## SENATE RESOLUTION

REQUESTING THE HAWAII HEALTH SYSTEMS CORPORATION TO ESTABLISH A  
TASK FORCE TO ASSIST IN DEVELOPING A MASTER PLAN FOR LONG-  
TERM CARE FOR LEAHI HOSPITAL.

1           WHEREAS, the Legislature finds that virtually all of  
2 Hawaii's senior citizens want to age at home rather than in a  
3 care home or institution, yet many will need a more intensive  
4 care giving environment in their later years; and  
5

6           WHEREAS, Medicaid long-term care costs for the State have  
7 been increasing steadily and financial projections portend  
8 significantly greater costs, especially with baby boomers  
9 starting to retire; and  
10

11           WHEREAS, public policy goals for long-term care are as  
12 follows:  
13

- 14           (1) Creating a continuum of care, up to and including the  
15 terminal phase of life;  
16  
17           (2) Coordinating referral and case management through  
18 single-entry contact;  
19  
20           (3) Building a family caregiver support system to  
21 encourage care of disabled elderly;  
22  
23           (4) Expanding the capacity of long-term care service  
24 providers;  
25  
26           (5) Stimulating and coordinating research, education, and  
27 training on aging issues; and  
28  
29           (6) Developing a cost-effective service delivery and  
30 financial assistance approach for long-term care  
31 services; and  
32

33           WHEREAS, the Legislature further finds that co-locating key  
34 parts of a long-term care system would encourage holistic and  
35 integrative thinking, stimulate creativity and pilot programs,

1 enhance cost efficiencies, centralize access to services, and  
2 focus public attention on aging issues; and

3  
4 WHEREAS, Leahi Hospital has begun the process of developing  
5 a master plan to address the State's long-term care public  
6 policy goals; and

7  
8 WHEREAS, opened in 1902, Leahi Hospital is the State's  
9 oldest and largest long-term care facility and has had no major  
10 construction since 1951; and

11  
12 WHEREAS, Leahi Hospital is centrally located in the east  
13 Honolulu urban region and has one hundred seventy-nine skilled  
14 nursing facility/intermediate care facility beds and eleven  
15 tuberculosis beds spread among five buildings on a 6.7 acre  
16 campus, which is adjacent to ten acres of state property of  
17 which parts are vacant and others contain aging buildings; and

18  
19 WHEREAS, Kapiolani Community College, with its family  
20 caregiver training program, is also located next to Leahi  
21 Hospital; and

22  
23 WHEREAS, the process of developing a master plan for Leahi  
24 Hospital will offer an opportunity to create innovative and  
25 effective models of long-term care services, including  
26 residential care; now, therefore,

27  
28 BE IT RESOLVED by the Senate of the Twenty-fourth  
29 Legislature of the State of Hawaii, Regular Session of 2008,  
30 that the Oahu regional board of the Hawaii Health Systems  
31 Corporation is requested to convene a task force to assist in  
32 developing a long-term care master plan for Leahi Hospital and  
33 adjacent state lands, totaling 16.4 acres; and

34  
35 BE IT FURTHER RESOLVED that the task force is requested to

15 3-2-31:1, 3-2-31:15, 3-2-32:1, 3-2-33:1, and 3-2-33:3  
16 in the description of its master plan;
- 17
- 18 (7) Provide programs that may include:
- 19
- 20 (A) Long-term care and family caregiver education and  
21 training;
- 22
- 23 (B) Innovative models of residential care;
- 24
- 25 (C) Long-term care and geriatric services; and
- 26
- 27 (D) Community-based programs such as adult day care  
28 and day health, respite care; assistive  
29 technology; University of Hawaii Center on Aging  
30 Research and Education programs; and Aging and  
31 Disability Resource Center programs;
- 32
- 33 (8) Include resources to enable Leahi Hospital to become a  
34 teaching center on "best practices" in long-term care  
35 for service providers and facilities managers  
36 throughout the State;
- 37
- 38 (9) Provide an inventory of lands and facilities;
- 39
- 40 (10) Identify issues regarding land tenure and identify  
41 action steps and make recommendations necessary to  
42 implement the master plan;
- 43

1 (11) Address administration of lands and facilities by an  
2 independent authority to be established; and  
3

4 (12) Recommend options for governance of lands and  
5 facilities; and  
6

7 BE IT FURTHER RESOLVED that the task force is requested to  
8 complete the master plan by December 31, 2010, and that the task  
9 force is requested to submit preliminary and final reports of  
10 findings and recommendations, including any necessary proposed  
11 legislation, not later than twenty days prior to the convening  
12 of the Regular Sessions of 2009 and 2010, respectively; and
