
A BILL FOR AN ACT

MAKING AN APPROPRIATION FOR MOLOKAI GENERAL HOSPITAL.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. Molokai General Hospital is the only hospital
2 on the island of Molokai and serves a population of
3 approximately seven thousand residents. The hospital is a
4 thirty-bed facility with fourteen acute care and sixteen long-
5 term care beds. It provides twenty-four-hour emergency care,
6 urgent care, acute medical and pediatric inpatient care, low
7 risk midwifery care, radiology services, ultrasound services,
8 laboratory services, respiratory therapy, and physical therapy.

9 Although Molokai General Hospital is not a state hospital,
10 it receives a monthly subsidy from the State as a community
11 hospital. Molokai General Hospital receives most of its
12 financial and management support as a subsidiary of Queen's
13 Health Systems. However, because the Queen's Health Systems
14 have had financial challenges due to rising behavioral health
15 costs and special call pay for its trauma center, Molokai
16 General Hospital's financial support has been severely affected.
17 Thus, Molokai General Hospital must rely on increased financial
18 support from the State, the county of Maui, and federal grants.

1 The purpose of this Act is to provide financial support to
2 Molokai General Hospital for its operating costs.

3 SECTION 2. There is appropriated out of the general
4 revenues of the State of Hawaii the sum of \$1, or so much
5 thereof as may be necessary for fiscal year 2006-2007, for the
6 operating costs of Molokai General Hospital.

7 SECTION 3. The sum appropriated shall be expended by the
8 department of health for the purposes of this Act.

9 SECTION 4. This Act shall take effect on July 1, 2006.
