---

REQUESTING THE LEGISLATIVE REFERENCE BUREAU TO STUDY RESPITE  
CARE POLICIES AND PROGRAMS IN OTHER STATES AND THE  
EXECUTIVE OFFICE ON AGING TO CONDUCT AN INVENTORY OF  
RESPIRE CARE SERVICES IN HAWAII.

1 WHEREAS, family caregiver is the term used to refer to an  
2 unpaid individual, including a family member, friend, or  
3 neighbor, who provides full- or part-time care to another  
4 individual in need and either lives separately from or with the  
5 care recipient; and

6  
7 WHEREAS, individuals who need the assistance of family  
8 caregivers typically have complex, chronic medical conditions  
9 and functional limitations; and

10  
11 WHEREAS, it is estimated that fourteen to twenty-one per  
12 cent of adults, or 126,598 to 192,390 individuals, in the State  
13 provide regular care or assistance to another individual aged  
14 sixty years or older; and

15  
16 WHEREAS, family caregivers provide an invaluable service  
17 and economic benefit to care recipients and State taxpayers by  
18 way of deferred paid caregiving and institutionalization; and

19  
20 WHEREAS, nationally, if the work of family caregivers had  
21 to be replaced by paid home care staff, the estimated cost would  
22 be forty-five to ninety-four billion dollars per year; and

23  
24 WHEREAS, sustainable family caregiving depends on meeting a  
25 family caregiver's own needs for support and respite care; and

26  
27 WHEREAS, although there are different approaches to respite  
28 care, the basic objective is to provide a family caregiver with  
29 temporary relief from the responsibilities of caring for a care  
30 recipient so that the family caregiver can attend to other  
31 personal and professional obligations; and

32  
33 WHEREAS, respite care can include a range of services such  
34 as medical or social adult day care or a short-term stay in a

1 nursing home or assisted living facility for the care recipient,  
2 a home health aide or home health companion, or a private duty  
3 nurse or adult foster care; and  
4

5 WHEREAS, a study of respite care and the provision of  
6 respite care in other states would be helpful to establishing  
7 respite care programs for family caregivers in this State; now,  
8 therefore,  
9
