6 jurisdictions;
- 7 (3) Whether the statutory authority to reimburse the
8 public safety answering points and the wireless
9 service providers for costs incurred to deploy
10 wireless enhanced 911 services includes or should

- 4 (5) Whether the wireless enhanced 911 fund serves the
5 purpose for which it was created and reflects a clear
6 link between the benefit sought and charges made upon
7 the users or beneficiaries of the program, as opposed
8 to serving primarily as a means to provide the program
9 or users with an automatic means of support which is
10 removed from the normal budget and appropriations
11 process;
- 12 (6) Whether the surcharge amount imposed on customers is
13 sufficient to fund the wireless enhanced 911 fund and,
14 if not, recommend an appropriate surcharge amount; and
- 15 (7) Any other issues pertinent to the audit revealed by
16 the auditor's review of the wireless enhanced 911
17 board's records and interviews of its personnel.
- 18 The auditor shall submit a report to the legislature no
19 later than twenty days prior to the convening of the regular
