WHEREAS, the Office of Elections may be looking to purchase new electronic voting system software and equipment that will be utilized and relied upon in future elections; and

WHEREAS, the Legislature requests the opportunity to investigate, review, and approve any proposed changes and contract purchases relating to the electronic voting systems; now, therefore,

BE IT RESOLVED by the House of Representatives of the Twenty-fourth Legislature of the State of Hawaii, Regular Session of 2008, the Senate concurring, that the Office of Elections is requested to provide an informational briefing and demonstration regarding the operation and use of the new electronic voting systems to the appropriate Senate and House of Representatives committees; and
