

JAN 24 2007

A BILL FOR AN ACT

RELATING TO HEALTH.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that shaken baby syndrome
2 is the medical term used to describe the violent shaking of an
3 infant or young child and the resulting injuries. At least one
4 in four victims of shaken baby syndrome die as a result of their
5 injuries. More than fifty per cent of the infants and young
6 children who survive shaken baby syndrome suffer from residual
7 disabilities, including brain damage, seizures, mental
8 retardation, spinal injury, paralysis, blindness, and hearing
9 loss.

10 The legislature further finds that shaken baby syndrome is
11 preventable when parents of newborns are educated regarding the
12 signs and symptoms of shaken baby syndrome. Prevent Child Abuse
13 Hawaii is a nonprofit organization willing to provide hospitals
14 and public health facilities with written educational materials
15 about the dangerous effects of shaken baby syndrome and the
16 different methods of preventing shaken baby syndrome.

1 The purpose of this Act is to require a hospital, including
2 a public health facility, to provide information regarding
3 shaken baby syndrome to the parents of all newborns under its
4 care.

5 SECTION 2. Chapter 321, Hawaii Revised Statutes, is
6 amended by adding a new section to be appropriately designated
7 and to read as follows:

8 "§321- Shaken baby syndrome. (a) Any hospital that
9 provides medical care to a newborn shall provide each parent of
10 the newborn with written educational information about the
11 dangerous effects of shaken baby syndrome and the different
12 methods of preventing shaken baby syndrome, such as the written
13 information provided by Prevent Child Abuse Hawaii.

14 (b) For the purpose of this section:

15 "Hospital" includes:

16 (1) An institution with an organized medical staff,
17 regulated under section 321-11(10), that admits
18 patients for inpatient care, diagnosis, observation,
19 and treatment; and

20 (2) A health facility under chapter 323F.

1 "Medical care" means every type of care, treatment,
2 surgery, hospitalization, attendance, service, and supplies as
3 the nature of the injury or condition requires.

4 "Parent" includes a biological mother or father, foster
5 mother or foster father, adoptive mother or adoptive father, and
6 step-mother or step-father.

7 "Shaken baby syndrome" means an injury caused by the
8 vigorous shaking of an infant or young child that may result in
9 injuries such as subdural hemotoma, head injury, irreversible
10 brain damage, blindness, retinal hemorrhage, eye damage,
11 cerebral palsy, hearing loss, spinal cord injury, paralysis,
12 seizures, learning disability, central nervous system injury,
13 rib fracture, or death.

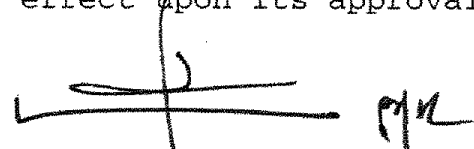

14 (c) The department shall approve the written educational
15 information provided pursuant to subsection (a)."

16 SECTION 3. New statutory material is underscored.

17 SECTION 4. This Act shall take effect upon its approval.
