24  
25 WHEREAS, the Department of Land and Natural Resources

29 sometimes kill whales in Hawaiian waters; and

1  
2 WHEREAS, the Department also emphasizes that humpback  
3 whales are very large, weighing up to forty-five tons, and can  
4 cause serious injury to boaters during a collision; and  
5

6 WHEREAS, the Department is also installing warning signs at  
7 eleven boating facilities throughout the State; and  
8

9 WHEREAS, furthermore, the Department has issued guidelines  
10 for whale and boater safety including:  
11

12 (1) Watching out for the whales' blows, fins, and tails;  
13

14 (2) Maintaining boat speed at thirteen knots or slower;
