# A BILL FOR AN ACT

RELATING TO ETHICS.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that members of state  
2 boards and commissions are subject to the chapter 84, Hawaii  
3 Revised Statutes, relating to standards of conduct. These  
4 include boards that perform only an advisory function. However,  
5 members of some county boards and commissions are not subject to  
6 the standards of conduct of their jurisdiction.

7           For example, in the city and county of Honolulu, elected  
8 members of neighborhood boards are not subject to the city's  
9 standards of conduct. The reasons provided by the corporation  
10 counsel include that neighborhood board members are elected and  
11 not appointed to their boards, and these boards are limited to  
12 an advisory role.

13           The legislature finds that appointed and elected members of  
14 boards and commissions in state and county levels of government  
15 should be subject to the standards of conduct in their  
16 jurisdiction.

1           The purpose of this Act is to clarify that members of all  
2 county boards and commissions are subject to the standards of  
3 conduct in their jurisdiction.

4           SECTION 2. Chapter 46, Hawaii Revised Statutes, is amended  
5 by adding a new section to part I to be appropriately designated  
6 and to read as follows:

7           "§46-     County standards of conduct. Notwithstanding any  
8 law to the contrary, a county's standards of conduct shall apply  
9 to all elected and appointed officials of the county. For  
10 purposes of this section, elected and appointed officials  
11 include members of all boards and commissions, whether the  
12 members are elected or appointed to the boards or commissions,  
13 including all elected members of neighborhood boards."

14           SECTION 3. New statutory material is underscored.

15           SECTION 4. This Act shall take effect upon approval.
