RE: S.B. No. 333
S.D. 2

Honorable Robert Bunda
President of the Senate
Twenty-Third State Legislature
Regular Session of 2006
State of Hawaii

Sir:

Your Committee on Ways and Means, to which was referred S.B. No. 333, S.D. 1, entitled:

"A BILL FOR AN ACT RELATING TO TECHNOLOGY,"

begs leave to report as follows:

The purpose of this measure is to appropriate funds to the information processing services program.

The funds will be used to implement an interim alternate data center that will recover and restore information processing and telecommunications services in the event services are disrupted by a natural disaster or malicious activity.

This measure would also require the information processing services program to prepare a business plan for implementation of the interim alternate data center.

Your Committee finds that recent natural disasters have focused attention on the need for disaster recovery planning to minimize the disruption of public services. An interim alternate data center would allow state agencies to continue to provide critical government services to the public in the event of a major disaster.

Your Committee has amended this measure by:

- (1) Changing the amount to be appropriated to an unspecified amount to facilitate further discussion; and

- (2) Making technical nonsubstantive changes for clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 333, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 333, S.D. 2.

Respectfully submitted on
behalf of the members of the
Committee on Ways and Means,

BRIAN T. TANIGUCHI, Chair

The Senate
Twenty-Third Legislature
State of Hawaii
