A BILL FOR AN ACT

RELATING TO INSURANCE.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that mutual benefit  
2 societies hold a unique position in the State's economy and  
3 business community. These societies are organized and operated  
4 for the primary benefit of their members and beneficiaries and  
5 are not for profit. They also are exempted from many laws that  
6 apply to insurance companies and, because of the limited  
7 application of the insurance code, the insurance commissioner  
8 has correspondingly limited supervisory authority over these  
9 societies.

10           Currently, some mutual benefit societies in Hawaii conduct  
11 the business of insurance by the extensive use of affiliates.  
12 Affiliate transactions raise special concerns because they are  
13 not always independent, competitive, market-based transactions.

14           The purpose of this Act is to ensure that mutual benefit  
15 societies maintain a proper relationship with and among their  
16 affiliates by applying the provisions of article 11 of Hawaii's  
17 insurance code to mutual benefit societies. This would benefit

H.B. NO. 3095

1 the members of mutual benefit societies by authorizing  
2 regulatory monitoring of the relationship and transactions  
3 between mutual benefit societies and their affiliates and among  
4 the affiliates of mutual benefit societies, in the same manner  
5 as is presently authorized for other insurers.

6 SECTION 2. Section 431:11-102, Hawaii Revised Statutes, is  
7 amended by amending the definition of "insurer" to read as  
8 follows:

9 "Insurer" shall have the meaning as set forth in article  
10 1, and shall include mutual benefit societies under article 1 of  
11 chapter 432 except that it shall not include:

12 (1) Agencies, authorities, or instrumentalities of the  
13 United States, its possessions and territories, the  
14 Commonwealth of Puerto Rico, the District of Columbia,  
15 or a state or political subdivision of a state;

16 (2) Fraternal benefit societies; or

17 [~~(3) Nonprofit medical and hospital service associations;~~

18 ~~or~~

19 ~~(4)] (3) Unauthorized insurers."~~

20 SECTION 3. Section 432:1-102, Hawaii Revised Statutes, is  
21 amended by amending subsection (b) to read as follows:

1           "(b) Article 2, article 2D, article 11, article 13, and  
2 article 14G of chapter 431, and the powers there granted to the  
3 commissioner, shall apply to managed care plans, health  
4 maintenance organizations, or medical indemnity or hospital  
5 service associations, which are owned or controlled by mutual  
6 benefit societies, so long as the application in any particular  
7 case is in compliance with and is not preempted by applicable  
8 federal statutes and regulations."

9           SECTION 4. Statutory material to be repealed is bracketed  
10 and stricken. New statutory material is underscored.

11          SECTION 5. This Act shall take effect upon its approval.

**Report Title:**

Mutual Benefit Societies

**Description:**

Improves the Insurance Commissioner's ability to protect consumers from improper transactions between health insurance companies and their affiliates by authorizing the Commissioner to monitor the relationships and transactions between these companies and their affiliates.

JUSTIFICATION SHEET

DEPARTMENT: Commerce and Consumer Affairs

TITLE: A BILL FOR AN ACT RELATING TO INSURANCE.

PURPOSE: To allow the insurance commissioner to monitor relationships and transactions between mutual benefit societies and their affiliates and among affiliates of mutual benefit societies in the same manner as other insurers are monitored and to require filing of a registration statement with the insurance commissioner describing a mutual benefit society's network of affiliates.

MEANS: Amend sections 431:11-102 and 432:1-102(b), Hawaii Revised Statutes.

JUSTIFICATION: Currently some mutual benefit societies in Hawaii conduct the business of insurance by extensive use of affiliates. Affiliate transactions raise special concerns because they are not always independent, market-based transactions. One mutual benefit society until very recently actually had no employees; all of its operations were conducted by affiliated for-profit corporations owned by the officers of the mutual benefit society. The affiliated corporations (incorporated in California) have resisted scrutiny by the insurance commissioner. This bill will give the insurance commissioner oversight over affiliate transactions for mutual benefit societies to the same extent as authorized over other insurers under chapter 431:11, Hawaii Revised Statutes. Specifically, it will hold controlled affiliate transactions to the standards set forth in section 431:11-106, Hawaii Revised Statutes. This bill will also require each mutual benefit society to file a registration statement with the

insurance commissioner describing its affiliate network.

Impact on the public: Will improve the insurance commissioner's ability to protect the public from improper transactions between mutual benefit societies and their affiliates.

Impact on the department and other agencies:  
None anticipated.

GENERAL FUND: None.

OTHER FUNDS: None.

PPBS PROGRAM  
DESIGNATION: CCA-106.

OTHER AFFECTED  
AGENCIES: None.

EFFECTIVE DATE: Upon approval.
