
HOUSE RESOLUTION

REQUESTING THE GOVERNOR, THE COUNTY MAYORS AND COUNTY COUNCILS,
WITH THE ASSISTANCE OF THE TAX REVIEW COMMISSION, THE CITY
AND COUNTY OF HONOLULU'S TAX POLICY COMMITTEE AND
COMPARABLE COMMITTEES OF KAUAI, MAUI, AND HAWAII COUNTIES
TO REVIEW THE STATE AND COUNTIES' TAX AND REVENUE SYSTEM.

1 WHEREAS, real property values and real property taxes have
2 skyrocketed in the City and County of Honolulu and in Kauai,
3 Maui, and Hawaii counties as well; and
4

5 WHEREAS, these skyrocketing increases in property values
6 and property taxes have been "too much and too fast" for most
7 people; and
8

9 WHEREAS, the people of Hawaii are hurting and homeowners
10 and renters, particularly those on fixed low incomes, the
11 elderly, the disabled, and the poor, are the most vulnerable to
12 losing their homes in an already tight housing and rental
13 market; and
14

15 WHEREAS, Hawaii has one of, if not the lowest, homeowner
16 occupancy rates in the nation, and approximately forty-eight per
17 cent of residents are renters; and
18

19 WHEREAS, homeowners and renters have no control and
20 defenses against rising property values, which are fueled by
21 out-of-state and global economic forces; and
22

23 WHEREAS, real property taxes are the primary source of
24 revenues for the counties; and
25

26 WHEREAS, the counties are faced with ever increasing
27 administrative costs of public services for residents and large
28 daily populations of visitors and military personnel; and
29

30 WHEREAS, the present administration of real property taxes
31 imposes an unfair burden upon homeowners and renters and, in
32 many cases, upon those who can least afford it; and

1
2 WHEREAS, it is impossible to achieve a fair and equitable
3 tax revenue base for the counties to provide essential public
4 services if the base is limited to the real property tax; and

5
6 WHEREAS, the counties have sought and continue to seek more
7 sources of revenues from the State, including the recently
8 passed general excise tax surcharge, the transient
9 accommodations tax, and state grants and appropriations; and

10
11 WHEREAS, the counties' and the State's funding problems are
12 exacerbated by recent federal budgetary cutbacks in domestic
13 programs; and

14
15 WHEREAS, federal and state income tax policies can have
16 both positive and negative impacts upon the State's and the
17 counties' funding resources, the economy, housing options,
18 social safety net programs, the environment, energy, education,
19 and the people; and

20
21 WHEREAS, federal, state, and county tax policies in recent
22 years have shifted a greater portion of the tax and revenue
23 burden onto the lower and middle income classes and reduced the
24 tax and revenue burden away from the higher income classes,
25 corporations and big business, and special interest groups; and

26
27 WHEREAS, federal, state, and county tax policies have
28 worked independently of each other without regard to the
29 cumulative impact and burden upon taxpayers and the people, and
30 at times have been inconsistent, counter-productive, and based
31 on invalid economic assumptions and projections; and

32
33 WHEREAS, as recently demonstrated by the dispute between
34 the State and City and County of Honolulu over the collection
35 and distribution of the general excise surcharge, better
36 cooperation and coordination could make the tax collection less
37 costly and more efficient; and

38
39 WHEREAS, state law established and authorized the State Tax
40 Review Commission to conduct a systematic review of the State's
41 tax structure using such standards as equity and efficiency; and

42
43 WHEREAS, the Mayor of the City and County of Honolulu has
44 recently formed a Tax Policy Committee as a response to

1 residents' opposition to the skyrocketing real property values
 2 and taxes and the City Council of the City and County of
 3 Honolulu has passed tax relief measures, which many believe
 4 would provide insufficient tax relief; and

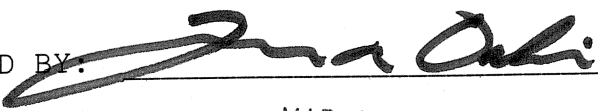

5
 6 WHEREAS, many believe that a "holistic" review, study, and
 7 restructuring of the State's and the counties' tax and revenue
 8 generating systems must be done to achieve a fair and equitable
 9 system for the State, the counties, and the people; now,
 10 therefore,

11
 12 BE IT RESOLVED by the House of Representatives of the
 13 Twenty-third Legislature of the State of Hawaii, Regular Session
 14 of 2006, that the Governor, the county Mayors and county
 15 councils with the assistance of the State Tax Review Commission,
 16 the City and County of Honolulu's Tax Policy Committee and
 17 comparable committees of Kauai, Maui, and Hawaii counties, are
 18 requested to jointly review, study, and recommend, with public
 19 input and participation from all taxpayers, on how the State's
 20 and counties' tax and revenue systems may be restructured and
 21 realigned to achieve a fair and equitable tax and revenue system
 22 for the State and the counties; and

23
 24 BE IT FURTHER RESOLVED that the State Tax Review Commission
 25 and the City and County of Honolulu's Tax Policy Committee and
 26 comparable committees of Kauai, Maui, and Hawaii counties are
 27 requested to report their findings and recommendations to the
 28 Legislature not later than twenty days prior to the convening of
 29 the Regular Session of 2007; and

30
 31 BE IT FURTHER RESOLVED that certified copies of this
 32 Resolution be transmitted to Governor, the Mayors and
 33 Chairpersons of the county councils of Honolulu, Kauai, Maui,
 34 and Hawaii counties, the Chairperson of the State Tax Review
 35 Commission, the Chairperson of the City and County of Honolulu's
 36 Tax Policy Committee, and the Chairpersons of comparable tax
 37 policy committees of Kauai, Maui, and Hawaii counties.
