JUSTIFICATION SHEET

DEPARTMENT: Attorney General

TITLE: A BILL FOR AN ACT MAKING EMERGENCY  
APPROPRIATIONS FOR THE DEPARTMENT OF THE  
ATTORNEY GENERAL.

PURPOSE: The purposes of this Act are to make an  
appropriation out of the general revenues of  
the State of Hawaii to be deposited into the  
DNA registry special fund, to make an  
appropriation out of the DNA registry  
special fund to pay for costs associated  
with the implementation of Act 112, Session  
Laws of Hawaii 2005, and to make an  
appropriation out of the general revenues of  
the State of Hawaii to pay for costs  
associated with the implementation of Act  
133, Session Laws of Hawaii 2005.

MEANS: Emergency appropriations in accordance with  
section 9 of article VII of the Constitution  
of the State of Hawaii.

JUSTIFICATION: Act 112 provides that any person, except for  
any juvenile, who is convicted of, or pleads  
guilty or no contest to, any felony offense,  
even if the plea is deferred, or is found  
not guilty by reason of insanity of any  
felony offense, shall provide buccal swab  
samples; and provides for the analysis of  
the samples collected. Act 112 requires  
that testing shall begin immediately for all  
persons who have been convicted of murder in  
any degree or any felony offense defined in  
chapter 846E, Hawaii Revised Statutes, and  
for other persons thirty days after  
statewide publication of notice, which may  
be provided in stages, by the Attorney  
General. Act 112 provides no funding for  
these purposes. Act 133 provides that the  
Department of the Attorney General may  
administer programs for the prevention of  
sexual violence and the protection and  
treatment of victims of sexual violence.

Act 133 provides no funding for this purpose.

These emergency appropriations are necessary to implement Act 112 and Act 133. Included in these emergency appropriations are the sum of \$186,620 for the purchase of buccal swab collection kits and for mailing costs; the sum of \$191,500 for costs related to collecting buccal swab samples; the sum of \$836,247 for costs related to analyzing the samples collected, and the sum of \$1,076,217 for programs for the prevention of sexual violence and the protection and treatment of victims of sexual violence.

The general fund recommendation included in this measure has been made in accordance with the statutorily defined appropriation ceiling for the Executive Branch pursuant to section 37-92, Hawaii Revised Statutes. Including appropriations made up to and including the regular and special sessions of 2005, the Executive Branch appropriation ceiling for fiscal year 2005-2006 has already been exceeded by \$165,665,981 or 3.83 percent. Funding requested in this measure is to carryout the purposes of Act 112, and will result in the appropriation ceiling for the Executive Branch to now be exceeded in fiscal year 2005-2006 by \$2,290,584 or 0.053 percent. This current declaration takes into account additional general fund appropriations authorized for fiscal year 2005-2006 in this measure only, and does not include other general fund appropriations for fiscal year 2005-2006 that may be authorized for the Executive Branch in other legislation submitted to the Legislature during the regular session of 2006.

Impact on the public: The impact will be positive. Traditionally, DNA analysis has been used in cases where a suspect has already been identified, as additional evidence to link the suspect to the crime.

States that develop DNA data banks can use DNA technology not only to establish the guilt of a known suspect, but also to establish innocence and to solve crimes that cannot be solved by other means.

Impact on the department and other agencies:  
This appropriation will enable the department and other agencies to implement the provisions of Act 112 and Act 133.

GENERAL FUND: \$1,214,367 to be deposited into the DNA registry special fund and \$1,076,217 to be expended for programs related to sexual violence.

OTHER FUNDS: \$1,214,367 from the DNA registry special fund.

PPBS PROGRAM DESIGNATION: None.

OTHER AFFECTED AGENCIES: Judiciary, Department of Health, Department of Public Safety, Hawaii Paroling Authority, county police departments, and county prosecutors.

EFFECTIVE DATE: Upon approval.
