
SENATE CONCURRENT RESOLUTION

REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO
CONTINUE AND EXPAND ITS EFFORTS TO RESPONSIBLY IDENTIFY
PLACES THAT CAN SUSTAIN THE IMPACT OF OFF-ROAD VEHICLE
OPERATION AND TO EVALUATE THE POSSIBILITY OF EXTENDING THE
DAYS AND HOURS OF OPERATION OF EXISTING SITES THAT PERMIT
OPERATION OF OFF-ROAD VEHICLES.

1 WHEREAS, the use and operation of off-road vehicles such as
2 motorcycles, all terrain vehicles, dune buggies, and dirt bikes
3 has the potential to desecrate sacred burial grounds, further
4 threaten already endangered species, and harm the natural
5 ecosystem on public lands; and
6

7 WHEREAS, many people have expressed concerns about the
8 ongoing use of off-road vehicles on Hawaii's beaches; and
9

10 WHEREAS, the proximity of urban and residential areas in
11 Hawaii make it difficult to provide the kind of off-road vehicle
12 opportunities on public land that are available on the mainland;
13 and
14

15 WHEREAS, at present, the use and operation of motorcycles,
16 all terrain vehicles, dune buggies, and dirt bikes is prohibited
17 on unencumbered state land, state parks, forest reserves, and
18 public hunting areas; and
19

20 WHEREAS, all motorized vehicles are prohibited from
21 operating on beaches, through vegetation, or on any other area
22 that is not a designated roadway and violators are subject to
23 citation, arrest, or both, and the motorized equipment may be
24 seized and subject to forfeiture; and
25

26 WHEREAS, Senate Bill No. 1891, Relating to Land Use, is now
27 pending before the Legislature and would, in addition to
28 existing civil penalties, make violation of chapter 171, Hawaii

1 Revised Statutes, relating to public lands and rules adopted
2 thereunder a petty misdemeanor; and
3

4 WHEREAS, the Department of Land and Natural Resources is
5 charged with the management, administration, and control of
6 public lands and administers state parks, historical sites,
7 forests, forest reserves, wildlife, wildlife sanctuaries, game
8 management areas, public hunting areas, natural area reserves;
9 and
10

11 WHEREAS, the Department of Land and Natural Resources has
12 been working to develop relationships with the off-road vehicle
13 community to responsibly identify places that can sustain the
14 impact of the operation of off-road vehicles and to avoid damage
15 to resources in sensitive areas from outlaw-style riding; and
16

17 WHEREAS, the Department of Land and Natural Resources
18 manages and has designated for authorized off-road vehicle use
19 fifteen miles of trail on thirty-five square miles of terrain in
20 a portion of the Waiakea Timber Management Area; and
21

22 WHEREAS, a riding area on state land in Kahuku, Oahu, was
23 developed in the late 1970s, but the land is subject to a lease
24 agreement with the Army, which restricts public use to weekends
25 and holidays only and closes the area completely during military
26 training periods; and
27

28 WHEREAS, the island of Lanai has miles of private lands
29 where, through an agreement with the Lanai Company, off-road
30 vehicles are allowed to ride on game management area roads
31 maintained by the Department of Land and Natural Resources; and
32

33 WHEREAS, on the island of Kauai, the Department of Land and
34 Natural Resources manages more than eighty-eight miles of roads
35 that are accessible to off-road vehicles, most of which are
36 located within the State Forest Reserve and are access roads
37 that lead to hunting areas; and
38

39 WHEREAS, the Department of Land and Natural Resources has
40 set up an initial working group on Maui to survey off-highway
41 vehicle riders about numbers, riding preferences, and related
42 issues, for identification of suitable riding areas on public
43 lands or private land; now, therefore,
44

1 BE IT RESOLVED by the Senate of the Twenty-fourth
2 Legislature of the State of Hawaii, Regular Session of 2007, the
3 House of Representatives concurring, that the Department of Land
4 and Natural Resources is requested to continue and expand its
5 efforts to identify places that can sustain the impact of off-
6 road vehicle operation; and

7
8 BE IT FURTHER RESOLVED that the Department of Land and
9 Natural Resources is requested to assess the feasibility of
10 expanding the days and hours of operation of existing sites that
11 permit operation of off-road vehicles; and

12
13 BE IT FURTHER RESOLVED that the Department of Land and
14 Natural Resources is requested to develop and implement an off-
15 road vehicle registration policy and user guidelines for
16 designated sites that permit the operation of off-road vehicles;
17 and

18
19 BE IT FURTHER RESOLVED that a certified copy of this
20 Concurrent Resolution be transmitted to the Chairperson of the
21 Board of Land and Natural Resources.
