

STAND. COM. REP. NO.

3235

Honolulu, Hawaii

APR - 3 2006

RE: S.C.R. No. 110

Honorable Robert Bunda  
President of the Senate  
Twenty-Third State Legislature  
Regular Session of 2006  
State of Hawaii

Sir:

Your Committee on Transportation and Government Operations,  
to which was referred S.C.R. No. 110 entitled:

"SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF  
TRANSPORTATION TO CREATE A COMPREHENSIVE STATEWIDE PEDESTRIAN  
SAFETY ACTION PLAN,"

begs leave to report as follows:

The purpose of this measure is to request the department of  
transportation to create a comprehensive statewide pedestrian  
safety action plan.

Your Committee received testimony in support of this measure  
from the Department of Transportation, Department of Health, Keiki  
Injury Prevention Coalition, Na Kama Hele, and three individuals.

Walking is an increasingly popular transportation option and  
recreational activity, and as a result, well-designed, continuous,  
connected sidewalks with safe crossings are highly valued.  
Hawaii reportedly has among the highest rates of pedestrian  
fatalities in the nation, the highest fatality rate for senior  
pedestrians age 65 years and older, and the eleventh highest  
pedestrian fatality rate for all ages.

Your Committee finds that there is a need to build better  
communities by consciously providing and adequately maintaining a  
continuous network of sidewalks, pathways and safe and accessible  
crossings for pedestrians and to make sidewalks and pathways

friendly to persons using wheelchairs, strollers, or other mobility aids.

According to testimony of the Department of Transportation, it is addressing the issue of pedestrian safety through a multi-pronged approach that includes formation of the Walk Wise Hawaii Coalition, development of a strategic highway safety plan, organization of a pedestrian safety action plan and design, and development of a highway safety plan with pedestrian safety as a top priority. Your Committee requests the Department of Transportation to include more elaboration on these projects in its report to the Legislature.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 110 and recommends its adoption.

Respectfully submitted on  
behalf of the members of the  
Committee on Transportation and  
Government Operations,

  
LORRAINE R. INOUE, Chair
