

MAR 12 2008

SENATE CONCURRENT RESOLUTION

REQUESTING THAT THE DEPARTMENT OF AGRICULTURE ACQUIRE THE LAND
IN WAHIAWA, OAHU, UNDERLYING LAKE WILSON AND APPURTENANT
LANDS ONLY IF CERTAIN REPAIRS ARE COMPLETED BY THE CURRENT
OWNERS.

1 WHEREAS, the Wahiawa irrigation system, which includes Lake
2 Wilson, is on real property mostly owned by the Galbraith Trust
3 and an affiliate of Castle and Cooke Hawaii, Dole Food Company,
4 Inc; and
5

6 WHEREAS, Lake Wilson has the potential to provide a
7 consistent water supply for one of Oahu's most productive
8 agricultural areas, and it also represents a potentially
9 valuable outdoor park and water recreational opportunity; and
10

11 WHEREAS, concerns have arisen regarding the continued
12 structural integrity and maintenance of the Wahiawa Dam; and
13

14 WHEREAS, a failure of the dam could cause loss of life,
15 injuries, and property damage to downstream areas throughout the
16 communities of Waialua and Haleiwa; and
17

18 WHEREAS, recent discussions between the Galbraith Trust and
19 Castle and Cooke Hawaii and state officials have explored the
20 possibility of "gifting" the land beneath Lake Wilson to the
21 State; and
22

23 WHEREAS, the irrigation system needs over \$4,200,000 in
24 immediate repairs and another \$2,980,000 in future fixes,
25 according to a recent study commissioned by the State; and
26

27 WHEREAS, operation and maintenance of the irrigation system
28 is estimated to cost \$765,000 each year; now, therefore,
29

30 BE IT RESOLVED by the Senate of the Twenty-fourth
31 Legislature of the State of Hawaii, Regular Session of 2008, the

1 House of Representatives concurring, that the Department of
2 Agriculture, including all of its organic and attached entities,
3 is requested to neither purchase nor accept the property known
4 as the Wahiawa irrigation system (also known as the Wahiawa
5 Reservoir, Lake Wilson, the Wahiawa dam, and the irrigation
6 ditch system that transports water from the reservoir to Central
7 Oahu and the North Shore) in its current state of disrepair; and
8

9 BE IT FURTHER RESOLVED that the Department of Agriculture
10 is urged to consider acquiring the Wahiawa irrigation system
11 only after the current owners have completed the necessary
12 repairs or provided a guarantee to finance and oversee those
13 repairs; and
14

15 BE IT FURTHER RESOLVED that the Legislature requests that
16 repairs of the Wahiawa irrigation system be considered complete
17 only after inspectors declare the dam and reservoir safe to
18 impound water and issue a certificate of approval to impound
19 pursuant to Chapter 179D, Hawaii Revised Statutes; and
20

21 BE IT FURTHER RESOLVED that certified copies of this
22 Concurrent Resolution be transmitted to the Governor and the
23 Chairperson of the Board of Agriculture.
