1 surcharge as a separate line item on each bill. If a wireless
2 provider or reseller receives a partial payment for a monthly
3 bill from a commercial mobile radio service customer, the
4 wireless provider or reseller shall apply the payment against
5 the amount the customer owes the wireless provider or reseller,
6 before applying the partial payment against the surcharge.

7 (d) A wireless provider that:

8 (1) Is collecting the surcharge and remitting appropriate
9 portions of the surcharge to the fund pursuant to this
10 chapter; and

Report Title:

Wireless Enhanced 911; surcharge.

Description:

Decreases from \$0.66 to \$0.43 cents per month the surcharge customers pay on each mobile phone for E911 emergency mobile phone services.

JUSTIFICATION SHEET

DEPARTMENT: Accounting and General Services

TITLE: RELATING TO ENHANCED 911 SERVICES FOR MOBILE PHONES.

PURPOSE: To reduce the surcharge imposed on every commercial mobile radio service connection for the Wireless Enhanced 911 Fund.

MEANS: Amend Section 138-1, Hawaii Revised Statutes.

JUSTIFICATION: The amount of funds required to implement Phase I and Phase II wireless enhanced 911 services is less than originally forecasted. Because certain wireless service providers have chosen not to seek reimbursement for wireless 911 deployment costs from the Wireless Enhanced 911 Fund ("Fund"), a reduction to the surcharge is being proposed.

The reduction in the surcharge amount will take into account the amount of funds needed to complete statewide deployment, operate, and maintain the wireless enhanced 911 system, and allow for future enhancements to the system due to technological advances.

Impact on the public: The reduced surcharges collected from wireless subscribers will continue to:

1. Exclusively reimburse the public safety answering points and wireless service providers for providing this service;
2. Fund the administrative costs of the board.

Impact on the department and other agencies: There will be adequate funds available to reimburse the public safety answering points and wireless service providers to ensure they continue to provide wireless enhanced

911 service to the State. This service enhances public safety by allowing the public safety answering points to identify the wireless caller's phone number, and locations automatically.

GENERAL FUND: None.

OTHER FUNDS: Wireless Enhanced 911 Fund.

DESIGNATION: AGS 891
