
HOUSE RESOLUTION

REQUESTING THE UNIVERSITY OF HAWAII AT MANOA COLLEGE OF
EDUCATION TO CONVENE A WORKING GROUP TO CONDUCT A
FEASIBILITY STUDY OF DEVELOPING A DEGREE GRANTING PROGRAM
AND CENTER FOR PEACE EDUCATION.

1 WHEREAS, the current paradigm in peace education continues
2 to encompass the definitions of peace as 'negative peace' and
3 'positive peace', but goes beyond these definitions to embrace a
4 comprehensive peace education that builds towards cultures of
5 peace; and

6
7 WHEREAS, peace education includes holistic, transformative,
8 social, and integrative learning approaches to education that
9 infuse current topics, such as economic and ecological
10 sustainability, social justice, gender equality, globalization,
11 indigenous and multicultural studies, and global technologies
12 and communication, into the core curriculum for P-20; and

13
14 WHEREAS, peace education is concerned with addressing
15 direct and structural violence through the transformation of
16 pedagogy, curriculum, and policy related to education in both
17 formal and non-formal contexts; and

18
19 WHEREAS, peace education promotes the values of tolerance
20 and acceptance of all cultures, compassion and understanding of
21 multiple perspectives, mutual respect, honoring differences,
22 communication through non-violent strategies in resolving
23 conflicts and building consensus in human relations, and global
24 citizenship; and

25
26 WHEREAS, peace education develops educational skills in
27 critical thinking, taking the perspective of others, empathy,
28 interdisciplinary approaches to problem solving, intercultural
29 understanding, local and global perspective-taking, mediation,
30 reconciliation practices, and keeping abreast of current
31 knowledge of international and global affairs; and
32

1 WHEREAS, the Department of Education regards peace
2 education as inherent in programs such as conflict resolution,
3 peer mediation, character education, anti-bullying workshops,
4 leadership, and community service, yet does not consistently
5 fund or implement such programs in every public school; and
6

7 WHEREAS, the Legislature recognizes the need to be
8 proactive in ensuring that Hawaii teachers are trained and
9 educated in the current knowledge of, and holistic integrative
10 teaching practices in, peace education so that teachers may
11 prepare their students to effectively meet the changing demands
12 in political affairs, ecological and geographical conditions,
13 economic trends, career qualifications, and intercultural
14 relations, both locally and globally; and
15

16 WHEREAS, there is no comprehensive peace education program
17 available for teacher professional education and training
18 available in Hawaii to fully support this need; and
19

20 WHEREAS, teacher education in Hawaii is an excellent venue
21 for exploring peace-keeping and peace-building options, because
22 Hawaii is a gateway to Pacific and Asian countries and
23 contributes a unique Hawaiian perspective in values of peace and
24 acceptance, unconditional personal regard, harmony, balance,
25 patience, respect, pleasantness, and humility, all as expressed
26 through such Hawaiian concepts as mahalo, aloha, lokahi, pono,
27 ahonui, akahai, 'olu'olu, 'ihi, and ha'aha'a; and
28
