JUSTIFICATION SHEET

DEPARTMENT: Attorney General

TITLE: A BILL FOR AN ACT RELATING TO TIME LIMITATIONS.

PURPOSE: To add crimes that include deception as an element of those crimes where the date of discovery is used to calculate the time limitation within which the crime must be charged.

MEANS: Amend section 701-108, Hawaii Revised Statutes.

JUSTIFICATION: Section 701-108, Hawaii Revised Statutes, currently permits crimes that include fraud as an element to be charged a given number of years following the discovery of the crime, rather than following the commission of the crime. The logic is that crimes involving fraud are often not discovered until the statute of limitations has expired. The same logic is applicable to crimes involving deception. Thefts by deception are frequently so clever that the victims do not realize that they have been victimized until the statute of limitations has expired. Therefore, it is reasonable to allow the period that determines the statute of limitations to commence the day the crime has been discovered.

Impact on the public: This bill will be beneficial to the public interest because it will allow victims of deceptive thefts the benefit of justice that is currently denied to them in cases where they do not discover that they have been victimized until after the statute of limitations has already expired.

Impact on the department and other agencies: This bill will help the department and other agencies to prosecute deceptive thefts that

are currently impossible to prosecute because the crime is not discovered until after the statute of limitations has already expired.

GENERAL FUND: None.

OTHER FUNDS: None.

PPBS PROGRAM
DESIGNATION: None.

OTHER AFFECTED
AGENCIES: County police, county prosecutors, and the Office of the Public Defender.

EFFECTIVE DATE: Upon approval.
