

Presentation Before the Senate Committee on Education

April 15, 2008

Robert Naniole

Hawaii Commission For National And Community Service

Chair Sakamoto, members of the Senate Committee on Education, thank you for this opportunity to present background about myself in your consideration of my confirmation to the Hawaii Commission For National And Community Service.

I was born and raised in Hawaii. I grew up in the Nuuanu and Liliha neighborhoods. I also spent significant time at my grandmother's home in Papakolea where I eventually lived for approximately ten years. I currently live in Mililani with my wife and two daughters. I attended and graduated from Kamehameha Schools and the University of Hawaii at Manoa, receiving a Bachelor of Arts Degree in History. I also received a Master of Arts Degree in Professional Counseling from Argosy University-Hawaii Campus formerly known as American School of Professional Psychology.

During the course of my eleven years in Human Service and Social Service Program Management, I have successfully developed more program opportunities for individuals seeking services related to employment readiness, services for children, vocational training, and better access to support services.

A position on the Hawaii Commission For National And Community Service would give me the chance to work on areas that I feel very passionate about, and will allow me to share my work experiences and beliefs on community service. It would be especially exciting to work at increasing volunteer participation throughout the state, to promote citizen involvement in government and private programs, and to assist in the development of an action plan for community initiatives in Hawaii.

With the limited amount of resources available, it is clear that we must continue working together as a community to better the lives of our keiki and kupuna. The key to achieving this goal is to give freely of ourselves to those who need us the most.

I look forward to the challenges ahead. My education, background, and experience give me the tools to succeed. I ask for you to support my nomination to the Hawaii Commission For National And Community Service. Mahalo!

Senator Norman Sakamoto, Chair
Senate Committee on Education

Dear Senator Sakamoto and Members of the Senate,

Knowledgeable, enthusiastic, dedicated, and caring. Those words come to mind when describing Mrs. Janice Shishido. She is the consummate educator who is committed to ensuring her students' success as well as elevating the profession of education. She has been a positive role model to others as a mentor to student teachers, guiding them as they learn to become effective teachers. Mrs. Shishido has held leadership positions within schools and other professional organizations that she belongs to, namely the Hawaii State Teachers Association and the Gamma Chapter of the Alpha Delta Kappa Organization. Many educators have come to depend on her for support and advice. Throughout the years, I have known Mrs. Shishido to always have a dynamic, passionate, and nurturing presence.

Mrs. Shishido will be an asset to the Hawaii State Teachers' Standards Board not only because of her dedication and caring disposition toward her students and her profession but also because of her vast knowledge and experience as an educator and as an active member of our County and State governments where she has served on various boards and commissions and has been a very active coordinator and participant in community affairs and service projects. We need broad-minded individuals like Mrs. Shisido who will elevate our profession while focusing, ultimately, on our keiki's success.

I cannot even begin to describe the tremendous amount of work that went into her years of dedication to her school, her associations, and her community. However, I do know that she is a hard worker who cares for people and our profession, and especially, our children. Please consider her, highly, for a position on the Hawaii State Teachers' Standards Board.

If you have any questions or concerns, please feel free to call me at school at (808) 575-3000. Our school fax number is (808) 575-3003.

Dear Senator Sakamoto;

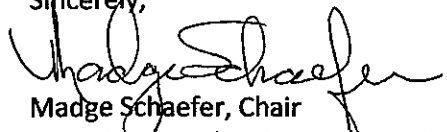

It is with great pleasure that I write this letter on behalf of Jan Shishido.

I worked with Jan on the Maui Governor's Advisory Committee for five years. Jan was a valuable contributor to our committee. She brought not only her background and experience in education but also an understanding of the culture that touches every part of our island living.

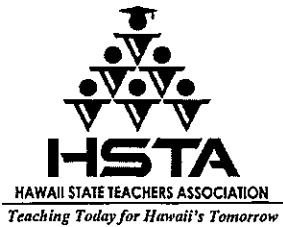

Her dedication to her profession and her love of the classroom experience is evident in any conversation you have with Jan about her students. She is bright, dedicated and when she makes a commitment she will honor it with excellence. She is a woman of great integrity. She will be an asset to the Hawaii Teacher Standards Board.

RE: GM 578 – SUBMITTING FOR CONSIDERATION AND CONFIRMATION TO THE
HAWAII TEACHER STANDARDS BOARD, GUBERNATORIAL NOMINEE,
JANICE Y. SHISHIDO, FOR A TERM TO EXPIRE 6-30-2011.

April 16, 2008

ROGER TAKABAYASHI, PRESIDENT
HAWAII STATE TEACHERS ASSOCIATION

Chair Sakamoto and Members of the Committee:

The Hawaii State Teachers Association supports GM 578, which submits for consideration and confirmation Gubernatorial Nominee Janice Y. Shishido to the Hawaii Teacher Standards Board (HTSB) for a term to expire June 30, 2011.

The Association is wholeheartedly in support of the nomination of Janice Shishido. Ms. Shishido has served in various leadership roles in and outside of school. One distinct role she has served is as a Hawaii State Teachers Association (HSTA)/National Education Association (NEA) facilitator for Keys to Excellence in Your School (KEYS) – a Quality School Systems Development. The KEYS program focuses on helping with school improvement plans and meeting the challenges of the No Child Left Behind Act (NCLB). As a KEYS facilitator her job entailed speaking to teachers and parents at schools on the assessment portion of KEYS, assisting with the assessments, and sharing the results and analysis of the assessments. Her involvement with KEYS also helped to translate the indicators (keys) to the Hawaii student standards. She also became familiar with teacher standards as a KEYS facilitator. In this capacity, Ms. Shishido was able to assist teachers and parents, helping them see the relationship between KEYS and the Hawaii Content Performance Standards (HCPS). She is also a leader at her school, serving as a liaison on her school Action Policy Committee (APC).

Ms. Shishido is active in her community and has been involved politically on her home island of Maui. She is a tireless worker, takes on challenges readily and eagerly as evidenced by her willingness to face the challenges that are part and parcel of serving on the HTSB. A conscientious person, she takes pride at being the best at what she does. Ms. Shishido possesses an in-depth knowledge of education and what it takes to be a top-notch educator. She will be a positive addition to the HTSB as she exemplifies the best of the teaching profession.

We strongly urge the committee to confirm Janice Y. Shishido to the Hawaii Teacher Standards Board and pass GM 578.

Thank you for the opportunity to testify.

Subject: Support for Teena Rasmussen - UH Board of Regents

I am writing in support of Ms. Teena Rasmussen for nomination to the University of Hawaii's Board of Regents.

I have known Ms. Rasmussen for approximately 7 years, primarily in a professional capacity, where she has served as a member of the United States Department of Agricultural/Farm Service Agency's State Committee.

In this capacity she provides the Farm Service Agency with valuable insights regarding current agricultural trends through out the state of Hawaii and the Pacific Basin. In addition, she and the other board members help guide the agency regarding policy issues and federal programs directed to the agricultural community.

She is extremely knowledgeable about state-wide issues, always displays good management skills and is extremely personable. In short, she has all the qualities inherent in a true leader.

I am confident that Ms. Rasmussen will make an excellent regent. I encourage you and your committee to give Ms. Rasmussen a resounding vote of approval.

Senate Education Committee

Chairman Norman Sakamoto and Members of the Education Committee:

This letter is in SUPPORT of the confirmation of Teena Rasmussen for a seat on the UH Board of Regents.

As an active and supportive advocate in Hawaii's agriculture, Teena has moved in perpetual motion to raise awareness and initiate positive change. As co-owner and Marketing Director for Alii Kula Lavender Farm, I've watched her commitment and passion to make a difference. I've worked with Teena in an annual fundraising project called Growing Dreams sponsored by Maui Youth and Family Services. Under Teena's leadership as chairperson, we raised thousands of dollars to create support services for challenged youth in our communities. This is a large event involving hundreds of people held at the Four Seasons Wailea, which required lots of tireless hours of commitment from Teena to make it the success that it was. To acquire more sustainable diversity, Teena and I, both attended Export Readiness Training where we gained the knowledge to export and help others in agriculture do the same. Together, we were also awarded charter membership of the exclusive Seal of Quality program, created by the Department of Agriculture in Hawaii. An exclusive recognition of companies that create quality products endorsed and marketed by the State of Hawaii.

Teena Rasmussen is a committed individual that has a great bandwidth of knowledge on many levels within the community, state and global issues. She is passionate and accountable for her actions, resulting in only the highest of success and quality from her work. Awarding Teena a seat with the UH Board of Regents will be a wise choice for the succession of our future. Please appoint Teena Rasmussen.

RE: In Support of the Nomination of Teena Rasmussen to UH BOR (GM 610)

TESTIMONY

For three decades Teena Rasmussen has played an increasingly important role in the social fabric of Maui County. Chamber of Commerce, Farm Bureau, Visitors Bureau, Trade Associations, Economic Development Board, County, State, and Federal panels, Non-profits, and school advisory panels and board leadership, you name the area of concern and Teena has quietly taken leadership positions which have resulted in positive outcomes for the immediate agency in question and the broader community in general. She is so involved in the community, there is a tendency to forget that Teena and her husband Craig are also successful small business owners. They have succeeded in a business – they farm and market cut flowers – in which only skillful and determined entrepreneurs survive. Teena would bring her wealth of knowledge about business, farming, Maui County and its needs, and a true Neighbor Island perspective to the University's Board of Regents. Having sat on the Maui Community College Provost's Advisory Board, she understands the importance of the University System to the state as a whole. Given her career as a community leader, Teena understands the honor and responsibility of this nomination and, if confirmed, you can be rest assured that she will dig in and do the work expected of a member of the Board of Regents and then some. You can expect Teena Rasmussen to bring the no-nonsense attitude born of her hard work as a farmer and a successful small business person in Hawaii to the important task of improving and expanding the mission of Hawaii's premiere institution of higher learning. I humbly ask that your committee recommends confirmation of the nomination of Teena Rasmussen to the University of Hawaii's Board of Regents.

Chairperson Sakamoto and Members of the Committee:

I am in strong support of the consideration and confirmation of Ms Teena M. Rasmussen to the Board of Regents of the University of Hawaii.

Ms. Rasmussen is active in the community, volunteer government service, and professional business associations. She has been recognized for her outstanding service over the years by receiving numerous awards such as Small Business Champion of the Year, and Outstanding Community Service & Achievement Award, both in 2005.

During the past five years as a Agribusiness Development Corporation Board Member, I have worked very closely with Ms. Rasmussen. Currently she is the Chair of the Board. Through its history, ADC has faced many challenges. Teena's approach in handling ADC has been very instrumental in establishing ADC as an effective and successful agency. Examples of Ms. Rasmussen's initiatives as Chair:

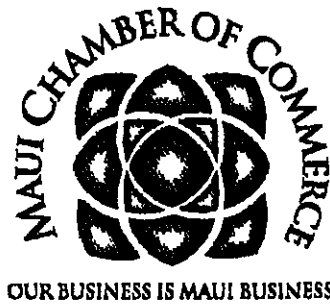

- 1 Ms. Rasmussen has crafted a strategic plan that the Board has used to focus our efforts in have the greatest impact in moving agriculture forward.
- 2 She understands ADC's mission and is not intimidated by our exemptions and powers. She openly supports our efforts both in action and in words.
- 3 When needed, she uses her relationship with other department heads to help move our projects along.
- 4 Under her watch ADC has addressed two critical issues that has hindered agriculture development - land and water.

Under Ms. Rasmussen's leadership, she has made ADC an effective tool to address agricultural issues and improve this important segment of Hawaii's economy.

I believe that Ms. Teena Rasmussen will apply the skills, commitment, and vision she has shown over the past five year at the ADC to the Board of Regents of the University of Hawaii. I strongly support her confirmation. Thank you.

**RE: GM 610, Confirmation Support of Teena Rasmussen for the
UH Board of Regents**

Dear Chairman Norman Sakamoto and Members of the Education Committee:

It is my honor and distinct pleasure to support the confirmation of Teena Rasmussen for a seat on the University of Hawaii (UH) Board of Regents.

Personally, I have known Teena for over 20 years due to her involvement with the agriculture industry, the Maui Chamber of Commerce, the Business & Professional Women (BPW), and as a small business owner with her farm, Paradise Flower Farms, Inc. This is a woman who is widely known for her extensive civic and community service contributions, as well as for her integrity, exemplary ethics and research/deliberation on issues before taking a position.

She is an engaged and devoted individual whose government service highlights her ability to work cooperatively with others and get things done. Teena has been the Vice Chair of the County of Maui Salary Commission; served on the Governor's Small Business Advisory Council; served as a State Committee Member of the Farm Service Agency (United States Dept. of Agriculture appointment from the President); served as a Board Member and was later Chairman of the Board for the Small Business Administration (SBA) Regional Advisory Board; and has served as a member and is the current Chairman of the Board for the Agribusiness Development Corporation (ADC) State of Hawaii (an appointment from the Governor).

In the area of education, Teena has demonstrated her commitment to quality education at elementary/intermediate, high school and college levels. She has been a Board Member, the Chair of Public Relations, and Chairman of the Board for Haleakala Waldorf School. She was the Charter President of the King Kekaulike High School Parent Teacher Student Association (PTSA) and later worked on the School Community Based Management (SCBM) Council. And, she served on the Maui Community College Provost Advisory Board.

With the Maui Chamber of Commerce, Teena also has a long history, joining the organization in 1980, and remaining involved today. She was a member of the Board of Directors from 1985 through 1994, chairing the Government Affairs Committee for 2 year and becoming Chairman of the Board during that time. She also joined the Chamber's Made in Maui Trade Council in 1995 and continues to be a member of this organization as well. To us, she is a treasure.

In addition, Teena is a remarkable business person who has received vast recognition for her many accomplishments. She received the "Small Business Advocate of the Year" in 1991 and the "Small Business Persons of the Year" Award in 2001 for Maui County from the Small Business Administration (SBA); the 2000 "Entrepreneurs of the Year" award from the Maui Chamber of Commerce and Island Business Magazine; "Farm Family of the Year" 2004 from the Maui County Farm Bureau; "Most Outstanding Farm Family" 2004 from the Hawaii State Farm Bureau; "Small Business Champion of the Year" 2005 from NFIB Hawaii; "Outstanding Community Service & Achievement Award" April, 2005 from the Maui Agricultural Foundation; and Ho'okela Award for "E-Commerce Retailer of the Year" 2006 from the Retail Merchants of Hawaii.

Her many accomplishments, thoughtful service, and awards demonstrate her strategic planning and leadership abilities. What she has done for her business, the agriculture industry, education, government and the community at large, she can do for the University of Hawaii. They would be lucky to have her.

Therefore, given a UH Board of Regent's role of strategic planning, policy making, fiduciary oversight, serving as an ambassador, protecting the system from undue influence, setting an example, considering community interests, acting as a unit and evaluation of the Chief Executive and Board, I can wholeheartedly recommend the confirmation of Teena Rasmussen for this position. She would be a tremendous asset to the board.

CHAIR: Norman Sakamoto

I support the nomination of Teena Rasmussen to the Board of Regents of the University of Hawai'i.

I have known Ms. Rasmussen for over 25 years. One of my first encounters with her was when she was an outstanding student in one of my business classes. Her involvement over the years in the business, civic, and educational community on Maui has been exemplary. She was deeply involved in the accreditation process at King Kekaulike High School, she is a past president of the Maui Chamber of Commerce, she presently serves on the Agribusiness Development Corporation for the state, and has served on too many not-for-profit boards of directors to name. All these experiences and many more make her an ideal choice for a seat on the Board of Regents of the University of Hawai'i.

I have known Teena since she moved to Maui in 1977. I am also in an agriculture business in Kula. I am co-owner of the Kula Botanical Garden, Inc. Teena is a hard working, honest, and involved person. As her resume shows, she has been an active participant in many Professional and Service Groups since she moved here and established a very successful business. In particular I have work with Teena on the Maui Youth and Family Services fund raising event which she has been a part of for several years. She organized volunteers and donors and personnel to help make the event a huge success. I have served on the MYFS Board for over 12 years and I am thrilled to have encouraged Teena to come onto the Board. Her contacts in the community, her knowledge of business and finances, and her untiring dedication to what ever task she accepts make her a valuable member to any group. Senate Education Committee, Norman Sakamoto, Chair

Aloha, Chair Sakamoto and Committee Members:

My name is BETTE TATUM and I am pleased to submit testimony in STRONG SUPPORT of the confirmation of TEENA RASMUSSEN to serve on the University of Hawaii Board of Regents.

As the longtime (now retired) state director of the National Federation of Independent Business (NFIB), I was privileged to work closely with Teena on many projects over the past twenty years or so, including the Governor's Small Business Advisory Council, the U.S. Small Business Administration (SBA) Regional Advisory Board, and the NFIB Hawaii Guardian Advisory Council. I could always count on Teena. When asked by NFIB to deliver testimony in person to the U.S. Congress, she stepped right up. She also testified in person before the U.S. House Agriculture Committee and the House Small Business Subcommittee.

Her outstanding qualities and record contributed to her receiving many well-deserved awards, including being named the NFIB Hawaii "Small Business Champion of the Year" in 2005, SBA's 1991 "Small Business Advocate of the Year" for Maui County, and SBA's 2001 "Small Business Persons of the Year," along with her husband Craig.

I feel close to Teena personally, too, and over the years have watched her and her husband rear two fine young daughters--both now successful adults. Teena's volunteer service in education on Maui through the years is admirable and exemplary.

Teena is one of the most dedicated, loyal, bright, competent young women I have ever known, both business-wise and personally--and her integrity is above reproach. Teena is a joy to work with. She has a calm, common sense, well-thought-out approach to solving problems. She gives 100 percent to everything she tackles and will, without a doubt, be a positive asset to the University of Hawaii Board of Regents.

Please vote in favor of Teena's confirmation.

Aloha and mahalo to you all!

Aloha e Mr. Chairman and members of the Education Committee:

I have known Teena Rasmussen for 10 years. She is a successful business owner, former president of the Maui Chamber of Commerce, dedicated volunteer for numerous not for profit organizations and a leader in our community.

For five years we worked together on a major fundraiser for Maui Youth and Family Services. Teena's involvement grew each year until she was chair of the event for the last three years. This event raises in excess of \$60,000 annually to assist youth with substance use disorder. Without Teena's involvement this project would not be the success it is.

I believe she not only possesses the ideal qualifications to serve as a regent, but she will bring an understanding of the neighbor islands which will enhance the regents' membership substantially.

I hope you will endorse her for membership on the board of regents. Mahalo nui loa.

The Honorable Norman Sakamoto, Chair, and members of the committee:

Thank you for the opportunity to support the confirmation of Teena Marie Rasmussen to the University of Hawaii Board of Regents.

I have known Mrs. Rasmussen for over 30 years, having met her shortly after her move to Maui. Throughout the years I have associated with her in community activities and worked with her on various boards and commissions. Teena's ability to articulate the needs and concerns of the organizations and agencies both public and private which benefited from her participation, became evident throughout her service to the community.

As a successful member of the farming and agricultural community as well as business community, Teena will offer a unique perspective to the Board of Regents as they guide and develop career and technical education paths of the university in the years to come. Her service as a spokesperson for, and participant in, the agricultural as well as small business advisory boards and commissions have given her valuable experience and insights which she can use in her service to the university board.

I believe that Teena Rasmussen will be an excellent addition to the University Of Hawaii Board Of Regents.

Thank you for this opportunity to submit my testimony.

This letter is in SUPPORT of the confirmation of Teena Rasmussen for a seat on the UH Board of Regents.

I have known Teena for approximately 30 years and have had numerous opportunities to work with her directly. Teena has an outstanding desire to help our community and she has the education and background to accomplish this well.

Teena has been a longtime member of the Maui Chamber of Commerce and has had the opportunity to be its chairperson and representative. She has been a vocal advocate for small business and the Maui and State Farmers Organizations. She has been on advisory boards at the State, County and Community levels.

Teena's greatest attribute, however, is her effervescent personality and ability to get people to work toward common goals.

This state can most certainly use a person of superior intelligence and common sense to help guide its educational future and Teena is such a person.

I wholeheartedly recommend Teena for this position.

Senate Education Committee

Chairman Norman Sakamoto and Members of the Education Committee:

This letter is in SUPPORT of the confirmation of Teena Rasmussen for a seat on the University of Hawaii Board of Regents.

I have known Teena now for approximately eight years and I am very privileged to have worked with her on a number of tourism promotion projects for the Hawaii Visitors & Convention Bureau (HVCB) while I was a Senior Account Executive at McNeil Wilson Communications. In my role, I was in charge of executing "Experience Aloha Hawaii on Tour" for HVCB which included the promotion of Hawaii as a destination at major consumer shows at high-traffic malls and regional travel shows. Teena participated in three of our target market events as a "Hawaii expert" flower grower, lei maker and resident promoter of the islands. Her expertise and competence in her line of work enabled HVCB to take an aspect of the islands through culture (lei making and its story of tradition), industry (flower growing business in the islands), and being a true "Ambassador of Aloha" (personal spirit) to promote Hawaii, our heritage and culture to potential travelers. Her warm Aloha spirit, enthusiasm with all whom she encountered, the sharing of her family's craft, and her local sense of place really touched the hearts of many who attended these very special HVCB events. She truly cared about educating potential travelers – beyond treating Hawaii as a great place to travel – as a cultural destination through her craft and it amazed me that Teena's sharing of a simple story, a beautiful Hawaiian-grown flower, and her gracious spirit would connect her with many who attended our events. I am sure she helped our team of Hawaii participants positively influence those who have never been to the islands to one day visit or for those who were already familiar to someday return once again.

Going beyond Teena's very impressive background and knowledge of "what makes Hawaii work" through her experience in business, industry, and government service, she is one who fully envelops herself into whatever task she is committed while exhibiting a strong sense of doing what's right, the first time around – what's pono when it comes to family, business and the community. It's with this value that I know that she will do a great job to guide the University of Hawaii, its administrators, educators, staff members and most importantly students as part of this very important board so that the University can continue to grow and prosper in the best interest of our local community and be further established as a world class institution of higher education.

I fully support Teena's confirmation and know that she will do a great job serving on the University of Hawaii Board of Regents. I am so proud of her accomplishments and I am honored to know her as a fellow colleague and a personal friend.

Chairman Norman Sakamoto and Members of the Senate Education Committee thank you for this opportunity to testify in support of the confirmation of Mrs. Teena Rasmussen for a seat on the University of Hawaii Board of Regents.

I have known Mrs. Rasmussen for over 25 years and during that time have found her to be an outstanding member of our community. She has excelled in business, dedicated herself to community service by giving of her time to numerous government and nonprofit organizations and has received a number of awards for her outstanding service to our community. I believe she is well qualified to serve as a Regent of the University of Hawaii.

I personally have served 11 years in the State of House of Representative and worked for a number of years for the University of Hawaii. These experiences have made me well aware of how important it is to have people of the highest quality serve as Regents to our University. The University of Hawaii is a major player in Hawaii's economy, the development of the people of Hawaii and the preservation of those things we treasure the most. It is only with the appointment of outstanding persons within our community to serve on the University of Hawaii Board of Regents that we can assure the University's continued importance to all the people of Hawaii. I believe that Mrs. Teena Rasmussen is such an outstanding person and well deserves everyone's support in being confirmed as a University of Hawaii Board of Regent.

I am writing in **strong support** of Ms. Teena M. Rasmussen's consideration and confirmation to the Board of Regents of the University of Hawaii.

I have known Teena for the past 6 years since she was appointed to the board of the Agribusiness Development Corporation (ADC). As executive director of the ADC, I have worked very closely with her during the past several years, especially after she was elected chairperson of the board.

I find Teena to have the intellectual capacity to absorb new information quickly and the ability to sort out the important elements of a complex situation. She participates with ease on the discussion of many different subject matters. She is very approachable and fair. She is diplomatic and yet not afraid to make her opinion known. She is always willing to hear the other side of the story and to compromise in order to reach a win-win agreement with others. Teena gets along well with her fellow board members and is well liked by staff.

Besides running her business, she has also donated her time very generously to various non-profit organizations and government agencies. I believe she is just the right kind of person to be on the Board of Regents. Thank you for your consideration.

Dear Senator Sakamoto and Members of the Committee,

I am pleased and honored to write to you to convey my support for Harvey Tajiri for confirmation to the University of Hawaii Board of Regents. Harvey is a very energetic and successful leader, and brings a significant record of achievement and accomplishment over the past 30 years to Hawaii County and State of Hawaii. He has successfully worked in business, government and has had a passion for developing and supporting higher education in the State of Hawaii. I have known Harvey for over 30 years that he has worked in business, County Government and as a State Legislator. Consequently, my comments are based on my life long experiences with him. His actions, values, straight talk, and philosophical outlook have always been predicated on being visionary and moving Hawaii forward. And, likewise, his interest and commitment to education K-12, Rainbow and Vulcan Athletics and the University System as an economic driver and contributor to the State's economy, has been genuine and noteworthy.

As a community leader, he has gained the confidence of the community by initiating and developing community organizations like Hui Ka 'ui, a non-profit community group that supports University initiatives in the arts, theater, fall orientation and athletics. Through his leadership and encouragement he has actively worked to welcome and support new students as well as faculty to the University. He has forged new ways of working to bring the University and Community together and people value his pragmatics and effectiveness as a leader. His paradigm for developing a town gown relationship between the University and Community is a model that could conceivably be applied throughout the University System. He is a leader with a depth and breadth of experience in business, education and community building to be a thoughtful contributor to the Board of Regents.

While serving on the Hawaii County Council Harvey engaged planning concepts in downtown Hilo that helped to stimulate small business. These basic planning concepts are operational today and continue to contribute to downtown economic success. These planning principles were insightful and proved to be historically prudent. This is indicator of an attuned leader. I believe that Harvey's acumen will be a major contributor to enrich our University System. Also, he is versed in exploring new paradigms notably public private partnerships that potentially could bring investment to the University System.

Clearly, Harvey has an action-oriented style with a demonstrated breadth of experience and accomplishment. Thus, I am pleased and honored to support his confirmation as a University Regent.

Sincerely,

Gerald De Mello, Director University Relations, UH Hilo

Dear Senator Sakamoto:

As individuals interested in the future of the University, we ask for your consideration of Mr. Harvey Tajiri in approving his candidacy for Regent of the University of Hawaii

Mr. Tajiri has had a life long dedication to serving his community. He was born and raised in Hilo and received his degree in education from the University of Hawaii. His experience as a businessman and a former legislator has prepared him and makes him an ideal candidate for the position of Regent. Throughout most of his career and as a legislator he has had a deep interest in the University system.

In 2005, Harvey and other interested individuals formed Hui Ka'ua in Hilo, a non-profit organization committed to initiating community involvement in the long-range strategic planning of UHH, including facilities and program development and financial and manpower support for various university programs and initiatives. Hui Ka'ua was able to raised over \$25,000.00 from the community at it's first fund raiser that will be used for University programs.

The organization has about 60 members at the present time and has sponsored "Meet the Faculty" functions, participated in graduation ceremonies and assisted in classroom improvements at UHH. More programs are planned for the future.

We believe Mr. Tajiri is highly qualified to serve and will be a valuable member as a Regent of the University of Hawaii.

Re: Nomination of Harvey S. Tajiri as a Regent of the University of Hawaii Board
of Regents

Dear Senator Nakamoto:

I am writing as an individual to support the nomination of Harvey S. Tajiri for a Regent position on the University of Hawaii Board of Regents.

I have known and admired former State Representative Tajiri for several years. He is active and dedicated community leader, having volunteered for many charitable and educational organizations over the years. He also has a strong professional background in business, which will be an asset to the Board of Regents.

On the Big Island, Harvey is well known for his dedication and commitment to the University of Hawaii (alumni) and to the University of Hawaii at Hilo as a member of the Hilo community. In 2005, Harvey and other UHH supporters formed Hui Ka Ua, a nonprofit organization committed to lending support and input to UHH. With 100+ members, Hui Ka Ua has been contributing manpower, funds and ideas to help make UHH a better place for higher education on the Big Island.

I can't think of an individual who would be more qualified and dedicated to representing our area on the UH Board of Regents. I urge the Senate's confirmation of his nomination. Please feel free to contact me if you have any questions. Thank you for your support.

His experience as a businessman and a former legislator has prepared him and makes him an ideal candidate for the position of Regent. Throughout most of his career and as a legislator he has had a keen interest in the University system.

In 2005, Harvey and other interested individuals formed Hui Ka Ua in Hilo, a non-profit organization committed to initiating community involvement in the long-range strategic planning of UHH, including facilities and program development and financial and manpower support for various university programs and initiatives.

The organization has about 100 members at the present time and has sponsored "Meet the Faculty" functions, participated in graduation ceremonies and assisted in classroom improvements at UHH.

I believe Mr. Tajiri is highly qualified to serve and will be a valuable member as a Regent of the University of Hawaii.

Your consideration of Mr. Tajiri's candidacy is appreciated.

Sincerely,
