Senator Hogue rose in opposition and said:

“Mr. President, I rise in opposition to this measure.

“Colleagues, this measure purports to change the very essence of the board of education from a part time position, which members receive a stipend, to a fulltime board of education in which we set up a salary commission and these board of education members are salaried. No one disputes the fact that board of education folks work very, very hard and they are in charge of some very important matters – and that is our children in the public schools.

“However, the board of education should be, should be, people who volunteer to step forward. They should be parents. They should be people in the community, people who have jobs, people who are just regular folks. That’s what the board of education should be made up of. It shouldn’t be fulltime members of the board of education and in some cases lobbying for their case one way or another and it just changes the very essence of the board of education.

“So I would encourage all of you to consider voting ‘no’ on this particular measure as it moves forward in the process. Thank you very much, Mr. President.”

Senator Ige rose and said:

“Mr. President, if you could just note my reservations.”

The Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 640, S.D. 3, entitled: “A BILL FOR AN ACT RELATING TO THE BOARD OF EDUCATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 17. Noes, 6 (Hemmings, Hogue, Kim, Slom, Trimble, Whalen). Excused, 2 (Ihara, Nishihara).

S.B. No. 3037, S.D. 2:

Senator Taniguchi moved that S.B. No. 3037, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition to the measure as follows:

“Mr. President, I rise in opposition to this measure.

“Colleagues, is this a gift or is this intended as an entitled money? If it is intended as a gift, what we do really doesn’t matter and what the Department of Taxation does later on really doesn’t matter because we all recognize that it was a gift and not an entitlement.

“If on the other hand we think the people in Manoa are entitled to this tax credit, then we should be mindful as we write legislation to do the best job that we can do to make sure that two things happen: (1) that there is congruence; and (2) that you enable the residents of Manoa to have the ability of informed compliance. I’ll take the second one first – informed compliance means that citizens intentionally try to understand

what the law is, and having understood the law, intentionally comply with it because it’s just as good as any other alternative.

“If current practices are followed, the Department of Taxation will not produce its guidelines for what qualifies and what does not qualify until after people have already filed for this income tax credit. When that happens, you are denying the people that are entitled to this the right of informed compliance.

“Let me give you some examples, and the ones that I’m most familiar with were the home improvement or construction tax credit, which involve things like materials and labor. Is the tile on the floor a material that is also included as well as the labor? If the contractor puts in a light fixture, is the bulb inside the light fixture also included as well as the labor? When you look at what this tax credit does, it is not clearly defined as to what you list when you submit your claim for an income tax credit.

“The problem is you need to have congruence. You need to have the lawmaker’s idea of what should be included to be the same as the residents that are claiming because I believe that the residents want to claim what is right. There also has to be congruence between the lawmakers, the residents, and the people that advise them – the CPAs, their tax accountants. And finally, there needs to be congruence not only among these three groups, but the audit section of the Department of Taxation.

“So, if you pass this law, if you insist that you pass this law, then I think it is appropriate that you ensure that there is congruence between what you have in mind and the way that the Department of Taxation will audit this claim. And I assure you that they will three years down the road. And their practice, by the way, is to wait until they can assess not only, you know, ask for more taxes, but they wait so that you can no longer amend your taxes. They wait until they can also assess an interest on this. If you don’t want this to be happy, then I think you should make sure there’s congruence between what you mean and the way the audit section of the Department of Taxation is going to interpret it two to three years from now.

“But I stood to oppose this measure because it is bad legislation. It is like, well, the Chairman of Ways and Means is so important, and he happens to be running for reelection this year, that no matter how outrageous the tax credit he proposes, as if it doesn’t rain anyplace other than Manoa, he is so powerful and because we have a system where democracy really doesn’t work in this Body because the Committee Chair rules. And we no longer have a democracy but we have what, an 11-headed autocracy?”

Senator Tsutsui interjected:

“Mr. President, point of order. Can the speaker please keep his comments to the bill in front of us.”

The Chair then stated:

“Senator Trimble, please keep your comments germane to the subject and not be personal about it.”

Senator Trimble continued:

“Thank you. Personal in what regard, Mr. President? Because I really think it reflects poorly on the Senate President who’s in charge of this organization and making sure that the will of the people carries forth.”

The President interjected:

“Senator, please talk about the issue.”

Senator Trimble responded:

“The issue is offering a tax credit to only residents in Manoa as if it rains no place else. And if this is not abuse of the public trust, then I don’t know what is and I ask for a Roll Call vote.

“Thank you, Mr. President.”

Senator Taniguchi responded:

“Mr. President, I’d just like to respond.

“I guess we had this bill last year and a lot of people voted for that, so I don’t understand the Senator from Waikiki’s comments at this point.

“I think part of it, given the fact that there have been other incidences just recently, I may regret that we titled the bill in a very narrow form but we initially wanted to do that because we didn’t know of any other places, and so maybe that was an error on my part to not take that into consideration. It doesn’t just rain in Manoa. We realize that. I think part of the situation was that a lot of the people who were flooded out who received significant damage, especially those on Pamoia Road, had been flooded in 1994 and some of the issues had not been resolved with regard to mitigation of that flooding. So all these people felt that nothing had happened in 1994 and again they were flooded in 2004, and so that’s the kind of relief we’re trying to address here. I went to visit some of the residents a couple of weeks ago and I think there’s still a lot of anger about the fact that because the university got flooded this time, there was a lot of response, and certainly there should be because the university is a state agency. But I think again, these people that got flooded a couple of years back and nothing happened, they did not receive anything and they got flooded the second time, and I think that’s part of the reason why it was felt that we should try to proceed with this measure.

“Thank you.”

Senator Hemmings rose in favor of the measure and said:

“Mr. President, I rise to speak in favor of this legislation.

“Mr. President, it doesn’t only rain in Manoa. It rains in many places. We don’t only have hurricanes on Kauai. We don’t only have earthquakes on the Big Island. But when an area of this state especially gets inundated with a very specific problem, I think it’s our legislative responsibility to respond to the need for help. In this particular instance, Manoa is not in a flood plane. This is an unprecedented disaster and I think the right thing for us to do is to respond appropriately.

“I’m quite proud that the good Senator from Manoa stood strong for the people he represents. If something happened in my district, I would hope that this Legislature would support my constituency similarly.

“Thank you, Mr. President.”

Senator Hee rose to speak in favor of the measure as follows:

“Mr. President, I rise to speak in favor of this legislation.

“I just want to pick up from the previous speaker that it does rain on the North Shore and I’m taking a cue off of the previous speaker that I hope that legislation will reflect the concerns from Kahaluu to Kahuku. Thank you.”

The motion was put by the Chair and carried, S.B. No. 3037, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO RELIEF OF MANOA FLOOD VICTIMS,” having been read throughout, and Roll Call vote having been requested, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Trimble). Excused, 2 (Ihara, Kim).

S.B. No. 2959, S.D. 3:

On motion by Senator Chun Oakland, seconded by Senator Hee and carried, S.B. No. 2959, S.D. 3, entitled: “A BILL FOR AN ACT RELATING TO LABOR,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 3 (Hogue, Slom, Trimble). Excused, 2 (Ihara, Kim).
