

STAND. COM. REP. NO.

3561

Honolulu, Hawaii

APR 11 2006

RE: S.R. No. 141

Honorable Robert Bunda
President of the Senate
Twenty-Third State Legislature
Regular Session of 2006
State of Hawaii

Sir:

Your Committee on Higher Education, to which was referred
S.R. No. 141 entitled:

"SENATE RESOLUTION SUPPORTING A FOUR-YEAR DEGREE PROGRAM IN
HISTORIC PRESERVATION AT THE UNIVERSITY OF HAWAII,"

begs leave to report as follows:

The purpose of this measure is to request the University of
Hawaii to create a four-year degree program within the discipline
of historic preservation at the University of Hawaii at Manoa.

Testimony in support of the measure was submitted by the
Department of Land and Natural Resources and the Office of
Hawaiian Affairs.

Your Committee finds that over two dozen historic
preservation programs are currently functioning across the United
States, setting both the capability and the precedent for such a
program in Hawaii. Your Committee further finds that a bachelor's
degree program in historic preservation, with emphasis on real-
life case studies in Hawaii, would reinforce preservation efforts
based on conservation-focused education and action. The
Department of Land and Natural Resources stands ready to provide
internships with hands-on training to assist in this effort.

As affirmed by the record of votes of the members of your
Committee on Higher Education that is attached to this report,
your Committee concurs with the intent and purpose of S.R. No. 141
and recommends its adoption.

Respectfully submitted on
behalf of the members of the
Committee on Higher Education,

CLAYTON HEE, Chair
