A BILL FOR AN ACT

RELATING TO EDUCATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. Research indicates that teacher quality is one
2 of the most influential factors in student achievement.
3 Standards-based reform has a greater chance of success when
4 teacher quality is addressed. In an effort to provide quality
5 education for its students, the department of education
6 continues to recruit highly qualified teachers from within the
7 State of Hawaii and on the continental United States. As more
8 "baby-boom" teachers in Hawaii and across the nation retire, the
9 task of recruiting highly qualified teachers is becoming more
10 challenging each year. Consequently, finding sufficient numbers
11 of highly qualified teachers for shortage areas is becoming more
12 difficult, and teacher shortages are expected to grow as more
13 "baby-boom" teachers retire through the remainder of the decade.

14 SECTION 2. Beginning July 1, 2006, the department of
15 education may employ retired teachers from the Hawaii department
16 of education up to one hundred per cent full-time equivalency to
17 teach in teacher shortage areas identified by the department of
18 education and to serve as mentors for new classroom teachers,

S.B. NO. 2705

1 with the prior approval of the superintendent of education and
 2 pursuant to collective bargaining agreements. The provisions of
 3 sections 88-21, 88-42.5, 88-43, 88-45, and 88-46, Hawaii Revised
 4 Statutes, and any other statute to the contrary notwithstanding,
 5 retired teachers from the Hawaii department of education who are
 6 hired under this section shall not earn retirement service
 7 credit, contribute to the retirement system, or gain additional
 8 retirement system benefits as a result of their employment;
 9 provided that the retired teachers shall continue to receive
 10 entitled normal retirement benefits without penalty. To qualify
 11 for full-time employment, the retired teacher shall be retired
 12 for at least one calendar year prior to reemployment. A retired
 13 teacher may qualify for mentoring of new teachers immediately
 14 upon retirement.

15 SECTION 3. This Act shall take effect on July 1, 2006, and
 16 shall be repealed on July 1, 2011.
