A BILL FOR AN ACT

RELATING TO WORKERS' COMPENSATION LAW.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

- 1 SECTION 1. Hawaii adopted its first workers' compensation
- 2 law in 1915. The coverage of the Hawaii law even then was
- 3 intended to be broad, compulsory, and exclusive, barring all
- 4 remedies by the employee, the employee's personal
- 5 representatives, dependents, and next of kin against the
- 6 employer for all accidents and injuries that arise out of and in
- 7 the course of employment.
- 8 As the law was revised over the years, its reach and
- 9 benefits were continuously expanded, and Hawaii courts, when
- 10 claims were challenged, regularly expressed the opinion that the
- 11 provisions of the law were to be "liberally construed, and by
- 12 authority the construction must be a broad one so as to
- 13 effectuate the purposes on the act." In re Ikoma, 23 Haw. 291,
- 14 295 (1916). In this same decision, the supreme court further
- 15 explained that "[\pmu]he act, taking from the employee the right to
- 16 sue for injuries received, certainly did not intend that his
- 17 right to look to his employer should be frittered away and the

- 1 beneficent provisions of the act taken from him by devices and
- 2 subterfuges " Id. at 300. In recent years, however, the
- 3 noble intent and purpose of the workers' compensation law have
- 4 been frittered away at the expense of the beneficent provisions
- 5 intended and to the detriment of injured workers and those
- 6 families and dependents who rely upon the law and the department
- 7 of labor and industrial relations for relief.
- 8 Ten years ago, the State enacted workers' compensation
- 9 reform that was clearly designed to limit the resort of
- 10 employers and their carriers to repetitive "employer-requested
- 11 medical exams that were being abused to such an extent that
- 12 claimants were experiencing harassment and non-health related
- 13 costs were being added to the workers' compensation system. But
- 14 recently, decisions of the director of labor and industrial
- 15 relations to waive the statutory restrictions have resulted in a
- 16 de facto veto of the legislative intent.
- 17 A recent study of employer-requested examinations in Oregon
- 18 documented comparable bias and abuse of the uncontrolled and
- 19 unbalanced power of employers and revealed that "there are
- 20 credible and unbiased [independent medical examination]
- 21 physicians in the system" and there is "no effective process for
- 22 injured worker complaints regarding their [independent medical

```
examination] experience[s] . . . . " Workers' Compensation

    and Business Services (Dec. 2, 2004). In Hawaii, despite clear
    statutory language to the contrary, claimants are routinely
4
5
    threatened with termination of benefits if they do not comply
    with the order of an insurance carrier instead of the director
6
7
    of labor and industrial relations to attend an examination.
8
         The purpose of this Act is to recommit Hawai'i's workers'
9
    compensation law and the department of labor and industrial
10
    relations to the historic, humane, and proper purpose of chapter
11
    386, Hawaii Revised Statutes, whereby the welfare of the injured
12
    workers shall be of paramount concern, so that injured workers
13
    shall expeditiously and without insult or harassment receive
14
    compensation and medical services designed to mitigate injuries
    and, where possible, rehabilitate to the greatest extent every
15
16
    injured worker.
17
         SECTION 2. Section 386-31, Hawaii Revised Statutes, is
18
    amended to read as follows:
```

- 19 "§386-31 Total disability. (a) Permanent total
- 20 disability. Where a work injury causes permanent total
- 21 disability, the employer shall pay the injured employee a weekly
- 22 benefit equal to sixty-six and two-thirds per cent of the

1 employee's average weekly wages, subject to the following 2 limitation: 3 Beginning January 1, 1975, and during each succeeding 4 twelve-month period thereafter, not more than the state average 5 weekly wage last determined by the director, rounded to the 6 nearest dollar, nor less than \$38 or twenty-five per cent of the 7 foregoing maximum amount, rounded to the nearest dollar, 8 whichever is higher. 9 In the case of the following injuries, the disability 10 caused thereby shall be deemed permanent and total: 11 The permanent and total loss of sight in both eyes; (1)12 (2) The loss of both feet at or before the ankle; 13 (3) The loss of both hands at or above the wrist; 14 The loss of one hand and one foot; (4)15 (5) An injury to the spine resulting in permanent and 16 complete paralysis of both legs or both arms or one **17** leg and one arm; or 18 (6) An injury to the skull resulting in incurable imbecility or insanity. 19 20 In all other cases, the permanency and totality of the

disability shall be determined on the facts. No adjudication of

- 1 permanent total disability shall be made until after two weeks
- 2 from the date of the injury.
- 3 (b) Temporary total disability. Where a work injury
- 4 causes total disability not determined to be permanent in
- 5 character, the employer, for the duration of the disability, but
- 6 not including the first three calendar days thereof, shall pay
- 7 the injured employee a weekly benefit at the rate of sixty-six
- 8 and two-thirds per cent of the employee's average weekly wages,
- 9 subject to the limitations on weekly benefit rates prescribed in
- 10 subsection (a), or if the employee's average weekly wages are
- 11 less than the minimum weekly benefit rate prescribed in
- 12 subsection (a), at the rate of one hundred per cent of the
- 13 employee's average weekly wages.
- 14 If an employee is unable to complete a regular daily work
- 15 shift due to a work injury, the employee shall be deemed totally
- 16 disabled for work for that day.
- 17 The employer shall pay temporary total disability benefits
- 18 promptly as they accrue to the person entitled thereto without
- 19 waiting for a decision from the director, unless this right is
- 20 controverted by the employer in the employer's initial report of
- 21 industrial injury. The first payment of benefits shall become
- 22 due and shall be paid no later than on the tenth day after the

- employer has been notified of the occurrence of the total 1
- 2 disability, and thereafter the benefits due shall be paid weekly
- 3 except as otherwise authorized pursuant to section 386-53.
- The payment of these benefits shall only be terminated upon
- 5 order of the director or if the employee is able to resume work.
- 6 When the employer is of the opinion that temporary total
- 7 disability benefits should be terminated because the injured
- 8 employee is able to resume work, the employer shall notify the
- 9 employee and the director in writing of an intent to terminate
- 10 the benefits at least two weeks prior to the date when the last
- 11 payment is to be made. The notice shall give the reason for
- 12 stopping payment and shall inform the employee that the employee
- 13 may make a written request to the director for a hearing if the
- 14 employee disagrees with the employer. Upon receipt of the
- request from the employee, the director shall conduct a hearing 15
- 16 as expeditiously as possible and render a prompt decision as
- specified in section 386-86. If the employee is unable to 17
- perform light work, if offered, temporary total disability 18
- 19 benefits shall not be discontinued based solely on the inability
- 20 to perform or continue to perform light work.
- 21 No employer shall suspend, deny, or discontinue benefits to
- an injured employee without an order from the director. 22

1	order sha	ll only be issued after a full and fair hearing at
2	which the	e injured employee shall be provided the opportunity to
3	review th	e employer's evidence and present rebuttal.
4	An e	employer or insurance carrier who fails to comply with
5	this sect	ion shall pay not more than \$2,500 into the special
6	compensat	ion fund upon the order of the director, in addition to
7	attorney'	s fees and costs to the employee for enforcement of
8	this sect	ion and other penalties prescribed in section 386-92.
9	(1)	If the director determines, based upon a review of
10		medical records and reports and other relevant
11		documentary evidence, that an injured employee's
12		medical condition may be stabilized and the employee
13		is unable to return to the employee's regular job, the
14		director shall issue a preliminary decision regarding
15	·	the claimant's entitlement and limitation to benefits
16		and rights under Hawaii's workers' compensation laws.
17		The preliminary decision shall be sent to the affected
18		employee and the employee's designated representative
19		and the employer and the employer's designated
20		representative and shall state that any party
21		disagreeing with the director's preliminary findings

of medical stabilization and work limitations may

request a hearing within twenty days of the date of the decision. The director shall be available to answer any questions during the twenty-day period from the injured employee and affected employer. If neither party requests a hearing challenging the director's finding, the determination shall be deemed accepted and binding upon the parties. In any case where a hearing is held on the preliminary findings, any person aggrieved by the director's decision and order may appeal under section 386-87.

A preliminary decision of the director shall inform the injured employee and the employer of the following responsibilities, benefits, and limitations on vocational rehabilitation benefits that are designed to facilitate the injured employee's early return to suitable gainful employment:

(A) That the injured employee may invoke the employee's rights under section 378-2, 378-32, or 386-142, or all of them, in the event of unlawful discrimination or other unlawful employment practice by the employer; and

1		(b) That after termination of temporary total
2		disability benefits, an injured employee who
3		resumes work may be entitled to permanent partial
4		disability benefits, which if awarded, shall be
5		paid regardless of the earnings or employment
6		status of the disabled employee at the time.
7	(2)	If the rehabilitation unit determines that an injured
8		employee is not a feasible candidate for
9		rehabilitation and that the employee is unable to
10		resume the employee's regular job, it shall promptly
11		certify the same to the director. Soon thereafter,
12		the director shall conduct a hearing to determine
13		whether the injured employee remains temporarily
14		totally disabled, or whether the employee is
15		permanently partially disabled, or permanently totally
16		disabled.
17	<u>(c)</u>	An injured employee shall be entitled to receive a
18	weekly be	nefit equal to seventy per cent of the injured
19	employee'	s average weekly wages, or a maximum weekly income
20	benefit b	ased on the state average weekly wage applicable on the
21	date comp	ensation was first received if:

	· ·		
1	<u>(1)</u>	A work injury causes permanent or temporary	
2		disability; and	
3	(2)	Payment of compensation due under this chapter was not	
4		begun within thirty days of or within the same year as	
5		the date of injury, whichever is later."	
6	SECT	ION 3. Section 386-79, Hawaii Revised Statutes, is	
7	amended to read as follows:		
8	" §38	6-79 Medical examination by employer's physician. (a)	
9	After an	injury and during the period of disability, the	
10	employee, whenever ordered by the director [of labor and		
11	industrial relations], shall submit to examination, at		
12	reasonable times and places, by a duly qualified physician or		
13	surgeon designated and paid by the employer. [The] Physicians		
14	selected to perform medical examinations as provided by this		
15	section shall be licensed in Hawaii and members of the Hawaii		
16	Medical Association, subject to peer review. The first medical		
17	examination in any claim shall be selected by mutual agreement		
18	between t	he claimant and the employer; provided that if no	
19	mutual agreement is reached, the director, pursuant to section		
20	386-80, s	hall appoint a duly qualified physician or surgeon from

- 1 performing subsequent medical examinations as ordered by the
- 2 director in any claim, with the exception of final impairment
- 3 examinations, may be selected solely by the employer. For these
- 4 examinations, the employee shall have the right to have a
- 5 physician or surgeon designated and paid by the [employee]
- 6 employer present at the examination, which right, however, shall
- 7 not be construed to deny to the employer's physician the right
- 8 to visit the injured employee at all reasonable times and under
- 9 all reasonable conditions during total disability.
- 10 An order to attend the examination shall be issued only by
- 11 the director. The employee so ordered shall be contacted in
- 12 advance of the order by the director to arrange a reasonable
- 13 time and place for the examination. The employer shall
- 14 reimburse the employee for any lost wages or expenses incurred
- 15 by attending the examination. It shall constitute fraud for an
- 16 employer or insurance carrier to order an examination or
- 17 threaten to suspend or controvert an employee's pending claim or
- 18 right to compensation.
- 19 If an employee unreasonably refuses to submit to, or in any
- 20 way obstructs [such] the examination, the employee's right to
- 21 claim compensation for the work injury [shall] may be suspended,
- 22 upon order of the director, until the refusal or obstruction

u

1 ceases and no compensation shall be payable for the period 2 during which the refusal or obstruction continues. The employee 3 and the employee's physician may record the examination and ask 4 reasonable questions relating to the examining physician's 5 experience, education, certification, and qualifications. Exercising these rights shall not be construed as obstruction. 6 7 In cases where the employer is dissatisfied with the 8 progress of the case or where major and elective surgery, or 9 either, is contemplated, the employer may appoint a physician or 10 surgeon of the employer's choice who shall examine the injured 11 employee and make a report to the employer. If the employer 12 remains dissatisfied, this report may be forwarded to the 13 director. No employer shall suspend, deny, or discontinue 14 benefits to an injured employee without an order from the 15 director. The order shall only be issued after a full and fair 16 hearing at which the injured employee shall be provided the 17 opportunity to review the employer's evidence and present 18 rebuttal. 19 (c) Employer requested examinations under this section 20 shall not exceed more than one per case unless, after a hearing 21 and upon written order of the director, good and valid reasons

exist with regard to the medical progress of the employee's

- 1 treatment. The cost of conducting the ordered medical
- 2 examination shall be limited to the complex consultation charges
- 3 governed by the medical fee schedule established pursuant to
- 4 section 386-21(c).
- 5 (d) Any employer or insurer found in violation of this
- 6 section shall pay a fine of \$500 per violation to the injured
- 7 employee, plus attorney's fees and costs to the employee in
- 8 addition to any other penalties prescribed in section 386-92."
- 9 SECTION 4. Section 386-94, Hawaii Revised Statutes, is
- 10 amended to read as follows:
- 11 "\$386-94 Attorneys, physicians, other health care
- 12 providers, and other fees. (a) Claims for services shall not
- 13 be valid unless approved by the director or, if an appeal is
- 14 had, by the appellate board or court deciding the appeal. Any
- 15 claim so approved shall be a lien upon the compensation in the
- 16 manner and to the extent fixed by the director, the appellate
- 17 board, or the court.
- 18 (b) In approving fee requests, the director, appeals
- 19 board, or court may consider factors such as the attorney's
- 20 skill and experience in state workers' compensation matters, the
- 21 amount of time and effort required by the complexity of the
- 22 case, the novelty and difficulty of issues involved, the amount

- of fees awarded in similar cases, benefits obtained for the claimant, and the hourly rate customarily awarded attorneys possessing similar skills and experience. Claims for attorney's
- 4 services shall be presumed valid if the represented injured
- 5 employee approves in writing the fees for the attorney's
- 6 services. In all cases, reasonable attorney's fees shall be
- 7 awarded.
- 8 (c) Any person who receives any fee, other consideration,
- 9 or gratuity on account of services so rendered, without
- 10 approval, in conformity with the preceding paragraph, shall be
- 11 fined by the director not more than \$10,000."
- 12 SECTION 5. Section 386-96, Hawaii Revised Statutes, is
- 13 amended by amending subsection (a) to read as follows:
- "(a) Any physician, surgeon, or hospital that has given
- 15 any treatment or rendered any service to an injured employee
- 16 shall make a report of the injury and treatment on forms
- 17 prescribed by and to be obtained from the department as follows:
- 18 (1) Within seven days after the date of first attendance
- or service rendered, an initial report shall be made
- 20 to the department and to the employer of the injured
- 21 employee in the manner prescribed by the department;

1	(2)	Interim reports to the same parties and in the same
2		manner as prescribed in paragraph (1) shall be made at
3		appropriate intervals to verify the claimant's current
4		diagnosis and prognosis, that the information as to
5		the nature of the examinations and treatments
6		performed is complete, including the dates of those
7		treatments and the results obtained within the current
8		reporting period, the execution of all tests performed
9		within the current reporting period and the results of
10		the tests, whether the injured employee is improving,
11		worsening, or if "medical stabilization" has been
12		reached, the dates of disability, any work
13		restrictions, and the return to work date. When an
14		injured employee is returned to full-time, regular,
15		light, part-time, or restricted work, the attending
16		physician shall submit a report to the employer within
17		seven calendar days indicating the date of release to
18		work or medical stabilization; and
19	(3)	A final report to the same parties and in the same

- 13 (2) Wage loss benefits including temporary total,
- 14 temporary partial, and permanent total disability
- benefits and their related benefits;
- 16 (3) Indemnity benefits for permanent partial disability;
- **17** and
- 18 (4) Death benefits.
- 19 In addition, a disclosure statement shall indicate to the
- 20 employer both the portion of the premium and the monetary costs
- 21 attributable to loss control and administrative costs,

- 1 attorney's fees of the insurer, the cost of employer requested
- 2 medical examinations, and private investigation costs.
- 3 (b) When a policy is issued to employers for workers'
- 4 compensation insurance, it shall be accompanied by a statement
