- (5) Case management, including social services and coordination with other services.

In addition, the bill appropriates funds in fiscal years 2006-2007 and 2007-2008 to establish the clinic and provide case management services.

Your Committee finds that Hawaii has a serious problem with extensive abuse of methamphetamines by residents. The epidemic of methamphetamine use produces devastating social consequences and can produce especially long-range damaging effects on pregnant women. Your Committee further finds that this bill would provide much-needed comprehensive medical and social services, in a coordinated environment, for pregnant women who have substance abuse issues. Your Committee believes the perinatal clinic's coordinated care will produce healthy mothers and children and will further the public's health, safety, and welfare.

Your Committee has amended this measure by:

- (1) Changing the amount appropriated for fiscal year 2006-2007 to an unspecified amount to facilitate further discussions;
- (2) Deleting the amount appropriated for fiscal year 2007-2008; and
- (3) Making technical nonsubstantive amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2132, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2132, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 5 (English, Fukunaga, Hooser, Kanno, Sakamoto).

SCRep. 2743 Ways and Means on S.B. No. 2141

The purpose of this measure is to appropriate funds for sexual assault services.

Your Committee finds that funding for services to prevent sexual assault or violence has suffered in recent years due to a lackluster economy and piecemeal funding when available. A recent report highlighted the following consequences of inadequate funding:

- (1) Decrease or lack of core essential services;
- (2) Underreporting of sexually violent crimes;
- (3) Fragmented services that are not comprehensive;
- (4) Inexperienced and untrained staff due to high turnover rates;
- (5) Limited or lack of coordination between government agencies at all levels; and
- (6) Excessive reporting and grant submission costs.

This bill would provide the necessary funds to address these concerns to better assist programs or services to prevent sexual assault. Your Committee, however, would like to study this matter further, and has therefore amended the bill by appropriating an unspecified amount.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2141, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2141, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 5 (English, Fukunaga, Hooser, Kanno, Sakamoto).

SCRep. 2744 Ways and Means on S.B. No. 2329

The purpose of this measure is to ensure the continuation of the licensing of home- and community-based case management agencies.

Specifically, this bill repeals the sunset date of June 30, 2006, for Act 273, Session Laws of Hawaii 2001, as amended by Act 95 and Act 98, Session Laws of Hawaii 2003, and Act 153, Session Laws of Hawaii 2004, that provided for two demonstration projects for licensing of home- and community-based case management agencies: one for Honolulu and one for the other neighbor islands.

Your Committee believes that the demonstration projects have proven useful and effective and should be made permanent.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2329, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 5 (English, Fukunaga, Hooser, Kanno, Sakamoto).

SCRep. 2745 Ways and Means on S.B. No. 2337

The purpose of this measure is to authorize emergency funding to the Department of Health for existing and additional adult mental health services.

Your Committee understands that the proposed funding is required to continue existing services and implement additional services and activities needed to comply with the requirements of the settlement agreement and subsequent orders in *United States v. State of Hawaii*, Civil No., 91-00137.

Your Committee has amended this bill by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2337, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2337, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 5 (English, Fukunaga, Hooser, Kanno, Sakamoto).

SCRep. 2746 Ways and Means on S.B. No. 2339

The purpose of this measure is to appropriate additional funds for fiscal year 2005-2006 to enable the Department of Health to meet unexpected increased ambulance service costs.

Your Committee understands that additional funds are required by the Department of Health for fiscal year 2005-2006 to enable it to meet unexpected collective bargaining increases negotiated by ambulance service providers statewide, increases in fuel and other ambulance service operating costs, and increases in workload in contracted ambulance billing and collection services. Additionally, an increase in the expenditure ceiling of the Emergency Medical Services Special Fund is required due to cost increases for contracted ambulance services in the counties of Maui and Kauai.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2339, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2339, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2747 Ways and Means on S.B. No. 2340

The purpose of this measure is to make an emergency appropriation for early intervention services for fiscal year 2005-2006.

Your Committee finds that the Department of Health has a critical need for additional funding for early intervention services for the fiscal year 2005-2006. Existing funds will be expended before the end of the fiscal year due to increased costs from expansion in the purchase-of-service programs, as mandated by the Individuals with Disabilities Education Improvement Act of 2004.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2340, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2340, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 5 (English, Fukunaga, Hooser, Kanno, Sakamoto).

SCRep. 2748 Ways and Means on S.B. No. 2347

The purpose of this measure is to make an emergency appropriation for the healthy start purchase-of-service programs for home visiting programs.

Your Committee finds that appropriated funds will be expended before the end of the current fiscal year. Supplementary funding is needed in order to allow the Department of Health to fulfill its obligations under part C of the Individuals with Disabilities Education Improvement Act of 2004.

Your Committee has made technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2347, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2347, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2749 Ways and Means on S.B. No. 2348

The purpose of this measure is to make an emergency appropriation to prepare the State for a pandemic of a novel strain of avian influenza.

Your Committee is concerned about the recent developments with the avian flu strain that may result in a flu pandemic. Your Committee finds that a flu pandemic has the potential to cause more deaths and illness than any other public health threat in Hawaii. With this concern in mind, your Committee reviewed the Department of Health's request for an emergency appropriation in fiscal year 2006-2007 in order to prepare for a flu pandemic.

Upon careful review of the budget submitted by the Department, your Committee recommends an appropriation of \$11,000,000 in general funds to be provided to the Department to procure and maintain local stockpiling of antiviral medications. Although your Committee still has concerns that current antiviral medications may not stop a pandemic flu, there are no other known preventive measures at this point in time. Your Committee is aware that supplies of antiviral medications are being stockpiled by the federal government as announced by the United States Department of Health and Human Service on March 1, 2006.

These funds would also be used to purchase the necessary equipment as well as to provide the support necessary to respond to a flu pandemic in Hawaii.

Accordingly, your Committee amended this measure by:

- (1) Changing the amount of the appropriation from \$15,000,000 to \$11,000,000; and
- (2) Making technical nonsubstantive changes for purposes of consistency and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2348, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2348, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 5 (English, Fukunaga, Hooser, Kanno, Sakamoto).

SCRep. 2750 Ways and Means on S.B. No. 2364

The purpose of this measure is to prohibit health insurers from denying coverage of a patient's injury that is attributable to the patient's use of intoxicants or narcotics.

Furthermore, this measure establishes a pilot program for screening, brief intervention, referral, and substance abuse treatment at hospital emergency rooms.

Your Committee finds that this two-pronged approach to combating alcohol and substance abuse will enable victims to be covered for medical services while receiving rehabilitative services to treat their addictions.

Your Committee has amended this measure by changing the appropriation to an unspecified amount for the purpose of continuing discussion, and by making technical nonsubstantive amendments for the purposes of style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2364, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2364, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 5 (English, Fukunaga, Hooser, Kanno, Sakamoto).

SCRep. 2751 Ways and Means on S.B. No. 2502

The purpose of this measure is to appropriate funds to continue the donated dental services program.

Your Committee finds that the donated dental services program provides free, comprehensive dental treatment to people who are elderly, disabled, or medically compromised and need extensive dental treatment. The program utilizes volunteer dentists who use their offices and donate dental care as well as volunteer dental laboratories that donate dental supplies. Your Committee finds that the program warrants continued financial support.

Your Committee has amended this measure by changing the appropriation to an unspecified amount, and by making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2502, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2502, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Fukunaga, Hemmings).

SCRep. 2752 Ways and Means on S.B. No. 2504

The purpose of this measure is to require the counties to administer the disabled persons parking program and to require the State to reimburse the counties for certain costs.

Your Committee finds that, presently, the counties have the option of administering the disabled parking program and participating counties are reimbursed for certain program costs by the State.

This bill would require all counties to administer a disabled parking program and require the State to reimburse the counties at a rate of \$12 per program applicant.

Your Committee finds that this bill will ensure the administration of the disabled parking program statewide and reimburse the counties a reasonable amount for their efforts.

Your Committee has amended the bill by:

- (1) Removing references to certain fees that may be charged by the counties for the disabled parking program, since the federal courts have ruled that charging a disabled person a fee is a violation of the Americans with Disabilities Act; and
- (2) Including appropriations of unspecified amounts to the counties for purposes of furthering discussion on this matter.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2504, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2504, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 5 (English, Fukunaga, Hooser, Kanno, Sakamoto).

SCRep. 2753 Ways and Means on S.B. No. 2505

The purpose of this measure is to appropriate funds to extend adolescent school-based substance abuse treatment programs to all middle and intermediate schools.

Your Committee finds that students who are dependent on drugs may not achieve their highest potential and are at great risk of academic failure. Your Committee further finds that making a balanced system of prevention, intervention, and treatment available to students will serve to strengthen student-teacher-counselor relationships and help students achieve success in school and beyond.

Your Committee amended this measure by:

- (1) Changing the amount appropriated to an unspecified amount to facilitate further discussion; and
- (2) Making technical nonsubstantive amendments for clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2505, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2505, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2754 Ways and Means on S.B. No. 2577

The purpose of this measure is to appropriate funds to the Waianae Coast Comprehensive Health Center to enable it to maintain twenty-four hour emergency room service.

The Waianae Coast Comprehensive Center is the lead agency for disaster response on the Waianae Coast. It also is the only medical facility on the Waianae Coast area that is equipped to handle emergencies, including the stabilization of persons with traumatic injuries or conditions. Thus, its emergency room is one of the most heavily used emergency rooms on Oahu, providing services not only to Waianae Coast residents but visitors as well.

Your Committee understands that the Waianae Coast Comprehensive Center has been impacted by increased costs, including increased insurance costs and nursing salaries. The proposed funding will enable the Center to operate its emergency room from midnight to 8:00 a.m., to provide twenty-four hour emergency service.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount to facilitate further discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2577, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2577, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Fukunaga, Hemmings).

SCRep. 2755 Ways and Means on S.B. No. 2630

The purpose of this measure is to appropriate funds to the Department of Health for the continued operation of developmental disabilities domiciliary homes and apartment complexes for persons with developmental disabilities.

Your Committee finds that previous legislation provided funding for fiscal year 2005-2006, but none for fiscal year 2006-2007. Continued financial support for these facilities is needed to retain viable residential options for the developmentally disabled.

Your Committee has amended this measure by leaving the appropriation amount unspecified in order to facilitate further discussion of the matter.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2630, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2630, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 5 (English, Fukunaga, Hooser, Kanno, Sakamoto).

SCRep. 2756 Ways and Means on S.B. No. 2725

The purpose of this measure is to continue the provision of necessary services and support to prevent child abuse in Hawaii by appropriating funds to the Healthy Start Program.

Your Committee finds that the Healthy Start Program uses home visits to help high-risk families change abusive and neglectful parenting behaviors and learn positive, nonviolent parenting techniques. Healthy Start provides family support, training, and modeling of positive parenting skills to help families promote their child's healthy development and to reduce the risk for child abuse or neglect.

Your Committee has amended this bill by:

- (1) Changing the amount appropriated to an unspecified amount to facilitate further discussions; and
- (2) Making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2725, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2725, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 5 (English, Fukunaga, Hooser, Kanno, Sakamoto).

SCRep. 2757 Ways and Means on S.B. No. 2727

The purpose of this measure is to allow the neurotrauma special fund to be used for direct services to assist individuals with neurotraumatic injuries.

The bill also requires the use of the special fund to obtain federal and private grant matching funds.

Your Committee finds that Act 160, Session Laws of Hawaii 2002, recognized the needs of individuals who suffer from the physical, cognitive, and behavioral consequences of neurotrauma. The Act established the neurotrauma special fund to:

- (1) Provide for neurotrauma education;
- (2) Assist individuals and families to identify and obtain access to services; and
- (3) Create a neurotrauma registry within the State.

Although the Legislature contemplated using the special fund for direct service purposes at the time, the matter was deferred until more information was available.

Since the enactment of Act 160, your Committee finds that the special fund has accumulated nearly \$1,000,000 in revenue and a number of documented cases reveal individuals with neurotraumatic injuries who are unable to obtain adequate treatment and services.

Based on this new information, your Committee finds that this bill will provide the necessary funds through the neurotrauma special fund to assist individuals with neurotraumatic injuries.

Your Committee has amended the bill by making technical amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2727, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2727, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 5 (English, Fukunaga, Hooser, Kanno, Sakamoto).

SCRep. 2758 Ways and Means on S.B. No. 2729

The purpose of this measure is to appropriate funds to establish a dental care student loan repayment program within the Department of Health.

Under the measure, the program will repay up to a maximum of three years of student loan obligations incurred by licensed dentists who agree to practice in underserved communities.

Your Committee finds that this measure will provide significant incentives and create practice opportunities in attracting dentists to areas of need.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2729, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2759 (Majority) Ways and Means on S.B. No. 2764

The purpose of this measure is to establish a trauma system special fund with a dedicated source of revenue to support the continuing development and operation of a comprehensive state trauma system, including the subsidization of documented uncompensated costs incurred by hospitals to provide trauma services and maintain on-call physicians to provide trauma care.

Your Committee understands that hospitals and physicians who provide trauma care have been absorbing significant uncompensated costs for many years. While reimbursements for trauma care from health plans, managed care, Medicare, Medicaid, and safety net programs for the uninsured have dramatically decreased, the costs of delivering trauma care have consistently increased. In Hawaii, The Queen's Medical Center incurs an annual loss of about \$6,000,000 in the trauma care area. This is of concern because The Queen's Medical Center is the only trauma center in the State.

Uncompensated trauma care is also one of the primary reasons for the shortage of physicians who are willing to be on call to trauma centers. A shortage of on-call physicians jeopardizes a trauma team's ability to provide appropriate trauma care, thus exposing patients to increased risk of harm.

Your Committee finds that several states have dedicated sources of funding for their trauma funds, including surcharges tacked on to fees for drivers' licenses, motor vehicle registration renewals, and the sale, lease, or transfer of motor vehicles.

Your Committee has amended this measure by:

- (1) Changing the dedicated funding amount from annual motor vehicle registration fees to an unspecified amount to facilitate further discussion;
- (2) Changing the appropriation to the trauma system special fund to an unspecified amount to facilitate further discussion; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2764, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2764, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 2 (Slom, Trimble). Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2760 Ways and Means on S.B. No. 2898

The purpose of this measure is to establish a Chief Procurement Officer position for the Hawaii Health Systems Corporation.

Your Committee finds that Act 216, Session Laws of Hawaii 2004, repealed the Hawaii Health Systems Corporation's exemption from the requirements of the State's Procurement Code, chapter 103D, Hawaii Revised Statutes. Due to inherent transitional difficulties experienced after the repeal of the Hawaii Health Systems Corporation's procurement exemption, incidents of delayed procurement or no procurement of essential medical supplies and equipment occurred. Your Committee is concerned that such occurrences could jeopardize patient care and safety. Consequently, your Committee believes that providing the Hawaii Health Systems Corporation with its own Chief Procurement Officer could reduce procurement delays.

Your Committee has amended the measure by making technical nonsubstantive amendments for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2898, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2898, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 5 (English, Fukunaga, Hooser, Kanno, Sakamoto).

SCRep. 2761 (Majority) Ways and Means on S.B. No. 2961

The purpose of this measure is to discourage smoking, especially by young people, by increasing the tax on cigarettes.

This measure also allocates the additional revenues generated by the increased tax to programs for the prevention and treatment of cancer caused by smoking as follows:

- (1) Fifty per cent to the Cancer Research Center of Hawaii for research and operating expenses;
- (2) Twenty-five per cent to the Department of Health for health promotion and disease prevention programs under section 328L-4(2), Hawaii Revised Statutes; and
- (3) Twenty-five per cent to the Hawaii Tobacco Prevention and Control trust fund under section 328L-5, Hawaii Revised Statutes.

Your Committee finds that tobacco use is responsible for over one thousand one hundred deaths annually in Hawaii and costs the State over \$525,000,000 in health care and other associated costs per year. Smoking is the largest preventable cause of morbidity and mortality in the nation.

Your Committee further finds that increasing the tax on cigarettes is an effective deterrent to smoking, especially for young people, and an incentive for users to quit. Dedicating fifty per cent of the increase in the cigarette tax to the Cancer Research Center of Hawaii will provide the funding necessary to enable the Center to expand into a state-of-the-art comprehensive cancer research and treatment center.

Additionally, your Committee finds that earmarking twenty-five per cent of the increase to the Department of Health for promotion and disease prevention programs and twenty-five per cent to the Hawaii Tobacco Prevention and Control trust fund will advance the State's initiatives for a healthier Hawaii, including assistance to help smokers quit smoking.

Your Committee has amended this measure by making technical nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2961, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2961, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 2 (Slom, Trimble). Excused, 5 (English, Fukunaga, Hooser, Kanno, Sakamoto).

SCRep. 2762 Ways and Means on S.B. No. 3146

The purpose of this measure is to ensure the public health and safety of the residents of rural Oahu.

Specifically, this bill appropriates \$600,000 as a grant-in-aid to the Department of Health to contract for intra-island only roto-wing aeromedical services for rural Oahu; provided that the City and County of Honolulu matches the appropriated funds.

Upon further consideration, your Committee has amended this bill by:

- (1) Correcting the reference to "grant-in-aid" pursuant to "chapter 42F," Hawaii Revised Statutes (on page 2, line 13) to "purchase of services" pursuant to "chapter 103F", Hawaii Revised Statutes;
- (2) Clarifying the language requiring matching funds from the City and County of Honolulu (page 3, line 7);
- (3) Changing the appropriation to an unspecified amount;

- (4) Inserting the contents of S.B. No. 2404, S.D. 1, that appropriates an unspecified amount as a grant-in-aid to the County of Hawaii for dedicated emergency medical service personnel to staff the aeromedical helicopter unit on the island of Hawaii; provided that the appropriated amount is matched by the County of Hawaii;
- (5) Renumbering the sections of the bill accordingly; and
- (6) Making other technical nonsubstantive changes.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3146, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3146, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 6 (English, Fukunaga, Hooser, Kanno, Kim, Sakamoto).

SCRep. 2763 (Majority) Ways and Means on S.B. No. 3224

The purpose of this measure is to allow individuals who participate in all Hawaii Medicaid medical plans to have open access to mental health medications.

Specifically, this bill removes the requirement to consult with a psychiatrist for a recipient's access to psychotropic medication. Furthermore, this bill applies to all Hawaii Medicaid medical plans the:

- (1) Prohibition against restrictions to access to psychotropic medication; and
- (2) Exemption from the need for pre-authorization for access to psychotropic medication.

Upon further consideration, your Committee has amended this bill by making several technical amendments to clarify that the intent of the bill is to extend the benefits of access to psychotropic medication to all Hawaii Medicaid medical plans.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3224, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3224, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 2 (Slom, Trimble). Excused, 5 (English, Fukunaga, Hooser, Kanno, Sakamoto).

SCRep. 2764 (Majority) Ways and Means on S.B. No. 3270

The purpose of this measure is to provide cost-effective care for Hawaii residents who are uninsured, while at the same time ensuring that the community health center system remains financially viable and stable in the face of a growing population of uninsured.

Specifically, this bill statutorily requires that federally qualified health centers and rural health clinics be reimbursed in accordance with relevant sections of the Social Security Act and that the services of these centers and clinics shall remain mandatory services pursuant to the Social Security Act. This bill also provides for adjustment of reimbursement rates if costs exceed an unspecified percentage for various changes relating to intensity, duration, or amount of service provided, facilities used, regulatory requirements, and other extraordinary circumstances. Finally, this bill appropriates an unspecified amount to the Department of Health to assist nonprofit, community-based health care providers for direct medical care for the uninsured, which may be distributed on a "per visit" basis, taking into consideration the need on all islands.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purpose of clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3270, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3270, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 2 (Slom, Trimble). Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2765 Ways and Means on S.B. No. 3272

The purpose of this measure is to appropriate funds to reimburse the counties for the cost of administering programs for parking for disabled persons.

Your Committee finds that, pursuant to federal law, the administration of programs for parking for disabled persons is a state responsibility. This responsibility, however, has been delegated to the counties under part III of chapter 291, Hawaii Revised Statutes.

Your Committee also finds that the counties have issued approximately 25,559 removable windshield placards and temporary removable windshield placards in fiscal year 2004-2005 to qualified disabled persons. Additionally, under rulings by the federal

courts, the imposition of a fee on qualified persons with disabilities is an impermissible surcharge under the Americans with Disabilities Act. Thus, the counties have been unable to collect a fee for administering the program.

The legislature further finds that the State should reimburse the counties for the costs related to administering these programs. The state reimbursement to the counties in fiscal year 2005-2006 was \$105,300. However, based upon a unit cost of \$10 per placard, reimbursement to the counties should have been \$255,590.

This measure reimburses the counties for the remaining balance of the cost of administering programs for parking for disabled persons.

Your Committee has amended the measure by:

- (1) Changing the funding date to fiscal year 2006-2007 and changing the effective date of the measure to July 1, 2006;
- (2) Changing the appropriations to unspecified amounts for the purpose of furthering discussion;
- (3) Adding boilerplate language related to the State's share of mandated programs under article VIII, section 5, of the state constitution; and
- (4) Making technical amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3272, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3272, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Hooser, Sakamoto).

SCRep. 2766 Ways and Means on S.B. No. 3283

The purpose of this measure is to develop and maintain a statewide comprehensive health care workforce map and database.

Specifically, this bill appropriates \$500,000 to the State Health Planning and Development Agency to develop and maintain a statewide comprehensive health care workforce map and database.

Upon further consideration, your Committee has amended this bill to change the appropriated amount to an unspecified amount for the purpose of facilitating further discussion on this matter.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3283, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3283, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2767 Ways and Means on S.B. No. 2150

The purpose of this measure is to provide financial support for the repair and maintenance of small boat harbors.

Specifically, this bill dedicates ten per cent of the general excise tax revenues received from the direct revenues generated by the ocean recreation industry during the preceding fiscal year to be deposited into the boating special fund. The bill defines "revenues generated by the ocean recreation industry" as including taxable revenues generated by a list of specific businesses.

Upon further consideration, your Committee has amended this bill by:

- (1) Changing the percentage of general excise tax revenues received from the direct revenues generated by the ocean recreation industry to be deposited into the boating special fund from ten per cent to an unspecified percentage;
- (2) Making a conforming amendment to law that allows the boating special fund to accept deposits from the general excise tax remittances;
- (3) Changing the effective date of the Act from July 1, 2006, to July 1, 2060; and
- (4) Making technical nonsubstantive amendments for the purpose of clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2150, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2150, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 2 (Fukunaga, Hemmings).

SCRep. 2768 Ways and Means on S.B. No. 2542

The purpose of this measure is to assist the business community, nonprofit organizations, and other entrepreneurs to foster community-based economic development of products and services demonstrating and embracing Hawaii's diversified economy.

Specifically, this bill makes an appropriation of \$500,000 to provide grants under the Hawaii Community-based Economic Development Technical and Financial Assistance Program, to be expended by the Department of Business, Economic Development, and Tourism. The program provides business counseling, financial backing, and general support to community-based businesses, nonprofit organizations, and other entrepreneurs for the purpose of economic development.

Upon further consideration, your Committee has amended this bill by changing the appropriated amount of \$500,000 to an unspecified amount for the purpose of facilitating further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2542, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2542, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 5 (English, Inouye, Kanno, Kokubun, Hemmings).

SCRep. 2769 Ways and Means on S.B. No. 2709

The purpose of this measure is to make an appropriation to allow the Department of Business, Economic Development, and Tourism to establish and maintain on the Internet a comprehensive statewide list of all projected construction projects by state, federal, and county agencies.

Your Committee finds that this list will provide an oversight mechanism to provide long-term forecasting of construction projects and ensure the most efficient commitment of state resources.

Your Committee has made technical nonsubstantive changes for consistency and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2709, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2709, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 5 (English, Inouye, Kanno, Kokubun, Hemmings).

SCRep. 2770 Ways and Means on S.B. No. 2985

The purpose of this measure is to make the State's enterprise zone program more sensitive to the unique problems that face agricultural businesses located within an enterprise zone.

The measure accomplishes this by:

- (1) Establishing that an agricultural business shall remain eligible for tax incentives in the event of force majeure;
- (2) Allowing an agricultural business to meet annual gross revenue requirements if the business is unable to meet annual full-time employee requirements;
- (3) Amending the definition of "full-time employee" by including leased employees and employees under a joint employer relationship; and
- (4) Prohibiting a taxpayer claiming a tax credit or exemption under chapter 209E, Hawaii Revised Statutes, from claiming any other identical tax credit or exemption.

Your Committee finds that agriculture is a vital component of the State's economy because it provides the State with export products, a diversity of employment opportunities, a stage for tourism, and an opportunity for land and water stewardship. The State's enterprise zone program provides business incentives that will encourage agricultural activity within economically depressed areas. Unfortunately, the employment requirements to qualify for this program discourage many agricultural businesses from applying, since, by nature, agricultural employment is dependent on local and global markets, seasonal crops, labor availability, and weather conditions.

Your Committee finds that it is difficult for agricultural businesses to meet the existing employment requirements of the State's enterprise zone program and that agricultural businesses need the enterprise zone program to recognize their unique situation in order to participate in the program. Your Committee believes that amending chapter 209E, Hawaii Revised Statutes, to allow favorable tax incentives and easier employment qualifications will encourage more agricultural businesses to qualify and apply for the State's enterprise zone program.

Your Committee has amended the measure by:

- (1) Changing the effective date to facilitate further discussion;
- (2) Repealing obsolete statutory language; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2985, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2985, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 5 (English, Inouye, Kanno, Kokubun, Hemmings).

SCRep. 2771 (Majority) Ways and Means on S.B. No. 3110

The purpose of this measure is to make an appropriation for the purchase of Waiehu Beach Park on Maui.

Presently, Waiehu Beach Park is privately owned by Wailuku Agribusiness but has been used for decades by the beach-going public. Wailuku Agribusiness has offered to sell Waiehu Beach Park to the County of Maui for \$750,000; however, the county has declined its offer. This appropriation to the Department of Land and Natural Resources will ensure the public's continued use of Waiehu Beach Park.

Your Committee has amended this measure by:

- (1) Clarifying that once Waiehu Beach Park is purchased, it shall only be used for beach park purposes;
- (2) Leaving the amount appropriated unspecified to facilitate further discussion on this matter; and
- (3) Making technical nonsubstantive changes for consistency and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3110, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3110, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Trimble). Excused, 5 (Fukunaga, Hooser, Kanno, Kim, Hemmings).

SCRep. 2772 Ways and Means on S.B. No. 2185

The purpose of this measure is to appropriate funds to develop community-based, family-centered models throughout the State.

The measure also appropriates funds for the Hawaii Even Start literacy program.

Your Committee finds that community-based, family-centered models exemplify the cooperation between public and private entities to deliver coordinated services to a target population. These models provide families with a community-based, one-stop resource center for information and referrals, volunteer programs, counseling, classes, and family activities.

The appropriation provided by this measure would ensure the availability of community-based models where people feel comfortable asking for assistance and will also support the needs of individuals and families.

Your Committee has amended the measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2185, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2185, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Sakamoto, Hemmings).

SCRep. 2773 Ways and Means on S.B. No. 2189

The purpose of this measure is to appropriate funds for the Commission on Fatherhood.

Your Committee finds that Act 156, Session Laws of Hawaii 2003, established the Commission on Fatherhood to promote healthy family relationships between parents and children. The Commission has since developed goals and objectives to:

- (1) Complete a statewide analysis of service provision to fathers;
- (2) Develop policy recommendations on best practices for serving fathers via state agencies;

- (3) Recommend legislation that facilitates the involvement of fathers in the lives of children;
- (4) Issue an annual report on the status of fatherhood issues in Hawaii;
- (5) Operate public awareness campaigns about the importance of involving fathers in the lives of children;
- (6) Provide information and resources related to effective fathering and the parenting support;
- (7) Present the annual Parent-Friendly Business Award; and
- (8) Administer appropriated funds and award grants to deserving organizations.

This measure would provide the necessary funds to allow the Commission to hire an executive director and staff to accomplish its goals and objectives.

Your Committee has amended the measure by:

- (1) Changing the appropriation to an unspecified amount for the purpose of furthering discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2189, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2189, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Fukunaga, Inouye, Kokubun, Nishihara).

SCRep. 2774 Ways and Means on S.B. No. 2323

The purpose of this measure is to require the Judiciary to establish and implement a federal revenue maximization program for services provided to the children under the jurisdiction of the District and Family Courts who may be eligible for federal financial participation.

Your Committee finds that this measure will ensure that the State will receive the maximum possible federal funds for services provided by the Judiciary to children under the care of the State's District and Family Courts.

Your Committee has amended this measure by:

- (1) Clarifying at page 6, line 14 that the report shall describe the amount of additional federal funding received;
- (2) Changing its effective date to July 1, 2060, to facilitate further discussion; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2323, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2323, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Hooser, Sakamoto).

SCRep. 2775 Ways and Means on S.B. No. 2333

The purpose of this bill is to make an emergency appropriation to continue the general assistance program.

Specifically, the bill makes an emergency appropriation of \$416,718 to prevent the reduction of general assistance payments in the fourth quarter of fiscal year 2005-2006.

Your Committee finds that this bill will ensure that general assistance payments are maintained at \$418 per month for each eligible recipient through the end of fiscal year 2005-2006. Without this emergency appropriation, the Department of Human Services would be unable to provide general assistance payments to disabled general assistance recipients after April, 2006. To continue payments after that period would result in a shortfall of more than \$416,000. Your Committee believes that this bill is necessary to assist certain disabled individuals in maintaining their health and well-being.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2333, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2333, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Hooser, Sakamoto).

SCRep. 2776 Ways and Means on S.B. No. 2334

The purpose of this measure is to make an emergency appropriation to the Hawaii Youth Correctional Facility to ensure that funding for its operations is maintained through the end of the 2005-2006 fiscal year.

Your Committee finds that immediate action must be taken to fund improvements at the Hawaii Youth Correctional Facility, especially in light of the comprehensive agreement reached by the United States Department of Justice and the State to address serious concerns about the youth facility.

Your Committee has amended this measure by making technical, nonsubstantive amendments for purposes of style and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2334, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2334, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Hooser, Sakamoto).

SCRep. 2777 (Majority) Ways and Means on S.B. No. 2461

The purpose of this measure is to provide grants to Hale Mahaolu, Maui Economic Opportunity, Inc., and Hale Makua to assist these entities in their activities.

Specifically, this bill appropriates:

- (1) \$1,150,000 to Hale Mahaolu to finance phase one of the Hale Mahaolu Ehiku affordable housing development on Maui and \$96,000 to fund its personal care program for a total of \$1,246,000;
- (2) \$3,500,000 to Maui Economic Opportunity, Inc., for the purchase of a new base yard site and for plans, design, and construction of a permanent transit facility on the island of Maui; and
- (3) \$25,000 to Hale Makua to fund phase one of the federally mandated fire sprinkler system in the Hale Makua-Wailuku facility.

Upon further consideration, your Committee has amended this measure to change all appropriated amounts to unspecified amounts for the purpose of facilitating further discussion. Your Committee has also made technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2461, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2461, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 1 (Trimble). Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2778 Ways and Means on S.B. No. 2474

The purpose of this measure is to provide support and assistance to former foster children between eighteen and twenty-four years old who are at-risk for unemployment, homelessness, and other negative outcomes.

Specifically, the bill appropriates funds to establish a program to assist former foster children in the areas of job placement, skills training, education, and housing.

Your Committee finds that the transition from foster care to adulthood is a very difficult path for many former foster care individuals. Without the continuation of support services that they received from foster parents and state programs when they were younger, many of these young adults face low odds for a successful life of achievement as an adult.

Your Committee has amended the bill by:

- (1) Changing the amount appropriated to an unspecified amount to promote continuing discussion on the matter; and
- (2) Making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2474, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2474, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Hooser, Sakamoto).

SCRep. 2779 Ways and Means on S.B. No. 2507

The purpose of this measure is to expand enrollment in the State's QUEST program.

Specifically, this bill:

- (1) Requires the Department of Human Services to submit a request to the Centers for Medicare and Medicaid Services to amend the state waiver to allow Hawaii to remove its QUEST enrollment cap;
- (2) Prohibits the Department of Human Services from imposing any cap on enrollment in its QUEST program and requires it to enroll all otherwise eligible individuals;
- (3) Requires the Department of Human Services to adopt rules to remove the cap; and
- (4) Appropriates an unspecified amount to cover the increase in enrollment.

Your Committee believes that removing the cap on enrollment will help to provide health coverage to a large number of otherwise eligible individuals in the State.

Upon further consideration, your Committee has amended this bill by clarifying that the Department of Human Services shall remove the cap on enrollment only after securing the necessary amendment to its state waiver.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2507, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2507, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Hooser, Sakamoto).

SCRep. 2780 Ways and Means on S.B. No. 2563

The purpose of this measure is to provide support for the Sage PLUS program.

Specifically, this measure appropriates funds to establish Sage PLUS specialist positions for Kauai, Maui, and Hawaii counties and for operating costs to expand and support the Sage PLUS program on the neighbor islands.

The Sage PLUS program is currently housed and staffed only on Oahu. The program provides services to approximately 186,000 residents receiving Medicare and Medicaid benefits. Volunteers provide limited service on the neighbor islands for residents of Hilo, Kona, Maui, and Kauai, but there is no office or staff support available to them.

Your Committee believes that it is critical to have a staff person situated on each island to ensure that necessary information and assistance about benefits, options, and rights are provided in a timely manner by a knowledgeable person.

Your Committee also finds that the Oahu Sage PLUS office is staffed by two employees whose positions are scheduled to be converted from exempt to civil service status during this calendar year. Due to the complex nature of Medicare and Medicaid benefits, especially in light of the recent implementation of the federal Medicare Part D drug plan, it is imperative that experienced personnel remain with the Sage PLUS program. Your Committee is concerned that incumbent employees may suffer a loss of seniority, pay, and other benefits when these positions are converted to civil service, unless proper safeguards are in place. Your Committee believes that these employees should not be penalized simply because their positions are being converted from one employment classification to another.

Accordingly, your Committee has amended the measure by inserting a provision that safeguards the salary and benefits of these employees. Your Committee has also amended the measure by changing the specific dollar amounts appropriated to unspecified amounts to promote continuing discussion, and by making technical nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2563, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2563, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2781 (Majority) Ways and Means on S.B. No. 2617

The purpose of this measure is to appropriate moneys from the temporary assistance for needy families program funds for unspecified programs that fall within at least one of the four purposes of the temporary assistance for needy families program.

Specifically, this bill appropriates:

- (1) \$27,000,000 for employment assistance programs;
- (2) \$11,000,000 for non-school hour programs for children and youth;
- (3) \$7,040,000, and authorizes the transfer of up to \$9,800,000 to the social services block grant, for child welfare services and programs;
- (4) An unspecified amount for housing costs to address homelessness and caring for children in their own homes;
- (5) \$19,800,000 for child care services and authorizes the transfer of up to \$19,800,000 to the child care development block grant;
- (6) \$57,000,000 for cash assistance benefits for eligible temporary assistance for needy families program recipients; and
- (7) \$11,000,000 for operating costs, including personnel, systems, and administrative expenses.

Upon further consideration, your Committee has amended this measure by changing all appropriated amounts to unspecified amounts for the purpose of facilitating further discussion.

Your Committee has also made technical nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2617, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2617, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, 1 (Slom). Excused, 1 (Hemmings).

SCRep. 2782 Ways and Means on S.B. No. 2713

The purpose of this measure is to keep our seniors safe by appropriating funds to the Executive Office on Aging for the expansion of the Kupuna ID Project.

Specifically, this measure appropriates money to the Executive Office on Aging to enable the SageWatch program to operate the Kupuna ID Project as part of its outreach activities, including the hiring of two individuals.

Initially, the Kupuna ID Project was started on a volunteer basis by the Department of the Attorney General and its law enforcement partners. The project helps our seniors by providing them with an identification card that aids emergency personnel in identifying a lost or disoriented senior citizen and contacting the appropriate party. Senior citizens have expressed their support for the free cards and your Committee believes that the Kupuna ID Project is a worthwhile program that should be continued.

Your Committee has amended this measure by:

- (1) Clarifying that the positions for which funding is sought are full-time;
- (2) Changing the amount appropriated to an unspecified amount to further discussion on this issue; and
- (3) Making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2713, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2713, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2783 Ways and Means on S.B. No. 2724

The purpose of this measure is to extend the continuum of services previously provided to special needs children with developmental delays from birth to age three, to those children from age three up to age five.

Specifically, this bill requires the Department of Health to develop a statewide, coordinated, multidisciplinary program with a continuum of services to meet the needs of children ages three to five years with developmental delays, including Down syndrome, whose developmental age is less than their chronological age. Parents are given the choice to opt for services provided by the Department of Education rather than the Department of Health. The bill further appropriates an unspecified amount to the Department of Health to establish this program of services.

Upon further consideration, your Committee has amended this bill by delaying the effective date of the program to July 1, 2007, and by making several technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2724, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2724, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2784 (Majority) Ways and Means on S.B. No. 2861

The purpose of this measure is to improve the health of public school students.

Specifically, this bill improves the efficiency and effectiveness of the collection and disbursement of generated revenue, including federal moneys, to support the provision of medicaid-eligible health services for students in public schools by the Department of Education.

This bill creates the federal revenue maximization program revolving fund, to be administered by the Department of Education, and specifies the moneys that make up the fund.

Upon further consideration, your Committee has amended this bill to clarify that moneys from the revolving fund shall be expended by the Department of Education for medicaid-eligible services provided by the Department. Your Committee also made technical nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2861, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2861, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, 2 (Slom, Trimble). Excused, 3 (English, Fukunaga, Sakamoto).

SCRep. 2785 Ways and Means on S.B. No. 3003

The purpose of this measure is to enable more people to qualify for the state pharmacy assistance program.

Specifically, this measure increases allowable income and repeals the asset test for purposes of program eligibility. The Department of Human Services is required to provide enrollees with enrollment assistance identifying the medicare prescription drug plans that best meet the enrollee's needs. The measure also repeals rebate-contingent funding limitations. In addition, the measure clarifies the benefits of the state pharmacy assistance program by specifying individual benefits.

Upon further consideration, your Committee has amended this measure by:

- (1) Changing the income eligibility from at or below one hundred fifty per cent of the federal poverty level to an unspecified percentage;
- (2) Deleting the requirement for the Department of Human Services to provide outreach, counseling, and enrollment assistance;
- (3) Requiring the Department to pay for prescription drugs that are not on the medicare prescription drug formulary; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3003, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3003, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Espero, Hemmings).

SCRep. 2786 Ways and Means on S.B. No. 3202

The purpose of this measure is to require the Department of Human Services to provide comprehensive dental care coverage to Medicaid and QUEST recipients.

Furthermore, this measure appropriates funds to provide comprehensive dental care coverage for Medicaid and QUEST recipients twenty-one years of age or older.

Your Committee finds that under a current administrative practice, the only recipients of Medicaid and QUEST who receive full dental coverage are recipients under twenty-one years of age. Recipients twenty-one years of age or older are eligible to receive care, but only for dental emergencies. This measure will ensure fairness and equity in this administrative practice by enabling recipients twenty-one or older to also receive full dental coverage.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3202, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (English, Fukunaga, Sakamoto).

SCRep. 2787 (Majority) Ways and Means on S.B. No. 3205

The purpose of this measure is to require medical assistance programs administered by the Department of Human Services to cover chiropractic services for the three-year fiscal period 2006-2009.

This measure also requires an impact report to the Legislature in 2009.

Your Committee understands that the share of state funding for the additional coverage for chiropractic services depends on federal approval of the state plan amendment for the additional coverage.

Your Committee has amended this measure by changing the effective date to July 1, 2060, and by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3205, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3205, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 1 (Trimble). Excused, 3 (English, Fukunaga, Sakamoto).

SCRep. 2788 Ways and Means on S.B. No. 3215

The purpose of this measure is to support the work of the children of incarcerated parents task force.

More specifically, the measure extends the term of the task force until 2008 and appropriates funds for administrative costs and travel expenses incurred by members of the task force.

Your Committee finds that extending the term of the task force is necessary to achieve the objectives as established in Senate Concurrent Resolution No. 128, Regular Session 2005.

Your Committee has amended this measure by changing the appropriation to an unspecified amount to ensure further discussion. Your Committee has also made technical nonsubstantive amendments for clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3215, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3215, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (English, Fukunaga, Sakamoto).

SCRep. 2789 Ways and Means on S.B. No. 3229

The purpose of this measure is to help elderly and disabled residents avoid premature and costly institutionalization by providing assistance with essential housekeeping and related activities that they can no longer perform. Specifically, this measure appropriates funds for the Department of Human Services' chore services programs.

Your Committee finds that supporting and expanding the chore services program will provide high quality elder care and services to more of Hawaii's elderly and disabled populations.

Your Committee has amended this measure by changing the appropriation to an unspecified amount to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3229, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3229, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (English, Fukunaga, Sakamoto).

SCRep. 2790 Ways and Means on S.B. No. 3247

The purpose of this measure is to increase the state supplemental payment for adult residential care providers.

Specifically, this bill clarifies that the Director of Human Services shall determine the rate of payment for domiciliary care, including developmental disabilities domiciliary homes, developmental disabilities adult foster homes, community care foster family homes, and developmental disabilities apartment complexes. This bill also increases the state supplemental payment from \$521.90 to \$621.90 for developmental disabilities apartment complexes and community care foster family homes in addition to type I adult residential care homes, licensed developmental disabilities domiciliary homes, and adult foster homes. The state supplemental

payment is also increased for type II adult residential care homes from \$629.90 to \$729.90. Finally, this bill requires the Department of Human Services to authorize payments for residents receiving Supplemental Security Income in type I and II adult residential care homes when appropriated state funds in a specific fiscal year are not fully expended on a timely basis to meet the Department's maintenance of effort agreement with the Social Security Administration, and allows the Department to determine the rate of payment to ensure compliance.

Upon further consideration, your Committee has amended this bill by changing the increased state supplemental payments from \$621.90 and \$729.90 to unspecified amounts in order to facilitate further discussion. Your Committee has also made technical nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3247, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3247, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2791 Ways and Means on S.B. No. 3252

The purpose of this measure is to coordinate and develop family caregiver support services and policies statewide.

This measure also expands kupuna care services, the Executive Office on Aging's statewide long-term care program.

Your Committee understands that eligibility requirements, service complexity, and service fragmentation are the top barriers to coordinating caregiver support programs. This measure will help to coordinate access to services across all care settings for Hawaii's family caregivers and their loved ones.

Your Committee has amended this measure by:

- (1) Changing all appropriations to unspecified amounts to facilitate further discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3252, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3252, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (English, Fukunaga, Sakamoto).

SCRep. 2792 (Majority) Ways and Means on S.B. No. 3253

The purpose of this measure is to establish a joint legislative committee on family caregiving.

Your Committee understands that families, rather than institutions, are the primary providers of long-term care in this State. Sixty-five per cent of these family caregivers are employed. Further, as a result of cost-containment policies and practices, people with healthcare needs are being discharged from hospitals and other care facilities with complex health care requirements. This imposes greater responsibilities upon individuals and families to be well-informed about long-term care planning, financing, and the options available to assist them in their caregiving tasks.

Your Committee has amended this measure by:

- (1) Changing the proposed appropriation to unspecified amounts to facilitate further discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3253, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3253, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 1 (Trimble). Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2793 (Majority) Ways and Means on S.B. No. 3274

The purpose of this measure is to reduce the burden on those who give long-term care to family members.

Specifically, this bill creates a \$1,000 refundable caregiver tax credit for eligible taxpayers. In order to qualify for the tax credit, the eligible care recipient must have lived in the caregiver's home for more than six months of the taxable year or have received more than fifty-one per cent of the care recipient's financial support from the caregiver.

Your Committee believes that this tax credit is very important to those who provide financial support and who provide care for family members who require either substantive supervision due to a cognitive impairment or substantial assistance with at least two activities of daily living.

Upon further consideration, your Committee has amended this bill by:

- (1) Changing the term “eligible care recipient” to “qualified care recipient” on page 1, line 17, to comport with Senate Standing Committee Report No. 2222, which stated that a definition of “qualified care recipient” was added by the S.D. 1 draft when, in fact, the definition added was mislabeled as “eligible care recipient”;
- (2) Deleting the definitions of “caregiver” and “care recipient” as being redundant and confusing;
- (3) Replacing all references to “caregiver” and “individual” (when referring to the caregiver) with the term “eligible taxpayer” since it is the latter who is claiming the credit;
- (4) Replacing all references to “care recipient” with the term “qualified care recipient” since no tax credit can be claimed unless the care recipient meets the qualifications as defined in the bill;
- (5) Changing “more than fifty-one per cent” of financial support to “more than fifty per cent” (on page 2, line 6) because the clear intent is “majority”, which is expressed as either “more than half” or “more than fifty per cent” but not “more than fifty-one per cent”;
- (6) Deleting the “or” (on page 2, line 5) and restoring the bill’s original intent to require both provision of a home for living for more than six months of the taxable year and more than fifty per cent of financial support for the qualified care recipient. Your Committee notes that the change in the S.D. 1 appears to be inadvertent, as Senate Standing Committee Report No. 2222 did not indicate any specific intent to reduce the requirement to just either one of the two;
- (7) Clarifying (on page 3, lines 1-3) that the eligible taxpayer must actually engage in the provision of care, by referencing this care to the specific needs of the qualified care recipient in paragraph (3)(A) or (B) in the definition of qualified care recipient; and
- (8) Making technical nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3274, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3274, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 1 (Trimble). Excused, 3 (English, Fukunaga, Sakamoto).

SCRep. 2794 (Majority) Ways and Means on S.B. No. 2156

The purpose of this measure is to clarify that the Department of Taxation is among the departments whose records and financial affairs the state Auditor may examine and inspect.

This measure also requires the Department of Taxation to:

- (1) Permit the Auditor to inspect any tax return of any taxpayer;
- (2) Furnish the Auditor with an abstract of the return, if the Auditor so desires; and
- (3) Supply the Auditor with information concerning any item contained in a tax return or disclosed by the report of any investigation of a tax return or of the subject matter of a tax return.

Your Committee finds that the Auditor already has the constitutional and statutory authority to conduct post-audits of the transactions, accounts, programs, and performances of all departments, offices, and agencies of the State, including the Department of Taxation.

However, the Attorney General has taken the position that the Auditor lacks the statutory authority necessary to conduct an audit of the Department of Taxation. This measure clarifies that the Auditor is authorized to examine and inspect Department of Taxation records by providing very specific statutory authority in addition to the Auditor’s current general statutory authority.

Your Committee has amended this measure by:

- (1) Clarifying that any records the Auditor wishes to examine and inspect must relate to an audit or other investigation undertaken pursuant to chapter 23, Hawaii Revised Statutes;
- (2) Setting forth the actions the Department of Taxation must undertake during an audit by the Auditor in a new subsection (d) of section 23-5, Hawaii Revised Statutes, for purposes of greater clarity; and
- (3) Making technical nonsubstantive amendments to this measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2156, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2156, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 1 (Trimble). Excused, 2 (Hemmings, Slom).

SCRep. 2795 (Majority) Ways and Means on S.B. No. 2214

The purpose of this measure is to enhance the State's civil defense responsiveness in times of natural disaster.

Specifically, this bill seeks to protect public health, safety, welfare, and property, by providing for:

- (1) Building code standards for state buildings;
- (2) Civil defense sirens in residential developments;
- (3) Tax credits for homeowners for installation of wind resistive devices;
- (4) Underground electric transmission lines;
- (5) Restrictions on National Guard deployment;
- (6) Allocation of part of the general fund appropriation for fiscal years 2005-2006 and 2006-2007 to establish an emergency cache;
- (7) Prohibition on profiteering and price gouging;
- (8) Residential disaster assistance special fund; and
- (9) Appropriations for civil defense.

Your Committee finds that the State must have a comprehensive emergency preparedness program to mitigate hazards, enhance preparedness for major disasters, and accelerate response and recovery when disaster strikes. The goal is to enhance and fortify the State's ability to save lives and protect property in the event of disaster.

Your Committee has amended this measure by retaining certain provisions and by including certain provisions from SB2288, SB2857, SB2955, and SB3268. Specifically, your Committee has amended this bill by:

- (1) Establishing the civil defense disaster preparedness special fund and making an appropriation to the fund to be expended by the Director of Civil Defense for disaster preparedness planning, infrastructure, and response;
- (2) Requiring hospitals, nursing homes, and hotels to prepare disaster preparedness plans to provide adequate emergency shelter for patients, guests, and staff;
- (3) Requiring the Department of Health to conduct a study to assess the structural integrity of all hospitals and nursing homes in Hawaii;
- (4) Requiring the counties to identify, designate, and maintain areas to be used for temporary emergency shelters for the homeless and makes an appropriation therefor;
- (5) Making an appropriation to increase the number of safe emergency shelters in the community;
- (6) Allowing the Governor, on declaring an emergency, to release funds from the emergency and budget reserve fund to provide emergency assistance to residents and businesses in the State;
- (7) Increasing the amount of funds available from the major disaster fund in the event of a major disaster or emergency from \$1,000,000 to \$2,000,000;
- (8) Requiring the Departments of Education and Defense to assess the disaster-worthiness of Department of Education facilities designated as emergency shelters, making an appropriation to retrofit facilities in need of upgrades, and identify sites for new emergency shelters;
- (9) Allowing transfer of funds from the hurricane reserve trust fund to the loss mitigation grant fund;
- (10) Establishing a rebuttable presumption that electric transmission lines will be placed underground in tsunami-prone areas;
- (11) Reordering existing and inserted provisions to organize them under separate parts in the measure relating to disaster preparedness concerning planning, assessment, and response; and

(12) Making technical nonsubstantive amendments for purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2214, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2214, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 2 (Slom, Trimble). Excused, 1 (Hemmings).

SCRep. 2796 Ways and Means on S.B. No. 2237

The purpose of this measure is to give the Comptroller the option of depositing moneys received from the settlement of claims or losses of the State into a trust account under the control of the affected agency.

Your Committee finds that present law requires those moneys, in particular, insurance proceeds, to be deposited into the state risk management revolving fund. This means that when it sustains a loss, the agency must cover the loss by diverting funds from existing agency appropriations. The agency must then wait for an emergency appropriation to be passed before those insurance proceeds can be released to the agency from the revolving fund. Your Committee finds that the affected agency can be reimbursed in a more timely fashion if those insurance proceeds are deposited directly into a trust account under that agency's control.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2237, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2237, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2797 Ways and Means on S.B. No. 2488

The purpose of this measure is to provide a tax credit of \$1,500 for the purchase of a new or used hybrid motor vehicle.

A hybrid motor vehicle is a motor vehicle with a hybrid propulsion system that uses a combination of electricity and a traditional fuel, such as gasoline.

Your Committee finds that the rising cost of gasoline has made alternative fueled motor vehicles more attractive to the consuming public, not only for the cost savings from using less gasoline, but also because it helps the environment by reducing fossil fuel consumption in the State.

This bill, which applies to taxable years beginning after 2005, provides a strong tax incentive to encourage consumers to save money and help the environment by purchasing a hybrid motor vehicle.

Your Committee has amended this measure by:

- (1) Changing the tax credit to an unspecified amount for the purpose of furthering discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2488, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2488, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2798 (Majority) Ways and Means on S.B. No. 2569

The purpose of this measure is to enact the Emergency Management Assistance Compact.

The Emergency Management Assistance Compact establishes authority for states to provide mutual assistance in managing any emergency or disaster that is declared by the governor of a member state, including natural and man-made disasters, technological hazards, community disorder, and insurgency or enemy attack.

The compact is crucial to Hawaii because of its geographical isolation and may also supplement any aid provided by the federal government. Member states are guaranteed reimbursement for all eligible assistance and are protected against tortious liability by the host state.

Your Committee has amended this measure by making technical nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2569, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2569, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, 1 (Trimble). Excused, 1 (Hemmings).

SCRep. 2799 Ways and Means on S.B. No. 2662

The purpose of this measure is to provide a temporary reprieve from lease and permit requirements for airport vendors who wish to make improvements.

Specifically, this bill allows the Department of Transportation to modify terms of concession leases and permits upon mutual agreement with concessions seeking to make improvements, for leases signed after April 30, 2002, and which did not receive rent relief pursuant to Act 201, Session Laws of Hawaii 2004. This bill also requires the Department of Transportation to solicit bids for new leases within twelve months prior to the termination of any lease or permit receiving an extension provided by the bill.

Upon further consideration, your Committee has amended this bill by clarifying that "older" leases or permits for which rent relief terms may be modified, as contained in section 2(3) on page 5, line 9, refer to leases and permits signed before April 30, 2002. Your Committee has also made various other technical nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2662, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2662, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2800 Ways and Means on S.B. No. 2663

The purpose of this measure is to include the Koolau Loa coastal highway, from Kaaawa to Waimea, Oahu, in the list of highways for which the Director of Transportation shall establish a process to allow flexible highway design.

Your Committee understands that the availability of flexible highway design for the Koolau Loa coastal highway will enable the implementation of needed highway improvements, while preserving the area's unique rustic character and spectacular natural, scenic, and cultural qualities.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2663 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2801 Ways and Means on S.B. No. 2879

The purpose of this measure is to appropriate funds to assist the Hawaii civil air patrol in defraying its operational expenses.

Your Committee finds that the Hawaii civil air patrol is a volunteer organization that depends on receiving state funding to defray its operating expenses in carrying out crucial operations for the Hawaii Civil Defense system.

Your Committee has amended this measure by changing the appropriation to an unspecified amount, and by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2879, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2879, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (Fukunaga, Inouye, Kokubun, Nishihara).

SCRep. 2802 Ways and Means on S.B. No. 2882

The purpose of this measure is to appropriate funds to design, construct, and repair the roof hangar at the Hawaii wing headquarters of the Hawaii Civil Air Patrol.

Your Committee finds that the Civil Air Patrol is a peacetime auxiliary of the Air Force whose mission is to provide search and rescue services and administer aerospace education and cadet programs. The Civil Air Patrol is also an active participant in counter-drug operations for the Drug Enforcement Agency and participates in disaster relief, homeland security, and medical emergency transport services to local and national organizations.

The legislature further finds that a lack of funds for maintenance and repair projects has diminished the effectiveness of Civil Air Patrol operations.

This measure would provide the necessary funds to address these maintenance and repair concerns to allow the Civil Air Patrol to continue on its mission and to serve the people of Hawaii.

Your Committee has amended the measure by changing the appropriation to an unspecified amount for the purpose of continuing discussion on the matter.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2882, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2882, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Fukunaga, Inouye, Kokubun, Nishihara).

SCRep. 2803 Ways and Means on S.B. No. 2897

The purpose of this measure is to raise the small purchases ceiling under the Hawaii public procurement code from \$25,000 to \$50,000.

The measure also requires that small purchases be:

- (1) Solicited and transacted electronically over the Internet; and
- (2) Purchased from pre-qualified vendors whose bids and offers are solicited at random.

Your Committee finds that the measure brings the requirements of the State's procurement code in line with the reality of the costs of goods and services.

Your Committee has amended the measure by:

- (1) Designating the first two sections of the bill as Part I;
- (2) Creating a Part II that adds provisions that reinstate the exemption from the State's procurement code for the issuance of special purpose revenue bonds; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

Your Committee finds that special purpose revenue bonds are issued to assist health care facilities, manufacturing enterprises, processing enterprises, industrial enterprises, energy projects, early childhood education and care facilities serving the general public, and private nonsectarian and sectarian elementary schools, secondary schools, colleges, and universities serving the general public.

Your Committee believes that the exemption from the procurement code is warranted since no public moneys are involved in the issuance of special purpose revenue bonds. In addition, even the fees and costs involved in the issuance of special purpose revenue bonds and the administration of loan programs are borne by the borrower. Vendors, if any, are hired and paid by the borrower. Should the State incur any costs whatsoever in the issuance of special purpose revenue bonds, the borrower is required to reimburse the State for all such amounts.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2897, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2897, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2804 Ways and Means on S.B. No. 2901

The purpose of this measure is to allow all counties to assess, impose, levy, collect, and transfer to the Department of Transportation impact fees relating to state highway improvements.

The measure accomplishes this by repealing the definition of "county" from the state highway impact fee law, which limited the term to those counties having a population of over five hundred thousand.

As such, your Committee understands that presently, only the city and county of Honolulu is authorized to assess impact fees as a condition for building permits for improvements needed to serve new developments. However, development occurs in and impacts every county and county-specific transportation plans will cost several billion dollars more than the State can afford. This measure will provide the counties of Maui, Hawaii, and Kauai with another means of financing state projects that might otherwise be indefinitely postponed.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2901 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2805 Ways and Means on S.B. No. 2955

The purpose of this measure is to ensure that there is an adequate supply of emergency shelters in the State.

Specifically, the measure:

- (1) Requires the Housing and Community Development Corporation of Hawaii to coordinate with the counties to develop a procedure to identify locations that could be used as temporary emergency shelters and appropriates funds to each county for this purpose;
- (2) Requires, within six months of the effective date of the measure, that all health care facilities operating under a certificate of need and licensed or certified nursing homes file an emergency preparedness plan, which includes a retrofitting plan of its facilities, with the Department of Health;
- (3) Requires, within twelve months of the effective date of the measure, that the Department of Health adopt rules to require that all hotels with more than nine rooming units file a disaster preparedness plan, which includes a retrofitting plan of its facilities, with the Department of Health within thirty days of the adoption of the Department of Health's disaster preparedness rule for hotels;
- (4) Authorizes the issuance of general obligation bonds to fund retrofitting of public school buildings to enable them to be used as emergency shelters;
- (5) Requires the Departments of Education and Defense to jointly determine which Department of Education-controlled structures that are currently being identified as emergency shelters are not in compliance with the Department of Defense's emergency shelter design standards adopted pursuant to Act 5, Special Session Laws of Hawaii 2005, and to identify Department of Education-controlled sites for new emergency shelters;
- (6) Appropriates funds to retrofit Department of Education-controlled facilities that are identified as emergency shelters to comply with the Department of Defense's emergency shelter design standards adopted pursuant to Act 5, Special Session Laws of Hawaii 2005; and
- (7) Appropriates funds to construct new emergency shelters in the community.

Your Committee finds that the supply of emergency shelters is woefully and dangerously inadequate. Emergency shelters can make the difference between life or death in a disaster, as was demonstrated in New Orleans with Hurricane Katrina.

Your Committee has amended the measure by:

- (1) Deleting all the provisions of the measure, except for the provisions that:
 - (A) Authorize the issuance of general obligation bonds to fund retrofitting of public school buildings to enable them to be used as emergency shelters;
 - (B) Require the Departments of Education and Defense to jointly determine which Department of Education-controlled structures that are currently being identified as emergency shelters are not in compliance with the Department of Defense's emergency shelter design standards adopted pursuant to Act 5, Special Session Laws of Hawaii 2005, and to identify Department of Education-controlled sites for new emergency shelters; and
 - (C) Appropriate funds to retrofit Department of Education-controlled facilities that are identified as emergency shelters to comply with the Department of Defense's emergency shelter design standards adopted pursuant to Act 5, Special Session Laws of Hawaii 2005, but designating the Department of Education as the expending agency;
- (2) Adding provisions that:
 - (A) Require the Department of Accounting and General Services to adopt administrative rules to serve as a uniform standard of construction for state buildings;
 - (B) Require developers of new residential developments to design and construct community facilities to meet hurricane resistant criteria and to install siren warning systems;
 - (C) Require developers of existing residential developments to install siren warning systems;
 - (D) Require that the first \$2,000,000 of the annual net investment income earned from the principal in the Hurricane Reserve Trust Fund, in fiscal years 2006-2007 and 2007-2008, be deposited to the credit of the Loss Mitigation Grant Fund under section 431:22-102, Hawaii Revised Statutes; and

- (E) Provide an income tax credit for the installation of wind resistive devices;
- (3) Adding standard provisions to the wind resistive devices tax credit; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2955, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2955, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2806 (Majority) Ways and Means on S.B. No. 2997

The purpose of this measure is to restore the procurement exemptions for the High Technology Development Corporation (Corporation) that were repealed by Act 216, Session Laws of Hawaii 2004.

Your Committee understands that exemption from the Hawaii public procurement code is required by the Corporation to enable it to effectively operate the High Technology Development Corporation-Manufacturing Extension Partnership program. This program provides a wide variety of business consulting services to local manufacturing firms. Its success is dependent upon the Corporation's ability to quickly respond to companies needing assistance.

Additionally, your Committee believes it would be beneficial to incorporate into this measure procurement code exemption proposals necessary for the following:

- (1) Government agencies who contract for services for the preparation of studies and reports for submittal to the Legislature, to enable these agencies to timely comply with legislative reporting deadlines;
- (2) The Hawaii Strategic Development Corporation to enable it to operate in a time-sensitive, market-driven environment and meet the demands of private sector investors and entrepreneurs; and
- (3) The Natural Energy Laboratory of Hawaii Authority to enable it to better attract competent service providers for cutting edge technology projects, facilitate the administration of federal funds, and take advantage of opportunities to work with universities and laboratories conducting research on a continual contract basis.

Accordingly, your Committee has amended this measure by:

- (1) Providing exemptions from the Hawaii public procurement code for:
 - (A) The services of contractors under contract with a governmental body for the purpose of preparing a study or report for submission to the Legislature;
 - (B) The Hawaii Strategic Development Corporation; and
 - (C) The Natural Energy Laboratory of Hawaii Authority; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2997, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2997, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 2 (Kim, Trimble). Excused, 2 (Hooser, Hemmings).

SCRep. 2807 Ways and Means on S.B. No. 2145

The purpose of this measure is to promote the coordination of the State's environmental justice activities and require a comprehensive review of the State's existing environmental impact statement process.

By Senate Concurrent Resolution 140, H.D. 1, Regular Session 2005, the Legislature requested the Environmental Council, with the assistance of the Office of Environmental Quality Control and the University of Hawaii Environmental Center, to develop and adopt a guidance document to address environmental justice issues. Consequently, the Environmental Council submitted a report to the Legislature outlining a plan to promote environmental justice activities in the State. This measure provides funding to implement this plan. This includes the hiring of a program director by the Environmental Council to coordinate the State's environmental justice activities, including defining "environmental justice", adopting a guidance document to address environmental justice, making recommendations to update the environmental impact statement process, and conducting outreach activities.

Your Committee understands that it has been fifteen years since a comprehensive review of the State's environmental process has been conducted. This measure provides the funding to enable the Office of Environmental Quality Control to contract with the University of Hawaii Environmental Center to conduct this comprehensive review.

Your Committee has amended this measure by:

- (1) Requiring the University of Hawaii Environmental Center to submit its comprehensive review of the State's existing environmental impact statement process to the Legislature no later than twenty days prior to the convening of the regular session of 2007;
- (2) Exempting the study from the procurement code since the party to be hired for the study is specifically designated;
- (3) Changing the proposed appropriation for the hiring of a program director for the Environmental Council to an unspecified amount to facilitate further discussion; and
- (4) Making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2145, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2145, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2808 Ways and Means on S.B. No. 2957

The purpose of this measure is to provide a comprehensive set of proposals to assist the State in achieving energy self-sufficiency.

Specifically, this measure:

- (1) Increases the renewable energy technologies income tax credit for certain solar thermal and photovoltaic energy systems and removes the tax credits' 2008 sunset date, thereby making them permanent;
- (2) Authorizes the issuance of general obligation bonds for a photovoltaic pilot project in public schools statewide and to bring state facilities into compliance with the State's greenhouse gas and energy consumption reduction goals;
- (3) Requires the incorporation of Leadership in Energy and Environmental Design standards for state-funded buildings; and
- (4) Establishes a Pay As You Save pilot project for the purchase of residential solar hot water heater systems.

Your Committee understands that the development and deployment of advanced hydrogen technologies and the use of biodiesel fuel will further assist the State in utilizing its renewable energy assets and attaining its energy self-sufficiency goals.

Accordingly, your Committee has amended the measure by:

- (1) Establishing a biodiesel preference in Hawaii's procurement law;
- (2) Establishing a Hawaii renewable hydrogen program and hydrogen investment capital special fund and providing appropriations therefor;
- (3) Changing all proposed appropriations to unspecified amounts to facilitate further discussion;
- (4) Making the proposed incorporation of Leadership in Energy and Environmental Design standards applicable to building construction and renovations initiated on or after July 1, 2006, rather than January 1, 2006; and
- (5) Making technical nonsubstantive amendments for the purpose of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2957, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2957, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2809 (Majority) Ways and Means on S.B. No. 3105

The purpose of this measure is to extend the reverse vending machine rebate program to persons who are not dealers or recyclers.

Your Committee finds that this measure provides an incentive for persons who are not dealers or recyclers to make reverse vending machines available to the public. Additional reverse vending machines will increase consumer convenience with regard to the deposit

beverage container law and help to further reduce the negative impacts of solid waste on our communities and the environment in general.

Your Committee has amended this measure by:

- (1) Clarifying that the rebate applies to each reverse vending machine purchased and placed; and
- (2) Making technical nonsubstantive amendments for clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3105, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3105, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 2 (Slom, Trimble). Excused, 3 (English, Inouye, Kokubun).

SCRep. 2810 (Majority) Ways and Means on S.B. No. 3162

The purpose of this measure is to enhance the State's renewable energy and conservation measures.

More specifically, this measure:

- (1) Requires the Public Utilities Commission to establish a renewable energy credits trading program
- (2) Requires the Department of Business, Economic Development, and Tourism to determine the feasibility of Hawaii becoming a member of the Chicago climate exchange; and
- (3) Creates a renewable energy credits trading program advisory committee.

Your Committee finds that establishing a renewable energy credits trading program in Hawaii will ensure compliance with the State's renewable portfolio standards, which requires a certain proportion of electricity sold by each supplier in Hawaii to come from renewable sources. The program will also enable the State to participate in the Chicago climate exchange.

Your Committee has amended this measure by:

- (1) Changing the effective date of the measure to July 1, 2006, to facilitate coordination between the Public Utilities Commission and the advisory committee established in section 3 of the measure; and
- (2) Making technical nonsubstantive amendments for clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3162, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3162, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 2 (Slom, Trimble). Excused, 3 (English, Inouye, Kokubun).

SCRep. 2811 (Majority) Ways and Means on S.B. No. 3181

The purpose of this measure is to increase the State's recycling efforts by including larger-sized containers in the deposit beverage container program.

Specifically, the measure amends the definition of "deposit beverage container" to include and therefore allow the redemption of containers of up to sixty-eight fluid ounces (two liters).

Your Committee finds that including two-liter containers for recycling will help to further reduce the amount of trash in Hawaii's landfills.

Your Committee has amended this measure by making technical, nonsubstantive changes for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3181, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3181, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 2 (Slom, Trimble). Excused, 3 (English, Inouye, Kokubun).

SCRep. 2812 (Majority) Ways and Means on S.B. No. 3182

The purpose of this measure is to impose a phased reduction of methyl tertiary-butyl ether in gasoline sold or imported in the State to levels no greater than .15 volume per cent by January 1, 2009.

Your Committee notes that methyl tertiary-butyl ether is a chemical contained in gasoline that is not presently regulated in the State and has been known to contaminate groundwater resources nationally. The Environmental Protection Agency recommends that the use of methyl tertiary-butyl ether be reduced substantially.

Your Committee has amended this measure by:

- (1) Adding definitions for the term “methyl tertiary-butyl ether”, “gasoline”, and “supplied” in section 4 of this measure; and
- (2) Making technical nonsubstantive changes for consistency and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3182, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3182, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 2 (Slom, Trimble). Excused, 3 (English, Inouye, Kokubun).

SCRep. 2813 Ways and Means on S.B. No. 3186

The purpose of this measure is to appropriate funds to reconvene the Hawaii energy policy forum.

In May 2002, the University of Hawaii gathered major energy and policy stakeholders in Hawaii to convene as the Hawaii energy policy forum to develop an energy vision for Hawaii through the year 2030 and formulate strategies to implement that vision. After conducting facilitated discussions and policy studies, the Hawaii energy policy forum convened a policy summit in December 2003. The summit’s final report, “Hawaii at the Crossroads: A Long Term Energy Strategy”, recommended guiding principles and policy options to meet Hawaii’s long term energy needs.

Your Committee finds that this measure will enable the Hawaii energy policy forum to further engage major energy and policy stakeholders to:

- (1) Continue their work on creating the State’s preferred energy future;
- (2) Implement the vision, concepts, and recommendations set forth by the forum and the summit’s final report; and
- (3) Develop community and public awareness and support regarding Hawaii’s energy activities, needs, and goals.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount to facilitate further discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3186, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3186, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Fukunaga, Inouye, Kokubun, Nishihara).

SCRep. 2814 Ways and Means on S.B. No. 3187

The purpose of this measure is to support the integration of renewable energy and energy efficient technologies in state facilities.

Specifically, this measure:

- (1) Requires the State to finance the integration of renewable energy and energy efficient technologies in state facilities and identify, evaluate, and prioritize qualifying projects;
- (2) Authorizes the issuance of general obligation bonds to finance the integration of renewable energy and energy efficient technologies in state facilities; and
- (3) Requires the Department of Accounting and General Services to prepare comprehensive reports on the practicality, economics, and other relevant aspects of integrating renewable and energy efficient technologies in state facilities.

The deployment of renewable and energy efficient technologies is a necessary part of a sustainable future. The use of these technologies in state facilities, where feasible and cost effective, will mitigate the costs of increasing energy prices and convey the message that energy efficient and environmentally friendly design can be sensible and cost effective.

Your Committee has amended this measure by:

- (1) Changing all references to the proposed appropriation to an unspecified amount to facilitate further discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3187, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3187, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2815 (Majority) Ways and Means on S.B. No. 3192

The purpose of this measure is to establish a process for initiating and maintaining sister state and province relationships between the State of Hawaii and a state or province or similar governmental political subdivision of a foreign nation.

Specifically, this bill statutorily establishes the Hawaii Sister State Committee, to be placed within the Department of Business, Economic Development, and Tourism for administrative purposes, consisting of five members to evaluate and develop recommendations for the initiation of all sister state or province relationships for the Legislature. The five members are to be appointed by the Governor from each of five lists of nominees submitted by the Speaker of the House of Representatives, the President of the Senate, a Native Hawaii cultural organization, the East-West Center, and the Hawaii State Association of Counties.

Your Committee believes that this bill will facilitate a more efficient process of establishing fruitful sister state and province relationships. However, your Committee wishes to note that an appropriate organization will be identified in the future to serve as the "Native Hawaii cultural organization" as one of the entities submitting a list of nominees for membership on the Hawaii Sister State Committee.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3192, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, 2 (Slom, Trimble). Excused, 3 (English, Inouye, Kokubun).

SCRep. 2816 Ways and Means on S.B. No. 2090

The purpose of this measure is to establish legislative oversight, review, and approval of the Hawaii community development authority's master planning functions and development of community development districts prior to the expenditure of public funds on development district infrastructure.

Specifically, this bill requires the Hawaii community development authority to adopt community and public notice procedures, including posting of the authority's proposed development plans, notices, and minutes on the authority's website. The authority is also required to hold a separate public hearing for decision making and post notice for the hearing. In connection with designation of community development districts and community development plans, the authority is required to submit to the legislature, rather than the governor, a proposed concurrent resolution summarizing the community development plan and recommending its adoption. The bill authorizes the approval of the plan on passage of the concurrent resolution by both houses of the legislature.

The bill applies the same procedure, i.e. submission by the authority of a proposed concurrent resolution and adoption of the concurrent resolution by both houses of the legislature, to approve amendments to a proposed community development plan. Finally, the bill prohibits the expenditure of any moneys from revolving funds under the Hawaii community development authority to initiate new infrastructure projects without specific appropriation by the legislature.

Upon further consideration, your Committee has amended this measure by making a technical nonsubstantive amendment for the purposes of clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2090, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2090, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2817 Ways and Means on S.B. No. 2155

The purpose of this measure is to assist the Agribusiness Development Corporation in its task of agribusiness development. Specifically, this measure:

- (1) Permits the Agribusiness Development Corporation to purchase permanent conservation easements for farm and ranch lands protection;
- (2) Permits the Agribusiness Development Corporation to contract with financial institutions for lease management services; and

- (3) Makes an appropriation for the purchase of agricultural lands in Waialua, Oahu, owned by the Galbraith Estate by the Agribusiness Development Corporation.

Your Committee has allowed the amount to be appropriated in section 8 of this measure to remain unspecified to facilitate further discussion and has amended this measure by making technical nonsubstantive changes for purposes of consistency and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2155, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2155, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2818 Ways and Means on S.B. No. 2235

The purpose of this measure is to raise the ceiling of agriculture loan amounts from \$25,000 to \$75,000.

Your Committee finds that the current approval limit of \$25,000 has not been increased since authority to approve those loans was granted in 1982. The agricultural and aquacultural industries as well as the banking industries have undergone tremendous changes since that time. The increase in the approval authority will allow the loan program to improve services to applicants and better meet the needs of the agricultural and aquacultural industries.

Your Committee has amended this measure by increasing the loan ceiling from \$25,000 to \$50,000. Your Committee has also made technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2235, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2235, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2819 Ways and Means on S.B. No. 2360

The purpose of this measure is to require the owner or operator of a vessel to remove the vessel, at the owner's expense, if the vessel goes aground on submerged lands, shorelines, or coral reefs of the State.

This measure also:

- (1) Allows the Department of Land and Natural Resources to take immediate action to remove the vessel if it is grounded on a coral reef or is in imminent danger of breaking up;
- (2) Requires the owner of the vessel to pay for the cost of removal by the Department of Land and Natural Resources and for damage done by the vessel;
- (3) Allows the Department of Land and Natural Resources to take legal action to recover the cost of removal and requires the recovered funds to be deposited in the boating special fund; and
- (4) Exempts from liability persons who, in good faith, render assistance at the scene of a vessel grounded on a coral reef or in imminent danger of breaking up.

Your Committee finds that current law does not allow the Department of Land and Natural Resources to take quick action to remove vessels grounded on coral reefs or in imminent danger of breaking up. Wind and even one tidal cycle can drive a boat hard aground and compound both the costs of removal and damage to the environment. This measure allows the Department of Land and Natural Resources to take immediate action when a vessel is grounded on a coral reef or is in imminent danger of breaking up and to recover costs for removal of the vessel.

Your Committee has amended this measure by:

- (1) Clarifying that the cost of removal and environmental damage must be borne by the owner or operator of the vessel; and
- (2) Making technical nonsubstantive changes for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2360, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2360, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2820 Ways and Means on S.B. No. 2417

The purpose of this measure is to appropriate funds to support and implement the Coqui Frog Working Group Incident Action Plan.

The measure also appropriates funds to the counties of Maui, Kauai, and the city and county of Honolulu to eradicate and control coqui frogs.

Your Committee finds that the island of Hawaii is infested by the Caribbean tree frog or as it is more commonly known--the coqui frog. In 2001, there were over eighty-five documented sightings of the frogs with another sixty-five occurrences that were undocumented. Currently, there are over one hundred fifty established sites on the island of Hawaii infested with coqui frogs. It is estimated that coqui frog populations on the island of Hawaii could reach ten times that reported in the frogs' native forests of Puerto Rico.

The high shrieking noise caused by the high concentrations of coqui frogs exceeds the Department of Health's maximum permissible noise level of seventy decibels. Coqui frogs also threaten the island's agriculture, which includes the floriculture industry.

In response to the coqui frog invasion, the Mayor of the county of Hawaii issued a Declaration of Emergency in February, 2004 that led the county of Hawaii, the Department of Agriculture, the University of Hawaii at Hilo, the University of Hawaii at Manoa, the United States Department of Agriculture's Wildlife Services Division, and the National Wildlife Research Center to form the Coqui Frog Working Group. The Group then produced the Coqui Frog Working Group Incident Action Plan to control and exterminate the coqui frogs on the island of Hawaii.

This measure would supplement the contributions by the county of Hawaii, the State, and the federal government to implement the action plan on the island of Hawaii, as well as fund coqui frog extermination efforts in the other three counties.

Your Committee has amended the measure by:

- (1) Changing the appropriation for the action plan to an unspecified amount for the purpose of furthering discussion on this matter; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2417, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2417, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2821 Ways and Means on S.B. No. 2476

The purpose of this measure is to place greater controls on the sale or exchange of certain state lands.

Specifically, the bill requires that the sale or exchange of any land that the Agribusiness Development Corporation, High Technology Development Corporation, and the Hawaii Public Housing Administration, the latter as of July 1, 2006, hold title to is subject to the approval of the Legislature by a concurrent resolution passed by a majority vote of both the Senate and the House of Representatives.

This measure further requires the approval of the Legislature by concurrent resolution passed by a majority vote of both the Senate and the House of Representatives for any sale, exchange, lease, or similar disposition of land to which the Hawaii Community Development Authority and the University of Hawaii hold title.

Your Committee has amended this measure by making technical nonsubstantive changes for style and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2476, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2476, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2822 Ways and Means on S.B. No. 2478

The purpose of this measure is to appropriate funds to the Hawaii Farm Bureau Federation to conduct agricultural research and promote agricultural market development.

Your Committee finds that the agriculture industry continues to play a vital role in Hawaii's economy and accounts for approximately \$2,400,000,000 in produce, products, and value-added commodities. The industry also employs more than thirty-eight thousand people and has seen a doubling in farm revenues to \$370,900,000 in the fast growing diversified agricultural sector. The success of the agriculture industry is attributable to a dedicated and hard working farm community that has taken an aggressive and dynamic approach to competing in the global agricultural market.

Continued growth and success, however, is dependent upon research and market development. In the past, the Hawaii Farm Bureau Federation has partnered with the Hawaii Agriculture Research Center, the University of Hawaii's College of Tropical Agriculture and Human Resources, and the Department of Agriculture on many research and market development projects.

This bill would allow the Hawaii Farm Bureau Federation to continue to coordinate research and market development projects to allow the agricultural community to compete in the world market to maintain and expand its market share.

Your Committee has amended the bill by changing the appropriation to an unspecified amount for purposes of furthering discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2478, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2478, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2823 Ways and Means on S.B. No. 2480

The purpose of this measure is to appropriate funds to conduct a study on the feasibility of constructing a wastewater treatment facility for Kapoho Vacationland Estates and Farmlots.

The study also includes the feasibility of constructing public restrooms at the Wai O Pae Marine Life Conservation District located within Kapoho Vacationland Estates and Farmlots.

Your Committee finds that the Kapoho Vacationland Estates and Farmlots on the island of Hawaii rely primarily on cesspools and septic tanks as a means of wastewater disposal. Due to the high groundwater table, close proximity to the valuable nearshore water and porous ground formations, wastewater from these communities may be impacting the nearshore waters.

This bill provides the funds to conduct a feasibility study to determine whether a wastewater treatment facility or other alternative will work best to protect the environment in this area.

Your Committee has amended the bill by making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2480, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2480, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2824 Ways and Means on S.B. No. 2482

The purpose of this measure is to make an appropriation to be expended by the Department of Agriculture for the development of a master plan for an agricultural park in Kunia.

In a past Land Use Commission reclassification proceeding, a condition was added to the decision and order requiring the dedication of a one hundred and fifty acre buffer area to the State in order to separate the existing and future Royal Kunia residential development and activities on agricultural lands mauka of the residential development.

Your Committee finds that the lands were recently dedicated and that a master plan for the development of the lands for an agricultural park is necessary for the proper and expeditious use of this land.

Your Committee has amended the measure by:

- (1) Clarifying that the land was "dedicated" rather than "donated" to the State;
- (2) Clarifying the location of the land; and
- (3) Making technical nonsubstantive changes to this measure for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2482, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2482, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2825 Ways and Means on S.B. No. 2484

The purpose of this measure is to appropriate funds for the installation of two vog monitoring stations, one at Mountain View and one at Pahala on the island of Hawaii.

Your Committee finds that Kilauea volcano on the island of Hawaii has erupted continuously for twenty three years and has emitted thousands of tons of gases containing sulfur dioxide and carbon dioxide. These gases react with other chemicals in the air to produce a visible haze, often referred to as vog.

Vog has been shown to cause a variety of illnesses, including adolescent allergies, asthma, and other respiratory diseases. Vog is also linked to bronchitis, cardiac problems and other medical maladies related to the eyes, nose, throat, and lungs.

In response to the health threat posed by vog, the Legislature adopted Senate Concurrent Resolution No. 135 in 2005, to request the Department of Health to implement a vog monitoring plan.

Pursuant to the recommendations made in the Department's plan, this bill appropriates funds to establish vog monitoring stations at Mountain View and Pahala on the island of Hawaii that are equipped with sulfur dioxide monitors and meteorological equipment. The information from the stations would:

- (1) Be accessible to the public through an internet website;
- (2) Provide timely notice on vog conditions in Hawaii; and
- (3) Serve to document relevant data for the purpose of establishing public policy on this matter.

Your Committee has amended the bill by:

- (1) Changing the amount appropriated to an unspecified amount to promote continuing discussion on the matter; and
- (2) Making technical amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2484, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2484, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2826 Ways and Means on S.B. No. 2485

The purpose of this measure is to authorize special purpose revenue bonds for certain agricultural enterprises that construct or renovate irrigation systems or infrastructure that directly benefit and serve important agricultural lands.

Your Committee finds that Hawaii's agriculture industry has the ability to be globally competitive in developing high-value products that take advantage of Hawaii's brand identity. Your Committee further finds that encouraging agricultural development will pay not only financial dividends to the State, but environmental and social dividends as well. This measure helps agriculture with that beneficial development.

Your Committee has amended this measure by:

- (1) Adding provisions regarding the powers of the Department of Budget and Finance with regard to special purpose revenue bonds that are consistent with similar provisions of Chapter 39A, Hawaii Revised Statutes, regarding other types of special purpose revenue bonds;
- (2) Exempting the State from having to pay interest on a deposit paid as security for reimbursement of the State's cost of entering into negotiations for a project agreement, consistent with similar provisions of Chapter 39A, Hawaii Revised Statutes, regarding other types of special purpose revenue bonds;
- (3) Adding language regarding present and future liens of any mortgage of the project party securing the project party's bonds, consistent with similar provisions of Chapter 39A, Hawaii Revised Statutes, regarding other types of special purpose revenue bonds; and
- (4) Making technical nonsubstantive changes for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2485, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2485, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2827 Ways and Means on S.B. No. 2493

The purpose of this measure is to amend Act 8, Special Session Laws of Hawaii 2005, to provide the Hawaii Sustainability Task Force with more time to finish preliminary work on the Hawaii 2050 Sustainability Plan.

Specifically, the measure amends Act 8 by:

- (1) Extending the Auditor's deadline by one year to complete the 2050 Sustainability Plan; and
- (2) Extending the Task Force's authority to conduct its proceedings from the adjournment sine die of the 2007 Regular Session of the Legislature to June 30, 2008.

Your Committee finds that Act 8, Special Session Laws of Hawaii 2005, authorized the creation of the Task Force to review the Hawaii State Plan and the State's planning process and required the Office of the Auditor to prepare the Hawaii 2050 Sustainability Plan.

In December 2005, the Task Force submitted its first report to the Legislature, and in the report, the Task Force determined that, among other things, the process to create the 2050 Sustainability Plan should include research and data gathering, community input and outreach, and activities to educate the public. However, these efforts take a significant amount of planning and coordination.

This measure will allow the Task Force to continue its work for another year to complete its preliminary work on the Hawaii 2050 Sustainability Plan.

Your Committee has amended the measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2493, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2493, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2828 (Majority) Ways and Means on S.B. No. 2550

The purpose of this measure is to establish the Kakaako central small business district, within the geographic boundaries of the Kakaako community development district.

This measure also imposes a moratorium on the Hawaii Community Development Authority from planning, engaging, or beginning any capital improvement project involving any infrastructure construction or street improvements in the Kakaako community development district from its effective date until January 1, 2007.

Your Committee has amended this measure by:

- (1) Transferring jurisdiction over the Kakaako central small business district to the city and county of Honolulu;
- (2) Requiring that any use, zoning, planning, and development of land and construction within the Kakaako central small business district shall be in accordance with the ordinances and rules of the City and County of Honolulu;
- (3) Limiting the moratorium on the Hawaii Community Development Authority to prohibiting it from undertaking any capital improvement project, involving infrastructure improvements and street improvements, within the Kakaako central small business district rather than within the entire Kakaako community development district;
- (4) Changing the effective date of this measure to facilitate further discussion of this matter; and
- (5) Making technical nonsubstantive changes for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2550, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2550, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, 1 (Trimble). Excused, 1 (Hemmings).

SCRep. 2829 Ways and Means on S.B. No. 2575

The purpose of this measure is to appropriate funds to enable the completion of a baseline environmental study of the Waianae Coast ocean area.

Pursuant to Act 6, Special Session Laws of Hawaii 2005, the Legislature required the Department of Land and Natural Resources to prepare a baseline environmental study of the area from Kalaeloa point to Kaena point for the purpose of designating the boundaries of and adopting rules for an ocean recreation management area. However, the study was not completed due to a lack of funding.

Your Committee understands that the cumulative economic, environmental, social, and cultural impacts of the growing west Oahu population and visitor industry remain matters of great concern to the communities along the Waianae coast. This measure will enable the Department of Land and Natural Resources to complete the baseline environmental study.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2575, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2575, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2830 Ways and Means on S.B. No. 2753

The purpose of this measure is to appropriate funds for the continued operation and maintenance of the east Kauai irrigation system.

Your Committee finds that after Amfac Sugar Company ceased operating the east Kauai irrigation system in 2001, the East Kauai Water Users' Cooperative was formed to continue operations of the state-owned system. The system provides water for a variety of purposes, including farmers in the Kapaa area, the Fern Grotto, a popular tourist destination, and the Wailua reservoir, which feeds water into public fishing areas, campgrounds and an educational center for children. Despite user fees charged to system patrons, the system is in need of financial assistance.

This bill would provide the necessary funds to assist the East Kauai Water Users' Cooperative to operate and maintain the system for the benefit of the Kauai community.

Your Committee has amended the bill by:

- (1) Making the Agribusiness Development Corporation the expending agency;
- (2) Changing the appropriation to an unspecified amount for the purpose of furthering discussions; and
- (3) Making technical amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2753, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2753, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2831 (Majority) Ways and Means on S.B. No. 2954

The purpose of this measure is to promote the repair and maintenance of irrigation systems throughout the State. Specifically, this measure:

- (1) Establishes the irrigation repair and maintenance special fund;
- (2) Provides grants from the irrigation repair and maintenance special fund to private irrigation system owners who provide matching funds equal to the amount received from the special fund; provided that the lands served by the irrigation system is dedicated to diversified agriculture;
- (3) Defines "diversified agriculture";
- (4) Provides an income tax credit equal to the amount that the irrigation system owner provided in obtaining funding from the irrigation repair and maintenance special fund;
- (5) Authorizes the Director of Finance to issue general obligation bonds in the sum of \$30,000,000 and appropriates the same amount to be deposited into the irrigation repair and maintenance special fund; provided that \$50,000,000 in federal matching funds are also deposited into the irrigation repair and maintenance special fund;
- (6) Makes an appropriation out of the irrigation repair and maintenance special fund in the sum of \$80,000,000 for repair and maintenance of irrigation systems; and
- (7) Makes appropriations out of the general fund in the sum of \$11,886,000 for repair and maintenance of certain irrigation systems and an unspecified sum for the administrative costs of the Agribusiness Development Corporation.

Your Committee amended this measure by:

- (1) Changing the amount of the general obligation bond issue and the various appropriations in this measure to an unspecified amount to facilitate further discussion on these matters; and
- (2) Making technical nonsubstantive changes for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2954, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2954, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, 1 (Slom). Excused, 1 (Hemmings).

SCRep. 2832 Ways and Means on S.B. No. 2984

The purpose of this measure is to appropriate funds to the Kikala-Keokea housing revolving fund.

Over the years, the native Hawaiian residents of Kalapana on the island of Hawaii maintained a unique community promoting the native Hawaiian way of life. The continuation of this way of life, however, was threatened as a result of volcanic eruptions which eventually destroyed one of the last native Hawaiian settlements on the island.

In response to this tragedy, the Legislature, by Act 314, Session Laws of Hawaii 1991, provided relocation assistance to displaced residents of Kalapana by awarding long-term leases in the Kikala-Keokea homestead area. Subsequently, by Act 144, Session Laws of Hawaii 2001, the Legislature established the infrastructure development fund to finance the construction of infrastructure in the area and the Kikala-Keokea housing revolving fund to provide low-interest loans to Kikala-Keokea lessees for home construction. This measure appropriates funds to the Kikala-Keokea housing revolving fund to allow housing construction to begin.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount to facilitate further discussion;
- (2) Changing its effective date from July 2, 2006, to July 1, 2006; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2984, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2984, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2833 (Majority) Ways and Means on S.B. No. 3037

The purpose of this measure is to provide a tax credit to assist the victims of the Manoa flood of 2004.

Your Committee finds that the heavy rain and flood of October 2004 had devastating consequences for many residents of Manoa Valley. Approximately one hundred forty homes and several automobiles sustained damage caused by the torrential downpour that overflowed the banks of Manoa Stream. Fortunately, the flooding did not cause any serious injuries or deaths, but the property damage it left in its wake is still being felt by many Manoa families.

This bill provides a modicum of relief to the victims of the Manoa flood in the form of a one-time nonrefundable tax credit not to exceed \$2,000. The tax credit applies to losses of real or personal property caused by the heavy rain and flood.

In response to the heartfelt testimony received by your Committee from the victims of the Manoa flood and the enormous losses sustained by these victims, your Committee has amended the bill to increase the tax credit limit to \$10,000 per qualified taxpayer. Your Committee has also amended the bill by:

- (1) Adding other qualifying provisions with respect to the tax credit; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3037, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3037, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 2 (Slom, Trimble). Excused, 1 (Hemmings).

SCRep. 2834 (Majority) Ways and Means on S.B. No. 3077

The purpose of this measure is to provide guidance on developing an effective process to award funds from the land conservation fund.

Specifically, the measure:

- (1) Establishes and assigns responsibilities to a legacy land conservation commission to assist the Department of Land and Natural Resources and the Board of Land and Natural Resources in administering the land conservation fund;
- (2) Establishes criteria for prioritizing land and easement acquisitions with moneys from the land conservation fund;
- (3) Provides for the development and periodic updating of a resource land acquisition plan;
- (4) Provides for legislative review of lands acquired; and
- (5) Requires the Department of Land and Natural Resources to submit to the Legislature, on an annual basis:
 - (A) A resolution with a list of all lands acquired; and
 - (B) A report listing the acceptance or rejection by the Board of Land and Natural Resources of the legacy land conservation commission's advice and recommendations.

By Act 156, Session Laws of Hawaii 2005, the Legislature established the land conservation fund to protect state land and resources for future generations. This includes, among other things, conserving land for watershed protection, coastal preservation, flood prevention, parks, habitat protection, cultural preservation, agricultural production, and open space and scenic resources. Your Committee understands that this measure provides needed guidance on the process for awarding funds from the land conservation fund.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3077, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3077, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 2 (Slom, Trimble). Excused, 2 (Nishihara, Hemmings).

SCRep. 2835 (Majority) Ways and Means on S.B. No. 3078

The purpose of this measure is to assist the Agribusiness Development Corporation to create the Hawaii agribusiness plan.

Specifically, this bill directs the Legislative Reference Bureau to conduct a study to identify elements that should be included in the Hawaii agribusiness plan and to:

- (1) Identify the government agencies, public and private organizations, and individuals that are stakeholders that directly benefit from the agribusiness development corporation;
- (2) Convene a working group of the stakeholders in the agricultural industry, which shall include but not be limited to individuals from the department of agriculture, the Agribusiness Development Corporation, the University of Hawaii College of Tropical Agriculture and Human Resources, the Hawaii Farm Bureau Federation, and county farm bureaus, as well as individual farmers and ranchers;
- (3) Organize working group meetings and facilitate discussions and suggestions to improve the Agribusiness Development Corporation, identify the necessary elements for developing the Hawaii agribusiness plan, and evaluate the transfers proposed in the original S.B. No. 3078;
- (4) Produce a report of its findings and recommendations, as well as the working group's findings and recommendations; and
- (5) Submit its report to the legislature at least twenty days before the convening of the 2007 regular session.

Upon further consideration, your Committee has amended this bill to enable the Legislative Reference Bureau to provide a research product that is useful to the Legislature in a more expedient manner by removing:

- (1) The concept of having the Bureau convene a working group; and
- (2) The requirement for the Bureau to evaluate the specific transfer of responsibilities between agencies as proposed in the original draft of this bill.

Your Committee has also made technical nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3078, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3078, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 1 (Trimble). Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2836 Ways and Means on S.B. No. 3084

The purpose of this measure is to clarify the appraisal process for state acquisitions of real property.

Specifically, this measure permits land acquisition pursuant to chapter 173A, Hawaii Revised Statutes, relating to lands having value as a resource to the State, based upon an appraisal completed within six months if the Attorney General finds the appraisal was performed according to accepted professional standards.

Your Committee has amended this measure by:

- (1) Clarifying that, in any case of the purchase of land by the State, the Attorney General, after consultation with the Department of Land and Natural Resources or another independent appraiser, may determine that the purchase of the land at a cost above appraisal may be justified; and
- (2) Making technical nonsubstantive changes for consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3084, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3084, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2837 Ways and Means on S.B. No. 3086

The purpose of this measure is to stabilize agricultural park lease rent rates by requiring the use of a fairer method of calculating rates during a lease rent reopening.

Specifically, lease rent would be determined during a reopening by an appraisal that is based on the highest and best use of the agricultural park that is determined by an income capitalization approach that considers the potential agricultural yield from the agricultural park.

Your Committee finds that the booming Hawaii real estate market has fueled substantial increases in the lease rent rates for state agricultural leases. Lessees are faced with significant increases because lease rent rates are based on the highest and best use of the agricultural park, which may include considerations other than agriculture.

This bill addresses this problem by requiring the consideration of the potential agricultural yield from the agricultural park in determining the highest and best use of the agricultural park.

Your Committee has amended the measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3086, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3086, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Nishihara, Hemmings).

SCRep. 2838 Ways and Means on S.B. No. 3096

The purpose of this measure is to appropriate funds to complete the state agricultural water use and development plan.

Your Committee finds that the state agricultural water use and development plan is intended to provide an overview of all of the State's sources of agricultural water and set standards and priorities for the State. The initial report provided only a limited overview of some of the irrigation systems. The Department of Agriculture is currently completing phase 3 of the plan. Additional funding is needed to complete the plan.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3096, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Fukunaga, Hemmings).

SCRep. 2839 Ways and Means on S.B. No. 3098

The purpose of this measure is to change the boundaries of the Kakaako Community Development District by deleting the areas comprising piers 1 and 2 and the contiguous backup fast lands that serve as a foreign cargo container yard and transferring the lands to the Department of Transportation, Harbors Division.

Your Committee finds that the foreign cargo container yard capacity will be exhausted within five years. The area used for foreign cargo containers was already reduced with the development of the passenger cruise ship terminal as part of pier 2. However, it was

brought to the attention of your Committee that the area that is being deleted from the Kakaako Community Development District to be transferred to the Department of Transportation also contains the foreign-trade zone under the direction of the Department of Business, Economic Development, and Tourism.

Accordingly, your Committee has amended this measure by:

- (1) Directing the Hawaii Community Development Authority to transfer the lands in question to the Department of Land and Natural Resources;
- (2) Directing the Governor to set aside the areas:
 - (A) Presently containing the foreign-trade zone to the Department of Business, Economic Development, and Tourism; and
 - (B) Presently used as pier 1 and 2 and the backup foreign cargo container yard to the Department of Transportation;
- (3) Clarifying the jurisdiction and administrative authority of Department of Business, Economic Development, and Tourism over the lands presently containing the foreign-trade zone; and
- (4) Making technical nonsubstantive changes for clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3098, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3098, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Espero, Hemmings).

SCRep. 2840 Ways and Means on S.B. No. 3138

The purpose of this measure is to make an appropriation to be expended by the Auditor for the preparation of the Hawaii 2050 Sustainability Plan.

The Hawaii 2050 Sustainability Plan is to define and implement state goals, objectives, policies, and priority guidelines, by implementing some or all of the recommendations of the 2050 Task Force.

Your Committee has left the amount appropriated unspecified to allow further discussion on this matter.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3138 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Nishihara, Hemmings).

SCRep. 2841 Ways and Means on S.B. No. 3147

The purpose of this measure is to appropriate funds to purchase Waimea Valley on the island of Oahu.

Your Committee finds that Waimea Valley, Oahu, has long been recognized for its beauty and cultural and historical significance. The 1,875 acre valley is also the home of many species of endemic and migratory avifauna, including the endangered nene or Hawaiian goose, koloa or Hawaiian duck, alae ula or Hawaiian gallinule, and the aukuu or black-crowned night heron.

This natural treasure, however, may be lost forever to development by its private owner. The City and County of Honolulu has indicated a willingness to contribute \$5,200,000 to acquire the valley. Other organizations, including the United States Army and the Office of Hawaiian Affairs, have also pledged funds to help preserve the valley in its natural pristine condition.

This measure would allow the State to assist in this effort to purchase Waimea Valley to preserve and protect the valley for future generations to appreciate and enjoy.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3147, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Nishihara, Hemmings).

SCRep. 2842 (Majority) Ways and Means on S.B. No. 54

The purpose of this measure is to allow any elective officer who attains the age of sixty-five to retire and receive a service retirement allowance while continuing to fill an elective position.

Your Committee finds that under the current law, only members of the Legislature are eligible to receive pensions upon attaining the age of sixty-five while continuing to serve in elective positions. This amendment to the law will serve to provide equity as well as attract a more diverse group of candidates for elected public service.

Your Committee has amended the measure by requiring that the elective officer continuously serve in the state legislature as an elective officer for at least twenty years immediately prior to retiring in order to qualify for this retirement benefit.

In making these amendments, your Committee declares that it is not the intent of your Committee to abrogate the retirement benefits of any vested member of the Employees' Retirement System and that any alteration to retirement benefits made under this measure is to be applied prospectively.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 54, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 54, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 1 (Trimble). Excused, 3 (Inouye, Kokubun, Nishihara).

SCRep. 2843 (Majority) Ways and Means on S.B. No. 87

The purpose of this measure is to establish a new collective bargaining unit for substitute teachers, including part-time substitute teachers, of the Department of Education.

Your Committee finds that substitute teachers provide vital assistance to the schools and the students.

Your Committee has amended this measure by:

- (1) Giving substitute teachers the option of joining an appropriate and existing bargaining unit;
- (2) Substituting the current language of section 89-6, Hawaii Revised Statutes, rather than the language that section will revert to on July 1, 2008, pursuant to the repeal and reenactment provision of Act 245, Session Laws of Hawaii 2005; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

Your Committee has concerns about allowing part-time employees to join a union but also recognizes that this measure is a "work in progress" and deserves continued discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 87, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 87, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, 1 (Trimble). Excused, 4 (Fukunaga, Inouye, Kokubun, Nishihara).

SCRep. 2844 Ways and Means on S.B. No. 301

The purpose of this measure is to provide funding to support staffing for the Hawaii civil rights commission.

Specifically, this bill appropriates \$134,340 for three positions—an investigator, a legal assistant, and an attorney mediation coordinator at the Hawaii civil rights commission.

Upon further consideration, your Committee has amended this bill by:

- (1) Changing the appropriated amount to an unspecified amount to facilitate further discussion; and
- (2) Making technical nonsubstantive changes.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 301, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 301, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2845 Ways and Means on S.B. No. 304

The purpose of this measure is to appropriate funds for the nursing and dental hygiene programs at the University of Hawaii.

Specifically, this measure appropriates funds for faculty, administrative, and staff positions, distance learning, salary adjustments, facility planning, a nursing consortium, and rural health.

Your Committee finds that this measure is needed to support the efforts of the University of Hawaii at increasing its educational capacity in the area of nursing and dental hygiene in order to produce a qualified workforce to meet Hawaii's health care needs in the future.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 304, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 304, S.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2846 Ways and Means on S.B. No. 916

The purpose of this measure is to allow trustees of the Office of Hawaiian Affairs who were in service on July 1, 2002, with no fewer than five years of employees' retirement system membership service, and who elected to become employees' retirement system members prior to October 1, 2002, to purchase their service credit pursuant to section 88-59, Hawaii Revised Statutes.

Your Committee finds that Act 183, Session Laws of Hawaii 2002, authorized Office of Hawaiian Affairs trustees to become members of the employees' retirement system. However, the law did not address whether trustees would be able to obtain credit for service rendered during the period between July 1, 1993, and July 1, 2002. As a result, trustees who could claim prior service credit after having served the requisite number of years, who were eligible for retirement, and who did not wish to seek an additional term in office were unable to acquire full credit for past service. This measure will ensure consistency in the retirement benefits extended to Office of Hawaiian Affairs trustees.

Your Committee has amended this measure by making technical nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 916, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 916, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2847 Ways and Means on S.B. No. 2021

The purpose of this measure is to provide parity to retirees who relocate outside the coverage of the Hawaii employer-union health benefits trust fund.

Specifically, this bill requires the Hawaii employer-union health benefits trust fund to reimburse retirees who have relocated outside the coverage of the fund for costs associated with securing a personal health insurance policy. Reimbursement is limited to the lesser of the actual cost of the policy or the amount of the state or county contribution for the most comparable health benefits plan. Reimbursements are to begin on July 1, 2007 and apply to all retirees regardless of their date of retirement.

Upon further consideration, your Committee has amended this bill by clarifying that the reimbursements apply to all retirees regardless of their date of retirement by specifically including this provision within the text of the new section 87A- , Hawaii Revised Statutes. Your Committee has also made technical nonsubstantive amendments for the purposes of clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2021, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2021, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2848 (Majority) Ways and Means on S.B. No. 2209

The purpose of this measure is to ensure that workers on public work projects are paid prevailing wages, regardless of whether the public work project was directly built or developed by a governmental contracting agency.

Specifically, the measure requires the Department of Labor and Industrial Relations (Department) to enforce the laws of chapter 104 (wages and hours on public work projects), Hawaii Revised Statutes, and to collect and maintain the certified copies of payrolls for any public work project subject to chapter 104, Hawaii Revised Statutes, that was not directly built or developed by a governmental contracting agency.

Your Committee finds that contractors on certain public work projects have been able to avoid compliance with prevailing wages laws, largely due to a lack of monitoring and enforcement. Your Committee also finds that certain public work projects, including those that are funded through the use of special purpose revenue bonds, lack an identifiable governmental contracting agency. Consequently, contractors on public work projects without a governmental contracting agency are able to avoid compliance with the law, as there is no entity to enforce or monitor compliance with chapter 104, Hawaii Revised Statutes.

Your Committee has amended the measure by:

- (1) Placing the proposed new language into a separate new section of law within the same chapter rather than inserting it into section 104-2, Hawaii Revised Statutes; and
- (2) Changing the effective date from upon approval to July 1, 2050, to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2209, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2209, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, 1 (Slom). Excused, 1 (Hemmings).

SCRep. 2849 Ways and Means on S.B. No. 2272

The purpose of this measure is to require retired individuals who receive reimbursements from the Hawaii employer-union health benefits trust fund for Medicare part B premiums to designate a financial institution of their choice for direct deposit of reimbursements after July 1, 2006.

In addition, this measure also clarifies the language of the existing law relating to health benefits plan supplemental to Medicare under section 87A-23, Hawaii Revised Statutes, by making technical nonsubstantive amendments.

Your Committee believes that this measure will increase the efficiency of reimbursements made by the Hawaii employer-union health benefits trust fund and reduce operating costs.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2272 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2850 Ways and Means on S.B. No. 2273

The purpose of this measure is to make various amendments to the employees' retirement system.

The amendments relate to definitions, credited service, contributions, calculation of nontax-qualified benefits, beneficiary designations, accidental and ordinary death benefits, investment vehicles, active duty, returns to service, and class conversions.

Your Committee finds that the changes in this administration measure will synchronize the statutes with the operating practices of the Employees' Retirement System, address Internal Revenue Service and other federal requirements, and make housekeeping changes.

Your Committee has amended this measure, upon the advice of the Employees' Retirement System, to make additional changes, as follows:

- (1) Allowing former nonvested contributory plan members whose accumulated contributions are more than \$1,000 to file an application to withdraw those funds upon their return to service; and
- (2) Allowing noncontributory plan members hired or returning to service from March 1, 2006, through June 30, 2006, to have sixty days to make an election to join the hybrid plan.

Your Committee has also made technical nonsubstantive amendments for the purposes of clarity, style, and consistency, and to conform underlying statutory text to the printed version of the Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2273, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2273, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2851 Ways and Means on S.B. No. 2274

The purpose of this measure is to amend certain provisions of the State's Employees' Retirement System law to maintain its tax qualified status.

Specifically, the measure:

- (1) Amends section 88-321, Hawaii Revised Statutes, to prohibit former contributory class A plan members of the Employees' Retirement System who withdrew or received refunds of their contributions under section 414(h)(2) of the Internal Revenue Code of 1986, as amended, while still employed by the State or a county, from joining the contributory class H (hybrid) plan; and
- (2) Repeals section 88-46.5, Hawaii Revised Statutes, which allows contributory class A and contributory class H members to withdraw their accumulated contributions while still employed by the State or county if beset by economic hardship.

Your Committee finds that the measure is necessary to protect the Employees' Retirement System's tax qualified status under the Internal Revenue Code of 1986, as amended.

Your Committee has amended the measure by:

- (1) Clarifying that the measure also pertains to class B members of the Employees' Retirement System;
- (2) Clarifying that a former class A or class B member who:
 - (A) After June 30, 1984, returns to service without vested benefit status;
 - (B) Is required to enroll as a class C member; and
 - (C) Has been refunded all accumulated contributions;
 Does not have the option to be a class H member upon a return to service; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2274, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2274, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2852 (Majority) Ways and Means on S.B. No. 2416

The purpose of this measure is to allow individuals who have retired from public service to be rehired for critical-to-fill or labor shortage positions by the State or a county without the loss or suspension of retirement benefits.

The measure also requires that, to qualify for rehiring, the retirant must have been retired for at least one calendar year prior to being rehired.

Your Committee finds that the current labor pool is decreasing in Hawaii, yet the need for qualified individuals to work for the state and county governments remains constant. Your Committee recognizes that the changing demographics of the current workforce have resulted in an aging workforce, with many workers becoming eligible for retirement with full benefits. The utilization of retired government employees will provide a short- and long-term solution to the current workforce deficits that have been created by an increased number of retirements, positions in a labor shortage category, and positions categorized as hard-to-fill.

Your Committee has amended the measure by:

- (1) Clarifying that the Judiciary may participate in this personnel initiative; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2416, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2416, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, 2 (Slom, Trimble). Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2853 (Majority) Ways and Means on S.B. No. 2546

The purpose of this measure is to establish a Hawaii construction authority task force to determine the feasibility of establishing a Hawaii Construction Authority.

Your Committee finds that the construction industry has experienced a recent boom in construction activities with projection of continued growth. This expansion of the construction industry brings with it many unanswered questions relating to:

- (1) The adequacy of the workforce and future labor needs;

- (2) Redundancy and bureaucracy in the land use and permitting process;
- (3) The impact of the construction industry on the finite natural resources of the State; and
- (4) The environmental impacts of increased development.

The Hawaii construction authority task force is tasked with the review of the above issues and any other pertinent issues to determine the efficacy, costs, and benefits of establishing a Hawaii Construction Authority.

Your Committee has amended this measure by making technical nonsubstantive changes for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2546, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2546, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 2 (Slom, Trimble). Excused, 1 (Hemmings).

SCRep. 2854 (Majority) Ways and Means on S.B. No. 2616

The purpose of this measure is to generally prohibit employees from being required to work more than five hours straight without at least a thirty minute meal break.

Your Committee finds that rest periods should as a matter of public policy be afforded to all employees in order to maintain productivity and morale.

Your Committee notes that exceptions are provided to certain employers where their employees are covered by collective bargaining or where continuous operations or service are necessary.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2616, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2616, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 3 (Sakamoto, Slom, Trimble). Excused, 1 (Hemmings).

SCRep. 2855 (Majority) Ways and Means on S.B. No. 2640

The purpose of this measure is to clarify the previously stated legislative intent of authorizing voluntary employees' beneficiary association trusts.

Specifically, this measure clarifies that the trusts may be established by any employee organization for the benefit of all employees represented by that employee organization, not just employees in one single particular bargaining unit of that employee organization.

Your Committee finds that this measure is necessary to clarify that a single trust may be established by an employee organization for all of its bargaining units. Without such clarifying language, an employee organization with multiple bargaining units might be led to infer that the law requires it to establish separate trusts for each of its bargaining units.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2640, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2640, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 2 (Slom, Trimble). Excused, 1 (Hemmings).

SCRep. 2856 (Majority) Ways and Means on S.B. No. 2643

The purpose of this measure is to expand the scope of workers eligible for referrals to receive vocational rehabilitation services.

Specifically, this bill includes those workers who have otherwise been deemed unable to return to their regular jobs—interpreted to cover non-physical injuries—for referrals by the Director of Labor and Industrial Relations to vocational rehabilitation services.

Upon further consideration, your Committee has made the following amendments:

- (1) Technical amendments for the purposes of clarity and consistency; and
- (2) Changing the effective date to June 30, 2099 for the purpose of facilitating further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2643, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2643, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes 12. Noes, 2 (Slom, Trimble). Excused, 1 (Hemmings).

SCRep. 2857 (Majority) Ways and Means on S.B. No. 3009

The purpose of this measure is to change the status of positions that are statutorily exempt from civil service to civil service positions in order to conform to the intent of Act 253, Session Laws of Hawaii 2000.

The measure specifically affects civil service exempt positions within the following departments, programs, or agencies:

- (1) The Department of Land and Natural Resources, Historic Preservation Program;
- (2) The Department of Commerce and Consumer Affairs, Compliance Resolution Fund;
- (3) The Department of the Attorney General;
- (4) The Hawaii Employer-Union Health Benefits Trust Fund;
- (5) The Department of Health, Environmental Response Program;
- (6) Department of Land and Natural Resources, Special Land and Development Fund;
- (7) The Commission on Water Resource Management;
- (8) Housing and Community Development Corporation of Hawaii;
- (9) The Workforce Development Council;
- (10) The Hawaii Community Development Authority;
- (11) The Public Utilities Commission;
- (12) The Department of Health, Clean Air Branch;
- (13) The Department of Health, Office of Solid Waste Management;
- (14) The Department of Human Services, Medicaid Home and Community-based Waiver Programs;
- (15) The Department of Health, Disability and Communication Access Board;
- (16) The Department of Labor and Industrial Relations, Office of Community Services;
- (17) The Department of Labor and Industrial Relations, Hawaii Career Information Delivery System;
- (18) The Department of Labor and Industrial Relations, Employment and Training Fund;
- (19) The Department of Commerce and Consumer Affairs, Division of Financial Institutions;
- (20) The Department of Commerce and Consumer Affairs, Insurance Division;
- (21) The Department of Commerce and Consumer Affairs, Cable Television Division; and
- (22) Office of the Public Defender.

The measure also:

- (1) Specifies that, for the Employer-Union Health Benefits Trust Fund:
 - (A) Repeals the provision that made positions transferred from the defunct Public Employees Health Fund become exempt; and
 - (B) May continue to hire civil service exempt employees for the following positions: an assistant administrator, financial management officer, information systems analyst, health program benefits manager, any other equal or higher level managers, and an administrative secretary; and

- (2) Extends the sunset date of Act 128, Session Laws of Hawaii 2004, from July 1, 2006, to July 1, 2007, which, among other things, allows civil service exempt employees with six consecutive years of service to apply for intra- and inter-departmental transfers or promotions.

Your Committee finds that, pursuant to Act 253, Session Laws of Hawaii 2000, the Legislature sought to reduce the number of civil service exempt employees in public service within the State. Your Committee further finds that the Department of Human Resources Development was tasked with annually reporting to the Legislature on the number of civil service exempt employees and recommendations on the necessity of changing the status of their positions.

The Department of Human Resources Development reports have indicated that, despite Act 253, Session Laws of Hawaii 2000, the conversion of civil service exempt positions since Act 253 was enacted have been few and are long overdue.

Your Committee has amended the measure by deleting the sections that require the following departments, programs, or agencies to convert their exempt positions to civil service:

- (1) The Hawaii Employer-Union Health Benefits Trust Fund;
- (2) The Department of Health, Environmental Response Program;
- (3) The Department of Land and Natural Resources, Special Land and Development Fund;
- (4) Housing and Community Development Corporation of Hawaii;
- (5) The Department of Health, Clean Air Branch;
- (6) The Department of Health, Disability and Communication Access Board; and
- (7) The Department of Commerce and Consumer Affairs, Insurance Division.

Your Committee has also:

- (1) Provided the Department of Human Resources Development with one year to effectuate the conversion of the positions effected by the measure; and
- (2) Made technical nonsubstantive changes for style and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3009, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3009, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 2 (Slom, Trimble). Excused, 1 (Hemmings).

SCRep. 2858 (Majority) Ways and Means on S.B. No. 3011

The purpose of this measure is to provide public employees with satisfactory performance in public service first consideration in filling civil service positions.

Your Committee finds that Act 253, Session Laws of Hawaii 2000, repealed that portion of section 76-22.5, Hawaii Revised Statutes, that required the Director of Human Resources Development to give first consideration to employees already within public service when determining the manner in which positions would be filled. It is unclear whether appropriate rules or policies have been established since Act 253 was enacted to provide a preference for current public employees under the merit system. Your Committee believes that the need to recruit and retain qualified employees, especially during these times of low unemployment rates, necessitates the establishment of a clear policy on the issue under the law.

Your Committee has amended this measure by clarifying that the current employee's experience must be reasonably related to the position being filled.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3011, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3011, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 2 (Slom, Trimble). Excused, 1 (Hemmings).

SCRep. 2859 (Majority) Ways and Means on S.B. No. 3012

The purpose of this measure is to allow a member of the Employees' Retirement System who is diagnosed with an incurable debilitating disease to qualify for ordinary disability retirement but continue working until the member is no longer able to do so.

Specifically, the measure:

- (1) Requires the Employees' Retirement System's medical board to render a decision on whether the member suffers from an incurable debilitating disease within thirty days of the receipt of the member's application for ordinary disability retirement;
- (2) Requires the Employees' Retirement System board of trustees to render a decision on the member's application for ordinary disability retirement within thirty days of receipt of the medical board's determination of eligibility for ordinary disability retirement; and
- (3) Establishes a definition for the term "incurable debilitating disease."

Your Committee finds that, under existing law, a member of the Employees' Retirement System can only qualify for ordinary disability retirement upon certification by the Employees' Retirement System's medical board that the member is permanently mentally or physically incapacitated and should be retired. However, your Committee further finds that some Employees' Retirement System members suffer from incurable debilitating diseases that have not yet progressed to the point where the members are unable to continue working. The measure would allow an Employees' Retirement System member suffering from an incurable debilitating disease to qualify for ordinary disability retirement but continue working until physically or mentally unable to do so.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3012, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 1 (Trimble). Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2860 Ways and Means on S.B. No. 3020

The purpose of this measure is to allow part-time, temporary, and seasonal or casual employees of the State, who do not already have health insurance coverage, to be eligible for health insurance benefits under the Hawaii Employer-Union Health Benefits Trust Fund.

Your Committee finds that, according to the University of Hawaii Social Science Research Institute, approximately six thousand civilian government employees in Hawaii are without health insurance. Many of these public employees are without health insurance due to their employment status as part-time or temporary employees. Under existing law, the state and county governments are exempt from the Prepaid Health Care Act, which requires private employers to provide health insurance coverage to their employees. As a result, the State or a county need not provide health insurance coverage to its temporary or part-time employees. Part-time or temporary public employees are also specifically excluded from coverage under the Hawaii Employer-Union Health Benefits Trust Fund.

Your Committee also finds that current labor shortages and the need for individuals who are specially trained has necessitated the utilization of an increased number of less than ninety-day hires, as well as part-time employees, thus leaving a number of public employees without health insurance coverage. Your Committee believes that, to properly address the issue of providing health insurance coverage to individuals in the State, especially those that the State may hire on contract or as part-time or seasonal employees, the State must first determine the scope of the problem.

Accordingly, your Committee has amended the measure by deleting its substance and inserting provisions that require the Hawaii Employer-Union Health Benefits Trust Fund to conduct a study on the cost and other impacts of providing health insurance coverage to part-time, temporary, and seasonal or casual employees of the State who do not already have health insurance coverage.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3020, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3020, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2861 (Majority) Ways and Means on S.B. No. 3022

The purpose of this measure is to provide funding to the Department of Labor and Industrial Relations and county workforce investment boards for workforce development activities.

Specifically, the measure amends Act 249, Session Laws of Hawaii 2005 (Act 249), relating to employment security, by:

- (1) Repealing the appropriation of funds for fiscal year 2005-2006, that were not released by the Governor;
- (2) Amending the appropriation amounts for fiscal year 2006-2007 by providing:
 - (A) \$9,590,000 to the Honolulu Workforce Investment Board;
 - (B) \$2,505,550 to the Maui Workforce Investment Board;
 - (C) \$2,000,000 to the Kauai Workforce Investment Board;

- (D) \$3,300,000 to the Hawaii Workforce Investment Board; and
- (E) \$2,604,450 to the Department of Labor and Industrial Relations;
- (3) Removing the requirement that funds appropriated to the County of Hawaii Workforce Investment Board be expended for the eradication of coqui frogs and other invasive species; and
- (4) Repealing section 4 of Act 249, which specified a priority of when funds appropriated to the Department of Labor and Industrial Relations were to be released and provided an exemption from the allotment system usually utilized by the executive branch to disburse funds to agencies.

Your Committee finds that Act 249 authorized the utilization of 2002 federal Reed Act funds to, among other things:

- (1) Provide seed money to the Department of Labor and Industrial Relations for a workforce development computer system;
- (2) Provide funding to the four counties' workforce investment boards to improve employer outreach and services, labor force pool expansion, capacity building, and to fund some shared costs for the operations of one-stop career centers; and
- (3) Provide funds to the Oahu Workforce Investment Board to partner with the Leeward Community College to provide federal Wagner-Peyser services for immigrants from the Freely Associated States.

In addition, Act 249 provided for the appropriation of funds from the unemployment trust fund to improve the services of the unemployment insurance and workforce development divisions of the Department of Labor and Industrial Relations. Within the appropriations made to the several county workforce investment boards, the moneys appropriated to the County of Hawaii were to be expended on the eradication of coqui frogs and other invasive species. Unfortunately, no funds appropriated under Act 249 have been expended by the specified entities.

Your Committee has amended the measure by making technical nonsubstantive amendments for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3022, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3022, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes 12. Noes, 2 (Slom, Trimble). Excused, 1 (Hemmings).

SCRep. 2862 (Majority) Ways and Means on S.B. No. 3031

The purpose of this measure is to require continued medical services to an injured employee involved in a workers' compensation dispute with the employee's employer or the employer's insurer until the Director of Labor and Industrial Relations makes a decision on continuation of treatment.

Your Committee finds that, presently, medical services provided to an injured employee may be suspended or delayed if a dispute arises with respect to the workers' compensation coverage of the injured employee. Delays caused by Department of Labor and Industrial Relations' hearings to resolve the dispute, or delays caused by insurers for various reasons, may result in aggravating the employee's injury or cause the employee to miss more work than originally expected. The delays may also increase the costs of the employee's medical treatment and ultimately increase workers' compensation premium costs for the employer.

To prevent this needless physical aggravation to the employee and possible spiraling medical costs for the workers' compensation system and the employer, this bill provides a reasonable and civil solution for all parties involved to promote cost effective medical services management and an expeditious return to work for the employee.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3031, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3031, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 2 (Slom, Trimble). Excused, 1 (Hemmings).

SCRep. 2863 (Majority) Ways and Means on S.B. No. 3034

The purpose of this measure is to extend the requirements of chapter 104, Hawaii Revised Statutes, relating to the payment of prevailing wages in public work projects to indirect public works.

The measure defines "indirect public work project" as any project relating to real or personal property that has or will receive a government benefit, including a construction contract between private parties if more than twenty-five per cent of the assignable square feet of the project is leased for use by the State or any county and where the lease was signed prior to commencement of the project or construction work is performed according to plans or specifications established by the State or any county.

Your Committee amended this measure by:

- (1) Including in the definition of "indirect public work project" any housing project developed pursuant to chapter 201H (housing finance and development administration); and
- (2) Making technical nonsubstantive changes for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3034, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3034, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 2 (Slom, Trimble). Excused, 1 (Hemmings).

SCRep. 2864 (Majority) Ways and Means on S.B. No. 3035

The purpose of this measure is to establish that only the Director of Labor and Industrial Relations is authorized to decide whether to terminate the temporary total disability benefits of an employee who has not actually returned to work.

Your Committee finds that corrective action is warranted to prevent the disruption of temporary total disability benefits by employers in workers' compensation cases. Such disruption is counterproductive and imposes a serious impediment to the cost-effective treatment and recovery of injured employees.

Your Committee has amended this measure by clarifying the stated purpose of the bill and by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3035, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3035, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 2 (Slom, Trimble). Excused, 1 (Hemmings).

SCRep. 2865 Ways and Means on S.B. No. 3090

The purpose of this measure is to require the Director of Labor and Industrial Relations to establish standardized forms for health care providers to use for workers' compensation reports and billings.

Your Committee finds that this measure will streamline reporting and billing. Furthermore, it will promote efficiency by making it easier for insurers, third party administrators, and self-insured employers to screen incoming reports and bills.

Your Committee has amended this measure by changing the effective date to July 1, 2007, and by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3090, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3090, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Hemmings).

SCRep. 2866 (Majority) Ways and Means on S.B. No. 640

The purpose of this measure is to improve the educational system in Hawaii.

Specifically, this measure establishes a salary commission to recommend salaries for members of the Board of Education and prescribes the operation of the commission. This measure deletes the per diem paid to board members but adds a protocol allowance to cover board members' expenses incurred in the course of a member's duties and responsibilities. The measure, upon its approval, takes effect upon the ratification of a constitutional amendment that makes the Department of Education a political subdivision headed by the Board of Education.

Upon further consideration, your Committee has amended this measure by:

- (1) Adding a new section 3 making a conforming amendment to the education law to appropriately require board members to serve on a full-time basis, and re-numbering the remaining sections of the bill accordingly;
- (2) Clarifying that the salary commission terminates on July 1, 2008, and on June 30 every four years thereafter in which it submits recommendations to the Legislature;
- (3) Making the Act take effect on July 1, 2095 and upon the ratification of a constitutional amendment that makes the Department of Education a political subdivision headed by the Board of Education; and

- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 640, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 640, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes 8. Noes, 3 (Hemmings, Slom, Trimble). Excused, 4 (Fukunaga, Inouye, Kokubun, Nishihara).

SCRep. 2867 Ways and Means on S.B. No. 1659

The purpose of this measure is to enable Department of Education charter schools to receive federal grant moneys under the Individuals with Disabilities Education Act.

Your Committee finds that most of the amendments proposed by this bill were made by Act 85, Session Laws of Hawaii 2005. Your Committee has amended the bill by:

- (1) Deleting the proposed changes that were already made in 2005;
- (2) Changing the effective date to July 1, 2006; and
- (3) Making technical nonsubstantive amendments for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1659, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1659, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2868 Ways and Means on S.B. No. 2071

The purpose of this measure is to provide funding for previously approved pay increases for coaches and assistant athletic directors.

Your Committee finds that funds were appropriated by Act 315, Session Laws of Hawaii 2001, to increase the base stipend paid to assistant athletic directors and coaches for fiscal years 2001-2002 and 2002-2003. Your Committee further finds that funds were not appropriated to fund further increases in stipends for fiscal years 2003-2004 and 2004-2005 as required by Act 315.

Your Committee further finds that pay increases for assistant athletic directors and coaches, based on the current teachers' collective bargaining agreement, were not funded for fiscal years 2005-2006 and 2006-2007. The funds appropriated by this measure will fulfill the State's previously established obligations to coaches and assistant athletic directors.

Your Committee has amended this measure by:

- (1) Changing the amount to be appropriated to an unspecified amount to facilitate further discussion; and
- (2) Making technical nonsubstantive amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2071, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2071, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2869 (Majority) Ways and Means on S.B. No. 2072

The purpose of this measure is to appropriate funds to establish and fill 16.5 permanent FTE athletic health care trainer positions in the public schools that would be assigned and filled based upon criteria established by the Department of Education.

Your Committee finds that additional athletic health care trainers are necessary to provide quality care for student athletes. An increase in the number of teams and participants in multiple athletic venues has shifted the focus of care from conditioning, injury prevention, and rehabilitative programs to injury management. Additional qualified athletic health care trainers are necessary to shift the focus back to conditioning, injury prevention, and rehabilitation. Your Committee finds that these positions should be made permanent and classified within the appropriate collective bargaining unit.

Your Committee has amended this measure by:

- (1) Making an unspecified appropriation for medical and rehabilitation supplies for athletic health care trainers; and

- (2) Making technical nonsubstantive amendments for purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2072, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2072, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Trimble). Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2870 (Majority) Ways and Means on S.B. No. 2229

The purpose of this measure is to expand the teacher housing program that is to be prospectively administered by the Department of Education beginning on July 1, 2006.

Specifically, the measure:

- (1) Clarifies that, to qualify for the teacher housing program, the teacher must be assigned and employed by the Department of Education;
- (2) Establishes that the unexpended proceeds of general obligation bonds issued for the purpose of constructing teacher housing, housing rental payments received by the State from public school teachers, and moneys received from the repayment of teacher housing downpayment loans are to be deposited into the teachers' housing revolving fund;
- (3) Expands the uses of the teachers' housing revolving fund to include the financing and repair of teachers' housing; and
- (4) Establishes a teacher downpayment loan program that includes loan qualification, borrower restriction, and default provisions.

Your Committee has amended the measure by:

- (1) Replacing the phrase "repayment loan" with the phrase "downpayment loan" on page 5, line 15, to conform the phrase to the rest of the references in the measure;
- (2) Changing the effective date from July 1, 2006, to July 1, 2050; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

Your Committee believes that the measure will assist the Department of Education in its efforts to attract and retain qualified teachers.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2229, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2229, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Trimble). Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2871 Ways and Means on S.B. No. 2305

The purpose of this measure is to improve services and activities available to veterans in the State by making changes to the policy advisory board on veterans' services.

Specifically, the measure:

- (1) Places the policy advisory board on veterans' services within the Office of Veterans' Services of the Department of Defense;
- (2) Increases the membership of the policy advisory board on veterans' services from seven members to twelve;
- (3) Increases the number of members that are required to be veterans from five to six; and
- (4) Requires at least one member each to reside in the counties of Kauai and Maui, two members to reside in the county of Hawaii, and four members to reside in the city and county of Honolulu.

Your Committee notes that, as the number of veterans living in the State continues to increase, the need for services and activities available to veterans multiplies correspondingly. To ensure fair and equal representation of Hawaii's veterans, this measure requires that members of the policy advisory board reside in each county in numbers that reflect the size of the community served.

Your Committee has amended this bill by:

- (1) Changing the number of members of the policy advisory board from twelve members to eight members, not including the four ex-officio members;

- (2) Limiting determinations of quorum to the presence of regular board members; and
- (3) Making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2305, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2305, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2872 Ways and Means on S.B. No. 2587

The purpose of this measure is to authorize the Department of Budget and Finance to issue special purpose revenue bonds in a total amount not to exceed \$6,000,000 for the purpose of assisting Kawaihāo School, a Hawaii not-for-profit private elementary school that serves the general public, to finance the planning, construction, and improvement of its educational facilities in the State.

Your Committee amended this measure by:

- (1) Adding a section to allow the Department of Budget and Finance to aggregate this project with other similar projects into a single issue of special purpose revenue bonds; and
- (2) Making technical nonsubstantive changes for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2587, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2587, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2873 (Majority) Ways and Means on S.B. No. 2648

The purpose of this measure is to appropriate funds to authorize the state Office of Veterans' Services to publish informational newsletters to assist Hawaii's military veterans.

Your Committee finds that the State lacks a reliable and effective method of communicating important information to Hawaii's military veterans, especially those returning from deployment to the Persian Gulf, Afghanistan, and Iraq. This lack of information prevents veterans from utilizing critical outreach and counseling services and participating in upcoming veteran-related events and military ceremonies.

Information regarding outreach and counseling services are extremely important to returning veterans, many of whom are struggling with some form of readjustment problem due to the dangers they faced fulfilling their military duties.

This bill would provide the necessary funds to ensure that veterans are better informed of veteran-related assistance programs and events to lead healthy and productive lives.

Your Committee has amended the bill by:

- (1) Changing the appropriation to an unspecified amount to facilitate further discussion on the matter; and
- (2) Making technical nonsubstantive changes for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2648, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2648, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, 1 (Trimble). Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2874 Ways and Means on S.B. No. 2650

The purpose of this measure is to exempt a passenger motor vehicle owned by a member of the Hawaii National Guard or any of the federal reserves from state and county vehicular fees and taxes.

To qualify for the exemption, the member had to be domiciled in Hawaii and in good standing.

Your Committee has amended this measure by:

- (1) Further requiring that the member:

- (A) Be a member of a unit;
 - (B) Have been ordered to active federal service; and
 - (C) Have been deployed during calendar year 2005 to a combat zone or a qualified hazardous duty area, as designated by the Internal Revenue Code of 1986, as amended; and
- (2) Limiting the exemption to a three-year period; and
 - (3) Making technical nonsubstantive changes for clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2650, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2650, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2875 Ways and Means on S.B. No. 2652

The purpose of this measure is to preserve the rights and benefits of the civil service employees of new century conversion charter schools.

The measure accomplishes this by establishing that Department of Education civil service employees whose school has become a new century conversion charter school are to retain their civil service status in the Department of Education's human resources civil service system.

The measure also establishes that Department of Education employees who are exempt from civil service and who also work at a school that has become a new century conversion charter school shall be entitled to all the rights and benefits of other civil service employees of the Department of Education.

Your Committee finds that preserving the civil service status of charter school employees is an important step in supporting education and new century conversion charter schools.

Your Committee has amended the measure by making technical nonsubstantive amendments for the purposes of style and clarity and to correct a formatting error.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2652, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2652, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2876 Ways and Means on S.B. No. 2704

The purpose of this measure is to recognize a single source of funding for school-level minor repair and maintenance programs.

Your Committee finds that public schools may use two sources of funding for school-level repair and maintenance projects: an account in the general fund and an account in the school-level minor repairs and maintenance special fund. Act 51, Session Laws of Hawaii 2004, however, implemented the weighted student formula, which calculated funding for schools based upon certain factors. One of those factors used to calculate the weighted student formula is programs that are financed by the general fund, such as a general fund account for school-level repair and maintenance programs.

This bill removes references to a school-level repair and maintenance account in the general fund because those funds are already accounted for in weighted student formula calculations. School-level repair and maintenance projects, however, will still be addressed by individual schools through the remaining funding source--an account in the school-level minor repairs and maintenance special fund.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2704, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2704, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2877 Ways and Means on S.B. No. 2705

The purpose of this measure is to permit the Department of Education to employ retired teachers and administrators to teach full-time in teacher shortage areas identified by the Department, provided the retirees have been retired for one calendar year.

In addition, the measure authorizes the rehired teachers to serve as mentors to new classroom teachers immediately upon being rehired and provides that the retired teacher or administrator who returns to the classroom continue to be entitled to retirement benefits without penalty.

Your Committee finds that many long time teachers of the "baby boom" generation are retiring, leaving difficult to fill vacancies. Existing shortages in certain teaching fields or geographic areas makes the teacher shortage caused by retirement even more difficult. Your Committee believes that this measure will allow the Department of Education to alleviate the teacher shortage by rehiring experienced teachers. The bill also benefits new teachers by providing mentors to assist new classroom teachers.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2705, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2878 Ways and Means on S.B. No. 2707

The purpose of this measure is to provide a formula by which the Department of Education is to allocate funds to new century charter schools for rent or lease payments and repair, maintenance, and improvements to these charter schools.

The bill also provides a schedule for the allocation of the funds.

Your Committee finds that, for many students, new century charter schools fulfill a meaningful alternative to traditional public schools. This measure will provide consistent funding for rent or lease payments, and repair and improvement for these charter schools, which will assist new century charter schools in providing a quality education in appropriate and safe facilities.

Your Committee has amended the measure by:

- (1) Changing the effective date to July 1, 2006, to coincide with the beginning of the fiscal year since the measure contains an appropriation; and
- (2) Making technical nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2707, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2707, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2879 Ways and Means on S.B. No. 2708

The purpose of this measure is to establish a statewide public school facilities impact fee for new residential developments proportionate to their impacts on public school facilities.

This measure sets forth the amount of impact fees to be paid by a residential development per unit, including single family detached, single family attached, and duplex dwellings, apartments, and condominiums, based on the assessment district the residential development is situated in. Any impact fee assessed and collected shall be deposited in the school impact fee special fund and may only be expended in the benefit district that the assessment district is located. Further, impact fees collected may only be expended on the costs of school construction and may not be expended on operational expenses of existing schools or on the cost of acquiring land for school facilities.

Your Committee has amended this measure by:

- (1) Deleting its contents and extending the working term of the school impact fee working group established pursuant to Act 246, Session Laws of Hawaii 2005, for one year;
- (2) Making an appropriation of an unspecified sum to facilitate further discussion on this matter; and
- (3) Making technical nonsubstantive changes for clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2708, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2708, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2880 Ways and Means on S.B. No. 2718

The purpose of this measure is to establish a financial limit on the total per pupil contribution that a nonprofit organization is required to contribute to a new century conversion charter school.

Presently, nonprofit organizations affiliated with new century charter schools must contribute to the school with the Department of Education, on a 4:1 matching basis, with the Department providing the larger share. This open-ended arrangement, however, has resulted in the inability by nonprofit organizations to accurately predict their financial obligations to the school.

This measure would provide nonprofit organizations with defined pupil contribution limits to assist them in stabilizing their financial and strategic plans.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2718, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2881 Ways and Means on S.B. No. 2719

The purpose of this measure is to create a new public charter school law and to adopt a number of proposals recommended by the task force on charter school governance established by Act 87, Session Laws of Hawaii 2005.

Specifically, the measure:

- (1) Establishes a new chapter in the Hawaii Revised Statutes for the administration and governance of charter schools;
- (2) Creates clarity in the establishment of both start-up and conversion charter schools;
- (3) Clarifies the powers and duties of the charter school administrative office;
- (4) Limits the number of new charter schools established annually; and
- (5) Empowers local school boards to negotiate collective bargaining agreements.

Your Committee finds that charter schools provide an alternative style and setting for public school education that is appropriate for a number of Hawaii students. To make charter schools more effective and efficient for these students, your Committee believes that this measure is necessary to create consistency and to clarify laws relating to the governance of charter schools.

Your Committee has amended this measure by:

- (1) Amending the definition of "charter school" and "conversion charter" school and including a new definition of "start-up charter school" to clarify the distinction between the two types of charter schools;
- (2) Clarifying that, as of July 2007, the limit on charter schools allows up to four new start-up charter schools each year;
- (3) Moving language specifying that a nonprofit organization seeking to operate or manage a conversion charter school is required to make a minimum financial contribution to the school from the definition of "nonprofit organization" to an operative provision;
- (4) Deleting language that allows only programs or sections of existing public school populations, as opposed to the public school itself, to use existing public school facilities to start a conversion charter school;
- (5) Clarifying that charter schools are exempt from "applicable" state laws, not all other state laws;
- (6) Deleting language relating to exempt civil service employees;
- (7) Amending certain responsibilities of the Department of Education and special education services relating to charter schools to conform to existing law;
- (8) Deleting amendments to sections 26-12; 302A-301; 302A-1101; 302A-1111; and 302A-1128, Hawaii Revised Statutes;
- (9) Deleting the proviso relating to the effective date;
- (10) Changing the effective date to July 1, 2050; and
- (11) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2719, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2719, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2882 Ways and Means on S.B. No. 2720

The purpose of this measure is to amend certain provisions of Act 51, Session Laws of Hawaii 2004, otherwise known as the Reinventing Education Act of 2004.

Specifically, the measure:

- (1) Repeals the transfer to the Department of Education of:
 - (A) The negotiation of workers' compensation claims and labor management relations functions currently performed by the Department of the Attorney General for the Department of Education; and
 - (B) The conducting of employment background checks for after school plus program employees, private vendors, and other employees and trainees who work with public school students currently performed by the Department of Human Services for the Department of Education;
- (2) Delays the deadline for transfer of functions from the Departments of Budget and Finance and Health to the Department of Education from July 1, 2006, to July 1, 2007.

The measure also repeals the requirement that the Department of Budget and Finance transfer to the Department of Education all property under its control relating to the funding of collective bargaining agreement increases or administering federal funds on behalf of the Department of Education.

Your Committee finds that the Interagency Working Group's initial recommendations regarding the transfer of functions from the Department of the Attorney General and Department of Human Services to the Department of Education should not be enacted. Your Committee also finds that additional time is necessary to ensure the smooth transfer of functions and personnel from the Departments of Budget and Finance and Health to the Department of Education.

Your Committee has amended the measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2720, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2720, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2883 Ways and Means on S.B. No. 2732

The purpose of this measure is to ensure that the individualized education program of each blind or visually impaired child includes provisions for instruction in braille.

Your Committee finds that this measure is necessary to ensure the economic well-being of the blind and visually impaired.

Your Committee has amended this measure by:

- (1) Requiring the individualized education program to specify the length of period of instruction and the frequency and duration of a typical instructional session;
- (2) Changing the certification standards for teacher proficiency in braille to those adopted by the National Library Science for the Blind and Physically Handicapped;
- (3) Changing the effective date to July 1, 2007; and
- (4) Making technical nonsubstantive amendments for the purposes of style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2732, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2732, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2884 Ways and Means on S.B. No. 2738

The purpose of this measure is to authorize the issuance of general obligation bonds to supplement a funding shortfall in acquiring land to expand Kahuku high and intermediate school.

Your Committee finds that the additional funding is needed in order to complete a three-party land exchange and purchase that will enable the State to acquire a more suitable and safer site for the school.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to July 1, 2006; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2738, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2738, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2885 Ways and Means on S.B. No. 2821

The purpose of this measure is to create and fund two full-time children's librarian positions at Waialua Library and Kahuku Public School Library.

Your Committee finds that there is currently a part-time children's librarian at the Waialua Library and another part-time children's librarian at the Kahuku Public School Library. Your Committee also finds that the demand for children's library services in Waialua and Kahuku exceeds the current capacity and believes that a total of two full-time library positions would benefit these communities.

Your Committee has amended the measure by deleting the specific amount appropriated and changing it to an unspecified amount to ensure continued discussion. Your Committee has also made technical nonsubstantive amendments for clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2821, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2821, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2886 Ways and Means on S.B. No. 2836

The purpose of this measure is to appropriate funds to address the repair and maintenance backlog of the Department of Education.

Your Committee finds that the state educational facilities improvement special fund is used to plan, design, construct, maintain, and acquire lands for public school facilities. The special fund, however, is currently overwhelmed with repair project requests. Years of under-funding maintenance projects has culminated in a massive school repair and renovation crisis.

This bill would allow the Department of Education to catch-up with its backlog to provide a safe and comfortable learning environment for students, faculty, and staff.

Your Committee has amended the bill by deleting the proposed amendments and instead providing an unspecified amount to serve as a base to determine the amount of general excise tax revenues that are deposited into the State Educational Facilities Improvement Special Fund under section 237-31(1), Hawaii Revised Statutes, relating to general excise tax remittances.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2836, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2836, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2887 Ways and Means on S.B. No. 2838

The purpose of this measure is to help decrease the number of students who are at-risk of becoming alienated from school or dropping out of school before meeting high school graduation requirements.

Your Committee finds that prevention and intervention programs directed at at-risk students help to improve their academic performance and personal development.

Your Committee has amended this measure by making technical nonsubstantive changes for purposes of clarity and style. Your Committee has also changed the appropriation to an unspecified amount to ensure further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2838, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2838, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2888 (Majority) Ways and Means on S.B. No. 2884

The purpose of this measure is to improve education outcomes and public confidence in schools by providing funds for training and other support for school community councils.

Your Committee finds that the department of education, the board of education, and the school community councils need to work together to propose an entity to conduct future training and support for school community councils.

Your Committee has amended this measure by changing the appropriation to an unspecified amount to ensure further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2884, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2884, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, 1 (Hemmings). Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2889 (Majority) Ways and Means on S.B. No. 2886

The purpose of this measure is to establish a means by which veterans who were drafted and certain persons affected by wartime practices may obtain a high school diploma.

Specifically, the measure directs the Department of Education to establish a program to award graduate equivalency diplomas to military veterans drafted during World War II, the Korean Conflict, and the Vietnam War, as well as individuals whose schooling was interrupted due to wartime practices such as Japanese and Japanese-American internees during World War II.

Your Committee finds that establishing a program to provide these diplomas to resident veterans is long overdue and reflects the appreciation, respect, and recognition owed to these veterans.

Your Committee has amended the measure by:

- (1) Including language to cover the fact that Hawaii was a territory during World War II;
- (2) Clarifying that only those internees who were interned for reason of their ethnicity qualify for the program; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2886, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2886, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, 1 (Trimble). Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2890 (Majority) Ways and Means on S.B. No. 2956

The purpose of this measure is to provide resources and flexibility to the Department of Education for the operation and repair and maintenance of Hawaii's public schools.

More specifically, the measure:

- (1) Makes an appropriation for the repair and maintenance of public school facilities;
- (2) Authorizes the Director of Finance to issue general obligation bonds for capital improvement projects for the Department of Education;
- (3) Establishes and funds a new school construction special fund; and
- (4) Allows the Department of Education to enter into financing agreements for the construction of new school facilities without the approval of the Director of Finance but with the approval of the Attorney General as to form and legality.

Your Committee believes that these measures will expedite the construction of much needed new public school facilities.

Your Committee has amended this measure by:

- (1) Making all appropriations unspecified to facilitate further discussion of this matter; and
- (2) Making technical nonsubstantive changes for consistency and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2956, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2956, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, 2 (Slom, Trimble). Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2891 Ways and Means on S.B. No. 2980

The purpose of this measure is to ensure that the future construction workforce is sufficient to meet industry demand.

More specifically, the measure appropriates funds to expand the existing construction academy program from eight to twenty-six public high schools and to expand the apprenticeship training programs at Honolulu community college, Hawaii community college, Maui community college, and Kauai community college.

Your Committee finds that, due to the current and projected construction boom in the State of Hawaii, there is a critical shortage of qualified workers in the trades. Some believe the labor shortage will be exacerbated by the need for skilled workers on the hurricane-ravaged Gulf Coast and in other regions with housing booms. It is estimated that, nationwide, the construction industry will need to add one hundred thousand jobs each year through 2012, while also filling an additional ninety thousand openings created by retirements.

In the fall of 2005, Honolulu Community College and the Department of Education launched the Construction Academy in partnership with eight Hawaii public high schools. The program allows high school students to take classes in various construction trades at their respective high schools while earning credits towards an associate degree at an affiliated community college at the same time. The first graduating class in 2005 generated such excitement and promise on the high school campuses that the Construction Academy organizers hope to expand the program to include other public high schools and community colleges, particularly on the neighbor islands.

Your Committee has amended this measure by:

- (1) Changing the sums to be appropriated to unspecified amounts to permit further consideration of the appropriate figures; and
- (2) Making technical nonsubstantive changes for clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2980, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2980, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2892 Ways and Means on S.B. No. 3054

The purpose of this measure is to assist Hawaii's charter schools with respect to facilities improvement and financial stability.

Specifically, the measure:

- (1) Appropriates an unspecified amount of general funds as seed funds for the Charter School Administration Office to plan, organize, and develop a Charter Schools Facilities Fund Partnership; and
- (2) Authorizes the Department of Land and Natural Resources to enter into lease agreements with charter schools to lease lands and buildings under its control, for nominal consideration, for charter school facilities.

Your Committee finds that establishing a Charter Schools Facilities Fund Partnership to encourage public-private collaboration to improve and repair charter school facilities and authorizing the Department of Land and Natural Resources to enter into lease agreements with charter schools to lease lands and buildings under its control for charter school facilities would be a cost-effective means of assisting charter schools in enhancing their learning environments.

Your Committee has amended the measure by making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3054, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3054, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2893 (Majority) Ways and Means on S.B. No. 3059

The purpose of this measure is to appropriate funds to establish a model curriculum to meet the state performance standards under the federal No Child Left Behind Act of 2001.

Your Committee finds that Hawaii's public school system does not have a standardized, statewide curriculum to meet its objectives and goals. Without a standardized curriculum, individual teachers, grade levels, and schools establish curriculum independently of one another. This practice could result in the same curriculum taught at different grade levels resulting in students learning the same lesson at each grade.

By requiring a model curriculum in public schools, this measure would ensure optimum academic efficiency in all grade levels to ensure that the performance standards required under the federal No Child Left Behind Act of 2001 are met.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount and changing the effective date to July 1, 2050 for the purpose of continuing discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3059, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3059, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Slom). Excused, 4 (Fukunaga, Inouye, Kokubun, Nishihara).

SCRep. 2894 Ways and Means on S.B. No. 3093

The purpose of this measure is to appropriate moneys to implement technological initiatives and enhanced automation requirements mandated by Act 51, Session Laws of Hawaii 2004 (Act 51), and to streamline and increase the automation level of key operational processes in the Department of Education.

Your Committee finds that it is necessary to upgrade and integrate the Department of Education's existing fragmented information systems and provide a comprehensive, information system infrastructure to effect the kind of changes outlined in Act 51, otherwise known as the Reinventing Education Act of 2004.

Your Committee has amended this measure by deleting the specific amount appropriated to ensure further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3093, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3093, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2895 (Majority) Ways and Means on S.B. No. 3101

The purpose of this measure is to appropriate funds to implement the recommendations of the Early Childhood Education Task Force and to establish the Early Learning Authority.

Your Committee finds that Act 151, Session Laws of Hawaii 2005, established an Early Childhood Education Task Force at the University of Hawaii to study the issue of early childhood education in the State.

The primary recommendation of the task force was the establishment of the Early Learning Authority to develop, implement, and provide for the sustainability of a coherent, comprehensive early learning system that maximizes public and private resources to provide early learning opportunities for all young children in the State up to the age of eight.

This measure appropriates funds to establish and require the Authority to:

- (1) Develop standards and desired outcomes and systems to evaluate early education programs;
- (2) Ensure a statewide integrated early childhood system;
- (3) Increase the quality of early childhood education through access to education and training of professionals; and
- (4) Provide funding for early childhood education programs.

This measure also allows the Authority to contract with a nonprofit organization to assist the Authority.

Your Committee has amended the measure by:

- (1) Changing the appropriation to an unspecified amount for the purpose of furthering discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3101, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3101, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 2 (Slom, Trimble). Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2896 (Majority) Ways and Means on S.B. No. 3102

The purpose of this measure is to reduce the student-teacher ratio in public schools and provide additional teachers and staff in specialty areas.

Specifically, the bill requires a reduction in the ratio of students to teachers in grades one to five; grades six to eight; and grades nine to twelve. The Department of Education is directed to support class size reduction by providing additional staff in specialty areas where necessary or appropriate. Finally, the bill appropriates \$27,202,000 to phase in class size reduction beginning in school year 2006-2007, including hiring teachers and staff to implement the bill.

Your Committee finds that this bill is intended to provide additional staff for art, music, physical education, gifted and talented, technology, and other specialty areas. In addition, the hiring of more teachers, tutors, counselors, librarians, resource teachers, and other staff as necessary is mandated. The additional teachers and support staff mandated by the bill will permit smaller classes where the needs of each child may be more carefully monitored and the work environments of teachers and staff will be improved.

Your Committee has amended the bill by:

- (1) Changing the amount appropriated to an unspecified amount to promote continuing discussion on the matter; and
- (2) Making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3102, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3102, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 3 (Hemmings, Slom, Trimble). Excused, 3 (English, Inouye, Kokubun).

SCRep. 2897 Ways and Means on S.B. No. 3136

The purpose of this measure is to authorize the issuance of special purpose revenue bonds for Saint Louis School.

Your Committee finds that this measure will allow the school to make substantial infrastructure improvements that will benefit its student body and the community at large. The bonds will allow the school to fund campus projects while minimizing its reliance on the monetary contributions of its alumni, parents, friends, and other financial alternatives.

Your Committee has amended this measure by:

- (1) Correcting a numerical amount regarding the expenditure for an administration or classroom building; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3136, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3136, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (English, Inouye, Kokubun).

SCRep. 2898 (Majority) Ways and Means on S.B. No. 3194

The purpose of this measure is to improve teacher compensation and incentives.

The measure is separated into seven substantive parts as follows:

- (1) Part I establishes salary increases for teachers and creates a comprehensive evaluation process for teachers;
- (2) Part II provides tax incentives such as:

- (A) A tax credit for public school teachers, depending upon their years of service;
 - (B) A tax credit for developers who lease state-owned lands to build housing for lease or rental for teachers employed in hard-to-staff public schools;
 - (C) A tax credit for landlords who provide housing for teachers employed in hard-to-staff public schools; and
 - (D) An income tax deduction for classroom supply expenses;
- (3) Part III:
- (A) Establishes a Master Teacher Training Program for qualified teachers to increase the quality of their skills and serve as resource to other teachers; and
 - (B) Amends the National Board Certification Incentive Program to allow teachers who have seven to twelve years of experience in the Department of Education time off to pursue the national certification;
- (4) Part IV provides a temporary teaching license to teachers who have:
- (A) A valid teaching certificate issued by the United States Department of Defense; and
 - (B) At least three years of teaching experience in a United States Department of Defense operated school;
- (5) Part V appropriates funds for the Department of Education's Teacher Cadet Program;
- (6) Part VI codifies the Department of Education's Professional Development School Program and appropriates funds for this purpose; and
- (7) Part VII appropriates funds for the Department of Education's Hawaii Educator Loan Program.

Your Committee has amended the measure by:

- (1) Deleting the specific tax credit amounts in Part II;
- (2) Clarifying requirements for teachers to qualify for the public school teacher tax credit;
- (3) Deleting the specific amounts appropriated in Parts VI and VII, and leaving those amounts unspecified; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity and style.

Your Committee believes that the measure will assist the Department of Education in attracting and retaining qualified, dedicated, and motivated educators.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3194, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3194, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 2 (Slom, Trimble). Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2899 (Majority) Ways and Means on S.B. No. 3195

The purpose of this measure is to appropriate funds for a weighted student formula conversion program that provides supplementary allocations to schools adversely affected by the weighted student formula.

Your Committee finds that certain schools, especially the smaller schools, have been impacted by the weighted student formula. Your Committee is passing this measure to address this issue by increasing funding to the weighted student formula so that students in these schools may continue to receive necessary educational services.

Your Committee has amended this measure by:

- (1) Adding the contents of S.B. No. 2837, S.D. 1, to appropriate funds for school equipment, supplies, and services and reimburse teachers for personal funds spent on classroom and instructional teaching supplies;
- (2) Changing all appropriations to an unspecified amount to facilitate further discussions; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3195, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3195, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 2 (Slom, Trimble). Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2900 Ways and Means on S.B. No. 3197

The purpose of this measure is to increase the per diem pay of substitute teachers and appropriate moneys to resolve the litigation between the Department of Education and substitute teachers regarding underpayment for past service.

Specifically, the measure amends the compensation provided to the three classes of substitute teachers as follows:

- (1) Class I - \$125 per full work day;
- (2) Class II - \$136 per full work day; and
- (3) Class III - \$147 per full work day.

The measure also establishes that the compensation of substitute teachers shall be tied to the salary or wage increases provided to licensed class II teachers of the Department of Education and appropriates moneys to pay for claims of substitute teachers under *Garner v. Department of Education* and *Klitternick v. Hamamoto*.

Your Committee finds that the failure to adequately compensate substitute teachers has been the source of unnecessary tension between the Department of Education and substitute teachers. This tension has resulted in harmful litigation that, your Committee believes, is detrimental to the educational environment of students. Your Committee views the measure as a vehicle to resolving this dispute.

Your Committee has amended this measure by:

- (1) Removing the specific per diem dollar amounts for each class of substitute teacher;
- (2) Removing the provision that links all classes of substitute teachers' pay increases to that of a licensed class II teacher represented by the Hawaii State Teachers Association;
- (3) Deleting the language within the appropriation section of the measure (section 3) that states that the moneys appropriated under the measure are to be used to resolve the claims of all other personnel who were underpaid in violation of section 302A-624(e), Hawaii Revised Statutes;
- (4) Deleting from the purpose section (section 1), the recitation that Judge Karen Ahn has already ruled on damages and compensation to be awarded to substitute teachers for the period between November 8, 2000, and June 30, 2005; and
- (5) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3197, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3197, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Hooser, Kanno, Hemmings).

SCRep. 2901 (Majority) Ways and Means on S.B. No. 3275

The purpose of this measure is to appropriate funds to the Department of Health to cover the cost of substance abuse assessments for uninsured students who violated the Department of Education's "zero tolerance" policy on alcohol and other drugs.

Your Committee finds that publicly-funded assessment services are needed for students who lack the necessary financial resources to obtain them, or who are uninsured. Otherwise, these students will not be allowed to return to school earlier than the Department of Education's original disciplinary determination.

Your Committee has amended this measure by changing the appropriation to an unspecified amount for the purpose of promoting continued discussion of the matter. Your Committee has also made technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3275, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3275, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 2 (Slom, Trimble). Excused, 1 (Hemmings).

SCRep. 2902 (Majority) Ways and Means on S.B. No. 2067

The purpose of this measure is to appropriate general funds for the loss mitigation grant program.

Your Committee finds that this measure is necessary to fully fund the loss mitigation grant program.

Your Committee has amended this measure by:

- (1) Changing the source of the appropriation from general funds to the hurricane reserve trust fund;
- (2) Adding a provision depositing those funds into the loss mitigation grant fund;
- (3) Changing the appropriations to an unspecified amount; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2067, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2067, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 2 (Slom, Trimble). Excused, 1 (Hemmings).

SCRep. 2903 Ways and Means on S.B. No. 2076

The purpose of this measure is to encourage the conversion of leasehold residential properties to fee simple.

This measure will exclude from gross income for state tax purposes, for the next five tax years beginning after December 31, 2006, one hundred per cent of the gain realized by a fee simple owner from the sale of a leased fee interest to:

- (1) The lessee of a residential house lot or multi-family residential leasehold unit; or
- (2) The association of apartment owners or the residential cooperative corporation of the multi-family residential property.

Your Committee has amended this measure by deleting its contents and inserting in its place the contents of H.B. No. 1554, C.D. 1, Regular Session of 2005. This amendment will:

- (1) Exclude from gross income for state tax purposes fifty per cent of the income derived by a fee owner from the sale of a leased fee interest in a residential leasehold house lot or multi-family residential leasehold unit to the lessee;
- (2) Limit the exclusion to not exceed \$75,000 in the aggregate for all taxpayers in the State in any year; and
- (3) Limit this exclusion to the tax year beginning after December 31, 2006, and ending prior to January 1, 2008.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2076, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2076, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (Fukunaga, Hooser, Kanno, Hemmings).

SCRep. 2904 (Majority) Ways and Means on S.B. No. 2143

The purpose of this measure is to regulate the money transmitter industry in Hawaii.

“Money transmission” means to engage in the business of selling or issuing payment instruments or of receiving money or monetary value for transmission to a location within or outside the United States by any and all means, including wire, facsimile, or electronic transfer. Money transmission does not apply to courier services.

Your Committee finds that the regulation of money transmitters is necessary to prevent:

- (1) The laundering of profits of illegal activities such as drug distribution, gambling, and prostitution;
- (2) Consumer losses from fraud and unsound business practices related to wiring money to a location outside the State; and
- (3) Illegal activities related to terrorism that utilize money transmission.

Your Committee finds that the regulation of money transmitters will establish consumer trust, ensure the integrity and fiscal soundness of the industry, and establish standards and criteria to ensure the proper conduct of money transmitters.

Your Committee has amended the bill by:

- (1) Clarifying on page 13, line 13, that the activities referred to in the bill relate to business activities; and
- (2) Making technical nonsubstantive amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2143, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2143, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 2 (Slom, Trimble). Excused, 5 (English, Inouye, Kanno, Kokubun, Hemmings).

SCRep. 2905 Ways and Means on S.B. No. 2239

The purpose of this measure is to provide the Wireless Enhanced 911 Board with greater discretion in making expenditures from the Wireless Enhanced 911 Fund.

The Wireless Enhanced 911 Board is charged with overseeing cost-recovery disbursements from the Wireless Enhanced 911 Fund to the public safety answering points and wireless carriers who incur expenses in providing wireless enhanced 911 services. This measure will allow the Wireless Enhanced 911 Board to determine by policy what expenses are necessary for the public safety answering points to provide wireless enhanced 911 service.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2060, to facilitate further discussion; and
- (2) Making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2239, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2239, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2906 Ways and Means on S.B. No. 2248

The purpose of this measure is to ensure that charitable organizations that are not tax exempt disclose in solicitations whether charitable donations are tax deductible similar to requirements of charitable organizations that are tax exempt.

Specifically, this bill requires professional solicitors to disclose to contributors whether a donation will be tax deductible and allows the Attorney General to suspend or revoke the registration of a charitable organization or professional solicitor when the registrant has failed to completely file a financial report as required.

Upon further consideration, your Committee has amended the bill by:

- (1) Deleting the amendments to the definitions of "solicit" and "solicitation" beginning on page 4, line 3, through page 6, line 4, and replacing it with amendments to the definition of "contribution" in section 467B-1, Hawaii Revised Statutes, pursuant to recommendations of the Attorney General;
- (2) Re-numbering the paragraphs under section 2 of the bill accordingly; and
- (3) Making technical amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2248, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2248, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2907 Ways and Means on S.B. No. 2282

The purpose of this measure is to update and streamline the insurance statutes to conform with federal law and national standards.

Your Committee finds that this measure is an administration bill that focuses only on departmental housekeeping matters and is intended to improve the efficiency of the Department of Commerce and Consumer Affairs.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2282, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2282, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (Fukunaga, Hooser, Kanno, Hemmings).

SCRep. 2908 Ways and Means on S.B. No. 2499

The purpose of this measure is to allow investment securities brokers and agents to pay the general excise tax on only the amount of a commission actually received, when the commission is divided among a number of persons.

Your Committee finds that this practice is already established for insurance agents and transactions between real estate brokers and salespersons. Your Committee also finds that it is fair and equitable to treat the security sales industry the same as the insurance and real estate sales industry by eliminating the pyramiding of general excise taxation of security brokers and their local agents.

Your Committee has amended this measure by:

- (1) Updating the terminology used to describe “insurance agents, general agents, subagents, and solicitors” to “insurance producers” to bring the section of law being amended by the measure into conformance with nomenclature used in the Insurance Code; and
- (2) Making technical nonsubstantive amendments for the purposes of style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2499, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2499, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (Fukunaga, Hooser, Kanno, Hemmings).

SCRep. 2909 Ways and Means on S.B. No. 2545

The purpose of this measure is to extend the condominium management dispute resolution pilot program.

The program allows parties to an unresolved condominium dispute to request an administrative hearing before a hearings officer of the Office of Administrative Hearing in the Department of Commerce and Consumer Affairs.

This pilot program, established by section 28 of Act 164, Session Laws of Hawaii 2004, under the old condominium law, is scheduled for repeal on June 30, 2006. This measure will carry the pilot program forward under the new condominium law until June 30, 2008, and require the Director of Commerce and Consumer Affairs to report to the Legislature on the program twenty days prior to the convening of the 2007 and 2008 regular sessions.

Your Committee has amended this measure by:

- (1) Substituting new reporting language rather than amending Act 164;
- (2) Changing its effective date to facilitate further discussion on this matter; and
- (3) Making technical nonsubstantive changes for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2545, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2545, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (Fukunaga, Inouye, Nishihara, Sakamoto).

SCRep. 2910 Ways and Means on S.B. No. 2571

The purpose of this measure is to promote the development of low and moderate income housing by not-for-profit private organizations.

Specifically, this bill proposes to amend the state constitution to:

- (1) Authorize the issuance of special purpose revenue bonds to assist not-for-profit private organizations in the development of low and moderate income housing; and
- (2) Combine into a single issue of special purpose revenue bonds two or more proposed issues of bonds to assist not-for-profit private organizations to develop low and moderate income housing in a total amount not exceeding the entire sum of the proposed separate issues.

Your Committee finds that the rapid increase in housing costs in recent years has made affordable housing one of the major problems for the people of the State. Special purpose revenue bond financing could be an appealing means that provides access to funds for affordable housing projects and infrastructure at less than the prevailing market rates. For large projects, it is possible that the cost savings would be significant. Affordable housing for Hawaii residents is one of the top concerns of this Legislature and your Committee supports this measure as a means to solve the State's housing crisis.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2571 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2911 Ways and Means on S.B. No. 2125

The purpose of this measure is to provide an income tax credit for purchases of "Energy Star" products.

Energy Star is a program sponsored by the Environmental Protection Agency and the federal Department of Energy to promote consumer and commercial equipment, products, and appliances that comply with energy efficiency program guidelines.

This bill provides a \$50 tax credit for purchases of Energy Star products with an aggregate retail price of at least \$300.

Your Committee finds that many consumers are reluctant to purchase Energy Star products because of their typically higher initial purchase price. This tax credit will assist consumers with purchases of Energy Star products to ultimately reduce the State's dependence on fossil fuels, preserve Hawaii's delicate environment, and reduce the need for new electric generation capacity.

Your Committee has amended the bill by making technical amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2125, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2125, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (English, Inouye, Kokubun).

SCRep. 2912 Ways and Means on S.B. No. 2572

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist not-for-profit organizations in the development of low and moderate income housing.

Your Committee finds that this measure will allow access to funds for affordable housing projects and infrastructure at less than the prevailing market rates. For large projects, the cost savings from lower interest rates could be quite substantial.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2572, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2572, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2913 Ways and Means on S.B. No. 2773

The purpose of this measure is to assist pineapple workers facing the impending closure of the Del Monte pineapple operations in Kunia, Oahu.

More specifically, this measure establishes and funds:

- (1) A program for low interest loans and grants for home acquisition and rehabilitation;
- (2) A rental assistance program for the rental of housing units in the private market; and
- (3) A home counseling program providing supportive services to prepare current renters for homeownership.

Your Committee believes that these programs will assist the pineapple workers in ensuring that they and their families will have a roof over their heads while going through the transition of finding new employment.

Your Committee has amended this measure by making technical nonsubstantive changes for consistency and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2773, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2773, S.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Inouye, Kanno, Kokubun).

SCRep. 2914 (Majority) Ways and Means on S.B. No. 2958

The purpose of this measure is to address the issues of providing affordable housing for residents of the State and sheltering the homeless.

Specifically, the measure implements many of the recommendations of the Joint Legislative Housing and Homeless Task Force, by:

- (1) Authorizing the Hawaii Housing Finance and Development Administration to lease lands at a nominal fee of \$1 per year for up to fifty years to certain organizations that will develop self-help dwelling units;
- (2) Authorizing the Hawaii Housing Finance and Development Administration to utilize state rent supplement funds for project-based operating subsidies for state low-income housing units that are transferred to the State from private organizations;
- (3) Allowing the state low-income housing tax credit to be used for construction and rehabilitation of existing affordable housing units;
- (4) Adjusting the allocation of conveyance tax revenues to provide that sixty-five per cent of conveyance tax revenues, instead of the usual thirty per cent, shall be paid into the Rental Housing Trust Fund for a period of five years;
- (5) Directing the Department of Land and Natural Resources to transfer certain lands suitable for affordable housing development to the Hawaii Housing and Finance Administration by December 1, 2006;
- (6) Appropriating \$20,000,000 in general fund revenues to the Hawaii Public Housing Administration to be used as grants for homeless and transitional housing assistance programs;
- (7) Appropriating \$10,000,000 in general fund revenues to the Hawaii Public Housing Administration to repair vacant public housing units; and
- (8) Appropriating \$400,000 in general fund revenues to the Hawaii Housing and Finance and Development Administration to provide interim construction loans for up to ten self-help development homes.

Your Committee has amended the measure by:

- (1) Deleting the findings section (section 1) and the section that adjusts the allocation of the conveyance tax (section 5) of the measure;
- (2) Reordering the measure into parts according to the substantive subjects of the homeless, low-income housing, and affordable housing;
- (3) Placing the remaining sections of the measure into each part as they relate to the subject headings;
- (4) Adding provisions from S.B. No. 2180 and S.B. No. 3048 to produce a measure that:
 - (A) Under the part for the homeless:
 - (i) Appropriates moneys for transitional housing;
 - (ii) Appropriates moneys for support services within homeless shelters;
 - (iii) Appropriates moneys for the Shelter Care Plus Program (program for the mentally ill and chronic substance abusers);
 - (iv) Appropriates moneys for housing placement programs for the homeless population; and
 - (v) Adds to the Hawaii Public Housing Administration's board of directors, one advocate for the homeless and low-income persons and one advocate with a disability or a person that advocates for persons with disabilities;
 - (B) Under the part for low-income housing:
 - (i) Amends low-income housing qualifications to provide that grandparents raising grandchildren shall be able to qualify and sets aside five per cent of low-income public housing units for this purpose;
 - (ii) Appropriates moneys to the Rental Housing Trust Fund; and

- (iii) Appropriates moneys for the repair and maintenance of state public housing projects; and
- (C) Under the part for affordable housing:
 - (i) Appropriates moneys to the Habitat for Humanity program;
 - (ii) Authorizes the issuance of an unspecified amount of general obligation bonds for the Hawaii Public Housing Administration to develop affordable housing; and
 - (iii) Establishes a mortgage credit certificate program to assist low- and moderate-income persons with purchasing a principal residence by providing qualified buyers with a state income tax credit that equals twenty per cent of their mortgage interest payment;
- (5) Changing the effective date to July 1, 2006, with the tax provisions being applicable to taxable years beginning after December 31, 2005; and
- (6) Making technical nonsubstantive amendments for the purposes of clarity and style.

Your Committee believes that the measure will further the discussion on the incentives and directives needed to provide an adequate supply of affordable housing for the residents of Hawaii and to shelter the homeless population of the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2958, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2958, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Trimble). Excused, 4 (Hooser, Kanno, Hemmings, Slom).

SCRep. 2915 (Majority) Ways and Means on S.B. No. 3112

The purpose of this measure is to suspend the collection of the general excise tax on motor vehicle gasoline for two years.

After due consideration, your Committee has amended the measure by deleting its contents and replacing it with a provision to suspend the collection of the general excise tax on gasoline and diesel fuel sold to a county transportation system for two years.

Your Committee finds that this measure will assist the counties to provide a more efficient transportation system that is responsive to the needs of transportation system users.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3112, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3112, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Trimble). Excused, 4 (Fukunaga, Hooser, Kanno, Hemmings).

SCRep. 2916 (Joint/Majority) Intergovernmental Affairs and Human Services on S.C.R. No. 6

The purpose of this measure is to urge President Bush and the United States Congress not to privatize Social Security.

The Hawaii State Teachers Association and the League of Women Voters of Hawaii submitted testimony in support of this measure.

Your Committees find that Social Security is one of the most successful social insurance programs ever created. Social Security provides a level of financial security for nearly fifty percent of the nation's elderly population. It also administers disability and survivor's benefits. While opponents of the program argue that the decreasing ratio of workers to dependents will deplete the Social Security reserve by 2042, the ratio is actually relatively comparable to what it was in 1960.

Your Committees further find that the reform to Social Security proposed by the President George W. Bush Administration may add \$4,900,000,000,000 in debt over the next ten years.

Your Committees amended this measure by making technical, non-substantive amendments for clarity and style.

As affirmed by the records of votes of the members of your Committees on Intergovernmental Affairs and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 6, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 6, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 9. Noes, 1 (Slom). Excused, 3 (Fukunaga, Kim, Trimble).

SCRep. 2917 Human Services on Gov. Msg. No. 276

Recommending that the Senate advise and consent to the nomination of the following:

STATEWIDE COUNCIL ON INDEPENDENT LIVING

G.M. No. 276 PATRICIA LOCKWOOD, for a term to expire 6-30-2009

Your Committee received testimony in support of PATRICIA LOCKWOOD from the Department of Human Services, the Hawaii Family Forum, the Hawaii Catholic Conference, and two individuals.

Ms. Lockwood currently is the Executive Director of the Hawaii Centers for Independent Living, where she oversees its provision of independent living services, develops and implements community-based outreach programs on Oahu, and promotes the empowerment of people with disabilities. Prior to relocating to Hawaii, Ms. Lockwood managed independent living services in Montana and worked as a counselor in Colorado. She has served on the Statewide Council for Independent Living since July 2003, and is a member of the National Council on Independent Living and the Association of Programs in Rural Independent Living.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Kokubun).

SCRep. 2918 Human Services on Gov. Msg. No. 291

Recommending that the Senate advise and consent to the nomination of the following:

STATE REHABILITATION COUNCIL

G.M. No. 291 RENE BERTHIAUME, for a term to expire 6-30-2009

Your Committee received testimony in support of the nomination of RENE BERTHIAUME from the Department of Human Services, the Institute for Human Services, Inc., Rehabilitation Assessment & Planning Specialists, VFW Post 10583, and five individuals.

Mr. Berthiaume has worked with Hawaii's non-profit agencies for over thirty years. He developed and implemented a program that provides employment and training opportunities to disabled veterans on construction projects. As the Vice President and Housing Development Specialist for Network Enterprises, Inc., Mr. Berthiaume generates transitional and permanent housing for homeless veterans through planning, marketing, and other efforts.

Mr. Berthiaume was appointed to the State Rehabilitation Council in July 2003, and currently serves as its Chairperson. His extensive community service includes membership with numerous organizations, including the National Coalition for Homeless Veterans, the Hawaii Employers Council, and the Affordable Housing and Homeless Alliance. Mr. Berthiaume is the Senior Vice Commander of VFW Post 10583 and serves as a board member for the National Center on Disability Studies at the University of Hawaii at Manoa.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Kokubun).

SCRep. 2919 Intergovernmental Affairs on S.C.R. No. 7

The purpose of this measure is to request the Governor to release \$4,500,000 to renovate and build a community center at the Makiki Community Library.

The Makiki Community Library Board, Friends of Makiki Community Library, and two individuals submitted testimony in support of this measure.

The Makiki Community Library has operated for twenty-eight years with a volunteer board and a handful of other dedicated and caring volunteers. The library doubles as a reading room and community center that serve the needs of surrounding community residents, including seniors, immigrants from Micronesia, and children, who are distant from other access to information services.

The transfer of library services from the counties to the State was expected to enhance information services. In 2004, the Legislature approved a \$4,500,000 appropriation to repair and avoid further deterioration, and to build an actual community center at the historic library. In 2005, the City and County of Honolulu started renovations, including the installation of an ADA-compliant elevator and a ground floor bathroom. However, the \$1,700,000 that the City and County of Honolulu will expend will only address the bare structural necessities.

Your Committee finds that the State indicated its support of this project by making the appropriation in 2004. This measure demonstrates the Legislature's steadfast commitment to the Makiki Community Library project by requesting the Governor to release the funds for the intended purpose so that the project can be completed.

Your Committee has amended this measure by making technical, nonsubstantive amendments for clarity and style.

As affirmed by the record of votes of the members of your Committee on Intergovernmental Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 7, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 7, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Kim).

SCRep. 2920 Labor on Gov. Msg. No. 231

Recommending that the Senate advise and consent to the nomination of the following:

DEPARTMENT OF HUMAN RESOURCES DEVELOPMENT

G.M. No. 231 MARIE LADERTA, for a term to expire 12-04-06

Upon review of background information submitted by the nominee, your Committee finds that Marie Laderta is a graduate of Maryknoll High School on Oahu who holds a Bachelor of Arts degree in English from Marquette University in Milwaukee, Wisconsin and a Juris Doctor from the John Marshall School of Law in Chicago, Illinois. Ms. Laderta began her career as a bilingual teacher at Lunalilo Elementary School and was also employed in the airline industry at Philippine Airlines and Northwest Airlines. After graduating from law school, Ms. Laderta practiced intellectual property law in Chicago, Illinois until returning to Hawaii to serve as an associate with the law firms of Turk and Agena and Leavitt, Yamane, and Soldner. She began her career in public service in 1998 as a Deputy Attorney General in the Tort Litigation Division where she quickly advanced to a supervisory role and was subsequently honored as the Department of the Attorney General's Manager of the Year for 2002. Ms. Laderta also served as the Deputy Director of the Department of Taxation until her interim appointment as the Director of the Department of Human Resources Development (DHRD) on August 17, 2005.

Testimony in support of the nominee was submitted by the Department of Accounting and General Services, the Director and Deputy Director of the Department of Budget and Finance, the Chair of the Board of Agriculture, the Employee Relations Division Chief of DHRD, the Personnel Program Supervisor and the Manager for the Employee Classification and Compensation Division of DHRD, the Special Assistant to the Director of DHRD, the Administrative Services Officer for DHRD, the staff of the Employee Relations Division, Labor Relations Office of DHRD, the Personnel Program Administrator for DHRD, the Personnel Program Administrator for the Employee Staffing Division of DHRD, the Claims Management Branch Chief for DHRD, the Information Technology Services Officer for the Department of Taxation (DOTax), the Human Resources Director of the Judiciary, the Compliance Division Administrator for DOTax, the Taxation Services Administrator for DOTax, the Tax and Research Planning Officer for DOTax, the Administrative Rules Specialist for DOTax, the Director of Human Resources for the City and County of Honolulu, the Director of Personnel for the County of Hawaii, the Director of Personnel Services for the County of Maui, the State of Hawaii Organization of Police Officers, Hawaii Health Systems Corporation, Project Manager for CGI-AMS, the Director of Consulting Services for CGI-AMS, the Director of DOTax, the United Public Workers, AFSCME, Local 646, AFL-CIO, the Hawaii State Personnel Council, five Deputy Attorneys General, and twelve individuals.

Your Committee members diligently questioned the nominee regarding her vision and priorities for DHRD and continuing reformation of the civil service system. Your Committee believes that the nominee represented a willingness to maintain an open mind regarding all issues presented, demonstrated a commitment to civil service reform including reducing the number of civil service exempt positions, as appropriate, and showed a commitment to addressing current and future labor shortages and vacant hard-to-fill positions through proper preparation. Your Committee finds that the nominee adequately responded to the Committee's inquiries and is pleased that the nominee garnered widespread support from both the public and private sectors and management and labor alike.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 1 (Ihara).

SCRep. 2921 Health on Gov. Msg. No. 263

Recommending that the Senate advise and consent to the nomination of the following:

STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

G.M. No. 263 ELVIRA LEE, for a term to expire 6-30-2010

Your Committee received testimony in support of ELVIRA LEE from Executive Office on Aging, the State Council on Developmental Disabilities, and one individual. Ms. Lee is a social worker and has been a consultant for the last thirty-five years with the state Department of Human Services, Department of Health, and Executive Office on Aging. Ms. Lee is presently serving on the

State Council on Developmental Disabilities and is being nominated for a second term. Her appointment fulfills the requirement for a representative under the Older Americans Act of 1965. Ms. Lee's experience working with individuals with developmental disabilities will enable her to continue to be instrumental in furthering the cause of the Council.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 2922 Health on Gov. Msg. Nos. 270, 271 and 272

Recommending that the Senate advise and consent to the nominations of the following:

STATEWIDE HEALTH COORDINATING COUNCIL

G.M. No. 270 DAVID W. HEYWOOD, for a term to expire 6-30-2010;

G.M. No. 271 WAYNE SACHIO HIGAKI, for a term to expire 6-30-2010; and

G.M. No. 272 VIRGINIA PRESSLER MD, MBA, FACS, for a term to expire 6-30-2010

Your Committee received testimony in support of DAVID W. HEYWOOD from the Department of Health. Mr. Heywood is currently serving on the Statewide Health Coordinating Council and is being nominated for a second term. Mr. Heywood received his MBA in 1983 and is currently the Executive Director, Hawaii Region, of United Healthcare. He has served as Vice President of Corporate Development for Hawaii Pacific Health, Chief Financial Officer/Chief Operating Officer at Queen's Health Plans, and various financial and management positions with Henry Ford Health Systems. He is active in the community and is an asset to the Statewide Health Coordinating Council.

Your Committee received testimony in support of WAYNE SACHIO HIGAKI from the Department of Health and four individuals. Mr. Higaki is currently serving on the Statewide Health Coordinating Council and is being nominated for a second term. He is the Assistant Vice President of North Hawaii Community Hospital on the Big Island. He has also served as Director of Project and Business Development and Director of Clinical and Diagnostic Services for the hospital. Mr. Higaki's experience in business administration, program development, and medical facility design have enabled him to provide valuable skills to the Council.

Your Committee received testimony in support of VIRGINIA PRESSLER MD, MBA, FACS from the Department of Health, Hawaii Pacific Health, and the Hawaii Science and Technology Council. Dr. Pressler is currently serving on the Statewide Health Coordinating Council and is being nominated for a second term. Dr. Pressler is Senior Vice President of Service Line Development, Marketing and Government Relations with Hawaii Pacific Health. She has also served as the Deputy Director of Health Resources Administration for the Department of Health. Dr. Pressler holds a MD degree from the John H. Burns School of Medicine, a MS in Physiology and a MBA from the University of Hawaii, and a BA in Social Psychology from Cornell University. She is a member of several professional organizations and is active in various community agencies. Dr. Pressler has an extensive understanding of the health care system in Hawaii and invaluable expertise in health care planning.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 2923 Health on Gov. Msg. Nos. 264, 265 and 266

Recommending that the Senate advise and consent to the nominations of the following:

DISABILITY AND COMMUNICATION ACCESS BOARD

G.M. No. 264 DEAN T. AOKI, for a term to expire 6-30-2010;

G.M. No. 265 CHARLES W. FLEMING, for a term to expire 6-30-2010; and

G.M. No. 266 DEAN M. GEORGIEV, for a term to expire 6-30-2010

Your Committee received testimony in support of DEAN T. AOKI from the Disability and Communication Access Board and the Department of Land and Natural Resources. Mr. Aoki currently serves on the Disability and Communication Access Board and is nominated for a second term. He is a Registered Architect I and has twenty years of experience in the architectural field. Mr. Aoki's experience and knowledge will enable him to further promote and develop accessible environments while encouraging creative designs. His past contributions to Department of Land and Natural Resources are solid evidence of his ability to continue to carry out these responsibilities.

Your Committee received testimony in support of CHARLES W. FLEMING from the Disability and Communication Access Board. Mr. Fleming is currently serving on the Disability and Communication Access Board and is nominated for a second term. He has extensive experience working with state governments and disability issues. Mr. Fleming represents the disabled community and also serves as one of two Big Island representatives. His expertise and experience provide the Board with a needed perspective on compliance issues and emergency and disaster assistance for people with disabilities.

Your Committee received testimony in support of DEAN M. GEORGIEV from the Disability and Communication Access Board. Mr. Georgiev is currently serving on the Disability and Communication Access Board and is nominated for a second term. He has extensive computer experience and works as a computer trainer. Mr. Georgiev lives on Oahu and represents the disabled community. His computer knowledge and expertise is particularly valuable to the Board, as assistive technology for persons with disabilities becomes more mainstream.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 2924 Health on Gov. Msg. No. 279

Recommending that the Senate advise and consent to the nomination of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, HAWAII SERVICE AREA BOARD

G.M. No. 279 GARY F. MICHELL, for a term to expire 6-30-2010

Your Committee received testimony in support of GARY F. MICHELL from the Department of Health. Mr. Michell currently serves on the Mental Health and Substance Abuse, Hawaii Service Area Board and is nominated for a second term. He has a Masters degree in Psychology from the University of New Orleans. Mr. Michell has worked as the Research Manager with the Department of Psychiatry at Ochsner Medical Institutions in New Orleans, the Project Director for Hawaii Caregivers Network, and Senior Quality Improvement Specialist at Biodyne. He currently serves as the County Services Director for Mental Health Kokua. Mr. Michell has the skills and expertise that make him a valuable member of the Mental Health and Substance Abuse, Hawaii Service Area Board.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 2925 Health on Gov. Msg. No. 267

Recommending that the Senate advise and consent to the nomination of the following:

DRUG PRODUCT SELECTION BOARD

G.M. No. 267 MARY JO KEEFE, for a term to expire 6-30-2010

Your Committee received testimony in support of MARY JO KEEFE from the Department of Health. Ms. Keefe currently serves on the Drug Product Selection Board and is nominated for a second term. Ms. Keefe is a private sector pharmacist. She is a member of the Hawaii Pharmacy Association, serves as treasurer for the Maui County Pharmacist Association and is an active member in the Hawaii Diabetes Association. Her extensive experience in the pharmaceutical industry and past Board membership make her a valuable contributing member of the Drug Product Selection Board.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 2926 Health on Gov. Msg. No. 268

Recommending that the Senate advise and consent to the nomination of the following:

POLICY ADVISORY BOARD FOR ELDER AFFAIRS

G.M. No. 268 DONALD K. MATSUI, for a term to expire 6-30-2010

Your Committee received testimony in support of DONALD K. MATSUI from the Executive Office on Aging and the Maui County Office on Aging. Mr. Matsui was an interim appointment and currently serves on the Policy Advisory Board for Elder Affairs and is nominated for a first full term. He is a member of AARP and remains active in Lanai's education community by serving as a substitute teacher. Mr. Matsui is committed to issues involving older Americans. His insight and experience and his counsel are valuable to the Policy Advisory Board for Elder Affairs.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 2927 Health on Gov. Msg. Nos. 273 and 274

Recommending that the Senate advise and consent to the nominations of the following:

HEALTH PLANNING COUNCIL, WINDWARD OAHU SUBAREA

G.M. No. 273 GREIG E. GASPAR, for a term to expire 6-30-2010; and

G.M. No. 274 CHRISTOPHER J. LUTZ, for a term to expire 6-30-2010

Your Committee reviewed the personal histories, resumes, and statements submitted by the nominees, and finds the nominees to have the necessary qualifications to be appointed to the Health Planning Council-Windward Oahu.

Your Committee received testimony in support of GREIG E. GASPAR from the Department of Health, three representatives from the State of Hawaii House of Representatives, one representative from the U.S. House of Representatives, Hina Mauka, Hawai'i Primary Care Association, Ke Ola Mamo, Aloha Care, Papa Ola Lokahi, and two individuals. Mr. Gaspar currently serves on the Health Planning Council for Windward Oahu and is being reappointed to a second term. He has a Bachelor's degree in Education from the University of Hawaii. Mr. Gaspar has served as the Executive Director of Angel Network Charities, Inc. He has also worked at the Waimanalo Health Center as a teen health project coordinator and marketing specialist. Mr. Gaspar is an effective leader and a community advocate. His membership on the Health Planning Council-Windward Oahu is greatly valued.

Your Committee received testimony in support of CHRISTOPHER J. LUTZ from the Department of Health. Mr. Lutz is currently serving on the Health Planning Council for Windward Oahu and is being nominated to a second full term. Mr. Lutz holds a B.S. from the University of California, Berkeley and a M.B.A. from Chaminade University. He is the Windward Oahu Service Area Manager for Kaiser Permanente, managing health care operations at three clinics in Windward Oahu. He also serves as President of the Tantalus Community Association. Mr. Lutz has exceptional skills and experience and is an asset to the Health Planning Council-Windward Oahu. Your Committee notes that Mr. Lutz was first appointed on November 21, 2001, and pursuant to statutory requirements, will terminate his service on November 20, 2009.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 2928 Health on S.R. No. 1

The purpose of this measure is to broaden awareness and education of cervical cancer prevention.

Your Committee received testimony in support of this measure from the Hawaii Medical Service Association, the American Cancer Society Hawaii Pacific, Inc., and Merck & Company.

Your Committee finds that cervical cancer is the third most common cancer affecting women worldwide and is a highly preventable disease. Early detection of the disease through screening enables women to receive proper treatment in a timely manner. If detected early, cervical cancer has a survival rate of close to ninety-nine percent.

Your Committee further finds that making January Cervical Cancer month will join together supporters of cervical cancer prevention to provide the needed awareness and education on the disease and the importance of screening, regular exams, and early detection.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 1 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 2929 Health on S.C.R. No. 1

The purpose of this measure is to broaden awareness and education of cervical cancer prevention.

Your Committee received testimony in support of this measure from the Hawaii Medical Service Association, the American Cancer Society Hawaii Pacific, Inc., and Merck & Company.

Your Committee finds that cervical cancer is the third most common cancer affecting women worldwide and is a highly preventable disease. Early detection of the disease through screening enables women to receive proper treatment in a timely manner. If detected early, cervical cancer has a survival rate of close to ninety-nine percent.

Your Committee further finds that making January Cervical Cancer month will join together supporters of cervical cancer prevention to provide the needed awareness and education on the disease and the importance of screening, regular exams, and early detection.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 1 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 2930 Health on S.C.R. No. 15

The purpose of this measure is to establish the commitment of the Hawaii State Legislature to support the national goal of eliminating suffering and death due to cancer by the year 2015.

Your Committee received testimony in support of this measure from the Department of Health, the American Cancer Society Hawaii Pacific, Inc., and eight individuals.

Your Committee finds that the goal of the National Cancer Institute to eliminate cancer-related death and suffering by 2015 can be attained with the cooperation and commitment of the Legislature, private and public organizations, and individuals. Your Committee further finds that cancer, through education and early detection, is becoming one of the most preventable of the life threatening diseases facing Americans today.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 15, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 15, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 2931 Health on S.C.R. No. 31

The purpose of this measure is to request the Auditor to conduct a sunrise study of a proposed regulatory measure requiring professional licensure of genetic counselors.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Kaiser Permanente, March of Dimes, Ohana Genetics Inc., and fourteen individuals.

Your Committee finds that professional licensure of genetic counselors will protect the public by ensuring that genetic counseling is provided only by individuals with a high level of training and certification.

Your Committee further finds that an Auditor's sunrise study is required under Section 26H-6, Hawaii Revised Statutes, when a new regulatory measure is proposed that would subject an unregulated profession to licensing or other regulatory controls.

Your Committee has amended this measure by adopting the suggestions of the Department of Commerce and Consumer Affairs and changed the reference from Senate Bill No. 3231, S.D.1 to Senate Bill No. 3231, S.D.2 to conform with the amendments made in the March 1, 2006 hearing by the Committee on Commerce, Consumer Protection, and Housing.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 31, as amended herein, and recommends that it be referred to the Committee on Commerce, Consumer Protection, and Housing, in the form attached hereto as S.C.R. No. 31, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 2932 Transportation and Government Operations on Gov. Msg. No. 256

Recommending that the Senate advise and consent to the nomination of the following:

CIVIL DEFENSE ADVISORY COUNCIL

G.M. No. 256 MANUEL MAKAHIAPO KULOLOIO, for a term to expire 6-30-2010

Your Committee received testimony in support of MANUEL MAKAHIAPO KULOLOIO from the State Department of Defense and the State Civil Defense.

The nominee represents Maui and is a reappointment. The nominee has been employed in various administrative and managerial positions since 1999 with the Navajo Hawaiian Native Corporation. His background includes being a consultant for the Jason Associates Corporation on a project involving remediation of contaminated waste; a consultant for the Lockheed Martin Corporation in various technical programs; and a customer service supervisor for Trans Hawaiian Services in Maui.

The nominee has been a member of Protect Kaho'olawe 'Ohana, Keauhou 'O Honua'ula Inc., Board of Directors; Kukahiko Corporation; and The National Defense Center of Excellence for Research in Ocean Sciences.

According to testimony of the State Department of Defense, Mr. Kuloloio has served as an outstanding representative for Maui County and has actively shared his insight to the needs of the community with regard to emergency preparedness. He has participated in numerous civil defense activities that include homeland security conferences and emergency preparedness exercises. He has given selflessly of his time to serve as a member of the Civil Defense Advisory Council.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2933 Transportation and Government Operations on Gov. Msg. No. 257

Recommending that the Senate advise and consent to the nomination of the following:

CIVIL DEFENSE ADVISORY COUNCIL

G.M. No. 257 ANN M. SAKAGUCHI, for a term to expire 6-30-2010

Your Committee received testimony in support of ANN M. SAKAGUCHI from the federal Department of Health and Human Services; the State Department of Defense; the Center of Excellence in Disaster Management & Humanitarian Assistance; the Environmental Systems Research Institute, Inc.; and three individuals.

The nominee represents Oahu and is a reappointment. She received a Ph.D. degree in political science from the University of Hawaii, an M.P.H. degree in health services administration and planning from the University of Hawaii, a post-baccalaureate certificate in international marketing and management from the Japan-America Institute of Management Science, and a B.A. degree from the University of Hawaii.

According to testimony of the State Department of Defense, Dr. Sakaguchi has participated in numerous civil defense activities and contributed her knowledge and expertise to civil defense programs. In particular, she has been an invaluable asset to the Civil Defense Advisory Council by reason of her position as Associate Specialist and Director of Pacific Emergency Management, Preparedness and Response Information Network and Training Services (Pacific EMPRINTS), College of Social Sciences, University of Hawaii. Pacific EMPRINTS trains health professionals in Hawaii, the Pacific Islands, and parts of California to better respond to chemical, biological, radiological, nuclear, and explosive events, including public health emergencies such as small pox, flu pandemics, and avian flu of which she is particularly concerned.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2934 Transportation and Government Operations on Gov. Msg. No. 275

Recommending that the Senate advise and consent to the nomination of the following:

STATE HIGHWAY SAFETY COUNCIL

G.M. No. 275 MITCHELL DAVID ROTH, for a term to expire 6-30-2010

Your Committee received testimony in support of the nominee from the Department of Transportation and the Chair of the State Highway Council.

The nominee represents Hawaii County and is a reappointment. The nominee received a JD degree from the Whittier School of Law and a BA degree from the University of Hawaii. He is a Hawaii licensed attorney and has been a Deputy Prosecuting Attorney, Hawaii County, since 1998.

Mr. Roth has served as co-chair of the State Highway Safety Council. His understanding of traffic laws and Hawaii's legal system have made him a valuable member of the Council.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2935 Transportation and Government Operations on Gov. Msg. No. 277

Recommending that the Senate advise and consent to the nomination of the following:

MEDICAL ADVISORY BOARD

G.M. No. 277 JOYCE H. CASSEN, MD, for a term to expire 6-30-2010

Your Committee received testimony in support of the nominee from Department of Transportation, Laser Eye Center of Hawaii, and one individual.

The nominee is a reappointment. The nominee received a BA degree in chemistry, a Ph.D degree in experimental pathology, and an MD degree from Case Western Reserve University. She is a practicing ophthalmologist with the Aina Haina Eye Center.

According to testimony of the Department of Transportation, Dr. Cassen contributes significantly to the work of the Medical Advisory Board. She attends all the meetings and is an active participant at the board meetings. The Director of Transportation expects that Dr. Cassen will become significantly involved in making recommendations on driver licensing with regard to the ability of elderly persons to drive safely.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2936 Transportation and Government Operations on H.B. No. 1899

The purpose of this measure is to clarify where mopeds may be driven and to require drivers of mopeds who are under eighteen years of age to wear a helmet fastened by a chin strap.

Your Committee received testimony in support of this measure from the Honolulu Police Department; State Farm Mutual Automobile Insurance Company; and Keiki Injury Prevention Coalition/Safe Kids Hawaii. Testimony in opposition was received from one individual.

Your Committee finds that drivers of mopeds are particularly vulnerable to head injuries in accidents. Head injuries commonly result in permanent injury or death or in profound and disabling physical and mental effects which can be costly. This measure is intended to protect the safety of vulnerable moped drivers.

Your Committee has amended this measure by:

- (1) Adding "roadway" to highway and street; and
- (2) Changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1899, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1899, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2937 Transportation and Government Operations on H.B. No. 1947

The purpose of this measure is to provide immunity from liability to for any decision by the State, the Department of Transportation, a county, or any officers, employees, or their agents to apply flexibility in highway design.

Your Committee received testimony in support of this measure from the Department of Transportation and the Consumer Lawyers of Hawaii.

Your Committee finds that this measure enacts statutory amendments that were intended to be included in Act 185, Session Law of Hawaii 2005 which enacted the original law. All of the parties to the original bill have agreed to the basic language contained in this bill.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1947, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2938 Transportation and Government Operations on H.B. No. 2343

The purpose of this measure is to penalize the commission of certain crimes committed during a time of civil defense emergency proclaimed by the Governor pursuant to law.

This measure would:

- (1) Define a "civil defense emergency worker";
- (2) Enact new offenses of:
 - (A) Assault against a civil defense emergency worker, as a class B felony; and
 - (B) Burglary of a dwelling or a building during a civil defense emergency as a class A felony;
- (3) Expand the offenses of:
 - (A) Criminal property damage in the first degree to include intentionally or knowingly damaging property of another during a civil defense emergency;
 - (B) Theft in the first degree to include theft of property or services during a civil defense emergency; and
 - (C) Robbery in the first degree to include using force to commit a theft or threatening imminent use of force against a person during time of civil defense emergency.

Your Committee received testimony in support of this measure from the Attorney General and State Civil Defense. Testimony in opposition was received from the Public Defender.

Your Committee finds that strong penalties would deter the majority of opportunistic crimes during civil emergencies. When resources are needed to restore law and order, emergency response aid to victims may be hampered or delayed, leaving victims at an increased risk of bodily injury or death. If strong measures to control law and order are not in place before a disaster or emergency occurs, looting and other crimes are likely to increase.

Your Committee has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2343, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2343, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2939 Transportation and Government Operations on S.C.R. No. 33

The purpose of this measure is to request the Department of Transportation to continue to collaborate with the Hawaii Harbor Users Group to implement planned improvements and construction to improve cargo terminal and container facilities at Honolulu Harbor, Kahului Harbor, and Hilo Harbor.

This measure also commends and congratulates the Department of Transportation and the Hawaii Harbor Users Group for their fine work in completing the Hawaii Harbors User Group's report.

Your Committee received testimony in support of this measure from the Department of Transportation; Norwegian Cruise Line; Pacific Shipyards International; the Hawaii Harbor Users Group; Alexander & Baldwin, Inc.; A&B Properties, Inc.; the Matson Navigation Company; Maritime Consultants of the Pacific; the Hawaii Ship Agents Association; Young Brothers, Limited; and the Hawaii Business Roundtable.

The Hawaii Harbor Users Group was formed by commercial harbor users to work with the Department of Transportation and the legislature to improve the operations and capacity of the State's commercial harbors.

Hawaii Harbor Users Group retained Mercator Transport Group (Mercator) to review and evaluate facility requirements of the State's harbor system as part of the efforts of the Hawaii Harbor Users Group and its members to work with and assist the Department of Transportation with planning and development of port facilities. Following a collaborative effort involving the Hawaii Harbor Users Group members, the Department of Transportation, and Mercator, the Hawaii Harbor Users Group set forth its findings and recommendations in its report, *Harbor Facility Development To Serve The State of Hawaii*. The report recommended comprehensive renovations and construction to Hawaii harbors to accommodate the future demands of shipping and ocean transportation.

Your Committee finds that the recommendations as contained in the report would vastly improve Hawaii's harbors for the future for shipping and ocean transportation. Your Committee urges the Committee on Ways and Means to include capital improvements funding for harbor construction and renovation in the budget of the Department of Transportation. According to testimony of the Department of Transportation, harbors do not receive any federal funds for capital improvement projects. Your Committee urges the Hawaii Harbor Users Group to request the Committee on Ways and Means, as well as the House Committee on Finance, to provide for such funding in the budget. Your Committee is appreciative of the statements of the Department of Transportation and the Hawaii Harbor Users Group to include the Chair of this Committee in future planning discussions on harbor improvements.

Your Committee has amended this measure to:

- (1) Delete language indicating that A&B Properties already designated parts of Kahului Harbor for harbor use, which is inaccurate at the present time; and
- (2) Add a request for construction and improvements for needed ferry terminal development to Nawilili Harbor on Kauai, known as the Pier 3 Dolphin Project.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 33, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 33, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2940 Transportation and Government Operations on S.R. No. 17

The purpose of this measure is to request the Department of Transportation to continue to collaborate with the Hawaii Harbor Users Group to implement planned improvements and construction to improve cargo terminal and container facilities at Honolulu Harbor, Kahului Harbor, and Hilo Harbor.

This measure also commends and congratulates the Department of Transportation and the Hawaii Harbor Users Group for their fine work in completing the Hawaii Harbors User Group's report.

Your Committee received testimony in support of this measure from the Department of Transportation; Norwegian Cruise Line; Pacific Shipyards International; the Hawaii Harbor Users Group; Alexander & Baldwin, Inc.; A&B Properties, Inc.; the Matson Navigation Company; Maritime Consultants of the Pacific; the Hawaii Ship Agents Association; Young Brothers, Limited; and the Hawaii Business Roundtable.

The Hawaii Harbor Users Group was formed by commercial harbor users to work with the Department of Transportation and the legislature to improve the operations and capacity of the State's commercial harbors.

Hawaii Harbor Users Group retained Mercator Transport Group (Mercator) to review and evaluate facility requirements of the State's harbor system as part of the efforts of the Hawaii Harbor Users Group and its members to work with and assist the Department of Transportation with planning and development of port facilities. Following a collaborative effort involving the Hawaii Harbor Users Group members, the Department of Transportation, and Mercator, the Hawaii Harbor Users Group set forth its findings and recommendations in its report, *Harbor Facility Development To Serve The State of Hawaii*. The report recommended comprehensive renovations and construction to Hawaii harbors to accommodate the future demands of shipping and ocean transportation.

Your Committee finds that the recommendations as contained in the report would vastly improve Hawaii's harbors for the future for shipping and ocean transportation. Your Committee urges the Committee on Ways and Means to include capital improvements funding for harbor construction and renovation in the budget of the Department of Transportation. According to testimony of the Department of Transportation, harbors do not receive any federal funds for capital improvement projects. Your Committee urges the Hawaii Harbor Users Group to request the Committee on Ways and Means, as well as the House Committee on Finance, to provide for such funding in the budget. Your Committee is appreciative of the statements of the Department of Transportation and the Hawaii Harbor Users Group to include the Chair of this Committee in future planning discussions on harbor improvements.

Your Committee has amended this measure to:

- (1) Delete language indicating that A&B Properties already designated parts of Kahului Harbor for harbor use, which is inaccurate at the present time; and
- (2) Add a request for construction and improvements for needed ferry terminal development to Nawilili Harbor on Kauai, known as the Pier 3 Dolphin Project.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 17, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 17, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2941 Transportation and Government Operations on H.B. No. 2215

The purpose of this measure is to assist smaller concessionaires by giving the State the flexibility to accept legal tender and financial instruments other than performance bonds as security for the performance of their concession contracts.

Your Committee received testimony in support of this measure from the Department of Transportation and the Airport Concessionaires Committee.

Your Committee finds that in the wake of the events of September 11, 2001, bonds have become increasingly expensive and difficult to obtain for concessionaires. This measure provides concessionaires with flexibility to reduce costs that are presently associated with financial security requirements.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2215, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2942 Transportation and Government Operations on H.B. No. 2273

The purpose of this measure is to make an emergency appropriation to increase the spending ceiling of the state risk management revolving fund to provide for unanticipated expenditures resulting from the May 7, 2005 fire at Kalaheo Elementary School.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and the Department of Education.

Due to the anticipated expenditures relating to the fire at Kalaheo Elementary School and increases in property insurance arising therefrom, the state risk management revolving is projected to have expenditures in excess of the amounts appropriated by the Legislature for the state risk management program for fiscal year 2005-2006.

Your Committee finds that an emergency appropriation as requested by this measure are essential to the prudent operation of the State's risk management program.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2273, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2943 (Majority) Transportation and Government Operations on H.B. No. 2454

The purpose of this measure is to clarify the laws pertaining to vacancies for the United States Senate and the Hawaii State Legislature.

Your Committee received oral testimony in support of this measure from one individual.

This measure would require the Governor, for the filling of a vacancy for the United States Senate, the state Senate, and the state House of Representatives, to select a temporary appointment from a list of five prospective appointees submitted by the same political party as the prior incumbent. The appointee must be a registered member of the same political party as the prior incumbent for at least six months immediately prior to the appointment. If the prior incumbent was not a member of any political party, the Governor would appoint a person who was not a member of any political party for at least six months prior to the appointment.

Your Committee find that this measure would promote an element of fairness in filling legislative vacancies without compromising the integrity of the election process. Political parties should have a voice in selecting a replacement to fill a vacancy.

Your Committee has amended this measure by reducing the number of submitted candidates from five to three, and inserting twenty days after the date the vacancy occurs as the deadline for political parties to submit their candidates to the Governor.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2454, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2454, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, 1 (Whalen). Excused, 3 (Baker, Kanno, Menor).

SCRep. 2944 Transportation and Government Operations on H.B. No. 2274

The purpose of this measure is to allow the comptroller to deposit money received from the settlement of claims or for losses of the State into a trust account of the affected agency instead of into the state risk management revolving fund.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and the Department of Education.

The intent of this measure is to allow an affected agency that receives the money from the settlement or claim to receive the funds in a timely manner by means of a direct deposit of those funds into the agency's trust account established for this purpose.

Under current law for example, any insurance proceeds received by the State for a fire loss must be first deposited into the risk management revolving fund and then expended for the agency or department that sustained the loss. In the meantime, the damaged premises is not being repaired because the agency does not have the funds to pay for the repairs.

In October 2004, the University of Hawaii at Manoa campus was flooded and sustained major damage. The insurance proceeds of \$25,000,000 were first deposited into the risk management revolving fund where they remained until later appropriated out of the fund on an emergency basis. The lag in time caused the University of Hawaii to pay for repairs from existing appropriations, causing previously planned projects to be needlessly delayed.

Your Committee finds that this measure would put the insurance proceeds directly into the hands of the agency to proceed immediately with repairs.

Your Committee has amended this measure by changing the effective date to July 1, 2006.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2274, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2274, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2945 Transportation and Government Operations on S.C.R. No. 38

The purpose of this measure is to request the Department of Transportation to study the feasibility of installing an outdoor wireless corridor along the H-1 freeway in order to encourage utilization by highly occupied vehicles and busses, and to facilitate the gathering of traffic metrics.

Your Committee received testimony in support of this measure from the Department of Transportation. Testimony in opposition was received from the Honolulu Police Department.

Legions of Oahu residents spend at least two hours daily traveling on the H-1 freeway during rush hour traffic going to and from work. Passengers in vehicles on the H-1 during rush hours could better spend their time while in their cars doing work or research on the Internet.

Your Committee finds that an outdoor wireless corridor infrastructure would support continuous coverage for wireless network services for wireless-enabled laptop computers and personal digital assistant devices. An outdoor wireless corridor would enable access to online resources in any location along H-1. Furthermore, according to testimony of the Department of Transportation, it is currently working on an Intelligent Transportation System project for Oahu freeways that has been approved by the Federal Transportation Administration and is funded ninety percent by federal moneys.

Your Committee has amended this measure by deleting a paragraph referencing the popularity of wireless devices.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 38, as amended herein, and recommends that it be referred to the Committee on Media, Arts, Science, and Technology, in the form attached hereto as S.C.R. No. 38, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2946 (Majority) Labor on H.B. No. 1867

The purpose of this measure is to ensure that, in the event of a dispute between an injured employee and the employer or the employer's insurer, the injured employee continues to receive medical treatment under the last approved treatment plan until the Director of Labor and Industrial Relations renders a decision on whether medical treatment should be continued.

Testimony in support of this measure was submitted by the Hawaii State AFL-CIO; the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; the ILWU Local 142; the Hawaii Injured Workers Alliance, the International Brotherhood of Electrical Workers, the Hawaii State Teachers Association, the Hawaii Medical Service Association, the Hawaii Chapter, American Physical Therapy Association, the Hawaii State Chiropractic Association, Work Star Occupational Health Systems, and twelve individuals.

Testimony in opposition to this measure was submitted by the Department of Labor and Industrial Relations (DLIR), the Department of Human Resources Development, the Department of Civil Service for the County of Hawaii, the Chamber of Commerce of Hawaii, the Hawaii Insurers Council, the Society for Human Resource Management, the National Federation of Independent Business in Hawaii, and the Hawaii Independent Insurance Agents Association. Comments on this measure were also submitted by the Hawaii Employers' Mutual Insurance Company, Inc.

Your Committee finds that the current workers' compensation laws allow an injured employee's medical treatment to be prematurely and improperly terminated if the employer denies further treatment. In this situation, if the injured employee disputes the termination of medical treatment, the matter must be resolved through a hearing and determination made by the director of DLIR within sixty days after the date of the hearing. Although DLIR makes efforts to expedite the process, the cessation of medical treatment during the interim can be severely detrimental to the injured employee's health and recovery. In many cases, the cessation of medical treatment can result in the deterioration of an injured employee's condition, thereby extending the duration of the need for medical services and the injured employee's continued absence from work. Your Committee believes that in balancing all of the interests involved, an injured employee merits protection through the provision of uninterrupted medical services until the director of DLIR makes a formal determination that the services are no longer warranted.

Your Committee further finds that the current law also allows an employer to unilaterally terminate an injured employee's temporary total disability (TTD) benefits upon the belief that the injured employee is able to return to work. This termination of benefits can occur irrespective of whether the injured employee has actually resumed work. Once benefits are terminated, the injured employee must make a written request to the director of DLIR if the termination is contested. Currently, an injured employee who has disputed the termination of TTD benefits must wait three to nine months for a hearing and resolution on the matter. Your Committee believes that the workers' compensation system attempts to balance the interests of employers and employees by guaranteeing that workers injured on the job receive medical treatment and replacement of lost wages, while employees relinquish their right to sue under most circumstances. Therefore, the termination of medical treatment and payment of TTD benefits should not be capricious. Your Committee determines that the termination of TTD benefits under the current law creates an undue hardship on the injured employee when the injured employee is not working and likely has no other means of income.

Accordingly, your Committee has amended this measure by:

- (1) Including the contents of S.B. No. 3035, S.D. 1, which amends subsection 386-31(b), Hawaii Revised Statutes, to prevent an employer who believes that an injured employee is able to return to work, but who has yet to return to work, from terminating the employee's TTD benefits until a decision is rendered by the director of DLIR;
- (2) Changing the effective date of the Act to be effective upon its approval; and
- (3) Making technical, nonsubstantive changes for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1867, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1867, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 2. Noes, 1 (Slom). Excused, 1 (Ihara).

SCRep. 2947 Labor on H.B. No. 2309

The purpose of this measure is to require a retired individual who receives reimbursements from the Hawaii employer-union health benefits trust fund (EUTF) for Medicare part B premiums to designate an institution of the individual's choice for direct deposit of the reimbursements beginning July 1, 2006.

This measure also amends existing statutory language for purposes of clarity.

Testimony in support of this measure was submitted by the Department of Budget and Finance, the Hawaii EUTF, and the Hawaii State Teachers Association.

Your Committee finds that advancements in technology enable the EUTF to provide retired employee-beneficiaries and their spouses with the convenience and benefits of direct electronic deposit of Medicare part B reimbursements into the retired employee-beneficiaries' or spouses' bank accounts. Your Committee further finds that, currently, retired employee-beneficiaries benefit from the

employees' retirement system's similar authority to pay retirement benefits to members through direct deposits. The EUTF has already projected that the implementation of this measure will provide annual savings in the amount of approximately \$30,000 in postage and mailing materials alone. Accordingly, your Committee determines that requiring direct deposit for the reimbursement of Medicare part B premiums will be instrumental in reducing postage costs, reducing the cost of handling paper checks, diminishing the potential for lost or stolen paper checks, and providing added convenience through the elimination of the physical deposit of paper checks.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2309, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 1 (Ihara).

SCRep. 2948 Labor on H.B. No. 2311

The purpose of this measure is to amend portions of the law relating to the employees' retirement system (ERS) to enable the ERS to maintain its tax-qualified status.

Specifically, this measure:

- (1) Excludes from membership in the hybrid plan, class A and class B members of the ERS who received in-service refunds of pension contributions made under section 414(h)(2) of the Internal Revenue Code of 1986, as amended; and
- (2) Repeals section 88-46.5, Hawaii Revised Statutes, which allowed members of the (ERS) to receive a one-time withdrawal of the member's contributions to the ERS in the event of economic hardship.

Testimony in support of this measure was submitted by the Department of Budget and Finance, the ERS, and the Hawaii State Teachers Association.

Your Committee finds that the tax-qualified retirement plan status of the ERS may be in jeopardy due to the existence of certain provisions of the law regarding the ERS. Section 414(h)(2) of the Internal Revenue Code of 1986, as amended, provides for favorable tax treatment for employee contributions "picked up" by the employer for the employee to a tax-qualified retirement plan established by a State or county. The tax-qualified status of the ERS is currently being compromised through provisions of the law that allow members to receive a refund of contributions made under section 414(h)(2) while the member is employed by the State or county or if the member received a refund while the member was employed by the State or county and the member is subsequently allowed to have additional contributions made on the member's behalf under section 414(h)(2).

Your Committee further finds that, under the current law, a member is allowed to make a one-time withdrawal of accumulated contributions to the ERS in the event of economic hardship while still employed by the State or county. This allowance also jeopardizes the ERS' tax-qualified status. Therefore, your Committee determines that in order to maintain the ERS' tax-qualified retirement plan status, the law must be amended to bring the ERS in compliance with the Internal Revenue Code.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2311, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 1 (Ihara).

SCRep. 2949 (Joint/Majority) Labor and Education and Military Affairs on H.B. No. 2609

The purpose of this measure is to establish a collective bargaining process for new century charter school employees.

Specifically, this measure:

- (1) Assigns employees of a new century charter school to an appropriate bargaining unit;
- (2) Establishes the employer for the purposes of negotiating collective bargaining agreements for employees of new century charter schools;
- (3) Designates the local school board as the authority to negotiate memoranda of agreement or supplemental agreements for new century charter school employees;
- (4) Establishes that the employee organization certified by the Hawaii labor relations board shall be the exclusive representative for all employees in an appropriate bargaining unit; and
- (5) Determines that cost items appropriated for new century charter school employees shall be allocated by the department of budget and finance to the charter school administrative office for distribution to the schools.

Testimony in support of this measure was submitted by the Board of Education; Charter School Administrative Office; the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and the Hawaii State Teachers Association. Testimony in opposition to this measure was submitted by the Governor's Administration and the Office of Collective Bargaining.

Your Committees find that the unique nature of charter schools necessitates the full utilization of personnel, often resulting in many employees performing the duties of multiple positions. Due to their size and limited resources, charter schools are often faced with challenges unlike those of their public school counterparts. Your Committees believe that the enactment of laws to address collective bargaining negotiations specific to charter school employees is needed to protect the rights of these employees. Clarification in the law will allow the new century charter school employees to be properly represented and have their rights appropriately safeguarded.

Accordingly, your Committees have amended this measure by:

- (1) Clarifying the language of subsection (c) to ensure that new century charter schools have flexibility in negotiating an agreement that fits their particular needs; and
- (2) Changing the effective date of the Act to be effective upon its approval.

As affirmed by the records of votes of the members of your Committees on Labor and Education and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2609, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2609, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, 1 (Slom). Excused, 2 (Chun Oakland, Ihara).

SCRep. 2950 Labor on H.B. No. 2678

The purpose of this measure is to allow a member of the employees' retirement system who applies for ordinary disability retirement, and who continues to work at the member's regular job, to terminate service at any time following the approval of ordinary disability retirement.

Testimony in support of this measure was submitted by the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO, the Hawaii State Teachers Association, and four individuals. Testimony in opposition to this measure was submitted by the Employees' Retirement System (ERS). Comments on the measure were also submitted by the Department of the Attorney General.

Your Committee finds that, under the current law, a member of the ERS can only qualify for ordinary disability retirement upon certification by the ERS medical board that the member is permanently mentally or physically incapacitated for the further performance of duty and should be retired. However, your Committee further finds that some ERS members suffer from incurable debilitating diseases that have not yet progressed to the point where they are unable to continue working. The law should be amended to allow members suffering from incurable debilitating diseases to be able to qualify for ordinary disability retirement and still continue to work until they are physically or mentally unable to do so. Your Committee determines that these changes will streamline the process by removing the requirement of members to make multiple filings for ordinary disability retirement when they are already hampered by their condition as well as financial and other restraints.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and inserting the provisions of S.B. No. 3012, S.D. 1, which provides as follows:
 - (A) Allows a member of the ERS who is diagnosed with an incurable debilitating disease to qualify for ordinary disability retirement and continue working until the member is unable to work and, specifically:
 - (B) Requires the ERS medical board to render a decision on whether the member suffers from an incurable debilitating disease within thirty days of the receipt of the member's application for ordinary disability retirement;
 - (C) Requires the ERS board to render a decision on the member's application for ordinary disability retirement within thirty days of receipt of the medical board's determination of eligibility for ordinary disability retirement; and
 - (D) Establishes a definition for the term "incurable debilitating disease; and
- (2) Making the effective date of the Act July 1, 2050 to allow further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2678, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2678, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 1 (Ihara).

SCRep. 2951 (Majority) Labor on H.B. No. 2691

The purpose of this measure is to allow civil actions under chapter 104, Hawaii Revised Statutes (HRS), for injunctive and other relief to be instituted by a joint labor-management committee established pursuant to the federal Labor Management Cooperation Act of 1978.

Testimony in support of this measure was submitted by the Hawaii Carpenters Union. Testimony in opposition to this measure was submitted by the Department of Labor and Industrial Relations, the Hawaii Chapter of Associated Builders and Contractors, Inc., and the Hawaii Island Contractors' Association.

Your Committee finds that, under the current law, laborers or mechanics may bring suit to recover wages or overtime compensation under chapter 104, HRS. However, the law fails to contemplate situations wherein an aggrieved individual is essentially prevented from seeking redress due to a lack of information and resources, the fear of retaliation, or the inability to obtain injunctive relief against an employer who is continuously in violation of the law. Your Committee further finds that in other jurisdictions labor organizations have been successful in assisting aggrieved laborers in exposing, and enjoining from further violative behavior, contractors who are continuously violating the law. Your Committee believes that the extension of the right to bring suit for injunctive and other relief against an employer in violation of chapter 104, HRS, will provide an additional remedy as well as an additional safeguard within the system to ensure that prevailing wages laws are followed and enforced. Furthermore, the limitation of the extension of this right to joint labor-management committees, as established by the federal Labor Management Cooperation Act of 1978, will ensure that suits are only brought by cooperative committees comprised of an equal number of representatives from labor and management.

Your Committee has amended this measure by making technical, nonsubstantive changes to reflect preferred drafting style and for purposes of clarity.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2691, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2691, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 2. Noes, 1 (Slom). Excused, 1 (Ihara).

SCRep. 2952 Labor on H.B. No. 2698

The purpose of this measure is to require the Director of Labor and Industrial Relations to establish standardized forms for health care providers to use when reporting on and billing for injuries compensable under the State's workers' compensation law.

Testimony in support of this measure was submitted by the Department of Human Resources Development; Department of Labor and Industrial Relations; the Hawaii Chapter of the American Physical Therapy Association; the Hawaii Employers' Mutual Insurance Company, Inc.; the Hawaii Insurers Council; the Hawaii State AFL-CIO; the Hawaii State Chiropractic Association; and the International Longshore and Warehouse Union, Local 142. Comments on the measure were also submitted by the Hawaii Medical Association.

Your Committee finds that in facilitating the filing of workers' compensation claims, more can be done to provide uniformity, greater clarity, and efficiency in the delivery of medical services to injured employees and payment to the providers. The current lack of uniformity in the filing of paperwork by providers often results in the employer's denial of payment for services without an effective method for the employee to determine the basis for denial. Consequently, denials necessitate the filing of additional paperwork and further delay, or eliminate the receipt of payment for medical services from the employer's insurer. Your Committee believes that the use of standardized forms can help to clearly identify the necessary information for proper determination of the need for care and the type of care that satisfies medical reporting requirements.

However, your Committee believes that for standardized forms to be truly helpful in streamlining the workers' compensation system, DLIR must receive input from interested stakeholders in the workers' compensation system, including insurers, providers, employers, and employees, in order to better address the needs of all parties involved.

Accordingly, your Committee has amended this measure by:

- (1) Including language to require DLIR to prepare the standardized forms, with input from all interested stakeholders in the workers' compensation system, including health care providers, insurers, employers, and employees;
- (2) Changing the effective date of the Act to be effective upon its approval; and
- (3) Making technical, nonsubstantive changes to reflect preferred drafting style and for purposes of clarity.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2698, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2698, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 1 (Ihara).

SCRep. 2953 (Majority) Labor on H.B. No. 2947

The purpose of this measure is to repeal Act 249, Session Laws of Hawaii 2005.

This measure also:

- (1) Amends the law relating to the use of unemployment trust fund moneys to conform to P.L. 107-147, the Temporary Extended Unemployment Compensation Act of 2002, because the requirements for Reed Act funds distributed in 2002 differ from those of prior special Reed Act distributions;
- (2) Appropriates \$20,000,000 from the unemployment insurance trust fund in fiscal year 2006-2007 to improve the services of the unemployment insurance and workforce development divisions of the Department of Labor and Industrial Relations (DLIR), provided that:
 - (A) \$9,590,000 to the Honolulu Workforce Investment Board;
 - (B) \$2,505,550 to the Maui Workforce Investment Board;
 - (C) \$2,000,000 to the Kauai Workforce Investment Board;
 - (D) \$3,300,000 to the Hawaii Workforce Investment Board; and
 - (E) \$2,604,450 to the Department of Labor and Industrial Relations; and
- (3) Requires DLIR to report to the Legislature on the status of the timely release of funds appropriated under the Act to the counties.

Testimony in support of this measure was submitted by the Oahu Workforce Investment Board. Comments on this measure were submitted by DLIR and the Department of the Attorney General.

Your Committee finds that pursuant to Act 249, SLH 2005, the law was amended to allow for the utilization of 2002 Reed Act funds. Additionally, Act 249 provided for the appropriation of funds from the unemployment trust fund to improve the services of the unemployment insurance and workforce development divisions of DLIR. Within the appropriations made to the several county workforce investment boards, the moneys appropriated to the County of Hawaii were directed to be expended on the eradication of coqui frogs and other invasive species. No funds appropriated under the Act have been expended by the specified entities.

The Attorney General has opined that Act 249 did not become law; however, it is the Legislature's position that the Governor's veto of Senate Bill No. 813, C.D. 1, was defective and that Act 249 is good law. Therefore, your Committee believes that it is unnecessary to repeal and then reinstate the current law. However, in order to avoid further delays in the expenditure of the funds appropriated under the Act, the portions of Act 249 that appropriate funds for the eradication of coqui frogs and other invasive species and establish restrictions on the release of funds by DLIR should be repealed. These changes in the law should facilitate the prompt release of funds to the appropriate entities so that they may begin to make necessary improvements and changes to workforce development services.

Accordingly, your Committee has amended this measure by deleting its contents and replacing it with the substance of S.B. No. 3022, S.D. 1. As amended, this measure amends Act 249, SLH 2004, by:

- (1) Removing the requirement that funds appropriated to the county of Hawaii workforce investment board be expended for the eradication of coqui frogs and other invasive species;
- (2) Repealing the appropriation of funds for fiscal year 2005-2006 that were not released by the Governor;
- (3) Amending the appropriation amounts for fiscal year 2006-2007 by providing:
 - (A) \$9,590,000 to the Honolulu Workforce Investment Board;
 - (B) \$2,505,550 to the Maui Workforce Investment Board;
 - (C) \$2,000,000 to the Kauai Workforce Investment Board;
 - (D) \$3,300,000 to the Hawaii Workforce Investment Board; and
 - (E) \$2,604,450 to the Department of Labor and Industrial Relations (DLIR); and
- (4) Repealing section 4, which:
 - (A) Prohibited the release of funds appropriated under the Act by the Governor to DLIR until all funds appropriated for the counties have been so released; and
 - (B) Specified that the appropriation of funds under the Act were not subject to the allotment system powers under part II of chapter 37, HRS.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2947, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2947, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 2. Noes, 1 (Slom). Excused, 1 (Ihara).

SCRep. 2954 (Majority) Labor on H.B. No. 2950

The purpose of this measure is to clarify the purpose of the Act 245, Session Laws of Hawaii 2005, which authorizes the establishment of voluntary employees' beneficiary association trusts.

Testimony in support of this measure was submitted by the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; the Hawaii State Teachers Association; and the United Public Workers, AFSCME Local 646, AFL-CIO. Comments on the measure were also submitted by the Department of the Attorney General and the League of Women Voters of Hawaii.

Your Committee finds that Act 245, Session Laws of Hawaii 2005, authorized the establishment of voluntary employees' beneficiary association (VEBA) trusts by an employee organization for state and county employees of "a particular bargaining unit." Your Committee further finds that clarification is necessary to ensure that the intent of the Legislature to allow any bargaining unit or units to benefit from the establishment of VEBA trusts. Your Committee believes that it was not the Legislature's intent that VEBA trusts only be established by a single employee organization or a single bargaining unit, regardless of the law's temporary nature as establishing only a three-year pilot program. Your Committee believes that this measure should further clarify that VEBA trusts may be established by any employee organization for multiple bargaining units that may also benefit from their combined numbers.

Accordingly, your Committee has amended this measure by:

- (1) Removing language that indicated that an employee organization may establish a VEBA trust for state and county employees represented by that employee organization; and
- (2) Including language to clarify that an employee organization may establish a VEBA trust for state and county employees of any bargaining unit or units for which a trust has been established.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2950, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2950, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 2. Noes, 1 (Slom). Excused, 1 (Ihara).

SCRep. 2955 (Majority) Labor on H.B. No. 3254

The purpose of this measure is to repeal provisions within the Hawaii Revised Statutes (HRS) that require public employees, who are not required under Article XVI, Section 4 of the Hawaii State Constitution, to take a loyalty oath.

Testimony in support of this measure was submitted by the Office of the Ombudsman.

Your Committee finds that Article XVI, Section 4, of the Hawaii State Constitution was amended in 1992 to require only the Governor, Lieutenant Governor, members of the Legislature, members of the Board of Education, members of the National Guard, employees of the State and counties possessing police powers, district court judges, and officers whose appointment requires the consent of the State Senate to subscribe to an oath of office. Subsequent to the 1992 constitutional amendment, part II of chapter 85, HRS, relating to loyalty oaths was also repealed.

However, your Committee further finds that, although obsolete, certain provisions of the law still exist that either require specific public employees to take a loyalty oath or refer to the repealed provisions of chapter 85, HRS. Your Committee determines that these provisions should be repealed, as the affected positions are not specifically enumerated as those subject to the constitutional mandate of a loyalty oath and their continued presence may cause confusion as to their effect and applicability.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3254, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 2. Noes, 1 (Slom). Excused, 1 (Ihara).

SCRep. 2956 Transportation and Government Operations on H.B. No. 2639

The purpose of this measure is to create a category of "highly intoxicated driver" for a person with a 0.15 or more grams of blood or breath alcohol reading for the purpose of enhanced penalties under driving while intoxicated law.

This measure would provide an administrative penalty of a six-month revocation of license and of motor vehicle registration for highly intoxicated drivers.

Your Committee received testimony in support of this measure from the Department of Transportation; the Department of Health; Honolulu Police Department, and Mothers Against Drunk Driving. Testimony in opposition was received from the Public Defender. Comments were received from the Judiciary.

Your Committee finds that persons who are highly intoxicated are an enhanced danger while driving and deserve enhanced penalties. According to the National Transportation Safety Board, drivers with a high blood alcohol content pose an increased risk of crashes, injuries, and fatalities.

According to the Department of Transportation, a person with a 0.15 percent blood alcohol level is 380 times more likely to be involved in a fatal crash than a non-drinking driver. Presently, thirty-two states and the District of Columbia have high blood alcohol laws that adopt the 0.15 standard. The most frequently recorded blood alcohol level among drinking drivers involved in fatal crashes was 0.18 percent. Fatality Analysis Reporting System data showed that in Hawaii from 2000 to 2004, there were 184 alcohol related fatal crashes that involved 196 drivers with positive blood alcohol readings. Of those 184 alcohol related fatal crashes, 85 crashes involved drivers who had blood alcohol readings of 0.15 percent or higher.

This measure adopts the national Mothers Against Drunk Driving recommendations by making sanctions for driving with a high blood alcohol concentration similar to laws for repeat offenders. Upon the recommendation of Mothers Against Drunk Driving, your Committee has amended this measure by providing for a six month driver's license revocation and plate impoundment for an administrative revocation.

Your Committee has amended this measure upon the recommendation of the Driver's License Revocation Office and Mothers Against Drunk Driving, to:

- (1) Clarify the definition of "highly intoxicated driver";
- (2) Authorize the administrative revocation hearings officer to impose up to the maximum license revocation period as specified by current law, as a housekeeping measure to comply with court rulings;
- (3) Prohibit a highly intoxicated driver from holding a conditional license permit;
- (4) Impose an absolute prohibition from operating a motor vehicle for six months as part of court sentencing;
- (5) Delete a redundant amendment to court sentencing provisions; and
- (6) Change the effective date to July 1, 2007.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2639, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2639, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Hee, Menor).

SCRep. 2957 Transportation and Government Operations on H.B. No. 2422

The purpose of this measure is to increase the penalties for motorists who violate Hawaii's crosswalk law.

This measure provides penalties as follows:

- (1) For a first conviction, a fine of not less than \$150;
- (2) For a second conviction, a fine of not less than \$300; and
- (3) For a third or subsequent conviction, committed within one year of the date of the second offense, a fine of not less than \$1000.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, and the Public Defender.

Act 73, Session Laws of Hawaii 2005, amended the crosswalk law to clarify when a motorist has a duty to come to a complete stop for a pedestrian in a crosswalk. However, according to a November 13, 2005 article in the *Honolulu Advertiser*, despite a highly publicized new law to protect pedestrians, the number of people killed in crosswalks has increased forty-three percent this year and the State could have its highest number of pedestrian traffic deaths in five years.

According to testimony of the Department of Health, pedestrian deaths and injuries in Hawaii are a serious public health problem. Pedestrian injuries rank sixth among the leading causes of fatal injuries for all ages groups in Hawaii. Alarming, Hawaii had the highest pedestrian fatality rate for seniors in the nation over the 1999-2003 period. The lack of safe walking and particularly crossing conditions on roadways thwarts the mobility of pedestrians and their ability to exercise, denying them a proven health benefit.

Your Committee finds that the crosswalk law needs to be strengthened by enhanced penalties as a deterrent and punishment to drivers who do not stop for pedestrians.

Your Committee has amended this measure by deleting its contents and inserting provisions of S.B. No. 2385, S.D. 1, a companion measure that restores the harsher penalties of license revocation and imprisonment and is effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2422, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2422, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2958 Transportation and Government Operations on H.B. No. 2423

The purpose of this Act is to authorize the use of moneys from the state highway fund for the road systems of the counties for fiscal year 2005-2006.

Your Committee received testimony in support of this measure from the Mayor of Hawaii County; Department of Transportation; and Honolulu Department of Facility Maintenance.

Your Committee finds that the State should assist the counties with the costs of construction, maintenance, and repair of county roads. The traveling public should be able to rely upon government to fix and improve roads, without regard to technicalities of ownership between the State and counties. The costs of road work is rising so rapidly that the counties have nowhere to turn for help except the State.

Your Committee has amended this measure by deleting its contents and inserting provisions of S.B. No. 2386, SD1, a companion measure that codifies the amendments according to the proper drafting form and makes it effective upon approval.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2423, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2423, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2959 Transportation and Government Operations on H.B. No. 2275

The purpose of this measure is to make an emergency appropriation for statewide electricity payments for facilities assigned to the Department of Accounting and General Services.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services.

Your Committee finds that the steady rise in world oil prices has directly contributed in a \$1,276,000 shortfall for fiscal year 2005-2006. Even with conservation measures, the electricity needed to run public buildings to sustain ongoing state operations is costing more simply because the cost per kilowatt hour is higher. DAGS cannot afford to absorb those higher costs without jeopardizing the provision of other services in the custodial services program that are necessary for health and safety.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2275, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2960 (Joint/Majority) Labor and Transportation and Government Operations on H.B. No. 2692

The purpose of this measure is to require the Department of Labor and Industrial Relations to be responsible for enforcing the provision of and ensuring compliance with chapter 104, Hawaii Revised Statutes (HRS), for public work projects that are not directly caused by a governmental contracting agency.

Additionally, this measure:

- (1) Creates a new section within chapter 39A, HRS, to require the reporting to DLIR of any issuance of a special purpose revenue bond for a public work project that is subject to chapter 104, HRS, but not directly caused by a governmental contracting agency;
- (2) Excludes housing developments under chapter 201H, HRS, from compliance with section 104-2, HRS; and

- (3) Clarifies that a violation of chapter 104, HRS, refers to each project in which DLIR finds a violation.

Testimony in support of this measure was submitted by the IBEW Local 1186, the Hawaii State AFL-CIO, and the Hawaii Building and Construction Trades Council, AFL-CIO. Testimony in opposition to this measure was submitted by the Department of Labor and Industrial Relations (DLIR), the Hawaii Island Contractors' Association, and the Hawaii Chapter of Associated Builders and Contractors, Inc.

Your Committees find that under the current law a contractor who is found to be in violation of chapter 104, HRS, is considered to have committed only one violation of the law, although multiple violative acts may be occurring or recurring simultaneously on multiple public work projects performed by the same contractor. Your Committees further find that due to the lengthy process for conducting and completing investigations of possible violations, contractors who do not comply with the prevailing wages laws are not properly sanctioned or restricted from obtaining contracts for additional public work projects. Your Committees are concerned, particularly during the current construction industry boom, that contractors be carefully monitored and sanctioned as necessary to provide a level playing field for all contractors and to ensure the payment of prevailing wages to all eligible workers.

Furthermore, your Committees determine that other legislative vehicles are progressing throughout the session that address the same or similar issues as contained in this measure. However, your Committees further find that the issue of preventing contractors who continually violate the law on multiple occasions and on multiple public work projects from circumventing the law and gaining an unfair advantage over complying contractors is not addressed by any other measure in the Senate at this time.

Accordingly, your Committees have amended this measure by deleting its contents and inserting the language of S.B. 3008. As amended, this measure, upon its approval, will clarify that a single violation refers to each separate project where DLIR finds a contractor has failed to comply with chapter 104, HRS.

As affirmed by the records of votes of the members of your Committees on Labor and Transportation and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2692, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2692, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 4. Noes, 2 (Slom, Whalen). Excused, 4 (Baker, Hee, Menor, Taniguchi).

SCRep. 2961 (Joint/Majority) Labor and Transportation and Government Operations on H.B. No. 2952

The purpose of this measure is to require the Department of Labor and Industrial Relations (DLIR) to enforce the laws of chapter 104, Hawaii Revised Statutes (HRS), and to collect and maintain the certified copies of payrolls for any public work project subject to chapter 104, HRS, that was not directly built or developed by a governmental contracting agency.

Testimony in support of this measure was submitted by the IBEW Local 1186 and Hawaii Building and Construction Trades Council, AFL-CIO. Testimony in opposition to this measure was submitted by DLIR, the Department of Accounting and General Services, and the Hawaii Chapter of Associated Builders and Contractors, Inc.

Your Committees find that contractors on certain public work projects have been able to avoid compliance with prevailing wages laws, largely due to a lack of monitoring and enforcement. Your Committees further find that many of these public work projects, including those that are funded through the use of special purpose revenue bonds, lack an identifiable governmental contracting agency. Contractors on public work projects without a governmental contracting agency are able to avoid compliance with the law, as there is no entity to enforce or monitor compliance with chapter 104, Hawaii Revised Statutes. Your Committees believe that laborers on these public work projects should be receiving the payment of prevailing wages to ensure equity and uniformity in the execution of all public works projects. As enforcement and accountability is necessary on these types of projects, your Committees determine that DLIR is the appropriate entity to enforce and monitor compliance with the law for these types of projects in order to close the existing loophole in the system.

Accordingly, your Committees have amended this measure by:

- (1) Changing the effective date of the Act to be effective upon its approval; and
- (2) Making technical, nonsubstantive changes for purposes of clarity and style.

As affirmed by the records of votes of the members of your Committees on Labor and Transportation and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2952, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2952, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 4. Noes, 2 (Slom, Whalen). Excused, 4 (Baker, Hee, Menor, Taniguchi).

SCRep. 2962 Labor on H.B. No. 3089

The purpose of this measure is to establish a public employees' trust fund (PETF) for offsetting the State's funding liability for contributions for retired employees to the Hawaii employer-union health benefits trust fund (EUTF) under chapter 87A, Hawaii Revised Statutes.

This measure also:

- (1) Establishes a PETF board of trustees for the administration of the PETF;
- (2) Appropriates funds in the sum of \$1,500,000 to the public employees' trust fund (PETF); and
- (3) Prohibits the use of monies in PETF until the PETF 's principal reaches the sum of \$1,000,000,000.

Testimony in support of this measure was submitted by the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Testimony in opposition to this measure was submitted by the EUTF. Comments on the measure were submitted by the Department of Budget and Finance and the Department of Accounting and General Services.

Your Committee finds that the Government Accounting Standards Board (GASB) recently issued statement numbers 43, regarding accounting by plans that administer post-employment retirement benefit plans other than pensions, and 45, regarding accounting and reporting requirements for state and local government employers that provide post-employment retirement benefit plans other than pensions. Your Committee further finds that implementation of statement numbers 43 and 45 will be done in stages. The provisions of statements 43 and 45 will require the State's financial statements to contain specific information regarding the State's provision of retiree health benefits or other post-employment benefits plans. Your Committee determines that changes to the current law regarding the EUTF are necessary to allow the State to comply with the financial reporting requirements of statement numbers 43 and 45 and to clarify the law to allow the EUTF to benefit from future strategies to reduce the EUTF's liability.

Accordingly, your Committee has amended this measure by:

- (1) Deleting the contents creating a new chapter that establishes the PETF; and
- (2) Inserting provisions to:
 - (A) Amend chapter 87A, HRS, to establish that the EUTF is administered as a trust as used in GASB statements 43 and 45;
 - (B) Clarify that the State and county contributions to the EUTF are irrevocable;
 - (C) Specify that EUTF moneys and assets shall only be used for the exclusive benefit of the employee-beneficiaries and dependent beneficiaries;
 - (D) Authorize the EUTF board to use funds for the future provision of health and other benefits plans for retirees and their beneficiaries;
 - (E) Allow the EUTF board to create separate funds for the future provision of health and other benefits plans for retirees and their beneficiaries, subject to chapter 87A; and
 - (F) Make the Act effective on July 1, 2006.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3089, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3089, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 1 (Ihara).

SCRep. 2963 (Joint) Energy, Environment, and International Affairs and Intergovernmental Affairs on H.B. No. 1955

The purpose of this measure is to increase the maximum fines for littering from a motor vehicle, littering in public, and criminal littering.

Windward Ahupua'a Alliance submitted testimony in support of this measure. One individual submitted testimony in support of this measure with amendments.

There is a rampant littering problem in our State's communities. Your Committees find that the current mandatory minimum fines for littering violations are not a sufficient deterrent. The present minimum fine for littering is only \$25. An increase in the minimum fine serves as a greater deterrent because fines tend to be imposed at the minimum rather than the maximum amount for violations. An increase in the fine schedule will serve as an incentive to keep Hawaii beautiful.

Your Committees amended this measure by:

- (1) Replacing the original provisions with the provisions of S.B. No. 2850 S.D. 2 to increase the minimum fines for all three offenses, and the maximum fine for criminal littering;
- (2) Changing the effective date to on approval; and
- (3) Making technical, non-substantive amendments for clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy, Environment, and International Affairs and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1955, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1955, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.
Ayes, 9. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 2964 Labor on H.B. No. 3018

The purpose of this measure is to require government employees convicted of embezzling, stealing, receiving, or retaining, or failing to properly account for any property or funds belonging to the State or a county to be fined an amount equal to four times the amount taken.

Additionally, this measure requires the garnishment of wages in an amount equal to the lesser of an amount:

- (1) Not to exceed thirty times the federal minimum hourly wage; or
- (2) Twenty-five percent of the defendant's disposable income.

Testimony in support of this measure was submitted by the Department of Human Resources Development and the Hawaii Government Employees Association, Local 152, AFL-CIO. Comments on the measure were also provided by the Department of the Attorney General and the Employees' Retirement System.

Your Committee finds that the Government Accounting Standards Board (GASB) recently issued statement numbers 43, regarding accounting by plans that administer post-employment benefit plans other than pensions, and 45, regarding accounting and reporting requirements for state and local government employers that provide post-employment benefit plans other than pensions. Your Committee further finds that implementation of statement numbers 43 and 45 will be done in stages. The provisions of statements 43 and 45 will require the State's financial statements to contain specific information regarding the State's provision of retiree health benefits or other post-employment benefits plans. Your Committee determines that changes to the current law regarding the EUTF are necessary to allow the State to comply with the financial reporting requirements of statement numbers 43 and 45 and to clarify the law to allow the Hawaii employer-union health benefits trust fund (EUTF) to benefit from future strategies to reduce the EUTF's liability.

Your Committee heard H.B. 3089, H.D. 1, regarding the establishment of a public employees' trust fund to offset the State's funding liability for contributions for retired employees to the EUTF under chapter 87A, Hawaii Revised Statutes. Based upon testimony submitted by the Department of Accounting and General Services, your Committee determined that the measure needed to be amended to ensure compliance with the GASB statements. However, subsequent to your Committee's passage of H.B. 3089, H.D. 1, S.D. 1, it was discovered that the new language included in the Senate Draft did not fall within the subject matter of the measure's title. Therefore, your Committee determines that this is an appropriate vehicle for properly addressing the issue.

Accordingly, your Committee has amended this measure by deleting its contents and inserting provisions to:

- (1) Amend chapter 87A, HRS, to establish that the EUTF is administered as a trust as used in GASB statements 43 and 45;
- (2) Clarify that the State and county contributions to the EUTF are irrevocable;
- (3) Specify that EUTF moneys and assets shall only be used for the exclusive benefit of the employee-beneficiaries and dependent beneficiaries;
- (4) Authorize the EUTF board to use funds for the future provision of health and other benefits plans for retirees and their beneficiaries;
- (5) Allow the EUTF board to create separate funds for the future provision of health and other benefits plans for retirees and their beneficiaries, subject to chapter 87A; and
- (6) Make the Act effective on July 1, 2006.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3018, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3018, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.
Ayes, 3. Noes, none. Excused, 1 (Taniguchi).

SCRep. 2965 (Joint/Majority) Labor and Human Services on H.B. No. 2558

The purpose of this measure is to allow the director of labor and industrial relations to refer, for vocational rehabilitation services, employees who have been deemed unable to return to work in their normal jobs as a result of a work injury.

Testimony in support of this measure was submitted by the ILWU Local 142; the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; the Hawaii State Teachers Association; Work Star Occupational Health Systems; the International Association of Rehabilitation Professionals-Hawaii Chapter; and six individuals. Testimony in opposition to this measure was submitted by the Department of Labor and Industrial Relations (DLIR), the Department of Human Resources Development, and the County of Maui. Comments on the measure were also submitted by the Hawaii Employers' Mutual Insurance Company, Inc.

Your Committees find that the current law puts into question vocational rehabilitation services for injured employees who may not suffer permanent disability, but has been deemed unable to return to work due to other reasons. Your Committees find that an important objective in workers' compensation cases is that an injured employee returns to work. The provision of vocational rehabilitation services is essential in assisting an injured employee in returning to full employment status. Your Committees determine that assisting individuals who fall within this group is in the best interest of the State, the insurers, the employers, and the injured employees.

Your Committees heard testimony that employees temporarily unable to return to work would become eligible for vocational rehabilitation services and regarding the effect of this in relation to the provision of alternate or light duty work. Therefore, the measure is amended to assess the employees' inability to return to their regular jobs at the point the injury stabilizes, where no offers for alternate work to restore employees to comparable earnings capacities have been made by the employers.

Your Committees entertained discussion on the issue of whom is the appropriate party to determine whether an injured employee is deemed unable to return to work and, thus, eligible for vocational rehabilitation services. Your Committees find that existing within the current system is a process for evaluating and determining an injured employee's medical status and eligibility for receiving vocational rehabilitation services. Under the current law, referrals are initiated from various sources based upon physicians' reports and thereafter the employer may challenge an employee's eligibility. Any challenge is heard by the director of DLIR. Therefore, no further amendment to the law is necessary.

Accordingly, your Committees have amended this measure by specifying that the director of DLIR may also refer to vocational rehabilitation services injured employees who:

- (1) Are deemed unable to return to their regular jobs after the injury may have stabilized; and
- (2) Have not been offered suitable work by the employer that would restore the employee to an earnings capacity comparable to that existing at the time of the injury.

As affirmed by the records of votes of the members of your Committees on Labor and Human Services that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2558, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2558, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 5. Noes, 1 (Slom). Excused, 3 (Fukunaga, Hooser, Taniguchi).

SCRep. 2966 Transportation and Government Operations on H.B. No. 2637

The purpose of this measure is to provide temporary relief from lease and permit requirements for airport vendors who want to make improvements.

Your Committee received testimony in support of this measure from the Department of Transportation, HMSHost Hawaii Operations, and the Airports Concessionaires Committee.

Many airport concessions are in need of improvements, but a number of airport concessions have complained that, given stringent accounting rules, they cannot make necessary improvements to their concessions due to the very short, or no, remaining term on their concession leases that prevent them from amortizing further improvements. Over twenty airport concessions now experience this problem. As a result, improvements that the airports and various concessionaires would like to see are simply not happening. Hawaii's airports would have a better overall appearance and potentially enhanced revenues to the Department of Transportation if improvements could be made.

Your Committee finds that while the economy has now improved, it will take two to three years to put these twenty or more concessions out to bid. Rather than have some of these concessions forego necessary improvements for two to three more years, it would be beneficial to both concessionaires and the airports if some of the concession leases could be extended on a short-term basis to allow for some improvements. These improvements would improve the overall appearance of the airports and make the concessions more attractive to customers.

Your Committee has amended this measure by deleting its contents and inserting provisions of companion measure S.B. No. 2662, SD1, with an effective date of upon approval and a sunset date of July 1, 2007.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2637, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2637, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 2967 (Joint/Majority) Health and Human Services on H.B. No. 3142

The purpose of this measure is to sustain trauma care resources in the State by:

- (1) Establishing the Trauma Care Fund to provide reimbursements for documented costs of uncompensated care incurred by a trauma center; and
- (2) Specify dedicated sources of revenue for the fund.

Your Committees received testimony in support of this measure from the Hawaii Government Employees Association and one individual. Testimony in support of amendments to this measure was submitted by the Healthcare Association of Hawaii, Kaiser Permanente, and The Queen's Medical Center. Testimony in opposition was received from the Department of Health and the Department of Budget and Finance. The Tax Foundation of Hawaii submitted comments.

Your Committees find that the intent of this measure is generally supported by all testifiers. However, the measure as written should be amended to clarify its purposes of ensuring availability of care for trauma patients and establishing dedicated sources of funding.

The Department of Health and the Healthcare Association of Hawaii recommend an amendment for clarification purposes that establishes an inclusive trauma system fund that will serve the needs of all residents and visitors in the State.

Your Committees further find that this measure proposes to transfer monies from the environmental response revolving fund to the trauma care fund. The Department of Budget and Finance and the Tax Foundation of Hawaii recommend amending this measure by removing the environmental response fund as a source of revenue because it does not reflect a clear nexus between the benefits sought and the charges made upon users or beneficiaries of the trauma care fund.

Your Committees have amended this measure by replacing its contents with the contents of S.B. No. 2764, S.D. 2, which creates a trauma care special fund, deletes the surcharges to fund the fund, and replaces that with an additional motor vehicle registration fee. It also requires an annual report on expenditures of the special fund and progress toward developing a fully integrated statewide trauma system.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3142, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 3142, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 5. Noes, 1 (Trimble). Excused, 4 (Fukunaga, Hanabusa, Ihara, Whalen).

SCRep. 2968 Health on H.B. No. 3139

The purpose of this measure is to provide a system for children ages 4-6 years to be screened for vision, hearing, and development prior to entry into pre-school or kindergarten and to develop a Hawaii childhood screening initiative task force to plan and implement screening for children from birth to eight years of age.

Your Committee received testimony in support of this measure from the Department of Health, the Hawaii Psychiatric Medical Association, Blueprint for Change, Good Beginnings Alliance, and Family Voices of Hawai'i.

Your Committee finds that early childhood screening before entry into pre-school or kindergarten is necessary for early detection and intervention of developmental and psychosocial delays in children. Early intervention plays a critical role in improving a child's eventual success in school and in relationships.

Your Committee further finds that establishing a childhood screening initiative task force is essential to the development of state policies, referral protocols, and evaluating the screening system.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3139, H.D. 3, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 2969 Transportation and Government Operations on H.B. No. 487

The purpose of this measure, as received, is to allow counties to obtain taxpayer information from the State.

The purpose of this measure, as amended, is to exempt, from the general excise tax and use tax, the aviation fuel purchased in a foreign trade zone for use by common carriers in inter-island and intra-island transportation.

Your Committee received testimony in support of this measure from Hawaiian Airlines, Aloha Airlines, the International Association of Machinist Union-Local Lodge 1979, Air Line Pilots Association, Chamber of Commerce of Hawaii, and Hawaii State Council of Machinists. Comments were received from the Department of Taxation, State Foreign Trade Zone Administrator, and Tax Foundation of Hawaii.

Your Committee finds that as an island state, air transportation is vital to the lives of Hawaii's resident population and the economic well-being of the State. Over the past few years, the passenger air carriers serving Hawaii have been impacted financially by the dramatic increases in jet fuel. This has caused bankruptcy and reorganization of inter-island carriers.

The single largest cost to the airlines is fuel, over which the airlines have no control, and there are no alternatives to jet fuel. According to testimony, every penny change in the price of fuel affects inter-island airlines by approximately \$1,000,000.

Your Committee believes the inter-island carriers need and deserve a reprieve from state taxes on fuel. However, your Committee is concerned that the tax savings will not necessarily be realized by residents in lower fares. Therefore, your Committee urges the airlines to accommodate residents by lowering air fares, which would also stimulate travel.

Your Committee has amended this measure by deleting its contents and inserting provisions to exempt from the general excise tax and use tax, the aviation fuel purchased in a foreign trade zone for use by common carriers in inter-island and intra-island transportation.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 487, H.D. 1, S.D. 1, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as H.B. No. 487, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Hee, Kanno, Whalen).

SCRep. 2970 (Joint) Transportation and Government Operations and Health on H.B. No. 3087

The purpose of this measure is to designate the chief executive officer of the Hawaii Health Systems Corporation as its chief procurement officer, and to raise the small purchases procurement threshold from \$25,000 to \$50,000.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services, State Procurement Office, Hawaii Health Systems Corporation, West Kauai Medical Center, and four individuals.

The utmost concern of your Committees is the protection of patient care and safety. Testimony from the Hawaii Health Systems Corporation before a joint legislative committee during the interim on procurement was rife with incidences of delayed procurement or no procurement of essential medical supplies and equipment. Your Committees are cognizant of the transitional difficulties inherent in the repeal of the Hawaii Health Systems Corporation's procurement exemption pursuant to Act 216, Session Laws of Hawaii 2004. Your Committees find that designating a chief procurement officer for the Hawaii Health Systems Corporation would go a long way to facilitate timely conformity with procurement requirements.

With regard to small purchases, your Committees find that measure brings into line the reality of the costs of goods and services with the threshold of small purchase contracts. It is the intent of your Committees to facilitate procurements from smaller businesses by providing flexible and expedient purchases of smaller amounts.

Your Committees have amended this measure by changing the effective date to July 1, 2006.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3087, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 3087, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 4 (Hanabusa, Hee, Kanno, Whalen).

SCRep. 2971 (Joint) Transportation and Government Operations and Health on H.B. No. 3123

The purpose of this measure is to make an appropriation to fund a study by the Department of Health to assess the structural integrity of all hospitals and nursing homes in Hawaii.

Your Committees received testimony in support of this measure from the State Department of Defense, the Department of Health, Healthcare Association of Hawaii, the Structural Engineers Association of Hawaii, and a Hawaii County Council Member.

The Office of Domestic Preparedness of the Office of Homeland Security has issued a directive, in the aftermath of Hurricane Katrina, to each state requiring them to assess their ability to evacuate and shelter residents in the event of a disaster. Of particular concern are the special populations served by hospitals and long term care facilities. Your Committees find that the residents of these facilities are the frail and elderly who are especially vulnerable to injury and death from natural disaster. Evacuation is problematic because of their age and infirmities.

This measure would appropriate funds for a study of the structural integrity of hospitals and nursing facilities to determine their ability to withstand hurricanes.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3123, H.D. 1, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (Hanabusa, Hee, Kanno, Whalen).

SCRep. 2972 Health on H.B. No. 3126

The purpose of this measure is to delete the requirement, for a rapid identification document, that a physician certify that the patient is terminally ill, and replaces the “comfort care only” bracelet or necklace with a written certification.

Your Committee received testimony in support of this measure from the Department of Health, the Healthcare Association of Hawaii, Kokua Mau, the Policy Advisory Board for Elder Affairs, and seven individuals. Your Committee received testimony in opposition from the Hawaii Right to Life-Maui Chapter.

Your Committee finds that the current “Comfort Care Only” bracelet system has proven to be ineffective in allowing health care providers to honor the wishes of a patient. A rapid identification document system allows patients to clearly communicate their health care wishes without ambiguity, confusion, or delay.

Your Committee further finds that allowing the patient’s guardian, agent, or surrogate to direct health care providers to administer comfort care only in an emergency situation is necessary to conform with existing law regarding lawfully appointed guardians, agents, or surrogates acting on behalf of incapacitated patients.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3126, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 2973 (Joint) Health and Human Services on H.B. No. 3105

The purpose of this measure is to provide fee-for-service mental health consumers improved access to psychotropic medications, repeal the pre-authorization exemption for psychotropic medications, and repeal the requirement that the Department of Human Services report on the costs and effects of the Act.

Your Committees received testimony in support of this measure from the Hawaii Medical Service Association and NAMI Oahu. Your Committees received testimony in support of the intent of this measure with suggested amendments from the Department of Human Services, the Hawaii Disability Rights Center, and the Hawaii Psychiatric Medical Association. Your Committees received testimony in opposition to this measure from Kaiser Permanente.

Your Committees find that open access to psychotropic medications is necessary for successful treatment of mental illnesses. Equal access should be made available to all individuals participating in Hawaii medicaid medical plans. Testimony submitted by the Department of Human Services, the Hawaii Disability Rights Center, and the Hawaii Psychiatric Medical Association suggested amending this measure by removing the QUEST exclusion.

Your Committees have amended this measure by replacing its contents with the contents of S.B. No. 3224, SD2 which:

- (1) Repeals the QUEST exemption;
- (2) Repeals the definition of “consultation” and the requirement that a prescribing physician consult with a psychiatrist prior to prescribing;
- (3) Retains the pre-authorization exemption;
- (4) Retains the reporting requirement for the Department of Human Services and extends the date one year;
- (5) Repeals the sunset date; and
- (6) Changes the defective effective date making it effective upon approval.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3105, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 3105, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 4 (Fukunaga, Hanabusa, Ihara, Whalen).

SCRep. 2974 (Joint) Health and Human Services on H.B. No. 2058

The purpose of this measure is to abolish the reproductive rights protection committee and to provide for a resource list of ad hoc panel advisors to assist family court regarding the reproductive rights of incapacitated adults.

Your Committees received testimony in support of this measure from The Judiciary, the State Council on Developmental Disabilities, and the Disability and Communication Access Board.

Your Committees find that the reproductive rights protection committee has remained inactive for the past eight years due to lack of referrals. Therefore, the committee should be abolished and replaced with a more efficient resource list of ad hoc advisors to serve when needed. Your Committees note that the abolition of the Reproductive Rights Protection Committee would not repeal the rights of an incapacitated adult.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2058, and recommend that it pass Second Reading and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 4 (Fukunaga, Hanabusa, Ihara, Whalen).

SCRep. 2975 (Joint/Majority) Transportation and Government Operations and Labor on H.B. No. 2641

The purpose of this measure is to require a construction project owner who undertakes a construction project to be used by the State or a county to sign a lease or other agreement that certifies compliance with the State's public works prevailing wage law.

Your Committees received testimony in support of this measure from the Hawaii Carpenters Union. Testimony in opposition was received from the Department of Labor and Industrial Relations, Department of Accounting and General Services, Honolulu Department of Community Services, Hawaii County Office of Housing and Community Development, and Housing and Community Development Corporation of Hawaii which withdrew its opposition after reviewing the proposed SD1 language. Comments were received from the Associated Builders and Contractors, Inc. – Hawaii Chapter.

Your Committees find that this measure closes an apparent loophole in current law of whether the requirement of paying prevailing wages on public works projects applies to construction projects built by the private sector and leased by the government according to agreement prior to construction.

This measure applies to public works that include a construction contract between private persons if more than fifty percent of the assignable square feet of a project is leased or assigned for use by the State, any county, or any agency of the State or any county for its use, whether or not the property is privately owned and under certain specified circumstances. Copies of the lease or other agreement with the contracting governmental entity would be required to be filed with the Department of Labor and Industrial Relations and the Department of Accounting and General Services.

Your Committees have amended this measure by:

- (1) Deleting its contents and inserting a provision to require a construction project owner who undertakes a construction project to be leased by the State or a county, or to be constructed pursuant to a state or county plan, to sign a lease agreement that certifies compliance with the State's public works prevailing wage law; and
- (2) Changing the effective date to upon approval.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2641, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2641, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair and President of the Senate on behalf of the Committees.

Ayes, 4. Noes, 2 (Slom, Whalen). Excused, 4 (Baker, Hee, Menor, Taniguchi).

SCRep. 2976 Energy, Environment, and International Affairs on H.B. No. 2848

The purpose of this measure is to meet Hawaii's energy goals by appropriating \$200,000 to reconvene the Hawaii Energy Policy Forum to implement the vision, concepts, and recommendations contained in its final report, "Hawaii at the Crossroads: A Long Term Energy Strategy."

The Department of Business, Economic Development and Tourism, the Office of Hawaiian Affairs, County of Kauai Energy Extension Service of the Office of Economic Development, the Hawaii Energy Policy Forum, the Economic Development Alliance of Hawaii, the Rocky Mountain Institute, Honolulu Seawater Air Conditioning LLC, Haiku Design & Analysis, Hawaiian Electric Company Inc., the Hawaii Renewable Energy Alliance, The Gas Company, the Hawaii Association of Realtors, and Power Light Solar Electric Systems submitted testimony in support of this measure. The Department of Commerce and Consumer Affairs submitted comments.

Your Committee finds that the appropriation in this measure will enable the Hawaii Energy Policy Forum to reconvene for the purpose of developing an action plan and timeline to implement the vision, concepts, and recommendations of the summit's final report. This will provide a unique opportunity for stakeholders to continue their work and for further engagement of policy-makers, decision-makers, and consumers on issues relevant to Hawaii's preferred energy future.

Upon further consideration, your Committee amended this measure by:

- (1) Adding language to section 2 to clarify that the Hawaii Energy Policy Forum is administered by the Social Science Public Policy Center of the University of Hawaii at Manoa;
- (2) Deleting the appropriation amount; and
- (3) Changing the effective date to July 1, 2006.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2848, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2848, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hanabusa).

SCRep. 2977 Energy, Environment, and International Affairs on H.B. No. 1706

The purpose of this measure is to provide for environmental covenants for contaminated property to ensure long-term compliance with requirements needed to protect the public and environment when complete removal of contaminants is not feasible, practical, or necessary.

The Department of Health, the Hawaii Commission to Promote Uniform Legislation, the Land Use Research Foundation of Hawaii, and one individual submitted testimony in support of this measure. The United States Department of the Army and Hawaiian Electric Company, Inc. submitted comments.

Your Committee finds that this measure establishes a process for creating and tracking environmental covenants and provides enforcement authority to assure that owners of contaminated property observe the required management controls placed on the property by the Department of Health.

Upon further consideration, your Committee has amended this measure by:

- (1) Changing any reference to "a municipality or other unit of local government" to "a county";
- (2) Clarifying that the agency shall determine the person who shall be required to provide a copy of an environmental covenant under the notice section;
- (3) Deleting the paragraph pertaining to an unrecorded interest in real property owned, operated, or maintained by a public utility or a provider of an essential public service;
- (4) Designating the holder as the party responsible for providing a copy of the final recorded covenant and other required documents to the Department of Health;
- (5) Clarifying that a holder may not assign the holder's interest without the consent of the other parties specified in subsection 9(a);
- (6) Changing the effective date to upon approval; and
- (7) Making technical, non-substantive amendments for clarity, consistency, and style.

Your Committee considered that the measure may affect the normal operation and maintenance of public utilities and other providers of essential public services that historically have located facilities on real property but have no recorded interest in the property, and that section 3(d)(5) was intended to remedy this. However, your Committee deleted that provision because it questions whether that provision circumvents the rights of property owners by creating an interest that the public utilities or other providers currently do not have or may not be entitled to in the real property.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1706, H.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1706, H.D. 3, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hanabusa).

SCRep. 2978 Education and Military Affairs on H.B. No. 2987

The purpose of this measure is to authorize the issuance of up to \$15,000,000 in special purpose revenue bonds for Saint Louis School to finance the expansion and improvement of school facilities.

Your Committee received testimony in support of this measure from Saint Louis School, the Board of Trustees of Saint Louis School, and the Hawaii Association of Independent Schools. Comments on this measure were received from the Department of Budget and Finance.

Your Committee finds that issuance of the special purpose revenue bonds will make feasible substantial improvements to Saint Louis School that will benefit both the school and the community.

Your Committee has amended this measure by making technical, nonsubstantive amendments, and by changing the effective date to July 1, 2006.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2987, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2987, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, (Chun Oakland, Tsutsui).

SCRep. 2979 Education and Military Affairs on H.B. No. 2347

The purpose of this measure is to appropriate funds for the continued operation of the Department of Education student transportation program.

Your Committee received testimony in support of this measure from the Department of Education (DOE).

Your Committee finds that the families of 40,000 regular education and 3,500 special needs students statewide rely on the DOE transportation system, and sufficient funds must be made available in the current fiscal year for the DOE to continue to operate the system.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2347, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Chun Oakland).

SCRep. 2980 Education and Military Affairs on H.B. No. 2713

The purpose of this measure is to authorize the issuance of special purpose revenue bonds in an amount not to exceed \$6,000,000, to assist Kawaihāo School in financing the planning, construction and improvement of its facilities.

Your Committee received testimony in support of this measure from Kawaihāo School, the Hawaii Association of Independent Schools, and Kawaihāo Church. Comments on this measure were received from the Department of Budget and Finance.

Your Committee finds that Kawaihāo School provides quality educational services for students from all over Oahu, that special purpose revenue bonds do not divert funds from public schools, and that private schools serve everyday families from all walks of life in neighborhoods throughout the State.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2713, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Chun Oakland, Tsutsui).

SCRep. 2981 Education and Military Affairs on H.B. No. 2346

The purpose of this measure is to appropriate moneys for the cost of the Department of Education's (DOE) electricity usage.

Your Committee received testimony in support of this measure from the DOE.

Your Committee finds that the projected DOE shortfall is due to increases in electricity usage and costs per kilowatt-hour, and that if the DOE does not receive funds to cover this shortfall, it will no longer be able to pay for utilities beginning in April of this year.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2346, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Tsutsui).

SCRep. 2982 Education and Military Affairs on H.B. No. 1860

The purpose of this measure is to appropriate funds to support the Department of Education's (DOE) website operations.

Your Committee received testimony in support of this measure from the Board of Education, the DOE, and the Hawaii Business Roundtable.

Your Committee finds that the DOE website is a two-way communication vehicle for obtaining feedback from stakeholders and other interested parties, as well as receiving and responding to inquiries, and with the increased emphasis on accountability and greater access to data, the DOE must have the ability to update and maintain its website.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1860, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Chun Oakland).

SCRep. 2983 (Joint) Education and Military Affairs and Intergovernmental Affairs on H.B. No. 2961

The purpose of this measure is to create a revolving fund to support the Federal Revenue Maximization Program that collects and disburses revenue for Medicaid-eligible health services provided to public school children.

Your Committees received testimony in support of this measure from the Department of Education and the Department of Human Services.

Your Committees find that the establishment of a revolving fund will ensure that there is sufficient support for the administration and operation of the Federal Revenue Maximization Program.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2961, H.D. 1, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 5 (Chun Oakland, English, Inouye, Kim, Tsutsui).

SCRep. 2984 Intergovernmental Affairs on H.B. No. 2208

The purpose of this measure is to extend the statute of limitation for actions against a county for damage or injury from six months to two years, and to permit the counties to identify by charter which person a claimant should give notice of claim for injuries or damage sustained on public property or as a result of the negligence of a county official or employee.

Consumer Lawyers of Hawaii submitted testimony in support of this measure.

According to the Consumer Lawyers of Hawaii, the Hawaii Supreme Court ruled in *Kahale v. City and County of Honolulu*, 104 Hawaii 341 (2004), that section 46-72, Hawaii Revised Statutes, is the statute of limitations applicable to actions against the counties. This overruled an earlier decision of the court that had previously determined the applicable statute of limitations to be two years. The recent court decision found that the applicable statute of limitations for actions against the counties is six months. Prior to the recent court decision, the counties were subject to the same limitation as the state and federal governments.

There does not appear to be any reason that a county should have a different time limitation than the other levels of government. Your Committee finds that all levels of government should operate under the same two-year statute of limitation.

As affirmed by the record of votes of the members of your Committee on Intergovernmental Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2208, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (English, Nishihara).

SCRep. 2985 Intergovernmental Affairs on H.B. No. 2715

The purpose of this measure is to create an annual allowance to police officers for the maintenance of uniforms, equipment and weapons and appropriates funds to the counties to assist in providing the allowance.

The Attorney General, the City and County of Honolulu, the State of Hawaii Organization of Police Officers, and the Hawaii Government Employees Association submitted testimony in support of this measure. The Department of Budget and Finance, the Maui County Department of Personnel Services, and the Hawaii County Department of Civil Service submitted testimony in opposition.

Hawaii has some of the most qualified police officers in the nation. As a result, many of the police officers are actively recruited by other agencies. The counties are currently experiencing difficulties recruiting and retaining qualified police officers. Their police officers play a crucial role in keeping Hawaii's citizens safe.

Opponents to this measure testified that an allowance is subject to collective bargaining and this measure would interfere with the rights of the employer to negotiate on matters of wages, hours, and other conditions of employment.

Your Committee finds that an appropriation should be made to assist the counties in recruiting and retaining police officers.

Upon further consideration, your Committee amended this measure by:

- (1) Deleting all of the original provisions; and
- (2) Making an appropriation to the counties for programs aimed at recruiting and retaining police officers.

As affirmed by the record of votes of the members of your Committee on Intergovernmental Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2715, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2715, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (English, Nishihara).

SCRep. 2986 (Joint) Intergovernmental Affairs and Energy, Environment, and International Affairs on S.R. No. 19

The purpose of this measure is to request the United States Congress to approve the proposed Hawaii Invasive Species Act.

The Department of Land and Natural Resources, the Department of Agriculture, the Conservation Council for Hawai'i, the Maui County Farm Bureau, the Hawaii Agriculture Research Center, The Nature Conservancy, Meadow Gold Dairies, C & H Farms, the Pineapple Growers Association of Hawaii, and the Hawaii Crop Improvement Association submitted testimony in support of this measure.

Despite the efforts of numerous federal, state, and private agencies, invasive species enter Hawaii at an alarming rate and pose the single greatest threat to Hawaii's economy, natural environment, and the health and lifestyle of the State's residents.

Your Committees find that the State needs to take more aggressive action to combat this threat. Legislation currently pending before the United States Congress would grant authority for Hawaii to institute an incoming quarantine and inspection regime comparable to the outgoing regime that exists for the movement of people and cargo from Hawaii to the mainland.

As affirmed by the records of votes of the members of your Committees on Intergovernmental Affairs and Energy, Environment, and International Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 19 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 9. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 2987 (Joint) Intergovernmental Affairs and Energy, Environment, and International Affairs on S.C.R. No. 36

The purpose of this measure is to request the United States Congress to approve the proposed Hawaii Invasive Species Act.

The Department of Land and Natural Resources, the Department of Agriculture, the Conservation Council for Hawai'i, the Maui County Farm Bureau, the Hawaii Agriculture Research Center, The Nature Conservancy, Meadow Gold Dairies, C & H Farms, the Pineapple Growers Association of Hawaii, and the Hawaii Crop Improvement Association submitted testimony in support of this measure.

Despite the efforts of numerous federal, state, and private agencies, invasive species enter Hawaii at an alarming rate and pose the single greatest threat to Hawaii's economy, natural environment, and the health and lifestyle of the State's residents.

Your Committees find that the State needs to take more aggressive action to combat this threat. Legislation currently pending before the United States Congress would grant authority for Hawaii to institute an incoming quarantine and inspection regime comparable to the outgoing regime that exists for the movement of people and cargo from Hawaii to the mainland.

As affirmed by the records of votes of the members of your Committees on Intergovernmental Affairs and Energy, Environment, and International Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 36 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 9. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 2988 (Joint) Transportation and Government Operations and Energy, Environment, and International Affairs on H.B. No. 2199

The purpose of this measure is to require the enactment of legislation to approve of an international trade agreement relating to procurement.

Your Committees received testimony in support of this measure from ILWU Local 142, Hawaii Government Employees Association, and the Hawaii State AFL-CIO. Comments were received from the Forum on Democracy & Trade.

International trade agreements negotiated by the federal government commonly contain rules that prohibit covered procurement entities from enacting legislation pertaining to procurement preferences, including preferences for domestic goods, services, or workers. Sub-national governments, such as state governments of the United States, may consent to be included in these government procurement restrictions contained in international trade agreements.

Governor Lingle purportedly committed Hawaii to be covered by recent pending agreements, including the Central American Free Trade Agreement which contains procurement provisions prohibiting covered entities from giving any preference to locally established suppliers or requiring that work be performed by workers in the United States. This provision would effectively repeal part X of chapter 103D, Hawaii Revised Statutes, establishing procurement preferences. These preferences are enacted to foster and promote economic development of certain businesses and products deemed vital to Hawaii.

Your Committees find that the consent to bind Hawaii to procurement rules contained in international trade agreements is a legislative function rather than an executive function. The Governor cannot nullify existing statutes by executive fiat or preempt the legislature from enacting statutes to establish procurement preferences or other procurement matters. Government procurement is inherently, intrinsically, and exclusively a subject matter for legislation inasmuch as the expenditure of public moneys are involved. The comprehensiveness of chapter 103D, relating to the Hawaii Public Procurement Code, evidences a legislative intent to occupy the field and to supersede other laws.

Your Committees have amended this measure by:

- (1) Creating a new chapter entitled "International Trade Agreements";
- (2) Revising the language for cogency and succinctness;
- (3) Requiring the submission to the Legislature for approval prior international trade agreements containing restrictions on procurement; and
- (4) Changing the effective date to upon approval.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Energy, Environment, and International Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2199, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2199, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 5 (Hanabusa, Hee, Hooser, Kanno, Whalen).

SCRep. 2989 (Joint) Business and Economic Development and Media, Arts, Science and Technology on H.B. No. 2925

The purpose of this measure is to appropriate funds to the Community-Based Economic Development Program to financially assist the planning and implementation of community-based economic development (CBED) projects.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism, the Hawaii Alliance for Community-Based Economic Development (HACBED), and the Kona Pacific Farmers Cooperative.

The CBED Program plays an important role in assisting communities to achieve their goals and visions in economic development. Since its inception, CBED's Technical and Financial Assistance Program has committed more than \$3,800,000 to more than one hundred sixty community-based organizations statewide. Moreover, the CBED Program has been an instrumental partner in assisting community-based institutions to plan and implement economic initiatives that create jobs. Last year, CBED grantees created or retained over one hundred seventy-three jobs.

Your Committees find that despite the state economy's unprecedented growth, there are still economic segments in the State that sorely needs programs like the CBED Program. Local communities and six hundred workers will be severely affected by the closure of the Del Monte operations, and the recent heavy rains and flooding have been catastrophic to local residents and farming communities. An appropriation of funds to provide grants under CBED's Technical and Financial Assistance Program will allow the CBED Program to continue to fund community-based projects that create jobs, establish or expand new ventures, and allow communities to become more empowered.

Your Committees have amended this measure by changing the effective date from July 1, 2020 to becoming effective upon its approval.

As affirmed by the records of votes of the members of your Committees on Business and Economic Development and Media, Arts, Science, and Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2925, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2925, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 3 (English, Menor, Hogue).

SCRep. 2990 (Majority) Business and Economic Development on H.B. No. 3077

The purpose of this measure is to authorize the issuance of special purpose revenue bonds in the total amount not to exceed \$10,000,000 to assist Rosette Steel Hawaii in manufacturing steel products for affordable houses.

Your Committee received testimony in support of this measure from Rosette Steel Hawaii, LLC. The Department of Budget and Finance submitted comments.

Part III, chapter 39A, Hawaii Revised Statutes, authorizes the Department of Budget and Finance with the approval of the governor, to issue special purpose revenue bonds for the purpose of assisting a manufacturing enterprise. Your Committee finds that the manufacturing of steel products constitutes a project as defined in part III, chapter 39A, Hawaii Revised Statutes, and the financing of Rosette Steel Hawaii's manufacturing of steel products for affordable houses is assistance to a manufacturing enterprise.

Your Committee has amended this measure by changing the effective date of this measure from July 1, 2020 to July 1, 2006.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3077, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3077, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, 1 (Trimble). Excused, 1 (Menor).

SCRep. 2991 (Joint) Energy, Environment, and International Affairs and Transportation and Government Operations on H.B. No. 2263

The purpose of this measure is to establish the invasive species inspection, quarantine, and eradication fund to prevent importation of invasive species, and to appropriate funds.

The Department of Agriculture, the Department of Land and Natural Resources, the Department of Transportation, the Hawaii Farm Bureau, the Maui County Farm Bureau, The Nature Conservancy, the Pineapple Growers Association of Hawaii, the Hawaii Agriculture Research Center, C & H Farms, the Hawaii Crop Improvement Association, Young Brothers Limited, and Meadow Gold Dairies submitted testimony in support of this measure. Alexander & Baldwin Inc. and its subsidiary Matson Navigation Company Inc., the Conservation Council for Hawaii, and the Sierra Club Hawaii Chapter submitted testimony in support of this measure with amendments. The Department of Budget and Finance submitted testimony in opposition.

Your Committees find that increased global traffic of goods has resulted in an increased risk to Hawaii from invasive species. Insects, diseases, weeds, and other invasive species are one of the greatest threats to Hawaii's economy, natural environment, and the health and lifestyle of its people. Your Committees find that the State must take a more aggressive approach to controlling invasive species through various inspection, quarantine, and eradication measures.

Upon further consideration, your Committees have amended this measure by:

- (1) Deleting its original provisions as they related to an invasive species inspection, quarantine, and eradication fund;
- (2) Making an appropriation to the Department of Agriculture for the inspection, quarantine, and eradication of invasive species, including the operation of inspection and monitoring programs and facilities in the State and the execution of emergency remedial measures when invasive species are detected; and
- (3) Making the measure effective on July 1, 2006.

As affirmed by the records of votes of the members of your Committees on Energy, Environment, and International Affairs and Transportation and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2263, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2263, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 4 (Hanabusa, Hee, Kanno, Whalen).

SCRep. 2992 Business and Economic Development on S.C.R. No. 37

The purpose of this measure is to request the Auditor to conduct a sunrise analysis of regulating mixed martial arts contests.

Your Committee received testimony in support of this measure from the Professional and Vocational Licensing Division and the Regulated Industries Complaints Office, which are both parts of the Department of Commerce and Consumer Affairs.

Mixed martial arts contests, originally from Brazil, rose to popularity in the early 1990s, and are now sanctioned in at least thirty-nine states. Mixed martial arts contests have been described as a mix of tae kwon do, boxing, wrestling, and judo, and involves a pair of skilled athletes who attempt to inflict physical injury to achieve a knockout or submission of the other opponent. Currently, the State does not regulate mixed martial arts contests. Under section 26H-6, Hawaii Revised Statutes, the Auditor is required to conduct a sunrise analysis before new regulatory measures of unregulated professions or vocations are enacted by the Legislature.

Your Committee finds that a sunrise analysis of regulating mixed martial arts contests will be useful in assessing alternative forms of regulation and fee structures that may be applied to this activity. The regulation of mixed martial arts contests will legitimize the sport and recognize its growing popularity.

Your Committee has amended this measure by:

- (1) Deleting the reference to H.B. No. 3223 and replacing it with H.B. No. 3223, H.D.1 to correctly refer to the latest House draft;
- (2) Adding the Director of Commerce and Consumer Affairs to receive a certified copy of this measure because the Director will be charged with implementing the findings and recommendations of the sunrise study; and
- (3) Making technical, nonsubstantive amendments for style and consistency.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 37, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 37, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Menor).

SCRep. 2993 (Joint) Intergovernmental Affairs and Transportation and Government Operations on H.B. No. 1819

The purpose of this measure is to correct various inconsistencies and erroneous references in sections of the Hawaii Revised Statutes related to intoxicating liquor, particularly in relation to the ability of a guest to purchase alcohol at a club.

There was no testimony submitted on this measure.

Your Committees find it is necessary to amend various inconsistencies and erroneous references in sections 281-35, 281-41, and 281-94, Hawaii Revised Statutes.

As affirmed by the records of votes of the members of your Committees on Intergovernmental Affairs and Transportation and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1819, H.D. 1, and recommend that it pass Second Reading and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair and Vice Chair on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 6 (English, Kanno, Menor, Nishihara, Slom, Whalen).

SCRep. 2994 (Joint) Transportation and Government Operations and Intergovernmental Affairs on H.B. No. 1809

The purpose of this measure is to allow a member of the United States Armed Forces, or any component thereof, who is on active duty when the person's driver's license is due to be renewed, an extended period of time in which to renew the license.

The extended period of time is ninety days from time of return to the State or discharge from hospitalization, with appropriate documentation.

Your Committees received testimony in support of this measure from the State Department of Defense, Honolulu Department of Customer Services, Hawaii National Guard Enlisted Association, and Chamber of Commerce of Hawaii.

Your Committees find that as America's "War on Terrorism" continues, this measure would provide a benefit to the members of the armed forces from Hawaii on mobilization and deployments. Guard service is a difficult and demanding duty when our troops are deployed or mobilized. They have to balance finances, jobs, and families. This measure is a small adjustment for the State but big relief for them, knowing that their motor vehicle registrations will wait until their return.

Your Committees have amended this measure by making a technical, nonsubstantive amendment.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1809, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1809, H.D. 2, S.D. 1, and be referred to the Committee on Education and Military Affairs.

Signed by the Vice Chair and Chair on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 6 (English, Kanno, Menor, Nishihara, Slom, Whalen).

SCRep. 2995 (Joint) Transportation and Government Operations and Intergovernmental Affairs on H.B. No. 1825

The purpose of this measure is to establish that unpaid traffic infractions remain the responsibility of the person who owned the vehicle at the time of the citation was issued, even if the person thereafter transfers the vehicle or the vehicle is repossessed by the lienholder.

Your Committees received testimony in support of this measure from the Hawaii Credit Union League. Testimony in opposition was received from Catrala-Hawaii although it supported a similar Senate Bill restricted to parking violations. Comments were received from the Judiciary.

Your Committees find that current law attaches traffic infractions to the vehicle rather than the vehicle's owner, which prevents the registration and transfer of ownership to a new owner until the fines are paid. This situation has wreaked havoc with some motor vehicle registration transfers by refusing to permit the transfer until the new owner pays for the fines incurred by the previous owner.

In the past, citations issued against vehicles have hindered those purchasing them from registering the vehicles. This measure corrects that problem by permitting the new owner to register the vehicle, while requiring the previous owner who incurred the citations to pay the fines.

Your Committees have amended this measure by deleting its contents and inserting provisions of S.B. No. 2065, SD2, which:

- (1) Clarifies the purpose section;
- (2) Restricts the bill to parking violations, instead of all traffic infractions;
- (3) Makes a conforming amendment in the law on adjudication of traffic infractions; and
- (4) Removes encumbrances on drivers' licenses.

Your Committees note that this measure, in its original form and as amended, leaves open a specific retroactive date. There may be a large number of transfers affected, so an unspecified retroactive date may be justified to cover all such incidences. Your Committees would defer to the Committee on Judiciary and Hawaiian Affairs to determine the appropriate retroactive provision.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1825, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1825, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Vice Chair and Chair on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 6 (English, Kanno, Menor, Nishihara, Slom, Whalen).

SCRep. 2996 (Joint) Transportation and Government Operations and Intergovernmental Affairs on H.B. No. 2708

The purpose of this measure is to prohibit a person, for consideration, from operating or parking a vehicle or trailer carrying a vehicular advertising device for consideration or any other economic benefit.

Your Committees received testimony in support of this measure from the Sierra Club Hawaii Chapter, Conservation Council for Hawaii, Na Leo Pohai, and the Outdoor Circle. Testimony in opposition was received from the Hawaii Ship Agents Association. Comments were received from the Attorney General.

This measure is intended to address the situation of commercial billboard vehicles that roam the highways and streets with advertisements on the sides and back of the vehicle. These vehicles are for hire and the ads are not related to any business of the owner of those vehicles. Advertising in this fashion is the effective equivalent of moving billboards, which are restricted by chapter 445, Hawaii Revised Statutes. The majestic beauty and lovely scenery of Oahu is no less marred by mobile billboards and signage, which should also be prohibited.

Your Committees find that this measure does not regulate expressive speech or political advertising. However, your Committees are cognizant that any measure attempting to regulate advertising may be fraught with constitutional issues. The testimony of constitutional law Professor Jon M. Van Dyke of the William S. Richardson School of Law on behalf of The Outdoor Circle indicates that this measure will pass constitutional muster.

Your Committees have amended this measure by:

- (1) Deleting the definition of "person" which is defined in section 1-19, Hawaii Revised Statutes; and
- (2) Providing for a graduated monetary penalty for the first, second, and third offenses.

Your Committees defer to the discretion of the Committee on Judiciary and Hawaiian Affairs concerning the severity of the penalty. Your Committees believe that the penalty should serve as a deterrent.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2708, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2708, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Vice Chair and Chair on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 6 (English, Kanno, Menor, Nishihara, Slom, Whalen).

SCRep. 2997 (Joint) Transportation and Government Operations and Intergovernmental Affairs on H.B. No. 2737

The purpose of this measure is to require the Attorney General to assist in resolving ownership issues relating to Honopou road, including Honopou bridge, of the Honopou district in Maui County, and to require the Department of Transportation to determine the costs of strengthening Honopou bridge to allow firetrucks to safely cross and reach area residents.

Your Committees received testimony in support of this measure from the Department of Transportation, Maui County Mayor, and a Maui Council Member.

According to testimony of the Department of Transportation, the legal owner of Honopou Road is unknown. This raises a predicament for the repair and maintenance of the road and of Honopou bridge. The current situation could be disastrous for public safety if the bridge collapses under the weight of vehicles, or if firetrucks refuse to cross the bridge for fear of such a result.

Your Committees have amended this measure by changing the effective date to upon approval.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2737, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2737, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Vice Chair and Chair on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 6 (English, Kanno, Menor, Nishihara, Slom, Whalen).

SCRep. 2998 (Joint) Transportation and Government Operations and Intergovernmental Affairs on H.B. No. 3037

The purpose of this measure is to require the district court and family court to notify the driver's license examiner of all persons under the age of eighteen who have pending violations or proceedings that might result in the suspension or revocation of the provisional license, and any pending adjudication of an offense relating to the operation of a motor vehicle.

Your Committees received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, Honolulu Department of Customer Services, and Mothers Against Drunk Driving Hawaii. Comments were received from the Judiciary.

Under present law and procedures, adjudications of minors in the family court involving traffic offenses are not made known to agencies which need such information for purposes of the provisional driver licensing program. Your Committees find that the driver's licensing examiner needs this information to administer the provisional driver licensing program in accordance with law.

Your Committees have amended this measure to change the effective date to July 1, 2007, to give the Judiciary adequate time to coordinate the details of transfer of information and make computer interface modifications.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3037, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 3037, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Vice Chair and Chair on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 6 (English, Kanno, Menor, Nishihara, Slom, Whalen).

SCRep. 2999 Transportation and Government Operations on H.B. No. 3121

The purpose of this measure is to ensure the welfare of pet animals by providing emergency shelters during civil defense emergency periods.

Your Committee received testimony in support of this measure from the State Civil Defense.

Your Committee is concerned with the welfare of pet animals during emergencies; however, of equal concern is the fact that many pet owners, worried about their pets' safety, may be dissuaded or delayed in seeking proper shelter in these emergencies. As recent events have shown, many pet owners would put themselves in harm's way rather than abandon their pets.

Your Committee finds that this measure would clarify the responsibilities of the State Civil Defense in disaster preparedness efforts as well as provide for the designation and management of pet-friendly emergency shelters.

Your Committee has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3121, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3121, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Vice Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Hee, Kanno, Whalen).

SCRep. 3000 Media, Arts, Science and Technology on H.B. No. 3057

The purpose of this measure is to appropriate funds to the High Technology Development Corporation (HTDC) for the Small Business Innovation Research (SBIR) Grant Program, the Small Business Technology Transfer (STTR) Program, and the Phase 0 Competition Assistance Program.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism, the High Technology Development Corporation, the Hawaii Aquaculture Association, the Hawaii Science and Technology Council, and the Chamber of Commerce of Hawaii.

Since its inception in 1989, the SBIR Grant Program has assisted in increasing the number of research and development projects and small start-up technology companies in the State. A state investment of \$3,700,000 has returned \$56,500,000 in federal research dollars to the State and \$57,500,000 in investments from and commercial contracts with public and private sectors. The STTR Program is similar to the SBIR Program, but additionally requires that a percentage of the project work be performed by a research institution located in the State. The combined SBIR, SSTR, and Phase 0 Competition Assistance Programs can do more to support the growth of Hawaii's technology industries, such as the agricultural research and development industry, if their funding is increased. Annual funding since 1989 has remained relatively at the same level as growth in the number of technology companies receiving federal awards or grants has increased significantly.

Your Committee finds that promoting the development of Hawaii's science and technology sector is one of the key components of the State's efforts in diversifying and expanding the state economy. Essential to this effort is moving the research knowledge beyond the development stage and into commercialization. Your Committee further finds that an appropriation to fund the SBIR Program will enable the State to meet the demands of a growing science and technology sector and to expand the SBIR program to include the STTR Program and the Phase 0 Competition Assistance Program.

Your Committee has amended this measure by changing the effective date from July 1, 2020 to July 1, 2006.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3057, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3057, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hogue).

SCRep. 3001 (Joint) Transportation and Government Operations and Intergovernmental Affairs on H.B. No. 2503

The purpose of this measure is to delete the requirement that a vehicle be ten years or older to be deemed a derelict vehicle for purposes of disposal, and to remove the word "previous" in relation to registration for purposes of qualifying for derelict vehicle disposal.

This measure also makes a conforming amendment to change references to Housing and Community Development Corporation of Hawaii to Hawaii Public Housing Administration and related references.

Your Committees received testimony in support of this measure from State Attorney General, Maui County Mayor, and Honolulu Department of Customer Services.

Your Committees find that this measure would allow for the faster removal of abandoned vehicles from public roadways while simultaneously saving the counties time and expense of auctioning vehicles in such poor condition. Vehicles that are ten years or older are rarely claimed or purchased at auction. Your Committees find that the County of Maui has a particularly acute problem of abandoned vehicles. According to testimony, on any given day there are approximately 120 vehicles waiting to be towed. This backlog is due in large part to current law that specifies when vehicles may be considered derelict. This measure would give the counties the immediate authority to tow and process vehicles that are less than ten years old and clearly derelict.

Your Committees have amended this measure by:

- (1) Deleting the repeal of the word "previous" in relation to registration for purposes of qualifying the vehicle as derelict; and

- (2) Changing the effective date to upon approval.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2503, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2503, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Vice Chair and Chair on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 6 (English, Kanno, Menor, Nishihara, Slom, Whalen).

SCRep. 3002 Media, Arts, Science and Technology on S.C.R. No. 11

The purpose of this measure is to request that the Legislature support and provide additional financial support for historic preservation.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and the Office of Hawaiian Affairs.

Hawaii has a unique and spectacular history found nowhere else in the world, which should be preserved and shared for current and future generations as well as for the millions of tourists that visit the State each year. Studies have shown that historic preservation can benefit the state economy by attracting tourists to historic sites, creating jobs, and increasing property values. The Historic Preservation Division of the Department of Land and Natural Resources has an inventory of approximately 38,000 historic places and this number increases by approximately 1,000 additional sites per year. Additional funding for historic preservation will enable Native Hawaiian communities to further protect their cultural landscapes and preserve areas that are vital for traditional gathering, religious practices, and the restoration of native ecosystems.

Your Committee finds that historic preservation promotes economic growth for the State and protects the State's unique cultural heritage for future generations. Your Committee urges the Legislature to support and provide financial support for historic preservation efforts statewide.

Your Committee has amended this measure by:

- (1) Adding the proper citations for the United State Code and Hawaii Revised Statutes;
- (2) Adding the Chairperson of the Board of Land and Natural Resources as a recipient of a certified copy of this measure; and
- (3) Making technical, nonsubstantive amendments for style and consistency.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 11, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 11, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hogue).

SCRep. 3003 (Joint) Labor and Judiciary and Hawaiian Affairs on H.B. No. 2211

The purpose of this measure is to repeal the definition of "day" or "days" under the State's workers' compensation laws.

Testimony in support of this measure was submitted by the Department of Labor and Industrial Relations (DLIR), the Hawaii State AFL-CIO, the ILWU Local 142, the Hawaii Employers' Mutual Insurance Company, Inc, and the Hawaii Insurers Council.

Your Committees find that Act 11, Special Session Laws of Hawaii 2005, was enacted to reform workers' compensation law to ensure injured employees timely receive the rights and benefits to which they are entitled under the law. Included within the Act was the creation of a definition for the terms "day" or "days" to mean working rather than calendar days. Your Committees further find that this definition has resulted in the unintended consequence of requiring injured employees to suffer further delays in receiving benefits, medical treatment, or decisions on claims. It was not the intent of the Legislature to impede, but instead to help to expedite, the processing of workers' compensation claims.

Your Committees understand that there are concerns regarding the effect of the repeal of this definition in reducing the number of days currently allowed for injured employees to approve or object to treatment plans and file motions, pre-hearing notifications, and appeals. Therefore, your Committees believe that this measure should continue to progress throughout the session to allow the issues to be further explored and appropriate amendments to be ascertained in order to properly address and not further exacerbate the current problems.

Accordingly, your Committees have amended this measure by:

- (1) Changing the effective date of the Act to July 1, 2050 to allow further discussion on the measure; and
- (2) Making technical, nonsubstantive changes for purposes of clarity and style.

As affirmed by the records of votes of the members of your Committees on Labor and Judiciary and Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2211, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2211, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 1 (Taniguchi).

SCRep. 3004 Judiciary and Hawaiian Affairs on H.B. No. 1917

The purpose of this measure is to propose a constitutional amendment to establish a salary commission to review and make recommendations for the salary of the governor, the members of the legislature, justices and judges of all state courts, the administrative director of the State or an equivalent position, and the department heads or executive officers and the deputies or assistants to the department heads of all state departments, excluding the University of Hawaii and the Department of Education.

Your Committee received testimony in support of the measure from the Hawaii Government Employees Association and an individual. The Judiciary, the Department of Human Resources Development, and the Department of Business and Economic Development submitted comments on this measure.

Your Committee finds that having one commission to review and recommend the salaries for the governor, the members of the legislature, justices and judges of all state courts, the administrative director of the State or an equivalent position, and the department heads or executive officers and the deputies or assistants to the department heads of all state departments will lend fairness and consistency to the process.

Your Committee amended this measure to:

- (1) Correlate with the changes recommended for H.B. 1918, HD1, requiring the salary commission to submit its recommendations no later than the fortieth legislative day of the 2008 regular session and every six years thereafter; and
- (2) Delete the defective effective date and insert that this measure shall take effect upon compliance with article XVII, section 3, of the state constitution.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1917, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1917, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3005 Judiciary and Hawaiian Affairs on H.B. No. 1918

The purpose of this measure is to establish a commission on salaries to review and recommend the salary of the governor, the members of the legislature, justices and judges of all state courts, the administrative director of the State or an equivalent position, and the department heads or executive officers and the deputies or assistants to the department heads of all state departments.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association and an individual. The Attorney General, the Department of Human Resources Development, and the Judiciary submitted comments on this measure.

Your Committee finds that having one commission to review and recommend the salaries for the governor, the members of the legislature, justices and judges of all state courts, the administrative director of the State or an equivalent position, and the department heads or executive officers and the deputies or assistants to the department heads of all state departments will lend fairness and consistency to the process. In addition, your Committee notes that the salary commission should have discretion to allow for graduated salary increases tied to cost of living increases.

Your Committee has amended this measure to:

- (1) Require the salary commission to convene in the month of November 2006, and every six years thereafter;
- (2) Require the salary commission to submit a report of its findings and its salary recommendations not later than the fortieth legislative day of the 2008 regular session and every six years thereafter;
- (3) Provide that the salary commission's reconvening following a legislative disapproval shall not toll the six-year cycle;
- (4) Include an appropriation of \$50,000; and
- (5) Make technical, nonsubstantive amendments for clarity and style.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1918, H.D. 1, as amended herein, and recommends that it

pass Second Reading in the form attached hereto as H.B. No. 1918, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3006 Judiciary and Hawaiian Affairs on H.B. No. 2303

The purpose of this measure is to streamline the child support enforcement process by allowing income withholding to continue when current child support terminates and there are outstanding arrears owed.

This measure also enables the Child Support Enforcement Agency to adopt administrative rules as necessary to implement income withholding requirements of chapter 576D and Title IV-D of the Social Security Act.

Your Committee received testimony in support of this measure from the Attorney General.

Your Committee finds that presently, when a non-custodial parent's obligation to pay current child support ends, income withholding is normally stopped even if the individual owes back child support. Either a judicial or administrative action must then be initiated to establish an order to liquidate the arrears and concurrently establish a new withholding order for the liquidation. This measure would permit the Child Support Enforcement Agency to utilize the existing income withholding order and would negate the need for the time-consuming process of reinstatement of income withholding for the payment of unpaid child support. Enabling the Child Support Enforcement Agency to have income withholding collection continue when current support terminates and apply these collections to arrears is expected to increase the performance level for collection on arrears without expending more resources. This measure will assist in making the child support enforcement process a more efficient one.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2303, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3007 Judiciary and Hawaiian Affairs on H.B. No. 2625

The purpose of this measure is to appropriate funds for the travel expenses of Hawaii commissioners to the National Conference of Commissioners on Uniform State Laws.

Your Committee received testimony in support of this measure from Hawaii's Commission to Promote Uniform Legislation.

Your Committee finds that the Hawaii's Commission to Promote Uniform Legislation has an important role in drafting and revising uniform legislation on matters of state interest. The funds appropriated in this Act will allow the Commission to continue its work and will allow the Commission to attend the National Conference of Commissioners on Uniform State Laws 2006 annual meeting.

Your Committee has amended this measure to include an appropriation of \$57,500 in accordance with testimony received from Hawaii's Commission to Promote Uniform Legislation.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2625, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2625, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3008 Judiciary and Hawaiian Affairs on H.B. No. 2823

The purpose of this measure is to establish a bill of rights day to develop awareness and appreciation for the freedoms our country enjoys.

Specifically, this measure designated December 15th as "Bill of Rights Day" and appropriates funds for various activities for the commemoration and observation of Bill of Rights Day.

Testimony in support of this measure was submitted by the Hawaii Civil Rights Commission, the League of Women Voters of Hawaii, the American Civil Liberties Union of Hawaii, and seven individuals.

Your Committee finds that the Bill of Rights incorporates important freedoms and rights that should be remembered and honored each year as cornerstones of our constitutional form of government.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2823, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3009 Judiciary and Hawaiian Affairs on H.B. No. 1983

The purpose of this measure is to authorize the chief justice to suspend court deadlines during a period of civil defense emergency.

Your Committee received testimony in support of the measure from the Judiciary.

Your Committee finds that this measure would provide the Chief Justice of the Hawaii Supreme Court with a useful tool for temporarily preserving the rights of litigants during a civil defense emergency. Your Committee also notes that this suspension applies to statutory deadlines.

Your Committee has amended this measure to change the effective date from January 1, 2020, to July 1, 2006.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1983, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1983, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3010 Judiciary and Hawaiian Affairs on H.B. No. 2207

The purpose of this measure is to amend the law defining continuous sexual assault of a minor to permit the jury to convict if it is unanimous in finding that the defendant committed at least three prohibited acts, even if it cannot unanimously agree which three acts constitute the offense.

Your Committee received testimony in support of this measure from the Attorney General, the Crime Victim Compensation Commission, the Department of the Prosecuting Attorney for the City and County of Honolulu, the Department of the Prosecuting Attorney for the County of Maui, the Honolulu Police Department, the Hawaii Family Forum, the Hawaii Catholic Conference, and the Sex Abuse Treatment Center. The Office of the Public Defender and the Japanese American Citizens League of Hawaii submitted testimony in opposition to the measure.

Your Committee finds that this measure, along with the proposed constitutional amendment in S.B. 2246, is intended to reverse the effect of *State v. Rabgo*, 103 Haw. 263 (2003). Under the current law, it is difficult to prosecute those who repeatedly sexually assault young children, because of the difficulty young children have in remembering the individual dates on which they were sexually assaulted. This measure would permit juries to convict a person of the continuous sexual assault of a child, if each member of the jury was convinced beyond a reasonable doubt that the defendant had sexually assaulted the child the required minimum number of times, even if there were no unanimity as to the individual assaults, thus making it easier to prosecute those who repeatedly sexually assault children.

Your Committee has amended this measure to make technical, nonsubstantive changes for clarity and style.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2207, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2207, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3011 Judiciary and Hawaiian Affairs on H.B. No. 2898

The purpose of this measure is to allow the district courts to have jurisdiction over cases subject to arbitration agreements where the disputed amount is \$10,000 or less.

Your Committee received testimony in support of this measure from the Hawaii State Bar Association Collection Law Section.

Your Committee finds that labor arbitrations should be within the jurisdiction of the circuit courts and not the district courts, regardless of the amount in controversy.

Therefore, your Committee amended this measure to specify that for cases involving arbitration subject to chapters 89 and 377, Hawaii Revised Statutes, or the National Labor Relations Act, "court" means the circuit court of the appropriate judicial circuit.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2898, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2898, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3012 Judiciary and Hawaiian Affairs on H.B. No. 2899

The purpose of this measure is to repeal the requirement for a judgment debtor's social security number when recording a judgment, order, or decree for lien purposes. This measure also states that liens do not continue beyond the time period that the underlying judgment, order, or decree is enforced and clarifies that liens apply to judgments, orders, and decrees.

Your Committee received testimony in support of this measure from the Attorney General, the Hawaii State Bar Association Collection Law Section, and the Hawaii Bankers Association. The Consumer Data Industry Association submitted comments on this measure.

Your Committee finds that there needs to be a balance between the necessity of identifying a judgment debtor and concerns about identity theft when personal information, such as a social security number, is public record.

In order to address this concern, your Committee has amended this measure to:

- (1) Specify that this provision applies to any money judgment, including its underlying order, to clarify the connection between the subject of the measure and the measure's title; and
- (2) Require that every judgment shall have endorsed on it the last four digits of the judgment debtor's social security number.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2899, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2899, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3013 Judiciary and Hawaiian Affairs on H.B. No. 2900

The purpose of this measure is to add a voter verifiable paper audit trail that contains a record of the voter's ballot selections to be used to verify a voter's vote as an alternate requirement for verification in electronic voting.

Your Committee received testimony in support of this measure from the Office of Elections, the Office of the County Clerk for the County of Maui, the Office of the County Clerk for the County of Hawaii, the Office of the City Clerk for the City and County of Honolulu, the Office of the County Clerk for the County of Kauai, the Office of the County Clerk for the County of Hawaii, the Hawaii State Teachers Association, and the League of Women Voters of Hawaii. The Disability and Communication Access Board took no position on the measure but submitted comments.

Your Committee finds that this measure clarifies that electronic voting systems may generate either a paper ballot or a voter verifiable paper audit trail to verify a voter's votes. Adding the voter verifiable paper audit trail will further accessibility, especially for disabled voters, to voting and will strengthen the fairness, security, and integrity of elections.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2900, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3014 (Joint) Health and Human Services on H.B. No. 2098

The purpose of this measure is to enable developmentally disabled or mentally retarded individuals the freedom to choose to live in a safe residential setting of their choice provided that they can be sustained with supports, and the supports are attached to that individual.

Your Committees received testimony in support of this measure from the State Council on Developmental Disabilities, the Disability and Communication Access Board, the Hawaii Disability Rights Center, and The Arc of Kauai. The Department of Health submitted testimony supporting the intent of this measure.

Your Committees find that it is important for individuals with developmental disabilities or mental retardation to have community residential alternatives in a setting of their choice. Federal court decisions require states to provide residential options to persons with developmental disabilities.

Your Committees further find that the State Council on Developmental Disabilities is the appropriate agency to engage in systems change activities and provide information and recommendations to the Legislature.

Your Committees have amended this measure by replacing the contents of Section 1 with S.B. No. 2509, Section 1, which are substantively similar, except for technical differences.

Your Committees further amended this measure by changing the reporting agency from the Department of Health to the State Council on Developmental Disabilities.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2098, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2098, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (Fukunaga, Hanabusa, Ihara, Whalen).

SCRep. 3015 Judiciary and Hawaiian Affairs on H.B. No. 2278

The purpose of this measure is to make an appropriation out of the general fund to be deposited into the DNA registry special fund.

This measure also makes an appropriation out of the DNA registry special fund to pay for costs associated with the implementation of Act 112, Session Laws of Hawaii 2005. In addition, this measure appropriates funds out of the general fund to pay for costs associated with the implementation of Act 133, Session Laws of Hawaii 2005.

Your Committee received testimony in support of this measure from the Judiciary, the Attorney General, the Department of the Prosecuting Attorney for the City and County of Honolulu, Child and Family Services Maui Office, the Sex Abuse Treatment Center, and the YWCA of Kauai.

Your Committee finds that the purpose of this measure is to provide two emergency appropriations:

- (1) To pay for DNA testing of persons convicted of felony offenses as mandated by Act 112, Session Laws of Hawaii 2005 (Act 112); and
- (2) To pay for programs for the prevention of sexual violence and the protection and treatment of victims of sexual violence as provided in Act 133, Session Laws of Hawaii 2005 (Act 133).

Your Committee further finds that neither Act 112 nor Act 133 appropriated any funds. This measure would remedy this by providing the funding necessary to accomplish each act's important objective.

Your Committee has amended this measure to:

- (1) Include \$97,992 for the Judiciary's costs for the collection of buccal swab samples in accordance with testimony received from the Judiciary; and
- (2) Include the following sums for the emergency appropriation for DNA testing as requested by the Attorney General:
 - (a) \$186,620 for the purchase of buccal swab collection kits and for mailing costs;
 - (b) \$191,500 for costs related to collecting buccal swab samples (with the Judiciary's costs, this totals \$289,492); and
 - (c) \$836,247 for costs related to analyzing samples collected.

These amounts equal a total appropriation of \$1,312,359 for the DNA registry special fund and an appropriation of \$1,076,217 for sexual assault services.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2278, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2278, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3016 Judiciary and Hawaiian Affairs on H.B. No. 2540

The purpose of this measure is to make an appropriation to increase volunteer precinct official stipends.

Your Committee received testimony in support of this measure from the Office of Elections, the Office of the County Clerk for the County of Maui, the Office of the City Clerk for the City and County of Honolulu, the Office of the County Clerk for the County of Kauai, the Association of Clerks and Election Officers of Hawaii, and the League of Women Voters of Hawaii.

Your Committee finds that in order to encourage participation, an appropriation should be made to increase volunteer precinct official stipends. Your Committee further clarifies that precinct officials are volunteers and the stipend they receive is not to be considered a salary but is to reimburse volunteer precinct officials for their out-of-pocket expenses.

Your Committee has amended this measure to include an appropriation of \$96,542 in accordance with the testimony provided by the State of Hawaii Office of Elections.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2540, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2540, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3017 (Joint) Health and Human Services on H.B. No. 3259

The purpose of this measure is to provide dental health services to QUEST-eligible adults and children, the aged, the blind, and the disabled population by appropriating funds for community-based dental health clinics that are operated by community health centers or other community-based organizations.

Your Committees received testimony in support of this measure from the Department of Human Services, the State Council on Developmental Disabilities, the Kokua Council, Hawaii Psychiatric Medical Association, the Molokai Community Health Center, Blueprint for Change, NAMI Oahu, Kokua Kalihi Valley, and seventeen individuals. The Department of Health, Hawaii Disability Rights Center, and the Hawaii Primary Care Association submitted testimony in support of the intent of this measure. The Department of the Attorney General expressed concerns about the measure.

Your Committees find that there is a critical need for accessible dental services for QUEST-eligible adults and children, the developmentally disabled, and the uninsured. Appropriating funds to the Department of Health to contract with federally qualified health centers will provide these necessary dental services to those in need in an effective and cost-efficient manner. Your Committees further find that the value of this appropriation will be maximized by allocating funds for equipment and service delivery.

Accordingly, your Committees have amended this measure by changing the population to be served by the community-based dental services to QUEST-eligible adults and children, the developmentally disabled, and the uninsured.

Your Committees further amended this measure by including equipment and service delivery in the appropriation.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3259, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 3259, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (Fukunaga, Hanabusa, Ihara, Whalen).

SCRep. 3018 Education and Military Affairs on H.B. No. 1879

The purpose of this measure is to appropriate funds for the Office of Veterans Services' quarterly newsletter to disseminate important information about various veteran-related events and services.

Your Committee received testimony in support of this measure from the Department of Defense Office of Veterans Services, the Department of Defense Advisory Board on Veterans Services, and two individuals.

Your Committee finds that the Office of Veterans' Services newsletter provides essential information to the veteran-related community, and should receive state financial support.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1879, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3019 (Joint) Media, Arts, Science and Technology and Commerce, Consumer Protection and Housing on H.B. No. 3244

The purpose of this measure is to prevent further occurrences of electronic commerce-based crimes in the State by supporting the efforts of the Hawaii Anti-Phishing Task Force by:

- (1) Changing the name of the Hawaii Anti-Phishing Task Force;
- (2) Extending the life of the task force;
- (3) Expanding the responsibilities of the task force;
- (4) Adding additional member to the task force; and

(5) Appropriating funds.

Your Committees received testimony in support of this measure from the Department of the Attorney General; the Department of Commerce and Consumer Affairs; the Judiciary; the Department of the Prosecuting Attorney, County of Maui; the Hawaii Bankers Association; the Hawaii Financial Services Association; and the Consumer Data Industry Association (CDIA). The Legislative Reference Bureau submitted comments.

Your Committees have amended this measure by deleting its contents and inserting language from S.B. No. 2157 S.D.1. In addition to the task force provisions, S.B. No. 2157 S.D.1 appropriates funds to the Department of the Attorney General for a uniform identity theft complaint tracking system, an increase in community outreach programs, and a study on the nexus between methamphetamine use and identity theft.

In 2005, the Hawaii Anti-Phishing Task Force was established in the Department of the Attorney General to develop state policy on how best to prevent further occurrences of phishing and other forms of electronic commerce-based crimes in the State. By reviewing Hawaii's and other jurisdictions' activities, policies, directives, and laws relating to the prevention, monitoring, and enforcement of electronic commerce-based crimes, the Task Force determined that identity theft was a more pervasive and serious problem than was previously recognized. Its recommendations have focused primarily on providing law enforcement with better tools to prosecute identity theft related activities, and determining how government agencies can better protect personal information currently found in accessible public records.

In the course of its discussions, the Task Force decided to broaden its focus from phishing scams to the more pervasive problem of identity theft, which encompasses phishing and other electronic commerce-based crimes. Therefore, your Committees find that changing its name to the Identity Theft Task Force, extending its life to December 31, 2007, adding additional members, and expanding its responsibilities will allow the Task Force to continue to make recommendations on how the State can combat further occurrences of identity theft. Moreover, your Committees find that appropriating funds to the Office of the Auditor for support services will provide the Task Force the additional support it needs to continue its work.

Your Committees further find that the Task Force designated the Department of the Attorney General to pursue three methods to combat identity theft in Hawaii, which funding is needed to implement. Funding is needed to:

- (1) Establish a uniform system of tracking cases, which will ultimately assist state law enforcement personnel to comprehend the depth and scope of identity theft and provide a more effective and efficient response to the growing problem;
- (2) Support current identity theft community outreach programs, and retain experienced media or public relations firms to develop television, print, and radio public service announcements; and
- (3) Support a study on the nexus between methamphetamine use and identity theft because understanding the relationship between the two will aid law enforcement and the public in better understanding how to address and respond to the increasing problem of identity theft.

The Judiciary and Hawaii Financial Services Association recommend and your Committees recognize that the list of designated Task Force members may need clarification. In light of the submitted testimony, clarification is needed in specifying the proper title or office of each member, allowing all individual members or organizations to designate a representative, and maintaining a consistent list of members by ensuring that organizations or areas members represent do not overlap with each other. Your Committees believe that the Committee on Judiciary and Hawaiian Affairs and the Committee on Ways and Means should continue further discussion on this matter.

As affirmed by the records of votes of the members of your Committees on Media, Arts, Science, and Technology and Commerce, Consumer Protection, and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3244, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 3244, H.D. 1, S.D. 1, and be referred to the Committees on Judiciary and Hawaiian Affairs and Ways and Means.

Signed by the Chairs on behalf of the Committees
Ayes, 7. Noes, none. Excused, 2 (English, Espero).

SCRep. 3020 Water, Land, and Agriculture on H.B. No. 2806

The purpose of this measure is to appropriate money for the Hawaii 2050 sustainability task force to continue its efforts.

Testimony in support of this measure was submitted by the Office of the Auditor; the Office of Planning; Asia Pacific Flowers, Inc.; Green Point Nurseries; Hawaii Biotech, Inc.; Navatek Ltd.; and OmniTrak Group Inc.

Your Committee finds that Act 8, Special Session Laws of Hawaii 2005, authorized the creation of the Hawaii 2050 Sustainability Task Force (task force) to review the Hawaii State Plan and the State's planning process and required the Office of the Auditor to prepare the Hawaii 2050 Sustainability Plan.

In Act 8, \$100,000 was appropriated for each of two fiscal years to create the 2050 Sustainability Plan. However, after reviewing the task force's report and the Office of the Auditor's testimony, your Committee finds that this appropriated amount is inadequate to accomplish Act 8's objectives. Accordingly, this measure provides a vehicle to appropriate the necessary funding to accomplish the task force's goals and objectives.

Your Committee has amended this measure by deleting its contents and inserting language from S.B. No. 3138, which provides an appropriation strictly for the preparation of the Hawaii 2050 Sustainability Plan.

Your Committee, however, acknowledges that the following goals and objectives listed in section two of this measure are worthy of further evaluation by the task force. Specifically, the task force should use the additional money to:

- (1) Conduct valuable policy analyses;
- (2) Gather vital research and data;
- (3) Conduct and solicit broad community outreach and input from all sectors; and
- (4) Launch an effective public education and media campaign to educate, engage, and inspire community participation.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2806, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2806, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Hemmings).

SCRep. 3021 Water, Land, and Agriculture on H.B. No. 2772

The purpose of this measure is to increase criminal penalties for damage to agricultural and aquacultural crops.

Testimony in support of this measure was submitted by the Department of Agriculture; the City and County of Honolulu's Department of the Prosecuting Attorney; Alexander & Baldwin, Inc.; C&H Farms; the Hawaii Agriculture Research Center; the Hawaii Aquaculture Association; the Hawaii Crop Improvement Association; the Hawaii Farm Bureau; the Hawaii Tropical Fruit Growers Association; the Maui County Farm Bureau; Meadow Gold Dairies; and the Pineapple Growers Association of Hawaii.

Your Committee finds that increasing the penalties for criminal property damage offenses is consistent with the great impact that these crimes have on Hawaii's agricultural industry and the ability of individual farmers and ranchers to earn a living. This measure strengthens the penalties for criminal property damage by recognizing the actual loss of agricultural and aquacultural property suffered by farmers and ranchers as a result of the criminal actions and imposes the appropriate penalties.

Your Committee noted testimony from the City and County of Honolulu's Department of the Prosecuting Attorney's Office recommending that this measure be replaced with S.B. No. 2492, S.D. 1, which also strengthens the penalties for criminal property damages. S.B. No. 2492, S.D. 1 specifically includes a definition of aquacultural equipment, supplies, and products and permits an enhanced offense for damages made to agricultural and aquacultural equipment, supplies, and products.

The Prosecuting Attorney's Office also recommended that a portion of this measure, H.B. 2772, H.D.1, be retained. Specifically, the Prosecuting Attorney's Office supports the clarification that "products" may include trees, bushes, or any other plants and livestock of another. This clarifying provision makes it absolutely clear that damages to these items are included in the criminal property damage offenses. Your Committee has adopted the suggestions made by the Prosecuting Attorney's Office and has amended this measure accordingly.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2772, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2772, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Hemmings).

SCRep. 3022 Water, Land, and Agriculture on H.B. No. 2147

The purpose of this measure is to extend the drought mitigating water storage facilities tax credit, which expired on December 31, 2005, to December 31, 2010.

Testimony in support of this measure was submitted by C&H Farms, the Hawaii Agriculture Research Center, the Hawaii Crop Improvement Association, the Hawaii Farm Bureau, the Maui County Farm Bureau, Meadow Gold Dairies, and the Pineapple Growers Association of Hawaii. Comments were also submitted by the Department of Agriculture, the Department of Land and Natural Resources, the Department of Taxation, and the Tax Foundation of Hawaii.

Your Committee finds that farmers and ranchers suffer great losses to their crops and livestock during periods of drought. These losses often take farmers and ranchers years to recover. However, these losses can be minimized by the construction of water storage facilities to alleviate water problems during times of drought.

Your Committee has amended this measure by replacing its contents with S.B. No. 1880, S.D. 1, which promotes the construction of water storage facilities by:

- (1) Increasing the tax credit amount from four percent to twenty percent; and
- (2) Extending the tax credit to December 31, 2008 and making the bill effective on approval.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2147, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2147, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Hemmings).

SCRep. 3023 Water, Land, and Agriculture on H.B. No. 2763

The purpose of this measure is to make an appropriation to eradicate and control coqui frog populations in all four counties.

Testimony in support of this measure was submitted by the Department of Agriculture, the University of Hawaii's College of Tropical Agriculture and Human Resources, the County of Hawaii, C&H Farms, the Hawaii Association of Realtors, the Maui Outdoor Circle, and Kihei Akahi. Testimony in opposition to this measure was submitted by the Department of Land and Natural Resources.

Your Committee finds that the coqui frog population has grown exponentially over the past decade. Although all four counties in Hawaii are affected by the coqui frog, Maui County's and Hawaii County's coqui frog populations are particularly bad, still at the infestation level, and are by no means under control. For example, in 2001, there were over 85 documented sightings of the frogs with another 65 occurrences that were undocumented. Currently, there are over 150 established sites on the island of Hawaii infested with coqui frogs, and it is estimated that coqui frog populations on the island of Hawaii alone could reach ten times that reported in the frogs' native forests of Puerto Rico. Thus, your Committee finds that controlling and eradicating coqui frog populations in all four counties is appropriate.

Your Committee has amended this measure by replacing its contents with S.B. No. 2417, S.D. 2, which supplements the contributions by the County of Hawaii, the State, and the federal government to implement the action plan on the island of Hawaii, as well as fund coqui frog control efforts in the County of Maui and extermination efforts in the counties of Kauai and Oahu.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2763, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2763, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Hemmings).

SCRep. 3024 Water, Land, and Agriculture on H.B. No. 2133

The purpose of this measure is to prohibit vehicular access within the Kaena Point Natural Area Reserve, except for the Department of Land and Natural Resources' vehicles used to manage or maintain the reserve.

Testimony in support of this measure was submitted by the Department of Land and Natural Resources. Comments were also submitted by Life of the Land.

Your Committee finds that the Kaena Point Natural Area Reserve is one of the last relatively intact coastal dune ecosystem on Oahu. Over the years, off-road driving in this area has caused severe degradation to the natural environment. This measure prevents unnecessary degradation from continuing by prohibiting all vehicular access within the Kaena Point Natural Area Reserve.

Your Committee has amended this measure by:

- (1) Providing an exception for emergency vehicle access to the Natural Area Reserve;
- (2) Allowing the Department of Land and Natural Resources to adopt rules to allow limited vehicular access to the Natural Area Reserve for permitted fishing and camping activities;
- (3) Providing a savings clause; and
- (4) Making a technical, nonsubstantive change for style.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2133, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2133, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Hemmings).

SCRep. 3025 (Joint) Energy, Environment, and International Affairs and Judiciary and Hawaiian Affairs on H.B. No. 3216

The purpose of this measure is to direct the Auditor to conduct an audit to determine the feasibility of deploying alternative energy resources to meet the energy needs of the island of Kaho`olawe and submit a report of findings and recommendations to the legislature and governor.

Maui Tomorrow submitted testimony in support of this measure.

The revitalization of Kaho`olawe represents a unique opportunity to create a model sustainable reserve based on innovative alternative energy and environmentally conscious technologies. Your Committees find that the use of such technologies is critical to ensuring compliance with the cultural, educational, and historical governing principles envisioned for the island and its water. However, it is outside the Auditor's normal range of duties to audit the feasibility of a program that does not exist.

Upon further consideration, your Committees amended this measure by:

- (1) Deleting all of the original provisions; and
- (2) Conforming it to S.B. No. 3159 S.D. 1 to appropriate funds to install renewable energy systems for a model kahua kauhale or encampment on Kaho`olawe and to enable an ongoing evaluation of renewable resources on the island.

As affirmed by the records of votes of the members of your Committees on Energy, Environment, and International Affairs and Judiciary and Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3216, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 3216, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees
Ayes, 7. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 3026 Energy, Environment, and International Affairs on H.B. No. 2050

The purpose of this measure is to add abuse orders of protection issued against a Hawaii resident as information that must be disclosed by a Hawaii resident as part of the resident's marital history information in dealings with international matchmaking organizations.

Nā Loio Immigrant Rights, the Hawaii State Coalition Against Domestic Violence, and the Domestic Violence Clearinghouse and Legal Hotline submitted testimony in support of this measure.

Immigrant women who are recruited by international matchmaking organization for the purpose of providing dating, matrimonial, or social referral services to residents are particularly vulnerable to becoming victims of domestic violence. They are often isolated, as many leave their familial and social networks behind when they immigrate to the United States. The isolation is further exacerbated if they are unfamiliar with the language or law. Many immigrant abuse victims are unaware of social or legal services available to them.

This measure requires a resident using the services of an international matchmaking organization to disclose the number of domestic abuse orders of protection issued against the resident as part of that resident's marital history information. This added disclosure enables an immigrant recruit to better determine whether to establish a relationship with a resident who may be a potential abuser. This disclosure should reduce the incidence of domestic violence in our community.

Your Committee amended the measure by:

- (1) Adding language to subsection 489N-2(b)(2) to clarify that the information provided shall include information regarding the number of domestic abuse orders of protection issued against the Hawaii resident in this State, as well as the number issued in any other state or country; and
- (2) Making the measure effective upon approval.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2050, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2050, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hanabusa).

SCRep. 3027 Energy, Environment, and International Affairs on H.B. No. 1889

The purpose of this measure is to establish the Office of International Affairs to coordinate and promote peace through improved economic, social, cultural, and scientific relations with other countries.

The Representative from the Fourth District submitted testimony in support of this measure. The Department of Business, Economic Development and Tourism (DBEDT) submitted comments.

DBEDT is responsible for functions that were formerly assigned to the Office of International Relations before it was dissolved in 1994. Since that time, our State's international activities have greatly accelerated under DBEDT. Currently, the Director of DBEDT must divide his attention between the international activities and the other responsibilities of the department. The coalescence of international activities under one office with an executive director will focus attention on international activities, thereby increasing the quality of public-private sector communication and coordination.

Your Committee recognizes Representative Heléne Hale's abiding dedication to the establishment of an Office of International Affairs to coordinate and promote economic, social, cultural, and scientific relations with other countries. The Director of DBEDT testified that the office or a program should be named after Representative Heléne Hale in recognition of her commitment to this endeavor.

Your Committee finds that the Office of International Affairs proposed in this measure will assist DBEDT in carrying out the State's international activities more effectively.

Your Committee amended this measure by:

- (1) Rewording the purpose section to reflect that the office shall be known as the Heléne Hale Office of International Affairs;
- (2) Requiring that the office be known as the Heléne Hale Office of International Affairs;
- (3) Requiring that the international affairs and peace education curriculum be named in recognition of Heléne Hale;
- (4) Requiring that if any of the responsibilities or duties of the Office of International Affairs overlap the responsibilities or duties of another agency or authority under the chapter, the Office of International Affairs shall be responsible for those responsibilities and duties; and
- (5) Making the measure effective upon approval.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1889, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1889, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hanabusa).

SCRep. 3028 Energy, Environment, and International Affairs on H.B. No. 1890

The purpose of this measure is to statutorily establish a Hawaii sister-state committee to recommend sister-state or sister-province relationships for the Legislature's action.

The University of Hawaii and the Office of International Education at the University of Hawaii submitted testimony in support of this measure. The Department of Business, Economic Development and Tourism submitted comments.

Your Committee finds that this measure increases the oversight of Hawaii's Sister State program by establishing a Sister State Committee to evaluate and develop recommendations for the initiation of all sister state or province relationships. This strengthens Hawaii's Sister State program and increases the program's benefits to our State.

Upon further consideration, your Committee amended this measure by:

- (1) Adding a nominee from a Native Hawaiian cultural organization as a member on the Hawaii Sister State Committee;
- (2) Substituting a nominee from the East-West Center as a member on the Hawaii Sister State Committee in lieu of the Chamber of Commerce of Hawaii; and
- (3) Making the measure effective upon approval.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1890, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1890, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hanabusa).

SCRep. 3029 (Joint) Transportation and Government Operations and Judiciary and Hawaiian Affairs on H.B. No. 439

The purpose of this measure is to permit the Office of the Ombudsman to obtain state tax returns and tax return information necessary to perform the official duties of the office of the ombudsman, including the investigation of the administrative acts of agencies.

Your Committees received testimony in support of this measure from the Office of the Ombudsman. Testimony in opposition was received from the Department of Taxation. Comments were received from the Tax Foundation of Hawaii.

Under current law, the Ombudsman is authorized to investigate administrative acts of agencies. In so doing, the Ombudsman may make inquiries and obtain relevant information as the Ombudsman deems fit. A recent opinion by the state attorney general concluded, however, that a narrow interpretation of state law prohibited the Ombudsman from obtaining state tax returns and return information in connection with the official duties of the Office of the Ombudsman.

Your Committees find that allowing the Office of the Ombudsman to obtain state tax return information about taxpayers who file state tax returns would assist the Ombudsman in fulfilling the Ombudsman's duty to investigate complaints received concerning the administrative acts of agencies.

The intent of your Committees is that this measure applies solely to the investigation of taxpayer inquiry to the Ombudsman about the processing of the taxpayer's tax return by the Department of Taxation. This measure is inapplicable to obtaining personal information on the taxpayer.

Your Committees have amended this measure by changing the effective date to July 1, 2006.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Judiciary and Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 439, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 439, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Vice Chair and Chair on behalf of the Committees.
Ayes, 9. Noes, none. Excused 2 (Kanno, Menor).

SCRep. 3030 Transportation and Government Operations on H.B. No. 2075

The purpose of this measure is to ensure the implementation of a safe, continuous, and coordinated system of bikeways by earmarking a percentage of the state highway fund for bikeways.

Your Committee received testimony in support of this measure from the Department of Transportation, Peoples Advocacy for Trails Hawaii, Keiki Injury Prevention Coalition, TEAM Try Fitness!, Hawaii Bicycling League, Na Kama Hele, and twelve individuals. Comments were received from the Tax Foundation of Hawaii.

Your Committee finds that that bicycling is growing in importance as a mode of transportation. Bicycling has many benefits, including:

- (1) Improved mobility, especially for those who cannot or choose not to drive;
- (2) Lower road maintenance costs;
- (3) Less traffic congestion;
- (4) Less road widening and fewer parking lots;
- (5) Improved air quality; and
- (6) Improved health and reduced health costs.

With rising gasoline prices, many people are looking for an alternative method of transportation. It is far less expensive to operate a bicycle than to operate an automobile.

Your Committee has amended this measure by:

- (1) Requiring the expenditure of at least two percent of federally allocated moneys to be expended for bikeways from the state highway fund;
- (2) Requiring the Department of Transportation to include the bicycling community in a public involvement process to plan bikeways;
- (3) Changing the effective date to upon approval; and
- (4) Making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2075, H.D. 1, as amended herein, and

recommends that it pass Second Reading in the form attached hereto as H.B. No. 2075, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Vice Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Hee, Kanno, Whalen).

SCRep. 3031 (Joint) Transportation and Government Operations and Intergovernmental Affairs on H.B. No. 2404

The purpose of this measure is to allow two or more members of a board, but less than the number of members that would constitute a quorum, to discuss their individual positions relating to official board business at meetings of other boards or at public hearings of the Legislature, and to attend and participate in discussions at presentations, including seminars, conventions, and community meetings, that include matters relating to official business.

Your Committees received testimony in support of this measure from the Office of Information Practices, Honolulu Corporation Counsel, Hawaii State Teachers Association, Oahu Metropolitan Planning Organization, and Ewa Neighborhood Board. Testimony in opposition was received from the League of Women Voters and one individual.

Your Committees find that this measure addresses a common predicament for members of boards and commissions who may be hesitant to attend meetings of other boards and presentations. A prime example is county council members who do not attend neighborhood board meetings for fear of violating the sunshine law.

Your Committees believe that difficulties have arisen from a technical and narrow interpretation and application of existing law which were never anticipated or intended by the enactment of the original statute.

Your Committees have amended this measure by:

- (1) Deleting references to announcement of attending and reporting about a meeting of another board or a presentation; and
- (2) Changing the effective date to July 1, 2050, to further the discussions.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2404, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2404, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Vice Chair and Chair on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 6 (English, Kanno, Menor, Nishihara, Slom, Whalen).

SCRep. 3032 (Joint) Transportation and Government Operations and Judiciary and Hawaiian Affairs on H.B. No. 2778

The purpose of this measure is to:

- (1) Require a covered entity to provide timely oral language services to a person with limited or no English proficiency who seeks to access or participate, whether by phone or in person, the services, programs, or activities offered by the covered entity;
- (2) Require a covered entity to provide timely written translations of vital documents into any non-English language spoken by a limited or no-English proficient population that constitutes three percent or five hundred individuals, whichever is less, of the population served or encountered;
- (3) Create a Language Access Advisory Council and a position of language access director within the Department of Labor and Industrial Relations, and make an appropriation accordingly; and
- (4) Place enforcement jurisdiction under the Hawaii Civil Rights Commission.

Your Committees received testimony in support of this measure from the Judiciary; the Hawaii Civil Rights Commission; the Disability and Communication Access Board; the Inter-Agency Council for Immigrant and Refugee Services; Na Loio; the Hawaii Interpreter Action Network; the Kokua Kalihi Valley Comprehensive Family Services; the Japanese American Citizens League of Hawaii; the Domestic Violence Clearinghouse and Legal Hotline; the Catholic Charities Hawaii; and the American Cancer Society. Comments were received from the Department of Health; the Department of Human Resources Development; the Department of Labor and Industrial Relations; and the Attorney General.

This measure would apply to a covered entity, defined as any state government unit, including the executive, legislative, and judicial branches of government, and all state departments, agencies, or programs that furnish information or render services, programs, or activities directly to the public or contracts with other entities, either directly or indirectly, to conduct or provide programs, services, or activities to the public.

According to testimony of the Attorney General, this measure puts the State in compliance with Presidential Executive Order 13166, which requires federal agencies to develop and implement a system of enabling limited English proficiency persons to meaningfully access public services. In turn, federal agencies, through specifically-tailored guidance for state administration of programs relating to federal financial assistance, must ensure that recipient states provide meaningful access to population of persons with limited English

proficiency (LEP). States are required to “[take] reasonable steps to ensure reasonable access to their programs and activities by LEP persons.”

While federal Executive Order No. 13166 affirmed that Title VI of the Civil Rights Act of 1964 required federally funded programs to provide language-accessible services, your Committees find that many departments and state agencies are not in compliance with Presidential Executive Order 13166.

Your Committees find that substantial numbers of people who live, work, and pay taxes in this State are unable to communicate effectively with their government, either because they do not speak or write English, or because their primary language is not English. Likewise, employees of state and local government agencies are often unable to communicate with these individuals who require their services. Consequently, a significant portion of our population is essentially denied the rights and benefits which they would otherwise receive.

Most individuals living in Hawaii read, write, speak, and understand English. However, there are many individuals who are limited in English proficiency. The English language for persons who are limited in English proficiency can pose a barrier to:

- (1) Accessing important benefits and services;
- (2) Understanding and exercising important rights;
- (3) Complying with applicable legal obligations; and
- (4) Understanding information state funded programs and activities.

It is the intent of your Committees to provide effective and timely communication between all levels of government and individuals who are precluded from using public services due to language barriers.

Your Committees have amended this measure on recommendation of the various government stakeholders and Na Loio, who have come to a consensus on language for this measure, as follows:

- (1) Clarifying the purpose section to more accurately reflect the amendments;
- (2) With regard to the definitions;
 - (A) Adding a definition for “State”;
 - (B) Deleting the definition for “language access director”;
 - (C) Deleting the definition for “limited or no-English proficiency” and substituting a definition for “limited English proficiency” and
 - (D) Clarifying the other definitions to comport with the intent of the amended measure;
- (3) Enacting a new section for oral and written language services and deleting separate sections for each;
- (4) Deleting the requirement of making rules for the establishment of language access plan and deleting the required minimum components of such a plan;
- (5) Requiring that each state entity designate a language access coordinator;
- (6) Clarifying the duties of the language access director;
- (7) Clarifying the membership of the language access advisory council to include one representative from the state government; one representative from a covered entity; one bilingual case management worker, or an individual who is or has been employed by a state-funded immigrant service agency or program; one representative of an advocacy organization that provides services to limited English proficient persons; one member from the limited English proficient population who has an interest in the provision of language services; one representative of the University of Hawaii department of language and linguistics who provides professional training in interpretation and translation; one representative of a Hawaiian language advocacy organization; one representative of a professional interpreter’s organization; one representative of a bilingual referral service or program; the executive director of the Hawaii civil rights commission or authorized representative; and the language access director, as ex-officio member;
- (8) Deleting enforcement powers of the Hawaii Civil Rights Commission; and
- (9) Changing the effective date to upon approval, but with the appropriation taking effect on July 1, 2006.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Judiciary and Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2778, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2778, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Vice Chair and Chair on behalf of the Committees.
Ayes, 9. Noes, none. Excused, 2 (Kanno, Menor).

SCRep. 3033 Intergovernmental Affairs on H.B. No. 2539

The purpose of this measure is to direct the Judiciary to notify the clerk of the county in which an adult citizen is located within twenty days after the citizen has been convicted of any felony and sentenced to prison, or adjudged legally incompetent, and to remove outdated references in the provision on the loss of voting rights for felons sentenced to imprisonment.

The State Office of Elections, the Elections Office of the City Clerk of the City and County of Honolulu, the County of Hawaii Office of the County Clerk, and the Maui County Office of the County Clerk submitted testimony in support of this measure.

Pursuant to current state law, an individual's voting rights are lost upon incarceration for a felony offense. According to the Elections Office of the City Clerk of the City and County of Honolulu, election offices need at least two or three pieces of identifying information to properly identify a disqualified voter for removal from the voter rolls. The testifiers indicated that the court certificates do not always provide sufficient identifying information. The testifiers all indicated that the phrase "readily ascertainable" should apply only to the citizen's residence address or last known residence address.

Your Committee finds that it is important to standardize the information provided by the Judiciary and the Paroling Authority to county clerks to ensure the legitimacy of the voter rolls.

Upon further consideration, your Committee amended this measure by:

- (1) Incorporating the provisions of S.B. No. 2430, S.D. 2 that:
 - (A) Add a new section to chapter 353 that requires that whenever the paroling authority grants or revokes parole for any citizen of eighteen years of age or older, the paroling authority shall transmit a certificate within twenty days to the clerk of the county in which the citizen resides showing the fact of the granting or revoking of parole, and including certain identifiable information; and
 - (B) Retain the current requirement that the reports to the county clerk by any circuit court, family court, or district court be made by certificate; and
- (2) Including a findings and purpose section;
- (3) Applying the phrase "readily ascertainable" only to the citizen's residence address or last known residence address;
- (4) Making the measure effective upon approval; and
- (5) Making technical, non-substantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Intergovernmental Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2539, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2539, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (English, Inouye).

SCRep. 3034 (Joint) Education and Military Affairs and Higher Education on H.B. No. 2182

The purpose of this measure is to provide the Department of Education with the resources for operations and maintenance of facilities, and with flexibility in the construction of new schools.

Your Committees received testimony in support of this measure from the Department of Education, the University of Hawaii System, the Hawaii State Student Council, and four individuals. Comments in opposition to this measure were received from the Department of Budget and Finance.

Your Committees find that the language of Senate Bill No. 2956, which crossed over to the House of Representatives, and which creates a school construction special fund and makes appropriations to it, more adequately represents the Committee's inclination with regard to this subject matter.

Your Committees have amended this measure by replacing its contents with S.B. No. 2956, and by changing the effective date to July 1, 2006.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Higher Education that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2182, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2182, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 8. Noes, none. Excused, 2 (Sakamoto, Tsutsui).

SCRep. 3035 Media, Arts, Science and Technology on H.B. No. 3235

The purpose of this measure is to support the continuation of the Honolulu Symphony program by appropriating funds to the State of Hawaii Endowment Fund, which is a separate fund of the Honolulu Symphony Trust, to be matched dollar-for-dollar with private funds.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts; the Honolulu Symphony; the Musicians' Association of Hawaii, Local No. 677, American Federation of Musicians; the Democratic Party of Hawaii, Oahu County Committee; and ten private individuals.

The State of Hawaii Endowment Fund is a separate fund of the Honolulu Symphony Trust. The income and capital gains from the fund are to be used for the production of music by an Oahu-based symphony orchestra as determined by the State Foundation on Culture and the Arts. The Honolulu Symphony is an important cultural, educational, and economic asset that provides world-class music to Hawaii audiences. As with most symphony orchestras in North America, however, annual income from ticket sales and financial support from state, county, and private entities has been insufficient to maintain a balanced budget.

The Honolulu Symphony is at risk of losing many talented musicians and reducing the quality and consistency of its music, which will negatively impact the symphony's programs. Your Committee finds that making an appropriation to fund the State of Hawaii Endowment Fund will provide the essential financial stability to ensure that the orchestra's vital music education and enrichment services will remain available and affordable for the general public and, most importantly, for the young people of Hawaii.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3235, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hogue).

SCRep. 3036 (Joint) Business and Economic Development and Energy, Environment, and International Affairs on H.B. No. 1888

The purpose of this measure is to promote international cooperation and Hawaii's role in the development of renewable energy resources by requiring the Department of Business, Economic Development, and Tourism to:

- (1) Work with the global community to initiate, develop, and exchange research and technology on renewable energy resources;
- (2) Coordinate the State's involvement in national and international efforts to promote, investigate, and develop the use of renewable energy resources; and
- (3) Promote the State as an active participant and leader in renewable energy development and research in the Pacific Basin region.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and a member from the Hawaii State House of Representatives.

Today's global society presents abundant opportunities for information and technology exchange, and research development and dissemination. Many international agencies, universities, and organizations have successfully developed frameworks for international cooperation and information exchange. The International Energy Agency, for example, is a forum consisting of twenty-six countries that share with each other energy information, coordinate energy policies, and cooperate in the development of rational energy programs. Currently, Hawaii is not a participant of any similar types of international exchange agreements and does not have a framework for an international exchange of information, research, and technology on renewable energy resources. Your Committees find that it is in the State's best interests to actively participate in these types of global networks and establish its own networks.

Your Committees have amended this measure by:

- (1) Changing the effective date of this measure from July 1, 2020 to July 1, 2006; and
- (2) Making technical, nonsubstantive changes to correctly reflect the style and language of the Hawaii Revised Statutes.

As affirmed by the records of votes of the members of your Committees on Business and Economic Development and Energy, Environment, and International Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1888, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1888, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 9. Noes, none. Excused, 2 (Hanabusa, Menor).

SCRep. 3037 Business and Economic Development on H.B. No. 2885

The purpose of this measure is to require businesses and individuals that sell adult entertainment products to:

- (1) Display these products separately from other products sold on the premises; and
- (2) Obscure these products from any direct line of vision from off the premises.

Your Committee received testimony in support of this measure from Hawaii Reserves, Inc. and ten concerned private citizens.

Many individuals have been involuntarily exposed to products of a prurient nature while shopping. This type of exposure is magnified when adult entertainment products are visible to minors. Your Committee finds that requiring businesses and individuals that sell adult entertainment products to display these products separately and obscure them from being viewed by an individual located off their premises will protect the general public, especially minors, from being involuntarily exposed to these types of products.

Your Committee has heard concerns regarding the definition for “adult entertainment product” and believes that the Committee on Judiciary and Hawaiian Affairs should continue the dialogue, where this matter can be more appropriately addressed.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2885, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Menor).

SCRep. 3038 Business and Economic Development on H.B. No. 3261

The purpose of this measure is to establish an Ingenuity Corporation Charter that will be responsible for:

- (1) Holding and using intellectual and other property;
- (2) Enabling inventors, labor unions, the American Ingenuity Alliance, and public educators to create a business entity in Hawaii that owns and licenses intellectual and other property;
- (3) Creating and maintaining businesses that provide innovation education, employment opportunities, and economic development in Hawaii;
- (4) Engaging in collective bargaining on behalf of the inventors and labor unions;
- (5) Promoting the teaching of innovation and its application in Hawaii’s public schools; and
- (6) Attracting inventors to Hawaii and building Hawaii as an inventor-friendly state.

Your Committee heard testimony in support of this measure from the Hawaii Government Employees Association (HGEA), the Hawaii State Teachers Association, the American Federation of Television and Radio Artists, KMH LLP, the American Ingenuity Alliance, the Professional Inventors Alliance, and one individual. The Office of Information Practices submitted comments.

Intellectual property is one of the only remaining sources of competitive advantage in the global economy. Whether working independently or employed by corporations, the vast majority of inventors do not have the collective representation, institutional strength, or financial resources necessary to exercise and enforce their property rights. Hawaii has the opportunity to become a center for protecting the fruits of American ingenuity so inventors can fully exercise their intellectual property rights. In return, the exercise of these rights can be used to forge an anchor for good jobs in a manner that enhances labor and environmental practices nationally and internationally.

Your Committee finds that by establishing Hawaii as a domicile that provides enhanced protection of intellectual property rights, new capital and investments will be attracted to Hawaii, which will allow for a more diversified and sustainable economy. Your Committee further finds that establishing an Ingenuity Corporation will also help to support public education in Hawaii by generating needed additional funding and influencing future generations of inventors.

Your Committee has amended this measure by:

- (1) Changing the effective date from July 1, 2020 to July 1, 2006; and
- (2) Making technical, nonsubstantive amendments to correctly reflect the style of and language in the Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3261, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3261, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Menor).

SCRep. 3039 (Joint) Media, Arts, Science and Technology and Business and Economic Development on H.B. No. 3060

The purpose of this measure is to expand the existing Hawaii Small Business Innovation Research (SBIR) Grant Program under chapter 206M, Hawaii Revised Statutes, to include the Hawaii Small Business Technology Transfer (STTR) Grant Program and the Phase 0 Technical Assistance Grant Program for small start-up technology companies who are successful recipients of the federal-funded SBIR and STTR Grant Programs.

Your Committees received testimony in support of this measure from the High Technology Development Corporation (HTDC) and the Hawaii Science and Technology Council.

Since its inception in 1989, the Hawaii SBIR Grant Program has assisted in increasing the number of research and development projects and small start-up technology companies in the State. A state investment of \$3,700,000 has returned \$56,500,000 in federal research dollars to the State and \$57,500,000 in investments from and commercial contracts with public and private sectors. The STTR Grant Program requires that a minimum of forty percent of each project be carried out by a small business and that a minimum of thirty percent of each project be performed by a research institution.

Your Committees find that expanding chapter 206M, Hawaii Revised Statutes to include the STTR Grant Program and the Phase 0 Technical Assistance Grant Program will provide a critical opportunity for HTDC's new incubation partnership with the University of Hawaii John A. Burns School of Medicine to operate a medical technology business incubator in Phase 1 of the new school in Kakaako. Your Committees further find that the success of the SBIR Grant Program is a positive indication that the STTR Grant Program will also be successful at commercializing technologies being developed by scientists and researchers.

Your Committees have amended this measure by adopting the request made by the HTDC and adding language from H.B. No. 3058 H.D.1 that will allow the High Technology Innovation Corporation (HTIC) to establish bank accounts outside of the state treasury including bank accounts in foreign countries. The HTIC is a nonprofit state agency that needs to establish interest-bearing bank accounts with private financial institutions outside of the State and in foreign countries for the management and operation of its programs. An amendment to 205M-53 and 205M-54, Hawaii Revised Statutes, to include a provision for bank accounts and exempting HTDC from the state laws regarding the management of state funds, the deposit of public funds, and state audit and accounting will provide the HTIC the flexibility to support statewide technology-based economic development projects and programs. Your Committees have also amended this measure by changing the effective date from July 1, 2020 to July 1, 2006.

As affirmed by the records of votes of the members of your Committees on Media, Arts, Science, and Technology and Business and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3060, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 3060, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 3 (English, Menor, Hogue).

SCRep. 3040 (Joint) Media, Arts, Science and Technology and Business and Economic Development on H.B. No. 3063

The purpose of this measure is to appropriate funds to the Economic Development Alliance of Hawaii for the expansion of technology training opportunities.

Your Committees received testimony in support of this measure from the Department of Labor and Industrial Relations, the Economic Development Alliance of Hawaii, the Hawaii Island Economic Development Board, the Hawaii Crop Improvement Association, the Hawaii Science and Technology Council, and Enterprise Honolulu.

The Economic Development Alliance of Hawaii (EDAH) is composed of four private-sector economic development boards whose members are all active members and officers of the county-level Workforce Investment Boards and the statewide Workforce Development Council. For ten years, the economic development boards have been involved in implementing several project-based learning efforts on the neighbor islands such as Project EAST, Aloha 'Ike, and Women in Technology, to promote enthusiasm for science, technical training, and higher education. Recently, the students from Project EAST on Maui, Kauai, and the island of Hawaii won several national awards in science and technology at the EAST National Conference. EDAH wants to develop comparable programs on Oahu and continue to support partnership workforce development and outreach that will address state business, education, and labor goals. Partnership efforts will complement and expand the existing programs on the neighbor islands, and will focus on creating excitement for new business development and careers in science and technology.

Your Committees find that appropriating funds as a grant to the Economic Development Alliance of Hawaii will provide the necessary financial assistance to develop partnership initiatives that will improve and expand the technology workforce in Hawaii. The sum appropriated shall not be appropriated unless matching funds are provided and the resulting projects are consistent with the state plan for workforce development.

Your Committees have amended this measure by replacing the blank appropriation amount with the amount of \$500,000 to fund the development of partnership initiatives.

As affirmed by the records of votes of the members of your Committees on Media, Arts, Science, and Technology and Business and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3063, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 3063, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 3 (English, Menor, Hogue).

SCRep. 3041 (Joint) Media, Arts, Science and Technology and Transportation and Government Operations on H.B. No. 1982

The purpose of this measure is to permanently establish the humuhumunukunua'ā (Rhinecanthus rectangulus) as the official fish of the State.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources and two concerned school children. Your Committees also received one hundred twenty-eight signatures in support from fourth graders attending Lanakila Elementary School.

The humuhumunukunua'ā (Rhinecanthus rectangulus), also commonly known as the rectangular triggerfish, was designated as the official state fish in 1985; however, it is a little known fact that the enabling legislation was automatically repealed five years later in 1990. The general public still mistakenly assumes that the humuhumunukunua'ā is the state fish. Your Committees find that the humuhumunukunua'ā should be permanently designated as the official state fish.

Your Committees have amended this measure to make a technical change by properly capitalizing Rhinecanthus rectangulus, which is the proper scientific nomenclature format.

As affirmed by the records of votes of the members of your Committees on Media, Arts, Science, and Technology and Transportation and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1982, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1982, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair and Vice Chair on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 5 (English, Hee, Kanno, Hogue, Whalen).

SCRep. 3042 Judiciary and Hawaiian Affairs on H.B. No. 1984

The purpose of this measure is to require a review committee of the judicial council to investigate the current status of internet access to criminal conviction data.

Testimony in support of this measure was submitted by the American Civil Liberties Union of Hawaii, the Community Alliance on Prisons, and an individual. The Attorney General submitted testimony in opposition to the measure.

Your Committee finds that a review committee is necessary to examine the methods of collecting, and the sources of, conviction data that is made available on the Internet. A review committee is also necessary to examine whether further limitations on internet access to conviction data is necessary to ensure its proper use for promoting public safety.

Your Committee has amended this measure to:

- (1) Delete the reference to the privacy interests of offenders in accordance with testimony from the Department of the Attorney General that privacy does not extend to criminal conviction data; and
- (2) Clarify that the investigation of the review committee shall not include a review of the sex offender registry pursuant to chapter 846E, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1984, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1984, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3043 Judiciary and Hawaiian Affairs on H.B. No. 2299

The purpose of this measure is to require substantial compliance with the requirements of chapter 803 when a police officer enters a home to arrest a person suspected of a crime.

Your Committee received testimony in support of this measure from the Attorney General, the Department of Public Safety, the Department of the Prosecuting Attorney for the City and County of Honolulu, and the Honolulu Police Department. The Office of the Public Defender and the Japanese American Citizens League of Hawaii submitted testimony in opposition to the measure.

Your Committee finds that the Hawaii constitution affords greater protection for privacy than the federal constitution. Your Committee further finds that the federal case law acknowledges the long-standing common law principle of "knock and announce." For example, the United States Supreme Court decision in *Wilson v. Arkansas*, 541 U.S. 927 (1995), explained that the common law "knock and announce" principle was woven into the fabric of early American law. The court further stated that "Given the long-standing endorsement of the practice of announcement, we have little doubt that the Framers of the Fourth Amendment thought that the

method of an officer's entry into a dwelling was among the factors to be considered in assessing the reasonableness of a search or seizure. Contrary to the decision below, we hold that in some circumstances, an officer's unannounced entry into a home might be unreasonable under the Fourth Amendment." Although the court went on to state that "reasonableness should not be read to mandate a rigid rule of announcement," the stronger protection of privacy under the Hawaii constitution should necessitate specific requirements in accordance with the amendments your Committee has made to this measure.

Your Committee also notes that the Ninth Circuit Court of Appeals decision in US v. Chavez-Miranda, 306 F.3d 973 (2002), is the basis for including an amendment requiring officers to wait a reasonable amount of time and what factors should be considered in determining reasonableness. However, this measure is not intended to prohibit knockless warrants in cases where there are safety issues and probable cause to enter the home.

Your Committee amended this measure to:

- (1) Require the law enforcement officer or person making the arrest to knock on the door and demand entrance by stating in a loud voice "Police. We have a warrant. Open the door." or, in the case in which arrest without a warrant is lawful, the person shall state in a loud voice "Police. Open the door.";
- (2) Add a provision that the officer or person shall wait a reasonable amount of time before inferring constructive refusal to enter;
- (3) Explain that in determining a reasonable amount of time, the following factors shall be considered:
 - (a) The size and layout of the residence;
 - (b) The time of day;
 - (c) The nature of the suspected offense;
 - (d) The evidence demonstrating guilt;
 - (e) The officer's other observations that would support a forced entry; and
 - (f) Any exigent circumstances;
- (4) Delete the provision allowing a law enforcement officer or person making an arrest to substantially comply with the requirements of the statutes; and
- (5) Change the effective date from July 1, 2069 to July 1, 2006.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2299, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2299, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3044 Judiciary and Hawaiian Affairs on H.B. No. 2896

The purpose of this measure is to clarify that liability for negligent infliction of emotional distress or disturbance will not arise from damage to real property or inanimate material objects.

Your Committee received testimony in support of this measure from the Hawaiian Humane Society and five individuals.

Your Committee finds that under the current law, pets are considered property and that no remedy exists to compensate pet owners emotional distress suffered as a result of any injury or death of their pet due to the negligence of others. Similarly, the current law provides no deterrent for negligent behavior towards people's pets. Given that, in Hawaii, more than fifty-six percent of households have pets, this is a significant issue. This measure will clarify that the exclusion of property damage as the basis for an emotional distress claim only applies to real property and inanimate material objects, thus permitting this action for harm to pets.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2896, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3045 Judiciary and Hawaiian Affairs on H.B. No. 3253

The purpose of this measure is to amend the rules of evidence on erroneous rulings so that a party does not need to renew an objection or offer proof once a court makes a definitive ruling on the record admitting or excluding evidence.

Your Committee received testimony in support of the measure from the Judiciary and the Office of the Public Defender.

Your Committee finds that this measure codifies the Hawaii Supreme Court's holding in *Ditto v. McCurdy*, 98 Hawaii 123, 130 n.9, 44 P.3d 274, 281 n.9 (2002) and is identical to rule 103 of the Federal Rules of Evidence.

Your Committee amended this measure to substitute its contents with those of S.B. 2582, which has a savings clause and minor technical differences from this measure.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3253, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3253, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3046 Judiciary and Hawaiian Affairs on H.B. No. 2277

The purpose of this measure is to provide for the authorization and payment of claims against the State for judgments, settlements, and other miscellaneous payments.

Your Committee received testimony in support of this measure from the Attorney General.

Your Committee finds that the measure in its present form contains nineteen claims that total \$4,469,828.63. The Attorney General testified that since the hearing of this measure before the House Committee on Finance, nine additional claims have been resolved.

Your Committee has amended this measure in accordance with the Attorney General's testimony to:

- (1) Incorporate nine new claims resolved for an additional \$762,011.11;
- (2) Change the estimated costs and interest amount for *Kamalu v. Paren, et al.* from \$1,273,945.21 to \$1,702,327.87;
- (3) Add a new Section 3 to Part II of the measure inserting a claim against the Department of Land and Natural Resources for \$25,000 to be expended from the special land and development fund; and
- (4) Add an additional \$2,300,000 for settlement of a class action lawsuit against the Hawaii Community Development Corporation of Hawaii that the Attorney General has testified is in the process of settling and requested that this Committee review the proposed language of prior to passage of this measure to the Committee on Ways and Means.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2277, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2277, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3047 Judiciary and Hawaiian Affairs on H.B. No. 2595

The purpose of this measure is to prohibit the Department of Public Safety from canceling pre-approved and pre-scheduled family visits with inmates except for an emergency.

Your Committee received testimony in support of the measure from the Community Alliance on Prisons, the Hawaii Youth Services Network, A Woman's Voice International, and two individuals. The Department of Public Safety submitted testimony in opposition to this measure.

Your Committee finds that the type of cancellation of pre-approved and pre-scheduled visits that causes the most concern are those in which family members have incurred substantial costs, such as travel from the neighbor island or mainland, to visit an inmate.

Your Committee has amended this measure to:

- (1) Specify that pre-approved and pre-scheduled visits for which family members have incurred substantial costs shall not be canceled due to staff absenteeism or any non-emergency situation;
- (2) Provide that in the event that there are insufficient numbers of security staff available to maintain the safety of the facilities, these visits shall be conducted on a non-contact basis;
- (3) Insert a blank appropriation amount to allow the Department of Public Safety to retrofit facilities with non-contact visitation areas; and
- (4) Change the effective date from July 1, 2020 to July 1, 2006.

Your Committee notes that the blank appropriation is for supplies and materials, and the Department of Public Safety has specified that it shall utilize Corrections Industries in the construction of these non-contact visitation areas.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2595, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2595, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 3048 (Joint) Education and Military Affairs and Labor on H.B. No. 3098

The purpose of this measure is to clarify certain rights and benefits of new century charter school employees.

Specifically, this measure:

- (1) Clarifies that a teacher from a new century charter school who transfers to a public school shall not be considered a new teacher of the Department of Education; and
- (2) Establishes that civil service employees of a new century conversion charter school shall retain their civil service status in the Department of Education's civil service system.

Your Committees received testimony in support of this measure from the Office of the Governor, the Department of Human Resources Development (DHRD), and the Hawaii Business Roundtable. Comments in support of the intent of this measure were received from the Charter School Administrative Office and the Hawaii Government Employees Association (HGEA). Comments were received from the Board of Education, the Hawaii State Teachers Association, and the Ho'okako'o Corporation.

Your Committees find that per the testimony of the HGEA and DHRD, exempt civil service employees should be entitled to the rights and benefits of other exempt civil service employees.

Your Committees have amended this measure by incorporating the above finding, by making the effective date July 1, 2006, and by making technical, nonsubstantive amendments.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3098, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 3098, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair and the President of the Senate on behalf of the Committees.

Ayes, 8. Noes, none. Excused, 2 (Chun Oakland, Ihara).

SCRep. 3049 (Joint) Education and Military Affairs and Labor on H.B. No. 1865

The purpose of this measure is to strengthen the operations of the Department of Education by creating various positions.

Your Committees received testimony in support of this measure from the Chamber of Commerce of Hawaii and the Hawaii Business Roundtable. Comments in support of parts of this measure were received from the Department of Education. Testimony supporting the intent of the measure were received from the Board of Education and the Hawaii Government Employees Association. Comments were received from the Office of the Governor.

Your Committees find that the testimony received on this measure was largely in support of the creation of a chief financial officer position, but questioned the creation of all other leadership positions.

Your Committees further find that per the Department of Education testimony requesting an amendment to the range of salaries offered for deputy superintendents, assistant superintendents, and complex area superintendents, the Legislature should reconsider the adequacy of salary ranges, and that the Committee on Ways and Means may consider adjusting section 302A-621, Hawaii Revised Statutes, to accommodate an appropriate chief financial officer salary.

Your Committees have amended this measure by omitting the creation of all other positions except for a chief financial officer position and an attendant secretary position, by making the effective date upon approval, and by making technical, nonsubstantive amendments.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1865, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1865, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair and the President of the Senate on behalf of the Committees.

Ayes, 8. Noes, none. Excused, 2 (Chun Oakland, Ihara).

SCRep. 3050 (Joint) Education and Military Affairs and Labor on H.B. No. 1862

The purpose of this measure is to allow the Department of Education to employ retired licensed teachers to teach full-time in teacher shortage areas and serve as mentors for new classroom teachers.

Your Committees received testimony in support of this measure from the Office of the Governor. Comments in support of the intent of this measure were received from the Department of Education and the Hawaii Government Employees Association. Comments were received from the State of Hawaii Employees' Retirement System and the Hawaii State Teachers Association.

Your Committees find that several testifying agencies prefer the provisions of Senate Bill No. 2705 with regard to the employer contribution of 13.75 percent of a retiree's salary to the Employees' Retirement System, and the inclusion of administrators.

Your Committees have amended this measure by editing and replacing its provisions with those of Senate Bill No. 2705.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1862, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1862, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair and the President of the Senate on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 2 (Chun Oakland, Ihara).

SCRep. 3051 (Joint) Media, Arts, Science and Technology, Energy, Environment, and International Affairs and Business and Economic Development on H.B. No. 2863

The purpose of this measure is to establish the Natural Energy Laboratory of Hawaii Authority Innovation Corporation to assist the Natural Energy Laboratory of Hawaii Authority in its efforts to provide resources and facilities for energy and ocean-related research, education, and commercial activities.

Your Committees received testimony in support of this measure from the Natural Energy Laboratory of Hawaii Authority and the Hawaii Government Employees Association. The Department of the Attorney General submitted comments.

The purpose of the Natural Energy Laboratory of Hawaii Authority (NELHA) is to facilitate research, development, and commercialization of natural energy resources and ocean-related research, technology, and industry in Hawaii, and to engage in retail, commercial, or tourism activities that will financially support that research, development, and commercialization. Your Committees find that the purposes of NELHA will be more efficiently served if a not-for-profit corporation is attached to the agency.

The NELHA Innovation Corporation will be an entity responsible for supporting NELHA by furnishing the means, methods, and agencies by which management, programming, training, investigation, research, and analysis may be conducted and its resulting benefits available to the public. The NELHA Innovation Corporation will also be responsible for managing its assets, resources, and funding, planning and implementing its programs, and promoting and marketing Hawaii as a location for research and commercial natural energy activity.

Your Committees have amended this measure by adopting three suggestions made by the Department of the Attorney General: First, clarifying that the NELHA Innovation Corporation is a public not-for-profit organization and not a private not-for-profit organization. The Department of the Attorney General indicated to your Committees that the term "private" created an ambiguity in assessing whether sovereign immunity and other public attributes would apply to the corporation, and whether the corporation's actions would be considered state actions subject to various constitutional provisions. Therefore, the term "private" was deleted and replaced with "public" because the provisions of this measure indicate that the corporation is a public organization.

Second, your Committees have attached the NELHA Innovation Corporation to the Department of Business, Economic Development, and Tourism instead of NELHA. The Department of the Attorney General advised that attaching the NELHA Innovation Corporation to NELHA is contrary to Article V, section 6 of the Hawaii State Constitution, which requires that all executive offices be allocated among not more than twenty principal departments. The Department of Business, Economic Development, and Tourism is a principal department, but NELHA is not; thus, this measure was amended by replacing the corporation's attachment to NELHA with Department of Business, Economic Development, and Tourism.

Finally, your Committees have added additional language based upon section 307-9, Hawaii Revised Statutes, to allow the corporation to hold money in its own private accounts rather than through the Department of Budget and Finance. Your Committees amended this measure by adding additional language under the section that exempts the corporation from certain state laws.

Your Committees have heard concerns regarding the appropriateness of establishing the corporation under section 501(c)(3) of the Internal Revenue Code, which will create a tax-exempt organization. Your Committees find that the issue merits further consideration and accordingly have amended this measure by inserting an effective date of July 1, 2050 to ensure ongoing discussions. Furthermore, technical, nonsubstantive amendments were made to correctly reflect the language, style, and format in the Hawaii Revised Statutes.

As affirmed by the records of votes of the members of your Committees on Media, Arts, Science, and Technology and Energy, Environment, and International Affairs and Business and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2863, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2863, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 9. Noes, none. Excused, 4 (Hanabusa, Ihara, Menor, Hogue).

SCRep. 3052 (Joint) Education and Military Affairs and Health on H.B. No. 1466

The purpose of this measure is to fund geographical areas identified by school complexes statewide through existing or emerging community coalitions to coordinate local anti-drug community efforts, fill service gaps, and implement best practice prevention programs.

Your Committees received testimony in support of this measure from Breakthroughs for Youth, the Coalition for a Drug-Free Hawaii, the Community Alliance on Prisons, Community Works in 96744, the Hawaii Substance Abuse Coalition, Malama O Kamalii Makamae, the Marimed Foundation, the Mililani Town Association Anti-Drug Committee, and four individuals. Comments concurring or appreciating the intent of the measure were received from the Department of Health and the Department of Education Honolulu and Central Complex Area Superintendents.

Your Committees find that the intent of the measure was for new and emerging community coalitions to receive appropriations, and that the Department of Health Alcohol and Drug Abuse Division should report to the Legislature regarding the impact of past appropriations, and should also receive additional funding to be able to coordinate the various community efforts effectively.

Your Committees further find that the best way to allocate resources would be for the Department of Health to implement a grant program to award community coalitions not more than \$150,000 each to engage in community mobilization programs and best practices, specifically in areas that lack existing substance abuse prevention resources.

Your Committees have amended this measure by:

- (1) Adding provisions to reflect the above findings;
- (2) Extending adolescent school-based substance abuse treatment programs to middle and intermediate schools that have no existing school-based programs;
- (3) Making the effective date July 1, 2006; and
- (4) Making technical, nonsubstantive amendments.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1466, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1466, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 3 (Hanabusa, Hooser, Tsutsui).

SCRep. 3053 Education and Military Affairs on H.B. No. 1891

The purpose of this measure is to address the Department of Education repair and maintenance backlog by increasing the amount of money deposited into the State Educational Facilities Improvement special fund (SEFI Fund).

Your Committee received testimony in support of this measure from the Department of Education (DOE). Testimony in opposition to this measure were received from the Department of Budget and Finance and the Department of Taxation. Comments were submitted by the Tax Foundation of Hawaii.

Your Committee finds the DOE has an existing repair and maintenance backlog of \$525,000,000 which amount increases by \$75,000,000 each year due to normal wear and tear. Your Committee further finds that moneys deposited into the SEFI Fund become immediately available to the DOE, whereas moneys appropriated through the regular CIP process may or may not be released by the Executive Branch. In addition, it is appropriate for the DOE to be accountable for the increase in funding. As such, your Committee finds that DOE expenditures should be subject to performance-based reporting to the Legislature, including an initial proposed budget, and then subsequent assessments made at the beginning and at the end of each year.

Your Committee has amended this measure by adding information in the purpose section regarding the extent of the DOE repair and maintenance backlog, and by making the effective date July 1, 2006.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1891, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1891, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3054 Judiciary and Hawaiian Affairs on H.B. No. 2051

The purpose of this measure is to establish offenses relating to human trafficking and provide related definitions.

This measure also provides victims of trafficking defenses to certain offenses that they may have been forced to commit. This measure also requires the Attorney General to report to the Legislature annually regarding human trafficking. Last, this measure establishes a task force to compile and review information from other states regarding support for victims of human trafficking and requires that the task force recommend changes to Hawaii law and programs.

Your Committee received testimony in support of this measure from the Crime Victim Compensation Commission, the Department of the Prosecuting Attorney for the City and County of Honolulu, Best Medical-Legal Nurse Consultants, Your Group, Na Loio Immigrant Rights and Public Interest Legal Center, the Hawaii Women's Coalition, the Hawaii Family Forum, the Hawaii Catholic Conference, the Hawaii State Commission on the Status of Women, Safe Zone Foundation, Girl Fest Hawaii, Planned Parenthood of Hawaii, the Sex Abuse Treatment Center, Soroptimist International of Waikiki, Inc., and four individuals. The Attorney General and the Department of Health submitted comments on this measure.

Your Committee finds that this measure attempts to integrate anti-trafficking provisions, modeled after federal statutes, into the existing Hawaii Penal Code. As this measure moves on to the Committee on Ways and Means, the Committee on Judiciary and Hawaiian Affairs would like to recognize the concerns raised regarding this measure; however, the Committee on Judiciary and Hawaiian Affairs is most concerned that the task force established by this measure survive. The Committee on Judiciary and Hawaiian Affairs' priority is to promote a task force that will return to the legislature with strong, uniform proposed legislation to address the problem of human trafficking.

Your Committee has amended this measure in accordance with testimony submitted by the Attorney General to:

- (1) Require the Attorney General to work with the existing Hawaii Anti-Trafficking Task Force to expand its membership and its role;
- (2) Require the anti-trafficking task force include the Attorney General or the Attorney General's designees instead of the Attorney General, a designated deputy, and a program specialist;
- (3) Modify section 7(c) to allow the task force to seek any federal grant money that may become available and that may help the task force accomplish its activities; and
- (4) Make technical, nonsubstantive changes for clarity and style.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2051, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2051, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3055 (Joint) Health and Higher Education on S.C.R. No. 16

The purpose of this measure is to address the nursing shortage in Hawaii and find a long-term solution for adequate nursing resources by requesting the Hawaii State Center for Nursing at the University of Hawaii to investigate and institute a five-year strategic plan.

Your Committees received testimony in support of this measure from the Hawaii State Center for Nursing, the University of Hawaii School of Nursing, the Hawaii Government Employees Association, the Hawaii Nurses' Association, Hawaii Pacific Health, and Kaiser Permanente.

Your Committees find that a serious nursing shortage exists in Hawaii and will become critical in the near future as the majority of nurses will be nearing retirement age. The mission of the Hawaii State Center for Nursing is to ensure that Hawaii has the nursing resources necessary to meet the health care needs of its people. Therefore, the Hawaii State Center for Nursing is the appropriate agency to conduct an investigation into immediate and long-term solutions to the nursing shortage.

As affirmed by the records of votes of the members of your Committees on Health and Higher Education that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 16 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 3 (Hanabusa, Sakamoto, Whalen).

SCRep. 3056 (Joint) Health and Higher Education on S.R. No. 6

The purpose of this measure is to address the nursing shortage in Hawaii and find a long-term solution for adequate nursing resources by requesting the Hawaii State Center for Nursing at the University of Hawaii to investigate and institute a five-year strategic plan.

Your Committees received testimony in support of this measure from the Hawaii State Center for Nursing, the University of Hawaii School of Nursing, the Hawaii Government Employees Association, the Hawaii Nurses' Association, Hawaii Pacific Health, and Kaiser Permanente.

Your Committees find that a serious nursing shortage exists in Hawaii and will become critical in the near future as the majority of nurses will be nearing retirement age. The mission of the Hawaii State Center for Nursing is to ensure that Hawaii has the nursing resources necessary to meet the health care needs of its people. Therefore, the Hawaii State Center for Nursing is the appropriate agency to conduct an investigation into immediate and long-term solutions to the nursing shortage.

As affirmed by the records of votes of the members of your Committees on Health and Higher Education that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 6 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 3 (Hanabusa, Sakamoto, Whalen).

SCRep. 3057 (Joint) Education and Military Affairs and Water, Land, and Agriculture on H.B. No. 1843

The purpose of this measure is to establish an agriculture education program in the department of education to foster young people's interest in careers in the agricultural industry.

Your Committees received testimony in support of this measure from the Department of Agriculture, the Department of Labor and Industrial Relations Workforce Development Council, the Hawaii State Teachers Association, the Big Island Farm Bureau, the Economic Development Alliance of Hawaii, the Hawaii Farm Bureau Federation, the Maui County Farm Bureau, C&H Farms, and three individuals. Testimony in support of the intent of this measure was received from the Department of Education.

Your Committees find that establishing a comprehensive agriculture program in the public schools is a worthwhile endeavor. However, your Committees wish to note that it remains necessary to clarify which school funds should be part of the weighted student formula, and which should not, and that it is not the intent of the Legislature to continue to carve out appropriations specifically for targeted programs.

Your Committees have amended this measure by making its effective date July 1, 2006, and by making technical, nonsubstantive amendments.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Water, Land, and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1843, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1843, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 3 (English, Tsutsui, Hemmings).

SCRep. 3058 (Joint) Transportation and Government Operations and Education and Military Affairs on H.B. No. 1904

The purpose of this measure is to require the Department of Education to conduct a traffic study and develop a plan to decrease hazardous traffic conditions at all public schools throughout the State, and to make an appropriation therefor.

Your Committees received testimony in support of this measure from the Department of Transportation, Department of Education, Peoples Advocacy for Trails Hawai'i, and Mililani Waena Elementary School.

Your Committees find that there are many hazardous traffic conditions that exist at Hawaii's public schools, particularly during the morning when students are dropped off at school and in the afternoon when students are picked up from school. These safety hazards are compounded when egress and ingress at the schools is slow and frustrating for parents, as well as the faculty and students who attempt to find parking at the same time.

Your Committees believe that a traffic flow study of hazardous traffic conditions at all public schools in the State is necessary. The study would include a review of hazardous conditions relating to parking, drop off areas, pick up areas, ingress and egress, and pedestrian safety at schools.

Your Committees were informed in testimony on this measure that the Department of Transportation has an administrative program in place denominated the Hawaii SR2S program, which is part of the federal Safe Routes To School Program under federal-aid to highways law. The SR2S program would cover the mandates of this measure. Your Committees believe SR2S program should be codified in the interests of securing federal funding and conforming to federal mandates.

Your Committees have amended this measure by:

- (1) Enacting a new statutory section in chapter 264, Hawaii Revised Statutes, relating to highways, to establish a safe routes to school program under the Department of Transportation to mirror federal regulations in the interests of consistency and conformity, but are not limited to federal mandates;
- (2) Enacting a new statutory section in chapter 302A, relating to education, as a conforming amendment to clarify that the Department of Education would assist the Department of Transportation in the safe routes to school program;

- (3) Clarifying the purpose section to reflect the statutory enactment; and
- (4) Changing the expending agency to the Department of Transportation in order to conform to federal funding streams.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Education and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1904, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1904, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 9. Noes, none. Excused, 4 (Hee, Inouye, Kanno, Tsutsui).

SCRep. 3059 (Joint) Transportation and Government Operations and Education and Military Affairs on H.B. No. 2183

The purpose of this measure is to authorize the issuance of general obligation bonds to fund retrofitting of public school buildings to enable them to be used as emergency shelters.

Your Committees received testimony in support of this measure from the State Civil Defense and the Department of Education.

Your Committees find that the supply of emergency shelters is woefully and dangerously inadequate. Emergency shelters can make the difference between life or death in a disaster, as was demonstrated in New Orleans with Hurricane Katrina. This measure is an outgrowth of that disaster-turned-catastrophe, which could have been ameliorated with better planning for emergency shelters.

The State Civil Defense estimates that the cost would be \$35,000,000 to retrofit public schools, but the agency is asking for an initial appropriation of \$4,000,000.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Education and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2183, H.D. 1, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 9. Noes, none. Excused 4 (Hee, Inouye, Kanno, Tsutsui).

SCRep. 3060 (Joint) Human Services and Health on H.B. No. 30

The purpose of this measure is to authorize the Director of Human Services to use the federal supply schedule as a benchmark in negotiating and purchasing brand name prescription drugs for the State's prescription drug programs.

Your Committees received testimony in support of the measure from the Department of Human Services, the Hawaii Disability Rights Center, the Hepatitis Prevention, Education, Treatment & Support Network of Hawaii, and two individuals. The Hawaii Association of Health Plans submitted testimony in opposition. Your Committees received comments on the measure from HMSA.

Your Committees find that providing timely medical care, including appropriate medications, to individuals who suffer from Hepatitis C, human immunodeficiency virus, acquired immune deficiency syndrome, or patients who require immunosuppressives as a result of organ transplants, is necessary to reduce the human and economic costs associated with untreated medical conditions. Your Committees further find that this measure will provide equal access by Medicaid patients to the limited number of medications available to treat these conditions, regardless of whether they are enrolled in the fee for service or QUEST program.

Accordingly, your Committees have amended this measure by replacing its contents with the contents of S.B. No. 2325, which deletes the QUEST exemption from the preauthorization exemption for these conditions.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 30, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 30, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (Fukunaga, Hanabusa, Hooser, Whalen).

SCRep. 3061 (Joint) Human Services and Health on H.B. No. 1821

The purpose of this measure is to more adequately compensate care home operators by establishing a minimum level of care payment for types I and II adult residential care homes and by clarifying that domiciliary care includes care provided in developmental disabilities domiciliary homes, developmental disabilities adult foster homes, and developmental disabilities apartment complexes.

Your Committees received testimony in support of the measure from the Disability and Communication Access Board, the Adult Foster Home Association of Hawaii, the ARC in Hawaii, the Alliance of Residential Care Administrators, the Hawaii Coalition of Care Home Administrators, the Hawaii Disability Rights Center, the United Group of Care Home Operators, and approximately two hundred and fifty-five individuals. The Department of Human Services and the State Council on Developmental Disabilities support

the intent of this measure, but prefer the provisions of Senate Bill No. 3247, S.D. 2. The Department of Health submitted testimony in opposition to this measure.

Your Committees find that it is important for individuals with developmental disabilities to have adequate access to residential housing. Domiciliary homes and apartment complexes offer assisted living services that enable these individuals to prosper in their communities. However, a lack of funding has forced many of these homes and complexes to close.

Accordingly, your Committees have amended this measure by:

- (1) Clarifying that domiciliary care includes care provided in licensed developmental disabilities domiciliary homes, community care foster family homes, and certified developmental disabilities adult foster homes;
- (2) Establishing a minimum level of care payment for types I and II adult residential care homes;
- (3) Directing the Department of Human Services to authorize a one-time payment on July 1, 2006, and thereafter as the Department determines a need, for resident clients receiving supplemental security income in adult residential care home types I and II;
- (4) Making an appropriation for continued operation of developmental disabilities domiciliary homes and developmental disabilities apartment complexes; and
- (5) By making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1821, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1821, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 4 (Fukunaga, Hanabusa, Hooser, Whalen).

SCRep. 3062 Human Services on H.B. No. 1995

The purpose of this measure is to protect children by expanding the crimes of endangering the welfare of a minor in the first and second degrees to include situations in which an individual causes or permits a minor to endure unjustifiable physical pain or mental suffering, to be injured, or to be placed in a dangerous situation.

Your Committee finds this measure will protect children from dangers associated with being exposed to the illegal use of controlled substances.

Your Committee received testimony in support of the measure from the Department of Public Safety. The Department of the Prosecuting Attorney, City and County of Honolulu submitted comments regarding this measure.

In response to the Department of Public Safety's concern that this measure was overbroad, your Committee has adopted the Department's recommendations regarding children being exposed to the use of controlled substances. Specifically, your Committee amended this measure by replacing its provisions regarding the offenses of endangering the welfare a child in the first and second degrees with language prohibiting the use of a controlled substance in the presence of, or as witnessed by, a minor under a person's care or custody or knowingly exposing a minor under a person's care or custody to individuals unlawfully using a controlled substance.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1995, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1995, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 3063 Human Services on H.B. No. 2286

The purpose of this measure is to include programs approved by Title IV-E of the Social Security Act among those for which the Child Support Enforcement Agency may disclose information it maintains to persons who are directly involved with the implementation and administration of approved programs.

Your Committee received testimony in support of the measure from the Attorney General and the Department of Human Services.

Your Committee finds that this measure allows the Child Support Enforcement Agency to disclose information to the Department of Human Services that is consistent with information being provided for other types of child welfare programs.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2286, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 3064 Human Services on H.B. No. 2367

The purpose of this measure is to authorize the Office of Youth Services to obtain criminal history record information on the employees, prospective employees, and volunteers of its contracted providers and subcontractors for all positions that require individuals to work in close proximity with youth when providing services on its behalf.

Your Committee received testimony in support of the measure from the Department of Human Resources Development, the Office of Youth Services, Hawaii Youth Services Network, and the Kokua Council.

Your Committee finds that services to youth should be provided in a safe, healthy environment, and that every effort should be made to ensure that the people providing services are suitable to working in close proximity with at-risk youth. This measure will enable the Office of Youth Services to obtain criminal history record information about the employees, prospective employees, and volunteers of the various entities that provide services for youth on behalf of the Office of Youth Services.

Your Committee has amended this measure by revising the definition of “volunteer” to comport with its use throughout the measure and by changing the effective date to upon its approval.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2367, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2367, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 3065 (Joint) Human Services and Health on H.B. No. 3116

The purpose of this measure is to ensure health care coverage for all of Hawaii’s children by creating the Hawaii Children’s Health Care Program.

Your Committees find that there is a gap group of uninsured children in the State who are ineligible for any state or federal health care coverage. This measure would provide them with health insurance coverage under certain circumstances. Your Committees find that the Hawaii Children’s Health Care Program would cover preventive services, immunizations, diagnostic tests, emergency care, and dental and mental health services, along with some prescription coverage.

Specifically, this measure establishes a three-year pilot program of health care coverage for children between three months and eighteen years of age who are ineligible for any other state or federal health care coverage, thereby reducing the adverse effects of preventable and treatable illnesses on the children’s growth and development. The State, through the Department of Human Services and a mutual benefit society will share the premiums equally with the mutual benefit society for the health care coverage it provides.

Your Committees received testimony in support of the measure from the Good Beginnings Alliance, the Hawaii Medical Service Association (HMSA), and the Hawaii Primary Care Association. Your Committees received testimony in opposition to the measure from the Department of Commerce and Consumer Affairs. The Attorney General and the Department of Human Services submitted comments regarding this measure.

Your Committees also heard testimony regarding the recent approval of the State’s Medicaid waiver proposal. The Section 1115 waiver expands the QUEST program’s income eligibility requirements to allow families earning up to two hundred fifty percent of the federal poverty level to receive free health insurance for their children. The waiver also reduces the monthly premiums according to a sliding scale for children whose families’ income is between two hundred fifty and three hundred percent of the federal poverty level.

Accordingly, your Committees have amended this measure to allow otherwise qualified children whose family income is between two hundred fifty and three hundred percent of the federal poverty level coverage through QUEST Net, with a prorated premium, or through the Hawaii Children’s Health Care Plan at no charge.

Your Committees have further amended this measure by:

- (1) Eliminating its residency requirement;
- (2) Specifying that the mutual benefit society shall be responsible for determining eligibility and enrolling participants in the pilot program;
- (3) Expanding coverage to include children from thirty-one days old through age eighteen;
- (4) Clarifying that infants between thirty-one days and six months of age shall be required to have been uninsured continually since birth to be eligible for coverage through the Hawaii Children’s Health Plan; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3116, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 3116, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (Fukunaga, Hanabusa, Hooser, Whalen).

SCRep. 3066 Human Services on H.B. No. 3194

The purpose of this measure is to reduce the term of appointment for members of the Commission for National and Community Service from four years to three years.

Your Committee received testimony in support of the measure from the University of Hawaii and the Hawaii Commission for National and Community Service.

The National and Community Service Act allows three-year terms on the State Commission for National and Community Service, whereas current state law establishes four-year terms. The Commission must be in compliance with federal law to be eligible for grants or allotments, or to receive a distribution of approved national service positions. Your Committee finds that this measure will make state law consistent with federal law.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3194, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3194, H.D. 1, S.D. 1, and be referred to the Committee on Higher Education.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 3067 Human Services on H.B. No. 3217

The purpose of this measure is to establish Kupuna Recognition Day.

Your Committee received testimony in support of the measure from the Department of Education, the Office of Hawaiian Affairs, the Policy Advisory Board for Elder Affairs (PABEA), and over one hundred individuals.

Your Committee finds that our kupuna are a valued cultural resource in Hawaii. The term "kupuna" means grandparent, ancestor, relative, or close friend of the grandparent's generation; it can also mean starting point, source, or growing. Our kupuna represent the source of wisdom and knowledge for all of Hawaii's people. Establishing a Kupuna Recognition Day honors our ancestors and elders and recognizes their many contributions to Hawaii's rich cultural diversity and heritage.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3217, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 3068 Judiciary and Hawaiian Affairs on H.B. No. 2500

The purpose of this measure is to provide supplemental appropriations for the expenses of the Judiciary.

Your Committee received testimony in support of this measure from the Judiciary. The Hawaii State Bar Association Family Law Section, the Honolulu Family Court Professionals, the Domestic Violence Clearinghouse and Legal Hotline, and four individuals submitted testimony of conditional support for this measure.

Your Committee finds that the Judiciary is a separate and independent branch of government that should be afforded latitude in making decisions that affect its administration of the courts.

Your Committee further finds that there are some concerns regarding the Kapolei Judicial Complex project. Members of the Hawaii State Bar Association and members of the public have expressed concern about the Judiciary's decision to move a substantial portion of the family law services to Kapolei. The Chair is not inclined to require that a proportionate amount of family law services remain in the Honolulu area; however, the Chair requests the Committee on Ways and Means to consider inserting a proviso to address these concerns.

Your Committee has amended this measure to:

- (1) Change the appropriation for the probation modification project from \$639,224 to \$1,239,000;

- (2) Appropriate \$1,013,609 to the Domestic Violence Clearinghouse and Legal Hotline;
- (3) Reinsert the CIP appropriation of \$48,000,000 for the Kapolei Judicial Complex; and
- (4) Change the effective date from July 1, 2020, to July 1, 2006.

Your Committee would also recommend that the Judiciary's budget worksheets convert the \$249,475 appropriation to Na Loio Immigrant Legal Service from a purchase of service to a grant-in-aid.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2500, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2500, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3069 Judiciary and Hawaiian Affairs on H.B. No. 2204

The purpose of this measure is to establish the amount of interim revenue to be transferred to the Office of Hawaiian Affairs from the public land trust, each fiscal year beginning with fiscal year 2005-2006, at \$15,100,000.

In addition, this measure also appropriates \$17,500,000 as the amount of revenues owed to the Office of Hawaiian Affairs for the underpayment of the Office of Hawaiian Affairs' pro rata share of the public land trust revenues between July 1, 2001 and June 30, 2005. This measure also requires the Department of Land and Natural Resources to provide an accounting of revenues from the public land trust.

Your Committee received testimony in support of this measure from the Attorney General, the Office of Hawaiian Affairs, and the Native Hawaiian Chamber of Commerce. The Department of Land and Natural Resources submitted comments on this measure.

Your Committee finds that the agreement embodied in this measure does not extinguish past and future claims that the Office of Hawaiian Affairs may have regarding revenue payments from ceded lands. In this light, your Committee notes that \$15,100,000 is the same amount appropriated to the Office of Hawaiian Affairs in Act 329, Session Laws of Hawaii 1997. Your Committee also notes that according to the consumer price index, which measures the average change in prices over time, the \$15,100,000 paid in 1997 would equate to approximately \$19,000,000 in 2006.

Your Committee also finds that the \$17,500,000 agreed upon should be considered a credit for payment owed the Office of Hawaiian Affairs for the period of July 1, 2001 through June 30, 2005. The payment of \$17,500,000 should be construed as if the amount came from the ceded land revenues.

Your Committee has amended this measure to:

- (1) Insert an additional sentence at the end of section 3 to provide that the governor is expressly authorized to fix the amounts each agency shall transfer to the Office of Hawaiian Affairs in each quarter by executive order to implement the provisions of this measure in accordance with the testimony of the Attorney General;
- (2) Ensure that the Office of Hawaiian Affairs shall be consulted by the Department of Land and Natural Resources in determining the method in which the accounting of all receipts from lands described in section 5(f) of the Admission Act shall be conducted;
- (3) Allow for the Office of Hawaiian Affairs to provide funds for the accounting only after the moneys appropriated to the Department of Land and Natural Resources are expended. This amount shall not exceed \$250,000; and
- (4) Change the effective date from July 1, 2020 to July 1, 2006.

Your Committee notes that after decision making on this measure, the Office of Hawaiian Affairs submitted the following proposed language:

Should any additional funds be necessary to carry out the purpose of section 5 after the department of land and natural resources has expended the \$250,000 appropriated out of the general revenues of the State of Hawaii, the office of Hawaiian affairs shall provide the additional funds up to \$250,000.

The Office of Hawaiian Affairs' proposed changes are underlined above. Your Committee finds that this proposal is in line with the Committee on Judiciary and Hawaiian Affairs' intent in making sure that the Office of Hawaiian Affairs' funds are expended only after those general revenue funds appropriated to the Department of Land and Natural Resources. As such, your Committee asks the Committee on Ways and Means to revise this measure in accordance with the Office of Hawaiian Affairs' proposed language.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2204, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2204, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3070 (Joint) Education and Military Affairs and Human Services on H.B. No. 3237

The purpose of this measure is to establish an inter-departmental working group to plan a state early learning system.

Your Committees received testimony in support of this measure from the University of Hawaii System. Comments in support of the intent or principle of this measure were submitted by the Department of Education, the Department of Human Services, the Hawaii Educational Policy Center, KCAA Preschools of Hawaii, and the Institute for Native Pacific Education and Culture. Comments in opposition to this measure were received from the Calvary Episcopal Preschool, Good Beginnings Community Council – Maui, the Hawaii Association for the Education of Young Children, the Hawaii Association of Independent Schools, and Waianae Coast Early Childhood Services. Comments were submitted by the Good Beginnings Alliance Senior Advisory Committee.

Your Committees find that this measure has been the result of diligent efforts made by the early childhood education community in Hawaii, and that several amendments have been suggested to it to build on the ever-evolving development process.

Your Committees have amended this measure by:

- (1) Incorporating amendments suggested by the Good Beginnings Alliance;
- (2) Including a provision for a five-year pilot program to be overseen by the Office of Early Learning;
- (3) Creating an Office of Early Learning based on the intent of Senate Bill No. 3101, which created an Early Learning Authority;
- (4) Adding a policy board to advise and set policy for the Office of Early Learning based on the existing Hawaii Teachers Standards Board; and
- (5) Deleting the sunset date of July 1, 2008.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Human Services that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3237, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 3237, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 2 (Tsutsui, Trimble).

SCRep. 3071 (Joint/Majority) Human Services and Health on H.B. No. 2097

The purpose of this measure is to provide caregivers of relatives with some financial relief by providing a caregiver tax credit for eligible taxpayers who care for qualified care recipients.

Your Committees received testimony in support of the measure from Faith Action for Community Equity (FACE), the National Multiple Sclerosis Society, Hawaii Division, the Policy Advisory Board for Elder Affairs (PABEA), UNITE HERE!, and three individuals. The Department of Taxation supports the intent of this measure, but prefers the provisions of companion measures H.B. No. 2414 and S.B. No. 2377. Your Committees received comments regarding the measure from the Tax Foundation of Hawaii.

Your Committees find that this measure would reduce the financial burden on individuals who provide care to family members who are age sixty or older, and who require either supervision due to a cognitive impairment or substantial assistance with at least two activities of daily living. Your Committees further find that a “qualified care recipient” includes family members who either have co-resided with the caregiver for at least six months of the taxable year, or who have received more than fifty percent of their financial support during the taxable year from the caregiver. Your Committees note that this measure is intended to offer relief to individuals who do not receive compensation for providing care.

Your Committees have amended this measure by:

- (1) Authorizing advanced practice registered nurses to certify that qualified care recipients require either substantial supervision to protect them from threat to health or safety due to cognitive impairment or substantial assistance to perform at least two activities of daily living;
- (2) Replacing the \$1000 tax credit with a tax credit schedule according to adjusted gross income; and
- (3) Making technical, non-substantive amendments for purposes of clarity and style.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2097, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2097, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 5. Noes, 1 (Trimble). Excused, 4 (Fukunaga, Hanabusa, Hooser, Whalen).

SCRep. 3072 Health on H.B. No. 1869

The purpose of this measure is to increase prescription drug safety, as well as the availability of accurate prescription drug information by requiring prescription drug advertisements conform to federal standards, mandating public disclosure of clinical trials, and establishes a special fund with revenue from fees charged to prescription drug manufacturers.

Your Committee received testimony in support of this measure from the National Legislative Association on Prescription Drug Prices, Consumers Union, and the ILWU Local 142. Your Committee received testimony in opposition to the measure from the Department of Health, the Department of the Attorney General, and the Pharmaceutical Research and Manufacturers of America.

Your Committee finds that the lack of transparency of clinical trial findings, mixed with the profit motive of pharmaceutical companies to publicize positive information that promotes sales, presents a serious risk to the health of consumers.

Your Committee further finds and the Department of the Attorney General noted in its testimony that a likely constitutional problem exists regarding the title of this measure. Article III, section 14 requires that each law embrace only one subject, which shall be expressed in its title. This measure as titled seems to express two subjects. Additionally, testimony in opposition to this measure noted the inevitable negative impact this measure will have on Hawaii's biotech industry and on the University of Hawaii research programs due to the restrictions and cost increases that manufacturers will incur from the required fees.

Your Committee has amended this measure by:

- (1) Removing all references to biological products;
- (2) Eliminating the fees and the special fund provision;
- (3) Eliminating the education initiative;
- (4) Correcting the reference to penalties under 580-4 and replaced it with the Unfair and Deceptive Trade Practices Act; and
- (5) Specifying that the measure regulates clinical trials in Hawaii only and the advertising that originates in Hawaii.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1869, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1869, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3073 Health on H.B. No. 1242

The purpose of this measure is to improve the health and safety of women by clarifying and eliminating outdated language in the statute dealing with the intentional termination of pregnancy while not changing rights that are currently protected under state and federal law.

Your Committee received testimony in support of this measure from the Commission on the Status of Women, the Community Alliance on Prisons, the Hawaii Women's Coalition, the American Civil Liberties Union, Hawaii Women Work, National Association of Social Workers, University of Hawaii Women's Studies Program, Planned Parenthood of Hawaii, Church of the Crossroads, Healthy Mothers Healthy Babies, and sixty-nine individuals. Your Committee received testimony in opposition to this measure from the Hawaii Catholic Conference, the Hawaii Family Forum, the Christian Voice of Hawaii, Hawaii Right to Life, Pro-Family Hawaii, and twenty-five individuals.

Your Committee finds that section 453-16, Hawaii Revised Statutes, which has not been revised since it was enacted in 1970, is unconstitutional as written and needs to be revised. The sole purpose of this revision is to bring the statute into conformity with federal and state law.

Your Committee further finds that this measure will properly revise the unconstitutional portions of 453-16(a), Hawaii Revised Statutes, by including clinics and physicians' offices as safe, acceptable places for abortions to be performed and by removing the residency requirement.

Your Committee further finds that the hospital requirement under section 453-16(a)(2), Hawaii Revised Statutes, should be amended to conform with federal law and Hawaii's existing practices which have properly followed Supreme Court decisions. In *Akron v. Akron Center for Reproductive Health, Inc.*, 462 U.S. 416 (1983), the Court invalidated a statute requiring a 24-hour waiting period prior to performing an abortion. The Court held that the State had not shown that any legitimate state interest was being served "by an arbitrary and inflexible waiting period." Similarly, the Court in *Doe v. Bolton*, 410 U.S. 179 (1973) applied the same standard to the Georgia statute requiring abortions be performed in a specially accredited hospital. The Court held that the standards must be legitimately related to the objective the State seeks to accomplish. The State's objective, to ensure the quality of the operation and the full protection of the patient, is not legitimately related to the requirement that all abortions are to be performed in an accredited hospital because no persuasive data was presented that only hospitals meet the State's interest. Conversely, there is a multitude of data

showing that some facilities other than hospitals, such as clinics, are more than adequate to perform abortions safely if they have the staffing and equipment necessary to handle serious complications or have an arrangement with a nearby hospital to provide those services.

The United States Supreme Court has repeatedly struck down durational residency requirements. In *Doe*, addressing the Georgia law requiring proof of residency before an abortion can be performed, the Supreme Court held that the Privileges and Immunities Clause, Const. Art. IV, §2, protects individuals seeking medical services that are available in a state. The Court further held that a state law requiring residency for individuals seeking medical care within that state's borders was unconstitutional because it was not based on any policy of preserving state-supported facilities for residents and there was no evidence that the medical facilities were utilized to capacity in caring for its residents. Accordingly, the ninety day residency requirement under 453-16(a)(3), Hawaii Revised Statutes, should be repealed to conform with federal law.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1242, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Whalen).

SCRep. 3074 Health on H.B. No. 2410

The purpose of this measure is to clarify that the exception from certain requirements of the Uniform Controlled Substances Act for any over-the-counter sale, transfer, furnishing, or receipt of a drug containing pseudoephedrine or norpseudoephedrine is subject to compliance with the additional restrictions on the sale of over-the-counter pseudoephedrine products imposed by Act 193, Session Laws of Hawaii 2005.

Your Committee received testimony in support of this measure with recommended amendments from the Department of Public Safety and the Department of the Prosecuting Attorney, City and County of Honolulu.

Your Committee finds that new federal regulations affecting Chapter 329, Hawaii Revised Statutes, were signed into law by President Bush and will take effect on September 30, 2006. The Department of Public Safety submitted testimony with recommended amendments that will bring Chapter 329, Hawaii Revised Statutes, into conformance with these new regulations.

Accordingly, your Committee has amended this measure by:

- (1) Reducing the amount of dispensable grams to 3.6 grams per day without regard to the number of transactions, or nine grams a month, except when dispensed pursuant to a prescription;
- (2) Requiring pseudoephedrine products to be moved behind the counter and that purchasers must provide identification to the retailer who must record identifying information of that purchaser; and
- (3) Requiring pseudoephedrine purchasers to sign a written log or receipt.

Your Committee further amended this measure by adding the drug Zopiclone, trade name Lunesta, to schedule IV of the controlled substances list.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2410, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2410, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Whalen).

SCRep. 3075 Health on H.B. No. 2109

The purpose of this measure is to coordinate and develop fetal alcohol spectrum disorder (FASD) information, education, policies, and support services statewide by establishing and appropriating funds for a permanent state FASD coordinator position within the Department of Health Family Services Division.

Your Committee received testimony in support of this measure from the Department of Health; the March of Dimes Hawaii Chapter; Healthy Mothers, Healthy Babies; and eight individuals.

Your Committee finds that children affected by fetal alcohol spectrum disorder have life-long learning, behavioral, and health problems. This disorder is fully preventable by eliminating alcohol consumption during pregnancy.

Your Committee further finds that creation of a FASD coordinator position was the primary recommendation from the FASD task force established by the House Concurrent Resolution No. 141 of the 2004 legislative session. If funding and a position count is secured, the Department of Health's Family Health Services Division agrees to direct efforts to ensure optimal intra- and inter-departmental coordination of FASD related services and planning.

Your Committee amended this measure by including an appropriation amount of \$100,000.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2109, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2109, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Whalen).

SCRep. 3076 (Majority) Health on H.B. No. 2589

The purpose of this measure is to authorize psychologists who have obtained the appropriate education, training, and experience, to prescribe a limited formulary of psychotropic medications for the treatment of mental illness while practicing in federally qualified health centers or licensed health clinics located in federally designated medically underserved areas or in mental health professional shortage areas.

Your Committee received testimony in support of this measure from the American Psychological Association, the Hawaii Psychological Association, Hawaii Primary Care, the Hawaii Medical Service Association, the Molokai Community Health Center, the Waimanalo Health Center, the Waianae Coast Comprehensive Health Center, the Waikiki Health Center, Na Pu'uwai, Ohana Clinical Care Inc., the Louisiana Academy of Medical Psychologists, the Health Psychology Associates, and twenty seven individuals.

Your Committee received testimony in opposition to the measure from the Department of Health, the Department of Public Safety, the Board of Psychology, the Board of Medical Examiners, Hawaii Psychiatric Medical Association, the Hawaii Medical Association, the American Association of Applied and Preventive Psychology, the University of Hawaii at Manoa Department of Psychology, NAMI Oahu, Ho'ola Lahui Hawaii, the Hawaii County Council, the Hawaii Association of Osteopathic Physicians and Surgeons, the Hawaii Physicians and Surgeons Association, Inc., and ninety-seven individuals.

Your Committee finds that a significant gap in mental health care services needs to be filled, particularly on the neighbor islands and rural areas of Hawaii.

Your Committee further finds that despite the overwhelming need for behavioral health services, the number of psychiatrists serving Hawaii community health centers has not increased for decades. Conversely, in just four years, the number of licensed psychologists serving the community health centers has doubled. Enabling licensed psychologists who serve in federally qualified health centers, licensed health clinics located in federally designated medically underserved areas, or in mental health professional shortage areas to have limited prescriptive authority will appropriately address the mental health care needs of patients on the neighbor islands and in rural areas of the State. The community health centers are at a distinct disadvantage in recruiting mental health professionals due to limited financial resources. Therefore, these community health centers need clinicians who can perform a broad range of services.

Additionally, the individuals residing in the underserved areas are often poor and have a co-morbidity with a behavioral health component. To address this growing problem, the Waianae Coast Comprehensive Health Center began integrating behavioral health into its primary care clinics. Through the utilization of medical psychologists, the number of mental health and substance abuse encounters increased from 2,133 in 2002 to 15,108 in 2005, with no quality of care issues or provider care incident reports.

Your Committee further finds that testimony in opposition to this measure expressed concerns relating to the lack of adequate didactic and clinical training of psychologists if they were to have prescriptive authority.

Accordingly, your Committee amended this measure to address those concerns by requiring the applicant to:

- (1) Hold a doctoral degree in Psychology;
- (2) Have provided health services for five consecutive years as a licensed psychologist;
- (3) Have successfully graduated with a post-doctoral master's degree in clinical psychopharmacology from a regionally accredited institution or equivalent approved by the board in which training includes a minimum of five hundred hours of didactic classroom instruction; and
- (4) Have completed a supervised practicum of at least two years involving five hundred hours treating a diverse population of no fewer than one hundred fifty patients with mental disorders.

Your Committee further amended this measure by:

- (1) Requiring that a psychologist who has been granted prescriptive authority shall prescribe only in consultation and collaboration with the patient's primary or attending physician, and with the concurrence of that physician, and requiring the psychologist to re-consult with the patient's physician prior to making any changes in the patient's medication regimen, including dosage adjustments, adding, or discontinuing medication;
- (2) Defining "medical psychologist";
- (3) Increasing the continuing education requirements;
- (4) Establishing a formulary advisory committee within the Department of Commerce and Consumer Affairs for administrative purposes; and

- (5) Extending the sunset date to 2015.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2589, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2589, H.D. 2, S.D. 1, and be referred to the Committee on Commerce, Consumer Protection, and Housing.

Signed by the Chair on behalf of the Committee.
Ayes, 2. Noes, 1 (Chun Oakland). Excused, 2 (Hanabusa, Whalen).

SCRep. 3077 Media, Arts, Science and Technology on H.B. No. 2857

The purpose of this measure is to facilitate the protection of historic properties, aviation artifacts, and burial sites by making it a civil and administrative violation to knowingly violate the conditions of an approved mitigation plan that includes monitoring and preservation plans.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, the Office of Hawaiian Affairs, and one individual.

Hawaii has a rich historical culture that needs to be preserved for future generations. Private landowners often agree to preserve significant cultural and historical sites as means of obtaining any required building permits from the applicable county by submitting to the Department of Land and Natural Resources a mitigation plan. Although the Department approves the mitigation plans submitted on behalf of these landowners, the Department is unable to enforce the conditions set forth in these plans.

The Department has been unable to seek administrative action and impose monetary fines against landowners who destroyed historic properties they originally agreed to preserve, and against archaeological consultants who failed to maintain the provisions set forth in archaeological monitoring plans. In one case, over eighty archaeological sites that a landowner agreed to preserve were destroyed without any recourse.

Your Committee finds that amending section 6E-11, Hawaii Revised Statutes, to make it a civil and administrative violation to knowingly violate the conditions of an approved mitigation plan will enable the Department of Land and Natural Resources to enforce the provisions of a mitigation plan. A civil recourse provision will allow the Department to further protect Hawaii's unique and significant cultural and historical resources.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2857, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Ige).

SCRep. 3078 Energy, Environment, and International Affairs on H.B. No. 3053

The purpose of this measure is to allow the public utilities commission to establish standards that prescribe what portion of the renewable energy standards are to be met by specific types of resources; provided that at least fifty percent of the renewable portfolio standards are met by electrical energy produced by wind, solar energy, hydropower, landfill gas, waste to energy, geothermal resources, ocean thermal conversion, wave energy, biomass, including municipal solid waste, biofuels, or fuels derived from renewable energy or fuel cells where the fuel is derived from renewable sources.

The Public Utilities Commission, the Office of Hawaiian Affairs, Hawaiian Electric Company Inc., Maui Electric Co., Hawaii Electric Light Co., the Hawaii Renewable Energy Alliance, the Hawaii Energy Policy Forum, the Sierra Club Hawaii Chapter, Life of the Land, and Rocky Mountain Institute submitted testimony in support of this measure. The Department of Business, Economic Development, and Tourism, and the Department of Commerce and Consumer Affairs submitted comments. Honolulu Seawater Air Conditioning LLC submitted testimony in opposition.

Your Committee finds that the State needs to reduce its dependence on oil. The energy cost adjustment clause contributes to the continued use of oil by allowing the energy utilities to avoid all financial risks associated with the costs of fuel and fuel price volatility by passing these costs through to their customers.

Upon further consideration, your Committee amended this measure by:

- (1) Deleting all of the original provisions;
- (2) Adding the definitions of "fuel adjustment clause" and "fuel oil" to section 269-1, Hawaii Revised Statutes (HRS);
- (3) Amending section 269-16, HRS, to require the Public Utilities Commission, by December 31, 2007, to determine whether to:
 - (A) Eliminate the fuel adjustment clause; or

(B) Establish ratemaking provisions that amend the fuel adjustment clause to share fuel oil cost increases and decreases between utility shareholders and utility customers; and

(4) Making the measure effective upon approval.

The amended measure should motivate electricity suppliers to pursue renewable energy.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3053, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3053, H.D. 1, S.D. 1, and be referred to the Committee on Commerce, Consumer Protection, and Housing.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Kokubun, Hanabusa).

SCRep. 3079 (Joint) Transportation and Government Operations and Intergovernmental Affairs on H.B. No. 2509

The purpose of this measure is to clarify that the requirement of proof of financial responsibility for a traffic violation conviction does not apply to conviction or a license suspension or revocation of a provisional license.

Your Committees received testimony in support of this measure from the Honolulu Department of Customer Services, Mothers Against Drunk Driving, and the Public Defender.

The requirement for proof of financial responsibility is intended for conviction of very serious traffic offenses, such as reckless or inattentive driving, or driving under the influence of intoxicating liquor or drugs. Your Committees find that a violation of the provisional license law does not constitute an offense that rises to the level of seriousness as contemplated by the proof of financial responsibility law.

Your Committees have made a conforming statutory amendment.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2509, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2509, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Vice Chair and Chair on behalf of the Committees.

Ayes, 8. Noes, none. Excused, 4 (Hee, Inouye, Kanno, Nishihara).

SCRep. 3080 (Joint) Transportation and Government Operations and Intergovernmental Affairs on H.B. No. 2655

The purpose of this measure is to require the police department of any county with a population in excess of five hundred thousand to establish a multidisciplinary accident investigation team.

Your Committees received testimony in support of this measure from the Department of Transportation; Nightingale Case Management, Inc.; one Hawaii House of Representatives Member, and three individuals. Testimony in opposition was received from the Honolulu Police Department.

Your Committees find that traffic accident investigation is of the utmost urgency, especially when a fatality occurs. Although the evidence collected at traffic accident scenes may be crucial to determining their cause, these accident investigations proceed at a slower rate in Hawaii than in comparable metropolitan areas in the United States. It has been estimated that the average length of time for lane closures in Hawaii ranges from two to four hours for major traffic accidents and to upward of eight hours when a fatality occurs. In contrast, the California highway patrol average for lane closures ranges from thirty minutes for major collisions to sixty minutes for fatal accidents.

The Honolulu Police Department currently conducts on-site measurements of accidents using surveying equipment to collect data, which is then used to complete accident investigations. In contrast, the California highway patrol, the Oregon state police, the Washington state patrol, the Utah highway patrol, and the Arizona department of public safety use what is known as a multidisciplinary accident investigation team system that employs digital photography and other equipment that has reduced the duration of lane and road closures.

Multidisciplinary accident investigation teams use total station survey systems that employ laser technology to record specific reference points that are recorded in an on-board data collector. Total station survey systems significantly accelerate data collection, thereby minimizing the time the roadway is closed and reducing the exposure of officers and civilian personnel to the inherent hazards of traffic congestion caused by roadway closures. The data can then be downloaded into a computer-aided drawing program and printed in a large format.

The use of total station survey systems have proven to be more efficient than other generally accepted methods, but requires the use of two team members to operate the equipment and document measurements. Data collection can be accelerated even further by use of a robotic total station survey system that can be managed effectively with one member.

Your Committees note the testimony of the Honolulu Police Department that it is presently doing very similar procedures, and that it checked with mainland jurisdictions and learned that they actually have similar traffic investigation times to Honolulu for traffic fatalities. However, mainland cities and counties generally have alternative roads and streets when traffic is tied up so the wait in traffic is largely alleviated. The department also stated that the reported statistics appear to involve investigations of a preliminary nature when compared to traffic fatality investigation in Honolulu. Your Committees are also concerned about the costs of mandating the counties to establish this program.

Your Committees have amended this measure by changing the effective date to July 1, 3006 for the purposes of further discussion.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2655, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2655, H.D. 1, S.D. 1, and be referred to the Committees on Judiciary and Hawaiian Affairs and Ways and Means.

Signed by the Vice Chair and Chair on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 4 (Hee, Inouye, Kanno, Nishihara).

SCRep. 3081 (Joint) Transportation and Government Operations and Intergovernmental Affairs on H.B. No. 2747

The purpose of this measure is to allow the examiner of drivers to issue an instruction permit to an applicant with a disability who completed a medical review with this State, and as a condition to licensure, must pass a road test, but has failed on the applicant's first attempt.

Your Committees received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, and Disability and Communication Access Board.

Your Committees find that an applicant for an instruction permit, who has failed the first road test, should not be denied a permit if the person has completed and passed a medical review to certify the applicant as qualified for an instruction permit.

Your Committees have amended this measure by making technical, nonsubstantive amendments and changing the effective date to upon approval.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2747, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2747, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Vice Chair and Chair on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 4 (Hee, Inouye, Kanno, Nishihara).

SCRep. 3082 Health on H.B. No. 2192

The purpose of this measure is to ensure that the definitions in chapter 329, Hawaii Revised Statutes, are consistent with federal law, to establish central fill pharmacies, to clarify the requirements of a controlled substance prescription, and to allow the sharing of controlled substance prescription information with other state monitoring systems.

Your Committee received testimony in support of this measure from the Department of Public Safety, Kaiser Permanente, the Hawaii Pharmacists Association, and Longs Drugs.

Your Committee finds that the Uniform Controlled Substances Act needs to be up-to-date and to conform with current federal law. Your Committee further finds that the central fill prescription system will allow for centralization of pharmacy operations, use the latest information technology, make the processing of legal controlled substances more efficient, and continue to protect medical information from being illegally disseminated.

Your Committee has adopted the suggestions of the Department of Public Safety and Longs Drugs and has amended this measure by:

- (1) Deleting the separate definitions of "long-term" and "short-term" and including them under one definition of types of detoxification treatment;
- (2) Deleting "drug" from the definition of "prescribe";
- (3) Replacing the defective effective date to become "effective upon its approval"; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2192, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2192, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Whalen).

SCRep. 3083 Health on H.B. No. 2884

The purpose of this measure is to improve emergency health care for residents and visitors of the Haiku region of Maui by providing twenty-four hour advanced life support ambulance service in that region.

Your Committee received testimony in support of this measure from the Mayor of Maui County, the Haiku Community Association, and three individuals. Your Committee received testimony in opposition to the measure from the Department of Health and one individual.

Your Committee finds that the Haiku region of Maui is in dire need of advanced life support ambulance service. The closest ambulance service is ninety miles away. This unnecessarily long wait endangers the health of the residents and visitors of Haiku.

Your Committee further finds that a twelve-hour advanced life support ambulance service would support the Haiku region by offsetting the overburdened ambulance services in nearby regions.

Accordingly, you Committee amended this measure by including a blank appropriation amount for a twelve-hour advanced life support ambulance service.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2884, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2884, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3084 (Joint) Transportation and Government Operations and Intergovernmental Affairs on H.B. No. 1833

The purpose of this measure is to authorize the counties to issue fireworks permits through authorized designees.

Your Committees received testimony in support of this measure from the Department of Labor and Industrial Relations; Honolulu Police Department; Honolulu Fire Department; the State Fire Council; Hawaii County Fire Department; T Kaneshiro Store; Legislative Information Services of Hawaii; T.H.Y. & Associates, Inc., PINKY'S; and J. Hara Store.

Your Committees find that this measure is intended to facilitate the purchase of fireworks by making it more convenient to obtain a permit and purchase fireworks at the same store. This relieves the administrative burden on the counties and facilitates the fire departments in accounting for retailer fireworks inventories and sales.

Your Committees remain concerned about the potential for abuse in issuing fireworks permits if a store would both issue permits and sell fireworks authorized on those same permits. Your Committees note that there is a provision in the measure that would prohibit the same authorized designee to issue permits and sell fireworks based on those same permits. However, testimony indicated that the County of Hawaii is presently administering such a program and there has been only a modest rise in fireworks permits. The demographics and geography of the Big Island make a trip to the fire station or city building inconvenient for most residents.

Your Committees have amended this measure by:

- (1) Allowing counties with a population of less than 500,000 to authorize a designee to issue a fireworks permit and sell fireworks based on the same permit; and
- (2) Changing the effective date to upon approval.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1833, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1833, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Vice Chair and Chair on behalf of the Committees.

Ayes, 8. Noes, none. Excused, 4 (Hee, Inouye, Kanno, Nishihara).

SCRep. 3085 (Joint) Transportation and Government Operations and Intergovernmental Affairs on H.B. No. 3257

The purpose of this measure is to require the police to inform a person arrested for driving under the influence of intoxicants of the sanctions for refusal to submit to breath, blood, or urine test only if person withdraws consent to testing implied by operation of a vehicle on public highway or waters of the State.

Your Committees received testimony in support of this measure from the Department of Transportation; Honolulu Prosecuting Attorney; Honolulu Police Department; and Mothers Against Drunk Driving Hawaii.

Your Committees find that this measure would considerably reduce the amount of time spent by the police in processing persons arrested for operating vehicles while under the influence of an intoxicant. Testimony indicated that police have been hampered for a

long time by the amount of paperwork involved in the processing of these persons. Currently, police have to read from three to ten pages of information to an arrested person to inform the person of the person's rights, as, over the years, court decisions have been incorporated into the form which is read to the person in order to satisfy the court holding. The result has been that police spend more time processing a person than being on the street to apprehend drunk drivers.

Your Committees have amended this measure by:

- (1) Making clarifying amendments on the recommendation of the Honolulu Prosecuting Attorney;
- (2) Changing the effective date to upon approval; and
- (3) Correcting a Ramseyer error.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3257, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 3257, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Vice Chair and Chair on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 4 (Hee, Inouye, Kanno, Nishihara).

SCRep. 3086 Tourism on H.B. No. 1026

The purpose of this measure is to amend the definition of "fair market value" under the transient accommodations tax by replacing the one-half percent reference with an unspecified percent of gross maintenance fees.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association and ILWU Local 142. Testimony in opposition was received from the Department of Taxation; Hilton Grand Vacations Club; Hawai'i Hotel & Lodging Association; Starwood Vacation Ownership; Maui Sunset Timeshare Association; Kona Coast Resort; Cendant Corporation; Fairfield Resorts; RCI; ARDA-Hawaii; Marriott International, Inc.; and over 1,400 individuals. Comments were received from the Tax Foundation of Hawaii.

Your Committee finds that time share owners are essentially fractional owners of fee simple property. Your Committee believes that time share owners are treated unfairly in the tax laws. Time share owners are subject to triple taxes via the general excise tax, the real property tax, and the transient accommodations tax, whereas condominium owners are not subject to the general excise tax or the transient accommodations tax.

In some cases, owners of time shares pay both the transient accommodations tax on a percentage of the maintenance fee and on the rental proceeds of the unit. This amounts to double taxation on essentially the same subject.

Your Committee understands that some time share units are also used as rental vacation units. These time share units should be subject to the transient accommodations tax on the rental proceeds.

Your Committee has amended this measure by deleting its contents and inserting provisions to:

- (1) Repeal the transient accommodations tax on resort time share vacation interests;
- (2) Imposing the transient accommodations tax on the rental proceeds derived from time share units when used as transient accommodations; and
- (3) Changing the effective date to July 1, 2006.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1026, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1026, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes 4. Noes, none. Excused, 2 (Hee, Tsutsui).

SCRep. 3087 Tourism on H.B. No. 1922

The purpose of this measure is to exempt the operator of the Hawaii Convention Center from the general excise tax for amounts received for reimbursement of costs or advances made under contract with the Hawaii Tourism Authority.

Your Committee received testimony in support of this measure from the Department of Taxation (DOTAX) and the Hawaii Tourism Authority (HTA). Comments were received from the Tax Foundation of Hawaii.

According to testimony of DOTAX, the general excise tax reimbursement exemption under current law cannot be interpreted to apply to third party management companies such as the operator of the Hawaii Convention Center. The HTA reimburses the operator for expenses and pays a management fee. This measure would exempt from the general excise tax the amounts received by the operator as the reimbursements.

According to an Attorney General opinion, dated February 8, 2006, addressed to your Committee pursuant to a verbal request at a hearing on February 7, 2006 on the Senate companion measure, DOTAX was correct in its interpretation and application of the general excise tax in regard to the operator of the Hawaii Convention Center.

Your Committee finds that the operator of the Hawaii Convention Center should be liable only for the general excise tax on the fee it collects from the HTA. Inasmuch as the center is a state facility, operational expenses should not be subject to the general excise tax.

Your Committee has amended this measure by deleting its contents and inserting provisions of S.B. No. 2975, SD1, a companion measure, and changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1922, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1922, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hee, Tsutsui).

SCRep. 3088 (Majority) Tourism on H.B. No. 1923

The purpose of this measure is to repeal the sunset of some provisions of part I of Act 58, Session Laws of Hawaii 2004, allowing the Hawaii Tourism Authority to supervise its own accounts, appoint a sports coordinator, and expend five percent of special fund moneys for administration.

This measure also extends the sunset date from June 30, 2007 to June 30, 2010 of provisions in Act 58 relating to the ability of the Hawaii Tourism Authority to hire private attorneys.

Your Committee received testimony in support of this measure from the Hawaii Tourism Authority and Hawaii Lodging & Hotel Association. Testimony in partial opposition was received from the State Attorney General.

The provisions of Act 58 which are the subject of this measure were intended to allow the Hawaii Tourism Authority to execute its financial transactions more effectively, perform its contracts on a timely basis, improve its overall efficiencies, and be more responsive to stakeholders. According to testimony of the Hawaii Tourism Authority on a companion Senate measure, the intent of these provisions have been met and exceeded. Therefore, the sunset of these provisions in Act 58 should be removed and the provisions made permanent.

Your Committee has amended this measure by deleting its contents and inserting provisions of S.B. No. 2974 to make permanent the enactments of part I of Act 58, Session Laws of Hawaii 2004, upon approval.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1923, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1923, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, 1 (Slom). Excused, 2 (Hee, Tsutsui).

SCRep. 3089 Tourism on H.B. No. 2669

The purpose of this measure is to repeal the cap of \$31,000,000 of transient accommodations tax revenues to be deposited into the convention center enterprise special fund.

Your Committee received testimony in support of this measure from Hawaii Tourism Authority; Department of Business, Economic Development, and Tourism; Hawai'i Hotel & Lodging Association; and Outrigger Hotels. Testimony in opposition was received from the Hawaii Government Employees Association. Comments were received from the Department of Taxation and the Tax Foundation of Hawaii.

Your Committee finds that the cap of \$31,000,000 on deposits from the transient accommodations tax into the convention center enterprise special fund serves the purpose of ensuring that the convention center remains fiscally responsible. Further, without a cap, the convention center could receive the full 17.3 percent of transient accommodations tax revenues without any deposits of the excess into the general fund of the excess over \$31,000,000.

Based upon testimony that raising the cap to \$36,000,000 would satisfy all parties, your Committee has amended this measure by changing the cap accordingly, effective July 1, 2006.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2669, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2669, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hee, Tsutsui).

SCRep. 3090 Health on H.B. No. 2153

The purpose of this measure is to appropriate funds to the Department of Health to provide outpatient, urgent, and extended medical care services after normal physician hours in West Maui.

The Department of Health, West Maui Health Alliance, The Friends of Maui County Health, Maui Land & Pineapple Company Inc., and two individuals submitted testimony in support of this measure.

Your Committee finds that outpatient, urgent, and extended medical care services are needed in West Maui. An appropriation of \$1,000,000 was previously made to Hawaii Health Systems Corporation for Maui Memorial Medical Center to develop a plan to provide urgent and extended care services in West Maui. Those funds were released and planning has commenced. All efforts related to the provision of urgent and extended care services in West Maui must be coordinated. This measure will provide funds to complement the existing effort and to initiate the implementation of the plan for after hours urgent and extended care services in West Maui.

Your Committee has amended this measure by:

- (1) Adding clarifying language to the legislative findings section;
- (2) Designating that the funds are for Hawaii Health Systems Corporation to contract with a private health care provider or a non-profit health care provider pursuant to chapter 103F, Hawaii Revised Statutes, to:
 - (A) Provide outpatient, urgent, and extended medical care services after 8:00 p.m., in West Maui. Proposals shall demonstrate long-term sustainability or a means to reduce non-emergency emergency dispatch calls to Maui memorial medical center and a commitment to accept all patients; and
 - (B) Fund expenses related to the delivery of direct services, including staff salaries for medical and administrative personnel, and operating expenses; provided that funds shall not be used for equipment; and
- (3) By making technical, non-substantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2153, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2153, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3091 Health on H.B. No. 1975

The purpose of this measure is to provide critical medical care services for residents and visitors on the island of Hawaii by appropriating funds for two emergency mobile urgent care units.

Your Committee received testimony in support of this measure from the County of Hawaii Fire Department, the Hawaii Government Employees Association, Hawaii Medical Service Association, and one individual. Your Committee received comments from the Department of Health.

Your Committee finds that the rural communities of the island of Hawaii need enhanced access to health care services. The Department of Health expressed concerns as to the effectiveness of two mobile units being stationed at fire departments, staffing, and how this new proposal differs from existing resources.

Accordingly, your Committee has amended this measure by establishing a pilot program through the Department of Health to plan and evaluate urgent care services including the efficacy of mobile units and other service delivery options in the Ocean View and Volcano communities on the island of Hawaii.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1975, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1975, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3092 (Joint) Education and Military Affairs and Water, Land, and Agriculture on H.B. No. 2610

The purpose of this measure is to support charter schools.

Specifically, this measure establishes:

- (1) A charter schools facilities fund partnership;
- (2) A tax credit for landlords who rent or lease property to charter schools; and

- (3) Reimbursement to new century charter schools for rental or mortgage payments made for charter school facilities.

Your Committees received testimony in support of this measure from the Board of Education and the Department of Education. Testimony in support of the intent of this measure was submitted by the Charter School Administrative Office. Comments to this measure were received from the Department of Taxation, the Hawaii Government Employees Association, and the Tax Foundation of Hawaii.

Your Committees find that certain of this measure's provisions remain underdeveloped, and with the exception of the provision encouraging the State to enter into leases with new century charter schools, will omit most of them in the final version.

Your Committees have amended this measure by:

- (1) Omitting the provisions relating to the establishment of the charter schools facilities fund partnership; the tax credit to landlords renting to a new century charter school; and new century charter school reimbursement for rent, lease, or mortgage payments;
- (2) Inserting a provision from Senate Bill 2707, S.D. 2, relating to facilities funding for new century charter schools; and
- (3) Making technical, nonsubstantive amendments.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Water, Land, and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2610, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2610, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 3 (English, Tsutsui, Hemmings).

SCRep. 3093 Education and Military Affairs on H.B. No. 2743

The purpose of this measure is to establish a facilities alignment commission that shall revitalize school facilities by identifying underutilized schools to consolidate for resource maximization.

Your Committee received testimony in support of this measure from the Office of the Governor, the Department of Budget and Finance, the Chamber of Commerce of Hawaii, and the Land Use Research Foundation of Hawaii. Testimony in support of the intent of this measure was submitted by the Hawaii Government Employees Association and the Office of Hawaiian Affairs. Comments in opposition to this measure were received from the Board of Education, the Hawaii State Teachers Association, and one individual.

Your Committee finds that Chapter 38 of the Hawaii Administrative Rules currently sets forth procedures and guidelines regarding the consolidation of public schools. Your Committee called on the Department of Education to submit to the Legislature a report describing how these rules have been used in the recent past and how effective any such closures or consolidation of resources has proved for the communities involved.

Your Committee has amended this measure by:

- (1) Requiring that a majority of the commission be comprised of persons with professional experience in education;
- (2) Requiring at least one member of the commission to be a representative from the Department of Education;
- (3) Making an exception to the provision that members of the commission not be employees of the State for any members appointed who are current or former department of education teachers or administrators;
- (4) Mandating that a school's academic and extracurricular successes as well as the reasons therefor, and the best interests of students, be a significant part of the school alignment selection criteria;
- (5) Making the effective date defective to facilitate further discussion of this measure; and
- (6) Making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2743, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2743, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3094 Education and Military Affairs on H.B. No. 2962

The purpose of this measure is to improve the Hawaii charter school system.

Specifically, this measure:

- (1) Re-codifies and reorganizes statutes relating to charter schools into one cohesive chapter;
- (2) Renames new century charter schools and new century conversion charter schools, “charter schools,” and “conversion charter schools,” respectively;
- (3) Carves out a specific statutory section relating solely to conversion charter schools;
- (4) Renames the charter school review panel as the “charter school authorization panel”;
- (5) Sets minimum and maximum limits on the annual contributions a nonprofit organization may make toward the operation of a conversion charter school;
- (6) Clarifies and enhances the powers of the charter school administrative office and its executive director;
- (7) Empowers local school boards to negotiate memorandums of agreement of supplemental collective bargaining agreements;
- (8) Allows charter school civil services employees to retain their civil service status within the Department of Education human resources civil service system; and
- (9) Amends other Hawaii Revised Statutes provisions to maintain consistency with the new chapter relating to charter schools.

Your Committee received testimony in general support of this measure from the Department of Human Resources Development, Waimea Middle School, and the Hawaii State Teachers Association. Testimony in support of the intent of this measure was received from the Board of Education, Ho’okāko’o Corporation, and the Ho’olako Like Community Building Division of Kamehameha Schools. Comments in support of “most of” the intent, or portions of this measure, were received from the Charter School Administrative Office and the Hawaii Government Employees Association. Comments in opposition to a portion of this measure were received from the Office of the Auditor. Comments on this measure were received from the Office of the Governor, the Department of Education, and Volcano School of Arts and Sciences. The Department of Education also supported the recommendations to this measure made by the Board of Education.

Your Committee finds that significant portions of this measure remain in development, and that the effective date of this measure shall be left defective to further the discussion and fine-tuning of certain provisions.

Your Committee has amended this measure by:

- (1) Renaming “new century charter schools,” “start-up charter schools”;
- (2) Renaming the “charter school review panel,” the “charter school oversight panel”;
- (3) Setting forth a chart of minimum and maximum limits on the annual contributions a nonprofit organization may make toward the operations of a conversion charter school which increase incrementally over time;
- (4) Adding definitions for “board of education,” “charter school oversight panel,” and “start-up charter school”;
- (5) Omitting the definition of “panel”;
- (6) Eliminating the modifier “second-tier” where it appears with the phrase “collective bargaining agreement”;
- (7) Modifying the definition of “nonprofit organization”;
- (8) Specifying that a charter school must cooperate with the Board of Education, the Charter School Oversight Panel, and the Charter School Administrative Office;
- (9) Clarifying the procedures for nominating members of the panel;
- (10) Modifying the duties of the panel;
- (11) Modifying the section relating to the limits on charter schools;
- (12) Modifying the application procedures for a new start-up and conversion charter;
- (13) Adding a section that allows the panel to adopt administrative rules to further implement the charter review process for both start-up and conversion charter schools, to adjust charter school allocations based on issues of noncompliance, to place a charter school on probation, and to revoke a charter;
- (14) Eliminating the provision granting the State first right to all assets and facilities of a conversion charter school upon its dissolution or charter revocation;

- (15) Adding provisions exempting local school boards from chapter 103D and chapter 92 of the Hawaii Revised States relating to procurement and public meetings;
- (16) Modifying the powers and duties of the Executive Director of the Charter School Administrative Office;
- (17) Modifying the sections relating to charter school employee collective bargaining;
- (18) Specifying that the Charter School Administrative Office may not bring suit against any entity of the State;
- (19) Modifying portions of the section on charter school funding and finance;
- (20) Modifying the duties of charter schools;
- (21) Modifying the procedures in the event there is an immediate concern for student or employee health or safety at a charter school;
- (22) Making an appropriation to the Board of Education to carry out the purposes of the measure, including the creation of up to two full-time positions; and
- (23) Making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2962, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2962, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Chun Oakland, Nishihara).

SCRep. 3095 (Majority) Human Services on H.B. No. 1787

The purpose of this measure is to establish the offense of leaving a child unsupervised in a motor vehicle.

Your Committee received testimony in support of the measure from the Prosecuting Attorney, City and County of Honolulu; the Hawaii Family Forum; the Hawaii Catholic Conference; and the Healthy Mothers, Healthy Babies Coalition of Hawaii. One individual submitted testimony in opposition to this measure.

Your Committee finds that this measure will protect children whose physical safety or health is endangered by being left unattended, or inadequately supervised, in a motor vehicle. Your Committee further finds that this measure is intended to clarify that law enforcement officers, firefighters, or rescue team personnel have discretion to determine what means are reasonably necessary to protect a child and others from physical danger, up to and including removing the child from the vehicle and delivering the child to the custody of the Child Protective Services division of the Department of Human Services.

Your Committee has amended this measure by replacing its contents with the provisions of Senate Bill No. 2079 S.D. 1., which also establishes the offense and requires all driver's license applicants to be tested on their knowledge of the provision.

Your Committee heard testimony explaining that the police frequently receive calls regarding children left unattended in parking lots. In addition to the well-publicized incidents of vehicles being stolen with an unattended child inside, children left unsupervised are at risk for injury or death due to extreme heat exposure, among other dangers.

Your Committee notes the difference of opinion expressed during its discussion of the provisions of Senate Bill No. 2079 S.D. 1 with respect to the ages of children included in the measure's definition of "unsupervised". Your Committee urges the Committee on Judiciary and Hawaiian Affairs to consider which ages of children should be governed by this measure.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1787, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1787, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, 1 (Trimble). Excused, 2 (Fukunaga, Kokubun).

SCRep. 3096 Human Services on H.B. No. 2043

The purpose of this measure is to require the Department of Human Services to set the medically needy income standard at the maximum allowed under federal Medicaid requirements.

Your Committee finds that this measure will expand eligibility for medical assistance programs for medically needy residents who do not meet current income limitations.

The Department of Human Services, the Legal Aid Society of Hawaii, AARP Hawaii, and the Healthcare Association of Hawaii submitted testimony in support of this measure.

The Legal Aid Society of Hawaii described changes to the federal regulations governing eligibility determination for medical assistance programs, which authorize states to use less restrictive income and resource methodologies under section 1902(r)(2) of the Social Security Act. This means that states can elect to disregard different kinds or greater amounts of income and resources to determine eligibility.

Accordingly, your Committee has amended this measure by replacing the proposed new section to chapter 346, Hawaii Revised Statutes, with language amending section 346-14(16). Specifically, your Committee added a provision directing the Department of Human Services to disregard an amount of an applicant's income equal to the difference between one hundred thirty-three percent of the assistance allowance and one hundred percent of the federal poverty level, as adjusted annually by the federal government, for medically needy assistance programs. Your Committee notes that this directive remains subject to existing provisions regarding the appropriation of state funds and the availability of federal matching assistance.

Your Committee also has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2043, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2043, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 3097 (Majority) Human Services on H.B. No. 2258

The purpose of this measure is to promote accountability and openness in government with respect to the expenditure of Temporary Assistance for Needy Families program funds, by requiring these funds to be expended by legislative appropriation.

Your Committee finds that this measure will ensure that the Legislature is informed of how TANF funds are expended and what the intended objectives of the expenditures are, and updated regarding the effectiveness and level of success in achieving the desired outcomes.

Your Committee received testimony in support of the measure from the Department of Human Services, Blueprint for Change, the National Association of Social Workers, the Welfare and Employment Rights Coalition, and one individual. The Department of Budget and Finance submitted testimony in opposition to this measure.

Your Committee also heard testimony explaining that the measure's legislative appropriation requirement could have the unintended consequence of limiting the State's ability to receive federal funds in addition to the annual TANF Block Grant funds if they become available when the Legislature is not in session.

Your Committee is aware that the Department of Human Services has implemented a statewide TANF strategic planning process to consider the ramifications of the changes in the federal TANF Reauthorization that was enacted in February 2006.

Accordingly, your Committee has amended this measure by:

- (1) Adding a provision requiring the Department of Human Services, with the assistance of the financial assistance advisory council, to involve the community in the strategic planning process to plan for future use of TANF funds and to set annual goals and outcomes for existing and new programs receiving TANF funds;
- (2) Requiring the Department to submit an annual report to the legislature no later than twenty days prior to the beginning of each regular legislative session;
- (3) Revising the legislative appropriation requirement so that it applies only to annual TANF Block Grant funds;
- (4) Adding a collaborative planning element to the requirement that the Department of Human Services submit a plan detailing how TANF funds should be used and the desired outcomes from the expenditures of the funds; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2258, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2258, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, 1 (Trimble). Excused, 2 (Hooser, Kokubun).

SCRep. 3098 Health on H.B. No. 2126

The purpose of this measure is to appropriate funds for a advanced life support emergency medical services ambulance unit that would provide sixteen-hours-a-day, seven-days-a-week emergency response services to the areas Lower Mililani, Waipio Gentry, Waikele, Crestview, East Waipahu, Waiawa, and the Pearl City industrial area on Oahu.

Your Committee received testimony in support of this measure from the Honolulu Emergency Services Department and the Mililani Town Anti-Drug Committee. Your Committee received testimony expressing concerns with the measure from the Department of Health.

Your Committee finds that providing for an emergency medical services ambulance, as opposed to a rapid response vehicle, would be more beneficial to the residents of this part of Oahu because it would be able to provide a broader range of emergency services. Additionally, the Honolulu Emergency Services Department recommended that the ambulance be stationed out of Waipio Gentry instead of Mililani because there is safer, faster access onto and off of the freeway and major thoroughfares.

Accordingly, your Committee has amended this measure by authorizing a sixteen-hour emergency medical services ambulance to be stationed out of the Waipio Gentry area. Your Committee further amended this measure by inserting a blank appropriation amount.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2126, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2126, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3099 Media, Arts, Science and Technology on H.B. No. 2421

The purpose of this measure is to provide an alternative mechanism for funding performing arts qualified high technology businesses that qualify for an investment tax credit under section 235-110.9, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Taxation and the Department of Business, Economic Development, and Tourism. Goodsill Anderson Quinn & Stifel, LLP, and the Tax Foundation of Hawaii submitted comments.

The film and television industry in Hawaii is at a critical stage and holds much promise for the economic future of the State. Hawaii is in competition with other states and foreign countries that provide better subsidies and tax incentives to the industry to lure production to their state or country. Under section 235-110.9, for a business to obtain funding for its operations, a business must attract investors who have Hawaii tax liability and can therefore use this type of tax credit. The search for investors can be time-consuming, expensive, high-risk, and speculative, and the business structure necessary to allocate these credits to the investors can be expensive and cumbersome. Therefore, some performing arts qualified high technology businesses, particularly the large movie and television studios, prefer the option of receiving less money in exchange for not having to search for investors.

Your Committee finds that allowing performing arts qualified high technology businesses to sell their investment tax credits back to the Department of Taxation will enable the State to gain a competitive edge in luring film and television productions to Hawaii. Businesses that choose to exercise this option will receive in cash from the State twenty percent of the face value of the tax credit to be paid out over five years. In addition, the business must either waive or transfer to the State all motion picture and film production credits and capital goods excise tax credits under sections 235-17 and 235-110.7, Hawaii Revised Statutes, respectively. Furthermore, the business would also have to contribute 0.5 percent of its aggregate qualified investments to the Hawaii Television and Film Development Special Fund and report certain information to the Department of Business, Economic Development, and Tourism.

Your Committee has amended this measure by:

- (1) Requiring the performing arts qualified high technology businesses to provide their qualified research costs and local hire numbers to the Department of Taxation, instead of the Department of Business, Economic Development, and Tourism;
- (2) Deleting the provision that requires the performing arts qualified high technology businesses to contribute 0.5 percent of their aggregate qualified investments to the Hawaii Television and Film Development Special Fund, and adding a provision that requires the Legislature to annually appropriate an unspecified percentage of the total amount of the revenue generated as a result of the credits transferred for the previous tax year to the Hawaii Television and Film Development Special Fund;
- (3) Adding a provision that requires the Department of Taxation to submit a report to the Legislature on all of the performing arts qualified high technology business tax credits that were transferred to the Department and the total dollar amount of the revenue generated as a result of the buy-back for the previous taxable year;
- (4) Changing the effective date of this measure from July 1, 2020 to July 1, 2006; and
- (5) Making technical, nonsubstantive amendments for style and consistency.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2421, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2421, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Ige).

SCRep. 3100 Water, Land, and Agriculture on H.B. No. 2587

The purpose of this measure is to address the declining fish population in Hawaii.

Testimony in support of this measure was submitted by the Office of Hawaiian Affairs; the Association of Hawaiian Civic Clubs; Erskine Architects, Inc.; the Hawaii Boaters Political Action Association; MLC International LLC; the Ocean Law & Policy Institute of the Pacific Forum CSIS; the Pacific Islands Resource Management Institute; Snorkel Bob's Hawaii; and fifteen individuals. Testimony in opposition to this measure was submitted by one individual. Comments were also submitted by the Department of Land and Natural Resources, the Hawaii Nearshore Fishermen, the Nature Conservancy, and sixteen individuals.

Your Committee finds that state marine resources are declining, and the replenishment and preservation of these resources are vital to the economic, cultural, environmental, health, and social well being of the State. This measure addresses the declining marine resources by:

- (1) Requiring the Department of Land and Natural Resources to assess the effectiveness of the existing no-take marine-managed areas and de facto no-take areas;
- (2) Requiring the Department of Land and Natural Resources to assess, prioritize, and implement effective measures and programs to increase Hawaii's fish population;
- (3) Requiring the Department of Land and Natural Resources to submit an interim report to the Legislature prior to the Regular Session of 2007, and a final report prior to the Regular Session of 2008; and
- (4) Appropriating money to the Department of Land and Natural Resources to conduct the assessments and to add an unspecified number of additional positions to assist in the enforcement of fishing laws.

Your Committee has amended this measure by:

- (1) Adopting the amendment proposed by the Nature Conservancy, which clarifies the intent of this measure; and
- (2) Adopting the amendments suggested by the Association of Hawaiian Civic Clubs to:
 - (a) Specify that ahupua`a management practices should be included as a marine management tool;
 - (b) Stress the importance of federal and state restoration efforts through seasonal closures based on spawning cycles;
 - (c) Clarify that the Department of Land and Natural Resources should establish a standard process to access, prioritize, and implement effective measures to sustain and conserve Hawaii's marine resources; and
 - (d) Provide that the Department of Land and Natural resources will evaluate available scientific information and stakeholder knowledge, including Native Hawaiian cultural beliefs and practices resulting from a long history of use and observation of marine resources and the environment, when developing effective measures and programs.

Your Committee questioned the Association of Hawaiian Civic Clubs regarding defining the term "ahupua`a management practices." The association referred your Committee to a couple of reference materials, including *Native Use of Fish in Hawaii* by Margaret Titcomb; however, your Committee finds that further research is necessary to comprehensively define and properly implement this term in the future.

Your Committee also notes that there are several communities in this State that are currently working on using ahupua`a resource management practices. These communities include Mo`omomi on the island of Molokai, Miloli`i on the island of Hawaii, and Ha`ena on the island of Kauai. Thus, your Committee finds that these communities' suggestions and observations should also be referenced and incorporated when defining the term "ahupua`a management practices."

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2587, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2587, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

SCRep. 3101 (Joint) Water, Land, and Agriculture and Intergovernmental Affairs on H.B. No. 3056

The purpose of this measure is to transfer jurisdiction of Kawai Nui Marsh from the City and County of Honolulu to the State.

Testimony in support of this measure was submitted by the Office of Hawaiian Affairs, the Hawaii Audubon Society, and Ho`olaulima la Kawai Nui. Testimony in opposition to this measure was submitted by the Windward Ahupua`a Alliance. Comments were also submitted by the `Ahahui Mālama I Ka Lōkahi and the Kawai Nui Heritage Foundation.

Both the Department of Land and Natural Resources and the City and County of Honolulu's Department of Design and Construction submitted testimony that suggested amendments to this measure. Specifically, your Committees noted that the Department of Land and Natural Resources testified that its expertise and experience lies in wildlife habitat and restoration and management of the natural and cultural resources in the marsh. Thus, the Department of Land and Natural Resources believes that the responsibility to maintain and operate the Kawai Nui Marsh flood control project, which includes the levee and the Oneawa Canal, should remain with the City and County of Honolulu.

However, the City and County of Honolulu in its testimony represents that the legislation enacted sixteen years ago envisioned the entire marsh, including the flood control improvements, would be managed and preserved by the State. The City and County believes that it has made the necessary improvements to the flood control measures in the marsh, and the federal government, including both the U.S. Fish and Wildlife Service and the U.S. Army Corp. of Engineers, is prepared to work with the State. Thus, the City and County believes that further maintenance and operation of flood control measures is not the City and County's long-term responsibility; however, the City and County also states that it is willing to continue maintaining the Kawai Nui Marsh flood control project under an agreement with the State.

Your Committees find that Act 314, Session Laws of Hawaii 1990, directed the transfer of a parcel from the City and County of Honolulu to the State. That parcel encompassed the bulk of Kawai Nui Marsh. However, there are portions of the wetland ecosystem at the Kawai Nui Marsh that the City and County of Honolulu and the State own separately.

Your Committees find that this "shared" ownership approach, by both the State and the City and County of Honolulu, has led to disputes over their respective management responsibilities of Kawai Nui Marsh. Your Committees further find that these disputes have delayed restoration and rehabilitation of the marsh, jeopardizing its native wildlife population and overall well being. This measure:

- (1) Transfers all of the City and County of Honolulu's portion of Kawai Nui Marsh and the Oneawa canal widening project to the State;
- (2) Provides that the State and the City and County of Honolulu may enter into an agreement for maintenance or operations of Kawai Nui Marsh;
- (3) Clarifies that the State has an easement in perpetuity over the transferred parcels to allow the Department of Land and Natural Resources to manage the Kawai Nui Marsh;
- (4) Requires the land transfer to be completed by September 1, 2006; and
- (5) Makes an appropriation for the Department of Land and Natural Resources to maintain the Kawai Nui Marsh.

Your Committees note that under section 46-1.5, Hawaii Revised Statutes (HRS), the county has the general power to use appropriate measures to protect the general public against floods and flood water. Under section 46-11.5, HRS, counties are specifically tasked with the maintenance of, among other things, drainageways. However, section 46-11.5 has a caveat that precludes the counties from maintaining those drainageways that are privately owned or owned by the State.

Currently, the Department of Land and Natural Resources would like the City and County of Honolulu to be tasked with flood control and prevention, and the Kawai Nui Marsh is a drainageway that may be entirely owned by the State. Based on this, your Committees finds that a better understanding of these two sections is necessary to determine appropriate responsibilities over the marsh. Your Committees believe that the responsibilities that this measure distributes need to be clear and concise, as all interested parties will look to it for guidance in the future.

Your Committees have amended this measure by inserting the effective date of July 1, 2050 to ensure further discussion on the issues noted above.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3056, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 3056, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 4 (Baker, Fukunaga, Inouye, Nishihara).

SCRep. 3102 (Joint) Water, Land, and Agriculture and Transportation and Government Operations on H.B. No. 1880

The purpose of this measure is to change the boundaries of the Kakaako Community Development District by deleting the areas comprising of piers 1 and 2 and the contiguous backup fast lands that serve as a foreign cargo container yard and transferring the lands to the Department of Transportation and the foreign trade zone division of Department of Business, Economic Development, and Tourism.

Testimony in support of this measure was submitted by the Department of Business, Economic Development, and Tourism; the Department of Transportation; the Hawaii Community Development Authority; Alexander & Baldwin, Inc.; the Chamber of Commerce of Hawaii; the Hawaii Harbor Users Group; Maritime Consultants of the Pacific; Matson Navigation Company, Inc.; and Young Brothers, Limited.

Your Committees find that the foreign cargo container yard capacity will be exhausted within five years. The area used for foreign cargo containers was already reduced with the development of the passenger cruise ship terminal as part of pier 2. However, it was brought to the attention of your Committees that the area that is being deleted from the Kakaako Community Development District to be transferred to the Department of Transportation also contains the foreign-trade zone under the direction of the Department of Business, Economic Development, and Tourism.

Accordingly, your Committees have amended this measure by:

- (1) Directing the Hawaii Community Development Authority to transfer the lands in question to the Department of Land and Natural Resources;
- (2) Directing the Governor to set aside the areas:
 - (A) Presently containing the foreign-trade zone to the Department of Business, Economic Development, and Tourism; and
 - (B) Presently used as pier 1 and 2 and the backup foreign cargo container yard to the Department of Transportation;
- (3) Clarifying the jurisdiction and administrative authority of Department of Business, Economic Development, and Tourism over the lands presently containing the foreign-trade zone; and
- (4) Making technical, nonsubstantive changes for clarity and style.

Your Committees note that regardless of which department or authority has jurisdiction, it is important that the Hawaii Community Development Authority continue providing input into planning and implementing appropriate compatible maritime development in the waterfront area. This input process is essential to the Hawaii Community Development Authority's legislative mandate and is necessary to examine the entire district with a holistic perspective, which includes traffic and infrastructure improvements. These elements are all needed to successfully operate maritime businesses in and around Piers 1 and 2, and it is important for all parties concerned, including the Hawaii Community Development Authority, to continue to focus on long-term solutions both inside and outside of Honolulu Harbor.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Transportation and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1880, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1880, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair and Vice Chair on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 5 (English, Hee, Hooser, Inouye, Kanno).

SCRep. 3103 (Joint) Water, Land, and Agriculture and Transportation and Government Operations on H.B. No. 2805

The purpose of this measure is to amend Act 8, Special Session Laws of Hawaii 2005, to allow the Hawaii Sustainability Task Force (task force) more time to create its sustainability plan.

Testimony in support of this measure was submitted by the Department of Business, Economic Development and Tourism.

Your Committees find that Act 8, Special Session Laws of Hawaii 2005, authorized the creation of the task force to review the Hawaii State Plan and the State's planning process and required the Office of the Auditor to prepare the Hawaii 2050 Sustainability Plan.

In December 2005, the task force submitted its first report to the Legislature, which indicated that, among other things, the process of creating the 2050 Sustainability Plan should include research and data gathering, community input and outreach, and activities to educate the public. However, these efforts take a significant amount of planning and coordination. Thus, this measure amends Act 8 by:

- (1) Extending the task force's deadline by one year to complete the 2050 Sustainability Plan; and
- (2) Extending the task force's authority to June 30, 2008.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Transportation and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2805, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair and Vice Chair on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 5 (English, Hee, Hooser, Inouye, Kanno).

SCRep. 3104 (Joint) Water, Land, and Agriculture and Judiciary and Hawaiian Affairs on H.B. No. 2177

The purpose of this measure is to propose an amendment to Article VII, Section 12 of the Hawaii State Constitution to authorize special purpose revenue bonds to assist agricultural businesses on important agricultural lands.

Testimony in support of this measure was submitted by the Department of Agriculture, the Department of Budget and Finance, the University of Hawaii's College of Tropical Agriculture and Human Resources, the Hawaii Agriculture Research Center, the Hawaii Farm Bureau Federation, and the Land Use Research Foundation of Hawaii.

Your Committees find that Hawaii's agriculture industry has the ability to be globally competitive in developing high-value products that take advantage of Hawaii's brand identity. Your Committees further find that encouraging agricultural development will pay not only financial dividends to the State, but environmental and social dividends as well. This measure proposes an amendment to Article VII, Section 12 of the Hawaii State Constitution, authorizing the State to issue special purpose revenue bonds and use the proceeds from the bonds to assist agricultural businesses operating on important agricultural lands.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Judiciary and Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2177, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 2 (Fukunaga, Hemmings).

SCRep. 3105 (Joint) Water, Land, and Agriculture and Judiciary and Hawaiian Affairs on H.B. No. 2248

The purpose of this measure is to appropriate funds to the Kikala-Keokea housing revolving fund.

Testimony in support of this measure was submitted by the Housing and Community Development Corporation of Hawaii and the Office of Hawaiian Affairs.

Your Committees find that Act 314, Session Laws of Hawaii (SLH) 1991, as amended, authorized the Department of Land and Natural Resources to negotiate long-term leases with displaced families from Kalapana on ceded lands in the Kikala-Keokea homestead area. Act 314 was enacted to assist those displaced by the continuing lava flows from Kilauea, which began in 1983 and led to the eventual destruction of Kalapana in 1991.

Your Committees further find that pursuant to Act 144, SLH 2001, the Legislature established:

- (1) The infrastructure development fund to fund the construction of roads, water lines, and other infrastructure; and
- (2) The Kikala-Keokea housing revolving fund to provide low-interest loans to Kikala-Keokea lessees for residential construction.

Your Committees believe that it is time to initiate the final step in this endeavor by appropriating the necessary funding to allow the disadvantaged survivors of the destructive lava flows at Kalapana to end their displacement and to begin construction on their own homes.

Your Committees have amended this measure by changing the effective date to July 1, 2006.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Judiciary and Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2248, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2248, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 2 (Fukunaga, Hemmings).

SCRep. 3106 Water, Land, and Agriculture on H.B. No. 2771

The purpose of this measure is to appropriate funds for the planning of an agricultural park in Royal Kunia on the island of Oahu.

Testimony in support of this measure was submitted by the Department of Agriculture, the City and County of Honolulu's Department of Planning and Permitting, C&H Farms, the Hawaii Agriculture Research Center, and the Hawaii Farm Bureau Federation.

Your Committee finds that a one hundred and fifty acre buffer area was recently dedicated to the State to separate the existing and future Royal Kunia residential development and activities on agricultural lands mauka of the residential development. As the next appropriate step, your Committee finds that a master plan is necessary for the proper and expeditious development of this land into an agricultural park.

Your Committee has amended this measure by:

- (1) Deleting the dollar amount of the appropriation for your Committee on Ways and Means to determine at a later date;
- (2) Inserting an effective date of July 1, 2050 to ensure further discussion on this matter; and
- (3) Making technical, nonsubstantive changes for consistency and style.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2771, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2771, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

SCRep. 3107 Water, Land, and Agriculture on H.B. No. 2179

The purpose of this measure is to provide money and incentives for repairs to irrigation systems statewide.

Specifically, this measure:

- (1) Establishes the irrigation repair and maintenance special fund;
- (2) Allows grants from the irrigation repair and maintenance special fund to private irrigation system owners who provide matching funds equal to the amount received from the special fund; provided that the lands served by the irrigation system is dedicated to diversified agriculture;
- (3) Defines “diversified agriculture”;
- (4) Provides an income tax credit equal to the amount that the irrigation system owner provided in obtaining funding from the irrigation repair and maintenance special fund;
- (5) Authorizes the issuance of general obligation bonds in the sum of \$30,000,000 and appropriates the same amount to be deposited into the irrigation repair and maintenance special fund; provided that \$50,000,000 in federal matching funds are also deposited into the irrigation repair and maintenance special fund; and
- (6) Makes an \$11,886,000 appropriation for the repair and maintenance of certain irrigation systems and an unspecified sum for the administrative costs.

Testimony in support of this measure was submitted by the Department of Agriculture; the Agribusiness Development Corporation; the Department of Taxation; the University of Hawaii’s College of Tropical Agriculture and Human Resources; Alexander & Baldwin, Inc.; C&H Farms; Castle & Cooke Hawaii; East Kauai Water Users’ Cooperative; the Hawaii Agriculture Research Center; the Hawaii Farm Bureau Federation; the Land Use Foundation of Hawaii; and the Maui County Farm Bureau. Testimony in opposition to this measure was submitted by the Department of Budget and Finance and the City and County of Honolulu’s Department of Planning and Permitting. Comments were submitted by the Tax Foundation of Hawaii.

Your Committee finds that the agricultural industry is an important component of the State’s economic and social well-being. This measure provides some of the necessary money and incentives needed to begin repairs and maintenance on irrigation systems statewide.

Your Committee has amended this measure by:

- (1) Naming the Wahiawa Reservoir and ditch system as a specific system that may receive money from the irrigation repair and maintenance special fund;
- (2) Amending the definition of “diversified agriculture” to include, rather than exclude, sugarcane and pineapple agricultural operations;
- (3) Requiring that a “majority of all lands served by the water produced by the irrigation system be designated as important agricultural lands,” rather than “all land within two miles of the water produced by the irrigation system be designated as important agricultural lands,” for requesting funding assistance; and
- (4) Making technical, nonsubstantive changes for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2179, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2179, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

SCRep. 3108 Water, Land, and Agriculture on H.B. No. 2974

The purpose of this measure is to provide the State with more time to acquire land in the South Kona Wilderness Area.

Testimony in support of this measure was submitted by the Department of Land and Natural Resources, the Office of Hawaiian Affairs, the Nature Conservancy of Hawaii, and the Trust for Public Land.

This measure extends the length of time allowed to acquire the lands that are designated to become part of the South Kona Wilderness Park on the island of Hawaii. Your Committee finds that there are significant archeological sites and native plants and animals within the proposed wilderness area and that an extension of time to acquire more land to be included in the South Kona Wilderness Park is appropriate.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2974, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

SCRep. 3109 Water, Land, and Agriculture on H.B. No. 2178

The purpose of this measure is to authorize special purpose revenue bonds for certain agricultural enterprises that construct or renovate irrigation systems or infrastructure, which directly benefit and serve important agricultural lands.

Testimony in support of this measure was submitted by the Department of Agriculture, the Department of Budget and Finance, the University of Hawaii's College of Tropical Agriculture and Human Resources, the Hawaii Agriculture Research Center, the Hawaii Farm Bureau Federation, and the Land Use Research Foundation of Hawaii. Testimony in opposition to this measure was submitted by Earthjustice.

Your Committee finds that Hawaii's agriculture industry has the ability to be globally competitive in developing high-value products that take advantage of Hawaii's brand identity. Thus, your Committee further finds that encouraging agricultural development will pay not only financial dividends to the State, but environmental and social dividends as well. This measure helps agriculture take steps in that direction.

Your Committee has amended this measure by:

- (1) Replacing all references to "agricultural enterprises that construct or renovate irrigation systems or infrastructure that directly benefit and serve important agricultural lands" with "agricultural businesses operating on important agricultural lands" so that the terms in this measure are consistent with the terms in related constitutional amendments;
- (2) Adding a provision that requests the Revisor of Statutes to substitute the appropriate section numbers for the letters used in designating the new sections; and
- (3) Making technical, nonsubstantive changes for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2178, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2178, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

SCRep. 3110 Water, Land, and Agriculture on H.B. No. 2803

The purpose of this measure is to provide a conveyance tax exemption for any document or instrument conveying real property from a testamentary trust to an entity owned by the trust for the purpose of distributing interests in the entity to beneficiaries under the trust.

Testimony in support of this measure was submitted by the Hawaii Bankers Association, the Land Use Research Foundation of Hawaii, and two individuals. Comments were also submitted by the Department of Taxation and the Tax Foundation of Hawaii.

Your Committee finds that the current law exempts the conveyance of real property from a testamentary trust to a beneficiary of the trust from the conveyance tax. However, the conveyance tax exemption is not applicable if the real property is transferred from the testamentary trust to another entity, even if the beneficiaries of the trust own the entity. This measure provides that any document or instrument conveying real property from a testamentary trust to an entity owned by the trust for the purpose of distributing interests in the entity to beneficiaries under the trust will also be exempt from the conveyance tax.

Your Committee has amended this measure by changing the effective date of the Act to July 1, 2050 to allow further discussion on the matter.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2803, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2803, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

SCRep. 3111 Water, Land, and Agriculture on H.B. No. 2271

The purpose of this measure is to provide the Board of Agriculture full authority to manage, develop, and dispose of non-agricultural park lands.

Testimony in support of this measure was submitted by the Department of Agriculture; Hawaiian Sunshine Nursery, Inc.; the Hawaii Agriculture Research Center; the Hawaii Farm Bureau Federation; Quality Turfgrass; and the Waimanalo Agricultural Association. Testimony in opposition to this measure was submitted by one individual.

Your Committee finds that in 2003, Chapter 166E, Hawaii Revised Statutes (HRS), was enacted to transfer the management of certain agriculturally classified public lands from the Department of Land and Natural Resources to the Department of Agriculture. Currently, the Department of Agriculture is in the process of adopting rules to implement this program.

However, your Committee further finds that the Department of Agriculture believes that Chapter 166E, HRS, fails to provide the parameters of its powers necessary to properly manage transferred non-agricultural park lands. Accordingly, this measure provides the Department of Agriculture with the authority to properly manage, develop, and dispose of non-agricultural park lands.

Your Committee has amended this measure by making extensive technical, nonsubstantive changes for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2271, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2271, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

SCRep. 3112 Water, Land, and Agriculture on H.B. No. 2555

The purpose of this measure is to prohibit any agency from selling fee interest in public lands in the Kakaako community development district and authorizes the issuance of revenue bonds for approved plans in the Kakaako community development district.

Testimony in support of this measure was submitted by thirteen individuals. Testimony in opposition to this measure was submitted by the Hawaii Community Development Authority. Comments were submitted by Friends of Kewalo Basin Park Association; Save Our Kaka'ako Coalition; Windstar Foundation, Honolulu; and seventeen individuals.

Your Committee finds that clarification of all state agencies' power to sell fee interests in public lands is necessary and that the issuance of revenue bonds may be necessary to implement approved plans for portions of the Kakaako community development district, as long as the bonds are only issued if income from the project is insufficient to cover the project costs and there is a shortfall and the development does not include residential dwellings makai of the subject area.

However, after hearing all of the public testimony and after careful consideration, your Committee has amended this measure by:

- (1) Narrowing the prohibition on selling state land within the Kakaako community development district to restrict only the Hawaii Community Development Authority, ensuring that the amendments made to this measure fits within its title;
- (2) Deleting the authorization of revenue bonds; and
- (3) Changing the effective date of this measure to July 1, 2020 to ensure further discussion on this matter.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2555, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2555, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3113 Water, Land, and Agriculture on H.B. No. 2132

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources to purchase real property beneath Lake Wilson to ensure that the Wahiawa dam is properly maintained and to explore future recreational uses for Lake Wilson.

Testimony in support of this measure was submitted by Dole Food Company, Inc. Testimony in opposition to this measure was submitted by the Department of Land and Natural Resources. Comments on the measure were also submitted by the Department of Agriculture.

Your Committee finds that the land beneath Lake Wilson in Wahiawa, Oahu is currently owned by the Galbraith Trust and a subsidiary of Dole Food Company, Inc. Your Committee further finds that the trust will terminate in April 2007, and the sole trustee

intends to sell its land beneath Lake Wilson. Currently, Dole Food Company, Inc. leases a portion of a parcel owned by the trust that contains one-half of the Wahiawa Dam. This lease will also be terminated upon the trust's dissolution. Therefore, with the change of ownership imminent, concerns have arisen regarding the continued structural integrity and maintenance of the Wahiawa Dam as well as the possible future usage of Lake Wilson. This measure will appropriate funds for the acquisition of the land underneath Lake Wilson and appurtenant lands in Wahiawa to ensure that the dam will be safe and properly maintained and the potential for recreational uses of Lake Wilson may be explored.

Your Committee notes that this measure proposes to purchase the land with general funds. This choice in funding prompted your Committee to inquire whether the acquisition of the property should be accomplished through the use of revenue bonds and whether the Agribusiness Development Corporation of the Department of Agriculture is the more appropriate agency to acquire the property. The Department of Agriculture submitted responses to your Committee's inquiries indicating that revenue bonds are not an appropriate source of funding. Further, the Department of Agriculture indicated that the Agribusiness Development Corporation is also not the appropriate agency to acquire the property because Lake Wilson is used for not only agricultural purposes but also for recreational purposes, which is outside of its jurisdiction. For all of these reasons, your Committee believes that further discussion on the matter is necessary.

Accordingly, your Committee has amended this measure by changing the effective date of the Act to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2132, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2132, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

SCRep. 3114 Water, Land, and Agriculture on H.B. No. 2400

The purpose of this measure is to make an emergency appropriation of \$1,600,000 for fiscal year 2005-2006 to assist in the purchase and preservation of Waimea Valley on the island of Oahu.

Testimony in support of this measure was submitted by the Department of Land and Natural Resources, the Office of Hawaiian Affairs, the Conservation Council for Hawai'i, Na Leo Pohai, Save Waimea Valley Coalition, the Sierra Club-Hawaii Chapter, the Trust for Public Land, the Windward Ahupua'a Alliance, and seven individuals.

Your Committee finds that Waimea Valley is one of the few remaining intact ahupua'a on the island of Oahu and remains a rich and sacred cultural, historic, and aesthetic resource for the entire State. This measure makes an emergency appropriation for the State to contribute money toward the purchase of Waimea Valley.

Your Committee noted testimony from the Department of Land and Natural Resources indicating that the State is not the sole purchaser of the valley. Rather, a consortium of nonprofit and government entities will provide funding to purchase the valley. Those parties include the United States Army, the Office of Hawaiian Affairs, the Department of Land and Natural Resources, the City and County of Honolulu, and the National Audubon Society.

Your Committee questioned the Department of Land and Natural Resources on whether this "agreement" between all of the purchasers was reduced to writing. The department indicated, and the Office of Hawaiian Affairs concurred, that the "agreement" is stipulated in a court order, as part of the settlement for the condemnation proceedings. Your Committee has requested the department to provide a copy of the court's order to your Committee on Ways and Means for further review.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2400, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3115 (Joint) Water, Land, and Agriculture and Business and Economic Development on H.B. No. 2878

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Tradewinds Forest Products, LLC with planning, design, constructing, and equipping a veneer mill and cogeneration facility.

Testimony in support of this measure was submitted by the Hawaii Forest Industry Association, Tradewinds Forest Products, and one individual. Comments were submitted by the Department of Budget and Finance.

Your Committees find that a new eucalyptus wood veneer manufacturing facility would have numerous benefits to Hawaii's economy. Those benefits include:

- (1) Stimulating economic development and job growth;
- (2) Expanding the State's promising forest products industry; and

- (3) Producing non-petroleum-based electric power for public consumption from local renewable resources, helping the State to meet renewable energy goals.

This measure authorizes the issuance of special purpose revenue bonds to Tradewinds Forest Products, LLC to:

- (1) Establish a veneer mill and an associated cogeneration plant; and
- (2) Finance the planning, design, and construction costs for the facility.

Your Committees determine that in order to ensure further discussion on the matter, the effective date of the Act should continue to remain July 1, 2020.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Business and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2878, H.D. 1, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (English, Menor, Hemmings, Trimble).

SCRep. 3116 (Joint) Media, Arts, Science and Technology and Commerce, Consumer Protection and Housing on H.B. No. 2535

The purpose of this measure is to deter internet fraud by amending section 708-893, Hawaii Revised Statutes, use of a computer in the commission of a separate crime, to include:

- (1) The additional state of mind of “intentionally” when a person uses a computer to obtain control over the property of another; and
- (2) The offenses of Theft in the First Degree and Theft in the Second Degree among the offenses that can constitute an element of the crime.

Your Committees received testimony in support of this measure from the Department of the Prosecuting Attorney, City and County of Honolulu; the Honolulu Police Department; and the Department of the Prosecuting Attorney, County of Maui. The Office of the Public Defender submitted testimony in opposition to this measure.

The use of a computer to commit theft is a growing problem in Hawaii and the number of crimes that are perpetrated via the Internet is increasing. The use of a computer as an instrument of the crime offers the perpetrator relative anonymity, a quick and easy mechanism to commit fraud, and the potential for sizable financial gain. According to the Federal Trade Commission (FTC), Hawaii ranks fifth in the nation in internet fraud complaints per capita.

Although Hawaii has statutes relating to computer fraud, these statutes are inadequate for the purposes of prosecuting internet fraud. Under section 708-891, Hawaii Revised Statutes, a person commits the crime of computer fraud in the first degree if that person accesses a computer without permission and obtains control over the property of another. This statute is difficult to use to prosecute internet fraud because it requires proof that the suspect’s use of the computer was “without permission.” Lack of permission is difficult to prove in internet fraud cases where criminals use their own computers to commit crimes because these criminals have permission to use their own computers.

Your Committees find that amending section 708-893, Hawaii Revised Statutes, relating to the use of a computer in the commission of a separate crime to include persons who use a computer to commit theft will enable law enforcement to respond more efficiently to computer crime in its various forms. Furthermore, maintaining the highest level of scienter in proof of the new offense preserves the rights of the accused.

Your Committees have amended this measure by making technical, nonsubstantive stylistic changes.

As affirmed by the records of votes of the members of your Committees on Media, Arts, Science, and Technology and Commerce, Consumer Protection, and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2535, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2535, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 1 (English).

SCRep. 3117 Water, Land, and Agriculture on H.B. No. 2774

The purpose of this measure is to appropriate funds for the Hawaii Farm Bureau Federation to conduct agricultural research and market development.

Testimony in support of this measure was submitted by the Department of Agriculture; the College of Tropical Agriculture and Human Resources at the University of Hawaii at Manoa; Alexander & Baldwin, Inc.; C&H Farms; Crop Care Hawaii, LLC; Gay & Robinson, Inc.; the Hawaii Agriculture Research Center; the Hawaiian Alliance for Responsible Technology & Science; the Hawaii Aquaculture Association; the Hawaii Cooperative of Organic Farmers; the Hawaii Crop Improvement Association; Hawaii Farm

Bureau Federation; the Hawaii Papaya Industry Association; Kamiya Gold, Inc.; the Maui County Farm Bureau; Meadow Gold Dairies; the Pineapple Growers Association of Hawaii; Pioneer Hi-Bred International, Inc.; Twin Bridge Farms; and one individual.

Your Committee finds that, although the agriculture industry plays a significant role in Hawaii's economy by providing a stage for tourism, employment opportunities for residents, and products for export, the demise of plantations has left the industry lagging. Your Committee further finds that the absence of pineapple and sugar plantations has resulted in thousands of acres lying fallow, while recent studies indicate that the land could be utilized for agricultural ventures to add an additional \$1,700,000,000 to \$4,400,000,000 to the State's economy.

Your Committee believes that a diversified agriculture industry within the State is necessary to maximize the opportunities available for prime agricultural farmlands, to strengthen and improve the agriculture industry, to revitalize the economy, and to expand employment opportunities for our residents. Creating a more diversified agriculture industry requires the joint and concerted efforts of key organizations and entities throughout the State, as well as financial support from the State, to conduct agricultural research and market development. Your Committee determines that the Hawaii Farm Bureau Federation represents the interests of the agriculture industry in Hawaii and is an appropriate entity to oversee the research and market development that is necessary for improving Hawaii's agriculture industry.

Your Committee has amended this measure by changing the effective date of this measure to July 1, 2006.

Your Committee strongly encourages the Hawaii Farm Bureau Federation to share the research money with all areas of diversified agriculture, including the organic agricultural industry. Your Committee also requests the bureau to report back to the Legislature on how the research money was distributed among all industry parties.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2774, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2774, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3118 (Joint) Tourism and Water, Land, and Agriculture on H.B. No. 1928

The purpose of this measure is to permit renegotiations of hotel and resort leases and dispositions of public lands by lease negotiations for agricultural purposes.

Testimony in support of this measure was submitted by the High Technology Development Corporation; the Hawaii Government Employees Association; Friends of Kewalo Park; and seventeen individuals. Testimony in opposition was received from the University of Hawaii – West Oahu; University of Hawaii System; Housing and Community Development Corporation of Hawaii; Hawaii Community Development Authority; West Oahu Economic Development Association; Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34; and fourteen individuals. Comments were received from the Agribusiness Development Corporation.

Your Committees have amended this measure by replacing the contents of this measure with substantially the same contents of S.B. No. 2476, S.D.2. This measure, as amended, requires that the sale or exchange of any land that the Agribusiness Development Corporation, High Technology Development Corporation, and the Hawaii Public Housing Administration, hold title to is subject to legislative approval by concurrent resolution.

This measure further requires legislative approval by concurrent resolution for any sale, exchange, or similar disposition of land to which the Hawaii Community Development Authority and the University of Hawaii hold title. This measure, unlike S.B. No. 2476, S.D.2, does not contain provisions that require legislative approvals for leases of land to which the Hawaii Community Development Authority and the University of Hawaii hold title.

Your Committees find that this measure would facilitate open communications between state agencies and the Legislature, including advance notice to the Legislature on contemplated alienation of public lands. Your Committees abhor "overnight decisions" on such valuable public assets. Your Committees are cognizant of the arguments that the legislative process slows the process; however, your Committees prefer that the sale of public lands occur with greater deliberation and transparency.

Your Committees have amended the proposed measure by:

- (1) Deleting "loan" in reference to "reserved housing loan program" and exempting properties of under one acre in size from legislative approval under the Hawaii Community Development Authority; and
- (2) Making sections 4 and 7 effective on December 31, 2006.

As affirmed by the records of votes of the members of your Committees on Tourism and Water, Land, and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1928, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1928, H.D. 2, S.D. 1, and be referred to the Committees on Judiciary and Hawaiian Affairs and Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 3 (English, Hee, Nishihara).

SCRep. 3119 (Joint) Commerce, Consumer Protection and Housing and Media, Arts, Science and Technology on H.B. No. 1871

The purpose of this measure is to protect Hawaii consumers who are victims of identity theft by allowing them to place a security freeze on their credit reports.

Your Committees received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Department of the Prosecuting Attorney, City and County of Honolulu; the Honolulu Police Department; the Hawaii Financial Services Association; the Consumer Data Industry Association; the American Association of Retired Persons (AARP) Hawaii; State Farm Insurance Company; and the Retail Merchants of Hawaii.

As one measure from the Department of Commerce and Consumer Affairs' identity theft proposals, this measure is part of a larger package of identity theft bills that has evolved from the work of the Hawaii Anti-Phishing Task Force. In 2005, the Hawaii Anti-Phishing Task Force was established in the Department of the Attorney General to develop state policy on how best to prevent further occurrences of phishing and other forms of electronic commerce-based crimes in the State.

One common form of identity theft occurs when a person steals a consumer's identity and opens up new lines of credit in that consumer's name. Consumers will have better control over their own identities and credit if they are allowed to "freeze" the release of their credit history by credit reporting agencies until matters are resolved to their satisfaction. This type of security freeze will prohibit a credit reporting agency from releasing any information without the consumer's express authorization and will remain in effect until the consumer takes steps to remove it.

Your Committees find that a security freeze is considered one of the few ways to virtually guarantee that a thief cannot open an account in an innocent party's own name. With the freeze on, if someone applies for credit in a consumer's name, the creditor will be unable to check the consumer's history, and the applicant will be rejected; thus, the consumer's credit will be safe.

Your Committees have amended this measure by replacing its contents with the contents of S.B. No. 2289, S.D. 2, which also provides for a security freeze, and additionally provides a monetary damages penalty provision in addition to the provision that allows for a cause of action under section 480-2, Hawaii Revised Statutes.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Housing and Media, Arts, Science, and Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1871, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1871, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 1 (English).

SCRep. 3120 Commerce, Consumer Protection and Housing on H.B. No. 1796

The purpose of this measure is to require, in counties having a population of two hundred thousand or less, the publication of a power of sale foreclosure notice in the newspaper with the largest general circulation published in the county where the mortgaged property is located.

Testimony in support of this measure was submitted to your Committee by the Hawaii Association of Realtors. No testimony in opposition to this measure was received by your Committee. Comments were received from the Hawaii Financial Services Association.

Your Committee finds that requiring a notice of foreclosure is very important because this notice protects property owners who can take steps to work out solutions with their lenders, seek bankruptcy protection, or make other arrangements to preserve their ownership rights. Notice in a widely circulated publication also keeps neighbors and the public informed about events and matters relevant to their community.

One technical, non-substantive conforming amendment was made to this measure.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1796, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1796, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Sakamoto).

SCRep. 3121 Commerce, Consumer Protection and Housing on H.B. No. 2440

The purpose of this measure is to enact the Uniform Athlete Agents Act in order to protect student-athletes and educational institutions from potential harm and unethical practices of athlete agents.

Testimony in support of this measure was submitted by the Department of Education, the Hawaii Commission to Promote Uniform Legislation, the University of Hawaii, the University of Hawaii at Manoa Athletic Department, and the University of Hawaii at Hilo Athletic Department. The Department of Commerce and Consumer Affairs submitted comments on this measure.

Your Committee finds that this measure requires further discussion and has not amended the July 1, 2020 effective date.

Your Committee has made technical, nonsubstantive stylistic changes.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2440, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2440, H.D. 2, S.D. 1, and be referred to the Committees on Judiciary and Hawaiian Affairs and Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3122 Commerce, Consumer Protection and Housing on H.B. No. 1800

The purpose of this measure is to increase the amount of tax withheld on the disposition of real property in Hawaii by non-resident persons.

Testimony in support of this measure was submitted by Niwao & Roberts, Certified Public Accountants, A Professional Corporation; and the Hawaii Association of Public Accountants. Testimony in opposition to this measure was submitted by the Hawaii Association of Realtors. Comments on this measure were submitted by the Department of Taxation and the Tax Foundation of Hawaii.

Your Committee finds that this measure requires further discussion and has passed it out unamended, retaining the effective date of July 1, 2020.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1800, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Hogue).

SCRep. 3123 Commerce, Consumer Protection and Housing on H.B. No. 649

The purpose of this measure is to enhance the criminal penalties applied to individuals who commit insurance fraud by including felony insurance fraud as one of the felony violations that can increase the sentences of repeat felony offenders.

Testimony in support of this measure was submitted by the Insurance Commissioner, Department of Commerce and Consumer Affairs; the Department of the Attorney General; the Department of the Prosecuting Attorney, County of Maui; and the Honolulu Police Department. No testimony in opposition was received by your Committee.

Insurance fraud is often perceived as a non-violent and victimless crime. However, the effects of insurance fraud impacts everyone through the higher insurance premiums for citizens and public and private employers. Your Committee finds that this measure will apply appropriate penalties to repeat offenders who commit the crime of insurance fraud.

Your Committee has adopted the technical, non-substantive amendments proposed by the Department of the Attorney General for purposes of clarity.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 649, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 649, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Hogue).

SCRep. 3124 Commerce, Consumer Protection and Housing on H.B. No. 2315

The purpose of this measure is to comprehensively amend and update the Code of Financial Institutions to reduce regulatory burden, recognize changes in the industry, provide flexible regulation, and protect consumers.

Testimony in support of this measure was submitted by the Commissioner of Financial Institutions of the Department of Commerce and Consumer Affairs and Hawaii Bankers Association. No testimony in opposition to this measure was submitted to your Committee.

Your Committee finds that the amendments proposed in this measure will result in reducing regulatory burden by eliminating obsolete requirements and improving the procedures for the licensing of financial institutions.

Technical, non-substantive amendments were made to this measure for clarity and style.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2315, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2315, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Sakamoto).

SCRep. 3125 (Joint) Health and Judiciary and Hawaiian Affairs on H.B. No. 2039

The purpose of this measure is to eliminate the threat to public health posed by toxic chemicals left behind by illegal drug manufacturing by directing the Department of Health to develop procedures and guidelines for emergency and long-term decontamination and clean-up of illegal methamphetamine manufacturing sites.

Your Committees received testimony in support of this measure from the Department of Health, the Department of Public Safety, City and County of Honolulu Police Department, a member of the Hawaii County Council, the Mililani Town Anti-Drug Committee, Kuli'ou'ou/Kalani Iki Neighborhood Board #2, the American Industrial Hygiene Association, Hawaii section, and two individuals.

Your Committees find that prompt, safe, and efficient decontamination of illegal methamphetamine manufacturing sites is necessary to enable individuals to safely re-occupy these premises.

Your Committees have amended this measure in response to the concerns of the Department of Health by including a sunset provision limiting the Chapter 91 exemption to allow the department to adopt interim rules. Your Committees further amended this measure by replacing the defective effective date with July 1, 2006.

As affirmed by the records of votes of the members of your Committees on Health and Judiciary and Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2039, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2039, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, none.

SCRep. 3126 Health on H.B. No. 2187

The purpose of this measure is to appropriate funds to the Department of Health to contract with a government agency or United States military branch to provide intra-island only roto-wing emergency aeromedical helicopter services for rural Oahu.

The Department of Health, the City and County of Honolulu Emergency Services Department, the Waianae Coast Comprehensive Health Center, Pacific Medical Assets Inc., The Queen's Medical Center, and one individual submitted testimony in support of this measure. The Attorney General submitted comments.

Your Committee finds that an imminent need exists for the provision of helicopter medical transport services for rural Oahu. The United States Army's 68th Medical Company's Medical Assistance to Safety and Traffic helicopters can no longer provide this assistance because of their service to our country overseas. This measure appropriates funds to provide intra-island emergency aeromedical services to rural Oahu.

Your Committee urges the Department of Health to continue exploring ways to provide Kauai County with much needed emergency aeromedical helicopter services.

Your Committee has amended this measure by:

- (1) Deleting the reference to a "grant-in-aid"; and
- (2) Deleting any reference to a specific appropriation amount.

Your Committee has further amended this measure to be consistent with the other counties' cost-share funding provisions for emergency aeromedical services, by providing that the State and City and County of Honolulu shall cost-share, with each to pay one-half of the cost to contract for the provision of intra-island roto-wing aeromedical services.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2187, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2187, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3127 Commerce, Consumer Protection and Housing on H.B. No. 1417

The purpose of this measure is to require the filing of a certificate of merit with any complaint filed against a design professional, as well as require the filing of a preliminary expert opinion with restrictions on discovery.

Testimony in support of this measure was submitted by Environet, Inc.; Masa Fujioka & Associates; The Limitiaco Consulting Group; Engineering Solutions, Inc.; Cedric D.O. Chong & Associates, Incorporated; ControlPoint Surveying, Inc.; Miyasato Kuniyoshi Engineers LLC; the American Institute of Architects Hawaii State Council; the American Council of Engineering Companies of Hawaii; and the Coalition of Hawaii Engineering and Architectural Professionals. Testimony in opposition to this measure was submitted by the Department of Accounting and General Services, Consumer Lawyers of Hawaii, and one individual.

Your Committee finds that claims against design professionals were protected by a certificate of consultation screening process under the Design Professional Panel Law that was repealed as part of the Right to Repair Law enacted in 2004. This measure would reinstate the requirement of a certificate of consultation to discourage the filing of frivolous claims. Both those in support and in opposition to the measure agree that the procedure for certificates of consultation used by the Medical Claims Collection Panel is proven and effective in screening frivolous claims.

Your Committee further finds that matters relating to expert opinions and discovery are subject to existing court rules and are best addressed by the courts at this time.

Your Committee has amended this measure by:

- (1) Requiring the filing of a certificate of consultation during a procedure based upon the procedure used by the Medical Claims Conciliation Panel;
- (2) Deleting provisions relating to the filing of a certificate of merit with a complaint filed against a design professional; and
- (3) Deleting provisions related to the filing of expert opinions and discovery.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1417, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1417, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3128 Commerce, Consumer Protection and Housing on H.B. No. 2368

The purpose of this measure is to repeal the sunset date of the expedited public housing eviction process and to exempt certain households from the expedited process.

Testimony in support of repeal of the sunset date was submitted by the Housing and Community Development Corporation of Hawaii (HCDCH). Testimony in support of retaining the sunset date was submitted by six individuals. The HCDCH and the Department of the Attorney General opposed exempting families with minor dependents, disabled individuals, and individuals of age sixty-five or older from the expedited process.

Your Committee finds that the HCDCH has been cited by the U.S. Department of Housing and Urban Development (HUD) for its high level of rent delinquencies and protracted rent collection procedures for public housing, but that HUD appreciates the reforms of the process enacted by the Legislature in 2002 through Act 227. Your Committee further finds that creating exemptions from the expedited eviction process, as proposed by this measure, would discriminate against protected classes of individuals, in violation of federal law and in conflict with state law. Nevertheless, your Committee finds that some public housing tenants, because of their national origin and limited proficiency in the English language, do not or cannot avail themselves of free legal services. These tenants would benefit from intervention counseling to better prepare themselves to avoid, or if necessary participate in, the eviction process.

Accordingly, your Committee has amended this measure to:

- (1) Delete the exemption of families with minor dependents, disabled individuals, and individuals of age sixty-five or older from the expedited eviction process;
- (2) Establish and fund two full-time resident services program specialist positions in the Hawaii Public Housing Authority to provide intervention counseling services to public housing tenants to ensure that they understand the process, deadlines, remedies, and consequences of eviction from public housing; and
- (3) Change the effective date to July 1, 2050, for purposes of further discussion.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2368, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2368, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3129 Commerce, Consumer Protection and Housing on H.B. No. 1977

The purpose of this measure is to establish procedures for the creation of annuities used as settlement proceeds in structured settlements.

Testimony in support of this measure was submitted by the National Association of Settlement Purchasers and Ringler Associates. No testimony in opposition to this measure was received by your Committee.

Your Committee finds that forty-three states currently have structured settlement protection statutes similar to this measure. Your Committee further finds that this measure is intended to protect settlement recipients and other parties to structured settlements.

Upon further consideration, your Committee has amended this measure by:

- (1) Allowing an application for approval of a transfer of a structured settlement payment right to be brought in any court or before any responsible administrative authority meeting specific requirements. This amendment was proposed by the National Association of Settlement Purchasers and Ringler Associates as a measure that would benefit recipients of structured settlement payments by providing the appropriate court or administrative forum with greater flexibility to consider changed circumstances when considering an application; and
- (2) Amending the process in which a court or administrative authority considers an application by deleting language that made an oral hearing by the court optional. This amendment was proposed by Ringler Associates as a means to afford important protections to a structured settlement recipient and allow the independent assessment of an application by a court or administrative authority through the process of oral hearings.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1977, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1977, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3130 Commerce, Consumer Protection and Housing on H.B. No. 3118

The purpose of this measure is to allow businesses to incorporate as responsible business corporations. This measure also provides an exemption of a certain percentage of corporate taxes for this type of incorporation as a responsible business corporation.

Testimony in support of this measure was submitted by Inner Ocean Publishing, Inc.; Brilliant Voices; and the Democratic Party of Maui County. Testimony in opposition to this measure was submitted by the Department of Taxation. The Business Registration Division of the Department of Commerce and Consumer Affairs and the Tax Foundation of Hawaii submitted comments on this measure.

Your Committee finds that this measure has merit but requires further discussion and, therefore, has not amended the effective date of July 1, 2020.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3118, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3131 (Joint) Commerce, Consumer Protection and Housing and Health on H.B. No. 1873

The purpose of this measure is to prohibit the sale or transfer of patient prescription information by pharmacy benefits managers, insurance companies, and retail, mail order, and internet pharmacies.

Testimony in support of this measure was submitted by the Department of Public Safety, IMS Health, Hawaii Alliance for Retired Americans, the Policy Advisory Board for Elder Affairs, and the National Legislative Association on Prescription Drug Prices. Testimony in opposition to this motion was submitted by Pharmaceutical Research and Manufacturers of America. Comments were submitted by the Board of Pharmacy and the Hawaii Medical Service Association.

Your Committees find that, in the interest of privacy, consumers need greater state protections and controls over the sale and transfer of their prescription information. Your Committees further find that this measure seeks to enact protections from the practice of data-mining of patients' prescription information.

Upon further consideration, your Committees have amended this measure by:

- (1) Specifying that the purpose of this measure is to prohibit data-mining of patients' data;

- (2) Including the names of prescribing health care providers as part of identifiable patient data;
- (3) Prohibiting the transfer or sale of identifiable patient data for commercial purpose;
- (4) Defining commercial purpose to include, but not be limited to, advertising, marketing, promotion or any other purpose that could be used to influence sales of pharmaceutical products, influence the prescribing behavior of health care professionals, or evaluate the effectiveness of a professional detailing sales force;
- (5) Excluding from commercial purpose the reimbursement of a pharmacy by the patient's insurance provider or the provider's agent; and
- (6) Excluding from commercial purpose bona fide research and development.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Housing and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1873, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1873, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 3 (Hanabusa, Hogue, Whalen).

SCRep. 3132 (Joint) Energy, Environment, and International Affairs and Commerce, Consumer Protection and Housing on H.B. No. 2175

The purpose of this measure is to provide a framework for energy self-sufficiency, focusing on the use of energy efficiency and renewable energy resources in state facilities, vehicles, and equipment, and in public schools. The measure also establishes a renewable energy technologies income tax credit, priority permitting for renewable energy projects at the county level, and a solar water heating "pay as you save" program.

The Department of Business, Economic Development and Tourism, the Department of Accounting and General Services, the Department of Education, the Office of Hawaiian Affairs, the American Institute of Architects Hawaii State Council, Honolulu Seawater Air Conditioning LLC, the Rocky Mountain Institute, the American Chemistry Council, the American Forest and Paper Association, the Hawaiian Electric Company and its subsidiaries, Hawaii Electric Light Company and Maui Electric Company; the Hawaii Energy Policy Forum; The Gas Company, Inter-Island Solar Supply, the Hawaii Association of Realtors, the Hawaii Solar Energy Association, PowerLight Solar Electric Systems, R & R Solar Supply, the Sierra Club Hawaii Chapter, and the Hawaii Renewable Energy Alliance submitted testimony in support of this measure. The Governor, the Department of Commerce and Consumer Affairs, the Department of Taxation, the Public Utilities Commission, the Tax Foundation of Hawaii, the Hawaii Carpenters Union, and Life of the Land submitted comments.

Your Committees find that increased energy efficiency and use of renewable energy resources will decrease Hawaii's dependence upon oil, achieving broad societal benefits, including increased energy security, resistance to increases in oil prices, environmental sustainability, economic development and job creation.

Your Committees amended this measure by:

- (1) Increasing the renewable energy technologies income tax credit for certain solar thermal and photovoltaic energy systems and removing the sunset date for the tax credits;
- (2) Retaining the current renewable energy technologies income tax credits for wind-powered energy systems;
- (3) Adding a lapsing provision to Part II;
- (4) Expanding the energy efficiency standards to include, in addition to the Leadership in Energy and Environmental Design silver standard, the Two Green Globes rating system or another comparable state-approved, nationally recognized, and consensus-based guideline, standard, or system; and providing an exception for instances when the guideline, standard, or system interferes or conflicts with the use of the building or facility as an emergency shelter;
- (5) Amending section 36-41, Hawaii Revised Statutes (HRS), to change the term "energy performance contract" to "energy-savings contract" to conform to the changes made to chapter 196, HRS;
- (6) Adding language to clarify that the general obligation bonds are for the purpose of carrying out part III regarding energy efficiency for state facilities, vehicles, and equipment under the control of the Department of Accounting and General Services and under the control of the Department of Education, respectively;
- (7) Adding a Part VI to include the establishment of a Hawaii renewable hydrogen program and hydrogen investment capital special fund and to provide appropriations therefor;
- (8) Defecting the effective date to July 1, 2050, to encourage further discussion; and
- (9) Making technical, non-substantive changes for clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy, Environment, and International Affairs and Commerce, Consumer Protection, and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2175, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2175, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 3 (Hanabusa, Kokubun, Hogue).

SCRep. 3133 (Joint) Energy, Environment, and International Affairs and Commerce, Consumer Protection and Housing on H.B. No. 3222

The purpose of this measure is to establish the Hawaii renewable hydrogen program to manage the State's transition to a renewable hydrogen economy; establish the hydrogen investment capital special fund to seed private and federal hydrogen system projects; and appropriate funds for the program and special fund.

The Department of Business, Economic Development and Tourism; the Department of Commerce and Consumer Affairs, the University of Hawaii System, the Office of Hawaiian Affairs, Hawaiian Electric Company, Maui Electric Co., Hawaii Electric Light Co., Rocky Mountain Institute, the Hawaii Energy Policy Forum, and the Hawaii Renewable Energy Alliance submitted testimony in support of this measure. Life of the Land submitted comments.

Your Committees find that Hawaii needs to take immediate, assertive action to stem its dependence on oil. Energy efficiency is one of the most critical components of reducing Hawaii's dependence on oil.

Upon further consideration, your Committees amended this measure by:

- (1) Deleting all of the original provisions;
- (2) Inserting the provisions of S.B. No. 3185 S.D. 2 to:
 - (A) Add four new sections that authorize a surcharge for a public benefits fund, authorize a fund administrator for the fund, enumerate the requirement for the fund administrator, and require the public utilities commission to develop a transition plan from utility demand-side management programs to the public benefits fund;
 - (B) Establish energy efficiency portfolio standards;
 - (C) Add eleven new definitions to the renewable portfolio standards law and amend the definitions of "cost-effective" and "renewable energy";
 - (D) Add a penalty provision to the renewable portfolio standards law;
 - (E) Amend section 269-27.2(c), Hawaii Revised Statutes (HRS), to give the Public Utilities Commission the ability to delink renewables from oil; and
 - (F) Amend section 269-95, HRS, to ensure that the electric utility companies' opportunity to earn a fair rate of return is not diminished; and
- (3) Defecting the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical, non-substantive changes for clarity, consistency, and style.

The amended measure addresses substantive changes that are needed to the Renewable Portfolio Standards Law and creates a companion concept, the Energy Efficiency Portfolio Standard.

As affirmed by the records of votes of the members of your Committees on Energy, Environment, and International Affairs and Commerce, Consumer Protection, and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3222, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 3222, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 3 (Hanabusa, Kokubun, Hogue).

SCRep. 3134 (Joint) Energy, Environment, and International Affairs and Commerce, Consumer Protection and Housing on H.B. No. 2619

The purpose of this measure is to ensure that electric utility companies are afforded an opportunity to earn a fair rate of return, rather than providing that their profit margins will not decrease as a result of any proposed utility rate-making structure.

The Department of Business, Economic Development, and Tourism; the Public Utilities Commission; the Department of Commerce and Consumer Affairs; the Office of Hawaiian Affairs; Honolulu Seawater Air Conditioning LLC; Hawaiian Electric Company Inc.; Hawaii Electric Light Company; Maui Electric Company; Rocky Mountain Institute; the Hawaii Energy Policy Forum; PowerLight

Solar Electric Systems; the Sierra Club Hawaii Chapter; and the Hawaii Renewable Energy Alliance submitted testimony in support of this measure.

Your Committees find that the State needs to reduce its dependence on petroleum. One way to reduce our dependence on petroleum is to encourage the use of renewable fuels to power aircraft, seacraft, automobiles, and other motorized vehicles.

Your Committees amended this measure by:

- (1) Deleting all of the original provisions;
- (2) Amending section 237-27.1, Hawaii Revised Statutes, to extend the exemption of the proceeds of the sale of alcohol fuels from the general excise tax to December 31, 2009; and
- (3) Defecting the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Energy, Environment, and International Affairs and Commerce, Consumer Protection, and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2619, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2619, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 3 (Hanabusa, Kokubun, Hogue).

SCRep. 3135 (Joint) Energy, Environment, and International Affairs and Commerce, Consumer Protection and Housing on H.B. No. 1948

The purpose of this measure is to increase the volume limit of deposit beverage containers from sixty-four to sixty-eight fluid ounces, and require distributors to report container numbers sold and make fee payments on that basis.

The measure also specifies redemption center operating hours, permits calculation of redemption value by container count in certain instances, and allows for the refusal of previously processed and baled containers for refund.

The Department of Health, Sierra Club Hawaii Chapter, Reynolds Recycling, and Windward Ahupua'a Alliance submitted testimony in support of this measure. GMA-the Association of Food, Beverage and Consumer Products Companies and the Hawaii Food Industry Association submitted testimony in opposition.

As noted by Sierra Club Hawaii Chapter, Hawaii's bottle law has proven to be an overwhelming success for Hawaii's environment, with over half a billion bottles and cans being diverted from Hawaii's landfills. The initiative has reduced litter, created employment, and provided fundraising opportunities for schools and charities. Your Committees find that there is no reason why larger containers should not also be included in the deposit beverage container program.

Your Committees agree with Sierra Club Hawaii Chapter that the cumbersome redemption process that many consumers currently complain about can be resolved by requiring dealers to provide redemption to consumers. The dealers can decide whether to subcontract with a certified redemption center to operate on the dealer's premises or provide a reverse vending machine pursuant to section 342G-115, Hawaii Revised Statutes (HRS).

Your Committees amended this measure by:

- (1) Retaining the amendment to the definition of "deposit beverage container" under section 342G-101, HRS, to include a container that is less than or equal to sixty-eight fluid ounces, and deleting all other provisions;
- (2) Deleting the exception from the redemption of empty deposit beverage containers as it applies to dealers in high-density population areas under section 342G-113, HRS,
- (3) Deleting subsection 342G-113(d), HRS, on location of redemption centers for consistency;
- (4) Defecting the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical, non-substantive amendments for clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy, Environment, and International Affairs and Commerce, Consumer Protection, and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1948, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1948, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 3 (Hanabusa, Kokubun, Hogue).

SCRep. 3136 (Joint/Majority) Transportation and Government Operations and Commerce, Consumer Protection and Housing on H.B. No. 2214

The purpose of this measure is to reduce the \$3 per day rental motor vehicle surcharge tax to \$2 per day.

This measure also clarifies that the retention by the lessor of motor vehicle repair records of the lessee is satisfied by retention by the motor vehicle repair dealer.

Your Committees received testimony in support of this measure from Catrala-Hawaii. Testimony in opposition was received from the Department of Taxation and Department of Transportation. Comments were received from the Tax Foundation of Hawaii.

Enacted by Act 263, Session Laws of Hawaii 1991, the rental motor vehicle surcharge tax was originally \$2 per day. Act 223, Session Laws of Hawaii 1999, temporarily raised this tax to \$3 per day for the period from September 1, 1999, to August 31, 2007. Your Committees are concerned that the \$3 daily surcharge tax on rental motor vehicles could adversely affect Hawaii's competitive image as a fair and attractive tourist destination.

Your Committees find that there was a significant increase in revenues to the state general fund in 2005. This increase is expected to continue through 2007 and probably longer in view of Hawaii's positive tourism outlook. In light of a healthy general fund along with significant increases in revenues to the state highway fund, your Committees believe that it is fair and appropriate to reduce the rental motor vehicle surcharge tax.

Your Committees have amended this measure by changing the effective date to July 1, 2006.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Commerce, Consumer Protection, and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2214, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2214, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Vice Chair and Chair on behalf of the Committees.
Ayes, 6. Noes, 1 (Baker). Excused, 3 (Hee, Kanno, Whalen).

SCRep. 3137 (Joint) Commerce, Consumer Protection and Housing, Human Services and Intergovernmental Affairs on H.B. No. 2066

The purpose of this measure is to require the Hawaii Public Housing Administration to coordinate with the counties to identify locations for temporary emergency shelters for homeless individuals and families. The measure contains an effective date of July 1, 2020, to facilitate further discussion.

Testimony in support of the measure was submitted by the Housing and Community Development Corporation of Hawaii (HCDCH), the Office of Hawaiian Affairs, Solidarity with the Homeless, the Interfaith Alliance Hawaii, A Woman's Voice International, and an individual. The Disability and Communication Access Board and a member of the Maui County Council offered comments.

Your Committees find that this measure addresses the urgent and immediate need to provide temporary emergency shelters for the homeless, while allowing the State, the Counties, and private entities to focus on long-term solutions of permanent supportive housing once the shelter locations are identified.

Your Committees recognize that the State has no jurisdiction over federal lands, but have nevertheless identified former United States Navy lands at Kalaeloa as a potential site for a temporary emergency shelter. Accordingly, your Committees have requested the HCDCH to prepare a cost estimate for acquisition and use of Barbers Point Barracks as temporary housing for homeless families and individuals.

Your Committees have amended this measure to:

- (1) Require the Hawaii Public Housing Administration (HPHA) to actively partner with the counties and monitor their efforts;
- (2) Require the counties to partner with non-profit organizations;
- (3) Require the HPHA to pursue and secure Barbers Point Barracks as temporary housing for the homeless;
- (4) Make an appropriation to the HPHA;
- (5) Insert a sunset date of June 30, 2009; and
- (6) Make technical, nonsubstantive amendments for clarity and style.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Housing and Human Services and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2066, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2066, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 11. Noes, none. Excused, 6 (Inouye, Kim, Kokubun, Nishihara, Sakamoto, Trimble).

SCRep. 3138 Commerce, Consumer Protection and Housing on H.B. No. 2901

The purpose of this measure is to eliminate outdated and duplicative requirements from the garnishment law.

Testimony in support of this measure was submitted by Hawaii Bankers Association and the Collection Law Section of the Hawaii State Bar Association. No testimony in opposition was received by your Committee.

Under section 652-14, Hawaii Revised Statutes, a creditor is required to provide duplicate receipts to a garnishee when a payment is received through the garnishment process, and the garnishee is then required to deliver one of those receipts to the debtor. Your Committee finds that these requirements are outdated and unnecessary because current employment and banking practices sufficiently document payment of funds in the garnishment process.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2901, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3139 Commerce, Consumer Protection and Housing on H.B. No. 2319

The purpose of this measure is to update and streamline the insurance statutes in conformity with federal law and national standards.

Testimony in support of this measure was submitted by the Insurance Commissioner, State Farm Insurance Companies; and the National Association of Insurance and Financial Advisors Hawaii. No testimony in opposition to this measure was received by your Committee.

Your Committee finds that this measure is in line with the Department of Commerce and Consumer Affairs' continuing efforts to modernize Hawaii's insurance laws, ease insurer filing requirements, and bring Hawaii's insurance laws into conformity with federal law and national standards.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2319, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3140 Commerce, Consumer Protection and Housing on H.B. No. 2877

The purpose of this measure is to suspend the collection of the general excise tax on motor vehicle gasoline for two years.

Testimony in support of this measure was submitted by Aloha Petroleum, Ltd.; Akana Petroleum Inc.; the Hawaii Transportation Association; and two concerned individuals. No testimony in opposition to this measure was received by your Committee. Comments were submitted by the Department of Business, Economic Development and Tourism; the Department of Taxation; Oahu Ethanol Corporation; and the Tax Foundation of Hawaii.

Your Committee is in agreement with the Department of Business, Economic Development and Tourism and finds that a better approach to provide assistance to the people of Hawaii is to extend an excise tax exemption for gasoline blended with alcohol fuel for an additional three years, to the end of 2009. Your Committee further finds that this tax exemption should be extended to diesel fuel.

Upon further consideration, your Committee has amended this measure by:

- (1) Deleting the original provisions related to a suspension of the collection of the general excise tax on motor vehicle gasoline;
- (2) Providing for a tax exemption for gasoline blended with alcohol fuel by extending the date of repeal in Section 237-27.1, Hawaii Revised Statutes, to December 31, 2009; and
- (3) Applying this tax exemption to diesel fuel.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2877, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2877, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Hogue).

SCRep. 3141 Commerce, Consumer Protection and Housing on H.B. No. 105

The purpose of this measure is to prohibit tenants or their guests from possessing dangerous, harmful, or detrimental drugs in a dwelling unit or on surrounding premises. A summary proceeding for possession (eviction) is authorized for violation of the prohibition.

Testimony in support of the measure was submitted by the Department of the Prosecuting Attorney, City and County of Honolulu, and by the Hawaii Association of Realtors.

Your Committee finds that this measure is necessary to address the very serious problem caused for landlords and neighbors by the escalation of illegal drug use in our communities.

Your Committee has amended the measure for greater effect and closer harmony with the Hawaii Penal Code by replacing:

- (1) Amendment of sections 521-52 and 521-72, Hawaii Revised Statutes, relating to a landlord's remedies for improper use of a premises, with amendment of sections 521-51 and 521-69, relating to a landlord's remedies for unlawful use;
- (2) Reference to "unlawful possession" with reference to the broader offense of promoting dangerous, harmful, or detrimental drugs; and
- (3) Reference to "any written notice or report regarding" with reference to "charged with or convicted of" a drug offense.

Your Committee has also changed the effective date of the measure to read July 1, 2050, for purposes of further discussion, and has made technical, nonsubstantive amendments for clarity.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 105, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 105, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Sakamoto).

SCRep. 3142 Commerce, Consumer Protection and Housing on H.B. No. 2287

The purpose of this measure is to streamline the license suspension process initiated by the Child Support Enforcement Agency for failure to comply with an order of support, or a subpoena or warrant relating to a paternity or child support proceeding.

Testimony in support of this measure was submitted by the Department of the Attorney General. No testimony in opposition was received by your Committee.

Currently, section 576D-13, Hawaii Revised Statutes, requires the Child Support Enforcement Agency to reinstate the license suspension process from the beginning each time an obligor becomes delinquent on a repayment agreement that the obligor has entered into as a result of a prior license suspension action. Your Committee finds that this process is duplicative and causes delay in processing obligors for license suspension. Your Committee further finds that this measure will assist in making the child support enforcement process more efficient.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2287, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3143 Commerce, Consumer Protection and Housing on H.B. No. 1021

The purpose of this measure is to adopt policies and reforms to support the Public Utilities Commission (Commission) in its progressive and aggressive efforts to protect ratepayers and the public and implement the State's energy strategy.

Specifically this measure:

- (1) Increases the salaries of the Chairperson and the commissioners of the Commission;
- (2) Authorizes the Chairperson of the Commission to appoint utility analysts and legal assistants exempt from chapter 76, Hawaii Revised Statutes; and
- (3) Authorizes the Commission to suspend the collection of public utility fees when the Commission's special fund exceeds three million dollars.

Testimony in support of this measure was submitted by the Public Utilities Commission; the Division of Consumer Advocacy, Department of Commerce and Consumer Affairs; Hawaiian Electric Company, Inc.; Maui Electric Company, Ltd.; Hawaii Electric Light Company, Inc.; Young Brothers, Ltd.; Hawaii Transportation Association; Hawaii Energy Policy Forum; Rocky Mountain Institute; and Hawaii Renewable Energy Alliance. No testimony in opposition to this measure was submitted to your Committee.

Your Committee finds that the responsibilities, duties, and workload delegated to the Commission chairperson, its commissioners, and its staff have increased dramatically in recent years due, in part, to implementation of the State's Renewable Portfolio Standard, Net Energy Metering laws, and other energy issues. Your Committee further finds that the increased salaries for the Commission chairperson and the commissioners and the increased staffing specified in this measure will empower the Commission to promote progressive energy policies in this State.

Upon further consideration, your Committee has amended this measure by:

- (1) Adopting the amendment proposed by the Commission that requires the suspension of fees and surcharges that utilities charge their customers to recover public utility fees when the collection of public utility fees are suspended;
- (2) Adopting the amendment proposed by the Commission that requires the implementation of any periodic suspension of public utility fees in accordance with sections 269-12(b), 269-16(a), and 269-30, Hawaii Revised Statutes, and other relevant statutory provisions;
- (3) Requiring the Commission to conduct an in-depth review of its organization; develop a comprehensive restructuring plan; and submit a report to the Legislature twenty days before the convening of the Regular Session in 2007 that specifies the Commission's staffing needs, the funds required to restructure, and any proposed legislation to implement this restructuring; and
- (4) Changing the effective date of this measure from July 1, 2020, to July 1, 2050, to continue further discussion.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1021, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1021, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Sakamoto).

SCRep. 3144 (Joint) Education and Military Affairs and Commerce, Consumer Protection and Housing on H.B. No. 2934

The purpose of this measure is to authorize the issuance of general obligation bonds to renovate existing Kalaeloa structures into shelters for homeless veterans.

Your Committees received testimony in support of this measure from the Department of Defense Office of Veterans Services, the Department of Defense Advisory Board on Veterans Services, the Office of Hawaiian Affairs, US VETS-Hawaii, and three individuals.

Your Committees find that over 250,000 veterans are homeless across the nation on any given night, that one third of the U.S. male homeless population is made up of veterans, and that there are already veterans from the Iraqi incursion of 2003 that have become homeless since returning home to Hawaii. Your Committees further find that working with organizations like US VETS-Hawaii, which can access federal funds to provide veteran social services, shall relieve some of the financial burden on the State, leaving more state services available to others in need.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Commerce, Consumer Protection, and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2934, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 2 (Chun Oakland, Nishihara).

SCRep. 3145 (Joint) Media, Arts, Science and Technology and Commerce, Consumer Protection and Housing on H.B. No. 2836

The purpose of this measure is to protect the privacy of individuals by requiring the Department of Accounting and General Services through a governmental security task force, to develop a statewide information security protection program and policies that prevent unauthorized access to individual information collected or maintained by executive departments.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services.

Identity theft is one of the fastest growing crimes committed throughout the United States, including Hawaii. The privacy and financial security of individuals are increasingly at risk due to the widespread collection of personal information. Your Committees find that the Department of Accounting and General Services is currently in the process of establishing a cyber security office to address information security programs, policies, and procedures for the executive departments.

Your Committees have amended this measure by requiring the new cyber security office to establish a program that addresses information security needs for state agencies instead of creating a governmental information security task force. Additionally, your

Committees require that the cyber security office submit a report on its efforts to monitor, analyze, prevent, and mitigate cyber security issues for executive departments to the Legislature prior to the convening of the 2007 legislative session.

The Department of Accounting and General Services expressed concerns regarding establishing a statewide information security protection program that includes the University of Hawaii, the Department of Education, and certain quasi-independent agencies. The Department indicated that these departments and agencies may want to establish their own information security programs to address their own special requirements and express a degree of autonomy. In light of this concern, your Committees have amended this measure by requiring the Department to consult with the University of Hawaii, the Department of Education, and other attached agencies that may want to establish their own information security programs. Furthermore, your Committees have made technical, nonsubstantive amendments for style and consistency.

As affirmed by the records of votes of the members of your Committees on Media, Arts, Science, and Technology and Commerce, Consumer Protection, and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2836, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2836, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 1 (English).

SCRep. 3146 (Joint/Majority) Media, Arts, Science and Technology and Business and Economic Development on H.B. No. 2181

The purpose of this measure is to support the growth of the high-technology industry in the State.

The measure accomplishes this purpose by:

- (1) Establishing the Hawaii Innovations Partnership Corporation to:
 - (A) Provide research and development grants; and
 - (B) Invest in enterprises in the fields of advanced technology, life sciences, and renewable energy; and
- (2) Appropriates \$100,000,000 for this purpose.

At a previous public hearing, your Committees circulated a proposed Senate Draft of the measure (proposed S.D. 1). The proposed S.D. 1 deleted the substantive contents of the measure and replaced it with provisions that:

- (1) Establish a reworked but substantially similar version as in the H.D. 2 of the research and development grant program, named the Innovations Research and Development Grant Program, and place it within the High Technology Development Corporation; and
- (2) Combine the High Technology Development Corporation and the Hawaii Strategic Development Corporation into one entity by incorporating the majority of the Hawaii Strategic Development Corporation's statutes into a new subpart of the High Technology Development Corporation's chapter in the Hawaii Revised Statutes.

The Department of Business, Economic Development, and Tourism, University of Hawaii's University Connections program, the High Technology Development Corporation, and a private citizen submitted testimony in support of the proposed S.D. 1. The Hawaii Science and Technology Council, Energy Industries, Hawaii Biotech, Inc., Nanopoint, Inc., Hawaii Venture Capital Association, the tax director of PricewaterhouseCoopers, HR Biopetroleum, Hawaii Crop Improvement Association, and the Hawaii Technology Development Venture testified in support of the intent of the proposed S.D. 1, with concerns. Enterprise Honolulu, Pacificap Group, and the International Venture Fund testified in opposition to the proposed S.D. 1 and in support of the H.D. 2 version of the measure.

Your Committees have amended the proposed S.D. 1 by:

- (1) Requiring the Innovations Research and Development Grant Program to provide technical business support to projects funded by the grant program;
- (2) Reducing the size of the newly combined entity's board of directors from seventeen to fifteen and making the President of the University of Hawaii or the President's representative an ex-officio voting member of the High Technology Development Corporation's Board of Directors;
- (3) Requiring that the High Technology Development Corporation be subject to an annual audit by an independent auditor;
- (4) Reworking segments of the measure to ensure that conflicts of interest do not arise in the performance of the newly combined entity's duties and investment practices;
- (5) Renaming the Hawaii Technology Loan Revolving Fund the High Technology Research and Grant Special Fund and using it to fund the Innovations Research and Development Grant Program;
- (6) Transferring the Hawaii Strategic Development Corporation Revolving Fund to the newly combined entity and renaming it the High Technology Investment Fund;

- (7) Establishing a chief investment officer position for the newly combined entity and making additional amendments to ensure continuity of the strategic development program and its investments; and
- (8) Making technical, nonsubstantive changes for clarity, consistency, and style.

Your Committees note that, in crafting this amended measure, your Committees are not inventing new processes or creating new entities. Rather, your Committees are streamlining existing processes and combining entities that share the similar focus of nurturing and invigorating Hawaii's high technology-related sectors. Your Committees further note that, although the H.D. 2 version of the measure did appropriate \$100,000,000 to the corporation it created for high technology investment, the H.D. 2 did not appropriate any funds to the Hawaii Strategic Development Corporation, the currently existing entity that could immediately invest such moneys in high technology ventures. Your Committees believe that their amended version would provide a more immediate and direct benefit to Hawaii's high technology sector, without subjecting the private sector to the machinations of establishing another quasi-public entity to promote high technology development in the State.

Your Committees have left the investment ceilings and monetary amounts in the measure unspecified since your Committees believe that these issues are within the purview of the Committee on Ways and Means. However, your Committees note that the Committees intend to pursue the five-year funding mechanism that was originally contained in the House proposal and are currently exploring additional funding sources to ensure the long-term viability of the high technology investment program.

As affirmed by the records of votes of the members of your Committees on Media, Arts, Science, and Technology and Business and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2181, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2181, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 4. Noes, 1 (Trimble). Excused, 4 (English, Ihara, Menor, Sakamoto).

SCRep. 3147 Media, Arts, Science and Technology on H.B. No. 2419

The purpose of this measure is to enhance the Department of Taxation's computer system and to streamline its related operational procedures.

Specifically, the measure establishes a new Integrated Tax Information Management Systems Special Fund to:

- (1) Receive revenues from the integrated tax information management systems post-implementation revenue-generating initiatives; and
- (2) Be expended to pay for integrated tax information management systems performance-based contracts and administrative and operating expenses.

The Department of Taxation testified in support of this bill. The Tax Foundation of Hawaii offered comments.

Your Committee has amended the measure by:

- (1) Taking the proposed provisions that enable the Department of Taxation to negotiate and enter into performance-based contracts with private contractors to enhance its automated tax systems capabilities out of the Hawaii Revised Statutes and placing these provisions in uncodified statutory law;
- (2) Expanding the Department of Taxation's authority to execute performance-based contracts to contracts for the collection of taxes related to the Streamlined Sales Tax Agreement identified in chapter 255D, Hawaii Revised Statutes, and any county surcharge on the state general excise tax imposed pursuant to section 46-16.8, Hawaii Revised Statutes;
- (3) Changing the amount of revenue that is to be deposited into the Integrated Tax Information Management Systems Special Fund from ninety per cent of the revenue received from the integrated tax information management systems post-implementation initiatives to an amount that represents the increase over the average of the total amount of tax revenues collected under chapters 235, 237, and 238 in each of the three years preceding the execution of the performance based contract;
- (4) Deleting, from the Hawaii Revised Statutes, the old Integrated Tax Information Management Systems Special Fund language that was established under section 231-3.2, Hawaii Revised Statutes, since that special fund has been statutorily inoperative since July 30, 2005;
- (5) Repealing the Department of Taxation's authority to enter into performance-based contracts as established under Act 273, Session Laws of Hawaii 1996, to avoid inconsistency between the two authorizations;
- (6) Deleting the section that appropriates moneys out of the Integrated Tax Information Management Systems Special Fund;
- (7) Requiring that the Department of Taxation shall execute its performance-based contracts and work assignments in accordance with this measure and the following timelines:

- (A) For executing the Department of Taxation's integrated tax information management systems enhancements and related services contract – October 1, 2006;
 - (B) For implementing the requirements of the county surcharge on the state general excise tax as authorized under Act 247, Session Laws of Hawaii 2005 – January 1, 2007; and
 - (C) For implementing the requirements of the Streamlined Sales Tax as identified under chapter 255D, Hawaii Revised Statutes – October 1, 2007.
- (8) Changing the effective date from July 1, 2020, to upon approval; and
- (9) Making technical, nonsubstantive amendments for clarity, consistency, and style.

Your Committee included two amendments to sections 237-8.6 and 238-2.6, Hawaii Revised Statutes, as amended by Act 247, Session Laws of Hawaii 2005, at the request of the Department of Taxation. These amendments authorize the Department of Taxation to apply the performance-based contracting authority in the measure to contracts executed in 2006 for services contracted to implement the county surcharge on the state general excise tax and use taxes on imported services. The Department of Taxation subsequently submitted additional recommendations for amendments, some of which your Committee believes may be addressed through the rulemaking process.

Your Committee notes that, with regard to the addition of the Streamlined Sales Tax Agreement provisions, preliminary information from members of the Streamlined Sales Tax Governing Board indicates that, among states that began implementing voluntary collections in October 2005, those with recent tax information system upgrades were in a strong position to make the Streamlined Sales Tax transition smoothly. The state of Kansas, whose tax information software system was one that Hawaii's Integrated Tax Information Management Systems project was based on, is one such example.

In March, Kansas reported that four hundred fifty of the remote retailers registering with the Streamlined Sales Tax Governing Board's registration system are now collecting its out-of-state sales taxes. Furthermore, Kansas estimates that it will collect an additional \$12,000,000 from this source in 2006.

Accordingly, your Committee believes that Kansas' experience demonstrates the value of combining proposed tax information system upgrades with upcoming Department of Taxation obligations like the county surcharge and streamlined sales and use tax implementation. Careful planning and implementation timetables will not only save time and money, but will ensure the best use of critical, time-sensitive resources.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2419, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2419, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Ige).

SCRep. 3148 (Joint) Higher Education, Education and Military Affairs and Transportation and Government Operations on H.B. No. 1866

The purpose of this measure is to repeal the sunset date of Act 321, Session Laws of Hawaii 1986, which would give the Department of Education and the University of Hawaii permanent autonomous authority over accounting systems, and purchases of goods and services.

Your Committees received testimony in support of this measure from the University of Hawaii System; University of Hawaii at Manoa; University of Hawaii at Hilo; University of Hawaii – West Oahu; Honolulu Community College; Kapiolani Community College; Kauai Community College; Maui Community College; Leeward Community College; Hawaii Community College; Windward Community College; Department of Education; The Chamber of Commerce of Hawaii; The Hawaii Business Roundtable; and one individual. The only testimony in opposition was to the University of Hawaii by four individuals. Comments were received from the Department of Accounting and General Services.

Act 321, Session Laws of Hawaii 1986, provided for the University of Hawaii and the Department of Education to have greater autonomy over internal operations. The University and the department assumed authority and responsibility for all matters relating to the acquisition of goods and services, pre-audit payments, fund accounting, and business and accounting processes.

Your Committees recognize that Auditor Report No. 05-15, *Systemwide Financial Audit of the University of Hawaii System: Phase I*, December 2005, raised many concerns about the University of Hawaii's fiscal responsibility. The report stated, in pertinent part:

[stemming] from the university's failure to incorporate certain ePurchasing procedures into existing procedures for purchases under \$25,000, payments can be processed without verification of proper authorization. [The] Disbursing and Payroll Office simply assumes that small purchases are properly authorized since the purchase orders lack this documentation. This flaw in the design of current operating procedures could allow unit fiscal officers to bypass appropriate approvals for purchases of up to \$25,000.

[During] our review of Manoa's administration of general and tuition funds, we found instances in which the requisitioner or initiator of a purchase also signed off as the approving authority. The functions of both initiating and approving a purchase should be segregated. [The] university's failure to update its policies and procedures increases the risk that the improper usage of funds will occur and go undetected.

Once again, no reliable, adequate system of internal financial reporting exists for the Manoa campus. This makes it difficult for campus administration to monitor and evaluate unit and program performance, reducing accountability at those levels.

Without formal policies and procedures governing the administration of funds, including reporting process from the campus units to the manoa campus management, improprieties may go undetected. Furthermore, without the proper controls and financial reporting tools in place, the university will have difficulty identifying financial problems and addressing those problems in a timely manner.

The report concluded:

Although the University of Hawai'i currently benefits from a considerable amount of administrative flexibility, it has been striving toward greater autonomy. However, along with greater autonomy comes greater responsibility to the people of Hawai'i and the need to be fiscally accountable. As such, future recommendations for further autonomy must be carefully thought through by the Legislature and university in order to ensure that the appropriate resources and accountability mechanisms are available for the university to undertake added responsibilities.

Your Committees find that the university needs more time to demonstrate consistent fiscal responsibility.

Your Committees have amended this measure by extending the current exemption to June 30, 2010, as it applies to the University of Hawaii, and to repeal the sunset date of Act 321 as it applies to the Department of Education.

As affirmed by the records of votes of the members of your Committees on Higher Education and Education and Military Affairs and Transportation and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1866, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1866, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs and Vice Chair on behalf of the Committees.
Ayes, 9. Noes, none. Excused, 5 (Chun Oakland, Inouye, Kanno, Menor, Nishihara).

SCRep. 3149 Higher Education on H.B. No. 2040

The purpose of this measure is to establish the Senator Hiram L. Fong Scholarship Program at the University of Hawaii.

The Department of Education, the University of Hawaii System, the City and County of Honolulu, the Senator Hiram L. Fong Commission, and two individuals submitted testimony in support of this measure.

The Senator Hiram L. Fong Commission was established to determine how best to honor and recognize Senator Hiram L. Fong, a distinguished political, business, and community leader. Your Committee agrees with the commission's recommendation to establish and endow a Senator Hiram L. Fong Scholarship Program at the University of Hawaii. Your Committee finds that recommended program is an appropriate way to honor the memory of Senator Hiram L. Fong.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2040, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Chun Oakland, Inouye).

SCRep. 3150 Higher Education on H.B. No. 3158

The purpose of this measure is to appropriate \$84,000,000 to the University of Hawaii for utility, repair, and maintenance expenses of the University of Hawaii and its community colleges.

Your Committee circulated a proposed S.D. 1 version of the measure that deleted the substantive provisions of the measure and inserted provisions that provided appropriations to various programs of the University of Hawaii that directly benefit Hawaiian students and other students who are interested in Hawaiian programs.

Specifically, the proposed S.D. 1 appropriated funds to the following programs:

- (1) Kamakakūokalani Center for Hawaiian Studies within the School of Hawaiian, Asian, & Pacific Studies for two full time equivalent positions (\$95,000);
- (2) Kawaihuealani Hawaiian Language Department within the University of Hawaii College of Languages, Linguistics, and Literature for two full time equivalent positions (\$95,000);
- (3) Hawaiian Engineering within the University of Hawaii College of Engineering for one full time equivalent position (\$54,000);

- (4) Indigenous Politics within the University of Hawaii College of Arts and Science for one full time equivalent position (\$54,000);
- (5) Ka Papa Lo'i o Kānewai within the University of Hawaii School of Hawaiian, Asian, and Pacific Studies for one full time equivalent position (\$41,000);
- (6) Establish a master of arts degree in Hawaiian Studies within the University of Hawaii School of Hawaiian, Asian, and Pacific Studies for two and one-half full time equivalent positions (\$173,812);
- (7) Haumana Biosciences Research within the Pacific Biosciences Research Center for three full time equivalent positions (\$200,000);
- (8) 'Ike Ao Pono Nursing within the University of Hawaii School of Nursing and Dental Hygiene for one full time equivalent position (\$60,500); and
- (9) 'Imi Ho'ōla JABSOM Premedical within the University of Hawaii John A. Burns School of Medicine for four full time equivalent positions (\$245,000).

Your Committee received testimony in support of the proposed S.D. 1 from the University of Hawaii and over thirty private citizens.

As a part of the Ku Ali'i Council's supportive testimony, the Council requested that two additional programs be funded in the measure. These programs are:

- (1) The University of Hawaii College of Education's Ho'okulaiwi Hawaiian Teacher Education Program so that Ho'okulaiwi could add another cohort of twenty-two students per year, and eventually graduate sixty-six students a year who could teach in the Department of Education Hawaiian Immersion schools, English medium Hawaiian charter schools, or in any public school, especially where a large Hawaiian student population exists; and
- (2) The University of Hawaii School for Hawaiian, Asian, and Pacific Studies' Kualii Native Hawaiian Student Services program (\$160,490 to fund four full time equivalent positions) so that can service the 6,828 native Hawaiian students in the entire University of Hawaii system as well as the 1,644 native Hawaiian students at the Manoa campus. Currently, there is only one full time equivalent position at the University of Hawaii at Manoa to support all of these students.

While your Committee did not include the two program appropriations requested by the Ku Ali'i Council, your Committee has amended the proposed S.D. 1 by adding an additional appropriation to the measure for the Ho'okulaiwi Hawaiian Teacher Education Program within the University of Hawaii College of Education. The amount appropriated for this program is \$144,500 to fund three full time equivalent positions.

In the testimony provided by the University of Hawaii, the University stated that the programs included in the proposed S.D. 1 represent the University's top priorities for its Hawaiian culture- and language-related programs. While your Committee is supportive of the programs for which the Ku Ali'i Council requested funds, your Committee believes that they do not rise to the level of priority of those programs contained in the amended proposed S.D. 1. However, your Committee respectfully requests that the Committee on Ways and Means seriously consider funding these two programs, should funding become available.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3158, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3158, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Inouye).

SCRep. 3151 (Joint) Commerce, Consumer Protection and Housing and Transportation and Government Operations on H.B. No. 2240

The purpose of this measure is to require the Department of Accounting and General Services (DAGS) and the Hawaii Housing Finance and Development Corporation (HHFDA) to plan for public/private partnerships to construct affordable housing units on or adjacent to future state facilities, including on state property in Iwilei, Oahu.

Testimony in support of the measure was submitted by the Housing and Community Development Corporation of Hawaii and the Pacific Housing Assistance Corporation. The Department of Accounting and General Services testified that the measure is not necessary.

Your Committees find that although DAGS is already moving forward to assist in the development of the Iwilei parcel for an affordable housing project, this measure will put to rest the notion that a state office complex will be built on the site.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Housing and Transportation and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2240, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair and Vice Chair on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 3 (Hee, Kanno, Whalen).

SCRep. 3152 (Joint/Majority) Commerce, Consumer Protection and Housing and Water, Land, and Agriculture on H.B. No. 2994

The purpose of this measure is to preserve Kulana Nani as an affordable rental housing project. The measure has an effective date of July 1, 2020, to encourage further discussion.

Testimony in support of the measure was submitted by the Kulana Nani Resident Association. The Housing and Community Development Corporation of Hawaii testified that the measure should be amended to appropriate funds for land acquisition of Kulana Nani directly to the City and County of Honolulu, which operates the project.

Your Committees find that concern was expressed that the City and County of Honolulu may seek to dispose of the Kulana Nani project, and that state action is therefore required to preserve the project as affordable housing.

Your Committees have amended this measure to:

- (1) Delete the limitation on use of eminent domain for acquisition of Kulana Nani until after June 30, 2007;
- (2) Include a legislative declaration that acquisition of Kulana Nani by eminent domain is in the public interest and is required for public use;
- (3) Exempt acquisition of Kulana Nani from the provision of section 201G-16, Hawaii Revised Statutes, making condemnation of parcels greater than fifteen acres subject to legislative disapproval;
- (4) Clarify that the income restrictions of the Kulana Nani project shall remain those in effect on the date of this Act;
- (5) Replace the sum appropriated with a blank amount; and
- (6) Make technical, nonsubstantive amendments for style.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Housing and Water, Land, and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2994, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2994, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, 2 (Hemmings, Hogue). Excused, 2 (English, Fukunaga).

SCRep. 3153 (Joint) Commerce, Consumer Protection and Housing and Water, Land, and Agriculture on H.B. No. 3067

The purpose of this measure is to establish, and authorize the State to invest in, linked investments to provide loan funds for agriculture. The measure contains an effective date of July 1, 2020, for purposes of further discussion.

Testimony in support of the intent of the measure was submitted by the Department of Agriculture. The Department of Budget and Finance expressed concerns and requested two amendments to the measure.

Your Committees find that this measure will expand the amount of affordable loan funds for agriculture by allowing private lending institutions to provide operating loan funds at favorable rates to agricultural enterprises that would not otherwise qualify for loans from the Department of Agriculture.

Your Committees have amended the measure to:

- (1) Prohibit state liability for payment of an outstanding loan;
- (2) Prevent investment of state funds at below-market yields;
- (3) Provide a definition of real property for purposes of the measure;
- (4) Require that viability of an agricultural business plan be determined by the Agribusiness Development Corporation; and
- (5) Make technical, nonsubstantive amendments for clarity and style.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Housing and Water, Land, and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3067, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 3067, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 9. Noes, none. Excused, 2 (English, Fukunaga).

SCRep. 3154 (Joint/Majority) Commerce, Consumer Protection and Housing and Water, Land, and Agriculture on H.B. No. 2566

The purpose of this measure is to increase the number of affordable housing units in Honolulu's urban core, specifically the Kakaako development area. The measure has an effective date of July 1, 2020, to encourage further discussion.

Testimony in support of the measure was submitted by the Hawaii Community Development Authority (HCDA) and three individuals. The Department of Budget and Finance did not support the measure.

Your Committees find that this measure will provide developers with an incentive to build or rehabilitate affordable housing on lands controlled by HCDA, adding another tool to assist HCDA with its mandate to develop Kakaako and assure that much-needed affordable housing is made available for the residents of Oahu. At the same time, the measure restricts the use of any funds for residential development in the Kakaako Makai area in the event that plans for that area are rescinded and future state policy is reconsidered.

Your Committees have amended the measure to:

- (1) Correct the reference to Kakaako Makai area;
- (2) Provide that HCDA may adopt additional criteria for project assistance by rule;
- (3) Replace the sum appropriated with a blank amount; and
- (4) Make technical, nonsubstantive amendments for clarity and style.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Housing and Water, Land, and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2566, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2566, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, 1 (Hemmings). Excused, 2 (English, Fukunaga).

SCRep. 3155 Commerce, Consumer Protection and Housing on H.B. No. 1852

The purpose of this measure is to make an appropriation for the condemnation of land in Nanakuli for a public housing project.

Your Committee received testimony in support of the measure from the Iron Workers Stabilization Fund. The Housing and Community Development Corporation of Hawaii submitted testimony in opposition to this measure.

This measure directs the Hawaii Public Housing Administration to commence eminent domain proceedings for the condemnation of a certain one hundred seventy-two acre parcel of real property in Nanakuli that is suitable and desirable for the development of a public housing project. Your Committee finds that this measure will assist in providing low to moderately priced housing for Oahu residents.

In order to promote additional discussion on this measure, your Committee has changed the effective date to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1852, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1852, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3156 Commerce, Consumer Protection and Housing on H.B. No. 3115

The purpose of this measure is to improve oversight of the petroleum industry to prevent it from engaging in unfair practices.

Among other things, this measure:

- (1) Establishes the petroleum industry monitoring, analysis, and reporting program, which requires refiners and distributors to report information to the Public Utilities Commission;
- (2) Establishes the automated petroleum industry information reporting system to be maintained by the Public Utilities Commission;
- (3) Establishes the petroleum industry monitoring, analysis, and reporting special fund and makes an appropriation to the fund to establish the petroleum industry monitoring, analysis, and reporting program;
- (4) Suspends the duties of the Public Utilities Commission relating to the gasoline price cap program;

- (5) Repeals gasoline price caps, effective July 1, 2008; and
- (6) Prohibits misrepresentations and unlawful profiteering by the petroleum industry and makes them punishable as unlawful trade practices.

Your Committee received testimony in support of this measure from The Chamber of Commerce of Hawaii, the Department of Commerce and Consumer Affairs, Aloha Petroleum, Ltd., Mid Pac Petroleum, and one individual. Your committee received testimony in opposition to this measure from Citizens Against Gasoline Price Gouging, Kokua Council, and two individuals. Your Committee received comments on this measure from the Public Utilities Commission, the Department of Business, Economic Development and Tourism, the Department of Budget and Finance, Voter Owned Elections Hawaii, the Gas Company, Western States Petroleum Association, and Shell Oil.

Your Committee finds that the present gasoline pricing law has been working as intended. Pricing regulation has forced the oil companies, for the first time, to lower prices when mainland prices have fallen.

Your Committee finds, however, that in its present form, this measure is seriously flawed, riddled with loopholes for gasoline wholesalers who have gouged Hawaii consumers for years. The significant flaws in the measure fall into two areas. First, the measure claims to establish a system of transparency, but in fact reduces transparency by keeping the oil companies' pricing information confidential, and allowing them to withhold data from the Public Utilities Commission and the public that is essential to monitor the industry's behavior to preclude price fixing. Second, the measure has no teeth. It completely eliminates any mechanism to require the oil companies to lower prices. In essence, it would return the State to the past, when the oil companies reigned supreme in a noncompetitive market.

Despite the success of the present law, your Committee finds that there is a lack of political will to maintain the price ceiling in its present form. Critics have blamed the price ceiling for high gasoline prices. They have repeatedly stated that prices would be lower and more competitive if the State did not have gasoline price regulation in place. However, your Committee finds that Hawaii gasoline prices will not go down to competitive levels without increased transparency and government pressure.

To effectuate a compromise between critics and supporters of the current gasoline pricing law, your Committee has amended this measure to suspend indefinitely the maximum wholesale price ceiling, while leaving mechanisms in place to ensure oil companies do not again raise prices artificially high. The oil companies would be able to set prices at whatever levels they want subject to certain safeguards to protect consumers.

As amended, the measure would create a fair price indicator based on a reformulation of the existing wholesale gasoline price ceiling under section 486H-13, Hawaii Revised Statutes. After the maximum wholesale price ceiling is suspended, the Public Utilities Commission still would be required to calculate and report this price ceiling as a benchmark to enable the public to see what the wholesale price would have been if a gasoline price ceiling were in effect. In addition, the fair price indicator would enable the public to hold the oil companies accountable for their pricing practices.

The fair price indicator would serve an additional purpose by providing a remedy if the oil companies return to their previous practices of overcharging Hawaii consumers. Under the proposed amendments, if the wholesale price of gasoline went above the fair price level and remained there for two consecutive weeks, it would trigger the reinstatement of the maximum wholesale price ceiling for two weeks, after which time the ceiling would be suspended again. This would ensure that if the oil companies did what their champions claim they will not do—namely, price above the fair price level—Hawaii's consumers will not be left defenseless.

Your Committee also amended this measure to create a true and effective system of transparency that would disclose actual wholesale prices and allow consumers to compare them with what prices would have been if a price ceiling were in place. As amended, the measure would ensure that elected officials and the public will have all of the data they need to effectively monitor the pricing schemes and anti-competitive practices of the oil industry.

Your Committee recognizes that a major goal of transparency is to raise the curtain of secrecy around industry-pricing practices to deter price-fixing and other anti-competitive practices. As amended, the measure would require the industry to report to the Public Utilities Commission sales volumes and the effective date, time, and amount of changes in wholesale prices for gasoline and diesel. Within fourteen days of receipt of this information, the Public Utilities Commission would be required to use the best technology available to publicly disclose the sales and pricing data that the industry reports. The Public Utilities Commission still would keep the industry's legitimately confidential information under seal.

In adopting these amendments, your Committee is doing its best to accommodate the desire of members of the House of Representatives to adopt transparency and monitoring measures, to put on hold the mandatory price ceiling, and to give oil companies given greater latitude in setting prices. However, the amendments also address the belief of consumer advocates and this Committee that the State must have some kind of fallback mechanism in place to roll back prices should the oil companies resort to raising prices artificially high.

This measure would put the critics of the gasoline pricing law, especially gasoline wholesalers, to the test. The State will see how the oil companies respond if the gasoline price ceiling is suspended to give oil companies and wholesalers greater freedom in setting gasoline prices.

Your Committee has amended this measure by:

- (1) Providing increased industry transparency;

- (2) Suspending the current maximum wholesale price ceiling while leaving mechanisms in place to ensure oil companies do not further raise prices artificially high; and
- (3) Increasing savings for consumers if oil companies attempt to maintain artificially high prices, by creating a fair price indicator based on the following adjustments to the formula for the former maximum wholesale gasoline price:
 - (a) Adding the Singapore spot daily price to determinations of baseline prices, with the lowest three of the four average weekly geographic prices averaged for the state baseline;
 - (b) In the event of a holiday or holidays, requiring the Public Utilities Commission to use average of remaining business days of the prior week;
 - (c) Removing the location adjustment factor;
 - (d) Reducing the marketing margin factor to 14 cents;
 - (e) Allocating different percentages of zone price adjustments to different distributors performing different functions; and
 - (f) Providing for adjustment of zone price adjustments and allocation of zone price adjustments on a zone by zone basis.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3115, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3115, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3157 Commerce, Consumer Protection and Housing on H.B. No. 2966

The purpose of this measure is to effectuate the implementation plan prepared by the Housing and Community Development Corporation of Hawaii to create two separate state housing agencies, the Hawaii Housing Finance and Development Corporation, and the Hawaii Public Housing Authority; to make necessary technical and conforming amendments to relevant statutory provisions; and to appropriate funds for implementation of the plan. The measure contains an effective date of July 1, 2020, for purposes of encouraging further discussion.

Testimony in support of the measure was submitted by the Housing and Community Development Corporation of Hawaii (with recommended amendments).

Your Committee finds that the burden of administering the public housing projects in the State has overshadowed the ability of the Housing and Community Development Corporation of Hawaii to pay sufficient attention to the financing and development of affordable housing. Accordingly, as required by Act 196, Session Laws of Hawaii 2005, the Corporation will be split into two organizations to more effectively concentrate on the development of affordable housing. This measure is a result of the implementation plan prepared by the Corporation for the reorganization of the State's housing functions, in compliance with Act 196.

Your Committee has amended this measure by replacing its contents with the contents of S.B. No. 2952, S.D. 1, which are substantively similar, except for technical differences. As amended, the measure also:

- (1) Restores the Director of Budget and Finance and the Governor's representative to the Board of Directors of the Hawaii Housing Finance and Development Corporation;
- (2) Restores the Governor's representative to the Board of Directors of the Hawaii Public Housing Authority;
- (3) Allows the Boards of Directors of each agency to set the salary of the Executive Director and the Executive Assistant;
- (4) Provides for continuation of the eviction process for public housing, and clarifies that the process applies only to federal housing;
- (5) Provides for the continuation of teacher housing until its eventual transfer to the Department of Education; and
- (6) Provides for the transfer of functions, personnel, property, and documents to from the Housing and Community Development Corporation of Hawaii to the Hawaii Public Housing Authority.

Your Committee has further amended this measure to:

- (1) Allow public assistance recipients to receive state rent supplements;
- (2) Limit the use and payment of administrative expenses from the dwelling unit revolving fund;
- (3) Exempt the Kikala-Keokea revolving fund from appropriation and allotment; and

- (4) Make technical, nonsubstantive amendments for clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2966, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2966, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 3158 Commerce, Consumer Protection and Housing on H.B. No. 3036

The purpose of this measure is to provide for prompt payment of a subcontractor or materialman upon completion of the work or materials required under the contract, by establishing a certificate of completion procedure that functions as a lien on the property.

Testimony in support of this measure was submitted by Mutual Welding Company Ltd.; S and M Welding Co. Ltd.; South Pacific Steel Corp.; Paradise Erectors, Inc.; Iron Workers Stabilization Fund; the Subcontractors Association of Hawaii; the Roofing Contractors Association of Hawaii; the Hawaii Flooring Association; the Electrical Contractor Association of Hawaii; the Steel Fabricators and Erectors of Hawaii; the Painting and Decorating Contractors Association of Hawaii; and one individual. Testimony in opposition to this measure was submitted by the Building Industry Association of Hawaii; Mouse Builders, Inc.; Co-Ha Builders, Inc.; The Pacific Resource Partnership; HSI Mechanical Inc.; American Electric Co., LLC; JD Equipment Services, Inc.; Actus Lend Lease LLC; and the General Contractors Association of Hawaii. The Department of Accounting and General Services submitted comments.

Your Committee finds that this measure is a work in progress that requires continued discussion. At the hearing, the Department of Accounting and General Services proposed amendments to sections 103-10.5, 103-32.1, and 103D-501(b), Hawaii Revised Statutes. Testifiers in support and in opposition to the measure testified that they were conceptually in agreement with the Department of Accounting and General Service's proposed amendments. Following the hearing, the affected parties met and drafted a proposed draft that was presented to your Committee.

Upon further consideration, your Committee has amended this measure by:

- (1) Deleting all of its original provisions;
- (2) Providing that a subcontractor shall be entitled to payment from an agency under specific circumstances as delineated in the proposed draft;
- (3) Adopting provisions delineated in the proposed draft that allow a contractor or a subcontractor, with specific notice to the subcontractor and the procurement officer, to negotiate provisions that direct the paying agency to retain a specified percentage of each progress payments and permit the contractor or subcontractor to make a determination that a subcontractor's payment may be withheld;
- (4) Adopting provisions delineated in the proposed draft that provide for the determination and payment of an interim price by a governmental body in the absence of agreements between the parties; and
- (5) Changing the effective date from January 1, 2050, to July 1, 2050, to encourage further discussion on this measure.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3036, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3036, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Hogue).

SCRep. 3159 Commerce, Consumer Protection and Housing on H.B. No. 2991

The purpose of this measure is to adopt legislation allowing the implementation of Article VII, Section 12 of the State Constitution that permits the issuance of special purpose revenue bonds for governmental programs for low- and moderate-income housing. The measure contains an effective date of July 1, 2096, to encourage discussion.

Testimony in support of the measure was submitted by the Senior Policy Advisor to the Governor, the Department of Budget and Finance, UniDev LLC, Hawaii Reserves, Inc., and Hawaii Association of Realtors.

Your Committee finds that this measure will allow access to funds for affordable housing projects and infrastructure at less than prevailing market rates. For large projects, the cost savings from lower interest rates could be quite substantial.

Your Committee is concerned that as drafted, this measure may not pass constitutional muster. Accordingly, your Committee has replaced the contents of section 2 of the measure with the contents of section 2 of S.B. No. 2999, S.D. 1, while retaining existing language defining low- and moderate-income housing project. The effect of this amendment is to permit issuance of special purpose revenue bonds for public instrumentalities and their qualified affiliates, rather than for not-for-profit private organizations. With this

amendment, the measure will be more consistent with a constitutionally enumerated authorized purpose of special purpose revenue bonds, which may be issued for low- and moderate-income government housing programs.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2991, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2991, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3160 Commerce, Consumer Protection and Housing on H.B. No. 2239

The purpose of this measure is to appropriate funds and authorize eminent domain proceedings for the acquisition of the Kukui Gardens property from Kukui Gardens Corporation.

Testimony in support of the measure was submitted by the Housing and Community Development Corporation of Hawaii (with suggested amendments), two members of the Honolulu City Council, the Affordable Housing and Homeless Alliance, the Hawaii Association of Realtors, Empower Oahu, Solidarity with the Homeless, and thirty-two individuals.

Your Committee finds that this measure is necessary to acquire Kukui Gardens in the public interest and for public use as an affordable housing project, by exercise of the power of eminent domain. Your Committee further finds that it is necessary to provide for the public financing of the acquisition of Kukui Gardens by condemnation through the expenditure of general funds and any available revenue bond proceeds and private funds at the disposal of the State.

Your Committee has amended the measure to:

- (1) Delete the limitation on use of eminent domain for acquisition of Kukui Gardens until after June 30, 2007;
- (2) Include a legislative declaration that acquisition of Kukui Gardens by eminent domain is in the public interest and is required for public use;
- (3) Exempt acquisition of Kukui Gardens from the provision of section 201G-16, Hawaii Revised Statutes, making condemnation of parcels greater than fifteen acres subject to legislative disapproval; and
- (4) Make technical, nonsubstantive amendments for style.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2239, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2239, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3161 Commerce, Consumer Protection and Housing on H.B. No. 2176

The purpose of this measure is to implement many of the recommendations of the Joint Legislative Housing and Homeless Task Force. Specifically, this measure:

- (1) Authorizes rent supplement funds to be used for operating expenses of state low-income housing;
- (2) Allows public assistance recipients to receive rental income supplements;
- (3) Increases the amount of conveyance tax revenues deposited into the rental housing trust fund;
- (4) Allows state-owned parcels to be leased for development of self-help housing;
- (5) Requires state-owned parcels to be identified and transferred to the Hawaii Housing Finance and Development Administration for affordable housing development;
- (6) Appropriates general funds for homeless and transitional housing and services;
- (7) Appropriates general funds to repair and modernize vacant public housing units; and
- (8) Appropriates general funds for interim construction loans for self-help housing.

The measure contains an effective date of July 1, 2010, to encourage further discussion.

Testimony in support of this measure was submitted by the Senior Policy Advisor to the Governor, the Housing and Community Development Corporation of Hawaii, the Office of Hawaiian Affairs, the Affordable Housing and Homeless Alliance, the Institute for

Human Services, Hawaii Habitat for Humanity, Partners in Care, and Hawaii Association of Realtors. The Department of Taxation and Tax Foundation of Hawaii offered comments.

Your Committee finds that this measure will provide additional financing tools and resources, including access to capital, to preserve and develop more affordable housing. The approach taken is a significant step in the right direction toward addressing the housing crisis in Hawaii, and will have a positive impact on the quality of life for all residents of Hawaii. However, still more needs to be done to implement the recommendations of the Joint Legislative Housing and Homeless Task Force, as reflected in provisions of S.B. No. 2999, S.D. 1.

Accordingly, your Committee has amended this measure to:

- (1) Establish a new state affordable housing tax credit, decoupled from the federal tax credit;
- (2) Reestablish the downpayment loan revolving fund;
- (3) Require sale of decommissioned state public housing units;
- (4) Require developer partners to provide a reasonable number of (rather than primarily provide) lower-income housing units;
- (5) Update references to security interests for housing project bonds;
- (6) Clarify preferences to be given in funding eligible rental housing;
- (7) Increase the low-income renters' income tax credit and eligibility therefor; and
- (8) Authorize issuance of general obligation bonds to finance downpayment loans for first-time (non-owner) homebuyers, and appropriate funds therefor.

Your Committee has also made technical, nonsubstantive amendments consistent with S.B. No. 2999, S.D. 1, and S.B. No. 2958, S.D. 1 and S.D. 2, for consistency, clarity, form, and style.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2176, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2176, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3162 (Joint) Commerce, Consumer Protection and Housing and Water, Land, and Agriculture on H.B. No. 2964

The purpose of this measure is to authorize special leases of land to qualified nonprofit organizations providing affordable housing.

Testimony in support of the measure was submitted by the Housing and Community Development Corporation of Hawaii (with amendment).

Your Committees find that private nonprofit organizations are an important part of the solution to the affordable housing crisis, and will make beneficial use of land leased for ninety-nine years at a rent of \$1 per year to provide housing affordable to households at or below one hundred forty percent of the median family income.

Your Committees have amended this measure to:

- (1) Insert a reference to the general powers of the Hawaii Housing Finance and Development Corporation (HHFDA); and
- (2) Delete the limitation that qualified nonprofit organizations be operated in accordance with rules of the HHFDA.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Housing and Water, Land, and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2964, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2964, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 9. Noes, none. Excused, 2 (English, Fukunaga).

SCRep. 3163 (Joint) Transportation and Government Operations and Intergovernmental Affairs on H.B. No. 2508

The purpose of this measure is to clarify that if the appraised value of a vehicle is less than \$1,000, the requirements for public auction of the vehicle may be waived and the vehicle disposed of after public notice pursuant to law.

Your Committees received testimony in support of this measure from the Honolulu Department of Customer Services; Mayor of Maui; and Windward Ahupua'a Alliance.

Your Committees find that this measure would allow for the faster disposal of towed abandoned vehicles while maintaining the public notice requirements for the owner to claim a vehicle before it is finally disposed. Vehicles that are damaged or missing parts and are in such poor condition as to be valued at less than \$1,000 are rarely claimed by its owner or sold at public auction.

Your Committees have amended this measure by changing the effective date to July 1, 2006.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2508, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2508, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Vice Chair and Chair on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 4 (Hee, Inouye, Kanno, Nishihara).

SCRep. 3164 (Joint) Education and Military Affairs and Transportation and Government Operations on S.C.R. No. 12

The purpose of this measure is to call on the Department of Defense to use its available funding to develop a comprehensive Homeland Security Plan in conjunction with state and local government agencies and present it to the Legislature for approval.

Comments to this measure were received from the State Department of Defense.

Your Committees find that the development of a comprehensive Homeland Security Plan that incorporates state and local government agencies is necessary to best protect Hawaii's people from terrorist incidents.

Your Committees have amended this measure by:

- (1) Noting an increased amount of available federal funding from \$45,000,000 to \$80,000,000;
- (2) Setting forth three additional elements to the Homeland Security Plan which include the identification of necessary infrastructure for potential procurement, and the increase of communications capability and responder capabilities to protect against terrorist attacks; and
- (3) Making technical, nonsubstantive amendments.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Transportation and Government Operations that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 12, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 12, S.D. 1.

Signed by the Chair and Vice Chair on behalf of the Committees.
Ayes, 9. Noes, none. Excused, 4 (Hee, Inouye, Kanno, Tsutsui).

SCRep. 3165 (Joint) Education and Military Affairs and Transportation and Government Operations on S.R. No. 2

The purpose of this measure is to call on the Department of Defense to use its available funding to develop a comprehensive Homeland Security Plan in conjunction with state and local government agencies and present it to the Legislature for approval.

Comments to this measure were received from the State Department of Defense.

Your Committees find that the development of a comprehensive Homeland Security Plan that incorporates state and local government agencies is necessary to best protect Hawaii's people from terrorist incidents.

Your Committees have amended this measure by:

- (1) Noting an increased amount of available federal funding from \$45,000,000 to \$80,000,000;
- (2) Setting forth three additional elements to the Homeland Security Plan which include the identification of necessary infrastructure for potential procurement, and the increase of communications capability and responder capabilities to protect against terrorist attacks; and
- (3) Making technical, nonsubstantive amendments.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Transportation and Government Operations that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 2, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 2, S.D. 1.

Signed by the Chair and Vice Chair on behalf of the Committees.
Ayes, 9. Noes, none. Excused, 4 (Hee, Inouye, Kanno, Tsutsui).

SCRep. 3166 Human Services on S.C.R. No. 144

The purpose of this measure is to urge the development of a long-term care infrastructure plan for Hawaii.

Your Committee received testimony in support of the measure from the Department of Human Services, the Department of Health, and the Hawaii Long Term Care Association.

Your Committee finds that this measure will enable interested stakeholders to examine the challenges facing the State's aging population, review available services, analyze existing state and county laws and regulations, consider the current long-term care bed capacity and projections for future needs, and develop a comprehensive long-term care infrastructure plan to ensure public safety while supporting aging in place initiatives.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 144, as amended herein, and recommends that it be referred to the Committee on Health, in the form attached hereto as S.C.R. No. 144, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Fukunaga, Kokubun).

SCRep. 3167 Human Services on S.R. No. 89

The purpose of this measure is to urge the development of a long-term care infrastructure plan for Hawaii.

Your Committee received testimony in support of the measure from the Department of Human Services, the Department of Health, and the Hawaii Long Term Care Association.

Your Committee finds that this measure will enable interested stakeholders to examine the challenges facing the State's aging population, review available services, analyze existing state and county laws and regulations, consider the current long-term care bed capacity and projections for future needs, and develop a comprehensive long-term care infrastructure plan to ensure public safety while supporting aging in place initiatives.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 89, as amended herein, and recommends that it be referred to the Committee on Health, in the form attached hereto as S.R. No. 89, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Fukunaga, Kokubun).

SCRep. 3168 Commerce, Consumer Protection and Housing on S.R. No. 37

The purpose of this measure is to urge the owners of Kukui Gardens to sell the project to a qualified affordable housing non-profit organization that will make a reasonable offer to purchase the property.

Testimony in support of the measure was submitted by the Housing and Community Development Corporation of Hawaii, two members of the Honolulu City Council, the Affordable Housing and Homeless Alliance, the League of Women Voters of Honolulu, the Hawaii Association of Realtors, Faith Action for Community Equity (FACE), Solidarity with the Homeless, and thirty-five individuals.

Your Committee finds that a reasonable offer to purchase Kukui Gardens by a nonprofit housing organization will preserve the complex for future affordable housing, allow the existing tenants to remain in their housing, and preserve the character of the historic Chinatown neighborhood. The residents of Kukui Gardens deserve to be a party to the transaction because they are the ones most at risk if the sale is not handled equitably. All will benefit from the active intervention of the State to ensure that there is no negative impact on current and future residents.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 37 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3169 Commerce, Consumer Protection and Housing on S.C.R. No. 58

The purpose of this measure is to urge the owners of Kukui Gardens to sell the project to a qualified affordable housing non-profit organization that will make a reasonable offer to purchase the property.

Testimony in support of the measure was submitted by the Housing and Community Development Corporation of Hawaii, two members of the Honolulu City Council, the Affordable Housing and Homeless Alliance, the League of Women Voters of Honolulu, the Hawaii Association of Realtors, Faith Action for Community Equity (FACE), Solidarity with the Homeless, and thirty-five individuals.

Your Committee finds that a reasonable offer to purchase Kukui Gardens by a nonprofit housing organization will preserve the complex for future affordable housing, allow the existing tenants to remain in their housing, and preserve the character of the historic Chinatown neighborhood. The residents of Kukui Gardens deserve to be a party to the transaction because they are the ones most at risk if the sale is not handled equitably. All will benefit from the active intervention of the State to ensure that there is no negative impact on current and future residents.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 58 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3170 Business and Economic Development on Gov. Msg. No. 250

Recommending that the Senate advise and consent to the nomination of the following:

SMALL BUSINESS REGULATORY REVIEW BOARD

G.M. No. 250 CHARLES K. H. AU, for a term to expire 6-30-2009

CHARLES K. H. AU has been serving as an interim member of the Small Business Regulatory Review Board since November 2005, and brings to the Board a wealth of knowledge in public accounting and taxes. He is a certified public accountant and has been a partner of Erwin, Cabrinha, and Au, LLP, since 1996. Mr. Au received his Bachelors in Business Administration in accounting from the University of Hawaii at Manoa and worked for Arthur Andersen in Hawaii before joining his current firm and becoming a partner. Currently, he is a member of the Chinese Jaycees, the American Institute of Certified Public Accountants, and the Hawaii Society of Certified Public Accountants, of which he is also a member of the tax committee.

Your Committee received testimony in support of Mr. Au's nomination from the Department of Business, Economic Development, and Tourism; the Small Business Regulatory Review Board; Kobayashi Sugita & Goda, L & I Realty, Inc.; FOPCO, Inc.; ATCO Software, Inc.; Associated Builders and Contractors, Inc., Hawaii Chapter; Benefit Services of Hawaii, Inc.; Hicks Homes; AIG VALIC Financial Advisors, Inc.; Aylward Enterprises, Inc.; Copart Auto Auctions; and Mass Mutual Financial Group - The Hawaii Agency.

Your Committee finds that the Small Regulatory Review Board needs a representative from Oahu with experience in accounting, and Mr. Au's wealth of knowledge and experience in accounting will be an asset to the Board.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Menor).

SCRep. 3171 Business and Economic Development on Gov. Msg. No. 258

Recommending that the Senate advise and consent to the nomination of the following:

COMMUNITY-BASED ECONOMIC DEVELOPMENT ADVISORY COUNCIL

G.M. No. 258 JOHN ISOBE, for a term to expire 6-30-2010

JOHN ISOBE has served faithfully for four years as the Vice-Chairperson of the Community-Based Economic Development Advisory Council. He received his Bachelor of Arts degree from the University of Hawaii at Manoa and for over twenty years has held various positions within the financial community of Kauai. As the former Deputy Director of Finance for Kauai County and the current Training Coordinator for Kauai Community College, he has guided the community of Kauai in implementing initiatives that increase economic development and capacity building.

Your Committee received testimony in support of Mr. Isobe's nomination from the Department of Business, Economic Development, and Tourism (DBEDT), the Pahio Resorts, and the Hawaii Community Foundation.

Your Committee finds that Mr. Isobe's expertise and experience with community development on Kauai has proven to be a valuable resource for the Community-Based Economic Development (CBED) Program and for the community of Kauai. He will continue to plan an important role in assisting and guiding the CBED Program with fulfilling its goals and objectives. Through his current position at the Kauai Community College, it is anticipated that Mr. Isobe will continue to be an excellent DBEDT and CBED Program liaison with the communities of Kauai.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Menor).

SCRep. 3172 Health on Gov. Msg. Nos. 280, 281 and 282

Recommending that the Senate advise and consent to the nominations of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, MAUI SERVICE AREA BOARD

G.M. No. 280 THOMAS E. ABBOTT, SR., for a term to expire 6-30-2010;

G.M. No. 281 DONNA DARLENE HANSEN, for a term to expire 6-30-2010; and

G.M. No. 282 EILEEN ANNE LANG, for a term to expire 6-30-2010

Your Committee reviewed the personal histories, resumes, and statements submitted by the nominees, and finds the nominees to have the necessary qualifications to be appointed to the Mental Health and Substance Abuse, Maui Service Area Board.

Your Committee received testimony in support of THOMAS E. ABBOTT, Sr. from the Department of Health. Dr. Abbott currently serves on the Mental Health and Substance Abuse, Maui Service Area Board as director and is being nominated for a second term. Dr. Abbott is a licensed psychologist with over seventeen years of experience. He has earned a Master's degree in Psychology from Pepperdine University and a Ph.D. in Psychology from the University of Southern California. He has served as Program Director and Clinical Director of the Crisis Outreach and Outpatient Services Program of Mental Health Kokua. Dr. Abbott's expertise, experience, and community service record make him a valuable asset to the Mental Health and Substance Abuse, Maui Service Area Board.

Your Committee received testimony in support of DONNA DARLENE HANSEN from the Department of Health, the Mental Health Association in Hawaii-Maui County Branch, and two individuals. Ms. Hansen currently serves on the Mental Health and Substance Abuse, Maui Service Area Board and is being nominated for a second term. She has been a community advocate for services for individuals with mental illness. She has also dedicated her time and efforts to community affiliations that work towards suicide prevention. Ms. Hansen is a parent of a consumer, and her insight, experience, and compassion are integral to the success of the Mental Health and Substance Abuse, Maui Service Area Board.

Your Committee received testimony in support of EILEEN ANNE LANG from the Department of Health. Ms. Lang currently serves on the Mental Health and Substance Abuse, Maui Service Area Board and is being nominated for a second term. She has earned a Master's degree in Social Work from the University of Hawaii. She is the Chemical Dependency Program Director at Ka Hale A Ke Ola Homeless Resource Center on Maui and she privately counsels individuals battling substance abuse. Ms. Lang is a role model for success. In addition to her education and professional experience, her personal experiences enable her to be an integral member of the Mental Health and Substance Abuse, Maui Service Area Board.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3173 Energy, Environment, and International Affairs on S.R. No. 40

The purpose of this measure is to request Hawaii's Congressional delegation to support legislation requiring the United State Department of Defense to locate and remove chemical and conventional munitions that were dumped at sea following World War II.

The Conservation Council for Hawaii, the Chamber of Commerce of Hawaii, and Life of the Land submitted testimony in support of this measure.

The Chamber of Commerce of Hawaii testified that the Deputy Assistant Secretary of the Army for Environment, Safety, and Public health confirmed that research indicates that chemical weapons were disposed of in five locations off the shores of Oahu. The Army is allegedly near the completion of study on the disposal of chemical weapons at sea, including the blistering agent lewisite. Your Committee finds that members of Hawaii's Congressional delegation should be urged to press for legislation requiring the United States Department of Defense to locate and remediate chemical and conventional munitions dumped at sea to protect the public and environment from potentially harmful effects.

Your Committee has amended this measure by:

- (1) Deleting the first "BE IT RESOLVED" clause, as suggested by Life of the Land, because it conflicts with the second "BE IT RESOLVED" clause; and
- (2) Making technical, non-substantive changes for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 40, as amended herein, and recommends that it be referred to the Committee on Education and Military Affairs, in the form attached hereto as S.R. No. 40, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Kokubun).

SCRep. 3174 Energy, Environment, and International Affairs on S.C.R. No. 63

The purpose of this measure is to request Hawaii's Congressional delegation to support legislation requiring the United State Department of Defense to locate and remove chemical and conventional munitions that were dumped at sea following World War II.

The Conservation Council for Hawaii, the Chamber of Commerce of Hawaii, and Life of the Land submitted testimony in support of this measure.

The Chamber of Commerce of Hawaii testified that the Deputy Assistant Secretary of the Army for Environment, Safety, and Public health confirmed that research indicates that chemical weapons were disposed of in five locations off the shores of Oahu. The Army is allegedly near the completion of study on the disposal of chemical weapons at sea, including the blistering agent lewisite. Your Committee finds that members of Hawaii's Congressional delegation should be urged to press for legislation requiring the United States Department of Defense to locate and remediate chemical and conventional munitions dumped at sea to protect the public and environment from potentially harmful effects.

Your Committee has amended this measure by:

- (1) Deleting the first "BE IT RESOLVED" clause, as suggested by Life of the Land, because it conflicts with the second "BE IT RESOLVED" clause; and
- (2) Making technical, non-substantive changes for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 63, as amended herein, and recommends that it be referred to the Committee on Education and Military Affairs, in the form attached hereto as S.C.R. No. 63, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Kokubun).

SCRep. 3175 Judiciary and Hawaiian Affairs on H.B. No. 3250

The purpose of this measure is to enact a monetary limit of \$25,000,000 on supersedeas bonds, except:

- (1) If the party posting the supersedeas bond is a small business concern, the amount shall not exceed \$1,000,000; or
- (2) If an appellant who has posted a supersedeas bond intentionally dissipates assets outside of the ordinary course of business to avoid paying the judgment, the amount of bond is an amount up to the judgment appealed.

Your Committee received testimony in support of this measure from The Coalition to Stop Lawsuit Abuse; The Grocery Manufacturers of America; and The Hawaii Business League.

Your Committee finds that this measure establishes fairness in litigated cases by giving greater assurance than under current law that the losing party appellant has the ability to perfect the appeal, particularly involving very large damage awards. This measure recognizes the different financial capacity of businesses by differentiating small business concerns as defined by the federal Small Business Act (P.L. 87-367) and classified as such by the Small Business Administration by its size.

On a broader scale, the right to an appeal is one of the most critical safeguards in the court litigation system. Citizens who lose at the trial level must have the ability to appeal. This measure protects that right by ensuring that the amount of the supersedeas bond bears a relationship to the financial assets of the appellant. Otherwise, an appellant may not be able to post the bond and hence lose the right to appeal.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3250, H.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3176 Judiciary and Hawaiian Affairs on H.B. No. 386

The purpose of this measure is to repeal the jury service exemptions for most existing categories of state residents, except for jurors who served within the last year and members of the police or fire departments.

In addition, this measure adds jury service exemptions for members of an emergency medical services agency, persons who live more than seventy miles from the court for which jury service is requested, and persons who are eighty years old or older.

Your Committee received testimony in support of this measure from the Judiciary, the Department of Health, and the League of Women Voters of Hawaii. The Office of the Prosecuting Attorney for the County of Hawaii submitted testimony in opposition to this measure.

Your Committee finds that jury service is a fundamental obligation of citizenship and the selection of a jury from a representative cross-section of the population is critical to our justice system.

Your Committee has amended this measure to change the effective date from January 1, 2096, to July 1, 2006. Your Committee also made technical, nonsubstantive changes for clarity and style.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 386, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 386, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3177 Judiciary and Hawaiian Affairs on H.B. No. 877

The purpose of this measure is to separate the multiple offenses of varying severity currently found in section 134-6, Hawaii Revised Statutes, relating to firearms and ammunition.

This measure also adds related class B and C felonies to the list of offenses for which criminal charges may be instituted by written information.

Your Committee received testimony in support of this measure from the Honolulu Police Department, the Department of the Prosecuting Attorney for the City and County of Honolulu, and the Department of the Prosecuting Attorney for the County of Kauai.

Your Committee finds that this measure will make it easier to determine what particular firearm or ammunition offense a person is charged or convicted under by clarifying the current law in this area.

Your Committee has amended this measure to make technical, nonsubstantive changes for clarity and style.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 877, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 877, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3178 (Majority) Judiciary and Hawaiian Affairs on H.B. No. 1233

The purpose of this measure is to prohibit discrimination in public accommodations on the basis of sexual orientation.

Your Committee received testimony in support of the measure from the Hawaii Civil Rights Commission, the Hawaii Tourism Authority, the American Civil Liberties Union of Hawaii, The Center, the GLEA Foundation, the Honolulu Hawai'i NAACP, the Community Alliance on Prisons, the Hawaii State Teachers Association, the Japanese American Citizens League of Hawaii, PFLAG Oahu, Roberts Hawaii, the Gay Lesbian Bisexual and Transgendered Caucus of the Democratic Party, and twenty individuals. Nineteen individuals submitted testimony in opposition to this measure.

Your Committee finds that this measure is designed to clarify existing law with respect to sex discrimination. The current law prohibits sex discrimination in employment and housing on sexual orientation and this measure will clarify that this prohibition also applies to public accommodations.

Your Committee has amended this measure to:

- (1) Insert a purpose section to clarify that this bill would make state civil rights laws uniform by prohibiting discriminatory practices in public accommodations on the basis of sexual orientation and to further clarify that discrimination based on gender identity or expression is prohibited sex discrimination;
- (2) Add a definition for gender identity or expression; and
- (3) Provide that discriminatory practices in public accommodations on the basis of gender identity or expression is prohibited sex discrimination.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1233, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1233, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, 1 (Whalen). Excused, none.

SCRep. 3179 Judiciary and Hawaiian Affairs on H.B. No. 2282

The purpose of this measure is to amend the definition of “repeat covered offender” to expressly except the conviction of multiple counts within a single charging document.

This measure also adds conviction for a covered offense, unless the person is already incarcerated, and release on probation as events requiring the covered offender to register with the attorney general. This measure also clarifies that the prosecuting agency that prosecuted the convicted offender for the most recent covered offense within the State must represent the State in any civil proceeding to terminate public access to the covered offender’s information.

Your Committee received testimony in support of the measure from the Attorney General, the City and County of Honolulu Police Department’s Criminal Investigation Division, and the Department of the Prosecuting Attorney for the County of Maui. The City and County of Honolulu Police Department’s Records and Identification Division and one individual submitted testimony in opposition to the measure. The Office of the Public Defender submitted comments on this measure.

Your Committee finds that clarification to the definition of “repeat covered offender” is needed to prevent misinterpretation and misapplication of the definition.

Your Committee has amended this measure to:

- (1) Require the attorney general to handle civil proceedings when a covered offender seeks termination to public access in accordance with testimony received from the Office of the Public Defender. This amendment also allows the attorney general, with the consent of the prosecuting agency, to designate the prosecuting agency that prosecuted the convicted offender for the most recent covered offense within the State to represent the State or, if the offender has not been convicted of a covered offense in the state, to designate the prosecuting agency in the offender’s county, with the consent of that prosecuting agency;
- (2) Restore the requirement that a covered offender required to register under the sex offender registration law and who has been absent from the offender’s registered residence for ten or more days and has failed to establish a new residence to:
 - (a) Notify the attorney general;
 - (b) Report to a police station by the last day of every month until a new residence is established and registered; and
 - (c) Upon reporting to the police station, disclose to the police where the offender has slept in the previous month;
- (3) Restore the failure to meet the report requirements in paragraph (2) in the offense of failure to comply with covered offender registration requirements;
- (4) Change the effective date from July 1, 2069, to July 1, 2006; and
- (5) Make technical, nonsubstantive changes for clarity and style.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2282, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2282, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3180 Judiciary and Hawaiian Affairs on H.B. No. 2897

The purpose of this measure is to change the sunrise date of Act 202, Session Laws of Hawaii 2004, relating to appellate jurisdiction, which makes numerous changes concerning appellate courts, from July 1, 2006 to July 1, 2096.

Your Committee received testimony in support of this measure from the Attorney General, the Office of the Public Defender, and one individual. The Judiciary submitted testimony in opposition to this measure. The Hawaii State Bar Association submitted comments.

Your Committee finds that changes need to be made to the appellate court system but recognizes the concerns about the timing of these changes. Your Committee notes that the Hawaii State Bar Association held a meeting in regard to this measure, and while divided on the issue of the changes to the appellate court system, the Hawaii State Bar Association agreed to support postponement of the sunrise date of Act 202 to July 1, 2007.

Your Committee has amended this measure to change the sunrise date of Act 202, Session Laws of Hawaii 2004, from July 1, 2096 to January 1, 2007.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2897, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2897, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3181 (Joint) Energy, Environment, and International Affairs and Media, Arts, Science and Technology on S.R. No. 54

The purpose of this measure is to recognize the importance of a cultural exchange between the people of Hawai'i and the Island of Ra'iatea, and to request Ke Ala 'Olino Native Cultural Center to convene a task force to help facilitate a cultural exchange.

The Mayor of the Village of Taputapuatea and Ke Ala 'Olino Native Cultural Center submitted testimony in support of this measure.

A letter dated January 26, 2006, from Senator J. Kalani English to the Mayor of the Village of Taputapuatea, Thomas Moutame, was also submitted.

It is believed that the Polynesians who discovered and settled Hawai'i embarked from Ra'iatea and named the new land after their ancient home. Ra'iatea is considered the foundation of Polynesia's spiritual culture and has many important archaeological sites, including the Taputapuatea Marae. Your Committees find that the people of Hawaii can celebrate their common Polynesian ancestry with the people of Ra'iatea through a cultural exchange between the two communities. This measure requests Ke Ala 'Olino Native Cultural Center to convene a task force to help facilitate a cultural exchange.

As affirmed by the records of votes of the members of your Committees on Energy, Environment, and International Affairs and Media, Arts, Science, and Technology that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 54 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 5. Noes, none. Excused, 4 (Hanabusa, Ihara, Kokubun, Hogue).

SCRep. 3182 (Joint) Energy, Environment, and International Affairs and Media, Arts, Science and Technology on S.C.R. No. 83

The purpose of this measure is to recognize the importance of a cultural exchange between the people of Hawai'i and the Island of Ra'iatea, and to request Ke Ala 'Olino Native Cultural Center to convene a task force to help facilitate a cultural exchange.

The Mayor of the Village of Taputapuatea and Ke Ala 'Olino Native Cultural Center submitted testimony in support of this measure.

A letter dated January 26, 2006, from Senator J. Kalani English to the Mayor of the Village of Taputapuatea, Thomas Moutame, was also submitted.

It is believed that the Polynesians who discovered and settled Hawai'i embarked from Ra'iatea and named the new land after their ancient home. Ra'iatea is considered the foundation of Polynesia's spiritual culture and has many important archaeological sites, including the Taputapuatea Marae. Your Committees find that the people of Hawaii can celebrate their common Polynesian ancestry with the people of Ra'iatea through a cultural exchange between the two communities. This measure requests Ke Ala 'Olino Native Cultural Center to convene a task force to help facilitate a cultural exchange.

Signed by the Chairs on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 4 (Hanabusa, Ihara, Kokubun, Hogue).

SCRep. 3183 (Joint) Intergovernmental Affairs and Commerce, Consumer Protection and Housing on S.C.R. No. 107

The purpose of this measure is to urge the county councils to assist low-income homeowners.

The Hawaii Association of Realtors submitted testimony in support of this measure.

The recent increase in real property values has resulted in an increase in real property tax assessments throughout the State. This poses a financial hardship for homeowners who now face a much larger tax obligation. Elderly residents as well as residents with low or fixed incomes are especially impacted by the increase in their tax assessments.

Your Committees find that the county councils should be urged to provide tax relief to benefit homeowners who are most negatively affected by the increase in the tax assessments, including those homeowners with incomes under \$50,000.

As affirmed by the records of votes of the members of your Committees on Intergovernmental Affairs and Commerce, Consumer Protection, and Housing that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 107 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Ayes, 7. Noes, none. Excused, 4 (Inouye, Kim, Nishihara, Sakamoto).

SCRep. 3184 (Joint) Intergovernmental Affairs and Commerce, Consumer Protection and Housing on S.R. No. 63

The purpose of this measure is to urge the county councils to assist low-income homeowners.

The Hawaii Association of Realtors submitted testimony in support of this measure.

The recent increase in real property values has resulted in an increase in real property tax assessments throughout the State. This poses a financial hardship for homeowners who now face a much larger tax obligation. Elderly residents as well as residents with low or fixed incomes are especially impacted by the increase in their tax assessments.

Your Committees find that the county councils should be urged to provide tax relief to benefit homeowners who are most negatively affected by the increase in the tax assessments, including those homeowners with incomes under \$50,000.

As affirmed by the records of votes of the members of your Committees on Intergovernmental Affairs and Commerce, Consumer Protection, and Housing that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 63 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Ayes, 7. Noes, none. Excused, 4 (Inouye, Kim, Nishihara, Sakamoto).

SCRep. 3185 Health on H.B. No. 2057

The purpose of this measure is to recognize cultural and religious practices associated with childbirth, with due consideration for public health, by allowing a placenta to be released by a hospital, to the woman from which it originated, upon negative findings of infection or hazard.

Your Committee finds that the rich ethnic and cultural practices of Native Hawaiian traditions are essential to sustaining the Hawaiian culture, and need protection. A long-standing and important Hawaiian cultural practice is for the family to bury the placenta or 'iewe after a child is born. Your Committee also notes that in addition to na kanaka maoli, other ethnic groups in Hawaii, including Chinese, Filipino, and Japanese, practice some form of burying the placenta to protect the child and ensure its future health.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2057, H.D. 2, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3186 Judiciary and Hawaiian Affairs on H.B. No. 771

The purpose of this measure is to provide that repeat sexual offenders who have been convicted on two prior and separate occasions for an offense under section 707-730, 707-731, 707-732, or 707-733.5 shall be placed on lifetime parole upon release from prison.

Your Committee received testimony in opposition to this measure from the Office of the Public Defender. The Hawaii Paroling Authority submitted comments on this measure.

Your Committee finds that there may be practical problems in requiring the lifetime parole of repeat sexual offenders and that more discussion is needed on this issue.

Your Committee has amended this measure to:

- (1) Allow repeat sexual offenders placed on lifetime parole to have the right to initiate a special proceeding to challenge the applicability of lifetime parole, in accordance with testimony received from the Office of the Public Defender; and
- (2) Change the effective date from July 1, 2020, to July 1, 2050, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 771, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 771, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 3187 Judiciary and Hawaiian Affairs on H.B. No. 3016

The purpose of this measure is to provide amnesty from prosecution and license suspension or revocation for minor traffic offenses when those offenses are pending at a time when the offender is sentenced to prison. This measure also provides that the Judicial Council shall conduct a review of the backlog of arrest warrants on incarcerated persons and in the general population, and make recommendations to the Legislature.

Testimony in support of this measure was submitted by the Office of the Public Defender. Testimony in opposition to this measure was submitted by the Attorney General, the Department of the Prosecuting Attorney for the City and County of Honolulu, and the Honolulu Police Department. The Judiciary provided comments on this measure.

Your Committee finds that the backlog of unserved warrants is an issue that must be immediately addressed to ensure that the problem is not further exacerbated. However, most of the testimony received expressed concern regarding the amnesty provision in this measure.

Accordingly, your Committee has amended this measure to:

- (1) Delete the amnesty program for traffic offenses committed by a person who has been sentenced to prison for a felony;
- (2) Add a new section to chapter 604 stating that in any criminal proceeding, the court shall use due diligence in serving any outstanding traffic warrants on the defendant;
- (3) Add a new section to chapter 353 to require the Hawaii paroling authority, in the event of suspension or revocation of parole, to inform the court of all outstanding traffic warrants issued against the parolee so that warrants may be served on the parolee in a timely manner; and
- (4) Combine the two sections requiring the judicial council, through a review committee, to conduct a comprehensive review of the backlog of arrest warrants waiting to be served upon persons incarcerated in the State's correctional facilities, and the entire backlog of unserved arrest warrants, and recommend to the legislature action necessary so these warrants will be served without further delay.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3016, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3016, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3188 Judiciary and Hawaiian Affairs on Gov. Msg. No. 247

Recommending that the Senate advise and consent to the nomination of the following:

ISLAND BURIAL COUNCIL, ISLAND OF OAHU

G.M. No. 247 CAROLYN KEHAUNANI ABAD, for a term to expire 6-30-2009

Your Committee has reviewed the resume and statement submitted by the nominee, and finds the nominee to have the necessary qualifications to be appointed to the Island Burial Council for the Island of Oahu.

Your Committee received testimony in support of CAROLYN KEHAUNANI ABAD from the Department of Land and Natural Resources, the 'Ilioulaokalani Coalition, the Native Hawaiian Legal Corporation, and five individuals.

Ms. Abad has approximately twenty years of experience as an educator and anthropologist. She is currently a Hawaiian Culture Specialist for Ho'okahua at Kamehameha Schools. She is proficient in reading, writing, and speaking the Hawaiian language and is experienced in visiting and working at Hawaiian cultural sites and conducting burials. Ms. Abad was the Ewa regional representative of the Hawaii Island Burial Council, Island of Oahu from 1994 to 2000.

Ms. Abad is a graduate of Kamehameha Schools and received Bachelor of Art degrees in education and anthropology from the University of Hawaii. Ms. Abad also earned both a masters degree in anthropology and a doctorate in anthropology from the University of Hawaii.

Your Committee finds that Ms. Abad's academic training, personal commitment, and years of experience in working on burial cases make her a great asset to the Hawaii Burial Council for the Island of Oahu.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3189 Judiciary and Hawaiian Affairs on Gov. Msg. No. 249

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII PAROLING AUTHORITY

G.M. No. 249 ROY W. REEBER, PH.D., for a term to expire 6-30-2007

Your Committee reviewed the resume and statement submitted by the nominee, and finds the nominee to have the necessary qualifications to be appointed to the Hawai'i Paroling Authority.

Your Committee received testimony in support of DR. ROY W. REEBER, Ph.D., from the Hawai'i Paroling Authority, a member of the Hawai'i Paroling Authority Parole Board, and five individuals.

Dr. Reeber has served as an interim member of the Hawai'i Paroling Authority since August 22, 2005. During that time, Dr. Reeber participated in rendering decisions on approximately 448 minimum sentencing hearings, 1,020 parole consideration or reconsideration hearings, and 208 parole violation hearings. In addition, Dr. Reeber participated in rendering decisions on approximately 422 administrative hearings that included requests for reduction of minimum sentences, requests for administrative reviews/interviews, requests for early discharge/compassionate releases, and decisions regarding pardon investigations.

Dr. Reeber received his Bachelor of Science in aerospace engineering from the United States Naval Academy in 1969. He received his Masters in Business Administration from Pepperdine University in 1976. He received his Masters in Public Administration from the University of Oklahoma in 1978, his Masters of Science in systems management in 1980 from the University of Southern California, and his juris doctorate in 1983 from Southland University. Dr. Reeber received his Doctorate of Philosophy in international business administration in 1992 from Kennedy Western University.

Dr. Reeber is also a retired naval officer. During his time in the navy, Dr. Reeber was assigned as the Provost Marshall for the Naval Air Station at Barbers Point. In that capacity, he was responsible for the physical security of the naval facilities, managing forty civil and military policemen. Dr. Reeber has been employed with GTE Hawaiian Telephone Company in various capacities from 1985 through 1993. From 1993 to the present, Dr. Reeber has been a professor and international business consultant.

Your Committee finds that the Hawai'i Paroling Authority is seeking a board member who possesses mature judgment, integrity, and insight. Your Committee finds that Dr. Reeber will continue to be a great asset to the Hawai'i Paroling Authority Parole Board and recommends his appointment.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3190 Judiciary and Hawaiian Affairs on Gov. Msg. No. 259

Recommending that the Senate advise and consent to the nomination of the following:

CORRECTIONAL INDUSTRIES ADVISORY COMMITTEE

G.M. No. 259 DENISE J. JOHNSTON, for a term to expire 6-30-2010

Your Committee reviewed the resume and statement submitted by the nominee, and finds the nominee to have the necessary qualifications to be appointed to the Correctional Industries Advisory Committee.

Your Committee received testimony in support of DENISE J. JOHNSTON from the Department of Public Safety and an individual.

Ms. Johnston studied criminal justice at Honolulu Community College and received a bachelor's of science degree in natural sciences from Clayton College of Natural Sciences. Ms. Johnston is currently pursuing her masters degree in natural science from Clayton College of Natural Sciences. Ms. Johnston has worked as an adult corrections officer since 1984 and is currently an Adult Corrections Officer V-Lieutenant at Oahu Community Corrections Center. Ms. Johnston has received various honors and letters of appreciation for her work in corrections.

Ms. Johnston presently serves, in an interim capacity, on the Correctional Industries Advisory Board. Ms. Johnston recognizes the importance of the productivity of the corrections industry, sees the potential for growth areas in the industry, and expresses a sincere interest in serving on the Council. Your Committee finds that Ms. Johnston is familiar with the goals and responsibilities of the Council and is well qualified for appointment.

Your Committee notes that there was some concern as to whether an active adult corrections officer could also serve as a member of the Correctional Industries Advisory Committee. The Attorney General has determined that the nominee, who is a Department of Public Safety Adult Corrections Officer lieutenant at the Oahu Community Correctional Center can serve as a member of the Correctional Industries Advisory Committee, as long as her responsibility, as stated in section 345D-5, Hawaii Revised Statutes, continues to be only to advise the Department of Public Safety of the feasibility of establishing venture agreements with private sector business to utilize the services of qualified, able-bodied inmates and that her regular work assignments do not require her to interact with the Corrections Industries program or its Administrator.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3191 Judiciary and Hawaiian Affairs on Gov. Msg. No. 260

Recommending that the Senate advise and consent to the nomination of the following:

DEFENDER COUNCIL

G.M. No. 260 DANA S. ISHIBASHI, for a term to expire 6-30-2010

Your Committee reviewed the resume and statement submitted by the nominee, and finds the nominee to have the necessary qualifications to be reappointed to the Defender Council.

Your Committee received testimony in support of DANA S. ISHIBASHI from the State Public Defender.

Mr. Ishibashi has been an attorney since 1986 and worked at the Office of the Public Defender from 1986 to 1992. He is currently in private practice specializing in criminal law. As a current member of the Defender Council, Mr. Ishibashi has been an asset to the Office of the Public Defender and has helped the Office to continue to fulfill its mission of providing effective representation to indigent persons charged with criminal offenses.

Mr. Ishibashi is seeking reappointment to the Defender Council. Your Committee finds that Mr. Ishibashi is familiar with the goals and responsibilities of the Council and is well qualified for reappointment.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3192 Judiciary and Hawaiian Affairs on Gov. Msg. No. 293

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION TO PROMOTE UNIFORM LEGISLATION

G.M. No. 293 ELIZABETH KENT, for a term to expire 6-30-2010

Your Committee has reviewed the resume and statement submitted by the nominee, and finds the nominee to have the necessary qualifications to be appointed to the Commission to Promote Uniform Legislation.

Your Committee received testimony in support of ELIZABETH KENT from the Attorney General, the Department of the Attorney General Crime Prevention and Justice Assistance Division, the Office of the Administrative Director of the Judiciary, and five individuals.

Ms. Kent has been serving as a commissioner of the Commission to Promote Uniform Legislation since 1998. A graduate of the William S. Richardson School of Law, Ms. Kent is a lawyer licensed to practice law in the State of Hawaii and has served as the Deputy Director of Human Services in the executive branch. Ms. Kent is currently the Director of the Center for Alternative Dispute Resolution in the Judiciary.

As a commissioner, Ms. Kent is committed to promoting uniform legislation and has actively participated in the meetings of the Commission and of the National Conference. Since her last appointment in 2002, Ms. Kent has served as a member of the National Conference's Standby Committee on the Uniform Mediation Act, the Committee to Draft International Conciliation Amendments to the Uniform Mediation Act, the Study Committee on Public Health Emergency Response Authority, the Study on E-Government, and the Study Committee on Collaborative Law.

Your Committee finds that Ms. Kent's wealth of knowledge and experience will be an asset to the Commission and recommends her appointment.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3193 Commerce, Consumer Protection and Housing on Gov. Msg. No. 248

Recommending that the Senate advise and consent to the nomination of the following:

MOTOR VEHICLE INDUSTRY LICENSING BOARD

G.M. No. 248 RUSSELL Y. J. CHUNG, for a term to expire 6-30-2008

Two members of the Hawaii House of Representatives, the Department of Commerce and Consumer Affairs, and two individuals testified in support of the nomination.

RUSSELL Y. J. CHUNG has over twenty-five years of diverse experience in landscape architecture in both California and Hawaii. He has been involved with various types of landscape architectural projects ranging from site design to large scale planning. The nominee has previously served as Member and Chairman on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects, and has also been active in the Diamond Head Citizens Advisory Committee. He is a private citizen not connected with the motor vehicle industry.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3194 Commerce, Consumer Protection and Housing on Gov. Msg. Nos. 252, 253 and 296

Recommending that the Senate advise and consent to the nominations of the following:

WIRELESS ENHANCED 911 BOARD

G.M. No. 252 JOHN PETER JAEGER, for a term to expire 12-31-2007;

G.M. No. 253 JEFF YAMANE, for a term to expire 12-31-2007; and

G.M. No. 296 ROY K. IREI, for a term to expire 6-30-2008

Your Committee received testimony in support of the nomination of JOHN PETER JAEGER from the Department of Accounting and General Services; the Department of Information Technology, City and County of Honolulu; Nextel Partners, Inc.; Yamamoto Law Group, LLLC; and Hawaiian Telcom.

Your Committee also received testimony in support of the nomination of JEFF YAMANE from the Department of Accounting and General Services; the Department of Information Technology, City and County of Honolulu; and Hawaiian Telcom.

Last, your Committee received testimony in support of the nomination of ROY K. IREI from the Department of Accounting and General Services; the Department of Information Technology, City and County of Honolulu; Hawaiian Telcom; and one individual.

All three nominees have served on the Wireless Enhanced 911 Board since its inception in November 2004. All the nominees also have extensive experience in the telecommunications industry. Mr. Jaeger has nearly twenty years of experience in the wireless communications industry and is currently responsible for the development and deployment of Nextel Partners Inc.'s wireless communications network. Mr. Yamane has over twenty-six years of experience in the telecommunications industry and is currently responsible for the overall management of technical operations for Cingular Wireless in Hawaii. Mr. Irei has worked for T-Mobile USA for six years and is currently responsible for managing all aspects of T-Mobile's network engineering and operations.

Upon review of the statements submitted by the nominees and the other testifiers, your Committee finds the aforementioned nominees will work with commitment to ensure the effective deployment of wireless enhanced 911 services throughout the State. Your Committee further finds that the nominees have been appointed based on their credentials, integrity, and abilities to contribute to the work of the Wireless Enhanced 911 Board.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3195 Commerce, Consumer Protection and Housing on Gov. Msg. No. 254

Recommending that the Senate advise and consent to the nomination of the following:

CABLE ADVISORY COMMITTEE

G.M. No. 254 SAM AIONA, for a term to expire 6-30-2010

The Department of Commerce and Consumer Affairs testified in support of the nomination.

SAM AIONA is Executive Director of the Office of Community Services of the Department of Labor, as well as a Loan Officer at American Pacific Mortgage. Mr. Aiona's leadership experience includes service as Chair of the Hawaii Republican Party as well as Assistant Minority Leader in the House of Representatives during 1996-1998. He is currently a member of the Cable Advisory Committee.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3196 Commerce, Consumer Protection and Housing on Gov. Msg. No. 255

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOARD OF CHIROPRACTIC EXAMINERS

G.M. No. 255 FLORENTINA J. JOHNASSEN, for a term to expire 6-30-2010

The Department of Commerce and Consumer Affairs, two representatives of the Hawaiian Electric Company, and three individuals testified in support of the nomination.

FLORENTINA J. JOHNASSEN, nominated as a public member, is employed as Executive Secretary to the Vice President-General Counsel of Hawaiian Electric Company. Ms. Johnassen has been involved with Toastmasters International and has served as an instructor for Brain Gym International. Additionally, the nominee is in her first term as a member representing the public, and not connected with any chiropractic school or college, on the Board of Chiropractic Examiners.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3197 Commerce, Consumer Protection and Housing on Gov. Msg. Nos. 261 and 262

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DENTAL EXAMINERS

G.M. No. 261 DAVID RICHARD BREESE, DDS, for a term to expire 6-30-2010; and

G.M. No. 262 GAYLE CHANG, for a term to expire 6-30-2010

The Department of Commerce and Consumer Affairs, the Hawaii Dental Association, and Hawaii Primary Care Association testified in support of nominee DAVID RICHARD BREESE. The Department of Commerce and Consumer Affairs, the Hawaii Dental Association, the Hawaii Dental Hygienists' Association, Kapiolani Community College, and three individuals testified in support of nominee Gayle Chang.

DAVID RICHARD BREESE, D.D.S., is a graduate of the Loyola University School of Dentistry and is licensed to practice dentistry in the states of Hawaii and Illinois. Dr. Breese has practiced dentistry at the Kokua Kalihi Valley Community Health Center Dental Clinic since 1979, prior to which he practiced with the United States Navy Dental Corps at Kaneohe Marine Corps Air Station. Additionally, Dr. Breese has served as Regional Director for the Lutheran Medical Center Dental Residency Program for dental residents at community health centers in Hawaii. The nominee is currently a practicing dentist member of the Board of Dental Examiners from the City and County of Honolulu.

GAYLE CHANG is a dental hygienist employed in various offices since 1975. Ms. Chang has also provided audit and review of dental provider records and risk management for HMSA-Blue Cross/ Blue Shield and Dental Service Management during 1995-1999. Additionally, the nominee has been a member and served various positions in the American Dental Hygienists' Association since 1975, and is currently a dental hygienist member of the Board of Dental Examiners. Although the nominee is also Hawaii Territory Corporate Sales Manager for Sunstar Butler, Inc., a provider of oral health care products to consumers and dental professionals worldwide, your Committee has been assured that the nominee is a sales representative only for consumer dental products and not for dental equipment used by professional personnel. Accordingly, your Committee finds that the nominee does not have a connection with and interest in a dental supply company within the meaning of section 448-5, Hawaii Revised Statutes, and is therefore eligible for service on the Board of Dental Examiners.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3198 Commerce, Consumer Protection and Housing on Gov. Msg. No. 269

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PROFESSIONAL ENGINEERS, ARCHITECTS, SURVEYORS, AND LANDSCAPE ARCHITECTS

G.M. No. 269 RICHARD M. SUZUKI, P.E., for a term to expire 6-30-2010

The Department of Commerce and Consumer Affairs and one individual testified in support of the nomination.

RICHARD M. SUZUKI, P.E., is a registered professional engineer with over forty years of experience in civil engineering, specializing in infrastructure design. Mr. Suzuki is a lifetime member of the American Society of Civil Engineers and currently is Senior Project Manager for the URS Corporation. Previously he held progressively more responsible engineering positions with the State of Hawaii and the City and County of Honolulu. The nominee currently serves as a professional engineer member of the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3199 Commerce, Consumer Protection and Housing on Gov. Msg. No. 278

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF MEDICAL EXAMINERS

G.M. No. 278 FEREYDOUN DON PARSA, MD, for a term to expire 6-30-2010

The Department of Commerce and Consumer Affairs, the Hawaii Medical Association, and one individual testified in support of the nomination.

FEREYDOUN DON PARSA, M.D., holds a medical degree from the Lausanne Medical School in Switzerland, and is a board-certified plastic surgeon. Dr. Parsa has been licensed to practice medicine in Hawaii since 1976. The nominee is currently engaged as Professor of Surgery and Chief of the Division of Plastic Surgery in the John A. Burns School of Medicine, University of Hawaii. Additionally, Dr. Parsa is Chief of the Plastic Surgery Division, Queen's Medical Center, and is in active private practice at the Queen's Physicians' Office Building. The nominee has participated in six Aloha Medical Missions, four to the Philippines and two to China. Dr. Parsa currently serves as a licensed surgeon member from the City and County of Honolulu on the Board of Medical Examiners.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3200 Commerce, Consumer Protection and Housing on Gov. Msg. No. 284

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF EXAMINERS IN NATUROPATHY

G.M. No. 284 SHEREE AIKO KON-HERRERA, for a term to expire 6-30-2010

Testimony in support of the nomination was submitted by the Department of Commerce and Consumer Affairs.

SHEREE AIKO KON-HERRERA is an attorney in private practice with the firm of Fukunaga Matayoshi Hershey & Ching. The nominee graduated summa cum laude from Santa Clara University School of Law and subsequently clerked with the Honorable Karen N. Blondin, Judge of the First Circuit Court of the State of Hawaii. Ms. Kon-Herrera currently serves as a public member on the Board of Examiners in Naturopathy.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3201 Commerce, Consumer Protection and Housing on Gov. Msg. No. 287

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOARD OF NURSING

G.M. No. 287 TERESA SAKAI, APRN, for a term to expire 6-30-2009

Your Committee received testimony in support of the nomination of TERESA SAKAI, APRN from the Department of Commerce and Consumer Affairs and two individuals.

Ms. Sakai has been a registered nurse since October 20, 1975, and has been recognized as an advanced practice registered nurse since August 3, 2001. She has been a member of the Board of Nursing since July 1, 2003, and is currently working as a Public Health Nurse with the Kauai Department of Health and as a staff nurse at Kauai Veterans Memorial Hospital. Ms. Sakai brings to the Board extensive knowledge of clinical nursing practice and a critical perspective on the effect of nursing regulations on the workplace and on patient safety.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3202 Commerce, Consumer Protection and Housing on Gov. Msg. Nos. 288 and 289

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF EXAMINERS IN OPTOMETRY

G.M. No. 288 JON M. ISHIHARA, for a term to expire 6-30-2010; and

G.M. No. 289 LEE TSUYOSHI NAKAMURA, for a term to expire 6-30-2010

Your Committee received testimony in support of the nomination of JON M. ISHIHARA from the Department of Commerce and Consumer Affairs and the Hawaii Optometric Association. Your Committee also received testimony in support of the nomination of LEE TSUYOSHI NAKAMURA from the Department of Commerce and Consumer Affairs.

Dr. Ishihara was appointed to the Board of Examiners in Optometry in July 2002, and currently serves as its Chairperson. Dr. Ishihara brings a wealth of knowledge to the Board as he has worked in private group practice for eighteen years and has served as a past president of the Hawaii Optometric Association. As a Board member and Chairperson, he is committed to keeping the local industry informed about the Board's activities and current trends in the practice of optometry which fosters good working relationships between various stakeholders.

Mr. Nakamura was also appointed to the Board in July 2002, and serves as a public member on the Board. Mr. Nakamura is a practicing attorney with the firm of Tom Petrus & Miller, and provides a layperson's perspectives on issues considered by the Board. Your Committee finds that he is a diligent participant of the Board and serves as an important asset to the Board.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3203 Commerce, Consumer Protection and Housing on Gov. Msg. No. 290

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PHARMACY

G.M. No. 290 ELWIN D. H. GOO, for a term to expire 6-30-2010

Your Committee received testimony in support of the nomination of DR. ELWIN D. H. GOO from the Department of Commerce and Consumer Affairs, a former member of the Board of Pharmacy, and two individuals.

Dr. Goo has served as the civilian pharmacy supervisor at Tripler Army Medical Center and Chief of the Pharmacy Service at the U.S. Army Health Clinic at Schofield Barracks for the past twenty-eight years. He oversees an ambulatory care pharmacy service that supports 35,000 military beneficiaries. He has also directed patient safety, risk management and performance improvement initiatives, and research and clinical investigations. Dr. Goo's experience also includes maintaining compliance with national pharmacy standards of the Joint Commission on Accreditation of Healthcare Organizations.

Dr. Goo was appointed to the Board of Pharmacy in July 2002, and currently serves as its Chairperson. In addition to his duties as Chairperson, Dr. Goo is the Legislative Liaison for the Board and the Board's designated item writer for the National Association of Boards of Pharmacy's North American Pharmacist Licensure Exam and the Multistate Pharmacy Jurisprudence Exam for Hawaii.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3204 Commerce, Consumer Protection and Housing on Gov. Msg. No. 294

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF VETERINARY EXAMINERS

G.M. No. 294 KATHRYN RICE ILGEN, DVM, for a term to expire 6-30-2010

Your Committee received testimony in support of the nomination of KATHRYN RICE ILGEN, DVM, from the Department of Commerce and Consumer Affairs.

Dr. Ilgen has been a licensed veterinarian in Hawaii since September 11, 1991. She has actively practiced veterinary medicine at the Makawao Veterinary Clinic in upcountry Maui since 1991. As a member of both the American Veterinary Medical Association and the Hawaii Veterinary Medical Association, Dr. Ilgen is familiar with the issues addressed by the Board of Veterinary Examiners.

Dr. Ilgen has served on the Board since July 1, 2002, and is one of five members who must be a veterinarian who has been licensed to practice for at least five years and is currently active in the practice of veterinary medicine. Your Committee finds that, as a current board member, Dr. Ilgen is a diligent, thorough, and dedicated member of the Board who should be reappointed.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3205 (Joint) Health and Media, Arts, Science and Technology on S.R. No. 77

The purpose of this measure is to acknowledge the Legislature's support of the Hawaii Health Information Exchange, Inc. and to request the Department of Health to participate in this medical information exchange system.

Your Committees received testimony in support of this measure from the Hawaii Health Information Exchange, Inc. and the Hawaii Science and Technology Council. Your Committee received testimony in support of the intent of this measure from the Department of Health.

Your Committees find that electronic exchange of medical information will be the new standard for medical care in the coming decade. An electronic health records system that is rapid and secure will enable coordinated health care delivery which will result in better patient outcomes and will be cost-efficient to the health care system as a whole.

As affirmed by the records of votes of the members of your Committees on Health and Media, Arts, Science, and Technology that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 77 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (English, Hanabusa, Ige, Whalen).

SCRep. 3206 (Joint) Health and Media, Arts, Science and Technology on S.C.R. No. 129

The purpose of this measure is to acknowledge the Legislature's support of the Hawaii Health Information Exchange, Inc. and to request the Department of Health to participate in this medical information exchange system.

Your Committees received testimony in support of this measure from the Hawaii Health Information Exchange, Inc. and the Hawaii Science and Technology Council. Your Committee received testimony in support of the intent of this measure from the Department of Health.

Your Committees find that electronic exchange of medical information will be the new standard for medical care in the coming decade. An electronic health records system that is rapid and secure will enable coordinated health care delivery which will result in better patient outcomes and will be cost-efficient to the health care system as a whole.

As affirmed by the records of votes of the members of your Committees on Health and Media, Arts, Science, and Technology that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 129 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (English, Hanabusa, Ige, Whalen).

SCRep. 3207 Energy, Environment, and International Affairs on S.C.R. No. 184

The purpose of this measure is to request the Department of Health to include the use of bioremediation methods to prevent and mitigate water pollution in its best management practices and programs.

The Hawaii Crop Improvement Association and the Partners in Development Foundation submitted testimony in support of this measure. The Department of Health submitted testimony in opposition.

According to the Hawaii Crop Improvement Association, "The vast majority of bioremediation applications use naturally occurring microorganisms to identify and filter manufacturing waste before it is introduced into the environment or to clean up existing pollution problems." The Department of Health expressed its concern that "the use of bioremediation has not been properly addressed by other agencies having responsibility over flood control, debris maintenance and use of biological agents."

Your Committee finds that the use of bioremediation methods will reduce the State's dependence on conventional methods, such as incineration and waste dumpsites, and will reduce the introduction of chemical agents into the environment.

Upon further consideration, your Committee amended this measure by narrowing the application of bioremediation methods to instances where it will not substantially impede water flow.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 184, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 184, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hooser).

SCRep. 3208 (Joint) Health and Human Services on S.R. No. 70

The purpose of this measure is to request the State of Hawaii to consider the merits of recognizing hypnotherapy as a legitimate profession, and hypnotherapists as providers of human services separate and independent from other mental health professions.

Your Committees received testimony in support of this measure from the Hawaii Hypnotherapy Association, Aloha Chapter of the National Guild of Hypnotherapists, and three individuals.

Your Committees find that hypnotherapy is a legitimate form of alternative health care and is listed as a separate profession in the United States Department of Labor's Dictionary of Occupational Titles.

Your Committees have amended this measure by making technical, non-substantive amendments for purposes of clarity and style.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 70, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 70, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (Hanabusa, Kokubun, Trimble, Whalen).

SCRep. 3209 (Joint) Health and Human Services on S.C.R. No. 119

The purpose of this measure is to request the State of Hawaii to consider the merits of recognizing hypnotherapy as a legitimate profession, and hypnotherapists as providers of human services separate and independent from other mental health professions.

Your Committees received testimony in support of this measure from the Hawaii Hypnotherapy Association, Aloha Chapter of the National Guild of Hypnotherapists, and three individuals.

Your Committees find that hypnotherapy is a legitimate form of alternative health care and is listed as a separate profession in the United States Department of Labor's Dictionary of Occupational Titles.

Your Committees have amended this measure by making technical, non-substantive amendments for purposes of clarity and style.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 119, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 119, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 4 (Hanabusa, Kokubun, Trimble, Whalen).

SCRep. 3210 Commerce, Consumer Protection and Housing on H.B. No. 1968

The purpose of this measure is to permit the direct shipment of wine into the State by persons with a Hawaii class 1 license or another state's license to manufacture wine, upon obtaining a wine direct shipper permit.

Testimony in support of this measure was submitted by the Wine Institute and Tedeschi Vineyards, Ltd. Testimony in opposition to this measure was submitted by Retail Merchants of Hawaii and the Hawaii Food Industry Association.

Your Committee finds that further discussion is needed on the number of cases of wine that a direct wine shipper permit holder may sell and ship into the State. Accordingly, your Committee has amended this measure by changing the effective date from July 1, 2096, to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1968, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1968, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Espero, Hogue).

SCRep. 3211 Commerce, Consumer Protection and Housing on H.B. No. 2434

The purpose of this measure is to ensure that purchasers of annuities understand certain basic features of annuities.

Testimony in support of the measure was submitted by the Insurance Commissioner, Department of Commerce and Consumer Affairs; the American Council of Life Insurers; the National Association of Insurance and Financial Advisors; and State Farm Insurance Companies.

Your Committee finds that this measure adopts the Annuity Disclosure Model Regulation drafted by the National Association of Insurance Commissioners and adopted by eight other states in its current form, and by ten other states in various forms. The law applies only to fixed and not variable annuities, and requires that information about guaranteed and non-guaranteed elements of the annuity contract be given to consumers in a "disclosure document" along with a "buyers guide" at or before the time of application.

Upon further consideration, your Committee has amended this measure by:

- (1) Changing the title of §431:10D-C to refer to the disclosure document and buyer's guide as proposed by the Insurance Commissioner;
- (2) Amending paragraph (a) of §431:10D-C to more closely conform to the model regulation as proposed by the American Council of Life Insurers and as recommended by the Insurance Commissioner; and
- (3) Changing the effective date from "upon approval" to "January 1, 2007," as proposed by the American Council of Life Insurers, to afford insurance companies time to conform to the new requirements.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2434, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2434, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Espero, Hogue).

SCRep. 3212 Judiciary and Hawaiian Affairs on H.B. No. 2780

The purpose of this measure is to allow a person sentenced prior to July 1, 2004, for a first time drug offense pursuant to section 706-622.5, Hawaii Revised Statutes, who has completed a drug treatment program and complied with the terms set by the court, to apply for expungement of the record of conviction.

Your Committee received testimony in support of this measure from the Office of the Public Defender, the Community Alliance on Prisons, and one individual. The Department of the Prosecuting Attorney for the City and County of Honolulu submitted comments on this measure.

Your Committee finds that this measure is intended to correct a drafting error in Act 161, Session Laws of Hawaii 2002, which authorized an expungement of the record of arrest rather than an expungement of the record of conviction. This error was corrected by Act 44, Session Laws of Hawaii 2004, which authorized the expungement of the record of conviction but did so only prospectively from its effective date of July 1, 2004. This led to the inconsistent result of some defendants being permitted to expunge their record of conviction and others not being able to do so. This measure is intended to permit those defendants sentenced prior to Act 44 to expunge their record of conviction.

Your Committee has amended this measure to make technical, nonsubstantive changes for clarity and style.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2780, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2780, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3213 Judiciary and Hawaiian Affairs on H.B. No. 3101

The purpose of this measure is to establish reporting conditions and penalties for failure to file or correct campaign spending reports.

This measure also:

- (1) Exempts accounting services by a treasurer and deputy treasurer from definitions of "contributions" and "expenditures";
- (2) Adds an aggregate contribution limit of \$25,000 by any one person to any number of candidates, and includes loans in definition of "contributions";
- (3) Removes the exemption of immediate family from the contribution limit;
- (4) Requires that advertisements include name and address of payor on advertisements and envelopes;
- (5) Deletes the prohibition of knowing solicitation of contributions by state contractors; and
- (6) Establishes conditions under which two or more corporations are treated as one person for the purposes of campaign contribution limits.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, the League of Women Voters of Hawaii, and four individuals.

Your Committee finds that are concerns regarding the aggregate contribution limit of \$25,000 by any one person to a number of candidates. The Attorney General has testified that this provision of the measure will likely withstand a challenge. Your Committee further notes a concern regarding treating a loan as a contribution because if a loan is a contribution, then a candidate may only take out a loan up to the maximum allowable contribution. As this measure proceeds to conference, your Committee requests that these issues be discussed further.

Your Committee has amended this measure to:

- (1) Clarify the advertising requirements under section 11-215, Hawaii Revised Statutes, in accordance with the testimony submitted by the Campaign Spending Commission;
- (2) Re-insert the exemption for loans made by a financial institution in the ordinary course of business;
- (3) Re-insert the exemption for family member contributions;
- (4) Delete section 8 to retain the existing law that a loan is not a campaign contribution; and
- (5) Make technical, non-substantive changes for clarity and style.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3101, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3101, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 3214 Judiciary and Hawaiian Affairs on H.B. No. 3242

The purpose of this measure is to prohibit the consumption of intoxicating liquor by anyone under the age of twenty-one years.

Your Committee received testimony in support of this measure from the Honolulu Police Department, Maui Prosecuting Attorney, Hawaii Food Industry Association, Mothers Against Drunk Driving Hawaii, and MADD-Hawaii Youth In Action.

Your Committee finds that current law prohibits possession and custody of liquor by a minor, but does not prohibit consumption of liquor by a minor. According to the National Academy of Sciences report on *Underage Drinking*, June 2005, "The minimum drinking age laws of each state should prohibit the purchase or attempted purchase, possession, and consumption of alcoholic beverages by persons under 21." Soon after this report, the Pacific Institute for Research and Evaluation found that Hawaii had only ten of twenty recommended underage drinking laws. According to testimony of the Honolulu Police Department, thirty-seven states have "consumption" in their minimum drinking age statutes.

The Department of Health 2003 Student Survey concluded that there has been a decrease in youth alcohol consumption in grades six, eight, ten, and twelve. Those in grades ten and twelve showed less of a decrease than those in the sixth and eighth grades. The report on the survey concluded that those surveyed in the tenth and twelfth grades showed a 59.1 and 72.5 percent lifetime use rate in 2003. The majority of tenth and twelfth graders have tried alcohol in their lifetime and nearly half of the seniors have reported being drunk. In a monthly trend, of those having a drink in the past thirty days, it showed that twenty-seven percent of tenth graders and thirty-six percent of twelfth graders had consumed alcohol. The consumption of alcohol among the young becomes a health problem in that it affects the development of the brain at that young age. This alters the learning process in a way that may lead to behavioral problems.

Your Committee has amended this measure by adding "consumption" to "possession or custody" as a conforming amendment to accommodate consumption of alcohol as a part of a minor's authorized participation in religious ceremonies.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3242, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3242, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 3215 Judiciary and Hawaiian Affairs on H.B. No. 3256

The purpose of this measure is to make technical and substantive changes to Hawaii Penal Code chapters 704, 706, 707, 708, 709, 710, 711, and 712.

Your Committee finds that all parties testifying on this measure indicated that the recommendations originally submitted to the Legislature were a collaborative effort. Everyone submitting testimony complimented the work of the Committee to Conduct a Comprehensive Review of the Hawaii Penal Code and Judge Steve Alm's leadership as the chair of the Committee.

Your Committee received testimony in support of this measure from the Attorney General, the Crime Victim Compensation Commission, the Disability and Communication Access Board, the Department of the Prosecuting Attorney for the City and County of Honolulu, the Office of the Prosecuting Attorney for the County of Kauai, the Office of the Prosecuting Attorney for the County of Maui, the Honolulu Police Department, the Hawaii Disability Rights Center, the Sex Abuse Treatment Center, and the Hawaii State Coalition Against Domestic Violence. The Office of the Public Defender submitted comments on this measure.

Your Committee has amended this measure to restore it to the original version to reflect the recommendations of the Committee to Conduct a Comprehensive Review of the Hawaii Penal Code, and to make technical changes for conformance and stylistic purposes.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3256, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3256, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 3216 Judiciary and Hawaiian Affairs on H.B. No. 2208

The purpose of this measure is to extend the statute of limitation for actions against a county for damage or injury from six months to two years, and to permit the counties to identify by charter which person a claimant should give notice of claim for injuries or damage sustained on public property or as a result of the negligence of a county official or employee.

Your Committee received testimony in support of this measure from the Consumer Lawyers of Hawaii. Testimony in opposition was received from the Honolulu Corporation Counsel.

According to the Consumer Lawyers of Hawaii, the Hawaii Supreme Court ruled in *Kahale v. City and County of Honolulu*, 104 Hawaii 341 (2004), that section 46-72, Hawaii Revised Statutes, is the statute of limitations applicable to actions against the counties.

This decision overruled an earlier decision of the court that had previously determined the applicable statute of limitations to be two years. *Kahale* found that the applicable statute of limitations for actions against the counties is six months. Prior to the recent court decision, the counties were subject to the same limitation as the state and federal governments, which is two years.

Your Committee finds that there is no cogent reason that a county should have a different time limitation than the other levels of government. All levels of government should operate under the same two-year statute of limitation.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2208, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3217 (Majority) Judiciary and Hawaiian Affairs on H.B. No. 2691

The purpose of this measure is to allow civil actions under chapter 104, Hawaii Revised Statutes, for injunctive and other relief to be instituted by a joint labor-management committee established pursuant to the federal Labor Management Cooperation Act of 1978.

Your Committee received testimony in support of this measure from the Hawaii Carpenters Union. The Department of Labor and Industrial Relations submitted testimony in opposition.

Your Committee finds that the current law allows laborers and mechanics to bring suit to recover wages or overtime compensation but fails to contemplate situations where the aggrieved individual is essentially prevented from seeking redress because of lack of information and resources, the fear of retaliation, or the inability to obtain injunctive relief against an employer who is continuously in violation of the law. This measure provides an additional remedy and safeguard and will assist in ensuring that prevailing wage laws are followed.

Your Committee has amended this measure to insert a defective effective date to promote further discussion on this matter.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2691, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2691, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, 1 (Whalen). Excused, none.

SCRep. 3218 Judiciary and Hawaiian Affairs on H.B. No. 2885

The purpose of this measure is to require businesses and individuals that sell adult entertainment products to:

- (1) Display these products separately from other products sold on the premises; and
- (2) Obscure these products from any direct line of vision from off the premises.

Your Committee received testimony in support of this measure from the Hawaii Family Forum, the Hawaii Catholic Conference, and eleven individuals.

Your Committee finds that requiring businesses and individuals that sell adult entertainment products to display these products separately and obscure them from being viewed by an individual located off their premises will protect the general public, especially minors, from being involuntarily exposed to these types of products.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2885, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3219 Intergovernmental Affairs on S.C.R. No. 217

The purpose of this measure is to request the counties to adopt an ordinance to participate in the National Flood Insurance Program Community Rating System to obtain monetary discounts in purchasing flood insurance.

The Department of Defense, the Hawaii Association of Realtors, and one individual submitted testimony in support of this measure.

Your Committee finds that all county governments should participate in the National Flood Insurance Program's Community Rating System. Homeowners, renters, and businesses can protect their real and personal property by obtaining flood insurance before a flooding event occurs. Enrollment in the National Flood Insurance Program's Community Rating System provides a discount on flood insurance. Maui County currently participates and its residents receive a five percent discount on policies for low to moderate flood risk areas and a ten percent discount for policies for special flood hazard areas or high risk flood areas.

As affirmed by the record of votes of the members of your Committee on Intergovernmental Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 217 and recommends that it be referred to the Committee on Commerce, Consumer Protection, and Housing.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, English, Inouye).

SCRep. 3220 Intergovernmental Affairs on S.R. No. 147

The purpose of this measure is to request the counties to adopt an ordinance to participate in the National Flood Insurance Program Community Rating System to obtain monetary discounts in purchasing flood insurance.

The Department of Defense, the Hawaii Association of Realtors, and one individual submitted testimony in support of this measure.

Your Committee finds that all county governments should participate in the National Flood Insurance Program's Community Rating System. Homeowners, renters, and businesses can protect their real and personal property by obtaining flood insurance before a flooding event occurs. Enrollment in the National Flood Insurance Program's Community Rating System provides a discount on flood insurance. Maui County currently participates and its residents receive a five percent discount on policies for low to moderate flood risk areas and a ten percent discount for policies for special flood hazard areas or high risk flood areas.

As affirmed by the record of votes of the members of your Committee on Intergovernmental Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 147 and recommends that it be referred to the Committee on Commerce, Consumer Protection, and Housing.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, English, Inouye).

SCRep. 3221 Health on S.C.R. No. 77

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study and analysis of the adequacy of payments for health care funded by the State and the adequacy of payments for health care using rates established by the State.

Your Committee received testimony in support of this measure from Kaiser Permanente, the Healthcare Association of Hawaii, and the Hawaii Long Term Care Association. The Legislative Reference Bureau submitted comments in response to this measure.

Your Committee finds that Hawaii's health care infrastructure is in critical financial condition and is experiencing a severe shortage of physicians. The Legislative Reference Bureau is a neutral agency that could appropriately conduct research into reimbursements and costs affecting health care providers.

Your Committee has adopted the recommendations of the Legislative Reference Bureau and has amended this measure by narrowing the scope of the study specifically to providers of Medicaid and QUEST recipients.

Your Committee further amended this measure by requesting that the study include:

- (1) Processes implemented by other jurisdictions or as recommended by experts that try to ensure that state-funded health care payments to Medicaid providers adequately reimburse them for their actual costs;
- (2) A comparison of rates for the ten most frequently used services in Medicaid and QUEST health care services, actual costs of those services, and the amount reimbursed to the provider; and
- (3) A survey of nationwide benchmarks to determine how Hawaii compares to other jurisdictions regarding provider payments and reimbursements for at least the ten most frequently used Medicaid and QUEST health procedures.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 77, as amended herein, and recommends that it be referred to the Committee on Commerce, Consumer Protection, and Housing, in the form attached hereto as S.C.R. No. 77, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3222 Transportation and Government Operations on S.R. No. 78

The purpose of this measure is to request the Department of Land and Natural Resources to form a task force to recommend solutions to abate and prevent the accumulation of sediment in Wailoa River and Hilo Bay.

Your Committee received comments on this measure from the Department of Land and Natural Resources. Testimony in opposition was received from one individual.

The Wailoa River discharges into Hilo Bay and is one of the major sources of sediment in Hilo Bay. The movement of water of the Wailoa River is generally insufficient to flush out silt and mud. Wailoa River and Hilo Bay are subject to chronic nonpoint source sewage pollution with high bacterial counts.

Your Committee finds that the sediment accumulation in the Wailoa River eventually deposits into the Hilo Bay which causes water pollution of the bay and is a public health hazard.

Your Committee has amended this measure by deleting the task force and substituting language to request the Department of Land and Natural Resources to study the problem and make recommendations to the Legislature before the 2007 Session, and by changing the title of this measure accordingly.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 78, as amended herein, and recommends that it be referred to the Committee on Water, Land, and Agriculture, in the form attached hereto as S.R. No. 78, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Espero, Kanno, Menor).

SCRep. 3223 Transportation and Government Operations on S.C.R. No. 44

The purpose of this measure is to request the Auditor to conduct a management audit of the capital improvement projects of the Department of Transportation.

Your Committee received comments on this measure from the Department of Transportation.

The Department of Transportation performs numerous capital improvement projects for the design, construction, maintenance, and repair of roads, highways, harbors, and airports. Your Committee finds that a management audit could provide information and advice for improvements to expedite the work.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 44 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Espero, Kanno, Menor).

SCRep. 3224 Transportation and Government Operations on S.C.R. No. 130

The purpose of this measure is to request the Department of Land and Natural Resources to form a task force to recommend solutions to abate and prevent the accumulation of sediment in Wailoa River and Hilo Bay.

Your Committee received comments on this measure from the Department of Land and Natural Resources. Testimony in opposition was received from one individual.

The Wailoa River discharges into Hilo Bay and is one of the major sources of sediment in Hilo Bay. The movement of water of the Wailoa River is generally insufficient to flush out silt and mud. Wailoa River and Hilo Bay are subject to chronic nonpoint source sewage pollution with high bacterial counts.

Your Committee finds that the sediment accumulation in the Wailoa River eventually deposits into the Hilo Bay which causes water pollution of the bay and is a public health hazard.

Your Committee has amended this measure by deleting the task force and substituting language to request the Department of Land and Natural Resources to study the problem and make recommendations to the Legislature before the 2007 Session, and by changing the title of this measure accordingly.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 130, as amended herein, and recommends that it be referred to the Committee on Water, Land, and Agriculture, in the form attached hereto as S.C.R. No. 130, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Espero, Kanno, Menor).

SCRep. 3225 Transportation and Government Operations on S.C.R. No. 194

The purpose of this measure is to request the Department of Transportation to install a lighted crosswalk on Kamehameha Highway in Kaneohe, Oahu, at the crosswalk between Lilipuna Road and Mehana Street.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that most of the pedestrian deaths in Hawaii have occurred along major roadways, such as Kamehameha and Farrington Highways, and major collector roads that feed into main thoroughfares. Though there is a marked crosswalk in this segment of Kamehameha Highway, crossing the street remains hazardous for pedestrians, as evidenced by a pedestrian fatality that occurred in that crosswalk in late 2005. Poor visibility of pedestrians in crosswalks, such as the crosswalk in this segment of Kamehameha Highway, is of major concern.

Your Committee has amended this measure by substituting the Department of Transportation Services of the City and County of Honolulu for the Department of Transportation as the agency with the proper jurisdiction.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 194, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 194, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Espero, Kanno, Menor).

SCRep. 3226 Transportation and Government Operations on S.R. No. 129

The purpose of this measure is to request the Department of Transportation to install a lighted crosswalk on Kamehameha Highway in Kaneohe, Oahu, at the crosswalk between Lilipuna Road and Mehana Street.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that most of the pedestrian deaths in Hawaii have occurred along major roadways, such as Kamehameha and Farrington Highways, and major collector roads that feed into main thoroughfares. Though there is a marked crosswalk in this segment of Kamehameha Highway, crossing the street remains hazardous for pedestrians, as evidenced by a pedestrian fatality that occurred in that crosswalk in late 2005. Poor visibility of pedestrians in crosswalks, such as the crosswalk in this segment of Kamehameha Highway, is of major concern.

Your Committee has amended this measure by substituting the Department of Transportation Services of the City and County of Honolulu for the Department of Transportation as the agency with the proper jurisdiction.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 129, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 129, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Espero, Kanno, Menor).

SCRep. 3227 Judiciary and Hawaiian Affairs on S.C.R. No. 137

The purpose of this measure is to urge the Association of Hawaiian Civic Clubs and the State of Hawaii to affirm and support the historic, cultural, and sacred significance of Mauna`ala.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, the Charles R. Bishop Trust, the Association of Hawaiian Civic Clubs, and one individual.

Your Committee finds that since 1865, Mauna`ala has been the resting place of the ali`i of the Kamehameha and Kalakaua dynasties. For years, groups such as the Association of Hawaiian Civic Clubs, various other civic clubs, the Charles R. Bishop Trust, and the students of Kamehameha Schools have all contributed to the care and maintenance of Mauna`ala. Your Committee further finds that Mauna`ala is a unique cultural treasure and is deserving of appropriate care and upkeep by the State of Hawaii.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 137 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ihara).

SCRep. 3228 (Joint) Health and Intergovernmental Affairs on S.C.R. No. 86

The purpose of this measure is to request the Department of Health to study the health impacts of the Waimanalo Gulch landfill on the workers of the landfill and the surrounding communities.

Your Committees received testimony in support of this measure from the Life of the Land. Your Committees received testimony in opposition to this measure from the Department of Health.

Your Committees find that the health of the landfill workers and surrounding communities is a priority to the State and that these individuals should not be exposed to environmental risks.

The Department of Health submitted testimony stating that the health impact studies requested by this measure have already been initiated and are under way. Your Committees further find that the Department of Health has commenced enforcement litigation against the Waste Management of Hawaii, Inc. and City and County of Honolulu regarding eighteen violations of the operating permit for the landfill.

In response to the Department of Health's testimony, your Committees have amended this measure by requesting the Department of Health to submit an interim and final report as to the status of the pending litigation.

As affirmed by the records of votes of the members of your Committees on Health and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 86, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 86, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 5 (English, Hanabusa, Inouye, Kim, Tsutsui).

SCRep. 3229 (Joint) Health and Human Services on S.C.R. No. 115

The purpose of this measure is to request the Executive Office on Aging to convene a focus group to assess yearly service needs and long-term planning for Kupuna Care.

Your Committees received testimony in support of this measure with comments from the Executive Office on Aging, the City and County of Honolulu Department of Community Services, the Policy Advisory Board for Elder Affairs, and Catholic Charities Hawaii.

Your Committees find that Kupuna Care has proven to be a successful program that assists elderly individuals in remaining independent and avoiding institutionalization and homelessness. In order for this program to address the growing elderly population and remain successful in the upcoming years, a focus group is needed to assess the yearly service delivery needs and to develop a strategic long-term plan for Kupuna Care.

Your Committees have amended this measure in response to testimony submitted by Catholic Charities Hawaii by clarifying that an additional critical step to ensure an efficient service delivery system includes increased funding for the provision of current and needed Kupuna Care services.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 115, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 115, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 4 (Fukunaga, Hanabusa, Kokubun, Whalen).

SCRep. 3230 (Joint) Health and Human Services on S.C.R. No. 108

The purpose of this measure is to urge the United States Congress to examine the public policy underlying the recovery of medical assistance payments.

Your Committees received testimony in support of this measure from one individual.

Your Committees find that current federal statutes allow lien exemptions for a sibling who has resided in the home for one year and who has an equity interest in the home, for disabled or minor children, and spouses. A lien exemption should also apply to adult, non-disabled children residing for at least one year in the home and who have an equity interest in the home. Allowing a Medicaid agency to place a lien on a beneficiary's home often causes financial hardship for the beneficiary's adult child, particularly when he or she has resided in the home for a long period of time.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 108 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 4 (Hanabusa, Ihara, Kokubun, Tsutsui).

SCRep. 3231 Transportation and Government Operations on S.C.R. No. 45

The purpose of this measure is to request Hawaii's congressional delegation to seek federal grants from the United States Office for Domestic Preparedness for the State Department of Defense.

Your Committee received testimony in support of this measure from the State Department of Defense.

The goal of the federal Office for Domestic Preparedness grant program is to provide funding to enhance the capacity of state and local jurisdictions to prevent, respond to, and recover from incidents of terrorism involving chemical, biological, radiological, nuclear, or explosive weapons and cyber attacks. The State Department of Defense has sought an appropriation of \$45,000,000 in the Regular Session of 2006.

Your Committee finds that any federal grants to the State Department of Defense to provide homeland security would immensely help the State's civil defense plans.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 45 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Espero, Kanno, Menor).

SCRep. 3232 Transportation and Government Operations on S.R. No. 26

The purpose of this measure is to request Hawaii's congressional delegation to seek federal grants from the United States Office for Domestic Preparedness for the State Department of Defense.

Your Committee received testimony in support of this measure from the State Department of Defense.

The goal of the federal Office for Domestic Preparedness grant program is to provide funding to enhance the capacity of state and local jurisdictions to prevent, respond to, and recover from incidents of terrorism involving chemical, biological, radiological, nuclear, or explosive weapons and cyber attacks. The State Department of Defense has sought an appropriation of \$45,000,000 in the Regular Session of 2006.

Your Committee finds that any federal grants to the State Department of Defense to provide homeland security would immensely help the State's civil defense plans.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 26 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Espero, Kanno, Menor).

SCRep. 3233 Transportation and Government Operations on S.C.R. No. 46

The purpose of this measure is to request the Department of Transportation to comply with county ordinances and standards relating to outside lighting at airports and harbors, and to provide cut-off or fully shielded lens fixtures to direct artificial lighting downward to prevent diffusion the light into the atmosphere, on the island of Hawaii and the island of Maui.

Your Committee received testimony in support of this measure from the Department of Transportation; State Department of Defense; three Maui County Council Members; the University of Hawaii Institute for Astronomy; and one individual. Comments were received from the National Electrical Manufacturers Association.

Hawaii is home to two of the world's premier astronomy observatories, Haleakala on Maui and Mauna Kea on Hawaii. One of the most critical needs for preserving the value of these sites is to reduce bright sources of light that illuminate the dark night sky. Recent nighttime images from the international space station revealed that some of the brightest sources of light on Maui and Hawaii are the airports and harbors on both islands. Astronomers on Mauna Kea are now detecting artificial light sources from urban areas that diminish the telescopes' ability to do research.

Your Committee finds that it is essential that the Department of Transportation take immediate steps to diminish the adverse effects on astronomy of bright night lights at airports and harbors on the island of Hawaii and the island of Maui.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 46 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Espero, Kanno, Menor).

SCRep. 3234 Transportation and Government Operations on S.R. No. 27

The purpose of this measure is to request the Department of Transportation to comply with county ordinances and standards relating to outside lighting at airports and harbors, and to provide cut-off or fully shielded lens fixtures to direct artificial lighting downward to prevent diffusion the light into the atmosphere, on the island of Hawaii and the island of Maui.

Your Committee received testimony in support of this measure from the Department of Transportation; State Department of Defense; three Maui County Council Members; the University of Hawaii Institute for Astronomy; and one individual. Comments were received from the National Electrical Manufacturers Association.

Hawaii is home to two of the world's premier astronomy observatories, Haleakala on Maui and Mauna Kea on Hawaii. One of the most critical needs for preserving the value of these sites is to reduce bright sources of light that illuminate the dark night sky. Recent nighttime images from the international space station revealed that some of the brightest sources of light on Maui and Hawaii are the airports and harbors on both islands. Astronomers on Mauna Kea are now detecting artificial light sources from urban areas that diminish the telescopes' ability to do research.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 27 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Espero, Kanno, Menor).

SCRep. 3235 Transportation and Government Operations on S.C.R. No. 110

The purpose of this measure is to request the department of transportation to create a comprehensive statewide pedestrian safety action plan.

Your Committee received testimony in support of this measure from the Department of Transportation, Department of Health, Keiki Injury Prevention Coalition, Na Kama Hele, and three individuals.

Walking is an increasingly popular transportation option and recreational activity, and as a result, well-designed, continuous, connected sidewalks with safe crossings are highly valued. Hawaii reportedly has among the highest rates of pedestrian fatalities in the nation, the highest fatality rate for senior pedestrians age 65 years and older, and the eleventh highest pedestrian fatality rate for all ages.

Your Committee finds that there is a need to build better communities by consciously providing and adequately maintaining a continuous network of sidewalks, pathways and safe and accessible crossings for pedestrians and to make sidewalks and pathways friendly to persons using wheelchairs, strollers, or other mobility aids.

According to testimony of the Department of Transportation, it is addressing the issue of pedestrian safety through a multi-pronged approach that includes formation of the Walk Wise Hawaii Coalition, development of a strategic highway safety plan, organization of a pedestrian safety action plan and design, and development of a highway safety plan with pedestrian safety as a top priority. Your Committee requests the Department of Transportation to include more elaboration on these projects in its report to the Legislature.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 110 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Espero, Kanno, Menor).

SCRep. 3236 Transportation and Government Operations on S.R. No. 66

The purpose of this measure is to request the department of transportation to create a comprehensive statewide pedestrian safety action plan.

Your Committee received testimony in support of this measure from the Department of Transportation, Department of Health, Keiki Injury Prevention Coalition, Na Kama Hele, and three individuals.

Walking is an increasingly popular transportation option and recreational activity, and as a result, well-designed, continuous, connected sidewalks with safe crossings are highly valued. Hawaii reportedly has among the highest rates of pedestrian fatalities in the nation, the highest fatality rate for senior pedestrians age 65 years and older, and the eleventh highest pedestrian fatality rate for all ages.

Your Committee finds that there is a need to build better communities by consciously providing and adequately maintaining a continuous network of sidewalks, pathways and safe and accessible crossings for pedestrians and to make sidewalks and pathways friendly to persons using wheelchairs, strollers, or other mobility aids.

According to testimony of the Department of Transportation, it is addressing the issue of pedestrian safety through a multi-pronged approach that includes formation of the Walk Wise Hawaii Coalition, development of a strategic highway safety plan, organization of a pedestrian safety action plan and design, and development of a highway safety plan with pedestrian safety as a top priority. Your Committee requests the Department of Transportation to include more elaboration on these projects in its report to the Legislature.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 66 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Espero, Kanno, Menor).

SCRep. 3237 (Joint) Health and Intergovernmental Affairs on S.R. No. 56

The purpose of this measure is to request the Department of Health to study the health impacts of the Waimanalo Gulch landfill on the workers of the landfill and the surrounding communities.

Your Committees received testimony in support of this measure from the Life of the Land. Your Committees received testimony in opposition to this measure from the Department of Health.

Your Committees find that the health of the landfill workers and surrounding communities is a priority to the State and that these individuals should not be exposed to environmental risks.

The Department of Health submitted testimony stating that the health impact studies requested by this measure have already been initiated and are under way. Your Committees further find that the Department of Health has commenced enforcement litigation

against the Waste Management of Hawaii, Inc. and City and County of Honolulu regarding eighteen violations of the operating permit for the landfill.

In response to the Department of Health's testimony, your Committees have amended this measure by requesting the Department of Health to submit an interim and final report as to the status of the pending litigation.

As affirmed by the records of votes of the members of your Committees on Health and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 56, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 56, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 5 (English, Hanabusa, Inouye, Kim, Tsutsui).

SCRep. 3238 Transportation and Government Operations on Gov. Msg. No. 313

Recommending that the Senate advise and consent to the nomination of the following:

STATE PROCUREMENT ADMINISTRATOR

G.M. No. 313 AARON S. FUJIOKA, for a term to expire 10-16-2009

Your Committee received testimony in support of the nominee from the Department of Accounting and General Services; Staff of the State Procurement Office; Executive Officer and Staff of the Land Use Commission; Hawaii Tourism Authority; Hawaii County Finance Department; Aloha Harvest; Coalition of Hawaii Engineering and Architectural Professionals; The Hawaii Business League; National Association of Social Workers; The Salvation Army-Family Intervention Services; ORI Anuenue Hale, Inc.; Hale 'Opio Kauai, Inc.; Kauahikaua & Chun / Architects; Catholic Charities Hawaii; American Council of Engineering Companies of Hawaii; and two individuals.

AARON S. FUJIOKA received a B.S. degree in Human Resources Development and an M.S.W. degree in Administration from the University of Hawaii at Manoa. He has been the Administrator and Chief Procurement Officer of the State Procurement Office, Department of Accounting and General Services, since 2001. However, he briefly served as the Special Advisor to the Department of Community Services, City and County of Honolulu, from March 2005 to October 2005. The nominee has served in various administrative procurement positions with the Department of Accounting and General Services since 1997, including Assistant Administrator, Procurement Officer, and Procurement Manager. Previously, he performed procurement and planning functions for the Office of Community Services of the Department of Labor and Industrial Relations, and the Executive Office on Aging.

Mr. Fujioka is Director of the Western States Contracting Alliance, and Administrator of the State Purchase of Service Team. He is also a member of the Access Hawaii Committee, National Association; the National Association of State Procurement Officials; National Institute of Governmental Purchasing, and Hawaii Accounting and Audit Review Committee.

Your Committee is impressed with Mr. Fujioka's personal statement that the State Procurement Office continues its efforts to build public confidence and to enhance the transparency of procurement operations. He states that he will continue to advocate for the consistent application of the procurement statutes and rules, and will work conscientiously at making fair and informed decisions.

Furthermore, your Committee notes that the nominee has been an invaluable resource to the Legislature on procurement issues.

With over twenty years of experience in public procurement, contracts management, and planning and program development, Aaron S. Fujioka is eminently qualified for the position to which he is nominated.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Espero, Kanno, Menor).

SCRep. 3239 Human Services on S.C.R. No. 2

The purpose of this measure is to request the Department of Human Services to conduct a study and recommend solutions for the current shortage of daycare providers, facilities, and services in the State.

Your Committee received testimony in support of the measure from the Department of Human Services.

Your Committee finds that this measure will enable the Department of Human Services to evaluate the daycare shortage in the State, particularly daycare for infants and toddlers, and to identify methods by which to increase the number of providers, facilities, and services without diminishing their quality.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 2, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Fukunaga, Kokubun).

SCRep. 3240 Human Services on S.C.R. No. 43

The purpose of this measure is to urge Hawaii's Congressional delegation to support legislation that assists hungry Americans.

One member of the Hawaii State Senate and the Hawaii Food Bank submitted testimony in support of the measure.

Your Committee finds that an important element of the crusade to end hunger in America is providing incentives for charitable contributions. This measure urges Hawaii's Congressional delegation to support the passage of laws that provide incentives to businesses and individuals for charitable contributions to hunger relief programs. It further urges the delegation to support adequate funding for all federal nutrition programs, including the Food Stamp Program and the Commodity Supplemental Food Program.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 43 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Fukunaga, Kokubun).

SCRep. 3241 Human Services on S.R. No. 24

The purpose of this measure is to urge Hawaii's Congressional delegation to support legislation that assists hungry Americans.

One member of the Hawaii State Senate and the Hawaii Food Bank submitted testimony in support of the measure.

Your Committee finds that an important element of the crusade to end hunger in America is providing incentives for charitable contributions. This measure urges Hawaii's Congressional delegation to support the passage of laws that provide incentives to businesses and individuals for charitable contributions to hunger relief programs. It further urges the delegation to support adequate funding for all federal nutrition programs, including the Food Stamp Program and the Commodity Supplemental Food Program.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 24 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Fukunaga, Kokubun).

SCRep. 3242 Human Services on S.C.R. No. 51

The purpose of this measure is to support social and economic equality for all of Hawaii's residents by providing that the Legislature will discuss and address the impact that each bill has on the overall income, wealth, and social inequality in the State.

Your Committee received testimony in support of the measure from the National Association of Social Workers.

Your Committee finds that this measure supports the consideration of the overall impact legislative action has on the people of the State and emphasizes the Legislature's responsibility to strive for social and economic equality, while protecting and assisting the State's disadvantaged and marginalized populations.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 51, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 51, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Fukunaga, Kokubun).

SCRep. 3243 Human Services on S.C.R. No. 229

The purpose of this measure is to urge Hawaii and the United States to adopt and ratify the United Nations' Convention on the Rights of the Child.

Specifically, this measure emphasizes our fundamental responsibility to protect the world's keiki, requests the State of Hawaii to adopt the Convention on the Rights of the Child, and urges the federal government to ratify the Convention, which was signed by the United States on February 16, 1995, but not approved or ratified.

One member of the Hawaii House of Representatives 18th District, submitted testimony in support of this measure.

Your Committee finds that this measure affirms the importance of caring for and nurturing all children in an atmosphere of aloha, in order to promote the ideals of peace, dignity, tolerance, freedom, equality, and solidarity.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 229, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 229, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Kokubun).

SCRep. 3244 Human Services on S.R. No. 68

The purpose of this measure is to ensure the maintenance of the current standard in rehabilitation services for the blind.

Your Committee received testimony in support of the measure from the Department of Human Services, the Hawaii Centers for Independent Living, the East Honolulu Chapter of the National Federation of the Blind of Hawaii, and two individuals.

Your Committee finds that both blind and deaf people require specialized rehabilitation and vocational services in order to obtain meaningful employment.

Accordingly, your Committee has amended this measure to also request the maintenance of current standards in rehabilitation services for the deaf.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 68, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 68, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Fukunaga, Kokubun).

SCRep. 3245 (Joint) Human Services and Health on S.C.R. No. 204

The purpose of this measure is to designate March as Caregivers' Month in Hawaii.

Your Committees received testimony in support of the measure from the Adult Foster Home Association of Hawaii and more than one hundred individuals.

Your Committees find that this measure highlights the contributions caregivers make to our society, acknowledges the value of their assistance, and designates a specific time period to recognize caregivers for the vital service they provide.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 204, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 204, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (Hanabusa, Ihara, Kokubun, Tsutsui).

SCRep. 3246 (Joint) Human Services and Health on S.R. No. 134

The purpose of this measure is to designate March as Caregivers' Month in Hawaii.

Your Committees received testimony in support of the measure from the Adult Foster Home Association of Hawaii and more than one hundred individuals.

Your Committees find that this measure highlights the contributions caregivers make to our society, acknowledges the value of their assistance, and designates a specific time period to recognize caregivers for the vital service they provide.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 134, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 134, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 4 (Hanabusa, Ihara, Kokubun, Tsutsui).

SCRep. 3247 (Majority) Education and Military Affairs on S.C.R. No. 193

The purpose of this measure is to call on the Governor of Hawaii to take steps to withdraw the Hawaii Army and Air National Guard troops from Iraq.

Your Committee received testimony in support of this measure from Americans for Democratic Action, Hawaii Chapter; CODEPINK, Women for Peace; Malu `Aina Center for Non-violent Education & Action; Military Families Speak Out Hawaii; and thirty-two individuals. Comments in opposition to this measure were received from the State Department of Defense.

Your Committee finds that the Hawaii Army and Air National Guard have shouldered a heavy load as components in the continuing war in Iraq, and they have served well and honorably. Your Committee recognizes the sacrifices that Hawaii National Guard members have made, and notes that three thousand Hawaii Army and Air National Guard members have been deployed, one has been killed, and about two dozen have been injured. For all the reasons stated in the resolution, your Committee supports Hawaii Army and Air National Guard withdrawal from Iraq.

Your Committee has amended this measure by:

- (1) Correcting that Hawaii has the highest ratio of state "Army National Guard members" on active duty of any other state in the Union;
- (2) Amending the statement that federalization and deployment of Air and Army National Guard members "has rendered" to "may render" the remaining Guard force in Hawaii unable to carry out its missions; and
- (3) Making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 193, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 193, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, 1 (Hogue). Excused, none.

SCRep. 3248 (Joint) Health and Intergovernmental Affairs on S.C.R. No. 72

The purpose of this measure is to urge Hawaii's local, state, and federal government officials to play an active role in creating "Heart Healthy Communities."

Your Committees received testimony in support of this measure from the Department of Health, the Department of Education, and Kaiser Permanente.

Your Committees find that creating "Heart Healthy Communities" such as the program established by the Robert Wood Johnson Foundation would benefit Hawaii's residents and visitors. Promoting healthy lifestyles will, among many other benefits, reduce incidence of disease, the growing obesity crisis, and reduce health care costs.

Your Committees have adopted the recommendations of Kaiser Permanente and amended this measure by referencing "Active Living by Design," the national program of the Robert Wood Johnson Foundation administered by the University of North Carolina School of Public Health, and Hawaii's Kokuia Kalihi Valley, which is a grantee of the program.

As affirmed by the records of votes of the members of your Committees on Health and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 72, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 72, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 5 (English, Hanabusa, Inouye, Kim, Tsutsui).

SCRep. 3249 Health on S.C.R. No. 70

The purpose of this measure is to address Hawaii's trauma system crisis by requesting the Director of Health to develop a trauma system plan.

Your Committee received testimony in support of this measure from the Department of Health, the Healthcare Association of Hawaii, and the Hawaii Government Employees Association.

Your Committee finds that the trauma system is facing critical issues, such as the availability of on-call emergency physicians, that must be addressed to ensure the integrity of trauma care in Hawaii. Developing a comprehensive, state-wide trauma system plan will facilitate the necessary funding for needed changes the plan is to address.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 70 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3250 Health on S.C.R. No. 76

The purpose of this measure is to urge healthcare facilities in Hawaii to implement the "Utilization Guide for the American Nurses Association Principles for Safe Staffing."

Your Committee received testimony in support of this measure from the Hawai'i Nurses' Association and the Hawaii Government Employees Association. The Department of Health and The Queen's Medical Center submitted testimony in support of this measure with amendments. Your Committee received testimony in opposition to the measure from Kaiser Permanente. The Hawaii Long Term Care Association submitted comments.

Your Committee finds that quality health care and patient safety are priorities of health care facilities. Safe nurse staffing is essential to ensuring these priorities are fulfilled. The "Utilization Guide For The American Nurses Association Principles For Safe Staffing" appropriately sets guidelines for Hawaii's health care facilities to follow.

Your Committee has amended this measure by:

- (1) Specifying health care facilities to include acute care facilities, long term care and skilled nursing facilities, dialysis units, hospice facilities, ambulatory surgical centers, and psychiatric facilities;
- (2) Requesting the Center for Nursing to convene a working group of stakeholders and to report its findings to the 2007 Legislature; and
- (3) Including the Center for Nursing, the Hawaii Long Term Care Association, the Hawaii Health Systems Corporation, Hospice Hawaii, Liberty Dialysis, and Kahi Mohala as entities to receive certified copies of this measure.

Your Committee further amended this measure by making technical, non-substantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 76, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 76, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3251 Health on S.R. No. 50

The purpose of this measure is to urge healthcare facilities in Hawaii to implement the "Utilization Guide for the American Nurses Association Principles for Safe Staffing."

Your Committee received testimony in support of this measure from the Hawai'i Nurses' Association and the Hawaii Government Employees Association. The Department of Health and The Queen's Medical Center submitted testimony in support of this measure with amendments. Your Committee received testimony in opposition to the measure from Kaiser Permanente. The Hawaii Long Term Care Association submitted comments.

Your Committee finds that quality health care and patient safety are priorities of health care facilities. Safe nurse staffing is essential to ensuring these priorities are fulfilled. The "Utilization Guide For The American Nurses Association Principles For Safe Staffing" appropriately sets guidelines for Hawaii's health care facilities to follow.

Your Committee has amended this measure by:

- (1) Specifying health care facilities to include acute care facilities, long term care and skilled nursing facilities, dialysis units, hospice facilities, ambulatory surgical centers, and psychiatric facilities;
- (2) Requesting the Center for Nursing to convene a working group of stakeholders and to report its findings to the 2007 Legislature; and
- (3) Including the Center for Nursing, the Hawaii Long Term Care Association, the Hawaii Health Systems Corporation, Hospice Hawaii, Liberty Dialysis, and Kahi Mohala as entities to receive certified copies of this measure.

Your Committee further amended this measure by making technical, non-substantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 50, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 50, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3252 (Joint) Health and Intergovernmental Affairs on S.R. No. 47

The purpose of this measure is to urge Hawaii's local, state, and federal government officials to play an active role in creating "Heart Healthy Communities."

Your Committees received testimony in support of this measure from the Department of Health, the Department of Education, and Kaiser Permanente.

Your Committees find that creating "Heart Healthy Communities" such as the program established by the Robert Wood Johnson Foundation would benefit Hawaii's residents and visitors. Promoting healthy lifestyles will, among many other benefits, reduce incidence of disease, the growing obesity crisis, and reduce health care costs.

Your Committees have adopted the recommendations of Kaiser Permanente and amended this measure by referencing "Active Living by Design," the national program of the Robert Wood Johnson Foundation administered by the University of North Carolina School of Public Health, and Hawaii's Koku'a Kalihi Valley, which is a grantee of the program.

As affirmed by the records of votes of the members of your Committees on Health and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 47, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 47, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 5 (English, Hanabusa, Inouye, Kim, Tsutsui).

SCRep. 3253 (Joint/Majority) Health and Energy, Environment, and International Affairs on S.R. No. 90

The purpose of this measure is to urge the National Council of State Boards of Nursing to establish a testing center to conduct the National Council Licensure Examination in the city of Manila in the Republic of the Philippines.

Your Committees received testimony in support of this measure from the Hawaii Government Employees Association and the Board of Nursing.

Your Committees find that enabling nurse candidates to take the National Council Licensure Examination in the Philippines is a proactive approach to addressing the nursing shortage in Hawaii. The examination is offered at many other overseas locations. Currently, Filipinos who wish to work as nurses in the United States must apply for B-2 visas and overcome financial barriers. Offering the examination in the Philippines will eliminate these barriers and improve recruitment of nurses in Hawaii.

As affirmed by the records of votes of the members of your Committees on Health and Energy, Environment, and International Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 90 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, 1 (Hemmings). Excused, 3 (Hanabusa, Hooser, Tsutsui).

SCRep. 3254 (Joint/Majority) Health and Energy, Environment, and International Affairs on S.C.R. No. 145

The purpose of this measure is to urge the National Council of State Boards of Nursing to establish a testing center to conduct the National Council Licensure Examination in the city of Manila in the Republic of the Philippines.

Your Committees received testimony in support of this measure from the Hawaii Government Employees Association and the Board of Nursing.

Your Committees find that enabling nurse candidates to take the National Council Licensure Examination in the Philippines is a proactive approach to addressing the nursing shortage in Hawaii. The examination is offered at many other overseas locations. Currently, Filipinos who wish to work as nurses in the United States must apply for B-2 visas and overcome financial barriers. Offering the examination in the Philippines will eliminate these barriers and improve recruitment of nurses in Hawaii.

As affirmed by the records of votes of the members of your Committees on Health and Energy, Environment, and International Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 145 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, 1 (Hemmings). Excused, 3 (Hanabusa, Hooser, Tsutsui).

SCRep. 3255 Education and Military Affairs on S.C.R. No. 147

The purpose of this measure is to urge the United States Congress to authorize funds for armed forces reserve components to access TRICARE program health benefits without restrictions.

Your Committee received testimony in support of this measure from the State Department of Defense, the Hawaii National Guard Association, and the Hawaii National Guard Enlisted Association.

Your Committee finds that medical readiness continues to be an issue of concern for the National Guard, and that during mobilization, the number one reason a member is found non-deployable is a medical issue. Your Committee finds that allowing access to TRICARE for members of the National Guard and Reserves would greatly enhance personnel readiness.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 147 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3256 Education and Military Affairs on S.R. No. 92

The purpose of this measure is to urge the United States Congress to authorize funds for armed forces reserve components to access TRICARE program health benefits without restrictions.

Your Committee received testimony in support of this measure from the State Department of Defense, the Hawaii National Guard Association, and the Hawaii National Guard Enlisted Association.

Your Committee finds that medical readiness continues to be an issue of concern for the National Guard, and that during mobilization, the number one reason a member is found non-deployable is a medical issue. Your Committee finds that allowing access to TRICARE for members of the National Guard and Reserves would greatly enhance personnel readiness.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 92 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3257 Education and Military Affairs on S.C.R. No. 170

The purpose of this measure is to call on the United States House of Representatives to support House Resolution 4259, the Veterans' Right to Know Act, which would create a commission to investigate incidents of U.S. military chemical and biological testing.

Your Committee received testimony in support of this measure from the Department of Defense Office of Veterans Services, Radiated Veterans of America, Inc., We Are All Downwinders, and two individuals.

Your Committee finds that military chemical and biological testing has adversely affected the health and well-being of servicemen, servicewomen, and their families, often when they did not even know the risks associated with the testing, and the extent of their own exposure. Your Committee finds that these servicemen, servicewomen, and their families have a right to know as much as possible about the testing, especially those who now suffer, and have inherited over subsequent generations, serious health ailments due to contaminant exposure. In addition, residents of testing areas both at the time of testing, and those currently inhabiting areas that may still pose certain health concerns, possess a similar right to know what kinds of tests were conducted, and the nature of the risks they were exposed to by the testing activities.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 170 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3258 Education and Military Affairs on S.R. No. 114

The purpose of this measure is to call on the United States House of Representatives to support House Resolution 4259, the Veterans' Right to Know Act, which would create a commission to investigate incidents of U.S. military chemical and biological testing.

Your Committee received testimony in support of this measure from the Department of Defense Office of Veterans Services, Radiated Veterans of America, Inc., We Are All Downwinders, and two individuals.

Your Committee finds that military chemical and biological testing has adversely affected the health and well-being of servicemen, servicewomen, and their families, often when they did not even know the risks associated with the testing, and the extent of their own exposure. Your Committee finds that these servicemen, servicewomen, and their families have a right to know as much as possible about the testing, especially those who now suffer, and have inherited over subsequent generations, serious health ailments due to contaminant exposure. In addition, residents of testing areas both at the time of testing, and those currently inhabiting areas that may still pose certain health concerns, possess a similar right to know what kinds of tests were conducted, and the nature of the risks they were exposed to by the testing activities.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 114 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3259 (Majority) Education and Military Affairs on S.R. No. 128

The purpose of this measure is to call on the Governor of Hawaii to take steps to withdraw the Hawaii Army and Air National Guard troops from Iraq.

Your Committee received testimony in support of this measure from Americans for Democratic Action, Hawaii Chapter; CODEPINK, Women for Peace; Malu `Aina Center for Non-violent Education & Action; Military Families Speak Out Hawaii; and thirty-two individuals. Comments in opposition to this measure were received from the State Department of Defense.

Your Committee finds that the Hawaii Army and Air National Guard have shouldered a heavy load as components in the continuing war in Iraq, and they have served well and honorably. Your Committee recognizes the sacrifices that Hawaii National Guard members have made, and notes that three thousand Hawaii Army and Air National Guard members have been deployed, one has been killed, and about two dozen have been injured. For all the reasons stated in the resolution, your Committee supports Hawaii Army and Air National Guard withdrawal from Iraq.

Your Committee has amended this measure by:

- (1) Correcting that Hawaii has the highest ratio of state "Army National Guard members" on active duty of any other state in the Union;
- (2) Amending the statement that federalization and deployment of Air and Army National Guard members "has rendered" to "may render" the remaining Guard force in Hawaii unable to carry out its missions; and
- (3) Making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 128, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 128, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, 1 (Hogue). Excused, none.

SCRep. 3260 (Joint) Education and Military Affairs and Transportation and Government Operations on H.C.R. No. 15

The purpose of this measure is to request that the Department of Defense present a homeland security plan to the Legislature.

Your Committees received testimony in support of this measure from two individuals. Comments on this measure were received from the State Department of Defense.

Your Committees find that a homeland security plan is necessary for state security, and that the Legislature should be a part of its development process.

Your Committees have amended this measure by replacing its language with that of its companion, Senate Concurrent Resolution No. 12, which your Committees amended and reported to the House of Representatives on March 24, 2006, which expands the scope of the plan and reflects the total funding amount as \$80,000,000.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Transportation and Government Operations that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 15, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 15, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 5 (Chun Oakland, Espero, Kanno, Menor, Tsutsui).

SCRep. 3261 Education and Military Affairs on S.C.R. No. 60

The purpose of this measure is to request that the Department of Education exempt from the weighted student formula all Comprehensive School Alienation Program (CSAP) monies used for the High Core Program.

Your Committee received testimony in support of this measure from the High Core Program and one individual. Comments in opposition to this measure were received from the Department of Education.

Your Committee finds that although the High Core Program is not unique per se in its mission, it is unique in the way it now faces budget cuts due to implementation of the weighted student formula, and exempting CSAP monies from the weighted student formula specifically for the High Core Program is proper under these circumstances.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 60 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Hogue).

SCRep. 3262 Education and Military Affairs on S.C.R. No. 61

The purpose of this measure is to request a fiscal and program audit be conducted of the Department of Education's Hawaiian Studies Program.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association, the Office of Hawaiian Affairs, and thirteen individuals. Comments in opposition to this measure were received from the Department of Education.

Your Committee finds that instructors and advocates of the Hawaiian Studies Program report inconsistencies in the program budgeting, pay scales, and implementation. Your Committee finds that a fiscal and program audit would help to clarify the extent to which any of these inconsistencies exist, and identify any potential remedies thereto.

Your Committee has amended this measure by requesting that the Auditor also conduct the program audit of the program, rather than the Department of Education, merely for purposes of departmental independence; and by specifying that the fiscal audit review all moneys appropriated and expended at both the department and individual school level for maximum accuracy.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 61, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 61, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Hogue).

SCRep. 3263 Human Services on S.C.R. No. 52

The purpose of this measure is to request the House and Senate Committees on Human Services to conduct a joint study of the Department of Human Services' reunification and kinship placement policies and procedure.

Your Committee received testimony in support from the National Association of Social Workers, and one individual, and testimony in opposition to the measure from the Department of Human Services and the Hawaii Foster Youth Coalition.

Upon consideration of the issues, your Committee has decided to amend this measure to request the House and Senate Committees on Human Services to convene interim hearings on the use of legal interventions available to the Family Court.

Your Committee finds that this measure will enable the relevant stakeholders to participate in an assessment of the Family Court's caseload, use of legal interventions, the selection, use, and accountability of court-appointed personnel, and an evaluation of the definitions of the best interests of the child and other issues that may have an impact on the timely and fair resolution of cases.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 52, as amended herein, and recommends that it be referred to the Committee on Judiciary and Hawaiian Affairs, in the form attached hereto as S.C.R. No. 52, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Kokubun).

SCRep. 3264 Human Services on S.R. No. 32

The purpose of this measure is to request the House and Senate Committees on Human Services to conduct a joint study of the Department of Human Services' reunification and kinship placement policies and procedure.

Your Committee received testimony in support from the National Association of Social Workers, and one individual, and testimony in opposition to the measure from the Department of Human Services and the Hawaii Foster Youth Coalition.

Upon consideration of the issues, your Committee has decided to amend this measure to request the House and Senate Committees on Human Services to convene interim hearings on the use of legal interventions available to the Family Court.

Your Committee finds that this measure will enable the relevant stakeholders to participate in an assessment of the Family Court's caseload, use of legal interventions, the selection, use, and accountability of court-appointed personnel, and an evaluation of the definitions of the best interests of the child and other issues that may have an impact on the timely and fair resolution of cases.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 32, as amended herein, and recommends that it be referred to the Committee on Judiciary and Hawaiian Affairs, in the form attached hereto as S.R. No. 32, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Kokubun).

SCRep. 3265 Human Services on S.C.R. No. 88

The purpose of this measure is to establish a task force to examine the issue of human trafficking and to identify ways to deter trafficking, support trafficked victims, and bring human traffickers to justice.

The Department of the Prosecuting Attorney, City and County of Honolulu submitted testimony in favor of this measure.

Your Committee finds that this measure will enable interested groups to collaboratively identify and study the issues surrounding human trafficking, and propose legislation that will deter human trafficking, bring traffickers to justice, and protect its victims. However, your Committee prefers House Bill No. 2051, H.D. 1, S.D. 1, which was recently passed out of the Senate Committee on Judiciary and Hawaiian Affairs, as the means for accomplishing these objectives.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 88, as amended herein, and recommends that it be referred to the Committee on Judiciary and Hawaiian Affairs, in the form attached hereto as S.C.R. No. 88, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Fukunaga, Kokubun).

SCRep. 3266 Human Services on S.C.R. No. 189

The purpose of this measure is to protect the health and welfare of Hawaii's at-risk youth.

Specifically, this measure requests the Legislative Reference Bureau to conduct a study of the efficacy of Hawaii's laws affecting youth under the age of eighteen and to recommend appropriate statutory changes. The Bureau is requested to examine the areas of:

- (1) Emancipation;
- (2) Custody by minor parents;
- (3) Access to shelters by runaways; and
- (4) Access to public benefits,

and to examine the laws of other states in comparison.

The Bureau is further requested to convene a working group of youth advocate stakeholders and representatives of public interest groups to collaborate with the Bureau in its investigation and study.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Youth Services Network, Legal Aid Society of Hawaii, Waikiki Health Center, Hale Kipa, Inc., and the Children's Rights Council of Hawaii. The Legislative Reference Bureau submitted comments

Upon further consideration, your Committee has amended this measure by:

- (1) Clarifying that the Bureau is to examine Hawaii's laws and the laws of other states relating to selected issues concerning youth rights;
- (2) Clarifying that the Bureau is to consult with youth advocate stakeholders and representatives of public interest groups, and to meet with them as a group to determine the selected issues and otherwise if deemed beneficial, rather than formally convening a working group consisting of these stakeholders and public interest groups; and
- (3) Adding the Children's Rights Council of Hawaii to those the Bureau is to consult with.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 189, as amended herein, and recommends that it be referred to the Committee on Judiciary and Hawaiian Affairs, in the form attached hereto as S.C.R. No. 189, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Kokubun).

SCRep. 3267 Human Services on S.C.R. No. 208

The purpose of this measure is to request an audit of the Department of Human Services for a review and analysis of the Department's compliance with its obligations under Title VI of the Civil Rights Act of 1964.

Your Committee received testimony in support of the measure from the League of Women Voters of Hawaii.

Your Committee finds that Title VI of the Civil Rights Act of 1964 requires all entities receiving federal funds to provide language-accessible services, including the translation of vital documents and other oral language services, for persons with limited English proficiency. The reported data will facilitate an assessment of the Department of Human Services' protocols, staff training, and oversight of the language assistance program to facilitate meaningful access by people with limited English proficiency and to ensure full compliance with federal requirements.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 208 and recommends that it be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Kokubun).

SCRep. 3268 Human Services on S.R. No. 138

The purpose of this measure is to request an audit of the Department of Human Services for a review and analysis of the Department's compliance with its obligations under Title VI of the Civil Rights Act of 1964.

Your Committee received testimony in support of the measure from the League of Women Voters of Hawaii.

Your Committee finds that Title VI of the Civil Rights Act of 1964 requires all entities receiving federal funds to provide language-accessible services, including the translation of vital documents and other oral language services, for persons with limited English proficiency. The reported data will facilitate an assessment of the Department of Human Services' protocols, staff training, and oversight of the language assistance program to facilitate meaningful access by people with limited English proficiency and to ensure full compliance with federal requirements.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 138 and recommends that it be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Kokubun).

SCRep. 3269 Human Services on S.C.R. No. 68

The purpose of this measure is to request the Department of Human Services to convene a working group of affected stakeholders to determine the feasibility of implementing procedures governing placement of children in temporary foster care with kin or non-kin foster parents.

Your Committee received testimony in support of the measure from the Department of Human Services, the Office of Hawaiian Affairs, the Hawaii Foster Parent Association, the Hawaii Foster Youth Coalition, the National Association of Social Workers, and one individual.

Your Committee finds that this measure will promote discussion among the various stakeholders about policies and procedures regarding the placement of children in temporary foster custody, whether with kin or non-kin foster custodians.

Your Committee has amended this measure to clarify its title and by adding the following stakeholders to the groups to be involved in the requested working group:

- (1) Parents whose children are or have been involved with Child Protective Services;
- (2) Other relatives of children who are or have been involved with Child Protective Services;
- (3) The Legal Aid Society of Hawaii;
- (4) Na Kupuna Tribunal; and
- (5) The Hawaii Family Forum.

Your Committee also has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 68, as amended herein, and recommends that it be referred to the Committee on Judiciary and Hawaiian Affairs, in the form attached hereto as S.C.R. No. 68, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Kokubun).

SCRep. 3270 Human Services on S.R. No. 45

The purpose of this measure is to request the Department of Human Services to convene a working group of affected stakeholders to determine the feasibility of implementing procedures governing placement of children in temporary foster care with kin or non-kin foster parents.

Your Committee received testimony in support of the measure from the Department of Human Services, the Office of Hawaiian Affairs, the Hawaii Foster Parent Association, the Hawaii Foster Youth Coalition, the National Association of Social Workers, and one individual.

Your Committee finds that this measure will promote discussion among the various stakeholders about policies and procedures regarding the placement of children in temporary foster custody, whether with kin or non-kin foster custodians.

Your Committee has amended this measure to clarify its title and by adding the following stakeholders to the groups to be involved in the requested working group:

- (1) Parents whose children are or have been involved with Child Protective Services;
- (2) Other relatives of children who are or have been involved with Child Protective Services;
- (3) The Legal Aid Society of Hawaii;
- (4) Na Kupuna Tribunal; and
- (5) The Hawaii Family Forum.

Your Committee also has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 45, as amended herein, and recommends that it be referred to the Committee on Judiciary and Hawaiian Affairs, in the form attached hereto as S.R. No. 45, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Kokubun).

SCRep. 3271 Health on S.C.R. No. 69

The purpose of this measure is to request the Director of Health to conduct a prevention and education campaign on the increasing incidence of bedbugs.

Your Committee received testimony in support of this measure from the Hawaii Pest Control Association and the Hawaiian Alliance for Responsible Technology and Science. Your Committee received testimony in opposition to the measure from the Department of Health.

Your Committee finds that an increase in the incidence of bed bugs could be detrimental to Hawaii's tourism industry. Although bed bugs are not known to carry disease, they are offensive and can cause allergic reactions.

Your Committee has amended this measure in response to the testimony submitted by the Department of Health by requesting the Department of Health to work in cooperation with the State Tourism Liaison and the Hawaii Hotel and Lodging Association in raising awareness, education, and prevention of the increasing incidence of bedbugs.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 69, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 69, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3272 Health on S.R. No. 22

The purpose of this measure is to request the Department of Transportation and the Executive Office on Aging to collaborate on providing transportation to seniors and to visually impaired persons, and express the Legislature's support for federal legislation to provide funding for the Independent Transportation Network for a five-year national roll-out and grants.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs.

Your Committee finds that the elderly and visually impaired population need safe access to and from their activities of daily living. This basic transportation service can vastly improve the quality of life for these individuals by giving them access to doctors, shopping, family visits, and entertainment.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 22 and recommends that it be referred to the Committee on Transportation and Government Operations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3273 (Joint) Health and Human Services on S.C.R. No. 203

The purpose of this measure is to request the Department of Education, the Department of Health, and the Department of Human Services to implement a public-private partnership pilot project with the Student Future Awareness Program to provide early intervention services to minimize drug use, gang activity, and violence among Hawaii's school-age youth.

Your Committees received testimony in support of this measure from the Student Future Awareness Program. Your Committees received testimony in support of the intent of this measure with amendments from the Department of Health and the Department of Education.

Your Committees find that early intervention services are needed to reduce youth involvement in drug and alcohol use, gang involvement, and violent behavior. Additionally, schools and community agencies have requested an intervention program to address these problems.

Your Committees have amended this measure in response to the Department of Health's recommendations by:

- (1) Involving the Department of Public Safety in the pilot program with guidance from the Department of the Attorney General on issues of safety and liability;
- (2) Specifying that the Student Future Awareness Program is to be offered as a pilot project to selected schools in the 2006-2007 school year;
- (3) Requesting that the implementors of the pilot project work with a University of Hawaii researcher of risk-reducing behaviors among youth, to evaluate the effectiveness of this program; and
- (4) Requesting Department of Health and other implementors of this pilot project to assess the feasibility of integrating the Student Future Awareness Program into existing school programs or curricula.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 203, as amended herein, recommend that it be referred to the Committee on Education and Military Affairs, in the form attached hereto as S.C.R. No. 203, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (Hanabusa, Kokubun, Tsutsui, Trimble)

SCRep. 3274 (Joint) Health and Human Services on S.R. No. 133

The purpose of this measure is to request the Department of Education, the Department of Health, and the Department of Human Services to implement a public-private partnership pilot project with the Student Future Awareness Program to provide early intervention services to minimize drug use, gang activity, and violence among Hawaii's school-age youth.

Your Committees received testimony in support of this measure from the Student Future Awareness Program. Your Committees received testimony in support of the intent of this measure with amendments from the Department of Health and the Department of Education.

Your Committees find that early intervention services are needed to reduce youth involvement in drug and alcohol use, gang involvement, and violent behavior. Additionally, schools and community agencies have requested an intervention program to address these problems.

Your Committees have amended this measure in response to the Department of Health's recommendations by:

- (1) Involving the Department of Public Safety in the pilot program with guidance from the Department of the Attorney General on issues of safety and liability;
- (2) Specifying that the Student Future Awareness Program is to be offered as a pilot project to selected schools in the 2006-2007 school year;
- (3) Requesting that the implementors of the pilot project work with a University of Hawaii researcher of risk-reducing behaviors among youth, to evaluate the effectiveness of this program; and
- (4) Requesting Department of Health and other implementors of this pilot project to assess the feasibility of integrating the Student Future Awareness Program into existing school programs or curricula.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 133, as amended herein, recommend that it be referred to the Committee on Education and Military Affairs, in the form attached hereto as S.R. No. 133, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (Hanabusa, Kokubun, Tsutsui, Trimble).

SCRep. 3275 Health on S.C.R. No. 41

The purpose of this measure is to request the Department of Transportation and the Executive Office on Aging to collaborate on providing transportation to seniors and to visually impaired persons, and express the Legislature's support for federal legislation to provide funding for the Independent Transportation Network for a five-year national roll-out and grants.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs.

Your Committee finds that the elderly and visually impaired population need safe access to and from their activities of daily living. This basic transportation service can vastly improve the quality of life for these individuals by giving them access to doctors, shopping, family visits, and entertainment.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 41 and recommends that it be referred to the Committee on Transportation and Government Operations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3276 Education and Military Affairs on S.C.R. No. 233

The purpose of this measure is to call on the military to map and monitor all munition dumpsites off Hawaii shores.

Your Committee received testimony in support of this measure from Malu `Aina Center for Non-violent Education & Action, Vietnam Veterans of Maui County, and five individuals.

Your Committee finds that the munitions dumpsites off Hawaii shores and elsewhere in the Pacific pose significant potential public health risks, and must be assessed and monitored to protect the health and safety of Hawaii residents and visitors.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 233 and recommends that it be referred to the Committee on Energy, Environment, and International Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3277 Education and Military Affairs on S.C.R. No. 146

The purpose of this measure is to request of the federal government to allow National Guard Members and Reservists to retire with full benefits after twenty or more years of service.

Your Committee received testimony in support of this measure from the State Department of Defense, the Hawaii National Guard Association, the Hawaii National Guard Enlisted Association, and two individuals.

Your Committee finds that National Guard service is a difficult and demanding duty, and that a disparity exists between active military personnel with twenty or more years of service who receive a pension immediately upon retirement, and National Guard and Reservist members with similar service records who must wait until they are at least sixty to receive a pension. Your Committee finds that this disparity should be remedied.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 146 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3278 Education and Military Affairs on S.R. No. 91

The purpose of this measure is to request of the federal government to allow National Guard Members and Reservists to retire with full benefits after twenty or more years of service.

Your Committee received testimony in support of this measure from the State Department of Defense, the Hawaii National Guard Association, the Hawaii National Guard Enlisted Association, and two individuals.

Your Committee finds that National Guard service is a difficult and demanding duty, and that a disparity exists between active military personnel with twenty or more years of service who receive a pension immediately upon retirement, and National Guard and Reservist members with similar service records who must wait until they are at least sixty to receive a pension. Your Committee finds that this disparity should be remedied.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 91 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3279 Health on S.R. No. 46

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study of the issues hospitals face with regard to wait listed patients in Hawaii in need of long term medical care.

Your Committee received testimony in support of this measure from the Healthcare Association of Hawaii, Hawaii Pacific Health, the Hawaii Disability Rights Center, Hawaii Long Term Care Association, and Kaiser Permanente. The Legislative Reference Bureau submitted comments for your Committee's consideration.

Your Committee finds that hospitals in Hawaii have been facing serious issues regarding waitlists for acute care patients waiting for transferral to long-term care facilities. Requesting the Legislative Reference Bureau to conduct a study into these pertinent issues will help to facilitate a plan for a long-term solution.

Your Committee has amended this measure in response to submitted testimony to include the Chief Executive Officer of Healthcare Association of Hawaii, the Chief Executive Officer of Hawaii Health Systems Corporation, and the Director of the Hawaii Long Term Care Association as individuals to receive certified copies of this measure.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 46, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 46, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3280 Health on S.C.R. No. 71

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study of the issues hospitals face with regard to wait listed patients in Hawaii in need of long term medical care.

Your Committee received testimony in support of this measure from the Healthcare Association of Hawaii, Hawaii Pacific Health, the Hawaii Disability Rights Center, Hawaii Long Term Care Association, and Kaiser Permanente. The Legislative Reference Bureau submitted comments for your Committee's consideration.

Your Committee finds that hospitals in Hawaii have been facing serious issues regarding waitlists for acute care patients waiting for transferral to long-term care facilities. Requesting the Legislative Reference Bureau to conduct a study into these pertinent issues will help to facilitate a plan for a long-term solution.

Your Committee has amended this measure in response to submitted testimony to include the Chief Executive Officer of Healthcare Association of Hawaii, the Chief Executive Officer of Hawaii Health Systems Corporation, and the Director of the Hawaii Long Term Care Association as individuals to receive certified copies of this measure.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 71, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 71, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3281 Health on S.C.R. No. 116

The purpose of this measure is to support the Food and Drug Administration's national campaign to raise awareness and inform women about menopausal hormone therapy and to designate September as Menopause Awareness Month in Hawaii.

Your Committee received testimony in support of this measure from the American Menopause Foundation, Inc. and Wyeth Pharmaceuticals.

Your Committee finds that in 2005 more than fifty million American women were affected by menopause. By educating and raising awareness of the health risks and symptoms, and hormone therapies available to treat menopause, women in Hawaii will be able to enhance and prolong their lives.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 116 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3282 Commerce, Consumer Protection and Housing on H.B. No. 1878

The purpose of this measure is to conform Hawaii's law on investment security adviser compensation to federal securities law.

Testimony in support of this measure was submitted by the Business Registration Division of the Department of Commerce and Consumer Affairs. No testimony in opposition was received by your Committee.

Your Committee finds that conforming State securities law to federal securities law will facilitate the industry's ability to conduct business on a nationwide basis while maintaining protections for consumers.

Upon further consideration, your Committee has amended this measure by adopting a technical amendment proposed by the Department of Commerce and Consumer Affairs correcting a reference to the federal Investment Advisors Act of 1940. Your Committee has also adopted a technical, nonsubstantive amendment for clarity and style.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1878, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1878, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Espero, Hogue).

SCRep. 3283 Commerce, Consumer Protection and Housing on H.B. No. 2313

The purpose of this measure is to clarify and correct ambiguities or errors within Hawaii's business registration law, and to modernize and increase the effectiveness of the law.

Testimony in support of this measure was submitted by the Business Registration Division, Department of Commerce and Consumer Affairs; and The Chamber of Commerce of Hawaii. No testimony in opposition was received by your Committee.

Your Committee finds that this measure addresses errors, ambiguities, and inconsistencies due to changes in the Division's policies and procedures, common law, and drafting errors.

Your Committee has amended this measure by adopting technical, nonsubstantive amendments for clarity and style.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2313, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2313, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Espero, Sakamoto).

SCRep. 3284 (Joint) Transportation and Government Operations and Ways and Means on H.B. No. 2443

The purpose of this measure is to enact the Emergency Management Assistance Compact.

Your Committees received testimony in support of this measure from the State Department of Defense.

The Emergency Management Assistance Compact provides mutual assistance between states in managing any emergency or disaster that is declared by the governor of a member state, including natural and man-made disasters, technological hazards, community disorder, and insurgency or enemy attack.

Your Committees believe that mutual assistance between states in times of emergency or disaster would benefit Hawaii, particularly because of the State's vulnerability to natural disasters and geographic isolation.

Your Committees have amended this measure by deleting its contents and inserting provisions of S.B. No. 2569, SD1, a companion measure.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2443, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2443, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.
Ayes, 12. Noes, none. Excused, 7 (Hee, Hooser, Kanno, Kokubun, Menor, Sakamoto, Trimble).

SCRep. 3285 (Majority) Judiciary and Hawaiian Affairs on H.B. No. 1787

The purpose of this measure is to establish the offense of leaving a child unsupervised in a motor vehicle. This measure also requires the examiner of drivers to test driver license applicants for knowledge of this offense.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney for the City and County of Honolulu; the Hawaii Family Forum; the Hawaii Catholic Conference; Kids and Cars; and Healthy Mothers, Healthy Babies Coalition of Hawaii. The Office of the Public Defender and one individual submitted testimony in opposition to this measure.

Your Committee finds that this measure will protect children whose physical safety or health is endangered by being left unattended, or inadequately supervised, in a motor vehicle.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1787, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, 1 (Whalen). Excused, 1 (English).

SCRep. 3286 Judiciary and Hawaiian Affairs on H.B. No. 1819

The purpose of this measure is to correct various inconsistencies and erroneous references in sections of the Hawaii Revised Statutes related to intoxicating liquor, particularly in relation to the ability of a guest to purchase alcohol at a club.

There was no testimony submitted on this measure.

Your Committee finds it necessary to amend various references in sections 281-35, 281-41, and 281-94, Hawaii Revised Statutes for the purposes of consistency and accuracy.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1819, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3287 Judiciary and Hawaiian Affairs on H.B. No. 1825

The purpose of this measure is to clarify that the motor vehicle owner is responsible for paying parking citations and clarifies that unpaid parking citations do not prevent the transfer of registration or ownership.

Your Committee received testimony in support of this measure from the Honolulu Police Department and the Hawaii Automobile Dealers' Association. The Judiciary submitted comments on this measure.

Your Committee finds that under current law, a parking violation is attached to the vehicle and not the vehicle's owner, which prevents registration and transfer of ownership to a new owner until all fines are paid. This situation has held up many vehicle transfers and has sometimes put an unjust burden on a new owner or the automobile dealer who, in order to be able to register the vehicle and transfer ownership, has been forced to pay fines for a parking violation committed by the previous owner.

Your Committee has amended this measure to insert an effective date of January 1, 2007 based upon the recommendation of the Judiciary.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1825, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1825, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (English).

SCRep. 3288 (Majority) Judiciary and Hawaiian Affairs on H.B. No. 1899

The purpose of this measure is to mandate safety helmet use for moped drivers under the age of eighteen.

Your Committee received testimony in support of this measure from the Department of Transportation, the Honolulu Police Department, Safe Kids Hawaii, and one individual. Testimony in opposition to this measure was submitted by one individual.

Your Committee finds that this measure is intended to protect the safety of vulnerable moped drivers by requiring moped drivers under the age of eighteen to wear a safety helmet. This will help prevent head injuries that might result in permanent injury or death.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1899, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, 1 (Whalen). Excused, 1 (English).

SCRep. 3289 Judiciary and Hawaiian Affairs on H.B. No. 1955

The purpose of this measure is to increase the minimum fines for littering from a motor vehicle, littering in public, and criminal littering, and to increase the maximum fine for criminal littering.

Your Committee received testimony in support of this measure from the Windward Ahupua'a Alliance. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that the current mandatory minimum fines for littering violations are not a sufficient deterrent. The present minimum fine for littering is only \$25. An increase in the minimum fine serves as a greater deterrent because fines tend to be imposed at the minimum rather than the maximum amount for violations. An increase in the fine schedule will serve as an incentive to keep Hawaii beautiful.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1955, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3290 Judiciary and Hawaiian Affairs on H.B. No. 2050

The purpose of this measure is to add abuse orders of protection issued against a Hawaii resident as information that must be disclosed by a Hawaii resident as part of the resident's marital history information in dealings with international matchmaking organizations.

Your Committee received testimony in support of this measure from Na Loio Immigrant Rights and Public Interest Law Center, the Domestic Violence Clearinghouse and Legal Hotline, and the Hawaii State Coalition Against Domestic Violence.

Your Committee finds that immigrant women who are recruited by international matchmaking organizations for the purpose of providing dating, matrimonial, or social referral services to residents are particularly vulnerable to becoming victims of domestic violence. They are often isolated, as many leave their familial and social networks behind when they immigrate to the United States. This measure enables an immigrant recruit to better determine whether to establish a relationship with a resident who may be a potential abuser and should reduce the incidence of domestic violence in our community.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2050, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3291 Judiciary and Hawaiian Affairs on H.B. No. 2133

The purpose of this measure is to prohibit vehicular access within the Kaena Point Natural Area Reserve, except for the Department of Land and Natural Resources' vehicles used to manage or maintain the reserve, and emergency vehicles.

Your Committee received testimony in support of the measure from the Office of Hawaiian Affairs and the Sierra Club Hawaii Chapter. The Department of Land and Natural Resources submitted comments on this measure.

Your Committee finds that the Kaena Point Natural Area Reserve is one of the last relatively intact coastal dune ecosystems on Oahu. Over the years, vehicular traffic has continually degraded the environmental and cultural integrity of Kaena Point. This measure is in keeping with the spirit and intent of the area's designation as a natural area reserve.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2133, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3292 Judiciary and Hawaiian Affairs on H.B. No. 2367

The purpose of this measure is to authorize the Office of Youth Services to obtain criminal history information on employees, prospective employees, and volunteers of its contracted services providers and subcontractors, in positions that necessitate close proximity to youth when providing services on its behalf.

Your Committee received testimony in support of this measure from the Office of Youth Services and the Department of Human Resources Development.

Your Committee finds that it is in the best interest of the State, the youth under the care of the Office of Youth Services, and the service provider agencies that the Office of Youth Services be permitted to obtain criminal history record information on employees, prospective employees, and volunteer of providers and subcontractors, in positions that necessitate close proximity to youth, when they are providing services on behalf of the Office of Youth Services.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2367, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (English).

SCRep. 3293 Judiciary and Hawaiian Affairs on H.B. No. 2857

The purpose of this measure is to make a knowing violation of the conditions of a mitigation plan, that includes monitoring and preservation plans, a civil and administrative violation.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, the Office of Hawaiian Affairs, and one individual.

Your Committee finds that the Department of Land and Natural Resources has been unable to enforce conditions that are set out in mitigation plans submitted to it from private landowners. While landowners agree in their mitigation plans to preserve significant cultural and historical sites, they, or the archaeological consultants hired by the landowners, often end up destroying these cultural and historical sites with no recourse. Testifiers cited the examples of the Hokulia development, the Wal-Mart on Keeaumoku, and the Kawaihapai (Dillingham) Airfield as cases in which mitigation plans were not followed by landowners. This measure will make a knowing violation of the conditions of a mitigation plan a civil and administrative violation and will allow the Department of Land and Natural Resources to enforce mitigation plans to protect Hawaii's cultural and historical sites.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2857, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3294 Judiciary and Hawaiian Affairs on H.B. No. 3126

The purpose of this measure is to amend the rapid identification documents law by deleting the requirement that the document be in the form of a bracelet. In addition, this measure allows a lawfully appointed, guardian, agent, or surrogate to act on a patient's behalf when directing medical staff to provide comfort only.

Your Committee received testimony in support of this measure from the Department of Health, the Hawaii Medical Association, the Healthcare Association of Hawaii, Hospice Hawaii, the Hawaiian Islands Hospice Organization, Kokua Mau, and five individuals. The Maui Chapter of Hawaii Right to Life submitted testimony in opposition to this measure.

Your Committee finds that the current "Comfort Care Only" bracelet system has proven to be ineffective in allowing health care providers to honor the wishes of the patient. A rapid identification document system will allow a patient to clearly communicate his or her health care wishes absent any ambiguity, confusion, or delay.

Your Committee also notes that this measure requires the patient's guardian, agent, or surrogate to direct health care providers in a manner consistent with chapter 327E, Hawaii Revised Statutes, to administer comfort only in an emergency situation. More importantly, this measure requires the Department of Health to adopt rules in implementing the rapid identification document system, which would be the most appropriate mechanism to address the issue of additional safeguards or requirement to be imposed upon a patient's guardian, agent, or surrogate.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3126, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3295 Judiciary and Hawaiian Affairs on H.B. No. 3254

The purpose of this measure is to repeal various provisions of the Hawaii Revised Statutes that require public employees, who are not required under Article XVI, Section 4 or the Hawaii State Constitution, to take an oath of loyalty.

Your Committee received testimony in support of the measure from the Office of the Ombudsman.

Your Committee finds that the statutory provisions repealed by this measure were made obsolete by an amendment to the Hawaii State Constitution in 1992. In 1992, Article XVI, Section 4 of the Hawaii State Constitution was amended so that only certain eligible public officers are now required to take and subscribe to a constitutional oath. This measure identifies all sections affected by the amendment to the Hawaii State Constitution. Repeal of the obsolete provisions in the Hawaii Revised Statutes will prevent future misunderstanding about the applicability of the provisions among members of the public.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3254, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3296 Education and Military Affairs on H.B. No. 1809

The purpose of this measure is to increase the amount of time an active member of the U.S. armed services has to renew a Hawaii driver's license.

Your Committee received testimony in support of this measure from the State Department of Defense, the City and County of Honolulu Division of Motor Vehicle, Licensing and Permits Administration, and the Hawaii National Guard Enlisted Association.

Your Committee finds that this measure assists Hawaii's citizen-soldiers by allowing them to renew their drivers' licenses within ninety days of their return to the State or discharge from hospitalization, and represents a message to them that their sacrifices are recognized and appreciated.

Your Committee has amended this measure by making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1809, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1809, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3297 Education and Military Affairs on H.B. No. 1861

The purpose of this measure is to eliminate the requirement that the Superintendent of Education submit a report to the Board of Education on the principal transactions made within the Department of Education (DOE) during the last year, which would then be presented to the Governor and the Legislature.

Your Committee received testimony in support of this measure from the DOE.

Your Committee finds that, although the DOE states that the provision that this measure eliminates is unnecessary and serves merely a housekeeping purpose, an annual report on the DOE's "principal transactions" is a significant public document. Your Committee would like assurances that the information that would have been contained in such a report to the Board will be contained in at least one of the fourteen other reports the DOE is required to submit to the Legislature, including the reports on:

- (1) School-by-school expenditure;
- (2) The Incentive and Innovation Grant Trust Fund;
- (3) Federal and Trust Funds;
- (4) The Federal Grant Search, Development, and Application Revolving Fund;
- (5) Carryover funds;
- (6) Transfer of Appropriated Funds and Positions;
- (7) School-level Minor R&M Accounts;
- (8) Hawaii 3R's School Repair and Maintenance Fund;
- (9) Annual Report for Repair and Maintenance; and
- (10) Transfer of certain rights, powers, functions, duties, and resources to the DOE.

Your Committee has amended this measure by making the effective date defective to allow for proper consideration of the concerns raised by this Committee.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1861, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1861, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3298 Commerce, Consumer Protection and Housing on H.B. No. 2317

The purpose of this measure is to make permanent the requirement that health insurers treat a bona fide trade association and its members as a single group at the option of the trade association for the purpose of issuing a health insurance policy.

Testimony in support of this measure was submitted by the Insurance Commissioner, Department of Commerce and Consumer Affairs; the Hawaii Transportation Association; Retail Merchants of Hawaii; the Hawaii Association of Realtors; and a certified public accountant. No testimony in opposition was received by your Committee.

According to the Insurance Commissioner, at least twenty-seven trade associations receive some form of health insurance premium discounts, and about 15,000 members receive their health insurance through these trade associations.

Your Committee finds that this measure provides a valuable option to those individuals who would not have the same opportunities for health insurance coverage as larger businesses in the absence of this measure.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2317, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3299 Judiciary and Hawaiian Affairs on H.B. No. 2265

The purpose of this measure is to transfer continuing supervisory and counseling functions of paroled individuals from the Hawaii Paroling Authority to the Department of Public Safety.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO and the Hawaii State Interagency Council on Homelessness. The Department of the Attorney General, the Hawaii Paroling Authority, and the Department of the Prosecuting Attorney of the City and County of Honolulu submitted testimony in opposition to this measure.

Your Committee finds that presently there are certain areas of overlap between the services supplied by the Department of Public Safety's intake service centers and community correctional centers and the Hawaii Paroling Authority's adult supervisory and counseling services. Your Committee further finds that to be cost-efficient, consistent in the delivery of services, and able to maintain a continuum of care, the supervisory and counseling functions of the Hawaii Paroling Authority should be transferred to the Department of Public Safety. Your Committee notes that this transfer will not affect the other functions of the Hawaii Paroling Authority.

Your Committee has amended this measure to make the measure effective upon approval to allow the Department of Public Safety to develop rules and procedures; provided that the actual transfer of duties and functions shall be effective on July 1, 2007.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2265, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2265, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Ihara).

SCRep. 3300 (Majority) Judiciary and Hawaiian Affairs on H.B. No. 1242

The purpose of this measure is to clarify and eliminate outdated language in section 453-16, Hawaii Revised Statutes, dealing with intentional termination of pregnancy, while not changing the rights that are currently protected under state and federal law.

Your Committee received testimony in support of this measure from Planned Parenthood of Hawaii, the American Civil Liberties Union of Hawaii, the Church of the Crossroads United Church of Christ, the Community Alliance on Prisons, the Domestic Violence Clearinghouse and Legal Hotline, the Hawaii Women's Coalition, Hawaii Women Work!, The League of Women Voters of Hawaii, the National Association of Social Workers, and forty-one individuals. The Hawaii Family Forum, the Hawaii Catholic Conference, Hawaii Right to Life, the Maui Chapter of Hawaii Right to Life, Pro-Family Hawaii, Christian Voice of Hawaii, the Hawaii Coalition of Christian Churches, and twenty-four individuals submitted testimony in opposition to the measure.

Your Committee finds that section 453-16, Hawaii Revised Statutes, which has not been amended since its enactment in 1970, is unconstitutional as written and needs to be revised to bring it into conformance with current state and federal law. Your Committee further finds that this measure is a clarifying amendment and does not change the right of a woman to seek an abortion.

Specifically, this measure deletes the ninety-day residential requirement. The United States Supreme Court has repeatedly struck down durational residency requirements. In *Doe v. Bolton*, 410 U.S. 179 (1973), the United States Supreme Court held that the Privileges and Immunities Clause of Article 4, section 2 of the United States Constitution protects individuals seeking medical services that are available in a state. The Court held that a state law requiring residency for individuals seeking medical care within that state's borders was unconstitutional because it was not based on any policy of preserving state-supported facilities for residents and there was no evidence that the medical facilities were utilized to capacity in caring for its residents. Accordingly, the ninety-day residency requirement under 453-16(a)(3), Hawaii Revised Statutes, is unconstitutional and should be repealed to conform with federal law.

This measure also clarifies that clinics and physicians' offices are safe, acceptable places for abortions to be performed. This clarification is in accordance with the United States Supreme Court's decision in *Akron v. Akron Center for Reproductive Health, Inc.*, 462 U.S. 416 (1983). In *Akron*, the United States Supreme Court struck down a statute requiring a 24-hour waiting period prior to the performance of an abortion. The Court held that the state had not shown that any legitimate state interest was being served by an arbitrary and inflexible waiting period. Similarly, in *Doe, supra*, the United States Supreme Court applied the same standard to a Georgia statute that required that abortions be performed at specifically accredited hospitals. In examining whether the standards were legitimately related to the objective the state sought to accomplish, the court held that a state's objective to ensure the quality of the operation was not legitimately related to requiring all abortions be performed in specially accredited hospitals, where there was no persuasive data to show that only hospitals could meet this objective. In addition, the court found that there was a multitude of data showing that other facilities besides hospitals, such as clinics, were more than adequate to perform abortions safely.

The Chair notes the concerns regarding the medical requirements for abortions performed in clinics and physicians' offices; however, the Chair believes that these concerns would be more appropriately addressed in rules that could be adopted by the Department of Health.

Last, the Chair notes that most of the testimony in opposition to this measure expressed opposition to abortion in general; however, the ability of women to have abortions under certain circumstances is already codified in Hawaii law.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1242, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, 1 (Whalen). Excused, none.

SCRep. 3301 Judiciary and Hawaiian Affairs on H.B. No. 1995

The purpose of this measure is to expand the crime of endangering the welfare of a minor in the first degree and second degree to include the illegal use of a controlled substance in the presence of a minor.

Your Committee received testimony in support of this measure from the Department of Public Safety. The Office of the Public Defender submitted testimony in opposition to this measure.

Your Committee finds that this measure will assist in protecting Hawaii's minors from the harmful effects of being exposed to the illegal use of controlled substances and the toxic chemicals used in their processing.

Your Committee has amended this measure to change the effective date from July 1, 2096, to July 1, 2006.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1995, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1995, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (English).

SCRep. 3302 Judiciary and Hawaiian Affairs on H.B. No. 2343

The purpose of this measure is to penalize the commission of certain crimes committed during a time of a civil defense emergency proclaimed by the Governor pursuant to law.

Your Committee received testimony in support of this measure from the Department of the Attorney General and the State of Hawaii Department of Defense. The Office of the Public Defender submitted testimony in opposition to this measure.

Your Committee finds that Hurricanes Katrina and Rita created situations that highlighted the prevalence of opportunistic crimes that can occur during civil emergencies. When resources are needed to restore law and order, emergency response aid to victims may be hampered or delayed, leaving victims at an increased risk of bodily injury or death. Stronger measures to control law and order may deter looting and other crimes during times of civil emergencies.

Your Committee notes the concerns raised by the Office of the Public Defender in situations where people are in need of food, water, and shelter and may take such items that do not belong to them. Therefore, your Committee has amended this measure to insert a defective effective date to provide for further discussion on this issue.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2343, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2343, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (English).

SCRep. 3303 Judiciary and Hawaiian Affairs on H.B. No. 3257

The purpose of this measure is to require the police to inform a person arrested for driving under the influence of intoxicants of the sanctions for refusal to submit to breath, blood, or urine test only if person withdraws consent to testing implied by operation of a vehicle on public highway or waters of the State.

Your Committee received testimony in support of this measure from the Department of Transportation, the Department of the Prosecuting Attorney for the City and County of Honolulu, the Honolulu Police Department, and Mothers Against Drunk Driving. The Office of the Public Defender submitted testimony in opposition to the measure. The Judiciary submitted comments on this measure.

Your Committee finds that this measure would considerably reduce the amount of time spent by the police in processing persons arrested for operating vehicles while under the influence of an intoxicant. Your Committee further finds that under this measure, drivers who first refuse to submit to a breath, blood, or urine test may change their minds after they are informed of the sanctions resulting from a refusal which addresses a concern raised by the Office of the Public Defender.

Your Committee has amended this measure to change the effective date to January 1, 2007 based upon the recommendation of the Department of the Prosecuting Attorney for the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3257, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3257, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (English).

SCRep. 3304 Judiciary and Hawaiian Affairs on H.B. No. 2286

The purpose of this measure is to clarify that information maintained by the Child Support Enforcement Agency may be disclosed to persons who are directly involved in the administration and implementation of a program approved by Title IV-E of the Social Security Act.

Your Committee received testimony in support of this measure from the Department of the Attorney General and the Department of Human Services.

Your Committee finds that this measure allows the Child Support Enforcement Agency to disclose information to the Department of Human Services that is consistent with information being provided for other types of child welfare programs.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2286, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (English).

SCRep. 3305 (Majority) Judiciary and Hawaiian Affairs on H.B. No. 2454

The purpose of this measure is to require the Governor, in filling vacancies in the Senate, House of Representatives, and United States Senate, to select a replacement from a list of three prospective appointees nominated by the political party of the prior incumbent. In addition, this measure requires prospective appointees to be registered members of the nominating political party for at least six months prior to the appointment.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that this measure would promote an element of fairness in filling legislative vacancies without compromising the integrity of the election process.

Your Committee has amended this measure in accordance with testimony received from two individuals to extend the amount of time a political party has to present its list of appointees to the Governor from twenty days to thirty days.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2454, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2454, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, 1 (Whalen). Excused, 1 (English).

SCRep. 3306 Judiciary and Hawaiian Affairs on H.B. No. 2535

The purpose of this measure is to amend the offense of use of a computer in the commission of a separate crime by including the use of a computer to obtain control over the property of the victim or to facilitate commission of the offense as a theft in the first or second degrees.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney for the City and County of Honolulu (Prosecuting Attorney) and the Honolulu Police Department. The Office of the Public Defender submitted testimony in opposition to this measure.

Your Committee finds that the use of a computer to commit theft is a growing problem in Hawaii and the number of crimes that are perpetrated over the Internet is increasing. Your Committee further finds that by amending section 708-893, Hawaii Revised Statutes, will enable law enforcement to respond more efficiently to computer crime in its various forms.

Your Committee has amended this measure in accordance with testimony from the Prosecuting Attorney to clarify that the mental state of "intentional" use of a computer to obtain control over the property of a victim only applies to the offense of theft in the first or second degree.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2535, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2535, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3307 Judiciary and Hawaiian Affairs on H.B. No. 2639

The purpose of this measure is to increase the sanctions for driving with a high blood alcohol level.

Your Committee received testimony in support of this measure from the Department of Health, the Department of Transportation, the Honolulu Police Department, and Mothers Against Drunk Driving. The Office of the Public Defender submitted testimony in opposition to this measure. The Judiciary submitted comments.

Your Committee finds that persons who are highly intoxicated are an enhanced danger while driving and deserve enhanced penalties. Your Committee notes the comments of the Judiciary that this measure appears to blur the line between first time offenders and repeat intoxicated drivers.

Your Committee has amended this measure to change the definition of "highly intoxicated driver" to a person whose measurable amount of alcohol is 0.20 or more grams of blood or breath alcohol for the purpose of enhanced penalties for driving while intoxicated.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2639, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2639, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3308 Judiciary and Hawaiian Affairs on H.B. No. 2737

The purpose of this measure is to require the Attorney General to assist in resolving ownership issues relating to Honopou road, including Honopou bridge, of the Honopou district in Maui County. This measure also requires the Department of Transportation to determine the costs of strengthening the Honopou bridge to allow fire trucks to safely cross and reach area residents.

Your Committee received testimony in support of this measure from the Department of Transportation, the Mayor of Maui County, and a council member of the Maui County Council.

Your Committee finds that because there has been a jurisdictional dispute between the State and the County of Maui, the Honopou road and bridge have not been maintained or improved. The lack of maintenance and improvement has previously resulted in a fire truck failing to cross the bridge to respond to a call for assistance for fear that the truck would not be able to make it safely across the bridge. As a result, a fire destroyed a home in the district. This measure will require the Attorney General to assist in resolving ownership issues relating to Honopou road, including Honopou bridge, and will require the Department of Transportation to determine the costs of strengthening the Honopou bridge to allow fire trucks to safely cross and reach area residents.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2737, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (English).

SCRep. 3309 Judiciary and Hawaiian Affairs on H.B. No. 2747

The purpose of this measure is to allow the examiner of drivers to issue an instruction permit to an applicant with disabilities who possesses a valid driver's license from another state but who fails to pass the road test to obtain a license in this State.

Your Committee received testimony in support of this measure from the Department of Transportation, the Disability and Communication Access Board, and the Department of Customer Services for the City and County of Honolulu.

Your Committee finds that the examiner of drivers requires a road test for most driver's license applicants that measures an applicant's functional ability to safely operate a motor vehicle. Applicants with disabilities whose driving privilege is under review may not have a valid license or instruction permit after failing this road test on their first attempt. This measure will allow the examiner of drivers to issue an instruction permit to an applicant with disabilities who possess a valid driver's license from another state but who fails to pass the road test to obtain a license in this State.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2747, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (English).

SCRep. 3310 Judiciary and Hawaiian Affairs on H.B. No. 2772

The purpose of this measure is to establish intentionally or knowingly damaging the agricultural or aquacultural equipment, supplies, or products of another as a crime of criminal property damage.

Your Committee received testimony in support of this measure from the Department of Agriculture, the Department of the Prosecuting Attorney for the City and County of Honolulu (Prosecuting Attorney), Alexander and Baldwin, Inc., the Hawaii Farm Bureau Federation, the Maui County Farm Bureau, the Hawaii Agriculture Research Center, Hawaii Crop Improvement Association, the Pineapple Growers Association of Hawaii, Maui Land & Pineapple Company, Inc., Meadow Gold Dairies, and C & H Farms. The Office of the Public Defender submitted testimony in opposition to this measure.

Your Committee finds that increasing the penalties for criminal property damage offenses is consistent with the great impact these crimes have on Hawaii's agricultural and aquacultural industries and the ability of individual farmers and ranchers to earn a living.

Your Committee notes that there was a concern raised by the Office of the Public Defender about subjecting a person to criminal penalties in situations where a person removes a portion of a tree that is trespassing onto their property. In response to this concern, the Prosecuting Attorney explained that this measure is intended to apply only to commercial agriculture and aquaculture and not to situations involving the "trespassing tree" that is grown or maintained for other than commercial purposes. The Prosecuting Attorney noted that the criminal penalty only applies where damage is done to the agricultural equipment, supplies, or products, or aquacultural equipment, supplies, or products. The definition of these specifically reference products raised, grown, or maintained by a commercial agricultural enterprise, aquacultural enterprise, or research agency while owned by the enterprise or agency.

Your Committee has amended this measure in accordance with testimony submitted by the Prosecuting Attorney to provide that in calculating the amount of damage, the value of future crops is included.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2772, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2772, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3311 Judiciary and Hawaiian Affairs on H.B. No. 3037

The purpose of this measure is to require that information be made available to a driver's license examiner regarding persons under the age of eighteen who have pending violations or court proceedings that may result in suspension or revocation of a driver's license or any pending adjudication for offenses relating to the operation of a motor vehicle.

Your Committee received testimony in support of this measure from the Department of Transportation, the Police Department of the City and County of Honolulu, and the Department of Customer Services of the City and County of Honolulu. The Judiciary submitted comments on this measure.

Your Committee finds that the driver's licensing examiner needs information regarding adjudication and pending violations involving persons under the age of eighteen in order to administer the provisional driver licensing program in accordance with law.

Your Committee notes that the Judiciary's comments are correct in that the Judiciary and the counties need to communicate on this issue. The burden on the Judiciary should not be onerous as it merely requires the Judiciary to provide information. In addition, it is incumbent on the minor and parent to be truthful and inform the driver's license examiner of any such adjudication or pending violations.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3037, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (English).

SCRep. 3312 Judiciary and Hawaiian Affairs on H.B. No. 1947

The purpose of this measure is to clarify that any decision of the State, the Department of Transportation, the counties, or any officer, employee, or agent thereof, to select or apply flexible highway design shall not give rise to a cause of action or claim against them.

Your Committee received testimony in support of this measure from the Department of Transportation, the Department of the Corporation Counsel for the City and County of Honolulu, Consumer Lawyers of Hawaii, and an individual.

Your Committee finds that this measure enacts statutory amendments that were intended to be included in Act 185, Session Laws of Hawaii 2005 (Act 185), which enacted the original law. Your Committee notes that the Director of Transportation requested an extension of the deadline provided in section 3 of Act 185 from June 30, 2006, to June 30, 2007, for the Director of Transportation to establish flexible highway design guidelines. However, in consideration of the agreement reached among various government officials and communities as to the existing deadline of June 30, 2006, the Chair agreed to a compromise to extend the deadline to December 31, 2006.

Your Committee has amended this measure to insert a section extending the deadline provided in section 3 of Act 185 from June 30, 2006, to December 31, 2006, for the Director of Transportation to establish flexible highway design guidelines. Your Committee also amended this measure to change the effective date from July 1, 2006, to June 1, 2006 to ensure that the deadline, which is set for June 30, 2006, is extended without lapsing.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1947, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1947, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3313 Judiciary and Hawaiian Affairs on H.B. No. 2192

The purpose of this measure is to clarify the requirements for emergency call-in Schedule II prescriptions, the use of facsimile and telephonic prescriptions, and the use of narcotics to treat addiction. This measure also allows the use of central fill pharmacies and limited information sharing and adds new definitions.

Your Committee received testimony in support of this measure from the Department of Public Safety, the Hawaii Pharmacists Association, Kaiser Permanente, and Longs Drugs.

Your Committee finds that Hawaii law needs to be revised in order to be consistent with changes in federal law.

Your Committee has amended this measure in accordance with testimony from the Department of Public Safety to conform the bill with existing language in federal law, and to make technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2192, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2192, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3314 Judiciary and Hawaiian Affairs on H.B. No. 2410

The purpose of this measure is to amend statutory provisions to conform to the federal Uniform Controlled Substances Act enacted in 2005.

Your Committee received testimony in support of this measure from the Department of Public Safety and the Department of the Prosecuting Attorney for the City and County of Honolulu.

Your Committee finds that new federal regulations that affect chapter 329, Hawaii Revised Statutes, will take effect on September 30, 2006. This measure will amend various sections of chapter 329, Hawaii Revised Statutes, to conform to the new federal regulations.

Your Committee has amended this measure to make technical, nonsubstantive changes for clarity and style.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2410, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2410, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 3315 Judiciary and Hawaiian Affairs on H.B. No. 2422

The purpose of this measure is to increase the penalty for motorists who violate Hawaii's crosswalk law.

Your Committee received testimony in support of this measure from the Department of Health, the Department of Transportation, and the Honolulu Police Department. The Office of the Public Defender submitted testimony in opposition to this measure. The Judiciary submitted comments.

Your Committee finds that the crosswalk law needs to be strengthened by enhanced penalties as a deterrent and punishment to drivers who do not stop for pedestrians. Pedestrian deaths and injuries are a serious problem and pedestrian injuries rank sixth among the leading cause of fatal injuries for all age groups in our State. Despite the highly publicized crosswalk law that passed in 2005, the number of people killed in crosswalks has increased forty-three percent.

Your Committee has amended this measure to:

- (1) Incorporate the comments submitted by the Judiciary to change "conviction" or similar references to a case disposition where the defendant has been adjudicated guilty of a criminal matter to "failure to comply," because traffic violations are treated as civil matters;
- (2) Provide that persons subject to revocation of their license for failure to comply with Hawaii's crosswalk law will not be required to show proof of financial responsibility pursuant to section 287-20, Hawaii Revised Statutes, in order to address a concern raised by the Office of the Public Defender, while still permitting the court to set an appropriate amount to be paid by the defendant as proof of financial responsibility to enable the defendant to have his or her privilege to operate a motor vehicle reinstated; and
- (3) Make technical, nonsubstantive changes for clarity and style.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2422, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2422, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 3316 Judiciary and Hawaiian Affairs on H.B. No. 2708

The purpose of this measure is to prohibit commercial advertising for compensation on vehicles.

Your Committee received testimony in support of this measure from the Outdoor Circle, Na Leo Pohai, and Scenic Hawaii, Inc. The Hawaii Ship Agents Association, the Hawaii Transportation Association, and one individual submitted testimony in opposition to this measure. The Department of the Attorney General, E Noa Corporation, and Unity House submitted comments on this measure.

Your Committee received testimony from the Department of the Attorney General that the measure as currently written would prohibit a broad spectrum of advertisements on almost all commercial vehicles. Your Committee finds that this measure is intended to be aimed at vehicles or trailers whose primary purpose is advertising.

Therefore, your Committee has amended this measure to clarify that it is unlawful for any person to operate or park any vehicle or trailers carrying a vehicular advertising device for consideration or any other economic benefit if the vehicle or trailer is used primarily to display a vehicular advertising device.

This measure would not make unlawful a vehicular advertising device on vehicles or trailers in which the primary purpose is to transport goods, persons, or provide services, maintenance, or repairs. Similar prohibitions in other states have been upheld in the state and federal courts.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2708, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2708, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (English).

SCRep. 3317 Commerce, Consumer Protection and Housing on S.C.R. No. 19

The purpose of this measure is to request that the auditor assess the social and financial effects of mandating health insurance coverage for survivors of brain injuries.

Testimony in support of this measure was submitted by the Hawaii Disability Rights Center and a traumatic brain injury survivor. Comments were submitted by the Department of Health.

Your Committee finds that survivors of traumatic brain injuries can lead full lives but may face a long rehabilitation process that may not be covered by health benefit plans. Your Committee further finds that these survivors will be substantially assisted by mandatory health insurance coverage. An Auditor's study is the next step in determining whether this type of coverage is appropriate.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 19 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3318 Commerce, Consumer Protection and Housing on S.C.R. No. 66

The purpose of this measure is to request the Legislative Reference Bureau to study and evaluate the feasibility of establishing an economic redevelopment agency for the urban core of Honolulu.

Testimony commenting on the measure was received from the Hawaii Community Development Authority and the Legislative Reference Bureau (requesting amendments).

Your Committee finds that the Hawaii Community Development Authority was established thirty years ago to ensure that the Kakaako area is invigorated in a timely fashion as a dynamic urban neighborhood to bring together a wide spectrum of activities and commerce, as well as a greater mixture of Hawaii's population. Your Committee further finds that this measure, as currently drafted, virtually prejudices the outcome of the requested study, including determinations about the redevelopment of the urban core of Honolulu.

Your Committee has amended the measure, as suggested by the Legislative Reference Bureau, to limit the scope of the requested study to the possible functions, powers, and duties of a redevelopment agency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 66, as amended herein, and recommends that it be referred to the Committee on Water, Land, and Agriculture, in the form attached hereto as S.C.R. No. 66, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3319 Commerce, Consumer Protection and Housing on S.R. No. 43

The purpose of this measure is to request the Legislative Reference Bureau to study and evaluate the feasibility of establishing an economic redevelopment agency for the urban core of Honolulu.

Testimony commenting on the measure was received from the Hawaii Community Development Authority and the Legislative Reference Bureau (requesting amendments).

Your Committee finds that the Hawaii Community Development Authority was established thirty years ago to ensure that the Kakaako area is invigorated in a timely fashion as a dynamic urban neighborhood to bring together a wide spectrum of activities and commerce, as well as a greater mixture of Hawaii's population. Your Committee further finds that this measure, as currently drafted, virtually prejudices the outcome of the requested study, including determinations about the redevelopment of the urban core of Honolulu.

Your Committee has amended the measure, as suggested by the Legislative Reference Bureau, to limit the scope of the requested study to the possible functions, powers, and duties of a redevelopment agency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 43, as amended herein, and recommends that it be referred to the Committee on Water, Land, and Agriculture, in the form attached hereto as S.R. No. 43, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3320 (Joint) Education and Military Affairs and Higher Education on S.C.R. No. 198

The purpose of this measure is to urge the Board of Education to create a separate office of Hawaiian language medium education and collaborate with Ka Haka 'Ula O Ke'elikōlani to strengthen the Hawaiian language.

Your Committees received testimony in support of this measure from the University of Hawai'i System, 'Aha Pūnana Leo, and two individuals. Comments on this measure were received from the Board of Education.

Your Committees find that several testifiers asked that the measure be amended to be more inclusive of other stakeholders who wish to participate in the Hawaiian language medium education program. Your Committees request that the Committee on Judiciary and Hawaiian Affairs consider the merits of amending this measure to reflect such a suggestion.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Higher Education that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 198 and recommend that it be referred to the Committee on Judiciary and Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (Hooser, Inouye, Hogue, Trimble).

SCRep. 3321 Education and Military Affairs on S.C.R. No. 172

The purpose of this measure is to urge the Department of Education to develop two capital improvement project priority lists to correct any unfair distribution of funds to newer schools.

Your Committee received testimony in opposition to this measure from the Department of Education (DOE).

Your Committee finds that the DOE must somehow make better accommodation to address the needs of older school facilities.

Your Committee has amended this measure by eliminating the request for two CIP lists from the title and the body of the resolution, and instead urging the DOE to take into account the age of school facilities when making decisions about project priority.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 172, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 172, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3322 Education and Military Affairs on S.R. No. 116

The purpose of this measure is to urge the Department of Education to develop two capital improvement project priority lists to correct any unfair distribution of funds to newer schools.

Your Committee received testimony in opposition to this measure from the Department of Education (DOE).

Your Committee finds that the DOE must somehow make better accommodation to address the needs of older school facilities.

Your Committee has amended this measure by eliminating the request for two CIP lists from the title and the body of the resolution, and instead urging the DOE to take into account the age of school facilities when making decisions about project priority.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 116, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 116, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3323 (Joint) Water, Land, and Agriculture and Judiciary and Hawaiian Affairs on S.C.R. No. 148

The purpose of this measure is to urge the Department of Land and Natural Resources to work with the Samuel Mills Damon Estate trustees, the Office of Hawaiian Affairs, and other organizations to purchase the Moanalua Gardens.

Testimony in support of this measure was submitted by the Moanalua Gardens Community Association; the Moanalua Gardens Foundation; Moanalua Valley Community Association, Inc.; and two individuals. Testimony in opposition to this measure was submitted by the Department of Land and Natural Resources. Comments were also submitted by the Nature Conservancy of Hawaii.

Samuel Mills Damon's trust included many real estate holdings such as the popular 23-acre community park and tourist attraction known as Moanalua Gardens and the pristine 3,700-acre Kamananui Valley on the island of Oahu. During his life and after his death, Samuel Mills Damon and his trust permitted Moanalua Gardens to be open to the public for over 100 years. Following his death, Kamananui Valley was opened to the public for recreational and educational purposes.

Under the terms of his will, Damon's trust is set to terminate, and all of the assets of the trust are to be liquidated, including Moanalua Gardens and Kamananui Valley. Your Committees find that Moanalua Gardens and Kamananui Valley should be protected and preserved, as these areas are one of Hawaii's most treasured cultural and historical areas. This measure urges the Department of Land and Natural Resources to work with the Samuel Mills Damon Estate trustees, Moanalua Gardens Foundation, the Trust for Public Lands, the Nature Conservancy, and the Office of Hawaiian Affairs to purchase Moanalua Gardens.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Judiciary and Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 148 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 2 (Fukunaga, Hooser).

SCRep. 3324 (Joint) Water, Land, and Agriculture and Judiciary and Hawaiian Affairs on S.R. No. 93

The purpose of this measure is to urge the Department of Land and Natural Resources to work with the Samuel Mills Damon Estate trustees, the Office of Hawaiian Affairs, and other organizations to purchase the Moanalua Gardens.

Testimony in support of this measure was submitted by the Moanalua Gardens Community Association; the Moanalua Gardens Foundation; Moanalua Valley Community Association, Inc.; and two individuals. Testimony in opposition to this measure was submitted by the Department of Land and Natural Resources. Comments were also submitted by the Nature Conservancy of Hawaii.

Samuel Mills Damon's trust included many real estate holdings such as the popular 23-acre community park and tourist attraction known as Moanalua Gardens and the pristine 3,700-acre Kamananui Valley on the island of Oahu. During his life and after his death, Samuel Mills Damon and his trust permitted Moanalua Gardens to be open to the public for over 100 years. Following his death, Kamananui Valley was opened to the public for recreational and educational purposes.

Under the terms of his will, Damon's trust is set to terminate, and all of the assets of the trust are to be liquidated, including Moanalua Gardens and Kamananui Valley. Your Committees find that Moanalua Gardens and Kamananui Valley should be protected and preserved, as these areas are one of Hawaii's most treasured cultural and historical areas. This measure urges the Department of Land and Natural Resources to work with the Samuel Mills Damon Estate trustees, Moanalua Gardens Foundation, the Trust for Public Lands, the Nature Conservancy, and the Office of Hawaiian Affairs to purchase Moanalua Gardens.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Judiciary and Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 93 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 2 (Fukunaga, Hooser).

SCRep. 3325 Education and Military Affairs on S.C.R. No. 40

The purpose of this measure is to request depleted uranium exposure screening for active members and veterans of the armed forces.

Your Committee received testimony in support of this measure from Americans for Democratic Action-Hawaii Chapter, Life of the Land, Malu `Aina Center for Non-violent Education & Action, and thirteen individuals. Comments in opposition to this measure were received from the State Department of Defense.

Your Committee finds that exposure to chemical munitions has adversely affected the health and well-being of many servicemen and women, as well as their families, and residents in areas where munitions have been deployed and stored. Your Committee further finds that screening is merely the first step in the monitoring necessary to assess the real health risks associated with the exposure to different substances.

Your Committee has amended this measure by:

- (1) Adding the Department of Veterans Affairs, as an agency responsible to assist in the provision of health screening tests for exposure to depleted uranium;
- (2) Calling for health screening and treatment of the dependents of members and veterans of the armed forces who may have been exposed to depleted uranium;
- (3) Calling on the Adjutant General of the Hawaii National Guard to coordinate with the United States Department of Defense in Hawaii to conduct an assessment and report on the adequacy of training involving potential exposure to depleted uranium;
- (4) Calling on the Adjutant General to ensure that quality health treatment is available to all members and veterans of the Hawaii National Guard and their dependents who may have been exposed to depleted uranium;
- (5) Including in a potential task force's duties the investigation and reporting of potential funding sources to continue the provision of health care testing and treatment;
- (6) Adding the United States Secretary of Defense as a recipient of this measure;

- (7) Amending its title; and
- (8) Making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 40, as amended herein, and recommends that it be referred to the Committee on Energy, Environment, and International Affairs, in the form attached hereto as S.C.R. No. 40, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3326 Education and Military Affairs on S.R. No. 21

The purpose of this measure is to request depleted uranium exposure screening for active members and veterans of the armed forces.

Your Committee received testimony in support of this measure from Americans for Democratic Action-Hawaii Chapter, Life of the Land, Malu `Aina Center for Non-violent Education & Action, and thirteen individuals. Comments in opposition to this measure were received from the State Department of Defense.

Your Committee finds that exposure to chemical munitions has adversely affected the health and well-being of many servicemen and women, as well as their families, and residents in areas where munitions have been deployed and stored. Your Committee further finds that screening is merely the first step in the monitoring necessary to assess the real health risks associated with the exposure to different substances.

Your Committee has amended this measure by:

- (1) Adding the Department of Veterans Affairs, as an agency responsible to assist in the provision of health screening tests for exposure to depleted uranium;
- (2) Calling for health screening and treatment of the dependents of members and veterans of the armed forces who may have been exposed to depleted uranium;
- (3) Calling on the Adjutant General of the Hawaii National Guard to coordinate with the United States Department of Defense in Hawaii to conduct an assessment and report on the adequacy of training involving potential exposure to depleted uranium;

- (6) Adding the United States Secretary of Defense as a recipient of this measure;
- (7) Amending its title; and
- (8) Making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 21, as amended herein, and recommends that it be referred to the Committee on Energy, Environment, and International Affairs, in the form attached hereto as S.R. No. 21, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3327 (Joint) Intergovernmental Affairs and Commerce, Consumer Protection and Housing on S.C.R. No. 195

The purpose of this measure is to request the Honolulu Board of Water Supply to work with the Housing and Community Development Corporation of Hawaii on the replacement of the Waiahole Valley Water System and for the Board of Water Supply to accept dedication of the upgraded water system.

The Housing and Community Development Corporation of Hawaii, the Waiahole-Waikane Community Association, and two individuals submitted testimony in support of this measure. The Honolulu Board of Water Supply submitted comments.

Your Committees find that the City and County of Honolulu Board of Water Supply has the necessary technical experience that the Housing and Community Development Corporation of Hawaii lacks, and therefore the two agencies should work together to replace the Waiahole Valley water system.

As affirmed by the records of votes of the members of your Committees on Intergovernmental Affairs and Commerce, Consumer Protection, and Housing that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 195 and recommend that it be referred to the Committee on Water, Land, and Agriculture.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 4 (English, Inouye, Sakamoto, Hogue).

SCRep. 3328 (Joint) Intergovernmental Affairs and Commerce, Consumer Protection and Housing on S.R. No. 130

The purpose of this measure is to request the Honolulu Board of Water Supply to work with the Housing and Community Development Corporation of Hawaii on the replacement of the Waiahole Valley Water System and for the Board of Water Supply to accept dedication of the upgraded water system.

The Housing and Community Development Corporation of Hawaii, the Waiahole-Waikane Community Association, and two individuals submitted testimony in support of this measure. The Honolulu Board of Water Supply submitted comments.

Your Committees find that the City and County of Honolulu Board of Water Supply has the necessary technical experience that the Housing and Community Development Corporation of Hawaii lacks, and therefore the two agencies should work together to replace the Waiahole Valley water system.

As affirmed by the records of votes of the members of your Committees on Intergovernmental Affairs and Commerce, Consumer Protection, and Housing that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 130 and recommend that it be referred to the Committee on Water, Land, and Agriculture.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 4 (English, Inouye, Sakamoto, Hogue).

SCRep. 3329 (Joint) Commerce, Consumer Protection and Housing and Intergovernmental Affairs on S.R. No. 144

The purpose of this measure is to request a study of the use of trailer parks as a possible option for solving Hawaii's affordable housing crisis.

Testimony in support of the measure was submitted by the Office of Hawaiian Affairs and three individuals. The Housing and Community Development Corporation of Hawaii and the Department of Hawaiian Home Lands offered comments.

Your Committees find that this measure calls for a comprehensive study on the issue whether manufactured housing would be a productive and feasible means to help alleviate the crisis that Hawaii now faces. The answers determined in the study would enable the Legislature to embrace or reject the concept based upon the facts.

Your Committees have amended the measure to:

- (1) Substitute reference to mobile home parks for references to "trailer parks";
- (2) Add additional agencies and stakeholders for consultation during the requested study;
- (3) Provide unit cost estimates for the delivered price of a mobile home on a pad; and
- (4) Correct references to the Housing and Community Development Corporation of Hawaii.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Housing and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 144, as amended herein, recommend that it be referred to the Committee on Judiciary and Hawaiian Affairs, in the form attached hereto as S.R. No. 144, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 4 (English, Inouye, Sakamoto, Hogue).

SCRep. 3330 (Joint) Commerce, Consumer Protection and Housing and Intergovernmental Affairs on S.C.R. No. 214

The purpose of this measure is to request a study of the use of trailer parks as a possible option for solving Hawaii's affordable housing crisis.

Testimony in support of the measure was submitted by the Office of Hawaiian Affairs and three individuals. The Housing and Community Development Corporation of Hawaii and the Department of Hawaiian Home Lands offered comments.

Your Committees find that this measure calls for a comprehensive study on the issue whether manufactured housing would be a productive and feasible means to help alleviate the crisis that Hawaii now faces. The answers determined in the study would enable the Legislature to embrace or reject the concept based upon the facts.

Your Committees have amended the measure to:

- (1) Substitute reference to mobile home parks for references to "trailer parks";
- (2) Add additional agencies and stakeholders for consultation during the requested study;

- (3) Provide unit cost estimates for the delivered price of a mobile home on a pad; and
- (4) Correct references to the Housing and Community Development Corporation of Hawaii.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Housing and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 214, as amended herein, recommend that it be referred to the Committee on Judiciary and Hawaiian Affairs, in the form attached hereto as S.C.R. No. 214, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 4 (English, Inouye, Sakamoto, Hogue).

SCRep. 3331 Commerce, Consumer Protection and Housing on S.C.R. No. 18

The purpose of this measure is to request a financial and management audit of the capital fund program administered by the Housing and Community Development Corporation of Hawaii (HCDCH).

Testimony in support of the measure was submitted by the Housing and Community Development Corporation of Hawaii (requesting amendments), and the Hawaii Disability Rights Center.

Your Committee finds that the findings and recommendations of a capital fund audit can be useful building blocks to strengthen the operation and management of public housing programs, particularly in view of the large number of vacant units juxtaposed against the many homeless persons in Hawaii. However, in view of the pending reorganization of the HCDCH on July 1, 2006, your Committee finds that an audit at this time would exacerbate the already challenging tasks at hand.

Your Committee has amended this measure to delay the starting date of the capital fund audit until after January 31, 2007, with a report to the Legislature prior to the convening of the Regular Session of 2008.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 18, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 18, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Hogue).

SCRep. 3332 Commerce, Consumer Protection and Housing on S.C.R. No. 17

The purpose of this measure is to request the Auditor to conduct a financial and management audit of the Housing and Community Development Corporation of Hawaii (HCDCH).

Testimony in support of the measure was submitted by the Housing and Community Development Corporation of Hawaii (requesting amendments), and the Hawaii Disability Rights Center.

Your Committee finds that the findings and recommendations of a management audit can be useful building blocks to strengthen the operation and management of public housing programs, particularly in view of the large number of vacant units juxtaposed against the many homeless persons in Hawaii. However, in view of the pending reorganization of the HCDCH on July 1, 2006, your Committee finds that an audit at this time would exacerbate the already challenging tasks at hand.

Your Committee has amended this measure to delay the starting date of the management audit until after January 31, 2007, with a report to the Legislature prior to the convening of the Regular Session of 2008.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 17, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 17, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Hogue).

SCRep. 3333 (Joint) Judiciary and Hawaiian Affairs and Higher Education on S.C.R. No. 131

The purpose of this measure is to request the Office of Hawaiian Affairs to convene a task force to make recommendations on the appropriate lease rent for the Mauna Kea summit lands.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs. The University of Hawaii submitted comments on this measure.

Your Committee finds that the Mauna Kea summit land is ceded land and part of the public land trust. The Mauna Kea summit land is also home to advance technology telescopes owned by the world's leading astronomy institutions and universities. The issue has arisen as to the amount of lease rent that should be paid for use of the Mauna Kea summit land, as currently no fee, other than a

percentage of observatory time for the University of Hawaii Astronomy Institute, is being charged. Your Committee further finds that a task force is necessary to bring all of the parties together to confer and cooperate to reach a mutually agreeable solution to this issue.

As affirmed by the records of votes of the members of your Committees on Judiciary and Hawaiian Affairs and Higher Education that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 131 and recommend that it be referred to the Committees on Water, Land, and Agriculture and Transportation and Government Operations.

Signed by the Chairs on behalf of the Committees.
Ayes, 10. Noes, none. Excused, none.

SCRep. 3334 Health on S.C.R. No. 188

The purpose of this measure is to urge the State and the Hawaii Health Systems Corporation to enter into a lease/purchase agreement for a new parking structure for Maui Memorial Medical Center to be funded by the issuance of certificates of participation.

Your Committee received testimony in support of this measure from the Maui Memorial Medical Center.

Your Committee finds that the Maui Memorial Medical Center is in need of additional parking right now, and will have an ever greater need in the future. Walker Parking Consultants conducted a study to determine the parking sufficiency of the existing parking structure and future parking requirements due to the 75,000 square foot medical center expansion. The study concluded that an additional 689 parking stalls will be needed by 2008 and 777 parking stalls by 2016.

Your Committee further finds that financing this project through certificates of participation will require the State of Hawaii or Hawaii Health Systems Corporation to enter into a long-term lease on the parking structure.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 188 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3335 (Joint) Energy, Environment, and International Affairs and Water, Land, and Agriculture on S.C.R. No. 159

The purpose of this measure is to request the Department of Agriculture to establish an Agricultural Pesticide Disposal Assistance Program.

The Department of Agriculture, the Hawaii Farm Bureau, the Maui County Farm Bureau, the Hawaii Crop Improvement Association, the Hawaii Agriculture Research Center, the Hawaiian Alliance for Responsible Technology and Science, C & H Farms, and Hawaii Pest Control Association submitted testimony in support of this measure.

It is illegal to dispose of agricultural pesticides in sanitary landfills, but there are currently no options for disposal of these substances within the State. Your Committees find that a Pesticide Disposal Assistance Program would promote a safer, cleaner environment by reducing the amount of pesticides that, without such a program, could potentially contaminate the drinking water, waterways, and land across the State.

Your Committees have amended this measure by:

- (1) Eliminating the creation of a new task force;
- (2) Requesting the existing Pesticides Advisory Committee to assist the Department of Agriculture with:
 - (A) Establishing an Agricultural Pesticide Disposal Assistance Program; and
 - (B) Securing adequate funding, including federal or state sources;
- (3) Requesting that the disposal program provide some form of amnesty for the disposal of pesticides that may otherwise be illegal or banned; and
- (4) Making technical, non-substantive changes for clarity, consistency, and style.

Your Committees considered the Hawaii Pest Control Association's testimony, and notes that the scope of the disposal program could be expanded to include the disposal of pesticide containers used by other pesticide users.

As affirmed by the records of votes of the members of your Committees on Energy, Environment, and International Affairs and Water, Land, and Agriculture that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 159, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 159, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 4. Noes, none. Excused, 2 (Fukunaga, Hooser).

SCRep. 3336 (Joint) Energy, Environment, and International Affairs and Water, Land, and Agriculture on S.R. No. 97

The purpose of this measure is to request the Department of Agriculture to establish an Agricultural Pesticide Disposal Assistance Program.

The Department of Agriculture, the Hawaii Farm Bureau, the Maui County Farm Bureau, the Hawaii Crop Improvement Association, the Hawaii Agriculture Research Center, the Hawaiian Alliance for Responsible Technology and Science, C & H Farms, and Hawaii Pest Control Association submitted testimony in support of this measure.

It is illegal to dispose of agricultural pesticides in sanitary landfills, but there are currently no options for disposal of these substances within the State. Your Committees find that a Pesticide Disposal Assistance Program would promote a safer, cleaner environment by reducing the amount of pesticides that, without such a program, could potentially contaminate the drinking water, waterways, and land across the State.

Your Committees have amended this measure by:

- (1) Eliminating the creation of a new task force;
- (2) Requesting the existing Pesticides Advisory Committee to assist the Department of Agriculture with:
 - (A) Establishing an Agricultural Pesticide Disposal Assistance Program; and
 - (B) Securing adequate funding, including federal or state sources;
- (3) Requesting that the disposal program provide some form of amnesty for the disposal of pesticides that may otherwise be illegal or banned; and
- (4) Making technical, non-substantive changes for clarity, consistency, and style.

Your Committees considered the Hawaii Pest Control Association's testimony, and notes that the scope of the disposal program could be expanded to include the disposal of pesticide containers used by other pesticide users.

As affirmed by the records of votes of the members of your Committees on Energy, Environment, and International Affairs and Water, Land, and Agriculture that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 97, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 97, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 4. Noes, none. Excused, 2 (Fukunaga, Hooser).

SCRep. 3337 (Joint) Transportation and Government Operations and Intergovernmental Affairs on S.C.R. No. 47

The purpose of this measure is to request the Department of Transportation and the county fire chiefs to collaborate and cooperate to reach a mutually agreeable solution over fire inspection responsibilities at the Honolulu International Airport and other state airports.

Your Committees received testimony in support of this measure from the Department of Transportation, State Fire Council, Honolulu Fire Department, and Hawaii County Fire Chief.

The Department of Transportation has Aircraft Rescue and Firefighting crews stationed at airports to carry out responsibilities pursuant to Title 14, C.F.R. part 139. Aircraft Rescue and Firefighting crews located at airports are not trained and do not have the necessary staff to conduct fire inspections of the airport areas.

The Honolulu International Airport is a vast area that encompasses much more than the actual airport facilities and includes surrounding buildings and warehouses, which take one year to inspect on an intermittent basis according to the Honolulu Fire Department. Public safety requires that all state airports be inspected by knowledgeable fire inspectors, whether state or county firefighters.

Your Committees find that the Department of Transportation and the county fire departments should work out an agreement to conduct fire inspections of airport facilities, particularly the Honolulu International Airport.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 47 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 5 (English, Espero, Kanno, Kim, Menor).

SCRep. 3338 (Joint) Transportation and Government Operations and Intergovernmental Affairs on S.R. No. 28

The purpose of this measure is to request the Department of Transportation and the county fire chiefs to collaborate and cooperate to reach a mutually agreeable solution over fire inspection responsibilities at the Honolulu International Airport and other state airports.

Your Committees received testimony in support of this measure from the Department of Transportation, State Fire Council, Honolulu Fire Department, and Hawaii County Fire Chief.

The Department of Transportation has Aircraft Rescue and Firefighting crews stationed at airports to carry out responsibilities pursuant to Title 14, C.F.R. part 139. Aircraft Rescue and Firefighting crews located at airports are not trained and do not have the necessary staff to conduct fire inspections of the airport areas.

The Honolulu International Airport is a vast area that encompasses much more than the actual airport facilities and includes surrounding buildings and warehouses, which take one year to inspect on an intermittent basis according to the Honolulu Fire Department. Public safety requires that all state airports be inspected by knowledgeable fire inspectors, whether state or county firefighters.

Your Committees find that the Department of Transportation and the county fire departments should work out an agreement to conduct fire inspections of airport facilities, particularly the Honolulu International Airport.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 28 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Ayes, 7. Noes, none. Excused, 5 (English, Espero, Kanno, Kim, Menor).

SCRep. 3339 (Joint) Transportation and Government Operations and Intergovernmental Affairs on S.C.R. No. 95

The purpose of this measure is to urge the City and County of Honolulu to improve the synchronization of traffic signals on Ala Moana Boulevard between Punchbowl Street and Kalakaua Avenue, and to assume jurisdiction of that same portion of road in the interest of promoting safe traffic flow.

Your Committees received testimony in support of this measure from the Department of Transportation and two individuals.

There have been reports of a serious traffic back-up of vehicles at the corner of Punchbowl Avenue and Ala Moana Boulevard when making a left turn from Punchbowl into Ala Moana due to a short green signal, resulting in very few vehicles making the left turn at the same sequence. The back-up is also due to several intersecting side streets with Ala Moana that all have traffic signals and left turn signals for vehicles to turn left from Ala Moana into the side streets when heading in the Diamond Head direction. The City and County of Honolulu is responsible for synchronizing traffic signals on Ala Moana Boulevard at the corner of Punchbowl Street up to Kalakaua Avenue.

Ala Moana Boulevard has been under the jurisdiction of the Department of Transportation from the days when Honolulu was separated by distinct communities that had discrete boundaries, which no longer exist in modern times. Your Committees find that it is appropriate for the City and County to assume jurisdiction over this whole segment of the road to improve traffic flow and pedestrian safety.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 95 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Ayes, 7. Noes, none. Excused, 5 (English, Espero, Kanno, Kim, Menor).

SCRep. 3340 (Joint) Transportation and Government Operations and Intergovernmental Affairs on S.R. No. 57

The purpose of this measure is to urge the City and County of Honolulu to improve the synchronization of traffic signals on Ala Moana Boulevard between Punchbowl Street and Kalakaua Avenue, and to assume jurisdiction of that same portion of road in the interest of promoting safe traffic flow.

Your Committees received testimony in support of this measure from the Department of Transportation and two individuals.

There have been reports of a serious traffic back-up of vehicles at the corner of Punchbowl Avenue and Ala Moana Boulevard when making a left turn from Punchbowl into Ala Moana due to a short green signal, resulting in very few vehicles making the left turn at the same sequence. The back-up is also due to several intersecting side streets with Ala Moana that all have traffic signals and left turn signals for vehicles to turn left from Ala Moana into the side streets when heading in the Diamond Head direction. The City and County of Honolulu is responsible for synchronizing traffic signals on Ala Moana Boulevard at the corner of Punchbowl Street up to Kalakaua Avenue.

Your Committees find that it is appropriate for the City and County to assume jurisdiction over this whole segment of the road to improve traffic flow and pedestrian safety.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 57 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 5 (English, Espero, Kanno, Kim, Menor).

SCRep. 3341 (Joint) Transportation and Government Operations and Intergovernmental Affairs on S.C.R. No. 74

The purpose of this measure is to request the Department of Transportation to expedite the completion of the Lahaina bypass project as a top priority and, in cooperation with the county of Maui and stakeholders, to develop strategies to reduce motor vehicle use into and out of Lahaina.

Your Committees received testimony in support of this measure from the Department of Transportation; Maui County Mayor; four Maui County Council Members; Ka'anapali Development Board; Hyatt Regency Maui Resort & Spa; Maui Land & Pineapple Company, Inc.; West Maui Taxpayers Association; and nineteen individuals.

The distance from central Maui to Lahaina is only twenty-four miles, yet the trip by motor vehicle between the two points easily takes more than one hour. During the whale watching season or during other peak visitor periods, that trip takes considerably longer. The only road into and out of Lahaina is a two-lane, undivided state highway that is being eroded into the ocean in several places. According to the Department of Transportation's current estimates, phase one of the planned four-phase Lahaina Bypass project, the Lahaina Mini-Bypass, may be done by the second quarter of 2009.

In addition to expediting the completion of the Lahaina Bypass, it is imperative that a complementary demand-side solution be crafted by developing strategies to reduce motor vehicle usage, including reducing the use of visitor rental cars and encouraging residential commuting, on the road into and out of Lahaina.

Your Committees urge the Department of Transportation to seriously consider alternative means of constructing a bypass road, including engaging the hotels and the county to contribute their resources to building a bypass.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 74 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 5 (English, Espero, Kanno, Kim, Menor).

SCRep. 3342 (Joint) Transportation and Government Operations and Intergovernmental Affairs on S.R. No. 48

The purpose of this measure is to request the Department of Transportation to expedite the completion of the Lahaina bypass project as a top priority and, in cooperation with the county of Maui and stakeholders, to develop strategies to reduce motor vehicle use into and out of Lahaina.

Your Committees received testimony in support of this measure from the Department of Transportation; Maui County Mayor; four Maui County Council Members; Ka'anapali Development Board; Hyatt Regency Maui Resort & Spa; Maui Land & Pineapple Company, Inc.; West Maui Taxpayers Association; and nineteen individuals.

The distance from central Maui to Lahaina is only twenty-four miles, yet the trip by motor vehicle between the two points easily takes more than one hour. During the whale watching season or during other peak visitor periods, that trip takes considerably longer. The only road into and out of Lahaina is a two-lane, undivided state highway that is being eroded into the ocean in several places. According to the Department of Transportation's current estimates, phase one of the planned four-phase Lahaina Bypass project, the Lahaina Mini-Bypass, may be done by the second quarter of 2009.

In addition to expediting the completion of the Lahaina Bypass, it is imperative that a complementary demand-side solution be crafted by developing strategies to reduce motor vehicle usage, including reducing the use of visitor rental cars and encouraging residential commuting, on the road into and out of Lahaina.

Your Committees urge the Department of Transportation to seriously consider alternative means of constructing a bypass road, including engaging the hotels and the county to contribute their resources to building a bypass.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 48 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 5 (English, Espero, Kanno, Kim, Menor).

SCRep. 3343 (Joint) Transportation and Government Operations and Intergovernmental Affairs on S.R. No. 3

The purpose of this measure is to request the Department of Transportation and County of Honolulu Department of Transportation Services to conduct a road sign audit with the private sector.

Your Committees received testimony in support of this measure from the Department of Transportation.

Your Committees find that Hawaii suffers from the negative visual impact from the overabundance, redundancy, and lack of oversight of road signage throughout the State. There is evidence to suggest that the discretionary nature of road sign placement in the State and county jurisdictions lacks proper oversight, including incidences where guide signs are summarily placed upon request of residents or businesses in the community without a thorough analysis as to the sign's need or impact.

Testimony by the Department of Transportation indicated that it has met with the Outdoor Circle and the Department of the Attorney General regarding the placement and necessity of road signs throughout the island of Oahu.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 3 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Ayes, 7. Noes, none. Excused, 5 (English, Espero, Kanno, Kim, Menor).

SCRep. 3344 Water, Land, and Agriculture on S.C.R. No. 158

The purpose of this measure is to request the Auditor to conduct a study of the shoreline setback reference line.

Testimony in opposition to this measure was submitted by the Department of Land and Natural Resources and the Office of Planning. Comments were also submitted by EarthJustice, the Hawaii Association of Realtors, and the Land Use Research Foundation of Hawaii.

Shorelines and beaches are one of Hawaii's most precious natural resources and provide important recreational, cultural, social, and economic opportunities for residents and tourists. The shoreline setback system has been established to serve the dual purpose of protecting Hawaii's beach resources and reducing the loss of property from erosion, storms, or other events by establishing a distance mauka of the ocean from which structures may be built.

In recent years, the urbanization of Hawaii's coastal lands and intensification of its use has resulted in extended landscaping along the shoreline through the use of saltwater tolerant plants in some cases. This extension has distorted the shoreline for the purpose of establishing the shoreline setback reference line, making it very difficult to determine.

Senate Concurrent Resolution No. 51, S.D.1, Regular Session 2005, requested the Department of Land and Natural Resources and a working group to conduct a study of the issues surrounding the shoreline certification process for the purpose of shoreline setbacks. However, the report resulting from Senate Concurrent Resolution No. 51, S.D.1, provided recommendations that were unacceptable to participating organizations, including the Department of Land and Natural Resources. This unsatisfactory product requires further investigation and research.

Thus, your Committee finds that the Department of Land and Natural Resources' report did not explore or analyze alternative methods and technologies that could be used to establish the shoreline setback line and did not offer clear recommendations in terms of the Department's position. This measure requests the Auditor to study the alternative systems and methods for defining and establishing the shoreline setback reference line.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 158 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Hooser).

SCRep. 3345 Water, Land, and Agriculture on S.R. No. 96

The purpose of this measure is to request the Auditor to conduct a study of the shoreline setback reference line.

Testimony in opposition to this measure was submitted by the Department of Land and Natural Resources and the Office of Planning. Comments were also submitted by EarthJustice, the Hawaii Association of Realtors, and the Land Use Research Foundation of Hawaii.

Shorelines and beaches are one of Hawaii's most precious natural resources and provide important recreational, cultural, social, and economic opportunities for residents and tourists. The shoreline setback system has been established to serve the dual purpose of protecting Hawaii's beach resources and reducing the loss of property from erosion, storms, or other events by establishing a distance mauka of the ocean from which structures may be built.

In recent years, the urbanization of Hawaii's coastal lands and intensification of its use has resulted in extended landscaping along the shoreline through the use of saltwater tolerant plants in some cases. This extension has distorted the shoreline for the purpose of establishing the shoreline setback reference line, making it very difficult to determine.

Senate Concurrent Resolution No. 51, S.D.1, Regular Session 2005, requested the Department of Land and Natural Resources and a working group to conduct a study of the issues surrounding the shoreline certification process for the purpose of shoreline setbacks.

However, the report resulting from Senate Concurrent Resolution No. 51, S.D.1, provided recommendations that were unacceptable to participating organizations, including the Department of Land and Natural Resources. This unsatisfactory product requires further investigation and research.

Thus, your Committee finds that the Department of Land and Natural Resources' report did not explore or analyze alternative methods and technologies that could be used to establish the shoreline setback line and did not offer clear recommendations in terms of the Department's position. This measure requests the Auditor to study the alternative systems and methods for defining and establishing the shoreline setback reference line.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 96 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Hooser).

SCRep. 3346 Water, Land, and Agriculture on S.C.R. No. 160

The purpose of this measure is to request the Department of Agriculture to study the applicability and use of appraisal methodologies to stabilize the reopening of rents for the Department of Agriculture's agricultural parks.

Testimony in support of this measure was submitted by C&H Farms, the East Oahu Farmer's Association, and the Hawaii Farm Bureau Federation. Comments were submitted by the Department of Agriculture.

In many parts of Hawaii, state lands are used for agricultural purposes, and as state agricultural leases are reopened, appraisals of lands are used to determine appropriate lease rents. A common way to appraise agricultural land is by comparing the appraised property with other land sales; however, this method leads to problems, as this approach tends to inflate lease rents.

Your Committee finds that the income capitalization approach is a valuable appraisal approach because the value of the agricultural land is based on its agricultural yield; however, there is a shortage of appraisers who are capable of using this approach. This measure requests the Department of Agriculture to study the feasibility and implementation of the income capitalization approach and other methodologies to stabilize and set lease rent rates for the Department of Agriculture's agricultural park lease reopenings.

Your Committee has amended this measure by:

- (1) Deleting the provision that encourages the Department of Agriculture to work with the Department of Land and Natural Resources to maintain the agricultural production statistics; and
- (2) Deleting the provision that requested the report to include examples of lease rent amounts resulting from using the income capitalization approach or other methodologies, the costs and training needs associated with implementation of the preferred practice, and the timeframe for implementation.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 160, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 160, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Hooser).

SCRep. 3347 Water, Land, and Agriculture on S.R. No. 98

The purpose of this measure is to request the Department of Agriculture to study the applicability and use of appraisal methodologies to stabilize the reopening of rents for the Department of Agriculture's agricultural parks.

Testimony in support of this measure was submitted by C&H Farms, the East Oahu Farmer's Association, and the Hawaii Farm Bureau Federation. Comments were submitted by the Department of Agriculture.

In many parts of Hawaii, state lands are used for agricultural purposes, and as state agricultural leases are reopened, appraisals of lands are used to determine appropriate lease rents. A common way to appraise agricultural land is by comparing the appraised property with other land sales; however, this method leads to problems, as this approach tends to inflate lease rents.

Your Committee finds that the income capitalization approach is a valuable appraisal approach because the value of the agricultural land is based on its agricultural yield; however, there is a shortage of appraisers who are capable of using this approach. This measure requests the Department of Agriculture to study the feasibility and implementation of the income capitalization approach and other methodologies to stabilize and set lease rent rates for the Department of Agriculture's agricultural park lease reopenings.

Your Committee has amended this measure by:

- (1) Deleting the provision that encourages the Department of Agriculture to work with the Department of Land and Natural Resources to maintain the agricultural production statistics; and

- (2) Deleting the provision that requested the report to include examples of lease rent amounts resulting from using the income capitalization approach or other methodologies, the costs and training needs associated with implementation of the preferred practice, and the timeframe for implementation.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 98, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 98, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Hooser).

SCRep. 3348 Water, Land, and Agriculture on S.C.R. No. 163

The purpose of this measure is to request a study on establishing a Hawaii State geological survey.

Testimony in support of this measure was submitted by the Department of Land and Natural Resources, the University of Hawaii School of Ocean and Earth Science and Technology, the Land Use Research Foundation of Hawaii, and two individuals. Comments were also submitted by the Legislative Reference Bureau.

Hawaii faces a wide range of geological issues, including coastal erosion, limited ground and surface water, rock falls and landslides, earthquakes, volcanic eruptions, depleted rock aggregate resources, and geothermal energy. Hawaii's activities related to these geological issues are spread among many different state and county agencies, potentially leaving gaps in efforts to collect and analyze geologic data on issues of importance to the State and many geological hazards.

Your Committee finds that many mainland states have a state geological survey that creates, interprets, and disseminates applied earth science information to address societal needs. However, because there is no state department in Hawaii, millions of dollars in federal funding to perform geological studies have been lost. This measure requests the Legislative Reference Bureau to conduct a study on establishing a geological survey in Hawaii.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 163 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Hooser).

SCRep. 3349 Water, Land, and Agriculture on S.R. No. 101

The purpose of this measure is to request a study on establishing a Hawaii State geological survey.

Testimony in support of this measure was submitted by the Department of Land and Natural Resources, the University of Hawaii School of Ocean and Earth Science and Technology, the Land Use Research Foundation of Hawaii, and two individuals. Comments were also submitted by the Legislative Reference Bureau.

Hawaii faces a wide range of geological issues, including coastal erosion, limited ground and surface water, rock falls and landslides, earthquakes, volcanic eruptions, depleted rock aggregate resources, and geothermal energy. Hawaii's activities related to these geological issues are spread among many different state and county agencies, potentially leaving gaps in efforts to collect and analyze geologic data on issues of importance to the State and many geological hazards.

Your Committee finds that many mainland states have a state geological survey that creates, interprets, and disseminates applied earth science information to address societal needs. However, because there is no state department in Hawaii, millions of dollars in federal funding to perform geological studies have been lost. This measure requests the Legislative Reference Bureau to conduct a study on establishing a geological survey in Hawaii.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 101 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Hooser).

SCRep. 3350 Education and Military Affairs on S.C.R. No. 165

The purpose of this measure is to urge the federal government to increase funding and flexibility for implementation of the No Child Left Behind Act.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association and one individual. Comments in support of the intent of this measure were received from the Hawaii Government Employees Association. Comments concurring with the principles of this measure were received from the Department of Education.

Your Committee finds that the best way for the federal government to make education a national priority is to support states' efforts to improve student achievement – specifically, by increasing funding for implementation of No Child Left Behind Act requirements, and by granting states more flexibility in meeting Act requirements when federal funding is reduced or insufficient.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 165 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3351 Education and Military Affairs on S.R. No. 103

The purpose of this measure is to urge the federal government to increase funding and flexibility for implementation of the No Child Left Behind Act.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association and one individual. Comments in support of the intent of this measure were received from the Hawaii Government Employees Association. Comments concurring with the principles of this measure were received from the Department of Education.

Your Committee finds that the best way for the federal government to make education a national priority is to support states' efforts to improve student achievement – specifically, by increasing funding for implementation of No Child Left Behind Act requirements, and by granting states more flexibility in meeting Act requirements when federal funding is reduced or insufficient.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 103 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3352 Education and Military Affairs on S.C.R. No. 166

The purpose of this measure is to request that the Department of Education conduct a study on alternative cooling methods for schools.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association. Comments in support of the intent of this measure were received from the Department of Education.

Your Committee finds that alternative air-cooling is a necessity, especially for schools in the hotter areas around the State, and a Department evaluation of those needs brings the schools one step closer to fulfilling them.

Your Committee has amended this measure by:

- (1) Changing the term “study” to “evaluate”;
- (2) Eliminating “projected total cost” and “timetable for implementation” from the evaluation requirements;
- (3) Adding a final report requirement to be made prior to the convening of the Regular Legislative Session of 2008;
- (4) Adding a clause that sets forth that the evaluation be used to develop a strategic plan for air cooling in public schools; and
- (5) Making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 166, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 166, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3353 Education and Military Affairs on S.R. No. 104

The purpose of this measure is to request that the Department of Education conduct a study on alternative cooling methods for schools.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association. Comments in support of the intent of this measure were received from the Department of Education.

Your Committee finds that alternative air-cooling is a necessity, especially for schools in the hotter areas around the State, and a Department evaluation of those needs brings the schools one step closer to fulfilling them.

Your Committee has amended this measure by:

- (1) Changing the term “study” to “evaluate”;

- (2) Eliminating "projected total cost" and "timetable for implementation" from the evaluation requirements;
- (3) Adding a final report requirement to be made prior to the convening of the Regular Legislative Session of 2008;
- (4) Adding a clause that sets forth that the evaluation be used to develop a strategic plan for air cooling in public schools; and
- (5) Making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 104, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 104, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3354 Education and Military Affairs on S.C.R. No. 105

The purpose of this measure is to urge the United States Congress to support changes to the No Child Left Behind Act of 2001.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association. Comments in support of the measure's key recommendations were received from the Department of Education.

Your Committee finds that certain changes must be incorporated into No Child Left Behind Act requirements for the Act to become a positive impetus to school development, and to ensure that young people will learn at their full potential.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 105 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3355 Education and Military Affairs on S.R. No. 61

The purpose of this measure is to urge the United States Congress to support changes to the No Child Left Behind Act of 2001.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association. Comments in support of the measure's key recommendations were received from the Department of Education.

Your Committee finds that certain changes must be incorporated into No Child Left Behind Act requirements for the Act to become a positive impetus to school development, and to ensure that young people will learn at their full potential.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 61 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3356 Education and Military Affairs on S.C.R. No. 104

The purpose of this measure is to urge the federal government to increase funding and flexibility for implementation of the No Child Left Behind Act.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association. Comments concurring with the principles of this measure were received from the Department of Education.

Your Committee finds that while the No Child Left Behind Act (Act) was initially accompanied by relatively large increases in federal funding for public elementary and secondary education, funding since the first year of implementation has been minimal and insufficient to fulfill its requirements. Your Committee further finds that the federal commitment to quality public education via the Act must be made along with substantial increases in federal funding to support its stringent requirements.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 104 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3357 Education and Military Affairs on S.R. No. 60

The purpose of this measure is to urge the federal government to increase funding and flexibility for implementation of the No Child Left Behind Act.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association. Comments concurring with the principles of this measure were received from the Department of Education.

Your Committee finds that while the No Child Left Behind Act (Act) was initially accompanied by relatively large increases in federal funding for public elementary and secondary education, funding since the first year of implementation has been minimal and insufficient to fulfill its requirements. Your Committee further finds that the federal commitment to quality public education via the Act must be made along with substantial increases in federal funding to support its stringent requirements.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 60 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3358 Education and Military Affairs on S.C.R. No. 84

The purpose of this measure is to request that the Department of Education (DOE) rename the Ha'iku Elementary School cafeteria the Jean Suzuki cafeteria.

Your Committee received testimony in support of this measure from the DOE and the Haiku Living Legacy Project.

Your Committee finds that according to the DOE, Ha'iku Elementary School supports the renaming of the cafeteria, and that if this measure were passed, the school would then go through existing DOE procedures through which schools rename buildings on their campuses.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 84 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3359 Education and Military Affairs on S.R. No. 55

The purpose of this measure is to request that the Department of Education (DOE) rename the Ha'iku Elementary School cafeteria the Jean Suzuki cafeteria.

Your Committee received testimony in support of this measure from the DOE and the Haiku Living Legacy Project.

Your Committee finds that according to the DOE, Ha'iku Elementary School supports the renaming of the cafeteria, and that if this measure were passed, the school would then go through existing DOE procedures through which schools rename buildings on their campuses.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 55 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3360 Commerce, Consumer Protection and Housing on S.R. No. 35

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study on the issue of reclassifying variable annuity contracts as insurance rather than securities.

Specifically, this measure instructs the Legislative Reference Bureau to examine how other states, such as Indiana, are addressing the issue of reclassifying variable annuity contracts as insurance rather than securities.

Testimony in support of this measure was submitted by the Insurance Division and the Business Regulation Division of the Department of Commerce and Consumer Affairs, State Farm Insurance Companies, American Council of Life Insurers, and the National Association of Insurance and Financial Advisors Hawaii. Comments were submitted by the Legislative Reference Bureau.

Your Committee finds that variable annuity contracts are legitimate investments. However, your Committee further finds that there is a concern that overzealous marketing of variable annuity contracts may require greater consumer protection and regulation for certain investors, especially senior consumers, who are at risk if they are not fully informed about the terms of these contracts. Your Committee also finds that there exists uncertainty over the most effective means of regulating sales of variable annuity contracts.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 35 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3361 Commerce, Consumer Protection and Housing on S.C.R. No. 55

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study on the issue of reclassifying variable annuity contracts as insurance rather than securities.

Specifically, this measure instructs the Legislative Reference Bureau to examine how other states, such as Indiana, are addressing the issue of reclassifying variable annuity contracts as insurance rather than securities.

Testimony in support of this measure was submitted by the Insurance Division and the Business Regulation Division of the Department of Commerce and Consumer Affairs, State Farm Insurance Companies, American Council of Life Insurers, and the National Association of Insurance and Financial Advisors Hawaii. Comments were submitted by the Legislative Reference Bureau.

Your Committee finds that variable annuity contracts are legitimate investments. However, your Committee further finds that there is a concern that overzealous marketing of variable annuity contracts may require greater consumer protection and regulation for certain investors, especially senior consumers, who are at risk if they are not fully informed about the terms of these contracts. Your Committee also finds that there exists uncertainty over the most effective means of regulating sales of variable annuity contracts.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 55 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3362 Commerce, Consumer Protection and Housing on S.R. No. 23

The purpose of this measure is to request the Department of Commerce and Consumer Affairs to establish a task force to study the issue of supply of contractors and tradesmen in time of natural disaster.

Specifically, this measure requests that the task force study the advisability and feasibility of expedited licensing and licensing exemptions for contractors and tradesmen, as well as the establishment of price controls on building materials and supplies in the event of a natural disaster.

Testimony in support of this measure was submitted by State Farm Insurance Companies; the Subcontractors Association of Hawaii; Associated Builders and Contractors, Inc. - Hawaii Chapter; the Hawaii Association of Realtors; and the Building Industry Association - Hawaii. Comments were submitted by the Department of Commerce and Consumer Affairs and the Contractors License Board.

Your Committee finds that the after-effects of Hurricanes Katrina and Rita in the Gulf region, and Hurricanes Iwa and Iniki in this State, have provided valuable lessons to states facing natural disasters. Your Committee further finds that the proposed task force provides a mechanism to discuss important issues that will enable the State to be properly prepared in the event of a natural disaster.

Upon further consideration, your Committee has adopted the proposed draft of this measure submitted by State Farm Insurance Companies. This measure has been amended by:

- (1) Eliminating references to the establishment of price controls on building materials and supplies as suggested by the Building Industry Association - Hawaii;
- (2) Reconstituting the task force by removing from the task force the Comptroller, the Vice Director of Civil Defense, the representative of an insurer that writes less than twenty per cent of the Hawaii homeowners insurance market, the representative of the Property and Casualty Insurance Association of America, the Executive Director of the Office of Consumer Protection, and the three representatives of construction materials supply houses; and
- (3) Further reconstituting the task force by including in its membership one representative each from the Subcontractors Association of Hawaii, the Building Industry Association - Hawaii, the General Contractors Association of Hawaii, the Associated Builders and Contractors Inc. - Hawaii Chapter, and the Hawaii Association of Realtors.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 23, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 23, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3363 Commerce, Consumer Protection and Housing on S.C.R. No. 42

The purpose of this measure is to request the Department of Commerce and Consumer Affairs to establish a task force to study the issue of supply of contractors and tradesmen in time of natural disaster.

Specifically, this measure requests that the task force study the advisability and feasibility of expedited licensing and licensing exemptions for contractors and tradesmen, as well as the establishment of price controls on building materials and supplies in the event of a natural disaster.

Testimony in support of this measure was submitted by State Farm Insurance Companies; the Subcontractors Association of Hawaii; Associated Builders and Contractors, Inc. - Hawaii Chapter; the Hawaii Association of Realtors; and the Building Industry Association - Hawaii. Comments were submitted by the Department of Commerce and Consumer Affairs and the Contractors License Board.

Your Committee finds that the after-effects of Hurricanes Katrina and Rita in the Gulf region, and Hurricanes Iwa and Iniki in this State, have provided valuable lessons to states facing natural disasters. Your Committee further finds that the proposed task force provides a mechanism to discuss important issues that will enable the State to be properly prepared in the event of a natural disaster.

Upon further consideration, your Committee has adopted the proposed draft of this measure submitted by State Farm Insurance Companies. This measure has been amended by:

- (1) Eliminating references to the establishment of price controls on building materials and supplies as suggested by the Building Industry Association - Hawaii;
- (2) Reconstituting the task force by removing from the task force the Comptroller, the Vice Director of Civil Defense, the representative of an insurer that writes less than twenty per cent of the Hawaii homeowners insurance market, the representative of the Property and Casualty Insurance Association of America, the Executive Director of the Office of Consumer Protection, and the three representatives of construction materials supply houses; and
- (3) Further reconstituting the task force by including in its membership one representative each from the Subcontractors Association of Hawaii, the Building Industry Association - Hawaii, the General Contractors Association of Hawaii, the Associated Builders and Contractors Inc. - Hawaii Chapter, and the Hawaii Association of Realtors.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 42, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 42, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3364 Commerce, Consumer Protection and Housing on S.C.R. No. 34

The purpose of this measure is to request the Auditor to conduct a management audit of the Maintenance Service Section of the Housing and Community Development Corporation of Hawaii (HCDCH).

Testimony in support of the measure was submitted by the Housing and Community Development Corporation of Hawaii (requesting amendments), and the Hawaii Disability Rights Center.

Your Committee finds that the findings and recommendations of a maintenance service audit can be useful building blocks to strengthen the operation and management of public housing programs, particularly in view of the large number of vacant units juxtaposed against the many homeless persons in Hawaii. However, in view of the pending reorganization of the HCDCH on July 1, 2006, your Committee finds that an audit at this time would exacerbate the already challenging tasks at hand.

Your Committee has amended this measure to delay the starting date of the maintenance service audit until after January 31, 2007, with a report to the Legislature prior to the convening of the Regular Session of 2008.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 34, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 34, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Hogue).

SCRep. 3365 Media, Arts, Science and Technology on S.C.R. No. 82

The purpose of this measure is to urge Congress and the Federal Communications Commission (FCC) to address Hawaii's unique telecommunications needs by supporting local broadcast, cable, print, and satellite media, and future local news and information applications via broadband telecommunications.

Your Committee received testimony in support of this measure from the Society of Professional Journalists, Hawaii Chapter; the International Brotherhood of Electrical Workers, Local Union 1260; the Honolulu Community-Media Council; the Hawaii State AFL-CIO; the Screen Actors Guild Hawaii; and one concerned private individual. A private individual submitted comments.

A vibrant, independent local media ensures diverse programming and public access to information that reflects local concerns. Recently, local media ownership and control in Hawaii has shifted to large mainland media companies. Mainland media ownership, such as the recent sale of KHON2, leads to a reduction of local news staff. Moreover, mainland media ownership has resulted in a decrease of local programs covering local issues, interests, cultures, and arts, and has been replaced with programs lacking a local connection or outreach.

Currently, broadband communications technology has the potential to vastly improve the public's ability to obtain information, communicate, and participate in the democratic process. Moreover, broadband technology can create further opportunities for local

expression. Congress, the FCC, and other regulatory agencies are in the process of making important decisions regarding the deployment of this technology that will profoundly affect programming via broadcast radio and television, cable, satellite, print, and the Internet. Congress and the FCC could create a regulatory scheme that favors large corporate media companies, which would in return, deny local communities from the potential benefits of broadband technology.

Your Committee finds that media without a local voice or community involvement serves only large corporate interests, loses the media's ability to engage local communities in the democratic process, and loses programming that reflects Hawaii's history and ethnic and cultural diversity. Local communities will be ignored if meaningful attention is not given to how new and emerging telecommunication technologies will be deployed on the local level. Your Committee urges the FCC to convene a public meeting in Hawaii to consider the roles of local, state, and federal jurisdictions in ensuring the presence of local broadcast, cable, print, and satellite media and to explore the future of local news and information applications via broadband telecommunications.

Your Committee has amended this measure by adding additional language regarding the effects and benefits that new media telecommunication technologies can have for the public. Additional language was also added to clarify the problems Hawaii faces as a result of mainland corporate media companies gaining control and ownership of local media companies.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 82, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 82, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Ige).

SCRep. 3366 Media, Arts, Science and Technology on S.R. No. 53

The purpose of this measure is to urge Congress and the Federal Communications Commission (FCC) to address Hawaii's unique telecommunications needs by supporting local broadcast, cable, print, and satellite media, and future local news and information applications via broadband telecommunications.

Your Committee received testimony in support of this measure from the Society of Professional Journalists, Hawaii Chapter; the International Brotherhood of Electrical Workers, Local Union 1260; the Honolulu Community-Media Council; the Hawaii State AFL-CIO; the Screen Actors Guild Hawaii; and one concerned private individual. A private individual submitted comments.

A vibrant, independent local media ensures diverse programming and public access to information that reflects local concerns. Recently, local media ownership and control in Hawaii has shifted to large mainland media companies. Mainland media ownership, such as the recent sale of KHON2, leads to a reduction of local news staff. Moreover, mainland media ownership has resulted in a decrease of local programs covering local issues, interests, cultures, and arts, and has been replaced with programs lacking a local connection or outreach.

Currently, broadband communications technology has the potential to vastly improve the public's ability to obtain information, communicate, and participate in the democratic process. Moreover, broadband technology can create further opportunities for local expression. Congress, the FCC, and other regulatory agencies are in the process of making important decisions regarding the deployment of this technology that will profoundly affect programming via broadcast radio and television, cable, satellite, print, and the Internet. Congress and the FCC could create a regulatory scheme that favors large corporate media companies, which would in return, deny local communities from the potential benefits of broadband technology.

Your Committee finds that media without a local voice or community involvement serves only large corporate interests, loses the media's ability to engage local communities in the democratic process, and loses programming that reflects Hawaii's history and ethnic and cultural diversity. Local communities will be ignored if meaningful attention is not given to how new and emerging telecommunication technologies will be deployed on the local level. Your Committee urges the FCC to convene a public meeting in Hawaii to consider the roles of local, state, and federal jurisdictions in ensuring the presence of local broadcast, cable, print, and satellite media and to explore the future of local news and information applications via broadband telecommunications.

Your Committee has amended this measure by adding additional language regarding the effects and benefits that new media telecommunication technologies can have for the public. Additional language was also added to clarify the problems Hawaii faces as a result of mainland corporate media companies gaining control and ownership of local media companies.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 53, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 53, S.D. 1.

SCRep. 3367 Ways and Means on H.B. No. 1900

The purpose of this bill is to appropriate supplemental funds for the operating and capital improvement costs of the Executive Branch for fiscal year July 1, 2006, through June 30, 2007.

I. General Overview

Hawaii's economy is well and thriving. But, even with record revenue growth and a generous budget surplus, your Committee has not lost sight of the economic hardship of the last decade. With memories of lean times and limited resources fresh in our minds, your Committee cannot help but remember the many deserving programs and services that were overlooked to provide funding to the most critically in need, including programs related to the health, safety, and welfare of the State, as well as those fulfilling court mandates.

With "famine-like" experiences fresh in our minds, your Committee avoided adopting a "feasting" approach in crafting this supplemental budget. Instead of spending funds simply because they were available, with little or no concern for the future fiscal requirements of the State, your Committee concentrated on prudent spending and meeting the needs of the community.

The Supplemental Operating Budget

The supplemental operating budget for fiscal year 2006-2007, is a balanced, financially sound, and fiscally responsible approach to the State's financial needs and the budget surplus. More importantly, your Committee believes this budget represents a galvanizing effort by your Committee to establish budgetary priorities for supporting public education, restoring and providing much needed repair and maintenance of the State's aging and neglected infrastructure, and providing the necessary resources to address the needs of the community with respect to health and human resource related services and programs. A discussion of these and other program areas are discussed in part II of this report.

Your Committee continues to make Hawaii's public schools the highest budget priority and the centerpiece of this supplemental budget. Although funding has been increased for virtually all state departments, none approaches the level of funding afforded to the Department of Education. Your Committee has appropriated forty-six per cent of the new general fund appropriations for fiscal year 2006-2007, or \$112,502,283, to the Department of Education for a total of \$1,945,595,878 in general funds for the Department for the fiscal biennium.

Your Committee has also remained dedicated to providing for the basic needs of our citizens with increases in general fund appropriations of \$62,737,479 for the Department of Human Services, \$29,576,088 for related programs at the University of Hawaii, \$16,629,075 for the Department of Health, and \$14,840,050 for the Department of Public Safety.

Overall, your Committee has recommended an increase of the Executive Supplemental Operating Budget in fiscal year 2006-2007, from \$4,523,692,075 to \$4,769,387,180, an increase of \$245,695,105, or 5.4 per cent. For all means of financing, your Committee has proposed a total expenditure level of \$9,574,611,571 for fiscal year 2006-2007, or \$56,095,260 below what was requested by the Executive Branch. This ambitious financial package is based upon optimistic financial projections by the Council on Revenues, tempered by federal fiscal concerns, as well as careful comparisons and observations of fiscal and budgetary programs in other states and the Government Accounting and Standards Board.

Council on Revenues

At its March 6, 2006, meeting, the Council on Revenues updated its forecast of the general fund tax revenues for fiscal year 2006-2007, and beyond. The growth rate for the current fiscal year was set at 9.5 per cent, an increase from the 8.0 per cent projected at their December 16, 2005, meeting. This 1.5 per cent increase represents an additional \$50 million in the general fund. The Council also revised their growth rate in fiscal year 2006-2007, to 6.5 per cent, 1.5 per cent lower than their 7.5 per cent earlier prediction. This adjustment accounts for anomalies such as one-time court settlements and higher than anticipated delinquent tax collections that may plateau or decline.

Federal Reserve

Although the Council on Revenue's future outlook for the State's economy is promising, your Committee cannot ignore the possibility of fiscal uncertainties, such as looming inflationary pressures, the slowing of the housing market, or increases in energy prices, impacting our economy. On February 15, 2006, Mr. Ben S. Bernanke, Chairman of the Board of Governors of the Federal Reserve, touched upon each of these potential problems, in his *Semiannual Monetary Policy Report to the Congress*. Selected excerpts follows:

Inflation

"...to an extent greater than we now anticipate, higher energy prices may pass through into the prices of non-energy goods and services or have a persistent effect on inflation expectations."

Housing Market

"Given the substantial gains in house prices and the high levels of home construction activity over the past several years, prices and construction could decelerate more rapidly than currently seems likely. Slower growth in home equity, in turn, might lead households to boost their saving and trim their spending relative to current income by more than is now anticipated."

Energy Prices

"The possibility of significant further increases in energy prices represents an additional risk to the economy; besides affecting inflation, such increases might also hurt consumer confidence and thereby reduce spending on non-energy goods and services."

Your Committee has found translating the Federal Reserve's observations into operational decisions both challenging and daunting. This exercise, however, is critical to fashioning a budget that is responsible and cognizant of federal fiscal policies that ultimately influence the State's budgetary programs.

Unfunded Federal Mandates

In addition to the potential slowing of the economy, your Committee has been mindful of the efforts of President Bush and the Congress of the United States with respect to the federal deficit. As of this writing, the federal deficit is approximately \$371,000,000,000 for fiscal year 2006-2007, and \$335,000,000,000 for fiscal year 2007-2008, according to the non-partisan Congressional Budget Office. Your Committee recognizes that the deficit may lead to additional cost shifts, including more unfunded mandates for the states.

According to the National Conference of State Legislatures' February 10, 2006, edition of the *Mandate Monitor*, the United States Congress introduced approximately two hundred fifty bills shifting costs to the states, of which sixteen were enacted. Your Committee anticipates continued cost shifts in education, homeland security, and the Temporary Assistance for Needy Families program. The following are examples of some of these underfunded programs and issues:

- The Individuals with Disabilities Act continues to be underfunded by approximately \$4,000,000,000;
- No Child Left Behind continues to be underfunded;
- The REAL ID Act, a law requiring the Department of Homeland Security to establish standards for state issued driver's licenses and identification cards, contains several intergovernmental mandates. The cost to implement the Act is approximately \$100,000,000 over five-years;
- The Deficit Reduction Act cut approximately \$39,000,000,000 from various entitlement and mandatory programs; and
- The Temporary Assistance to Needy Families block grant remains unchanged, however most states will face financial penalties because of changes to work participation requirements.

Additionally, there are also a number of federal bills that propose to withhold federal funds from the states if they do not comply with the new requirements for eminent domain, sex offender, and bioterrorism legislation.

Fiscal and Budgetary Programs in Other States

According to the National Conference of State Legislatures' *State Budget Update: November 2005*, there are strong signs of recovery in virtually every state. However, this recovery is tempered by increases in spending demands. In the current year, the following issues are identified as primary cost drivers:

- Medicaid and other health care concerns dominate legislative discussions, as they did last year. At least twenty-three states will address these issues. Medicaid accounted for twelve per cent of general fund budgets in fiscal year 1995-1996, but grew to nearly seventeen per cent by fiscal year 2005-2006. Some of the cost drivers behind Medicaid, like medical cost inflation will also affect other state-provided health care programs;
- Fifteen states expect education to be a top fiscal priority in their 2006 legislative sessions;
- Taxes will top discussions in fourteen states;
- General budget issues will be a high priority in eleven states;
- Ten states will consider funding for transportation and other infrastructure projects;
- Tax and expenditure limits will top discussions in six states;
- Corrections funding will top agendas in five states; and
- Other issues with cost implications for the states include pensions and retirement issues, gambling expansion, hurricane recovery, a new gas pipeline, housing, and new sports stadiums.

The Government Accounting and Standards Board's Statement 45

Another potential cost for all states is the Government Accounting and Standards Board's Statement 45. The Board was organized in 1984 as an operating entity of the Financial Accounting Foundation to establish standards of financial Accounting and reporting for state and local governmental entities. The Board's standards guide the preparation of external financial reports of those entities.

Statement 45 requires the states to provide future cost reporting and accounting regarding financial obligations that governments incur when they provide post-employment benefits other than pensions at or after separation from employment as part of the total compensation for services. Primarily, Statement 45 requires governments to estimate the eventual total costs for providing retiree health insurance benefits on an accrual, rather than a "pay as you go" basis, beginning in fiscal year 2007-2008. As a very general example:

Assume that the average employee retires at age 65 and has a 20-year life expectancy. Assume the cost of a family plan for a couple on Medicare is \$10,000 per year. A state will pay and must accrue \$200,000 for that retiree's family plan. If there are 44,000

employees and retirees over that twenty-year span, the liability to that state would be \$8,800,000,000. The Executive Budget has over 44,000 full-time equivalent employees.

Though Statement 45 will help the states to identify relevant costs and prepare budgetarily for the future, its fiscal impact could be enormous.

II. Budget Program Highlights

Public Education

Education remains the State's top priority and providing the necessary tools to educate Hawaii's children has been the focal point for the 2006 legislative session. To this end, your Committee reaffirms its support for Hawaii's public school system by crafting a supplemental budget that reflects the priorities of both the Board of Education and the Department of Education.

In October 2005, the Board of Education approved the Department of Education's Executive Supplemental Budget requests of \$105,005,888 in general funds for fiscal year 2006-2007 to address many important areas in the public school system. The budget was subsequently revised downward by the Executive Branch to \$82,504,214, creating a shortfall of \$22,501,674 in general funds.

Due to an improved budgetary projection, your Committee was able to provide for the shortfalls created by the Executive Branch with an additional \$30,839,509 in general funds (totaling \$113,343,723 in operating funds) to further support students with the necessary resources for higher achievement. In doing so, your Committee provided:

- \$2,000,000 for additional science textbooks and other science learning materials;
- \$175,000 for Preliminary Standards Achievement Testing or PSAT for all tenth graders;
- \$500,000 for Advanced Placement teacher training, classroom materials, and test costs; and
- \$1,193,669 for the English as a Second Language Learners program.

Another important issue for your Committee with respect to education was the Reinventing Education Act of 2004. The Act included various mandates that required the Department of Education to:

- Devise a new budget allocation system using the weighted student formula;
- Convert from a traditional ten-month public school calendar to a single twelve-month statewide calendar;
- Transfer responsibilities from other state agencies to the Department of Education; and
- Upgrade the technology infrastructure to support a data-driven public education system.

Your Committee believes that carrying out these mandates is essential and has provided \$30,000,000 in general funds for the transition to the weighted student formula to ensure that no school will lose more than ten per cent of its operating budget. In addition, your Committee approved the transfer of 12,876.1 permanent positions and \$912,326,295 in general funds between programs in the Department of Education to align the budget with the weighted student formula.

In addition, your Committee provided \$24,380,143 in general funds for a one-time salary payment adjustment for 10-month employees to convert from a traditional calendar to a single school calendar. Your Committee also provided \$1,510,371 in general funds for the transfer of responsibilities from the Department of Accounting and General Services and the Department of Human Resources Development to the Department of Education. Finally, your Committee provided \$5,000,000 in general funds for technology infrastructure in the areas of human resources, student information, and network and data processing.

Student support services also received additional funding due to increasing enrollment projections and the rising costs in providing these needed services. To ensure that the services are sustained, your Committee provided additional funding as follows:

- \$1,634,594 for Special Education teachers;
- \$1,741,092 for Occupational Therapy services;
- \$653,186 for Physical Therapy services;
- \$2,680,356 for Speech-Language Pathologist services;
- \$430,000 for skilled nursing services for the medically fragile;
- \$1,708,355 for School-Based Behavioral Health services;
- \$6,900,000 for services for students with Autism Spectrum Disorders; and
- \$275,770 for students serviced in the Comprehensive School Alienation Program.

In addition, your Committee provided \$13,128,901 in general funds to address the rising cost of electricity and \$9,438,615 in general funds to address shortfalls in student transportation costs.

The supplemental budget also addressed the physical condition of public schools by allocating a total of \$302,505,000 for capital improvements and repair and maintenance for facilities across the State. Your committee used a combination of general obligation bond funds and general funds to finance an aggressive program to both meet the needs of current public school students and plan for the future demands of succeeding generations, including the following appropriations:

- \$160,000,000 to complete the whole school classroom renovation program;
- \$50,000,000 for major repair and maintenance projects;
- \$10,000,000 for the Project Adjustment Fund; and
- \$5,000,000 for noise and heat abatement projects.

Your Committee believes that these appropriations will provide Hawaii's 183,000 public school students with the necessary resources to effectuate positive changes in their education.

Higher Education

Your Committee recognizes that the University of Hawaii is the State's only public institution for higher learning. One of the missions of the University of Hawaii is to serve the public by creating, preserving, and transmitting knowledge in a multi-cultural environment. As Hawaii's labor market continues to prosper, the University of Hawaii will be looked upon to educate and prepare students to meet workforce demands. To address these issues, your Committee approved \$7,975,230 in general funds for various workforce development programs.

The healthcare professional shortage affecting Hawaii raises concerns regarding the State's ability to provide quality medical care in a timely manner. Your Committee acknowledged these concerns and provided seventeen permanent positions and \$695,071 in general funds for the School of Nursing and Dental Hygiene to produce healthcare professionals who will address the medical needs of Hawaii. Your Committee also approved three permanent positions and \$463,306 in special funds for the Hawaii State Center for Nursing to monitor issues that affect Hawaii's nurses.

Your Committee also approved twelve permanent positions and \$1,414,671 in general funds to establish a School of Pharmacy at the University of Hawaii Hilo campus. Producing locally educated pharmacists will provide excellent career opportunities for students, address Hawaii's need for pharmacists, and provide improved healthcare for Hawaii's residents.

Hawaii's construction industry has seen major growth in recent years. Numerous projects have been undertaken, while many more projects remain dormant due to a lack of skilled laborers. Your Committee understands the concerns of the construction industry and provided forty six permanent positions and \$5,402,182 in general funds to create a Statewide Construction Academy that will address the shortage of skilled laborers by providing students with essential job skills for the construction industry.

Rapidly developing technologies play an important role in all operations at major academic institutions. In keeping with the vision of creating a world-class institution of higher learning, the University of Hawaii must take advantage of the latest technology and develop its own technological systems to enhance the productivity of students and faculty. Your Committee acknowledged the need to utilize technology and provided fourteen permanent information technology positions and \$740,718 in general funds to support system-wide projects. Your Committee further approved the conversion of thirty eight temporary information technology positions to permanent status to improve the productivity of the University of Hawaii's students and faculty.

Providing quality student services is an essential part of creating a productive academic environment. Your Committee understands the importance of accessible student services and approved nineteen permanent positions and \$645,345 in general funds to increase financial aid services, disability services, and various other necessary student services offered system-wide. Your Committee also approved an additional \$2,000,000 in general funds for the B Plus program, which provides tuition for low and middle-income students who attend the University of Hawaii's community colleges.

In addition to devoting resources to improve the University of Hawaii's workforce development programs, technological support, and student services, your Committee also provided \$86,285,000 for capital improvements system-wide. This included \$20,000,000 for capital renewal and deferred maintenance and \$7,469,000 for health, safety, and code compliance requirements.

Public Safety

In 2005, the United States Department of Justice evaluated the mental health services at Oahu Community Correctional Center. Although the report's findings are not yet public, your Committee believes that it would be prudent to take a proactive approach and address concerns reported in the exit interview. To this end, your Committee provided a total of twenty-six permanent positions and \$1,547,386 in general funds to ensure that inmates suffering from mental illnesses receive appropriate mental health treatment.

The overcrowded and deteriorated condition of the State's correctional facilities continues to be an important issue for your Committee. In order to help alleviate this situation, your Committee employed both temporary and long-term strategies. To address the immediate situation, your Committee provided an additional \$10,961,662 in general funds for fiscal year 2006-2007, to send six

hundred twenty-six additional inmates to the mainland, including two hundred fifty inmates who will be displaced during fire safety equipment repairs at Halawa Correctional Facility. In order to address the long-term physical condition of our existing correctional facilities, your Committee provided \$14,635,000 for various repair and maintenance programs to enable the Department to proceed with projects that will directly affect the health and safety of inmates and staff.

Your Committee strongly believes that housing inmates on the mainland should be undertaken only as a short-term solution and urges the Executive Branch to develop a plan that allows Hawaii inmates to return to the State as expeditiously as possible. In the meantime, 1,829 inmates are currently housed in mainland facilities, and the State anticipates sending more inmates in the next fiscal year. Accordingly, your Committee feels an obligation to ensure that the terms of our prison contracts are upheld and enforced and that prisoners receive appropriate treatment. As such, your Committee authorized ten positions to monitor all contracts and provide case management for all Hawaii inmates situated on the mainland.

Health

Your Committee remains fully committed to ensuring that essential health related services remain a legislative priority. This commitment is affirmed by providing continued support to those most in need of health services. The health related appropriations made by your Committee ensure appropriate services for high-priority health programs in the State.

With regard to maintaining the health and safety of the public, your Committee provided funds to meet the statewide needs of the Emergency Medical Services ambulance services. Your Committee provided \$8,683,373 in general funds and \$1,693,658 in special funds to continue the improvements for the Emergency Medical Services and its contracting agencies on the islands of Oahu, Hawaii, Kauai, Maui, Molokai, and Lanai. This level of funding not only ensures that the Emergency Medical Service's operational needs are met, but more importantly, in ensures that the infrastructure support is provided for by appropriating the necessary funding to purchase replacement ambulances and additional medical equipment and supplies.

Your Committee continues to provide full support for the State's mentally ill population and has provided the Department of Health's Adult Mental Health Division with full funding totaling \$7,730,224 in special funds for fiscal year 2006-2007. These funds will provide for community-based contract services and for central services and administrative cost assessments. In addition, your Committee provided \$578,144 in general funds for the Hawaii State Hospital to cover the increasing costs of pharmaceutical drugs. Your Committee also provided \$60,000 in general funds for an overhead paging system to allow a tie-in between the Guensberg and Cooke buildings with the rest of the Hospital. The tie-in should allow for a single paging system throughout the Hawaii State Hospital.

To provide for the increase in the number of individuals with developmental disabilities admitted to the Home and Community-Based Waiver Services, your Committee fully funded the Developmental Disabilities Division by providing the additional \$5,000,000 in general funds to meet the state matching requirements under the federal Title XIX. Your Committee also provided \$51,559,936 in interdepartmental transfer funds to establish the ceiling for the Medicaid Home and Community-Based Services Waiver Program to allow the Title XIX program to collect federal funds received as reimbursements. Further, your Committee provided \$144,000 in general funds for on-going maintenance and grounds support for the Waimano facility in both recurring and non-recurring costs.

Your Committee commends the Hawaii Health Systems Corporation for its continued collaboration with the Department of Human Services. Their work resulted in the final approval from the Centers of Medicare and Medicaid Services, which authorized the State to draw down up to \$15 million in federal funds, to reimburse Hawaii's hospitals for uncompensated care. Your Committee also provided an additional \$1,360,000 in general funds to fund primary care services for the uninsured throughout the State.

Your Committee believes in the importance of preserving and enhancing environmental quality as it relates to human and ecological health in Hawaii. To this end, your Committee supported the Department of Health's environmental programs with new permanent positions and funds for various projects. Your Committee believes that the creation of four new permanent positions and \$76,357 in general funds will provide the necessary clerical support for the Department's Wastewater Branch. These funds will improve efficiency in processing the individual wastewater system applications and building permits to provide relief to the Department's engineers.

Your Committee also supported the Deposit Beverage Container Program attached to the Department of Health's Solid and Hazardous Waste Branch by converting the six temporary special-funded positions to permanent status. Your Committee also established four new special-funded permanent positions to provide the Deposit Beverage Container Program with adequate support to improve the overall effectiveness of the program as well as to safeguard against fraud. Your Committee affirmed its support of the Wastewater Branch by providing a \$38,043,669 ceiling increase for the Water Pollution Control Revolving Fund to allow the program to process its loans without delays or interruptions as required by Title VI of the Water Quality Act of 1987. Your Committee also provided the Safe Drinking Water Branch with an \$8,000,000 revolving fund ceiling increase for the Drinking Water Treatment Revolving Fund that reflects the proper ceiling required by the program. The ceiling increase will also allow funds to be made available to the counties for the upgrading of their water systems.

Your Committee also supported Department of Health programs that respond to infectious disease outbreaks or other public health emergencies. The federally funded Bioterrorism Preparedness and Response Branch of the Disease Outbreak Control Division plays an integral role in ensuring national security in Hawaii. To this end, your Committee reviewed the June 22, 2005, correspondence between the former Director of the Department of Human Resources Development and the Director of Health relating to the Bioterrorism Preparedness and Response Branch.

In the memorandum, the former Director expressed concern that the Bioterrorism Preparedness and Response Branch had been an on-going program since 1999 and that its activities no longer appeared to have the characteristics of a special project. One of the findings in the memorandum recommended that continued exemptions outside of the civil service class might therefore be inappropriate. To address the concern raised by the Department of Human Resources Development, the Department of Health

subsequently replaced former exempt clerical positions with civil service positions to effectuate a smooth transition into this new classification.

Your Committee also addressed concerns regarding section 167 of Act 178, Session Laws of Hawaii 2005, relating to unauthorized positions. Your Committee supports the Bioterrorism Preparedness and Response Branch transition of the remaining exempt positions. Your Committee has also converted the first of twelve temporary federally funded positions authorized within the Bioterrorism Preparedness and Response Branch to full-time permanent civil service status effective July 1, 2006. Your Committee believes that the permanent classification will provide these positions with stability and assurances of continuity within the Branch.

Your Committee also traded-off \$500,000 in federal funds from personal services, other personal services, and from other current expenses to equipment costs for fiscal year 2006-2007. Your Committee believes that this trade-off will provide the Branch with greater flexibility and enable the Branch to procure necessary laboratory equipment and supplies it deems fit during fiscal year 2006-2007.

Finally, in order to further support the Department of Health's efforts to provide essential health related services to the residents of Hawaii, your Committee provided a total of \$18,394,000 for several necessary repair and improvement projects for Department of Health facilities.

Human Services

Your Committee recognizes the efforts of the Department of Human Services to provide critical services to those least able to provide for themselves.

Your Committee finds that a sign of the strength of Hawaii's economy is the Federal Medical Assistance Percentage rate, which annually compares the State's average per capita income with the national average income and adjusts the federal reimbursement rate accordingly. States with a higher per capita income receive a lower reimbursement. In the upcoming fiscal year, the rate for Hawaii will decrease from 58.81 per cent to 57.55 per cent, resulting in a loss of \$6,947,379 in federal funds for the State. As such, your Committee has provided \$6,836,106 in general funds for fiscal year 2006-2007 to cover this decrease in funding.

Your Committee also finds that, despite the growth of Hawaii's economy, the number of individuals who lack adequate medical coverage has increased. In particular, the QUEST program has seen a dramatic increase in enrollment with its actual 2006 enrollment exceeding its budgeted projections. One reason for this spike in enrollment is an increase in the number of people from the Compacts of Free Association who have come to Hawaii seeking medical treatment. The Department projects a 29.6 per cent increase in QUEST expenditures over the budgeted base amount for these clients for fiscal year 2006-2007 and expects the increase in enrollment to continue. Recognizing the seriousness of this problem, your Committee has provided \$9,999,193 in general funds to cover the higher than expected enrollment rate for QUEST and \$13,000,000 in general funds for a one-time payment of the current Medicaid carry-over debt.

Additionally, on January 23, 2006, the Governor stated in her State of the State address that one of her priorities was to promote access to medical care for Hawaii's low-income families. Your Committee concurs with the Governor and has increased the federal fund ceiling for health care payments by \$12,151,650 to allow the Department to draw down funding for the implementation of the QUEST Adult Coverage Expansion. Your Committee has also appropriated \$3,166,632 in general funds and \$4,462,887 in federal funds for fiscal year 2006-2007 for the restoration of the Adult Preventive Dental Benefit for the Aged, Blind and Disabled and the QUEST populations.

With respect to affordable housing, your Committee finds that, in this current economic boom, it has become increasingly difficult for the homeless to find permanent housing. In response to this dilemma, your Committee has provided \$19,064,932 in general funds for fiscal year 2006-2007 for the repair and maintenance of current homeless shelters and for supportive services for the homeless population, including an expansion of the State Homeless Outreach Program and the State Homeless Stipend Program.

Finally, in February of 2006, a settlement was reached with the Department of Justice regarding the Hawaii Youth Correctional Facility. The State entered into a Memorandum of Agreement to address the key issues related to the Facility, such as more comprehensive training for youth correctional officers and improved access to medical and mental health care for youth in the Facility. Recognizing the time-sensitive nature of this issue, your Committee provided \$2,852,744 in general funds for fiscal year 2006-2007 for additional personnel, equipment, and other current expenses necessary for compliance with the Agreement.

Business, Economic Development, and Tourism

Your Committee recognizes the importance of providing funds for promoting Hawaii abroad to support economic development. Your Committee has therefore provided \$65,000 in general funds for marketing support for fiscal year 2006-2007. Your Committee does not believe, however, that full funding for the Strategic Marketing and Support program is justified based upon the current rate of its return on investment. Moreover, your Committee believes that the Program's trade shows and mission trips are provided with adequate financial support from other public and private sources.

With respect to the Hawaii Convention Center, your Committee provided \$1,000,000 in general funds and \$2,000,000 in special funds in order to address much-needed repair and maintenance concerns. Your Committee further understands the importance of tourism for the State and has provided \$250,000 in special funds for the Economic Planning and Research program to conduct visitor surveys that provide the State with vital information on visitor statistics.

Concerning the Natural Energy Laboratory of Hawaii Authority, your Committee has provided for one temporary position and \$990,850 in special funds to cover increased electricity costs, additional laboratory equipment, and increased security on the Authority's property.

Finally, in order to implement Act 196, Session Laws of Hawaii 2005, your Committee provided for the transfer of forty five temporary positions from the Department of Human Services and transferred \$3,000,000 in federal funds, \$5,608,261 in revolving funds, and \$19,008,563 in trust funds to the Department of Economic Development and Tourism.

Accounting and General Services

Your Committee finds that the past several years has provided numerous examples of the devastation that fires and natural disasters can cause both in Hawaii and across the nation. To prepare for such disasters, your Committee has provided \$6,500,000 in revolving funds, \$1,221,600 in general funds, and \$278,200 in special funds to increase Hawaii's flood insurance coverage, as well as to provide for increases to property and flood insurance premiums.

Your Committee recognizes the important role that the Department of Accounting and General Services serves in providing centralized services, including the upkeep of state buildings and grounds. The Department is responsible for electricity costs for numerous buildings statewide and has experienced the impact of rising energy costs. Thus, your Committee has provided \$687,567 in general funds to cover the Department's anticipated deficit for fiscal year 2006-2007. An additional \$508,176 in general funds was provided for groundskeeping and tree-trimming to keep state grounds both safe and attractive.

Budget and Finance

As a result of the June 2005 merger between PeopleSoft and Oracle, the Employer-Union Trust Fund was left without technical support for its current PeopleSoft operating software. Your Committee appreciates the need for continued maintenance and support of the current operating system of the Employer-Union Trust Fund, however, your Committee feels that providing \$600,000 in trust funds for the maintenance and support of the system would only provide a temporary solution to this problem. Thus, to provide a more permanent and long-term solution to this problem, your Committee has provided \$2,000,000 in trust funds for fiscal year 2006-2007, for an upgrade of the Employer-Union Trust Fund operating system.

Your Committee finds that, over the past five years, the number of cases handled by the Office of the Public Defender has increased statewide causing many problems, including understaffing at the Office's Kona Branch. Your Committee strongly believes in providing legal services to the citizens of Hawaii and has authorized an additional Deputy Public Defender and provided \$92,152 in general funds for fiscal year 2006-2007. Your Committee also allocated \$3,055,000 in general funds to provide funds to pay for the increased cost of attorney fees for court appointed counsel as mandated by Act 86, Session Laws of Hawaii 2005.

Commerce and Consumer Affairs

The primary impetus behind the Department of Commerce and Consumer Affairs' supplemental budget request focused on promoting a business environment that fostered best practices in commerce for the State while protecting the rights of consumers. In support of this objective, your Committee provided four permanent positions to strengthen the Department's enforcement and investigative capabilities in the areas of insurance fraud and regulated industries. Your Committee further believes that providing adequate staffing will enable the Department to carry out its mandate to conduct examinations in the captive insurance industry--a rapidly evolving industry in the State that has recently seen competition from twenty five other states in the nation. Your Committee also provided the necessary staffing to support critical information technology functions for the Department's various divisions.

Land and Natural Resources

Over the past few bienniums, the Department of Land and Natural Resources has seen a decline in funding due in large part to scarce state revenues. As the State focused its meager resources on the most critical of services, the Department proceeded as best as it could under the circumstances. To rectify this situation, your Committee has responded to the Department's top priority by restoring thirteen permanent positions and funding \$565,020 in general and special funds.

One of the main concerns of your Committee is the protection of the State's natural area reserves, not only for the benefit and enjoyment of the people of Hawaii but also for future generations. To carry out this objective, your Committee believes that the Department should be provided with adequate personnel to perform fieldwork, conduct research and studies, perform necessary repair and maintenance, and monitor the use of private and public land, water resources, and geological features.

Your Committee finds that Hawaii's rich cultural resources and unique ecosystems are constantly besieged by invasive species, wildland fires, soil erosion, predatory and feral animals, and public overuse. To prevent further degradation and disappearance of the State's fragile environment, your Committee provided full funding for one permanent and seventeen temporary positions and \$4,700,000 in special funds for this purpose.

Your Committee also finds that, with a more stable source of funding provided by the Legacy Lands Act, the Department has found renewed leverage to seek out opportunities and acquire interests or rights in land having value as a resource to the State. To this end, your Committee provided \$4,000,000 in special funds for this purpose. Your Committee, however, is concerned with transparency in the process of acquiring lands and recommends support for Senate Bill No. 3077 in conjunction with the increase in the spending ceiling for the Land Conservation Fund. Senate Bill No. 3077 proposes to create a Legacy Land Conservation Commission to assist the Department and the Board of Land and Natural Resources in administering the Land Conservation Fund.

Your Committee is also concerned with the level of maintenance at park and small boat harbor facilities across the State. The lack of funding in prior years in this area has resulted in facilities that pose safety and health hazards to the public and are in urgent need of repair and maintenance. Your Committee provided ten permanent positions and \$320,312 in special funds to address the repair and maintenance needs of small boat harbors and state parks. Your Committee also provided \$486,000 in special funds to power wash and sanitize state park restrooms twice a month.

With respect to the State's efforts to protect and account for streams and stream diversions, your Committee finds that, with over three hundred seventy-six perennial streams and 1,242 registered or permitted stream diversions statewide, there is only one staff person to develop the Instream Flow Standards program. The urgency of establishing the program was hastened by recent Hawaii Supreme Court rulings that held the current interim program to be inadequate for protecting the State's streams and required the Department to take immediate steps to develop a more defensible program for streams statewide. To this end, your Committee provided one permanent position and \$701,600 in general funds to verify and inventory surface-water uses and stream diversions across the State, which are considered necessary first steps towards establishing the program. Your Committee also provided a permanent geologist position and \$51,088 in general funds to facilitate this task.

Your Committee finds that illegal activities, including drug activities, vandalism, assault, drinking, and theft at various state parks and small boat harbors exacerbates the Department's limited manpower. Although security is needed at these facilities, your Committee finds that earlier proposals to contract with private security services to prevent this kind of activity may not be as efficient as, or provide the kind of deterrence as, that which could be provided by a Conservation and Resources Enforcement Officer. To this end, your Committee provided eleven additional enforcement officers statewide and \$389,664 in general funds in lieu of funding private security contracts.

Transportation

In the aftermath of the September 11, 2001, attacks, the United States Transportation and Security Administration and the Federal Aviation Authority have implemented stringent federal laws that placed additional requirements on state airports nationwide. These federal requirements have resulted in funding shortfalls for security services at airports across the State for fiscal year 2006-2007. Although your Committee provided the requested \$6,889,556 in special funds for security services, your Committee is concerned with the transfer of this responsibility from the federal to state governments, especially under threat of federal sanctions. Your Committee believes that the federal government must shoulder the bulk of the cost for federally mandated security measures that are beyond the State's ability to maintain on a long-term basis.

As part of this federal mandate, the state Department of Transportation was required to purchase aircraft rescue and fire fighting vehicles for Kona International Airport and the domestic airports at Waimea-Kohala, Hana, Kapalua, and Kalaupapa. These domestic airports have recently been categorized as Class III airports and must acquire on-site emergency vehicles no later than June 2007 in order to comply with federal operational and safety requirements. To this end, your Committee provided full funding of \$1,351,853 in special funds for the purchase of these vehicles. Although the federal government assumed ninety-five per cent of this total cost, your Committee remains concerned regarding the maintenance of this type of vehicle over the long-term.

Your Committee also provided \$6,000,000 in special funds as an interim measure to replace the Wiki-Wiki buses at the Honolulu International Airport. Your Committee agreed that it would be more cost-effective to replace the entire bus fleet, given the lack of bus parts and the high cost of overhauling the existing decade-old fleet.

Your Committee finds that the Highways Division of the Department of Transportation is undertaking a significant endeavor with its proposed implementation of a new financial management system. The system will be funded eighty per cent by the federal government, while the Department assumes the remaining twenty per cent cost. Your Committee supports the Department's efforts to strengthen its accountability over public funds and has provided \$9,864,000 in special and federal funds for this purpose.

Additionally, the latest surge in fuel costs, in addition to increased consumption, resulted in shortfalls in electricity costs for the Department. Your Committee provided \$3,072,513 in special funds to address the funding shortfall in electricity for airports and harbors statewide. To meet the Harbors Administration's debt service requirements, your Committee provided \$2,881,010 in special funds. Your Committee also provided \$7,500,000 in federal funds for facility improvements to the ferry commuter system on Maui.

Your Committee notes that the federal funding increase that the Executive Branch requested for the statewide commuter Van Pool program may not be feasible over the long run. The program was initiated with the intent of eventually transferring it to the counties, but the counties appear unwilling to assume that responsibility, citing other higher transit priorities. Although your Committee provided \$290,000 in federal funds for the program, your Committee urges caution and suggests reviewing this issue in the upcoming biennium.

Finally, consistent with your Committee's reservations regarding short-term federal funding that binds the State to long-term financial obligations, your Committee held the Executive Branch's request of \$3,960,000 in federal funds for non-urban public transportation systems in the counties of Hawaii, Maui, and Kauai. Your Committee, however, agreed to the Executive Branch's request of \$1,137,195 in federal funds for the same purpose. Should the Executive Branch still require the \$3,960,000 in federal funds to assist the counties, your Committee notes that the Governor has the authority to raise the federal fund ceiling as the need arises.

Agriculture

The environment is the State's most precious resource. Protecting native plants, animals, and agricultural products from invasive species in an important step towards preserving Hawaii's unique environment. To address this issue, your Committee approved \$293,000 in federal funds and two temporary positions to perform agricultural pest surveys throughout the State to detect insect pests, weeds, and plant diseases that pose a threat to Hawaii's environment.

Historically, ten to twenty foreign invasive invertebrate organisms establish themselves in Hawaii each year. Many of these organisms have exploited native plants and animals, and agricultural products. Prompt detection, identification, and investigation of these pests are vital to the implementation of control strategies to minimize the loss of native plants and animals and agricultural products. To this end, your Committee also approved four permanent and eleven temporary inspector positions and \$430,000 in interdepartmental transfer funds and \$230,412 in general funds, exclusively for positions that will be stationed at Hawaii's airports and harbors to prevent invasive species from entering Hawaii.

In addition to positions to combat invasive species, your Committee provided \$11,886,000 for the repair and maintenance of irrigation systems across the State. These appropriations address important components necessary for the success of diversified agriculture in Hawaii.

Attorney General

Your Committee finds that illegal drug activity involving methamphetamine or "ice" is a serious problem in the State. In addressing this problem, Act 63, Session Laws of Hawaii 2003, created the Drug Nuisance Abatement Unit in an effort to enforce and prosecute violations of drug nuisance abatement laws. Since its inception, the unit has had tremendous success in closing down drug houses and disrupting the distribution and manufacture of drugs. Your Committee recognizes the importance and need for this unit and has funded one temporary and two permanent positions for this purpose. Your Committee also appropriated \$150,000 in general funds to provide continual support of drug abatement activities.

Defense

The efforts of all members of our armed forces are greatly appreciated as they defend our freedom and liberties. The sacrifices they make for our nation serve as examples of selflessness and true patriotism. According to a recent United States Pentagon survey, more than one-third of the United States soldiers returning from the war in the Middle East received psychological counseling soon thereafter. With the anticipated return of 2,920 troops from the war, the state Department of Defense will be unable to fully meet its obligation of offering comprehensive services to Hawaii's veterans on a timely basis. To address this concern, your Committee provided \$39,648 in general funds to hire an additional counselor who will serve veterans across the State.

Your Committee also finds that the importance of homeland security and disaster preparedness has become magnified due to recent events abroad and locally. To address this issue, your Committee provided \$4,000,000 to retrofit public buildings with hurricane protective measures and raised the federal funding ceiling by \$50,000,000 to support Hawaii's homeland security and disaster preparedness requirements in the event of a manmade or natural disaster.

III. Conclusion

Despite the strong economic indicators for Hawaii and the Council on Revenues' positive revenue projections, your Committee recognizes that there may be substantial future costs to the State and has therefore taken a very prudent approach to appropriating financial resources.

Toward this end, your Committee has studied and learned from the fiscal crises of the past, but looks to the future with optimism, knowing the resources provided in this budget will be administered fairly and expeditiously by the Executive Branch. Your Committee is confident that this supplemental budget will address the needs of the State and provide for the health, safety, and welfare for all of its people.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1900, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1900, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3368 (Majority) Ways and Means on H.B. No. 2500

The purpose of this measure is to provide the Judiciary with the supplemental appropriations and authorizations for its operations and capital improvements for fiscal biennium 2005-2007 by amending the Judiciary Appropriations Act of 2005.

Your Committee provided an additional \$2,710,270 in general and special funds for the Judiciary, increasing the Judiciary's total budget for fiscal year 2007 to \$133,987,960. This funding will enable the Judiciary to fulfill its mission of "administering justice in an impartial, efficient, and accessible manner in accordance with the law."

Your Committee recognizes that the current probation population, which includes crystal methamphetamine users and domestic violence offenders, is increasingly failing to comply with the terms of traditional probation. The result is probation revocation and costly incarceration, contributing to the overcrowding in our correctional facilities. To address the problem, your Committee has provided seven temporary positions and \$1,245,118 in special and general funds to expand the Probation Modification Project, which provides close supervision, treatment services, and immediate consequences for the violation of probation terms. The pilot program has already shown very promising results and the funding provided will allow the Judiciary to expand the program to oversee 1,257 of the most high-risk offenders.

Your Committee also included in the measure additional funding for programs as follows:

- (1) \$241,000 in general funds to provide additional guardians ad litem for children and attorney services for indigent parents in the Family Court of the First Circuit;
- (2) \$158,329 in general funds to help establish the Court Interpreter Certification Program;
- (3) \$145,178 in general funds for various drug courts in the Second Circuit;
- (4) \$60,000 in general funds for a purchase of service to continue operations of the Kauai Teen Court in the Fifth Circuit; and
- (5) \$41,916 in general funds for the Office of the Public Guardian.

In addition to the resources provided for the Judiciary's operating requirements, your Committee appropriated \$12,500,000 in capital improvement projects, including \$10,000,000 to purchase land for the Kapolei Judiciary Complex, and \$1,500,000 for various renovations, repairs, and improvements to Judiciary facilities statewide.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2500, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2500, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 2 (Slom, Trimble). Excused, 2 (Kanno, Hemmings).

SCRep. 3369 Ways and Means on H.B. No. 2346

The purpose of this measure is to make an emergency appropriation for the electricity costs of the Department of Education.

Specifically, the measure appropriates \$5,169,458 to fund the Department of Education's electricity usage.

Your Committee finds that electricity costs of the Department of Education are centrally budgeted within the Office of Business Services. The Department requires emergency funding based upon increases in electricity usage and in the cost per kilowatt-hour. If emergency funds are not appropriated, current Department of Education funding for electricity costs will last until April, 2006.

Your Committee has amended this measure by:

- (1) Reducing the amount appropriated to \$4,908,748; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2346, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2346, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (English, Kim, Trimble).

SCRep. 3370 Ways and Means on H.B. No. 2347

The purpose of this measure is to make an emergency appropriation to allow for the continued operation of the Department of Education's student transportation program.

Specifically, the measure appropriates \$5,785,488 to fund the projected shortfall for public school student transportation services.

Your Committee finds that approximately 43,500 public school students use the Department of Education's school bus transportation services, including 3,500 special needs students. Many families rely on the Department to provide this transportation. The shortfall is primarily due to the necessity of spending \$3,600,000 of fiscal year 2005-2006 funds for expenses incurred during the previous fiscal year and \$4,700,000 for bus service contract increases. Your Committee finds that if emergency funding is not provided, the Department of Education anticipates running out of funds to pay applicable contracts in April, 2006.

Your Committee has amended this measure by making a technical nonsubstantive amendment for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2347, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2347, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (English, Kim, Trimble).

SCRep. 3371 Transportation and Government Operations on S.C.R. No. 48

The purpose of this measure is to establish a task force to recommend whether the Department of Transportation should adopt the basic rider course of the Motorcycle Safety Foundation as a comprehensive educational program for the entire motorcycle community.

Your Committee received testimony in support of this measure from Street Bikers United Hawaii; Street Bikers United Hawaii – Oahu Chapter; Street Bikers United Hawaii – Maui Chapter; Motorcycle Safety Foundation; Harley-Davidson Motor Company; Kawasaki Motors Corp., U.S.A.; Advocates: Government Affairs Consulting; and four individuals. Comments were received from the Department of Transportation.

Current law requires a person seeking to obtain motorcycle liability insurance coverage to also complete the same motorcycle education course approved by the Department of Transportation. The current motorcycle education course of the Department of Transportation is the Hawaii Motorcycle Safety and Education Program, which was first developed nearly twenty years ago and which is an outdated program that only one or two states still administer today. The new replacement course is the Basic Rider Course of the Motorcycle Safety Foundation, which is the only entity nationally that develops and produces certified motor cycle rider instruction courses. Military bases in Hawaii conduct the Basic Rider Course for military personnel, but the personnel who pass that course are unable to obtain a Hawaii motor cycle license because the Department of Transportation has yet to adopt the program.

Your Committee finds that the delay in adoption of the updated Basic Rider Course in Hawaii has reached critical proportions, since the current Hawaii Motorcycle Safety and Education Program passed the deadline for continued certification by the Motorcycle Safety Foundation. Your Committee notes, however, that the delay was caused by a state affiliated entity rather than by the Department of Transportation.

Your Committee has amended this measure by:

- (1) Adding that the task force consider whether current holders of motor cycle drivers licenses be re-tested or re-licensed under the new Basic Rider Course;
- (2) Adding concerns about state liability;
- (3) Adding each branch of the United States military, Motorcycle Dealers Association, Honolulu Police Department, and a rider coach trainer to membership on the task force; and
- (4) Deleting representation of the county directors of finance, for reasons of expediency, and substituting the Examiner of Drivers of the City and County of Honolulu as fair representation of the respective county motor cycle licensing interests.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 48, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 48, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Hee, Kanno, Menor).

SCRep. 3372 Transportation and Government Operations on S.R. No. 29

The purpose of this measure is to establish a task force to recommend whether the Department of Transportation should adopt the basic rider course of the Motorcycle Safety Foundation as a comprehensive educational program for the entire motorcycle community.

Your Committee received testimony in support of this measure from Street Bikers United Hawaii; Street Bikers United Hawaii – Oahu Chapter; Street Bikers United Hawaii – Maui Chapter; Motorcycle Safety Foundation; Harley-Davidson Motor Company; Kawasaki Motors Corp., U.S.A.; Advocates: Government Affairs Consulting; and four individuals. Comments were received from the Department of Transportation.

Current law requires a person seeking to obtain motorcycle liability insurance coverage to also complete the same motorcycle education course approved by the Department of Transportation. The current motorcycle education course of the Department of Transportation is the Hawaii Motorcycle Safety and Education Program, which was first developed nearly twenty years ago and which is an outdated program that only one or two states still administer today. The new replacement course is the Basic Rider Course of the Motorcycle Safety Foundation, which is the only entity nationally that develops and produces certified motor cycle rider instruction courses. Military bases in Hawaii conduct the Basic Rider Course for military personnel, but the personnel who pass that course are unable to obtain a Hawaii motor cycle license because the Department of Transportation has yet to adopt the program.

Your Committee finds that the delay in adoption of the updated Basic Rider Course in Hawaii has reached critical proportions, since the current Hawaii Motorcycle Safety and Education Program passed the deadline for continued certification by the Motorcycle Safety Foundation. Your Committee notes, however, that the delay was caused by a state affiliated entity rather than by the Department of Transportation.

Your Committee has amended this measure by:

- (1) Adding that the task force consider whether current holders of motor cycle drivers licenses be re-tested or re-licensed under the new Basic Rider Course;
- (2) Adding concerns about state liability;

- (3) Adding each branch of the United States military, Motorcycle Dealers Association, Honolulu Police Department, and a rider coach trainer to membership on the task force; and
- (4) Deleting representation of the county directors of finance, for reasons of expediency, and substituting the Examiner of Drivers of the City and County of Honolulu as fair representation of the respective county motor cycle licensing interests.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 29, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 29, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Hee, Kanno, Menor).

SCRep. 3373 Transportation and Government Operations on S.C.R. No. 151

The purpose of this measure is to request the University of Hawaii to sponsor a series of public policy dialogs on open government.

Your Committee received testimony in support of this measure from the Office of Information Practices, College of Social Sciences Public Policy Center at the University of Hawaii, and The League of Women Voters of Hawaii.

Hawaii's open meetings law under chapter 92, part I, Hawaii Revised Statutes, more commonly known as the Sunshine Law, governs the manner in which state and county boards must conduct their business. The intent of the Sunshine Law statute is to open up the government process as much as possible for public scrutiny and participation. Several board members have complained about some of the Sunshine Law requirements being too stringent, and have suggested that certain types of board business be exempt from the Sunshine Law provisions.

Your Committee finds that a subject of this magnitude of public interest - possibly revising the Sunshine Law - should be open to participation by as many pertinent government entities, community groups, and public interest advocates as possible. Your Committee believes that each session of the public policy dialogues should be duly noticed and follow procedures under the Sunshine Law, in order to set an example of open government in action.

Your Committee has amended this measure by requesting the Public Policy Center of the College of Social Sciences, as the proper entity within the University of Hawaii, to sponsor the dialogs.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 151, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 151, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Hee, Kanno, Menor).

SCRep. 3374 Transportation and Government Operations on S.R. No. 107

The purpose of this measure is to request the University of Hawaii to sponsor a series of public policy dialogs on open government.

Your Committee received testimony in support of this measure from the Office of Information Practices, College of Social Sciences Public Policy Center at the University of Hawaii, and The League of Women Voters of Hawaii.

Hawaii's open meetings law under chapter 92, part I, Hawaii Revised Statutes, more commonly known as the Sunshine Law, governs the manner in which state and county boards must conduct their business. The intent of the Sunshine Law statute is to open up the government process as much as possible for public scrutiny and participation. Several board members have complained about some of the Sunshine Law requirements being too stringent, and have suggested that certain types of board business be exempt from the Sunshine Law provisions.

Your Committee finds that a subject of this magnitude of public interest - possibly revising the Sunshine Law - should be open to participation by as many pertinent government entities, community groups, and public interest advocates as possible. Your Committee believes that each session of the public policy dialogues should be duly noticed and follow procedures under the Sunshine Law, in order to set an example of open government in action.

Your Committee has amended this measure by requesting the Public Policy Center of the College of Social Sciences, as the proper entity within the University of Hawaii, to sponsor the dialogs.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 107, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 107, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Hee, Kanno, Menor).

SCRep. 3375 (Majority) Judiciary and Hawaiian Affairs on S.C.R. No. 90

The purpose of this measure is to require the Legislative Reference Bureau to study the crime rates in jurisdictions in the United State that allow for the open carry of firearms.

Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that despite the Legislative Reference Bureau's testimony that its findings on the issue of open carry jurisdictions and crime rates will be limited, the information gathered will still be of use to the Legislature and that therefore the Legislative Reference Bureau should still be required to conduct the study and provide a report of their findings to the Legislature.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 90 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, 1 (Chun Oakland). Excused, 1 (Ihara).

SCRep. 3376 (Majority) Intergovernmental Affairs on S.C.R. No. 228

The purpose of this measure is to urge the United States Congress to approve legislation that would require the United States Postal Service to provide mail recipients the option of being included on a list of those not wishing to receive any unsolicited commercial mail.

The Department of Commerce and Consumer Affairs' Office of Consumer Protection submitted comments. The Legislative Information Services of Hawaii submitted testimony in opposition.

According to the Office of Consumer Protection, the Direct Marketing Association's Mail Preference Service offers consumers the ability to register to prevent the receipt of unsolicited mail from the Direct Marketing Association's members. However, this does not address the issue of unsolicited mail from nonmembers. Your Committee finds that additional measures are needed to prevent mail scams and unsolicited mailings.

Your Committee has amended this measure by:

- (1) Requesting the United States Congress to direct the Federal Trade Commission and the United States Postal Service to examine the feasibility of enacting appropriate federal legislation, instead of requiring federal legislation;
- (2) Clarifying that this list would be a national list;
- (3) Requesting that Hawaii's Congressional delegation help lead efforts to direct this endeavor; and
- (4) Making technical, non-substantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Intergovernmental Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 228, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 228, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, 1 (Slom). Excused, 2 (English, Kim).

SCRep. 3377 Intergovernmental Affairs on S.C.R. No. 186

The purpose of this measure is to request the counties to require all new residential and commercial developments be equipped with water conservation devices.

One individual submitted testimony in support of this measure.

Your Committee finds that it is important to take measures to conserve Hawaii's water resources. One way to accomplish this is for the counties to encourage the use of water conservation devices, such as low-flow plumbing and toilets, in new residential and commercial developments.

Your Committee has amended this measure by:

- (1) Requesting that the counties encourage, instead of require, water conservation devices in all new residential and commercial developments; and
- (2) Making technical, non-substantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Intergovernmental Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 186, as amended herein, and recommends that it be referred to the Committee on Water, Land, and Agriculture, in the form attached hereto as S.C.R. No. 186, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (English, Kim).

SCRep. 3378 Intergovernmental Affairs on S.C.R. No. 185

The purpose of this measure is to urge the counties to require pervious pavement to be used to pave sidewalks, driveways, and roads for new residential, commercial, and public construction projects.

One individual submitted testimony in support of this measure. One individual submitted comments.

Your Committee finds that it is important to take measures to conserve Hawaii's water resources. One way to accomplish this is for the counties to require, in their permitting process, that pervious pavement be used to pave sidewalks, driveways, and roads for new residential, commercial, and public construction projects. Pervious pavement eliminates the storm water runoff that carries surface pollutants into waterways. The absorbing, flow-through quality of pervious pavement naturally filters storm water back into aquifers without the use of costly storm water drainage systems or retention areas.

Your Committee has amended this measure by:

- (1) Requesting the counties to consider requiring, instead of to require, pervious pavement be used to pave sidewalks, driveways, and roads for new residential, commercial, and public construction projects; and
- (2) Making technical, non-substantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Intergovernmental Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 185, as amended herein, and recommends that it be referred to the Committee on Water, Land, and Agriculture, in the form attached hereto as S.C.R. No. 185, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (English, Kim).

SCRep. 3379 Intergovernmental Affairs on S.C.R. No. 191

The purpose of this measure is to request the Governor, the Mayors and county councils, with the assistance of the Tax Review Commission, the City and County of Honolulu's Tax Policy Committee, and comparable committees of Kauai, Maui, and Hawaii counties to review the State's and counties' tax and revenue systems.

Democrats for Property Tax Fairness Task Force, Hawaiian National Communications Corporation, and two individuals submitted testimony in support of this measure.

All of the testifiers discussed the apparent incongruity between the State and county tax structures and implicated it as a cause of inequity. Your Committee finds that better cooperation and coordination between the State and the counties could make tax collection less costly, more efficient, and more equitable. A holistic review of Hawaii's entire tax structure, including both the state and county tax structures, and its collective financial impact on taxpayers would be useful when considering future tax policies.

Your Committee has amended this measure by:

- (1) Requesting that a Tax Policy Task Force be created to:
 - (A) Conduct a holistic review of Hawaii's state and county tax structures;
 - (B) Determine how the state and county tax structures, particularly the real property tax, affect various sectors of the economy, such as low-income and middle-income taxpayers;
 - (C) Identify aspects of the state and county tax structures that present particular obstacles to equity;
 - (D) Analyze who bears the ultimate tax burden with respect to any particular tax, including the real property tax; and
 - (E) Recommend, with public input from interested stakeholders, how the state and county tax structures can be improved to achieve an equitable system for the State, the counties, and the taxpayers;
- (2) Deleting inconsistent or unnecessary whereas clauses and any reference to the federal tax system;
- (3) Requesting that the Governor and the Mayors each select a member of the task force and that the member selected by the Governor convene the first meeting;
- (4) Requesting that the Director of Taxation and the directors of the finance departments of the counties cooperate with the task force; and
- (5) Making technical, non-substantive changes for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Intergovernmental Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 191, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 191, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (English, Kim).

SCRep. 3380 Intergovernmental Affairs on S.R. No. 126

The purpose of this measure is to request the Governor, the Mayors and county councils, with the assistance of the Tax Review Commission, the City and County of Honolulu's Tax Policy Committee, and comparable committees of Kauai, Maui, and Hawaii counties to review the State's and counties' tax and revenue systems.

Democrats for Property Tax Fairness Task Force, Hawaiian National Communications Corporation, and two individuals submitted testimony in support of this measure.

All of the testifiers discussed the apparent incongruity between the State and county tax structures and implicated it as a cause of inequity. Your Committee finds that better cooperation and coordination between the State and the counties could make tax collection less costly, more efficient, and more equitable. A holistic review of Hawaii's entire tax structure, including both the state and county tax structures, and its collective financial impact on taxpayers would be useful when considering future tax policies.

Your Committee has amended this measure by:

- (1) Requesting that a Tax Policy Task Force be created to:

As affirmed by the record of votes of the members of your Committee on Intergovernmental Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 126, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 126, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (English, Kim).

SCRep. 3381 Judiciary and Hawaiian Affairs on S.C.R. No. 128

The purpose of this measure is to request the Department of Hawaiian Home Lands enter into a lease/purchase agreement for the construction of a new office facility on Hawaiian home lands in East Kapolei to be funded by the issuance of certificates of participation.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands (DHHL).

Your Committee finds that DHHL currently leases commercial office space in downtown Honolulu and that this lease will expire in early 2008. The move to Hawaiian home lands in East Kapolei will allow DHHL to better serve the large beneficiary population in the Nanakuli, Lualualei, Waianae, and Kapolei areas and will allow DHHL to have a home of its own.

Your Committee has amended this measure to make technical, nonsubstantive changes for clarity and style.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 128, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 128, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Ihara).

SCRep. 3382 Judiciary and Hawaiian Affairs on S.R. No. 81

The purpose of this measure is to request the Department of Budget and Finance to convene a Hawaiian language task force.

Your Committee received testimony in support of this measure from two individuals. The Department of Accounting and General Services submitted comments on this measure.

Your Committee finds that the Hawaii State Constitution provides for the preservation and promotion of native Hawaiian culture, history, and language. The Hawaii State Constitution also recognizes Hawaiian as one of the official state languages. The Legislature has made an effort to preserve and promote native Hawaiian language by incorporating the language into official state writings, emblems, and signs. Therefore, the establishment of a Hawaiian language task force is necessary to ensure the proper use of the Hawaiian language on these official state writings, emblems, and signs.

Your Committee has amended this measure to:

- (1) Add two members to the task force, one to represent information technology issues and to be selected by the Department of Accounting and General Services, and one from the Hawaii Board on Geographic Names with the Office of Planning under the Department of Business, Economic Development and Tourism, as the authority for Hawaiian place names; and
- (2) Include a feasibility study to examine the scope and costs of implementing the plan developed.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 81, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 81, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Ihara).

SCRep. 3383 Judiciary and Hawaiian Affairs on S.C.R. No. 133

The purpose of this measure is to request the Department of Budget and Finance to convene a Hawaiian language task force.

Your Committee received testimony in support of this measure from two individuals. The Department of Accounting and General Services submitted comments on this measure.

Your Committee finds that the Hawaii State Constitution provides for the preservation and promotion of native Hawaiian culture, history, and language. The Hawaii State Constitution also recognizes Hawaiian as one of the official state languages. The Legislature has made an effort to preserve and promote native Hawaiian language by incorporating the language into official state writings, emblems, and signs. Therefore, the establishment of a Hawaiian language task force is necessary to ensure the proper use of the Hawaiian language on these official state writings, emblems, and signs.

Your Committee has amended this measure to:

- (1) Add two members to the task force, one to represent information technology issues and to be selected by the Department of Accounting and General Services, and one from the Hawaii Board on Geographic Names with the Office of Planning under the Department of Business, Economic Development and Tourism, as the authority for Hawaiian place names; and
- (2) Include a feasibility study to examine the scope and costs of implementing the plan developed.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 133, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 133, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Ihara).

SCRep. 3384 Business and Economic Development on S.C.R. No. 65

The purpose of this measure is to support the concept of a public-private joint venture to develop a new advanced simulator airline training facility in Hawaii.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Community College, and Global Aeronautics, LLC.

Hawaii's local air carriers provide more than twelve thousand direct and indirect jobs for Hawaii residents. Local air carriers must conduct a substantial portion of their flight training on the mainland because Hawaii does not have an advanced simulator training facility to serve the local airlines. A recent increase in training demands from other airlines and from ab initio airline cadets makes establishing an advanced simulator training center in Hawaii an economically feasible option.

Your Committee finds that legislative support is needed for a public-private joint venture to develop a new advanced simulator airline training facility in Hawaii. Simulator training has economic advantages for the State, and will prepare young pilots for employment with the airlines; thus, creating more employment opportunities and the ability to bring more visitors to the State. Your Committee further finds that continued legislative support is needed if financial investments and other resources are obtained from private partners.

The Department of Transportation raised concerns, and your Committee recognizes, that providing State land free of charge for training facilities and dormitories may be in violation of the Federal Aviation Administration Policy and Procedures Concerning the Use of Airport Revenue, as printed in the Federal Register, Volume 63, Number 30, February 16, 1999. The Department of Transportation, however, is willing to negotiate a land lease or rental agreement with Honolulu Community College and Global Aeronautics for the development of the training center. Therefore, your Committee has amended this measure by adding a provision to clarify that the State will provide land for the training facility, provided that the State will not violate the terms of the Federal Aviation Administration Policy and Procedures.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 65, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 65, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Trimble).

SCRep. 3385 Business and Economic Development on S.R. No. 42

The purpose of this measure is to support the concept of a public-private joint venture to develop a new advanced simulator airline training facility in Hawaii.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Community College, and Global Aeronautics, LLC.

Hawaii's local air carriers provide more than twelve thousand direct and indirect jobs for Hawaii residents. Local air carriers must conduct a substantial portion of their flight training on the mainland because Hawaii does not have an advanced simulator training facility to serve the local airlines. A recent increase in training demands from other airlines and from ab initio airline cadets makes establishing an advanced simulator training center in Hawaii an economically feasible option.

Your Committee finds that legislative support is needed for a public-private joint venture to develop a new advanced simulator airline training facility in Hawaii. Simulator training has economic advantages for the State, and will prepare young pilots for employment with the airlines; thus, creating more employment opportunities and the ability to bring more visitors to the State. Your Committee further finds that continued legislative support is needed if financial investments and other resources are obtained from private partners.

The Department of Transportation raised concerns, and your Committee recognizes, that providing State land free of charge for training facilities and dormitories may be in violation of the Federal Aviation Administration Policy and Procedures Concerning the Use of Airport Revenue, as printed in the Federal Register, Volume 63, Number 30, February 16, 1999. The Department of Transportation, however, is willing to negotiate a land lease or rental agreement with Honolulu Community College and Global Aeronautics for the development of the training center. Therefore, your Committee has amended this measure by adding a provision to clarify that the State will provide land for the training facility, provided that the State will not violate the terms of the Federal Aviation Administration Policy and Procedures.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 42, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 42, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Trimble).

SCRep. 3386 Business and Economic Development on S.C.R. No. 171

The purpose of this measure is to request that the Director of Business, Economic Development, and Tourism and the Chief Executive Officer of the Natural Energy Laboratory of Hawaii Authority (NELHA) continue their efforts in establishing NELHA's 870-acre science and ocean technology park in Kailua-Kona as a Foreign-Trade Zone.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and the Natural Energy Laboratory of Hawaii Authority.

There are currently seven active Foreign-Trade Zone (FTZ) sites established in accordance to federal law throughout the State. A FTZ is an attractive and effective incentive for economic development and the creation of employment opportunities. In 2005, 278 companies in Hawaii used the FTZ program and handled 88 types of merchandise from 33 countries. Hawaii's FTZ sites provide direct and indirect employment for approximately 2,400 residents. Currently, NELHA's tenants have attracted approximately \$75,000,000 in investments over the past several years and have successfully increased the volume of state exports. Foreign and domestic exports from NELHA-based companies are expected to grow dramatically in the near future due to the growth of deep seawater bottling companies and aquaculture firms at NELHA.

Your Committee finds that designating NELHA's site in Kailua-Kona as a FTZ will greatly expand the benefits of zone utilization to NELHA-based firms and will further the growth and diversification of Hawaii's economy. Designating NELHA's Kailua-Kona site as a FTZ will extend FTZ benefits beyond Oahu and allow NELHA to play a bigger role in future industrial growth and development of the Island of Hawaii.

Your Committee has amended this measure by making technical, nonsubstantive changes for consistency and style.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 171, as amended herein, and recommends that it be referred to the Committee on Energy, Environment, and International Affairs, in the form attached hereto as S.C.R. No. 171, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Trimble).

SCRep. 3387 Business and Economic Development on S.R. No. 115

The purpose of this measure is to request that the Director of Business, Economic Development, and Tourism and the Chief Executive Officer of the Natural Energy Laboratory of Hawaii Authority (NELHA) continue their efforts in establishing NELHA's 870-acre science and ocean technology park in Kailua-Kona as a Foreign-Trade Zone.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and the Natural Energy Laboratory of Hawaii Authority.

There are currently seven active Foreign-Trade Zone (FTZ) sites established in accordance to federal law throughout the State. A FTZ is an attractive and effective incentive for economic development and the creation of employment opportunities. Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Trimble).

SCRep. 3388 Higher Education on Gov. Msg. No. 283

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII COMMISSION FOR NATIONAL AND COMMUNITY SERVICE

G.M. No. 283 SCOTT SHIGERU MORISHIGE, for a term to expire 6-30-2010

Your Committee received testimony in support of SCOTT S. MORISHIGE from the Hawaii Commission for National and Community Service, the University of Hawaii, and a Member of the House of Representatives. The nominee is presently employed as a Legislative Office Manager in the House of Representatives. Previously he was employed as Center for Equal Justice Manager and as an AmeriCorps Legal Advocate with the Legal Aid Society of Hawaii. He received a Bachelor of Arts degree from Oregon State University and is presently a candidate for a Masters in Social Work degree from the University of Hawaii at Manoa. The nominee is currently the youth representative on the Hawai'i Commission For National And Community Service, and is active on the Board of Directors of P.A.R.E.N.T.S., Inc. [Providing Awareness Referrals Education Nurturing Therapy Support], a private nonprofit community-based organization that offers courses in parenting and coping skills to strengthen families.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3389 Higher Education on Gov. Msg. Nos. 285 and 286

Recommending that the Senate advise and consent to the nominations of the following:

CENTER FOR NURSING ADVISORY BOARD

G.M. No. 285 CATHERINE A. ADAMS, RN, for a term to expire 6-30-2010.; and

G.M. No. 286 SALLY T. ISHIKAWA, for a term to expire 6-30-2010

Your Committee received testimony in support of CATHERINE A. ADAMS, R.N., from the University of Hawaii Center for Nursing and Hawaii Pacific Health. The nominee was last employed as System Director for Clinical Education with Hawaii Pacific Health. Previously she was employed in a nursing administrative capacity at Wilcox Memorial Hospital on Kauai, and at Straub Clinic and Hospital in Honolulu. The nominee received a Bachelor of Science in Nursing degree from Arizona State University and a Masters of Science in Nursing degree from the University of Hawaii at Manoa. She has been active in the Hawaii Chapter of the National Association of Nurse Executives, and is currently a member of the Center for Nursing Advisory Board.

Your Committee received testimony in support of SALLY T. ISHIKAWA from the University of Hawaii Center for Nursing, Hawaii Health Systems Corporation (Oahu Region), and the nominee. The nominee is employed as Oahu Regional Director of Nursing for Leahi Hospital, under the Hawaii Health Systems Corporation. She has held a number of previous positions in nursing administration, with emphasis on home care services. The nominee received a Bachelor of Science in Nursing degree and Masters of Public Health degree from the University of Hawaii at Manoa. She has been active in the Hawaii Association of Nurse Executives, and is currently Chair of the Personnel Committee of the Center for Nursing Advisory Board.

Your Committee finds that both nominees' backgrounds, education, and experience will be assets in bringing business and community perspectives to the Center for Nursing Advisory Board.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3390 Ways and Means on Gov. Msg. No. 292

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF TAXATION REVIEW, 2ND TAXATION DISTRICT (MAUI)

G.M. No. 292 CAROL ANN BURDICK, for a term to expire 6-30-2010

Upon review of the statement submitted by the nominee, your Committee finds that Carol Ann Burdick will work with compassion and commitment to assist in administering the government functions related to tax appeals. Your Committee further finds that the nominee has been appointed based upon her credentials, integrity, and a desire to make Hawaii better through her participation on the Board of Taxation Review to which she has been nominated.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Inouye, Kanno, Sakamoto).

SCRep. 3391 Judiciary and Hawaiian Affairs on H.B. No. 1833

The purpose of this measure is to authorize counties with a population of less than 500,000 to issue fireworks permits through authorized vendors.

Your Committee received testimony in support of this measure from the State Fire Council, the Honolulu Fire Department, the County of Hawaii Fire Department, Legislative Information Services of Hawaii, Pacific Fireworks Kona, Pacific Fireworks Waimea, Pahoia Cash and Carry, Pinky's, Sure Save Supermarket, Ltd., T.H.Y. & Associates, Inc., T. Kaneshiro Store, Inc., and the Hawaii Food Industry Association.

Your Committee finds that this measure is intended to facilitate the purchase of fireworks by making it more convenient to obtain a permit and purchase fireworks at the same location. This measure also relieves the administrative burden placed on the counties and facilitates the fire departments in accounting for retailer fireworks inventories and sales.

The State Fire Council stated that it shares the Committee's concern that allowing vendors to sell permits and fireworks may lead to abuses and noted that it would be accountable for the implementation of the measure.

Your Committee has amended this measure in accordance with the testimony of the Honolulu Fire Department and the State Fire Council by removing subsection (b) of the measure so that the provisions of this measure will apply to all counties.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1833, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1833, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (English).

SCRep. 3392 Judiciary and Hawaiian Affairs on H.B. No. 1706

The purpose of this measure is to provide for environmental covenants for contaminated property to ensure long-term compliance with requirements needed to protect the public and environment when complete removal of contaminants is not feasible, practical, or necessary.

Your Committee received testimony in support of this measure from the Department of Health, the Commission to Promote Uniform Legislation, and the Land Use Research Foundation. The Department of the Army's Western Regional Environmental Office and Hawaiian Electric Company and its subsidiaries submitted comments on this measure.

Your Committee finds that this measure establishes a process for creating and tracking environmental covenants and provides enforcement authority to assure that owners of contaminated property observe the required management controls placed on the property by the Department of Health.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1706, H.D. 3, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hee, Ihara).

SCRep. 3393 Judiciary and Hawaiian Affairs on H.B. No. 1871

The purpose of this measure is to allow consumers who are victims of identity theft to place a security freeze on their credit reports which will prohibit a consumer reporting agency from releasing any information to unauthorized parties without the consumer's express authorization and which will provide consumers with more control over who has access to their credit report.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, the Department of the Prosecuting Attorney for the City and County of Honolulu, the Honolulu Police Department, the Kuli'ou'ou/Kalani Iki Neighborhood Board #2, AARP Hawaii, Retail Merchants of Hawaii, the Consumer Data Industry Association, and the Hawaii Financial Services Association.

Your Committee finds that a security freeze is considered one of the few ways to virtually guarantee that a thief cannot open an account in an innocent party's name. With a freeze, if an identity thief applies for credit in a consumer's name, the creditor will be unable to check the consumer's history and the application will be rejected, thus keeping the innocent consumer's credit safe. This measure does include mechanisms to lift a freeze in cases where a consumer is opening a legitimate line of credit.

Your Committee has amended this measure to:

- (1) Change the chapter name to "Consumer Credit Reporting Agencies" in order to ensure that the measure's title is consistent with its contents;
- (2) Change the definition section to reflect that the terms "consumer credit reporting agency" and "consumer reporting agency" are interchangeable;
- (3) Reinstate the references to specific "party, or parties" in addition to "period of time" in reference to the release of a consumer's credit report at the request of the consumer, which the Department of Commerce and Consumer Affairs explained would provide additional safety for the consumer and is consistent with laws in numerous other states; and
- (4) Insert clarifying language to minimize consumer frustration when they are not able to easily identify where the freeze request should be sent.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1871, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1871, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (English).

SCRep. 3394 Judiciary and Hawaiian Affairs on H.B. No. 1977

The purpose of this measure is to establish a procedure for the transfer of structured settlement payment rights.

Your Committee received testimony in support of this measure from the National Association of Settlement Purchasers, the American Council of Life Insurers, and one individual.

Your Committee finds that forty-three states currently have structured settlement protection statutes similar to this measure. This measure is intended to protect settlement recipients and other parties to structured settlements.

Your Committee has amended this measure to make technical, nonsubstantive changes for clarity and style.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1977, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1977, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Ihara).

SCRep. 3395 Judiciary and Hawaiian Affairs on H.B. No. 2199

The purpose of this measure is to prohibit state officials from binding the State to government procurement rules in an international trade agreement without legislative action.

Your Committee received testimony in support of this measure from the Hawaii State AFL-CIO; the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and the ILWU Local 142.

Your Committee finds that a number of today's international free trade agreements contain policy obligations and restrictions that would take precedence over state and local government provisions relating to state purchasing laws and preferences. These trade agreements may undermine state and local laws in some cases, such as laws relating to the minimum amounts of recycled materials that must be used in certain instances, laws discouraging off-shoring of jobs, and laws encouraging the purchase of locally-produced goods and services. Your Committee finds that giving up such local restrictions and requirements is not to be done lightly. This measure will prohibit the binding of the State to government procurement rules contained in an international trade agreement without legislative knowledge and approval.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2199, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Ihara).

SCRep. 3396 Judiciary and Hawaiian Affairs on H.B. No. 2287

The purpose of this measure is to allow the Child Support Enforcement Agency to suspend the license of an individual who has become delinquent in making payments after entering into an agreement once notice was sent informing the individual of the license suspension process, rather than having to reinitiate the entire license suspension process from the beginning.

Your Committee received testimony in support of this measure from the Department of the Attorney General.

Your Committee finds that the current law requires the Child Support Enforcement Agency to reinitiate the license suspension process from the beginning when an individual becomes delinquent after entering into an agreement to make payments. This measure will streamline the license suspension process and will make the child enforcement process more efficient.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2287, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Ihara).

SCRep. 3397 Judiciary and Hawaiian Affairs on H.B. No. 2901

The purpose of this measure is to repeal the law requiring a creditor collecting money under a garnishment process to furnish duplicate receipts to the garnishee.

Your Committee received testimony in support of this measure from the Hawaii Bankers Association and the Collections Section of the Hawaii State Bar Association.

Your Committee finds that under the current law, a creditor is required to furnish a duplicate receipt to a garnishee when a payment is received through a garnishment process. The garnishee is then required to provide one of those receipts to the debtor. These requirements are outdated and unnecessary as current banking and employment practices sufficiently document payment of funds in the garnishment process.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2901, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Ihara).

SCRep. 3398 (Joint) Judiciary and Hawaiian Affairs and Ways and Means on H.B. No. 1928

The purpose of this measure is to require the Agribusiness Development Corporation, the Hawaii Community Development Authority, the Housing and Community Development Corporation of Hawaii, the High Technology Development Corporation, and the University of Hawaii to obtain legislative approval before disposing of state lands under their respective jurisdictions.

Your Committees received testimony in support of this measure from the Save Our Kaka'ako Coalition. The Agribusiness Development Corporation, the Hawaii Community Development Authority, and the High Technology Development Corporation submitted comments on this measure. The Housing and Community Development Corporation of Hawaii and the University of Hawaii submitted testimony in opposition to this measure.

Your Committees find that this measure needs the appropriate three readings in the House of Representatives. The Hawaii Supreme Court's decision in *Taomae v. Lingle*, 108 Hawaii 245 (2005), invalidated a constitutional amendment because the title of the bill was insufficient and because the bill failed to receive three readings in each house of the legislature. Although the language of the court's decision has been interpreted to be limited in its application to bills proposing a constitutional amendment, Article III, Section 15 of the Hawaii State Constitution makes it clear that the three reading requirement applies to all bills, providing that "[n]o bill shall become law unless it shall pass three readings in each house on separate days." Therefore, this bill should not pass out of the legislature unless the bill receives three readings by the House of Representatives in conformance with Article III, Section 15 of the Hawaii State Constitution.

Your Committees have amended this measure to make technical, nonsubstantive changes for clarity and style and to specify that section 7 shall take effect on July 1, 2006.

Your Committees note that concerns regarding constitutionality issues and the addition of a severability clause were raised during the hearing on this measure and the Committees would ask that these issues be left open for discussion as this measure moves to conference.

As affirmed by the records of votes of the members of your Committees on Judiciary and Hawaiian Affairs and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1928, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1928, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.
Ayes, 17. Noes, none. Excused, 3 (Ihara, Kanno, Hemmings).

SCRep. 3399 (Joint) Judiciary and Hawaiian Affairs and Ways and Means on H.B. No. 2440

The purpose of this measure is to enact the Uniform Athlete Agents Act to protect student-athletes and educational institutions from potential harm caused by unscrupulous athlete agents.

Your Committees received testimony in support of this measure from the Department of Education, the University of Hawaii System, and the Commission to Promote Uniform Legislation. The Department of Commerce and Consumer Affairs submitted testimony in opposition to the measure.

Your Committees find that this measure protects both student-athletes and schools by:

- (1) Requiring an athlete agent to be registered with the State;
- (2) Requiring specific warnings about the potential loss of eligibility to appear in the contract between the student-athlete and athlete agent; and
- (3) Requiring both the athlete agent and the student-athlete to notify the affected school if a contract is signed.

Your Committees note the concern raised by the Department of Commerce and Consumer Affairs regarding the exemption from the standard "sunrise" review under section 26H-6, Hawaii Revised Statutes and that exempting this measure will set a precedent to waive future proposals to regulate other professions, vocations, or occupations. However, your Committees find that the facts and circumstances surrounding the Uniform Athlete Agents Act are different from other proposals to regulate professions, vocations, and occupations such that exempting this measure from the sunrise review will not provide a basis or precedent to exempt future measures.

Your Committees further note that this measure may require a savings clause as criminal penalties are assessed in the measure.

Your Committees have amended this measure to make technical, nonsubstantive changes for clarity and style.

As affirmed by the records of votes of the members of your Committees on Judiciary and Hawaiian Affairs and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2440, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2440, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.
Ayes, 17. Noes, none. Excused, 3 (Ihara, Kanno, Hemmings).

SCRep. 3400 (Joint/Majority) Judiciary and Hawaiian Affairs and Ways and Means on H.B. No. 3018

The purpose of this measure is to clarify that employer contributions and Hawaii Employer-Union Health Benefits Trust Fund assets are irrevocable and may be used only for the benefit of the employee-beneficiaries and dependent-beneficiaries. This measure authorizes the board to use the fund and create separate funds as a reserve against or to pay further costs of providing health and other benefits to retired employees and their beneficiaries.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services, the Department of Budget and Finance, the Hawaii Employer-Union Health Benefits Trust, the Hawaii Government Employees Association, and the Hawaii State Teachers Association.

Your Committees find that in 2004, the Government Accounting Standards Board issued statement numbers 43 and 45 which established uniform financial reporting standards for the reporting of retiree health and other post-employment benefits by state and local governments. This measure will clarify that the Hawaii Employer-Union Health Benefits Trust Fund is administered as a trust or equivalent arrangement as that term is used in statement numbers 43 and 45.

Your Committees further find that this measure needs the appropriate three readings in the House of Representatives. The Hawaii Supreme Court's decision in *Taomae v. Lingle*, 108 Hawaii 245 (2005), invalidated a constitutional amendment because the title of the bill was insufficient and because the bill failed to receive three readings in each house of the legislature. Although the language of the court's decision has been interpreted to be limited in its application to bills proposing a constitutional amendment, Article III, Section 15 of the Hawaii State Constitution makes it clear that the three reading requirement applies to all bills, providing that "[n]o bill shall become law unless it shall pass three readings in each house on separate days." Therefore, this bill should not pass out of the legislature unless the bill receives three readings by the House of Representatives in conformance with Article III, Section 15 of the Hawaii State Constitution.

As affirmed by the records of votes of the members of your Committees on Judiciary and Hawaiian Affairs and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3018, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.
Ayes, 16. Noes, 1 (Hee). Excused, 3 (Ihara, Kanno, Hemmings).

SCRep. 3401 (Joint) Judiciary and Hawaiian Affairs and Ways and Means on H.B. No. 3244

The purpose of this measure is to prevent further occurrences of electronic commerce-based crimes in the State by supporting the efforts of the Hawaii Anti-Phishing Task Force.

Specifically, this measure:

- (1) Changes the name of the Hawaii Anti-Phishing Task Force;
- (2) Extends the life of the task force to December 31, 2007;
- (3) Expands the responsibilities of the task force;
- (4) Adds additional members to the task force; and
- (5) Appropriates funds.

Your Committees received testimony in support of this measure from the Department of the Attorney General, the Department of Commerce and Consumer Affairs, the Consumer Data Industry Association, the Hawaii Bankers Association, and the Hawaii Financial Services Association. The Judiciary submitted comments on this measure.

The Anti-Phishing Task Force, established in 2005, has done a commendable job of examining the problems of identity theft and electronic commerce-based crimes. However, the task force's work is not done. Your Committees find that changing the task force's name to the Identity Theft Task Force, extending its life to December 31, 2007, adding additional members, and expanding its responsibilities will allow the task force to continue to make recommendations on how the State can combat further occurrences of identity theft.

Your Committees have amended this measure in accordance with testimony from the Judiciary to change the Judiciary's representative in the task force from the chief justice or the chief justice's designee to the administrative director or the administrative director's designee. Your Committees have also amended this measure to blank out all appropriation amounts.

As affirmed by the records of votes of the members of your Committees on Judiciary and Hawaiian Affairs and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 3244, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 3244, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.
Ayes, 17. Noes, none. Excused, 3 (Ihara, Kanno, Hemmings).

SCRep. 3402 Judiciary and Hawaiian Affairs on H.B. No. 2476

The purpose of this measure is to amend various provisions of the Hawaii Revised Statutes and the Session Laws of Hawaii pursuant to chapter 23G, Hawaii Revised Statutes, to correct errors, update references, clarify language, and delete obsolete or unnecessary language.

Your Committee finds that all of the statutory amendments proposed by the measure are of a purely technical nature and either contain no substantive changes to the law or, if they have any substantive effect, are done simply to correct the types of errors noted in the title of this bill.

Your Committee notes that one or two items in this bill such as a missing end quotation mark, if they need to be corrected at all, can be corrected through the administrative authority of the Revisor of Statutes pursuant to chapter 23G, Hawaii Revised Statutes, when H.B. No. 2476 is duly enacted into law and printed in the Session Laws of Hawaii, 2006 and the 2006 Supplement to the Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2476, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3403 Judiciary and Hawaiian Affairs on H.B. No. 237

The purpose of this measure is to establish a temporary commission on medical tort reform.

Your Committee circulated a proposed senate draft that would amend the section dealing with the abolition of joint and several liability for governmental entities, and clarify that the liability of governmental entities is limited to only the share of damages attributable to them.

Your Committee received testimony in support of the proposed draft from the Attorney General, the Department of Transportation, the Mayor of the County of Hawaii, the Office of the Corporation Counsel for the County of Hawaii, the Department of the Corporation Counsel for the City and County of Honolulu, the Mayor of Maui County, the Department of the Corporation Counsel for the County of Maui, three members of the County Council for the County of Maui, the County Attorney of the County of Kauai, and the Hawaii Medical Association. Hawaiian Electric Company and Consumer Lawyers of Hawaii submitted testimony in opposition to this measure.

Your Committee finds that the Hawaii Supreme Court's decision in *Taomae v. Lingle*, 108 Hawaii 245 (2005), invalidated a constitutional amendment because the title of the bill was insufficient and because the bill failed to receive three readings in each house of the legislature. Although the language of the court's decision is limited to bills proposing a constitutional amendment, Article III, Section 15 of the Hawaii State Constitution makes it clear that the three reading requirement applies to all bills, providing that "[n]o bill shall become law unless it shall pass three readings in each house on separate days." Therefore, this bill should not pass out of the legislature unless the bill receives three readings by the House of Representatives in conformance with Article III, Section 15 of the Hawaii State Constitution.

Your Committee has amended the proposed measure to:

- (1) Insert language as suggested by the Consumer Lawyers of Hawaii to provide that the abolition of joint and several liability under this section shall not apply to cases in which the subject matter of the claim against the State is covered by a primary insurance policy entered into by the State or any of its agencies; and
- (2) Insert a defective date of July 1, 2050 to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 237, H.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 237, H.D. 3, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Ihara).

SCRep. 3404 Ways and Means on H.B. No. 2412

The purpose of this measure is to conform the Hawaii income tax law to the Internal Revenue Code.

Your Committee finds that this administrative measure is required under state law and was submitted by the Department of Taxation to conform Hawaii's income tax law to recent changes in the federal income tax law.

Specifically, this measure exempts Hawaii income tax law from the following Internal Revenue Code sections:

- (1) 1400O, relating to education tax benefits;
- (2) 1400P, relating to housing tax benefits;
- (3) 1400R, relating to employment relief; and
- (4) 1400T, relating to special rules for mortgage revenue bonds.

The measure also adopts Internal Revenue Code sections:

- (1) 1400N, relating to tax benefits for the Gulf Opportunity Zone; except that subsections 1400N(a), 1400N(b), 1400N(d), 1400N(e), 1400N(h), 1400N(l), 1400N(m), and 1400N(n) shall not be operative for the purposes of the state income tax law; and
- (2) 1400S, relating to additional tax relief provisions; except that subsection 1400S(d) shall not be operative for the purposes of the state income tax law.

Your Committee has amended the measure by:

- (1) Deleting section 2 of the measure, which does not contain any amendments and renumbering the measure's section numbers accordingly;
- (2) Limiting the applicability of section 235-2.45(h), Hawaii Revised Statutes, to contributions made between August 29 to December 31, 2005;
- (3) Changing the effective date of the bill to July 1, 2050, to foster continuing discussion on this matter; and
- (4) Making technical amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2412, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2412, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Inouye, Kanno, Sakamoto).

SCRep. 3405 Ways and Means on H.B. No. 2626

The purpose of this measure is to authorize the issuance of general obligation bonds and determine whether the issuance of the bonds will cause the State's debt limit to be exceeded.

Your Committee finds that the:

- (1) Measure will finance project appropriations contained in acts of the Legislature for which the means of funding are designated as general obligation bond funds or reimbursable general obligation bond funds; and
- (2) Issuance of the bonds authorized will not cause the State's constitutional debt limit to be exceeded.

Your Committee has amended the measure by changing its effective date from upon approval to July 1, 2050, to promote continued discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2626, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2626, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Inouye, Kanno, Sakamoto).

SCRep. 3406 Ways and Means on H.B. No. 2400

The purpose of this measure is to make an emergency appropriation of \$1,600,000 to assist in the purchase and preservation of Waimea Valley on the island of Oahu.

Your Committee finds that Waimea Valley is one of the few remaining intact ahupua'a on the island of Oahu and remains a rich and sacred cultural, historic, and aesthetic resource for the entire State. This measure permits the State to contribute money toward the purchase of Waimea Valley by a consortium of nonprofit and government entities that includes the United States Army, the Office of Hawaiian Affairs, the Department of Land and Natural Resources, the City and County of Honolulu, and the National Audubon Society.

Your Committee was told by the Chairperson of the Board of Land and Natural Resources that the mediator in the condemnation lawsuit brought by the city and county of Honolulu needs this bill passed to close the transaction. The Chairperson also requested that the bill pass unamended.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2400, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Kim, Trimble).

SCRep. 3407 Commerce, Consumer Protection and Housing on S.C.R. No. 93

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study to determine whether public, education, and government (PEG) access organizations should be exempt from the state procurement laws.

Testimony in support of this measure was submitted by Akaku Maui Community Television, Molokai Community Alliance for Media, and three concerned individuals. A petition signed by 563 individuals in support of an exemption for the PEG access organization Akaku was submitted with the testimony of two of the three concerned individuals. These individuals included public school students and residents of Molokai. Comments were submitted by the Legislative Reference Bureau.

The application of the state procurement laws to the contract process involving the DCCA and current PEG access organizations has raised many concerns within the PEG access community. Your Committee finds that requesting the DCCA and the Attorney General to take steps to smooth the transition and maintain the quality of broadcasts in all access areas should the State Procurement Office make a final determination that PEG access organizations are subject to the state procurement laws is a better method to address these concerns.

Accordingly, your Committee has amended this measure by:

- (1) Deleting the title and language throughout the measure requesting a study by the Legislative Reference Bureau;
- (2) Including language in the title and the resolution that ask the DCCA and the Attorney General to provide a smooth transition for PEG access organizations should it be determined by the State Procurement Office that these organizations are subject to the state procurement laws;
- (3) Requesting that the DCCA and Attorney General are to make available for public inspection and copying the Attorney General's opinion that contracts with the PEG access organizations are subject to the state procurement laws;
- (4) Requesting that the DCCA and Attorney General extend all existing contracts with the PEG access organizations for an additional year to ensure the extent and quality of broadcasts in all access areas;
- (5) Requesting that the DCCA and Attorney General work with the PEG access organizations and other interested persons to develop documents and procedures to ensure the extent and quality of future broadcasts in all access areas; and
- (6) Requesting the DCCA to submit a report to the Legislature not later than twenty days prior to the start of the Regular Session of 2007 that describes the process followed by the DCCA in working with the PEG access organizations, identifies any problem areas in developing documents and procedures to ensure the extent and quality of future broadcasts in all access areas, and provides needed or recommended modifications to existing statutes to further the goals in this measure.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 93, as amended herein, and recommends that it be referred to the Committee on Transportation and Government Operations, in the form attached hereto as S.C.R. No. 93, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Hogue).

SCRep. 3408 (Joint) Higher Education and Judiciary and Hawaiian Affairs on S.C.R. No. 199

The purpose of this measure is to request the College of Hawaiian Language at the University of Hawaii at Hilo to work with appropriate government offices to develop a plan to promote the Hawaiian language in all state and county government offices.

Testimony in support of the measure was submitted by the University of Hawaii at Hilo, 'Aha Pūnana Leo, Inc., and an individual.

Your Committees find that developing a plan for use of the Hawaiian language in government offices is appropriate, given the special status of the Hawaiian language as established in the state constitution. The collection and dissemination of the appropriate technology for providing updated letterheads in Hawaiian and English for official state and county stationery will be a logical next step in the Lexicon Development Program of the College of Hawaiian Language.

As affirmed by the records of votes of the members of your Committees on Higher Education and Judiciary and Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 199 and recommend that it be referred to the Committee on Transportation and Government Operations.

Signed by the Chairs on behalf of the Committees.
Ayes, 10. Noes, none. Excused, none.

SCRep. 3409 Higher Education on S.C.R. No. 200

The purpose of this measure is to request the University of Hawaii to provide funding to support five faculty staff positions at the Center on Aging, Research, and Education.

Testimony in support of the measure was submitted by the University of Hawaii School of Social Work and three individuals.

Your Committee finds that since budget cuts implemented in 1994, the Center on Aging, Research, and Education has attempted to carry out its mission of making gerontological knowledge and resources available with an annual budget of \$35,000, sufficient only for clerical support and minor operating expenses. Meanwhile, the urgent need for social workers in the area of gerontology is exacerbated by the growing needs of Hawaii's aging population. Without dedicated professionals and a critical mass of homegrown graduates prepared to work in the field, the University's opportunities for grant funding, service, and collaboration with other institutions will be lost.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 200 and recommends that it be referred to the Committee on Human Services.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3410 (Joint) Judiciary and Hawaiian Affairs and Higher Education on S.R. No. 79

The purpose of this measure is to establish a Senate Special Committee to study the leasing of public lands comprising the Mauna Kea Summit, and to make findings and recommendations regarding the appropriate amount of lease rent to be charged for the use of those lands.

Testimony in support of the measure was submitted by the Office of Hawaiian Affairs. The University of Hawaii submitted comments.

Your Committees find that the Mauna Kea Summit lands are ceded lands under section 5(b) of the Admission Act, and accordingly the special committee should evaluate the question of appropriate lease rents in the context of the public land trust.

As affirmed by the records of votes of the members of your Committees on Judiciary and Hawaiian Affairs and Higher Education that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 79 and recommend that it be referred to the Committee on Transportation and Government Operations.

Signed by the Chairs on behalf of the Committees.
Ayes, 10. Noes, none. Excused, none.

SCRep. 3411 Commerce, Consumer Protection and Housing on H.B. No. 3225

The purpose of this measure is to fine-tune and amend the recodified condominium law enacted in Act 164, Session Laws of Hawaii (SLH) 2004, and Act 93, SLH 2005, which is set to become effective on July 1, 2006.

Specifically, this measure substantively amends the recodified law by:

- (1) Excluding consequential and special damages from the type of damages that can be awarded and providing that only punitive damages can be awarded if specifically provided by law;
- (2) Adding, to the list of sections of the recodified law that apply to condominiums existing before the effective date of the law, two sections that delineate unit boundaries in detail, and allocate the common profits and expenses of the condominium property;
- (3) Providing that amendment of the declaration is not required for changes to the use of common element, open or landscaped spaces, and minor additions or alterations that benefit a unit and do not substantially affect other owners;
- (4) Removing the requirement that sixty-seven percent of all owners must adopt any resolution authorizing fines that are not in the bylaws;
- (5) Providing that if a board establishes fines by resolution, it must allow an appeal to the board and give owners the right to initiate a dispute resolution process or administrative hearing;
- (6) Removing the requirement that owners must provide notice of intent to cumulatively vote before doing so;
- (7) Providing that the financing of insurance premiums by the association within the policy period is not a loan and may occur without a vote of the unit owners;

- (8) Adopting a standard of the nonprofit corporation law in Chapter 414D, Hawaii Revised Statutes (HRS), by requiring a minimum of three directors;
- (9) Changing, from seventy-five to seventy percent, the proportion of unit owners that must reside outside of a project with more than one hundred units to allow a majority to amend the bylaws to reduce the board, from a minimum of nine members to as few as five members;
- (10) Prohibiting an owner who is an employee of the association's managing agent from participating in discussions of a management contract, and from executive sessions where the management contract or property manager will be discussed;
- (11) Providing that the association may by resolution restate the declaration to correct the percentage of common interest so it totals one hundred per cent;
- (12) Providing that in the absence of protest, any owner of a unit owned by more than one person may cast the votes allocated to the unit by proxy;
- (13) Specifying that the distribution of information as requested by the Real Estate Commission (Commission) is at the cost of the association;
- (14) Allowing the board with the majority vote or consent of the unit owners to require unit owners to obtain reasonable types and levels of insurance;
- (15) Allowing the association to demand and collect unpaid common expenses from the rental agent renting a unit;
- (16) Clarifying who constitutes a "lessee" for purposes of assessing the costs of lease rent renegotiation;
- (17) Making the effectiveness of all of Chapter 514B, HRS, certain by removing language providing for contingent enactment of a portion of the chapter;
- (18) Providing that the provisions of the Hawaii Administrative Rules controlling association replacement reserves will remain in effect until the Commission adopts replacement rules under the recodified law; and
- (19) Removing the repeal of Chapter 514A, HRS, and specifically defining the scope of its applicability upon enactment of the recodified law.

Testimony in support of this measure was submitted by the Hawaii Council of Associations of Apartment Owners; Hawaii Independent Condominium & Cooperative Owners; and Community Associations Institute, Hawaii Chapter. Comments on this measure were submitted by the Real Estate Commission and a concerned owner in an association of apartment owners.

Your Committee finds that this measure continues to be a work in progress with the interested parties having put forth considerable effort to resolve issues and offer amendments throughout this legislative session.

Your Committee further finds that the interested parties have reached consensus approval on the amendments offered in the testimony of Community Associations Institute, Hawaii Chapter. Accordingly, this measure has been amended by:

- (1) Applying parts of the Chapter 514B, Hawaii Revised Statutes, to preexisting condominiums, while protecting developers' reserved rights and protecting against unreasonable impairment of contract rights;
- (2) Providing for the adoption of amendments to condominium governing documents for condominiums created before July 1, 2006, by the vote or written consent of a majority of owners, while protecting developers' reserved rights;
- (3) Allowing owners to make changes to common element open spaces or other landscaped spaces or make minor additions or alteration to common elements for the benefit of individual units, provided that these changes, additions, or alterations do not interfere with the use or enjoyment of these elements by a nonconsenting party as provided in section 514B-140(c), Hawaii Revised Statutes,
- (4) Deleting the proposed amendment related to the developer's public report and submission of certain documents and information after the issuance of an effective date for the developer's public report;
- (5) Deleting the proposed amendment that public reports delivered to prospective purchasers must contain all amendments approved by the Commission as of the date the public report is delivered;
- (6) Deleting the proposed amendment related to escrow of deposits, the submission of documents by a developer, and the issuance of an effective date by the commission for the developer's public report;
- (7) Deleting the proposed amendment related to notice of disbursement of purchaser deposits prior to closing;
- (8) Deleting the proposed amendment related to notice of early conveyance or leasing of units before completion of construction. According to testimony submitted by the Real Estate Commission, the concerns underlying the deletions adopted in this paragraph, and paragraphs (4) to (7), will be administratively addressed by the Commission; and

(9) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3225, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3225, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Espero, Sakamoto).

SCRep. 3412 Ways and Means on H.B. No. 1448

The purpose of this measure is to establish an income tax credit for qualifying costs of automatic fire sprinkler systems installed and placed into service after June 30, 2006.

Your Committee has amended this measure by deleting its contents and replacing it with a one-time refundable tax credit to assist victims statewide who have suffered from the affects of heavy rain and flooding.

Your Committee finds that the recent heavy rain and flooding that has lasted for a record forty-one days has caused severe damage and suffering all across the State. From the mudslides in Tantalus, to the flooding in Honolulu and Windward Oahu and the devastating tragedy in Hanalei Kauai, it seems few communities were spared the affects of this freakish inclement weather.

Although the impetus for the tax credit provided in this measure was the heavy rain and flood that ravaged Manoa Valley in 2004, your Committee cannot ignore the continuing onslaught of heavy rain and flooding since that incident and, therefore, has expanded the tax credit to cover all rain and flood damages statewide since 2004.

Your Committee notes the discussion related to assisting private companies in the Mapunapuna area of Oahu that suffered flooding damages to their businesses in 2003. Although these businesses chose not to avail themselves of loan assistance at that time, your Committee is willing to entertain further discussion on this matter during the remainder of the 2006 legislative session.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1448, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1448, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3413 Ways and Means on H.B. No. 2399

The purpose of this measure is to extend the preferential considerations presently afforded inter-island ferry operators engaged in ferry operations in Maui County.

Presently, inter-island ferry operations between Maui and Molokai are afforded preferential consideration in Lahaina and Maalaea harbors and also enjoy preferential consideration in the issuance of a commercial operating permit and the waiver of any applicable fees. This measure will extend those preferential considerations to any inter-island ferry operation within Maui County, including Lanai, and to all Maui County small boat facilities in Maui County, not just Lahaina and Maalaea harbors.

Your Committee amended this measure by changing its effective date to July 1, 2050, to allow further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2399, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2399, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3414 Education and Military Affairs on H.B. No. 173

The purpose of this measure is to require at least five years of service as an active commissioned officer in the Hawaii National Guard to be considered for the position of Adjutant General.

Your Committee received testimony in support of this measure from ten individuals. Comments in opposition to this measure were received from the State Department of Defense Adjutant General and Deputy Adjutant General; the State Office of Veterans Services; the Armed Services Committee of the Chamber of Commerce of Hawaii; the Hawaii Laborers-Employers Cooperation and Education Trust and Laborers' International Union of North America, Local 368; the Oahu Veterans Council; and four individuals.

Your Committee finds that forty-four states have adopted similar measures, that this measure is an expression of the respect and confidence the State has in the professionalism of the men and women of the Hawaii National Guard, and that as the reserves and active duty promote their own to major command positions, so too should the Hawaii National Guard.

Your Committee has amended this measure by:

- (1) Clarifying that a candidate shall hold or have held a commission of at least a field grade officer;
- (2) Specifying that of the ten years of commissioned officer experience required, at least five shall have been served as an active commissioned officer in the Hawaii National Guard;
- (3) Making the effective date July 1, 2006; and
- (4) Making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 173, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 173, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Hogue).

SCRep. 3415 Ways and Means on H.B. No. 2045

The purpose of this measure is to improve the welfare of infants and their mothers.

To accomplish this purpose, the measure establishes a pilot perinatal clinic at the John A. Burns School of Medicine University Clinical Educational and Research Associates Program at the University of Hawaii to provide comprehensive prenatal, delivery, and postpartum care to women on Oahu who have a history of methamphetamine and other substance abuse, including alcohol and tobacco. The clinic will also provide pediatric care, psychiatric care for patients with dual diagnosis, and case management services. In addition to state funding of the pilot perinatal clinic, funding for perinatal and pediatric services of the clinic will be pursued through the state medicaid program.

Upon further consideration, your Committee has amended this measure by:

- (1) Changing the appropriated amount from \$400,000 to an unspecified amount for the purpose of further discussion;
- (2) Providing an unspecified sunset date for the pilot program;
- (3) Changing the effective date to July 1, 2050; and
- (4) Making technical amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2045, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2045, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Kanno, Hemmings, Slom).

SCRep. 3416 (Joint) Education and Military Affairs and Ways and Means on H.B. No. 2210

The purpose of this measure is to further amend an allocation made in 2003 to allow for expansion and renovation of the Pearl Ridge Elementary School cafeteria.

Your Committees received testimony in support of this measure from the Department of Education, Pearl Ridge Elementary School, and eighty-four individuals.

Your Committees find that under the language of the current law, Pearlridge Elementary has been unintentionally limited in the kind of cafeteria expansion it may undertake, which has resulted in a design that does not suit its own needs. The amendment proposed by this measure more accurately reflects the school's intent to renovate, as well as expand, the cafeteria. Your Committees further find that this measure would not involve any additional monies to be appropriated, as all funds have already been released.

Your Committees have amended this measure by making technical, non-substantive amendments.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2210, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2210, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.
Ayes, 12. Noes, none. Excused, 5 (Chun Oakland, Kanno, Kim, Hemmings, Hogue).

SCRep. 3417 (Joint) Education and Military Affairs and Transportation and Government Operations on H.B. No. 2457

The purpose of this measure is to emphasize the relevance federal military installations and investment to the objectives and policy of the state plan.

Comments on this measure were received from the Department of Business, Economic Development & Tourism Office of Planning.

Your Committees find that the presence of federal defense and security forces and agencies in the State are important state concerns and should be recognized statutorily as such.

Your Committees have amended this measure by making technical, nonsubstantive amendments.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Transportation and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2457, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2457, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair and President of the Senate on behalf of the Committees.

Ayes, 8. Noes, none. Excused, 5 (Hee, Hooser, Kanno, Menor, Hogue).

SCRep. 3418 (Joint) Water, Land, and Agriculture and Health on H.B. No. 2796

The purpose of this measure is to provide honey-labeling requirements for honey products sold in Hawaii.

Testimony in support of this measure was submitted by C&H Farms and the Hawaii Farm Bureau Federation. Testimony in opposition to this measure was submitted by the Department of Health. Comments were submitted by the Department of Agriculture.

Your Committees have amended this measure by replacing its contents with the contents of S.B. No. 3049, S.D.1, which:

- (1) Requires specific labeling requirements for:
 - (a) Honey products produced solely within one country;
 - (b) Honey products produced with more than one country's honey;
 - (c) Honey products blended with additional sweeteners; and
 - (d) Honey products produced with honey subjected to ultra-filtration and reconstitution processes;
- (2) Adds language that allows all honey products subject to this measure one year to comply with the labeling requirements;
- (3) Adds definitions for "honey style" and "imported honey"; and
- (4) Makes technical, nonsubstantive changes for style and clarity.

Your Committees noted testimony from the Department of Agriculture expressing some concerns regarding rules the department is required to adopt to establish and enforce a program certifying that honey sold in the State is not adulterated within the meaning of section 328-9, which addresses situations that deem foods as adulterated. This section, however, falls under the jurisdiction of the Department of Health, and the Department of Agriculture is concerned because it does not have the authority to adopt rules to enforce a Department of Health statute.

Your Committees further noted the Department of Agriculture's testimony that honey industry members have been invited to meet with both the Departments of Agriculture and the Department of Health to address some of these issues. The departments and the invitees are hoping to meet sometime in April. Thus, although there are concerns regarding the jurisdiction and authority to implement this measure, your Committees are moving this measure forward to encourage the Department of Agriculture, the Department of Health, and all of the honey stakeholders to meet in April and to work toward an agreeable solution.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2796, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2796, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 4 (English, Hooser, Tsutsui, Whalen).

SCRep. 3419 (Joint) Water, Land, and Agriculture and Intergovernmental Affairs on H.B. No. 2146

The purpose of this measure is to allow agricultural lands to be subdivided and leased for specific agricultural uses or activities.

Testimony in support of this measure was submitted by the Department of Agriculture; the University of Hawaii College of Tropical Agriculture and Human Resources; Agricultural Enterprises, Inc.; C&H Farms; the Hawaii Farm Bureau Federation; Kahuku Farmers, Inc.; and Kamehameha Schools. Comments were also submitted by the Department of the Attorney General, the Office of Planning, and the Land Use Research Foundation of Hawaii.

Your Committees find that allowing agricultural lands to be subdivided and leased for specific agricultural uses or activities without having to adhere to the Uniform Land Sales Practices Act under chapter 484, Hawaii Revised Statutes (HRS), is appropriate. Accordingly, this measure:

- (1) Specifically allows agricultural lands to be subdivided and leased for agricultural uses or activities, as long as the principal use of the land is for agriculture, no permanent or temporary dwellings are constructed, and the lots are considered legal lots of record for mortgage lending purposes and are exempt from urban or rural county subdivision standards; and
- (2) Subdivided leasehold agricultural lots located within state agricultural districts with no dwellings constructed are exempt from the Uniform Land Sales Practices Act under chapter 484, HRS.

Your Committees have amended this measure by:

- (1) Exempting subdivided agricultural lots from all county subdivision standards rather than just urban and rural county subdivision standards;
- (2) Providing that all subdivided agricultural lots are to be considered legal lots of record and are exempt from county subdivision standards rather than making them a condition for subdivision;
- (3) Requiring all subdivided agricultural lots to be leased for a minimum of ten years;
- (4) Providing that all subdivided agricultural lots will automatically reconsolidate to the original lot of record upon the expiration or termination of the leases; and
- (5) Making technical, nonsubstantive changes for clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2146, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2146, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 4 (English, Hooser, Ige, Inouye)

SCRep. 3420 Commerce, Consumer Protection and Housing on H.B. No. 1935

The purpose of this measure is to require inclusion of planned community declarations and association documents into the disclosure statements required in the sale of residential real property in planned communities.

Testimony in support of this measure was submitted by Hawaii Independent Condominium & Cooperative Owners and Mililani Town Association. Testimony in opposition to this measure was submitted by the Hawaii Association of Realtors.

Your Committee finds that this measure ensures transparency and accessibility to planned community declarations and association documents.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1935, H.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3421 Commerce, Consumer Protection and Housing on H.B. No. 2331

The purpose of this measure is to authorize licensing authorities to allow licensees to assume inactive status when these licensees are currently not engaged in the practice of their profession or vocation.

This measure also allows licensees to reactivate their licenses at any time during the licensure period or at renewal. This reactivation is subject to an application by the licensee and denial of the application by the licensing authority.

Testimony in support of this measure was submitted by the Department of Commerce and Consumer Affairs and the National Association of Social Workers. No testimony in opposition was received by your Committee.

Currently, only eleven of the forty-five licensing boards and programs statutorily provide the option for licensees to assume an inactive status. Your Committee finds that this measure would apply to all forty-five licensing boards and programs and will ensure regulatory uniformity and consistency.

Your Committee further finds that, under this measure, licensing authorities may enact pricing schemes and fees for the inactivation and reactivation of licenses that pass on lesser costs to those who choose to become inactive and later reactivate their licenses.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2331, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3422 Commerce, Consumer Protection and Housing on H.B. No. 3100

The purpose of this measure is to limit the down payment in a power of sale or nonjudicial foreclosure auction to not more than ten per cent of the highest successful bid price, with the down payment to be used, if the sale does not close, for the mortgagee's auction and escrow expenses, with the balance returned to the successful bidder.

Testimony in support of this measure was submitted by Title Guaranty of Hawaii, Inc.; the Hawaii Bankers Association; and the Hawaii Association of Realtors. Comments were submitted by the Hawaii Financial Services Association and the Community Associations Institute-Hawaii Chapter.

Your Committee finds that the parties have successfully discussed and resolved the issues regarding notice of power of sale foreclosures to owners within planned community associations. Your Committee also notes that the parties have agreed to continue discussions during the interim regarding the receipt of realistic contact information from lenders and transparency of the distribution of proceeds from power of sale foreclosures.

Accordingly, your Committee adopts the amendments proposed by Community Associations Institute-Hawaii Chapter following the parties' discussion. This measure has been amended by:

- (1) Removing the provision that the balance on the property would be due within ninety days following the sale;
- (2) Removing the provision that if the sale does not close, the down payment is to cover the auction expenses and escrow expenses incurred by the foreclosing mortgagee, with the balance of the down payment to be returned to the successful bidder;
- (3) Adding planned community associations to the list of entities that receive notice of power of sale foreclosures as provided in section 667-5.5, Hawaii Revised Statutes; and
- (4) Changing the effective date to September 1, 2006, to allow lenders a period for education before the measure is effective.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3100, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 3100, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3423 Ways and Means on H.B. No. 1920

The purpose of this measure is to improve and enhance the financial literacy of all residents of the State.

To accomplish this purpose, this measure expands the focus of Financial Literacy for Youth Month from youths only to all residents of the State by changing its designation to Financial Literacy Month.

Your Committee finds that a greater understanding and familiarity with financial markets and institutions on the part of all Hawaii residents will lead to increased economic activity and growth. Your Committee also finds that financial literacy will empower all individuals to make wise financial decisions and reduce the confusion of an increasingly complex economy.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1920, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (Espero, Kanno, Sakamoto, Hemmings).

SCRep. 3424 (Joint) Tourism, Water, Land, and Agriculture and Intergovernmental Affairs on H.B. No. 2145

The purpose of this measure is to facilitate the use of farm lands for the purposes of agricultural tourism.

This measure would:

- (1) Add agricultural tourism conducted on an existing working farm or existing farming operation as part of an agricultural district and as a permissible use in agricultural districts, for the enjoyment, education, or involvement of visitors if the use is accessory and secondary to the principal agricultural use and does not interfere with farm operations; and

- (2) Authorize a county to regulate agricultural tourism by ordinance.

Your Committees received testimony in support of this measure from the Office of Planning in the Department of Business, Economic Development, and Tourism; the Department of Agriculture; University of Hawaii System; the Hawaii Tourism Authority; the Land Use Research Foundation of Hawaii; the Maui County Farm Bureau; the Hawaii Farm Bureau Federation; Kamehameha Schools; and C & H Farms. Testimony in opposition was received from Quality Turf Grass. Comments were received from the Sierra Club Hawaii Chapter and Life of the Land.

Your Committees recognize the importance of agricultural tourism as a means for bona fide farmers to supplement their incomes from farm activity. Your Committees are cognizant of testimony from a grass and flower farmer that the small farms would not benefit from this measure, because they do not have the capital to invest in a tourism operation on the farm. Your Committees believe that agricultural tourism may not be suitable for all farmers, but this measure addresses the broader issue for farms in general.

Your Committees find that many agri-tourism operations have emerged that are more tourism than agriculture, due to current land use law that is silent on whether agricultural tourism is a permissible use on agricultural land. Agricultural tourism is a unique product in Hawaii with its diverse agriculture that appeals to many visitors.

Your Committees are concerned about the potential number of visitors to a farm on any given day due to limited infrastructure improvements, which could affect sewage and traffic congestion on farms.

Your Committees are further concerned about the potential for a lack of enforcement by the counties of ordinances regulating agricultural tourism. These ordinances should include provisions for enforcement, penalties, and administrative oversight.

This measure is intended to clarify the parameters of agricultural tourism, while leaving the matter of regulation to the counties which are better equipped to specify the regulations by ordinance. Each county may choose its own extent of permissible operations.

Your Committees have amended this measure by deleting its contents and inserting provisions of S.B. No. 2973, SD1, a similar measure which would:

- (1) Require an environmental assessment;
- (2) Require counties to adopt ordinances to regulate agricultural tourism;
- (3) Prohibit overnight accommodations;
- (4) Apply only to counties that adopt ordinances regulating agricultural tourism; and
- (5) Become effective upon approval.

As affirmed by the records of votes of the members of your Committees on Tourism and Water, Land, and Agriculture and Intergovernmental Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2145, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2145, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Ayes, 9. Noes, none. Excused, 5 (Baker, Hooser, Inouye, Tsutsui, Hemmings).

SCRep. 3425 Ways and Means on H.B. No. 970

The purpose of this measure is to provide emergency appropriations for the damage and destruction caused in the State by heavy rains and flooding in February and March 2006.

Your Committee finds that immediate and comprehensive aid must be provided to the victims of the heavy rains and flooding in recent months. This measure provides:

- (1) Direct emergency aid to those in need; and
- (2) Funding to ensure the integrity of infrastructure affected by the heavy rains and flooding.

Although your Committee is retaining the appropriation for the Ka Loko Reservoir, your Committee has concerns regarding whether the State should be responsible for any inspections and repairs of dams on private property. Your Committee wants discussions to continue on this issue. Your Committee notes that the Department of Defense requested that language requiring the Department of Land and Natural Resources to repair the breach at Ka Loko Reservoir be changed to permissive in nature.

Your Committee also notes that it is still exploring using the state highway funds for roadway reconstruction and restoration of Roundtop Drive and whether these funds can be diverted to the City and County of Honolulu for this purpose. Your Committee further notes that the Governor may need to issue another emergency declaration to provide an adjustment to the Governor's original declaration for this emergency appropriation measure, due to the additional appropriation provisions added to this measure.

Your Committee has amended the measure by:

- (1) Incorporating the Department of Defense's request regarding permissible language;
- (2) Adding numerous provisions and appropriations at the request of various state and county departments and agencies;
- (3) Changing the appropriations to unspecified amounts to facilitate further discussion on this matter; and
- (4) Making technical amendments, for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 970, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 970, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Espero, Kanno, Hemmings).

SCRep. 3426 Higher Education on H.B. No. 3194

The purpose of this measure is to reduce the term of appointment for members of the Commission for National and Community Service from four years to three years.

Your Committee finds that the National and Community Service Act allows three-year terms on the State Commission for National and Community Service, whereas current state law establishes four-year terms. The Commission must be in compliance with federal law to be eligible for grants or allotments, or to receive a distribution of approved national service positions. Your Committee finds that this measure will make state law consistent with federal law.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3194, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 3427 Commerce, Consumer Protection and Housing on S.C.R. No. 31

The purpose of this measure is to request the Auditor to conduct a sunrise study of a proposed regulatory measure requiring professional licensure of genetic counselors.

Testimony in support of this measure was submitted by the Department of Commerce and Consumer Affairs; Kaiser Permanente; Hawaii Community Genetics, Kapiolani Medical Center for Women & Children; The Queen's Comprehensive Genetics Center; five genetics counselors; and one registered nurse. No testimony in opposition to this measure was received by your Committee.

Your Committee finds that the professional licensure of genetic counselors will protect the public by ensuring high standards for the education and skills of individuals providing genetic counseling services.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 31, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Espero, Hogue).

SCRep. 3428 Commerce, Consumer Protection and Housing on S.C.R. No. 120

The purpose of this measure is to request a study by the University of Hawaii on creating contributory affordable housing solutions through mandated state special assessments against real property and improvements that accrue to commercial and industrial lessors through the exercise of full-term expiratory reversion clauses in ground lease contracts entered into after December 31, 1963.

Testimony in support of the measure was submitted by two individuals. The Land Use Research Foundation of Hawaii (LURF) testified in strong opposition.

Your Committee finds that although LURF has raised a serious constitutional question relating to impairment of contracts, the study requested by this concurrent resolution may help to settle, without litigation, a controversy between certain commercial and industrial lessors and lessees. The issue is whether any profits accruing to lessors from leasehold reversionary clauses would justify a mandatory state special assessment, as proposed in the concurrent resolution.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 120 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Hogue).

SCRep. 3429 Health on S.C.R. No. 118

The purpose of this measure is to request the Department of Health to research avenues of appropriate financing for capital improvements for federally qualified health centers, including use of revolving loan funds.

Your Committee received testimony in support of this measure from the Hawaii Primary Care Association, the Molokai Community Health Center, the Waikiki Health Center, the Kalihi-Palama Health Center, the Bay Clinic, Inc., and the Hamakua Health Center, Inc. Your Committee received testimony in opposition to the measure from the Department of Health.

Your Committee finds that federally qualified health centers play a vital role in providing affordable, quality health care. Research into revolving funds and other financing mechanisms available for capital improvements needs to be conducted to alleviate the financial constraints of federally qualified health centers.

Your Committee has amended this measure in response to the testimony submitted by the Department of Health by requesting the Department of Health to convene a task force of interested stakeholders to research appropriate financing.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 118, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 118, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3430 Health on S.C.R. No. 144

The purpose of this measure is to urge the development of a long-term care infrastructure plan for Hawaii.

Your Committee received testimony in support of this measure from the Department of Health, the Department of Human Services, the Hawaii Health Systems Corporation, and the Hawaii Long Term Care Association.

Your Committee finds that this measure will enable interested stakeholders to examine the challenges facing the State's aging population, review available services, analyze existing state and county laws and regulations, consider the current long-term care bed capacity and projections for future needs, and develop a comprehensive long-term care infrastructure plan to ensure public safety while supporting aging in place initiatives.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 144, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hanabusa).

SCRep. 3431 Commerce, Consumer Protection and Housing on H.B. No. 1155

The purpose of this measure is to require the Board of Examiners in Naturopathy to adopt a formulary and qualifications for administering natural medicines by injection, and to grant qualified naturopaths the authority to administer these injections. This measure also establishes a temporary advisory committee to recommend the formulary and qualifications.

Testimony in support of this measure was submitted by the Department of Commerce and Consumer Affairs, the Hawaii Society of Naturopathic Physicians, thirteen naturopathic physicians, six medical doctors, one nurse practitioner, two students of naturopathic medicine, and one Councilmember from the Kauai County Council. No testimony in opposition was received by your Committee.

Your Committee finds that natural medicines administered by injection are an important part of naturopathic practice and are not a service customarily performed by conventional health care providers. Naturopathic physicians, therefore, provide a valuable service to Hawaii's consumers. Your Committee further finds that therapeutic injections are within the scope of practice for naturopathic physicians in the majority of states where they are licensed, including California, Oregon, Washington, Montana, and Arizona.

Upon further consideration and based on the recommendation of the Board of Examiners in Naturopathy, your Committee has amended this measure by deleting the representative of a school of naturopathy from the temporary advisory committee because of the difficulty and cost of having this representative participate in the advisory committee meetings. Your Committee has further amended this measure by requiring the temporary advisory committee to collect pertinent information from all the schools of naturopathy accredited by, or that have received candidacy status with a regional or national accrediting body recognized by the United States Department of Education.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1155, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1155, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Espero, Hogue).

SCRep. 3432 Ways and Means on H.B. No. 2925

The purpose of this measure is to appropriate funds for the Hawaii Community-Based Economic Development Technical and Financial Assistance Program (Program) to assist the planning and implementation of community-based economic development projects.

Specifically, this bill appropriates \$500,000 to the Department of Business, Economic Development, and Tourism to fund the Program for the purpose of making low-interest grants to qualifying community-based entrepreneurs.

Upon further consideration, your Committee has amended this bill by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to July 1, 2050, for the purpose of further discussion; and
- (3) Making technical nonsubstantive amendments for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2925, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2925, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Kim, Trimble).

SCRep. 3433 Ways and Means on H.B. No. 3261

The purpose of this measure is to establish the Hawaii Ingenuity Corporation, a private, for profit, non-stock, membership corporation created by the State to:

- (1) Hold and use intellectual and other property;
- (2) Raise labor and environmental standards;
- (3) Promote innovation;
- (4) Attract inventors to Hawaii;
- (5) Assist inventors with businesses; and
- (6) Collectively bargain on behalf of inventors.

Your Committee finds that promoting innovation and supporting inventors and creators of intellectual property will contribute much to Hawaii's economy. However, a majority of inventors lack the resources to protect or develop the full potential of their intellectual property. The establishment of a single body to facilitate the development and use of intellectual property will foster continued innovation as well as benefit the entire State.

Your Committee has amended this measure by:

- (1) Changing references to the "American Ingenuity Alliance" to "managing member" where the latter term is intended because the measure makes the American Ingenuity Alliance the initial managing member;
- (2) Changing the effective date to July 1, 2050, to promote further discussion; and
- (3) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3261, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3261, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Kim, Trimble).

SCRep. 3434 (Majority) Ways and Means on H.B. No. 2715

The purpose of this measure is to make an appropriation to each of the counties for programs aimed at recruiting and retaining police officers.

Upon further consideration, your Committee has amended this measure by:

- (1) Making a grant-in-aid to each county for a one-time uniform allowance of up to \$200 per police officer;
- (2) Changing the effective date to July 1, 2050, to promote further discussion; and

- (3) Making technical nonsubstantive amendments for the purpose of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2715, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2715, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 1 (Trimble). Excused, 2 (Kanno, Hemmings).

SCRep. 3435 Ways and Means on H.B. No. 1

The purpose of this measure is to recodify the statutes relating to the University of Hawaii and higher education.

Your Committee finds that this measure was introduced during the 2005 session as the product of the higher education statutory analysis interim study group, which was established under Act 224, Session Laws of Hawaii 2004.

Your Committee further finds that this measure does not produce any substantive changes in the law but does update and clarify the relevant statutes through reorganization, consolidation, amendment, and repeal. Your Committee finds that the study group succeeded in suggesting an improved organizational framework of the statutes.

Your Committee has amended this measure by:

- (1) Incorporating the acts that were passed during the 2005 session, in particular, by including the amendments made to the current chapter on university projects, by placing the new section on the procurement institute after the current section on the law school, and by placing the new chapter on the nursing scholars program as a subpart in the part of the recodified chapter relating to administratively attached entities;
- (2) Adding cross referencing language for both the university revenue-undertakings fund and the subpart on university projects, since they are now separated from each other in the recodified chapter;
- (3) Changing the effective date of the measure from July 1, 2005 to July 1, 2006, and making corresponding changes elsewhere in part IV of the bill to related dates and events; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3436 (Majority) Ways and Means on H.B. No. 1890

The purpose of this measure is to foster international relations by strengthening Hawaii's sister-state program through establishing a process of initiating, maintaining, and dissolving sister-state and province relationships.

Your Committee finds that sister-state and province relationships provide a solid foundation for cultural and inter-cultural exchange, educational ties, understanding, and collaboration.

Your Committee has amended this measure by:

- (1) Specifying a time frame for which the Hawaii Sister-State Committee has to evaluate each established sister-state relationship; and
- (2) Changing its effective date to July 1, 2050, to promote continued discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1890, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1890, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 1 (Slom). Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3437 (Majority) Ways and Means on H.B. No. 1948

The purpose of this bill is to improve and expand upon the State's recycling initiative by:

- (1) Increasing the volume limit of deposit beverage containers subject to the recycling program from sixty-four to sixty-eight fluid ounces; and

- (2) Deleting the exception that relieves dealers who operate in high density population areas and within two miles of a certified redemption center from having to operate a redemption center.

Your Committee understands that Hawaii's deposit beverage container law has diverted over half a billion bottles and cans from Hawaii's landfills. However, two liter beverage containers, while abundant, are not covered under the law. This measure remedies the situation, thus ensuring the recycling of these containers.

Your Committee has amended this measure by:

- (1) Deleting section 2 of the bill to retain the exception for dealers who operate in high density population areas and within two miles of a certified redemption center from having to operate a redemption center;
- (2) Renumbering the remaining bill sections consecutively; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1948, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1948, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 1 (Slom). Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3438 Ways and Means on H.B. No. 2619

The purpose of this measure is to lessen Hawaii's dependence on petroleum and fossil fuels by extending the exemption of the sale of alcohol fuel from the general excise tax until December 31, 2009.

Your Committee is aware that the ability to use and produce renewable fuels is an integral component in achieving energy self-sufficiency for the State. Extending the exemption will provide some tax relief to Hawaii motorists, while also supporting efforts to diversify the State's energy sources.

Your Committee is also aware that starting April 2006, at least eighty-five per cent of all gasoline sold in Hawaii is required to contain ten per cent ethanol, as long as the price of ethanol is cost competitive. This exemption will increase the competitiveness of ethanol prices, which is important to Hawaii's ethanol industry as it begins to scale up.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2619, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3439 Ways and Means on H.B. No. 2848

The purpose of this measure is to make an appropriation to allow the Hawaii Energy Policy Forum to continue its efforts to help secure a better energy future and create a preferred energy strategy for Hawaii.

Your Committee finds that the Hawaii Energy Policy Forum has accomplished much to promote a greater community awareness of energy issues through a broad-based discussion and initial plan for Hawaii's preferred energy future. This appropriation will allow the Hawaii Energy Policy Forum to reconvene to implement the vision, concepts, and recommendations contained in its final report "Hawaii at a Crossroads: A Long Term Energy Strategy".

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2848, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2848, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3440 Ways and Means on H.B. No. 2966

The purpose of this measure is to effectuate the implementation plan prepared by the Housing and Community Development Corporation of Hawaii to create two separate state housing agencies as required by Act 196, Session Laws of Hawaii 2005.

Specifically, the measure:

- (1) Divides the Housing and Community Development Corporation of Hawaii into the Hawaii Housing Finance and Development Corporation, and the Hawaii Public Housing Authority;

- (2) Makes technical and conforming amendments to relevant statutory provisions; and
- (3) Appropriates funds for the implementation of the plan.

This measure is a result of the implementation plan prepared by the Corporation for the reorganization of the State's housing functions, in compliance with Act 196.

Your Committee finds that the burden of administering the public housing projects in the State has overshadowed the ability of the Housing and Community Development Corporation of Hawaii to finance and develop affordable housing. Accordingly, as required by Act 196, Session Laws of Hawaii 2005, the measure statutorily effectuates the splitting of the Housing and Community Development Corporation of Hawaii into two organizations so that the resultant entities will be able to more effectively concentrate on their respective purposes.

Your Committee has amended this measure by:

- (1) Deleting the authority of each agency's board of directors to set the salary of its respective executive director and executive assistant;
- (2) Deleting the proposed amendment that would allow the Hawaii Housing Finance and Development Corporation to hire its own attorneys;
- (3) Establishing that the teachers' housing program established under this measure is to be repealed on July 1, 2008, to coincide with the start date of the Department of Education's teachers' housing program established under Act 204, Session Laws of Hawaii 2005;
- (4) Changing the sunset date of Act 227, Session Laws of Hawaii 2002, to coincide with the implementation of this measure to avoid conflict in administering public housing eviction procedures;
- (5) Changing all the appropriation amounts to \$1;
- (6) Deleting section 33 of the measure as received by your Committee that superfluously directs the Revisor of Statutes to exercise functions that the Revisor is already authorized to do, and performs on an ongoing basis;
- (7) Changing the effective date to July 1, 2050; and
- (8) Make technical, nonsubstantive amendments for clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2966, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2966, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3441 Ways and Means on H.B. No. 1466

The purpose of this measure is to appropriate funds to permit the Department of Health to implement a substance abuse prevention grant program.

Specifically, the Department of Health would be authorized to award community coalitions not more than \$150,000 each to engage in community mobilization programs and best practices, specifically in areas that lack existing substance abuse prevention resources. This bill would also extend adolescent school-based substance abuse treatment programs to middle and intermediate schools that have no existing school-based programs.

Your Committee has amended this measure by:

- (1) Changing the amounts appropriated to unspecified amounts; and
- (2) Changing the effective date to July 1, 2050,

for the purpose of stimulating further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1466, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1466, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Kim, Trimble).

SCRep. 3442 Ways and Means on H.B. No. 1843

The purpose of this measure is to direct the Department of Education to establish and administer a comprehensive vocational agriculture education program in the public schools.

Additionally, the measure appropriates funds for the establishment of the program.

Your Committee finds that to maintain and expand Hawaii's agricultural industry, we must educate the younger generation. Today's agricultural workforce requires a broad spectrum of skilled and professional workers, from field workers to researchers, from managers to agronomists. Your Committee believes that this measure will contribute to workforce and economic development, as well as provide our youth with career options.

Your Committee has amended this measure by:

- (1) Clarifying that the duties and responsibilities of the vocational agriculture education program shall be administered by a director;
- (2) Changing the amount appropriated to \$1 to promote continuing discussion on the matter; and
- (3) Providing an effective date of July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1843, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1843, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Kim, Trimble).

SCRep. 3443 Ways and Means on H.B. No. 1879

The purpose of this measure is to appropriate funds so that the Office of Veterans' Services may continue to publish and distribute its quarterly newsletter.

Your Committee finds that the Office of Veterans' Services newsletter provides essential information to the veteran-related community, and should receive state financial support. The Office of Veterans' Services also reported that newsletter costs are currently budgeted for only the 2005-2006 fiscal year, and consequently, if no additional funding is appropriated, newsletter publication and distribution will cease as of June, 2006.

Your Committee has amended the measure by:

- (1) Deleting the specific amount appropriated and leaving the amount unspecified;
- (2) Changing the effective date from July 1, 2020, to July 1, 2050; and
- (3) Making technical nonsubstantive amendments for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1879, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1879, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3444 (Majority) Ways and Means on H.B. No. 1891

The purpose of this measure is to provide additional funding to address the repair and maintenance backlog in our public schools.

Your Committee notes that the current backlog in repairs and maintenance for all public schools totals \$525,000,000. This measure is being considered as one means of addressing the backlog.

Your Committee has amended this measure by:

- (1) Inserting a specified amount of \$1 as the amount of general excise taxes that is to be deposited into the state educational facilities improvement special fund, for the sole purpose of allowing further discussion on this measure;
- (2) Changing the effective date and the repeal date of this measure to July 1, 2050 and June 30, 2007, respectively, for the same reason; and
- (3) Making technical nonsubstantive changes for purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1891, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1891, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 1 (Slom). Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3445 Ways and Means on H.B. No. 2713

The purpose of this measure is to provide a better learning environment for Hawaii students by authorizing the issuance of up to \$6,000,000 in special purpose revenue bonds to assist Kawaiahaohao School in financing the improvement, planning, and construction of its educational facilities.

Your Committee finds that Kawaiahaohao School, a not-for-profit, private elementary school that encourages high educational standards and academic excellence, provides quality education to students from Oahu neighborhoods and that special purpose revenue bonds do not divert funds from public schools.

Your Committee has amended this measure to change the effective date to July 1, 2006.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2713, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2713, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3446 Ways and Means on H.B. No. 2961

The purpose of this measure is to promote the health and welfare of school children in Hawaii.

Specifically, this bill establishes a federal revenue maximization program revolving fund within the Department of Education to collect and disburse revenues for medicaid-eligible health services provided to public school children.

Upon further consideration, your Committee has amended this measure to clarify that moneys in the federal revenue maximization program revolving fund are to be expended by the Department of Education for medicaid-eligible services provided by the Department of Education to school children. To effect this purpose, the contents of section 2 of the bill have been removed and replaced with those of section 2 of S.B. No. 2861, S.D. 2, 2006.

Your Committee has also made technical amendments to:

- (1) Establish how the proceeds of the fund will be used; and
- (2) Clarify that it is the revolving fund that earns interest, not the federal revenue maximization program itself.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2961, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2961, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3447 Ways and Means on H.B. No. 2987

The purpose of this measure is to provide a better learning environment for Hawaii students by authorizing the issuance of up to \$15,000,000 in special purpose revenue bonds to assist Saint Louis School in financing the improvement, planning, and construction of its educational facilities.

Your Committee finds that Saint Louis School, which was founded one hundred sixty years ago, encourages high educational standards and academic excellence and provides quality services to students throughout the State, and that special purpose revenue bonds do not divert funds from public schools.

Your Committee has amended this measure by making a technical nonsubstantive amendment.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2987, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2987, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3448 Ways and Means on H.B. No. 30

The purpose of this measure is to provide equal access to prescription drugs for all types of medicaid recipients who have human immunodeficiency virus, acquired immune deficiency syndrome, hepatitis, or who are patients needing transplant immunosuppressives by deleting the QUEST medical plan exemption from the medicaid preauthorization exemption requirements.

The majority of medicaid recipients are in QUEST medical plans. Medicaid recipients in a fee for service plan receive medications without restriction when prescribed by a physician, while recipients in the QUEST medical plans are subject to prior authorization or step therapy procedures for the same medications.

Your Committee finds that it is important to exempt physicians from having to obtain preauthorization prior to dispensing prescription immunosuppressant medications to all medicaid recipients because treatment may require changes to these prescriptions in order to find the best medication for the patient. Your Committee believes that this measure will bring equity to medicaid recipients in their access to prescription drugs.

Upon consideration, your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on this issue; and
- (2) Making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 30, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 30, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kokubun, Trimble).

SCRep. 3449 Ways and Means on H.B. No. 1821

The purpose of this measure is to more adequately compensate care home operators.

The measure accomplishes this purpose by establishing a minimum level of care payment for types I and II adult residential care homes and by clarifying that domiciliary care includes care provided in developmental disabilities domiciliary homes, adult foster homes for developmentally disabled persons, and developmental disabilities apartment complexes.

Specifically, this measure proposes to increase payments for types I and II adult residential care homes from \$521.90 and \$629.90 to unspecified amounts. This measure also directs the Department of Human Services to authorize a one-time payment on July 1, 2006, and thereafter as the Department determines a need, for resident clients receiving supplemental security income in adult residential care home types I and II. The measure also appropriates \$1,798,200 for continued operation of developmental disabilities domiciliary homes and developmental disabilities apartment complexes.

Upon further consideration, your Committee has amended this measure by:

- (1) Changing the appropriated amount of \$1,798,200 to \$1 to promote continuing discussions on the matter; and
- (2) Changing the effective date to July 1, 2050.

Your Committee has also made technical amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1821, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1821, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kokubun, Trimble).

SCRep. 3450 Ways and Means on H.B. No. 2043

The purpose of this measure is to expand eligibility for medical assistance programs for medically needy residents who do not meet current income limitations.

Specifically, this measure directs the Department of Human Services to disregard an amount of income equal to the difference between one hundred thirty-three per cent of the assistance allowance and one hundred per cent of the federal poverty level, as adjusted annually by the federal government, for a family of the size applying for assistance. The measure also appropriates an unspecified amount for state Medicaid programs.

Upon further consideration, your Committee has amended this measure by:

- (1) Changing the unspecified appropriated amount to \$1; and
- (2) Changing the effective date to July 1, 2050 for the purpose of stimulating further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2043, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2043, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3451 Ways and Means on H.B. No. 2097

The purpose of this measure is to provide a tax credit to caregivers of qualified care recipients.

As defined in the measure, a qualified care recipient is a relative of the caregiver, sixty years of age or older, a citizen of the United States, resides with the caregiver, receives more than fifty per cent of financial support from the caregiver, and is certified by a licensed physician or advanced practice registered nurse.

Your Committee finds that as Hawaii's population ages, it becomes imperative for the State to explore ways to ensure that older adults that require assistance in daily living, live in a safe and healthy environment.

This measure recognizes the contributions of family members who care for elderly relatives that need assistance to lead a healthy and meaningful life. By providing a tax credit to caregivers, the State is not only supporting this relationship between relatives, but is also reducing the State's costs that would otherwise be expended for the care of elderly residents.

Your Committee has amended the measure by:

- (1) Changing the effective date to July 1, 2050, to foster continued discussion on this matter;
- (2) Changing all percentages relating to the tax credit to unspecified amounts; and
- (3) Making technical amendments for the purpose of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2097, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2097, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3452 (Majority) Ways and Means on H.B. No. 2258

The purpose of this measure is to promote accountability and openness in government with respect to the expenditure of Temporary Assistance for Needy Families program funds, by requiring these funds to be expended by legislative appropriation.

In addition, this bill requires the Department of Human Services to detail how these funds are to be expended and to describe desired outcomes. Furthermore, the Department is required, with the assistance of the financial assistance advisory council, to involve the community in the strategic planning process for future use of Temporary Assistance for Needy Families funds and to set annual goals and outcomes for existing and new programs receiving these funds. Finally, the bill requires the Department to submit an annual report to the Legislature regarding effectiveness and level of success in reaching desired outcomes of the plan and programs from the preceding two fiscal years.

Upon further consideration, your Committee has amended this bill by:

- (1) Changing the effective date to July 1, 2050, for the purpose of stimulating further discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2258, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2258, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 2 (Hemmings, Slom). Excused, 1 (Trimble).

SCRep. 3453 (Majority) Ways and Means on H.B. No. 3116

The purpose of this measure is to ensure health care coverage for all of Hawaii's children by creating the Hawaii Children's Health Care Program.

Specifically, this measure establishes a three-year pilot program of health care coverage for children between thirty-one days and eighteen years of age who are ineligible for any other state or federal health care coverage. This includes otherwise qualified individuals earning between two hundred fifty and three hundred per cent of the federal poverty level who may choose coverage through QUEST Net and pay a prorated premium. The aim is to reduce the adverse effects of preventable and treatable illnesses on

these children's growth and development. The State, through the Department of Human Services, and a mutual benefit society will share payments for the insurance coverage premiums equally.

The measure further provides that the participating mutual benefit society is responsible for eligibility determination and enrollment and is required to report quarterly to the Department of Human Services and the Legislature. Other private organizations may partner with the State to offer coverage to uninsured children under the Hawaii children's health care program, but only if they offer plan benefits that are equal to or better than those offered by the pilot program. The pilot program terminates on June 30, 2009. Finally, this measure appropriates an unspecified amount for the Hawaii children's health care program.

Upon further consideration, your Committee has amended this measure by changing the unspecified appropriated amount to \$1 for the purpose of stimulating further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3116, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3116, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, 1 (Slom). Excused, 1 (Trimble).

SCRep. 3454 (Majority) Ways and Means on H.B. No. 1723

The purpose of this measure is to increase the authorized amount of tax credits in the state private investment fund to allow the Hawaii Strategic Development Corporation to increase the availability of venture capital in the State.

Specifically, the amount of tax credits authorized is increased from \$36,000,000 to \$120,000,000 and the applicability of the tax credit is expanded to include tax liability under the State's insurance code.

Your Committee finds that the state private investment fund administered by the Hawaii Strategic Development Corporation provides a significant advancement in capital formation for Hawaii's emerging technology firms and other fledgling, expansion-oriented companies. The tax credits are used to secure corporation loans to invest in venture capital funds. By increasing return-driven, venture capital investments in emerging enterprises, the state private investment fund helps to diversify the State's economic base and assists local venture capital companies by helping them build strong track records to attract additional capital.

Your Committee has amended the measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on this matter;
- (2) Changing the amount appropriated from the capital formation revolving fund from an unspecified amount to \$1;
- (3) Changing the tax credit to a "refundable" tax credit; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1723, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1723, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 2 (Slom, Trimble). Excused, 2 (Sakamoto, Hemmings).

SCRep. 3455 Ways and Means on H.B. No. 2836

The purpose of this measure is to protect privacy and the security of personal information.

Specifically, this bill requires the Department of Accounting and General Services, through its cyber security office, to develop a statewide information security protection program, including policies that prevent unauthorized access to individual information collected or maintained by executive departments.

Identity theft is one of the fastest growing crimes committed in the United States, including Hawaii. The privacy and financial security of individuals are increasingly at risk due to the widespread collection of personal information. Your Committee finds that the Department of Accounting and General Services is currently in the process of establishing a cyber security office to address information security programs, policies, and procedures for the executive departments.

Your Committee has amended this bill by:

- (1) Changing the effective date to July 1, 2060, to promote further discussion; and
- (2) Making technical nonsubstantive amendments for consistency and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2836, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2836, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Hemmings, Trimble).

SCRep. 3456 Ways and Means on H.B. No. 3060

The purpose of this measure is to authorize the High Technology Innovation Corporation to establish operational bank accounts in out-of-state locations.

The measure also exempts the High Technology Innovation Corporation from chapters 36, 38, and 40, Hawaii Revised Statutes, relating to the management of state funds, deposits of public funds, and state audit and accounting, respectively. In addition, this measure authorizes the High Technology Development Corporation to provide grants to local businesses that receive a federal Small Business Technology Transfer Program award or contract, or applies for a Small Business Innovation Research federal grant or Small Business Technology Transfer Program federal grant.

After due consideration of this measure, your Committee has amended the measure by:

- (1) Deleting its contents except for provisions with respect to authorizing the High Technology Development Corporation to provide certain grants;
- (2) Appropriating an unspecified amount to the High Technology Development Corporation for the Hawaii Small Business Innovation Research Assistance Program, the Small Business Technology Transfer Grant Program, and the Phase 0 Competition Assistance Program; and
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on this matter.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3060, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3060, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3457 Ways and Means on H.B. No. 3235

The purpose of this measure is to appropriate funds to the State of Hawaii endowment fund to be used for the production of music by the Honolulu Symphony, provided that the funds appropriated are matched dollar-for-dollar by private funds.

Your Committee believes that the Honolulu Symphony is a proven artistic, cultural, educational, and economic asset to the State. An investment of ten million public dollars to be matched by private funds would increase the principal in the State of Hawaii endowment fund to provide a stable funding source to attract, employ, and retain the best musicians for the symphony.

Your Committee has amended this measure by:

- (1) Changing the amount appropriated to \$1 to continue discussion on the issue;
- (2) Replacing the word "interest" with the word "income" to conform to section 40-80, Hawaii Revised Statutes, which authorizes the use of the income and capital gains from the State of Hawaii endowment fund to be used to produce music by an Oahu based symphony orchestra;
- (3) Changing the effective date to July 1, 2050; and
- (4) Making a technical nonsubstantive amendment for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3235, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3235, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3458 (Majority) Ways and Means on H.B. No. 266

The purpose of this measure is to authorize a public employer and the exclusive representative of a collective bargaining unit to negotiate over the topics of:

- (1) The hiring, promotions, transfers, assignments, and retention of employees;

- (2) The suspension, demotion, discharge, or other disciplinary action against employees for cause; and
- (3) The laying off of employees for lack of work or other legitimate reason.

Your Committee has amended this measure by deleting its contents and replacing it with the contents of S.B. No. 1352, C.D. 1, from the 2005 session.

As amended, this measure clarifies that the public employer and the exclusive representative may negotiate over the procedures and criteria on promotions, transfers, assignments, demotions, layoffs, suspensions, terminations, discharges, or other disciplinary actions. Furthermore, this measure specifies that they must negotiate over the impact of transfers, assignments, and layoffs of employees.

Your Committee finds that the negotiations over procedures and criteria of promotions, transfers, assignments, demotions, layoffs, suspension, terminations, discharges, or other disciplinary actions, and negotiations over the impact of transfers, assignments, and layoffs, are consistent with the underlying purpose of chapter 89, Hawaii Revised Statutes. Exclusive representatives and public employers have negotiated over these subject matters since 1970. However, provisions in collective bargaining agreements in effect on and after July 1, 2006, should not be subject to invalidation by reason of section 89-9(d), Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 266, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 266, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 2 (Slom, Trimble). Excused, 2 (Sakamoto, Hemmings).

SCRep. 3459 (Majority) Ways and Means on H.B. No. 1867

The purpose of this measure is to require an employer in a dispute with an employee over medical services to continue to provide those medical services until the Director of Labor and Industrial Relations decides to discontinue those services.

Furthermore, this measure requires an employer who has determined that an employee is able to resume work to continue to provide temporary total disability benefits to the employee until a decision by the Director of Labor and Industrial Relations terminates the benefits.

Your Committee finds that corrective action is warranted to check the employer's unilateral power to disrupt the flow of medical care and temporary total disability benefits to injured workers. The disruption is counterproductive and a serious impediment to cost-effective treatment and recovery.

Your Committee has amended this measure by changing its effective date to July 1, 2050 to promote continued discussion of the matter. Your Committee has also made technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1867, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1867, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, 2 (Hemmings, Slom). Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3460 Ways and Means on H.B. No. 2211

The purpose of this measure is to repeal the definition of "day" and "days" from the workers' compensation law.

Your Committee finds that the statutory definition defines "days" as working days, eliminating the possibility that "days" could also be interpreted, depending on the situation, as calendar days. Such an inflexible approach to the seemingly simple idea of a "day" has resulted in the delay of payments and treatments to injured workers.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2211, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3461 Ways and Means on H.B. No. 2309

The purpose of this measure is to improve the efficiency of the operations of the Hawaii Employer-Union Health Benefits Trust Fund.

Specifically, this bill requires each employee-beneficiary and the employee-beneficiary's spouse who receive reimbursement from the Fund for Medicare part B premiums after July 1, 2006, to designate a financial institution account for direct deposits of reimbursements. The bill also makes nonsubstantive statutory amendments for the purposes of clarification and consistency.

Your Committee believes that this bill will reduce costs and administrative fees incurred by the Hawaii Employer-Union Health Benefits Trust Fund, thus saving taxpayer dollars, and also make the receipt of reimbursements by employee-beneficiaries faster, safer, and more efficient.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2309, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3462 Ways and Means on H.B. No. 2311

The purpose of this measure is to enable the Employees' Retirement System to maintain its tax-qualified status by:

- (1) Excluding those members who received in-service refunds of pension contributions on a pre-tax basis from membership in the Employees' Retirement System hybrid plan; and
- (2) Repealing provisions of state law that allow the withdrawal of employee contributions due to hardship.

Your Committee understands that the tax-qualified status of a government retirement plan may be jeopardized:

- (1) If the plan allows members to receive a refund of contributions made under section 414(h)(2) of the Internal Revenue Code while the member is still employed by the government; or
- (2) If a member who received a refund of contributions while still employed by the government is allowed to have additional contributions made on behalf of the member under section 414(h)(2).

This measure protects the tax-qualified status of the Employees' Retirement System by amending provisions of state law that permit refunds of contributions and the making of additional contributions under the foregoing circumstances.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2311, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3463 (Majority) Ways and Means on H.B. No. 2558

The purpose of this measure is to authorize the Director of Labor and Industrial Relations to refer for vocational rehabilitation those employees who are unable to return to their regular jobs upon medical stabilization and who have not been offered suitable work that is comparable in earnings to their former jobs.

Your Committee finds that current law authorizes the Director to make referrals only for those employees who have suffered permanent disability as a result of work injuries but not for any other group of injured employees. Your Committee finds that there are other types of injured workers who are in a similar economic predicament as those currently covered under the law.

Your Committee has amended this measure by clarifying that the employer's offer of suitable work must be an offer of permanent suitable work. This amendment is necessary to eliminate the possibility of an employee being refused a referral for vocational rehabilitation merely because the employer offered the employee work of a temporary nature.

Your Committee has also amended this measure by changing the effective date to July 1, 2050, to promote continued discussion of the matter.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2558, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2558, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, 2 (Hemmings, Slom). Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3464 (Majority) Ways and Means on H.B. No. 2692

The purpose of this measure is to clarify that a separate violation occurs on each project where the Department of Labor and Industrial Relations finds a contractor has failed to comply with chapter 104, Hawaii Revised Statutes.

Your Committee finds that contractors who continually violate the law on multiple occasions and on multiple public work projects may be considered to have committed only one violation. This measure is necessary to prevent these contractors from circumventing the law and gaining an unfair advantage over contractors that comply with the law.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2692, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 2 (Slom, Trimble). Excused, 2 (Kanno, Hemmings).

SCRep. 3465 Ways and Means on H.B. No. 2947

The purpose of this measure is to increase the amount of federal Reed Act funds previously appropriated out of the unemployment insurance trust fund for fiscal year 2006-2007 under Act 249, Session Laws of Hawaii 2005 (Act 249).

Furthermore, this measure repeals the requirement under Act 249 that allocations of the funds must first be made to the workforce investment boards before they can be made to the Department of Labor and Industrial Relations. This measure also repeals the requirement that the allotment system is inapplicable to the allocation of the funds.

While your Committee strongly believes that Act 249 correctly and legitimately took effect by operation of law, your Committee is aware that the legitimacy of Act 249 is still in dispute. Accordingly, your Committee is resolved to discuss the issue further in Conference.

Your Committee has amended this measure by:

- (1) Replacing the workforce investment boards with the counties as the recipients of the funds, but requires the counties to work in collaboration with those boards; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2947, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2947, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3466 (Majority) Ways and Means on H.B. No. 2950

The purpose of this measure is to offer health benefit plan options for members of various collective bargaining units through a voluntary employees' beneficiary association trust.

Your Committee finds that any employee organization with multiple bargaining units may also benefit from a voluntary employees' beneficiary association trust for state and county employees that is established by that employee organization.

Your Committee has amended this measure by changing the effective date of the measure to July 1, 2050 to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2950, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2950, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, 3 (Kim, Nishihara, Slom). Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3467 (Majority) Ways and Means on H.B. No. 2952

The purpose of this measure is to designate the Department of Labor and Industrial Relations as the governmental agency responsible for the enforcement of laws relating to wages paid and hours worked on public works projects.

This measure further requires the Department to collect and maintain certified copies of payrolls for any public works project that is subject to state prevailing wage laws but not developed by a governmental contracting agency.

Your Committee has amended this measure by:

- (1) Including housing projects developed pursuant to chapter 201H, Hawaii Revised Statutes, within the purview of this measure;
- (2) Changing the effective date to July 1, 2006; and
- (3) Making technical nonsubstantive changes for purposes of consistency and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2952, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2952, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, 2 (Hemmings, Slom). Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3468 Ways and Means on H.B. No. 2039

The purpose of this measure is to require the Department of Health to develop procedures and guidelines for emergency and long-term decontamination and remediation of illegal methamphetamine manufacturing sites.

Your Committee finds that prompt, safe, and efficient decontamination of illegal methamphetamine manufacturing sites is necessary to enable individuals to safely reoccupy and reuse these premises.

Your Committee has amended this measure by:

- (1) Requiring the Department of Health to identify any additional legislation necessary to give it the authority to ensure that contaminated sites are decontaminated and made safe for reoccupancy and reuse; and
- (2) Making technical nonsubstantive changes for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2039, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2039, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 5 (Hooser, Kanno, Kokubun, Sakamoto, Trimble).

SCRep. 3469 Ways and Means on H.B. No. 2109

The purpose of this measure is to create a more effective system response to fetal alcohol spectrum disorder by establishing and appropriating funds for a permanent state fetal alcohol spectrum disorder coordinator position within the Family Services Division of the Department of Health.

Your Committee finds that there is a need to provide information, education, early diagnosis and referral, appropriate intervention, and support services focusing on the lifelong learning, behavioral, and health problems of children diagnosed with fetal alcohol spectrum disorder. A state coordinator position could provide the expertise and central coordination for these services.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (3) Making technical nonsubstantive changes for the purposes of style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2109, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2109, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Hooser, Kanno, Kokubun, Trimble).

SCRep. 3470 Ways and Means on H.B. No. 2187

The purpose of this measure is to appropriate funds for intra-island roto-wing emergency aeromedical services for rural Oahu.

Specifically, this measure appropriates funds for the Director of Health to contract with existing government agencies or federal military units to provide those services.

Your Committee finds that there is an imminent need to provide helicopter medical transport for rural communities on Oahu to replace the services that will soon cease to be provided by the United States Army's 68th Medical Company's Medical Assistance to Safety and Traffic helicopters.

Your Committee has amended this measure by changing the effective date to July 1, 2050, and by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2187, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2187, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (Kanno, Kokubun, Trimble).

SCRep. 3471 Ways and Means on H.B. No. 3259

The purpose of this measure is to increase access to dental health services for low-income adults and children who are eligible for QUEST, people with developmental disabilities, and the uninsured by appropriating funds for community-based dental health clinics.

Your Committee finds that inadequate dental care is a major health concern for these populations, who have difficulty accessing appropriate and timely dental care services.

Your Committee has amended this measure by inserting an unspecified appropriation amount and changing the effective date to July 1, 2050, to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3259, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3259, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kokubun, Trimble).

SCRep. 3472 Ways and Means on H.B. No. 1922

The purpose of this measure is to exempt the operator of the Hawaii Convention Center from the general excise tax for amounts reimbursed to the operator for costs and advances made pursuant to a contract with the Hawaii Tourism Authority.

Presently, a private operator is contracted by the Hawaii Tourism Authority to manage and market the Hawaii Convention Center. The operator is assessed the general excise tax, not only for managing the Center, but also for marketing and other costs that are reimbursed by the Authority. Since marketing costs are reimbursed by the Authority to the operator, these costs represent an expense to the State, not earnings by the operator. But the general excise tax on these costs are still assessed, which effectively reduces the Authority's contractual purchasing power. In other words, by paying the excise tax on reimbursed costs, the Authority gets less "bang for its buck."

This measure addresses that concern by exempting reimbursed costs from the general excise tax to allow the Hawaii Tourism Authority to contractually provide for the efficient management of the Hawaii Convention Center.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, for purposes of furthering discussion on this matter;
- (2) Providing that the measure will apply to taxable years beginning after December 31, 2005; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1922, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1922, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Hemmings, Trimble).

SCRep. 3473 Ways and Means on H.B. No. 2669

The purpose of this measure is to assist the Hawaii Convention Center to remain fiscally responsible.

Specifically, this bill increases the cap on the deposit of transient accommodations tax revenues into the convention center enterprise special fund from \$31,000,000 to \$36,000,000.

Your Committee believes that increasing the deposit of transient accommodations tax revenues into the convention center enterprise special fund will help to ensure that the Hawaii Convention Center remains fiscally responsible.

Upon further consideration, your Committee has amended this measure to:

- (1) Reduce the amount of the increase in the cap on the deposit of transient accommodations tax revenues into the convention center enterprise special fund from \$36,000,000 to \$33,000,000; and
- (2) Make several technical amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2669, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2669, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Hemmings, Trimble).

SCRep. 3474 Ways and Means on H.B. No. 2075

The purpose of this measure is to ensure the implementation of a safe, continuous, and coordinated system of bikeways.

Specifically, this measure earmarks at least two per cent of federally allocated moneys from the state highway fund for bikeways. The Department of Transportation is required to include the bicycling community in determining when and where a bikeway is to be established.

Your Committee understands that a safe, continuous, and coordinated system of bikeways will help to reduce automobile traffic and associated highway costs, reduce air pollution and the use of fossil fuels, promote healthy lifestyles, and enhance Hawaii's environment for residents as well as tourists.

Your Committee has amended this measure by changing its effective date from upon approval to July 1, 2050, to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2075, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2075, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3475 (Majority) Ways and Means on H.B. No. 2214

The purpose of this measure is to reduce the \$3 per day rental motor vehicle surcharge tax to \$2 per day.

Additionally, this measure also clarifies that, in order for a motor vehicle lessor to be exempt from the rental motor vehicle surcharge tax when renting a replacement vehicle to a lessee whose vehicle is being repaired, either the lessor or the repair dealer must keep a record of the repair order.

Your Committee finds that under current law, the exemption applies only if the lessor retains the repair order. By extending the exemption to also apply when the repair dealer keeps a record of the repair order, this measure will reduce duplicative recordkeeping requirements.

Your Committee has amended this measure by:

- (1) Retaining the statutory provisions that increase the tax to \$3 per day from September 1, 1999, to August 31, 2007;
- (2) Changing the effective date from July 1, 2006, to July 1, 2050, to facilitate further discussions; and
- (3) Making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2214, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2214, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 1 (Slom). Excused, 2 (Kanno, Hemmings).

SCRep. 3476 Ways and Means on H.B. No. 2215

The purpose of this measure is to assist smaller concessionaires at the State's airports to provide security by other than a performance bond for their concession contracts.

Specifically, this measure allows concessionaires whose contracts require an amount less than four months' rental and other charges, to give security in a form other than by hard-to-obtain performance bonds. This measure allows these concessionaires to give security in a deposit of legal tender or by various financial instruments other than performance bonds, including certificates of deposit, share certificates, cashier's checks, treasurer's checks, teller's checks, official check drawn by, or certified check accepted by a bank, savings institution, or credit union.

Your Committee believes that allowing smaller concessionaires to provide financial security for their concession contracts by other than performance bonds will provide them with much needed relief.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2215, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3477 Ways and Means on H.B. No. 2273

The purpose of this measure is to make an emergency appropriation to cover anticipated expenditures resulting from the May 7, 2005, fire at Kalaheo Elementary School.

Specifically, this measure appropriates general funds of \$1,500,000 for transfer into the state risk management revolving fund and appropriates \$6,500,000 out of the state risk management revolving fund for the anticipated expenditures.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2273, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2273, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (English, Kim, Trimble).

SCRep. 3478 Ways and Means on H.B. No. 2275

The purpose of this measure is to make an emergency appropriation for fiscal year 2005-2006 to cover statewide budgetary shortfalls in electricity payments for facilities managed by the Department of Accounting and General Services.

Your Committee understands that an emergency appropriation is needed to address a \$1,276,000 deficit in electricity payments for facilities managed by the Department of Accounting and General Services. Without the emergency appropriation, the Department of Accounting and General Services must defer payment of electricity bills for these facilities, starting in May 2006. The deficit is caused by unanticipated increases in statewide electricity rates attributed to the rise in world oil prices. Electricity consumption for these facilities has remained flat or decreased.

Additionally, your Committee understands that the University of Hawaii system requires an emergency appropriation to address a \$6,400,000 deficit in electricity payments for its facilities. This shortfall is also due to unanticipated increases in statewide electricity rates. The University of Hawaii notes, in this regard, that electricity costs for fiscal year 2005-2006 are estimated to be approximately twenty-four per cent higher than the electricity costs for the previous fiscal year.

Your Committee has amended this measure by:

- (1) Adding an emergency appropriation of \$6,400,000 for fiscal year 2005-2006 to cover budgetary shortfalls for electricity payments for University of Hawaii system facilities; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2275, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2275, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (English, Kim, Trimble).

SCRep. 3479 Ways and Means on H.B. No. 2423

The purpose of this measure is to authorize the use of moneys in the state highway fund for the costs of construction, maintenance, and repair of county roads.

Your Committee finds that Act 178, Session Laws of Hawaii 2005, (Act 178) appropriated a total of \$10,000,000 from the state highway fund to the counties as a subsidy for much overdue and needed county road work for fiscal year 2005-2006. However, the Attorney General opined that Act 178 did not properly authorize use of these funds. Therefore, your Committee is recommending passage of this measure to address the concerns of the Attorney General to ensure that moneys the Legislature wants to provide to the counties may finally be used by the counties. This measure is required to enable these funds to be released for use by the counties.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2423, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3480 Ways and Means on H.B. No. 2637

The purpose of this measure is to provide temporary relief from lease and permit requirements for airport vendors who want to make improvements.

Specifically, this measure allows the Department of Transportation to modify terms of concession leases and permits upon mutual agreement with concessions seeking to make improvements, for leases signed after April 30, 2002, and which did not receive rent relief pursuant to Act 201, Session Laws of Hawaii 2004. This measure also requires the Department of Transportation to solicit bids for new leases within twelve months prior to the termination of any lease or permit receiving an extension provided by the measure.

Upon further consideration, your Committee has amended this measure by making various technical amendments, including clarifying that permits as well as concession leases are covered by the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2637, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2637, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3481 (Majority) Ways and Means on H.B. No. 2641

The purpose of this measure is to include as a public work any private construction project if more than fifty per cent of the assignable square feet of the project is leased or assigned for use by the State or any county.

Specifically, the measure establishes that, regardless of whether a construction project is between private persons and is to remain privately owned, the project is a public work and subject to the prevailing wage requirements of public works if fifty per cent of the assignable square feet is leased or assigned to the State or a county and either:

- (1) The lease is entered into prior the construction contract becoming effective; or
- (2) The construction work to be performed is according to a plan, specifications, or criteria established by the State or any county.

Your Committee has amended this measure by:

- (1) Adding a "savings" clause; and
- (2) Making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2641, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2641, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 2 (Hemmings, Slom). Excused, 1 (Trimble).

SCRep. 3482 (Majority) Ways and Means on H.B. No. 2778

The purpose of this measure is to require the State and covered entities to provide assistance to limited English proficient persons who are eligible for certain state-provided or state-funded programs.

Specifically, the measure:

- (1) Requires the State and covered entities that render services on behalf of the State to ensure meaningful access to services by providing oral and written language services to limited English proficient persons;
- (2) Establishes a Language Access Director position and provides duties and responsibilities;
- (3) Establishes a Language Access Advisory Council to advise the Language Access Director; and
- (4) Appropriates general revenues to staff and maintain positions for the office of the Language Access Director and Language Access Advisory Council.

Federal law requires that state agencies that administer federally sponsored programs must provide certain forms and documents or oral services to persons with limited English proficiency. This measure requires similar assistance to ensure access to state provided or state funded services by limited English proficient persons.

Your Committee has amended this measure by:

- (1) Clarifying that translations of vital documents are to be written translations;
- (2) Changing the term "state entities" to "state agencies", which is more commonly used throughout the Hawaii Revised Statutes to refer to agencies of the State;
- (3) Deleting the limitation of "community" input to clarify that the Language Access Advisory Council's input to the Language Access Director is not limited to "community" input and may include input from the professional and governmental members of the Advisory Council;
- (4) Changing the amount of the appropriation to \$1;

- (5) Changing the effective date to July 1, 2050 for the purpose of continuing discussion on this issue; and
- (6) Making technical nonsubstantive changes for the purpose of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2778, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2778, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 2 (Hemmings, Slom). Excused, 1 (Trimble).

SCRep. 3483 Ways and Means on H.B. No. 3121

The purpose of this measure is to require the Director of Civil Defense to identify public shelters and private shelters that are suitable for sheltering pet animals.

Furthermore, this measure requires the Governor to establish criteria and conditions regarding the sheltering of pet animals in public shelters.

Your Committee acknowledges, and recent events have starkly shown, that when disaster strikes, many pet owners, worried about their pets' safety, may be dissuaded or delayed in seeking proper shelter, thus putting themselves in harm's way. Accordingly, your Committee finds that this measure is necessary to ensure the protection and safeguarding of human life in the event of a state emergency requiring evacuation to public emergency shelters. Your Committee further finds that this measure will clarify the Director's responsibilities in making shelters available for protecting pet animals during civil defense emergencies.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3121, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3484 Ways and Means on H.B. No. 3123

The purpose of this measure is to make an appropriation to fund a study by the Department of Health to assess the structural integrity of all hospitals and nursing homes in Hawaii.

In the aftermath of Hurricane Katrina, the Department of Homeland Security is requiring each state to assess its ability to evacuate and shelter residents in the event of a disaster. The special populations served by hospitals and long term care facilities are of particular concern. This measure would appropriate funds for a study to assess the structural integrity of hospitals and nursing facilities to determine their ability to withstand hurricanes.

Upon further consideration, your Committee has amended this measure by:

- (1) Changing the amount to be appropriated to an unspecified amount;
- (2) Clarifying that the summary of the assessment shall be provided to the Legislature not later than twenty days prior to the convening of the 2007 Regular Session;
- (3) Changing the effective date to July 1, 2050, to promote further discussion; and
- (4) Making technical nonsubstantive amendments for the purpose of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3123, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3123, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3485 (Majority) Ways and Means on H.B. No. 1917

The purpose of this measure is to propose an amendment to the state constitution to establish a salary commission for the salaries of justices and judges, legislators, the governor, the lieutenant governor, and other executive branch officers.

This measure requires the commission to make salary recommendations to the legislature every six years. Furthermore, the recommended salaries will become effective unless the Legislature disapproves of all recommendations through a concurrent resolution during the legislative session in which the recommendation is submitted.

Your Committee finds that the state constitution currently establishes two different salary commissions for state officials, one commission is for legislators and the other commission is for justices and judges. The constitution does not establish a salary

commission for executive branch officials, but merely specifies that the salaries of the governor and lieutenant governor are to be set "as provided by law". The constitution does not address the salaries of other executive branch officials.

Your Committee finds that having a single commission to recommend salary levels for state officials in all three branches of government will promote efficiency, consistency, and fairness for such an important expenditure of state funds.

Your Committee made technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1917, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1917, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 2 (Hemmings, Slom). Excused, 1 (Trimble).

SCRep. 3486 Ways and Means on H.B. No. 2051

The purpose of this measure is to establish offenses relating to human trafficking and provide victims of trafficking with defenses to certain offenses that they may have been forced by others to commit.

This measure also makes victims of trafficking eligible for crime victim compensation payments and permits forfeiture of property used in connection with or derived from the commission of trafficking offenses. This measure also requires the Attorney General to report to the Legislature annually regarding human trafficking. Finally, this measure establishes a task force to compile and review information from other states regarding support for victims of human trafficking and requires that the task force recommend changes to Hawaii law and programs.

Your Committee finds that human trafficking is a global problem with local manifestations. Whether for sweatshop labor or sexual exploitation, trafficking victimizes women and children, the poor, and the vulnerable in complex schemes that cross national, state, and local boundaries and that are not readily prosecuted under existing law.

Your Committee also finds, however, that the response to the local manifestation of this global problem requires careful consideration of the nature and extent of the problem as it exists in Hawaii, the current state of our laws, the resources available to combat human trafficking in Hawaii, and the best practices to address our particular needs.

Accordingly, your Committee has amended this measure by deleting the substantive statutory provisions while retaining, with modifications, provisions relating to establishing an anti-trafficking task force. Your Committee has further amended this measure by changing the sum to be appropriated to an unspecified amount and by changing the effective date to July 1, 2050, to promote further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2051, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2051, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3487 Ways and Means on H.B. No. 2204

The purpose of this measure is to provide interim measures to ensure that an adequate amount of income and proceeds from the pro rata portion of the public land trust are made available to the Office of Hawaiian Affairs to better the conditions of native Hawaiians. In addition, the bill seeks to identify revenue-generating public trust lands and the amount of revenues received by requiring the Department of Land and Natural Resources to provide an annual accounting to the Legislature.

Specifically, the measure, among other things:

- (1) Establishes that, until the Legislature finally resolves the issue of how the Office of Hawaiian Affairs' pro rata share of public land trust revenues is to be determined, beginning with fiscal year 2005-2006, the income and proceeds from the pro rata portion of the public land trust to be expended by the Office of Hawaiian Affairs, under Article XII, section 6, of the State Constitution, shall be \$15,100,000;
- (2) Requires certain executive departments and agencies to transfer \$3,775,000 of receipts generated by the public land trust to the Office of Hawaiian Affairs within thirty days after the end of each fiscal quarter;
- (3) Appropriates \$17,500,000 to pay the Office of Hawaiian Affairs receipts from the use of lands in the public land trust that should have been transferred but previously were not transferred to the Office of Hawaiian Affairs between July 1, 2001, through June 30, 2005; and
- (4) Declares that nothing in the agreement contained in the measure is to be construed as resolving or settling, or be deemed to acknowledge the existence of, the claims of native Hawaiians to the income and proceeds of a pro rata portion of the public land trust under article XII, section 6, of the state constitution.

Your Committee finds that the agreement embodied in the measure does not extinguish past and future claims that the Office of Hawaiian Affairs may have regarding revenue payments from ceded lands.

Your Committee has amended the measure by:

- (1) Changing the effective date to July 1, 2050 for the purpose of continuing discussion on this issue; and
- (2) Making technical nonsubstantive amendments for the purpose of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2204, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2204, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3488 Ways and Means on H.B. No. 2277

The purpose of this measure is to provide for the authorization and payment of claims against the State for judgments, settlements, and other miscellaneous payments.

Your Committee received testimony in support of this measure from the Attorney General.

Your Committee finds that the measure in its present form contains twenty-nine claims that total \$7,960,222.40. The Attorney General testified that since the hearing of this measure before the Committee on Judiciary and Hawaiian Affairs, nine additional claims have been resolved.

Your Committee has amended this measure by:

- (1) Incorporating nine new claims resolved for an additional \$1,877,581.47 in accordance with the Attorney General's testimony;
- (2) Alphabetizing the claims in sections 1 and 2 of the bill for ease of reference;
- (3) Correcting an arithmetic error in the subtotal and total for section 2 of the bill; and
- (4) Correcting a typographical error in the total for section 3 of the bill.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2277, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2277, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3489 Ways and Means on H.B. No. 2278

The purpose of this measure is to make two emergency appropriations for fiscal year 2005-2006 for:

- (1) DNA testing mandated by Act 112, Session Laws of Hawaii 2005 (Act 112); and
- (2) Programs for the prevention of sexual violence and the protection and treatment of victims of sexual violence as provided in Act 133, Session Laws of Hawaii 2005 (Act 133).

Your Committee finds that neither Act 112 nor Act 133 appropriated any funds. This measure would remedy this by providing the funding necessary to accomplish each Act's important objective.

Your Committee has amended this measure by making technical nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2278, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2278, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (English, Kim, Trimble).

SCRep. 3490 Ways and Means on H.B. No. 2303

The purpose of this measure is to improve the child support enforcement process by:

- (1) Allowing income withholding to continue, even when child support terminates, if there are outstanding support payments owed; and

- (2) Authorizing the Child Support Enforcement Agency to adopt administrative rules as necessary to implement the income withholding requirements.

Your Committee finds that, under current law, income withholding is normally stopped when a non-custodial parent's obligation to pay current child support terminates, even if the individual owes back child support. Either a judicial or administrative action must then be initiated to establish an order to liquidate the arrears and concurrently establish a new withholding order for the liquidation.

Your Committee finds that this measure closes another loophole in our State's child support enforcement laws. Many custodial parents may not have the time or want to spend their resources pursuing moneys in arrears, especially when the non-custodial parent used other loopholes to ensure that full child support payments were not received on a timely basis. While the non-custodial parent may be part of the problem, your Committee further finds that custodial parents, after years of fighting the system and going through long waiting periods just to speak to staff from the Child Support Enforcement Agency, may believe that the system is once again hurting them. It is your Committee's intent that the Child Support Enforcement Agency actively pursue moneys owed in arrears even after child support stops.

This measure would permit the Child Support Enforcement Agency to utilize the existing income withholding order for the payment of child support arrearages.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2303, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3491 Ways and Means on H.B. No. 2540

The purpose of this measure is to appropriate funds to increase the stipend for voter precinct officials.

Your Committee finds that stipends for voter precinct officials have not increased for the past seventeen years. Presently, most precinct officials receive the base stipend of \$75, which equates to about \$5.55 per hour in a normal thirteen and one-half hour work day.

This measure would allow the state Office of Elections to increase stipends to ensure that polling places are fully staffed for future elections.

Your Committee has amended the measure by deleting the amount appropriated to facilitate further discussion on this matter.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2540, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2540, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3492 Ways and Means on H.B. No. 2595

The purpose of this measure is to encourage the development of pro-social, family networks that will help the reintegration of inmates back into society to lead productive lives. Specifically, this measure restricts the Department of Public Safety from canceling preapproved and prescheduled family visits with inmates except for an emergency.

Your Committee finds that family visits not only strengthen personal relationships, but are also beneficial for inmates, families, and communities. Your Committee believes that in cases where staff absenteeism or other mitigating circumstances warrant concern, non-contact visits should be made available.

Your Committee has amended this measure by:

- (1) Clarifying that "substantial" costs incurred by visiting family members includes but is not limited to travel from a neighbor island or the mainland; and
- (2) Making technical nonsubstantive amendments for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2595, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2595, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3493 Ways and Means on H.B. No. 2625

The purpose of this measure is to appropriate funds for:

- (1) Hawaii's contribution to the costs of the National Conference of Commissioners on Uniform State Laws; and
- (2) Registration and travel expenses for the 2006 National Conference of Commissioners on Uniform State Laws annual meeting for the Hawaii delegation that include:
 - (A) The Hawaii Commission to Promote Uniform Legislation;
 - (B) Life members of the National Conference of Commissioners on Uniform State Laws who volunteer their services to assist the Hawaii delegation; and
 - (C) The deputy attorney general assigned to the Hawaii Commission to Promote Uniform Legislation.

Your Committee finds that the National Conference of Commissioners on Uniform State Laws has been working on improving state laws and interstate relationships for one hundred fourteen years. Hawaii's Commission to Promote Uniform Legislation has been a part of the national effort since 1911. The work of the National Conference of Commissioners on Uniform State Laws is primarily supported by payments of dues from each state, based upon the state's population. Your Committee finds that Hawaii's participation provides our State a benefit and access to valuable resources that far exceed the amount of the State's dues for 2006. Your Committee further finds that participation in the annual meeting gives Hawaii's delegation the background and information needed when the Legislature considers uniform acts.

Your Committee has amended this measure by:

- (1) Changing the amount appropriated to an unspecified amount to further discussion on this issue; and
- (2) Making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2625, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2625, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3494 Ways and Means on H.B. No. 1880

The purpose of this measure is to delete certain lands at Piers 1 and 2 at Honolulu Harbor from the Kakaako Community Development District and the jurisdiction of the Hawaii Community Development Authority and transfer the lands to the Department of Land and Natural Resources to be set aside for the Department of Transportation and the Department of Business, Economic Development, and Tourism.

Your Committee finds that these lands are presently used by:

- (1) The Department of Transportation, Harbors Division, as a critical component of its Honolulu Harbor operations; and
- (2) The Department of Business, Economic Development, and Tourism, Foreign-Trade Zone Division, as a foreign-trade zone at Honolulu Harbor, the main cargo gateway to the State.

Your Committee believes that the efficient operation of the Honolulu Harbor for the transportation of cargo and passengers and the continued operation of the foreign-trade zone are both critical to the economy of this State. Therefore, the lands at Piers 1 and 2 and the backup fast lands should be properly transferred to the Department of Transportation and the Department of Business, Economic Development, and Tourism.

Your Committee further finds that, regardless of which Department or authority has jurisdiction of these lands, it is important that the Hawaii Community Development Authority continues to provide input into planning and implementing appropriate compatible maritime development in the waterfront area. This input process is essential to the Hawaii Community Development Authority's legislative mandate and is necessary to an examination of the entire district with a holistic perspective that includes traffic and infrastructure improvements. These elements are all needed to successfully operate maritime businesses in and around Piers 1 and 2, and it is important for all parties concerned, including the Hawaii Community Development Authority, to continue to focus on long-term solutions both inside and outside of Honolulu Harbor.

Your Committee has amended this measure by:

- (1) Transferring Lot A-1, as shown on map 2, filed in the Office of the Assistant Registrar of the Land Court of the State of Hawaii with Land Court Application 1328, to the Department of Business, Economic Development, and Tourism, and Lot A-2 of the same map to the Department of Transportation;
- (2) Changing the effective date of this measure from "upon approval" to "July 1, 2050", to allow further discussion on this measure; and

- (3) Making technical nonsubstantive changes for purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1880, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1880, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3495 (Majority) Ways and Means on H.B. No. 2179

The purpose of this measure is to establish an irrigation repair and maintenance special fund and an irrigation repair and maintenance special fund tax credit.

The measure also authorizes the issuance of general obligation bonds to be deposited into the irrigation repair and maintenance special fund, makes an appropriation for the repair and maintenance of various irrigation systems across the State, and makes an appropriation to the Board of Agriculture for the operations, management, and administrative costs incurred with carrying out the provisions of this measure.

Your Committee finds that farmers across the State depend on various irrigation systems for water to irrigate their crops. The survival of the agricultural industry in Hawaii is dependent on sound, dependable, and functional irrigation systems.

This measure provides the financial means to ensure the proper operation and maintenance of state irrigation systems.

Your Committee has amended the measure by:

- (1) Changing all dollar amount references to \$1 to foster continuing discussion on this matter; and
- (2) Making technical nonsubstantive amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2179, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2179, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, 1 (Slom). Excused, 1 (Trimble).

SCRep. 3496 Ways and Means on H.B. No. 2763

The purpose of this measure is to appropriate funds to the counties to control and eradicate the coqui frog.

Your Committee finds that, since its arrival in Hawaii in 1992, the coqui frog population has grown exponentially and is now firmly established on several islands. The infestation of coqui frogs in the State is in such high concentrations that their high-pitched shrill has been measured at levels that exceed the maximum noise levels allowed by law. The health and well being of many communities have suffered because of the unbearable noise.

The coqui frog has also negatively impacted the State's economy. On September 27, 2001, the coqui frog was declared an agricultural pest, making shipments of plants infested with coqui frogs subject to state quarantine. The coqui frog has also affected the tourism industry with infestations spreading onto hotel and tourist destination properties.

This measure addresses the problem of coqui frogs by appropriating funds to the counties of Hawaii, Maui, Kauai, and the City and County of Honolulu to control and eradicate the coqui frog.

Your Committee has amended the bill by:

- (1) Changing each unspecified appropriation amount to \$1;
- (2) Changing the effective date to July 1, 2050, to foster continued discussion on this matter; and
- (3) Making technical amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2763, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2763, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3497 Ways and Means on H.B. No. 2771

The purpose of this measure is to appropriate funds to the Department of Agriculture to develop a master plan for an agricultural park in Royal Kunia.

Your Committee finds that the Department of Agriculture has acquired one hundred fifty acres of prime agricultural land in Royal Kunia and has designated it for agricultural park use. An agricultural park in Royal Kunia would not only serve to support agriculture in the State, but would also serve as a buffer between the urban and agricultural lands in the area.

This measure supports the establishment of an agricultural park in Royal Kunia by providing an unspecified amount to the Department of Agriculture for that purpose.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2771, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3498 Ways and Means on H.B. No. 2774

The purpose of this measure is to appropriate funds for the Hawaii Farm Bureau Federation to conduct agricultural research and market development.

Your Committee finds that agricultural research is the foundation for Hawaii's agricultural industry to remain competitive in the global market. Furthermore, market development is another critical component in expanding Hawaii's agricultural industry. Your Committee finds that the Hawaii Farm Bureau Federation is a non-profit agricultural organization that has successfully partnered with the Department of Agriculture, the University of Hawaii, and other organizations in agricultural research and marketing projects.

Your Committee has amended this measure by:

- (1) Specifying that the appropriation is a grant pursuant to chapter 42F, Hawaii Revised Statutes; and
- (2) Changing the appropriation to an unspecified amount to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2774, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2774, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3499 Ways and Means on H.B. No. 2805

The purpose of this measure is to extend the time period allotted for the Hawaii Sustainability Task Force (task force) to complete the Hawaii 2050 Sustainability Plan by one year.

Specifically, the measure amends Act 8, Special Session Laws of Hawaii 2005 (Act 8), by extending:

- (1) The deadline for the Auditor to submit the "Hawaii 2050 Sustainability Plan" from not later than twenty days prior to the convening of the 2007 regular session to not later than twenty days prior to the convening of the 2008 regular session; and
- (2) The life of the task force from the adjournment sine die of the 2007 regular session to June 30, 2008.

Your Committee finds that Act 8 authorized the creation of the task force to review the Hawaii State Plan and the State's planning process and required the Office of the Auditor to prepare the Hawaii 2050 Sustainability Plan.

In December 2005, the task force submitted its first report to the Legislature, which indicated that, among other things, the process of creating the Hawaii 2050 Sustainability Plan would require a significant amount of planning and coordination, hence the need for the amendments contained in this measure.

Your Committee has amended the measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2805, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2805, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3500 Ways and Means on H.B. No. 2806

The purpose of this measure is to appropriate moneys to be expended by the Auditor for the preparation of the Hawaii 2050 Sustainability Plan.

Your Committee finds that Act 8, Special Session Laws of Hawaii 2005, authorized the creation of the Hawaii 2050 Sustainability Task Force to review the Hawaii State Plan and the State's planning process and required the Office of the Auditor to prepare the Hawaii 2050 Sustainability Plan.

In December 2005, the task force submitted its first report to the Legislature, and in the report, the task force determined that, among other things, the process to create the 2050 Sustainability Plan should include research and data gathering, community input and outreach, and activities to educate the public. Although Act 8 appropriated \$100,000 in each of two fiscal years to create the 2050 Sustainability Plan, your Committee finds that this previously appropriated amount may be inadequate to accomplish Act 8's objectives. Accordingly, this measure provides a vehicle to appropriate the necessary funding to accomplish the task force's goals and objectives.

Your Committee has amended the measure by:

- (1) Inserting \$1 as the amount to be appropriated; and
- (2) Changing the effective date from July 1, 2006, to July 1, 2050;

to facilitate continued discussion on this issue.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2806, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2806, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3501 Ways and Means on H.B. No. 2878

The purpose of this measure is to encourage diversification of Hawaii's economy by authorizing the issuance of special purpose revenue bonds to assist Tradewinds Forest Products, LLC, to process eucalyptus timber on the Big Island by constructing a veneer mill and cogeneration facility.

Your Committee finds that a new veneer mill and cogeneration facility would benefit Hawaii's economy and help the State to meet its renewable energy goals.

Your Committee has amended this measure by changing the effective date of the measure to July 1, 2050, to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2878, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2878, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3502 Ways and Means on H.B. No. 2974

The purpose of this measure is to extend the time allowed to acquire land to be designated as part of the proposed South Kona Wilderness Area.

Your Committee finds that the South Kona Wilderness Area was established pursuant to Act 59, Session Laws of Hawaii 2003, to preserve the visual, cultural, and historic aspects of South Kona. The South Kona Wilderness Area would preserve extensive archaeological sites, preserve and protect Hawaiian plants and animals, provide a wilderness area with minimal manmade structures, permit limited recreational activities, and prevent development. This measure allows the State an extension of one year to ensure that all lands warranting inclusion in the South Kona Wilderness Area are considered and reviewed accordingly.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2974, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2974, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3503 Ways and Means on H.B. No. 3056

The purpose of this measure is to protect the economic, ecological, and cultural resources of Kawai Nui Marsh by transferring ownership of certain portions of the marsh from the City and County of Honolulu to the State of Hawaii.

Your Committee understands that both the City and County of Honolulu and the State of Hawaii own parcels of land that are part of the wetland ecosystem of Kawai Nui Marsh. This has caused the City and County of Honolulu and the State to dispute their respective management responsibilities of the marsh. This dispute has delayed restoration and rehabilitation of the marsh to the point where its continued ability to support native wildlife populations is in crisis.

Your Committee has amended this measure by:

- (1) Deleting language from Act 314, Session Laws of Hawaii 1990 pertaining to the transfer of Kawai Nui Marsh, tax map key no. 4-2-16:1, lot 2-b, to avoid confusion about what is being conveyed to the State;
- (2) Deleting provisions that would have granted the State an easement in perpetuity for parcels over which the State and the City and County of Honolulu have transfer disputes;
- (3) Deleting the provision that would have granted the State a temporary easement over parcels that have not been transferred by September 1, 2006;
- (4) Changing the appropriation to an unspecified amount to facilitate further discussion; and
- (5) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3056, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3056, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3504 (Majority) Ways and Means on H.B. No. 1800

The purpose of this measure is to increase the income tax withheld from nonresidents who sell real property in Hawaii.

Presently, nonresident sellers of real property are required to withhold five per cent of the selling price of the property to ensure that the taxes owed to the State are paid.

Your Committee finds, however, that the State's maximum individual income tax rate of eight and one-quarter per cent and the State's maximum capital gains rate of seven and one-quarter per cent are higher than the five per cent withheld on real property sold to non-residents. Additionally, with the skyrocketing prices of real estate in Hawaii, the withholding of only five per cent of a real property's selling price may be insufficient to cover the taxes due to the State.

To address this concern, this measure provides a modest increase in the amount of the taxes withheld from five per cent to eight and one-quarter per cent to ensure the proper payment of income taxes by nonresident real property sellers.

Your Committee has amended the measure by:

- (1) Changing the taxable years subject to the increased withholding amount to years beginning after December 31, 2006; and
- (2) Changing the effective date to July 1, 2050 for purposes of furthering discussion on this matter.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1800, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1800, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, 2 (Hemmings, Slom). Excused, 4 (English, Fukunaga, Kim, Trimble).

SCRep. 3505 (Majority) Ways and Means on H.B. No. 2239

The purpose of this measure is to help preserve the number of affordable housing rental units available to the people of Hawaii by authorizing eminent domain proceedings for the acquisition of the Kukui Gardens property from Kukui Gardens Corporation.

Your Committee finds that maintaining an inventory of affordable housing on Oahu is in the best interests of the public. Your Committee further finds that providing for the acquisition of Kukui Gardens through general funds, condemnation, revenue bond proceeds, or private funds is necessary to ensure preservation of Kukui Gardens as an affordable housing project.

Your Committee has amended this measure by:

- (1) Changing the amount to be appropriated from an unspecified amount to \$1 and changing the effective date from July 1, 2006, to July 1, 2050, to facilitate further discussion;
- (2) Clarifying a time frame for an agreement to be reached prior to eminent domain proceedings; and

- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2239, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2239, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 2 (Slom, Trimble). Excused, 2 (Kanno, Hemmings).

SCRep. 3506 Ways and Means on H.B. No. 2315

The purpose of this measure is to update and improve the regulation of financial institutions under the Code of Financial Institutions by eliminating obsolete, unnecessary, or redundant requirements and increasing consumer protection and regulatory flexibility.

Among the amendments made by the measure are those that:

- (1) Eliminate the requirement that Hawaii financial institutions:
 - (A) File semi-annual statements of assets and liabilities;
 - (B) File amendments to articles of incorporation and bylaws;
 - (C) Notify the Commissioner of Financial Institutions (Commissioner) when opening, relocating, and closing automatic teller machines; and
 - (D) Comply with various provisions related to access to safety deposit boxes;
- (2) Remove references to mutual savings and loan associations, which are a type of association that no longer exists;
- (3) Increase the threshold for reporting illegal acts from amounts exceeding \$10,000 to amounts exceeding \$100,000;
- (4) Expand the range of low-income residential property investments permitted to banks, savings banks, savings and loan associations, and depository financial services loan companies, to include limited liability partnerships, limited liability companies, and corporations;
- (5) Give a trust company the authority to serve as a conservator and allow a trust company or bank authorized to do a trust business to continue to serve as a conservator after a merger, consolidation, or conversion;
- (6) Make the requirements for applications to organize a financial institution more consistent with Federal Depository Insurance Commission approval requirements;
- (7) Allow the Commissioner to:
 - (A) Waive annual fees on a year-to-year discretionary basis;
 - (B) Request records and other information from any financial institution at any time for good cause;
 - (C) Use the results of both a state and federal examination in lieu of an examination prescribed by the Code; and
 - (D) When ordering the removal of a financial institution-affiliated party from office or employment, prohibit the party from participating in the affairs of any other financial institution;
- (8) Require financial institutions to:
 - (A) Give notice of, and obtain approval from the Commissioner to use a particular name; and
 - (B) Notify and provide other information to the Commissioner when closing an operating subsidiary or service corporation to ensure proper disposal of assets and liabilities; and
- (9) Apply protections for the confidentiality of records to attorneys, and protecting certain information from subpoena or other legal process.

Your Committee finds that the amendments proposed in this measure will reduce the regulatory burden by eliminating obsolete requirements and improving the procedures for the licensing of financial institutions.

Your Committee has amended this measure by:

- (1) Conforming the definition of "building and loan association" contained in section 241-1, Hawaii Revised Statutes, to reflect the amendments made by this measure;

- (2) Amending section 27 of the measure, by properly setting forth section 412:3-609, Hawaii Revised Statutes, in its entirety, rather than just certain subsections, to conform with recommended drafting procedures; and
- (3) Making other technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2315, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2315, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Kim, Trimble).

SCRep. 3507 Ways and Means on H.B. No. 2319

The purpose of this measure is to update and streamline the insurance statutes in conformity with federal law and national standards.

Your Committee finds that this measure is a housekeeping bill strongly supported by the Department of Commerce and Consumer Affairs' Insurance Division, as the measure will improve efficiency in the Division's operations.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2319, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2319, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Kim, Trimble).

SCRep. 3508 Ways and Means on H.B. No. 2964

The purpose of this measure is to authorize the Hawaii Housing Finance and Development Administration to lease land to qualified nonprofit organizations to build affordable housing.

Your Committee finds that the recent housing boom has displaced many families living in rental housing, priced many prospective homebuyers out of the housing market, and increased the homeless population in Hawaii.

This measure represents a creative approach to the lack of affordable housing by authorizing the Administration to extend long-term leases at a nominal lease rent rate of \$1 per year to qualified nonprofit organizations to provide affordable housing. These incentives will provide the impetus for nonprofit organizations to build affordable housing in the State.

Your Committee has amended the measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2964, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2964, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Kim, Trimble).

SCRep. 3509 Ways and Means on H.B. No. 2991

The purpose of this measure is to authorize the issuance of special purpose revenue bonds for low and moderate income government housing programs.

Specifically, this measure implements article VII, section 12 of the Constitution of the State of Hawaii, which expressly authorizes the issuance of special purpose revenue bonds to assist low and moderate income government housing programs.

Your Committee believes this measure will stimulate the development of affordable housing. It will assist in decreasing the costs and shortening the time and processes required to develop affordable housing, and will ultimately benefit Hawaii's working families.

Your Committee has amended this measure by:

- (1) Amending the definition of "qualified affiliate" to clarify that a private organization is the "qualified affiliate" of the public instrumentality and not a separate entity allowed to develop low and moderate income housing;
- (2) Changing the effective date to July 1, 2050 for the purpose of continuing discussion on this issue; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2991, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2991, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Kim, Trimble).

SCRep. 3510 Ways and Means on H.B. No. 3067

The purpose of this measure is to increase the amount of affordable loan funds to support agriculture in Hawaii through the use of linked investments.

Specifically, this measure establishes and authorizes the State to invest in linked investments to provide loan funds for agriculture in the State. This bill defines “eligible borrower”, “eligible lending institution”, “linked investment”, and “real property” and provides the framework in which linked investments are to be used.

Upon further consideration, your Committee has amended this measure by:

- (1) Changing the maximum amount of a loan from an unspecified amount to \$1 for the purpose of further discussion;
- (2) Changing the lending rate of a linked investment from an unspecified percentage to one per cent (or the prime rate, whichever is lower) also for the purpose of furthering discussion;
- (3) Changing the effective date to July 1, 2050; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3067, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3067, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3511 (Majority) Ways and Means on H.B. No. 3077

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Rosette Steel Hawaii with the technology-based manufacturing of steel products for use by the construction industry in the development of affordable housing in Hawaii.

Your Committee understands that Rosette Steel Hawaii is planning to build a high technology affordable housing plant on Oahu where it will manufacture steel components for affordable houses, including trusses and panels. These components can be erected quickly and affordably. For example, four material handlers can assemble a two-story, 2,700 square foot Rosette home in two days, thus, enabling Rosette Steel Hawaii to produce an estimated six affordable houses per day when in full production. The proposed plant will create twenty engineering jobs and eighty union scale production assembly jobs. Furthermore, Rosette Steel Hawaii products and technologies can also be exported to the neighboring islands and countries in the Pacific Rim.

Your Committee has amended this measure by changing its effective date to July 1, 2050, to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3077, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3077, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 1 (Trimble). Excused, 2 (Kanno, Hemmings).

SCRep. 3512 (Majority) Ways and Means on H.B. No. 2419

The purpose of this measure is to enhance the Department of Taxation’s computer system and to streamline its related operational procedures.

Specifically, the measure:

- (1) Authorizes the Department of Taxation to enter into performance-based contracts to enhance or acquire automated tax systems and related hardware and software to implement and administer any amendments made to the taxes imposed under Title 14 of the Hawaii Revised Statutes pursuant to the adoption of a streamlined sales and use tax agreement identified under chapter 255D, Hawaii Revised Statutes, or any county surcharge on the State’s general excise tax that may be imposed by the City and County of Honolulu;

- (2) Amends sections 237-8.6 and 238-2.6, Hawaii Revised Statutes, as amended by Act 247, Session Laws of Hawaii 2005, to authorize the Department of Taxation to apply this performance-based contracting authority to contracts executed in 2006 for services to implement the county surcharge on the state general excise tax and use taxes on imported services;
- (3) Establishes a new Integrated Tax Information Management Systems Special Fund to receive revenues from the integrated tax information management systems post-implementation revenue-generating initiatives that represent the increase over the average of the total amount of tax revenues collected under chapters 235, 237, and 238, Hawaii Revised Statutes, in each of the three years preceding the execution of a performance based contract;
- (4) Establishes that the moneys in the new Integrated Tax Information Management Systems Special Fund be expended to pay for integrated tax information management systems performance-based contracts and administrative and operating expenses;
- (5) Repeals section 231-3.2, Hawaii Revised Statutes, the former provisions of the Integrated Tax Information Management Systems Special Fund, since that special fund has been statutorily inoperative since July 1, 2005;
- (6) Repeals the Department of Taxation's authority to enter into performance-based contracts as established under Act 273, Session Laws of Hawaii 1996, to avoid inconsistency between the two authorizations; and
- (7) Requires that the Department of Taxation shall execute its performance-based contracts and work assignments in accordance with this measure and the following timelines:
 - (A) For executing the Department of Taxation's integrated tax information management systems enhancements and related services contract – October 1, 2006;
 - (B) For implementing the requirements of the county surcharge on the state general excise tax as authorized under Act 247, Session Laws of Hawaii 2005 – January 1, 2007; and
 - (C) For implementing the requirements of the Streamlined Sales Tax as identified under chapter 255D, Hawaii Revised Statutes – October 1, 2007.

Your Committee has amended the measure by:

- (1) Changing the effective date from upon approval to July 1, 2050; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2419, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2419, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 1 (Slom). Excused, 2 (Kanno, Hemmings).

SCRep. 3513 (Majority) Ways and Means on H.B. No. 1923

The purpose of this measure is to make permanent the Hawaii Tourism Authority's ability to hire its own attorney for specialized services, supervise its own fiscal accounts, appoint a sports coordinator, and expend up to five per cent of special fund moneys for administration.

Upon consideration, your Committee amended this measure by:

- (1) Deleting its contents and inserting S.B. No. 2974, S.D. 1, in its place. As amended, this measure extends, until June 30, 2011, the existing sunset of part I of Act 58, Session Laws of Hawaii 2004, that now allows the Authority to hire its own attorney for specialized services, supervise its own fiscal accounts, appoint a sports coordinator, and expend up to five per cent of special fund moneys for administration;
- (2) Making technical amendments to correct the reenactment language relating to sections 40-1, 40-4, and 40-6, Hawaii Revised Statutes; and
- (3) Changing the effective date of this measure to July 1, 2050, to allow further discussion on this measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1923, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1923, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 2 (Slom, Trimble). Excused, 2 (Kanno, Hemmings).

SCRep. 3514 Ways and Means on H.B. No. 3217

The purpose of this measure is to recognize the many contributions of “kupuna,” the people of Hawaii’s ancestors and elders, by establishing a Kupuna Recognition Day.

Kupuna Recognition Day would be celebrated on the fourth Saturday of July and would not be construed as a state holiday.

Your Committee finds that kupuna play a significant role in enriching Hawaii’s culture, history, and traditions. This measure will recognize their valued contributions to the diversity and heritage of Hawaii.

For the purpose of facilitating further discussion, your Committee has amended this measure by:

- (1) Deleting the appropriation section of the measure; and
- (2) Amending the effective date from July 1, 2020, to July 1, 2050, to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3217, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3217, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (Espero, Fukunaga, Kanno, Hemmings).

SCRep. 3515 Ways and Means on H.B. No. 2678

The purpose of this measure is to allow a member of the Employees’ Retirement System who is diagnosed with an incurable debilitating disease to qualify for ordinary disability retirement but continue working until the member is no longer able to do so.

Specifically, the measure:

- (1) Requires the Employees’ Retirement System’s medical board to render a decision on whether the member suffers from an incurable debilitating disease within thirty days of the receipt of the member’s application for ordinary disability retirement;
- (2) Requires the Employees’ Retirement System’s Board of Trustees to render a decision on the member’s application for ordinary disability retirement within thirty days of receipt of the medical board’s determination of eligibility for ordinary disability retirement; and
- (3) Establishes a definition for the term “incurable debilitating disease”.

Your Committee finds that, under existing law, a member of the Employees’ Retirement System can only qualify for ordinary disability retirement upon certification by the Employees’ Retirement System’s Medical Board that the member is permanently mentally or physically incapacitated and should be retired. However, your Committee further finds that some Employees’ Retirement System members suffer from incurable debilitating diseases that have not yet progressed to the point where the members are unable to continue working. The measure would allow an Employees’ Retirement System member suffering from an incurable debilitating disease to qualify for ordinary disability retirement but continue working until physically or mentally unable to do so.

However, in the testimony submitted by the Employees’ Retirement System, the Employees’ Retirement System was concerned that the definition for “incurable debilitating disease” is too broad and would lead to retirement opportunities that could be viewed as contrary to the original intent of the ordinary disability retirement law. To address the Employees’ Retirement System’s concern, your Committee has amended the measure by replacing the amendments to the Employees’ Retirement System’s ordinary disability retirement law as received by your Committee, with amendments that:

- (1) Extend the current ninety-day retirement deadline to one hundred fifty days after notification of the Employees’ Retirement System’s Board of Trustees’ approval of the member’s ordinary disability application; and
- (2) Allow a member to file up to three ordinary disability applications and provide that, if the member’s third ordinary disability application is approved by the Employees’ Retirement System’s Board of Trustees, the member would be required to retire no later than one hundred fifty days after the mailing of the notice of the Board of Trustees’ approval.

Your Committee finds that the proposed three application limitation is similar to the current statutory requirement for regular retirement applications. However, if a member’s ordinary disability application is denied by the Employees’ Retirement System’s Board of Trustees, that application would not be counted towards the three application limitation.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2678, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2678, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3516 (Majority) Ways and Means on H.B. No. 1918

The purpose of this measure is to establish a commission on salaries within the Department of Human Resources Development.

Furthermore, this bill appropriates funds to the Department and repeals provisions relating to the executive salary commission and the judicial salary commission.

Your Committee finds that this measure implements a proposed constitutional amendment that establishes a single salary commission for state officials in all three branches of state government.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to facilitate further discussion; and
- (3) Making technical nonsubstantive amendments for style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1918, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1918, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 2 (Hemmings, Slom). Excused, 1 (Trimble).

SCRep. 3517 Ways and Means on H.B. No. 1021

The purpose of this measure is to provide support to the Public Utilities Commission and the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs to enable these agencies to effectively regulate Hawaii's public utilities and meet the challenges of implementing the State's energy and telecommunications policies.

Specifically, this measure:

- (1) Increases the salary of the Chairperson of the Public Utilities Commission to be commensurate with the salary of the Director of Commerce and Consumer Affairs;
- (2) Authorizes the Chairperson of the Public Utilities Commission to appoint and employ utility analysts and legal assistants; and
- (3) Appropriates funds out of the compliance resolution fund to enable the Division of Consumer Advocacy to reorganize.

This measure also authorizes the Public Utilities Commission to suspend the collection of the public utilities fee when the balance of the Public Utilities Commission special fund exceeds \$3,000,000.

Your Committee is aware that the Public Utilities Commission and the Division of Consumer Advocacy face exceptional challenges in energy and telecommunications utility regulation. This includes, for example, challenges arising from the development of competition and the challenges of implementing the State's energy policies, including net energy metering, the deployment of renewable resources, and energy efficiency initiatives. These challenges require specialized staff, including utility analysts and legal assistants, to provide necessary technical, economic, policy, auditing, and legal expertise.

Upon further consideration, your Committee has amended this measure by:

- (1) Deleting the section that sets forth the background and purpose of the measure;
- (2) Deleting the increase of the salary of the Chairperson of the Public Utilities Commission;
- (3) Deleting the authorization of the Public Utilities Commission to suspend payment of the public utilities fee;
- (4) Deleting provisions requiring the Public Utilities Commission to conduct a review of its organization and report its findings to the Legislature; and
- (5) Deleting the appropriation from the compliance resolution fund for reorganization of the Division of Consumer Advocacy.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1021, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1021, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Sakamoto, Hemmings).

SCRep. 3518 (Majority) Ways and Means on H.B. No. 3118

The purpose of this measure is to authorize corporations to incorporate as responsible business corporations and be exempt from a percentage of all corporate taxes.

Your Committee understands that this measure will encourage the development of businesses that promote the public interest by requiring input from the corporation's employees and other stakeholders, as well as consideration of societal issues and the economy of the State and the nation, when determining what is in the best interests of the corporation.

Your Committee has amended this measure by:

- (1) Deleting the tax provisions;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion of the matter; and
- (3) Making technical nonsubstantive amendments for the purposes of style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3118, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3118, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 2 (Slom, Trimble). Excused, 4 (Espero, Fukunaga, Kanno, Hemmings).

SCRep. 3519 (Majority) Ways and Means on H.B. No. 439

The purpose of this measure is to allow the Ombudsman to access state tax returns and tax return information to perform its duty of investigating administrative acts of agencies.

Your Committee finds that state law authorizes the Ombudsman to investigate administrative acts of agencies by conducting inquiries and gathering relevant information. The law, however, is silent with respect to the Ombudsman's authority to access state tax returns and tax return information. The state Attorney General has issued an opinion that the Ombudsman does not have the authority to access state tax returns and tax return information.

This measure would clarify state law to specifically authorize the Ombudsman to obtain state tax return information and, thus, allow the Ombudsman to fulfill the Ombudsman's duty of investigating complaints concerning the administrative acts of agencies.

Your Committee has amended the measure by:

- (1) Changing the effective date to July 1, 2050, to promote further discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 439, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 439, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 2 (Slom, Trimble). Excused, 2 (Kanno, Hemmings).

SCRep. 3520 Ways and Means on H.B. No. 487

The purpose of this measure is to exempt fuel sold to common carrier airlines for use in inter-island or intra-island transportation from general excise and use taxes.

Your Committee notes that many airlines, including the two locally based inter-island carriers, are experiencing difficult financial times, in part due to the soaring costs of fuel. Sales of fuels sold from a foreign trade zone for use by airlines in interstate commerce are exempt from the State's general excise and use taxes. This measure will extend that exemption to fuel used in inter-island and intra-island transportation.

Your Committee has amended this measure by:

- (1) Placing an unspecified limit on the amount of the exemption that a common carrier can claim in any taxable year;
- (2) Changing the effective date of this measure to July 1, 2050, to facilitate further discussion on this measure; and
- (3) Making technical nonsubstantive changes for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 487, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 487, H.D. 1, S.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3521 Ways and Means on H.B. No. 3087

The purpose of this measure is to expedite the purchase of necessary goods, services, and construction by the Hawaii Health Systems Corporation.

Specifically, the measure designates the chief executive officer of the Hawaii Health Systems Corporation as its chief procurement officer and raises the small purchase procurement ceiling from \$25,000 to \$50,000.

Your Committee finds that designating a chief procurement officer for the Hawaii Health Systems Corporation would facilitate the timely conformity with procurement requirements by the Hawaii Health Systems Corporation.

With regard to small purchases, your Committee finds that the measure brings into line the reality of the costs of goods and services with the threshold of small purchase contracts. However, based on the testimony submitted by the State Procurement Office, your Committee believes that, rather than simply raising the small purchase procurement ceiling to \$50,000, and making these purchases subject to procurement procedures established by rule, a similar solution could be established that would safeguard the integrity of the procurement process while concomitantly providing the flexibility necessary to timely procure needed goods, services, and construction.

To this end, your Committee has amended the measure by stating that procurements with a value of \$25,000 or greater, but less than \$50,000, shall be subject to the small purchase procedures of the State Procurement Code. Your Committee has also amended the measure by changing the effective date from July 1, 2006, to July 1, 2050, to facilitate further discussions.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3087, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3087, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3522 (Majority) Ways and Means on H.B. No. 1033

The purpose of this measure is to provide a tax credit to farmers who do not have access to a state irrigation system and who are forced to purchase water from a county at higher rates.

The amount of the tax credit would be equal to the difference between the amount paid by a farmer for water purchased from the county, and the amount that the farmer would have paid for water had the farmer had access to a state irrigation system.

Your Committee finds that state irrigation systems provide water to many farmers throughout the State. However, they do not provide water to all farmers, and as a result, many farmers are forced to purchase water at higher rates from the counties.

Your Committee has amended this measure by:

- (1) Inserting a maximum unspecified dollar amount that a taxpayer may claim in each taxable year under the tax credit;
- (2) Clarifying how the tax credit is to be computed and apportioned for taxpaying entities other than natural persons; and
- (3) Making technical nonsubstantive changes for style, clarity, and consistency.

Your Committee believes that establishing a tax credit for farmers who must purchase county water would provide equitable treatment to all farmers with regard to procuring access to water resources.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1033, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1033, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, 1 (Slom). Excused, 4 (Espero, Fukunaga, Kanno, Hemmings).

SCRep. 3523 Ways and Means on H.B. No. 2271

The purpose of this measure is to provide the Board of Agriculture with the full authority to manage, develop, and dispose by lease of any public land set aside as non-agricultural park lands, notwithstanding the provisions of chapter 171, Hawaii Revised Statutes (public lands).

Specifically, this measure allows the Board of Agriculture to, among other things:

- (1) Determine the eligibility requirements of each disposition and applicant qualifications;
- (2) Determine the specific agriculture or aquaculture use for which the disposition is intended;
- (3) Set the terms of the leases that shall not be less than fifteen years nor more than sixty-five years; and

- (4) Set other terms it deems necessary, including restrictions against alienation and provisions for withdrawal by the Board.

This measure further provides institutional lenders with assurances of their security rights to make the leased lands more attractive for mortgages.

Your Committee has amended this measure by:

- (1) Clarifying that the dispositions of non-agricultural park lands shall be by lease;
- (2) Clarifying the Board of Agriculture's authority to adopt rules setting forth eligibility requirements of each disposition and applicant qualifications;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (4) Making technical nonsubstantive changes for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2271, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2271, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3524 Ways and Means on H.B. No. 2555

The purpose of this measure is to prohibit the Hawaii Community Development Authority from selling the fee interest in any public lands in the Kakaako community development district.

Your Committee finds that public sentiment is opposed to the sale of the fee interest in any public lands in the Kakaako community development district. Furthermore, that opposition extends to the development of any residential development in the district makai of Ala Moana Boulevard.

Accordingly, your Committee has amended this measure by:

- (1) Adding a new section to part II of chapter 206E, prohibiting the Authority from:
 - (A) Selling or otherwise assigning the fee simple interest in any public lands within the Kakaako community development district; or
 - (B) Approving any plan or proposal for any residential development in that portion of the Kakaako community development district makai of Ala Moana Boulevard; and
- (2) Changing the effective date of this measure to July 1, 2050, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2555, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2555, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3525 Ways and Means on H.B. No. 2587

The purpose of this measure is to protect, conserve, and sustain Hawaii's marine resources for future generations and the future well-being of the State.

Specifically, this measure makes appropriations to allow the Department of Land and Natural Resources to:

- (1) Undertake an assessment of various marine management measures to implement effective and appropriate measures and programs to sustain and conserve Hawaii's marine resources; and
- (2) Provide additional positions to assist in the enforcement of the State's fishing laws.

Your Committee has received the concerns expressed by all segments of the population involved with the marine resources of this State, particularly fishers and those most directly impacted by existing fishing laws and proposals for new enforcement measures. Concerns expressed were generally opposed to the possible expansion of no-take marine managed areas.

While these areas focus on regulating consumptive users, the Department of Land and Natural Resources noted, in testimony presented in an informational briefing on the Supplemental Budget for fiscal year 2006-2007, that "the habitat is being degraded by many facets of development and heavy use by non-consumptive users, including commercial dive and snorkeling tours, and an increase of people recreating in the ocean." These nearshore activities directly impact the health of the reefs and the dependent marine

resources. Your Committee finds that all consumptive and non-consumptive users should be considered and consulted with in management decisions to achieve the desired resource conservation goal with the least restrictive regime. Additional options raised included seasonal closures in lieu of expanding no-take areas.

Your Committee has amended this measure by:

- (1) Requesting that the Department of Land and Natural Resources consider, as a management tool, the use of seasonal closures rather than expanding the no-take areas;
- (2) Clarifying that the appropriations being made are to sustain and conserve Hawaii's marine resources;
- (3) Adding \$1 amounts for the appropriations;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (5) Making technical nonsubstantive changes for purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2587, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2587, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3526 Ways and Means on H.B. No. 1862

The purpose of this measure is to allow the Department of Education to employ retired licensed teachers to teach full-time in teacher shortage areas and serve as mentors for new classroom teachers.

Your Committee finds that as more "baby-boom" teachers in Hawaii and across the nation retire, the task of recruiting highly qualified teachers is becoming more challenging each year. Consequently, finding sufficient numbers of highly qualified teachers for shortage areas is becoming more difficult, and teacher shortages are expected to grow as more "baby-boom" teachers retire through the remainder of the decade. This measure addresses the teacher shortage problem by authorizing the hiring of retired teachers to fill anticipated teacher vacancies.

Your Committee has amended the measure by:

- (1) Placing the hiring authorization to hire retired teachers into part III of chapter 302A, Hawaii Revised Statutes, rather than leaving it situated in uncodified law;
- (2) Changing the effective date from July 1, 2006 to July 1, 2050 to facilitate further discussion;
- (3) Repealing the hiring authorization in five years, on June 30, 2011;
- (4) Including parallel references to employees' contributions under the Employees' Retirement System Hybrid Plan; and
- (5) Making technical nonsubstantive amendments to reflect the placement of the substantive provisions of the measure in the Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1862, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1862, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (English, Fukunaga, Kim, Trimble).

SCRep. 3527 (Majority) Ways and Means on H.B. No. 1865

The purpose of this measure is to strengthen the financial operations of Hawaii's public school system and help achieve the goals of Act 51, Session Laws of Hawaii 2004, by creating a new chief financial officer position in the Department of Education to meet the broad demands of managing the Department's budget and overseeing its financial operations.

Your Committee finds that this measure will assist the Department to better meet the expectations of the community, while ensuring accountability and transparency of its financial operations. This measure also designates the chief financial officer as an assistant superintendent and creates an attendant secretary position.

Your Committee has amended this measure by:

- (1) Changing the amounts appropriated to unspecified amounts to facilitate further discussion;
- (2) Changing the effective date from upon approval to July 1, 2050; and

- (3) Making technical nonsubstantive changes for the purposes of style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1865, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1865, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, 1 (Trimble). Excused, 2 (Kanno, Hemmings).

SCRep. 3528 (Majority) Ways and Means on H.B. No. 2182

The purpose of this measure is to provide resources for both the operations and repair and maintenance of Hawaii's public schools.

Specifically, this measure:

- (1) Authorizes the Director of Finance to issue general obligation bonds for capital improvements projects for the Department of Education;
- (2) Makes appropriations for the operations of the Department of Education and repair and maintenance of public school facilities;
- (3) Allows the Department of Education to enter into financing agreements without the approval of the Director of Finance, but with the approval of the Attorney General as to form and legality, for the development of public school facilities; and
- (4) Establishes the new school construction special fund for the purpose of making lease back payments for new schools constructed through the use of financing agreements.

Your Committee amended this measure to facilitate further discussion by:

- (1) Inserting specific amounts for the two appropriation sections;
- (2) Inserting a specific amount for the authorized general obligation bond issue; and
- (3) Changing the effective date to July 1, 2050.

Your Committee also made technical nonsubstantive changes for purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2182, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2182, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 1 (Slom). Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3529 (Majority) Ways and Means on H.B. No. 3237

The purpose of this measure is to implement the recommendations of the temporary early childhood education task force established by Act 151, Session Laws of Hawaii 2005.

Specifically, this measure:

- (1) Establishes the Office of Early Learning to develop and implement a comprehensive, statewide early learning system for children up to five years of age;
- (2) Establishes the early learning policy board to govern the Office of Early Learning;
- (3) Requires the Office of Early Learning to establish an early learning community council in each county to collect and report data, identify outcomes and indicators, set strategic priorities, coordinate programs and services, carry out planning and budgetary duties, and assess community performance;
- (4) Authorizes the Office of Early Learning to contract with a tax-exempt early education organization for assistance and appropriates funds therefor;
- (5) Requires the Office of Early Learning to assist in expanding workforce and professional development opportunities in early learning; and
- (6) Establishes and appropriates funds for a five-year pilot program that includes, among other things: a summer transition program for children entering kindergarten and junior kindergarten; transition and professional development training; parenting, caregiver, and family childcare education; and a model preschool.

Your Committee is aware that a significant barrier to obtaining high quality programs in early childhood education is the lack of infrastructure development. Necessary infrastructure includes high quality standards, workforce and professional development, service tracking, and the development of financing mechanisms. The establishment of the Office of Early Learning will enable the State to systematically develop the comprehensive early learning system that the young children of Hawaii require.

Your Committee has amended this measure by:

- (1) Changing all appropriations to unspecified amounts for the purpose of facilitating further discussion;
- (2) Changing the effective date of the measure to July 1, 2050, also for the purpose of facilitating further discussion; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3237, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3237, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 2 (Hemming, Slom). Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3530 (Majority) Ways and Means on H.B. No. 1889

The purpose of this measure is to establish an Office of International Affairs within the Department of Business, Economic Development, and Tourism, to coordinate and promote economic, social, cultural, and scientific relations with other countries.

Specifically, the Office of International Affairs would:

- (1) Develop policies that:
 - (A) Promote relations with other countries;
 - (B) Promote transportation between, and tourism with, other countries; and
 - (C) Promote international telecommunications and high technology exchanges;
- (2) Encourage the development of international sister-city programs;
- (3) Develop and promote Hawaii as the economic, trade, commerce, transportation, banking, and tourism hub of the Pacific; and
- (4) Develop an international affairs and peace education curriculum.

Your Committee notes that the Office of International Relations was abolished in 1994 as a cost cutting measure. Subsequently, the Department of Business, Economic Development, and Tourism has assumed the functions of the Office of International Relations. However, a separate Office of International Affairs would enable the State to carry out its international activities more effectively.

In this time of globalization, it is critical for Hawaii to assume a proactive role in international matters. Our State is impacted by international agreements and activities and there is much to learn from other countries. Furthermore, it is often said that this new century will belong to the Pacific and not the Atlantic. That East Asia is recognized as being the most productive economic region in the world is evidence of this theory. In the international arena, Hawaii has to offer not only its prime location and natural beauty, but its people, whose talent, skills, and cultural and value affinities combine the best of the East and the West.

Your Committee has amended this measure by:

- (1) Changing its effective date from upon approval to July 1, 2050, to facilitate further discussion;
- (2) Deleting references to naming the office after anyone in particular; and
- (3) Making technical nonsubstantive amendments for the purpose of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1889, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1889, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes 9. Noes, 2 (Slom, Trimble). Excused, 4 (Espero, Fukunaga, Kanno, Hemming).

SCRep. 3531 (Majority) Ways and Means on H.B. No. 2175

The purpose of this measure is to provide a framework for energy self-sufficiency for Hawaii by:

- (1) Increasing the renewable energy technologies income tax credit for certain solar-thermal and photovoltaic energy systems and removing the tax credit's January 1, 2008, sunset date;
- (2) Authorizing the issuance of general obligation bonds for a pilot project to install photovoltaic systems and net energy meters at public schools on the islands of Oahu, Hawaii, and Kauai and within the county of Maui;
- (3) Updating the State's energy policy to promote the use by the State of green building practices for the construction or substantial renovation of state-funded buildings, energy and water efficiency practices, life cycle cost-benefit analysis, fuel-efficient vehicles, alternative fuels, and energy-savings contracts;
- (4) Requiring the State's Energy Resources Coordinator to establish benchmarks and evaluate the State's progress in incorporating energy efficiency and conservation measures and make recommendations on how and when to conduct periodic energy audits;
- (5) Requiring the counties to establish a procedure for priority processing of permit applications for construction projects incorporating Leadership in Energy and Environmental Design building standards;
- (6) Authorizing the issuance of general obligation bonds to fund energy efficiency projects for state facilities, vehicles, and equipment;
- (7) Appropriating funds for a full-time energy efficiency coordinator position to address energy efficiency in Department of Education facilities;
- (8) Establishing the pay-as-you-save pilot project to provide a financing mechanism to make purchases of residential solar hot water heater systems more affordable; and
- (9) Establishing the Hawaii renewable hydrogen program and the hydrogen investment capital special fund and providing funding therefor.

Your Committee understands that energy self-sufficiency in the State of Hawaii will have broad societal benefits, including increased energy security, resistance to increases in oil prices, environmental sustainability, economic development, and job creation. This measure will facilitate the State's ability to achieve its goal of energy self-sufficiency, by ensuring the incorporation of new and evolving technologies and providing incentives and assistance to address barriers.

Your Committee has amended this measure by:

- (1) Changing all appropriation amounts, except the amount appropriated for the energy efficiency coordinator position, to an unspecified amount to facilitate further discussion;
- (2) Changing the appropriation amount for the energy efficiency coordinator position from an unspecified amount to \$1 to facilitate further discussion;
- (3) Clarifying that funds appropriated for energy efficiency for state facilities, vehicles, and equipment under the control of the Department of Education may be used by the Department to develop Hawaii Sustainable School Design Protocol Standards, among other things; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2175, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2175, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, 1 (Slom). Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3532 Ways and Means on H.B. No. 2153

The purpose of this measure is to provide outpatient, urgent, and extended medical care services to residents of West Maui, who do not have access to these services after normal physician hours.

Your Committee finds that West Maui residents must travel over twenty-five miles to the nearest hospital, the Maui Memorial Medical Center, to receive treatment in an emergency room. Your Committee further finds that a private or nonprofit health care provider located in West Maui could save the lives of many residents and help reduce the number of non-emergency dispatch cases being handled by Maui Memorial Medical Center that are not truly emergencies.

Your Committee has amended this measure by:

- (1) Inserting provisions contained in Senate Bill No. 2343, H.D. 1, to provide that health care workers and contracted health care providers are subject to criminal history record checks;
- (2) Inserting an unspecified appropriation amount;

- (3) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (4) Making technical nonsubstantive changes for the purposes of style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2153, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2153, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3533 Ways and Means on H.B. No. 3105

The purpose of this measure is to allow individuals who participate in all Hawaii Medicaid medical plans to have open access to mental health medications.

Specifically, this measure removes the requirement to consult with a psychiatrist for a recipient's access to psychotropic medication. Furthermore, this bill applies to all Hawaii Medicaid medical plans and will eliminate any:

- (1) Prohibition against restrictions to access to psychotropic medication; and
- (2) Exemption from the need for pre-authorization for access to psychotropic medication.

Upon further consideration, your Committee has amended this measure by making several technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3105, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3105, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3534 (Majority) Ways and Means on H.B. No. 3142

The purpose of this measure is to establish a trauma system special fund with a dedicated source of revenue to support the continuing development and operation of a comprehensive state trauma system.

Your Committee understands that hospitals and physicians who provide trauma care have been absorbing significant uncompensated costs for many years. While reimbursements for trauma care from health plans, managed care, medicare, medicaid, and safety net programs for the uninsured have dramatically decreased, the costs of delivering trauma care have consistently increased. In Hawaii, The Queen's Medical Center incurs an annual loss of about \$6,000,000 in the trauma care area.

Uncompensated trauma care is also one of the primary reasons for the shortage of physicians who are willing to be on call to trauma centers. A shortage of on-call physicians jeopardizes a trauma team's ability to provide appropriate trauma care, thus exposing patients to increased risk of harm.

Your Committee finds that several states have dedicated sources of funding for their trauma funds, including surcharges tacked onto fees for drivers' licenses, motor vehicle registration renewals, and the sale, lease, or transfer of motor vehicles.

Your Committee has amended this measure by:

- (1) Changing the existing appropriation from an unspecified amount to \$1 to facilitate further discussion;
- (2) Adding a new section appropriating funds out of the trauma system special fund and renumbering the remaining sections consecutively;
- (3) Providing guidance and standards to the Department of Health for expenditures from the trauma system special fund; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3142, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3142, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, 2 (Hemmings, Slom). Excused, 3 (English, Kokubun, Trimble).

SCRep. 3535 Ways and Means on H.B. No. 1866

The purpose of this measure is to provide the University of Hawaii with autonomous authority over its accounting systems and other purchasing responsibilities and duties until June 30, 2010.

Your Committee finds that the Auditor's Report: "Systemwide Financial Audit of the University of Hawaii System: Phase 1" was very critical of the financial management practices at the University of Hawaii at Manoa. The report found that "the budget process and financial system of the Manoa campus do not fully ensure fiscal accountability. The Manoa campus's budget impedes the efficient and effective use of resources ... the Manoa campus lacks a formal mechanism for monitoring program use of funds, resulting in little assurance that the campus has an adequate understanding of its overall fiscal condition ... the Manoa campus also lacks formal policies and procedures to ensure the proper use of general and tuition funds..."

Therefore, your Committee remains unconvinced that, at this point in time, the University of Hawaii is prepared for and deserving of the fiscal autonomy it seeks and, therefore, has amended the measure to provide the University with fiscal autonomy on a probationary basis for only two years.

Your Committee has also amended the measure to also allow the Department of Education to exercise fiscal autonomy on a probationary basis for two additional years. Your Committee is in the process of studying the Department of Education's record concerning fiscal autonomy and has included the Department with the University in this measure for purposes of facilitating continuing discussion on this matter.

It is the intent of your Committee to revisit this issue again in two years to determine if permanent fiscal autonomy is warranted for the University of Hawaii and the Department of Education.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1866, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1866, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 3 (English, Fukunaga, Trimble).

SCRep. 3536 Ways and Means on H.B. No. 2183

The purpose of this measure is to authorize the issuance of general obligation bonds to fund retrofitting of public school buildings to enable them to be used as emergency shelters.

Your Committee finds that the supply of emergency shelters is woefully and dangerously inadequate. Emergency shelters can make the difference between life or death in a disaster, as was demonstrated in New Orleans with Hurricane Katrina.

However, your Committee believes that the measure, as received by your Committee, falls short of adequately planning for the future occurrence of natural disasters. Your Committee believes that a more comprehensive and coordinated approach should be taken to harden state-controlled facilities. Consequently, your Committee has amended the measure by deleting the substantive contents of the measure and inserting therefor an amended version of S.B. No. 2955, S.D. 2, that:

- (1) Adds a new chapter in the Hawaii Revised Statutes that establishes a state building code council to formulate and periodically update statewide model building codes and design standards;
- (2) Appropriates funds for the state building code council;
- (3) Provides that the state building code serve as a standard of construction for all building construction, including state buildings;
- (4) Requires developers of new residential developments to design and construct community facilities to meet hurricane resistant criteria and to install siren warning systems;
- (5) Requires developers of existing residential developments to install siren warning systems;
- (6) Authorizes the issuance of general obligation bonds to fund retrofitting of public school buildings to enable them to be used as emergency shelters;
- (7) Requires the Departments of Education and Defense to jointly determine which Department of Education-controlled structures that are currently being identified as emergency shelters are not in compliance with the Department of Defense's emergency shelter design criteria adopted pursuant to Act 5, Special Session Laws of Hawaii 2005, and to identify Department of Education-controlled sites for new emergency shelters;
- (8) Appropriates funds to retrofit Department of Education-controlled facilities that are identified as emergency shelters to comply with the Department of Defense's emergency shelter design criteria adopted pursuant to Act 5, Special Session Laws of Hawaii 2005, but designates the Department of Education as the expending agency;
- (9) Requires that the first \$2,000,000 of the annual net investment income earned from the principal in the Hurricane Reserve Trust Fund, in fiscal years 2006-2007 and 2007-2008, be deposited to the credit of the Loss Mitigation Grant Fund under section 431:22-102, Hawaii Revised Statutes; and
- (10) Provides an income tax credit for the installation of wind resistive devices.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2183, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2183, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Trimble).

SCRep. 3537 Ways and Means on H.B. No. 3036

The purpose of this measure is to accelerate a subcontractor's or materialman's right to payment upon completion of the subcontract work or supplying of materials in public works contracts.

Specifically, this measure would:

- (1) Require the payment of any sums retained or withheld to a subcontractor upon submission of a properly documented payment request and the posting of performance and payment bond or valid union trust fund contribution bond;
- (2) In the event that a subcontractor cannot post a performance and payment bond or other bond or collateral acceptable to the contractor, allow contractors and subcontractors to negotiate and include in subcontracts provisions of retainages of up to ten per cent; provided that the government procurement officer and not the contractor can retain or withhold the portion of the amount owed to the subcontractor; and
- (3) Allow a governmental agency, in the absence of agreement with a contractor, to modify an existing contract by making adjustments in prices unilaterally and provide for an adjusted interim price.

Your Committee finds that this measure will provide subcontractors with a process to request the release of final payments to subcontractors before the completion of the entire construction project. The measure specifies that the amounts withheld or retained will be held by the procurement officer of the contracting or purchasing agency. The measure also amends the current procedures for approval of change orders and force account work to expedite the process and ensure prompt resolution of change orders requested by the contracting or purchasing agency.

Your Committee is cognizant that the contracting or purchasing agencies enter contracts with the prime contractor and not the numerous subcontractors. Therefore, this measure also addresses concerns over the protection of the contracting or purchasing agency and its prime contractors, while providing a process for the release of final payments to subcontractors before the final completion of a project.

Your Committee has amended this measure by:

- (1) Requiring the payment of any sums retained or withheld to a subcontractor upon the submission of a properly documented payment request and the provision of a release of retainage bond or other mutually acceptable bond or collateral;
- (2) Requiring that the retainage of any sums due a subcontractor in any public works project be held by the procurement officer;
- (3) Allowing contract price adjustments, if there is no agreement between the parties and:
 - (A) If the change order is in an amount less than \$50,000, by the actual documented cost of the work, plus twenty per cent of the actual costs for overhead and profit; or
 - (B) If the amount is in excess of \$50,000, by unilateral determination by the governmental agency, subject to a filing of a notice of intent to file a claim by the contractor;
- (4) Changing the effective date of this measure to July 1, 2060, to allow further discussion on this measure; and
- (5) Making technical nonsubstantive changes for purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3036, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3036, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 3 (Espero, Kanno, Hemmings).

SCRep. 3538 Ways and Means on H.B. No. 2176

The purpose of this measure is to implement the recommendations of the Housing and Homeless Task Force.

After due consideration of the legislation proposed by the Housing and Homeless Task Force and careful evaluation of other housing legislation previously considered by your Committee, your Committee has decided to delete the contents of the measure and replace it with S.B. No. 2958, S.D. 2, and H.B. No. 2066, S.D. 1. These measures represent an omnibus housing package that addresses issues related to homelessness and low-income and affordable housing.

Generally, the omnibus package:

- (1) Sets aside public housing for grandparents raising grandchildren;
- (2) Appropriates funds for the repair and maintenance of public housing, improvements to infrastructure for new and existing transitional housing, homeless and transitional housing programs, repair of vacant housing units, and other housing support services;
- (3) Authorizes bond issuances for affordable housing;
- (4) Allows state-owned parcels to be leased for the development of self-help housing;
- (5) Amends the state low-income housing tax credit to permit its use for construction and rehabilitation of existing affordable housing units; and
- (6) Assists low and moderate income home buyers by providing a state income tax mortgage credit certificate program.

Your Committee is confident that this omnibus housing package will address many of the concerns raised by advocates for housing in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2176, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2176, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 2 (Kanno, Hemmings).

SCRep. 3539 (Majority) Ways and Means on H.B. No. 3115

The purpose of this measure is to provide Hawaii's gasoline consumers with fair market-related gasoline prices in a local oligopolistic petroleum industry.

Specifically, this measure:

- (1) Amends chapter 486J, Hawaii Revised Statutes, to require additional and more pertinent information to be provided by the petroleum industry, thereby providing more transparency in the petroleum industry;
- (2) Establishes the petroleum industry monitoring, analysis, and reporting program and special fund;
- (3) Suspends the maximum pre-tax wholesale gasoline price provision, while authorizing the Public Utilities Commission to temporarily lift the suspension on a zone-by-zone basis if oil companies raise and maintain wholesale gasoline prices above the maximum pre-tax wholesale gasoline price that would have been in effect had it not been suspended;
- (4) During any time that the maximum pre-tax wholesale gasoline price provision is suspended,
 - (A) Requires the gasoline distributors and dealers to continue to provide information and data required by chapter 486J; and
 - (B) Requires the Public Utilities Commission to continue to calculate and publish what the maximum pre-tax wholesale gasoline price would have been had the provision not been suspended;
- (5) Amends section 486H-13, Hawaii Revised Statutes, by:
 - (A) Adding the Singapore spot price weekly average price of conventional regular unleaded gasoline to the baseline price determination, with the three lowest weekly averages being averaged to determine the baseline price of regular unleaded gasoline;
 - (B) In the event of a holiday or holidays in a prior week, requiring the Public Utilities Commission to average the prices of the days that were not holidays;
 - (C) Eliminating the location adjustment factor;
 - (D) Reducing the marketing margin to 14 cents;
 - (E) Allocating percentages of zone price adjustments in zones 2 through 8 to distributors based upon the different function of the distributors; and
 - (F) Providing for zone price adjustments and allocations of zone price adjustments on a zone by zone basis;

- (6) Makes an appropriation from the general fund into the petroleum industry monitoring, analysis, and reporting special fund and an appropriation from the latter special fund to establish and maintain the petroleum industry monitoring, analysis, and reporting program; and
- (7) Sets forth and prohibits unfair trade practices by the petroleum industry.

Your Committee finds that these provisions should have the desired effect of providing Hawaii's gasoline consumers with fair market-related gasoline prices, by providing more transparency in the petroleum industry and by also maintaining the maximum pre-tax wholesale gasoline price provision in the event that the industry transparency does not result in the desired fair market-related gasoline prices.

Your Committee has amended this measure by:

- (1) Providing specified amounts to be appropriated by this measure;
- (2) Changing the effective date to July 1, 2050, to allow further discussion on this measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3115, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3115, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 2 (Hemmings, Slom). Excused, 4 (English, Fukunaga, Kanno, Trimble).

SCRep. 3540 Energy, Environment, and International Affairs on Gov. Msg. No. 326

Recommending that the Senate advise and consent to the nomination of the following:

ENVIRONMENTAL COUNCIL

G.M. No. 326 GAIL LEANNE GRABOWSKY, Ph.D., for a term to expire 6-30-2010

Your Committee reviewed the personal history, resume, and statement submitted by the nominee, and finds the nominee to have the necessary qualifications to be nominated to the Environmental Council.

Your Committee received testimony in support of GAIL LEANNE GRABOWSKY, Ph.D., from the Office of Environmental Quality Control, and one individual. Dr. Grabowsky earned a B.S. in Zoology and Classical Studies and an M.A. in Zoology from Duke University. She is an Associate Professor and Program Director of Environmental Studies at Chaminade University. Dr. Grabowsky has consulted on research projects for the National Audubon Society and the Western Pacific Regional Fisheries Management Council. She expressed her interest in continuing her service on the Environmental Council for another term to continue efforts to establish environmental justice guidelines for the environmental review process in Hawaii. Dr. Grabowsky's past experience on the Environmental Council, as well as her knowledge of environmental studies, make her an asset to the council.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Hemmings).

SCRep. 3541 Transportation and Government Operations on Gov. Msg. No. 317

Recommending that the Senate advise and consent to the nomination of the following:

CIVIL DEFENSE ADVISORY COUNCIL

G.M. No. 317 ANTHONY D. CASTBERG, for a term to expire 6-30-2010

Your Committee received testimony in support of the nominee from the State Department of Defense and the Hawaii County Prosecuting Attorney.

ANTHONY D. CASTBERG is a reappointment to the Civil Defense Advisory council. The nominee has been a Professor of Political Science since 1974 at the University of Hawaii at Hilo. He received B.A. and M.A. degrees in political science at the University of Hawaii at Manoa, and a Ph.D. degree in political science from Northwestern University. The nominee is active in community and university service, including MIS Specialist/Evaluator for the Third Circuit Court Drug Court Planning Team; Youth Builders, Hawaii County Prosecutors Office; Board of Directors of the Big Island Press Club; Board of Trustees of the Hilo Yacht Club; Program Planning Committee of the Department of Research and Development, County of Hawaii; and Hawaii Island Corrections Advisory Committee. His scholarly works are published in academic journals and books.

Dr. Castberg has been actively engaged in civil defense activities as a current member of the Civil Defense Advisory Council. He has demonstrated time and again the qualities desired in those community representatives who give selflessly of their time to serve on boards and commissions.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Hee, Kanno, Menor).

SCRep. 3542 Transportation and Government Operations on Gov. Msg. No. 360

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION ON TRANSPORTATION

G.M. No. 360 DAVID RAY MARSHALL, for a term to expire 6-30-2010

Your Committee received testimony in support of the nominee from the Department of Transportation and the Commission on Transportation.

DAVID RAY MARSHALL is a reappointment to the Commission on Transportation, representing East Hawaii. He received a B.S. degree in Aeronautical Operations from the San Jose State University. He has a background in contracts administration, database engineer, flight simulation, frame maker, integration engineer, technical writer, test engineer, and systems engineer. He has worked for Abbott Laboratories, PSP Information Systems, Boeing Aerospace, Boeing Computer Services, Computer Technology Associates, Systems Development Corporation, and General Electric. The nominee was awarded a Certificate of Achievement in Technical Communication and has completed registered nursing classes.

Mr. Marshall's background and career in engineering communications, systems analysis, and technical translation makes him especially valuable to the Commission on Transportation. As a technical translator, he is able to communicate complex engineering concepts to the layperson and to express the public's concerns to engineers.

Your Committee notes his personal statement that he has provided information to the Transportation Commission on aeronautical matters concerning airport planning, including ground transportation, parking, airport vendor relations, security, public outreach, financial review, and operations. He also has experience in addressing ferry and mass transit issues.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Hee, Kanno, Menor).

SCRep. 3543 Transportation and Government Operations on Gov. Msg. No. 333

Recommending that the Senate advise and consent to the nomination of the following:

STATE HIGHWAY SAFETY COUNCIL

G.M. No. 333 JOHN T. KAIZUKA, for a term to expire 6-30-2009

Your Committee received testimony in support of the nominee from the Department of Transportation and Keiki Injury Prevention Coalition.

JOHN T. KAIZUKA is a reappointment to the State Highway Safety Council. He has been a Public Health Educator IV for the State Department of Health for Health Promotion and Education in the Hawaii District Health Office since 1995. He received a B.S. degree in Human Development and an M.P.H. degree in Health Education, Planning and Policy Development from the University of Hawaii. The nominee received the Community Service Award (2004-2005) from the Region IX National Highway Traffic Safety Administration, U.S. Department of Transportation. He is a Certified Child Passenger Safety Technician-Instructor, and is currently a member of the Keiki Injury Prevention Coalition, Hawaii County Safety Council, and the Impaired Driving Task Force. The nominee has a background in serving in various capacities on state and county entities on matters of public health and safety, which entail expertise in program planning such as disease prevention, homelessness, and aging.

Mr. Kaizuka has been part of the North Hawaii Outcomes Project's Motor Vehicle Crash Team, which reviews crash data to develop intervention strategies to reduce crashes. The preliminary data and recommendations were recently made available to the Mayor of Hawaii. He has also been a strong advocate for the use of seat belts and child passenger restraint seats.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Hee, Kanno, Menor).

SCRep. 3544 (Joint) Judiciary and Hawaiian Affairs and Water, Land, and Agriculture on S.R. No. 10

The purpose of this measure is to request the Department of Land and Natural Resources to dedicate a berthing area in each county where non-profit organizations can moor their voyaging canoes.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, the Office of Hawaiian Affairs, the Polynesian Voyaging Society and eight individuals.

Your Committees find that the non-profit organizations and the public educational institutions that promote the traditions of the Hawaiian culture through voyaging canoes should not be charged mooring fees by the State. This measure will request that the Department of Land and Natural Resources designate areas where such voyaging canoes may moor without being assessed a fee.

Your Committees have amended this measure to give flexibility to the counties to dedicate more than one berthing area in each county.

As affirmed by the records of votes of the members of your Committees on Judiciary and Hawaiian Affairs and Water, Land, and Agriculture that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 10, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 10, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 2 (Fukunaga, Hooser).

SCRep. 3545 (Joint) Judiciary and Hawaiian Affairs and Water, Land, and Agriculture on S.C.R. No. 23

The purpose of this measure is to request the Department of Land and Natural Resources to dedicate a berthing area in each county where non-profit organizations can moor their voyaging canoes.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, the Office of Hawaiian Affairs, the Polynesian Voyaging Society and eight individuals.

Your Committees find that the non-profit organizations and the public educational institutions that promote the traditions of the Hawaiian culture through voyaging canoes should not be charged mooring fees by the State. This measure will request that the Department of Land and Natural Resources designate areas where such voyaging canoes may moor without being assessed a fee.

Your Committees have amended this measure to give flexibility to the counties to dedicate more than one berthing area in each county.

As affirmed by the records of votes of the members of your Committees on Judiciary and Hawaiian Affairs and Water, Land, and Agriculture that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 23, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 23, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 2 (Fukunaga, Hooser).

SCRep. 3546 (Joint) Judiciary and Hawaiian Affairs and Water, Land, and Agriculture on S.R. No. 75

The purpose of this measure is to request the Department of Public Safety and the Department of Agriculture to conduct a feasibility study on selling the land under the Oahu Community Correctional Center (OCCC) and moving the facility to the site of the Animal Quarantine Center in Halawa or to adjacent state land near Halawa Correctional Center.

Your Committees received testimony in opposition to this measure from the Department of Public Safety and the Department of Agriculture.

Your Committees find that Hawaii's prison system is bursting at the seams with a swelling inmate population, resulting in the imposition of inmate transfers to mainland prisons in order to control an otherwise extreme over-capacity. Additionally, OCCC is sited on land that has been described as being highly valued and a possible attractive investment opportunity. The Animal Quarantine Center is used far less than formerly as a result of the popular five-day rabies quarantine program initiated in June 2003. Therefore, a study is needed to determine the best use of the land under OCCC and the land under the Animal Quarantine Center in Halawa, and whether OCCC could be moved to the site of the Animal Quarantine Center or state land adjacent to Halawa Correction Center.

As affirmed by the records of votes of the members of your Committees on Judiciary and Hawaiian Affairs and Water, Land, and Agriculture that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 75 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 2 (Fukunaga, Hooser).

SCRep. 3547 Judiciary and Hawaiian Affairs on S.C.R. No. 9

The purpose of this measure is to urge the county and state governmental bodies of the State of Hawaii to give consideration to the importance of the cultural perpetuation of rural Hawaiian communities.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that isolated and undeveloped rural communities in which traditional subsistence livelihoods are practiced through applying cultural customs, beliefs, and practice are of great importance to the perpetuation of the Hawaiian people and the Hawaiian culture. These areas are worthy of consideration as cultural heritage treasures of the State of Hawaii.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 9 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Ihara).

SCRep. 3548 Judiciary and Hawaiian Affairs on S.C.R. No. 87

The purpose of this measure is to convene a task force to examine the implementation of an automated victim notification system.

Your Committee received testimony in support of this measure from the Department of the Attorney General (Attorney General) and the Department of the Prosecuting Attorney for the City and County of Honolulu (Prosecuting Attorney). The Hawaii State Coalition Against Domestic Violence submitted comments on this measure.

Your Committee finds that the Attorney General and Prosecuting Attorney have researched and created a pilot project for an automated notification system. This measure will allow all interested parties in the pilot project to examine the implementation of the project and work together to prepare a plan for its implementation and expansion.

Your Committee notes that the portion of the resolution allowing the task force to conduct any other business deemed necessary to carry out the purpose of the resolution is intended to afford that task force latitude to include or call upon other resource persons to assist in the task force's efforts.

Your Committee has amended this measure to:

- (1) Add the following members to the task force:
 - (a) A crime victim selected by the Governor from a list provided by the Attorney General, which will replace the member of the public;
 - (b) A representative from Mothers Against Drunk Driving; and
 - (c) A representative from the Crime Victim Compensation Commission;
- (2) Add, to the mission of the task force, reviewing the current victim notification provisions in the Hawaii Revised Statutes in accordance with testimony submitted by the Prosecuting Attorney; and
- (3) Change the reference to a commissioner from each county's police department to the chief of police, in accordance with testimony from the Attorney General.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 87, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 87, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Ihara).

SCRep. 3549 Judiciary and Hawaiian Affairs on S.C.R. No. 89

The purpose of this measure is to convene a task force to examine the issue of changes to the Hawaii Penal Code for the sentencing of repeat offenders.

Your Committee received testimony in support of this measure from the Department of the Attorney General (Attorney General) and the Department of the Prosecuting Attorney for the City and County of Honolulu.

During the 2006 Regular Session, a measure was introduced which sought to:

- (1) Expand the types of offenses subject to higher maximum terms for repeat offenders;
- (2) Change the method of calculating the period of eligibility of repeat offender sentencing; and
- (3) Add twenty class B and class C felonies to the list of offenses for which a deferred acceptance of plea (DAG or DANC) is not permitted.

Your Committee finds that these proposed changes to the Hawaii Penal Code may have serious implications and that such significant changes require further in-depth review and examination through a task force study.

Your Committee has amended this measure in accordance with the testimony received from the Attorney General to explicitly state that this resolution does not require the task force to examine Hawaii's three strikes law. The Attorney General wished to make clear that this resolution is not to be used to "backdoor" any additional amendments to the three strikes law.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 89, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 89, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Ihara).

SCRep. 3550 Judiciary and Hawaiian Affairs on S.C.R. No. 91

The purpose of this measure is to establish a task force to examine the backlog in unserved arrest warrants.

Your Committee received testimony in support of this measure from the Department of the Attorney General, the Department of Public Safety, the Department of the Prosecuting Attorney for the City and County of Honolulu (Prosecuting Attorney), the Honolulu Police Department, and Mothers Against Drunk Driving.

Your Committee finds that the State has an estimated backlog of 76,881 arrest warrants that remain unserved. These unserved arrest warrants include traffic, felony, and misdemeanor warrants. These unserved warrants are costing the State a potential of \$20,000,000 in unpaid fines and fees and create a public safety concern. While there are many factors that contribute to the backlog, a permanent solution must be found to ensure that the backlog can be cleared and that warrants are served in a timely manner in the future.

Your Committee has amended this measure in accordance with the testimony from the Prosecuting Attorney to change the reference from a commissioner of each county's police department to the county's chief of police.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 91, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 91, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Ihara).

SCRep. 3551 (Joint) Judiciary and Hawaiian Affairs and Intergovernmental Affairs on S.C.R. No. 94

The purpose of this measure is to establish a task force to examine the issue of the discretionary function exception for the state and counties.

Your Committees received testimony in support of this measure from the Department of the Attorney General (Attorney General), the Department of Transportation, and the Department of the Corporation Counsel for the City and County of Honolulu. Consumer Lawyers of Hawaii submitted testimony in opposition to the measure.

Your Committees find that clarification is needed to determine whether the discretionary function exception under state law requires the State and counties to have the same protection from liability that the United States is afforded under federal law.

Your Committees have amended this measure in accordance with the testimony of Consumer Lawyers of Hawaii and based upon discussions held during the hearing to change the composition of the task force's membership to:

- (1) The Attorney General or the Attorney General's designee;
- (2) A member from each county's executive branch;
- (3) One member of the Hawaii State Judiciary;
- (4) One faculty member from the University of Hawaii, William S. Richardson School of Law;
- (5) One member of the Hawaii State Bar Association who is primarily engaged in representing plaintiffs in cases against the State or counties, to be chosen by the president of the Hawaii State Bar Association;
- (6) One member from Consumer Lawyers of Hawaii;

- (7) One member from the Association of Trial Lawyers of America;
- (8) One member from the Hawaii Government Employees Association; and
- (9) One member from United Public Workers.

Your Committees note the request of the Attorney General that the scope of the task force's mission be expanded; however, based upon the complexity of the issues and the time limitations, your Committees believe it is best to retain the task force's mission as originally drafted.

As affirmed by the records of votes of the members of your Committees on Judiciary and Hawaiian Affairs and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 94, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 94, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 5 (Baker, Hee, Ihara, Inouye, Nishihara).

SCRep. 3552 (Joint) Judiciary and Hawaiian Affairs and Water, Land, and Agriculture on S.C.R. No. 125

The purpose of this measure is to request the Department of Public Safety and the Department of Agriculture to conduct a feasibility study on selling the land under the Oahu Community Correctional Center (OCCC) and moving the facility to the site of the Animal Quarantine Center in Halawa or to adjacent state land near Halawa Correctional Center.

Your Committees received testimony in opposition to this measure from the Department of Public Safety and the Department of Agriculture.

Your Committees find that Hawaii's prison system is bursting at the seams with a swelling inmate population, resulting in the imposition of inmate transfers to mainland prisons in order to control an otherwise extreme over-capacity. Additionally, OCCC is sited on land that has been described as being highly valued and a possible attractive investment opportunity. The Animal Quarantine Center is used far less than formerly as a result of the popular five-day rabies quarantine program initiated in June 2003. Therefore, a study is needed to determine the best use of the land under OCCC and the land under the Animal Quarantine Center in Halawa, and whether OCCC could be moved to the site of the Animal Quarantine Center or state land adjacent to Halawa Correction Center.

As affirmed by the records of votes of the members of your Committees on Judiciary and Hawaiian Affairs and Water, Land, and Agriculture that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 125 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 2 (Fukunaga, Hooser).

SCRep. 3553 Judiciary and Hawaiian Affairs on S.C.R. No. 216

The purpose of this measure is to create a legislative task force to make recommendations for statutory enactment to enhance transparency in legislative proceedings.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii.

Your Committee finds that transparency is important to public understanding of how government works.

Your Committee notes that this measure merely requests that S.B. 1062, Regular Session of 2005, be discussed but that no other action on that particular measure is required.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 216 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hee, Ihara).

SCRep. 3554 (Joint) Commerce, Consumer Protection and Housing and Health on S.C.R. No. 150

The purpose of this measure is to urge the Insurance Commissioner to convene a task force to study issues related to the physician on-call crisis.

Specifically, the task force is asked to:

- (1) Examine provider reimbursement versus cost of care issues as they relate to the physician on-call crisis; and
- (2) Gather relevant information, discuss possible solutions, and develop recommendations related to the physician on-call crisis.

Testimony in support of this measure was submitted by Healthcare Association of Hawaii, Hawaii Pacific Health, Kaiser Permanente, and Hawaii Health Systems Corporation. The Insurance Commissioner, on behalf of the Department of Commerce and Consumer Affairs, submitted testimony in opposition to this measure.

Two recent reports, "The National Report Card on the State of Emergency Medicine" published by the American College of Emergency Physicians and "On-Call Crisis in Trauma Care: Government Responses" published by the Legislative Reference Bureau, highlight the serious challenges facing emergency health care systems, including the crisis of securing physicians for emergency, on-call care. Your Committees find that this on-call physician crisis must be addressed in order to ensure the integrity of emergency and trauma care in Hawaii.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Housing and Health that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 150 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 3 (Espero, Hanabusa, Hogue).

SCRep. 3555 Education and Military Affairs on S.C.R. No. 173

The purpose of this measure is to request that the Department of Education determine a set of indicators in order to evaluate effects of Act 51 implementation.

Your Committee received testimony in support of the intent of this measure from the Department of Education.

Your Committee finds that it is in the interest of all involved to monitor the changes occurring throughout the educational system since the implementation of Act 51. Your Committee further finds that Act 51 already requires that the Department conduct track reporting, and it is a matter of determining which indicators to capture and memorialize from those reports that will result in the collection of quality, informative data over time.

Your Committee has amended this measure by emphasizing that it is sound educational policy for the Department to establish and maintain a data warehouse to store and track information over time, and by making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 173, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 173, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Hogue).

SCRep. 3556 Education and Military Affairs on S.R. No. 117

The purpose of this measure is to request that the Department of Education determine a set of indicators in order to evaluate effects of Act 51 implementation.

Your Committee received testimony in support of the intent of this measure from the Department of Education.

Your Committee finds that it is in the interest of all involved to monitor the changes occurring throughout the educational system since the implementation of Act 51. Your Committee further finds that Act 51 already requires that the Department conduct track reporting, and it is a matter of determining which indicators to capture and memorialize from those reports that will result in the collection of quality, informative data over time.

Your Committee has amended this measure by emphasizing that it is sound educational policy for the Department to establish and maintain a data warehouse to store and track information over time, and by making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 117, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 117, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Hogue).

SCRep. 3557 (Joint) Education and Military Affairs and Human Services on S.C.R. No. 50

The purpose of this measure is to request that the Department of Education assist in the development of community-based youth programs on the Big Island.

Your Committees received testimony in support of this measure from the Hawaii Youth Services Network and seventeen individuals. Comments in support of the intent of this measure were received from the Department of Education.

Your Committees find that some school-level programs that have been supported in the past include the Hamakua Coast Drug Free Bashes and the Kalaniana'ole Elementary and Intermediate School Student Body Government Leadership Camp. Your Committees

further find that many student testifiers acknowledged that these school and community-based youth programs provided them with opportunities for varied learning experiences, personal development, and community participation, and that they were immensely benefited from them as a result.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 50 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 3 (Ihara, Kokubun, Hogue).

SCRep. 3558 (Joint) Education and Military Affairs and Human Services on S.R. No. 31

The purpose of this measure is to request that the Department of Education assist in the development of community-based youth programs on the Big Island.

Your Committees received testimony in support of this measure from the Hawaii Youth Services Network and seventeen individuals. Comments in support of the intent of this measure were received from the Department of Education.

Your Committees find that some school-level programs that have been supported in the past include the Hamakua Coast Drug Free Bashes and the Kalaniana'ole Elementary and Intermediate School Student Body Government Leadership Camp. Your Committees further find that many student testifiers acknowledged that these school and community-based youth programs provided them with opportunities for varied learning experiences, personal development, and community participation, and that they were immensely benefited from them as a result.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 31 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 3 (Ihara, Kokubun, Hogue).

SCRep. 3559 (Joint) Health and Higher Education on S.C.R. No. 138

The purpose of this measure is to encourage men to enter the field of nursing.

Your Committees received testimony in support of this measure from the Hawaii State Center for Nursing and the University of Hawaii at Manoa School of Nursing and Dental Hygiene.

Your Committees find that male nurses comprise only 6.5 percent of the nursing workforce in Hawaii. Your Committees further find that Hawaii's nursing shortage needs to be addressed and that supporting promotional efforts that will encourage men to enter the nursing field may help to improve this shortage.

As affirmed by the records of votes of the members of your Committees on Health and Higher Education that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 138 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3560 (Joint) Health and Higher Education on S.R. No. 85

The purpose of this measure is to encourage men to enter the field of nursing.

Your Committees received testimony in support of this measure from the Hawaii State Center for Nursing and the University of Hawaii at Manoa School of Nursing and Dental Hygiene.

Your Committees find that male nurses comprise only 6.5 percent of the nursing workforce in Hawaii. Your Committees further find that Hawaii's nursing shortage needs to be addressed and that supporting promotional efforts that will encourage men to enter the nursing field may help to improve this shortage.

As affirmed by the records of votes of the members of your Committees on Health and Higher Education that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 85 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3561 Higher Education on S.R. No. 141

The purpose of this measure is to request the University of Hawaii to create a four-year degree program within the discipline of historic preservation at the University of Hawaii at Manoa.

Testimony in support of the measure was submitted by the Department of Land and Natural Resources and the Office of Hawaiian Affairs.

Your Committee finds that over two dozen historic preservation programs are currently functioning across the United States, setting both the capability and the precedent for such a program in Hawaii. Your Committee further finds that a bachelor's degree program in historic preservation, with emphasis on real-life case studies in Hawaii, would reinforce preservation efforts based on conservation-focused education and action. The Department of Land and Natural Resources stands ready to provide internships with hands-on training to assist in this effort.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 141 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3562 Higher Education on S.C.R. No. 85

The purpose of this measure is to request the Auditor to review the University of Hawaii Board of Regents' policy on conflict of interest, and recommend whether the Regents should have their financial disclosure statements, required under section 84-17, Hawaii Revised Statutes, be made available for review by the public.

Testimony in support of the measure was submitted by three individuals. The University of Hawaii opposed the measure.

Your Committee finds that although individual Regents may have recused themselves from decision-making because of conflicts of interest, the public is unable to determine whether other conflicts of interest may have existed when decisions were made. Mere recusal does not resolve the issue of conflict in a satisfactory manner. Accordingly, your Committee finds that the Board of Regents should not be less accountable than senior officials of the University. Your Committee further finds that public disclosure of the financial statements of individual Regents would be consistent with the statutory requirement currently applied to members of the Board of Education and the trustees of the Office of Hawaiian Affairs.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 85 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3563 Higher Education on S.C.R. No. 97

The purpose of this measure is to request the Auditor to conduct a management audit of the University of Hawaii at Manoa's Student Housing Services department.

Testimony in support of the measure was received from the Associated Students of the University of Hawaii, over fifty students from the University of Hawaii at Manoa, and the American Civil Liberties Union of Hawaii. The University of Hawaii at Manoa Interim Chancellor provided information.

Your Committee believes that student housing is an integral part of the university experience. Student housing not only provides affordable access for non-residents, but serves an important and vital role in providing local residents with access to higher education. Of the 2,700 student housing residents surveyed by the University of Hawaii at Manoa Student Housing Services, twenty-four percent come from the neighbor islands and nearly twenty percent are from Oahu. Student housing should provide a variety of learning-centered residential communities where residents feel safe and supported, are treated fairly, and can enjoy an environment that supports academic success.

Your Committee heard testimony from current and former student housing residents. One student testified that she had been sexually harassed by University of Hawaii at Manoa privately-contracted security guards while in the dormitory parking area. One former Resident Advisor testified that a supervisor rented out dorm rooms during the summer to ineligible students in violation of the Housing Policy on subletting, that the supervisor was embezzling funds from the Resident Hall Association for personal use, and that the supervisor had threatened residents with bodily harm.

Furthermore, several students testified that Student Housing charges a mandatory fee, called the Resident Hall Association Dues, to residents prior to room check-in, but they believe the fee is imposed in violation of Board of Regents policy. As listed under the Student Affairs section, the two objectives of the student housing program are to "uniquely characterize student housing as both an educational program and an administrative function that is managed in accordance with the highest operational, personnel and fiscal standards." These objectives are clearly stated and there is *no* reference made to the establishment of the Residence Hall Association, required membership, or mandatory fee associated with the organization. Regarding student housing activities, the Board of Regents policy states that "the student housing rate structure is intended to cover all operating costs including debt service and the costs of providing an educationally-oriented student life experience."

In addition, several students testified with regard to Student Housing officials violating their right to free speech by confiscating 3,000 letters the Associated Students of the University of Hawaii planned to send to housing residents. Students also testified about specific disciplinary cases against them and the delays in getting an appeal to housing officials' actions, causing extended displacement from their dorm and affecting their academics. One former resident cited the lack of attention and resolution in addressing an infestation of bed bugs that occurred in her dorm room, causing her to sleep on the dining table. One student testified she was the victim of retaliation by the housing staff after she reported the housing staff for not enforcing housing policies. The President of the

Inter-Resident Hall Association as well as a former Resident Advisor testified that Resident Advisors lack sufficient training to perform their duties well. For example, the former Resident Advisor was required to identify the smell of marijuana, yet the training did not indicate what marijuana smells like. Housing officials affirmed that the training provided to housing staff is not from a certified or established training program.

Two Resident Advisors testified that not all students are unhappy, but that their jobs can be difficult given the peer environment they work in and the rules they must enforce.

Your Committee finds that the University of Hawaii at Manoa Interim Chancellor acknowledged the many issues faced by students and Student Housing Services and is committed to improving the quality of residential life for students at Mānoa. The Interim Chancellor indicated a variety of steps have been implemented to improve resident conditions, including, but not limited to:

- (1) Conducting a national search for a new University of Hawaii at Manoa Vice Chancellor of Students and a new University of Hawaii at Manoa Director of Student Housing;
- (2) Retaining the Association of College and University Housing Officers – International to conduct a comprehensive external review to learn what dimensions of University of Hawaii at Manoa’s housing program are strongest, and what need to be improved, from the students’ perspective;
- (3) Retaining national experts in student housing affairs to examine a number of functional areas of University of Hawaii at Manoa’s Student Housing operations, including business management practices, educational programs, physical facilities, property management, food service, and staff qualifications;
- (4) Committing to spend \$1,500,000 for repairs and maintenance to address areas of immediate need over this coming summer;
- (5) Assigning the new University Ombudsman to mediate problems between the Associated Students of the University of Hawaii, the Student Resident Assistants, and the housing staff;
- (6) Convening a Chancellor’s Task Force on Student Conduct, to include student representatives, to define the process for settling conflicts;
- (7) Working in cooperation with the Associated Students of the University of Hawaii, to develop and deploy a more detailed survey of residents of Housing to gain an even more intimate understanding of the issues; and
- (8) Establishing a Student Housing Advisory Board that will include student representation and faculty with expertise helpful in improving the management of student housing.

Notwithstanding the efforts of the Interim Chancellor, your Committee is concerned about the seriousness of the allegations raised by the students, especially as they relate to health, safety, and due process, and to what appears to be a lack of administrative leadership. In fact, the Interim Chancellor stated in her testimony, “[t]he [Student Housing Services] organizational structure has long been isolated from upper campus. Within Housing, the organization is fragmented. Lacking a permanent director, or vice chancellor is challenging.” Your Committee recognizes that housing staff have a difficult task and that they are committed to doing a good job. However, without adequate and stable leadership, University of Hawaii at Manoa Student Housing Services will continue to raise concerns. Therefore, your Committee believes that adoption of this measure will complement the Interim Chancellor’s efforts.

Your Committee has amended this measure by:

- (1) Noting that the Associated Students of the University of Hawaii has unsuccessfully attempted to resolve the timeliness of the University’s response to students complaints and appeals; and
- (2) Clarifying that sexual harassment of a female student had occurred by privately contracted security guards.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 97, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 97, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Baker, Inouye).

SCRep. 3564 Higher Education on S.C.R. No. 211

The purpose of this measure is to request the University of Hawaii to create a four-year degree program within the discipline of historic preservation at the University of Hawaii at Manoa.

Testimony in support of the measure was submitted by the Department of Land and Natural Resources and the Office of Hawaiian Affairs.

Your Committee finds that over two dozen historic preservation programs are currently functioning across the United States, setting both the capability and the precedent for such a program in Hawaii. Your Committee further finds that a bachelor’s degree program in historic preservation, with emphasis on real-life case studies in Hawaii, would reinforce preservation efforts based on conservation-

focused education and action. The Department of Land and Natural Resources stands ready to provide internships with hands-on training to assist in this effort.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 211 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3565 Energy, Environment, and International Affairs on S.C.R. No. 40

The purpose of this measure is to request the Adjutant General of the Hawaii National Guard to provide health screening for depleted uranium exposure to members and veterans of the armed forces and to report on the scope and adequacy of depleted uranium storage and disposal in Hawaii.

The Chamber of Commerce of Hawaii, the Vietnam Veterans of Maui County, Maui Peace Action, Americans for Democratic Action Hawaii Chapter, Life of the Land, and thirteen individuals submitted testimony in support of this measure. The State Adjutant General submitted testimony in opposition.

Depleted uranium is a waste byproduct of the enrichment of natural uranium for use in nuclear reactors and nuclear weapons. According to the testimony, the United States Department of Defense has used depleted uranium for many years for a variety of military applications, including armor-piercing shells, bomb casings, missiles, tank armor plating, aircraft ballast, and anti-personnel mines. The chemical and radiological toxicity of depleted uranium has been reported to cause kidney dysfunction, damage to lung cells, neurological disorders, liver infection, and high miscarriage rates among military personnel who have been exposed to depleted uranium munitions.

Your Committee finds that the Adjutant General of the Hawaii National Guard should assist any member or veteran of the armed forces who returns after service in a designated combat zone to obtain a health screening test for exposure to depleted uranium to help protect the health of our service members.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 40, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Hemmings).

SCRep. 3566 Energy, Environment, and International Affairs on S.R. No. 21

The purpose of this measure is to request the Adjutant General of the Hawaii National Guard to provide health screening for depleted uranium exposure to members and veterans of the armed forces and to report on the scope and adequacy of depleted uranium storage and disposal in Hawaii.

The Chamber of Commerce of Hawaii, the Vietnam Veterans of Maui County, Maui Peace Action, Americans for Democratic Action Hawaii Chapter, Life of the Land, and thirteen individuals submitted testimony in support of this measure. The State Adjutant General submitted testimony in opposition.

Depleted uranium is a waste byproduct of the enrichment of natural uranium for use in nuclear reactors and nuclear weapons. According to the testimony, the United States Department of Defense has used depleted uranium for many years for a variety of military applications, including armor-piercing shells, bomb casings, missiles, tank armor plating, aircraft ballast, and anti-personnel mines. The chemical and radiological toxicity of depleted uranium has been reported to cause kidney dysfunction, damage to lung cells, neurological disorders, liver infection, and high miscarriage rates among military personnel who have been exposed to depleted uranium munitions.

Your Committee finds that the Adjutant General of the Hawaii National Guard should assist any member or veteran of the armed forces who returns after service in a designated combat zone to obtain a health screening test for exposure to depleted uranium to help protect the health of our service members.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 21, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Hemmings).

SCRep. 3567 Energy, Environment, and International Affairs on S.C.R. No. 233

The purpose of this measure is to request the military to map and monitor all munitions dumpsites off Hawaiian shores.

Maui Peace Action submitted testimony in support of this measure.

The United States military has confirmed that vast quantities of chemical weapons were dumped off Hawaiian shores in at least three major events in 1944 and 1945. The United States Congress has since banned the practice of chemical weapons dumping. The

effect of the dumping apparently has not been studied, and it is uncertain exactly where the dumped weapons are located. Some munitions may have been dumped in water so deep that removal may be impossible and continuous monitoring is needed to protect public safety.

Your Committee finds that the military should take efforts to prevent the public's accidental exposure to contaminants by mapping and monitoring all dumpsites off Hawaiian shores, clearly marking these dumpsites on all marine navigation maps, and releasing the location of the dumpsites to the public and media. In addition, the military should be requested to conduct an assessment to determine the extent of any potential public health risks associated with the dumpsites.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 233 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Hemmings).

SCRep. 3568 Business and Economic Development on S.C.R. No. 182

The purpose of this measure is to express legislative support for the efforts that the Hawaii Athletic Trainers' Association and the National Athletic Trainers' Association continue to make in school athletics.

Your Committee received testimony in support of the measure from the Department of Education.

The National Athletic Trainers' Association and the Hawaii Athletic Trainers' Association strive to keep up with the latest treatment techniques, research, and technological advancements to provide athletic fitness, education, and training to student athletes in school. Certified athletic trainers provide injury prevention, evaluation, treatment, rehabilitation, health care administration, education, and guidance. Currently, the Department of Education is the largest employer of certified athletic trainers in the State. Last year these athletic trainers provided athletic practice and game coverage for 23,636 student-athletes throughout Hawaii.

Your Committee finds that legislative support is needed to commend the Hawaii Athletic Trainers' Association and the National Athletic Trainers' Association for promoting the profession of athletic training in Hawaii. The popularity of and the participation in organized school sports continues to increase, and more certified athletic trainers are needed to provide injury treatment, prevention, and rehabilitation. Additionally, as the number of organized intermediate-level teams increases, and certified athletic trainers are needed in intermediate schools to cover athletic practice and game events.

Your Committee has amended this measure by making technical, nonsubstantive changes for consistency and style.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 182, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 182, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Trimble).

SCRep. 3569 Business and Economic Development on S.R. No. 123

The purpose of this measure is to express legislative support for the efforts that the Hawaii Athletic Trainers' Association and the National Athletic Trainers' Association continue to make in school athletics.

Your Committee received testimony in support of the measure from the Department of Education.

The National Athletic Trainers' Association and the Hawaii Athletic Trainers' Association strive to keep up with the latest treatment techniques, research, and technological advancements to provide athletic fitness, education, and training to student athletes in school. Certified athletic trainers provide injury prevention, evaluation, treatment, rehabilitation, health care administration, education, and guidance. Currently, the Department of Education is the largest employer of certified athletic trainers in the State. Your Committee finds that legislative support is needed to commend the Hawaii Athletic Trainers' Association and the National Athletic Trainers' Association for promoting the profession of athletic training in Hawaii. The popularity of and the participation in organized school sports continues to increase, and more certified athletic trainers are needed to provide injury treatment, prevention, and rehabilitation. Additionally, as the number of organized intermediate-level teams increases, and certified athletic trainers are needed in intermediate schools to cover athletic practice and game events.

Your Committee has amended this measure by making technical, nonsubstantive changes for consistency and style.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 123, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 123, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Trimble).

SCRep. 3570 Health on S.C.R. No. 140

The purpose of this measure is to request Leahi Hospital to develop a master plan and financial feasibility report for its existing campus that will take advantage of its unique location and relationships in east Honolulu.

Your Committee received testimony in support of this measure from the Hawaii Health Systems Corporation and one individual.

Your Committee finds that the existing campus of Leahi Hospital needs to be revitalized in order to achieve its vision as a Geriatric Center of Excellence. To achieve this goal the master plan and financial feasibility report, addressing all future on-campus construction, activities, and services, need to be completed.

Your Committee further finds that a study of this magnitude can be costly. Hawaii Health Systems Corporation submitted testimony requesting an appropriation in the amount \$150,000 to complete the plan and feasibility report requested by this measure. However, your Committee noted that funding cannot be appropriated by this measure.

Accordingly, your Committee has amended this measure by requesting that the Hawaii Health Systems Corporation pursue any needed resources in the Regular Session of 2007.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 140, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 140, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3571 Health on S.R. No. 87

The purpose of this measure is to request Leahi Hospital to develop a master plan and financial feasibility report for its existing campus that will take advantage of its unique location and relationships in east Honolulu.

Your Committee received testimony in support of this measure from the Hawaii Health Systems Corporation and one individual.

Your Committee finds that the existing campus of Leahi Hospital needs to be revitalized in order to achieve its vision as a Geriatric Center of Excellence. To achieve this goal the master plan and financial feasibility report, addressing all future on-campus construction, activities, and services, need to be completed.

Your Committee further finds that a study of this magnitude can be costly. Hawaii Health Systems Corporation submitted testimony requesting an appropriation in the amount \$150,000 to complete the plan and feasibility report requested by this measure. However, your Committee noted that funding cannot be appropriated by this measure.

Accordingly, your Committee has amended this measure by requesting that the Hawaii Health Systems Corporation pursue any needed resources in the Regular Session of 2007.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 87, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 87, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3572 Intergovernmental Affairs on S.C.R. No. 141

The purpose of this measure is to request the City and County of Honolulu to maintain the current zoning of a one hundred and seventy-two acre parcel of real property in Royal Kunia for the establishment of a park, golf course, or continued use as open space.

The Royal Kunia Board of Directors' Government Affairs Committee and eleven individuals submitted testimony in support of this measure. Central Oahu Associates submitted testimony in opposition.

According to the testimony, homeowners adjacent to the parcel of real property in question purchased their homes with the understanding that the parcel would be a golf course or other open space. The parcel of real property in question is currently zoned as part of a P-2 general preservation district under the City and County of Honolulu zoning code. The intent of such a designation is to preserve the land as visual relief and contrast to the city's built environment or to serve as outdoor space for the public's use and enjoyment.

Your Committee finds that the current zoning designation should be maintained to preserve the parcel's intended use as a park, golf course, or other suitable open space.

As affirmed by the record of votes of the members of your Committee on Intergovernmental Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 141 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (English, Kim).

SCRep. 3573 Intergovernmental Affairs on S.R. No. 88

The purpose of this measure is to request the City and County of Honolulu to maintain the current zoning of a one hundred and seventy-two acre parcel of real property in Royal Kunia for the establishment of a park, golf course, or continued use as open space.

The Royal Kunia Board of Directors' Government Affairs Committee and eleven individuals submitted testimony in support of this measure. Central Oahu Associates submitted testimony in opposition.

According to the testimony, homeowners adjacent to the parcel of real property in question purchased their homes with the understanding that the parcel would be a golf course or other open space. The parcel of real property in question is currently zoned as part of a P-2 general preservation district under the City and County of Honolulu zoning code. The intent of such a designation is to preserve the land as visual relief and contrast to the city's built environment or to serve as outdoor space for the public's use and enjoyment.

Your Committee finds that the current zoning designation should be maintained to preserve the parcel's intended use as a park, golf course, or other suitable open space.

As affirmed by the record of votes of the members of your Committee on Intergovernmental Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 88 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (English, Kim).

SCRep. 3574 Health on S.C.R. No. 117

The purpose of this measure is to request the Department of Health to convene a task force to evaluate and recommend possible statutory and public policy changes to decrease the census at Hawaii State Hospital and enhance community-based health services for forensic patients.

Your Committee received testimony in support of this measure from the Hawaii Disability Rights Center, the Hawaii Government Employees Association, the Hawaii Psychiatric Medical Association, ILWU Local 142, the National Association of Social Workers, Mental Health Kokua, and two individuals. The Legislative Reference Bureau submitted comments in response to this measure. Your Committee received testimony in opposition to the measure from the Department of Health.

Your Committee finds that a task force needs to be established to evaluate procedural, statutory, and policy changes that may be necessary to effectuate a decreased population at the Hawaii State Hospital and to improve the level of supervision, monitoring, or treatment necessary to ensure the safety of individuals with mental illness and the public.

Your Committee has amended this measure by expanding the evaluation conducted by the task force to include procedural changes, as well as statutory and public policy changes.

Your Committee has also amended this measure in response to the testimony submitted by the Department of Health by:

- (1) Eliminating the statistical and quality of care language;
- (2) Requesting that the monthly meetings begin in August of 2006 and go through November 2007; and
- (3) Changing the report to the 2007 session to a progress report and extending the final reporting date to the Regular Session of 2008.

Your Committee has additionally amended this measure by specifying that the Department of Health, in conjunction with the Department of the Attorney General, is requested to provide the administrative and staff support necessary to fulfill the purpose and duties of the task force.

Your Committee has further amended this measure by redefining the issues the task force is requested to consider in its evaluation, and by including forensic specialists and a representative from the Prosecutor's office, the Public Safety Division, and other organizations as identified by the co-chairs, to serve on the task force or to participate on an ad hoc basis.

Last, your Committee has amended this measure by making technical, non-substantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 117, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 117, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3575 Health on S.R. No. 89

The purpose of this measure is to urge the development of a long-term care infrastructure plan for Hawaii.

Your Committee received testimony in support of this measure from the Department of Health, the Department of Human Services, the Hawaii Health Systems Corporation, and the Hawaii Long Term Care Association.

Your Committee finds that this measure will enable interested stakeholders to examine the challenges facing the State's aging population, review available services, analyze existing state and county laws and regulations, consider the current long-term care bed capacity and projections for future needs, and develop a comprehensive long-term care infrastructure plan to ensure public safety while supporting aging in place initiatives.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 89, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hanabusa).

SCRep. 3576 Education and Military Affairs on S.C.R. No. 176

The purpose of this measure is to request that the Board and Department of Education make known the fees, if any, charged for regular and special education supplies and services, and to request that the Legislative Reference Bureau conduct a comparative study of such fees in Hawaii and elsewhere in the nation.

Your Committee received testimony in support of the intent of this measure from the Department of Education. Comments on this measure were received from the Legislative Reference Bureau (LRB).

Your Committee finds that it remains necessary to clarify for all stakeholders and the public in general exactly what the term "free appropriate public education" encompasses, and how the department meets those requirements at district, school, and individual levels.

Your Committee has amended this measure by:

- (1) Limiting the study to be conducted by the LRB to high school students;
- (2) Request that the Department of Education provide certain technical assistance to the LRB to conduct its study;
- (3) Clarify that the Department of Education shall also submit its findings to the Legislature before the convening of the Regular Session of 2007; and
- (4) Making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 176, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 176, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Hogue).

SCRep. 3577 (Joint) Education and Military Affairs and Energy, Environment, and International Affairs on S.C.R. No. 149

The purpose of this measure is to request that the Department of Education develop and implement a student and faculty exchange program with the Philippines.

Your Committees received testimony in support of this measure from the University of Hawaii System. Comments in support of the spirit of this measure were received from the Department of Education.

Your Committees find that although the Department has stated that it lacks the resources to develop and implement such a program at this time, in honor of the Hawaii Filipino Centennial, your Committees would pass this measure to have the Department of Education at least start investigating the feasibility of an exchange program.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Energy, Environment, and International Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 149 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 3 (Hanabusa, Hemmings, Hogue).

SCRep. 3578 (Joint) Education and Military Affairs and Energy, Environment, and International Affairs on S.R. No. 94

The purpose of this measure is to request that the Department of Education develop and implement a student and faculty exchange program with the Philippines.

Your Committees received testimony in support of this measure from the University of Hawaii System. Comments in support of the spirit of this measure were received from the Department of Education.

Your Committees find that although the Department has stated that it lacks the resources to develop and implement such a program at this time, in honor of the Hawaii Filipino Centennial, your Committees would pass this measure to have the Department of Education at least start investigating the feasibility of an exchange program.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Energy, Environment, and International Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 94 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 3 (Hanabusa, Hemmings, Hogue).

SCRep. 3579 (Joint) Education and Military Affairs and Media, Arts, Science and Technology on S.R. No. 36

The purpose of this measure is to request that the Department of Education conduct an investigation into the feasibility of eBook implementation in the public schools, and to report its findings to the Legislature.

Your Committees received testimony in support of the intent of this measure from the Department of Education.

Your Committees find that the Department expressed in its testimony some concern regarding support and funding for an eBook pilot program in conjunction with a feasibility study. Your Committees further find that there is a great deal of research on eBook implementation in other states, and that a potential pilot program in Hawaii could include one or two classes from middle to high school in a subject that undergoes relatively rapid evolution, such as science.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Media, Arts, Science, and Technology that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 36 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 3 (Chun Oakland, English, Hogue).

SCRep. 3580 (Joint) Education and Military Affairs and Media, Arts, Science and Technology on S.C.R. No. 57

The purpose of this measure is to request that the Department of Education conduct an investigation into the feasibility of eBook implementation in the public schools, and to report its findings to the Legislature.

Your Committees received testimony in support of the intent of this measure from the Department of Education.

Your Committees find that the Department expressed in its testimony some concern regarding support and funding for an eBook pilot program in conjunction with a feasibility study. Your Committees further find that there is a great deal of research on eBook implementation in other states, and that a potential pilot program in Hawaii could include one or two classes from middle to high school in a subject that undergoes relatively rapid evolution, such as science.

As affirmed by the records of votes of the members of your Committees on Education and Military Affairs and Media, Arts, Science, and Technology that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 57 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 3 (Chun Oakland, English, Hogue).

SCRep. 3581 Commerce, Consumer Protection and Housing on S.C.R. No. 217

The purpose of this measure is to request the counties to adopt ordinances to participate in the National Flood Insurance Program Community Rating System to obtain monetary discounts in purchasing flood insurance.

Testimony in support of this measure was submitted by the Hawaii Association of Realtors. No testimony in opposition was received by your Committee.

Your Committee finds that all the counties should participate in the Community Rating System of the National Flood Insurance Program. The Community Rating System is a voluntary program designed to encourage community floodplain management activities that exceed minimum National Flood Insurance Program standards. Currently, Maui county is the only county that participates in the Community Rating System. Your Committee further finds that Maui residents benefit from this participation with a five percent discount on policies for low to moderate flood risk areas and a ten percent discount for policies for high risk flood areas.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 217 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Espero, Hogue).

SCRep. 3582 Commerce, Consumer Protection and Housing on S.R. No. 147

The purpose of this measure is to request the counties to adopt ordinances to participate in the National Flood Insurance Program Community Rating System to obtain monetary discounts in purchasing flood insurance.

Testimony in support of this measure was submitted by the Hawaii Association of Realtors. No testimony in opposition was received by your Committee.

Your Committee finds that all the counties should participate in the Community Rating System of the National Flood Insurance Program. The Community Rating System is a voluntary program designed to encourage community floodplain management activities that exceed minimum National Flood Insurance Program standards. Currently, Maui county is the only county that participates in the Community Rating System. Your Committee further finds that Maui residents benefit from this participation with a five percent discount on policies for low to moderate flood risk areas and a ten percent discount for policies for high risk flood areas.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 147 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Espero, Hogue).

SCRep. 3583 Commerce, Consumer Protection and Housing on H.C.R. No. 51

The purpose of this measure is to request the United States Department of Housing and Urban Development (HUD) to assist the residents of Palolo Valley Homes and the Mutual Housing Association of Hawaii, Inc., to expedite the privatization and renovation of one hundred eighteen units at Palolo Valley Homes.

Testimony in support of the measure was submitted by the Housing and Community Development Corporation of Hawaii (HCDCH) and the Mutual Housing Association of Hawaii (MHAH).

Your Committee finds that MHAH has successfully acquired and renovated three hundred six state-owned public housing units in Palolo, but that the remaining one hundred eighteen federal units have remained in disrepair. With the cooperation of HUD, the privatization of Palolo Valley Homes can serve as a model for HCDCH in preserving and repairing its troubled public housing stock without displacing the residents living in the units.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 51, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Hogue).

SCRep. 3584 (Joint/Majority) Judiciary and Hawaiian Affairs and Intergovernmental Affairs on S.C.R. No. 202

The purpose of this measure is to request the Attorney General to analyze the existing law to identify any impediment to the Department of Taxation's implementation of the collection of the county general excise tax surcharge beginning January 1, 2007. This measure also requests the Department of Taxation to establish a plan to implement the administration and collection of the county surcharge on the general excise tax.

Your Committees received comments on this measure from the Attorney General.

Your Committees find that Act 247, Session Laws of Hawaii 2005 (Act 247), authorized the counties to establish a surcharge on the general excise tax to fund county mass transportation projects. Act 247 also authorized the Department of Transportation to administer and collect the county surcharge and retain ten percent of the surcharge for administrative purposes.

Your Committees further find that the Attorney General, as the State's legal officer, is the appropriate entity to analyze existing law to identify impediments to implementing the Department of Taxation's timely collection of the county surcharge. This analysis will enable the Legislature to take any necessary corrective action before the 2006 Regular Session is concluded.

As affirmed by the records of votes of the members of your Committees on Judiciary and Hawaiian Affairs and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 202 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, 1 (Slom). Excused, 5 (Baker, Hee, Ihara, Inouye, Nishihara).

SCRep. 3585 Health on S.R. No. 136

The purpose of this measure is to request the Judiciary to establish an appropriate fee for court-ordered forensic evaluations and to provide copies of the examination reports to the Department of Health.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, and the Hawaii Disability Rights Center. The Judiciary submitted comments to this measure. Your Committee received testimony in opposition to the measure from the Department of Health.

Your Committee finds that requesting the Judiciary to establish appropriate fees for forensic evaluations and to provide the Department of Health with copies of these evaluation reports will streamline the forensic evaluation process for pretrial detainees.

Your Committee has amended this measure in response to the testimony submitted by the Department of Health by eliminating superfluous language.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 136, as amended herein, and recommends that it be referred to the Committee on Judiciary and Hawaiian Affairs, in the form attached hereto as S.R. No. 136, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3586 Health on S.C.R. No. 206

The purpose of this measure is to request the Judiciary to establish an appropriate fee for court-ordered forensic evaluations and to provide copies of the examination reports to the Department of Health.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, and the Hawaii Disability Rights Center. The Judiciary submitted comments to this measure. Your Committee received testimony in opposition to the measure from the Department of Health.

Your Committee finds that requesting the Judiciary to establish appropriate fees for forensic evaluations and to provide the Department of Health with copies of these evaluation reports will streamline the forensic evaluation process for pretrial detainees.

Your Committee has amended this measure in response to the testimony submitted by the Department of Health by eliminating superfluous language.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 206, as amended herein, and recommends that it be referred to the Committee on Judiciary and Hawaiian Affairs, in the form attached hereto as S.C.R. No. 206, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Tsutsui).

SCRep. 3587 Human Services on S.C.R. No. 210

The purpose of this measure is to request the Department of Human Services to facilitate an audit of each agency that receives Head Start funding from the State.

Your Committee received testimony in support of the measure from one individual. The Department of Human Services submitted comments on this measure.

Your Committee finds that this measure requests the Department of Human Services to facilitate an examination of the state agencies receiving Head Start funding in order to ensure adequate policies and procedures and proper expenditures of state funds.

Your Committee has amended this measure by replacing its contents with provisions requesting the Department of Human Services, in conjunction with the Head Start Collaboration Office, the Department of Labor and Industrial Relations, and the Department of Health, to perform a management, operational, and financial review of Early Head Start and Head Start to determine resources and to identify ways to improve the effectiveness of services for eligible children.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 210, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 210, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Kokubun).

SCRep. 3588 Human Services on S.R. No. 140

The purpose of this measure is to request the Department of Human Services to facilitate an audit of each agency that receives Head Start funding from the State.

Your Committee received testimony in support of the measure from one individual. The Department of Human Services submitted comments on this measure.

Your Committee finds that this measure requests the Department of Human Services to facilitate an examination of the state agencies receiving Head Start funding in order to ensure adequate policies and procedures and proper expenditures of state funds.

Your Committee has amended this measure by replacing its contents with provisions requesting the Department of Human Services, in conjunction with the Head Start Collaboration Office, the Department of Labor and Industrial Relations, and the Department of Health, to perform a management, operational, and financial review of Early Head Start and Head Start to determine resources and to identify ways to improve the effectiveness of services for eligible children.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 140, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 140, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Kokubun).

SCRep. 3589 (Joint) Human Services and Labor on S.C.R. No. 13

The purpose of this measure is to request the governor to convene a work-family task force to examine Hawaii's family laws and policies and to request the Legislative Reference Bureau to study other states' laws and practices that promote good work-family policy.

Your Committees received testimony in support of the measure from the Executive Office on Aging and the Policy Advisory Board for Elder Affairs. Comments were received from the Legislative Reference Bureau.

Your Committees find that caregivers often are required to balance the demands of work, family, and caregiving responsibilities. The study requested in this measure will highlight programs and caregiver support currently available in Hawaii and present information regarding opportunities for service expansion or improvement as utilized in other states.

As affirmed by the records of votes of the members of your Committees on Human Services and Labor that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 13 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 2 (Kokubun, Taniguchi).

SCRep. 3590 (Joint) Human Services and Labor on S.R. No. 160

The purpose of this measure is to request the governor to convene a work-family task force to examine Hawaii's family laws and policies and to request the Legislative Reference Bureau to study other states' laws and practices that promote good work-family policy.

Your Committees received testimony in support of the measure from the Executive Office on Aging and the Policy Advisory Board for Elder Affairs. Comments were received from the Legislative Reference Bureau.

Your Committees find that caregivers often are required to balance the demands of work, family, and caregiving responsibilities. The study requested in this measure will highlight programs and caregiver support currently available in Hawaii and present information regarding opportunities for service expansion or improvement as utilized in other states.

As affirmed by the records of votes of the members of your Committees on Human Services and Labor that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 160 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 2 (Kokubun, Taniguchi).

SCRep. 3591 Human Services on S.C.R. No. 67

The purpose of this measure is to request the Department of Human Services to ensure that the current residential alternative community care program model is not dismantled with the proposed QUEST expanded access program.

Your Committee received testimony in support of the measure from the Case Management Council, Case Management Inc., Catholic Charities Hawaii, Miyata Reporting Services, the Adult Foster Home Association of Hawaii, and one hundred eighty-nine individuals. The Department of Human Services submitted testimony in opposition to this measure. Your Committee received comments on the measure from Evercare and Aloha Care.

Your Committee finds that this measure requests that the Department of Human Services perpetuate the current Residential Alternative Community Care program model, which is comprised of a licensed case management agency coupled with a community care foster family home.

Your Committee has amended this measure by adding provisions describing the Residential Alternatives Community Care Foster Family Homes Service Array, recognizing that case management agencies provide case management and service assessment functions,

and requesting the Department of Human Services, the Adult Foster Home Association, the Case Management Council, and other interested stakeholders to work together to clearly define the three distinct components of the Residential Alternatives Community Care Foster Family Homes Service Array and their mode of service delivery for inclusion in the Department's Request for Proposal regarding the QUEST Expanded Access Program.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 67, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 67, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Kokubun).

SCRep. 3592 Human Services on S.R. No. 44

The purpose of this measure is to request the Department of Human Services to ensure that the current residential alternative community care program model is not dismantled with the proposed QUEST expanded access program.

Your Committee received testimony in support of the measure from the Case Management Council, Case Management Inc., Catholic Charities Hawaii, Miyata Reporting Services, the Adult Foster Home Association of Hawaii, and one hundred eighty-nine individuals. The Department of Human Services submitted testimony in opposition to this measure. Your Committee received comments on the measure from Evercare and Aloha Care.

Your Committee finds that this measure requests that the Department of Human Services perpetuate the current Residential Alternative Community Care program model, which is comprised of a licensed case management agency coupled with a community care foster family home.

Your Committee has amended this measure by adding provisions describing the Residential Alternatives Community Care Foster Family Homes Service Array, recognizing that case management agencies provide case management and service assessment functions, and requesting the Department of Human Services, the Adult Foster Home Association, the Case Management Council, and other interested stakeholders to work together to clearly define the three distinct components of the Residential Alternatives Community Care Foster Family Homes Service Array and their mode of service delivery for inclusion in the Department's Request for Proposal regarding the QUEST Expanded Access Program.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 44, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 44, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Kokubun).

SCRep. 3593 Transportation and Government Operations on S.C.R. No. 131

The purpose of this measure is to request the Office of Hawaiian Affairs to convene a task force to make recommendations on the appropriate lease rent for the Mauna Kea Summit Lands.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Mauna Kea Anaina Hou, and Sierra Club-Hawaii Chapter. Comments were submitted by the University of Hawaii System.

The Mauna Kea summit land is ceded land and part of the public land trust. The lease agreement dated June 21, 1968, for a term of sixty-five years, between the Department of Land and Natural Resources as lessor, and the University of Hawaii as lessee, for the lease of the Mauna Kea forest reserve does not provide for any lease rent amount. Instead of charging lease rent, the university reportedly requires each facility to provide a percentage of its observatory time to the University of Hawaii Institute for Astronomy.

Your Committee finds that a long-standing and genuine issue has arose as to the amount of lease rent that should be paid for use of the Mauna Kea Summit land. The Office of Hawaiian Affairs has the knowledge and resources to convene a task force to bring the interested parties together to confer and cooperate to reach a mutually agreeable solution to the issue.

Your Committee has amended this measure by adding the Royal Order of Kamehameha O Mamalahoa, Heiau Helu `Elua (the one not affiliated with the University of Hawaii), Mauna Kea Anaina Hou, and Sierra Club-Hawaii Chapter to the task force.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 131, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 131, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Hee, Kanno, Whalen).

SCRep. 3594 Labor on S.C.R. No. 106

The purpose of this measure is to urge Hawaii employers to develop and implement standards of conduct and policies for managers and employees to reduce workplace bullying and promote healthful and safe work environments.

Testimony in support of this measure was submitted by the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO, the Hawaii Federation of Business and Professional Women, and two individuals.

Your Committee finds that the current law seeks to provide employees throughout the State with safe and healthful work environments. However, beyond membership in a protected class, certain employees are continually subjected without recourse to abusive work environments, where workplace bullying is a prevalent occurrence. Your Committee further finds that employers can provide safeguards for their employees that will not only protect the employees, but also ultimately result in increasing the success and prosperity of their businesses. This measure encourages employers within the State to develop and implement policies and standards of conduct aimed at reducing workplace bullying and creating healthful and safe working conditions for employees. Your Committee determines that a wealth of resources is currently available to assist employers in developing and implementing these policies and has amended the measure to provide guidance in this manner. Furthermore, in order to properly track and ascertain the necessity of future legislative action, your Committee also believes that a system must be established for recording and analyzing the effects of the implementation of these types of policies.

Accordingly, your Committee has amended this measure by:

- (1) Including information regarding resources for developing and implementing policies and standards of conduct to reduce workplace bullying;
- (2) Requesting employers who develop and implement policies to report such to the Department of Labor and Industrial Relations; and
- (3) Requesting the Department of Labor and Industrial Relations to report to the Legislature on the businesses that have developed and implemented policies regarding workplace bullying.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 106, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 106, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 1 (Taniguchi).

SCRep. 3595 Labor on S.R. No. 62

The purpose of this measure is to urge Hawaii employers to develop and implement standards of conduct and policies for managers and employees to reduce workplace bullying and promote healthful and safe work environments.

Testimony in support of this measure was submitted by the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO, the Hawaii Federation of Business and Professional Women, and three individuals.

Your Committee finds that the current law seeks to provide employees throughout the State with safe and healthful work environments. However, beyond membership in a protected class, certain employees are continually subjected without recourse to abusive work environments, where workplace bullying is a prevalent occurrence. Your Committee further finds that employers can provide safeguards for their employees that will not only protect the employees, but also ultimately result in increasing the success and prosperity of their businesses. This measure encourages employers within the State to develop and implement policies and standards of conduct aimed at reducing workplace bullying and creating healthful and safe working conditions for employees. Your Committee determines that a wealth of resources is currently available to assist employers in developing and implementing these policies and has amended the measure to provide guidance in this manner. Furthermore, in order to properly track and ascertain the necessity of future legislative action, your Committee also believes that a system must be established for recording and analyzing the effects of the implementation of these types of policies.

Accordingly, your Committee has amended this measure by:

- (1) Including information regarding resources for developing and implementing policies and standards of conduct to reduce workplace bullying;
- (2) Requesting employers who develop and implement policies to report such to the Department of Labor and Industrial Relations; and
- (3) Requesting the Department of Labor and Industrial Relations to report to the Legislature on the businesses that have developed and implemented policies regarding workplace bullying.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 62, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 62, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 1 (Taniguchi).

SCRep. 3596 (Joint) Labor and Intergovernmental Affairs on S.C.R. No. 49

The purpose of this measure is to request the Department of Labor and Industrial Relations to authorize the State Fire Council to employ an administrator and an administrative assistant.

Testimony in support of this measure was submitted by the State Fire Council, the Honolulu Fire Department, and the Fire Chief of the County of Hawaii Fire Department. Comments on the measure were submitted by the Department of Labor and Industrial Relations.

Your Committees find that the current structure of the State Fire Council often requires its members to take time away from their regular duties with the county fire departments to fulfill the duties of the Council. Your Committees further find that the current law does not authorize the employment of an administrator or other support staff for the Council. As a result, concerns have been raised regarding whether the duties of the Council can be adequately fulfilled without the establishment of additional positions to assist the Council. This measure raises several questions regarding the extent to which full-time, permanent positions are needed to aid the Council, the nature of the status of those positions, and the funds necessary to provide for the these positions. Your Committees believe that further examination of the Council, its duties, and requirements are needed to ascertain the proper course of action.

Accordingly, your Committees have amended this measure by:

- (1) Requesting DLIR to study the State Fire Council, including its duties, workload, and resources; and
- (2) Requesting DLIR to submit a report to the Legislature regarding its findings and recommendations, including budget proposals as necessary.

As affirmed by the records of votes of the members of your Committees on Labor and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 49, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 49, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (English, Inouye, Nishihara, Taniguchi).

SCRep. 3597 (Joint) Labor and Intergovernmental Affairs on S.R. No. 30

The purpose of this measure is to request the Department of Labor and Industrial Relations to authorize the State Fire Council to employ an administrator and an administrative assistant.

Testimony in support of this measure was submitted by the State Fire Council, the Honolulu Fire Department, and the Fire Chief of the County of Hawaii Fire Department. Comments on the measure were submitted by the Department of Labor and Industrial Relations.

Your Committees find that the current structure of the State Fire Council often requires its members to take time away from their regular duties with the county fire departments to fulfill the duties of the Council. Your Committees further find that the current law does not authorize the employment of an administrator or other support staff for the Council. As a result, concerns have been raised regarding whether the duties of the Council can be adequately fulfilled without the establishment of additional positions to assist the Council. This measure raises several questions regarding the extent to which full-time, permanent positions are needed to aid the Council, the nature of the status of those positions, and the funds necessary to provide for the these positions. Your Committees believe that further examination of the Council, its duties, and requirements are needed to ascertain the proper course of action.

Accordingly, your Committees have amended this measure by:

- (1) Requesting DLIR to study the State Fire Council, including its duties, workload, and resources; and
- (2) Requesting DLIR to submit a report to the Legislature regarding its findings and recommendations, including budget proposals as necessary.

As affirmed by the records of votes of the members of your Committees on Labor and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 30, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 30, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (English, Inouye, Nishihara, Taniguchi).

SCRep. 3598 Education and Military Affairs on S.C.R. No. 75

The purpose of this measure is to request that the Department of Education (DOE) allow gifted and talented students to take online classes from accredited universities for credit toward DOE requirements.

Your Committee received testimony in support of this measure from one individual. Testimony supporting the intent of this measure was received from the DOE.

Your Committee finds that the Department of Education has existing procedures in place to earn distance learning credits online and through study at other accredited institutions, but that the DOE should make this information more widely available, including on its web site. Your Committee further finds that this measure should not be limited to gifted and talented students.

Your Committee has amended this measure by:

- (1) Requesting that the DOE make available on its web site information on the procedures through which a student may obtain credit approval for distance learning courses;
- (2) Eliminating the references to gifted and talented students to make the resolution more universally applicable; and
- (3) Making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 75, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 75, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Hogue).

SCRep. 3599 Education and Military Affairs on S.R. No. 49

The purpose of this measure is to request that the Department of Education (DOE) allow gifted and talented students to take online classes from accredited universities for credit toward DOE requirements.

Your Committee received testimony in support of this measure from one individual. Testimony supporting the intent of this measure was received from the DOE.

Your Committee finds that the Department of Education has existing procedures in place to earn distance learning credits online and through study at other accredited institutions, but that the DOE should make this information more widely available, including on its web site. Your Committee further finds that this measure should not be limited to gifted and talented students.

Your Committee has amended this measure by:

- (1) Requesting that the DOE make available on its web site information on the procedures through which a student may obtain credit approval for distance learning courses;
- (2) Eliminating the references to gifted and talented students to make the resolution more universally applicable; and
- (3) Making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 49, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 49, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Hogue).

SCRep. 3600 Transportation and Government Operations on S.C.R. No. 41

The purpose of this measure is to request the Department of Transportation and the Executive Office on Aging to collaborate on providing transportation to seniors and to visually impaired persons, and to express the Legislature's support for federal legislation to provide funding for the Independent Transportation Network for a five-year national roll-out and grants.

Your Committee received testimony in support of this measure from the Executive Office on Aging.

Your Committee finds that the elderly and visually impaired population need safe access to and from their activities of daily living. This basic transportation service can vastly improve the quality of life for these individuals by giving them access to doctors, shopping, family visits, and entertainment.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 41 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Hee, Kanno, Whalen).

SCRep. 3601 Transportation and Government Operations on S.R. No. 22

The purpose of this measure is to request the Department of Transportation and the Executive Office on Aging to collaborate on providing transportation to seniors and to visually impaired persons, and to express the Legislature's support for federal legislation to provide funding for the Independent Transportation Network for a five-year national roll-out and grants.

Your Committee received testimony in support of this measure from the Executive Office on Aging.

Your Committee finds that the elderly and visually impaired population need safe access to and from their activities of daily living. This basic transportation service can vastly improve the quality of life for these individuals by giving them access to doctors, shopping, family visits, and entertainment.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 22 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Hee, Kanno, Whalen).

SCRep. 3602 Transportation and Government Operations on S.R. No. 79

The purpose of this measure is to establish a Senate Special Committee to make recommendations on the appropriate lease rent for the Mauna Kea Summit lands.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs. Comments were received from the University of Hawaii System.

The Mauna Kea summit land is ceded land and part of the public land trust. The lease agreement dated June 21, 1968, for a term of sixty-five years, between the Department of Land and Natural Resources as lessor, and the University of Hawaii as lessee, for the lease of the Mauna Kea forest reserve does not provide for any lease rent amount. Instead of charging lease rent, the university reportedly requires each facility to provide a percentage of its observatory time to the University of Hawaii Institute for Institute.

Your Committee finds that a long-standing and genuine issue has arose as to the amount of lease rent that should be paid for use of the Mauna Kea Summit land. A special committee is necessary to bring the parties together to confer and cooperate to reach a mutually agreeable solution to the issue.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 79 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Hee, Kanno, Whalen).

SCRep. 3603 Transportation and Government Operations on S.C.R. No. 199

The purpose of this measure is to request the College of Hawaiian Language at the University of Hawaii at Hilo to work with appropriate government offices to develop a plan to promote the Hawaiian language in all state and county government offices.

Your Committee received testimony in support of this measure from the University of Hawaii at Hilo and the Office of Hawaiian Affairs.

Your Committee finds that developing a plan for use of the Hawaiian language in government offices is appropriate, given the special status of the Hawaiian language as established in the state constitution. The collection and dissemination of the appropriate technology for providing updated letterheads in Hawaiian and English for official state and county stationery will be a logical next step in the Lexicon Development Program of the College of Hawaiian Language.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 199 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Hee, Kanno, Whalen).

SCRep. 3604 Transportation and Government Operations on S.C.R. No. 93

The purpose of this measure is to request the Department of Commerce and Consumer Affairs and the Attorney General to implement measures to provide a smooth transition for public, education, and government access organizations should it be determined by the State Procurement Office that these organizations are subject to the state procurement law.

Your Committee received testimony in support of this measure from Akaku Maui Community Television, Na Leo O Hawaii, and four individuals. Comments were submitted by the Cable Television Division of the Department of Commerce and Consumer Affairs and the Attorney General.

The Department of Commerce and Consumer Affairs entered into and renegotiated contracts between 1990 and 1999 with the following four public, education, and government access organizations: Olelo Community Television; Akaku: Maui Community Television; Hoike: Kauai Community Television; and Na Leo O Hawaii. The Department of the Attorney General informed the Department of Commerce and Consumer Affairs some time after December 2003 that contracts with the public, education, and government access organizations must comply with the state procurement law.

Your Committee finds that problems with purchases of equipment and long-term maintenance of this equipment by the current public, education, and government access organizations may arise for the Department of Commerce and Consumer Affairs and the current public, education, and government access organizations with the application of the state procurement law. The application of the state procurement law to the contract process between the Department of Commerce and Consumer Affairs and the current public, education, and government access organizations may disrupt the consistent provision of service and long-term maintenance of equipment. The current public, education, and government access organizations do not receive any governmental monies from the state general fund or the Department of Commerce and Consumer Affairs' Compliance Resolution Fund.

Your Committee believes that the Department of Commerce and Consumer Affairs and the Attorney General should implement measures to provide a smooth transition to public, education, and government access organizations should it be finally determined by the State Procurement Office that the public, education, and government access organizations are subject to the state procurement law.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 93, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Hee, Kanno, Whalen).

SCRep. 3605 (Joint) Health and Human Services on S.R. No. 64

The purpose of this measure is to urge the United States Congress to examine the public policy underlying the recovery of medical assistance payments.

Your Committees received testimony in support of this measure from one individual.

Your Committees find that current federal statutes allow lien exemptions for a sibling who has resided in the home for one year and who has an equity interest in the home, for disabled or minor children, and spouses. A lien exemption should also apply to adult, non-disabled children residing for at least one year in the home and who have an equity interest in the home. Allowing a Medicaid agency to place a lien on a beneficiary's home often causes financial hardship for the beneficiary's adult child, particularly when he or she has resided in the home for a long period of time.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 64 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (Hanabusa, Ihara, Kokubun, Tsutsui).

SCRep. 3606 Media, Arts, Science and Technology on S.C.R. No. 10

The purpose of this measure is to provide legislative support for the preservation of traditional Japanese shrines and temples in Hawaii.

Your Committee received testimony in support of this measure from a private individual. The Department of Land and Natural Resources submitted comments.

Traditional Japanese shrines and temples in Hawaii have served as important religious, social, and cultural centers for immigrant populations while assimilating themselves into Hawaii. These shrines and temples also showcase unique architectural forms that combine traditional Japanese architectural motifs with new materials, construction methods, and architectural forms that are unique to Hawaii. Your Committee finds that the preservation of these shrines and temples will preserve their unique architectural forms and will provide economic and cultural benefits for the State.

Your Committee has amended this measure by:

- (1) Requesting that the Department of Land and Natural Resources consult with the Japanese Cultural Center of Hawaii to identify the Japanese temples and shrines in Hawaii and indicate the temple or shrine's physical condition, if possible;
- (2) Requesting that the Department of Land and Natural Resources submit a report to the Legislature on the information gathered on Hawaii's Japanese temples and shrines, and any preservation recommendations;
- (3) Adding the Chairperson of the Department of Land and Natural Resources and the Chairperson of the Japanese Cultural Center of Hawaii to the list of designated recipients to receive a certified copy; and
- (4) Making technical, nonsubstantive changes for style and format.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 10, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 10, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hogue).

SCRep. 3607 Media, Arts, Science and Technology on S.C.R. No. 222

The purpose of this measure is to encourage the creation of a Hawaii State History Museum to serve as a central point that will provide a comprehensive perspective on the history of the various people, cultures, and places of Hawaii.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs and a private individual. The Department of Land and Natural Resources submitted comments.

Hawaii residents and visitors should have the opportunity to enrich themselves with the rich cultural and historical heritage that is unique to the State. Although the Bernice Pauahi Bishop Museum is designated as the State of Hawaii Museum of Natural and Cultural History, Hawaii does not have a central institution that provides a comprehensive perspective on the history of the various people, cultures, and places of Hawaii. A state history museum could serve as a depository for historic property such as photographs, artifacts, and specimens, and objects of natural, botanical, ethnological, architectural, historical, or archaeological value or interest.

Your Committee finds that a Hawaii State History Museum will provide an opportunity to bring the various cultures of Hawaii together through the sharing of collective and individual histories, which will allow for a greater appreciation of cultural similarities and differences. A Hawaii State History Museum will provide economic and cultural benefits for the State and create a legacy for future generations.

Your Committee has amended this measure by:

- (1) Amending the title to request a feasibility report on creating a Hawaii State History Museum;
- (2) Deleting language that requests the Department of Land and Natural Resources to create a Hawaii State History Museum and replacing it with language that requests the Department to consult with the Bishop Museum and the Hawaii Museums Association on the feasibility of creating a state history museum;
- (3) Deleting language that requests the Department to submit a report to the Legislature on the Department's plan for the establishment, implementation, operation, and maintenance of a state history museum and replacing it with language that requests the Department to submit a report on the feasibility of creating this type of museum; and
- (4) Adding the President and the Chief Executive Officer of the Bishop Museum and the President of the Hawaii Museums Association to the list of recipients receiving a certified copy.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 222, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 222, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hogue).

SCRep. 3608 Water, Land, and Agriculture on S.C.R. No. 56

The purpose of this measure is to reduce the feral pig population in the Tantalus area.

Testimony in support of this measure was submitted by one individual. Testimony in opposition to this measure was submitted by the Department of Land and Natural Resources and one individual.

Your Committee finds that feral pigs are an invasive species that cause considerable damage to the environment. They have migrated in increasing numbers from state land to neighborhoods and other residential areas causing property damage and disturbances. This measure requests the Department of Land and Natural Resources to prepare a plan to reduce the feral pig population in the Tantalus area.

However, your Committee further finds that throughout the State, the feral pig population is increasing, and the destruction and disturbances they cause are pervasive. Thus, your Committee has amended this measure by expanding the scope of the plan to cover the entire State rather than just the Tantalus area.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 56, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 56, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hemmings).

SCRep. 3609 Water, Land, and Agriculture on S.R. No. 43

The purpose of this measure is to request the Legislative Reference Bureau to study and evaluate the feasibility of establishing an economic redevelopment agency for the urban core of Honolulu.

Testimony in support of this measure was submitted by the Hawaii Community Development Authority. Comments were submitted by the Legislative Reference Bureau.

Your Committee finds that the Hawaii Community Development Authority was established thirty years ago to ensure that the Kakaako area is invigorated as a dynamic urban neighborhood and to bring together a wide spectrum of activities and commerce, as well as a greater mixture of Hawaii's population. This measure continues this objective by studying and evaluating the feasibility of establishing an economic redevelopment agency for the urban core of Honolulu.

However, your Committee notes that the redevelopment agency, if established, would probably fall under the City and County of Honolulu's jurisdiction. Thus, your Committee requests the Legislative Reference Bureau to work closely with the City and County of Honolulu, as the city will need to examine this issue for future developments such as a mass transit system.

Your Committee has amended this measure by deleting the need to consider whether the redevelopment agency should be empowered to create superblocks.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 43, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 43, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3610 Water, Land, and Agriculture on S.R. No. 119

The purpose of this measure is to request the auditor to conduct a study to determine the multiplier effect of the agricultural industry in Hawaii's economy.

Testimony in support of this measure was submitted by the Department of Agriculture, the Dean of the University of Hawaii College of Tropical Agriculture and Human Resources, the Hawaii Crop Improvement Association, the Hawaii Farm Bureau Federation, Maui Land & Pineapple Company, Meadow Gold Dairies, the Pineapple Growers Association of Hawaii, and one individual.

Your Committee finds that there is a need for business and government policy makers to be informed of the multiplier effect for increases or decreases in agricultural production on employment, purchases of agricultural inputs, and consumer spending on goods and services. Currently, there are mathematical techniques that may be used to measure the multiplier effect on numerous factors; however, those models typically do not address or conform to Hawaii's unique economy. This measure requests a study to establish models that are appropriate for Hawaii.

Your Committee has amended this measure by:

- (1) Requesting the Department of Agriculture, rather than the Auditor, to perform the study;
- (2) Requesting the Department of Business, Economic Development, and Tourism and the University of Hawaii College of Tropical Agriculture and Human Resources to assist the Department of Agriculture in establishing the appropriate models; and
- (3) Providing that certified copies of the resolution be transmitted to the Chair of the Board of Agriculture; the Director of Business, Economic Development, and Tourism; the President of the University of Hawaii; and the Dean of the University of Hawaii College of Tropical Agriculture and Human Resources.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 119, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 119, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3611 Water, Land, and Agriculture on S.R. No. 78

The purpose of this measure is to request the Department of Land and Natural Resources to recommend solutions to abate and prevent the accumulation of sediment at Wailoa Small Boat Harbor and along Hilo Bayfront.

Testimony in support of this measure was submitted by eleven individuals. Comments were also submitted by the Department of Land and Natural Resources.

Your Committee finds that the Wailoa River discharges into Hilo Bay and is one of the major sources of sediment in the bay. The movement of water from the river is generally insufficient to flush out silt and mud. Thus, Wailoa River and Hilo Bay are both subject to chronic nonpoint source pollution with high bacterial counts. This measure requests the Department of Land and Natural Resources to recommend solutions to abate and prevent the accumulation of sediment at Wailoa Small Boat Harbor and along Hilo Bayfront.

Your Committee notes that the Department of Land and Natural Resources has requested an emergency appropriation of \$1,200,000 to dredge the Wailoa Small Boat Harbor channel, and your Committee further finds that long-term abatement of the sediment in this area should be addressed by the Department of Health and the County of Hawaii.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 78, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3612 Water, Land, and Agriculture on S.R. No. 86

The purpose of this measure is to request the University of Hawaii College of Tropical Agriculture and Human Resources to study the feasibility of mandated or incentive-based voluntary rooftop landscaping and agriculture in urban districts.

Testimony in support of this measure was submitted by the Department of Agriculture, the University of Hawaii College of Tropical Agriculture and Human Resources, and the Hawaii Farm Bureau Federation.

Scientific testing in several countries has shown that rooftop landscaping helps to reduce the amount of pollutants and dust particles in the air and water. Your Committee finds that encouraging more of these projects across the State is appropriate. Accordingly, this measure requests the University of Hawaii College of Tropical Agriculture and Human Resources to study the feasibility of mandated or incentive-based voluntary rooftop landscaping and agriculture in urban districts.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 86 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3613 Water, Land, and Agriculture on S.C.R. No. 178

The purpose of this measure is to request the auditor to conduct a study to determine the multiplier effect of the agricultural industry in Hawaii's economy.

Testimony in support of this measure was submitted by the Department of Agriculture, the Dean of the University of Hawaii College of Tropical Agriculture and Human Resources, the Hawaii Crop Improvement Association, the Hawaii Farm Bureau Federation, Maui Land & Pineapple Company, Meadow Gold Dairies, the Pineapple Growers Association of Hawaii, and one individual.

Your Committee finds that there is a need for business and government policy makers to be informed of the multiplier effect for increases or decreases in agricultural production on employment, purchases of agricultural inputs, and consumer spending on goods and services. Currently, there are mathematical techniques that may be used to measure the multiplier effect on numerous factors; however, those models typically do not address or conform to Hawaii's unique economy. This measure requests a study to establish models that are appropriate for Hawaii.

Your Committee has amended this measure by:

- (1) Requesting the Department of Agriculture, rather than the Auditor, to perform the study;
- (2) Requesting the Department of Business, Economic Development, and Tourism and the University of Hawaii College of Tropical Agriculture and Human Resources to assist the Department of Agriculture in establishing the appropriate models; and
- (3) Providing that certified copies of the resolution be transmitted to the Chair of the Board of Agriculture; the Director of Business, Economic Development, and Tourism; the President of the University of Hawaii; and the Dean of the University of Hawaii College of Tropical Agriculture and Human Resources.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 178, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 178, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3614 Water, Land, and Agriculture on S.C.R. No. 139

The purpose of this measure is to request the University of Hawaii College of Tropical Agriculture and Human Resources to study the feasibility of mandated or incentive-based voluntary rooftop landscaping and agriculture in urban districts.

Testimony in support of this measure was submitted by the Department of Agriculture, the University of Hawaii College of Tropical Agriculture and Human Resources, and the Hawaii Farm Bureau Federation.

Scientific testing in several countries has shown that rooftop landscaping helps to reduce the amount of pollutants and dust particles in the air and water. Your Committee finds that encouraging more of these projects across the State is appropriate. Accordingly, this measure requests the University of Hawaii College of Tropical Agriculture and Human Resources to study the feasibility of mandated or incentive-based voluntary rooftop landscaping and agriculture in urban districts.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 139 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3615 Water, Land, and Agriculture on S.C.R. No. 130

The purpose of this measure is to request the Department of Land and Natural Resources to recommend solutions to abate and prevent the accumulation of sediment at Wailoa Small Boat Harbor and along Hilo Bayfront.

Testimony in support of this measure was submitted by eleven individuals. Comments were also submitted by the Department of Land and Natural Resources.

Your Committee finds that the Wailoa River discharges into Hilo Bay and is one of the major sources of sediment in the bay. The movement of water from the river is generally insufficient to flush out silt and mud. Thus, Wailoa River and Hilo Bay are both subject to chronic nonpoint source pollution with high bacterial counts. This measure requests the Department of Land and Natural Resources to recommend solutions to abate and prevent the accumulation of sediment at Wailoa Small Boat Harbor and along Hilo Bayfront.

Your Committee notes that the Department of Land and Natural Resources has requested an emergency appropriation of \$1,200,000 to dredge the Wailoa Small Boat Harbor channel, and your Committee further finds that long-term abatement of the sediment in this area should be addressed by the Department of Health and the County of Hawaii.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 130, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3616 Water, Land, and Agriculture on S.C.R. No. 66

The purpose of this measure is to request the Legislative Reference Bureau to study and evaluate the feasibility of establishing an economic redevelopment agency for the urban core of Honolulu.

Testimony in support of this measure was submitted by the Hawaii Community Development Authority. Comments were submitted by the Legislative Reference Bureau.

Your Committee finds that the Hawaii Community Development Authority was established thirty years ago to ensure that the Kakaako area is invigorated as a dynamic urban neighborhood and to bring together a wide spectrum of activities and commerce, as well as a greater mixture of Hawaii's population. This measure continues this objective by studying and evaluating the feasibility of establishing an economic redevelopment agency for the urban core of Honolulu.

However, your Committee notes that the redevelopment agency, if established, would probably fall under the City and County of Honolulu's jurisdiction. Thus, your Committee requests the Legislative Reference Bureau to work closely with the City and County of Honolulu, as the city will need to examine this issue for future developments such as a mass transit system.

Your Committee has amended this measure by deleting the need to consider whether the redevelopment agency should be empowered to create superblocks.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 66, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 66, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3617 Water, Land, and Agriculture on S.C.R. No. 62

The purpose of this measure is to request the Governor to proclaim the second Saturday in October "E Ho'ola I Na Ala Hele Day" – "To Give Life to the Trails Day."

Testimony in support of this measure was submitted by the Department of Land and Natural Resources.

On October 15, 1892, the Kingdom's Highways Act, a very unique and significant measure, was enacted. Today, the Department of Land and Natural Resources uses the Act to ascertain and protect the public and government's interest in ancient and historic trails through its Nā Ala Hele Program. Thus, your Committee finds that honoring Hawaii's trails on the second Saturday of each October is appropriate.

Your Committee has amended this measure by making technical, nonsubstantive changes for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 62, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 62, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3618 Commerce, Consumer Protection and Housing on S.C.R. No. 77

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study of recommended procedures that will ensure adequacy of state health care reimbursements to providers who provide services for Medicaid or QUEST recipients for the actual costs of health care services.

Testimony in support of this measure was submitted by Healthcare Association of Hawaii, Kaiser Permanente, Hawaii Pacific Health, the Hawaii Business Roundtable, and the Hawaii Long Term Care Association. The Legislative Reference Bureau submitted comments on this measure.

Your Committee finds that the State pays for a considerable amount of health care and controls certain types of payments for health care made to providers. Your Committee further finds that it is in the public interest to ensure that these health care payments made with state funds or controlled by the State are sufficient to cover the actual costs of care in the Medicare or QUEST context and under the workers compensation insurance system.

Accordingly, your Committee has amended this measure by requesting that the Legislative Reference Bureau conduct two studies that examine payments to providers of health care services: one for Medicaid or QUEST recipients and another for injured employees under workers compensation insurance. Your Committee further amended this measure by requesting that the Legislative Reference Bureau submit these two studies on a staggered basis prior to the Regular Sessions of 2007 and 2008.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 77, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 77, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Espero, Hogue).

SCRep. 3619 Commerce, Consumer Protection and Housing on S.C.R. No. 152

The purpose of this measure is to request that public housing tenants be empowered through participation in the democratic process.

The purpose of this measure, as amended, is to request the Legislative Reference Bureau to conduct an interim study of the need for greater regulation of the medical malpractice insurance industry in Hawaii and to propose needed reforms.

Your Committee received testimony in support of the amended measure from the Consumer Lawyers of Hawaii. Testimony in opposition was received from the State Insurance Commissioner.

Your Committee finds that Hawaii is having difficulty attracting and retaining physicians, particularly those with specialty practices subject to high medical malpractice insurance premiums such as obstetrics, gynecology, and trauma care. Many states are examining the high cost of medical malpractice insurance and insurers' claims that high premiums are solely attributable to large damage awards.

According to the *Honolulu Advertiser* in an article on May 9, 2005, rising medical malpractice premiums and fears of lawsuits are taking their toll on the quality of healthcare in Hawaii, particularly in orthopedics and obstetrics, where high costs are driving some doctors to quit. In some parts of the State, hospitals are facing a critical shortage of emergency room orthopedic surgeons who handle trauma cases, such as car crashes. Lawsuits remain the main concern. The situation is particularly acute in rural areas and on the Neighbor Islands, where the rising medical malpractice insurance rates only serve to contribute to the already scarce supply of medical specialists.

This measure calls for a study of the rising cost of medical malpractice insurance in Hawaii to evaluate the need to increase the regulation and transparency of the Hawaii medical malpractice insurance industry and to propose needed reforms. Hawaii cannot afford to ignore this subtle yet pernicious problem that has been manifest and pervasive in other states. Thus, this study is in the interests of promoting the public health and welfare, as well as protection of the public's safety.

Your Committee has amended this measure by deleting its contents and substituting the study by the Legislative Reference Bureau, and adding that the Legislative Reference Bureau confer with the legal community. Your Committee recommends that the Consumer Lawyers of Hawaii be included among those in the legal community to be consulted.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 152, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 152, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3620 Commerce, Consumer Protection and Housing on S.R. No. 71

The purpose of this measure is to request a study by the University of Hawaii on creating contributory affordable housing solutions through mandated state special assessments against real property and improvements that accrue to commercial and industrial lessors through the exercise of full-term expiratory reversion clauses in ground lease contracts entered into after December 31, 1963.

Testimony in support of the measure was submitted by two individuals. The Land Use Research Foundation of Hawaii (LURF) testified in strong opposition.

Your Committee finds that although LURF has raised a serious constitutional question relating to impairment of contracts, the study requested by this resolution may help to settle, without litigation, a controversy between certain commercial and industrial lessors and lessees. The issue is whether any profits accruing to lessors from leasehold reversionary clauses would justify a mandatory state special assessment, as proposed in the resolution.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 71 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3621 Commerce, Consumer Protection and Housing on S.C.R. No. 113

The purpose of this measure is to request that the Legislative Reference Bureau (LRB) study the sale of telephone customer usage pattern records to telemarketers.

On April 7, 2006, your Committee filed a hearing notice and a proposed Senate Draft 1 of this measure requesting that the LRB study the issue of authorizing psychologists who have obtained the appropriate education, training, and experience to prescribe a limited formulary of psychotic medications for the treatment of mental illness while practicing in federally qualified health centers or licensed health clinics located in federally designated medically underserved areas or in mental health professional shortage areas.

Testimony in support of the proposed measure was submitted by the Hawaii Psychiatric Medical Association. Proposed revisions to this measure were submitted by the Hawaii Psychological Association.

Your Committee finds that there are competing views on proposed legislation to confer prescriptive authority on clinical psychologists. Proponents of the legislation posit that there are not enough psychiatrists available to serve patients at federally qualified health centers in the State. Proponents of the legislation also argue that with appropriate education, training, and experience, clinical psychologists may be able to prescribe medications, particularly in these centers where there appear to be barriers to the hiring of psychiatrists. Opponents to the legislation assert that the health, safety, and well-being of the public are at risk if prescriptive authority is not retained and exercised only by medically trained and qualified psychiatrists.

Your Committee further finds that, in the interest of the health, safety, and well-being of the public, there is a need to examine these conflicting views and the pros and cons of the appropriateness of conferring prescriptive authority on clinical psychologists to treat mental illness in the State.

Accordingly, your Committee has amended this measure by:

- (1) Deleting the provisions requesting the LRB to study the sale of telephone customer usage pattern records to telemarketers;
- (2) Inserting provisions explaining the debate on the conferral of prescriptive authority on clinical psychologists; and
- (3) Requesting the LRB to study the issue of authorizing psychologists who have obtained the appropriate education, training, and experience to prescribe a limited formulary of psychotropic medications for the treatment of mental illness, while practicing in federally qualified health centers or licensed health clinics located in federally designate medically underserved areas or in mental health professional shortage areas.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 113, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 113, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Hogue).

SCRep. 3622 Water, Land, and Agriculture on S.C.R. No. 195

The purpose of this measure is to request the Honolulu Board of Water Supply to work with the Housing and Community Development Corporation of Hawaii on replacing the Waiahole Valley water system and for the Board of Water Supply to accept dedication of the upgraded water system.

Testimony in support of this measure was submitted by the Housing and Community Development Corporation of Hawaii, the City and County of Honolulu Board of Water Supply, Waiāhole Landowners Association, and the Waiahole-Waikane Community Association.

Your Committee finds that the City and County of Honolulu Board of Water Supply has the necessary technical experience that the Housing and Community Development Corporation of Hawaii lacks, and therefore the two agencies should work together to replace the Waiahole Valley water system. Your Committee encourages both the City and County of Honolulu Board of Water Supply and the Housing and Community Development Corporation of Hawaii to initiate and continue a dialog with the Waiahole-Waikane community.

Your Committee also notes that the McCandless Water System has a long history regarding its uses and its ownership, and there are many unresolved issues surrounding its ownership. Your Committee recognizes these issues and also acknowledges that the system should continue to be used for agricultural purposes.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 195 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3623 Water, Land, and Agriculture on S.C.R. No. 157

The purpose of this measure is to request the University of Hawaii Board of Regents to name the Komohana Research and Extension Center in honor of Dr. Tadashi Higaki.

Testimony in support of this measure was submitted by the Big Island Dendrobium Growers Association; Green Point Nurseries, Inc.; and eleven individuals.

Dr. Tadashi Higaki was a true son of the Big Island and a friend of farming. His achievements in academia and his ascension through the ranks of the Agricultural Research and Extension were remarkable, and his contribution to the development of diversified agriculture were immense. Your Committee finds that it is appropriate for the University of Hawaii Board of Regents to waive its policy and initiate internal procedures to honor Dr. Higaki.

Your Committee has amended this measure by requesting that the administrative wing of the Komohana Research and Extension Center be named in honor of Dr. Tadashi Higaki.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 157, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 157, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3624 Water, Land, and Agriculture on S.R. No. 113

The purpose of this measure is to request the University of Hawaii Board of Regents to name the Komohana Research and Extension Center in honor of Dr. Tadashi Higaki.

Testimony in support of this measure was submitted by the Big Island Dendrobium Growers Association; Green Point Nurseries, Inc.; and eleven individuals.

Dr. Tadashi Higaki was a true son of the Big Island and a friend of farming. His achievements in academia and his ascension through the ranks of the Agricultural Research and Extension were remarkable, and his contribution to the development of diversified agriculture were immense. Your Committee finds that it is appropriate for the University of Hawaii Board of Regents to waive its policy and initiate internal procedures to honor Dr. Higaki.

Your Committee has amended this measure by requesting that the administrative wing of the Komohana Research and Extension Center be named in honor of Dr. Tadashi Higaki.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 113, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 113, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3625 Water, Land, and Agriculture on S.R. No. 130

The purpose of this measure is to request the Honolulu Board of Water Supply to work with the Housing and Community Development Corporation of Hawaii on replacing the Waiahole Valley water system and for the Board of Water Supply to accept dedication of the upgraded water system.

Testimony in support of this measure was submitted by the Housing and Community Development Corporation of Hawaii, the City and County of Honolulu Board of Water Supply, Waiāhole Landowners Association, and the Waiahole-Waikane Community Association.

Your Committee finds that the City and County of Honolulu Board of Water Supply has the necessary technical experience that the Housing and Community Development Corporation of Hawaii lacks, and therefore the two agencies should work together to replace the Waiahole Valley water system. Your Committee encourages both the City and County of Honolulu Board of Water Supply and the Housing and Community Development Corporation of Hawaii to initiate and continue a dialog with the Waiahole-Waikane community.

Your Committee also notes that the McCandless Water System has a long history regarding its uses and its ownership, and there are many unresolved issues surrounding its ownership. Your Committee recognizes these issues and also acknowledges that the system should continue to be used for agricultural purposes.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 130 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3626 Water, Land, and Agriculture on S.C.R. No. 98

The purpose of this measure is to request the Department of Land and Natural Resources to create a task force to assess the status of Ahu O Laka in Kaneohe Bay, Oahu, and to address other issues related to the site.

Your Committee circulated a proposed amendment to this measure that replaces its contents with language that urges the City and County of Honolulu to proceed with caution in reviewing developments on steep hillsides with potential rockfall hazards.

Testimony in support of this proposed amendment was submitted by the Department of Land and Natural Resources, the University of Hawaii Environmental Center, a City and County of Honolulu city council member, the Nu'uauu/Punchbowl Neighborhood Board, the Law Offices of Philip S. Nerney, LLLC, and nineteen individuals.

In recent years, there have been several rockfalls in the Nu'uauu valley, killing one person in 2002. Currently, there is a private landowner who intends to develop a nine-lot subdivision above existing homes on a very steep terrain. The community believes that this development will put homeowners below in further jeopardy and subject their properties to even greater flooding. Your Committee finds that caution should be used in developing this area. Accordingly, this measure urges the City and County of Honolulu to proceed with caution in reviewing developments on steep hillsides with potential rockfall hazards.

Your Committee notes that the issue of building on steep hillsides with potential rockfall hazards is a pervasive problem, and your Committee further finds that this issue should be addressed statewide in the future.

Your Committee has therefore amended this measure by adopting the proposed amendment.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 98, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 98, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3627 (Joint) Water, Land, and Agriculture, Tourism and Intergovernmental Affairs on S.C.R. No. 196

The purpose of this measure is to reexamine the development expansion plan at the Turtle Bay Resort, given the changing circumstances since it was adopted twenty years ago, to see if a supplemental environmental impact statement is required.

Testimony in support of this measure was submitted by Faith Action for Community Equity, Interfaith Alliance Hawaii, Life of the Land, Local 5, the Surfrider Foundation Oahu Chapter, and ten individuals. Testimony in opposition to this measure was submitted by the City and County of Honolulu's Department of Planning and Permitting, the Carpenters Union, and Kusao & Kurahashi, Inc. Comments were also submitted by the Pacific Resource Partnership.

In 1986, the Council of the City and County of Honolulu approved the Kuilima Expansion Project by issuing a special management area use permit to Kuilima Development Company. At the time the permit was issued, an environmental impact statement was prepared. Since then and for many different reasons, the Kuilima Expansion Project has not been completed, and now the current owners have applied for subdivision permits to move forward on the twenty-year-old development plan.

Many individuals in the North Shore community and even the hotel workers' union object to further development and feel that the more than twenty-year-old environmental impact statement does not accurately assess the subsequent changes in the surrounding community. Your Committees noted testimony from members of the community that expressed strong concerns regarding the need to address socio-economic studies, as well as to assess the traffic impacts of the development.

Under the Department of Health's administrative rules, supplemental environmental impact statements "are not required, to the extent that the action has not changed substantively in size, scope, intensity, use, location or timing, among other things." Hawaii Administrative Rules (H.A.R.) §11-200-26. Further, the "accepting authority or approving agency in coordination with the original accepting authority shall be responsible for determining whether a supplemental statement is required." H.A.R. §11-200-27. Your Committees find that based on the applicable administrative rules, the City and County of Honolulu's Council, in consultation with the City and County of Honolulu Department of Planning and Permitting, is the appropriate entity to determine whether a supplemental statement is necessary.

Accordingly, your Committees have amended this measure by:

- (1) Deleting the whereas clause that concludes that there has been a significant change in timing and impact of the project;
- (2) Clarifying the circumstances of when a supplemental statement is necessary; and
- (3) Clarifying that the City and County of Honolulu Council, in consultation with the Department of Planning and Permitting, is the appropriate entity to determine if a supplemental statement is necessary.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Tourism and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 196, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 196, S.D. 1.

Signed by the Chairs and Vice Chair on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 6 (Baker, Espero, Hooser, Inouye, Tsutsui, Hemmings).

SCRep. 3628 (Joint) Water, Land, and Agriculture, Tourism and Intergovernmental Affairs on S.R. No. 131

The purpose of this measure is to reexamine the development expansion plan at the Turtle Bay Resort, given the changing circumstances since it was adopted twenty years ago, to see if a supplemental environmental impact statement is required.

Testimony in support of this measure was submitted by Faith Action for Community Equity, Interfaith Alliance Hawaii, Life of the Land, Local 5, the Surfrider Foundation Oahu Chapter, and ten individuals. Testimony in opposition to this measure was submitted by the City and County of Honolulu's Department of Planning and Permitting, the Carpenters Union, and Kusao & Kurahashi, Inc. Comments were also submitted by the Pacific Resource Partnership.

In 1986, the Council of the City and County of Honolulu approved the Kuilima Expansion Project by issuing a special management area use permit to Kuilima Development Company. At the time the permit was issued, an environmental impact statement was prepared. Since then and for many different reasons, the Kuilima Expansion Project has not been completed, and now the current owners have applied for subdivision permits to move forward on the twenty-year-old development plan.

Many individuals in the North Shore community and even the hotel workers' union object to further development and feel that the more than twenty-year-old environmental impact statement does not accurately assess the subsequent changes in the surrounding community. Your Committees noted testimony from members of the community that expressed strong concerns regarding the need to address socio-economic studies, as well as to assess the traffic impacts of the development.

Under the Department of Health's administrative rules, supplemental environmental impact statements "are not required, to the extent that the action has not changed substantively in size, scope, intensity, use, location or timing, among other things." Hawaii Administrative Rules (H.A.R.) §11-200-26. Further, the "accepting authority or approving agency in coordination with the original accepting authority shall be responsible for determining whether a supplemental statement is required." H.A.R. §11-200-27. Your Committees find that based on the applicable administrative rules, the City and County of Honolulu's Council, in consultation with the City and County of Honolulu Department of Planning and Permitting, is the appropriate entity to determine whether a supplemental statement is necessary.

Accordingly, your Committees have amended this measure by:

- (1) Deleting the whereas clause that concludes that there has been a significant change in timing and impact of the project;
- (2) Clarifying the circumstances of when a supplemental statement is necessary; and
- (3) Clarifying that the City and County of Honolulu Council, in consultation with the Department of Planning and Permitting, is the appropriate entity to determine if a supplemental statement is necessary.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Tourism and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 131, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 131, S.D. 1.

Signed by the Chairs and Vice Chair on behalf of the Committees.
Ayes, 8. Noes, none. Excused, 6 (Baker, Espero, Hooser, Inouye, Tsutsui, Hemmings).

SCRep. 3629 (Joint) Water, Land, and Agriculture and Intergovernmental Affairs on S.C.R. No. 14

The purpose of this measure is to request Hawaii's Congressional delegation to seek federal funding to be used for programs and measures intended to contain and eradicate coqui frogs in Hawaii.

Testimony in support of this measure was submitted by the Department of Agriculture, the Department of Land and Natural Resources, the County of Hawaii, C&H Farms, Hawaii Association of Realtors, and one individual. Testimony in opposition to this measure was submitted by Animal Rights Hawai'i Advocates for Animals; the Coqui Hawaiian Integration and Reeducation Project; the Good Shepherd Foundation, Inc.; and one individual.

Your Committees finds that the threat of invasive species entering the State is not a new one. In fact, Hawaii's Congressional delegation has diligently worked to secure federal funds for the control and eradication of the brown tree snake. The federal money received helped to fund various control measures, research, prevention, and eradication of the brown tree snake. These efforts have significantly reduced the threat that the snake poses to Hawaii's natural ecosystem and economy. This measure requests Hawaii's Congressional delegation to work with that same vigor and commitment to secure money for the eradication of coqui frogs in the State.

Your Committees have amended this measure by expanding the scope of the request to include the prevention and the eradication of all invasive species threatening Hawaii's natural environment and resources.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 14, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 14, S.D. 1.

Signed by the Chair and Vice Chair on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 4 (English, Hooser, Ige, Inouye).

SCRep. 3630 (Joint) Water, Land, and Agriculture and Intergovernmental Affairs on S.R. No. 5

The purpose of this measure is to request Hawaii's Congressional delegation to seek federal funding to be used for programs and measures intended to contain and eradicate coqui frogs in Hawaii.

Testimony in support of this measure was submitted by the Department of Agriculture, the Department of Land and Natural Resources, the County of Hawaii, C&H Farms, Hawaii Association of Realtors, and one individual. Testimony in opposition to this measure was submitted by Animal Rights Hawai'i Advocates for Animals; the Coqui Hawaiian Integration and Reeducation Project; the Good Shepherd Foundation, Inc.; and one individual.

Your Committees finds that the threat of invasive species entering the State is not a new one. In fact, Hawaii's Congressional delegation has diligently worked to secure federal funds for the control and eradication of the brown tree snake. The federal money received helped to fund various control measures, research, prevention, and eradication of the brown tree snake. These efforts have significantly reduced the threat that the snake poses to Hawaii's natural ecosystem and economy. This measure requests Hawaii's Congressional delegation to work with that same vigor and commitment to secure money for the eradication of coqui frogs in the State.

Your Committees have amended this measure by expanding the scope of the request to include the prevention and the eradication of all invasive species threatening Hawaii's natural environment and resources.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 5, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 5, S.D. 1.

Signed by the Chair and Vice Chair on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 4 (English, Hooser, Ige, Inouye).

SCRep. 3631 Human Services on S.C.R. No. 81

The purpose of this measure is to request the Auditor to conduct an audit of the Department of Human Services' vocational rehabilitation and services for the blind division.

Your Committee circulated a proposed Senate draft for this measure that amends the measure to urge the Department of Human Services to eliminate the concept of positive enrollment from the recently issued QUEST Request for Proposal.

Your Committee received testimony in support of the proposed draft from AlohaCare, the Community Clinic of Maui, Family Voices of Hawai'i, Hale o Lanakila Clubhouse, Hamakua Health Center, Inc., Hana Health, the Hawaii Coalition for Health, the Hawaii Independent Physicians Association, Hawaii Pacific Health, the Hawai'i Primary Care Association, Kalihi-Palama Health Center, MothersCare For Tomorrow's Children, Papa Ola Lokahi, the Queen Emma Clinics, Waianae Coast Comprehensive Health Center, Waikiki Health Center, Waimanalo Health Center, and ten individuals. The Department of Human Services submitted testimony in opposition to the measure.

Your Committee finds that this amended measure advocates the amendment of the Request for Proposal issued by the Department of Human Services on March 13, 2006 to delete the positive enrollment requirement. The concept of positive enrollment means requiring the 165,000 individuals currently enrolled in the QUEST program to affirmatively re-enroll in the plan and select a Primary Care Physician. Those who do not respond will be auto-assigned in a health plan according to an approved algorithm.

Your Committee further finds that the overwhelming consensus of the testimony of the healthcare providers and advocates who work with QUEST recipients was that a positive enrollment requirement would cause widespread confusion among QUEST beneficiaries, disrupt their continuity of care, delay needed palliative and preventive treatment, and otherwise disturb the provision of service to the QUEST population.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 81, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 81, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 3632 Human Services on S.R. No. 52

The purpose of this measure is to request the Auditor to conduct an audit of the Department of Human Services' vocational rehabilitation and services for the blind division.

Your Committee circulated a proposed Senate draft for this measure that amends the measure to urge the Department of Human Services to eliminate the concept of positive enrollment from the recently issued QUEST Request for Proposal.

Your Committee received testimony in support of the proposed draft from AlohaCare, the Community Clinic of Maui, Family Voices of Hawai'i, Hale o Lanakila Clubhouse, Hamakua Health Center, Inc., Hana Health, the Hawaii Coalition for Health, the Hawaii Independent Physicians Association, Hawaii Pacific Health, the Hawai'i Primary Care Association, Kalihi-Palama Health Center, MothersCare For Tomorrow's Children, Papa Ola Lokahi, the Queen Emma Clinics, Waianae Coast Comprehensive Health Center, Waikiki Health Center, Waimanalo Health Center, and ten individuals. The Department of Human Services submitted testimony in opposition to the measure.

Your Committee finds that this amended measure advocates the amendment of the Request for Proposal issued by the Department of Human Services on March 13, 2006 to delete the positive enrollment requirement. The concept of positive enrollment means requiring the 165,000 individuals currently enrolled in the QUEST program to affirmatively re-enroll in the plan and select a Primary Care Physician. Those who do not respond will be auto-assigned in a health plan according to an approved algorithm.

Your Committee further finds that the overwhelming consensus of the testimony of the healthcare providers and advocates who work with QUEST recipients was that a positive enrollment requirement would cause widespread confusion among QUEST beneficiaries, disrupt their continuity of care, delay needed palliative and preventive treatment, and otherwise disturb the provision of service to the QUEST population.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 52, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 52, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 3633 Human Services on S.C.R. No. 205

The purpose of this measure is to clarify and declare that providers of domestic services who are authorized and subsidized by the Department of Human Services to provide domestic services are excluded from the application of the State's Workers' Compensation Law, Temporary Disability Law, and Prepaid Health Care Law.

Your Committee drafted a proposed Senate Draft on this measure that, among other things, requested that:

- (1) The Legislative Reference Bureau, with the assistance of the Attorney General and the Departments of Labor and Industrial Relations, Human Services, and Taxation, conduct a study on the exemptions of domestic services authorized by the Department of Human Services under the Social Security Act to:
 - (A) Provide clarification on the relationship between providers as recipients of social service payments and those employed to provide domestic services; and
 - (B) Analyze the propriety of the exemption of these domestic services from the Employment Security Law (chapter 383, Hawaii Revised Statutes);
- (2) The Attorney General, the Departments of Labor and Industrial Relations, Human Services, and Taxation, and other relevant agencies defer any enforcement action related to chapters 383 (Employment Security), 386 (Workers' Compensation), 392 (Temporary Disability), and 393 (Prepaid Health Care), Hawaii Revised Statutes, until the end of the 2007 Regular Session; and
- (3) A report and proposed legislation be submitted to the Legislature on this issue not later than twenty days prior to the convening of the 2007 Regular Session.

Your Committee finds that the Department of Human Services contracts with social care providers, including corporations and private agencies, to perform attendant care and day care services authorized under the Social Security Act, as amended.

Sections 386-1, 392-3 and 393-5, Hawaii Revised Statutes, exclude “domestic” services from the definitions of “employment” for individuals who perform attendant care and day care services authorized under the Social Security Act, as amended, in the employ of social care providers.

However, the “domestic” exemption is not included in the Hawaii Employment Security Law, chapter 383, Hawaii Revised Statutes.

Your Committee finds that it is in the public interest, benefit, and welfare to exclude from the definition of “employment” in chapters 383, 386, 392 and 393, Hawaii Revised Statutes, those individuals who perform attendant care and day care services authorized under the Social Security Act, as amended, in the employ of social care providers. This would ensure that social care providers continue to operate and use their resources to provide services to elderly and disabled adults in Hawaii.

Your Committee further finds that it is in the public interest, benefit, and welfare to have a friendly regulatory environment for businesses, including consistent employment benefit laws. Therefore, your Committee finds that it is contrary to the public interest, benefit, and welfare to have inconsistent laws that exclude the “domestic” exemption in the Hawaii Employment Security Law but include the “domestic” exemption in the Hawaii Workers’ Compensation law, Temporary Disability Law, and Prepaid Health Care Law.

Your Committee also finds that it would be in the public interest if the Department of Labor and Industrial Relations and other state agencies would act consistently with the intent of the Legislature to exclude social care providers and their employees who perform social services from the definition of “employment” in chapters 383, 386, 392, and 393, Hawaii Revised Statutes.

Your Committee finds that actions not consistent with this intent may jeopardize and seriously impair the ability of social care providers to continue to operate and to use their resources to provide services to elderly and disabled adults in Hawaii.

Accordingly, your Committee has amended this measure by:

- (1) Changing its title to read: “REQUESTING THE ATTORNEY GENERAL TO PROVIDE A DEFINITIVE LEGAL OPINION REGARDING WHETHER CHAPTERS 383, 386, 392, AND 393, HAWAII REVISED STATUTES, EACH EXCLUDE FROM THE DEFINITION OF “EMPLOYMENT” THOSE INDIVIDUALS WHO PERFORM ATTENDANT CARE AND DAY CARE SERVICES AUTHORIZED UNDER THE SOCIAL SECURITY ACT, AS AMENDED, IN THE EMPLOY OF PERSONS, INCLUDING CORPORATIONS AND PRIVATE AGENCIES, WHO CONTRACT WITH THE DEPARTMENT OF HUMAN SERVICES AND WHO ARE THE RECIPIENTS OF SOCIAL SERVICE PAYMENTS”;
- (2) Replacing the request that the Legislative Reference Bureau conduct a study with a request to the Attorney General to:
 - (A) Provide a definitive legal opinion (as soon as possible) regarding whether sections 386-1, 392-3 and 393-5, Hawaii Revised Statutes, exclude from each section’s definition of “employment” those individuals who perform attendant care and day care services authorized under the Social Security Act, as amended, in the employ of persons (including corporations and private agencies) who contract with the Department of Human Services to provide care services and who are the recipients of social service payments;
 - (B) Provide a definitive legal opinion (as soon as possible) regarding whether chapter 383, Hawaii Revised Statutes, excludes from the chapter’s definition of “employment” those individuals who perform attendant care and day care services authorized under the Social Security Act, as amended, in the employ of persons (including corporations and private agencies) who contract with the Department of Human Services to provide care services and who are the recipients of social service payments; and
 - (C) Provide proposed legislation, if the Attorney General opines that these individuals are not already excluded from the definition of “employment”, to amend chapters 383, 386, 392, and 393, Hawaii Revised Statutes, to retroactively and prospectively exclude, from each section’s definition of “employment”, those individuals who perform attendant care and day care services authorized under the Social Security Act, as amended, in the employ of persons (including corporations and private agencies) who contract with the Department of Human Services to provide care services and who are the recipients of social service payments; and
- (3) Ensuring that social care providers continue to operate and use their resources to provide services to elderly and disabled adults in Hawaii by requesting that the Attorney General, the Department of Labor and Industrial Relations, the Department of Taxation, and other state agencies and private entities suspend all application and enforcement, until June 30, 2007, of all of the relevant provisions of chapter 383, 386, 392, and 393, Hawaii Revised Statutes, regarding insurance, withholdings, payments, and all similar requirements on persons, including corporations and private agencies, contracting with Department of Human Services to provide attendant care and day care services authorized under the Social Security Act, as amended, as these laws relate to individuals who perform attendant care and day care services authorized under the Social Security Act, as amended, in the employ of these contracting persons; and
- (4) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 205, as amended herein, and recommends that it be referred to the Committee on Labor, in the form attached hereto as S.C.R. No. 205, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Kokubun).

SCRep. 3634 Human Services on S.R. No. 135

The purpose of this measure is to clarify and declare that providers of domestic services who are authorized and subsidized by the Department of Human Services to provide domestic services are excluded from the application of the State's Workers' Compensation Law, Temporary Disability Law, and Prepaid Health Care Law.

Your Committee drafted a proposed Senate Draft on this measure that, among other things, requested that:

- (1) The Legislative Reference Bureau, with the assistance of the Attorney General and the Departments of Labor and Industrial Relations, Human Services, and Taxation, conduct a study on the exemptions of domestic services authorized by the Department of Human Services under the Social Security Act to:
 - (A) Provide clarification on the relationship between providers as recipients of social service payments and those employed to provide domestic services; and
 - (B) Analyze the propriety of the exemption of these domestic services from the Employment Security Law (chapter 383, Hawaii Revised Statutes);
- (2) The Attorney General, the Departments of Labor and Industrial Relations, Human Services, and Taxation, and other relevant agencies defer any enforcement action related to chapters 383 (Employment Security), 386 (Workers' Compensation), 392 (Temporary Disability), and 393 (Prepaid Health Care), Hawaii Revised Statutes, until the end of the 2007 Regular Session; and
- (3) A report and proposed legislation be submitted to the Legislature on this issue not later than twenty days prior to the convening of the 2007 Regular Session.

Your Committee finds that the Department of Human Services contracts with social care providers, including corporations and private agencies, to perform attendant care and day care services authorized under the Social Security Act, as amended.

Sections 386-1, 392-3 and 393-5, Hawaii Revised Statutes, exclude "domestic" services from the definitions of "employment" for individuals who perform attendant care and day care services authorized under the Social Security Act, as amended, in the employ of social care providers.

However, the "domestic" exemption is not included in the Hawaii Employment Security Law, chapter 383, Hawaii Revised Statutes.

Your Committee finds that it is in the public interest, benefit, and welfare to exclude from the definition of "employment" in chapters 383, 386, 392 and 393, Hawaii Revised Statutes, those individuals who perform attendant care and day care services authorized under the Social Security Act, as amended, in the employ of social care providers. This would ensure that social care providers continue to operate and use their resources to provide services to elderly and disabled adults in Hawaii.

Your Committee further finds that it is in the public interest, benefit, and welfare to have a friendly regulatory environment for businesses, including consistent employment benefit laws. Therefore, your Committee finds that it is contrary to the public interest, benefit, and welfare to have inconsistent laws that exclude the "domestic" exemption in the Hawaii Employment Security Law but include the "domestic" exemption in the Hawaii Workers' Compensation law, Temporary Disability Law, and Prepaid Health Care Law.

Your Committee also finds that it would be in the public interest if the Department of Labor and Industrial Relations and other state agencies would act consistently with the intent of the Legislature to exclude social care providers and their employees who perform social services from the definition of "employment" in chapters 383, 386, 392, and 393, Hawaii Revised Statutes.

Your Committee finds that actions not consistent with this intent may jeopardize and seriously impair the ability of social care providers to continue to operate and to use their resources to provide services to elderly and disabled adults in Hawaii.

Accordingly, your Committee has amended this measure by:

- (1) Changing its title to read: "REQUESTING THE ATTORNEY GENERAL TO PROVIDE A DEFINITIVE LEGAL OPINION REGARDING WHETHER CHAPTERS 383, 386, 392, AND 393, HAWAII REVISED STATUTES, EACH EXCLUDE FROM THE DEFINITION OF "EMPLOYMENT" THOSE INDIVIDUALS WHO PERFORM ATTENDANT CARE AND DAY CARE SERVICES AUTHORIZED UNDER THE SOCIAL SECURITY ACT, AS AMENDED, IN THE EMPLOY OF PERSONS, INCLUDING CORPORATIONS AND PRIVATE AGENCIES, WHO CONTRACT WITH THE DEPARTMENT OF HUMAN SERVICES AND WHO ARE THE RECIPIENTS OF SOCIAL SERVICE PAYMENTS";
- (2) Replacing the request that the Legislative Reference Bureau conduct a study with a request to the Attorney General to:
 - (A) Provide a definitive legal opinion (as soon as possible) regarding whether sections 386-1, 392-3 and 393-5, Hawaii Revised Statutes, exclude from each section's definition of "employment" those individuals who perform attendant care and day care services authorized under the Social Security Act, as amended, in the employ of persons (including

corporations and private agencies) who contract with the Department of Human Services to provide care services and who are the recipients of social service payments;

- (B) Provide a definitive legal opinion (as soon as possible) regarding whether chapter 383, Hawaii Revised Statutes, excludes from the chapter's definition of "employment" those individuals who perform attendant care and day care services authorized under the Social Security Act, as amended, in the employ of persons (including corporations and private agencies) who contract with the Department of Human Services to provide care services and who are the recipients of social service payments; and
- (C) Provide proposed legislation, if the Attorney General opines that these individuals are not already excluded from the definition of "employment", to amend chapters 383, 386, 392, and 393, Hawaii Revised Statutes, to retroactively and prospectively exclude, from each section's definition of "employment", those individuals who perform attendant care and day care services authorized under the Social Security Act, as amended, in the employ of persons (including corporations and private agencies) who contract with the Department of Human Services to provide care services and who are the recipients of social service payments; and
- (3) Ensuring that social care providers continue to operate and use their resources to provide services to elderly and disabled adults in Hawaii by requesting that the Attorney General, the Department of Labor and Industrial Relations, the Department of Taxation, and other state agencies and private entities suspend all application and enforcement, until June 30, 2007, of all of the relevant provisions of chapter 383, 386, 392, and 393, Hawaii Revised Statutes, regarding insurance, withholdings, payments, and all similar requirements on persons, including corporations and private agencies, contracting with Department of Human Services to provide attendant care and day care services authorized under the Social Security Act, as amended, as these laws relate to individuals who perform attendant care and day care services authorized under the Social Security Act, as amended, in the employ of these contracting persons; and
- (4) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 135, as amended herein, and recommends that it be referred to the Committee on Labor, in the form attached hereto as S.R. No. 135, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Kokubun).

SCRep. 3635 (Joint/Majority) Business and Economic Development and Tourism on S.C.R. No. 32

The purpose of this measure is to request the Attorney General to investigate possible procurement code violations committed by the Department of Business, Economic Development, and Tourism.

Your Committees received comments from the Department of Business, Economic Development, and Tourism, the Pacific Asian Affairs Council, and the Hawaii District Export Council (DEC).

Your Committees are concerned that the Department of Business, Economic Development, and Tourism may have violated state procurement laws when the department selected a nonprofit organization to handle the finances for the Governor's trade mission to China and Korea in 2005. Your Committees find that the State Procurement Office and the State Ethics Commission are the proper authorities to review this matter.

Your Committees have amended this measure by:

- (1) Deleting references to the Attorney General doing the investigation and substituting the State Procurement Office and the State Ethics Commission, and amending the title accordingly;
- (2) Adding Whereas paragraphs and clarifying Whereas paragraphs for correctness; and
- (3) Requesting the State Procurement Office and the State Ethics Commission to each separately report their respective findings and recommendations to the Legislature by September 1, 2006.

As affirmed by the records of votes of the members of your Committees on Business and Economic Development and Tourism that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 32, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 32, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 5. Noes, 2 (Slom, Trimble). Excused, 4 (Hee, Menor, Sakamoto, Tsutsui).

SCRep. 3636 Commerce, Consumer Protection and Housing on Gov. Msg. No. 343

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PHYSICAL THERAPY

G.M. No. 343 GILBERT PERRY HAGER, MD, for a term to expire 6-30-2010

The Department of Commerce and Consumer Affairs and the Hawaii Chapter of the American Physical Therapy Association testified in support of the nomination of Dr. Gilbert Perry Hager.

GILBERT PERRY HAGER has been a licensed physician in Hawaii since 1989, and has served on the Board of Physical Therapy as its physician member since 2003. Physical medicine and rehabilitation are Dr. Hager's specialty areas, and this expertise furthers consumer protection as it relates to the practice of physical therapy. Dr. Hager's insights into the role that physical therapists play in the treatment of patients have been especially helpful as the Board considers rule amendments to permit direct patient access to physical therapy treatment.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Espero, Hogue).

SCRep. 3637 Commerce, Consumer Protection and Housing on Gov. Msg. No. 344

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PRIVATE DETECTIVES AND GUARDS

G.M. No. 344 THOMAS M. PHILLIPS, for a term to expire 6-30-2010

The Department of Commerce and Consumer Affairs testified in support of the nomination of Thomas M. Phillips.

THOMAS M. PHILLIPS has had an exemplary career in the Police Department of the County of Maui since 1976, rising steadily through the ranks until he was appointed Chief of Police in 1998. He has been a conscientious and contributing member of the Board of Private Detectives and Guards since 2004, and provides invaluable technical expertise in the Board's deliberations concerning the role of private security personnel in safeguarding persons and property in our communities. Your Committee looks forward to the continuing benefits of Chief Phillips' participation in the Board's discussions and decisions.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Hogue).

SCRep. 3638 Commerce, Consumer Protection and Housing on Gov. Msg. No. 345

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PSYCHOLOGY

G.M. No. 345 ALLYSON M. TANOUYE, for a term to expire 6-30-2010

The Department of Commerce and Consumer Affairs and four individuals testified in support of the nomination of Allyson M. Tanouye.

ALLYSON M. TANOUYE has been a licensed psychologist in good standing in Hawaii since 1993. As Director of the Counseling and Student Development Center of the University of Hawaii at Manoa, Dr. Tanouye oversees a professional staff that provides clinical services to students, faculty, and staff in one of only three internship programs in Hawaii approved by the American Psychological Association (APA). Her extensive knowledge of internship requirements is invaluable to the Board of Psychology, which evaluates applications for licensure in accordance with APA standards. Dr. Tanouye's active and dedicated participation in Board matters has led to her election as its Vice-Chairperson for the past two years.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Hogue).

SCRep. 3639 Commerce, Consumer Protection and Housing on Gov. Msg. No. 314

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOARD OF PUBLIC ACCOUNTANCY

G.M. No. 314 GORDON D. CIANO, for a term to expire 6-30-2010

The Department of Commerce and Consumer Affairs, the Hawaii Society of Certified Public Accountants, and one individual testified in support of the nomination of GORDON D. CIANO.

Gordon D. Ciano has been licensed in the State as a certified public accountant with a permit to practice since 1973. Mr. Ciano has been in public practice for more than thirty years, and is currently a partner with the public accounting firm of KPMG LLP. His professional affiliations include membership in the American Institute of Certified Public Accountants as well as leadership positions with the Hawaii Society of Certified Public Accountants. Mr. Ciano currently serves as Chairperson of the Legislation and Rules Committee of the Board of Public Accountancy. Given his commitment to the Board's mission of regulating the profession and ensuring protection of the public, Mr. Ciano serves as a noteworthy example of an ideal Board member.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Hogue).

SCRep. 3640 Commerce, Consumer Protection and Housing on Gov. Msg. No. 335

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE HOUSING AND COMMUNITY DEVELOPMENT CORPORATION OF HAWAII (HCDCH)

G.M. No. 335 BETTY LOU LARSON, for a term to expire 6-30-2006

The Department of Human Services, the Housing and Community Development Corporation of Hawaii (HCDCH) and the Chair of its Board of Directors, the Department of Community Services of the City and County of Honolulu, and Partners in Care testified in support of the nomination of BETTY LOU LARSON.

Betty Lou Larson, as the Continuum of Care nominee for the counties, has a wealth of experience with affordable housing and homeless issues, and with the HCDCH in particular. She serves as Housing Assistance Program Director for Catholic Charities Elderly Services. As President of the Affordable Housing and Homeless Alliance and as a member of Partners in Care, she is also well versed in the many complex issues involved in serving the homeless population, and is an able advocate for the interests and concerns of the homeless.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Hogue).

SCRep. 3641 Commerce, Consumer Protection and Housing on Gov. Msg. No. 348

Recommending that the Senate advise and consent to the nomination of the following:

REAL ESTATE COMMISSION

G.M. No. 348 LOUIS E. ABRAMS, for a term to expire 6-30-2010

The Department of Commerce and Consumer Affairs, the Real Estate Commission, the Hawaii Association of Realtors, Na Pali Properties, Inc., and one individual testified in support of the nomination of LOUIS E. ABRAMS.

Louis E. Abrams has been a licensed real estate broker since 1978 and is currently President and Principal Broker of Charlee & Associates in Koloa, Kauai. As the Kauai real estate broker member for the past four years, he is an outstanding contributor to and participant in the work of the Real Estate Commission. Mr. Abrams currently serves as Chair of the Commission's Laws and Rules Review Committee as well as Chair of its Ad Hoc Committee on Consumer-Broker Relationships. He also represents the Commission as a member of the Association of Real Estate License Law Officials, an international organization of real estate commissions from the United States, Canada, and other foreign countries. Mr. Abrams has previously served as a member of the County of Kauai Planning Commission and as an officer of the Hawaii Association of Realtors.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has

found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Hogue).

SCRep. 3642 Health on Gov. Msg. No. 321

Recommending that the Senate advise and consent to the nomination of the following:

STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

G.M. No. 321 JEAN L. JOHNSON, for a term to expire 6-30-2010

Your Committee received testimony in support of JEAN L. JOHNSON from the State Council on Developmental Disabilities, the Dean of the College of Education at the University of Hawaii at Manoa, and the Director of the Center for Disability Studies at the University of Hawaii at Manoa. Dr. Johnson is currently serving on the State Council on Developmental Disabilities and is being nominated for reappointment. Dr. Johnson currently serves as an Associate Professor and the Associate Director for the Center on Disability Studies. She has been an active and contributing member to the council. Dr. Johnson has dedicated her career to community service and has already proven herself to be an asset through her leadership in assisting the State Council on Developmental Disabilities in achieving its goals.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hanabusa).

SCRep. 3643 Health on Gov. Msg. No. 330

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, HONOLULU SUBAREA

G.M. No. 330 JENNIFER DIESMAN, for a term to expire 6-30-2010

Your Committee received testimony in support of JENNIFER DIESMAN from the Hawaii Medical Service Association and the State Health Planning and Development Agency. Ms. Diesman currently serves on the Honolulu Subarea Health Planning Council and is being nominated for reappointment. She is the Director of Government Relations for the Hawaii Medical Service Association and is well-respected in the community. Ms. Diesman's extensive experience in the health care field and her strong work ethic make her a valuable asset to the Health Planning Council, Honolulu Subarea.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hanabusa).

SCRep. 3644 Health on Gov. Msg. Nos. 322, 323 and 324

Recommending that the Senate advise and consent to the nominations of the following:

DISABILITY AND COMMUNICATION ACCESS BOARD

G.M. No. 322 SHARON MONELANI FOUNTAIN, for a term to expire 6-30-2010;

G.M. No. 323 BRIAN KAJIYAMA, for a term to expire 6-30-2010; and

G.M. No. 324 CHRISTINA M. PILKINGTON, for a term to expire 6-30-2010

Your Committee received testimony in support of SHARON MONELANI FOUNTAIN from the Disability and Communication Access Board. Ms. Fountain currently serves on the Disability and Communication Access Board and is being nominated for reappointment. She is a professional in the field of mental health and she is a family member of an individual with a disability. Ms. Fountain's dedication and well-rounded perspective is an asset to the Disability and Communication Access Board.

Your Committee received testimony in support of BRIAN KAJIYAMA from the Disability and Communication Access Board. Mr. Kajiyama currently serves on the Disability and Communication Access Board and is being nominated for reappointment. He was appointed to the Board mid-term in July 2004. He is a graduate student at the University of Hawaii and has speech and mobility disabilities. Mr. Kajiyama is well-respected in the community and is an asset to the Disability and Communication Access Board.

Your Committee received testimony in support of CHRISTINA M. PILKINGTON from the Disability and Communication Access Board and two individuals. Ms. Pilkington currently serves on the Disability and Communication Access Board and is being nominated for reappointment. She is a professional in the field, currently serving as the ADA Coordinator for the County of Kauai, and is the parent of an adult child with a disability. Ms. Pilkington has proven herself to be an asset to the Disability and Communication Access Board through her commitment and leadership.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hanabusa).

SCRep. 3645 Health on Gov. Msg. No. 329

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, HAWAII COUNTY SUBAREA

G.M. No. 329 JULIETTE M. TULANG, for a term to expire 6-30-2009

Your Committee received testimony in support of JULIETTE M. TULANG from the State Health Planning and Development Agency. Ms. Tulang currently serves on the Hawai'i County Health Planning Council and is being nominated for reappointment. Her term will expire on June 30, 2009, as she will have served eight consecutive years on the Council. Ms. Tulang is a Foundation Associate for Hawaii Community Foundation. She has proven herself to be a valuable asset to the Hawai'i County Health Planning Council through her dedication to community service and her commitment to improving health care services in Hawaii county.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hanabusa).

SCRep. 3646 Health on Gov. Msg. No. 339

Recommending that the Senate advise and consent to the nomination of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, HAWAII SERVICE AREA BOARD

G.M. No. 339 GLENN ALBERT WEBSTER, for a term to expire 6-30-2010

Your Committee received testimony in support of GLENN ALBERT WEBSTER from the Department of Health. Dr. Webster currently serves on the Mental Health and Substance Abuse, Hawai'i Service Area Board and is being nominated for reappointment. He is a retired professor of philosophy and has had many of his works on nursing philosophy, theory, and practice published. Dr. Webster has been a dedicated and valuable contributor and the Mental Health and Substance Abuse, Hawai'i Service Area Board is fortunate to have him as a member.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hanabusa).

SCRep. 3647 Health on Gov. Msg. No. 325

Recommending that the Senate advise and consent to the nomination of the following:

EMERGENCY MEDICAL SERVICES ADVISORY COMMITTEE

G.M. No. 325 DAVID WILLIAM MAY, for a term to expire 6-30-2010

Your Committee received testimony in support of DAVID WILLIAM MAY from the Department of Health and one individual. Your Committee notes that Mr. May currently serves on the Emergency Medical Services Advisory Committee and is being nominated for reappointment. He began serving on the Committee in 2000 and was reappointed to a four-year term in 2002 to expire in 2006. This present nomination for reappointment in 2006 is to expire in 2010 which would appoint Mr. May to ten consecutive years on the Committee. Under section 26-34, Hawaii Revised Statutes, membership on any board or commission shall not exceed eight consecutive years. The Attorney General Opinion, 74-4, states that the appointee may only be appointed to another term contingent upon his resignation after his eighth consecutive year. Therefore, your Committee finds that Mr. May's July 2006 appointment to the

Emergency Medical Services Advisory Committee is contingent on his resignation from the Committee no later than June 30, 2008. Mr. May is a Registered Nurse at Maui Memorial Medical Center. His experience with air ambulance and emergency medical services enables him to be a valuable asset to the Emergency Medical Services Advisory Committee.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Hanabusa).

SCRep. 3648 Media, Arts, Science and Technology on Gov. Msg. No. 334

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII HISTORIC PLACES REVIEW BOARD

G.M. No. 334 KIYOSHI IKEDA, Ph.D., for a term to expire 6-30-2010

Dr. KIYOSHI IKEDA currently serves as the Chairperson of the Hawaii Historic Places Review Board. He received his Bachelor's of Arts and Masters of Arts degrees in Sociology from the University of Hawaii at Manoa and his Doctorate in Sociology from Northwestern University. After teaching Sociology for several years at the University of Wisconsin and Oberlin College, Dr. Ikeda returned to Hawaii and taught Sociology at the University of Hawaii at Manoa, where he also served for several years as the Chairperson of the Sociology Department before he retired in 2000. Dr. Ikeda also has extensive involvement and experience in University of Hawaii academic affairs and services, many years of community service, and numerous professional organization awards and honors.

Your Committee received testimony in support of Dr. Kiyoshi Ikeda's nomination from the Department of Land and Natural Resources; Alu Like, Inc.; Papa Ola Lokahi; and two individuals.

Your Committee finds that due to his extensive background in historic preservation and knowledge of historic properties located in Hawaii, Dr. Ikeda will continue to be an asset on the Hawaii Historic Places Review Board. His nomination will fulfill the federally required sociologist seat on the Review Board. Dr. Ikeda is able to provide sociological and knowledgeable insights with local perspectives when reviewing and making recommendations of places that have been referred to the Review Board.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (English, Hogue).

SCRep. 3649 Tourism on Gov. Msg. Nos. 356 and 357

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII TOURISM AUTHORITY

G.M. No. 356 VERNON FOOK LEONG CHAR, for a term to expire 6-30-2010.; and

G.M. No. 357 KAWAIKAPUOKALANI K. HEWETT, for a term to expire 6-30-2010

Your Committee received testimony in support of VERNON FOOK LEONG CHAR from the Hawaii Tourism Authority; the Department of Business, Economic Development, and Tourism; the President of the University of Hawaii; Hawai'i Hotel & Lodging Association; Maui Divers of Hawaii; and three individuals.

The nominee is a reappointment, representing the public (at large/Oahu) from a list submitted by the Speaker of the House of Representatives. The nominee has been the senior partner in the law firm of Char Sakamoto Ishii Lum & Ching since 1988. Prior to that, he was at the law firm of Damon Key Char & Bocken, from 1966 to 1988, and was a Deputy Attorney General from 1959 to 1961 and from 1963 to 1965. The nominee received an LLB degree from Harvard Law School and a BA degree from the University of Hawaii. He is active in various University of Hawaii organizations and receive the Distinguished Alumni Award in 1992. The nominee has also served as the Chair of the Hawaii State Ethics Commission and the Hawaii Bicentennial Commission, U.S. Constitution.

Your Committee notes from the nominee's personal statement and his testimony that he believes the Hawaii Tourism Authority needs to continue to work for greater integration between the visitor industry and resident groups to provide sponsorships of events. The nominee also believes that the Hawaii Tourism Authority has a role in arranging partnerships between the counties, the Department of Land and Natural Resources for parks and hiking, the Department of Transportation for harbors and airports, and the visitor industry.

Your Committee received testimony in support of KAWAIKAPUOKALANI K. HEWETT from the Hawaii Tourism Authority; the Department of Business, Economic Development, and Tourism; the Office of Hawaiian Affairs; JALPAK INTERNATIONAL HAWAII, INC.; Hawai'i Hotel & Lodging Association; ResortQuest Hawaii; Hawaii Island Economic Development Board; and the Hula Supply Center.

The nominee is a reappointment, representing the position for Hawaiian expert/Oahu from a list submitted by the Speaker of the House of Representatives. The nominee has been the Director/Kahuna Ho'ola of the Hawaiian Cultural Healing Program at the Waimanalo Health Center since 1996. He has also been the Director of Hawaiian Culture and Events for the Royal Lahaina Resort since 1989. He received a B.A. degree in Liberal Studies, Hawaiiana from the University of Hawaii at Hilo and an Associate of Arts degree from Windward Community College. In addition, he received specialized training from his grandmother, Eva Kana'e, in music, hula, la'au lapa'au, lei making, and Hawaiian language. Under the tutelage of Aunty Edith Kanaka'ole, he was instructed in oli, hula, and the Hawaiian language. He has also been recognized as a protege of Aunty Emma DeFries, who further enlightened him with knowledge of music, hula, oli, la'au lapa'au, and the Hawaiian language. The nominee's participation and accomplishments in Hawaiian culture, hula, music, and language organizations and activities are abundant, including lectures, writing, television performance, and music composition and performance.

Your Committee notes from the nominee's personal statement and testimony that he intends to focus on strengthening the relationship between the Hawaiian community, local community, and the Hawaii Tourism Authority to ensure the continuity of the Aloha Spirit, which embraces tourism in Hawaii. How the tourism industry embraces the Hawaiian and local communities will portend the future of how the Hawaiian and local communities embrace the tourism industry.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Espero, Tsutsui).

SCRep. 3650 Commerce, Consumer Protection and Housing on H.C.R. No. 112

The purpose of this measure is to request the Auditor to conduct a sunrise review that analyzes the probable effects of the proposed regulation of athlete agents and assesses whether its enactment is consistent with state policy.

Testimony in support of this measure was submitted by the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs and the Commission to Promote Uniform Legislation.

Your Committee finds that proposed legislation from this session, H.B. No. 2440, H.D.2, S.D.2, seeks to regulate athlete agents by providing for the registration, certification, and background check of athlete agents seeking to represent student athletes in this State. Your Committee further finds that, barring any exemption that may be adopted by the Legislature from a sunrise review, the proposed regulation is subject to a sunrise review.

Your Committee has amended this measure by replacing references to H.B. No. 2440 with H.B. No. 2440, H.D.2, S.D.2, as recommended by the Professional and Vocational Licensing Division because this is the proposed legislation in its most current form.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 112, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 112, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Hogue).

SCRep. 3651 Education and Military Affairs on H.C.R. No. 75

The purpose of this measure is to encourage the Department of Education to consider using a design-build process for the construction of physical education and athletic facilities at the site of the former Kapiolani Community College for use by McKinley High School, and to report back to the Legislature.

Your Committee received testimony in support of this measure from McKinley High School and the Athletic Directors and Coaches Association of Hawaii. Comments in support of the intent of this measure were received from the Department of Education Honolulu District Complex Area Superintendents.

Your Committee finds that the Department of Education report should include a way to look into contributions from developers, particularly in the Kaka'ako area, to add to the local resources available for educational and recreational facilities.

Your Committee has amended this measure by:

- (1) Adding a component of the Department of Education report to include an investigation into public-private partnerships to raise financial support for educational and recreational facilities in the area;
- (2) Acknowledging the large amount of development going on in the area and its impact on the community; and

(3) Making technical, nonsubstantive amendments.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 75, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as H.C.R. No. 75, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3652 Education and Military Affairs on H.C.R. No. 48

The purpose of this measure is to request that the federal government allow National Guard members and military reservists who satisfactorily complete twenty years or more of military service to receive retirement benefits beginning at age fifty-five.

Your Committee received testimony in support of this measure from State Department of Defense, the Hawaii National Guard Association, the Hawaii National Guard Enlisted Association, the Chamber of Commerce of Hawaii Armed Services Committee, and two individuals.

Your Committee finds that currently, members of the National Guard and reserves with twenty or more years of service must wait until the age of sixty before receiving a pension, in contrast to members of the active military with similar service records who receive pensions immediately upon retirement. Your Committee further finds that the term "full retirement benefits" does not mean that each retiree shall receive the same amount; pensions would still be prorated based upon years of service. The intent of the measure is to avoid a reduction in the pension amount if the National Guard or reservist member retires between the ages of fifty-five and sixty.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 48, H.D. 1, and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3653 Energy, Environment, and International Affairs on H.C.R. No. 34

The purpose of this measure is to declare March 1st as a day of remembrance for the people of the Republic of the Marshall Islands who suffer severe health consequences as a result of nuclear weapons testing that was conducted in that region by the United States. The measure also requests the United States Congress to atone for this nation's mistake by providing for the full health needs and appropriate property damage claims of victims and by paying for the environmental remediation.

No testimony was submitted regarding this measure.

Your Committee finds that it is important to remember the mistakes of our past to prevent them from being repeated, and that the United States Congress should provide full and just compensation to the people of the Republic of the Marshall Islands to try to rectify the harm to health and the environment that resulted from nuclear testing in that region.

Your Committee amended this measure by making technical, non-substantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 34, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 34, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Hemmings).

SCRep. 3654 Energy, Environment, and International Affairs on H.C.R. No. 274

The purpose of this measure is to express strong support for maintaining peace in the Asia-Pacific region.

One member of the House of Representatives submitted testimony in support of this measure.

The United States President has followed a positive policy of seeking dialogue with North Korea in an effort to convince that country to abandon its nuclear program and institute appropriate international safeguards. Your Committee finds that diplomatic engagement is more favorable than unilateral military action in that region and that Hawaii should express its support of this policy as a means of maintaining peace in the Asia-Pacific region.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 274, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Hemmings).

SCRep. 3655 Energy, Environment, and International Affairs on H.C.R. No. 275

The purpose of this measure is to express support for continuing persistent and skillful diplomacy to resolve nuclear proliferation issues with the Islamic Republic of Iran.

One individual submitted testimony in support of this measure.

The Islamic Republic of Iran (Iran) is conducting a uranium enrichment program which could lead to the development of a nuclear weapon. The United States, through the use of diplomacy and with the collective pressure and support of its allies and friends, has persuaded the International Atomic Energy Agency to refer Iran to the United Nations Security Council. The United States should continue this course of diplomacy with Iran. Your Committee finds that Hawaii should express its strong support for the continuance of persistent and skillful diplomacy as a means of resolving nuclear proliferation issues with Iran.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 275, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Hemmings).

SCRep. 3656 (Joint) Energy, Environment, and International Affairs and Human Services on H.C.R. No. 67

The purpose of this measure is to support International Women's Day and request the United States Senate to ratify the United Nations' Convention on the Elimination of All Forms of Discrimination against Women.

The League of Women Voters of Hawaii, the Hawaii Chapter of the American Physical Therapy Association, and one individual submitted testimony in support of this measure.

The United Nations' Convention on the Elimination of All Forms of Discrimination against Women is the most comprehensive treaty ensuring the fundamental human rights and equality of women. One hundred and seventy nations have endorsed this treaty. The United States is the only industrialized country that has not ratified it, placing this nation in the company of countries like Iran, Sudan, and Somalia. Your Committees find that the United States should ratify the Convention and commit to eliminating all forms of discrimination against women worldwide.

As affirmed by the records of votes of the members of your Committees on Energy, Environment, and International Affairs and Human Services that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 67, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 5. Noes, none. Excused, 4 (Hanabusa, Ihara, Hemmings, Trimble).

SCRep. 3657 Energy, Environment, and International Affairs on H.C.R. No. 230

The purpose of this measure is to approve and authorize the establishment of state-province relations of friendship between Hawaii and the Province of Isabela of the Republic of the Philippines.

The Department of Business, Economic Development and Tourism; the University of Hawaii; and three individuals submitted testimony in support of this measure.

Your Committee finds that a state-province relationship with the Province of Isabela in the Republic of the Philippines would mutually benefit both regions by promoting international friendship and understanding, and help to maintain close cultural, commercial, and financial ties between Filipinos living in Hawaii and their relatives, friends, and business counterparts in the Philippines.

Your Committee notes that a measure was introduced in the House that, if passed, would establish a committee to evaluate and recommend sister-state relationships. If established, one of the first tasks of the committee should be to evaluate the establishment of state-province relations between Hawaii and the Province of Isabela, and to make recommendations regarding that relationship to the 2007 Legislature.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 230, and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Hemmings).

SCRep. 3658 Judiciary and Hawaiian Affairs on H.C.R. No. 232

The purpose of this measure is to urge the Office of Hawaiian Affairs to convene a task force to consider the merits of creating a monument to the citizens of the Kingdom of Hawaii, in collaboration with Hawaiian organizations, respected kupuna in the Hawaiian community, and the Department of Land and Natural Resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, the Office of Hawaiian Affairs, and twenty individuals.

Your Committee finds that a monument that pays tribute to and memorializes the valued contributions of the ali'i and the maka'ainana of the former Kingdom of Hawaii will contribute to a better understanding of the native culture, language, and history of Hawaii's indigenous people. Your Committee further finds that the Office of Hawaiian Affairs is the appropriate agency to convene a task force to examine the merits and feasibility of such a monument.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 232, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Whalen).

SCRep. 3659 Judiciary and Hawaiian Affairs on H.C.R. No. 74

The purpose of this measure is to request the Department of Public Safety to submit a report on the status of the planned correctional facility in Puunene on the island of Maui.

Your Committee received comments from the Department of Public Safety.

Your Committee finds that the overcrowding of jails and prisons in Hawaii must be addressed. Previously, the Legislature granted moneys to the Department of Public Safety to plan and design a new facility in Puunene on Maui to alleviate some of the overcrowding. However, the Legislature has not been provided with any information regarding whether progress has been made on the plan and design of this facility. Therefore, this measure will ensure that the Legislature will be kept abreast of any progress made thus far and any future plans for this facility.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 74, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Whalen).

SCRep. 3660 Judiciary and Hawaiian Affairs on H.C.R. No. 119

The purpose of this measure is to urge the President and Congress of the United States to ratify the amendments made to the Hawaiian Homes Commission Act of 1920, as amended, as embodied in Act 302, Session Laws of Hawaii 2001. This measure also urges the President and Congress to recognize Hawaiian homestead community organizations as self-governing administrative authorities for their respective communities.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands.

Your Committee finds that in 2001, the Hawaii State Legislature passed and the Governor enacted Act 302, Session Laws of Hawaii 2001 (Act 302). The purpose of Act 302 was to amend the Hawaiian Homes Commission Act of 1920, as amended, to promote increased self-governance by providing Hawaiian homestead community organizations with administrative authority over the affairs of their distinct native communities on Hawaiian Home Lands. To date, the United States Congress has failed to act on approving the amendments. This measure urges both the United States Congress and President to ratify the amendments made by Act 302 to the Hawaiian Homes Commission Act of 1920, as amended, to recognize Hawaiian homestead community organizations as self-governing administrative authorities for their respective communities.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 119, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Whalen).

SCRep. 3661 Energy, Environment, and International Affairs on H.C.R. No. 243

The purpose of this measure is to condemn the genocide in western Sudan and to urge the United States Congress, with the support of the President, to engage the international community to take action to protect the people of Darfur.

Hawaii County submitted testimony in support of this measure.

Three years have passed since the media began releasing images of the mass displacement, human misery, and killings in western Sudan where now over two million people remain in camps and the death toll of men, women, and children is estimated to be more than one hundred and eighty thousand. The United States President and the current and former Secretaries of State have declared the acts in western Sudan to be genocide.

Your Committee finds that the continuing atrocities in Darfur demand an aggressive response from the international community and that the United States President, Department of State, and Congress should be urged to take action to protect the people of Darfur.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 243, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Hemmings).

SCRep. 3662 (Joint) Energy, Environment, and International Affairs and Business and Economic Development on H.C.R. No. 273

The purpose of this measure is to request the United States Trade Representative to include a representative of the State of Hawaii in the membership of the Intergovernmental Policy Advisory Committee on Trade and to designate that representative as the single point of contact for the State.

One member of the House of Representatives submitted testimony in support of this measure.

The Intergovernmental Policy Advisory Committee on Trade was established by the Trade Act of 1974 and advises the United States Trade Representative on pending trade agreements and their impacts on United States regional economies and state and local governments. The United States Trade Representative has extraordinary powers to negotiate and represent this nation's interest in trade agreements and disputes.

This measure helps to ensure that our State can voice its concerns regarding the establishment and maintenance of trade agreements that could impact our state economy. Your Committee finds that it is essential that our legislature is kept abreast of issues pending before the United States Trade Representative so that it can deliberate and weigh in on these important issues.

As affirmed by the records of votes of the members of your Committees on Energy, Environment, and International Affairs and Business and Economic Development that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 273, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 4 (Hanabusa, Menor, Hemmings, Trimble).

SCRep. 3663 (Joint) Business and Economic Development and Energy, Environment, and International Affairs on H.C.R. No. 82

The purpose of this measure is to diversify the State's economy by supporting the development of an Asian-focused fund management industry in Hawaii.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism, and the Pacific American Foundation.

Asian economies and their respective capital markets represent the largest opportunity for economic growth. Hawaii can potentially benefit from this growth by becoming a financial service center that targets Asia-Pacific fund management. Hawaii has many favorable attributes that attracts an Asia-focused capital market, including a more convenient time zone that allows Asia-based managers to operate within relatively normal business hours, and a multicultural and multiethnic population.

Your Committees find that supporting the development of a strategy to establish an Asian-focused fund management industry in Hawaii will have numerous economic and financial benefits for the State. The fund management industry has the potential to provide jobs for state residents and attract former local residents back to Hawaii for employment, diversify the state economy, produce additional tax revenues for the State, boost and diversify the tourism industry, support the local financial industry, and expand the State's financial pool.

As affirmed by the records of votes of the members of your Committees on Business and Economic Development and Energy, Environment, and International Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 82, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 4 (Hanabusa, Menor, Hemmings, Trimble).

SCRep. 3664 Health on Gov. Msg. No. 340

Recommending that the Senate advise and consent to the nomination of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, KAUA'I SERVICE AREA BOARD

G.M. No. 340 BRENDA K. VIADO, MA, BAE, CRC, for a term to expire 6-30-2010

Your Committee received testimony in support of BRENDA K. VIADO from the Department of Health and one individual. Ms. Viado currently serves on the Mental Health and Substance Abuse, Kaua'i Service Area Board and is being nominated for reappointment. She is a certified rehabilitation counselor and has over thirty-one years of experience in the field. Ms. Viado has proven to be a valuable and contributing member of the Mental Health and Substance Abuse, Kaua'i Service Area Board, where she serves as its chair.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hanabusa).

SCRep. 3665 Judiciary and Hawaiian Affairs on Gov. Msg. Nos. 327 and 328

Recommending that the Senate advise and consent to the nominations of the following:

HAWAIIAN HOMES COMMISSION

G.M. No. 327 DONALD S.M. CHANG, for a term to expire 6-30-2007; and

G.M. No. 328 FRANCIS KAHOU LUM, for a term to expire 6-30-2010

Your Committee received testimony in support of DONALD S.M. CHANG from the Department of Hawaiian Home Lands, the Office of Hawaiian Affairs, Hui Kako`o `Aina Ho`opulapula, the State Council of Hawaiian Homestead Associations, and seven individuals.

Mr. Chang received his high school diploma from Maryknoll School and attended the University of Hawaii. Employed by the City and County of Honolulu as a fire fighter in various positions since 1957, Mr. Chang was the Fire Chief from 1993 to 1994. He has since retired but has remained active in a variety of community and civic organizations.

Your Committee finds that Mr. Chang will bring a strong administrative background and an open mind to the Department of Hawaiian Home Lands.

Your Committee received testimony in support of FRANCIS KAHOU LUM from the Department of Defense, the Department of Hawaiian Homelands, the Office of Hawaiian Affairs, Hawaiian Community Assets, Hui Kako`o `Aina Ho`opulapula., the State Council of Hawaiian Homestead Associations, and four individuals.

Mr. Lum received his high school diploma from St. Louis High School in 1948 and worked for the Judiciary from 1948 through 1952. He served in the Hawaii National Guard beginning in 1952. Mr. Lum has been the Chief of Protocol for five Governors, beginning with Governor Burns in 1967.

Your Committee finds that the Department of Hawaiian Homelands will greatly benefit from Mr. Lum's knowledge and understanding of state government and government protocol procedures.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (English, Ihara).

SCRep. 3666 Judiciary and Hawaiian Affairs on Gov. Msg. No. 349

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF REGISTRATION OF THE ISLAND OF HAWAII

G.M. No. 349 BEVERLY JEAN WITHINGTON, for a term to expire 6-30-2010

Your Committee received no testimony regarding the nomination of BEVERLY JEAN WITHINGTON for reappointment to the Board of Registration for the Island of Hawaii.

Ms. Withington received her registered nursing degree in 1956. In 1982, she received her bachelor of arts degree from the University of Hawaii at Hilo. That same year, she received her bachelor of science degree in nursing from the University of Hawaii at Manoa. In 1986, Ms. Withington received her juris doctorate from the William S. Richardson School of Law. From 1987 through 2000, Ms. Withington was an attorney with the Office of the Corporation Counsel for Hawaii County. She currently has her own law practice.

Your Committee finds that the Board of Registration for the Island of Hawaii will be well served with the reappointment of Ms. Withington.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (English, Ihara).

SCRep. 3667 Judiciary and Hawaiian Affairs on Gov. Msg. No. 350

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF REGISTRATION OF THE ISLAND OF OAHU

G.M. No. 350 LISA KEALA CARTER, for a term to expire 6-30-2010

Your Committee received no testimony regarding the nomination of LISA KEALA CARTER for reappointment to the Board of Registration for the Island of Oahu.

Ms. Carter received her bachelor of arts degree in political science from the University of Hawaii. She also spent one year in the Public Administration program at the University of Hawaii. From 1983 through 1988, Ms. Carter was a researcher for the State Senate Minority Research Office. From 1988 through 1989, she was a legislative researcher for City Council member John Henry Felix. Thereafter, Ms. Carter was an editorial assistant for the Punahou School Bulletin and a day care director. She is currently an administrative supervisor at the Trust for Public Land and is also self-employed.

Your Committee finds that Ms. Carter has served on the Board previously and served as the Chair during two elections.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Whalen).

SCRep. 3668 Judiciary and Hawaiian Affairs on Gov. Msg. Nos. 368 and 369

Recommending that the Senate advise and consent to the nomination of the following:

CRIME VICTIM COMPENSATION COMMISSION

G.M. No. 368 THOMAS T. WATTS, for a term to expire 6-30-2006; and

G.M. No. 369 THOMAS T. WATTS, for a term to expire 6-30-2010

THOMAS T. WATTS has been nominated to serve as a commissioner for a term to expire on June 30, 2006, and also for a subsequent term to expire June 30, 2010.

Your Committee received testimony in support of Mr. Watts from the Crime Victim Compensation Commission, Foster Family Programs of Hawai'i, Fiberglass Hawaii, and four individuals.

Mr. Watts received his bachelor of science degree from Cornell University in 1969 and his juris doctorate from Michigan Law School in 1972. He has been an attorney in private practice since 1975.

Your Committee finds that Mr. Watts' commitment to restorative justice and to holding offenders financially accountable will be a valuable asset to the Commission and will assist the Commission in its mission of providing compensation for the victims of violent crimes.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (English, Ihara).

SCRep. 3669 Judiciary and Hawaiian Affairs on Gov. Msg. No. 370

Recommending that the Senate advise and consent to the nomination of the following:

DEFENDER COUNCIL

G.M. No. 370 JEFFREY ALAN HAWK, for a term to expire 6-30-2010

Your Committee received testimony in support of Jeffery Alan Hawk's nomination from the Office of the Public Defender and thirteen individuals.

Mr. Hawk received his bachelor of arts degree from the University of California, Berkeley, in 1989. He received his juris doctorate degree from the William S. Richardson School of Law in 1997.

Professionally, Mr. Hawk was a paralegal with the law offices of Stanton Clay Tom Chapman & Crumpton from 1993 to 1994. From 1998 to April 2003, Mr. Hawk was a deputy public defender. He is currently a partner with the law offices of Hawk Sing & Ignacio specializing in criminal law.

Your Committee finds that Mr. Hawk will be a valuable addition to the Defender Council and will assist the Office of the Public Defender in fulfilling its mission of effective representation of indigent persons charged with criminal offenses.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (English, Ihara).

SCRep. 3670 Judiciary and Hawaiian Affairs on Gov. Msg. No. 373

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII PAROLING AUTHORITY

G.M. No. 373 DANE K. ODA, for a term to expire 6-30-2010

Your Committee received testimony in support of DANE K. ODA's nomination from three members of the House of Representatives; the Chairman of the Hawaii Paroling Authority; a member of the Hawaii Paroling Authority; Grove Farm Company, Incorporated; and five individuals.

Mr. Oda received his bachelor of arts degrees in sociology and psychology from the University of Hawaii in 1970. He received his master of arts in sociology from the University of Hawaii in 1971.

Mr. Oda was research assistant for the State Law Enforcement and Juvenile Delinquency Planning Agency in 1971, and then became a research coordinator for the County of Kauai's Prosecuting Attorney's Office. During this time period, he was also an instructor at Kauai Community College. In February 1973, Mr. Oda became a member of the Kauai Police Department, rising to the rank of sergeant. He joined McCabe, Hamilton & Remy as the Kauai Terminal Manager in 1981 and held that position until December 2002.

Your Committee finds that Mr. Oda has been a member of the Hawaii Paroling Authority from July 2003 and since that time, Mr. Oda has consistently and conscientiously rendered decisions that are fair, firm, and consistent with public welfare. Mr. Oda has displayed mature judgment, keen insight, and an awareness of the complex issues that face parole board members.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (English, Ihara).

SCRep. 3671 Commerce, Consumer Protection and Housing on Gov. Msg. No. 365

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOXING COMMISSION OF HAWAII

G.M. No. 365 ROBERT M. LEE, for a term to expire 6-30-2010

Your Committee received testimony in support of the nomination of ROBERT M. LEE from the Department of Commerce and Consumer Affairs.

Mr. Lee's vast experience with boxing in Hawaii is unmatched. Among the positions he has held in his long career include Amateur Boxing Champion in the Territory of Hawaii; licensed boxing referee and judge; Hawaii Boxing coach, trainer, and manager; Chief Boxing Inspector, State of Hawaii; Executive Secretary, Hawaii Boxing Commission; President, World Boxing Association; and Advisor, Hawaii Boxing Commission.

Your Committee finds that, as a current board member, Mr. Lee is an active, dedicated, and objective member of the Commission who should be reappointed. His reappointment will ensure continuity of the Commission's efforts to effectively oversee boxing in this State.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has

found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Hogue).

SCRep. 3672 Commerce, Consumer Protection and Housing on Gov. Msg. No. 376

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOARD OF PUBLIC ACCOUNTANCY

G.M. No. 376 JOEL C. PERALTO, CPA, for a term to expire 6-30-2010

Testimony in support of the nomination of JOEL C. PERALTO was submitted by one Senator, one member of the House of Representatives, the Hawaii Society of Certified Public Accountants, James M. Yoshiyama CPA, Inc., Deter & Williams Certified Public Accountants, and the Director of the School of Accountancy at the University of Hawaii at Manoa.

Joel C. Peralto is a Professor of Accounting at the Hawaii Community College in Hilo, and is a licensed certified public accountant who holds a current permit to practice. He has been active in the accounting field for thirty-four years. He is committed to teaching and counseling new entrants to the field, and to maintaining integrity and honesty within the profession while serving and protecting the interest of the public through regulation of the industry.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Hogue).

SCRep. 3673 Commerce, Consumer Protection and Housing on Gov. Msg. No. 380

Recommending that the Senate advise and consent to the nomination of the following:

CONTRACTORS LICENSE BOARD

G.M. No. 380 RANDALL B.C. LAU, for a term to expire 6-30-2010

Your Committee received testimony in support of the nomination of RANDALL B.C. LAU from StarCom Builders, Inc.; Hidano Construction, Inc.; Building Industry Association-Hawaii; and Associated Builders and Contractors, Inc., Hawaii Chapter.

Mr. Lau is both a general contractor and an architect, bringing a unique perspective to the duties of the Contractors License Board. His extensive experience in the industry includes President, Designer Built Systems, Inc.; 2001 President, Building Industry Association-Hawaii; Director, Society of American Military Engineers; and Instructor in various training programs including the Carpenter Apprentice Training Program.

Your Committee finds that Mr. Lau meets the qualifications for service on the Contractors License Board as an active general contractor representing Oahu. Based on the testimony, Mr. Lau is a role model and mentor to others in the industry. He will bring a wealth of information, knowledge, and experience to the Contractors License Board.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Hogue).

SCRep. 3674 Commerce, Consumer Protection and Housing on Gov. Msg. No. 391

Recommending that the Senate advise and consent to the nomination of the following:

HOISTING MACHINE OPERATORS ADVISORY BOARD

G.M. No. 391 DANIEL NELSON, JR., for a term to expire 6-30-2010

Your Committee received testimony in support of the nomination of DANIEL NELSON, JR., from the Hoisting Machine Operator's Advisory Board and the Joint Apprenticeship Committee for Hawaii of Operating Engineers Local Union No. 3.

Mr. Nelson has been a crane operator since 1966 and has served as the Coordinator/Instructor for the Operating Engineers Joint Apprenticeship Committee training program for apprentices and journeypersons since 1995. Your Committee finds that Mr. Nelson's extensive experience as a crane coordinator and instructor qualifies him to serve on the Hoisting Machine Operators Advisory Board. Your Committee further finds that his knowledge of and experience with the construction industry and licensing for certification will be an asset to the Board and to the working people of this State.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Hogue).

SCRep. 3675 Commerce, Consumer Protection and Housing on Gov. Msg. No. 392

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF MASSAGE THERAPY

G.M. No. 392 JOY EMI SAKAMOTO, for a term to expire 6-30-2010

JOY EMI SAKAMOTO has been self-employed as a massage therapist since 1996 and is currently licensed to practice through June 30, 2006. She also continues to work part-time at the orthopedic clinic which she and her husband operate on Maui. She is looking forward to the opportunity of enhancing and maintaining the quality of her profession through service on the Board of Massage Therapy, with a focus on enforcement of rules and regulations.

No testimony was received on the nominee.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Hogue).

SCRep. 3676 Commerce, Consumer Protection and Housing on Gov. Msg. No. 394

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PHARMACY

G.M. No. 394 LAURIE H.Y. KAWAMURA, for a term to expire 6-30-2010

Testimony in support of the nomination of LAURIE H.Y. KAWAMURA was submitted by the Chief of Pharmacy Services at Schofield Barracks Army Health Clinic, and three individuals.

Laurie H.Y. Kawamura is currently senior sales consultant for sanofi-aventis Pharmaceuticals, and has previous experience as a sales consultant for Novartis Pharmaceuticals, new product introduction planner for Hewlett Packard Company, and assistant product manager for Levi Strauss & Company. Her references indicate that she is a genuine patient advocate with a dedication to community service and a commitment to consumer safety, who is also concise, accurate, and well-informed in her professional communications.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Hogue).

SCRep. 3677 Commerce, Consumer Protection and Housing on H.C.R. No. 64

The purpose of this measure is to urge Hawaii's Congressional delegation to support and secure passage of federal legislation establishing a catastrophic reinsurance fund to support state efforts to keep homeowners' disaster insurance affordable.

Testimony in support of the measure was submitted by the Department of Commerce and Consumer Affairs. The Hawaii Association of Realtors submitted comments.

Your Committee finds that the federal legislation (the Homeowner's Insurance Protection Act of 2005) supported by this concurrent resolution would provide a federal backstop in the form of lower-cost reinsurance to encourage states to create a catastrophic fund to

help homeowners obtain affordable insurance. Your Committee notes that the state fund contemplated by the federal legislation differs from that already enacted in the Hawaii hurricane relief fund. While recognizing that the intensity of large natural disasters in recent years requires increased federal assistance, your Committee finds that the intent and principal of the Hawaii hurricane relief fund should also be preserved.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 64, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Hogue).

SCRep. 3678 Commerce, Consumer Protection and Housing on H.C.R. No. 245

The purpose of this measure is to:

- (1) Request Del Monte to continue to operate Kunia Camp until at least December 2008, or offer financial assistance to aid the current residents seeking alternative affordable housing;
- (2) Request the Estate of James Campbell to allow current residents to continue to reside at Kunia Camp by entering into an agreement with the Kunia Camp Association for the lease of parcels until at least December 2008 or until the residents find alternative affordable housing; and
- (3) Request Del Monte to negotiate fairly with the International Longshore & Warehouse Union (ILWU) for enhanced severance and medical coverage benefits to assist the employees in their transition.

Testimony in support of the measure was submitted by the ILWU Local 142 and the Hawaii Government Employees Association. The Estate of James Campbell submitted comments indicating its support of the intent of this concurrent resolution.

Your Committee finds that the closure of Del Monte in 2008 will leave seven hundred pineapple production workers unemployed, and could result in the eviction of more than five hundred residents from one hundred twenty homes at Kunia Camp. Your Committee further finds that the ILWU is already in negotiations with Del Monte on the effects of the closure, and that Campbell Estate is working with the union and has received an affirmative response to its request that Del Monte continue to operate Kunia Camp and refrain from taking any "precipitate action." Nevertheless, your Committee finds that simply turning over the homes, now owned by Del Monte, to the Kunia Camp Association will not be sufficient action, as the infrastructure and structures do not meet current code requirements of the City and County of Honolulu. Accordingly, your Committee finds that continued legislative oversight and involvement with the Kunia Camp situation is required to ensure the best possible solutions for the community.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 245, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Hogue).

SCRep. 3679 (Joint) Media, Arts, Science and Technology and Energy, Environment, and International Affairs on H.C.R. No. 109

The purpose of this measure is to support the planned celebrations in Fukuoka in May and September 2006 commemorating the twenty-fifth anniversary of the Fukuoka and Hawaii sister-state relationship.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism, the Hawaii Fukuoka Kenjin Kai, and one individual.

The idea to establish a sister-state relationship between Fukuoka Prefecture and Hawaii began at the Fifteenth Japan-American Conference of Mayors and Chamber of Commerce Presidents in 1980. One year later, the sister-state relationship was created, which also initiated a direct international air route between Fukuoka and Honolulu. This sister-state relationship has established a series of mutually beneficial programs over the years including yearly visits by Fukuoka Assembly Members to the opening day of the Hawaii Legislature, school visits and exchange programs, annual high school fishing vessel visits, and regular participation from Fukuoka groups in the two annual Japan festivals and parades in Waikiki. There are two events currently being planned in Fukuoka to celebrate the twenty-fifth anniversary of the Fukuoka and Hawaii sister-state relationship. The event planned for in May 2006 will be in conjunction with the Department of Business, Economic Development, and Tourism's Trade Exposition, and the other in September 2006 will be in conjunction with an educational and cultural visit by Nainoa Thompson and the Hawaii Board of Education.

Your Committees find that the sister-state relationship between Fukuoka and Hawaii has played a key role in promoting and maintaining business, tourism, and educational opportunities in Hawaii as well as enhancing the cultural understanding and appreciation between the two. It is important to continue this sister-state relationship; thus, your Committees strongly encourage legislative support of the planned 2006 commemoration of the twenty-fifth anniversary of the Fukuoka and Hawaii sister-state relationship.

Your Committees have amended this measure by:

- (1) Adding 2006 to the title to clarify that the twenty-fifth anniversary commemoration is planned for this year;

- (2) Adding the event planned for in September 2006 in addition to the May 2006 event to clarify that there will be two events that will each celebrate the twenty-fifth anniversary; and
- (3) Making technical, nonsubstantive amendments for style and consistency.

As affirmed by the records of votes of the members of your Committees on Media, Arts, Science, and Technology and Energy, Environment, and International Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 109, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 109, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 5. Noes, none. Excused, 4 (Hanabusa, Ige, Ihara, Hemmings).

SCRep. 3680 Human Services on S.R. No. 161

The purpose of this measure is to support social and economic equality for all of Hawaii's residents by providing that the Legislature will discuss and address the impact that each bill has on the overall income, wealth, and social inequality in the State.

Your Committee received testimony in support of the measure from fifty-nine individuals.

Your Committee finds that this measure supports the consideration of the overall impact legislative action has on the people of the State and emphasizes the Legislature's responsibility to strive for social and economic equality, while protecting and assisting the State's disadvantaged and marginalized populations.

Your Committee has amended this measure to reflect the Legislature's cooperation with Hawaii's Congressional delegation, the Governor, community groups, and the individuals of Hawaii to provide for the general welfare of the State, and by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 161, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 161, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 3681 Human Services on H.C.R. No. 57

The purpose of this measure is to urge our Congressional delegation to support laws to assist hungry Americans.

One member of the Hawaii State Senate and the Hawaii Food Bank submitted testimony in support of the measure.

Your Committee finds that an important element of the crusade to end hunger in America is providing incentives for charitable contributions. This measure urges Hawaii's Congressional delegation to support the passage of laws that provide incentives to businesses and individuals for charitable contributions to hunger relief programs. It further urges the delegation to support adequate funding for all federal nutrition programs, including the Food Stamp Program and the Commodity Supplemental Food Program.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 57, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 3682 Human Services on H.C.R. No. 8

The purpose of this measure is to request the Department of Human Services to conduct a study of the shortage of infant and toddler child care providers in Hawaii and to provide recommendations to address the shortage.

Your Committee received testimony in support of the measure from a member of the House of Representatives.

Your Committee finds that this measure will stimulate the identification of solutions addressing the current shortage of infant and toddler child care providers, facilities, and services in Hawaii.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 8, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 3683 (Joint) Human Services and Health on H.C.R. No. 41

The purpose of this measure is to designate March as Caregivers' Month in Hawaii.

Your Committees received testimony in support of the measure from the Executive Office on Aging.

Your Committees find that this measure highlights the contributions caregivers make to our society, acknowledges the value of their assistance, and designates a specific time period to recognize caregivers for the vital service they provide.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 41, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 41, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 4 (Hanabusa, Hooser, Kokubun, Whalen).

SCRep. 3684 Human Services on H.C.R. No. 35

The purpose of this measure is to request the Department of Human Services to convene a working group of affected stakeholders to determine the feasibility of implementing procedures governing placement of children in temporary foster care with kin or non-kin foster parents.

Your Committee received testimony in support of the measure from the Department of Human Services, the Office of Hawaiian Affairs, Na Kupuna Tribunal, Hui O Ka Nani O Kahana, and two individuals.

Your Committee finds that this measure will promote discussion among the various stakeholders about policies and procedures regarding the placement of children in temporary foster custody, whether with kin or non-kin foster custodians.

Your Committee has amended this measure to clarify its title and by adding the following stakeholders to the groups to be involved in the requested working group:

- (1) Parents whose children are or have been involved with Child Protective Services;
- (2) Other relatives of children who are or have been involved with Child Protective Services;
- (3) The Legal Aid Society of Hawaii;
- (4) Na Kupuna Tribunal; and
- (5) The Hawaii Family Forum.

Your Committee also has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 35, as amended herein, and recommends that it be referred to the Committee on Judiciary and Hawaiian Affairs, in the form attached hereto as H.C.R. No. 35, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 3685 Intergovernmental Affairs on H.C.R. No. 262

The purpose of this measure is to request the City and County of Honolulu Department of Transportation Services to install a lighted crosswalk on Kamehameha Highway in Kaneohe between Lilipuna Road and Mehana Street, and to establish a marked crosswalk on Keolu Drive near Kaelepulu Elementary School.

One individual submitted testimony in support of this measure.

Accidents and near-misses are frequently reported to occur on the segment of Kamehameha Highway between Lilipuna Road and Mehana Street. Although a marked crosswalk exists in that location, it is difficult to see pedestrians. Also, pedestrians, including students, do not have a marked crosswalk on Keolu Drive near Kaelepulu Elementary School. Your Committee finds that a lighted crosswalk between Lilipuna Road and Mehana Street and a marked crosswalk on Keolu Drive near Kaelepulu Elementary School would improve public safety.

As affirmed by the record of votes of the members of your Committee on Intergovernmental Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 262, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (English, Kim).

SCRep. 3686 (Joint) Water, Land, and Agriculture and Intergovernmental Affairs on H.C.R. No. 12

The purpose of this measure is to request Hawaii's Congressional delegation to seek federal funding to be used for programs and measures intended to contain and eradicate coqui frogs in Hawaii.

Testimony in support of this measure was submitted by the Department of Agriculture and the Department of Land and Natural Resources.

Your Committees have amended this measure by replacing its contents with S.C.R. No. 14, S.D. 1, which expands the scope of the request to include the prevention and the eradication of all invasive species threatening Hawaii's natural environment and resources.

Your Committees finds that the threat of invasive species entering the State is not a new one. In fact, Hawaii's Congressional delegation has diligently worked to secure federal funds for the control and eradication of the brown tree snake. The federal money received helped to fund various control measures, research, prevention, and eradication of the brown tree snake. These efforts have significantly reduced the threat that the snake poses to Hawaii's natural ecosystem and economy. This measure, as amended, requests Hawaii's Congressional delegation to work with that same vigor and commitment to secure money for the eradication of all invasive species in the State.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 12, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 12, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 4 (Baker, English, Inouye, Hemmings).

SCRep. 3687 Water, Land, and Agriculture on H.C.R. No. 30

The purpose of this measure is to urge the Hawaii Community Development Authority to immediately rescind both its request for proposals and any commitment made to Alexander & Baldwin Properties, Inc. for the development of Kakaako Makai.

Testimony in support of this measure was submitted by a City and County of Honolulu council member, Friends of Kewalo Basin Park Association, the Hawaii State Bodysurfing Association, and the Integrated Agriculture Network, Save Our Kaka'ako Coalition, and thirty-one individuals. Testimony in opposition to this measure was submitted by two individuals. Comments were also submitted by the Hawaii Community Development Authority, Alexander & Baldwin Properties, Inc., and one individual.

The State must demonstrate its commitment to withhold its valuable lands from development for short-term gains in exchange for the long-term good of its residents and the future of generations to come. Accordingly, your Committee finds that the Hawaii Community Development Authority is urged to reevaluate the current proposed project in the Kakaako Makai area.

Your Committee has amended this measure by:

- (1) Requesting the Hawaii Community Development Authority to immediately convene a working group to engage interested stakeholders, particularly the groups and individuals that have surfaced in this controversy, to meaningfully participate in the development, acceptance, and implementation of any future plans for the development of Kakaako Makai; and
- (2) Making technical, nonsubstantive changes for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 30, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 30, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3688 Water, Land, and Agriculture on H.C.R. No. 98

The purpose of this measure is to reduce the feral pig population in the Tantalus area.

Testimony in support of this measure was submitted by the Department of Land and Natural Resources. Testimony in opposition to this measure was submitted by one individual.

Your Committee has amended this measure by replacing its contents with S.C.R. No. 56, S.D.1, which expands the scope of the plan to cover the entire State rather than just the Tantalus and Manoa areas.

Your Committee finds that feral pigs are an invasive species that cause considerable damage to the environment. They have migrated in increasing numbers from state land to neighborhoods and other residential areas causing property damage and disturbances. This measure requests the Department of Land and Natural Resources to prepare a plan to reduce the feral pig population statewide.

Your Committee notes testimony from the Department of Land and Natural Resources acknowledging that steps need to be taken to control the feral pig populations statewide; however, the department recommends that the pig population management should primarily be focused near urban areas.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 98, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 98, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3689 (Joint) Water, Land, and Agriculture and Intergovernmental Affairs on H.C.R. No. 155

The purpose of this measure is to request the County of Maui to assist the Department of Land and Natural Resources to determine the feasibility of redeveloping the Old Nahiku School site and making it available as a community facility.

Testimony in support of this measure was submitted by a County of Maui council member and seventy-nine individuals. Comments were also submitted by the Department of Land and Natural Resources.

Recently, the old Nahiku School was destroyed in a fire. The historic school in Hana was considered a treasure by the Nahiku community and was a fixture in the community for over fifty years. Currently, the site remains undeveloped, and there has been some interest in developing the area to provide a place for the community to come together and share native Hawaiian cultural practices and traditions and to have a central location for learning, information sharing, and other community-oriented events. Accordingly, your Committees find that the Department of Land and Natural Resources should determine the feasibility of developing the old Nahiku School site into a community facility.

Your Committees noted that the old Nahiku school property is located on ceded lands. Based on this information, your Committees recommend that the Office of Hawaiian Affairs be included in discussions for the site's future development.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Agriculture and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 155, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 4 (Baker, English, Inouye, Hemmings).

SCRep. 3690 Water, Land, and Agriculture on H.C.R. No. 164

The purpose of this measure is to request the Department of Land and Natural Resources to prohibit all commercial vendors at the Nu'uuanu Pali Lookout on the island of Oahu.

Testimony in support of this measure was submitted by the Nu'uuanu/Punchbowl Neighborhood Board and six individuals. Testimony in opposition to this measure was submitted by the Department of Land and Natural Resources.

The 985-foot cliff side of the Ko'olau mountain range offers one of the best panoramic views of the windward coast and is the site of a very historical battle in Hawaiian history. Recently, there have been commercial vendors selling food, trinkets, and other items at the Nu'uuanu Pali Lookout. For many using the lookout, a place of such historical significance, to sell items is disrespectful and degrades the dignity that this area deserves. Your Committee finds that it is appropriate for the Department of Land and Natural Resources to regulate and enforce commercial vendors at the lookout to ensure that the area is used in a respectful manner.

Your Committee has amended this measure by:

- (1) Requesting the Department of Land and Natural Resource to consult with the President of the Association of Hawaiian Civic Clubs and the President of the Daughters of Hawaii before selecting commercial vendors at the lookout;
- (2) Requesting that the Department of Land and Natural Resources to require that any commercial vendor selected shall provide sanitation facilities as a condition to any agreement at the lookout; and
- (3) Requiring that a certified copy of the concurrent resolution be transmitted to the President of the Association of Hawaiian Civic Clubs and the President of the Daughters of Hawaii.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 164, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 164, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3691 Water, Land, and Agriculture on H.C.R. No. 249

The purpose of this measure is to request the Department of Land and Natural Resources to reevaluate the boundaries of the Hilo Bay Recreational Thrill Craft Zone.

Testimony in support of this measure was submitted by one individual. Comments were also submitted by the Department of Land and Natural Resources.

Currently, the Recreational Thrill Craft Zone in Hilo Bay is approximately one mile away from the shoreline. To get to this zone, thrill craft users have to travel a significant distance to enter the designated area. Your Committee finds that this distance poses a potential hazard to users who may encounter equipment failure on their way out to or from the zone or for those who may need medical assistance if they are injured in the zone. Thus, this measure requests the Department of Land and Natural Resources to reevaluate the boundaries of the zone.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 249, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Hemmings).

SCRep. 3692 Health on H.C.R. No. 84

The purpose of this measure is to request the Department of Health to review the available scientific research on decabromodiphenyl ether and assess the availability of safer, effective, and technically feasible flame retardants that can be used in its place.

Your Committee received testimony in support of this measure from the Department of Health, and the Bromine Science and Environmental Forum.

Your Committee finds that the chemical flame retardant decabromodiphenyl ether (Deca-BDE) poses a health risk to consumers and that several states have enacted legislation restricting its use. Research needs to be conducted into safer alternative flame retardants.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 84, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Tsutsui, Whalen).

SCRep. 3693 (Joint) Health and Intergovernmental Affairs on H.C.R. No. 76

The purpose of this measure is to request the Department of Health to report on the status of its litigation against Waste Management of Hawaii, Inc. and the City and County of Honolulu, on how the Department of Health conducts health surveillance related to environmental factors, and how the divisions of the department of health work together to share information and determine any actions to be taken.

Your Committees received testimony in support of this measure from the Department of Health.

Your Committees find that it is a priority of the State to ensure that waste management is handled in a safe and appropriate manner. Improper waste disposal is detrimental to the health and well-being of the community and to the environment. Information on the status of the Department of Health's pending litigation against Waste Management of Hawaii, Inc. and the department's health surveillance procedures will assist the Legislature in determining any future action that needs to be taken.

As affirmed by the records of votes of the members of your Committees on Health and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 76, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 5 (English, Inouye, Kim, Tsutsui, Whalen).

SCRep. 3694 Health on H.C.R. No. 88

The purpose of this measure is to request the Director of Health to develop a trauma system plan for Hawaii.

Your Committee received testimony in support of this measure from the Department of Health, the Hawaii Government Employees Association, the Healthcare Association of Hawaii, Hawaii Pacific Health, American Medical Response, and one individual.

Your Committee finds that the trauma system in Hawaii is facing critical issues, such as the availability of on-call emergency physicians, that must be addressed to ensure the integrity of trauma care in this State. Developing a comprehensive, state-wide trauma system plan will facilitate the direction of the necessary implementation.

Your Committee amended this measure by including transportation services as an important component of the trauma system plan.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 88, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 88, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Tsutsui, Whalen).

SCRep. 3695 Health on H.C.R. No. 197

The purpose of this measure is to request Leahi Hospital to develop a master plan and financial feasibility report for its existing campus that will take advantage of its unique location and relationships in east Honolulu.

Your Committee received testimony in support of this measure from the Hawaii Health Systems Corporation-Oahu Region.

Your Committee finds that the existing campus of Leahi Hospital needs to be revitalized in order to achieve its vision as a Geriatric Center of Excellence. To achieve this goal the master plan and financial feasibility report, addressing all future on-campus construction, activities, and services, need to be completed.

Your Committee further finds that a study of this magnitude can be costly. Hawaii Health Systems Corporation submitted testimony requesting an appropriation in the amount of \$150,000 to complete the plan and feasibility report requested by this measure. However, your Committee noted that funding cannot be appropriated by this measure.

Accordingly, your Committee has amended this measure by requesting that the Hawaii Health Systems Corporation pursue any needed resources in the Regular Session of 2007.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 197, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 197, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Tsutsui, Whalen).

SCRep. 3696 (Joint) Health and Human Services on H.C.R. No. 290

The purpose of this measure is to request the Executive Office on Aging to convene a focus group with other stakeholders to assess yearly service delivery needs and long-term strategic planning for Kupuna Care.

Your Committees received testimony in support of this measure from the Executive Office on Aging.

Your Committees find that Kupuna Care has proven to be a successful program that assists elderly individuals in remaining independent and avoiding institutionalization and homelessness. In order for this program to address the growing elderly population and remain successful in the coming years, a focus group is needed to assess the yearly service delivery needs and to develop a strategic long-term plan for Kupuna Care.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 290, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, none. Excused, 4 (Ihara, Tsutsui, Trimble, Whalen).

SCRep. 3697 Health on H.C.R. No. 226

The purpose of this measure is to request the Department of Health to convene a working group to determine family planning funding needs for legislative consideration in the State's fiscal biennial 2007-2009 budget.

Your Committee received testimony in support of this measure from the Department of Health, Healthy Mothers Healthy Babies, the Hawaii Youth Services Network, and one individual.

Your Committee finds that Hawaii ranks last among the fifty states in public family planning funding. Hawaii has high rates of unintended pregnancy, especially among teenagers and women in low income communities. Unplanned pregnancies invite higher rates of abortion. A working group that addresses the State's fiscal needs for family planning services is needed to ensure lower rates of unplanned pregnancies.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 226, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Tsutsui, Whalen).

SCRep. 3698 Health on Gov. Msg. No. 341

Recommending that the Senate advise and consent to the nomination of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, OAHU SERVICE AREA BOARD

G.M. No. 341 RICHARD CHARLES JACKSON, for a term to expire 6-30-2010

Your Committee received testimony in support of RICHARD CHARLES JACKSON from the Department of Health, NAMI-Oahu, New Life Community Church, Church of the Crossroads, and three individuals. Mr. Jackson currently serves on the Board and is being nominated for reappointment. He has previously served two consecutive four-year terms, had a break in appointment, and is being reappointed after another four-year term. Mr. Jackson is committed to mental health advocacy in the community and has proven to be a valuable asset to the Mental Health and Substance Abuse, Oahu Service Area Board.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hanabusa).

SCRep. 3699 Education and Military Affairs on H.C.R. No. 47

The purpose of this measure is to request that the President and the United States Congress support public schools by increasing funding to implement the No Child Left Behind Act, the Higher Education Act, the Individuals with Disabilities Education Act, and other education-related programs.

Your Committee received testimony in support of this measure from the Department of Education.

Your Committee finds that increased funding is greatly needed by the public schools to support various federal education requirements.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 47, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3700 Education and Military Affairs on H.C.R. No. 49

The purpose of this measure is to request that the United States Secretary of the Navy grant lease rents at token or substantially-below fair-market rates for the USS Bowfin Submarine Museum and Park and the USS Missouri Memorial.

Your Committee received testimony in support of this measure from the State Department of Defense, the Armed Services Committee of The Chamber of Commerce of Hawaii, the Pacific Fleet Submarine Memorial Association, Inc. d/b/a USS Bowfin Submarine Museum and Park, and the USS Missouri Memorial Association, Inc.

Your Committee finds that both the USS Bowfin Submarine Museum and Park and the Battleship Missouri Memorial represent an important part of American history and offer their visitors, American and international alike, studies of significant historical events in Hawaii and the Pacific. As such, they serve the public interest and should qualify for exemption from fair market lease rates.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 49, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3701 Education and Military Affairs on H.C.R. No. 120

The purpose of this measure is to request that the President and the United States Congress fully restore the funding that has been cut from the Army and Air National Guard equipment and personnel budgets.

Your Committee received testimony in support of this measure from the State Department of Defense, the Armed Services Committee of The Chamber of Commerce of Hawaii, the Hawaii National Guard Association, and the Hawaii National Guard Enlisted Association.

Your Committee finds that the Army National Guard budget alone has been reduced by \$11 billion, which will have an impact on its operations at home and overseas. Your Committee is concerned that this troop reduction will cause states to come up short in disaster preparedness at home.

As affirmed by the record of votes of the members of your Committee on Education and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 120, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Tsutsui).

SCRep. 3702 Energy, Environment, and International Affairs on H.C.R. No. 312

The purpose of this measure is to urge the United States Congress to ratify the United Nations' Convention on the Rights of the Child.

The Hawaii Institute for Human Rights and one individual submitted testimony in support of this measure.

The United States was instrumental in composing the 1948 Universal Declaration of Human Rights; yet, the United States has failed to ratify several principal international agreements that are designed to enhance civil and human rights worldwide. Hawaii should not sit idly by while the nation fails to ratify what this State believes to be the right course of action. Your Committee finds that Hawaii can make an initiative to adopt human rights instruments as local law.

Upon further consideration, your Committee amended this measure by:

- (1) Requesting the Hawaii Institute for Human Rights to convene a working group to examine and make recommendations regarding United Nations' human rights instruments for adoption by the State of Hawaii;
- (2) Requesting the working group to seek input from the public and include in its membership the Hawaii Human Rights Center and representatives from the Senate Committee on Energy, Environment and International Affairs and the House International Affairs Committee;
- (3) Requesting the working group to submit a report, including recommendations for legislation, to the legislature no later than twenty days prior to the convening of the regular session of 2007. The report should detail the United Nations' human rights instruments that the working group proposes for adoption; and
- (4) Adding substantive background provisions that are consistent with the revised purpose of the measure.

As affirmed by the record of votes of the members of your Committee on Energy, Environment, and International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 312, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 312, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Hemmings).

SCRep. 3703 (Joint/Majority) Intergovernmental Affairs and Transportation and Government Operations on H.C.R. No. 86

The purpose of this measure is to request the City and County of Honolulu to include an additional spur line to Mililani in its transportation plan for a light-rail transit system.

Castle & Cooke Hawaii submitted testimony in support of this measure.

As the testifier noted, Mililani is a major regional area that feeds into the heavily congested H-1 corridor. New construction and development in Mililani will increase volume on the highway and further exacerbate traffic. Your Committees find that an additional spur line would provide an alternative means of transportation for that region and would help alleviate the burden on the highway system.

As affirmed by the records of votes of the members of your Committees on Intergovernmental Affairs and Transportation and Government Operations that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 86, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 6. Noes, 1 (Slom). Excused, 5 (English, Hee, Kanno, Kim, Menor).

SCRep. 3704 Human Services on H.C.R. No. 72

The purpose of this measure is to request the Department of Human Services to cooperate with the Case Management Council and the Adult Foster Home Association to define the three components of the Residential Alternatives Community Care Foster Family Homes Service Array Program service array and make recommendations for inclusion in the Department's Request for Proposal regarding QUEST Expanded Access.

Your Committee received testimony in support of this measure from the Department of Human Services, the Case Management Council, the Adult Foster Home Association of Hawaii, and one hundred fifty-three individuals.

Your Committee finds that this measure will facilitate discussion among the Department of Human Services, the Adult Foster Home Association, and the Case Management Council about the definition of the three distinct components of the Residential Alternatives Community Care Foster Family Homes Service Array program, and their mode of service delivery, for inclusion in the Department's Request for Proposal related to QUEST Expanded Access.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 72, H.D. 1, and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Trimble).

SCRep. 3705 (Joint) Transportation and Government Operations and Intergovernmental Affairs on H.C.R. No. 53

The purpose of this measure is to request the Department of Transportation and the county fire chiefs to collaborate and cooperate to reach a mutually agreeable solution over fire inspection responsibilities at the Honolulu International Airport and other state airports.

Your Committees received testimony in support of this measure from the Department of Transportation, the Honolulu Fire Department, and the State Fire Council.

The Department of Transportation has Aircraft Rescue and Firefighting crews stationed at airports to carry out its responsibilities pursuant to Title 14, C.F.R. part 139. The Aircraft Rescue and Firefighting crews are not trained, and do not have the necessary staff, to conduct fire inspections of the airport areas.

The Honolulu International Airport is a vast area that encompasses much more than the actual airport facilities and includes surrounding buildings and warehouses, which take one year to inspect on an intermittent basis according to the Honolulu Fire Department. Public safety requires that all state airports be inspected by knowledgeable fire inspectors, whether state or county firefighters.

Your Committees find that the Department of Transportation and the county fire departments should work out an agreement to conduct fire inspections of airport facilities, particularly the Honolulu International Airport.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 53, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 5 (English, Hee, Kanno, Kim, Menor).

SCRep. 3706 (Joint) Transportation and Government Operations and Intergovernmental Affairs on H.C.R. No. 204

The purpose of this measure is to request the State and the counties to prioritize expenditure of federal homeland security funds on interoperable communications systems.

Your Committees received testimony in support of this measure from the Department of Transportation, State Department of Defense, and Motorola.

Public safety and emergency response agencies in the State of Hawaii operate radio communication systems on different frequencies of the spectrum allocated for public safety. The use of different frequencies restricts the ability of public safety and emergency response agencies to communicate with one another and can delay the delivery of critical resources during an emergency. An interoperable communication system will allow communications within and among the different public safety and emergency response agencies at the state and local level.

Your Committees find that an interoperable communication system will enable public safety and emergency response personnel to communicate quickly and effectively during an emergency. Federal homeland security funding received by the State of Hawaii and the four counties should be used first and foremost for the development and implementation of a standards-based statewide and countywide system for interoperable communications between first responders of all government jurisdictions.

As affirmed by the records of votes of the members of your Committees on Transportation and Government Operations and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 204, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 7. Noes, none. Excused, 5 (English, Hee, Kanno, Kim, Menor).

SCRep. 3707 Business and Economic Development on H.C.R. No. 196

The purpose of this measure is to support the concept of a public-private joint venture to develop a new advanced simulator airline training facility in Hawaii.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Community College, and Global Aeronautics, LLC.

Hawaii's local air carriers provide more than twelve thousand direct and indirect jobs for Hawaii residents. Local air carriers must conduct a substantial portion of their flight training on the mainland because Hawaii does not have an advanced simulator training

facility to serve the local airlines. A recent increase in training demands from other airlines and from ab initio airline cadets makes establishing an advanced simulator training center in Hawaii an economically feasible option.

Your Committee finds that legislative support is needed for a public-private joint venture to develop a new advanced simulator airline training facility in Hawaii. Simulator training has economic advantages for the State, and will prepare young pilots for employment with the airlines, thus creating more employment opportunities and the ability to bring more visitors to the State. Your Committee further finds that continued legislative support is needed if financial investments and other resources are obtained from private partners.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 196, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Menor).

SCRep. 3708 Business and Economic Development on H.C.R. No. 205

The purpose of this measure is to request that the Auditor review the proposed plans and the existing and anticipated appropriation requests from the Stadium Authority and the Governor for the repair, renovation, refurbishment, or replacement of Aloha Stadium.

Your Committee received comments from the Department of Accounting and General Services, the Stadium Authority, and the promoter of the Hawaiian Telcom Great Aloha Run.

Aloha Stadium was built in 1975 and was designed to accommodate an array of sports and entertainment events by moving the stands into different configurations. In mid-February 2006, the news media reported that Aloha Stadium is in need of repairs and renovation work amounting to \$129,000,000. The Stadium renovation proposal includes adding ten thousand more seats and thirty-two luxury suites, permanently locking the Stadium in a football configuration, and repairing the rusting Stadium steel structure for safety. In addition to the Stadium Special Fund, the Governor has requested an additional \$25,000,000 in general obligation funds to be added to the 2007 Executive Supplemental Budget for the first year of the four-year repair and replacement Stadium program.

Your Committee finds that the proposal to use general obligation funds to finance the repairs and renovation of the Stadium places an obligation on the Legislature to conduct a thorough review of any and all Stadium repair, renovation, refurbishment, or replacement proposals. It is appropriate for the Auditor to assist the Legislature in reviewing proposals to permanently lock the Stadium into a football configuration as well as expand the Stadium facility, and perform a financial and budgetary review of all proposals to finance the repairs, improvements, renovation, expansion, and replacement of the Stadium facility.

Your Committee recognizes the concerns that the Department of Accounting and General Services and the Stadium Authority have regarding the delay an Auditor's review may have on the proposed plans for the Stadium repairs and renovation project. The Stadium presently has many safety issues that need repair or replacement and your Committee understands that these are paramount issues that need be undertaken immediately. If the additional funding is granted, your Committee believes that an Auditor's review is still appropriate, but the Stadium safety repair and replacement project should still proceed as planned.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 205, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Menor).

SCRep. 3709 Health on H.C.R. No. 219

The purpose of this measure is to request the Department of Health to support the formation of a health information exchange system for the State of Hawaii.

Your Committee received testimony in support of this measure from the Hawaii Science & Technology Council and the Hawaii Health Information Exchange.

Your Committee finds that electronic exchange of medical information will be the new standard for medical care in the coming decade. An electronic health records system that is rapid and secure will enable coordinated health care delivery which will result in better patient outcomes and will be cost-efficient to the health care system as a whole.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 219, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3710 Human Services on H.C.R. No. 147

The purpose of this measure is to request the Attorney General to provide a definitive legal opinion regarding the definition of "employment" as used in sections 386-1, 392-3, and 393-5, Hawaii Revised Statutes.

Your Committee received testimony in support of the measure from Home & Community Services of Hawaii, Inc., Primary Care Providers, and four hundred sixty-six individuals. The Attorney General and the Department of Labor and Industrial Relations submitted comments on this measure.

This measure requests the Attorney General to provide a definitive legal opinion to the Legislature regarding the “domestic” exemption to state employment laws with respect to persons, including corporations and private agencies, who contract with the Department of Human Services to provide attendant and day care services. Your Committee notes that the Attorney General’s written testimony raises concerns regarding this measure’s provisions. Your Committee finds that a formal legal opinion will promote ongoing discussion regarding the need to amend chapters 383, 386, 392, and 393, Hawaii Revised Statutes, in the future.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 147, H.D. 1, and recommends that it be referred to the Committee on Labor.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Trimble).

SCRep. 3711 Business and Economic Development on Gov. Msg. No. 319

Recommending that the Senate advise and consent to the nomination of the following:

COMMUNITY-BASED ECONOMIC DEVELOPMENT ADVISORY COUNCIL

G.M. No. 319 LORRAINE M. MENDOZA, for a term to expire 6-30-2010

LORRAINE M. MENDOZA has served for four years as the East Hawaii Representative on the Community-Based Economic Development Advisory Council. She received her Associates in Arts degree from Hawaii Community College and is currently the Conference Support Assistant at the University of Hawaii at Hilo Conference Center after serving ten years as an Administrative Assistant for the Hawaii Island Chamber of Commerce. Ms. Mendoza is an active participant in the community of Hilo and serves as a Director on the Hilo Hamakua Community Development Corporation and as President of the Pepekeo Community Association.

Your Committee received testimony in support of Ms. Mendoza’s nomination for a second term from the Department of Business, Economic Development, and Tourism; the Department of Research and Development, County of Hawaii; the Planning Department, County of Hawaii; the Hilo-Hamakua Community Development Corporation; KTA Super Stores; and eleven private individuals.

Your Committee finds that Ms. Mendoza plays an important role in assisting and guiding the Community-Based Economic Development (CBED) Program in fulfilling its goals and objectives, and her nomination for a second term will allow her to continue her work and community contributions. Her knowledge and experience with communities and community development on the Island of Hawaii is a valuable resource for the CBED Program and the Big Island communities.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Menor, Sakamoto).

SCRep. 3712 Business and Economic Development on Gov. Msg. No. 355

Recommending that the Senate advise and consent to the nomination of the following:

SMALL BUSINESS REGULATORY REVIEW BOARD

G.M. No. 355 LYNNE E. WOODS, for a term to expire 6-30-2010

LYNNE E. WOODS currently serves as Chairperson of the Small Business Regulatory Review Board and represents the County of Maui. She recently stepped down as President of the Maui Chamber of Commerce and now co-owns, with her husband, Keller Williams Realty Maui, a business with a focus on the real estate industry and business consulting. Ms. Woods is an active participant in the community and holds several past memberships with the Hawaii State Chamber of Commerce, the Western Association of Chamber Executives, the Maui Economic Development Board, the Maui Visitors Bureau, the Maui County Workforce Investment Board, and Big Brothers Big Sisters of Maui.

Your Committee received testimony in support of Ms. Wood’s nomination for a second term from the Department of Business, Economic Development, and Tourism, the Small Business Regulatory Review Board, the Hawaii Business League, and one individual.

Your Committee finds that Ms. Woods has a vast professional business background, has demonstrated her commitment to the community, particularly through her contributions on Maui, and has proven her leadership abilities while serving as the Chairperson for the Small Business Regulatory Review Board. Her nomination for a second term will allow her to continue to play a key role in fulfilling the goals and objectives of the Review Board.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Menor, Sakamoto).

SCRep. 3713 Business and Economic Development on Gov. Msg. No. 379

Recommending that the Senate advise and consent to the nomination of the following:

COMMUNITY-BASED ECONOMIC DEVELOPMENT ADVISORY COUNCIL

G.M. No. 379 ANNA K. RIBUCAN, for a term to expire 6-30-2007

ANNA K. RIBUCAN is a Small Business Advocate with the Office of Economic Development for the County of Maui and operates Maui Retail Services, which is a professional shopping service. Ms. Ribucan formerly worked as a Coordinator for the Center for Entrepreneurship and was a Program Assistant for contract classes, both with the Office of Continuing Education and Training at Maui Community College. She is also the former owner and stockholder of Opened Action Medical Personnel, which provides nurses, nurse aides and companions for home care clients, and has an extensive background and experience in the retail industry on Maui.

Your Committee received testimony in support of Ms. Ribucan's nomination to the Community-Based Economic Development (CBED) Advisory Council from the Department of Business, Economic Development and Tourism; the Office of Economic Development, County of Maui; the Hawaii Small Business Development Center Network; and one individual.

Your Committee finds that Ms. Ribucan's knowledge and experience with communities, community development, and small businesses on Maui will be a valuable resource for the CBED Program and the community of Maui. Her former role as a Coordinator for the Center for Entrepreneurship at Maui Community College proves her leadership abilities in helping launch business incubation programs, implementing new training programs, and creating curriculum for case management. Your Committee further finds that Ms. Ribucan's extensive background and experience will play an important role in assisting and guiding the CBED Program in fulfilling its goals and objectives.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ige, Menor).

SCRep. 3714 Commerce, Consumer Protection and Housing on Gov. Msg. No. 395

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PSYCHOLOGY

G.M. No. 395 FRANCES PAULETTE HACKBARTH, for a term to expire 6-30-2010

FRANCES PAULETTE HACKBARTH is a retiree who worked for thirty-four years as a computer specialist for the United States Navy at Camp Smith, during which time she was also an instructor in sexual harassment prevention for supervisors. Her current volunteer activities include coordinating church ministry visits to hospitalized and homebound persons, as well as supporting and hosting homeless families. She looks forward to participation on the Board of Psychology as a means to serve the ever-growing need for therapy and counseling.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Sakamoto, Hogue).

SCRep. 3715 Human Services on H.C.R. No. 130

The purpose of this measure is to request the Department of Public Safety to conduct a security audit of the Hawaii Youth Correctional Facility.

Specifically, this measure requests the Department of Public Safety to assess the security practices of the facility for the purpose of preventing escapes.

Your Committee received testimony in support of the measure from the Office of Youth Services. One individual submitted testimony in opposition to this measure. The Department of Public Safety submitted comments.

Your Committee finds that this measure will provide information about improving the security operations at the Hawaii Youth Correctional Facility in order to ensure the safety of the public as well as the safety of the youth at the facility.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 130, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Trimble).

SCRep. 3716 Human Services on H.C.R. No. 166

The purpose of this measure is to urge the Department of Human Services to temporarily delay its reorganization plan for the island of Hawaii.

Specifically, it requests the Department to convene additional public hearings regarding its decision to close the Child Welfare Services offices in Ka'u, Kamuela, and Captain Cook.

Your Committee received testimony in support of the measure from the Hawaii Government Employees Association and more than one hundred individuals. The Department of Human Services submitted comments.

Your Committee finds that this measure will offer the Department of Human Services, the affected community, Child Welfare Services staff, as well as interested agencies and organizations, another opportunity to discuss the realignment implications and its potential impact on the continuum of child abuse and neglect prevention, family support, family strengthening, and voluntary case management services for families and children.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 166, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Trimble).

SCRep. 3717 Human Services on H.C.R. No. 269

The purpose of this measure is to request the Governor to designate 2008 as the Year of the Family and to establish a Family Celebration Commission to administer the celebration.

Your Committee received testimony in support of the measure from the Hawaii Family Forum and the Hawaii Catholic Conference.

Your Committee finds that this measure demonstrates Hawaii's commitment to supporting and celebrating all of our Ohana through a year-long celebration of the family.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 269, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Ihara, Trimble).

SCRep. 3718 (Majority) Intergovernmental Affairs on H.C.R. No. 145

The purpose of this measure is to support a resolution to the immigration problem facing this country and to support the provision of emergency medical services to undocumented immigrants.

A representative of the Hawaii State House of Representatives, Na Loio Immigrant Rights and Public Interest Legal Center, Hawaii Human Rights Center, and one individual submitted testimony in support of this measure.

It is estimated that approximately eleven million undocumented immigrants currently reside in the United States. Though undocumented, many of these immigrants are law-abiding, hard working taxpayers who contribute to the cultural, social, and economic vibrancy of our nation.

Hawaii has been a forerunner in the area of immigrant rights and consistently promotes tolerance and respect for all people. The State should denounce far-reaching and harsh federal immigration reform that will do nothing to enhance national security. Therefore, your Committee finds that the State should urge the United States President and Congress to create a pathway for undocumented immigrants to legalize their status.

Upon further consideration, your Committee amended this measure by:

- (1) Specifying that the State supports:
 - (A) A pathway for undocumented immigrants to legalize their status; and

- (B) Reimbursing health care providers so that they can continue to provide emergency medical treatment to this population;
- (2) Focusing the measure by deleting certain provisions related to prior attacks against immigrants and minorities;
- (3) Adding and rewording substantive provisions to support the revised purpose of this measure; and
- (4) Making technical, non-substantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Intergovernmental Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 145, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 145, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, 1 (Slom). Excused, 2 (English, Kim).

SCRep. 3719 Intergovernmental Affairs on H.C.R. No. 250

The purpose of this measure is to help implement possible solutions to juvenile delinquency by requesting the Hawaii County Office of the Prosecuting Attorney to study the feasibility of establishing “receiving homes” in east and west Hawaii.

The Hawaii County Office of the Prosecuting Attorney and three individuals submitted testimony in support of this measure.

A “receiving home” is a facility where juveniles may be placed at any time, night or day, to receive a comprehensive multi-disciplinary screening and risk and needs assessment to ensure an integrated model of care and a seamless array of services. Such a facility would avert having to detain juveniles in police custody while a determination is made regarding which agency is responsible for placement and services.

Your Committee finds it appropriate for the Legislature to request the Hawaii County Office of the Prosecuting Attorney to study the feasibility of establishing “receiving homes” in east and west Hawaii. For this reason, your Committee finds that it would be beneficial to also transmit a certified copy of this measure to the Hawaii County Prosecuting Attorney.

As affirmed by the record of votes of the members of your Committee on Intergovernmental Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 250, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (English, Kim).

SCRep. 3720 Labor on H.C.R. No. 16

The purpose of this measure is to express support for the policies contained in the American Nurses Association’s Handle With Care campaign.

Your Committee finds that the American Nurses Association has launched a national campaign entitled “Handle With Care,” which seeks to develop industry-wide health care efforts to prevent back and other musculoskeletal injuries. Your Committee further finds that the establishment of this campaign is in direct response to the significant number of severe work-related back and other musculoskeletal injuries suffered by nurses. As a result of the current labor shortages in the nursing workforce within this State and throughout the nation, efforts to protect and support safe and healthy work environments for nurses is of great importance. This measure demonstrates the Legislature’s unqualified support of the Handle With Care campaign and its commitment to efforts to reduce the risk of work-related back and musculoskeletal injuries of nurses throughout the nation.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 16, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 1 (Taniguchi).

SCRep. 3721 Labor on H.C.R. No. 62

The purpose of this measure is to express support for congressional efforts to ensure that federal employees in Hawaii are afforded the same or equitable pay and retirement benefits as federal employees residing in the forty-eight contiguous United States.

Testimony in support of this measure was submitted by the Federal Law Enforcement Officers Association – Hawaii Chapter #54, the International Federation of Professional and Technical Engineers, COLA Defense Committee of Oahu, Inc. and eight individuals.

Your Committee finds that federal employees in Hawaii, as well as Alaska, are treated differently than their counterparts who reside in the contiguous United States. Federal employees in Hawaii and Alaska benefit from cost of living adjustments with respect to their pay; however, they are not similarly afforded non-foreign area cost of living adjustments to their basic pay for purposes of retirement. Additionally, Hawaii and Alaska federal employees do not receive locality pay in addition to their salaries, whereas federal employees of the forty-eight contiguous United States receive anywhere from twelve to twenty-eight percent locality pay adjustments. Your Committee further finds that locality pay is factored into a federal employee’s “basic pay” for purposes of calculating retirement benefits, thereby placing Hawaii and Alaska federal employees at a further monetary disadvantage in retirement.

Your Committee supports the merit principle, the principle of equal pay for equal work, and believes that the current treatment of federal employees in Hawaii is unjustly discriminatory and unwarranted. Your Committee believes that the disparity in the treatment of Hawaii and Alaska federal employees and federal employees within the forty-eight contiguous United States is solely attributable to the former states' locations. Understanding that the cost of living in Hawaii exceeds that of most other states, your Committee believes it is necessary to equitably compensate federal employees in Hawaii. This measure will demonstrate the Legislature's support of the fair and equitable treatment of federal employees in Hawaii with regard to pay and retirement benefits.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 62, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 1 (Taniguchi).

SCRep. 3722 Business and Economic Development on H.C.R. No. 277

The purpose of this measure is to encourage the Legislature to collaborate with the National Aeronautics and Space Administration (NASA), the Japan Aerospace Exploration Agency (JAXA), and other aerospace-related agencies to expand and diversify the aerospace industry through the development of the Pacific International Space Center for Exploration Systems.

Your Committee heard testimony in support of this measure from a former Governor, the Department of Business, Economic Development, and Tourism, the Hawaii Space Grant Consortium at the University of Hawaii at Manoa, the University of Hawaii at Hilo, the University of Hawaii at Hilo Conference Center, the Japan-United States Science, Technology, and Space Applications Program (JUSTSAP), the Maritime Consultants of the Pacific, and PBS Hawaii.

In November 2003, delegates attending a JUSTSAP workshop proposed establishing a center for astronaut training, aerospace education, and space technology testing and evaluation in Hawaii that would capitalize on the State's unique human, technological, and environmental resources to support robotic and human missions to the Moon, Mars, and beyond. The Pacific International Space Center for Exploration Systems (PISCES) was envisioned to maintain a base research and training facility on the island of Hawaii, and facilitate workshops, conferences, and other meetings focused on the design, development, and implementation of multinational space exploration projects involving the United States, Japan, and other countries from the Asia-Pacific Region.

The primary goals of PISCES will be to provide a testbed to support future robotic and human missions to the Moon, Mars, and other planetary bodies in the solar system, and facilitate the training of scientists, engineers, and other professionals engaged in research and development activities associated with future space exploration. Other goals include conducting in-field training programs for astronauts, coordinating international meetings of space professionals in Hawaii to design and implement an innovative space research program, and catalyzing aerospace education programs in high schools and colleges located statewide.

Your Committee finds that legislative support is needed to expand and diversify the aerospace industry through the development of PISCES in Hawaii. PISCES holds many potential benefits for the State including diversifying and expanding employment opportunities in scientific and technical fields, and supporting the University of Hawaii as a center of excellence for exploration-supportive education in mathematics, science, and engineering. Further benefits also include expanding tourism opportunities, and establishing Hawaii as a vital resource for NASA and JAXA space exploration planning and implementation.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 277, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Menor).

SCRep. 3723 Ways and Means on H.C.R. No. 75

The purpose of this measure is to request the Department of Education to consider building a new facility for the McKinley High School physical education and athletic program at the former Kapiolani Community College campus.

The measure also requests the Department to consider utilizing the design-build process in constructing the facility and to report its findings to the Legislature.

Your Committee finds that the former site of Kapiolani Community College near McKinley High School has been vacant or underutilized for many years. Since the site is under the control of the Department of Education, it behooves the Department to consider utilizing the site to address issues relating to maintenance and insufficient space at McKinley High School's athletic facilities.

Your Committee also finds that the Department might consider using the design-build process of structural development, wherein one party designs and builds a structure while making cost-saving modifications to allow for a more expedient and efficient method of construction. The design-build process may result in McKinley High School acquiring its athletic facilities much quicker and at less cost than traditional methods of construction.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 75, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Fukunaga, Kanno, Hemmings, Trimble).

SCRep. 3724 Health on H.C.R. No. 80

The purpose of this measure is to request the President of the United States and Congress to adopt changes to the Medicare Part D program.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association and the Mental Health Association.

Your Committee finds that the Medicare Part D program that has been in place for several months continues to have major complications. Low-income elderly and disabled individuals have endured unnecessary hardships due to the program's complex guidelines, processing problems, and penalties.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 80, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3725 Health on H.C.R. No. 105

The purpose of this measure is to urge the Hawaii Health Systems Corporation to enter into a lease/purchase agreement for a parking structure for Maui Memorial Medical Center in to be funded by the issuance of certificates of participation.

Your Committee received testimony in support of this measure from Maui Memorial Medical Center.

Your Committee finds that Maui Memorial Medical Center is need of additional parking and will have a greater need after the 75,000 square foot medical center expansion is completed. Financing this parking structure with certificates of participation will require the State of Hawaii and the Hawaii Health Systems Corporation to enter into a long-term lease agreement.

Accordingly, your Committee has amended this measure by deleting its contents and replacing it with the contents of Senate Concurrent Resolution No. 188, which urges the State to join with the Corporation to enter into the lease/purchase agreement.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 105, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 105, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3726 Health on H.C.R. No. 69

The purpose of this measure is to request the Department of Health to establish and operate a statewide suicide early intervention and prevention program.

Your Committee received testimony in support of this measure from the Hawaii Suicide Prevention Steering Committee. The Department of Health submitted comments in response to this measure.

Your Committee finds that suicide is the leading cause of injury death in Hawaii. This is a critical public health concern that is preventable with the right educational tools.

The Department of Health has already undertaken efforts to address suicide in Hawaii. A full-time suicide prevention coordinator position has been established. A statewide taskforce has been organized with representatives from key programs and organizations and one survivor. The Department has also organized a Suicide Prevention Steering Committee, ten of whose members were trained at the National Suicide Prevention Resource Center's regional conference, to direct the state task force. Your Committee finds these efforts will be enhanced by the adoption of this resolution.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 69, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3727 Health on H.C.R. No. 36

The purpose of this measure is to request the Director of Health to conduct a prevention and education campaign on the increasing incidence of bedbugs.

Your Committee finds that an increase in the incidence of bedbugs could be detrimental to Hawaii's tourism industry. Although bedbugs are not known to carry disease, they often can cause allergic reactions, including itching, and their presence is offensive.

Your Committee has amended this measure by deleting its contents and replacing it with the contents of Senate Concurrent Resolution No. 69, S.D. 1, a similar measure that requests the Department of Health to work in cooperation with the State Tourism Liaison and the Hawaii Hotel & Lodging Association in raising awareness, education, and prevention of the increasing incidence of bedbugs.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 36, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 36, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3728 Health on H.C.R. No. 113

The purpose of this measure is to request the Governor to convene a task force to evaluate and recommend possible procedural, statutory, and public policy changes to minimize the census at Hawaii State hospital and promote community-based health services for forensic patients.

Your Committee finds that a task force needs to be established by the Department of Health to evaluate procedural, statutory, and policy changes that may be necessary to effectuate a decreased population at the Hawaii State Hospital and to improve the level of supervision, monitoring, or treatment necessary to ensure the safety of individuals with mental illness and the public.

Your Committee has amended this measure by deleting its contents and replacing it with the contents of Senate Concurrent Resolution No. 117 SD1, a similar measure, the primary difference of which is to request the Department of Health to convene a task force, as opposed to requesting the Governor to convene a task force.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 113, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 113, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3729 Commerce, Consumer Protection and Housing on H.C.R. No. 156

The purpose of this measure is to oppose federal legislation that threatens the power of state legislatures, governors, insurance commissioners, and attorneys general to oversee, regulate, and investigate the business of insurance and to protect consumers.

Testimony in support of this measure was submitted by the Department of Commerce and Consumer Affairs, the Hawaii Medical Service Association, and the First Insurance Company of Hawaii, Ltd. No testimony in opposition was received by your Committee.

Your Committee finds that current federal initiatives would destroy the state systems of insurance regulation and create unwieldy and inaccessible federal bureaucracies. Your Committee further finds that these proposals create mandatory federal insurance standards that would preempt state laws, to the detriment of Hawaii consumers.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 156, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3730 Commerce, Consumer Protection and Housing on H.C.R. No. 73

The purpose of this measure is to protect consumers and ensure the safety of patients receiving nurse aide services in facilities that do not receive Medicare or Medicaid funding.

Specifically, this measure requests that:

- (1) The Auditor conduct a sunrise review of the certification of these nurse aides who work in non-Medicare or non-Medicaid settings as proposed by S.B. No. 3277, S.D. 1;
- (2) The Department of Commerce and Consumer Affairs (DCCA) rescind its decision to end certification of these nurse aides who work in non-Medicare or non-Medicaid settings; and
- (3) The DCCA extend the current certifications of these nurse aides who work in non-Medicare or non-Medicaid settings until a law requiring their certification is enacted.

Testimony in support of this measure was submitted by the Department of Health, the Hawaii Long Term Care Association, the Healthcare Association of Hawaii, and nine certified nurse aides. Comments were submitted by the Professional and Vocational Licensing Division of the DCCA.

Your Committee finds that nurse aides who work in facilities that receive Medicaid or Medicare funding must be certified pursuant to Chapter 457A, Hawaii Revised Statutes, and federal regulations. No comparable state requirement exists for nurse aides working in facilities that do not receive Medicare or Medicaid funding.

Until 2005, the DCCA has certified and recertified nurse aides who have worked in non-Medicare or non-Medicaid facilities. The DCCA, however, has indicated in 2005 that it will discontinue certification because no state requirement exists. By requesting the DCCA to rescind its decision to end certification of these nurse aides and to extend the current certifications, your Committee further finds this measure ensures the continuation of high standards of quality care for patients in Hawaii.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 73, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3731 (Joint) Commerce, Consumer Protection and Housing and Intergovernmental Affairs on H.C.R. No. 202

The purpose of this measure is to request a study of the use of trailer parks as a possible option for solving Hawaii's homeless and affordable housing crisis.

Testimony in support of the intent of the measure was submitted by the Office of Hawaiian Affairs. The Housing and Community Development Corporation of Hawaii and the Department of Hawaiian Home Lands offered comments.

Your Committees find that this measure calls for a comprehensive study on the issue of whether manufactured housing would be a productive and feasible means to help alleviate the crisis that Hawaii now faces. The answers determined in the study would enable the Legislature to embrace or reject the concept based upon the facts.

Your Committees have amended the measure to:

- (1) Substitute reference to "mobile home parks" for references to "trailer parks";
- (2) Add the Land Use Commission, the Office of Planning, the Office of Environmental Quality Control, and the Affordable Housing and Homeless Alliance to the agencies and stakeholders named for consultation during the requested study;
- (3) Provide unit cost estimates for the delivered price of a mobile home on a pad; and
- (4) Correct references to the Housing and Community Development Corporation of Hawaii.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Housing and Intergovernmental Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 202, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 202, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Ayes, 9. Noes, none. Excused, 2 (Nishihara, Sakamoto).

SCRep. 3732 Water, Land, and Agriculture on H.C.R. No. 192

The purpose of this measure is to request the Attorney General to appoint a special attorney general to independently and impartially investigate the Kaloko reservoir dam collapse.

Testimony in support of this measure was submitted by a Representative of the State House of Representatives; Sakai, Iwanaga, Sutton Law Group; and sixty-seven individuals. Comments were submitted by the Department of the Attorney General and one individual.

On March 14, 2006, the Kaloko reservoir dam breached on the island of Kauai resulting in the loss of seven lives, massive flooding, and extensive property damage. In the aftermath of this tragic event, there have been numerous media and citizen reports making claims and accusations about both the actions and inaction by the State, the county of Kauai, and the private landowners that may have caused, contributed to, or exacerbated the conditions leading to the Kaloko reservoir dam's failure.

Typically, the Attorney General, by law, is charged with the responsibilities of not only investigating and prosecuting criminal and civil actions on behalf of the citizens of the State, but also defending the State against such actions as well. Thus, there is a possibility that the Attorney General may find itself in the position of not only prosecuting or suing a state agency, but defending it as well.

At the federal level, Congress implemented a process of appointing an independent counsel, which could be used by Congress or the Attorney General to investigate individuals holding or formerly holding certain high positions within the federal government and in national Presidential election campaign organizations. As the United States President could not dismiss those investigating the executive branch, it was felt that the independence of the office would ensure impartiality of any reports presented to Congress.

Your Committee finds that after the Kaloko reservoir dam breached, this type of investigation appeared prudent and in the best interests of the State, the victims of the Kaloko reservoir dam breach, and the pursuit of justice. However, this type of action would

require amendments to the current laws, a process that would have needed to be initiated in January or February 2006, before the dam failed. Based on these constraints, your Committee worked within the current laws to authorize an independent investigation of the Kaloko reservoir dam breach. Accordingly, this measure appoints a special deputy attorney general to independently and impartially investigate the Kaloko reservoir dam collapse.

After conferring with the Attorney General, your Committee amended this measure by:

- (1) Clarifying that the special deputy attorney general conduct a civil but not a criminal investigation;
- (2) Providing that the Special Deputy Attorney General Selection Committee be composed of:
 - (a) The Speaker of the House of Representatives or the Speaker's designee;
 - (b) The House Minority Leader or the Minority Leader's designee;
 - (c) The President of the Senate or the President's designee; and
 - (d) The Senate Minority Leader or the Minority Leader's designee;
- (3) Providing that each of the committee members must not have any conflict of interest or appearance of a conflict of interest;
- (4) Provide that the special deputy attorney general shall be appointed notwithstanding the special deputy attorney general process established under section 28-8(b), Hawaii Revised Statutes;
- (5) Requesting the Attorney General to consult with the Special Deputy Attorney General Selection Committee when establishing the qualifications and duties of the appointee;
- (6) Providing that the Special Deputy Attorney General Selection Committee, in consultation with the Attorney General, is requested to submit a list of at least five well-qualified attorneys;
- (7) Providing that the Attorney General is requested to appoint the Special Deputy Attorney General;
- (8) Requesting the Special Deputy Attorney General to recommend legislation or government actions that could help prevent another tragedy and make such other recommendations, as he or she believe appropriate;
- (9) Providing that the Special Deputy Attorney General have all the powers usually and customarily provided to a deputy attorney general under chapter 28, Hawaii Revised Statutes;
- (10) Revising the deadline for the Attorney General to report the Special Deputy Attorney General's findings to not later than twenty days prior to the convening of the Regular Session of 2007 or as soon thereafter as the special deputy attorney general determines to be appropriate;
- (11) Requesting that a certified copy of the resolution be transmitted to the Speaker of the House of Representatives and the President of the Senate; and
- (12) Deleting the provision requesting that a certified copy of the resolution be transmitted to James Pflueger and the Mary N. Lucas Trust.

Your Committee has further amended this measure by:

- (1) Clarifying that the Attorney General is charged, by law, with the responsibility of not only investigating and prosecuting criminal and civil actions on behalf of the citizens but defending the State against the same action as well;
- (2) Detailing the background and history of the federal independent counsel appointment process and duties; and
- (3) Making technical, nonsubstantive changes for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 192, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 192, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3733 (Majority) Higher Education on H.C.R. No. 137

The purpose of this measure is to urge the President and the Board of Regents of the University of Hawaii to reaffirm their commitment to maintaining a systemwide Office of the Vice President for Student Affairs and to fill the vacant position of the Vice President for Student Affairs.

Testimony in support of the measure was submitted by the Hawaii Commission for National and Community Service, the Associated Students of the University of Hawaii at Manoa, the National Association of Student Personnel Administrators Hawaii, the University of Hawaii at Hilo Student Association, and four individuals. The Manoa Faculty Senate Executive Committee opposed the measure. The President of the University of Hawaii System offered comments.

Your Committee finds that there is agreement among all parties that attention to the needs of students is paramount, for students are the very reason the University exists. Your Committee further finds that a Vice President for Student Affairs is an essential resource for student advocacy, demonstrating a visible and pragmatic commitment to student affairs at the highest level of the University administration. Nevertheless, your Committee finds that the administration is proceeding with a “devolution initiative” under which the class specifications for the student affairs position will be revised to reflect a separation of the Manoa campus from the system administration. While your Committee recognizes that the subject of this concurrent resolution is a matter of internal management policy within the University, your Committee shares the concerns of the students and others who testified that a strong voice of advocacy for student interests is needed at the system level as well as on individual campuses.

Your Committee is very concerned that some members of the University administration and faculty appear fundamentally to misunderstand the nature and purpose of a legislative resolution. Far from being an attempt to dictate that the University “fill a particular position” or make an “unexamined commitment” to maintain the office of Vice President for Student Affairs, your Committee simply wishes to express its intent that, after duly considering all relevant options, the University continue to provide a system-wide advocate for student concerns at the highest level. Your Committee finds that otherwise, the students’ voice may become lost within the University administration.

Your Committee finds the President’s comments on the University’s exclusive constitutional jurisdiction over its internal structure, management, and operations troublesome. Your Committee notes that this measure was introduced by, among others, the Speaker, Vice Speaker, and Chair of the Higher Education Committee of the House of Representatives, and was adopted by the House on a forty-eight to zero vote with only three members excused. Your Committee wishes to remind the University administration that pursuant to the State Constitution, it is the Legislature which appropriates funds to, and maintains oversight over taxpayer and other expenditures of, all entities of state government. Accordingly, your Committee emphatically and strongly insists that public funds allocated within the University budget to the position of Vice President of Student Affairs not be used for any other purpose.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 137, and strongly recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, 1 (Trimble). Excused, 1 (Sakamoto).

SCRep. 3734 Higher Education on H.C.R. No. 270

The purpose of this measure is to urge the University of Hawaii to speedily rebuild a School of Global and Public Health.

Testimony in support of the measure was submitted by the University of Hawaii; the American Industrial Hygiene Association, Hawaii Section; and one individual.

Your Committee finds that the closure of the former School of Public Health has severely limited the ability of the University of Hawaii to meet the State’s demands for public health workers, resulting in a shortage of these workers at a time when the need for them is expanding. Your Committee further finds that the lack of a School of Public Health limits the State’s ability to access public health research and training grant funds, without which the University is unable to participate in Centers for Disease Control cooperative agreements, tobacco control programs, and partnership opportunities with other universities in the Pacific.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 270, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3735 Higher Education on H.C.R. No. 170

The purpose of this measure is to request that the University of Hawaii revitalize the Lalamilo Research Station of in collaboration with the College of Tropical Agriculture and Human Resources.

Testimony in support of the intent of the measure was submitted by the Dean of the College of Tropical Agriculture and Human Resources.

Your Committee finds that Lalamilo Research Station is a promising site for research on effective farming practices compatible with residential communities and complementary to the successful development of new high-value crops for Hawaii’s farmers at the Mealani Research Station in Waimea. Your Committee further finds that the College is unable to revitalize the Lalamilo Station because the Executive Order under which the University once held the land is no longer in effect, and the Department of Land and Natural Resources has not delivered title to the University. Your Committee further finds that a charter school currently housed at the Station prevents use of part of the land and limits agricultural practices, such as pesticide spraying, that can be applied there.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 170, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3736 (Joint) Higher Education and Transportation and Government Operations on H.C.R. No. 266

The purpose of this measure is to request the University of Hawaii and the Department of Transportation to work collaboratively to pursue, on a priority basis, the relocation of the University of Hawaii Marine Center from the former Kapalama Military Reservation, Honolulu harbor.

Testimony in support of the measure was submitted by the Department of Transportation (DOT), the Chamber of Commerce of Hawaii, Alexander & Baldwin, Inc., Young Brothers, Ltd., Maritime Consultants of the Pacific, and the Hawaii Boaters Political Action Association. The School of Ocean and Earth Science and Technology (SOEST) of the University of Hawaii stated that it "does not oppose" the measure. The Hawaii Harbor Users Group submitted comments.

Your Committees find that the Kapalama Military Reservation is identified in the DOT Oahu Commercial Harbors 2020 Master Plan as the primary area for harbor expansion to meet projected growth. An initial critical step in the redevelopment of the Reservation is the relocation of the SOEST Marine Center, a long-term tenant of the Department of Land and Natural Resources that currently holds a lease for sixteen acres of harbor frontage without charge. This harbor frontage and adjacent area are critically needed to develop new deep water berthing piers and handling areas for cargo ships. The DOT has an appropriation for planning funds to begin the redevelopment effort, and is currently finalizing contracts including one to complete due diligence and cost estimates for the relocation of the Marine Center.

Your Committees further find that SOEST is willing to negotiate regarding the relocation of the Marine Center, and accordingly this measure will help to ensure the ability of the University of Hawaii to continue its international marine science and other programs critical to the Hawaii recreational fishing industry.

As affirmed by the records of votes of the members of your Committees on Higher Education and Transportation and Government Operations that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 266, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 5. Noes, none. Excused, 5 (Chun Oakland, Kanno, Menor, Sakamoto, Whalen).

SCRep. 3737 Higher Education on H.C.R. No. 314

The purpose of this measure is to request the University of Hawaii Institute for Astronomy to review and report on the long-term development of observatory sites on the summit of Mauna Kea.

Testimony in support of the measure was submitted by the Interim Vice President for Research of the University of Hawaii.

Your Committee finds while the Institute for Astronomy has become one of the University of Hawaii's most successful scientific programs and most respected astronomical institutions in the world, there is need for a balance between the support for science and respect for the cultural and environmental sensitivities of Hawaii's people. Ultimately, a limit must be placed on future development of the Mauna Kea summit, and this long-term development report is the first step in this process.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 314, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3738 Health on Gov. Msg. Nos. 346 and 347

Recommending that the Senate advise and consent to the nominations of the following:

RADIOLOGIC TECHNOLOGY BOARD

G.M. No. 346 ADLEEN ICHINOSE, for a term to expire 6-30-2010; and

G.M. No. 347 LESTER UYEDA, for a term to expire 6-30-2010

Your Committee received testimony in support of ADLEEN ICHINOSE from the Department of Health. Ms. Ichinose currently serves on the Board and is being nominated for reappointment. She is a committed member who previously served on the Board from 1989 to 1997. In 2002, after a five-year break, Ms. Ichinose was again appointed to the Board for another four-year term. She is a Radiologic Technologist, an advocate for quality health care, and a proven asset to the Radiologic Technology Board.

Your Committee received testimony in support of LESTER UYEDA from the Department of Health. Mr. Uyeda currently serves on the Board and is being nominated for reappointment. He is a committed member who previously served on the Board from 1989 to 1997. In 2002, after a five-year break, Mr. Uyeda was again appointed to the Board for another four-year term. He is a Certified

Medical Dosimetrist for The Queen's Medical Center and his dedication and knowledge of radiation oncology enable him to continue to be a valuable member of the Radiologic Technology Board.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hanabusa).

SCRep. 3739 Higher Education on Gov. Msg. No. 393

Recommending that the Senate advise and consent to the nomination of the following:

CENTER FOR NURSING ADVISORY BOARD

G.M. No. 393 AMY E. YASUNAGA, RN, MSN, PhDc, for a term to expire 6-30-2010

Testimony in support of the nomination of AMY E. YASUNAGA was submitted by the Hawaii Government Employees Association and one individual.

Amy E. Yasunaga has more than thirty years of experience as a registered professional nurse in a variety of settings. As Family Nurse Practitioner for the Oahu Community Correctional Center, she currently holds three professional licenses as well as a Ph.D. in Nursing, and serves as well as Clinical Assistant Professor at the School of Nursing and Dental Hygiene, University of Hawaii at Manoa. Additionally, she is a steward and active member of the Hawaii Government Employees Association. Her continuing contributions to the Center for Nursing Advisory Board will be invaluable as it addresses the critical shortage of nurses in Hawaii and evaluates research projects and grant proposals on best nursing practices and means to recruit and retain nurses.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3740 Higher Education on Gov. Msg. No. 400

Recommending that the Senate advise and consent to the nomination of the following:

WESTERN INTERSTATE COMMISSION FOR HIGHER EDUCATION (WICHE)

G.M. No. 400 HELENE I. SOKUGAWA, Ed.D., for a term to expire 6-30-2010

Testimony in support of the nomination of HELENE I. SOKUGAWA was submitted by three Members of the House of Representatives, the Interim Chancellor of the University of Hawaii at Manoa, the Hawaii Government Employees Association, and two individuals.

Helene I. Sokugawa has over twenty-seven years of postsecondary administrative experience in leading, planning, and assessing institutions and programs, including academic and student support assessment, coordinating accreditation visits, and chairing review panels for federal grant proposals. She is currently an Institutional Analyst in the office of the Vice Chancellor for Academic Affairs at the University of Hawaii, and holds a Doctor of Education degree in Educational Administration. Her background and experience have prepared her well to represent Hawaii on the Western Interstate Commission for Higher Education, which offers vital student exchange programs that enable states to avoid costly and unnecessary duplication of programs and facilities.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3741 Higher Education on Gov. Msg. No. 251

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF REGENTS OF THE UNIVERSITY OF HAWAII

G.M. No. 251 MICHAEL A. DAHLIG, for a term to expire 6-30-2007

Testimony in support of the nomination of MICHAEL A. DAHLIG was submitted by forty individuals, including the Chairman and two members of the University of Hawaii Board of Regents; one former and five current officials of the University of Hawaii

administration; four faculty members of the School of Ocean and Earth Science and Technology; nine faculty members and students of the William S. Richardson School of Law; the Coordinator of the Filipino and Philippine Literature Program; five student leaders from the Manoa campus and two from other Oahu campuses; one faculty member and four student leaders from the Hilo campus; a Vice Chair of the National Federation of Filipino American Associations; the Principal of Ku'iwalu Consulting; and three other individuals.

Michael A. Dahilig is a graduate of Punahou School and the University of Hawaii, holding a Bachelor of Science degree with Honors in Geology and Geophysics. He currently sits on the Board of Regents as its student member, and is a Juris Doctor candidate in the William S. Richardson School of Law as well as a Masters Degree candidate in the Department of Urban and Regional Planning. He previously served as President of the Associated Students of the University of Hawaii at Manoa. There is ample testimony that Michael A. Dahilig is a person who listens creatively to all sides of an issue and exercises his own independent judgment when all factors and points of view have been rendered.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Inouye, Sakamoto).

SCRep. 3742 Transportation and Government Operations on H.C.R. No. 79

The purpose of this measure is to request the Harbors Division of the Department of Transportation to proceed with executing the ten-year lease approved by the Department of Land and Natural Resources for Pacific Shipyards International to continue to provide vital ship repair services to the maritime community from its existing Honolulu Harbor facility.

The Department of Land and Natural Resources authorized a ten-year lease on March 28, 2003 for Pacific Shipyards International, a ship repair company, to continue to operate at Pier 41. Your Committee finds that Honolulu Harbor is in need of a ship repair facility and Pier 41 is the only available facility at this time.

Your Committee has amended this measure by adding a request that if Pacific Shipyards International cannot be accommodated, then another suitable location for it be found in Honolulu Harbor.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 79, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 79, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Hee, Menor, Whalen).

SCRep. 3743 Water, Land, and Agriculture on H.C.R. No. 11

The purpose of this measure is to request the Hawaii Invasive Species Council to study and report on specific strategies to prevent the spread of coqui frogs and other invasive species.

Testimony in support of this measure was submitted by the Department of Land and Natural Resources, the Department of Agriculture, and the Conservation Council for Hawaii.

Your Committee finds that it is very important for the State to control the spread of coqui frogs and other invasive species, and near-term solutions are needed to fight the spread of coqui frogs and other invasive species. Accordingly, this measure requests the Invasive Species Council to study and report on specific strategies to prevent the spread of coqui frogs and other invasive species within an island and between the islands.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 11, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 3744 Water, Land, and Agriculture on H.C.R. No. 300

The purpose of this measure is to establish a land use working group to address issues relating to non-agricultural activity on agriculturally classified lands.

Testimony in support of this measure was submitted by the Department of Agriculture, Office of Planning, and the Hawaii Farm Bureau Federation. Comments were also submitted by the Executive Officer of the Land Use Commission, the Hawaii Association of Realtors, and the Land Use Research Foundation.

Your Committee finds that for many decades, agriculturally classified lands have been used for non-agricultural purposes. Over the years, the Legislature has "grandfathered" improperly placed dwellings on agricultural lands or has carved out exceptions for these lands neighboring income-producing parcels. However, your Committee finds that these previous amendments to the law have only served to expand non-agricultural activity on agriculturally classified lands. This measure establishes a land use working group to

address the use of non-agricultural activity on agriculturally classified lands and requests the working group to submit its findings and recommendations to the Legislature.

Your Committee noted and concurs with the testimony from the Office of Planning identifying that the Land Use Working Group could provide a critical function by examining the range of issues raised in the resolution and those being raised in the important agricultural lands incentives and rural policy activities currently being conducted in response to Acts 183 and 205, Session Laws of Hawaii 2005.

Your Committee further noted from the Office of Planning that the immediate convening of the Land Use Working Group may conflict with other working groups currently assembled, as these other working groups are comprised of many of the same members as outlined for the Land Use Working Group. Thus, the Office of Planning suggests that the Land Use Working Group convene in the fall of 2006 with the purpose of consolidating the recommendations of the Agricultural Incentives and Rural Planning working groups, identifying any additional information needed prior to the start of the 2007 regular session, and providing an opportunity for early review and comment on the proposals.

Your Committee finds that the consolidation, review, and public comment on a statewide level in the fall of 2006 is appropriate, as there will be a number of challenging land use, rural, and agricultural land policy issues that will need to be addressed in 2007.

Your Committee also noted testimony from the Hawaii Association of Realtors requesting to be included in the working group. Your Committee believes that this suggestion has merit and finds that the Land Use Working Group should consult with the Hawaii Association of Realtors for guidance and input.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 300, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 3745 Media, Arts, Science and Technology on Gov. Msg. Nos. 371 and 372

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HIGH TECHNOLOGY DEVELOPMENT CORPORATION

G.M. No. 371 GAIL ANN HONDA, PH.D., for a term to expire 6-30-2010; and

G.M. No. 372 ASSUMPTA C. RAPOZA, for a term to expire 6-30-2010

GAIL ANN HONDA, PH.D. currently serves on the Board of Directors of the High Technology Development Corporation. She received her Bachelor of Arts degree from Northwestern University and her Master in Business Administration with a specialization in Management Science and Operations Management and her Doctorate in Japanese Economic History from the University of Chicago. Dr. Honda is the President and Chief Executive Officer of Global Optima, Inc., which is a professional writing and editing services company that focuses on technology; is a technology columnist for *Hawaii Hospitality Magazine*; and is an occasional television commentator for the technology segment on KHON-TV morning news. Her writing has been published in *The Essential Guide to Internet Business Technology*, and she has made numerous technology presentations throughout the State. Furthermore, Dr. Honda is an adjunct faculty member teaching professional writing, advertising, and technical communication classes at Hawaii Pacific University, an instructor teaching an E-business class at University of Phoenix Hawaii Campus, and an instructor teaching an effective writing class at Honolulu Community College.

Your Committee received testimony in support of Dr. Honda's nomination for a second term on the Board of Directors of the High Technology Development Corporation from the High Technology Development Corporation and one individual.

Your Committee finds that Dr. Honda's considerable knowledge and expertise in the commercial high technology industry is an asset for the Board. She has considerable experience with the development and writing of business plans, and in helping companies to understand how to create market awareness of their products and services, both of which are integral to the success of start-up companies. Because the majority of Hawaii technology start-up companies are still in the area of information and telecommunication technology, Dr. Honda's previous research and publications on the Internet and eCommerce make her a valuable resource for the Board, staff, and tenants of the High Technology Development Corporation.

ASSUMPTA C. RAPOZA is currently the Director of Corporate Services at Hawaii Medical Service Association (HMSA). She received her Bachelor of Business Administration degree in Management Information Systems from the University of Hawaii at Manoa and her Master of Business Administration from Chaminade University. Before joining HMSA, Ms. Rapoza gained extensive experience in the fields of management information systems and risk management at GTE Hawaiian Tel, InfoTech, and Bank of Hawaii.

Your Committee received testimony in support of Ms. Rapoza's nomination to the Board of Directors of the High Technology Development Corporation from the High Technology Development Corporation and five individuals.

Your Committee finds that Ms. Rapoza's extensive background in information management will be a valuable resource for the Board of Directors of the High Technology Development Corporation. Although there are a growing number of biotechnology companies starting up in Hawaii, the focus of a large number of the technology start-ups in the State still remain in the areas of

information and telecommunication technology. The knowledge and insight that Ms. Rapoza has gained from her many years of experience in these areas will be a significant asset for the Board as they consider the many demands and opportunities that the agency faces.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Ihara, Hogue).

SCRep. 3746 Commerce, Consumer Protection and Housing on Gov. Msg. No. 367

Recommending that the Senate advise and consent to the nomination of the following:

CREDIT UNION ADVISORY BOARD

G.M. No. 367 GAY L. MATHEWS, for a term to expire 6-30-2010

Your Committee received testimony in support of the nomination of GAY L. MATHEWS from the Department of Commerce and Consumer Affairs and the Hawaii Credit Union League.

Ms. Mathews has served as President and Chief Executive Officer of the North Hawai'i Community Federal Credit Union (NHCFCU) since 1987. Under her leadership, NHCFCU has increased its membership to 3,600 by expanding its services from Honoka'a to the entire island community. Based on her professional experience, your Committee finds that Ms. Mathews is a person of proven credit union experience.

Ms. Mathews has also been deeply involved in community efforts including the Hawaii Community Loan Fund, the County of Hawaii's Workforce Investment Board, the Board of the Hawaii County Resource Center, and the Mayor's Going Home Initiative which reintegrates ex-offenders into their communities. Based on this commitment to the community and her effective participation in these efforts, your Committee also finds that Ms. Mathews is a dedicated public servant who can make significant contributions to the Credit Union Advisory Board.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Sakamoto).

SCRep. 3747 Judiciary and Hawaiian Affairs on Gov. Msg. Nos. 401 and 402

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION ON THE STATUS OF WOMEN

G.M. No. 401 ROSEMARIE E. AQUINO, for a term to expire 9-12-2006; and

G.M. No. 402 ROSEMARIE E. AQUINO, for a term to expire 9-12-2010

ROSEMARIE E. AQUINO is nominated to the Commission on the Status of Women for two separate terms, the first expiring on September 12, 2006, and the second to expire on September 12, 2010.

Your Committee received personal testimony from ROSEMARIE E. AQUINO.

Ms. Aquino received her bachelor of arts degree in English from the College of the Holy Spirit. Thereafter, Ms. Aquino worked at the Bishop Trust Company from 1985 to 1993. Ms. Aquino has been with Bank of Hawaii since 1993 and is currently a vice president.

Ms. Aquino has also been involved with various community and professional organizations including, the Filipino Association of University Women, the American Bankers Association, the Institute of American Bankers and the American Cancer Society.

Your Committee finds that Ms. Aquino's knowledge and experience will be a great asset to the Commission on the Status of Women.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Chun Oakland, Ihara).

SCRep. 3748 Judiciary and Hawaiian Affairs on Gov. Msg. No. 403

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION ON THE STATUS OF WOMEN

G.M. No. 403 MAMO P. GRAHAM, for a term to expire 6-30-2010

Your Committee received personal testimony from MAMO P. GRAHAM.

Ms. Graham graduated from Kapaa High School and went on to attend Pacific University and Portland State University. Ms. Graham was an agency owner for Farmers Insurance Group from 1990 to 1994. Thereafter, she was an administrative assistant with Prudential Real Estate Professionals. From 1995 to 1999, Ms. Graham worked as the EDA Grants Administrator for the County Office of Economic Development. Ms. Graham was the president of the Kauai Chamber of Commerce from 1999 to 2004 and is currently the Director of Resort Marketing at the Princeville Resort in Hanalei.

Your Committee finds that Ms. Graham's knowledge and experience will make her a great asset to the Commission on the Status of Women.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Chun Oakland, Ihara).

SCRep. 3749 Judiciary and Hawaiian Affairs on Gov. Msg. No. 404

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION ON THE STATUS OF WOMEN

G.M. No. 404 MARGARET KURODA MASUNAGA, for a term to expire 6-30-2010

Your Committee received testimony in support of the nomination of MARGARET KURODA MASUNAGA from the Attorney General and three individuals.

Ms. Masunaga received her bachelor of arts degree from the University of California, Berkeley. She received her juris doctorate from McGeorge School of Law at the University of the Pacific. From 1987 to 1991, Ms. Masunaga was an associate with the law firm of Goodsill Anderson Quinn & Stifel. She is currently a deputy corporation counsel for the County of Hawaii.

Your Committee finds that Ms. Masunaga is currently the Chair of the Hawaii State Commission on the Status of Women and with her knowledge and experience, Ms. Masunaga will continue to be a great asset to the Commission.. Your Committee further finds that as required by the eight-year limitation set by section 26-34(a), Hawaii Revised Status, Ms. Masunaga's reappointment to the Commission shall expire on August 31, 2007.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Chun Oakland, Ihara).

SCRep. 3750 Judiciary and Hawaiian Affairs on Gov. Msg. Nos. 445 and 446

Recommending that the Senate advise and consent to the nominations of the following:

CORRECTIONAL INDUSTRIES ADVISORY COMMITTEE

G.M. No. 445 TAI SUK HAHN, for a term to expire 6-30-2010.; and

G.M. No. 446 THOMAS K. SING, for a term to expire 6-30-2008

Your Committee received personal testimony from TAI SUK HAHN.

Mr. Hahn is a 1958 graduate of Kaimuki High School. He attended both the University of Hawaii at Manoa and Kapiolani Community College.

From 1961 to 1968, Mr. Hahn was a member of the United States Army. From 1974 to 1991, Mr. Hahn was the vice president and manager of Paradise Finance, Inc. From 1991 to 2002, he was the editor and vice president of the Korea Daily of Hawaii. Mr. Hahn is currently retired.

Mr. Hahn has also been involved in various community organizations, including the Hawaii Longline Association, the Hawaii Korean Longline Boat Owners Association, and the Hawaii Korean Chamber of Commerce.

Your Committee received testimony in support of the nomination of THOMAS K. SING from one individual.

Mr. Sing graduated from McKinley High School and received further education at the Labor Education Center in Washington, D.C. From 1959 to 2003, Mr. Sing was the president of Graphics Communications International Union, Local 501-M. He is currently the Business Manager of Graphics Communications International Union, Local 501-M.

Mr. Sing has also been active in various community organizations including Aloha United Way, Hawaii Public Television, the Civil Service Commission, and Hawaii Dental Service. Mr. Sing was also in the United States Naval Reserves for sixteen years.

Your Committee finds that both Mr. Hahn and Mr. Sing have a wealth of knowledge and experience that will contribute greatly to their roles as members of the Correctional Industries Advisory Committee.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Chun Oakland, Ihara).

SCRep. 3751 Judiciary and Hawaiian Affairs on Gov. Msg. No. 468

Recommending that the Senate advise and consent to the nomination of the following:

ISLAND BURIAL COUNCIL, ISLAND OF MOLOKAI

G.M. No. 468 MALIA K.H. AKUTAGAWA, ESQ., for a term to expire 6-30-2008

Your Committee received testimony in support of the nomination of MALIA K.H. AKUTAGAWA, ESQ. from the Department of Land and Natural Resources and one individual.

Ms. Akutagawa is a graduate of Whitworth College, where she received her bachelor of arts degrees in biology and philosophy in 1993. She also attended the Minorities in Marine Science Undergraduate Program at Western Washington University. In 1997, Ms. Akutagawa received her juris doctorate from the William S. Richardson School of Law. While there, she earned an Environmental Law Certificate. In 2000, Ms. Akutagawa received a certificate from the Oceanic Institute in Marine Finfish Hatchery, Live Larval Feeds Culture, Nursery & Grow-out, and Broodstock Management.

Ms. Akutagawa was a cultural diversity advocate from 1991 through 1992. During the summer of 1992, Ms. Akutagawa was a research assistant with the Hawaii Institute of Marine Biology in Kaneohe. She continued to work in the field of marine biology and environmental affairs. From 2000 to 2002, Ms. Akutagawa was a staff attorney with Native Hawaiian Legal Corporation. She is currently the Director of the Molokai Rural Development Project.

Your Committee finds that Ms. Akutagawa has served on various boards and commissions. Most recently, Ms. Akutagawa was the Chair of the Molokai Planning Commission. This, along with her other experiences, will assist Ms. Akutagawa in taking a balanced and fair approach in terms of decision-making and arriving at mutually beneficial solutions for the community and between all parties involved.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Chun Oakland, Ihara).

SCRep. 3752 Judiciary and Hawaiian Affairs on Gov. Msg. No. 469

Recommending that the Senate advise and consent to the nomination of the following:

ISLAND BURIAL COUNCIL, ISLAND OF OAHU

G.M. No. 469 T. KEHAULANI KRUSE, for a term to expire 6-30-2010

Your Committee received testimony in support of the nomination of T. KEHAULANI KRUSE from the Department of Land and Natural Resources and one individual.

Ms. Kruse attended St. Andrews Priory and Kamehameha Schools. She is a 1959 graduate of Roosevelt High School. She attended the University of Hawaii for two years. Ms. Kruse worked for Sheraton Hotels from 1960 to 1969. Thereafter, she worked for Alu Like until 1979. From 1979 to 1989, she was employed by the Nature Conservancy of Hawaii. She then worked for Outrigger Hotels & Resort from 1989 to 1991 and from 1992 to 2004 as a cultural resources specialist. Ms. Kruse also worked for the State Historic Preservation Burials Department from 1991 to 1992. She is currently retired but is involved with various Hawaiian community organizations.

Your Committee finds that Ms. Kruse is currently serving on the Burial Council and has developed a strong understanding for native Hawaiian burial laws and regulations. Her extensive knowledge of the Hawaiian culture and her experiences with the State Historic Preservation Division and as a cultural resources specialist with Outrigger Hotels & Resorts will continue to serve her well as a member of the Burial Council for the Island of Oahu.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Chun Oakland, Ihara).

SCRep. 3753 Judiciary and Hawaiian Affairs on Gov. Msg. No. 470

Recommending that the Senate advise and consent to the nomination of the following:

ISLAND BURIAL COUNCIL, ISLANDS OF KAUA'I AND NI'IHAU

G.M. No. 470 DEE M. CROWELL, for a term to expire 6-30-2010

Your Committee received testimony in support of the nomination of DEE M. CROWELL from the Department of Land and Natural Resources.

Mr. Crowell is a graduate of Kamehameha Schools. He received his bachelor of science degree from the University of Southern California. Mr. Crowell has worked at various engineer companies since 1976. From 1993 to 2003, he was the Director of the Planning Department for the County of Kauai. From 2003 to 2005, he was the Regional Manager for Sandwich Isles Communications, Inc. He is presently the Director of Planning for the Kukui`ula Development Company.

Your Committee finds that in Mr. Crowell's ten years as the Planning Director for the County of Kauai, he has dealt with Burial Council issues including procedures and enforcement actions. Mr. Crowell will work well with other Council members to determine appropriate solutions to the issues faced by the Council.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Chun Oakland, Ihara).

SCRep. 3754 Judiciary and Hawaiian Affairs on Gov. Msg. No. 489

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF REGISTRATION OF THE ISLAND OF HAWAII

G.M. No. 489 CAROL M. JUNG, for a term to expire 6-30-2009

Your Committee received testimony in support of the nomination of CAROL M. JUNG from five individuals.

Ms. Jung graduated summa cum laude from the University of Hawaii at Hilo in 1992. She received her juris doctorate in 1997 from the Dickinson School of Law, Pennsylvania State University. Ms. Jung acted as the Executive Assistant to the Chairman of the National Democratic Committee from 1984 to 1988. Prior to this, she managed the Washington, D.C. office of the Philadelphia based law firm of Dilworth, Paxson, Kalish & Kauffman. After graduating from law school in 1997, Ms. Jung clerked with Judge Ronald Ibarra in the Circuit Court of the Third Circuit, Kona Division until 2003. She is currently in private practice in Kailua-Kona, Hawaii.

Your Committee finds that Ms. Jung has a wealth of experience in the political and legal field and that these experiences will make her a great asset to the Board of Registration.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Chun Oakland, Ihara).

SCRep. 3755 Judiciary and Hawaiian Affairs on Gov. Msg. No. 503

Recommending that the Senate advise and consent to the nomination of the following:

ISLAND BURIAL COUNCIL, ISLAND OF HAWAII

G.M. No. 503 ULULANI K. SHERLOCK, for a term to expire 6-30-2010

Your Committee received testimony in support of the nomination of ULULANI K. SHERLOCK from the Department of Land and Natural Resources and one individual.

Ms. Sherlock is a 1958 graduate of Kamehameha Schools. She received her bachelor of arts degree from the University of Hawaii at Hilo. Ms. Sherlock is currently a community resource liaison. Ms. Sherlock is also involved in numerous community organizations and has served as the president of Alu Like, Inc., Prince David Kawanakoa Hawaiian Civic Club, 'Ahahui Hale O Na Ali'i O Hawai'i, and the Kamehameha Schools Association of East Hawai'i Alumni Association/Mamalahoe Chapter.

Your Committee finds that based upon Ms. Sherlock's education, professional, and community-based experiences, Ms. Sherlock will be a great asset to the Burial Council.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Chun Oakland, Ihara).

SCRep. 3756 Judiciary and Hawaiian Affairs on Gov. Msg. No. 504

Recommending that the Senate advise and consent to the nomination of the following:

ISLAND BURIAL COUNCIL, ISLANDS OF MAUI AND LANAI

G.M. No. 504 CHARLES KAULUWEHI MAXWELL SR., for a term to expire 6-30-2010

Your Committee received testimony in support of the nomination of CHARLES KAULUWEHI MAXWELL SR. from the Department of Land and Natural Resources and one individual.

Mr. Maxwell worked as a Maui County Police Officer from 1959 to 2000. He is currently a cultural specialist.

Your Committee finds that Mr. Maxwell is presently the Chair of the Burial Council for the Islands of Maui and Lanai and was instrumental in the development of Hawaii's burial laws and regulations. He has been active in advocating for the protection of native burial sites and has extensive knowledge of native Hawaiian burial practices and traditions. Your Committee further finds that Mr. Maxwell has assisted the Department in responding to inadvertent burial discoveries for years and your Committee recommends that he continue to serve as part of the Burial Council.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Chun Oakland, Ihara).

SCRep. 3757 Judiciary and Hawaiian Affairs on Gov. Msg. No. 517

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF REGISTRATION OF THE ISLANDS OF MAUI, MOLOKAI, LANAI, AND KAHO'OLAWA

G.M. No. 517 ANDREW MUTSUO HIROSE, for a term to expire 6-30-2007

Your Committee received personal testimony from ANDREW MUTSUO HIROSE.

Mr. Hirose is a graduate of Hilo High School. He attended Lehigh University, where he received his bachelor of science degree in mechanical engineering. From 1959 to 1987, Mr. Hirose held various engineering positions with Hawaiian Commercial and Sugar Company. From 1991 to 2001, Mr. Hirose worked for the Solid Waste Division of the County of Maui. He is now retired.

Your Committee finds that Mr. Hirose's wealth of experience and knowledge will serve him well as the member representing Maui, Molokai, Lanai, and Kaho'olawe on the Board of Registration.

As affirmed by the record of votes of the members of your Committee on Judiciary and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Chun Oakland, Ihara).

SCRep. 3758 Water, Land, and Agriculture on Gov. Msg. No. 316

Recommending that the Senate advise and consent to the nomination of the following:

KAUAI AQUATIC LIFE AND WILDLIFE ADVISORY COMMITTEE

G.M. No. 316 LOIS FUJISHIGE, for a term to expire 6-30-2010

LOIS FUJISHIGE works has worked as a coin collector at Verizon Hawaii for thirty-six years. Since 1994, Ms. Fujishige has been an active member of the Kauai Hunting Association, and she has been certified with the Hawaii Hunter Education Program for thirteen years. She is an avid game bird and mammal hunter and is an active volunteer member of the Kauai Division of Forestry and Wildlife. Ms. Fujishige has also been involved with various game management projects such as the Kauai pheasant release project, the annual Kauai game bird surveys, and the game feeder and game water unit maintenance projects.

Testimony in support of Ms. Fujishige was submitted by the Department of Land and Natural Resources.

Your Committee finds that the nominee's experience coupled with a strong commitment to public service, make her an asset to the Kaua'i Aquatic Life and Wildlife Advisory Committee.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 3759 Water, Land, and Agriculture on Gov. Msg. No. 342

Recommending that the Senate advise and consent to the nomination of the following:

NATURAL AREA RESERVE SYSTEM COMMISSION

G.M. No. 342 JAMES D. JACOBI PHD, for a term to expire 6-30-2010

Since 2001, DR. JAMES D. JACOBI has been working as a biologist with the United States Geological Survey, Pacific Island Ecosystems Research Center on the island of Hawaii. Dr. Jacobi has also worked in many botanist and biologist positions in Hawaii for over thirty-five years. He received a Bachelor of Arts degree in Biology from the University of California, Riverside and a Doctorate of Philosophy in Botanical Sciences. Dr. Jacobi is a member of the Ecological Society of America, the International Association for Vegetation Science, the Pacific Science Association, the Hawaii Botanical Society, the Hawaii Chapter of the Wildlife Society, and the Hawaii Audubon Society. He has published at least twelve articles in his subject matter and is also currently serving on the Natural Area Reserve System Commission.

Testimony in support of Dr. Jacobi was submitted by the Department of Land and Natural Resources and the Conservation Council for Hawai'i.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 3760 Water, Land, and Agriculture on Gov. Msg. No. 399

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF CERTIFICATION OF PUBLIC WATER SYSTEM OPERATORS

G.M. No. 399 GUY SEICHI MORIGUCHI, for a term to expire 6-30-2010

GUY SEICHI MORIGUCHI worked as a plant hand for the County of Kauai for fourteen years. Since 1994, Mr. Moriguchi has worked at Aqua Engineers Inc. as a water distribution system operator, a water treatment plant operator, a wastewater treatment plant operator, and is currently a water/wastewater operations/mechanics team leader. He is a member of the Hawaii Water Environment

Association (HWEA) and the American Water Works Association and has received the HWEA Bill Hong Award and the HWEA Service Award.

Testimony in support of this nominee was submitted by the Department of Health and Aqua Engineers.

Your Committee finds that the nominee's extensive experience in water systems operation make him an asset to the Board of Certification of Public Water System Operators.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 3761 Water, Land, and Agriculture on Gov. Msg. No. 407

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF LAND AND NATURAL RESOURCES

G.M. No. 407 TIMOTHY E. JOHNS, for a term to expire 6-30-2010

TIMOTHY E. JOHNS currently serves as the Chief Operating Officer for the Estate of Samuel Mills Damon, a Trustee for the Parker Ranch Foundation Trust, and a member of the Board of Land and Natural Resources. Mr. Johns has had a distinguished career in Hawaii working for AMFAC/JMB Hawaii Inc.; the Nature Conservancy; Carlsmith, Wichman, Case, Mukai & Ichiki; and the Department of Land and Natural Resources. He also taught business law at the University of Hawaii and Windward Community College. Mr. Johns received a Bachelor of Arts degree in History and Business Economics from the University of California, Santa Barbara and a Master of Arts degree in Economics and a Juris Doctorate degree from the University of Southern California.

Testimony in support of Mr. Johns was submitted by the Department of Land and Natural Resources; the Agribusiness Development Corporation; the Office of Hawaiian Affairs; the Conservation Council for Hawai'i; the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; the International Longshore and Warehouse Union Local 142; the Ocean Tourism Coalition; the Hawaii Chapter of the Sierra Club; the Trust for Public Land; and twenty-three individuals.

Your Committee finds that the nominee's extensive experience, coupled with a strong commitment to public service, make him an asset to the Board of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 3762 Water, Land, and Agriculture on Gov. Msg. No. 337

Recommending that the Senate advise and consent to the nomination of the following:

LAND USE COMMISSION

G.M. No. 337 RANSOM A.K. PILTZ, for a term to expire 6-30-2010

Since 1973, RANSOM A.K. PILTZ has been an electrical contractor on Maui. He has served on the Maui Planning Commission for five years, the Maui Contractors' Association for over thirty-three years, and the Land Use Commission for the past four years. Mr. Piltz has been on the Commission for one year, has attended meetings diligently, and has shown himself to be committed, fair, and impartial. Mr. Piltz has also been involved with the Maui Youth and Family Services for eight years and the St. Anthony School Board for twelve years.

Testimony in support of the nominee was submitted by the Executive Officer of the Land Use Commission, the International Longshore and Warehouse Union Local 142, and one individual.

Your Committee finds that the nominee's experience, coupled with a strong commitment to public service, makes him an asset to the Land Use Commission.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 3763 (Majority) Water, Land, and Agriculture on Gov. Msg. Nos. 318 and 366

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII COMMUNITY DEVELOPMENT AUTHORITY (HCDA)

G.M. No. 318 EVELYN E. SOUZA, for a term to expire 6-30-2010; and

G.M. No. 366 MAEDA C. TIMSON, for a term to expire 6-30-2010

EVELYN E. SOUZA is the Parent Community Networking Center Coordinator at Makakilo Elementary School and a CORE Training trainer for the Department of Human Services. Ms. Souza has served as a member of the Hawaii Community Development Authority since 2003 and is also an active community member.

MAEDA C. TIMSON, is an Assistant Vice President and Manager at First Hawaiian Bank and has worked there for thirty-four years. She was the recipient of the 1994 Kapolei Outstanding Achievement Award for Community Service and the 2000 award for Lifetime Service and has been actively involved in the planning of the Kalaeloa Redevelopment area. She has been a member of the Makakilo/Kapolei/Honokai Hale Neighborhood Board since 1996 and has served as a member of the Hawaii Community Development Authority since 2002.

Testimony in support of Ms. Souza was submitted by the chair of the Hawaii Community Development Authority, a member of the House of Representatives, and four individuals. Testimony in opposition to Ms. Souza was submitted by eighteen individuals.

Testimony in support of Ms. Timson was submitted by the chair of the Hawaii Community Development Authority, the Hawaii Farm Bureau Federation, and five individuals.

Your Committee members diligently questioned Ms. Souza regarding the testimony in opposition to her nomination. Ms. Souza indicated that she believes that the opposition to her nomination stems from an organization that she belongs to. This organization was formed to preserve Hawaii Raceway Park. She indicated that her views and support of this organization do not conflict with her duties and responsibilities as a member of the Hawaii Community Development Authority, and based on her answers, your Committee finds that Ms. Souza adequately addressed the concerns. As such, your Committee recommends that Ms. Souza be re-appointed as a member of the Hawaii Community Development Authority based on her knowledge of her community and the issues it faces, as well as her previous experience on the Hawaii Community Development Authority.

Your Committee further recommends that Ms. Timson be re-appointed to the authority. Her banking experience, first-hand knowledge of the intricacies of city and state government and the process of local land development, and prior service for one full term on the Hawaii Community Development Authority makes her an asset to the authority.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Record of votes for Evelyn S. Souza:
Ayes, 3. Noes, 1 (Fukunaga). Excused, 1 (English).

Signed by the Chair on behalf of the Committee.
Record of votes for Maeda C. Timson:
Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 3764 Ways and Means on H.C.R. No. 48

The purpose of this measure is to request the federal government to allow national guard members and military reservists with twenty or more years of service to retire with full retirement benefits at age fifty-five.

Your Committee finds that guard members and reservists with twenty years of service are not entitled to receive any retirement benefits until they attain age sixty. In contrast, members of the active military with the same length of service are entitled to their benefits immediately upon retirement. Your Committee believes that greater parity should be accorded to guard members and reservists.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 48, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 5 (Fukunaga, Inouye, Kanno, Hemmings, Trimble).

SCRep. 3765 Ways and Means on H.C.R. No. 230

The purpose of this measure is to encourage the development of a state-province relationship between the State of Hawaii and the Province of Isabela of the Republic of the Philippines by requesting the Governor to take necessary actions to establish such a state-province relationship.

Your Committee believes that expanding the existing relationships between Isabela Province and the State would promote international friendship, strengthen cultural, social, and economic ties, and be mutually beneficial to both the State and Isabela Province. Isabela Province is known as the "Rice Granary of the North" and is rich in natural resources. In addition, the province is developing its tourism industry. Because there are a significant number of Filipinos in Hawaii who are from or have ties to Isabela Province, there is an already established linkage between the State and the province. Your Committee finds that a state-province relationship would further the existing ties and serve as a conduit for cultural, educational, economic and professional, and humanitarian exchanges between the State and Isabela Province.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 230, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Fukunaga, Kanno, Hemmings, Trimble).

SCRep. 3766 Ways and Means on Gov. Msg. No. 396

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF TAXATION REVIEW, 1ST TAXATION DISTRICT (OAHU)

G.M. No. 396 ALAN MUN LEONG YEE, for a term to expire 6-30-2010

The Department of Taxation submitted testimony in favor of this nomination. In its testimony, the Department noted that Mr. Yee is a Certified Public Accountant and a tax partner in the Honolulu accounting firm of KMH Accounting, LLP. Your Committee finds that Mr. Yee, with twenty-four years of experience in dealing with issues involving federal and state taxes, is well qualified to serve on the Board of Taxation Review.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Fukunaga, Kanno, Kim, Kokubun).

SCRep. 3767 Ways and Means on Gov. Msg. No. 397

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF TAXATION REVIEW, 3RD TAXATION DISTRICT (HAWAII)

G.M. No. 397 MICHAEL CHANG, for a term to expire 6-30-2010

Upon review of the statement submitted by the nominee and supporting testimony, your Committee finds that Michael Chang will work with compassion and commitment to assist in administering the government functions related to tax appeals. Your Committee further finds that Mr. Chang has been appointed based upon his credentials, integrity, and desire to make Hawaii better through his participation on the Board of Taxation Review, 3rd Taxation District.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 4 (Fukunaga, Kanno, Kim, Kokubun).

SCRep. 3768 Ways and Means on Gov. Msg. No. 398

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF TAXATION REVIEW, 4TH TAXATION DISTRICT (KAUAI)

G.M. No. 398 RONALD WILLIAM PEEREN, for a term to expire 6-30-2010

Upon review of the statement submitted by the nominee and supporting testimony, your Committee finds that Ronald William Peeren will work with compassion and commitment to assist in administering the government functions related to tax appeals. Your Committee further finds that Mr. Peeren has been appointed based upon his credentials, integrity, and desire to make Hawaii better through his participation on the Board of Taxation Review, 4th Taxation District.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (Fukunaga, Kanno, Kim, Kokubun).

SCRep. 3769 Ways and Means on Gov. Msg. No. 520

Recommending that the Senate advise and consent to the nomination of the following:

TAX REVIEW COMMISSION

G.M. No. 520 MELANIE KING, for a term to expire upon adjournment sine die 2007

Your Committee has reviewed the personal history, résumé, supporting testimony, and a personal statement submitted by Ms. King and finds that the nominee possesses the necessary qualifications to be appointed to the Tax Review Commission.

Your Committee further finds that Ms. King has a wealth of experience in the accounting profession as a certified public accountant and as a tax department manager in the corporate sector. Her expertise in the areas of individual, estate, trust, and business entity tax accounting will enhance the Tax Review Commission's ability to better serve Hawaii's taxpayers.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 4 (Fukunaga, Kanno, Kim, Kokubun).

SCRep. 3770 Water, Land, and Agriculture on H.C.R. No. 200

The purpose of this measure is to request the Department of Land and Natural Resources to conduct an analysis of local, national, and international incentives and programs to promote landowner protection of important mauka lands.

This measure also requests that the Department of Land and Natural Resources recognize the public benefits of the ecosystem services provided by important mauka lands.

Testimony in support of this measure was submitted by the Department of Land and Natural Resources, the Hawaii Cattlemen's Council, Inc., the Hawaii Forest Industry Association, the Nature Conservancy, the Land Use Research Foundation of Hawaii, Maui Land and Pineapple Company, Inc., and the McCandless Ranch.

Preserving and protecting our natural environment and resources is critical to ensure a promising future for our residents, especially our children. Mauka lands in Hawaii provide scenic beauty for residents and visitors, and many of the forests and woodland areas are the last refuge for many of Hawaii's rare and endangered plants and animals, many of which exist nowhere else on earth.

Your Committee finds that the Department of Land and Natural Resources, working together with scientific and economic experts in the field, as well as other interested parties, can properly analyze local, national, and international incentives and programs to promote landowner protection of important mauka lands and encourage recognition of the public benefits of the ecosystem services that those lands provide.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 200, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 3771 Water, Land, and Agriculture on H.C.R. No. 180

The purpose of this measure is to request the Board of Agriculture and the Agribusiness Development Corporation to aggressively pursue federal funds for the repair and maintenance of irrigation systems that support agricultural production.

Testimony in support of this measure was submitted by the Mayor of the County of Maui, Alexander & Baldwin, Inc., Hawaii Crop Improvement Association, Meadow Gold Dairies, and the Pineapple Growers Association of Hawaii. Testimony in opposition to this measure was submitted by the Department of Agriculture. Comments on the measure were also submitted by the Agribusiness Development Corporation.

The Legislature is in the process of establishing the Irrigation Repair and Maintenance Special Fund to be administered by the Board of Agriculture, in conjunction with the Agribusiness Development Corporation. Many of the irrigation systems used and maintained for agricultural production have fallen into disrepair for lack of proper maintenance. The purpose of the special fund is to provide for repair and maintenance of private and public irrigation systems used for agricultural production.

Your Committee finds that the Board of Agriculture and the Agricultural Development Corporation should aggressively seek federal money as matching funds that the State will deposit into the Special Fund to repair and maintain irrigation systems that support agricultural production. Accordingly, this measure requests the Board of Agriculture and the Agricultural Development Corporation to seek that type of federal support.

Your Committee notes concerns from the Department of Agriculture that this measure sets up an unrealistic expectation that public funds will be available to address the repair and maintenance of privately owned agricultural irrigation systems. The Department of Agriculture further mentioned concerns regarding the need for the federal government to provide specific sums of money in order for the State to transfer the sums it intends to appropriate.

However, your Committee emphasizes that this measure does not contain any mention of money amounts or conditions of how or when state money will be transferred. This measure marks the initiation of the concept of the fund, and the absence of specific monetary amounts was excluded on purpose to accentuate the team effort needed to receive federal funding.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 180, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 3772 Water, Land, and Agriculture on Gov. Msg. Nos. 315, 377 and 378

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF AGRICULTURE

G.M. No. 315 CARL A. CARLSON, JR., for a term to expire 6-30-2010;

G.M. No. 377 DIANE L. LEY, for a term to expire 6-30-2010; and

G.M. No. 378 DERRICK F. NISHIMURA, for a term to expire 6-30-2010

CARL A. CARLSON, JR. possesses extensive experience in agriculture and ranching, having served as president for Parker Ranch, Inc., Hawaii Meat Company, Ltd., and Kona Livestock & Land Management, Ltd. He earned a Bachelor of Science degree from California State Polytechnic University. Mr. Carlson's professional and community affiliations include serving as a director of The Nature Conservancy of Hawaii and The Kohala Center, and as a member of the National Cattlemen's Beef Association, the Hawaii Cattlemen's Council, and Kona Family YMCA. He is currently on the Board of Agriculture.

DIANE L. LEY is the deputy director for the County of Hawaii's Department of Research and Development and has worked as the deputy to the chairperson for the Department of Agriculture, an administrative assistant for both the Big Island Farm Bureau and the Hawaii Farm Bureau Federation, and an assistant coordinator for the University of Hawaii College of Tropical Agriculture and Human Resources' Agricultural Leadership Foundation Program. Ms. Ley's professional and community affiliations include the Agricultural Leadership Foundation of Hawai'i, the Agribusiness Development Corporation, the Agricultural Leadership Foundation of Hawaii Alumni Association, the Hawaii Florist and Shippers Association, the Agriculture Committee for the Hawaii Island Economic Development Board, and the Fern Forest Community Association.

DERRICK F. NISHIMURA has over twenty-five years of experience working in the agricultural industry. Currently, he works for Kilauea Agronomics as an orchard superintendent. Mr. Nishimura received a Bachelor of Science degree in general agriculture from the University of Hawaii at Hilo. He is a current member of the Kauai County Farm Bureau and the Hawaii Coffee Growers Association and has served on both organizations' boards.

Testimony in support of Mr. Carlson was submitted by the Department of Agriculture, the Hawaii Leeward Planning Conference, KTA Super Stores, and twenty individuals.

Testimony in support of Ms. Ley was submitted by the Department of Agriculture, the Agribusiness Development Corporation, the Mayor of the County of Hawaii, the Hawaii Agriculture Research Center, the Hawaii Farm Bureau Federation, and three individuals.

Testimony in support of Mr. Nishimura was submitted by the Department of Agriculture, the Agribusiness Development Corporation, the Hawaii Agriculture Research Center, the Hawaii Farm Bureau Federation, the Kauai County Farm Bureau, and three individuals.

Upon review of the testimony and written statements submitted by the nominees, your Committee finds that the nominees have the necessary character, experience, and qualifications to serve on the Board of Agriculture.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 3773 Health on Gov. Msg. Nos. 381, 382, 383, 384, 385, 386 and 387

Recommending that the Senate advise and consent to the nominations of the following:

STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

- G.M. No. 381 JOAN BELLARD, for a term to expire 6-30-2010;
- G.M. No. 382 NAOMI S. GROSSMAN, for a term to expire 6-30-2010;
- G.M. No. 383 BERNADETTE LUCY KELIIAA, for a term to expire 6-30-2007;
- G.M. No. 384 JEAN S. KIYABU, for a term to expire 6-30-2010;
- G.M. No. 385 PATRICIA A. NISHIMOTO, for a term to expire 6-30-2008;
- G.M. No. 386 MICHAEL D. TADA, for a term to expire 6-30-2008; and
- G.M. No. 387 J. CURTIS TYLER III, for a term to expire 6-30-2010

Your Committee received testimony in support of JOAN BELLARD from the State Council on Developmental Disabilities, Lokelani Ohana, and two individuals. Ms. Bellard is a resident of Maui and a mother of an individual with a developmental disability. She is a retired Registered Nurse and active volunteer for various human services agencies. Ms. Bellard's commitment to advocacy for the developmentally disabled community will enable her to be a valuable member of the State Council on Developmental Disabilities.

Your Committee received testimony in support of NAOMI S. GROSSMAN from the State Council on Developmental Disabilities and Family Voices of Hawaii. Ms. Grossman is a resident of Oahu and is the parent of an individual with a developmental disability. She has extensive educational and professional experience in the field of human services and social work. Ms. Grossman's commitment to community service will make her a valuable asset to the State Council on Developmental Disabilities.

Your Committee received testimony in support of BERNADETTE LUCY KELIIAA from the State Council on Developmental Disabilities and four individuals. Ms. Keliiaa is a resident of Oahu and the parent of an individual with a developmental disability. Ms. Keliiaa's personal experiences and her commitment to improving the quality of life for individuals with developmental disabilities will make her a valuable member of the State Council on Developmental Disabilities.

Your Committee received testimony in support of JEAN S. KIYABU from the State Council on Developmental Disabilities, the Department of Education Special Education Section, and one individual. Ms. Kiyabu presently serves on the Council and is being nominated for reappointment. She is a resident of Oahu and a representative for the Department of Education. Ms. Kiyabu has proven herself to be a valuable asset to the State Council on Developmental Disabilities.

Your Committee received testimony in support of PATRICIA A. NISHIMOTO from the State Council on Developmental Disabilities, the Department of Health, Family Voices of Hawai'i, and two individuals. Ms. Nishimoto has earned a Ph.D. in Social Welfare and is the Chief Executive Officer of Responsive Caregivers of Hawaii. Her extensive educational background, professional experience, and commitment to community service will make her an indispensable contributor and member of the State Council on Developmental Disabilities.

Your Committee received testimony in support of MICHAEL D. TADA from the State Council on Developmental Disabilities, the Hawaii Centers for Independent Living, and one individual. Mr. Tada is a resident of Oahu and lives with a developmental disability. Mr. Tada's personal experiences and dedication to improving the quality of life for individuals with developmental disabilities make him an essential member of the State Council on Developmental Disabilities.

Your Committee received testimony in support of J. CURTIS TYLER III from the State Council on Developmental Disabilities and one individual. Mr. Tyler is a resident of the County of Hawaii and is a family member of an individual with a developmental disability. Mr. Tyler has previously served on this Council and, after a three-year break, is being nominated to serve a third term. Mr. Tyler's experience as a community leader, legislator, and Hawaii County Council member have enabled him to be a valuable contributor to the Council. Mr. Tyler's knowledge of local, state, and federal government and his dedication to community service make him a valuable member of the State Council on Developmental Disabilities.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3774 Water, Land, and Agriculture on Gov. Msg. Nos. 429 and 430

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF LAND AND NATURAL RESOURCES

G.M. No. 429 JERRY EDLAO, for a term to expire 6-30-2009; and

G.M. No. 430 SAMUEL M. GON III, for a term to expire 6-30-2009

JERRY EDLAO owns Accu-Pest & Termite Control Service and has worked in the pest control industry since 1974. He is a member and director of the Maui Contractors Association and a member, vice president, and former board member of the Hawaii Pest Control Association. He has served on the Maui County Planning Commission as a member and the chair, as well as the vice chair of Maui County's Board of Variances and Appeals.

SAMUEL M. GON III is the senior scientist and cultural advisor for The Nature Conservancy of Hawai'i. He has also been an affiliate faculty member at University of Hawaii at Manoa's Department of Urban and Regional Planning since 1999. Dr. Gon holds a Bachelor of Science degree in zoology from the University of Hawaii at Manoa and a Masters degree in zoology and a Doctorate of Philosophy in animal behavior from the University of California, Davis.

Dr. Gon has over twenty-five years of experience in research and conservation in the Hawaiian islands and has worked with private, state, and federal entities on a variety of conservation and land management projects. He is also a Hawaiian cultural practitioner and underwent the traditional Hawaiian 'uniki rites of passage to attain the status of kahuna kākālealeo.

Testimony in support of Mr. Edlao was submitted by the Department of Land and Natural Resources, Hawaii Pest Control Association, and one individual. Testimony in opposition to Mr. Edlao was submitted by the Conservation Council for Hawaii.

Testimony in support of Dr. Gon was submitted by the Department of Land and Natural Resources, the Office of Hawaiian Affairs, the Conservation Council for Hawai'i, the Hawaii Conservation Alliance, the Hawaii Government Employees Association, KAHEA-The Hawaiian-Environmental Alliance, the Hawai'i Chapter of the Sierra Club, and thirty-two individuals.

Your Committee finds that the nominees' experience, coupled with a strong commitment to public service, make each an asset to the Board of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3775 Water, Land, and Agriculture on Gov. Msg. No. 432

Recommending that the Senate advise and consent to the nomination of the following:

MOLOKAI IRRIGATION SYSTEM WATER USERS ADVISORY BOARD

G.M. No. 432 ANDREW K. ARCE, for a term to expire 6-30-2009

ANDREW K. ARCE has been a nursery manager with Hawaiian Research/Monsanto on the island of Molokai since 1999. He has also worked for the University of Hawaii College of Tropical Agriculture and Human Resources' Cooperative Extension Service and Maui Community College. Mr. Arce holds an Associate degree in Vegetable Crop Production, Landscape Maintenance, and C.A. Turf Grass Management. He is a member of the Molokai 4-H Livestock Committee, a member of the Molokai Farm Bureau, a member of the Hawaii State 4-H Livestock Committee Council, and president of the Molokai 4-H Livestock Council.

Testimony in support of the nominee was submitted by the Department of Agriculture, the Hawaii Crop Improvement Association, the Molokai Farm Bureau, Molokai Properties Limited, and two individuals.

Your Committee finds that the nominee's experience, coupled with a strong commitment to public service, make him an asset to the Molokai Irrigation System Water Users Advisory Board.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3776 Water, Land, and Agriculture on Gov. Msg. Nos. 474 and 475

Recommending that the Senate advise and consent to the nominations of the following:

LAND USE COMMISSION

G.M. No. 474 NICHOLAS W. TEVES, JR., for a term to expire 6-30-2009; and

G.M. No. 475 REUBEN S.F. WONG, for a term to expire 6-30-2010

NICHOLAS W. TEVES, JR. is an electrical contractor who has operated his own company, Commercial Electric, Inc., for thirty-three years. He is the president of Pacific Electrical Contractors Association and a board member of the Sand Island Business Association. Mr. Teves has also served on the Contractors License Board, the Aloha Tower Commission, and the Board of Electricians and Plumbers.

REUBEN S.F. WONG is a practicing attorney with over forty years of experience. Mr. Wong has a Bachelor of Science degree in Engineering from the University of Hawaii and a Juris Doctorate degree from the University of Illinois. He is a member of the Hawaii Bar Association, the American Bar Association, the American Judicature Society, and the American Trial Lawyer's Association. He has served on the board of the Hawaii Chamber of Commerce, the board of the Chinese Chamber of Commerce, and on the Legislative Advisory Study Commission on Water Resources.

Testimony in support of Mr. Teves was submitted by the Plumbers and Fitters Union Local 675, the Sand Island Business Association, the Subcontractors Association of Hawaii, and three individuals. Testimony in opposition to Mr. Teves was submitted by Hawaii's Thousand Friends, 'Ahahui Malama I Ka Lokahi, and one individual. Comments were also submitted by the Hawaii Chapter of the Sierra Club.

Testimony in support of Mr. Wong was submitted by seven individuals. Testimony in opposition to Mr. Wong was submitted by the Conservation Council for Hawai'i, Hawaii's Thousand Friends, 'Ahahui Malama I Ka Lokahi, and one individual. Comments were also submitted by the Hawaii Chapter of the Sierra Club.

Your Committee diligently questioned the nominees regarding their experience and knowledge of matters involving the Land Use Commission. Your Committee finds that both nominees' experience and knowledge are adequate to serve on the Land Use Commission.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3777 Transportation and Government Operations on S.R. No. 163

The purpose of this measure is to encourage the Department of Transportation, with cooperation from the Department of Land and Natural Resources, to assist in the state and national policies to reduce reliance upon fossil fuels and to promote the development of an ethanol industry in the State of Hawaii.

Your Committee received testimony in support of this measure from Oahu Ethanol Corporation.

Your Committee finds that a local ethanol industry can bolster the sugar industry, which is currently facing declining market prices. It could also stimulate the development of new crops, thereby providing new jobs and strengthening Hawaii's economy. This new industry will help to decrease Hawaii's heavy dependence on imported petroleum. The nature, size, and quantity of ethanol feed stocks, products, and by-products require maritime transport and utilization of state harbors for the berthing of ships for such products, and their loading, off-loading, storage, and distribution.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 163 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 3778 Transportation and Government Operations on Gov. Msg. Nos. 441 and 442

Recommending that the Senate advise and consent to the nominations of the following:

COMMISSION ON TRANSPORTATION

G.M. No. 441 LAURENCE I. BALTER, for a term to expire 6-30-2010; and

G.M. No. 442 PETE G. PASCUA, JR., for a term to expire 6-30-2010

Your Committee received testimony in support of LAURENCE I. BALTER from the Department of Transportation, Blue Hawaiian Helicopters, and Chai Chabad of Hawaii.

The nominee represents a Maui appointment. He is the Registered Principal and Branch Manager of Linsco Private Ledger, and is a licensed insurance broker in Hawaii. He received a Bachelor of Science degree in physics and mathematics, with a minor in economics and finance, from the University of California, San Diego, and a designation of Accredited Asset Management Specialist from the University of Colorado, Boulder.

Laurence I. Balter has an extensive background and interest in aviation and is a licensed pilot for Angel Flight which transports patients inter-island. He started a successful regional airline in Los Angeles and retired at age thirty. He relocated to Hawaii and has made a significant contribution to the people of Hawaii while establishing a name for himself.

Your Committee received testimony in support of PETE G. PASCUA, Jr., from the Department of Transportation, Institute of Transportation Engineers, and two individuals.

The nominee represents an Oahu appointment. Mr. Pascua received a Bachelor of Science degree in civil engineering from the University of Hawaii at Manoa. He has been the Director of the Traffic and Transportation Engineering Group for Wilson Okamoto Corporation since 1995. Prior thereto, he worked in traffic planning and engineering capacities for several engineering companies and the Pacific Naval Facilities Engineering Command. His professional work includes substantial experience in civil engineering studies, planning, and design functions, with a specialty in traffic and transportation engineering. He has managed the design of numerous traffic and transportation engineering projects.

Your Committee notes the personal statement of the nominee that he recognizes that transportation is a major issue in Hawaii and indirectly affects growth, business climate, tourism, citizens, and many other components and functions of the State. He states he has the ability to contribute his technical and personal experiences in dealing with transportation problems.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 3779 (Majority) Water, Land, and Agriculture on Gov. Msg. Nos. 444 and 493

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII COMMUNITY DEVELOPMENT AUTHORITY (HCDA)

G.M. No. 444 AMANDA S. CHANG-KWAK, for a term to expire 6-30-2010; and

G.M. No. 493 C. SCOTT BRADLEY, for a term to expire 6-30-2010

AMANDA S. CHANG-KWAK is an attorney that specializes in immigration law. Prior to Ms. Chang-Kwak's career in law, she was the president and principal broker of Amanda Chang Realty, Inc. and a real estate broker and supervisor at Prudential Locations, Inc. Ms. Chang-Kwak received a Bachelor of Arts degree in Japanese language & literature, a Masters of Education degree in educational foundations, and a Juris Doctorate degree from the University of Hawaii. She is very active in the community with organizations including the Christian Legal Society, the Syngman Ryee Society, the Liliha Korean Care Home, Advisory Council for Democratic and Peaceful Unification of Korea, and the Korean American Bar Association Hawaii.

C. SCOTT BRADLEY has been a realtor in Hawaii for twenty-two years. Currently, he is the managing director of Coldwell Banker Pacific Properties. Mr. Bradley received a Bachelor of Arts degree in Economics from Claremont McKenna College. He is the director of the National Association of Realtors and the Chair of the Hawaii Chapter of the Young Presidents Organization and is on the board of directors for the Hawaii Historic Foundation, the American Red Cross Hawaii, the Hawaii Business Round Table, and the Diamond Head Theatre. Mr. Bradley was nominated for the Hawaii Community Development Authority to represent the City and County of Honolulu and was recommended by the Honolulu City Council through its resolution number 06-052, FD1.

Testimony in support of Ms. Chang-Kwak was submitted by the Hawaii Community Development Authority, the Hawaii Korean Chamber of Commerce, and fifteen individuals. Testimony in opposition to Ms. Chang-Kwak's nomination was submitted by six individuals.

Testimony in support of Mr. Bradley was submitted by the Hawaii Community Development Authority, the Hawaii Association of Realtors, and three individuals. Testimony in opposition to Mr. Bradley's nomination was submitted by six individuals.

Your Committee diligently questioned the nominees regarding their experience and knowledge of the issues involving the Hawaii Community Development Authority. Your Committee finds that both nominees' experience and knowledge will adequately serve the Hawaii Community Development Authority.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, 1 (Fukunaga). Excused, none.

SCRep. 3780 Transportation and Government Operations on Gov. Msg. Nos. 495 and 496

Recommending that the Senate advise and consent to the nominations of the following:

STATE HIGHWAY SAFETY COUNCIL

G.M. No. 495 RON J. FLEET, for a term to expire 6-30-2010; and

G.M. No. 496 RICHARD E. VELAZQUEZ, for a term to expire 6-30-2010

Your Committee received testimony in support of RON J. FLEET from the Department of Transportation.

The nominee received an associate degree in electronic engineering from Miami-Dade Community College. He has been a real estate broker with Vision Realty since 1999. Your Committee notes his personal statement that although he uses the highways, he is an avid long distance cyclist, riding approximately 250 miles a week on the shoulders of the only highway on Kauai. He would like to be involved in the process of looking for ways to improve the safety of pedestrians and cyclists in addition to keeping the roads safe.

Your Committee received testimony in support of RICHARD E. VELAZQUEZ from the Department of Transportation, AAA Hawaii, Hilton Hawaiian Village Beach Resort & Spa, KITV Hawaii, Better Business Bureau, and one individual.

The nominee is the Regional Manager of AAA Hawaii. He has held various managerial positions for AAA since 1979. He received his education from Ventura College and the University of San Diego. He is a member of the Honolulu Chamber of Commerce, Aloha United Way, Hawaii Visitors and Convention Bureau, Charity Partner with Cancer Research of Hawaii, and various charitable local community groups.

Your Committee notes that the nominee has received various transportation safety awards, including one from the California Highway Patrol for his dedication to traffic safety. He has participated in traffic safety boards and community events including the City and County of Honolulu's Drive Akamai program. As Regional Manager of AAA Hawaii, he has ensured that schools receive assistance with traffic safety education using "Otto the Auto" and distributing educational brochures for various grade levels. He is responsible for AAA Hawaii's support for "Walk Wise Honolulu."

Your Committee notes from the nominee's personal statement that death and injuries caused by traffic crashes are a preventable public health issue that can be reduced through collaborative efforts of state and local governments, private industry, and community groups. Improved traffic engineering, law enforcement, and public education campaigns can combine to reduce crashes and save lives.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 3781 Transportation and Government Operations on Gov. Msg. Nos. 506, 507 and 508

Recommending that the Senate advise and consent to the nominations of the following:

MEDICAL ADVISORY BOARD

G.M. No. 506 EUGENE A.H. MAGNIER, M.D., for a term to expire 6-30-2010;

G.M. No. 507 LEO MAHER, M.D., MHA, FAAN, for a term to expire 6-30-2006; and

G.M. No. 508 LEO MAHER M.D., MHA, FAAN, for a term to expire 6-30-2010

Your Committee received testimony in support of EUGENE A.H. MAGNIER, M.D., from the Department of Transportation.

The nominee represents the cardiovascular disease appointment. He received a B.A. in physics from Temple University and an M.D. degree from Temple University School of Medicine. He did a Cardiology Fellowship at Hahnemann Medical College. He is a Diplomate of the American Board of Internal Medicine and a Diplomate Subspecialty A.B.I.M. Cardiovascular Diseases. Dr. Magnier is licensed to practice medicine in Hawaii, and is in private practice. He is affiliated with numerous professional organizations and hospitals.

Your Committee received testimony in support of LEO MAHER, M.D., MHA, FAAN, from the Department of Transportation and one individual.

The nominee represents the neurologist appointment. He is being nominated for a term to expire on June 30, 2006, and a nomination to expire on June 30, 2010. He received a B.S. degree in biology from Wayne State University and an M.D. degree from Wayne State University School of Medicine. The nominee completed a residency in neurology and a Fellowship in Electrodiagnostic Medicine & Neuromuscular Diseases at the Department of Neurology, Wayne State University School of Medicine and affiliated medical hospitals. He is a member of the American Board of Psychiatry and Neurology and a Fellow of the American Academy of Neurology, as well as numerous professional medical associations.

Your Committee notes from the nominee's personal statement that he has practiced general neurology in Hawaii since 1969, and his subspecialty interests include multiple sclerosis, dementia, stroke, and deep brain stimulation. He is currently the co-chairman for the Noridian Carrier Advisory Committee (Medicare). Dr. Maher further states that a position on the Medical Advisory Board would allow him the opportunity to work on a broad range of issues associated with neurological diseases. These issues are complex and profound, and he can lend insight into these issues, particularly as to the explosive pace of progress in diagnosis and treatment of neurological diseases.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 3782 Transportation and Government Operations on Gov. Msg. Nos. 512 and 513

Recommending that the Senate advise and consent to the nominations of the following:

PROCUREMENT POLICY BOARD

G.M. No. 512 LESLIE S. CHINEN, for a term to expire 6-30-2009.; and

G.M. No. 513 DARYLE ANN HO, RN, BSN, CWS, for a term to expire 6-30-2009

The nominee, LESLIE S. CHINEN, represents the health and human services appointment. She received a Bachelor of Business Administration in accounting from the University of Hawaii – Manoa. She has been a Vice President of the Queen's Development Corporation since 2000. Prior thereto, she held administrative positions with the Queen's Health Systems and Queen's Medical Center. The nominee is responsible for operations and management of Queen's Development Corporation Physicians Office Building and Garages, POB Retail Pharmacies, and contract services. She is responsible for the renovation and redevelopment of Queen's Physician Office Building III.

Your Committee received testimony in support of DARYLE ANN HO, RN, BSN, CWS, from Pacific Health Inc.; Aloha Tap & Die, Inc.; and two individuals.

The nominee represents the health and human services appointment. She received a Bachelor of Science Nursing degree from the Hawaii Pacific University, and holds a certificate as a Wound Care Specialist. She has been the President of Pacific Health, Inc. since 2003, where she is responsible for overall financial, contracts, and daily operations, including insurance billing, monthly and annual budgets, marketing and sales, contract procurement, vendor contracts, inventory control, and contract approvals. She analyzes and evaluates documentation relating to contract approvals and product purchases, and writes and submits bids in response to requests for proposals for state and federal purchasing contracts. The nominee also has experience in evaluating end users situations and concerns, developing user friendly programs, and complying with state and federal program requirements. Her previous experience was in managerial capacities with PharMerica, Aloha Nursing and Rehabilitation Center, and Dauterman Medical Company.

Your Committee notes from the personal statement of the nominee that her background in small business allows her to formulate innovative and concise ideas in regard to the relations between the State and health care industry. Her experience on health care procurement matters gives her the ability to use her knowledge to contribute to the functioning of the Procurement Policy Board.

As affirmed by the record of votes of the members of your Committee on Transportation and Government Operations that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Baker, Kanno, Menor).

SCRep. 3783 Labor on Gov. Msg. No. 406

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII LABOR RELATIONS BOARD

G.M. No. 406 SARAH REIKO HIRAKAMI, for a term to expire 6-30-2012

Upon review of background information submitted by the nominee, your Committee finds that SARAH REIKO HIRAKAMI is a graduate of James B. Castle High School and earned a Bachelor of Science degree in Engineering from the University of Hawaii at Manoa and a Juris Doctor from the William S. Richardson School of Law. Ms. Hirakami currently serves as a deputy legal counsel and compliance officer for the Board of Water Supply for the City and County of Honolulu. She has also served as a deputy attorney general for the State, an associate with Jossem & Toyofuku, a law clerk for the Honorable Corinne K.A. Watanabe, and as a nuclear engineer for the United States Navy.

Testimony in support of the nominee was submitted by the Director of Labor and Industrial Relations, the Attorney General, the Supervising Deputy Attorney General for the Employment Law Division, the Director of Personnel for the County of Hawaii, and fourteen individuals.

Your Committee diligently questioned the nominee regarding her ideas for improvements that can be made by the Hawaii Labor Relations Board. Your Committee believes that the nominee demonstrated a commitment to hard work and a dedication to improving the efficiency of the Board, including the timely rendering of decisions and making necessary updates to the administrative rules.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 1 (Taniguchi).

SCRep. 3784 Labor on Gov. Msg. No. 320

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF TRUSTEES OF THE DEFERRED COMPENSATION PLAN

G.M. No. 320 SANDRA YAHIRO, for a term to expire 6-30-2010

Upon review of background information submitted by the nominee, your Committee finds that Sandra Yahiro is currently the Deputy Director of the Department of Taxation. Previously, she has served as the administrative service manager for the Department of the Attorney General, personnel program officer for the Department of Taxation, and personnel management specialist VI and V for the Department of Human Resources Development. Ms. Yahiro currently serves as a member of the Board of Trustees of the Deferred Compensation Plan and has extensive experience in the administration of deferred compensation and retirement plans.

Testimony in support of the nominee was submitted by the Director of Human Resources Development, the Director of Taxation, the Director of Budget and Finance, the Employee Relations Division Chief of the Department of Human Resources Development, and one individual.

Your Committee believes that the nominee is a qualified individual whose knowledge of deferred compensation and retirement plans, as well as her prior experience serving on the Board of Trustees for the Deferred Compensation Plan, make her a valuable asset to the Plan and its members.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 1 (Taniguchi).

SCRep. 3785 Higher Education on Gov. Msg. No. 443

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF REGENTS OF THE UNIVERSITY OF HAWAII

G.M. No. 443 MARLENE MARIE HAPAI, PH.D., for a term to expire 6-30-2007

Testimony in support of the nomination of MARLENE MARIE HAPAI to the Board of Regents of the University of Hawaii was submitted by twenty-four individuals, most of them affiliated with the University. Ms. Hapai holds a Ph.D. in Entomology and has taught biology and related courses at the University over a period of twenty-one years. She has also held a number of administrative posts, including Chair of the Natural Sciences Division at the University of Hawaii at Hilo; Associate Dean for Academic and Student Affairs at the College of Tropical Agriculture and Human Resources; Director of the Mauna Kea Astronomy Education Center; and most recently, Project Director for a U.S. Department of Education STARnet grant. She has received numerous grants, honors, and awards over the course of her career.

Ms. Hapai takes pride in creating and organizing successful programs, and in her thorough and intimate understanding of Hawaii's educational system. She is collaborative, astute, committed, and capable of detailed considerations while being visionary; someone who supports her team and takes responsibility for her decisions; a motivator who can instill a sense of pride in effort toward common goals; and a person whose exceptional contributions to education will serve as a model for members of the Board of Regents.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Baker, Chun Oakland).

SCRep. 3786 Higher Education on Gov. Msg. No. 477

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII MEDICAL EDUCATION COUNCIL

G.M. No. 477 JAMES E. HASTINGS, for a term to expire 6-30-2007

Testimony in support of the nomination of JAMES E. HASTINGS to represent the federal health care sector on the Council was submitted by the John A. Burns School of Medicine of the University of Hawaii. Dr. Hastings is currently Director of the Department of Veterans Affairs Pacific Island Health Care System. Previously, he served as a medical officer in the United States Army, was Commanding General of the Tripler Army Medical Center, and was Professor and Chairman of the Department of Medicine at the John A. Burns School of Medicine. His many years of experience in the military medical establishment give him intimate familiarity with the close partnership that is necessary between the public and private sectors and academic, federal, and private institutions engaged in training the healthcare work force.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Baker, Chun Oakland).

SCRep. 3787 Higher Education on Gov. Msg. Nos. 480, 481, 482, 509 and 510

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII COMMISSION FOR NATIONAL AND COMMUNITY SERVICE

G.M. No. 480 JUNE LEE, for a term to expire 06-30-2010;

G.M. No. 481 BESSIE J.T. LIMPE, for a term to expire 06-30-2010;

G.M. No. 482 MARY "NEVA" AGGRENEVA REGO, for a term to expire 06-30-2010;

G.M. No. 509 STACY STAN KAWAI HIGA, for a term to expire 6-30-2010; and

G.M. No. 510 BRYSEN CRAIG POULTON, for a term to expire 6-30-2010

Testimony in support of the nomination of JUNE LEE was submitted by six individuals. Ms. Lee is a semi-retired businesswoman who is devoted to working for charitable causes, such as helping war veterans and the disabled, and organizing health fairs with her husband, who is a doctor. She is a goal-oriented team player who is bright, energetic, caring, and well organized, as well as highly respected by the local Korean community. She will help to promote the involvement of older adults in service and volunteerism while serving on the Commission.

Testimony in support of the nomination of BESSIE J.T. LIMPE was submitted by one individual. Ms. Limpe worked as an office manager in a medical practice for sixteen years before beginning a second career in the state civil service. She has been involved with fundraising events and believes in volunteering and contributing to charitable organizations to help the needy. She will work to provide public safety services to communities and persons on the Commission.

Testimony in support of the nomination of MARY "NEVA" AGGRENEVA REGO was submitted by one individual. Ms. Rego is a voice teacher who serves on the boards of directors of Hawaii Opera Theatre and Sacred Hearts Academy. She will reflect the interests of community-based organizations on the Commission.

Testimony in support of the nomination of STACY STAN KAWAI HIGA was submitted by the University of Hawaii and the Vice Chair of the Commission. Mr. Higa is currently Chair of the Hawaii County Council, but previously had a twenty-year career in business. For the past five years he has served as Chair of the Commission, during which time he has successfully developed the role of the Commission and placed it on a path toward sustainability, while supporting and encouraging projects that serve Hawaii's communities. He has cultivated good relationships with federal agency personnel and learned federal rules and procedures, resulting in the expansion of high-quality national service programs, such as AmeriCorps, in Hawaii. Mr. Higa will represent business on the Commission.

Testimony in support of the nomination of BRYSEN CRAIG POULTON was submitted by seven individuals. Mr. Poulton, an education specialist with the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs, is a creative thinker with aptitude for relating to all types of people, who has greatly expanded his Division's outreach to the public. He is community-oriented, respectful of Hawaiian kupuna, and "a servant of the people." He will represent community-based organizations on the Commission.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Baker, Chun Oakland).

SCRep. 3788 Higher Education on Gov. Msg. Nos. 485, 486 and 487

Recommending that the Senate advise and consent to the nominations of the following:

CENTER FOR NURSING ADVISORY BOARD

G.M. No. 485 DALE M. ALLISON, PhD, APRN, FAAN, for a term to expire 6-30-2010;

G.M. No. 486 JOAN ANNE CRAFT, for a term to expire 6-30-2008; and

G.M. No. 487 VICKY K. POLAND, for a term to expire 6-30-2007

Testimony in support of the nomination of DALE M. ALLISON was submitted by two individuals. Dr. Allison holds a Ph.D. from the University of Pennsylvania and is currently Professor and Graduate Program Chair in the School of Nursing at Hawaii Pacific University (HPU). She also directs the Ho'ola Like Outreach Project for family nurse practitioners and traditional Hawaiian healers at the Waikiki Health Center. She co-founded the Transcultural Nursing Center at HPU, and co-directs its Service Learning Program. Dr. Allison will fill the position of doctorally-prepared nurse educator on the Advisory Board.

No testimony in support of the nomination of JOAN ANNE CRAFT was submitted. Ms. Craft is a staff nurse at Queens Medical Center intensive care unit with a certification in critical care and neurological nursing, and is Vice President of the Hawaii Nurses Association. She will represent labor on the Advisory Board, where she will have an opportunity to work on a variety of factors to help mitigate the nursing shortage that Hawaii is experiencing.

No testimony in support of the nomination of VICKY K. POLAND was submitted. Ms. Poland is a critical care registered nurse in the coronary care unit at Kuakini Medical Center, and serves on the Hawaii Nurses Association board of directors. She will represent HNA on the Advisory Board, where she can help address the increasing challenge of the current nursing shortage in Hawaii.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Baker, Chun Oakland).

SCRep. 3789 Higher Education on Gov. Msg. Nos. 490 and 491

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE RESEARCH CORPORATION OF THE UNIVERSITY OF HAWAII

G.M. No. 490 SHANLYN A.S. PARK, for a term to expire 6-30-2010; and

G.M. No. 491 DONN MASAO TAKAKI, for a term to expire 6-30-2010

Testimony in support of the nomination of SHANLYN A.S. PARK was submitted by three individuals. Ms. Park is an attorney who serves as Assistant Federal Public Defender in the Hawaii Federal Public Defender's Office. She has also been active as an Adjunct Professor and on the Board of Directors of the Alumni Association of the William S. Richardson School of Law, has coached the Rainbow Team in Special Olympics swimming, and has served on the advisory board for Sisters Offering Support.

No testimony was submitted in support of DONN MASAO TAKAKI. Mr. Takaki is president of HawkTree International, a Hawaii business magazine. He also currently serves as Chair of the Charter Commission for the City and County of Honolulu. With a background in business and government, he brings to the board an appreciation of the global competitive environment within which university research must operate.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Baker, Chun Oakland).

SCRep. 3790 Media, Arts, Science and Technology on H.C.R. No. 320

The purpose of this measure is to request the Department of Land and Natural Resources to honor the first Monday in May as "Hawaii Historic Preservation Awareness Day" by holding events and activities that stimulate public interest in historic preservation.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

The preservation of architecture, objects, and sites help to preserve the various cultures that coexist with each other in Hawaii for future generations and make the State unique. Historical preservation helps to promote the tourism industry, and is a vital educational resource on various cultures and ethnicity. The Department of Land and Natural Resources is charged with administering a comprehensive historic preservation program that includes developing and implementing interpretive programs for historic properties that are listed on or eligible for the Hawaii register of historic places.

Your Committee finds that designating the first Monday in May as "Hawaii Historic Preservation Awareness Day" will enable the Department of Land and Natural Resources to further its efforts in promoting public awareness and interest in historic preservation. Events and activities will educate the public, and encourage further efforts in historic preservation for future generations.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 320, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Ige).

SCRep. 3791 (Joint) Media, Arts, Science and Technology, Business and Economic Development, Water, Land, and Agriculture and Higher Education on H.C.R. No. 218

The purpose of this measure is to request the High Technology Development Corporation, the University of Hawaii John A. Burns School of Medicine, the University of Hawaii Cancer Research Center of Hawaii, the Department of Education, the Department of Land and Natural Resources, the Hawaii Community Development Authority, Kamehameha Schools, and the Hawaii Science and Technology Council to collaborate and plan for a comprehensive medical and life sciences research and technology park in Kakaako.

Your Committees received testimony in support of this measure from the High Technology Development Corporation, the University of Hawaii System, the Department of Education, Kamehameha Schools, the Hawaii Science and Technology Council, and the Hawaii Community Development Authority.

The Hawaii Science and Technology Council has been instrumental in coordinating the efforts of a consortium consisting of various interested state agencies, schools, and organizations in creating a comprehensive medical and life sciences research and technology park in Hawaii. The land adjacent to the Mother Mary Waldron Park in the Kakaako District, which is owned by the State, is suitable for development and is envisioned as the area to develop the research and technology park.

Your Committees find that it is vital to encourage, support, and facilitate medical and life science research, technology, and education. Your Committees further find that there is a tremendous public value and benefit from the collaboration and cooperation of activities in a central area that will provide facilities and resources for education, training, research, and technology, where private companies will support the collective needs of the various schools, universities, and state agencies. A research and technology park will encourage further research and advances in the fields of medicine and life sciences, encourage scientists to conduct their research in Hawaii, and designate Hawaii as the premier research and technology center in the Pacific.

As affirmed by the records of votes of the members of your Committees on Media, Arts, Science, and Technology and Business and Economic Development and Water, Land, and Agriculture and Higher Education that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 218, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Ayes, 12. Noes, none. Excused, 4 (Baker, Chun Oakland, Menor, Hemmings).

SCRep. 3792 Labor on Gov. Msg. No. 310

Recommending that the Senate advise and consent to the nomination of the following:

LABOR AND INDUSTRIAL RELATIONS APPEALS BOARD

G.M. No. 310 ROLAND QUOK FONG THOM, for a term to expire 6-30-2010

Upon review of background information submitted by the nominee, your Committee finds that ROLAND QUOK FONG THOM is a graduate of Punahou School who earned an Artium Baccalaureus degree in Economic from the University of California at Berkeley and a Juris Doctor from Fordham University School of Law in New York. He is the director of the law firm of Char, Hamilton, Campbell & Thom, where he has practiced for over the past twenty-five years. Mr. Thom previously practiced law and is a former partner in the law firm of Cades, Schutte, Fleming & Wright, served as a deputy corporation counsel for the City and County of Honolulu, and served as a Captain in the United States Army.

Testimony in support of the nominee was submitted by the Director of Labor and Industrial Relations, the Chamber of Commerce of Hawaii, the Building Industry of Hawaii, the Chinese Chamber of Commerce of Hawaii, Ayabe, Chong, Nishimoto, Sia & Nakamura, and fourteen individuals, including former Board Chairs Nadao Yoshinaga, E. John McConnell, and Frank Yap, Jr.

Your Committee diligently questioned the nominee regarding his opinion of the state of the workers' compensation system and his ideas for the system's reform. Your Committee finds the nominee to be a highly qualified individual with valuable experience and believes his enthusiasm and willingness to serve will make him an asset to the Labor and Industrial Relations Appeals Board.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 1 (Taniguchi).

SCRep. 3793 Labor on Gov. Msg. No. 311

Recommending that the Senate advise and consent to the nomination of the following:

LABOR AND INDUSTRIAL RELATIONS APPEALS BOARD

G.M. No. 311 DAVID ALEXANDER PENDLETON, for a term to expire 6-30-2016

Upon review of background information submitted by the nominee, your Committee finds that David Alexander Pendleton holds a Bachelor of Arts degree in History and Political Science from La Sierra University in Riverside, California, a Master of Arts degree in Church History and Religion from Loma Linda University in Loma Linda, California, and a Juris Doctor from the University of Southern California Law Center in Los Angeles, California. He currently serves as senior policy analyst for Governor Linda Lingle. Mr. Pendleton's prior work experience includes but is not limited to serving as a legislator in the Hawaii State House of Representatives, in-house counsel for the Seventh-day Adventist Church Headquarters in Hawaii, a pastor for the Hawaii Conference of Seventh-day Adventists Church, a teacher, a youth pastor, and an associate with private firms within the State.

Testimony in support of the nominee was submitted by one U.S. Senator, one U.S. Congressman, six members of the House of Representatives, the Mayor of the City and County of Honolulu, one Honolulu Councilmember, the Director of Labor and Industrial Relations, the ILWU Local 142, the Laborers' International Union of North America Local 368, AFL-CIO, the Hawaii Carpenters Union, the Office of Hawaiian Affairs, the Oahu Filipino Community Council, the Building Industry of Hawaii, the Chamber of Commerce of Hawaii, and one hundred and eleven individuals.

Your Committee diligently questioned the nominee regarding his views on the workers' compensation system, including its effectiveness. Although expressing a desire to see improvements made, the nominee demonstrated a positive outlook on the current system and expressed a commitment to ensuring that an injured worker's right to treatment and timely return to work and an employer's rights and financial interests are protected. Your Committee recognizes the widespread support from a diverse group of individuals and organizations received on behalf of the nominee and appreciate the nominee's willingness to serve and his expressed intent to reduce the Board's current backlog of cases.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 1 (Taniguchi).

SCRep. 3794 Tourism on Gov. Msg. Nos. 358, 359, 408, 409 and 411

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII TOURISM AUTHORITY

G.M. No. 358 MICHAEL K. KOBAYASHI, for a term to expire 6-30-2010;

G.M. No. 359 JOHN J. TONER, for a term to expire 6-30-2010;

G.M. No. 408 KELVIN M. BLOOM, For a term to expire 6-30-2010;

G.M. No. 409 PATRICIA A. EWING, For a term to expire 6-30-2010; and

G.M. No. 411 CHALENE "CHA" MAE KU'UPUAAALA THOMPSON, For a term to expire 6-30-2010

To ensure that nominees to the Board of Directors of the Hawaii Tourism Authority are sincere and dedicated to the purpose and goals of the Hawaii Tourism Authority, your Committee has consistently asked all nominees to submit to the Committee a written vision statement. The purpose of the vision statement is for nominees to take the time to reflect upon and determine if they are willing to provide the time and effort that is required for the position. Furthermore, the vision statement is a tool for the Committee to assess the nominee's dedication and determination, which are indicative of whether the nominee would be an asset to the Board of Directors of the Hawaii Tourism Authority. Those nominees who furnished a vision statement to your Committee are reported herein.

Your Committee received testimony in support of MICHAEL K. KOBAYASHI from the Department of Business, Economic Development, and Tourism; Charley's Taxi; Hankyu Express USA Inc.; Kauai Island Tours; Kintetsu International Hawaii Company; Nippon Travel Agency Hawaii Inc.; Tropical Ocean Sports Hawaii Inc.; Maui Divers of Hawaii; MC&A Inc.; Aloha VIP Tours Inc.; Japan Hawaii Travel Association; Germaine's Luau; JALPAK International; Starwood Hotels and Resorts; TTA Inc.; Outrigger Hotels & Resorts; Hawaii Transportation Association; Hilton Hawaiian Village; Kobayashi Travel; and Griffing Swan & Lai Inc.

The nominee received a BBA degree in Travel Industry Management from the University of Hawaii. The nominee has been employed since 1999 as the President of Kobayashi Travel Service. The nominee is a member of many trade and professional organizations, including the Japan Hawaii Travel Association, Skal Club of Hawaii and the Japan-America Society.

Your Committee notes from the vision statement of the nominee that he will focus on issues that affect tourism such as long term availability of our natural resources, community support for the industry, and the safety and security of our visitors and residents.

Your Committee received testimony in support of JOHN J. TONER from the Hawaii Tourism Authority; the Department of Business and Economic Development, and Tourism; Hawaii Hotel & Lodging Association; Hawaiian Hotels and Resorts; Preferred Hotel Group; Kapalua Resort; Pleasant Holidays; Princeville Resort; Doctors on Call; and two individuals.

The nominee is a reappointment, representing the public (at large/Oahu) from a list submitted by the President of the Senate. The nominee has been employed since 2004 as the Executive Vice-President of the Resort Group, responsible for resort operations for Ko Olina and part of the due diligence team in the purchase of the Princeville Resort. Previously, the nominee was the General Manager for the Ritz-Carlton in Kapalua, Rancho Mirage, and St. Louis. The nominee is a member of many trade and professional organizations, including the Ronald McDonald House Charities, Sea of Dreams Foundation, Chaine des Rotisseurs, Bailli of the Maui Chapter, Ka Lima O Maui Board of Directors, Mercedes Championship/ Kapalua Maui Charities Board of Directors, Pleasant Hawaiian Holidays Board of Directors and the Pacific Cancer Center Board of Directors.

Your Committee notes from the new vision statement of the nominee that he is honored to serve as a member of the Hawaii Tourism Authority Board and hopes to focus his next term on expanding the Boards efforts in contributing to the local community.

Your Committee received testimony in support of KELVIN M. BLOOM from the Department of Business, Economic Development, and Tourism; Hilo Hattie; Marathon Group; TransPacific Mortgage Group; Hawaii Hotel & Lodging Association; Waikiki Improvement Association; Pacific Rim Bank; Hospitality Advisors LLC.; Tiki's Bar & Grill; O'Neill Group; and four individuals.

The nominee is currently the Regional Vice-President of ResortQuest International Inc. and the founding President of Castle Resorts & Hotels. The nominee is a member of many trade and professional organizations, including Pacific Rim Bank, Hotel Operators Roundtable, Manoa Valley Theater, Hawaii Hotel & Lodging Association, Waikiki Improvement Association, and Aloha United Way.

Your Committee notes from the vision statement of the nominee that the nominee wants to bring together the visitor industry and business communities to form partnerships that will create a sustainable business model that will deliver benefits and introduce practices that are respectful and meaningful to the community and culture that will preserve, cultivate and celebrate the special nature and distinction of Hawaii.

Your Committee received testimony in support of PATRICIA A. EWING from the Department of Business, Economic Development, and Tourism; State Representative from the 14th District; Kilauea Agronomics; Kauai Aloha Foundation; Heli USA Airways; Island Soap & Candle Works; Ching Young Village; Banana Patch Studio; Kilauea Real Estate Company; Lighthouse Bistro; and three individuals.

The nominee received a BA degree from the University of California at San Jose and the University of California at Long Beach. The nominee has been employed since 1992 as the owner and buyer for Kung Lung Company. The nominee is a member of many trade and professional organizations, including Kauai North Shore Business Council President, Member of Mayor Joanne Yukimura's Tourism Committee, Panelist Solutions 2000 Business Forum Pacific Business News, Panelist Association of Independent Shopping Center Owners, Hawaii International Film Festival/Kauai Chairperson and Board Member of the Kalihiwai Ridge Community Association.

Your Committee notes from the vision statement of the nominee that an economic enterprise like tourism does not in and of itself bring virtues and values such as stewardship, charity, thrift, harmony and concern for others. The nominee sees that these are the qualities responsible stakeholders must add and cultivate if the economic activity is to deliver benefits afforded to each stakeholder.

Your Committee received testimony in support of CHALENE "CHA" MAE KU'UPUAALA THOMPSON from the Department of Business, Economic Development, and Tourism; Hawaii Hotel and Lodging Association; Cove Entertainment Inc. and Starwood Hotels and Resorts.

The nominee has been employed since 1971 as the owner and Executive Vice-President of Tihati Productions a Polynesian Entertainment Company. The nominee is a member of many trade and professional organizations, including Chair of the Honolulu Police Commission, Past Vice-President of the Institute of Human Services, and Past President of the Native Hawaiian Hospitality Association.

Your Committee notes from the vision statement of the nominee that the nominee wants to add a local perspective to the board and states that the motive for the nominee to serve on the board was to find ways to make residents, Hawaiians in particular, feel a part of Waikiki again. Perhaps reminding them of places like Kawehewehe (the healing waters, just off the Halekulani) where Hawaiians of old would come to find peace within, to name a few pleasant things that would be enjoyable and reminiscent of actual practices.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hee, Tsutsui).

SCRep. 3795 Commerce, Consumer Protection and Housing on Gov. Msg. No. 421

Recommending that the Senate advise and consent to the nomination of the following:

CONTRACTORS LICENSE BOARD

G.M. No. 421 GERALD YAMADA, for a term to expire 6-30-2010

Your Committee received testimony in support of the nomination of GERALD YAMADA from the Building Industry Association-Hawaii; the Hawaii Chapter of the Associated Builders and Contractors, Inc.; the Hawaii Island Contractors' Association; and Isemoto Contracting Co. Ltd.

Mr. Yamada has over twenty years of experience in the contracting industry. He entered the industry as a Hawaii contractor in 1984 with the founding of Yamada Paint Contracting Inc. In 1987, he began work as a general contractor under GW Construction. In this time, Mr. Yamada has served as President of the Hawaii Island Contractors Association and been honored as the U.S. Small Business Administration's 2004 Small Business Person of the Year for the County of Hawaii. He is also actively involved with his community through the Boys and Girls Club of the Big Island, the Hawaii Japanese Center, and the Japanese Chamber of Commerce.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Espero).

SCRep. 3796 Commerce, Consumer Protection and Housing on Gov. Msg. Nos. 422 and 423

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DENTAL EXAMINERS

G.M. No. 422 JASON WADE KAMEZAWA, for a term to expire 6-30-2009; and

G.M. No. 423 NOLAN Y. KIDO, for a term to expire 06-30-2010

Your Committee received no testimony in support for the nominations of JASON WADE KAMEZAWA or NOLAN Y. KIDO.

Dr. Kamezawa is a licensed dentist who has maintained a private practice on Oahu for the past ten years. In addition to his professional practice, Dr. Kamezawa is involved in the community through fundraising committees for various organizations including Hawaii Special Olympics, Make-A-Wish Foundation, and Shriners Hospital for Children.

A nominee for one of the two public member seats on the Board of Dental Examiners, Mr. Kido is an Accounting Professor at Chaminade University. He is active in the community through volunteer work with many organizations including the Hawaii Speech League, the University of Hawaii Business Plan Competition, and the Cherry Blossom Festival.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Espero).

SCRep. 3797 Commerce, Consumer Protection and Housing on Gov. Msg. Nos. 424 and 425

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF ELECTRICIANS AND PLUMBERS

G.M. No. 424 MORRIS H. KANESHIRO, for a term to expire 6-30-2010; and

G.M. No. 425 LINDSEY JOHN KIMURA, for a term to expire 6-30-2010

Your Committee received testimony in support of the nomination of MORRIS H. KANESHIRO from two individuals. Your Committee received no testimony in support of the nomination of LINDSEY JOHN KIMURA.

Mr. Kaneshiro has extensive experience in the electrical trade industry with over thirty years dedicated to Commercial Electric, Inc. He has served as Commercial Electric's Superintendent and Safety Officer for the past nineteen years. Mr. Kaneshiro is currently licensed as an electrician.

As a nominee to one of three public member seats on the Board, Dr. Kimura is not connected with either the electrical trade or plumbing trade industries. Dr. Kimura has been a practicing chiropractor for the past twenty-three years, and has previous agency experience with his service on the Board of Chiropractic Examiners.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Espero).

SCRep. 3798 Commerce, Consumer Protection and Housing on Gov. Msg. Nos. 426 and 427

Recommending that the Senate advise and consent to the nominations of the following:

ELEVATOR MECHANICS LICENSING BOARD

G.M. No. 426 KENNETH M. HOVANIAN, for a term to expire 6-30-2010; and

G.M. No. 427 JUDITH A. JORDAN, for a term to expire 6-30-2010

Your Committee received testimony in support of the nomination of KENNETH M. HOVANIAN from three individuals. Your Committee also received testimony in support of the nomination of JUDITH A. JORDAN from six individuals.

Mr. Hovanian has been licensed as an elevator mechanic in this State since 2003. He is a member of the International Union of Elevator Constructors and has founded two financially successful businesses, Island Steel Erectors LLC and Elevated LLC.

As a nominee for one of the two public member seats on the Elevator Mechanics Licensing Board, Mrs. Jordan expressed a sincere desire and willingness to serve on the Board. In addition to raising her family of three children, Mrs. Jordan has been a responsible member of the community as an active volunteer in her church, her children's schools, and in youth athletics.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Espero).

SCRep. 3799 Commerce, Consumer Protection and Housing on Gov. Msg. Nos. 433, 434, 435 and 436

Recommending that the Senate advise and consent to the nominations of the following:

REAL ESTATE COMMISSION

G.M. No. 433 ANNETTE R. AIONA, ABR, for a term to expire 6-30-2010;

G.M. No. 434 WILLIAM STANLEY CHEE, for a term to expire 6-30-2009;

G.M. No. 435 FRANCES ALLISON TORRE GENDRANO, for a term to expire 6-30-2010; and

G.M. No. 436 MARK SUIISO, for a term to expire 6-30-2010,

Your Committee received testimony in support of all the nominations as follows:

- (1) Five individuals submitted testimony in support of ANNETTE R. AIONA, ABR;
- (2) The Hawaii Association of Realtors submitted testimony in support of WILLIAM STANLEY CHEE;
- (3) Three individuals submitted testimony in support of the nomination of FRANCES ALLISON TORRE GENDRANO; and
- (4) One senator and two individuals submitted testimony in support of the nomination of MARK SUIISO.

Ms. Aiona has eighteen years of experience in the real estate industry on the island of Hawaii. Currently, she is the licensed broker and owner of Aiona Island Realty LLC. She is also an active leader in the industry as a director of the Hawaii Island Board of Realtors and a member of its Member Professional Standards Committee.

Mr. Chee has over thirty-five years of experience in the real estate industry in this State. Since 1969, he has served as Chief Executive Officer of Prudential Locations Inc. and RESCO, Inc. He also has national leadership experience as 1993 President of the National Association of Realtors.

Ms. Gendrano is at the beginning of her career in the real estate industry as a Realtor-Associate with KFG Properties Inc., a full-service real estate company begun by her parents over thirty years ago. Ms. Gendrano also has experience as a financial consultant with AXA Advisors, LLC, as a program coordinator of the Muscular Dystrophy Association in Massachusetts, and as a community volunteer in various community organizations. These organizations include the YWCA of Oahu and Hawaiian Island Ministries.

A nominee to one of the public member seats on the Commission, Mr. Suiso is an active member and champion of the Waianae Coast community. In addition to his work as an investment specialist and planner with First Hawaiian Bank, Mr. Suiso is a leader of various community organizations including Nani O Waianae, Makaha Ahupua'a, the Waianae Neighborhood Board, and Ho'omau Ke Ola.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Espero).

SCRep. 3800 Commerce, Consumer Protection and Housing on Gov. Msg. No. 437

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF SPEECH PATHOLOGY AND AUDIOLOGY

G.M. No. 437 CHRISTINE S. JACKSON, for a term to expire 6-30-2007

Your Committee received testimony in support of the nomination of CHRISTINE S. JACKSON from five individuals.

Ms. Jackson has been involved in the field of early childhood care and education for nearly thirty years, with twenty-five years experience with the Honolulu Community Action Program/Oahu Head Start in various capacities. She currently serves as the Health and Disabilities Manager for the Honolulu Community Action Program/Oahu Head Start.

Ms. Jackson has also been actively involved in her community on various non-profit boards and advisory groups. These boards and groups include the Good Beginnings Alliance, the Sequenced Transition to Education in the Public Schools (STEPS), and the Waianae Coast Comprehensive Health Center.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Espero).

SCRep. 3801 Commerce, Consumer Protection and Housing on Gov. Msg. Nos. 456, 457 and 458

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PROFESSIONAL ENGINEERS, ARCHITECTS, SURVEYORS, AND LANDSCAPE ARCHITECTS

G.M. No. 456 NORMAN G.Y. HONG, for a term to expire 6-30-2010;

G.M. No. 457 CAROL H. IGARASHI, for a term to expire 6-30-2010; and

G.M. No. 458 HOWARD K.C. LAU, for a term to expire 6-30-2010

Your Committee received no testimony in support of the nomination of NORMAN G.Y. HONG. Your Committee received testimony in support of the nomination of CAROL H. IGARASHI from two individuals. Your Committee also received testimony in support of the nomination of HOWARD K.C. LAU from four individuals.

Mr. Hong has nearly thirty years of experience as an architect practicing in Hawaii. He began his career as an intern with Group 70 International Inc., becoming a partner in 1977, and its President in 1984. Today, Mr. Hong serves as Vice-Chairman of Group 70, one of Hawaii's largest architectural, planning, and interior design firms. Mr. Hong is also active in community organizations which

include the City and County of Honolulu's Commission on Culture and the Arts, the University of Hawaii Federal Credit Union Financial Services Board, the Kaimuki Waialae YMCA, and Kaimuki Christian Church.

As a nominee to one of the three public member seats on the Board, Ms. Igarashi has experience in private industry, primarily in administrative work and human resources. Currently, she serves as administrator to the current Chief Executive Officer of Hawaiian Electric Company. She is also active as a volunteer in various community projects.

Mr. Lau has thirty-two years of experience as a structural engineer with the firm of Shigemura, Lau, Sakanishi, Higuchi and Associates, where he started out as a junior engineer in 1977. Since 1998, he has served as the firm's President and Chief Executive Officer. Mr. Lau is also actively involved in the community and has previous experience serving on the Hawaii Hurricane Relief Fund Advisory Board, the Hurricane Advisory Committee, and the Hurricane Shelter Standards Advisory Committee to the Hawaii State Civil Defense.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Espero).

SCRep. 3802 Commerce, Consumer Protection and Housing on Gov. Msg. Nos. 478 and 479

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF MEDICAL EXAMINERS

G.M. No. 478 BEN KAMARUDIN AZMAN, M.D., for a term to expire 6-30-2010; and

G.M. No. 479 DANNY MORITO TAKANISHI, JR., for a term to expire 6-30-2010

Your Committee received no testimony in support of the nomination of BEN KAMARUDIN AZMAN, M.D. Your Committee received testimony in support of the nomination of DANNY MORITO TAKANISHI, JR. from two individuals.

Dr. Azman has practiced medicine on Maui for the last thirty-five years, and has served previously on the Board of Medical Examiners from 1982-1984. Dr. Azman has also been active in his community as a member of the Exchange Club of Lahaina, the Lahaina Rotary Club, and the Republican Party. Currently, Dr. Azman maintains a private medical practice on Maui.

Dr. Takanishi has practiced medicine for over eighteen years. Currently, Dr. Takanishi works as the Interim Director of Trauma and Director of Surgical Clinical Research at The Queen's Medical Center. He is also involved in medical education as Associate Professor and Chairman of Surgery at the John A. Burns School of Medicine, as well as the Program Director for its Surgical Residency Program. Recently, Dr. Takanishi was appointed to the Residency Review Committee for Transitional Year Programs by the national Board of Directors of the Accreditation Council for Graduate Medical Education.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Espero).

SCRep. 3803 Commerce, Consumer Protection and Housing on Gov. Msg. Nos. 483 and 484

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF EXAMINERS IN NATUROPATHY

G.M. No. 483 MICHELE M. IKEDA, for a term to expire 6-30-2007; and

G.M. No. 484 DAVID R. KERN, for a term to expire 6-30-2010

Your Committee received no testimony in support of the nominations of MICHELE M. IKEDA or DAVID R. KERN.

As a nominee to one of two public member seats to the Board of Examiners in Naturopathy, Ms. Ikeda has over thirty-five years of administrative experience in the public and private sectors. This experience includes five years of administrative support at the University of Hawaii John A. Burns School of Medicine. Currently, Ms. Ikeda works as an administrative assistant at Townscape, Inc.

Dr. Kern is a licensed naturopathic physician in this State with over twenty-five years of clinical experience. Currently, Dr. Kern is actively engaged in private practice as the founder of Grace Health Clinic, Inc. and Grace Health Center on Maui. He is also involved in advancing the profession as a Steering Committee member of Maui Memorial Medical Center's Complementary and Alternative

Medicine Division and as a member of the Department of Commerce and Consumer Affairs' Naturopathic Advisory Committee. Upon appointment to the Board of Examiners in Naturopathy, Dr. Kern will resign from the Naturopathic Advisory Committee.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Espero).

SCRep. 3804 Commerce, Consumer Protection and Housing on Gov. Msg. No. 488

Recommending that the Senate advise and consent to the nomination of the following:

PUBLIC UTILITIES COMMISSION (PUC)

G.M. No. 488 JOHN EDWARD COLE, for a term to expire 6-30-2012

Your Committee received testimony in support of the nomination of JOHN EDWARD COLE from the Department of Business, Economic Development, and Tourism and from thirty-five individuals.

Mr. Cole has extensive experience in government and law. Over the past twenty years, he has worked in some capacity with the law as a law clerk, private attorney, legislative aide, policy analyst, and legislative aide to various government officials. Most recently, Mr. Cole has served as the Executive Director of the Division of Consumer Advocacy within the Department of Commerce and Consumer Affairs.

In this position as the State's Consumer Advocate, he has led a staff of accountants, engineers, economists, attorneys, other specialists, and support personnel to protect and advance the interests of Hawaii consumers of regulated utilities. According to the testimony of the Department of Business, Economic Development, and Tourism, "Mr. Cole's leadership and experience in the regulatory area in handling cases before the Public Utilities Commission as Consumer Advocate, as well as in the overall energy area with his assignment in the Governor's Policy Office, have clearly demonstrated his objective and analytic intellect, and that he is a judicious and independent decision-maker."

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Espero).

SCRep. 3805 Commerce, Consumer Protection and Housing on Gov. Msg. No. 505

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF MASSAGE THERAPY

G.M. No. 505 RHONDA C. SCOTT, for a term to expire 6-30-2010

Your Committee received no testimony in support of RHONDA C. SCOTT's nomination.

Ms. Scott is a licensed massage therapist and has extensive experience in business. She has served as the manager of the Westin Kauai Lagoons Spa, the marketing director of The Plantation Spa, and the program development coordinator of Queen's Medical Center. Currently, Ms. Scott is the owner of The Massage Table Store. Over fifteen years, this business has grown to three locations and offers a variety of services including a free quarterly newsletter that is distributed to over 3,000 recipients in Hawaii.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Espero).

SCRep. 3806 (Majority) Commerce, Consumer Protection and Housing on Gov. Msg. Nos. 514, 515 and 516

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII PUBLIC HOUSING ADMINISTRATION (PHA)

G.M. No. 514 CAROL R. IGNACIO, for a term to expire 6-30-2009;

G.M. No. 515 LINDA L. SMITH, for a term to expire 6-30-2010; and

G.M. No. 516 MATTIE A. YOSHIOKA, for a term to expire 6-30-2010

Testimony in support of the nomination of CAROL R. IGNACIO was submitted by the Housing and Community Development Corporation of Hawaii, the Department of Human Services, the Mayor and Office of Housing and Community Development of the County of Hawaii, the Affordable Housing and Homeless Alliance, the Hawaii Family Forum, the Hawaii Catholic Conference, and Community Alliance Partners. Ms. Ignacio has a distinguished career in providing housing and homeless support services. She is currently Director of Social Ministry for the Catholic Diocese of Honolulu. She was instrumental in founding the first homeless shelter in Hawaii County and has been active in the development of the West Hawaii Homeless Task Force, Hawaii Island Food Bank, and the Big Island Care-A-Van Program. Her long-standing commitment to social programs is legendary, as is her work ethic.

Testimony in support of the nomination of LINDA L. SMITH was submitted by a member of the House of Representatives, the Housing and Community Development Corporation of Hawaii (HCDCH), the Department of Human Services, the Hawaii Business League, and seven individuals. Ms. Smith has extensive experience in government and fiscal management as well as in the operation of her own business. Currently the Governor's Senior Policy Advisor and a member of the HCDCH Board, she formerly served as Director of Finance for the City and County of Honolulu and as Director of Administration for the federal Office of Management and Budget. She and the other members of the HCDCH Board have worked hard to lift the Corporation out of its "troubled agency" status and smooth the transition into two separate housing agencies in the next fiscal year. Your Committee notes that concerns were raised about the qualifications and fitness of this nominee to serve on the PHA Board.

Testimony in support of the nomination of MATTIE A. YOSHIOKA was submitted by the Housing and Community Development Corporation of Hawaii, the Department of Human Services, two members of the Kauai County Council, the Kauai County Office of Economic Development, the Hawaii Island Economic Development Board, the Economic Development Alliance of Hawaii, and five individuals. Ms. Yoshioka is currently President and Chief Executive Officer of the Kauai Economic Development Board, and has substantial previous administrative experience in the community assistance and housing programs of the County. Her years of experience in government and her commitment to community service will make her an invaluable resource on the PHA Board.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Record of votes for Linda L. Smith
Ayes, 4. Noes, 1 (Sakamoto). Excused, 1 (Espero).

Signed by the Chair on behalf of the Committee.
Record of Votes for all other nominees:
Ayes, 5. Noes, none. Excused, 1 (Espero).

SCRep. 3807 Commerce, Consumer Protection and Housing on Gov. Msg. No. 525

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE HAWAII HURRICANE RELIEF FUND

G.M. No. 525 LIONEL Y. TOKIOKA, for a term to expire 6-30-2009

Your Committee received testimony in support of the nomination of LIONEL Y. TOKIOKA from one individual.

Mr. Tokioka has a long history of personal involvement in business as the President and CEO of International Savings and Loan. He is also well-recognized and respected throughout the community as a leader in various organizations including the Japanese Cultural Center of Hawaii, the University of Hawaii Alumni Association, and the Public Schools of Hawaii Foundation.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Espero).

SCRep. 3808 Business and Economic Development on Gov. Msg. No. 420

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE ALOHA TOWER DEVELOPMENT CORPORATION

G.M. No. 420 JASON T. OKUHAMA, for a term to expire 6-30-2009

JASON T. OKUHAMA is currently a managing partner at Hawaii Lending Specialists, LLC. Mr. Okuhama received his Diploma in Foundations of Banking from the American Institute of Banking and attended the University of Hawaii at Manoa with an emphasis on Business Administration. Before joining Hawaii Lending Specialists, he was a Vice President and Business Loan Officer for Bank of America, and has an extensive background in the loan and banking industry from various banks in Hawaii. Mr. Okuhama currently serves as Board President of the Hawaii Alliance for Community-Based Economic Development (HACBED), is member of the Sierra Club, and has formerly served on numerous boards, organizations and clubs serving the community.

Your Committee received testimony in support of Mr. Okuhama's nomination to the Board of Directors of the Aloha Tower Development Corporation from the Department of Business, Economic Development, and Tourism, Hawaii Alliance for Community-Based Economic Development, and seventeen individuals.

Your Committee finds that Mr. Okuhama possesses twenty-five years of banking, and commercial and business lending experience. His expertise and knowledge will be an asset to the Aloha Tower Development Corporation.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Menor, Sakamoto).

SCRep. 3809 Business and Economic Development on Gov. Msg. Nos. 438, 439 and 440

Recommending that the Senate advise and consent to the nominations of the following:

STADIUM AUTHORITY

G.M. No. 438 KATHRYN WHANG INOUYE, For a term to expire 6-30-2010;

G.M. No. 439 KENNETH B. MARCUS, ESQ., For a term to expire 6-30-2010; and

G.M. No. 440 ALAN S. TAMAYOSE, For a term to expire 6-30-2010

KATHRYN WHANG INOUYE is currently a real estate developer for the Kobayashi Group, LLC and its affiliates. Ms. Inouye received her Bachelor's degree in education from, and has started coursework toward a Master in Education at, the University of Hawaii at Manoa. Her professional affiliations include serving as the current Director of the Urban Land Institute, a member of the Hawaii Developers Council, the former Director of the Land Use Research Foundation, and a former member of the Building Industry Association. Ms. Inouye is a Child and Family Director, formerly served on the Board of Land and Natural Resources, and was involved with the Kristi Yamaguchi's Always Dream Foundation.

Your Committee received testimony in support of Ms. Inouye's nomination to the Stadium Authority from eighteen individuals.

Your Committee finds that with both her professional experiences and her experiences on public and private boards, Ms. Inouye will be a great asset to the Stadium Authority.

KENNETH B. MARCUS, ESQ. is a director of the Honolulu law firm Starn O'Toole Marcus & Fisher. Mr. Marcus earned a Bachelor of Science degree in economics from the Wharton School of Finance and Commerce at the University of Pennsylvania and his Doctor of Jurisprudence from the New York University School of Law. He specializes his practice of law in the development, sale, and financing of commercial real estate projects, partnership and joint venture financing, ground leases for commercial development, office and retail space leases, and hotel management contracts. Mr. Marcus currently serves on the Board of Trustees of the Honolulu Waldorf School and is a past President of the Honolulu Community Jewish Preschool and the Temple Emanu-el in Honolulu.

Your Committee received testimony in support of Mr. Marcus' nomination to the Stadium Authority from seventeen individuals.

Your Committee finds that with his desire to get involved in the community and his ability to work with others, Mr. Marcus will be able to take on the challenges of being a member of the Stadium Authority.

ALAN S. TAMAYOSE is the president and owner of Aegis Hawaii, Inc., which is a payroll processing company that offers full payroll services to clients in Hawaii. Mr. Tamayose earned his Bachelor's degree in Business Administration from the University of Hawaii at Manoa and his Master's degree in Business Administration from California State University at Long Beach. He is a Certified Public Accountant and a member of the American Institute of Certified Public Accountants and the Hawaii Society of Certified Public Accountants. Mr. Tamayose is a former Trustee on the Kuakini Medical Center's Board of Trustees and former President of the Salt Lake Community Association.

Your Committee received testimony in support of Mr. Tamayose's nomination to the Stadium Authority from one individual.

Your Committee finds that Mr. Tamayose's background, education, and experience give him the tools to be a resourceful and contributing member of the Stadium Authority.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Menor, Sakamoto).

SCRep. 3810 Business and Economic Development on Gov. Msg. Nos. 518 and 519

Recommending that the Senate advise and consent to the nomination of the following:

SMALL BUSINESS REGULATORY REVIEW BOARD

G.M. No. 518 RICHARD SCHNITZLER, for a term to expire 6-30-2010; and

G.M. No. 519 RICHARD SCHNITZLER, for a term to expire 6-30-2006

RICHARD SCHNITZLER is the president of Hamakua Macadamia Nut Company and has extensive background and experience in the macadamia nut industry in Hawaii. He is the Vice President of the Hawaii Macadamia Nut Association, the Vice President of the Puueo Farm Association, and a Director for the Papaikou Farm Association. Mr. Schnitzler is also a past President for the Hamakua Jaycees.

Your Committee received testimony in support of Mr. Schnitzler's nomination to serve on the Small Business Regulatory Review Board for a term to expire June 30, 2006, and then a second term to expire June 30, 2010 from the Department of Business, Economic Development, and Tourism; the Small Business Regulatory Review Board; Menehune Mac Hawaiian Candies and Nuts, Ltd.; ML Macadamia Orchards, L.P.; Big Island Candies; Agro Resources, Inc.; and one individual.

Your Committee finds that Mr. Schnitzler's years of experience and expertise in the macadamia nut industry will be a great addition to the Small Business Regulatory Review Board, and will provide the Board with a strong presence in the agricultural industry and from the Island of Hawaii.

As affirmed by the record of votes of the members of your Committee on Business and Economic Development that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Menor, Sakamoto).

SCRep. 3811 Human Services on Gov. Msg. No. 336

Recommending that the Senate advise and consent to the nomination of the following:

STATEWIDE COUNCIL ON INDEPENDENT LIVING

G.M. No. 336 LINDA ANN WATSON, for a term to expire 6-30-2009

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee, and finds the nominee to have the necessary qualifications to be appointed to the Statewide Council on Independent Living.

Your Committee received testimony in support of LINDA ANN WATSON from the Department of Human Services and two individuals. Ms. Watson is a state licensed mental health counselor and a nationally certified rehabilitation counselor. She earned a bachelor and a masters degree from Brigham Young University in Provo, Utah, as well as a masters degree from the University of Hawaii. Ms. Watson has served on the Statewide Council on Independent Living since May 2005. She is a valuable resource to the Council because of her training in mental health and rehabilitation counseling and her personal experiences with independent living issues.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Trimble).

SCRep. 3812 Human Services on Gov. Msg. Nos. 351, 352 and 353

Recommending that the Senate advise and consent to the nominations of the following:

STATE REHABILITATION COUNCIL

G.M. No. 351 GENE R. DESCALZI, for a term to expire 6-30-2009;

G.M. No. 352 DEBRA T. FARMER, for a term to expire 6-30-2009; and

G.M. No. 353 NANCY G. KINGHORN, for a term to expire 6-30-2009

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees, and finds the nominees to have the necessary qualifications to be appointed to the State Rehabilitation Council.

Your Committee received testimony in support of GENE R. DESCALZI from the Department of Human Services and two individuals. Having received vocational rehabilitation due to a medical condition, Mr. Descalzi brings firsthand knowledge of the importance of vocational rehabilitation to the Council. He has served on the State Rehabilitation Council since July 2003.

Your Committee received testimony in support of DEBRA T. FARMER from the Department of Human Services. Ms. Farmer is administrator of the Special Education Section in the Department of Education, which is responsible for the public education of children with disabilities. She has served on the Council since November 2004. Ms. Farmer provides a perspective on the collaboration between the state vocational rehabilitation and special education programs to better serve Hawaii's students with disabilities.

Your Committee received testimony in support of NANCY G. KINGHORN from Department of Human Services and three individuals. Ms. Kinghorn has served on the State Rehabilitation Council since July 2003. Her personal experience of vision loss as an adult gives Ms. Kinghorn a unique perspective on the impact vocational rehabilitation has on the lives of people with disabilities.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Trimble).

SCRep. 3813 Health on Gov. Msg. No. 388

Recommending that the Senate advise and consent to the nomination of the following:

DISABILITY AND COMMUNICATION ACCESS BOARD

G.M. No. 388 MALCOLM "MARK" M. GIBLIN, for a term to expire 6-30-2009

Your Committee received testimony in support of the nomination of MALCOLM "MARK" M. GIBLIN from the Disability and Communication Access Board.

Mr. Giblin is a dedicated advocate and strong supporter of disability rights and services in the community. As a wheelchair user for the past two years, Mr. Giblin has experience as an advocate before the United States Access Board's Advisory Committee, particularly in the area of designs for boating facilities. He has also served as an American with Disabilities Act consultant to various counties in California.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3814 Health on Gov. Msg. Nos. 389 and 390

Recommending that the Senate advise and consent to the nominations of the following:

DRUG PRODUCT SELECTION BOARD

G.M. No. 389 LINDA D. CHIU MD, for a term to expire 6-30-2010; and

G.M. No. 390 ANGEL BUNUAN RAMOS, for a term to expire 6-30-2009

Your Committee received testimony in support of the nomination of LINDA D. CHIU, MD, from the Department of Health and the Hawaii Medical Association. Your Committee received no testimony in support of the nomination of ANGEL BUNUAN RAMOS.

Dr. Chiu has nine years of experience in private practice focusing on otolaryngology with subspecialties in facial plastic and reconstructive surgery and pediatric otolaryngology. In addition to her practice, Dr. Chiu is actively involved in the community with organizations such as Aloha Medical Mission, the Honolulu County Medical Society, Windward Federal Credit Union, and the Castle Medical Center Credentials Committee.

Mr. Ramos has over thirty-four years of health care experience in private and public sectors. He has managed health care facilities ranging from a 154-bed nursing facility to an 18-bed care home. He has been involved in pharmacy issues for the past five years while

employed as a food and drug inspector. Mr. Ramos is also active in the community through organizations such as the Filipino Organization of Kailua-Kona, the Lions Club, and the Rotary Club.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3815 Media, Arts, Science and Technology on Gov. Msg. Nos. 447, 448, 449 and 450

Recommending that the Senate advise and consent to the nominations of the following:

STATE FOUNDATION ON CULTURE AND THE ARTS COMMISSION

- G.M. No. 447 MARY BEGIER, for a term to expire 6-30-2010;
- G.M. No. 448 PETER LARRY ROSEGG, for a term to expire 6-30-2006;
- G.M. No. 449 PETER LARRY ROSEGG, for a term to expire 6-30-2010; and
- G.M. No. 450 LORI VOGEL THOMAS, for a term to expire 6-30-2010

MARY BEGIER is the principal broker, owner, and realtor of Mary Begier Realty in Hilo. She is active in attending courses and programs to maintain her real estate license and to keep up with the latest real estate trends and matters of community importance. Ms. Begier is a member of the Honolulu Board of Realtors, the Hawaii Association of Realtors, and the National Association of Realtors. She is a member of the Junior League of Honolulu, the Rotary Club of Hilo Bay, the Rural South Hilo Community Association, and the Hawaii Island Chamber of Commerce.

Your Committee received testimony in support of Ms. Begier's nomination to the State Foundation on Culture and the Arts Commission to represent the County of Hawaii from the Office of the Chancellor at the University of Hawaii at Hilo, the Honolulu Board of Realtors, the Hawaii Association of Realtors, and three individuals.

Your Committee finds Ms. Begier's career and volunteer experiences have provided her with the abilities of strategic planning, accountability, and various styles of compromise that are necessary to accomplish goals. Her abilities will be an asset to the State Foundation on Culture and the Arts Commission.

PETER LARRY ROSEGG is a Senior Communications Consultant at the Hawaiian Electric Company. He received his Bachelor of Arts degree from Columbia University and his Master of Arts in Asian Studies and Master in Business Administration from the University of Hawaii at Manoa. Before working at the Hawaiian Electric Company, Mr. Rosegg was an independent freelance public relations consultant and practitioner at PR.PR Peter Rosegg Public Relations and Vice President at Starr Seigle Communications. He also spent several years at the Honolulu Advertiser where he was a general assignment reporter and eventually the Capitol Bureau Chief for the paper, and has taught several courses at the University of Hawaii at Manoa and Hawaii Pacific University. Mr. Rosegg's community involvement includes serving on the Board of Directors of the Domestic Violence Clearinghouse and Legal Hotline, the Hawaii International Film Festival, and the Hawaii Alliance for Arts Education, among other numerous organizations and clubs.

Your Committee received testimony in support of Mr. Rosegg's nomination to the State Foundation on Culture and the Arts Commission for a term ending June 30, 2006 and a second term ending June 30, 2010 from the Economic Development Alliance of Hawaii, the Domestic Violence Clearinghouse Legal Hotline, the Hawaii Arts Alliance, PBS Hawaii, and twenty individuals.

Your Committee finds that Mr. Rosegg has demonstrated cooperative leadership, communication skills, and marketing expertise that will be an asset for the State Foundation on Culture and the Arts Commission.

LORI VOGEL THOMAS is a volunteer fundraiser who is licensed to practice law in Indiana, Texas, Ohio, Pennsylvania, and New Jersey. She received her Bachelor in Science from Indiana Central University and her Doctorate of Jurisprudence from Indiana University School of Law. Ms. Thomas is a member of various state bar associations and the American Bar Association, and has been involved in the community through her service with Child and Family Service, the Hawaii Opera Theatre, the Honolulu Academy of Arts, and the Manoa Valley Theatre Board.

Your Committee received testimony in support of Ms. Thomas' nomination to the State Foundation on Culture and the Arts Commission from Child and Family Service, the Hawaii Opera Theatre, and two individuals.

Your Committee finds that Ms. Thomas' legal background and her experience as a volunteer fundraiser will be an asset for the State Foundation on Culture and the Arts Commission.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (English, Ige).

SCRep. 3816 Media, Arts, Science and Technology on Gov. Msg. Nos. 471 and 472

Recommending that the Senate advise and consent to the nominations of the following:

KING KAMEHAMEHA CELEBRATION COMMISSION

G.M. No. 471 ADRIAN K. KAMALI'I, for a term to expire 6-30-2010; and

G.M. No. 472 NORMAN M.U. NAKAMOTO, for a term to expire 6-30-2010

Your Committee received testimony in support of ADRIAN K. KAMALI'I from Kamehameha Schools and eight individuals.

The nominee represents the Kamehameha Schools Alumni Association appointment. He is a political science major at Hawai'i Pacific University and is concurrently enrolled in the Program for Graduate Studies (MA) in Integrated Communications. He is also a United Nations Research Fellow. In the 2003 and 2004 legislative sessions, the nominee worked for Representative Sol P. Kaho'ohalahala. The nominee is presently the President and Chief Consultant and the founding partner of Pae'Āina Communications, LLC, and has been a research analyst since 2001 for Hui' Ai Pōhaku/CKM Cultural Resources, L.L.C. He was also the President and Chief Executive Officer of Hui Ho'oulu, Inc., and an educational/cultural specialist for Bishop Museum. The nominee holds responsible positions in numerous community and cultural organizations.

Your Committee notes the testimony of the Chief Executive Officer of Kamehameha Schools that Mr. Kamali'i has knowledge of and devotion to perpetuating Hawaiian ancestral history, language, and culture, and that he is an ideal candidate.

Your Committee received testimony in support of NORMAN M.U. NAKAMOTO from the Office of Hawaiian Affairs, Enoka Enterprises, and five individuals.

The nominee represents the Royal Order of Kamehameha I appointment. He is a graduate of St. Louis High School, Carmelite Brothers Novitiate, and Carmelite Seminary. He is retired from the Agency Relations Office at Catholic Charities. The nominee's community involvement includes President of the Royal Order of Kamehameha, Chapter I; Hawaiian Civic Club; St. Joseph Church; Hale O Nā Ali'i; and Director of the Hawaii Foundation on Chinese Cultural Arts.

Your Committee notes the testimony of the Office of Hawaiian Affairs that the nominee is founder and President of Ka Ohana Makekau; past president of the Ko'olauloa Hawaiian Civic Club; member of the Pearl Harbor Hawaiian Civic Club; Hale o Nā Ali'i, and the Royal Order of Kamehameha I of which he is the Kaka'olelo of the Hawai'i Chapter and the Mamo Ali'i Nui of the Ali'i Chapter. Mr. Nakamoto has demonstrated his interest and aloha for the Kamehameha Day parade and has entered floats in the parade several times and served as master of ceremonies for the King Kamehameha Day Hula Competition for several years.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Ige).

SCRep. 3817 Media, Arts, Science and Technology on Gov. Msg. Nos. 465, 466, 467 and 497

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII HISTORIC PLACES REVIEW BOARD

G.M. No. 465 KENNETH HAYS, for a term to expire 6-30-2008;

G.M. No. 466 VIRGINIA DIANE MURISON, for a term to expire 6-30-2010;

G.M. No. 467 JOHN A. PETERSON, for a term to expire 6-30-2010; and

G.M. No. 497 WILLIAM DONALD SOUZA, for a term to expire 6-30-2010

KENNETH HAYS is an Architectural Historian and Manager of Historic Military Architecture with the Directorate of Public Works for the United States Army Garrison-Hawaii. He received his Bachelor of Science degree from the University of Alabama at Birmingham and his Master of Arts in Preservation Studies from Boston University. In 2005, Mr. Hays was a private consultant at Washington Place where he developed and compiled an extensive architectural conservation plan for the historic residence. The study included an in-depth analysis of the evolutions of the residence, the finish history, conservation recommendations for all hard elements, and the preparation for a landmark application.

Your Committee received testimony in support of Mr. Hays' nomination to the Hawaii Historic Places Review Board from the Department of Land and Natural Resources.

Your Committee finds that due to his extensive background in historic preservation and knowledge in historic property conservation, Mr. Hays will be an asset to the Hawaii Historic Places Review Board.

VIRGINIA DIANE MURISON is a registered architect and owner of Virginia D. Murison, AIA in Honolulu. She received both her Bachelor of Arts degree in Architecture and Minor in Urban Law, and her Masters in Architecture from Washington University in St. Louis, Missouri. She is a member of the American Institute of Architects and has served as a juror for AIA Honolulu's Honor Awards program and the University of Hawaii School of Architecture. Ms. Murison was the Historic Preservation Architect and Architect of Record for the historic rehabilitation of the Moana Hotel in Waikiki. Recent projects include serving as a preservation consultant on the Design and Build Team for the rehabilitation of a 1930s National Register building on Ford Island at Pearl Harbor, working on a preservation plan for the streetscape of the historic district at Hickam Air Force Base, and working on the restoration of a Mediterranean revival residence in Diamond Head. Ms. Murison is a charter member and past Trustee of the Historic Hawaii Foundation, a member of the National Trust for Historic Preservation, and a member of several historical societies and libraries on the mainland.

Your Committee received testimony in support of Ms. Murison's nomination to serve for a second term on the Hawaii Historic Places Review Board from the Department of Land and Natural Resources.

Your Committee finds that Ms. Murison has been awarded for her work in historic preservation from the Historic Hawaii Foundation, the City and County of Honolulu, and the President of the United States Advisory Council. Her expertise and extensive experience in historic preservation and architecture will be an asset to the Hawaii Historic Places Review Board.

JOHN A. PETERSON is the Pacific Regional Manager for Garcia and Associates, which is a natural and cultural resource consulting firm with a branch in Hawaii. He received his Bachelor of Arts in Environmental Studies from Antioch College and his Master in Arts and Doctorate in Anthropology from the University of Texas at Austin. Dr. Peterson formerly served as a Senior Archaeologist at the International Archaeological Research Institute, Inc. and has taught courses at the University of Texas at El Paso, the University of San Carlos in Cebu, Philippines, and the University of Hawaii at Manoa. He is a former member of the State of Texas Historical Commission, the Historical Landmark Commissions in Socorro and El Paso, Texas, and a charter member of the Cebu Heritage and Conservation Council in Cebu, Philippines.

Your Committee received testimony in support of Dr. Peterson's nomination to the Hawaii Historic Places Review Board from the Department of Land and Natural Resources and one individual.

Your Committee finds that Dr. Peterson's educational background, extensive research, and experience serving on various other historical landmark commissions will be an asset to the Hawaii Historic Places Review Board, and will serve effectively as an expert in the field of archaeology.

WILLIAM DONALD SOUZA currently works at the Office of the Chancellor at Leeward Community College where he is responsible for educational outreach and legislative activities pertaining to Leeward Community College, and is assigned to represent native Hawaiian Programs for the Chancellor. He received his Bachelor of Arts degree from Chaminade University, and has served as an instructor and project coordinator at Leeward Community College on projects regarding Native Hawaiian ancestry, community-based education, and federal grants. Mr. Souza served as the Executive Assistant to the Chairperson of the Father Damien of Molokai Beatification Commission in 1994-1996. His term as Commissioner on the King Kamehameha Day Celebration Commission expires on June 30, 2006. He is also a member of the Board of Directors of Alu Like, Inc., Hawaii Technology Institute, Friends of Iolani Palace Board, and serves as the High Chief Protocol Officer of the Royal Order of Kamehameha I.

Your Committee received testimony in support of Mr. Souza's nomination to the Hawaii Historic Places Review Board from the Department of Land and Natural Resources.

Your Committee finds that due to his extensive expertise and background of Native Hawaiian history and affairs, Mr. Souza will serve well on the Hawaii Historic Places Review Board in preserving Hawaiian cultural and historic sites.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Ige).

SCRep. 3818 Health on Gov. Msg. Nos. 451, 452 and 453

Recommending that the Senate advise and consent to the nominations of the following:

POLICY ADVISORY BOARD FOR ELDER AFFAIRS

G.M. No. 451 ELEANOR JEAN LLOYD, for a term to expire 6-30-2010;

G.M. No. 452 HERBERT C. SHARP, for a term to expire 6-30-2010; and

G.M. No. 453 MICHAEL BARRY SUMJA, for a term to expire 6-30-2010

Your Committee received no testimony as to the nomination of ELEANOR JEAN LLOYD.

Ms. Lloyd graduated from Handover College in 1960 with a bachelor's degree in human resources. In 1962, Ms. Lloyd received a degree in social work. Ms. Lloyd also attended the University of Hawaii for Gerontology Studies.

Ms. Lloyd has been active in working on providing the following services to seniors: transportation, housing, senior centers, information, referral, wellness programs, case management, federal nutrition services, respite, adult/Alzheimer's daycare, kupuna care programs, and caregiver support programs.

Your Committee finds that with her desire to become involved in the community and her ability to work with others, Ms. Lloyd will be able to take on the challenges of being a member of the Policy Advisory Board for Elder Affairs.

Your Committee received personal testimony from HERBERT C. SHARP.

Mr. Sharp served in the United States Navy for thirty-three years. He also served as the vice president of Edward D. Sultan Jewelry Company for twenty years. In 1993, Mr. Sharp received his bachelor of arts degree in European history from the University of Hawaii. Since 1993, Mr. Sharp has been a docent for the Waikiki Aquarium, Honolulu Maritime Center, Iolani Palace, the Honolulu Academy of Arts and the State Capitol; a bailiff with the family court; the Director of the Elderhostel Program; and an employee with the Office of Information Practices.

Your Committee finds that with both his professional and community-based experiences, Mr. Sharp will be a great asset to the Policy Advisory Board for Elder Affairs.

Your Committee received testimony in support of the nomination of MICHAEL BARRY SUMJA from the Executive Office on Aging and twenty-two individuals.

Mr. Sumja graduated in 1962 from Jackson State University with a bachelor of science degree in business administration. From 1969 to 1990, Mr. Sumja was the owner and CEO of Lee, Jackson and Bowe Corporation. Thereafter, Mr. Sumja worked as a Senior Park Aide and Training Supervisor for the Department of Parks and Recreation for the State of California. Also during that period, Mr. Sumja was the resident manager and groundskeeper for Glendevn Inn. From 2000 to 2004, Mr. Sumja was a property manager in Kohala. He is currently a Community Facilitator for Hawaii County Research and Development.

Your Committee finds that Mr. Sumja's background, education, and community involvement give him the tools to be a resourceful and contributing member of the Policy Advisory Board for Elder Affairs.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3819 Health on Gov. Msg. No. 463

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, HAWAI'I COUNTY SUBAREA

G.M. No. 463 GAIL M. WALKER, for a term to expire 6-30-2008

Your Committee received testimony in support of GAIL M. WALKER from the State Health Planning and Development Agency, the President of the International Longshore & Warehouse Union, a Kaiser Permanente Clinic Manager for the Neighbor Islands, and a Kaiser Permanente Senior Planning Analyst. Ms. Walker is a registered nurse and Kaiser Permanente Clinic Manager for the Hilo Clinic. She is a graduate of the Kaiser Foundation School of Nursing. Ms. Walker has over twenty years of health care experience, including as Executive Director of the Hamakua Health Center, Director of Nursing at Kapi'olani Medical Center for Women and Children, Nursing Supervisor at Human Hospital, and as a staff nurse. She was involved with the development of the Hamakua Health Center Project and is a recipient of the Robert Wood Johnson Community Leadership Award and the Weinburg Foundation Aim for Excellent Award. Ms. Walker has served her community in other ways as well, including her work with the East Hawaii Coalition for Homeless and the Hawaii Island Adult Day Care. Her experience and dedication to her community make her well qualified for membership on the Health Planning Council, Hawai'i County Subarea.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3820 Health on Gov. Msg. Nos. 454, 455 and 494

Recommending that the Senate advise and consent to the nominations of the following:

EMERGENCY MEDICAL SERVICES ADVISORY COMMITTEE

G.M. No. 454 MARCIANO D. AQUINO, for a term to expire 6-30-2010;

G.M. No. 455 RYAN ANDREW MCKNIGHT, for a term to expire 6-30-2010; and

G.M. No. 494 SHAUNA V. TUOHY, for a term to expire 6-30-2009

MARCIANO D. AQUINO is the owner and president of Hawaii Billing Services, Inc. He has owned and operated his company since 1995. Mr. Aquino also worked for St. Francis Medical Center for twenty-one years and has a Bachelor of Science degree in Business Administration.

RYAN ANDREW MCKNIGHT is a medical intensive care technician with American Medical Response on the island of Kauai. He has thirteen years of 911-ambulance experience and is also an assistant instructor at the Kauai branch of Kapiolani Community College Emergency Medical Services division. Mr. McKnight completed the emergency medical technician program at Kauai Community College and the mobile intensive care technician program at Kapiolani Community College. He is also a volunteer at many community blood pressure screenings, participates in career days at local schools, and provides first aid services at annual farm fairs.

SHAUNA V. TUOHY is the regional director of the American Heart Association and has worked with the association for a total of nine years. She has also worked at Mt. View Elementary School and the Volcano Art Center. Ms. Tuohy is a member of the Rotary Club of Hilo Bay and has served on the Puna Mauka Recycling Committee.

Testimony in support of Mr. Aquino was submitted by the Department of Health.

Testimony in support of Mr. McKnight was submitted by the Department of Health and two individuals.

Testimony in support of Ms. Tuohy was submitted by the Department of Health.

Your Committee finds that the nominees' extensive experience, coupled with their commitment to public service, make them assets to the Emergency Medical Services Advisory Committee.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3821 Health on Gov. Msg. No. 476

Recommending that the Senate advise and consent to the nomination of the following:

MEDICAL ADVISORY BOARD

G.M. No. 476 ALAN SERIKAWA, for a term to expire 6-30-2010

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee, and finds the nominee to have the necessary qualifications to be appointed to the Medical Advisory Board.

Your Committee received testimony in support of ALAN SERIKAWA from the Department of Transportation. Dr. Serikawa has practiced optometry for over fifteen years. He is a graduate of Moanalua High School, the University of Hawaii, and the Southern California College of Optometry. His experience will be an asset to the Medical Advisory Board regarding vision standards for drivers of motor vehicles.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Hanabusa, Whalen).

SCRep. 3822 Human Services on Gov. Msg. Nos. 459, 460, 461 and 462

Recommending that the Senate advise and consent to the nominations of the following:

COMMISSION ON FATHERHOOD

G.M. No. 459 BARRETT KEOKI AWAI, for a term to expire 6-30-2007;

G.M. No. 460 MICHAEL R. DIAS, for a term to expire 6-30-2007;

G.M. No. 461 MYRNA B. MURDOCH, for a term to expire 6-30-2007; and

G.M. No. 462 SYLVIA H. L. YUEN, Ph.D., for a term to expire 6-30-2007

Your Committee reviewed the personal histories, resumes, and statements submitted by the nominees, and finds the nominees to have the necessary qualifications to be appointed to the Commission on Fatherhood.

Your Committee received testimony in support of BARRETT KEOKI AWAI, from a Senior Pastor of Kawaiaha'o Church and one individual. Mr. Awai is a Youth and Young Adult Director at Kawaiaha'o Church. He earned an A.A. from Arizona Western College and a B.A. in Science from Brigham Young University. Mr. Awai and his wife, Tara, have three children and are currently expecting a fourth child. According to the testimony, Mr. Awai is a caring, kind, and loving person in his capacity as a father, husband, and mentor. He will be a great asset to the Commission on Fatherhood.

Your Committee received testimony in support of MICHAEL R. DIAS from the Department of Human Services and Hawai'i Coalition for Dads. Mr. Dias is an employment specialist at Alu Like, Inc. He is also an instructor at the Nā Pua No'eau – Ho'omālamalama Program at the University of Hawai'i at Hilo where he instructs K-5 Native Hawaiian children in effort to promote and identify student talents in a uniquely Hawaiian context. He received his B.A. in English and Social Science with a Hawaiian Studies Minor from the University of Hawai'i at Hilo. Mr. Dias' past experience includes working as a father involvement specialist for the Ho'okahua Early Childhood Department at Alu Like, Inc. He is a nurturing, involved father and strong advocate for fathers, children, and families. He is a former co-chair of the Hawai'i Coalition for Dads. Mr. Dias' experience makes him an ideal candidate for a voting member of the Commission on Fatherhood.

Your Committee received testimony in support of MYRNA B. MURDOCH from the Department of Human Services, Hawai'i Coalition for Dads, the Public Policy Center at the University of Hawai'i at Mānoa, and two individuals. Ms. Murdoch earned a B.A. with Honors from the University of Victoria in Victoria, Canada, and an M.A. in European Languages from the University of British Columbia in Vancouver, Canada. She is currently pursuing an M.A. in English as a Second Language at Hawaii Pacific University. Ms. Murdoch is a mother and an active member of the volunteer community. Her service includes as a board member for Honolulu Theater for Youth, Junior League, and St. Francis School for Girls. She founded the Children's Rights Council of Hawaii and is a member of the national board of Children's Rights Council. Ms. Murdoch's community service and experience make her well qualified for the Commission on Fatherhood.

Your Committee received testimony in support of SYLVIA H. L. YUEN, Ph.D., from the Department of Human Services and one individual. Dr. Yuen earned a B.S. in Home Economics Education from the University of Hawaii, a M.S. in Child Development from the University of Illinois, and a Ph.D. in Psychology from the University of Hawaii. She also has a certificate from the Management Development Program at Harvard University. She is presently on the boards of the Institute for Human Services and the Hawaii Community Action Program. Dr. Yuen is the director of the Center on the Family at the University of Hawaii, and has service as a faculty member, the Director of Equal Employment Opportunity, Associate Dean for Academic Affairs, and Interim Dean for the College of Tropical Agriculture and Human Resources. She has received several excellence in teaching awards, national awards for the Data Center on Children and Family, and recognition for a video on Celebrating Family. Dr. Yuen will be a valuable asset to the Commission on Fatherhood.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Hooser, Kokubun).

SCRep. 3823 Higher Education on Gov. Msg. No. 361

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF REGENTS OF THE UNIVERSITY OF HAWAII

G.M. No. 361 JAMES J.C. HAYNES, II, for a term to expire 6-30-2010

Testimony in support of the nomination of JAMES J.C. HAYNES, II was submitted by the Office of Hawaiian Affairs and ten individuals. One individual testified in opposition to the nomination.

James J.C. Haynes, II is Chief Executive Officer of Maui Petroleum, Inc., Hawaii Petroleum, Inc., and Mini Stop. He has served on the University of Hawaii Board of Regents since September 2003. In addition to his long career as a businessman, Mr. Haynes has served as a trustee of Seabury Hall since 1980, and has contributed materially to that school's recent fund-raising effort.

Your Committee nevertheless finds that there are larger concerns regarding the extent to which this and other Regents are performing their fiduciary responsibility to the University. Your Committee did not learn of any significant improvements made to the University by the Board during this Regent's tenure. Your Committee finds that there are many pressing issues that the Regents need to address, including but not limited to sharing the wealth with native Hawaiians generated from the use of ceded lands on Mauna Kea by the University and affiliated observatories, and directing sufficient funds toward the University's programs for training nurses and teachers to meet the evident shortages in these professions. Your Committee believes that the nominee is aware of the Committee's concerns.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found that the nominee should be considered for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Baker, Chun Oakland).

SCRep. 3824 Commerce, Consumer Protection and Housing on Gov. Msg. Nos. 498, 499, 500 and 502

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII HOUSING FINANCE AND DEVELOPMENT ADMINISTRATION (HHFDA)

- G.M. No. 498 CHARLES G. KING, for a term to expire 6-30-2010;
G.M. No. 499 BETTY LOU LARSON, for a term to expire 6-30-2009;
G.M. No. 500 DAVID LAWRENCE, for a term to expire 6-30-2008; and
G.M. No. 502 CHARLES A. STED, for a term to expire 6-30-2010

Testimony in support of the nomination of CHARLES G. KING was submitted by the Housing and Community Development Corporation of Hawaii, the Department of Business, Economic Development and Tourism, the Hawaii Community Foundation, and the Pacific Housing Assistance Corporation. Mr. King has a business background and is president of King Auto Center on Kauai, King Windward Nissan, and King Infiniti of Honolulu, and extensive involvement with community and volunteer activities. His commitment to improving the quality of life for low-income families and youth on Kauai is demonstrated by his participation in numerous boards as well as the Food Bank program. He currently serves on the Board of Directors of the Housing and Community Development Corporation of Hawaii. Mr. King will be the Kauai representative on the HHFDA.

Testimony in support of the nomination of BETTY LOU LARSON was submitted by the Housing and Community Development Corporation of Hawaii, the Department of Business, Economic Development and Tourism, the Department of Community Services of the City and County of Honolulu, the Affordable Housing and Homeless Alliance, the Hawaii Family Forum, the Hawaii Catholic Conference, and Catholic Charities Hawaii. Ms. Larson has dedicated most of her professional life to affordable housing and homeless issues. She is currently the Housing Assistance Program Coordinator for Catholic Charities Elderly Services, as well as President of the Affordable Housing and Homeless Alliance, as was formerly Chair of the Rental Housing Trust Fund Advisory Commission. Her wealth of experience gives her an informed perspective which she will bring to her service on the HHFDA Board.

Testimony in support of the nomination of DAVID LAWRENCE was submitted by the Housing and Community Development Corporation of Hawaii. Mr. Lawrence is a mortgage broker for Wells Fargo Home Mortgage of Hawaii on Maui, in which capacity he originates residential and commercial real estate loans. He established the Hawaii Community Loan Fund in 2000 as a means to leverage federal, local, and foundation funds for affordable housing in Hawaii. Previously he was involved with community development finance initiatives to expand access to capital for small businesses in Hawaii. Mr. Lawrence will be the Maui representative on the HHFDA.

Testimony in support of CHARLES A. STED was submitted by the Housing and Community Development Corporation of Hawaii (HCDCH), the Department of Business, Economic Development and Tourism, and the Pacific Housing Assistance Corporation. Mr. Sted, as President and Chief Executive Officer of Hawaii Pacific Health, has background and experience in financial management and tax exempt finance and compliance. His skills, personal attributes, and expertise demonstrated while serving as Chair of the HCDCH Board have been a positive influence on staff and those who appeared before the Board, and promise to provide a similar beneficial effect on the operations and management of the new HHFDA. Mr. Sted will be the Oahu representative on the HHFDA. Your Committee notes that concerns were raised about the qualifications and fitness of this nominee to serve on the HHFDA Board.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Record of votes for Charles A. Sted
Ayes, 4. Noes, none. Excused, 2 (Espero, Sakamoto).

Signed by the Chair on behalf of the Committee.
Record of Votes for all other nominees:
Ayes, 5. Noes, none. Excused, 1 (Espero).

SCRep. 3825 (Majority) Labor on Gov. Msg. No. 405

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII LABOR RELATIONS BOARD

G.M. No. 405 PAUL K.W. AU, for a term to expire 6-30-2012

Upon review of background information submitted by the nominee, your Committee finds that PAUL K.W. AU earned his Juris Doctor degree from Georgetown University Law Center and currently serves as a deputy corporation counsel for the City and County of Honolulu. He has also run his own law practice, served as in-house counsel for First Insurance Company of Hawaii, Ltd., previously served as a deputy corporation counsel for the City and County of Honolulu, and practiced as an associate with the law firm of Bendet, Fidell, Sakai & Lee.

Testimony in support of the nominee was submitted by the Director of Labor and Industrial Relations, the Attorney General of Hawaii, and twenty-one individuals. Testimony in opposition to the nominee was submitted by the Hawaii Government Employees Association, the Hawaii State Teachers Association, the United Public Workers, AFSCME, Local 646, AFL-CIO, the University of Hawaii Professional Assembly, and two individuals.

Your Committee finds that section 89-5, Hawaii Revised Statutes, clearly delineates the composition and requirements for the composition of the Hawaii Labor Relations Board. Section 89-5, HRS, provides that of the three members of the Board, one shall be a representative of management, one shall be a representative of labor, and the third member, the chairperson, shall be a representative of the public. Your Committee further finds that historically, the chairperson has been a neutral member without significant ties to either labor or management in order to maintain a balance within the Board and to ensure fair and equitable proceedings. Your Committee received testimony from many parties and questioned the nominee and testifiers regarding the nominee's qualifications to serve as the chairperson and neutral representative of the public. Your Committee determines that, although the nominee has demonstrated that he is an individual with ample knowledge and experience to serve on the Board, due to the nominee's extensive past experience as a representative of management, the nominee is not appropriately qualified under the law to serve as the chairperson of the Board.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to not be qualified for the position to which nominated and recommends that the Senate not advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 2. Noes, 1 (Slom). Excused, 1 (Taniguchi).

SCRep. 3826 (Majority) Water, Land, and Agriculture on Gov. Msg. No. 428

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF LAND AND NATURAL RESOURCES

G.M. No. 428 FRANK DE LUZ, III, for a term to expire 6-30-2010

Upon review of background information submitted by the nominee, your Committee finds that FRANK DE LUZ, III is a full time rancher, the owner and operator of rental units, and manages land holdings. He also managed a slaughterhouse for twenty years and has served on the Hawaii County Council and chaired the Finance Committee, the Planning Committee, and the Research and Development Committee.

Testimony in support of the nominee was submitted by the Department of Land and Natural Resources; the Hawaii Island Portuguese Chamber of Commerce; the International Longshore and Warehouse Union Local 142; Suisan Properties, Limited; and twenty individuals. Testimony in opposition to the nominee was submitted by the Conservation Council for Hawaii, KAHEA – The Hawaiian-Environmental Alliance, the Sierra Club-Hawaii Chapter, and three individuals.

Your Committee diligently questioned the nominee regarding his understanding and knowledge of general topics pertaining to the State's land and natural resource issues, as well as conflicts of interest issues applicable to the nominee. Your Committee finds that the nominee did not have an understanding of land use and natural resource issues and inadequately failed to identify potential conflicts of interests that may arise while serving on the board.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be not qualified for the position to which nominated and recommends that the Senate not advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, 1 (Hemmings). Excused, 1 (Fukunaga).

SCRep. 3827 Water, Land, and Agriculture on Gov. Msg. No. 473

Recommending that the Senate advise and consent to the nomination of the following:

LAND USE COMMISSION

G.M. No. 473 ALMA A. CABERTO, for a term to expire 6-30-2010

Upon review of background information submitted by the nominee, your Committee finds that ALMA A. CABERTO is the president and owner of Community Mortgage Services LLC. She has worked at numerous banking institutions for thirty-one years.

Testimony in support of the nominee was submitted by the Philippine National Bank – Honolulu Agency and nine individuals. Testimony in opposition to the nominee was submitted by Hawaii’s Thousand Friends, `Ahahui Malama I Ka Lokahi, and one individual. Comments were also submitted by the Sierra Club.

Your Committee diligently questioned the nominee regarding her understanding and knowledge of general topics pertaining to the Land Use Commission and its functions. Your Committee finds that the nominee did not have an understanding of general land use topics or knowledge of the Land Use Commission’s functions. Further, the nominee failed to identify the commission properly in her application, where she referenced the “Commission for Dept. of Land and Utilization” rather than the Land Use Commission, as well as misidentifying the commission throughout the hearing. Your Committee finds that the Land Use Commission is an extremely important component of land use in the State and requires commissioners who are familiar with its functions and informed on the issues.

Your Committee notes that the Governor’s administration was notified through Ms. Laura Thielen, director of the Office of Planning, that Ms. Caberto’s nomination would fail if brought to a committee vote. At that time, Ms. Caberto chose to withdraw her name, and your Committee deferred further action on this nomination on April 26, 2006. To date, Ms. Caberto’s nomination has not been withdrawn by the Governor, and as a result, your Committee was forced to vote on this nominee.

Your Committee emphasizes that Ms. Caberto is knowledgeable in her area of expertise and well accomplished in banking and lending. However, as stated, the Land Use Commission is very important to our State, and the Commissioners deal with many difficult and often complex issues. Thus, it is imperative that our commissioners have the necessary experience and expertise to make informed and thoughtful decisions not only for our futures but for generations to come.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be not qualified for the position to which nominated and recommends that the Senate not advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Hemmings).
