## SENATE RESOLUTION

---

RESPECTFULLY REQUESTING THE UNITED STATES CONGRESS TO CREATE A REPLACEMENT FOR THE OUTDATED FAST TRACK TRADE AUTHORITY SYSTEM SO THAT UNITED STATES TRADE AGREEMENTS ARE DEVELOPED AND IMPLEMENTED USING A MORE DEMOCRATIC, INCLUSIVE MECHANISM THAT ENSHRINES THE PRINCIPLES OF FEDERALISM AND STATE SOVEREIGNTY.

1 WHEREAS, in general, democratic, accountable governance in  
2 the states, and specifically, the authority granted to the  
3 legislative branch by the Constitution of the State of Hawaii,  
4 is being undermined by international commercial and trade rules  
5 enforced by the World Trade Organization and established by the  
6 North American Free Trade Agreement, and is further threatened  
7 by similar provisions in an array of pending trade agreements;  
8 and

9 WHEREAS, today's trade agreements have effects that extend  
10 significantly beyond the bounds of traditional trade matters  
11 such as tariffs and quotas; and  
12

13 WHEREAS, the North American Free Trade Agreement and other  
14 United States free trade agreements grant foreign firms new  
15 rights and privileges regarding acquisition of land and  
16 facilities and operating within a state that exceed those  
17 granted to American businesses under state and federal laws; and  
18

19 WHEREAS, the North American Free Trade Agreement already  
20 has generated "regulatory takings" cases against state and local  
21 land use decisions, state environmental and public health  
22 policies, adverse state court rulings, and state and local  
23 contracts that would not have been possible in United States  
24 courts; and  
25

26 WHEREAS, when states are bound to comply with government  
27 procurement provisions contained in trade agreements, common  
28 economic development and environmental policies such as buy-  
29 local laws, prevailing wage laws, policies to prevent offshoring  
30 of state jobs, as well as recycled content laws could be subject  
31 to challenge as violating the obligations in the trade  
32 agreements; and

1  
2 WHEREAS, recent trade agreements curtail state regulatory  
3 authority by placing constraints on future policy options; and  
4

5 WHEREAS, the World Trade Organization General Agreement on  
6 Trade in Services could undermine state efforts to expand health  
7 care coverage and rein in health care costs and places  
8 constraints on state and local land use planning and gambling  
9 policies; and  
10

11 WHEREAS, new General Agreement on Trade in Services  
12 negotiations could impose additional constraints on state  
13 regulation of energy, higher education, professional licensing,  
14 and other issues; and  
15

16 WHEREAS, despite the indisputable fact that international  
17 trade agreements have a far-reaching impact on state and local  
18 laws, federal government trade negotiators have failed to  
19 respect states' rights to prior informed consent before binding  
20 states to conform state law and authority to trade agreement  
21 requirements and have refused even to send copies of key  
22 correspondence to state legislatures; and  
23

24 WHEREAS, the current encroachment on state regulatory  
25 authority by international commercial and trade agreements has  
26 occurred due in no small part to the fact that United States  
27 trade policy is being formulated and implemented under the Fast  
28 Track Trade Authority procedure; and  
29

30 WHEREAS, Fast Track Trade Authority eliminates vital checks  
31 and balances established in the United States Constitution by  
32 broadly delegating Congress' exclusive Constitutional authority  
33 to set the terms of trade to the Executive Branch such that the  
34 Executive Branch is empowered to negotiate broad-ranging trade  
35 agreements and to sign them before Congress votes on the  
36 agreements; and  
37

38 WHEREAS, the ability of the Executive Branch to sign trade  
39 agreements prior to Congress' vote of approval means Executive  
40 Branch negotiators are able to ignore congressional negotiating  
41 objectives or states' demands, and neither Congress nor the  
42 states have any means to enforce any decision regarding what  
43 provisions must be contained in every United States trade

1 agreement and what provisions may not be included in any United  
2 States trade agreement; and

3  
4 WHEREAS, federal trade negotiators have ignored and  
5 disrespected states' demands regarding whether states agree to  
6 be bound to certain nontariff trade agreement provisions; and

7  
8 WHEREAS, Fast Track Trade Authority also circumvents normal  
9 Congressional review and amendment committee procedures, limits  
10 debate to twenty hours total, and forbids any floor amendments  
11 to implementing legislation that is presented to Congress to  
12 conform hundreds of United States laws to trade agreement  
13 obligations and to incorporate the actual trade agreement itself  
14 into United States federal law, which preempts state law; and

15  
16 WHEREAS, Fast Track Trade Authority is not necessary for  
17 negotiating trade agreements, as demonstrated by the existence  
18 of scores of trade agreements, including major pacts such as the  
19 agreements administered by the World Trade Organization  
20 implemented in the past thirty years without use of Fast Track  
21 Trade Authority; and

22  
23 WHEREAS, Fast Track Trade Authority, which was established  
24 in 1974 by President Richard Nixon when trade agreements were  
25 limited to traditional matters such as tariffs and quotas, is  
26 now woefully outdated and inappropriate given the diverse range  
27 of nontrade issues now included in "trade" agreements that  
28 broadly affect federal and state nontrade regulatory authority;  
29 and

30  
31 WHEREAS, the current grant of Fast Track Trade Authority  
32 expires in July 2007; now, therefore,

33  
34 BE IT RESOLVED by the Senate of the Twenty-fourth  
35 Legislature of the State of Hawaii, Regular Session of 2007,  
36 that the United States Congress is respectfully requested to  
37 create a replacement for the outdated Fast Track Trade Authority  
38 system so that United States trade agreements are developed and  
39 implemented using a more democratic, inclusive mechanism that  
40 enshrines the principles of federalism and state sovereignty;  
41 and

42  
43 BE IT FURTHER RESOLVED that Congress is requested to  
44 include in this new process for developing and implementing

2007-2692 SR66 SD1 SMA.doc

1 trade agreements an explicit mechanism for ensuring the prior  
2 informed consent of state legislatures before states are bound  
3 to the nontariff terms of any trade agreement that affects state  
4 regulatory authority so as to ensure that the United States  
5 Trade Representative respects the decisions made by states; and  
6

7 BE IT FURTHER RESOLVED that certified copies of this  
8 Resolution be transmitted to the President of the United States,  
9 Ambassador Susan Schwab, United States Trade Representative, the  
10 President of the United States Senate, the Speaker of the United  
11 States House of Representatives, and the members of Hawaii's  
12 congressional delegation.
