
A BILL FOR AN ACT

RELATING TO CAREGIVING.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. Act 204, Session Laws of Hawaii 2007, expanded
2 the mandate of the joint legislative committee on family
3 caregiving by including grandparents of children age eighteen
4 years and younger, or nineteen years of age or older with
5 physical or cognitive limitations, in the Act's definition of
6 family caregiver. The revised definition is now more consistent
7 with the scope of the National Family Caregiver Support Program.
8 The Act also required the committee to examine the issues facing
9 this population of grandparents raising grandchildren.

10 Since then, numerous government agencies have testified
11 before the committee regarding how the agencies identify and
12 address the needs of grandparents raising grandchildren. In
13 addition, the executive office on aging presented the 2007 *Needs*
14 *Assessment of Grandparents Raising Grandchildren in the State of*
15 *Hawaii*, prepared by the University of Hawaii, department of
16 family and consumer science.

1 The needs assessment indicates that over fourteen thousand
2 grandparents are primary caregivers for over thirty-three
3 thousand grandchildren in Hawaii and that these numbers are
4 expected to grow. While there is a wide range of service needs,
5 the most often-cited relate to children's programs, financial
6 assistance, respite, and grandparents rights. Many of these
7 services are available, but barriers are preventing grandparents
8 from using the services. Barriers may include a lack of
9 information regarding the availability of services, a lack of
10 services in a particular county, or legal or financial
11 impediments. For instance, in focus groups, some grandparents
12 expressed a fear of losing their grandchildren. Others
13 identified a need for an advocate or case worker to help guide
14 them to the services and through the various systems.

15 The legislature finds that the needs assessment provides
16 critical demographic information and feedback regarding what
17 programs and services grandparents require to care for their
18 grandchildren. The findings indicate that the population of
19 grandparents raising grandchildren faces particular challenges,
20 different in some ways from the general caregiver population,
21 and should have a focused task force to specifically address

1 those concerns. The legislature further finds that the next
2 step is a comprehensive, coordinated effort to identify:

- 3 (1) The services that exist to meet the identified needs;
- 4 (2) Any service deficiencies;
- 5 (3) Barriers that prevent grandparents from accessing
6 services; and
- 7 (4) What can be done to facilitate the provision of
8 services to grandparents raising grandchildren.

9 The purpose of this Act is to establish a task force to
10 specifically focus on the needs of and issues facing
11 grandparents raising grandchildren.

12 SECTION 2. (a) There is established a grandparents
13 raising grandchildren task force to focus on the needs of and
14 issues facing grandparents raising grandchildren. The task
15 force shall consist of a representative of:

17 co-chair;

2 regarding issues facing grandparents raising
3 grandchildren;
- 4 (4) Review laws relating to issues facing grandparents
5 raising grandchildren, including:
- 6 (A) Section 302A-482, Hawaii Revised Statutes,
7 regarding the affidavit for caregiver consent,
8 which permits a caregiver, under certain
9 circumstances, to enroll a minor in school and
10 consent to participation in curricular and
11 co-curricular activities;

13 child custody and support; and

20 by the department of education through its
21 comprehensive student support system;

- 1 (7) Investigate whether a need arises when a minor
2 residing, formally or informally, with a grandparent
3 requires consent for medical service, including when a
4 student needs consent for programs and services under
5 the Individuals with Disabilities Act or Section 504
6 of the Rehabilitation Act of 1973;
- 7 (8) Investigate the issues that arise when a minor
8 residing, formally or informally, with a grandparent
9 is returned to the custody of a parent;
- 10 (9) Investigate housing issues that may arise when a
11 grandparent is raising a grandchild, particularly when
12 the grandparent resides in senior housing, and
13 identify any state or federal laws that prohibit or
14 prevent a grandchild from residing with a grandparent;
- 15 (10) Review how each area office on aging allocates the
16 federal funds it receives under the National Family
17 Caregiver Support Program for grandparent programs;
- 18 (11) Identify the agencies that collect data relating to
19 grandparents raising grandchildren and whether the
20 data can be more comprehensive, uniform, and readily
21 available or exchanged; and

1 (12) Identify legal needs and whether these needs are being
2 adequately addressed.

3 (c) The task force on grandparents raising grandchildren
4 shall submit an interim report to the legislature and the joint
5 legislative committee on family caregiving no later than twenty
6 days prior to the convening of the 2009 regular session and a
7 final report to the legislature and the joint legislative
8 committee on family caregiving no later than twenty days prior
9 to June 30, 2009. The final report shall include, to the
10 greatest extent possible:

11 (1) A list of the services that exist in each county to
12 meet grandparents' identified needs;

13 (2) A discussion of service deficiencies in each county;

14 (3) A discussion of identifiable barriers that prevent
15 grandparents from accessing services;

16 (4) A synopsis of the task force's work and any findings
17 regarding the task force's responsibilities as
18 detailed in section 2(b) of this Act; and

19 (5) Recommendations, including possible legislation.

20 (d) The task force shall cease to exist on June 30, 2009.

1 SECTION 3. This Act shall take effect upon its approval.
