Report Title:

CHILD SUPPORT.

Description:

Changes the law relating to Child Support Enforcement Agency notification in some circumstances to custodial parents; establishes a CSEA Assistant Administrator; clarifies rules relating to some CSEA hearings and related matters.

JUSTIFICATION SHEET

DEPARTMENT: Attorney General

TITLE: A BILL FOR AN ACT RELATING TO CHILD SUPPORT ENFORCEMENT.

PURPOSE: To clarify the requirement for notice to custodial parents regarding state income tax refund setoffs; to create an assistant administrator position who will serve as the policy administrator and whose duties will involve the development and implementation of comprehensive policy and planning documents, including federal performance reporting and interstate activities; to clarify that parties have thirty (30) days to request an administrative hearing for modification; to enable the Child Support Enforcement Agency with the opportunity to request an administrative hearing; to enable the agency to sign proposed administrative orders when no request for an administrative hearing has been received; and to transfer two temporary full-time equivalent positions performing functions relating to paternity from the County of Kauai to the Department of the Attorney General.

MEANS: Amend sections 576D-6, 576D-11, 576E-6, and 576E-7, Hawaii Revised Statutes.

JUSTIFICATION: The notification of custodial parents that state tax refund setoffs will be retained by the State when medical support rights have been assigned to the State and the setoff is being applied to amounts designated for medical purposes is a federally mandated requirement under 45 C.F.R. §303.102(d).

This measure creates an assistant administrator position that will serve to centrally coordinate and to systematically go through the child support enforcement process to develop and implement policy and planning

documents to guide operations to successful outcomes and to make the child support enforcement process more efficient. Currently, the development and implementation of policy and planning documents are done by the different branch supervisors as problems are identified. There is no centrally coordinated effort to ensure that all aspects of the issues are considered, especially in areas where problems have not been identified.

This measure also removes the confusion between the number of days a party has to request an administrative hearing for actions initiated because of the federally required "periodic" review of TANF cases and for modification actions initiated at the request of one of the parties. In addition, by allowing the Child Support Enforcement Agency to make a request for hearing rather than having to wait for one of the parties to make the request, the administrative process will be more efficient and expeditious. This measure also provides the agency with the authority to sign proposed administrative orders when no request for hearing is received by the agency and is consistent with the existing authority of the agency under sections 576E-2 and 576E-2(3), Hawaii Revised Statutes. It expedites and makes more efficient the child support enforcement process as currently, there are delays and added costs when creating a second file for the Office of Child Support Hearings and the transmission of the file back and forth between that office and the agency.

In addition, the establishment of paternity is a federally mandated requirement and the transfer of the two temporary full-time equivalent positions from the County of Kauai is necessary so that paternity processing can continue without affecting the agency's ability to continue to provide

existing services. Since the County of Kauai has

indicated that the County no longer wishes to continue the cooperative agreement relating to the functions, duties, responsibilities, and activities related to the establishment of paternity, this function must be performed by the agency.

Impact on the public: This measure would benefit the public by making the child support enforcement process a more efficient and consistent process. If the positions are not transferred, there may be reduced services and delays to the public in the establishment of paternity and in general child support services for the County of Kauai.

Impact on the department and other agencies: This measure would assist in making the child support enforcement process more consistent and would help to eliminate some of the problems and delays currently experienced by the Child Support Enforcement Agency in the child support enforcement process. If the positions are not transferred, added responsibilities will be placed on existing agency staff. Any reduction in services or delays may negatively impact the agency in its ability to meet federal requirements and may result in the loss of incentives. If federal requirements are not met, eligibility for federal welfare funding and federal funding of child support enforcement programs may be jeopardized.
