# SENATE CONCURRENT RESOLUTION

URGING CONGRESS AND THE FEDERAL COMMUNICATIONS COMMISSION TO  
ADDRESS PUBLIC INTERESTS AND COMMUNITY NEEDS FOR LOCAL  
MEDIA, INCLUDING NEWS, ACCESS, AND OWNERSHIP.

1           WHEREAS, the United States must enforce the rights  
2 contained in the First Amendment of the United States  
3 Constitution, which guarantees that American citizens have the  
4 right to freedom of speech and press and to assemble peacefully;  
5 and

6  
7           WHEREAS, the existence of independent and local media  
8 ensures that diverse programming, voices, and ideas that are  
9 relevant and meaningful to the local community are given ample  
10 opportunity to be aired; and

11  
12           WHEREAS, federal, state, and local policymakers must do  
13 their part to ensure a place for local and diverse media that  
14 serves the public's interests; and

15  
16           WHEREAS, state and local governments in communities across  
17 America must have meaningful and well-defined roles to  
18 adequately protect media consumers and to effectively advocate  
19 for local needs and interests; and

20  
21           WHEREAS, presently, major technological changes are  
22 blurring the lines between broadcast radio and television,  
23 cable, telephone, satellite services, and broadband Internet as  
24 these technologies converge; and

25  
26           WHEREAS, as technology advances, old regulatory regimes  
27 need to be replaced with new regulatory schemes to ensure a  
28 level telecommunications playing field so that everyone can be  
29 heard and can gain access to information; and

30  
31           WHEREAS, currently, the State regulates cable television,  
32 but not cable modem services on which high speed broadband  
33 internet programming can be viewed; thus, it is possible that a

1 new regulatory scheme can preempt state and local governments  
2 from overseeing cable services; and

3  
4 WHEREAS, moreover, media mergers are affecting Hawaii's  
5 local programming and news coverage, which results in a  
6 reduction of local news staff, news competition, and the quality  
7 and thoroughness of the news; and

8  
9 WHEREAS, Hawaii's needs regarding telecommunications are in  
10 part determined by its geographical location, relative  
11 isolation, mixture of high density urban and under-served rural  
12 populations, and unique ethnic and cultural diversity; and

13  
14 WHEREAS, Congress and the FCC need to address Hawaii's  
15 unique telecommunications needs, and to ensure that all  
16 residents will have equal access to new media technology; now,  
17 therefore,

18  
19 BE IT RESOLVED by the Senate of the Twenty-third  
20 Legislature of the State of Hawaii, Regular Session of 2006, the  
21 House of Representatives concurring, that Congress and the FCC  
22 are urged to ensure media localism for Hawaii's broadband  
23 digital future; and

24  
25 BE IT FURTHER RESOLVED that the FCC is requested to  
26 convene, in 2006, a public meeting in Hawaii to consider the  
27 role of local, state, and federal jurisdictions that ensure  
28 media localism for broadcast, cable, print, and satellite media,  
29 including future local news and information applications via  
30 broadband telecommunications; and

31  
32 BE IT FURTHER RESOLVED that certified copies of this  
33 Concurrent Resolution be transmitted to the members of Hawaii's  
34 Congressional delegation, Chairperson of the Federal  
35 Communications Commission, the Governor, Mayors of Hawaii's  
36 counties, and their respective City Council members.
