
A BILL FOR AN ACT

MAKING AN APPROPRIATION FOR THE UNIVERSITY OF HAWAII.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. Over the past several years, a significant
2 number of new renovated buildings were added to at the physical
3 plant inventory at the University of Hawaii at Manoa. This
4 along with the dramatic rise in oil prices, has resulted in a
5 dramatic increase in the cost of electricity. Additional
6 appropriations were not provided and the campus was forced to
7 reallocate resources from a severely constrained budget to
8 provide for the additional costs associated with the increased
9 demand for electricity. The campus allocated more than
10 \$2,100,000 each year to address the budget shortfalls through
11 assessments made against program operating budgets. This Act
12 will provide the funding needed to restore the University's
13 physical plant inventory. With this additional funding, the
14 University of Hawaii at Manoa will meet its planning objectives
15 and restore funding assessments imposed on instruction,
16 research, and student services programs.

17 SECTION 2. There is appropriated out of the general
18 revenues of the State of Hawaii the sum of \$5,408,017, or so
