The Honorable Colleen Hanabusa, President
and Members of the Senate
The Twenty-Fourth Legislature
State Capitol, Room 408
Honolulu, Hawaii 96813

Dear Madam President and Members of the Senate:

SUBJECT: Planned Repair and Maintenance Projects Fiscal Year 2008-2009

Attached for your information is the Department of Education's list of repair and maintenance projects planned for Fiscal Year 2008-2009.

Your support of our supplemental budget request of \$75 million for Lump Sum School Building Improvements (repair and maintenance) will enable these planned projects to move forward at each of your schools.

These priority projects were developed with the approval of school administrators and complex area representatives. This occurred from September 2007 to December 2007, through a visitation of each school's campus with follow up at subsequent district level meetings in January 2008.

Your support for school repair and maintenance is much appreciated. If you have any questions, please call Greg Tanaka at 586-0533.

Very truly yours,
