THE
THIRTY-FIRST LEGISLATURE
STATE OF HAWAII
REGULAR SESSION OF 2022
JOURNAL OF THE SENATE

FIRST DAY

Wednesday, January 19, 2022

In accordance with the provisions of Section 10 of Article III of the Constitution of the State of Hawai'i, the Senate of the Thirty-First Legislature of the State of Hawai'i, Regular Session of 2022, was called to order at 10:05 a.m., by the Honorable Ronald D. Kouchi, President of the Senate.

Ms. Tamlyn Kurata, from the Office of Senate President Ronald D. Kouchi, offered a moment of contemplation, after which the members of the Senate rose for the singing of the National Anthem and "Hawai'i Pono'i" by Ms. Malia Kaai-Barrett.

The Chair stated:

"Before we proceed further, I would like to note for the record that the ongoing COVID-19 pandemic qualifies as a 'catastrophic disaster' as defined in Senate Rule 38.5 and there is 'good cause' for authorizing Senate members to continue participating in any meeting of members via virtual attendance as set forth in Senate Rule 38.5 until further notice."

The Roll was then called showing all Senators present, with Senators Chang, Dela Cruz, Ihara, Keith-Agaran, Keohokalole, Rhoads, and Shimabukuro present and participating via videoconference.

The President then addressed the members of the Senate as follows:

"I was disappointed that we were unable to have the gallery full this morning and have friends and family on the floor. I was looking forward to drawing the energy from those in attendance to help inspire the remarks I'm offering today, but I am pleased to report to each and every one of you, the energy that you brought to the floor today was invigorating. I am amazed at how ready you are to do the work that is before us and that you have found the way to seek what are our opportunities and not be stymied by the disaster that has befallen us for the last two years. I am so optimistic about what we are going to achieve together by just seeing how you carried yourself here on the floor before we even started. Now, in the Senate, I view my job as your president to help you achieve your goals, so I'm going to give a few brief remarks at the 30,000-foot level because I don't want to take away from any committee chair going into the details of the hard work that you have been putting in during the interim in preparation for this session, and I look forward in working with you as we continue to share with our state the specificity of your goals, the programs that you've been working on, and how they're going to benefit the lives of the people of Hawai'i.

"The one thing that we all know is true: with all of the problems that we were trying to tackle pre-COVID, COVID has only made them worse. We were trying to deal with mental health issues, and in my district on Kaua'i, we had high per-capita suicide rates. But, in the pandemic, being cooped up, being locked down, not having social interaction and contact, stress of the inability to pay bills and support our families has

only added more stress, and we need to support mental health services, and I know Chair San Buenaventura is working diligently in that area. Senator Baker, over the years, has been a champion in that area. So I look forward in working with you as we continue to address the mental health issue.

"Homelessness, which was a highlighted problem, has only gotten worse and, again, with Senators San Buenaventura and Chang, we'll continue to work in this area. And I'm not going to get into the specifics of going forward, but I do want to say Ohana Zones work. We wound up giving latitude to partner with counties and other private organizations because the homeless situation on each island and each different region called for different solutions, and we did not have a one-fits-all, and so I look forward for us committing resources and funds to continue to address the issue.

"Affordable housing: so many people now want to come to Hawai'i and work remotely. The average cost of a home is a million dollars now, and we need to make sure that our residents have homes that they can afford. We're incredibly concerned, as I talked with Senator Kidani, in retaining teachers; the cost of a home has been one of the major impediments to that retention. Firefighters, police officers: they're making almost \$70,000 a year, and so we need to look at housing in the 100 to 120 percent or 140 of median just to retain our first responders, nurses, and teachers because if they can't buy homes, then they need to compete for million-dollar houses, which are out of their reach, and I look forward to working with Senator Chang in this area.

"When I look straight ahead, a recent birthday boy, Mike Gabbard—you know, there's been many articles; we need to continue to work on the farm-to-school, farm with the hospitals, and farm-to-prisons to support our agricultural industry and have better choices, healthier options on the plates of our students and for those in our hospitals while supporting our agricultural industry.

"Senator Dela Cruz has tremendous ideas about how we're going to work for diversifying our economy. With the broadband money from the federal government, it will create opportunities, and we cannot squander this once-in-a-lifetime chance to improve the connectivity for everybody in the State of Hawai'i, to give equal educational chances for every child here. With Senator Kidani, I'm so confident that we've got a great Education chair, with Senator Kim, the Higher Ed chair.

"While all of those problems are important, while the Senate is concerned in raising the minimum wage, the thing that keeps me up at night is the educational or learning loss that will have a generational impact, potentially, on these young people who will not be able to achieve the goals that they dreamed about because their educational opportunity did not allow them to succeed, and they will see a lost income over their whole working career. And so we need to make sure that we can deliver that education and have college and community college and vocational avenues available for these young people to succeed.

“So, those are the 30,000-foot issues. Those are some of the problems that we’re going to be dealing with. I look forward to working with you to get there. But I also want to be sure that we’re not missing some of what may seem like a small issue but are critically important. I read the article in *Civil Beat*, and they quoted Senator Acasio on the Ma’i Movement and a bill that the Women’s Caucus—or legislation (there’s more than one bill)—in trying to get feminine hygiene products in all of our schools. Since the article appeared yesterday, I’ve received several emails, and some of them have shown me the studies where, of the people surveyed, half of the respondents have missed class because they would not go to school because they did not have the proper feminine hygiene products. And it breaks my heart to read that they’re using leaves, newspaper, and other materials. And if we work so hard to get the devices, and we work so hard to get the connectivity, and we work so hard to train and compensate the teachers fairly, it’s all lost if they’re not going to school. And so this is something that I’m going to work with the Women’s Caucus on; this is something that is important to me. And there was a seventh-grade teacher quoted in the article. She’s a teacher at Chiefess Kamakahelei Middle School, which is less than 10 minutes from my house, and what struck me is the quote, ‘If we have to make a decision between buying food for the family or getting the right products for the teenager, then the food will win.’ And that should not be a choice that our people have to make. We need to ensure that we’re giving them every tool to allow them to succeed.

“So, I look forward, as we begin Day 1 of 60, to work with each and every one of you for the betterment of the people of the State of Hawai’i. Thank you.”

At this time, the President called on Senate Minority Leader Kurt Fevella.

Senator Fevella rose to present the following remarks:

“Thank you, Senate President. I’ll just start off: Governor Ige, Lieutenant Governor Green, Senate President Kouichi, Vice President Kidani, distinguished guests, family and friends, members of the viewing public, on behalf of the entire Senate Minority Caucus, I say a warm aloha and good morning to all of you. I want to thank my Heavenly Father for the many blessings that he has bestowed upon me and my family. I come from the community of ‘Ewa Beach, where I love to surf and I have the great opportunity of being here. I want to say a big mahalo to my constituents of Senate District 19 for giving me the opportunity to serve them. Mahalo for voting for me, representing our awesome community of ‘Ewa Beach.

“I was blessed to be raised in a loving, supportive family thanks to my parents. They worked very hard to provide for me and my family. They instilled the values and principles that I carry with me today. My father, who is still with us, along with my wife, DonnaLee, and my daughter, Abigail, constantly remind me to never forget the working-class families like us. Many of these families live paycheck to paycheck and face ongoing battles to make ends meet. It hurts me to see many families struggling—financially, mentally, psychologically, and emotionally. I can very much relate to their pain, because I see that the pandemic is not one of the biggest challenges that we face this legislative session. As the Senate Minority Leader, my passion is to help advance economy equality for our struggling families.

“I stand ready, as I always have, to reach across the aisle to work with my colleagues to support reasonable living wages, to boost the economy on our hard-working families. The last time we raised the minimum wage was in 2018, which is now \$10.10 per hour. The time has come for change.

“In order to support an increase in the minimum wage, we have to make sure that our hospitality industry is on a good path

to recovery so that we can be strong in our economy. Thanks to my mom, who’s no longer with us, I learned that she valued of her work in the hospitality industry. Going forward. I will continue to be a strong advocate for our number one industry. A lot of people are saying that that’s not our number one industry. Right now, it’s reversed. Agriculture was our number one industry back in the day, and now hospitality is here. If we do not make the industry strong, then it’s hard to get our economy moving forward and try to get our farms and our agriculture up to par.

“As a product of our public school system, and as a parent of a daughter who attends James Campbell High School—go, Sabers—I have firsthand experience in volunteering and working with the schools in my district. So whether it’s a problem at our public schools or at the university system (which you know that I’m passionately trying to beef up University – West O’ahu [go, Westside]), going forward, know that I will strive to make things better for our children.

“With respect to specific legislation, the Senate released priorities for our 2022 session. One of the Senate’s priorities and first areas of focus is to address the affordable housing shortage and providing great access to affordable housing for Native Hawaiians. This is one of my highest priorities. One of the bills that I have introduced will allow local families who are renting an affordable housing unit to save for and live in home of their own.

“And, finally, I’m hoping that, this session, we’ll be able to help law enforcement, use the latest technology to locate and respond to explosions caused by illegal use of fireworks and, of course, firearms.

“In closing, at the end of the day, when I stand and sit in my office, looking out the window, looking over to the statue of Queen Lili’uokalani, it reminds me of why I’m here. She improved the quality of life for our families and our constituents and advocate for what’s right for our people. Because all of what is said and done, the community is, to me: God, Family, Community, and the People of Hawai’i. It is who we represent here.

“When I came here—and this is straight from my heart, not from the book—when I came here, each and every one of you, through the Senate President, Vice President Kidani, Senator Dela Cruz, Senator Kim, constantly guide me, and Senator Breene (God rest his soul) always gave me the opportunity to come to their office, ask questions. I sat down with them and they were always willing to share. If we are going to show anybody in this State that we can work together as one people in this building, reaching across the aisle because I—the Minority, with you—the Majority, it doesn’t make no sense at the end of the day if we can’t and the people suffer.

“Senate President, you moved me today, along with Senator Acasio, because those things really matter. Having families that cannot go to school for education because their children don’t have the proper feminine hygiene is very serious. People don’t realize it. Mental health issues which people don’t take seriously enough. We don’t share it because Hawaiians, growing up, it was taboo to talk about mental illness in the family. I brought this up when we had the rallies, Senator Baker having this discussion in the Health committee. I’ll let you guys know this issue means a lot to me because, when we were growing up, we didn’t know what was wrong with my mom. It took years and years until she found a doctor, only to find out that her menopause was causing her mental illness. So we had to go from there, she had to do the surgery she needed to get on the path of recovery. But because nobody knows about these things, we always thinking that they acting, ‘Oh, they are not depressed, they joking,’ and then they kill themselves. These are

serious things that we need to take very seriously—houselessness, mental illness—going forward.

“Thank you again, Senate President. Thank you, my colleagues. I’m willing to work with you and I look forward to an awesome session. Take care, God bless. Mahalo.”

The Chair made the following comments:

“On behalf of the entire Kaua’i Senate delegation, we wish our best to the entire minority delegation.

“Before moving on, I don’t like writing down what I talk about, and I got a little emotional at the end. And as a good politician, I remembered to talk about the young lady who’s a constituent in my district, and realized I didn’t talk about Nikki-Ann Yee who, with her two sisters, have brought the program to Hawai’i and have been the driving force for the six schools that are piloted here, including Chiefess Kamakahelei on Kaua’i. And I really wanted to acknowledge Nikki because she and her two sisters are all granddaughters of Wadsworth Yee, who served in this very body and sat in this chamber, and I appreciate everything that she and her sisters have done, and I’m sure that their grandfather, if he were here, would be very proud of the accomplishments of his granddaughters.”

At this time, Senator Gabbard extended happy birthday wishes to Senator Rhoads, whose birthday was that day. Senator Gabbard noted that the toffee had been delivered and that he hoped he had not burned that batch.

The Chair extended additional happy birthday wishes to Senator Rhoads, and jokingly commented that he could see why Senator Rhoads had previously made such an effort to recognize Senator Gabbard's belated birthday—so he would not be forgotten today.

The Chair then made the following announcements:

“The five bills per day limit is in effect for the remainder of the bill introduction period, and the deadline to submit bills to the Clerk's office is 5:00 p.m. each day.

“Immediately following our floor session today, the governor will be giving his State of the State address at 10:00 a.m.”

At 9:37 a.m., on motion by Senator DeCoite, seconded by Senator Fevella and carried, the Senate stood in recess subject to the call of the Chair to meet in Joint Session with the House of Representatives, in accordance with House Concurrent Resolution No. 2, to receive the Governor's State of the State Address.

JOINT SESSION

The Joint Session of the Senate and the House of Representatives of the Thirty-First Legislature of the State of Hawai'i, Regular Session of 2022, was called to order at 10:01 a.m. by the Honorable Scott K. Saiki, Speaker of the House of Representatives.

The Speaker stated:

“The Senate President and I extend our warmest aloha and welcome to the Governor of the State of Hawai'i, the Honorable David Ige.”

Governor Ige presented the State of the State Address remotely from the Governor's Ceremonial Room as follows:

“Good morning and aloha. Before I begin my formal remarks, I wanted to make a few comments. In normal times we would gather together in the House chambers for the State of the State address. We would have family, friends, former governors, and community leaders, and have opportunities to acknowledge and thank the many people who have helped us along the way. Because of the pandemic, they cannot be here in person, but I wanted to take a moment to express my appreciation for their partnership during this crisis. All of them have answered the call to serve the people of Hawai'i: Speaker Scott Saiki, Chair Sylvia Luke, and all the members of the House; Senate President Ron Kouichi, Chair Donovan Dela Cruz, and all the members of the Senate; First Lady Dawn Amano Ige, Lieutenant Governor Josh Green, Dr. Libby Char, and all the members of my cabinet; and Mayors Rick Blangiardi, Mitch Roth, Mike Victorino, and Derek Kawakami, and former mayors Kirk Caldwell and Harry Kim. I also want to

thank the business community: the visitor industry, including hotels, airlines, and attractions; the Hawai'i Restaurant Association; the Hawaii Business Roundtable, and all the chambers of commerce; and our nonprofit partners who delivered help and services to support so many in need. And there are so many others, too many to name, but I wish I could thank you all. Please know that all of your efforts are very much appreciated by me.

"We've endured tremendous hardship over the last two years. Throughout the pandemic, we've sacrificed, delayed, or canceled so many of life's cherished milestones: weddings and graduations, first birthdays, and holiday gatherings. We've had to face shutdowns, restrictions of all kinds, and two variants that have changed how we deal with the coronavirus. And the fight is far from over, but I'm proud of the way that we, as a community, have responded to the pandemic. Our nurses, doctors, and healthcare professionals have worked endless shifts to provide quality care and keep our families healthy. Our teachers and principals have gone above and beyond to make sure students have the opportunity to learn despite the many challenges. Our public employees on both the county and state levels have worked together to ensure that we keep everyone safe. And you have done what you've had to do to protect all of us: by getting vaccinated and conducting your daily lives responsibly.

"This pandemic is redefining us as a generation in the same way that the Great Depression, Pearl Harbor, and the Vietnam War shaped their generations. Events and history have a way of repeatedly testing us. Each generation must find its own strengths, its own answers, and its own path forward. In many instances, we've had to choose between what is best for ourselves as individuals and what is best for us as a community. As a state, we've never been one to take the easy path. Instead, we choose to do the right things for the right reasons. Last week, we celebrated Martin Luther King Day. He said, 'The time is always right to do what's right.' In Hawai'i, we have a name for this: *pono*, or righteousness—an idea so important that it's imprinted on our state seal. *Ua Mau ke Ea o ka 'Āina i ka Pono*: the life of the land is perpetuated in righteousness.

"We have much to do this session. I have three goals this year: to continue to steer us through the pandemic, to strengthen our families and communities, and to move toward full economic recovery. With your help, I know we can accomplish all three.

"I believe everything begins with keeping us healthy and safe. Over the last seven years, we focused on modernizing our telehealth infrastructure, providing health services to underserved populations, and strengthening mental health services. In response to the pandemic, we moved quickly to take immediate action to protect our health, provide health care for another 110,000 residents under our Medicaid program (a 34 percent increase since the start of the pandemic), and make sure that everyone had good healthcare coverage. At the same time, we distributed critical medical supplies, including PPEs, test kits, vaccines, and medicines, to protect the elderly, rural communities, as well as the entire state. I deeply appreciate the thousands involved in this task, whose scale and complexity rivals anything we've ever done statewide. Vaccinations have proven to be our strongest weapon against the coronavirus; in all, we've provided more than two and a half million shots at hundreds of clinics across the state. Needless to say, this effort remains ongoing, but the virus has been relentless in exposing gaps in our healthcare infrastructure, including critical shortages of doctors and nurses.

"To address these concerns, we're asking the Legislature to fund the expansion of the University of Hawai'i's doctor residency program. In this way, we can increase the number of doctors doing their residency on the neighbor islands from only

five to fifty. More importantly, the numbers tell us that most young doctors end up practicing where they do their residency. We're also asking for funding to strengthen the university's nursing program and add more clinical instructors at our community colleges. We want to add 39 lecturers across multiple campuses to handle the increased demand for nursing programs. In addition, a new \$3.7 million, federally funded project will improve access to health information, especially for underserved communities. The project will train and employ high school and undergraduate students to be health and digital 'navigators' in 50 libraries across the state. These navigators will help individuals access telehealth services and find information on the coronavirus and other health topics.

"COVID outbreaks in Oahu Community Correctional Center made it clear that we also need to strengthen the medical facilities in our prisons to protect the health of our inmates, staff, and the general public. Our plans to relocate OCCC to Halawa will create a modern facility better suited to support the behavioral, mental health, and medical needs of its population. In our current budget request, we've also asked the Legislature for \$45 million to build a consolidated healthcare unit at Halawa that will allow us to deliver medical and health services there. Clearly, the coronavirus has shown us how persistent and adaptive it can be, as we've seen with the Delta and Omicron variants. Even as we learn how to better protect ourselves, we need to remain vigilant.

"While we work to maintain our health, we must also strengthen our families and communities. To do that, we must first help struggling families—to *malama pono*, make things right for them. It means making sure that they can secure the very basics of food, shelter, and jobs. That's why our Department of Human Services developed online applications for SNAP benefits (formerly Food Stamps) and added 32,000 additional families during the pandemic. As many faced job losses, we provided \$6.6 billion in unemployment benefits, allowing those out of work to continue to receive essential income for their families. The pandemic also caused many workers to lose long-held jobs and pursue new career paths. To help them, the Department of Labor is rolling out the Hawai'i Career Acceleration Navigator, with its one-stop, online hub to help unemployed workers with new career and training opportunities.

"The pandemic also highlighted the need for child care for working families and how it is essential for many to continue to hold jobs. To help them, the state's Child Care Program office is distributing nearly \$80 million to support access to child care and provide much-needed relief for young families. These funds will support childcare businesses weathering the challenges of the pandemic and can be used for personnel costs, training, rent, mortgage, utilities and supplies, or equipment related to COVID-19.

"To assist renters and homeowners, we provided \$260 million in emergency rent and mortgage assistance to ensure that no family would be evicted because of the pandemic. Meanwhile, the Hawaiian Homes Commission postponed mortgage payments and provided its beneficiaries with rent and utility assistance. The state is also working closely with the counties to increase the number of affordable rentals on all islands. These projects include rentals in Mō'ili'ili, Downtown, or Chinatown on O'ahu and more than a thousand affordable rental units across the neighbor islands since we took office.

"Two years ago, the Legislature created Ohana Zones. Working with the counties, we've opened 20 sites across all islands that provide a wide range of services for individuals and families. These projects have assisted over 5,500 homeless individuals statewide, with more than 1,300 placed directly into permanent housing. By increasing funding for the homeless by

68 percent since taking office, we've assisted more individuals to not only find temporary shelter but to lift them out of the vicious cycle of homelessness. And our proposed infrastructure development in West O'ahu will allow us to greatly increase our inventory of affordable homes, including those for teachers.

"But the biggest factor affecting home ownership in Hawai'i is supply. That's why we set out to build 10,000 new homes by 2020—and we did it! We also expect to build another 3,000 homes by the end of this year.

"We can strengthen our communities in another way, too. Given the recent revenue projections, we're asking the Legislature to return some of those dollars back to taxpayers. We want to issue refund checks of \$100 for every taxpayer and for each dependent. For a family of four, that means an extra \$400. In this way, we'll also inject \$110 million back into our economy, giving it a boost as well.

"No community can be strong without taking care of their keiki, our future. Empowering our schools and enriching Hawai'i's community of lifelong learners have always been among our top priorities. That's why I've asked legislators to restore funds taken away from our schools during the pandemic for programs so important to our children's learning and for the upkeep of their classrooms. This includes funds to take care of those who teach our students and to support the development of new teachers, especially in areas of chronic shortages such as Hawaiian immersion and special needs. That's also why safely reopening schools was one of our top priorities after the pandemic hit. We knew that children learned best when they are physically in the classroom, but that wasn't possible during the early days of the shutdown. Our schools and teachers had to literally reinvent education overnight. Virtual classrooms became a necessity, but we also learned that they could supplement in-person classes and provide opportunities that would not otherwise be available. That's why we're supporting the expansion of virtual classrooms and the Hawai'i Virtual Learning Network. If a school on Moloka'i can't provide a class on physics, why should a student there be denied the opportunity to learn? We've talked a long time about distance learning, but more as an alternative to the traditional classroom. The pandemic made us realize that we could use virtual classrooms to ensure that every student has every opportunity to learn no matter where they live.

"Using the federal Governors' Emergency Education Relief Fund, we're also empowering schools and teachers to innovate and create projects to recover learning lost due to the pandemic. We dedicated \$5 million for UH to launch Hawai'i Online Portal for Education, which is developing curricula for distance learning and additional training for teachers. The projects include everything from STEM education to agriculture. One of these projects is Ka'ū Dream, a place-based, community-focused education initiative on Hawai'i island. Educators and the community have worked together to align the curriculum to career and business opportunities in Ka'ū. They created enhanced learning activities that will engage and inspire students beyond graduation. This community-led initiative is a model for building thriving communities across the state.

"And it's time to retool our underutilized community resources. For generations, our public libraries, like the one in Pearl City, have been quietly supporting our students and communities. We want to reimagine how we use those facilities. We want Pearl City to be the role model for other libraries across the state, a place where groups can meet and exchange ideas. We want them to house early learning centers as well as gathering places for our kūpuna, and we want to equip them with the latest technologies, where the community can learn, create, and enrich their lives. Reimagine, if you will, Pearl City Library becoming a beehive of activity as a community-based learning center.

"There have been a lot of things we've had to postpone because of the pandemic. One of the most important was our proposal to create a universal preschool system in Hawai'i. We can't leave it there, because research tells us that early learning is crucial in preparing our children for school and life in general. We will continue to nurture our early learners through our community-based centers, but let's work together to take the next step to provide preschools for every child in Hawai'i.

"The real balancing act during the pandemic has been between the economy and our health. The fact is that keeping us safe—and making Hawai'i a safe place to visit—is an essential step to restoring our visitor industry, reviving our small businesses, and re-energizing our economy. We ordered a mandatory quarantine for all transpacific travelers to slow the spread of COVID-19 in Hawai'i, and our Safe Travels program for pre-travel testing and vaccine verification still remains the only program of its kind in the country. At the same time, we worked hard to keep insurance rates down for small businesses even as unemployment ballooned. And as the economy recovers, we'll continue to make sure that our small businesses are brought along with the rising tide through programs that expand our locally produced goods and services, support business innovations, back local manufacturers, and fund low-interest, small business loans.

"With federal funds, the state is also helping small businesses through digital marketing and e-commerce initiatives, assisting more than 500 companies with training and virtual marketing events. Hawai'i also became one of the safest locations to film during the pandemic as our film office worked with producers and unions to create a plan with strict COVID protocols to resume filming here. People all over the world can now watch *NCIS: Hawai'i* as well as *Magnum P.I.*

"We also know that keeping up is not good enough to be competitive; we must stay ahead of the game. That's why we're proposing to fortify the Hawai'i Tourism Authority and the Hawai'i Convention Center, support Hawai'i Small Business Innovation Research projects, and provide fuel for our business accelerator programs and manufacturing assistance grants. We'll also launch a \$56 million State Small Business Credit Initiative to provide capital for local start-up tech companies.

"One of government's primary roles is to provide a strong and reliable infrastructure to support economic growth. Our visitor industry cannot exist without reliable airports. Our stores cannot operate without efficient roads and harbors to transport goods and services. During an economic downturn, public works projects not only build critical infrastructure, but they also provide a shot in the arm to business, labor, and the economy. For the last two years, Hawai'i's construction industry has led the state's economic recovery, thanks in large part to our investment in public infrastructure. Those investments help stabilize the local construction industry and, with a record bond sale of \$1.88 billion, this trend will continue. In addition, an estimated \$2.8 billion from the federal infrastructure law is expected to further boost the development of transportation, clean energy, and our internet capacity.

"And government, too, needs to upgrade and reinvent itself. That is one of the most important tasks we've been doing over the last seven years: modernizing government operations across all agencies; transitioning from antiquated, paper-based systems to computerized ones; modernizing our tax and payroll system; and transforming walk-in services to convenient virtual centers. And we're asking the Legislature to help us make government more efficient by replacing a statewide accounting system that hasn't been updated in the last 50 years. Whether it's filing tax returns or seeking a birth certificate, our goal has centered around creating greater efficiency, a larger return on taxpayer dollars, and better service to the public.

"We cannot be a strong state without protecting the resources upon which we depend; that is also a part of being pono and making things right. At the heart of these resources is our natural environment. In Hawai'i, we're no strangers to the need to protect these islands. There's a reverence for the 'āina that goes beyond issues of sustainability. That's why we've always been so protective of the environment. As an island community, we see the impacts of climate change and global warming more intensely. In 2015, three Category 4 hurricanes approached Hawai'i for the first time in recorded history. In 2018, torrential rain in Hanalei dropped more than 49 inches in 24 hours, setting a new U.S. record. Last year, the worst drought in decades on Maui County drove thousands of invasive axis deer into Kahului. And severe drought on Hawai'i island fueled the Mana Road wildfire, among the largest ever. We know that the climate crisis is real but, by working together, Hawai'i has become a world leader in actions to fight the climate crisis. Hawai'i was the first state to set a goal of 100 percent renewable energy by 2045, with 12 other states now following our lead. Hawai'i was also the first state to commit, by law, to the goals of the Paris Agreement. Still, experiencing first-hand the severe impacts of climate change, we know that net-zero carbon emission is not good enough. That's why Hawai'i became the first state to commit to a net-negative goal by 2045 to capture more carbon than we produce. We'll do that by protecting our oceans, expanding our native forests, and supporting sustainable agriculture.

"Again, my thanks to our legislators for making all of this happen, but we need to continue this good work. We need to retire Hawai'i's last coal plant this year, establish a rebate for working families to buy electric cars, expand the State to Farm program to support local farmers, and move forward with the Royal Kunia Agricultural Park to encourage food self-sufficiency. Creating a more sustainable lifestyle is all part of being good stewards of these islands. So is protecting them from harm.

"The recent events at the Navy's Red Hill facility alarmed and shocked everyone. We've met with Navy leaders and let them know that their first job is to ensure that our drinking water stays safe and clean. Draining the fuel tanks at Red Hill is a good first step, but we must work to find long-term solutions. National security cannot come at the expense of our people's health. I believe we can protect both national security and public health, but it will take determination and the collaborative efforts of everyone.

"In the first year of the pandemic, we were forced to cut over a billion dollars from the budget, with every state agency scrambling to find new ways to continue to provide essential services to our residents. More than that, we faced the prospect that it would take the economy decades to recover. Describing our financial prospects back then as 'bleak' would be an understatement. But we took the hard and necessary steps to address the very thing that threatened the life of our economy: the pandemic. Many wanted us to immediately fix the symptom of the problem, the devastated economy, but we needed to balance that with putting people's health first. As painful as it was, it was the right remedy for the long term—to make things pono. When things seemed to get better, we tempered our optimism, and we continue to do so with economic, as well as health, issues.

"As you heard last month, we now expect a positive balance in our budget of more than a billion dollars. Tax collections have jumped by an astounding 27.3 percent over last year's totals—that's a direct reflection of the rebound in visitor arrivals, increased consumer spending, and the growing strength of our local businesses. We have a chance to restore painful cuts that we've made over the last two years, to repay outstanding loans, and to replenish various state funds, including loans to

the unemployment trust fund, the state's depleted rainy day fund, and cuts from our schools and state agencies that provide essential services to our people. In other words, we have a chance to safeguard our future and our children's future. When we face another catastrophic emergency, will we be prepared to deal with it? For the first time in a long time, we have the resources to take care of both our immediate and long-term needs. We can rebuild the solid fiscal foundation that we created before the pandemic.

"We also have a chance to pursue new initiatives, including the development of an all-inclusive broadband infrastructure. If the pandemic has taught us anything, it's about the crucial role that the internet plays in all of our daily lives. That's why we're leveraging state resources to maximize federal funding for broadband and proposing the largest investment in technology in our state's history, a total of more than \$400 million. We're calling it Apakau Ka La, 'spreading of the sun's rays.' It is critical infrastructure for the future connecting all the main Hawaiian islands. This initiative will not only close the digital divide between the haves and the have-nots but strengthen us as a community. We also recently launched the Affordable Connectivity Program, which extends federal emergency broadband benefits to those who would not otherwise be able to afford internet service. It's estimated that more than 100,000 Hawai'i families will be able to qualify for internet services under this program. More than that, we have a chance to lift every business and every family with this incoming tide—to take everyone with us, whether we're talking about business growth, career opportunities, health care, housing, or education—because in spite of the strengthening economy, there are still many businesses on the brink of failure and many families who are struggling to make ends meet. We cannot leave them behind. As a community, it's not in our nature to leave them behind. The tide is rising, and it should lift all of us.

"Hawai'i is unique: our geography, our people, and our history. As the only island state in the nation and as an amazing multicultural community, we celebrate our diversity. This distinction is at the heart of how we govern. There's no one-size-fits-all way of governing. That's why we're a government 'of the people, by the people, and for the people'; that's not just a cliché but a recognition that our government should reflect and respond to that diversity. This is also what has directed and shaped my decisions. It's also been one of my greatest challenges.

"There's a popular local saying: 'Keep the country, country.' In an era that is propelling us through unprecedented changes and challenges, how do we keep Hawai'i, Hawai'i? How do you sustain and nurture what makes us, us? How do you do that, even as we must change to meet the times? How do you make things pono for everyone? Like our response to the pandemic, there is no easy answer, but I believe it lies somewhere deep within all of us who call Hawai'i home. It lies in our willingness to share—to give, even when we have very little to give. It is tucked deep within our desire to lift and lighten the burden of others. It's our deep-seated belief that we're part of a greater 'ohana and that we have a responsibility to our community. We are all connected. It's taken generations, stretching back to those pathfinding sea-voyagers, to create this amazing and wonderful sense of community. There are some who fear that we're in danger of losing it through the many changes that we've endured; I am not one of them. From my vantage point, I see a Hawai'i that remains strong and true to itself. I see families come together even when they cannot physically get together. I see a generation reaching down to take hold of a younger one, and the young reaching up for guidance from their kūpuna—something we've always done here in the islands. I see a Hawai'i that has been tested and tested over and over again during this pandemic. We may have bent, but we did not break. I believe in Hawai'i, in its people and its purpose.

When we work together, we can do great things, like those I've talked about today, to help all who are struggling to make ends meet, whether it's \$100 or \$400; to provide child care for working parents and preschools for every child in Hawai'i; and to create a broadband network that includes everyone in every community all across the state. I am proud of the work that we do, and I am proud ... proud to be your governor. For all that you do and all that you are, my thanks and deeply felt aloha. Mahalo."

Senate President Ronald D. Kouchi then rose and stated:

"Thank you, Governor. I appreciate the emotion at the end of your speech and underscores your commitment. Based on the remarks last week in both the House chamber, where we are today, and the Senate chamber, we have many shared goals, and the Legislature looks forward to working together with you in an effort to deliver what is pono for the people of Hawai'i and make sure we lift up everyone in the state. On Wednesday, the Speaker said from this rostrum he supports an \$18 minimum wage. Today, the Senate is holding a hearing on a bill that would raise the minimum wage to \$18, and I believe we're taking a bold first step to deliver on that promise."

At 10:40 a.m., President Kouchi declared the Joint Session adjourned.

ADJOURNMENT

At 5:00 p.m., the Senate adjourned until 11:30 a.m., Friday, January 28, 2022.

SIXTH DAY

Friday, January 28, 2022

The Senate of the Thirty-First Legislature of the State of Hawai'i, Regular Session of 2022, convened at 11:33 a.m. with the President in the Chair.

The Roll was called showing all Senators present, with Senators Chang, Gabbard, Keohokalole, Moriwaki, Rhoads, and Shimabukuro present and participating via videoconference.

The President announced that he had read and approved the Journal of the Fifth Day.

At this time, Senator Dela Cruz introduced staff members of the Committee on Ways and Means who were seated in the gallery: budget section staffers Colin Peros and Kekahi Haina; and bills section staffers Duncan Osorio, Samantha Magbulos, Esera Vegas, Chris Shellko, Carlos Pena, Mary Deneen, and Vanessa Arce. Senator Dela Cruz then recognized Lena Alubaidi, a budget section staffer who had offered a moment of contemplation prior to the Senate's floor session.

The Chair commented, in good humor, that the members would challenge Senator Dela Cruz to buy them dinner or lunch if he was afraid of spending money on his colleagues.

STANDING COMMITTEE REPORT
AND
THIRD READING

Stand. Com. Rep. No. 2002 (S.B. No. 2018):

Senator Dela Cruz, for the Committee on Ways and Means, presented a report (Stand. Com. Rep. No. 2002) recommending that S.B. No. 2018 pass Third Reading.

Senator Dela Cruz moved that Stand. Com. Rep. No. 2002 be adopted and S.B. No. 2018, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Taniguchi rose to speak in support of the measure as follows:

"Senate Bill 2018 proposes to incrementally increase the minimum wage from the current \$10.10. I just wanted to thank all my colleagues for their support over the last three years. I appreciate that you have all joined me and the Committee on Labor to try to pass a meaningful increase every year of those three years. I know some of you have concerns with the current bill, but I was happy that you raised them with me and that we could discuss them fully. While I appreciate the concerns, I am hopeful that we will finally be successful this session.

"In recent years, we have passed measures to benefit employers and to keep them in business. We are working this year to further assist them by keeping an increase in their unemployment tax rates to a reasonable amount. It is time we provide help to the thousands of struggling low-wage earners in our state. I urge you to vote in support of Senate Bill 2018.

"Mr. President, I have additional comments on this bill which I would like to have inserted in the Journal. Thank you."

The Chair having so ordered, Senator Taniguchi's additional remarks read as follows:

"The Regular Session of 2022 will be the fourth consecutive year that the Hawaii State Senate is strongly advocating for a meaningful increase of the State's minimum wage, currently set at \$10.10 per hour. That amount as set forth in Section 387-2, Hawaii Revised Statutes, has not changed since January 1, 2018, when the final increase of the minimum wage took effect as established by the enactment of Senate Bill 2609, S.D. 1, H.D. 2, C.D. 1, on May 23, 2014 as Act 82, Session Laws of Hawaii 2014.

"According to a December 2021 report issued by the Department of Business, Economic Development, and Tourism, as of 2020, a single adult with no children in the City and County of Honolulu, County of Hawaii, County of Maui, and County of Kauai, needed to earn an hourly wage of \$18.35,

\$14.78, \$17.84, and \$19.33, respectively, to be able to meet basic needs and be economically self-sufficient.

“The recent increases in the annual rate of inflation to levels not seen in forty years, has further increased Hawaii’s high cost of living. The rise in the cost of living, combined with stagnant wages, have contributed to the increase in asset limited, income constrained, and employed (‘ALICE’) households in Hawaii whose financial hardships have been exacerbated even further by the long-term disruptions caused by the coronavirus disease 2019 pandemic.

“Senate Bill 2018 proposes to incrementally increase the minimum wage from the current \$10.10 per hour to \$12.00 per hour beginning October 1, 2022; \$15.00 per hour beginning January 1, 2024; and \$18.00 per hour beginning January 1, 2026.

“The proposal is straight forward and not complicated by including other issues in the same measure. Getting to \$18.00 per hour will be a significant help to wage earners. I strongly urge my colleagues to vote in support of Senate Bill 2018.”

Senator Fevella rose to speak in support of the measure as follows:

“We know that this is a controversial bill; we’ve been seeing it all over the news, and it’s really with a lot of mixed emotion. I’m a big supporter of small businesses. My family and I pretty much eat at every single small business restaurant from here to Mākaha.

“2018 was the last time the minimum wage was raised at \$10.10. Many were okay at \$10.10 in 2018. A Living Wage report completed in 2020 concluded \$18 per hour was needed to meet the basic needs, yet the price of food and gas continues to rise. One job should be enough for the quality of life of our hardworking families.

“The proposed first increment of the minimum wage increase is not \$18 as reported in the news around this island. The media is also reporting that the Legislature is also not considering the people this proposal will impact, or the social and economic challenges, which is just not true.

“Going forward, the first increment is \$12 in October. This increase is long overdue. I know this because of working with the City, back in the day. I used to make only \$21,000 to \$24,000 a year. Yet SNAP increased more frequently time after time. I don’t want to say ‘year after year,’ but, in time, SNAP benefits increase. Section 8 applicants continue to get government assistance. Social Security benefits went up to deserving people and was well-justified. But no one got upset regarding these SNAP, Section 8, and Social Security increases, especially during the pandemic. It was justified due to rising costs, but there are mixed reaction with the minimum wage increase. But when I go to restaurants, the minimum-wage workers always express thanks to my colleagues, to my family, and everyone who supports this bill. They thank us when I walk into the restaurant for standing for them because since 2018, food prices have continued to rise and we have been working on increasing the minimum wage since 2003.

“The reason why I say this—in my community and most of your communities—it is the same thing. Some of these families have to work two to three jobs, work on holidays, their birthdays, everything that you can think of to survive in the State of Hawai‘i. Did you know that minimum-wage workers, all the workers, are required to have a drug test for their jobs, but did you also know that no drug testing is required to receive government assistance? Is that fair?

“So, again, here we are with this bill. (Sorry, I’m kind of getting a little bit emotional because there are a lot of

misinformed statements reported in the media by opponents of this bill.) But we have way more minimum-wage workers today in the State of Hawai‘i than we have small businesses. A lot of small businesses do not, Senate President, have workers, yet they are saying this measure is not fair to the small businesses and the economy and will cause inflation in the State of Hawai‘i. I don’t know what world they are waking up in. Inflation is here—it’s been happening during the whole pandemic period. So when they want to come down and talk about me being, as a Republican, siding with my Democratic colleagues, my support has nothing, nothing, to do with parties. This bill is for the people of Hawai‘i who are suffering and have to work three jobs. So if they think that’s the problem then they’re sadly mistaken. Senate President, like I said, I’m willing to work with everybody, but this bill has nothing to do with a party—Democrat, Green Party, Blue Party, whatever—it’s for the people of Hawai‘i, and I want the people out there to know that, that what we do here and what we’re doing here today is for the people. But, again, I urge my colleagues here today in the Senate and the colleagues in the House to please support this most decent increase for our hardworking families of Hawai‘i. Thank you, Senate President. God bless.”

The Chair remarked:

“Thank you, Senator Fevella, for having the courage to stand on your convictions as each and every one of us do on every vote we take.”

Senator Riviere rose to speak in opposition to the measure as follows:

“I don’t think raising the minimum wage is controversial, in general, these days. I think there’s broad support raising the minimum wage. I think the question is, is \$18 within four years the appropriate increase, and I must argue it is not. And it’s for that reason I’m going to have to vote against this measure today. I would consider something more modest. I think we know the arguments—I don’t need to regurgitate all of those—but I would note that my daughter, my 18-year-old daughter, she got a job last year working at an acai bowl shop part-time; she was making \$10 an hour. Quickly, they saw that she was worth something and they wanted to encourage her to stay, so she got a pay raise to \$12, and she’s very well-respected at that place. When she came home from college for the Christmas break, they were glad to take her in and give her all the hours that she could work. My 18-year-old daughter does not have any obligation to raise a family or try to survive, and I think it’s really important that we recognize there’s a gigantic difference between a living wage and a minimum wage. So, again, not to recreate and reargue everything; I think we already have our positions and our understandings.

“I want to give a specific example of what this impact will do to a business, a typical business in my district. We don’t have a single Walmart or Home Depot or any of those large employers in our district. My district is all small businesses, except for maybe some of the organizations out in Lā‘ie, some of the church-based businesses. So what does this mean? I talked to a landlord the other day about the impact to his business, and he said, ‘All of my businesses that rent from me, we’ve had to defer our pay, so you know the story about the COVID impact,’ he said. But here’s the thing: some of his tenants make maybe only \$40,000 a month—that’s the gross receipts. And I think this is really the important issue that we’re talking about for the defense of small business: if a business makes forty grand a month as their total revenue, if their rent is \$5,000 a month, if their cost of goods is approximately half of the revenue and—if you know business—you know that you basically double your product costs. So if they buy it at \$20,000, they sell it at \$40,000. So \$40,000 minus \$20,000 minus the rent (\$5,000), they’re down to \$15,000. But they need employees. An employee at minimum wage right now is \$1,750

a month. Their health care is \$500 a month. Their unemployment, insurances, Medicare and such is another \$175. A minimum-wage employee right now is \$2,500 a month. In order to staff your store to be open long enough to sell enough product to make \$40,000 a month, you need probably four employees to cover all the shifts. So your employee wage right now, at minimum wage is, if you're employing four people, about ten grand. Twenty plus five plus ten, you're at \$35,000. Okay, well, great: the owner, this wealthy owner, now has five grand left to pay himself, pay his own bills, to pay the utilities, pay whatever taxes are related, cleaning, packaging, everything else that goes into the cost of a business. So, we're talking about raising it to \$18, and four years will come very quickly. That \$10,000 of labor would now be worth \$16,000. There's not enough money left! These businesses will be wiped out! Those people who were barely getting by on the minimum wage are now not even going to have those jobs. Our mom-and-pop stores are going to be crushed or, what will happen is, there will be no Joe's Coffee Shop—it'll all be Starbucks because Starbucks has the corporate pockets to avoid the middle man; the owner, the entrepreneur, will not be there. So you'll have corporations running everything; there's going to be nothing left of the small business. We're already known as a difficult state for business, and while I have great empathy for people who are barely getting by, minimum wage, adjusting it, is not the solution to improving our economy in this state. So for these reasons, I must stand in opposition. Thank you."

Senator Rhoads spoke in support of the measure as follows:

"It is a tricky issue in many respects, but I would point out that the minimum wage in 1968 was, in inflation-adjusted terms, the highest it's ever been, and if it was still at that level that it was in 1968, it would be \$24 an hour. This is the national wage, not ours. Hawai'i's has traditionally been higher because of our high cost of living. I share some of one of the previous speaker's concerns about raising the wage very quickly, but I do think we need to get back to at least to the point we were more than 50 years ago. I'll just repeat that if we had the same minimum wage we had in 1968, it would be \$24 an hour now. Mahalo."

Senator Acasio rose to speak in support of the measure as follows:

"I'm proud to be part of this esteemed body today, passing this vital legislation to increase the minimum wage for Hawai'i's workers. It's long overdue, and the time is now. This is a bipartisan effort; as my colleague from 'Ewa said, if prices are going up for everything, then wages must also go up so our neighbors, families, and friends can buy what they need not just to survive but thrive in the islands.

"Just last month, a report by the state Department of Business, Economic Development, and Tourism found that over 34 percent of couples with two children had incomes below the self-sufficiency standard, and 50 to 80 percent of single adults with children had incomes below self-sufficiency standard. Just think about that for a moment because we all know families who are struggling just to barely survive. If we truly care about our keiki, we must raise the minimum wage. This same government report found that a single adult with one child needed an hourly wage of \$25 to \$32 just to meet basic needs, and a couple with two children needed a combined hourly wage of \$35 to \$40 to meet basic needs. So this legislation raising the minimum wage to \$18 an hour over four years is a start, but by no means is it enough to truly be a living wage in Hawai'i, and a living wage should be our ultimate goal. This means lessening the burdens of workers and their families by providing things like free preschool or early childhood education; by subsidizing childcare and afterschool programs, which we do; by lessening the costs of health care and health insurance. We can and must do this because one job should be enough.

"I understand that raising the minimum wage will be challenging for our small-business owners. The same is true in my area of representation. I truly empathize with them as they are struggling to survive as well. I have two responses. First, it is imperative that we in government must also continue to step up to help our small local businesses in any way we can with things like tax breaks and other incentives. We have many tools at our disposal, and we must work with local businesses to help them because they, too, are our neighbors, families, and friends. Secondly, as consumers, we must shop at our local businesses and support them with our dollars and support our workers so that money continues to circulate in our communities rather than become extracted by corporations. We can do this, and we must also, in that sense, put our money where our mouth is. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2002 was adopted and S.B. No. 2018, entitled: "A BILL FOR AN ACT RELATING TO MINIMUM WAGE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24; Ayes with Reservations (Kim, Wakai). Noes, 1 (Riviere).

At this time, Senator Keith-Agaran rose to speak on a point of personal privilege as follows:

“I learned earlier this week that Representative Ezra Kanoho passed away. When I was working in the Cayetano administration, I had the privilege and pleasure to appear before Representative Kanoho when he chaired the Water and Land committee. It was a pleasure to work with him, and when I appeared before him, I always found him to be passionate about his island, his community, his family, and many issues, but he remained always genial, polite, and even-handed. May his memory be for a blessing. I would like to request that the Senate adjourn on a rising vote and observe a moment of silence in honor and memory of the late representative Ezra Kanoho.”

Senator Gabbard extended happy birthday wishes to Senator Lee, whose 41st birthday was that day.

The Chair commented that Senator Lee had dressed very nicely on his birthday, wearing a vest, long-sleeve dress shirt, and tie.

Senator Lee rose to share his thanks and acknowledge that he becomes more forgetful as he grows older, and inadvertently dressed up on Aloha Friday.

Senator Fevella invited the members to attend an event the next day at 9:00 a.m. at One’ula Beach Park, also called Hau Bush, to recognize those in the ‘Ewa Beach community who had made efforts in educating people about and preserving limu.

The Chair then made the following comments:

“I had the opportunity to work with Representative Kanoho as a county council member lobbying, and he carried himself with such class and dignity and represented Kaua’i well and served the State of Hawai’i well and well as a lobbyist or advocate for county issues. And Ezra, serving in his capacity as a state representative—we did have some disagreements on

policy, but he was never disagreeable, and he will sorely be missed by the people of Kaua’i and the people of the State of Hawai’i.”

ADJOURNMENT

At 11:59 a.m., on motion by Senator DeCoite, seconded by Senator Fevella and carried, the Senate adjourned until 11:30 a.m., Monday, January 31, 2022, on a rising vote, observing a moment of silence in memory of Representative Ezra Kanoho.

ORDER OF THE DAY

THIRD READING

Stand. Com. Rep. No. 2011 (S.B. No. 152):

Senator Rhoads moved that Stand. Com. Rep. No. 2011 be adopted and S.B. No. 152, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Acasio rose to speak in support of the measure with reservations as follows:

"I would like to speak to correct my previous vote in committee. I do have reservations, but I absolutely support the intent of this measure to have utmost safety for our keiki in vehicle transportation. The concerns that I do have are generally around the fines—and increase in fines for the infraction—seems to be also based around poverty and for those already stretching with limited resources or without means to have proper childcare restraints, and there are other ways to approach this issue as well. I just also wanted to say that there is some lack of clarity around the age of the two-year-old versus their size in regards to the restraint, so mahalo for allowing me to speak on this in reservation."

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

"My concern is also about the increase in fines. I don't think this is the vehicle to tax families, especially where there is no written testimony of the need to increase fines. Thank you very much."

Senator Fevella rose to speak in support of the measure with reservations as follows:

"I had a pretty big daughter when she was growing up. She didn't fit in a lot of the standard car seats and, at the time, they didn't have the type of booster seats they have now. And going forward, in my community, we hand down or give away or trade with families in need of car seats. For example, at the Waianae Comprehensive Health Center, they're always giving out car seats and boosters because the community can't afford it. Having these fines—and I understand the reason for it, but it

would only hurt the community and the people who are in the greatest need of assistance. Thank you, Senate President."

Senator Lee rose to speak in support of the measure as follows:

"I appreciate the comments from colleagues; I just note that Hawai'i has among the most dangerous roads of any state in the country, with more fatalities and injuries and so forth. This is a measure recommended by medical experts and our law enforcement, and the fines, to which I think folks have raised some issue, only apply in repeat-offender situations; they're not intended to penalize anybody. Thank you very much."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2011 was adopted and S.B. No. 152, entitled: "A BILL FOR AN ACT RELATING TO CHILD PASSENGER RESTRAINTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Acasio, Fevella, Ihara, Kim, Moriwaki, Riviere, San Buenaventura). Noes, none.

Stand. Com. Rep. No. 2012 (S.B. No. 1016, S.D. 1):

On motion by Senator Rhoads, seconded by Senator Keohokalole and carried, Stand. Com. Rep. No. 2012 was adopted and S.B. No. 1016, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Rhoads spoke in support of the measure as follows:

“A bill like this has been introduced for a number of years now by several of us in both the House and the Senate. The pandemic has made the problem much more acute, and the underlying problem is, if someone gets a Section 8 housing voucher or some kind of government support for a rental, in many cases they can’t use it. Now, there are different kinds of housing vouchers available, but the state got 708 emergency housing vouchers as part of the federal help on the pandemic. Of those 708, only 36 have been able to find a place to live as of the date of the hearing that the Judiciary committee heard this bill. So this is a real problem if the aid that we’re giving as a government to people can’t be used because they can’t find anybody to take the money; that at least partially defeats the purpose of the aid that we’re trying to give people who are struggling to get by with affordable housing. So that’s it; thank you very much, and I support the bill. Mahalo.”

Senator San Buenaventura rose to speak in strong support of the measure as follows:

“As the chair of Judiciary has pointed out, there is a huge problem when over 690 households could not use the rental vouchers that we have given them. We need the use of these vouchers to be able to transition the homeless over into affordable housing. We already know that there’s already a problem with affordable housing, but this transitory need that is not being served because landlords are refusing to accept these vouchers is causing a strain on our homeless population and our homeless shelters, and, as such, hopefully, by passage of this bill, we will ease at least 690 households into not using our homeless services. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2007 was adopted and S.B. No. 206, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO RENTAL DISCRIMINATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

At this time, Senator Baker rose to speak on a point of personal privilege as follows:

"Last night, I found myself confronted with a woman who had fallen down the ramp of our Punchbowl Street exit. I was leaving the Capitol—it was probably 8:00 or so—and as I struggled to try to help her up, somebody who was thinking faster than I was had called Public Safety. Public Safety arrived and was very gracious in helping her and getting her to a place where she would be safe. The only thing she had asked me for after I helped her up and was trying to get her to be not in the driveway area, was water. Unfortunately, I didn't have, but Public Safety did and fulfilled that need.

"This morning, when I returned to the Capitol, I noticed that this woman was on the grassy area across from the corner of Beretania and Punchbowl, and so I stopped into Sergeant-at-Arms office, and I spoke with Park and explained to her the situation—that the woman was still there. So Park, being the good soul and resourceful, called some of the agencies here in Honolulu. (Had I been on Maui, I could've made those calls myself, but I didn't know who to call here in Honolulu.) And hopefully, when the respondents came, the woman will take the assistance and either return to the hospital or to a safe place.

"I just wanted to rise on a point of personal privilege just to note how wonderful staff we have and agencies around who can come to the aid at 8:00 at night and later, this morning, to try to help someone in need when we find them on the steps of our building. Mahalo."

The Chair recounted Senator Baker's comments for those who had not heard her clearly, and expressed his appreciation, on behalf of the Hawai'i State Senate, to Senator Baker, Assistant Sergeant-at-Arms Park Kaleiwahea, and the Department of Public Safety sheriffs for their prompt response and the humanity they had exhibited in assisting that individual.

S.B. No. 2502	Committee on Water and Land, then jointly to the Committee on Ways and Means and the Committee on Judiciary

At this time, Senator Fevella rose to speak on a point of personal privilege as follows:

“I just wanted to let everybody in these chambers who did not watch the OIA basketball championship. Since 1985, our Lady Sabers—of James Campbell High School—are once again and now the 2022 OIA state champions. So thank you for giving me this opportunity to give them a big congratulations. And coming up, we played my colleague Senator Michelle Kidani’s area school, Mililani High School. They did a great, great job too. So now, we’re all in the final state tournament together. But for now, congratulations to Lady Sabers in their OIA championship win.”

The Chair congratulated Senator Fevella and remarked that he had thought Senator Fevella was going to wish Senate Majority Research Office Director and Majority Attorney Winteh Park a happy birthday.

The Chair then remarked:

“My colleagues have become adept at the technology and found ways to participate in committee meetings, floor sessions, and I had told our staff that if I was asking them to come to work in the building, I’d show up and work with them every day, and I’m about to break my promise. I wanted to let them know that Senator Inouye’s last Kaua’i representative from 2001 through 2012 passed away the other week, and they’re having a funeral service for him tomorrow, and I was asked to say a few words, so I will be on Kaua’i. Senator Kidani will be

presiding over the floor session, and I am going to attempt to come in remotely for the first time, and I hope that I am as skilled as the rest of you and that you are all not making fun of me if I'm not able to unmute myself or figure out the correct link. So I am trusting that IT will make sure that I'll be joining you remotely tomorrow."

ORDER OF THE DAY

THIRD READING

S.B. No. 312, S.D. 1:

Senator Rhoads moved that S.B. No. 312, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Rhoads spoke in support of the measure as follows:

“Just wanted to quickly read the proposed amendment, and this is for the Hawai‘i State Constitution: ‘The freedom of speech shall not include the expenditure of money to influence elections.’ As many of you know, since the *Citizens United* case about 10 years ago at the federal level, millions of dollars of

often unaccounted-for dark money has poured into the system. While this amendment—if it’s approved by the Senate and the House and the voters of the State of Hawai‘i—will not have any immediate effect, it certainly sends the message to the federal government that we think the *Citizens United* decision is untenable, has led to money just washing over the political system in ways that are detrimental to the measures we pass, detrimental to the way American democracy has functioned for a long time. So with my support, I hope we move this forward. Mahalo.”

Senator Kim rose to speak in support of the measure with reservations as follows:

“Madam President, I also voted ‘with reservations’ in committee, and I wanted to explain my vote. It’s not that I disagree with what is being asked in the question itself; I am concerned because this is the constitution and, as the chair of the committee had said, that this would have no immediate effect and it sends a message. I don’t believe we should be using our constitution to send messages—I think our constitution is a very sacred document, and we have to take it very seriously and shouldn’t be using it for symbolic reasons, and that is why I’m voting with strong reservations. Thank you.”

Senator Fevella rose to speak in support of the measure with reservations as follows:

“I also rise to voice my reservations, and I would like to insert comments into the Journal as my own as stated by my colleague from Kalihi Valley. Thank you.”

The motion was put by the Chair and carried, S.B. No. 312, S.D. 1, entitled: “A BILL FOR AN ACT PROPOSING AN AMENDMENT TO THE HAWAII CONSTITUTION REGARDING THE FREEDOM OF SPEECH,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

RE-REFERRAL OF A MESSAGE FROM THE GOVERNOR

The Chair re-referred the following message from the Governor that was received:

Gov. Msg. No.: Re-referred to:

Gov. Msg. No. 690 Committee on Water and Land

At this time, Senator Kidani rose to speak on a point of personal privilege as follows:

“Mr. President, at the risk of repeating myself, the Trojan Nation in Mililani is celebrating another sports championship. On Saturday night, the Mililani boys soccer team took on the mighty Hurricanes of Kapolei, weathering the storm 2–1 to win the OIA Division I title. As noted in media reports on the match, the Trojan boys went undefeated in 13 games this season, outscoring opponents 74–4. Congratulations to Coach Steve McGehee and the team and to everyone who contributed to the team’s success—and now it’s on to the state championship tournament that begins next week. Kapolei will be there, too. May the best team win. Thank you, Mr. President.”

The Chair made the following comments:

“I would like to say, on Friday afternoon, the governor and I, along with the superintendent, gave welcoming remarks to the digital media students who were in the STN national competition. Instead of being in Long Beach, California, they were participating virtually from Hilton Hawaiian Village with 17 schools, and I believe one school participated virtually from Maui. When the results were announced this morning, the Hawai’i schools won over 20 percent of the awards, led by Moanalua High School with nine and Waena Intermediate School with six, and so we had an outstanding weekend by students all across the state. I’m not going to belabor the point that Kaua’i High School had won first place in a result and that Chiefess Kamakahelei Middle School of Kaua’i had won first place out of all of those awards. So congratulations to all of the students.”

The Chair then announced that there would be a leadership meeting immediately following adjournment.

TWENTY-SIXTH DAY

Tuesday, March 8, 2022

The Senate of the Thirty-First Legislature of the State of Hawai'i, Regular Session of 2022, convened at 9:09 a.m. with the President in the Chair.

The Roll was called showing all Senators present.

At this time, the Chair stated:

"On January 19, 2022, I invoked Senate Rule 38.5 as the ongoing COVID-19 pandemic qualified as a 'catastrophic disaster,' and with high positive COVID-19 case counts and hospitalizations, there was 'good cause' for authorizing Senate members to participate in any meeting via virtual attendance until further notice.

"On March 1, 2022, Honolulu Mayor Rick Blangiardi announced that the City and County of Honolulu would end all emergency orders pertaining to the COVID-19 pandemic as of 11:59 p.m. on March 5, 2022, due to declining positive COVID-19 case counts and hospitalizations. On March 4, 2022, DAGS Comptroller Curt Otaguro announced that, due to declining positive COVID-19 case counts and COVID-19 hospitalizations, all state-maintained facilities would be open to the public from March 8, 2022.

"Therefore, while the ongoing COVID-19 pandemic continues to qualify as a 'catastrophic disaster' as defined in Senate Rule 38.5, at present there is no 'good cause' for authorizing Senate members to continue participating in any meeting of members via virtual attendance as set forth in Senate Rule 38.5 until further notice. So, the summary is, all members are required to be in-person attendance for committee meetings and floor sessions."

The President announced that he had read and approved the Journal of the Twenty-Fifth Day.

Senator Kidani spoke in support of the measure as follows:

"May I do a shoutout to the students of 'Ilima Intermediate School Activist Club? These students, with their teacher, Sarah 'Mili' Milianta-Laffin, supported this bill all along and this movement, as well as our friend, Nikki Yee. Their three-year journey for menstrual equity in our public schools has been an impactful social justice movement with their strong passion and persistence, which have taken them to voting today unanimously in the Senate chambers on this bill, providing with good policy, support community care, and educational equity. I had the opportunity to visit these students and Ms. Mili last year, and I am so proud to work with them on this issue. Thank you all for your hard work and dedication, 'Ilima students and Ms. Mili. I also request adding further written comments to the Journal. Thank you, Mr. President."

The Chair having so ordered, Senator Kidani's additional remarks read as follows:

"SB2821 represents an important step towards educational equity. After two years of pandemic-impacted schooling, we as a community understand the impact on students when they are not able to attend school. As we work tirelessly to ensure that students can safely come to school, we cannot allow students to miss school because they do not have access to safe menstruation products. SB2821 represents a commitment by the Legislature to our students and their health and safety.

"Throughout the interim, we were blessed to have advocates in the community substantiating that our schools and students need this. The students of Ilima Intermediate School with the support of their teacher, Sarah 'Mili' Milianta-Laffin, the sisters of Mai Movement, Nikki Ann-Yee, Brandy-Lee Yee, and Jamie Kapana, and many other advocates have been in regular contact with my office, schools, and the DOE to ensure that any concerns or questions are addressed. Mister President, this bill could not be here, ready to cross over to the House, without their commitment."

Senator Acasio requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Acasio's remarks read as follows:

"I am so pleased and proud of this esteemed body to pass this much needed bill on Menstrual Equity. After three years of tireless advocacy by dedicated students, teachers, and community members across the state, I truly believe this is the year that we will finally provide our keiki with the basic necessities they need to thrive in school, and beyond. While SB2821 focuses on providing menstrual products to students free of charge, it also contributes to broader goals of destigmatizing menstruation in general, and normalizing all aspects of everyone's bodies. In doing so, we help relieve the emotional, social, and financial burdens that many students experience around menstruation, and allow them to focus on their education and being comfortable in school and in their interactions with each other."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2862 was adopted and S.B. No. 2821, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO MENSTRUAL EQUALITY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

"I speak in favor of SB2269 to repeal the authorization of the Governor to negotiate for the development or expansion of private in-state correctional facilities and a prohibition for the establishment of private correctional facilities in this state. The recommendation by the committee that a prison constructed by a private entity be owned and operated by the Department of Public Safety and any contractual agreements by the Governor take into account the concerns raised by the ACLU, Community Alliance on Prisons and many others. In a review of for profit prisons, the U.S. Office of the Inspector General found that overall for-profit prisons are less safe and less secure than government run ones. There is greater oversight by in-state prisons than those in privately operated ones. It is for those reasons I support this bill."

Senator Baker requested that remarks in strong support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise strong support of SB2667 SD1, relating to affordable housing.

"This measure is vital for much needed affordable housing in West Maui. The Front Street Apartments in Lahaina has 142 affordable rental units. Due to a recent federal court decision resulting from a lawsuit filed on behalf of the tenants of Front Street Apartments project requires the developer and leaseholder of Front Street Apartments to keep their homes affordable through 2051. During the lawsuit, it was virtually impossible to obtain an accurate appraisal of the value of the ground lease. Without an accurate appraisal, neither condemnation by Hawaii Housing Finance and Development Corporation nor a negotiated ground lease agreement was possible.

"SB2667 SD1 will extend the deadline for Hawaii Housing Finance and Development Corporation to renegotiate an existing, or issue a new, ground lease for the Front Street

Apartments affordable housing project before the corporation's requirement to initiate condemnation proceedings is triggered by five years.

"Please join me in supporting this measure. Mahalo."

The Chair having so ordered, Senator Nishihara's written remarks read as follows:

"I speak in favor of SB 3344 which seeks to restrict the use of solitary confinement in state-operated and state-contracted correctional facilities. Although PSD noted that the term 'solitary confinement' is no longer used and there are several levels of confinement, there are concerns about ensuring the safety and well being of inmates to deal with unacceptable, disruptive, and violent behaviors displayed by some inmates. While we would acknowledge those concerns we request that the department make every effort to ensure that inmates are not mistreated and the safety and well being of offenders and the prisons staff are maintained. The tools and procedures granted by PSD should be reviewed and altered as conditions and the science behind incarceration changes. It is with the hope that what is called 'solitary confinement' is reflected in methods that are both humane and effective in correcting unsatisfactory behavior."

The Chair having so ordered, Senator Kim’s remarks read as follows:

“Rise in opposition.

“Mr. President I’d like to reiterate my remarks on a similar bill from a previous session as my comments have not changed.

“I have supported every measure that has come before us to curb the consumption of alcohol and save lives from DUIs. But this bill lowers the blood alcohol from .8 to .5.

“I must agree with some of the testimony that this measure cast too wide a net on criminalizing behavior of normally responsible drinkers.

“I didn’t realize that .5 = 3 alcoholic drinks that a 160lb.-180lb man would need to drink in 1 hour.

“But it would be 1 glass of wine for a 100lb-120lb woman like me.

“So, Mr. President, I could be charged for a DUI if I had 1 glass of wine while you could drink 2.5 glasses and not be charged.

“More accidents occur by non-drinking drivers due to speed, distractions, and texting than by a driver who has had 1 glass of wine. Any one of you could be severely punished and labeled with a DUI for having 1 drink and tested .5.”

Senator Riviere rose to speak in opposition to the measure as follows:

“The rural classification is hardly used in this state. It is used on some of the neighbor islands, but has not yet been used on this island. The purpose for ‘rural’ is to parse in between ‘agriculture’ and ‘urban.’ We have conservation, agriculture, rural, and urban classifications. Presently, rural designation allows lot sizes of a half-acre, which is about 22,000 square feet. This measure would reduce the size of the lots down to about 11,000 square feet, which is, for all intents and purposes,

more of an urban classification. So, I do not support the erosion of the rural district classification. I think we could use it more often, but lowering the lot size is not going to help our planning. Thank you.”

Senator Kanuha requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Kanuha’s remarks read as follows:

“Mr. President, I rise in strong support of S.B. No. 2922, S.D. 2.

“Colleagues, with the severe housing shortage in the State of Hawai‘i, our focus has been on the development of new housing projects as well as reviewing the current permitting process. While development is a key part of the solution, we should also examine all of our options to determine policies to help increase Hawai‘i’s stock of housing units, including reviewing and updating current zoning and land-use restrictions.

“Historically, agriculture has been a default land use classification—throughout Hawai‘i Island we have seen large swathes of lava fields and other lands not-suitable zoned for agriculture, while the State Rural District—which includes just 0.3% of all lands in the State—has been severely underutilized. With the proposed statutory change to permit no more than one house per one-quarter acre on lands zoned as rural, greater utilization of the State Rural District will distinguish rural communities and subsistence farms from commercial agricultural lands, allow for better protection of productive agricultural lands, and establish more available land for housing in the State.

“Consequently, there is a need to redefine and expand the Rural District to improve land use management of existing rural settlements and infrastructure. As the measure requires the Office of Planning and Sustainable Development (OPSD) to conduct a study to refine Rural District policies and make recommendations to facilitate the reclassification of lands from the State Agricultural District to the Rural District, S.B. No. 2922, S.D.2. is the first step towards statutory changes to existing land-use policies.

“Therefore, colleagues, I urge you to support S.B. No. 2922, S.D. 2, as I firmly believe that authorizing higher population density in the Rural District will in turn increase housing supply throughout our State, as well as reduce the overall cost of housing for moderate- and low-income working class ‘ohana throughout Hawai‘i.”

A 2019 Hawaii Youth Risk Behavior Survey shows that rates are higher in neighbor island counties with high school vaping user rates exceeding thirty-five percent for Hawaii, Maui and Kauai.

"This measure will prohibit the sale or distribution in Hawaii of all flavored tobacco products, including products with menthol, and prohibit the mislabeling of products as nicotine-free by adding a new section to the Chapter 712, Hawaii Revised Statutes.

"Members, we are turning back to page 83, and we're doing a reconsideration of the Third Reading vote on Standing Committee Report No. 2868; the bill number is Senate Bill 2510, Senate Draft 2, 'Relating to Renewable Energy.'"

Stand. Com. Rep. No. 2868 (S.B. No. 2510, S.D. 2):

By unanimous consent, the Senate reconsidered its action taken on Tuesday, March 8, 2022, in passing S.B. No. 2510, S.D. 2 on Third Reading.

Senator Dela Cruz moved that Stand. Com. Rep. No. 2868 be adopted and S.B. No. 2510, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Acasio rose to speak in opposition to the measure as follows:

"I want to start by acknowledging my colleagues for the much-needed interest they're taking in energy matters. We're at the point where the low-hanging fruit has pretty much been picked, and we are left with far more challenging decisions about how to meet our energy needs in ways that both avert climate disaster and decrease our dependence on imported fuels. My colleagues behind this measure are to be commended for the amount of time and energy they put into examining these issues. I also commend them for the critical thinking that they bring to that examination. Now that we are all more focused on the difficult choices that have come from weaning ourselves off fossil fuels, we have to remind ourselves of why we are doing this to begin with. It is **not** just to become less dependent on imported oil. As the first state to declare a climate emergency, we have also made the commitment to drastically reduce our carbon emissions.

"Substituting the practice of burning oil with the practice of burning wood chips or, even worse, refuse-derived fuel, does not get us to where we need to go. The fantasy that Hawai'i is going to generate enough wood resources needed to fuel biomass plants has been exposed as a fallacy through the recent PUC proceedings. The only business model that brings the cost of these schemes anywhere close to affordable, once huge swaths of standing trees already providing a valuable carbon sequestration service have been decimated here, is the continual import of outsourced materials such as refuse-derived pellets or wood chips from elsewhere in the world. As policymakers, we have come to the point where the term 'renewable' no longer serves us in our decision-making. This is especially true to the extent that this term has been co-opted and redefined by the lobbyists working for the waste-to-energy industry. Trash is not a renewable resource. Biomass is only a renewable resource if it gets replanted at the same level it is consumed, which is currently not happening anywhere on the planet. And even if that were the case, the carbon footprint required to grow, harvest, and ship and transport biomass fuels makes the overall process a huge greenhouse gas emitter.

"This bill is part of a raft of bills that aim to substitute Hawai'i's dependency on imported oil with a dependency on imported biomass and a commitment to continue generating obscene amounts of waste. Hawai'i cannot afford to do either. We must take our cue from the recent position taken by the Biden administration under the advisement of the world's foremost thinkers on the subject of energy and climate. In the recent White House publication on the *Indo-Pacific Strategy of the United States* released February 2022, it states, 'We will incentivize clean-energy technology investment and development, seek to drive energy-sector decarbonization, and foster climate-aligned infrastructure investment.' The term that is being used to guide federal energy policy is 'decarbonization.' This means no reliance on biomass, no reliance on waste. Let's work together as policymakers moving forward to follow this lead and bring Hawai'i into the 21st century. Senate Bill 2510 as currently written represents a regressive energy policy, and for this reason I cannot support it. Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2868 was adopted and S.B. No. 2510, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24; Ayes with Reservations (Ihara, Riviere, San Buenaventura). Noes, 1 (Acasio).

The Chair having so ordered, Senator Riviere's remarks read as follows:

"I oppose this measure because I think it is trying to solve a problem that does not need fixing. The age of majority for most actions is 18 years, and that includes the right to vote. Making a special exemption for the small portion of the population who are born within a specific three-month timeframe is unnecessary and creates unequal treatment of every other voter who must wait until their 18th birthday."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3008 was adopted and S.B. No. 2178, S.D. 1, entitled: "A BILL FOR AN ACT PROPOSING AN AMENDMENT TO ARTICLE II, SECTION 1, OF THE HAWAII STATE CONSTITUTION TO CHANGE THE AGE QUALIFICATION FOR VOTING IN STATE OR LOCAL ELECTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Moriwaki rose to speak in support of the measure with reservations as follows:

"I'm in strong support of the intent of Senate Bill 2371 to establish a statewide data clearinghouse on homelessness. Only with data can we make sound decisions on programs and on funding to move the homeless to permanent housing. But I must vote 'with reservations' on Senate Draft 2 before us because it does not give us what we need: a comprehensive and coordinated homeless data clearinghouse.

"Senate Bill 2371's data clearinghouse was recommended by the attorney general and was based on months of discussion by an informal group of 14 state, county, and community agencies and service providers that we need coordinated and comprehensive information on the homeless—their needs, services and housing, and performance metrics needed to make sound decisions on ending homelessness. It also appropriated funds to begin the hard work to develop the needed data.

"Instead, Senate Draft 2 creates a 12-member working group to assess feasibility, delaying yet again the collection and analysis of much-needed data we need today. I hope these concerns will be addressed as the bill moves forward. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3032 was adopted and S.B. No. 2371, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HOMELESSNESS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Acasio requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Acasio's remarks read as follows:

"I vote with reservations because there is nothing in this bill or the relevant statute that specifies that this tax credit is for local food production and/or for local food consumption; therefore it is unclear to me why agricultural products such as flowers or export food products—which don't contribute to our islands' food self-sufficiency—would be included in this tax credit."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3036 was adopted and S.B. No. 2435, S.D. 1, entitled:

"A BILL FOR AN ACT RELATING TO THE IMPORTANT AGRICULTURAL LAND QUALIFIED AGRICULTURAL COST TAX CREDIT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Dela Cruz moved that Stand. Com. Rep. No. 3085 be adopted and S.B. No. 2662, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Acasio rose to speak in opposition to the measure as follows:

"I stand to speak in opposition of Senate Bill 2662, not as originally drafted by my colleague from Wai'anae (and I also signed on as a co-introducer), but for how it was later amended. I want to acknowledge her for introducing this important and

groundbreaking legislation. I want to direct the attention of everyone here to the bill's commendable purpose, which is to keep construction materials that are reusable as construction materials out of the landfill and in the economy. If you don't understand the nexus between climate and resource consumption, please take your time to research it or at least put your faith in people who have been studying this for decades. In order to avoid a climate disaster, we must wean ourselves from fossil fuels, but we must **also** stop consuming the world's resources at the current fevered pitch.

"The whole point of Senate Bill 2662 is that a large percentage of construction debris is useful as construction material. Estimates vary, but it is well beyond 25 percent. This bill was exceptional as written. It requires those handling these materials to set aside at least 25 percent of their recovered materials for reuse and recycling; that leaves a full 75 percent for anything else, including the production of gaseous fuel. There is no need to undermine the purpose of the bill or corrupt the meaning of the word 'recycling' to allow for the production of gaseous fuel. Resource destruction is not recycling—the cycle ends when the fuel is burned. This bill was meant to make sure that anything useful as construction material stays in the economy as such.

"I would like to point out that, on the EPA website, in reference to this particular subject, it says, 'Does EPA consider burning for energy recovery to be waste minimization?' And the answer is, 'Recycling activities closely resembling conventional waste treatment activities (such as burning for energy recovery) do not constitute waste minimization.' And for this reason, I cannot support the bill as amended. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3085 was adopted and S.B. No. 2662, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CONSTRUCTION WASTE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Acasio).

Stand. Com. Rep. No. 3097 (S.B. No. 3135, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 3097 be adopted and S.B. No. 3135, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Inouye requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye's remarks read as follows:

"The State Historic Preservation Division has been inundated with reviews while being short staffed for far too long. SB3135 SD2 aims to relieve SHPD from its backlog of historical reviews by providing assistance with historical reviews from the Counties. This bill also establishes a third-party historical review system which will be critical in making both SHPD and the Counties more efficient at conducting historical reviews."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3097 was adopted and S.B. No. 3135, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HISTORIC PRESERVATION REVIEWS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 6 (Acasio, Ihara, Inouye, Kanuha, Kim, San Buenaventura).

Senator DeCoite requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator DeCoite's remarks read as follows:

"The bill proposes to establish expenditure requirements for funding pedestrian and bicycle infrastructure and projects; and appropriates money for grant writing positions within the Department of Transportation to pursue funding from federal sources.

"I am voting with reservations on this bill because the State Department of Transportation has said that this bill is unnecessary because it has exceeded the requirement to spend 2% of eligible federal funds on bikeway expenditures for the past 7 years and does not expect that to change.

Senator Baker moved that Stand. Com. Rep. No. 3128 be adopted and S.B. No. 2680, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Rhoads.

Senator Baker requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of SB2680 SD2, relating to health.

"SB2280 SD2 addresses two major barriers that terminally ill individuals face when seeking medical aid in dying.

"First, finding physicians willing to administer medical aid in dying is often difficult because of Hawaii's shortage of physicians, especially on the neighbor islands. Secondly, Hawaii's waiting period is the longest of all of ten medical-aid-in-dying states and the District of Columbia who have approved medical-aid-in-dying.

"This measure amends the Our Care, Our Choice Act to address these two problems by authorizing advanced practice registered nurses, in addition to physicians, to practice medical aid in dying in accordance with their scope of practice and prescribing authority. It also authorizes psychiatric mental health nurse practitioners and clinic nurse specialists, in addition to psychiatrists, psychologists, and clinical social workers, to provide counseling to qualified patients. Finally, this measure reduces the mandatory waiting period between oral requests from 20 to 15 days and provides an expedited pathway for those terminally ill individuals not expected to survive the mandatory waiting period.

"Please join me in supporting this measure. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3128 was adopted and S.B. No. 2680, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Taniguchi rose to speak in support of the measure with reservations as follows:

"Mr. President, I'm fully supportive of this training; however, as stated in the testimony from the Department of Agriculture, I believe the current bill creates built-in conflict. I've spoken to our Agriculture committee chair, and I am hopeful that this bill could be improved by maybe having the University of Hawai'i at Mānoa's College of Tropical Agriculture and Human Resources do the training instead. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3131 was adopted and S.B. No. 2960, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FOOD SAFETY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President, I rise in support of this measure. Though digital currency has grown in popularity, there is very little regulation of the industry. The DCIL (a collaboration between the state Division of Financial Industries and the Hawaii Technology Development Corporation) participated in a pilot program which will end this year. This bill would require a licensure program and oversight to ensure that exchanges are sound operations that will serve Hawaii customers responsibly. Thank you for the opportunity to express my support, and I encourage my colleagues to also support this measure."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3135 was adopted and S.B. No. 3025, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO DIGITAL CURRENCY LICENSING PROGRAM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator DeCoite requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator DeCoite's remarks read as follows:

"I am voting with reservations on this bill because the Department of Hawaiian Home Lands may not have the qualified staff and subject matter expertise to conduct these reviews or to resolve the effects that these projects may have on historic properties. Both the Historic Hawaii Foundation and the Society for Hawaiian Archaeology, two organizations dedicated to historic preservation and research in the archaeology of the Hawaiian Islands, opposed this bill. I look forward to further review and discussion on this bill.

"In recent years, with the advent of drone fishing, there have been several complaints by the fishing community of how this new technology is a nuisance to traditional fishers as well as disrupting ocean wildlife. The Senate Draft 2 version of this measure addresses issues raised by the fishing community of not targeting fishers who use drones for simple reconnaissance;

rather, the S2 version specifically only prohibits the take of ocean wildlife via the use of drones. Mahalo, Mr. President."

Senator Acasio requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Acasio's remarks read as follows:

Senator Fevella rose to speak in opposition to the measure as follows:

"One of the main reasons I'm voting against this bill is because the current version of this bill leaves a blank the number of miles from the shoreline for offshore wind turbines. Scott Glenn, of the Hawaii State Energy Office, recently submitted testimony supporting my position that there needs to be more discussion on this before passing a law to set a

minimum setbacks for offshore wind turbines. I understand we are all eager to go 100 percent clean energy by 2045, but we're not considering all of the environment impacts. Think about the land base or what's happening with the turbines we have onshore. Here, there are noise complaints from neighboring residents concerned regarding the impacts to view planes, loss of wildlife, and the environment that are occurring on land. Offshore wind turbines in Hawai'i waters will also hurt our fishery industry: impact them by restricting zones where they can and cannot fish.

"And then the platforms and safety concerns: I'm not sure if everybody understands how these blades are being made. We have no place to dispose of the windmill blades after 20 years. Wind turbine blades now can't be recycled. It has to go into a landfill, which we do not have and will have to ship it off island. Currently, wind turbine blades are piling up in landfills, who are searching for ways to deal with them as they reach the end of their lives.

"But what about the potential risk of displacing and altering the behavior of marine mammals, fish, and seabirds? I'm not sure if you realize how big the wind turbine platform is. The platform is bigger than this building—all the way to the House, maybe even bigger—on the platform. And why are we going to go ahead and put all this renewable energy equipment where we can see them across the street from my house, right out there on the shore. A five-miles or twelve-miles restriction should not even be considered. Going forward with this would be devastating to our land and natural resources. Devastating to our fish, marine mammals, and people who use the ocean for wildlife, and for just recreation—who will have to deal with many new restrictions.

"I know in previous Energy, Economic Development, and Tourism committee hearings, we talked about turbines. Turbines should not be considered any kind of renewable energy because it's not hundred percent renewable. What is used on turbine is oil for lubrication. You are not going to be able to use water to lubricate it. You need oil, grease (all non-portable, all nonrecyclable), all of this other stuff that comes with windmills. And now you're going to put it on the ocean?

"So let's go back in history when the Kahuku windmills caught on fire. Firefighters couldn't go out and put out the fire. Why? Because of the chemicals of those batteries. Now we want to put the same batteries with chemicals floating atop the ocean. None of these offshore wind turbines will connect to land. They'll connect to a floating vessel out on the ocean, collecting renewable energy, and then shipped to shore. We have better renewable technology that we learned from other countries and we can learn from one of our islands that Senate President is from which has no windmills. Why, when we come to our island of O'ahu, everything is on my side of the island, and then they want to do all the pilot projects on my side of the island. And then when it comes to natural resources, we forget about all the heavy fishery and the people who are out there, living off the land. If this wind turbine fall apart in the ocean, it will come to all of our shores. It will hurt the fishery on all of our shores, not just 'Ewa Beach. We are talking all the islands will pay for this cost of disposing of these batteries and blades. So thank you again, colleagues; thank you, Senate President. I'm voting 'no' on this bill because it's not a good bill. Thank you."

Senator Riviere rose to speak in support of the measure as follows:

"Our colleague from 'Ewa Beach and I are very, very much united in our concerns about wind energy. I am voting in support of this measure because I do think it would be appropriate to limit where they can be, and while the numbers are blanked out now for the minimum distance, I would

encourage that in the final form they go back to '12 miles or more offshore.' It's a separate question on whether or not we should even have wind turbines because I share much of the concerns previously described. But, if they're going to be here, they certainly should not be in our state waters, and we should not allow the federal government to impose its will against the will of the people of Hawai'i. So, if the federal government through BOEM, the Bureau of Ocean Energy Management, determines that it doesn't matter what the people of Hawai'i think—we're going to have wind energy—then we, at least, should limit where they can put them and not allow them to interconnect if they go against the wish of the people. So I support the bill to the extent it creates an appropriate and distant minimum siting. Thank you."

Senator DeCoite requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator DeCoite's remarks read as follows:

"I am voting in opposition to this bill because it does not specify how far offshore these wind turbine projects will be. It is unclear what the impacts will be on our coastal shorelines and our marine ecosystems. We need to be certain that these offshore wind turbine projects will not have a negative effect on our marine environment.

Senator DeCoite requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator DeCoite's remarks read as follows:

"I am voting in opposition to this bill because it would allow urban type uses on existing golf courses which are in an agricultural district. This bill would allow a wide range of activities that may include amusement activities and events such as art, music, dance festivals, and concerts that are not appropriate in an agricultural district. In addition, allowing these types of activities on golf courses may negatively impact surrounding residents and communities.

Senator Acasio requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Acasio's remarks read as follows:

"I am voting with reservations because the purpose of this bill is to support local agricultural production in order to lessen our islands' dependency on the eighty-five percent of food that is imported into the state; however, nothing in the bill specifies that the agricultural investment program will be focused on or limited to local food production for local consumption, which means that agricultural producers who grown non-food products or who primarily export their food may unfairly or inappropriately utilize this program."

Senator Acasio requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Acasio's remarks read as follows:

"I am voting in opposition to this measure because it does not follow the recommendations of the Act 90 Working Group, and because I share the grave concerns expressed by numerous aloha 'āina allies that this measure will result in reduced protections for important watersheds and public trust uses of public lands."

Senator Inouye requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye's remarks read as follows:

"In 2003, Act 90 was signed into law. This Act required certain agricultural lands managed by the Department of Land and Natural Resources be transferred to the Department of Agriculture. Unfortunately, it is now 2022 and over half of lands leased or available to be leased for ag will not be transferred to DOA pursuant to Act 90 because DLNR and the Board of Land and Natural Resources have not agreed to several land transfers.

"SB 2068 is a solution that will conclude the legislative intent of Act 90 by empowering local ranchers and agricultural lessees to strengthen local food production, food sustainability, and land stewardship.

"The state has fallen short of its goals to double food production; SB 2068 will give cattle ranchers the financial flexibility they need, and the expertise of DOA, a more suitable ag focused entity to ensure long-term viability and success of Hawaii's local ranching and food production industries.

"DLNR already has too many priorities to manage.

"Ranchers have been waiting almost 20 years to get the relief they need to support cattle production. The state claims to support agriculture but transferring these agricultural lands to DOA is a simple solution that has yet to be fully implemented.

"DLNR and DOA can work together as state agencies to meet their specific missions, but agriculture lessees need appropriate terms to thrive and these lease terms are available through DOA.

"To meet the state's goals of supporting agriculture and protecting the environment, ranchers and other farmers can and should be empowered to play a role as responsible land stewards."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3180 was adopted and S.B. No. 2068, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO LAND MANAGEMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Inouye requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye's remarks read as follows:

"SB3133 SD1 will alleviate difficult lease rent situations for commercial, industrial, and hotel lessees on State lands. These lessees often find themselves being forced into a public auction instead of having the option to enter into direct negotiation with the Department of Land and Natural Resources prior to their lease expiring. The State should not be putting valued lessees who have occupied State parcels for decades in situations where they get bid out of their own property; SB3133 provides a needed alternative solution to this dilemma."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3190 was adopted and S.B. No. 3133, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DISPOSITION OF PUBLIC LANDS BY NEGOTIATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Kim requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Kim's remarks read as follows:

"Rise in support.

"In 2007 a con am was passed to create a Candidate Advisory Council to send names to the Governor for his consideration to the UH Board of Regents. In the past 15 years, we have seen that the number and quality of candidates have been diminishing. Just this year the CAC had to extend the deadline for applications since there were not a lot of candidates applying. In fact, the CAC did not have enough candidates to provide 3 nominations to the Governor for the Kauai Regent seat and thus the Senate is not able to confirm the Regent. Instead the Kauai Regent will be a hold over. They were also not able to get 3 qualified candidates for the Student Regent.

"The CAC is mandated to send at least 3 names for each vacancy to the Governor, but due to lack of qualified candidates they have sent 3 names that also appeared for other candidates. For example, if there were 3 vacancies, they should have a total of 9 names but instead it might be just 6 names as one name could appear for all three vacancies. The AG has recently provided an opinion that clarifies that names can be repeated for various seats it must be in addition to 3 different names.

"There are very few boards that have a nominating council. The other one is the Procurement Policy Board nominating committee which is also before us today SB2383 to be eliminated as well for similar reasons. The only difference is that the CAC is in the Constitution and the Procurement Policy Board nominating committee is in statute. Thus, the same support should be given to this measure as for SB2383. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3194 was adopted and S.B. No. 3186, S.D. 2, entitled:

Senator Kim requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Kim's remarks read as follows:

"Rise in support of SB3269.

"My priority as Higher Education Chair has been to keep higher education for our residents affordable and accessible. To reduce student debt, and to hold our university accountable and transparent.

"While we are constantly reminded of UH's autonomy, they do not have complete autonomy since they rely on the taxpayers for almost half of their funding. The other half are from the student tuition. The constitution also states that the Legislature can enact laws governing UH that have statewide concern. UH's payroll is the single largest fixed expense.

"The issue of tenure is not new. Senators and Representatives before me have tried unsuccessfully to make updated and meaningful changes to the practices. Keep in mind that tenure was created to protect academic freedom for professors. And I support this right, but tenure today is embraced as an assurance of life-time employment.

"UPHA has launched attacks that this bill will eliminate tenure, but it does not. The SD1 and the current SD2 does not do that. In fact, the SD2 directs the Board of Regents to discuss and adopt the recommendations of the BOR's Permitted Interaction Group (PIG) Task group; Direct the UH President to consult and confer with the faculty union and appropriate funds to restore UH funding to pre-pandemic levels.

"Regent Jan Sullivan-former UH Regent Chair, member and chair of the Regents Permitted Interaction Group (PIG) published an OP ED article on tenure that appeared in the Honolulu Star Advertiser, I quote:

Our Tenure Task Group was comprised of 4 Regent Board members, 4 UH administrators including a chancellor, vice chancellor, dean, and vice president, as well as the head of the faculty union. All members, with the exception of the faculty union rep., agree with the group's recommendations (not to eliminate tenure) but to guide the future use of tenure at the university.

The group recommended that these changes occur moving forward, and that they not affect existing tenured employees.

People who are threatened by change live in a vacuum. In today's world threats to that status quo are met with alarmist tactics aimed at getting people riled up. This has become an ugly business. I write this to lay down the facts and set aside the rhetoric to give this discussion the proper context. The people of Hawaii deserve nothing less.

"To magnify what Jan says about alarmist tactics, UPHA's recent letter to their members they say: 'This bill is an attempt by Sen. Kim, to interject the legislature into the constitutionally established role of the UH Board of Regents by taking away their exclusive jurisdiction over the internal structure, management and operation of the UH-thereby granting themselves as the governing body over the Board of Regents' This is alarmist-not only is it not true-this measure was proposed by the Board of Regents PIG.

"They go on to say: 'On the surface, the revised version of the bill appears to be benign by making minor concessions to certain classifications of UH faculty' Now this is a true statement, but they go to say 'This is nothing other than a veiled attempt for the Legislature to trump the authority of the Board of Regents'.

"Again, this bill is benign and directs the Board of Regents to discuss and adopt the recommendations of the BOR's Permitted Interaction Group (PIG) Task group and restores funding."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3207 was adopted and S.B. No. 3269, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ACADEMIC TENURE AT THE UNIVERSITY OF HAWAII," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Baker noted that, following the Senate's floor session, the Women's Legislative Caucus would be participating in a brief press conference to highlight some of the measures that had passed this year that would affect and enhance the lives of women and girls in their community.

The Chair acknowledged and thanked the Women's Caucus for their hard work.

Senator DeCoite rose to speak on a point of personal privilege as follows:

"Esteemed colleagues, I am proud to announce that on Saturday, my district had much to celebrate. At Radford High School's soccer complex, Maui's King Kekaulike boys soccer team defeated the Hilo Vikings in a riveting 3-1 match to claim the Division I state title at the HHSAA boys soccer state championship, coached by George Ichimaru. King Kekaulike is the first neighbor-island team to win an outright state championship and the second titleholders from Maui. The last time a Maui team won the state title in Division I was in 2018.

"At the Texaco/HHSAA 2022 wrestling championship at the Neal Blaisdell Arena, Mikah Labuanan, a freshman of Kamehameha Schools Maui, defeated a senior in the weight class of 126 pounds to get first place, and Moloka'i School's

Austin Kaalekahi took second place in the weight class of 106 pounds. Thank you, Mr. President.”

The Chair then announced that there would be a Senate leadership meeting in his office immediately following lunch.

ORDER OF THE DAY

ADOPTION OF A RESOLUTION

MATTER DEFERRED FROM TUESDAY, MARCH 8, 2022

H.C.R. No. 32:

Senator Taniguchi offered the following floor amendment (Floor Amendment No. 3) to H.C.R. No. 32:

SECTION 1. House Concurrent Resolution No. 32, is amended by amending page 2, lines 31 to 34, to read as follows:

“BE IT FURTHER RESOLVED that the State of Hawaii and cities in Hawaii are encouraged to continue to work for peace and international goodwill and understanding through their existing sister state and sister city relationships with any Russian, Belarusian, and Ukrainian provinces or cities; and”

Senator Taniguchi moved that Floor Amendment No. 3 be adopted, seconded by Senator Ihara.

Senator Taniguchi rose to speak in support of the amendment as follows:

“Floor Amendment 3 addresses sister-state and sister-city relations in House Concurrent Resolution 32. The sixth ‘Be it resolved’ in the resolution calls for cutting off any existing relations with Russian or Belarusian provinces or cities. Currently, the State of Hawai‘i does not have any sister-state relations in Russia, but we believe the City and County of Honolulu has a sister-city relation with a city in Russia.

“International sister-state relations are not completely government-to-government activities. They are meant to be individual-elected-official-to-elected-official relations and ultimately citizen-to-citizen relations. That is at the heart of these relationships.

“Floor Amendment 3 encourages continued efforts to work for peace and to promote international goodwill through sister-state and sister-city relations as a way to counter the national Russian government’s current war policies in Ukraine. I ask for your support for this amendment.”

The motion to adopt Floor Amendment No. 3 was put by the Chair and carried.

On motion by Senator DeCoite, seconded by Senator Fevella and carried, H.C.R. No. 32, S.D. 1, entitled: “HOUSE CONCURRENT RESOLUTION CONDEMNING RUSSIA’S ATTACK ON UKRAINE AND SUPPORTING SWIFT AND SEVERE ECONOMIC SANCTIONS IMPOSED ON RUSSIA,” was adopted.

S.R. No. 60	Committee on Judiciary	At this time, Senator Kidani noted that the official public-school calendar indicated that next week would be spring break, when youngsters and their families would be out and about. Senator Kidani explained that that week had also been set aside in past sessions to recognize excellence in teaching, scholarship, and campus leadership. Senator Kidani further noted that, while the Capitol building had reopened on a limited basis, those limitations meant that guests could not yet be invited to the Senate floor to be congratulated and thanked in person; thus, Education Week would again be a bit different this year. Senator Kidani, as chair of the Committee on Education, invited the members to participate in delivering floor remarks to recognize honorees, and explained that the participants should be receiving information for this on a daily basis. Senator Kidani thanked the members in advance for their participation, noting the importance of the event, and commented that she looked

forward to the many stories of inspiration that they would hear throughout the week.

The Chair extended his thanks to Senator Kidani, noting that the pandemic had certainly underscored how important educators were. The Chair added that he appreciated Senator Kidani's efforts in making sure that educators were being recognized for all that they were doing in the community.

The Chair then made the following announcement:

"Today is the last day for the introduction of Senate concurrent resolutions and Senate resolutions. The deadline is 4:30 p.m. this afternoon."

At this time, Senator Kidani rose to present the following remarks:

"Colleagues, each year, the chairs of the Senate and House Education committees designate a week during which we invite teachers, students, and education professionals to the Capitol to be recognized during floor presentations and education-related events. This week marks our 2022 Education Week. But, as was the case last year, limited public access to the Capitol and to the

Senate floor required us to do things differently once again. Instead of public and in-person presentations, our honorees are receiving their official Senate congratulatory certificates by mail along with a program booklet that you have on your desk and a small makana. In this case, a Senate lapel pin is the small makana. It's included to further express our recognition, admiration, and gratitude for their achievements and for their contributions to educational excellence in our schools.

"Let us be clear: the fact that we are not able to recognize our honorees in person does not in any way diminish their awesome accomplishments. Indeed, the fact that they were able to do the things they did and carry on in an ambitious, orderly, and professional manner despite the tremendous challenges faced in pandemic mode speaks volumes about their capabilities; their focus; and their stick-to-it, can-do approach to their task at hand. For this, they deserve perhaps even greater praise. Their determination has been truly inspiring.

"This week, we recognize teaching excellence, student achievement, and campus leadership. Those we honor are just a few of the thousands who are involved in the total Department of Education effort in our state. We must never forget how important education is in building successful futures for our keiki, their families, and our communities. Education is and can be a great equalizer. As chair of your Committee on Education, that inspires my work every day.

"Mr. President and colleagues, you have each received a program booklet for Education Week 2022. I urge you to read about the exceptional people we recognize this year and take to heart their focus and dedication. Today, we will pay tribute to teachers of excellence. Mahalo to my fellow senators for their participation in this week's program.

"Each year, the state Department of Education solicits nominations for classroom educators to be honored as Teachers of the Year. One teacher is selected by a committee from each of the state's school complex areas and one from public charter school campuses. Our teachers are—along with healthcare workers and first responders—true heroes in the way they have adapted to the new rules of behavior brought on by the pandemic. These are the 2022 Teachers of the Year from our neighbor islands. I call on Senator Acasio to begin our presentations."

Senator Acasio rose to present the following remarks:

"Mr. President, I am pleased to recognize Whitney Aragaki from Waiākea High School. Whitney is Teacher of the Year from the DOE's Hilo-Waiākea complex. She was also designated the Teacher of the Year for the State of Hawai'i for 2022 and is also a finalist for National Teacher of the Year honors.

"Whitney is a Waiākea alum who returned to her alma mater, where she is a tenth-grade biology and advanced placement environmental science teacher. Whitney was previously honored as a 2019 and 2021 state finalist for the Presidential Award for Excellence in Mathematics and Science Teaching. She serves as lead teacher for the Waiākea High Public Services Academy and in numerous other capacities on campus as an inspirational leader for her colleagues and her students.

"We congratulate Whitney Aragaki and wish her well as she competes for national honors. I call on Senator Kanuha to continue our program."

Senator Kanuha rose to present the following remarks:

"Mr. President, I am honored to acknowledge 'Aina Akamu, a resident of Senate District 3, as the Teacher of the Year from the Ka'ū-Kea'au-Pāhoa complex. 'Aina is a teacher at Ka'ū High School and Pāhala Elementary School, where he serves as

a career and technical education teacher and Early College coordinator.

"In his CTE role, he blends academic and technical skills with a focus on easing his students' way into the labor market. His hands-on instruction guides students through a diverse range of studies, including engineering, construction, culinary arts, agriculture, and entrepreneurship.

"We are indebted to 'Aina for his devotion to the diverse futures of his students, and congratulate him for having received this recognition. Senator Inouye has our next presentation."

The Chair made the following comments:

"Before recognizing Senator Inouye, I just wanted to say: Senator Kanuha, I had the opportunity to hear 'Aina present at a conference, and all of these accolades are well-deserved and he was outstanding. He received a standing ovation from the people in attendance."

Senator Inouye rose to present the following remarks:

"Mr. President, John Capdepon is the 2022 Teacher of the Year for the Honoka'a-Kealakehe-Kohala-Konawaena complex. John is a teacher at Honoka'a Elementary who moved several years ago to Hawai'i island from Japan, where he taught English.

"Over the past six years, he has been a dedicated advocate for the Honoka'a community and, among other things, assisted the school in applying for and receiving several grants to create an on-campus garden and a burgeoning garden program at the school. John has taken to heart the concept that schools form a vital bond among students, teachers, their families, and their communities—and everyone benefits from this mutually supportive dynamic.

"Congratulations, John Capdepon. Mahalo for your service and your invaluable contributions to the Honoka'a 'ohana. Now I call on Senator Kidani."

On behalf of Senator Keith-Agaran, Senator Kidani rose to present the following remarks:

"Mr. President, on behalf of Senator Keith-Agaran, who is unable to join us today, I have the honor to introduce to you the Maui District Teacher of the Year. As Senator Keith-Agaran would say: *Maui nō ka 'oi!* It is my privilege to recognize Lisa Yamada, selected by her peers as 2022 Teacher of the Year from the Baldwin-Maui-Kekaulike complex.

"Lisa has been teaching third grade at Wailuku Elementary since 2010. After graduating from the UH Maui College of Education, she began teaching after overcoming tremendous challenges as a single mother of three young daughters. Lisa is open about being a survivor of domestic violence and assault, and she believes her experiences have helped her to become not only a stronger person but a better teacher as well. Over the years, Lisa has held leadership positions with HSTA. She wants to share this recognition with those who have supported her along her journey, acknowledging the award—in her words—as a 'well-woven quilt of love and determination.'

"Lisa has been a tremendous asset to Wailuku Elementary, and we are grateful for her dedication to the teaching profession. Let me now turn over the floor to Senator Baker."

Senator Baker rose to present the following remarks:

"President and colleagues, the Teacher of the Year from the Hāna-Lāhaināluna-Lāna'i-Moloka'i complex area is from Lāhaināluna High School: William Tatro. William left a career on Wall Street to become an educator. He currently serves as an on-campus scholars teacher and junior class advisor. As an educator, he has felt a deep sense of pride in observing students

as they explore their creativity and discover those 'aha!' moments through their educational journey. Lāhaināluna, which is proudly in my Senate district, currently boasts a hundred percent graduation rate, which is a point of pride near and dear to his heart and to all of us.

"Mahalo, William, for the perspective you bring to the Lāhaināluna campus, the oldest school west of the Rockies, and for your love of teaching. And now I would like to call on Senator Kidani to continue our presentations."

On behalf of Senate President Kouchi, Senator Kidani rose to present the following remarks:

"Mr. President, with your consent and on your behalf, I would like to acknowledge the Teacher of the Year from among your Garden Island teacher corps. She is Theresa Malone of Kalaheo Elementary School in the Kapa'a-Kaua'i-Waimea complex. Theresa teaches fifth-grade students, focused on finding innovative ways to infuse critical thinking and inquiry through blended learning. In an effort to connect with her class, she has integrated daily morning meetings with students to empower their voices and lead conversations on their own interests and studies. Theresa discovered a variety of ways in which students were eager to learn, including media in the way of art, film, technology, and small group work. We are so proud to have her talents and passion as a part of the teacher corps on Kaua'i, and I look forward to what she has on her agenda next."

Senator Kidani continued:

"Mr. President, these are our neighbor island Teachers of the Year. I know my fellow senators from O'ahu are eager to have their chance to brag about their honorees. And can we all give our Teachers of the Year applause? And, other senators, we will get to the Teachers of the Year—your honorees—tomorrow as our 2022 Education Week citations continue. Mahalo, colleagues for your participation. Aloha."

At this time, Senator Kim, Chair of the Committee on Higher Education, requested a waiver of the public notice requirement pursuant to Senate Rule 21 for H.B. No. 2206, H.D. 1 and H.B. No. 1488, H.D. 1.

Senator Kim noted:

“Our office missed the hearing notice filing deadline by about an hour, and this waiver will allow the committee to hear and take up both measures this Thursday.”

The Chair granted the waiver.

Senator Kim announced that the Committee on Higher Education would be holding a public hearing on the measures on Thursday, March 17, 2022, at 3:10 p.m. in Conference Room 229.

Senator Kidani rose to present the following remarks:

“Mr. President, our 2022 Education Week presentations continue this morning. Yesterday, we heard inspiring stories about public school teachers of excellence on the neighbor islands. Today, we will hear about more of these superheroes from several O’ahu schools.

“During the school year, many of us place our trust in classroom teachers who spend hours each day with our children and grandchildren, our nieces and nephews, and other keiki in our ‘ohana. We entrust our young people to their care and nurturing with the expectation that they will prepare the future

good citizens of our neighborhoods to contribute to a safe, healthy, and productive life.

“To begin, I’m pleased to recognize someone from a school in my district. The Senate is proud to honor Ashley Ito-Macion, a second-grade teacher at Kanoelani Elementary School in the Pearl City-Waipahu complex area. In response to the challenges of the COVID-19 pandemic, our Teacher of the Year established the Hawaii Distance Forum, a dynamic educational platform dedicated to breaking down walls of vulnerability, building community, and shoring up teacher voices. More than 1,200 teachers shared lesson plans and participated in collegial training programs, which Ashley updates and maintains daily in support of Hawai‘i’s educators. Ashley’s desire to address educational needs and foster support and connection for both teachers and students has been especially welcomed during the stressful months dealing with the pandemic. We are so grateful for her initiative and talent that have helped the Kanoelani campus thrive. Mahalo nui, Ashley Ito-Macion. I’d like to now turn the program over to Senator Kim.”

Senator Kim rose to present the following remarks:

“Teacher of the Year Jim Kunimitsu, from the Campbell–Kapolei complex, is a fifth-grade teacher at Pohakea Elementary. Now, I know what you’re saying—Pohakea is in Senator Fevella’s district, but I get this honor because Jim is in my Senate district.

“Jim has been a dedicated public school educator for more than a dozen years. His passion for teaching is manifested in ways that he helps his students to find joy in learning. His path to teaching was inspired by the tremendous example set by his parents, both of whom are retired teachers. He attributes his success to the support he has received from his family and a wide circle of friends, colleagues, teachers, and mentors who have been an integral part of his growth.

“Mahalo to Jim Kunimitsu for his excellent work and sustained commitment to our students and his communities. And now I turn it over to Senator Shimabukuro.”

Senator Shimabukuro rose to present the following remarks:

“Teacher of the Year from Nānākuli–Wai‘anae complex is Wendy Gumm, a passionate grade three special education teacher at Nānāikapono Elementary School. Wendy was inspired to become a teacher thanks to the example of her grandmother, who was a proud educator for 40 years. She loves to see the growth of her students as they overcome their challenges and to see them improve their math and reading skills. Wendy believes that their school’s success is attributed to the caring, ‘ohana-focused atmosphere and the commitment of school staff to provide the highest quality education to their students. Senator Keohokalole will now continue our program.”

Senator Keohokalole rose to present the following remarks:

“It is my honor to acknowledge a Windward District Teacher of the Year. She is Miyuki Sekimitsu, a third-grade teacher at Kāne‘ohe Elementary in the Castle–Kahuku complex. Although she resides in Senator Ihara’s district, I have the honor to introduce Miyuki, whose school is located in my district.

“Miyuki has a strong commitment to providing a well-balanced, hands-on classroom environment. She focuses on cultivating meaningful relationships with students, families, and the local community that promote social, emotional, and academic growth for her students. She is an enthusiastic lifelong learner who has taken advantage of a variety of professional development opportunities.

“Miyuki’s six years at Kāne‘ohe Elementary have endeared her to colleagues and students alike, and we are grateful for her commitment to teaching. I now yield to Senator Rhoads.”

Senator Rhoads rose to present the following remarks:

"I am very pleased to recognize another Windward District teacher: Richard Lau, Teacher of the Year from the Kailua-Kalāheo complex. Richard is a veteran DOE professional who has spent most of his career at Kalāheo and, as noted, in this case, Richard resides in District 13 (the beautiful area I represent) but makes the trip for his work through the Ko'olaus to Kailua.

"Richard is currently student activities coordinator and advisor to the student council. His recent work has been especially helpful in implementing more than a hundred virtual and in-person student activities to address the social and emotional needs of students during distance and hybrid learning. A few years ago, he also established the Kalāheo High School Transition Center for new students and families in partnership with the Mark Takai Transition Center Network.

"Richard is one of many dedicated education professionals whose work is invaluable to the successful functioning of the multiple parts of our school system, and we extend a mahalo and congratulations for this latest honor. I'd like to ask Senator Misalucha to continue. Mahalo."

Senator Misalucha rose to present the following remarks:

"Trisha Gibson has been both a general and special education teacher for nearly 20 years. She is currently the academic coach for 'Aiea Elementary School and was selected Teacher of the Year from the 'Aiea-Moanalua-Radford complex. And, again, she commutes to 'Aiea from Senator Moriwaki's district, where she resides.

"While she has worked in a broad variety of roles over the years, Trisha notes that teaching and advocating for students with disabilities has been one of the highlights of her career. She believes all students should have opportunities to grow, learn, and participate in their school communities.

"Trisha is also grateful to be able to learn and network with other education leaders through personal and professional development opportunities, school and complex initiatives, and school service projects.

"Mahalo to Trisha, whose students are the fortunate beneficiaries of her solid commitment to teaching. I now turn the floor to Senator Dela Cruz."

Senator Dela Cruz rose to present the following remarks:

"I am so pleased to acquaint you with Dr. Jeni Nishimura Miyahira, Teacher of the Year from Mililani High School in the Leilehua-Mililani-Waialua complex. Dr. Miyahira is a curriculum coordinator at Mililani. She is acutely aware that it can often be difficult to support teachers in ways that align with practices that meet diverse school, complex, and state goals. With that in mind, Dr. Miyahira has focused on providing personalized professional development courses for her colleagues, a point of pride she considers one of her greatest accomplishments. Dr. Miyahira is also a lecturer for Early College opportunities at Leeward Community College. That program allows students to find a direct pathway to the University of Hawai'i System by completing college credits by the time they graduate from high school.

"Mahalo, Dr. Miyahira, for your work on behalf of fellow teachers and your students, and congratulations. I will now yield to Senator Ihara."

Senator Ihara rose to present the following remarks:

"Mr. President, Hawai'i's public charter schools have become a well-established and invaluable education resource for Hawai'i students because they offer educational choices, innovative curricular materials, and operate with substantial

flexibility. The 2022 Charter School's Teacher of the Year, Dr. Cara Chaudron, is in her seventh year of teaching sixth-grade math at the School for Examining Essential Questions of Sustainability, also known as SEEQS for short. Dr. Chaudron was blessed to be raised in a family that loved both teaching and learning. During her own student experience, she discovered that she sometimes needed a little time to get through some of the work, and she learned to become her own advocate for that accommodation. This is one of the reasons she is invaluable at SEEQS as she uses her own experience to work with each student to discover what their needs are and how to access their learning. Active listening, meeting students where they are, providing a safe space for them to learn, and empowering them to make their own inquiries and explorations fills Dr. Chaudron's days with energy and excitement.

"Congratulations and a big, big mahalo for Cara Chaudron. Mr. President, Senator Chang will make the next presentation. Thank you."

Senator Chang rose to present the following remarks:

"Teacher of the Year in the Farrington-Kaiser-Kalani complex this year is Wendy Shigeta from Hahaione Elementary School. During her tenure as an educator for more than three decades, Wendy has worked as both a teacher and school counselor. She served a term as the Hawaii School Counselor Association president several years ago and was named Hawaii School Counselor of the Year in 1995. Recognizing her teaching excellence, she received the Thomas Okamura Outstanding Teacher Award in 2000. At Hahaione, she is currently student services coordinator and student council advisor. Wendy comments that she has always viewed education as the foundation for our young people. She is justifiably proud that she has been able to contribute to strong foundations during her lifelong career commitment.

"Congratulations, Wendy Shigeta, Teacher of the Year! I now yield to Senator Moriwaki."

Senator Moriwaki rose to present the following remarks:

"It is my distinct honor and pleasure to acknowledge Corrie Izumoto from Kawanakoa Middle School as the 2022 Teacher of the Year for the Kaimuki-McKinley-Roosevelt complex. Corrie taught on the mainland and in Belgium before moving to Hawai'i many years ago. She has been a special and general education teacher for 10 years in various Hawai'i elementary and middle school grades and currently teaches grade six English at Kawanakoa. She now serves as advisor for the student council, drama and dance clubs, as well as taking on additional responsibilities as student activities coordinator. Corrie has become an invaluable asset to the school community, and I must say that I know firsthand of her commitment and passion to teaching our students because she does work with us, and she is the better half of my office manager, Charles, so I know that she works very hard.

"So, congratulations, Corrie. I'm very proud of you, and I'm very confident that we will be hearing more good things from you and Kawanakoa in the years ahead. I now turn the floor back to Senator Kidani."

Senator Kidani rose and stated:

"Thank you, colleagues. We have so far recognized just 17 of the several thousands of public school teachers in our state who each day go above and beyond to guide our youngsters, strengthen our families, and invest in successful communities. As I have said many times, they are superheroes, much like our healthcare workers and first responders, and we are so very grateful for their service. We will continue with our 2022 Education Week presentations tomorrow. Mahalo."

The Chair led the members in a round of applause for the recognized teachers.

The Chair then announced that there would be a leadership meeting immediately following adjournment.

At this time, Senator Kidani rose to present the following remarks:

"I am pleased to continue with our Education Week program, during which we recognize excellence in teaching, scholarship, and campus leadership. Today, we extend our mahalo and congratulations to Hawai'i's Milken Foundation Educator. We will also recognize two science and math teachers who have received national recognition, and three outstanding Hawai'i school administrators.

"The Milken Educator Awards program, which was launched by the Milken Family Foundation in 1987, has been described as 'the Oscars of Teaching' by *Teacher* magazine. It is, perhaps, an overused characterization but nonetheless pretty accurate. The dramatic surprise announcements of winners, arranged at school assemblies, really are a surprise to the recipient—one of the coolest events I have had the privilege of attending. Seventy-nine Hawai'i teachers have received the awards, along with a total of \$1.9 million in cash prizes, since 1990. To recognize our Milken Educator today, I call on Senator Moriwaki."

Senator Moriwaki rose to present the following remarks:

"I am very honored to acknowledge the outstanding contributions of Michelle Le Iwasaki, Hawai'i's Milken Foundation Educator for 2022, who lives in the heart of our dynamic Kaka'ako district. Michelle is a National Board Certified Teacher and academic coach at Kalihi Kai Elementary, one of the excellent elementary schools in Senator Wakai's district.

"As an academic coach, Michelle has developed long-term solutions to support and serve her kindergarten, first-, and fifth-grade students. When Kalihi Kai partnered with Turnaround Arts in 2015, Michelle led the arts integration strategies into the school curriculum. The program had a profound impact on improving student performance in language arts, math, and science. Our honoree also conducts bimonthly classroom observations for her grade levels, shares data with teachers to help them elevate their instructional practices, and conducts walkthroughs and observation opportunities for new teachers.

"Michelle is among 60 nationwide nominees for the Milken Award for 2021-'22 and the only Milken Educator Award winner from Hawai'i. The award comes with an unrestricted \$25,000 cash prize to recognize her excellent work on behalf of our keiki. The Milken Award sends a strong message to teachers: we recognize you, we value you, we thank you. And so do we in the Senate—a warm aloha and mahalo to Michelle Le Iwasaki from all of us who value what you contribute to our keiki and our state. Mahalo. I now turn it back to Senator Kidani."

The Chair commented:

"Before turning it back to you, Senator Kidani, just editorial correction: as Senator Kidani said in her opening remarks, there's been over \$1.9 million awarded to teachers here in Hawai'i. Senator Moriwaki said, 'The only Hawai'i teacher (the only Hawai'i teacher **this** year) to get the Milken Award.' There's certainly been many others, as pointed out by Senator Kidani."

Senator Kidani rose to present the following remarks:

"Previous Hawai'i Milken Educator Award winners have selected Jenna Oskey as a Milken Teacher of Promise. The award annually recognizes teachers who showcase educational excellence and the highest qualities of a professional educator during their first four semesters in the classroom and who demonstrate tremendous promise at the onset of their teaching careers.

"Jenna is a special education teacher at Kanoelani Elementary School, a truly excellent campus in my Senate district. Her demonstrated leadership and desire to cultivate student learning in a digital environment has helped guide her veteran colleagues through the challenges of the pandemic. Not only has she shown her ability to adapt to the changing times, but she has also become a respected leader who has proven how she can advance school goals and practices with new technologies. Mahalo, Jenna, for your dedication to the teaching profession. We look forward to sharing more of your accomplishments in the years ahead."

Senator Kidani continued:

"I will continue with campus leadership. Campus leadership is very critical to school, teacher, and student successes this year. We join professional organizations in congratulating three outstanding administrators. I will now call on Senator Chang to begin our next series of awardees."

Senator Chang rose to present the following remarks:

"The Hawai'i Association of Secondary School Principals has selected Dr. Reid Kuba as the Hawaii State Principal of the Year for 2022. Dr. Kuba is principal at Jarrett Middle School in Senator Ihara's district (named for our colleague from the Windward side). I am pleased to count him as a resident in my district.

"Dr. Kuba proudly notes Jarrett Middle School as the only middle-level school on O'ahu to perform above their academic and low socioeconomic status potential for the past five years. The school's evolution is a testament to the supportive and nurturing environment among Jarrett's broader community. Dr. Kuba also notes the many challenges that students and parents have navigated throughout the pandemic, including a lack of access to technology, language barriers, and other communication difficulties. With his guidance, the school community was able to effectively integrate health and safety messages across the campus in alignment with the school's mission and vision.

"We appreciate Dr. Kuba's leadership in the trying circumstances of the past two years. His work benefits the extended school community of teachers, students, and families. I turn now to Senator Nishihara."

Senator Nishihara rose to present the following remarks:

"Our next honoree was selected by the National Association of Elementary School Principals as a National Distinguished Principal. She is Lisa Ann Higa, principal at Nānākuli Elementary School in Senator Shimabukuro's district. Lisa Ann commutes to work from my Senate District 17.

"In a diverse, multicultural school with nearly 86 percent of students identifying as Native Hawaiian, Lisa Ann has been a steadfast advocate for Native Hawaiian students and families, partnering with them to promote Hawaiian culture within the school community. She has championed whole-child initiatives to better support student needs as a way to address academic disparities through collaborative leadership and evidence-based practices based in culture and compassion. Thanks to Principal Higa's efforts, Nānākuli Elementary is noted for launching the first pre-K pilot program within the complex that focuses on establishing clear foundations for academic numeracy and literacy.

"We are grateful for Principal Higa's immersion into the community environment in Nānākuli and wish her well for more successes in the years ahead. Now, let me turn the program over to Senator Gabbard for our next presentation."

Senator Gabbard rose to present the following remarks:

"The total administrative team is important to campus leadership successes, and so the professional organization that recognizes principals also honors assistant principals as well. This year, we extend congratulations to Jacob Kardash, selected as Hawai'i Distinguished Assistant Principal.

"Vice Principal Kardash is a constituent of my district, a former science teacher who now serves as vice principal for Mililani Middle School. As an educator and administrator, he shares that the safety and wellbeing of everyone on campus is his top priority, helping them navigate the challenges of the pandemic and continuing to thrive in its wake. In the past five years, Jacob realized a professional goal in his education career by establishing an international partnership with several public and private schools in Japan. With the support of the nonprofit Hawaii Global Education Foundation, Mililani Middle students are able to travel abroad to visit their sister schools, offering immersive opportunities to further their studies and intercultural explorations.

"Mahalo to Vice Principal Jacob Kardash for his fine work, past and present. Mililani Middle School is fortunate to benefit from his initiatives and leadership. Senator Keohokalole continues with our next presentation."

Senator Keohokalole rose to present the following remarks:

"The Presidential Award for Excellence in Mathematics and Science Teaching is one of the nation's most prestigious education honors. The growing impact of technology has continued to transform our education system, making STEM knowledge an essential tool for the advancement and success of today's students. Recipients of this award receive generous funding from the National Science Foundation as well as an opportunity to participate in discussions on STEM and STEM education priorities to develop essential curricula.

"Our first Presidential Award winner is Wrayna Fairchild, who lives on the windward side in my district but is a teacher at Voyager Public Charter School in Senator Taniguchi's district. Teaching took Wrayna around the globe before she moved to Hawai'i. For the past four years, she's been an enthusiastic and inspirational teacher of students in grades kindergarten through six at Voyager Public Charter School. She is passionate about providing opportunities for her students to learn through design thinking and the natural environment. She is a lifelong learner herself and thrives on new learning opportunities, routinely developing her knowledge and skill sets through numerous cohort and fellowship programs.

"Voyager has provided the perfect environment for Wrayna Fairchild's expansive vision and teaching talents. Her Presidential Award is well-deserved. Senator Rhoads has our next presentation."

Senator Rhoads rose to present the following remarks:

"A second Presidential Award was announced for a Hawai'i teacher this year; it went to Crystal Doi. At the time of her nomination for the award, Crystal was teaching at Nu'uuanu Elementary School, where she founded and ran the school's STEM curriculum for all grades, kindergarten through grade five. Now at Kapunahala, Crystal teaches grade-six math and science, and I'm sure she is a welcome addition to students and fellow teachers with her singular focus on STEM education.

"By the way, it's not all math and science for Crystal. While at Nu'uuanu Elementary, she also served as the teacher coordinator for the school's gardening and nutrition program, "ĀINA in Schools," which was founded by renowned Hawai'i musician Jack Johnson. Thank you, Crystal, for sharing your talents to the betterment of our schools and communities. I yield the floor to Senator Kidani."

Senator Kidani rose and stated:

"Thank you, Mr. President. Thank you, colleagues, for your participation in our Education Week presentations. The wealth of talent and dedication to Hawai'i's future that we share this week are truly remarkable. We will hear more during tomorrow's session. Mahalo."

At this time, Senator Kidani rose to present the following remarks:

"Thank you, Mr. President, and mahalo for your commitment to this annual recognition of excellence in our schools. Today, we will tell you about some students who have distinguished themselves during the year. They are just a few of the several thousands of young people who each day go above and beyond during the year to accomplish remarkable things.

"You may recall that Prudential Financial has been a regular supporter of young people who create and carry out meaningful community service projects that really do help others. Here is Senator Moriwaki to highlight one young woman."

Senator Moriwaki rose to present the following remarks:

"As Senator Kidani mentioned, Prudential Financial has in the past presented the Spirit of Community Awards. This year, they partnered with Ashoka, a leading social impact organization, to establish the inaugural class of Emerging Visionaries. The newly established award recognized just 25 extraordinary young people from across the United States who are dedicated to improving the lives of others and dealing with challenges in their communities.

"Esther Chan, a student at Punahou School, is one of the 25. Esther is deeply committed to philanthropy and community. Her focus area tackled the topic of Societal Solutions for a Changing World, resulting in the creation of the Cyber Safe Seniors initiative she designed to help kūpuna protect themselves from cybercrime. She established a nine-episode cybersecurity course, CyberSafety 101, and made it available on her website and YouTube. She also partnered with local nonprofits AARP Hawaii, the Lanakila Senior Center, and local senior care homes throughout the state to offer the course as well as more than 40 other digital resources in the community. Through her initiative, Esther aimed to educate older adults about cybersecurity threats such as phishing, malware, and viruses in an effort to fight cybercrime, and encourage seniors to live a healthy digital lifestyle. She has continued exploring digital solutions by co-founding a coding club at Punahou, where members can help her with projects such as Cyber Safe Seniors.

"We applaud Esther's initiatives and wish her well as she pursues her education goals. Our next presenter is Senator Nishihara."

Senator Nishihara rose to present the following remarks:

"Hawaii's LifeSmarts program gives students a real-life experience in personal finance, health and safety, the environment, and technology, along with consumer rights and responsibilities. The LifeSmarts program was created by the National Consumers League and is sponsored in Hawaii by the state Department of Commerce and Consumer Affairs in partnership with the Hawaii Credit Union League. LifeSmarts is a free educational program that prepares students to enter the real world as smart consumers by teaching them the skills they need to succeed in a modern global marketplace.

"Three teams from two O'ahu schools emerged as winners in this year's 18th annual statewide competition. I am so pleased to note that first- and second-place honors went to teams from Waipahu High School.

"The first-place finishers in Waipahu Team #3 were Ross Cadelina, Estefany Bayudan, Isabella Delos Santos, and Keziah Ancheta. The team will represent Hawaii at the National LifeSmarts competition in Washington, D.C.

"In second place, Waipahu Team #1 included Vianne Jazmine Acdal, Serenity Kalai, Colby Macapagal, and Hunter Von Tungeln.

"Both of these outstanding teams are coached by Cindy Takara, who has done a remarkable job in a variety of student activities for many years at Waipahu High School. Most of the competitors are pictured in the Education Week program booklet. We offer our congratulations to everyone who contributed to the success these young people have enjoyed. Senator Chang has more about LifeSmarts. Thank you."

Senator Chang rose to present the following remarks:

"I join Senator Nishihara in congratulating the top teams in the LifeSmarts program, and I am so pleased to note that third place went to a team from Kalani High School. Team members include Caity Achay, Elena Terebenkov, Allison Vuong, Brandon Tran, and Phuong Huynh. To them and their coach Mike Zane, our best wishes and congratulations. We are also grateful to DCCA and the Credit Union League for all of the hard work that goes into organizing and staging this kind of competitive program. I turn now to Senator Fevella."

Senator Fevella rose to present the following remarks:

"The American School Counselor Association recognizes counseling professionals in elementary, middle, and high schools throughout the United States for their devotion to the academic and career success of their students as well as their social and emotional wellbeing. Honorees are selected on the basis of extensive criteria including the development of creative counseling innovations, leadership skills, and contributions to academic improvement. Two Hawai'i school counselors are award winners this year.

"Nicole Blomberg is a counselor at Pohakea Elementary School (of course, that's in my district—congratulations). She was nominated for the prestigious ASCA award for her outstanding ability to connect with her students and families as well as the impact her innovative ideas have had on the school community. One of Nicole's proudest campus contributions is the development of the Check and Connect program, an intervention discipline that assigns students to a trusted on-campus adult mentor. The connection between mentors and students has helped not only improve school attendance but also to help students feel safe and meet reachable, monthly goals.

"Last month, Nicole attended the 2022 School Counselor of the Year ceremony in Washington, D.C., where she and other committed school counselors were celebrated. Congratulations, Nicole Blomberg, for this well-deserved honor. I yield the floor to Senator Dela Cruz."

Senator Dela Cruz rose to present the following remarks:

"Brittnie Caraulia from Helemano Elementary School is the Association's Hawai'i chapter Counselor of the Year. Brittnie considers the greatest reward of her work to be making a positive impact on the lives of her students while working alongside the amazing team of educators at Helemano, who are equally driven to help their students succeed. Brittnie created a school counseling handbook to provide helpful resources to guide students through a multi-tiered system of support. Her total-school community approach to student wellbeing has earned high praise and commitments of support from her colleagues at Helemano. Our congratulations to Brittnie Caraulia along with a sincere mahalo for all that you do. I now yield the floor to Senator Kidani."

Senator Kidani rose and stated:

"Thank you, Mr. President. Thank you, colleagues. As the saying goes, 'it takes a village' to grow Hawai'i's future. We have been introduced to many 'villagers' this week, including

our visitors who were here earlier: our teachers from Maui. We will have more tomorrow as our Education Week program concludes. Mahalo to all our awardees from today. Congratulations."

“Mahalo, colleagues. We are recognizing educators this week for their accomplishments that demonstrate outstanding dedication to their chosen profession. We all benefit from their commitment and are grateful for the opportunity to share their stories. Beginning our presentations today on the last day of this week, Education Week, I call on Senator DeCoite.”

Senator DeCoite rose to present the following remarks:

“Each year, the *School Library Journal* and Scholastic celebrate extraordinary K–12 library professionals with their School Librarian of the Year award. Honorees are distinguished by their accomplishments and use of technology to engage students in a wide range of literacies. Librarian of the Year for Hawai’i is Diane Mokuau from Moloka’i High School. I should note, Mr. President, that this award was announced a year ago, but it was too late for us to include Diane in the Education Week honors in 2021. I should also note that this is truly a big deal: Diane is one of only two librarians selected for this honor nationwide.
