JUSTIFICATION SHEET

DEPARTMENT: Agriculture

TITLE: A BILL FOR AN ACT RELATING TO DEPARTMENT OF AGRICULTURE LOANS.

PURPOSE: The purpose of this bill is to increase from \$25,000 to \$75,000 the chairperson's authority to approve agricultural loans and aquacultural loans.

MEANS: Amend sections 155-4 and 219-5(b), Hawaii Revised Statutes.

JUSTIFICATION: Section 155-4 delegates authority to the chairperson to approve loans where the requested amounts plus any principal balance on existing loans to the applicant do not exceed \$25,000 of state funds.

Section 219-5(b) allows the chairperson to approve loans where the requested amounts plus any principal balance on existing loans to the applicant do not exceed \$25,000 of state funds.

This bill will increase the authority for the chairperson to approve agricultural and aquacultural loans up to \$75,000. This will allow the Hawaii Department of Agriculture to approve more loans in a shorter period while creating additional time for the Board of Agriculture (BOA) to examine the larger loan applications in greater detail. This amendment will also positively impact the larger loan applicants in that the time normally spent in preparing the \$25,000-\$75,000 loan applications for the BOA can now be spent in processing the larger applications, thus reducing the overall length of time before a decision is rendered and loan proceeds are disbursed.

Impact on the public: The faster loan approvals will assist the agriculture and aquaculture industries by making needed

funds available so that plans for growth and expansion can be implemented. The expedited approval process will be especially important in the event of an emergency when funds are needed for farmers to quickly recover so they can begin again to provide the food and other agricultural products necessary for the economy. These industries make available fresh locally grown produce and seafood to the general public. They also diversify the State's economy as well as provide employment opportunities, bring in revenue from outside the State, and spend capital in the local economy.

Impact on the department and other agencies:
The faster loan response time may increase the demand for agricultural and aquacultural loans provided by the department.

No impact is anticipated for other agencies.

GENERAL FUND: None required.

OTHER FUNDS: None required.

PPBS PROGRAM
DESIGNATION: AGR-101, AGR-102.

OTHER AFFECTED
