“Diane has been a dedicated leader at Moloka’i High for the past two decades, serving not only as the school librarian but also as the district’s curriculum coordinator and union representative. She has received notable recognition over her illustrious career, including a 2016 Golden Key Award from the Hawai’i Association of School Librarians. In 2019, Diane was named NEA Foundation Hawai’i Teacher of the Year. Diane was the first National Board Certified Teacher librarian on Moloka’i. Our honoree has always tried to create a safe and welcoming environment for students, families, and community members. She loves creating meaningful connections through reading and special events such as book fairs, poetry slams, author visits, and ‘ohana nights. As a national award recipient, Diane appeared on the cover of the April 2021 issue of *School Library Journal*. The award included a \$2,500 cash prize, digital and print resources, and a collection of books for the school library, and an additional gift of one book for every student at Moloka’i High.

“Congratulations to Diane; we are so grateful for your work that benefits our students and the Moloka’i community. Here is Senator Dela Cruz to continue our presentations.”

Senator Dela Cruz rose to present the following remarks:

“The National Blue Ribbon Schools program was established in 1982 to recognize the state’s top performing public and non-public schools across the country who have successfully closed achievement gaps in English and math as measured by state assessments. Three Hawai’i campuses earned distinction as

Blue Ribbon Schools this year, and I am pleased that one of them is in my district.

“We salute Major Sheldon Wheeler Middle School, located at Wheeler Army Airfield just outside of Wahiawā. Wheeler Middle School exceeded statewide averages in English language arts and math by more than 15 percentage points in the selection year. A first-time Blue Ribbon School, Wheeler Middle attributes its academic success to a dynamic and adaptive school culture shaped by the administrative team led by Principal Brenda Vierra-Chun. The school includes a highly transient military student population, with 97 percent of students coming from military families, which can sometimes be very challenging. Principal Vierra-Chun and her team have successfully met academic and social-emotional wellbeing goals to earn this singular honor.

“Congratulations to Major Sheldon Wheeler Middle School, another Blue Ribbon School of excellence in our public school network. I yield to Senator Taniguchi.”

Senator Taniguchi rose to present the following remarks:

“Big congratulations to my alma mater, Mānoa Elementary School, a U.S. Department of Education National Blue Ribbon School, led by then-principal Ryan Kusuda at the time of nomination. Under his leadership, math and English scores improved significantly over the evaluated time period, far exceeding statewide averages in English language arts by more than 20 percent and in math by 26 percent.

“Now led by Principal Jason Okamoto, Mānoa Elementary School is a vibrant campus due to a diverse range of enrichment opportunities, including the gifted and talented program, an active student government, and an award-winning robotics program. Mr. President, I should note that Mānoa Elementary was also named a Blue Ribbon School in 1986, and so there’s a long tradition of excellence at this legacy public school. Another key to success is that the Mānoa Association of Parents & Teachers has provided strong support and resources to keep parents and students engaged with the greater community.

“We are proud of our schools in the valley and expect to hear more of their successes in the years ahead. I now yield to Senator Rhoads.”

Senator Rhoads rose to present the following remarks:

“Colleagues, Ma’ema’e Elementary School is a first-time National Blue Ribbon School this year. The campus is a consistent top-performing public school and earned its current accolades by improving English language arts assessment scores by more than 18 percent and scores in math by 27 percent. Ma’ema’e attributes its academic success to an innovative and nurturing school culture as well as their focus on technology. With a goal of nurturing 21st century learners, Ma’ema’e has been able to encourage critical thinking skills related to information, media, and digital technology. The systems in place have helped to improve an already-strong foundation of parent engagement and community support to new levels of success. Campus leadership is provided by Principal Lenn Uyeda, and we are grateful for the school’s whole-campus and community commitment to excellence. I would like to yield the floor to Senator Kidani. Mahalo.”

Senator Kidani rose and stated:

“Thank you, Senate President, colleagues. Can we please give a round of applause to all of our awardees today? Mr. President, as you can imagine, the challenge for Education Week each year is not being able to acknowledge the full scope of teacher, student, and campus leadership accomplishments. As noted, our honorees this year represent just a few of the

dedicated educators and students who work so hard on our behalf to create Hawai‘i’s futures.

“Good news about our public schools is reported almost daily by the media. We relish the attention they bring and, as keepers of the budget, we try to commit sufficient resources to make sure our education leaders are able to do more and to do it better. Mahalo for your participation again this year, colleagues and Senate President. We look forward to the time ahead when we can congratulate and express our thanks to our honorees once again in person. Mahalo.”

The Chair thanked Senator Kidani and led the members and guests in the chamber in a round of applause to recognize the hard work of Senator Kidani and her staff in putting together an outstanding program for Education Week.

ORDER OF THE DAY

ADVISE AND CONSENT

Stand. Com. Rep. No. 3252 (Gov. Msg. No. 501):

Senator Baker moved that Stand. Com. Rep. No. 3252 be received and placed on file, seconded by Senator Chang and carried.

Senator Baker then moved that the Senate advise and consent to the nomination of MARTA REBELLA to the Board of Acupuncture, term to expire June 30, 2023, seconded by Senator Chang.

Senator Baker rose to speak in support of the nominee as follows:

“Colleagues, I rise in support of all of the governor’s messages sent to your Committee on Commerce and Consumer Protection. We had an opportunity to visit with each one of them. They were all well-qualified—there was no opposition to their nominations—and I know that they will be welcome members on these boards and commissions because some of the commissions are having a hard time meeting because there are vacancies and cannot make quorum. For those of you who may not recall, these are the boards and commissions that serve as the gatekeepers for licensing to the various professions, and without quorum, we won’t be able to renew licenses or qualify people in some of these very critical professions and occupations in our state. So I urge everyone to vote ‘yes’ on these coming from CPN. Mahalo.”

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Kanuha).

FORTY-SECOND DAY

Friday, April 1, 2022

The Roll was called showing all Senators present, with the exception of Senators Ihara and Misalucha who were excused.

The President announced that he had read and approved the Journal of the Forty-First Day.

At this time, Senator Shimabukuro acknowledged a group of students seated in the gallery who had participated in the statewide Rapid 'Ōhi'a Death Outreach program, which seeks to protect and promulgate the healthy growth of the endemic 'ōhi'a lehua. Senator Shimabukuro then introduced Kailee Lefebvre, who was also present in the gallery, noting that Ms. Lefebvre had helped train each of the students about the 'ōhi'a struggles, allowing them to engage the Legislature in their desire to ensure the robust growth of 'ōhi'a in their own futures and beyond.

Senator Taniguchi welcomed teachers and students participating in the day's 'Ōhi'a Warrior Legislative Workshop, which included Mānoa Elementary School fifth graders in Lisa Secreto's class. Present with Ms. Secreto in the gallery were student teacher Sydney and students James Alipio-Gerry, Abigail Alo, Judah Althof, Zane Dalgamouni, Matisse Esparza-Queloz, Jayzen Ichiyama, Madison Garcia, Olivia Liu, Xavier Mals, Miriya Matsumoto, Ethan Moszkowicz, Teheira Pimental, Wyatt Robinson, Tuialofa Scanlan, Brycen Sogawa, Venice Sueblinvong, and Marnie Ushijima.

Senator Keohokalole noted that the Coordinating Group on Alien Pest Species and the Rapid 'Ōhi'a Death Outreach team had worked to bridge the gap between Hawai'i's legislature and students across the state by engaging the students in a real-life experience advocating for a bill to designate 'ōhi'a lehua Hawai'i's state endemic tree. Senator Keohokalole then recognized the motivated Aloha Ambassadors from Kāne'ohe Elementary School. Present in the gallery were Aloha Ambassador club advisor Kumu Kathy and third-, fourth-, and fifth-grade students Aezyn Asia, Abigail Fong, Akio Hayashi, Paige Pana, Georgia Pakele, Cade Yamada, Olive Dumaran, Kahea Nalu'ai, Makalehua Pelletier, Avalon Spencer, Isabela Duenas, and Tatiana Pana.

Senator Shimabukuro thanked her staff for presenting the workshop, and the teachers and students for their monumental efforts in recognizing and protecting 'ōhi'a lehua as a culturally significant icon of Hawai'i. Senator Shimabukuro commented that S.B. No. 2059, which had been introduced by Senator Inouye of Hawai'i island, had successfully navigated through both the Senate and the House and was expected to cross over back to the Senate the following week. Senator Shimabukuro noted that this was quite an achievement by the young guests in the gallery, and thanked everyone for their work.

Senator Lee introduced members of his staff who were seated in the gallery: office manager Matt Prellberg, Katie Pacheco, Haley Yoshioka, and Rosario Joaquin.

Senator Keohokalole recognized Christy Martin, administrator of the Coordinating Group on Alien Pest Species, who was present in the gallery. Senator Keohokalole noted that Ms. Martin was his former boss, as his first job out of law school was with the Coordinating Group on Alien Pest Species. Senator Keohokalole then introduced former Department of Agriculture director Scott Enright as well as former Senate colleague and current United States Representative for the

second congressional district Kai Kahele, who were also seated in the gallery.

On behalf of Senate President Kouchi, Senator Kanuha introduced members of Senate President Kouchi's family from Seattle. Senator Taniguchi then noted that today was Art at the Capitol day. Senator Taniguchi announced that, after a cancellation in 2020 and only a virtual event the previous year, the public would be invited back to the State Capitol that evening from 5:00 p.m. to 7:00 p.m. for the 13th annual Art at the Capitol. Senator Taniguchi noted that the Senate, the House of Representatives, the Governor, the Lieutenant Governor, and the Public Access Room would be participating. Senator Taniguchi stated that the public would be welcome to wander through the Capitol to view hundreds of pieces of local art and that a QR code would be posted at various locations around the building so that visitors could download the official booklet. Senator Taniguchi noted that the talented members of the Hawaii Youth Symphony would provide music throughout the night. Senator Taniguchi then announced that there would be a special treat with a performance by Ballet Hawaii in the Rotunda, inviting the members to come out to the rails prior to 5:45 p.m. to enjoy the first-time event. Senator Taniguchi explained that the public would be asked to enter the building at the rotunda level and that only proof of identification would be required for entry; proof of vaccination would not be required. Senator Taniguchi thanked all participants and especially Representative Cedric Gates for his leadership in continuing the event.

"I would like to thank everyone who chose to wear blue today as we mark April 1st, the beginning of Child Abuse and Neglect Prevention Month. In honor supporting this cause, every April, our local community programs, county offices, and state agencies encourage all individuals and organizations to support each other in making Hawai'i a better place for youth and families. As a community, we hope to draw attention to this cause to ensure all parents have the knowledge, skills, and resources they need to care for their keiki and promote a healthy community for all. Senator DeCoite moved that Stand. Com. Rep. No. 3685 and S.C.R. No. 195 be adopted, seconded by Senator Fevella.

Senator Rhoads rose to speak in support of the measure as follows:

“I was a D.C. resident before my wife and I moved here to Hawai’i 25 years ago, and it’s just such an obvious injustice that over 600,000 people have to pay federal taxes but do not have full federal representation: they have no representatives in the Senate; they have a non-voting delegate in the House. They do get to vote for President, but it’s just so fundamentally un-American, and when you pay your federal taxes in the district, it’s really exasperating, too, to know that you’re paying just as much as everybody else, but you don’t have the same representation. Mahalo.”

Senator Riviere rose to speak in opposition to the measure as follows:

“I respect the comments of the previous speaker regarding the D.C. situation; however, my preference would be that the residents, maybe, that we consider them becoming part of Maryland as opposed to a new state. So, I’m going to be voting in opposition to S.C.R. 195. Thank you.”

Senator Baker rose to speak in support of the measure as follows:

“I rise in support of the resolution that Senator Rhoads authored, and I just wanted to ask that the words of that senator be inserted into the Journal as my own. (The Chair so ordered, by reference only.) I used to work in D.C. as well. Mahalo.”

The motion was put by the Chair and carried, the report of the Committee was adopted and S.C.R. No. 195, entitled: “SENATE CONCURRENT RESOLUTION URGING MEMBERS OF THE UNITED STATES CONGRESS TO ENACT FEDERAL LEGISLATION GRANTING STATEHOOD TO THE PEOPLE OF WASHINGTON, D.C.,” was adopted, with Senator Riviere voting “No.”

At this time, the Chair announced that there would be a leadership meeting immediately following adjournment.

RE-REFERRAL OF A HOUSE CONCURRENT RESOLUTION

The Chair re-referred the following House concurrent resolution that was received:

H.C.R. No.: Re-referred to:

H.C.R. No. 73 Committee on Energy, Economic Development, and Tourism

At this time, Senator Dela Cruz, Chair of the Committee on Ways and Means, requested a waiver of the public notice requirement pursuant to Senate Rule 21 for H.B. No. 510, H.D. 1.

Senator Dela Cruz noted:

"The proposed S.D. includes an amendment that would extend the state earned income tax credit. Your Committee is requesting a waiver to hear the proposed draft and meet the single referral deadline."

The Chair granted the waiver.

Senator Dela Cruz announced that the Committee on Ways and Means would be holding a public hearing on the measure the following morning at 10:40 a.m. in Conference Room 211 and via videoconference.

Senator Baker reminded the members that the Women's Legislative Caucus hoped they were filling their Easter baskets so that the Caucus could provide them to the various agencies that help women and children. Senator Baker noted that a couple baskets had come to her office, and that if members would like the baskets out of their offices, they could bring

them to Room 230, where they would be gotten out the door on April 7th.

Senator Nishihara reminded the members that the Senate food drive for the Foodbank would end on May 13th.

Senator Kim rose to speak on a point of personal privilege as follows:

"There is no shortage of tough issues, and this body especially has certainly worked on and embraced a number of tough issues and looking at the best interest of our state. House Bill 2024 is certainly one of those very tough issues that we need to deal with and not just ignore it. As the Senate passed out Senate Draft 1, it's in the Ways and Means committee, and we are continually working on it. As I said, the bill is a work in progress—it is not a perfect bill—there are a lot of moving parts to it. And so we are consistently working on it to see that we can come up with a reasonable and a workable proposal, and so it really bothers me that the governor, last night in an interview, came out and talked about how the bill would kill astronomy because, certainly, S.D. 1 shows that this body is really concerned about astronomy and how it is important to our state.

"I would like to remind this body that it was the governor who placed the moratorium on Mauna Kea that caused a lot of the community concerns and the problems that we are now experiencing with the observatories and the astronomy program. Also, it was the governor who signed the letter to the Board of Regents—and the regents asked him to do it—so that they could delay adopting the administrative rules, which, again, led to some of the concerns that is going on with the community.

"I would like to also point out that never once since we got this measure has the governor reached out to this body, reached out to me—has never given us any suggestions, did not put in any testimony. And so, certainly, we need to work together. I've reached out with the House; I've reached out to the working group, reached out to the observatories, with UH: we've been working on this measure. And so the governor has been silent, and that's fine. If you want to be silent on it, it's okay. But then to come out and to then criticize us and saying we're killing astronomy, I think that he needs to step up and he should contact us, and if he has a proposal, I'm more than open to it—I've been very open to all the suggestions, read all the testimonies and taking that into consideration. And so I challenge the governor to work with us so we can find and craft something because if we do nothing, I believe that the protests will continue and that we are not going to resolve anything. Thank you, Mr. President."

WESLEY YOON, term to expire June 30, 2026 (Gov. Msg. No. 686),

seconded by Senator Keith-Agaran.

Senator Inouye spoke in support of the nominees as follows:

"Mr. President and members, these are five highly qualified individuals. They'll be an asset to the Board as they will offer insight and wisdom in the decisions they will make. I ask for your support and recommend that they be confirmed to their positions today.

"G.M. 683, Aimee Barnes, is currently a member of the Board who was appointed on January 1st. She fills the seat for the island of O'ahu, and Ms. Barnes has an extensive résumé of professional experience, having worked in different positions and locations throughout her career.

"I also support G.M. 684, Doreen Canto. Doreen Canto—and she's known as Doreen 'Pua' Canto—has been serving on the Board since July 2021, with her term expiring in 2025 as well. She has extensive community experience, having served on the Maui Charter Commission, Kula Community Association, Maui Native Hawaiian Chamber of Commerce, the Hawaiian Homes Commission, among others as well.

"G.M. 685, Riley Smith, the designated appointee to the Hawai'i County position as well: he has extensive experience, having held positions at Parker Ranch, the County of Hawai'i Department of Public Works, and Bedford Properties, among others. He's a member of numerous civic groups and community organizations, including the Kona Water Roundtable and the Mayor's Advisory Committee on Planning and Permitting.

"G.M. 686, Wesley 'Kaiwi' Yoon, is the current member. He will be serving another term as well. His term expires in 2026. He's the vice president of operations for planning and program management with Bishop Museum, and he previously was with the State Historic Preservation Division.

"And lastly, G.M. 687, Karen Ono, is a lifelong resident with strong ties to her community on the County of Kaua'i. She has been with the Kaua'i Board of Realtors from 1979 to her retirement in 2021. She brings great experience with government affairs committee member on Kaua'i's Board of Realtors and a great community member—always active on Kaua'i island.

"Members, I do ask for your support and recommend that they be confirmed to their positions today, and I have other

comments, Mr. President, I'd like to insert into the Journal. Thank you."

The Chair having so ordered, Senator Inouye's additional remarks read as follows:

"**Aimee Barnes**, is a current member of the board who was appointed on January 1. She fills the seat for the City and County of Honolulu, island of Oahu. Miss Barnes has an extensive resume of professional experience, having worked in different positions and locations throughout her career. She is currently with Hua Nani Partners and serves as an advisor to major policy, non-profit and philanthropic organizations on climate change since 2019. When asked about why she wished to become a BLNR member, she stated 'I see Hawaii as a beacon of climate and sustainability leadership for the world.... I am deeply concerned about the climate crisis and its current and future impacts on Hawaii's natural resources and economy.'

"**Doreen Canto** has been serving on the board since July 2021, with her term expiring in 2025 pending our confirmation. Doreen has extensive community experience having served on the Maui Charter Commission, Kula Community Association, Maui Native Hawaiian Chamber of Commerce, Hawaiian Homes Commission among others. She is presently with Pelekana Permitting & Planning, LLC. She was previously employed at the Kula Hospital and Hawaiian Telcom. As a BLNR appointee, Ms. Canto sees herself as 'being open minded and honest in decision making that are supported by facts, while being respectful at all times.'

"**Riley Smith**, the designated appointee for the county of Hawaii, is President and Chief Executive Officer of Lanikai Properties, LLC. He has extensive professional experience having held positions as Parker Ranch, the County of Hawaii Dept. of Public Works and Bedford Properties among others. Mr. Smith is a member of numerous civic groups and community organizations including the Kona Water Roundtable and the Mayor's Advisory Committee on Planning and Permitting. As a BLNR member he hopes to help with 'sound decision making, offer strategic direction as well as help with instituting consistent policy guidance to the department.'

"**Wesley 'Kaiwi' Yoon** is a University of Hawaii and Kamehameha Schools alumni, who is already sitting on the board as an at large member. He is being appointed to a full term that expires in 2026. Mr. Yoon is Vice President of Operations, Planning and Program Management with Bishop Museum. He previously was with the State Historic Preservation Division. One of the reasons why he wants to continue with the BLNR is 'to be part of effectuating positive and meaningful change for issues surrounding our fleeting and fragile cultural and natural resources'.

"**Karen Ono** is a life-long resident with strong ties to her community on the County of Kauai. She has been with the Kauai Board of Realtors from 1979 to her retirement in 2021. She was also a Government Affairs Committee Member on the Kauai Board of Realtors. When asked why she wanted to be a member of the Board of Land and Natural Resources, Karen responded, 'I believe it is my duty as a member and resident, to protect the cultural and historical resources that we had growing up in the best interest of the public for our future generations and residents.'"

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 3742 (Gov. Msg. Nos. 684, 685, and 687):

Senator Inouye moved that Stand. Com. Rep. No. 3742 be received and placed on file, seconded by Senator Keith-Agaran and carried.

Senator Inouye then moved that the Senate advise and consent to the nominations to the Board of Land and Natural Resources of the following:

DOREEN CANTO, term to expire June 30, 2025 (Gov. Msg. No. 684);

KAREN ONO, term to expire June 30, 2024 (Gov. Msg. No. 687),

seconded by Senator Keith-Agaran.

Senator Acasio spoke in support of Gov. Msg. No. 685 with reservations as follows:

"While G.M. 685 comes to the Senate floor with notable support, I feel obligated to give voice to a portion of my constituency and members of the public who have raised serious concerns about two aspects directly related to the duties that come with this very important appointment to the Land Board.

"The first concern is a track record that shows G.M. 685 takes positions against conservation in favor of development. After my interview with said G.M., I remain highly concerned with his lack of knowledge of the precautionary principle and, more importantly, the public trust doctrine, which is a constitutional priority that this position is entrusted to uphold and to dutifully apply.

"Secondly, I want to give voice to individuals who have reached out to me directly expressing their concerns and sharing their personal experiences but aren't at liberty to be public with these concerns. The words they used to describe the experience of working with the nominee were, 'silencing of opposing viewpoints,' 'bullying,' 'aggressive behavior,' and even 'harassment.' In addition to the workplace safety issue these concerns raise, we must ask ourselves how such tendencies would impact the Board's productivity.

"The nominee's likely confirmation today leaves me hoping, now that these concerns have been voiced, that G.M. 685 will take them to heart as he engages with fellow colleagues and the public to fulfill the important fiduciary responsibilities of this position. Mahalo."

Senator Fevella requested that remarks in support of Gov. Msg. No. 685 with reservations be inserted into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"I agree with the remarks of the senator from Hilo and request that her remarks be entered into the Journal as my own."

Senator Inouye spoke in support of the nominees as follows:

SECTION 1. House Bill No. 1988, H.D. 2, S.D. 2, section 2, is amended by amending page 1, line 16 through page 2, line 3 to read as follows:

"§187A- Sale, import, harvest, or export of coral products; prohibited. (a) It shall be unlawful for any person to import into, export from, sell in, harvest from, or offer for sale in the State any coral product; provided that the coral product is an endangered species or species native to Hawaii."

Senator Baker moved that Floor Amendment No. 4 be adopted, seconded by Senator Gabbard.

Senator Baker rose to speak in support of the amendment as follows:

"The amendments made in the Senate Draft 2 have used wording that combines two recommendations by stakeholders into something extremely narrow, greatly limiting the bill's applicability. In order for the bill not to be vulnerable to a dormant commerce clause challenge, we would like to add the words, 'or is' to the revision as follows, 'It shall be unlawful for any person to import into, export from, sell in, harvest from, or offer for sale in the State any coral product; provided that the coral product is an endangered species or is native to Hawaii.' Thank you."

Stand. Com. Rep. No. 3867 (H.B. No. 2471, H.D. 1, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 3867 be adopted and H.B. No. 2471, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Taniguchi rose to speak in support of the measure as follows:

"Colleagues, this measure relates to the unemployment compensation program and amends the experience rating provisions of the Hawaii Employment Security Law. Because our unemployment insurance system is based solely on employer contributions to keep the UI Trust Fund afloat, in normal times, employers would have been statutorily required to cover over \$1 billion in unemployment insurance payouts over the time of the pandemic.

"House Bill 2471 is an effort to help employers by amending the definition of 'adequate reserve fund' to exclude the times of record high unemployment rates from the calculation of rates. The effect of this will result in an average savings of \$365 per employee in 2023 and an average savings of \$668 per employee for 2024. In combination with last year's \$747 million unemployment insurance loan repayment by the State to the federal government, the primary purpose of this bill this year is to keep employers in business and to help them survive the last two years of struggle. I urge my colleagues to vote in support of House Bill 2471. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3867 was adopted and H.B. No. 2471, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE ADEQUATE RESERVE FUND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Taniguchi rose to speak in support of the measure as follows:

"Colleagues, this House measure, as amended by the Senate, will raise the minimum wage in increments until it reaches \$18 an hour in 2026 and would eliminate our current tip credit in two increments. This bill is part of a package of bills which help employers **and** workers. As I mentioned earlier with House Bill 2471, last year we appropriated \$747 million to pay back our federal unemployment insurance loan. In normal times, this would have been paid back by employers through increased unemployment insurance taxes. The governor also authorized an additional \$100 million into the UI Trust Fund to prevent the loss of a federal employer tax credit which would have significantly raised the FUTA (Federal Unemployment Tax Act) taxes for our employers.

"This year, House Bill 2471 would adjust the experience rating to exclude the period of record high unemployment from the rate calculation for the next eight years. This would mean hundreds of dollars of savings in unemployment insurance taxes per employee for our employers.

"So, colleagues, if anyone tells you that the Legislature did nothing for employers and only helped minimum-wage workers, then you must tell them that they are not correct. Some of the same people may tell you that increases in the Senate version of House Bill 2510 are too fast and should be more gradual. Most of these same people have been fighting any increase in the minimum wage for years. They have successfully delayed efforts to raise the wage twice in the last three years, with the pandemic stopping efforts in 2020.

"A DBEDT study in 2019 indicated that \$18 per hour was what a person would need to survive in Hawai'i. If this bill passes, it will still take seven years since that study to reach \$18 per hour, and things have definitely gotten even worse for our lowest-paid workers with the pandemic. We really must act now. I urge my colleagues to vote in support of House Bill 2510, Senate Draft 1. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3885 was adopted and H.B. No. 2510, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO INCOME," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Acasio rose to speak in support of the measure with reservations as follows:

"I just strongly support extending the earned income tax credit and making it refundable. I further support making the EITC permanent. However, my reservations pertain to the constitutional integrity of this bill. Mahalo."

The Chair commented:

"If it would help put you at ease, Senator Acasio, it passed First Reading last Friday. Today will be Second Reading. It goes back to the House. If it comes back, we will schedule Final Reading to meet the three-reading constitutional requirement."

The motion was put by the Chair and carried, H.B. No. 510, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

H.B. No. 1988, H.D. 2, S.D. 3:

Senator Baker moved that H.B. No. 1988, H.D. 2, S.D. 3, having been read throughout, pass Third Reading, seconded by Senator Gabbard.

Senator Baker rose to speak in strong support of the measure as follows:

"This measure addresses concerns that the commercial use of coral contributes to the decline and degradation of the state's coral reef by prohibiting the sale, import, harvest, or export of coral products with some exceptions. Many deep-water coral native to Hawai'i grow very slowly and are facing unprecedented stressors, including acidification, warming oceans, overfishing, and pollution. The prohibition of the sale, import, harvest, and export of coral products will put an end to this archaic trade in coral. Without the prohibitions in House Bill 1988, Senate Draft 3, Hawai'i's black coral is subject to commercial harvesting by any person with a \$100 commercial marine license and relies on self-reporting without any verification. This measure will further efforts to protect Hawai'i's coral reefs, and I urge my colleagues to join me in supporting this measure. Mahalo."

Senator San Buenaventura rose to speak in support of the measure as follows:

"While I fully support the need to protect our coral reefs, I want our body to understand the consequences of what has passed previously. When I was growing up, the law was, and it still is, that black coral is the Hawai'i state gem, and it was promoted as such to all the tourists in Waikiki. And so a number of us, myself included, inherited black coral jewelry, which we have now, because of our promotion, have made endangered. As this bill progresses, I request our colleagues to understand that maybe it's about time we recant making the black coral as the Hawai'i state official gem so that we don't promote it, and we

preserve it. And secondly, that we look into the fact that a number of us have inherited coral because it was promoted as such, and there should be some kind of exclusion for those of us who went on the bandwagon at a time when we were promoting Hawai'i. Thank you very much."

Senator Chang rose to request that remarks in support of the measure with reservations be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Chang's remarks read as follows:

"I vote to advance this measure with reservations because I am concerned about impacts this bill will have on existing owners and retailers of corals harvested legally prior to this bill taking effect.

"In particular, I am concerned about locally owned shops which harvested or acquired coral in compliance with all legal requirements at the time. It would be unfair to change the rules on them when they bore the burden of legal compliance at the time. Additionally, nonprofit organizations and individuals own corals they acquired legally, and they would no longer be able to sell them. One possible solution would be to extend the effective date to give owners and retailers of corals time to lawfully sell their products. Another possible solution would be to exempt the sale of corals that were legally harvested before Endangered Species Act restrictions took effect."

The motion was put by the Chair and carried, H.B. No. 1988, H.D. 2, S.D. 3, entitled: "A BILL FOR AN ACT RELATING TO CORAL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Acasio rose to speak in support of the measure with reservations as follows:

"Colleagues, when the state declared a climate emergency, it gave many people devoted to this issue hope that the state and we, as legislators, would be taking meaningful action to mitigate the impacts of climate change. As originally written, H.B. 1800 represented meaningful action—it was co-introduced

by 23 of our House colleagues and drew widespread support from climate focus groups. The current language, while it continues to have meaningful input, removes details on specific targets and goals, which I believe are imperative in this climate emergency. The time for action is now. Thank you."

Senator Inouye rose to speak in strong support of the measure as follows:

“Astronomy is on my island and in my district. I share these comments as chair of the Committee on Water and Land. We all know that humankind has been fascinated by the heavens and the study of the universe since the earliest of times. We know that Hawai‘i is one of the best places in the world for the study of astronomy. After years of study and proposals in the early to mid-20th century, it came to pass that Mauna Kea was chosen as the ideal location for large-scale and world-class astronomy. Over the course of more than 60 years, the observatories have made Mauna Kea the most scientifically productive site for astronomy worldwide. We should relish in the fact that our astronomical facilities are a world-class center of study and research supported by numerous international partners and research facilities all over the world. The research conducted on Mauna Kea is purely scientific in nature and dedicated to better

understand the universe around us. Mauna Kea has the best combination of topography, climate, minimal light pollution, and a clear elevation in which to conduct astronomical research and observation.

“We cannot let our world-class status in the scientific community be compromised by a poorly crafted bill such as H.B. 2024, House Draft 1; it may cripple, if not end, our very prestigious and productive astronomy industry. While the present draft of H.B. 2024, Senate Draft 2, does a better job than the H.D. 1 version by including language like declaring that astronomy is a policy of the state and allowing the University of Hawai‘i to have jurisdiction over 550 acres of land surrounding the observatories, managing the summit, Summit Access Road, and the Hale Pōhaku facility, this bill still needs more work. The State of Hawai‘i needs to do everything possible to keep our world-class astronomy industry firmly grounded on the top of Mauna Kea. A few suggestions that need to be made in order to assure the long-term survival of astronomy on Mauna Kea is to change the governance model so that each and every observatory has a vote at the table along with the other members of the commission as outlined. The governance model will also need to be amended to fix the timeline of land transfer and extend that out to at least 2026 or longer if required. Issues requiring the powers of authority need to also be addressed as well as the revenue requirements for the self-sustaining clause in the bill. We need to remind ourselves that astronomy in Hawai‘i supports the employment of at least 1,313 residents and had a total impact of \$221 million in 2019.

“Astronomy is far-reaching not only to the stars but also on the ground. Just this past weekend, I was thrilled to see children, teens, and adults become excited about astronomy on a TV news report showcasing the open house of the University of Hawai‘i’s Institute for Astronomy in Mānoa. Some of these children and teens may grow up to be astronomers, and also, some are already in colleges throughout our country and the University of Hawai‘i. And, indeed, Ms. Onodera, in my district, graduated in astronomy, moved to Mauna Kea, and is now employed in the prestigious level on Haleakalā. We cannot and should not cheat them out of a possible future in Hawai‘i if we cannot continue having a world-class center of astronomy as we do now on Mauna Kea.

“Mr. President, I am convinced that the people of Hawai‘i support astronomy in a huge way. The bottom line is that astronomy needs to be saved—the successful implementation of this governance model will require resolution of several outstanding issues. These include Part II, Section 5, Senate Draft 2 calls for the transfer of all rights, powers, functions, and duties of the University of Hawai‘i with respect to the non-astronomy lands transferring to July 1, 2023, to the new authority. This transfer in July 2023 is not feasible given that the new authority will not yet be stood up or independent. Plus, UH still has obligations under its CDUPs, the master plan, CMP, and rules with respect to the 10,000 acres, which are non-astronomy lands that need to be worked out with DLNR and the authority. This should be changed to ‘July 1, 2026,’ to align with the three-year transition period. Section 3(b)(1) of S.D. 2 provides that the authority will be the principal authority in conjunction with the DLNR for the management of the state-managed lands within the Mauna Kea conservation lands. Clarification is needed regarding the powers of the authority as principal authority versus the statutory and regulatory powers of DLNR and the Board of Land and Natural Resources. For example, DLNR is the entity that would approve the sublease from UH to the new authority as well as UH’s comprehensive management plan (which is the CMP), which is currently in the process of being updated, and any subleases issued by the authority. How does this legislation impact DLNR’s role and jurisdiction? Also, S.D. 2 does not address the applicability of

DLNR's sublease requirements, such as whether the authority will be required to have a management plan similar to UH's.

"I make my support known for H.B. 2024, S.D. 2, Mr. President, with the hope that the bill can be further amended in conference to create a better bill for our world-class astronomy industry and for the people, our children, in Hawai'i. Therefore, Mr. President, I will support H.B. 2024, S.D. 2. Mahalo."

Senator Fevella rose to speak in support of the measure as follows:

"I have very mixed emotions, colleagues, because we're talking about astronomy, but we're also talking about desecration and mismanagement. This is a bill that is trying to level the playing fields on both sides.

"I am against TMT and I'm always going to be against TMT. Whatever telescopes for astronomy is on the mountain, we will review the extension of their leases. But having so many people oppose the construction of TMT, approximately 1,600 people, and due to nearly 50 to 60 years of desecration on that mountain, the protection of Mauna Kea means more to the people than looking into the stars, depending on who you talk to. But I am for this bill. My colleague worked very hard on it, but I don't agree on everything. But if this goes to conference and there is an attempt to push for the construction of TMT, I am voting against this in conference. I just wanted to let you know I support the bill in its current form, but if it changes in any way, I'll vote it down in conference."

Senator Kim rose to request that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Kim's remarks read as follows:

"Rise in Support.

"The Senate is continuing to refine and develop HB 2024 to balance the interests and concerns of our Native Hawaiian community to properly steward a cultural treasure with the interests of the State through the University of Hawaii ('University') to continue its world class science-based education and academic research unit in astronomy at Mauna Kea. In collaboration with the Higher Ed Chair, these proposed amendments are reflective of the discussions that we've had with various community groups, stakeholders, and from the testimonies submitted.

"Thus, Senate Draft 2, is a significant improvement over Senate Draft 1. Senate Draft 1 addressed very real concerns regarding the potential demise of astronomy at Mauna Kea caused by the whole sale replacement of the University with the newly created Mauna Kea Stewardship Authority. But as noted, it was still a work in progress."

"We have listened to reasonable suggestions expressed on many sides of the current controversy regarding this potential demise. The proper care and management of the mountain involves many agreements and contracts with several organizations, employees, contractors, and funding from the National Science Foundation, as well as, arrangements with foreign countries. As a premier world class academic research center, we were faced with how the newly created authority could quickly jump in to manage these agreements and contracts and prevent uncertainty and disruptions from arising that could place in jeopardy the relationships developed since the 1960's with the University's scientific and research partners.

"Senate Draft 2 is an improvement over Senate Draft 1 in that the new draft creates 'joint oversight' of Mauna Kea between the University and the newly created authority. The responsibilities to manage the mountain will be bifurcated or

split between the two entities. The new authority will manage approximately 9,450 acres on the mountain, while the University will manage the Astronomy Research Lands comprised of the Astronomy Precinct, Halepohaku complex and the Mauna Kea access road, or approximately 550 acres. The existing 1968 and 1999 State Leases between the State Board of Land and Natural Resources and University (expiring in 2033) will be kept in place. The University, as Lessee under the State Leases, will sublease to the authority within a year of its operational formation lands totaling approximately 9,450 acres, which we have labeled as the Mauna Kea Conservation Lands. The authority will be charged to properly conserve, protect, and manage the public uses of the Mauna Kea Conservation Lands. At the same time, the University will be solely responsible to care for and manage the Astronomy Research Lands.

"The 'joint oversight' structure addresses the perceived threat to the future of astronomy in our State, through a collaborative sharing of management duties and responsibilities between the authority and the University of Hawaii.

"The current administrative organization under the aegis of the University of Hawaii at Hilo will be kept in place, and will continue to service the operational and staff needs of both the new authority and the University thereby, avoiding any additional costs associated with creating a new organizational structure or two separate administrative structures.

"Our goal in Senate Draft 2 was to develop a management structure from a practical standpoint that would be workable while balancing the diverse interests in the conservation, protection, and regulating of current and future uses of Mauna Kea. Senate Draft 2, like Senate Draft 1, provides for an audit to be done in 2029.

"The refinement of Senate Draft 2 continues to strive for the best balance of interests on Mauna Kea. We realize that each side may not be satisfied with the joint oversight model we are proposing, but unfortunately there is no perfect solution to this controversy. Each side must be willing to compromise. A shared responsibility model accomplishes that."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3963 was adopted and H.B. No. 2024, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO MAUNA KEA," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Baker rose to speak in strong support of the measure as follows:

"As my colleagues well know, digital currency is growing in popularity and acceptance worldwide; however, there is very little regulation of the industry here in the United States. The Division of Financial Institutions of the Department of Commerce and Consumer Affairs and the Hawaii Technology Development Corporation are currently conducting a two-year sandbox program to study digital currency transactions that allow companies to conduct digital currency transactions without obtaining a money transmitters license. House Bill 2108, Senate Draft 2, establishes a licensing program that will replace the Digital Currency Innovation Lab. This measure will establish a program for licensure, regulation, and oversight of digital currency companies to ensure that the necessary

consumer protections are adhered to. Please join me in supporting this measure. Mahalo.”

Senator San Buenaventura rose to speak in strong support of the measure as follows:

“Our system is broken regarding how we deal with child abuse. Hopefully, this is a step further to empower our child welfare service workers to be able to investigate when necessary and provide funding for the amount of hours that they go and basically investigate abuse. And, hopefully, with this passage, we can fix the system and prevent child abuse in the future. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3966 was adopted and H.B. No. 2424, H.D. 1, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO CHILD WELFARE SERVICES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

ORDER OF THE DAY
ADVISE AND CONSENT

Stand. Com. Rep. No. 3969 (Jud. Com. No. 23):

Senator Rhoads moved that Stand. Com. Rep. No. 3969 be received and placed on file, seconded by Senator Keohokalole and carried.

Senator Rhoads then moved that the Senate consent to the appointment of SHELLIE K. PARK-HOAPILI to the District Court of the First Circuit, for a term of six years, seconded by Senator Keohokalole.

Senator Rhoads rose to speak in support of Jud. Com. No. 23 as follows:

“Shellie Park-Hoapili has been licensed to practice law in the State of Hawai‘i since 2003. Upon graduation she clerked for Alston, Hunt, Floyd, & Ing; the Hawai‘i Civil Rights Commission; and then for the Honorable Paula Nakayama of the Hawai‘i Supreme Court. She subsequently worked for seven years as an associate attorney at Alston, where her practice included civil litigation and complex legal issues.

“Since 2012, Ms. Park-Hoapili has served as a staff attorney for the Hawai‘i Supreme Court and recently was made the court staff attorney. In these roles, she provided legal advice to the justices and the Court; reviewed and analyzed original proceedings, jurisdictional issues, confidential matters, and procedural processes; drafted legal memoranda and per curiam opinions; drafted statewide and circuit-specific orders in response to the COVID-19 pandemic; and supervised other staff attorneys.

“Ms. Park-Hoapili received her bachelor of arts degree in political science from the University of Hawai‘i at Mānoa and her juris doctor degree from the William S. Richardson School of Law. She has served on the Board of Bar Examiners of the Hawai‘i Supreme Court since 2013, and has been president of both the Hawaii Women’s Legal Foundation and Hawaii Women Lawyers.

“After having reviewed the testimony, all of which was in support of her confirmation, and other materials submitted to the committee and having examined the appointee in a hearing, your Judiciary committee finds that Shellie Park-Hoapili is well-qualified to serve as district court judge of the First Circuit, and recommends that the Senate consent to the appointment. Mahalo.”

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Acasio, Fevella).

At this time, Senator Rhoads introduced Judge Shellie K. Park-Hoapili, who was present in the gallery with her husband, James Hoapili, and members of her Judiciary ‘ohana.

Stand. Com. Rep. No. 3970 (Jud. Com. No. 24):

Senator Rhoads moved that Stand. Com. Rep. No. 3970 be received and placed on file, seconded by Senator Keohokalole and carried.

Senator Rhoads then moved that the Senate consent to the appointment of NATASHA R. SHAW to the District Family Court of the First Circuit, for a term of six years, seconded by Senator Keohokalole.

Senator Rhoads rose to speak in support of Jud. Com. No. 24 as follows:

“Natasha Shaw began her legal career in Hawai‘i in 2009 as a law clerk for the Honorable Colleen Hirai in the Circuit Court

of the First Circuit. Since 2010, Judge Shaw has been licensed to practice law in the state, and she worked for several law firms before starting her own solo practice in 2014. Her practice focused on the areas of probate and trust litigation, conservatorships and guardianships litigation, forensic audits of fiduciary accounts, estate administration, and drafting estate planning documents. Since 2019, Judge Shaw has served as a per diem judge for the District Family Court of the First Circuit. She has also been a kokua kanawai for two probate court judges, evaluating the need for a conservator or guardian to be appointed to protect individuals.

“Judge Shaw received her bachelor of science degree in business administration in accounting from the University of Nevada, Las Vegas. She later received her masters of business administration from Stetson University School of Business concurrently with her juris doctor degree from Stetson University College of Law.

“After having reviewed the testimony, which was overwhelmingly in support of her confirmation, and other materials submitted to the committee and having examined the appointee in a hearing, your Judiciary committee finds that Natasha R. Shaw is well-qualified to serve as a district family court judge of the First Circuit, and recommends that the Senate consent to the appointment. Mahalo.”

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Acasio, Fevella).

At this time, Senator Rhoads introduced Judge Natasha R. Shaw, who was present in the gallery with her mother and other family members.

The Chair made the following comments:

“Madam Clerk, before going to the next item, I believe, in talking to Chief Justice Recktenwald, with these two confirmation votes this morning, we now have half of the judges in the district court are women and half of the judges sitting are men. To Chief Justice and your team: thank you for achieving the gender equity we were seeking—and with very well-qualified individuals. Thank you, CJ.”

Stand. Com. Rep. No. 3971 (Gov. Msg. Nos. 717, 718, 719, 720, 721, 722, 723, and 724):

KEITH ROBINSON, term to expire June 30, 2024 (Gov. Msg. No. 717);

WALTER RAWLINS, term to expire June 30, 2024 (Gov. Msg. No. 718);

ROBERT LUUWAI, term to expire June 30, 2024 (Gov. Msg. No. 719);

MANUEL KULOLOIO, term to expire June 30, 2024 (Gov. Msg. No. 720);

Senator Inouye rose to speak in support of the nominees as follows:

“I rise in support of GMs 717, 718, 719, 720, 721, 722, 723, and 724, and these are all members your committee has advised and consent: all the nominees were properly vetted, Mr. President and members, by each island’s council under the umbrella of the Aha Moku system. We’re very pleased that they have contributed to being served on this board as we have had a vacancy for the last two years. And, Mr. President, I do want to add the names to the GMs, please, if you’ll allow me to: Moku O Keawe from the Island of Hawai’i, Charles Young; Moku O Pi’ilani from Maui, Robert Luuwai; Moku O Kanaloa, Kaho’olawe, Manuel Kuloloio; Moloka’i Pule O’o, Moloka’i, Pi’ilani Kaawaloa. Mahalo.”

Senator DeCoite rose to speak in support of the nominees as follows:

“In recent years, nominations to the Aha Moku Advisory Committee have been a very controversial issue, especially in our Native Hawaiian communities. The main point of controversy stems from the nomination process itself; some argue that the process used to nominate committee members is illegitimate and not proper. Mr. President, in preparation for my vote today, I did my due diligence in consulting with the attorney general’s office and whether the identification of the nominees for the Aha Moku Advisory Committee was done through a proper process in a memo dated April 13, 2022, ‘Is the opinion of the attorney general that the correct process was followed?’ In addition, Mr. President, I would like to insert the memo received from the attorney general into the Journal.”

The Chair having so ordered, the memo from the attorney general is identified as “**ATTACHMENT A**” to the Journal of this day.

Senator Inouye introduced Aha Moku Advisory Committee nominees Manuel Kuloloio from Kaho’olawe and Frances “Aunty Rocky” Kaluhiwa of O’ahu, and Kane’ohe Bay Regional Council nominee Elena Bryant, who were present in the gallery, along with guests Kawaikapuokalani Hewett and Leimana DaMate of the Aha Moku Advisory Committee.

THIRD READING

H.B. No. 1539, H.D. 2, S.D. 2:

On motion by Senator Dela Cruz, seconded by Senator Keith-Agaran and carried, H.B. No. 1539, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE SAFETY OF JUDICIARY PERSONNEL,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Acasio, Fevella).

H.B. No. 1600, H.D. 1, S.D. 2:

Senator Dela Cruz moved that H.B. No. 1600, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Dela Cruz rose to speak in support of the measure as follows:

“Mr. President, I’d like to begin by thanking you and the Senate leadership, the Senate subject-matter committee chairs for their leadership and for assisting the Ways and Means committee in addressing the restoration and fiscal sustainability efforts reflected in the State’s supplemental budget. The Senate continues to make prudent and strategic decisions to ensure the economic vitality of our state. The dedication and diligent efforts to identify opportunities for strategic additions, restorations, consolidations, and reductions across the 20 state departments were instrumental. Your recommendations to the Ways and Means committee have made it possible for the Senate to pass a sustainable supplemental budget that creates a more efficient state government, addresses the needs of our most vulnerable residents, and stabilizes essential services and programs while incorporating strategies to improve the State’s credit rating and borrowing power.

“With a brighter economic forecast, we were able to appropriate funds for many one-time, non-recurring large expenditures such as repairs and maintenance, construction projects, land acquisitions, and paying down the state’s unfunded liabilities including debt service, the Employees’ Retirement System, and replenishing the rainy day fund. We invested strategically in initiatives that have been longstanding issues for the state, such as Hawai’i’s housing shortage; the need for more comprehensive health and well-being services for our keiki, kūpuna, and those with disabilities; supporting small business and the diversification of our economy; and creating pathways for a skilled workforce and the development of higher-wage jobs. All these efforts are reflected in the budget appropriations across the state departments and are intended to make a way for Hawai’i’s families to remain here in the islands for generations to come.

“Numerous Senate bill priorities with appropriations were migrated into the state budget to solidify their implementation. Funding for construction of thousands of Hawaiian homesteads (Senate Bill 3359), affordable and public housing projects (S.B. 2372 and S.B. 2588), and homeless support and triage services (House Bill 2512) were included. A greater focus on developing Hawai’i’s workforce and training needs was accomplished through the appropriations that will increase the Department of Labor, the University of Hawai’i, and the Department of Education’s ability to collaborate, coordinate, and amplify their education and training efforts (Senate Bill 3374 and House Bill 1561). Their collective energies will provide Hawai’i’s K–12, post-high, and adult learners with the opportunities to earn licensures, credentials, and certifications that will lead to employment in hard-to-fill jobs in office administration, agriculture, teaching, human services, and healthcare (House Bill 2220), engineering and information technology right here in Hawai’i and specifically within state government. Allocations were provided to the Department of Accounting and General Services for centralization and digitization of 11 state department records and documents (S.B. 3282), which will reduce the costs for document storage and ensure that those teleworking will have secure online access to essential documentation. The Office of the Attorney General received funding for its critical law enforcement efforts to combat sex and human trafficking (in S.B. 2930), fraud, white-collar crime, and public corruption (S.B. 2930). Salary differentials for hard-to-fill positions were addressed this session for teachers, social workers, archaeologists, and deputy attorney generals (S.B. 2819 and S.B. 2820).

“There are so many more noteworthy priorities that were addressed in this year’s supplemental budget, such as HTDC’s grants to include funding for accelerator programs; manufacturing and small business loans; modernizing the state’s

aging digital infrastructure and Department of Health laboratories (found in H.B. 2515); providing funds for required federal match for broadband infrastructure; the coordination of trauma-informed care for statewide programs and services; reducing the pipeline to prison and recidivism; funding for menstrual equity (found in S.B. 2821); farmer supports to control axis deer and feral animals; increased security for state parks, harbors, and the community colleges; study and abatement of coastal erosion (found in H.B. 2229); and funds for post-high scholarships and student mental health services. All that in mind, I’d like to thank the subject-matter chairs for the countless hours spent meeting with departments and the Ways and Means team, as well as scrutinizing and asking critical questions on hundreds of budget requests. Your good work is reflected in the Senate draft.

“The Senate’s approach to balancing the budget included considering the Council on Revenues’ forecast; allocating federal funds from the American Rescue Plan Act; restoring critical defunded positions and programs and services that were reduced during the pandemic; funding non-recurring, one-time costs; vacancy reductions to limit the growth of government; meeting the maintenance of effort federal requirements; and, finally, covering the costs for the Senate priorities.

“Numerous federal requirements, restrictions, and limitations were placed on how ARPA funds could be spent by the state. The maintenance of effort requirement presented the greatest challenge for drafting a balanced budget. Your committee worked diligently, especially with the Education chairs and the Higher Education chairs to meet the proportional maintenance of effort funding requirements established under ARPA. Many hours were spent to ascertain accurate appropriations to the University of Hawai’i, the Department of Education, and all other state departments. The federal maintenance of effort requirements mandate that the State provide proportional funding in fiscal years 2022 and 2023 to elementary and secondary education and higher education as compared to the overall state budget averaged over fiscal years 2017, ’18, and ’19. According to B&F, these averaged proportional allocations are 6.49 percent and 32.04 percent for higher education and lower education. Higher education encompasses the University of Hawai’i, while lower education comprises DOE minus the libraries and early learning. We present a budget that is sustainable, ensures economic stabilization, and meets the federal requirements for the maintenance of effort.

“In conclusion, I’d like to thank the members for their hard work, and I’d like to thank and acknowledge everyone’s efforts, time, and dedication, as well as the efforts and hard work of the vice chair and his team for putting together the CIP budget. Lastly, I’d like to thank the Ways and Means budget staff for their hard work and extended hours in helping shape the Senate draft. They’re here today: committee clerk Dane Wicker; budget chief Stacy Ferreira; budget analysts Colin, Parker, Kekahi, Keahi, Ann, Kathy, and Ford; legislative assistants David and Reggie; and our office manager, Dot. Also, who helped the Ways and Means committee is our bills section—bills chief Duncan Osorio and his team: Chris, Sam, Carlos, Esera, Mary, and Vanessa, if you can please rise and be recognized. Thank you.”

Senator Keith-Agaran rose to speak in support of the measure as follows:

“I just wanted to add my thanks to the members as well as to yourself, especially to the committee clerks and the staff of the Senate who helped provide the information that we needed to fashion the CIP budget. Although my staff decided they did not want to come down, I wanted to recognize them: Robert Nishimoto and Danielle Evangelista, who did a lot of the yeoman’s work on the CIP budget as we go into conference.

And I urge all my colleagues to please vote in favor of the Senate Draft 2.”

The motion was put by the Chair and carried, H.B. No. 1600, H.D. 1, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE STATE BUDGET,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Acasio, Fevella).

H.B. No. 1570, H.D. 1, S.D. 2:

Senator Baker moved that H.B. No. 1570, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Baker rose to speak in strong support of the measure as follows:

“Colleagues, this measure is a response to the increase in youth vaping that we’re seeing here in Hawai‘i. Electronic smoking devices that feature tobacco products, including menthol, are a gateway to cigarettes and other substances. The sale of candy-like flavored tobacco products that are mislabeled as nicotine-free entice young people to start using these harmful products, which can lead to addiction and cause damage to their developing brain. Flavored tobacco products also increase an individual’s risk for dual use of vaping and combustible cigarettes. Many electronic smoking devices contain the addictive chemical nicotine, and this is particularly troubling because now there’s a synthetic nicotine that is not tobacco-derived but is just as addictive and harmful. Youth electronic-smoking-device users are four times—four times—more likely to become regular cigarette users. In 2020, the Centers for Disease Control and Prevention announced that nearly half of Hawai‘i’s high school students and three in ten of middle school students in Hawai‘i have tried e-cigarettes.

“This measure will prohibit the sale or distribution in Hawai‘i of all e-liquid flavored tobacco products, including products with menthol, and prohibit the mislabeling of products as nicotine-free. This measure will help deter the e-cigarette use among our youth, and it is especially important that this measure move forward because there are other folks out there who are preying on our young people to try to get them addicted to a life of e-cigarette use and health damage. Please join me in supporting this important health and consumer protection measure. Mahalo.”

The motion was put by the Chair and carried, H.B. No. 1570, H.D. 1, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE YOUTH VAPING EPIDEMIC,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22; Ayes with Reservations (San Buenaventura). Noes, 1 (Riviere). Excused, 2 (Acasio, Fevella).

H.B. No. 1775, H.D. 2, S.D. 3:

On motion by Senator Dela Cruz, seconded by Senator Rhoads and carried, H.B. No. 1775, H.D. 2, S.D. 3, entitled: “A BILL FOR AN ACT RELATING TO CIVIL RIGHTS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Acasio, Fevella).

RE-REFERRAL OF A HOUSE CONCURRENT RESOLUTION

The Chair re-referred the following House concurrent resolution that was received:

H.C.R. No.: Re-referred to:

H.C.R. No. 6, Jointly to the Committee on Health and the
H.D. 1 Committee on Public Safety,
Intergovernmental, and Military Affairs

At 12:08 p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:09 p.m.

The Chair made the following announcement:

“For the duration of the 2022 Conference period, conferees will be named and revised in accordance with the Action Sheet Reports on the Capitol website, and said actions will be reflected in the Journal.”

Senator Kidani expressed her happiness at seeing her colleagues dressed in purple and joining the community to celebrate Purple Up! Day. Senator Kidani explained that each year, the month of April is designated as the Month of the Military Child, and that on one day in April, purple is worn to highlight the commitment to serving military families and their keiki in Hawai‘i schools. Senator Kidani then noted that the official programs in the public school systems have been a true success story, receiving input from the Military Interstate Children’s Compact Commission and the Joint Venture Education Forum. Senator Kidani further noted that school communities benefit from the experiences and perspectives military students bring to their campuses and that by extending the spirit of aloha to everyone who might otherwise be considered an out-of-town student, everyone grows and learns. Senator Kidani clarified that there were 56 public schools on O‘ahu that were on the Department of Education’s list of military-impacted schools—schools that have significant numbers of military dependent students on their campuses. Senator Kidani disclosed that there were eight public schools in her Senate district and that all eight were on the list. Senator Kidani reminded the members that during Education Week, they had extended Senate congratulations to one of these schools in Senator Dela Cruz’s district, Major Sheldon Wheeler Middle School at Wheeler Army Airfield, which serves a student population with about 97 percent military dependent enrollment. Senator Kidani observed that Wheeler Middle School was a true success story, designated one of three Hawai‘i Blue Ribbon Schools that year, a perfect example of how everyone thrives when they focus and work together. Senator Kidani concluded that as the Education chair, she appreciated the opportunity to recognize the Month of the Military Child, and extended a mahalo to her colleagues for joining to observe Purple Up! Day 2022.

HRS § 171-4.5(a) and (d).

The Committee consists of eight members appointed by the Governor and confirmed by the Senate from a list of nominations submitted by the 'Aha Moku councils (Councils) of each island. HRS § 171-4.5(b). There is no formal structure for the Councils. According to rules adopted for the Committee,¹ within the physical geography of each moku, communities and residents select their moku representative(s) according to the desirable leadership qualities and/or traditional 'ike that align the needs of that moku. AMAC Rules § 2-4(a).²

In developing the list of nominees for each Committee representative the executive director of the Committee, Leimana DaMate, consulted with each of the island Councils to have them provide two names for the Governor's consideration.³ The list of the current Council representatives is attached as Attachment 1.

Ms. DaMate indicated that each of the islands have their own protocols on how their structure is set up. The people of each island select their ahupua'a and moku representatives. The moku representatives select, from among themselves, the names to send to the Governor as nominees. Once selected, Ms. DaMate collects the requests and submits the list of potential nominees to the Boards and Commissions office. The list that Ms. DaMate compiled this year is attached as Attachment 2. We were not able to determine what process the island Councils used to determine who they put on the list of potential nominees.

The email that questions the process by which the nomination list was created is purportedly from the island Councils for the islands of Kauai, Maui, Molokai, and Lanai. See Attachment 3. They are challenging the nominations, primarily because the names have not

¹ The rules are titled "Final Rules of Practice and Procedure Department of Land and Natural Resources 'Aha Moku Advisory Committee'" (AMAC Rules) were effective on October 20, 2016 and can be found here: http://www.ahamoku.org/wp-content/uploads/2016/12/FINAL-AMAC_Admin_Rules_effective.102016.pdf. There does not appear to be any statutory authority for the Committee to adopt rules nor are there citations to authorizing statutes. It is unknown what the legal effect of these rules are.

² There is some conflict on Molokai and Maui as to which is the "true" Council for those islands. The executive director of the Committee explained that she deals with the Council that has been chosen by the communities and residents of each moku rather than the councils headed by Walter Rite and Keaumoku Kapu, being Molokai and Maui respectively, because those council members were appointed by Rite and Kapu and not by the residents and communities.

³ According to Ms. DaMate, on Molokai there is no island "Council" per se. Instead there is a "kupuna council" that is selected by the people and who serve the same function as the island Council. Although named differently, this is consistent with the other councils as they are all made up of kupuna.

RE : Nominees to the 'Aha Moku Advisory Committee

The question you asked was whether the identification of the nominees for the 'Aha Moku Advisory Committee (Committee) was done through a proper process. We believe that the correct process was followed to come up with the list of potential nominees for the Committee from which the Governor could choose.

The purpose of the Committee is to advise the chairperson of the Board of Land and Natural Resources on various issues. These issues, enumerated in Hawaii Revised Statutes (HRS) section 171-4.5, are:

- (1) Integrating indigenous resource management practices with western management practices in each moku;
- (2) Identifying a comprehensive set of indigenous practices for natural resource management;
- (3) Fostering the understanding and practical use of native Hawaiian resource knowledge, methodology, and expertise;
- (4) Sustaining the State's marine, land, cultural, agricultural, and natural resources;
- (5) Providing community education and fostering cultural awareness on the benefits of the aha moku system;
- (6) Fostering protection and conservation of the State's natural resources; and
- (7) Developing an administrative structure that oversees the aha moku system.

come from their Aha Moku island councils. Ms. DaMate has indicated that the councils and members who signed the email are not the island Councils who have been chosen by the residents and community.

We do not have any basis to believe that the island Councils that provided the names of nominees were not the correct island Councils. To the degree that the appropriate island Councils were consulted and provided the names of the nominees, it appears that the proper process was followed.

Our opposition to these appointments is based on the Governor's violation of Hawai'i Revised Statutes, § 171-4.5(b) which specifically requires that the AMAC members "be appointed by the Governor and confirmed by the Senate from a list of nominations submitted by the *aha moku councils of each island*," (emphasis added). The names that the Governor put forth did not come from a list of nominations from our respective island councils.

It is troubling to us that since 2017, the Governor has repeatedly submitted names that have not come from our 'Aha Moku island councils. We have come before the legislature every year to testify and point out this discrepancy and each time the Governor has not remedied the problem. No due diligence has been employed from the Governor's office to confirm that the nominees submitted to the legislature accurately reflect the wishes of the island 'Aha Moku Councils.

We also question the delayed numbering of these legislative bills which prevented appropriate public notice and hindered participation by the public in testimony and comment. These actions compromised our constitutional rights to due process. For these reasons we must protest and object before the full Senate meets to confirm these illegal appointments to the AMAC.

We urge Governor Ige to withdraw the names of the prospective AMAC appointees for Kaua'i, Maui, Lāna'i, and Moloka'i.

Furthermore, we ask that remedial steps be taken to avoid these occurrences in the future. We believe that part of the solution would include strong censure or termination of AMAC Executive Director Leimana DaMate and that a formal investigation of her activities by the Hawai'i State Ethics Commission be conducted. Pursuant to the Final Rules of Practice and Procedure for the Department of Land and Natural Resources 'Aha Moku Advisory Committee (2016), the AMAC Executive Director may not independently make ad hoc decisions on behalf of the different island 'Aha Moku Councils. Under paragraph (j) of Section 1-12 of the rules, the Executive Director must consult with the island po'o for each island, who in turn must consult with their respective island 'Aha Moku councils when inquiring on island-specific issues. We continually experience the unwarranted interference of Ms. DaMate in the internal affairs of our island 'Aha Moku Councils. Rather than providing a supportive role to the work of our existing long-standing island councils, she has the propensity of ignoring our councils in favor of forming her own. In this manner, Ms. DaMate has successfully avoided bringing forth our input to the State Department of Land and Natural Resources (DLNR). We believe DLNR has also been complicit in enabling Ms. DaMate to operate in this manner as a rubber-stamp for its decisions.

Joint Testimony of the 'Aha Moku Island Councils in Opposition to GM 718, GM 719, GM 723, and GM 724 as Violative of Hawai'i Revised Statutes, Section 171-4.5(b) Mandating that Gubernatorial Nominations and Senate Appointments to the State 'Aha Moku Advisory Committee are to Originate from a List of Nominations Submitted by the 'Aha Moku Councils of Each Island

April 11, 2022

To Senate President Kouahi and Members of the Hawai'i State Senate:
We, the members of the 'Aha Moku Island Councils for the islands of Kaua'i, Maui, Moloka'i, and Lāna'i oppose the illegal appointments of Walter Rawlins (Moloka'i representative) under GM 718, Robert Lu'uwai (Maui representative) under GM 719, Llewellyn Kaohelaubi'i (Kaua'i representative) under GM 723, Winifred Basques (Lāna'i representative) under GM 724 to the State 'Aha Moku Advisory Committee (AMAC). Joining our objections are Maui County Councilmembers Kemi Rawlins-Fernandez of Moloka'i and Shane Sinenci of Maui, whose communities were heavily involved in the lawful selection process and presently are disenfranchised by the unlawful appointments.

This severely hampers the purpose of 'Aha Moku which is to advise DLNR on matters such as:

- Integrating indigenous resource management practices with Western management practices in each moku;
- Fostering the understanding and practical use of Native Hawaiian resource knowledge, methodology, and expertise; and
- Sustaining the state's marine, land, cultural, agricultural, and natural resources.

For the record, the 'Aha Moku Council of Kaua'i submitted the name of Teddy Blake for its AMAC representative. While Teddy Blake recently passed away, there was no effort to consult the Kaua'i island council to submit a new nomination. We would like to clarify that Llewellyn Kaohelaui'i's name was not submitted by the Kaua'i Island 'Aha Moku Council. In 2017, the name of Kamealoha Hanohano Smith was submitted. (See link to letter). In lieu of Teddy Blake's passing, we re-submit the name of Kamealoha Hanohano Smith as the Kaua'i Island AMAC nomination.

In 2017, the 'Aha Kiole o Moloka'i submitted three names for the Governor's consideration: Walter Rite, Jr., Mac Poepee, and Malia Akutagawa. (See link to letter). These names still stand for the 'Aha Kiole o Moloka'i and our island council has repeatedly submitted these names each year since. Since that submission, our island council reaffirms the nominations of Walter Rite, Jr. and Malia Akutagawa. Mac Poepee has since declined to serve as a nominee to AMAC due to his current workload and kuleana. Further, while the 'Aha Kiole o Moloka'i does not have any personal conflict with Mr. Walter Rawlins, he has not participated in our island 'Aha Moku council, nor has he been a community voice for mālama 'āina stewardship on our island. 'Aha Moku O Maui, Inc. submitted names of AMAC nominees Kyle Nakanelua, Michelle Ho'opi'i, and Ke'eumoku Kapu to the Legislature on August 29, 2017 in testimony to the Senate WTL Committee (See link to letter) regarding the inappropriate selection process which violated the rules set forth in Act 288 (2012). In this testimony, 'Aha Moku O Maui noted that the list of names had been previously submitted to the Governor without acknowledgement. 'Aha Moku O Maui urged the Governor to retract the erroneous nomination of Richard Ho'opi'i, who was not submitted by the island council. This same error or malfeasance has occurred again with the proposed appointment of Robert Lu'uwa'i, whose name does not appear on the list submitted by the island council. Additionally, there was no support for this candidate from the Hawaiian Civic Clubs of Maui island nor any other Native Hawaiian Organization (NHO) on Maui.

ATTACHMENT 3

In 2021, the 'Aha Moku Council o Lāna'i submitted two candidate names for the Lāna'i representative to the AMAC. Their names are as follows: Anthony Pacheco and Cheleigh Claraball. (See link to letter). Since that submission, our island council reaffirms the nomination of Anthony Pacheco. Cheleigh Claraball, due to accepting greater personal kuleana, is no longer able to include her name as a nomination. While Hawai'i Island supports Charles Young under GM 722, we would like to reiterate that we are aligned with our fellow Island 'Aha Moku Councils in their concerns that Hawai'i Revised Statutes, § 171-4.5(b) has been violated. It is important that the Governor adhere to the law in selecting nominations from the 'Aha Moku Island Councils. It has been an exhausting process for our island councils to continually do damage control and testify before the legislature for repeated malfeasance on the part of the Governor's office in violating the AMAC nominations and appointments process pursuant to Hawai'i Revised Statutes, § 171-4.5(b). We urge the senate to take appropriate actions as recommended above to remedy this ongoing problem.

Senator Baker then moved that the Senate agree to the amendments proposed by the House to S.B. No. 3044, S.D. 1, seconded by Senator DeCoite.

Senator Baker noted:

"Colleagues, Senate Bill 3044 is a governor's package bill and relates to the tobacco manufacturer qualified escrow funds. This bill provides a mechanism to assign non-participating tobacco manufacturers qualified escrow fund balance to the State and would authorize the transfer of funds to the State when the qualified escrow fund is abandoned. The only changes made by the House were technical, nonsubstantive as the bill already had a clean date. I move that the Senate agree to the

amendments made by the House in the House draft before us. Mahalo.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 3044, S.D. 1, and S.B. Senator Wakai noted:

“Mr. President, S.B. 3243 simply changes from ‘industrial park,’ which is kind of an old and antiquated way for us to describe economic opportunities, and redefines it as ‘economic zones,’ which will help enhance the activities for HTDC as well as the Department of Agriculture.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 3243, S.D. 1, and S.B. Senator Lee noted:

“S.B. 3311 sets out a working group to help us advance toward cleaner interisland transportation and achieve our long-term climate goals. The House made some largely nonsubstantive minor amendments to the measure which strengthen it and reflects a true consensus amongst its stakeholders.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 3311, S.D. 2, and S.B. No. 3311, S.D. 2, H.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TRANSPORTATION,” was placed on the calendar for Final Reading on Tuesday, April 19, 2022.

Senator Lee then moved that the Senate agree to the amendments proposed by the House to S.B. No. 3152, S.D. 1, seconded by Senator DeCoite.

Senator Lee noted:

“Secondly, S.B. 3152 is an emergency appropriation to the Department of Transportation which will help us fill potholes a little bit faster, and the House corrected the effective date to that measure.”

“This week marks the start of National Volunteer Week from Sunday, April 17, through Saturday, April 23. First designated by President Nixon in 1974, National Volunteer Week serves as a reminder that individuals and communities are at the center of social change. Every day, our community heroes are making a difference in big measure or small ways, whether it be caring for our seniors, helping communities through disaster relief, feeding the hungry, tackling issues such as climate change, or mentoring our youth. These volunteers inspire all of us and serve as a beacon of hope in areas where needs and darkness prevail.

“On a local level, Kanu Hawai‘i and its executive director, Keone Kealoha, leads the charge in organizing Volunteer Week Hawai‘i. They plan to engage over 10,000 volunteers at over 400 events in 6 islands across the state throughout this week. This body has also recognized these efforts through Senate Resolution 18, S.D. 1, with a Concurrent Resolution 24 making its way to the House even as we speak. We are deeply grateful to all the volunteers across our state for their tireless efforts to keep our island home beautiful, sustainable, and resilient in many years to come. Thank you, Mr. President.”

"Ms. Shikada is a graduate of UH Mānoa and the William S. Richardson School of Law. Since law school, she's had a long and successful legal career. She was an associate in private practice. Deciding that she was really interested in public service, she has served in the Department of the Attorney General since 1989. She began as a deputy attorney general working in the Family Law Division, appearing in court daily and handling over a hundred trials. Based on her commitment to the work and her efforts to learn as much as she could about the family court system, she was given the opportunity to work with the senior family court judge of the First Circuit to revamp the family court's adoption system. Working together with the family court, they were able to clear years of backlogged adoption cases and remodel the system to greatly expedite the processing of paperwork and scheduling of adoption hearings.

"Ms. Shikada had been working in the Family Law Division for 10 years when she was asked to head the newly created Felix Unit. The purpose of forming the unit was to assign a deputy attorney general whose primary focus was to work with the Departments of Education and Health and the federal court on achieving substantial compliance with the consent decree. Her new assignment resulted in her transfer to the Education Division in 1999. Ms. Shikada served as supervisor of the Education Division from 2003 until April 2021, when she was asked to be the first deputy attorney general.

"While Ms. Shikada received mostly positive testimony, questions were raised by credible testifiers as well. I support Ms. Shikada's nomination, and I also challenged her to make the most of her time in the position to address the legitimate concerns that have been raised in the confirmation process. Mahalo."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Senator San Buenaventura noted:

"The main difference between the S.D. 2 and the H.D. 2 version for S.B. 2002 is the effective date of November '22 versus 'upon approval,' which is minor, and that's the reason I am agreeing to it."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 2002, S.D. 2, and S.B. "On S.B. 3046, Making an Emergency Appropriation to the Department of the Attorney General: this measure will provide necessary funding to the attorney general's office to support major litigation involving the State. There are several ongoing lawsuits that require the retention of expert witnesses and specialized legal counsel. At this time, Senator Wakai introduced James McCully and Stephanie Iona, newly confirmed members of the Board of Directors of the Hawai'i Tourism Authority who were present in the gallery.

The Chair made the following comments:

"Since Senator Ihara admonished me not to advocate for or against votes from the rostrum, I waited till the vote was done. While I've known Jim and think he'll do a great job, I really want to speak to Stephanie, who is from Kaua'i. During the pandemic, she has led an effort to make sure that all of the residents on Kaua'i who are in need got fed. She has lobbied for philanthropic dollars, worked with Hawai'i Community Foundation, nonprofits, churches, and the local schools to ensure that those who needed food would get fed. She has led an effort when she chaired the two state hospitals on Kaua'i to bring farm-to-fresh food and buying local products, and 60 percent of the plates at the two state hospitals on Kaua'i are locally sourced.

"Why I think she'll be so good in this job is because of her heart. When we had a large food drive at Aloha Stadium, and four kūpuna who could not drive, caught the bus, and asked to get their food distribution, they were told—and I guess there were health and sanitary reasons that they could only give them into the trunk of the car and not hand them food, and they were denied food at that food giveaway. Her husband, Charlie, was half of a quite popular show at the time, and they reached out. They turned out to be four kūpuna from Senator Gabbard's district, and Stephanie coordinated with Senator Gabbard and his office and made sure that those four kūpuna got the food that they needed and they deserved. With a heart like that for the people of Hawai'i, I'm confident that you'll do a great job. Thank you, Stephanie."

Stand. Com. Rep. No. 4002 (Gov. Msg. Nos. 824 and 825):

The Chair made the following observation:

"Members, pursuant to Senate Rule 37, the final question on nominations made by the Governor must be stated in the affirmative.

"The recommendation of the Committee on Energy, Economic Development, and Tourism on Governor's Message Nos. 824 and 825 is that the Senate not advise and consent to the nomination of Wilfred Okabe to the Stadium Authority. Therefore, the Chair will first entertain a motion to file Standing Committee Report No. 4002; then we will move on to the final vote on this matter."

Senator Kanuha moved that Stand. Com. Rep. No. 4002 be received and placed on file, seconded by Senator DeCoite and carried.

Pursuant to Senate Rule 37, Senator Kanuha then moved that the Senate advise and consent to the nominations to the Stadium Authority of the following:

WILFRED OKABE, term to expire June 30, 2022 (Gov. Msg. No. 824); and

WILFRED OKABE, term to expire June 30, 2026 (Gov. Msg. No. 825),

seconded by Senator DeCoite.

The Chair noted:

"I remind all members, if you are in favor of Wil Okabe's nomination, you will register a 'yes' vote, and if I ask for unanimous consent, then raise your hand to indicate a 'no' vote like we do on Advise and Consent."

MISCELLANEOUS BUSINESS

RECONSIDERATION OF ACTIONS TAKEN

S.B. No. 555, S.D. 1 (H.D. 1):

Senator Rhoads moved that the Senate reconsider its action taken on April 14, 2022, in disagreeing to the amendments proposed by the House to S.B. No. 555, S.D. 1, seconded by Senator DeCoite and carried.

Senator Rhoads then moved that the Senate agree to the amendments proposed by the House to S.B. No. 555, S.D. 1, seconded by Senator DeCoite.

Senator Rhoads noted:

"The H.D. 1 makes three significant changes to the S.D. 1. It bans all state and county elected officials from holding fundraising events during the Legislature's legislative sessions. My understanding is that this was requested by the Campaign Spending Commission to level the playing field between various officeholders who might run against each other. Second, it does not ban fundraising events during one-chamber special sessions; the only thing I can think of would be the Senate Judiciary confirmation hearings, where it's only the Senate coming into session. So, the S.D. 1 did ban fundraising events during any special session of the Legislature, just not one-chamber special sessions. Third, it bans all fundraising events, even the stew-and-rice, \$25-and-below events. It's a reasonable draft. I think we should adopt it: it's an important step forward and it brings us in line with the 28 other states who have restrictions on fundraising during sessions. Finally, the bill takes effect on January 1, 2023. Considering that our regular session is almost over, that also seems reasonable. Mahalo."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 555, S.D. 1, and S.B. No. 555, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN FUNDRAISING," was placed on the calendar for Final Reading on Thursday, April 21, 2022.

S.B. No. 2583, S.D. 2 (H.D. 1):

Senator Chang moved that the Senate reconsider its action taken on April 14, 2022, in disagreeing to the amendments proposed by the House to S.B. No. 2583, S.D. 2, seconded by Senator DeCoite and carried.

Senator Chang then moved that the Senate agree to the amendments proposed by the House to S.B. No. 2583, S.D. 2, seconded by Senator DeCoite.

Senator Chang noted:

"This bill gives HHFDC a toolkit to help alleviate Hawai'i's housing shortage, and the House and Senate drafts do not differ substantively, except the House draft has a clean date."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 2583, S.D. 2, and S.B. No. 2583, S.D. 2, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," was placed on the calendar for Final Reading on Thursday, April 21, 2022.

S.B. No. 3098, S.D. 1 (H.D. 1):

Senator Kidani moved that the Senate reconsider its action taken on April 14, 2022, in disagreeing to the amendments proposed by the House to S.B. No. 3098, S.D. 1, seconded by Senator DeCoite and carried.

Senator Kidani then moved that the Senate agree to the amendments proposed by the House to S.B. No. 3098, S.D. 1, seconded by Senator DeCoite.

Senator Kidani noted:

"The House amendments to Senate Bill 3098 simply inserted an appropriation for fiscal year 2022 of \$1,850,000 and an effective date of 'upon approval.' This is to deal with the lead abatement measures at DOE schools. This is a time-sensitive matter, and we want to ensure that the department has the resources necessary to ensure the necessary repairs are done to ensure our students' and staff's health and safety. Mahalo."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 3098, S.D. 1, and S.B. No. 3098, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION TO THE DEPARTMENT OF EDUCATION FOR LEAD ABATEMENT," was placed on the calendar for Final Reading on Thursday, April 21, 2022.

At this time, Senator Gabbard rose to speak on a point of personal privilege as follows:

“Mr. President, colleagues, staff, and guests: on this auspicious day, we are celebrating two important events—Earth Day and happy Aloha Hemp Friday. For Earth Day, as I finish my 13th year as your Environment committee chair, I want to mahalo each of you who have helped over the years to basically keep paradise paradise. We still have much work to do, so let’s continue trying our best to mālama ‘āina. If you haven’t already,

and if the spirit moves you, for you tree huggers, I hope that you’ll go outside in your backyard and embrace your plumeria or papaya tree, or maybe take a stroll down the beach at sunset or even around your neighborhood and appreciate the natural beauty that surrounds us. So, Happy Earth Day; mahalo ke akua.

“And as far as happy Aloha Hemp Day, for those of you who don’t know or don’t remember, a bit of hemp history. It was in 1999: Act 305 was enacted in Hawai‘i, establishing a hemp research project on a small plot in Wahiawā that lasted three years. Hemp shampoo maker of Alterna Professional haircare products funded the project with a \$200,000 grant, and the results of the project found that the Chinese variety of hemp seed was the best for Hawai‘i. Governor Cayetano declared December 14, 1999, as Industrial Hemp Day, and marked Hawai‘i as the first U.S. state to plant industrial hemp seed since World War II. There’s an old saying about the wheels of government turning painfully slowly, and we’ve come a long way since then. In 2014, the federal Farm Bill included a provision to allow the growing of industrial hemp for research purposes as long as it’s connected to a university or department of ag. We’ve gone from 8 licensed hemp farmers in 2018, to 50 in 2020, to 91 USDA-licensed hemp growers as of December 2021. So, although our Hawai‘i hemp industry is still in the process of successfully growing, we’re hopeful the future will bring bountiful harvest of this remarkable plant. Fellow hempsters: don’t forget, immediately following session, we’ll meet in the Rotunda with our House hempsters for a group photo. Mahalo, and hemp hemp hooray!”

The Chair then made the following announcement:

“The deadline to file committee reports on amended House concurrent resolutions in order to meet Monday’s second crossover deadline is 4:30 p.m. today. The Senate Floor Action Memo will include a list this evening of all resolutions to be scheduled for adoption on Monday.”

ORDER OF THE DAY

ADVISE AND CONSENT

Stand. Com. Rep. No. 4059 (Gov. Msg. Nos. 819 and 820):

Senator Kim moved that Stand. Com. Rep. No. 4059 be received and placed on file, seconded by Senator Kidani and carried.

Senator Kim then moved that the Senate advise and consent to the nominations to the Hawaii Commission for National and Community Service of the following:

SUZETTE ROBINSON, term to expire June 30, 2024 (Gov. Msg. No. 819); and

RICHARD SEDER, term to expire June 30, 2024 (Gov. Msg. No. 820),

seconded by Senator Kidani.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 4060 (Gov. Msg. No. 754):

Senator Baker moved that Stand. Com. Rep. No. 4060 be received and placed on file, seconded by Senator Chang and carried.

Senator Baker then moved that the Senate advise and consent to the nomination of NAOMI KUWAYE to the Public Utilities Commission, term to expire June 30, 2028, seconded by Senator Chang.

Senator Baker rose to speak in strong support of the nominee as follows:

"Ms. Kuwaye graduated from the University of Hawai'i with a degree in journalism and political science. She then received a juris doctor with a certificate in environmental and national

resources law from Lewis & Clark Northwestern School of Law located in Portland, Oregon. Her background experience and commitment to public service qualify Ms. Kuwaye for appointment to the Public Utilities Commission. She has over 30 years of experience practicing law, specializing in environmental and natural resource law, real estate development, telecommunications law, public utilities, and administrative law.

“Ms. Kuwaye has worked with Ashford & Wriston, LLP, since 2012. She has gained considerable experience and knowledge in the regulatory aspects of electric and telecommunication industries, and has worked on principal market rate authority and transmission cases before the Public Utilities Commission, which has resulted in the establishment of new policies. She also recognizes and supports the State’s energy policies and goals. She is familiar with the oversight and administrative role of the Public Utilities Commission, the regulatory responsibilities that the commission is required to fulfill, and the importance of balancing various interests from different perspectives. Ms. Kuwaye is familiar with the scope of review and procedural requirements of the Public Utilities Commission, and her insight and knowledge will be beneficial in light of the many complex dockets that the PUC must review. Ms. Kuwaye has also served as chair, vice chair, and program chair for the Natural Resources Section of the Hawaii State Bar Association, has been invited to speak and serve as a panelist on a number of issues involving land use, government, boundary issues, Clean Water Act compliance, critical habitat, and endangered species issues. She has broad and extensive knowledge of public utilities law, and I believe she will be an invaluable complement to the expertise of the other public utilities commissioners. I ask all of my colleagues to join me in support of Ms. Kuwaye. Mahalo.”

Senator Fevella rose to speak in support of the nominee as follows:

“I want to request the previous speaker’s words (Senator Roz Baker from South and West Maui) to be inserted into the Journal as my own. (The Chair so ordered, by reference only.) And the reason I want to say this, Senate President, is because I wasn’t there for the vote. I went down for the rally on the minimum wage bill. I didn’t have to cast my vote, but I asked questions of the nominee, and she answered the questions correctly and was very informative. The reason why I had questions in the beginning of this nomination is because of certain projects that she worked on as the attorney. She was hired to do a job. It doesn’t show that she supported it or she was against it. She just did her job, like anybody else that has a job that they have to do. Sometimes they don’t want to do it, but they’re hired to do it, and that’s why I have a lot of respect for this nominee. For these reasons, I also ask my colleagues to support her nomination. Thank you.”

Senator San Buenaventura rose to speak in opposition to the nominee as follows:

“I agree that Ms. Kuwaye is highly qualified. My concerns deal with a pending petition in front of the PUC. My opposition stems only for this one petition; it bothers me that she is unwilling to recuse herself for this pending petition. If she was willing to recuse herself for that, then I would wholeheartedly support it, but when she told us in the committee hearing of all of what she has done for Hu Honua, and she is going to be sitting in judgment of that pending petition, then I do have a problem with that, and I do have a problem with whether or not any decisions by the PUC will then be tainted by that potential conflict of interest. For that sole reason, I stand in opposition.”

Senator Inouye rose to speak in support of the nominee as follows:

“I request that the comments of the Maui senator of District 6 be inserted into the Journal as if it was my own. Mahalo.” (The Chair so ordered, by reference only.)

Senator Kim rose to speak in support of the nominee as follows:

“Mr. President, I’d be remiss not to speak up. Ms. Kuwaye worked for me, came to me when I was in the City Council. I was a zoning chair, and she came to me as an intern, and she did such a great job that she ended up volunteering for no pay. Then we ended up hiring her as a part-timer, and then a full-time. During her time, I was doing land use and zoning, and she became interested in that area, went on to law school, got her degree, and the rest is history. I have every confidence with Naomi and my relationship with her as far as her credibility, her ethicalness, I think is certainly and need not be spoken about, but I assure all of you that you might be surprised what she will do—she will do the right thing—and I believe if she feels she needs to recuse herself, she will do so when the time is there. And so I have every faith in her, and I urge my colleagues to support her nomination. Thank you.”

Senator Riviere rose to speak in opposition to the nominee as follows:

“I feel very strongly with everyone else that she is eminently qualified for this position, but I do share the senator from Big Island’s concern about the potential for recusal on some big cases. Her track record is well established. There may be many opportunities where people are contesting or petitioning for her recusal, and that has the potential of bogging down the proceedings on numerous cases. For those reasons, I must vote in opposition. Thank you.”

Senator Acasio rose to speak in opposition to the nominee as follows:

“Please insert into the Journal the comments from the senator from the North Shore. I am also very concerned about the potential for slowing down the process because the intervenors do have the right to request recusal, and looking into that, we already have the process going slow enough. Also, the concern that if one is recused because of conflict of interest or even the appearance of conflict of interest, within our community, for trust in government and trust in the process, it just kind of breaks that down a little bit, but also we have, then, only two PUC commissioners, and that’s difficult if they have opposing viewpoints. So, thank you very much.”

Senator Kidani rose to speak in support of the nominee as follows:

“I’d like to request that you insert the comments of the senator from Maui into the Journal as if they were my own.” (The Chair so ordered, by reference only.)

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Acasio, Riviere, San Buenaventura).

At this time, Senator Baker introduced newly confirmed commissioner Naomi Kuwaye, who was present in the gallery with her husband, Todd.

The Chair led the members in a round of applause for other guests accompanying Ms. Kuwaye, stating that he was guessing they were there for her and not for him.

At this time, Senator Keohokalole introduced Kathy Ho, an unsung hero of the Red Hill crisis who had started as a deputy in the environmental division of the Department of Health right before the Red Hill crisis broke out. Senator Keohokalole noted that he was not sure whether Ms. Ho had slept a day since then

"I've always been envious when Senator Kidani makes this kind of announcement, so I hope that you would indulge me. Congratulations to the Pearl City champions, the Chargers, who swept the Nānākuli Golden Hawks last night, 25–21, 25–18, 25–19, to win the 2022 Oahu Interscholastic Association Division II boys volleyball championship at a packed and very loud Jim Alegre Gymnasium at Radford High School. Congratulations—go, Chargers!"

The Chair replied that he had caught the end of the match, and it had been so noisy he had thought it was a sold-out college match.

The Chair then commented, in defense of the Vice President of the Senate, who had been excused on Monday, that he had had the misfortune on Saturday night to watch his good friend Wes Yonamine coach the Pearl City High School boys, who lost a heartbreaker, 5–4, to Mililani High School. The Chair noted that Mililani had won their third consecutive OIA baseball championship, and that Senator Kidani would not have to do the bragging that evening because he would do it for her.

The Chair then made the following announcement:

"The decking deadline for all non-fiscal bills in conference is 11:30 p.m. tonight."

FIFTY-EIGHTH DAY

Friday, April 29, 2022

The Senate of the Thirty-First Legislature of the State of Hawai'i, Regular Session of 2022, convened at 6:31 p.m. with the President in the Chair.

The Roll was called showing all Senators present.

The President announced that he had read and approved the Journal of the Fifty-Seventh Day.

At this time, Senator Shimabukuro recognized Aric Harp, who had worked in her office two years ago when he was a young, motivated, 19-year-old mechanical engineering student. Senator Shimabukuro explained that Mr. Harp had become her committee clerk and that, if she was not mistaken, he had been one of the youngest committee clerks ever. Senator Shimabukuro noted that Mr. Harp was focused and hard-working, and was certainly a product of a great upbringing. Senator Shimabukuro then noted that Mr. Harp had returned this year and had again exceeded all expectations. Senator Shimabukuro stated that she was so proud of Mr. Harp and the tremendous work he had done, and that this would be his last session because he would be graduating as a mechanical engineer this coming year. Senator Shimabukuro then introduced the following guests who were seated in the gallery: Mr. Harp; Mr. Harp's mother, Jeannie Harp, and aunt Sharon Gloff, who were visiting from Ohio; Elena Arinaga; Keahi Renaud; Louis Galdeira; and Mr. Galdeira's better half, John Wellman.

FINAL READING

Conf. Com. Rep. No. 209-22 (H.B. No. 1600, H.D. 1, S.D. 2, C.D. 1):

Senator Dela Cruz moved that Conf. Com. Rep. No. 209-22 be adopted and H.B. No. 1600, H.D. 1, S.D. 2, C.D. 1 pass Final Reading, seconded by Senator Keith-Agaran.

Senator Dela Cruz rose to speak in support of the measure as follows:

"So, last time when I gave my remarks, we were wearing the masks, and it's hard to give a 50-page speech wearing your mask, so what I'm going to do is, I'm just going to give some highlights and then written remarks and I'll share it with the members.

"Mr. President, working with the committee, members of the Senate, and the House of Representatives, we have shored up the largest budget surplus in the history of the State of Hawai'i,

and we ask for your support of the Senate's conference position in the supplemental budget. I want to give a big mahalo to Finance chair; I appreciate her ability to see the big picture and understand the inner workings of government and how it operates. We met almost every day for three weeks, hours on end, discussing all of your priorities, all of the House's priorities, all of the Legislature's priorities, our communities' priorities, the administration's priorities to develop a sound budget—a complete budget. But to just demonstrate how she understands the inner workings of our government, just look at what she was able to do when implementing the restaurant card during COVID and our conversations about that and how we can make sure we help small business. Another example of her understanding is when she volunteered to work at the unemployment office to process claims. I know the COVID committee, when we went to the Convention Center, we would see her working, and we all appreciate the effort that she brought there.

“Working closely with House Finance, the Senate put together a budget that aims to make progress to make programs and services whole again after budget reductions over the last two years. Special attention was paid to providing salary differentials for hard-to-recruit and -retain state positions. In addition, making available workforce development education and training opportunities to ensure that the state government employment and public service remained competitive and sought-after career choice. We have worked countless hours to craft a budget that ensures that our government will continue to serve the people of this great state with fiscal sustainability and fidelity. With increased revenue collections coupled with the reality that our communities are still rebounding from record job losses, business closures, and the need to secure affordable housing and health care, we have been vigilant to assemble a budget that is fiscally prudent yet courageous in addressing numerous one-time expenditures for sorely needed repairs and maintenance in our schools, hospitals, parks, highways, and other government facilities. We are boldly moving forward with infusing large appropriations toward mental health services, dental care, child welfare safeguards, Kupuna Care and caregiver programs, and affordable home and rental projects across the state.

“The Senate conference position of supplemental budget for fiscal years '22 to '23 puts forth a state budget total of \$7.4 billion in general funds and \$15.7 billion in all means of financing in fiscal year '22, and \$8.7 billion in general funds and \$16.9 billion in all means of financing for fiscal year '23. The Chair having so ordered, Senator Keith-Agaran’s remarks read as follows:

“Mr. President, I rise in support of this measure, which requires the University of Hawaii to establish K-12 expanded teaching cohort programs in each county for students who are pursuing undergraduate degrees in education. Due to a variety of factors, Hawaii has long suffered from a shortage of qualified public school teachers. Recent data reflect another long-term trend: teachers leaving Hawaii or resigning for other non-retirement reasons has outpaced retirement as the top reason for attrition in the last three years. During the 2020-2021 school year, seven hundred seventy-one teachers resigned for non-retirement reasons, compared with six hundred seventy-four in 2019-2020 and seven hundred fifty-five in 2018-2019. In total, 1,199 teachers separated from the Department of Education in the 2020-2021 school year, compared to nine hundred sixty-one in 2019-2020.

“Anecdotally, the teacher shortage is more acute for our rural and neighbor island communities. The University of Hawaii needs to be the foundation for ‘growing our own’ educators. But the University of Hawaii System does not offer a sufficient number of classes required for students majoring in education and pursuing undergraduate degrees, especially on the neighbor islands. Expanding the pipeline to ‘grow our own’ educators for the State builds capacity on all islands, including the neighbor islands where shortages are most severe, and provides residents with an opportunity to remain in Hawaii and support local communities. As the University of Hawaii serves as a major pipeline to produce teachers for the State, this issue is a matter of statewide concern pursuant to article X, section 6, of the Hawaii State Constitution.

“This measure is important to support aspiring teachers—especially on the neighbor islands—by expanding course availability throughout the UH system. I encourage my colleagues to join me in supporting this important bill.”

The Chair having so ordered, Senator Keohokalole's remarks read as follows:

"I rise to speak in support of HB1768 (CD 1). This bill seeks to add legal provisions to ensure justice for kalo farmers, including an exemption of traditional and customary kalo cultivation practices from the HRS chapter 171 water leasing and permitting process. This added provision specifically seeks to rectify situations like we've seen with the Waioli kalo farming community on Kaua'i, where practices that have continued sustainably for centuries have been subjected to lengthy and burdensome regulatory processes. The purpose and intent is to enable farming communities like Waioli to continue these practices without being beholden and subject to chapter 171 permitting and leasing. The legislature received overwhelming support for this bill throughout this session, and we should celebrate our passing of this bill to respond to and resolve these needs for kalo farming communities."

Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"I rise in support. Presently, online ethics training requirements are limited to elected officials and high-profile positions such as cabinet members, OHA trustees, and Board of Education members. HB1475 HD1 SD1 CD1 not only extends this requirement to all state employees who file annual financial disclosure statements, but also requires the State Ethics Commission to conduct live in-person training sessions.

"Elected officials should rightly be held to the highest standards of ethical conduct. I believe our fellow taxpayers believe that public employees as a whole, the backbone of our state, should meet ethical standards.

"It is in the best interests of the State to expand the training requirements to all public employees, increasing the public's confidence in state government.

"As stated in the Hawai'i State Constitution, 'these standards come from the personal integrity of each individual in government.'

"While we may not be able to completely prevent an individual from acting outside of these ethical bounds, it is our responsibility to the public and to ourselves to do everything in our power to educate all public employees of the law.

"I ask my colleagues to support this measure."

Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran’s remarks read as follows:

“I rise in support of SB 339 SD2 HD1 CD1. Agriculture is embedded in the DNA of our islands. For much of our modern history, Hawaii has been about farming and ranching and that deep-rooted heritage is reflected in constitutional provisions aimed at preserving our important agricultural lands. Although our state’s main source of revenue has shifted towards tourism and other economic sectors, we are constitutionally bound to support agricultural initiatives and infrastructure. Even more so, if the pandemic has illustrated anything, is that we need to build our resilience as an island state and food security is foundational to being a more sustainable community. The Important Agricultural Land qualified agricultural cost tax credit can be a foundation for supporting resilience and sustainability.

“This tax credit was established in 2008 as a component to Act 233, the Important Agricultural Land incentives bill that helped farmers offset costs of viable agricultural operations. Initially, the tax credit was available for four taxable years. In 2018, the legislature expand its application, allowing farmers to claim the tax credit with no limit on the number of years, until 2021.

“SB 339 SD2 HD1 CD1 extends this date further to 2030, reflecting the state’s important interest in the continuation and expansion of local agriculture and ensuring the state continues on a path to self-sufficiency.

“I urge my colleagues to join me in supporting this measure.”

Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran’s remarks read as follows:

“Mr. President, I rise in support. This bill is an administration measure and the draft before us contains much of what the Governor proposed to clarify some of the language of the existing statute. The Governor recognizes substantial public dissatisfaction with the unprecedented use of Chapter 127A authority by the current administration for a health emergency rather than the usual natural disasters where such powers were used in the past. This pandemic has raised questions about how our existing emergency powers statute operates, especially as the COVID-19 emergency stretched out beyond the periods that in the case of a natural disaster would have been finished. The breadth of the emergency proclamations led to the shutdown of Hawaii’s economy, resulting in a lot of hardship for both residents and local businesses. The virus’ unpredictability led to the perception of ever-changing protocols and unclear direction. Even as public parks, businesses, and restaurants were allowed to be re-opened, Hawaii remained in a state of emergency. With this came the suspension of access to public records, among other suspension of Hawaii laws. No other state suspended its entire public records law. Doing so did not protect either public health or public safety and fostered an expanded backlog on an already onerous process. This draft also includes important limitations that the legislature, as a co-equal branch of government and the representatives of the communities that sent us to the Capitol, added as necessary checks on the Governor’s authority to issue and re-issue emergency proclamations. The draft before us sets an appropriate balance of deference to the Governor’s initial determination while allowing the public’s representatives the opportunity to intervene when the emergency has waned in our collective view. Mr. President, SB3089 SD2 HD2 CD1 clarifies the emergency powers afforded to the governor in Hawaii Revised Statutes Chapter §127A and ensures the public will not be subject to

continuing restrictions far beyond what is required to address the specific and identified event requiring an emergency proclamation. Further, this bill authorizes the legislature and county councils to terminate a state of emergency by an affirmative two-thirds vote. Maintaining a system of checks and balances is a fundamental tenet of our democracy that prevents the concentration of power, often seen as the root of tyranny. Any one individual should not have unilateral authority to suspend laws indefinitely without a mechanism for public input and review. I urge my colleagues to join me in supporting this measure.”

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"I rise in strong support of this measure, Mr. President. Catalytic converter thefts are widespread and a problem throughout our community—on my own island, thieves stole catalytic converters from five vehicles owned by the Maui Economic Opportunity and used for its senior and disabled transportation programs, costing the nonprofit agency thousands of dollars to replace the stolen parts and repair the damage to the buses. Everyone is frustrated with the absence of laws to hold the sellers of stolen catalytic converters accountable and feel that there are no repercussion for the thieves. I strongly believe that this measure makes clear that catalytic converter thefts is a serious crime with stronger penalties. I encourage my colleagues to support this bill."

Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President, I rise in support of this measure as it excludes from any waiting list maintained by the Department of Hawaiian Home Lands any lessee or successor who sells or transfers their lease on a tract of Hawaiian home lands for personal gain. Certain native Hawaiians have acquired a lease pursuant to the Hawaiian Homes Commission Act and sold or transferred their interest in the lease and then placing their name back on the waiting list. This practice contributes to other eligible native Hawaiians not receiving land in a timely fashion. This bill would prohibit those who sell or transfer their interest in a Hawaiian home lands tract for personal gain from rejoining the wait list. While the department claims it has mechanisms to deal with this issue, to date it has not taken any action. I urge my colleagues to join me in supporting this measure."

Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President, I rise in support of this measure, which increases the criminal penalty for an employer who pays or agrees to pay less compensation to an employee than is required under Chapter 387 and Chapter 388, Hawaii Revised Statutes. By making this a felony crime, it is hoped that employers will take their responsibilities more seriously, and that vulnerable employees in Hawaii will be more likely to receive the entirety of the compensation they are owed. Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President, I rise in support. This bill is the legislature's effort to address the longtime issue of salary compression, which perhaps most notably affects the educators in the Hawaii State Teachers Association. Hawaii teachers are paid according to a step schedule that, in theory, reflects their years of service. However, in the past decade or so, step increases have been stalled several times due to economic downturns and most recently, the pandemic. Approximately 8,700 teachers, librarians, and counselors suffer from salary compression, making the same amount as their colleagues with far less experience.

"This issue of underpayment extends beyond our educators and affects members of many unions across the state. Although historically the delay in raises was due to a lack of available funds, there is presently no timeline requirements for negotiating new or implementing already agreed upon salary provisions in a union contract. This means that employer-union contracts may be agreed upon with no solid plans for the employer to carry out the terms, effectively nullifying the negotiation.

"SB2707 SD1 HD1 CD1 will ensure that union members can collectively bargain salary increases and implement the negotiations in a timely manner. The 121,000 union members in Hawaii are the backbone of our economy and granting their long overdue salary increases shows we value their contributions to our state. I urge my colleagues to join me in supporting this measure."

"Mr. President, I rise in support of Conference Committee Report Number 129-22 and Senate Bill 2821, SD2, HD1, CD1.

"Colleagues, I have 5 sisters and most of my closest friends are ladies. Attending school was a problem for them because they didn't have the right products readily available especially during their heavy days. The kids from Ilima Intermediate School did a great job in having free feminine products. It is difficult for single parents or dad to purchase these feminine products for their children. They don't realize how big this is. This already changes our ladies' lives by having these products free. Young ladies don't have to stay at home and hinder their education due to a lack of feminine hygiene products. I want to congratulate the students of Ilima Elementary School. I am so proud of the students of Ilima Intermediate, in my district, for their work on this bill."

Senator Lee moved that Conf. Com. Rep. No. 160-22 be adopted and H.B. No. 1971, H.D. 2, S.D. 1, C.D. 1 pass Final Reading, seconded by Senator Baker.

Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"I rise in support. When tourism dried up at the onset of the pandemic, many rental car companies quickly sold the bulk of their fleets to stay financially solvent. On Maui alone, nearly 3,000 unused cars were shipped to the mainland, where many remain today. As the visitor numbers bounced back quicker and stronger than anticipated, a severe lack of supply and a spike in demand drove rental car prices into the stratosphere, particularly in my district on Maui, where prices rose to the highest in the nation.

"Visitors to my island who could not spend nearly \$1000 on a week-long car rental turned to our nascent public transportation system, ride-sharing apps and taxis, or even rented moving vans to get around. On Maui, rental cars remain essential to most visitors. Many of the island's popular hiking spots, beaches, and natural attractions are either remote or inaccessible by bus.

"With no reliable island-wide public transportation system that can take you from Kapalua to Hana, a continuously limited stock of rental vehicles due to supply chain interruptions, and far less ride sharing options than Oahu, Maui became a ripe

environment for peer-to-peer car sharing to emerge and thrive. These increasingly popular car sharing programs fill the consumer's need for a reasonably affordable yet flexible transportation option, while allowing locals to rent out their cars and make an extra buck. However, these programs are presently unregulated in Hawaii. The bottom line may be appealing to visitors, but the industry's lack of oversight puts both the driver and owner at an increased risk of deceptive trade practices.

"Mr. President, as was the practice with other peer-to-peer product sharing rental companies, startups, websites, and apps that came before, it is the legislature's responsibility to protect consumers from potentially predatory businesses or unchecked bad actors.

"Therefore, HB 1971 HD2 SD1 CD1 authorizes and regulates these popular peer-to-peer car sharing programs by imposing the general excise tax and rental car surcharge tax on peer-to-peer shared cars and requiring lessors to register with the Department of Taxation. By subjecting peer-to-peer car sharing programs to the same taxes as existing rental car companies, we are offsetting the wear and tear on our roads and highways with a deposit into the state's coffers. Additionally, the programs increase access to affordable rental cars and draw more working-class families to our islands, further stimulating our economy. Please join me in supporting this measure."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 160-22 was adopted and H.B. No. 1971, H.D. 2, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PEER-TO-PEER CAR-SHARING," passed Final Reading on the following showing of Ayes and Noes:

Conf. Com. Rep. No. 161-22 (H.B. No. 1619, H.D. 2, S.D. 2, C.D. 1):

Senator Lee moved that Conf. Com. Rep. No. 161-22 be adopted and H.B. No. 1619, H.D. 2, S.D. 2, C.D. 1 pass Final Reading, seconded by Senator Baker.

Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"I rise in support. These increasingly popular car sharing programs fill the consumer's need for a reasonably affordable yet flexible transportation option, while allowing locals to rent out their cars and make an extra buck. However, these programs are presently unregulated in Hawaii.

"The bottom line may be appealing to visitors, but the industry's lack of oversight puts both the driver and owner at an increased risk of disputed liability in the event of theft, injury, or vehicular accidents.

"Mr. President, as was the practice with other peer-to-peer product sharing rental companies, startups, websites, and apps that came before, it is the legislature's responsibility to protect consumers from unnecessary liability.

"Therefore, HB 1619 HD2 SD2 CD1 establishes mandatory insurance terms for peer-to-peer car-sharing programs, requiring lessors to have at least \$750,000 of coverage. This ensures local car owners renting out their cars to lessors will not be subject to undue financial burden in the event of death, bodily injury, and property damage.

"I urge my colleges to join me in supporting this measure."

Senator Ihara moved that Conf. Com. Rep. No. 167-22 be adopted and S.B. No. 3201, S.D. 1, H.D. 1, C.D. 1 pass Final Reading, seconded by Senator Kanuha.

Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President, I rise in support of this bill as it clarifies the application of general excise tax law with regard to gross income derived from unrelated trade or business activities of nonprofit organizations. Our non-profits are an important part of Hawaii's social safety net and they are asking for clarification of the law. Federal law is clear with an extensive body of statutory interpretation, nonconforming language used in the state general excise tax provision produces incongruities in how nonprofit activities are taxed. This bill will simplify and improve a nonprofit organization's accounting of income and exempt fundraising income from the general excise tax. I urge my colleagues to support this measure."

Ayes, 23; Ayes with Reservations (Kim, Moriwaki, San Buenaventura). Noes, 2 (Acasio, Riviere).

Conf. Com. Rep. No. 52-22 (H.B. No. 1567, H.D. 1, S.D. 1, C.D. 1):

Senator Nishihara moved that Conf. Com. Rep. No. 52-22 be adopted and H.B. No. 1567, H.D. 1, S.D. 1, C.D. 1 pass Final Reading, seconded by Senator Rhoads.

Senator Moriwaki rose to speak in opposition to the measure as follows:

"I support those who don't want persons jailed if they are too poor to pay cash bail, but I oppose mandating judges to release defendants over a broad swath of non-violent offenses. The judges make their decisions and, under Chapter 804, they are required to evaluate all factors in determining the amount of bail and the conditions of release.

"Advocates point to the 2017 Criminal Pretrial Task Force recommendations enacted under Act 179 in 2019. This was prior to the COVID-19 pandemic. The attorney general reminds us the Criminal Justice Research Institute was to evaluate the effectiveness of Act 179 reforms as to whether they increased our safety **and** maximized release of those who posed no danger or flight risk. Before jumping the gun, why not gather data and establish policies that work to achieve Act 179's objectives?"

"In other words, H.B. 1567, C.D. 1 is premature. Many of those who steal from and accost or taunt our residents, workers, and visitors, especially in Waikīkī, if released, may well go on to commit violent crimes. Ninety-four percent of crimes committed in Waikīkī are so-called non-violent. They include larceny, burglary, harassment, auto theft. This measure would require judges to release such offenders.

"Criminals target Waikīkī because they know visitors are unlikely to come back and testify against them. Criminals target businesses because they know employees cannot pursue them for shoplifting. Police in my district complain about their 'frequent flyer' problem, meaning they charge and arrest repeat offenders only to see them back on the streets 48 hours later. Already, judges frequently release non-violent offenders on their own recognizance. This measure will exacerbate the problem of habitual non-violent criminals by removing a needed judge's discretion. Judges should be able to evaluate all factors on a case-by-case basis to determine whether a person is a danger to the community, will be a risk of appearing in court, or will re-offend once released. This bill will also remove the prosecutor's ability to leverage drug offenders into treatment programs. The jail capacity problem shouldn't be addressed by forcing judges to release criminals to free up jail space or save

money. For these reasons, I will vote 'no' on this measure. Thank you, Mr. President."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 52-22 was adopted and H.B. No. 1567, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CRIMINAL PRETRIAL REFORM," passed Final Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 7 (Baker, Fevella, Inouye, Kidani, Kim, Moriwaki, Riviere).

Conf. Com. Rep. No. 53-22 (H.B. No. 2075, H.D. 1, S.D. 1, C.D. 1):

Senator Rhoads moved that Conf. Com. Rep. No. 53-22 be adopted and H.B. No. 2075, H.D. 1, S.D. 1, C.D. 1 pass Final Reading, seconded by Senator Keohokalole

The Chair having so ordered (on the Sixtieth Day, May 5, 2022), Senator Fevella's written remarks read as follows:

"Mr. President, I rise in opposition to Conference Committee Report Number 53-22 and House Bill 2075, HD1, SD1, CD1.

"Colleagues, I oppose this bill because Hawaii gun laws are already one of the strictest in the nation. This bill will inconvenience only law-abiding citizens, and not criminals. This bill will make law-abiding citizens—criminals."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 53-22 was adopted and H.B. No. 2075, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FIREARMS," passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Fevella).

Conf. Com. Rep. No. 55-22 (S.B. No. 2065, S.D. 2, H.D. 2, C.D. 1):

Senator Gabbard moved that Conf. Com. Rep. No. 55-22 be adopted and S.B. No. 2065, S.D. 2, H.D. 2, C.D. 1 pass Final Reading, seconded by Senator Inouye.

Senator Fevella rose to speak in opposition to the measure as follows:

"I'm in opposition to this measure because, not only my community was very highly against it, but residents of neighbor islands, too. This means is bans new technology without even trying to regulate it. You put a lot of exception on other new technology—with the drones flying all over the place by allowing time limits and other kinds of restrictions. But then what about our fishermen, who now are getting up in age, who may be disabled, and now with the use of drones they can go back out there with their family and probably fish for ulua?"

"I know there are a lot of mixed feelings about this measure. But why are we limited the use of a new technology. We should be open-minded to new technology, that includes rules and regulations. Instead this measure bans drones without even trying to regulate it. I understand there are some who don't follow the rules, and they fly drones over people surfing, above boats, and above people using the beach. But there are a lot of other things that people don't follow the rules, but we don't ban them, outright? So I oppose this measure because we are going to ban some people that are using this new technology to provide food on the table for their family. Is this what we want to do? Are we going to continue to ban these things? Then, if we're going to do that, then we should ban long-line fishing; we should ban deep-sea trawling that destroys our reefs and damages our environment. We would need to ban a lot of stuff. Instead, we are going to ban drones because a few individuals are inconvenienced because the fishing lines are going to cross over their swimming area or their boating area. We need to have

restrictions and have laws to restrict the use of drones in certain area and not ban them. I'm totally against this bill. Thank you."

Senator Inouye rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye's remarks read as follows:

"Mr. President, speaking in favor of SB 2065 CD1. With the advent of drone fishing, there have been complaints by the fishing community on how this technology is being a nuisance to traditional fishers as well as presenting new risks to marine ecosystems.

"Drone fishers use their unmanned flying machines to scout, photograph, transport bait, weights and hooks on long lines attached to traditional rod and reel setups.

"SB 2065 CD1 was drafted to prevent added disruption to ocean ecosystems and to make sure remote lines do not interfere with other users in the ocean."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 55-22 was adopted and S.B. No. 2065, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FISHING," passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23; Ayes with Reservations (Kim). Noes, 2 (Acasio, Fevella).

Conf. Com. Rep. No. 57-22 (S.B. No. 2398, S.D. 2, H.D. 2, C.D. 1):

Senator Moriwaki moved that Conf. Com. Rep. No. 57-22 be adopted and S.B. No. 2398, S.D. 2, H.D. 2, C.D. 1 pass Final Reading, seconded by Senator Wakai.

Senator Keith-Agaran rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President, I rise in support of this measure that establishes the Pulehunui Community Development District under the Hawaii Community Development Authority. Creating this dedicated development district—close to the existing National Guard facility and including portions of the former Puunene Naval Air Station (and later Puunene Airport)—allows the area to qualify for federal funding, specifically USDA Rural Development grants, that can ease the local public's financial burden of development for the State agencies—including the Department of Land and Natural Resources, Department of Hawaiian Home Lands (DHHL), and the Department of Public Safety, and perhaps, the Judiciary—who have an interest locating facilities on those lands.

"The Pulehunui Master Plan is a project roughly ten years in the making and started with Maui's need to address the severe overcrowding and infrastructure issues that plague the Maui Community Correctional Center (MCCC). MCCC sits on the old Maui County jail site that was originally built in 1907. The present location was chosen before this portion of Wailuku was redeveloped as housing over the last forty years—hundreds of residential units are now a stone's throw away from the 7-acre site that has limited room for expansion.

"The public lands in Pulehunui were identified as an optimal area to build a new jail. However, installing sewer, water and power infrastructure for one site is a costly endeavor with little opportunity for a return on investment. Developing the land in Pulehunui would harness the area's strong potential for DHHL's

Maui operations, and increased growth and provide significant opportunities for other state and county projects in the vicinity.

"Developing this area will serve the Valley Isle's long-term public, business, and industrial needs and I urge my colleagues to join me in supporting this measure."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 57-22 was adopted and S.B. No. 2398, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII COMMUNITY DEVELOPMENT AUTHORITY," passed Final Reading on the following showing of Ayes and Noes:

Conf. Com. Rep. No. 61-22 (S.B. No. 2986, S.D. 1, H.D. 2, C.D. 1):

Senator Gabbard moved that Conf. Com. Rep. No. 61-22 be adopted and S.B. No. 2986, S.D. 1, H.D. 2, C.D. 1 pass Final Reading, seconded by Senator Baker.

Senator Fevella rose to speak in strong support of the measure as follows:

"Colleagues, since I've been here and even before I was elected, there have been discussions about hemp and how important hemp is. So this is the reason why I support this bill. It is because we need to, first, remember that hemp is not pakalolo—marijuana. There is a flyer you have on your desk [*holds up flyer*] from me. The reason why I share this document with you is because I want you to know about the different uses of hemp. A lot of you do know here about hemp because I got educated from you. This is not pakalolo. This is not marijuana. And you cannot get high.

"The reason why I want to push this as much as we can push it, and why I really support this bill, is because I believe totally in my heart that hemp will be the next industry for agriculture. Back in the day, tourism was strong and people also moved here because of our agriculture. Now, we can have tourism still continue to strive and be strong, and revive our agricultural industry with hemp. Hemp is not only going to be able to clean and not contaminate the soil, one acre of hemp cultivation will only take three months to harvest. We can have four harvesting cycles each year—four. The hemp industry can survive by producing building material, like wood and lumber and even cement that does not give off heat and gases that we want to avoid during construction. And then we would be viable in our state with hemp products and not only we can be viable in our own state not only when we always talk about 'product of Hawai'i,' but we can be strong enough that we'll be able to use these products in our affordable homes, in our building out and everything that we need, and we can use them in here, in Hawai'i, with our own product.

"So, again, colleagues, I know this is a great bill, and I'm glad to have your support, but, again, we need to—Senator Gabbard always said, 'Let's get hemp.'"

Senator DeCoite rose to speak in opposition to the measure as follows:

"In the present form, this bill will destroy our hemp industry for the reasons my colleague across the aisle has stated. This is why this bill has come to our attention: that it will not help the farmers that are producing hemp because, in its present form, the fact that the Department of Ag has not set the rules. The federal government has given them leeway to legalize what we could do with hemp and the production of hemp. It has allowed the industry to diversify ag, and if we want to talk about minimum wage and increase, this type of industry will provide the increase for agriculture and provide those high-end jobs. In its present form, this bill would put those hemp farmers out of

business, but for the reasons that my colleague across the aisle has stated, this is the reason why we need to have this bill changed, and a floor amendment should have been put down today by both the House and Senate. Thank you, Mr. President.”

Conf. Com. Rep. No. 232-22 (H.B. No. 2510, H.D. 2, S.D. 1, C.D. 1):

Senator Taniguchi moved that Conf. Com. Rep. No. 232-22 be adopted and H.B. No. 2510, H.D. 2, S.D. 1, C.D. 1 pass Final Reading, seconded by Senator Kidani.

Senator Taniguchi rose to speak in support of the measure as follows:

"Colleagues, this bill incrementally raises the minimum wage over the next few years from the current \$10.10 per hour until it reaches \$18 per hour in January 2028. This bill also includes provisions to make the state earned income tax credit fully refundable and permanent. With our state Senate advocating strongly for meaningful minimum wage increases over the past four years, I'm very pleased that this measure is finally poised for passage. A higher minimum wage is long overdue and will greatly assist working families and enhance the overall quality of life here in Hawai'i. The addition of provisions to make the state earned income tax credit fully refundable and permanent is an added bonus to this bill and complements the minimum wage increase. The EITC is presently a nonrefundable tax credit, which means that households can only use this tax credit to reduce their income tax liability. By making this credit refundable, this bill would enable Hawai'i households with the lowest incomes and little or no tax liability to make full use of this tax credit.

"This measure is part of a package of bills over the last two years that helps both employers and employees. In 2021, we appropriated over \$740 million to repay our federal unemployment insurance loans and alleviate a significant increase in the federal unemployment insurance tax for Hawai'i's employers. This session, the Legislature also passed a bill to statutorily adjust the unemployment experience rating, which will result in significant savings in unemployment insurance taxes for employers. House Bill 2510, Conference Draft 1, along with Senate Bill 3289 (the Hawai'i Saves bill) make up a third component of this multifaceted approach aimed at assisting both employers and working families throughout the State of Hawai'i. I urge my colleagues to join me in supporting House Bill 2510, Conference Draft 1. Thank you."

Senator Baker rose to speak in support of the measure as follows:

"I ask that the words of my colleague from Mānoa be inserted into the Journal as if they were my own. Thank you." (The Chair so ordered, by reference only.)

Senator Keith-Agaran rose to speak in support of the measure as follows:

"I wanted to commend the Labor chair for the work he's done this year on this bill and on other measures, and I have some written remarks I'd like to submit into the Journal."

The Chair having so ordered, Senator Keith-Agaran's additional remarks read as follows:

"I rise in strong support of this measure, Mr. President. During the pandemic, we made adjustments to our unemployment compensation law to assist our business community and this year will be making further changes to how rates will be applied coming out of the pandemic economic turndown. The legislature also made the initial payment on the loan that was required to maintain the solvency of our unemployment trust fund—something that normally would be the obligation of all businesses operating in our state. This session, we are taking action on behalf of the workers and employees in our community as well. The cost of living in the State continues to rise while the minimum wage hasn't been adjusted to a level that is necessary to offset the higher cost of living. This bill, by staggering Hawaii's minimum wage increases to \$18.00/hour and making the State earned income tax credit refundable and permanent, will foster economic stability. This measure is a downpayment on addressing Hawaii's wage shortage issue and will have a significant and beneficial impact for Hawaii's families. I encourage my colleagues to support this measure."

Senator DeCoite rose to speak in support of the measure as follows:

"I wish that the words of the chair from Labor be inserted into the Journal, and I wish to insert comments in the Journal also. Thank you."

The Chair having so ordered, Senator DeCoite's additional remarks read as follows:

"Raising the minimum wage is no simple feat. I understand the cost and toll this will take on our businesses, especially our small businesses, across the state as they are already facing higher operating costs.

"I also understand the plight of our working families, just trying to make ends meet.

"It is my hope that this bill is the compromise that we need; raising the minimum wage, adjusting the tip credit and making the Earned Income Tax credit permanent."

Senator Acasio rose to speak in support of the measure as follows:

"I would like to submit the written remarks of the Labor chair as if they were my own and also add additional comments."

The Chair having so ordered, Senator Acasio's additional remarks read as follows:

"I'm proud to be part of this esteemed body today, passing this vital legislation to increase the minimum wage for Hawai'i's workers and making the earned income tax credit refundable and permanent. This bipartisan accomplishment is long overdue.

"Just last year, a report by the state Department of Business, Economic Development, and Tourism found that over 34 percent of couples with two children had incomes below the self-sufficiency standard, and 50 to 80 percent of single adults with children had incomes below self-sufficiency standard. Just think about that for a moment because we all know families who are struggling just to barely survive. If we truly care about

our keiki, we must raise the minimum wage. This same government report found that a single adult with one child needed an hourly wage of \$25 to \$32 just to meet basic needs, and a couple with two children needed a combined hourly wage of \$35 to \$40 to meet basic needs. So this legislation raising the minimum wage to \$18 an hour over six years is a start, but by no means is it enough to truly be a living wage in Hawai'i, and a living wage should be our ultimate goal. This means lessening the burdens of workers and their families by providing things like free preschool or early childhood education; by subsidizing childcare and afterschool programs, which we do; by lessening the costs of health care and health insurance. We can and must do this because one job should be enough.

"I understand that raising the minimum wage will be challenging for our small-business owners. The same is true in my area of representation. I truly empathize with them as they are struggling to survive as well. I have two responses, and it is imperative that we in government must also continue to step up to help our small local businesses in any way we can with things like tax breaks and other incentives. We have many tools at our disposal, and we must work with local businesses to help them because they, too, are our neighbors, families, and friends. Secondly, as consumers, we must shop at our local businesses and support them with our dollars and support our workers so that money continues to circulate in our communities rather than become extracted with corporations. We can do this, and we must also, in that sense, put our money where our mouth is. Mahalo."

Senator Fevella rose to speak in strong support of the measure as follows:

"In 2020, we tried to pass a minimum wage bill about two years ago. Senator Taniguchi, the chair of the Senate Labor committee: I have a lot of respect for this man. Senator Taniguchi worked hard, and tirelessly with the House and continued to work on this bill to the draft we have today. He knows this because I shared this with him—I totally support him, and I support this bill. I was not happy with other portions of the bill. I wanted the \$18-an-hour to come a little sooner, but we cannot have everything. You've got to compromise and that's what I learned here. You've got to also always have aloha for one another. By going forward with this measure, others will have a better quality of life. But we also need to continue to understand that there are people who work every day at minimum wage, and especially those who work as waitresses and waiters who work hard for tips and then have to give back \$1.50 tip credit per hour starting in 2028 out of their check. I mean, it's great we are supporting a minimum wage bill, but, like I told him, if I had my way, the tip credit would not be included because we know, in the visitor industry, not every visitor learns and knows how to tip. I'm not going to say what nationality, but it is unfortunate because our minimum wage earners work hard. And then the restaurants who hire them should not even bother with the \$1.50 tip credit, because if you are the face of the company, that's your wait staff. So, again, colleagues, and again, thank you, Senator Taniguchi, for working very hard on this measure. I am really proud to support this bill. Thank you, Senate President."

Senator Riviere rose to speak in support of the measure with reservations as follows:

"I'm in full support of the earned income tax credit; I think that's well-received and will have very positive effects for those who will benefit from it. My reservations are that I think we're still putting the hurt on small business. I am glad that we are raising the minimum wage, but I have always said that I thought that it was too much, too fast—that has been my objection. This version does take a little bit longer to get there, so from the side of a small business, I think this is somewhat easier for them. So my support is there; my reservations are that I hope that we can

consider the impacts on the small businesses, and let's keep a keen eye on that over the next couple years and make sure that we do what we can to support mom-and-pops and our local entrepreneurs. Thank you very much."

Senator Nishihara rose to speak in strong support of the measure as follows:

"I stand in strong support of this bill, and I'd like have the comments of the senator from Mānoa to be entered as my own. Thank you."

The Chair noted, in good humor, that years from now, people would think the members were not very original: "everybody wrote the same speech."

The Chair then made the following comments:

"I would also like to extend my thanks to the Labor chair and the hard work he's put in over the last four years in finally getting here and, based on the Minority Leader's remarks, I would also like to extend my congratulations to him for leading a successful bipartisan effort in making this happen."

"Mr. President -- I rise in support of Conference Committee Report Number 94-22 and Senate Bill Number 3054, SD1, HD1, CD1.

"Colleagues, I remain a strong supporter of Hawaii's Film and Creative Industry. Since I first was elected to the Senate -- and to this very day -- I am constantly reminded of how important the film industry is to the State of Hawaii. And even though the Legislature has said it supports the film industry, there is much more that can be done. In 2021, the Legislature approved a ceiling of Seven Hundred Fifty Thousand Dollars (\$750,000) for DBEDT to spend per year for things like marketing. Today -- in this bill -- our support expands the funds to Eight Hundred Forty Three Thousand Dollars (\$843,000) to be deposited into the Hawaii Film and Creative Industries Development Special Fund. The funds will continue to help sustain the media and entertainment industry and also maintain film industry facilities."

“Mr. President, I rise in support of Conference Committee Report Number 121-22 and House Bill 1982, HD2, SD2, CD1.

“Colleagues, I support the extension of this FILM PRODUCTION INCOME TAX CREDIT PROGRAM to Year 2032 because it will provide more certainty for film production and infrastructure development. This INCOME TAX CREDIT PROGRAM continues to bring millions of dollars in revenues to the State. In 2021, film production spent \$423 MILLION in our State and an estimated Four Thousand Five Hundred jobs were created as reported by the Dept of Business and Economic Development and Tourism. Also, this bill will make sure the State receives its fair share of tax revenues by withholding General Excise Taxes on payments to loan-out companies. As we can all agree, the film industry will be essential in the State’s economic recovery efforts following the global pandemic. I SUPPORT this FILM PRODUCTION INCOME TAX CREDIT because as more film production dollars are spent in Hawaii, small businesses will benefit, especially those who provide much needed resources, supplies, food productions and services. MAHALO COLLEAGUES.”

The Chair having so ordered, Senator Kanuha's remarks read as follows:

"Mr. President, I rise in strong support of S.B. 2076, S.D. 2, H.D. 3, C.D. 1.

"Colleagues, ensuring equitable access to broadband services is critical to provide access to knowledge and opportunities, benefits public health during emergencies, and addresses socioeconomic disparities for the most vulnerable residents of Hawai'i.

"With the windfall of available federal and private funds for broadband, it is critical for us at the Legislature to craft policies that will promote digital equity and connectivity throughout our State via a robust broadband infrastructure.

"In recent years, we have worked on establishing the Hawai'i Broadband and Digital Equity Office within the Department of Business, Economic Development, and Tourism, as well as provided funding for a Broadband Infrastructure Grant Program, which has provided essential broadband services for underserved communities such as South Kona and Ka'u.

"This year, we are taking our efforts a step further by pulling together a working group that will identify how to appropriately operate, maintain, and oversee the State's broadband assets, by adding three positions for the operations and administration of the Hawai'i Broadband and Digital Equity Office, as well as provides funding to the University of Hawai'i for the implementation of a statewide broadband initiative.

"Therefore, colleagues, I urge you to join me in supporting the passage of S.B. 2076, S.D. 2, H.D. 3, C.D. 1., to ensure that all residents of Hawai'i have equitable access to affordable, high-speed broadband connectivity."

Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President, I rise in support of this measure. The purpose of this measure is to ensure that our state takes full advantage of

available resources to build and maintain the broadband service infrastructure necessary for modern information interconnectivity. Importantly, this measure funds 3 full-time equivalent positions for the Hawaii Broadband and Digital Equity Office in the Department of Business, Economic Development and Tourism, for administration and operation. It also appropriates funds in federal American Rescue Plan funding received by the state for the planning and implementation of a statewide broadband initiative. Finally, the measure requires the University of Hawaii and the Hawaii Broadband and Digital Equity Office to participate in a working group to provide recommendations and identify revenue sources for future development in this critical area. My hope is that my colleagues will all see the value in this undertaking and support this measure."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 169-22 was adopted and S.B. No. 2076, S.D. 2, H.D. 3, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO BROADBAND SERVICE INFRASTRUCTURE," passed Final Reading on the following showing of Ayes and Noes:

Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President, I stand in strong support of this measure, which consolidates our efforts to unify ownership of the lands under our public schools. For many years now, the Department of Education has been hindered by the 'split ownership' of many public school facilities, whereby the structures were owned and developed by the Department of Education but title to the land parcels upon which those facilities were situated was owned by the counties or by the state Department of Land and Natural Resources. This has resulted in significant delays in permitting and related entitlements, as well as in delivery of important capital improvement funding. I am hopeful that this measure will indeed serve as the final step in consolidating ownership of land title by the Department of Education for the many enumerated parcels specified. I also note that, in the event that the Department of Education wishes to donate or transfer its ownership interest in these newly acquired parcels, pre-approval by the legislature is required. I wish the Department of Education good luck in its future full stewardship of these properties, and I urge my colleagues to support this measure."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 180-22 was adopted and S.B. No. 2186, S.D. 2, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SCHOOL LAND TRANSFER," passed Final Reading on the following showing of Ayes and Noes:

Senator Kanuha requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Kanuha's remarks read as follows:

"Mr. President, I rise in support of S.B. 3357, S.D. 2, H.D. 2, C.D. 1.

"Colleagues, lifting up our Native Hawaiian community must be a collaborative effort between the Legislature and trusted, local organizations that have been doing the work in our communities for many years. Thus, I am very pleased that the Legislature is considering new sources of grant funding that will supplement existing state funding opportunities and further empower Native Hawaiian and local communities to sustain and build upon hard-fought progress.

"While original versions of this measure included more robust funding for a broader array of initiatives, I believe our \$2 million commitment to the Department(s) of Business, Economic Development and Tourism and Land and Natural Resources is a great first step towards providing funding to local nonprofits that will in turn, improve food sustainability, economic development, mitigation of tourism impacts and cultural training, as well as empower the repatriation and reburial of Native Hawaiian iwi kūpuna.

Senator Kanuha requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Kanuha's remarks read as follows:

"Mr. President, I rise in strong support of S.B. 3379, S.D. 1, H.D. 1, C.D. 1.

"For many years, our State has been considered the 'invasive species capital of the world,' as we have seen staffing issues and lack of funding that prevented the Department of Agriculture from effectively securing our points-of-entry. Back home on the island of Hawai'i, we have seen first-hand the devastating impacts of invasive pests such as coqui frogs and coffee berry borer, as well as invasive pathogens such as coffee leaf rust and rapid 'ōhi'a death. During the years of 2011-2015, the University of Hawai'i Economic Research Organization estimated the pest impacts cost to the State as a total of \$83 million, demonstrating the vulnerability of our unique island ecosystems.

"In 2017, the Hawai'i Invasive Species Council (HISC) adopted the Hawai'i Interagency Biosecurity Plan, which addresses key biosecurity areas including pre-border, border, and post-border prevention over a ten-year implementation period. To supplement HISC's plan, Mamalu PoePoe (MMPP) established as a five-year collaborative program within HISC and the Department of Land and Natural Resources to promote interagency collaboration between State and Federal partners to detect and prevent the introduction of invasive species through our ports of entry. The highly successful MMPP has demonstrated the need to continue monitoring efforts not only at airports, but also at our seaports; however, the continued operations and expansion of MMPP requires an additional funding commitment by the Legislature.

"Therefore, I stand in support of S.B. 3379, S.D. 1, H.D. 1, C.D. 1., which demonstrates our commitment to biosecurity in Hawai'i, as well as represents a positive step towards further protecting and preserving our State's unique ecosystem for the benefit of generations to come."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 224-22 was adopted and S.B. No. 3379, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO BIOSECURITY," passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 227-22 (S.B. No. 2624, S.D. 2, H.D. 2, C.D. 1):

Senator Keohokalole moved that Conf. Com. Rep. No. 227-22 be adopted and S.B. No. 2624, S.D. 2, H.D. 2, C.D. 1 pass Final Reading, seconded by Senator Baker.

Senator Kanuha requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Kanuha's remarks read as follows:

"Mr. President, I rise in strong support of S.B. 2624, S.D. 2, H.D. 2, C.D. 1.

"The State of Hawai'i currently faces a primary health care worker shortage, with a 2021 Nursing Education Study ranking

Kaua'i, Maui, and Hawai'i County(s) as three of the top fifteen counties in the nation lacking access to health care providers. Throughout Kona and Ka'u, we have seen this issue exasperated by large distances between population centers and health care facilities, as well as understandable unwillingness of providers to relocate to rural and remote communities—communities that often have limited access to medical, mental health and oral health services.

“Thus, as it is the inherent responsibility of the Legislature to provide equitable, quality access to health care resources for all residents living within the State, I firmly believe that S.B. 2624, S.D. 2, H.D. 2, C.D. 1. is a positive step in the right direction. With the ongoing deployment of broadband infrastructure to our most rural communities, our ability to provide telehealth services at community health centers or in the home will be key to improving the health of patients and their families through increased access to qualified, specialized health care providers, as well as cost-savings to the entire health system by avoiding emergency department or hospitalization costs. As prescribed in the bill, the newly formed telehealth and rural health care pilot program(s) will increase provider adoption of telehealth, support health care workforce development, and encourage providers to prioritize rural, medically underserved areas.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 227-22 was adopted and S.B. No. 2624, S.D. 2, H.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO HEALTH,” passed Final Reading on the following showing of Ayes and Noes:

No. 1138, S.D. 2, H.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE OFFICE OF HEALTHCARE ASSURANCE SPECIAL FUND,” passed Final Reading on the following showing of Ayes and Noes:

Conf. Com. Rep. No. 237-22 (S.B. No. 2657, S.D. 2, H.D. 1, C.D. 1):

Senator Keohokalole moved that Conf. Com. Rep. No. 237-22 be adopted and S.B. No. 2657, S.D. 2, H.D. 1, C.D. 1 pass Final Reading, seconded by Senator Kim.

Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

“Mr. President, I rise in support of this measure. This bill revives an initiative proposed by the John A. Burns School of Medicine and the University of Hawaii prior to the pandemic disrupting our legislative work in 2020. It's no secret that Hawaii has a severe shortage of health care providers—with the neighbor islands and other rural communities disproportionately

affected by shortage of physicians in all areas of practice. The need for more residency training, as proposed through the John A. Burns School of Medicine and in collaboration with the Department of Veterans Affairs, will result in increasing the number of physicians serving in the medically underserved areas of the neighbor islands. I encourage my colleagues to support this positive investment in the health and well-being of Hawaii communities.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 237-22 was adopted and S.B. No. 2657, S.D. 2, H.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO MEDICAL EDUCATION AND TRAINING,” passed Final Reading on the following showing of Ayes and Noes:

Senator Keohokalole moved that Conf. Com. Rep. No. 238-22 be adopted and S.B. No. 2597, S.D. 1, H.D. 1, C.D. 1 pass Final Reading, seconded by Senator Kim.

Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

“Mr. President, I rise in strong support of this measure which appropriates funds for the Hawaii State Loan Repayment Program administered through the University of Hawaii John A. Burns School of Medicine, subject to a matching funds requirement. There is a shortage of health care professionals in the State, particularly in rural communities like the neighbor islands. This shortage threatens the entire State's health care system. Individuals who receive loan repayments from the Hawaii State Loan Repayment Program in exchange for work commitments in underserved practice areas in Hawaii are highly likely to remain at the site they perform their service. I encourage my colleagues to support this measure.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 238-22 was adopted and S.B. No. 2597, S.D. 1, H.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO LOAN REPAYMENT FOR HEALTH CARE PROFESSIONALS,” passed Final Reading on the following showing of Ayes and Noes:

Senator Keohokalole rose to speak in support of the measure as follows:

"Mr. President and colleagues, this measure includes a \$328 million appropriation to settle the *Kalima* case with approximately 2,300 Native Hawaiian claimants. I say '2,300' although there were initially 2,700 claimants who joined the suit 23 years ago, and that's because 400 of them have passed on since this suit began, and although their families may receive something, they will see no redress. And although we all know what this suit is about, I do think it is important in this historic moment in this historic year to make it clear why we are here, and that's because when the federal government passed the Hawaiian Homes Commission Act in 1920, it did virtually nothing to implement it for the next 40 years and, instead, diluted the trust of much of its best lands with the help and in concert with the territorial government and counties. Then, in order to be admitted into the Union in 1959, the State promised to take on the responsibility of administering the Hawaiian Homes Commission Act, and that's because the federal government, recognizing their own inaction, basically said, 'People of Hawai'i, if you'd like to become a state, take on Hawaiian home lands, and you're in.' And in 1959, we agreed, and for the next 30 years, the State of Hawai'i did almost nothing to make good on that promise. That changed in the '90s, when Governor Waihe'e and this legislature finally committed significant resources for development and set up a process for Hawaiians on the waitlist to file claims to obtain redress for those 70 years of broken promises. And what of that process? Well, beneficiaries were asked to make claims and then, again, nothing happened. Think of how frustrating it is to be promised something, then be told, 'We broke the promise, so here's a process we'll set up to make you whole,' and then later be told, 'Never mind; we changed our minds and we're not going to do anything to make this right.'

"So these Hawaiians finally sued under what we now know as the *Kalima* case. And the majority of the case has been not about whether the State is liable; it's been about how much the State is liable for. And with today's \$328 million settlement, we now know. And I hope that today's action can bring this issue to a close with the claimants who are still with us today. For each one, this is a monumental opportunity to provide a better future for themselves and their families, which was the aim of Prince Kūhiō 102 years ago. It is time. And I have to say, I am proud that, as stewards of the public trust, this year, we in the Legislature can finally put this case behind us and that, with the combined actions that we are taking for the Hawaiian community, send a clear message that we intend to make good on our commitments and that we will no longer sweep the lingering issues of the past under the rug but will instead engage and proactively work to solve problems and move forward in the best interest of our entire community. And so I'm grateful to you, my colleagues, and our friends from the House, for finally making good on this promise in this year, where so much has been accomplished for the benefit of the Hawaiian community. And I'd like to take this moment to say special thanks to the attorney general's office, Holly Shikada and Craig Iha; to the Speaker of the House; and to our WAM chair for their individual hard work on making this historic action possible. Mahalo."

Senator Kanuha rose to speak in support of the measure as follows:

"Mr. President, may I have the words of the previous speaker entered into the Journal as if it were my own?" (The Chair so ordered, by reference only.)

Senator Inouye rose to speak in support of the measure as follows:

"May I ask that the previous speaker's comments—I'd like the remarks to be entered into the Journal, please. Mahalo." (The Chair so ordered, by reference only.)

Senator DeCoite rose to speak in support of the measure as follows:

"Likewise, I would like the words of the speaker from Kāne'ohe to be inserted into the Journal as if they were my own. (The Chair so ordered, by reference only.) And I would like to add additional comments to the Journal."

The Chair having so ordered, Senator DeCoite's additional remarks read as follows:

"It is my hope that this bill will help us address claims against the state in a timely manner, saving us cost and by addressing these claims in a more judicious timeframe will benefit both sides of the claim."

Senator Keith-Agaran rose to request that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President, I stand in support of this measure. As you know, every year it is the duty of this body to consider and approve any moneys used for judgements against or settlements by the state arising from legal claims against it. Although I am saddened to see once again that the State has had to settle or accept adjudicated liability for a variety of claims against the Department of Public Safety totaling more than \$6 million, I am satisfied that the state Attorney General's office is performing its functions carefully and with the best fiscal interests of the state in mind. In particular this year, I am encouraged to note that the state has, after more than two decades of litigation and appeals, entered into an historic settlement agreement with the

class-action plaintiffs in the *Kalima* case, who brought suit against the state for damages arising from non-performance by the state in its duties to beneficiaries of the Hawaiian Homestead Act. The \$328 million appropriated for this settlement will benefit approximately 2,700 claimants in a manner that was carefully overseen by the state court and agreed to by the Attorney General. I urge my colleagues to support this measure in the spirit of righting historic wrongs, and with the hope that our state will fulfill its responsibilities in the future."

Senator Fevella rose to speak in strong support of the measure as follows:

"I also want to insert comments of my colleague from Kāne'ohe's into the Journal as my own. Thank you." (The Chair so ordered, by reference only.)

The motion was put by the Chair and carried, Conf. Com. Rep. No. 44-22 was adopted and S.B. No. 3041, S.D. 2, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR CLAIMS AGAINST THE STATE, ITS OFFICERS, OR ITS EMPLOYEES," passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At this time, Senator DeCoite introduced Office of Hawaiian Affairs chair Carmen Hulu Lindsey, who was present in the gallery, along with Sylvia Hussey.

Conf. Com. Rep. No. 69-22 (H.B. No. 1837, H.D. 1, S.D. 2, C.D. 1):

On motion by Senator Chang, seconded by Senator Moriaki and carried, Conf. Com. Rep. No. 69-22 was adopted and H.B. No. 1837, H.D. 1, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 124-22 (H.B. No. 2171, H.D. 2, S.D. 1, C.D. 1):

Senator Nishihara moved that Conf. Com. Rep. No. 124-22 be adopted and H.B. No. 2171, H.D. 2, S.D. 1, C.D. 1 pass Final Reading, seconded by Senator Keith-Agaran.

Senator Fevella rose to speak in support of the measure as follows:

"Colleagues, I support the consolidation of the state criminal law enforcement investigation functioning underneath the state department as a new Department of Law Enforcement. This is long overdue, and should have been consolidated long ago. When I first got here, colleagues, I wanted to have the sheriff's patrol all the state highways instead of being at the airport and in the courts. That was my way of trying to find another way for sheriffs to assist and work with HPD.

"So, it's not replacing and it's not assisting; it's working with HPD. I want to get that straight because some of my constituents thinking that we're trying to replace HPD, and we're not; they do a great job. But now, this measure is important for Public Safety to streamline communication, reduce duplication and for the call center operations to be under the uniform standard of law enforcement services. I would like to thank my House colleagues and the Senate colleagues, and especially the chair of the Public Safety committee, Senator Clarence Nishihara. I want to also thank the attorney general, Holly Shikada, and the head of Sheriff Division, Billy Oku, for working on this and for updating me on how this thing was going. I am glad we are trying to do something different, and right now, we know HPD is short and we're having a hard time with recruitment. We want to burden and blame HPD for

everything that is not getting done, but if we can work together as law enforcement agencies, we can do a great job going forward. So I ask my colleagues to work together and support this bill. Thank you. Thank you, Senate President.”

Senator Nishihara rose to speak in strong support of the measure as follows:

“I’d like to thank the WAM chair for helping move this bill along as well, and with the support of director of Public Safety and his agreement that we would not try to get everything into the bill but at least get the department set up, which is important to get the rest of it going. The other parts of the bill, I think, next year, they can probably get the bulk of it done, but I think it’s a good first step in finally looking at Public Safety and splitting it into two parts: corrections and law enforcement. I think it’ll do a lot of good going forward. I think it’ll improve morale as it moves forward for the members in Public Safety as a whole. I might have some additional comments I’d like to put into the Journal as well.”

The Chair having so ordered, Senator Nishihara’s additional remarks read as follows:

“This bill will establish a new department of law enforcement to consolidate and administer the crime enforcement and investigations function of the department of transportation, certain investigations of the attorney general, functions of the office of homeland security, and current investigations functions of the department of public safety.

“Rename the department of public safety as the department of corrections and rehabilitation to administer the corrections, rehabilitation, reentry and related functions currently assigned to public safety. Establish a training center within the department of law enforcement. Transfer employees, equipment, policies and procedures, guidelines, materials. Establish positions for the departments and appropriate funds for the department of law enforcement.

“It will begin the process with one full time permanent director, one full time permanent deputy director and other support positions, with \$900,000 for fiscal year 2022-2023. The statewide law enforcement training center complex will be effective January 2, 2023. The director of corrections and rehabilitation and personnel will be effective on January 1, 2023.

“This bill will with the establishment of two departments, separates the mission of Public Safety into a more effective provider of services.

“The future of the new departments hopefully will deliver greater supervision and accountability to the public.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 124-22 was adopted and H.B. No. 2171, H.D. 2, S.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PUBLIC SAFETY,” passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Acasio). Noes, none.

Conf. Com. Rep. No. 138-22 (S.B. No. 2510, S.D. 2, H.D. 1, C.D. 1):

Senator Inouye moved that Conf. Com. Rep. No. 138-22 be adopted and S.B. No. 2510, S.D. 2, H.D. 1, C.D. 1 pass Final Reading, seconded by Senator Wakai.

Senator Acasio rose to request that remarks in opposition to the measure be entered into the Journal.

The Chair having so ordered, Senator Acasio’s remarks read as follows:

“To the extent that the impetus for the bill comes from concerns over the closure of firm generation capacity on Oahu and the islands, I confirm that I understand such concerns and encourage my colleagues to work with each other and the appropriate state agencies, such as the PUC, to address it in ways that are themselves appropriate for this body.

“Clearly part of addressing such concerns is an unbiased assessment of the degree to which they are overblown. This body has received extensive testimony from professionals working in the energy industry and actively engaged in developing and implementing state energy policy stating that the alarmism attached to SB2510 is, to some degree, overblown. HNEI, as well as the state energy office, past and present members of the Public Utilities Commission and the Consumer Advocate have all expressed the point of view that there is no need for the legislature to intervene and grant itself the authority to dictate how utilities and their regulators will handle the state’s transition to clean power sources.

“If we are to heed the advice of Hawaii’s leading energy policy experts, and arrive at the conclusion that there is no cause for alarm, then it is reasonable for the legislature to take a more conservation approach. I find the course of action recommended by HNEI, which expressed a counter-concern that a ‘legally-binding fixed minimum percentage of renewable energy from firm generation may be overly prescriptive, not yield optimal solutions, and likely slow Hawaii’s clean energy transition’ to be reasonable. Requiring state agencies engaged in policy making aimed at implementing Hawaii’s renewable energy goals to place increased value on renewable sources that can be relied on to provide power on demand, regardless of time of day or weather conditions, makes sense. Had SB2510 been revised to require this and similar measures I would favor it; but, as is, I must vote against it and encourage my colleagues to do the same.

“While ensuring that utility customers have their needs met as the state decarbonizes its energy portfolio does require the utilities to pay greater attention to the benefits of so-called ‘firm renewable energy sources,’ there is no need for lawmakers to dictate how this will be done.

“Having established that support for SB2510 is driven by an overblown concern about the electric utilities’ ability to meet future demand, it is important to draw attention to the very real concerns of establishing a precedent that will allow the legislature to change laws via concurrent resolution. This means the legislature can amend SB2510 in the future without the governor’s approval, making the provision that allows for it unconstitutional, which, in turn, compels the governor to veto the bill. I find it troublesome that my colleagues are not equally concerned about the impacts this will have on disrupting the current balance of power between Hawaii’s branches of government.

“In conclusion, I will draw attention to the power SB2510 grants the legislature to postpone the deadline for transitioning from fossil fuels by a set of consecutive concurrent resolutions that could delay it until 2045. Setting the constitutionality concerns raised previously aside, granting the legislature the power to do this creates an extraordinary incentive for the corporations profiting from Hawaii’s oil-dependency to corrupt Hawaii’s political processes in their favor. Our system is not well prepared to deal with the pressure this will create.

“For the reasons outlined above, I vote in opposition to SB2510 and encourage my colleagues to do the same.”

Senator Dela Cruz rose to speak in support of the measure as follows:

"In 1991, the State created the first and only energy functional plan. At the time, it was needed to transform to renewable energy, not to save the planet but to save Hawai'i from the handcuff of imported oil when there was a recent utility-scale renewable technologies like solar. Our residents are still afflicted by the dependence on fossil fuel, with rising electricity and gas rates. HECO predicts 20 percent increase in costs. KIUC: zero percent increase due to the plans they implemented over the last few years. The International Energy Agency (IEA) predicts continued rise in the cost of oil—double from a year ago.

"In 2015, the Legislature chose to impose a mandate of 100 percent renewable portfolio standards on electric utilities. There was no study; there was no plan. Yet, at the same time, it was visionary, and it brought new investments, jobs, and clean green energy to reduce emissions. Unfortunately, there was a loophole that still allowed fossil fuel to be burned.

"On New Year's Eve, O'ahu faced an energy shortfall, with the utility calling for conservation of energy—the only measure they could implement to prevent the island from a blackout. On September 1st, 20 percent of our firm, lowest-price reliable energy will be shuttered, and dozens of promising intermittent renewable energy projects promised to replace it on O'ahu and other islands have found notices of force majeure and unknown installation dates. Just yesterday, HECO and the PUC issued a joint letter to Mayor Victorino informing him that two of HECO's largest firm fossil fuel generators will be forced into retirement in just a few years with no replacement of generation in sight. Some will say you can smart-grid your way to reliability. While a smart grid is important, it is merely a way for the utility to communicate with its generators and consumers, especially the customer-owned intermittent rooftop solar generators. It will help to shore up system reliability, but a reliable grid is still dependent on a firm energy source to always be able to provide that reserve energy capacity when needed.

"We are faced with an energy crisis, one that is negatively affecting our residents' pocketbooks and potentially affecting our ability to receive safe and reliable energy. This measure is a planning and policy measure that is commencement of an updated energy plan to proactively avoid the crisis we are facing at this moment. We should have done this at least in 2015, when we passed the 100 percent RPS law. This measure is not a mandate to the PUC; it is a policy and planning document. It states goals—no more fossil fuels past 2045—to close any further loopholes. A reliable grid needs diversification of renewable energy in both firm, which is always available, and intermittent, which is weather-dependent technology. In order to truly displace fossil fuels, we'll need at least one-third of our renewable generation to come from a reliable firm generation. This percentage was based on the KIUC vision of their grid in 2025 to replace fossil fuels. This percentage is based on the U.S. Energy Information Administration, which states that an energy reserve margin of reliable energy capacity is necessary to keep the lights on. This independent body analyzes and disseminates impartial energy information to promote sound policymaking for energy. HECO's annual report filed every year states that a 30 percent energy reserve margin of energy capacity is needed on each island to provide reasonable reliability reserve, an actionable measure itself on a pass/fail basis to this target in their Adequacy of Supply report. And we cannot be overly dependent on one source of any technology, whether it be fossil fuel, firm renewables, or intermittent renewables, so this bill sets a limit on the percentage of any one technology, with the exception of geothermal. But, as we have seen with the closure of the coal plant, we need to stay flexible in our policymaking, so this bill

allows for future changes in those policy goals to allow for the Legislature to make these goals through the adoption of a concurrent resolution or any disputes by agencies to be appealed to the governor. S.B. 2510 is a measure to support if you want to reduce carbon emissions, make the state more energy independent, spread jobs and economic growth, keep the lights on, and eliminate fossil fuels.

"Some would say that the bill restricts competition. No, the bill encourages more types of technologies to be considered, including firm and intermittent on all islands instead of the trajectory of only intermittent. Some would say it would hamper clean energy progress and is difficult to implement. The Kaua'i plan is 22 percent solar and 11 percent biomass and 37 percent hydroelectric, which runs 24 by 7, and only 10 percent fossil fuel. Firm renewables is more reliable than intermittent. They state Texas grid outage was due to firm being down, but intermittent wind was also down, and they didn't have enough reserve margin on the grid. Some will say that the bill will increase volatility and cost. Kaua'i predicts no cost increase. This bill is about getting rid of fossil fuel, which has volatility and cost.

"Again, the HECO reserve margin of 30 percent of reliable grid substantiates the need for firm renewables; otherwise, we will keep fossil fuel instead. When people ask again about why do we need these percentages, House Bill 1800, which we just amended today on the floor, has 50 percent reduction in carbon from 2005 levels for all industries with no warning to any industry, not just the electrical industry. It establishes a goal for statewide greenhouse gas emissions limit to be at least 50 percent below 2005 levels by 2030 and at the same time as the HSEO do a study to analyze pathways to develop recommendations on achieving goals for \$350,000 for the study. That's the same thing with S.B. 2510: set the goal while continuing to study how we can achieve it. Mahalo."

Senator Wakai rose to speak in support of the measure as follows:

"I'd like to ask that the previous speaker's words be entered into the Journal as my own and also make a few other comments. (The Chair so ordered, by reference only.)

"Members, we're on a short timeline to get renewable energy on the grid due to lawmakers in 2022 mandating a shutdown of the coal plant. We did so because of assurances by advocates that it was feasible to do so by this time. Lawmakers were sold on a bold idea to have Hawai'i be the first state in America to ban burning by coal. Press releases went out to pat ourselves on the back. Now, two years later, we see the folly of creating policy based on press release.

"It became apparent a year ago that we didn't have enough renewable projects lined up to fill that 20 percent gap that the coal plant fills. The fallback plan a year ago was to burn oil, and then power them in batteries. When the supply chain took away the batteries, we had a huge problem. Now, the PUC is suggesting that we use diesel generators to prepare for this lack of capacity. Yes, that's right: we're preparing to burn more oil, and ratepayers are going to foot the bill for this lack of foresight. The coal plant is still burning, yet we already have threats of blackouts. All of us recall on New Year's Eve, HECO asked us to conserve power.

"S.B. 2510 gets us to a better place, steps that should have been taken years ago. There is so much on our legislative docket. So much of our renewable energy future depends upon NIMBYs and other obstructionists hijacking our progress. Residents don't want wind in Kahuku; they don't want PV in Nānākuli; they don't want offshore wind; they don't want biomass. When it comes to energy, the public is really good at

defining what it doesn't want; what we need to start defining is what we want.

"As the date chases this 100 percent RPS, we cannot leave the public facing potential blackouts. Lawmakers, through this bill, 2510, are helping to set the reset button this year. To be effective in accomplishing Hawai'i's laudable achievements, we need to plan to identify what specific time-bound steps need to happen and ensure we find the balance between intermittent and firm renewable projects. Policy by press release is in our rearview mirror. The road ahead has to be paved with good legislation, as you see in 2510. Thank you, Mr. President."

Senator Fevella rose to speak in support of the measure with reservations as follows:

"The reason why I rise with reservation on this bill is because we know we need to have renewable energy other than from fossil fuel. But there is a need and a want, but to what extent? We need to be smarter. We need to do better. And we need to do better research, because we can stop and have all uses of fossil fuel eliminated, but end up having this whole island with windmills, but to what cost to the environment? We can have these huge wind turbine platforms, but to what cost to the environment? So we're going to have windmills and renewable energy, but no human beings, no wildlife, and nothing to eat. We need to be smart. There is technology out there that other countries are using it, but we're not. So we can do better and, like I said, I am for getting off of fossil fuel, but to what extent? Thank you, Senate President."

Senator Kanuha rose to request that remarks in support of the measure be entered into the Journal.

The Chair having so ordered, Senator Kanuha's remarks read as follows:

"Mr. President, I rise in strong support of HB1517, H.D. 2, S.D. 2, C.D. 1.

"For many years, coffee has been our State's flagship crop, with more than ninety per cent of Hawai'i's coffee farms located on Hawai'i Island. As determined by a recent United States Department of Agriculture (USDA) National Agricultural Statistics Service (NASS) report, the estimated value of our State's green coffee crop in the 2021-22 season is \$113,013,600—not accounting for upstream and downstream revenue in terms of value-added products and ancillary businesses.

"Currently, Hawai'i law requires that only ten per cent of coffee products originate in the geographic area indicated, which has directly damaged and degraded the reputation of world-famous Hawai'i grown coffees. Without strong protection of its name, downstream stakeholders—rather than our local farmers—have reaped the economic benefits of the fame of Kona and Ka'u coffees.

"Since I was elected in 2018, the Legislature has considered a variety of measures aimed at increasing the State's labeling requirement from 10% to 51%, with local farmers, roasters, producers, and other industry stakeholders unable to come to a consensus on the most appropriate approach. Opponents to the proposed 51% labeling requirement have raised concerns with unintended consequences that may present for Hawai'i's coffee growers, as well as the State's economy if the policy is enacted. However, the State has not yet conducted an economic impact study to examine impacts from the perspective of coffee industry stakeholders located within the physical boundaries of the State.

"Therefore, I strongly believe that HB1517, H.D. 2, S.D. 2, C.D. 1 is an excellent first step at addressing this long-standing issue, as we hope to equip the State with valuable information to enact policies that will empower small, local farms to market their product at its full value."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 183-22 was adopted and H.B. No. 1517, H.D. 2, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO COFFEE," passed Final Reading on the following showing of Ayes and Noes:

Senator Keith-Agaran rose to request that remarks in support of the measure be entered into the Journal.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President, I rise in strong support of this measure, which allocates \$200 million to the state school facilities authority exclusively for the purposes of supporting and expanding pre-kindergarten construction, renovation, and improvement. As we have known for many years, supporting pre-K is wise spending in the long term for the future of our state as a whole, and I am happy that we have been able to make a significant investment in the capacity of our facilities to accomplish this goal. I trust that the school facilities authority will be able to utilize the funds expeditiously and without waste. I do note that the funds authorized in this measure will

lapse if not encumbered by June 30, 2024. Mr. President, I urge my colleagues to support our keiki and support this bill.”

Conf. Com. Rep. No. 234-22 (H.B. No. 2024, H.D. 1, S.D. 2, C.D. 1):

Senator Kim moved that Conf. Com. Rep. No. 234-22 be adopted and H.B. No. 2024, H.D. 1, S.D. 2, C.D. 1 pass Final Reading, seconded by Senator Keith-Agaran.

Senator Kim rose to speak in support of the measure as follows:

“Mr. President: *mutual stewardship*—great buzzwords, but what does it mean? So I looked it up. *Mutual* is defined as ‘a partnership based on mutual respect and understanding.’ *Stewardship* is defined as ‘the job of supervising or taking care of something, such as an organization or property.’ *Mutual stewardship*, therefore, is a partnership based on mutual respect and understanding for the responsible stewardship of our public lands. Easier said than done.

“Mr. President, it appeared unlikely that this mutual stewardship concept would work when I was tasked with this bill over seven weeks ago. Opponents and proponents on governance of Mauna Kea and the future of astronomy were just too far apart. I was told we should just kill the bill because it was just too polarized. And so I challenged myself, and instead of asking, ‘How can no can?’ I asked, ‘Why can’t we?’ Why can’t we respect the culture and the ‘āina and still have a world-class astronomy program at the University of Hawai‘i? I was surprised that the brilliant minds at the university and the leadership did not read the tea leaves and put together a working group prior to this to avoid what we, the Legislature, had to do.

“I began with the belief that we can. See, I learned my Hawaiian values and love of Hawaiian storytelling from my Kumu Auntie Maiki Aiu. She instilled in me the need to perpetuate and respect our host culture. In fact, on Opening Day 39 years ago, she visited me and reminded me of the responsibility to perpetuate the values she taught. But I also believe in the science of astronomy. So did our Hawaiian ancestors, who were keen observers of the world around them and applied the skill to the sky as well as to the earth. They developed systems for agriculture and navigation which used the motions of the celestial bodies as a calendar and map. Like many peoples around the world from ancient times, Polynesians have been guided by the stars. The constellations move in predictable rhythms across the sky with mathematical precisions unchanging over the course of many human lifespans.

“Mr. President, the conference committee chose to work mutually toward mutual stewardship, recognizing that the status quo will ultimately create a greater divide. C.D. 1 incorporates most of our changes in our Senate Draft 1 and in Senate Draft 2. Most importantly, we retained the declaration that astronomy is a policy of the State and confirmed that with language that states, ‘The authority shall develop, negotiate, execute agreements that promote astronomy.’ This includes education, training, employment, and professional development opportunities for state residents. It goes even further to include \$350,000 to UH Hilo ‘Imiloa Center for K–12 public education programs in astronomy-related fields of learning. It also states, ‘It shall include observing time of not less than 7 percent that the university giving priority of the observing time to Hawai‘i students.’

"All of this would be done by the Mauna Kea Stewardship and Oversight Authority, an 11-member authority. It gives University of Hawai'i Board of Regents a seat on the authority. It gives the observatories a seat. It gives two Native Hawaiians of traditional and customary practices seats, the mayor of the Hawaiian Island a seat, plus six others. It requires that at least three members must be residents of the County of Hawai'i. The authority must establish offices at UH Hilo or elsewhere on Hawai'i island. It provides a framework for astronomy-related development on Mauna Kea to include a set of principles of returning the lands used for astronomy research to their natural state whenever observatories are decommissioned or no longer have research or educational value. These are just some of the highlights of this 50-page bill.

"Mr. President, know that all comments and emails submitted were read, and I tried to incorporate or address them into the drafts. I believe this mutual stewardship can and will work. Of course, it will depend on the human aspect of mutual respect and rest with the authority members, which is why we spent so much time on its makeup. The Senate will be tasked with confirming the members in the near future, and it will be our responsibility to confirm the inaugural set of members on the authority to provide this mutual and balanced governance. Mr. President, I'm proud to say that the House and Senate conferees managed to craft this bill with mutual understanding and respect for both sides of the issue and did so with no drama. I thank the members of the conference committee in the House and the Senate and the staff and all those who assisted in the process—it was the work of many hands. I urge my colleagues to support this bill. Mahalo."

Senator Inouye rose to speak in opposition to the measure as follows:

"There are many things that are still wrong with this bill. However, in the interest of time, I will only mention a few.

"The objective of this bill is to create the new Mauna Kea Stewardship and Oversight Authority with the responsibility to govern and manage the entire mountain, including astronomy at its summit. The creation of a new authority to assume jurisdiction over Mauna Kea is redundant. The current management and stewardship of Mauna Kea is already set in place through the University of Hawai'i and the Center for Mauna Kea Stewardship.

"People I talked to at the University of Hawai'i tell me there are problems with the five-year transitional timeline which forces UH to turn over the management of Mauna Kea to the new authority. With this comes complications such as having the university 'legally required to comply with all obligations' of the current lease and not being able to do anything else while serving as a 'lame-duck landlord.'

"UH is concerned with upcoming lease re-negotiations in 2034 after the current lease runs out. They are rightfully worried about the future of astronomy and the fate of its sublease partners, which consists of all the observatories presently on the summit, including the future of the proposed and approved Thirty Meter Telescope. What is to become of them?

"Doug Simons, the current director of astronomy, tells me that:

HB2024 CD1 would impact the TMT project's vested rights in terms of its land authorization and permit. The current Thirty Meter Telescope sublease issued by UH guarantees site control for TMT through 2033 and commits UH to use its best efforts to secure a new general lease so that a new sublease can be issued. Pursuant to the bill, UH would no longer be involved and the authority would issue a new lease to TMT no sooner than July 1, 2028, if it decides to do so. That would require the

authority to organize itself, create rules and processes, negotiate lease terms, and resolve any legal challenges. Similarly, the current CDUP for the project, issued to UH, would have to be replaced by a new permit or permits from the authority following the establishment of rules and processes and the resolution of any contested cases and judicial appeals.

"As one writer in a recent *Hawaii Tribune-Herald* letter stated, 'I am writing to express my horror and amazement that the Trojan Horse bill known as House Bill 2024 is under serious consideration for passage.'

"Mr. President, colleagues, this bill is a Trojan horse, indeed.

"After UH loses their original lease in 2033, upon which TMT and the other observatories are sublessees, astronomy will be back at square one, starting all over again. The costly setback for astronomy, Hawai'i's economy, and jobs related to the industry will probably be too much to bear.

"It's sad to say the loss and the hard work of the late Board of Regent Barry Taniguchi and the late Dr. Don Hall, one of the first directors of astronomy, whom I have worked with as a councilmember on my island in the '80s.

"There is no assurance that the new Mauna Kea Stewardship and Oversight Authority will guarantee that TMT, the University of Hawai'i, and other observatories will get new long-term leases. There will be too much politics involved in the new approval process. At that point, or maybe even earlier, TMT will likely give up and move away from Hawai'i.

"This bill will be the demise of a promising new world-class telescope that will complement the world-class observatories we already have.

"The casualty list will be long:

"The demise of our \$221 million a year astronomy industry. Astronomy itself brings in at least \$110 million annually to our state, \$68 million in labor income, and \$10 million in state tax revenues, according to a report today in the *Honolulu Star-Advertiser* by one of Hawai'i's most brilliant tech journalists.

"The decimation of astronomy will contribute to the loss of many jobs, not only in astronomy, but also in education, high tech, industry, and many support services, some of them small businesses, and the economic benefits to my island and the state.

"The demise of astronomy will also mean lost opportunities for future and the 'spillover effects' astronomy brings to our fragile economy: knowledge, expertise, and technology benefits.

"The ramifications of this bad bill will resonate throughout the worldwide astronomy, business, and scientific communities, even though the bill does declare 'support of astronomy to be a policy of the State.' How much of a commitment to astronomy do we truly have?

"The new authority will have to give equal or maybe even greater weight to the ecology and environment of the mountain, its natural resources, restricted access, human activities, traditional cultural practices, and more.

"DLNR brought up several concerns, including unclear oversight legal framework, unclear financial sustainability, and redundant managerial planning that are part of the bill's flaws. The restrictions on astronomy and the associated leases are a problem, as well as limitations on commercial use. And I totally agree as the chair of the Water and Land committee.

"In the end, the DLNR believes that Mauna Kea lands should remain protected under the present conservation district rules

under the oversight of the Board of Land and Natural Resources.

"Mr. President, these are just some of the major concerns I have about H.B. 2024, C.D. 1. Surely there are many more issues surrounding this bill, including the fact that we have to appropriate more than \$14 million for the creation of a new authority, micromanage observatory viewing time, among numerous legal concerns brought up by the attorney general's office, the potential political process in the nomination to board appointees, and much more.

"I must ask you, is Hawai'i as committed to astronomy as this bill would like you to believe?

"We must not let our highly respected, world-class astronomy industry wither and die due to short-sighted legislation such as this. Astronomy's contribution has remained steady in Hawai'i over the past decade. It is a reliable economic generator for Hawai'i, especially when compared to weather- and pest-prone agriculture and pandemic-afflicted, price-sensitive tourism. The stars and mostly good weather are always here, and astronomy can be here to support us in Hawai'i for generations to come.

"Colleagues, it's time for us to make a statement and stand up for astronomy and not allow H.B. 2024, C.D. 1 to pass. Thank you, Mr. President."

Senator Fevella rose to speak in strong support of the measure as follows:

"Colleagues, my 'ohana and I support this measure. But if we had our way, we would remove every single telescope on that mountain. But it's not our choice, and it's not the way we're going to do it. We need astronomy in Hawai'i. There are some of my colleagues who have misrepresented the purpose of this bill by saying we're trying to do away with astronomy. Fifty years of desecration under the management of UH that includes the contamination of our water sources, oil spills, and hydraulic spills. You name them. This was previously reported by Carroll Cox many times. But what I'm saying about Mauna Kea is it is a sacred, spiritual place for the people of Hawai'i. It's a place that reflects who we are and it defines our unique cultural inheritance.

"Colleagues, this bill is so complex and we're not going to agree on everything. To all my colleagues in the House, colleagues in the Senate, and I want to thank Senator Kim for talking with me throughout the process of this bill. Senate President and colleagues, we talked over, over, and over. It's not what a lot of people wanted in the bill, but we talk about education. During the 50 years this telescope was there, education was never a priority until we wanted to shut it down. Until we had the defenders out there, defending and protecting the mountain. All of a sudden, this was a great opportunity for our young astronomers to get their education. Not true. Why? Because the University of Hawai'i and their astronomy program is obsolete. So, again, with this bill, some of the old telescopes up there can be used. If not, they're going to decommission them, but can be used for educational process. What I like about this bill is it is going to insist on what the working group agreed to and put together. Of course, I cannot forget to thank the working group for putting its recommendation together.

"So, why is it important to have the Stewardship and Oversight Authority of Mauna Kea lands? It is because they're going to ensure that these things are processed and done rather than 50 years of lip service. Yes, astronomy, they bring a lot of money, but how many of our kids here—all of you raise your hands—went up to the observatories, had a great time camping, or had a good time at the observatory? Nobody that I know. And nobody that I know in Hilo. So, this measure will prioritize and change the dynamics and change the University of Hawai'i's

role of mismanaging that mountain for decades. And you want to talk politics? That's how they got the mountain: because it was a political move.

"So now that we have something that is workable, people still are saying that this is not good. Yes, it is not what we want at every level. It is not what my family wants. As I said, if we could have our way, that mountain would go back to its natural state. But astronomy is striving in Hawai'i, and it's very vital and important for our kids to learn that so they can stay here at home, go to school, have a great job, and we can start to prioritize astronomy for our keiki and not just foreigners. When they talk about jobs, none of my family members in Hilo had any jobs up there in constructing the telescopes. It was the Canadians. So we have to get the fact right when we talk about jobs and sustainability for Hawaiians. Yes, astronomy is key, and I support Senator Kim and my colleagues in the House and the Senate on this bill. But we still have a lot of work to do. It's a work in progress, and the working group did a great job in organizing this effort. So, again, colleagues and Senate President, I'm going to end with that. But, like I said, astronomy can strive only when the people of Hawai'i are totally involved, not left out. Thank you, Senate President."

Senator Riviere rose to speak in support of the measure as follows:

"I just want to thank the chair of Higher Ed for pulling together all the parties to work for a compromise solution. This is a really complicated issue. It's very emotional on all sides, and I just think the chair should be acknowledged for the great work she did in finding a way forward. I believe this mustn't necessarily be the end, but I think it's a step forward for reconciling all of the complexities of this question. Thank you."

The Chair expressed his thanks to the Higher Education chair.

Senator Fevella rose to speak in support of the measure as follows:

"Sorry, colleagues, I'm a little bit emotional. I also want to insert into the Journal my colleague Senator Donna Mercado Kim's comments into the Journal as my own because I could not have articulated as good as she did. But I love her for that and she did a good job, so can I insert those comments into the Journal?" (The Chair so ordered, by reference only.)

Senator Kim rose to speak in support of the measure as follows:

"I want to make remarks on the opposition that was stated. I want this body to know that we met with the UH president, and he did not oppose this current draft. To my knowledge, I have not received any opposition from the University of Hawai'i. Also, we addressed the written comments from the attorney general, from DLNR. Also, that the observatories, we received written support of this draft: except for the University of Hawai'i's observatories, all the other observatories did, in fact, write—not all of them, a majority of them—wrote in support. In fact, I heard verbally and in a letter from TMT that said that if we didn't do this mutual stewardship, then, eventually, they would leave Hawai'i because they do not want to be in conflict with the indigenous people; they do not want to be in conflict with the community, and that, eventually, it's not this bill that would kill astronomy, but it's the status quo. And so I just would like my colleagues to know that all effort was placed into this for a balanced approach. Thank you."

Senator Acasio rose to speak in opposition to the measure as follows:

"Colleagues, if we consider the incredible complexities in the history of Mauna Kea and the complexities in the perspectives

of our diverse community, we will understand that there are a multitude of layers to this decision before us, both seen and unseen. My decision today to vote in opposition is not simple. It is based on due diligence, lots of research, hours of discussion with many community members, community stakeholders, and rights holders. It is based on trust in the process and also in my intuition.

"I would like to continue in this discussion to acknowledge the diplomacy of those in the working group and their willingness to step forward and come to the table, to take cracks from community members and friends and family, again, because of those deep complexities and layers. I would like to acknowledge the chair of Higher Education because she sets an example as well in this same diplomacy—not fear-based politics—and she is an example in her deliberations around this in terms of reading the testimony, doing the research, reaching out, being open. She's an excellent example of leadership. Within this context, it's also very important to acknowledge all of the efforts put toward mutual understanding, relationship-building, consensus-making as these are huge and historical gains in civic discourse. There's a lot of healing and exposure around this extremely important topic by all sides and all involved. So, again, mahalo to the working group for their hours of meeting, time spent in research, deliberations, in the community—their work is invaluable.

"While I truly believe that the process that has brought this bill to us today to decide on is valuable and has huge implications for healing and shifting our state policy and issues surrounding land management into the future and in a direction that considers both the needs of the stakeholders and rights holders in our entire community, I do maintain a vote in opposition to the measure before me. I will be honest with this body: there are so many layers to this decision. I will be honest with my colleagues, with my constituents, with the people of Hawai'i—I am kānalua on this measure before us. It's not as simple as a 'yes' or a 'no,' and yet, 'reservations' does not begin to clarify the complexities into a single vote. I am confident that both chambers will pass this measure, and I am hopeful and confident that the continued process of this same civic discourse and future management will continue and we can implement the concerns of all stake- and rights holders for the future of Hawai'i. Thank you."

Senator Keohokalole rose to speak in support of the measure as follows:

"Mr. President, if this bill is a Trojan horse, then I'm afraid to report that Troy is already on fire. Doing nothing commits us to the status quo, which is an inevitable conflict that continues to hang over the mauna. And status quo right now has the TMT and the future of astronomy in Hawai'i on life support. I cannot promise that this bill fixes the conflict, but I can tell you that doing nothing right now fixes nothing, so I ask you to support the bill. Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 234-22 was adopted and H.B. No. 2024, H.D. 1, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MAUNA KEA," passed Final Reading on the following showing of Ayes and Noes:

Senator Taniguchi rose to speak in support of the measure as follows:

"Fellow senators, this Senate bill establishes a state-facilitated payroll deduction retirement savings plan. The plan will be available for private-sector employees in Hawai'i who do not have access to employer-sponsored retirement plans. Nearly two out of three Hawai'i employers do not provide retirement plans for their workers. This measure will affect more than 200,000 Hawai'i workers who are currently without an employer-sponsored retirement plan. Hawai'i residents with insufficient retirement savings are projected to cost state taxpayers between \$1 billion to \$2 billion during the next 15 years.

"The Senate version of this measure called for an automatic enrollment or opt-out of all workers. Low-income and younger workers are three times more likely to participate in an employer's retirement plan if it has an automatic enrollment feature. Automatic enrollment is recognized to be the best practice for maximizing employee participation. While we are disappointed that the Senate's automatic enrollment feature was not included in Conference Draft 1, I am pleased that the House Finance chair has been able to include an incentive for workers to enroll in the plan. Although the conference draft requires employees to opt in, or elect to participate in the retirement plan, it provides up to \$500 in matching funds to the first 50,000 covered workers who participate in the program for 12 consecutive months after initial enrollment.

"Colleagues, this retirement savings program is a visionary approach to helping Hawai'i's residents plan for retirement. This is a long-term project that will benefit working families as they experience compounded savings growth over the next 15 to 20 years. The program will need to be tweaked in the years to come, but the program's basic structure will be in place, and it will provide retirement security for a large majority of Hawai'i's workers. I urge you all to vote in support of Senate Bill 3289, Conference Draft 1. Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 249-22 was adopted and S.B. No. 3289, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HAWAII RETIREMENT SAVINGS," passed Final Reading on the following showing of Ayes and Noes:

We know that we have an aging population, and if one can’t hear, one really cannot be engaged and involved in a community, so I think this measure is very important for that regard. At this time, Senator Kidani commented that, over the last several school days, students have been bringing home reminders to their families that this week had been designated Teacher Appreciation Week. Senator Kidani noted that for much of 2020, teachers had been critical in providing continuing education through remote learning, and that parents who had been home to monitor long-distance classwork had gained a new appreciation for the hard work teachers put in every day with their students. Senator Kidani further noted that teachers had had to adapt to technology, create new lesson plans, and find new ways to connect with students to make sure keiki continued to grow and thrive even under the most difficult of circumstances. Senator Kidani explained that when students returned to classrooms in 2021, prioritizing students’ welfare, health, and safety had been given added weight to teachers’ responsibilities. Senator Kidani commented that isolation, masking, and other safety protocols impacted students’ mental health, and test results showed that the turmoil of the last two years had taken its toll on student academic achievement, and that in these times of high anxiety, teachers have been threatened and suffered verbal abuse but continued to work even harder to help students catch up and persevere. Senator Kidani noted that, in many ways, teaching was the most important profession in society, and that teachers impart knowledge, inspire students to success, and build futures. Senator Kidani reminded her colleagues that they were obligated to respect teachers not only this week but every day of every week. Senator Kidani explained that, as chair of the Committee on Education, she was grateful to her colleagues for the investments in successful futures they had made in the

budget and in bills they had passed that day. Senator Kidani highlighted the importance of measures such as S.B. No. 2184, which would fund various aspects of digital instruction and learning, and S.B. No. 2819, which would finally amend statute to assure that teachers were fairly compensated and duly rewarded for professional development initiatives that ultimately benefit students. Senator Kidani noted that the members had had an historic opportunity to support the public education system that year, and that she believed they had done so while addressing many other critical needs to build a better Hawai‘i.

Senator Nishihara reminded the members that May 13th would mark the end of the Senate’s Foodbank drive.

The Chair extended his thanks to Senator Nishihara for coordinating the drive on behalf of the Senate.

Senator Nishihara noted that his staff would continue to collect items for the drive up until May 13th.

The Chair announced that the leadership meeting scheduled for immediately after adjournment had been canceled in lieu of a potential lunch that would be provided by several colleagues.

The Chair then made the following comments:

“To each and every one of you and to all of your staff, to all of our support agencies’ staff: I can’t express the gratitude and appreciation that I’ve had as you have practiced safety protocols and tried to ensure that we would not be affected by COVID in a way that disrupted our ability to do our business, and as we have finished the 59th legislative day and come to this conclusion, the second announcement is, on Thursday, for Sine Die, in the Senate chamber and gallery, we will have a mask-optional policy for the last day.”

ADJOURNMENT

At 12:44 p.m., on motion by Senator DeCoite, seconded by Senator Fevella and carried, the Senate adjourned until 10:00 a.m., Thursday, May 5, 2022.

The Chair noted, in good humor, that the members would be checking if the toffee actually got to Senator Taniguchi's grandson after the Senate adjourned.

At this time, Senator Kim introduced Dr. Laurie Tochiki, newly confirmed member of the Board of Regents of the University of Hawaii'i, who was seated in the gallery. Senator Kim noted that Dr. Tochiki was an alumna of Waipahu High School and Whitman College who holds two graduate degrees from the University of Hawaii'i: a juris doctor from William S. Richardson School of Law and a doctor of philosophy from the College of Education. Senator Kim explained that Dr. Tochiki was very familiar with the issues and concerns facing the University, having served on the law school faculty in many capacities over the years, including assistant and adjunct professor, lecturer, associate dean for student services, and director of child welfare projects. Senator Kim further explained that Dr. Tochiki had also lent her legal experience to the judiciary as a law clerk, research analyst, and family court volunteer coordinator. Senator Kim noted that Dr. Tochiki has been the president and CEO of EPIC 'Ohana for the past decade, clarifying that EPIC is an acronym for "Effective Planning and Innovative Communication," and that the company provides management, leadership, and direction for more than 40 entities serving Native Hawaiian children. Senator Kim commented that Dr. Tochiki oversees a multimillion-dollar annual budget and nearly 100 full- or part-time employees statewide. Senator Kim related that Dr. Tochiki's experience in an administrative and educational background with the University and her work as a member of the faculty of the law school gave her a breadth and depth of knowledge that would hold her in good stead as a regent. Senator Kim concluded that the Committee on Higher Education was confident that Dr. Tochiki could contribute the ideas and know-how to strengthening the University governance and accountability while continuing to better the lives of those it serves.

Senator Kim then introduced Gabriel Lee, newly confirmed member of the Board of Regents of the University of Hawaii'i, who was also present in the gallery. Senator Kim noted that Mr. Lee would bring to his public responsibilities a distinguished career in the financial services industry. Senator Kim explained that Mr. Lee was an executive vice president of commercial markets for American Savings Bank and, prior to that, had been a vice president at First Hawaiian Bank and Bank of Hawaii. Senator Kim commented that Mr. Lee was an alumnus of Saint Louis School and the University of Hawaii'i, with a graduate education from Dartmouth College. Senator Kim noted that the University was a family affair for the Lees: Mr. Lee and his wife, Shirley, were both alumni of the school, and his daughter was a recent graduate of the law school. Senator Kim commented that Mr. Lee was active in the community through his service with the Boy Scouts of America, Aloha Council, and Diamond Head Theatre, as well as leadership positions with many prominent civic and philanthropic organizations. Senator Kim noted that the Committee on Higher Education believed that Mr. Lee's background in finance, strong leadership experience, and extensive record of governance and oversight in the nonprofit sector would bring a fresh perspective with a welcome source of expertise to the affairs of the University. Senator Kim concluded that Mr. Lee was a praiseworthy member of the Board of Regents, and she extended congratulations on behalf of the Higher Education committee.

Senator Kim then acknowledged her office manager, Lisa Vargas, who had been with her for many years.

"For our guests in the gallery: when we amended some of the bills on Tuesday, by law, we're required to have the bills sit for 48 hours. The last amendment was completed at 10:45, so while we may start voting on a few of the bills, I'm going to call for a short recess, so if the members need to use the facilities or take a quick selfie with some of their departing members, you can do so, if you'd like to stretch your legs a little in the gallery, and we'll reconvene at 10:45."

FINAL READING

Conf. Com. Rep. No. 253-22 (H.B. No. 1147, S.D. 1, C.D. 1):

Senator Dela Cruz moved that Conf. Com. Rep. No. 253-22 be adopted and H.B. No. 1147, S.D. 1, C.D. 1 pass Final Reading, seconded by Senator Keith-Agaran.

Senator Fevella rose to speak in support of the measure as follows:

"Colleagues, we have repeatedly said the visitor industry is an important sector of Hawai'i's economy. The fact is it provides a significant share of the state tax revenues and provides employment opportunity with kama'aina families. There are also challenges associated with this industry. There are community concerns about the need to protect our cultural and our natural resources. The Hawai'i Tourism Authority has responded by changing course from a marketing focus to destination management and visitor education. This appropriation will help HTA with the ability to show progress on the implementation of the destination management action plan. Thank you, Senate President."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 253-22 was adopted and H.B. No. 1147, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 254-22 (H.B. No. 2466, H.D. 2, S.D. 1, C.D. 1):

Senator Gabbard moved that Conf. Com. Rep. No. 254-22 be adopted and H.B. No. 2466, H.D. 2, S.D. 1, C.D. 1 pass Final Reading, seconded by Senator Shimabukuro.

Senator Fevella rose to speak in strong support of the measure as follows:

"Colleagues, I support this measure because it'll help the taro farmers to increase their production of unprocessed taro by exempting the taro farmers from paying tax on their income. This tax exemption is a statement that we, as legislators, support native traditional food cultivation, that we support farmers, and that we support food security for Hawai'i's people. This bill will create economic incentives for taro farmers to build up their farming capacity, compete with imports, and reduce the cost of poi for our local families. This measure before us, Senate President and colleagues, is one that I really ask if we can show our support for our taro farmers. Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 254-22 was adopted and H.B. No. 2466, H.D. 2, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TARO," passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 255-22 (H.B. No. 2511, H.D. 2, S.D. 2, C.D. 1):

Senator Shimabukuro moved that Conf. Com. Rep. No. 255-22 be adopted and H.B. No. 2511, H.D. 2, S.D. 2, C.D. 1 pass Final Reading, seconded by Senator Keohokalole.

Senator Shimabukuro rose to speak in support of the measure as follows:

"As the Wai'anae Coast legislator representing the region with the highest concentration of Native Hawaiians in the world outside of Ni'ihau, we have always felt like the forgotten people. Well, today is clear proof that the State has not forgotten the Hawaiians. The \$600 million into H.B. 2511 is the largest one-time infusion of state money to DHHL in history. Mahalo for showing our host culture that there is no Hawai'i without them. Thank you."

Senator Fevella rose to speak in strong support of the measure as follows:

"I'm in strong support of this bill, Senate President. This is a measure we always said here in the Legislature: we're putting our money where our mouth is by putting Hawaiians first, Hawaiian products first, and Hawaiian issues first. Every day we wake up, it is about a Hawaiian issue. Going forward, now we can level the playing field for the Hawaiians who have and the Hawaiians who have not in Hawai'i. This is a very important piece of legislation that is before us. I am so proud to be part of this body, to be part of this effort and to just be here. Senate President, I just thank you all, colleagues, and ask you to continue to support this bill. Thank you."

Senator Kanuha rose to request that remarks in support of the measure be entered into the Journal.

The Chair having so ordered, Senator Kanuha's remarks read as follows:

"Mr. President, I rise in strong support of H.B. No. 2511, H.D. 2, S.D. 2, C.D. 1.

"In 1920, the U.S. Congress passed the Hawaiian Homes Commission Act (HHCA), which set aside lands for Native Hawaiians to provide stability, financial equity, and economic

self-sufficiency for our State's host culture. However, since the enactment of the HHCA, the Department of Hawaiian Home Lands (DHHL) has been historically underfunded, and the State has struggled to award land or leases to beneficiaries.

"As outlined by Article XIII of the Constitution of the State of Hawai'i, the State has a fiduciary obligation to its HHCA beneficiaries. With an estimated 28,000 individuals currently on DHHL's applicant waiting list, many beneficiaries—including some of my own 'ohana—have regrettably passed away while waiting for the State to fulfill its obligation to them.

"This year's considerable budget surplus has presented us with a unique opportunity to set an important precedent that prioritizes the needs of our Native Hawaiian community. As our State currently faces an affordable housing crisis, this \$600 million infusion of funds will empower DHHL to develop home for kānaka maoli, while simultaneously providing other options such as mortgage down payment and/or rental assistance for beneficiaries on DHHL's applicant wait list.

"Thus, I strongly believe that H.B. No. 2511, H.D. 2, S.D. 2, C.D. 1 represents a historic commitment by the Legislature to the Native Hawaiian community and will result in transformative change for the future of our keiki. I look forward to working with DHHL to reaffirm our shared commitment to ensure Native Hawaiians can live and prosper in our State, as we work to further protect, preserve, and perpetuate the unique cultural history of Hawai'i."

Senator DeCoite rose to request that remarks in strong support of the measure be entered into the Journal.

The Chair having so ordered, Senator DeCoite's remarks read as follows:

"This unprecedented level of funding is a monumental step towards our commitment to Native Hawaiians and the Beneficiaries of the Department of Hawaiian Home Lands. It is my hope that the department works swiftly to utilize this funding in a way that will benefit the most of their beneficiaries to address the thousands on the waitlist.

"While these are monumental steps in addressing long-standing issues, there is still much more work to be done"

Senator San Buenaventura rose to request that remarks in support of the measure be entered into the Journal.

The Chair having so ordered, Senator San Buenaventura's remarks read as follows:

"I stand in strong support. Where Native Hawaiians comprise a significant portion of the homeless community, the moneys in this bill will significantly help this population as there is a correlation between the ability of the homeless to find permanent housing and the availability of affordable housing."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 255-22 was adopted and H.B. No. 2511, H.D. 2, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF HAWAIIAN HOME LANDS," passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At this time, Senator Keohokalole acknowledged the presence of two guests in the gallery, noting his belief that they were there to make sure H.B. No. 2511, H.D. 2, S.D. 2, C.D. 1 would pass. Seated in the gallery were Hailama Farden, president of the Association of Hawaiian Civic Clubs, and Tyler Iokepa Gomes, deputy director of the Department of Hawaiian Home Lands, to whom the lāhui owed a great debt of gratitude for all of his hard work, effort, and, above all, trying.

H.B. No. 2512, H.D. 2, S.D. 2, C.D. 2:

Senator San Buenaventura moved that H.B. No. 2512, H.D. 2, S.D. 2, C.D. 2 pass Final Reading, seconded by Senator Kanuha.

Senator San Buenaventura rose to speak in strong support of the measure as follows:

"I rise in support of H.B. 2512, Ohana Zones. Mr. President, we passed the first Ohana Zones bill in 2018, a year infamous for the number of federal disasters that befell the state. On the last day of the 2018 session, May 3, 2018, we passed a \$100 million disaster relief bill to help Kaua'i, your island, and that afternoon, the first fissure opened up in Leilani Estates, my district—the start of a lava disaster that ended with 800 homes destroyed and thousands evacuated. In June that year, I begged the governor to sign the Ohana Zones bill, which would release \$30 million to create temporary homes, which could be used for all those evacuated on our islands. He refused. It took the administration a year to realize the benefits of the Ohana Zones program: the temporary shelters would wrap around services that refer the homeless to benefits and bridge homes that is available to them. By 2019, the increased services reduced the homeless population by 15 percent, and when the COVID-19 pandemic hit us in 2020, Ohana Zones moneys were available to create microshelters and pay for hotel rooms to reduce the congregate settings as a result. As a result, we had no case of COVID-19 infection in the homeless population that was housed in Ohana Zones settings.

"Mr. President, we started this session stating the state Senate's commitment to end homelessness. Ohana Zones funding is a start, but to truly end homelessness, we need to increase mental health treatment and provide housing affordable for those who work as clerks, cashiers, waiters, security guards, and it was heartbreaking when my committee went on a site visit to the HONUs at Wai'anae and Ke'ehi Lagoon in the interim, and we saw residents who had work dressing up to go to work, but they could not afford the rentals on O'ahu.

"So, I'm thankful not only for the passage of this bill but for the \$23 million in housing subsidies for the TANF families, the additional \$500,000 in rental assistance—these shallow subsidies prevent families on the edge from being homeless—and also the \$41.5 million to DHHL to develop rental housing because Native Hawaiians are disproportionately shown among our homeless population. These moneys, of course, are in addition to the millions in Housing First and in Rental Housing Revolving Fund that we provided. It will take more than money to end homelessness, but creating temporary housing is a first step, and I'm thankful to this body and the Ways and Means chair and the Ways and Means committee for making this first step possible. Thank you."

The Chair commented:

"I just have an addition to your remarks: on that last day of session, we also had appropriated \$18 million or \$23 million for East O'ahu, which had suffered significantly from the flooding as well, so we don't want to leave the Housing committee chair's district out of the remarks as they needed the help and they got the help from the Legislature."

Senator Fevella rose to speak in support of the measure as follows:

"Colleagues, I support an extension of the Ohana Zone project because it addresses the need for housing of our houseless individuals. The governor's emergency proclamation of houseless waived a number of statutory provisions, for example, HRS Chapter 103D, our procurement code, and HRS Chapter 104, wages and hours of our employees of public works projects.

"I know by waiving certain requirements, this can result in significant savings in time and expenses to any affordable for projects for housing. But we must still recognize that there are certain requirements that should not be exempt. This is why I am pleased that the version of the bill before us has deleted from the list exemptions of Chapter 104. Why should we do these projects at the expense of our working people by exempting prevailing wages from these projects. And even though exemptions related to procurement code remains in the bill, I look forward to the opportunity to revisit this item in the future. Thank you, Senate President."

Senator Inouye rose to speak in support of the measure as follows:

"May I have the remarks of the senator of District 2 be entered into the Journal as if it was mine? Thank you." (The Chair so ordered, by reference only.)

The motion was put by the Chair and carried, H.B. No. 2512, H.D. 2, S.D. 2, C.D. 2, entitled: "A BILL FOR AN ACT RELATING TO OHANA ZONES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

H.B. No. 1800, H.D. 2, S.D. 2, C.D. 2:

On motion by Senator Dela Cruz, seconded by Senator Gabbard and carried, H.B. No. 1800, H.D. 2, S.D. 2, C.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CLIMATE MITIGATION," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

H.B. No. 2424, H.D. 1, S.D. 2, C.D. 2:

Senator San Buenaventura moved that H.B. No. 2424, H.D. 1, S.D. 2, C.D. 2 pass Final Reading, seconded by Senator Kanuha.

Senator San Buenaventura rose to speak in support of the measure as follows:

"A student emailed me, asking what we were doing to stop child abuse, so it made me reflect on the substantive bills and budget we passed this year. This year was not only a banner year for Native Hawaiians and housing, but we also did a lot to support families and prevent child abuse. The media focused on H.B. 2424 as a legislator's silver bullet, and in many ways, it is. This bill does not attack the wrongdoers; the penal code, law enforcement will do that. With an unprecedented infusion of \$8 million in addition to the re-funding of vacant positions in the budget, this bill supports embattled social workers whose difficult duties require them to ensure that the children under their care remain safe. DHS has had a difficult time retaining these social workers and filling the 20 percent vacancy. To retain good social workers, H.B. 2424 increases their salary with pay differentials subject to collective bargaining and further allows DHS to provide incentives, like scholarships, to attract new social workers and investigators to fill the long-term vacant positions. H.B. 2424 also supports good resource caregivers, or foster parents. Therapeutic foster homes are few and far between because those resource caregivers care for the most traumatized, emotionally damaged children. This bill provides for incentives to recruit, vet, train, and provide continued support to resource caregivers so that these children need not be shuttled from home to home, nor have their siblings separated from them. Removing children from their homes should be the last resort as it further traumatizes them.

"To support good parents but whose addictions or circumstances, like working multiple jobs, may lead them to

neglect their children, we increase support for Family First programs. A benign bill, like S.B. 1137 we passed Monday, which increases the Spouse and Child Abuse Special Fund ceiling to \$5 million, actually goes a long way to getting matching federal funds to develop these Family First programs and keep a family intact but also ensure the safety of the vulnerable from domestic violence. S.B. 2641, which is a penal reform bill, also allows children to remain with women on furlough or in therapeutic programs. For families who are stressed and may slip into violence, a pilot program created in S.B. 3111, Family Resource Centers, guides them to available services and supports. To ensure that others are present to help care or keep eyes on our children, we passed an unprecedented budget allowance of \$100 million for child care and support for early childhood educators and a child wellness pilot program in S.B. 2857 we passed on Tuesday of over \$4 million. To ensure older children can safely remove themselves from abusive situations, we passed S.B. 3235, Safe Spaces for Youth, and allocated \$1 million in CIP in the budget for Hale Kipa, Pearl Haven youth emergency shelters and for sex traffic victims. To ensure that what we are doing is enough to stop abuse, H.B. 2424 has a working group chaired by nonprofits—not DHS—who deal hands-on with those accused of abuse and abused children, and they are empowered to report and recommend. We also passed on Tuesday S.C.R. 102 for the auditor to review DHS policies, procedures, and processes to ensure child safety.

"Colleagues, when people ask you what you did to stop child abuse this year, you can hold your heads up and tell them of all the bills we passed this year and that we've also put into place watchdogs—third-party nonprofits and the auditor—to ensure that the DHS programs we funded fulfill their purposes so that children like Ariel Sellers or Peter Boy Kema will be famous for what they have achieved as healthy adults and not because of the circumstances of their death. For all the above, I would like to thank again House Finance chair and Senate Ways and Means and what the supporters have done to make all of this possible. Thank you."

The motion was put by the Chair and carried, H.B. No. 2424, H.D. 1, S.D. 2, C.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CHILD WELFARE SERVICES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

S.B. No. 3338, S.D. 2, H.D. 1:

Senator Taniguchi moved that S.B. No. 3338, S.D. 2, H.D. 1 pass Final Reading, seconded by Senator DeCoite.

Senator DeCoite rose to speak in support of the measure as follows:

“As most of you know, Senate Bill 3338, Senate Draft 2, House Draft 1—the Kalaupapa Memorial funding bill—we will give approval for today, was proposed by Ka ‘Ohana O Kalaupapa. Ka ‘Ohana is a nonprofit Native Hawaiian organization that has been authorized by Congress to establish the Kalaupapa Memorial. They have been working diligently for nearly 20 years to see this memorial come to life. I think all of us at the Legislature know how hard they have worked to get this bill passed.

“The representatives of Ka ‘Ohana attending today are in the gallery and holding up photographs of their descendants or other past Ka ‘Ohana leaders who have passed away. We have:

- Charmaine Woodward, president of the ‘Ohana and the great-granddaughter of Kalaupapa David Kamahana, who had a successful business at Kalaupapa, and his wife, Alana Ahlo;
- Charmaine’s son Nainoa is here today as well, if you’ll please rise;
- Also attending with Charmaine are her parents, Margaret Wong and David Wong, the grandson of David Kamahana and Alana Ahlo;
- Valerie Monson, a founding member of Ka ‘Ohana, who is serving as the executive director;
- Kehaulani Lum, a member of the ‘Ohana board and memorial committee—she’s the great-great-niece of Kalaupapa artist and musician Henry Nalaeleua;
- Wally Inglis, a founding member of Ka ‘Ohana and guardian of close friends of Bernard Punikai’a, whose idea led to the organization of Ka ‘Ohana O Kalaupapa;
- Hitoshi Hida, retired architect of G70 International, who imagined the design of Kalaupapa Memorial and the meaning behind the interlocking circles; and
- DeGray Vanderbilt, a founding member of Ka ‘Ohana and the member of memorial committee who serves as the legislative liaison.

“I want to thank all of you, and I also want to thank DeGray, who’s been pounding on everybody’s door, even when we’re like, ‘We got it, DeGray.’ So I want to thank you. Also want to send out a big mahalo to Senator Taniguchi’s office and Tom and everybody from his staff who has been working hard on this as well as the chair from Senate Ways and Means, Senator Donovan Dela Cruz, and the chair of the Finance committee, Sylvia Luke, as well as my colleagues on both sides of the chambers to support this bill. Mahalo, Senate President. Mahalo, thank you.”

Senator Baker rose to speak in strong support of the measure as follows:

“I had the pleasure, when I first started in the Legislature, of representing Moloka‘i and Kalaupapa: wonderful, wonderful people. And although there’s tragedy in their history, with people populating the island after being thrown off of ships and people not understanding that the disease of leprosy could be—or Hansen’s disease, as it’s called today—could be cured. But the folks at Kalaupapa persisted. They had a wonderful, thriving village there, a wonderful place to get liquid refreshment, and, of course, they participate in our electoral process. So I’m so

glad that we are finally recognizing some of that wonderful history and the people who gave their lives on that island to make sure that it could continue to live and thrive and be a vibrant part of our community. I appreciate all the folks at Kalaupapa. I’m glad I had the opportunity to represent you and, of course, you’re in great hands with Senator DeCoite. Mahalo.”

Senator Taniguchi rose to request that remarks in strong support of the measure be entered into the Journal.

The Chair having so ordered, Senator Taniguchi’s remarks read as follows:

“I strongly support the passage of Senate Bill 3338, S.D. 2, H.D. 1 to appropriate \$5,000,000 in general revenues for the design, planning, and construction of the Kalaupapa Memorial.

“In the late 1800s, leprosy, now known as Hansen’s disease, was little understood and believed to be a highly contagious, incurable disease. As a result, individuals diagnosed with the disease were often isolated from their families and communities to remote settlements, resulting in the deprivation of fundamental civil liberties such as the right to work, travel freely and see loved ones, vote, and raise families of their own.

“In Hawaii, the Legislature passed a law in 1866 that resulted in the designation of Kalawao County on the island of Molokai as the site for isolating Hansen’s disease patients, where individuals who were seriously affected by the disease could be quarantined. During the following century until the law’s repeal in 1969, approximately 8,000 men, women, and children were separated from their loved ones and forcibly relocated to isolation on Molokai’s Kalaupapa peninsula, often for the remainder of their lives.

“Many of these individuals are left out of the history of Kalaupapa today, as less than 1,000 of the persons who died at Kalaupapa still have a marked grave that can be identified. More than 7,000 lie in unmarked graves, and their names are no longer part of the landscape where they lived together and built a community under the most difficult of circumstances.

“The Memorial would serve as a commemorative tombstone for these thousands of people, more than 90 percent of whom were Native Hawaiians, to ensure that their names are not forgotten, but are honored as an integral part of the history that they helped to create. The Kalaupapa Memorial will restore these names to their family histories, to the history of Kalaupapa, and to the history of Hawaii.

“The Memorial is intended to serve as a place of healing and reconnection for the families and their descendants; and as a place of reflection and learning for all persons who visit the site and experience the compelling elements of the history of Kalaupapa -- the enduring strength, resilience, and humanity of its people; the beauty of its natural setting on the north coast of Molokai; and its geographic isolation.

“The United States Congress passed The Kalaupapa Memorial Act that was signed by President Barack Obama in 2009, authorizing Ka ‘Ohana O Kalaupapa (founded in 2003) to establish the Memorial. Since that time, the ‘Ohana has been involved in federal and state compliance processes; assembled a strong Memorial Committee that created an engaging and meaningful design; compiled the names of nearly 8,000 people who were sent to Kalaupapa; and developed a fundraising strategy.

“The Memorial design concept is composed of two circles: the Mauka circle representing the 8,000 people with Hansen’s disease who were sent away to the isolation of Kalaupapa; and the Makai circle representing the families who were left behind. The two circles are juxtaposed together at the middle to

reconnect those who had been separated forever. Suggestive of an embrace, a stone wall will surround most of the Mauka circle and have inscribed onto it all of the names of the Kalaupapa residents.

"I wish to acknowledge the many persons who submitted written and oral testimony in support of Senate Bill 3338, including Kalaupapa residents and their descendants who shared the stories of their relatives and stated the need to honor their sacrifices by remembering their names.

"I also wish to acknowledge the sustained efforts of the leadership and members of Ka 'Ohana O Kalaupapa, including long-time President (2009-2021) Clarence 'Boogie' Kahilihiwa – a Kalaupapa patient resident who passed away on March 5, 2021 at age 79; Director Valerie Monson; and especially Director and Secretary DeGray Vanderbilt, who championed the idea and coordinated the advocacy necessary with the members of the Hawaii State Legislature to realize the creation of the Kalaupapa Memorial.

"I strongly urge my colleagues to vote in support of Senate Bill 3338, S.D. 2, H.D. 1."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 3338, S.D. 2, and S.B. MISCELLANEOUS BUSINESS

SENATE RESOLUTIONS

The following resolutions (S.R. Nos. 220 to 222) were read by the Clerk and were disposed of as follows:

S.R. No. 220 "SENATE RESOLUTION REGARDING COMPLETION OF THE WORK OF THE THIRTY-FIRST LEGISLATURE, REGULAR SESSION OF 2022, SUBSEQUENT TO THE ADJOURNMENT THEREOF."

Offered by: Senator Kanuha.

On motion by Senator DeCoite, seconded by Senator Fevella and carried, S.R. No. 220 was adopted.

S.R. No. 221 "SENATE RESOLUTION RETURNING ALL BILLS, CONCURRENT RESOLUTIONS, AND RESOLUTIONS TO THE CLERK'S DESK."

Offered by: Senator Kanuha.

On motion by Senator DeCoite, seconded by Senator Fevella and carried, S.R. No. 221 was adopted.

S.R. No. 222 "SENATE RESOLUTION INFORMING THE HOUSE AND GOVERNOR THAT THE SENATE IS READY TO ADJOURN SINE DIE."

Offered by: Senator Kanuha.

On motion by Senator DeCoite, seconded by Senator Fevella and carried, S.R. No. 222 was adopted.

At this time, the Chair announced:

"Members, what we will do next, with the announced retirements of three of our members, is offer the Minority Leader an opportunity if he has closing comments; I will have closing comments, and then we will recognize our three retiring senators. We're going to go on the recognition by junior years of service to senior years of service, so when we get to that portion, we'll be recognizing Senator Nishihara first, Senator Baker second. We'll do Senator Taniguchi last because he has the largest crowd, and we'd like to keep the gallery full until we get to the end."

Senator Fevella rose to speak on a point of personal privilege as follows:

"Senate President, I have four bills on the 'non-fiscal consent' and 'fiscal consent' calendar and one bill on the 'non-fiscal ordinary' calendar on Tuesday, May 3, 2022, that I wish to enter comments in the Journal: Senate Bill 2819, S.D. 2,

H.D. 2, C.D. 1; Senate Bill 2821, S.D. 2, H.D. 1, C.D. 1; Senate Bill 3054, S.D. 1, H.D. 1, C.D. 1; House Bill 1982, H.D. 2, S.D. 2, C.D. 1; House Bill 2075, H.D. 1, S.D. 1, C.D. 1. Thank you, Senate President.”

Senate President Kouchi addressed the members of the Senate as follows:

“In closing, I’d like to say that the Majority Leader will be working with the Communications team and the Senate Vice President on the press release giving us a score as it relates to the Majority priorities, or the Senate priorities (I’m sorry, Senator Fevella, as you agreed with the priorities as they were laid out). So we’re going to have that issued, so I want to be clear that the remarks I’m about to give simply relate to me getting a copy of what I said on Opening Day personally, and so I’m going to give myself my own report card, so as you might imagine, I’m going to get a pretty good grade because I’m in charge.

“What I’d like to begin by saying is, to all of the members, myself included, we all deserve a big pat on the back. On the first four bills today, I thought we were running the Senator Fevella show as he got up in strong support of each of those items, but it goes to the bipartisan way that we have worked and to ensure that everyone’s voice matters; everyone’s voice counts as we do our work here in the Senate. And as we look at what is happening nationally and the divisiveness of the national politics in Washington, D.C., and we see the unrest and the war in Ukraine with the Russians, it is refreshing to be a role model to at least the citizens here in Hawai‘i about how we can work together and, through cooperation, what we can achieve.

“I’m proud today to have in the gallery my eldest son, Dan. He returned to Hawai‘i in 2019 and promptly made the front page of the *Star-Advertiser* by taking a job with the Hawaii Chamber of Commerce, and I was supposed to have killed the minimum wage bill for him. I am glad to report that we have succeeded in getting one passed. He got married in the end of March to a young lady from Maui who is now doing great work for the Department of Health and has been featured in many of the Red Hill comments from the Department of Health as we try to make sure that the drinking water is safe for the residents here on O‘ahu. Next to my wife, Joy, on the other side, is my younger son, Egan, who works quietly in the background on Kaua‘i, but he is married to a middle school teacher, and she is the middle school teacher who runs the Ma‘i Movement pilot project on Kaua‘i and the young woman who really educated me on the importance of the issue and why we need to do it. And then, certainly, my wife, Joy, in the middle of our two sons, who has been so supportive of me being here and allowing me to do this work.

“I had to add all of that in, Senator San Buenaventura, because you wiped out half of my speech, and I’m so glad that you did because I talked about homelessness, and I talked about how Ohana Zones would be a tool because of the flexibility in each county responding in an appropriate way for their county and not a cookie-cutter, one-size-fits-all solution and how we had to work on mental health services, and you’ve done a great job in articulating the work that we succeeded in doing here this past session. And I talked about affordable housing, and with the \$1 billion commitment to affordable housing, the Legislature has made a strong statement about trying to get more and more affordable units for our residents here.

“I talked about Farm to School, and in the budget we just passed was \$6 million to acquire an existing facility on the Mānā Plain that is on leased land by the ADC. They are creating a partnership with Waimea High School, where they will be able to, on this 10-acre site, have a lo‘i with taro and show cultural and traditional ways in which the Hawaiian community farmed. And they also have robotic equipment in the facility so

that we will be in the 21st century with robotic agricultural farming. And they have partnered with Kamehameha Schools Bishop Estate, and so they are looking at creating a model of how we work with the nonprofit and with all of the farming entities that are on the Mānā Plain to enhance our Farm to School program, to enhance our food security, and, ultimately, we will probably be coming forward for an appropriation to create a processing facility, where we’ll take all of the food that’s being grown on the Mānā Plain in West Kaua‘i and run it through the processing facility so that the students at Waimea High School will have an opportunity to learn about those jobs. And in that processing, you take the waste and you put it into a biodigester and create either feed for livestock or fertilizer, and you create energy to help pay the cost of operating the facility—a truly sustainable effort and community-based, and I’m excited about what is going to happen on the Mānā Plain.

“We talked about broadband and allowing our students to compete with anybody in the world, and with the \$109 million we have committed to broadband infrastructure projects statewide, this is going to be amazing, and I did say I had supreme confidence in the Education chair as to the commitment we have for education. One of the things that she’s worked tirelessly on and partnered with the Housing committee chair and the Ways and Means chair is to try and get more affordably priced units for teachers, and one of the biggest stumbling blocks we have in retaining teachers is having that ability for them to find housing that they can afford, and she has worked hard to make sure that there is money in there to pilot projects and develop projects that we are going to be able to offer to teachers. And, more importantly, obviously, is just to get them paid a fair salary, and she has done great work in trying to make sure that we have compensated teachers in a way that express how much we value them, how important they are, and we hope that they will have a long career in the Department of Education.

“I talked about the minimum wage, and I’m glad to see, Senator Taniguchi, in what appears to be your last session, that we were able to get it to the finish line. We’re going to get to \$18 by 2028. The earned income tax credit is part of the package, so that’s another little over \$400 a year to working families. The tax credit I never talked about because I never thought we had that much money; Senator Dela Cruz and Representative Luke, to have the program that will get a family of four earning \$100,000 or less another \$1,200 is an incredible way to try and assist working families here deal with inflation. I didn’t even use the word ‘inflation’ in my Opening Day remarks because inflation wasn’t even on the radar and what was about to happen in Ukraine.

“After talking aspirationally for a little while on that Opening Day, I said I’d like to come down from 30,000 feet and talk about something at the ground level, which was the Ma‘i Movement. There was an article on the previous Monday, two days before we opened, about the Ma‘i Movement. My daughter-in-law was quoted in the article, saying, if you needed to make a choice between food or feminine hygiene products, oftentimes, the food is what you purchase. And so I’d like to thank the Women’s Caucus—in particular, Senator Kidani, the Education chair, who shepherded the bill through on our side; Senator Acasio, who’s been championing this—and it has been an incredible journey for students from ‘Ilima Intermediate School who have been trying for three years to get this bill passed and for the first two years were told, in the COVID conditions we were in, that there was absolutely no money, and they never got a hearing on their bill. And to see the determination and the never-give-up attitude and for them to come back after two incredibly horrible attempts when they couldn’t get the hearing and to get the bill to the end: they were participating in the hearings virtually when they were virtual, and then they were here in person every step of the way,

including making sure we did our job last week Friday in conference committee, or they were going to let us know. And so I am just thrilled to death about what Senator Kidani was able to shepherd through with the help of Ways and Means Chair Dela Cruz on the Ma'i Movement bill.

"To each of you, members, and to our staff: when I was reflecting on what to say today, I realized that we have now run four totally different operational sessions of the Legislature. We came here in 2019, and we ran a traditional session. We got back in in 2020 and, all of a sudden, shut everything down and ended in a written-only session. We came back in 2021, and we did a virtual session with the building closed. And now this year: starting with the building closed and evolving with the building being open and running a hybrid system. It hasn't been easy, and to the committee chairs, who have adapted to make sure that the public could participate to the greatest extent possible in spite of the conditions that we faced, I applaud you. To all of the members who found the reason why it was going to work and not being members who were coming to work every day telling me why it can't work: I applaud you for your can-do attitude. To our staff, and especially the IT staff, and the constant changes that we were making and the preparation that they put in is incredible, and from the bottom of my heart and I know from my 24 colleagues, we really want to thank you for all of your efforts. And when you look at the final product, to Senator Dela Cruz, Senator Keith-Agaran: I have never achieved every single goal I've talked about before because we run into a problem and we run out of money. I never imagined that we'd have a billion-dollar commitment to the Native Hawaiian community here, but you found a way to make that happen. The various programs that are helping the ALICE families in our community, the commitment to pre-K, K-12, and higher education—this is the most amazing legislative session that I've participated in, and it surpasses anything that I've ever done on the County of Kaua'i, so I want to thank you for allowing me to work with each and every one of you and get this result for the people of Hawai'i, so give yourselves a big hand.

"Hope everybody has your tissue ready."

Senator Misalucha rose to request that, if it were possible, Senator Nishihara sit in the center of the chamber, in front of all of the members.

The Chair noted the arrangement of chairs and jokingly commented that the members apparently wanted to roast Senator Nishihara.

Senator Misalucha explained that Senator Nishihara could be appropriately honored this way, and the Chair clarified that Senator Nishihara would be allowed to return to his chair and microphone to give his remarks.

Senator Nishihara rose and approached the center of chamber, where he remained standing.

Senator Misalucha spoke on a point of personal privilege as follows:

"It is said that teaching is the greatest act of optimism. Teachers have this boundless capacity to always believe in the good nature of a human being. They invest time and energy into making a difference in the lives of their students and, sometimes, even if the outcome fails expectation, they do not give up—they move on and try again. Senator Clarence Nishihara, early in his life, chose teaching as a profession. He later became a principal and gave his all to this role. In other words: the dogged optimism of a teacher fuels his spirit.

"And when he went on to become a public servant as an elected state senator, he brought with him this sense of dogged optimism. Fortuitously, he landed in two committees where this

optimism was required. As the chair of Agriculture, he helped craft policies that would enable farmers and ranchers to provide food on our table. You need optimism in this industry, where farmers toil the land and plant the seeds despite the possible vicissitudes of weather or pestilence. Then, as chair of Corrections, Senator Nishihara brought optimism and focus on some of our citizens that society had almost forgotten. Throughout his years of service, Senator Nishihara has faced his fair share of outcomes that did not meet expectations, but he always rebounded and moved on to tackle the next big issue. People say Senator Nishihara has a heart of gold and the soul of a servant leader. He has served his district, Senate District 17, honorably and with distinction. Over the many years, he has been unselfish in sharing his wisdom and experience with the Senate and the greater community. So, on this day, the day of his retirement, we do not begrudge him the future bliss, the long days of summer throughout the year, and the many travels forthcoming, some to Las Vegas, that he is bound to do with his beautiful wife, Lynn, by his side. Well done, O good and faithful servant. Well done, Senator Clarence Nishihara."

Senator Misalucha requested that Senator Keohokalole accompany her in the presentation of lei and a certificate to Senator Nishihara.

Senators Keohokalole and Misalucha then presented lei and a certificate to Senator Nishihara, after which Senator Nishihara returned to his desk.

Senator Fevella rose to speak on a point of personal privilege as follows:

"Colleagues, when I first came here, there was something I wanted to take care of because on my side of the island, in 'Ewa Beach, we have a lot of people who are correctional officers, and who have general concerns for public safety. I have a lot of respect for Senator Nishihara because he always had his door open, especially his ear, and if you know me, I tend to talk a lot. Senator Nishihara opened his door, not only with his ear, and just sat there to listen, but he taught me a lot. He gave me the drive to be concerned about not only the adult correction officers, but also our inmates. I know a lot of people don't understand right now, and I know you've been hearing in the press about our concerns regarding a bail reform bill that would release nonviolent offenders, but regardless of what they understand, about this bill, I totally understand that we, as a legislative body, made the right decision. Speaking to Senator Nishihara about the law enforcement, how important this was for a lot of individuals that, even when I came here, I thought I could get the HPD patrol division to work with the sheriffs just like that, but it doesn't happen that way. But Senator Nishihara's knowledge and understanding and his willingness to teach me to have patience (which I don't have), we got certain things passed, and we accomplished a lot of things with the Public Safety committee for our inmates as well as our adult correctional officers. And so, on behalf of me and my family and my community, Senator Nishihara, we love you and thank you very much. We appreciate you."

The Chair presented the following remarks:

"I've been here for twelve years, and in my first two years, I was a member of the Agriculture committee that Senator Nishihara chaired, and in my second term, I was his vice chair on the Agriculture committee. In my third term, I served one year under him as the chair of the Transportation committee, so somebody apparently felt that he needed to supervise me, and I was always in one of my committee assignments with Senator Nishihara.

"What's significant about the time I served with him on the Agriculture committee is, the debate on genetically modified organisms was raging at its height in our communities across

the state. And someone who had a difference of opinion with Senator Nishihara decided to call the office and, when she got the recorder, leave a message that slurred his Japanese ancestry. But she also left her name on the message, and a few days later, when we sat in the hearing and she came up to testify and she identified herself, Clarence kind of chuckled and goes, 'Oh, you're the one,' and that's all he ever said, not in anger, nothing. He was a little surprised, I guess, that she was right there, and he handled it in such a classy way and totally defused what could have been a very—I don't want to use the word 'violent,' but certainly confrontational situation, and all the air went out of the room. Everybody relaxed, and she still disagreed with his position, but she was much more respectful and, to her credit, offered an apology for the remarks that she had made on the phone. But it's because of how Senator Nishihara handled the situation that she had a path forward to get the issue resolved that way.

"And so I've appreciated your friendship, Senator Nishihara, and working with you. I've appreciated the calamansi and limes that I received that not maybe all of you get, but it's sometimes nice to be the president. Best wishes in your next phase of your life, Senator Nishihara, and this is the time when you stand up and make your remarks."

Senator Nishihara rose to present the following remarks:

"My wife has been patiently waiting for me to give my remarks. Senate President and colleagues, as my time here in the Senate comes to a close, I've had time to reflect on what I would say as I exit this beautiful chamber for the last time. When I entered the Legislature after my retirement from the Department of Education, I could not have imagined I would still be here in this chamber 18 years later. Well, it seems like now is a good time to say goodbye.

"Seated up in the gallery this morning are my wife, Lynn; daughters, Joy and Julie; and my grandchildren Zachary and Hailey, who I previously introduced. They've had to bear with me over the last 18 years as I went about my duties as a senator representing Waipahu, Pearl City, Palisades, and Crestview/Seaview. Without the strong support and steadfast efforts of my loving wife and family, I probably would not have lasted this long in office. Constituents are, of course, very important, but not as important as your family. I also owe so much gratitude and thanks to my faithful office manager and friend over the past 18 years, Ms. Priscilla Kubota, who came out of retirement to work for me and has stayed with me through all my years in office. Thank you, thank you, Priscilla.

"With the upcoming elections, I can tell you that I will **not** miss the campaigning, fundraising, sign-waving, and all that comes with getting elected. To those running for reelection, I wish you all the best of luck and, hopefully, the good fortune of winning your reelection. To my fellow senators, colleagues, and friends, as well as the many staff from the Clerk's office, Sergeant-at-Arms, LRB, Majority Research Offices, as well as the IT: I will miss your friendship and thank you for making my job easier. I connected with all of you in whatever capacity you served in your offices. You all did your jobs efficiently to help me and the rest of us and, in doing so, helped the public in general receive the services that good government needs to provide and is expected to provide.

"As I bid you all a fond aloha, I wish to express what an honor and privilege it has been to serve my community and the people of Hawai'i for the past 18 years, and I hope that I was able to make a positive difference in the lives of those around me. It's been such a nice journey, filled with great moments and great friendships made along the way. I hope that people will look back and see me as one who always treated everyone fairly, with respect and kindness; one who always listened; was not afraid to make hard decisions based on what I felt was right;

and who always served with integrity and stayed true to character. Thank you all for everything you do and will continue to do for our people of this great State of Hawai'i. It is only through our love and support for one another that our Senate will remain as the strong institution that it is. Thank you and mahalo."

Senator Keith-Agaran rose to speak on a point of personal privilege as follows:

"You know, it's strange to get up here; I didn't really prepare anything that I want to read because, all year long, as Roz kept talking about maybe leaving, I never really believed her. And it's because I've always seen Representative Baker, Senator Baker, in public service since I returned home to Maui. She's always been one of those constants that you see, and the thing about Senator Baker, Mr. President, is that, at one time, she has served every single community in our county. She was a senator in every district over all the different redistrictings that occurred during her time, and whichever community she served, she always put her heart into it. You can see that by the body of work that she leaves, not just in this body, but in her time in the state House and when she served at the county as a director under Mayor Apana. I think we'll all remember her service as both Ways and Means chair, she was chair of the Consumer Protection Committee, so she had earned the trust of the people that she served with throughout her entire tenure here. You know, the filing deadline, Roz, is not till ... So, things may happen; I know it won't, but I think I speak for everybody, at least in my community, and we really wish you a warm mahalo.

"I know when I first came into the Senate, I spoke to the former lieutenant governor and our former colleague from Hāna, and I asked them for advice, and they said, 'Well, Gil, you're married to a Texas girl—start from there.' And I kinda stumbled a few times, but I'm glad that you were always there to provide me the kind of counsel that my wife does. And for that, I think that's probably one of the best lessons that I had in serving with you because you were someone that I could trust; your word was good, and I knew that when you worked on something, that you did your homework, so if I got up to speak against one of your bills, I knew that it was coming back to me, and I think a lot of us have learned that.

"So, Roz, thank you for your time and service for Maui County, and I'm sure that whatever you do in the next couple years that you please enjoy it, and say hello to your sister."

Senator DeCoite rose to speak on a point of personal privilege as follows:

"First of all, I want to insert the words of the prior speaker as if they were my own into the Journal. (The Chair so ordered, by reference only.) If I can, sir, I would like Senator Baker to come to the front so that the people can see you."

Senator Baker rose and approached the center of the chamber, where she remained standing.

Senator DeCoite continued:

"Of course, Senator Agaran knew that this was going to happen, that I would have a hard time speaking after he just basically said everything that has been said about you, so I'd like to start with: thank you for your service, Senator Baker. You represented us well when you were our representative on Moloka'i many years ago, and agriculture was at the top of your chain. As my dad would always say, 'How's that feisty lady doing in the Senate?' and I would always tell him, 'She's still kicking butt.' But I can tell you, Senator Baker, from the time that I've met you, you've always been there; you've always been responsive, and you've always addressed our communities, like you did just with Kalaupapa. I don't know how you've done it because I can remember the days when I'd

be sitting there and I'd be saying, 'How does she end up reading everything?' So I can appreciate the notes, as well as many of our colleagues here in this building today, but I can tell you, many of your constituents that you have served on Moloka'i, Lāna'i, East Maui, and now all of Upcountry Maui, they have been very grateful to you and everything that you have done, and I want to say this because when you first came back and we were at a gala on Maui, and my husband leaned over and my husband said, 'Thank you for supporting my wife,' and the response that came back, which earned me a few extra points, was, 'She's a diamond in the rough.' So every time I get to go home, I get to remind him that the diamond in the rough came on behalf of you, and it meant the world to me. I wish you well and, of course, as the other night that we had our dinner and we wanted to spend some time with you, we will be spending that time with you, also with your sister, and making our trip to come and visit. But what more can I say but, from the bottom of my heart, and on behalf of my family and all of the people that you have represented well: mahalo, mahalo, mahalo, Roz. Thank you."

Senator Keith-Agaran rose to request that he and Senator DeCoite be allowed to approach Senator Baker for the presentation of lei and a certificate.

The Chair assented, noting that Senators Misalucha and Keohokalole had felt comfortable in approaching Senator Nishihara without permission. The Chair added, "This must be 'marrying a Texas woman and the rules' thing!"

Senators DeCoite and Keith-Agaran presented a lei and a certificate to Senator Baker.

The Chair commented:

"For those of you who couldn't hear, Senator Keith-Agaran, in presenting the certificate, said, 'It's signed by 24 members because we didn't let her sign her own certificate.'"

Senator Baker returned to her desk.

Senator San Buenaventura rose to speak on a point of personal privilege as follows:

"I first came to realize the power of Senator Baker even before I became a legislator. When I was an attorney working for the middle class, working for the working poor, I realized one of her many bills, which was the payday loans bill, tried to help those who were being victimized by these 425 percent interest rates. It was her dogged determination that we finally passed it last year. But I remember, when I first got in on Opening Day, when the governor was being sworn in, and I approached her—and I know she didn't know who I was—but I asked her, 'Are you going to reintroduce that bill?' And at that time, she was saying, 'There's a lot of naysayers, so I don't know,' so I am so thankful that she has this dogged determination to see it through and that we finally were able to pass it for her. And I also want to point out that she, as being a Women's Legislative Caucus leader, has been a champion of women's rights and has been an outspoken champion when the rest of us are usually quiet, so I thank her for that. And if you noticed that the women in the room are wearing Roz red in honor of her. And so for all those reasons, I am going to be sorry to see her go, even though I'm just a freshman senator, because you have touched a lot of us. Thank you."

The Chair presented the following remarks:

"Senator Baker, I've known you since my years serving at the county level, but most of our bills in those days didn't get to the committees you were on, and when I first got here, I didn't serve on your committee, so it's after I became president I had a chance to work even closer with you. But when I did have issues in your purview and people from Kaua'i visit, you

always were gracious with your time to meet with my constituents to make sure that their time was well spent talking to somebody who actually knew what they were talking about and not their senator who was not on the committee.

"Senator San Buenaventura, I was walking by my television in the office one morning of conference week, and I did see the exchange between Senator Baker and an unnamed representative from Maui when the bill wasn't going to pass, and so I got to witness firsthand the passion that she brought in her advocacy for protecting the working people of Hawai'i and her advocacy in the cancer space as a cancer survivor and the causes that she has fought for. It's been an honor and a privilege for me, Senator Baker, to have been able to partner with you and work together with you on things that you have been passionate about, and wish you well in your future endeavors."

Senator Baker rose to present the following remarks:

"Colleagues, this is amazing—I didn't prepare anything because I didn't expect to be having the honor of responding. I've had the privilege and the pleasure serving in the Legislature, my community, and our state for 30 years, and I told somebody, 'I think that's long enough,' but maybe I'm having second thoughts. The thing I won't miss—and I think the neighbor-island legislators all will agree with me—is getting up either early on a Monday or in the middle of the afternoon on a Sunday, hopping on a plane, coming over here, getting a car at the airport, going to a hotel and staying there and trying to remember, 'Did you bring everything you needed to stay the week?' Sometimes the answer was yes and sometimes it wasn't. So I'm not going to miss that, but I will definitely miss all of you and the good work that we've all done together to solve the problems that we confront, whether we have to go and beg from the Ways and Means chair for a little bit extra for something going on in our district or whether it's working on the bills that are going to enable things to happen.

"It's been my honor and privilege to serve with each and every one of you, and I'm going to miss you all terribly, but I know that the state is in excellent hands because of all of the good work that's going to be done in this body. Although I don't know who my successor is going to be, you can be certain that if that successor deviates from what I think he or she ought to be doing, then I can pick up the phone or send them a text and make that point. But thank you so much for allowing me to be a part of this wonderful body, of serving on a number of committees. I served as chair of Ways and Means, and I was really happy to give that committee up; it's a lot of work and you can't make anybody happy, so my hat is off to Senator Dela Cruz for the good work that he and the committee and the vice chair, Senator Kidani, have done to try to make all of us and our constituents a little bit happier with some of the projects that are going to come to our district.

"Senate President, you have been an amazing leader. I am so honored to have served with you, beside you, to try to take care of some of the issues in our state. And I have to say that, with your leadership and the team that you've assembled—our staff, our Clerk, our Assistant Clerk, the Sergeant-at-Arms, all of the folks in SMA, every place else—we have a wonderful team here, and I think all of our communities can be proud of that. But, Mr. President, your leadership has been invaluable to me—to all of us—and I thank you for that.

"I will miss all of you. If there's ever anything I can do, if you ever need anything from Maui, just let me know. Majority Leader: you run a great caucus—thank you so much. Everything is right there; we know what's coming up; we appreciate that. Senator Fevella, you were one of the most reliable members of my committee, and I thank you so much for being there—even when we had to do it on Zoom, you joined us via Zoom—and you really made a difference. And I appreciate

your attention, your caring, and your willing to work with all of us. I could say that about just everybody in this room. Senator Chang: I hope when you get to Vienna, you'll have a chance to see all of the wonderful sights there. If I have the opportunity, I'd love to go visit my sister while you're there and enjoy that as well.

"To everyone in this body: you all are amazing, and you make such wonderful contributions. I've been around as long as Senator Ihara and almost as long as Senator Taniguchi (he's got a few more years on me), but we've seen such progress being made, and such care and concern for every aspect of Hawai'i is represented in this room. So thank you for allowing me to serve with you, to become friends with you, to have celebrated the good, the bad, and the ugly that sometimes happens. I will miss you all, and I hope I'll see some of you on Maui one of these days. You all have my cell number. I take texts and email, so please come join and continue to have a wonderful end of our session and the beginning of the next. Aloha."

Senator Ihara rose to speak on a point of personal privilege as follows:

"Mr. President, on behalf of the Senate, Senator Kim and I would like to present a special certificate to our senior legislative colleague, the Honorable Brian T. Taniguchi, who's retiring at the end of this term.

"Mr. President, when I entered the Legislature 36 years ago, I met Representative Brian Taniguchi, who was already elected three times by voters in Mānoa, Mō'ili'ili, McCully—and the first time in 1980, 42 years ago. Back then, I thought Brian was a radical activist because, as a university senator, he had helped establish the ethnic studies program as a degree program, and it seemed radical back then. Besides a colleague, I knew Brian as an attorney, legal counsel, government relations adviser, and other roles in the private sector, but both Representative Taniguchi and Senator Taniguchi have strongly advocated in support of his community.

"Over his career, Senator Taniguchi's communities have included Mānoa, Mō'ili'ili, McCully, Makiki, Punchbowl, and Papakōlea. From his seats in both House and Senate, the Honorable Brian Taniguchi (it's his formal protocol name) initiated significant school, library, and community improvements, including a football stadium, a gymnasium, music facility, science and technology building, a library, to name a few.

"In the House, Representative Taniguchi served as majority leader in the 1991 and 1992 legislative sessions while I chaired the Intergovernmental and International Affairs committee. The following term, we kind of switched it a bit, and Brian chaired the committee and I became majority floor leader. While I served in leadership positions, Senator Taniguchi chaired the committees that had a strong partnership relationship with leadership: the Ways and Means committee, the Commerce and Consumer Affairs committee, and Judiciary committee. He also chaired the Committees on Higher Education and Labor and Culture and the Arts.

"Mr. President, while we served on few committees together, Senator Taniguchi and I have come from neighboring communities—Mānoa Valley and myself, Pālolo Valley. We both served on our respective neighborhood boards before entering office. We've allied on a super powerline proposal up the ridge between Mānoa and Pālolo Valleys, and we've partnered on dredging, flood control, and restoration projects in the Ala Wai Watershed.

"Before I give a critique of his character, I'd like to mention two legislative projects that Senator Taniguchi has spearheaded. In 1997, he founded the Hiroshima-Hawaii Sister State Committee that connected his Roosevelt High School alma

mater with a Hiroshima high school. And in 2006, Senator Taniguchi established in Hawaii Revised Statutes the Hawaii sister-state program to promote Hawai'i international social and economic relationships, which, until then, was only a departmental initiative. In 2008, Senator Taniguchi initiated the Art at the Capitol program to enable the public, once a year, to view hundreds of artwork in Capitol offices. Like many of his projects, Art at the Capitol was a response to a constituent inquiry about wanting to see the beautiful art in these legislators' offices.

"Rumor has it that during his UH senator days, Brian Taniguchi learned about working with others to get things done and began to focus on being always supportive of the community as a whole. But legend has it that a quote from his father found its way into the Taniguchi family dining room workspace, written on a Post-it Note (legend has it) that stayed on the wall for the duration. His father's quote was, 'Do one good thing every day.' And I see Brian has heeded that call, the call of his father to do one good thing every day.

"We'll probably meet in Senate session again before Brian officially retires on Election Day, but we believe it's fitting to acknowledge the legacy of his committed public service, performed by an advocate for the community, and for all people being treated with dignity, respect, and fairness. Brian, my friend and colleague, this chamber will miss your presence. We wish you the best and return you full-time to your family: life partner, Janice; daughter, Karli; son, Danny; and grandchildren, Roycen, Lucy, Hunter, and Leah. Thank you, Mr. President. Thank you, Senator Taniguchi."

Senator Kim rose to speak on a point of personal privilege as follows:

"Mr. President, it's always difficult to say aloha to a colleague. In fact, you know what, Brian: I don't think you should be spared—you need to go up in front like everybody else."

Senator Taniguchi rose and approached the center of the chamber, where he remained standing.

Senator Kim continued:

"As I was saying, it's difficult to say aloha to a colleague, a friend, and someone who's served alongside you for so many years. I was elected to the House of Representatives in 1982, and when I got there, Representative Taniguchi had already been there for two years. I served with him until I left the House in 1985 for the City Council, and he finally left the House for the Senate in 1994. Of course, in 2000, I got elected to the Senate and, while I hate dating myself, only Les Ihara, Jr., Lorraine Inouye, and myself and Senator Taniguchi from the 2001 legislative session remain in this legislative body today. Now, Tanigooch, as he's often called, is retiring after devoting more than half his life—42 years—to faithfully and effectively serve his constituents and the people of Hawai'i.

"It seems like Brian had public service flowing in his veins virtually from small-kid time. He was elected as a senator to the Associated Students of the University of Hawai'i, where he helped lead the creation of ethnic studies as a degree program. He interned for Governor John Burns and was a law clerk for Judge Hiroshi Kato. As a member of the House of Representatives beginning in 1980 and then to the Senate in 1994, he and Senator Ihara thus remain the longest continuously serving members of the Senate—no small feat considering the turnover we've seen in the Legislature and local politics. His longevity is a testament to the respect and support he has commanded from his constituents for more than four decades and a reflection of the leadership and commitment he has demonstrated in representing his district.

"Brian's leadership and numerous committees, not to mention his civic contributions, form a legacy that is long and distinguished. His influence can be seen in legislation involving labor, public and higher education, government finances, transportation, consumer protection and commerce, and culture and the arts. Furthermore, he's been instrumental in securing projects benefiting his district, including a football stadium, new gymnasium with locker rooms, new music facility at Roosevelt High School, the science and technology building at Stevenson Middle School, the IDEA Center and covered play court at Noelani Elementary School, Manoa Valley Gym, the Manoa Library, and, more recently, he shepherded the minimum wage. Which one do you want to be named after you, Brian?"

"His work in the Senate has always been marked by insightful and quiet, forward-thinking proposals while he's been able to point out the broader implications of our legislative decisions. We are fortunate to have benefited by his wisdom and counsel. Besides his public service, Brian has enjoyed an equally illustrious career in the legal profession. This alumnus of the UH Richardson School of Law has been an attorney in private practice and legal counsel for financial institutions. Whatever his endeavors, public or private sector, Brian has never strayed from his commitment as a focused, devoted advocate for the greater good and his insistence that all people be treated with dignity, respect, and fairness.

"Now that he's leaving his legislative duties, we wish Brian and his wife, Janice, and his family many more happy, fulfilling years together in the company of your children and grandchildren. Retirement means you get to do all the things you couldn't do because of work, so enjoy your time and do whatever you like. Aloha, Brian; we will miss you, but not as much as you'll miss us."

Senator Ihara rose to request that he and Senator Kim be allowed to present a certificate to Senator Taniguchi, and the Chair assented.

Senators Kim and Ihara presented a lei and a certificate to Senator Taniguchi, after which Senator Taniguchi returned to his desk.

Senator Wakai rose to speak on a point of personal privilege as follows:

"I call him Sensei—it's a play on words (Sen-ator Taniguchi being my mentor and teacher). When he was first elected in 1980, I was watching *Kikaida*. I had no interest in politics whatsoever, but, lo and behold, 42 years later, I get the honor of serving with this Japanese superhero. He is quite the action figure till today. We've had numerous opportunities to travel to Japan. I watched him bridge relations between Hawai'i, Japan, Philippines, India, and points beyond our shores. He is truly a global bridge-builder. Next week, in fact, he's going to sign a sister-school relationship between Noelani Elementary School and a school in Sakaimachi, Japan.

"I also admire his work on keeping arts and culture thriving in the state. He created the '1 percent for the arts' and protects that pot of money to ensure arts continues to define who we are in the state.

"Sensei: I have deep admiration for all that you have done for the people of this state. Enjoy your retirement, and thank you for molding Hawai'i into the special place it is today and into the future. Ganbatte."

The Chair presented the following remarks:

"Unlike Senator Kim, who met in November after the election, I came to work in the State Capitol in January of 1982 for Kaua'i representative Dennis Yamada, and my work in the policy room, which was part of the Majority Leader's office,

would bring Senator Taniguchi to check in with the attorneys as a young House member, and that's where I really first got to know him, and we both found out that we had a passion for baseball-card collecting. And we would have many conversations about what particular cards we had or what the treasured memory was associated with baseball cards, and it even made its way into a *Kauai Times* news story they did on me when I talked about, I'm not the only legislator with this passion; I know Representative Taniguchi, at the time in the state House, was passionate about this. And I have, through the years, come to lobby Senator Taniguchi in assignments that he has had: the County had bills there.

"When I got to the Senate and became president, one of the first requests I had was to have Senator Taniguchi be part of my leadership team. I valued the experience that he had in the Legislature and, certainly, his intellect and his strategic thinking. Ever since I've been president, he's been on the leadership team, and his counsel has been invaluable in helping me navigate the waters here at the state Senate, and so I am certainly going to miss working with him, miss hearing his counsel.

"But other than talking about minimum wage and Senate strategies, Senator Taniguchi and I really haven't had much to talk about lately. All he wants to talk about is grandchildren and how great that is, and I have nothing to say back to him. (Oh, yeah, my two sons are still there—they heard that.) So, to you, Senator Taniguchi: thank you so much for all of your service. Thank you for your friendship over the past 40 years—I truly value that—and I, like Senator Wakai, really would like to echo the contributions you've made in the area of the arts and your advocacy for the archives, your advocacy for 'Iolani Palace and Bishop Estate, and the support you had from the Ways and Means chair and vice chair. Those appropriations are going to be enjoyed by future generations of this state, and thank you for making sure that they will be able to enjoy that."

Senator Taniguchi rose to present the following remarks:

"Thank you, everybody. I guess, like Roz, I wasn't planning to say anything because I wasn't sure what was going to really happen, so I need to make a motion to adjourn Sine Die.

"I did want to acknowledge people who have come to visit in the gallery. I've had a lot of good staff people over the years, and I'm very appreciative of all the work that they've done on my behalf because I couldn't have done it without their hard work. I have a campaign committee—members up there—most of them, at least 35-plus years have been with me, campaigning every time I had to go out and sign-wave, which I enjoy just as much as Senator Nishihara. I also have my family: my son, my daughter, my son-in-law, my daughter-in-law, my grandson Roycen—they've had to put up with me a lot. I'm not there a lot of times. Luckily, when my son was playing baseball, I was the Ways and Means chair, so I would set my hearings so that I could go to his games, so I got to do that.

"But I guess the person I really wanted to thank and acknowledge is my wife, Jan. She's the one who went to the, I guess was to UH Admissions or something, and she picked up the application for the Law School Admission Test. She said, 'Why don't you fill this out?' and then she also went to the law school and picked up the application form for the Richardson School of Law. So she's been the one, along with all my campaigns, who's taken leadership, who's directed a lot of the things that we do, and so I'm very thankful to her for all the things she's done for me, and I blame her for all the things that I've become. She's been the one who really has been behind me, and I appreciate that.

"All of my colleagues who are here, also my compatriots in the House: it's been real enjoyable for me, especially this

year—we got a lot of stuff done, finally. All of you have contributed to my ability to get things done, and I appreciate it very much. I was very scared when you called on Senator Kim to make remarks for me, but she and Senator Ihara are going to be the old-timers now, and I'm sure you're going to seek their counsel, Senate President, in the future.

"You know, I'm leaving with a lot of mixed feelings and emotions. I'm going to miss the work and miss working with all of you. I do have that; I will miss that very much. Exchanging ideas, working with constituents, trying to resolve problems for our state—it's been important to me. Anyway, I'm going to miss that, so I appreciate that. Also want to acknowledge Senate President; he's always been good to me. He's backed me up all the way on a lot of things that I didn't think he would. He's been solid for me all the way, and I appreciate that very much. Anyway, just want to say thank you to all of you—trying to keep it really short, so I'll cut it off here. Thank you."

The Chair announced:

"For our guests in the gallery, we've come to the end of our agenda. Traditionally, the House and Senate check on each other and see where we're at in finishing and, when we can, we jointly sing 'Hawai'i Aloha.' So we are going to recess now, as it appears we may be ahead of the House, and see if the House would like to recess to sing 'Hawai'i Aloha' and, if we do that, upon its conclusion, we will come back. We will take one more motion to adjourn, and that will be it. So if you're here watching the session, you can feel free to leave. For those of you who are here for one of the members, if you'll patiently wait till we get back, then there'll be an opportunity to have some photographs taken when we return. So we'll walk over there quickly and see where the House is at, and then we will return to adjourn."

At 12:17 p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:28 p.m.

Senator Fevella rose to speak on a point of personal privilege as follows:

"I apologize, colleagues; I lost my place. I just wanted to close today, not only to acknowledge the sacrifices of my wife, Donnalee, and my daughter, Abigail, for allowing me to be here and serve our great community of 'Ewa Beach. I just want to thank Senate President, first of all, for his leadership; Vice President Senator Kidani; Senator Dela Cruz, Ways and Means chair; and Vice Chair Senator Keith-Agaran.

"When I got here, I said that I was going to work across the aisles and come here with a feeling of love and aloha, not knowing that we were going to be saying aloha to three of our colleagues today. I already said as much as I could say about the Honorable Senator Nishihara. I want to say something about Senator Baker. When I first came here, she tried to teach me in the most gentle way she could by telling me, 'What's the question? What's the question?' Oh, I had to learn quick when I showed up in Senator Baker's class—I mean, I'm sorry, her committee. I love her. Senator Baker, because you were patient with me, taught me, and allowed me to be me in your committees. I know I was new and still was learning. The scoldings were good because we learn. And I learned quickly in Senator Baker's committees. One of the most memorable moments for me was during Zoom meetings. I was trying to be here for all of my colleagues in every single committee and every single conference. It was during one special occasion—not one day, but two days, because I have it on recording. Senator Baker said that I was her favorite Republican senator. And I tell you, my heart was so big, so bright, I even went back, turned in my chair and said, 'Do you have this recording?' It meant a lot to me that my colleagues here, all of you, going

forward, that we can work together, reaching across the aisles with love and aloha.

"With Senator Taniguchi, I first reached out his staff—(looking at Senator Taniguchi's staff in the gallery) I love you all. When my wife and I came to the Senate, his office was one of the first (along with the Sergeant-at-Arms, too) to reach out to my office and really talked story with my wife, made her feel welcome. And then, when Christmastime, somehow, somewhere, I became the volunteer of being Santa Claus. I don't know how it came around; my wife was part of their Christmas planning committee. So I played Santa Claus. But that's where I met a lot of Senator Taniguchi and his staff. I thank him for hiring one of the best representatives that 'Ewa Beach ever had, and that's Paul Oshiro. I want to thank you for that. Paul Oshiro. 'Ewa Beach, baby.

"But, what I learned the most from him was on compromising and being willing to get something done. While I was so proud to stand next to him on this minimum wage bill, no matter what the opposition was, no matter what people were saying about us in the paper, I remain steadfast because my community needed this minimum wage increase. Sitting with him, talking to him, and he knows I didn't want to give in. But he said, we need to do this for the people of Hawai'i. And I agreed. Thank you for your leadership. Thank all of you for your leadership; thank you all, my colleagues, for your leadership. But most of all, Senator Taniguchi: four more years. Four more years. Love you all, God bless and Aloha."

"EXECUTIVE CHAMBERS
HONOLULU
June 28, 2022

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2076

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2076, entitled "A Bill for an Act Relating to Broadband Service Infrastructure."

The purpose of this bill is to have the University of Hawaii (UH) and the Hawaii Broadband and Digital Equity Office (BDEO) jointly convene a working group to determine an appropriate governance structure to implement, operate, and maintain broadband infrastructure in the State. For fiscal year 2022-2023, BDEO is appropriated \$360,000 to fund three full-time administrative positions, and UH is appropriated \$200,000,000 in federal moneys for planning and implementation of a statewide broadband initiative.

While the bill as a whole has merit, I object to the \$200,000,000 appropriation for fiscal year 2022-2023, funded through moneys from the American Rescue Plan Act of 2021 (ARPA), Pub. L. No. 117-2, to be used for planning and implementation of a statewide broadband initiative, designated in section 4 on page 6, line 19, of the bill. The appropriation of \$200,000,000 in ARPA funds to UH appears to be redundant with the Coronavirus State Fiscal Recovery Funds (CSFRF) and Capital Projects Fund appropriation for the broadband initiative in the Department of Budget and Finance's budget. Further, because many of the requirements for the initiative will be capital improvements in nature, these funds will not count towards meeting UH's "maintenance of effort" (MOE) based on U.S. Department of Education guidelines for ARPA's Elementary and Secondary School Emergency Relief MOE compliance – higher education capital improvement funding is specifically ineligible.

The appropriation will also limit the Administration's ability to balance out fiscal year 2022-2023 appropriations and expenditures to ensure compliance with the MOE requirements.

Section 16 of Article III of the State Constitution provides that, "[e]xcept for items appropriated to be expended by the judicial and legislative branches, the governor may veto any specific item or items in any bill which appropriates money for specific purposes by striking out or reducing the same." Because of the foregoing objections, I have taken the following action pursuant to my line item veto authority:

Stricken out the \$200,000,000 appropriation made from ARPA moneys for fiscal year 2022-2023 in section 4 on page 6, line 19, of the bill, to be used by UH for planning and implementation of a statewide broadband initiative, and changed the amount to \$0.

For the foregoing reasons, I am returning Senate Bill No. 2076 with the appropriation made from ARPA moneys for fiscal year 2022-2023 totaling \$200,000,000 stricken from the bill.

Respectfully,

"EXECUTIVE CHAMBERS
HONOLULU
July 6, 2022

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1600

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1600, entitled "A Bill for an Act Relating to the State Budget."

The purposes of this bill, the Supplemental Appropriations Act of 2022, are to adjust and request appropriations for the fiscal biennium 2021-2023 to fund the operations and capital improvement projects of the Executive Branch agencies and programs.

While the bill as a whole has merit, I object to the following appropriations for the reasons indicated:

Appropriations in this bill that are funded by the Coronavirus State Fiscal Recovery Fund (CSFRF) of the American Rescue Plan Act of 2021 (ARPA), Pub. L. No. 117-2, § 9901, 135 Stat. 4, 223 (2021) (American Rescue Plan funds), need to be reprioritized due to (1) an over appropriation of the American Rescue Plan funds; (2) additional funding needed by the Department of Education (DOE) and the University of Hawai'i (UH) to meet the federal Elementary and Secondary School Emergency Relief Fund (ESSER Fund) Maintenance of Effort (MOE) proportional funding requirements; and (3) replacement

funding for the appropriations impacted by my veto of House Bill No. 1147.

The amount of American Rescue Plan funds appropriations made in this bill (twenty-two appropriations) and in Senate Bill No. 2076 during the 2022 regular session plus the American Rescue Plan funds appropriations made in various acts during the 2021 regular session, and American Rescue Plan funds allocations made by me pursuant to chapter 29, Hawaii Revised Statutes, and section 67 of the General Appropriations Act of 2021, Act 88, Session Laws of Hawaii 2021, total \$1,746,037,985, an amount that exceeds the State's American Rescue Plan funds allocation of \$1,641,602,610 from the U.S. Department of the Treasury by \$104,435,375.

Under the federal ESSER Fund's MOE requirements pursuant to the ARPA, the State must maintain a proportional level of funding for the DOE and UH (calculated separately for each) for fiscal years 2021-2022 and 2022-2023 relative to the State's overall spending level for fiscal years 2021-2022 and 2022-2023 that is greater than or equal to the average of the State's proportional level of funding for the DOE and UH relative to the State's overall spending for the three prior fiscal years. Failure to meet the federal ESSER MOE requirements may have adverse consequences on the State's receipt of federal ESSER education moneys. In this instance, while the DOE received additional general funds for specific purposes, I understand that the DOE may not be able to fully expend these moneys in fiscal year 2022-2023 to meet its proportional percentage. Further, I understand that insufficient general funds were provided to the UH to meet its proportional percentage for fiscal year 2022-2023.

Additionally, with my veto of House Bill No. 1147 due to the violation of the prohibition against "gut and replace" actions during the legislative process, the vetoed American Rescue Plan funds will be used in part to provide funding for the Hawaii Tourism Authority and the Convention Center.

Based on the above, I object to the following American Rescue Plan funds appropriations in the bill:

1. The \$660,000 appropriation for fiscal year 2022-2023 funded by American Rescue Plan funds, for BED 100 - Strategic Marketing and Support, for office renovation expenses, designated in section 3, item A-1, on page 2, line 8, of the bill.

The \$700,000 appropriation for fiscal year 2022-2023 funded by American Rescue Plan funds, for AGS 881 – State Foundation on Culture and the Arts, for the Creative Grant Program (\$500,000), and the Artist Fellowship Program (\$200,000), designated in section 3, item H-2, on page 44, line 22, of the bill.

22. The \$84,000 appropriation for fiscal year 2022-2023 funded by American Rescue Plan funds, for AGS 240 – State Procurement, for a vendor past performance database, designated in section 3, item K-37, on page 62, line 26, of the bill.

For the following two general fund appropriations, I object to the acquisition, upgrade, and operation of the Wahiawa Irrigation System and Lake Wilson reservoir without doing proper due diligence. A project of this nature is a major undertaking that poses significant legal, regulatory, and financial burdens for the State. As I understand neither the Department of Agriculture nor the Department of Land and Natural Resources has done any due diligence work that would be a prerequisite for undertaking a project such as this. Consequently, it is unclear if sufficient funding is provided to acquire the designated parcels; repair and expand the spillway to bring it in compliance with dam safety requirements; operate the dam and irrigation system; and operate and maintain the Lake Wilson reservoir area. Further, there is no clear framework as to the responsibilities of the Department of Agriculture, the Agribusiness Development Corporation, and the Department of Land and Natural Resources with respect to operating and maintaining the Wahiawa Irrigation System and Lake Wilson reservoir. For these reasons, I am reducing the appropriations to provide sufficient funding only for due diligence work such as a feasibility assessment study/preliminary design report, survey and planning, environmental impact statement preparation, and other due diligence costs.

1. Of the total \$29,616,732 appropriation for fiscal year 2022-2023 funded by general funds, for AGR 141 – Agricultural Resource Management, \$22,500,000 for the upgrade of the Wahiawa dam and spillway and purchase of fee simple lands, and \$500,000 for additional operational support and maintenance, totaling \$23,000,000, in section 3, item A-13, on page 4, line 36, of the bill and \$22,500,000 of the \$26,000,000 amount in the proviso in section 6.1 of Act 88, Session Laws of Hawaii 2021, as added by section 4(1) on page 64, line 3, to page 65, line 2, of this bill.

2. The \$800,000 appropriation of the total \$3,811,324 appropriation for fiscal year 2022-2023 funded by general funds, for AGR 161 – Agribusiness Development and Research, for irrigation management, designated in section 3, item A-14, on page 5, line 10, of the bill.

For the following general fund appropriation, I object to the expenditure of moneys to the Hawaii Emergency Management Agency for infrastructure, construction, design, equipment, and site plans for the First Responder Technology Campus. I understand that planning and permitting for the Campus is still in its initial stages. Further, a master plan must be prepared in order to subdivide the Campus to make possible participation

and development of the facilities by non-State agencies. It appears highly unlikely that these steps can be completed before funding for the project lapses on June 30, 2024. Additionally, it is unclear why development funding for the Campus is being provided to the Hawaii Emergency Management Agency as it is a potential occupant of the Campus, not the agency responsible for developing the Campus.

1. The \$35,000,000 appropriation of the total \$51,680,292 appropriation for fiscal year 2022-2023 funded by general funds, for DEF 118 – Hawaii Emergency Management Agency, for infrastructure, construction, design, equipment, and site plans for the First Responder Technology Campus, designated in section 3, item I-24, on page 51, line 20, of this bill and described in the proviso in section 18.3 of Act 88, Session Laws of Hawaii 2021, as added by section 4(23) on page 81, line 14, to page 82, line 3, of this bill.

For the following general obligation bond fund appropriation, I object to the expenditure of moneys to the Hawaii Technology Development Corporation (HTDC) for plans, design, and land acquisition for the First Responder Technology Campus and Cybersecurity Data Center, Oahu. For the reasons noted above, I believe that additional land acquisition for the Campus is premature. According to the draft environmental impact statement prepared for the Campus, development is planned to take place in six phases over the next fifteen years. The initial phase, which is programmed for fiscal year 2023-2025, is estimated to cost \$100,000,000-\$150,000,000 and will involve construction of a roadway into the existing Campus property along with drainage and utilities in preparation for the full Campus buildout in subsequent phases. Additionally, it is unclear why the HTDC is acquiring a parcel of land classified as conservation.

1. The \$17,800,000 capital appropriation for fiscal year 2022-2023 funded by general obligation bond funds, for BED 143 – Hawaii Technology Development Corporation, designated in section 3, item A-19, on page 6, line 33, of the bill and in section 26, item A-12.01, of Act 88, Session Laws of Hawaii 2021, as added by section 5 on page 92, line 40, of this bill.

Section 16 of Article III of the State Constitution provides that, “[e]xcept for items appropriated to be expended by the judicial and legislative branches, the governor may veto any specific item or items in any bill which appropriates money for specific purposes by striking out or reducing the same.” Because of the foregoing objections, I have taken the following actions pursuant to my line-item veto authority:

"EXECUTIVE CHAMBERS

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1147

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1147, entitled "A Bill for an Act Relating to the State Budget."

The purposes of this bill are to:

1. Appropriate general funds for the fiscal year 2022-2023 to the Department of Business, Economic Development, and Tourism;
2. Appropriate special funds for fiscal year 2022-2023 out of the Convention Center Enterprise Special Fund; and
3. Appropriate general funds for fiscal year 2022-2023 to the University of Hawaii.

This bill is objectionable because, pursuant to League of Women Voters of Honolulu v. State, 150 Hawai'i 182, 499 P.3d 382 (2021), it suffers from a germaneness problem, as the bill has been changed substantially from its original form to its final form in Conference Draft 1.

The original form of this bill was to appropriate moneys for capital improvement projects for the fiscal biennium 2021-2023. In Conference Draft 1, the bill was amended to delete the capital improvement projects and in its place, inserted operating appropriations for various State agencies. We note that this amendment does not fall outside the scope of the subject of the bill as expressed by its title, "Relating to the State Budget." However, this amendment fundamentally changes the original bill's general purpose, which was to appropriate moneys for capital improvement projects.

For the foregoing reasons, I am returning House Bill No. 1147 without my approval.

Respectfully,

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1567, entitled "A Bill for an Act Relating to Criminal Pretrial Reform."

The purpose of this bill is to eliminate the use of monetary bail and require the courts to release defendants on their own recognizance for traffic offenses, violations, nonviolent petty misdemeanor offenses, nonviolent misdemeanor offenses, and nonviolent class C felony offenses, subject to certain exclusions.

This bill is objectionable because there has not been sufficient time since the Legislature made changes by Act 179, Session Laws of Hawaii 2019, to the State's criminal pretrial system to fully assess the effect of the changes; the bill does not adequately address a number of important interests, including the need to secure the appearance of defendants; and the addition of class C felony offenses to the list of offenses for which release is mandated under the bill poses a potential threat to the safety of the public.

For the foregoing reasons, I am returning House Bill No. 1567 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1570, entitled "A Bill for an Act Relating to the Youth Vaping Epidemic."

The purpose of this bill is to prohibit the sale or distribution of all flavored tobacco products, including menthol, and prohibit the mislabeling of products as nicotine-free.

This bill is objectionable because of an amendment that was inserted late in the session that would benefit the tobacco and vaping industries and that would cede, without principled reason, the State's authority to enact and enforce a flavor ban to protect Hawaii's youth from the scourge of vaping and nicotine

addiction. Further, the amendment would prevent effective enforcement by the State of the prohibitions against flavored tobacco products that were originally intended by this bill. In addition, the bill contains subjects that go beyond its title in violation of article III, section 14, of the Constitution of the State of Hawai'i.

For the foregoing reasons, I am returning House Bill No. 1570 without my approval.

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1705, entitled "A Bill for an Act Relating to Agricultural Park Leases."

The purpose of this bill is to authorize the Department of Agriculture to extend the term of an agricultural park lease with a remaining term of fifteen years or less for an additional thirty years, provided that the land covered by the lease is twenty-five acres or less and located in a county with a population of less than 500,000.

This bill is objectionable because it would significantly diminish one of the main purposes of the agricultural park program, which is to make affordable agricultural lands suitable for farming available to new farmers and other small farm operations to assist them in becoming commercially established. The existing maximum lease term incentivizes established farmers to expand their operations to larger properties and supports the growth of new farmers by making affordable lots available for lease. There are currently 243 interested farmers seeking to lease the State's limited agricultural park lands. The lease extension provided by this bill could potentially allow current lessees to remain on the land indefinitely through unlimited extensions in thirty-year increments, precluding others from having a fair opportunity to seek and enjoy this public benefit.

For the foregoing reasons, I am returning House Bill No. 1705 without my approval.

“EXECUTIVE CHAMBERS
HONOLULU
July 12, 2022

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1789

Honorable Members
Thirty-First Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 1789, entitled “A Bill for an Act Relating to Collective Bargaining.”

The purpose of this bill is to amend the procedure by which the Governor selects and appoints the representative of labor on the Hawaii Labor Relations Board (HLRB), which is composed of three members who represent management, labor, and the public. Section 89-5(b)(2), Hawaii Revised Statutes (HRS), currently allows the Governor to appoint the labor representative from a list of three nominees submitted by mutual agreement from a majority of the exclusive representatives of the collective bargaining units.

This bill amends section 89-5(b)(2), HRS, to require the Governor to appoint the single nominee selected by a simple majority of the exclusive representatives of the collective bargaining units as the representative of labor on the HLRB. The bill also provides that if the Governor fails to appoint the person within twenty days after the exclusive representatives submit the name of the person to the Governor, then the exclusive representatives shall transmit the person’s name directly to the Senate for confirmation.

This bill is objectionable because it is silent on whether or not the confirmation by the Senate effectuates an appointment without any further action by the Governor, creating ambiguity in the appointment process.

This bill is also objectionable because of the cost of a potential special session. This bill is silent on what would happen if a vacancy in the position of the representative of labor occurs when the Senate is not in session. For this provision to be implemented when the Legislature is not in session, when the exclusive representatives submit to the Governor their single nominee, the Governor either would have to convene a special session of the Senate or would have to make an interim appointment of the representative of labor pursuant to Section 6 of Article V of the Hawaii Constitution and submit that person’s name for confirmation during the next session of the Senate.

Furthermore, this bill is objectionable because it diminishes the Governor’s authority to select the labor representative to the HLRB by requiring the Governor to appoint the single nominee selected by the exclusive representative of the collective bargaining units instead of from a list of three nominees.

For the foregoing reasons, I am returning House Bill No. 1789 without my approval.

“EXECUTIVE CHAMBERS
HONOLULU
July 12, 2022

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1980

Honorable Members
Thirty-First Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 1980, entitled “A Bill for an Act Relating to Telephonic Services.”

The purpose of this bill is to permit the State’s Medicaid managed care and fee-for-services programs, health insurers, mutual benefit societies, and health maintenance organizations to cover telephonic behavioral health services when: (1) telehealth services are technologically unavailable at the time the patient is scheduled to receive a behavioral health service; (2) the behavioral health service is a medically necessary covered health care service; and (3) the health care provider has provided the patient with an in-person behavioral health service within the twelve months preceding the telephone service. Also, the bill clarifies that telephonic services do not constitute telehealth.

This bill is objectionable because there is a potential for a negative impact on the well-being of individuals who need behavioral health services. Although the bill clarifies when telephonic services may be covered, and provides guidance to health insurance providers, the final bill may be interpreted to strictly limit insurance coverage for telephonic services. Specifically, health insurance providers may use the provision to restrict or exclude coverage of telephonic services unless the service meets the three criteria listed in the bill, whereas the current law does not have a restriction. This bill would then have the unintended consequence of restricting access to necessary behavioral health services, inconsistent with the goal of promoting continued broad access to behavioral health services for individuals in remote areas, or individuals without access to technology. Vetoing this bill will allow for additional discussion and clarification on a bill in the next session that would align with expanding access to behavioral health services, with a workable framework for health insurance providers.

For the foregoing reasons, I am returning House Bill No. 1980 without my approval.

Gov. Msg. No. 1390, dated July 12, 2022, transmitting the Governor’s statement of objections to House Bill No. 2424, H.D. 1, S.D. 2, C.D. 2, entitled: “A BILL FOR AN ACT RELATING TO CHILD WELFARE SERVICES,” which was returned without approval and reads as follows:

“EXECUTIVE CHAMBERS
HONOLULU
July 12, 2022

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 2424

Honorable Members
Thirty-First Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 2424, entitled “A Bill for an Act Relating to Child Welfare Services.”

The purposes of this bill are to expand the investigative powers and responsibilities of the Department of Human

Services (DHS) Child Welfare Services Branch to include inspection of families who have adopted or taken guardianship of former foster children, establish a Malama Ohana working group to recommend transformative changes to the child welfare system, and appropriate funds for contracted services to support and monitor families receiving permanency assistance for former foster children.

This bill is objectionable because it seeks to monitor and investigate families that have adopted or taken guardianship of former foster children and who receive permanency assistance for that child, in ways that would violate the Constitutional rights of those families. The monitoring would include unlimited investigations of these families if at any time there had been a complaint filed with DHS about that family, without regard to the merits of the complaint, and regardless of whether or not the complaint was ever substantiated. These investigations would be allowed for the length of the child's minority, even when the Family Court found the legal relationship to be in the best interests of the child and approved the adoption or other permanent legal relationship between the child and the family. The objection is that this bill will expand the State's duties to monitor and interfere with permanent family relationships in a way that will violate the Constitutional rights of those families, without any evidence of harm or threatened harm to the child that is in the family. It would allow overreach by the State to interfere with safe, stable families, and allow the DHS to monitor and surveil families that have adopted or taken guardianship of former foster children, so that the families can never live free of government intrusion in their lives, a right which all other families take for granted.

Although the trauma experienced by the community over the loss of a former foster child is real and cannot be dismissed, the solution cannot and should not violate the constitutional privacy rights and basic dignity of every family that has taken in and provided love and stability to a former foster child. For example, the expanded authority to DHS could be used by a child's abusive biological parent to initiate unwarranted and repeated investigations of the child's new family, in an effort to disrupt the child's adoptive home, thereby preventing the child from ever feeling safe and stable in their new home.

In addition, the amendment of the bill in conference committee, without the opportunity to obtain public input, by adding a large, well-funded working group to recommend transformative changes to the child welfare system is subject to challenge. The working group would have twenty-one members and be co-chaired by two identified members who are vendors that contract with DHS to provide services to DHS clients. Another twelve members would be members of or be designated by one of these co-chairs. One co-chair would be the executive director of Effective Planning and Innovative Communications, Inc. (EPIC 'Ohana) or their designee. The other co-chair would be the executive Officer of Hale Kipa, Inc., or their designee. Both EPIC 'Ohana and Hale Kipa, Inc. are vendors that contract with DHS to provide services to DHS clients.

Four members of the working group would be members of "Na Kama a Haloa", which is a program or project of EPIC 'Ohana. Eight members of the working group are meant to represent different constituencies of the Child Welfare Services branch including foster youth, birth parents, and resource caregivers. All eight of those members would be identified by Na Kama a Haloa. In total, thirteen of twenty-one members of the working group would include five members who are part of Epic 'Ohana, including a co-chair, and an additional eight members who are identified by Epic 'Ohana or its associated program, Na Kama a Haloa.

Having two-thirds of the working group comprised of contracted vendors or their designees is especially problematic

because the bill specifically exempts the members of the working group from chapter 84, HRS. Chapter 84, HRS, creates standards of conduct that are normally in place to prevent conflicts of interest and promote public transparency and accountability. This means that the majority of the working group, who will be making recommendations about the services DHS provides to its clients will have a current financial interest in the provision of those services, and will be exempted from the ethics standards that prohibit financial conflicts of interest.

For the foregoing reasons, I am returning House Bill No. 2424 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 2466

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 2466, entitled "A Bill for an Act Relating to Taro."

The purpose of this bill is to create stronger economic incentives for new taro farmers, improve the livelihoods of existing taro farmers, and reduce the cost of poi for local residents.

This bill is objectionable because it is not an effective way to achieve the bill's purpose of helping taro farmers by lowering cultivation and production costs through the proposed exemption as a way to reduce the cost of poi for local consumers. The bill's exemption would not apply to "bulk buyers or shippers of raw or value-added taro products, supermarkets, or big box stores" (see bill at page 5, lines 10-12). This was apparently to limit the exemption to taro farmers in the cultivation and production of unprocessed taro, and not to allow retailers and wholesalers to claim the exemption on retail sales of poi and taro products. However, the wording of the bill will still allow certain retail sellers such as drug stores, convenience stores, and restaurants to also claim the exemption from a general excise tax (GET). The exemption will give these retailers a commercial advantage over supermarkets and big box stores that are not entitled to claim the exemption. A more effective way to help taro farmers and avoid the unintended tax benefit to just certain retailers, would be through the provision of direct grants to taro farmers as opposed to the GET exemption in this bill.

For the foregoing reasons, I am returning House Bill No. 2466 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 1297, entitled "A Bill for an Act Relating to the Issuance of Special Purpose Revenue Bonds to Assist MauiGrown Coffee, Inc."

The purpose of this bill is to extend to June 30, 2025, the authorization to issue special purpose revenue bonds to assist MauiGrown Coffee, Inc.

This bill is objectionable because it is ineffective in authorizing the extension of the lapse date. Act 116, Session Laws of Hawaii 2017, originally authorized, pursuant to part X of chapter 39A, Hawaii Revised Statutes, the issuance of these special purpose revenue bonds effective on July 1, 2017. Section 5 of Act 116 specified that the authorization to issue the subject special purpose revenue bonds would expire on June 30, 2022, five years later. Section 39A-317, which is in part X of chapter 39A, provides that "no authorization shall be made for a period exceeding five years of its enactment." This bill attempts to extend the bond authorization lapse date beyond five years in violation of section 39A-317, Hawaii Revised Statutes.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2032, entitled "A Bill for an Act Relating to Genetic Information Privacy."

The purpose of this bill is to regulate direct-to-consumer genetic testing products to protect the privacy and confidentiality of consumers' genetic data. This bill requires direct-to-consumer genetic testing companies to adhere to

certain requirements pertaining to the collection, use, and disclosure of genetic data.

This bill is objectionable because while the bill's purpose to protect the consumers' privacy and confidentiality is admirable, the enforcement mechanism provided in the bill appears to be problematic. Specifically, the bill requires the Office of Consumer Protection (OCP) to bring actions to enforce violations through the Attorney General, thereby depriving OCP of its independent authority under section 487-5, Hawaii Revised Statutes (HRS), to initiate actions for the violation of laws enacted for the purpose of consumer protection. In addition, it is not clear whether a consumer would retain the right to file a claim for an unfair and deceptive trade practice under chapter 480, HRS, for a violation of the prohibitions or requirements set forth in the bill. The lack of clarity may inadvertently and undesirably deter consumers from filing their own claims against direct-to-consumer genetic testing companies under chapter 480, HRS.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2091, entitled "A Bill for an Act Relating to Executive Pardons."

The purpose of this bill is to establish a comprehensive application process for executive pardons by adding a new section to chapter 801, Hawaii Revised Statutes, titled "Rights of Accused." In addition to the information previously required when submitting a pardon application, this bill requires that the prosecutors in the counties where the criminal convictions sought to be pardoned occurred be informed of the pardon application and be given time to submit their recommendations. This bill also requires the county prosecutors to notify victims or victims' families of the pardon application and give the victims or the victims' families time to submit their recommendations.

This bill is objectionable because it adds layers of bureaucracy that would cause delays in what is a straightforward process. The increased amount of information submitted regarding each pardon application would also require additional staff time and resources to review, causing delays and impacting government budgets.

For the foregoing reasons, I am returning Senate Bill No. 2091 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2142

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2142, entitled "A Bill for an Act Relating to Computer Science."

The purposes of this bill are to (1) allow Department of Education students to fulfill graduation requirements by taking world language, fine arts, career and technical education, or computer science courses; (2) establish a scholarship at the University of Hawaii to encourage students majoring in education to take a computer science course; (3) require the University of Hawaii to establish computer science pathways for students majoring in education; (4) require teacher licensing and certification to include computer science; and (5) appropriate funds for the computer science in teaching scholarship program at the University of Hawaii.

This bill is objectionable because it imposes a new admissions requirement on the University of Hawaii (UH), which will be applicable to all campuses. As written, this bill would require that applicants for admission have successfully completed a world language, fine arts, career and technical education, or computer science class. This requirement would effectively preclude many adults from entering the UH Community College system. Approximately one-third of all community college applicants are over the age of 25 and would not have met the proposed admissions requirement. In addition, UH's Community Colleges work hard to provide opportunities to those who did not complete high school. The new admissions requirement set forth in this bill would create a barrier to public higher education that could impact thousands of potential adult learners.

Furthermore, this bill diminishes the power of the Board of Education (BOE) to formulate statewide educational policy, as established by Section 3 of Article X of the Hawai'i Constitution. The BOE already has a policy regarding high school graduation requirements; under the constitution, any revisions to those requirements should be made by the BOE, and not by the Legislature.

For the foregoing reasons, I am returning Senate Bill No. 2142 without my approval.

RELATING TO CONSTITUTIONAL AMENDMENTS," which was returned without approval and reads as follows:

"EXECUTIVE CHAMBERS
HONOLULU
July 12, 2022

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2347

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2347, entitled "A Bill for an Act Relating to Constitutional Amendments."

The purpose of this bill is to amend section 11-118.5, Hawaii Revised Statutes, to provide that a constitutional ratification question printed on a ballot must be "simple, concise, and direct to the extent practicable." This bill also amends section 602-5(a), Hawaii Revised Statutes, to authorize the Hawai'i Supreme Court to issue, upon a written request by the Senate President and/or the Speaker of the House of Representatives, a written opinion (1) stating whether a proposed constitutional amendment and the corresponding constitutional ratification question are "simple, concise, and direct to the extent practicable" and (2) if they are not, providing a detailed and specific explanation of the reasons for the court's conclusion. The Supreme Court is to respond within fifteen days of the date of the written request and its opinion shall not be appealable.

This bill is objectionable because it raises a separation of powers issue with respect to the Legislature and the Judiciary. See *Schwab v. Ariyoshi*, 58 Haw. 25, 564 P.2d 135 (1977) (the doctrine of separation of powers prohibits any branch of government from unduly interfering with the constitutional functions of the other branches). Also, this bill is objectionable because it authorizes the presiding officers of the Legislature to request that the Hawaii Supreme Court issue an improper advisory opinion (1) stating whether a proposed constitutional amendment and the corresponding constitutional ratification question are "simple, concise, and direct to the extent practicable" and (2) if they are not, providing a detailed explanation of the reasons for the court's conclusion. Advisory opinions generally do not have a detailed factual record or the benefit of prior legal analysis or advocacy from adverse interests regarding the issues that a proposed constitutional amendment often presents. Further, insofar as this bill requires that the Supreme Court respond to the Legislature within fifteen days of the Legislature's written request, it does not afford the Supreme Court with reasonable time to fully consider and research a proposed amendment and issue its opinion, which will not be appealable.

For the foregoing reasons, I am returning Senate Bill No. 2347 without my approval.

Respectfully,

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2510

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2510, entitled "A Bill for an Act Relating to Renewable Energy."

The purposes of this bill are to diversify the State's renewable energy profile and reduce the State's reliance on fossil fuels by requiring (1) the Office of Planning and Sustainable Development (OPSD) to update the state energy plan; and (2) to amend the economy and energy plans in the Hawaii State Planning Act to, among other things, require a minimum of 33.33 percent of renewable energy to be generated by firm renewable generation on each island, and to limit the percentage of any one type of renewable energy source to 45 percent of all generation for each island, except for geothermal energy. The bill provides that the percentages may be updated by concurrent resolution.

This bill is objectionable because without robust factual support or comprehensive cost analysis it prematurely establishes arbitrary percentages that will render at least the County of Kauai out of compliance due to that county's advancements in promoting solar energy. Fixing numerical limits that do not consider the different circumstances on each island is problematic. The bill also pits different renewable technologies against each other based upon a dichotomy between firm and intermittent energy sources that is becoming obsolete. As a result, it imposes additional regulatory obstacles that may impede opportunities to find a more cost-effective mix of renewable technologies or to develop new innovative technologies that do not fall within the definition of firm power. The attached "Summary: Estimated current compliance with the requirements of SB2510, by island" summarizes some of my concerns.*

Additionally, the bill appears to supersede a Public Utility Commission's stakeholder-based process to update energy-efficiency portfolio standard framework, which has been in effect since 2012, in favor of a new process with OPSD as the single decision-maker and an appeal to the Governor's Office. In addition, the bill misuses chapter 226, Hawaii Revised Statutes (HRS), which function is to establish state goals and objectives, in an effort to create a regulatory scheme that would be more appropriately created through chapter 269, HRS, which currently provides a statutory framework for renewable portfolio standards.

Further, Section 14 of Article III of the Constitution of the State of Hawai'i states in relevant part: "[n]o law shall be passed except by bill." An amendment to statutory provisions is a law that requires the passage of a bill. Accordingly, an attempt to amend provisions in the bill by adoption of a concurrent resolution would likely be found legally invalid for not meeting the requirement under Section 14 of Article III of the Constitution of the State of Hawai'i.

For the foregoing reasons, I am returning Senate Bill No. 2510 without my approval.

Respectfully,

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2511

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2511, entitled "A Bill for an Act Relating to Taxation."

The purposes of this bill are to expand the Renewable Energy Technologies Income Tax Credit (RETITC) to include new categories of renewable energy technology systems that are eligible for the RETITC and to impose caps on the amount of credit that may be claimed by a taxpayer and the total amount of tax credits for certain renewable energy technology systems that may be claimed in a taxable year. The bill would apply to taxable years after December 31, 2021.

This bill is objectionable for several reasons. First, this bill has a significant administrative flaw in that it creates an aggregate \$20 million cap without designating a certifying agency to ensure that the aggregate cap is not exceeded. Further, the bill requires tax credits to be prorated if the cap is exceeded, but because the tax credits are processed when received, taxpayer's claims for credit after the cap is exceeded will have to be denied, prorated, or adjusted due to the aggregate cap having been exceeded, and those taxpayers may incur a tax liability with penalties and interest. The uncertainty about whether a credit will actually be available when claimed could have a chilling effect on the willingness of the public to install new renewable energy systems. Second, while the measure attempts to define what a "system" is for purposes of calculating the credit, the Department of Taxation has indicated a problem with calculating the allowable credit for "storage systems" because it is to be calculated based on output as opposed to storage capacity. Finally, even though the bill's intention appears to incentivize installation of firm renewable energy systems and long-duration renewable energy storage systems, it retroactively applies to the entire tax year of 2022. As a result, the bill would allow a taxpayer who already installed a renewable energy technology system before the enactment of this bill to also receive the tax credit, thus failing to incentivize installation of additional systems.

For the foregoing reasons, I am returning Senate Bill No. 2511 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2623

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2623, entitled "A Bill for an Act Relating to the Hawaiian Homes Commission Act."

The purpose of this bill is to amend sections 208 and 209 of the Hawaiian Homes Commission Act, 1920 (HHCA), to prohibit a lessee of, or successor to, a Department of Hawaiian Home Lands (DHHL) homestead lease who has sold or transferred the interest in the lease for personal gain, from being placed on any waiting list maintained by DHHL for an award of a homestead lease under section 207, HHCA.

This bill is objectionable because data collected by DHHL indicate that less than one-half of one percent of pastoral and agricultural homestead applications, and less than four percent of residential homestead applications, were submitted by beneficiaries who previously held a lease, and the majority of those were made to a family member without remuneration. Only a small number of applicants had transferred their lease for a fee or other personal gain and then applied for a subsequent lease. The bill therefore would not have an appreciable impact on other waiting list applicants' ability to receive homestead lease awards. The additional restrictions imposed by this bill could have unintended consequences for other beneficiaries. Further, DHHL's administrative rules already prioritize for new lease awards, those applicants who have not previously held homestead leases.

For the foregoing reasons, I am returning Senate Bill No. 2623 without my approval.

"EXECUTIVE CHAMBERS

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2707

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2707, entitled "A Bill for an Act Relating to Collective Bargaining."

The purposes of this bill are to require the employer to initiate negotiations on repricing of classes within a bargaining unit within thirty days of the employer's receipt of the exclusive representative's written request to negotiate and to establish that an employer's failure to initiate the requested negotiations within such time frame or the parties' failure to reach an agreement within ninety days of the exclusive representative's written request to negotiate or by January 31 of a year in which the collective bargaining agreement is due to expire, whichever is earlier, constitutes an impasse to which the impasse

procedures in section 89-11, Hawaii Revised Statutes (HRS), shall apply.

This bill is objectionable because it creates a very short timeline within which to negotiate and agree on repricing. Because repricing is a highly technical and often contentious matter, this bill may result in inability to reach agreement within the new timelines, thus necessitating a resolution of an impasse by an arbitration panel. Mandating unresolved repricing requests to the impasse procedures would jeopardize an employer's ability to create and maintain a pay structure and pay relationships that are equitable for all classes of work by evaluating jobs based on a consistent set of criteria. If multiple arbitration panels make repricing determinations, there will no longer be a consistent application of repricing criteria.

This bill undermines the current classification and pricing system, eliminates the employer's discretion in repricing matters, and will lead to costly arbitration. An arbitration panel, which might lack the necessary repricing expertise, could render a decision that could impact not only the classes of work for which negotiations had been demanded, but could also impact other related classes of work, thereby significantly altering and potentially weakening the current system of job evaluation and pricing relationships.

The existing negotiated repricing process already provides the unions with the opportunity to submit negotiated repricing requests, and they can also choose to submit these requests to arbitration in accordance with section 89-11, HRS, in its current form without this bill.

Additionally, while current impasse procedures under chapter 89, HRS, are lengthy, expensive, and unpredictable, they only occur every few years. Such would not be the case with this bill.

Finally, the bill is not clear on when the repricing requests may be submitted, or who would pay any additional arbitrator's fees.

For the foregoing reasons, I am returning Senate Bill No. 2707 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2824

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2824, entitled "A Bill for an Act Relating to the Board of Education."

The purpose of this bill is to amend the minimum qualifications for Board of Education nominees. The bill amends section 302A-126, Hawaii Revised Statutes, to (1) add a new qualification relating to relevant experience – i.e., that "the board collectively shall have knowledge, experience, and

proven expertise in as many of the following fields as possible, including education, workforce development, critical industries to the State, emerging fields, energy, advanced manufacturing, health care, business, technology, entrepreneurship, real estate, finance, or organizational management[;]" and (2) clarify that the understanding of best practices, one of the existing minimum qualifications, should come through "organizations such as the National Association of State Boards of Education or similar organizations[.]"

This bill is objectionable because it poses a threat of corporatizing public education, undermining deeper public educational goals, and devaluing professional expertise in education and childhood development. Industry-track academies and Career and Technical Education programs are already present and thriving in our public schools, due to collaboration between educators and the private sector. These programs demonstrate that workforce development does not require changing the professional composition of the Board of Education (BOE). Section 3 of article X of the Hawaii Constitution provides, in pertinent part, that the BOE "shall have the power, as provided by law, to formulate statewide educational policy[.]" Decisions about Hawaii's education system should be made by professionals with experience and expertise in developing life-long learners. I believe that diversifying the BOE is important in creating a statewide school governance structure, but the diversity of backgrounds in this bill is unbalanced and does not include other important backgrounds such as culture, arts, international education, parents, and even student representation. Additionally, experts in the private sector fields referenced in this bill may not have the experience and expertise needed to make nuanced policy decisions around standards, curriculum-development, and teacher training.

Furthermore, this bill undermines the autonomy and decision-making power of this office. The bill requires the BOE to collectively have knowledge, experience, and proven expertise for thirteen areas, where only eleven positions are available. Education is only one of the thirteen areas listed in the bill; the other twelve areas of expertise are corporate-focused and unrelated to the oversight of a statewide public education system. Compliance with this bill would virtually guarantee that educational experts will be far outnumbered in the BOE's composition and could be excluded from consideration for appointment altogether.

For the foregoing reasons, I am returning Senate Bill No. 2824 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2989

Honorable Members

State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval,

Senate Bill No. 2989, entitled "A Bill for an Act Relating to Agriculture."

The purpose of this bill is to create a Healthy Soils Program (Program) to improve soil health and increase carbon sequestration. It requires the Department of Agriculture (Department) to: (1) create a statewide soil health assessment; (2) provide farmers with education and technical assistance; (3) establish standards that apply to the Program; and (4) subject to available funding, issue financial incentives to implement farm management practices.

This bill is objectionable because the Department does not possess the elements of a science-based soil management and education program. The bill does not provide the resources or guidance to create what would amount to a new division within the Department. Senate Bill No. 2056, which this Legislature passed in the 2022 Legislative Session, and which I enacted as Act 189, requires the Office of Planning and Sustainable Development, along with the Department, to undertake a soil classification study for the future regulation of agricultural lands. That study should be completed before a bill such as this is enacted. In addition, improving the capacity of existing programs such as the Greenhouse Gas Sequestration Task Force, which was established by Act 15, Session Laws of Hawaii 2018, and the initiation of the Hawaii Carbon Smart Land Management Assistance Pilot program in Senate Bill No. 3325, which this Legislature also passed this session, and which I enacted as Act 185, will lead to better outcomes.

For the foregoing reasons, I am returning Senate Bill No. 2989 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 3089

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 3089, entitled "A Bill for an Act Relating to Emergency Management."

The purpose of this bill is to amend chapter 127A, Hawaii Revised Statutes (HRS), to: (1) clarify that powers granted for emergency purposes shall not be construed as permitting actions inconsistent with the State Constitution; (2) provide for greater clarity and specificity regarding the scope of suspensions of law; (3) require that Hawaii's emergency management system include coordination between state and county emergency management functions, where appropriate; (4) add the definition of the term "severe warning" in section 127A-30, HRS; (5) authorize the Legislature, by an affirmative vote of two-thirds of the members to which each house is entitled, to terminate a state of emergency, in part or in whole, declared by the Governor, but to also authorize the Governor to re-declare the existence of a state of emergency that has been terminated;

and (6) clarify the legal framework governing the extension and termination of emergency periods.

This bill is objectionable because a premature termination of a state of emergency will create an impossible situation where county mayors will have to rely on their limited emergency powers to respond to an emergency without State assistance. This latter situation, if allowed, could jeopardize federal assistance, which generally requires the State to provide assistance before counties receive federal assistance. Additionally, because the county mayors lack the authority to suspend state laws, their emergency responses during a local state of emergency are still confined by state laws, including the laws that regulate driver's license expiration dates and gun registration deadlines. A gubernatorial state of emergency needs to be in place to suspend state laws that may affect counties' ability to effectively respond to emergencies. A premature termination of a state of emergency may significantly impede counties' emergency management capabilities.

The authority given to the Legislature in the bill to terminate a state of emergency would severely interfere with the Governor's duties and legal obligations to provide for the public health, safety, and welfare by limiting the Governor's ability to determine the duration of a state of emergency or disaster within the State if the circumstances giving rise to the state of emergency continue.

For the foregoing reasons, I am returning Senate Bill No. 3089 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 3172

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 3172, entitled "A Bill for an Act Relating to Public Agency Meetings."

The purposes of this bill are to (1) require any electronic audio or visual recording of a board meeting to be maintained indefinitely as a public record on the board's website or an appropriate State or county website, even if written minutes of the meeting are posted; (2) require that the written minutes contain time stamps linked to the recording, if the meeting was recorded; and (3) repeal the option for boards to provide recordings with accompanying written summaries with time stamps in lieu of written minutes.

This bill is objectionable because it ultimately reduces public access to timely information regarding board actions by eliminating the incentive, under current law, for boards to record their meetings. Under current law, if a board records its meeting, it has the option to post the recording together with a document summarizing the meeting discussions and containing time-stamps for each discussion item, or the board can prepare

and post written minutes. If the board records the meeting to aid in the preparation of written minutes, the board is not required to retain the recording once the written minutes are posted.

Recordings consume considerable data storage space and most boards share a limited amount of data storage space on their department's website. This bill would require a board to maintain the recordings indefinitely, make the recordings publicly available on the board's website, and would also require the board to prepare and post written minutes containing time stamps linked to the recordings. The new requirements under this bill would discourage rather than incentivize boards to record their meetings. The unintended result of this bill would be delays in posting of written minutes, particularly for boards with a small staff or for boards with no staff and only volunteers.

Finally, this bill is an unfunded mandate as it will result in increased personnel costs to comply with the new requirements, increased data storage and website configuration expenses to store all the recordings indefinitely, and the potential for increased litigation expenses relating to the indefinite period of the recording retention requirement as well as accessibility claims under the Americans with Disabilities Act about the format of the recordings posted on State websites. These anticipated increased agency costs were not funded in this bill.

For the foregoing reasons, I am returning Senate Bill No. 3172 without my approval.

State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 3201, entitled "A Bill for an Act Relating to Nonprofit Organizations."

The purpose of this bill is "to align the state general excise tax with the federal income tax law by exempting from the State's general excise tax, the fundraising income generated by a tax-exempt nonprofit organization, while retaining the general excise tax for gross income derived from any 'unrelated trade or business', as defined by the Internal Revenue Code." This bill has an effective date of January 1, 2023; provided that, if this bill becomes an act, on December 31, 2027, the act shall be repealed and section 237-23, Hawaii Revised Statutes, shall be reenacted in its previous form.

This bill is objectionable because it may lead to undesirable consequences that go beyond the intended purpose of the bill, which is solely to exempt certain nonprofit organization fundraising income from the general excise tax (GET). The Department of Taxation notes that the bill will have the unintended consequence of making certain types of income currently exempt from the GET, such as passive income, subject

to tax. Thus, enacting this bill would negatively impact the general public, public entities, and nonprofit organizations.

Moreover, the Department of Taxation estimates that this measure will result in a general fund decrease of \$1,400,000 in fiscal year 2022-2023; \$3,500,000 in fiscal year 2023-2024; \$3,600,000 in fiscal year 2024-2025; \$3,600,000 in fiscal year 2025-2026; \$3,700,000 in fiscal year 2026-2027; and \$3,800,000 in fiscal year 2027-2028.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 3229, entitled "A Bill for an Act Relating to Geothermal Royalties."

The purposes of this bill are to cap the amount of geothermal royalties that are to be distributed to the State and to the county in which the geothermal royalties are to be located and to provide that the remaining geothermal royalties shall be deposited into the University Innovation and Commercialization Initiative Special Fund.

This bill is objectionable because of the concern that the proposed cap would divert funds from critical Department of Land and Natural Resources programs that regulate certain aspects of geothermal development and energy. There is a concern that the proposed cap would result in the Department of Land and Natural Resources receiving geothermal royalties in an amount significantly less than the operating costs for the Department's programs that regulate geothermal development and energy. In the State's work to combat climate change and the effects of global warming, we want to ensure that the departments critical to the effort have sufficient funding.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 3252, entitled "A Bill for an Act Relating to Public Records."

The purpose of this bill is to impose a cap on the costs charged for copying certain government records; waive duplication costs for requesters seeking government records in electronic format; and set a cap on search, review, and segregation fees, which are to be set forth through administrative rules adopted by the Office of Information Practices (OIP), with a waiver of search, review, and segregation fees for requests for government records when the public interest is served by the disclosure of the record(s).

This bill is objectionable because it will have a significant adverse impact upon government agency operations. The full waiver of search, review and segregation fees for virtually all records requests acts as a disincentive for records requesters to narrow the scope of their requests, thus resulting in the consequential increase in overbroad requests. Agencies, the majority of whom do not have dedicated personnel responding to records requests, will be vulnerable to UIPA lawsuits, which will increase costs to government agencies through awards of attorneys' fees and costs to plaintiffs filing those lawsuits. As a result, agencies may be forced to prioritize responding to records requests over the agencies' primary functions. Eleven government agencies testified with concerns or in opposition to this bill due to the adverse effects of the waiver of search/review and segregation fees upon agencies.

For the foregoing reasons, I am returning Senate Bill No. 3252 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 3311, entitled "A Bill for an Act Relating to Transportation."

The purposes of this bill are to (1) establish long-term goals to reduce greenhouse emissions and achieve zero emissions transportation in Hawai'i and abroad to reduce and eliminate transportation emissions; (2) establish an Interisland Transportation Working Group comprised of government agencies, expert stakeholders, and other relevant stakeholders recommended by the working group, to develop plans and recommendations for achieving zero emissions interisland transportation; and (3) establish an Electric Vehicle Sales

Growth Working Group comprised of government agencies, expert stakeholders, and other relevant stakeholders recommended by the working group, to develop plans to ensure sufficient support for the growing use of electric vehicles in the State.

While I support efforts to reduce greenhouse gas emissions and improve the sustainability of Hawaii's future, this bill is objectionable because its intent is already being fulfilled through current collaboration between state agencies and industry and public stakeholders. The bill establishes two working groups, both of whose work would be duplicative of current initiatives to support clean transportation and to achieve Hawaii's clean energy goals.

Furthermore, there is no funding allocated to lead these working groups, support their work, and produce annual reports to the Hawaii Climate Change Mitigation and Adaptation Commission. Neither the Department of Transportation nor the Hawaii State Energy Office has the additional resources to support these working groups. Implementation of this bill will have a negative fiscal impact on these agencies.

For the foregoing reasons, I am returning Senate Bill No. 3311 without my approval.

Respectfully,

/s/ David Y. Ige

Gov. Msg. No. 1409, dated July 12, 2022, transmitting the Governor's statement of objections to Senate Bill No. 3335, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE CIVIL AIR PATROL," which was returned without approval and reads as follows:

"EXECUTIVE CHAMBERS
HONOLULU
July 12, 2022

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 3335

Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 3335, entitled "A Bill for an Act Relating to the Civil Air Patrol."

The purpose of this bill is to make an appropriation of \$150,000 to "fund the operational expenses of the Hawaii Wing - Civil Air Patrol."

This bill is objectionable because the appropriation is "to fund operational expenses" but there is no indication how the appropriation is constitutionally valid. Section 4 of Article VII of the Constitution of the State of Hawaii, requires that "[n]o grant of public money or property shall be made except pursuant to standards provided by law." The bill does not contain any standards and the Hawaii Wing - Civil Air Patrol is ineligible for a grant under the standards for grants made to private organizations by the Legislature in chapter 42F, Hawaii Revised Statutes (HRS), as there is no record of the Hawaii Wing - Civil Air Patrol having applied to the Legislature for a grant, and it is not incorporated under the laws of the State. Even if the Legislature intended for the Department of Defense to procure the services by contract, it does not appear that any exception to the requirements of chapter 103D, HRS, exist under these circumstances.

For the foregoing reasons, I am returning Senate Bill No. 3335 without my approval.

Respectfully,

/s/ David Y. Ige

ATTACHMENT A**SUMMARY: Estimated current compliance with the requirements of SB2510, by island**

2020 data. The complete final set of 2021 data is not yet available. More recent data also supports the conclusions illustrated by the table below. Contracts currently in place and projects under construction may be subject to immediate cancellation if SB2510 is enacted.

1. Requirement that "Firm renewable generation shall be a minimum of 33.33 per cent of renewable energy generation for each island."

Unit		Percentage of renewable energy that was "firm" (2020)						4 possible calculation methods (SB2510 is unclear as to which would be used):	
		Kaua'i	O'ahu	Moloka'i	Maui	Lāna'i	Hawai'i		
MW	Firm renewable capacity as percent of utility-scale renewable energy generation capacity	7%	31%	0%	0%	0%	45%	A. Capacity of utility-scale generation (not including customer-sited generation)	If method A is used (capacity, utility-scale only), most islands would immediately be out of compliance with the "33% firm" requirement, even using 2020 numbers.
MW	Firm renewable capacity as percent of renewable energy (including customer-sited) capacity	5%	15%	0%	0%	0%	21%	B. Capacity of all grid-connected generation (including customer-sited generation)	If method B is used (capacity, including customer-sited generation), all islands would immediately be out of compliance with the "33% firm" requirement, even using 2020 numbers.
GWh	Firm renewable annual energy generation as percent of utility-scale renewable energy GWh	21%	42%	0%	0%	0%	13%	C. Cumulative gigawatt-hours (GWh) of renewable electricity generated in 2020 by utility-scale facilities (not including customer-sited generation)	If method C is used (annual production, utility-scale only), most islands would immediately be out of compliance with the "33% firm" requirement, even using 2020 numbers.
GWh	Firm renewable annual energy generation as percent of renewable energy (including customer-sited) GWh	17%	21%	0%	0%	0%	7%	D. Cumulative gigawatt-hours (GWh) of renewable electricity generated in 2020 by all grid-connected facilities (including customer-sited generation)	If method D is used (annual production, including customer-sited generation), all islands would immediately be out of compliance with the "33% firm" requirement, even using 2020 numbers.

SB2510 requirement: above 33%. Those below 33% would be out of compliance.
Islands "out of compliance" are indicated by red numbers and shading.

SUMMARY: Estimated current compliance with the requirements of SB2510, by island

2020 data. The complete final set of 2021 data is not yet available. More recent data also supports the conclusions illustrated by the table below. Contracts currently in place and projects under construction may be subject to immediate cancellation if SB2510 is enacted. Current solar percentages are higher than the 2020 values shown in the table, and projected to increase significantly with the interconnection of projects under development.

2. Requirement to "Limit the percentage of any one type of renewable energy source to forty-five per cent of all generation for each island, except for geothermal generated energy."

Unit		Percentage of renewable energy from solar (2020)*						6 possible calculation methods (SB2510 is unclear as to which would be used):	
		Kaua'i	O'ahu	Moloka'i	Maui	Lāna'i	Hawai'i		
MW	Percent generation capacity of each renewable source as % of total (utility-scale only)	37%	9%	0%	2%	10%	1%	A. Capacity of utility-scale generation (not including customer-sited generation)	
MW	Percent generation capacity of any one renewable source as % of total (including customer-sited)	32% (utility) 14% (customer-sited)	7% (utility) 20% (customer-sited)	0% (utility) 16% (customer-sited)	1% (utility) 27% (customer-sited)	9% (utility) 11% (customer-sited)	1% (utility) 25% (customer-sited)	B. Capacity of all grid-connected generation (including customer-sited generation)	
MW	Percent generation capacity of any one renewable source as % of total (combining utility-scale and customer-sited solar)	46%	27%	16%	28%	20%	26%	C. Capacity of all grid-connected generation including customer-sited generation, combining utility and customer solar	If this method is used, Kauai would immediately be out of compliance with the "45% limit," even using 2020 numbers.
GWh	Percent of annual utility-scale renewable GWh from any one renewable source	28%	6%	0%	1%	3%	0%	D. Cumulative gigawatt-hours (GWh) of renewable electricity generated in 2020 by utility-scale facilities (not including customer-sited generation)	
GWh	Percent of annual renewable GWh (including customer-sited) from any one renewable source	25% (utility) 12% (customer-sited)	5% (utility) 13% (customer-sited)	0% (utility) 11% (customer-sited)	1% (utility) 19% (customer-sited)	2% (utility) 7% (customer-sited)	0% (utility) 15% (customer-sited)	E. Cumulative gigawatt-hours (GWh) of renewable electricity generated in 2020 by all grid-connected facilities (including customer-sited generation)	
GWh	Percent of annual renewable GWh from any one renewable source (combining utility-scale and customer-sited solar)	37%	18%	11%	20%	9%	15%	F. Cumulative gigawatt-hours (GWh) of renewable electricity including customer-sited generation, combining utility and customer solar	

SB2510 requirement: each renewable source, other than geothermal, below 45%.
Islands "out of compliance" are indicated by red numbers and shading.

*Percentages from other renewable resources were also calculated but only solar approached the 45% level.

(2) Subsequent referral committees; prior concurrence. On bills that have been referred to more than one committee, unless otherwise ordered by the Senate, the subsequent referral committee shall make no substantive change, except changes which affect the subject matter over which the subsequent referral committee has primary jurisdiction, without prior written approval of the preceding referral committee chair having primary jurisdiction over the subject matter affected by the change.

Rule 18 Committee on Ways and Means: Special Responsibility.

It shall be the duty of the Committee on Ways and Means, in considering the General Appropriations Bill or the Supplemental Appropriations Bill, to determine for each fiscal year of the biennium the appropriate level of total expenditures and the level of expenditures for program areas.

A leadership Committee on Legislative Management, upon consultation and agreement with the Majority and Minority Leaders, may be appointed by the President to perform the duties and responsibilities of the Committee as may be provided by law, or to make recommendations to the President on issues of Senate policy. Because Leadership Committees have jurisdiction over issues of organizational and institutional interest to the Senate, their membership shall include members drawn from the ranks of the Senate Leadership, thus assuring high-level consideration of these issues.

Rule 20 Special Committees on Accountability.

The President may appoint a Special Committee on Accountability which shall conduct informational briefing on matters referred to it by Senate Leadership or investigate matters referred to it by single house or concurrent resolutions. The committee shall be composed of not less than five members, unless otherwise ordered by the Senate, and include a member or members of the minority party. The President shall appoint the committee's vice chair, who may change from time to time, to represent the standing committee having primary jurisdiction over the subject matter referred to the special committee.

Each Special Committee on Accountability shall terminate at the end of the calendar year in which it was appointed, unless otherwise specified. All requirements of standing committees shall apply to the committee.

Rule 21 Meetings of Committees.

Meetings, including decision-making sessions, of leadership committees appointed by the President, and Standing Committees shall be public provided that meetings in executive session may be allowed in such exceptional circumstances when committee discussion could unfairly damage the reputation of individuals or where there is a legal question concerning a bill.

Notice of meetings shall include the number and title of the bills or resolutions, and brief descriptions and committee referrals of each of the subject matters to be covered. The notice for the first Senate meeting on a measure shall be filed at least 72 hours before the meeting and at least 48 hours before any subsequent meeting. The notice for any meeting to be held on the first work day of the week shall be filed no later than 4:00 p.m. on the last work day of the prior week.

These notice requirements may be waived with the approval of the President upon good cause shown. The 72 hour notice requirement is waived for the initial decision-making meeting for short form bills and informational briefings.

No committee shall sit during the time when the Senate is actually in session without first securing the approval of the President, except Conference Committees that may sit at any time.

As practicable, committees shall schedule their meetings at times and at places as are convenient for attendance by the general public, and in coordination with other committees of the House or Senate, shall endeavor to hold joint meetings and public hearings on matters of mutual interest.

The meetings of a Conference Committee shall be conducted as agreed upon by the members of the Conference Committee. Conference Committee meetings and decision-making sessions shall be public. Public notice of Conference Committee meetings shall be given to the extent practicable.

Rule 22 Decision-Making by Committee.

(1) The chair of a standing committee may commence a decision-making meeting and open discussion on matters referred to the committee without a quorum; provided that the decision-making by the committee on matters that are referred to it shall be conducted with a quorum of the committee present. A quorum shall be a majority of the membership of the committee.

(2) A favorable vote of a majority of the members present at a decision-making meeting duly constituted with a quorum is required to report a matter out of committee. A member voting "with reservations" shall be counted as a favorable vote.

If necessary, witnesses shall be summoned or subpoenaed, and everything shall be done to bring all facts pertaining to the matter before the Senate in accordance with the provisions of Chapter 21 of the Hawai'i Revised Statutes. The President may exercise such powers authorized under Chapter 21, relating to the issuance of subpoenas, and the President, committee chair and other duly delegated members of the Senate may exercise such powers authorized under Chapter 21 aforesaid, relating to the administering of oaths, and the compelling of witnesses who have been subpoenaed to testify. All committee meetings held on matters referred to it by the Senate shall be open to the public unless otherwise ordered by the Senate or otherwise provided by these Rules.

The final report of the committee shall be attested to by the signature of the chair on behalf of the members of the committee. The action of the committee on the bill or resolution or any amendments thereto, if any, and the final vote of each member of the committee recorded by the chair or the chair's designee at a decision-making meeting shall not be changed in the review of the report, unless the change is made at an open decision-making meeting conducted with a quorum of the committee present. The majority leaders and the minority leader shall develop a policy governing introduction by individual members of bills intended to appropriate money or to authorize the issuance of state bonds.

Bills, which shall carry over from a regular session in an odd-numbered year to the next regular session, shall retain the numbers assigned to them. The Clerk shall keep a record of the status of all bills in possession of the Senate at the end of the odd-numbered year session and shall publish the record of the status of all such bills prior to the convening of the next regular session.

Every bill introduced or reported out of any committee, which amends an existing section or subsection of the Hawai'i Revised Statutes or Session Laws of Hawai'i, shall set forth the section or subsection in full, and the matter to be deleted shall be enclosed in brackets and stricken and any new matter added to the section or subsection shall be underscored. However, a Supplemental Appropriations Bill need not conform to this rule, nor an amending bill where the intent and effect of the amending bill can be clearly identified and understood without repeating the entire section or subsection, in which case only the paragraphs, subparagraphs, clauses or items to be amended need be set forth as the President may allow. The President may allow additional exceptions to this rule.

No request for reconsideration shall be considered if the timing of the request would have the effect of killing a bill or resolution.

(5) Any proposed senate draft that makes major amendments or wholesale changes that could affect the referral of the bill shall be submitted to the President for review and if the President deems it appropriate, the bill may be re-referred as determined by the President. The President's determination of any proposed re-referral shall be made within twenty-four hours of receipt of the proposed senate draft.

(6) Each Leadership and Standing Committee shall consider the bills and other matters referred to it as expeditiously as may be possible.

(2) If the question to reject be negative, the bill shall go to its second reading without question.

Rule 49 Bills: Second Reading.

A bill upon its second reading may be read by its title only. It then shall be subject to a motion to commit. If it is not referred to a Leadership Committee, Standing Committee, or Special Committee, but is ordered to be considered in Committee of the Whole, a day for such consideration shall be determined by the chair of such committee. When the bill is reported from committee it shall take its place in the order of business for future consideration.

(2) A bill on its third or final reading may be read by its title only. Upon the final passage of any bill, the Ayes and Noes shall be called. Such passage shall require the affirmative vote of a majority of all the members of the Senate and the Ayes and Noes shall be entered on the Journal.

(3) All bills, except on first reading, shall be identified by title on the Order of the Day before consideration by the members unless waived by the President.

Rule 51 Bills: Property of Senate.

Rule 54 Bills: Amendments.

(1) All amendments proposed to any bill shall be in writing, unless otherwise ordered by the Senate, and shall be sent to the Clerk's desk to be filed with the bill.

(2) The fundamental purpose of any amendment to a bill shall be germane to the fundamental purpose of the bill.

(3) The Clerk shall prepare and distribute copies of any proposed floor amendment to each member of the Senate present.

(4) A floor amendment shall be deemed pending only after its proponent has been recognized by the President and its adoption has been properly moved and seconded.

(5) A floor amendment that relates to a different subject, is intended to accomplish a different purpose, incorporates any other bill pending before the Senate, or would alter the nature of the bill as reported, is not germane and shall not be considered by the Senate.

(6) An amendment to a floor amendment that is not germane to both the floor amendment and the bill as reported shall not be considered by the Senate.

Rule 55 Bills: Certification.

When a bill is passed it shall be certified by the Clerk who shall note the day of its passage in the journal along with a record of the ayes and noes.

Rule 56 Bills: Received from House of Representatives.

Whenever a House bill which has passed Third Reading in the House of Representatives shall be certified to the Senate for its action, such bill shall be read three times before final passage, in accordance with the provision of the rules for the passage of bills introduced in the Senate.

Rule 57 Bills: Transmittal to House of Representatives.

When a bill originating in the Senate shall have passed its third reading, or when a bill originating in the House which has been received from the House shall have been amended, or when a carry-over bill from an odd-numbered year originating in the House passes its third reading in the Senate in an even-numbered year session, such bill or such amended bill shall immediately be certified by the President and Clerk and sent to the House of Representatives for its consideration.

Rule 58 Bills: Correction of Errors.

When a bill has passed both the Senate and the House of Representatives and an error in it is discovered prior to its having received the approval of the Governor, the bill may be returned by Concurrent Resolution to the house last considering the bill for proper correction.

Rule 59 Bills: Order of Consideration.

(1) The Clerk shall ensure that bills that have passed first reading are made immediately available. When the bills have been made available to the members of the Senate, the Majority Leadership, appointed by the President, shall refer the bills to the various committees. When the committees have considered the bills and reported on them, the committees shall return the bills to the Clerk, and the Clerk shall place the bills in the Second Reading File. The Senate shall consider the bills in the order in which they appear in the Second Reading File.

(2) The Clerk shall arrange bills that have passed second reading in the order of their passage on second reading, regardless of the date of their reference to committee or the date of the committee report on them. The Clerk shall place them on the Third Reading File in the order in which they passed second reading and the Senate shall consider them on third reading in that same order. However, if the third reading of a bill is set for some particular date, that bill shall be removed from the Third Reading File.

Rule 60 Bills: Special Order of Consideration.

All bills and other matters set for consideration on particular dates, shall be arranged in the order of the several votes making such assignments. A list shall be made of such special orders, and when the time for consideration arrives, such bills and other matters shall be considered in the order of assignment. If an adjournment shall be had before all of such special orders are disposed of, the remainder shall go over and come under the head of unfinished business on the following day, unless otherwise ordered.

PART VI. RESOLUTIONS; MOTIONS**Rule 61 Resolutions and Motions: Form.**

All resolutions shall be typewritten, dated and signed by the introducer, otherwise they shall not be considered. The Senate shall not introduce any congratulatory, commemorative or memorial resolution but shall express the sentiment contained in such resolutions by means of a suitable certificate. Motions and amendments may be verbal but shall be reduced to writing if requested by the President, and shall be read from the desk if so ordered.

Rule 62 Motions: Disposition.

After a motion is stated or read by the President, it shall be deemed to be in the possession of the Senate, and shall be disposed of by vote of the Senate; however, it may be withdrawn by the mover at any time before an amendment has been adopted or before the decision on the motion if not amended.

Rule 63 Motions Applicable to Pending Matters.

Whenever any bill or resolution or other matter shall be under discussion, the only motions relative thereto shall be:

- (1) To lay upon the table,
- (2) To postpone to a certain time,
- (3) To postpone indefinitely,
- (4) To commit or recommit, and
- (5) To amend, which motions shall have precedence in the order named.

The first two motions shall be decided without debate and shall be put as soon as made.

A motion to recommit will require a floor vote.

When any of the motions shall be decided in the negative, they shall not be revived the same day relative to the main question under discussion. If all are negative as aforesaid, the only remaining question shall be as to the adoption of the bill, resolution or other main question.

Rule 64 Matters Postponed Indefinitely.

When a question is postponed indefinitely, the question shall not be acted upon again during the session in which it was introduced.

Rule 65 Motion for Previous Question.

The object of the motion for the previous question is to cut off debate. It shall always be in order. It shall require a three-fifths vote to carry it.

Whenever the motion shall be carried, the author of the resolution or introducer of the bill under discussion shall be permitted to close the debate, after which the main question, subject to Rule 63, shall be put. The author or introducer may delegate to another such right to close.

Rule 66 Motion for Reconsideration.

(1) When a motion has been once made and carried in the affirmative or negative, it shall not be in order for any member who voted on the side that did not prevail to move for a reconsideration thereof; but any member who voted on the prevailing side may move to reconsider it on the same or the succeeding day of session, or, with the consent of the Senate, on any subsequent day and such motion shall take precedence of all other questions, except a motion to adjourn.

(2) When a motion for reconsideration has been decided by vote, that vote shall not be reconsidered.

(3) When a bill or resolution or other matter upon which a vote has been taken shall have gone out of the possession of the Senate, and shall have been transmitted to the House of Representatives, a motion to reconsider shall be deemed to include a request to the House to return the same. If not complied with by the House, then the vote on the motion to reconsider shall be set aside. If such motion shall pass, the Clerk shall promptly communicate to the House the request for return of the matter to be reconsidered.

Rule 70 Voting: Methods.

There shall be five methods of ascertaining the decision of the Senate upon any matter.

- (1) First, by voice; Second, by raising of hands; Third, by rising; Fourth, by call of the roll of the members and a record of the Clerk of the vote of each; and Fifth, by unanimous consent.
- (2) Whenever the Senate is ready to vote on any question, the President shall rise, and after stating the question, shall request all those in favor of the affirmative of the question to vote "Aye." The President then shall call upon all voting in the negative of the question to vote "No." The President then shall announce the result to the Senate.
- (3) If any member shall doubt the result, as announced, the President again shall state the question and call upon the members to vote either by rising in their places, and they shall remain standing until counted, or by raising their hands and the result again shall be announced.
- (4) The President shall, when one-fifth of the members present so request, and may, when one member so requests, allow a roll-call vote. Clerk shall call the roll of the members of the Senate. Each member, when called, shall vote in a clear loud voice, "Aye," if voting in the affirmative, or "No," if voting in the negative. The Clerk shall record each vote and such record shall become a part of the Journal of the Senate. The President shall announce the results as above set forth.
- (5) With the unanimous consent of the Senate, the President may direct the Clerk to record an "Aye" vote for each member of the Senate. If there is no objection, the Clerk shall so record the vote. If there is objection, the President shall ask for the names of the members voting "No" and order the Clerk to record no votes for them.

Rule 71 Voting: Rights of Members.

- (1) No member, on any account, shall refrain from voting unless excused by the President. A member voting "with reservations" shall be counted as a favorable vote. A member may vote "Kanalua" the first time the member's name is called by the Clerk on any vote, but if the member votes "Kanalua" on the next call of the member's name, the member's vote shall be recorded as "Aye."
- (2) The President may excuse a member who has a monetary interest in the question, or whose right to a seat in the Senate will be affected by the question, or whose official conduct is involved in the question. If a member thinks there may be a personal interest in the question, the member shall rise and disclose the interest to the President. The President then shall rule whether the member has a conflict of interest. If so, the member shall be excused from voting.
- (3) Whenever the Ayes and Noes are called, no one, without unanimous consent, shall be permitted to explain a vote.
- (4) After the announcement by the President of the result, no one shall be allowed to vote or to change a vote.

PART IX. DECORUM; DISCLOSURES; PEER REVIEW; PUNISHMENT**Rule 72 Misconduct; Procedure; Peer Review.**

No member of the Senate shall be subject to a charge for misconduct, disorderly behavior, or neglect of duty unless the person making the charge shall have first given notice of the charge to the President and to the member being charged.

Upon receipt of the charge, the President shall attempt to resolve the matter in an administrative proceeding. If the matter cannot be resolved administratively, the President may appoint a Special Committee to be chaired by the Vice-President or such other member as the President may designate to investigate, hear and report upon the conduct of the member charged for misconduct, disorderly behavior or neglect of duty. Any member so charged shall be informed in writing of the specific charge or charges made against the member and have opportunity to present evidence and be heard in the member's own defense before the Special Committee. Following its investigation and hearing, the Special Committee shall file its report with the President setting forth its findings and recommendations.

If the committee recommends dismissal of the charge or charges, the President may dismiss the charges without further hearing, or the President may present the report of the committee to the Senate for its consideration. The Senate, by a majority vote, may dismiss the charge or charges against the member without a hearing.

If there is no dismissal of the charge or charges, or if the committee recommends censure, suspension or expulsion, the President shall present the report of the committee to the Senate for its consideration and decision. The member who is charged, shall be informed in writing of the presentation of the charge or charges of the committee report to the Senate and be given an opportunity to be heard in the member's own defense. The Senate, by a majority vote, may dismiss the charge or charges without a hearing, or with notice and an opportunity to be heard in the member's own defense, censure a member or, upon a two-thirds vote of all the members of the Senate, suspend or expel a member.

At any stage of the charge against a member, the member shall have a right to be represented by a person or persons of the member's own choosing.

Rule 73 Decorum: Transgression of Rules.

If any member transgresses the rules of the Senate, the President, or any member, may call such member to order, and, when so called to order, the member immediately shall sit down. The President then shall decide the question of order without debate, subject to an appeal to the Senate.

The President may call for the sense of the Senate on any question of order.

Rule 74 Decorum: Address.

When any member is about to speak, such member shall rise from the member's seat and address all remarks to the President. While speaking, the member shall confine all remarks to the question under debate, shall refer to other Senators by title only (e.g., "Senator from the _____ District"; "The Chair of the Committee on _____"; "The Majority Leader,") and not by name and shall avoid personalities.

Rule 75 Decorum: Person Called to Order While Speaking.

Whenever any person shall be called to order while speaking, such person shall be deemed to be in possession of the floor when the question of order is decided and may proceed with the matter under discussion.

Rule 76 Decorum: Presence in Senate.

No person shall sit at the desk of the President or Clerk, except by permission of the President, nor shall any person, other than a member, officer or permitted employee or person, sit in the main Senate floor area during any of the sessions of the Senate.

Rule 77 Decorum: Conduct in Session.

When the President is putting any question or addressing the Senate, no one shall walk out of the room or across the floor. When a member is speaking, no one shall entertain a private discourse, nor shall anyone pass between the member speaking and the Chair.

No one shall cause any annoyance or disturbance on the Senate floor by use of sound-emitting electronic devices such as cell phones or pagers.

Rule 78 Decorum: Disorderly Conduct in Session.

If, during any session of the Senate, any member should behave in a disorderly manner the President shall order the member to be seated and preserve the peace. If such member then shall persist in disorderly conduct, the President shall order the Sergeant-at-Arms to remove the member from the Senate and the member shall not be permitted to take a seat during the remainder of that day's session, except upon satisfactory pledge given to the Senate for future good behavior.

Rule 79 Decorum: Recording of Debate Called to Order.

If any Senator is called to order for words spoken in debate, upon the member's demand or on that of any other Senator, the words objected to shall be taken down in writing and noted by the Clerk, and, if required, shall be read for the information of the Senate.

Rule 80 Decorum: Smoking.

No member or other officer shall smoke anywhere within the capitol.

Rule 81 Standards of Conduct.

(1) Members should conduct themselves in a respectful manner befitting the office with which they as elected officials have been entrusted, respecting and complying with the law and acting at all times in a manner that promotes public confidence in the integrity of the Senate.

(2) Members should not lend the prestige of public office to advance the private interests of themselves or others; nor should members convey or permit others to convey the impression that they are in a special position to unduly influence pending public business before them.

(3) Members should treat their fellow Senate members, staff, and the general public with respect and courtesy, regardless of political or religious beliefs, race, ethnicity, sex, sexual orientation, or physical disability.

(4) The legislative duties of members as prescribed by law and these Rules should take precedence over all of their other business or professional activities. Members should freely and willingly accept certain restrictions on their business activities and professional conduct that might be considered burdensome by an ordinary private citizen, and should perform the duties of elected office impartially and diligently. To the greatest extent reasonably possible, members should:

- (A) Refrain from allowing family, social, business, or other relationships to unduly influence the member's legislative conduct or judgment.
- (B) Refrain from showing bias or prejudice, including but not limited to bias or prejudice based on political or religious beliefs, race, ethnicity, sex, sexual orientation, or physical disability, in the performance of their official duties.
- (C) Exercise patience, tolerance and courtesy to all those with whom they deal with in an official capacity, and require staff and others subject to their direction and control to maintain similar standards of conduct, fidelity, and diligence inherent in public service.
- (D) Exercise the power of appointment impartially and on the basis of merit, refraining from making unnecessary appointments and approving compensation of appointees beyond the fair value of services rendered.
- (E) Afford to every person who wishes to participate in the legislative process the opportunity to be heard according to established procedures.
- (F) Consider at all times whether their conduct would create in reasonable minds the perception that their ability to carry out legislative responsibilities with integrity and independence is either questionable or impaired.
- (G) Refrain from using, or permitting the use of, the privileges and prestige of their public office to derive undue personal, professional, or financial benefits for themselves, members of their families, or others with whom they maintain personal, business, or professional relationships.
- (H) Refrain from engaging in financial and business dealings that involve them in frequent transactions, or continuing business or professional relationships, with those persons likely to derive benefits from public financial matters either pending or already deliberated and voted upon by the Senate, to the extent that such conduct may reasonably be perceived as personal exploitation of their public office.

Rule 82 Decorum: Solicitation Prohibited.

An officer or employee of the Senate shall not solicit subscriptions, for any purpose, from any other officer or employee thereof, nor from any Senator. Nor shall any person be permitted to solicit or receive subscriptions or contributions for any purpose on the floor or in the lobby of the Senate or in any Senate office.

Rule 83 Disclosures.

Each member shall file with the Ethics Commission of the State of Hawai'i, a disclosure of the member's private financial interests, as prescribed by law. Each member shall file with the Ethics Commission any change in such financial interests.

If a legislative matter which affects a member's interests arises before the member has made a disclosure to the Ethics Commission, the member shall disclose orally such interest to the Senate before voting. The member then shall immediately make the written disclosure required by law and the Rules of the Senate.

Any member who has filed a disclosure as required by this Rule need not make a further oral disclosure on the Senate floor of any interest so filed.

Rule 84 Violating Confidence.

If any matter covered in Rule 35 or 36 shall be disclosed by any Senator, the Senator shall be liable to censure, or, by a two-thirds vote, to suspension or expulsion from the Senate. If an officer or other person authorized to hear such matter shall disclose the matter, such officer shall be dismissed and such other person shall be liable to punishment for contempt comparable to the punishment provided for by Article III, Section 18 of the Hawai'i State Constitution and in the manner as therein prescribed.

Rule 85 Conflicts of Interest.

(1) No member shall vote on any legislation if the member has a direct financial interest in the legislation, unless the member is part of the class of people affected by the official action based upon the member's profession, trade or business; provided that this rule shall not apply to votes on the recommendations of a committee when a member has disclosed a potential conflict. For the purposes of this rule, a "direct financial interest" means that the legislation affects the legislator's personal business, property, or financial interest.

(2) If a member is uncertain as to whether a conflict of interest exists, the member may request a ruling from the President by giving notice and disclosing the direct financial interest to the President prior to voting. When making a determination in cases where a portion of a measure may place a member in a conflict of interest, the President shall give due consideration to the context of that portion as it relates to the overall purpose of the measure. If the President determines that a conflict exists, the President shall excuse the member from voting.

PART X. QUESTIONS TO STATE OFFICERS**Rule 86 Questions to State Officers.**

Any member of the Senate may ask any question of any state officer relating to the officer's respective department by reducing such questions to writing, over the member's signature, reading the same before the Senate, and furnishing the officer with a copy of such written question. Any officer questioned shall reply to such question upon the following day, unless the Senate shall grant a definite extension of time for replying.

PART XI. AMENDMENT, SUSPENSION AND INTERPRETATION OF RULES**Rule 87 Amendments; Suspension; Violations.**

(1) No rule of the Senate shall be amended or rescinded nor shall any new rule be adopted, without one day's notice of such change. Any such action shall require a majority vote of the members of the Senate.

(2) Any rule may be suspended for a particular purpose upon a majority vote of the members of the Senate.

(3) Any violation of these Rules shall be referred to the President for appropriate action.

Rule 88 Parliamentary Procedure.

Mason's Manual of Legislative Procedures, 2010 edition, where not inconsistent with the Rules and practices of the Senate, shall govern.

PART XII. MISCELLANEOUS POWER**Rule 89 Legal Action.**

Except in legal proceedings where the Senate of the State of Hawaii is named as a defendant, the President shall obtain written consent of a majority of the members to which the Senate is entitled prior to undertaking any affirmative legal action taken on behalf of the Senate, such as the filing of a lawsuit or amicus curiae brief or intervening as a party to a lawsuit.

Rule 90 Administrative and Financial Manuals.

The Senate shall adopt by majority vote an administrative and financial manual of guides, the purpose of which is to establish uniformity in administrative practices and to ensure compliance with Senate policies.

Rule 91 Decorum; Disrespectful Conduct During Session by Non-member.

If, during any session of the Senate, any non-member should behave in a disrespectful or disorderly manner the non-member shall be subject to arrest and removal from the Senate Chamber by the Sergeant-at-Arms or by any other law enforcement officer of the State, as directed by the Sergeant-at-Arms. Any removal of a non-member by the Sergeant-at-Arms and its personnel shall be restricted to removal of the non-member from the Senate Chamber and through non-physical means, whenever possible. Once a non-member is removed from the Senate Chamber, the Sergeant-at-Arms shall relinquish control of the non-member to the Department of Public Safety or other law enforcement officers of the State.

For the punishment of a non-member, the provisions of Article III, Section 18, of the Hawai'i State Constitution or section 710-1078, Hawai'i Revised Statutes, pursuant to Act 204, Session Laws of Hawaii 2012, shall govern.

Rule 92 Issuance of the Senate Pin.

- (1) The Senate pin is a symbol of service in the Senate and provides a common bond among current and past members.
- (2) The President may choose to commission and present the Senate pin to current or past members.
- (3) The Senate pin presented under this Rule shall only be worn by current or past members to whom it was presented.
- (4) The Senate pin shall not be presented to an individual or representative acting on behalf of any current or past member.

(5) If the Senate pin presented under this Rule is lost, destroyed, or rendered unfit for use without fault or neglect on the part of the current or past member to whom it was furnished, the President may replace the Senate pin upon request.

Rule 93 Committee on the Declared State of Emergency

When a state of emergency has been declared by the Governor, the President may appoint a Committee on the Declared State of Emergency which shall investigate or conduct informational briefings on matters relating to the State's emergency response. The committee shall be composed of not less than five members, unless otherwise ordered by the President, who shall appoint a chairperson from among the members. The committee shall include a member or members of the minority party.

Any member of the committee may ask any question of any state officer appearing before the committee relating to the officer's respective department, the department's role in the emergency, and its emergency response. Any member of the committee may also submit written inquiries by reducing the member's questions to writing, over the member's signature, reading the same before the committee, and providing the officer with a copy of such written questions. Any officer questioned in writing shall reply to such question upon the following day, unless granted an extension of time in which to reply by the committee.

The "Record of Votes of a Conference Committee" sheet detailing the votes of the managers of the Conference Committee shall be attached to the report as a part thereof.
- b. All House measures reported out of Conference Committee shall be filed with the House Chief Clerk, and likewise all Senate measures shall be filed with the Senate Chief Clerk. - c. All Conference Committee Reports and Conference Drafts of measures shall be filed with the respective Chief Clerk by **11:30 p.m.**

12. Electronic Transfer
