
A BILL FOR AN ACT

RELATING TO HISTORIC SITES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. Section 6E-2, Hawaii Revised Statutes, is
2 amended by adding a new definition to be appropriately inserted
3 and to read as follows:

4 "Potential native Hawaiian historic site" means a wall,
5 platform, stone pavement, enclosure, terrace, petroglyph, heiau,
6 mound, ahu, auwai, trail, shrine, or any other feature of human
7 origin that is consistent in design and construction materials
8 to features built by native Hawaiians before 1850, and for which
9 there is no credible evidence demonstrating that it was built
10 after 1850."

11 SECTION 2. Chapter 6E, Hawaii Revised Statutes, is amended
12 by adding a new section to be appropriately designated and to
13 read as follows:

14 "§6E- Native Hawaiian historic sites. (a) No
15 landowner, or any person with the consent of the landowner, may
16 remove, excavate, injure, or destroy a potential native Hawaiian
17 historic site on private property, unless the landowner has
18 notified the department of the proposed action and of the future

1 use the landowner proposes for the potential native Hawaiian
2 historic site. The department shall have not more than sixty
3 days from receipt of the notice to review and comment upon the
4 proposed action.

5 (b) After the department's review and comment, the
6 department may approve the proposed action, if the department
7 finds that the site in question does not warrant preservation.
8 If the department approves the proposed action, the landowner
9 shall apply for any land use approval required if the proposed
10 use of the property would require a permit, license,
11 certificate, land use change, subdivision, or other entitlement
12 for use issued by the State or any of its political
13 subdivisions, and shall comply with the procedures established
14 under section 6E-42.

15 (c) If the department does not approve the proposed
16 action, the landowner shall record a covenant running with the
17 land, with a copy sent to the department, that the landowner
18 will not apply for a permit, license, certificate, land use
19 change, subdivision, or other entitlement for use issued by the
20 State or any of its political subdivisions affecting the land
21 containing the potential native Hawaiian historic site, for ten
22 years from the date of recordation.

1 (d) The department may also commence condemnation
2 proceedings within sixty days of notification, to purchase the
3 site or to purchase an easement for the preservation of the
4 site.

5 (e) If funds for the acquisition of property condemned
6 under subsection (d) are not available, the governor may, upon
7 the recommendation of the department, allocate from the
8 contingency fund an amount sufficient to acquire an option on
9 the property or for the immediate acquisition of the property.

10 (f) No state or county agency shall issue a land use
11 permit or other approval in contradiction of a covenant recorded
12 under subsection (c).

13 (g) Any person who knowingly violates this section shall
14 be subject to the penalties set forth in section 6E-11(f), and,
15 in addition, shall be prohibited from applying for a permit,
16 license, certificate, land use change, subdivision, or other
17 entitlement for use issued by the State or any of its political
18 subdivisions affecting the land containing the potential native
19 Hawaiian historic site, for ten years from the date of
20 violation. For the purposes of this section, a landowner shall
21 be deemed to have constructive knowledge of sites listed in the
22 state inventory of historic places."

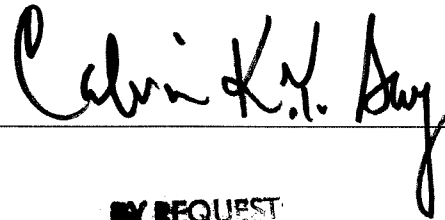

1 SECTION 3. This Act does not affect rights and duties that
2 matured, penalties that were incurred, and proceedings that were
3 begun, before its effective date.

4 SECTION 4. New statutory material is underscored.

5 SECTION 5. This Act shall take effect upon its approval.
