Your Committees find that given the potential for both physical and mental injuries, the use of restraints and seclusion should be given great care and scrutiny. Your Committees further find that policies and procedures on their use should be clear and consistently implemented.

Your Committees further find that the variety of situations in which the need for the use of restraints or seclusion arise, including the differences in use with adults as opposed to children and institutional verses noninstitutional use may make it impossible to develop a single, statewide policy.

This measure was amended to:

- (1) Request that the Governor serve as the convener of the task force instead of the Director of Health;
- (2) Request the task force to identify alternatives to the use of restraints and seclusion;
- (3) Establish that the purpose of the task force is to ensure that the policies in place are consistently implemented;
- (4) Request an accounting for the differences in use of restraints on adults as opposed to children and the differences in use in institutional settings as opposed to noninstitutional settings;
- (5) Recognize that a single policy may not be possible;
- (6) Clarify the reporting requirements; and
- (7) Amend the title to reflect these changes.

As affirmed by the records of votes of the members of your Committees on Health and Human Services and Public Housing and Public Safety that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 214, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 214, S.D. 1.

Respectfully submitted on
behalf of the members of the
