JUSTIFICATION SHEET

DEPARTMENT: Commerce and Consumer Affairs

TITLE: A BILL RELATING TO INSURANCE LICENSING.

PURPOSE:

1. To re-establish the issuance and all services fees applicable to limited line motor vehicle rental company producer's license;
2. To mandate that adjusters and independent bill reviewers' place of business be where the licensee principally conducts transactions under the license; and
3. To change the exemption from the educational and examination requirements for producers previously licensed for same lines of authority in another state by allowing receipt of a resident producer license application for the State of Hawaii within 90 days of the cancellation of the applicant's out-of-state resident license.

MEANS: Amend sections 431:7-101, 431:9-228, and 431:9A-109, Hawaii Revised Statutes (HRS).

JUSTIFICATION:

1. Act 154, Session Laws of Hawaii 2006, the Insurance Division's housekeeping legislation, intended to move the limited line motor vehicle rental company producer's fees (fees) contained in section 431:9A-142, HRS, to article 7 (the fees, taxes, and deposits article of chapter 431, HRS). Accordingly, Act 154 amended section 431:9A-142, HRS, by deleting the fees and adding new language to require the

payment of applicable licensing fees required by article 7. What Act 154 mistakenly failed to do was to re-establish those fees in article 7. This bill re-establishes these fees in article 7, as originally intended.

2. Presently, adjusters and independent bill reviewers are required to have a place of business in the State of Hawaii. This amendment allows the place of business to be where the licensee principally conducts transactions under the license; thus, it allows a licensee to have its place of business in another state. With this amendment, adjusters and independent bill reviewers will have the same place of business requirements as producers.
3. Current Hawaii law allows an exemption from examination for producers previously licensed for the same lines of authority in another state if they are in good standing in that state and application is made for a nonresident producer license within 90 days of establishing legal residency in the State of Hawaii. It has been difficult, if not impossible, to determine whether or not the 90-day requirement has been met, since there is no way for the Insurance Division to confirm exactly when the applicant formed the intent to establish legal residency in the State of Hawaii. This bill sets an enforceable standard for the exemption from the educational and examination requirements by allowing a resident producer license application for the State

of Hawaii to be received by the Insurance Division within 90 days of the cancellation of the producer's out-of-state license. This amendment will enable the Insurance Division to establish exactly when a nonresident producer should have filed a resident producer license application in the State of Hawaii, thus enabling the Division to determine whether the exemption from educational and examination requirements should be granted or denied.

Impact on the public:

1. This bill will enable the Insurance Division to collect issuance and other fees from limited line motor vehicle rental company producers that the Legislature intended it to collect. These moneys will be used to implement the purposes of the Department of Commerce and Consumer Affairs, which includes protecting the interests of consumers. Thus, the impact on the public should be positive.
2. By eliminating the burden of having a place of business in the State of Hawaii when the licensee principally conducts transactions in another location, this bill will encourage more adjusters and independent bill reviewers to do business in the State of Hawaii, without compromising qualification and other consumer protection requirements. Thus, the impact on the public should be positive.
3. By establishing an enforceable standard for the granting of an

exemption from the educational and examination requirements for nonresident producers in the State of Hawaii who are resident producers in good standing in other states, the bill should have a positive impact on the public.

Impact on the department and other agencies: None.

GENERAL FUND: None.

OTHER FUNDS: Increase Compliance Resolution Fund revenues.

PPBS PROGRAM DESIGNATION: CCA-106.

OTHER AFFECTED AGENCIES: None.

EFFECTIVE DATE: Upon approval.
