Senator Gabbard requested that remarks in strong support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Gabbard's remarks read as follows:

"Mr. President, I rise in strong support of HB 553 CDL. Colleagues, 11 years ago this body enacted a landmark law, which has since become a global initiative, to prohibit the finning of sharks and the sale of shark fins and fin products—a cruel practice that drives the massive scale killing of these important apex predators. Unfortunately, that effort did not extend to protecting whole sharks from commercial exploitation or intentional killing.

“This bill adds those important protections given:

- Local reef shark populations have seen declines in their population by upwards of 90%.
- Globally 71% of shark populations have declined, with 3/4 of shark species facing potential extinction.

“Today, we have the opportunity to move forward legislation to extend protections to the sacred mano, aumakua to many native Hawaiian families, by prohibiting the intentional killing of sharks for sport or commercial purposes, or for the killing for their jaws, teeth and other parts. The bill will prohibit knowingly capturing or killing any shark within state marine waters with clear, necessary exemptions such as: Ensuring that fishers are not subject to penalties for the accidental catch and release of a shark, and that important shark behavior research continues. It’s time we take this next step to protect these animals who are critical to our oceans’ health and resiliency, for generations to come. Mahalo.”

“Colleagues, many of you have heard the frustrations from your constituents about their struggles with the DOE. Many of these concerns existed before the pandemic, only to be exacerbated over the last year. HB546, in tandem with the budget, is an attempt to realign the focus of our education system to increase direct support to our schools and complex areas.

“We know that despite recent Federal assistance, we are still having to make cutbacks. The strategic additions of staff and personnel down to the complex area level are intended to ensure that schools have the resources and staff needed to bring our students safely back to school, ensure learning loss can be addressed, and give flexibility to complex areas to meet their schools most urgent needs.

“As we enter into conference negotiations with the House, I strongly encourage all of you to reach out to your schools and complex area superintendents and let them know that the Senate, through HB546 and the Senate Draft of the budget, continues to fight to provide them with additional resources to educate our keiki.

"Mr. President, I rise in strong support of HB 570 HD2 SD1, relating to sexual abuse of minors.

"This measure provides survivors of childhood sexual abuse additional time to bring forward legal actions against their abusers and provides for training on trauma-informed responses within the legal system. This measure was supported by the Women's Legislative Caucus as a supplement to the official package.

"The sad reality is that child sexual abuse is prevalent. Children may delay disclosing abuse for many reasons and can often face re-traumatization when they do tell someone. Expanding the time-period for bringing forward legal actions for child sexual abuse will give more survivors the opportunity

to seek justice, and when they do so, it's imperative that they are met with compassionate, trauma-informed responses.

"Please join me in supporting this measure. Mahalo."

"Throughout the entire process of this bill's life so far, only the DLNR testified on HB 1030, always in favor of the repeal. Furthermore, DLNR stated that there is sufficient representation on the Animal Species Advisory Commission to carry out the duties of the two committees.

"For this reason, I urge your vote in the affirmative on HB 1030."

Senator Inouye requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye's remarks read as follows:

"Mr. President,

"Members, the reason to vote in support for HB 1031 is that the reduction of membership from 10 to 7 on the Hawaii Historic Places Review Board (HHPRB) will assure that there will be sufficient members present at board meetings when new requirements will MANDATE a unanimous 'yes' vote to carry a motion.

"HHPRB has had a full complement of 10 members for approximately 12 months in the last seven years. The board has two vacancies and two more members are at the end of their second term in a few months. Recruitment has become a problem according to testimony received from DLNR.

"A reduction of membership from 10 to 7 will ease the recruitment problem as well as the requirement of having 6 member present to form a quorum in order to conduct business down to four.

"Members supporting HB 1031 will not alter the requirements for having five expert members and will still meet the federal requirements as established in the national historic preservation act."

"This new amendment to the current statute will provide the Legislature 'a broader level of involvement in activities for the development of the GMAC'.

"That broader level of involvement will allow us to have more of a say as to who we can recommend from within our communities to be on the board.

"For this reason, I urge your support on HB 663 HD1 SD1."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1575 was adopted and H.B. No. 663, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE GAME MANAGEMENT ADVISORY COMMISSION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

"Since their work was completed, the Dept. of Land and Natural Resources has not met for over five years.

"The implementation of the master plan will take years if not decades to fulfill. This task will be best left to 'community advisory groups organizations with more flexibility than the legislatively appointed groups and are equally able to develop long-term relationships with the Division of State Parks.'

"In other words, we'll let the people get a chance to implement the future of these parks with the guidance of the master plan in hand. This will be a good thing."

Senator Inouye rose to speak in support of the measure as follows:

"This facilitates the development process for affordable housing by HHFDC. I have comments I'd like to add into the Journal. Mahalo."

The Chair having so ordered, Senator Inouye's remarks read as follows:

"Mr. President,

"HB 902 HD1 SD2 facilitates the development process for affordable housing by the Hawaii Housing Finance and Development Corporation by reducing the number of approvals required from DLNR.

"As stated by HHFDC, 'affordable housing gives people a place to live in their communities and the stability required to achieve financial independence, often serving as a critical component in breaking poverty cycles.'

"This bill also requires any lands leased or set aside to HHFDC by any department or agency of the State that are no longer needed for housing, finance, or development shall be returned to the originating department or agency of the State that leased or approved the set aside of the lands.

"For this reason, I urge your support on HB 902 HD1 SD2"

Senator Dela Cruz moved that Stand. Com. Rep. No. 1601 be adopted and H.B. No. 961, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Baker requested that remarks in strong support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in support of HB961 HD1 SD1, Relating to Military Dependents.

"Under existing law, state employees must sign a declaration within thirty days of their employment start date affirming that they are a resident of the State of Hawaii. Due to the nature of military service, it may be in the best interests of civilian

dependents of military servicemembers to maintain their residency in their 'home' state for various reasons. HB961 HD1 SD1 exempts dependents of military service members from state residency requirements for government employment if the military service member is in Hawaii on bona fide military orders.

"Professional licenses that require unique qualifications or other licensing requirements specific to Hawaii were purposely excluded in this Senate draft to safeguard the public's health, safety, and welfare. The professions in this measure have national professional standards. The exempt licensees must meet the minimum education requirements, applicable work experience and clinical supervision requirements, have worked and be certified in another state for at least one year, have a license in another state in good standing and passed the examination requirements of another state. Some of the professional licenses selected in this measure will help fill the numerous vacancies of positions across the state such as the state's shortage of mental health service professionals and physicians.

"Please join me in support of HB961 HD1 SD1. Mahalo."

Senator Acasio rose to speak in opposition to the measure as follows:

"Currently, the federal Military Spouses Residency Relief Act already grants both spouses a waiver on state income tax. The problem with this current measure is that it allows military members and their spouses to secure state jobs, which means they would get the benefits of collecting a paycheck here without paying taxes. This puts an unfair financial burden on Hawai'i residents at a time when we can ill afford it. Hawai'i's dependence on military spending often skews our sensibilities when it comes to these matters; Department of Defense refusal to pay some \$300 million per year in underpaid Impact Aid to the DOE is a prime example. So, I just would like to see that this bill not be another one of those examples. Mahalo."

Senator Baker rose to speak in support of the measure as follows:

"I think there may be some misunderstanding about the purpose of this measure. While it exempts military service members from state residency requirement in order for them to obtain a license, all of our professional and vocational licenses require unique qualifications or other licensing requirements that were specific to Hawai'i were purposely excluded because we didn't want to create any additional barriers but also recognizing that many of our professions have professional standards that are uniform across the country, and we have shortages in many of these categories. And so, that is one reason that, after many years of my opposition to this measure, I've seen, in working with DCCA and others, the value that allowing our military spouses to be able to continue to use their license, their skill in a variety of professions. There are so many folks who work in beauty shops, who work in some of the other licensing professions that we have compacts, and so it really doesn't make sense for us to discriminate against them when they can be productive members in our community while their spouses are serving in the military. I think it really makes good sense because the licenses that we have selected in this measure will help fill numerous vacancies of positions across the state as the state shortage of mental health service professionals, physicians, nurses, and others are going lacking. Mahalo."

Senator Inouye rose to speak in support of the measure as follows:

"I'd like the comments from the senator of Maui be entered into the Journal as if it was mine. Mahalo." (The Chair so ordered, by reference only.)

Senator Nishihara rose to speak in support of the measure as follows:

"I support the comments of the previous speaker; I'd like to have the comments from the senator from Maui be inserted as they were my own." (The Chair so ordered, by reference only.)

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1601 was adopted and H.B. No. 961, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO MILITARY DEPENDENTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Acasio).

Stand. Com. Rep. No. 1604 (H.B. No. 1174, H.D. 1, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 1604 be adopted and H.B. No. 1174, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Chang requested that remarks in support of the measure with reservations be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Chang's remarks read as follows:

"HB1174 amends the motion picture, digital media and film production income tax credit and reduces the cap amounts of the renewable energy technologies income tax credit.

"My reservations on this bill stem from its second part. I understand that the legislature must make tough decisions in addressing budget shortfalls. However, such decisions cannot be made at the expense of jobs and sustainability.

"The current solar tax credit makes installing solar systems on homes and businesses more affordable. Furthermore, it lowers everyone's electric bill, it supports thousands of local solar jobs in our communities, and it provides tax revenue to the State.

"Our solar industry provides Hawai'i the much needed diversification for its economy, and enables our transition to a more sustainable future. 70% of solar companies in Hawai'i are locally owned. They employ 4,000 installers, contractors, sales representatives, and many others with good paying sustainability careers. For every megawatt of residential solar power installed, 38.7 jobs are created. The proposed cuts that cleave the current caps in half is an asinine attempt at addressing our budget shortfalls.

"This bill would endanger local jobs and the local solar industry at a critical time when we are recovering from the pandemic. If anything, this legislature should be expanding the tax credit to further grow our solar industry and give residents a greater incentive to transition to greener technologies. For these reasons, I have reservations on this bill."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1604 was adopted and H.B. No. 1174, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

INFLUENCE OF AN INTOXICANT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Fevella, Kim). Noes, none.

Stand. Com. Rep. No. 1609 (H.B. No. 601, H.D. 2, S.D. 1):

On motion by Senator Rhoads, seconded by Senator Dela Cruz and carried, Stand. Com. Rep. No. 1609 was adopted and H.B. No. 601, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE TRAFFIC CODE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Acasio, Fevella, Kim, San Buenaventura). Noes, none.

Stand. Com. Rep. No. 1613 (H.B. No. 477, H.D. 2, S.D. 2):

Senator Rhoads moved that Stand. Com. Rep. No. 1613 be adopted and H.B. No. 477, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Baker requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of HB477 HD2 SD2 SD1, Relating to Cannabis.

"Currently, qualified patients have limited access to convenient and safe dispensaries. Due to the physical distance and cost, many qualified patients choose closer unregulated options. As a result, the state has a thriving illicit cannabis market. These products are unregulated, and there is no safety oversight to protect consumers. Some of these dangers include a lack of product testing, accountability to qualified patients and oversight by the Department of Health.

"By passing this bill, the cannabis dispensary program will be able to give more access to patients through additional dispensing locations per license, improve safety requirements, and help smooth the administration process. This will also allow dispensaries to further serve more patients and provide patients with them more options for their health care. Qualified patients deserve both protections and access to safe, tested and regulated medical cannabis.

"Please join me in support of HB477 HD2 SD2. Mahalo."

Senator Riviere rose to speak in support of the measure with reservations as follows:

"I'm concerned about the repeal or basically the elimination of many, many, many cannabis medical cards that are going to potentially be wiped out by this measure, and I hope that can be fixed at some point. Thank you."

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

"Thank you. When the medical cannabis dispensary bill was discussed in this chamber as well as in the lower chamber, I remember that we were going to have a timeline of increasing dispensary licenses, and that hasn't occurred. What is happening with H.B. 477, which I'm in support because it means more retail locations, but it is continuing the monopolization of the eight dispensary licensees instead of increasing competition by increasing dispensary licenses and hopefully production licenses separate from dispensary licenses later on. We are moving in the wrong direction, and for those reasons—because it is against the very reason why we started

the dispensary licenses to begin with—I stand with reservations.”

The Chair then made the following comments:

“Senator Baker, before I recognize you, I just wanted to let Senator San Buenaventura and the rest of the members know: I don’t actually award any gold stars for any performances on the floor, but if I did, Senator San Buenaventura, by virtue of you working ‘the lower chamber’ into your floor remarks, you would have received one.”

Senator Baker rose in rebuttal and stated:

“I would just like to remind all the members that, under federal law, cannabis cultivation, cannabis use, and cannabis dispensing is illegal, so we have had to craft our laws very carefully to make sure that we don’t invite that kind of scrutiny and that kind of action by the feds to what we’re trying to do because we believe, as a body and as a state, that medical cannabis has a place in helping so many folks who are unable to get relief from conventional medications and without the kind of side effects that one would have from using opioids. So yes this is a measured approach, but I think it will actually allow more access to patients by providing some additional dispensing locations per license, it will improve safety requirements, and help smooth the administrative process that is necessary to make sure that we continue to have this product available in our state, so I ask all my colleagues to join me in supporting this measure. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1613 was adopted and H.B. No. 477, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO CANNABIS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23; Ayes with Reservations (Kim, Misalucha, Riviere, San Buenaventura). Noes, 2 (Acasio, Moriwiki).

At 10:52 a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:01 a.m.

Stand. Com. Rep. No. 1633 (H.B. No. 1297, H.D. 2, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 1633 be adopted and H.B. No. 1297, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Baker rose to speak in support of the measure with reservations as follows:

“When this measure was heard in subject matter, I voted ‘no,’ but I think it’s important to acknowledge the work that the WAM chair did to try to make it better. Having been a WAM chair in my tenure in the Legislature, I know how daunting that task can be. But I’m also a cancer survivor, and while there’s lots of research done on cancers that affect folks who look like me, there’s not a lot of research that’s done on cancers that affect the mix of populations and cultures and ethnicities that we have in Hawai’i, and that’s, to me, one of the main reasons that we need to continue to support the cancer center, the school of medicine. These kinds of activities—they are not a waste of money; they are actually contributing to the better health and the betterment of all of our people here in Hawai’i. We have some of the highest rates of cancer in any place in the United States, and we need to have all of our good minds, the minds that we can attract to come to work with us to make sure that we can find new cures, new procedures, new activities that are going to diminish the impact that cancer has on the population here in Hawai’i.

“So I want to just acknowledge the work that the WAM chair did to make this bill a little more palatable to somebody like me, but understanding what he’s up against in terms of looking at the deficit that we have because we haven’t had a lot of visitors in our state, and we don’t have the resources that can be spent everywhere, but I appreciate his efforts on this bill, and I wanted to take the time to acknowledge it. Mahalo.”

Senator Chang requested that remarks in support of the measure with reservations be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Chang’s remarks read as follows:

“I am concerned about this bill’s proposed reorganization of the UH Cancer Center’s management. Particularly, I object to the merging of JABSOM and the UH Cancer Center’s administrative services and infrastructure teams. The testimony from the faculty of the Cancer center has stated that such reorganization critically jeopardizes their chance to renew NCI designation. I am inclined to believe the researchers who manage the daily operations of the center.

“In 2015, then Acting Director Hedges attempted to fold the Cancer Center’s fiscal office under JABSOM’s operations. The results were disastrous. Conflicts began between fiscal office staff, some faculty members were unable to get reconciliations in a timely manner for their grant accounts, and all of this culminated in the departure of several skilled staffers. Later that year, NCI refused to award competitively scored grants totaling more than \$2 million.

“I am concerned about this bill’s addition of unnecessary red tape to our already overburdened administrative systems. There is no good reason to require yet another annual report to fill out or reorganize an already effective administrative system like the UH Manoa’s Cancer Center.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1633 was adopted and H.B. No. 1297, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO STATE FINANCES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Acasio, Baker, Chang, Misalucha, San Buenaventura, Taniguchi). Noes, none.

Stand. Com. Rep. No. 1635 (H.B. No. 1059, S.D. 1):

Senator Dela Cruz moved that Stand. Com. Rep. No. 1635 be adopted and H.B. No. 1059, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Rhoads.

Senator Kim rose to speak in opposition to the measure as follows:

“Mr. President, when we passed this measure to include representatives from the Senate and the House to sit on HART, the intent was to oversee so they can report back to the Legislature. As of this point, I’m not even sure if our representatives have, in fact, reported back. I’m not even sure if our representatives attend these meetings, but I know that HART has a problem with quorum.

“I think this bill is going to come back to haunt us. The whole purpose is that this is a county project, and when we put representatives on the board to vote on measures like HART, I’m not sure if they’re going to be voting to represent this body, they’re going to be voting to represent themselves, or represent someone else. It worries me that that project is so flawed and there are so many problems that it’s going to come back to haunt us in the sense that we acquiesced to whatever vote it is that we voted in support of some of the measures that we may not be as a body in support. And so, it’ll be really difficult, I

think, to have these representatives representing us, sitting on the board, and voting on measures that could, in fact, obligate us to fund more and more of the rail project. So for those reasons, I will be voting 'no.' Thank you."

Senator Inouye rose to speak in support of the measure as follows:

"Yes, Mr. President and members, please remember the issues that are before us at the board in these last several years. Just to remind ourselves: the State is the biggest contributor to the financial being of the HART project, and we don't have much say right now because it seems like it's under the control of the City. However, again, the financial contributions that we're contributing are so important, and we should have the President and the Speaker's appointees at least communicate with the Speaker and the President, as well as to the Legislature. So it seems like we're left out in the dark, and I believe that we, the Legislature, should have at least a reporting from our representatives as well. Mahalo."

Senator Kim rose in rebuttal and stated:

"Mr. President, short rebuttal. In fact, I don't know if it's a rebuttal because I agree with the previous speaker. I agree that this is an important project. I agree that we have funding in it; we have skin in the game, and they were supposed to come back to report to us, and they have not reported back to us, so now we're giving them a vote? I agree that we should have a say, but how do we have a say? Do we pass a resolution before they vote on measures? How do we actually have a say on how these people who are being appointed—and they're not even confirmed by us but are being appointed—to this board to vote on these measures? I agree: Let's have them report but take out the voting, which is what they're supposed to do. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1635 was adopted and H.B. No. 1059, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

No. 930, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYEES' RETIREMENT SYSTEM INVESTMENTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Acasio).

Stand. Com. Rep. No. 1641 (H.B. No. 502, H.D. 2, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 1641 be adopted and H.B. No. 502, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Rhoads.

Senator Riviere rose to speak in opposition to the measure as follows:

"There are four land classifications in the State of Hawai'i: There's conservation, agriculture, rural, and urban. While there is little land presently in the rural classification, it calls presently for a minimum lot size of half-acre. That would be probably appropriate for a rural designation; if you're going to save agricultural lands and you're going to save rural areas, that half-acre is probably about right. This measure, however, would reduce the minimum lot size to quarter-acre, which is just not much more than 10,000 square feet. In other words, it's about R5 in the urban classification. So, this measure's going to blur

the difference between rural and urban, and while it's not been used a lot in previous years for the rural designation and it's not used on this island, I don't see the good of making this change. For those who would argue that this is all about affordable housing, frankly, I would scoff at that because 10,000 square feet is not doing anything for affordable housing, so I think this is a misguided bill. I'm not sure why it's moving at this time, and for those reasons, I am in strong opposition to this one. Thank you."

Senator Inouye rose to speak in support of the measure as follows:

"Mr. President, this illustrates a creative approach to facilitate counties—and I'm saying counties manage their own land designations—with the flexibility to permit denser zoning in rural areas by allowing additional dwellings on each quarter-acre of land in the rural districts, provided that these dwellings are consistent—and I say 'are consistent'—with the county's general and community development plans. So it depends on the mayor and the counties to see if it fits with their plans as well, and for this reason, I urge your support on H.B. 502, Senate Draft 2. Mahalo, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1641 was adopted and H.B. No. 502, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO RURAL DISTRICTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Dela Cruz moved that Stand. Com. Rep. No. 1665 be adopted and H.B. No. 1296, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Rhoads spoke in opposition to the measure as follows:

"Here are a few of the organizations that are opposed to this bill: the Department of Health, Lāna'i Community Health Center, Hawaii Substance Abuse Coalition, I Ola Lāhui, American Heart Association, Get Fit Kaua'i, Waimānalo Health Center, Kapi'olani Medical Center – Pediatric and Women's Services, Hawai'i Primary Care Association, Hawaii Medical Association, Kapi'olani Smokefree Families, Hawai'i Public Health Institute, Tobacco-Free Kids Action Fund, American Cancer Action Network, Hawaii COPD Coalition, AlohaCare,

Adventist Health Castle, Hāmākua-Kohala Health, and the Blue Zones Project.

"On the other side of the ledger, the tobacco industry will be thrilled if this bill passes. This is the same tobacco industry whose business model depends on addicting people to a product that kills 440,000 people a year in the United States alone and 1,400 people a year in Hawai'i. By comparison, COVID has killed 561,000 people so far and 471 in Hawai'i. And, by the way, smokers are more susceptible to serious complications from COVID.

"Tobacco industry executives don't care whether their customers live or die. In fact, the industry spent \$9 billion in 2018 on advertising and over \$28 million on lobbying in 2019 to ensure that more people will start smoking, many thousands of whom will eventually die from the habit. These are ruthless people who apparently care only for the profits they are making from other people's misery and death.

"Hawai'i has the fifth lowest adult smoking rate in the country. Let's not backtrack on that solid record. Please vote 'no' on this bill."

Senator Baker rose to speak in opposition to the measure as follows:

"Thank you, Mr. President. I also rise in opposition to Standing Committee Report 1665, and would ask that the remarks from the previous speaker, the chair of the Judiciary committee, be inserted into the record as if they were my own." (The Chair so ordered, by reference only.)

Senator Dela Cruz rose to speak in support of the measure as follows:

"This measure proposes to repeal the Hawai'i Tobacco Prevention and Control Trust Fund on June 30, 2025, and transfer the encumbered balances to the general fund. The encumbered balance of \$50 million will be transferred to the general fund. Although H.B. 1296 transfers the encumbered balance, the Senate included \$7.3 million for fiscal year '22 and the same amount for fiscal year '23 in this year's budget to continue tobacco prevention programs, which are funded by the trust fund. By funding these programs through the general fund, it adds them to the base budget of the Department of Health. In putting together a balanced budget to stabilize the state's six-year financial plan, we must consider passing this measure along with other revenue enhancers. Your Committee on Ways and Means worked diligently to ensure that all revenue enhancers do not affect the working families of the State of Hawai'i during these uncertain times. I ask my colleagues to join me in support of this measure."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1665 was adopted and H.B. No. 1296, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21; Ayes with Reservations (Chang, Fevella, Ihara, Misalucha, Moriwaki, Riviere, San Buenaventura). Noes, 4 (Acasio, Baker, Rhoads, Taniguchi).

Stand. Com. Rep. No. 1668 (H.B. No. 1348, H.D. 2, S.D. 2):

On motion by Senator Dela Cruz, seconded by Senator Keith-Agaran and carried, Stand. Com. Rep. No. 1668 was adopted and H.B. No. 1348, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE STADIUM DEVELOPMENT DISTRICT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23; Ayes with Reservations (Kim, Riviere). Noes, 2 (Acasio, Fevella).

On motion by Senator Dela Cruz, seconded by Senator Keith-Agaran and carried, Stand. Com. Rep. No. 1669 was adopted and H.B. No. 1377, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CITATIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Acasio, Fevella, Riviere).

Stand. Com. Rep. No. 1671 (H.B. No. 73, H.D. 2, S.D. 1):

Senator Dela Cruz moved that Stand. Com. Rep. No. 1671 be adopted and H.B. No. 73, H.D. 2, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

"When we increase the penalties for emergency workers, it's because their job requires physical interaction with potentially dangerous patients, so I'm in favor of this bill that allows for on-scene communication dispatchers who will also have the potential physical interaction. I am, however, with reservations when it becomes over-broad by the definition of 'otherwise on the field,' and when you look at the definition of 'on the field,' it's basically anywhere outside of the office, which means a communications dispatcher working at home could potentially have an assault. A domestic violence incident of a communications dispatcher in the home would then have the increased penalty that's usually reserved for emergency workers, and for those reasons, I stand in support with reservations."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1671 was adopted and H.B. No. 73, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EMERGENCY WORKERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22; Ayes with Reservations (Riviere, San Buenaventura). Noes, 3 (Acasio, Fevella, Kim).

On motion by Senator Dela Cruz, seconded by Senator Keith-Agaran and carried, Stand. Com. Rep. No. 1675 was adopted and H.B. No. 237, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO INVASIVE SPECIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Fevella). Noes, none.

Stand. Com. Rep. No. 1678 (H.B. No. 499, H.D. 2, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 1678 be adopted and H.B. No. 499, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Inouye rose to speak in support of the measure as follows:

"Mr. President, we have all received emails regarding this measure, Relating to Lease Extensions on Public Land. H.B. 499 refers to existing lessees and, more important, those with leases soon to expire on DHHL and DLNR lands, and we're not talking about sale of those lands. These are existing commercial and industrial properties that are being paid for by current lessees generating revenue that is sorely needed for the benefit of the Department of Hawaiian Home Lands and its beneficiaries as well as economic benefits to the state. DHHL is supportive of this measure, and they also see this as an opportunity for development on lands not suitable—and I quote, 'not suitable'—for housing and the benefit development for TOD sites.

"Leased lands such as those at the Prince Kuhio mall in Hilo where the lease is soon to expire—and let me also add that many leases that are to expire in our KIAA lands that has been debated in this building for the last 15 years is soon to expire—is one of the largest financial contributors to DHHL. The businesses on the leased lands employ many people from the homesteads located near the mall, as well as others living in East Hawai'i. They include retail clerks, store managers, and many other positions at businesses such as Ross, Safeway, Walmart, Target, as well as locally owned small businesses and eateries located at the Prince Kuhio mall and the adjacent DHHL properties.

"This entire land area was developed in the 1970s, when the east side of the Big Island had the highest unemployment and, at that time, let me add, I was on the Hawai'i island planning commission. The addition of the newer businesses helped lessen the impact and the ripple effects of the shutdown of the sugar industry in the 1970s, which was once the largest employer of my island.

"Supporting land lease extensions ensures that businesses can thrive to provide communities with continued employment and economic stimulus not only on Hawai'i island but throughout the state where lease extensions are required. For these reasons, members, may I ask for your vote for H.B. 499, House Draft 2, Senate Draft 2. Mahalo, Mr. President and members."

Senator Fevella rose to speak in opposition to the measure as follows:

"The reason why I rise in opposition to these lease extensions, the opportunities for Native Hawaiians and Hawaiians—I'm not taking away, telling you to shut down all the stores—but the opportunity that present itself when you knew you took a lease 65 years ago and Hawaiian Home Lands should've had a process in finding other people to put in bids or putting people who want to get in there and getting to be on top of the lease, and then, we talk about Hawaiian Homes saying whether they can build or it's good enough to build—who gives them, when those guys go out there and make the decision that this land you cannot build on, that land you can build on, none of them have any degrees in that! So I'm not saying that we should cancel the lease and break down the buildings, but give opportunities to Hawaiian families or Hawaiian communities to get more involved. When they had take this lease in the '70s, yes, it did help the neighbor islands in getting these things done, but, again, it still belongs to the Hawaiian people. Yes, it does help some of the people of Hawai'i over there, but that money, the \$365 million that Hawaiian Homes now, that is pennies, what they're getting per whatever lease that they're having up there. Same like that lease with Ka Makana Ali'i—65 years from now, they're still paying \$5 million a year! Is that fair, really, to the people on the beneficiaries, on the homestead list? No! But we gotta figure this out. We cannot keep extending,

extending, extending; before you know it, Hawaiians gon' be extinct! They're not going to even know what land belongs to them or what was previously theirs. So, again, to keep the identity and identification of the Hawaiian people, we should not continue to extend leases because it's a feel-good and a need in a sense of telling me because of jobs. We not telling you for make everybody get fired, but we gotta give opportunities to another family or somebody else who wants to pick up the lease, but that should be an opportunity for Hawaiian Homes to do that and do that properly. Thank you."

Senator Inouye rose in rebuttal and stated:

"Just to continue, Mr. President, the measure does call for 40-year leases. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1678 was adopted and H.B. No. 499, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO LEASE EXTENSIONS ON PUBLIC LAND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22; Ayes with Reservations (Ihara, Kim, Nishihara, Rhoads, San Buenaventura, Shimabukuro). Noes, 3 (Acasio, Fevella, Riviere).

Stand. Com. Rep. No. 1682 (H.B. No. 77, H.D. 1, S.D. 1):

Senator Inouye requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye's remarks read as follows:

"Mr. President,

"As you know, Hawaii is suffering from a severe shortage of 'affordable housing'. The exemption from the definition of 'public lands' as proposed by HB 77 SD1 will streamline the development of affordable housing by reducing the number of approvals required from the Dept. of Land and Natural Resources as affordable housing projects move forward.

"Mr. President let me further note that costly approval process now in place is burdensome and can take a full year to approve. Additionally, HB 77 SD1 only applies to individual condominium units and house lots that were built several decades ago.

"I urge this body's full support on HB 77."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1682 was adopted and H.B. No. 77, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO LANDS CONTROLLED BY THE STATE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Baker rose to speak in strong support of the measure as follows:

"Among other provisions, this measure bans the sale of flavored tobacco products and expands the definition of tobacco products to include e-liquid and electronic smoking devices. Colleagues, Hawai'i has the highest rate of usage of e-cigarettes among middle school students and the second-highest rate of usage among high school students in the nation. Vaping and flavored tobacco products attract children and get them hooked on smoking at a very early age. We need to take action to protect the health and safety of our kids; this measure will help us do that. I ask all my colleagues to join me in supporting this measure. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1685 was adopted and H.B. No. 826, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ELECTRONIC SMOKING DEVICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Inouye requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye's remarks read as follows:

"Mr. President,

"The intent of HB 469 HD1 SD2 is to establish a means for the transfer of certain non—agricultural park lands from the DLNR to DOA pursuant to Act 90, (2003), and Chapter 166E, HRS by;

- Requiring DLNR and DOA to meet and identify the non—agricultural park lands that should be rezoned as those in the conservation district.
- Requiring unidentified non—agricultural park lands under the jurisdiction of the DLNR to be placed under DOA jurisdiction.
- Requiring the DLNR and DOA to meet every 5 years to discuss transferring remaining lands. Requires the DLNR to report to the Legislature.
- Requiring the DOA to inquire about any easements needed by DLNR before offering a lease.
- Authorizes the Board of Land and Natural Resources to amend and extend existing pasture leases and to issue new pasture leases by negotiation in furtherance of public purposes that the DLNR and DOA are responsible for promoting.

◦ The Board may consider key characteristics of public lands most likely to benefit from the negotiation of pasture leases, food production and natural resource conservation and stewardship that will serve to achieve the identified public purposes.

◦ The Board may set the rent for pasture leases to a value that incentivizes or otherwise promotes ranching operations compatible with the public purposes.

This will authorize BLNR to amend and extend existing pasture or industrial leases and consider key characteristics of public lands most likely to benefit from the negotiation of pasture leases, food production and natural resource conservation and stewardship that will serve to achieve the identified public purposes

"For this reason, I urge your support on HB 469 HD1 SD2"

It will also ensure that Keawe St. pays for a new archaeological inventory survey as required by HRS 6E, but only for its own footprint, not the entire Villages of Leailii master planned community project.

"Please join me in supporting this measure. Mahalo."

The bill also allows DOCARE officers to briefly detain individuals and inspect their licenses, permits and other relevant documents.

STANDING COMMITTEE REPORT

Senator Shimabukuro, for the Committee on Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1738) recommending that H.C.R. No. 11, H.D. 1, as amended in S.D. 1, be referred to the Committee on Judiciary and the Committee on Ways and Means.

On motion by Senator Keohokalole, seconded by Senator Fevella and carried, the report of the Committee was adopted and H.C.R. No. 11, H.D. 1, S.D. 1, entitled: “HOUSE CONCURRENT RESOLUTION REQUESTING THE HAWAII STATE COMMISSION ON THE STATUS OF WOMEN TO CONVENE A TASK FORCE TO STUDY MISSING AND MURDERED NATIVE HAWAIIAN WOMEN AND GIRLS,” was referred to the Committee on Judiciary and the Committee on Ways and Means.

At this time, Senator Taniguchi informed the members that the first virtual Art at the Capitol event would be held over the following three days, premiering short videos of 42 legislators talking about the public artwork in their offices and the role that public art plays in our society. Senator Taniguchi noted that the event would not have been possible without the efforts of the State Foundation on Culture and the Arts; his office manager, Poni Daines; and Orig Media, which did the bulk of the filming. Senator Taniguchi further noted that eight offices did their own video filming, and that they tried to incorporate comments from the artists of the pieces in the offices. Senator Taniguchi then announced that the videos would be posted on Facebook and YouTube by order of floors, with second floor offices the following day, third floor offices on Thursday, and fourth floor offices on Friday.

Senator Kim rose to speak on a point of personal privilege as follows:

“Mr. President, I’d like to request that we be given the names of our representatives who have been appointed to HART and the attendance records since they’ve been on the board. Thank you.”

The Chair announced that there would be a leadership meeting immediately following adjournment.

The Chair then made the following comments:

“I take to heart what I learned from Senator Ihara years ago, that I’m not to advocate from the rostrum, and I didn’t weigh in on the vote about military spouses. I understand the larger philosophical discussion about what is appropriate in the defense of our country and that that is a larger discussion nationally, not just here locally. But I want to be clear in voting ‘yes.’ To support the spouse of an individual who chose to put the uniform on to defend the freedom that I and the rest of us enjoy, and not to treat them with the respect for the sacrifice that their family member is making and, more importantly, the sacrifice that that spouse is making if their loved one is deployed, I think is minimally what we should be doing to acknowledge our gratitude and our thanks for the service that the whole family has committed to. I’d be remiss if I did not express why I voted ‘yes’ on that particular bill, to let the men and women of the country who are wearing the uniform and are stationed here in Hawai‘i know how thankful I am for their choice to be of service.”

ADJOURNMENT

At 11:50 a.m., on motion by Senator Keohokalole, seconded by Senator Fevella and carried, the Senate adjourned until 11:30 a.m., Thursday, April 15, 2021.
