

STAND. COM. REP. NO.

2292

Honolulu, Hawaii

, 2006

FEB 17

RE: S.B. No. 2051

Honorable Robert Bunda
President of the Senate
Twenty-Third State Legislature
Regular Session of 2006
State of Hawaii

Sir:

Your Committee on Transportation and Government Operations,
to which was referred S.B. No. 2051 entitled:

"A BILL FOR AN ACT RELATING TO COMMERCIAL DRIVER LICENSING,"

begs leave to report as follows:

The purpose of this measure is to clarify the regulation of a
hazardous materials endorsement for purposes of commercial
driver's licensing applications and renewals.

Your Committee received testimony in support of this measure
from the Department of Transportation, the City and County of
Honolulu, and Hawaii Transportation Association.

Your Committee finds that this measure amends existing law to
adjust the renewal period of a commercial driver's license with a
hazardous materials endorsement. Federal regulations require the
renewal of a hazardous materials endorsement every five years or
less so that individuals are subject to a Transportation Security
Administration security screening requirement at least every five
years.

As affirmed by the record of votes of the members of your
Committee on Transportation and Government Operations that is
attached to this report, your Committee is in accord with the
intent and purpose of S.B. No. 2051 and recommends that it pass
Second Reading and be referred to the Committee on Commerce,
Consumer Protection, and Housing.

Respectfully submitted on
behalf of the members of the
Committee on Transportation and
Government Operations,

LORRAINE R. INOUE, Chair
