16 pilot program in cooperation with emergency medical services,
17 the fire departments, Hawaii health systems corporation, and
18 community clinics to provide additional urgent care services in

2 Hawaii.

3 (b) The program shall:

5 and other alternatives for service delivery;

6 (2) Establish availability of workforce staff;

7 (3) Recommend any appropriate legislation to further
8 effectuate the program;

12 (c) The department of health shall report to the
13 legislature at least twenty days prior to the 2007 Regular
14 Session regarding the progress of the pilot program.

15 SECTION 3. There is appropriated out of the general
16 revenues of the State of Hawaii the sum of \$, or so
17 much thereof as may be necessary for fiscal year 2006-2007 for
18 planning and equipment necessary for a pilot program to provide
19 additional urgent care services in the Ocean View and Volcano
20 communities on the island of Hawaii.
