SENATE CONCURRENT RESOLUTION

REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO
DETERMINE THE FEASIBILITY OF CONTRACTING WITH A PRIVATE
NONPROFIT CORPORATION TO MANAGE THE ALA WAI SMALL BOAT
HARBOR.

1 WHEREAS, the Division of Boating and Ocean Recreation of
2 the Department of Land and Natural Resources manages Hawaii's
3 ocean recreation and coastal programs, including small boat
4 harbors and boating facilities, pursuant to chapter 200, Hawaii
5 Revised Statutes; and

6
7 WHEREAS, the small boat harbors provide important
8 recreational and commercial opportunities for those engaging in
9 boating, fishing, and other ocean activities; and

10
11 WHEREAS, the Boating Division has inadequately managed the
12 small boat harbors, as cited in the Auditor's reports of 1993,
13 1998, and 2001; and

14
15 WHEREAS, this mismanagement continues till today as
16 evidenced by the recent departure of senior managers from the
17 Boating Division and a lawsuit brought against the Department by
18 a Boating Division employee; and

19
20 WHEREAS, due to this mismanagement, Hawaii's boating
21 facilities have deteriorated to the point where the public's
22 safety is threatened, significant revenues are lost, and ocean
23 recreational opportunities are diminished; and

24
25 WHEREAS, the Ala Wai small boat harbor is just one example
26 of inefficient management in the Boating Division; and

27
28 WHEREAS, the Ala Wai small boat harbor has deteriorated to
29 the point that seventeen per cent of the mooring slips are out
30 of service and another twenty-three per cent are in such bad
31 condition that they should be closed, leaving only sixty per

1 cent of the slips in working condition which detrimentally
2 impacts revenues; and

3
4 WHEREAS, the Auditor's Report No. 01-09, cited an
5 insufficient fee structure for boating facilities with the
6 State's highest mooring rate (of \$4.10 per foot of vessel at the
7 Ala Wai) is less than half the \$9 charged at Ko Olina, a private
8 boating facility; and

9
10 WHEREAS, the state land near the Ala Wai small boat harbor
11 is one of the most valuable in the Department's inventory and is
12 used for more than seven hundred fifty parking spaces that are
13 free to the general public, hotel workers, condominium tenants,
14 and construction workers while providing no income for the
15 maintenance of the Ala Wai boat harbor; and

16
17 WHEREAS, the lack of security is another public safety
18 issue at the Ala Wai small boat harbor with theft, drinking,
19 drug use, fights, and even murder taking place on the premises;
20 and

21
22 WHEREAS, the Hawaii Yacht Club, with over eight hundred
23 members, and the Waikiki Yacht Club, with over seven hundred
24 members, currently lease fast and submerged lands at the Ala Wai
25 from the Department and manage and operate successful boating
26 facilities; and

27
28 WHEREAS, the leases serve as good models that establish
29 performance standards and progressive benchmarks as achievement
30 targets; and

31
32 WHEREAS, these boating clubs have conceptually proposed a
33 public/private partnership that would have a community-directed
34 nonprofit corporation operate the entire Ala Wai small boat
35 harbor through a similar lease with the Department; now,
36 therefore,

37
