RE: S.B. No. 2484

Honorable Robert Bunda  
President of the Senate  
Twenty-Third State Legislature  
Regular Session of 2006  
State of Hawaii

Sir:

Your Committees on Water, Land, and Agriculture and Energy, Environment, and International Affairs, to which was referred S.B. No. 2484 entitled:

"A BILL FOR AN ACT MAKING AN APPROPRIATION FOR VOG MONITORING STATIONS,"

beg leave to report as follows:

The purpose of this measure is to make an appropriation for vog monitoring stations on the island of Hawaii.

Testimony in support of this measure was submitted by the Department of Health, Hawaii Invasive Species Management and Education Corporation, Pahoehoe Family Health Center, and four individuals.

Your Committees find that the Clean Air Branch of the Department of Health currently has three vog monitoring stations that measure sulfur dioxide in Hilo, Puna, and Kona. In addition, the Hawaii Volcanoes National Park has two monitoring stations. However, these monitoring stations do not measure vog levels in other parts of the Puna district where thousands of residents are affected by significant amounts of vog emissions. This measure makes an appropriation to the Department of Health for two additional vog-monitoring stations in Mountain View and Pahala.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Energy, Environment, and International Affairs that are attached to this report, your Committees are in accord with the intent and purpose

2006-1333 SSCR SMA.doc

of S.B. No. 2484 and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Respectfully submitted on behalf of the members of the Committees on Water, Land, and Agriculture and Energy, Environment, and International Affairs,
