
HOUSE CONCURRENT RESOLUTION

SUPPORTING H.R. 506, THE HEALTH PARTNERSHIP THROUGH CREATIVE
FEDERALISM ACT.

1 WHEREAS, the United States Census Bureau reported that the
2 number of Americans without health insurance in 2006 increased
3 to more than 47,000,000 people, representing a five per cent
4 increase from 2005; and

5
6 WHEREAS, a majority of health insurance plans are regulated
7 by the federal government through Medicare, Medicaid, or the
8 Employee Retirement Income Security Act of 1974; and

9
10 WHEREAS, such an expanded federal role in health insurance
11 has diminished the role of the states in regulating insurance
12 and impeded state efforts to address the uninsured; and

13
14 WHEREAS, the National Conference of Insurance Legislators
15 believes that states could enact landmark reforms should
16 Congress heed the advice of former U.S. Supreme Court Justice
17 Louis Brandeis and approach state legislatures as "laboratories
18 of democracy"; and

19
20 WHEREAS, though faced with federal obstacles, in 2006,
21 state legislatures in Massachusetts and Tennessee enacted
22 comprehensive health insurance reforms designed to improve
23 access and affordability of health insurance in their respective
24 states; and

25
26 WHEREAS, in January 2007, Representatives Tammy Baldwin (D-
27 WI), Tom Price (R-GA), and John Tierney (D-MA) introduced
28 bipartisan legislation in the United States House of
29 Representatives, H.R. 506, The Health Partnership Through
30 Creative Federalism Act; and

31

1 WHEREAS, H.R. 506 would provide federal "State Health
2 Expansion and Improvement Grants" to states to develop and
3 implement innovative comprehensive health insurance reform
4 proposals to address their respective uninsured populations; and
5

6 WHEREAS, H.R. 506 is designed "to break the Congressional
7 logjam regarding health care reform and provide for innovation
8 in health care through state initiatives that expand health care
9 coverage," according to its sponsors; and
10

11 WHEREAS, H.R. 506 would permit states to seek exceptions to
12 otherwise applicable federal statutes, regulations, and
13 policies, including the Employee Retirement Income Security Act
14 of 1974; and
15

16 WHEREAS, H.R. 506 would encourage states to implement a
17 variety of reform options, including, but not limited to tax
18 credit approaches, expansions of public programs such as
19 Medicaid and the State Children's Health Insurance Program,
20 health savings accounts, high risk pools, single-payer systems,
21 and purchasing pool arrangements similar to the Federal
22 Employees Health Benefits Program; and
23

24 WHEREAS, H.R. 506 was co-sponsored by seventy-four members
25 of the United States House of Representatives, including thirty-
26 nine Democrats and thirty-five Republicans as of October 5,
27 2007; and
28

29 WHEREAS, a substantially similar bill, S. 2772, The Health
30 Partnership Act, has been introduced in the United States Senate
31 by Senators George Voinovich (R-OH) and Jeff Bingaman (D-NM);
32 now, therefore,
33

34 BE IT RESOLVED by the House of Representatives of the
35 Twenty-fourth Legislature of the State of Hawaii, Regular
36 Session of 2008, the Senate concurring, that the Legislature of
37 the State of Hawaii supports H.R. 506, The Health Partnership
38 Through Creative Federalism Act, and urges members of Congress
39 to take action on the proposal and help states address the
40 number of uninsured Americans; and
41

42 BE IT FURTHER RESOLVED that the members of Hawaii's
43 congressional delegation are urged to support H.R. 506 and
44 S. 2772; and
