JUSTIFICATION SHEET

DEPARTMENT: Attorney General

TITLE: A BILL FOR AN ACT RELATING TO EXPUNGEMENTS.

PURPOSE: To require the deletion of digitized arrest records, rather than the return of hard copy materials, if applicable, to clarify the definition of "crime" as it relates to expungeable offenses and to limit expungements to only applicants that have no convictions on their criminal record.

MEANS: Amend section 831-3.2(a) and (f), Hawaii Revised Statutes.

JUSTIFICATION: Section 831-3.2, as it reads currently, allows for the return of photographs and fingerprints related to an expunged arrest. Technological advances in recent years have resulted in arrest agencies being able to digitally photograph and fingerprint offenders, and store the images and associated paperwork electronically, making the return of arrest records impossible. This bill addresses this dilemma by amending section 831-3.2 to allow for the deletion, rather than return, of digitized photographs and fingerprints.

This bill attempts to clarify the term "crime" as it relates to expungements. Requests to expunge arrests classified as violations that have resulted in convictions have been submitted because it is believed that a violation is not a "crime." The purpose of section 831-3.2 is for the expungement of arrest records where such arrests do not lead to convictions. Adding a definition of the term "crime" to include all grades and classes of offenses, including violations, will clarify that violations that result in convictions are not expungeable.

In addition, the language of section 831-3.2 allows a person to apply for an expungement no matter how many convictions may appear on that person's criminal record. By limiting expungements to only applicants that have no convictions on their criminal record, the language will reflect the original intent of the expungement statute which was to allow first-time offenders to clear their record and give them a second chance.

Impact on the Public: This should have a minimum impact on the public as non-convictions are not public record, and the number of persons who apply for expungements who would no longer be eligible is a very small percentage of the population.

Impact on the department and other agencies: This bill should positively affect agencies that hold arrest records as it clarifies terminology and limits who can get their arrest records expunged.
