. Com. Rep. No. 1018 (Gov. Msg. No. 131):

Senator Solomon moved that Stand. Com. Rep. No. 1018 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of SEIJI F. NAYA, Ph.D., as Director of Business, Economic Development, and Tourism, term to expire December 7, 1998, seconded by Senator Holt.

Senator Solomon rose in support of the nominee as follows:

"I also rise in support of this nominee, Mr. President.

"Upon review of the resume, vision statement and other background information submitted by the nominee, your committee finds that Dr. Seiji Naya's career includes positions as Chief Economist with the Asian Development Bank, Vice President and Director of the Resource Systems Institute at the East-West Center, and Chair of the Department of Economics at the University of Hawaii-Manoa.

"Testimony in support of the nominee submitted to your committee indicates that Dr. Naya has an extensive network of contacts within Asia and the Pacific Rim, which is critical to establishing linkages for Hawaii's businesses. Dr. Naya's career has brought him into contact not only with scholars, but business and government leaders who provided testimony of their respect for him as a distinguished economist with a commitment to the vision of diversifying Hawaii's economy.

"Again, Mr. President, your committee members diligently questioned the nominee regarding his administrative qualifications, his visions and priorities for the Department of Business, Economic Development, and Tourism and related policy issues presently before the Legislature. Your committee believes that the nominee adequately responded to the committee's inquiries.

"With this, Mr. President, I urge an affirmative vote."

Senator Matsunaga also rose in support of the nominee and said:

"Mr. President, I rise in support of this nominee.

"Dr. Seiji Naya's resume of achievements is distinguished and impressive. He is a graduate of the University of Hawaii and received his Ph.D. from the University of Wisconsin. He is recognized internationally for his pioneering work on ASEAN trade and tourism. He was a member of the Hawaii/Pacific District Export Council. He was an advisory group member of the A.P.O. study on development strategies and productivity issues in Asian countries. The list is inexhaustible.

"Dr. Naya first came to Hawaii 44 years ago as a member of an intercollegiate boxing team from Japan. He later went on to become an NCAA boxing champion and was inducted into the University's Sports Hall of Honor.

"Mr. President, nothing will be more crucial to Hawaii in the next millennium than the direction and development of Hawaii's industries and economy. The industries upon which this state has historically relied are at a critical juncture. Some industries need boosting, some need redirecting, and some need to give way to more viable and progressive endeavors.

"The problems of Hawaii's economy include limited future job markets for our youth, salaries not commensurate with our high cost of living, and what has become to be known as our state's 'brain drain.' These are serious and sobering issues. As Director of the Department of Business, Economic Development, and Tourism, Dr. Seiji Naya will be faced with the onerous responsibility of being the catalyst for new policies and programs that will boldly and innovatively address these issues.

"Dr. Seiji Naya possesses the experience and qualifications to define the solutions. He possesses the wisdom to balance the interests. And most importantly, he possesses the broad and definitive thinking it is going to take to revitalize our state's economy.

"Mr. President, I urge my colleagues to vote in support of Dr. Naya. Thank you."

Senator Graulty then rose to speak in favor of the nominee and said:

"Mr. President, I rise to speak in strong support of this nomination.

"Mr. President, in Dr. Naya, the cabinet and the administration has someone who is truly world-class in his field. And I think we -- the members of the Legislature, the members of the executive branch, and the people of Hawaii -- are truly fortunate that Dr. Naya has accepted the Governor's nomination and appointment to serve in this very important capacity.

"Mr. President, during Governor John Burns' time he saw a vision for Hawaii that linked Hawaii with Asia and the Pacific. That was in the 1960's and it's been many, many years since that time. It is my personal feeling, Mr. President, that we have lost that vision and that in Dr. Naya we have the ability to regain that vision which the late governor had for Hawaii as it relates to the rest of the Pacific and Asia.

"Mr. President, we are truly fortunate to have Dr. Naya serve as Director of the Department of Business, Economic Development, and Tourism and I urge my colleagues to vote 'aye.' Thank you."

Senator Iwase rose in support of the nominee as follows:

"Mr. President, I rise to speak in support of this nominee. The previous speakers have eloquently expounded upon his qualifications.

"Mr. President, at the beginning of this century I believe it was Secretary of State John Hay who said that the Mediterranean was the 'Sea of the Past,' the Atlantic was the 'Sea of the Present,' and the Pacific would be the 'Ocean of the Future.' We are now in the midst of the explosion of the Pacific Rim economy. We are going to need Mr. Naya's leadership. I believe that he can provide the kind of leadership, vision and dream that we need to have.

"I strongly support Mr. Naya. I believe that he will not only allow us to participate in the present, but will take us into the future at the beginning of the 21st century so that we can have an economy and a future we will be proud of. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Anderson, Tam).

Stand. Com. Rep. No. 1019 (Gov. Msg. No. 136):

Senator Solomon moved that Stand. Com. Rep. No. 1019 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of JAMES H. TAKUSHI as Director of Human Resources Development, term to expire December 7, 1998, seconded by Senator Holt.

Senator Solomon rose in support of the nominee as follows:

"Mr. President, I'm speaking in support of the nominee.

"Your committee finds that Mr. James H. Takushi has been a public servant for more than 25 years. He has dedicated his career to working in personnel and labor relations. Jimmy has held positions as the former Director of Personnel Services and Chief Labor Negotiator for two former governors, and has also served as a personnel director in the private sector.

"Testimony was submitted to your committee by professional associates and colleagues as well as individuals who have negotiated across the table from Mr. Takushi. The consensus of the testifiers indicates that Jimmy is not only well-qualified for this position, but that he will bring integrity to the position and a commitment to tackle the challenges of maximizing our state workforce in the face of limited financial resources.

"Again, your committee members diligently questioned the nominee regarding his administrative qualifications, his vision and priorities for the Department of Human Resources Development, and other related human resource and personnel issues presently before the Legislature. Your committee believes that the nominee adequately responded to the committee's inquiries.

"With this, Mr. President, I urge an affirmative vote by my colleagues."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Anderson, Tam).

Stand. Com. Rep. No. 1020 (Gov. Msg. No. 137):

Senator Solomon moved that Stand. Com. Rep. No. 1020 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of SUSAN MEYERS CHANDLER, Ph.D., as Director of Human Services, term to expire December 7, 1998, seconded by Senator Holt.

Senator Solomon rose in support of the nominee as follows:

"I urge an affirmative vote, Mr. President, for this nominee.

"Dr. Chandler has both academic and career accomplishments which indicate her commitment to the betterment of social welfare policy and practice in Hawaii. Her academic credentials include a Masters degree in Social Work from the University of Hawaii and a Doctorate degree in Social Welfare from the University of California at Berkeley. Her career in social services began at the Waimano Home and included positions with the Youth Development Center and the Waianae Coast Comprehensive Health Center prior to her appointment to the faculty of the University of Hawaii School of Social Work. Dr. Chandler was also selected as a fellow at the Center of Social Policy and Practice in Washington, D.C., to study federal welfare policy and programs, and she recently completed mid-career training in public administration at the Maxwell School of Syracuse University.

"Testimony in support of the nominee was submitted by professional associates, colleagues and advocates for the socially and economically disadvantaged. Generally, the testifiers provided positive commentary about the nominee's professional qualifications as well as her contributions to the community in the areas of mental health and women's and children's issues. The consensus of the testifiers indicates that Dr. Chandler possesses a balance of academic pursuit with career experience addressing community problems.

"As affirmed by the record of votes of the members of your Committee on Executive Appointments, your committee after full consideration of the background, character, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

"Thank you, Mr. President."

Senator Matsuura rose in support of the nomination as follows:

"Mr. President, I rise to speak in favor of the nominee. The Chairman of the Judiciary Committee and I sent a memorandum of recommendation to the chairperson of the Executive and Judicial Appointments Committee and may I request that memo be inserted into the Journal. (The Chair so ordered and identified the attachment of the memorandum to Senator Solomon, dated March 21, 1995, as Exhibit "A.")

"In looking at all of these nominees, I evaluate all these people into three different categories. Category 1 is 'very good'; category 2, 'fairly good'; and category 3, 'not so good'. (I hope that we don't get any nominees that fall into the third category.) But certainly, Dr. Chandler falls without any reservations in the category of 'very good.' Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Anderson, Tam).

Stand. Com. Rep. No. 1021 (Gov. Msg. No. 142):

Senator Solomon moved that Stand. Com. Rep. No. 1021 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of KAZU HAYASHIDA as Director of Transportation, term to expire December 7, 1998, seconded by Senator Holt.

Senator Solomon rose in support of the nominee as follows:

"I rise to speak in support of the nominee, Mr. President.

"Your committee finds that Kazu Hayashida has been a civil engineer since 1964 and has dedicated his 36-year career to public service by holding positions with the State and the City and County of Honolulu. Kazu worked with the Department of Land and Natural Resources for 14 years on irrigation, flood control, and construction projects. He worked as the Director of City and County of Honolulu Departments of Public Works, Transportation Services, and Board of Water Supply. Kazu's tenure with the Board of Water Supply has been notable for the resolution of the many controversies related to water rights and the protection of this critical natural resource.

"Testimony in support of the nominee submitted to your committee indicates that Kazu is well regarded for his many contributions to public service, both on a statewide and national level. Employees and professional associates noted his willingness to always seek information from staff and to address community concerns prior to making decisions. Colleagues within the engineering profession also noted his various awards such as the Hawaii Engineer of the Year, Water Works Man of the Year, and one of the Top Ten Public Works Leaders of the Year. The consensus of the testifiers indicates that Kazu has demonstrated performance and accomplishments in public service that ensures he will be an effective and competent leader for the Department of Transportation.

"Your committee members diligently questioned the nominee regarding his administrative qualifications, his visions and priorities for the Department of Transportation, and related policy issues presently before the Legislature. Your committee believes that the nominee adequately responded to the committee's inquiries and as a result, Mr. President, we urge a positive vote for this nominee. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Anderson, Tam).

Stand. Com. Rep. No. 1022 (Gov. Msg. No. 144):

Senator Solomon moved that Stand. Com. Rep. No. 1022 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of LLOYD I. UNEBASAMI as Chief Procurement Officer, term to expire June 30, 1998, seconded by Senator Holt.

Senator Solomon rose in support of the nominee and said:

"Mr. President, I also urge an affirmative vote for this nominee.

"Your committee finds that Lloyd Unebasami, a graduate of the University of Hawaii with a business degree in accounting and a certified public accountant, has served in various financial management positions in both the private and public sectors. His private sector experience includes serving as a certified public accountant in an auditing capacity, and his public service career includes appointments as Deputy Director of the Department of Taxation and Deputy Comptroller with the Department of Accounting and General Services.

"Testimony in support of this nominee was submitted to your committee and indicated that Mr. Unebasami is regarded as highly-qualified for the position and committed to public service. While Deputy Comptroller, he worked quite closely with state agency officials and private sector contractors on the implementation of the state's revised procurement code. This task involved developing departmental rules as well as revised procedures for both state agencies and private contractors. The testifiers also indicated that beyond his professional qualifications, Lloyd possesses a fair disposition in working with all people and is willing to make tough decisions when necessary.

"After full consideration of the background, character, experience and qualifications of the nominee, the committee has found the nominee to be qualified for this position and recommends the Senate advise and consent to his nomination.

"Thank you."

Senator Matsuura requested permission of the Chair to have his remarks on the nominee entered into the Senate Journal.

The Chair having so ordered, Senator Matsuura's remarks follow:

"Mr. President, I rise to speak in favor of this nominee with reservations.

"I circulated a letter, which some interpreted as being against the nominee. Let me clear this up. I have nothing against the nominee. I just wanted a few questions asked. I wish him the best of luck.

"I have had a lot to do with the drafting of the procurement laws because of the abuse of the existing law. I know that it will take a huge effort by the new administrator of the procurement office to get the new procurement office off the ground. That is why I was

worried that Mr. Unebasami might not have the experience it takes to do the job.

"However, Mr. President, I am an optimist. Mr. Unebasami is a good and smart man. The policy office found him qualified. The governor chose him. The governor is entitled to pick his team. Let us see what Mr. Unebasami can do.

"Let us also try to get him some help. I encourage DAGS to hire a consultant to help with the transition, a person who has had experience in being the chief procurement officer elsewhere.

"Let us give the new procurement code a decent shot because in the long run, it is going to save us money and help restore faith in government. Thank you, Mr. President."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Anderson, Tam).

At this time, Eugene Imai, Seiji Naya, James Takushi, Susan Meyers Chandler, Kazu Hayashida and Lloyd Unebasami rose to be recognized and were escorted to the floor of the Senate where congratulations were offered by the members of the Senate.

At 11:57 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:02 o'clock p.m.

MEMORANDUM

To: Senator Malama Solomon, Chair
Members of the Committee on Executive & Judicial Appointments

From: Senator Richard Matsuura, Chair
Senator Rey Graulty, Vice Chair
Human Services Committee

Date: March 21, 1995

Re: Confirmation Hearing for Dr. Susan Meyers Chandler

We write this letter in support of Dr. Susan Meyers Chandler as director of the Department of Human Services. As Chair and Vice Chair of the Human Services Committee, we have had the opportunity to work closely with Dr. Chandler over the past few months. We have found Dr. Chandler to be very knowledgeable in the area of human services. Perhaps more importantly, she has also been available, accessible, and responsive to us and to our staff. For example, on one occasion when the Chair needed information on a pending bill, Dr. Chandler was out of the office. Instead of letting matters lie there, her staff reached her by cellular phone and she appeared in the Chair's office within minutes to answer questions. Both Dr. Chandler and her deputy director Kate Stanley have developed cooperative and cordial relationships with both of our offices.

Dr. Chandler is also well qualified to serve the State of Hawai'i as director of DHS. She received a Ph.D. in Social Welfare from the University of California at Berkeley and a Masters in Social Work from the University of Hawai'i at Manoa. Recently, she participated in a mid-career and executive education program on public administration at Syracuse University. As director, Dr. Chandler will be required to make some tough policy choices in order to balance the need for services with the State's current fiscal constraints. We believe she can do the job. Dr. Chandler has already shown her willingness to accept great challenges and to do her part to develop appropriate solutions. She understands the need for collaboration and we believe that she possesses the necessary skills to build consensus on pressing welfare issues facing the State and the Nation.

We believe that Dr. Chandler is an excellent representative to the legislature and strongly recommend her confirmation as director of the Department of Human Services.

FORTY-THIRD DAY

Tuesday, April 4, 1995

The Senate of the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995, convened at 11:34 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by the Reverend Julia McKenna-Dubin, The Ministry for Divine Harmony, after which the Roll was called showing all Senators present with the exception of Senator Ikeda who was excused.

The President announced that he had read and approved the Journal of the Forty-Second Day.

Senators Levin and Matsunaga, for the Committee on Health and the Committee on Economic Development, presented a joint report (Stand. Com. Rep. No. 1160) recommending that S.C.R. No. 270, as amended in S.D. 1, be adopted.

By unanimous consent, action on Stand. Com. Rep. No. 1160 and S.C.R. No. 270, S.D. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF BUSINESS, ECONOMIC DEVELOPMENT, AND TOURISM TO DEVELOP A PLAN TO MARKET THE EXPERTISE AND EXCELLENCE OF HAWAII'S HEALTH CARE," was deferred until Wednesday, April 5, 1995.

At 11:41 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:42 o'clock a.m.

ORDER OF THE DAY

S.B. No. 1573, S.D. 2 (H.D. 1):

By unanimous consent, action on S.B. No. 1573, S.D. 2, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CHAPTER REFERENCES IN CHAPTER 231, HAWAII REVISED STATUTES," was deferred until Wednesday, April 5, 1995.

ADVISE AND CONSENT

Stand. Com. Rep. No. 1115 (Gov. Msg. No. 128):

Senator Solomon moved that Stand. Com. Rep. No. 1115 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of JAMES J. NAKATANI as Chairperson, Board of Agriculture, term to expire December 31, 1998, seconded by Senator Holt.

Senator Solomon rose to speak in favor of the nominee as follows:

"I rise in support, Mr. President, of this nominee for Gov. Msg. No. 128.

"Mr. President, your committee finds that James J. Nakatani is a third-generation farmer and served nine years as President of the Hawaii Farm Bureau Federation. During his tenure as President of the Bureau, he participated in the development of the Department of Agriculture's pesticide education program, the formulation of the State's endangered species protection plan, the development of guidelines for the State Water Code, strengthening of the Right to Farm Act, and the creation of the Agribusiness Development Corporation. As an independent farmer and business person, Jimmy views agriculture as an important part of Hawaii's economy and is committed to identifying markets for diversified agricultural products.

"Testimony in support of the nominee submitted to your committee indicates that Jimmy is regarded within the agriculture industry as someone who understands the day-to-day processes of farming and possesses the necessary leadership skills to administer the Department of Agriculture. While he is known as an advocate for the farming community, he has also shown that he is aware of the regulatory functions of the department and their importance in protecting the consumer.

"With this, Mr. President, your committee recommends his confirmation by the Senate. Thank you."

Senator Kanno also rose in support of the nominee and said:

"Mr. President, I rise to speak in favor of the nominee.

"Mr. President, I have gotten to know James Nakatani as President of the Hawaii Farm Bureau Federation. We first met a couple of years ago when I first served as chair of the Agriculture Committee. He has consistently shown a level of commitment and fairness in carrying out his responsibilities in terms of working with agricultural issues statewide. I believe he is well-qualified for the position.

"What lies ahead for him in his new role are a number of challenges considering the closing of a number of sugar plantations and the availability of large tracts of land. This session, we are dealing with difficult issues: the future of the Agribusiness Development Corporation which the Legislature created a year ago; the future of the Governor's Agriculture Coordinating Committee; and the role that agriculture will play in the future economic development of the state. I believe that Mr. Nakatani will do a good job rising to the challenge of facing these difficult questions and developing the vision that will carry agriculture into the future.

"Thank you very much."

Senator Matsuura, rising to speak in favor of the nominee, then said:

"Mr. President, I also rise in support of this nominee.

"I think this is a landmark decision that we will be making today because for the first time in my experience in confirming the Director of the Department of Agriculture, we have a genuine farmer. It does not matter whether a person has a Ph.D., or is with the university, or is a political animal, you will find that most of them -- maybe 99.99 -- will fail as a commercial farmer. Today we have one that is a successful farmer. We are making a tremendous choice in having a true farmer, a genuine farmer who has made it to this point and never failed, to be the Director of the Department of Agriculture. He is going to be great leader for all the farmers of the State of Hawaii.

"Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Bunda, Ikeda).

Stand. Com. Rep. No. 1116 (Gov. Msg. No. 129):

Senator Solomon moved that Stand. Com. Rep. No. 1116 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of MARGERY S. BRONSTER, as Attorney General, term to expire December 7, 1998, seconded by Senator Holt.

Senator Solomon rose in support of the nominee as follows:

"Mr President, I'm speaking in support of Gov. Msg. No. 129.

"Mr. President, your committee finds that Margery S. Bronster is a graduate of the Columbia School of Law and has been a practicing litigation partner with a Hawaii law corporation since 1988, serving as a managing partner and head of the Hawaii firm's hiring committee. Ms. Bronster has also participated in pro bono activities, including service as a member and President of the Board of Directors for Hawaii Lawyers Care and as a member of the Citizens' Conference on Judicial Selection.

"Testimony in support of the nominee submitted to your Committee indicates that Margery is well-regarded for her adept legal skills, her ability to address problems with efficiency and effectiveness and her fairness and integrity in dealing with all people. Her colleagues, former associates and staff, as well as representatives of the Judiciary, concur that she possesses the necessary legal knowledge and management skills to guide the Department of the Attorney General and successfully meet the many challenges that will be presented to her as chief counsel for the State of Hawaii.

"With that, Mr. President, your chairwoman of the committee recommends a positive vote for this nominee. Thank you."

Senator Matsunaga rose in support of the nominee and said:

"Mr. President, I have had the fortunate pleasure of working with Margery Bronster at the Law Firm of Carlsmith Ball Wichman Case & Ichiki since Margery moved to Hawaii from New York in 1988. I speak from both personal and professional experience when I say that Governor Cayetano could not have appointed a more exemplary Attorney General for the State of Hawaii. She is, quite frankly, one of the finest attorneys I have ever worked with.

"Her professional qualifications are impeccable. As the prior speaker has mentioned, she is a graduate of Brown University and Columbia University School of Law. Before coming to Carlsmith, she practiced as a litigation attorney at the prestigious Law Firm of Sherman & Sterling in New York City. She was president of the board of directors of Hawaii Lawyers Care and was a member of the planning committee of the 1993 citizens conference on judicial selection. On top of all this, Margery Bronster is fluent in Mandarin Chinese and more importantly, she is a resident of the 9th Senatorial District.

"Mr. President, the direction of our state's legal policies, as well as our citizens' trust in state government, will be defined by the next Attorney General. I have immeasurable confidence that Margery Bronster possesses the wisdom to set the correct policies, the tenacity to enforce our laws fully and fairly, and most importantly, the view that she is the attorney for all the people of the State of Hawaii.

"I was proud to call Margery my law partner. I am proud to call her my friend. I will be even prouder to call her my state's Attorney General."

Senator Graulty rose to speak in favor of the nominee and said:

"Mr. President, I rise to speak in strong support of this nomination.

"Mr. President, in Margery Bronster we have an individual who is an extremely able attorney, but more importantly, I think we have a very caring individual and someone who is truly committed to the sacrifice that public service entails. I have had a very good working relationship with the new Attorney General and she has been very adept at laying out the various policy options that we as Legislators have to make. After all, Mr. President, she is not only the Executive Branch's Attorney General, she is the Legislature's Attorney General, our Attorney General. I am in strong support of her nomination.

"Thank you, Mr. President."

Senator Holt also rose in support and said:

"Mr. President, I'd like to echo the sentiments of the earlier Senators and her recognition and understanding of her role as Attorney General as being the chief legal officer of the state, representing, as Senator Graulty said, not only the administration, but the Legislature. I fully support the nominee. Thank you."

Senator McCartney rose in favor of the nomination and said:

"Mr. President, I rise to speak in support of the nomination and echo the comments of the previous speakers about her being not only the chief executive's lawyer but the Legislature's lawyer. And most importantly she made the statement that she is the people's lawyer and that is why we should support her. Thank you, Mr. President."

Senator Matsuura rose in support of the nominee and said:

"Mr. President, I also rise in support of the nominee.

"A few weeks ago I was totally in favor of an elected Attorney General until I asked Ms. Bronster this question at a Judiciary hearing. I asked her, if the laws were changed and we were to elect our Attorney General, would she have put her name in to run for that office. She said, 'No.' Ever since then, I have had second thoughts about going full boar on an elected Attorney General. I just want you folks to know that, because she is truly a fine person. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Bunda, Ikeda).

Stand. Com. Rep. No. 1117 (Gov. Msg. No. 140):

Senator Solomon moved that Stand. Com. Rep. No. 1117 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of GEORGE IRANON, as Director of Public Safety, term to expire December 7, 1998, seconded by Senator Holt.

Senator Solomon rose in support of the nominee and said:

"Mr. President, I rise to speak in support of Gov. Msg. No. 140.

"Mr. President, your committee finds that George Iranon has a proven public service record including 29 years of law enforcement and 10 years of corrections experience within the State of Hawaii. George's first success included building a team to regain control of the Kulani Correctional Facility, and he has continually strived to resolve the ongoing staff overtime and facility overcrowding conditions within the corrections system. Additionally, George has distinguished himself as one of the few Hawaii graduates of the Federal Bureau of Investigation National Academy and the U.S. Secret Service Dignitary Protection Seminar, as well as collaborating with federal and local law enforcement agencies in the area of diversion control of drugs.

"Testimony in support of the nominee submitted to your committee indicates that professional associates and colleagues concur that George possesses both the professional experience and the necessary management skills and knowledge of labor relations to develop solutions to some of the ongoing staffing problems within the correctional system. Members of the community-at-large also testified that they know George as a compassionate and fair person who is dedicated to public service.

"Your committee members diligently questioned the nominee regarding his administrative qualifications, his visions and priorities for the Department of Public Safety, and related policy issues presently before the Legislature. Your committee believes that the nominee adequately responded to the committee's inquiries and as a result, Mr. President, I urge positive confirmation. Thank you."

Senator Graulty also rose in support of the nomination and said:

"Mr. President, I rise to speak in support of this nomination.

"Mr. President, in Mr. George Iranon we have someone who is eminently qualified for the position for which he has been appointed. With a long background in law enforcement, Mr. Iranon also brings some very strong successes in the corrections field, as mentioned by the previous speaker. In addition, he possesses the management background that is so necessary to move the prison system and the department forward.

"Mr. President, I believe Mr. Iranon is going to make us proud. He is going to be able to solve a lot of the problems that have beset the corrections system. It is not only a problem with overcrowding which in and of itself is a tremendous problem, but as you know and the other Senators know, we have problems in overtime and sick leave. I know that Mr. Iranon will bring these problems to the floor and deal with them as effectively as possible.

"I support his nomination and we are truly fortunate to have Mr. Iranon serve in the position for which he has been nominated. Thank you, Mr. President."

Senator Kawamoto also rose in support of the nomination and said:

"Mr. President, I rise to speak in support of this nominee.

"If roots have any importance in this process, George, as we affectionately call him, was raised in the plantation town of Honomu, next to your plantation town Pepeekeo. I have said all along that the most important product of the plantation era was the people themselves and the values they learned. More recently I've been involved with Mr. Iranon in some cultural and veterans' activities, and his professionalism and his sense of community concerns are above reproach. Therefore I recommend his nomination. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Bunda, Ikeda).

Stand. Com. Rep. No. 1118 (Gov. Msg. No. 143):

Senator Solomon moved that Stand. Com. Rep. No. 1118 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of GARY GILL as Director of Environmental Quality Control, terms to expire June 30, 1995 and June 30, 1999, seconded by Senator Holt.

Senator Solomon rose in support of the nominee as follows:

"Mr. President, I'm rising to speak in support of Gov. Msg. No. 143.

"Mr. President, your committee finds that Gary Gill, during his tenure as a council member of the City and County of Honolulu City Council from 1988 to 1994, served as the chair of the Committee on Energy and Environmental Protection and as chairperson of the City Council from 1992 to 1994. Gary's reputation as an advocate of community interests and his inclusive leadership style are among the positive characteristics which define his public service career.

"Testimony in support of the nominee submitted to your committee indicates that Gary possesses the integrity and communication skills necessary to be an active promoter of collaboration in the enforcement of environmental policies affecting both the public and private sectors. Additionally, Gary has shown that he is personally committed to maintaining and increasing the quality of Hawaii's physical environment for our present population as well as future generations.

"With this, Mr. President, your committee believes that the nominee adequately responded to the committee's inquiries, and recommends confirmation. Thank you."

Senator McCartney also rose in support and said:

"Mr. President, I rise to speak in support of this nomination.

"I do not think the governor could have picked a better person to sit in this position. Our environment is a very sensitive and delicate product of Hawaii that we need to preserve and protect. I've worked with Gary on many issues relating to the environment, especially Kaneohe Bay and many of the sensitive things that are happening there, and I know he is an advocate. He realizes that we need to be caretakers of our environment for the next generation; that we need to preserve and protect our environment and give it to our next generation. I think he will do an excellent job in that position and I'm very pleased that he will be serving the State of Hawaii and the people in that capacity.

"Thank you, Mr. President."

Senator Fukunaga also rose in support of the nomination and said:

"Mr. President, I rise to speak in support of this nominee.

"I've also known Gary Gill for a number of years and I would have to say that the name Gill has certainly been synonymous with taking care of the environment. From his early years as a 'keiki o ka'Aina," in the hills and valleys of the Makiki/Tantalus rain forest, to the many things that he has done throughout our community (both in recycling and looking for ways that the City and State can work innovatively to help define new dimensions for environmental protection), I think that the governor could not have made a better choice. I urge all my colleagues to vote in support of this nominee."

Senator Kawamoto rose in support of the nominee and said:

"Mr. President, I rise to speak in favor of this nominee.

"I had the opportunity to work with Gary on many occasions as the chairman of the Neighborhood Board, and he always has been open and very willing to listen. Sometimes we were on opposite sides, but he was always open to our community. I urge my colleagues to vote in favor of Gary Gill."

At this time, Senator Anderson rose in support of all of the nominees and said:

"Mr. President, I would like to speak on behalf of all of the nominees. I believe that they are all very, very qualified. As a person who was appointed himself, I know that the only thing that the governor has asked for is that you represent the people of the state to the best of your ability. I know that each one of you is very worthy of that. So I would like to speak in favor and hope my colleagues would do the same. Mahalo."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Bunda, Ikeda).

At this time, James Nakatani, Margery Bronster, George Iranon and Gary Gill rose to be recognized and were escorted to the floor of the Senate where they were congratulated by the members of the Senate.

At 12:02 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:08 o'clock p.m.

MATTER DEFERRED FROM EARLIER ON THE CALENDAR

LEADERSHIP COMMITTEE REPORT

Ldr. Com. Rep. No. 1154 (S.C.R. No. 162, S.D. 1):

Senator Baker moved that Ldr. Com. Rep. No. 1154 and S.C.R. No. 162, S.D. 1, be adopted, seconded by Senator Ihara.

Senator Baker rose in support of the resolution and stated:

"Mr. President, I rise to support this resolution.

"Mr. President, at the outset I would like to commend the work of the Commission on Legislative Salary. They spent a lot of hours that took their time away from their other busy schedules in order to deal with this particular issue, and I would like to thank them for their efforts.

"They were very diligent in their efforts to develop a fair and justifiable resolution to the issue of legislative salary. However, linking legislative compensation to the process of collective bargaining for public employees raises serious concerns for your committee. The methodology recommended by the salary commission, in our view, inappropriately links the executive and legislative branches of government -- two separate, co-equal branches. This recommendation put forward by the Salary Commission, in my view, violates the separation of powers principle that this body has sought in many other arenas to both maintain and preserve.

"I would also like to note for the record that one member of the salary commission shared this view and in fact filed a minority opinion which became part of the record of the salary commission.

"Mr. President, in light of our sluggish economy, the budget shortfall that we are facing, and the prospect of layoffs, we simply cannot justify accepting pay raises at this time, even one scheduled years into the future. As you noted, Mr. President, the voters put us here because they believed we were capable of making hard choices among difficult alternatives. We cannot disappoint them now, especially when times are tough. We must lead by example. Mr. President, I believe our action on this matter supports that example and will enable us to return to more important matters, focusing on the real work of the people.

"So, Mr. President, on behalf of your committee, I ask my colleagues to join us in supporting this resolution to disapprove the recommendations of the Commission on Legislative Salary. Thank you."

Senator Liu also rose in support of the resolution and stated:

"Mr. President, I stand to speak in favor of this resolution.

"I am pleased that this is one of the rare occasions when I can stand up in agreement with the Majority Leader. I would also like to request to be very sure that when the media reports on this vote that they make it very clear to the public that an 'aye' vote really means that we are disapproving the pay raise recommendation.

"Also, I would like to concur with the comments made by the Majority Leader and in addition, to indicate that there are a number of other issues which I believe have to be discussed in conjunction with the issues surrounding the salary increase -- issues concerning the traditional concepts of part-time vs. full-time; issues concerning frequency of review of salaries; and we must also look at issues regarding questions such as the high-three. These are all things which are tied up in this very difficult subject, and pay, I believe, is perhaps the last issue that should be discussed after a number of these other issues have been sorted out and discussed fully among ourselves and the public.

"So with that, Mr. President, I appreciate the chance to address this measure and urge my colleagues to vote 'aye.' Thank you."

The motion was put by the Chair and carried, the report of the Committee was adopted and S.C.R. No. 162, S.D. 1, entitled: "SENATE CONCURRENT RESOLUTION DISAPPROVING THE RECOMMENDATION OF THE COMMISSION ON LEGISLATIVE SALARY," was adopted.

Senator Holt rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"Last week Friday I announced that we had been contacted by the author of the 'Pay at the Pump' bill. I have the letter that I told you he would be sending here. I'm not going to read it all. I think it is self-explanatory that he is supporting our no-fault bill and I will just read one paragraph. He says:

> 'Your bill is different. It would be real no-fault. It would save the people of Hawaii hundreds of millions of dollars in legal costs and fraud annually and, on balance, provide fair, surer, swifter compensation to those who are hurt -- especially those badly hurt.'

"I just thought I would like to insert this letter into the Journal and distribute it to the members for their information. Thank you."

The Chair so ordered and identified the attachment as Exhibit "I."

At 12:16 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:17 o'clock p.m.

ADJOURNMENT

At 12:18 o'clock p.m., on motion by Senator Ihara, seconded by Senator Liu and carried, the Senate adjourned until 11:30 o'clock a.m., Wednesday, April 5, 1995.

Senator Milton Holt
Hawaii State Senate
State Office Tower #502
Honolulu, Hawaii 96813 Via Fax: 808-586-6849

Dear Senator Holt:

I am writing to support you no-fault auto insurance reform.

I am not a lobbyist, I am a writer. I have won the Gerald Loeb Award for Distinguished Financial Journalism and, in 1993, the Consumer Federation of America Media Service Award.

Unlike those who argue against you bill, I have no financial interest in this fight. I have nothing to gain if it passes, nothing to lose if it is defeated. I have no axe to grind. I have simply followed this issue for 25 years and written two books that deal with it.

It is incredibly frustrating tome that time after time, in state after state, the lawyers manage to thwart reform. They say, in effect: "You can't fire us. We are going to take a huge chunk of your auto insurance liability dollars for the rest of time." And they always win, because the lawyers write the laws. Even in states that purport to have no-fault, it is for the most part no-fault in name only -- often the worst of both worlds.

Your bill is different. It would be real no-fault. It would save the people of Hawaii hundreds of millions of dollars in legal costs and fraud annually and, on balance, provide fairer, surer, swifter compensation for those who are hurt -- especially those badly hurt.

Yes, a poor person his by a drunken millionaire would fare worse under no-fault than under the present system. But how often does that happen? For ever case where a seriously injured driver would fare worse under no-fault, there will be ten where the victim fares better. And in the meantime, almost all vehicle owners in your beautiful state will save money.

Over the last three years I have spent $400,000 of my own funds trying to do something similar for California. I have nothing to gain if we succeed except the extraordinary satisfaction knowing that I will have helped wring billions of dollars of waste and fraud from the economy, and made an inhumane system more humane and efficient.

The bill you have sponsored does exactly that. It is bad for the lawyers, but good for Hawaii. What an example Hawaii's legislature would set for the nation if somehow it were able to put the interest of the people over the interest of the trial attorneys.

Sincerely,

/s/ ANDREW TOBIAS

RE-REFERRAL OF HOUSE BILL

The President re-referred the following House bill that was received:

House Bill	Referred to:
No. 1868	Jointly to the Committee on Communications and Public Utilities, the Committee on Judiciary and the Committee on Ways and Means

RE-REFERRAL OF SENATE RESOLUTION

The President re-referred the following Senate resolution that was offered:

Senate Resolution	Referred to:
No. 145	Committee on Agriculture, Labor, and Employment

Senator Aki, for the Committee on Ecology and Environmental Protection, requested a waiver of the required hours of notice of a public hearing on H.B. No. 22, H.B. No. 388 and H.B. No. 395, and the Chair granted the waiver.

Senator Fukunaga, chair of the Committee on Communications and Public Utilities, also requested a waiver of the required hours of notice of a public hearing on H.B. No. 471, H.B. No. 1186 and H.B. No. 1868, and the President granted the waiver.

Senator Ige, chairman of the Committee on Higher Education, Culture, and Arts, requested a waiver of the 72-hour Notice of a Public Hearing on H.C.R. No. 87, H.C.R. No. 123, H.C.R. No. 140 and H.C.R. No. 246, and the Chair granted the waiver.

Senator Anderson rose on a point of personal privilege and said:

"Mr. President, I'd like to rise on a point of personal privilege.

"I was not going to do that but I saw an article from a councilman of ours, Councilman Steve Holmes. This is the same gentleman that a few years back wanted to take our Bayview Golf Course and make it a park. And the park, Mr. President, does not generate a dollar. But they were going to take a golf course, and I guess those people were going to have to be unemployed. According to the headlines, it says: 'Hotels may face tax rate hike.' And Councilman Holmes says there is a 100% chance that the categories that will be hit will be the hotels. Holmes said 'The hotels and commercial properties would most likely be the candidates for a rate increase because their assessed values have dropped more than other land categories.'

"And you know, just a few weeks back, Mr. President, I voted for allowing the counties to raise their tax if they so desired. And I said, as far as I was concerned, that was a home rule issue. Well let me tell you, Mr. President, it only means that the overcharge assessments are dropped because they were overcharged in the first place. And now Mr. Holmes is saying that the hotels are looking at a better chance of their land value. Well let me tell you, if somebody put up a hotel a few years back and it cost them $20 million and today it is only worth $13 million, I guess he feels that's a pretty good deal, so he wants to tax them more.

"If, in fact, that tax goes up, Mr. President, there are a lot of people who are going to be unemployed. That means the state is going to have to look at its unemployment tax going up and there are going to be other assessments. And I think all of us who were either appointed or elected have a responsibility to the people of the state. I think it's a shame when you have someone that will come out in the paper and say we are not going to bother the residential people because they vote, so we will hit the hotels because there is less chance of our being thrown out. That is the way it looks to me.

"Now, when he ran for councilman, he ran a very, very tight race. He was saying that other people were taking money from everybody. I think that this gentleman had better look at a common sense area for taxing people. And if, in fact, we are going to look at a tax increase then I think it belongs to all of us, across the board. So I wish my colleagues would look at this, and I think we're going to have to look at Councilman Holmes. I personally would not give Oahu another dime if they are not going to look at other types of revenue and are going to hit just one segment of the community.

"Thank you very much."

Senator Chumbley also rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"Today from 2:30 to 4:30 p.m., there will be a 'Rally for Education' on the ewa lawn of the State Capitol. According to the invitation, the participants include the Board of Education, Department of Education, Hawaii State Teachers Association, Hawaii PTSA, Hawaii State Student Council and 'other friends of education.'

"I just have one question in regard to this event, Mr. President -- What is the purpose of this rally?

"If it is to demonstrate continuing support for education, then I contend that we, as Legislators should have been included in the list of participants. In the 'Report Card on American Education, 1994,' that was recently published by the American Legislative Exchange Council, it was stated that Hawaii was one of only eight states in the nation that increased spending for public

education between 1992 and 1994. The irony of all of this is that an analysis of student performance data nationwide compared with per pupil expenditures, average teacher salaries and other spending variables indicates no clear or direct relationship between spending and student performance. I am not suggesting that education spending cuts are justified, but I am saying that more than just dollars are required to achieve excellence in education in our state.

"The Hawaii State Legislature has been actively involved in systemic reform in pursuit of educational excellence in public schools under the leadership of Senator McCartney and Senator Ige for the last six years. All efforts have been focused on 'freeing the schools from bondage' so they can meet the needs of our students.

"Don't the last six years of education legislation demonstrate support for education, Mr. President?

"I am confident that there isn't one Senator seated in this room that would not support improved school facilities for our students. I am confident that there isn't one Senator seated in this room that would not support providing updated and current textbooks, instructional materials and equipment for our students. Isn't it true that our constituents call us with concerns that the Department of Education itself is not providing for the educational needs of our students? Those voiced concerns have lead the Senate to assume leadership by convening the Senate Sub-Committee on Youth Gangs and Campus Security. We do not participate in such committees because we lack care and concern for the youth of our state. I know every Senator here supports providing excellence in education in our public schools.

"If the rally is to demonstrate continued support for education as it states in the invitation, then I will be present to show my support, and I would encourage all of you to attend as well. But if the purpose of the rally is for other reasons, then I have a whole other set of questions and would not feel compelled to participate in the rally. Thank you, Mr. President."

Senator Ikeda then rose on a point of personal privilege as follows:

"Mr. President, may I rise on a point of personal privilege?

"This is in regard to the rally that is supposed to be held this afternoon, presumably in support of education. I am quite concerned by the fact that I was informed yesterday that at least where the Honolulu District is concerned, educational offices were sent a communication saying that they were expected to attend the rally. And if they were not going to make it, then they had to call to give their reasons why.

"I feel this is real coercion. I think that if the department wants people to support them at the rally, then it should be on a permissive basis. Staff should be allowed to do as they please. After all, this is still a free country. To coerce people in your employ to come to a rally is wrong. And I think the general public needs to know that this is happening. This should be stopped. I want to be sure the Department of Education does not retaliate against any of the people who determine, for whatever their reason, that they wish not to attend this rally.

"Thank you, Mr. President."

At 11:58 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:05 o'clock p.m.

Senator McCartney rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege to expand upon the points made by the Education chair and Ways and Means chair.

"Mr. President, it's great that there is a rally and people are coming to show their support for education because education is one of the most important issues in this state. And it's great that people are participating. I don't think any of us here have any objections to having a rally, but we have worked so hard on this issue of school empowerment, about trusting schools to do what is right for themselves.

"If you read this memo, and I'd like to request that this memo be inserted into the Journal for the record, it is contrary to school empowerment. It goes back to the top-down bureaucratic model that we have been so very much trying to change. And one sentence says: 'Educational officers are expected to attend the rally.' And there is another paragraph that says, 'Principals may grant early release, if needed, to accommodate teachers' transportation time to attend the rally.'

"Mr. President, I think that this is not about school empowerment -- this is about a top-down message and this is what we have been working on in educational reform to change.

"I would like to bless the rally and send everyone who attends the rally my best wishes, but it should be under circumstances where they want to be there and they feel they should be there. And I just want to insert this into the record to reiterate some of the remarks that the previous two speakers made on this issue. Thank you."

The Chair having so ordered, the attachment of the memo is identified as Exhibit "A."

Senator Graulty also rose on a point of personal privilege and said:

"Mr. President, I too would like to rise on a point of personal privilege.

"Mr. President, as a follow up to what the previous speakers have stated with regard to the rally, I too have my own two-cents worth on what is happening. This morning I attended, with some of the Senators and Representatives, a video conferencing session with students from the Central District. And apparently it is their impression that the House has cut $22 million from the education budget and they are trying to pressure the Senate into not cutting any funds for education.

"Well, as I understood it, what is being cut is the $45 million request by the Board of Education for additional funds. There is no cut to existing levels of funding, but rather there is a cut on the extra funds that are being requested by the Board of Education. But in my view, to be less than complete in their information to the students themselves, I think, is also an affront to the process that we are all committed to -- the process of truthfulness, full disclosure, honesty in information -- in order that we might be able to make the best decisions that we can under the circumstances.

"We all know there is a tremendous budget shortfall and that many departments would be very happy to get zero or to be back where they were last budget year. And yet we find that the Department of Education and the Board of Education are using every means possible not

just to hold the line, but to get an increase in their budget, which I think is very insensitive to the total fiscal situation that the state finds itself in. I think using the students or using misinformation, providing misinformation or giving them less than the full information and using the students to lobby their Senators and their Representatives with less than complete information, to me is not particularly playing fair. We all want to do what is best under the circumstances and all that we ask is that people, if they are going to give information, give complete information and be honest with the facts.

"Thank you, Mr. President."

Senator Anderson rose on a point of information as follows:

"Mr. President, I rise on a point of information for some of the speakers, if I may.

"For years we had resolutions that would have done a complete audit of the educational system -- the administration, the budget, the programs, the whole bit. And it was not allowed out. We had no hearings on those resolutions.

"The other morning at the HSTA breakfast, the teachers were concerned about their budget and I told them that we were looking at doing away with some of the frills that the educational superintendent had. We weren't looking at taking money away from the programs.

"But I think it's about time, Mr. President, if everybody is that concerned about what is happening in education, maybe next year we should either have a bill or a resolution to do a complete audit of the educational system. It's long overdue. We have wanted it for years but when the superintendent and others come from the department and say it is not needed, we all sit back.

"So let's not blame just one side. We are all to blame, ladies and gentlemen. We have to go ahead and look at what we really want. We cannot blame just one segment, is all I am saying. I will gladly write up the resolution, if you want, since I am not going to be able to be the chairman. I would love to write a resolution if you would go ahead and have it heard. Thank you."

Senator Holt rose on a point of personal privilege and said:

"Mr. President, before I ask for a waiver on a Senate concurrent resolution, I just want to announce some good news. We had a hearing last night and the chairman of the Executive and Judicial Appointments Committee passed two out of three, which I thought was pretty good. We had a fair, impartial hearing and she did an excellent job. Thank you."

At this time, Senator Holt, chair of the Committee on Consumer Protection, requested a waiver of the 72-hour Notice of a Public Hearing on S.C.R. No. 134, and the Chair granted the waiver.

ADJOURNMENT

At 12:13 o'clock p.m., on motion by Senator Ihara, seconded by Senator Liu and carried, the Senate adjourned until 11:30 o'clock a.m., Thursday, April 6, 1995.

Memo To: Honolulu District Educational Officers

From: John P. Sosa, District Superintendent

Subject: **Rally for Education - Wednesday, April 5, 1995**
State Capitol Ewa Lawn, 2:30 - 4:30 PM

At the request of Superintendent Herman Aizawa, this memo is to reiterate the importance of the upcoming Rally for Education on April 5, 1995 and to convey the following key points from him.

- The rally is co-sponsored by the partnership of the DOE, HSTA, HGEA, and PTSA to express a unified message to the Governor and legislature that education must continue to be Hawaii's top priority.
- Educational officers are expected to attend the rally. Please call Laurie Wong or me if you are not able to attend.
- Please encourage your teachers, parents, and community members to attend and bring appropriate signs in line with the themes: Education is Priority #1; Put Our Children First; No $ Cuts.
- Principals may grant early release, if needed, to accommodate teachers' transportation time to attend the rally.
- Principals are also encouraged to partner with other schools to pool non-state resources such as PTSA funds to book a bus to transport supporters to the rally.

Your usual cooperation and support are much appreciated.

FORTY-FIFTH DAY

Thursday, April 6, 1995

The Senate of the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995, convened at 11:31 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by Chaplain Ed Domme, Naval Submarine Base, Pearl Harbor, after which the Roll was called showing all Senators present with the exception of Senators Aki and Taniguchi who were excused.

The President announced that he had read and approved the Journal of the Forty-Fourth Day.

Senator Kawamoto, with the assistance of Senators Kanno and Iwase, introduced the Arakawa family in commemoration of the closing of Arakawas after 86 years of service to the Waipahu community and the State of Hawaii. A Senate certificate and leis were presented to the Arakawa family.

At 11:43 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:51 o'clock a.m.

HOUSE COMMUNICATIONS

The following communications from the House (Hse. Com. Nos. 439 to 443) were read by the Clerk and were disposed of as follows:

On motion by Senator Kanno, seconded by Senator Ihara and carried, the report of the Committee was adopted and H.B. No. 1848, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PESTICIDE RESIDUE LABELING," passed Second Reading and was placed on the calendar for Third Reading on Monday, April 10, 1995.

ORDER OF THE DAY

ADVISE AND CONSENT

Stand. Com. Rep. No. 1161 (Gov. Msg. No. 133):

Senator Solomon moved that Stand. Com. Rep. No. 1161 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of EDWARD V. RICHARDSON as Adjutant General, term to expire December 7, 1998, seconded by Senator Holt.

Senator Solomon rose in support of the nominee and said:

"Mr. President, I'm speaking in support of Gov. Msg. No. 133.

"Mr. President, your committee report speaks for itself. However, I would like to share with the members some of the remarks that were made during the hearing process. Mr. President, your committee members diligently questioned the nominee regarding his administrative qualifications, his visions and priorities for the Department of Defense, and related policy issues presently before the Legislature.

"Concerning the vision of the State Department of Defense, General Richardson stated, and I quote, 'We are the servants of the people of Hawaii, entrusted to be "na ka'ai," the guardians of their security and peace. To honor this trust, we pledge ourselves to defend and enhance the quality of life in this special "aina" we call home. This special tie to the "aina" fosters in us a strong commitment to serve with compassion, loyalty, dedication and a special pride which moves us to excel in our effort to accomplish our mission. We are an organization dedicated to the pursuit of excellence. In this we are of one mind and spirit. Our simple promise, therefore, is to provide leadership in the caring for the people of Hawaii to insure that the life of the land shall be perpetuated in righteousness. "Ua mau ke ea o ka aina i ka pono."'

"Your committee believes that the nominee adequately responded to the committee's inquiries and as a result, Mr. President, we recommend confirmation for this nominee. Thank you."

Senator McCartney also rose in support of the nominee and said:

"Mr. President, I rise to speak in support of the nomination.

"Very briefly, Mr. President, I had the chance to work with the general on many different projects. I think there are three words that describe him -- respect, dignity and integrity. He is a leader whom we can all be proud of. He has worked so hard in many different areas trying to do better not only for Hawaii, but he is also a strong advocate of taking care of his men. I think that is something a good leader should be proud of. I would like to commend him and recommend that my colleagues support the nominee. Thank you."

Senator Holt rose in support and said:

"Mr. President, in speaking in support of the nominee, I have a little conflict -- I'm related to him (laughter) ... but I'm not asking for a ruling.

The Chair interjected: "The Chair rules there is no conflict."

Senator Holt continued:

"I'd also like to say that he went to Kamehameha and that's another conflict. (Laughter.)

"At the hearing, we had nothing but positive testimony in support of the nominee. I think it was overwhelming by any measure in any confirmation hearing that I have attended in my tenure here and a tribute to the person who has taken his time and effort in leading this state into a very, very important and critical position. I would like to add my support and echo the previous statements by the other Senators. I urge everyone to support this nomination. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Aki, Taniguchi).

Stand. Com. Rep. No. 1162 (Gov. Msg. No. 134):

Senator Solomon moved that Stand. Com. Rep. No. 1162 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of KALI K. WATSON as Chairperson, Hawaiian Homes Commission, term to expire December 7, 1998, seconded by Senator Holt.

Senator Solomon rose in support of the nominee and stated:

"Mr. President, I'm speaking in support of Gov. Msg. No. 134.

"Again, Mr. President, I stand on the committee report that was submitted. However, I would like to add, Mr. President, that throughout his career Kali has focused on public service through advocating for and representing native Hawaiian interests, particularly those related to land issues.

"In his resume Kali states: 'Because I believe in public service, but more importantly I have an intense desire to help the Hawaiian people. Pu pu kahi holomua -- united in order to progress.'

"Testimony in support of the nominee submitted to your committee indicates that Mr. Watson is well-regarded as someone committed to serving the native Hawaiian constituency to whom he will be responsible. Further, Mr. Watson is noted for his diligence and willingness to resolve the historic difficulties in solving the beneficiaries of the ceded land trust.

"With this, Mr. President, I recommend to the rest of my colleagues to vote in the affirmative. Thank you."

Senator McCartney rose in support of the nomination as follows:

"Mr. President, I rise to speak in support of the nomination.

"I'd like to insert some remarks into the Journal on behalf of the chairman of the Hawaiian Affairs Committee, Chairman Aki. I would like to read the last statement of his insertion into the Journal.

'I have had the opportunity to work closely with Mr. Watson during this session. I believe that he is well-qualified for the position and that he will continue to work hard to help the Hawaiians get back on their land. I fully support Kali Watson.'

"Thank you, Mr. President."

The Chair having so ordered, Senator Aki's remarks read as follows:

"I rise to speak in support of this nominee. From the moment he took office, Kali Watson has been faced with the challenge of convincing the Legislature and the public that they should fund the $600 million settlement. This is a daunting task for anyone, especially when the state is facing a budget shortfall. But Kali rose to the challenge and with dogged determination, set out on a campaign to educate the public on this issue that affects not only the Hawaiian community, but all of us who call Hawaii home.

"I have had the opportunity to work closely with Mr. Watson during this session and I believe that he is well-qualified for this position and that he will continue to work hard to help the hawaiians get back on their land. I fully support Kali Watson."

Senator Graulty also rose in support of the nominee and said:

"Mr. President, I rise to speak in support of this nomination.

"Mr. President, I have known Kali Watson for a long time. I went to law school with him and his law office is in the same building as mine. And I have known him over the years. I just wanted to say that in Kali Watson, we have the right man for the right job at the right time. I wholeheartedly support his nomination.

"Thank you, Mr. President."

Senator Holt also rose in support of the nomination as follows:

"Mr. President, just for Senator Matsunaga's edification, he is a very, very good basketball player. He was a year older than I, but fellow colleague Senator Solomon and he were classmates. And if his leadership of the Hawaiian Home Lands is going to be anything like his leadership on the basketball court, we can expect some great things from him. Thank you."

Senator Matsunaga then rose and stated:

"Mr. President, to confirm what the prior speaker referred to, Mr. Watson was indeed the most valuable player of the lawyers' basketball league last season and I believe he is at least a two-time MVP. Thank you, Mr. President."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Aki, Taniguchi).

Stand. Com. Rep. No. 1163 (Gov. Msg. No. 141):

Senator Solomon moved that Stand. Com. Rep. No. 1163 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of RAY K. KAMIKAWA as Director of Taxation, term to expire December 7, 1998, seconded by Senator Holt.

Senator Solomon rose in support of the nominee and said:

"Mr. President, I am speaking in support of Gov. Msg. No. 141.

"Again, Mr. President, your chairwoman stands by the committee report. Mr. President, in addition, your committee members diligently questioned the nominee, of course, on his qualifications and his visions, but we were very much impressed with Ray's initiative to develop a single-page individual income tax return for next year's filing season. By adopting this return, the department is responding to public demand for simpler tax filings. And in tandem with the single-page return the department has combined the four major credits now claimed on four separate schedules into one schedule.

"So with this kind of initiative, Mr. President, and with the kind of credentials that Ray has and with his experience in both federal and state tax systems and regulations, your committee recommends an affirmative vote. Thank you."

Senator Matsuura rose in support of the nominee and stated:

"Mr. President, I rise in support of the nominee.

"I don't know where Governor Cayetano found this individual but it was like finding Michael Jordan when everybody else had passed him over.

"As I have said, there are three categories that I put these nominees into, and that is 'very good,' 'fairly good,' and 'not so good.' All three of these nominees today fall into the category of 'very good.' However, in this case we have one that has a potential to be 'fantastically good'. And I say this in all seriousness because look at Michael Jordan, if you give him a football, he is going to fall into the category of 'not so good.' If you give him a baseball, he is going to fall in the category of 'fairly good.' But if you give him a basketball, then he becomes 'very good.'

"But in Kamikawa's case, what the Legislature has to give him to be 'fantastically good' is a good expensive computer. (Laughter.) I'm serious. You might be laughing, but give him the computer and all these shortfalls -- the 250 million, 350 million, 450 million -- will be made up by collecting the taxes from people who have not been paying state taxes. And when he delivers, I will honor him by placing him in the category of 'fantastically good.' Thank you."

Senator Matsunaga then rose in support of the nominee as follows:

"Mr. President, I rise in support of the nominee.

"Ray Kamikawa's credentials and qualifications in the field of tax are impeccable. I won't go through all of his qualifications, but I would like to highlight a couple of things. He is a graduate of Georgetown University Law Center -- the alma mater of three of our Legislators and our current lieutenant governor -- and he was an excellent legislative aide in the office of another Senator Matsunaga -- my father.

"Mr. President, to address today's budgetary shortfall will inevitably involve contentious and unpopular decisions. In this session, we have considered imposing tax increases, suspending tax credits, and eliminating tax exemptions. Ray Kamikawa is faced with the difficult task of defining the priorities and guiding the policies. Fortunately, I cannot think of anyone I trust to do the job more fairly and responsibly than Ray Kamikawa.

"While our projected shortfall is an immediate problem, there is also a proposal, as the chair of the Executive and Judicial Appointments Committee mentioned, to restructure our state's tax laws. The goals include simplifying our tax system, implementing more aggressive collection procedures (and anyone that has seen Ray at the Clark Hatch Fitness Center punch the heavy bag knows that he has the toughness to go after the non-filers), and stiffening our criminal tax penalties. Ray Kamikawa, I'm confident, possesses the practical experience, the wise providence and the personal commitment to tackle this difficult but commendable task.

"Thank you."

Senator Ikeda rose in support of the nominee and said:

"Mr. President, I rise to speak in favor of this nominee and in doing so I would like the remarks of the Senator from the Big Island to be incorporated as my own. I certainly agree with him and we will do everything we can to be sure that Mr. Kamikawa gets his computer, including borrowing the money from the Senator's budget. (Laughter.) And when he is successful, I am sure that he will be repaid. Thank you."

Senator Anderson rose in support and said:

"Mr. President, I'd like to congratulate all of them. I waited until the end so that I wouldn't do it one by one, but would you ask the Clerk if he would kindly put Senator Holt's words in the Journal as my own on General Richardson, including the conflict. Thank you."

Senator Graulty then rose in support of the nominee as follows:

"Mr. President, I rise to speak in favor of this nomination.

"Mr. President, with all the enforcement bills that have come out of the Department of Taxation this session, in the last 90 days I've gotten to know Ray Kamikawa real well. He has drunk my soda; he has even fed my fish, and I really believe that in Mr. Kamikawa we have a person who is ideally qualified for this position. I dare say that after he gets his computer with Senator Ikeda's support and Senator Matsuura's support, he will be the most popular cabinet appointee in the Senate. Thank you very much."

Senator Holt rose in support of the nominee and said:

"Mr. President, I'm speaking in support of the nominee.

"I just had an opportunity to work with him very briefly this session. However, I feel that he has great potential to be a great tax director to follow in the shoes of the previous tax directors that we have had and we expect a lot of good things from him. Thank you."

Senator Matsuura then rose and said:

"I've been thinking about the comments that the chair of Ways and Means made. Her staff came to see me this morning and with the amount of cuts in the general assistance funds I can assure Mr. Kamikawa that he is going to get one hell of a big computer. Thank you."

Senator McCartney rose and stated:

"Mr. President, I rise very briefly to wish the nominee well and to speak in support of his nomination.

"We all had a chance to know him and work with him and I was really impressed when he came to my office and we talked. We talked about public service and his commitment to serve. He has made a lot more money on the outside, but he said, 'If I'm not going to make more money, I want to make a difference, I want to serve and I want to do the best I can. This is my opportunity in life to give something back.' And I think that characterizes the nominees who are being confirmed here today. I think that Ray really expressed it well. I want to congratulate him and wish him well in his efforts to collect more revenues on behalf of the State of Hawaii.

"Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Aki, Taniguchi).

At this time, Edward Richardson, Kali Watson and Ray Kamikawa rose to be recognized and were escorted to the floor of the Senate where congratulations were offered by the members of the Senate.

At 12:09 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:16 o'clock p.m.

MATTERS DEFERRED FROM WEDNESDAY, APRIL 5, 1995

ADOPTION OF RESOLUTION

Stand. Com. Rep. No. 1164 (S.R. No. 202, S.D. 1):

Senator Graulty moved that Stand. Com. Rep. No. 1164 and S.R. No. 202, S.D. 1, be adopted, seconded by Senator McCartney.

Senator Solomon rose in support of the measure as follows:

"Mr. President, I would like to briefly speak in support of this resolution.

"I want to thank the chairman of the Judiciary committee for doing a fine job. And as you know, Mr. President, this was brought to your attention when your Committee on Executive and Judicial Appointments requested the Judicial Selection Commission to appear before them and they, in fact, did not do so. So I am hoping that this resolution will send them a message to become more active and involved in terms of the legislative process. That does not necessarily mean that we are requesting them to become more political. I think that in their discussion with the chairman of Judiciary that seemed to be a concern. They said that they wanted to be removed from politics. But to me, Mr. President, it is a matter of courtesy.

"Thank you very much."

The motion was put by the Chair and carried, the report of the Committee was adopted and S.R. No. 202, S.D. 1, entitled: "SENATE RESOLUTION REQUESTING THE JUDICIAL SELECTION COMMISSION TO PROVIDE THE SENATE WITH A CODE OF ETHICS FOR THE COMMISSION BEFORE THE SENATE'S ADJOURNMENT SINE DIE OF THE 1995 REGULAR SESSION; AND REQUESTING THE ATTORNEY GENERAL TO REVIEW ITS OPINION ISSUED MAY 8, 1992, WITH REGARDS TO THE APPLICABILITY OF THE STATE'S ETHICS CODE, CHAPTER 84, HAWAII REVISED STATUTES, TO THE JUDICIAL SELECTION COMMISSION," was adopted.

RE-REFERRAL OF HOUSE BILL

The President re-referred the following House bill that was received:

House Bill	Referred to:
No. 1186, H.D. 1	Jointly to the Committee on Communications and Public Utilities, the Committee on Consumer Protection and the Committee on Ways and Means

Senator Solomon rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, as your honorary chairwoman for the Senate Women's Caucus I feel compelled to speak on the article that was in the Star-Bulletin in regard to your Committee on Executive and Judicial Appointments.

"Mr. President, we agree with the statements that were made by the Governor -- 'The fact that Mr. Miike, I think, is pro-choice is irrelevant to his confirmation. After all this is a state which has a law that allows abortion. We were the first pro-choice state in this country so his beliefs are totally consistent with the law of this state.' However, Mr. President, the women of the Senate feel compelled at this time to state for the record that pro-choice does not mean pro-abortion.

"And after extensive discussion amongst the caucus, we also would like to reiterate for the record that if you were to go back to the historical debates on this issue, abortion is not considered a means for birth control. I just would like to clarify that for the record and with that, Mr. President, thank you very much."

Senator Kanno, chairman of the Committee on Agriculture, Labor, and Employment, then requested a waiver of the required hours of notice of a public hearing, pursuant to Senate Rule 20, on H.B. No. 1291 and H.B. No. 133, and the Chair granted the waiver.

ADJOURNMENT

At 12:27 o'clock p.m., on motion by Senator Ihara, seconded by Senator Liu and carried, the Senate adjourned until 5:00 o'clock p.m., Friday, April 7, 1995.

MISCELLANEOUS COMMUNICATION

Misc. Com. No. 3, from the Subcommittee on Youth Gangs and Campus Security, dated April 7, 1995, transmitting a report on youth gangs and campus security problems in the state's public intermediate and high schools, was read by the Clerk and was placed on file.

Senator Matsuura rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege. This is good news day. I was surprised that before the foodbank deadline we had so much food brought to my office that it has become a warehouse. Senator Matsunaga was winning up to 4:30 p.m. with the most generous monetary donation of $200 until the Senate President's check came in at $500. So let's give President Mizuguchi a hand. (Applause.) I owe you one box of orchids and my children's books.

"Senator Chumbley wanted to be No. 1 so he brought in extra money, but it wasn't enough to match the Senate President's contribution. I want to thank everybody. The response was just tremendous. Thank you."

The President then thanked the Senators for their kind and generous donations.

Senator Solomon also rose on a point of personal privilege and stated:

"In the spirit of Aloha Friday, Mr. President, I rise on a point of personal privilege.

"I wish to inform this body that your Committee on Executive and Judicial Appointments will be the guest of the governor at dinner tonight at Washington Place. Your committee has accepted the governor's invitation appreciative of his initiative in fostering good relations between the executive and legislative branches. I can assure this body that notwithstanding Governor Cayetano's unique and unprecedented practices of involving himself directly in the advise and consent function of the Senate, this invitation was extended by him and accepted by your committee members in the spirit of Aloha.

"Therefore, Mr. President, it is timely to review Section 5-7.5 of our Statutes which directs us that we should in exercising our power on behalf of the people and in fulfillment of our responsibilities, obligations and service to the people, the legislature, governor and lieutenant governor, contemplate residing with the life force and give consideration to the 'Aloha Spirit' and defines Aloha Spirit for us in these words:

> '"Aloha Spirit" is the coordination of mind and heart within each person. It brings each person to the self. Each person must think and emote good feelings to others. In the contemplation and presence of the life force, "Aloha", the following unuhi laula loa may be used:
>
> "Akahai", meaning kindness to be expressed with tenderness;
> "Lokahi", meaning unity, to be expressed with harmony;
> "Olu'olu", meaning agreeable, to be expressed with pleasantness;
> "Ha'aha'a", meaning humility, to be expressed with modesty; and
> "Ahonui", meaning patience, to be expressed with perseverance.
>
> 'These are the traits of character that express the charm, warmth and sincerity of Hawaii's people. It was the working philosophy of native Hawaiians and was presented as a gift to the people of Hawaii. "Aloha" is more than a word of greeting or farewell or a salutation. "Aloha" means mutual regard and affection and extends warmth in caring with no obligation in return. "Aloha" is the essence of relationships in which each person is important to every other person for collective existence. "Aloha" means to hear what is not said, to see what cannot be seen and to know the unknowable.'

"And with that spirit, Mr. President, your Committee on Executive and Judicial Appointments will be enjoying their dinner with the governor tonight. Thank you very much."

At 5:27 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 5:46 o'clock p.m.

Stand. Com. Rep. No. 1186 (S.C.R. No. 99, S.D. 1):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 1186 be adopted and S.C.R. No. 99, S.D. 1, be adopted, seconded by Senator Tanaka.

Senator Matsuura rose in support of the measure as follows:

"Mr. President, I'm rising in support of the resolution.

"However, let me read a portion of the resolution. If all of you will turn to page 4 of the resolution, and it reads on line 8: 'Whereas, the Legislature was a member of the Association of Pacific Island legislatures, but recently withdrew from the organization;' and turn to page 6, one of the 'Be it further resolved' on line 18: 'BE IT FURTHER RESOLVED that the President of the Senate and the Speaker of the House of Representatives are requested to review their decision to withdraw from the Association of Pacific Island Legislatures toward consideration of formally re-joining the association;'.

"The reason I cite these statements is because the Senate joined the Pacific Island Legislature Association by adopting a Senate resolution. We joined the Western Legislative Conference, Western Fisheries Council; we have sister-state associations all by resolutions. And I don't know whether the Speaker and the President can unilaterally, without the Senate or House body concurring, withdraw. And the reason why I cite these things is primarily because the Pacific Island government people don't do things like we do over here. When we have a motion on the floor, if there are 15 people for it and one against it, theoretically that measure passes. But that is not true with the Pacific Island governments. They must have total consensus. Majority rule is not the way it is done in the Pacific Island government.

"In one of the first A.P.I.L. meetings I attended, the Marshall Islands government was going to withdraw. Just like what we have done. And it's interesting that the entire A.P.I.L. organization was going to dissolve primarily because one island government said that they were going to withdraw. I was asked to talk to the

delegates of the Marshall Islands to change their minds, which I did.

"Let me give you a little history behind the State of Hawaii's association with the Pacific Island Legislatures. When I first got involved with the Western Legislative Conference (W.L.C.), the W.L.C. formed a new committee called Ocean Resources. Sam Farr, who is now a congressman from California, and I were made co-chairmen of that committee. These Pacific Island governments, although they may be small, when you include their ocean EEZ, they are big. An island like Palau may be a small island, but when you group all their small islands and look at their EEZ jurisdiction, they are as big as the United States. When you combine all of the A.P.I.L. islands, you are talking about a huge area. What Sam and I did was to get these island governments to join and get involved with the Western Legislative Conference. They all joined and they all actively participated.

"I guess to reciprocate, the A.P.I.L. members suggested that maybe they might consider some other states to become members of the A.P.I.L. So the states of Alaska, Washington, Oregon, California and Hawaii requested to be considered for membership. The A.P.I.L. legislators chose only Hawaii to be a member of the A.P.I.L. They refused the other states from joining them. It was at our request that we joined the A.P.I.L. Now there is a little predicament here because they have been informed that the State of Hawaii has withdrawn. And I think they are having some major problems now because they don't know what to do. The proper procedure was to request A.P.I.L.'s permission to withdraw from the A.P.I.L. first and only with their approval, withdraw from the A.P.I.L.

"Let me cite examples as to the benefits of being part of the A.P.I.L. Recently, we had an A.P.I.L. conference in Hawaii and let me cite some of the persons they met. The A.P.I.L. delegation went to meet Mr. Fulim who is a fiberglass boat manufacturer in the State of Hawaii. Because of the visit, there is a tentative contract between the Government of Ponape and Fulim to manufacture these fiberglass boats in Ponape. Hawaiian Tel has their operation in Saipan. Dr. Seiji Naya met with the delegation and he was offered a contract with these Pacific Island governments to work for them as a consultant. Parsons, a Hawaii Company, wants to do the airports in Palau. Mr. Alfred Yee, is also involved in extending Ponape's airports. Presently, all these island governments only have a 6,000 ft. runway and they can't land the bigger jets.

"One of the reasons why I have been active in A.P.I.L. is because of the Ocean Resources of these islands. Believe me, there's only one place in the world that can feed the world as far as fisheries is concerned. The State of Hawaii has made major breakthroughs in the reproduction of mullets, milk-fish, and the mahimahi, but one of the best places to grow these fish to feed the world is in these Micronesian Island waters. Their oceans are flat. I mean there are no waves. You look 80 feet down in the ocean waters and you'll see the bottom. There is an abundance of natural feed for the fish.

"I can go on. Bank of Hawaii has their branches on all the islands. Now First Hawaiian Bank is planning to move into every island. Let me tell you that when Palau got $110 million as the first payment of their $300 million grant from the United States, guess where they put their $110 million -- not in the Bank of Guam, not in a Japan bank. They put all that money into the Hawaii bank, primarily because of our association in this A.P.I.L. organization.

"Japan Airlines is now going to provide service to Palau from Japan. We were involved in that. Hawaii market development into China can be made through Palau because Palau may be the telecommunications hub between the Philippines, Indonesia and China. It will be China to Palau to Guam to Hawaii and the rest of the United States.

"I cite all of these things, Mr. President, because I feel all these A.P.I.L. legislators are totally confused. They don't know why the State of Hawaii had pulled out of A.P.I.L. When I was told that the State of Hawaii has pulled out, I talked to Speaker Souki. He was at the Outrigger Hotel. I asked him Why? And he said that he had no intention of pulling out. So, Mr. President, will you yield to a question?

The Chair having responded in the affirmative, Senator Matsuura inquired:

"The question I think we need an answer and an explanation to these members of A.P.I.L. is that why did the State of Hawaii withdraw, especially when they were most hospitable and we have tried to do our best to help them? The future of feeding the world may rest in their hands because they have the ocean resource but they need Hawaii's helping hand in technology because that's where we have been effective so far. The A.P.I.L. is having a conference soon. There were a number of people from Hawaii who were going to the conference. However, none of us have received an invitation to the conference. We need to explain and assure these A.P.I.L. legislators that there's nothing that they did because I think they feel that they did something wrong which resulted in the State of Hawaii pulling out. They haven't done anything wrong. I strongly feel that we owe them an explanation as to why we pulled out."

The Chair then responded:

"We will take your comments under advisement and I will be meeting with the Speaker again."

Senator Matsuura interjected:

"Could you answer my question? You didn't answer my question. Why did we pull out of the A.P.I.L.?"

The Chair responded:

"Senator Matsuura, I will take your comments from the Journal and review it as to the appropriateness of rejoining that particular Pacific Conference and spending $5,000 for membership. I will consult with the Speaker and a decision will be forthcoming."

The motion was put by the Chair and carried, the report of the Committee was adopted and S.C.R. No. 99, S.D. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE DEVELOPMENT OF A PACIFIC ISLANDS BUSINESS DEVELOPMENT MASTER PLAN FOR THE STATE OF HAWAII AND BETTER COMMERCIAL RELATIONS WITH THE PACIFIC ISLAND JURISDICTIONS," was adopted.

"Mr. President, this bill represents a major initiative by your Judiciary Committee this session in the fight against

crime. The bill addresses property crime in our state. Testimony in support of this bill was received from the Attorney General's office, the Judiciary, the Honolulu Police Department, and the chiefs of police of the City and County of Honolulu, Hawaii County and Maui County.

"Chief Howard Tagamori testified that Maui County, like the rest of the state, suffers from one of the highest property crime rates per capita in the nation. In fact, our state ranked fifth in the nation in 1993 in property crimes per capita. Chief Tagamori testified that he had no doubt that a large number of these offenses were committed by juveniles. The HPD reported that in 1994, 15,007 juveniles were arrested. Burglaries and theft offenses totalled 5,651, or a third; status offenders totalled another third, and all other remaining offenses made up the balance.

"As it stands, Mr. President, property crimes are extremely difficult to solve as very few of these cases are committed in front of witnesses. That's why we need this bill. We need to enter fingerprints of all juveniles taken into custody so that we can develop a fingerprint data base for law enforcement purposes. AFIS has the capability. All they need from us is the legislative authority. I urge all my colleagues to vote 'aye' on this bill.

"Thank you, Mr. President."

The motion was put by the Chair and carried, and H.B. No. 181, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO AN AUTOMATIC FINGERPRINT IDENTIFICATION SYSTEM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

H.B. No. 51, H.D. 1:

Senator Tam moved that H.B. No. 51, H.D. 1, having been read throughout, pass Third Reading, seconded by Senator Aki.

Senator Tam then offered the following amendment (Floor Amendment No. 1) to H.B. No. 51, H.D. 1:

SECTION 1. H.B. No. 51, H.D. 1, section 2, is amended by amending page 1, lines 16-19 to read:

"**§342F- Noise control.** By June 30, 1996, the department shall adopt a state community noise code pursuant to chapter 91, which recognizes differences in noise level standards in urban and non-urban areas of the State and noise level standards of each county."

Senator Tam moved that Stand. Com. Rep. No. 1196 be received and placed on file, seconded by Senator Aki and carried.

Senator Tam then moved that the amendment be adopted, seconded by Senator Aki and carried.

By unanimous consent, H.B. No. 51, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO NOISE," was placed on the calendar for Third Reading on Wednesday, April 12, 1995.

H.B. No. 87, H.D. 1, S.D. 1:

Senator Graulty moved that H.B. No. 87, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator McCartney.

Senator Graulty rose in favor of the measure and stated:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, federal matching funds may be available to the counties under Public Law 103-322, the Omnibus Crime Bill. Securing such funds could contribute greatly to improving the law enforcement capability in our state. Unfortunately, matching funds are not available due to our bleak fiscal situation.

"Allowing the counties to set their own amounts for traffic fines with the floor being set at current levels, the amount from which will continue to be paid to the state to compensate the state for maintaining the traffic violations court system, will enable the counties to participate in this federal largesse for law enforcement purposes. Successful programs like 'No Hope in Dope' and Drug Awareness Reduction Education or DARE can continue to be supported and enhanced. Programs to deal with youth gangs and improved campus security can likewise benefit.

"I'd like to thank my vice-chairman Senator McCartney and my co-chairman Senator Fernandes Salling for their work on this bill. I urge all my colleagues to vote 'aye.' Thank you."

The motion was put by the Chair and carried, and H.B. No. 87, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE TRAFFIC CODE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

H.B. No. 871, S.D. 1:

Senator Holt moved that H.B. No. 871, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Ihara.

Senator Baker, in support of the measure, then said:

"Mr. President, I rise to speak in favor of this measure with grave reservations.

"The purpose of H.B. 871, S.D. 1, is to repeal the state's existing time share law and to authorize the counties to regulate the sale, operation, management and use of time share properties within their jurisdiction.

"While I agree that this may be an innovative approach to a thorny problem, I am concerned whether the counties have the expertise and resources necessary to properly regulate and enforce time share rules.

"I am equally concerned about the time frame afforded the counties to get these new ordinances in place. The bill contemplates that such county rules be adopted by January 1, 1996. Is this time frame realistic? For if these regulations are not established by that time, we run the risk of having no regulation at all.

"Consumers can ill-afford to have the time share industry go unregulated or unscrutinized for any period of time. The industry's checkered past and its current proliferation in Hawai'i demand strict regulation and full disclosure if consumers are to be protected.

"Now is not the time for the state or the counties to return to the long discarded philosophy of 'caveat emptor' or let the buyer beware.

"It is important to note that the counties have not asked for this responsibility and I question whether this is an appropriate delegation of authority.

"While I acknowledge the potential for the counties to raise revenues from their regulation of this industry, this bill begs more questions than answers, and I hope that the conference committee takes a hard look at the ramifications of this bill before recommending this approach for final consideration.

"Thank you, Mr. President."

Senator Holt rose in support of the measure and said:

"Mr. President, I'm rising to speak in support of this measure.

"I think I would like to point out to the members of the committee that while I am in agreement with some of the statements made by previous speaker, I would just like to point out some facts that this whole time share issue is administered by one person whose salary is about $55,000. The revenues that we generate from time sharing are on the low side. In fact, there was a consideration to double all fees this past year. If we do that, revenues will be at approximately $64,000. If we impose a one percent tax on registration which is what Florida does, that would bring the total to $92,000 which would basically cover the administrative costs. The revenues that we are talking about totally, from my understanding, comes out to about $250 million.

"I think that the idea behind this is to spread the responsibilities back to the counties. I don't think we're mandating any additional costs to the counties. They will recover their fees. They will probably recover in excess of the fees to run the program.

"And as far as the time table that the previous Senator referred to, I'm open to discussing that in conference to possibly give the counties sufficient time to adopt the appropriate ordinances. Thank you."

The motion was put by the Chair and carried, and H.B. No. 871, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TIME SHARES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

H.B. No. 873, H.D. 1, S.D. 1:

Senator Holt moved that H.B. No. 873, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Ihara.

Senator Baker rose to speak against the bill as follows:

"Mr. President, I rise to speak against this measure.

"As written, H.B. 873, S.D. 1, creates an exemption from the mandatory seller disclosures in real estate transactions law for the sale of time share interests.

"I firmly believe that the exemption of time share sales is not consistent with other transactions provided the exemption under Act 214, SLH 1994 and now codified as Chapter 508D-3.

"If anything, time share, by its very nature and questionable sales practices, should have full and complete disclosure and very tight regulation.

"In light of the changes contemplated by the Senate draft of H.B. 871 which we previously considered, it seems to me to be all the more important that we continue to provide for full disclosure for consumers in time share sales.

"Time share is trying to take on the guise of respectability, but their high pressure sales practices have not changed. Until that happens, maintaining and mandating full disclosure may be the only safeguard left for consumers.

"At this point in time, time share has not earned this exemption and I urge my colleagues to join me in voting 'no' on this measure."

Senator Holt then rose in support of the measure and said:

"Mr. President, I rise in response and in support of this bill. This is not a Senate amendment. This is a House amendment that came across. We expect to have continued discussion on it to address the concerns of the previous speaker. And again, in light of the fact that we did send another time share bill across just before this one, that will be included in the discussion as well.

"Thank you."

The motion was put by the Chair and carried, and H.B. No. 873, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DISCLOSURES IN REAL ESTATE TRANSACTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Baker, Levin, Matsuura). Excused, 1 (Bunda).

H.B. No. 994, H.D. 1, S.D. 1:

On motion by Senator Holt, seconded by Senator Ihara and carried, H.B. No. 994, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DISCLOSURES IN REAL ESTATE TRANSACTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

H.B. No. 1244, S.D. 1:

Senator Holt moved that H.B. No. 1244, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Ihara.

Senator Baker rose to speak against the measure and stated:

"Mr. President, I rise to speak in opposition to this measure.

"In 1990, 1991 and 1993, this body passed measures to provide much needed regulation of activity providers and activity desks, a segment of our visitor industry that has developed numerous problems over the years, exacerbated by the involvement of time share sales using discounted activities as a lure to snare unsuspecting consumers to high pressure time share presentations. In recognizing the often unfair and unscrupulous practices of some of these small businesses, the state implemented numerous regulations to ensure the highest standard of consumer protection and leveled the playing field between the activity desks and activity providers.

"The original purpose of this bill was to continue the enforcement of these regulations beyond the sunset date of June 30, 1995. There is widespread agreement that these regulations should continue, and I fully support the bill's original intent.

"The Senate draft before us would shift the regulatory function to the counties. That approach raises grave concerns. The counties have not requested such authority, and I am not confident that the counties will have enough time to get any new regulations in place and we may end up with no regulations at all. That would mean having to start from scratch, leaving the consumer, mostly our visitors, at the mercy of unfair and deceptive practices.

"It is the state's responsibility to protect all consumers from unfair and deceptive business practices, and I further believe the DCCA should continue to regulate this industry as it is an appropriate function within their purview of consumer protection.

"For these reasons I will be voting 'no' on this measure. Thank you."

Senator Holt, rising in support of the measure, then said:

"Mr. President, I'm speaking in support of this bill. I don't like to use the words 'home rule' but there seems to be a lot of things coming out of my committee that are going to the counties this year. The primary reason that we made the amendment was because we found out that a clerk-typist 2 is sufficient to handle the workload of this program. The workload is very minimal and a full-time person is not really needed. With that we felt that the counties could handle these activities. I don't think it is imposing a huge burden on them because most of the workload is spread out over each county and I think they can handle it accordingly without raising taxes.

"Thank you."

The motion was put by the Chair and carried, and H.B. No. 1244, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ACTIVITY PROVIDERS AND ACTIVITY DESKS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Baker, Levin, Matsuura). Excused, 1 (Bunda).

H.B. No. 1834, H.D. 2, S.D. 1:

Senator Fernandes Salling moved that H.B. No. 1834, H.D. 2, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Ikeda.

Senator Matsuura rose in support of the measure and said:

"Mr. President, I'm going to vote in favor of this bill with reservations.

"The Senate draft of this bill intends to preserve centralized procurement, which was the main feature of this comprehensive procurement code passed in the 1993 Special Session. That's why a Chief Procurement Officer's office has been created. The Senate must stand firm against the House version of this bill which would decentralize procurement while retaining the CPO's office. That is clearly not cost-effective.

"Professional services will be procured in a more streamlined manner, yet there will still be some safeguards. Normally, I would be against the loosening of the present requirements because the present procurement law has only been in effect about eight months. However, I have great faith in our current Attorney General and in her ability and willingness to examine the written records to make sure that contracts are awarded fairly and without favoritism.

"My one reservation is about one of the exemptions from competitive bidding contained in Section 3 of this bill. Many of these exemptions are needed and follow common sense. They deal with small purchases such as books, speeches, athletic opponents, and the like. But I don't like the exemption from bidding for public utility services. Those services should be subject to the public bidding process of the current law. If such a major change is to be made, there should be a public debate on this issue.

"I cite an example of GTE Hawaiian Tel, which is a public utility. GTE hawaiian Tel had a sole source state contract for the state telecommunication services. The amount of the contract was exorbitant. However, let me clarify one point very carefully. It wasn't GTE that gave them that lucrative contract. GTE had little to do with it. The guys that really did it were state employees with the Department of Budget and Finance. That was sole source contract. This year the state went on a bid for generally the same telecommunications service. All of you know that the price dropped 50% when they went out for bid. The state has saved millions of dollars.

"So other than that reservation, Mr. President, I support this bill. Thank you."

Senator Fernandes Salling rose to speak in favor of the measure and said:

"Mr. President, I rise in support of this measure.

"The Committees on Transportation and Government Affairs and Ways and Means concur in the main with the intent and purpose of the administration's proposals as contained in the companion bills, S.B. No. 1783 and H.B. No. 1834.

"As amended, H.B. No. 1834, H.D. 2, S.D. 1, is the result of a process of dialogue between the legislature and those in the state agencies and the private sector who have had 'hands on' working experience with the Hawaii Public Procurement Code, originally enacted at the 1993 Special Legislative Session. The process of clarification and refinement of the code began last year with H.B. No. 3300, C.D. 1, and continued this year with hearings in the House and two hearings in the Senate.

"The refinements of the code have focused on areas where administrative processes (such as hiring of attorney services) should be distinguished from procurement processes. Under the proposed amendment in Section I of this bill, the Attorney General will now be better able to supervise the delivery of legal services to the state and its agencies.

"With regard to mandatory centralized procurement, correctly interpreted, the existing law requires only that the policy, not the actual process itself, be centralized in the procurement administrator's office. Therefore, deletion of mandatory centralization is not necessary to the credibility of the code and has been removed from the administration's bill.

"With regard to procurement of professional services, the new law will put all procurement methods on the same plane as sealed competitive proposals. Agency heads will have necessary flexibility when procuring professional

services, and the process will insure that competent professional services are provided at the lowest cost to the state.

"Parceling is now specifically prohibited in the process of making small purchases of goods and services.

"I would just like to conclude, Mr. President, by saying that what we have done in this case is to make the necessary changes, the fine tuning, that was necessary in order to make the code work. Thank you."

The motion was put by the Chair and carried, and H.B. No. 1834, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII PUBLIC PROCUREMENT CODE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 1267 (H.B. No. 1977, H.D. 1, S.D. 2):

On motion by Senator Graulty, seconded by Senator McCartney and carried, Stand. Com. Rep. No. 1267 was adopted and H.B. No. 1977, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE ENVIRONMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 1274 (H.B. No. 1586, H.D. 2, S.D. 1):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 1274 was adopted and H.B. No. 1586, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING IN PUBLIC EMPLOYMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 1276 (H.B. No. 1785, H.D. 1, S.D. 1):

Senator Ikeda moved that Stand. Com. Rep. No. 1276 be adopted and H.B. No. 1785, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Liu then stated:

"Mr. President, I rise to request that although I'll be voting 'aye' on this bill, I do have some reservations. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1276 was adopted and H.B. No. 1785, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION TO PROVIDE COUNSELING, TRAINING, AND OTHER SERVICES TO DISLOCATED WAIALUA SUGAR COMPANY WORKERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 1279 (H.B. No. 1998, H.D. 1, S.D. 2):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 1279 was adopted and H.B. No. 1998, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO OCCUPATIONAL SAFETY AND HEALTH PROGRAMS FOR STATE CONSTRUCTION CONTRACTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 1283 (H.B. No. 1918, H.D. 2, S.D. 1):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 1283 was adopted and H.B. No. 1918, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH MAINTENANCE ORGANIZATIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Liu). Excused, 1 (Bunda).

Stand. Com. Rep. No. 1293 (H.B. No. 1037, H.D. 1):

By unanimous consent, Stand Com. Rep. No. 1293 and H.B. No. 1037, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING IN PUBLIC EMPLOYMENT," were recommitted to the Committee on Agriculture, Labor, and Employment.

Stand. Com. Rep. No. 1294 (H.B. No. 1431, H.D. 1, S.D. 1):

On motion by Senator Kanno, seconded by Senator Taniguchi and carried, Stand. Com. Rep. No. 1294 was adopted and H.B. No. 1431, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Ige, Iwase). Excused, 1 (Bunda).

H.B. No. 1770, S.D. 1:

On motion by Senator Kanno, seconded by Senator Taniguchi and carried, H.B. No. 1770, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF AGRICULTURE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

H.B. No. 471, H.D. 2, S.D. 1:

Senator Fukunaga moved that H.B. No. 471, H.D. 2, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Holt.

Senator Matsunaga rose in support of the measure and said:

"Mr. President, I rise in support of this bill with reservations.

"Mr. President, I will be voting 'yes' on this measure. However, as I communicated to the chair, I have some concerns. The committee report states that the 'Committees acknowledge that the present Senate draft leaves many issues unresolved; however, it is another step in the continuing dialogue over the ways in which competition can effectively be introduced into Hawaii's telecommunications markets.'

"Mr. President, I would ask -- and I'm confident that the chair will consider these issues fully in conference -- that the chair consider whether the creation of the advance telecommunications foundation and universal services program would simply create more bureaucracy in a government that may have enough bureaucracy as it is.

"Secondly, I understand that all or most of the affected parties are currently against this version of the measure, so I will be voting 'yes' with these reservations. Thank you."

Senator Matsuura rose to speak against this measure as follows:

"Mr. President, I rise to speak against this bill. I realize that in doing so I'm not going to be a conferee on this bill. Nevertheless, I might as well cite my objections.

"I rise to oppose H.B. No. 471, as amended in the Senate. The bill as it passed the House was not perfect but it did represent an agreement between major competitors -- the Consumer Advocate and the Public Utilities Commission. The House bill established a process to bring the benefits of telecommunications competition to consumers through an orderly transition from a monopoly local exchange market to a competitive market. As all of you know, I've been working to instill competition in telecommunications for I don't know how many years, and this is the first time that a bill had an agreement with all the parties. (That was the original House bill.)

"The Senate amendment to the House bill on the other hand inserted disincentives to competition and investment. To require competitive companies to give away service; to maintain subsidies in competitive rates; to support government functions through hidden taxes; and to allow the monopoly provider of local telephone service to buy its way out of rate-of-return regulation, does little to encourage competition.

"I want to emphasize that I clearly support the need of schools and libraries and hospitals to have the ability to access information and advanced technology. That should be a priority funding item for our state budget. But I cannot support a requirement that a private telecommunications industry provide free service any more than I could support a requirement that publishers loan free books or school bus manufacturers give free school bus service.

"It has been argued that this is voluntary. Yet, I heard in the committee hearing that competitive companies are not rate-of-return regulated but under this bill Hawaii would subject competitive companies to rate-of-return regulations unless they give free service and give a contribution to a government foundation. I do not think we can call that voluntary.

"Also, we heard that the Consumer Advocate opposes this bill because the monopoly company who should be rate-of-return regulated until there is effective competition could buy their way out of the rate-of-return regulation by giving free service and a contribution to the foundation. This free service and contribution would not be free to the monopoly's customers who would pay more in their local telephone rates. This contribution to the foundation could be passed on to the ratepayers, like you and me. Even if we were to require that such costs could not be passed on to the ratepayers, the only regulation that could ensure this is the rate-of-return regulation of which we are allowing them to buy their way out, if we pass this bill.

"I support open and fair competition in the telecommunications markets. This is absolutely essential if Hawaii wants to remain competitive in world markets; if we want to have incentives for business development; if we want the creation of jobs and state-of-the-art infrastructures that serve the needs of our schools, libraries, business and government. The bill before us does not do this.

"Mr. President, for the immediate future, I can see only two ways that the state can get out of this financial nose-dive that we are in. One is the new computer that the chairman of the Ways and Means Committee promised for the Department of Taxation because I think that is one place where I know there is a lot of money that we can collect now before the statute of limitations runs out. I'm not joking; some of you may laugh, but give the Department of Taxation a new computer that will be compatible with the IRS computer and I promise you there are going to be a lot of people who are going to pay their taxes because the penalty will no longer be a mere $1,000 -- it will be $125,000. It will no longer be only a misdemeanor. If the Senate bill passes, it is going to be a felony. The crooks will go to jail. There are a lot of back taxes yet to be collected. We must do it now before the statute of limitations runs out!

"The other thing that provides some bright future in getting the state out of this financial nose-dive is the telecommunications industry. We must open up competition. I think that in itself will take care of our financial woes.

"And with that, Mr. President, I'm opposing this bill."

Senator Fukunaga rose in support of the measure and stated:

"Mr. President, I rise to speak in favor of this measure. This bill in its current form may not be a perfect draft by any means, but it is intended to continue the debate on how we can best introduce competition into our local phone markets.

"Essentially, the bill builds upon the original H.D. 2 and adds the following: it would open up telecommunications to competition even faster if telecommunications' providers are willing to invest in underserved areas, or to invest in alternatives like the advanced telecommunications foundation.

"Not everyone will agree that this approach is preferable to the original H.D. 2. However, it does address the underlying issue in this whole debate and that is: What should the new definitions of universal service be and how will we provide it for all?

"Under the original H.D. 2 approach and the broad definitional language that is contained in it, most of the private sector participants and the Public Utilities Commission agree that the definition of 'universal service' in a competitive marketplace should be basic service or what we call 'POTS' -- Plain Old Telephone Service.

"Under this approach, with competition, most of us on Oahu and urban Honolulu will be able to get advanced services for lower prices. If you wanted to surf the Internet, do videoconferencing from your home or office, enjoy the full benefits of distance learning or telemedicine, without the current Senate draft you would have to pay a lot of extra costs for ISDN lines or other services so that you would not have to sit in front of a screen for five minutes or more to access and send video or graphic images.

"Those of you on the neighbor islands who live in rural areas or sparsely populated areas will only be entitled to basic touchtone service -- and what we Oahu residents will subsidize through the 'universal service' surcharge will only be for 'POTS'.

"The assumption is that under the original draft, over time, the amount of business generated on Oahu and other areas will cause more investment to flow to the outlying areas and eventually those of you who live in rural areas will be entitled to the same kinds of advanced services that residents of Oahu will enjoy.

"The Senate's approach, on the other hand, has been to say that providing two different standards for telecommunication services is not acceptable. We say that ALL RESIDENTS of our state are entitled to advanced services -- and then we propose to set up specific mechanisms by which we can incrementally give neighbor island residents affordable access to advanced services too.

"One of the reasons why we think this approach makes a lot of sense is that the PUC currently has a rural telephone docket 7497, in which instance all of us throughout the state are going to end up subsidizing the costs of providing 'POTS' to rural island residents. Currently, GTE Hawaiian Tel's estimated cost for installing this 'POTS' service is $38 million. The PUC has so far allowed for $20 million in costs to be shared over the rest of the state.

"If we follow the House's approach on opening up competition, and the likely definitions of universal service under the PUC's present definition, we on Oahu will end up paying twice -- first to install old technology to bring single-line touchtone service to rural neighbor island residents, and then to subsidize residential rates over a longer period of time via the universal service surcharge.

"With the Senate's approach, on the other hand, since we on Oahu are going to be subsidizing rural areas anyway, we would strategically deploy one level of advanced services into every neighbor island community's schools and public facilities. By taking this approach, we accelerate the process of insuring that all residents share in public benefits.

"This approach is consistent with our long-standing policy of helping the neighbor islands rebuild their economies. It fosters self-sufficiency and insures that neighbor islanders have equal access to all the range of improved education, health care and public services that telecommunications can offer.

"For these reasons, I urge all of my colleagues to join me in supporting H.B. No. 471 in its present form. Thank you."

Senator Matsuura rose again and stated:

"I don't want to be the last speaker on this, but I just want to clarify a few points that I forgot to mention.

"I am not disagreeing with the former speaker. The only thing that I am saying is that these advance services are not part of the universal service in any of the states in the Union. High-speed transmission is not included in the universal service for the rest of the United States. The only thing that I want to reiterate is, make contributions to these foundations voluntary. That is the only thing everyone is asking.

"Telecommunications is a subject that is very complex. It's hard for a person like myself to understand. But in the public hearing, let me just mention one thing, for the original H.B. No. 471, H.D. 2, everybody -- and I mean everybody, GTE, PUC, the Consumer Advocate, all the providers -- all testified in favor. For the Senate amendment, not a single person testified in favor because they all had reservations. So that is the big difference. That is why we have public hearings. We added ten pages more to the House bill. And I can't recall a single telecommunications provider or the Consumer Advocate or the PUC or any individual who testified in support of the Senate amendments. So why do we have public hearings if we are not going to heed their concerns and advice?

"Thank you very much."

Senator Fukunaga rose and responded as follows:

"Mr. President, I rise in rebuttal to the prior speaker.

"First, Mr. President, I would like to reiterate that, while no state has yet adopted this universal service definition (which guarantees advanced services to all residents), most states are currently re-examining the definitions of universal service in their statutes. This approach has also been endorsed by Vice President Gore in pending federal legislation before the U.S. Congress. And I would hope that Hawaii continues its long-term commitment and strong public policies favoring good services for all residents rather than restricting those services to a select few.

"Secondly, I would like to point out that, during the public hearings which were held on this measure, while none of the private sector providers endorsed the proposal that the Senate is adopting it was endorsed and supported by a large number of individual users as well as public service advocates.

"Thank you."

The motion was put by the Chair and carried, and H.B. No. 471, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TELECOMMUNICATIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Anderson, Matsuura). Excused, 1 (Bunda).

H.B. No. 1186, H.D. 1, S.D. 1:

Senator Fukunaga moved that H.B. No. 1186, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Holt.

Senator Liu rose against the measure and said:

"Mr. President, I rise to speak in opposition to this bill.

"Mr. President, I appreciate the effort of the chair of Consumer Protection to bring about more home rule and fairness to the county level and I think he was well-intentioned. But I think along the way, perhaps because of the very clever arguments by the City and County of Honolulu, this piece of the measure regarding gross receipts tax was slipped in. The language of the bill indicates that each county shall establish a gross receipts tax not to exceed 2-1/2%. I do not think that if the counties decided not to pass some kind of tax, I do not think that they will be following the law under that instance so that in effect they will have to pass some kind of tax, whether it be a 1/2% or 1%, up to 2-1/2%.

"Make no bones about it and make no mistake about it, this is a tax which will flow to the consumer. It will

not be upon GTE or any other telecommunications provider because this bill goes beyond just GTE. It will go to other providers of communications also.

"But we got confirmed from the hearing, from the PUC as well as from the Consumer Advocate, that this tax is an allowable tax and will be an allowable tax that will be passed through to the consumer. Whether it is a residential consumer or whether it is a commercial consumer, it will be passed on to the consumer.

"The same thing happens with the franchise tax which has been used as the basic reason why we have to reformulate this kind of tax or taxes upon the utilities industry to create fairness, because whereas GTE does not pay the franchise tax, Hawaiian Electric and BHP do. However, the franchise tax itself is also passed on to persons like you and me and to other users. It is not a tax upon the actual entity of the company, per se.

"As such, Mr. President, I think what we are doing here, indirectly or directly, depending on how you look at it, is passing a tax upon the people of this state at the worst time possible. So I would hope that during conference that particular portion of the measure is eliminated in its entirety.

"I also have further reservations, Mr. President, concerning another portion of the bill regarding the time required in which a rate case has to be decided, but I think others are aware of that so I will not belabor the point here.

"Thank you, Mr. President."

Senator Fukunaga rose in support of the measure and stated:

"Mr. President, I rise to speak in support of this measure.

"While the points raised by the Minority Leader are indeed good ones, your committees have taken into account the fact that, when we are considering major changes in our telecommunications regulations, it is also a time for us to examine more closely the means by which we subject all of the telecommunications as well as other regulated utilities to appropriate forms of taxation. There has been a lot of discussion on the issue of whether or not the franchise tax that was originally extended to cover the electrical utilities was in fact an appropriate means of reaching telecommunications providers. The current draft of the bill represents one way of looking for an appropriate means of continuing that discussion.

"I would like to reassure the Minority Leader and others that these issues will be discussed further in conference to find the appropriate balance. Thank you."

Senator Matsuura rose in support of the measure and said:

"Mr. President, I rise in support of this measure but with reservations.

"The intent of this bill originally was to have the telecommunications companies, primarily those that have the CPCN (Certificate of Public Convenience and Necessity) to pay the franchise tax which was for the use of the county right of way. The county would get some monies out of the use of their right of way. They don't pay anything today for the use of the county's right of way or their services such as the police and firefighters. The county wanted some revenues from these telecommunications companies for using the county's right of way.

"The reason why Hawaiian Tel didn't pay the franchise tax is because Hawaiian Tel is the only local exchange company in the United States that can provide international and inter-state service. Hawaiian Tel is a little different from any other small Bell telephone company because Hawaiian Tel was part of the kingdom. Congress grandfathered all the rights and privileges the company had at that time. And that's one of the reasons the counties couldn't charge Hawaiian Tel for the franchise tax. This bill will change that.

"As the previous speaker said, this is a pass-through tax. I have some other concerns also, Mr. President. I have a prepared speech that I would like to insert into the Journal. Thank you."

The Chair having so ordered, Senator Matsuura's speech reads as follows:

"Mr. President, I rise to speak in favor of the bill with reservations.

"This version of H.B. No. 1186 received its first and only public hearing on Friday morning. At that time, several speakers identified significant problems with this measure. It has become, I am afraid, a 'station wagon' measure containing a collection of ideas, most of them not well thought out.

"This bill would, among other things, remove the requirement for the Public Utilities Commission to reach at least an interim decision in rate proceedings within nine months. This would send a negative message to the financial communities that provide the capital necessary for our utilities to operate. I realize that delay is the ultimate form of denial and whether or not that is the intent here, it certainly is the effect. Under the present law the PUC is required to issue an interim decision, subject to refund to the consumer if the PUC's final decision is less than the interim.

"Another provision would require notification by mail to every utility customer of the public hearing for a utility rate increase request. While this sounds laudable, this would add tens of thousands of dollars to consumer costs.

"A third provision would require the PUC to conduct rate reviews of utilities every four years. This, despite complaints by the consumer advocate that he has insufficient staff to deal with rate requests within the current nine-month period, and despite the fact that the PUC can order such a review any time it feels that rates may be out of line with utilities costs and capital needs.

"This bill also imposes new taxes on telecommunications companies in an effort to funnel additional monies to the counties. While it appears the goal is to get around the inability to impose a franchise tax on GTE Hawaiian Tel, the provision affects every telecommunications company including those who do not use the county rights of way for their facilities. However, I do not oppose GTE Hawaiian Tel or any company that operates under the CPCN (Certificate for Public Convenience and Necessity) and uses the county rights of way to pay a tax similar to the franchise tax."

Senator Holt rose in support and said:

"Mr. President, I rise to speak in support of the bill and in response to the comments of the previous speakers.

"I believe this is an attempt to address the long standing inequities in the application of the franchise tax to public utilities, in particular, Hawaiian Telephone and telephone utilities. Finally, if this bill passes, the

telephone company will be paying taxes to the counties for county services such as fire, police, road upkeep, civil service, etc. which they do not pay a cent for today.

"This bill did not receive any opposition from the consumer advocate, from the gas utilities or the electric utilities. In fact, the electric utilities alone under this franchise tax contribute $23 million a year. They receive support from various elements in the community, various neighborhood boards -- Kaneohe, Waikiki, Salt Lake, Aliamanu and Waipahu. And in response to the issue of this thing being automatically passed on to the consumer, my conversation with the consumer advocate was that this would not be automatic because they have to go to the PUC rate filings and the PUC looks at the telephone's revenues; they'll look at their expenses; they'll look at their other costs, such as this tax, if it holds, and then they'll make a determination on the rate filing.

"I urge all members to support this bill. Thank you."

Senator Liu rose again to state:

"Mr. President, in response to the prior speaker and some other comments, I think the message has been put forward and I'm confident that they will take into consideration the points made on the floor this morning concerning problems with this measure. But let me also underscore the fact that the chief attorney for the Public Utilities Commission confirmed that this tax, as is a franchise tax, is an allowable pass-through tax to the consumer. We pay that $23 million under the franchise tax. We pay it right now. That's why Hawaiian Electric and BHP did not oppose this bill. In fact, GTE probably shouldn't have shown up either because they won't really pay the tax, we will.

"And in regards to the public testimony which came forward, I think it was unfortunate and perhaps wasn't clearly made known at every step of the way that many of the neighborhood board representatives have very close employment ties to the City and County of Honolulu. And perhaps, just perhaps, in the discussion on the measure some of these other points at the Neighborhood Board level were not made known, as well as other features of the bill, since this bill does have significant points -- some very good and some which need further discussion in regards to this whole area.

"I appreciate the chance to address this body. Thank you, Mr. President."

The motion was put by the Chair and carried, and H.B. No. 1186, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC UTILITIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 5 (Anderson, Fernandes Salling, Ige, Liu, Solomon). Excused, 1 (Bunda).

H.B. No. 1868, S.D. 1:

Senator Fukunaga moved that H.B. No. 1868, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Graulty.

Senator Matsunaga rose in support of the measure and said:

"Mr. President, I rise to speak in support of this measure with reservations.

"Mr. President, I have confidence that the chairwoman of the CPU Committee will consider the following points which I have already discussed with her:

1. Decisions of this magnitude should not be done without the full review and adequate consideration of all relevant issues, and I'm hopeful that the task force which was created in 1995 by Hawaii Inc. to consider the very issue of fees for electronic records will be consulted;

2. Consideration of the issue of whether taxpayers have already paid for this information through our taxes and whether imposing fees for government information will pose a double charge on taxpayers;

3. If we ask each county to come up with its own rules and regulations, whether or not that might pose problems of having uniformity of access to government records in our state;

4. When we distinguish between commercial and public users, it's very important how we define a commercial user. For example, if the media is considered a commercial user, will we invoke certain First Amendment concerns? And lastly, Mr. President,

5. Whether fees should be limited to the cost of compiling those records.

"And let me close by quoting testimony from the Office of Information Practices: 'We must be ever vigilant not to create a society of information haves and have nots based upon one's financial status. Thus the bottom line for Hawaii is whether government's user and copy fee policies for electronic records will create socio economic classes of information holders, thus serving as an obstacle to public access to information. A structure based on the information rich and the information poor would be unacceptable in our open and democratic society.'

"Thank you, Mr. President."

Senator Matsuura then rose and said:

"Mr. President, I have the same kind of concerns so would you record the comments of the previous speaker as my own. Thank you."

The Chair so ordered.

Senator Fukunaga rose in support of the measure and said:

"Mr. President, I would like to thank the Senator from Palolo for his cogent comments and in response to a number of issues that were raised during decision-making, we reiterate our intention to address these concerns during the conference proceedings.

"However, the committees have been guided by two underlying principles: Here, we are proposing for further discussion the notion that those who profit from commercial usage of public information should pay something back to the public, and general public usage should thereby benefit from free access to electronic information (which has been enhanced through private sector value added activities).

"Thank you very much, Mr. President."

The motion was put by the Chair and carried, and H.B. No. 1868, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO GOVERNMENT RECORDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

H.B. No. 388, H.D. 1, S.D. 1:

By unanimous consent, action on H.B. No. 388, H.D. 1, S.D. 1, was deferred to the end of the calendar.

H.B. No. 1220, H.D. 1, S.D. 1:

Senator Ikeda moved that H.B. No. 1220, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Ikeda rose in support of the measure as follows:

"Mr. President, I rise to speak in support of H.B. No. 1220, S.D. 1.

"Mr. President, as you know, this year has been one of extraordinary circumstance. We face tremendous shortfalls in our state's general fund. Originally, the state was facing a three year shortfall of over $250 million and then last week the Council of Revenues painted an even bleaker picture by adding an additional $100 million to that figure. Needless to say, the challenges we face are great. I am proud to say that your committee on Ways and Means faced the challenge with resolve and integrity. Your committee has been tough, bold and above all, innovative in meeting our state's current fiscal crisis. We have made substantial reductions in the state's general fund obligations, while not traumatically affecting the level of service to the people of Hawaii.

"Our goal was to craft a government that was efficient, yet responsive. Your committee's philosophies in approaching the budget were simple -- be aggressive, forward-thinking and above all, responsible.

"Reducing state expenditures is easy if there is no concern for impact. Your committee, however, went the extra mile in avoiding the arbitrary. We took every step to carve out resources rather than swing the budget axe wildly.

"In economic development alone, we have eliminated duplicative and inefficient programs and have proposed a dedicated source of funding for tourism promotion by implementing the 2% increase in the transient accommodational hotel room tax. While this modest increase allows Hawaii to remain below the national average, it also generates sufficient resources to market Hawaii as a world-class tourist destination while contributing towards reducing the Department of Business and Economic Development's general fund requirements by over $60 million over the next two years.

"In health, your committee took a bold step towards improving the fiscal and administrative operations of our state hospital system while reducing the overall state general fund commitment by over $24 million over the next two years. Through H.B. No. 1976 and S.B. No. 1674, the hospitals will acquire more fiscal autonomy, allowing them to generate greater revenues and attract the best and brightest to Hawaii's state healthcare system.

"In human services, your committee has taken a hard look at our social services system, eliminating duplication by consolidating youth and aging programs within the Department of Human Services. And Hawaii's general assistance program, the only one of its kind in the nation, has had additional funding pared back, yet still allows the Department of Human Services to review more efficient and effective means of providing such assistance.

"Funding for the JOBS program, a program which your committee has some serious concerns has also been pulled back, again providing time for both transition and the development of more viable alternatives.

"Education has continued to be a high priority of the committee. This year the Department of Education has submitted a budget which has juggled figures and obscured the true needs of our schools. Your committee has taken the budget submitted by the department and has both reallocated resources and tapped previously undocumented federal resources. The end result, Mr. President, is that we have provided for our schools, yet remained within the department's budget ceiling. Through this efficient use of our resources, your committee has provided the following: text and equipment for 22 newly constructed school facilities; over 200 new teachers coupled with over 100 teachers from the state and district offices to fully accommodate the state's growing enrollment; cafeteria equipment and supplies for five schools; $1.3 million to help the department meet its workers' compensation costs; and finally, over $14,000 for the first year and $8,000 for the second year solely for the purchase of text and library books for every school in the state.

"Your committee has made sure that the classroom is the highest priority and through reallocation, has eliminated the shortfall claimed by the department. With this budget, your committee hopes to continue its efforts to make teachers and children the primary focus of our educational system.

"Likewise, higher education has seen some bold initiatives. The University of Hawaii was faced with massive budget cuts to meet the current fiscal crisis. But through H.B. No. 1257 your committee has developed the strategy which provides substantial non-general funds support, while relieving the state's general fund obligation by over $50 million. Instructional integrity shall be maintained while revenues will be generated to allow our higher educational system to flourish.

"Mr. President, I am proud to put forth the Senate budget for the next fiscal biennium. The road to this point was long and arduous and I would like to thank the members of the committee along with the subject matter chairs for their invaluable assistance in crafting this budget. With your help we have drafted a budget that is austere but more importantly, responsible. I commend all of your hard work and urge your support in adopting H.B. No. 1220. Thank you."

Senator Liu rose in support of the bill as follows:

"Mr. President, I rise to speak in support of this measure, but with some reservations.

"I concur with the chairwoman of Ways and Means and I think of all of the budgets so far submitted by the various entities involved in the process, the House and the Administration, what we have before us is perhaps a budget with the most integrity behind it. You can see the numbers a lot more clearly and I think there was a tremendous effort to do exactly as she says.

"However, this is a very, very critical time in this state and it is not temporary. I think it is long term. I think what we need to do in the ensuing two or three weeks is to look further to not merely reform, but to consider actually replacing certain assumptions and certain practices and functions of government in a very, very deep and fundamental way.

"There was a lot of talk about privatization during the last campaign by the major candidates for governor from all parties, yet we have not seen one significant suggestion from this administration in terms of follow-through, in

terms of where we might be headed. So I would propose that this body, that the Legislature look in that area to show leadership and to show that it can be done. I believe it can.

"Impact, staying where we are, the impact of trying to mitigate, the impacts of where we are with certain individuals in our continued state government which has grown beyond its means, I think is important. But we must look at the impact of maintaining the status quo and I believe that would be even worse.

"The other area where I have concerns, Mr. President, is that in terms of the financial plan for the state, there is strong consideration to raising taxes. And although we have considered and there is another measure here which is tied to the budget regarding the TAT tax, I'd also indicate at this point that I believe that is the wrong way to go.

"With that, Mr. President, I believe we have time to do further work on this measure. I do commend the chairwoman and her staff. I think they did a tremendous job under very tough circumstances and I appreciate the time you have allotted me here. Thank you."

Senator Matsuura also rose in support of the measure and said:

"Mr. President, I rise in support of this measure.

"Several weeks ago when the chairperson of Ways and Means made a comment when I made the request for a computer for the Department of Taxation, I didn't realize that the amount that was going to be cut from the Office of Children and Youth and Aging was going to be so severe. But I'm supporting the budget bill, even though I know that the Office of Children and Youth and the Executive Office on Aging are pretty much being totally eliminated. That's the body count and the budget. The responsibilities are now being shifted to the Department of Human Services. I also realize that the supplemental budget for the second year of the general assistance program will be totally wiped out.

"Nevertheless, I have to thank the chairwoman of Ways and Means because she did save some of the items where there's a lot of federal match. Although we saved $4.3 million of state monies for the Office of Children and Youth, we lose $3.7 million federal match for that program. For the Office of Aging, we saved the state $6.7 million by eliminating the program, but we lose $5.3 from the federal match. The second year is approximately the same.

"Most of the things that have been preserved, the federal match is fantastic. As an example, for the homeless, mentally disadvantaged people, the state allocates $60,000 and the state gets $2 million of federal money. For the vocational rehab program, for every dollar the state allocates, the federal government gives us $9. So when you look at all of the programs in human services, it's like economic development. The state puts out $1 and the state gets $9 right back from the federal government. One could never get this kind of return even in Las Vegas.

"Even though I do not support the cuts in the human services area, I'm still supporting the state budget because I know the state is in a financial bind. I trust and I think the chairperson is doing a good job. However, in giving up all of this money, I only ask, in all sincerity, that a computer is given to the Department of Taxation. I further request that whatever money the Department of Taxation gets because of the computer, that it comes back to the Department of Human Services so that we can restore all of these programs again. Only for that reason I am in total support of this reduction right now. Thank you."

Senator Baker rose in support of the measure and said:

"Mr. President, I rise to speak in favor of this measure.

"Mr. President, we entered this legislative session fully aware of our state's bleak economic outlook. Governor Cayetano's state-of-the-state address confirmed that Hawai'i would be facing a $250 million shortfall in revenues and that we would be hard-pressed to come up with creative ways to raise revenues, cut waste and develop a budget that would meet critical needs. This task was made even more challenging as recent numbers show us almost $350 million in the red, prompting us to consider more drastic measures to preserve our state's continued ability to meet the increasing needs of the people.

"The road to reaching the budget that sits before us was a difficult one. Your committee had the unenviable task of reducing funding for many important programs and projects throughout the state. Very few were spared. But tough times require tough decisions. And I believe your committee has exercised tremendous resolve in having the courage to consider a wide range of revenue enhancing and cost cutting measures in fashioning this budget, even though this approach may be unpopular. And our work is not over.

"Your committee, in reaffirming its commitment to a fair yet balanced budget, took a critical look at increases in government spending over the years and re-evaluated the effectiveness of many programs. As a result, your committee successfully downsized programs and operations, consolidated duplicative and overlapping functions, and eliminated ineffective and nonessential programs, services and operations.

"Make no mistake that making some of these choices were difficult. But if there is a silver lining to this gray cloud of a budget, it is that we are better positioned to enter the 21st century a lot leaner, a lot tougher and a lot wiser in how we allocate scarce resources.

"The people of Hawai'i will have to make some sacrifices in the short term -- but we can all look forward to a government that is better equipped to face the many challenges of the future.

"I would like to commend the Ways and Means chair and her diligent staff for their hard work and dedication in bringing the budget to this point.

"I urge all of you to support this measure and the future of our state. Thank you."

Senator Chumbley rose in support of the measure as follows:

"Mr. President, I rise in support of this measure.

"Mr. President, the Ways and Means chair was very humble in her comments about education and I would like to just expand on those for a moment. I think it is important that all my colleagues understand that we were criticized early on in this year and we were doubted if education was our priority. Well, the Ways and Means chair has made sure that we have textbooks, that we have library books, that we have teachers, that we have equipment, that we have supplies, and that we have money for repairs and maintenance at the school level, Mr. President.

"This department will receive in excess of $50 million more than it received in the last biennium. I say that is a priority to education and that all of the members on the Committee on Ways and Means and all of us in this body are making a commitment that education will be a priority for us and that we have put children first in this state.

"Thank you to the Ways and Means chair and to all the members and I urge all my colleagues to support education through this budget. Thank you."

Senator McCartney rose to speak in favor of the bill and said:

"Mr. President, I rise to speak in support of the budget.

"This is the first year that I have not sat on the Ways and Means Committee and I don't envy the task that the members or the chair had to go through and I would like to commend them for putting together a very innovative and courageous budget. I would like to commend the staff for working really hard in partnership with the Senators.

"And Mr. President, I just want to say that I agree with the Minority Leader that this is a time and an opportunity to re-think, to re-engineer, to restructure, to replace and to reduce our budget and to reform it so that we can come up with a budget that fits the needs of the state. As we know, the budget has grown and grown and grown and we have to realize that we are managing the people's money, and we are, and this budget reflects that. This budget also recognizes that we can't be all things to all people; that government can't be everywhere and anywhere all the time, and that people have to assume personal responsibility.

"On the education side, Mr. President, I'd like to thank the Education chair for his previous remarks and I think we need to commend the Ways and Means Committee for putting their money where their mouth is and saying that education is a priority -- $22.9 million the first year and $25.1 million the second year above and beyond existing budgets. The only department to see an increase was education. I think it is something very, very important for us to recognize.

"Also Mr. President, what's important about this budget is that it puts money where learning takes place -- in the classroom. We all realize that we can't put more money into the same outdated system, Mr. President, and what this budget does with the budget provisos is to insure that the money gets to where the learning takes place -- in the classroom. And it is not the same system of taking tax dollars from the people and not getting it to the classroom. I think the chair needs to be commended for some of the provisos in there to insure that the money actually gets spent where learning takes place.

"Thank you, Mr. President."

Senator Ikeda rose again and said:

"Mr. President, just some short remarks so that people don't get the impression that we are cutting programs that are going to hurt children and the aged and that we are in essence losing federal funds by doing that. I think I need to tell you that we, in crafting the budget, also are very much aware of what is going on in Congress and that the next hit will be in those areas and the monies that we currently enjoy receiving as matching funds are very much in jeopardy. So where we have made those cuts, we do so in anticipation of having to wrestle with an even tougher problem should Congress finally reduce the human services allocations to this state.

"I would also like to add, Mr. President, that in eliminating the Office of Children and Youth and the Office on Aging attached to the Office of the Governor, we have not taken away programs. The program monies have been sent or delegated to the Department of Human Services for implementation, though we have reduced staff. Thank you."

Senator Holt rose in support of the bill and said:

"Mr. President, I would like to relay a message in speaking in support of the budget. The chairman wants to thank you for keeping me busy on insurance and workers' compensation because that has kept me away from the budget, but hopefully we can wrap those two items up real fast so I can get back to the budget. Thank you very much."

The motion was put by the Chair and carried, and H.B. No. 1220, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

H.B. No. 1262, H.D. 1, S.D. 1:

Senator Ikeda moved that H.B. No. 1262, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Liu rose to speak on the measure as follows:

"Mr. President, in regards to the Judiciary budget I would just like to express some concerns, although I will be voting in favor of the bill, and to indicate that my concern rests in the area of the planned moving of the Family Court Center to Kapolei. I do realize that there is a working committee right now of attorneys and judges in the Judiciary to review that process to make sure that we don't harm the services which are provided and the ability of the people in urban Honolulu, East Oahu and Windward Oahu from receiving family court services at a distance which is reasonable. I think we have to be concerned that we don't throw the baby out with the bath water in making this move and would hope that my words are taken to heart by the Judiciary as they proceed in planning the new Family Court Center in Kapolei.

"Thank you, Mr. President."

The motion was put by the Chair and carried, and H.B. No. 1262, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE JUDICIARY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

At 12:53 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 1:01 o'clock p.m.

H.B. No. 1780, H.D. 1, S.D. 1:

On motion by Senator Ikeda, seconded by Senator Baker and carried, H.B. No. 1780, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE OFFICE OF HAWAIIAN AFFAIRS BUDGET," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Bunda, Holt).

Stand. Com. Rep. No. 1315 (H.B. No. 331, S.D. 1):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 1315 was adopted and H.B. No. 331, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR HOUSING THE HOMELESS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Liu). Excused, 2 (Bunda, Holt).

Stand. Com. Rep. No. 1317 (H.B. No. 1643, H.D. 1, S.D. 1):

Senator Ikeda moved that Stand. Com. Rep. No. 1317 be adopted and H.B. No. 1643, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Tam rose in support of the measure and stated:

"Mr. President, I stand to vote in favor of this bill with reservations.

"Mr. President, I have reservations because of the expressed concern of the affordability of nursing facilities here in Hawaii from many senior citizen associations within my district, the 13th Senatorial District. More than 50% of my residents are senior citizens, so I have a very large population.

"It is unfortunate that the federal government is willing to give Hawaii federal dollars only if Hawaii has a nursing facility tax. Perhaps by next year's session, we can find legislation to relieve Hawaii of this tax concern or perhaps the federal government will ease its laws on us. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1317 was adopted and H.B. No. 1643, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO NURSING FACILITY TAX," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Liu). Excused, 2 (Bunda, Holt).

H.B. No. 1472, H.D. 1, S.D. 1:

On motion by Senator Ikeda, seconded by Senator Baker and carried, H.B. No. 1472, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TAX CREDITS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Liu). Excused, 2 (Bunda, Holt).

H.B. No. 48, H.D. 2, S.D. 1:

On motion by Senator Ikeda, seconded by Senator Baker and carried, H.B. No. 48, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FINANCES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Bunda, Holt).

H.B. No. 133, H.D. 2, S.D. 1:

Senator Kanno moved that H.B. No. 133, H.D. 2, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Ikeda.

Senator Kanno rose in support of the measure and said:

"Mr. President, I rise to support this measure with reservations.

"Mr. President, at the public hearing on this bill, we heard much opposition to this measure. There were grave concerns about the impacts of furloughs on people's lives. What was being proposed is a one-day furlough per month. Over the course of a year it would mean 12 days and although when you look at it on a one-month basis, one day may not seem to be that much. However, when taken in total, it means approximately one-half of one month's salary. I am aware of many family situations who are really one paycheck away from being homeless. So I do share their concern and am deeply concerned about this measure.

"In Section 5 of the bill, however, are important provisions that would protect workers from any interruption in employment benefits that would be needed should a furlough be necessary. I am aware that there are plans already being considered by the administration to look at layoffs and furloughs and feel that the measure is important at addressing those important benefit concerns of the workers.

"Mr. President, over the next two or three weeks we are going to be taking the measure up in conference and I will do my best to look out for the interests of the workers and provide the necessary protections in case a furlough program needs to be implemented.

"Thank you."

Senator Baker rose in support of the bill as follows:

"Mr. President, I rise to speak in favor of H.B. No. 133, the measure which is referred to as the 'furlough bill.'

"I believe the bill has met with opposition largely because it has simply been misunderstood. It is intended to provide a temporary and reasonable alternative to the harsh reality of employee lay offs and terminations. It is also intended to help manage the budget deficit without reducing the current levels of services offered to the general public.

"We are in the midst of the most challenging financial crisis that the state has ever undergone. We are faced (as of last week) with a spiraling budget deficit of at least $350 million over the next fiscal biennium, potential losses due to decreases in federal allocations and no acceptable avenues to generate sorely needed additional revenues.

"The state's current economic scenario is dismal at best. Programs will be cut; services will be reduced; and worst of all, in addition, there is serious talk of raising taxes at every corner. If that were not enough, there is the strong likelihood that employees will ultimately be laid off or terminated in the process.

"Mr. President, the furlough bill gives us an alternative to these disheartening prospects.

"First, it will give us an opportunity to discuss yet another budget-balancing option in conference committee before we choose from among competing but bleak deficit-reducing solutions that we know will be on the negotiating table.

"Second, the bill will give reasonable legislative safeguards to limit indiscriminate or arbitrary action if lay

offs and terminations become necessary. This point should be lost to no one.

"The administration tells us that it already has the authority to furlough state workers. Even if this position is correct, the furlough bill is critical because it provides safeguards to ensure that employees will not suffer a loss of important benefits since the bill established that a furlough will not be considered a break in employment, or cause a decrease in the employee's time in service for purposes of the employee's pension, retirement and deferred compensation plans.

"Absent the legislative safeguards of this bill, furlough action by the administration could leave some departments relatively unscathed from the impact of either furloughs or terminations, while severely impacting others.

"We could, for example, very well see further reductions in needed library services and personnel, while at the same time, see no corresponding reduction in prison services and correctional programs.

"Last and most importantly, the furlough bill is clearly intended to soften the blow of the hard times ahead by preserving jobs and assuring that there is no drastic reduction in the current level of public services.

"This bill provides state workers with a 'choice'. They can keep their jobs and avert lay offs and terminations by deciding to accept the furlough program. I should actually say 'we' instead of 'they', since the bill would apply across the board to the executive, judiciary and legislature.

"Yes, the furlough process envisioned in this bill will help to assuage the budget deficit if our legislative framework is put into place, but more importantly, it will save people's jobs.

"It can achieve this end and assure that current levels of public services are maintained by carefully scheduling furloughs so that services are not adversely affected.

"Mr. President, given these positive objectives of the furlough bill and absent other real solutions, I urge each of my colleagues to vote in favor of this measure."

Senator Ikeda rose in support of the measure and said:

"Mr. President, I rise to speak in favor of this bill but with some very serious reservations. In doing so, I would like the words of the Labor chair incorporated as my own. I want to commend him for his sensitivity to this situation and I think that while we have some real concerns about mandating any kind of furlough, obviously there are things that need to be considered should the furlough be implemented -- things that would protect the worker from being hurt further than they already would by way of a furlough. And I think I can support this measure, although I have reservations, because I think that there is still time to re-work it so that it does provide for some continuity at least where health benefits are concerned, retirement benefits, sick leave, and so on and so forth.

"I also think, Mr. President, that there is time to restructure this measure to make sure that those who are on the bottom of the totem pole, salary-wise, are not adversely affected as opposed to those on the upper end of the scale, who could more easily afford to forfeit a day's pay.

"Having stated my reservations, it is my intention to work with the chair of the Labor Committee in conference to fashion a bill that will hopefully be more palatable. Thank you."

Senator Graulty rose in support of the measure as follows:

"Mr. President, I also rise to speak in favor of this bill with reservations.

"Mr. President, I think that with regard to the comments made by the previous speakers, their points are all well taken. My concerns relate to the fact that there are 26,000 civil service employees and there is probably an equal number of exempt employees and other employees, many of whom were added on to government's payrolls during the last administration. And I would hope that before we get to the point of furloughs, we would examine very closely those employees who were added on contract or who are exempt employees who are not either DOE or University of Hawaii or Attorney General or Public Defender, because my information is that there are a lot more employees under the exempt category that I think should be the first to have to bear whatever sacrifices as necessitated by our budget situation before we get to the civil service employees. And it is for that reason that I have some reservations on this bill.

"Thank you, Mr. President."

Senator Matsuura rose in support of the bill and said:

"Mr. President, I also will be voting 'aye' on this measure but with reservations. The reasons have been expressed by the previous speaker. Thank you."

The motion was put by the Chair and carried, and H.B. No. 133, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC EMPLOYMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Iwase, Liu). Excused, 1 (Bunda).

H.B. No. 313, S.D. 1:

Senator Graulty moved that H.B. No. 313, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator McCartney.

Senator Matsunaga requested a ruling from the Chair as follows:

"Mr. President, I wish to disclose a potential conflict on both sides. I am a certified public accountant and I'm also an attorney who represents some financial institutions who are opposed to this bill."

The Chair ruled that Senator Matsunaga was not in conflict.

The motion was put by the Chair and carried, and H.B. No. 313, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC ACCOUNTANTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Levin). Excused, 1 (Bunda).

H.B. No. 2094, H.D. 2, S.D. 1:

Senator Graulty moved that H.B. No. 2094, H.D. 2, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Ikeda.

Senator Graulty rose in support of the bill and said:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, your Committees on Judiciary and Ways and Means have been working on a campaign spending reform bill over the last two years. Much time, energy and effort have gone into this 61-page bill by your joint committees and I'd like to thank Senator Ikeda for her support and assistance and Senator Baker, the Majority Leader and thank you, Mr. President, for your support and assistance on this bill.

"This bill is one in a series of bills which responds to the great public call for more ethics in government, more disclosure in our laws on lobbying and significant reform in our campaign spending laws. I will not get into the many specifics found in this 60-page bill. I would like to highlight a few of its major provisions, however:

1. Any person who has received $50,000 or more in state contracts shall be required to register and report that fact with the Campaign Spending Commission within 30 days of the date of the contract, or 30 days of the date of the contribution, whichever occurs later;

2. Any loan to a candidate shall be deemed a contribution and subject, therefore, to the contribution limits unless it is a loan made in the ordinary course of business by a financial institution regulated by the state or federal government;

3. More information will be required from non-candidate committees -- the name, address, occupation and employer of each donor contributing an aggregate of $100 or more. No contributions can be received from corporations and organizations;

4. The name, address, employer and occupation of each person contributing an aggregate of $1000 or more to a candidate or party committee during an election period will be required;

5. Electronic filing will be required of all candidates for governor, lieutenant governor, mayor and prosecuting attorney;

6. Contributions from political parties will be limited to $50,000 for governor, $40,000 for lieutenant governor, $20,000 for the state Senate and $10,000 for the state House; and

7. Public financing for legislative seats will be available for the first time, hopefully allowing more individuals to run for public office.

"Mr. President, this is a good bill. It is a fair bill, and this bill will go a long way towards bringing back the trust of the public in state government and the people who represent them. I urge all my colleagues to vote 'aye'. Thank you."

Senator Baker, speaking in favor of the bill, then stated:

"Mr. President, I have some written remarks in support of this measure and I ask that it be included into the Journal."

The Chair having so ordered, Senator Bakers remarks read as follows:

"Mr. President, I rise to speak in strong support of H.B. 2094, H.D. 2, S.D. 1, relating to campaign spending.

"This omnibus bill would amend our current campaign spending laws to bring about significant, needed reform. In recent years, the costs of political campaigns have increased rapidly and with that has come the increased public perception that candidates are unduly influenced by so-called special interest contributions. The limitations on types of contributions and the amounts contemplated in this measure, as well as the increased disclosure provisions of contributions accepted, will go a long way toward restoring the public trust in the integrity of the political process. This measure also contains provisions which will encourage a greater number of candidates to abide by the voluntary campaign spending limits set for each race. It helps to level the playing field for others seeking office by increasing the amount of public financing available.

"Mr. President, it is essential that the public have confidence in the political process. Comprehensive campaign spending reform is a must if we are to stem the increasing tide of public cynicism and regain the public's trust. This bill goes a long way in doing just that, and I encourage all of my colleagues to join me in voting for this measure."

The motion was put by the Chair and carried, and H.B. No. 2094, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 1353 (H.B. No. 1833, S.D. 1):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 1353 was adopted and H.B. No. 1833, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CHANGE OF NAME," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Liu). Excused, 1 (Bunda).

Stand. Com. Rep. No. 1361 (H.B. No. 821, S.D. 2):

Senator Ikeda moved that Stand. Com. Rep. No. 1361 be adopted and H.B. No. 821, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Tanaka rose in support of the measure and said:

"Mr. President, I rise to speak in support of this bill.

"Mr. President, two years ago you entrusted me to chair your Committee on Tourism and Recreation to use my experience as a businessman and also as a former council member who chaired Tourism and Economic Development on Maui. Through those years, I have learned that planning is very important for the future growth in businesses. HVB is no different, Mr. President. We need to plan for the future and this 2% TAT tax will be HVB's permanent funding. With this 2%, I am sure they will be able to promote and market Hawaii in the best possible way.

"In the last three years, I have been watching the HVB budget very carefully and it has been very inconsistent, so the bottom line, Mr. President, is that we do need permanent funding for HVB.

"Thank you."

Senator Solomon rose in support of the measure and stated:

"Mr. President, I rise in support of this measure. I just want to support the remarks made by the previous speaker. Thank you."

Senator McCartney rose in favor of the bill and said:

"Mr. President, I rise to speak in support of this bill with some reservations as it relates to increasing the TAT tax.

"Right now we have a 4% GE tax and we are also going to have a total tax of 12% if we raise the TAT to 8%. I wouldn't be so concerned about this but the City and County of Honolulu's County Council is talking right now about increasing the real property tax for hotels. We are hitting hotels at the real property level and we are hitting them at this level. Ultimately they are going to be passed on to the visitor that stays here and we need to be cognizant of how that impacts our delicate economy.

"And if anything, in conference I would hope that maybe we can have discussions with the City Council to get them to back off on their hotel property tax because we are providing in this measure financing to the City and County of Honolulu. In fact, they will get 44% of the money remaining. And if that is not enough money to balance their budget and they need to go after hotel property taxes, I think that we are going to be hitting the hotel industry twice and we need to take a serious look at that.

"Thank you, Mr. President."

Senator Anderson rose to speak against the measure as follows:

"Mr. President, I would like to speak against the bill primarily because of what the chairman said -- that it is a business that you are looking at -- and also because of the vice president's remarks on what the county is doing.

"You have got to remember that it is not just the hotel room tax that we are looking at. If you are going to tax somebody, every business -- be it hotels, restaurants, clothing stores, whatever -- if it is a tourist buying an item, it is across the board that everybody is getting some money. And you can't just keep hitting the industry. We have got to make sure that everyone that draws a dollar is going to look at this as an increase that we are going to have to bear, every one of us -- not just the hotel industry.

"We have put out in the past, Mr. President, several millions of dollars in promotion and I guess this is one way to take care of the HVB's promotion money. But it is an unfair way to do it. The HVB used to do a darn good job of promoting and marketing. Once the state got involved and started giving large sums of money, the state got involved in telling the HVB what to do. That's where we went wrong. The HVB mishandled and misused funds for promotion because the state got involved and the state said, this is how you should be doing it. We micromanaged. The DBEDT told them almost daily, hourly, how to manage and market the funds for promoting Hawaii. And this was wrong.

"And if we would have gone along with what we were going to do three years ago I guess it was, we were going to give the counties some $50 million a year and they had use of the tourist tax. We not only can't give them $50 million a year, we're taking back whatever portions we could get. Now we say we are going to increase the tax and we are going to make sure that we are taking care of the industry. We are harming it. We have to look at what we are doing.

"So I am going to be voting 'no' on this. And every other bill that we have looked at, I have reservations like the rest of you.

"I am hoping that if we have your committees going into conferences, that everyone is involved in the committee. Let's have dialogue and make sure that we are all involved so it's not just the few at the top who are involved, but every one of us because we are interested. That's why we're elected; that's why we're appointed; that's why we should be involved.

"Thank you, Mr. President."

Senator Ikeda rose in support of the measure and stated:

"Mr. President, I rise to speak in favor of this measure. And in doing so, I'd like to commend the chair of the Tourism Committee for his wisdom in noting that the HVB should be run as a business.

"In response to the previous speaker's concerns regarding the county raising the property tax on hotels, there is very little that we can do about that. Obviously, the counties can do whatever they want to. However, I think that as chair, we will note that a great percentage, in fact 95% of the tourist tax currently goes back to the counties. And I would certainly consider in conference, perhaps reducing that amount proportionate to any increase in the property tax so that it would amount to a wash.

"I don't think that we are hitting the industry unnecessarily. As a matter of fact, I think everyone here knows that every year the HVB comes in asking for more and more money and for more and more dollars to promote Hawaii as a world-class tourist destination. The amount has never gone down. It has always gone up. This dedicated source of funding would provide them with a stable budget. But in the event that they don't want it, I would be more than happy to take the suggestion of one of the Senators and turn the whole thing over to the private sector because, certainly, if they feel that they can handle the funding and they want total jurisdiction and control over marketing and promotion, I think that the people of this state could benefit by utilizing the monies elsewhere.

"Thank you."

Senator Anderson then responded:

"Mr. President, just a short rebuttal.

"Just for a little history, some years back when Mr. Hamilton was alive, Professor Hamilton, and he took over the HVB, the state at that time gave very, very little to the Hawaii Visitors Bureau. And as I said also, I was a member because I was a hotel and transportation representative years back in a private business, and I belonged to the Hawaii Visitors Bureau, not as a hotel person, but for my own business because I did represent hotel and transportation companies and I did make my living that way. So I belonged to that organization.

"Years back, the hotel industry already had a room tax by the counties. They charged them by the room. It was not something new that we did. They also pay nine-point-something dollars for their tax over and above anything else that we have. You and I pay $3.52, I think, on our property tax. They pay over $9. We are hitting the industry when we're saying we're not. We are

hitting the total industry. I'm not just talking about the hotels. We've been looking at the buses with the tour operators. We've done everything to travel agents. That hurts the entire industry. And all I'm trying to say is if we are going to do it, let's look at what we're doing and how we're going to look at this responsibly.

"Thank you very much."

Senator Tam rose in support of the measure as follows:

"Mr. President, I speak in favor of this bill. And If I may, I would like to add a comment.

"Basically, at this time this is the only way we can provide more funds to the visitor industry. And also in due fairness to other businesses in the community, we are not supporting them in terms of their marketing strategy and so forth so the hotel industry should really be thankful. Thank you."

Senator Holt rose in support and said:

"Mr. President, I am speaking in support of the bill.

"Historically going back to 1974 when I remember Senator Mamoru Yamasaki mentioning this tax that they had wanted to impose was defeated and his feeling was that the state had been carrying all the costs for tourism infrastructure and related services. And that bill never passed until another 12 years later. I think in 1986 we finally got something passed and in that year Senator Buddy Soares and Senator Richard Henderson talked about permanent funding for HVB as part of the deal in passing the transient accommodations tax.

"When I chaired the committee in 1988 we were still talking about permanent funding. We never got there. And finally this year, through the efforts of Senator Tanaka and Senator Ikeda, we finally have a vehicle that will provide permanent funding for the Hawaii Visitors Bureau. I support it and I hope everyone else can support it because it is something the industry has been advocating for many years. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1361 was adopted and H.B. No. 821, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TOURISM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Anderson, Liu). Excused, 1 (Bunda).

Stand. Com. Rep. No. 1362 (H.B. No. 1257, H.D. 2, S.D. 2):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Stand. Com. Rep. No. 1362 was adopted and H.B. No. 1257, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

H.B. No. 1828, H.D. 2, S.D. 1:

Senator Graulty moved that H.B. No. 1828, H.D. 2, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Aki.

Senator Graulty rose in support of the measure and said:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, we are on the verge of something historic. House Bill 1828 will provide a settlement to correct long-standing injustices committed against the Hawaiian people in our state. When the United States Congress passed the Hawaiian Homes Commission Act in 1920 and set aside 203,500 acres of public lands as Hawaiian home lands for the rehabilitation of native Hawaiians, the United States affirmed the trust responsibility it has assumed towards the Hawaiian people. On August 21, 1959, under the Admission Act, the State of Hawaii assumed the trust responsibility to carry out the mandates under the Hawaiian Homes Commission Act. It was taken until 1995, hopefully, by this Eighteenth Legislature to right the wrongs and make good and fully meet our trust responsibilities.

"Mr. President, I would like to thank my co-chairmen on the bill, Senator Ikeda and Senator Aki and our Majority Leader Senator Baker for their hard work on this bill. We have dealt with many complex issues under three broad categories -- financing, finality and fairness. Mr. President, your three chairs have been able to bring all these complex issues revolving around the three F's -- financing, finality and fairness -- in this bill.

"Let us all look forward to a new day for the Hawaiian people. I urge all my colleagues to vote 'aye.'

" Thank you, Mr. President."

Senator Aki rose in support of the measure as follows:

"Mr. President, I also rise to speak in support of this bill. In doing so I cannot overstate the importance of this bill to the Hawaiian community and to our state.

"This bill has been worked on by many people throughout the years and it is long overdue. And in working on this bill I would like to acknowledge the work of the Committees on Judiciary and Ways and Means, and all the Senators and members of this body because without your support I don't think we would be here today. This bill needs to be addressed during this session of the Legislature, not next year, and definitely not 75 years from now.

"I am asking all members to please vote in support of this bill. Thank you."

Senator Matsuura rose in support of the bill and said:

"Mr. President, I also rise in support of this bill.

"I would like the remarks made by the Judiciary chairman to be my own. And in all honesty, Mr. President, if we didn't pass a measure such as this, we would have united all the Hawaiian people and we would have had a major problem on our hands. I thank all the three committee chairmen and thank God we didn't include in this measure, raising the taxes.

"Thank you very much."

Senator Baker, rising in support of the measure, then said:

"Mr. President, I have some written remarks in support of this measure that I would like to have inserted into the Journal."

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise to speak in strong support of this measure.

"Mr. President and colleagues, the measure before us today, H.B. 1828, H.D. 2, S.D. 1, is the result of a lot of hard work, commitment to fairness and a great deal of 'aloha'.

"Today, we bring to this chamber a bill that settles the numerous claims against the Hawaiian Homes Trust and acknowledges the years of neglect and irresponsibility exercised in administering the lands set side for native Hawaiians. For many years, the native people of these islands have waited to settle on the lands that were designated to them. However, government bureaucracy and mismanagement have allowed the squandering of these lands and denied thousands of native Hawaiians access to settle on the aina that is rightfully theirs.

"In crafting this measure, Mr. President, your committees were challenged to provide a resolution to the legitimate claims against the state for breaches against the trust with a financing mechanism that was fair to everyone. And while a one-year increase in the excise tax was a worthy consideration, I am pleased that the committees were able to establish a financing structure that does not require the inordinate burden of a tax increase, yet provides the necessary resources.

"This bill addresses three crucial areas:

First, the financing plan closely resembles that contemplated in the Memorandum of Understanding and calls for a payment of $600 million over the next twenty years. Your committees recognized that this debt did not accrue overnight and felt that the burden of paying this debt should be spread out intergenerationally. With regard to the financing structure, your committees devised a flexible plan that allows the state through issuance of bonds, cash or other consideration. It also allows for prepayment, without penalty, at which time the state may benefit from a discounted value.

Secondly, we have earmarked over 16,000 acres of state land to be added to the trust's inventory in recognition of the thousands of acres lost to other interests. With the replenishing of these lands, it is critical that our congressional delegation take the appropriate action to legally convey these lands to the corpus of the trust and renew the federal government's responsibilities to the native Hawaiian people.

Finally, this bill brings closure to title issues and allows attention to be turned to infrastructure development to enable native Hawaiians on the waiting list to realize their homesteads.

"Mr. President and colleagues, we stand on the threshold of making this issue pono, or right, for the native Hawaiian people. I am proud of the work put in by the members of the committees, especially the efforts by chairs Graulty, Ikeda and Aki, in assembling this settlement package and urge all of you to support this measure.

"Thank you, Mr. President."

Senator Solomon then stated:

"Mr. President, I too have some remarks that I would like inserted into the Journal."

The Chair so ordered and Senator Solomon's remarks read as follows:

"Mr. President, I rise to speak on H.B. No. 1828, relating to Hawaiian Lands.

"Your committees on Judiciary, Hawaiian Affairs and Ways and Means have, by the way of statement in their report on the referenced bill, reminded the federal government of its co-trustee responsibilities to native Hawaiians under the terms of the Hawaiian Homes Commission Act of 1920. In making that statement, correct as far as it goes, your committees did not fully set out the legal obligations of the federal government relative to the public lands of Hawaii.

"Your committees have neglected to set out the fact that the federal government has continuing obligations to the inhabitants of Hawaii as well as to native Hawaiians regarding all the public lands of Hawaii.

"Both the Annexation Treaty of 1897 and the Annexation Resolution of 1898 set out that:

A. 'The absolute fee and ownership of all public, government and crown lands' was transferred to the United States of America on annexation; and

B. All the revenue and proceeds of those lands excepting those committed to federal purposes 'shall be used solely for the benefit of the inhabitants of the Hawaiian Islands for educational and other public purposes.'

"In 1992, I was privileged to serve as chairman of the Governor's Committee on Hawaiian Entitlements. That committee, aided by the Washington law firm of Arent, Fox, Kinter, Plotkin and Kahn, was successful in having included an item in the 1992 platform of the Democratic Party stating that the U.S. Government should 'recognize its trustee obligations to the inhabitants of Hawaii in General, and to native Hawaiians in particular.'

"That item is evidentiary that the Clinton Administration accepts and is committed to the performance of the federal government's obligations as co-trustee with the State of Hawaii.

"Consequently, the trust relationship established in 1898 between the federal government and the inhabitants of Hawaii continues notwithstanding the interpositioning of the State of Hawaii as owner of such lands -- the state's ownership being as it is conditioned on the performance of the terms of the grant to it. Thus, as to any question concerning possible misuse or misapplication of the public lands or proceeds therefrom, whether committed as Hawaiian Home Lands or not, the inhabitants of Hawaii can look for redress either to the state or to the federal government. Thank you."

Senator Ikeda then requested from the Chair the inclusion of her remarks on the measure into the Journal, and the Chair so ordered.

Senator Ikeda's remarks read as follows:

"Mr. President, I rise to speak in favor of H.B. No. 1828, S.D. 1.

"Today we have before us an opportunity of monumental significance:

-- an opportunity to repair historic obligations;

-- an opportunity to position homestead lands for a far more successful future; and

-- an opportunity to transform the Hawaiian Home Lands Program into a source of pride and harmony for our people.

"Management problems have plagued the entire history of the program. While territorial administrators were notoriously negligent in caring for the trust, the state has clearly taken its responsibilities more seriously.

"In recent years, many positive and constructive actions have been initiated to improve the program's effectiveness. These include:

-- cancelling past executive orders that appropriated trust lands;

-- substantially improving funding support; and

-- enacting a limited 'right to sue' law.

"However, these actions have not done enough for native Hawaiians. They have not provided a 'final resolution' to the controversies surrounding the Hawaiian Homes Commission Act.

"The measure before us -- while not in itself a complete 'resolution' -- goes a long way toward bringing closure to the disputes arising over the Hawaiian Homes Land Trust.

"House Bill 1828, S.D. 1, is a major step toward fulfilling the intended goal of the Hawaiian Homes Commission Act -- the rehabilitation of our indigenous people.

"Among other things, H.B. No. 1828, S.D. 1, proposes to resolve one of the oldest controversies surrounding the Hawaiian Homes Commission Act -- the fate of the so-called 'missing acres'.

"The 'missing acres' are the difference between the initial 203,500 acres included as trust lands under the language of the Hawaiian Homes Commission Act and 187,414 acres that are the actual accountable inventory of trust lands. The total 'missing acres' equals some 19,086 acres.

"Because of discrepancies in the description of the land -- due mostly from the failure of congress to include a metes and bounds description of the trust's corpus -- the fate of these 'missing acres' has never been reconciled.

"In 1994, Governor Waihee called for the transfer of 16,518 acres of non-trust lands to replace a portion of these 'missing acres'. The transferred acreage was intended to decrease the amount of 'missing acres'.

"However, because of the 'non-fungible' nature of land, the substitution of the 16,518 acres for the same amount of 'missing acres' is not possible without an amendment to the Hawaiian Homes Commission Act. Since this amendment may have the effect of diminishing the beneficiaries rights, congressional approval is necessary.

"Although H.B. No. 1828, S.D. 1, seeks to include the 16,518 acres within the 'missing acres', the measure must be approved by Congress.

"In light of this, I recommend that the 16,518 acres of land be returned to the state should congress fail to take action on this bill within a reasonable amount of time.

"Today we have an opportunity that almost certainly will never come again:

-- an opportunity to bring about 'final closure' to many of the divisive issues confronting the kanaka maoli;

-- an opportunity to move native Hawaiians closer to the lands they long to obtain; and, most importantly,

-- an opportunity to improve the harmony of our multi-racial communities.

Let's not waste it.

"I respectfully urge your support for H.B. No. 1828, S.D. 1. Mahalo."

The motion was put by the Chair and carried, and H.B. No. 1828, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HAWAIIAN HOME LANDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Bunda, Levin).

MATTERS DEFERRED FROM EARLIER ON THE CALENDAR

STANDING COMMITTEE REPORTS

Stand. Com. Rep. No. 1394 (H.C.R. No. 142, H.D. 1):

Senator Ihara moved that Stand. Com. Rep. No. 1394 be adopted and H.C.R. No. 142, H.D. 1, be adopted, seconded by Senator Liu.

Senator Kawamoto rose to speak in support of the resolutions as follows:

"Mr. President, I rise to speak in favor of these resolutions.

"I appreciate, and am fully aware of the strong and valid reasons of both the supporters and opponents of these resolutions -- Urging the President of the United States, the United States Congress, and the State Legislature to join in a concerted effort in amending the United States Constitution to prohibit the physical desecration of the United States flag.

"As the print, electronic and other media swirl with stories of protests, individual rights, individual freedoms, the pros and cons as to what to call the end of World War

II, and our changing times and changing values, there is at least one constant that has withstood, and will withstand, the ravages of war and conflict, as well as the pushing and pulling of various societal values and interests.

"That constant is our United States flag -- the Red, White and Blue -- the Stars and Stripes -- Old Glory -- the Star Spangled Banner, if you will.

"By whatever name, for whatever occasion, and yes, even standing silently alone, our flag evokes memories of worthy causes and battles engaged in, brave comrades lost and wounded, and grieving families sometimes left behind -- all endured so that liberty and democracy may live on. For all these, as well as any future challenges that may confront us, we must protect our flag and that 'for which its stands' from any form of desecration, especially physical desecration.

"We are very mindful of the constitutional rights and freedoms of speech and expression, and that the U.S. Supreme Court by a 5-4 decision almost six years ago held that burning our national flag was the expression of an idea, and that such expressions are protected by the First Amendment to the Constitution. In that light, unless the court reverses itself, the only way to consecrate and protect our flag from being so burned or otherwise desecrated is to join the other 48 states having memorials to the United States Congress urging action to protect our American flag.

"The VFW Post to which I belong -- Veterans of Foreign Wars, 1st Filipino Infantry Regiment, Post 1572 -- many of whom are veterans of World War II and more recently some of the Filipino veterans who were naturalized in Hawaii, and our families and friends, as well as a very substantial majority of our citizenry, including those who adopted our Country, all look to the U.S. flag as a symbol of freedom, and as the highest symbol of our country, its people, and its values, all of which we were willing to make the ultimate sacrifice for, and for which some or our comrades, indeed, made the ultimate sacrifice.

"Fellow Senators, witness the pride; witness the awe; witness the honor; witness the salutes and hands held over hearts; even witness the tears, when the United States flag passes by every veterans' day parade here in Honolulu, as well as everywhere else in our great country that such a parade is held.

"Every Veterans' Day I myself march with my fellow comrades in the Wahiawa Veterans' Day Parade. I go every year to see a young man with no right arm and no left leg. As we pass him with our flags on California Avenue, he tries to stand at attention and salute with his left hand. Seeing this pride, respect and honor at one glance is worth every pain it takes for this march. My comrades are mostly World War II veterans, as I said, in their 70's. This may be their last fight. Help me to help them to depart a winner.

"On a more personal note, Mr. President, and with heavy heart, but with as much conviction if not more, I have objected to the manner of the apparent involvement of our esteemed senior U.S. Senator from this honorable state who is essentially in opposition to the resolutions before us, and who has written: 'We have resisted the urge to attack the evils of the day by amending the Bill of Rights' and has gone on to say: 'While there have been repeated efforts to amend it, none have succeeded.'

"I say, Mr. President, there is always a first time. And as the old saying goes, 'If at first you don't succeed, then try, try again.' And if I may add -- especially, especially, when the cause is right, and the time is here to return respect, loyalty and honor to our community, our families, and our way of life.

"As was noted by Professor Patricia J. Williams in her book four years ago: 'Cultural needs and ideals change with the momentum of time; the need to redefine our laws in keeping with the spirit of cultural flux is what keeps our society "alive" and "humane."'

"It is also time, Mr. President, to bring our country together and to rededicate ourselves to the basic elements and beliefs that made us strong. A good beginning, I very respectfully suggest, Mr. President, is by adopting these resolutions, and I humbly request that my fellow honorable colleagues join me in doing so.

"Thank you, Mr. President."

Senator Iwase then rose to speak against the measure as follows:

"Mr. President, I rise to speak in opposition to the resolution.

"I deeply admire the Senator from Waipahu and I wish, in his honor, I could have voted with reservation on this resolution but I cannot. I will be submitting to the Senate Journal a letter from U.S. Senator Daniel Inouye in opposition to the constitutional amendment called for in this resolution.

"Mr. President, I fully realize that this is a highly emotional issue. Our flag was and is a very visible symbol of our country -- particularly in times of war.

"Yet we must never forget that the flag is but a symbol of what our country is all about. And so we must remember what the dream of America is all about. It is not about a cloth, painted with stars and stripes. It is about the principle -- at our country's birth the revolutionary principle -- that exalts the freedom of the individual. Thomas Jefferson stated it with simple eloquence -- that the individual is endowed by the creator with certain unalienable rights: life, liberty and the pursuit of happiness.

"Our founding leaders took great care to insure that this fundamental principle was infused into the great document which guides our nation -- the Constitution of the United States and the Bill of Rights.

"The Constitution and the Bill of Rights, drafted and adopted by a generation which revolted against an oppressive king, is a document which restrains government, protects against the tyranny of the majority, and reaffirms the rights and freedom of the individual. It recognizes that it is the individual and not the government which is at the very core of our society.

"As Jefferson wrote, 'A Bill of Rights is what the people are entitled to against every government on earth ... and what no just government should refuse ....'

"It is not coincidental, Mr. President, that the very first constitutional amendment, drafted by the generation of Washington and Jefferson and offered in Congress by James Madison, stated, and I quote: 'Congress shall make no law' (I repeat, no law.) 'abridging the freedom of religion, speech, assembly, press, or the redress of grievance.' Our founding leaders recognized, and in the First Amendment, emphasized that these freedoms are at the very heart of a free society.

"Mr. President, I have never, ever, burnt or otherwise desecrated the American flag to protest the actions of my

government. I do not feel happy when I see it done. But I think we must stand up for the right of those protesting in the form they choose. And therefore, I cannot support this resolution which erodes the very principles upon which this country was founded, and which makes this country a special place.

"We are special because individuals have the right to free expression, to dissent, to question, to challenge and to protest against the actions and policies of the government. We are special because the Constitution and the Bill of Rights limit the power of government and protect the freedom of the individual. We are special for these reasons, and not because of the shape, color or design of our flag. Our flag is special because it is the symbol of a country which subscribes to the principles of freedom.

"In the words of Senator Inouye, 'It should not be a choice between protecting the Constitution and protecting one of its symbols, the flag. They are one and the same.'

"Mr. President, I agree. The Constitution and the flag stand for the principle that an individual has the right to freely and fully dissent. And my vote today against this resolution is a vote for the Constitution and its symbol -- the American flag.

"Finally, Mr. President, about a year ago, a reverend who gave the opening prayer here at the Senate quoted the writing of a pastor who spent seven years in a concentration camp during Word War II. I think the pastor's writing sums up why we must rise and speak out against any effort which erodes the freedoms guaranteed to us in our Constitution even if the act does not directly affect us at the moment.

'First, they came for the communists, and I did not speak out -- because I was not a communist.
Then they came for the socialists, and I did not speak out -- because I was not a socialist.
Then they came for the labor leaders, and I did not speak out -- because I was not a labor leader.
Then they came for the jews, and I did not speak out -- because I was not a Jew.
Then they came for me -- and there was no one left to speak out for me.'

"Mr. President, today we can and must have the courage to speak out for ourselves, for others, and for future generations on behalf of this unique and honored document -- the Constitution of the United States -- by voting 'no' on this resolution.

"Thank you, Mr. President."

The Chair having so ordered, the attachment of the letter from U.S. Senator Daniel Inouye is identified as Exhibit "I."

Senator Graulty then rose to speak in support of the resolution as follows:

"Mr. President, I rise to speak in support of these resolutions.

"Mr. President, in 1988 the Legislature as the voice of the people of the State of Hawaii passed a law that made desecration of the American flag a criminal offense. In 1989, as a result of the United States Supreme Court decision in Texas v. Johnson, our law was effectively nullified. Mr. President, I want to quote from the dissenting opinion of our Chief Justice William Rehnquist in Texas v. Johnson. He said:

'The American flag then, throughout more than 200 years of our history has come to be the visible symbol embodying our nation. It does not represent the views of any particular political party and it does not represent any particular political philosophy. The flag is not simply another idea or point of view competing for recognition in the marketplace of ideas. Millions and millions of Americans regard it with an almost mystical reverence regardless of what sort of social, political or philosophical beliefs they may have. I cannot agree that the First Amendment invalidates the act of Congress and the laws of 48 of the 50 states which make criminal the public burning of the flag.'

"Mr. President, as a young boy growing up I was taught that the flag was such a symbol of reverence that if I had to, it was important for me or it was necessary for me to keep that flag from touching the ground.

"Mr. President, I grew up in a memorial cemetery where there are 17,000 American dead from the Second World War, and in their silent reverence we respect both them and the flag that they fought to keep flying and the flag that they believed in.

"I went to college in the 60's and there as a college student engaged in public protest and demonstrations. It was a daily occurrence that the flag was burned. Shortly after I graduated from college I had the good fortune to come to Hawaii as an officer of the United States Army and I remember being on duty as the officer in charge at Punchbowl Cemetery and it was my duty then to present the flag to the widows of those who had died. And the words 'I present this flag to you on behalf of a grateful nation' still ring in my ears.

"Mr. President, ours is the only nation on earth that allows people to burn its national symbol without pain of prosecution or penalty. In Singapore they hang people for burning the flag.

"Mr. President, I'd like to quote again from the dissenting opinion in Texas v. Johnson because I feel that my sympathies lie with them. Justice Stevens wrote:

'The court is therefore quite wrong in blandly asserting that respondent was prosecuted for his expression of dissatisfaction with the policies of this country expressions situated at the core of our First Amendment values. Respondent was prosecuted because of the method he chose to express his dissatisfaction with those policies. Had he chosen to spray paint -- or perhaps convey with a motion picture projector -- his message of dissatisfaction on the facade of the Lincoln Memorial, there would be no question about the power of the government to prohibit his means of expression. The prohibition would be supported by the legitimate interest in preserving the quality of an important national asset. Though the asset at stake in this case is intangible, given its unique value, the same interest supports a prohibition on the desecration of the American flag.'

"The flag is not just an opinion for which there are pros and cons. It is our national symbol worthy of respect of everyone who calls himself an American. How can our government conscript men and women into the armed forces where they must fight and perhaps die for the flag and the government not prohibit the public burning of the banner under which they fight.

"Mr. President, I urge all my colleagues to vote 'aye' on these resolutions.

Senator Matsuura rose in support of the measures as follows:

"Mr. President, I rise in support of these resolutions.

"Resolutions usually have the right or the wrong vote, but this is the only time that I know of where there is no such thing as a right or a wrong vote. In this situation there is only the right vote. I don't care how the vote is going to come out but whatever the vote is it is always the right vote.

"In caucus I heard the comments made by the Senator from Waialua (as you know, I'm also from Waialua), when I listened to him I didn't realize that one of his duties in the Vietnam war was to collect some of the casualties and I can understand why he's going to be voting for this resolution. The first casualty of the 442nd was from Waialua. For me personally and I speak on a personal level, the Bible, the Koran, the teachings of Buddha, or any of those religious documents are sacred. Even though I am not a Buddhist, their scriptures are sacred. I respect every flag of every nation. I think it symbolizes the heart of a nation. It is not a piece of cloth. It represents more than that.

"The national anthems of every nation are also very special. At the Olympics, when they raise the flag and play the national anthem of the gold medalist, I respect not only the athletes, but also the country the athlete represents -- the national anthem and the flag.

"Everybody has an experience with the flag. I have an internment flag in my home and my vote today is for that flag. Thank you."

Senator Matsunaga, rising in opposition to the measures, then stated:

"Mr. President, I rise in opposition to these resolutions.

"I oppose these resolutions for two reasons: (1) a constitutional amendment is unnecessary and (2) a constitutional amendment would diminish the very freedom it is trying to protect.

"A constitutional amendment is unnecessary and unwarranted when we look at the facts. According to the Chicago Tribune, The Citizens Flag Alliance (and we are fortunate to have members of that organization here today) admits that since 1990, there have been only three incidents of flag burning in this country. As U.S. Senator Bob Kerry stated, "There is simply no line of Americans outside [the Capitol] or in this Nation queuing up to burn our flag." I ask you, are there more incidents of flag burning or homeless people in this State? Are there more incidents of flag burning or battered women in this State? Are there more incidents of flag burning or neglected children in this State? Flag burning simply is not a growing state or national crisis. As Senator Kerry concluded, "The fabric of America is not threatened by flag burners."

"A constitutional amendment would diminish the very freedom it is trying to protect. What are we trying to accomplish here? What are these resolutions trying to do? I believe that they are attempts to show how much we love our country, and I do commend the supporters of these resolutions for their patriotism. But the irony in this is that we love our country because of the freedoms we enjoy -- freedom of speech, freedom of religion, freedom from unreasonable search and seizure. And we embody these freedoms in the American flag. Yet a constitutional amendment prohibiting desecration of the flag would actually diminish the very freedoms and liberties for which the flag has stood for over 200 years. Protecting the flag by suppressing those freedoms suggests that we value the symbol more than the substance. As the Supreme Court stated in 1990, 'Punishing desecration of the flag dilutes the very freedom that makes this emblem so revered, and worth revering.'

"For these reasons, Mr. President, I ask my colleagues to vote 'no' on these resolutions."

Senator Anderson rose in support of the measure as follows:

"Mr. President, in the essence of time would you please incorporate Senator Kawamoto's remarks as my own, and also Senator Graulty's."

The Chair so ordered. Senator Anderson continued:

"I will be voting in favor of this. I wrote no speech but I would like to remind people that what the good Senator from Mililani said is true. It is a document that we are trying to change. That is all it is, it is a document. And when you have a minority group that I believe that document took care of that now takes over what the majority believes in, it's time to change that document.

"When I went to school, I took a pledge of allegiance to the flag every morning and we watched it go up over Lincoln School. And as the good Senator said, when it came down it never touched the ground. We were also able to do prayer. We did a lot of things that minority groups today say are wrong and they have a right under what all of these people fought for. So I will be voting 'aye' and I wish that the rest of my colleagues would too.

"Thank you very much, Mr. President."

Senator McCartney, also in support of the resolutions, then said:

"Mr. President, I rise to speak in support of the resolutions.

"Mr. President, I have been wrestling with this and I know it's a very difficult decision for every member. I am just sharing my personal position on this and it really is intellect versus emotion -- the head versus the heart argument. And in any strong country, we must balance and coordinate the head and the heart and ensure that we have freedom for everyone.

"Mr. President, I grew up with the motto 'Duty, Honor and Country' and I believe that however people vote on this resolution, there is no right, there is no wrong. I think everybody in this chamber loves this country and respects all of those who went before us to fight for the freedoms that we have. So in any way the members vote is not a reflection on any disrespect for people.

"In my generation, Mr. President, I have been very fortunate that I never had to face the threat of a draft in Vietnam and to go to Vietnam. My year was the last year. They even cancelled out registration so I never had to register. My generation has been very lucky -- everything that we enjoy today has been handed to us. We never had to go through the trials and tribulations of maybe some of the people a few years before me who had to go to Vietnam to fight for a cause. And I'm very grateful for that.

"Today ten bodies just came back from Vietnam (missing in action) and their coffins were draped with the American flag, and as Senator Graulty has said, when any veteran dies, there at the funeral ceremony a flag is given to the family on behalf of the President and the country for the supreme sacrifice that they made.

"Also Mr. President, in 1993 I had the chance to go to France and visit one of the most historical battlefields, the Battle of Biffontaine and the Lost Battalion. I went there with Mayor Henry of Biffontaine and we walked into the forest where over 350 Hawaiian soldiers died rescuing 45 members from the Texas Battalion that were lost in the hills. And to this day I hear stories about the battle and about the sacrifices made there.

"So, Mr. President, for me it is difficult to turn my back and just look at the intellect. I need to look at the emotions. And today I cannot allow my intellect to overpower the spirit of gratitude and respect I feel in my heart for those who gave their lives for my generation.

"Thank you, Mr. President."

The motion was put by the Chair and carried, the report of the Committee was adopted and H.C.R. No. 142, H.D. 1, entitled: "HOUSE CONCURRENT RESOLUTION RESPECTFULLY REQUESTING HAWAII'S CONGRESSIONAL DELEGATION TO SUPPORT AN AMENDMENT TO THE UNITED STATES CONSTITUTION TO PROHIBIT THE WILLFUL PHYSICAL DESECRATION OF THE UNITED STATES FLAG," was adopted.

The Honorable Randy Iwase
Hawaii State Senate
235 S. Beretania Street
Honolulu, Hawaii 96813

Dear Senator Iwase:

Thank you for your inquiry regarding two resolutions, urging the President and the Congress to amend the U.S. Constitution to prohibit the desecration of the U.S. flag. I am pleased to share with you my position on such a constitutional amendment.

For two hundred years, our Bill of Rights has endured. It proclaims that the government of the United States is limited in its powers, and it continues to instruct and inspire people throughout the world. We have always found the strength necessary to live within its limits. We have resisted the urge to attack the evils of the day by amending the Bill of Rights. While there have been repeated efforts to amend it, none have succeeded. I do not believe that this is the time to tamper with the First Amendment, and, as difficult as it may be, we must insist that the suppression of dissent is a greater danger than the destruction of the flag.

It is not always easy to serve a country with a Bill of Rights that defends the rights of those who would destroy it. No other nation dares to make the commitment to freedom that is embodied in our Constitution. As a veteran and patriotic American, I am offended to see protestors burning the U.S. flag in their demonstration against the government. It grieves me to read of a renewed Neo-Nazi, Klu Klux Klan movement. I try my best to see in them our unrivaled commitment to the First Amendment's freedom of expression and speech.

I believe that what we hope to achieve -- protection of the U.S. flag -- can be accomplished through other means. Even if we enact no new laws, the sacred symbol of our flag will continue to be protected. I say this because perhaps, we have in the past relied too much on the law to protect our flag. For every person who would burn the flag, there are thousands of people who fail to salute it, or fail to teach their children to love it. No law can demand that Americans respect this national symbol -- whether through statute or constitutional amendment. Education, through example and instruction, is the best way to express and continue to ensure reverence for our flag. I am committed to this end. This is where we, as lawmakers, should place our emphasis.

Brave men and women sacrificed their lives in defense of our nation's principles of freedom, democracy, equality and justice for all. It should not be a choice between protecting the Constitution and protecting one of its symbols, the flag. They are one and the same. Our love of country is strong enough to withstand the voices and actions of those who would speak out and even abuse that which we hold dear.

I hope my explanation provides you with some insight into this most emotional issue, and helps you to focus your attention in the remaining days of the session on the most pressing issues of the day.

I pray that our stars and stripes will continue to fly over the land of the free and brave.

Aloha,

DANIEL K. INOUYE
United States Senator

S.B. No. 1868, S.D. 1 (H.D. 1):

In accordance with the disagreement of the Senate to the amendments proposed by the House to S.B. No. 1868, S.D. 1, and the request for a conference on the subject matter thereof, the President appointed Senators

Chumbley, chairman, Kawamoto, Matsunaga as managers on the part of the Senate at such conference.

Senator Matsuura rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, I introduced S.C.R. No. 120, and as all of you know, I hate to be the person who is always trying to call attention to GTE Hawaiian Tel. The reason I do this is primarily because as a Senator, I have to make sure that the ratepayers, which are the citizens of Hawaii, are treated fairly. GTE Hawaiian Tel has not come in for a rate increase for many, many years. They came in finally, and what that did was to trigger an automatic audit. Now they have come in with a second rate increase.

"One of the things that I have always wanted to do (and I have the support of the PUC and the Consumer Advocate) was to take a look at the so-called nonregulated side of GTE Hawaiian Tel businesses. As all of you know, Hawaiian Tel is the only local exchange company in the United States that is allowed to do interstate services as well as international services. These nonregulated services are monitored and audited by the FCC. Unfortunately, the FCC has never audited those nonregulated businesses that include the selling of the telephone instruments, the yellow pages and the interstate and international services. The problem that I have is when GTE Hawaiian Tel comes in for its rate increase and when the PUC audits the company, the PUC should examine their nonregulated activity because the ratepayers may be paying for some of the costs of the nonregulated activities. The profit may be going to the so-called nonregulated businesses of GTE Hawaiian Tel. The ratepayers may be subsidizing the cost of the nonregulated businesses of GTE Hawaiian Tel. That's one of the reasons why the PUC and the Consumer Advocate have supported S.C.R. No. 120 and the Chair knows how much I begged to have a hearing on S.C.R. No. 120.

"The reason why I am standing on a point of personal privilege and I don't care if S.C.R. No. 120 gets heard or not is because the deadline has passed. But the real problem that I have now is that I just learned today that GTE Hawaiian Tel has filed with the U.S. Justice Department to set aside their consent decree. This consent decree was entered to ensure that General Telephone would not be able to use its monopoly local exchange services to impair competition in the competitive market. The decree required GTE to form a fully separate subsidiary if it wanted to enter into the competitive long-distance interstate market. It also provided protection to the information market.

"This is a significant move on GTE's part and it will have a lasting impact on the future of telecommunication competition in Hawaii. If GTE Hawaiian Tel is permitted to enter the competitive market with its monopoly power in tact, the monopoly ratepayers (that's you and I) will pay. And we will pay dearly. You have to understand that GTE Hawaiian Tel gross revenues exceed $600 million a year.

"S.C.R. No. 120 would have required, had it passed, that the PUC protect the ratepayers from supporting GTE's competitive ventures. If the Justice Department allows this consent decree to be set aside, we will have no protection against the profit subsidy of GTE Hawaiian Tel's competitive services.

"I also stood up just a few days ago when this body passed H.B. No. 471, H.D. 2, S.D. 1, that would have required the PUC to allow GTE Hawaiian Tel to be flexibly regulated. They would no longer be rate of return regulated. This rate of return regulation is the only protection the ratepayers would have against paying for Hawaiian Telephone's entry into competitive markets.

"Well, to make the story short, Mr. President, the thing that really upsets me is that the deadline for passage of S.C.R. No. 120 was yesterday. GTE Hawaiian Tel filed today. Had we passed S.C.R. No. 120, at least the ratepayers would have had a big impact from its findings when it comes before the Justice Department. Now it appears that it is too late. If the Justice Department sets aside this consent decree, it will be very difficult, and some of you lawyers can verify that, to get information regarding cross-subsidy, etc. They tell me it will be very difficult, if not impossible. S.C.R. No. 120 was a reasonable request to the PUC to protect the basic telephone ratepayer. This was the only measure standing between the Justice Department and H.B. No. 471 and the consumers.

"Unfortunately it's kind of too late already. The Senate deadline for resolutions was yesterday and GTE Hawaiian Tel filed in Washington today. I can't do anything more, but in the future some of these things in which the PUC and the Consumer Advocate were all in favor of, we should have had at least a hearing so we could have heard the testimonies from everyone. Because S.C.R. No. 120 had no hearing, we have no record. All that I can do is to put my comments into the Journal and let future historians evaluate our actions.

"Thank you very much."

Senator Fukunaga responded as follows:

"Mr. President, I do have a couple of remarks in response to the prior speaker.

"I would just like to note for the journal that the topic of S.C.R. No. 120 was discussed in a CPU hearing that we held last week. According to the PUC staff, the impact of GTE's reorganization on its regulated as well as unregulated subsidiaries is currently the subject of a pending PUC docket. The PUC staff that my colleague referred to has also confirmed that the PUC does have the jurisdiction and authority to order the kind of audits that are being requested during the course of that docket. They fully intend to exercise their jurisdiction. Thank you."

Senator Matsuura rose again and responded:

"Mr. President, just as a rebuttal, those are the same questions that I asked these people and they told me it is going to be difficult. Maybe some of you lawyers can explain some of these things -- I don't know -- but they tell me it is going to be very difficult."

At this time, Senator Baker, on behalf of the Senate, extended Happy Birthday wishes to Senator Kawamoto.

At 12:38 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:39 o'clock p.m.

RECONSIDERATION OF ACTIONS TAKEN

S.B. No. 893, S.D. 1 (H.D. 1):

Senator Ikeda moved that the Senate reconsider its action taken on April 6, 1995, in disagreeing to the amendments proposed by the House to S.B. No. 893, S.D. 1, seconded by Senator Baker and carried.

Senator Ikeda then moved that the Senate agree to the amendments proposed by the House to S.B. No. 893, S.D. 1, seconded by Senator Baker.

Senator Ikeda explained:

"Mr. President, the House just made what really amounts to technical amendments in a way. They spelled out Chapter 305, which is community colleges; Chapter 306, which is U.H. projects; and Chapter 308, which is U.H. parking, as agencies allowed to increase or decrease fees for non-tax revenues."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 893, S.D. 1 and S.B. No. 893, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STATE SERVICE FEES," was placed on the calendar for Final Reading on Monday, April 17, 1995.

S.B. No. 1484, S.D. 2 (H.D. 1):

Senator Ikeda moved that the Senate reconsider its action taken on April 6, 1995, in disagreeing to the amendments proposed by the House to S.B. No. 1484, S.D. 2, seconded by Senator Baker and carried.

Senator Ikeda then moved that the Senate agree to the amendments proposed by the House to S.B. No. 1484, S.D. 2, seconded by Senator Baker.

Senator Ikeda then noted:

"Mr. President, this bill deals with the extension of the Maluhia Project. The House has included a condition that the Act be repealed upon implementation of QUEST."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1484, S.D. 2, and S.B. No. 1484, S.D. 2, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ADULT RESIDENTIAL CARE HOMES," was placed on the calendar for Final Reading on Monday, April 17, 1995.

Senator Ikeda moved that the Senate reconsider its action taken on April 6, 1995, in disagreeing to the amendments proposed by the House to S.B. No. 1688, seconded by Senator Baker and carried.

Senator Ikeda then moved that the Senate agree to the amendments proposed by the House to S.B. No. 1688, seconded by Senator Baker.

Senator Ikeda explained:

"Mr. President, again this is rather technical. The House provides the department with the flexibility to pay up to and not exceed the statutory supplemental payment amounts."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1688 and S.B. No. 1688, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC ASSISTANCE," was placed on the calendar for Final Reading on Monday, April 17, 1995.

S.B. No. 1575 (H.D. 1):

Senator Ikeda moved that the Senate reconsider its action taken on March 30, 1995, in disagreeing to the amendments proposed by the House to S.B. No. 1575, seconded by Senator Baker and carried.

Senator Ikeda then moved that the Senate agree to the amendments proposed by the House to S.B. No. 1575, seconded by Senator Baker.

Senator Ikeda noted:

"Mr. President, the amendments made to this bill are technical and nonsubstantive."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1575 and S.B. No. 1575, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO UNDERESTIMATION OF NET INCOME TAX," was placed on the calendar for Final Reading on Monday, April 17, 1995.

S.B. No. 1774 (H.D. 1):

Senator Ikeda moved that the Senate reconsider its action taken on April 6, 1995, in disagreeing to the amendments proposed by the House to S.B. No. 1774, seconded by Senator Baker and carried.

Senator Ikeda then moved that the Senate agree to the amendments proposed by the House to S.B. No. 1774, seconded by Senator Baker.

Senator Ikeda then noted:

"Mr. President, again these are technical, nonsubstantive amendments."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1774 and S.B. No. 1774, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HIRING OF ATTORNEYS," was placed on the calendar for Final Reading on Monday, April 17, 1995.

STANDING COMMITTEE REPORT

Senator Holt, for the Committee on Consumer Protection, presented a report (Stand. Com. Rep. No. 1480) recommending that S.R. No. 142, as amended in S.D. 1, be adopted.

By unanimous consent, action on Stand. Com. Rep. No. 1480 and S.R. No. 142, S.D. 1, entitled: "SENATE RESOLUTION REQUESTING THE GOVERNOR'S ASSISTANCE FOR HAWAII'S TRAVEL AGENTS," was deferred until Tuesday, April 18, 1995.

ORDER OF THE DAY

ADVISE AND CONSENT

At 11:49 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:51 o'clock a.m.

Stand. Com. Rep. No. 1477 (Gov. Msg. No. 130):

Senator Solomon moved that Stand. Com. Rep. No. 1477 be received and placed on file, seconded by Senator Bunda and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of EARL I. ANZAI as Director of Finance, term to expire December 7, 1998, seconded by Senator Bunda.

Senator Solomon rose in support of the nominee as follows:

"Mr. President, I'm speaking in favor of Gov. Msg. No. 130.

"Mr. President, Mr. Anzai's career reflects his commitment to public service, beginning as a management analyst with the U.S. General Accounting Office, serving as a legislative analyst with the Hawaii Office of the Legislative Auditor, committee clerk with the Constitutional Convention, chief clerk for the Hawaii Senate Ways and Means Committee, as well as several legal positions including attorney for the special Senate committee investigating the pesticide heptachlor in milk, chief counsel for the Hawaii Committee on Judiciary, and special counsel to the Office of Hawaiian Affairs. Mr. Anzai believes that in directing the Department of Budget and Finance, he will be responsible for setting an example for all other state departments and wants the department to be respected for its professionalism, even-handed administration and dedication to the goal of public service.

"Furthermore, Mr. President, he was recognized for his willingness to make controversial and difficult decisions and his ability to accept challenges. Your committee believes that these characteristics are critical at this time of fiscal austerity.

"With that, Mr. President, I am recommending to you and the rest of my colleagues to vote in the affirmative. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 18. Noes, none. Excused, 7 (Chumbley, Fukunaga, Holt, Ige, Kanno, Matsunaga, Matsuura).

Stand. Com. Rep. No. 1478 (Gov. Msg. No. 138):

Senator Solomon moved that Stand. Com. Rep. No. 1478 be received and placed on file, seconded by Senator Bunda and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of LORRAINE H. AKIBA as Director of Labor and Industrial Relations, term to expire December 7, 1998, seconded by Senator Bunda.

Senator Solomon rose to speak in favor of the nomination and said:

"Mr. President, I'm speaking in support of Gov. Msg. No. 138.

"Ms. Akiba's legal career reflects her commitment to public service through her participation with the American Arbitration Association, the gender and other fairness committees of the State Judiciary, the Environment Council, the Hawaii Women Lawyers, Hawaii Women's Legal Foundation, as well as authoring and editing legal manuals in the fields of hazardous waste and women's rights. Although, Mr. President, her prior experience has not exposed her to a wide range of labor issues, as director designate, Ms. Akiba has proven herself to be a quick study as she has proceeded by diligently addressing one of the department's most challenging issues, the workers' compensation system and related policy.

"The testimony also indicated a broad base of support for Ms. Akiba, including labor unions, private businesses, the legal community, and various community organizations with which she has worked. This diversity of support is important to the mission of the department and in ensuring that state policy is implemented fairly and in response to the concerns of all the various constituencies.

"With that, Mr. President, I recommend to you and my fellow colleagues a positive confirmation. Thank you."

Senator Kawamoto also rose in support of the nominee as follows:

"Mr. President, in respect to the chair and her hard-working committee, I will be voting 'aye' with a concern.

"Throughout the legislative process I have been disappointed with the department leadership's effort or lack of effort to sustain the 17 transition centers in our public high schools. Many of you have voted for these transition centers in the high schools out of response to our President of the United States requesting that we look at the forgotten 50%. Currently, these transition centers are servicing 25,000 students. At the end of this year we may lose many of these transition centers. One hundred and thirty-three out of one hundred and thirty-four students came from public schools all over the State of Hawaii requesting that transition centers be made a curriculum or a service throughout all the high schools. I'm hoping that this vote will encourage the administration, the Department of Education and the Department of Labor to work together to look for federal funds under the school-to-work assets that we have out there and to retain these 17 transition centers in the state.

"Thank you."

At this time, the Chair ordered that remarks by Senator Matsunaga in support of the nominee be inserted into the Journal.

Senator Matsunaga's remarks read as follows:

"Lorraine Akiba comes to public service from a distinguished career in the private sector. She is an honors graduate from the University of California at Berkeley and Hastings College of Law. Since 1981, she has worked as a litigation attorney at the law firm of Cades Schutte Fleming & Wright. She served as the President of the Young Lawyers Division of the Hawaii State Bar Association, and was also President of the Hawaii Women Lawyers Foundation. She was also Vice President of the National Conference of Women's Bar Associations and a member of the Board of Directors and Treasurer of the Hawaii Institute for Continuing Legal Education.

"The productivity and prosperity of our state's workforce will be defined by the visions and tenacity of Lorraine Akiba. As Director of the Department of Labor and Industrial Relations, Lorraine Akiba will apply what is known in law as the balancing test -- the balancing between the interests of labor and management, between workers' skills and market demands, and between job security and fiscal constraints.

"In addressing these interests, Lorraine Akiba has stated her commitment to excellence and professionalism, to streamlining and efficiency, and to an equitable and effective union between the private and public sectors.

"I commend Ms. Akiba on her noble commitment, and look forward to working with her in fulfilling these goals."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 18. Noes, none. Excused, 7 (Chumbley, Fukunaga, Holt, Ige, Kanno, Matsunaga, Matsuura).

Stand. Com. Rep. No. 1479 (Gov. Msg. No. 139):

Senator Solomon moved that Stand. Com. Rep. No. 1479 be received and placed on file, seconded by Senator Bunda and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of MICHAEL D. WILSON as Chairperson, Board of Land and Natural Resources, term to expire December 7, 1998, seconded by Senator Bunda.

Senator Solomon rose in support of the nomination and said:

"Mr. President, I'm speaking in support of Gov. Msg. No. 139.

"Mr. Wilson's interest in administering Hawaii's natural resources are reflected in his public service efforts, his personal affection for and the knowledge of Hawaii's unique natural heritage, and a willingness to direct, where appropriate, development of such resources.

"Testimony in support of the nominee indicates that Mr. Wilson has established himself statewide as one of the most knowledgeable advocates of Hawaii's natural resources. His supporters represent a diverse constituency, including environmental protection activists, native Hawaiian sovereignty organizations, private businesses, the academic and legal communities, as well as county and state agencies. Your committee believes that this broad base of support will provide Mr. Wilson with a balanced perspective and many sources of information upon which to base his decisions in administering the department and implementing state policy.

"With that, Mr. President, I recommend to you and my colleagues to vote in the affirmative. Thank you."

At this time, the Chair ordered that remarks by Senator Matsunaga supporting the nominee, be inserted into the Journal.

Senator Matsunaga's remarks read as follows:

"Mike Wilson's appreciation for the outdoors and the Hawaiian Islands will provide the Department of Land and Natural Resources with dedicated and devoted leadership. He is a graduate of the University of Wisconsin and Antioch Law School. He clerked for Federal District Court Judge Samuel King and for Intermediate Court of Appeals Judge Frank Padgett. He

was a partner in the law firms of Hart Wolff & Wilson and most recently, Pavey Wilson & Glickstein.

"Mike Wilson's dedication to Hawaii's natural resources has prompted his participation in citizens' efforts to stop Kawainui Swamp degradation, save Sandy Beach coastline from urbanization, and protect Mount Olomana slopes from development.

"As Director of the Department of Land and Natural Resources, Mike Wilson faces the tremendous challenge of maintaining the delicate balance of preserving Hawaii's diverse and unique natural resources for future generations while furthering the department's role in sustaining Hawaii's economic growth and development.

"As Chairman of the Economic Development Committee, I know the state is at a critical juncture and must make difficult decisions for a sound, stable, and sustainable future. I will look to Mike Wilson for his input and guidance in trailblazing a viable path for Hawaii's future."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 18. Noes, none. Excused, 7 (Chumbley, Fukunaga, Holt, Ige, Kanno, Matsunaga, Matsuura).

At this time, Earl Anzai, Lorraine Akiba and Michael Wilson rose to be recognized and were escorted to the floor of the Senate where congratulations were offered by the members of the Senate.

At 11:58 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:05 o'clock p.m.

Senator Anderson rose on a point of personal privilege as follows:

"Mr. President, I'd like to stand on a point of personal privilege.

"I don't want my colleagues to get upset because of what I am going to say, but this is concerning some editorials that we had and I have been reading. This started last week Friday and I am still a little upset. One of them is about the flag burning, another is on the newspaper disclosure bill, and the other is from this morning on the Bishop Estate. The thing that really bothers me, I think, Mr. President, and again I hope my colleagues will go along with this, is that on Saturday the Advertiser had 4" x 5", roughly, for the flag burning and this morning it was 5" x 5" for the Bishop Estate, 'Wrong call at Legislature.' However, for the newspaper disclosure bill it was roughly 10 1/2" x 5".

"That sort of bothers me that they are doing that, but I think more than anything else, Mr. President, in the flag burning they more or less say that there is absolutely no reason for a resolution or a constitutional amendment. And yet, for the Bishop Estate this morning, they're saying that the Bishop Estate has really no business...that it's a private entity and the public's business who runs it. The Bishop Estate says that they should have no say into it. And down here, they're not sure and that's too bad, leaving the selection of trustees up to the courts and they feel that it's a 'very powerful, very influential' land holder.

"But for the newspapers, they believe that we are wasting our time and taking swipes at them, and that the exemption was granted because the Advertiser failed as a newspaper at that time. They also believe that it is erroneous that the anti-trust exemption should be cancelled because they could go back into being a failing newspaper and that Congress should have included this if they were interested when they did the Failing Newspaper Act. But no one, I think, realized that the failing newspaper was going to take 20 years, nor did they believe that it was going to sell for $250 million. And then when they want to hide behind the First Amendment, they say that they are entitled to equal protection under the law and that they have a First Amendment right.

"Well, they also pay nothing for using public property. They make money putting their newspaper stands out on the sidewalks that they use public funds for. When I was running for mayor, it was my understanding that the people out in Waikiki had to pay no more than the Advertiser and Star-Bulletin and the rest of the newspaper people for their stands. Our Mayor today, Jeremy Harris, said in fact they pay nothing. He was at the same Lions Club meeting that I was at Downtown and he said they pay nothing at all. And I said, 'then I think that I would like to be mayor more than ever before because I think they should pay like everybody else.' They are making a profit.

"And for that reason, I've decided to stand this morning on this First Amendment because I don't think it is fair that they call us names and they say that there is no need for having an amendment to the Constitution for flag burning or anything else. And I believe that when the minority rules and the majority loses, it is a very, very bad time in history because people are using the First Amendment. I don't think our forefathers meant for anybody to use the First Amendment to burn flags, to not pay taxes, or to be able to get away with doing whatever they want to, because when they wrote the Constitution, it was broad. I don't think that the attorneys in those days wanted to have the Constitution used the way it is. So that's why I'm standing today. I have no problem at all with the newspapers writing down the facts. I believe in freedom of the press and I just think that it is a shame that they can use the Constitution when they want to.

"Thank you very much, Mr. President."

ADJOURNMENT

At 12:12 o'clock p.m., on motion by Senator Ihara, seconded by Senator Liu and carried, the Senate adjourned until 11:30 o'clock a.m., Tuesday, April 18, 1995.

FIFTY-FIRST DAY

Tuesday, April 18, 1995

The Senate of the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995, convened at 11:33 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by President Waldemar J. Thiim, The Church of Jesus Christ of Latter-Day Saints, after which the Roll was called showing all Senators present.

The President announced that he had read and approved the Journal of the Fiftieth Day.

At this time, the following introductions were made to the members of the Senate:

Senator Solomon introduced and recognized George T. Davis for his professional achievements and public contributions. Mr. Davis was presented a Senate certificate and a lei by Senator Solomon.

Senator Iwase, on behalf of the President, introduced and commended the Water Review Commission for their work over the past two years. The Commission members were presented Senate certificates and leis by various Senators.

Senator Levin then introduced several individuals representing the Malama Na Wahine Hapai Prenatal Research Demonstration Project. A Senate certificate was presented by Senator Levin and all of the guests received leis.

Senator Ikeda introduced Noah Parker, co-founder of the Hawaii Kai Christmas parade and commended him for his years of public service to the community. Accompanying Mr. Parker was Reginald Malabey, a community volunteer. Mr. Parker was presented a Senate certificate and both gentlemen received leis.

At 11:44 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:53 o'clock a.m.

MATTER DEFERRED FROM EARLIER ON THE CALENDAR

S.B. No. 1375, S.D. 1, H.D. 1:

Senator Ikeda moved that S.B. No. 1375, S.D. 1, H.D. 1, having been read throughout, pass Final Reading, seconded by Senator Baker.

Senator Graulty rose in support of the bill as follows:

"Mr. President, I rise to speak in support of this bill.

"Mr. President, about 25 years ago Congress granted, under the joint operating agreement, a monopoly to our two daily newspapers. It has been a long time since that particular exemption was granted by Congress. The intent of this bill is not to impinge upon the press' First

Amendment rights or because of some unhappiness on anyone's part with regard to their editorial comment. This is simply an attempt to determine whether the basis for which the monopoly that was granted by Congress should continue to exist and to provide a mechanism by which that information can be provided to the government -- both the state government, which is also representative of the taxpayers and the citizens of the state, as well as the federal government.

"It has been pointed out that this is a federal exemption that is involved. But the state government does get involved in many federal matters and provides advice and information to Congress on a variety of issues. It is important that the state exercise its proper oversight role when it comes to the profits and the continued monopoly that has been granted by government to our two major daily newspapers. And it is in that light that this bill has arisen and made its way through the legislative process.

"Again, Mr. President, this is a bill not about editorial opinion; this is a bill about profits. This is a bill about a monopoly and whether there is a continued basis for that monopoly to continue or exist. It is also about this Legislature exercising its proper oversight role and receiving the information that it needs in order to assist Congress in formulating a good policy in this particular area. I therefore urge my colleagues to vote 'aye.' Thank you."

The motion was then put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1375, S.D. 1, and S.B. No. 1375, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FINANCIAL DISCLOSURE.," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Ige, Levin, Liu, Matsunaga). Excused, 1 (Taniguchi).

RE-REFERRAL OF HOUSE CONCURRENT RESOLUTIONS

The President re-referred the following House concurrent resolutions that were received:

House Concurrent Resolution	Referred to:
No. 210	Committee on Agriculture, Labor, and Employment
No. 312, H.D. 1	Committee on Agriculture, Labor, and Employment

RECONSIDERATION OF ACTIONS TAKEN

S.B. No. 1218, S.D. 1 (H.D. 1):

Senator Kanno moved that the Senate reconsider its action taken on April 13, 1995, in disagreeing to the amendments proposed by the House to S.B. No. 1218, S.D. 1, seconded by Senator Ihara and carried.

Senator Kanno then moved that the Senate agree to the amendments proposed by the House to S.B. No. 1218, S.D. I, seconded by Senator Ihara.

Senator Kanno then explained:

"The provisions in S.D. 1 of S.B. No. 1218 have been separated into two bills -- H.B. 1586 and S.B. 1218. The other changes to the bill are technical."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1218, S.D. 1, and S.B. No. 1218, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING IN PUBLIC EMPLOYMENT," was placed on the calendar for Final Reading on Wednesday, April 19, 1995.

S.B. No. 1567, S.D. 1, H.D. 1:

Senator Ikeda moved that the Senate reconsider its action taken on March 30, 1995, in disagreeing to the amendments proposed by the House to S.B. No. 1567, S.D. 1, seconded by Senator Baker and carried.

Senator Ikeda then moved that the Senate agree to the amendments proposed by the House to S.B. No. 1567, S.D. 1, seconded by Senator Baker.

Senator Ikeda then noted:

"Mr. President, the House limits the increase in penalties for checks due to the narrow title of the bill. The title of the bill is 'Relating to Dishonored Checks."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1567, S.D. 1, and S.B. No. 1567, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DISHONORED CHECKS," was placed on the calendar for Final Reading on Wednesday, April 19, 1995.

S.B. No. 1573, S.D. 2, H.D. 1:

Senator Ikeda moved that the Senate reconsider its action taken on April 6, 1995, in disagreeing to the amendments proposed by the House to S.B. No. 1573, S.D. 2, seconded by Senator Baker and carried.

Senator Ikeda then moved that the Senate agree to the amendments proposed by the House to S.B. No. 1573, S.D. 2, seconded by Senator Baker.

Senator Ikeda then explained:

"Again, Mr. President, the House made amendments to the bill due to the narrow title. The title reflects Chapter 231 which talks about special funds and so we had to limit the language to special funds only."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1573, S.D. 2, and S.B. No. 1573, S.D. 2, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CHAPTER REFERENCES IN CHAPTER 231, HAWAII REVISED STATUTES," was placed on the calendar for Final Reading on Wednesday, April 19, 1995.

At this time, Senator Ige, for the Committee on Higher Education, Culture, and Arts, requested a waiver of the required hours of notice for a public hearing on H.C.R No. 319, and the Chair granted the waiver.

Senator Matsunaga, for the Committee on Economic Development, also requested a waiver of the required hours of notice for a public hearing on H.C.R. No. 17, H.C.R. No. 332, H.C.R. No. 252 and H.C.R. No. 338, and the Chair granted the waivers.

ADJOURNMENT

At 12:22 o'clock p.m., on motion by Senator Ihara, seconded by Senator Liu and carried, the Senate adjourned until 11:30 o'clock a.m., Wednesday, April 19, 1995.

FIFTY-SECOND DAY

Wednesday, April 19, 1995

The Senate of the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995, convened at 11:32 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by President Ali Kahn, Muslim Association of Hawaii, after which the Roll was called showing all Senators present with the exception of Senator Fernandes Salling who was excused.

The President announced that he had read and approved the Journal of the Fifty-First Day.

The following introductions were made to the members of the Senate:

Senator Kawamoto introduced Guy Yamamoto, a recipient of the Pride in Waipahu Athletics Award in recognition of his many achievements in golf. Mr. Yamamoto was presented a Senate certificate by Senator Bunda and a lei by Senator Baker.

Senator Bunda introduced the members and coaches of the Leilehua High School Varsity Wrestling Team and congratulated them on winning the 1995 State Wrestling Championship. The team was presented a congratulatory Senate certificate and all of the members and coaches received leis.

Senator Chumbley then introduced five recipients of the Milken Family Foundation National Educator Award. All of the guests were presented Senate certificates and leis by various Senators.

Senator Solomon, on behalf of Senators Levin and Matsuura, introduced and commended Detective Brad Ballesteros for his outstanding work with the State of Hawaii Youth Gang Response System and his service to the youth of Hawaii. Detective Ballesteros was presented a Senate certificate and lei by Senator Solomon.

Senator Holt, as a tribute to Mary Abigail Kawena Puku'i, one of Hawaii's greatest authorities and a legacy in herself on Hawaiian language, poetry, and culture, presented a certificate to the Bishop Museum, on this, the 100th anniversary of her birth.

At 11:49 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:59 o'clock a.m.

MESSAGES FROM THE GOVERNOR

The following messages from the Governor (Gov. Msg. Nos. 365 to 367) were read by the Clerk and were placed on file:

ORDER OF THE DAY

MATTERS DEFERRED FROM

TUESDAY, APRIL 18, 1995

ADOPTION OF RESOLUTION

Stand. Com. Rep. No. 1481 (H.C.R. No. 219):

On motion by Senator Matsuura, seconded by Senator Graulty and carried, the report of the Committee was adopted and H.C.R. No. 219, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE PRESIDENT OF THE UNITED STATES TO CONVENE A WHITE HOUSE CONFERENCE ON CHILDREN AND YOUTH IN 1996," was adopted.

AGREE/DISAGREE

S.C.R. No. 78, H.D. 1 (Hse. Com. No. 682):

Senator Matsuura moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 78, seconded by Senator Graulty and carried.

On motion by Senator Matsuura, seconded by Senator Graulty and carried, S.C.R. No. 78, H.D. 1, entitled: "SENATE CONCURRENT RESOLUTION URGING CONGRESS TO MAINTAIN TITLE III, NUTRITION SERVICES FUNDING AND OTHER SUPPORTIVE SERVICES WITHIN THE OLDER AMERICANS ACT," was finally adopted.

At 12:01 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:02 o'clock p.m.

S.C.R. No. 193, H.D. 1 (Hse. Com. No. 683):

Senator Matsuura moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 193, seconded by Senator Graulty and carried.

On motion by Senator Matsuura, seconded by Senator Graulty and carried, S.C.R. No. 193, H.D. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING INTERAGENCY COMMITMENT TO REMOVING BARRIERS TO COMMUNITY-BASED EFFORTS TO ADDRESS ISSUES OF TEEN PREGNANCY PREVENTION AND TEEN PARENTING," was finally adopted.

ADVISE AND CONSENT

Stand. Com. Rep. No. 1482 (Gov. Msg. No. 132):

Senator Solomon moved that Stand. Com. Rep. No. 1482 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of KATHRYN S. MATAYOSHI as Director of Commerce and Consumer Affairs, term to expire December 7, 1998, seconded by Senator Holt.

Senator Solomon rose in support of the nomination as follows:

"Mr. President, I'm speaking in support of Gov. Msg. No. 132.

"Mr. President, I'm going to urge my colleagues to please vote in the positive for Ms. Matayoshi. Her commitment to public service is indicated through her goal of making the department a customer-focused organization, through the use of advanced technology, streamlining and updating departmental regulations, developing a staff work ethic focused on customer service,

and increasing consumer education and enforcement efforts.

"Testimony, Mr. President, was very much in support of the nominee and indicated that Ms. Matayoshi is well-regarded among the legal community, small businesses, and the corporate business community. Based upon the testimony presented, she is also acknowledged for her wonderful qualities in terms of being an excellent leader and her ability to communicate well with her staff, and of course, her management skills are unquestionable.

"As you know, Mr. President, your committee diligently questioned the nominee regarding her administrative qualifications, her visions and priorities for the Department of Commerce and Consumer Affairs, and most importantly, Mr. President, your committee was especially concerned about the appearance of conflict which could be perceived by the public regarding Ms. Matayoshi's previous employment with the Hawaiian Electric Company. Be assured, Mr. President, that your committee is now convinced that Ms. Matayoshi would be able to conduct the business of that department with the utmost integrity.

"Mr. President, your committee also acknowledges that the Ethics Commission has submitted a written opinion finding no conflict of interest in the appointment of Ms. Matayoshi as she has divested herself of all financial interest in the company assets of her previous employer.

"With that, Mr. President, again I urge my colleagues to vote in the affirmative. Thank you."

Senator McCartney also rose in support of the nominee as follows:

"Mr. President, I rise to speak in support of the nomination.

"Mr. President, this confirmation is a very important decision for the body to make because the department that the director will represent really represents the public, the little guy. It's a check on industries to protect the public and consumer. It is a very important and significant position and I would like to just reflect on what happened during the confirmation process. I think it shows the individual's character even though the Ethics Commission ruled that there is no conflict. However, through the confirmation process she went beyond the expected to assure the public that she would avoid any other appearance of impropriety or conflict in the future by refusing to work for her former employer for two years after she left public service. And I think that is a testament to her character and her real willingness to serve the public and do what is right for the people of Hawaii. I think she needs to be commended for that and I urge all members to support her.

"The other reason why I urge members to support her, on a lighter note, is that every morning I get to see her husband Todd at Waolani Judd Preschool. And we have something very much in common because we're always the two latest to drop off our kids. And we're usually there about 15 or 20 minutes after school starts, so I know how rough it is to serve the public and raise a family. And it's great that she has a husband who at least tries to get their child there on time like I try to get my child there on time, but we never really make it. So I have a lot of sympathy for you and I would like to also say that I feel good that I'm not the only one who is always late.

"Thank you."

Senator Fukunaga also rose in support of the nomination as follows:

"Mr. President, I also rise to speak in support of the nominee.

"I would like to primarily echo the remarks of the prior speakers. And certainly in our Communications and Public Utilities Committee's deliberations, I would like to attest to Kathy's scrupulous adherence to that 'bright line' alluded to during the confirmation hearings and to say that during all of the issues that we have taken up involving utilities to date, the department's and consumer advocates's representation of consumer interests on HEI matters has been absolutely impeccable. And for those reasons, I would urge our colleagues to vote in support of this nomination.

"Thank you."

Senator Liu rose in support of the nominee as follows:

"Mr. President, I rise to speak in favor of this nomination.

"To underscore the remarks of the previous speaker from the windward side as well as the chair of the committee, I would like to underscore that as much as the nominee should be commended for her acts, it was also very much the process, the confirmation process, and the members of the committee which resulted in, I think, a precedent setting and a very positive kind of outcome on the issue of appearance of conflicts of interest for which I think the chair should be commended. The committee has been wrongly criticized by various sources for being nit-picking or perhaps not being judicious in its approach, but I think the outcome of this situation indicates a constructive kind of situation that is good for the public and good for the process.

"Thank you, Mr. President."

Senator Matsuura rose in support of the nominee and said:

"Mr. President, I also rise in support of the nominee.

"I'm, to a large extent, fortunate because I do know the Matayoshi family. I know her parents. And usually when you look at these nominees you wonder about their credibility, whether or not they are going to be fair and just. I can attest that Kathy grew up in an environment with the nurture of good parents and I don't have any doubt whatsoever that she is going to do a very good job, very ethical, very fair and just. And I urge all my colleagues to support her.

"Thank you very much."

Senator Holt also rose in support and stated:

"Mr. President, speaking in support of the nominee and as chairman of the committee that has to deal with a lot of the affairs that the director has to bring forward to us, I would just like to say that I found her to be very responsive and accountable. Her staff has been very helpful in providing information to the committee. We have a good working relationship.

"I feel that what she did in the confirmation hearings went a little overboard trying to accommodate concerns that were being addressed regarding conflict of interest. However, the committee did feel that this bright line test was something that was not appropriate and we recommended rejection of it because we felt that she should be held accountable. The Ethics Commission had

cleared her and if there was any issue that related to Hawaiian Electric, she would recuse herself and that matter would be taken up by the Governor. With that understanding I wholeheartedly support her nomination and ask everyone here to support her as well.

"Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Fernandes Salling).

Stand. Com. Rep. No. 1483 (Gov. Msg. No. 259):

Senator Solomon moved that Stand. Com. Rep. No. 1483 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of JOHN S. W. LIM for Seventh Judge of the Circuit Court of the First Circuit, for a term of ten years, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, seconded by Senator Holt.

Senator Solomon rose in support of the nominee as follows:

"Mr. President, I rise to speak in support of Gov. Msg. No. 259.

"Mr. President, testimony in support of the nominee submitted to your committee indicated that Judge Lim possesses superior legal skills as well as the necessary character and integrity to render fair and just decisions.

"Your committee members diligently questioned the nominee regarding his skills and practices and the committee believes that the nominee adequately responded to the committee's inquiries. Your committee also acknowledges that Judge Lim has limited experience on the district court; however, your committee believes that his broad life experiences lend an additional positive factor which Judge Lim would draw upon during his deliberations in the Circuit Court.

"With this, Mr. President, I'm asking all my colleagues to vote in the affirmative.

"Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Fernandes Salling).

Stand. Com. Rep. No. 1484 (Gov. Msg. No. 260):

Senator Solomon moved that Stand. Com. Rep. No. 1484 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of SABRINA S. MCKENNA for Twenty-Second Judge of the Circuit Court of the First Circuit, for a term of ten years, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, seconded by Senator Holt.

Senator Solomon rose in support of the nomination and said:

"Mr. President, I'm rising in support of Gov. Msg. No. 260.

"Mr. President, Judge McKenna's other professional activities include moot court judge, instructor and trainer in mediation, and legal secretarial training in the College of Business Administration. She serves as a volunteer board member for the Hawaii Women Lawyers, Hawaii Lawyers Care and the Honolulu County Committee on the Status of Women.

"Your committee believes, Mr. President, that testimony received from those who came to support Judge McKenna and also from herself indicates that Judge McKenna possesses superior legal skills as well as the necessary character and integrity to render fair and just decisions.

"We questioned the nominee and we believe that Judge McKenna, although she too has limited experience in the District Court, we believe that her broad life experiences lend an additional positive factor which Judge McKenna will draw upon during her deliberations in the Circuit Court.

"With this, Mr. President, I am asking my colleagues for an affirmative vote. Thank you."

Senator Taniguchi also rose in support of the nominee as follows:

"Mr. President, I rise to speak in support of the nominee.

"Mr. President, Sabrina McKenna worked for me when I was a young, idealistic House member many, many years ago. She is hard-working, intelligent, extremely well-rounded and very personable. She has served ably as a District Court judge and I believe she will make a very competent Circuit Court judge. I am very proud of her and ask that all the members support her nomination. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Fernandes Salling).

Stand. Com. Rep. No. 1485 (Gov. Msg. No. 261):

Senator Solomon moved that Stand. Com. Rep. No. 1485 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of WALTER S. KIRIMITSU for Associate Judge of the Intermediate Appellate Court, for a term of ten years, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, seconded by Senator Holt.

Senator Solomon rose in support of the nomination and said:

"Mr. President, I rise to speak in support of Gov. Msg. No. 261.

"Mr. President, many of us here all know Walter on a personal level and we know of all the many wonderful things that he has done, not only in his profession but also in terms of his community affiliations and his good work with the Keiki Hearts Foundation and his many, many affiliations with the different chambers and so on.

"Mr. President, I think Walter is doing a tremendous favor to the people of Hawaii by accepting these responsibilities. In his life and in his career, I think that he will be a person of integrity and be able to help and advise not only the Judiciary but the Legislature, as we strive to make Hawaii a better place for all of us.

"With this, Mr. President, I urge an affirmative vote. Thank you."

Senator Kawamoto also rose in support of the nominee and said:

"Mr. President, I rise to speak in favor of the nominee, and disclose a possible conflict.

"Mr. Kirimitsu, or 'Kiri' as many of us affectionately call him, has been a close and dear friend of our family for 35 years. He and his wife May are godparents to my first-born, who bears the name Walter after Mr. Kirimitsu.

"Mr. President, when the Governor selected Mr. Kirimitsu to be a new Appellate Court judge, there was no better or greater selection. 'Kiri' has been an outstanding member of society. His professional integrity in dealing with people is above reproach. I have been associated with him for 35 years and have never seen him angry or have any animosity to anyone.

"Mr. President, we have found a true gem in Walter Kirimitsu and it is with great, great honor that I am able to cast a vote for 'Kiri' to confirm him as an Appellate Court judge. I urge all my colleagues to do the same. He will make us all proud as a member of the Appellate Court.

"Thank you, Mr. President."

Senator Matsuura also rose in support and said:

"Mr. President, I rise in support of this nomination.

"You know of my categories of very good, fairly good, and not-so-good. When I look at lawyers and try to place them into these categories, you all know my evaluation of lawyers. If I had another category above the very good, Walter Kirimitsu would be a candidate for that category. He's not only a good lawyer, but he is a good person. That's the key. He's fair and has a lot of common sense. I have to admit that Walter is a devout devotee of the 'samurai'. He reminds me of Toyama Kinsan. I wish all the lawyers would be like him in the State of Hawaii, then I would have no problem with lawyers.

"Thank you."

Senator Holt rose in support and said:

"Mr. President, I'm speaking in support of the nominee.

"I'd like to echo the sentiments by the previous speakers and just add one note. I did have a concern in the committee and expressed it to Mr. Kirimitsu and that was of him being a St. Louis graduate, (and Judge Burns was sitting in the audience) and that he make a commitment not to recruit all the blue chip athletes from Pearl City and Kalihi to St. Louis and leave some for Kamehameha.

"Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Fernandes Salling).

At this time, Kathryn Matayoshi, John Lim, Sabrina McKenna and Water Kirimitsu rose to be recognized and were escorted to the floor of the Senate where they were congratulated by the members of the Senate.

At 12:21 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:26 o'clock p.m.

Stand. Com. Rep. No. 1486 (Gov. Msg. Nos. 168, 169, 170, 171, 172, 173, 174, 175, 176, 180, 203, 204, 205, 206, 207, 210, 218, 219, 220, 221, 222, 223, 224 and 225):

Senator Solomon moved that Stand. Com. Rep. No. 1486 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nominations of the following:

MAURE BERNABE to the Governor's Advisory Council for Children and Youth, term to expire June 30, 1997, (Gov. Msg. No. 168);

JACK LAW to the Civil Rights Commission, term to expire June 30, 1996 (Gov. Msg. No. 169);

seconded by Senator Holt.

Senator Solomon rose in support of all the nominees as follows:

"Mr. President, speaking in support of the other Governor's Messages, which as you see are quite extensive, be assured that each person that came before the committee, the committee diligently questioned the nominees and we find that the aforementioned nominees are volunteers, willing to serve without compensation and to work with compassion and commitment to assist various government functions. The nominees have been appointed based upon their credentials, integrity and a desire to make Hawaii better through their participation on the respective board or commission to which they have been appointed.

"With that Mr. President, I'm urging all my colleagues to vote in the affirmative. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Fernandes Salling).

RE-REFERRAL OF HOUSE CONCURRENT RESOLUTION

The President re-referred the following House concurrent resolution that was received:

House Concurrent Resolution	Referred to:
No. 150, H.D. 1	Committee on Education

Senator Baker, on behalf of the Senate, extended Happy Birthday wishes to Senator Ihara.

At this time, Senator Ige, for the Committee on Higher Education, Culture, and Arts, requested a waiver of the required hours of notice for a public hearing on H.C.R No. 124, H.C.R. No. 137, H.C.R. No. 145 and H.C.R. No. 160, and the Chair granted the waiver.

Senator Chumbley, for the Committee on Education, also requested a waiver of the required hours of notice for a public hearing on H.C.R. No. 53, H.C.R. No. 150, H.C.R. No. 233 and H.C.R. No. 234, and the Chair granted the waivers.

Senator Graulty, for the Committee on Judiciary, then requested a waiver of the required hours of notice for a public hearing on H.C.R. No. 223, H.C.R. No. 195 and H.C.R. No. 50, and the Chair granted the waivers.

Senator Solomon rose on a point of personal privilege as follows:

"Mr. President, I'd Like to rise on a point of personal privilege.

"Mr. President, I want to thank the Minority Leader for his remarks regarding the process in which your Committee on Executive and Judicial Appointments has developed and we have been using as we go through, it seems, the exhaustive list that the executive has sent down.

"But also, Mr. President, I really would like to note for the record that I as Chair of the committee appreciate the diligent work of the committee members. We took a lot of time developing a format for 'Advice and consent,' we even went as far as looking at how the Committee on Executive and Judicial Appointments of the U.S. Congress operated. We adopted their format of extending Senatorial courtesy to members and also to keep the hearings on a high level so that the hearings did not deteriorate into one of personalities. I really owe a lot to the committee members. They all worked very hard and very diligently. They have been subjected to a lot of pressure from outside concerns including the executive in trying to expedite the process, but the committee chose to deliberate on every nominee.

"I want to also note for the record, Mr. President, that I know that you, through a letter, gave the executive until the 18th of April to send the names of the nominees, but I as the chairman feel that in the next session, communication should be sent to the executive to please send these names of nominees earlier. I think this would not only be fair to the committee but also to the nominees. I have heard from some of my colleagues who are not on the committee that the executive has been making last minute calls trying to fill in names of nominees to make the deadline. This last minute furor puts the process in jeopardy. No matter if these persons are serving as volunteers or in a paid capacity, they should have the prerogative to at least submit their resume and at least be able to understand the commitment that they will be making by accepting an appointment.

"And as you know, Mr. President, the bigger and important boards and commissions require a lot of time, e.g., the Board of Regents. It involves many, many hours of reading and other commitments. What we have been doing is asking the nominees if they in fact can make those kinds of time and effort commitments and if they can in fact really sacrifice their private lives to be able to accommodate those kinds of schedules.

"So I'd appreciate, Mr. President, if you would communicate to the executive, that in the future, if we could get the names of the nominees in a timely manner, we could go through the 'advice and consent' process in a judicious manner.

"Thank you."

Senator Holt also rose on a point of personal privilege and stated:

"Mr. President, I'm rising on a point of personal privilege to bring the members' attention to what's happening with the conference on motor vehicle insurance.

"Yesterday at about 1:30 p.m., Senator Ikeda transmitted a memo to the three co-chairs in the House, basically saying that 'Attached for your approval is a conference committee notice to start the conference on Thursday at three o'clock.' I'm just quoting her letter: 'As you are aware, there are major differences between the House and Senate versions of the bill which will require a significant amount of time to resolve. Since reform of our no-fault system of automobile insurance is one of the key issues of the 1995 session, I'd like to suggest that we begin our deliberations as soon as possible in order to fulfill the expectations of the general public.'

"The notice was returned back to the Senate unsigned at about 3:30 from the House. Following that we received a memo from Representative Menor at about 5:30, indicating that the 'House is anxious and committed as you are to begin work, but we would respectfully request that the first conference committee meeting be scheduled for sometime early next week.' And he mentioned Tuesday, which basically gives us two days to work before we have to deck bills.

"Senator Ikeda, in response to Representative Menor's memo, sent another letter back to him last night at six o'clock in response to his memo enclosing another conference committee hearing notice regarding the above referenced bill for approval and signature. And after consultation with members of the Senate conference committee, we agreed to accommodate his request for deferral (which is what he did do, defer our first one) of the conference committee meeting until Sunday, which is next week Sunday, April 23, 1995, at 3:00 p.m. Hopefully the House will sign the committee notice so we can begin work on the bill.

"Thank you."

APPOINTMENT AND DISCHARGE OF CONFEREES

S.B. No. 171, S.D. 1 (H.D. 1):

The President appointed Senator McCartney as a manager and discharged Senator Tam as a manager on the part of the Senate at the conference to be held for the consideration of amendments proposed by the House to S.B. No. 171, S.D. 1.

H.B. No. 2133, H.D. 2 (S.D. 1):

The President appointed Senators Holt, Kanno and Anderson as additional managers on the part of the Senate at the conference to be held for the consideration of amendments proposed by the House to H.B. No. 2133, H.D. 2.

FIFTY-FIFTH DAY

Monday, April 24, 1995

The Senate of the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995, convened at 11:40 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by Colonel Charles E. Mallard, Chaplain, United States Army, after which the Roll was called showing all Senators present with the exception of Senators Graulty and McCartney who were excused.

The President announced that he had read and approved the Journal of the Fifty-Fourth Day.

MESSAGES FROM THE GOVERNOR

The following messages from the Governor (Gov. Msg. Nos. 375 to 378) were read by the Clerk and were placed on file:

Gov. Msg. No. 375, dated April 20, 1995, returning S.B. No. 1699, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HOUSING LOAN AND MORTGAGE PROGRAM," as requested by the Legislature through S.C.R. No. 309, adopted on April 19, 1995.

Gov. Msg. No. 376, dated April 19, 1995, submitting a report of approval granted for expenditures exceeding appropriations to the Department of Public Safety (PSD 900 - Administrative Inmate Activity Fund Trust Fund), pursuant to Act 289, Section 157, SLH 1993.

Gov. Msg. No. 377, dated April 20, 1995, transmitting his statement of objections to Senate Bill No. 559 which he has returned to the Senate without his approval and which reads as follows:

"EXECUTIVE CHAMBERS
HONOLULU

April 20, 1995

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 559

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 559, entitled 'A Bill for an Act Relating to Enterprise Zones.'

The purpose of Senate Bill No. 559 is to extend to twenty years the period during which all census tracts within the County of Kauai are eligible for designation as enterprise zones.

The bill would make all census tracts within the County of Kauai eligible for enterprise zone designation until January 1, 1997, and it would allow that designation, if made, to remain in effect for a period of twenty years. This measure offers state tax incentives to certain types of businesses located in the enterprise zone.

This bill raises several policy concerns. The first concern is the setting of a precedent by making an entire county eligible for designation as an enterprise zone, as opposed to targeting specific depressed areas. The second concern is the twenty-year duration for the designation. The third and most important concern in these times of fiscal uncertainty is the impact of the tax incentives on annual state revenues. Prior to approving this measure, a detailed analysis of the costs for such a program should be performed. The analysis should include the impact of the tax incentives on annual state revenues and the economic benefits derived through the program.

For the foregoing reasons, I am returning Senate Bill No. 559 without my approval.

Respectfully,

/s/ Benjamin J. Cayetano
BENJAMIN J. CAYETANO
Governor of Hawaii"

Gov. Msg. No. 378, dated April 21, 1995, transmitting his statement of objections to Senate Bill No. 1396 which he has returned to the Senate without his approval and which reads as follows:

"EXECUTIVE CHAMBERS
HONOLULU

April 21, 1995

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1396

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1396, entitled 'A Bill for an Act Relating to Hansen's Disease Patients.'

The purpose of this bill is to amend section 326-3, Hawaii Revised Statutes, to designate the Hale Mohalu elderly housing project in Pearl City a 'residential facility,' thereby authorizing the Department of Health to bear the cost of rental housing for Hansen's disease patients at that facility.

Although I empathize with the plight of Hansen's disease patients, this bill raises several serious concerns. First, it would allow the State to subsidize rent for Hansen's disease patients who reside only in units run by the nonprofit agency that operates Hale Mohalu, and not in any other housing project which may be run by none-State entities elsewhere in Hawaii. Such an arrangement would give preferential treatment to the nonprofit organization that administers the Hale Mohalu project.

Second, this bill does not include any moneys to fund the rental subsidies. The nonprofit agency that administers the Hale Mohalu housing project indicates that it plans to reserve fifteen units for Hansen's disease patients. At a monthly rental cost of $600 per unit, this would amount to $108,000 annually if the Department of Health were to fill all fifteen units with Hansen's disease patients. The Department of Health would be unable to absorb this cost.

Finally, it is not clear how the workload of the Department of Health's Hansen disease program would be affected should this bill become law. Consequently, it is uncertain how any additional workload would be addressed.

For the foregoing reasons, I am returning Senate Bill No. 1396 without my approval.

Respectfully,

/s/ Benjamin J. Cayetano
BENJAMIN J. CAYETANO
Governor of Hawaii"

RECONSIDERATION OF ACTION TAKEN

S.B. No. 639, S.D. 2 (H.D. 1):

Senator Ige moved that the Senate reconsider its action taken on April 13, 1995, in disagreeing to the amendments proposed by the House to S.B. No. 639, S.D. 2, seconded by Senator Fernandes Salling and carried.

Senator Ige then moved that the Senate agree to the amendments proposed by the House to S.B. No. 639, S.D. 2, seconded by Senator Fernandes Salling.

Senator Ige then explained:

"Mr. President, this bill deals with putting in an appeals process for declarations of whether there are historically significant sites in state and county projects. The House has made two amendments. The first is clarifying amendments just to specify what the process would be. The second amendment deals with private sector contracts and would just insert a requirement that the State Office of Historic Preservation notify the public in the event that any activity on potentially significant sites is initiated."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 639, S.D. 2 and S.B. No. 639, S.D. 2, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HISTORIC PRESERVATION," was placed on the calendar for Final Reading on Tuesday, April 25, 1995.

At 11:58 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:59 o'clock a.m.

ORDER OF THE DAY

MATTERS DEFERRED FROM MONDAY, APRIL 24, 1995

AGREE/DISAGREE

S.C.R. No. 9, H.D. 1 (Hse. Com. No. 698):

Senator Fernandes Salling moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 9, seconded by Senator Tanaka.

Senator Fernandes Salling then noted:

"Mr. President, the amendments were basically nonsubstantive and technical in nature."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.C.R. No. 9 and S.C.R. No. 9, H.D. 1, entitled: "SENATE CONCURRENT RESOLUTION URGING THE HAWAI'I STATE LEGISLATURE TO SUPPORT SENATOR DANIEL K. AKAKA'S FEDERAL LEGISLATION (S. 2428) TO PROVIDE FOR THE MANAGEMENT OF THE AIRSPACE OVER UNITS OF THE NATIONAL PARK SYSTEM," was finally adopted.

S.C.R. No. 61, S.D. 1, H.D. 1 (Hse. Com. No. 699):

By unanimous consent, action on S.C.R. No. 61, S.D. 1, H.D. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING A STUDY ASSESSING THE SOCIAL AND FINANCIAL IMPACT OF MANDATORY HEALTH INSURANCE COVERAGE FOR ACUPUNCTURE SERVICES," was deferred until Wednesday, April 26, 1995.

S.C.R. No. 308, S.D. 1, H.D. 1 (Hse. Com. No. 689):

On motion by Senator Graulty, seconded by Senator McCartney and carried, the Senate disagreed to the amendments proposed by the House to S.C.R. No. 308, S.D. 1, and requested a conference on the subject matter thereof.

FINAL READING

S.B. No. 639, S.D. 2, H.D. 1:

Senator Ige moved that S.B. No. 639, S.D. 2, H.D. 1, having been read throughout, pass Final Reading, seconded by Senator Fernandes Salling.

Senator Ige rose in support of the measure and said:

"Mr. President, I have some comments that clarify legislative intent and I would like to ask that it be inserted into the Journal."

The Chair having so ordered, Senator Ige's remarks read as follows:

"Mr. President, I rise to speak in support of this measure. The purpose of the bill is to provide an appeal process for members of the public with regards to determinations made by the department of land and natural resources on the effect of proposed state and county projects on historic properties or burial sites.

"For the record, Mr. President, the legislative intent of Section 3 of the bill is for the department to make a good faith effort to inform the public of any project proposals submitted to it under HRS 6E-42. We do not have the resources to advertise in newspapers, or to embark on extensive public information campaigns for all projects."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 639, S.D. 2, and S.B. No. 639, S.D. 2, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HISTORIC PRESERVATION," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Aki, Ikeda).

ADVISE AND CONSENT

Stand. Com. Rep. No. 1545 (Gov. Msg. No. 135):

Senator Solomon moved that Stand. Com. Rep. No. 1545 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nomination of LAWRENCE H. MIIKE, M.D., J.D., as Director of Health, term to expire December 7, 1998, seconded by Senator Holt.

Senator Solomon rose in support of the nominee as follows:

"Mr. President, I'm speaking in support of Gov. Msg. No. 135.

"Mr. President, I'm urging all my colleagues to vote in the affirmative. We received testimony in support of the nominee that indicates Dr. Miike has a broad base of community support, including representatives of native Hawaiian organizations, private health care organizations, social welfare advocates, individual health care providers, and public health associations. The testimony also indicated that Dr. Miike has been a dedicated public servant, working to advocate for improved health care services for the less fortunate members of Hawaii's community, and possesses the necessary medical and legal expertise to administer the department.

"As you know, Mr. President, your committee members diligently questioned the nominee regarding his administrative qualifications, his visions and priorities for the Department of Health. Your committee was concerned about the appearance of conflict raised by members of the public regarding Dr. Miike's previous affiliation with Hawaii Planned Parenthood and his endorsement of statements made by the Hawaii Firearms Control Coalition regarding his statutory responsibilities as the Director of Health. Your committee acknowledges that the nominee is aware of the committee's concerns about the appearance of conflict regarding his previous volunteer positions with the Hawaii Planned Parenthood, and your committee understands that he has terminated his affiliation with Hawaii Planned Parenthood.

"Your committee further acknowledges that Dr. Miike appeared conciliatory in his appearances before the committee especially in regard to the concerns expressed by the members, and he communicated to the committee that throughout his twenty-three-year career in health policies, he has maintained an objective approach to the many and sometimes very controversial issues which he has had to address.

"Your committee requested and received from Dr. Miike a written statement in which he disclosed all his previous professional and volunteer affiliations, and in which he also pledged: 'I am committed to the rule of law, and in my administration of the Department of Health I will be controlled and restricted by those provisions of the State Constitution and the Hawaii Revised Statutes which have specific application to the Department of Health.'

"Based upon the committee's intensive dialogue with the nominee, we feel very comfortable and we believe that this individual will take all these concerns of Hawaii's constituencies very seriously and be able to be an excellent health director.

"With this, Mr. President, I'm recommending a positive confirmation. Thank you."

Senator Liu also rose in favor of the nominee and said:

"Mr. President, I will be voting in favor of the nominee but I would like to have recorded that I do have some reservations on many of the grounds mentioned by the great chair of that committee. And I appreciate all the work that she has done.

"Thank you, Mr. President."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Aki, Anderson). Excused, 1 (Ikeda).

Stand. Com. Rep. No. 1546 (Gov. Msg. No. 208):

Senator Solomon moved that Stand. Com. Rep. No. 1546 be received and placed on file, seconded by Senator Holt and carried.

Senator Solomon then moved that the Senate advise and consent to the nominations of JOHN A. HOAG, SHUNICHI KIMURA, BERT A. KOBAYASHI, AH QUON MCELRATH and DONNA TANOUE to the Board of Regents, University of Hawaii, terms to expire June 30, 1999, seconded by Senator Holt.

Senator Solomon rose in support of the nominees and said:

"Mr. President, I am speaking in support of Gov. Msg. No. 208.

"Again, Mr. President, I'm urging all my colleagues to vote in the affirmative.

"Your committee finds that the next Board of Regents will be taking the university system into the next century and it is critical that the university policies and programs adequately prepare our students to meet the challenges of a continually evolving economy and society.

"Upon review of the statements submitted and questioned posed to the nominees at the hearing, your committee finds that the nominees are actively contemplating directions for the future. Your committee finds that in view of the need for diversification the nominees are very supportive of a broader higher education accessibility on the neighbor islands. They support expansion of community colleges on the neighbor islands and to create a higher educational balance on the Big Island among the University of Hawaii at Hilo, Hawaii Community College and the West Hawaii Educational Center. Eventually there is envisioned a university campus in West Hawaii. For the immediate future, the nominees support an expansion of the Outreach Program so that students on the neighbor islands can take as many courses as possible on their own island to save on expenses.

"The nominees are to be commended for their willingness to serve with compassion, commitment, and without compensation. And because of all these factors, Mr. President, I'm recommending a positive vote.

"Thank you."

Senator Kawamoto rose to speak in favor of nominee Bert Kobayashi, as follows:

"Mr. President, I rise to speak in favor of one of the nominees and he is Mr. Kobayashi.

"I've been involved with Mr. Kobayashi with the West Loch Housing Project and the Crown Elderly Project in Waipahu and his quality of work and his awareness of our community concerns had been established in those projects. His operation established in Waipahu, he has looked at the concerns of the community and has given a lot to the community and has provided in kind support and donated a lot to our education and culture projects. He was one of the major donors for Hawaii's Plantation Village to preserve the legacy of plantation life.

"It is with great honor that I cast a vote to confirm his nomination to the Board of Regents and I humbly urge my fellow colleagues to do the same. Thank you."

Senator Taniguchi also rose in support of Mr. Kobayashi and said:

"Mr. President, I also rise to speak in support of Mr. Kobayashi.

"I would be remiss if I did not say a few words on behalf of my neighbor Bert Kobayashi. I'm very pleased that he has been nominated to serve on the Board of Regents. He is a progressive businessman. He has served in a similar position at an institution of higher education on the East Coast, and he is well aware of the impacts that the University of Hawaii in Manoa has on the surrounding neighborhoods.

"I believe he will make a great contribution to the university system and I ask all members to vote in favor of his nomination. Thank you."

Senator Matsuura rose in support of all the nominees and said:

"Mr. President, I rise, of course, in support of all the nominees. Mr. President, I want to extend this body's condolences to Mrs. Ah Quon McElrath whose husband recently passed away. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Aki, Ikeda).

RECONSIDERATION OF ACTION

S.B. No. 593, S.D. 1 (H.D. 2):

Senator Iwase moved that the Senate reconsider its action taken on April 13, 1995, in disagreeing to the amendments proposed by the House to S.B. No. 593, S.D. 1, seconded by Senator Ige and carried.

Senator Iwase then moved that the Senate agree to the amendments proposed by the House to S.B. No. 593, S.D. 1, seconded by Senator Ige.

Senator Iwase then noted:

"Mr. President, the intent of the bill was to utilize the current annual rate of return used by DLNR to calculate annual lease rents. At the time they appeared before the committee they inadvertently gave the wrong figure. The correct figure is reflected in the House bill. And secondly, the House put in a provision to reenact Act 237 which is appropriate."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 593, S.D. 1, and S.B. No. 593, S.D. 1, H.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," was placed on the calendar for Final Reading on Wednesday, April 26, 1995.

At this time, Senator Iwase, on behalf of the Senate, expressed Happy Birthday wishes to Senator Bunda.

APPOINTMENT OF CONFEREES

H.B. No. 1385, H.D. 2 (S.D. 1):

In accordance with the disagreement of the House to the amendments proposed by the Senate to H.B. No. 1385, H.D. 2, and the request for a conference on the subject matter thereof, the President appointed Senators Holt, chairman, Iwase, Anderson as managers on the part of the Senate at such conference.

ADJOURNMENT

At 12:06 o'clock p.m., on motion by Senator Ihara, seconded by Senator Liu and carried, the Senate adjourned until 11:30 o'clock a.m., Wednesday, April 26, 1995.

FIFTY-SEVENTH DAY

Wednesday, April 26, 1995

The Senate of the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995, convened at 11:34 o'clock a.m. with the President in the Chair.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Ikeda, Tanaka).

Senator Matsuura rose on a point of personal privilege and stated:

"Mr. President, may I stand on a point of personal privilege?

"Mr. President, I just received a hearing notice on S.R. No. 82. The reason I am standing on a point of personal privilege is to alert the public that the last two weeks of session during conference is perhaps the most critical period during which things can change without the public being aware of it. You may have a rabbit in the bill and you may end up having a snake coming out. What makes this conference period vulnerable and dangerous is that the Senate President and the Speaker of the House appoints the conferees respectively. If there is collusion, the bill could be altered or changed without any public input or knowledge. There lies the danger for abuse of the legislative process and system. I just wanted to make sure that as we go into conference, that we do it in a way that is proper so we will gain the respect of the public.

"I cite S.R. No. 82 because recently I made a long speech on the floor regarding S.C.R. 120. You may remember that I was trying to have the PUC do an audit on GTE Hawaiian Tel's nonregulated activities. Unfortunately, after the resolution deadline passed, GTE filed a motion with the Department of Justice to vacate their consent decree. Now we are having a hearing on S.R. 82. I've been asking that S.C.R. 120 be heard. I should be pleased that we are having at least an S.R. being heard, but my problem is that I don't know if S.R. No. 82 had a proper hearing. If it did, I'm not aware of it. I did call the PUC if they had testified on S.R. No. 82 and S.C.R. No. 120. I can't locate any testimony on S.R. 82 or S.C.R. 120. Decision-making on S.R. No. 82 will be on Friday so I hope at that time the chair will allow me to submit my testimony so at least we have something for the record to show that the Senate had serious concerns regarding GTE Hawaiian Tel's non-regulated activities that the Justice Department should at least consider some of our comments.

"Thank you."

Senator Fukunaga then responded:

"Mr. President, I am responding to the prior speaker's comments.

"S.R. No. 82 was scheduled for a public hearing that was duly noticed. It is the companion resolution to S.C.R. No. 95, S.D. 1, H.D. 1, which has been amended to encompass a broader range of subject matter than had been included in the original resolution.

"Thank you."

At this time, Senator Tam, for the Committee on Ecology and Environmental Protection, requested a waiver of the required hours of notice for a public hearing on S.R. No. 248, and the Chair granted the waiver.

At 11:55 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:02 o'clock p.m.

Senator Holt, for the Committee on Consumer Protection, requested a waiver of the required hours of notice for a public hearing on H.B. No. 806, and the Chair granted the waiver.

Senator Holt noted:

"Mr. President, this bill relates to requirements to obtain an acupuncture intern permit. Again, amendments were technical and nonsubstantive."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1746, and S.B. No. 1746, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO A REQUIREMENT TO OBTAIN AN ACUPUNCTURE INTERN PERMIT," was placed on the calendar for Final Reading on Friday, April 28, 1995.

Senator Anderson rose on a point of personal privilege and said:

"Mr. President, I would like to commend this morning's paper for their editorial on the Hawaiian Homes claim settlement. It is exactly right. We must not at the eleventh hour of this session betray the commitments that have been made. A commitment by the previous administration in the signing of the memorandum of understanding. A commitment made by our present governor in his state of the state address. A commitment made by the chairmen of the respective committees in January and I quote: 'Aki and Arakaki both said their number one goal this session is getting their colleagues to approve and fund the $600 million settlement of claims for past misuses of Hawaiian Home lands by the State.'

"Legislators have been urging Hawaiians to avoid going to court and to follow the legislative processes outlined in HRS Chapters 673 and 674 for the past seven years to fully resolve breaches of trust that occurred between 1959 and 1988 and even before that. Relying in the good faith and integrity of these assurances, Hawaiians now find certain Legislators telling them the rules have been changed suddenly for no other reason than political expediency. We should respect the integrity of the process initially authorized by the legislature and act as a prudent trustee must act to protect the interest of the native Hawaiian beneficiaries under this trust. Should we break faith with the native Hawaiians, the greatest injury will be the further erosion of the people's confidence in their government for they will recognize that a breach of faith with any group of citizens signifies a possible future breach with all of our citizens.

"Mr. President, the increase of one percent or a half percent will not take care of the problem facing us. Our tax director has already told us that collections are down so one percent no longer represents the dollars that it used to, but if we do not live up to our obligation to the Hawaiian community and they sue, ask the real estate people what would happen.

"To name just a few things, Mr. President, our courts would become backlogged; escrow companies would be mired in problems because of past titles being cleared that are cloudy. The state would be sued for their part in selling off lands. Homes could not be sold because of doubt of ownership. Construction would come to a halt because of land disagreements. Banks could not make loans for new homes nor would they loan money on renovations in some cases because they may not own that land that their home is on.

"This is to name just a few of the things that could happen, Mr. President, and I hope that we in the Senate carry this message loud and clear so that people understand that the Hawaiian community has waited long enough and will not wait another year. And very thruthfully, I don't blame them. I think that we should live up to our obligation. As I said before, I'm sorry that I don't sit on that conference and I don't mean to hinder it, but I do certainly agree with the morning's paper and I know that shocks them.

"Thank you, Mr. President."

Senator Solomon also rose on a point of personal privilege and said:

"Mr. President, I'm also rising on a point of personal privilege.

"I want to thank the Minority for their position as stated. As a conferee, I just want to report, Mr. President, that I think our Judiciary chairman, who is taking the lead, is doing a very creditable job. I think that the Senate position is solid. We are scrutinizing the House position and trying to look at where they are coming from, but there's no doubt in your conferees' mind, Mr. President, that this issue has to be resolved. And we are doing everything we possibly can to make it happen for the Hawaiians. This is a culmination of ten years that the Legislature has been working to try to bring this issue to a resolve. I feel hopeful and confident.

"I think that the Hawaiian people have given the Legislature a lot of space in trying to solve our differences. They are very, very appreciative of that, although last night some of the Hawaiian organizations that did show up are feeling the pressure and I'm hoping that we have the time to come to a resolve. I think that if we do not move on this issue, the Hawaiian community might come here lobbying and, in my mind, make the issue much more complicated than it already is.

"So with that, Mr. President, I'm hoping that we can continue our talks and negotiations this evening. Thank you."

At this time, Senator Ige, for the Committee on Higher Education, Culture, and Arts, requested a waiver of the required hours of notice for a public hearing on H.C.R. No. 140, and the Chair granted the waiver.

In accordance with Article III, Section 15, of the Constitution of the State of Hawaii, action on Conf. Com. Rep. No. 81 and S.B. No. 171, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO UNIFORM INFORMATION PRACTICES," was deferred for a period of 48 hours.

ADJOURNMENT

At 12:00 o'clock midnight, the Senate adjourned until 3:00 o'clock p.m., Friday, April 28, 1995.

FIFTY-NINTH DAY

Friday, April 28, 1995

The Senate of the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995, convened at 3:21 o'clock p.m. with the President in the Chair.

The Divine Blessing was invoked by the Reverend William Terbeek, Hawaii Council of Churches, after which the Roll was called showing all Senators present.

The President announced that he had read and approved the Journal of the Fifty-Eighth Day.

MESSAGES FROM THE GOVERNOR

The following messages from the Governor (Gov. Msg. Nos. 385 to 390) were read by the Clerk and were placed on file:

Gov. Msg. No. 385, informing the Senate that on April 27, 1995, he signed into law Senate Bill No. 1433 as Act 62, entitled: "RELATING TO THE UNIVERSITY OF HAWAII."

Gov. Msg. No. 386, informing the Senate that on April 27, 1995, he has permitted the following measure to become law without his signature:

Senate Bill No. 1509 as Act 63, entitled: "RELATING TO THE OFFICE OF VETERANS' SERVICES."

Gov. Msg. No. 387, dated April 27, 1995, transmitting his statement of objections to House Bill No. 605 which he has returned to the House of Representatives without his approval and which reads as follows:

"EXECUTIVE CHAMBERS
HONOLULU

April 27, 1995

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 605

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 605, entitled 'A Bill for an Act Relating to Motor Vehicle Rentals.'

The purpose of this bill is to give users of rental cars the option to purchase a full tank of gas from the rental car dealer at the prevailing market rate. Since the gas will already have been purchased, the consumer can then return the rental car on empty without any additional charge for gas.

This bill would not necessarily result in a cost benefit to the consumer unless the consumer returned the rental cars as close to empty as possible. In situations where the car was driven more than one hundred miles, the consumer would not be eligible for a refund or credit for the unused amount of fuel and thus the rental company would receive a bonus on the unused gas in the tank.

In addition, this bill contains an apparent error in the formula used to determine the prevailing market price to refuel the car. As written, this bill would allow the car rental company to charge a fee not in excess of "the sum of the locally prevailing retail market price for similar fuel." Thus, instead of averaging the prices from different gas stations, this would allow the prices to be added, which would result in an unreasonable and exorbitant charge for the fuel.

For the foregoing reasons, I am returning House Bill No. 605 without my approval.

Respectfully,

/s/ Benjamin J. Cayetano
BENJAMIN J. CAYETANO
Governor of Hawaii."

Gov. Msg. No. 388, dated April 27, 1995, transmitting his statement of objections to House Bill No. 1217 which he has returned to the House of Representatives without his approval and which reads as follows:

"EXECUTIVE CHAMBERS
HONOLULU

April 27, 1995

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1217

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1217, entitled 'A Bill for an Act Relating to Limited Insurance Licenses.'

The purpose of this bill is to authorize the insurance commissioner to issue a limited license to anyone who sells policies of individual or group credit personal property insurance or credit involuntary unemployment insurance.

This bill does not authorize any regulation of this type of insurance license. Since this insurance would often be offered to unsophisticated buyers who might feel pressured to purchase the insurance as part of applying for loans, some regulatory oversight is needed to protect the public. The absence of these protections makes this bill unacceptable.

For the foregoing reasons, I am returning House Bill No. 1217 without my approval.

Respectfully,

/s/ Benjamin J. Cayetano
BENJAMIN J. CAYETANO
Governor of Hawaii."

Gov. Msg. No. 389, dated April 27, 1995, transmitting his statement of objections to House Bill No. 1282 which he has returned to the House of Representatives without his approval and which reads as follows:

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1282

Honorable Members

Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1282, entitled 'A Bill for an Act Relating to Negotiable Instruments.'

The purpose of this bill is to establish a clear procedure for the handling of claims involving cashier's, teller's, and certified checks that are claimed to have been lost, stolen, or destroyed.

This bill is nearly identical to Senate Bill No. 1381, entitled 'A Bill for an Act Relating to Uniform Commercial Code Article 3,' which was also passed by the Legislature and which I approved on April 24, 1995. Since Senate Bill No. 1381 accomplishes the purpose of this bill, and has retained the statutory numbering of Article 3 of the Uniform Commercial Code, there is no necessity to also enact this bill.

For the foregoing reason, I am returning House Bill No. 1282 without my approval.

Respectfully,

/s/ Benjamin J. Cayetano
BENJAMIN J. CAYETANO

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 926, entitled 'A Bill for an Act Relating to Financial Services Loan Companies.'

The purpose of this bill is to allow financial services loan companies to charge points and consumer loan fees to lessees of Hawaiian Homes Commission Act lands.

This bill is identical to House Bill No. 552, entitled 'A Bill for an Act Relating to Financial Services Loan Companies,' which was also passed by the Legislature and which I intend to approve. Since House Bill No. 552 accomplishes the purpose of this bill, there is no necessity to also enact this bill.

For the foregoing reason, I am returning Senate Bill No. 926 without my approval.

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1721, entitled 'A Bill for an Act Relating to Charitable Organizations.'

The purpose of this bill is to repeal subsection (n) of section 467B-9, Hawaii Revised Statutes, which required charitable organizations conducting charitable solicitations to: (1) inform donors of their right to be deleted from donor mailing lists and (2) have procedures to effect such a deletion.

This bill is identical to House Bill No. 1928, which was also passed by the Legislature and which I intend to approve. Since House Bill No. 1928 accomplishes the purpose of this bill, there is no necessity to enact this bill.

For the foregoing reason, I am returning Senate Bill No. 1721 without my approval.

Senator Matsuura rose on point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"I was hoping that Resolution 82 would have had a hearing this morning but that hearing was cancelled. Mr. President, I was going to testify on two resolutions, S.R. No. 105 and S.C.R. No. 120, so I have letters from the PUC and the Consumer Advocate and my testimony that I want included into the Journal in favor of S.R. No. 105 and S.C.R. No. 120 which did not have a hearing. Thank you."

The Chair having so ordered, Senator Matsuura's attachments are identified as Exhibits "A", "B" and "C."

Senator Kanno also rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"Today, April 28, marks the 25th anniversary of the enactment of the Occupational Safety Act of 1970. I think it is especially timely given that we are in conference on our workers' compensation reform bill.

"Today is also being memorialized as the Workers' Memorial Day by the National Organization of the AFL/CIO to pay tribute to workers who have been killed, injured or diseased on the job and to renew safe work places. The Occupational Safety Act of 1970 promises every American worker the right to a safe job. In the United States now, the United States currently has the highest rate of job injuries and illnesses in more than a decade. In Hawaii, 46,762 workers were hurt and 33 workers died in 1993. This must end. We would like to address the serious safety and health problems faced by our workers here in Hawaii and across the country. Lives can be saved if we would only strengthen safety and health standards and increase enforcement of those standards.

"Today, April 28, once again is the 25th anniversary of the Occupational Safety Act of 1970. Especially on today, I think it is important for us to remember those workers who have suffered and died due to unsafe work places. And I ask, as there are considerations in Washington, D.C. to make adjustments in regard to safety and health protections that workers have, that we remember the accidents and the deaths that are occurring right here in our own State of Hawaii.

"Thank you."

At 3:35 o'clock p.m., on motion by Senator Ihara, seconded by Senator Liu and carried, the Senate stood in recess until 10:30 o'clock p.m.

NIGHT SESSION

The Senate reconvened at 10:36 o'clock p.m.

Dear Senator Fukunaga:

I would like to request that the Senate Committee on Communications & Public Utilities pass out Senate Resolution No. 105, which requests the Public Utilities Commission to retain an independent consultant to review GTE Hawaiian Tel's reorganization and its relationship with GTE Corporation and affiliate companies to determine their impact, if any, on GTE Hawaiian Tel's regulated operations and customers.

In testimony presented to the House Committee on Economic Development and Business Concerns on April 6, 1995, I supported the House versions of this resolution, i.e., H.R. No. 132 and H.C.R. No. 125, because I felt that an independent consultant's study would assist the Commission in its review of GTE Hawaiian Tel's reorganization in Docket No. 6801 and the company's request for a rate increase in Docket No. 7579. With the filing by GTE Hawaiian Tel of a motion to vacate the GTE Consent Decree in the Department of Justice, on April 13, 1995, and the possibility that GTE Hawaiian Tel will be able to offer interstate long distance services in the near future, an independent audit of GTE Hawaiian Tel and its relationship to GTE Corporation at this time has become even more important.

Of course an audit of this nature is not without cost. The cost of a similar study of the relationship between Hawaiian Electric Industries (HEI) and Hawaiian Electric Company (HECO) was about $519,000. Considering the size of GTE Hawaiian Tel/GTE Corporation and the fact that an examination of the GTE Hawaiian Tel/GTE Corporation operations will require an examination of GTE Hawaiian Tel/GTE Corporation activities not only in Hawaii, but also in California, Texas, and possibly

other mainland locations, the cost of the study of GTE Hawaiian Tel/GTE Corporation will be greater than the cost of the study of HEI/HECO. A rough estimate is between two and three times greater than the cost of the HEI/HECO study. Notwithstanding its cost, I believe that an audit of GTE Hawaiian Tel/GTE Corporation is warranted.

I hope the Committee on Communications & Public Utilities will take another look at S.R. No. 105 and act favorably on the measure.

Very truly yours,

Yukio Naito

RE: SENATE RESOLUTION NO. 105

Dear Senator Fukunaga:

We ask that the Senate Committee on Communications and Public Utilities pass Senate Resolution No. 105.

Passage of this Resolution would significantly aid the Public Utilities Commission (PUC) and the Consumer Advocate in analyzing GTE Hawaiian Telephone Company's (HTC) affiliate transactions between and among HTC and other GTE affiliates. An independent audit that scrutinizes the management, financial and operational interactions of HTC and its unregulated affiliates is long overdue and especially timely now. For example, in HTC pending 1993 rate case, the Consumer Advocate's witnesses made adjustments of about $20 million to the proposed rate increase, which were directly related to affiliated GTE companies. A similar, if not greater, set of adjustments will likely be called for in HTC's 1995 rate case.

As we and the PUC have stated in the past, such an audit would require ample resources because of the complexity of affiliate transactions, the number of affiliates, and the federal and state regulatory schemes. However, the time and effort will reap substantial benefits for HTC customers.

Again, we respectfully request that you pass this measure.

Thank you for your attention to this important matter.

Very truly yours,

TESTIMONY OF SENATOR RICHARD MATSUURA
BEFORE THE SENATE COMMITTEE ON PUBLIC UTILITIES

Chairperson Fukunaga:

Members, for the record, my name is Senator Richard Matsuura representing the Second Senatorial District. I am here today to present testimony in support of Senate Concurrent Resolution 120 and Senate Resolution 105, which did not have a public hearing in the Senate.

These resolutions, as introduced, call for the Public Utilities Commission to retain an independent consultánt to review GTE Hawaiian Telephone's re-organization and its relationship with GTE Corporation and affiliate companies.

I felt that an independent consultant's study would greatly assist the Commission in its review of GTE Hawaiian Tel's reorganization in Docket No. 6801, and GTE Hawaiian Tel's request for a rate increase in Docket No. 7599.

Hawaiian Telephone has been the only local exchange service provider in Hawaii for almost a hundred years. HawTel began its relationship with GTE many decades ago and is a wholly-owned subsidiary of GTE. Hawaiian Telephone continues to be the entrenched monopoly in Hawaii.

I have urged that these resolutions be considered in this session because I believe that the Commission must have the ability to determine the impact of the organization and decision of the GTE Corporation and its affiliate companies on Hawaiian Telephone operations, and most importantly on its customers. One concern that I have is the fact that GTE Hawaiian Telephone provides both regulated and unregulated services within the same corporate structure. The Commission has the authority to deal with the

regulated services, i.e., basic telephone services and inter-island toll, but what about the unregulated services, international telephone services, yellow pages, equipment sales, etc? The Commission needs to be able to determine whether the ratepayers of the regulated services are subsidizing the non-regulated business; whether the GTE parent corporation and its affiliate and shareholders are unjustly benefiting from the captive consumers in Hawaii. An independent consultant can help make those determinations.

We just recently learned (the day after the deadline for considering these resolutions) that GTE has filed with the U.S. Justice Department to set aside their consent decree. That decree was entered and agreed to by GTE when they wanted to engage in competitive ventures. The U.S. Justice Department had determined that since GTE held the monopoly control over local exchange, competitive services must be provided through a separate subsidiary. A specific exemption was granted for international service in Hawaii. The decree was entered to ensure that GTE would not be able to use its monopoly control of the local exchange to impede competition in the competitive markets.

It is important to note that nothing has changed since the entry of the consent decree. GTE still has the monopoly control of the local exchange. You can not get dial tone today from another provider any more than you could when the decree was entered. There is no competition for the local exchange service provided by GTE. Limited competition does exist in the inter-island toll markets.

The independent audit of GTE Hawaiian Telephone and its relationship to GTE is more important than ever.

I would also like to point out that this house voted to remove 12 positions from the Commission's staff in the Senate budget draft. This was an unwise move in my opinion. At a critical time when the Commission is conducting the proceedings to transition from monopoly to competitive markets, they need the necessary resources to get the job done in an efficient and expedient manner. Our action has

crippled the Commission's ability to bring the benefits of competition to our consumers and to create the infrastructure necessary to keep Hawaii competitive in world markets. Now, to deny the Commission the resources to conduct an independent audit of GTE to protect Hawaii ratepayers would be inexcusable.

The Public Utilities Commission has opened Docket No. 7702 to establish the rules by which competition can be introduced in the local exchange markets. The Commission also recently authorized the entry of competition in the inter-island toll markets. These steps are necessary and appropriate if Hawaii is to be competitive in the Pacific Rim and world markets. We can not afford to fall behind in our ability to offer our consumers and businesses the benefits of a competitive state-of-the-art telecommunications infrastructure.

I have been concerned about telecommunications issues for many years and have authored numerous laws that gave the Commission the necessary flexibility to deal effectively with the changing dynamics of the telecommunications markets.

I will urge the Consumer Advocate to intervene in the GTE request to the U.S. Justice Department on behalf of the telecommunications ratepayers in Hawaii. I also urge you to give the Commission the resources it needs to protect the ratepayers while bringing them the benefits of competition.

Thank you.

Senator Richard M. Matsuura

SIXTIETH DAY

Monday, May 1, 1995

The Senate of the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995, convened at 11:04 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by Bishop John Mumford, The Church of Jesus Christ of Latter-Day Saints, after which the Roll was called showing all Senators present.

The President announced that he had read and approved the Journal of the Fifty-Ninth Day.

ORDER OF THE DAY

MATTERS DEFERRED FROM FRIDAY, APRIL 28, 1995

FINAL ADOPTION

Conf. Com. Rep. No. 139 (S.C.R. No. 237, S.D. 1, H.D. 1, C.D. 1):

On motion by Senator Tam, seconded by Senator Aki and carried, the report of the Committee was adopted and S.C.R. No. 237, S.D. 1, H.D. 1, C.D. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE ALA WAI WATERSHED ADVISORY COMMITTEE, THE MAMALA BAY COMMISSION, AND THE KUHIO STORMDRAIN PROJECT TO ADDRESS CONCERNS RELATED TO WATER QUALITY OF WAIKIKI AREA BEACH WATERS," was finally adopted.

Conf. Com. Rep. No. 140 (S.C.R. No. 246, S.D. 1, H.D. 1, C.D. 1):

On motion by Senator Tam, seconded by Senator Aki and carried, the report of the Committee was adopted and S.C.R. No. 246, S.D. 1, H.D. 1, C.D. 1, entitled: "SENATE CONCURRENT RESOLUTION RELATING TO DRINKING WATER TESTING," was finally adopted.

FINAL READING

Conf. Com. Rep. No. 119 (H.B. No. 1220, H.D. 1, S.D. 1, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 119 be adopted and H.B. No. 1220, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Baker.

Senator Ikeda rose in support of the measure and said:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, when I became chair of the Ways and Means Committee a year ago, I established a policy of taking the committee around the state and into the communities. We held public hearings, informed them of our fiscal condition and listened to their concerns. It was our attempt to fashion what I called a 'people's budget'. The bill before you is exactly that. It reflects the needs, concerns and requests of those who came to testify before our committee.

"Education was always at the top of the list of priorities and this year, despite the financial crunch, we have taken a major step forward in addressing most of the concerns expressed by the people.

"As an example, we constantly heard about the lack of adequate resources for our schools. By reprioritizing spending, we have met some of those needs. There is extra money in this budget for textbooks and we have funneled nearly $30 million each year to the school level. Our commitment to education remains strong, and we have made sure that all of our school's enrollment needs have been met. We have done all this, Mr. President, without leaving the department with any shortfall whatsoever.

"We heard about the needs of Aikahi School, Waipahu Elementary, and the need for a covered playcourt for Waiakea Intermediate School on the Big Island. This budget addresses those needs. Unfortunately, there wasn't enough to cover all of the problems, but it's a start.

"We heard about the lack of adequate facilities at Maui and Windward Community Colleges and have provided funding to address those needs. We've attempted to assist the university system through their budget crisis by passing landmark legislation, or we will be passing landmark legislation, giving the university control over tuition and other fees. While this move has saved the state millions in terms of its general fund obligations, we have more importantly, given the university greater control over its own destiny. Rather than face the proposed $36 million in cuts by the executive, we have developed a scheme by which higher education will not only survive, but flourish.

"Another concern raised at our hearings especially on the neighbor islands had to do with the adequacy of facilities and operations of the community hospitals. Again, as part of this budget, we have restructured our state's community hospital system. The hospitals have taken a great step towards autonomy and will now operate as a system of hospitals dedicated to providing better care to the people of Hawaii. In taking this bold step, we have also removed the state's general fund subsidy for the hospitals. This alone will save the state $24 million in general funds over the next two years. It is our hope that when the system is run like a business, it will be profitable enough to sustain itself. There is reason for our optimism, Mr. President, since the administration has seen fit to raid over $13 million from the hospitals' special funds and transfer that money to cover shortfalls in other areas. The most recent transfer of $2.5 million went to cover welfare costs.

"You are probably wondering at this point how all of this is possible at a time when we are faced with a $350 million deficit or shortfall. Well, Mr. President, it hasn't been easy, but it has been a matter of reprioritizing spending to address some of the needs expressed by the people.

"As you know, Mr. President, the Senate version of the budget was quite austere. We took a hard position and cut programs in order to consolidate where we saw duplication. We made cuts where we determined that a program, although worthy, was not essential. These proposed cuts were not easy to make, but they were done objectively and up front. We met our goal of addressing the $250 million shortfall, only to find out that we had another $100 million in addition.

"But people reacted to those cuts, so some of them were restored in conference committee. Some of the information disseminated by those affected, like the Office on Aging, was totally inaccurate. As an example, senior citizens were told that they would lose programs like

meals on wheels if the Senate budget prevailed; that Hawaii would be the only state without an Office of Aging and we would lose federal funds. None of these statements are true, Mr. President. Several states have chosen to use their human services departments to address elderly needs. They haven't lost their federal funding. It was never the intent of your committee to eliminate programs for senior citizens. Those moneys would have been transferred to the Department of Human Services and the programs would have continued with less administrative costs which would have meant more money going toward direct services. The Office on Aging was never supposed to be a provider of service, but over the years it has gotten into this area in direct competition with other programs which provide the same kind of care and, obviously, its administrative costs have increased. The campaign was effective. The office was restored, albeit, with a few less positions.

"Certainly, these accomplishments are not the product of timidity. In almost every area, we have made sweeping reform; we have restructured many aspects of government. More importantly, we have before us a budget that is balanced. We have met the $350 million shortfall and have left sufficient balances to protect our state's bond rating. This, Mr. President, is the product of the Legislature, and it is something we can stand by with pride.

"But our work here is just beginning and we must continue to face the business of government head on and with integrity, which brings me to the point that must be made -- if our economy doesn't improve in the next year, we will be back here faced with the same problem. At that point in time, cutting programs will be inevitable. People must realize that programs cost money and if they are not willing to give them up, then they must be willing to pay for them somehow.

"Mr. President, I would like to end on a cautionary note. If this session taught us anything, it has taught us the danger of complacency. Like the rest of government, the Legislature too must reconsider its own role. We must act as one body and assert ourselves to the betterment of Hawaii, being both resolute and ever vigilant.

"Mr. President, I would like to thank my colleagues for their support and understanding, especially the chairs of subject matter committees who were diligent, cooperative and a joy to work with during a most difficult time. It was through their efforts that we have produced landmark legislation which will bring distinction to this legislative session.

"I would also like to thank the chair and the members of the House Finance Committee for their cooperation. This budget is truly the result of a collaborative effort.

"But most of all, Mr. President, I would like to thank my staff. No one could have asked for a better group of people -- young, energetic, intelligent, innovative and dedicated. May I introduce them at this time: Kevin Kuroda, Chief Analyst, and our Budget Supervisor, Clay Springer; analysts: Sam Acacio, Mark Buflo, Jo Ann Chang, Pono Chong, Todd Furubayashi, Sherry Hayashi, Warren Higashi, Jayna Kim, Todd Kuniyoshi, Aaron Nyuha, Tony Smalley and Galen Wong; researchers: Ed Ikuma, Chief Researcher, Vincent Lee, Clayt McDonough and UH intern, Robin Au; office staff: Terrence Aratani, Administrative Assistant, Naomi Chinen, Office Manager, Vickie Sobe, Legislative Aide, Beverly Wong, Jane Takara and Margaret Terakawa." (The Ways and Means staff rose to be recognized.)

Senator Liu then rose to speak in opposition to the measure as follows:

"Mr. President, I rise to speak against this bill.

"In choosing to do so, Mr. President, I know I run the risk of offending those in this body who have worked very, very hard to take control of a situation that is clearly out of hand. Nor can I ignore the risk of a simplistic analysis of some who would say, 'Well, by opposing this bill, I oppose everything in it.' That is not the case. There are some very positive things mentioned by the chair on Ways and Means. I commend her and her staff on the very hard work which went into this budget.

"I approach my comments on this bill not from a sense of rancor or disdain for the approach taken. Rather, my comments evolve from a sense that we need to have a kind of debate on the budget, our primary document, which clearly lays out a different approach. By and large, I do believe that we let the status quo dictate what we reallocated or allocated within the budget. We took a canvas already filled in with deep dark lines and overlays of different kinds of coating over the years, and readjusted some of those lines and perhaps redrew some of the borders. But we did not redraw the picture. And what was done was under the rubric of 'we have to because the economy forces us to,' or 'we have to because the last administration screwed up,' or 'we have to because the money isn't there.' Therefore, all the while implying that if the money had been there, it would be fine and, in fact, desirable to continue in the manner of the past.

"The result is a budget that balances only for the moment. It does not anticipate, as I believe it should have, further slowing of revenues in the state due to a lagging economy, despite clear signs that growth will, at best, be at a snail's pace for the rest of the year. And I believe which could very well turn into the negative. And it is a budget which relies on sucking another $130 million out of the private sector economy to pay for the sins of big government.

"True boldness would have meant taking up a clean canvas and beginning anew with a steady brush, the process of redefining the limits of government. This probably should have been done when the economy began to turn south in the latter half of 1990 and which has consistently done so ever since. The declines in the recent declarations by the Council of Revenues are merely a reflection of trends of the last five years. The near and medium future indicates rough times will continue.

"Growth may occur, but at a measly 2%, hardly near the 5% annual growth rate during the 1980s. The average hours worked per week continues to decline as it has since October of last year. Perhaps that makes sense when you look at the unemployment figures, and where they are down for last month, they were in fact down only because of increases in part-time work -- not full-time work. And not uncharacteristically for Hawaii, any job increases that we saw last month came through government, not from the private sector.

"This further reinforces what the U.S. Department of Commerce just last week confirmed in its release of figures regarding personal income -- that Hawaii, for 1994, increased its personal income at a rate which put it last in the country. Now true, actual absolute numbers regarding personal income places us fairly high on the list, but this is before we take into account the 30 to 35% higher cost-of-living that we have here relative to other places on the Mainland.

"Car and truck sales for the first quarter of 1994 were down by 12.3% over the same period a year ago. Quarterly earnings that translate into job expansion and investment in the future for major corporations in Hawaii have dropped. A&B, down by 49% and now they are openly indicating that they are looking for business outside of Hawaii. Bankcorp earnings are down by 18% and it already aggressively looks for expansion on the Mainland. Home and condo resales were off in March by over 30% compared to the March of 1994. Schuler Homes' earnings dropped by 33%. Visitor counts have been down for February and March and they are predicted to decline in April too.

"The decline of the dollar has yet to translate into a wave of Japanese tourists. And I believe, in fact, I am certain that the dollar's decline on the overall Japanese economy will hurt our visitor industry. Then too, we cannot forget that as much as the dollar has devalued relative to the yen, so has the peso, in spades, so that Mexico continues to be an attractive alternate destination point for U.S. mainland visitors.

"Bankruptcies in Hawaii for the first quarter were up 18% for the same period in 1994, a year in which Hawaii already had bankruptcy filings at a record rate.

"Finally, we say that the nation's economy as a whole for the first quarter grew at only 2.8%, woefully behind the 5.1% of the last quarter of 1994 and the slowest growth since mid-1993. Now, if the general rule holds, that Mainland economic trends will hit Hawaii a few months after we see them manifested in economic forecasts, this slowdown does not portend well for Hawaii, again in the near and medium future. Given, especially, that government has not been scaled down in a new era that requires reliance on the private sector, rather than government, to drive the economy.

"Very well, we should not be surprised to hear the word 'shortfall' or 'deficit,' especially since the best estimates I have are that, in fact, this budget increases, rather than decreases, the expenditures made in the last biennium. In fact, by raising revenues from taxpayers, rather than redefining core government services, we may have further fueled the economic slow-down that we are in the middle of. The tax increase upon which this budget is in large part built (the $130 million that I spoke about earlier) will only make it more difficult for most people to make ends meet and support the private sector which needs those dollars free of any detours through government just to maintain the meager growth rate which exists right now. And why is this such a dangerous detour? The reason is that it leads to a government that despite the best intentions, a government which by this budget, will grow over the last biennium.

"I think taxpayers might accept sacrifice if the end result were, in fact, a smaller government than one in which we entered this session. But it is not. The best estimates we have is that for all funds, this budget before us over the next biennium is approximately $1.2 billion more than the last. For general funds, although not much, relatively speaking, it is still an increase by $34 million.

"Now I doubt that other conferees know this, but perhaps that's symptomatic of a process that also needs overhaul. The current budgeting process whereby there still lingers on a sense of secrecy, although there is an improvement since the last time I was involved in it (I will say that), there are still arcane rules about access to worksheets. And the fiction that conferees really understand how it all fits with two line explanations and the intonations of 'agree,' 'disagree,' 'staff,' 'limbo.' All of this is in part responsible for the fiscal problems that we face. This process, like the emperor in the fairy tale, has no clothes, and this budget, which does not cut state government expenditures and raises taxes, is the proof.

"I hope, as the chair of Ways and Means has indicated, that she will, in fact, maintain her hold of the brush so that if we do face the kinds of problems which I predict we will in the future, she will be able to pick up a new canvas and totally redraw the picture of what our future will look like.

"Thank you."

Senator Matsuura then rose to speak in favor of the measure as follows:

"Mr. President, I rise in support of the bill.

"It is always difficult to make cuts when you have a budget shortfall because every project, in the eyes of the people who are involved in it, is essential. But I'm not pessimistic; I'm very optimistic.

"I want to thank the chairperson of Ways and Means because there's one item in the budget which many people may look at as insignificant, but that one line item of $2.5 million for a new computer for the Tax Department will be, perhaps, what gives me the feeling of optimism. With that investment, the returns are going to be many, many fold.

"The Judiciary chairman has passed some tough legislation with severe penalties for people who don't pay state taxes. I think that in the years to come, the revenues generated that are owed to the state are going to make up some of those shortfalls. I'm very optimistic that the future of Hawaii will not be as bleak as it is today. So with that, Mr. President, thank you."

Senator Chumbley also rose in support of the measure and said:

"Mr. President, I rise in support of this measure.

"Mr. President, first I'd like to thank and commend the chairperson, the members of the committee and the staff of Ways and Means for all their hard work and countless hours on this biennium plan.

"Mr. President, my comments are in regard to the funding of Hawaii's public school system. The Department of Education, as do all agencies, bear a fundamental responsibility to provide detailed, factual, and straightfoward budgetary information to both the executive branch and legislative body. But as the Ways and Means chair has previously pointed out this year, the DOE submitted a budget which rose to new levels of obscurity.

"However, as a result of the fine work of the Ways and Means Committee, we will be able to meet the entire deficit needs the DOE had placed against regular instruction. In fact, Mr. President, this budget provides approximately 60 million additional dollars over the prior biennium for regular instruction at the classrooms.

"Further, Mr. President, we as a legislative body are sending a very clear message to the public that education is of highest priority to us and that we are placing 'children first' as illustrated by how money and personnel resources are being shifted to the classrooms.

"I urge all of you, my colleagues, to support this measure on behalf of the children of Hawaii.

"Thank you, Mr. President."

Senator Ikeda again rose to speak in favor of the measure as follows:

"Mr. President, I rise in support of this bill again.

"I think that the Minority Leader's criticisms are really a bit overboard. Obviously, the general fund portion of the budget has gone up because of the fact that the debt service cost has gone up. And yes, we didn't cut as deeply as we would have liked to. I think I said that in illustrating the difference between the Senate's version of the budget and the conference version. But we all understand the process, and it does take two houses to agree or disagree on anything. And the budget is such a compromise. And as I said earlier, Mr. President, people have to understand that if they want these programs, they are going to have to pay for them. And they wanted these programs. So if we are going to continue along these lines, then people have to understand that money has to come from somewhere. It doesn't just fall out of the sky.

"I think more importantly, Mr. President, one thing can be said about this budget -- we did make major reforms and we addressed the shortfall, and we did it with minimal impact on the public. And I think that's something that we can be proud of. Thank you."

Senator Holt also rose in support of the measure and stated:

"Mr. President, I rise in support of the bill and I'd like to commend the chairperson and the committee and staff for their hard work.

"I'd just like to refer to the last page of the conference committee report of this bill because it's very important and relevant as to why we have the bill before us today. '... the challenges currently facing the people of Hawaii are unprecedented in the history of the State. The choices made by your Committee in the course of developing this budget have been difficult, but the economic realities of the present dictate that we all share in the sacrifices that must be made.'

"I think in producing this budget everybody made a sacrifice. Given the situation that we're in, which is unprecedented, I think the chair did a hell-of-a-job, and the House as well. So I urge everyone to support this bill. Thank you."

Senator Liu then rose and stated:

"In response to the chair of Ways and Means, again I think she did yeoman's work in attempting to craft a compromise, given the position of the other house. Still, I would have to say that whether the increase in the cost of government in the budget, whether it is in regard to all funds or general funds, even if it's in part due to debt service, something which is in part not controlled by us, those are all costs that we have a responsibility to anticipate and to deal with. Similarly, to our own homes, if we have adjustable rate mortgages or 15-year mortgages and we decide to refinance, or things change, we have to be able to or we should be able to look ahead and budget and cushion so that when the impacts and conditions change, we are able to change with them in such a fashion that is responsible.

"Inasmuch as I do concur that there are many people who would like to see the services which we have funded over the past continue, I think that what we have to do, and I think that many of us do, but what we have to do even more of is realize that those who come to lobby us, those who make the calls, definitely have a direct or very close to direct interest in those services. But that there is a majority of people out there who do not, who would much rather see, in my opinion, that the dollars that we spend to support our government, as much as possible, be redirected or directed back into their own pockets because they need to make their ends meet.

"So with that, Mr. President, I continue to hold to my position and appreciate the patience that my colleagues have shown me throughout this session. Thank you."

Senator McCartney then rose to speak in favor of the measure as follows:

"Mr. President, I rise to speak in favor of the budget. I'd like to commend the chair of the Ways and Means Committee and the members and the staff for doing an outstanding job.

"In response to my colleague from the Windward side, I'd like to say that it's difficult to transform an existing system of bureaucracy that's stuck. There's a lot of mind-set; there's a lot of status quo that's there. And clearly, this budget sets us on a path of transformation. It begins to move us forward. It's not a status quo budget, Mr. President. It's a budget that moves the state forward in a new direction and it will take many, many years to transform the existing system into a new system that can be more efficient and more effective. I think this budget is a giant step in that direction and that's why the members should support the budget.

"Thank you, Mr. President."

Senator Ige also rose in support of the measure and stated:

"Mr. President, I'd just like to rise to speak in support of this budget.

"In regard to the portion dealing with higher education, anyone who suggests that this budget is business as usual is sadly mistaken. I'll be providing more detailed remarks later on the agenda today. Clearly we have reinvented the relationship between the Legislature and the university and I think we will all be much, much better off for it. I would just like to thank Chairman Ikeda who's done a great job. I think she's been very supportive.

"I would like to note that when we started this budget in dealing with the university and the needs of higher education in this state, the university was actually looking at a $50 million reduction. That was reduced by the administration to $35 million and increased to $38 million and various manipulations throughout the process. This budget, as it stands today, has reduced that reduction to about $13-$14 million. And more importantly, it has given the university all the tools it needs to be pro-active about mitigating any further reductions or in fact reducing the impact of budget reductions. Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 119 was adopted and H.B. No. 1220, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Liu).

At 11:38 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:41 o'clock a.m.

S.B. No. 647, S.D. 2, H.D. 2:

On motion by Senator Graulty, seconded by Senator Ihara and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 647, S.D. 2, and S.B. No. 647, S.D. 2, H.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 722, H.D. 1:

Senator Graulty moved that S.B. No. 722, H.D. 1, having been read throughout, pass Final Reading, seconded by Senator Ihara.

Senator Graulty, in support of the measure, requested permission of the Chair to have his remarks on the measure inserted into the Journal.

The Chair having so ordered, Senator Graulty's remarks follow:

"Mr. President, this bill makes permanent in state law the 24-hour cooling off period in cases involving abuse of family and household members. This is a bill heavily supported by the Women's Caucus and women's groups throughout our state. During the very volatile period in which domestic abuse occurs, the most effective way to deal with the abuse is to stop it immediately and to separate the abuser from the victim.

"A sunset provision was added to this bill last year to enable the Senate to make it part of a possible new initiative in domestic abuse. As you know, Mr. President, I attended the National Summit Conference on Family Violence in Chicago in June of last year at the invitation of our Senior Family Court Judge, Michael Town. I discovered that our state is far ahead of many others in this important area. Hawaii is the only state with the mandatory 48-hour jail time for those convicted of domestic abuse. Although this may have contributed to the clogging of our court system by encouraging demands for jury trials, much has been accomplished since last June.

"The Judiciary should be commended for assigning more judges to the domestic abuse calendar and successfully clearing our huge backlog in cases. My good friend, Calvin Ching, was assigned to head this effort and I congratulate him on a job well done.

"Additionally, the Prosecuting Attorney's Office and the Public Defender's Office, with the Judiciary, developed a new protocol to divert the less serious domestic abuse cases. By trying them as third degree assault cases, they avoided the mandatory 48-hour jail term in the less serious cases. This resulted in releasing the pressure on the system created by the many jury trial demands. The system, as far as we all can tell, at least at this point, is

working well. The last piece, Mr President, is the extension of the sunset provision.

"I believe the time has come to make the 24-hour cooling off period, a period in which many lives have been saved, a permanent part of state law. I urge my colleagues to vote 'aye'. Thank you, Mr. President."

The motion was then put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 722 and S.B. No. 722, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ABUSE OF FAMILY AND HOUSEHOLD MEMBERS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

No. 873, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO A SECTION OF THE HAWAII REVISED STATUTES AMENDED BY ACT 8, SPECIAL SESSION LAWS OF HAWAII 1993," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 945, S.D. 1, H.D. 1:

Senator Graulty moved that S.B. No. 945, S.D. 1, H.D. 1, having been read throughout, pass Final Reading, seconded by Senator Ihara.

Senator Graulty, in support of the measure, requested permission of the Chair to have his remarks on the measure inserted into the Journal.

The Chair having so ordered, Senator Graulty's remarks follow:

"Mr. President, this bill imposes a mandatory six-month sentence on those convicted of street solicitation of prostitution in our premier tourist area, Waikiki. The Honolulu Advertiser, in a recent editorial, described the bill as 'flawed' because it applies only to Waikiki. Although the Senate version of the bill did not limit the enforcement of this bill to Waikiki, I am sure we all recognize that the problem relating to the aggressive street solicitation of prostitution is confined to Waikiki.

"In fact, this bill was brought to us by the Office of Waikiki Improvement, the Waikiki Improvement Association, the Retail Merchants Association, and the Hawaii Hotel Association. They were all responding to the many complaints by tourists regarding the pervasive number of prostitutes in the major avenues of Waikiki and how this has made Waikiki a less desirable place to visit for themselves and their families.

"As you know, Mr. President, the Legislature passed this bill last year only to have then-Governor Waihee veto the bill. But it was vetoed for reasons other than what the Advertiser has cited. The bill was vetoed because the funds for a temporary detention shelter to house those convicted and staff for the shelter were lost in conference. This year, there are again no funds for a shelter and for staffing.

"However, I have been assured by the Director of the Office of Waikiki Development, Christina Kemmer, that the City & County of Honolulu with the assistance of the private sector will come up with the shelter. I have also been assured by George Iranon, Director of the Department of Public Safety, that his department will be able to provide the funds for staffing of the shelter within existing resources. With these commitments, I look forward to the governor's signature on the bill.

"Mr. President, this bill breaks new ground. Although your Committee on Judiciary has clearly moved away from mandatory sentencing, nevertheless, for prostitution, it is necessary. Those engaged in this trade are part of the circuit - Los Angeles, Acapulco, Honolulu. I believe that these prostitutes and their pimps will not want to risk the loss of income that a six-month sentence would bring. It has worked for Las Vegas and it will work here.

"I again ask my colleagues' support on this bill and ask that we all vote 'aye' on this bill."

The motion was then put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 945, S.D. 1, and S.B. No. 945, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PROSTITUTION," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Senator Graulty, in support of the measure, requested permission of the Chair to have his remarks on the measure inserted into the Journal.

The Chair having so ordered, Senator Graulty's remarks follow:

"Mr. President, this bill would require that any minor, 12 years of age or older, who is taken into custody, and who is alleged to have committed a felony, theft of property in excess of $100, or criminal property damage in excess of $100, will have his or her fingerprints entered into the AFIS system. The fingerprints would remain in the system until the person's 25th birthday.

"The purpose of this bill is to enable our law enforcement agencies to use fingerprint records for law enforcement purposes. Your Committee on Judiciary received testimony from our police chiefs indicating that Hawaii has one of the highest property crime rates in the nation. Chief Howard Tagamori of Maui County testified that much of this crime is being perpetrated by juveniles.

"This bill will go a long way towards apprehending those responsible for such crimes. The public can look forward to some relief in this area as we should expect more juveniles to find their way into our juvenile justice system as a result of this bill.

"This is a major step forward in our fight against crime in our state and I urge all my colleagues to vote 'aye'."

Senator Graulty, in support of the measure, requested permission of the Chair to have his remarks on the measure inserted into the Journal.

The Chair having so ordered, Senator Graulty's remarks follow:

"Mr. President, this bill was heavily supported by the Women's Caucus and is a very important bill for the women in our state. This is the aggravated stalking bill.

"Too many times, women are stalked by the same person, even after an initial conviction for harassment by stalking has been obtained. What this bill does is to classify the harassment as a felony, with the stronger penalties and jail time that felonies entail, when there has been an initial conviction and the stalker has violated an existing court order restraining him from stalking the same person, or if the actions by the stalker are in violation of a condition of probation or pretrial release.

"Mr. President, stalking is an escalating violence type of crime. The Stalker stalks and stalks and stalks until he gets his prey. The woman being stalked is under tremendous psychological distress and all she wants is for that individual to stay away. If he does not stay away after the initial conviction, our criminal law needs to give the stalker stronger medicine, hopefully compelling him to stay away.

"The women of our state deserve no less than to be free of the tremendous psychological pressure brought on them by this often sick person. The women of this state deserve to be able to move about freely and most

importantly, to escape the violence this crime often unfortunately brings. I urge all my colleagues to please vote 'aye' on this bill."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 77 was adopted and S.B. No. 431, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HARASSMENT," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

FINAL READING

Conf. Com. Rep. No. 4 (H.B. No. 1431, H.D. 1, S.D. 1, C.D. 1):

Senator Kanno, moved that Conf. Com. Rep. No. 4 be adopted and H.B. No. 1431, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Chumbley.

Senator Ige rose to speak against the measure as follows:

"Mr. President, I rise to speak in opposition to H.B. No. 1431, H.D. 1, S.D. 1, C.D. 1.

"Mr. President, I've really thought long and hard about this measure and I'm opposing it for a variety of reasons. This bill authorizes the Department of Education to hire back retired, certificated personnel, teachers and principals, who choose to opt out on an early retirement at less-than-half time and include them in the collective bargaining unit.

"I oppose this bill for a variety of reasons. First and foremost, it doesn't grant any authority that the Board of Education and the Department of Education doesn't currently already have. Second, it really sets a bad precedent. We have literally tens of thousands of part-time positions throughout all of state government. This bill attempts to include these part-time positions as part of the collective bargaining unit. I'm very much concerned that opening the door to this one part-time class of employees will really set a bad precedent for inclusion of other part-time employees in collective bargaining units.

"Third, and I think most important, I looked at this bill and I tried to find some reason to support it. There are only three reasons I can see for this bill. First and foremost, I think it means that the elected Board of Education really is trying to shirk their responsibility. They don't want to be accountable for actions taken in regard to part-time employees and ask the Legislature to authorize this activity. Second, it means increase in dues to the union. Clearly, this will mean less money into the pockets for those dedicated professionals who choose to come back on a part-time basis and support the system in helping us through this teacher and principal shortage. Third, it means less money for teachers and students on the front line. Any increase in benefits negotiated by the union on the part of these part-time employees will mean that there will be less funds available for teachers and students in the classroom, as all of these cost items will have to come out of the current appropriation. For these reasons, Mr. President, I will be voting in opposition to this measure.

"I did want to note one other thing for the members' information. The appointed Board of Regents and the President has had a policy in place at the University of Hawaii that deals with hiring of retired personnel on a part-time basis and this policy has been in place since 1983. So we have more than ten years of experience in dealing with these types of situations. I am not aware of any problems this policy has created. And I think it points out the accountability of the appointed Board of Regents in relationship to the elected Board of Education.

"Thank you, Mr. President."

Senator Chumbley then rose in support of the measure and said:

"Mr. President, I rise in support of this measure.

"First, I want my colleagues to understand that we have a serious problem within our public schools. We have a teacher shortage and in the 1996-97 school year it's estimated that we're going to need approximately 1,600 positions. The College of Education graduates about 450 new teachers every year. We recruit from the Mainland

about six or seven hundred if we are lucky. We are still going to be significantly short.

"This measure simply creates another tool within the tool box to be able to put some of the teachers back into the classroom that have retired. As a result of the ERIP, we will be able to bring these teachers back at a half-time status with no health fund benefits and no retirement benefits. It should generate an estimated 50 positions. It is not going to solve our problem, but it will be one other tool. We have 12,000 teachers in our system and the 50 additional teachers this will create will help us.

"We also have put a sunset provision in this bill so that it goes away in 1998. We need the additional time to prepare for that shortage, Mr. President, so I ask all my colleagues to please support this measure."

Senator Ikeda rose in opposition and said:

"Mr. President, I rise to speak against this bill, and in doing so, with all deference to the chair of Education whom I know has done an excellent job, I would like to have the remarks of the first speaker incorporated as my own.

"In addition, Mr. President, I really feel that this bill is going to backfire. The union may feel that it is going to gain members by adopting this measure, but in actuality I think it's going to cause problems in the long run because I think the Department of Education will have an option now and will opt to use part-timers rather than full-time teachers. And I think that it won't be good for education; it won't be good for the students. We need to have new teachers enter the system so that they can be trained and gain experience to become better teachers. You can supplement with retirees, but you shouldn't replace.

"For those reasons, Mr. President, I'm voting against this bill."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 4 was adopted and H.B. No. 1431, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 16. Noes, 9 (Fukunaga, Graulty, Ige, Ikeda, Iwase, Levin, Liu, Matsuura, McCartney).

No. 2013, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE CONSERVATION DISTRICT," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 22 (H.B. No. 715, H.D. 1, S.D. 2, C.D. 1):

Senator Graulty, moved that Conf. Com. Rep. No. 22 be adopted and H.B. No. 715, H.D. 1, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Fernandes Salling.

Senator Graulty rose in support of the measure as follows:

"Mr. President, this bill represents a major new initiative by the Senate and the Legislature in our DUI laws. It lowers the alcohol content needed to establish that a person was driving under the influence from .10 to .08. Hawaii joins about 12 other states in doing so.

"The bill, however, does more than this. It makes it a Class C felony to be convicted of habitually driving under the influence if a person is convicted more than three times within a 10-year period. This means not only jail time, but under the license revocation section of the bill, the loss of that person's license for life.

"The bill also provides for increased fines for those convicted of a first, second and third DUI offense and conforms the jail time provisions for first, second and third offenses to the jail sentences currently being imposed by our District Court judges.

"Mr. President, Hawaii has the fourth highest statistics in the nation when it comes to traffic-related deaths and injuries involving alcohol. We need this strong medicine. There is no doubt in the minds of the Senators serving on our Judiciary and Transportation Committees that a driver is impaired at .08. Research clearly shows that at .08 a driver's judgment, concentrated attention, speed control, braking, steering, gear changing, and lane tracking are impaired.

"Mr. President, Carol McNamee, president of Mothers Against Drunk Driving, was quoted recently as saying she was pleasantly surprised that this bill made it through conference. I was not! The chairperson of your Committee on Transportation, Senator Fernandes Salling, made this bill happen. She was extremely effective in the conference committee deliberations and we in the Senate owe her a debt of gratitude for her strong support of this bill.

"Senators, we need to make our highways and streets safer for everyone by passing this bill. I urge all my colleagues to vote 'aye.'"

The motion was put by the Chair and carried, Conf. Com. Rep. No. 22 was adopted and H.B. No. 715, H.D. 1, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DRIVING UNDER THE INFLUENCE OF INTOXICATING LIQUOR OR DRUGS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 30 (H.B. No. 1244, S.D. 1, C.D. 1):

On motion by Senator Holt, seconded by Senator Iwase and carried, Conf. Com. Rep. No. 30 was adopted and H.B. No. 1244, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ACTIVITY PROVIDERS AND ACTIVITY DESKS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 32 (H.B. No. 112, H.D. 2, S.D. 2, C.D. 1):

Senator Graulty, moved that Conf. Com. Rep. No. 32 be adopted and H.B. No. 112, H.D. 2, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Kanno.

Senator Graulty rose in favor of the bill and said:

"Mr. President, this bill is one the Senate can take great pride in. After two years of trying, your Conference Committee has come out with this major new bill on ethics. This bill, together with four other bills, have made this session a banner year for legislation addressing ethics and ethical behavior by public employees and elected officials in our state.

"The bill doubles the statute of limitations from the current three years to six. It provides time limits for decisions by the ethics Commission, speeding up the resolutions of ethical complaints and investigations. It increases public disclosure of complaints from the point of the issuance of a notice of hearing. It requires that all hearings be open to the public.

"Mr. President, this is a good bill. This is a fair bill. And it responds to the public's call for more ethics in government and stronger enforcement of our ethics code. I urge all my colleagues to vote 'aye.'"

The motion was put by the Chair and carried, Conf. Com. Rep. No. 32 was adopted and H.B. No. 112, H.D. 2, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE ENFORCEMENT OF THE STATE ETHICS CODE," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 37 (H.B. No. 1643, H.D. 1, S.D. 1, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 37 be adopted and H.B. No. 1643, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Matsuura.

Senator Tam rose in favor of the measure and stated:

"Mr. President, I rise to speak in favor of this bill with reservations.

"On behalf of the thousands of senior citizens in our state, I thank the federal government for the matching dollars for nursing homes but disapprove of the demand by the federal government on having us impose a nursing home tax on senior citizens in order to receive federal dollars. I ask, publicly, that the federal government reconsider its condition and give us the federal dollars without the condition. Our senior citizens live on fixed retirement incomes.

"Thank you."

Senator Liu then rose in opposition to the bill and stated:

"Mr. President, I rise to speak against this measure.

"Although I share the concerns of the prior speaker, whether it's under the Bush administration or the Clinton administration, I don't really know that this is something imposed by the federal government or that it really was an interpretation by certain states that there was a way to get more reimbursements through what I would term the Rube Goldberg scheme to try and get more monies to support a system that is woefully in need of major overhaul, both at the federal and state levels.

"I shall be voting against this measure and certainly have grave concerns given that, at least, it appears that we will be doing away with certain tax credits to the individuals who ultimately pay this tax. Thank you, Mr. President."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 37 was adopted and H.B. No. 1643, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO NURSING FACILITY TAX," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Liu).

Conf. Com. Rep. No. 38 (H.B. No. 1834, H.D. 2, S.D. 1, C.D. 1):

Senator Fernandes Salling, moved that Conf. Com. Rep. No. 38 be adopted and H.B. No. 1834, H.D. 2, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Ikeda.

Senator Matsuura rose to speak against this measure and said:

"Mr. President, I rise to speak against this bill.

"When this bill came up for Third Reading, I voted for it with reservations. This conference draft does not address my concern. Therefore, I will be voting against it.

"I have a problem with the section exempting public utilities from the public procurement process. Section 3 of this bill contains a list of exemptions from the procurement code. Many of these exemptions follow common sense. If you want to bring in a speaker to the East-West Center or a football team to play the University of Hawaii, you shouldn't have to go through a public bidding process. I agree that in these instances, bidding is awkward and unnecessary. And these exceptions are small purchases.

"But one exemption stands out like a sore thumb. It is not a small purchase like the others in this section. I am talking about the exemption of publicly regulated utility services. This is a major, and I mean major exception. A measure like this shouldn't be buried in the middle of a long bill.

"The idea behind this might be that competition does not apply to publicly regulated services. But that is not true anymore. There is a lot of competition there. An agency head will be able to select a utility company for a contract worth tens of millions of dollars without having to seek out competing companies. The contract can be a done deal before the public even knows about it and the agency head won't even have to explain his choice for the record.

"This could lead to some real abuses. The regular procurement process contains all kinds of safeguards to make sure that one person alone cannot make such a decision. It insures that all parties have an open and fair chance to compete. There is a written record which justifies each decision. But when you throw all of that away, you are leaving yourself open to abuse.

"A classic example is the state telephone service. The first contract was with GTE Hawaiian Tel on a non-bid contract. The second contract, which extends three additional years, was on a bid and the price dropped 50%. I repeat, the price dropped 50% from the previous three years. Now, we're going to allow a non-bid process again with this bill.

"This exception extends to other things. As an example, we'll be moving from this building to the State Capitol soon, and if this bill passes, we can select a company to do the job without bidding because moving companies are also regulated by the PUC. Companies like Island Movers, Mayflower, Atlas Van Lines, one of these companies could be selected and given a contract to move the furniture from this building to the State Capitol on a non-bid contract -- why? The PUC also regulates private water companies, waste water, gas, motor carriers, dump trucks, etc. All of these activities and all of these services don't have to go through the bidding process if we pass this bill. You can just go to non-bid selection process. That's the major objection and concern that I have.

"I cited these things in my previous floor speech when this bill came up, but since it was not corrected, I cannot give my stamp of approval. I'm going to vote 'no' on this measure.

"Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 38 was adopted and H.B. No. 1834, H.D. 2, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII PUBLIC PROCUREMENT CODE," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Liu, Matsuura).

Conf. Com. Rep. No. 44 (H.B. No. 1959, H.D. 2, S.D. 2, C.D. 1):

On motion by Senator Ikeda, seconded by Senator Holt and carried, Conf. Com. Rep. No. 44 was adopted and H.B. No. 1959, H.D. 2, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CONCILIATION PANELS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Levin).

Conf. Com. Rep. No. 50 (H.B. No. 471, H.D. 2, S.D. 1, C.D. 1):

Senator Fukunaga, moved that Conf. Com. Rep. No. 50 be adopted and H.B. No. 471, H.D. 2, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Holt.

Senator Matsuura rose in support and said:

"Mr. President, I rise in support of this measure.

"As all of you know, I made a very long speech; in fact I voted against this measure. But all my concerns have been addressed in the conference draft so I urge all my colleagues to vote for this bill now. Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 50 was adopted and H.B. No. 471, H.D. 2, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TELECOMMUNICATIONS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 56 (S.B. No. 1320, S.D. 1, H.D. 2, C.D. 1):

Senator Fernandes Salling, moved that Conf. Com. Rep. No. 56 be adopted and S.B. No. 1320, S.D. 1, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Solomon.

Senator Matsuura rose to speak against the measure and said:

"Mr. President, I hate to be standing up and voicing my objections, but I'm going to rise in opposition to this measure.

"I don't think there is a problem in using herbicides to control the weeds along the roadside. I haven't heard of any problem, but there will be if this bill passes. The language on the use of herbicide is RESTRICTIVE. 'Herbicide shall be applied only: (1) As specified under manufacturer's written usage directions.' That is federal law. The labeling is so restrictive that you cannot abuse it, especially on some of the restrictive herbicides.

"This bill is going to create a problem where a problem does not exist because in item (2) it says: 'Where precautions have been taken to reduce herbicide run-off from entering directly into an open body of water or into any source of drinking water;'. What does that mean? If you spray along the roadside, what kind of precautions are we going to take to divert the stream and the run-off? I don't know what anyone can do to take precautions or make any changes along the roadside.

"And item (3) says: 'Where the public has been duly notified of the use of herbicides;'. Does that mean that you just put up a sign: 'We're going to spray 20 miles along the roadside.' What kind of notice are we going to have to give?

"We are just opening ourselves up to problems and litigation because not only are the state and the counties going to be sued, you are going to have the manufacturers also brought into the suit. And as usual, these companies say, 'just pay them off $10,000 or $20,000,' because they don't want to go to trial. There's no problem here; we are creating problems by introducing these kinds of bills.

"And then, of course, 'Where precautions have been taken to avoid direct exposure of children and pedestrians to the herbicides.' When you are spraying, does that mean that if cars are passing by, you are going to have to stop them because there is a slight drift?

"I don't think this bill is necessary. The label itself will restrict and control the use of these kinds of chemicals. We are creating a problem in passing this measure.

"Thank you."

Senator Anderson rose in opposition to the measure and said:

"Mr. President, I might have a conflict of interest. I do sell janitorial supplies which also include herbicides. And I will be voting against this bill, but primarily because all of these specs we receive on these, most of them are EPA approved and so I will be voting against this measure.

"Thank you."

The Chair ruled that Senator Anderson was not in conflict.

The motion was put by the Chair and carried, Conf. Com. Rep. No. 56 was adopted and S.B. No. 1320, S.D. 1, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ROADSIDE HERBICIDE USE," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Anderson, Liu, Matsuura).

Conf. Com. Rep. No. 58 (S.B. No. 807, S.D. 1, H.D. 1, C.D. 1):

Senator Holt, moved that Conf. Com. Rep. No. 58 be adopted and S.B. No. 807, S.D. 1, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Iwase.

Senator Kawamoto rose in support of the measure and said:

"Mr. President, I rise to speak in support of S.B. No. 807, relating to prescriptions.

"Mr. President, I call this our 'Cinderella' bill. It all started early in the session when a senior citizen, Mr. Joe Morita, after church service approached me with an empty container for his prescription pills and told me how some persons, especially senior citizens, take several different pills each day for different health conditions. His simple request of me was that I introduce a bill requiring prescription labels to indicate what conditions a particular container of pills are for upon the request of the patient; for example, high blood pressure, diabetes, headaches, nausea. The reason is sometimes one forgets what a particular pill is for. And for many, they may take the wrong one. This is what happened to one of Mr. Morita's friends who may still be alive today had he not taken the wrong pills.

"The 'Cinderella' part of this story is that S.B. No. 807 did wind its way through the legislative process and did go through three drafts including the conference draft, before finally making it through the conference. I'd like to thank Mr. William Dendle of the Health Department, as well as the Public Safety Department for helping perfect the language in this bill, and a special thanks to Senator Holt and his staff for their great patience and understanding in giving the bill a fair chance to pass this session. I'm sure this 'Cinderella' story will be heard throughout the seniors community as well as others.

"I urge this body to vote in favor of S.B. No. 807. Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 58 was adopted and S.B. No. 807, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PRESCRIPTIONS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 60 (S.B. No. 87, S.D. 1, H.D. 1, C.D. 1):

On motion by Senator Graulty, seconded by Senator Chumbley and carried, Conf. Com. Rep. No. 60 was adopted and S.B. No. 87, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE RELEASE OF PRETRIAL INMATES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Liu).

Conf. Com. Rep. No. 61 (S.B. No. 158, S.D. 1, H.D. 1, C.D. 1):

Senator Graulty, moved that Conf. Com. Rep. No. 61 be adopted and S.B. No. 158, S.D. 1, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator McCartney.

Senator Graulty requested permission of the Chair to have his remarks in support of the measure inserted into the Journal.

The Chair having so ordered, Senator Graulty's remarks follow:

"Mr. President, it is indicative of our state of affairs that one of the major initiatives this session by your Committee on Judiciary is graffiti. There is not one, but two graffiti bills.

"But graffiti is a pervasive problem in my district and in the Kalihi area. I hope that the two bills, S.B. No. 158 and H.B. No. 819, will go a long way towards being able to effectively respond to this vandalism. The vandalism not only involves defacing and damaging of public property, but now involves damage to private homes in the Salt Lake and Kalihi areas.

"This bill will hold parents and legal guardians, having custody over the minor, jointly and severally liable for the damage caused. The county will now have the authority, by virtue of this bill, to impose a fine of up to $1,000, or an amount equal to the cost to the county to repair or replace the defaced property. Under H.B. No. 819, which we passed earlier, the parents and guardians will likewise be held jointly and severally liable for the damage caused to any property by the Family Court when a minor is involved.

"The criminal statutes under the criminal property damage section have simply not worked. It is very difficult for the police to catch these vandals in the act. Hopefully, these civil fines will act as a stronger deterrent to this activity and result in greater respect for the property of others by those committing these acts.

"I urge my colleagues to vote 'aye' on this bill."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 61 was adopted and S.B. No. 158, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO GRAFFITI," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 74 (S.B. No. 287, H.D. 1, C.D. 1):

On motion by Senator Ikeda, seconded by Senator Iwase and carried, Conf. Com. Rep. No. 74 was adopted and S.B. No. 287, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO IRRIGATION WATER DEVELOPMENT," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 79 (S.B. No. 84, S.D. 1, H.D. 1, C.D. 1):

Senator Graulty, moved that Conf. Com. Rep. No. 79 be adopted and S.B. No. 84, S.D. 1, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator McCartney.

Senator Graulty, in support of the measure, added his remarks as follows:

"Mr. President, this bill adds another weapon in our fight against drug dealers in our state. This bill will impose civil liability on any person who knowingly participates in the illegal drug market in our state and allows any person, organization, or the state, to recover damages for the injury suffered as a result of the individual's illegal drug use. The theory of liability is based on the 'market share' attributable to the particular drug dealer involved. The concept is that you assess liability on the lower-echelon pusher, who in turn, if he had any sense, would pass the liability on up the chain.

"Like most bills, this bill is a product of compromise with the House. The House was adamant about not including marijuana offenses under the coverage of this bill. While they acknowledge that marijuana is an illegal drug, they believe that our drug problems these days are not marijuana, but ice, heroin and cocaine. Our Senate conferees would have preferred leaving the marijuana user alone, but would have preferred including those who commercially promote marijuana, a Class A felony under Hawaii law. But such is the nature of compromise.

"The other area of disagreement was the statute of limitations. The Senate version passed had provided for a two year statute of limitations, but tolled the statute during the period of incapacity by the individual plaintiff from the illegal drug use. We agreed upon a four year statute of limitations, but the statute would be tolled during the pendency of a criminal drug offense investigation.

"We also provided for an eight year sunset date and a review by the Attorney General of the effectiveness of this new law six years after the effective date of the Act.

"Mr. President, I would like to thank Mr. Dan Bent, our former U.S. Attorney, and Mr. Dan Foley, of the ACLU, for their work on this bill. It was their product and we thank them for bringing the bill to us.

"This is a good bill and I urge my colleagues to vote 'aye'."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 79 was adopted and S.B. No. 84, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DRUG DEALERS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 80 (S.B. No. 443, S.D. 2, H.D. 2, C.D. 1):

On motion by Senator Ikeda, seconded by Senator Graulty and carried, Conf. Com. Rep. No. 80 was adopted and S.B. No. 443, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO SEX OFFENDERS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 81 (S.B. No. 171, S.D. 1, H.D. 1, C.D. 1):

Senator Graulty, moved that Conf. Com. Rep. No. 81 be adopted and S.B. No. 171, S.D. 1, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Kanno.

Senator Tam then stated:

"Mr. President, I wish to declare a possible conflict of interest. I'm a researcher, part-time, for SHOPO."

The Chair ruled that Senator Tam was not in conflict.

The motion was put by the Chair and carried, Conf. Com. Rep. No. 81 was adopted and S.B. No. 171, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO UNIFORM INFORMATION PRACTICES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Matsunaga).

Conf. Com. Rep. No. 88 (S.B. No. 942, S.D. 1, H.D. 3, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 88 be adopted and S.B. No. 942, S.D. 1, H.D. 3, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Graulty.

Senator Graulty rose in support of the measure and said:

"Mr. President, this bill comes to us as a result of concerns by the students at Kaimuki High School about campus security. The bill started out as a challenge to the Department of Education to more effectively deal with campus security problems and concerns, not only at Kaimuki High School but at all high schools throughout our state.

"I want to thank the members of the House Education, House Judiciary and House Finance Committees for their work on the bill. They have improved the bill considerably. The bill makes the Department of Education, the Department of Public Safety and the county police departments jointly responsible for the training of all school security attendants. It establishes within the DOE a program for the initial and ongoing training of school security attendants consisting of not less than 70 hours of training -- when currently they have 20 at most and in many cases none at all -- and requires the program to be developed in consultation with Public Safety and the county police departments.

"It requires the training to be developed in conjunction with school SCBM councils, school administrations, students, other school support personnel and the community. It also requires the training to be conducted on school grounds. The bill sets forth the minimum content for training -- knowledge of the penal code, search and seizure laws, the laws of arrest, conflict resolution training and others.

"The bill requires the Department of Education to secure ten special duty law enforcement officers at selected schools where law enforcement powers may be deemed necessary by the school principal to ensure the safety of students and staff.

"Mr. President, your foresight in authorizing the creation of a Subcommittee on Campus Security and Youth Gangs under your Committee on Judiciary has

resulted in this bill. I would like to thank our Subcommittee chairman, Senator Rod Tam, for his hard work on this bill and thank Senator Chumbley, our Education chair, for pushing hard on this bill. This is a bill this session of the Legislature can truly be proud of.

"I urge all my colleagues to vote 'aye.' Thank you, Mr. President."

Senator Tam rose in favor of the measure as follows:

"Mr. President, I rise to speak in favor of S.B. No. 942, relating to public safety.

"Mr. President and colleagues, the purpose of this bill is to provide a safe educational environment for our students. There is a need to eliminate school gangs within our public schools.

"In beginning my speech, I wish to thank you, Mr. President, Senator Rey Graulty, chairman of the Judiciary Committee, and Senator Avery Chumbley, chairman of the Education Committee, for permitting me to be chairman of the Subcommittee entitled, 'School Gangs and School Security.' The opportunity to work with students, parents, educators and community was rewarding and challenging for four months. I especially wish to thank the students of Kaimuki High School and their teacher, Mrs. Faye Chee, a good friend of mine (Unfortunately, she will be retiring this year. We're losing a good teacher.), for introducing the statewide public school concern about gangs in our schools and school security.

"For your information, colleagues, S.B. No. 942 is Kaimuki High Schools's second piece of legislation to pass in four years. The first was the revised curfew law in 1992. Students are remarkable lobbyists.

"The Subcommittee went out into the community on the Island of Oahu during session and conducted informal fact-finding informational public hearings at various public schools. The hearings were very educational and productive for us. Thus, as Senator Rey Graulty has mentioned, accomplishments were made and recommendations.

"I wish to encourage public schools at the intermediate and high school levels to continue to develop intramural school activities during recess times to eliminate school gangs and campus security problems.

"If I may quote, 'Our public school students deserve a safe school environment which enriches the learning process.' Mr. President and fellow colleagues, we in the Senate are doing that through this legislation.

"Also, I wish to thank Victor, who is, I believe, the intern for Senator Graulty's Committee on Judiciary, who worked on a volunteer basis this past session. He was a great help to me, and I thank you, Senator Rey Graulty, for assigning him to me. This bill is a student initiative bill.

"Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 88 was adopted and S.B. No. 942, S.D. 1, H.D. 3, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 90 (S.B. No. 1683, S.D. 1, H.D. 1, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 90 be adopted and S.B. No. 1683, S.D. 1, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Matsuura.

Senator Levin rose to speak against the measure as follows:

"Mr. President, I rise to speak against this bill with considerable sadness.

"I am saddened by the need to cut, which led to this measure, and in recognition that those who vote in favor of the bill do so out of necessity and not because of any lack of compassion. General assistance has no strong lobby, but it is an important part of the safety net that has been available to those in our society who need a helping hand. General assistance has not only been for the unworthy 20-year-old substance abuser. It was until now, also for the 55-year-old widow or divorcee who has no means of support and little prospect of employment. General assistance no longer will be available to that latter group at all, which may result in suffering and homelessness beyond what we have today. I regret that we feel we must take such a step today.

"Thank you."

Senator Matsuura rose in support of the measure as follows:

"Since the previous speaker spoke against the measure I'm going to speak in favor of the measure. I hope it doesn't kill the bill. (Laughter.)

"You have to understand that in the general assistance program all of the monies are state funded; there is no federal match. All the benefits are mandated by statutes. If the appropriation for general assistance is reduced by mandate, we still have to give all those people who are on this program what is due them.

"What this bill does is provide flexibility. It is true that the federal government is planning to give all the states block grants. What we are trying to do is to get ready for that. This bill provides some flexibility within the Department of Human Services so that the benefits can be altered to meet whatever monies they have to operate with. This is, in essence, the reason for this bill and also to provide some guidelines.

"One can be on general assistance for one year. And the reason why we did that is that some of the people are on general assistance year after year. After one year they would become eligible for a federal program called SSI, social security program. They can move on to that program which is federally funded. For those that are drug or substance abusers, we're saying get your life together in six months. Sure, it may be too short for treatment, but again we're lacking funds. So this is one of the reasons why we have to limit how long these people can be on this program and also because of the shortfall of monies. I'm in favor of this bill.

"Thank you."

Senator Ikeda rose in support and stated:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, the previous speaker is correct and while I guess both of them come from the Big Island, the first speaker indicated that this is going to hurt people

and there is no doubt that some people will be hurt by this change. However, I think to put it into perspective even further, one has to understand that what is happening in this area of general assistance is that the appropriation, in order to meet needs, has doubled in one year and will continue to double every year hereafter. And we are at a point where we are not going to be able to afford it for very much longer.

"In tandem with that, Mr. President, it has been brought to our attention that many of the recipients are coming from the Mainland and taking advantage of a good deal, and that has to be discouraged as well. So I think the flexibility that this bill will provide the department with will help to curb some of the abuses that are currently occurring. Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 90 was adopted and S.B. No. 1683, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC ASSISTANCE," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Levin).

Conf. Com. Rep. No. 91 (S.B. No. 1751, H.D. 1, C.D. 1):

On motion by Senator Ikeda, seconded by Senator Kanno and carried, Conf. Com. Rep. No. 91 was adopted and S.B. No. 1751, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PERSONNEL WITHIN THE DIVISION OF CONSUMER ADVOCACY," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Liu).

At 12:24 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:32 o'clock p.m.

Conf. Com. Rep. No. 97 (S.B. No. 1674, S.D. 2, H.D. 2, C.D. 1):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Conf. Com. Rep. No. 97 was adopted and S.B. No. 1674, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO COMMUNITY HOSPITALS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Levin). Excused, 2 (Chumbley, Fernandes Salling).

Conf. Com. Rep. No. 98 (S.B. No. 937, S.D. 2, H.D. 2, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 98 be adopted and S.B. No. 937, S.D. 2, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Ige.

Senator Ige rose in support of the measure as follows:

"Mr. President, I rise to speak in support of this bill.

"Mr. President, in the year 2009, Hawaii will be a different place. The state will be home to a diversified economy based on a born-again agriculture industry, new information and high-technology industries, a tourism industry sensitive and supportive of our multi-cultural heritage, and a research industry thriving and specializing in ocean and earth sciences. The institution that will take us there is the University of Hawaii.

"Currently, the University of Hawaii is the state's most comprehensive institution of post-secondary education. By the year 2009, it will become much more than that. It will be a world-class university recognized throughout the country and the world for its role in international education, training, and research. It will provide statewide access to top tier programs in agriculture, technology, astronomy, Asia-Pacific studies, and ocean and earth sciences, amongst others. It will be a home for our students as they master skills to become life-long learners and critical thinkers. Most importantly, in the year 2009, my eldest daughter, Lauren, will be entering the best university in the world and her success will be assured by the academic training that she will receive.

"In order for us to reach this vision, Mr. President, we must take bold steps and restructure our thinking about the relationship between the university and the State Legislature. On opening day, Mr. President, you challenged us to redefine that relationship by asking that we allow the university to keep all the tuition that it receives. With the support of the chair of the Ways and Means Committee, I think, Mr. President, we can be proud that this landmark legislation truly restructures the relationship between the university and the Legislature.

"First and foremost, it creates sound fiscal policy for the first time in the history of this state. The university, through the Board of Regents, will have the authority to establish and set tuitions and keep all revenue generated by those tuitions. In addition, we have repealed all legislatively mandated tuition waivers and made the university accountable for each and every tuition waiver granted.

"We have also put into place a requirement for mandatory review of all programs so that we avoid the problem of an ever-increasing bureaucracy. It creates a possibility and opportunity for the university to continually reallocate and redirect its resources to the programs to meet the needs of our community. It also establishes a requirement for the university to develop benchmarks to guide the development and steer the university towards the 21st century. It changes our opportunity to establish public policy and requires that the university recast its budget to meet these priorities.

"Mr. President, there have been many questions about the need for this bill. I can cite a whole myriad of reasons why the current fiscal policy has served our state well, but is in much need of change. One of every seven students at the university today receives a tuition waiver, but less than 20% of those tuition waivers are needs-based. Mr. President, I am certain that there is a millionaire, or a son or daughter of a millionaire, enrolled at the university today who is receiving a tuition waiver. From a public policy perspective, I think that is unacceptable.

"Mr. President, I've looked at this bill in a number of ways and there have been a number of people talking about what this bill really does. This bill does not represent a change in the public open-door policy of access to higher education for all of our citizens. Indeed, the Legislature believes and reaffirms our commitment to quality higher education for each and every member of our community. This bill does not increase tuition, nor does it take away any tuition waiver. It restores accountability and places accountability for tuition and tuition waivers with the Board of Regents as it should be.

"What this bill is, Mr. President, is a statement of trust, a statement that we trust the appointed Board of

Regents and the University President, with the guidance of the Legislature through benchmarks establishing direction as to what is in the best interest of all of our people. I do believe, Mr. President, that this bill sets the foundation for greatness of our University of Hawaii and I do believe and have full faith and confidence that the University President and the Board of Regents that we just recently confirmed, are up to to the task. So I urge all of you to vote in favor.

"Thank you."

Senator McCartney also rose in support of the bill and said:

"Mr. President, I rise to speak in favor of the bill.

"I would like to go on record to commend the Higher Education chair for his hard work on the bill along with the Ways and Means chair for taking some risks and moving the system forward. This is clearly a historic bill, a new era for higher education in Hawaii which redefines the relationship between the Legislature and the university. It gives the university greater flexibility and autonomy, yet places the trust of the institution to do what is right for the people. Mr. President, with this greater flexibility and autonomy we have a benchmark system that will provide great accountability. It is a very historic bill and I would like to commend the people that worked on this bill. I think it will move our system forward.

"Thank you."

Senator Matsuura rose in support and said:

"Mr. President, I rise to speak in support of this measure.

"I want to commend the chairman of the Higher Education Committee. Senator David Ige is a quiet person who doesn't stand up very often, but here is a bill that he has drafted and worked on that has vision. The thing that I like about this chairman is that he still has the optimism and enthusiasm in drafting this kind of legislation.

"Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 98 was adopted and S.B. No. 937, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 109 (H.B. No. 386, H.D. 1, S.D. 2, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 109 be adopted and H.B. No. 386, H.D. 1, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Tam.

Senator Tam rose in favor of the measure and said:

"Mr. President, I rise to speak in favor of H.B. No. 386 entitled, 'Relating to the Environment.'

"The overall purpose of this bill is to establish the promotion of environmental education awareness throughout the State of Hawaii. This is the Senate's grassroots legislation in protecting Hawaii's environment now and into the future. With the public awareness of how to dispose of their household waste, Hawaii can save thousands of taxpayer dollars in the clean-up of household waste. The majority of Hawaii's environmental problems and damage is due to household waste.

"This bill specifically does the following:

1. Facilitates and supports the development and establishment of cooperative environmental education initiative with the private sector;

2. Develop and adopt a statewide plan for environmental education;

3. Develop a statewide database of environmental education programs, services, and curricula;

4. Encourages pre-service and in-service teacher training in environmental education; and

5. Supports post- secondary environmental education and training programs to provide qualified personnel and to enhance environmentally sensitive economic activity within the state.

"The impressive point of this bill is that it embraces the facilitation and support of the development and establishment of the stated initiatives among government, environmentalists, and the private sector. In fact, working relationships are now operating. Four successful meetings have occurred this session. Joint partnership is being discussed in producing community oriented educational material at this time.

"Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 109 was adopted and H.B. No. 386, H.D. 1, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE ENVIRONMENT," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 112 (H.B. No. 2133, H.D. 2, S.D. 1, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 112 be adopted and H.B. No. 2133, H.D. 2, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Holt.

Senator Kanno rose in support of the measure and said:

"Mr. President, I rise to speak in support of the measure.

"This measure represents a comprehensive effort to address the rising cost of workers' compensation. We have heard the cries of businesses and this measure represents a good compromise. I define compromise as everyone having to give up something and no one getting everything that they wanted. This includes the parties involved in workers' compensation, labor, employers, insurance companies, medical providers, attorneys, and the administration.

"The first area that I would like to discuss is the most pressing area that needs to be addressed and that is the rising medical costs involved with workers' compensation. The bill provides for a reduced medical fee schedule by tying it to 110% of the medicare fee schedule. It provides for strict limits on the number of treatments; caps on the number of medical exams ordered by the employer and provides for limits on those costs. It also greatly reduces

the number of written reports required by medical providers. It provides for cost reductions in these areas requested by employers. It addresses the part-time worker situation. It addresses double-dipping in regard to subsequent injuries. It includes stiff fraud provisions including charges up to a Class C felony, criminalizing fraud in the area of workers' compensation. It increases fines four times, from $2,500 to $10,000 per offense and provides for restitution of all benefits fraudulently received.

"In the area of health and safety, it provides for 5% premium discounts for those safe work places and also provides for the certification of safety and health professionals by the Labor Department.

"In the area of workers' compensation insurance, we have heard much from those small businesses who are penalized by being thrown into the assigned risk pool. This measure addresses the assigned risk pool in these ways:

-- it requires an experience rating plan for those businesses being thrown into the pool;

-- it provides an incentive program for insurance companies to remove businesses from the assigned risk pool; and

-- it provides for a residual market plan providing for more reasonably priced workers' compensation insurance.

"The bill also provides for disclosure of premium information. When employers get their workers' compensation bills, they will see more clearly where their costs are going. It provides for licensing of workers' compensation insurance claims adjusters. It also provides our insurance commissioner with new powers to better regulate the workers' compensation insurance area, specifically the assigned risk pool. It also provides for public hearings with each rate filing for an increase.

"One industry that businesses are most struggling with workers' compensation and the industry with the highest amount of injuries is that of the construction industry. This bill helps the construction industry in two ways. It provides for contracting classification premium programs and it also provides for allowing the negotiation of workers' compensation benefits through the collective bargaining process.

"Looking toward next session, it provides for a feasibility study to look at coordinated health care delivery systems. It provides that we will be able to review the recommendations next session and rules can be implemented on the new health care system on July 1, 1996.

"This effort is a good compromise measure. It really goes half of the way. The other half of the responsibility falls on the administration, the insurance commissioner and the Labor Department to implement means to bringing down workers' compensation costs for our businesses.

"I would like to thank all of the members for their support in this process and I would like to urge my colleagues to support this measure. Thank you."

Senator Liu also rose in support and said:

"Mr. President, I rise to speak in favor of this bill, but I do have some serious reservations.

"One, whereas I do appreciate the comments made by the chair of the subject matter committee, this certainly rings very, very common to the memory I have of about ten years ago when the same kind of compromise was made on another kind of workers' comp bill and we still ended up with problems.

"The other area of reservation that I have is more of a technical matter and that is I believe that there is no severability clause within this bill. And I think it is naive for us to think, given the controversy which this measure has engendered throughout the session, that there are not interest groups readying their attorneys' briefs right now to file challenges to this measure, should the governor sign the bill into law. As such, I hope that we have done something here, but I would just like to go on record to note that point.

"Thank you very much, Mr. President."

Senator Anderson rose in support and said:

"Mr. President, I'm going to speak for this bill, but I do have some reservations primarily because I am in business and it does bother me that we never look at the presumption clause. We did nothing to repeal Act 67. If you are looking at attorneys and the insurance companies and other people to try to help us, we are taking a beating because we as Legislators have told businesses what we have to take in the way of insurance. Every one of my insurance policies has gone up. My manufacturing bills have gone up. The last four 40-foot containers that I've had come in, I could not afford to hire people, so my son-in-law, my grandson and myself had to unload them, and the last one, my wife helped us with.

"We are in trouble in small business. We are not talking about the large businesses. They have a chance to take and pass on their costs to others, be it airlines, be it A & B, be it any company that's large enough. But a small businessman has to compete, we have to purchase, we have to pay up front, and we have to compete in today's market. And we are taking a beating, and workers' comp is a big portion of it. It was to a point that the last time they sent us a bill, (and we've been going back and forth) we said the heck with it, we can't afford it and we won't pay it. But by law you have to take it.

"So those are the reservations that I have. It is not easy to say that we cannot look at certain areas. But I do want to congratulate our chairmen. I know they worked hard. We tried very, very hard to take care of most of the concerns, but I do have those reservations and I will be voting 'aye.'

"Thank you very much, Mr. President."

Senator Baker rose in support of the measure and said:

"Mr. President, I rise to speak in strong support of this measure.

"I do have some written remarks that I would like inserted in the Journal but I believe I must add an additional comment. There was a lot of skepticism when this session opened as to whether this Legislature would be able to craft a bill that would meet the major concerns of business and labor in the area of workers' compensation. Mr. President, I believe that challenge was met with the passage of this bill, H.B. No. 2133, C.D. 1. It does address the major cost drivers that have been causing premiums to soar.

"I think we owe a great deal of credit to the chairs involved in the Conference Committee, Chair Kanno,

Chair Holt and Chair Ikeda for their efforts and their leadership to ensure that the conference would be a successful one. Of course, the proof will be in the pudding when the law is implemented, the rules are in effect, and the insurance commissioner acts on the rate filing. But I believe next session we will not have the hue and cry coming back to us that we must again tinker with this system.

"Thank you."

The Chair having so ordered, Senator Baker's remarks read as follows:

"As we all know, the workers' compensation system is badly in need of major reform. Premiums have soared, businesses have folded, abuses have often been rampant, and workers have suffered for lack of appropriate treatment. This dire situation cannot be allowed to continue.

"Medical expenditures have been one of the biggest cost drivers in the workers' compensation system. This bill cuts unnecessary costs but preserves medical benefits and our workers' right to choose their own health care providers. By setting appropriate utilization guidelines, this measure ensures needed treatment but prevents overuse. These guidelines are bolstered by the elimination of double dipping and tougher fraud provisions to further curb abuse.

"In addition, we have greatly increased our emphasis on workplace safety because the most effective way to reduce costs, suffering and lost productivity is to prevent injuries and illnesses from happening. To that end, we have created a safety and health certification program and provided financial incentives to make every business a safe place to work.

"We have also made the system more open by requiring insurers to disclose premium information to employers by mandating public hearings on rate filings, and by allowing insurance benefits to be subject to collective bargaining. We have eliminated time consuming and costly bureaucracy by cutting out unnecessary paperwork, streamlining the claims process, and creating an administrative special fund solely for the administration of workers' compensation insurance. And we have called for a study on the assigned risk program so that we can determine how best to return businesses to the voluntary market.

"Mr. President, the pleas of our constituents for comprehensive workers' compensation reform have been undeniable. I am proud to say that your subject committees and the Conference Committee have heard the cries and risen to the task. After much deliberation, we have before us a piece of legislation which responds to the concerns of businesses, workers, and health care providers alike. It is a measure which is long overdue.

"I strongly urge all of my colleagues to vote in support of his measure.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 112 was adopted and H.B. No. 2133, H.D. 2, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION REFORM," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 113 (H.B. No. 1472, H.D. 1, S.D. 1, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 113 be adopted and H.B. No. 1472, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Baker.

Senator Matsuura then requested permission of the Chair to have his remarks on the measure inserted into the Journal.

The Chair having so ordered, Senator Matsuura's remarks follow:

"Mr. President, the nursing facility tax credit (which is part of the medical services excise tax credit) was inadvertently repealed this session. The nursing facility reimburses non-medicaid patients for the 6% nursing facility tax.

"It was never the intention of the Senate to repeal the nursing facility portion of the medical services excise tax credit.

"It is however, Senator Ikeda's intention to correct that error during the next legislative session by recodifying the nursing facility portion of the tax credit to take effect retroactively to 1995. Since tax credits can only be claimed at the end of the year, the effect would be the same as if there were no repeal.

"Senator Ikeda and I apologize to everyone for the inadvertent error."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 113 was adopted and H.B. No. 1472, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TAX CREDITS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Liu).

At 12:51 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:54 o'clock p.m.

Conf. Com. Rep. No. 128 (S.B. No. 487, S.D. 1, H.D. 1, C.D. 1):

Senator Graulty, moved that Conf. Com. Rep. No. 128 be adopted and S.B. No. 487, S.D. 1, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Holt.

Senator Anderson rose in opposition to the measure as follows:

"Mr. President, I will be voting 'no' on this particular bill primarily because, as far as I am concerned, it missed the deadline with our own internal regulations. Regardless of how I would have voted otherwise, had the chairman of the House accepted our proposal at the last moment, I think it would have been fine. He did not and I don't like to have anybody thinking I'm not very bright because when they were asking me, I said it was dead and then all of a sudden it wasn't. And for that reason, I don't want to set a precedent. I think it is a bad policy because the next time somebody else will be asking for it. For that reason, I will be voting 'no.'

"Thank you."

Senator Ikeda rose in support of the measure and stated:

"Mr. President, to clarify some of the allegations made by the previous speaker, this bill did not miss the deadline. The bill was delivered to the Senate Clerk even though it is a House bill. That is legal because we have one version of the bill and as long as it is delivered to one of the Clerks before midnight, it does meet the requirements. So it is valid. It is not something that slipped under the wire. There may be things in it that are not to people's liking, but it certainly shouldn't be voted down on a technical flaw.

"Thank you."

Senator Anderson then responded:

"Mr. President, as a person who was on the Conference, I don't want people to think that I was neglected then, being that I was the only Minority. When we were excused, I was never called back. So as far as I was concerned, that bill died. Thank you."

Senator Graulty then rose in support of the measure as follows:

"Mr. President, I would like to speak in favor of this bill.

"Mr. President, this is a win-win bill. This is a win-win bill because for the dealers, it forces the manufacturers to work with them and to make them successful in the gasoline business, because if the dealers are not successful under this bill, the manufacturers cannot open company-operated stations. So both have an interest for the first time, I believe, in working together. Hopefully, the manufacturers will do everything they can to assist the franchise dealers and make sure that they remain viable or that they become viable and remain viable. And it is for that reason that it's a 'win' for the dealer.

"It is also a 'win' for the manufacturer or refiner because it gives them the opportunity to open a maximum of two company-operated service stations during the next two years. It lifts the moratorium on opening company-operated service stations and is thus a 'win' for them as well.

"It is a win for a third reason, Mr. President. For the last eight years, our Legislatures have been dealing with moratorium and divorcement legislation and there has been a lot of rancor, a lot of unhappiness, perhaps, on the part of either the dealers or the manufacturers with regard to this particular bill. And now, hopefully after eight years, they will not need to come to the Legislature again and ask one side or the other for some support from the Legislature. I think for that reason it is also a 'win' for the Legislature.

"Lastly, Mr. President, I could not let this moment pass without thanking my co-chair Senator Holt because it was his brilliant insight that led to the resolution of this bill and I thank him very much for it.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 128 was adopted and S.B. No. 487, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO GASOLINE DEALERS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Liu).

Conf. Com. Rep. No. 137 (S.B. No. 1762, S.D. 1, H.D. 1, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 137 be adopted and S.B. No. 1762, S.D. 1, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Holt.

Senator Holt rose in support of the measure as follows:

"Mr. President, I rise to speak in support of this bill.

"Mr. President, at the present time, Hawaii has one of the highest average premiums for automobile insurance in the nation and is currently ranked number one in average claims loss. With approximately 900,000 vehicles currently registered in the state and over 700,000 licensed drivers, it is easy to understand and sympathize with the tremendous public frustration with this issue and their demand for dramatic reforms.

"As your Committee on Consumer Protection considered the immensity of this problem during the first days of this session, we were reminded of the governor's personal philosophy which he expressed in his state-of-the-state address: 'I believe our ability to solve our state's problems is limited only by our imagination and resolve.'

"I firmly believe, Mr. President, that the public expects no less from the Legislature.

"With this thought in mind, your Committee on Consumer Protection placed all of its focus on the public's major concerns. As a result of our perseverance and determination, we produced a bill that, to my knowledge, enacts needed reforms that have not been accomplished by any other state. The bill that we have before us today, therefore, is the product of the Senate's resolve to address the heart of the issues and is consistent with our goals as reflected in Senate stand. com. rep. no. 155. These goals include:

1. Reduction of cost and increase in availability of motor vehicle insurance;

2. Speedy compensation for economic losses;

3. Establishment of mandatory minimum levels of insurance coverage for motor vehicle accident-related injuries; and

4. Elimination of artificial 'cost-drivers' which ensure rising costs of insurance premiums.

"Rather than continuing to speak on the basic substance of this bill, Mr. President, I would like to address what I foresee as its profound impact and significance to our society and the legislative policy changes that it embodies in the way that our citizens are compensated for injuries and losses resulting from accidents. First, in the case of accidents where injuries are truly unintended and unintentional, compensation will be awarded in accordance with the injured party's mandatory insurance coverage, rather than through the complicated and costly tort system. In approving this bill, the Legislature will, in essence, acknowledge that this is a much more economical, efficient, and fair system of recovery from a public policy standpoint and the interest of the consumer. Secondly, I believe that the provisions of the bill relating to coordinated and collateral health benefits will form the basis for a future '24-hour' health coverage policy designed to protect our citizens under any and all circumstances for personal injury.

"Since I began this speech with a quote from the governor's state-of-the-state address, Mr. President, I think that it is appropriate that I close with another from the same address: 'During the election, the people of Hawaii knew our state was headed for hard times. And yet, they chose you and me to lead, to give them hope, to make things better by doing the right thing.'

"By passing this bill, Mr. President, we will be doing as the governor suggests. We will be restoring the people's confidence in our government to solve difficult problems. We will give them hope and relief. We will make things better by doing the right thing.

"I want to thank the members of the Senate Consumer Protection Committee who had faith and confidence in this bill to move it forward, to the members of the Ways and Means Committee who believed in its merits to bring this bill to the floor, and to the members of this body who moved this bill across to the House weeks before the first cross-over deadline. And, Mr. President, I'd like to thank the House for agreeing with the Senate that this visionary bill will make Hawaii better.

"For these reasons, Mr. President, I would like to strongly urge my colleagues to join me in voting in support of this measure. Thank you."

Senator Levin rose to speak in favor of the measure and said:

"Mr. President, I rise to speak in favor of this bill.

"Quite often we are asked to make a leap of faith when we consider new and innovative legislation. Quite often we take that leap but it is usually on the first or second reading in committee, rather than on the final reading on the 60th day of the session. Nevertheless, today is the 60th day and we must decide whether or not to take that leap, to set sail on unchartered waters with no ability to amend or improve on the document in front of us.

"The bill before us is very much a work in progress. Our Consumer Protection chair deserves much credit for the innovative steps he is proposing, but because of the complexity of the issue, we should also acknowledge that this is not a final product that we are being asked to vote on today. There are issues that remain unresolved. Have we adequately examined the New Zealand model which apparently is the closest in the world to pure no-fault? What happens with pedestrians? What about tourists, or what about us when we drive on the Mainland? What about welfare recipients? How does the phase-in work on this bill? How do we sue someone who is engaged in criminal conduct if that person has no assets and no insurance?

"Moreover, there are many voices that need to be heard on this bill before we do anything irrevocable. That includes our own insurance commissioner, the auto insurance industry, and other sectors of our economy that will be impacted as a consequence of this legislation, such as health care insurers and businesses which pay for much of health insurance. Normally, that would mean we should not be passing this legislation and it should be further digested, analyzed and refined. However, this issue is, I think, unique. Unique because on the one hand, people are being hurt by the extraordinary cost of auto insurance, and second, because there is a safety valve available to us so that passage of this bill today will not be an irrevocable commitment to the policy that we might regret upon further reflection.

"We have in our arsenal a tool that has never been used, to the best of my knowledge. That tool is the combination of the governor's veto power and our authority to not only override such a veto, but to amend the bill to meet the governor's objections. That authority is given to us in Article III, Section 16, of our State Constitution entitled 'Reconsideration.' Using our power of reconsideration would give us 45 days in which to improve the bill before us. That time could be used by you, Mr. President, by the Speaker, by the Senate and House chairs of Consumer Protection and the money committees, by the administration, and by interested parties, to work cooperatively, rather than confrontationally, to refine this measure, to deal with the unanswered questions, to analyze the ramifications of this proposal, and to come back in 45 days following the governor's friendly veto to see if there is consensus that the reforms proposed in this bill are beneficial to our constituents.

"I recognize that this approach would put in jeopardy the very provision of this bill that is most desirable to me, but also quite controversial, and that is the provision that allows drivers to legally go bare and to no longer be deemed criminals for not having insurance.

"Still, the review process that I am suggesting is a risk that I think we need to take because the alternative is to have this bill die and have our constituents experience another year of outrageous insurance premiums with no end in sight. We are proposing to drastically change law that has developed over a long period of time and has protected individuals for a couple of hundred years. We are taking away rights of our citizens to use our courts, but that is not a unique or unprecedented act. We did the same thing decades ago with workers' compensation and the trade-off was deemed reasonable. The trade-off today may also be reasonable and we should give the concept another 45 days to be critiqued, refined and considered.

"Thank you."

Senator McCartney, rising in favor of the measure, then said:

"Mr. President, I rise to speak in support of the bill.

"Mr. President, I'd like to thank the Senator from Kalihi for being the quarterback on this bill, for marching the bill down the field in light of all the special interests that tried to get in the way and block it. I think it's a bold step. If you look at the no-fault system that we have in place today, Mr. President, it's really evolved into a your-fault system where everybody is blaming everybody for all the problems.

"This bill, Mr. President, is a revolutionary step to transform and redefine auto insurance in the country. It's a bold act that will be an example for others to follow. It's real change for consumers. Mr. President, the 45% roll-back is significant. For a family of four, like myself, who has two cars, that amounts to almost a thousand dollars back in our pockets that we can use in our economy to make it in this place called Hawaii. It's a historic bill that challenges the status quo and I'd like to commend the chairman of the Consumer Protection Committee and the support of the Ways and Means Committee for making this bill possible. It's visionary; it's a leap of faith, and it's about time we do it.

"Thank you, Mr. President."

Senator Fernandes Salling rose to speak against the measure as follows:

"Mr. President, I rise to speak against this measure and I do it in the strongest terms, although at the outset, I wish to acknowledge the sincere and earnest efforts of

this bill's author, and to acknowledge the frankness of its approach, and the perseverance and ingenuity with which our conferees (and they know who they are) have managed the task of bringing this measure to these halls to be debated. BUT MAKE NO MISTAKE ABOUT IT, as I said when I supported an earlier version and voted to send it over for consideration by our House colleagues, I have such serious reservations about this measure that I intend to contribute to a debate which hopefully may ultimately lead to the bill's veto by our governor, in the event that this body should make, and I say this in all sincerity, the great mistake of passing it today.

"Passage of this measure will again put our state in the headlines nationally and further bolster this state's reputation, not as the 'Aloha State', but as the 'BIZARRE STATE.' Our visitors already fear that when they come to Hawaii, they will pay some of the highest hotel room rates in the country, prostitutes will pursue them down the streets in Waikiki, and their possessions will be stolen whenever they park their cars. Even Andy Rooney on national television (CBS) tells visitors their belongings will not be safe. Now, with our DUI reform this year, visitors could be arrested and treated as drunk drivers if they're caught having two or three beers with their lunch.

"Supposedly, the whole point of the legislation introduced this session in both houses to modify Hawaii's present system of (modified) no-fault automobile insurance was to lower insurance premiums for the citizens of the 'Aloha State', which could also be called the 'high priced State.' Passing this first-of-its-kind measure will again put our state on the front pages and in many quarters, and will be used to damage our reputation in the eyes of prospective visitors and with those considering doing business here. This measure will very likely cause our health insurance rates to soar, increasing the cost of health plans which hit all businesses so hard, and make it especially difficult for small businesses to survive. HMSA has been strangely silent about this legislation. I can't help but ask myself 'Why?' Can anyone doubt that the health insurers see possible windfalls coming out of it?

"Our visitors already fear that when they come to Hawaii they will pay some of the highest prices in the nation.

"Now if we are foolish enough to pass S.B. No. 1762 in its present form, it will slam the doors of our court system in the faces of highway users with serious claims for injury or even death, unless they are lucky enough to be able to prove they have suffered as a result of something called 'intentional conduct'. (By the way, what is the definition of 'intentional conduct'?)

"Things are becoming really so strange in this state that our state may force other states to give legal recognition to our same-sex marriages, but we won't even allow our visitors to purchase a $5.00 lottery ticket here, the way they are allowed to in their home states. This 'pure no-fault' bill will put us out of step with the rest of the nation, and for what? Does anyone in this chamber really believe that our consumers will actually see reductions in their insurance premiums anywhere near the 45% that is being promised? If so, I'd compare their naivete to that of someone like Charlie Brown, who keeps making the same mistake over and over again in the face of unmistakable evidence that the deck is stacked against him, and those he places his trust in are not about to act in his best interests.

"In the (Sunday Star Bulletin &) Honolulu Advertiser, April 30, 1995, even the Insurance Council, Mr. Paul Abels, is already questioning whether or not this 45% roll back is going to happen because maybe it's not based on sound data. Yet, they were there. They promised. They committed. I would hope so, I mean that's why we have the bill before us because we are promising the consumers a 45% reduction in their premiums. Yet, a day ago, these companies represented by the Council itself (maybe not all, I have to clarify, but the majority of them) were already questioning whether or not they can give us a 45% reduction in premiums. Not us, I'm talking about the consumers throughout this state.

"In 1986 the Legislature put in place some reforms supported by the insurance industry which were supposed to result in premium reductions, and we got increases instead. What did we do? Again in 1992 we listened to insurance industry promises of premium reductions as high as 20%, and we passed measures taking away the rights of accident victims. And again, just like Charlie Brown, they stuck it to us with a vengeance, without even an apology. Lots of excuses, but no apologies from those who promised the Legislature and the people meaningful rate reductions. Where does this leave us in 1995?

"We have the highest automobile premiums in the nation. We pay more to put food on the table than anywhere else in the nation. Our home prices and rents are higher, our taxes are higher, our cost of doing business is higher. Surely we don't want to do anything during this legislative session to increase the cost of automobile insurance. But let us never forget, that every time we've passed any so-called reforms in the past to bring down insurance rates, we had the opposite effect. And in the event this last minute, radical overhaul of an already bankrupt no-fault does go into effect, how do we know the consumers will not again be cheated of their promised 45% reduction in premiums? Well, the insurance industry gives us its assurances, and we have an office of Insurance Commissioner with a paltry budget hardly sufficient to keep its doors open, which has never in the past been able to make our insurance companies keep their promises? (I sure do hope that we do something about his budget next year. Increase it so that he can have the people power to oversee the insurance companies.) Why am I not comforted by these facts?

"What has been unfortunately ignored by the authors of all of the 1995 'reform' bills, including the latest version unveiled by our conferees (and I have the highest respect for the Senate conferees) at the last minute, when there is little time to scrutinize its many and complicated new provisions, is the simple fact that the way to abolish astronomical insurance premiums is to abolish no-fault itself.

"Most states do not have no-fault insurance. Virtually all of the highest premium states are no-fault states, while most of the lowest premium states are 'fault' states, with traditional tort liability systems like that in California.

"In spite of its reputation as a state with an out of control legal system (or should I say out-of-control attorneys), the state of California has gone in the past five years from having the 7th fastest rising auto insurance premiums in the U.S., to presently having the 3rd lowest. And it wasn't done by adopting 'tort reform', or taking away the rights of access to our courts for injured people. This dramatic reduction was achieved by getting tough with the insurance industry, and requiring the insurance companies to trim their fat and become more efficient in running their companies and settling their claims. Thank you, Mr. President."

Senator Taniguchi rose in opposition to the measure as follows:

"Mr. President, I also rise to speak against this bill, but with a little less color than the previous speaker. (Laughter.)

"Mr. President, I believe that this bill is not well crafted. It was agreed to at the eleventh hour and therefore it is a patchwork of sometimes conflicting provisions. Specifically, I have concerns about the 45% roll-back. While I support a true rate reduction, I believe this roll-back is illusory. This is because this rate reduction will not be implemented until May 1997, at the earliest. On top of that, insurance companies can seemingly avoid this rate reduction by merely filing for a more appropriate rate.

"Secondly, the insurance commissioner is being asked to develop a schedule for pain and suffering compensation, but there is no requirement that the insurers adhere to it. Thirdly, this measure does not deal with the question of uninsured motorists. It apparently allows drivers to go bare. Fourthly, it is not clear under what circumstances the injured party is allowed to sue. (We had some discussion on this in our caucus.) Lastly, this measure shifts costs to the insured party's medical insurance. Ultimately, I believe, this will mean higher premium costs for medical insurance. This will have an impact on the share of premium costs paid by all employers including state government.

"Based on these reasons, I ask my colleagues to vote against this bill. Thank you."

Senator Kanno rose in support of the measure and said:

"Mr. President, I rise to speak in support of the measure with reservations.

"Mr. President, this measure goes about correcting a bad situation and has to do with the medical waste incinerator about to open in the Waipahu community. It is located down the street from several hundred homes and the homes are downwind of the incinerator. Last year when permits were being applied for, a notice of the public hearing was published in the legal notices section of the classified advertising of the newspaper and no one in the community was aware of it. So no one was apprised of the permit applications and the permits were awarded last year.

"The bill provides for special purpose revenue bonds to assist in moving the medical waste incinerator to another community. I would like to state that no state money would be expended, nor any of the state's lending authority.

"My reservations come from the fact that the only alternate site being considered is at Campbell Industrial Park, and there are constituents of mine who are very concerned about the new location being proposed for the medical waste incinerator, and have concerns about the effects upon their residences. Already, Leeward Oahu bears the burden in regard to these kinds of negative facilities including overhead 138 KV powerlines that will be running alongside of people's homes, landfills, the H-power plant, refineries; there are proposed a new airport and a prison. Our community is already struggling with the massive amount of development. I believe that Leeward and Central Oahu face the worst traffic on the island. We are also struggling with such issues as having a slaughterhouse right across the street from brand new homes. So there are a lot of struggles and burdens placed upon our communities.

"This session the Legislature is supporting the community by passing measures such as funding for U.H.-West Oahu, state office buildings and the family court center in Kapolei. And I greatly appreciate those efforts to start to provide the needed facilities that go along with construction of the second city in the Ewa plain.

"One other positive thing about the move to Campbell Industrial Park would be that new hearings would be required before the move is allowed. So new hearings at the county level, new permits having to be applied for at the state level, and the community truly having a first opportunity at reviewing the project and providing their input into the process.

"In closing, I ask my colleagues to support this measure because it is a matter of addressing the lesser of the evils and it is better to have the facility two miles away from someone's home as opposed to down the street. Thank you very much."

Senator Aki rose in opposition to the bill as follows:

"Mr. President, I rise to speak against this bill.

"This bill authorizes $6 million of special purpose revenue bonds for a medical waste facility project to be developed by Pacific Controls, Ltd. from Waipahu to Campbell Industrial Park.

"Mr. President, in testimony before the Committee on Ecology and Environmental Protection, questions were raised as to the need for this project. The Department of Health testified that it is not responsible to look into the issue of need. Their primary concern is the community's health. Mr. President, they found no threat to the surrounding community. And I bring attention to the members of the Senate that there is no need for this bill. Others who are presently in the business are only doing 40% of their capacity.

"Also, Pacific Controls is ready to operate at its present location in Waipahu. They are located in an industrial area zoned for that type of activity. The question becomes why is their project moving from Waipahu to Campbell Industrial Park? There is only one answer: POLITICS.

"This is the kind of action by government that alienates our communities. I don't think this bill would have moved if any of Pacific Control competitors wanted to do the project. And now by action of this Legislation, we give special advantage to a business which is in competition with others doing the same job. This is not right.

"Finally, Mr. President, the Leeward communities of Makakilo, Kapolei, Honokai Hale, Nanakuli and the entire Waianae Coast will not sit back and accept the action of this legislation. They will fight this project. The area has more than its share of industrial activities. There is a limit to the amount of industrial waste the community can manage. I believe we are near that level.

"Mr. President, I cannot and will not vote for this bill. Thank you."

Senator Kawamoto rose in support of the measure and said:

"Mr. President, I rise to speak in support of this bill.

"Senate Bill No. 1410, relating to special purpose revenue bonds for medical waste facility projects, Mr. President, is an example of reasonable minds coming together to hopefully effect a reasonable solution. Last year it came to the public's attention that a private company was building a medical waste incinerator and disposal facility and that it was only 150 yards from the nearest residence in West Lock and Waipahu's Ota camp. After much resident concerns and discussion, the company offered something positive. They asked to move its facilities to Campbell Industrial Park. It could have some assistance and assistance came by S.B. No. 1410 which authorizes the issuance of special purpose revenue bonds for the private company. Mind you, this is not public funds or state funds but special revenue bonds, and the liability will rest upon the private company.

"We are mindful of the concerns of the residents and neighbors of Honokai Hale subdivision, who in turn are about 2-1/2 miles from the proposed new incinerator site in Campbell. We shall monitor the entire situation as the company goes through the permit process again.

"All things being considered, Mr. President, I urge this honorable body to vote in favor of S.B. No. 1410. Thank you."

Senator Tam, rising in opposition to the measure, then stated:

"Mr. President, I have words of opposition I would like to insert into the Journal. Thank you."

The Chair having so ordered, Senator Tam's remarks follow:

"Mr. President, please register my 'no' vote on S.B. No. 1410, S.D. 2, H.D. 1, C.D. 1, a bill entitled, 'Relating to the Authorization of Special Purpose Revenue Bonds for Medical Waste Facility Project Development.' I oppose this bill for the following reasons:

1. The applicant applied for special revenue bonds for a waste treatment facility only to treat medical waste and not for foreign waste; and

2. The special revenue bonds were originally for moving costs, not for everything under the sun.

"This bill has become a special interest bill. Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 85 was adopted and S.B. No. 1410, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE AUTHORIZATION OF SPECIAL PURPOSE REVENUE BONDS FOR MEDICAL WASTE FACILITY PROJECT DEVELOPMENT," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Aki, Liu, Tam). Excused, 1 (Bunda).

Conf. Com. Rep. No. 93 (S.B. No. 68, S.D. 2, H.D. 1, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 93 be adopted and S.B. No. 68, S.D. 2, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Matsuura.

Senator Tam rose in support of the measure and said:

"Mr. President, I rise to speak in favor of S.B. No. 68, a bill entitled, 'Relating to Public Assistance.'

"Mr. President and fellow colleagues, this bill authorizes the Department of Human Services to plan for and to implement an Electronic Benefit Transfer (EBT) system for the food stamp program and the Aid to Families with Dependent Children (AFDC) program. This system embraces the concept and practice of using a plastic charge card for the benefits of welfare recipients.

"The benefits of the EBT system are:

1. Eliminates unqualified third parties from the illegal selling of food stamps at a discount;

2. Eliminates food stamp recipients from selling their food stamps for 50 cents on the dollar to buy illegal drugs and liquor (This is currently happening on the streets in Chinatown.); and

3. A cost savings to Hawaii's taxpayers in the handling of the food stamp coupons.

"I wish to thank Senator Richard Matsuura, chairman of the Human Services Committee, for including me in the task force for this bill. Also, thank you to all of those in the task force. Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 93 was adopted and S.B. No. 68, S.D. 2, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC ASSISTANCE," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Anderson, Iwase).

Conf. Com. Rep. No. 100 (S.B. No. 1298, S.D. 2, H.D. 3, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 100 be adopted and S.B. No. 1298, S.D. 2, H.D. 3, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Chumbley.

Senator Chumbley rose in support of the measure as follows:

"Mr. President, I rise in support of this measure.

"The passage of this bill will culminate seven years of effort to establish the highest possible standards in our teaching profession. The teacher standards board represents an integral part of our comprehensive systemic reform for the state.

"The board is designed to enhance the profession of teaching and encourage excellence in our public schools by providing every child in Hawaii with a teacher who is qualified to practice the profession of teaching and establishing public confidence in the teaching profession.

"Mr. President, state government is responsible for providing the children of Hawaii with the quality education they deserve, and it is vitally important that the highest possible standards be applied to the training of teachers and the screening of our teachers. This board will provide more public accountability by setting these standards and will promote a higher level of excellence. Thank you, Mr. President."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 100 was adopted and S.B. No. 1298, S.D. 2, H.D. 3, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII TEACHER STANDARDS BOARD," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Anderson, Taniguchi).

Conf. Com. Rep. No. 101 (H.B. No. 1626, H.D. 1, S.D. 2, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 101 be adopted and H.B. No. 1626, H.D. 1, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Chumbley.

Senator Chumbley, in support of the measure, added his remarks as follows:

"Mr. President, educational policy frameworks are undergoing fundamental change all across the country. It is not different for the State of Hawaii.

"House Bill 1626 addresses education policy issues in a cohesive manner by continuing the systemic reform initiatives of past legislatures.

"It offers 'top down' support for 'bottom up' reforms by putting schools first. The intent of this individual school approach is to put students first by not only giving the schools flexibility but also making them directly accountable for student achievement.

"Mr. President, when we speak of student achievement, we should not reduce a student's learning to a single number score from a test. This initiative provides support for assessment and accountability through an

allotment to join the New Standards Project, a national project that assists states and districts to develop student assessment models which will be designed to accommodate locally developed standards with a common national goal. This project was a recommendation of the Hawaii State Commission on Performance Standards.

"House Bill 1626 also provides additional flexibility to develop and implement innovative programs and administrative frameworks which best serve the needs of the students, not the system. These provisions are related to the previous student centered schools legislation.

"Further, this measure provides project manager positions funded through the CIP project to facilitate completion of the school construction process.

"Mr. President, the last two provisions of this bill allow for stakeholder participation in reviewing the method of selection/election of the Board of Education and also the role and duties of the school advisory councils. Both groups will make recommendations to the 1996 Legislature for our further action.

"Mr. President, this is one more step forward by the Legislature in good education policy."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 101 was adopted and H.B. No. 1626, H.D. 1, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Anderson).

Conf. Com. Rep. No. 102 (H.B. No. 1903, S.D. 1, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 102 be adopted and H.B. No. 1903, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Chumbley.

Senator Chumbley, in support of the measure, added his remarks as follows:

"Mr. President, H.B. No. 1903 addresses specific issues in the Department of Education budget. This measure continues the commitment to the improvement of school facilities by appropriating 180 million dollars to the school facilities special fund.

"It also creates an allocation model for school priority funded Instructional Resource Augmentation (IRA) teacher positions to ensure a fair statewide distribution of these resources.

"This measure further repeals a provision that required a separation of administrative from instructional expenses but maintaining a cap of 6.5% on administrative costs. We have developed a better model of separating these expenses which will be reported on a school by school basis through the budget bill.

"Mr. President, H.B. No. 1903 also creates a restriction that will not allow the state office of the DOE to transfer funds for administrative expenditures out of EDN 100 which is the school based budget. It also limits the 5% carry over flexibility to EDN 100.

"And finally, this bill makes clear that the DOE will not reduce a school's future budget if that school was able to retain any of its funds from a previous year.

"The overall message of this bill, Mr. President, is that all funds appropriated by the Legislature then allocated to the schools shall remain with the schools."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 102 was adopted and H.B. No. 1903, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Anderson).

Conf. Com. Rep. No. 104 (H.B. No. 2094, H.D. 2, S.D. 1, C.D. 1):

Senator Graulty, moved that Conf. Com. Rep. No. 104 be adopted and H.B. No. 2094, H.D. 2, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Ikeda.

Senator Graulty rose in support of this measure as follows:

"Mr. President, I rise to speak in support of this bill.

"Mr. President, this is the third year we are dealing with campaign spending reform and I wish to thank Senator Ikeda and Senator Baker for their support in this breakthrough piece of legislation. I also want to thank Mr. Bob Watada and the Attorney General who assisted us, Winfred Pong and my chief clerk, Doanne Sanchez, and the rest of my staff for their work on this bill.

"This bill requires contributors who have received $50,000 or more in any calendar year in contracts for the state and county to register and report that fact to the commission within 30 days of the day of the contribution, or within 30 days of the date of the contract, whichever occurs later. It requires noncandidate committees to prepare extensive organizational reports. It adds the authority to the Campaign Spending Commission to do random audits and field investigations to file for injunctive relief when indicated and to sanction any candidate who fails to comply with the code of fair campaign practices. It provides for a full-time executive director and it requires candidates for governor, lieutenant governor, mayor and prosecuting attorney to file campaign spending reports by electronic means.

"It also limits contributions by individuals to non-candidate committees to $1,000 per election. And it prohibits contributions from corporations and other organizations to the so-called 'mud-PACs' that have plagued our election process. It requires more pre-primary campaign spending reports and requires reporting the occupation and employer of any contributor whose aggregate contributions exceed $1,000 in an election period. It allows candidates running for the Legislature, county councils and prosecuting attorneys to receive up to 30% of the expenditure limit established for each office in public funds, provided the candidate received at least 10% of the votes cast in the election for the office to which the candidate is seeking.

"It also provides that the person guilty of any violation under the campaign spending law will be disqualified from holding public office for four years from the date of conviction. It extends from two to five years for the date of a violation or the filing of the report, the statute of limitations for the commencement of any prosecution.

"Mr. President, for those who believe that the Legislature and Legislators would never act against their self-interest, I say, read this bill. It is worthy of even the

most ardent reformers' commendation and I urge all my colleagues to vote 'aye.'"

The motion was put by the Chair and carried, Conf. Com. Rep. No. 104 was adopted and H.B. No. 2094, H.D. 2, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTIONS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 107 (H.B. No. 1909, H.D. 1, S.D. 1, C.D. 1):

On motion by Senator Ikeda, seconded by Senator Baker and carried, Conf. Com. Rep. No. 107 was adopted and H.B. No. 1909, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Levin).

Conf. Com. Rep. No. 114 (H.B. No. 1828, H.D. 2, S.D. 1, C.D. 1):

Senator Graulty, moved that Conf. Com. Rep. No. 114 be adopted and H.B. No. 1828, H.D. 2, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Ikeda.

Senator Baker rose in support of the measure and said:

"Mr. President, I rise to speak in strong support of this measure.

"As a conferee on this bill, I can attest that reaching consensus on this important matter was difficult, involving long hours, numerous conference committee meetings and many draft proposals. The product of that process is the Conference Draft No. 1 before us today. It is landmark legislation because not only is this Hawaiian Home Lands Trust settlement the largest commitment of resources in our state's history, but also because this bill brings closure to alleged breaches and misuses of the Hawaiian Home Lands Trust. It brings to closure a dark cloud that has hung over our state for more than 75 years. It is a fair and just resolution resulting from years of research, study and work initiated by this Legislature years ago.

"With this measure the trust has been made whole. Now the commission will have both the lands and the resources to meet its obligation to the Homelands Trust beneficiaries.

"Through this legislation, the State of Hawaii will commit $30 million each year for the next 20 years to settle all claims against the state for breaches of trust from August 1959 to July 1988; and resolve all title claims to all lands involving Hawaiian Homes Trust from 1920 to the present. Individual claims and claims against the federal government can go forward.

"It's time now to look to the future, and I know that's what my constituents on Moloka'i will be doing, some of whom are descendents of the first homesteaders, and they will be very pleased to know that the long awaited infrastructure projects at Kalamaula and other places are slated to be constructed from the first of the state payments into the trust. Other initial projects from these first payments will be in Kula on Maui. I believe, Mr. President, it is indeed a bright new day for these beneficiaries and others who have waited far too long for the promise of 1920 to be realized.

"Mr. President, I would like to again recognize the hard work and effort of your Conference Committee chairs, Senators Graulty, Aki, and Ikeda, under whose guidance and leadership we were able to work with the House to craft this comprehensive measure. I would also like to acknowledge the invaluable assistance we received from the Attorney General.

"Mr. President, we can all take great pride in passing this measure for indeed it brings a new beginning to the native Hawaiian community and to our state.

"Thank you."

Senator Solomon then rose in favor of the measure and said:

"Mr. President, I just have some remarks I would like to insert into the journal in support. Thank you."

The Chair having so ordered, Senator Solomon's remarks follow:

"Mr. President, I rise to speak on H.B. No. 1828, relating to Hawaiian Lands.

"Your committees on Judiciary, Hawaiian Affairs and Ways and Means have, by the way of statement in their report on the referenced bill, reminded the federal government of its co-trustee responsibilities to native Hawaiians under the terms of the Hawaiian Homes Commission Act of 1920. In making that statement, correct as far as it goes, your committees did not fully set out the legal obligations of the federal government relative to the public lands of Hawaii.

"Your committees have neglected to set out the fact that the federal government has continuing obligations to the inhabitants of Hawaii as well as to native Hawaiians regarding all the public lands of Hawaii.

"Both the Annexation Treaty of 1897 and the Annexation Resolution of 1898 set out that:

A. 'The absolute fee and ownership of all public, government and crown lands' was transferred to the United States of America on annexation; and

B. All the revenue and proceeds of those lands excepting those committed to federal purposes 'shall be used solely for the benefit of the inhabitants of the Hawaiian Islands for educational and other public purposes.'

"In 1992, I was privileged to serve as chairman of the Governor's Committee on Hawaiian Entitlements. That committee, aided by the Washington law firm of Arent, Fox, Kinter, Plotkin and Kahn, was successful in having included an item in the 1992 platform of the Democratic Party stating that the U.S. Government should 'recognize its trustee obligations to the inhabitants of Hawaii in general, and to native Hawaiians in particular.'

"That item is evidentiary that the Clinton Administration accepts and is committed to the performance of the federal government's obligations as co-trustee with the State of Hawaii.

"Consequently, the trust relationship established in 1898 between the federal government and the inhabitants of Hawaii continues notwithstanding the interpositioning of the State of Hawaii as owner of such lands -- the state's ownership being as it is conditioned on the performance of the terms of the grant to it. Thus, as to any question concerning possible misuse or misapplication of the public lands or proceeds therefrom, whether committed as

Hawaiian Home Lands or not, the inhabitants of Hawaii can look for redress either to the state or to the federal government. Thank you."

Senator Graulty also rose in support of the measure as follows:

"Mr. President, I rise to speak in support of this bill.

"Mr. President, this is a moment of great personal pride for all of us in the Senate and all of us who make up the Eighteenth State Legislature. This is a historic moment for all the people of our state, particularly for our native Hawaiians who have waited so long for this day.

"The Legislature as an institution can take great pride in the fact that in 1988, by passage of Act 395, it recognized that thousands of acres of Hawaiian home lands were used, disposed of, or withdrawn from the Hawaiian Home Lands Trust by territorial or state executive actions in contravention of the Hawaiian Homes Commission Act of 1920. These approximately 203,500 acres of public lands were intended for the rehabilitation of native Hawaiians for whom the United States and the State of Hawaii had assumed a trust responsibility.

"We as a body and as an institution collectively recognized that we had not done right by the native Hawaiians, and having set the wheels of fairness and justice inexorably in motion in 1988, we now stand at the threshold of a bright new day for the native Hawaiian people of our state, a day delayed and denied since statehood, and a day still denied to them by our federal government. We agree -- no matter how difficult and how costly -- that this is the time to end all the double-talk and the empty promises. This is the time to look our native Hawaiian brothers and sisters squarely in the eye and say: 'We have done right by you; we have finally done right by you.'

"Mr. President, there are many in this body who deserve recognition for their efforts on this bill. But this bill is not the product of one Legislature, or one year, but several legislatures and seven years. Certainly, our former Governor John Waihee had a major role. But make no mistake about it -- this has been a product of much legislative sweat and commitment and we acknowledge the work of all those in both houses who have led us to his day. The work of our former colleague, Anthony Chang, deserves recognition today.

"In this session, there were many who were steadfast in their support of this bill. My co-chairman, Senator Aki, never wavered and it was to him we looked to on the principle of what was fair to the native Hawaiian people. I will never forget the night my other co-chair, Senator Ikeda, brought in four of her lawyer-friends to help us on this bill. They had dropped what they were doing in their practices, at her request, to help us with this bill. She was committed to doing the right thing and we recognize and thank her for her commitment and support.

"Mr. President, your Majority Leader, Senator Baker, was always there, working with me and the Attorney General, working with me and Kali Watson, working with me and Earl Anzai. In conference, she was a pillar of strength and resolve. Senator Malama Solomon was a second pillar of strength and resolve during our Conference Committee deliberations. The depth of her feeling on this bill was evident in her words and was deep in her heart.

"Lastly, Mr. President, you cleared the way for this bill and made it possible for this ship to reach port. You pushed us along, you kept conflict out of our way -- you too deserve recognition for your support of this bill.

"This a great moment, Mr. President. This is a moment we will be telling our grandchildren about. It is the 25 of us here and now who have managed to finally do right by the native Hawaiian people. Let us all join together in voting 'aye.' Thank you, Mr. President.

Senator Aki also rose in support of the measure and stated:

"Mr. President, I also rise to speak in support of this bill, and in doing so I would like to ask that the remarks of the previous speaker be incorporated as my own.

"I also have some remarks here that I would like to have noted in the Journal. And I would like to speak in support by saying that many individuals were responsible for bringing this bill forward. From many, many concerned citizens to our governor's office, both past and present. And finally I want to acknowledge the hard work put forth by the members of the Conference Committee, in particular the co-chairs, Senator Donna Ikeda and Senator Rey Graulty, and also the Conference Committee members, Senators Malama Solomon and Roz Baker. Without their strong support, this bill would not be here before us today.

"Mr. President, this is a bill every member of this Senate can be very proud of and I ask all members to vote in favor. Thank you."

The Chair having so ordered, Senator Aki's remarks read as follows:

"I rise to speak in support of this bill.

"Mahalo! With the passage of H.B. No. 1828, the Hawaiian Home Lands Trust will be able to fulfill its obligation; finally, after 75 years of waiting and broken promises.

"The total value of claims far exceeded $600 million, but that was the figure arrived at in a historic negotiation between Hawaiian Homes, the state administration and a representative of Hawaiian Homes beneficiaries. It was a compromise: The beneficiaries agreed to forego specific claims against the state for that period of time in exchange for money that would go to develop house-lots and other Hawaiian Homes improvement.

"Many individuals are responsible for bringing this bill forward. From many, many concerned citizens to the governor's office, past and present."

"I want to acknowledge the hard work put forth by the members of the conference committee, in particular the co-chairs Senators Donna Ikeda and Rey Graulty and Senators Malama Solomon and Roz Baker. Without their strong support this bill would not be before us today.

"Mr. President, this is a bill every member of the Senate can be very proud of. I ask all members to vote in favor of H.B. No. 1828.

"Thank you."

Senator Matsuura rose in support and said:

"Mr. President, I also rise in support of this measure.

"There are a number of people here who may have a conflict of interest, including myself, so I just want to state that for the record, if I may be allowed to vote. My conflict is that I have three lovely grandchildren who are 40% Hawaiian."

The Chair ruled that Senator Matsuura was not in conflict.

Senator Anderson then rose and said:

"Mr. President, since the Senator brought that up and I'm going to be in favor, I do have a conflict. My wife works for Bishop Estate and so does my daughter."

The Chair ruled that Senator Anderson was not in conflict.

Senator Anderson continued:

"I don't want to point any fingers but I had some notes but they seem to be missing, so could you put Senator Malama Solomon's notes in the Journal as if they were my own too, please. Thank you."

The Chair so ordered.

The motion was put by the Chair and carried, Conf. Com. Rep. No. 114 was adopted and H.B. No. 1828, H.D. 2, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HAWAIIAN HOME LANDS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Levin).

Conf. Com. Rep. No. 116 (H.B. No. 48, H.D. 2, S.D. 1, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 116 be adopted and H.B. No. 48, H.D. 2, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Baker.

Senator Ikeda requested permission of the Chair to have her remarks in support of the measure inserted into the Journal.

The Chair having so ordered, Senator Ikeda's remarks read as follows:

"Mr. President, I rise to speak in favor of H.B. No. 48, C.D. 1. I feel that this measure is a good first step towards developing more accountability in our state's finances.

"This bill contains more than merely a raid on some of the state's non-general funds. This bill contains provisions that will give the Legislature greater oversight of the state's non-general funds, and will provide a wealth of information to assist us in more prudent budgeting.

"First, the bill gets rid of all unobligated cash balances in prior year accounts. Presently, there are large sums of unobligated funds sitting in these prior year accounts. While these moneys may not all be recouped for the state's general fund, the fact that they have remained in these accounts has obscured fiscal accountability with respect to non-general funds.

"Along with bringing forward these cash balances, the bill provides for extensive reporting on all non-general funds. This annual review will allow us to develop a much more refined sense of the state's programmatic needs and to budget accordingly.

"Finally, there are also provisions that require notification of all transfers of non-general fund money to the general fund by the executive. This will allow us greater oversight over the actions of the executive in this area and is a step towards developing a stronger role for the Legislature in the state's finances.

"Mr. President, this bill is a solid first step towards bringing accountability back to the people. I encourage your support in this step."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 116 was adopted and H.B. No. 48, H.D. 2, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FINANCES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Levin).

Conf. Com. Rep. No. 122 (S.B. No. 82, S.D. 2, H.D. 2, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 122 be adopted and S.B. No. 82, S.D. 2, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Graulty.

Senator Graulty, in support of the measure, requested permission of the Chair to have his remarks on the measure inserted into the Journal.

The Chair having so ordered, Senator Graulty's remarks follow:

"Mr. President, this bill represents a major new initiative in the corrections area. This bill would provide judges, the Department of Public Safety and the Hawaii Paroling Authority with the means by which a program of intermediate sanctions can be imposed on those convicted of a crime, or awaiting trial for a crime. This bill was heavily endorsed by the corrections Population Management Commission headed by Judge Weil.

"The bill establishes a drug court so that offenders are assessed, treated and monitored, rather than simply prosecuted. Our statistics show that approximately 80% of our inmates have drug or alcohol problems and while drug court is intended to be a diversionary program, we can see how having a drug court will stem the tide of increasing numbers in our prison system.

"It has been my long-held belief that drug addiction is more a public health problem than a criminal justice problem. Certainly, the pushers and profiteers need to be criminally prosecuted and S.B. No. 84 dealing with drug dealer liability is a welcome addition to the arsenal of criminal laws addressing this group of people. But we need to do more for treatment and I am happy that we earlier passed S.B. No. 432, relating to drug demand assessments.

"I want to thank the Committee on Ways and Means for providing $612,503 and seven temporary positions for this purpose.

"The bill expands electronic monitoring to a significant extent. The program now has the capability, with the $281,200 in each year of the biennium, and five temporary positions, to conduct after-hours curfew surveillance and house arrest restriction of both pre-trial and post-trial detainees.

"The bill authorizes the establishment of temporary positions to implement the integrated community sanctions program to provide alternative programs for probation violators and sentenced misdemeanants and felons who commit nonviolent property offenses. Thirteen temporary positions have been added for this purpose.

"The bill also allows the Department of Public Safety to establish 10 temporary positions to implement the

Community Reintegration programs, allowing the department, the Prosecuting Attorney's office and the drug court to refer individuals to substance abuse programs. Should these individuals fail to complete these programs, increasing sanctions will be imposed to include incarceration.

"The bill does more. It authorizes the department to establish three temporary positions to meet the anticipated caseload for early parole.

"The bill authorizes the department to establish three temporary Social Worker IV positions to serve as parole officers with the Hawaii Paroling Authority.

"And finally, Mr. President, the bill authorizes the department to add four new positions to the Kashbox program, which deals with minimum security inmates with chronic drug abuse problems.

"This bill, Mr. President and colleagues, provides our maligned prison system with brand new resources and brand new tools to deal with our ever-increasing prison population in a way that does not compromise public safety.

"It has taken a lot of work on the part of your Committees on Judiciary and Ways and Means to get to this day and I urge my colleagues to vote 'aye' on this bill."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 122 was adopted and S.B. No. 82, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CRIME," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Liu).

Conf. Com. Rep. No. 123 (S.B. No. 201, S.D. 1, H.D. 1, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 123 be adopted and S.B. No. 201, S.D. 1, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Tam.

Senator Tam rose in support of the measure and said:

"Mr. President, I rise to speak in favor of S.B. No. 201, a bill entitled, 'Relating to Environmental Education.'

"The purpose of S.B. No. 201 is to establish Hawaii's statewide environmental goals and objectives. S.B. No. 201 along with H.B. No. 386 were the main focuses of the Senate's Ecology and Environmental Protection Committee this year. Both bills build a strong foundation in protecting Hawaii's environment and embrace all involved and interested environmental parties -- just to name a few: government agencies, businesses, environmentalists, etc. -- to work together.

"As chairman of the Ecology and Environmental Protection Committee, my biggest problem was getting governmental agencies, businesses, and environmentalists to work together in caring for our environment. They all wanted to be a friend of our environment, but they all had different proposals. Thus, the need for S.B. No. 201, establishing a consensus for statewide environmental goals and objectives.

"Mr. President, there is strong positive support of this legislation from governmental agencies, businesses, and environmentalists. They have indicated to me that they are tired of fighting each other year after year during the legislative session and getting nowhere. I and many others have hopes that once Hawaii has statewide environmental goals and objectives, funding environmental programs properly will be less of a burden and taxpayers' dollars will be spent more productively.

"I wish to thank Senator Donna Ikeda, chairperson of the Senate Ways and Means Committee for funding the environmental task force with $15,000 in order to establish statewide environmental goals and objectives. The $15,000 is just a start and a commitment by us. Businesses have indicated to me that they intend to make their monetary commitment. All moneys will be used for the purpose of public hearings. No one will be paid for their time.

"Proposed statewide environmental goals and objectives will be given to the Legislature 20 days prior to the start of the 1996 Legislative Session for us to review.

"In closing, 'Not having any goals and objectives is like having no gasoline in a car to get to one's destination.'

"Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 123 was adopted and S.B. No. 201, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL EDUCATION," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Taniguchi).

Conf. Com. Rep. No. 125 (S.B. No. 458, S.D. 1, H.D. 2, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 125 be adopted and S.B. No. 458, S.D. 1, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Bunda.

Senator Bunda rose in support of the measure and said:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, as all of you know, the Waialua Sugar Company has announced that it will be closing its doors by spring of 1996. Incremental layoffs have already begun as of March of this year and the next wave of layoffs will be taking place in September of this year.

"The need to address housing of former employees of Waialua Sugar is great and immediate. At a recent ILWU meeting for the workers, the first and foremost concern was having a roof to live under. Currently, we have many families living in plantation homes owned by the company, and many of them face the possibility of losing their homes. Sadly to say, Mr. President, the company's position is only to allow the workers and their families to remain in company housing six months after their jobs are gone.

"The immediacy of the shutdown will result in significant negative impacts to the workers and the community. The biggest fear is that Waialua and Haleiwa may become an economically depressed area. And should it occur, it will affect the whole North Shore area, creating a feeling of hopelessness and despair.

"Your committee recognizes that all displaced sugar workers are in need of the state's assistance -- Mr. President if not, we fret the idea of increasing the homeless population in the North Shore community.

"Nearly a century ago, the Waialua Sugar Plantation was the primary employer and supported a growing and thriving multi-cultural community. Over the past two decades the company has struggled to maintain their economic viability. The plantation, as an agricultural industry, preserved the rural nature and beauty of the North Shore.

"I know many of us here have fond memories of plantation days -- I sure do. History has taught us that there is one thing about life that is constant, and that is change. For many of us, this time of change may be distressing because our personal lives are approaching uncertainty. With that, what is important is to retain and foster this community's worth, identity and integrity. With these assets and the housing assistance appropriated in this bill, together we can make this change a positive growth process.

"Finally, Mr. President, I would like to thank Chair Ikeda for her hard work and creativity of the budget and for her support and cooperation for Waialua. I urge all of you to support this measure.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 125 was adopted and S.B. No. 458, S.D. 1, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 133 (S.B. No. 1331, S.D. 1, H.D. 2, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 133 be adopted and S.B. No. 1331, S.D. 1, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Graulty.

Senator Graulty rose in support of the measure and said:

"Mr. President, I rise to speak in support of this bill very briefly.

"Mr. President, this is another piece of landmark legislation this session. What it is going to do is to transfer the functions and authority exercised by the lieutenant governor as Chief Elections Officer to a Chief Elections Officer appointed by an Elections Appointment Panel. There has been a perception on the part of the public that it is fundamentally unfair that an elected official, such as the lieutenant governor, is in charge of our elections. I think this bill will go a long way towards removing that unfair public perception, but a perception that is there nonetheless.

"I urge all my colleagues to vote aye. Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 133 was adopted and S.B. No. 1331, S.D. 1, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTIONS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 135 (S.B. No. 1701, S.D. 1, H.D. 2, C.D. 1):

Senator Ikeda, moved that Conf. Com. Rep. No. 135 be adopted and S.B. No. 1701, S.D. 1, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Bunda.

Senator Bunda then said:

"Mr. President, I just have some remarks in support that I would like to have inserted in the Journal. Thank you."

The Chair having so ordered, Senator Bunda's remarks follow:

"Mr. President, I rise to speak in favor of S.B. No. 1701, C.D.1. Your Committee on Conference empathizes with the plight of those that require some assistance to meet their housing needs such as those with low incomes, and the displaced workers of Waialua Sugar Company and the workers of Del Monte Pineapple living at Poamoho and Kunia who are in danger of losing their homes.

"The passage of this measure will authorize the Housing Finance and Development Corporation to transfer moneys from the Rental Assistance Revolving Funds to the Rental Housing Trust Fund as well as appropriate much needed funds to provide for housing assistance to the displaced workers of Waialua Sugar Company and the workers of Del Monte Pineapple living in Poamoho and Kunia. The flexibility to transfer funds will permit more efficient use of available funds to provide and ensure affordable housing for the people of the State of Hawaii.

"It is for these reasons that I support the passage of S.B. No. 1701, C.D.1.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 135 was adopted and S.B. No. 1701, S.D. 1, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HOUSING REVOLVING FUNDS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At 1:57 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 2:06 o'clock p.m.

Senator Ikeda moved that the Senate reconsider its action taken on April 26, 1995, in disagreeing to the amendments proposed by the House to S.C.R. No. 103, S.D. 2, seconded by Senator Baker and carried.

Senator Ikeda then moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 103, S.D. 2, seconded by Senator Baker.

Senator Ikeda noted:

"Senate Concurrent Resolution No. 103 requests the risk analysis study of all available geothermal data. House Draft No. 1 requests DOH and DLNR to assist the EPA in the study."

The motion to agree was then put by the Chair and carried.

On motion by Senator Ikeda, seconded by Senator Baker and carried, the Senate agreed to the amendments proposed by the House to S.C.R. No. 103, S.D. 2, and S.C.R. No. 103, S.D. 2, H.D. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING A RISK-ANALYSIS STUDY OF ALL AVAILABLE GEOTHERMAL DATA," was finally adopted.

S.C.R. No. 214, S.D. 1, H.D. 1:

Senator Ikeda moved that the Senate reconsider its action taken on April 26, 1995, in disagreeing to the amendments proposed by the House to S.C.R. No. 214, S.D. 1, seconded by Senator Baker and carried.

Senator Ikeda then moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 214, S.D. 1, seconded by Senator Baker.

Senator Ikeda explained:

"Senate Concurrent Resolution No. 214 requests the governor to convene the Hawaii Maritime Industry Policy Advisory Task Force and H.D. 1 just makes various amendments."

The motion to agree was then put by the Chair and carried.

On motion by Senator Ikeda, seconded by Senator Baker and carried, the Senate agreed to the amendments proposed by the House to S.C.R. No. 214, S.D. 1, and S.C.R. No. 214, S.D. 1, H.D. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR TO CONVENE THE HAWAII MARITIME INDUSTRY POLICY ADVISORY TASK FORCE," was finally adopted.

S.C.R. No. 266, S.D. 1, H.D. 1:

Senator Ikeda moved that the Senate reconsider its action taken on April 26, 1995, in disagreeing to the amendments proposed by the House to S.C.R. No. 266, S.D. 1, seconded by Senator Baker and carried.

Senator Ikeda then moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 266, S.D. 1, seconded by Senator Baker.

Senator Ikeda noted:

"Senate Concurrent Resolution No. 266, H.D. 1, requests a feasibility study on transferring the Traffic Violations Bureau from the Judiciary to the various counties. House Draft No. 1 requests the LRB to study specific guidelines and policies to complete the transfer of functions."

The motion to agree was then put by the Chair and carried.

On motion by Senator Ikeda, seconded by Senator Baker and carried, the Senate agreed to the amendments proposed by the House to S.C.R. No. 266, S.D. 1, and S.C.R. No. 266, S.D. 1, H.D. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING A FEASIBILITY STUDY ON TRANSFERRING THE TRAFFIC VIOLATIONS BUREAU FROM THE JUDICIARY TO THE VARIOUS COUNTIES," was finally adopted.

S.C.R. No. 95, S.D. 1, H.D. 1:

Senator Fukunaga moved that the Senate reconsider its action taken on April 26, 1995, in disagreeing to the amendments proposed by the House to S.C.R. No. 95, S.D. 1, seconded by Senator Ihara and carried.

Senator Fukunaga then moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 95, S.D. 1, seconded by Senator Ihara.

Senator Fukunaga then explained:

"Mr. President, essentially the resolution calls for the Public Utilities Commission and Consumer Advocate to update their service quality standards that are applicable to all utilities. We broadened the coverage of this resolution in the Senate Draft and the House amended the resolution to put in new time frames. There was a timing problem on this but we believe it's better to allow them to get started and we can take a second look next year."

The motion to agree was then put by the Chair and carried.

On motion by Senator Fukunaga, seconded by Senator Ihara and carried, the Senate agreed to the amendments proposed by the House to S.C.R. No. 95, S.D. 1, and S.C.R. No. 95, S.D. 1, H.D. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE PUBLIC UTILITIES COMMISSION, WITH THE ASSISTANCE OF THE CONSUMER ADVOCATE, TO REVIEW AND REVISE RULES PRESCRIBING UPDATED SERVICE QUALITY MEASURES AND STANDARDS," was finally adopted.

On motion by Senator Baker, seconded by Senator Liu and carried, S.R. No. 266, was adopted.

Senate President Mizuguchi then delivered the following closing remarks:

"Fellow Senators, colleagues and friends, we have made our way through the most challenging political times to confront any Legislature in memory. Let us reflect....

"From the beginning, we predicted hard times and tough choices. As unhappy a thought as that is, it became the theme of this session. The deeper we delved, the greater the shortfall seemed to grow, through painful cut after painful cut, one revenue projection after another.

"Throughout, we adhered to the guiding principle that in seeking solutions we should neither create unfairness or hurt the structure of the economy.

"We have emerged from the experience confident that we have exercised our best judgment in seeking workable solutions to our financial crisis. We also now know that we must look to new and alternative revenue sources to enhance our economic stability.

"We have weighed various strategies to fulfill our solemn obligation to repay debts owed to Hawaiian Home Lands.

"We have reformed two key insurance programs -- workers' compensation and auto -- which had become sources of dissatisfaction for everyone.

"Through the budgetary process we have granted new autonomy to the University of Hawaii, while insisting on increased accountability in the Department of Education. Likewise, we have pledged funds for tourism promotion, while restricting funding for staff of the Hawaii Visitors Bureau.

"In his final message to the Legislature 21 years ago, Governor John A. Burns urged co-equality of executive, legislative and judicial branches of government if our system is to endure. In this session, we have respected that advice in the thorough review of executive appointments.

"The Late Governor also said that decisions arrived at here in these halls have enriched the lives of all the people of this state. Notwithstanding the ever-present second-guessers and critics, you have every right to be proud of the consequences of your deliberations in shaping public policy, as is your responsibility. The advice that Governor Burns rendered was sound then, and continues to be now.

"I am not sure how much of this message will reach the public's ear. I do know that we heard their message loud and clear. That is reflected in the higher standards of legislative conduct to which we have committed ourselves -- in the refusal of pay raises, in the stricter regulation of lobbyists, in campaign spending and ethics reform, and in the open decision-making process and formal record of votes made in legislative committees.

"Hard times and tough choices. That is how we started; that is how we end. I congratulate each and every one of you, my colleagues, on your earnest, inspired efforts to respond to the challenges this session offered. You all should take pride in a job well done.

"I thank the Senators and I thank all of the staff for a job well done. Thank you very much."

At this time, the Chair asked the Majority Leader, Majority Floor Leader and the Minority Leader to inform the House of Representatives that the Senate is ready to adjourn, Sine Die.

At 2:24 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 2:35 o'clock p.m.

ADJOURNMENT

Senator Ihara moved that the Senate of the Eighteenth Legislature of the State of Hawaii, Regular Session of 1995, adjourn Sine Die, seconded by Senator Liu and carried.

"EXECUTIVE CHAMBERS
HONOLULU

June 9, 1995

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 48

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 48, entitled 'A Bill for an Act Relating to State Finances.'

The purposes of House Bill No. 48 are to transfer moneys from certain special funds, revolving funds and accounts to the general fund; establish the medicaid investigations recovery fund as a special fund; and add four new sections to chapter 37, Hawaii Revised Statutes, relating to encumbrances and reporting. In addition, this bill contains an appropriation of $50,000.

One proposed new section to be added to chapter 37 provides for the transfer of fund balances in previous years to current fiscal year accounts unless the accounts have been designated for lapsing by the Governor or the

Legislature. This appears to be contrary to Section 11 of Article VII of the Constitution of the State of Hawaii, which provides in part "Any . . . appropriation or any portion of any such appropriation which is unencumbered at the close of the fiscal period for which the appropriation is made, shall lapse . . . ."

Section 4 of the bill lists various funds and accounts from which the Director of Finance is directed to transfer moneys to the general fund. Among these funds are the "litigation settlement clearance account" and the "criminal forfeiture revolving fund, section 712A-16, Hawaii Revised Statutes." transfers of moneys from these two accounts and funds may violate antitrust settlement agreements or consent judgments, and will severely hamper, if not prevent, the Attorney General's enforcement activities in these areas.

Section 9 of Article VII of the Constitution of the State of Hawaii provides in part that "no appropriation bill, except bills recommended by the governor for immediate passage, or to cover the expenses of the legislature, shall be passed on final reading until the bill authorizing operating expenditures for the ensuing biennium, to be known as the general appropriations bill, shall have been transmitted to the governor." This bill was passed on final reading on May 1, 1995, three days before the general appropriations bill, House Bill No. 1220, was transmitted to the Governor on May 4, 1995. Therefore, this bill was passed in violation of the requirements of Section 9 of Article VII of the State Constitution and cannot validly become law.

For the foregoing reasons, I am returning House Bill No. 48 without my approval.

Respectfully,

/s/ Benjamin J. Cayetano
BENJAMIN J. CAYETANO
Governor of Hawaii"

"PROCLAMATION

WHEREAS, under Section 16 of Article III of the Constitution of the State of Hawaii, the Governor is required to give notice, by a proclamation, of his plan to return with his objections any bill presented to him less than ten days before adjournment sine die or presented to him after adjournment sine die of the Legislature; and

WHEREAS, House Bill No. 48, entitled 'A Bill for an Act Relating to State Finances,' passed by the Legislature, was presented to the Governor within the aforementioned period; and

WHEREAS, House Bill No. 48, is unacceptable to the Governor of the State of Hawaii;

NOW, THEREFORE, I, BENJAMIN J. STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 331

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 331, entitled 'A Bill for an Act Making an Appropriation for Housing the Homeless.'

The purpose of House Bill No. 331 is to appropriate $30,000 of operating funds for the "safe haven" pilot project to provide services to homeless, mentally ill persons for each of the fiscal years 1995-1996 and 1996-1997. The Department of Health is authorized to expend the funds.

Section 9 of Article VII of the Constitution of the State of Hawaii provides in part that "no appropriation bill, except bills recommended by the governor for immediate passage, or to cover the expenses of the legislature, shall be passed on final reading until the bill authorizing operating expenditures for the ensuing biennium, to be known as the general appropriations bill, shall have been transmitted to the governor." Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 898, entitled 'A Bill for an Act Relating to the Issuance of Special Purpose Revenue Bonds to Assist Kapiolani Health Care Systems.'

The purpose of House Bill No. 898 is to authorize the Department of Budget and Finance to issue special purpose revenue bonds in a total amount not to exceed $45,000,000 to assist the Kapiolani Health Care System and its not-for-profit subsidiaries in financing the capital costs related to new construction, renovation, and equipment purchase for the Kapiolani Health Care System's health care facility subsidiaries.

The authorization to issue special purpose revenue bonds is construed as including an implied appropriation. Accordingly, House Bill No. 898 is considered to be an appropriation bill subject to Section 9 of Article VII of the State Constitution.

Section 9 of Article VII of the Constitution of the State of Hawaii provides in part that "no appropriation bill, except bills recommended by the governor for immediate passage, or to cover the expenses of the legislature, shall be passed on final reading until the bill authorizing operating expenditures for the ensuing biennium, to be known as the general appropriations bill, shall have been transmitted to the governor." STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1853

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1853, entitled 'A Bill for an Act Relating to Criminal History Record Information.'

The purpose of House Bill No. 1853 is to authorize the Hawaii Criminal Justice Data Center (HCJDC) and the agencies acting on the HCJDC's behalf to charge fees for services related to criminal history record information. The bill also establishes a criminal history record improvement revolving fund, and appropriates out of the revolving fund the sum of $200,000, or so much thereof as may be necessary for fiscal year 1995-1996, to improve the criminal history record information system established under chapter 846, Hawaii Revised Statutes.

Section 9 of Article VII of the Constitution of the State of Hawaii provides in part that "no appropriation bill, except bills recommended by the governor for immediate passage, or to cover the expenses of the legislature, shall be passed on final reading until the bill authorizing operating expenditures for the ensuing biennium, to be known as the general appropriations bill, shall have been transmitted to the governor." This bill was passed on final reading on May 1, 1995, three days before the general appropriations bill, House Bill No. 1220, was transmitted to the Governor on May 4, 1995. Therefore, this bill was passed in violation of the requirements of Section 9 of Article VII of the State Constitution and cannot validly become law.

For the foregoing reasons, I am returning House Bill No. 1853 without my approval.

Respectfully,

/s/ Benjamin J. Cayetano
BENJAMIN J. CAYETANO
Governor of Hawaii"

"PROCLAMATION

WHEREAS, under Section 16 of Article III of the Constitution of the State of Hawaii, the Governor is required to give notice, by a proclamation, of his plan to return with his objections any bill presented to him less than ten days before adjournment sine die or presented to him after adjournment sine die of the Legislature; and

WHEREAS, House Bill No. 1853, entitled 'A Bill for an Act Relating to the Judiciary,' passed by the Legislature, was presented to the Governor within the aforementioned period; and

WHEREAS, House Bill No. 1853, is unacceptable to the Governor of the State of Hawaii;

NOW, THEREFORE, I, BENJAMIN J. CAYETANO, Governor of Hawaii, do hereby issue this proclamation, pursuant to the provisions of Section 16 of Article III of the Constitution of the State of Hawaii, giving notice of my plan to return House Bill No. 1853 with my objections thereon to the Legislature as provided by said Section 16 of Article III of the Constitution.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1903

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1903, entitled 'A Bill for an Act Relating to Education.'

The purpose of House Bill No. 1903 is to authorize the issuance of general obligation bonds in the amount of $90,000,000 for fiscal year 1995-1996 and $90,000,000 for fiscal year 1996-1997 for deposit into the State Educational Facilities Improvement Special Fund. In addition, this bill amends various provisions relating to the expenditure of funds by the Department of Education.

The authorization to issue general obligation bonds is construed as including an implied appropriation. Accordingly, House Bill No. 1903 is considered to be an appropriation bill subject to Section 9 of Article VII of the State Constitution.

Section 9 of Article VII of the Constitution of the State of Hawaii provides in part that "no appropriation bill, except bills recommended by the governor for immediate passage, or to cover the expenses of the legislature, shall be passed on final reading until the bill authorizing operating expenditures for the ensuing biennium, to be known as the general appropriations bill, shall have been transmitted to the governor." This bill was passed on final reading on May 1, 1995, three days before the general appropriations bill, House Bill No. 1220, was transmitted to the Governor on May 4, 1995. Therefore, this bill was passed in violation of the requirements of Section 9 of Article VII of the State Constitution and cannot validly become law.

For the foregoing reasons, I am returning House Bill No. 1903 without my approval.

Respectfully,

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1909

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1909, entitled 'A Bill for an Act Relating to State Funds.'

The purpose of House Bill No. 1909 is to improve state government operations by enacting various fiscal measures relating to governmental operations. In addition, this bill creates and appropriates moneys from the Interagency Federal Revenues Maximization Revolving Fund to be used for the recovery of federal fund reimbursements.

Section 9 of Article VII of the Constitution of the State of Hawaii provides in part that "no appropriation bill, except bills recommended by the governor for immediate passage, or to cover the expenses of the legislature, shall be passed on final reading until the bill authorizing operating expenditures for the ensuing biennium, to be known as the general appropriations bill, shall have been transmitted to the governor." This bill was passed on final reading on May 1, 1995, three days before the general appropriations bill, House Bill No. 1220, was transmitted to the Governor on May 4, 1995. Therefore, this bill was passed in violation of the requirements of Section 9 of Article VII of the State Constitution and cannot validly become law.

In addition, this bill amends Section 12 of Act 200, Session Laws of Hawaii 1994, to extend the authorization to expend moneys relating to the Hawaiian Sovereignty Elections Council from June 30, 1995 to June 30, 1996. However, the effective date of this provision is July 1, 1995. Consequently, because the effective date of this provision is subsequent to the lapse date of such funds, the amendment is ineffective and cannot be implemented.

For the foregoing reasons, I am returning House Bill No. 1909 without my approval.

Respectfully,

/s/ Benjamin J. Cayetano

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1920

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1920, entitled 'A Bill for an Act Relating to the Hawaii Hurricane Relief Fund.'

The purpose of House Bill No. 1920 is to make revisions to the laws governing the Hawaii Hurricane Relief Fund ("Fund"). These revisions include: adding and amending definitions; clarifying the applicability and procedures for the assessments of insurers; authorizing the Fund to exempt certain transactions from the special mortgage recording fee; providing that the Fund's plan of operation and manual of rules and rates are not subject to chapter 91, but that the policy forms are to be adopted pursuant to chapter 91; requiring the Fund's board to approve an estimate of the cost of the examination of the Fund by the Insurance Commissioner and requiring the Commissioner to explain any cost that exceeds the estimate by ten per cent or more; authorizing the hurricane reserve trust fund and any other trust fund necessary for purposes of this chapter to be established outside the state treasury and providing that expenditures by the Fund are not subject to chapter 103D; and providing for the disposition of monies upon dissolution of the Fund. This bill also authorizes the issuance of $200,000,000 in reimbursable general obligation bonds for each of the fiscal years 1994-1995, 1995-1996, and 1996-1997, for deposit into the hurricane reserve trust fund. This bond authorization is construed as including an implied appropriation.

Section 9 of Article VII of the Constitution of the State of Hawaii provides in part that "no appropriation bill, except bills recommended by the governor for immediate passage, or to cover the expenses of the legislature, shall be passed on final reading until the bill authorizing operating expenditures for the ensuing biennium, to be known as the general appropriations bill, shall have been transmitted to the governor." This bill was passed on final reading on May 1, 1995, three days before the general appropriations bill, House Bill No. 1220, was transmitted to the Governor on May 4, 1995. Therefore, this bill was passed in violation of the requirements of Section 9 of Article VII of the State Constitution and cannot validly become law.

For the foregoing reasons, I am returning House Bill No. 1920 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1996

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1996, entitled 'A Bill for an Act Relating to Occupational Safety and Health Training and Assistance Fund.'

The purpose of House Bill No. 1996 is to amend section 396-4, Hawaii Revised Statutes, by designating the Occupational Safety and Health Training and Assistance

Fund as a special fund; clarifying that in addition to the revenues from fines, interest, and penalties collected pursuant to section 396-10, Hawaii Revised Statutes, interest earned and moneys from any other sources shall be deposited into the Fund; changing its annual revenues from $200,000 to $500,000; and extending the sunset date from July 1, 1996 to July 1, 1999. In addition, this bill contains an appropriation of $500,000 for fiscal year 1995-1996 and $500,000 for fiscal year 1996-1997.

Section 9 of Article VII of the Constitution of the State of Hawaii provides in part that "no appropriation bill, except bills recommended by the governor for immediate passage, or to cover the expenses of the legislature, shall be passed on final reading until the bill authorizing operating expenditures for the ensuing biennium, to be known as the general appropriations bill, shall have been transmitted to the governor." Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 201, entitled 'A Bill for an Act Relating to Environmental Education.'

The purpose of this bill is to create a temporary advisory task force within the Department of Health ("DOH") which shall (a) advise and comment on the efforts and procedures used by DOH to promote grass-roots participation in environmental issues; (b) direct DOH's efforts to promote environmental education programs and initiatives; and (c) serve as a forum for public participation and comment on the environmental goals and objectives adopted by DOH. The bill also authorizes the Department of Land and Natural Resources ("DLNR") to form a citizen-based extension service to, among other things, provide for environmental education. In addition, this bill contains an appropriation of $15,000.

Section 9 of Article VII of the Constitution of the State of Hawaii provides in part that "no appropriation bill, except bills recommended by the governor for immediate passage, or to cover the expenses of the legislature, shall be passed on final reading until the bill authorizing operating expenditures for the ensuing biennium, to be known as the general appropriations bill, shall have been transmitted to the governor." This bill was passed on final reading on May 1, 1995, three days before the

general appropriations bill, House Bill No. 1220, was transmitted to the Governor on May 4, 1995. Therefore, this bill was passed in violation of the requirements of Section 9 of Article VII of the State Constitution and cannot validly become law.

For the foregoing reasons, I am returning Senate Bill No. 201 without my approval.

Respectfully,

/s/ Benjamin J. Cayetano
BENJAMIN J. CAYETANO
Governor of Hawaii"

"PROCLAMATION

WHEREAS, Senate Bill No. 201, entitled 'A Bill for an Act Relating to Environmental Education,' passed by the Legislature, was presented to the Governor within the aforementioned period; and

WHEREAS, Senate Bill No. 201, is unacceptable to the Governor of the State of Hawaii;

NOW, THEREFORE, I, BENJAMIN J. CAYETANO, Governor of Hawaii, do hereby issue this proclamation, pursuant to the provisions of Section 16 of Article III of the Constitution of the State of Hawaii, giving notice of my plan to return Senate Bill No. 201 with my objections thereon to the Legislature as provided by said Section 16 of Article III of the Constitution.

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 458, entitled 'A Bill for an Act Relating to Housing.'

The purpose of Senate Bill No. 458 is to require the Housing Finance and Development Corporation to develop strategies to provide affordable housing and to establish an emergency loan program and a relocation grant program for former employees and surviving spouses displaced by the closure of the Waialua Sugar Companies. In addition, this bill appropriates $75,000 to develop such strategies and $664,000 for the loan and grant programs from the rental assistance revolving fund.

Section 9 of Article VII of the Constitution of the State of Hawaii provides in part that "no appropriation bill, except bills recommended by the governor for immediate passage, or to cover the expenses of the legislature, shall be passed on final reading until the bill authorizing operating expenditures for the ensuing biennium, to be known as the general appropriations bill, shall have been transmitted to the governor." Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1410, entitled 'A Bill for an Act Relating to the Authorization of Special Purpose Revenue Bonds for Medical Waste Facility Project Development.'

The purpose of Senate Bill No. 1410 is to authorize the Department of Budget and Finance to issue special purpose revenue bonds in a total amount not to exceed $6,000,000 to assist Pacific Controls, Inc., in financing the construction of a medical waste incineration and disposal facility at Campbell Industrial Park.

The authorization to issue such bonds is construed as including an implied appropriation. Accordingly, Senate Bill No. 1410 is considered to be an appropriations bill subject to Section 9 of Article VII of the State Constitution.

Section 9 of Article VII of the Constitution of the State of Hawaii provides in part that "no appropriation bill, except bills recommended by the governor for immediate passage, or to cover the expenses of the legislature, shall be passed on final reading until the bill authorizing operating expenditures for the ensuing biennium, to be known as the general appropriations bill, shall have been transmitted to the governor." Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1939, entitled 'A Bill for an Act Relating to Public Access.'

The purpose of Senate Bill No. 1939 is to appropriate funding for public access to legislative proceedings.

Section 9 of Article VII of the Constitution of the State of Hawaii provides in part that "no appropriation bill, except bills recommended by the governor for immediate passage, or to cover the expenses of the legislature, shall be passed on final reading until the bill authorizing operating expenditures for the ensuing biennium, to be known as the general appropriations bill, shall have been transmitted to the governor." This bill was passed on final reading on May 1, 1995, three days before the general appropriations bill, House Bill No. 1220, was transmitted to the Governor on May 4, 1995. Therefore, this bill was passed in violation of the requirements of Section 9 of Article VII of the State Constitution and cannot validly become law.

In addition, this bill amends Section 3 of Act 259, Session Laws of Hawaii 1994, to extend the authorization to expend moneys relating to the broadcasting of legislative proceedings on cable television from June 30, 1995 to June 30, 1996. However, the effective date of this bill is July 1, 1995. Consequently, because the effective date of the amendment is subsequent to the lapse date of such funds, the amendment is ineffective and cannot be implemented.

For the foregoing reasons, I am returning Senate Bill No. 1939 without my approval.

Gov. Msg. No. 400, dated June 20, 1995, transmitting his statement of objections to Senate Bill No. 1762 which he has returned to the Senate without his approval and which reads as follows:

"EXECUTIVE CHAMBERS
HONOLULU

June 20, 1995

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1762

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1762, entitled 'A Bill for an Act Relating to Motor Vehicle Insurance.'

The purpose of Senate Bill No. 1762 is to reform the no-fault motor vehicle liability insurance system by creating a system of "pure no-fault" ostensibly intended to provide the public with an effective and fair system of motor vehicle accident reparations, generally without tort liability.

I am exercising my authority under Section 16, Article 3 of the State Constitution and am returning Senate Bill No. 1762 without my approval for the following reasons:

I. ABOLISHING THE RIGHT TO SUE.

Senate Bill No. 1762 abolishes tort liability except in certain cases. The most dramatic aspect of this bill is that it basically abolishes the long-standing right of injured persons to sue negligent drivers for damages as the result of injuries or death suffered in automobile accidents. Nearly all drivers who cause accidents are given blanket immunity from the consequences of their negligence while their victims are only given a possible rate reduction as a "quid pro quo" or even trade-off.

Whether or not this quid pro quo for the abolition of tort liability is adequate lies at the heart of the constitutional questions raised by this bill. Based on our analysis of this bill, I conclude not.

There are serious federal constitutional questions concerning whether the elimination of tort liability satisfies the requirements of the Due Process Clause of the Fourteenth Amendment. The precise constitutional questions are (1) must states provide a "quid pro quo" at all when they abolish tort liability; and (2) if a "quid pro quo" is required, does a presumptive rate reduction meet the requirement? No state has gone as far as this bill in abolishing tort liability resulting from auto accidents.

The only situation where a citizen's right to sue has been abolished is in the workplace, i.e., workers' compensation statutes. There, however, the courts have upheld the abolishment of tort liability on the theory that allowing employees to sue each other and their employers because of accidents in the workplace would lead to chaos in industry. The courts upheld workers' compensation statutes because the "quid pro quo" given to the injured worker in order to maintain stability in industry was balanced by the benefits received by the workers for giving up their right to sue. Thus, the "quid pro quo" for injured workers were medical and wage loss benefits which were certain.

In the present scheme, benefits are uncertain and the high cost of automobile insurance, while needing to be addressed, does not seem comparable to the need to abolish lawsuits in the workplace to avoid chaos in industry.

In addition to federal constitutional challenge, I believe that Senate Bill No. 1762 would be subject to attack on state constitutional grounds. Numerous state and federal courts have begun to strike down legislative attempts to "cap" tort damages, holding that such legislation was in violation of state constitutions, particularly "jury trial" provisions. Hawaii's Constitution provides in Section 13 of Article I that "[i]n suits at common law where the value in controversy shall exceed one thousand dollars, the right of trial by jury shall be preserved." Although this right is not absolute, clearly, it cannot be abolished without just compensation or a sufficient "quid pro quo."

Senate Bill No. 1762 abolishes that right.

I do not believe that the proposed rate reduction--a onetime reduction estimated at 45%--which is subject to the uncertain conditions set forth in the proposed bill and the economic forces of the insurance market comes even close to the certain "quid pro quo" granted under workers' compensation laws.

II. UNFAIRLY DISCRIMINATES AGAINST CERTAIN CLASSES OF PEOPLE.

Although the bill, on its face, creates no classifications and requires similar treatment of all motorists, I believe its practical and real application would unfairly discriminate against children, senior citizens, students, the poor and those with lower or no incomes. It is also unclear whether the bill discriminates against pedestrians.

As provided by the bill, there is no requirement for any driver to buy insurance. The degree of protection will be based on the motorists' ability to buy insurance, including optional coverages. Under Hawaii's existing no-fault law, all drivers are required to buy minimum auto insurance coverage. Therefore, theoretically at least, all drivers are supposed to be insured. However, because of the current high cost of auto insurance, it is estimated that approximately 22% of Hawaii's drivers are uninsured. Given a choice, as auto drivers are given under Senate Bill 1762, and because in most cases auto drivers will not be held liable for injuries or deaths caused by their negligent driving, I believe it is reasonable to assume that the number of uninsured motorists will increase even more. The fiscal impact of greater number of uninsured motorists to the State are obvious.

A large component of the driving public consists of tourists, of which there are almost seven million every year. To the extent tort liability is abolished, auto rental companies have no incentive to insure their vehicles. Tourists may not be able to purchase insurance to protect themselves. Again, this aspect of the bill's effects may aggravate constitutional problems and lead to other unintended and negative impacts on Hawaii's largest industry.

The bill is unclear on what happens to pedestrians who are injured in automobile accidents.

III. PROPERTY PROTECTED OVER PEOPLE

This bill protects property over people. To illustrate, if a mother and her three children were killed in an automobile accident by a driver who negligently ran a red light, the surviving father of that family would be prohibited from suing for the wrongful death of his wife and three children--but could sue for the damage to the automobile in which they were riding when killed. Only if the driver who caused the accident was in the act of committing a felony or convicted of drunk driving would the father be allowed to sue for the deaths of his wife and three children. I disagree with any policy which values property over people.

IV. OTHER OBJECTIONS TO SENATE BILL NO. 1762:

(1) Although the ostensible purpose of the bill is to decrease the transactional costs of tort litigation, it is not clear whether the bill, in fact, will achieve this goal. Because of the drastic consequences of being in the tort system or not, there undoubtedly will be enormous pressure upon accident victims and their attorneys to prove that an automobile accident case gives rise to punitive damages. The bill also provides for awards of attorneys' fees in cases brought against no-fault carriers by their insured. As the consequences of no-fault denials grow, litigation between insurers and their carriers may take the place of litigation between victims and drivers who injure them.

(2) A new provision, contained in section 17 of the bill, deals with restrictions on an insurer's ability to cancel a no-fault policy prior to the expiration of the agreed term. Although the bill does not specifically amend section 431:10C111, Hawaii Revised Statutes, entitled "Rejection of applications, cancellation, and nonrenewal of policies: when prohibited, when permitted," it appears to expand that section by adding seven new circumstances under which an insurer can cancel a policy. Section 17(d)(5) of page 47 of the bill allows an insurer to cancel a policy for "Violation of any safety statute or ordinance." On its face, this provision is both vague and overly broad, and provides insurers an unreasonable excuse to cancel no-fault policies. The presence of the clause may have the unwanted effect of increasing litigation rather than meeting the legislative goal of reducing it.

(3) The bill leaves unanswered several questions about the viability of the mandatory 45 percent rollback:

(a) Since the insurance products offered in compliance with this bill will be very different from the products currently offered, one cannot tell from the face of the bill exactly how the new rates will be determined or upon what rate the 45 percent reduction will be based;

(b) The "reduced" rates may not need to be in effect or available to the consumers until one year and four months after the bill takes effect, depending upon the Insurance Commissioner interpretation of the requirements of section 17(b). Therefore, reduction in rights may go into effect long before any reduction in premiums are realized; and

(c) The bill provides that insurers may seek rates that are higher than those mandated by the rollback requirement, and shall have the burden of showing why such higher rates are justified. The rollback provisions therefore contain two major loopholes: (i) the baseline rates from which the rollbacks are calculated are presumably those approved by the Insurance Commissioner under the new "No-Tort" regime, and therefore are quite uncertain at this time; and (ii) the ability of consumers to reap the benefits of the rollbacks, such as they are, is dependent on the Insurance Commissioner's ability to muster the staff resources necessary to document a decision that will survive judicial review when requests to avoid the rollbacks are made and then denied.

(4) The bill requires insurers who desire to contest the 45 percent rate reduction to file a rate request within 90 days of the effective date of the act and requires the Insurance Commissioner to approve such a filing in 30

more days. This latter requirement may pose a real hardship on the Commissioner's staff.

(5) If new policies with new coverages must be offered on May 1, 1996, it may require insurance companies with existing policies to either cut them short or cancel them and issue new policies to be in compliance with the act.

(6) Finally, the bill in section 18, "Transitional requirements, requires the Insurance Commissioner to (a) do all things necessary to implement this bill, and (b) review all existing Hawaii laws relating to motor vehicle insurance and financial responsibility and prepare legislation for the 1996 legislative session to amend or repeal those laws that are inconsistent with this bill. In view of the numerous unanswered questions contained in this bill, this task may prove to be most difficult, if not impossible, for the Commissioner to complete. Additionally, from a public policy point-of-view, it seems inappropriate to implement a bill of this magnitude in a condition that the Legislature seems to recognize as incomplete

For the foregoing reasons, I am returning Senate Bill No. 1762 without my approval.

Honorable Members

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 6, entitled 'A Bill for an Act Relating to Child Support.'

The purpose of Senate Bill No. 6 is to streamline collection and payment procedures of child support by addressing the Child Support Enforcement Agency's use of electronic transfer of funds and direct deposit and decreasing the time within which funds were disbursed.

Additionally, Senate Bill No. 6 directs the courts to allow parties to agree to circumvent the need for income withholding for payment of child support but omits to account for previously enacted statutes which mandate the

courts or the Child Support Enforcement Agency to order income withholding whenever support is ordered for a child. As the most recent statement of the legislature controls, the conflict between the statutes leads to confusion and possible repeal if the courts deem the conflicting statutes to be so inconsistent that concurrent operation is not possible. Furthermore, the Administration for Children and Families, the federal agency responsible for federal financial participation in our child support program, has numerous problems with the bill.

For the foregoing reasons, I am returning Senate Bill No. 6 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 85, entitled 'A Bill for an Act Relating to Corrections.'

The purpose of Senate Bill No. 85 is to ensure the prompt judicial review of bail amounts set for defendants in custody who are unable to post the bail. The review must be either at the preliminary hearing or at arraignment, whichever occurs first.

The Judiciary has already implemented a bail review process. However, this bill directs the Judiciary to conduct a "hearing," which defeats the purpose of a prompt review because a hearing increases the time required for the preliminary hearing or arraignment. The result will be fewer reviews of bail amounts, continued prison overcrowding, and inefficient use of court resources.

For the foregoing reasons, I am returning Senate Bill No. 85 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 478, entitled 'A Bill for an Act Relating to Accessibility of State and County Buildings and Facilities.'

The purpose of Senate Bill No. 478 is to ensure that all public buildings, facilities, and other public improvements conform with the Americans with Disabilities Act Accessibility Guidelines (ADAAG) by requiring the "technical review and approval" of plans and

specifications by the Commission on Persons with Disabilities.

Currently, section 103-50, Hawaii Revised Statutes, provides that the plans and specifications for public buildings and facilities are subject to the "advice and recommendations" from the Commission on Persons with Disabilities on whether the plans and specifications are in compliance with the ADAAG. It has not been adequately determined that the various state and county agencies have not complied with the existing law. The extent of any "problem" related to the failure of any state or county agency to seek and adopt the advice and recommendation from the Commission is unclear. Consequently, an amendment to section 103-50, to require the "technical review and approval" from the Commission may be unnecessary.

Moreover, to ensure continued compliance with section 103-50, and administrative directive can be issued to all state agencies to establish clear guidelines for processing or presenting plans and specifications to the Commission for its advice and recommendations.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 493

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 493, entitled 'A Bill for an Act Relating to the Reporting of Schedule II Controlled Substances.'

The purposes of Senate Bill No. 493 are to establish an electronic prescription accountability system to monitor the prescription and dispensation of controlled substances and to establish a controlled substance registration special fund into which will be deposited fees for controlled substance registrations and legislative appropriations and out of which will be expended funds necessary for regulating controlled substance registrants and personnel costs.

However, there is a conflict between the title of the bill and its subject matter which violates Section 14 of Article III of the State Constitution. That constitutional provision requires that each "law shall embrace but one subject, which shall be expressed in its title." The purpose of this requirement is, in large part, to put the legislature and public on notice of the content of the bill and thereby to prevent passage of "surprise" legislation.

Specifically, the bill would require reporting of prescription and dispensation not just of Schedule II controlled substances set forth in section 329-16, Hawaii Revised Statutes, but of any controlled substance that the Narcotics Enforcement Division, Department of Public Safety, determines is "being misused and abused in the State."

The bill would also establish a new special fund into which would be deposited controlled substance registration fees, as well as legislative appropriations, which would be used for the regulation of all controlled substance registrants, not just those who prescribe and dispense Schedule II controlled substances. Moreover, the special fund could be used to fund positions authorized by the legislature whose duties do not appear to be limited to the regulation of registrants prescribing or dispensing Schedule II controlled substances.

For the foregoing reasons, I am returning Senate Bill No. 493 without my approval.

Honorable Members

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 596, entitled 'A Bill for an Act Relating to Housing.'

The purpose of Senate Bill No. 596 is to exempt the Maunalaha Subdivision from all state and county subdivisions and housing development standards, and to permit the Department of Land and Natural Resources to negotiate the transfer of the Maunalaha Subdivision to the Office of Hawaiian Affairs.

However, the stated objective to improve the resident's access to financing is thwarted by the exemption from housing development standards. Moreover, persons holding residential leases may have statutory rights which may be infringed by a transfer of the subdivision to the Office of Hawaiian Affairs. Further, actions by the Office of Hawaiian Affairs on behalf of those residents in the Maunalaha Subdivision who are not native Hawaiians would be suspect as ultra vires. To the extent that this subdivision is part of the public trust, that trust would be diminished unless such conveyance is deemed a distribution of a "pro rata" share for the benefit of native Hawaiians. If the subdivision is part of the public trust conveyed for the benefit of native Hawaiians, then some residents may be dislocated unless such lands may be leased to non-native Hawaiians. The bill does not address any of those concerns.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 853, entitled 'A Bill for an Act Relating to Highways.'

The purpose of Senate Bill No. 853 are to require the Director of Transportation to provide for underground utility cables and facilities in the design or redesign and construction or reconstruction of new or existing federal-aid highway projects, if there are available federal funds, and to provide a systematic review of exceptions from this requirement.

The rationale for this bill is to provide for more aesthetically pleasing highways and reduce traffic fatalities which involve utility poles. However, the Director of Transportation already has the discretion to apply for federal funds to provide for underground utility cables and facilities. This bill places an undue burden on the Director of Transportation to hold public hearings for every federal-aid project that does not provide for underground utility cables and facilities, including projects that would not normally involve the relocation of utilities, such as road resurfacing projects. Consequently, this bill will adversely impact the Department of Transportation in its programming and funding of roadway construction and maintenance.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 858

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 858, entitled 'A Bill for an Act Relating to Employee Benefit Plans.'

The purpose of Senate Bill No. 858 is to authorize the University of Hawaii (UH) and the Department of Education (DOE) to enable their employees to invest retirement funds in mutual funds held in custodial accounts and thereby qualify for favorable tax benefits under section 403(b)(7) of the Internal Revenue Code of 1986. The bill accomplishes this by expanding the authority under chapter 303, Hawaii Revised Statutes.

Under existing law, UH and DOE are authorized to purchase annuity contracts for their employees from insurers who hold certificate of authority under section 431:3-201, Hawaii Revised Statutes. This bill provides no such safeguard for mutual fund companies to ensure their qualifications and legitimacy. Concerns have been raised about the UH and DOE being exposed to potential liabilities arising from the selection of mutual fund companies. These concerns should be resolved before proceeding in this area.

Moreover, the expansion of the authority under chapter 303 will significantly increase the staffing requirements and administrative burden of UH and DOE. Senate Bill No. 858 does not provide any additional administrative or personnel resources to cover this need.

For the foregoing reasons, I am returning Senate Bill No. 858 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 867, entitled 'A Bill for an Act Relating to a Section of the Hawaii Revised Statutes Amended by Act 268, Session Laws of Hawaii 1991.'

The purpose of this bill is to repeal the June 30, 1995 sunset provision of section 5 of Act 268, Session Laws of Hawaii 1991, which requires insurers to extend to newborn adoptees the same health insurance benefits that are provided to natural born children of insured parents.

House Bill No. 896, which was also passed during the regular session of 1995, has the same purpose. Since I approved House Bill No. 896 on April 25, 1995, as Act 47, there is no need to also enact this bill.

For the foregoing reasons, I am returning Senate Bill No. 867 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 942

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 942, entitled 'A Bill for an Act Relating to Public Safety.'

The purpose of Senate Bill No. 942 is to improve the public school security attendant program by requiring the Department of Education ("DOE") to establish, develop, and conduct, in consultation with the Department of Public Safety ("DPS") and the various county police departments, a continuous training program for school security attendants.

This bill contains no appropriation for the program. Because of the specialized and unique training that must be provided the public school security attendants, the DOE expects to contract out most of its training and may be required to reimburse the Honolulu Police Department for costs incurred. Although it also appears that the bill will require the DOE to hire ten special duty law enforcement officers at selected schools where law enforcement powers may be deemed necessary in ensuring the safety of students and staff, no funding is provided in the bill for the hiring of the special duty law enforcement officers.

Finally, the bill requires the DOE, DPS, and the various counties to utilize existing resources to institute the required training programs. However, Section 5 of Article VII of the State Constitution, would prohibit the State from imposing a new program (i.e., requiring a county police department to conduct training) upon the county without sharing in the cost of the new program.

The DOE estimates that the implementation of this bill will cost approximately $1.1 million per year. Without an appropriation of necessary funds, the DOE will be unable to fully implement the provisions of this bill.

For the foregoing reasons, I am returning Senate Bill No. 942 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1161

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1161, entitled 'A Bill for an Act Relating to Savings Banks Investments.'

The purpose of this bill is to authorize the State of Hawaii Director of Finance ("Director"), the Housing Finance and Development Corporation ("HFDC"), and the Hawaii Housing Authority ("HHA") to invest their funds in investment companies or investment trusts registered under federal law.

Because the investments that these state entities can make are limited by statute to investments that a savings

bank can make, this bill amends the savings bank statute to authorize savings banks to invest in these investment companies or trusts registered under federal law. However, the language of the bill authorizes savings bank investment in these companies or trusts only "[f]or purposes of sections 174-8, 201E-54, and 356-31," Hawaii Revised Statutes. Since these statutes only authorize investments by the Director, HFDC, and HHA and do not state any purposes for which a savings bank could invest, the "for purposes of" clause effectively prevents a savings bank from investing in investment companies or trusts registered under federal law.

Thus, although the bill purports to expand the investments that the Director, HFDC, and HHA can make, it unfortunately creates statutory language that is a nullity and cannot be given effect.

For the foregoing reasons, I am returning Senate Bill No. 1161 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1256, entitled 'A Bill for an Act Relating to Hansen's Disease.'

The purpose of Senate Bill No. 1256 is to amend chapter 326, Hawaii Revised Statutes, to allow spouses of patients at Kalaupapa who are not themselves patients to reside with the patient spouse at the settlement, without being required to work or volunteer services at the facility. The bill also specifies that a nonpatient spouse is not entitled to services that the Department of Health provides to patients (such as medical care and allowances).

However, section 326-26, Hawaii Revised Statutes, already authorizes the Director of Health to allow nonpatients to visit or remain at the settlement. The director's written permission for a nonpatient spouse may include permission to reside with the patient spouse and may also incorporate conditions limiting the Department of Health's responsibility toward the nonpatient spouse. Consequently, this bill is unnecessary. We should not use the State's limited resources for the enactment of laws that are unnecessary.

For the foregoing reasons, I am returning Senate Bill No. 1256 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1320

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1320, entitled 'A Bill for an Act Relating to Roadside Herbicide Use.'

The purpose of Senate Bill No. 1320 is to reduce the use of herbicides in maintaining public roadsides by requiring the responsible government agencies to adopt nonchemical and integrated vegetation management programs whenever possible.

This bill mandates the counties to refrain from using herbicides and to implement integrated vegetation management programs for public roadside maintenance. However, the bill does not appropriate any funding to the counties to implement the programs. As such, this appears to constitute a violation of Section 5 of Article VIII of the Hawaii Constitution, which requires the State to share in the cost of new programs mandated to the counties for implementation.

This bill does not contain definitions for "nonchemical methods" or "integrated vegetation management program." Further, the bill is not clear as to how government agencies may satisfy the preconditions permitting herbicide use. For example, with respect to conditions that must be satisfied in order to use herbicides, it is not clear what type of public notice is required and what type of precautions must be taken to avoid (1) run-off from entering an open body of water or drinking water source and (2) direct exposure to children and pedestrians. The foregoing areas of the bill should be clarified in order to give clearer guidance to the affected governmental agencies on how to implement the programs required by this bill.

For the foregoing reasons, I am returning Senate Bill No. 1320 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1650

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1650, entitled 'A Bill for an Act Relating to Land Exchange.'

The purpose of Senate Bill No. 1650 is to expedite the exchange of about 2100 acres of Galbraith Trust land in Wahiawa for 500 acres of state-owned land in Kapolei acquired from the Campbell Estate. This bill would extend the repeal date of Act 177, Sessions Laws of Hawaii 1994, from June 30, 1995 to June 30, 1996, thereby extending legislative pre-approval of the exchange and exempting it from the usual procedures for BLNR and legislative review pursuant to section 171-50(b), Hawaii Revised Statutes.

On December 16, 1994, the U.S. Environmental Protection Agency (EPA) created Hawaii's fourth Superfund site, called the Del Monte Superfund Site, which includes the 500 acres of Galbraith Trust lands which the State has been planning to acquire in the exchange. Superfund is a federal law, formally called the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), which governs the clean-up of toxic waste sites. The Del Monte Superfund Site is now one of the priority 1,242 sites in the nation listed on the National Priorities List (NPL) for investigation and clean-up because of known or threatened releases of hazardous substances and pollutants.

If the State were to proceed with the exchange, as the new owner of part of the Del Monte Superfund site, it would be liable under the Superfund law for the costs of clean-up. Region IX of EPA has already begun enforcement actions against other potentially responsible parties, Del Monte Fresh Produce (Hawaii), Inc., Del Monte Corporation, Dow Chemical Company, and RJR Nabisco Holdings.

The value of the Galbraith Estate land is unquestionably lessened because of its new status as a Superfund site; proceeding with the exchange can no longer be done consistent with the legislative intent of Act 177, that the exchanged lands be of substantially equal value. Instead, the exchange would expose the State to enormous liability. It would only be fair to allow the Legislature to look at the exchange again, in light of the changed circumstances and new information.

For the foregoing reasons, I am returning Senate Bill No. 1650 without my approval.

Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1717, entitled 'A Bill for an Act Relating to Reporting Requirements for Captive Insurers.'

The purpose of this bill is to conform the requirements imposed on captive insurance companies regarding financial reporting, penalties for late filing of financial reports, and timing of payment of premium taxes to those imposed on other insurance companies.

This bill was amended to add language clarifying that when changes made by Act 190, Session Laws of Hawaii 1994, are repealed as of June 30, 1996, the revisions made by this bill will remain. However, Act 190 specified a due date for annual filings and that provision would be repealed on June 30, 1996, making the proposed fine in this bill unenforceable. Although the amendments proposed to be made by this bill could be clarified during the regular session of 1996, another bill that passed during the regular session of 1995, House Bill No. 1919, proposes to extend Act 190's repeal date to June 30, 2000, and also contains provisions imposing similar requirements on captive insurers. Since I intend to approve House Bill No. 1919, there is no need to also enact this bill.

Gov. Msg. No. 405, dated June 21, 1995, transmitting his statement of objections to Senate Bill Nos. 945, 987 and 1846 which he has returned to the Senate without his approval and which reads as follows:

"EXECUTIVE CHAMBERS
HONOLULU

June 20, 1995

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 945

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 945, entitled 'A Bill for an Act Relating to Prostitution.'

The purpose of Senate Bill No. 945 is to establish the misdemeanor offense of street prostitution in Waikiki which is to be punishable by a mandatory minimum six-month prison term of imprisonment and for which bail pending appeal will be prohibited. The bill was passed in response to a finding that solicitation by street prostitutes has become intolerable in Waikiki where even tourists with families are being accosted and harassed. It is supposed that these prostitutes, many of whom are non-residents drawn here because of the tourist clientele, will not engage in street solicitation if strict terms of incarceration are imposed.

While the goal of Senate Bill No. 945, to rid the streets of Waikiki of prostitutes whose activities threaten the family oriented tourist industry, is laudable, the bill will not only not solve the problem it was intended to address but will create others. First, the financial rewards for

prostitutes and those who exploit them are too great to be intimidated by a six-month prison term.

Second, the deterrent effect of that prison term is diminished by the fact the offense of street prostitution will be a misdemeanor, jury triable, and therefore subject to all of the interminable trial delays that already afflict the misdemeanor jury trial calendar in the First Circuit Court. Those delays will no doubt be used by these individuals to continue plying their trade in open defiance of the law pending disposition of their cases.

Third, even assuming that accused prostitutes are brought to trial and convicted before leaving the State, Senate Bill No. 945 takes no account of the impact on our correctional facilities of incarcerating these individuals for a mandatory minimum term of imprisonment. No appropriation is provided to meet the prison space demands this bill is supposed to create and there are no existing resources to do so. As a result, the State would probably violate the Federal Court consent decree now limiting the population of the Women's Community Correctional Center.

Fourth, again using the assumption that this bill will result in the incarceration of a significant number of prostitutes, it does not take a comprehensive, statewide approach to the problem. Making street prostitution an offense only in Waikiki diminishes the problem presented by prostitution in other parts of oahu and the State and promises only to drive the problem into Kapahulu, Ala Moana, and other neighborhoods bordering Waikiki. Such an approach is unwise and perhaps even unconstitutional.

Finally, this bill targets only the prostitutes themselves. These individuals are already all too often the target of exploitation by their "pimps" and customers. Until we take action to target those who supply the demand for prostitution and those who profit from exploiting that demand, this problem will not be controlled. It is simply unacceptable to use the prostitutes themselves as a scapegoat in the meantime.

For the foregoing reasons, I am returning Senate Bill No. 945 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 987

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 987, entitled 'A Bill for an Act Relating to Education.'

The purposes of Senate Bill No. 987 are to extend the provision in Act 281, Session Laws of Hawaii 1994, allowing the University of Hawaii to carryover not more than five percent of its general funds to the next fiscal year and to correct an unintended repeal of certain flexibility provisions in chapter 37, Hawaii Revised Statutes, as provided in Act 320, Session Laws of Hawaii 1986, as amended.

In addition to this bill, two other measures were passed by the Legislature which make significant changes to the budgeting and expenditure of funds for programs of the University of Hawaii, namely, Senate Bill No. 937 and House Bill No. 1220. Senate Bill No. 937 establishes a special fund for tuition revenues, which will increase the flexibility of the University by providing a source of revenue which can be carried over if not expended. In addition, the lump sum format of appropriations to the University in House Bill No. 1220 allows for transfer of funds between programs within a campus. Because there are alternatives that will be available to provide flexibility, the 1986 and 1994 statutes being reenacted and extended by this bill are no longer necessary.

Furthermore, the five percent carryover provision appears to violate Section 11 of Article VII of the State Constitution, which provides that "[a]ll appropriations for which the source is general obligation bond funds or general funds shall be for specified periods, and . . . [a]ny such appropriation or any portion of any such appropriation which is unencumbered at the close of the fiscal period for which the appropriation is made shall lapse." Consequently, appropriations made from general obligation bond funds or general funds will lapse at the close of the fiscal periods specified in the appropriations acts and cannot be prevented from lapsing by a general statute.

For the foregoing reasons, I am returning Senate Bill No. 987 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1846, entitled 'A Bill for an Act Relating to Radiation Safety.'

The purpose of This bill is to amend chapter 321, Hawaii Revised Statutes, to specify requirements relative to mammography facilities, exposure limits, use of medical physicist in the healing arts, and radiation protection programs. Civil penalties are also specified for violations of these requirements. The bill's provisions would be repealed automatically when administrative rules covering these subjects are adopted.

Administrative rules have already been drafted and are currently in the review process. The proposed administrative rules already address or can be amended to address the subject matter of this bill. Therefore, the statutory changes being proposed in Senate Bill No. 1846 are unnecessary.

In addition, the Department of Health has indicated that approximately three-fourths of the requirements proposed in this bill are currently being practiced by healing arts facilities that use radiation equipment. Therefore, it appears that the healing arts facilities are voluntarily complying with the intent of this bill.

Moreover, the State is not federally mandated to make the changes proposed in this bill. Therefore, there is no risk of losing federal funding if the proposed statutory amendments were not enacted.

State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 283, entitled 'A Bill for an Act Relating to Creditors' Rights.'

The purpose of House Bill No. 283 is to render ineffective all judgements obtained by Hawaii's sister states against delinquent taxpayers for failure to pay state income taxes on retirement income. The bill will accomplish this by preventing the attachment or execution of real or personal property in Hawaii pursuant to the other states' valid judgments.

This bill, by requiring the State of Hawaii to dishonor the valid judgments of other states, violates the Full Faith and Credit Clause of Section 1 of Article IV of the United States Constitution.

The bill also conflicts directly with the tax comity provision in section 231-26, Hawaii Revised Statutes, which mandates that "[t]he courts of the State shall recognize and enforce the liability for taxes lawfully imposed by the laws of any state which extends a like comity, whether by statute or case law, in respect of the liability for taxes lawfully imposed by the laws of this State." This bill would impair the ability of Hawaii to enforce its tax laws out-of-state by diminishing the comity Hawaii currently enjoys with other states.

For the foregoing reasons, I am returning House Bill No. 283 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 337

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 337, entitled 'A Bill for an Act Relating to Health.'

The purpose of House Bill No. 337 is to encourage the development and expansion of community-based adult day health centers (ADHC) to offer the State's elderly population a viable alternative to expensive institutional long-term care. The bill further requires the Department of Health (DOH) and the Department of Human Services (DHS) to coordinate their efforts through existing rulemaking authority toward achieving a rational and unified adult day care program for the State's elderly population. The bill also attempts to address medicaid reimbursement inconsistencies between intermediate care facility (ICF) level clients currently receiving services at ADHCs and ICF-level clients receiving services at adult day care centers, as well as medicaid reimbursement inconsistencies between ICF-level clients receiving services from freestanding ADHCs and facility-based ADHCs.

DOH and DHS already have statutory rulemaking authority pursuant to sections 321-11 and 346-83, Hawaii Revised Statutes, to accomplish the objectives of the bill. Furthermore, the medicaid reimbursement inconsistencies may be addressed through amendment to existing rules of the respective departments. Therefore, this bill is unnecessary. Moreover, since passage of this bill may require additional resources due to the possible increase in medicaid eligibility for this population and the bill does not include an appropriation to cover these additional costs, this bill may have a potential negative impact on the budget of DHS, the state agency responsible for medicaid reimbursement.

For the foregoing reasons, I am returning House Bill No. 337 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 379

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 379, entitled 'A Bill for an Act Relating to Used Oil.'

The purpose of this bill is to amend section 242N-30, Hawaii Revised Statutes, to prohibit the disposal of new, used, or recycled oil generated by commercial businesses and operations in sanitary landfills. This bill also exempts persons engaged in the business of waste collection such as trash haulers, who dispose of oil-containing wastes in good faith, in the normal course of business, and after usual and customary precautions have been taken to prevent the disposal of such oil-containing wastes in sanitary landfills.

The subject of the bill as expressed in its title is "used oil." The substantive contents of the bill relate to new, used, and recycled oil. The prohibition against dumping new oil and recycled oil is not reflected in the title and violates Section 14 of Article III of the State Constitution.

The purposes of Section 14 of Article III are "first, to prevent hodge-podge or logrolling legislation, second, to prevent surprise or fraud upon the Legislature by means of provisions in bills of which titles give no intimation; and third, to apprise the people of proposed matters of legislation." Schwab v. Ariyoshi, 58 Haw. 25, 30-31 (1977), quoting Jensen v. Turner, 40 Haw. 604, 607-08 (1954).

In this case, section 342N-30(a), Hawaii Revised Statutes, currently prohibits the dumping of new, used, or recycled oil in "sewers, drainage systems, surface or ground waters, watercourses, marine waters or onto the ground." Section 342N-1, Hawaii Revised Statutes, defines "used oil" as a petroleum-based oil which through use, storage, or handling has become unsuitable for its original purpose due to the presence of impurities or loss of original properties. "Recycled oil" is defined as used oil that is reused or prepared for reuse as a petroleum product. "New oil" is not defined in the statute. Since two of these three terms are defined distinctly in the existing law, it would be difficult to argue that used, recycled, and new oil are all included in the term "used oil" which appears in the bill's title. Since the title of this bill does not reasonably alert members of the public concerned about the dumping of petroleum-based products that the bill relates to new and recycled oil as well as used oil, the requirements of Section 14 of Article III of the State Constitution do not seem to have been met.

However, if the portions of the bill that covers new and recycled oil are deemed unconstitutional because the title of the bill does not fairly inform the public of its contents, those portions may be severed and the remaining portion given effect. Unfortunately, if portions of this bill were to be severed, the administration of the remainder may be hampered. In certain instances new, used, and recycled oil may require scientific testing to distinguish which type of oil has been dumped. For example, if an inspector were to see someone dumping oil in a landfill and the inspector were to inquire as to the type of oil that was dumped, the person might claim that the oil was recycled oil, which unlike used oil would not be subject to any prohibition on disposal in landfills. A sample of the oil would have to be tested to determine whether the oil was used or recycled before enforcement. I believe that the Legislature did not intend to have the testing costs be incurred in the administration of this law.

For the foregoing reasons, I am returning House Bill No. 379 without my approval.

Respectfully,

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 386

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 386, entitled 'A Bill for an Act Relating to the Environment.'

The purpose of House Bill No. 386 is to promote public environmental awareness and education by (1) requiring a compilation of Department of Health environmental policies and guidelines by July 1, 1998; (2) adding promotion and support in environmental education to state environmental policy in section 344-3, Hawaii Revised Statutes; and (3) adding numerous educational considerations to state environmental guidelines in section 344-4(a), Hawaii Revised Statutes. The bill also authorizes agencies to receive monetary donations and gifts, from sources other than the legislature or federal government, for the conservation of natural resources.

While the bill is well intentioned, it creates unnecessary risks for environmental enforcement, requires more government work without providing more government resources, and duplicates existing law.

Section 2 of the bill, which adds a new chapter to the Hawaii Revised Statutes, may hamper environmental enforcement by raising new issues that may have to be litigated. Polluters who are defendants may argue that the bill implies that unwritten enforcement (or other) policies, guidance, or definitions must be written and compiled before the Department of Health can enforce. Polluter-defendants may also attempt to discover whether there are any unwritten enforcement policies or guidelines and may oppose liability if enforcement varies from policy. In addition, polluter-defendants may seek disclosure of already written enforcement policies that present law allows to remain confidential.

The argument that the bill itself implies that the Department of Health's unwritten environmental policies and guidelines must be written and compiled arises from a comparison of the bill and other existing law. The bill requires recording in writing policies, guidance, and definitions relating to implementation, administration, and enforcement, while section 91-2(a)(3) and (4), Hawaii Revised Statutes, already requires that agencies make available for public inspection all rules and written statements of policy or interpretation as well as final opinions and orders. Sections 92F-11 and 92F-12, Hawaii Revised Statutes, also require agencies to make government records available for public inspection and copying. The bill does not explicitly change or repeal any duties or protections under chapters 91 and 92F. If existing law already requires disclosure of written policies, guidance, and definitions, then the bill must aim at unwritten items.

The legislative history shows a legislative intent to limit the required compilation of items that are already written. The conference committee report on this bill refers to a compilation of written documents. Furthermore, the original version of the bill, at page 3, did create explicit enforcement obstacles which were deleted from the final version; the original bill allowed a regulatee to bring policy or guidance up for review by the director and suspended any duty to pay monetary penalties until the review was completed. The original bill also explicitly denied the force and effect of law to policy or guidance not adopted as a rule, which just restates chapter 91.

While any attempted use of the bill against enforcement should ultimately fail because of the legislative history, the State would waste time dealing with the defenses and discovery efforts. Furthermore, if the legislative intent stated in the legislative history controls, as it should, and the bill only covers written policies and guidelines, then that part of the bill is unnecessary because section 91-2 already requires the same items to be disclosed, and a compilation can be ordered by the Director of Health without a new statute.

An additional risk to environmental enforcement arises from the possibility that polluter-defendants may claim that the bill requires the disclosure of already written enforcement policies that section 92F-13(3), Hawaii Revised Statutes, now protects as confidential to avoid the frustration of legitimate government functions. While the bill does not amend chapter 92F, Hawaii Revised Statutes, the Uniform Information Practices Act, it may be argued to impliedly supersede that chapter because the bill deals with a more specific set of records. In conclusion on this point, existing administrative and information practice laws adequately provide for public access to information without the risks to environmental enforcement present in this bill.

The bill provides no resources for its implementation despite adding work for the Department of Health in section 2. Furthermore, sections 3 and 4 of the bill, which amend sections 344-3 and 344-4, Hawaii Revised Statutes, by adding several items to state environmental policy and guidelines, also provide no resources for their implementation by state agencies.

Section 5 of the bill is unnecessary because the present procurement code in section 103D-102(b), Hawaii Revised Statutes, already allows for agencies to receive gifts.

For the foregoing reasons, I am returning House Bill No. 386 without my approval.

Respectfully,

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 518

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 518, entitled 'A Bill for an Act Relating to Energy Conservation.'

The purpose of House Bill No. 518 is to require a feasibility study for new construction projects that will need an air conditioning system costing $250,000 or

more. If the study indicates a simple payback of five years or less for the cost differential between a conventional air-cooled system and a cool-storage system, a cool-storage system must be installed.

The intent of this legislation, to save energy, is worthy; however, implementation may create more practical problems than it solves. First, the bill may not generate the savings intended. It is estimated that a feasibility study would cost the State in the range of $8,000 to $10,000. Since there is no difference in cost per kilowatt hour charges for electricity used at peak or off-peak hours, transferring consumption from peak to off-peak hours would not result in savings. Furthermore, since cool storage systems are best suited for non-24-hour facilities, the requirement to conduct feasibility studies on all projects would be an inefficient use of funds.

Second, this bill commits the State to one industry. The policy of this administration is that the State should remain open to all technologies and encourage competition and creation and development of new energy sources that will result in an efficient use of funds.

Last, agencies presently are not prohibited from considering or proposing a cool storage air conditioning system if it is the best alternative, so this bill does not add an option that is not already available.

For the foregoing reasons, I am returning House Bill No. 518 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1385

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1385, entitled 'A Bill for an Act Relating to Drug Product Selection.'

The purpose of House Bill No. 1385 is to amend sections 328-91 and 328-92, Hawaii Revised Statutes ("HRS"), to (1) clarify that only licensed pharmacists may dispense prescription drugs, and (2) allow written prescription forms to have two signature lines, one to designate "brand medically necessary" and the other to designate "substitution permitted," so that the prescriber may select an instruction merely by signing on the appropriate line.

The legislature did not intend that this bill decrease the use of generic drugs in Hawaii. However, I believe it would have precisely that effect, with disastrous results for the cost of prescription drugs in this State. It could also easily mislead physicians into inadvertently violating state and federal rules governing Medicaid prescriptions, which require doctors to write by hand the instruction that a brand name drug is medically necessary.

Currently, section 328-92, HRS, provides that when a doctor prescribes a prescription drug the doctor must handwrite on the prescription "do not substitute" or "brand medically necessary" if the pharmacists is to fill the prescription with a brand name drug. Thus, if the physician does not make this extra effort, the consumer may choose to purchase the cheaper, equivalent generic drug.

The Medicaid Investigations Division, Department of the Attorney General, has completed two major white collar crime investigations of the two largest drug store chains in Hawaii. Both Pay 'n Save in 1992 and Longs Drug Stores, Inc., in late 1994 were found to be filling Medicaid prescriptions with higher-priced brand name drugs in violation of 42 CFR section 447.331(d) and section 17-750-8, Hawaii Administrative rules (the State Medicaid rules). These provisions require that brand name drugs may be provided to Medicaid patients only if the doctor has handwritten "do not substitute" on the Medicaid prescription. Pay 'n Save paid the State of Hawaii a total of $1,215,398.00 for its overbilling to the Medicaid program. At the end of last year Longs paid $2,350,000.00, which included a large penalty for overcharging the Medicaid program.

The Department of the Attorney General found in its investigations that in most situations, doctors do not specifically require that their patients receive brand name drugs. Prescriptions are filled with brand name drugs, on average, only ten to thirty percent of the time, with generic drugs used the rest of the time. These percentages correspond with other states' experiences.

The difference in cost between generic and prescription drugs is tremendous. For example, a generic drug that would have cost Medicaid $26.13 would cost $50.34 -- twice that amount -- when the prescription is filled with the name brand drug. In some cases, the generic drug costs as little as ten percent of its brand name equivalent.

Under House Bill No. 1385, a two-signature-line prescription form would be allowed, making it very easy for doctors to require brand name drugs. If the doctor signed on the left then generic drugs could not be provided, and if the signature were on the right, generic drug substitution would be allowed. This change may seem innocuous. However, a busy doctor may not realize that signing on the left side will require the patient to pay up to twice as much as what the generic equivalent would have cost.

New York State's experience illustrates graphically the additional costs created by a two-signature-line

prescription form. In 1987-88, New Yorkers saved an estimated $95 million in drug costs in seven months when that state changed from a two-signature-line form to a one-line form, which required that the doctor specifically check a box to indicate that the brand-name drug should be used. This extra effort required of New York physicians drastically reduced the number of name brand prescriptions.

Apart from the significant increase in prescription drug costs that House Bill No. 1385 is sure to generate, the bill would cause confusion with Medicaid prescription procedures which still require the doctor to write by hand the instruction that a brand name drug is necessary. A physician using a new two-line prescription pad (printed by the drug stores as a convenience to physicians) for a Medicaid patient could inadvertently violate the law by signing on the left line without intending to authorize the brand name drug. If the prescription were then filled with and billed as a name-brand drug, an improper and expensive transaction would have taken place. (In fact, the Health Care Financing Administration, United States Department of Health and Human Services, which oversees the Medicaid program, has taken the position that the dual-line prescription form does not meet the federal statutory requirement.)

For the foregoing reasons, I am returning House Bill No. 1385 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1431, entitled 'A Bill for an Act Relating to Education.'

The purpose of House Bill No. 1431 is to authorize the Department of Education to establish limited term, forty-nine percent salaried educational officer and teacher positions, so that recently retired staff can be rehired until such time as the department can recruit and fill the vacancies.

Act 212, Session Laws of Hawaii 1994, provided an early retirement incentive for state employees by offering an additional two years of service credit. This incentive was offered to provide an effective way to, among other purposes, reduce employee payroll costs without imposing mandatory staff reductions. While it is understandable that the Department of Education will anticipate a personnel shortage by not being able to fill all vacancies before the upcoming school year, I believe that this bill will contradict the cost saving intentions of Act 212. The receipt of compensation in addition to the two years of service credit would allow "double dipping" and would defeat the purpose of the early retirement bill mentioned above.

For the foregoing reasons, I am returning House Bill No. 1431 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1466

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1466, entitled 'A Bill for an Act Relating to Maximizing Federal Reimbursement for Hawaii's Vocational Rehabilitation Program.'

The purpose of House Bill No. 1466 is to restore 5.5 temporary positions to maximize the federal reimbursement generated by two grants provided to the vocational rehabilitation division of the Department of Human Services (DHS).

This bill is unnecessary because the federal grants provided to the vocational rehabilitation division are in an amount set by Congress and have been received by DHS since 1992. The temporary positions will not affect that reimbursement since the programs are not entitlement programs that will bring in additional federal funds by "maximizing reimbursements."

Additionally, House Bill No. 1466 restores positions already deleted by DHS to meet a portion of its position restrictions for its 1995-1997 fiscal biennium executive budget request. Vacancy reports revealed that the vocational rehabilitation division has been unable to fill its vacant authorized positions and that the current staff has been able to absorb the workload.

For the foregoing reasons, I am returning House Bill No. 1466 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1770

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1770, entitled 'A Bill for an Act Relating to the Department of Agriculture.'

The purpose of House Bill No. 1770 is to require the Department of Agriculture to explore the feasibility of expanding its "Island Fresh" campaign to national and international export markets, in conjunction with the private sector, and to encourage the department to consider changing the name of the campaign. It requires the department to submit a report to the Legislature prior to the 1996 Regular Session to include the cost of the program expansion; time frame for implementation of the program; proposed legislation required, if any, to implement the program; and a description of how expansion could be effected with as little detrimental economic impact as possible on program participants.

The Department of Agriculture's "Island Fresh" program was implemented in the early 1980s to develop consumer awareness of locally grown produce by helping consumers to differentiate between locally produced and imported fresh products, and to encourage consumers to purchase locally produced products. The State's fresh egg, poultry, banana, and aquaculture industries have incorporated the "Island Fresh" logo on their retail product labeling. All fresh milk cartons containing locally produced milk must, under section 486-120, Hawaii Revised Statutes, bear the logo. Other commodity groups, such as those that produce beef and pork locally, are also using the logo in promotional campaigns. Much time and money, both State and industry, have gone into developing consumer awareness of the term "Island Fresh." This investment would be lost if the name of the campaign were to be changed. In addition, changing the name could prove costly to those producers who have already incorporated the name into their packaging.

Regarding this bill's directive that the Department of Agriculture explore the feasibility of expanding its export campaign, the ability of producers to export fresh produce to national and international markets in saleable condition is constrained by import requirements at the destination. The Department of Agriculture is already exploring ways to expand the export market with this limitation in mind, for example with irradiation techniques, and therefore the portion of this bill that would encourage the department to expand its export program is unnecessary.

For the foregoing reasons, I am returning House Bill No. 1770 without my approval.

Respectfully,

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1790

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1790, entitled 'A Bill for an Act Relating to Game Mammals.'

The purpose of House Bill No. 1790 is to amend chapter 183D, Hawaii Revised Statutes, relating to wildlife, by adding a new section which states that game mammals such as the feral pig "may be" recognized by administrative rule for cultural and subsistence purposes when this is consistent with other laws and when the game mammals do not pose a "substantial" threat to habitats of threatened or endangered species, or when the continued taking of such mammals is consistent with sound wildlife management.

The bill is very vague as the term "substantial" is subject to wide interpretation. Furthermore, the bill now recognizes and favors the subsistence or community hunter, which must be accommodated before other recreational hunters and, therefore, is not fair. Also, the bill may hamper the Department of Land and Natural Resources in its effort to address ongoing issues of feral pig management in Hawaii.

For the foregoing reasons, I am returning House Bill No. 1790 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 2013

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 2013, entitled 'A Bill for an Act Relating to the Conservation District.'

The purposes of House Bill No. 2013 are to: (1) include the term "state marine waters" in the definition of the term "conservation district" but exempt Department of Transportation owned or controlled commercial harbors and roadstead lands and commercial harbors and waterfront improvements from Department of Land and Natural Resources regulation under chapter 183C, Hawaii Revised Statutes, related to the conservation district; (2) allow one extension of up to 180 days when a contested case hearing or special management area permit is required in connection with applications for conservation district use permits; and (3) permit the Board of Land and Natural Resources to request such extensions on its own motion.

The bill now mandates that the entire contested case hearing process be completed within a maximum of 360 days. This is a dramatic shortening of the time to complete the contested case hearing process. The current law provides for an automatic 90-day extension of the 180-day period for a contested case hearing and unlimited additional 90-day extensions of time if requested by the applicant and approved by the board. Applicants have

routinely requested extensions to allow the board to complete the contested case hearing process. Historically, the contested case process has taken approximately twelve to twenty-four months to complete, including determining the legal standing of the parties, holding multiple prehearing conferences, discovery, submission of written briefs and motions prior to the hearing, conducting the contested case hearing itself, providing for post-hearing submittals, issuing the proposed decision and order and giving the parties an opportunity to present oral arguments before issuing the final decision and order by the board. The contested case hearing is a quasi-judicial process that involves multiple procedural requirements to provide due process for all parties involved in the contested case hearing.

There is a serious concern that the board will not be able to complete the contested case hearing process within the allotted time. If the process is not completed, conservation district use permits will be granted automatically by operation of law even when such permits are not in the public interest. The bill removes the flexibility that the current law provides to handle increasingly complex cases and to insure that due process is provided to all participants.

For the foregoing reasons, I am returning House Bill No. 2013 without my approval.

Respectfully,

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 2053

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 2053, entitled 'A Bill for an Act Relating to Transportation Demand Management.'

The purpose of House Bill No. 2053 is to statutorily recognize "transportation demand management" (TDM) as a formal separate program function of the department of transportation and to expand the listing of programs to include "pedestrian" and "telecommuting" programs.

This bill was submitted by my administration and was passed by the Legislature without any amendment. However, a review of this bill raised concerns that the bill would institutionalize TDM as a separate program from the existing transportation systems management (TSM) program. TDM would refer to programs which reduce demand for roadways, including alternative work and school hours, bicycling, and ridesharing programs. TSM would describe programs which supply roadways to increase system capacity. A formal split of TDM and TSM into two programs is contrary to the concept of total transportation management. The split may result in suboptimization whereby each program would seek to maximize its own objectives without regard for how this would impact on the broader transportation program. The mandated separation may also be used to highlight the distinctiveness between the two programs, and add unnecessary weight to future justifications for staff increases and additional organizational segments.

Further, section 26-19, Hawaii Revised Statutes, already provides that the Department of Transportation shall plan, develop, promote, and coordinate TDM-type programs. As such, it appears that this bill is unnecessary.

For the foregoing reasons, I am returning House Bill No. 2053 without my approval.

Gov. Msg. No. 407, dated June 21, 1995, transmitting his statement of objections to House Bill Nos. 22, 1626 and 1965 which he has returned to the House of Representatives without his approval and which reads as follows:

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 22

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 22, entitled 'A Bill for an Act Relating to the Environment.'

The purposes of House Bill No. 22 are to amend chapter 342B, Hawaii Revised Statutes, to include a definition of "biomass fuel burning boilers," and to amend chapter 321, Hawaii Revised Statutes, to require the Department of Health to adopt written guidelines to determine the circumstances under which public informational briefings and hearings will be held.

The establishment of a definition for "biomass fuel burning boilers" is unnecessary as the term does not appear in chapter 342B. Although the definition is not in the Department of Health's current rules on biomass fuel burning boilers, the Department of Health has informed me that the definition of "biomass fuel burning boilers," as the department understands it to be and applies it, is consistent with the definition in this bill. If there is any confusion over the term as used in the rules, the definition can be added during the Department of Health's upcoming rule-making process.

The bill also requires the Department of Health to adopt written guidelines to determine the circumstances, including land use decisions, cumulative impacts, and public nuisances, under which public hearings or informational briefings will be held. First, the Department of Health already holds this authority. Second, the bill requires the adoption of such guidelines for the entire Department of Health, including divisions which have no relationship to environmental management. Finally, the requirement to adopt written guidelines may divert resources from higher priority projects, a matter of special concern at this time.

For the foregoing reasons, I am returning House Bill No. 22 without my approval.

Respectfully,

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1626

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1626, entitled 'A Bill for an Act Relating to Education.'

The purposes of House Bill No. 1626 are to continue the systemic reform initiatives of previous legislatures by clarifying certain provisions contained in sections 296-101 and 296-102, Hawaii Revised Statutes, relating to student-centered schools; provide statutory flexibility to facilitate the completion of school construction projects; request the Department of Education to establish a statewide educational assessment and accountability system; and establish commissions to design a methodology for the election of members of the Board of Education and to study the laws and policies relating to, and operations of, the school district advisory councils.

House Bill No. 1626 exempts student-centered schools from all applicable state laws and administrative rules except those regarding collective bargaining, procurement, religious, racial or sexual bias, and health and safety. The bill adds compulsory attendance to the list of exceptions. These broad exemptions from "all applicable state laws" could be broadly interpreted to permit illegal activities. Many of the laws and administrative rules are intended to ensure compliance with federal laws, such as provision of special education services and due process. While this bill would not exempt schools from compliance with federal laws and requirements, this bill would pose implementation and liability problems for the State when schools make decisions believing that this bill allows them broad discretion to be exempted from matters regulated by state law.

In addition, this bill also earmarks $175,000 from the instructional support budget program to provide teacher training in developing performance-based assessments for the classroom. However, no additional funds were appropriated to the instructional support budget program, which has already experienced budget reductions. Furthermore, this bill would also allow the Department of Accounting and General Services to establish temporary, exempt project manager positions for the school construction program even though the Department of Accounting and General Services already has several project management positions that are dedicated to the Department of Education construction projects.

The two commissions, one to design methodologies for the election of Board of Education members, and the other for the study of school district advisory councils, will have an estimated cost of operations of $10,000 for each commission. However, this bill does not contain any appropriation of additional funds to cover the $20,000 estimated cost for the two commissions. Further, an examination of the methods of electing the Board of Education and of the appointment and operations of the school district advisory councils could be requested from the Auditor or the Legislative Reference Bureau and need not be requested by a law.

For the foregoing reasons, I am returning House Bill No. 1626 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1965

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1965, entitled 'A Bill for an Act Relating to the Hawaii State Public Library System.'

The purpose of House Bill No. 1965 is to provide administrative flexibility in reallocating vacant positions, authorizing and implementing internal reorganization actions, and creating temporary positions as necessary; to make permanent the Library Fee for Enhanced Services Special Fund; and to permit the library system to retain up to five percent of any appropriation at the close of the fiscal year and provide that the appropriation not lapse until June 30 of the first fiscal year of the next fiscal biennium.

Granting of flexibility to reallocate and reclassify vacant positions and create temporary positions would set a precedent for other state agencies and needs to be scrutinized carefully. Since fiscal year 1994-1995 was the first year that the revenues from the Library Fee for Enhanced Services Special Fund were available, the expenditures should be scrutinized to insure that the funds are being used according to the original intent of the program before the fund is made permanent. In addition, the five percent carryover of funds is a concern because of the lack of a specific plan on how the funds would be utilized.

The five percent carryover provision also appears to violate Section 11 of Article VII of the State Constitution, which provides that "[a]ll appropriations for which the source is general obligation bond funds or general funds shall be for specified periods, and . . . [a]ny such appropriation or any portion of any such appropriation which is unencumbered at the close of the fiscal period for which the appropriation is made shall lapse." Consequently, appropriations made from general obligation bond funds or general funds will lapse at the close of the fiscal periods specified in the appropriations acts and cannot be prevented from lapsing by a general statute.

For the foregoing reasons, I am returning House Bill No. 1965 without my approval.

"EXECUTIVE CHAMBERS
HONOLULU

June 21, 1995

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1220

Honorable Members
Eighteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1220, entitled 'A Bill for an Act Relating to the State Budget.'

The purpose of House Bill No. 1220 is to appropriate funds for the fiscal biennium July 1, 1995, to June 30, 1997, for the operating expenditures of the various agencies in the government programs, and capital improvements projects. While the bill as a whole has merit, I object to the following appropriation for the reasons indicated:

The $7,500 portion of the general fund appropriation for fiscal year 1995-1996 and 1996-1997 for University of Hawaii, community college systemwide support (UOH 906). The funds are intended for a "protocol" fund. All other protocol funds designated by the Legislature were in the amount of $5,000. There is no discernible reason for the Senior Vice President and Community College Chancellor to have a protocol fund which is larger than any other protocol fund.

Because of the foregoing objection, I have reduced the $7,948,301 UOH 906 operating item for fiscal year 1995-1996 and the $7,948,301 UOH 906 operating item for fiscal year 1996-1997 (on page 42) and changed each of them to $7,945,801, and reduced the $7,500 in Section 75 of the bill (on page 101) for each fiscal year and changed each of them to $5,000.

In addition, certain provisions of this bill do not appear to deal with its subject as expressed in its title. Section 14 of Article III of the State Constitution requires a subject-title correlation, and provisos that attempt to repeal or modify existing statutes, or are unrelated to an appropriation in a general appropriations act, violate this requirement. Some examples of provisos which violate this constitutional requirement include sections 10, 11, 52, 59, 60, 63, 79, 80, and 81, and any other section which (i) creates positions which are exempt from the requirements of the civil service and classification laws (chapters 76 and 77, Hawaii Revised Statutes), or (ii) transfers positions from one department to another, or (iii) reclassifies positions. Other provisos are unrelated to appropriations, including those at sections 28, 30, 31, 32, 33, 37, 38, 39, (second proviso), 40, 41, 42, 43, 44, 45, 52, 59, 60, 61, 62, 63, 64, 65, 66, 69, 71, 79, 80, 81, 84, 88, 90, 94, 96 and 97 in part III, sections 119, 120 and 136 in part V, and sections 163, 166, 168, 169, 189, 190, 191, 192, and 194 in part VI of the bill. Provisos which are invalid because they conflict with or attempt to repeal general law include sections 16, 19, 20, 21, 22, 23,

24, 25, 53, 55, 64, 87, 89, 91, and 95 (to the extent that they attempt to modify existing budget controls and flexibility under chapter 37, Hawaii Revised Statutes), and sections 9(7), 15, 32, 34, 50, 69, and 76 (to the extent that they provide that "no less than" or a "minimum" amount shall be expended for specified purposes, which may be invalid attempts to modify the Governor's and Director of Finance's authority under chapter 37, Hawaii Revised Statutes, to exercise budget control through the allotment system, and sections 32 (conflict with section 37-74(a), Hawaii Revised Statutes) in part III, sections 135 (requiring legislative approval of land acquisition, in derogation of the statutory authority of the Department of Land and Natural Resources), and 136 (exercising approval power over a City and County construction project) in part V, and sections 190 (adding requirements beyond those stated in section 37-72, Hawaii Revised Statutes) and 191 (adding requirements beyond those stated in chapter 37, Hawaii Revised Statutes) in part VI of the bill. Because provisos like those cited in the foregoing examples are invalid, they are not enforceable. However, many of these provisions are not subject to a line item veto.

For the foregoing reasons, I am returning House Bill No. 1220 only with the reductions in appropriations for operations set forth above totalling $2,500 for fiscal year 1995-1996 and $2,500 for fiscal year 1996-1997 for operating purposes.

Respectfully,

/s/ Benjamin J. Cayetano
BENJAMIN J. CAYETANO
Governor of Hawaii"

"PROCLAMATION

WHEREAS, under Section 16 of Article III of the Constitution of the State of Hawaii, the Governor is required to give notice, by a proclamation, of his plan to return with his objections any bill presented to him less than ten days before adjournment sine die or presented to him after adjournment sine die of the Legislature; and

WHEREAS, House Bill No. 1220, entitled 'A Bill for an Act Relating to the State Budget,' passed by the Legislature, was presented to the Governor within the aforementioned period;

WHEREAS, under Section 16 of Article III, the Governor may veto or reduce any specific item or items in any bill which appropriates money for specific purposes;

WHEREAS, House Bill No. 1220 appropriates money for specific purposes; and

WHEREAS, certain appropriation items in House Bill No. 1220 are unacceptable to the Governor of the State of Hawaii;

NOW, THEREFORE, I, BENJAMIN J. CAYETANO, Governor of Hawaii, do hereby issue this proclamation, pursuant to the provisions of Section 16 of Article III of the Constitution of the State of Hawaii, giving notice of my plan to return House Bill No. 1220 with my objections, as indicated, to certain appropriation items listed therein, as provided in said Section 16 of Article III of the Constitution of the State of Hawaii.

DONE at the State Capitol,
Honolulu, State of Hawaii,
this 21st day of June, 1995.

\s\ Benjamin J. Cayetano
BENJAMIN J. CAYETANO
Governor of Hawaii"

RULES OF THE SENATE

of the

EIGHTEENTH LEGISLATURE OF THE STATE OF HAWAII

PREAMBLE

The members of the Senate do hereby reaffirm the Senate's dedication to upholding the Constitutions of the United States and the State of Hawaii, to providing for openness and fairness in all of its proceedings, and to promoting collaboration and consultation in its committee work.

The Senate stands as a people-oriented institution that serves all of the people, whatever their background or persuasion. The Senate works for the public good and strives to give every person an equal opportunity to realize his or her highest potential. The Senate is an open public forum for organized debate and deliberative consideration of issues.

RULES OF THE SENATE

The following Rules shall be the Rules of the Senate of the Eighteenth Legislature of the State of Hawaii.

PART I. ORGANIZATION, OFFICERS AND EMPLOYEES

Rule 1. Organization

(1) When the Senate convenes in the first Regular Session of each Legislature, the member from the First Senatorial District shall act as temporary chair, call the Senate to order, appoint a temporary Clerk, and a Committee of three whose duty it shall be to immediately examine the credentials of the members-elect of the Senate. If from the report of the Committee, it shall appear that a majority of the credentials are in order, the temporary Clerk shall call the roll.

(2) The temporary Chair shall then appoint a Committee of three to wait upon a justice of the Supreme Court, an Intermediate Appellate Court Judge or a Circuit Court judge to administer the oath of office required by the Constitution. After the oath has been duly administered, the Senate shall organize.

(3) When the Senate convenes in any succeeding Sessions of the Legislature, the President or the Vice-President in the absence of the President, shall call the Senate to order.

Rule 2. Officers and Employees

(1) The officers of the Senate shall consist of a President, Vice-President, Clerk, Assistant Clerk, Sergeant-at-Arms, and Assistant Sergeant-at-Arms, each of whom shall be elected by a majority vote of the members of the Senate.

(2) The President and Vice-President shall hold their respective offices in accordance with Title 3, Hawaii Revised Statutes. Other officers and employees shall hold their respective offices and positions at the pleasure of the Senate, but a majority vote of the members of the Senate shall be required to terminate the office held by any officer of the Senate.

(3) The Senate, by a majority vote, may authorize positions from time to time as may be deemed necessary.

Rule 3. The President

It shall be the duty of the President:

(1) To open the meetings of the Senate by taking the Chair and calling for the invocation.

(2) When a quorum is present, to call for the reading of the Journal of the preceding day.

(3) To maintain order in the Senate Chamber and to require proper decorum on the part of the members.

(4) To announce the business before the Senate in the order prescribed by the Rules.

(5) To receive and submit all matters properly brought before the Senate by the members, call for votes upon the same and announce the results.

(6) To receive all communications, present them to the Senate and refer all bills and other matters to the appropriate standing committees.

(7) To appoint all committees unless otherwise determined by the Senate.

(8) To authenticate by signature, all acts and doings of the Senate which require authentication.

(9) To make known rules of order when so requested and, subject to an appeal to the Senate, to decide all questions of order.

(10) To issue warrants and when so directed by the Senate, to carry into effect its orders in the arrest of offenders, the summoning of witnesses, or other orders of the Senate.

(11) To decide and announce the result of any vote taken.

(12) To do and perform such other duties as are required by law or by these rules or such as may properly pertain to such office.

(13) To clear the Senate Chamber of all persons, except its members and designated persons if there is a disturbance or disorderly conduct, or on motion duly adopted.

(14) To control and have direction of the rooms, desks, passages, stairways, corridors, and balconies, in and about the building set apart for the use of the Senate, and all public property of the Senate. The President shall see that all officers of the Senate perform their respective duties, and may assign places to visitors and reporters. The President may admit stenographers or other reporters, wishing to take down the debates, and assign them such places to effect their object as shall not interfere with the convenience of the Senate.

(15) To establish final dates for action on legislation, including, though not limited to the final date for introducing bills, the dates for the mandatory recess pursuant to Article III, Section 10, of the Constitution, the final date for third reading of Senate Bills, the final date for third reading of House Bills, the final date for approving Conference Committee agreements and drafts of bills, the final date for final reading of the General Appropriations Bill, and the final date for final reading of the Supplemental Appropriations Bill. The President shall coordinate the date for introducing bills and may coordinate with the Speaker of the House to establish the other final dates.

(16) To promulgate an administrative and financial manual of guides, the purpose of which is to establish uniformity in administrative practices and to ensure compliance with Senate policies.

(17) To mediate and resolve differences between two or more standing committees on the same bill.

Rule 4. The Vice-President

In the absence of the President, the Vice-President shall exercise all the duties and powers of the President.

Rule 5. President Pro Tempore

(1) In case the President and Vice-President shall be absent at the hour to which the Senate had adjourned, the member of the majority party having the longest tenure in the Senate shall preside until a President pro tempore is chosen. If two or more members are equally qualified to preside, the eldest qualified member shall preside.

(2) The President pro tempore shall be invested with all of the powers and shall perform all the duties of the President. Whenever the President pro tempore is required to sign a bill or other instrument, the Clerk shall attach to such bill or instrument a certificate stating that such President pro tempore was duly elected and is authorized to so sign.

Rule 6. The Clerk

It shall be the duty of the Clerk:

(1) To have charge of all records of the Senate and be responsible for the same. At no time shall the Clerk permit original documents to be withdrawn from the Clerk's keeping unless ordered by the Senate.

(2) To make a concise and complete memorandum of all petitions, motions, resolutions, amendments and other matters brought before the Senate. Such memoranda shall state the nature of the matter and the name of the introducer, and the date and day of the session on which the Senate considered the matter. The memoranda, together with other matters ordered to be placed therein, shall constitute the Journal, a copy of which shall be made available for inspection to any member upon request as soon as practicable. The Journal of each day shall be read the following day, immediately after the invocation. When such Journal is approved by vote of the Senate, it shall be entered by the Clerk in a book entitled "Journal of the Senate. Session of ____." (Giving the Year).

(3) Unless otherwise directed by the Senate, to read all bills, resolutions and other matters (if so required) to the Senate.

(4) To forward at once all letters, messages, communications and other matters to the proper parties.

(5) To immediately deliver to the Chair of the appropriate committee all petitions, resolutions, bills or other matters duly referred to such committee.

(6) To see that all bills and resolutions are properly engrossed and are correct and true as finally acted upon by the Senate.

(7) To draw on the state general fund for expenses of the session as shall be authorized by the Senate and approved by the leadership committee as may be appointed by the President.

(8) To pay all bills and accounts as shall be approved by the President or the President's designees, or ordered by the Senate, and no others.

(9) To be responsible for the acquisition and distribution of all of the property of the Senate.

(10) To note all questions of order with the decision thereon, collect the same, and append them to the Senate Journal at the close of the session.

(11) To perform all other clerical duties and functions pertaining to the Office of the Clerk and as the Senate from time to time shall direct. The Clerk shall post the order of business in writing in a conspicuous place each day.

Rule 7. Assistant Clerk

The Assistant Clerk shall assist the Clerk in the performance of all duties and attend to such other duties as may be required when so directed by the President. In the absence of the Clerk, the Assistant Clerk shall perform all duties of the Clerk.

Rule 8. Invocation

Each day's sitting of the Senate shall open with an invocation.

Rule 9. Sergeant-at-Arms

It shall be the duty of the Sergeant-at-Arms to attend the Senate on every day of meeting; to maintain order among those present as spectators; to give notice to the Presiding Officer of the attendance of any person with communications or otherwise; to supervise the distribution of incidentals which require distribution among the members; to supervise, subject to the control of the President, the Senate Messengers; to attend upon committees if so requested; to serve all orders or process as directed by the President or Senate; to make all required arrests of members or other persons, and to retain the same in custody; to have the charge and responsibility for the postal requirements of the Senate; and generally to execute all of the requirements of the President of the Senate.

Rule 10. Assistant Sergeant-at-Arms

The Assistant Sergeant-at-Arms shall assist the Sergeant-at-Arms in the performance of all duties and attend to such duties as may be required when so directed by the President. In the absence of the Sergeant-at-Arms, the Assistant Sergeant-at-Arms shall perform all duties of the Sergeant-at-Arms.

Rule 11. Responsibility of Officers and Employees

The employees shall perform such duties as may be assigned by the President or prescribed by the Senate.

All officers and employees of the Senate shall be directly answerable to the President, and shall obey and perform all the President's orders and directions, subject to revision by the Senate. If required by the President, any officer or employee shall give a bond for the faithful performance of duties.

An oath of office shall be administered to each officer.

Rule 12. Pay of Members, Officers and Employees

(1) Each member of the Senate, upon being elected or appointed to office, shall receive as compensation such salary as prescribed pursuant to Article III, Section 9, of the State Constitution.

(2) The officers, except the President and Vice-President, and the employees shall receive compensation as the Senate shall fix.

PART II. COMMITTEES

Rule 13. Committees: Types and Composition

(1) Standing Committees: The membership of each Standing Committee and the respective Chair and Vice-Chair thereof shall be appointed by the President, subject to action by the Senate. The majority and minority parties shall to the extent practicable be represented on all Standing Committees on a proportional basis or on such basis as may be prescribed by the Senate. The nomination of the minority party members to Standing Committees shall be made by the leadership of the minority party.

(2) Leadership Committees shall include members drawn from the ranks of the Senate leadership.

(3) Special Committees shall consist of not less than three members each, unless otherwise ordered by the Senate, and shall be appointed by the President from time to time as occasion requires, to serve until discharged or finally reporting the specific matter referred. The Senate may establish investigative committees pursuant to Chapter 21, Hawaii Revised Statutes; such committees shall have such powers and be bound by such conditions as may be provided by law or by these Rules.

(4) Conference Committees shall consist of not less than three members each, unless otherwise ordered by the Senate, and shall be appointed by the President from time to time as occasion requires, to serve until discharged or finally

reporting the matter referred. The President may discharge a Conference Committee only upon concurrence with the Majority Leader.

(5) The Committee of the Whole Senate.

Rule 14. Committee Chair and Vice-Chair

The first person named on the Committee shall be Chair; the second member named shall be Vice-Chair. The Chair shall call meetings and preside.

Rule 15. Committees: Control and Excuse from Membership

Committees shall be under the control of and subject to the orders of the Senate, and shall faithfully carry out such orders. Any member may be excused from serving on any committee at the time of appointment, if already a member of four other committees.

Rule 16. Standing Committees

Standing Committees shall be appointed for each major subject matter area at the opening of the session, or as soon thereafter as possible, to serve during the Eighteenth Legislature. The major subject matter areas and the Standing Committees therefor shall be as follows:

FISCAL MANAGEMENT

This major subject area covers those programs which are intended to produce the efficient, effective, economical, and equitable acquisition and utilization of financial resources. The Standing Committee for this major subject matter shall be:

(1) Committee on Ways and Means, whose scope shall be those programs relating to overall state financing policies, including taxation and other revenues, cash and debt management, and statewide implementation of planning, programming, budgeting, and evaluation, government structure and finance.

JUSTICE, PUBLIC SAFETY & CONSUMER PROTECTION

This major subject area covers those programs which are intended to safeguard individual and property rights, protect consumers from fraudulent and deceptive practices, and improve the conduct of business affairs. The Standing Committees for this major subject area shall be:

(2) Committee on Judiciary, whose scope shall be those programs relating to courts, crime prevention and control, criminal code revisions, statutory revision, judicial and legal questions, campaigns and elections, constitutional matters, programs of the Attorney General, Public Defender and Judiciary, individual rights and civil liberties, and programs relating to public safety and corrections.

(3) Consumer Protection, whose scope shall be those programs relating to business regulation, occupational licensing, consumer protection, financial institutions, and insurance regulation.

EDUCATION AND HUMAN RESOURCES

This subject area includes programs that promote the intellectual development and cultural enrichment of the community; improve the physical and mental health of the people; and promote social welfare services. The Standing Committees for this major subject matter area shall be:

(4) Committee on Education, whose scope shall be those programs relating to early education, lower education, continuing education, and the public libraries.

(5) Committee on Higher Education, Culture, and Arts, whose scope shall be those programs relating to the University of Hawaii and the community college system, culture, the arts, and historic preservation.

(6) Committee on Health, whose scope shall be those programs relating to general health, maternal and child care, communicable diseases, dental health, medical and hospital services, mental health, mental retardation, and hospitals.

(7) Committee on Human Services, whose scope shall be those programs relating to financial assistance, youth services, vocational rehabilitation, and social welfare services, as well as those programs under the office of the governor relating to the promotion of the general well-being of Hawaii's youth and elderly population.

DEVELOPMENT AND GROWTH

This major subject matter area covers those programs which relate to the economy, including economic development and Pacific Region affairs; adequate and affordable housing; and tourism. The Standing Committees for this major subject matter area shall be:

(8) Committee on Economic Development, whose scope shall be those programs relating to new industry development, science and technology, capital attraction, financial and technical assistance to business, ocean resources, ocean mining, energy resources development, and including economic development in the Pacific Region.

(9) Committee on Housing, whose scope shall be those programs relating to housing development, the landlord tenant code, condominium property regimes, and leaseholds.

(10) Committee on Tourism and Recreation, whose scope shall be those programs relating to tourism, outdoor recreation, sports and athletics, state parks and beaches, recreational boating, and Aloha Stadium.

PLANNING, NATURAL RESOURCES, AND EMPLOYMENT

This major subject matter area covers those programs which are intended to provide for prudent planning and use of land, water, and other valuable natural resources as well as programs relating to employment. The Standing Committees for this major subject matter area shall be:

(11) Committee on Planning, Land and Water Use Management, whose scope shall be issues relating to state planning, urban renewal, community development, the utilization of land and water resources, zoning and land use, coastal zone management, land reclamation.

(12) Committee on Agriculture, Labor, and Employment, whose scope shall be those programs relating to agriculture, including aquaculture, fisheries, and mariculture as well as programs relating to public officers and employees, labor, employment opportunities, labor-management relations, and collective bargaining.

(13) Committee on Ecology and Environmental Protection, whose scope shall be programs relating to population and those relating to environmental quality control, protection, and health, including litter control, recycling, wastewater treatment, endangered species protection, and hazardous waste.

TRANSPORTATION, GOVERNMENT AFFAIRS, COMMUNICATIONS, AND HAWAIIAN AFFAIRS

This major subject matter area covers those programs concerning transportation; government affairs; communications; and Hawaiian affairs. The Standing Committees for this major subject area shall be:

(14) Committee on Transportation and Government Affairs, whose scope shall be those programs relating to air, water, and surface transportation; and relations between the State and foreign, federal, and county governments; military; civil defense and veteran's services; procurement; and government efficiency.

(15) Committee on Communications and Public Utilities, whose scope shall be those programs relating to use of information storage; transmission, processing, and telecommunications technologies by public agencies and institutions; telecommunications; and regulation of public utilities.

(16) Committee on Hawaiian Affairs, whose scope shall be those programs relating to the Office of Hawaiian Affairs, sovereignty, and Hawaiian Homestead lands.

ADVISE AND CONSENT

(17) Committee on Executive and Judicial Appointments, whose scope shall be to review the background, character, experience, and qualifications of nominees submitted by the Governor for executive and judicial offices as well as nominees submitted by the Chief Justice for judicial offices, and make appropriate recommendations to the Senate.

Rule 17. Standing Committees: General Responsibility

(1) General Responsibility. On the bills referred to it by the President, the committee shall determine objectives, make program recommendations and, where appropriate, make expenditure recommendations. For those bills which require appropriations, the committee shall make expenditure recommendations consistent with the expenditure allocations established for the bills by the Committee on Ways and Means, which shall make the final recommendation to the Senate.

(2) Subsequent referral committees. On bills that have been referred by the President to more than one committee, subsequent referral committees shall make no substantive change without prior written notice of such change to the first referral committee and consultation and coordination with that committee, via its chair, prior to the transmittal of the amended bill and committee report to the Clerk of the Senate for floor action.

(3) Subsequent referral committee, Judiciary committee. On bills referred by the President to one or more committees and then to the Committee on Judiciary, the Committee on Judiciary shall make no substantive change, except changes relating to constitutional matters or judicial or legal questions, without prior written approval of the preceding referral committee chair having primary jurisdiction over the subject matter affected by the change.

(4) Subsequent referral committee, Ways and Means committee. On bills referred by the President to one or more committees and then to the Committee on Ways and Means, the Committee on Ways and Means shall make no substantive non-fiscal change without prior written approval of the preceding referral committee chair having primary jurisdiction over the subject matter affected by the change.

Rule 18. Committee on Ways and Means: Special Responsibility

It shall be the duty of the Committee on Ways and Means, in considering the General Appropriations Bill or the Supplemental Appropriations Bill, to determine for each fiscal year of the biennium the appropriate level of total expenditures and the level of expenditures for program areas.

To the extent practicable, the Committee on Ways and Means shall make available to members of the Senate the contents of the General Appropriations Bill or the Supplemental Appropriations Bill during the 48-hour period prior to the passage of such bills on third and final reading.

Concerning all other bills requiring appropriations, it shall be the duty of the Committee on Ways and Means to inform the Standing Committee responsible for the program area to which the appropriation relates of the amount and type of financial resources available, and it shall review the expenditure recommendation of the Standing Committee to determine that the recommendation is consistent with the resources available.

In determining the amount and type of resources available for a bill requiring an appropriation and in reviewing the expenditure recommendation of the Standing Committee, the Committee on Ways and Means shall invite the recommendation of the chair of the Standing Committee responsible for the program area to which the appropriation relates.

Rule 19. Leadership Committees

Leadership Committees shall be appointed by the President at the opening of the session, or as soon thereafter as possible. A leadership Committee on Legislative Management shall be appointed by the President to perform the duties and responsibilities of the Committee as may be provided by law. Because Leadership Committees have jurisdiction over issues of organizational and institutional interest to the Senate, their membership shall include members drawn from the ranks of the Senate Leadership, thus assuring high-level consideration of these issues.

Rule 20. Meetings of Committees

Meetings, including decision-making sessions, of leadership committees appointed by the President, and Standing Committees shall be public provided that meetings in executive session may be allowed in such exceptional circumstances when committee discussion could unfairly damage the reputation of individuals or where there is a legal question concerning a bill.

Notice of meetings and decision-making sessions shall be publicly posted by first referral committees at least 72 hours before their meetings and by subsequent referral committees at least 48 hours before their meetings, provided that these notice requirements may be waived with the approval of the President upon good cause shown.

No committee shall sit during the time when the Senate is actually in session without first securing the approval of the President, except Conference Committees which may sit at any time.

As practicable, committees shall schedule their meetings at times and at places as are convenient for attendance by the general public, and in coordination with other committees of the House or Senate, shall endeavor to hold joint meetings and public hearings on matters of mutual interest.

The meetings of a Conference Committee shall be conducted as agreed upon by the members of the Conference Committee. Conference Committee meetings and decision-making sessions shall be public. Public notice of Conference Committee meetings shall be given to the extent practicable.

Rule 21. Decision-Making by Committee

(1) The chair of a standing committee may commence a decision-making meeting and open discussion on matters referred to the committee without a quorum; provided that the decision-making by the committee on matters that are referred to it shall be conducted with a quorum of the committee present. A quorum shall be a majority of the membership of the committee.

(2) A favorable vote of a majority of the members present at a decision-making meeting duly constituted with a quorum is required to report a matter out of committee. A member voting "with reservations" shall be counted as a favorable vote.

(3) The presence of a quorum and the final vote of each member who is present at the decision-making meeting of a standing committee shall be recorded by the chair or by a member of the committee designated by the chair. This record shall be attached to and shall be a part of the report of the standing committee.

Rule 22. Public Hearings on Bills

(1) Subject to this rule, the selection and scheduling of a bill for public hearing shall be at the discretion of the chair of the committee having jurisdiction over the bill.

(2) The chair's determination that a bill will have a public hearing shall be final notwithstanding the opposition of a majority of the members of the committee.

(3) At the written request of a majority of the members of the committee, the chair shall schedule a bill for public hearing.

Rule 23. Committee Reports

(1) The leadership committees as may be appointed by the President and Standing Committees shall report from time to time upon all matters referred to them.

(2) Special Committees shall report upon matters referred to them within the time permitted in the appointment of the Special Committee unless further time is given by vote of the Senate.

(3) A Conference Committee shall not report upon the matter referred unless a majority of the members appointed by the President have concurred in the report.

Rule 24. Committees: Factfinding and Content of Reports

(1) Whenever any matter shall be referred to a committee it shall be the duty of the committee to make diligent inquiry into all of the facts and circumstances connected with the matter. If necessary, witnesses shall be summoned or subpoenaed, and everything shall be done to bring all facts pertaining to the matter before the Senate in accordance with the provisions of Chapter 21 of the Hawaii Revised Statutes. The President may exercise such powers authorized under Chapter 21, relating to the issuance of subpoenas, and the President, committee chair and other duly delegated members of the Senate may exercise such powers authorized under Chapter 21 aforesaid, relating to the administering of oaths, and the compelling of witnesses who have been subpoenaed to testify. All committee meetings held on matters referred to it by the Senate shall be open to the public unless otherwise ordered by the Senate or otherwise provided by these Rules.

(2) The report of the committee shall state findings of fact and conclusions based thereon, together with a distinct recommendation as to the disposal of that matter.

(3) A report upon a bill shall state clearly the amendments, if any, proposed. If a substitute bill for one or more referred to the committee shall be reported, such substitute bill shall agree with the subject of the bill or bills referred to the committee.

(4) The committee shall report whenever a majority of the members present at the decision-making meeting duly constituted with a quorum is in favor of reporting the bill or resolution out of the committee. The report, after being made available, for review by the members of the committee, and after subsequent revisions thereto, if any, shall be the final report of the committee. The final report of the committee shall be attested to by the signature of the chair on behalf of the members of the committee. The action of the committee on the bill or resolution or any amendments thereto, if any, and the final vote of each member of the committee recorded by the chair or the chair's designee at a decision-making meeting shall not be changed in the review of the report, unless the change is made at an open decision-making meeting conducted with a quorum of the committee present. The minority of the members present at any decision-making meeting duly constituted with a quorum may report.

Rule 25. Committee of the Whole

(1) The Senate from time to time may resolve itself into a Committee of the Whole. Whenever any matter shall be referred to such committee upon the adoption of a motion to that effect, the President shall call some member to take the Chair (unless the Senate shall nominate a chair), which being done, the Senate then shall be in committee.

(2) The Clerk of the Senate shall act as Clerk of the Committee of the Whole without extra compensation, and shall make a careful record of the proceedings, which shall be filed as one of the records of the Senate.

(3) The committee, on motion, may rise and ask leave to sit at any future time.

(4) When a bill shall be referred to the Committee of the Whole, the bill shall be first read throughout by the Clerk, and then again read and debated by sections, leaving the preamble to be the last. All amendments, noting the page and line, shall be duly entered by the Clerk on a separate paper, as the same shall be agreed to by the committee, and so reported. When a bill is ordered into Committee of the Whole, such order may dispense with the reading of the whole bill before considering it section by section.

(5) In Committee of the Whole, the rules of procedure in the Senate shall be observed except that any member may speak more than once on the same subject, but no person shall speak a second or further time until others desiring to speak shall have had an opportunity, nor shall the motion for the previous question be allowed. A time limit for debate may be fixed by vote.

PART III. SESSIONS; ATTENDANCE; NOMINATIONS

Rule 26. Meetings

(1) The Senate shall meet for the transaction of public business every day, except Saturdays, Sundays, legal holidays and such other days as the Senate shall designate by motion or resolution duly adopted and entered in the Journal.

(2) The regular hour of meetings of the Senate is established at eleven-thirty o'clock a.m. but the hour of meeting, recess and adjournment for any day may be such as the Senate, by motion, shall decide from time to time.

Rule 27. Attendance

No member shall be absent from the sessions of the Senate unless given leave by the President or unless the member is sick and unable to attend.

Rule 28. Extension of Session

Two-thirds of the members to which the Senate is entitled, two-thirds of the House of Representatives concurring, may petition the President of the Senate and the Speaker of the House to extend any session of the Legislature. The petition shall read:

"To the President of the Senate and the Speaker of the House of Representatives

Your petitioners, members of the Senate and of the _____ Legislature of the State of Hawaii, respectfully request an extension of _____ days of the _____ session of _____ of the _____ Legislature of the State of Hawaii."

The petition shall be in writing, above the signatures of the members.

When the President of the Senate receives such a petition, and it is properly signed by two-thirds of the members to which each house is entitled, the President and the Speaker of the House of Representatives shall jointly issue a proclamation extending the session for the number of days sought in the petition.

Rule 29. Recessed Session

Any session of the Legislature may be recessed by concurrent resolution adopted by a majority of the members to which each house is entitled. Each regular session shall be recessed pursuant to Article III, Section 10, of the Constitution for not less than five days at some period between the twentieth and fortieth days of the regular session.

Rule 30. Special Sessions

(1) Two-thirds of the members to which the Senate is entitled, two-thirds of the House of Representatives concurring, may petition the President of the Senate and the Speaker of the House to call a special session of the Legislature. The petition shall read:

"To the President of the Senate and the Speaker of the House of Representatives

Your petitioners, members of the Senate and of the House of Representatives of the _____ Legislature of the State of Hawaii, respectfully request that a special session of the _____ Legislature of the State of Hawaii be convened at _____."

The petition shall be in writing, above the signatures of the members.

When the President of the Senate receives such a petition, and it is properly signed by two-thirds of the members to which each house is entitled, the President of the Senate and the Speaker of the House of Representatives shall jointly issue a proclamation convening the Legislature in special session at the time and place sought in the petition.

(2) Two-thirds of the members to which the Senate is entitled may petition the President of the Senate to call a special session of the Senate for the purpose of carrying out the Senate's responsibilities under Article VI, Section 3, of the Constitution. The petition shall read:

"To the President of the Senate

Your petitioners, members of the Senate of the _____ Legislature of the State of Hawaii, respectfully request that a special session of the Senate of the State of Hawaii be convened at _____."

The petition shall be in writing, above the signatures of the members.

When the President of the Senate receives such a petition, and it is properly signed by two-thirds of the members to which the Senate is entitled, the President of the Senate shall issue a proclamation convening the Senate in special session at the time and place sought in the petition.

Rule 31. Adjournments

Meetings may be adjourned at any time. Unless otherwise specified in the motion, every adjournment shall be considered as being to the established hour of meeting on the following business day; but no adjournment shall be for more than three days, or sine die, without the consent of the House of Representatives.

Rule 32. Motion to Adjourn

A motion to adjourn is always in order, and shall be decided without debate. One motion to adjourn shall not follow another without intervening business.

Rule 33. Quorum

For the transaction of business, a majority of the number of members to which the Senate is entitled shall constitute a quorum, of which quorum a majority vote shall suffice, but the final passage of a bill shall require the vote of the majority of the members of the Senate. A smaller number than a quorum may adjourn from day to day and compel the attendance of absent members. For the purpose of compelling the attendance of absent members, a majority of the members present, by resolution, may direct the Sergeant-at-Arms to place the members who are absent under arrest and return them to the

Senate. Any warrant pursuant to such a resolution shall be issued in the name of the Senate and shall be signed by the member then presiding. For the purpose of ascertaining whether there is a quorum present, the President shall count the members present.

Rule 34. Executive Session

(1) If the Senate considers it necessary to act confidentially upon any communication from the Governor or upon any nomination or other matter, it may go into executive session.

(2) When any member desires to make known any matter to the Senate which the member deems should be confidential and private, the member shall communicate that desire to the President who shall decide whether the Senate shall go into executive session. The Senate may decide whether the matter communicated shall be kept secret.

Rule 35. Clearing of the Senate

(1) When acting upon confidential business in executive session, the Senate Chambers shall be cleared of all persons except the members of the Senate and such other persons as the presiding officer with the consent of the Senate shall deem necessary.

(2) The members, officers and employees shall keep the secrets of the Senate and any other person whose presence is permitted in executive session shall be sworn to secrecy.

(3) All confidential communications made to the Senate, and remarks, votes and proceedings thereon, shall be kept strictly secret by the members, officers and employees, as well as by such other persons as have been detained or permitted to attend upon the consideration of such matters, until the Senate, by resolution, takes off such seal of secrecy, or unless such matter be later considered in open session.

Rule 36. Nominations; Appointments

(1) Nominations made by the Governor and removal of the chief legal officer of the State which require the advice and consent of the Senate, and appointments which require the confirmation or consent of the Senate shall be referred to the Committee on Executive and Judicial Appointments within five legislative days of receipt of the nomination or appointment.

(2) The final question on nominations made by the Governor shall be: "Will the Senate advise and consent to this nomination?"

(3) The final question on the removal of the chief legal officer of the State shall be: "Will the Senate advise and consent to the removal of the chief legal officer of the State?"

(4) The final question on appointments made by the Governor which require the confirmation or consent of the Senate shall be: "Will the Senate confirm (or consent) to this appointment?"

(5) The final question on nominations, removal of the chief legal officer or on appointments shall not be put sooner than twenty-four hours from the time when the nomination or appointment is received, nor on the day in which it may be reported by a committee, unless by unanimous consent.

(6) Public hearings shall be held for all nominees, for the removal of the chief legal officer of the State, and for all appointees prior to confirmation or consent by the Senate.

(7) The fact of nomination or appointment, rejection, confirmation, or consent need not be kept confidential, but when the Senate or the committee on Executive and Judicial Appointments shall deem it necessary for good cause, all remarks, proceedings and votes thereon shall be kept confidential.

(8) Consent to the appointment of justices and judges shall be pursuant to Article VI, Section 3, of the State Constitution.

Rule 37. Meeting at Place Other than Capitol

Whenever, for any reason, the Governor shall convene the Senate at any place other than the Capitol, it shall attend together with all of its officers at the time and place ordered.

PART IV. ORDER OF BUSINESS

Rule 38. Order of Business: General

After invocation, roll call and the reading of the Journal, the President shall call for business in the following order:

(1) Messages from the Governor.

(2) Reports and communications from the state officers.

(3) Communications, bills, resolutions and other matters from the House of Representatives.

(4) Concurrent and senate resolutions and introduction of bills.

(5) Reports of Conference and Joint Committees.

(6) Reports of the Leadership Committee on Legislative Management.

(7) Reports of Standing Committees.

(8) Reports of other Leadership Committees.

(9) Unfinished business, upon which the Senate was engaged at the time of its last adjournment.

(10) The Order of the Day.

(11) Petitions, memorials and miscellaneous communications.

(12) Any miscellaneous business on the President's table.

Rule 39. Order of Business: Special

The Senate, by previous motion, may direct that any matter named shall be made a special order of business and that such special order shall take precedence of all business after the fourth order, or that it shall take any other position lower down on the calendar.

Rule 40. Order of Business: Committee Reports and Gubernatorial Messages

Reports from Conference or Joint Committees, and from the Leadership Committee on Legislative Management, shall be in order at all times after the second order of business, and, upon motion, messages from the Governor or from the House of Representatives may be received at any time. Without unanimous consent, however, such messages or reports shall not be in order for discussion when received, but shall be placed on the calendar as unfinished business.

Rule 41. Order of Business: Order of the Day

After the first seven orders of business set forth in Rule 38, it shall be in order, pending consideration thereof, to move that the Senate proceed to dispose of the unfinished business or to the Order of the Day. If such motion be decided in the affirmative, such consideration shall immediately be taken up.

Rule 42. Order of Business: Unfinished Business

The unfinished business in which the Senate was engaged at the time of the last adjournment shall have the preference in the Order of the Day. Until the former is disposed of, no motion for any other business shall be received without special leave of the Senate.

Rule 43. Order of Business: Questions on Priority

All questions relating to the priority of business to be acted upon shall be decided without debate.

PART V. BILLS; RESOLUTIONS

Rule 44. Bills: Introduction

Any bill may be introduced on the report of the committee or by any member, except appropriation bills subject to the next paragraph and except short form bills which may only be introduced by the majority party leader or the minority party leader after appropriate consultation with committee chairs and other members of the Senate.

The Executive Budget, Judiciary Budget, Legislative Budget, General Appropriations Bill, Supplemental Appropriations Bill, Office of Hawaiian Affairs Budget, and bills for criminal injuries compensation, for claims against the State and for funding of collective bargaining agreements may be introduced only by the President. Each member may introduce only one bill appropriating money for capital improvements projects in the member's district. The majority party leader and the minority party leader shall develop a policy governing introduction by individual members of bills intended to appropriate money or to authorize the issuance of state bonds.

All bills shall be introduced under the order of resolutions.

Bills which shall carry over from a regular session in an odd-numbered year to the next regular session shall retain the numbers assigned to them. The Clerk shall keep a record of the status of all bills in possession of the Senate at the end of the odd-numbered year session and shall publish the record of the status of all such bills prior to the convening of the next regular session.

Every bill introduced or reported out of any committee, which amends an existing section or subsection of the Hawaii Revised Statutes or Session Laws of Hawaii, shall set forth the section or subsection in full, and the matter to be deleted shall be enclosed in brackets and any new matter added to the section or subsection shall be underscored. However, a Supplemental Appropriations Bill need not conform to this rule, nor an amending bill where the intent and effect of the amending bill can be clearly identified and understood without repeating the entire section or subsection, in which case only the paragraphs, subparagraphs, clauses or items to be amended need be set forth as the President may allow. The President may allow additional exceptions to this rule.

Rule 45. Bills: Referral to Committee

(1) Upon introduction all bills shall be numbered by the Clerk in numerical sequence, shall bear an identification as a Senate Bill, and shall pass first reading.

(2) Each such bill shall be referred by the President to one or more appropriate Leadership or Standing Committees for consideration.

(3) Any referral may be reconsidered by the President upon written request of any chair who is aggrieved by the referral made within forty-eight hours of the referral. The President shall decide the request for reconsideration within a reasonable time. The President's decision on a request for reconsideration may be appealed by any chair aggrieved by that decision to the Leadership Committee. No request for reconsideration or appeal shall be considered if the timing of the request would have the effect of killing a bill or resolution.

(4) Each Leadership and Standing Committee shall consider the bills referred to it as expeditiously as may be possible.

Rule 46. Bills: Required Readings

No bill shall pass the Senate unless it shall have passed three readings in the Senate on separate days. The President shall give notice in each instance whether it be the first, second or third reading.

Rule 47. Bills: First Reading

(1) The first reading of a bill shall be for information. If opposition be made to it, the question shall be: "Shall this bill be rejected?" which question may be debated. But no one shall speak more than once upon such question, except the introducer of the bill, who may close the debate.

(2) If the question to reject be negative, the bill shall go to its second reading without question.

Rule 48. Bills: Second Reading

A bill upon its second reading may be read by its title only. It then shall be subject to a motion to commit. If it is not referred to a Leadership Committee, Standing Committee, or Special Committee, but is ordered to be considered in Committee of the Whole, a day for such consideration shall be determined by the chair of such committee. When the bill is reported from committee it shall take its place in the order of business for future consideration.

Rule 49. Bills: Third Reading

(1) No bill shall pass third or final reading in the Senate unless printed copies of the bill in the form to be passed have been made available to the members of the Senate for at least 48 hours. Form to be passed means the form in which a bill is to be (a) passed on third reading in the Senate, (b) concurred to by the Senate after amendments have been made by the House, or (c) passed by the Senate after a Conference Committee has agreed upon it.

(2) A bill on its third or final reading may be read by its title only, and the President then shall ask the Senate: "Shall this bill pass its third reading?" or "Shall this bill pass its final reading?" as the case may be. Upon the final passage of any bill, the Ayes and Noes shall be called. Such passage shall require the affirmative vote of a majority of all the members of the Senate and the Ayes and Noes shall be entered on the Journal.

Rule 50. Bills: Property of Senate

All bills introduced in the Senate shall be deemed the property of the Senate and under its control unless they shall become law, subject however to the right of the House of Representatives to amend or to refuse to agree with the bills.

Any bill pending at the final adjournment of a regular session in an odd-numbered year shall carry over with the same status to the next regular session; provided that if such bill shall have passed third reading in the Senate in an odd-numbered session, it shall pass at least one reading in the Senate in the next regular session upon its return to the Senate from the House.

Rule 51. Bills: Recall from Committee

Twenty days after a bill has been referred to a committee, the same may be recalled from such committee by the affirmative vote of one-third of the members of the Senate.

Rule 52. Matters Tabled

When a bill or resolution or other matter has been laid upon the table, it shall not thereafter be taken from the table and be considered or restored to a place upon the calendar of the Senate without the consent of a majority.

Rule 53. Bills: Amendments

(1) All amendments proposed to any bill shall be in writing, unless otherwise ordered by the Senate, and shall be sent to the Clerk's desk to be filed with the bill.

(2) No floor amendment to a bill shall be voted upon unless a copy of the amendment, together with a copy of the complete bill in a form that incorporates the floor amendment, shall have been presented to the Clerk no later than 9:00 o'clock a.m. on the day of the session at which the amendment is to be offered. The Clerk shall prepare and distribute copies of the floor amendment to each member of the Senate present.

(3) A floor amendment shall be deemed pending only after its proponent has been recognized by the President and its adoption has been properly moved and seconded.

(4) A floor amendment that relates to a different subject, is intended to accomplish a different purpose, incorporates any other bill pending before the Senate, or would alter the nature of the bill as reported, is not germane and shall not be considered by the Senate.

(5) An amendment to a floor amendment that is not germane to both the floor amendment and the bill as reported shall not be considered by the Senate.

Rule 54. Bills: Certification

When a bill is passed it shall be certified by the Clerk who shall note the day of its passage at the bottom of the last page of the bill.

Rule 55. Bills: Received from House of Representatives

Whenever a bill which has finally passed the House of Representatives shall be certified to the Senate for its action, such bill shall be read three times before final passage, in accordance with the provision of the rules for the passage of bills introduced in the Senate.

Rule 56. Bills: Transmittal to House of Representatives

When a bill originating in the Senate shall have passed its third reading, or when a bill originating in the House which has been received from the House shall have been amended, or when a carry-over bill from an odd-numbered year originating in the House passes its third reading in the Senate in an even-numbered year session, such bill or such amended bill shall immediately be certified by the President and Clerk and sent to the House of Representatives for its consideration.

Rule 57. Bills: Correction of Errors

When a bill has passed both the Senate and the House of Representatives and an error in it is discovered prior to its having received the approval of the Governor, the bill may be returned by Concurrent Resolution to the house last considering the bill for proper correction.

Rule 58. Bills: Order of Consideration

(1) The Clerk shall send bills that have passed first reading to be printed immediately. When they have been printed and circulated to the members of the Senate, the President shall refer them to the various committees. When the committees have considered them and reported on them, the committees shall return them to the Clerk, and the Clerk shall place them in the Second Reading File. The Senate shall consider them in the order in which they appear in the Second Reading File.

(2) The Clerk shall arrange bills that have passed second reading in the order of their passage on second reading, regardless of the date of their reference to committee or the date of the committee report on them. The Clerk shall place them on the Third Reading File in the order in which they passed second reading and the Senate shall consider them on third reading in that same order. However, if the third reading of a bill is set for some particular date, that bill shall be removed from the Third Reading File.

Rule 59. Bills: Special Order of Consideration

All bills and other matters set for consideration on particular dates, shall be arranged in the order of the several votes making such assignments. A list shall be made of such special orders, and when the time for consideration arrives, such bills and other matters shall be considered in the order of assignment. If an adjournment shall be had before all of such special orders are disposed of, the remainder shall go over and come under the head of unfinished business on the following day, unless otherwise ordered.

PART VI. RESOLUTIONS; MOTIONS

Rule 60. Resolutions and Motions: Form

All resolutions shall be typewritten, dated and signed by the introducer, otherwise they shall not be considered. The Senate shall not introduce any congratulatory, commemorative or memorial resolution but shall express the sentiment contained in such resolutions by means of a suitable certificate. Motions and amendments may be verbal but shall be reduced to writing if requested by the President, and shall be read from the desk if so ordered.

Rule 61. Motions: Second Required

No motion shall be received and considered by the Senate until the motion is seconded.

Rule 62. Motions: Disposition

After a motion is stated or read by the President, it shall be deemed to be in the possession of the Senate, and shall be disposed of by vote of the Senate; however, it may be withdrawn by the movant at any time before an amendment has been adopted or before the decision on the motion if not amended.

Rule 63. Motions Applicable to Pending Matters

Whenever any bill or resolution or other matter shall be under discussion, the only motions relative thereto shall be:

(1) To lay upon the table,
(2) To postpone to a certain time,
(3) To postpone indefinitely,
(4) To commit, and
(5) To amend,

which motions shall have precedence in the order named.

The first two motions shall be decided without debate and shall be put as soon as made.

When any of the motions shall be decided in the negative, they shall not be revived the same day relative to the main question under discussion. If all are negative as aforesaid, the only remaining question shall be as to the adoption of the bill, resolution or other main question.

Rule 64. Matters Postponed Indefinitely

When a question is postponed indefinitely, the question shall not be acted upon again during the session in which it was introduced.

Rule 65. Motion for Previous Question

The object of the motion for the previous question is to cut off debate. It shall always be in order. It shall require a three-fifths vote to carry it.

Whenever the motion shall be carried, the author of the resolution or introducer of the bill under discussion shall be permitted to close the debate, after which the main question, subject to Rule 63, shall be put. The author or introducer may delegate to another such right to close.

Rule 66. Motion for Reconsideration

(1) When a motion has been once made and carried in the affirmative or negative, it shall not be in order for any member who voted in the minority to move for a reconsideration thereof; but any member who voted with the majority may move to reconsider it on the same or the succeeding day of session, or, with the consent of the Senate, on any subsequent day and such motion shall take precedence of all other questions, except a motion to adjourn.

(2) When a motion for reconsideration has been decided by vote, that vote shall not be reconsidered.

(3) When a bill or resolution or other matter upon which a vote has been taken shall have gone out of the possession of the Senate, and shall have been transmitted to the House of Representatives, a motion to reconsider shall be deemed to include a request to the House to return the same. If not complied with by the House, then the vote on the motion to reconsider shall be set aside. If such motion shall pass, the Clerk shall promptly communicate to the House the request for return of the matter to be reconsidered.

PART VII. PETITIONS AND COMMUNICATIONS

Rule 67. Petitions, Memorials, and Miscellaneous Communications

(1) Any person may petition the Senate. Petitions and other memorials, except as provided in Rule 60, shall be in writing, signed by the petitioners.

(2) All petitions, memorials and other papers addressed to the Senate or to the President and members shall be presented to the Senate by the Clerk.

(3) A brief statement of the contents of such petitions, memorials or other papers shall be made orally by the Clerk.

(4) Every such petition, memorial or other paper shall be ordered filed or referred to a committee, as of course, by the President, unless such action is objected to by a member at the time such petition, memorial or other paper is presented.

(5) No such petition, memorial or other paper shall be debated on the day it is presented, except with the consent of the Senate.

PART VIII. ORDER; DEBATE; VOTING

Rule 68. Questions of Order

(1) A question of order may be raised at any stage of the proceedings, except during the calling of the roll when the Ayes and Noes are called for. Unless submitted to the Senate, such questions shall be decided without debate by the presiding officer, subject to an appeal to the Senate. Laying such appeal on the table shall be held as sustaining the ruling of the presiding officer.

(2) Any question of order may be submitted to the Senate for its decision.

Rule 69. Debate: General Limitation

No member shall speak more than twice, unless such member be the movant of the matter pending, in which case such member shall not be permitted to speak in reply until every member choosing to speak shall have spoken.

Rule 70. Voting: Methods

There shall be five methods of ascertaining the decision of the Senate upon any matter.

(1) First, by voice or raising of hands; Second, by rising; Third, by ballot; Fourth, by call of the roll of the members and a record of the Clerk of the vote of each; and Fifth, by unanimous consent.

(2) Whenever the Senate is ready to vote on any question, the President shall rise, and after stating the question, shall request all those in favor of the affirmative of the question to vote "Aye." The President then shall call upon all voting in the negative of the question to vote "No." The President then shall announce the result to the Senate.

(3) If any member shall doubt the result, as announced, the President again shall state the question and call upon the members to vote by rising in their places, and they shall remain standing until counted, and the result again shall be announced.

(4) The method of voting by ballot shall be as customary. The President shall appoint one or more tellers, or direct the Messengers to collect the ballots, which shall be counted by the Clerk. On motion, the Senate may vote upon any question by ballot.

(5) Whenever one-fifth of the members present shall request, the Clerk shall call the roll of the members of the Senate. Each member, when called, shall vote in a clear loud voice, "Aye," if voting in the affirmative, or "No," if voting in the negative. The Clerk shall record each vote and such record shall become a part of the Journal of the Senate. The President shall announce the results as above set forth.

(6) With the unanimous consent of the Senate, the President may direct the Clerk to record an "Aye" vote for each member of the Senate. If there is no objection, the Clerk shall so record the vote. If there is objection, the President shall ask for the names of the members voting "No" and order the Clerk to record no votes for them.

Rule 71. Voting: Rights of Members

(1) No member, on any account, shall refrain from voting unless excused by the President. A member may vote "Kanalua" the first time the member's name is called by the Clerk on any vote, but if the member votes "Kanalua" on the next call of the member's name, the member's vote shall be recorded as "Aye."

(2) The President may excuse a member who has a monetary interest in the question, or whose right to a seat in the Senate will be affected by the question, or whose official conduct is involved in the question. If a member thinks there may be a personal interest in the question, the member shall rise and disclose the interest to the President. The President then shall rule whether the member has a conflict of interest. If so, the member shall be excused from voting.

(3) Whenever the Ayes and Noes are called, no one, without unanimous consent, shall be permitted to explain a vote.

(4) After the announcement by the President of the result, no one shall be allowed to vote or to change a vote.

PART IX. DECORUM; DISCLOSURES; PEER REVIEW; PUNISHMENT

Rule 72. Misconduct; Procedure; Peer Review

No member of the Senate shall be subject to a charge for misconduct, disorderly behavior, or neglect of duty unless the person making the charge shall have first given notice of the charge to the President and to the member being charged.

Upon receipt of the charge, the President shall attempt to resolve the matter in an administrative proceeding between the person making the charge or through whom the charge is being made and the member being charged. If the matter cannot be resolved administratively, the President may appoint a Special Committee to be chaired by the Vice-President or such other member as the President may designate to investigate, hear and report upon the conduct of the member charged for misconduct, disorderly behavior or neglect of duty. Any member so charged shall be informed in writing of the specific charge or charges made against the member and have opportunity to present evidence and be heard in the member's own defense before the Special Committee. Following its investigation and hearing, the Special Committee shall file its report with the President setting forth its findings and recommendations.

If the committee recommends dismissal of the charge or charges, the President may dismiss the charges without further hearing, or the President may present the report of the committee to the Senate for its consideration. The Senate, by a majority vote, may dismiss the charge or charges against the member without a hearing.

If there is no dismissal of the charge or charges, or if the committee recommends censure, suspension or expulsion, the President shall present the report of the committee to the Senate for its consideration and decision. The member who is charged, shall be informed in writing of the presentation of the charge or charges of the committee report to the Senate and be given an opportunity to be heard in the member's own defense. The Senate, by a majority vote, may dismiss the charge or charges without a hearing, or with notice and an opportunity to be heard in the member's own defense, censure a member or, upon a two-thirds vote of all the members of the Senate, suspend or expel a member.

At any stage of the charge against a member, the member shall have a right to be represented by a person or persons of the member's own choosing.

Rule 73. Decorum: Transgression of Rules

If any member transgresses the rules of the Senate, the President, or any member, may call such member to order, and, when so called to order, the member immediately shall sit down. The President then shall decide the question of order without debate, subject to an appeal to the Senate.

The President may call for the sense of the Senate on any question of order.

Rule 74. Decorum: Address

When any member is about to speak, such member shall rise from the member's seat and address all remarks to the President. While speaking, the member shall confine all remarks to the question under debate, shall refer to other Senators by title only (e.g., "Senator from the _____ District"; "The Chair of the Committee on _____"; "The Majority Leader,") and not by name and shall avoid personalities.

Rule 75. Decorum: Person Called to Order While Speaking

Whenever any person shall be called to order while speaking, such person shall be deemed to be in possession of the floor when the question of order is decided and may proceed with the matter under discussion.

Rule 76. Decorum: Presence in Senate

No person shall sit at the desk of the President or Clerk, except by permission of the President, nor shall any person, other than a member, officer or permitted employee or person, sit in the main Senate floor area during any of the sessions of the Senate.

Rule 77. Decorum: Conduct in Session

When the President is putting any question or addressing the Senate, no one shall walk out of the room or across the floor. When a member is speaking, no one shall entertain a private discourse, nor shall anyone pass between the member speaking and the Chair.

Rule 78. Decorum: Disorderly Conduct in Session

If, during any session of the Senate, any member should behave in a disorderly manner the President shall order the member to be seated and preserve the peace. If such member then shall persist in disorderly conduct, the President shall order the Sergeant-at-Arms to remove the member from the Senate and the member shall not be permitted to take a seat during the remainder of that day's session, except upon satisfactory pledge given to the Senate for future good behavior.

For the punishment of any person not a member, the provisions of Article III, Section 18 of the Constitution shall govern.

Rule 79. Decorum: Recording of Debate Called to Order

If any Senator is called to order for words spoken in debate, upon the member's demand or on that of any other Senator, the words objected to shall be taken down in writing and noted by the Clerk, and, if required, shall be read for the information of the Senate.

Rule 80. Decorum: Smoking

No member or other officer shall smoke within the Senate Chamber during any of the meetings of the Senate.

Rule 81. Decorum: Solicitation Prohibited

An officer or employee of the Senate shall not solicit subscriptions, for any purpose, from any other officer or employee thereof, nor from any Senator. Nor shall any person be permitted to solicit or receive subscriptions or contributions for any purpose on the floor or in the lobby of the Senate or in any Senate office.

Rule 82. Disclosures

Each member shall file with the Ethics Commission of the State of Hawaii, a disclosure of the member's private financial interests, as prescribed by law. Each member shall file with the Ethics Commission any change in such financial interests.

If a legislative matter which affects a member's interests arises before the member has made a disclosure to the Ethics Commission, the member shall disclose orally such interest to the Senate before voting. The member then shall immediately make the written disclosure required by law and the Rules of the Senate.

Any member who has filed a disclosure as required by this Rule need not make a further oral disclosure on the Senate floor of any interest so filed.

Rule 83. Violating Confidence

If any matter covered in Rule 35 or 36 shall be disclosed by any Senator, the Senator shall be liable to censure, or, by a two-thirds vote, to suspension or expulsion from the Senate. If an officer or other person authorized to hear such matter shall disclose the matter, such officer shall be dismissed and such other person shall be liable to punishment for contempt comparable to the punishment provided for by Article III, Section 18 of the Constitution and in the manner as therein prescribed.

PART X. QUESTIONS TO STATE OFFICERS

Rule 84. Questions to State Officers

Any member of the Senate may ask any question of any state officer relating to the officer's respective department by reducing such questions to writing, over the member's signature, reading the same before the Senate, and furnishing the officer with a copy of such written question. Any officer questioned shall reply to such question upon the following day, unless the Senate shall grant a definite extension of time for replying.

PART XI. AMENDMENT, SUSPENSION AND INTERPRETATION OF RULES

Rule 85. Amendments; Suspension; Violations

(1) No rule of the Senate shall be amended or rescinded nor shall any new rule be adopted, without one day's notice of such change. Any such action shall require a majority vote of the members of the Senate.

(2) Any rule may be suspended for a particular purpose upon a majority vote of the members of the Senate.

(3) Any violation of these Rules shall be referred to the President for appropriate action.

Rule 86. Parliamentary Procedure

Mason's Manual of Legislative Procedures, 1989 edition, where not inconsistent with the Rules and practices of the Senate, shall govern.
