A BILL FOR AN ACT

MAKING AN APPROPRIATION FOR THE HAWAII CIVIL AIR PATROL.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the Hawaii civil air
2 patrol provides necessary disaster relief, search and rescue,
3 homeland security, and medical emergency transport services to
4 local and national organizations. The Hawaii civil air patrol
5 also provides low-cost humanitarian emergency services and
6 homeland security support to the State, through the humanitarian
7 pre-disaster emergency warning and post-disaster recovery
8 operations, as well as support to federal agencies involved with
9 homeland security in the event of a terrorist attack.

10 The legislature further finds that the \$75,000 appropriated
11 for fiscal year 2007 will be exhausted by March 31, 2008. The
12 legislature also finds that there was no funding at all for the
13 Hawaii civil air patrol for fiscal years 1997 through 2003. The
14 level of funding from fiscal year 2004 through 2007 was below
15 historical funding levels from fiscal year 1982 until fiscal
16 year 1997. Thus, historically the Hawaii civil air patrol has
17 struggled to maintain its readiness capabilities. In the past,

1 it has relied upon combining pilot proficiency and competency
2 training with the United States Air Force and Drug Enforcement
3 Administration programs. However, this funding on the federal
4 level is declining.

5 The legislature further finds that the lack of funding has
6 other adverse consequences to the State, including maintaining
7 an adequate tsunami warning system and disaster relief missions.

8 Since the early 1950s, the civil air patrol has provided
9 tsunami warning services to the State. Once a tsunami alert has
10 been issued by the National Weather Service, the civil air
11 patrol mobilizes its aircraft, making repeated passes over
12 beaches and coastal communities using sirens and loud speakers
13 to warn residents. The civil air patrol also plays a vital role
14 in disaster relief. Volunteer civil air patrol members fly
15 disaster relief officials to remote locations and support local,
16 state, and national disaster relief organizations with
17 experienced pilots and personnel. The civil air patrol
18 transports time-sensitive medical materials, blood products, and
19 body tissue.

20 The purpose of this Act is to make an appropriation to help
21 defray the operational expenses of the Hawaii civil air patrol.

1 SECTION 2. There is appropriated out of the general
 2 revenues of the State of Hawaii the sum of \$295,050 or so much
 3 thereof as may be necessary for fiscal year 2008-2009 for the
 4 following expenses and operations of the Hawaii civil air
 5 patrol:

6	(1) Flight operations	\$66,250
7	(2) Aircraft maintenance	8,000
8	(3) Vehicle operations	30,800
9	(4) Ground team training	5,000
10	(5) Building and grounds	34,000
11	(5) Utilities	15,000
12	(6) Communications equipment	20,000
13	(7) Telephone and Internet	14,000
14	(8) Travel	5,000
15	(9) Administrative equipment and expenses	10,000
16	(10) Emergency power equipment	6,000
17	(11) Tsunami warning equipment	81,000

18 The sum appropriated shall be expended by the department of
 19 defense for the purposes of this Act.

20 SECTION 3. This Act shall take effect on July 1, 2008.
