
A BILL FOR AN ACT

RELATING TO CRIMINAL PROPERTY DAMAGE TO AGRICULTURAL AND
AQUACULTURAL PROPERTY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. Results from a 2005 statewide survey of farmers
2 and ranchers conducted by the Hawaii department of agriculture,
3 the U.S. Department of Agriculture, and the Hawaii Farm Bureau
4 Federation provide a detailed accounting of the economic impact
5 of agricultural theft and vandalism on the agriculture industry.
6 Losses attributed to an estimated one thousand one hundred
7 fifty-three acts of vandalism amounted to \$2.02 million, with an
8 average loss of \$1,751 per incident. Ranchers were particularly
9 affected, suffering \$4,902 in loss or injury to livestock per
10 incident while crop farmers lost \$3,901 per incident. Farmers
11 and ranchers that suffered vandalism to their machinery and
12 equipment lost \$2,751 per incident. Almost sixty per cent of
13 the economic loss was suffered by Maui farmers and ranchers
14 (57.5 per cent), followed by Oahu (28.1 per cent), Hawaii (9.6
15 per cent), and Kauai (4.9 per cent).

16 Total theft of farm commodities, materials, equipment, and
17 other property was found to be \$1.95 million. Agricultural

1 theft is often committed using tools such as chain saws, axes,
2 machetes, and large pruning shears that provide a means of
3 quickly "harvesting" agricultural products and leaving the scene
4 as fast as possible. This method frequently results in the
5 death of the tree, bush, or other plant. The thief has
6 effectively deprived the farmer of not only the produce on the
7 plant at the time of the theft, but also subsequent produce for
8 that season and succeeding years over the expected life of the
9 plant. The farmer has also been robbed of the investment made
10 to get the plant to the point of production.

11 During the survey period, there were one hundred sixty-nine
12 incidents where agricultural machinery and equipment were
13 damaged to the extent that they were rendered inoperable or
14 where vehicles were used for "joy rides" in the fields, causing
15 damage to planted crops as well as the soil and the vehicle.

16 The purpose of this Act is to strengthen the laws of the
17 State to recognize the actual loss of agricultural and
18 aquacultural property suffered by farmers and ranchers from such
19 criminal actions and to impose appropriate penalties.

20 SECTION 2. Section 708-800, Hawaii Revised Statutes, is
21 amended as follows:

1 1. By adding a new definition to be appropriately inserted
2 and to read:

3 "Aquacultural equipment, supplies, or products" means any
4 equipment, supplies, products, or commodities used, raised,
5 grown, or maintained for the production of fish, shellfish,
6 mollusk, crustacean, algae, or other aquatic plant or animal by
7 an aquaculture enterprise or research agency while owned by the
8 enterprise or agency."

9 2. By deleting the definition of "aquaculture product".
