JUSTIFICATION SHEET

DEPARTMENT: Office of the Governor

TITLE: A BILL FOR AN ACT PROPOSING AMENDMENTS TO  
THE CONSTITUTION OF THE STATE OF HAWAII  
RELATING TO PUBLIC EDUCATION

PURPOSE: To allow a political subdivision's  
legislative body to establish an irrevocable  
school district and to empower the locally  
elected district school boards of education  
to implement the statewide educational  
policies and to formulate and implement  
local district objectives.

MEANS: Amend the constitution of the State of  
Hawaii.

JUSTIFICATION: This bill allows voters to decide whether to  
grant a political subdivision's legislative  
body the authority to create an irrevocable  
local school district. This provides an  
opportunity for greater input into public  
education at the local level. The proposed  
amendment will result in increased  
participation by local communities in public  
education, and in the decision making that  
affects the education of their local  
students. Decisions will be made by local  
school boards based on the needs of that  
community and district, rather than by a  
central statewide Board of Education that  
may not take into account the intricacies  
and special circumstances that define each  
of the counties in our State.

Impact on the public: Increased involvement  
in public education at a local level.

Impact on the department and other agencies:  
The Board of Education, Department of  
Education, county legislative bodies, local  
school districts, and local school boards  
will work to comply with the requirements  
set forth in the constitution should any

political subdivision's legislative body  
create an irrevocable school district.

GENERAL FUND: None.

OTHER FUNDS: None.

PPBS PROGRAM  
DESIGNATION: None.

OTHER AFFECTED  
AGENCIES: Department of Education, Board of Education,  
county legislative bodies.

EFFECTIVE DATE: Upon compliance with article XVII, section  
3, of the Constitution of the State of  
Hawaii.
